## HEADLINES

of the  
**WEEK**  
As Compiled by the  
Grosse Pointe News

Thursday, September 15

**PRESIDENT JOHNSON** won his biggest legislative victory of the year with final congressional approval of a 35-cent increase in the federal minimum wage. Both Michigan Senators, Philip A. Hart, Democrat, and Robert P. Griffin, Republican, voted for the measure.

This bill will raise the minimum hourly wage from \$1.25 to \$1.40 on February 1 and to \$1.60 a year later. It also extends coverage to an additional 8.1 million workers. The bill, approved by the House, September 7, by a 249-89 vote was organized labor's main triumph of the 89th Congress.

**CLIMBING TO A RECORD** altitude Wednesday, the Gemini astronauts flipped open a hatch to take pictures and span gradually with their Agena companion vehicle at the end of a taut, 100-foot, Dacron line.

Gordon spent two hours and eight minutes with his hatch open, taking ultra violet pictures of the stars and panoramic views of the earth. They rotated with the Agena at about one revolution every nine minutes and for the first time created a trace of artificial gravity in their otherwise weightless cabin.

**THE UNITED AUTO WORKERS'** goal for 1967 negotiations on the new three-year contracts with the auto companies, is money.

However, union officials from General Motors plants, attending three days of conferences this week, also had a long series of other demands. Probably included in this demand package are: an end to compulsory overtime, restrictions on outside contracting, abolition of merit raises, joint union-management safety committees and longer rest breaks for production workers. Two pet goals of UAW President Walter P. Reuther have been set for two months; they are: annual salary raises for all Canadians, and raises to bring Canadian rates up to U.S. standards. (The difference in Canadian and American rates averages 41 cents.)

**U. S. OFFICIALS** disclosed Thursday that American troops in Vietnam now number 308,000 and are increasing as rapidly as they can be accommodated.

No limit has been set on the size of the buildup. The timing of the buildup will be determined by Gen. William C. Westmoreland, U. S. commander in Vietnam.

Reports that the administration plans to double the number of troops in Vietnam to perform political and police functions was denied.

**BRINGING BACK** a batch of space records Thursday, the Gemini astronauts, Charles Conrad and Richard F. Gordon ended their three day flight with an automated landing that was said to be the best ever accomplished. They had completed 44 orbits in 71 hours and 17 minutes.

Saturday, September 17

**ALTHOUGH 55 MILITARY** men had entered the race for the Vietnamese Assembly, final returns show that only 20 military men were elected, in an assembly of 117. Of the 20 elected only a part of them were reliable supporters of the military regime. It was believed that the military government of Premier Nguyen Cao Ky would try to pack the house on its own behalf but this did not occur.

**THE HOUSE APPROPRIATIONS** Committee voted to spend \$3.1 billion more to keep the 18-year-old foreign aid program going for another 12 months.

A \$295 million slice was cut from President Johnson's original request and further attempts to reduce it appear unlikely when the bill reaches the House floor.

## An Unusually Busy Friday On-The-Hill

Photo by Eddie McGrath, Jr.

Would you believe it really was? Traffic was all snarled up on Kercheval and merchants were terribly unhappy about all the business that was being lost because very few shoppers could park while this big area was receiving a new coating of blacktop. The paving job took all day. For details and reactions, read it all in the story below.

## Memorial's Dinner Set For Sept. 29

Advisory Group Asked To Meet With Board Of Directors And Program Committee

A representative group of Grosse Pointe couples numbering nearly 100 have been asked to serve as an advisory group to the Grosse Pointe War Memorial's board of directors and program committee.

They have been asked to join the board of directors, committee chairmen and patrons, including all contributors to the Center, at the Annual Dinner Thursday evening, September 29, at 7:30. All patrons are reminded that reservations for this dinner at a token \$2.50 per person must be in by Tuesday morning September 27.

Dinner guests will be entertained by members of the Grosse Pointe Theater in the Grand Suite "When Shakespeare's Ladies Meet".

To obviate a lengthy business meeting, reports will be printed and distributed. President Mark Stevens will give a brief message, finances will be capsuled and the Center's program accomplishments and goals summarized.

Six new directors will be elected and installed.

## POLICE RECORD THEFT

Salvatore Serra of 21183 Country Club, Harper Woods, informed Woods police that while his car was parked in the Woods Theater lot, someone entered the vehicle and removed the tachometer. He did not give the value of his loss.

## Policeman Suffers Serious Leg Injury in LS Accident

A Farms police officer who sought to aid a motorist whose car was disabled on Lake Shore road early Friday morning, September 16, suffered a serious leg injury when another motorist crashed into a scout car and pinned the policeman between the bumpers.

Taken to Bon Secours Hospital with a crushed thigh bone above the knee and a broken left ankle, was Patrolman John Kraiza. Doctors spent several hours operating on the leg before putting it in a cast. Kraiza will be unable to work for at least five or six months, it was said.

Also injured was Kraiza's partner, Patrolman Robert Conn, who was sitting in the scout car when the third car smashed into it, and John R.

## Public Parking Project Produces Potent Protest; Blacktop Bright for Some

Paving Of On-The-Hill Area On Friday Damned By Many Merchants; Telephone Business Increases And Bank Enjoys Boom

In case you didn't know it, you could have parked anywhere on or near the On the Hill shopping area Friday, September 16, without getting a ticket. Except on a fire route.

Or, except in the shops that runs between the alley and the Radnor Park subdivision. A pretty young operator working at a beauty salon tried that after driving through the area three times looking for parking because she knew customers were waiting. Just before closing time she got a ticket.

Friday was a beautiful day with a clear sky and a hot sun that was ideal for setting the 12-hour asphalt paving job that was performed on the only public parking lot in the area, which includes metered parking for 213 cars.

"We had to do it on Friday," said Farms Public Service Director John Defoe, "in order to keep the paving equipment moving from area to area on schedule." Lewiston, Mapleton and Muir roads were also paved by the Ajax Asphalt Paving Co.

"In 1956, the last time the lot was paved, it was so hot that it split the work into two sections because we were working longer than one day. Bumper rails and retaining walls, as well as meters, had to be installed.

"Good for 10 Years  
"We won't be doing this again for 10 years—maybe longer."

Director Defoe explained that a parking lot must be allowed to set for longer than a road, because there is continual turning on a lot; driving done on a road is relatively straight, actually helps set the asphalt. "Power steering is really rough on soft asphalt; sharp turning cuts it up worse than anything else."

Defoe added that not only would the Farms inspector and the crew of the paving company have to receive overtime wages if paving were scheduled outside of regular working hours, but the factory that prepares and trucks in the hot asphalt would have to be kept open.

Foreman of the Ajax crew, Chuck Berckly, said that the method of working the streets in order was the system they used wherever they worked.

He said he could never remember working on Sunday, even for double wages, and explained the difficulty of laying asphalt at night, "except with special auxiliary lighting."

**Stores Take Beating**  
Worst hit by the loss of customer parking on "market day" was probably Wrigley's Supermarket On the Hill. Although Manager Fran Franzen was reported to have given estimates of over 50 percent loss to other merchants in the area, and although it was verified that Krogers in The Village did a business on Friday that Manager George Saxon described as "Fantastic!" Franzen would not mention any figures to the News.

## Janitor Trapped On School Roof

Just like in the old Christmas song, "Up on the roof, click, click, click," Michael Oswald, night janitor of Maire School, also heard a "click, click, click" and found himself up on the rooftop.

On Wednesday, September 14, Oswald was checking from his rooftop vantage point, on noises he had heard on the grounds, when the door blew closed and he was unable to unlock it from the outside.

Fortunately, an unidentified neighbor was walking his dog, and seeing Oswald's predicament, called the police. Cpl. George Brackus and Patrolman Edmund Benhuys promptly came to the rescue. Oswald tossed them his keys. Oswald admitted an embarrassed janitor.

## Peat Moss Gets Blamed For Tremors

Unstable Sub-Base Under Half Of Charlevoix Determined Cause Of Damaging Vibrations

Residents residing in Charlevoix avenue, between Moran and Kenwood court, have found out what is causing the tremors that shake their homes as buses, and other heavy vehicles travel the avenue.

After the report was made to the Farms council on Monday, September 19, Mayor William Butler appointed a committee of four to negotiate with the Lake Shore Coach Lines, to discuss, if possible, the rerouting of the buses, or find some other solution to the problem.

The report revealed that the vibration or "pounding" on Charlevoix, between Moran and Kenwood court, is caused by an unstable subbase, which follows the line of the old Black Marsh Drain, recalled by those who have lived in the Pointe for many years.

The report, addressed to City Manager, Andrew Bremer, Jr., disclosed that the Michigan Drilling company was hired to core the pavement on Charlevoix, between Moran and Kenwood. The findings indicated that there is a layer of peat moss under the north half of Charlevoix, and an area of loose fill material with a void under the pavement at one section.

**Would Remove Half**  
To properly repair this pavement, the consultant engineers stated, it is recommended that the north half of the pavement be removed, together with the underlying peat and loose sand. The sub-base should then be brought back to grade, using sand fill compacted to 95 percent of maximum density at optimum moisture content.

The loose sand removed from one of the areas bored, may be used for part of the necessary fill concrete, after which a 10-inch concrete pavement, topped with two-inch asphalt should be

## Four Communities Invited to Join Refuse Authority

Woods, Shores, Harper Woods, And Mt. Clemens Being Given Opportunity To Become Full Equal Partners In Organization

The Grosse Pointe-Clinton Refuse Disposal Authority extended an invitation to three Wayne County cities and one from Macomb County, to join the organization and become full members with equal rights.

At a meeting held at Huck, Jefferson and Nine Mile road, St. Clair Shores, members and prospective members were informed by Ledyard Mitchell, former Farms councilman, presently chairman of the Authority, that negotiations had been underway with a firm to build and operate an incinerator on the Hartman Property, in Clinton Township. At the contract stage, the firm underwent financial difficulties and withdrew from the negotiations.

Faced with this setback, Mitchell said, the Authority came to two conclusions: 1. A full fledged engineering feasibility study was required to make sure price objectives were realistic; and 2. Find private contractors with adequate capital, well established, and accustomed to dealing with governmental units.

**Florida Firm Engaged**  
With this in mind, he said, Glace Engineering of Florida, a reputable firm with a successful incinerator design background, was engaged to prepare a study of an incinerator adequate for the needs of the Authority, and primarily to establish tonnage cost guide lines.

While the study was in progress, negotiations were entered with the General Waterworks Corporation of Philadelphia, a firm that filled the Authority's financial stability and integrity requirements, Mitchell said.

General Waterworks offered to build a \$1,550,000, 600-ton incinerator, for a fixed price disposal of solid wastes. The price schedule will be on a downward scale, not only as the tonnage increases, but also as tonnage from outside contractors utilize open capacity.

The incinerator firm's escalation shows that the Authority can start at a minimum of 255 tons a day at \$5.25 a ton, with a potential of \$3.75 a ton at 600 tons a day.

**Contract Recommended**  
Mitchell told the officials present that the Authority members recommend the creation of a contract with General Waterworks, for a price that at first would be \$5.25 a ton, only five percent higher than on the previous price agreed as satisfactory because:

1. It is a guaranteed price; 2. It is with a large, reputable company who can afford only to make a success; and 3. The costs are lower than surrounding when measured against the Authority's base line.

Mitchell pointed out the brighter side of the 600-ton incinerator, such as the sale of additional tonnage, or refuse disposal contractors, or other communities, by Waterworks, resulting in higher volume and therefore lower costs to the Authority members.

Also, he said, under certain (Continued on Page 3)

## Owner-Dog Training Class Starting on September 27

Many well behaved canine citizens are the product of the Owner-Dog Training Classes in the old gym at the Grosse Pointe High School. Fall classes offered by the Department of Community Services of the Grosse Pointe Public School System, will begin on Tuesday, September 27, at 7:30 p. m.

People who wish to enter the course are asked to report to the first meeting of the class without their dogs. There will be a brief explanation of the work, a demonstration by former students, and then enrollment by those who are seriously interested and who have made advance request for enrollment at the office of the Department of Community Services.

Instruction is provided by the Southern Michigan Obedience Training Club, a club whose members serve in the capacity of instructors without pay.

Head instructor will be Raymond Gielegem. Mr. Gielegem will be assisted by Charles Meyers, Charles Murphy, Jack Duncan, Henry Holland, Nelson Holland, Miss Ann Holcomb, and Mrs. John M. Grubbs representing S.M.O.T.C. During the course of instruction, students will learn how to teach their dogs to walk quietly beside them in the "heel" position under any circumstances, to stay in one place on command, and to come when called. These exercises are based upon recommended procedures of the American Kennel Club. Registration may be made (Continued on Page 2)

## Brave Quartet Not Afraid to Be Involved

Rush to Aid of Screaming Woman Pistol-Whipped by Bandits in Her Home

Woods police captured three burglars who terrorized and robbed a Harper Woods woman in her home, and released the trio to Harper Woods authorities for further investigation and prosecution. Participating in the chase and search, besides Woods and Harper Woods officers, were policemen from the Farms and Detroit.

The heroes of the incident were four civilians, who received the unstinted praise of the police officers who took part in the capture of the three burglars. The four braved a hail of bullets fired at almost point-blank range in a 110-mile hour chase through residential streets in an effort to apprehend the culprits.

Hailed, because they were not afraid to "be involved" and because of their bravery, were John Brum, 21115 Moross, Detroit; S. A. Pugliese of 21110 Michael, St. Clair Shores; Sam Palmer of 8665 Marion, Detroit; and Angelo Giampetroni of 20292 Van Antwerp, at whose home the other three and their wives were having dinner.

**Hear Woman Scream**  
As they arose from the table, they heard a woman scream in the house next door, the home of Abraham and Carol Andary. The four men ran toward the sound, and as they approached, they heard Mrs. Andary scream.

Lights in the Andary house went out, and the four men went to the door, where Giampetroni saw a masked man run up the basement steps. Giampetroni shouted a warning to the others.

Bruca came face to face with two of the bandits at the front door, where the thugs forced their way out and ran across the lawn. One of the bandits, armed with a .45 caliber automatic pistol, turned and fired three shots at Bruca, all of which missed. The wives ran back to the Giampetroni house and called police.

The thugs jumped into their car and sped away. Giampetroni (Continued on Page 4)

## Off-Duty Officer Tickets Motorist

Farms Patrolman James Morgan, off-duty and on his way home on Sunday, September 18, arrested a motorist who was driving in a "wild" manner while traveling east on Lake Shore road.

Morgan said that he was on his way home at about 12:20 a. m., when he observed a car swerving from lane to lane on Lake Shore, between Fisher and Newberry, and saw a hanging half way out of the window, and reaching out and opening the door on the driver's side of the first auto. Both cars were traveling approximately 40 miles an hour, the officer said.

When the driver of the first vehicle passed Newberry, Morgan said, he (the driver) stepped up his speed. Morgan, who was in his private car, gave chase and said he paced the motorist at 90 miles an hour. Lake Shore is a 35-mile zone.

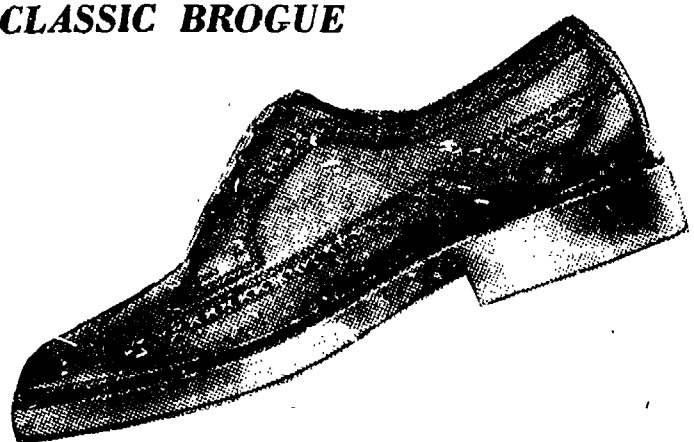

Morgan said he stopped the driver, Frank T. Mears, 22, of 343 Highland, Wyandotte, at Lake Shore and Moross, and after identifying himself as an officer, asked Mears for his operator's license, which the man could not produce at the moment.

The policeman ordered Mears to follow him to the station, which Mears did. Morgan said that Mears was cooperative at all times.

At the station, Mears confessed that he was traveling between 80 and 85 miles an hour, "according to my speedometer," and stated that he had no excuse for doing so.

Mears was given a violation ticket for reckless driving and released after posting bond of \$25, pending a court date.

Public Parking Project Produces Potent Protest

(Continued from Page 1)

"It will all come back, although Friday as well as Saturday after the fifteenth of the month, when pay checks are issued, are big days for those of us in the retail business, it can't be denied," said Franzen.

"Did we ever lose business? Yes ma'am, we did," said Mrs. Mary Ward of the Top o' the Hill, 104 Kercheval avenue.

"We're absolutely disgusted!" and "It ruined our business!" were the opinions of Ed Picard and Shep Norton, of Picard-Norton, 92 Kercheval.

"It was very ill-timed," said Barton Trail of the Apothecary Shop at 121 Kercheval.

"Monday was the second choice as a slow day. 'Why couldn't the lot have been done first at the beginning of the week and then the rest of the streets?'"

"Business was slower than usual," admitted Judy Cudia of the Marilyn shop at 75 Kercheval.

"Cut my business in half," stated Mrs. Virginia Williams, owner of the shop at 75 Kercheval.

"W. O. Best of Paskel, Florists, at 73 Kercheval could not give any figure but said Friday is the busiest day for them."

"Some people who were desperate to get to the shops left their cars at the station for a few gallons of gas and were gone for an hour."

"I had to start charging them for parking." Most vocal of all was Cliff Ashton, owner of the Punch and Judy Toyland, 97 Kercheval.

"I got wind of it on Thursday when the man who was putting up the no parking signs for the next day came in to buy a marker."

tried to get somebody to do something about it then.

"Friday is not only our biggest day here, but this Friday came after most people had gotten paid. I've been in business here for 17 years, and I think we should be informed when something like this is to be done to our property."

"I estimate I lost a third of my business for the day, but it's hard to say; no one really knows."

Also a Bright Side On the brighter side, stores and businesses without much "drop-in" traffic, like the many real estate offices, the interior decorations, attorneys, the architect, even the Sign of the Mermaid, 75 Kercheval, where according to Tony Morse, Friday business is always slow, as it was also reported at the Clyde E. Hornung shoe store, 114 Kercheval, once the owners and employees found parking places, their problems were over.

The "free" parking area that runs behind Muir road properties for half a block and doesn't ordinarily get enough use to require repaving at this time was jammed. Those who arrived early and had "good" parking places hesitated to move at lunch time and preferred making do with what could be bought at the nearby markets.

Others solved their parking problems by having their cars washed at one of the two nearby stations. An employee of the Sunoco station at 66 Kercheval said they were swamped with requests for washes.

Most doctor's and hairdresser's appointments were kept late. One salon customer took a couple of trips around the block, then drove back home to pick up her maid to drive her back and then take the car home.

Phone Business Heavy Some businesses reported increases in telephone orders, such as Hamlin's Market at 89 Kercheval, according to Lee McMonigle. Sam Sheridan, owner of the book shop at 81 Kercheval said his telephone orders increased that day.

"We have the agency for the Convent uniforms, said Fay Lonesk, of Young Clothes, 110 Kercheval. "We've been swamped, and Friday was no exception."

Dick Sterr of the Carl Sterr shop at 80 Kercheval said the day was a good one—except for an employee who had to run out and put nickels in the meters 16 times."

Boom at Bank But the business that did best of all on Friday was the branch of the National Bank of Detroit at 90 Kercheval. "We certainly heard a lot of complaints," said Manager Roy J. Anderson, but he had a record number of customers—940."

Business was as usual Saturday at the "38 Doors," except the parking lot looked beautiful, driving on it was like velvet, and the Farms biggest shopping area is home free for at least 10 years.

FORESIGHT Folks are already looking up places they can't afford to spend next summer's vacation.

Gets Blame For Tremors

(Continued from Page 1) laid to match the existing pavement.

If this is done, it was stated, then it should be carefully noted if the north half of Charlevoix's soft spots and peat extends into

the south half. If it does, then the same procedure must be followed as in the north half, the engineers said.

Based on removing about 150 lineal feet of the north half of the pavement, it was estimated that the project will cost \$4,200, for this half alone.

charge. The judge set examination for October 19, and released Jesse on \$100 bond.

According to the police, Kraiza and Conn were cruising east on Lake Shore at 2:30 a.m., when they saw a disabled car that had been pulled off the road, and standing just east of the pier park. Conn, who was driving, pulled up behind the first vehicle, and Kraiza got out to give assistance. The emergency lights of the police car were turned on and flashing, it was said.

Kraiza and Bradley were behind the scout car, looking in the trunk for tools, when Jesse started up as the light turned green at the intersection. He lost control of the vehicle, and skidded into the rear of the police car, pinning Kraiza between the bumpers, and causing Bradley to twist his left leg.

Bradley was taken to the hospital by Woods Police Sgt. Walter O'Dell and Woods Patrolman Thomas Podeszwick, and Conn was taken by Chief Roh. Kraiza was conveyed to St. John Hospital by Farms Fireman Lucien Snep.

Miss Trudy Luedtke of 157 1/2 Broadway, Mt. Clemens, a passenger sitting in Bradley's car at the time of the accident, was not injured.

Investigating officers said that Jesse's auto skidded 39.9 feet before hitting the police car and injuring the three men. The scout car was pushed forward 15 feet by the force of the impact and struck Bradley's vehicle.

At the station, Miss Luedtke and Bradley signed written statements, but Jesse refused to do so. In an oral statement, he claimed that he had started up when the light turned green at the intersection, and before he knew it "there they were and I couldn't do anything about it. I wish it were me."

Police said Jesse submitted to an alcoholic test at Bon Secours Hospital, but the results were not released.

Tempest made a phone call to his attorney, who advised him not to make any statement until he arrived.

### Identified by Four

In the meantime, a showup was held in the Woods station, and Tempest was picked out by the two girls, and two others, who said the man had approached them. One of the latter accused Tempest of molesting her last June 25.

Mast said that molestings have been on an increase in the Woods at an alarming rate, and asks the cooperation of parents in reporting such incidents.

A certain number of such cases go unreported because parents are afraid, or ashamed, for their children, or children are ashamed to tell their parents, or police. Names of persons making such reports are kept confidential.

It is only with the help of the people that the police can stamp out these crimes.

Parents should warn their children not to talk to strangers, and not to accept rides from strangers, Mast said. Suspicious acting persons should be reported to the authorities, he added.

### PARKING METERS BROKEN

City Patrolman Richard Tanski discovered on Saturday, September 10, that vandals had damaged 12 parking meters, breaking both the glass and the mechanisms. The meters are located in the City's Area 2 parking lot, north of Kercheval between Notre Dame and St. Clair. The vandals have not been apprehended.

### GAS CAP STOLEN

A gas cap was stolen from a Honda motorcycle sometime between the hours of 8 p.m. and midnight on Tuesday, July 12, when it was parked near the residence at 694 Lincoln road. The owner of the cycle, John N. Spain, 891 Washington road, reported the loss to City police.

THE VALUE OF A SPIRITUAL OUTLOOK

**"vision"**

Every day we depend on "vision" that goes beyond what our eyes see. The challenge is always to find a greater vision — a deeper spiritual perception — that will guide mankind's progress, and lift men everywhere into their heritage as children of God. **More Teachers Tell of Jobs**

Six additional members of the professional staff of The Grosse Pointe Public School System today reported on their summer activities.

For example, Miss Nancy Avery of the business education department, gained valuable experience in the business world through her association with one of Detroit's financial institutions.

Her "work station" was part of the requirement for a co-operative work study program through the University of Michigan. Of the experience she states, "I learned, first hand, exactly what the businessman expects from our high school graduates who apply for a stenographic position with a future career objective of becoming an executive secretary."

Mrs. Phyllis McMillan, early elementary teacher at Maire, used a portion of her free time to serve as a tutor. Miss Catherine Grimaldi who instructs music classes in the same building was a general playground supervisor for the recreation department in Hempstead, N.Y.

John Donoh of the business education department of Grosse Pointe High School taught on the faculty of Northern Illinois University in DeKalb, Ill. His responsibilities included a class in the organization and administration of distributive and office education programs and another in cooperative work experience programs. Both graduate courses, included some supervision of teachers.

Marshall F. Moser, assistant principal of Brownell Junior High School, served as the coordinator of the General Electric fellowship program at the University of Louisville in Kentucky. He served as liaison between the electric company and the university and was an instructor in evaluating field experiences.

"This six-week program involving 50 counselors from nine Midwestern states proved to be a most interesting and challenging educational experience. I thoroughly enjoyed this opportunity to broaden my professional background," Mr. Moser said.

Mrs. Moser, a nurse with the public schools, also worked at the University of Louisville. She served at the Student Health Center, was nurse on call for the fellowship program, and assisted with the "upward bound" program.

"Working directly with the medical director was an interesting and different experience from my present work and the association with "upward bound" youth was also very enlightening," she commented.

 and Palmeri followed in one car, and Brucia, in another. Pugliese waited at the scene to direct police.

**Tied and Bleeding**  
 When police arrived they found that the bandits had pistol whipped and robbed Mrs. Andary, leaving her tied up and bleeding on the basement floor.

During the chase, Brucia tried to force the bandits' car to the curb, but lost out when the other car turned down a side street.

Giampetroni and Palmeri sped after the burglars' car and pulled up alongside. The bandit with the gun rolled down the window, and the two pursuers fell back, just as the gunman began firing. Seven shots were fired, and all missed.

Brucia, in the meantime, caught up to his companions, and passed them. He said he must have been doing about 110 miles an hour.

Brucia pulled alongside the thugs' car and tried to cut the trio off. Suddenly two boys on motorcycles loomed ahead and the driver of the bandits' vehicle veered wildly to avoid a collision, and made a fast turn onto a side street.

Police from Harper Woods, Woods, Farms and Detroit joined the chase.

**Tosses Pistol Away**  
 At Beaconsfield and Moross, the driver of the getaway car, William Nickopoulos, alias William Nicholas, 38, of 75 East Dakota, Detroit, leaped out of the car when it jumped the curb, threw a pistol over the fence, tore off his mask and jacket and knelt on the ground. He was arrested by Woods Director of Public Safety Allen Andrews, and Woods Police Sgt. Thomas Kane, who were pursuing the getaway car. The man was released to Harper Woods police. The gun was recovered.

In the meantime, the other bandits, identified later as James Anderson, 22, of 1627 Collingwood, Detroit, named the lookout; and Lyle Griffith, Jr., 23, of Warren, Mich., identified by Brucia as the gunman who shot at him, were seen running through back yards in the area.

Woods Patrolmen Lee Cochill, Donald Schmalz and Bruce Marone continued the chase, Cochill in the scout car, Schmalz and Marone on foot.

An unknown citizen informed Marone of two heavy set men running through his back yard, and other yards in the vicinity, and pointed out the direction they had taken. The officer continued the foot chase.

In the meantime, Cochill continued to search the area in the scout car, Schmalz searched on foot. Unsuccessful in his foot search, Schmalz returned to the scout car.

**Cruise Without Lights**  
 The two officers cruised the area without lights, and while driving, saw two heavy set men crossing Whittier, at Morang, walking west. Schmalz went after them on foot, and Cochill sped ahead in the cruiser in an attempt to cut the suspects off. Cochill saw the men crossing Laing, and radioed all units of the pursuit.

Director Andrews, Sgt. Kane and two Detroit police cars arrived and spread out in the search.

In an alley paralleling Morang, and west of Duchess, Cochill saw the two men crossing the alley between Payton and Kelly, and drove to Morang and Kelly, where he saw the pair standing on the sidewalk near a gas station. Both men were dripping perspiration and breathing heavily.

Cochill jumped out of his car and drew his service revolver and placed the pair under arrest. A Detroit cruiser, with two officers, arrived to assist in taking the men into custody.

Both arrested subjects were released to Harper Woods authorities.

 Peter D. Tocco, 19, of 773 Lochmoor boulevard, complained to Woods police on Thursday, September 15, that while his car was parked in the driveway alongside his house, someone forced entry into the vehicle and stole a pair of dark trousers and a pair of shoes. The thief also took a wallet from the glove compartment. The wallet contained no money, but did have his operator's license, draft card and personal papers, he said.

**Library Offers Family Films**

The first program of the 1966-1967 Family Film Night Series will be presented Friday, October 7, at 7:30 p.m. in the Central Library meeting room. Family Film Nights are held on the first Friday night in each month, October through April. Families are urged to attend these showings as a group. Each program has been designed to include something of interest and enrichment for boys and girls as well as adults.

The program for October 7, 1966 follows: ALADDIN AND THE WONDERFUL LAMP (11 min.). This is a cartoon adaptation of the story of the slave who had to clean lamps: THE LITTLE ENGINE THAT COULD (11 min.). This delightful animated film is based on the children's classic which tells of the little engine that pulled a train-load of toys to the children on the other side of the mountain: TOM THUMB IN KING ARTHUR'S COURT (18 min.). In bright and colorful style, this animated film traces the career of the fabled little hero from his birth in the heart of a rose to the day when he is made Knight of the Round Table. Tom's adventures will amuse and entertain while teaching us valor is not a matter of size, but of spirit. THE THREE WISHES (11 min.). A peasant aids the gnomes and is rewarded with three wishes. Because of his own greed and the spitefulness of his wife, all three wishes are wasted.

Adults, and children accompanied by adults, are cordially invited. Come early for a good seat.

The new 1966-67 Audio Visual Catalog is ready, describing details of the new and expanded services available including the new 8 MM film collection for audio-visual needs.

**Teachers Find Varied Jobs During Vacation Months**

Many members of the professional staff of The Grosse Pointe Public School System were called upon to share their talents in a variety of ways during the recent summer recess from their teaching duties.

Some were called to the staffs of various colleges and universities, while others were in demand by other school systems, either as a member of the regular summer school staff or to fill faculty positions in federal-funded programs.

Still others spent the summer in positions unrelated to their school year assignments.

Larry Lindeman, Pierce Science teacher, directed a day camp for children in grades 4-6 in Kalamazoo. Thomas Teetert, physical education instructor at Poupard School, served as recreation director for the City of Grosse Pointe at the Neighborhood Club Field.

Donald Brenner of Poupard taught driver education in the TAP (Total Action Against Poverty) project in Detroit.

Miss Loretta Rash of Richard taught basic piano skills to college students at Western Michigan University in Kalamazoo. James Ham of the same building served as athletic director and coach for the Department of Parks and Recreation in Detroit. Miss Jeannine Black of Richard worked in the Development Office of the University of Miami in Florida.

Others at Richard who worked this summer were Mrs. Letrice Petrie and Miss Dorothy Kotcher. Mrs. Petrie was on the faculty of the University of Rhode Island. She was the leader of a reading workshop July 5-15 and taught methods of reading from July 17 through August 26. "The teachers I taught were experienced in fields other than reading. They were being retrained, hoping to become reading specialists," she reports.

Miss Kotcher worked in the anti-poverty program at Rose School in Detroit.

Miss Diana Southwood of Ferry School worked in the Headstart Program in Posey County, Indiana. Robert McKenna of Barnes taught at the Scripps School in Detroit. His 25 pupils in grades 2 through 8 studied Negro history and social studies in the TAP project.

William Rutledge, English teacher at Brownell Junior High School, was employed by the U.S. Treasury Department and the Bureau of Customs for the Port of Detroit. His responsibilities embraced the enforcement of customs laws, as well as the assessment and collection of duties. His observation on the experience: "There are many people who aren't honest!"

Wayne Bolden of Ferry School was a staff member at the Kamehameha Schools in Hawaii for the summer. As his assignment he worked with youngsters of Hawaiian or part-Hawaiian ancestry, teaching them communication skills and language arts.

This was Mr. Bolden's second summer in Hawaii, and he reports that his classes included some of the same children he had the year before. "It was interesting to step into another culture," he commented. "It was a very worthwhile experience for me because some of their culture rubbed off on me and some of ours rubbed off on them."

**Employee Sells Beer to Minors**

A jury of six persons, three men and three women, found George Agattas, 42, of 23354 Colonial Court, St. Clair Shores, guilty of a violation of the Michigan Liquor Law, selling alcoholic beverages to minors. The offense was alleged to have taken place last July 22.

The trial was held before Woods Municipal Judge Don J. Goodrow on Wednesday, September 14, who after the jury's guilty verdict, fined Agattas \$150 and placed him on probation to the Wayne County Probation Department for one year.

Agattas, who was represented by an attorney, is an employee of the Newcastle Party Store, 19341 Mack avenue. The owner of the store, under the law, will be cited before the Michigan Liquor Control Commission, even though he was not aware of the sale.

A car with five male minors was stopped by Harper Woods police last July 22, for illegal possession of beer, and released to Woods authorities, when the minors disclosed they purchased the beer from the party store.

The minors testified against Agattas, as did Police Lt. Roland Symons, Det. Sgt. Jack Mast and Det. Marvin Trombley.

Agattas had two persons who testified in his favor. After weighing all testimony given, the jury found Agattas guilty as charged.

Under State law, a municipal court jury panel is comprised of six persons. Eighteen persons are selected from a local voting list, with the prosecution having the right to challenge and eliminate six candidates, and the defense, six. The remaining six then sit in the jury box during the trial.

On the jury that found Agattas guilty, were Alfred J. Hough-

Mrs. Brenda Harris of Kerby School was a staff member in the Kamehameha summer extension program in Hilo, Hawaii. She taught a variety of subjects to the children in grades 4 to 7. Mrs. Harris reports that she had a most interesting summer and that she came back to Grosse Pointe with many ideas.

Mrs. Patricia Panzer of the science department of Pierce Junior High worked at the Rehabilitation Institute in Detroit on pulmonary research.

Mrs. Mary Ellen Floer of Project Head Start at the Keating School in Detroit in the areas of reading and social studies, John Rohrer, Maire principal, was supervisor of the summer reading program for the 90 children involved. It was wonderful to see the growth made by most of the participants," he said. Miss Linda Southworth of the same staff served as the head teacher in the Project Head Start at the Orchard Elementary School in Monroe, Michigan.

Mrs. Patricia J. Whelan of Mason School was employed by the Lakeview Public Schools in St. Clair Shores in a special reading program founded under Title I of the Elementary and Secondary Education Act. "Very worthwhile and informative," she termed the experience. "I gained much insight into the process of learning and the physiological aspects of growth, development, and brain patterning," she added.

Mrs. Elizabeth Griffiths taught in the nursery school program for emotionally disturbed children at Hawthorn Center in Northville, Michigan. John Wargelin of the department of Parcells Junior High School received a commission for a mosaic wall mural for the Hedfield Home in Farmington, Michigan. The five-foot high mosaic panel was installed in August and will be in place later this month.

Mrs. Ruth M. Zahn, grade 4 teacher at Trombly School, was a remedial reading instructor in the elementary reading program in Sayreville, New Jersey.

"The experience was challenging and rewarding," she said. "Remedial students need encouragement, understanding and comprehensive instruction in basic skills which are lacking. The relaxed, informal atmosphere did much to create an atmosphere for learning experiences," Mrs. Zahn remarked.

The five-foot high mosaic panel was installed in August and will be in place later this month.

Mrs. Ruth M. Zahn, grade 4 teacher at Trombly School, was a remedial reading instructor in the elementary reading program in Sayreville, New Jersey.

"The experience was challenging and rewarding," she said. "Remedial students need encouragement, understanding and comprehensive instruction in basic skills which are lacking. The relaxed, informal atmosphere did much to create an atmosphere for learning experiences," Mrs. Zahn remarked.

**THE HIDDEN WIZARDS WHO RUN DAILY CHECKS AGAINST THE IMPOSSIBLE**

Can the 'Tote' equipment make a mistake? The 'Tote's' record for accuracy in handling \$47,000,000,000 in wagers at tracks throughout the United States is 99.999%.

"Any time you have a combination of electrical, mechanical and human factors," Clark says, "there always will be a margin for error. But the 'Tote' constantly approaches perfection."

The 'Tote' was introduced to racing in the United States in 1933 and has been a vital part of the growth and progress the Sport has made in the past three decades.

On the giant 'Tote' Board in our infield, Fans can watch unfold the intriguing wagering story of each race.

The size of the Win, Place and Show pools are shown from the moment the wagering opens until the "Off Bell" when the horses leave the gate. The pool totals are flashed on a 30 second cycle. Incidentally, the machines which issue the tickets lock automatically with the "Off Bell." The Big Board also records the amount wagered on each horse.

Knowing what the 'Tote' equipment does and understanding its superlative accuracy and the protection it affords you on each wager, are extras which I think, will add to your Racing Pleasure at the Detroit Race Course.

All our efforts and facilities are keyed to make Racing fun for you. We have a magnificent new \$3,000,000 Clubhouse. It has two Dining Terraces, offering the finest in food and beverages.

We have close-in parking for 12,000 cars. There are Easy-In, Easy-Out entrances and exits on Middlebelt, Schoolcraft and Inkster Roads.

I hope you will plan to visit us soon.

**Teachers Given Chairman Posts**

By Sister Marie Jude, O.P.  
Two teachers at St. Paul School assumed chairmanship duties this fall. One of these teachers, Sister Sean Maureen, will jointly chair with Sister

Rose Laurine the art program for third and fourth grade in the Detroit Archdiocesan Teachers' association.

Sister Sean Maureen, who spends her summers at Studio Angelico at Siena Heights College, Adrian, Mich., plans to continue the program of color appreciation already established as a part of the third and fourth grade curriculum in the archdiocese. She is particularly interested in the teaching of basic principles of color—its shades and tints—as presented in coloring, painting and cut-paper projects.

On October 15, Sister Sean Maureen and Sister Rose Laurine will demonstrate color resist projects and water color painting at a workshop to be conducted at Regina High School. The workshop is one in a series planned by Sister Elizabeth Louise, S.C., the head of the art department in the archdiocese.

A second position to be assumed by a St. Paul faculty member is that of secretary of the Foreign Languages Association of Metropolitan Detroit—a position held by Sister Helen Anthony, chairman of the language department at St. Paul High School.

The first board meeting of the Foreign Languages Association will be held on Tuesday, September 20, at School Center Building in order to set up the calendar for the year. A second meeting will be held on October 13, at Marygrove College. The subject for discussion at this second meeting will be curriculum planning.

In connection with the languages department, St. Paul High School will play host to Miss Margaret Hogan from the American Educational International, the organization sponsoring the summer's study in Europe for high school students. The meeting is slated for the week of October 10 and teachers, parents, and interested students are invited to listen to Miss Hogan's explanation of the 1967 summer study program.

When asked about the value of last summer's study in France, Sister Helen Anthony said: "Though there may be many other ways of developing linguistics besides visiting the country whose language you are studying, the first hand knowledge students acquire of the social and historical significance of another people's culture as well as their ways of living and acting simply cannot be measured. Merely the fact that these students came home with a deeper appreciation of their own culture made the trip worthwhile."

**Adults Offered Course on Books**

"Books America is Reading—and Why" is another of the popular offerings of the Department of Community Services of the Grosse Pointe Public School System this fall.

Robert Orr, Director of the Public Libraries since 1949, will again review the books Americans are reading and talking about. For the busy person who cannot keep up with today's best sellers, this course offers an excellent opportunity to hear Mr. Orr's intensive review of such books as, "The Last Battle" by Cornelius Ryan, "Vietnam Witness" by Bernard B. Falls, Edwin O'Connor's "All in the Family," and Hatcher's "Papa Hemingway."

Following the review of each book, the class traditionally finds itself engaged in a lively discussion of the book and its implications to the problems of the day. The many interests of Mr. Orr's classes are well served by his selection of books that represent a cross-section of what America is reading today.

The current best seller "Flying Saucer: Serious Business" by Frank Edwards is one review you will not want to miss. Those interested in the class may register by calling the Department of Community Services at TU 5-3808 or TU 5-0271. The eight-week course is scheduled for Thursday evenings at 8 at the Central Library, beginning October 6.

A class will be scheduled for Thursday afternoons from 1 to 3 provided there is sufficient enrollment.

**Tuxis Panel Slated Sunday**

"I'm a Christian, So What?" is the theme of this Sunday's Tuxis meeting. The program will consist of a panel discussion seeking to probe deeply into what Christianity means in the world today, and what it means to teen-agers as individuals.

This will be a continuation of last week's meeting on "What is Christianity?" and "Am I a Christian?"

Panelists this Sunday will include Bill Haddad, Eileen Eckert, Steve Dykstra and Sandi Robison.

The meeting will be in Fellowship Hall at 7 o'clock. Refreshments will be served following the discussion.

**Study Abroad Open To Teens**

Applications for and information about the American Field Service and Youth for Understanding Americans Abroad programs will be available in Cleminson Hall in Grosse Pointe High School Thursday, September 29, at 3:15 o'clock. Juniors and seniors attending Grosse Pointe High School may apply for the programs.

Applications must be completed and returned by October 6. Interviews for the selection of candidates will be held the second week in October. The Americans Abroad programs give an opportunity to live and study as a member of a carefully selected family in a foreign country as a means of creating greater understanding between peoples of the world.

The applicants must be willing to accept challenges and responsibilities, for the programs are not meant to be merely a vacation or travel experience.

Students now attending Grosse Pointe High School represented the United States last summer in six different coun-

The Grosse Pointe Kiwanis Club is having its annual National Kids Day peanut sale Friday and Saturday, September 23 and 24. Members of the Kiwanis Club who are local business and professional men will be at Mack and Vernier, Mack and Moross, and other major traffic intersections from 6 p.m. to 9 p.m. both days.  
Heart operations, purchases of eye glasses, hearing aid repairs, food for needy families, shoes for bare-foot children are just a few of the many projects the Grosse Pointe Kiwanis Club has participated in the past years. This year they are hoping to surpass all previous records and help many more needy and underprivileged children.

**Drive Over Lawn Following Crash**

Two men were arrested by City police on Saturday, September 17. Joseph F. Garafola of 23154 Greencrest and Samuel M. Fodale, 23, of 20013 Chalou were booked and held on a disorderly conduct charge at Wayne County jail.  
They were released on \$110 cash bond each, pending a court hearing on September 27.  
The two men hit a car on Cadioux road, north of Jefferson and then proceeded to drive over Bon Secours Hospital lawn. They entered the hospital and created a further disturbance.  
It was at this point that Cpl. Duncan MacEachern and Patrolman Richard Tanski apprehended the men.

**Mrs. Trombley 100 Years Old**

One of Grosse Pointe's oldest and most beloved residents, Mrs. George Trombley, celebrated her 100th birthday on Monday, September 12.  
Mrs. Trombley came here as a young bride, 68 years ago. Her first home was a little shed that she and her husband built on the corner of Caroline, while completing the building of their "real home," a two-story frame cottage. There were only three other houses on the block at the time, but lots of trees and mud.  
Here in this home, Mr. and Mrs. Trombley raised their four children, Rosemarie, Clara, Loretta and Leon. Fourteen years later, they moved to her present residence at 434 Cadioux road, just next door to the original home.  
In her younger days, Mrs. Trombley's pleasure in life was helping other people. She made beautiful patchwork quilts and blankets and donated them to the poor. Her other love was gardening, and until she was 93 she was an avid gardener. Today, she is still a flower lover, and one of her most exciting birthday moments was receiving her FIRST ORCHID from Harlow Lingeman.  
It was a sad day when four years ago the old home was torn down, but dwelling on things gone by is not Mrs. Trombley's cup of tea. She looks ahead to the bright future and in her eyes that future is the new generation in the Trombley family; her grandsons, Michael, Dennis and William Baker Jr.  
Mrs. Trombley is still a member of St. Paul's Altar Society and Bon Secours Guild. She lives quietly in the same street where she lived 68 years ago and by her side are her two daughters, Rosemary and Clara, who are continuing the charitable work their mother started.

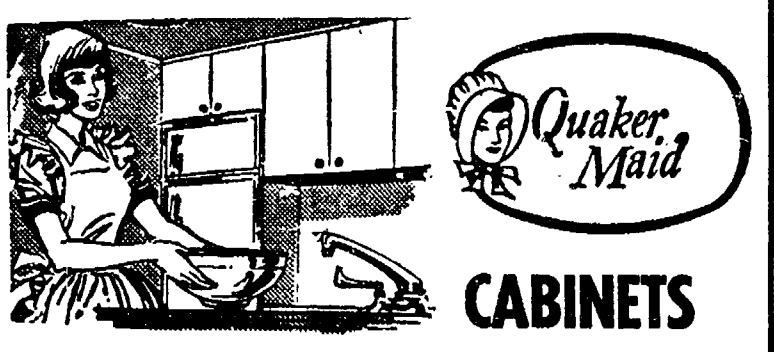

**Policeman Hurt By Rolling Car**

Parke Det. Lt. Stanley Enders, who resides at 3705 Alter road, Detroit, returned to duty on Friday, September 16, still feeling the pangs of injuries sustained when he was accidentally knocked down by a rolling car.  
The lieutenant, while visiting friends in St. Clair Shores, was standing in the driveway alongside the friends' house, when an improperly braked car, its door open, suddenly began rolling backward. The door caught Enders in the back and slammed him to the pavement. This occurred on Monday, September 12.  
The fall caused Enders' face to hit the cement. He suffered a nose fracture, face lacerations, including a cut lip, and a bruised knee. He also sustained a slight injury to his back.

Following treatment by his family doctor, the lieutenant remained home for a few days to recuperate.

**Society Donates \$3,100 to Clinic**

As a result of a recent benefit held at the estate of Mr. and Mrs. Alfred R. Glancy, Jr., in Lakeshore road, the First Society of Detroit, an organization of single young adults, contributed \$3,100 to Northeastern Wayne County Child Guidance Clinic.  
Edward D. Deeb, benefit chairman, presented a check for the amount to Mrs. Glancy, president of the Clinic, at a cocktail party held September 9, with members of the board of both organizations attending.  
Since matching state funds will double the contribution of the First Society, the clinic will receive a total of \$6,200 as a result of the efforts of Detroit's single community.

### Blue Devils Drop Opener To Ann Arbor High School

The Devils of Grosse Pointe High opened their season on a sour note last Friday night as they were overcome by Ann Arbor High School in a 26-13 rout. The loss, which took place on Ann Arbor's home field, was the second in as many years to the Devil's non-league rivals.

With the Devils electing to receive after winning the toss, the fierce first quarter fight for possession of the ball and control of the game began. The Devil offense sparkled as they ran over the Ann Arbor defense. The Devils maintained control of the ball as they blasted their way to the Ann Arbor goal line. Rick Gonzales took the ball to the 4 and halfback John Staryk took the ball in. With a successful conversion by Andy Baiser, the Devils led 7-0 at the end of the first quarter.

#### Devils Bog Down

At this point, however, the Devils ran out of steam. With a pass of 8 yards, a sweep of 15 yards, and another pass of 23 yards, the Ann Arbor eleven came to within 5 yards of scoring. A dive to the 4 and then a sweep to the right climaxed the scoring drive.

With George Miles blocking the extra point attempt, the Devils managed to hang on to a slim 7-6 lead.

Following the kickoff, drives of 12 yards by Staryk and 10 and 6 yards by Gonzales brought the Devils to the Ann Arbor 46 before being forced to kick.

After receiving the ball on their own 26, Ann Arbor pounded away at the line to no avail, but soon found yardage going to the outside. Gains of 9, 8, and 19 yards brought them to the Devil 14, at which time they opened a hole in the defensive line and dove to the Devil 1.

A dive resulting in a touch-down, which was nullified by an illegal procedure penalty, followed by a similar dive, also successful, capped the scoring drive with 2:37 left in the half. Again the Ann Arbor extra point kick was blocked, and at the end of the half they led 12-7.

#### All Ann Arbor

The third quarter was entirely Ann Arbor's as they controlled the ball for all but four short plays, during which the Devils gained less than 10 yards. The Devil's defensive squad was now faced with a passing attack as Ann Arbor ground away the yardage on short tosses. The Grosse Pointe defense struggled to keep the ball away from the end zone and were able to contain them until Ann Arbor again scored on a three yard pass with 2:52 left in the third period. With a successful conversion, Ann Arbor led 19-7 at the end of the quarter.

Throughout the fourth quarter play was evenly divided by the two teams as neither got into good scoring position until late in the game when Ann Arbor moved from their own 45 to the Grosse Pointe 25 in five plays, followed by a 28-yard touchdown pass and another extra point to make the score 26-7 with only 2:27 left in the game. In an attempt to raise the

### Warriors Defeat Laker Gridders

The powerful Warriors of St. Catherine got off to a good start Sunday as the Lakers of St. Paul entertained them at the Grosse Pointe High Field. With St. Paul scoring only one touchdown, the Warriors took over the lead within the first few moments of play and spotted the Lakers 26-0 at the half, winning their opener 33-6.

St. Paul kicked off to the Warriors and on the second play, Jim Stabile of St. Catherine ran 65 yards for a TD. The extra point attempt failed. The Lakers scored a first down on their second play with a rollout to Mark Smolinski but the unsuccessful plays that followed forced the team to punt.

With only a few minutes remaining in the first quarter, St. Catherine's Don Didlake completed a pass to Gary Rudolph who ran 33 yards into the end zone. Again the extra point was blocked by St. Paul.

As the second quarter progressed, Didlake completed another pass to Rudolph, scoring the third touchdown of the game. The extra point attempt was good, giving St. Catherine a 19-0 lead.

Corcoran, playing deep for St. Paul along with Smolinski and Hoernschmeyer, returned the ball to mid-field on the kick-off. The Lakers completed two first downs, but then St. Catherine took over.

Towards the end of the second quarter, Didlake chalked up six more points for St. Catherine, making a 58-yard run into the end zone.

The third quarter was highlighted by a 40-yard run by Rick Stevens of St. Paul. Unfortunately however, the play was nullified by a penalty of 5 yards for illegal procedure.

The Warriors again scored as Joe Dudley plunged into the end zone.

With four and one-half minutes remaining in the game, St. Paul finally scored as Mark Smolinski ran 46 yards for the TD.

### Woods Officers End Special Duty

There will be a change over in the Woods Detective Bureau on Saturday, October 1, when Det. Sgt. Jack Mast and Det. Marvin Trombley will return to the Uniform Division of the Woods Public Safety Department, under a rotation plan set by Director of Public Safety Allen Andrews.

Mast and Trombley will be replaced by Police Sgt. Thomas Kane, who will be in charge of the Bureau, and Patrolman Adrien Meerhaeghe. The latter two will assume the titles of detective sergeant and detective, respectively, as provided in the program formulated by the director.

The public safety head instituted this stint in the DB, so that the officers in the department can become familiar with all phases of police work. When Mast leaves the Bureau, he will have completed his second tour of duty as a detective. This second tour started on October 1, 1965. Martin has worked in the Bureau for only three months, gaining valuable knowledge.

### Know Your Schools

By J. Harold Husband, Acting Superintendent The Grosse Pointe Public School System

Questions covering several phases of the operation of your public schools have come to my attention during the last several days. The first has to do with our long-range building program, the second query came from a resident concerned with gaining a fuller understanding of financing the schools.

QUESTION: How long does the Board of Education expect to keep portable classrooms?

ANSWER: Portable classrooms have been leased on a temporary basis for a two-year period. Three are scheduled for installation at Maire and two will be used at Kerby to alleviate overcrowded classroom conditions. We hope that portable classrooms will be eliminated with the completion of Grosse Pointe High School North (to house grades 9-12) and the conversion of the three junior high schools to middle schools (to house grades 6-8), now scheduled for the beginning of the 1968-1969 school year.

The Board of Education and the administrative staff are currently in the process of re-studying the needs of the entire system to determine where permanent additions may be required on elementary and junior high buildings to provide standard classrooms for all pupils.

QUESTION: How much money does The Grosse Pointe Public School System receive in the form of State Aid?

ANSWER: When the budget of The Grosse Pointe Public School System was prepared during the spring and summer, it was estimated that we would receive \$147.95 in State Aid per pupil during the 1966-1967 year. Recorded below is the formula used in computing the receivable on the gross per pupil allowance:

1. Estimated Enrollment	12,000
2. Per Pupil Allowance	\$278.00
3. 12,000 x \$278.00	\$3,336,000.00
4. State Equalized Valuation 1966-67	\$310,269,242.00
5. 310,269,242.00 x 5.03 Deductible	\$1,560,654.29
6. 3,336,000.00 - 1,560,654.29 = Net Receivable	\$1,775,345.71

On this basis, State Aid would provide a net per pupil allowance as follows: \$1,775,345.71 ÷ 12,000 = \$147.95 per pupil. Since the budget was developed, the per pupil allowance has been adjusted from \$278.00 to \$280.50, which will give Grosse Pointe approximately \$30,000 more during the year.

In addition, it is anticipated that The Grosse Pointe Public School System will receive an additional \$174,737 from a combination of several items of assistance from the State of Michigan. This amount will cover a portion of such instructional programs as those in driver training, mentally handicapped, visiting teachers, speech correctivists, vocational education and library aid.

### Shores Employs New Patrolman

The Shores Public Safety Department acquired the services of a new recruit, Ronald J. Forth, 23 of 22728 Clairwood, Detroit, who began his duties on Thursday, September 15. He will be required to serve 18 months on a probationary basis before becoming a regular member of the force, Chief Thomas Cochill said. With Forth's employment, the Shores Public Safety Force now has a full complement of 21 officers, Chief Cochill said.

### What Goes On at Your Library

By Virginia Leonard

At the risk of seeming to be on a lecture circuit, I must again report the essence of a thoughtful and pertinent address given by Dr. Frank H. Parcells, president of the Grosse Pointe Board of Education, at the kick-off staff meeting of the Grosse Pointe Public Library. This breakfast get-together, held annually early in September, always heralds the serious business of fall activities, after a summer hiatus of vacations and no school. With shorter days and cooler temperatures, thoughts of education, professional dedication, and possibly some soul-searching seem to be the prime orders of business.

Dr. Parcells, psychoanalyst and speaker par excellence, announced in his first sentence that he intended to talk about psychoanalysis and education; two areas which, to him, are in close focus, although at first glance they might seem to be divergent. However, psychiatry becomes a process of education, since the very existence of a neurosis would seem to indicate lack of self-knowledge. The exploration of the unconscious becomes an exciting and fascinating adventure. As a concrete example of one phase, Dr. Parcells mentioned the usual slips of the tongue (the omnipresent "Freudian slips") which provide pathways into the mental processes, pointing out that there is a subconscious explanation back to each one, and proving eventually that mistakes do not therefore exist, but are made with unconscious deliberation.

Both psychoanalysis and education encounter enormous resistance; anyone experiencing either is altered as a result. After therapy or instruction we become different individuals. And as we change, we gather momentum, which leads to more changes; then plateau stages appear and we finally grind to a halt. People in analysis want to get over their neuroses but they don't want to change. Children in school have the same attitude. In fact, education becomes insulting to the person involved. Dr. Parcells cited three titans in the history of our civilization who have been "insulting": Copernicus, Darwin and Freud. In each case, people were jolted out of their status quo by these men.

With Freud, we were exposed to the revolutionary idea that we lead most of our lives unconsciously—and this is frightening. For the self-made man, this is also insulting. Also with Freud, we began invading the area of the mind, which had always been private domain. But Dr. Parcells reminded us that for centuries the body had been private domain also, but had eventually become public. How did this happen? With the industrial revolution, when tools took over the roles of the body. And so now we are trying to de-sanctify the human mind, but are meeting with some of the same resistance we had earlier in dealing with physical problems.

WOMEN'S PAGES

## From Another Pointe of View

By Janet Mueller

The three charming daughters of Mr. and Mrs. Charles Russell Moore, of Balfour road, active and enthusiastic participants in school activities, are winding up their diverse summer programs.

Cherie, (remember? . . . She was chosen last year's Michigan Lucia and toured the Scandinavian countries during the pre-Christmas season), was graduated from the University of Michigan, where she and her sister, Andrea, are Delta Gammars.

Cherie has returned to The Continent, to visit the countries she missed . . . and she must be delighting the Southern Europeans as she delighted those in the North, for she has accepted the invitation of a French family to be their guest for a few months while she studies at the Sorbonne.

Andrea and Julie have been doing quite a bit of traveling, too—as sailors on Lake St. Clair.

Every Saturday during the summer, the girls competed in "Lone Star" class races, and earned an admirable "win" record for themselves and the Detroit Yacht Club.

Andrea returns this month to the University of Michigan, to start her junior year, and Julie returns to Grosse Pointe High School as a sophomore.

By-the-by . . . It's not difficult to discover where the Moore sisters get their talent for sailing: Mr. Moore for years has been an avid sailor, one who always did VERY well himself in races on the river.

A hearty Michigan "Hello" . . . to Mrs. Walter Anderson, of Stockholm, Sweden, spending a few weeks in The Pointe as the guest of Mrs. Otto Lundell, of Lochmoor boulevard.

### Two Benefit Teas

Both causes are good, both parties are beautifully planned, and guests at both of these Benefit Teas, scheduled just a few days apart . . . are guaranteed a perfectly delightful afternoon. Now, taking the last first . . .

Mr. and Mrs. Gerard R. Slattery will open their Lakeshore road home Sunday, October 2, from 2 until 6 o'clock, for a Champagne Tea to benefit Jesuit Scholastics studying for the priesthood at Colombiere College.

The party is being sponsored by the Sts. Peter and Paul Unit of the Jesuit Seminary Association. Mrs. John C. Cook, president of the Unit, has asked Mrs. Frank J. Weston to serve as general tea chairman.

Then on Wednesday, September 28, Pointers will be beating a path across town to the Birmingham home of the Judge Wesley Beardens, for a fall tea benefiting the Dominican Sisters of the Sick Poor.

## Schools Offer Several Bridge Classes

"Anyone for bridge?" If this is an invitation to another embarrassing session of what everybody else seems to enjoy so thoroughly, there is a solution to such a dilemma.

If you would just as soon pick up a hand that you can just "pass," there is an opportunity to bring renewed confidence to your response to your partners opening bid.

If you are ready to update yourself on the current conventions of the day, there is a possibility that you may even pick up some help in gaining master points. No matter what level of knowledge or skill you have in playing contract bridge, you can find an appropriate class in one of the several bridge classes offered by the Grosse Pointe Public Schools Department of Community Services.

Mrs. Carrie Kiley, well known for many years as an authority and as a successful bridge instructor, will once again offer

her services at both daytime and evening classes during the ten week fall session.

Beginners may enroll for classes on Mondays at 1 p. m. and 7:45 p. m. and Wednesdays at 7:45 p. m. Refresher classes are on Tuesdays at 1 p. m. and Thursdays at 7:45 p. m. Players are scheduled for Tuesdays at 7:45 p. m. and Wednesdays at 1 p. m.

For further information and

class reservations, call the Department of Community Services at TU 5-3808 or TU 5-0271.

MERRY WAHLIN, daughter of MR. and MRS. GORDON I. WAHLIN, of Greenbriar lane, is starting her freshman year at Bethel College, St. Paul, Minn. Merry is a graduate of Grosse Pointe High School.

## In Mrs. Pierce's Collection

An azure blue, cut velvet, one-shouldered evening gown

## Mrs. William Rust Pierce Presents Custom Collection

Mrs. William Rust Pierce presented her forty-second Custom Collection to the press, Monday evening, September 19. This year once again the made-to-order designs remain faithfully fashionable to a youthful, lighthearted, yet elegant tradition. The collection has charm and allure. It is also in perfect taste.

The lady's figure is never lost. It is enhanced with beautiful fabrics and line. Mrs. Pierce's travels in Paris and Italy this summer in search of fabric and inspiration are beautifully apparent in the outstanding 1966 collection. Small yokes set just above the bosom are straight or curve prettily releasing a body skimming line. This is one look. The other is the slender high rising Empire silhouette. Except for the sweeping long evening dresses and coats, knees are always treated to a becoming length.

For daytime there are many coat and dress ensembles. A winter blue wool collarless coat accented with a red velvet scarf is paired with a wool tapestry print dress in blue, gold and red. A delicious peppermint pink wool coat's shaped collar can be worn flat or buttoned high. It is lined in black and is accompanied by a black wool jersey dress with tiny buttons. The inter-changeable versatile ensembling of a gray wool jersey dress, jacket, skirt and a blouse is a trend and should please light-packing jet travelers.

The cocktail hour finds black velvet making its appearance. High in front with a low back, further opened with a diamond cutout. Along the same line is a Paris pink dress accented

with imported jet buttons down the side. Cut velvet is imprinted with lovely little green and blue pansies for another short party dress. For a dramatic theater costume gold and red metallic brocade is fashioned into a side buttoned semi-fitted coat with a mandarin collar. It is worn with its own dress which has a key hole detail on a low graceful neckline.

For the season of opening nights and galas, there are enchanting long gowns. A mint green and silver tissue lame has a new treatment for fashion's favorite halter neck. It also shows a coquettish poof high in the back. A slender black silk cloque is given a graceful skirt treatment and the little fullness is held by a full blooming white rose.

The evening ensembles are exquisite. One of them, an azure blue satin is double-buttoned and encircled by a removable white mink choke. It is of interest to note this coat has two dresses, designed to go with it, making an exceptionally versatile costume. One is of azure blue cut velvet, softly patterned. It bares one shoulder and has an unusual carved back panel. The other gown is of matching azure blue satin with bands of hand-sewn beads, pearls, rhinestones, edged by a tiny pink border. These encircle the Empire waist and the skirt a few inches above the hem.

The Jean Patou hats, specially made in Paris for this showing, had a kind of little cloche shape. One jaunty style

## Catherine Corey Is Fall Bride

Setting for the Saturday afternoon, September 17, wedding of Catherine Elizabeth Corey, daughter of Mr. and Mrs. Newell Charles Corey, of Arkowa, Ont., formerly of Cloverly road, and Clinton Frank Stimpson, III, son of Mr. and Mrs. Clinton Frank Stimpson, of Berkley, and the late Rachel Fleming Stimpson, was St. George's Anglican Church, Sarnia, Ont.

After a reception at Sarnia's Drawbridge Inn, the newlyweds left for a Mexican vacation. They plan to make their home in Detroit.

The bride chose a floor length gown of white French crepe, designed with a portrait neckline and Kabuki sleeves of peau d'ange lace. Matching lace bordered her skirt, which ended in a full chapel train.

Her tiered, waist length silk illusion veil fell from a pillbox headpiece, and she carried an arrangement of white rosebuds.

Her attendants' floor length frocks were fashioned with pale aqua crepe skirts and embroidered satin bodices. Their headpieces were open, veiled circles of the aqua crepe, and they carried bouquets of red and white rosebuds.

Matron of honor was Mrs. Edward C. Hager, of Muskegon. Bridesmaid was Mrs. Charles John Corey, of Hampton, Va., whose daughter, Susan Corey, was flower girl.

Serving as the bridegroom's best man was Richard A. Stewart, of Manchester, Conn. Ushers were Anthony Angiewicz, of West Newton, Mass., and Melvin Conschafer.

The mother of the bride chose a blue brocade sheath for her daughter's wedding and the reception, while the bridegroom's mother wore a pink silk suit. Both mothers chose white orchid corsages.

boasted a chin strap. The collection was precisely, imaginatively accessorized and lavished with Walton-Pierce's precious jewelry. It is no wonder three generations of distinguished Detroiters choose their daytime and evening fashions from this perennial authoritative and beautiful made-to-order collection.

## Marilyn Anne Baer Is Saturday Bride

Marilyn Anne Baer and John Henry Hemmeter exchanged marriage vows Saturday in St. James Lutheran Church. The Reverend George E. Kurz officiated at the 7 o'clock candlelight ceremony.

The bride is the daughter of Dr. and Mrs. George James Baer, of Balfour road. Her husband is the son of Mrs. Herbert S. Hemmeter, of Notre Dame avenue, and the late Mr. Hemmeter.

The former Miss Baer wore a wedding dress of candlelight peau de soie, styled with a scooped neckline and a Chapel train. Her hairloom veil of Alencon lace was secured to a tiny pillbox. She carried miniature white orchids, stephanotis and ivy.

## Scanning The "Rummage"

Looking over some of the "finds" already collected by the Women's Association of the Grosse Pointe Woods Presbyterian Church, preparing for its 25th annual rummage sale, to be held this year on Friday, October 7, from 9 in the morning until 8 in the evening, and Saturday, October 8, from 9 to 11 o'clock in the morning, are MRS. MELVILLE OSBORNE, MRS. STANLEY MAPLES, co-chairman, and MRS. FRANK KAUFMAN, chairman of the sale, (left to right). A call to TUXedo 1-9328, TUXedo 4-7094 or Edgewater 1-8382, before October 1, will bring a volunteer to your house to pick up heavy items.

## Inside The Mothers' Club

A luncheon meeting of the Executive Board of the Grosse Pointe High School Mothers' Club was held at the home of the president, Mrs. Perry L. TeWalt, on Monday, September 12. The agenda for the year was discussed, as well as the duties of all chairmen.

Special attention is called to the news letter which has been mailed to all Mothers of senior high school students. It is hoped that this innovation will be favorably received, and will help to keep Mothers' Club members informed of the many activities of senior high school students and bring closer contact between the membership and the Executive Board.

All Mothers are urged to fill out and promptly return the Mothers' Club membership form which will arrive by mail. Two types of memberships will be offered this year: The general family membership for \$1, or the new \$5 "bargain package" which will include two tickets to each of the two Pointe Players benefit performances and admission to the Annual Scholarship Spring Benefit.

The money from these benefit performances is turned over to the Scholarship Fund. In the past year, financial grants totaling \$5,600 enabled 17 deserving students to attend the Michigan college or vocational school of their choice.

The Neighborhood Groups, formed to bring Mothers with similar interests together, offer card playing, sewing or discussion meetings. Speakers are available for all Discussion Group meetings on topics of current interest to Mothers of senior high school students.

The following Mothers are members of the Executive Board of the Grosse Pointe High School Mothers' Club for 1966-67: President, Mrs. Perry L. TeWalt; president-elect, Mrs. William Ludwig; vice-president, Mrs. Walter Griffith; recording secretary, Mrs. Edward Fine; corresponding secretary, Mrs. George Thom, Jr.; and treasurer, Mrs. Leland Symons.

## Mills College Dinner Tonight

A "Mills on the Move" dinner program for all alumnae and friends of Mills College will be held Thursday, September 22, at The Whittier Hotel, beginning at 6:30 o'clock.

According to chairman Mrs. Ronald Lucia, the dinner is one of a series of programs being held this fall in 41 key cities across the country to launch the final year of Mills Challenge Fund activity in the Detroit region.

The campaign is part of a three-year nationwide drive to raise \$10 million for the physical and academic growth of the privately-endowed, liberal arts women's campus in Oakland, Calif.

Sparked by a Ford Foundation grant of \$2.2 million to Mills in 1964, the national campaign, with only one more year to go, is already over the \$8 million mark.

A team of representatives, headed by Dr. North Burn, vice-president of the college, will report on the progress of the Challenge Fund, long range goals and new educational programs now underway on the West Coast campus. Highlighting the program will be a showing of the new Mills color film, "Mills on the Move."

#### SWEENEY & MOORE

TU 1-6800

**NOT JUST ANOTHER** three bedroom colonial with one and a half baths, but this one on Littlestone shows far better than most offered today. The lot is 45 by 154 and still affords good play area, even with its two car garage. Two of the three bedrooms will take twin beds, the smallest is paneled so it could be used as a den or for sleeping.

**THE PRICE** of this center hall colonial which is also on Lincoln Road, has been reduced to make it even more tempting. At \$37,500, this house is priced well below the market value of most of the other properties in the block. For the family which must have four bedrooms and two baths up, we know of no other available in the City. So dip into your kitty, and you'll soon be sitting pretty.

**A NEWER** four bedroom colonial in the geographical center of the Farms. This house has the ingredients of the home situation where you can have your cake and eat it too. What we are speaking of is a sweet number on a morsel-sized lot... just big enough for complete privacy, yet not enough to keep you off the golf course. There is a large family room, separate dining room, and utility room off the kitchen. Ready for occupancy in the near future.

**ALSO IN** the Farms is this "little house" with large rooms. The large living room with its natural fireplace leads to a well proportioned porch which is screened and covered. Only two bedrooms, but there are two bathrooms and a paneled den. All this is a convenient one-story house.

**EVER THOUGHT** of townhouse living in Grosse Pointe? For a shade over thirty thousand dollars and the shadow of your smile you can have your own on a quiet street, yet just a minute from shopping. The "house" has a total of four bedrooms and two and a half baths... low, low taxes and no yard worries.

**A LARGER HOUSE** offered in the Farms, and overlooking the Country Club golf course. A magnificently maintained English manor house with enough room to house your hunting guests with all their gun bearers. Romp around the three-plus acres, and take a swim in the large swimming pool. Give us a call and we'll tell you more.

NEW SHOPS—OLD STREET

Come join an old street in a welcome to some new neighbors. Old Hamilton Ave., enterprising Bohemia of the Northwest Side, issues an invitation to a SUNDAY OPEN HOUSE, Sept. 25, 11 a.m. till 5 p.m. The occasion is the opening of five new shops. Downtown Detroit has its Plum street, and suburbia its Franklin Village; but we think old friends are best and Hamilton Ave. is the oldest of them all. Come spend a Sunday on Highland Park's nostalgic street. Antique hunters, art buffs, all lovers of things beautiful, old and new, come spend a day with us. Browse from 6 Mile Road to Puritan and back again, and "Antique Row"—the street that grew like Topsy—and will make it a fun day—and we hope—a day to remember.

## who, where and whatnot

by whoozit

Those lovely tea tables . . . with their pale yellow cloths and autumnal flower arrangements, where everyone gathered for refreshments Tuesday afternoon, following the Neighborhood Thrift Shop's annual fashion show in Fries Auditorium, were prepared by talented Mrs. Theodore Foster and Mrs. Paul Townsend. Glimpsed "pouring" during the Crystal Ballroom social hour were Mrs. W. Warren Shelden, Mrs. W. Brace Krag, (she served as chairman of the lovely style parade, featuring clothes by Walton-Pierce), Mrs. Sidney T. Miller, Mrs. Charles F. Dodenhoff, Mrs. Bruce Chalmers and Mrs. G. Thomas McKean. And VERY busy behind the scenes were Mrs. Eric Stroh and members of her "transportation" committee, who undertook to deliver all admission "bundles" to the Thrift Shop in Waterloo avenue.

Miniature musical merry-go-rounds . . . placed on a bed of yellow and white mums, twirled a tinkling Welcome Song for the Merry-Go-Rounders' season-opening dance at the Grosse Pointe Hunt Club. The M-G-R, almost 15 years old, (but showing NO signs of age!), is one of The Pointe's most delightful organizations: Its members gather just four times a year, for dinner-dances, held at various clubs; its sole purpose is "food, fun and dancing." Creators of the merry-go-round decor at this most recent party were the Mesdames Jack Billington, George Van Lokeren, John Doble, Ernest Smith, Dwight Nelson, Carl Isenher and William Fox.

A two-generation . . . assist for the Convent of Mary Reparatrix 15th annual tea, scheduled next Sunday afternoon at the Convent in Quincy avenue, Detroit, will be provided by Mrs. J. Addison Bartush, of Lakeshore drive, co-chairman of the party, (she's been a member of the Mary Reparatrix Auxiliary Board, sponsor of the tea, for six years), and her daughter, Susan, who has charge of all the tea services and silver trays. Among the many Pointe women helping the Bartush ladies prepare for the affair are Mrs. William P. Clark, Mrs. Charles T. Fisher, Jr., Mrs. William E. Carroll, Mrs. James E. Coyle, Mrs. Edward Van Horn, Jr., Mrs. Frank Couzens, Mrs. Edward C. Roney, Jr., and Mrs. Hans Gehrke.

Back "on the other side of the Atlantic" . . . after a truly fabulous summer experience as a waitress in an English Holiday Camp, is Gettysburg College student Susan Waddell, of Rivard boulevard. Sponsored by the Jobs Abroad program, Susan spent eight weeks at the resort, earned a monthly salary of 20 pounds, enjoyed working with her fellow staff members, (mostly young people, between the ages of 18 and 21), AND dating guests! "We could use all guest facilities—including pool, tennis courts, ballroom, bar and pub," she reports. "Everyone was most friendly and interested in us." ("Us" includes several other Jobs Abroad workers, part of an international corps of 800 students who held salaried positions in various European countries this summer.)

Ever wondered . . . what that little "object" dangling from a tree branch in the backyard of the Robert E. Valks' Renaud road home was? Well . . . it's a sort of way-out Republican elephant, (Bob's a DEDICATED Republican), and it's supposed to clamor and clatter in the wind, but so far it's made hardly any noise, (maybe it's waiting for the next Big Election?).

Here's another . . . of Carolyn Hubbard Lucas' poems, titled simply:

### CHOICE

God called him from the stars with mighty voice  
And from the ancient and unending slime  
The atom stirred—and by the miracle of choice  
Started man's journey on the stairs of time.  
Struggling with powers greater than his own—  
Throwing aside the hindering scale and sod  
He changed from age to age among the pre-historic stone  
Until he thought he saw the face of God.

But latterly he stooped to contemplate his gain—  
Eyes blinded by the glitter of his toys too dearly bought.  
His spirit knows this clutter is not worth the pain  
He had to get it—like a gift unsought.  
Is this his destiny? His little soul is rapt.  
Is this his end? He wonders idly—but no clear voice calls  
With pomp and circumstance his little mind is trapped—  
Smoke filled by his own atom—and he falls.

### PILFERINGS

The sergeant was trying to justify the company mascot to the captain. "Sir, I know it's against regulations to keep a dog in the barracks," he said, "but he is the best sentry ever. Why, no intruder can come within 50 yards without his letting us know about it."

"What does he do?" asked the officer. "Wake up the entire post with his barking?"

"No, he gallops inside and hides under my bed."

## Pointer of Interest

MRS. ROBERT C. PALMER, OF LAKESHORE ROAD

By Janet Mueller

Multi-talented, multi-faceted, Myrtle Palmer has a habit of doing things well. She sculpts. She makes all manner of things on her own potter's wheel. She grows and arranges flowers.

And, balancing her artistic tendencies, is a considerable amount of down-to-earth organizational ability.

This is her second year as director of District One of the Federated Garden Clubs of Michigan, largest and most complicated District in the State, including the whole Metropolitan Detroit area, as far north as St. Clair, as far south as Wyandotte and Grosse Ile.

There are 55 Federated clubs in the District, with a total membership of about 2,300 individuals.

Chairman of Exhibit And this is her second year as chairman of the Federated Garden Clubs, District One annual fall exhibit of table settings and flower arrangements under the sponsorship of Charles W. Warren and Company, currently on display, (the exhibit opened yesterday and will run through tomorrow), at Warren's just-opened re-appointed galleries in Washington boulevard.

"You do have to have a realization of the importance of details," Mrs. Palmer admits, "to direct a large organization, or chair a large show."

The task of keeping her mailing list of current member club presidents up-to-date alone is formidable, and there are always other lists to revise or compile, reports and records requiring the director's personal attention.

The chairmanship of the fall table setting-flower arrangement exhibit traditionally is offered to—and accepted by—the District One director.

Two other District One officers, treasurer Mrs. Raymond J. Hodgson and secretary Mrs. Byron B. Phillips, also serve on the Warren Exhibit committee, (Mrs. Phillips is in charge of hostesses), and help Mrs. Palmer "immeasurably" in her District One work throughout the year.

Her House Is Mirror Myrtle Palmer's house reflects her personality so completely it's difficult to believe she ever lived anywhere else. Actually, she's a not-quite-new, not-quite-old Grosse Pointer.

The Palmers moved to Michigan a little over five years ago after 28 years in Birmingham, Ala.

"When you've lived in a place (Birmingham) that long, your roots go pretty deep," Mrs. Palmer muses. Her roots in Alabama are deep indeed, for her daughter, Ellen Ann, (named after Mrs. Palmer's and Mr. Palmer's grandmothers, who played together as little girls), her husband, Dr. Samuel L. Horton, and their two sons, Sammy, who will be four in October, and two-year-old Bobby, still live in Birmingham.

The Palmers lived for a while at the Whittier when they first moved North, where their present Lakeshore road home was in the first stages of renovation, eventually moved into the not-quite-completed house because "it was too much trouble keeping up with the workmen on a long-distance basis."

Greenhouse Added The Palmers added panelling, air-conditioning . . . and Bob had a greenhouse built — "To keep me happy and out of trouble," Myrtle laughs.

Mrs. Palmer frankly loves flowers. Her "growing" specialties are camellias and cymbidium orchids; her "arranging" specialties are anything and everything.

Currently, she's "trying" a new flower, a green zinnia, and is fascinated by it "because it is so good in my house."

Antiques, mostly family pieces, predominate in the sunny, warm rooms of the Palmer home. There are stories attached to many of the Palmers' treasures.

Long Time Gardener Myrtle's interest in garden club activities dates from her days in Alabama. She finished

her first flower arrangement Judges' Course in 1945, now is a Master Accredited Judge.

Very active in the Alabama Federated Garden Clubs, she joined the Grosse Pointe Park Garden Club, a member of the Michigan Federated Garden Clubs, soon after she settled in The Pointe.

She describes her job as Michigan District One director as primarily that of a co-ordinator. There are only two District meetings per year, the annual meeting, always scheduled the first week in October, (it's to be held this year at Red Run Golf Club), and a mid-year meeting, which usually includes a flower arranging program, held the last week in January.

Federated Garden Clubs are active in a variety of projects. They've always been interested in beautification, ("That's the 'fashionable' thing now, but the Garden Clubs have been working on it for 40 years," Mrs. Palmer reflects).

Work In Hospitals They do flower therapy work in hospitals, homes for the retarded and Senior Citizens groups, sponsor horticultural programs and, of course, "study flower arrangement like mad!"

Lately, there's been an upsurge of interest in Landscape Design, aimed at training garden club members to be "critics, but not critical!"

The Fall Exhibit at Warren's is a District-wide project; exhibitors and hostesses are drawn from all member clubs.

This year, because Warren's wanted the exhibit to coincide with the re-opening of its galleries, the show was scheduled about a month earlier than usual. Because of this early exhibit date, (many clubs do not hold their first fall meetings until early October), participants were "invited" to fashion specific arrangements.

Not a Single Turn-Down "We haven't had one person who's been invited turn us down," Mrs. Palmer says, with satisfaction. "Of course, the Warren show is unusual, in that people really LIKE to be involved in it . . ."

Her own job, as chairman, is basically to do the table for yesterday's reception, (everyone was enchanted with her royal blue velvet cloth centered with a huge, flower-filled silver salt cellar, resting on a block of salt), and the windows, featuring Steuben glass in each floral arrangement.

This early exhibit date has meant a great deal of extra work for the show committee, but every committee member has "risen to the occasion," been extra-cooperative.

"You know, it's always been said that people who love flowers, who love nature, can't help but be pretty nice individuals," Mrs. Palmer muses. "I think that's true, don't you?"

Very Important Member of the Palmer family is a French poodle, "Sunny," first-born of "Little Man," the Palmer's original poodle, who died about a month ago. The Palmers converted a milk chute into a backyard swinging door for Little Man and Sunny, (Ellen, incidentally, seems to have inherited the family fondness for animals along with her mother's artistic tendencies: Mrs. Palmer recently learned that a beagle puppy is keeping the Hortons' Siamese cat company in Birmingham).

Long Time Gardener Myrtle's interest in garden club activities dates from her days in Alabama. She finished

Walton-Pierce . . . is a treasure house of exciting imported fashions these days. Mrs. William Rust Pierce's European trip is apparent in the fabulous at home costumes from Italy and France. One glamorous white one is cut like a skirt in back but shapes into graceful pants in front. This you really have to see. Then there are unusual Italian knits and handsome handbags, made in France, specially for Walton-Pierce.

It had minuscule braids entwined (the kind we've been telling you about). It seems we've also been telling you to have your hairpiece redone or to order one of the very new styles . . . at Edward Nepi, "Parrucchiere," 19463 Mack Avenue because the galas of Detroit's Social Season are merely invitations away . . .
