HEADLINES of the WEEK As Compiled by the Grosse Pointe News

Thursday, December 8
THE CONSERVATIVE PARTY in London broke with the government on Rhodesian policy and condemned the move to seek mandatory sanctions at the United Nations. Reginald Maudling, the deputy Tory leader said Prime Minister Harold Wilson was heading for "one of the greatest disasters of our history." He condemned censorship and other restrictive aspects of the Rhodesian regime, and criticized Ian Smith, the rebel prime minister of Rhodesia, for showing "a disappointing lack of strength in the peace moves last weekend." He said the British government had also been guilty of "total misjudgment."

Friday, December 9
GOVERNOR ROMNEY in New York for a day-long series of meetings on Thursday, leveled a variety of charges against the Johnson administration, including failure to raise income taxes because of "political expediency," to concealment of the whole truth about American involvement in Thailand. On the question of Vietnam, Romney showed reluctance to take a stand. He said he needed more facts, some of which are not available in the country.

Three Sisters of St. Dorothy brought 50 of their grade school children from the Inner City Santa Maria Parish to the Convent of the Sacred Heart in Lakeshore road last Friday afternoon, for a special Christmas party. The Academy girls entertained their small guests with a Dramatic Club presentation, "Miser Claus," and a Christmas Carol program by the Glee Club. Refreshments and the distribution of gifts concluded the festivities. Pictured here passing out farewell tokens to the departing youngsters are, (left to right), MOTHER BAYO, REVEREND MOTHER HEALY and Academy Senior MARY ELIZABETH MCINTYRE, in charge of the Candy Cane Department.

City's Sewers Pass Real Test

The new, larger City sewers, completed this past year, had a real test this past week with more than 2 1/2 inches of rainfall. They passed the test with flying colors.

No basement flooding directly traceable to lack of capacity in the City sewers was reported. The three calls received were due to private connections and not to City sewers.

City offices were swamped with calls complaining of flooded basements before the \$1,460,000 sewer project, which apparently has eliminated the problem.

Examination of Accused Girl Attacker Postponed

Park Municipal Judge C. Joseph Belanger granted a two-week postponement on the examination hearing of Charles M. Schreiner, 19, of 17138 Souix, Detroit, accused girl attacker. The examination, which was to have been heard on Wednesday, December 7, was re-scheduled for Wednesday, December 21.

The judge continued Schreiner's bond of \$15,000, and the accused man was returned to the Wayne County Jail to await the hearing.

The postponement was approved when Schreiner's attorney, Gregory Pillon of 821 Bates, Detroit, was unable to attend in court, and a second attorney, Philip Caruso of Detroit, representing the absent lawyer, asked for the delay.

Schreiner is charged in war-

All the schools are decorated with art work of the students... the rooms and halls bedecked with what the young set thinks of Christmas, as expressed through their art work. Maire Having Show

Marie School's sixth graders, pupils of Guido Sabella and Leone Bennett are producing a musical variety show for the students on Friday, December 16. The play, "Christmas Comes to Hamelin," was adapted to best utilize the musical talents

Pedestrian Hit; Receives Ticket

John McDonald, 60, of 3516 Gray, Detroit, received a violation ticket from Park police on Friday, December 9, for interfering with moving traffic. He was knocked to the pavement when hit by a car.

A police accident report disclosed that McDonald was walking south across Mack avenue from the north curb, and walked into the center of the left front fender of an automobile driven by Rudolph Buglione, 36, of 40764 Crab Tree lane, Plymouth.

Buglione told police that he swerved to avoid hitting the pedestrian, but that man continued walking right into the fender.

McDonald was taken to Bon Secours Hospital with minor facial injuries, suffered when he struck the vehicle and when he fell to the pavement.

Buglione was released without charge, after he made a statement at the station, which was verified by several witnesses.

Park Council Fills Vacancy In Its Ranks

Charles W. Bowerman Appointed to Serve Unexpired Term of William Oddy

Charles W. Bowerman, 48, of 1417 Buckingham, was appointed to the Park council on Monday, December 12, to fill a vacancy created by the resignation of Councilman William Oddy, who resigned last month after 14 years of public service.

The appointment was recommended by Mayor Matthew Patterson, and approved by the members of the city body.

Bowerman will serve Oddy's unexpired term, which runs to April 3, 1967, date of the city's general election. If Bowerman wishes to continue in the post, he will have to seek election in his own right.

Specified in Charter

Under the Park City Charter, the council is authorized to appoint a qualified person to fill a vacancy caused by a resignation, or death, provided that the appointment is made 60, or more days, before a general election. If the term will expire within 60 days, the council seat must remain vacant until filled by the electorate.

Bowerman, a division manager for the Michigan Bell Telephone Company, has lived in the Park for the past 13 years.

He is the Republican delegate for Precinct Six in the Park, is interested in the Boy Scout movement and was a member of the Board of Directors of Little League Baseball.

Native of Saginaw

A native of Saginaw, Mich., Bowerman is married to the former Naomi Hofstetter of Baltimore, Maryland. They have seven children, Susan, 18, who is attending the University of Michigan; David, 17, a senior at Grosse Pointe High School; Don, 16, a junior at the school; Robert, 15, a ninth grader at Pierce Junior High School; Judy, 12, a Pierce seventh grader; and Debbie, 11, and Brian, 8, who are in the sixth and third grade, respectively, at Defer School.

78 Campus Visits Slated in Search For New Teachers

The December meeting of the Grosse Pointe Board of Education, held Monday evening in the public schools' administration building at 389 St. Clair avenue, was chaired by Dr. Frank H. Parcels, president.

J. Harold Husband, Acting Superintendent of Schools, in his report to the Board, indicated that 15 additional college students will begin a student teaching experience in the Grosse Pointe Public School System in January. The University of Detroit, Wayne State University, and Western Michigan University will all be represented by cadet teachers.

Superintendent Husband said that current plans for recruiting outstanding additions to the staff for 1967-68 shows confirmed appointments have been made for 20 Pointe administrators to visit 71 campuses for personal interviews in the next six months. Ferris State College has been added this year to the list of the 12 state campuses covered by local recruiters. Return trips will be made to seven of the Michigan campuses. This will make a total of 78 campus visitations this year.

Enrollment Now 12,284

Enrollment figures compiled by the Department of Pupil Personnel show an increase of 403 students over November, 1965. Currently The Grosse Pointe Public School System is responsible for the education of 12,284 boys and girls from kindergarten through grade 12.

The school trustees noted the retirement of Miss Melitta E. Roemer, Assistant Director and Division Chief of the Grosse Pointe Central Library. Miss Roemer's retirement becomes effective December 31 after more than 34 years of loyal and devoted service to the community.

Better Parks Being Urged By Planners

Commission Says Swimming Pool Is Immediate Need; Sticks By Original Program

The electorate turned down a million-dollar bond issue last November 8, but the Park Plan Commission still backs the plan for the development of the city's two existing parks, the Park council was notified on Monday, December 12.

The commission opined that defeat of the proposal by popular vote, does not constitute a reason to change the basic long-range master park plan.

A letter to the council from the commission, read by City Manager Robert Stone, secretary of the group, states:

"We have reviewed the '66 Park and Recreation Program in the light of the defeat of the bond proposition submitted to the electorate on November 8, 1966. Based on such a review, it is the opinion of the Plan Commission that the plan submitted is a sound plan, well suited to maintain the high standards of our community and one recognizing its present and anticipated future needs."

Action Follows News Editorial

The editorial "How About Some Action" in last week's issue of the NEWS, brought gratifying results by stirring the Parks officials into having the huge pile of snow removed from two badly needed spaces in the last row of the Municipal Parking Lot.

Police Chief Jack F. Roh disclosed on Friday, December 9, that orders have been received to repaint the rear row space markings at an angle to permit easy ingress and egress for parking. The markings had been painted at almost complete right angles, after the MO lot was repaved last summer, which forced motorists to do considerable maneuvering before they could properly get into, or leave the spaces.

The chief said that the repainting will be done at an estimated cost of \$100, and will be taken care of without delay.

The huge pile of snow which took up two valuable car spaces in the rear line, next to the St. James Lutheran Church property, was cleared away with city labor and trucks, immediately after the editorial appeared.

Arrest of Four Teeners Clears Up 30 Burglaries

The clearance of 30 burglaries, and possibly more, climaxed the arrest of four teenagers on Monday, December 12, by a Shores policeman, who specifically charged them with illegal possession of alcoholic beverages, it was revealed on Friday, December 9.

The youths were arrested Saturday night, December 3, and all taken to the station where they were given violation tickets for having beer in their possession.

The three older boys, Michael E. Edgerle, 18, of 36264 Oakshire drive; Steven C. Sorenson, 17, of 20512 Duobis; and Donald L. Stone, 18, of 20871 Shoreview drive, were arraigned before Shores Judge George Beauchamp on Monday, December 5, and found guilty of the illegal possession charges, and fined \$50 each and placed on probation for one year.

The juvenile, who is 16 years old, was released to his parents until a hearing late in Wayne County Juvenile Court.

However, Edgerle's and Stone's troubles are not over, and neither are those of the juvenile. They were released to Macomb County authorities for investigation of burglary. Sorenson was not involved and he was released.

The initial arrest of the teenagers was made by Patrolman Thomas Zoia, who while patrolling south on Lake Shore at 8:30 p.m., saw a car with the boys in it, traveling at a very slow speed. The officer stopped the youths in front of 801 Lake Shore.

Cottage Says It Must Drop Nurses Home

Neighbors Aroused Over Proposal To Convert Residence Into Alcoholic's Annex

Sparks are flying and the fireworks are bound to flare furiously before the issue is resolved. Cottage Hospital has put out feelers for reactions to a proposal that its Nurses' Residence in Ridge road be converted into a "drying out" headquarters for alcoholics.

Officers of the governing board of the hospital invited a few solid citizens who live in the neighborhood to a meeting a week ago last Sunday to broach the plan. It is reported the reception given the idea was far from enthusiastic.

It is claimed the residence is a financial drain on the institution and something has to be done to correct the situation. Only 12 nurses are now living in the building, it is reported.

Estimates are said to have been obtained on the cost of converting the nurses' home into an additional hospital unit, and that it would be too expensive to be feasible. The price mentioned is \$280,000. Many structural changes would have to be made, including widening of all doors, etc. to allow passage of stretchers and wheelchairs.

Considered for Foundation

It was also suggested at one time that the residence be taken over by the Foundation for Exceptional Children as its permanent headquarters, but it is said conversion for this purpose was also too expensive to be considered.

The trustees of the hospital say a decision must be made quickly, and let it be known they were open for any suggestions which would solve the problem.

The hospital has been buying up the small houses on the east side of Muir road, and now reportedly owns all but one of these properties. It is also said to have purchased one property on the west side of Muir, which could provide an entrance way into the municipally-owned parking area behind the Kercheval-On-the-Hill shopping district.

A second meeting with some of the property owners in the area is said to have been held on Monday of this week. Grave concern is reported to have been expressed over what might happen to property values if the proposal is carried out.

City Will Decide

The City of Grosse Pointe Farms will be brought into the argument and will doubtless have to make the final decision as to restrictions under zoning laws, etc.

Cottage is receiving a grant from the Metropolitan Detroit Hospital Fund to help with an expansion program which has been under consideration for some time. The neighbors are also worried over the threatened great increase in traffic and parking problems, which are considerable now.

Efforts have been made to keep the preliminary negotiations between the hospital and the residents quiet, but much more is bound to be heard in the immediate future.

With the legal hassle between Bon Secours and the City of Grosse Pointe over that institution's proposal to expand still unsettled, the new developments add increased dimensions to the hospital picture in the Pointe.

Runs Into Tree Avoiding Crash

City Police received a report that a car had hit a tree in front of 553 Rivard on Sunday, December 11, and the driver left the scene.

The driver, Lee Wendt, 17, of 4851 Lodewyck had left the scene to get a truck to tow the car away.

Wendt said he was going north on Rivard when he lost control of his car. He stated that a second car had cut him off and in an attempt to avoid hitting the car he lost control and hit the tree.

No charges were made.

Kind words never die—and the other kind live on forever.

Postpone Attacking Case

(Continued from Page 1) drag her toward the back yard at that address. The witness promptly called police, who arrived within a minute and arrested Schreiner as he was kneeling over the un-

conscious figure of his victim, who was bleeding profusely about the face. Her assailant had knocked out several of her front teeth. Following a shot-punctured foot-race, the attacker, who was wearing a stocking-mask over his head and face, was captured by DelPlace, McAlister and Wedding, who found the youth hiding in nearby bushes.

Salfyrd, in the meantime, called for an ambulance, and the girl was conveyed to Bon Secours Hospital suffering from severe shock, and severe lacerations about the mouth, received from one of several vicious blows rained on her by her attacker.

Informed of his constitutional rights at the time of his arrest, and again at the station before being questioned by Det. Lt. Arnold Hough and Det. James LaPlatt, Schreiner refused to talk.

In spite of the youth's refusal to talk, Chief Louwers said, it is believed that he could be the same person who sadistically beat and robbed an 18-year-old girl in Grosse Pointe City, as she was on her way to work last July 18. It is also believed that Schreiner might be responsible for a similar crime that took place in Detroit recently.

The chief went to the woman witness' house to personally thank her for her quick action in phoning police. The woman, whose name was withheld, was praised for her alertness and for not being afraid to be involved.

The four officers received the praise of the chief for their quick response to an emergency, and the manner in which they captured Schreiner, and in caring for the girl until the ambulance arrived.

Plan Concert

(Continued from Page 1) fant Divine," a lullaby, and "Dear Nightingale Awake," a German carol are selections of the ninth grade chorus. The eighth grade chorus will present "Twins in the Moon of Wintertime," the first Canadian Christmas Carol and a "mod" version of "Santa Claus Is Coming to Town."

John Short and Fred Kilbride, soloists, are featured in the seventh grade Boys Glee Club presentation "The Virgin Mary Had a Baby Boy." Sandy Tilton will accompany on the guitar. "Pine Cones and Hollyberries," from Meredith Willson's show, "Here's Love," will be sung by Lois Wilkie and Carol Stekete.

The Brass Ensemble with Ken Snyder and Gary Biretta on cornet, Roger Johr on horn, John Charley on tuba, and Rick Cochell on trombone will perform "O Come, O Come, Emmanuel," and "Adestes Fideles." Cornets will accompany the Boys Glee Club in an "Ancient Moravian Carol."

Mrs. Burkhard Schneider, heading a committee of seventh grade room mothers, has prepared buffet tables decorated with Christmas centerpieces and candles for cookies and punch served after the program.

Arrests Solve Burglaries

(Continued from Page 1) on foot, the officer saw a passenger holding a bottle of beer, with its contents partially consumed. Zoia also saw two full six-paks and one not full, on the rear floor of the car.

The patrolman placed the boys under arrest, and called for assistance, and Patrolmen Donald Fronczak and Daniel Healy were dispatched to help Zoia.

While awaiting the arrival of his colleagues, Zoia noticed a flashlight and screwdriver in Stone's pocket. When Fronczak and Healy arrived, they assisted in searching the youths, and found pocketful of foreign coins, a watch and two gold rings. Other items were found in the car.

At the station, Mustazza and Marshall were called, and the youths released to them for further questioning and investigation.

In Edgerle's pocket, the detectives said, were found 167 assorted foreign coins, and 33 foreign bills.

The boys refused to talk to the detectives, and a teletype was sent to all law enforcement agencies to determine if any burglaries had occurred in their communities.

The Woods reported two had taken place about an hour before the youths were apprehended, and Harper Woods disclosed four breakins within that time.

Mustazza and Marshall tagged all the coins and bills, a portable radio, two wrist watches and two gold rings, found in the boys' car, as possible evidence.

Harper Woods Det. William Kohler arrived with a woman who surprised a young man in her home at about 7 p.m. The youth had the woman's purse in his hand. He dropped the purse and left the house through the rear door. She was unable to identify any of the boys as the culprit.

Later, on December 5, Edgerle arrived at the station with his father, and asked to be heard, and signed a waiver to his rights, and in the presence of his parent, admitted breaking into the home of Steven Wilkens, 38051 Seaway, Harrison Township, from where they took the coins, bills, radio and jewelry items. He implicated Stone and the juvenile.

The beer in their possession at the time of their arrest, had also been taken from Wilkens' home, Edgerle said.

The information was passed on to the Macomb County Sheriff's Office, and Stone and the juvenile were arrested at a Detroit motel where they were staying.

It was revealed that the juvenile was on probation for burglary and car theft, and that he had received permission from his probation officer to stay with Stone at the motel because it was near his place of employment and because he was not getting along at home.

The Shores detectives said that the boys had confessed to breaking into 30 homes in Warren, Shelby, Sterling Township and Mt. Clemens, and had every intention of breaking into

homes in the Pointe, when they were apprehended. Stone and the juvenile were involved in three of the burglaries together, it was said, and Edgerle was with them in all the rest.

Police Chief Thomas Cochill had words of praise for Zoia's alertness in making the initial arrest of the boys, and lauded the work of Mustazza and Marshall whose investigation and questioning led to the clearance of the breakins in the other communities.

Edgerle and Stone were released to the custody of the Macomb County Sheriff's Department, for further investigation, and the juvenile was released to the Macomb County Juvenile Court authorities.

Better Parks

(Continued from Page 1) discuss proposed improvements, as funds become available. Top priority will be given to the construction of a modern swimming pool to replace the obsolete facility in the Waterfront Park, which has been condemned by health officials of the State and Wayne County Health Departments.

STORE EMPLOYEES ROBBED

Two employes of Kopp's at 16929 Kercheval reported thefts of personal items from the store on Saturday, December 10. Robert A. Resler, 5784 Somerset, reported that his coat which he had placed on the rear stairway and valued at \$20 was missing. Beth Anderson of 4536 Neff reported her brown, shoulder bag containing \$25 in cash, small change and her glasses was missing from the shelf in the back office. Police are investigating.

Negroes accounted for about 18.9 million, or approximately one-tenth of the nation's population as of the last census.

Con Artist Grabs Money and Runs

A service station attendant was the victim of a card game artist on Thursday, December 8, and is money short from his pocket.

Ronald Mann of 614 Pemberton, called Woods authorities and disclosed that a Negro entered the Miracle Mile Service station, 20065 Mack, at about 8:30 p.m., and went to the counter at the rear of the building, and laid out three playing cards.

Mann said he followed the man into the building to see what he was up to, and the man asked him to pick out a card, which was done. The card player placed \$60 on the counter and told him to cover it, the attendant added.

The con artist shuffled the cards around, and then asked Mann to pick his card. When Mann did this, the fellow grabbed all the money on the counter and ran out of the building, going west on Kenmore. It is not known if the culprit had a car or not.

The manipulator was described as being about five feet seven inches tall, dark skinned, wearing a gray, short-brimmed hat, white shirt and dark trousers, and a black leather jacket.

Investigation in the matter was referred to the officers of the Detective Bureau.

School Board Meeting

(Continued from Page 1) Speaking for the Board of Education, President Parcels said to Miss Roemer, "We will pause for a moment to say what we all know so very well. I am sure you know how seriously we are going to miss you. On the other hand, for one who has been this kind of public servant, friend and companion through the years, it is always with an odd feeling and misgiving that we allow you to take your leave. I know the Friends of the Library are going to provide a sumptuous occasion to say goodbye, but we of the Board, and I personally, wish to express our very great appreciation for your service beyond the call of duty. It has been very meaningful in this community. You will be long remembered."

NOMINATED FOR HONOR Miss Virginia A. Downs, teacher at Monteith School and president of the Grosse Pointe Education Association, appeared at the meeting to inform the trustees that her organization had nominated the Grosse Pointe Board of Education for an award sponsored by the National Education Association and the Thom McAn Shoe Company.

Miss Downs said that the Board is being cited because it has "met the three-fold challenge of expanding enrollment, teacher morale, and needed curriculum revision with a bold, forward-looking program of outstanding leadership."

The entire statement of nomination was read at the Board meeting by Miss Katherine Mulaney, Trombley teacher and secretary of the Grosse Pointe Education Association. The Association's nomination was endorsed by Kenneth R. McLeod, Mayor of Grosse Pointe Woods; Charles Parcels, Jr., president of the Grosse Pointe P.T.A. Council, and Robert B. Edgar, editor of the Grosse Pointe News.

WILL ADD COURSES In other action the school trustees approved the Superintendent's recommendation for additional course offerings at Grosse Pointe High School for the 1967-1968 year.

Included in the listing were an independent Study Program, English III G, Humanities, Cooperative Commercial Foods (Occupational Training), Sociology, and European History (Advanced Placement).

Pilot courses authorized for Grosse Pointe High School for 1967-1968 include Industrial Adventure and World Affairs.

The school trustees accepted the report of Ray MacArthur, the Director of Business and Finance.

Asked for a progress report

on Grosse Pointe High School North, Joe Spagnoli, Assistant Superintendent - Administrative Services, said that until about three weeks ago the project was on schedule. "It is beginning to fall behind because of climatic conditions," he said. "We are probably now from 15 to 25 working days behind schedule. With the central academic wing already enclosed, at the moment we are not in serious trouble. However, the 700 days allotted for the construction of the building will end as of February 1, 1968. We are fortunate that building materials have been arriving on schedule," he concluded.

The school trustees delayed action on a request from the Board of the Protestant Children's Home for an additional special education teacher at Barnard Center. No decision will be made until a general review of the total special education program in the school district is completed.

The members of the Board of Education approved the creation of a Slow Learner Class to be housed in one of the new rooms at Parcels Junior High School and authorized the hiring of a teacher. The State of Michigan will reimburse the school district up to \$7,012.00 for salary expenditure for this purpose.

Farms Submits Building Report

The Farms Building Department approved five applications for construction permits last month, as compared to nine approved in November 1965, with the total number of permits issued up to and including November 30, set at 110. For the same period last year, 104 permits were sanctioned by the department.

According to a monthly report released by John DeFoe, public service director, two applications were received and approved for permits for residential construction, and three for miscellaneous building. No permits were requested for commercial edifices. Total value is set at \$137,500.

In November 1965, two permits were approved for residential constructions, and seven for miscellaneous work, with the nine having a total value of \$123,500. From January 1 through November 30 of this year, 21 permits to build homes worth a total of \$1,190,500, were granted by the city; one for a commercial building worth \$325,000; and 88 for miscellaneous work, valued at a total of \$356,100. For the same period in 1965, the total number of permits for new homes was 22, valued at \$1,211,000; one was for a

\$45,000 business edifice; and 81 were for miscellaneous construction, valued at a total of \$1,512,300.

There were no permits for developing non-assessable property either last month, or in 11 months of this year, valued at \$278,000; and only one, valued at \$170,138, in 1965.

Life in Thailand Enjoyed By Former Pointe Teacher

Life in Thailand is described by Humphrey Jackson, retired Parcels Junior High School teacher, who is now teaching there, in the following letter to J. Harold Husband, Acting Superintendent of Grosse Pointe Public Schools.

Bangkok, Thailand
November 29, 1966

Dear Harold:
Hi! Well Jane and I have been here 3 months now and are loving every minute of it. Doubtless you have heard how we were befriended by Maj. General Stillwell right after our arrival. He and his gracious wife invited us to stay in their guest house of their compound until we were able to get into an apartment. It was wonderful of them to be so kind and we certainly appreciated their hospitality. The General was most gracious as was his very busy wife. They even had us to dinner once.

We have done many things such as visit the Grand Palace where the temple of the Emerald Buddha is located, also visited Wat Po, the temple of the reclining Buddha. Then we took a Klong (canal) trip by boat to visit the Floating Market and stopped on the way to see the Royal Barges and the Wat Arun (Temple of Dawn).

One weekend we took a motorcoach trip about 100 miles northeast of Bangkok, into the mountains where we visited the Mongkol Orchards and Nang Rong Waterfall in Nakorn Nayok Province. We also were taken into Princess Chumpot's Wang Takrai Palace gardens. Saw a poinsettia tree over 30 ft. high in full bloom. Trundled down the mountain stream through the rapids on inflated inner tubes which was quite an experience. Saw elephants and water buffalo, ridden by small Thai children or led by them.

Another weekend we took a trip over 100 mi. southwest of Bangkok into the mountains around the River Kwai. We visited the cemetery of the war dead which is beautiful and well kept and quite a show place and after lunch took a boat ride down the River Kwai and after landing and climbing up a mud cliff we walked about a mile on a mountain trail under the shade of the forest trees to the foot of a mountain where a long flight of steps led up to a temple built inside the caves in the mountain.

We visited the First Asian Fair last Saturday on the U.S. Celebration Day and Sunday night had a fabulous dinner at the Oriental Hotel Terrace and Garden where we were entertained by a marvelous floor show, classical Thai Dancers in gorgeous costumes, a masked play, special Sword Dance and other warlike dances, a group of Thai children played on Ukuleles and, of course, there were the regular singers with the Pravitra Chamber Orchestra, to which many danced. Jane and I were seated right in front of the stage and dance area and everything that went on. There were many door prizes and in fact we received one from one of the hostesses because we were cooperative when she asked us to share our

table with an Australian couple which we were more than happy to do.

We have met a great many interesting people. Jane has joined the American Woman's Club and has been active attending their luncheons, bridge sessions and is today working with a committee selecting gifts for Christmas for Thai children of the School for the Blind at Changmai. We are considering joining the Siam Society on Soi Asoke as we would have privileges using their facilities and library. We are sponsored by Mrs. Eisenhower who has been our guide on the motorcoach trips. She has lived here over 40 years and is a grand French lady.

December is a month of holidays; December 5 is the King's Birthday, December 9 is the opening of the Asian Games, December 12 is Constitution Day, and so it goes. All of which is wonderful for weekend activities. We are planning to visit another palace and the Marble Temple and the Temple of Dawn one of these weekends. Later on, around spring vacation we hope to take a train to Changmai in northern Thailand. This is the center of many handicrafts and we hope to be able to acquire a few items as the prices we understand are not as much up there.

I am applying for a quota number here, but chances of receiving one are slim. If one can get one you have privileges and it helps when you travel. December 2 we are attending an exhibition of Classical Thai dancing at a school which trains girls to do it. A group of us are taking our wives for this event. December 16 we are invited to a Christmas Party at the Royal Bangkok Sports Club.

We spent Thanksgiving with my Superintendent and his wife who had about 16 guests in for a turkey dinner.

Christmas week we may go to Pattaya Beach about 150 miles south of Bangkok. You can rent cabins on the beach and I understand the swimming is wonderful both in the ocean and in the pool. Our apartment has a pool and Jane and I take a dip nearly every day.

Jane attended a reception at the Ambassador's home soon after we came. The Thai houses are built so that most of the living quarters are on the second floor. That leaves a shaded open area underneath and many Thais entertain on the ground floor level which is usually paved and very cool.

We always like to hear from our friends back home, so if you get a chance, write us a line.

Sincerely,
Humphrey

A Good Man To Know

He got the promotion, stock options, too...

Does that make Sally an heiress?

If you define "wealth" as meaning a plump portfolio of blue chips or a bottomless bank account, today's rising business executive does not qualify. Outgo comes too close to income for him to put aside that kind of money. What he does have going for him are those stock options...pension or profit-sharing benefits...deferred compensation agreements. Plus personal and group life insurance.

And a modest list of securities. All of which can add up to a lot of future dollars but—lacking a unified plan for their conservation—a chancy sort of inheritance. To meet this need—with a modern Executive Trust—our trust officers work closely

and imaginatively with businessmen, their attorneys and other advisers. We'd be pleased to work with you on behalf of your heirs and heiresses. Write or phone Edgar B. Galloway, Vice President (965-6000, ext. 2182).

Nearly Collides With Police Car

Edward A. Borowski, 52, of 16700 Sprenger, East Detroit, was arrested on Saturday, December 3, by two Woods police officers with whom he nearly collided as he was driving the wrong way on Mack avenue.

Lt. Harry Duross and Patrolman Thomas Podeszwick said they were cruising south on the avenue, when they saw a car traveling north on their side of the street. At Anita, the driver of the other car drove onto an island and back down again onto the pavement, still going the wrong way.

Duross, who was driving the police vehicle, said he was forced to swerve from Borowski's way, as the latter drove into the scout car's lane, to avoid a collision.

Borowski was stopped at Hollywood and ordered out of his automobile. The policemen said the man staggered and was unable to stand up.

At the station, Borowski refused to take an alcohol blood test, after he was informed of his rights.

Podeszwick issued the motorist a violation ticket for driving while under the influence of liquor. Borowski posted bond of \$150, and is scheduled for a court hearing December 17.

Seven Survive Opera Audition

Seven young Detroit area singers were selected to compete for the \$2500 Grinnell Opera Scholarship, presented annually by the Grinnell Foundation of Music in a semifinal audition held at the Detroit Institute of Arts, Monday, December 5.

The seven are Alexander P. Chmil, tenor, of Warren; Jane H. Purdy, soprano, Lathrup Village; Noel Rogers, soprano, Ann Arbor; Robert E. Taylor, baritone, Ann Arbor; Aureliano Ugolini, bass-baritone, Grosse Pointe Woods; Susie Young, soprano, 16143 Indiana, Detroit; and Robert Paul Zajac, 13903 Eastburn, Detroit.

The selections were made by Metropolitan Opera Company basso Lorenzo Alvary, who served as sole judge of the two-day auditions.

Two of the finalists have previously appeared in the finals, Mr. Taylor in 1965, Mr. Ugolini in 1964.

The seven will compete for the final time Monday, January 30, again at the Detroit Institute of Arts, at which time the Grinnell Scholarship will be awarded.

To Tour Europe With Musicians

Donald Moore, son of Dr. and Mrs. Warren Moore, 333 Belanger, has been selected for membership in the Musical Youth International 1967 European Tour Band and Chorus.

Donald, an eleventh grader at Grosse Pointe High School, is among 100 high school students from Michigan and Ohio, representing 50 schools, who will make up this distinguished group.

They will leave Metropolitan Airport on June 23, and return July 29. On August 5, they will appear at EXPO 67, the Montreal World's Fair, and, on August 9, at Washington, D.C.

All parents, music directors, school administrators, and interested friends are always welcome at Musical Youth International rehearsals.

A recent survey disclosed 3 of every 10 farmers worked 100 or more days each year off the farm in part-time endeavors.

Museum Gets African Art From G. Mennen Williams

More than 100 examples of native African art will be formally presented to the Detroit Institute of Arts for its permanent collection Friday, December 16, at an evening reception and preview for all Founders Society members and guests.

Mr. and Mrs. G. Mennen Williams are the donors of this collection—ceremonial masks, fetishes, sculpture and headpieces—representing the culture of Africa.

These objects were collected by the former Michigan governor (1949-1960) and Assistant Secretary of State for African Affairs during his numerous African trips. Mr. and Mrs. Williams are now residing in Tonnacour place in Grosse Pointe Farms.

Willis F. Woods, director of the Detroit Institute of Arts, is supervising the installation of the objects, which range from a three-inch tall hand mask to a towering 90-inch mask of the Bobo tribe, with a tall superstructure. They will be in gallery 101 of the museum's South Wing, just within the Farnsworth Ave. entrance. The special exhibition of the Williams' collection will continue through February 19, 1967.

At that time, Williams' gift will be added to the museum's present African art collection, creating for the Detroit Institute of Arts a fine representation of this widely diversified and exciting field of art.

"Mr. and Mrs. Williams' generous gift expands our African collection greatly," said Woods. "In many instances it provides us with examples of art objects not previously represented. The varied collection represents 10 African countries and 24 tribes.

"Atmospheric conditions in Africa are detrimental to wood and other organic materials used by the artists," Mr. Woods continued, "and political and cultural upheavals also have had deleterious effects on the continuation of tribal sculpture. But the items Mr. Williams selected adhere to various traditions, they are free of European influences, and they have considerable artistic merit."

Mr. Wood enthused about some of the most beautiful items in the large group: a Tji Wara dance headpiece representing an antelope, which is mounted on a woven raffia helmet; a figure of a horse and rider of wood, with cloth strips ornamented with cowry shells; a Marka style mask, with a horned animal on the forehead; a mask of the Landuman tribe (Republic of Guinea) in the form of a highly abstract animal head; a Baule wood figure of the Baboon Diety of Judgment; a helmet ("Firespitter") mask and a helmet mask with crocodile jaws, protruding ears and projections on the dome in black stained wood.

Guided tours of the Williams' collections will be conducted by the Detroit Institute of Arts Education Dept. each Thursday at 12:30 p.m., beginning December 22. The tours meet in gallery 101 and last about half an hour.

Schools' Yule Programs

(Continued from Page 1) Boys on Wednesday, December 21, in the school gym. Richard will exhibit a very special kind of Christmas tree this year, donated by Cub Pack 74. It's a suet tree, (out in the front of the school), so the birds can enjoy the Christmas season also. Stained glass windows will be visible throughout the school, artfully designed by students. They will have their carolling on Thursday, December 22.

Music at Kerby More than 200 students from all grade levels will perform in a musical program at Kerby School. They will sing all the old familiar carols as well as some not-so-familiar ones. The scenery will be arranged by Tom Smith. Janet Riccinto is in charge of the musical program. The Kerby Chorus, a group comprised of select fifth and sixth graders, will also sing.

Both of the kindergarten rooms will have their very own Christmas trees. There will be a large tree in the main hall decorated with student-made ornaments. Monday, December 12, there was the PTA program with a repeat of the musical program and open classrooms. This was also a fine opportunity for the parents to see the unique portable classrooms in operation.

Yule Sing at Mason Edward Behr, of Mason School, will lead a Christmas Sing on Tuesday, December 20. The school orchestra will accompany the students and staff in singing Christmas Carols. As a special treat to the students, a story hour in front of a roaring fire in the library will be taking place, with the children's own teachers reading stories to them. The fifth and sixth grade chorus will go carolling on Wednesday, December 21. Mercedes Jacobs' fifth grade class will perform on Thursday, December 22 in a Christmas play entitled "In a Bird's Christmas Carol." In order to share the spirit of Christmas with those less fortunate the students will bring gifts of food and clothing for the needy.

Ceremony at Monteith At Monteith School on Monday, December 19, the annual Tree Lighting Ceremony will take place. All classes are invited to the foyer and one child will be selected to wave the magic wand that "lights" the tree. Then all the children will sing Christmas carols accompanied by Elaine Asmus at the old-fashioned organ. That same evening, at the Christmas Open House, parents will have the opportunity to view the children's rooms displayed with their Christmas art work. A really original innovation this year will be the taped recorded singing voices of all the children in each classroom accompanied by slides, (made up from the children's own drawings and photographed), which will be flashed on the

screen throughout the evening in the gym. The Christmas assembly will feature short presentations from different classes and will take place on Thursday, December 22. Miss Doherty's sixth grade class has brightened up the front lobby showcase with stained glass windows.

Barnes Chorus Ready Dr. Winifred Fontus, elementary music consultant for the Pointe schools and music teacher at Barnes, will lead her chorus of 80 voices in a Christmas concert, in the Barnes School lobby around the beautifully decorated tree, while the students are returning to school at the noon hour, during the whole last week of school. The orchestra will also play.

The last afternoon of school will be the time everyone will get together in a circle in the gym and sing Christmas carols. Throughout the week Christmas films will be shown and discussed, as well as legends and stories of Christmas in different lands.

Ferry Started Early Ferry School started the Christmas programs a bit earlier by having their Christmas PTA program on Tuesday, December 6. Eight exchange students from the High School were invited to tell about Christmas in their native lands. The Malaysian student and the Japanese student explained about their religious holidays at home. The Ferry students will have their Christmas Sing on Thursday, December 22, for the third through sixth grades.

The school is stressing charitable gift giving this year. Most of the classes are having each student bring a gift for a child in an Inter-City School, who is less fortunate than they are. About 500 gifts are anticipated. Other classrooms have adopted needy families, and still others are donating gifts to St. Joseph's Home for the Aged. The corner of the lobby will be gleaming with a six-foot tree.

Carols at Poupard Over at Poupard School, members of the sixth grade chorus will sing carols for the entire student body from the stairway in the lobby. The lobby will be decorated with a lovely aluminum tree, gaily decorated.

The Christmas Assembly featuring different grades singing carols will be on Thursday, December 22, and for this special day a real Christmas tree will adorn the stage. The staff of Poupard is planning a special treat for the children. They will sing carols for the students on Thursday morning, December 22.

With this schedule of Christmas activities it certainly looks like a MERRY CHRISTMAS for the children in The Pointe.

Library Offers Christmas Film

The special Christmas Film Program will be held at Central Library in the Exhibition Room on December 16 at 6:30 and 7:30 p.m. The same program will be repeated on Saturday, December 17 at 10:30 a.m. at the Woods Branch and at 2:30 p.m. at the Park Branch. The film program has been especially planned to add to the excitement and enchantment of the holiday season for both children and adults.

A LITTLE WILDERNESS - 15 minutes, color - The traditional Christmas story is here depicted in a refreshing manner - as a pageant given by a group of small school children. It is sometimes very amusing, but always reverent and appealing.

WHITE WILDERNESS - 22 minutes, color - Shows various species of the larger wild life to be found in the wilderness of the Arctic region. In this section we see the musk ox, caribou, reindeer, and the wolverine. The wolverine is continually on the move and can handle five times his own weight in combat. (Walt Disney Production)

CHRISTMAS CRACKER - 9 minutes, color. A sparkling film frolic created by Canada's artists and animators. Norman McLaren puts the crackle in the titles and as in all Christmas revels, a jester opens the frolic. It will appeal to all ages.

The evening programs are for children accompanied by adults; the two daytime programs on December 17 are for adults and children too but may be attended by children unaccompanied by adults.

The Grosse Pointe Public Library has Christmas records and tapes available for the holiday season. These items are listed by title and composer in special drawers at the general public catalog in each building.

Chaperoning Teeners' Dance Deafening and Delightful

By Pepper Whitelaw
The dictionary definition of a chaperone is "an older person usually a matron, who, for propriety accompanies a party of young unmarried men and women."

Well, right off the bat I was insulted. Anyway this "older person" and her "older person" husband had the delightful experience of chaperoning at a Junior High School "Teen High" last Friday night.

The sound effects were presented by a lively group of young men who were completely oblivious to the dancing around them — they were so absorbed in producing the "sounds" that sent the teenagers off on cloud nine.

Since this was a holiday teen high the teenagers were "dressed." The boys with neatly combed, although long, front hair, were sporting paisley ties and sports jackets. The girls almost all had long hair and wore crisp party dresses. Contrary to the common belief these teenagers looked great! Neat, sharp and well groomed.

Melt Into Woodwork
A mark of a good chaperone is being inconspicuous. Melting into the woodwork is difficult enough, but when you stand 5'10" in your stocking feet it's a major accomplishment!

The chaperones were put on half hour shifts. The first half hour, we were posted at the rear door with a large white ticked affixed to our shoulders telling the whole world who we were, or I should say whose parents we were—much to the chagrin of our son. Our duties here sounded simple enough but turned out to be not unlike a vaudeville act. We were supposed to indicate to those who wanted to use the exit as an entrance that they should go around to the other side of the building.

Sound simple? Well... the way we found to indicate this was standing to our full height and waving frantically in a half circle... translation — usc other door. I'm sure we must have looked like monkeys in a zoo to these eager teenagers. When we had completed that half hour, we found that we were very lucky... we had drawn two half hour periods in the room where the dancing was taking place.

Can't Possibly Talk
I know why the youngsters don't seem to even know each other when they dance... the noise is so deafening that they couldn't converse if they wanted to. I had been cautioned not to stand around the outskirts of the room and stare, so I tried desperately to focus my near-sighted eyes on my size ten

shoe. Other than bumping into a few dancing teenagers I had no major upsets. The dances are a fast combination of basketball court footwork and calisthenics. Very few of the group stood around and watched. This was a group of doers, not viewers!

One of the biggest surprises for me was that so many teenagers danced the slow dances. This once again involved gymnastics of a sort, because invariably the tall boys would dance with the short girls and the short boys would dance with the tall girls. I assure you this was a sight to behold! But, as we stood there I realized that this lively group had very little need of chaperones. In fact, parents, some adults at parties could tear a leaf from the page of these youngsters book. They were well behaved the entire evening!

Invitation To Dance
While I stood on the rim of the gyrating group, someone tapped me on the shoulder and very politely asked, "Mrs. Whitelaw, may I have this dance?" Well, must I say that I was flabbergasted, flattered and twenty years younger with that one question.

As I turned around to see who this gallant young man was, I realized with a start that this tall, handsome lad was one of our former Little Leaguers whom I remember as a short, chubby little boy. I did so want to get out and try my hand (or my feet) but the look on my husband's face reminded me that dancing wasn't fitting into the "melting into the woodwork" philosophy of the chaperone. So reluctantly I said no to the young gentleman who I am sure was relieved himself.

Fortunately our hour was almost up and I silently thanked goodness, since my hearing had completely left me... all that was left was a throbbing that just wouldn't quit.

Then To Game Room
Our next duty was the game room. A room designed to drive poor chaperones completely out of their minds. Not because of any chaperoning duties, but with the many games of skill so prominently displayed throughout. After completely failing to control a silver ball between two sticks and being unable to throw a string with a hoop on it over a hook, I looked to greener pastures and the ping pong tables... I wasn't ninth grade ping pong champ for nothing! I innocently asked my husband to play... that was my first mistake. My husband is ambidextrous and not above displaying it. Of course, I had the handicap of high heeled shoes. After huffing

and puffing around the table for three games, I finally conceded to the "Champ of Broadstone." I decided to watch the teenagers play—and play they did—expertly too.

End as 'Floaters'
The next part of our duties was "floater"... that is the term loosely applied to the couple that move around rather bewilderedly from cafeteria, to gym, to game room just being available in case any of the other chaperones had been carried off to their psychiatrists. No one needed our services so we just strolled around trying to look inconspicuous.

Suddenly the music stopped! I could actually hear peoples' voices again... it was over! The "group" began packing up their instruments, the teenagers began saying their farewells, and my husband and I began to see how much fun being a Pointe Teenager—66 could be!

Six Honored By Park Council

Following its regular meeting on Monday, December 12, the Park Council paid tribute to four employees, one former employee and a resigned councilman, for their years of service to the community.

Det. Lt. Arnold Hough and Patrolman Donald DelPlace were awarded 30-year pins; Herbert L. Heger, director of Public Service, was presented a 20-year pin; and William G. Griesbeck, an employee of the Public Service Department, was given a 15-year pin.

Also the recipient of a 15-year pin was former Police Sgt. Charles L. French, who resigned from the force last month.

Hough, DelPlace and French, who were unable to attend the presentation ceremony, will receive their pins from Police Chief Arthur Louwers, who accepted them in their behalf.

The awards were made by Mayor Matthew Patterson, who also presented former Councilman William C. Oddy, who resigned two weeks ago, with a Certificate of Appreciation for his 14 years of service to the Park, all of them as a member of the council.

At the time of his resignation,

Women can't help thinking ahead

Who makes the doctor's appointment, confers with the teacher, bakes the birthday cake? Women can't help thinking ahead. The future is where so many of their responsibilities lead. Perhaps that's why so many women approach us first with questions about Trust arrangements and Wills. Why not follow their lead? It's never too soon to talk about estate planning. We'd be pleased to sit down with you and your attorney and discuss it. Just call 222-3488 to make the arrangements.

Isn't it time you bought her a gas dryer?

Wouldn't it make a great Christmas present? Not only for mom. But for all of you. Especially now that wintry days are here.

Just think! No more hanging clothes in the basement to drip, drip, drip all over everything. No more trips to the laundromat two or three times a week. Less ironing to do, too. The new permanent press clothing comes out looking like new. Creases and pleats sharp and in place.

Best of all, Gas is the low-cost way to dry clothes. Does a full load for less than 2¢. Does five loads for the cost of one done with electricity. And that means a Gas dryer pays for itself as you use it. What about service? A recent survey showed that of 300 families interviewed, costs for service averaged less than 20¢ a year. Most of the families interviewed had no service at all over a 5-year period.

See the latest Gas dryer models on display at your dealer's or our showrooms. Easy terms can be arranged. And right now, installation is free. Merry Christmas. And happy drying.

Two Cars Tangle At Intersection

David MacMechan, 536 St. Clair avenue, driving north on Lincoln road on Tuesday, December 6, stopped at Kercheval avenue and then proceeded to make a left turn. He did not see the car of Carol Joyce Crook of 16916 Village lane, coming west on Kercheval.

The Crook car struck the MacMechan car on the right side, pushing it 9 feet over the curb. Both cars were towed away. No estimate of the damage to the two vehicles was available.

A ticket was issued to MacMechan for having no valid operator's license on his person and for failure to yield the right of way.

Action Days For GOP Teens

The action is hot and heavy for Teen-Age Republican Citizens—14th District (TAR-C 14).

At the group's last meeting, the chairman moved to fill vacancies in areas where resignations have resulted in a loss of personnel. Appointments were as follows: executive vice chairman, Bob Meola; vice chairman, John Freeman; executive treasurer, Dave Squibb; and executive corresponding secretary, Dale Duda.

A victory party was scheduled December 10, from 7:30 to 12 o'clock, with refreshments and entertainment, at 14th District Republican Headquarters, 10711 Whittier road.

The Teen-Age Republican Citizens 14th District will have as their guest speaker at their next general membership meeting William McGlaukin, executive vice-chairman of the Republican State Central Committee. Mr. McGlaukin also serves as Republican Campaign Coordinator for the entire state of Michigan and thus will be well qualified to give a report on the victory at the local, state, and national levels.

The next general membership meeting will be held at Republican Headquarters, 10711 Whittier, at 7:30 p.m. on Monday, December 19.

At the last meeting the chairman unveiled plans to assist the United States Marine Reserve in collecting new and used "Toys for Tots" and distributing them to the underprivileged children in the area. Last year the Marine Reserve joined in with teenagers across the country to collect over 3,000,000 toys for tots. In the Detroit area alone over 35,000 toys were collected. Any one interested in donating new or used toys, helping to collect them, or make a contribution to buy toys, helping to collect them, or make a contribution to buy new toys please contact Gary Klueck, Chairman Teen-Age Republican Citizens 14th District, at 838-7506.

Two Girls Hurt In 3-Car Crash

Samuel P. Chance III, 19, of 2650 Fairview, Detroit, was charged by Farms police on Sunday, December 4, with running through a red light and causing an accident. Three vehicles were involved in the collision and two persons were injured.

Police said that total damages to all vehicles involved amounted to an estimated \$1,500.

Miss Janet Thornton, 20, of 1624 Gray, Detroit, was conveyed to Cottage Hospital by Farms firemen, for treatment of a cut right knee; and Miss Denise Manzo, 20, of 19748 Kenosha, Harper Woods, was taken to St. John Hospital by police, for treatment of a cut on the right ankle and temple, and also treated for a pain in the shoulder and both knees.

An accident report revealed that John A. Trevillian, 23, of 19724 Kenosha, Harper Woods, was traveling south on Moross and entered the intersection at Kercheval and struck the right side of a car driven by Chance, who was driving west on the avenue, and who claimed he attempted to stop for the red light, but his brakes failed.

Chance's vehicle spun around and hit a car stopped and facing east on Kercheval and waiting for the red light to change. Driver of third automobile was Thomas E. St. Croix, 32 of 28004 Jefferson, St. Clair Shores.

Miss Thornton was a passenger in Chance's car, and Miss Manzo was riding with Trevillian. Both girls were sitting in front seats.

Police reported damage to the front end of Trevillian's car, to the right side of Chance's, and to the left side of St. Croix's vehicle.

Burglar Visits Blondell Home

A burglar broke into the home of the Thomas E. Blondells, 1129 Cadioux road, while the family was absent, and ransacked two bedrooms and damaged the door of the linen closet, according to a report made to Park police on Sunday, December 11.

Entry into the house was made by breaking the glass of the rear door.

Unable to get into the linen closet to search, the intruder "borrowed" Blondell's power saw to cut a hole in the door to release the lock. It was not disclosed if anything was taken from there.

All that could be found missing, Blondell said, were four silver dollars, taken from one of the bedrooms.

THE CURTAIN CALL. It is true that all the world's a stage, and most people want to occupy the critic's seat.

Cisler Honored In Washington

Walker L. Cisler, Detroit utility executive, Wednesday, December 7, was awarded the Agency for International Development Certificate of Co-operation for his voluntary work with foreign participants

studying or training in the United States. William S. Gaud, Administrator of AID, made the presentation of the citations in Washington, D.C.

"Walker Cisler was one of the first men I heard about when I came with AID on his own help and that of his company have been enormous," Gaud said at the award ceremony in his office.

"There is still so much to be done," Cisler replied, "and we hope to be able to continue to share this work which gives me a great reward in living."

Cisler, 69, is president of the Detroit Edison Company and prominent in the atomic energy and public utility field.

Cisler and a special staff for many years have provided training to AID participants in public utilities, power generation, distribution and the building of nuclear plants.

He is the president of the Foundation for Peaceful Atomic Development and head of several companies, organizations and educational institutions. He resides at 1071 Devonshire road, Grosse Pointe Park.

Honor Bestowed On Dr. Livingood

Dr. Clarence S. Livingood of 345 University place was elected president of the American Academy of Dermatology, the world's largest organization of skin specialists, at the 25th annual meeting of that organization in Miami, Fla. last week. He succeeds Dr. Herman Beerman of Philadelphia.

Dr. Livingood is chairman of the Department of Dermatology at Henry Ford Hospital. A former professor of dermatology at the University of Texas Medical School at Galveston and at the Jefferson Medical School in Philadelphia, Dr. Livingood is also Secretary of the American Board of Dermatology.

He has been a Pointe resident for five and a half years.

Firemen Offer Timely Advice

With Christmas just around the corner, the City Fire Department has come up with some suggested methods of preparing Christmas trees for use in the home.

1. The trunk of the tree should be freshly cut at least one inch above the original cut and then placed in a container of clear water at least 48 hours before use.

2. A Christmas tree stand with a container for water should be used and the water level in the stand maintained during the entire period the tree is in use. If a stand with a container is not available, use an ordinary stand and place it in an ordinary container of water.

It was also suggested that all the wiring on Christmas tree lights should be checked before putting them on the trees. Replace all frayed wiring.

Many Windows Reported Broken

Three reports within three hours on Sunday, December 11, came into the City Police of broken windows on Mack avenue.

A radio report from the Farms police reported several broken windows at the Mobile Station at Mack and Fisher. There were nine windows broken in all.

Then Officers Richard Lanski and William Plumb reported a large storm window at the rear of 18136 Mack avenue was broken by persons unknown. Tracks in the snow led from the alley to within inches of the window.

Minutes later Plumb and Lanski discovered the upper sections of storm doors at the rear of 17738 Mack broken.

Police are investigating.

Maire School Produces Play

The Field Piper of Hamelin created almost unsolvable problems for the childish parents of the famous Robert Browning poem. Truly, a town without children, especially at Christmas time has its problems.

The sixth grade pupils of Marie School are producing a musical variety show which helps solve the dilemma. The play, "Christmas Comes to Hamelin", utilizes the talents of 90 children in over a dozen songs and dances.

Philip Wettengel plays "The Stranger" who convinces the town people to adopt the talented orphans of a nearby town so that Christmas can again be properly celebrated and enjoyed by the children and the people of Hamelin.

Eric Abrams plays the Mayor, Dale Hohlfeldt, the Toyman, Deborah Makos is the Field Piper, Randie Richner is Rosemary, and Kellie Davis is Miss Jenkins, the "cold, cheerless woman" who runs the orphanage.

Joanne Foresman is the Dancing Doll in her beautiful ballet dance. The only first grader in the play, Amy Jo Kackley, nearly steals the show as she sings a solo of "Look to the Rainbow".

Museum Offers Nostalgic Show

Today's young people are hard-pressed to remember what Christmas was like without remote-controlled robots, talking dolls, cake and cookie mix and aluminum Christmas trees, but this year's holiday visitor to Henry Ford Museum will glimpse nostalgic portions of earlier American Yuletides.

Recalling an era when almost all Christmas gifts and decorations were made in the home, skilled Museum craftsmen will demonstrate arts that have disappeared from the American scene. This special exhibition, "The Crafts at Christmas," continues daily through December 31, with the exception of Christmas Day.

Working before a backdrop of antique toys, a candlemaker will pour bayberry holiday candles. A woodcarver will create toy soldiers and animals and a glassblower will fashion Christmas tree ornaments. Nearby a potter, pewterer, printer and dollmaker will demonstrate their skills. A Baker will make cookies from 19th century recipes, and the tinsmith will form toys and household articles.

The beauty and simplicity of the craftsmen's work is a vivid reminder of Christmases past and is high on the list of things to see for the holiday visitor to Greenfield Village and the Henry Ford Museum.

The first requisite in solving any problem is self-confidence and clear-thinking.

Pierce School Giving Concert

Pierce Junior High School will say "Merry Christmas" to the community in its December 15 Christmas Concert at 8 p.m. in the auditorium.

Everyone is invited to hear a program of old and new favorites sung by the Eighth Grade Chorus, Boy's Glee Club, Ninth Grade Chorus, Girl's Glee Club, Seventh Grade Chorus and Mass Chorus.

As the singers enter their final week of rehearsal such favorites as "The Little Drummer Boy," "O Come All Ye Faithful" and "Alleluiah! Sing Praise Unto God" are being polished to perfection, to put everyone in a holiday mood.

In the background a Christmas pageant will be performed. Following is the cast: Mary, Sara Sweeny; Joseph, Henry Schmidt; angels, Karen McGreevy, Sarah Burns; Martha Condou; wise men, Bob Bowerman, Peter Osetek, Tom Rbeiganti; shepherds, Gary Guertler, Tom Filliben, Jim Graves; narrator, Skip Shirer.

Do You Wish Christmas Meant More To You?

Do you find yourself tiring of the tinsel and gift-giving pressure of holiday time?

Christ Jesus gave a great gift when he said:

"A new commandment I give unto you... love one another." This love goes beyond loving only one's family and friends.

The Bible and Christian Science literature can help you discover this deeper sense of love. You're welcome to read them in our CHRISTIAN SCIENCE READING ROOM

Among the most fascinating... of this year's Grosse Pointe Christmas projects is a Very Special Tree, decorated by members of the Woman's Society of Christian Service, Grosse Pointe Methodist Church.

For it's not the "usual" Christmas tree, hung with colored balls, tinsel and candy canes. This tree's decorations are "Chrismons," and each has a Very Special Meaning...

A "Chrismon"... is a combination of parts of two words: Christ and monogram. Early Christians used these symbols in jewelry, utensils, doors, in catacombs or in buildings to designate meeting places of the Church...

All Chrismons are made in combinations of white and gold. White is the traditional liturgical color for Christmas, and gold signifies God's majesty and glory...

Tiny white lights... at the top of the tree point to Christ as the Light of the World. Instead of a star, a crown rests on the uppermost branches...

The Sun of Righteousness, represented by rays of the sun surrounding a circle containing the XP symbol for the Son who brings light and life into the world...

The Crown, symbolizing the Kingship of Christ and the promise of the crown of eternal life to those who follow Him... The Greek Cross... The Eight-Pointed Star, adopted during Roman persecutions as a "concealed" symbol; it refers to man's regeneration through baptism...

The Cross and the Globe, signifying Christ's dominion over the world... Three Entwined Circles, a symbol for eternity and the Trinity... The Jerusalem Cross, representing the Old Testament prophecies of a Savior; its four smaller crosses symbolize the Good News taken to the four corners of the world...

The Fish, one of the most familiar Early Christian symbols. As early as the Second Century, Christians used the Fish to symbolize Christ. Fish were drawn on walls to direct worshippers to meeting places...

The Triangle and the Trefoll. The Triangle symbolizes the Trinity, three distinct parts united in a perfect whole. The Trefoll, also of three equal parts, (a modified design of three circles), suggests the eternal nature of the Father, the Son and the Holy Spirit...

The Descending Dove, a widely recognized symbol of the Holy Spirit, described in all four Gospels. The white, (for innocence and purity), Dove descending in a circle indicates the Holy Spirit sent by God to man through Jesus as Comforter and Counselor...

The Serpent in the Tau Cross. The cross, shaped like a Greek letter, was used by Early Christians rather than the more obvious forms because, according to tradition, the Israelites used it on door-posts to save their first-born. It is also said to be the type of cross on which Moses lifted the brazen serpent...

The Circle and the Seven Doves, representing the Seven Gifts of the Holy Spirit: Power, Wealth, Might, Honor, Glory and Blessing...

And there are still other Chrismons on this year's tree, with more to come in the years to come. The Grosse Pointe Methodist Church Woman's Society plans to make the Chrismon Tree a continuing project. It's already a remarkable—and, we think, a very moving—one...

PILFERINGS

A Boston mother was pleased but puzzled with the Christmas card her son brought home from kindergarten. It showed a scraggly-looking tree with presents dangling from it, and in the center something that looked strangely like a bullet.

Explained the youngster: "It's not a Christmas tree—it's a cartridge in a pear tree."

—Reader's Digest

They were a nuisance, but the old-fashioned kind of Christmas tree lights taught the family a valuable lesson—the whole strand was only as strong as its weakest bulb. —Bill Vaughan, Bell-McClure Syndicate

Know Your Schools

by J. Harold Husband, Acting Superintendent The Grosse Pointe Public School System

QUESTION:

When Grosse Pointe High School North opens in the fall of 1968 will its teaching staff be composed completely of new teachers from outside the system?

ANSWER:

In January of 1967 we plan to survey the present teaching staff members on their preferences in assignment for the 1968-1969 school year. Some elementary teachers currently on a grade 5-6 cycle in the schools will be needed in the proposed middle school containing grades 6-7-8. Some current junior high school teachers will be needed in the two senior high schools, both of which will house grades 9-10-11-12.

The proposed January survey is nothing new in the Grosse Pointe Public System. For many years we have used it as a means of ascertaining staff preferences. However, with the proposed reorganization of the schools, it does take on an additional dimension of importance.

Considering the expansion of the plant, there is no doubt that we shall have to add a number of teachers new to the system at the beginning of the 1968-1969 school year. But at this time it is impossible to say where they will be assigned. We are reasonably certain that the staff of the three middle schools and of both the senior high schools will represent a balance—experienced teachers from within the system complemented by the best in teaching talent we are able to secure from outside our system.

What Goes On at Your Library

By Virginia Leonard

Hey, Christmas is coming! Have you finished your Yuletide shopping? No? (Candidly, neither have I!) If Uncle Ben or Cousin Mathilda haven't been remembered yet, how about a book—or two? And if so, what's new that they would enjoy? Let me list for you a few recent books which are being advertised and shown in book stores, and might appeal to a friend or relative.

I might as well start out with my favorite novel of the moment (mentioned before in this column). — THE SECRET OF SANTA VITTORIA by Robert Crichton. Here is a wise and comic tale about a great cache of wine in a small Italian town—a town that outwits the Nazis as to the whereabouts of 1,350,000 hidden bottles of vermouth. And currently this is Number One on the Best Seller list.

What about PAPA HEMINGWAY by A. E. Hotchner? Here is a discriminating portrait of this well-known author by one of his friends and travelling companions.

If you are an aficionado of the fine Jewish literature that is coming our way these days, you may enjoy THE FIXER by Bernard Malamud. Somber and sober, but well written, it is the story of a Jewish laborer who was wrongly charged with ritual murder; it is the model for this fictionalized version of the notorious case in pre-revolution Russia.

Rebecca West has a new novel—THE BIRDS FALL DOWN. It is a verbal duel between an exiled Russian count and an old friend who is now a terrorist on a mission of murder.

How about a suspense thriller, TREE FROG, by the British author, Martin Woodhouse? The story revolves around the development of a photoreconnaissance plane able to fly over great stretches and record whatever secrets they hide.

Are you a biography buff? We can suggest WINSTON, S. CHURCHILL: YOUTH, 1874-1900, by Randolph Churchill. This is the first book of a planned five-volume biography by the son this famous British statesman. Or perhaps Robert Frost is your cup of tea.

ROBERT FROST: THE EARLY YEARS, 1874-1915, by Lawrence Thompson would interest you. Here, a friend and confidante of many years separates the man from the myth, and shows the poet as a somewhat irascible young man.

And still the Kennedy books come along. WITH KENNEDY, by Pierre Salinger adds interesting recollections and observations about Presidential press relations.

Do you remember Anita Loos and her GENTLEMEN PREFER BLONDS? If so, you will want to curl up with her latest, A GIRL LIKE I, the autobiography of a charming and witty author.

Topping the non-fiction, Best Seller list currently is EVERYTHING BUT MONEY, by the irrepressible Sam Levenson. Here is an anecdotal, preceptive volume recalling this teacher-turned-humorist's childhood in East Harlem, where, he said: "My environment was miserable; I was not!"

British author Lionel Davidson has given us MENORAH MEN, a tale set in modern-day Israel and dealing with an expedition seeking the true Menorah, the candelabrum symbol of Judaism.

The normally happy British satirist, Kingsley Amis has turned somber in his THE ANTI-DEATH LEAGUE, showing us what happens when a military unit goes about deploying the development of a new tactical nuclear weapon on a cover-up for a much worse instrument of death.

Allen Dulles was the director of the Central Intelligence Agency from 1953 to 1961. In his SECRET SURRENDER he relates his greatest personal achievement as an undercover agent—engineering the first great Nazi capitulation of World War II.

Another new novel is A DREAM OF KINGS by Harry Mark Petrakis. The author, Cretan by origin, again works through his favorite theme—father-son relationships and conflicts between the generations. This time the story concerns a Cretan gambler in Chicago who yearns to go home again.

If you enjoy science fiction, there is TIME PROBE: THE SCIENCES IN SCIENCE FICTION, compiled by Arthur Clarke. Here are assembled eleven stories in one of the best anthologies of this type in recent years.

We grant you that there are many, many other books, old and new, which would make excellent Christmas gifts. We have only listed some worthwhile adult titles from one stratum. If you want further ideas, do visit your book stores and libraries.

Letters to the Editor

Dear Editor:—

With Christmas in the air and much snow on the ground, I'm hoping you could find a small corner in your next edition to remind our residents how helpful it is when they remember to feed the area birds

and other ground creatures. Also provides an excellent opportunity for children to develop a respect and love for wildlife.

Sincerely, ALBERT C. HOWE, DDS.

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

We dare every "Bah! Humbug!"-er in Grosse Pointe to gather at the Central Library, Kercheval avenue and Fisher road, Monday evening, for a program of Christmas carols, presented by the Grosse Pointe Chamber Singers, and a reception honoring that Very Special Person, Miss Melita Roemer.

We defy any Scrooge in town to maintain his Scrooge-ness in the face of a genuine outburst of community holiday spirit.

The carol program, beginning at 8:30 o'clock, promises to be a special treat for all ages and a truly fitting Christmas party for the whole family. The Singers' repertoire includes traditional English songs—"The Boar's Head Carol," "Lullay My Liking," "Balulalow"—contemporary pieces by Poulenc, Joubert and others... and a special selection of "Bach's Greatest Hits."

Then there'll be the reception, arranged by the Friends of the Grosse Pointe Library, honoring Miss Roemer, about to retire after 34 years with the Library.

She's presently chief of the Central Library and assistant director. She's served as corresponding secretary for the Friends for many years. In every position she's held, she's been invaluable.

Her many Friends and friends are looking forward to honoring her and wishing her well in her avocation of World Traveler.

Back now, to the Chamber Singers: They're a "young" group, founded in 1958 by Donald Simmons as a semi-chorus performing with the Grosse Pointe Community Chorus.

They've appeared at Fries Auditorium, at Oakland University, on Channel 56, for the Detroit Chamber Music Workshop and at a previous program with Alice Lungenshasen for the Friends last January.

Singers members include Nancy Wilson, Jan Wollard and Jeanne Zech, sopranos; Lois Johns, Helen McConachie, Nadine Small and Marilyn Stockwell, altos; Dick Johns, Bill Kelly and Ed Griswold, tenors; and Steve Hauser, Jerry Hughes, Dick Trim, Bob Wollard and Roger Finch, baritones.

They Want A White Christmas

Life in sunny California sounds like Rainbow's End to those of us who shiver through Michigan's (seemingly) interminable winters, but quite a few of our West Coast expatriates insist upon coming "home" for a White Christmas, (we have to remember: For THEM, snow's a novelty!)

The Charles Wilmots and their daughters, Kim, now six, and Kelly, three, have been making the holiday pilgrimage back to The Pointe for years.

They're arriving the 23rd, plan to return to their (Continued on Page 21)

LIEUTENANT (i.g.) JAMES CULOTTA, son of MR. and MRS. ANTHONY CULOTTA, of Beaconsfield avenue, will be home on a 30-day leave for the Christmas holidays. Lt. Culotta served as a Deck Officer aboard the Destroyer USS Chevallier for seven months off the shores of Vietnam.

MR. and MRS. FRANK A. REID, of McMillan road, are home after a three-week vacation in Florida, during which they relaxed at "The Colony" on Samibel Island, visited Everglades National Park and rendezvoused with former Pointers MR. and MRS. OSCAR F. KEYDEL, of Boca Raton.

Entertaining at a pre-Christmas cocktail party in their Radnor circle home December 18 will be MR. and MRS. JAMES S. HARLAND.

Marine Private ANDREW W. BAKER, son of MR. and MRS. FRANK W. BAKER of Rivard boulevard has been graduated from eight weeks of recruit training at the Marine Corps Recruit Depot in San Diego, Cal.

MR. and MRS. DANIEL D. JACKSON, of Edgemere road, announce the adoption of a son, DANIEL DOLD JACKSON JR., born October 13, adopted December 5. Mrs. Jackson is the former BETTINA STROH, daughter of MR. and MRS. JOHN W. STROH, of Lakeshore road. Paternal grandmother is MRS. H. C. L. JACKSON, of Grosse Ile.

MARK ROBERT WEBER, son of MR. and MRS. ROBERT F. WEBER, of Lakeshore road, a member of Zeta Chapter, Phi Gamma Delta Fraternity, at Indiana University, has been elected to the Sophomore Class Council of the University and is currently the Council's fundraising chairman. Mark, a pre-Med student, is also serving on the Board of Directors of the Circle K (Kiwanis) Club and is an active member of the Indiana State Young Republicans. He's served in the Inter-Fraternity

Counting The Days 'Til Matinee

A special treat is in store for Grosse Pointe youngsters this Christmas vacation, three special matinee showings of a feature film, "The Outlaw Stallion," plus cartoons, at 10, 1 and 3 o'clock Wednesday, December 28, in Fries Auditorium, Grosse Pointe War Memorial. Counting the days until the performances are, (left to right), GRETCHEN SCHAFER, TOM DAVIE, KATY HEG-LIN, JOHN DAVIES, GEORGEA ANN

GARDELLA and RAY SPITZLEY. The film programs' co-sponsors are the War Memorial and the Grosse Pointe Motior Picture and Television Council. Tickets are 50 cents each and may be obtained in advance through Motion Picture-TV Council P-TA or Church School delegates, or at the War Memorial office. The box office at Fries Auditorium will open 20 minutes prior to show time.

Children's Matinee Set For Holidays

Three Showings Of Movie, "The Outlaw Stallion," Plus Cartoons Scheduled For December 28 At Grosse Pointe War Memorial

"Adults Only" . . . "Recommended for Mature Audiences Only" . . . these are the labels given to most movies being shown in movie theaters today! What about the children? Is there no movie entertainment for them?

The Grosse Pointe TV and Motion Picture Council is concerned about the lack of movies suitable for children . . . and they are doing something about it!

On Wednesday, December 28, at Fries Auditorium, the Grosse Pointe War Memorial and the Council will present a two-hour show especially for youngsters. A feature, "The Outlaw Stal-

lion," plus cartoons will be shown at 10, 1 and 3 o'clock. Tickets are 50c through P-TA or Church School delegates, or may be purchased at the War Memorial office in advance. The box office at Fries Auditorium will open 20 minutes prior to show time.

Proceeds from the movie will help defray expenses. If this pilot program is well-received, more children's matinees will be forthcoming. Thirty-three Grosse Pointe schools and churches comprise the TV and Motion Picture Council, a non-profit community service dedicated to better entertainment. This is an opportunity to plan a December birthday theater party, or a holiday treat during the Christmas vacation.

"The Outlaw Stallion" is a story based on one of the West's most colorful legends, a drama of a boy's love for his horse and how he has to prove his beloved white stallion is not a killer. There is a heart-warming tenderness as the stallion is rescued from a quicksand pit. The tale is designed to interest both elementary and junior high students.

Arrangements for the matinees have been made by chairman Mrs. Joseph H. Spitzley, assisted by Mrs. Gerald E. Warren, Usher committee; Mrs. Lewis D. Davies, Poster committee; Mrs. Edward F. Kliber, Jr., Public Relations; Mrs. William J. McLaughlin, Mrs. William R. Brownell and Mrs. C. Philip Lundell, coordinators.

Council as chairman of "New Fraternities on Campus," and serves the Indiana University Union Board as a member of the Steering committee for the President's Ball.

MR. and MRS. DAVID SMITH (Ellen Hribar), of the Peace Corps, are returning for a visit with their respective families, the DAVID SMITHS, of Fairholme road, and the LOUIS HRIBARS, of Brys drive, after an on-the-job training session in Puerto Rico, prior to leaving for a two-year assignment in Costa Rica. They arrive Saturday, December 17, and will stay through December 26. The young Smiths spent three months studying at Texas Tech, Lubbock, Tex., before embarking on their month's assignment in Puerto Rico.

DANIEL DE BORRERO BORRERO, of Bogato, Colombia, is an exchange student from the Javeriana University in Colombia and is living with the FRANK McDONALD'S of Audubon road. Daniel is attending the University of Detroit for his program in an intensive English course with Campus Orientation lectures and sightseeing tours conducted by the Coordinators of the Human and Intercultural Re-

lations Committee. He will spend the next two months in Grosse Pointe.

Among the 32 students at Michigan Technological University named to "Who's Who Among Students in American Universities and Colleges" are MICHAEL P. HEALY, son of MRS. DOROTHY B. HEALY, of Balfour road, an Electrical Engineering major, recipient of the Radford Company Scholarship, and THOMAS E. ROOD, son of MR. and MRS. EDWARD A. ROOD, of North Oxford road, also an Electrical Engineering major, who was awarded the Detroit Edison Company Scholarship.

Among the 63 students from Michigan who registered this fall at the University of Denver are Pointers SUSAN TRACY, of Lakeland avenue, INGRID WORTMAN, of Audubon road, CAROL HOLLERBACH, of Lewiston road, SHELLA JORDAN, of Blainmoor court, HUGH LOUD, of Sheldon road, JULIA MACPHERSON, of Woodland place, JOHN PEABODY, of University place, and ANTHONY STROH, of Lakeshore road.

Carol Alma Dhooge Wed To Lt. Pinkos

Newlyweds Are Vacationing In Ocho Rios, Jamaica, Following Ceremony In Our Lady Star Of The Sea Church

A gown of dulcette satin, accented with appliques of re-embroidered Alencon lace and featuring a Chapel train, was Carol Alma Dhooge's choice for the Friday evening ceremony at which she became the bride of Lieutenant Gerald P. Pinkos, USA.

Her triple-tiered, elbow length illusion veil fell from a double crown of pearls and crystals. She carried a bouquet of white Sweetheart roses, centered with a white orchid.

The new Mrs. Pinkos is the daughter of Mrs. James Smith, of Mount Clemens, and Harold F. Dhooge, of Allard road. Her husband is the son of Mr. and Mrs. Benjamin Pinkos, of Broadstone road.

Father Ralph Barton officiated at the 6:30 o'clock ceremony, in Our Lady Star of the Sea Church. A reception at Hillcrest Country Club followed the rites.

Gordan-Irwin Troth Is Told

Mrs. Manley E. Irwin, of St. Mary's avenue, Detroit, is announcing the engagement of her daughter, Alice Jeannette, to Edgar G. Gordon, Jr., of Neff road, son of Mrs. Edgar G. Gordon, of Monroe, and the late Mr. Gordon.

Miss Irwin, who is also the daughter of the late Mr. Irwin, was graduated from Michigan State University, received her Masters degree from the University of Michigan, studied in Japan and is currently studying and working on a fellowship at the University of Michigan.

Symphony Gets Kresge Grant

A Kresge Foundation grant totaling \$200,000 has been awarded to the Detroit Symphony Orchestra. It has been announced by Robert B. Sempie, Symphony president.

Under terms of the grant, the Foundation plans to give the Symphony \$40,000 annually over a five-year period starting in 1967.

"The Kresge Foundation has given the Symphony flexibility in utilizing the gift," Sempie said. "The funds may be used, for example, to finance the appearance in Detroit of a greater number of the world's noted musical personalities and even to introduce a new and special series of concerts."

"The grant will be of direct and vital assistance in reaching a larger and more diverse audience in our recently expanded, near year-round operation," he said.

Symphony officials are now developing exploratory programs that will be financed largely by the Kresge Foundation grant.

In announcing the gift, Sempie said, "We are deeply grateful to the Kresge Foundation and are fortunate that the trustees recognize and encourage in this way the growing cultural aspirations found in today's Detroit. It will mean accelerated growth for us and even closer rapport between the Orchestra and its public."

William H. Baldwin, president of the Kresge Foundation, said, "As one of the nation's outstanding orchestras, the Detroit Symphony is a vital cultural asset and an effective force for good in the community."

"The Kresge Foundation is pleased to participate in the Orchestra's forward-looking program. It is our hope that the grant will serve to assist the Symphony in realizing its goals of even higher excellence and greater service to the citizens of the Detroit area."

A pessimist spends his time looking for sympathy instead of trying to figure a way out.

Liggett Exhibits Painter's Work

Bernice (Mrs. Curtis) Carmichael, of Bishop road, will present a retrospective show in the main hall of the Liggett School in Briarcliff drive January 4 through 21.

The show will present 25 years of development and has been designed to demonstrate how incidents in life influence changes in style. Constant search is vital to an artist's development and brings about the varying techniques which make a review such as this so interesting.

A native of Detroit, Bernice Carmichael started painting at an early age. She was one of two students chosen from high school for special training under the tutelage of Reginald Bennett. For a period of three years she studied with him at the Detroit Institute of Arts.

Later, she studied at the Society of Arts and Crafts, and with numerous private teachers including G. Luder-woski and Clifford West from Cranbrook, and under sculptor master Fer-

enc Varga. On three trips abroad she planned a program of independent studies in the museums of Belgium, France, Italy and England.

In 1959 she was one of 39 chosen in the Midwest to exhibit in the National Pennsylvania Academy Show. Her spray painting entry was one of the earliest examples of such technique in the Tachist style.

Bernice Carmichael had her first one-man show in 1958 at the Galerie Galaxie in Detroit. Later, she was invited to exhibit at the Downer Seminary School in Milwaukee, where a review of non-objective style was shown.

From here she entered a competition at Ligoa Duncan Gallery and was invited to show in New York. During this show, the famous Raymond Duncan, artist, poet and brother of renowned dancer Isadora Duncan, invited her to show at his gallery on the Left Bank in Paris.

Bernice Carmichael has been

the recipient of many prizes for painting and sculpture. Among purchasers of her early paintings were Mrs. Henry Ford, II, Mrs. Edsel Ford, Mrs. Roy D. Chapin, Alvan Macauley and many others in the Grosse Pointe area. The paintings were purchased from the Detroit artists Market. The sale of the works was an incentive.

In recent years, she has served on the board of the Michigan Academy of Science, Arts and Letters, Grosse Pointe Artists Association, Detroit Woman Painters and Women's City Club of Detroit. She is on the board of the Scarab Club in Detroit where she presently has her studio.

Through Mayor Matthew Paterson of Grosse Pointe Park she has recently been asked to serve on the new Cultural Committee of Michigan as an appointee of Governor George Romney.

In a court of public opinion, it's only natural that a man should decide in his favor.

Christmas Tree Goes 'Way Back'

The lights of the Christmas tree, most beautiful when reflected in the eyes of a child, will bring peace and joy to millions of homes again this season, as they have for centuries.

But how did it begin? Why do we connect trees and lights with the birth of the Babe whom Christians consider the Messiah?

There are several stories about the origin of the Christmas tree. People in Scandinavia once worshipped trees, and, explains World Book Encyclopedia, they made evergreen trees part of Christian festivals when they became Christians.

One legend tells how the first Christmas tree was shown in a miracle to the English missionary Winifrid (later called Boniface). More than 1,200 years ago, while traveling in what is now northern Germany, Winifrid found a group of heathens at an oak tree, about to sacrifice a child to the god Thor.

Winifrid stopped the sacrifice and cut down the "blood oak." As the oak fell, according to the legend, a young fir tree appeared. Winifrid said the fir was the tree of life, representing Christ.

The Germans probably were the first to decorate Christmas trees. They used stars, angels, toys, gilded nuts, and candies wrapped in bright paper, and later added tinsel and lighted candles. Scandinavians at one time trimmed their trees with little flags. Now they also use cookies, apples, and gilded nuts.

In the United States and Canada, homemade paper ornaments, candy canes, and strings of cranberries and popcorn were popular before the advent of shiny colored balls and strings of colored electric lights.

Lights at Christmas represent Christ as the Light of the World. According to one story, Martin Luther put lights on his trees to

represent the glory and beauty of the stars above Bethlehem on the night of Christ's birth.

In the United States and Canada, many churches hold candlelight services on Christmas Eve. People in Ireland, World Book says, leave a candle burning in the window. In The Netherlands, on the eve of Epiphany, young men carry the Christmas star—actually a lantern containing lighted candles—as they stroll through the streets singing hymns and carols.

No matter what the origin, the tree ablaze with lights is something we remember from our earliest childhood . . . and something the very youngest children will begin to learn this Christmas.

Dominican Family Day

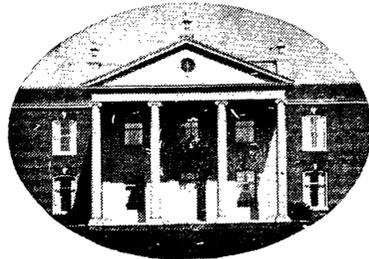

Dominican High School graduates gathered for the Dominican Alumnae Annual Family Day December 4, in the school cafeteria.

Woods Presbyterian Teens Staging Play

Chancel Drama, Written And Directed By Mrs. Louis Bambas, To Be Presented December 18 In Church Sanctuary

"Born, 1966" is the provocative title of the religious drama to be presented by the young people of the Grosse Pointe Woods Presbyterian Church on Sunday evening, December 18, at 7:30 o'clock.

Written and directed by Mrs. Louis Bambas, "Born, 1966" is a departure from the usual Christmas play.

A Chancel drama, it will be performed in the Sanctuary of the Church by a cast of 15 Senior High students wearing choir robes and capes—often decorated with symbols—rather than the usual costumes of the familiar Christmas pageant.

In the interlude between prologue and epilogue, discussion will be held antiphanically between the Sanctuary chorus and the actors who represent the world of today. This discussion will clarify and interpret the action of the play.

No scenery will be used, but concealed platforms will elevate the players, and the lighting

will serve to focus attention on the action itself. Stylized dance movements will emphasize the theme of the drama—a theme of religious values revealed in the motivation of the main character.

Expressed in the language of today's youth, points of the play are made by shock technique in terms of satire and violence. The Nativity scene will be portrayed, but in the same mood and costuming of the play in general.

The play in its entirety is designed to weld the past and present into an intelligible show. It is completely devotional in nature. This is underscored by the use of a 14th collect selected expressly for the occasion.

Sisters Auxiliary Planning Party

A huge Christmas tree in the entrance hall of the Dominican Sisters of the Sick Poor headquarters, St. Ann's Convent, in West Boston boulevard, will welcome friends and benefactors to the 35th Christmas party sponsored by the Sisters Auxiliary Sunday afternoon, December 18, from 2 until 5 o'clock.

Arrangements for the festivities are in the hands of the Board of Directors, with president Mrs. Joseph J. Churches acting as general chairman.

The Dominican Sisters of the Sick Poor, a professional nursing order, give free care in the home to needy individuals and families throughout the metropolitan Detroit area, regardless of race or creed.

At the traditional Christmas party, the Sisters and Auxiliary officers unite in greeting their friends.

The Sisters' efforts are intensified during the holiday season to supply a few extras in food baskets, such as bedside Christmas trees, small wreaths, a warm sweater or slippers. The Sisters' work is financed solely by fund-raising activities of the Auxiliary, known as the "Friends of the Sick Poor."

Helping with arrangements for Sunday's party are Miss Margaret Bradford, Mrs. Harry Dunn, Mrs. Charles T. Fisher, Mrs. George Van Antwerp, Mrs. Emmet E. Tracy, Mrs. Carl Kamhout and Mrs. W. E. Tomicic.

In charge of the always-popular "Santa's Gift Pack" are Mrs. Jerry T. Flanigan and Mrs. L. Verne Ansel.

Entertaining at old-fashioned eggnog parties December 16 and December 18 will be MR. and MRS. FRANK J. SLADEN, JR., of Briarcliff drive.

Actress and 'Understudies'

Eighteen "Understudies," engaged in raising funds for Wayne State University's Hilberry Classic Theater, gathered recently at the Provencal road home of MRS. EMMET E. TRACY, (second from left), to plan the fourth annual \$100-a-couple President's Preview performance January 7. Pictured with actress INGRID SONNICHSEN, costumed for her role in "The Rivals," scheduled to usher in Hilberry's new season, and Mrs. Tracy, are "Understudies" MRS. JOHN WENDELL ANDERSON, II, of East Jefferson avenue, (left), and MRS. JOSEPH A. VANCE, JR., of South Deeplands road.

'Understudies' Raising Funds

More than \$17,400 in actors' fellowships has been raised by the "Understudies" for Wayne State University's Hilberry Classic Theatre, it was announced recently at a luncheon meeting in the home of Mrs. Emmet E. Tracy, of Provencal road.

This represents nearly 71 per cent of the committee's \$25,000 goal. Funds will go toward supporting Hilberry's 35 resident actors and technicians, all of them advanced theatre students.

Funds are being raised through the sale of tickets at \$100 a couple for the fourth annual President's Preview scheduled January 7.

The 1967 Preview, featuring Sheridan's 18th century comedy "The Rivals," will usher in Hilberry's new season of five comedy classics to be performed in repertory through May.

Eighteen "Understudies" were present at the meeting to make final plans for the Preview and the Afterglow to follow the performance.

Also present were three members of the Hilberry acting company, Michelle Deszera, Nancy McDonnell and Ingrid Sonnichsen, who modeled costumes from "The Rivals."

JUDY ALTMAN, daughter of MR. and MRS. HARRY ALTMAN, of Broadstone road, has been elected treasurer of the Chi Omega Chapter at the University of Michigan. Judy also has been appointed Ann Arbor chairman of all alumnae relations for the U. of M. Sesquicentennial.

The Fosters, incidentally, are planning a combination Welcome Party for the visitors and Birthday Party for their second daughter, Linda, home from classes at Eastern Michigan University, Christmas Eve. It's an especially momentous birthday for Linda, who turns 18 this December 24.

And David Foster will join his sisters and parents at the Christmas Eve celebration.

Another West Coast "deserter," (for the holiday duration), is Pamela K. Smith, daughter of the Brent M. Smith, of Mount Vernon road.

Pam, a graduate of Grosse Pointe High School and Albion College, currently teaching second grade in the San Bernardino School District and a candidate for a Masters degree at the University of Southern California, will leave the balmy country to spend Christmas in The Pointe with her parents and brother Brad, a GPUS junior.

Fine Arts Christmas Dance

"Everything's Coming Up Roses" has been chosen as the party theme. Entertainment feature will be Christmas choral selections, sung by a member choir under the direction of Mrs. Alan C. Witherspoon.

Try again, and this time make VERY sure the printer has the WHOLE story. So, for those of you who searched in vain for the punch line in last week's column item, "Pink Is The Decorator's Color," we'll try again.

Pink Is The Decorator's Color
Speaking before a packed auditorium at the Grosse Pointe War Memorial, members of the American Institute of Interior Designers William H. Denler, Charles P. Klingensmith, Mrs. Helen B. Levy, Robert J. Reddaway and William A. Austin presented just about the most delightful Raymond H. Berry Memorial Lecture program ever.

The Grosse Pointe Garden Center audience alternated between breathless silence and mirth.

At the end of the discussion, panelists fielded questions from the ladies. The last, addressed to Mr. Denler, was: "Are decorators necessary?"

"Well," he replied quickly and in full baritone. "I HOPE so!" He then added that he thought a family's decorator ranked in importance next to their doctor, for, he noted, he'd been called upon many times by his clients to do things which were not part of his profession . . .

There were titters . . . followed by lady-like giggles . . . followed by laughs . . . followed by outright guffaws . . . followed by APPLAUSE!

And Bill turned the most beautiful shade of pink.

Players Giving Party for Kids

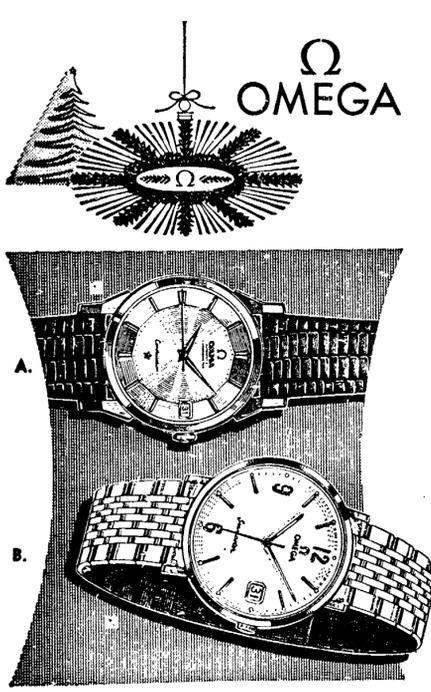

Don't be surprised if you see a toy-laden sleigh descending out of the sky around East Jefferson Avenue a little early this year. The Players, Detroit's oldest male theatrical club, has made it a tradition to bring Santa Claus to town for their annual Children's Christmas party, and December 17 is the date for this year's event.

On that Saturday morning, buses will be arriving at the Playhouse door with over 350 children from the Baptist, Methodist and Protestant Children's Homes; Father Kern's Holy Trinity Parish, the Franklin Settlement Home, St. Francis Home for Boys and Evangelical House.

Inside, Player Frank Judge as Master of Ceremonies and his troupe of clowns will be eagerly waiting to start the fun.

Party Chairman Joe Wilson and Special Activities Chairman Jim Doll, a Pointer, have scheduled a full morning of fun and entertainment with special assists from such guest stars as the Dorothy Ashby Trio, pianist Carroll Lee, members of the St. John's Harmonica Band and Charmaine and Her Red-Headed Horse.

It all leads up to the time when Santa himself climbs out of his sled and onto the Players' stage with a bagful of toys saying, "Merry Christmas."

Delta Kappa Gammas Entertained At Tea

The Delta Kappa Gammas Grosse Pointe Chapter, Alpha Mu, was entertained at a Christmas tea in Mrs. Ted Jacobs' home in Fairway drive on December 14. Her assisting hostesses were Marian Hendee, Marilyn Ralph, Margaret Schmidt and Mrs. M. M. Sheaffer.

This international society's membership is composed of women educators in Grosse Pointe. They have been actively engaged in philanthropic, culturally centered as well as social activities under the leadership of the current President, Mrs. Virginia Hoelzle. She is being assisted by the following members elected to office for 1966-68: Mrs. Ted Jacobs and Mrs. Eugene Miller, vice-presidents; Mrs. Marvin Rants and Miss Nancy Dilloway, secretaries; treasurer, Miss Shirley Lewis and parliamentarian, Miss Margaret Schmidt.

Many members spent last Saturday morning in a workshop at Mrs. George Gill's home, producing Christmas art work for the Grosse Pointe School for Exceptional Children. Mrs. Gill is chairman of the committee on personal growth and services. Miss Lillian Goodwyn supervised the art production.

Committee chairmen carry a great deal of the responsibility for the accomplishments of the Alpha Mu. Professional Affairs is chaired by Miss Thelma Grandia and Scholarship by Miss Leona Weiler. Miss Mar-

garet Harvey assumes the duties of the Auditing Committee and Mrs. James V. Lipkey, the Budget Committee. Publications and Publicity is handled by Miss Warren Rhodes. Membership by Mrs. Erwin Gorning. Nominations by Mrs. Virginia Hoffines. Music by Esther Meldrum and Program by Mrs. Ted Jacobs.

On January 4, the first meeting of the new year is slated for 7:30 p.m. at the Hospitality Center — 16906 Kercheval avenue. Mrs. Charles Brake's Research Committee composed of Misses Virginia Johnston, Mary Jane Better, Betty Frounfelder, has planned the program entitled, "How, What and Where?" to further the organization's international theme of exploring the nurture of creativity.

Cub Pack Holds Pinewood Derby

The second annual Pinewood Derby race for Cub Pack 61 was held Wednesday evening, December 7, in the "All Purpose" Room at St. Paul's School.

The miniature race cars were the product of Cub craftsmen's work. Each car had to conform in weight and size to limits set by the National Pinewood Derby rules.

Nearly 50 entries qualified for the Championship event. The crowd, composed of anxious parents, brothers and sisters, as well as relatives, was kept in suspense throughout the entire evening as each hotly con-

Inside The Mothers' Club

The regular meeting of the Executive Board of the Grosse Pointe High School Mothers' Club was held in Cleminson Hall at 1:15 o'clock December 5. The French Choir under the direction of Mrs. Sandra Boak entertained. Board members with three delightful songs before the business meeting was called to order.

President Mrs. Perry TeWalt reported on her activities during the month of November and called attention to several coming events.

There will be a High School Christmas Concert the evening of December 21, and a Holiday Dance the following night, December 22. All money from the sale of dance tickets will be placed in a fund toward the building of a school for the Peace Corps in Africa. A pledge by the Student Association to raise \$1,500 has been made for this purpose.

There will be a student New Year's Eve party at the War Memorial. Tickets will be \$5 per couple, including dancing, supper and favors. On January 17 a College Information Night for parents of 11th grade students will be held in the Gymnasium. This will be a panel discussion with four representatives from large and small Michigan colleges. Parents may submit questions before the meeting for the panel to discuss. A box has been placed in the Counseling Center for this purpose.

Faculty Advisor Jerry Gerich reported through Mrs. Benson McClure that the poor attendance of parents at Back-To-School Night made further evaluation necessary. He was very favorably impressed with the two Discussion Group meetings he recently attended and found them both interesting and educational. Mr. Gerich will be the speaker for Parents' Night in February.

Faculty Representative Mrs. McClure reported on her trip to Eastern Michigan University where she interviewed 89 former Grosse Pointe High School students. Good study methods and planning to best utilize time were found to be of prime importance.

President-elect Mrs. William

Ludwig and vice-president Mrs. Walter Griffith reported on their rewarding day interviewing former Grosse Pointe students who are attending the University of Michigan. Seventy-five students were present for the Counseling meeting, and all seemed well adjusted to college life.

Hospitality chairman Mrs. Gordon Sorenson reported that pizzas and cokes were served to 75 members of the cast and crew of the Pointe Players following the Opening Night performance.

Membership chairman Mrs. Michael Madarasz reported an increase of 180 paid memberships during the past month, and Mrs. John Fralick, Neighborhood Groups chairman, asked that all groups pay their dues promptly.

Mrs. Webster Knight, Play Ticket chairman, reported a profit of \$740.25 from the sale of tickets for the benefit performance of the Pointe Players production. All monies have not yet been received, so it is expected that the final figure will be higher.

Mrs. Alton Donnell, Social chairman, reported that her committee had served doughnuts, coffee and tea to 1,678 parents on Back-to-School Night.

In the absence of Christmas Tea chairman Mrs. C. C. Althaus, President TeWalt commented on the many compliments she had received from enthusiastic guests. A complete report will be given at the January meeting. Any surplus food was sold, or frozen for use at other school functions.

The Mothers' Health Council, represented by Mrs. Carl Nolte, appealed for donations of clothing and toys for Christmas giving. Last year the committee gave toys to 44 children. Toys must be in good condition, and clothing must be clean and should be appropriate for boys and girls between the ages of three and 16. The committee will be happy to pick up any donations.

The meeting was adjourned at 3:15 o'clock. The January meeting will be held in Cleminson Hall at 12:30 o'clock and will be followed by a Discussion Group meeting.

Allied Youth of Michigan, Inc., is once again sponsoring its New Year's Eve Grand Dry Ball at Masonic Temple, Second boulevard and Temple avenue, Detroit, December 31, Saturday, from 9:30 until 1:30 o'clock.

Providing music for this, the biggest dry-ball in the country, will be Mel Ball's Orchestra, (the teens say it's "different, lively and exciting").

Donation of \$5 per couple includes many favors and refreshments, including punch. During the evening, a King and Queen for the year will be chosen to lead the Grand March. Tickets are on sale at Grinnell's 12 metropolitan Detroit stores, at all metropolitan YMCAs and the Box Office at Masonic Temple.

Only a genius can defy public opinion without being crushed.

January 4 Opening Slated For Meadow Brook Theater

The curtain will go up at Oakland University, Rochester, Mich., on January 4 for the Premiere Season of Michigan's first residential professional theatre.

The debut of the John Fernald Company of Oakland University's Meadow Brook Theater was made possible by a unique coincidence of events that occurred on the Rochester campus and in London. Just as plans were being made by Oak-

land University to establish a new School of Performing Arts, Fernald was planning to end his 10-year tenure as principal of the famed Royal Academy of Dramatic Art to establish a new professional company and academy in the United States.

Oakland University Chancellor D. B. Varner invited Fernald to visit the Rochester campus and the union of hopes across the seas was quickly formalized. The Board of Trustees

of Michigan State University, governing body of OU, authorized the creation of the School of Performing Arts and the professional resident theatre last June. The following month Varner announced that Fernald had decided to establish his academy and professional resident theatre on the campus.

Fernald himself says that one of the major reasons he chose Michigan and Oakland was that "I learned that there were 43 resident theatres in America and not one of them in Michigan. Well, I thought to myself, they should jolly well have one."

The problems were monumental. Major changes were needed to turn the intimate 608-seat Theatre in Matilda Wilson Hall, designed primarily as a lecture hall, into a deservedly fine home for what the University hopes will be the finest resident theatre group in the nation. A company of 22 actors and actresses had to be selected, with Fernald drawing heavily upon his former students. And finally the unexpected problem arose of finding housing for the company within a half-mile of the theatre.

Most of the players rounded up by Fernald for the Premiere Season are Americans who trained at the Royal Academy of London. They all arrived eager to perform under the direction of Fernald, who has directed Dame Judith Anderson, Peter Ustinov, Slobhan McKenna, Susanah York and Albert Finney, to name but a few, in his distinguished career.

Fernald is perhaps best known in England as a superior director, with more than 300 London productions to his credit. His ambition in coming to the United States—where he was born 61 years ago—is to create a company of talented actors and actresses to present exciting and "living" theatre. He will concurrently head Oak-

land's Academy of Performing Arts, which will be established next fall under the new School of Performing Arts. Other departments of the school will provide professional training in music and the dance.

Fernald is convinced that regional theatre, outside of New York City, will become dominant and says he wants to be one of those who mold it. He plans to choose plays for the annual seasons of the resident company that will run, in his words, "the gamut from the classics to Albee, from tragedy to farce." The Premiere Season establishes this trend. It will open with Bertolt Brecht's "The Caucasian Chalk Circle," following with Shakespeare's "Love's Labour's Lost," Shaw's "You Never Can Tell," Jean Anouilh's "The Waltz of the Toreadors" and Chekhov's "The Three Sisters," each running for four weeks. There also will be a week-long children's play at Easter time, "The Imperial Nightingale."

To get ready for the season, echoes of driven nails ring from opposite corners of the campus. In Wilson Hall, itself only a year away from completion, interior and exterior changes are readying the theatre for the season. And in a former barnyard four-tenths of a mile away, final touches are being made in a village of 14 finely appointed mobile homes to house the cast and performing personnel. The theatre changes include a new "thrust" stage to extend the present stage into the arc of the front-row seats. Other new additions include lighting, dressing rooms, scene shop, costume shop and rehearsal room changes.

The Theatre in Wilson Hall is expected to be used by the John Fernald Company for two seasons. Then, hopefully, the company will move into a projected 1,200-seat theatre envisioned as part of the complex of the new School of Performing Arts. It will be located southeast of the Kresge Library and will house specialized classrooms, rehearsal and recital rooms, various workshops and experimental theatre, in addition to the resident theatre.

Further to the south of the site of the new complex, in a barnyard that in former years felt the pounding hoofs of prize Belgian draft horses, a modern-day gypsy camp of mobile homes has sprouted up. Two clusters of a total of 14 large two-bedroom and three-bedroom units line a gaslighted-illuminated street created as a conquest over a record early snowfall followed by a week of al-

most continuous rain.

"Michigan honored this truly fine woman in many ways," said Mrs. Artner. "In 1948 she received an honorary Doctor of Arts degree from Wayne State University. She was given the Detroit Historical Guild's first Annual Patriotic Award and was made an honorary member of the University of Michigan Alumnae."

Giving the students a personal view of the woman for whom their school is named, Mrs. Artner asked, "What was Mrs. Joy like to her friends? She had sparkling eyes and a keen sense of humor. She could be serious or gay. She was vitally interested in family, home, church and community."

"Her hands were always busy. She made hundreds of layettes for the newborn babies of Detroit's poor. She lovingly crocheted or embroidered the bonnets and gowns to make them pretty and dainty."

"She was one of Detroit's best known and most admired women."

The school named in Mrs. Joy's honor is one of Detroit's newest junior high schools. It was constructed in 1964 at a cost of \$3 1/2 million dollars. Located at 4611 Fairview near Warren avenue, it is connected to Brewer, formerly St. Clair, Recreation Center, with which it shares gym and swim facilities. The current enrollment is 1,548.

The Joy Junior High School will be given a State of Michigan flag by State Senator George Fitzgerald at its next PTA meeting on December 13.

Christmas Tea Set at City Club

The Women's City Club's annual members-only Christmas Tea is scheduled this afternoon, from 3 until 5 o'clock, at the Club.

Chairman of the party is Mrs. T. Waldo Thompson, who's being assisted by Mrs. Hugh Purdy. Name tags were fashioned by Mrs. John E. Harrington and Mrs. Carol N. Traxler.

Hostess chairmen Mrs. Albert E. O'Neal, Sr., and Mrs. Edwin O. Place have asked the Mesdames Arthur Saejer, Kenneth Patton, Lyle F. Runciman, Harry D. Cox, John Winburne, Donald P. Else, L. Gale Huddle, G. Alfred Ingram, William H. Odell, Leonard R. Akors, Cecil Akroyd, Gervid Atkinson, W. Terrance Bannan, George L. Denholm, Alice Newmann, Walter Parker, Florence G. Raynor, Harry R. Bentley, L. Clayton Gorham and Robert H. Hamburg to help in greeting the guests.

Background organ music, heralding the holidays, will be played during the luncheon and the dinner hour, and at the tea.

Most self-made men succeed through self-made opportunities.

Betrothed

Dr. and Mrs. G. Peter Halekas, of Briarcliff place, are announcing the engagement of their daughter, CAROLYN LYNN, to Richard Wilson, son of Mr. and Mrs. Albert W. Wilson, of Midland.

The bride-elect was graduated from Grosse Pointe High School and is presently a junior at Alma College, where her fiance is also studying.

A September wedding is planned.

DAR Gives Flag To Joy School

Mrs. Norman L. Parker, of Bedford road, regent of the Louisa St. Clair Chapter, Daughters of the American Revolution, presented an American flag in honor of the late Helen Newberry Joy to the Detroit Junior High School bearing her name. The presentation was made at a student assembly in the school's dining assembly room on November 29.

The flag was accepted by Fred Gagne, Principal. The Joy Glee Club and a color guard from the Southeastern High School R.O.T.C. also participated in the ceremony.

Mrs. Joy had been regent and state director of the Daughters of the American Revolution and gave her childhood family home in East Jefferson avenue to the DAR as a chapter house.

Mrs. Robert O. Artner, of East Doyle place, flag chairman, spoke to the students about Mrs. Joy's many civic and charitable contributions. "She was," Mrs. Artner said, "a woman of enormous vitality. She was one of the founders of the Michigan Chapter of the American Red Cross, the United Community Services, Women's Hospital, Gotta Hospital and the Grosse Pointe Neighborhood Club."

"Always interested in the field of nursing, she gave nursing scholarships to Wayne State University and to the Frontier Nursing Association. The Helen Newberry Joy Nurses Home was her gift to Grace Hospital. With her two brothers she gave the Newberry Residence for Women to the University of Michigan."

A HOLIDAY SEASON PLEDGE:

Make it None for the Road!

Be sure of a Merry Christmas and a Happy New Year

The Automobile Club of Michigan has launched a unique program to cope with holiday drinking and driving. For the first time the Auto Club is acknowledging that 80 percent of Michigan drivers DO have an occasional social drink, and that liquor is served at most holiday parties.

The campaign is asking holiday hosts to be "First a Friend . . . Then a Host"—refraining from encouraging their guests to impair their driving ability through overindulgence. The Auto Club is distributing thousands of pamphlets with a list of suggestions for party-givers.

The pamphlet carries on its cover the suggestion that when serving holiday drinks, the good host should make it "none for the road." It converts into a "sleeve" that will fit over a liquor bottle, serving as reminder to both host and guest.

To Give Party For Children

The Exceptional Children at Grosse Pointe Memorial Church have been invited to a Christmas party just for them by the Grosse Pointe War Memorial's Youth Council. The party will take place Saturday afternoon, December 17, at 2 o'clock.

Guests will enjoy their own visit with Santa and see movies, play games and have refreshments.

The kitchen has been modernized and has an informal lounging room between it and the large dining room. Upstairs are four bedrooms, the master has a natural fireplace. Pointers of Interest

SUSAN STILL, DR. JOSEPH E. TAPERT, Chairman of the Board of Trustees of the Foundation for Exceptional Children of Grosse Pointe, ROBERT E. BROWN, President of the Grosse Pointe Association for Retarded Children, (seated, l. to r.), and PATTY LANE, (on floor).

By Janet Mueller

The joy of happy children is infectious. Watching them at play, adults begin to smile, to respond. We can't help ourselves.

Perhaps it's because, for a few moments at least, the self-consciousness that marks us all as grown-ups is suspended. We're not thinking, planning, deciding what we'll do or say next. We're simply reacting, irresistibly, to a spontaneous occurrence of joy.

Susan Still and Patty Lane

are happy children. Each also happens to be mentally retarded. But the second fact, that they're mentally retarded, is independent of the first fact, that they're happy children.

Susan and Patty aren't happy BECAUSE or IN SPITE of their mental retardation.

They're happy because happy is the usual way to be, if you're loved, and take pride in yourself, and just generally like living.

They're happy, (and sad, and mad, and out-of-this-world delighted, and all the other emotions in between), in the same way every child is happy.

Make Adults Smile

Watching them at play, adults begin to smile. You can't help yourself.

Red-headed Susan, 14, is the middle daughter of Mr. and Mrs. Jack Still, of Lincoln road. Her older sister, Nancy, 18, is currently studying at Michigan State University.

Her younger sister, Elizabeth, 11, is enrolled at Richard. (Incidentally, Nancy's a blond and Elizabeth's a brunette; with carrot-top Susan they make quite a family trio!)

Ten-year-old Patty Lane, daughter of Mr. and Mrs. Richard Lane, of Crescent lane, has two sisters, too, but hers are both older. Judy Lane, 20, and Sue Lane, 18, are students at the University of Michigan.

Susan and Patty started their schooling at the Pointe Foundation for Exceptional Children. Now, they're both Foundation alumnae.

Susan is enrolled in the Wayne County Intermediate Schools Trainable Program, located at Pulaski School, Hamtramck. Patty attends Special Education classes at Monteith School.

Lucky and Happy They're two happy — and lucky — little girls. Programs, (remember that "s" on programs; mentally retarded children differ widely in their abilities and potentials, just as "normal" children do), limited, but growing in scope and facilities every day, are available to them.

If they'd been born 15 years, 10 years, even five years earlier, they'd have had a far more difficult time, (and, hopefully, mentally retarded children born five, 10, 15 years from now will have an "easier" time than Susan and Patty; there'll be more programs then, more understanding . . .)

Susan and Patty don't know what the situation of mentally retarded children was 10 years and more ago—but Bob Brown and Dr. Joseph Taper do.

"There was," say Mr. Brown, president of the Grosse Pointe Association for Retarded Children, and Dr. Taper, chairman of the Board of Trustees of the Grosse Pointe Foundation for Exceptional Children, "literally NOTHING for them."

At School in Ohio Bob and Toady Brown's eldest son, Robert, 15, is mentally retarded. He's currently at Ohio's Apple Creek State School, spends vacations and holidays with his parents, brothers and sister at their home in Rivard boulevard.

The Browns have four other children: Timothy, 12, at Pierce; Susan, 10, and David, seven, both at Richard; and Matthew, just a year old.

The Browns are a relatively

new Grosse Pointe family. They've lived here all of two years. Before that, Bob's job with Huron Cement Company, (he's currently manager of Distribution), took them all over the Middle West, "mostly in Ohio," where Bob's activities on behalf of Mentally Retarded Children were legion.

He served as president of Ohio's Lucas County Association for Retarded Children and on the boards of directors of the Ohio State Association for Retarded Children and the Seneca County Association for Retarded Children.

He thinks services for Retarded Children in the Toledo area were much greater than they are in the Detroit area, "probably because they were supported by special millage," but hastens to add, "I think that Grosse Pointe and the State of Michigan as a whole are making rapid progress in the area of increased facilities for the Retarded."

In his spare time, Bob likes to fish, enjoys an occasional game of golf—and all the Browns love camping out, (the real "Daniel Boone bit," with tents), and "eating popcorn on Sunday evenings in front of the fireplace."

Dr. Tapert, (he's a dentist), his wife, Irene, and their three children live in Westchester road.

Their middle child, David, 13, is mentally retarded. He goes to the Foundation's School for Exceptional Children, Michael, 16, is at U. of D. High, and Susan, eight, is at Trombley.

The Taperts have been Pointers for 12 years, (the Foundation is a 12-year-old "Pointer," too; it began its 12th year of service to the community November 14).

Hunter, Skier, Sailor Dr. Tapert is a duck hunter, skier and enthusiastic weekend sailor. He's been in 18 Mackinac Races, crewed aboard the "Flying Buffalo," owned by Pointers Morey DeClercq and Carl Ness, in last summer's Port Huron-Mackinac and Mackinac-Chicago races.

(The "Flying Buffalo" won in its own class, Cruising C, setting a new class record, AND over-all in the 1966 Port Huron-Mackinac race, came in second over-all in the 1966 Mackinac-Chicago race.)

Past Commodore of Bayview Yacht Club, sponsor of the Port Huron-Mackinac race, Dr. Tapert might be expected to own his own boat. And so he does—a 27-foot POWERBOAT, "Playpen," which the whole family uses for swimming, fishing and just having fun.

The Grosse Pointe Association for Retarded Children and the Grosse Pointe Foundation for Exceptional Children are two distinct organizations. They're complementary rather than competitive, (memberships often overlap), with one large shared goal: To help the Retarded Child.

Ever Expanding The Grosse Pointe Association for Retarded Children is concerned with futhering and promoting MANY programs of behalf of Retarded Children, with increasing and expanding facilities for "educables" and "trainables," (the three "broad" categories under which mentally retarded children are clas-

sified are "custodial," "trainable" and "educable" — but there's a wide range WITHIN these categories), with the establishment of day-care centers, sheltered workshops, residential facilities, with research programs . . .

It is primarily an organization of parents, although many "interested people," non-parents, hold memberships.

The Grosse Pointe Association itself holds membership in the Michigan and National Associations for Retarded Children.

The Foundation for Exceptional Children of Grosse Pointe is organized to support a local, private institution providing a day-by-day classroom training program for physically as well as mentally handicapped children.

Some Doubly Handicapped "We're not selective as far as the type of handicap goes," Dr. Tapert explains. "If we can handle the child physically, we'll take him. Many of our children have a 'double' handicap; it's quite common for a mentally handicapped child to be physically handicapped as well."

The Foundation's purpose is to train these handicapped children to go on to a more productive life, sometimes in another school, (approximately three-fourths of the Foundation children over the years have "graduated" into trainable or educable programs), sometimes in their own home surroundings, if necessary, into a custodial home.

Tuition covers only about 20 percent of the Foundation's program costs, "so we have to draw support from the entire community," Dr. Tapert explains. Parents alone couldn't do the job; fortunately, the community as a whole can and is helping.

Never Missed Meeting Of the Foundation's 15-member Board of Trustees, only two have retarded children themselves. A prime example of the not-personally-involved-but-vitaly-interested community Foundation supporter is the late Roland Gray, who never missed a Foundation meeting.

Because of his interest, trustees of the Roland Gray Memorial Fund this year donated half of the Fund's entire spendable income to the Foundation for Exceptional Children.

Help comes from other quarters, too. Last year, the Grosse Pointe Rotarians donated a station wagon for the Foundation's bus service. And an important source of income is the Foundation's Christmas card sale: Christmas cards, raise, annually, 20 percent of the Foundation's operating expenses.

Perhaps the most surprising fact for someone who's never before investigated the subject, is how NEW all these programs for mentally retarded children are. We know there ARE many mentally retarded children. We know "it can happen to anybody."

But it's profoundly shocking to learn that the National Association for Retarded Children was formed in 1948! ("What was there for parents of retarded children before that?"—"Nothing."—"What did the parents do, what did the children do?"—"We don't know.")

One of Oldest It seems incredible that the Grosse Pointe Foundation for Exceptional Children, entering its 12th year, is one of the "older" private Foundations for handicapped children.

The second most surprising fact is the optimism of people involved with programs for re-

tarded children. They're enthusiastically hopeful.

"Programs are growing by leaps and bounds," Bob Brown says. "Local boards of education and social agencies are cooperating. Attitudes are changing. One of our major problems, I think, has been acceptance within the community. People tend to accept a handicap they can see, reject one they don't understand . . ."

"The biggest hurdle we've had—and it's still big—is getting parents themselves to admit, 'I have a handicapped child,'" Dr. Tapert adds.

Once the admission is made, once help has been asked for, (both Mr. Brown and Dr. Tapert are no strangers to frantic telephone calls at odd hours from parents who've literally reached the ends of their ropes), things can be done, alternatives offered. There's no single easy solution. Each handicapped child is an individual; each family into which he is born is unique.

What works for one child, for one family, may not work for another.

But "something" can work for all these children, all their families.

"Our prime goal is to provide for these kids the same opportunities we provided for our 'normal' children," Bob Brown says. "We think they should have the right to develop to their fullest capacities."

"We don't ask for more—but we won't settle for less."

Christmas Seal Week Observed

The 1966 Christmas Seal drive in Wayne County has passed the half-way mark of its goal of \$425,000 to be used in the fight against tuberculosis and other respiratory diseases, Candy Richards, Christmas Seal chairman, announced.

Contributions for Christmas Seals reached \$215,000 as Christmas Seal Week began on December 11.

Christmas Seal funds are used by the TB and Health Society to help support program development, case detection and research.

Two of the more serious respiratory diseases under scrutiny are emphysema and tuberculosis.

Emphysema, a disease closely associated with air pollution and cigarette smoking, is the fastest rising cause of death. Over 40,000 people in Michigan (about 10,000 of them in Wayne County) suffer from emphysema. It strikes four times more men than women, and is the second highest cause of premature retirement from employment.

Tuberculosis infects one-fifth of the population. There are some 3,000 new active cases in Michigan this year — about half of these in Wayne County. The number of TB victims in Detroit and Wayne County per 100,000 population is far above the national average.

It is estimated that each new victim infects five other people before their disease is detected.

Detroit Mayor Jerome P. Cavanagh proclaimed the week Dec. 11-17 as Christmas Seal Week, saying that "with adequate help from the community and application of medical knowledge, tuberculosis can be wiped out and other respiratory diseases controlled."

IN CIRCLES The person who has no fixed course in his work will find himself in a number of fixes.

NO DIVIDENDS The advantage gained by taking advantage of a friend always backfires sooner or later.
