Councilmen Take Tour of Their Own City

Officials of the City of Grosse Pointe boarded a bus last Saturday morning to inspect many of the areas of their municipality, in connection with their study of a proposed ordinance which would entail various changes in the present zoning laws. Left to right are BRANDON ROGER, City Planning Consultant, Councilman PAT HUBER, JOHN HAMANN, WILLIAM HURLEY, MAYOR DAVID E. BURGESS, Councilman ERNIE KELLY, RICHARD HINKS, City Attorney; and Councilman GEORGE HENRY. Not pictured is Councilman George N. Monro, III.

484 Construction Permits Issued by Pointes Last Year

Various Types Of Buildings, Pools And Alterations Have Total Value of \$15,194,494; Woods Continues To Lead Other Four

If skeptics are of the opinion that building development is lagging in the Pointe, the total number and value of all types of permits approved during 1966, should prove them wrong. According to official figures released by the five Pointe Building Departments, a total of 484 permits for various types of construction, valued at \$15,194,494, were granted last year.

The Woods, the fastest growing Pointe, with plenty of room for expansion, approved 203 permits, valued at \$10,857,994; followed by the Farms, with 113 permits, worth \$1,926,600. The Shores, which is strictly a residential community, granted only 32 permits, valued at \$1,042,500; while the City okayed 31, worth a total of \$729,900. The Park issued 105 permits, with the lowest total value of all, \$636,500.

This is the way the reports were received from the Administration Offices:

Woods — During 1966, a total of 71 permits were issued for new residential construction, worth a total of \$3,168,921; a total of 125 permits, of which 35 were for garages, and nine for swimming pools, worth a total of \$300,273; and six non-residential (commercial) and one of the remaining portion of Grosse Pointe High School North, total value, \$7,388,800.

Farms — 22 permits for residential construction valued at \$1,231,500; one business, worth \$325,000; with miscellaneous permits (garages, alterations, etc.) set at 90, with construction cost value of \$370,100.

The overall construction value figure is a lot higher, if the three permits for non-assessable property development, valued at \$278,000, is added to the total construction cost.

Shores — 24 permits for residential buildings worth a total of \$1,012,500; three miscellaneous (pools, etc.), \$10,500; one permit for a garage valued at \$6,500; and four permits authorizing additions and alterations to homes worth \$13,900.

City — Eight permits for single residences, valued at \$554,000; one permit for a flat, worth \$40,000; a permit for an office building costing \$85,000; two permits for garages, valued at \$3,400; and three permits for swimming pools, having a total valuation of \$15,800.

Sixteen permits were granted for remodeling jobs, having a cost valuation of \$51,700.

Park — Eight permits for single homes, and one for a two-family flat, having an overall total valuation of \$983,000; and 96 miscellaneous (repairs, additions, alterations, etc.), valued at a total of \$235, 500.

DISCARDED SKATES
Phil DeSutter of 698 Notre Dame reported to City Police on Sunday, January 15, that he found a pair of girls white ice skates size 7, and a pair of socks lying in the bushes south of his residence. Officers took the skates to the station.

GP HS Students Join Team To Build African School

The idea for participation in such a program first came from a letter that Governor George Romney sent to Grosse Pointe High School, asking the students to "join hands with the people of another land in building a school . . ."

In accordance with Peace Corps regulations for the program, the money will not be used in the actual "building" of the school, but only to purchase construction materials. At labor in the actual construction of the school must be provided by the people of the community with the help of Peace Corps volunteers, as the Peace Corps' way of making sure that participation in the project is a meaningful experience for the citizens of the host community.

School Head

DR. THEOS I. ANDERSON has been appointed new Superintendent of the Grosse Pointe Public School System. He will assume the post next July 1.

Dr. Anderson Of Cleveland To Take Over

Will Succeed J. Harold Husband, Who Was Not Applicant For Post, On July 1

The trustees of the Grosse Pointe Board of Education unanimously approved the appointment of Dr. Theos I. Anderson as Superintendent of Schools at a special meeting held Tuesday at 389 St. Clair avenue. Dr. Anderson, currently Superintendent of Schools in Cleveland Heights, O., will assume the post July 1.

Commenting upon the action, Dr. Frank H. Parcels, president of the Board of Education, said, "We are delighted that Dr. Anderson has agreed to come to Grosse Pointe. The trustees reviewed the credentials of more than 45 applicants for the position. We interviewed the 12 leading contenders in depth before making our final decision. Recently, Board members visited Cleveland Heights to talk to community representatives and to the staff of the schools. We are convinced that Dr. Anderson will give our school district outstanding leadership for many years to come."

J. Harold Husband, Acting Superintendent during 1966-1967, has agreed to serve as a consultant during the 1967-1968 year. Mr. Husband, a veteran Grosse Pointe educator, has been with the local schools since 1933 as teacher, Director and Assistant Superintendent of Administrative Services, and as Deputy Superintendent.

Was Not Applicant
Mr. Husband was not an applicant for the Superintendency in Grosse Pointe. He indicated Tuesday that he intends to follow his previously-outlined plans to become an educational consultant for a national corporation as well as to organize his own consulting firm.

"I wish Dr. Anderson every success," Mr. Husband said. "A respected educator with vast experience, he brings to the Superintendency the highest recommendations from professional colleagues, from Board members, and community leaders. Our Board has been most fortunate in securing his services."

Tuesday's action by the trustees climaxed a nine-month search for a permanent successor to Dr. Charles H. Wilson, Superintendent of Schools from 1962 to 1966. Dr. Wilson left Grosse Pointe to take the Superintendency of the North Orange County Junior College District in Fullerton, Calif.

Five-Year Contract
Dr. Anderson has been awarded a five-year contract, renewable yearly upon review. His salary is \$27,500 and the use of the residence at 51 Grosse Pointe boulevard.

Dr. Anderson has had a widely varied background as teacher, high school principal, and Superintendent of Schools in Illinois, New Jersey and Ohio. He has held the post in Cleveland Heights since 1961. Prior to that he was Superintendent in Teaneck, N. J.

Grosse Pointe's Superintendent has been described by a member of his present Board of Education as having "high integrity and being a diligent leader working without fanfare for the good of the system."

Dr. Anderson was selected as the S. D. Shankland scholar by the American Association of School Administrators in 1952. The award provided him with the opportunity to work as a research assistant and complete his doctorate at Teachers College, Columbia University.

Native of Illinois
A native of Illinois, Dr. Anderson, 50, holds a bachelor's degree from Illinois State Normal University and a master's degree from the University of Illinois.

Superintendent-elect Anderson is President of the Cuyahoga County School Superintendents' Association for 1966-1967. Currently he is a trustee for WVIZ, an educational television station in Cleveland. He is a past Regional Director for the Associated Public School System of America.

Active in community affairs, Dr. Anderson is Deacon of the Fairmount Presbyterian Church. (Continued on Page 2)

Richard PTA Engineer Invites Farms Councilman to File Suit On Alleged Libel Charge

Refuses To Retract Statements Made At October 12 Council Meeting; Claims City Denied Help

Edward B. Mazzotta of 26 Christine drive, a registered professional engineer, refused to retract alleged libelous statements made against a Farms councilman last October, and invited the councilman to sue him "for your own peace of mind."

In a letter dated January 4, and addressed to Councilman William Kirby, who threatened the suit, Mazzotta replied that he would not withdraw a word he had said at a council meeting on October 12.

On that date, Mazzotta uttered statements against the city building inspector, the city manager and Kirby, in which he made allegations concerning irresponsibility of the city in its building surveillance.

No Kirby Comment
Kirby refused to comment on the engineer's "invitation," stating that he is of the opinion that nothing should be said in the matter until something is done.

The issue centers around Mazzotta's charges that the Farms failed to "keep a watchful eye" on his home, while it was under construction.

Mazzotta alleged in a letter to Mayor William Butler and the council, the defects in his house have already cost him \$8,000, and may run as high as \$15,000.

Officials of the city contend that the engineer misconstrued the city's role in building inspection, and feel that he is talking about specification violation, rather than code violation, and that the specifications are a matter between him and his builder.

Lawsuit Pending
A lawsuit is pending in Wayne County Circuit Court, brought against Mazzotta by the builder, who is seeking to collect the balance of the contract. The engineer had refused to pay it, it was said, because he maintains that the construction does not meet the City's building codes or required standards of workmanship.

At the October appearance before the Farms council, Mazzotta was reported to have made statements that used such words as shameful, disgraceful, devious, evasive, shocking, appalling, incredible.

Kirby threatened to sue the engineer for libel, following the discourse at the October 12 meeting, and on October 31, the councilman dispatched a letter to Mazzotta demanding a retraction, and again on January 3, sent another letter reminding Mazzotta that no reply had been received.

Answers Kirby
In a return letter dated January 4, sent to the councilman, Mazzotta said that he had every intention of answering Kirby's letter. "After I have received an answer to my rightful and just demands as outlined in my communication to the city council on October 17, 1966. As of this writing, I have not heard from the council."

Mazzotta claimed that Kirby had been asked for aid and assistance in a matter that has caused him (Mazzotta) and his family great emotional and financial distress, and his plea was refused.

City Solons Take Tour to Study Zoning

Bus Used To Make Field Inspection Of All Areas In Connection With Proposed Ordinance

In the summer of '66 the City Council authorized a comprehensive study of the existing zoning ordinance by the City Planning Consultant, Parkins, Rogers & Associates. After the study was completed the City Council intensively reviewed and studied the proposed new zoning ordinance.

As part of this study the City Council toured the entire city by bus last week, making field inspections of the city and the effect, the proposed ordinance would have on various areas. They were particularly interested in areas where rezoning would take place or where changes were requested by various citizens.

Would Increase Districts
This new ordinance covers permissive land uses and sets up eight proposed zoning districts as compared to the present six zoning districts. These new proposed districts are very similar to existing districts for residential and parking uses.

The present local business district is proposed to be divided into three types of districts namely, local business, central business and restricted office. The proposed ordinance also covers parking and loading requirements and uses, general provisions relating to such items as; street access, visibility, substandard lots, automobile service station and trash containers.

To Protect Character
The purpose of this new proposed ordinance is to insure that the community will continue as an outstanding residential area.

This proposed new zoning ordinance will be presented at a public hearing on Monday evening, February 6, at 8 o'clock at Marie School. Copies of the proposed ordinance may be viewed in the office of the city clerk.

GUilty AS CHARGED
Michael J. Pash, 20, of 24574 Greenbriar, East Detroit, entered a plea of guilty to a charge of driving while drunk.

The hearing in the matter was held before Woods Municipal Judge Don Goodrow on Saturday, January 14. Pash was ordered to pay a fine of \$100, or serve 10 days in the Wayne County Jail, and forbidden to drive for 90 days. He paid the fine.

Armed Holdup Man Robs Pharmacy and Customer
A lone white man, armed with a revolver, held up the Briggs Pharmacy, 18544 Mack avenue, Saturday afternoon, January 14, and escaped after taking money from a cash register and from a customer who walked in while the holdup was in progress.

Farms Det. Sgt. George Van Tiem and Det. Joseph Miller said that Miss Clara Czepnik, a pharmacist, reported that at about 2:10 p.m., a man of about 40 to 45 years old, six feet tall, and weighing about 200 pounds, entered the store, and pointed a dark blue revolver at her and demanded money.

Miss Czepnik told the officers that the bandit forced her to take money out of the cash register at the rear of the store and place it on the counter. He ordered her to lie face down on the floor, and then taped her

City Approves Spray Program

The City Council approved the issuance of a purchase order contract to Shock Bros., Inc. for carrying out the 1967 Dutch elm disease control program.

This program includes the application of a dormant DDT spray for approximately 2,472 elm trees located on city rights-of-way and in parks. It also includes two Dutch elm surveys conducted during the summer.

The City reminds property owners that they are required to spray their private elm trees, in this way insuring that all elms in the city have been protected.

Might Halt Funds
City Attorney George McKean, backed by Police Chief Jack F. Rob, said that there is a question regarding the closing of Ridge, which might impair receiving funds from the Michigan Highway Department for the maintenance and repair of major thoroughfares.

It was pointed out by the city (Continued on Page 3)

PROFESSOR ARTHUR L. Hart, an eminent British scholar, published a detailed attack on the critics of Warren Commission on Saturday. FIRE DESTROYED a major portion of \$35 million McCormick Place, perhaps the world's best exhibition hall, located in Chicago, yesterday. The roof of the three-block-long structure on the Lake Michigan shore was caved in on an hour. Firemen arrived on the scene. A security guard, who covered the fire, was credited with saving the lives of some persons in the building by running through the halls ahead of the flames and smoke, warning them to flee. A watchman in the blaze. No injuries reported.

THE DETROIT CITY COUNCIL has begun to search for a budget for the 1967-68 fiscal year. The council is expected to spend \$11 million for the 1966-67 fiscal year. The council members asked for a list of city programs and intend to review all expenditures and postpone any they can. Cavanagh's administration was criticized by Councilman Mary V. Beck for trying to economize by leaving jobs unfilled.

It's the unlooked for things that are apt to cause trouble for those who watchfully wait.

Many people have the idea that the only good sermon is one that makes them feel good.

cerned with making sure his fellow students realize the significance of what they are doing: "I feel strongly that the participation and understanding of each member of our student body is more important than the actual collection of the money."

And as Mr. Dudley Weeks, formerly a Corps worker in Borneo, explained to Grosse Pointe students in a special assembly at their school, "Raising money isn't the final answer. Human involvement . . . is the real key."

In order to stress this "human involvement" factor, representatives of clubs and classes were asked to pledge their support for the program in terms of expected profits from special school-wide sales or projects.

After voting unanimously in favor of the "School-To-School" project, student council members approved the idea of a holiday dance modeled after their annual homecoming dance, with tickets selling for \$2.50 per couple.

The senior class planned to sell bagels, in addition to the regular candy, popcorn, and soft drinks usually sold at home basketball games, and contribute profits to the Tanzanian project.

Juniors held a candy cane sale before Christmas vacation, with a white-bearded, red-suited, pot-bellied Santa Claus (better known as Joe Black, junior class president) acting as chief salesman.

Sophomores pledged profits from the sale of their '69' class buttons.

Aside from the usual candy or bake sales planned by many of the clubs, the investment club decided on a "manipulation of the stock market." Y-Teens members will donate profits from their individual babysitting jobs; the Tri-Science club is selling book covers; and American Field Service members are peddling blue and gold (school colors) pens to their friends.

Response to the program was labeled "tremendous" by Stu Dykstra. Excluding profits from

the holiday dance, pledges exceeded \$800.

Thus far, two Grosse Pointe residents have also made private contributions to the project. One man has a son who is presently working as a Peace Corps volunteer in another African community, and the other one donated 10 dollars simply because he "thought it was a worth-while project."

Stu added that "other contributions will be more than welcome."

drew Bremer, Jr., in writing a letter to the Michigan Securities Commission, which was requested by the Commission, to obtain facts in the matter.

Says Letter Hurt Him
Mazzotta claimed that neither Kirby nor Brenner were qualified to answer the commission, that this must be done by a qualified person, namely, the city's building inspector.

The engineer stated that the letter literally aids and abets the law suit pending against him by the builder.

In closing his letter, Mazzotta stated:

"The statements I made about the matter were made to present the facts to the council and never did it occur to me to be malicious in any way. I have dedicated myself to pursue this odious case until justice prevails, as I know it must.

"Therefore, to maintain my cherished principals, even under the duress you are imposing upon me, I must say in all honesty, I cannot and will not retract any statements I have made.

"Should you feel obligated to sue me for libel, I would suggest, for your own peace of mind, that you do so."

Cleveland Heights is a district comparable in size, student composition, and budget to Grosse Pointe. Professional staff in the Cleveland suburb numbers 680, with a student body of 13,000, and an operating budget of \$9 million yearly. Approximately 85 percent of the Cleveland Heights students are enrolled in a college preparatory program and seek advanced training following graduation.

PTA Council Meets Jan. 23

Charles Parcels, acting president of the Grosse Pointe PTA Council, said that the organization's third meeting of the 1966-1967 school year has been scheduled for January 23. Delegates will gather at 8 p.m. in the Exhibition Room of the Central Library, Fisher road and Kercheval avenue.

The evening's speaker will be Mrs. William Montgomery, vice-president of the Michigan Congress of Parents and Teachers. Mrs. Montgomery will discuss the matter of affiliation among local organizations with the state and national arms of the Parent-Teacher Association.

A second item on the agenda is the election of officers for two-year terms. The report of the nominating committee will be made to the assembled delegates on Monday.

Mr. Parcels urges all delegates to attend the meeting.

The city attorney was in- structed to look into this matter, and make a report to the city council.

A third proposal by the school group has to do with the widen- ing of McMillan road, between Ridge and Kercheval by about 13 feet, increasing the road on the school block from about 20 feet to 33 feet.

It was proposed that the widening be done on the west, or Richard School side, of the street, all the way from Ridge to Kercheval.

This, it was said, would ne- cessitate moving the sidewalk about eight feet west, behind a row of trees, move three street lamps, one water valve, a gas valve and a fire hydrant.

Make Fast Estimate

City Manager Andrew Bremer, Jr., and Director of Public Service John DeFoe, who were at the Monday night meeting, when asked the estimated cost of such a project, said it would cost roughly between \$5,000 and \$8,000. The estimate was a spur of the moment figure, it was noted by the city manager.

The P.T.A. presented its fourth and last proposal, that of mounting a sign across the street from the alley exit behind the Punch and Judy Theater, and the painting of a "stop line" on the alley pavement at the edge of the building, where the sidewalk begins. This, it was said, was a blind spot, and a hazard to the safety of not only the school children, but also to pedestrians walking past the theater.

Sign Is Installed

Chief Roh informed the people that a stop sign has already been installed, but the painting will have to wait for warmer and drier weather.

Following a further discussion of the proposals, the council authorized the city attorney and the police chief to make a complete study of the problem, and to report to the council at its regular meeting of February 20.

This is the second time that the Richard School P.T.A. approached the Farms council on the elimination of traffic hazards. The group first appeared before the city body about a year ago, petitioning for a solution.

Offer Students' Cooking School

Starting January 25 for six successive Wednesday nights from 5:30 to 7:30 o'clock (dinner time), the Neighborhood Club is sponsoring a co-educational class in gourmet cooking at Brownell Junior High for high school students.

Successful in the Spring 1966 program, the Neighborhood Club finds the class worthy of a second season.

For \$12.50 and a Neighborhood Club membership, a high school student can help break the ham- burger monotony in six lessons. Register for co-ed gourmet cooking at the Neighborhood Club, 710 Notre Dame.

Queen Of Peace Sets Card Party

The Altar Society of Our Lady Queen of Peace Parish is having its annual card party Friday, February 3, at o'clock in the evening, at Bishop Gallagher High School, Harper Woods.

It will be a "Gym Dandy" party to raise funds for a dandy new gym in the Grade School of Our Lady Queen of Peace, according to Mrs. Gilbert Gleib, chairman.

Delicious refreshments are planned. Special prizes will include U.S. Savings Bonds, a decoupage bag, Corning Ware and many other delightful and valuable items.

Theater Ready With 'Gaslight'

The second production of the Grosse Pointe Theater, "Gaslight", opens on Friday, January 20, at the Fries Auditorium of the Grosse Pointe War Memorial and will be presented January 20, 21, 22, 25, 27 and 28. Choice seating is still available on Thursday, January 26.

"Gaslight" is best remembered for the film version made some years ago starring Ingrid Bergman and Charles Boyer. It is the story of the Mannings of Angel Street wherein Mr. Manningham is driving his wife mad. During the course of the action, Mrs. Manningham learns what is happening and why, through the efforts of a Scotland Yard detective.

The Grosse Pointe Theater was represented at the open house for newcomers to Grosse Pointe this past Sunday at the Grosse Pointe War Memorial. The members were delighted at the interest shown. Newcomers and old residents alike are invited to take an interest

in the theater groups, both as audience and as active members. The purpose is to provide the best possible theater and for its members to have a great time while doing so. If you are interested in tickets or membership, write to the Grosse Pointe Theater, 32 Lake Shore, Grosse Pointe Farms, Michigan 48236.

Incidentally, the third show, "Never Too Late" will open in March. Castings will be held this Thursday and Friday, January 12 and 13, in the library of the Grosse Pointe War Memorial. There are roles for three women and six men, and director, Bob McKenna, will be there to listen.

If acting is not your talent, but you're a great carpenter, electrician, plumber, collect antiques, sew well or whatever, the producer of the show, Mary Franklin, is sure to have something for you to do backstage on the production. She, too, will be at the castings ready to sign you up.

Police Recruits Hired by Farms

Farms Police Chief Jack F. Roh disclosed the hiring of three new recruits in his department, and the temporary transfer of a police officer from the uniform division to the Detective Bureau. The announcement was made on Monday, January 16. The hiring of the new patrolmen brings the Farms police compliment to the full strength of 27 men, including the chief. They replace three officers who recently resigned from the force. Two of those who left went to work as patrolmen for the Detroit Police Department.

Administered the oath by City Clerk Peter Caputo on Monday, and on the job the same day, were: Donald L. Dewey, 23, of 16400 Thirty-four Mile road, Romeo, who will be moving to the Farms; Robert Kraiza, 22, of 2615 Holmes, Hamtramck, also to move in the vicinity; and Philip A. Miglio, 25, of 18904 Washtenaw, Harper Woods.

To be transferred to the Detective Bureau for a period of training in this phase of police

work is Patrolman Francois (Joe) Belanger, a veteran of more than 14 years with the department.

Dewey, who has no military service, recently completed two years at Michigan State University, where he majored in Police Administration. He is married and the father of two children.

Kraiza, whose brother John, is a member of the Farms force, is a veteran of the United States Navy, serving from June 1962 to July 1966, and was honorably discharged with the rating of radioman third class.

Miglio, the son of Harper Woods Det. James Miglio, and the nephew of Harper Woods Police Chief Allen Miglio, is a former civilian clerk with the Federal Bureau of Investigation's Detroit Office, where he worked for six years. He is a Michigan National Guard reservist, joining in December 1963. After seeing six months of active duty he transferred to the reserves. He holds the rating of specialist

fourth class. Patrolman Belanger was appointed to the Farms Police Department on May 16, 1952. He has successfully completed two sessions, one in 1954, and another in 1955, in Criminal Investigation, a course sponsored by the Southeastern Michigan Police Chiefs' Association

and the FBI. He is the holder of nine departmental citations for good police work, plus a city council citation for the part he played in the arrest of burglars on March 30, 1966, and also a citation from Chief Roh for his good judgement, coolness and initiative in the arrest of a man

accused of attempted murder last month.

Odd Collection of Ducks Provides Entertainment

A sequel to an entertaining story appearing in The Detroit

News of Monday, January 9, lies in the sighting of the same odd little flock of ducks off the promontory at the bottom of Harbor Hill road.

Sighted on Wednesday, January 11, by Mrs. Seaborn R. Livingstone, whose Lake Shore property adjoins the Harbor Hill residences, was the presence of four dark-colored wild ducks, one of which appeared to have a crest of sorts—malards? mergansers?—and what looked like two white domestic ducks. Also viewing the oddly assorted group were Margaret Watkins, of Cloverly road, Mrs. Henry Kohring, of Touraine road, and Julius C. Peter, of Ridgemont road.

Speculation about the white ducks has run all the way from young geese to albino ducks. Could they be somebody's last year's Easter present gone astray?

Last seen Sunday at noon by Mrs. Livingstone, when there was almost no ice on the lake, the intrepid band had disappeared from their Harbor Hill haven in Monday's freezing winds that caused the lake to ice over again.

The account in The Detroit News on Monday mentioned five wild and three white ducks, but the accompanying photograph showed only the six reported to the GROSSE POINTE NEWS. Apparently, a drain emptying near the foot of Provençal road was providing a little pool of unfrozen water for the ducks to swim around in during the 10-degree temperatures at the beginning of the week. Because of a telephone call from an alarmed citizen, a photographer had been sent to take pictures of what were assumed to be ducks trapped in the ice. Instead, the "victims" hauled themselves out of the water, waddled across the ice and started clamoring for a handout!

FARMS PAYS BILLS

The Farms council on Monday, January 16, authorized a payment of \$9,085.65 to the Parker Construction company, as estimate number three, for additions to the Pier-Park marina; and a final payment of \$257.38 to the Harley, Ellington, Cowan and Stirton, Inc., architects, for professional services rendered in connection with improvements at the Public Works Garage, Chalfonte and Kerby.

WELL-HEELED

People who manage to make both ends meet find that the middle will take care of itself.

Another Farms Officer Resigns

Patrolman Gary Evans became the fourth officer to resign from the Farms Police Department within a year, and the second in a month. His last day of work was Sunday, January 8.

Evans left the Farms force to become a patrolman with the Detroit Police Department, and he began employment there on Monday, January 9. He was appointed in the Farms on February 22, 1965.

He is the second Farms patrolman to switch allegiance within a month; Robert Conn resigned on December 29, to join the Detroit Force.

Evans' resignation leaves the Farms Department three men short of the needed full complement of 27. The shortage is raised to four, if an injured man, Patrolman John Kraiza, is counted.

Kraiza's left leg was crushed early last fall when he was struck by a drunken motorist, when the officer sought to assist another motorist whose car was disabled.

The policeman is recuperating at home, and it will be at least another three months before he will be able to report back to work.

Police Chief Jack F. Roh said that eight aspirants have applied for a position with his department.

Applicants accepted are given written and oral examinations by the Michigan Municipal League, and if they qualify, are either hired immediately, or placed on the eligibility list to await future vacancies.

New Machines Can Save Lives

New portable heart pacing machines have been purchased by the Bon Secours Hospital, assisted by donations from the Dr. John M. Murphy Memorial Fund. The machines are battery operated, about the size of a small transistor radio and are used for heart attack victims who do not have enough normal heart beats of their own.

Some of the machines are designed to use on a temporary basis or in an emergency. Others are to be implanted under the skin to provide a permanent artificial heart beat when necessary.

Only a small percentage of heart patients need this type of artificial heart beat but, for them, the equipment is life-saving. The permanent "pacemaker" is left in place for years and these people can live normal lives.

Dr. John M. Murphy died in 1963 at age 52. He was a prominent heart specialist and did much of his work at Bon Secours Hospital. Mrs. Rosemary Murphy, his widow, has continued her interest in the hospital and in her husband's field, cardiology.

Mother Mary Gertrude, administrator of the hospital, expressed her deep gratitude to Mrs. Murphy.

PTA at Maire Meets Jan. 25

The January meeting of the Maire PTA will be next Wednesday, January 25, in the school gym. The staff will meet the parents there at 7:30 o'clock.

The program, which begins at 8 o'clock will be a three-part presentation. The I.T.A. or initial teaching alphabet reading program, as it has been used in a first grade, will be presented by Mrs. Shirley Kirk, a first grade teacher.

The I.M.C. or instructional materials center and its program will be presented by George Goodwin. The S.R.A. or Science Research Associates arithmetic program for primary grades will be presented by Mrs. Eleanor Obermeyer, a second grade teacher.

A social hour will follow the program.

Warm Weather Scarce Item On Camping Tour of Europe

By Betty Stephens

Being the guests of honor of Holiday on Ice near Wolfsburg, Germany, on their first week-end in Europe, (because they stayed at the same campsite as most of the company), and having tea with a German nobleman who owned a castle on the Rhine were just part of the adventures of Carol and Edwin McLeans, of 353 McMillan road, on a four-month, 10,660-mile camping trip that took them through most of the countries of Europe last summer.

"As to the 'tea party' in our Volkswagen camper," said the McLeans, "we invited him, as we did many people on the trip, because he was so friendly. We thought he was just the owner of the camp at which we stayed near Coblenz."

The McLeans, who had attended every travelog in the area of Grosse Pointe and Detroit last winter before the trip, had only four "musts" when they flew into Hamburg in mid-May to pick up their Volkswagen camper—Mont-Saint-Michel, Carcassonne and Le Pont d'Avignon in France and Portofino on the Italian Riviera.

About 80 percent of the trip was mapped out when they landed, but the rest grew out of the advice and suggestions of others they met on the way.

Pull Fast Switch

"We were advised to go immediately to the VW agency the same afternoon of our arrival—or wait around the hotel during the next day's holiday," told Ed McLean. This found the McLeans learning to drive an unfamiliar vehicle with four forward gears in the rush-hour traffic of Hamburg.

"While we were in the agency, the street over which we had driven from the hotel became a one-way street leading out of the city. It took us two hours to get back," said Ed McLean. That's when he learned about American accents: no one could understand him when he asked for directions to the Reichshof Hotel.

The camper, which was advertised to sleep five, had a table, refrigerator, bottled-gas stove, and a "pop-up" top. With American standards of luggage, including the summer clothes the McLeans never wore because of bad weather, the accommodations were very comfortable for two; they lived in it for four months with once-a-week stopovers at hotels.

Campsites Plentiful

"Camping is much more common in Europe than it is here," they said, "but although we made no reservations, we never had any trouble finding an area in which to spend the night. Large or small, camps contain a store at which to buy food, souvenirs, utensils and provide kitchen facilities where you can buy metered gas to cook on, if you desire, and can find sinks to wash dishes, tubs to wash clothes, showers and toilet facilities, besides parking space. Prices range from 60 cents to \$1.25, and sometimes the running water is hot.

"We soon learned Europeans think nothing of cold showers or picnicking in 40 to 50 degree weather. As we were shivering out of our beds in the mornings we would see them already up and taking down their tents, often stripped to the waist.

"We can count the number of warm days in the whole four months—four!" In fact, consistently bad weather kept them on the move and resulted in their touring 13 countries. Their living accommodations were necessarily small, the camps were

washed the dishes while those around us looked on enviously."

Wakened By Thief

One particularly exciting adventure came at night about a week before they were scheduled to come home. They were asleep in their camper in a site at the edge of Copenhagen when they became aware of the sound of glass being repeatedly broken. The time was 3 a.m. darkness and by looking out of the raised top of their camper, could see a tall, very thin man breaking up the window of the camp store only 25 feet away.

They realized this was probably a robbery but hesitated to make any noise or yell for help in the event he was armed. Their camper, which was hooked up to the cables supplying electricity to their heater, was isolated from the others in the camp, who might not understand English at any event. "We decided to be live cowards instead of dead heroes," is the way the McLeans put it, but they watched closely, and after he had spent 15 minutes in the store, they saw him carrying an armload of what they later learned was cigarettes back to a cluster of three tents in another part of the camp.

Put Finger on Thief

Upon further consideration the following morning, it occurred to them that giving evidence of any kind might detain them in Denmark and keep them from making the reserva-

tions on the plane for themselves, on the boat for the camper. When they discovered by discreet inquiry that this

would not be the case, they were glad to give enough evidence to the owner of the camp to result in the man's arrest. It turned out that he was guilty of 25 campsite robberies. Recently the McLeans re-

ceived a post card from grateful owner of the camp which informed them of conviction of the robber ended with the words: "I you got home well and are going strong!" They are!

People Were Friendly

"On the whole, we found people very friendly and extremely helpful everywhere we went—even in Paris—contrary to what you read lately. All you have to do is make a feeble effort to speak their language, so they know you are trying. You also learn to call a spade a spade, you don't hedge around about 'facilities' when what you are looking for is a toilet!"

On their trips into the cities they "did" the museums, traveled by boat on the Thames and the Seine. In Stockholm, arriving an hour before opening time at the National Museum, they decided to be clever and joined a group being escorted through the doors early, only to find themselves trapped behind closed doors for an hour's lecture on the masterpieces they were about to see—in Swedish.

A severe rainstorm that developed near Venice sent many sightseers who had been touring the canals by "water bus" scurrying back to the same large parking lot at the same moment. "Ten rows of cars, therefore, converged on the one-lane exit," said Ed McLean. "Although it was 6 p.m. when we got to the camper, it was 9 p.m. when we got out of the lot. However, it didn't faze us a bit—as I inched forward, Carol stepped back into the kitchen, made dinner, served it, and

To Our Customers and Friends:

Tight money and very competitive financial markets made the past year a difficult one for all financial institutions. Standard Federal however, ended the year with assets totalling \$338,183,084, a \$6,218,928 increase over last year. Savings accounts reached a new high of \$301,901,661, and total mortgages are now \$294,743,507. Reserves are a new high of \$24,146,228, and this represents 8% of our savings.

Dividend rate regulation became a fact in September, 1966 and Standard Federal elected to pay, beginning October 1st, the highest legal rate permitted on insured regular passbook accounts in the metropolitan Detroit area, 4 3/4%, paid and compounded quarterly.

By action of Congress, all accounts are now insured up to \$15,000 by the Federal Savings and Loan Insurance Corporation, an agency of the United States government.

During 1966 we extended our services by opening new branches in Southfield and in Warren. We also improved our services by building a new, larger office at Kelly Road and Houston-Whittier. In 1967 we plan to still further improve our services by replacing our current structure at Grand River and Southfield with a fine new building to be erected on the present parking lot.

Indications are that 1967 will be an excellent year for our economy. National and local economic conditions should remain strong and the financial market should be more orderly with money not as tight as in 1966. All in all, we at Standard Federal look forward to a year of continued activity and growth.

Sincerely,
Robert J. Hutton

Pointe's Share of Highway Taxes Amount to \$423,679

Highway-user tax paid by trucks accounted for \$32,241,026 of Wayne County's share of all State and Federal monies spent for highways during the fiscal year July 1, 1965 through June 30, 1966, it was disclosed in a report received from the Michigan Trucking Association, headquartered in Lansing.

Distributions made to the five Pointes from the Michigan Motor Vehicle Highway Fund, excluding Federal monies, totaled \$423,679, for the fiscal year, with the estimated portion paid by trucks amounting to a total of \$127,952.

A total of \$106,758,366 in State and Federal highway money was distributed by the Michigan Department of State

Highways in the county during the fiscal year. The trucking association determined the amount of highway-user taxes paid by trucks based on the State's accounting of the Highway Fund proceeds, plus distribution of Federal-aid highway money.

The highway-user taxes, the source of the Motor Vehicle Highway Fund, are primarily comprised of vehicle registration fees, motor fuel and motor carrier privilege taxes, of which about two-thirds of the total of \$274 million is collected from sale of motor fuel, and one-third from automobile, truck and trailer registration fees.

Distributions made to the Pointe from the 1965-66 Highway Fund, and the estimated portion paid by trucks, are as follows:

Woods — Highway Fund, \$138,853, of which trucks paid an estimated \$41,934; Park—\$114,937, estimate paid by trucks, \$34,711; Farms—\$97,980, estimated truck payment, \$29,590; City—\$53,045, estimate received from trucks, \$16,020; and Shores—\$18,864, of which trucks paid an estimate of \$5,697.

Truck payments account for 30.5 percent of the total, although trucks comprise only 16 percent of the vehicles used on the roads. Heavy trucks, which make up about one percent of all vehicles, pay highway-user taxes equal to approximately 18 percent of the total tax package.

The formula for distribution of the State Fund is 47 percent for the State Trunkline Fund, 35 percent to counties and 18 percent to cities and villages.

Federal highway-user taxes are levied on motor fuel, lubricating oil, parts and accessories, tires, tubes and tread rubber, new trucks and trailers and motor vehicle use. About half the total comes from the sale of motor fuel, and one-quarter from the excise on new trucks and trailers.

Federal highway money comes to the states through the National System of Interstate and Defense Highways Program, now in its 11th year, and other Federal-aid systems, known collectively as ABC programs.

In the Interstate Highway Program, the Federal Government puts up 90 percent of the money, and individual states contribute 10 percent. Under the ABC program, the split is 50-50.

In many counties, part of the Michigan Motor Vehicle Highway Fund is distributed for use in snow removal.

Camera Club Meets Jan. 24

The Grosse Pointe Camera Club will hold a social-educational evening Tuesday, January 24, at the Grosse Pointe War Memorial, Fries Ballroom. A twin treat starts the new year's activities, an inter-club print competition and a travel talk.

Mrs. Barbara Angelo will give her color slide travelogue on "Portugal and Spain." She is widely travelled as well as a prize-winner in the photographic field. The tour will be in Portugal, showing Lisbon, Sintra, Estoril, Fatima and other places of interest.

In Spain, slides will present Casertas, Seville, Tormalina and Malega. The travelogue will picture costumes of the land, flamenco dancers, peasants, fishermen and other workers.

As an added feature of the evening, artist Ret Zwiren will exhibit paintings based on Mrs. Angelo's slides. A coffee hour will follow. Everyone interested in photography is invited to attend. The meeting will start promptly at 8 o'clock.

Accuse Teenage Pair as Thieves

Park police filed charges of larceny from a motor vehicle against Claude Dove, Jr., 17, of 572 Lenox, Detroit, and a 16-year-old boy who was implicated in the theft.

Park Police Chief Arthur Louwers said that Dove and the juvenile, entered the garage of Coleta Mooney of 1129 Beaconsfield on Monday, January 9, and removed a spare tire and wheel from her car parked in the place.

The pair also forced open the trunk of another car, owned by Raymond and Sally Shown of 1142 Lakepointe, parked in the alley at the rear of the Mooney garage, and removed a spare tire and wheel from this vehicle.

Dove was arrested with a tire in his possession, and when questioned, admitted the theft and implicated the juvenile as his accomplice. A third teenager, who was also taken into custody, was released without charge after he was interrogated.

Chief Louwers said that Dove will have a hearing in the Park Municipal Court, and that the juvenile's case will be heard in Juvenile Court.

Don't Read It!
 More Michigan drivers buy the Exchange policy at the Auto Club than any other automobile insurance policy sold in the State.
 Then, the majority don't read it. We think it's because the words used in the policy are not nearly as familiar as our reputation for leadership, integrity, fair-dealing and value. If you have one of our policies, you should read it—*some*time. It's full of advantages you may have forgotten about. If you don't have an Exchange policy, buy one! It's a most interesting story of protecting your car and yourself.

Brownell School Concert Jan. 27

The largest instrumental groups in the history of Brownell High School will perform Friday evening, January 27, under the baton of Dewey D. Kalember.

Beginning at 8 in the school's auditorium-gym, 65 seventh graders will open the program with a stirring number, "Service Medley March," to be followed by Victor Herbert's lilt-ing "Toyland" and Bowles' "Festival March."

An additional number by these instrumentalists will be "Robin Hood and Little John Overture," which will clearly demonstrate the group prowess developed by these youngsters since first rehearsing together in September.

The second part of the program, featuring Brownell's largest Concert Band of 96 members, will play a variety of classical and light selections, including Corelle's "Dance Suite for Band" and "Procession of the Sardar," from Ippolitov-Ivanov's "Caucasian Sketches."

Two numbers with quite different appeals will be "Kid Stuff," featuring the percussion section in special effects, and "March the Sentry Boy" by Cacavas, a modern composer with a flair for the unique.

The program will close with a new publication, "Latin-American Suite" in three movements: Beguine Barbaro, Tango DiLos Amantes, and LaChucheria (a rumba).

Tickets are being sold by band members, but they will also be available at the door just prior to the evening performance.

Not All Motorcycles Run Away from Winter Snow

By Pepper Whitelaw

To the regret of most motorcyclists this is the time of year when many of them put up their cycles until the spring weather. However, some brave souls still wheel their cycles through the dead of winter.

It was only last week that Tom Verbeke, of Elizabeth court drove up to the NEWS office on his cycle. Tom uses his cycle to get back and forth to Grosse Pointe High School where he is a senior and the president of the Key Club. Tom's not alone, on better days you can see as many as 75 cycles in the school parking lot.

The cycles are not limited to teenagers however. That old public image of the motorcyclist is certainly outdated. Today the motorcycle has become a family vehicle that is sporty as well as economical.

Parents Hop On

Many parents who bought the cycles for their teenagers have discovered that riding is so much fun that they used it themselves. A perfect example of this is Mrs. Norman Grenzke of Shoreham road. The Grenzkes own two cycles—a 70 and a 90.

Norman Jr., a student at the University of Michigan, started the whole thing when he purchased a 70 cycle to use at school. He soon found that he wanted a bigger one—so they purchased a 90 for him to get around campus on.

There was the other cycle at home—and tempting—so Mrs. Grenzke had her son Gregory, who also attends the University of Michigan, teach her how to handle the cycle. Now whenever the family car is in use (which is pretty often since the Grenzkes' son Jeffery, a student at the High School is in a car pool) Mrs. Grenzke uses the cycle to run errands or visit nearby friends.

Family Diversion

Over on Ida lane at the Robert Bernhard residence the motorcycle has become a real family diversion. They have two cycles—one for their daughter Patricia, 17 years old, and the other for their son Thomas, who is 18.

The whole family attends the Cycle Scrambles. These are races conducted on special tracks built with hills and jumps. Thomas, who attends Northern Michigan University, has won three first place trophies in the drag races. One from the Milan Dragway and two from Detroit Dragway at Sibley and Dix Highway. In warmer weather the family takes picnic lunches and attend motorcycle events together, such as the Tourist Trophy Races in Brighton, New Boston and Kingsville, Canada.

The Walter Konrads found that their 16-year-old daughter Elizabeth, a student at the High School isn't the only one who enjoys her cycle. Father enjoys it almost as much as she does.

Busy in Summer

Elizabeth uses her cycle as transportation back and forth to the High School—oftimes picking up a rider on the way. In

the summertime the energetic Konrads really give the cycle a workout going from their home to The Pier where their sailboat is docked. The Konrads' nineteen-year-old daughter, Stephanie likes to ride the cycle too and the younger children just love riding on the back of it.

From the teenager, to mama and papa the motorcycle has become a family vehicle around The Pointe. Just about the time you see your first robin you'll see many more cycles appearing after their winter hiatus—all shiny and ready for another season of motorcycling.

To Show Movies Of New Zealand

"The Glories of New Zealand," a 90-minute color movie, will be shown by Kenneth Richter, award-winning photographer of New York, at the Grosse Pointe World Adventure Series, 8 p.m., Wednesday, January 25.

The show takes place in Parcels Junior High School auditorium, Mack avenue at Vernier road.

Richter pictures all the magnificent beauty and scenic variety of this little-known land of the Maoris. He shows tremendous snow-capped mountains, blue fjords, glaciers, smoking volcanoes, spouting geysers, sweeping beaches, subtropical forests, and thundering waterfalls.

On New Zealand's North Island, Richter films a mid-summer-Christmas observance in the capital city of Wellington and the home of a half-Maori, half-English family in Rotorua. He also covers Auckland, Napier, Christchurch and other principal cities.

Among other highlights are New Zealand's national symbol, the wingless Kiwi bird; the sheep and logging industries; majestic Mount Cook and Sutherland Falls, second highest in the world.

Ticket and illustrated program information for this and other Grosse Pointe World Adventure Series shows is available at the World Adventure Series office, open 12 to 5 every afternoon, except Mondays, in the Detroit Institute of Arts.

Yule Tree Says Warm Farewell

By Pepper Whitelaw

Dear Friends,

What am I doing out here on the cold ground? I lie here naked and unadorned... alone and unadmired. Just a few short weeks ago I stood regal and shining in your living room — bedecked with colorful balls and lights.

Every time one of you passed me you would admire me and often exclaim about my beauty. You brought many friends to see and admire me. You covered my feet with gaily decorated packages and even a jewel-bedecked skirt. Now, I'm at a loss to know what is to become of me.

What is that noise? Why is it a huge, white truck. Oh my, the man is lifting me into it. How rough he is! Once again I am feeling the cold—this time the cold of the floor of a truck, but I'm not alone; I see many of my friends here.

Oh, I see my service to you good people is over, I'm being discarded forever. Now, off of the truck with the rest of my friends. My, I feel warm... good grief, they are burning me... so this is to be my Merry Christmas.

Signed,
 Your Christmas Tree

Devil Cagers Split Pair Of Weekend Home Games

By Dale Eichbauer

The GPHS Blue Devils split in two home basketball games last weekend as they lost a close BCL game to Wyandotte 65-62 on Friday night, but came back on Saturday night to take a victory over Mt. Clemens 59-57 in overtime.

The Wyandotte contest was close to the final buzzer. Aided by Jim O'Donnell's eight points, the score at the end of the first period was tied 15-15. In the second period, though the Devils at first had trouble getting started, this same balance occurred as, aided by Ferman's eight points, the Devils tied the Bears, 33-33.

In the third period, the Devils scoring pace was not quite equal to that of the Bears as they scored 15 to Wyandotte's 18 to trail, 51-48. All of the Devil scoring was done by two players; Ferman with 10 and O'Donnell with 5.

The final period saw the scoring again equal, 14 for each side, but the Devils remained three points behind at the conclusion as Wyandotte took the Border Cities League game, 65-62.

Get Bad Start

Things started badly for the Devils on Saturday night, as Mt. Clemens took an early lead and led the period 20-11 in their non-league game. Led by Ferman with five, the Devils had trouble scoring even half as many points as Mt. Clemens.

As they settled down in the second period, the Devils picked up, but were still outscored 18-12. With O'Donnell putting in four for the Devils, Mt. Clemens led at halftime, 38-23.

Coming back for the third period, both defenses tightened, with the result that the Devils did not score until the 5:30 mark in the period and they were able to hold back Mt. Clemens even longer, until only 4:25 was left.

Once they got started, the Devils outscored Mt. Clemens, 14-4, cut the lead to five points, and trailed, 42-37. Jacobs had six and Slowik four for the Devils in the period.

In the final period, the pace the Devils had established kept

up, while that of the Mt. Clemens team picked up enough to make the game a battle right to the end.

Finally Tie It Up

With only 0:28 left, the Devils pulled to within one point as they trailed 54-53. A Mt. Clemens free throw with only 0:17 made the score 55-53 and left a tie the only thing possible for the Devils in the time remaining. Fouled in the act of shooting, Ferman was able to tie the score with two free throws and, with six seconds left the score was 55-55. Ferman had eight in the fourth period.

Going into a three-minute overtime period, Mt. Clemens was first to score at 1:30. This was followed by two points by Zink to tie the score, 57-57. For the first time in the game the Devils were able to take the lead when Ferman sank a free throw at 0:43, followed one by Dibasio. As the overtime ran out the Devils were successful in preventing Mt. Clemens from scoring and took a hard earned, 59-57 victory.

Ferman High Scorer

In both games Ferman was high scorer for the Devils as he put in 21 against Wyandotte and sank another 16 the following night against Mt. Clemens. Also aiding the Devil offense were O'Donnell with 16 and Zink with 12 against Wyandotte and Jacobs had nine against Mt. Clemens.

Prior to each varsity game, the Grosse Pointe junior varsity took a come-from-behind victory over Wyandotte 49-43, and led all the way as they defeated the Mt. Clemens junior varsity 77-64. An outstanding highlight was the third period of the Wyandotte game as they outscored their opponents 22-6 to take the lead after trailing in a slow first half.

St. Paul Lakers Defeat St. Lad's

By Doug MacEachern

The Lakers of St. Paul easily overcame the St. Ladislaus Greyhounds by a score of 54-43 Friday, January 13. The Lakers famous brand of ball control gave the Greyhounds very few chances to score.

St. Paul's sophomore guard, Mike Ferrell tallied 16 points to be the game's highest scorer, while Bob Domin fired for 12 points to lead St. Lad's.

Neither team was able to hoop the ball for the first minute and a half of the game. The Greyhounds were the first to score, giving them their only lead of the encounter. St. Paul wasted no time in scoring after that initial basket by St. Lad's to lead the Greyhounds at the end of the first quarter 11-8.

In the second period St. Paul widened the margin and at half time led by a score of 23-17 as Ferrell hit for six points and Smolenski, Stevens, and Doug Dziuaba each got two. But the Greyhounds fought back to end the third quarter of play only two points behind, 36-34.

St. Paul came back in the fourth session to halt the Greyhound rally. Smolenski and Dziuaba each cashed in for five points; Ferrell and Stevens sank one field goal each to end the game at the final buzzer 54-43.

Dennis Hayes poured in 20 points to lead the Laker J.V. to an easy 42-28 victory over the Greyhound reserves. The Lakers held their opponents to only five points in the whole first half. Tim Bigham also pumped in eight tallies for the J.V. squad.

Warriors Beat Mt. Clemens

The Grosse Pointe Warriors hockey team made it two in a row with a 4 to 1 victory over Mt. Clemens.

Tom Morey's first goal was scored at 9:02, ably assisted by Mike Shaw and Roger Giza. Donn Ulmer's unassisted goal came at 10:27. Morey's second goal beat the Mt. Clemens' goalie when he was given a pass from Donn Ulmer.

Mr. Clemens scored its only goal at 15:03. Dennis Ignagni beat the clock by putting his goal in with only one second left to play. Tim Conn and Tom Morey were given the assists.

The Warriors' two goalies, Bill Harlan and Jeff Fuller, did their usual spectacular job. The defense headed by Mike Stahl, Paul Franz and Roy Dobson held the Mt. Clemens team to the one goal. The Warriors next game will be Saturday, January 21 at 5 p.m. at McCann Skating Rink.

Camera Safari To Be Shown

"An African Camera Safari" will be described in color movies and commentary by H. Lynn Pierson at the Main Branch Grosse Pointe Public Library, Fisher road and Kercheval avenue, on Monday evening, January 30, at 8 o'clock, in a public program presented by the Friends of the Grosse Pointe Public Library.

In January and February of last year, Mr. Pierson and his group toured more than a dozen national parks in Kenya, Uganda and Tanzania in their quest of wild animals to photograph. Included in the party were Mr. and Mrs. Richard Borden. Mr. Borden worked extensively for the late Walt Disney, and was described by Disney as his finest nature photographer.

Mr. Pierson took a total of 3,000 feet of color film, which he later edited to an hour-long program of two reels totaling 800 feet.

All the well-known wild animals of Africa were photographed in natural settings, as well as many species of birds and fish. Perhaps his most thrilling shots are those taken of a pride of 22 lions, an unusually large number for one pride.

The public is cordially invited to see these fascinating films and talk with Mr. Pierson about his trip. Refreshments will be served at the conclusion of the program.

St. Paul Tankers Win Two Meets

By Dave Fromm

The St. Paul High School boys' varsity swim team overcame a tough opponent, Friday, January 6, as they downed Salesian 50-49. The meet, which was held at the Detroit Parks and Recreation building on the west side, was the team's first this season.

In the first event, a combination of Bob Hurley, Fritz Kramer, Mark Nowicki, and Geoff Browning placed the Tankers on top 84 by taking the 200-yard medley relay. Marty Thomas placed first in the 200-yard freestyle to give the team a seven-point marginal lead over its opponent. Pat Murphy's first in the diving event maintained the lead.

However, in the next event, Salesian went on top 26-25, and sustained its lead for the following four events. Nonetheless, St. Paul's 400-yard freestyle relay, team, composed of Tom Meier, Pete Peacock, Dave Fromm and Jim Hayes, clinched the closely matched contest for the Tankers, as it easily outdid Salesian's combination.

The following Tuesday, St. Paul easily defeated the Arrows

of St. Alphonsus 67-36 at Lowrey High School in Dearborn. The same 200-yard medley relay quartet again finished first, giving the team another 8-4 lead. In the 50-yard freestyle event, Pat Murphy held down the number one position while Geoff Browning placed second as the Tankers progressed to a 10-point margin over the Arrows. In the next event Mark Nowicki rolled in first to take the 200-yard individual medley. Tom Meier and Pete Peacock's one-two combination in the 100-yard freestyle brought the score to 39-25, while Bob Hurley and Pete Dingeman nailed down the first and third spots in the 100-yard backstroke to give the squad an additional three-point lead. Bob Urtel and Fritz Kramer occupied the number one positions in the 400-yard freestyle and 100-yard breaststroke events, respectively. The Tankers again took the 400-yard freestyle relay to end the meet in a 67-36 upset for St. Alphonsus.

The Tankers, coached by Tom Teetaert, find themselves fairly well perched in divisional standing with their 2-0 record.

Both the Fries ballroom and the auditorium of the War Memorial will be in use. The afternoon will be divided in two parts. From 1:15 to 2:15 a chamber string orchestra will play together. Solo performances with this group are welcome, if prepared and if music is accessible. Those who prefer this large ensemble can continue all afternoon under the direction of a conductor. If enthusiasm warrants, future projects will be arranged. Smaller groups will meet from 2:30 to 6. These might include piano and strings, string quartets, wind ensembles, and other combinations. In charge of planning the workshop is Miss Margery Aber.

Travel, Sports Films Offered

The first Travel and Sports presentation for 1967 will be at 7:30 p.m., January 27, in the Exhibition Room of the Central Library. This program is planned by the Audio-Visual Department of the Grosse Pointe Public Library a division of the Grosse Pointe School System. Due to the splendid reception of the October and November programs these presentations will be continued in 1967.

The January program includes NORFOLK TOUR—24 min., color. Take a memorable tour through American history, re-enacted in colonial homes, illustrated with our mighty naval base; the MacArthur Memorial; enchanting Gardens-By-The-Sea; and other exciting settings. See the life of a city unfold the American story.

FABULOUS FLORIDA — 30 min., color. Magnificent beaches, skyscraper cities, vast citrus groves, the flowers and birds of the breath-taking Sarasota Jungle Gardens—Florida. Flora, fauna and fun in the sun for tourists and vacationers alike throughout the year. These two films will be of special interest to people planning southern trips this winter and to those who would enjoy seeing the charm and beauty of the South on film.

The general public is cordially invited to attend this series and there is no charge of course. The 8 MM Film Service, a gift of the Friends of the Grosse Pointe Public Library, is proving to be very popular for family use. All you need to take advantage of it is a Library Card. For further information about audio visual materials available call James Titterington, Head of the Audio-Visual Department at the Central Library, TU. 4-2200.

Experiment Has New Program

The two young people who are ultimately selected to be the first Outbound Community Ambassadors of the Experiment in International Living will be chosen on the basis of their adaptability, intelligence, responsibility, and spirit of cooperation. A high school student will be sent on a two-month sponsored trip to Guatemala, and a college student or young employed adult will embark upon a similar trip to Peru next summer.

Announcement of this new program, first of its kind to be tried anywhere in the Metropolitan Detroit area, was made on January 6 at a meeting at the Grosse Pointe War Memorial Center.

Chaired by two Grosse Pointers, Charles Barlow of Stephens road, treasurer of the Metropolitan Detroit Council of the Experiment in International Living, and Mrs. Carl Lanz of Chalfonte road, the Ambassador Program will be administered by a planning group including representatives from the Pointes, St. Clair Shores, Roseville, Warren, and other east side suburbs.

James Grant Macpherson, II, an experimenter himself and father of two Experimenter daughters, will develop a promotion plan assisted by Thomas Berthiaume, Floyd Webster and Charles Chalgain. Mrs. Nathan Shaye will direct the fund raising campaign.

Each high school in suburban east side Detroit may nominate an older student and a young faculty member as applicants. Industries and businesses are urged to nominate a qualified employee. Macomb Community College will submit applications and any college students residing in the above mentioned suburbs can apply.

Only persons who will be returning to their home communities will be considered. Applicants may be young men or women, between the ages of 17 and 30, who have completed the junior year of high school.

Ambassadors to Guatemala and Peru who do not meet the Experiment's usual requirement of two years of Spanish will be permitted to substitute an extensive pre-departure course, at modest extra cost, given in Laredo, Tex., for the Guatemala group and Brattleboro, Vt., for the Peru group. Courses will begin sometime between June 11-18.

Each Experimenter will be part of a 10-member group spending two months in the designated country. One month will be spent living with a family. The second month is spent in informal travel.

Until a Selection Committee is fully organized, questions regarding applications may be directed to Frank J. Sladen, Jr., 888-4220, during the day, or Mrs. Carl Lanz, 882-8181, in the evening.

The new officers installed were as follows: president, Warren DeCook; first vice-president, Donald White; second vice-president, Charles Reott; treasurer, Richard Pulfer; secretary, Jack Beever.

The new directors installed were Carl Liebold, Dennis Madler, Lawrence Miller and Conrad Naegel.

President DeCook and First vice president White represented the club at the Mid-Winter Meeting January 13-14 in Dearborn, Mich.

A full program was presented to members and their wives including training sessions, luncheons, conference sessions and addresses by Walter J. L. Ray, past president of Kiwanis International and District Governor Elect, Richard J. Pemberthy.

The ladies were given a tour of the Henry Ford Museum, a luncheon and style show. The installation banquet was the highlight of the Mid-Winter meeting and took place in the Ford Central Staff Building in Dearborn Saturday evening, January 14.

Friday evening a three-hour presentation of professional and top-notch local entertainers was afforded the Kiwanians and their wives in the Dearborn Inn.

The Mid-Winter Meeting was the first official meeting on the state level of Kiwanis and saw the installation of Michigan District officers for 1967.

Over 200 Kiwanis clubs throughout the state was represented at this convention.

Library Friends Offer Top Film

The third program of the 1966-1967 Friends Forum movies, co-sponsored by the Friends of the Grosse Pointe Public Library and the Grosse Pointe Public Library will be shown January 20, at 9:15 p.m. in the Main Reading Room of the Central Library, 10 Kercheval.

This Film Series is planned to provide an opportunity to view films of special merit. The Friends Film Forum series is presented the third Friday of each month, October through April.

ALIKI, MY LOVE — English Dialog — Directed by Rudolph Mate. Story and screen play by George St. George. Starring Jess Conrad, Wilfrid Hyde White, Katherine Kath, and Aiki Vouyouklaki. Songs sung in Greek; Dialog in English.

A light comedy with music for family entertainment, made on the enchanting Greek island of Ios.

An appealing, hoydenish, young girl (Aiki Vouyouklaki) foils the attempts of a wily old lawyer (Wilfrid Hyde White) and his handsome young client to change the unspoiled island in the Aegean into a tourist trap. In the end, the newcomers, as well as the natives, know that the island—"Eftibia" in the movie, the Greek word for happiness—is as close to an earthly paradise as warmth, affection, and humble but enduring humanity can make it.

Aiki Vouyouklaki, the most successful young star and recording artist in Greece, is assisted by the entire population of Ios. There are six new songs by Manos Hadjidakis, whose music for NEVER ON SUNDAY is still being enjoyed all over the world.

A Happy Report

In the NEWS article on Christmas activities in the schools in December we mentioned Mason School's plan to adopt needy families. We are happy to report that the project was a great success.

Each of the seven Mason School classes adopted a needy family and provided them with Christmas food baskets. The contents of the baskets were donated by the children. The response of the children was so great that some families received as many as three large baskets of goods.

A special thank you should go to school nurse, Mrs. Marie Moser for locating the needy families, and the following teachers for their wonderful and willing support: Joan Kubista, Mercedes Jacobs, Marilyn Ralph, Barbara Hood, Beatrice Simansky, Milton L. Riggs Jr. and Richard Markel.

The children too received a valuable gift from their generosity — they learned that "It is more blessed to give than to receive."

Know Your Schools

by J. Harold Husband, Acting Superintendent
 The Grosse Pointe Public School System

QUESTION:

In the Superintendent's Report to the Board prior to the January 9 meeting, I read that you have recommended a community-wide educational survey. Can you give me the details?

ANSWER:

If the project is funded, the survey instrument will be designed and administered by the Institute for Community and Educational Research of Eastern Michigan University. In the preparation of the questions, opinions and suggestions will be solicited from staff members as well as from a cross-section of community residents.

Our thinking is that the gathering of data by means of in-depth interviews with randomly selected community residents will provide a firm base on which to make a number of important decisions regarding the future course of the public schools. If the proposed project materializes, it will not be a one-time study, but rather one which may be constantly updated through the collection of additional data.

The schools' staff and the entire community will be thoroughly informed prior to the implementation of the project. The survey will be financed from funds earmarked for nationwide educational improvement by the United States Office of Education. Officials of the Institute for Community and Educational Research tell us that we shall probably have a decision on the survey by April 1.

Letters to the Editor

Dear Sir:

With all due respect to the writer of last week's editorial, who is patently a cat-hater, I must point out a large error in the article. Anyone caught harming another person's pet in any way can be taken to court. Perhaps you would do your readers a service by advising them of this.

Thank you,
 Sincerely,
 Mrs. William Mulkey
 (Owner of two belted rats)

To the Editor:—

This concerns an inaccurate statement contained in a letter written by Mrs. Margaret G. Twyman of the Motion Picture Association of America, which you presented to your readers in the January 2 issue.

On page five Mrs. Twyman is quoted as saying, "The 8 largest producing-distributing companies do comprise the membership of the Motion Picture Association of America. These companies have not in the last 10 years released any films which failed to qualify for the Production Code Seal."

The mature audience motion picture "Blow-Up" opened at the Coronet Theatre in New York, December 19, without the Code's seal of approval, and according to the newspapers has played to capacity audiences. In this connection, Box office leading motion picture trade journal, in its issue of January 2 says, and I quote, "MGM Revises Subsidiary Over 'Blow-Up' Code Seal-New York-Metro-Goldwyn-Mayer has reactivated its subsidiary, Premier Productions, to release Michelangelo Antonioni's 'Blow-Up' without a Production Code Seal."

One of our local papers, The Detroit News, reproduces the UPI dispatch as follows: "Unapproved Film Named Best of 66—New York, Jan. 4—'Blow-Up,' denied the U.S. motion picture industry's two major seals of approval because of its sex sequences, was named best

film of 1966 yesterday by the National Society of Film Critics."

This letter is written just to get the record straight, and should not be construed as entering into the controversy between the Grosse Pointe Motion Picture and Television Council and the Motion Picture Association of America.

Very truly yours,
 STANLEY FISHER

Dear Mr. Edgar:

On behalf of the 9,000 employees of the Detroit Post Office I would like to say "many thanks" to you and your staff at the Grosse Pointe News for the many courtesies you extended our agency during the past year, and especially during the Christmas mailing period.

This was the biggest, yet most successful, Christmas in the history of the Detroit Post Office. Despite the fact we handled a record-breaking 321,674,000 pieces of mail during this holiday period, we enjoyed our smoothest, most trouble-free Christmas operation to date.

No one recognizes more than us that this tremendous task could never have been accomplished without the cooperation of the mailing public and the generous helping hand we received from the various news media in our effort to gain that cooperation.

Detroiters mailed early, permitting us to reach our peak by December 15th. They used ZIP Code on their mail to a greater extent than ever before, and they wrapped their gifts well.

We are deeply grateful to you and to the citizens of Metropolitan Detroit for the substantial part you played in helping us carry out our heavy Christmas chore.

Sincerely yours,
 Edward L. Baker,
 Postmaster.

What Goes On at Your Library

By Virginia Leonard

Once again, it is my somewhat-sad task to record a sort of literary necrology, listing those authors whose obituaries have appeared during 1966. As usual, there is quite a variety.

John Becroft is a name that undoubtedly will be familiar to you. Writer, as well as Editor-in-Chief of the Literary Guild for a number of years, he is represented in our library by the titles: CUT MAGIC and ROCCO CAME IN.

One very well-known one is Lillian Smith, whose STRANGE FRUIT, back in 1944, made quite a splash. Others of her works would include THE JOURNEY, KILLER OF THE DREAM, MEMORY OF A LARGE CHRISTMAS, NOW IS THE TIME, and OUR FACES, OUR WORLDS.

And who will ever forget Gertrude Berg? Better known, granted, as a radio, television and theater personality, she has also left us a written legacy in MOLLY AND ME.

Moses Hadass, a classical scholar, is another loss. Our library has three of his titles: HELLENISTIC CULTURE, HISTORY OF GREEK ART, and HISTORY OF LATIN LITERATURE.

Two psychiatrists and authors are no longer with us. They are Smiley Blanton, represented by his LOVE AND PERISH and NOW OR NEVER. The other, a name known to all of you, is William Claire Menninger, who is known for a number of books, such as YOU AND PSYCHIATRY, BLUEPRINT FOR TEEN AGE LIVING, HOW TO BE A SUCCESSFUL TEENAGER, PSYCHIATRY AND PSYCHIATRY IN A TROUBLED WORLD.

Another well-known name in quite a different field is Deems Taylor, composer, critic and writer. Are you familiar with his whimsical title, MOMENTS MUSICAL, as well as MUSIC TO MY EARS, OF MEN AND MUSIC, and SOME ENCHANTED EVENINGS?

Now we switch over to archeology. The French author, Pierre Montet, is listed in our catalog with one title, EVERYDAY LIFE IN EGYPT IN THE DAYS OF RAMESSES THE GREAT.

Going from the French to the

German, we next list Friedrich Wilhelm Foerster, whose book, THE JEWS, was published in 1961.

Another great loss was the colorful Lucius Beebe, columnist of the NEW YORK HERALD TRIBUNE, whose 1966 book, THE BIG SPENDERS (dealing with millionaires) has been a most popular item.

In the realm of journalism, Hugh Bailie has bequeathed to us his HIGH TENSION, published in 1959, which constitutes his recollections of forty years of "current history." Another journalist, recently deceased, is Lewis Gannett, editor of FAMILY BOOK OF VERSE, which is in both our adult and juvenile collections.

Another familiar name to all of you, I'm sure, is Kathryn Forbes, who made her name with the delightful MAMA'S BANK ACCOUNT, published way back in 1943. If you don't remember, this was a collection of short stories about a family of Norwegian immigrants, settled in San Francisco, and presided over by a loving, understanding mother. Each story was an episode in the life of one member of mama's family, but mama, actually, was always the real heroine. To show you what classical proportions this story has attained over the years, we also have it in Enlarged Type for those who need sight-saving aids.

They are there. This is by no means a complete list—only a somewhat representative one of names I've been able to compile rather quickly. You may know of others that could be added. This sort of column is always sad to write, as it inevitably contains names of authors whose books have attained special significance to me personally, and I suspect that you, too, will react in the same way. But these writers have achieved a certain sort of immortality in the sense that they have left with us a written legacy of their thoughts, or, sometimes, a compilation of the thoughts of others, which will always remain with us. And while they will not be writing any more volumes, we take comfort in the fact that we may pick up their books at any time and read or reread them, and once again they are alive.

In America to visit old and make new "Friends" the American Museum in Britain, (the Museum, at Veriton Manor, Bath, England, is supported by funds on both sides of the Atlantic), Ian McCallum, museum director, is currently stopping off at Mrs. How-Freeman Smith's Provencal road home.

And if the energetic Mr. McCallum maintains as busy a schedule on every one of his "lay-overs" during his coast-to-coast tour, we predict he'll arrive back in ready to collapse on the bed in his own institution's gentle "New Mexican Room," (the Museum features reproductions of typical American history period rooms). He flew into town Tuesday, in time to attend the De-Institute of Arts Founders Society preview-reception of the exhibitions "The Peale Family: Three Generations of American Artists" and "American Decorative Arts: Pilgrims to the Revolution."

Chairman of this Art Institute Founders' preview party, incidentally, was Mrs. Daniel Goodenough, of Pop road; among her assistants were Mrs. Carl B. W. of Yorkshire road, and Mrs. James McMillan, of Stone place.

And, by the by, there's a definite "local touch" in the private Arts exhibit; Private individuals who've lent for the show include Pointers John A. Callahan, Edsel B. Ford, Mr. and Mrs. Alfred R. Glancy, Jr., and Mrs. John C. Kretschmar and Mr. and Mrs. Peter E. Simmons.

Back to Museum Director McCallum . . .

Also on Tuesday, he was guest of honor at a dinner given by the Alexander L. Wieners, of Grand place. Guests include Mr. and Mrs. Harold A. Glancy, Mr. and Mrs. Frederick Cummings, Institute of Arts assistant-director), Mr. and Mrs. Sam D. Laurie, Jr., and, of course, Mrs. Smith, who hosted herself at a dinner party for Mr. McCallum Friday evening.

Today's his Big Day in Our Town. Betty and Al are opening their magnificent Lakeshore road home this evening, for a present and prospective "ends" reception, at which Director McCallum will about his museum and its progress during the two visits since he last visited The Pointe, AND illustrate points with pictures.

Tomorrow, he's promised to speak at the mid-wintering of The National Society Colonial Dames, of America in The State of Michigan, to be held at the Grosse Pointe War Memorial, with Society president Mrs. Mel Dwight Wilson, of South Oxford road, presiding. His lecture, with colored slides, is entitled "England's Historic Country Houses." In charge of arrangements for the luncheon preceding the lecture is Mrs. W. E. Krag, of Merriweather road.

And, Saturday morning, Mr. McCallum flies off to New York, headed for another city and another round of engagements. We hope he'll get SOME rest on the way.

Tour's Done

Lucky Dr. and Mrs. Allan A. Zaun, (he's pastor of St. Paul Avenue Presbyterian Church); Their newest addition, William Bradford Colwell, named for his great-great-great . . . (seven generations at least) paternal grandfather, Governor of Plymouth Colony, returned until they were safely back in Westchester road their World Tour before he put in an appearance. Young William B. was born January 6, to Mr. and Mrs. Barry Colwell (Victoria Zaun), of Wayburn avenue. Now the Zauns have TWO fascinating topics, William and their trip around the globe, with which to regale their friends.

Inside The Mothers' Club

The regular meeting of the Executive Board of the Grosse Pointe High School Mothers' Club was held in Cleminson Hall at 12:30 o'clock Monday, January 9. Twenty-three members were present.

President-elect Mrs. William Ludwig officiated. She announced that she and President Mrs. Perry TeWalt had attended the reception for Newcomers held at the War Memorial Sunday, January 8.

Vice-president Mrs. Walter Griffith reported she had conferred with 17 Mothers' Club scholarship recipients during the Christmas holidays. Their reports were encouraging and semester checks totalling \$2,700 were issued to them.

Mrs. George Thom, Jr., corresponding secretary, announced that a committee of nine had met at the Board of Education offices and mailed 2,948 copies of the monthly newsletter "High Pointes." A copy of the minutes of the December board meeting was mailed to all board members with the notation that future meetings would begin at 12:45 o'clock.

Bus chairman Mrs. Ben Hubbard reported that only one bus was needed for the 35 students who had signed up for the trip to the basketball game at Monroe on January 6.

Christmas Tea chairman Mrs. C. Cleon Althaus and co-chairman Mrs. Edward Devine presented complete reports of the Christmas Tea held in December. Nearly 1,000 persons attended the tea and enjoyed the musical program presented by students under the direction of Herman Clein. Everyone was delighted with the display of student art work and handicraft, and special recognition was given to all mothers who donated sandwiches and cookies.

Mrs. Arthur Sherman, Board of Education representative, reported on the high points of the November and December meetings.

President Mrs. Perry TeWalt reported on the many meetings she had attended during the month of December and announced that several conference sessions had been held with Dr. Hanson in preparation for the College Information Night panel discussion held January 17. The traditional Mothers' Club gift of Roget's Thesaurus to the upper five percent of the graduating class was discussed. There was a general feeling that a dictionary might prove more useful, and it was felt that comments from the honor students would be helpful in making this choice.

State, was a rewarding as well as an educational experience," Mrs. Zaub reports. Dr. Zaub was speaker for the celebration of the Triple Jubilee of the Church in South India and, following this convention, both he and Mrs. Zaub talked at schools, colleges and churches in the area . . . Dr. Zaub even laid the cornerstone for one of the small hospitals there.

Governor and Mrs. V. P. Cherie entertained the Zaubns at lunch in Government House, Bombay, before they left India for visits with friends and at Mission Stations in Bangkok, Hong Kong, Taipei, Tokyo and Hawaii.

Reunion With The Bushongs

"In Honolulu," Mrs. Zaub reminisces, "we were thrilled to see the fine work former Grosse Pointe Public Schools Superintendent Dr. James Bushong and Mrs. Bushong are doing at The Kamehameha Schools—Incidentally, the Bushongs want to be remembered to their many Pointe friends."

There were many other World Tour highlights: The train ride from London to Edinburgh, with Princess Margaret and her young son, on their way to a wedding, in the next compartment . . . A delightful stay with Mrs. Edward Oetting, of Whittier road, at the home of her parents in Pinchback, Spaulding, Lincolnshire . . . A Sentimental Journey through Edinburgh, where Dr. Zaub earned his Ph.D. . . . London, (the plays were outstanding) . . . Rome, (thrilling) . . . Athens, ("exactly as we expected") . . . Cairo, ("Hot!") . . .

Beirut, where the Zaubns visited with the heads of the Women's College and the American University, they consider an "outstanding" stop. They enjoyed especially, too, their tour through the ruins of Byblos, and their trip through Jordan and Israel was like "a dream fulfilled" . . .

Georgetown Concert And Dance

Georgetown University's Glee Club is coming to The Pointe, and that, as far as the local girls are concerned, means 65 "new" boys in town—which, if you happen to be a local girl, is a Cause for Great Rejoicing . . .

The boys' concert, at the Country Club January 27, at 8:30 o'clock, will be followed by a dance, scheduled to begin at 10. Al Navarro's Orchestra will provide the non-vocal music.

Chairman of the Glee Club's visit, which is being sponsored by the Georgetown Alumni Club of Michigan, is Miles M. O'Brien, Jr., of Hall place. Ticket chairman is Joseph Moesta and Mr. and Mrs. Christopher Duncan, Jr., are handling invitations.

Responsible for ushers, (they've secured the services of Julie Fisher, daughter of the Thomas K. Fishers, Ellen Hickey, daughter of the Edward Hickeys, Denise Cassidy, daughter of the George L. Cassidys, Merrill Casgrain, daughter of Mr. and Mrs. Charles W. Casgrain, II, Chris Barnes, daughter of Mr. and Mrs. James T. Barnes, Sarah Drummy, daughter of the John L. Drummys, and Elizabeth McIntyre, daughter of Dr. and Mrs. William B. Receive Thanks For Yule Party

The girls of Scout Troop 1397 have been reading with pleasure the delightful thank-you notes written by the first graders of St. Rose School. The 42 youngsters were entertained at a Christmas Party on December 15, by the St. Paul Troop.

In preparation for the party, the Scouts made centerpieces out of candy canes which were later eaten. The girls also fashioned felt Christmas stockings which were stuffed with candy and a small gift bought by the girls themselves.

As a surprise to all, Santa Claus in person passed out the gifts. He also helped to lead the singing. Everyone joined in games. The final highlight of the party was the serving of refreshments by the Scouts.

The troop leaders wish to thank all the mothers who helped to make this party possible. It was an event to be remembered both by the Scouts and by their guests.

CAPTAIN OF 19 BOYS—Jeannette Bloom, 17, takes aim in Silver Spring, Md., where she is captain of the Montgomery Blair High School Rifle Team—herself and 19 boys.

STUCK IN THIS CENTURY—Vehicles are stalled on a Mexico City highway in the capital's fourth jam this century and first since 1940. A disaster plan is in effect.

OUT OF CONG CAPTIVITY—Robert W. Monahan, 41, and (right) Thomas R. Scales, 44, look war weary in Long Binh, South Vietnam, as they describe their seven months of Viet Cong captivity, during which they had to dig trenches and do other work. They were construction employes in South Vietnam. Monahan is from Brooklyn, N.Y., Scales from Matamoras, Pa. They were released voluntarily.

"STANDING ROOM ONLY" is the situation on this bus on a road from Da Nang to the Demilitarized Zone in South Viet Nam. And the roof is loaded down with bicycles.

PAPER, UNDER \$3 is the news about this hat, one of a collection modeled in London at the British Millinery Institute's spring showing. The paper is coated and colored gaily. (Cablephoto)

IT'S PAPER—A model displays a paper slip by Formfit Rogers in New York during a showing of discard foundation garments. Note the peek-a-boo side.

FLYING SAUCER—Dan Jaroslaw, 17, and (right) brother Grant, 15, look at the photo (upper) they made of a disc-shaped UFO from their back yard on Lake St. Clair at Mt. Clemens, Mich. Site is about a mile from Selfridge AFB.

REMARRIES FIFTH TIME—Composer Ferde Grofe and wife Anne take their marriage vows for the fifth time in the Little Church of the West, Las Vegas, Nev., where they were first married 15 years ago. They have repeated the ceremony at the same place every three years.

THE VOICE, JR., ENGAGED—Meet Pamela Peterson, 22, Yardville, N.J., new fiancée of Frank Sinatra Jr. (inset). They met a while back during her airline stewardess chores.

ALIVE AND UNWELL—George F. Knoop, 34, leaves his arraignment in Los Angeles after being charged with faking his drowning in Lake Mead, Nev., in 1964, an act that resulted in his wife collecting \$10,000 double indemnity insurance and Social Security benefits. The 25-year-old wife, remarried as Mrs. Janice McNelly, is shown after her arrest in Cedar Falls, Iowa. Knoop also had remarried, as "John L. Deviland." He was arrested in Inglewood, Calif.

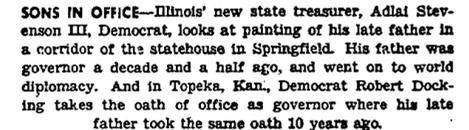

EXPOSURE DECENT—Four topless waitresses smile gleefully in New York on being acquitted of indecent exposure by a three-judge court, a ruling that could make the city an "Eastern San Francisco."

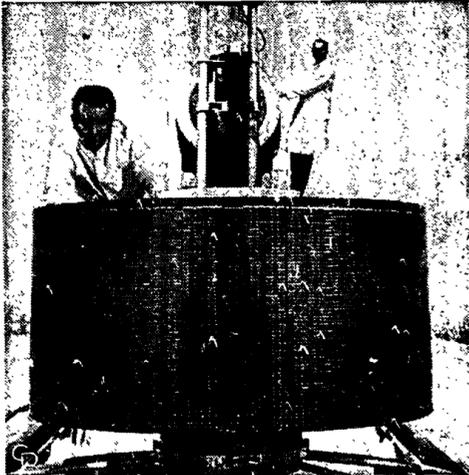

A PAUSE IN POLITICS—Sharon Percy, daughter of the Illinois GOP senator, huddles in Charleston, W. Va., with fiancé John D. Rockefeller IV after he took the oath as a Democratic member of the West Virginia House of Delegates.

THE DEATH RUN—Here is the end of Don Campbell's 300-mph death run on Lake Coniston in England. The "Bluebird" begins to take off (top), somersaults 60 feet into the air (middle) and dives nose down (lower). He would have had a water speed record. (Cablephoto)

SONS IN OFFICE—Illinois' new state treasurer, Adlai Stevenson III, Democrat, looks at painting of his late father in a corridor of the statehouse in Springfield. His father was governor a decade and a half ago, and went on to world diplomacy. And in Topeka, Kan., Democrat Robert Docking takes the oath of office as governor where his late father took the same oath 10 years ago.

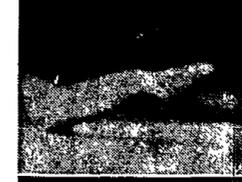

INTELSAT gets a final checkup at Hughes Aircraft's test range, Los Angeles, before being sent to Cape Kennedy.

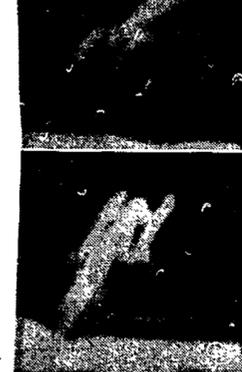

SURVIVES TRUCK—Tammy Reed, 13 months old, is comforted by her mother, Mrs. Stanley Reed, in a hospital in Santa Barbara, Calif., after being run over lengthwise—head to toe—by a heavily loaded truck. She suffered only minor injuries. The truck's sand tires are credited with saving her. It was backing out of driveway.

DEAD AT 97—Mary Garden (above), who began entrancing opera audiences in 1900, is dead in her native Aberdeen, Scotland, at 92. "Love," she once said, "is as necessary to a woman as light and air, but it comes and goes." She never married.

SUCCEEDS POWELL—Rep. Carl D. Perkins, D-Ky., speaks on the telephone in his Washington office after being chosen chairman of the House Education and Labor Committee, succeeding Rep. Adam Clayton Powell, D-N.Y. Unlike Powell, Perkins, 54, is soft-spoken and self-effacing.

who, where and whatnot

by whoozit

Spotted at last Thursday's Celebrity Series lecture: . . . The first of this year's flowered hats, ("If winter comes, can spring . . .") — and the wildest boots of this or ANY OTHER year: Spotted leopard, matching their wearer's leopard military jacket and cap . . .

And speaking of the Celebrity Series . . . We think speaker Willem Oltman's tale of the "lady who came to pick him up" at his downtown hotel early Thursday morning is perfectly delightful: Seems Madame, a lecturer's motor corps representative from Bon Secours Hospital Assistance League, sponsor of the Series, entered the hotel armed with a photograph of Mr. Oltmans, who was standing waiting for her near the main door in the lobby. She glanced at the photo, glanced at "The Flying Dutchman" — and marched right past him, going all the way down the lobby until she found a bellhop. The two conferred over the photo, casting a few furtive glances Mr. O's way; then both marched back down the lobby, up to the Gentleman-in-Question — stopped . . . and the bellhop asked, "Are you Willem Oltman?" Gentleman-in-Question allowed as how he was, the bellhop smiled and withdrew . . . In the car, driving out to Grosse Pointe, Mr. O. asked Madame why, since she had his photo and it WAS a pretty good likeness, she just hadn't come right up to him and asked if he was himself? "Well," the lady explained, "So many terrible things have been happening to women alone lately, I feel that you CAN'T be too careful!"

Mr. Oltmans' topic, incidentally . . . was "Trouble Spots in Focus," and he "focused" extensively on Southeast Asia, particularly Indonesia, and, naturally, on Vietnam, (who can talk on Southeast Asia these days without saying SOMETHING about Vietnam?). Grosse Pointe's poet, Carolyn Hubbard Lucas, has some thoughts of her own on this latter subject:

VIETNAMESE VILLAGE

*They spoke to us of Jesus bringing peace.
We saw His birth star shining far and high—
We prayed our gods and theirs that war might cease,
Still sudden death and fire fill the sky.*

Congratulations to . . . Wally Schmitt, winner of the Edwin N. Peabody's "How Many Ornaments Are There on Our Christmas Tree?" competition, an impromptu contest that developed during a holiday party . . . Guesses ranged from 300 to 750, (everyone agreed there were a LOT of ornaments on the Peabody tree); results were made known after the tannenbaum had been dismantled and the ornaments counted, (by the dismantlers — now THERE was a labor of love!); Wally's guess of 460 came closest to the actual 454 1/2 . . . His prize, the "half" ornament, carefully wrapped in cotton, is winging its way to Duke University, where Wally is a freshman.

And our FINAL Christmas story . . . of this season concerns a local family who traditionally wait until Christmas Eve to buy their tree and set it up. This year, they piled into their car as usual and took off to find the "perfect" tree — which they did, at their very first lot stop. "How much is it?" asked Number One Son, noted, among his siblings, for his "cheapness." "\$7," said the lot owner. "That's ridiculous!" exclaimed Number One Son. "It's Christmas Eve; who else are you going to sell it to?" While the rest of the family huddled in the background, shivering with cold and muttering "Why doesn't he just pay the \$7 and take the tree?" and other less printable sentiments, NOS argued with the lot owner, who remained adamant . . . So the family piled back into their car and proceeded to other lots, where they found other trees, priced at \$8, \$8.50, \$9 . . . Finally, Number One Son conceded that he MIGHT have made a mistake in not taking the first tree, so back they went to the first lot. The perfect tree was still there . . . "We'll take it," said Number One Son to the lot owner. "How much did you say it was?" "\$7.50," replied the lot owner. "That's ridiculous!" exclaimed Number One Son, "It was \$7 just a half-hour ago!" "Yes," answered the lot owner, "but you didn't take it then . . ." (P.S. They took the tree — at \$7.50).

Heard about . . . the Grosse Pointe Florists' card, enclosed in an exquisite arrangement, bearing the signature of that popular local belle, "Meta Mora Hunt?"

We were suitably impressed . . . by the VERY formal business announcement informing us that Herbert B. Schollenberger, III, of Balfour road, had joined the Amway products door-to-door sales staff — especially after we turned over the announcement and took a look at Mr. Schollenberger, III's picture, (he's 10, 11, 12, 13 . . . ?).

Pointer of Interest

MRS. WILLIAM M. WALKER, JR., OF ELAIR PLACE

By Janet Mueller
She doesn't look like a General Chairman. At least, she doesn't look like the "stock character" General Chairman: Formal, formidable, ostentatiously efficient . . . For one thing, she's too pretty.

One somehow doesn't expect a slim, fine-boned, VERY feminine lady to be "in charge" of any major organization . . . For another thing, she's too "nice." One somehow DOES expect a General Chairman to "come on strong," issuing orders, demanding results, organizing everything, for everybody, everywhere.

This isn't Jane Walker's style. Yet as General Chairman, (since last July), of the Women's Committee of the Detroit Grand Opera Association, she's proving to be one of our town's most effective chief executives.

Wonderful Party House
The Walkers live in a charming English Tudor home at the foot of Elair place, with wide lawns leading down to Lake St. Clair. It's a wonderful summer "party" house, (it's not so bad a "party" house in winter, either, but in summer, with a wide awning stretched over the spacious lakeside patio, it's really spectacular!).

Inside, soft shades of blue and green, Jane's favorite colors, predominate. Paintings and objects d'art, inherited or collected by Jane and Bill Walker over the years, are everywhere.

"We've picked up quite a few things on different trips," explains Jane, who "loves to shop when I'm out of town." Her interest in art is longstanding; she used to be quite active in the Detroit Artists Market, serving for a time on its Lay Jury.

"That (the Lay Jury experience), was an Art education in itself," she maintains. Mrs. Walker doesn't attempt any personal art work, however. "I'm not good with my hands," she admits. "I can't even sew — if I try, I usually end up putting the button on the wrong side of the material!"

"She thoroughly enjoys entertaining and loves to travel — whenever I'm asked" — with her husband, General Manager of United Motors Service, a division of General Motors. Bill's job, takes him out-of-town quite often; usually, his trips are short, men-only and strictly business, but occasionally wives are invited . . . and if she's invited, Jane goes.

With both her children adult, she's reached that delightfully mobile stage mothers dream about: Able-to-take-off at the drop (almost) of a hat.

Son Bill (William M. Walker, III), 25, works for Pontiac Motor Company and lives near Pontiac.

Daughter Josephine, 23, interested in the theater, lives in New York City.

Home for Christmas
Both the young Walkers celebrated Christmas with their parents in Elair place; they've returned to their respective residences now, but relics of their home remain in the Walkers' Pointe home, and their boy and girl portraits hang prominently in the Walker living room.

Jane and Bill Walker are both native Detroiters. She's the daughter of Dr. and Mrs. J. S. Leszynski, of the Indian Village Manor.

She grew up in Indian Village, as did Bill; for a long while, they lived on the same street — "But we didn't meet until about a year before we were married," Jane smiles. And, married, they continued to live in Indian Village, where they both loved, for approximately 20 years, finally moving "out" to the Pointe, in the early '60s.

Happy Blending
Luckily, their home in Indian Village was similar in style to their home in Elair place, so

for only one week, but the Association sponsors a year-round program of Grand Opera activities. It maintains a Speaker's Bureau, provides school and library programs and displays.

"I think probably the educational portion of our work is the most interesting," Jane muses. "We go right into the schools, work hand-in-hand with the teachers . . . I feel this is tremendously important, because the children are our future audience."

Many Workers Help
Jane Walker's corps of workers is large, (it encompasses some 750 women, many of whom will be on hand for the Women's Committee luncheon January 30, at the Detroit Institute of Arts, when Met Assistant Manager Francis Robinson will speak and the Detroit Grand Opera Association-Grinnell Foundation auditions will be held), but it is exceptionally well-organized.

Each area in the city and community outside the city has its own chairman, co-chairman, educational chairman, etc.—so Jane has plenty of help.

She feels she's exceptionally fortunate in her general co-chairman Betsy (Mrs. Ralph T.) McElvenny, of Cloverly road. Jane and Betsy have worked together before, (Betsy served as outstate co-chairman with Jane), they're close personal friends, and Betsy, with Mrs. J. Benton Lackey, Jr., has taken charge of one of the Association's most ambitious projects, "Overture to Opera VI."

Plan 20 Performances
The Overture series, which started out as a one-performance, "opera workshop" type of educational program put on by Wayne State University, has grown until in 1967 there'll be 20 separate performances, at schools and auditoriums all over the Metropolitan Detroit area.

This year's program, including a complete one-act opera, Cherubini's "The Portuguese Inn," plus Act III, Scene 1 of Verdi's "Masked Ball" and Act II, Scene 2 of Menotti's "The Consul," will be performed by the largest cast of local singers in Overture's history.

"Overture to Opera VI" premieres with a "dress rehearsal" in the Pointe's Fries Auditorium Friday, February 3, a 3:30 o'clock student performance. A second, first "public" Pointe performance, open to everyone, is scheduled at Fries Auditorium Sunday evening, February 5, at 8:15 o'clock.

Mrs. Walker thinks the Overture series is among the Detroit Grand Opera Association's most exciting activities.

Met Sends Costumes
"The caliber of the artists is excellent," she observes. "We get our costumes directly from the Met in New York, and our scenery this year is something special: We went to Hartford, Conn., last fall and called on Dr. Elemer Nagy, who has developed a unique Multiscreen scenery projection system, utilizing slides projected from behind onto a backdrop screen, so there are no shadows . . . Now we can get all our scenery into one truck, which helps a great deal, because we have to cart it all over the city and suburbs."

"Of course, everyone knows how excellent David Di Chiera, our producer and musical director, is. (Dr. Di Chiera serves as acting chairman of the Department of Music at Oakland University, co-sponsor, with the Grand Opera Association, the University Center for Adult Education and the Detroit Public Library, of the Overtures.)"

Everyone Enthusiastic

CHEESE CAKE

**Contributed by
Mrs. Kenneth M. Reichle**
1 1/2 cup Zwieback crumbs
1/2 cup butter, melted
1 1/2 cup Graham cracker crumbs
4 eggs, beaten separately
1/2 cup brown sugar
1/2 cup granulated sugar
1/2 cup finely chopped almonds

1 1/2 cup cottage cheese, (put through sieve)
1 cup cream
Grated rind and juice of 1 lemon
Pinch salt

For crust: Mix together Zwieback and Graham cracker crumbs and butter and press into baking pan, reserving some for top.

Filling: Beat egg yolks, add sugar and remaining ingredients, adding stiffly beaten egg whites last. Put into crust and add balance of crumbs as topping. Bake 1 hour in spring pan at 350° in oven.

(Note: Almonds may be spread on top instead of being in cake.)

this kind of program in the communities . . .

And as Jane Walker talks on about grand opera, bubbling with enthusiasm herself but realistic enough to refer to one of her voluminous notebooks or check her equally voluminous files when asked for a specific piece of data, constantly referring to names of co-chairmen, sub-chairmen, just plain "good workers," (They're all wonderful!), she suddenly begins to look Very Much Indeed like a General Chairman.

Or maybe, after an hour with Jane, our ideas on General Chairmen have changed . . .

Heaton to Show Travel Slides

Most unusual color slides of Eastern Germany, Vienna, Venice and the Dalmatian Coast will be shown on Grosse Pointe War Memorial's "Meet the Travelers" series Monday evening, January 23, at 8 o'clock in Fries Auditorium.

Pictures and commentary will be presented by Eppa Hutton Heaton. The photography was made on a recent Archives trip to the areas mentioned. The Grosse Pointe public and their guests are cordially invited to this showing free of charge.

From Berlin the pictures move to Potsdam with its lovely San Suso palace, then to Dresden where the Archives group was entertained at the Dresden Club by the Director of the five famous museums in that city. The porcelain museum is outstanding with rare early oriental porcelain competing with the fine Dresden china.

There will be pictures of the Vienna Boys Choir taken in their own quarters to which the Archives group were admitted. The famous Lippzner horses will be seen in action and views will be shown of the Belvedere Palace.

In Venice, art from representative modern of every nation to the nudes of the Guggenheimer Museum will be shown.

The Dalmatian Coast is the piece de resistance of the evening. This ruggedly beautiful coast was colonized by the Venetians who put the stamp of their civilization on its natural beauty.

Traveling by charter Yugoslav liner, Mr. Heaton caught the colorful ability of folk dancers in Dubrovnik, the magnificence of the Montenegro Mountains at Cetinje, the quaintness of the entire fishing village turned hotel at Sveti Stephan and the remote beauty of the beaches and coastlines of the islands of Korcula and Hvar.
