that matter, left the house to go to the store, or outside to play, and a driver is running his car on the lawn.

"The person leaving the house most certainly would not expect a vehicle to be on his lawn and would not be alert to that fact. This type of vandalism, or any other type, will not be tolerated, and I serve warning that those found guilty in my court will be dealt with accordingly."

The following citizens reported damages to their lawns, or trees and shrubs:

Robert O'May, 732 Moorland; William Peeber, 748 Moorland; Fred A. Kusch, 764 Moorland; and Joseph Schlader, 562 Blairmoor.

Also these residents residing in Anita avenue: Theodore Held, 657; Shirley Bedard, 645; Julian Maire, 631; Jeannette Chamberlain, 617; Martha Loomis, 603; H. Miles Snyder, 548; Joann Fisher, 562; Donald Bohlinger, 790; number 802, no name given; Harry W. Strandhagen, 814; and Carl Wilson, 826.

Bricks Batter Cars

Officers investigating the lawn damage in the area, also discovered bricks had been tossed through car windows, smashing them, and damaging other areas of the vehicles. In each case, the car owners were unaware of the vandalism and were told by the policemen.

Owners of the cars in the order received, are: Mrs. Eleanor (James A.) Davis of 1006 Anita, whose auto was parked in front of her house, rear window; Esther Weaver of South Jenison, Lansing, car parked in front of 1248 Anita, left rear quarter section of the roof and dents on the roof post and rear door; Richard J. Bania of 1033 Anita; car at curb in front of 1066, rear quarter section of roof, and broken rear window.

Also, John Pavicic of 934 Anita, rear window smashed, while car was parked in front of house; and Elenor R. Kiefer of 20641 Wedgewood, whose car was parked in front of number 20662, windshield broken.

Police found bricks inside the vehicles with the broken windows, or on the ground near where the car bodies were hit. All the missiles were tagged and placed in the station property room as evidence.

A report from Shores police revealed that the bricks had been taken from a building site at 41 Willow Tree lane, where a new house is under construction.

Littler Accepts Big Drive Job

A Grosse Pointe Shores resident, Mark D. Littler, of 43 Webber Place, has been named co-chairman for audit of the 1967 Torch Drive.

The appointment was announced by another Grosse Pointe, Robert B. Semple, of 304 University Place, campaign general chairman.

Semple said he is "delighted and gratified Mr. Littler again will assume the top campaign post he filled so ably last year."

The campaign general chairman said the co-chairman for audit will establish procedures necessary to insure the safe transmittal of Torch Drive contributions to United Foundation headquarters.

He will determine the policies and safeguards needed for accurate accounting and recording of all contributions at campaign headquarters.

Semple said Littler will recruit qualified volunteer auditors from major industrial and commercial firms to process, record and bank contributions in accordance with approved audit procedures.

These volunteer auditors handle the thousands of contributor report envelopes received daily at campaign headquarters throughout the drive, which this year will be held Oct. 17 to Nov. 8.

A graduate of the University of Illinois, Littler is a member of the America Institute of CPA's, Michigan Association of CPA's, National Association of Accountants and Financial Analysts Society of Detroit.

He is a former president of the Detroit Council of Churches and received its "Layman of the Year" award in 1962.

He was chairman for one year of Governor Romney's Task Force on Expenditure Management and served on the Michigan Committee on Total Research for Improved Management.

Littler served a two-year term as president of Friends of the Detroit Public Library and is a member of the Detroit Commis-

Can you afford to let another year go by?

Cadillac is by far the soundest automotive investment in the world. Some of Cadillac's twelve models, for example, cost less than the corresponding models of other fine cars. And, in a surprising number of cases, they cost little more than cars in the middle-price range. One reason is that Cadillac is gifted with a wide variety of equipment that would cost extra on lesser cars. A Cadillac price sticker is always worthy of careful study. Then, there is the matter of resale. It is a very real fact that Cadillac craftsmanship is an irresistible attraction to those who buy previously owned Cadillacs year after year. This enables the person who buys a new Cadillac to drive his car for substantially less than many other makes over a one, two, or three year span. And, of course, Cadillac ownership offers satisfactions that cannot be measured in terms of cost. For how can you price its wonderful and relaxing quiet? Or its rewarding comfort? Or its incredibly smooth ride? So don't let another year go by without appreciating Cadillac price, Cadillac comfort, Cadillac performance and Cadillac value. Ask your authorized dealer for a demonstration.

Riding Enthusiasts Warned Not to Violate State Laws

If you own a bicycle, a motorcycle, motorscooter or a minicar, the police chiefs of the Pointe have something to say to you that will keep you out of trouble, and save you and the police officers lots of headaches.

Now that the weather is beginning to change, more bikes will be seen, with the younger cyclists riding them on the sidewalks, and the older boys and girls, riding on the streets.

With the advent of warmer weather, more bikes are in use and thefts are increasing, simply because the owners do not take the extra precautions necessary to prevent the stealing of the bikes.

Many owners tend to become careless by leaving their bicycles unlocked on the sidewalks, on the lawns, and even in the designated areas where there are bike racks. Many of these two-wheelers do not have license plates.

The plates help to identify the bikes if they are stolen. The plate numbers and the bicycle serial numbers are kept

on record at the various police stations. These plates should be purchased from these stations. The fees are set by city ordinances.

Does your bicycle have a lock for it wheels? If not, the police chiefs advise owners to buy one. They are very inexpensive.

Parents should talk to their children on the care and use of bicycles and about the rules of the road, and how to properly put on a wheel lock. The parents should also impress on their offspring that when the bikes are not in use, not to leave them on the sidewalks, lawns, driveways, etc., but to put them in the back yard, or garage, with a lock on the wheels. It takes a thief only a few seconds to hop onto a two-wheeler and pedal away.

There is a State law that requires all motorcyclists and those who use motorscooters, to wear protective helmets. This is for their protection.

Many persons who enjoy this form of riding can suffer serious head injuries, or be killed, if they fall off in motion, or if they become involved in an accident with another vehicle.

Under the State law, all police officers are required to issue violation tickets to riders of cycles who do not wear protective helmets.

The law applies to both the driver and any passenger who might be sitting at the rear of the rider, while the vehicle is in motion. It was pointed out that the passenger, too, is in violation, if he or she does not wear a helmet.

If a cycle buff converts his bicycle to a motorbike, by installing any number of horsepower motor to make the bike self-propelled, then like everyone else operating a motorcycle, he must have an operator's license, and registration and, must wear a helmet.

Failure to comply with the law in regard to the helmet, it was revealed, constitutes a misdemeanor, and the violator is subject to a fine of up to \$100.

The minicar is a vehicle that is usually home-made, designed by youngsters who utilize a motor, say from a power mower. Or, in some cases, purchased from a manufacturer for children by doting parents.

This warning is for the parents and the children. It is against the State Motor Vehicle Code (Law), for anyone under age, or of legal age, for that matter, to operate such a vehicle without an operator's license.

Such a car cannot, and should not be driven on sidewalks, or on the streets, especially on the sidewalks, where there is danger of hurting pedestrians.

Many parents, the chiefs said, are under the impression that because the minicar is of small horsepower, there is no harm in permitting their children to drive them. This is taboo. Violators will be prosecuted, the juveniles in Juvenile Court and adults in Municipal Court, the chiefs said.

Besides, it was stressed, parents are responsible for any, or all damage to property, or injuries to persons, caused by their offspring, resulting from the operation of minicars.

However, it was again pointed out, there is no law prohibiting the driving of minicars by children, provided the driving is done within the confines of the family property.

Traffic Offender Picks Jail Term

Robert Bader, 22, of 5242 Bewick, Detroit, had enough money to pay one fine, for a traffic offense, but elected to serve time in jail when he could not scrape up enough to pay a second fine.

Bader appeared before Park Municipal Judge C. Joseph Belanger on Monday, April 10, on a charge of driving while his license was suspended and speeding. He was found guilty on both counts.

He was sentenced to pay a fine of \$50 for the first offense, or serve 12 days in the Wayne County Jail, and for the speeding offense, \$20, or five days.

Bader was able to produce enough money to pay the \$20 fine, but informed the judge that he did not have the extra \$50 and would serve the 12 days. He was taken to jail.

At a second hearing before Judge Belanger, the same day, Dale LaRush, 17, of 780 Lenox,

School Board Meeting Draws Capacity Crowd

(Continued from Page 1)
tion. They work a minimum of 10 hours per week and receive 20 hours of home economics credit for the year.

The trustees acted upon a variety of routine personnel appointments, leaves of absence and resignations. It was noted that Mrs. Gladys Gies of the staff of Richard Elementary School, has announced her intention to retire in June following 23 years of devoted service to the local public schools.

The members of the Board of Education approved the report of Mr. Ray MacArthur, Director of Business and Finance.

The school trustees approved several change orders for Grosse Pointe High School North in connection with the architect's specifications. Mr. Arthur Lewis, Construction Superintendent, said that although the school is behind schedule, he anticipates that the onset of spring weather will speed up the project considerably.

Election June 12

Thomas Coulter, Attorney for the Board of Education, announced that two four-year trusteeships will be voted upon at the June 12 election.

The school trustees will submit to the electorate at the same time in June a proposal to transfer \$79,922.31 in the 1953 and 1954 Debt Retirement Funds to the Building and Site Fund. All of the outstanding bonds of the issues were retired more than two years ago.

Because of overcrowding at the junior high school level, especially at Pierce, all seventh graders, (those currently in the sixth grade), from Richard Elementary School will go to Brownell Junior High School in September. Parents of the 15 Richard sixth graders who will have other children at Pierce in the fall will be given the opportunity to choose which junior high school they prefer for their new seventh grader.

Although final figures for the 1967-1968 budget will not be determined until negotiations with the staff have been completed later in the present fiscal year, the trustees approved the Maintenance and Capital Outlay accounts to enable the staff to write specifications and advertise for bids to make it possible to have projects completed and equipment delivered before the opening of the 1967-1968 school year.

Calendar Approved

The Board of Education approved the school calendar for 1967-1968. After preliminary meetings and the registration of new pupils, all classes begin on Thursday, September 7. Regional teacher conferences have been scheduled for November 2-3.

Christmas vacation begins at the close of school on Friday,

December 22 and lasts until Wednesday, January 3, 1968. Spring vacation begins at the end of the day on Thursday, April 11 and ends on Monday, April 22.

All schools will close for Schoolmasters' Conference on Friday, May 10. The Memorial Day observance is scheduled for Thursday and Friday, May 30-31. Graduation exercises at Grosse Pointe High School will be held on Thursday, June 13, and the school year ends on Friday, June 14.

Prior to the close of the meeting the trustees answered questions from citizens on the Board's intent to participate in the proposed voluntary Southeast Michigan Council of Governments. It was explained in detail by President Parcels that the Board of Education regards participation in the voluntary intergovernmental organization as potentially beneficial to the schools. Grosse Pointe is one of 113 governmental agencies that has already filed an intent to participate in the six-county voluntary Southeast Michigan Council of Governments.

Not Yet in Existence

In reviewing the resolution passed on January 9, President Parcels said that the Board of Education has not paid a fee to the organization. He indicated that at the present time the proposed voluntary Southeast Michigan Council of Governments has not yet come into existence and that final organizational meetings are scheduled for the next few months.

Dr. Parcels cited the prospect of regional action on problems of air and water pollution, public safety, and rapid transit among possible recommendations that may ultimately be made by the Council of Governments. Co-operative purchasing, and the joint use of expensive data processing equipment are other possibilities.

Dr. Parcels also said that proposed voluntary Southeast Michigan Council of Governments is not to be confused with metropolitan governmental structure in operation in Nash-

ville (Davidson County), Tennessee, or in Miami (Dade County) Florida, or in Toronto, Ontario, Canada.

It was revealed that voluntary councils similar to that proposed for the Detroit area are in successful operation in Dallas-Fort Worth, in San Francisco and Los Angeles, California, in Salem, Oregon, in Atlanta, Georgia, as well as in other places.

At the request of several mem-

bers of the audience, the school trustees agreed to seek to sponsor jointly with the Grosse Pointe municipal governments

a community-wide informational meeting on the proposed voluntary Southeast Michigan Council of Governments.

Youths' Probation Periods Extended After Violations

Grosse Pointe City's Municipal Court convened on Tuesday, April 11, with Judge Douglas L. Paterson presiding.

Among the cases heard was the violation of probation case of Michael J. Morgan, 18, of 1014 Yorkshire road, Morgan was involved in the burning of the Grosse Pointe High School Junior Class float last October 28, and was more recently involved in the demonstrations at the High School.

Morgan was found guilty and pled guilty before Judge William Connolly Jr. of the Farms for using abusive language to an officer at the High School demonstration. He was fined \$25. Because of this action he had to appear before Judge Paterson in violation of his probation.

Judge Paterson heard the report from the probation officer Thomas Morin, who said that Morgan had fulfilled the obligations of his probation most cooperatively. Morgan, one of the members of the musical group, "The Underdogs", holds down another job besides playing with the group. He also is presently attending adult school in an effort to complete his education. The Judge extended his probation period six months after he explained to the youth why this was necessary.

Anthony Roumell, 17, of 706 Lakepointe avenue, also involved in the float episode and another member of "The Underdogs," was before the Judge for two tickets, and as a result, for violation of probation. Roumell received a ticket on February 25 for going 45 miles in a 35-mile zone and had ignored notices to appear in court until this date. He was also charged with another ticket he received April 1, for driving 35 miles in a 25-mile zone. The Judge fined him \$35

8 Cases Heard In City Court

The City Municipal Court convened on Tuesday, March 28, with Judge Douglas L. Paterson presiding. The following cases were heard:

Theodore Yanvoki, 26529 Richardson, Dearborn Heights, charged as a disorderly person and with simple larceny. Pled guilty and was fined \$35 and 6 months probation.

LeMark Pleasant, (no address given), charged with simple larceny, pled not guilty and asked for an attorney. His case was postponed.

Clyde Thompson, 868 Notre Dame, charged for excessive noise, was found not guilty, case dismissed.

Ronald Edward Fuggerson, (no address given), was charged under the drunken motor law. He asked for legal counsel and his case was postponed.

Florence Rosen, 7161 Denver, Detroit, was charged with parking at expired meter. The case was dismissed.

Joseph Gerard Nichols, 4140 Neff road, charged with excessive noise, pled guilty and was fined \$15.

Judith Van Riper, 111 Stephens, charged with ignoring a red traffic signal, was found guilty. Sentence was suspended.

Maxwell George Dion, 249 Ridgemont, was charged with reckless driving. His case was dismissed due to lack of witnesses.

SUSPICIOUS INCIDENT

Sally Trapp, age 11, of 440 Lakeland avenue, and her father, John H. Trapp, reported a suspicious incident which occurred on Tuesday, April 4, at approximately 5:30 p.m. At that time Sally noticed a boy of about 16 running down St. Clair, and another youth, driving a dark blue and white Dodge, apparently following him. The youth in the automobile, got out and pulled the other boy into the car. City Police are investigating and checking any missing persons reports.

Youth Accused Of Bad Driving

John W. Steininger, 17, of 624 Hampton, was charged with reckless driving by Woods police on Saturday, April 8, after he nearly ran down a Woods public safety officer at the scene of an accident.

Patrolmen Martin Trombley and William Cramer said that they were investigating an accident at Roslyn and Charlevoix, when they saw Steininger operating his car in what appeared to be a reckless manner.

The officers said they saw the youth make a left turn onto Roslyn, coming east, and then he turned south onto Charlevoix, at which point he nearly hit Cramer, it was charged.

Cramer got into the scout car and gave chase and stopped Steininger at Hampton and Marter and gave him a violation ticket for operating a motor vehicle in a reckless manner, without regard to the safety of pedestrians at the accident scene.

Steininger was taken to the station and held until he posted bond of \$100, after which he was released to his attorney pending a hearing date in court.

Farms Warns Residents

(Continued from Page 1)

All residents should be familiar with the date and time rubbish is picked up in their respective neighborhoods, and should have the materials to be disposed of, in proper containers, in front of their homes ahead of time.

When and if there is a large accumulation of rubbish, branches, and so on, a call to the Municipal Building, TUxedo 6-6800, is all that is necessary to report this, and a special pick-up truck and crew will be dispatched to remove the materials.

DeFoe disclosed that failure to comply with the ordinance will make violators subject to possible court appearances. Violators can, and will, be issued tickets, if they persist

in dumping in the streets, he added.

We'll help put your wife in a home

If your wife has been talking about a new home lately, maybe you'll want to know something about a mortgage. There's a lot more to it than the amount of money you borrow. Where the money comes from is just as important. And so are the things written into your mortgage.

At NBD, for example, we have the people and facilities to give you personal attention when you apply. And because we're a full-service bank, we can keep on helping you with our range

of financial services long after you move in. Our 91 offices make NBD the most convenient place in town to apply for a mortgage. There's no application fee. Closings take only thirty to forty-five minutes and are often made at the same office. This saves you a special trip downtown. And closing costs are usually less

than a hundred dollars, excluding insurance. When we write your mortgage, we spell out exactly what rate you'll be paying, what you're paying for, and what you don't have to pay for. And we'll write in pre-payment privileges that can save you hundreds of dollars if you sell your home.

Maybe you're thinking about a mortgage loan right now. If you are, be sure to think about this: we can help you.

Day Spent in ITA Class Is Exciting Experience

By Pepper Whiteleaw

Today was one of the most exciting days we have ever experienced! We found ourselves in Helen Zissis' second grade classroom in Ferry School watching ITA in action... and when we say action we mean action!

ITA for the unenlightened, is the Initial Teaching Alphabet. It was developed in England by Sir James Pitman, grandson of Sir Isaac Pitman, who invented shorthand. Sir Isaac had been working on ITA before he became completely involved with shorthand. Sir James continued his father's work until ITA was a usable device. In 1960 Parliament voted monies for the first ITA project; it was an immediate success.

Philip G. Hilaire, Oakland County's Reading Consultant, brought the Initial Teaching Alphabet to the United States. Helen Zissis brought it to Grosse Pointe.

Before approaching Superintendent Charles H. Wilson for permission to use ITA in her Ferry classroom, Miss Zissis researched the medium thoroughly. Mr. Wilson was well acquainted with ITA and enthusiastically approved Miss Zissis' suggestion.

The children in ITA do not learn the names of the "letters" ... they learn to identify symbols with sounds. A key word and picture are used with each symbol. Some of the symbols are exactly like letters in the traditional alphabet. Others are different, but resemble traditional alphabet characters, so that an untrained person can "read" ITA with almost no difficulty. ITA is a phonemic approach — one sound for each symbol. For example when the ITA student sees the A in apple — it has only one sound.

There are 44 characters in the ITA alphabet. Twenty-four in traditional orthography are retained plus 20 new symbols. Miss Zissis uses all the technical terms with her students and the students use and understand them.

One of the highlights of our adventure in an ITA classroom was receiving notes, written in ITA by the children. It was amazing to read these notes—using words that some sixth graders still find difficulty to understand.

To really do justice to the work Miss Zissis does, one must see it in action in the classroom. We sat and watched these children answer questions such as what is a compound word? What is a homonym? What is a synonym? What is an auto-

nym? What is a verb, a noun? They answered with rapid fire speed! What is a schwa? What is a diagraph? How many kinds of nouns are there? The amazing part of their entire performance was that the entire class had their hands up most of the time.

Their knowledge of Michigan was startling. They knew the name of the governor, the state flower, our chief products, and the names of the Great Lakes. They followed this up with a word game using the word Christmas. They listed almost 25 words in less than five minutes.

Most of this information the children acquired from reading extensively in ITA books, which vary a great deal from the traditional "Dick and Jane" type books.

Next week we'll go into more details on ITA and the results it has produced since its inception in 1965.

Richard Students Launch Balloons

James Neville's sixth grade class at Richard Elementary School, met on the McMillan playfield for a dramatic culminating activity of a science unit recently.

Month-long work in the classroom has been devoted to the study and mastery of the arithmetic and physical phenomena of weather, weather reporting and weather reporting machines.

Dr. Robert Skau and several other class parents provided balloons and helium for launching to check cloud cover and wind direction and velocity. Attached to the balloons were messages describing the project and a request to return any of the data sheets tied to the balloons, that might be found.

The children are now excitedly awaiting the discovery of the balloons and each one is hoping that his or her balloon will be found farthest from the school.

Yearn to Purchase Boat Swamps Prospective Owners

By Pepper Whitelaw
"Everybody has one! Imagine what a fun summer this will be! It's no trouble at all! The only expense is the initial out-put!" *How many Pointe wives have heard this sales pitch in the past few years from their beloved spouses? What else could they be referring to but a boat?

This year when the Boat Show came to town I tried my darndest to find reasons why I couldn't attend... like... I'm having an attack of vertigo... I can't move my left foot (the one that's usually in my mouth)... it's too slippery to drive... but alas, my better half, like the postman, would not deterred from his appointed rounds... so off we go to the "Big Shu!... two children in tow.

One person's enthusiasm I could have bucked, but three... next to impossible! After walking what probably would amount to 3 or 6 miles... I found myself time and time again confronted with a turquoise and white fiberglass boat. "Haven't I seen this before?" The response was, "Yes, but isn't it just great... look at her lines... look at that cathedral hull... isn't that a great looking motor? I bet she'll go 40 miles an hour... boy, what fun it would be to own her... look how inexpensive it is."

Suddenly friend husband suggests we find the refreshment stand... After we are all seated, with eyes a-twinkle, he asks, "Well, honey do you like it?" Innocently, I responded, "It sure is pretty." "I thought you'd agree, he says, and before I can turn my head he disappears into the crowd. Well, it didn't take a great mastermind to figure out in what direction he was headed... so off I trot in hot pursuit... just in time to hear him closing the deal on the boat.

Looking like the proverbial cat that swallowed the canary, he said, "Well, it's ours, honey, we get delivery April 1." In the meantime, the children are deciding just what to call the boat... then suddenly I found myself being propelled out into the cold. Fait accompli!

That's the first chapter... the second chapter finds mother (that's me) thinking what fun it would be to get dad something for the boat for his birthday. With track shoes adjusted I approach the boat shop... upon entering I see all kinds

of "prettys" that would be great for a yacht—but since our boat didn't quite fit into that category I asked the gentleman for suggestions.

We finally decided on a beautiful set of horns and a bright red spotlight... then home again with the nautically wrapped gifts... anxious to see my husband's face when he opens his gifts.

The light was a big hit... then he opened the horns... "pretty, wow, very nice" (all the while routing through the package in search of something else). Finally, I said, "What ARE you looking for?" He said, "the button for the horn, or am I supposed to blow it?" With stark horror, I realized that I never thought about the horn actually making a noise—it just looked so pretty. I assured him that I would get the button, suddenly feeling very inadequate.

Chapter three is the delivery of the boat. Since our docking facilities are not available until May, the boat has to stay at the boat shop in Pontiac until then. When we got the call saying that the boat had arrived, my husband and the children rushed to Pontiac to see it. Upon their return I was told that everything was shipshape (getting right into the spirit of things already) and that a few extras had been purchased... being assured that the extras were all necessary additions.

I am sure that by the time the boat is in the water, it's going to be so bogged down with extras that it won't stay afloat.

But even if we never use it, I must admit that the preparations and planning have been worth the expense. It's been a real "fun experience" and if boating is even half the fun of preparing, I am sure we, like all other boat owners, are going to have a whale (sorry about that) of a summer!

*Refer to asterisk in first paragraph.

Hospital Guild Having Party

Both of these lecture-discussions will begin promptly at 8 and will adjourn at 9:30 for coffee. The public is cordially invited to attend. Ample parking is available behind the church at 17150 Maumee.

Forum Offering Film Classic

The sixth and last Friends Film Forum program of this season will be held on Friday, April 21, at 8:15 p.m. in the Main Reading Room of the Central Library, 10 Kercheval.

This series is sponsored by the Friends of the Grosse Pointe Public Library and the Grosse Pointe Public Library and is planned to provide an opportunity to view films of special merit and interest.

LES MISERABLES—(French-English Dialog)—is directed by Riccardo Frede and is based on the novel by Victor Hugo. It stars Gino Cervi, Valentina Cortesa, John Hinrich and Aldo Nicodemi.

Victor Hugo's classic of social injustice in 19th century France in a new large-scale Italo-French co-production with dialog in English, starring Gino Cervi as Jean Valjean, Valentina Cortesa as both Fantine and Cosette and John Hinrich as Inspector Javert. The film is black and white and runs for 110 minutes.

The Library now has quite a complete collection of 16mm films which are available on loan and would be useful to people planning church programs, youth programs and study groups. For information on audio-visual aids call James Titterton, TU 4-2200 extension 42.

Students Win Math Honors

Two Grosse Pointe students were winners in the nation-wide Santa Clara, Calif., Math Competition test. They were Mark Marinch who placed second among all the students who took the test, and John Laitner who received an honorable mention. Mark was Michigan Math winner last year.

Ten math students from Grosse Pointe High School were among the 437 students invited from 53 schools across the nation to take the Santa Clara test. From this total, the top 19 were given awards.

Four of the 97 winners of the Michigan Math Prize Competition this year were Grosse Pointe High School students. They are seniors Al Hershey and Marshall Massey, junior Dale S. Johnson, and sophomore Robert Halk. Marshall was also a winner last year.

The test, given in two parts, is used as a basis for possible scholarships and college placement.

R. W. Sherwood Is Eagle Scout

Richard W. Sherwood was presented the Eagle Badge, emblematic of the highest rank of the Boy Scouts of America, at a Bridge of Honor conducted by Sea Explorer Ship 240 on April 6 at the Edison Boat Club. He is the son of Mr. and Mrs. Orville F. Sherwood of 743 Lakepointe.

The presentation of the Eagle award was made by Jay Montgomery, Skipper of S.E.S. 240 and the S.E.S. Beaver. Ship 240 was honored at the ceremony by receiving the National Standard Rating of the National Council, Boy Scouts of America, for outstanding achievement in 1966.

Richard is a 9th grader at Pierce Junior High and was a former member of Troop 86, Boy Scouts of America, which meets at Trombly School. He is the brother of Robert Sherwood, former Grosse Pointe High athlete and Michigan State varsity swimmer, who is now attending the Michigan State University Graduate School of Business Administration. Robert also achieved Eagle scout rank in 1957 while a member of Troop 86.

After Grosse Pointe High, Richard plans to major in Hotel, Restaurant and Institutional Management at Michigan State University.

Why be satisfied with a fertilizer that merely makes your lawn green for a little while?
Now there's a grass food that not only greens your grass but also builds up the fertility of your soil. The name is Agrico Grass Food.

1. Agrico Grass Food contains a special combination of nutrients that actually enriches your soil. These nutrients build strong roots and produce hardy grass.

On June 12 there will be an election for two trustees to the Grosse Pointe Board of Education. I intend to be a candidate for one of these positions.

Grosse Pointe is deservedly known for its fine schools. As a life-long Grosse Pointe resident and the father of 3 children presently in the school system. I am vitally interested in having Grosse Pointe continue to maintain an outstanding public school system. To this end I have actively supported needed millage and bonding proposals, served in various PTA offices for 8 years, and attended over 90% of the public meetings of the Board of Education during the past 4 eventful years. I now seek the opportunity to be even more directly involved in seeing to it that Grosse Pointe continues to be at the forefront in providing its youth with top quality educational opportunities at all levels.

I subscribe to the belief that the direction of the public schools should be by a local board of education directly responsive and responsible to the citizens of the community whose dollars support the schools. The job of the Board is to provide the youth of the district with the finest education that the community's facilities and financial resources permit. This goal should not be diluted by burdening the system with outside students who are not directly its concern or engaging in activities which are not consistent with this basic objective. As a member of the Board, I would measure each proposal against these principles.

I also believe that the Board should encourage increased community involvement in major planning and policy decisions and defining of goals. Since quality education is dependent on an informed and interested citizenry which recognizes the importance of providing the atmosphere and support, both moral and financial, required, this community participation should be on a continuing basis, not limited to matters requiring specific voter approval.

The position of trustee on the Board of Education requires policy making and financial judgment, administrative capacity, a sincere interest in education, and the ability to reflect the concern of the community. I feel my 15 years as a practicing attorney and counselor to local business clients, along with my participation and leadership roles on a variety of boards and committees, has equipped me with many of the skills demanded of a Board member. My educational and youth activities demonstrate my sincere interest in education and my willingness to devote the time and energy required of a good Board member. And by attending the Board meetings over the past 4 years I have acquired a familiarity with Board actions and the myriad facts and administrative details of operating the school system which I feel will enable me to become an effective participating Board member without the long indoctrination period normally required by a new trustee.

I earnestly hope that I may have your support. Our public schools have been the backbone of our community's greatness; I shall do all I can to keep it that way.

ALLEN NEEF,
Candidate for School Board

Babe Ruth Loop Adding Teams

The Grosse Pointe Woods-Shores Babe Ruth League is adding two new teams to its roster for 1967 to handle the overwhelming response to registration. The addition of these two new teams will insure a greater participation for all boys.

All teams will be fully uniformed and equipped. Any boy who would like to play Babe Ruth Baseball and has not already registered, has until Saturday, April 15 at 9 a.m. to do so. Players Agent, Joe Hughes, 2036 Hollywood, 884-1459, has all the necessary forms for immediate registration.

Tryouts will begin on Saturday, April 15, at 9 a.m. at Parcels School with the 13-year-olds. They will continue on through Saturday, April 22, for 13, 14, and 15-year-olds.

Be sure to bring your number sign and two pins, glove, shoes, jacket and a baseball cap.

LOSES FINGER

J. D. Turnbull, 36 of 389 Kercheval, was conveyed to Cottage Hospital by Farms police on Friday, April 7, for treatment of a severed finger. A police report disclosed that Turnbull's finger was accidentally cut off by a power saw while he was working in his home.

Little League's Deadline Nears

Hank Kinzie, President of Grosse Pointe Farms Little League Baseball, has announced that registration for 10, 11 and 12-year-olds will close on April 15. Mr. Kinzie urges all boys in this age group, who have not registered, to do so before Saturday.

Registration cards are available from Doug Donald, 33 Beaupre avenue, 882-5185 or Frank Kelley, 269 McMillan avenue, 882-0777.

Last try-outs for 10, 11, and 12 year olds will be held on Saturday, April 15, at Brownell Field at 1 o'clock.

HOUSEHOLD HINT

Choose lamps for your home that give adequate light. Signs of a good lamp include: bulbs located low in the shade; under-shade device to reflect, or spread light; and broad, white-lined shade open at the top. Average one lamp for each 40 to 50 square feet of floor space. Cooperative Extension Service home economists urge.

Devils Win Race In Relays Meet

By Bill Morrison

The Grosse Pointe Blue Devils finished in a three-way tie for 13th place as they opened their spring season in the Spartan Relays.

The Devil 880-yard relay team reeled off four fast splits to take the event, posting a time of 1:35.3. The quartet included Leon Duletsky running the leadoff leg, Minert Thompson, Doug Daher and anchorman John Starky.

The Devils won their heat by over 50 yards, while their time earned them an overall first place in the event. The schools were divided into 14 separate races with the fastest time taking the victory.

The first place finish earned five points and enabled Grosse Pointe to tie East Detroit and Bloomfield Hills for 13th place. Nearly 80 schools made the trip to East Lansing for the relay meet.

Coach Tom Gauerke said he was "generally pleased" with the Devils' final results.

Mr. Gauerke credited part of the success to a new style of exchanging the baton between teammates. He has patterned the exchange after a method employed by San Jose State's Bud Winter, one of the finest sprint coaches in the world.

The Saginaw Valley League dominated the final team results by holding the first four places. Flint Northern won the meet title by compiling 20½ points.

Grosse Pointe was the only school in the Border Cities League to earn points.

Doctors Join Wine Tasters

Several physicians in the Grosse Pointe area have formed a new organization called The Physicians Wine Appreciation Society of Greater Detroit.

"The organization is open to physicians and their wives. It was formed with the idea of bringing busy doctors together for relaxation and wine education.

The first meeting will be held on Friday, April 28, at 8 o'clock, at the County Medical Society Building. This meeting will be a tasting of Champagnes of France. Imported cheeses will be served with the champagne. A film on Champagne, France, will be shown.

Flying in from New York to attend the tasting will be the President of the New York Physicians Tasting Society, Dr. H. Gould, who will present a critique on champagnes.

Future plans for the group include dinners, with menus planned by the members and served by fine restaurants in the area, as well as the tasting of wines—both domestic and imported.

Pointers in the society include Armando R. Favazza, M.D., president; Charles J. Holt, M.D., secretary; members of the executive council James J. Aiuto, M.D., Salvatore Longo, M.D.

Members of the Board include Doctors Herbert C. Cantor, Milton C. Hoffman, Rosser L. Mainwaring, Clement J. Pollina, Joseph B. Wolfenden, Calter H. Worrell, Dr. Thomas M. Sullivan, of St. Clair Shores, is also a member of the Executive Council.

Any physicians interested in joining the society can contact The Physician's Wine Appreciation Society of Greater Detroit, 19515 Mack avenue.

TELLS OF THEFT

Conrad P. Murray of 20889 Hollywood, Harper Woods, parked his car at Hampton and Mack, and when he returned to it, discovered that a thief had removed the right front wheel and tire, leaving the hubcap and wheel lugs at the scene. The theft occurred on Sunday, April 9, he reported to Woods police.

Neighborhood Club News

The championships have been decided in each of our three basketball leagues. In the Major, or high school league, the Sadistic Six won in a play-off. The Hustlers topped the Giant or junior high league. In the Midget League the Warriors finished in the West and the Royals in the East.

After the regular season games, there was a three-way tie for first place in the Major League. The Rugweavers, the Weavers II and the Sadistic Six each finished with eight wins and two losses. The Weavers II drew a bye for the first playoff game while the Sadistic Six polished off the Rugweavers in a hard fought game. The Sadistic Six went on to defeat the Weavers II in the do-or-die final playoff 58-52. The Six were sparked by Randy Voorhees and Tom Webster as is usual for them. George Miles' rebounding and Bob Althaus' hot shooting also helped. Ron Volaric and Mike Mashmeier round out the roster for the champions.

In the Giant League the Hustlers were the undisputed Kings, finishing undefeated. Their toughest game came when they faced the previously unbeaten Brownell 9th team. The game drew a large crowd including Charles Hollosy, the Grosse Pointe High varsity coach.

The game was hotly contested for three quarters but the Hustlers pulled away early in the fourth quarter. However they barely managed to hold on to their fourteen point lead as Brownell stormed back and got to only four points down when time ran out. The two outstanding players for the hustlers were Dennis Pieschke at guard and Gary Tersch at center. Completing the roster of the champions are Brian Webster, Jim Shelton, Bob Burandt, Dan Dykstra, Don Blomquist, Jeff Deaver, Al Fiorello, Doug Gilbert, and Phil Gurbada.

Ken Gutow, a teacher at Parcels Junior High, which all the boys attend, acted as coach for the Hustlers.

The Midget League was divided into Eastland West divisions for the second year. In the East the Royals dominated, relying largely on their superior height. They were undefeated in their own division but they dropped two games to the extremely strong West teams. Pete Moore and Rob Althaus did a fine job coaching the Royals this year. On the Royals roster were Chip Alexander, Chuck DeMars, Joe Theis, Jim Fisher, Ken Thorpe, Carl Schuster, Jeff Thiede, John Lunden, Mike Nardon, Craig McConechie, John Gorski, Ron Urell, and Tom Cooper.

In the tough West division, the Warriors went undefeated for the season. They were led all year by Webster Knight and Pete Ogilvie. Web, with another year to go in this league, is without a doubt the best athletic prospect to play in the Midget League since Dave DeBusschere played in the early 50's. Tom Conrad coached the Warriors from their last place finish last year to the undisputed championship in his second year as Coach of Warriors. Other players on the Warriors include Tom Marantette, Chris Pfahler, Jim Fayde, Jim Hinson, Steve Hanes, Brian Athey, Peter Havel, Tim Quinn, Rob Worrell and Steve Kelly.

Hitch Hiking Proves Costly

Two Pointe junior high school youths learned that hitch-hiking was a bad practice on Wednesday, April 5. The youths were hitch-hiking to Pierce Junior High and were picked up by four teenagers.

As soon as the boys were seated in the car the teenagers demanded their money, saying it was for gas. They took one dollar and then dropped the boys off at the school with a warning that they should not look around when they got out of the car or they would come back and get them.

Parliamentary Law Club

The Detroit Parliamentary Law Club will meet at the Federation of Women's Clubs of Metropolitan Detroit Building, in Second avenue on Wednesday, April 19, from 10 to 12 noon. The agenda will consist of the annual meeting and a summation "The Gavel Club Meets."

Know Your Schools

The Grosse Pointe Public School System
 by J. Harold Husband, Acting Superintendent

QUESTION:
 What is the relationship of the Grosse Pointe Board of Education to the Committee of One Hundred and its Proposal for a Voluntary Council of Governments in Southeast Michigan?

ANSWER:
 On January 9, 1966, the Grosse Pointe Board of Education passed a resolution to participate in the voluntary Southeast Michigan Council of Governments proposed by the Committee of One Hundred. The Board of Education is one of 113 governmental units that has taken similar action to date.

The Committee of One Hundred is composed of elected and appointed officials representative of all local government interests in Southeast Michigan, including cities and villages, counties, school districts, and townships. Its purpose has been to develop a specific proposal for a voluntary organization of local governments in the six counties of Southeast Michigan.

The concept of a council of governments was proposed in a Metropolitan Fund study on local governmental organization. At the present time no Council of Governments has been formed and the current operation is still financed by the Metropolitan Fund, a non-profit research corporation which on a regional scale is similar in purpose and practice to many national foundations. Its research is carried on through a system of grants supported by contributions from business, industry, and labor organizations in the region, and The Ford Foundation.

To date organizational meetings for the Council of Governments have been held throughout the six-county area. A meeting of its General Assembly is scheduled tentatively for the last week in May, at which time temporary officers will be elected, the entire proposal will be reviewed, and a preliminary discussion of the bylaws will be held.

At the meeting two sub-committees will be appointed to draft bylaws and to review the proposed structure of the organization and to discuss details of the interlocal agreements.

The General Assembly will meet again, probably in June. At this time the organization will adopt the bylaws, review the budget and financial contributions to date.

Following the June meeting, each of the governmental units will vote individually (yes or no) on the acceptability of the proposed interlocal agreements. Following the election, the organization will have been of-

cially created and membership contribution will be payable then.

The proposed Council of Governments will draft proposals to be sent to the municipalities to approve ideas on such common needs as solutions to problems of air and water pollution and rapid transit. Other projects may embrace cooperative purchasing, regional planning, public safety, health, education and welfare.

There is no similarity between what is proposed and the form of government operating in Dade County, Florida, in Toronto, Ontario, or in Nashville, Tennessee.

Recently, the first national conference of Councils of Government was held in Washington, D.C. Five hundred representatives attended, although only 150 were expected. Obviously, the movement toward joint solutions of metropolitan area problems is widely held.

Councils of Government are currently operating in Washington, D.C., in San Francisco, Los Angeles, Philadelphia, Atlanta, Fort Worth-Dallas, and New York City, and Salem, Oregon.

Schools to Meet In Quiz Contest

Teams representing St. Paul High and Our Lady Star of the Sea will confront each other in the Detroit News Quiz-Em program in a taping session on Friday, April 21. The program will be aired on Channel 4, probably on Saturday, April 22.

Members of St. Paul's team are senior Barbara Aiello, juniors James Kotz, Dorothy Davis and Robert Browning, with alternate Mary Ann Igna.

Contestants will be tested over the news found in the Detroit News Sunday final and the three star editions on Monday through Wednesday of the week beginning April 16.

The winning team will be given a desk-type portable overhead projector. The runner-up will receive an AM-FM radio. Both awards will be presented to the schools, not to the panel members.

A few words to the point are better than a long speech.

Why do people with hard-to-heat rooms turn to electric heat?

It's pure and simple

Electric heat is the clean, modern heat—no flame, no fumes. It's a snap to install—costs less, too—because it's more compact and needs no flue. And only electric heat is 100% efficient; the heat is created right where it's used.

It's also economical. You can buy an attractive, low-operating-cost unit for as little as \$35-\$40 (plus thermostat and installation). And we're talking about a unit that can turn a 12' x 20' polar region into a tropical delight. Just dial the exact warmth you want, and you get it. Comfortable heat from head to feet.

So why shiver your timbers in a chilly bedroom, den, or basement any longer? There's a low-cost electric heating unit for every situation, including yours. Give us a call. We'll send an Edison Heating Specialist to discuss equipment, installation, and operating cost with you. There's no obligation, of course.

To Spring... With Love

Spring seems to be the eventual winner, but it has been a long, tough fight with Winter scoring knock-downs in early, middle and past the middle rounds... and there were times when the spectators, spattered with white spume and shivering with the horrendous goings-on, figured the battle might never end.

The gal with the white wardrobe arrived too early and, like an unpopular relative, overstayed the welcome which really never existed. From November 2, (the date of the first snow, and it was a blinger), until April is a long, long time. Now she has gone, (we hope,) and Spring is prancing in accompanied by a golden song with notes etched in daffodils and narcissus. The hyacinths are blooming where they are receiving the coveted warmth reflected off a cozily-near wall, facing the sun, and momentarily the show-stopping forsythia will pop out of the wings.

The advent of another Spring in this area is truly a magnificent production, a pageant of beauty that is particularly appreciated when it comes close on the heels of an almost agonizing bout with Mother Nature. Soon the patter chorus will be heard, played by the myriad dandelions twinkling up through the unbelievable green of bright, fresh grass struggling sunward. The music swells as Winter's brave cardinals and bluejays and sparrows are joined by their more cowardly feathered friends who fled southward last Fall, perhaps to protect their lovely voices. We don't even mind the discordant notes of the purple grackles who have returned to waddle awkwardly about our awakening lawns, and to bully the smaller creatures under the bird feeders.

Flowering shrubs will shortly flaunt their breath-taking plumage. The lilac and fruit buds are close to bursting with promised brilliance and the dogwood bloom pods are straining at their leashes. The Emperor tulips are about to unfurl their flamboyance, and millions of their poorer relatives are forming the line of march that brings us Spring's most glorious parade.

Tulips, lilac and dogwood... no more heavenly combination has ever been seen on this earth. Their grandeur causes the intrepid snow-challengers, the crocuses, snow drops, daffodils and hyacinth to retreat in withered shame. Peeping pertly, but shy from their sheltered vantage points, the violets and myrtle blossoms watch the passing spectacle. The peonies and iris shake off their shackles and daily rear their heads higher, to be ready to take over for the next act. And over all, our greatest benefactors, the stately elms and maples and oaks, patiently push open their leaf buds and prepare to shed their beneficent protection over us through all the long, hot, summer months.

The rose bushes will be uncurling their glossy foliage and giving warning of the show they will stage in a few more weeks. Ephimium and phlox shoots are popping up to adorn barren spots and the iris gives the first indication it will be ready to go on stage when given a decent spotlight and less competition.

If there be those who claim to doubt the existence of miracles, how can they answer the advent of another Spring? From where do the flowers and the leaves and the grass come? From seeds? From where did the first seeds come? We'll accept the miracle... gladly, and with great thanks.

Letters to the Editor

To the Editor:

In relation to an oft-heard theme nowadays about our developing "police state" and the increased intrusion of the police into our private lives through such media as wiretapping, personal harassment, etc. I would be much obliged if your newspaper could publish the following account of an experience which overtook two friends and myself on the terrace of the Grosse Pointe Central Library the other evening.

Having met in the library and being desirous of a short conversation and a smoke, we went out on the front terrace which was entirely deserted; and we had certainly not been there for more than sixty seconds when a rather truculent police officer turned the corner at the west end and bluntly told us to either go back into the library or "move on." When he was asked why we should do this, he replied that we were "loitering!" A somewhat heated exchange of remarks then ensued until the point was reached when it became clear that any further provocation or protest on our part would have produced a physical response from him. Under the circumstances there was nothing we could do but humbly acquiesce to this brutal interruption of our conversation.

I happen to have spent the better part of the last five years in Europe at (it would appear by our present police standards) rather uncivilized places like Oxford and Paris, and it may be that my opinion has been warped by so doing. But I do not believe that the peaceful congregation of small groups of citizens, whether in the street, a terrace, or any public place, ought to be treated as a public crime; nor should the police be allowed to extend their version of a "Roman peace" in the alleged interests of enforcing

their somewhat hyper-paranoidal notions of Public Order. It does seem to me, over the five years that I have been away from the States, that a tremendous change has overtaken us, and that the police especially now intrude themselves inexorably and freely into what were formerly peaceful and private areas of human commerce. No nebulous talk about the general "situation" at the Grosse Pointe Public Library will ever convince me that that police officer was right in doing what he did to these peaceful citizens that night.

It may well be that the citizens of Grosse Pointe do not WANT any public congregating under WHATEVER pretences. I am a person who instinctively prefers to move about more on foot than with the aid of four wheels, and I have often been struck by this suspicion when I have observed that up and down the whole length and breadth of Kercheval there is not to be found a single bench such as one finds on every boulevard of Paris, where a weary pedestrian (or even two or three) might rest while taking in the passing scene.

However, without going too far afield and all the above being said, the fundamental point of this letter is that as a citizen of Grosse Pointe and of the United States I do not relish being ordered off an otherwise empty terrace of a public library by a police officer for "loitering" i.e. having a quiet conversation with two other friends, and being told that "the next time I tell you to move, you better not wait for me to say it a second time." It seems to me that, encouraged by the other super-powerful evolutionary changes in our American life, the police and their methods are also beginning to show an unhealthy preoccupation with

the potentialities of their own power and a disrespect for the honor of the individual. We all of course know that our Grosse Pointe is the best of all possible worlds. My own ancestors happened to have believed this more than one hundred years ago when they first built a summer cottage out here. Philosophy, however, also teaches us that everything in this world is constantly in flux (and here one would have to include, presumably, even the police). I therefore hope that you might publish this letter, as I do not believe I am alone in concluding that it is the sort of incident which, multiplied, could have serious repercussions for every citizen. Sincerely yours, John R. Dingeman

What Goes On at Your Library

By Virginia Leonard

Spring is here. Trees are budding, plants are springing out of the ground, the ice has melted from rivers and lakes, convertible tops are down—and National Library Week will soon be here!

The week to circle on your calendar is April 17-22. And in Grosse Pointe, things are really stirring. Just let me give you a run-down on the schedule of events that has been planned by a fine, hard-working committee, with Mrs. Donald M. D. Thurber as chairman. On Monday, at 8 p.m., soccer will be coming to Detroit. This will be a preview of the 1967 season and a demonstration by Gordon Preston of the new Detroit Soccer Company. There will also be a showing of "Soccer International Style," giving the highlights of a game played in New York last summer, starring the famed player, Pele of Brazil.

On Tuesday, there will be two special programs of interest. At 1 p.m., Dr. Robert E. Booth, head of library education at Wayne State University will have as his topic: "How to Become a Librarian." He will be speaking to women college graduates who are interested in preparing for careers in librarianship. At night, at 8 o'clock, you will be treated to an evening with Morris Brosse, prize-winning sculptor from Oakland University who will give a lecture-demonstration. This latter will be under the auspices of the Michigan State Council for the Arts. On Wednesday, at 8 p.m., the subject will be: "The Writer in a Mass Culture." The moderator will be Seymour Riklin of the University Center for Adult Education. The panel will consist of William Gage, author of THE CRUEL COAST and APPOINTMENT WITH DISHONOUR, Jay McCormick, critic and teacher, Eugene J. McNamara, poet and editor, and Joyce Carol Oates, author of BY THE NORTH GATE, WITH SHUDDERING FALL, and UPON THE SWEEPING FLOOD.

Thursday will be a do-it-yourself night for all three agencies. At 8 o'clock at the Central Library there will be the fun and hazards of do-it-yourself. At the Park Branch, Elmore Frank, horticultural consultant of the Men's Garden Club of Grosse Pointe, will be speaking on gardening problems in Grosse Pointe. At the Woods Branch, Louise Hoyt will be discussing the ever-popular subject, decoupage.

We're up to Friday and still going strong! At 8 o'clock the high school students will take over and discuss the 'in' books today: reading we like and why. There will be a panel of high school students, with Mrs. Margaret L. Schmitz as moderator and Frances Natushko, of the Grosse Pointe High School Library, as resource person. At 9:15 the same evening, the Friends Film Forum will have a showing of the well-known LES MISERABLES.

Those of you who have been around the past few years and have helped us observe National Library Week will remember. I'm sure, the denouement of the week—the Carnival of Books on Saturday. All day long, helium-filled balloons of varying hues will be found clutched in children's hands, tied in gay, colorful groupings around the library, or, alas, floating high in the air. (Last year one miraculously travelled about 300 miles to New York State!)

For pre-school through 4th grade children, at 10 a.m. and 11 a.m., there will be a presentation of "The Three Wishes" by Frieda and her puppets. At 1 p.m. and 3 p.m., for 5th graders and up, there will be a showing of Walt Disney's BIG RED (the movie based on the book by James Kjelgaard). While all this is going on and the small fry are being entertained, Mr. Robert M. Orr, Director of the Public Libraries, will be giving book talks to parents and other interested adults in the Adult Room.

All of the events mentioned, with the exception of the programs on Thursday night at the Park and Woods Branches (noted above), will be held at the Central Library. We hope that some or all of these programs will touch a responsive chord and bring you out to our libraries to help us celebrate National Library Week. And we also earnestly hope that you will use our facilities the other 51 weeks of the year!

In addition, we would like to announce that beginning April 10, there will be a retrospective selection of 20 prize-winning works from the annual Michigan Artists shows of the past 40 years on loan to us from the Detroit Institute of Arts. These 18 paintings and two sculptures will be on display at our Grosse Pointe Public Library for two weeks, and will be one more feature of our National Library Week Program.

From Another Pointe of View

Would you believe hundreds of fun-loving people per one big umbrella? . . . on a bright, springy mint-green one, at that?

Well, such will be the scene at Austin Catholic Prep on Saturday, April 22, from 10 in the morning until the evening, during Austin's annual Spring Fiesta. Chief decorator Mrs. Alex Alexander and her committee are "dropping" the ceiling of the School's gymnasium by hanging a huge crepe paper umbrella. From umbrellas' "points," they plan to dangle arrangements of colorful spring flowers.

Proceeds from the day-long benefit will help cover increases for Austin's lay faculty and staff. Mrs. Sepic is general chairman, assisted by co-chairmen Mrs. Anthony Tocco and Mrs. Robert Whitty.

Booths and Fiesta "departments" range from handicrafts, under the chairmanship of Mrs. Charles Kerney, to a Fish Pond, directed by Mrs. Richard Schall and Mrs. Abraham Michael, for the Very Young Set.

In fact, there'll be "something for everybody" at the Fiesta—and it's a toss-up as to who works harder.

Memorial Center to Hold Arabian Night

Billed as "An Evening in The Middle East," Grosse Pointe War Memorial Association is scheduling another international dinner and film adventure program selected by George Pierrot on Monday evening, April 24, at 7 o'clock.

Guests will be treated to a Shish-Ka-Bob feast in the Crystal ballroom colorfully decorated for the occasion.

Following dinner, guests will adjourn to Fries Theater to enjoy John Weld personally narrating his prize winning Travelogue "Beirut to Baghdad." It records a fascinating journey which takes its viewers to the land of man's beginnings, into the garden of Eden, and across the great Syrian Desert to the City of the Arabian Nights.

Starting at the eastern shore of the Mediterranean and focusing on structures which date from the Stone Age, novelist John Weld explores the coastal cities of Beirut, Byblos, Sidon, Tyre and Tripoli. It was from these that the Egyptians, many centuries before the birth of Christ, came to load great timbers harvested from the Liba-

nese mountains—the renowned Cedars of Lebanon.

En route we learn of the Phoenicians, who were the first people to take to the sea. This is Biblical Country, and we visit the place where Noah's Ark is said to have touched after the flood, where Cain is said to have slain Abel, the place where the Whale is supposed to have vomited Jonah. We stroll the streets of Beirut and visit the American University, the important citadel of learning in the Middle East.

In Sidon, ancient sea port for the Syrian city of Damascus, we see the terminus of the oil pipeline which brings this black gold 1,000 miles across the desert sands from Saudi Arabia, Ride to Tripoli on the railroad which runs all the way from London to Capetown, South Africa. Visit the monastery of the whirling Dervishes in Tripoli and fish for sponges in the most perfect bay in the world at Jomnieh.

'Pops' Concert's Menu Expanded

Beer, wine and liquor have been added to the menu for the Detroit Symphony Orchestra Cabaret "Pops" Concerts, to be held April 11 through 22 at the Detroit Light Guard Armory.

Operating under the terms of a new state regulation, the Symphony for the first time will be able to offer adults at the "Pops" concerts a wide selection of alcoholic beverages appropriate to the nightclub atmosphere of the series. All seating is at candlelit tables for four.

The light "Pops" music will be conducted by three distinguished guest conductors: Arthur Fiedler, Donald Voorhees and Yuri Krasnopolsky. Fiedler will appear on April 11 and 12, 14 and 15; Voorhees, on April 18 and 19; Krasnopolsky, on April 21 and 22.

During the concerts, waitresses will serve chilled "cold duck" and beer, as well as martinis, manhattans, gin and tonic and other alcoholic beverages. Also on the menu will be fruit punch soft drinks, hot beverages, and a variety of snacks — potato chips, pretzels, ice cream and sandwiches.

Sparkling Catawba grape juice, introduced at last year's Cabaret "Pops" Concerts, will be included.

Tickets for the Cabaret "Pops" Concerts are available at Ford Auditorium Box Office, (961-0700), Grinnell's and Hudson's, or they may be purchased at the Light Guard Armory, (366-8900), after 7 o'clock on concert nights.

Tables for four are \$16, \$12 and \$8. Individual seats at tables cost \$4.50, \$3.50 and \$2.50, (they're available only at Ford Auditorium Box Office or the Light Guard Armory). Mail orders should be addressed to Detroit Symphony "Pops," 20 East Jefferson avenue.

More failures can be attributed to fear than lack of ability.

13—REAL ESTATE FOR SALE
THIS WEEK announced the opening of the 1967 Baseball Season, and Purdy & Edgar's first pitch heralds open season on this new offering on Cloverly Road. This white colonial has three bedrooms and two baths upstairs with possibilities for adding a fourth bedroom. The first floor has a large dining room and paneled den with pegged flooring. The kitchen has builtins and good eating area. We think you'll be tempted to take a swing at this one when you see the size of the tree-shaded yard. If you connect we'll show you how easily you can slide home.
 YOU CAN SCORE a triple play Sunday afternoon and retire de'side—which one of these houses would suit your family best. Get in the game Sunday, anytime between 2:30 and 5, and be sure you touch base at each of these three open houses:
 319 CLOVERLY—A three or four bedroom house with baths on both first and second floors. Priced at \$44,900.
 1223 CADIEUX—Similar plan to the Cloverly house, only priced at \$36,000.
 1068 BERKSHIRE — Larger English house—with plenty of elbow room. Four family bedrooms and two bathrooms on the second floor and two more bedrooms and another bath on the third. Located in the first block off Jefferson, and priced at \$53,000. Remember, game time is 2:30.
 THE STRAIGHT PITCH on this next listing is sure to catch your eye. We'll deliver a "low ball" in the form of a price reduction of \$1,500 on this four bedroom colonial in the Farms. There is a separate dining room, large kitchen with builtins and family room with studio ceiling. Well tagged at \$56,000, this is waiting to be gathered in.
 THE OWNER of this one has been caught in the old squeeze play. He's a proud possessor of two club houses, which is one too many. Take a swing at this three bedroom with two full second floor baths and a well proportioned family room. If you make a hit, with imagination you might stretch it into a home... run.
 YOU'LL BE MAKING the catch of the year if you can pull this one in. This rangy English manor house sprawls over a ball-park-sized lot which includes swimming pool and pool house. There are enough bedrooms for each member of the team to have his own. Definitely a house for a Big Leaguer.

I'M SO SAD — My family is leaving me and all my happy, large rooms will be empty. I am a semi-ranch with 4 big bedrooms; 16x14, 13x12, 16'8" x13 and 13x12. I have two big bathrooms, one on each floor. The 18x17 living room where I entertain my guests is most charming with a brick wall and fireplace and an old barn beam for a mantel. My dining room is 14x12 and I have a spacious kitchen with excellent eating space, dishwasher and disposal. My pine paneled family room is 12x12 and leads to my attached 21x20 two-car garage. My basement with tiled floors and plastered ceilings has seen a lot of fun in the 39x15 recreation room with fireplace and wet bar; and watched a lot of work in the 23x19 laundry-sewing room and 15x12 workshop with lavatory. As to my outside, I am placed on an 82x180' lot with 13 mature trees and have a large yard, fenced in rustic pickets. All of me is newly decorated and clean. You wouldn't have to be a chauffeur because I am convenient to churches, schools, shopping and pier. All of this for \$48,000 — and I'm in Grosse Pointe Farms. Make me happy — come visit me. Short and To The Pointe... (Continued from Page 13) ANN LARSON, Wittenberg University sophomore from Grosse Pointe will appear in several special numbers in the synchronized swimming club's production of "Cheers" the weekend of April 13-15. ANN, who is the daughter of MR. and MRS. DAVID B. LARSON of Hawthorne drive, will be making her first appearance with the widely-known swimming group, the Wittenberg Spray Misses. JIM STOETZER, son of the GERALD STOETZERS, of Littlestone road, and a sophomore at the University of Michigan has just been elected president of his fraternity, Alpha Tau Omega. Back in her Neff road home after an eight-week stay on the West Coast, visiting her son and daughter-in-law, the ROBERT STRASBURGS, of Rolling Hills, Calif., and the Carmel, Calif., winter home of her Neff road neighbor, MRS. SIDNEY R. SMALL, is MRS. WYLIE W. CARHARTT. DR. RICHARD F. STREBA, of Whittier road, second lecturer in the spring series sponsored by Merrill-Palmer Institute, will discuss "Woman in the Present-Day Culture" Wednesday evening, April 19, in the Institute's Program Building. DR. JOHN C. ROBINS, son of MRS. JEWEL ROBINS, of Nottingham road, has returned to his California home after serving for a year in Vietnam, where he was in charge of the Marine Hospitals in Da Nang and Chu Lai. He is a graduate of Wayne State University Medical School and holds a commission as a Commander in the United States Navy. LEONTINE KEANE of Harvard road, director of information for the division of urban extension, Wayne State University, is serving as Detroit coordinator for an August 16 seminar to be presented at WSU's McGregor Memorial Conference Center in conjunction with Theta Sigma Phi's national convention, scheduled August 18 through 19 in Detroit. Committee chairmen for this year's Grosse Pointe Spring Clean-Up Campaign, "Point with Pride," are MRS. JOHN DEMOREST, posters, MRS. ALBERT LAW, publicity, MRS. GEORGE MILES, business contacts, MRS. ELMORE FRANK, "cleanest playground," and MRS. EMIL LEIDICH, Lakeshore planting. Serving on the committee for Women of Wayne's April 22 Spring Headliners Brunch and annual meeting, to be held at Howard Johnson's New Center Motor Lodge, are MRS. FRANK FIRNSCHILD, of Shoreham road, and MRS. ALEXANDER WESCOTT, of Devonshire road. Seaman Recruit ROBERT E. P. SHOLTY JR., 20, USN, son of MR. and MRS. ROBERT EDWARD SHOLTY of Lakeland avenue, has been graduated from nine weeks of Navy basic training at the Naval Training Center, Great Lakes, Ill. Navy Ensign JOHN D. EVANS, son of MR. and MRS. EDWARD S. EVANS, formerly of Oldbrook lane, was among the 291 new officers of Officer Candidate School Class 704 who graduated recently at Newport, R.I. MARCEL BALDINGER, of Lancaster avenue, caught a 48-pound, 6-foot 8-inch White Marlin, while fishing aboard the Bimini Bea, in Fort Lauderdale. Not to be outdone, his 11-year-old son, Randy, caught a 37-inch Dolphin weighing 22 pounds. Both catches were made on the same day! Army Private ROBERT P. HEINEMAN, 19, son of COL. and MRS. A. F. HEINEMAN JR., 314 Fisher road, completed nine weeks of advanced infantry training April 7 at Ft. Gordon, Ga. His last week of training was spent in guerrilla warfare exercises. Cruising through the West Indies recently were MR. and MRS. WILLIAM C. LOVELESS and their daughter, LISA, of Merriweather road.

From Another Pointe of View... (Continued from Page 13) to make the project a success: The parents or the boys. The young men of Austin are going on two-hour shifts to supply manual labor for the Kitchen committee, headed by Mrs. Arthur Kirchner. According to Mrs. K., "No job is too big at Austin. Everyone cooperates." She plans a varied menu, including delicious corned beef sandwiches, hot dogs, sloppy joes, spaghetti, cake, coffee... Her chief assistants are Mrs. John Shafer and Mrs. Russell Beaupre. Remember a few weeks back, when we broke the news that the Grosse Pointe Garden Center would sponsor TWO all-day courses in Bonsai Tree Creation... And that the courses were open to any Pointer possessed of a pair of clippers and \$25?... Well, the response has been terrific! Among those who rushed to get their reservation checks in to Mrs. Harley Higbie are the Mesdames Joseph G. Standart, Jr., John S. Sweeney, Jr., Renville Wheat, George E. Villerot, John B. Warren, Livingstone Howard, Robert Conder, Howard F. Smith and Allan Sheldon. There'll be a Birmingham-Bloomfield contingent at the Courses, too, and Mrs. Harold Anderson is coming all the way from Wichita, Kans., to learn how to make the dwarf arrangements. But flu bugs DO bite at the most inopportune moments, so if you're presently kicking yourself for not having paid enough attention to the first announcement, take heart!—Mrs. Higbie, at 201 Lakeshore road, is STILL accepting reservations for both the April 25 and the May 2 sessions. They'll be held at the War Memorial... A further Garden Center note: The next regular monthly Workshop, complimentary to Garden Center members, is scheduled Wednesday, April 19, beginning at 10 o'clock, in the War Memorial's Garden Center Room. Mrs. Richard Gerathy will discuss "Ferns and Ground Covers." Just take a look at what Detroit's "Mrs. Music," Mrs. Frank W. Coolidge, of McKinley avenue, is doing—and let's hear no more complaints about "too few hours in a day to get everything I have to do in" from any of you! Mrs. Coolidge left for New York Tuesday, to attend the biennial convention of the National Federation of Music Clubs, of which she is a national board member. In Manhattan, she'll appear on a panel, "Music Service in the Community." It's a topic she's very well qualified to discuss; after all, she's national chairman of the "Crusade for Strings." Also, as a member of the national "Young Artists Auditions Committee," she'll assist in the running of these famous auditions on the national level... Then it's back to The Pointe April 20: After all, as president of Pro Musica, Mrs. C. MUST be on hand for Pro Musica's 40th anniversary banquet, to be held April 22 in Fries Auditorium. She's promised to deliver a brief review of the highlights of the Society's 40-year, (she was one of Pro Musica's original founders), during the evening's celebrations. Incidentally, Mrs. W. Terrance Bannan is serving as general chairman of the anniversary banquet, Dr. Hugh Stalker will act as master of ceremonies and, following dinner, there'll be a very special treat—a piano recital by one of Pro Musica's most distinguished officers and beloved friends, Mischa Kottler. Carnation Ball We blush to admit that, in last week's "Who, Where And Whatnot?" column, we ran a complete list of Junior Women's Association for the Detroit Symphony Orchestra Carnation Ball committee members—and neglected to tell you the names of the three ladies in charge of the WHOLE affair. They are general chairman Mrs. Charles Berger, reservations chairman Mrs. Charles Boyce and patrons chairman Mrs. Edward Nicholas. The party is planned for May 13, at the Grosse Pointe Yacht Club. Combining a patriotic . . . as well as nautical theme at their press luncheon last Tuesday, members of the Detroit Women's Council of the Navy League of the United States, with Mrs. Robert Kales, of Cloverly road, acting as hostess, met in the new decorated St. Clair Room of the St. Clair Yacht Club at noon. Table decorations of red, white and blue carnations added color to the Room's wood panelling . . .

. . . Mrs. Kales, who is chairman of the Navy League Ball, to be held at the Grosse Pointe Yacht Club June 2, presided at a colorful punch table prior to the luncheon . . .

. . . Grosse Pointe Mrs. Thomas K. Fisher has been asked to be honorary chairman of the Ball, which this year will highlight the Council's 25th anniversary. Mrs. Fisher, a charter member of the Council, was responsible for securing the necessary papers, in the East, to set up the Women's Council. It was organized in 1942 . . . For many years thereafter, Detroit's was the ONLY Women's Council of the Navy League in the United States . . .

. . . Many other Pointe women were active charter members, among them Mrs. Edsel Ford, Mrs. Richard T. Brodhead, Mrs. Benjamin S. Warren and the late Mrs. Fred T. Murphy, Mrs. Standish Backus and Mrs. W. R. Kales . . .

. . . Among Tuesday's luncheon guests were Mrs. Allen Whittington, of Clairview road, past-president (1952-53), of the Council; Mrs. Charles A. Dean, Jr., of Lewiston road, who serves on the Navy League's National Advisory Committee; this year's president Mrs. George A. Weaver and her Board of Directors, including vice-presidents Mrs. Kales and Mrs. Albert Navarro, of Stephens road, (Al Navarro's Orchestra will furnish the Ball music), and corresponding secretary Mrs. H. Weston Burnett, Jr.; plus, of course, the 1967 Navy League Ball Committee . . .

. . . Mrs. Kales announced that one of the special guests to be honored at the Ball would be Rear Admiral William S. Guest, Commandant of the Ninth Naval District and Chief of Naval Air Reserve Training . . .

. . . Funds raised via the Ball will be used to help support the Sea Cadet Program, a program aimed at familiarizing high school boys with the Navy and its traditions. The Council assists three local Sea Cadet units: One at Brodhead Armory, one in Pontiac and one in Dearborn . . . Plans are also being made to furnish aid to servicemen in Vietnam, to continue the "Day in the Navy" program, to present gifts for personal needs to the inmates of Veterans' Hospitals and to support various other Navy and Marine projects in the area . . .

. . . Following the luncheon, a special film in honor of Metropolitan Armed Forces Week, "Medal of Honor Winners," was shown . . .

. . . Grosse Pointe Council members serving on the Navy League Ball Committee include, besides those already mentioned, Mrs. James E. Forrester, Mrs. Theodore Foster, Mrs. Emil Grob, Mrs. Chester Jankowski, Mrs. Sterling Richhart and Mrs. Robert Rathbun.

PILFERINGS
The old minister was without question, the world's worst golfer. One day, on a fairly long, straight hole, he uncorked a towering drive dead to the pin. The ball hit the hard turf and began rolling. As if drawn by a magnet, it continued to roll—over the apron, across the front of the green, on and on toward the flag. Finally, with its last shudder of momentum, it dropped into the cup.

The astounded clergyman turned his eyes toward heaven. "Father, please," he begged, "I'd rather do it MYSELF!"

Comedian Alan King was told that after a command performance in London he would meet Queen Elizabeth. For two days he carefully practiced his greeting: "How-do-you-do, Your Majesty. How-do-you-do, Your Majesty. How-do-you-do, Your Majesty." Hour after hour, he articulated the words in anticipation of meeting the Queen.

Came the big night and he was introduced to Her Majesty. "How-do-you-do, Mr. King," she said. "How-do-you-do, Mrs. Queen," he answered.

OUR FOURTH GENERATION OF FLORISTS

Pointer of Interest

MRS. RONALD V. JUCHAU, OF BERKSHIRE ROAD

By Janet Mueller

Beryl Juchau, at home in Berkshire road for a full six months, pours herself a cup of tea and eats a biscuit, (cookie, to us Yankees), or a thin slice of cake in the middle of almost every afternoon.

She likes her "tea break"—and she's held on to it, in Libya and Norway, Hungary and Italy, Portugal and—of course!—England.

Beryl, with a husband in the British Diplomatic Service, is necessarily adaptable. Luckily, she's temperamentally adaptable, too; she honestly enjoys getting to know a "new" country and its people.

She's had plenty of chances to do both. She met her husband, currently British Consul in Detroit, through the Diplomatic Service.

"I took Modern Languages at the University of London, worked at the British Embassy in Washington for about 18 months and in Geneva for a short time before I married," she notes—then adds, smiling, "This is my husband's first time in the United States; until we came here last September I'm afraid he thought that I, with my Washington experience, had one over him."

Home To Visit Washington
Beryl would very much like to see Washington again. The Juchaus are hoping to take a trip there this summer, when Paul, 11, and Claire, who'll be nine in June, finish classes at Trembly School.

The Juchaus came to Detroit from Italy—"We weren't used to snow and ice!"—after four delightful years in Milan. They both speak Italian. ("The children do, too, though I think Claire has forgotten a bit of the language by now," Beryl muses.)

"This is a fascinating life, with a tremendous amount of advantages," Beryl maintains. "We can really get to know a country, know a people. . . . I've always enjoyed spending holidays in other countries, but on holidays one stays in hotels, mixes with tourists. . . . We've found, when one knows the language—this was particularly true in Italy—one can be much more mobile. . . ."

Must Know Language
"In Italy, for example, we were able to vacation in tiny, out-of-the-way places, eat Italian food, sit in outdoor cafes. You just can't do this sort of thing until you learn the language."

"This is one of the great advantages, for us, of coming to the United States: We already know the language. . . . The Juchaus' "co-operative" diplomatic life began just three weeks after they were married, in 1948, with Mr. Juchau reporting for duty in Oslo, Norway.

After three years in Norway, the Juchaus were transferred to Budapest, Hungary, where they served with their predecessors in Detroit, British Consul and Mrs. P. J. Craig, (running into the Craigs again was quite a coincidence, when one considers the thousands of people serving in the British Diplomatic Service all over the world. . . .)

Couldn't Mix in Hungary
"The saddest part of our being in Hungary," Beryl reminisces, "was the fact that, at that time—I understand the situation has changed—one couldn't meet and mix with the Hungarians. The greatest joy, the truly delightful side to our work is mingling with, really becoming acquainted with, other people. . . ."

The Juchaus left Hungary in 1953. Their next post was Portugal. "We had a very, very pleasant stay in Portugal," Beryl recalls. "It is a beautiful country, and the Portuguese are a very gay and hospitable people. . . ."

Paul was born while his par-

ents were living in Lisbon, (although, in fact, Beryl went "home" to Cambridge for the actual birth), but Claire debuted in more exotic circumstances: She was born in a Seventh Day Adventist Mission Hospital during her parents' tour of duty in Libya.

Doing Great Job
"Everyone at the hospital was so very kind," Beryl remembers. "It was entirely staffed by Americans, and they are doing a magnificent job. It's not easy to get medical supplies, conduct a modern hospital facility AND take on the job of teaching the Arabs everyday hygiene, sanitation. . . ."

Three years at "home," in England, followed the Juchaus' stay in Libya. "At home," they bought their first "home," in the County of Essex. It's still there, waiting for them.

her. "When I heard we were coming here . . . Well, when one thinks of Detroit, one thinks of lots and lots of motor cars. . . ."

Praises Symphony
"I was delighted to find such a beautiful symphony orchestra, a lovely theater like The Fisher. . . . There are ballet programs at Masonic Temple, and the opera's coming next month. . . . There's so much more going on in Detroit than I expected there would be; I have been very impressed. . . ."

After almost 20 years in the Diplomatic Service, the Juchaus have become expert packers. Their present home, in Berkshire road, is owned by the British Government, as are its basic furnishings, but Beryl and her family take their personal bits of "home," pictures, objets d'art, lines, crockery, with them wherever they go.

And their personal tastes remain constant. Beryl continues to be "a very keen reader," maintains her interest in music, (one of her delights while living in Milan was La Scala's proximity), and history.

Loves To Cook
She also loves to cook and has collected many recipes during her travels; she's now in the process of learning the intricacies, ("You serve a lot of sweet salads with savory foods, which we don't do"), of American cuisine.

Mr. Juchau is, according to his wife, "much more the sporty type;" he likes to play golf and squash, and is an avid gardener.

But he, too, is a reader—"And we both enjoy people: I suppose that's why we're in this sort of life," Beryl smiles.

Wherever she's been, Beryl's made it a point to become part of the life around her. She joins local organizations, (most recently, she became a member of the Women's City Club), insists upon living as a participating member of her community.

But always, she remains an Englishwoman. Sometimes, she'll find an organization that combines her interest as an Englishwoman with her interests in her current "home." Such a one is the Daughters of the British Empire in Michigan.

Beryl's presently historian of DBE's St. Lawrence Seaway Chapter, and tomorrow will open her home for a 50th anniversary DBE Founders' Day Tea, to which members from all local Chapters have been invited.

Now Has '200' Members
Daughters of the British Empire in Michigan was organized in 1917 to promote a closer relationship between English-speaking peoples and to participate in philanthropies in the United States. Today, the group numbers more than 200 members, many of whom live in Grosse Pointe.

Tomorrow's tea will be rather a "fancy" affair. Receiving with Mrs. Juchau will be Lady Easton, wife of British Consul General Sir James Easton, DBE national vice-president, Mrs. Arthur Hillegas and State Board president Mrs. Robert Cording. National Board and State Board officers will pour, and Chapter regents and members will assist with serving refreshments.

The tea table will feature a gold color scheme. If this all seems a bit removed from the solitary cup-and-cookie in the middle of a busy afternoon, remember . . . Plain or fancy, it's still tea. And plain or fancy, Beryl Juchau likes her "cuppa" each afternoon.

"Tea," she smiles, "is a habit we take with us. . . . Some customs, one continues. . . ."

She's found The Pointe, and Detroit, easy areas in which to make friends. "People in the immediate neighborhood have been very kind, and I've met many others through my husbands work and through the children, through Claire's Brownie Troop, for instance. . . ."

Famed College Dancers Booked

The Berea College Country Dancers, who made such a hit at the New York World's Fair, are coming to The Pointe. They will perform at Grosse Pointe War Memorial's Fries Auditorium Wednesday evening, April 26, at 8 o'clock. Admission is \$1.50.

These attractive young people are proficient in the beautiful authentic mountain square dances and singing games from all sections of America. They also include in their repertory the ancestrally-related English Country Morris and Sword dances.

In addition to dancing, some of the students sing ballads and songs accompanied by the dulcimer. Dance music is played on violins, accordion, recorder and double bass.

The colorful costumes of the girls are of material hand-woven at Berea. For the Morris and Sword dances, the boys don bright-colored vests, bells and other decorations.

The Berea dancers have performed for the President and have toured the State Department throughout Central and South America.
