Park Pool to Open Under Conditions Decried by State

Monday Swimming Banned; Facility Operation Permitted Under Rigid Health Control

The Michigan Department of Health has set the conditions whereby the Park's waterfront park pool will be permitted to be operated, it was disclosed by City Manager Robert Stone.

The city manager said that on Tuesday, May 16, he met with Paul D. Hodges, chief of the Public Swimming Pool Unit, and other persons of the state agency. Also in attendance at this meeting were Glen Brown and I. Jack Adelson, both of the Wayne County Health Department.

Stone said that the waterfront pool will be in use on schedule Memorial Day, May 30, under the conditions approved by the health officials, but it was understood that the conditions applied only to the 1967 summer season.

Closed on Mondays

The terms demanded by the State agency requires that there will be no swimming on Mondays, the time of the week when the pool will be filled and chlorinated. Filling the pool is an all-day process, it was said, and with the chemical, nearly a full day is needed to allow the chlorine content to build up.

Pool swimming will be allowed six days a week, up to Sunday evening, at which time, the pool will be drained and cleaned thoroughly, before it is refilled with lake water. When the pool has been filled and the chlorine content allowed to build up, the water will be tested before swimming will be permitted, it was said. During the week, the water will be constantly analyzed and a bacteria count taken, Stone said.

Decision Reversed

The state officials reversed a decision to block the Park's use of the pool, in spite of the fact that the city rejected bids to install a temporary filtration system, which would conform to the minimum standard requirement demanded by the Health Department.

The Park council rejected a \$53,000 bid to install the system, when it was disclosed that the city would stand to lose approximately \$40,000 on non-salvageable material and equipment which would be in use for only eight to 10 weeks. This would (Continued on Page 2)

754 Boat Owners Use Public Docks

Do Pointers use the docking facilities afforded them in the five communities? The answer is an emphatic YES! Upon inquiry the NEWS found that 754 boat owners deck their boats at our public docking facilities.

Boats range from small runabouts to large cruisers. Sail boats are ever popular in the Pointe and their colorful sails can be seen dotting Lake St. Clair on any warm and sunny day, or even on cold ones.

The 754 figure doesn't represent all the boat owners in the Pointe as many Pointers dock their boats at private clubs.

Memorial Day Services Slated at Center Tuesday

All Grosse Pointers are asked to take a brief hour on Memorial Day, Tuesday, May 30, at 11 o'clock to attend the impressive service at Grosse Pointe War Memorial, 32 Lake Shore Road, in honor of those who gave their lives in World War II, Korea, and Vietnam.

The ceremonies will take place on the lakeside terrace and lawn, weather permitting. In case of rain, they will be held in Fries Auditorium. Presiding officer will be General L. S. Bork, U.S. Army (retired). The colors will be raised and half masted by a guard from Boy Scout Troop 156. Christ Church, Colors will be advanced and placed by Lawrence Light, Alger Post 995 V.F.W. Rev. Erville Maynard, Rector of Christ Church, will give the opening prayer.

Center Given \$76,000 by 4,802 Donors

With Goal Reached Before Target Date, Hope Looms For Record-Breaking Final Returns

Grosse Pointe War Memorial's 1967 Annual Family Participation Campaign has reached its goal ahead of the target date, Memorial Day. As of Monday, May 22, \$76,000 has been received from 4,802 families and many more have promised to send in contributions as a result of the telephone follow-up which has been the last active phase of the campaign.

These figures compare with \$74,017 received from 4,676 families at this point last year. Altogether in 1966, \$79,729 was received from 5,063 donors and the Center hopes to top these figures in this drive.

Both Thornton E. Waterfall, president of the Board of Directors of Grosse Pointe War Memorial Association and Harry W. Mellen, chairman of this year's campaign are highly pleased with the results of the drive and most grateful to all those who demonstrated their confidence in the Center and its program.

The amount received will furnish one quarter of the funds necessary to operate the Center in the fiscal year beginning August 1. The remaining monies come from invested endowment and charges for Center services, which are purposely kept as low as possible so many can make use of them.

The Center is a living memorial to those who served in the Armed Forces, and especially to those who gave their lives in combat. It is used by thousands of Grosse Pointers and generates programs and services for citizens of all ages.

From the Association go thanks to the many volunteers who personalized solicitation letters, to the women who gave time to acknowledge gifts, and to all who donated.

Burglar Loots Home in Woods

A Woods family, returning from vacation, believe they witnessed their home being burglarized, according to a police report.

Mr. and Mrs. Charles Wartain of 1464 Cook road, called police on Friday, May 1, and disclosed that they had returned home after an absence, then left for about an hour and a half. When they came back, they said they saw someone in the living room pulling down the window shades. Wartain called police from a neighbor's house.

Director of Public Safety Allen Andrews, Sgt. Thomas Kane and Patrolmen James Farrell, Martin Trombley and Charles Hamel went to the scene. When they entered the Wartain residence, they discovered that it had been completely ransacked.

Kane and Farrell conducted a search throughout the house, but whoever had broken in was gone. The other policemen questioned residents of the neighborhood, but no one had heard or seen anything, it was said. Taken from the residence were a Polaroid Land camera and a movie camera, from a bedroom closet, values not given; five wrist watches, belonging to Wartain, one valued at \$200 and the others at about \$60 each; 24 sets of cuff links, values not given. From Mrs. Wartain's jewelry box, the burglar took three necklaces, and an oval gold watch with diamonds around the face, values not known, and four silver dollars and a watch from a daughter's room, value of the watch not given.

Action Line Salvo Aimed Wrong Way

Correction And Help Requested; How About Marking Expressway For Turn-Off To Airport?

"Action Line," popular feature of the Detroit Free Press, aimed its guns at the Farms Council (among others) in the item regarding the Proposed Metropolitan Council of Governments, on Tuesday, May 23.

Action Line stated: "Power-jalous local politicians in several suburbs, (most recent: Grosse Point Farms, Sterling Township), are bucking it."

Grosse Pointe Farms is one of the two Pointes, (the other being the City of Grosse Pointe), who HAVE filed intents to join the group.

Action Line is doing a great job, and while we're at it, we have another item we've been meaning to call to its attention. Ford Expressway is sadly lacking directions to the City Airport.

Going west, the only sign which mentions the airport is at least one mile from Conner, where one must turn off. Coming east, we have yet to see anything that mentions the airport.

It is tough enough for those fairly familiar with the area; for strangers using the expressway in search of the airport, it becomes impossible. Please goad the proper sources, Action Line. We have almost complete faith in you.

Park Recreation Probers Send Out Questionnaires

Every family in the Park will have, or should have, received by today, May 25, or tomorrow, an opinion questionnaire from the Parks and Recreation Citizens Advisory Committee, regarding the city's parks and recreation programs. The citizens are being asked for their views in the matter. The committee urgently requests all those receiving questionnaires to take the few minutes necessary to fill them out and return them before, or not later than June 5, so that the answers can be analyzed.

The organization, appointed recently by Mayor Patterson, with the approval of the council, is charged with the study of the city's parks and recreational facilities, and after finalizing their studies, to make

Pointe Municipal Parks Prepare for Long Holiday Weekend; Crowds Expected

Recreation Areas Opened Since May 1 To Accommodate Boaters; Swimming Pools To Be In Operation On Schedule

The five Pointe municipal parks are geared for a heavy influx of residents over the long Memorial Day weekend, beginning Saturday, May 27, although the official opening date is Tuesday, May 30.

Four of the parks have been open since May 1, to accommodate boating enthusiasts. The Farms opened its gates on May 15 to the boaters.

Residents who have not yet applied for park passes are requested to obtain them from their respective city halls.

The Park's waterfront park has been open since the beginning of the month, it was disclosed, mainly for the boaters who have rented wells in the marina.

Few Pointers Out

The refreshment concession has been open for the past two weeks, it was stated by City Manager Robert Stone. There has been limited picnicking at the waterfront and Three Mile Drive parks, and other types of recreation, he said. The parks are open from 10 a.m. to 10 p.m.

Important!

Every Tuesday noon is the normal deadline for news items and ads for the Thursday issues of the NEWS, but because Memorial Day falls on Tuesday, May 30, the deadline must be advanced to Monday noon, May 29. This is an absolute deadline. The cooperation of our readers and advertisers will be greatly appreciated.

On the Memorial Day weekend, DeFoe said, a man will be on duty at the park gate. No schedules for swimming instructions have been set because instructors will not be available until after summer vacation from college classes starts.

The instructors, who are college students, will set up the dates and time for instructions about the middle of June.

To Open Concession

The refreshment concession will be in operation beginning Saturday, May 27, at which time it will be stocked and ready for the expected influx of residents.

The City revealed that its official park opening date will be Saturday, May 27, and that the hours will be 10 a.m. to 10 p.m., through Memorial Day.

After the holiday, the gates will be open from 8:30 p.m. to 8:30 p.m. on school days, and from 10 a.m. to 10 p.m. on weekends. After June 10, the time will be 10 a.m. to 10 p.m.

Registration for swimming classes will be June 10 through June 17, at the municipal park office. Classes will be conducted three days a week, (days to be assigned), from 10 a.m. to 11 a.m.

Park Citizens Fail to Sway John Doelle

Former Councilman Says His Decision To Resign Is Irrevocable; Raps Big Spending Trend

A large group of Park citizens were disappointed on Monday night when former Councilman John Doelle rejected their plea that he rescind his recent resignation from the Park Council. The group called on Mr. Doelle at his home to try to persuade him to reconsider and to express its support for his policies on the Council.

Mr. Doelle emphatically told those present that his decision is irrevocable. He said that personal business reasons plus a growing disenchantment with the trend of events on the Council had prompted his action. He noted that the sudden death of Councilman Charles Ives on May 15 left a minority of two opposed to the big spending, tax raising plans of the majority.

Against His Beliefs

"This expanding government philosophy," said Mr. Doelle, "is incompatible with my own belief that those who are governed best are governed least. I feel it is most distressing in this period of our history when our central problem is the burgeoning power of the federal government to witness the same approach on the local level."

Many of those present expressed concern over the fact that the two vacancies which now exist on the Council may be filled by mayoral appointment rather than by election.

Mr. Doelle was congratulated by the citizens for having prevented a city tax increase in the coming fiscal year. The budget proposed by City Manager Robert Stone and supported by Mayor Matthew Patterson and Councilmen Hutton, Luedders and Bowerman, would have added two mills before it was pared by Mr. Doelle.

Vandals Damage Window, Lawn

City Police received a call on Friday, May 19, from Albert Teetzel, 515 Rivard, reporting his window had been broken and his lawn damaged.

Mr. Teetzel said he heard brakes squealing around 3:30 a.m. and at that time someone threw a coke bottle through his 30" by 30" window, and ran over his lawn. Police are investigating.

MICHIGAN LEGISLATURE tax stalemated ended today and Senate passage of \$29 million income tax bill was scheduled for today. A coalition of 14 Republicans and six Democrats got the exact 20 votes needed for passage. This was a victory for Governor Romney's forces. After passage of the bill would be passed by the House and become law.

JOHNSON'S supplement plan was killed in House on Wednesday, May 17. He kept alive his Model program, with reduced taxes. These actions gave the Governor a 500 batting average for the first two major legislative tests in the House this Congress.

DEAN CAVANAGH DEFEATED his administration, police department and Commissioner Ray Girardin Wednesday, against a coalition of crime bosses. He struck back at what he called lies, and smear tactics in his five-year-old addition in a half hour telecast. He made no mention of Councilman Mary V. who has made him the target of a recall campaign.

OWNERS of the Ford company were told by Ford II on Thursday that "initial price increases" on the company's new model cars. He asked the United Auto Workers "unreasonably" to accept the price increases in the up-coming negotiations.

LABOR MOTORS warned on Friday that the union will accept a strike if labor contract in the negotiations.

UNITED STATES told on Friday it had to increase large Red forces in South Vietnam. A Department press officer, J. McCloskey, termed the move as purely defensive and not an invasion of Vietnam.

(Continued from Page 1) marina to boaters, and for picnicking, tennis playing, and so on, for the hardier residents who did not mind the nippy weather.

Don Hallman, director of parks and recreation, said that a large crowd is expected when the park officially opens on Memorial Day, if the past years are any indication.

He said that the swimming pool will be ready for use on Sunday, May 28. However, the first swimming instruction class will not be held until June 19. Registrations for instructions are being accepted now, he added.

Another class will be held on August 17, Hallman said. Each class is for two sessions a week, for four weeks.

The park is open from 7 a.m. to 11 p.m., Hallman said.

Osius Park Open

From the Shores came a report that the George Osius Park has been open since the beginning of the month, primarily so that local boaters could use the marina. The official opening day will be Memorial Day, it was said.

Swimming in the pool will begin on Saturday, April 27. The pool opens at 8 a.m. and closes at 6 p.m., daily throughout the season, depending on the weather. The park gate closes at 10 p.m.

Swimming class schedules have not been set up, as yet. The dates and time will be determined after summer vacation begins for the school children, it was said.

Allow Park Pool to Open

(Continued from Page 1) be a waste of the taxpayers money, the city fathers decided.

The council's decision to turn down the bid, for the specific reasons, was lauded by the state and county health officials.

Slone was also praised by the agencies for his efforts in seeking every means to keep the waterfront facility in operation.

It was finally decided that the Park will be allowed to open its pool, on a "conditional permit", which, it was explained, is only a letter, and that this would be for this summer only.

New Statute This Year
The State Health Department

assumed jurisdiction over all public swimming pools under a new statute that went into effect on January 1, whereby no public pools can be operated without first obtaining a permit from the agency.

The city council created a 45-member Park and Recreation Citizens Advisory Committee to formulate plans for a new swimming pool, or pools, and to make recommendations to the council for action. The committee hopes to have its studies completed by June 15, and to offer its suggestions for official action by the city body.

Name Pointers To UF Boards

Three Grosse Pointers were elected board members of the United Foundation at the annual luncheon meeting this week.

Named to the board of directors were Roy D. Chapin Jr., chairman of the board, American Motors Corp., and Robert M. Surdam, president, National Bank of Detroit. Surdam also was elected to the executive and finance committees.

Glenn M. Coulter was named to the UF's advisory board.

Anderson, Ford and Semple all reside in Grosse Pointe.

The annual meeting Monday in the Sheraton-Cadillac Hotel was the first of three major UF functions scheduled this week to set the stage for the 1967 Torch Drive and ring down the final curtain on last year's campaign.

At noon today (Thursday), the UF will hold its sixth annual honor awards luncheon in Cobo Hall to pay tribute to 875 Detroit area companies and 310 local unions for outstanding contributions last year.

Detroit's leading public relations and advertising executives will gather in the Statler Hilton Hotel for the promotion meeting and a preview of this year's appeal film, "It's Happening," starring the Supremes.

Chairman Adams will give campaign assignments and set deadlines for some 22 promotion committees.

Joseph G. Standart Jr., senior vice president and Detroit manager, Young & Rubicam Inc., will report the findings of a newly completed study of the UF's image.

Covered will be the public's understanding of the UF and response to the 1966 campaign approach. The study will serve as a guide for promotion activities this year.

Principal speaker for the annual meeting Monday was Jerome S. Hardy, vice-president of Time Inc. and publisher of Life. Hardy is chairman of the New York Committee for Project Hope and a trustee of Salk Institute.

UF Board Chairman Max M.

Donald Dossin With Submarine Patrol

Machinist Mate Second Class Daniel A. Dossin, USN, son of Mr. and Mrs. Ernest J. Dossin of 981 N. Oxford road, is on a deterrent patrol somewhere under the sea, as a crewman aboard the nuclear-powered fleet ballistic missile submarine USS James Madison.

Homeported in Charleston, S.C., the submarine is on her 11th such patrol, and is slated to remain submerged on station for about 60 days.

While on patrol, he will help in keeping his boat in a constant state of combat readiness to launch its Polaris missiles if so ordered by the President of the United States.

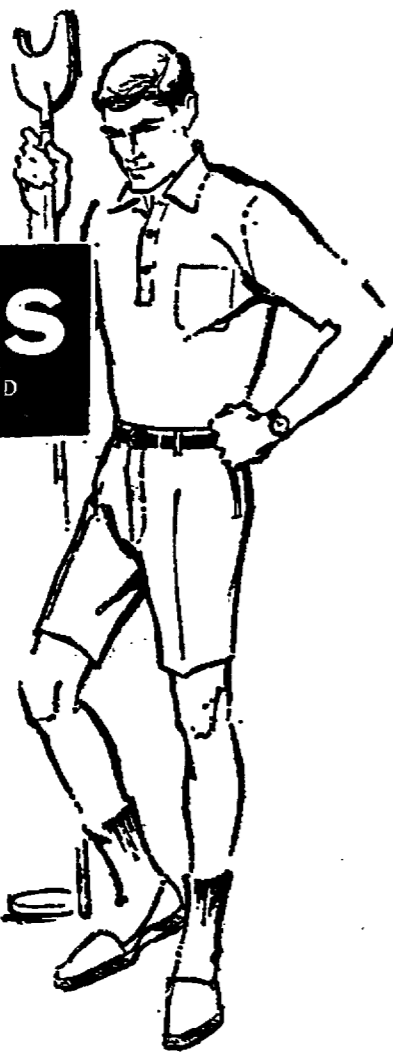

Submerged, the Madison becomes as invulnerable as possible to all types of counter-measures.

Mystery Fire Damages Home

A baffling fire of unknown origin destroyed a bedroom and its contents, in the home of Richard P. Stebbens, 1215 Whittier, on Sunday, May 21, it was revealed by Park Fire Chief William Graul.

The mystery, the Chief said, is that the fire started in the basement of the house, traveled through a return air duct and into a rear second-floor bedroom, igniting a bed and other furniture, destroying them and causing considerable damage to the room.

Chief Graul said that there was very little water and fire damage to the other parts of the building, but smoke damage was very extensive throughout the house.

Stebbens called the fire department at 11:08 a.m., when he smelled smoke, and when the firefighters and equipment arrived, a heavy pall of black smoke was pouring from the house, the chief said. The fire was discovered in the bedroom.

The fire starting in the basement, traveled along the first floor joists and studs, through the duct, and into the bedroom. It was one of the strangest incidents he has encountered in his many years of firefighting, the chief said.

Once discovered, the blaze was brought under control and extinguished within a short time, it was added.

Action Line

That's been the happy sound in the Action Line office ever since the Free Press started this front-page column in January 1966. In Action Line's first year, we tabulated 303,000 phone calls from our readers (plus 72,000 letters). But that was last year. Here's the story on reader response to Action Line in the first four months of 1967:

	Phone Calls	Letters
January	21,019	8,681
February	27,551	9,841
March	36,571	11,565
April	27,788	10,248

That's an average of 1,800 calls and letters every working day... some 225 every hour the phones were open... nearly four every minute.

There's no doubt about it — Action Line is still the most popular newspaper feature, not only in Michigan but in the entire nation. Why? Because it gets things done for people. Doesn't everyone you know read it?

Detroit Youths Facing Charges

Four Detroit youths were given court notices to appear as disorderly persons, for possession of liquor in a public alley and for larceny from a store on Thursday, May 18, in two separate incidents.

In the first incident, City Police observed four youths standing around a parked car in the alley near Kercheval and Cadieux. Upon investigation the officers discovered two bottles of liquor. The youths were given court notices to appear for possession of liquor in a public alley and as disorderly persons and released.

An hour later, an employe of Cunningham's on Kercheval, called City Police and reported four, white males had entered the store and rolled the gum ball machine into the alley and presumably into their car. The description given the police fit that of the boys involved in the earlier incident.

The police arrested the boys in their homes and served them with court notices to appear on the added charges of larceny from a store.

The youths were: Robert David Nixon, 18, 598 Lakewood, Detroit; Slabodan Rodojevic, 19, 5111 Maryland, Detroit; Michael Graham McCabe, 19, 848 Ashland, Detroit, and Frank Daniel Daehille, 22, 2603 Beniteau, Detroit.

Cars Abandoned on Street Likely To End in Auction

By Betty Stephens

It's a rather classy looking 1964 Buick Electra convertible although it has a wrinkle in the right front fender. It stands without plates in the back of the lot behind the Park police station, getting dirtier every day.

There are evidences of interrupted human activity on the leather seats inside—a pair of men's gloves and a cellophane package of Cheez Twists on the front seat, and something the size and shape of a whiskey bottle protruding from under rags on the floor in back.

Next to it is a 1956 Chevy, recently sprayed with bright coral paint. "You can tell it's a do-it-yourself paint job because they didn't cover the metal on the car," Park Sgt. Gordon Duncan told the NEWS in an interview, indicating the blurred streaks of paint on the bumpers.

These and similarly impounded cars in the Pointe are disposed of, by public auction or directly to a garage owner if the vehicle is deemed to be worth less than \$100. The police department or garage owner must notify the Michigan Department of State on a report form of the details of the abandoned vehicle, and they in turn must notify the owner, (by certified mail), and all known lien holders, (by first class mail), that they have 45 days to claim the impounded vehicle and pay the charges incurred. That failing, the car is auctioned, which auction must be announced in a newspaper, "printed and circulated in the county in which the vehicle was abandoned."

The sum realized at the auction reimburses the expenses of impoundment; if there should be any money left over, it is returned to any lien holder who has notified the police department of his claim and the balance, if any, to the owner.

In the case of the automobile worth less than \$100 that is taken over directly by a garage owner, 50 days notice must be given before he obtains title free and clear. Building a car or customizing it is the chief reason for the public's purchase of these abandoned cars, explained Rosemary Irwin, one of the Woods police department's pretty young dispatchers.

"About 95 percent of owners of cars found to be parked over the legal limit are claimed by their owners," said Cpl. Duncan MacEachern of the City police. The legal limit is 48 hours "on a public street or highway" or the same period on private property "without consent of the owner or lessee of the property."

When there is doubt about whether an automobile is abandoned, the police usually chalk the tires, then ticket the car and notify the owner through state license plate registration. Ticketing starts at \$2, towing charges are around \$10, and impoundment charges are \$2 for the first 24 hours and \$1 for each succeeding 24 hours or fraction thereof, according to Shores Sgt. Woods Vitale.

A Woods police department manual gives the following reasons, in addition to the 48-hour parking limit, as grounds for impoundment: A. Leaving a car unattended on a bridge, viaduct, causeway, in a subway, tube or tunnel where such constitutes an obstruction. B. Leaving a car disabled on the street by reason of the physical incapacity of the persons in charge. C. Any obstruction or hazard to the normal flow of traffic. D. A vehicle

discovered to be in improper condition to drive safely. F. When the driver is taken into custody. G. Emergencies created by fire, flood, snow, etc.

To the fore going, Farms Patrolman John F. Kraiza adds the warning that no commercial vehicles, except automobiles with commercial plates, can be parked legally on Pointe streets between 2 and 4 a.m.

And to cover every contingency, the NEWS would like to pass along this intelligence from the Shores statute book: "Any police officer of this Village may in his discretion remove any horse, or horses, left for an unreasonable length of time to the Village pond."

Human Relations Council to Meet

In order to continue their efforts in providing afghans to hospitals, convalescent homes and the Red Cross, the Knitting Ladies are urgently requesting your help in donating scrap yarn for their endeavors. With many ladies in our Community in the midst of Spring housecleaning it is hoped they might find odds and ends of yarn for which they have no further use, tucked away in a drawer or on a closet shelf. If this be the case, these contributions of yarn would be welcomed with open arms and a resumption of action with the knitting needles.

Donations of scrap yarn will be accepted at the Neighborhood Club office at 710 Notre Dame.

Girls Softball League
May 15 games:
The Junior Bunnies came back, after losing their first game to the B.H.R.'s, to defeat the Peanuts by a score of 14 to 7 for their first win of the season.

The Junior Bunnies scored three runs in the first with a walk to Gail Cox, a single by Kathy McBrien and a long home run into center field by Karen Carlton to clean the bases. The Bunnies added one more run in the second. The Peanuts came

back with two runs in the third after being held scoreless for the first two innings, then in the bottom of the third Gail Cox singled and Kathy McBrien brought her home with a long home run and another run was added as Charlton got a single and scored on a couple of errors.

The Peanuts were not to be outdone though as they held the Bunnies hitless in the fourth while they scored three runs to tighten up the game at 5 to 7 after scoring two in the third. But the Bunnies weren't to be denied as Gina Davis led off the inning with a single and came home on a long single by Carolyn Williams. Gail Cox followed with another single and then McBrien hit her second home run of the game to clear the bases and give the Bunnies three more runs for a total of five runs.

The Peanuts fought back adding one in the sixth and one in the seventh, but the Bunnies scored two in the sixth to go on for their first win.

A job well done can be credited to Gail Cox, Kathy McBrien, Karen Charlton, Drama Kalajian, Geri Crain, Sarah Matthews, Kellie Davis, Pam Cain, Gina Davis, Susan Unger, Carolyn Williams, Amy Rogers, Debbie Carr and Sue Berres (Pitcher Won 1-Lost 1) of the Junior Bunnies managed and coached by Rosetta Kalajian.

The Snoopy Sockers met the B.H.R.'s on Trombly's Field, Monday, May 15. Excitement ran high as the Snoop's pitcher, Martha Steen, struck out five batters and was headed for a shut-out game until the B.H.R.'s scored their lone run in the fifth inning.

Home runs were hit by Chris McLean, Mary Ellen Kondours and Signi Larson. Mary Ellen Kondours had a perfect day at the plate hitting three for three. Signi Larson made a beautiful catch of a line-drive throwing to third which caught a B.H.R. runner off base for a double play which nipped the B.H.R.'s biggest scoring threat. The final score was 10 to 1 in the Snoopy Sockers favor, managed and coached by Mrs. Betty Steen.

May 18 game:
The Junior Bunnies won their second straight game as they handed the Snoopy Sockers their first defeat of the season by a score of 15 to 9. The win threw the Bunnies into a tie for first place with the Sockers. Both teams boasting a two win and one lost record.

The Bunnies were held scoreless the first two innings while the Sockers scored three in the bottom of the second to go ahead 3 to 0 on three consecutive home runs hit by Jane Burnham, Signi Larson, and Mary Ellen Kondours.

The Bunnies weren't to be denied, as they erupted with nine big runs in the top of the third as 14 girls went to bat. Sue Berres and Karen Charlton lead the attack with one homer each while Pam Cain collected

a triple and the rest of the team collected eight singles and two walks before the side could be retired. Both teams put three runs across in the 4th. The seventh inning saw the Bunnies score three and the Sockers two.

Next regularly scheduled games are set for Thursday, May 25, at 4 p.m. at Maire School playground. Starting the second round B.H.R.'s will play the Junior Bunnies and the Snoopy Sockers will play the St. Clare Peanuts.

Retired Teacher Makes Presentation

MISS PAULINE SAGALA, retired teacher at Mason School, returned to the building she left a year ago to tell the story of "Little Toot" when she presented the building with an original painting by Hardie Gramantky, author and illustrator. Miss Sagala is shown with kindergarten children CHRISTOPHER POWELL and LORELLE PFLAUM.

By Pepper Whitelaw

The climax of almost a year's search culminated on Thursday, May 18, with the presentation of an original painting of "Little Toot" by the famous artist and illustrator, Hardie Gramantky, by Pauline Sagala, retired Mason Elementary School teacher.

Miss Sagala, for whom the Mason School Library is named, prefaced the presentation with a story hour in the Sagala Library, for the children. Naturally, she read them the story of "Little Toot," the tugboat.

As she sat in front of the children, fingering her beloved pearls, (a parting gift from the Mason PTA), she completely mesmerized the children with the adventures of the little tugboat. Her performance was best summed up by a youngster in the audience who said, "Gee, you look so happy and you tell a story real good! (This writer was on the edge of her chair during the telling of Toots' whole adventure.)"

How Miss Sagala came upon this original painting is a heart-warming story. Upon her retirement, Miss Sagala was presented with several gifts, among them a check to be spent as she desired. Right in character, she decided she wanted the children of Mason School to have a painting that they could enjoy forever. While in Michigan she found Mr. Gramantky's work hanging in an art

show. Soon after this she wrote the artist and explained that she would like to purchase one of his works for her gift to Mason School.

His answer? "... I want to congratulate you on the splendid honor the school has paid you in naming the school library after you. This is a tribute paid to few and it can mean only one thing... that you have been outstanding in the teaching profession. I am so happy. I do not have many paintings that have not been acquired by museums and collectors, but since you have been so generous I will be happy to contribute a full color painting of "Little Toot" to your library in your honor."

Miss Sagala was overwhelmed at the thoughtfulness and unselfishness of this fine artist.

As a result of this, Mason School joins the United States Air Force Art Collection in having an original of Mr. Gramantky's work. Other museums that have works of the artist are: Chicago Art Institute, Toledo Museum of Art and the Brooklyn Museum.

Mason School was fortunate

to have in their midst for so many years such a devoted and dedicated teacher as Pauline Sagala. Miss Sagala quoted the

DRIVE A REAL BARGAIN TODAY DURING BARGAIN DAYS

artist as saying he had two loves... painting and children... "my two loves are teaching and children," Miss Sagala adds —so it was a natural thing that these two people with their mutual love for children would join in making this contribution to Mason School.

Even though she has retired Miss Sagala still spends time with children. She is presently doing volunteer work at a parochial school teaching art to about 80 students. Her plans for the future? To spend more time with children!

Yes, Miss Sagala, "you sure do look happy... you sure can tell a story good!"

A fellow who is dead broke seldom has much life left in him.

Battery Failure Traps Car Thief

Cpl. George Brackx and officer John Drummond while on patrol on Saturday, May 13, observed a '65 Ford Mustang parked in a no-standing zone on St. Clair, north of Kercheval with the hood up. A youth appeared to be working on the motor.

When the officers stopped to check, the boy said the battery had gone dead. When asked for his license and registration the youth could produce neither. He first said the car belonged to his father, then he stated he had taken the car from Lakeview Ford Parking Lot at 14800 E. Jefferson, earlier in the evening. He said the keys were in the car.

The youth was taken to the station and his father notified and the Detroit Police Department Youth Bureau was given the information. They requested that City Police take the youth to the Youth Home.

The license plates indicated that the car was listed to Sally E. Marsh, 11150 Morang.

Ferry P.T.A. Hears Concert

The Ferry School PTA held its final meeting Wednesday evening, May 24, at 7:30 in the school gymnasium. After a short business meeting led by retiring president David Fairless, the meeting was turned over to Mrs. Helen Harmison, music instructor at the school. The combined classes from the fifth and sixth grades, a total of 247 children, presented a choral and instrumental presentation titled "Music Through the Year." In keeping with this theme, the gymnasium was decorated with 12 large calendars for each month of the year. These were done by the children in the sixth grade classes and each month depicted the musical selection that was on the program.

The fifth and sixth grade bands played the "Star Spangled Banner" as the opening number for the month of July and the rest of the selections pertained to the months that followed. Some of these were George Gershwin's "Summertime" and a special tap number performed by Laura Dupuis, Victoria Emanuel and Sandra Hamilton while the chorus sang "School Days."

For December the band played a special arrangement of "Greensleeves" and the combined choruses sang the spiritual "Little Bitty Baby."

An excellent trio of trumpets consisting of Donald Wolczko, Peter Merritt, and Robert Kaiser, played "Serenade to a Trumpet" for February and the combined orchestras did "Springtime Waltz" and "Manitou" for April.

The month of June ended the year and the entire group concluded with "You're a Grand Old Flag." As the program ended, the sixth grade classes presented Mrs. Harmison with a lovely bouquet of flowers.

Mayors Backing Fight Against MD

The mayors of all the Pointes and the Shores Village president have proclaimed May 15 through June 15, as Muscular Dystrophy Month.

Pointers are asked to support the 1967 annual appeal of the Muscular Dystrophy Associations of America. Millions of Americans are afflicted with muscular dystrophy and related neuromuscular disorders. Most of the victims are children, in whom it is nearly always fatal. Neither the cause of the disease nor an effective treatment for it has yet been found.

The annual drive, which began May 15 and extends through June 15, is seeking funds to support an all-out research attack against this crippling, muscle-wasting disease and to provide clinic and patient care at no cost to the patients or their families.

Those wishing to help in this worthwhile cause may volunteer by calling "March Against Time" volunteer headquarters at 961-5400.

PTA at Mason Meets Tonight

The final meeting of the year for the Mason School PTA will be held Thursday evening, May 25, at 7:30 in Parcels Auditorium. After a brief business meeting which will include the election of officers for next year, the candidates for the Grosse Pointe Board of Education will be introduced.

Following the general meeting, Miss Pauline Sagala, a retired Mason School teacher, will present the school with an original painting by Hardie Gramaty, author of the book, "Little Toot".

Students in grades four, five and six will then present the Annual Music Festival. Under the direction of Mr. Edward Behr, the concert is entitled "I Hear America Singing". It features a varied and entertaining program of vocal and instrumental selections.

The evening will be concluded with refreshments served in the gymnasium by Mrs. Michael Mavian, Hospitality Chairman, and her committee.

Duross to Get AF Commission

Thomas P. Duross, 21, son of Woods Public Safety Lt. and Mrs. Harry Duross of 21525 Lange, St. Clair Shores, will graduate from the United States Air Force Academy, Colorado Springs, Col., on June 4, among the top in his class.
 A cadet lieutenant colonel in the 17th Squadron, he will receive the gold bar of a second lieutenant in the Air Force, and will be assigned to the Special Investigations Division of that branch of the service.
 On June 3, Duross's squadron will be presented a special unit citation for being the outstanding squadron in the Academy for two consecutive years, the first time in the Academy's history such a feat occurred.
 Following his graduation, he will be assigned to duty at Maywood Air Force Base in California, where he will report for duty on August 12. From there, he will be sent to a Special Investigations School in Washington, D.C., where he will receive additional training for 105 days in this field, after which he will return to Maywood for further assignment.

Hannan YMCA Conducts Drive

The Hannan YMCA, which serves the east side of Detroit and the Grosse Pointes, is currently conducting a capital funds drive to raise \$54,000. If the Hannan Y achieves its goal, the UF Capital Funds Division will provide \$125,500 towards the total capital needs of this branch. These capital needs amount to \$179,500 and they are desperate needs.
 The Hannan Y, located at 10401 E. Jefferson in Detroit, was built in 1928 and donated to the YMCA by Luella Hannan in memory of her husband—William Hannan. While the exterior of the building has been maintained over the years, a great deal of the interior is in need of modernization. In addition, additional parking facilities must be provided for the very mobile membership.
 According to Harry W. Melten, 1080 Balfour road, who is Chairman of the fund drive, there will never be a better opportunity to provide effective capital fund dollars. With the UF Capital Funds Division providing about \$2.50 for every \$1 collected by the branch, each contribution of \$100 means \$350 in spending power for the Hannan Y.
 John Westphal, 1580 Lochmoor boulevard, and J. Lawrence Buell III, 114 Merriweather road, are co-chairmen of a group in charge of soliciting the Grosse Pointes for capital funds support of the Hannan Y.
 In addition to programs in the branch available to Grosse Pointes, the Hannan Y also sponsors such programs as Indian Guides, Hi-Y, and Learn-to-Swim in the Grosse Pointe community. Both Messrs. Westphal and Buell hope that Grosse Pointes will respond favorably to this opportunity to support the Hannan YMCA with dollars worth \$3.50.

 He has lectured widely through the United States and at one time conducted a television program in Detroit on amateur photography.
 The color slide show to be presented at the banquet will be a double feature, "Having Fun with Picture Collections," and "Color Slide Manipulation." It is designed for both the novice and the expert, loaded with helpful tips and techniques for outstanding pictures.
 The first show will demonstrate Mr. Yarrows' way of putting together a collection of slides on a certain topic, whether it be art masterpieces, humorous signs or country mailboxes.
 In the second presentation, dazzling color experiments will be demonstrated. Utilizing special camera techniques, clever slide montages and unique dark-room derivations, this program will stimulate the photographer to more creative work.
 Guests are welcome. For ticket information call: 293-5006.

To Offer Mass At Austin High

The Reverend Francis R. McDonnell, O.S.A., former faculty member at Austin Catholic Preparatory School, Detroit, will offer a Mass of Thanksgiving in the Austin High School Chapel, Sunday, June 4, at 1 p.m. The Reverend John E. McLaughlin, O.S.A., principal of Austin, will deliver the sermon.
 A reception for friends and former students of Father McDonnell will be held in the Austin gymnasium from two until five in the afternoon.
 Father McDonnell, a native of Centralia, Pa., attended local schools there before entering Temple University in Philadelphia. After a year at Temple he went to the Augustinian Seminary on Staten Island, N. Y. He made first profession of vows, September 10, 1936. He pursued his philosophical and theological studies at Villanova University and the Augustinian College, Washington, D.C. He was ordained to the priesthood by the late Bishop John M. McNamara in Trinity College Chapel in the Nation's Capital, May 28, 1942. In June of that year Father McDonnell received the Master of Arts degree from the Catholic University of America.
 His first priestly assignment in 1943 was to St. Rita High School, Chicago, where he served on the faculty until 1949. That year he was appointed assistant pastor of St. Mary's parish, Rockford, Ill., where he remained until 1953. From 1953-1961 he was on the faculty of Austin Preparatory School, Detroit, where he served as athletic director and was instrumental in drawing up the Catholic League constitutions. These were the years of the fabled Austin basketball teams, with Dave DeBusscherre and the Austin Friars capturing the state Class A title in 1958.
 Father McDonnell returned to his original assignment, St. Rita High School, Chicago, in 1961, where he is currently chairman of the religious department. He celebrated a private Mass of Thanksgiving in Chicago on his anniversary, May 28th. Aside from his teaching duties at St. Rita he assists on weekends at St. Catherine of Alexandria parish, Oak Lawn, Illinois.

Electric central air conditioning is within your reach.

You may already own half of it.

The solution to summer heat may be right at your feet. If you have a forced air heating system, you have ductwork. And a furnace blower. So you're already moving and filtering air.
 That's a big part of an electric central air conditioning system. All that's left is to cool the air and wring the steamy dampness out.
 Add two compact units—cooling coil and condenser—and your heating system becomes a cooling system, too. A system that cools, dehumidifies, cleans and quiets your home.
 An electric central air conditioning system has fewer, more compact components than a flame-type system. So installation costs less. And because it's more efficient for cooling than a flame, it costs less to operate. Works quietly like your refrigerator to cool a 1,200-sq.-ft. house for an estimated \$24.00 per season.
 Call a cooling contractor. He'll give you a free estimate and show you how central electric air conditioning is well within your reach.

The Giants started things rolling Monday in the National League with a 7-3 win against the Phillies. Four Giant runs in the first inning took the stench out of the Phillies who never quite recovered. Tom Dufour, losing pitcher was relieved by Jimmy Bolton who chalked up eleven strike-outs in four and two-thirds innings, but the damage was done and Steven Katsaras of the Giants collected the decision.

The luckless Dodgers dropped one more close game, this time to the Cardinals; score 2-0. It was a one hitter for Skip Lauth, Dodger pitcher, but four walks in the 2nd inning plus a throwing error gave the Cards their 2 runs. Kevin Dreaan pitched for the Cardinals and allowed just 2 Dodger hits.

The two top place teams went at it Wednesday evening, and the final result was a 10-6 victory for the Braves over the Giants. Steve Maun, Brave pitcher was relieved early in the game and it was Humphrey Abrigiani who was credited with the win. Humphrey also slashed a triple while teammates Bob Sweeney, Doug Mann, Dave Young and Mike Torlone each picked up doubles to put their team in the victory column.

The Phillies and Cardinals played to a 6-6 tie Thursday and the game had to be continued Saturday morning. It was a see-saw game which finally ended after nine innings, 9-6 for the Cards. Mario Coraci, starting pitcher for the Phillies was replaced by Tim Cornelle who was credited with the game. Steven Hamann took the loss, though he gave up but three hits.

Brian Kingsley, 13 year old pitcher went all the way for the Braves and collected his first win. The Dodgers were unable to get their bats on the ball until the sixth inning when Jimmy Bayes led off with a sparkling double, and Skip Lauth slugged a triple followed by singles from Tom Reghanti and Bob Page.

Bob pitched two strong innings for the Tigers, but ran into wildness in the third and was relieved in the fourth. The Yankees nine hit attack featured home runs by Ballantyne and Ed Zerweck. A Tiger rally in the last of the fourth was sparked by John Parke's double, the only hit given up by Kennedy.

The Cardinal hits were obtained by Rick Schmatz (a double), Dave Boydell, Jim Gardiner and another double by Tom Harwood in the fifth. This rally in the fifth was snuffed out by a fine catch in right field off the bat of Dave Boydell by Tom Leibbrand who doubled off Tom Harwood at second. Mike Angell, the Cardinal pitcher, came out second best this trip around while giving up eleven hits to seven Dodger batters and striking out seven and walking three. Bruce Cassell had a perfect four for four at bat, two singles and two doubles. DODGERS 11, CUBS 1

Kevin gave up only two singles and one walk while striking out seven Cubs. The Cubs hits were by Mark Leidy and the Cub pitcher, Don Chouinard. The lone Cub run was scored by Bobbie Baubie who reached first base by virtue of the lone walk. The losing Cub pitcher, Don Chouinard, gave up ten hits while walking only one and striking out three. Marty Dowdy with his new bat came alive for the Dodgers for three singles for four at bats. Chris Carlton's three for four included a ground rule's double and a triple. Other Dodger hits were collected by Joe Council, Bill Hurley, Jim Tracey and Kevin Lane.

Be Patient... And Grateful

If you are among the many who have been taking pot-shots at the weather, and feeling fully frustrated in the process, how about falling back and taking a longer view of what Mother Nature has been doling out to us? Sure it's been cold... and sometimes wet... and more conducive to cribbage than canoeing. The clarion cry of the golf course has been somewhat muted and the marrow turned chill when sailing was suggested. But it hasn't been all bad.

Remember the springs when the full glory of the season came upon us with a burst of too-early heat? Leaves could be seen unfurling; the tulips, daffodils, forsythia... all of the earliest breeds rushed into bloom, were enjoyed for a day or two, then exploded... completely spent by the warmth for which they were not prepared. The lovely blooms carpeted the ground, withering in their return to the dust. The cold weather returned, and there we were... cheated!

Give a thought to the length of time we have been privileged to enjoy this year's pageant of horticultural glory... all because it has stayed unseasonably cool. The flowers have remained as though to show their appreciation. The great production has responded to public acclaim with a hundred curtain calls.

One other suggested reason for forgiving The Old Dame's caprices this year. Those of us who aren't equipped with sprinkling systems would be out spending countless hours holding a nozzle or shifting hoses, taking care of the all-important task of seeing that the new lawn seed and fertilizer were properly provided with an abundance of moisture to work it into the ground, where the only good can be done. The rain which has caused many moans, has saved us this tedium.

Spring has never been more beautiful in The Pointe. Let's forget the temperatures and be grateful for our blessings. Prickly heat time is just around the corner.

Letters to the Editor

PTA—wake up or ship out! My wife and I attended a May 18 PTA meeting which had some good publicity. The children brought home flyers describing a timely subject which was going to be discussed: sex education. There would be an outstanding film, narrated by an authority, to be followed by a discussion period. There was a crowd, bordering on "standing room only". So, at 8:10 p.m. the meeting started: Girl Scouts and troop of the colors Pledge of Allegiance National Anthem Awarding a Boy Scout certificate Report on the school carnival — standing introduction of every chairman of each carnival committee —report of carnival proceeds by the chairman Announcement of school personnel changes Presentation of gift to retiree Speeches by each of six school board candidates

Reading of letter from League of Women Voters Report of PTA Nominations Committee —letter from the Nominating Committee —list of nominees read three times Election of 1967 PTA officers — President for new year took over 9:05, evening program started By 10 p.m., "We'll skip the planned question and answer period." Teachers were on duty because parents were advised that they could visit their youngsters' classrooms and see their work! Overheard in the corridor: "This is the last PTA meeting I'll come out for. I came to one in the fall and that was just as long. Now this. I'm through." Me too!! L. J. Harwood P.S. A late arrival blocked the driveway so cars couldn't get out.

Council of Governments Hopes to Help, Not Hinder

What is the Southeastern Council of Governments? Since much has been said of late concerning this group and the Board of Education, City of Grosse Pointe and Farms' participation in this Council the NEWS felt that the citizenry should be apprised as to exactly what this group is and what membership would involve. The most important factor to remember about that group is that it will have no power or control over our city government... only the state and federal government have this power. As to the school board... the Council cannot impose any proposal or ruling upon them. It can merely suggest solutions to joint problems. Power and control are not factors in this organization. It is a voluntary group, which could include all cities, villages, counties, school districts and townships in the six Southeast Michigan counties of Macomb, Monroe, Oakland, St. Clair, Washtenaw and Wayne. To date 127 units of government have adopted intents to join. Among these are the Board of Education of Grosse Pointe, the City of Grosse Pointe and the City of Grosse Pointe Farms. This means that they are interested in the Council but does not in anyway bind them to continuous membership. They may withdraw at anytime. Each member local government selects representatives to the Council. Currently Mayor

David E. Burgess of the City and Dr. Frank H. Parcels, President of the School Board are representatives. As to what the function of the Council will be... its main effort will be "to study, discuss, and define regional problems and opportunities, as well as foster and develop regional plans for growth, development and conservation," ultimately leading to more efficient government. The Council will try to develop cooperative local government action to meet regional challenges. The Council has a proposed budget of \$250,000. One-half of this amount is already being contributed by counties to regional cooperative endeavors. The additional \$125,000 will come from the cities, villages and townships based on their population and from school districts based on their student resident makeup. The Council's aim is to bring orderly planning and growth to the regional community. An important advantage of membership in this organization is the opportunity for joint purchasing which ultimately could save member cities monies under the quantity purchase plan. In essence the purpose of the Council is to exchange ideas that ultimately would benefit the communities involved. You might liken it to "brainstorming sessions" conducted by many businesses and universities throughout our country today.

- Guest Columnist: Louise Leeson "They" say ("they" being my dear and dear, whom I polled) that despite the calendar, the parties, pretty dresses and Auld Lang Syne, or all the tribal customs of ushering in the New Year in January, the year begins with the first spring green, boats on the lake, dandelions and fertilizer, or Charlie Brown's kite-eating tree. Few of us have time in May for new resolutions befitting a Beginning. In January one might say, "I will read more this year." In May one might say, "This year 'that boy' is going to spend more time on the lawn," or "Where's the liniment? My back is killing me." While sanding the boat, or fertilizing the lawn, one might have time to watch a cloud riding a wind. The stars look down on us walking Bowser on a frosty May evening, before we turn homeward for an hour with a book. Of course I'm leading up to some of the newer titles at Grosse Pointe Public Library. They are "as the earth turns" type of science writing, understandable by the layman, and deal with sky, earth and ocean, many Beginnings, some possible Endings, and are altogether a thrill to read, whether one is of a practical or philosophical mind. IN THE UNIVERSE, by Isaac Asimov, "from flat earth to quasars," Mr. Asimov explores the accumulated knowledge of man about the universe, from the first faint flicker of such knowledge to the present astronomical exploration. The book carries a mind-expanding impact when describing the findings in this science in the last 10 years. Different theories of the beginning and possible end of the universe are set forth. The "big bang" theory, "the music of the spheres," have other than a poetic or literary connotation after reading Mr. Asimov's book. On November 15, 1963 there was a Happening, described in SURTSEY: THE NEW ISLAND IN THE NORTH ATLANTIC, by Sigurdur Thorarinnsson. The jacket blurb calls it "a geologist's blessed event." The book is pictorial record of the birth of this new island. The color photographs are magnificent. In the concise text Dr. Thorarinnsson explains the significance of the events in the illustrations. This is a beautiful book. The photograph of the first plant to appear on the island has its own emotional impact, despite the awe we share with those who actually witnessed this Beginning. I have not been able to put my green thumb on THE LIFE AND DEATH OF A SATELLITE, by Alfred Bester. It is circulating too fast to pick it off. The reviews list it as "recreational reading for the science minded." It is a title worth exploring. A book of general appeal is WILLY LEY'S FOR YOUR INFORMATION ON EARTH AND IN THE SKY. This collection of 16 articles appeared originally in Galaxy magazine. Mr. Ley has researched each article extensively. Although not going back as far in the space-time continuum, the happenings among the dinosaurs, and the discovery of Neanderthal Man could be classed as Beginnings. Mr. Ley advances a persuasive argument for a potential lunar astronomical laboratory. So there we are again, from earth to stars. Before we leave the stars, may be remind you of THE PLANETS, from the fine Life Science Library series. This one is by Carl and Leonard Sagan, and deal with sky, earth and ocean, many Beginnings, some possible Endings, and are altogether a thrill to read, whether one is of a practical or philosophical mind. Opera Hairstyle Unmasked for Daytime

A HAIRCUT was born when Tony d'Angelo and Peter Morri, of the Angelo Morri salon d'elegance, decided to design a new evening hairstyle for opening night at the opera.

To open its Detroit stay last Monday evening, the Metropolitan Opera Co. performed Verdi's "Un Ballo in Maschera," which translated means "a masked ball."

Mr. Morri and Mr. Angelo created "The Mask," an evening hairstyle in which the hair is cut and combed to form a mask. A hairpiece and earrings of matching hair and rhinestones were added to give the style a dress-up appearance.

The haircut itself, though it requires considerable care and precision in the cutting, once done is quite suitable for daytime wear.

It is shown here on Mr. Morri's customer, Nancy Nicola. The contour bang follows the natural arch of the eyebrow. The sides are cut to swing from the crown. The neckline is cut to the natural hairline.

There is no set. Instead, it is done with a handblower, curling iron, comb and brush.

Primarily, it is a short cut. And those who prefer a more conservative look can comb the sides down closer to the ears.

STAFF SCHUSSBOOMER, Miss Rosemary, no longer laments the passing of the ski season. That's because she is currently enjoying sunny California, visiting her brother in Los Angeles.

She will be back Monday.

A hairdresser for six years now, Miss Rosemary has been with the salon d'elegance since it opened last year. She likes to do basic cuts and everyday styles.

HIGH DIVING is Miss Pat's favorite sport. And she also is quite an accomplished pianist and organist. She studied piano for 12 years and recently took up the organ.

With the salon d'elegance since December, she prefers high styling. And she is the owner of a beauty show trophy awarded in recognition of her work in fantasy styling competition.

DON'T FORGET The Corner Boutique is now part of the salon d'elegance. Come in and see the fabulous fashions, plus the handbags, jewelry and other accessories.

COME SEE US! We schedule appointments from 8:15 a.m. to 5 p.m., Wednesday, Friday and Saturday, and from 8:15 a.m. to 7:30 p.m., Tuesday and Thursday.

Mrs. Carl J. Fischer, of Notre Dame avenue, president of the Grosse Pointe League of Women Voters, Mrs. Vernon Beitel, Mrs. George J. Brown, Mrs. Lee Johnson, Mrs. Howard Hush, Mrs. Harold E. Jinks, Mrs. Joseph P. Thompson and Mrs. Robert D. Warner are attending the 10th biennial convention of the League of Women Voters of Michigan in Traverse City from May 23 through 25.

This Grosse Pointe delegation is among approximately 200 women representing Leagues within the state of Michigan.

The business of the convention is the adoption of a budget, the election of officers and the selection of a state program for the coming two years.

During the past four years, the League of Women Voters of Michigan has been studying welfare programs available in the state, with special emphasis during the past year on a study of children's services, the unmet needs and the recommended solutions.

Delegates this week are also considering adoption of a new study based on analysis and evaluation of the financing of public education in Michigan through grade 12. Other positions currently supported by the Michigan LWV, based on past studies, are tax reform, flexible implementing legislation for county home rule, equal employment opportunity and improvements in public assistance and children's services.

The Grosse Pointe League, specifically, is presenting to the other Leagues of Michigan the thorough study done on recreation which has provided this community with vital information on facilities and needs. A poster and copy were prepared by Mrs. Philip C. Davis, of University place, depicting the approaches used by the Grosse Pointe League for the recreational study.

The principal speaker of the convention was Edward L. Cushman, executive vice-president Wayne State University and former vice-president of American Motors, whose topic, "The Quadruple Revolution," focused on the responsibilities of various levels of government, a subject of especial interest to the League, a non-partisan, national organization whose purpose is to promote political responsibility through informed and active participation of citizens in government.

Among the finalists in the competition for Macomb County Community College campus queen is WILMA ERCOLANI, of South Duval road. The winner will be crowned at the College's Spring Prom May 27, at the Grosse Pointe War Memorial.

Catholic Women Fete Presidents

Never before in its 61-year history has the League of Catholic Women entertained its past presidents as a group. Previously, when each retired from office, she was cited for her meritorious service.

But last Thursday, at the Women's City Club, these distinguished women were all honored at a luncheon given by the Executive Board of the League.

Serving in their respective years were: Mrs. Frederick S. DeGalan, 1946-49; Mrs. Gerard R. Slattery, 1950-54; Mrs. G. William Goering, 1954-57; Mrs. Joseph A. Murphy, 1958-61; and Mrs. Bernard M. Segner, 1962-65.

Because of a death in the family of Mrs. William P. Brennan, current president of the League, Mrs. G. Patrick O'Connell, first vice-president, acted as chairman.

Mrs. C. Bradford Lundy welcomed the guests and gave a vignette of their individual accomplishments.

Toasting their health were over 50 members of the Executive Board, the Board of Directors and the 12 members of the League's Advisory Board headed by the Very Reverend Monsignor W. F. Suedkamp.

Special guests were Father Richard Ward and Father James Bodary, whose Inner City projects are supported by the League.

GP Girl Scouts Off To Camp

Girl Scouts from Kerby and Richard Schools will join together for a weekend at Camp Metamora May 26 to 28, a special trip for sixth graders only financed by their own efforts during the annual Girl Scout cookie sale.

The scouts plan to enjoy the glories of spring, occupy themselves with hiking, outdoor cooking and nature study.

Joining the group are Paula Bartoszewicz and Cathy Lavins of Troop 612; Chris Donovan, Michelle Kelly, Janet McConnell, Cindy Pierce and Connie Hintzen of Troop 848; and Karen King, Susan Weaver, Jennifer French and Lynn Morgan of Troop 1766, all of Kerby School.

Richard Scouts include Chris Tanner, Kris Carpenter, Kathy Koerner, Betsy Still, Cindy Thomas and Cindy Poorman of Troop 940.

Trying to keep track of the Cindys, Cathys and Christines will be Leaders Mrs. Heintz Hintzen, Mrs. Stanley Morgan and Mrs. Herbert P. Bartlett.

Lace And Pearl-Trimmed Ivory Peau de Soie Gown Is Bride's Choice For Afternoon Rites; Attendants Wear Apple Blossom Pink Crepe

Joyce Ellen Carroll became the bride of Frederick Richard Heyburn at an afternoon ceremony Saturday, in the Central Woodward Christian Church. A reception at the church followed the service.

She is the daughter of Mr. and Mrs. D. Thomas Carroll, of Hillcrest road. The bridegroom is the son of Mr. and Mrs. Richard Heyburn, of Akron, O.

For the rites, the former Miss Carroll chose an ivory peau de soie gown trimmed with Alencon lace and pearls. Matching Alencon lace bordered her floor length mantilla veil.

She carried an arrangement of phalanopsis orchids and gardenia foliage, centered with a removable corsage.

Honor attendant Susan Carl and bridesmaids Jane Heyburn, the bridegroom's sister, Susan Richardson and Mrs. Mack MacVicar wore floor length frocks of apple blossom pink crepe and matching pillbox headpieces, trimmed with three small bows.

They carried May baskets filled with stephanotis, apple blossom sprays, ivy and pink velvet knotted ribbon streamers.

Mr. Heyburn served as his son's best man. The bridegroom's brother, John Heyburn, Edward Parrine, John Rodgers and Kenneth Wolf seated the guests.

For her daughter's wedding and the reception, Mrs. Carroll chose a pink silk dress, with beaded neckline trimming. The bridegroom's mother blue silk gown was trimmed with lace.

Plan Girl Scout Adult Luncheon

The hard-working women who bring the Girl Scout program to hundreds of local school girls will celebrate the coming of summer at a "strictly-for-fun" luncheon in the Fries Auditorium, Grosse Pointe War Memorial, on Tuesday, June 6. Fashions for the summer ahead will be the focus of attention.

Mrs. Martha Gorey will present coiffures and fashions from Tres Chic. Reservations are being taken by Mrs. Stanley Morgan, of Kerby road, who with Mrs. L. Carl Sultzman, of Vendome road, is co-chairman of the event.

Hostesses for the annual luncheon will be troop adults from Neighborhood 114, (Brownell, Kerby, Monteith, St. Paul and Richard Schools). Neighborhood chairman is Mrs. Albert Cooper, of Stephens road.

Junior League Holds '67 Annual Meeting

The Junior League of Detroit held its annual meeting at the Country Club Tuesday, May 23. Members began gathering at 11:45 o'clock to view an exhibit of handicraft items made by League members.

Before being seated for luncheon the general membership heard the Junior League Glee Club entertainment in the dining room.

Luncheon was served at 12:30 o'clock and at 1:15 o'clock, Mrs. William Y. Gard, president, called the final general membership meeting for 1966-67 to order.

Mrs. Theodore H. Mecke, Jr., Provisional chairman, introduced the new League Provisional members. These young women are already working and studying as their Provisional Course is well under way.

One of the highlights of the meeting was the announcement by Mrs. Charles L. Taylor, Placement chairman, of the 16 League members who are recipients of the 1966-67 Placement Awards. These awards are given annually to selected League members for continued outstanding volunteer service to the community and to volunteer organizations.

A report on the Annual Conference of Junior Leagues was given by Mrs. Robert P. Scherer, Jr., who attended the Conference in Montreal, Canada, May 7 through 11. Also attending the Conference were president Mrs. Gard and Mrs. Richard Heglin.

Madelyn Coe, Fashion co-ordinator of the J. L. Hudson Company, commented on the Fall Fashionscope Hudson's will put on in September for the Junior League. The Fall Fashionscope will mark the beginning of the 1967-68 League year.

Since many League members displayed their talents at this function, either by showing their handicrafts, singing with the Glee Club, giving reports or receiving awards, it was only natural that a few minutes were given to Judy (Mrs. Stephen) Smith, who commented on the book she and Carol (Mrs. Miles M. Jr.) O'Brien have written: "Here, There, Everywhere", The Detroit Area Shopping and Service Guide.

This clever effort is a result of the authors' frustrations upon moving into a new area and not knowing where to turn for everyday shopping items and services. The book contains the names of interesting shops, (and the merchandise they sell), located throughout Birmingham, Grosse Pointe, Detroit and Windsor.

Also, the book has a section which gives information on community happenings, such as museums, fairs, tours, children's pleasures, etc.

At the meeting's close four young women who were elected to office in March officially assumed their duties for two-year terms.

They are first vice-president Mrs. Robert P. Scherer, Jr., recording secretary Mrs. Robert Lambrecht, treasurer Mrs. Douglas F. Roby, Jr., and assistant treasurer Mrs. George Nicholson.

They join the other Executive officers of the League who have one year remaining in office: Mrs. William Y. Gard, president; Mrs. Norman A. MacColl, Jr., second vice-president; and Mrs. Thomas A. Garred, corresponding secretary.

Grosse Pointe University School Pre-Kindergarten teacher MARY PERRY, of Manchester boulevard, attended the recent '67 Conference of the Midwestern Association for the Education of Young Children as a representative of the Pre-School Association of Metropolitan Detroit. The Conference was held in Milwaukee, Wis.

Speaker for the luncheon Monday, in the hotel's Crystal Room was Andrew W. L. Brown, of Bedford road, director of Community Service for the United Auto Workers (UAW).

The main speaker at the banquet, also on Monday, was Paul H. Todd, Jr., chief executive officer of Planned Parenthood World Population. Todd is responsible for administering and coordinating Planned Parenthood's six national professional divisions as well as US efforts in behalf of the International Planned Parenthood Federation abroad.

Pointe Theater Has Big Plans

The regular 1966-67 season for the Grosse Pointe Theater is closing with a real bang! On June 8 the curtain will go up on "Most Happy Fella," a warm, tender musical from which comes such great songs as "Standing on the Corner," "Big D" and of course, "Most Happy Fella."

The production nights are June 8, 9, 10, 11, 13, 14, 16 and 17. The curtain goes up at 8:30 except for the June 11 performance, which will be at 7:30. Call TU 2-5538 for tickets.

The Grosse Pointe Theater is going to follow up on the smashing success of the summer show of last year, "The Fantasticks," and present another production August 3, 4, 5 and 6. The show will be the hilarious musical comedy "The Boys from Syracuse" by Rogers and Hart, based on Shakespeare's "Comedy of Errors."

Additions for the show will be in the Grosse Pointe War Memorial on June 5 and 6 beginning at 7:30 p.m. and June 10 beginning at 2 p.m. The cast calls for two sets of twins (men), who are the leads, singing and dancing required. But this doesn't mean you have to be a twin to try for the roles.

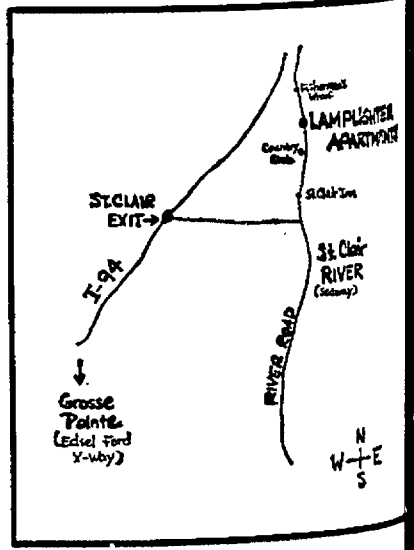

Just so the gals won't feel neglected, there are four female leads and other great roles as well. The cast also calls for Amazons, so all you girls who never get cast in a show because you happen to tower over all the men, this is your chance to make the grade.

GROSSE POINTE WAR MEMORIAL CAMPAIGN IS UNDER WAY

We wish we had room to list the many, many activities and benefits proceeding from the Grosse Pointe War Memorial Center. We know you are aware of most of them and probably take part in a few yourself. That's why we are counting on a simple REMINDER of the once-a-year Family Participation Campaign to do the work of a long plea for the 1/4 of the Center's running expenses you are being asked to contribute. (The remaining 3/4 of the expenses are self-generating.)

We are counting again this year on the spontaneous generosity of the Grosse Pointe community for support of their own recreational, cultural, social and educational fountainhead. Give all you can; and remember — your contributions help the Center to serve YOU!

 Mark C. Stevens
 President

(Grosse Pointe War Memorial receives no public tax funds nor United Foundation funds. Contributions are tax-deductible.)

Did you know that . . . Dr. Robert Edward Burns, of Maumee avenue, recently took two months "off"—to serve on the Hospital Ship SS HOPE in Colombia, South America? The University of Alberta (Canada) graduate is back now with Henry Ford Hospital's Department of Dermatology after working closely with Colombian doctors and medical students, helping to train them in the latest advances and techniques of medicine.

Her first book, "My Family" . . . written while she was still in the Lakeshore road Academy of the Sacred Heart's Junior (elementary) School, was, needless to say, for private circulation only—but now 10th grade Academy student Mary Schlaff, daughter of Mr. and Mrs. Nelson W. Schlaff, of Maumee avenue, has "graduated" to Bigger, (more public, certainly) Things . . . Mary was recently notified that a poem she entered in a national poetry contest has been accepted for publication in the Annual Anthology of High School Poetry, "Young America Sings."

We've asked around privately . . . now we'll ask around publicly: Why was a pretty young thing with shoulder-length red hair, dressed in a bright green mini-dress, green hose AND a mink jacket, carrying her red motorcycle helmet into Wrigley's-on-the-Hill at 9 o'clock the morning of Wednesday, May 3?

It was back in mid-April, Lakeshore was just beginning to blossom . . . It was the time of year, the sort of day, when housewives' thoughts turn naturally to Spring Cleaning—so when the just-passing-by lady observed a goodly number of cars parked in the vicinity of Mrs. Harry B. Howenstein's home at the bend in the road where Grosse Pointe's Lakeshore drive begins, she leapt to an obvious conclusion, drove home and telephoned to find out if, perchance, a Rummage Sale was in progress at the Howenstein's . . . (What WAS in progress was an organizational meeting for Women's Division of the United Republican Fund's annual fund raising drive).

Those stars in the eyes . . . of Susan O'Connell, daughter of the Edwin J. O'Connells, who moved a while back, (after Susan's graduation from Grosse Pointe High School), from Buckingham road to California, are "for real." Susan, who returned to The Pointe to serve as honor attendant at the May 6 wedding of Chris Van Kampen and Stephen Conant Smith, was "discovered" while performing in a California little theater production of "The Egg." She'll play the lead in a motion picture, "The Berkeley Girl," to be shot in August. Her co-stars are Dennis Cole, (star of TV's "Felony Squad"), and Keir Dullea, (remember "David and Lisa").

Guess what we ordered . . . at the Grosse Pointe Memorial Church Christmas Fair '67 Preview May 16!—Two "personalized" pillowcases for two Very Young Friends . . . and one hand-knit tennis sweater for a Slightly (not very much) Older Friend . . . and (for ourselves) an extra-special pretty party apron . . . (we also bought, on the spot, a great big can of luscious Hawaiian macadamia nuts).

Then, the next day . . . at the Grosse Pointe Congregational Church Mistletoe Mart Preview, we went wild again—especially over a set of magnificent paper mache Nativity figures, (to order only). Here, to go with our Presbyterian macadamia nuts, we bought a Congregational cheese ball roll . . . and the new Congregational Kitchen Cook Book, with the cheese ball roll recipe heading the very first page. (It's so good, we've "borrowed" it for this week's Good Taste column, and we'll be borrowing two or three others, too, in the weeks to come).

CHARLES W. CASGRAIN, II, AND HIS DAUGHTER, MERRILL, OF MERRIWEATHER ROAD

By Janet Mueller

Merrill Casgrain is looking ahead. She'll be off to college in the fall, to Pine Manor Junior College, Chestnut Hill, Mass., where she hopes to "meet a lot of new people, learn a lot of new ideas, major in History and teach it, possibly."

What does Charlie Casgrain think of his daughter's immediate goals? "I hope she accomplishes everything she wishes to accomplish," he says. And Merrill Casgrain is looking backward. In a few days she'll receive her diploma from the Academy of the Sacred Heart in Lakeshore road, then, the evening of June 10, she'll join the Presentation Parade of '67 Lakeshore Academy graduates at the annual Laurel Ball, sponsored by the Academy's Alumnae and Janet Stuart (Parent) Associations, in the Grand Ballroom of the Grosse Pointe Yacht Club.

End and Beginning That night, as Merrill, in her long white gown, carrying a sheaf of scarlet roses, walks into the G.P.C. ballroom to the strains of "Sunny Side of the Street," (as each girl is "presented" to the assembled company, the orchestra plays her chosen tune; Merrill requested that they play her parents' favorite), she'll be at the end as well as the beginning of something.

What will Charlie Casgrain think as he goes to meet his almost-adult daughter and escorts her into the ranks of the Academy's alumnae? "Of course, I'll be very happy to see it happen," he says, then adds, with a slightly nostalgic smile, "It's been a long time since that first day she set off for school, got on the bus, sat down and immediately started chatting with the driver . . ."

It's been almost all of Merrill's life. She's been a "Convent Girl" 14 years, starting in the Pre-School when she was only four. She'll be graduating as the Academy's "highest blue ribbon," president of the School's Student Government.

In Family Footsteps As an Academy graduate, Merrill will be following in her father's family's footsteps. Charlie's two sisters, Josephine, now working in New York, and Mrs. John C. Donnelly, of Lakeland avenue, (the Donnellys' daughter, Annie—one of eight children—is a freshman at Sacred Heart this year), are both Sacred Heart alumnae.

Merrill's mother, she's "Merrill," too, and the Casgrains' son, like his father, is "Charlie"—which ought to be confusing, but isn't, "because at home we're always 'mom' and 'dad,' they're 'Merrill' and 'Charlie,'" Charlie, Sr., grins), is a Liggett alumna, proud of her own school but delighted with the education and training her daughter has received at Sacred Heart.

The Casgrains are a close-knit, sports-loving family, with deep roots in Grosse Pointe on both "his" and "her" sides. Merrill, (Sr.), is the sister of William B. Canfield, Jr., of Lakecrest lane, and Mrs. Ernest B. Kelly, Jr., of University place.

The Canfields and the Kellys each have two boys—"It's rather nice being the only girl on that side of the family," Merrill, (Jr.), smiles. Love New Hampshire Summers, the Casgrains always go up to New Hampshire, where Charlie's parents, the Wilfred V. Casgrains, maintain a summer home, which they turn over to young Charlie, young Merrill and their parents for a time. There, the family golfs, climbs mountains, takes scenic trips, relaxes . . . Mrs. Casgrain's mother makes her home in Ormond Beach, Fla., now; Merrill, her brother and parents love their visits in the South . . . The Casgrains are all avid

Red Wing Hockey Team fans, and they all like to bowl. Young Merrill and Charlie were both members of the Future Champs League at the Country Club; the entire Casgrain clan often turns out for a Sunday morning bowling session.

They like baseball, having been "all through Little League and Babe Ruth League with Charlie, (Jr.)." Young Charlie, by the way, a Portsmouth Priory graduate, will be a junior at the University of Michigan next year, his sister thinks she "just might" complete her own education at U. of M.

Have Own Sports Each Casgrain, of course, has his/her own favorite leisure-time activities. Charlie, (Sr.), president of Mechanical Handling Systems, Inc., gets out on the golf course at every opportunity. He's a tennis player, too, as well as a model ship builder—"of sorts."

Merrill ranks tennis as her Number One Favorite Sport right now, although she's almost as happy with a pair of skis, a set of golf clubs, as her tennis racket. And, of course, she's "always" known exactly what to do with a field hockey stick . . . She's been a member of the Sacred Heart Varsity Field Hockey Squad since the eighth grade! "Being proud is a well-worn phrase, but nevertheless very true," Mr. Casgrain says of his daughter. "I am very satisfied with the way she's come through academically—she's in the top quarter of her class—and at the same time I've never seen a girl handle so many extra-curricular activities so successfully."

She's Into Everything At Sacred Heart, Merrill's played on almost every athletic team. She edited the school yearbook during her junior year. As president of the Student Body, she's "on her feet" a great deal, introducing guest speakers, presenting reports before the assembled faculty and pupils with poise and aplomb. They (the nuns) have been most cooperative in considering our suggestions, in conscientiously making an effort to get more in tune with the present-day girl . . ."

Like Class Projects For the present-day girl, after all, prefers a class project of volunteer service at St. John's Hospital to a fudge sale. She's socially conscious, aware of the Inner City and the Outer World. She's capable of conceiving and carrying through her own

Summers, she doesn't exactly "let down." She taught Bible School at an Inner City parish one year, (the Sacred Heart girls conduct doctrine classes in the Inner City every Sunday). She took a summer typing course. Enrichment Program The Lakeshore Academy has initiated an Enrichment Program for Inner City Girls, emphasizing art, music and household skills, conducted on the Academy campus during the summer and staffed largely by student and alumnae volunteers. Last year, before she took off on a "fabulous" Chet Sampson teen trek across the country, Merrill "helped a little" with the Enrichment Program.

This year, she plans to "help a little" again, when her schedule as a Grosse Pointe University School Day Camp counselor permits.

Merrill definitely does not think the Sacred Heart students are "isolated" from students in other schools. "Our athletic teams play teams from other schools," she notes. "We present plays with other schools, give joint concerts with other schools . . ."

"Certainly, though, the 'Convent' has its own personality," her father interjects. "And I think that this 'personality' has

something that makes it very worthy, is something very special . . ."

Plenty of Contacts

There's a good deal of contact between Lakeshore Academy students and students at Sacred Heart Assemblies in other cities. Merrill journeyed to St. Louis with the Lakeshore Academy basketball team when she was a freshman, to play the St. Louis Academy's team. Last year, she went on a field hockey trip to the Greenwich (Conn.) Academy, and a little more than a month ago she was one of three delegates representing Grosse Pointe at a Sacred Heart "weekend" at Kenwood Academy in Albany, N.Y.

Before Merrill decided definitely on Pine Manor, she and her father flew off in January on a long weekend swing through several Eastern Schools. She returned with her mind made up: Pine Manor was "her" school.

Her classmates have chosen different schools. One's going to Wellesley, others to the University of Michigan, Michigan State University, Marquette, Manhattanville . . .

Sees No Trouble Ahead

Merrill doesn't think any of them, (herself included), will have trouble adjusting to a new environment. After all, they've lived through "changes" enough at the Academy of the Sacred Heart in Lakeshore road, changes in everything from uniforms, (Merrill progressed through pea green gardabine in the first grade, followed by grey wool, followed by blue-and-white checked hoodstooth to the present light blue and white herringbone jumpers and white blouses), to faculty attitudes and rules, (more field trips, a greater variety of courses than were offered just a few years back—and the nuns themselves are no longer cloistered).

Mr. Casgrain, a member of the Academy's Fathers' Club, (the Fathers' Club in itself is rather an innovation; for many years, there was NO Academy fathers' organization, observes: "Recently, there's been a good deal of dialogue between the 'Madames' and the parents. They (the nuns) have been most cooperative in considering our suggestions, in conscientiously making an effort to get more in tune with the present-day girl . . ."

projects, (the recent Religious Art Show at the Convent, a display of the work of students at high schools throughout the metropolitan Detroit area), was the brainchild of one of Merrill's classmates, Sarah Drummy; the entire exhibit was student-directed, with a minimum of adult supervision.

She's very much a part of "today"—but, if she's a "Convent Girl," she's also very much aware of yesterday . . . Merrill Casgrain, president of the Academy of the Sacred Heart's Student Body, retains the title "Highest Blue Ribbon." For years, the Academy's student leaders were distinguished by blue sashes, strung diagonally across their uniforms, from shoulder to waist. The Academy's student leaders still wear "blue ribbons" . . .
