Storm Interrupts Utility Services In Four Pointes

Friday's Heavy Rain and High Winds Cause Severe to Minor Damage Throughout Area; City Reports Getting Off Lightly

The heavy wind and thunderstorms of Friday, June 16, caused severe to minor damages throughout the Pointe area, with the Park, Farms, City and Woods reporting electricity failures and phone service disconnections in sections of their cities, according to reports received.

It appeared that the City was the only Pointe to escape serious damages. Only breaks in Edison and telephone wires were reported, and these were repaired without trouble.

Edison and Bell telephone services were disrupted south of Jefferson in the Park for about two hours, when a large tree east of Alter road in Detroit was uprooted by gale winds and fell on power and phone lines.

Tree Crushes Car

The extremely heavy winds also uprooted a tree, measured at 46 inches in circumference, in front of 1449 Nottingham. The tree crashed down exactly in the middle of a 1955 Cadillac, parked there by Mrs. Marie Vandenberg of 5220 Chatsworth, Detroit. Luckily, she was not in the vehicle, which was crushed nearly flat, and is a total loss. The auto was towed to the rear of the Park police station.

Hebert Heger, director of Public Services, said that reports were received of Edison and Bell wires down through various sections of the city, and two calls disclosed large tree limbs down.

He said that three complaints were received concerning flooded basements, but a check by personnel of his department disclosed that the problems were all local and due to blocked drains.

Three Farms Trees Down

John DeFoe, Farms director of Public Service, disclosed that his office received three calls of trees down, one of which was on private property at Muir and Ridge roads. The tree crashed down on electric and phone lines on the property, he said.

Total tree damage throughout the community, DeFoe said, amounted to between \$400 and \$500, including loss of large limbs, on public and private lands.

The biggest number of complaints from residents, it was said, pertained to heavily flooded streets, due to blocked catch basins, caused by the congestion of countless elm seeds and other debris, DeFoe said. But, he added:

City Completes Marina Repairs

The City of Grosse Pointe has completed repairs and extensive renovation at the marina including complete renovation of B Harbor which provides rooms for 69 mooring spaces.

The revised design provides wider maneuvering channels and seven additional mooring spaces. New finger piers of treated timber placed on steel pilings were also added. The new pilings are constructed of concrete filled steel pipes replacing the old wood pilings.

Used Stolen Money to Buy Boat, Motor, Says Juvenile

A tip that two 13-year-old Pointe boys were in possession of large sums of money led to the arrest of the youngsters by Farms detectives, and the eventual arrest of another 13-year-old, all Parcels Junior High School students, and all connected with the theft of about \$400 from a Hughes-Hatcher-Suffrin Clothing Store customer on May 31. The third boy was the actual thief, the officers said.

Victim of the theft was Frank Navarro, 57, of 3927 Three Mile drive, Detroit, who was being fitted for a suit on the June date, and left the money in the pocket of his trousers which were hanging on a hook in a fitting room.

A witness told Det. Sgt. George Van Tiem and Det. Joseph Miller, that a teenage boy was believed to have been seen removing the money from the pants. Two other youths were with this boy, it was said.

On Monday, June 19, Van Tiem and Miller said that they were given the names of two 13-year-old boys, who were "flashing" a considerable amount of money. The youngsters were picked up for questioning and readily confessed that the money was part of the loot taken from Navarro.

Miller received another tip, that another boy was in possession of a large sum of money, and the young teenager was taken into custody at the Junior High School and conveyed to the station for questioning.

This boy admitted to the detectives that he was solely

Council Sets Resolution of Committee

Advisory Committee Recommends Solons Study Two Proposals to be Given Voters

The Park council met in special session Monday evening, June 19, to accept a resolution from the Parks and Recreation Citizens Advisory Committee, recommending two proposals to be presented to residents of the community regarding a new swimming pool at the Waterfront Park, and possibly one at the Three Mile Drive Park. The council will study the recommendations for further action.

The committee, according to Mayor Matthew Patterson, did a monumental job, under the chairmanship of Douglas Graham, in preparing and sending out a questionnaire to poll the opinions of the people of the community, and compiling the answers received.

"I was quite concerned regarding the time element (June 5 deadline for returns) set by the committee, with June 15 set as the day for the complete compilation of the answers received from our citizens," the mayor said, "I am of the opinion the committee did a marvelous job.

"Didn't Seem Possible" "I did not think it was possible that the committee could do such an outstanding job in such a short time. The entire group worked together under their chairman, and did a masterful job, and the people of Grosse Pointe Park should be proud that citizens such as these unselfishly worked in their behalf."

The committee recommended to the council that the questions of needed new park facilities be presented to the voters, and that bond issues be placed before the people as soon as possible, to raise funds to construct the facilities.

The members of the committee recommended two propositions be given to the people. These are:

Proposition I—Construct the new facilities provided herein at Waterfront Park (Alter Road). A. Swimming pool (10,000 sq. feet); B. Bathroom (4,200 sq. feet); C. Decking (20,000 sq. feet); D. Two wading pools (total 2,500 sq. feet); E. Landscape and screening; F. Pool heating; and G. Seawall construction fencing and fill.

Three Mile Drive Park: A. Wading pool (2,000 sq. feet); B. Decking (5,000 sq. feet); C. Pool heating; D. Landscaping and screening; E. Boat launching ramp; F. Added sports facilities as shown on schematics; and G. Enlarge parking facilities to accommodate 100 automobiles.

The total cost of all these, including fees and contingencies, should not exceed a total of \$322,000.

Second Proposition

Proposition II—(To be voted separately and to be executed only in the event Proposition I obtains voter approval), expand facilities to be constructed at Three Mile Drive Park to include: A. Swimming pool (10,000 sq. feet); B. Bathroom (4,200 sq. feet); C. Additional Decking (15,000 sq. feet); and D. Parking for an additional 75 automobiles.

The cost of these proposed improvements not to exceed \$215,000, including fees and contingencies. Total of both propositions not to exceed \$737,000.

The committee further recommends that any financing for construction of the recommended new facilities be through issuance of general obligation bonds, which should not exceed a total of \$750,000.

The group was appointed, with the approval of the council, by Mayor Patterson, last April 17.

45-Member Committee

The committee, (45 members), was charged with the duty of making recommendations to the council as to what park and recreation improvements it feels are needed and will be accepted by the residents of the city, and to follow through in helping to promote the execution of any recommended plan.

On Monday, June 12, the committee, with only one dissenting vote, endorsed the recommendation. (Continued on Page 2)

GP City Set To Codify Ordinances

Code Will Be Printed and Available for Public Distribution at Nominal Cost

The Grosse Pointe City Council approved the codification of the city ordinances at the meeting of Monday, June 19. Codification is the process of taking all ordinances which have been passed and combining them into a city code.

In this manner out-of-date and duplicate ordinances are either eliminated or amended. This also will make the amendment process in the future easier and less costly.

As a result of codification, the code is entirely indexed, making it easier for city officials to utilize, and facilitating the administration of the ordinances.

This process has involved a great deal of study by the city administrators for the past two years. They were assisted by Louis Andrews of the Michigan Municipal League who served as consultant and has had many years of experience in codification of ordinances in Michigan cities.

The code will be printed and available for public distribution at a nominal cost as soon as printing is completed.

A Fisher road resident reported to City Police on Wednesday, May 15, that two parking meters were in her bushes in front of her home. The meters were immediately picked up and returned to Grosse Pointe Farms.

City Commissioner Ray ordered Detroit Police to look for a normal eight-foot sign Sunday after a complaint of policemen call. The sign was found in a yard and was removed. The sign was "settling down."

Department will begin working on the change to normal. The change to normal is successful.

United States has been placed on the U.S. Conference agenda for Monday. This decision represents a major change in plans for the United States, which was placed on Ambassador Goldberg to be the speaker.

Boat Hits Log; Passengers Safe

City Police received a call from a citizen reporting a boat in trouble at the foot of Lakeview. Upon investigation officers found the boat about 50 feet off shore, half-filled with water.

The passengers, P. K. Byron, 9200 W. Outer drive and Gail P. Jamin, (no address given), were unhurt. They told police that they hit a log while out on the lake in a 24 foot inboard boat.

The log damaged the boat and they were forced to leave it. The water at that point was shallow enough for them to walk ashore to safety.

Park Bond Issues Proposed

(Continued from Page 1)
front Park Only" the trend is reversed, with 15 percent blaming poor promotion and scare tactics of the opposition, while 84 percent attributed it to finances and/or not needing two pools.

Differences in frequency and use of the two parks, showed that 51 percent of those who answered marked Waterfront Park "frequently" and 18 percent checked "frequently" for the Three Mile Drive Park. The absence of swimming and boating facilities, and of a fishing dock, goes far to explain this difference, the committee reported.

The total respondents were processed on IBM cards: 1,279 home owners and 174 renters. A higher proportion of owners answered, and, it was pointed out, it should be realized that one survey probably represents two voting adults.

The committee based its recommendations to the council, partially on the following: For home owners (including buyers) on the key swimming pool questions, 76 percent favored "Build New Facilities." Of these, 35 percent favored "Two Pools," and 31 percent "Waterfront Park Only"; seven percent "Three Mile Drive Park Only"; and four percent "Makes No Difference."

The strongest support for the two-pool plan came from the northeast area of the city. South of Jefferson "Waterfront Only" ran slightly behind the combination of "Two Pools," "Three Mile Drive Park Only," and "Makes No Difference."

The advisory committee noted that a similar ratio came from the northwest area, and the largest number favoring "Waterfront Park Only" came from the south area. These trends were consistent since counting began on May 31, it was stated.

On the question on why they thought the previous bond issue failed (November 5), 73 percent blamed weak promotion, uninformed voters, and efforts of the opposition, while 27 percent attributed it to taxes and/or not needing two pools now.

Stolen Money
 (Continued from Page 1)
 responsible for the theft of Navarro's money, and that he divided the loot with his companions.

Van Tiem and Miller said that the 13-year-old also confessed the theft of \$55 from another customer of the Farms clothing store, just two weeks previous, but he was alone at the time.

The police officers said that the third youngster voluntarily confessed to them that he had stolen \$400 from a customer in a clothing store in the Eastland Shopping Center, Harper Woods, within the past few weeks. This information was given to Harper Woods authorities. Total loot, in the Farms and Harper Woods, amounted to approximately \$880, it was said.

When questioned regarding what he did with the money he had stolen, the young thief told the policemen that he purchased a boat and an outboard motor with his ill-gotten gains. He said he bought the boat from one store, and the motor from another.

The parents of the boys were notified of their sons' activities, and the third lad's parents are attempting to raise money to make restitution to the theft victims, the detectives said.

Nevertheless, Van Tiem and Miller said, charges against the boys were filed with Juvenile Court authorities, charging the young trio with larceny.

Big Storm

(Continued from Page 1)
 ed, Department of Public Works personnel took care of the situation. Some streets were flooded through Saturday, he added.

The blocking of the drains might have been a blessing in disguise, he said. It is possible that there would have been more than the four flooded basements reported. The flooded basements were found to be due to local trouble, it was pointed out.

The Woods Public Safety Department, which records all damages reported, grouped all complaints together, with the exception that electrical and phone services were cut off from Mack avenue, at the western end of the city, when a large limb fell on wires. The people in the area were without services for approximately an hour, it was said.

Shop Window Broken
 The report was given as trees down at 2000 Lochmoor boulevard, 826 Anita and 1823 Anita. The front window of the Woods Interior Shop, 19435 Mack, was smashed. Twenty calls were received regarding wires down, and four calls were relayed to the Department of Public Works pertaining to large limbs broken from trees.

In the Shores, the Public Safety Department disclosed that only two calls were received of trees down, one at Ballanvne and Deeplands, which did not cause any apparent damage; and a large tree on the property of John H. Rickel, 60 Stonehurst, which landed on the Rickel garage, damaging the roof.

Returns to Jail On Fraud Charge

Edgar Allan Poe, 2259 Calvert, Detroit, appeared before Judge Douglas L. Paterson on Friday, June 9, on the charge of attempting to defraud Jacobson's store, a charge he incurred in September of 1964.

At that time Poe attempted to return a dress to Jacobson's for cash refund. Upon investigation, store employees discovered that they had no record of the sale of the dress. They notified the City Police. Chief Andrew C. Teetaert and Lt. Robert Van Tiem questioned the suspect who gave a fictitious name, one of five he uses. He has called himself E. D. Wilson, Ed Wilson, E. D. Poke, E. Wilcox and E. Poke, at various times. The suspect claimed he bought the dress and tried to return it for a cash refund and was given a credit slip for the amount of sale. (This is the store's usual procedure).

Upon further questioning the suspect admitted taking the dress from the store as well as taking other merchandise from Jacobson's in Birmingham and attempting to return it in Grosse Pointe.

After questioning, Poe was released and told to reappear the next day. He failed to appear and a warrant was issued. It was a matter of months before he was located serving a 120-day sentence in Pontiac on similar charges. He was turned over to City Police.

On June 9, he was charged. He pled guilty as a disorderly person and with being involved in a fraudulent scheme. He was ordered to pay a fine of \$100 or spend 90 days in County Jail. Since he could not pay the fine he was taken to County Jail to serve his sentence.

Sister-Educators Given Chance to Study Abroad

Four Sister-Educators of Marygrove College have flown to Europe to begin three months of studies in Belgium, England and France. This opportunity to study abroad is something unique in U.S. education circles, because it is part of a plan to send the entire religious faculty of the college to foreign universities for their advanced education.

The Faculty Study Abroad program was the inspiration of Bert Emanuele of Piche avenue, Grosse Pointe Farms. He created the 10-year plan to send 46 Sisters abroad and backed it with another idea, when he successfully founded the Marygrove Hundred Club. This year marks the 5th anniversary of the Marygrove 100 and the year that it reached its successful goal.

The success of the program has helped to bring new insights of the education, the culture and governments of those countries visited by the Sisters. . . 23 Sisters have already participated in these summer studies and four will study overseas until early September. Twenty-three more will participate within the next four years.

As founder and permanent chairman of the Faculty Studies program, Mr. Emanuele presented the college with a large plaque honoring the members of the 100 club. In a surprise move, Sister Mary Emil, President of Marygrove College, pre-

sent Mr. Emanuele with a trophy topped with a globe to recognize his service to Marygrove and the 'Global Wings for Wisdom' flights.

"It's like making the world the Sisters' classroom, Mr. Emanuele said.

Objectives of the Faculty Studies Abroad program is to provide members of the college teaching staff an opportunity to

broaden their outlook and improve their teaching skills by first-hand observation of foreign educational techniques and by doing personal research in their specialties.

Of the 23 Sisters to benefit from the Faculty Studies Abroad program in the past six years, three each traveled to Austria, France and Italy. Two each studied in England.

He got the promotion, stock options, too...

Does that make Sally an heiress?

If you define "wealth" as meaning a plump portfolio of blue chips or a bottomless bank account, today's rising business executive does not qualify.

Outgo comes too close to income for him to put aside that kind of money.

What he does have going for him are those stock options...pension or profit-sharing benefits...deferred compensation agreements.

Plus personal and group life insurance.

And a modest list of securities. All of which can add up to a lot of future dollars but—lacking a unified plan for their conservation—a chancy sort of inheritance.

To meet this need—with a modern Executive Trust—our trust officers work closely

and imaginatively with businessmen, their attorneys and other advisers.

We'd be pleased to work with you on behalf of your heirs and heiresses. Write or phone Edgar B. Galloway, Vice President (965-6000, ext. 2182).

Turtle Stages Show at Beach
 By Elizabeth Stephens
 Sunday's wind was sending large and small craft scudding across Lake St. Clair, while on shore the bright sun shone down on sand castle engineers, plastic tub Lief Ericksons and their inert mamas and papas at the Seven Mile road pier. In the background could be heard the happy din from the swimming pool.
 Suddenly a warning was conveyed to the Life Guard office that a foreign object, possibly dangerous, had been sighted a few feet from the beach in the lake swimming area.
 Donning long sweatpants and sneakers over his trunks against attack beneath the murky waters, lifeguard Dennis Barry, of 271 Mt. Vernon road, waded out carrying a large wire basket. The usual crowd of small boy observers gathered to make their comments from the safety of the nearby cement pier while Guard Barry stood thigh deep in the water making lunges at the intruder every time he surfaced. On the third try, he scooped up an angry, ugly full grown snapping turtle, at least a foot across his weed-grown shell. Heaving basket and all onto the pier, Barry threw his wet sweatpants and sneakers over him to keep him in the basket, and the turtle soon had the objects flying around like popping corn.
 It was no dollar-size turtle that you keep in a shallow dish; Barry estimated he weighed five or six pounds as he lugged him to the outer reaches of the park property, accompanied by the same troop of observers. There had been some conversation about painting "Property of Grosse Pointe Farms" on his ample shell, but no one could be found to hold him.
 Uncovering the basket at the outer edge of the park, Barry discovered that he had chomped his mean little jaws around a hunk of the pants. Finally being persuaded to grab for a stick instead, the old fellow was thrown back into the choppy waves.
 He will probably spend the rest of his vacation on the Canadian side.
BOAT THEFT REPORTED
 George Hopping, 571 Washington, reported to City Police on Wednesday, June 15, that sometime between noon of June 12 and that date someone stole a six gallon gas can from his boat which was docked at the City Park. Police are investigating.

Pointe Sail Club Has Night Races

The Grosse Pointe Sail Club announced that its popular Tuesday night races, extending this year over a full three months, began June 6.

Commodore Elmer Ertman said the races will be conducted throughout June, July and August — with the exception of July 4 — on a Lake St. Clair course whose start and finish lines are in front of the Grosse Pointe Park dock.

The Tuesday night contests, with a warning gun promptly at 7 o'clock, are among the few sailing races in the area in which all boats—big and small—are handicapped and pitted directly against each other.

Ertman said that because of the crowded starting line in several of last summer's races, the fleet this summer will be divided in half—with one start at 7:10 p.m., the other at 7:15 p.m.

Race Committee Chairman Norman Rogers said: "The course is short, but the competition is fierce. These are the races in which many skippers hone their skills."

Rogers said information on the races was sent this week to Detroit River Yachting Association sailors.

"However, all sailors are welcome," Rogers said. "They can get complete information and a course chart from me by calling 222-6581."

Under the point system used by the Grosse Pointe Sail Club, two major trophies will be awarded at the end of the season.

Summer School At Austin Prep

The summer session at Austin Prep. will begin on June 26 and run until July 28. Registration for classes may be made on the first day June 26. The fee is \$25 per course. Each class period is one hour and 15 minutes in length.

Essay writing and the reading of two of the required summer fiction will be covered.

In Math I, taught by Thomas Richards, will introduce the student to the principles of Algebra and cover theories of numbers.

Money Missing; Suspects Sought

A considerable sum of money was taken from the cash register of the Tres Chic Coiffeurs, 18700 Mack avenue, on Tuesday, June 13, and Farms police are seeking two women suspects for questioning in the matter.

According to a report given to the authorities, the women, both colored, were seen coming into the store by Ronald Ruel of 23126 Broadstone, Harper Woods. The women began looking around checking the merchandise, and were seen looking at hair pieces near a counter on which there was a cash register, Ruel told police.

When the women left, the store employe said, he went to the register and discovered \$278.85 missing. The money was mostly in currency of \$10 and \$20 denominations. Also missing was a check in the amount of \$57.20, made out to the shop.

Later, police received a call from a woman employe of the establishment, who reported that

an additional \$44.20 in cash, and a check of an unknown amount was also gone.

The first suspect is said to be about 35 or 40 years old, about five feet eight inches tall, medium dark skin, and wearing a white dress and hat.

Her companion is said to be of the same age as the first woman, about five feet five inches tall and having dark skin. There was no clothing description.

The real test of any man's worth is his influence on youth.

The American League Indians still hold a one game lead over all other American League teams. The National League Braves added another game to their edge, and are now two full games in front of the second place Cubs.

The Cardinals launched the second half of the season by downing the Giants in a 5-0 game Monday night. The Cards chalked up their five runs in a hefty second inning which also ended the scoring. Caraci was credited with the win, Ehrlich came out the loser.

The Dodgers picked up three runs in the first inning of their game with the Phillies Tuesday evening, but were unable to maintain the lead. Three times during the game, Beetle Bailey, Phillie pitcher, found himself in a no-out, bases-loaded situation, but each time he was able to pitch his way out of danger. Beetle's triple in the second inning, and team-mate Jim Bolton's grand slam homer in the 5th killed the Dodgers. Bailey was the winning pitcher, Jimmy Bayes took the loss.

The Braves and the Cardinals, first and 2nd place teams of the first half fought it out Wednesday in a close, well-played defensive game. Doug Mann broke through with a timely double in the bottom of the fourth to score two men. The Cards squeezed one run in the fifth, but the final score was 2-1 Braves, and the first half winners would seem to be on the march again.

It was strictly a no-contest game Thursday night between the Dodgers and Giants. Dodger pitcher, Fred Rohn, suffered a chipped bone on a fielding play in the first inning and it was nothing but down-hill for the Dodgers from that point until the final out. The Giants combined 14 hits with 11 walks to crush the Dodgers by a score of 23-3. Steve Katsaros picked up the win for the Giants.

At the High School on Sunday, the Dodgers met the Indians and were trounced to the tune of 14-6. Each team came up with seven hits, but the Indians put them together where it counted. Keith Cunningham clobbered 2 triples and a double to keep the Indians in the lead. Winnings pitcher was Parker; Skip Lauth took the loss.

FARMS - CITY - PARK American League
By J. Ireton

The first week of play to start the second half of competition ran into weather problems. The Braves and Yankees didn't get their game that was rained out, made up. Neither did the White Sox nor Cards.

Monday the Yankees and Red Sox got their game in. The Yanks won 3 to 1.

Tuesday the Indians beat the White Sox 5 to 2. Cunningham won the game for the Indians, giving Hillger his first taste of defeat this year.

Wednesday the Yankees won their game with the Tigers, 8 to 0. Van Conway pitched a one hitter for the Yankees, allowing only one walk.

Thursday the White Sox bounced back to beat the Red Sox 3 to 1.

Friday's games were rained out. The Braves and Yankees have not made their game up, yet. The Tigers and Phillies made their game up on Sunday. The Tigers won this one 7 to 3. Mike Ware and Tim Allard pitched the Tigers to this victory. Charles Menthen made an excellent fielding play during the game.

Grounds were too wet to play Saturday. Therefore, the White Sox and Cards didn't get their game made up. The Indians and Dodgers did. The Indians won over the Dodgers 14 to 6. Jim Parker was the winning pitcher. Cunningham did a good job batting, getting two triples and a single. Monday night the Red Sox won their make-up game with the Giants, winning 9 to 6.

Incidentally, the standings for the first half of play were in error for the American League. The Indians had a 7 win, 4 loss record. This was made because of a reversal in scores one week ago in the game between the Braves and Indians. The Braves won 3 to 2. Sorry about that Braves!

Devils Seventh In Title Meet

Six Blue Devil thincleds
tallied 19 points at the Michi-
gan Class A Championships as
Grosse Pointe paced all Metro-
politan area schools by finish-
ing seventh in the state.

Teams representing 110
schools were in East Lansing on
May 27 for the 60th annual state
meet. Battle Creek Central's 48
points led a parade of outstate
schools which captured the first
six spots.

The Devils took two seconds
and a fifth place with each
member of the six-man delega-
tion scoring points.

Two-mile Rick Gross was
edged at the finish line for the
second week in a row by Fin-
ney's Ken Howse. Howse sprinted
away from Gross in the last
half lap repeating the tactics
he used before at the Regional
meet to win.

Howse posted a 9:25.3 time to
Gross' 9:26.3 and set a state
record for the new two-mile
event. Although Gross had
earlier turned in the fastest two
mile this spring, only records
set in the state finals are ac-
cepted.

Grosse Pointe's sprint relay
team of Leon Duletsky, Tom
Thompson, Doug Daher, and
Jon Staryk lost the 880 race on
a time basis to Battle Creek
Central. Central's 1:28.8 clock-
ing bettered the Devils' 1:29.9
although both teams won their
respective heats.

The Devils added additional
points when high jumper Joe
Kaiser fell into a three-way tie
for fifth by jumping 6'1".

The Devils were also the lead-
ers among the BCL schools at
East Lansing. Although the
Devils took a third in the league
standings, their 19 points edged
Wyandotte (15) and Royal Oak
Dondero (12) the 1-2 schools in
the B.C.L. this spring.

The following were the lead-

VILLAGE OF GROSSE POINTE SHORES

COUNTIES OF WAYNE AND MACOMB
MICHIGAN

General Obligation Park Bonds

Sealed bids for the purchase of the above bonds will be
received by the undersigned at the Village Hall, 795 Lake
Road, Grosse Pointe Shores, Michigan, on Thursday,
June 29, 1967, until 7:30 o'clock p.m., Eastern
Standard Time, at which time and place said bids
will be publicly opened and read.

Said bonds will be dated June 1, 1967, will be coupon
bonds of the denomination of \$5,000.00 each, or \$1,000.00
each, but not both, at the option of the purchaser, will be
issued consecutively in direct order of their maturities
and upwards, shall bear interest from their date at a rate
not exceeding five per cent (5%) per annum,
compounded in multiples of 1/8 or 1/20 of 1%, or any com-
pound thereof. Said interest will be payable on November
1st of each year, both principal and interest to be
payable at a bank or trust company qualified by law to act
as agent under the Statutes of the State of Michigan
of the Federal Government to be designated by the pur-
chaser of the bonds. The interest rate on any one bond shall
be one rate only and represented by one interest coupon
each coupon period, and all bonds maturing in the same
month shall carry the same interest rate. Accrued interest to
date of delivery of such bonds shall be paid by the
purchaser at time of delivery. The difference between the
highest and lowest interest rates bid shall not exceed 2%.

Said bonds will mature serially as follows:

- \$5,000.00 November 1st of each of the years 1970 and 1971;
- \$10,000.00 November 1st of each year from 1972 to 1977, inclusive;
- \$15,000.00 November 1st of each year from 1978 to 1981, inclusive;
- \$20,000.00 November 1st of each of the years 1982 to 1989, inclusive.

Bonds due in the years 1970 to 1982, inclusive, shall
be subject to redemption prior to maturity.

Bonds maturing in the years 1983 to 1989, inclusive,
shall be subject to redemption, at the option of the Village,
in some numerical order on any interest payment date on
or after November 1, 1982, at par and accrued interest plus
premium on each bond so redeemed as follows:

- 7% of par value on each bond called for redemption in the years 1982 and 1983;
- 8% of par value on each bond called for redemption in the years 1984 and 1985;
- 9% of par value on each bond called for redemption after the year 1985.

Notice of redemption shall be given at least thirty (30)
days prior to the date fixed for redemption by publication
of notice thereof at least once in a newspaper circulated
in the State of Michigan which carries as part of its regular
business notices of sale of municipal bonds.

No further interest shall be payable on bonds called
for redemption after the date fixed for redemption provided
adequate notice has been given and that sufficient funds
are on hand with the paying agent to redeem such bonds.

For the purpose of awarding the bonds, the interest
of each bid will be computed by determining, at the
rates specified therein, the total dollar value of all
bids on the bonds from July 1, 1967 to their maturity
deducting therefrom any premium. The bonds will be
awarded to the bidder whose bid on the above computation
shows the lowest interest cost to the Village. Each bidder
shall state in his bid the interest cost to the Village, com-
puted in the manner above specified. No proposal for the
purchase of less than all of the bonds or at a price less
than 100% of their par value will be considered.

These bonds are issued for the purpose of paying part
of the cost of completing the improvements at the George
S. Park consisting of acquiring and creating additional
land at said park, improving and rehabilitating the existing
land and docking facilities at said park and acquiring and
erecting a new dock and docking facilities in the Village
of Grosse Pointe Shores.

Said bonds are payable from ad valorem taxes to
be levied without limitation as to rate or amount.
A certified or cashier's check in the amount of \$5,800.00,
payable upon an incorporated bank or trust company and
payable to the order of the Village Treasurer of the Village
of Grosse Pointe Shores, must accompany each bid as a
guarantee of good faith on the part of the bidder, to be
retained as liquidated damages if such bid is accepted and
the bidder fails to take up and pay for the bonds. No interest
will be allowed on the good faith checks, and checks of
unsuccessful bidders will be promptly returned to each
bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion
of Messrs. Canfield, Paddock and Stone, attorneys of Detroit,
Michigan, which opinion will be furnished without expense
to the purchaser of the bonds prior to the delivery thereof,
and the legality of the bonds, the text of which
will be printed on the reverse side of each bond.
The Village shall furnish bonds ready for execution at its
expense. Bonds will be delivered without expense to the
purchaser at a place to be designated by the purchaser. The
purchaser, in pending affecting the issuance of said bonds, will
be held liable at the time of the delivery of the bonds. The
purchaser is reserved to reject any or all bids. Envelopes con-

Post Election Reflections

We wouldn't be telling the truth if we said we were happy over the results of last week's school election. We endorsed the two candidates, in the field of six, we felt best qualified. They came in third and fourth, so neither of them will be serving as a trustee of the Board of Education during the next term.

We think that the electors who went to the polls and did not vote for reelection of Dr. Frank Parcells did him a particular injustice. As we said last week, experience and a working knowledge of the myriad ramifications of running a public school system are all-important in determining the quality of service a trustee can contribute. These take time. Dr. Parcells, the only incumbent running, was not only president of the Board of Education this past year, but his knowledge and dedication and expenditure of time and talent were major factors in the preservation and continued improvement of the standard of education which the Pointe Public School System has long provided.

The pre-election campaign was a particularly vicious one, accompanied by an avalanche of unfounded accusations, misinformation and distortion. Only one out of seven of the qualified electors took the time to go to the polls. A pox on those who called the office for results following the election, expressed dismay, and then, under questioning, confessed they hadn't voted.

It has been suggested that there are too many election days in the Pointe and the electors get so confused they forget. Combining every possible election so they would fall on the same day has been proposed as a solution, on the theory that every voter would have something of a particular interest which would entice him or her to the polls, be it candidate or issue. It is worth thinking about and we shall await an answer from the experts. Conducting an election costs plenty. Is there a big saving to the taxpayer among the possibilities?

However... the election is over. Condolences go to the vanquished... and certainly to the victors. (Arnold Fuchs and Calvin Sandberg), go our every hope for success in meeting the responsibilities which go with the honors they have been accorded. We have a public school system which the whole nation envies, and which provides all those elements which make receptive students into top leaders of community, state and country. May the new Board of Education keep the standards moving ever higher.

Letters to the Editor

Dear Sir;
I thought it would be refreshing to read something good our children in the Pointe do.

I am not a writer but perhaps this can give you the idea of how we mothers would like to thank our boys.

They call themselves "The Reformed". It's a three-piece band. There were many months of practice. How many times they would have just as soon cancelled practice to just fool around! After all, they are normal, healthy 12 and 13-year-olds. But they had plans to play for some less fortunate children at their annual picnic.

The picnic was a very special treat. The children that could get around on their own, pushed the wheelchairs—if there was music it was done in time—everyone got into the act. What a great day. To witness the picnic left one with a feeling that your own problems weren't so great after all, because you had good health. The picnic was on the paved school grounds. Crutches, wheelchairs and children with walking difficulty could make it around easier.

The picnic was sponsored by a handful of active mothers at the school. They call themselves The Mothers' Club of Leland School. All of Grosse Pointe physically handicapped children attend there until the 9th grade. It is in the depressed area of Detroit.

The "three boys" knew how these kids loved music. You didn't have to be professionals. They also knew that they just had to do something for those

children. The special day, June 15.

Three cheers for three swell boys. We are really proud of them. They played a benefit before they ever had a job! Isn't it usually the reverse?

We can't end without mentioning their names: Keir Todd, lead guitarist, who is 13 and a 7th grader at Brownell Junior High; Brad Van Sickle, rhythm guitarist, 13 years old and also a 7th grader at Brownell; and Kirk Kirlin, drummer, 12 years old and a sixth grader at Grosse Pointe University School.

Our hats are off to these three thoughtful boys.
Sincerely,
Mrs. Van

Dear Sir:
It was my privilege to help with the post-commencement party for our seniors at the War Memorial last night. What a fine group of young people they are! As we all know, these kids came in for more than their share of bad publicity this year. Don't believe it. Grosse Pointe High School graduating class of 1967, our congratulations! May you go far with your dreams, your plans and your enthusiasm!

Sincerely,
Mrs. Frank F. Premer

What Goes On at Your Library

By Virginia Leonard

I've scarcely brushed the British rain out of my hair, the Irish gorse from my skirts, and the French language from my ears, when I find myself consulting plane schedules once again—this time for California. The annual convention of the American Library Association meets this year, from June 25-July 1, in San Francisco, and I'll be there! This will again be a "first" for me, as I've never been west of Chicago. When I return, I'll give you a full report.

In addition to catching up on three-weeks' supply of magazines and newspapers, I've found time, during these hot, dog-days (they seem to have come awfully early this summer), to read a few new books.

The first—wonderfully funny and terribly clever—is ALICE IN WOMANLAND; OR, THE FEMININE MISTAKE by Margaret Bennett. The author's name is the pseudonym of two lively West Coast writers, Barbara Tooley and June Biermann, who have published in numerous magazines, such as SATURDAY REVIEW and HOUSE BEAUTIFUL. Lewis Carroll's Alice found only one bottle labeled "Drink Me"; today's twentieth century Alice has seven to combat: the Housewife Drink Me, Career Drink Me, Art Patroness Drink Me, Responsible Citizen Drink Me, and Playmate Drink Me. The composite Margaret Bennett takes deadly pot-shots at Dr. Gesell, the female alcoholic, Betty Friedan's advice, television, art patronesses—name it, you'll find it. I only wish I could write half as well as these highly perceptive gals can!

The second is entitled THE HEALING PARTNERSHIP, by Bernard Steinzor. Its subtitle tells us more: "The patient as colleague in psychotherapy". Dr. Steinzor currently practices in New York City, and is a lecturer in the program of Psychiatry and Religion at the Union Technological Seminary. His basic emphasis is on the necessary relationship between patients and therapists. He knocks down the old theory that the latter should be remote and impersonal. Rather, his approach in his great belief in the power of sharing. When there is mutual trust and affection, there is healing, and psychotherapy succeeds

when patient and doctor share a fairly equal partnership in communication, suffering, triumphs, troubles and joys. Here, one sees much more of the human and personal attributes of the doctor than one usually views in a book of this type. I found it immensely interesting.

A new and sensitive novel is THE BETTER PART by Kit Reed. The author, a mother of two boys, lives in Connecticut where her husband is a member of the English faculty of Wesleyan University. She has written two earlier novels and some short stories. The story tells of young Martha Ewald who has lived all her life as a virtual prisoner in a large correctional institution which her father runs. Her mother is dead, her only friend the small son of the staff psychiatrist. She leads a life of such quiet frustration that she pours most of it out into a tape recorder. The transcription of these tapes forms a large part of THE BETTER PART, for Martha hopes desperately that her father will find these tapes and understand her loneliness. The action of the story centers around Martha's successful attempt to help one of the girls escape to join her beloved Charlie. The conclusion is tragic, but you have a feeling that Martha has matured and will survive her ordeal.

I have in hand Ambrose Bierce's THE ENLARGED DEVIL'S DICTIONARY, compiled and edited by Ernest J. Hopkins. Do you remember it? The definitions are devastating and witty. Take, for instance, "Depression"—"The state of mind produced by a newspaper joke, a minstrel performance, or the contemplation of another's success." "Prudent"—"A man who believes ten per cent of what he hears, a quarter of what he reads, and half of what he sees." If you like satire, this is the book for you.

At the moment of writing, my mind keeps turning to the lovely breakfast I just attended at the Village Manor, given by our entire Library Staff, in honor of Mr. Husband and his wife, Helen. Such occasions are fun but also sad, for we have all grown to know and become fond of our retiring Superintendent of the Grosse Pointe Public School System. We certainly wish the Husbands well but we shall miss them both. Happy retirement!

Society Judging Business Places

The Grosse Pointe and Eastern Michigan Horticultural Society is again judging business places in Grosse Pointe and vicinity.

Each year two awards are made for the best kept grounds. They are judged monthly on neatness and beauty of grass, shrubs and flowers. One award is for larger establishments with a large area of garden space, the other for more modest and smaller areas.

The awards are presented at the society's annual banquet meeting in November.

James C. Rodgers, of Doyle Place East, is program chairman for the American Society of Appraisers forthcoming 1967 International Conference. The meetings will be held at the Pontchartrain Hotel June 28 through 28.

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

Concertgoers attending the summer music festival in Grosse Pointe War Memorial on Wednesday evening in July have some fancy eating in store for them! Three of Grosse Pointe's most prominent authorities on the very haut-est cuisine—Mrs. Harold B. Tyree, Mrs. Vicq Suzek, well-known lecturer on gourmet specialties from her Cordon Bleu specialties, Mme. Tyree, and Mrs. Margaret Layson, who has traveled around the world, and Mrs. Margaret Layson, who has traveled around the world—are putting their heads together to plan the buffets that will be served before the concerts.

These three gourmets hope to achieve is a menu of menus offering taste themes in harmony with the concerts as well as being suitable for the atmosphere of an outdoor picnic buffet on a lakeside lawn.

Suggestions for the opening supper on July 5, they are connoisseurs d'oeuvres en gelée and entrees of fowl.

The second concert features music mostly by composers Schubert and Brahms, Mme. Suzek specializes from her native Vienna, such as Gefühltes Kalbsbrust.

In honor of the Swedish nationality of Sixteen Ehrlich will perform a sonata by his countryman Carl Linde at one of the concerts, the three planners are offering a Scandinavian array of fish delicacies, including Salmon Mousse and anchovy scalloped potatoes. The guitar program provides a natural inspiration with a Spanish touch . . . perhaps that classic dish saffron rice with fowl and shellfish paella?

Whatever the final decisions, we're sure the meals and the performances in memorability—and we hope the buffets to make reservations EARLY . . . don't you hate to find yourself munching a hot home before a special concert while all your friends are dining magnificently in an al fresco setting at the War Memorial lawns?

Here On A Visit
A coming and going month in The Pointe, among the recent visitors was a very young, very old, Edgar Blackman Galloway, III, just three years old, whose parents, the E. B. Galloways, Jr., and his grandparents, the ORIGINAL Edgar Blackman Galloways, of Beacon Hill—and, not at all incidentally, to be officially christened on Sunday, June 4, at Grosse Pointe Memorial Church.

Arriving next week for a visit with her future in-laws, Mrs. Ford Ballantyne, Jr., of Touraine is Dorothy Love, of Baltimore, Md., fiancee of Ford (Continued on Page 23)

Barbara Lynn Love Is Saturday Bride

Speaks Vows To Richard Welty Shiffler, Jr.; Reception At Country Club of Detroit Follows Afternoon Rites

Planning to make their home in Pittsburgh, Pa., are Mr. and Mrs. Richard Welty Shiffler, Jr., who were married Saturday afternoon, in Grosse Pointe Memorial Church.

The Reverend Bertram deHeus Atwood presided at the 4 o'clock rites.

The bride, the former Barbara Lynn Love, daughter of Mr. and Mrs. Harold O. Love, of Lochmoor boulevard, wore a gown of English net applied with hand-corded Alencon lace, and a floor length lace-edged mantilla.

Her bouquet was fashioned of Eucharis lilies, stephanotis and ivy.

Honor maid Elizabeth Wilson Chamberlain wore a gown of yellow linen, styled with an embroidered bolero and A-line skirt.

Bridesmaids Helen Haskill, of Arlington, Va., Mary Elaine Katterjohn, of Kenton, O., Sandra Lewis, of Warren, O., and Rita Wharton, of Dallas, Tex., and junior bridesmaid Nancy Shiffler, the bridegroom's sister, wore linen frocks fashioned with yellow boleros over white skirts, bordered in yellow.

Their small hats were made of yellow daisies, and they carried tiny flat baskets of daisies and English ivy.

Serving as his brother's best man was John Shiffler. They are the sons of Mr. and Mrs. Richard Welty Shiffler, of Briarcliff Manor, N.Y.

In the usher corps were Brian Coleman, of Brooklyn, N.Y., Alexander Elsaesser, of Youngstown, O., Robert Love, the bride's brother, John Petal, of Oxford, O., and Paul Swenson, of Stalt Lake City, Utah.

Mrs. Love chose a yellow-toned cotton brocade suit and a hat of yellow butterflies, tipped in aqua and coral, for her daughter's wedding and the reception at the Country Club of Detroit following the ceremony.

Mrs. Shiffler, the bridegroom's mother, wore a pale aqua silk suit and an aqua and fuchsia flowered hat. Both mothers chose orchid corsages.

Among the out-of-town guests at the ceremony were several former Pointers, including the bride's grandparents, Mr. and Mrs. Harry M. Baillie, of Clearwater, Fla.; the bride's uncle and aunt, Mr. and Mrs. Richard E. Scherling, of Cedar Rapids, Iowa, and Kathy, Rick and John Scherling and Mrs. Rowland D. Other out-of-town guests were Edgar Lyle Griffith, of East Tawas, Mich., the bridegroom's grandfather, and former Detroiters Mr. and Mrs. Lawrence A. Fleischman and their daughter, Rebecca, of New York City.

Ranny Shelden Bows June 15

In a garden setting at the Country Club last Thursday evening, June 15, Mr. and Mrs. W. Warren Shelden of Provençal road, presented their daughter, Virginia Ranlet ("Ranny") Shelden, to society.

Lester Lanin and his Orchestra held forth on a pink and white floral paper-lined shell overlooking the Club's bowling green, which was covered for dancing.

The floral motif was repeated in a white canvas runner, studded with red flowers, which led from the Club's entrance to the dancing area. Flower-splashed cloths covered tables, on which were placed varicolored candles in hurricane lamps, scattered over the Club's terrace and lawns.

Refreshment bars were covered with pink and white striped canopies.

In the Club's Great Hall, patio pieces replaced the traditional furniture, banished for the night. Hanging baskets filled with mixed summer flowers hung from the ceiling, and the pillars were banked with more flowers.

Ranny and her parents received their guests on the terrace. The debutante's gown of white peau d'ange, designed by Walton Pierce, featured a Paris pink back pouff. Her bouquet was fashioned of rubrum lilies and ivy.

Mrs. Shelden also chose a Walton Pierce gown, of Paris pink peau de soie.

Ranny was escorted by Albert H. Zimmerman, II. Her ushers, each wearing a pink carnation boutonniere, were her brother, William Warren Shelden, Jr., her cousin, Allan Shelden, IV, Frederick B. Ford, Sandy Wakefield, George Wrigley, Peter B. Surdam, James Brock, Jr., James Brock, Jr., James Pre-witt, Myron Sherer and Theodore H. Buttrick, III. Tag Truesdale, who was to have been a member of the usher corps, was temporarily out-of-commission due to a slight motorcycle accident, suffered earlier in the day.

Preceding the dance, Ranny's uncle and aunt, Mr. and Mrs. Allan Shelden, III, gave a dinner honoring the deb in their Provençal road home.

For this party, Ranny chose a gown of white pique with per-simmon ribbon accents.

A Garden Debut For Muff Ford

The rains came last Friday, June 16, but luckily early enough so that the outdoor dance and breakfast at their Lakeshore road home at which Mr. and Mrs. William Clay Ford introduced their eldest daughter, Martha Parke ("Muff") Ford, to society, went on as scheduled.

Muff made her bow to society in an 18th century Viennese garden, created by floral designer Medard Lange, of Wilmette, Ill.

Guests passed under a white canopy, decorated with floral scones and floral swags in which pink and yellow miniature lights twinkled, entered the Ford home and continued on a crimson carpet through the house out to the gold-carpeted reception area in the gardens overlooking Lake St. Clair.

There, under a ceiling of yellow percale, amid arches festooned with white roping and tied with tassels and rosettes, natural bark trees trimmed with green lights and artificial leaves and swags of live floral roping, Muff and her parents greeted their guests.

Muff collaborated with Walton Pierce to design her gown, a sleeveless Princess style confection of embroidered white organza roses accented with iridescent crystal beads. She carried her father's gift bouquet of yellow, pink and white rosebuds.

Mrs. Ford's gown, also by Walton Pierce, was fashioned of soft pink embossed cotton, beaded in a delicate allover pattern.

A pink and white canopy, with matching valences, covered the white vinyl outdoor dance floor, and huge urns filled with

mixed summer flowers were placed around the bandstand where Meyer Davis and his Orchestra alternated with the Young Rascals, a rock band.

Early morning supper was served at dusty pink and white felt-covered tables, scattered around the dancing area.

Muff's head usher was Peter Buhl Surdam. Others were her cousin, Edsel B. Ford, II, James E. Brock, Jr., Joseph R. Truesdale, III, Myron Gray Sherer, Frederick B. Ford, John C. Chapin, Jr., and Albert Zimmerman.

Muff's uncles and aunts, Mr. and Mrs. Benson Ford, of Lakeshore road, Mr. and Mrs. Henry Ford, II, of Lakeshore road, and Mr. and Mrs. Walter Buhl Ford, II, of Provencal road, entertained at a dinner at the Little Club in the debutante's honor preceding the late evening party.

Color theme for the dinner was yellow and white, with bowls of yellow and white rosebuds centering tables covered

And, of course, the college set is coming and going all the time . . . but we'd like to say a special "hello" to Christina Crowley, daughter of the Patrick J. Looking Forward To Fall

They don't intend to let the grass grow tall under their feet this summer, those busy Junior Leaguers planning their 15th annual Fall Fashionscope. The fabulous style show is scheduled Tuesday, September 12, and Wednesday, September 13, at the J. L. Hudson Company's downtown auditorium. It will, as always, benefit the various community projects and activities of the Junior League of Detroit.

Tickets are on sale now, for those of you who REALLY like to plan ahead. They're \$10 patroness, \$3 general admission, and may be obtained by contacting patroness ticket chairman Mrs. William K. Indians, No! Eskimos, Spaniards, Yes!

For years, E. C. Kolon, of Balfour road, has threatened to sell his two daughters to the Indians. Now, this year, Mr. Kolon is GIVING them away—to the Eskimos and Spaniards! And nobody's more pleased than the "gifts" themselves.

Twenty-one-year old Betty Jean Kolon will spend one month in the Arctic, taking a class in Applied Anthropology through the University of Saskatchewan. Nineteen-year-old Susan will go to school in Madrid for seven weeks, courtesy of a program sponsored by Michigan State University, where she recently completed her freshman year. Her schedule includes an extra month's independent travel on the Continent.

Sue departs the 25th of June, Betty Jean the following week . . . but they'll be coming home at summer's end. Mrs. Kolon insists that Mr. Kolon offer his two girls as "Indian Gifts."

Returning to the States July 10

after visiting her son-in-law and daughter, MR. and MRS. GEORGE CHESTON, of Wynnewood, Pa., at the house they have taken in Monaco, and vacationing in Baden-Baden, Germany, will be MRS. WESSON SEYBURN, of East Jefferson avenue.

who, where and whatnot

by whoozit

OOOoops! . . . In our enthusiasm over the lively career of Pointer of Interest Frank Dansbury last week, we lost one of his daughters. This is to report that Frank has four—count 'em!—four daughters. The one we omitted was Marie, 19, who lives at home.

What do Billy Mestdagh . . . a seven-year-old student in Mrs. Christine Hea's second grade class at Dexter M. Ferry Elementary School, and John Grey, a 19-year-old PFC in Echo Company, 2nd Battalion, 3rd Regiment, United States Marine Corps, have in common? Well . . . turns out they are cousins, and John came to visit Billy and his classmates at Ferry School on Friday, June 9 . . .

. . . PFC Grey's visit to Ferry was the culmination of an interesting series of events. Billy had told his second grade classmates how his Cousin John had been wounded while fighting in Vietnam. He backed this up with a newspaper picture and article about John's Echo Company . . . The class was thrilled by Billy's account and by the newspaper article, and decided to write individual letters to John in Vietnam. This they did, making John the most popular man in his Company at a recent mail call . . .

. . . PFC Grey, the recipient of two Purple Heart Awards during his tour of duty in Vietnam, is now home on leave. One of the first things he wanted to do when he arrived here was to visit Billy's class at Ferry and to personally thank the boys and girls for their welcome letters—and to share some of his experiences in Vietnam . . .

. . . The children were ecstatic when their very own "personal and private" hero walked into their classroom! They were full of questions . . . "Do you ever sleep?" . . . "How do you detonate a hand grenade?" . . . They were awed by John's Purple Heart, awarded to him by General Walt, and they were particularly impressed by one piece of equipment John brought with him: A Marine combat steel helmet, with a bullet hole going in one side and out the other. These holes indicated the path of a bullet which actually passed through the helmet while John was wearing it in combat . . .

. . . John's wounds are healing now, but he is still a very special "personal and private" hero to 28 second grade boys and girls at Ferry School—and to their teacher, Mrs. Hea.

And while we're telling . . . "School Stories," here's another particularly heart-warming one, (it, too, happened Friday, June 9): Nineteen members of the Grosse Pointe Braille Club were presented citations "for Contribution of Braille Transcription" at a recital of music students at Marquette School. The instrumental and vocal program was presented by students of the classes for blind and partially-seeing children under the direction of Daniel Stephens, who is blind himself . . .

. . . Mrs. Rosemary Whalen, Marquette principal, made the awards, which read in part: "In behalf of the children who are blind and their special teachers, we express appreciation to you. Your contribution is much greater than the hand transcribing of a single book, since once Brailled, many copies will be made from it" . . .

. . . Club members who were honored and thanked for presenting one or more Braille volumes to the Marquette library are the Mesdames George Abt, Carl Bache, Philip Brusoe, Kenneth Coleman, Prosper DeCoster, John E. Ellis, Marjorie Leason, Gerald Murphy, Wilbur McClellan, Ben J. McLachlin, John F. McNamara, Dale House, Frederick L. Oldsted, Sidney Pattington, Lawson Potter and Donald Webster, and the Misses Gertrude Schwarz and Helen Domzalski. Part of the music presented during the program was transcribed by Mrs. E. L. Joseph, who also received a citation.

Pilferings

Years of frugality had left their indelible mark upon Mother, so that when, at the age of 80, she came to make her home with us she was appalled at our prodigal use of electricity. She never switched on a light unless absolute necessity demanded it.

My husband came upon her early one evening as she sat reading her Bible in the twilight. Irritated by her economy, he snapped on the table lamp saying, "And God said, 'Let there be light!'" Mother replied, "Yes, He did. But was before they got to running it through meters."

Tau Betas Meet At Stonehurst

Setting for Tau Beta's June meeting and tea last Friday was Stonehurst, the Lakeshore road home of Mrs. Joseph B. Schlotman. Detroit Music Settlement School students presented a recital for the members and 1967 rushes.

MRS. DON R. FORD, OF BALLANTYNE ROAD

By Janet Mueller

When your husband goes bear hunting in British Columbia, and brings back his horse (!), how do you greet them, (man AND horse)? When you wake up one morning, and realize that two years ago you hardly knew an Arabian from a Mustang, but TODAY you and your husband have some 40-odd Arabians and are engaged in an ambitious long-term breeding program, AND that you've been spending (working) long hours every day, seven days a week, "at the stables" for so many months that you literally can't remember what your life was like BEFORE horses—what do you think?

When you've always been a "city girl"—a Grosse Pointer, at that—and you're packing up for the Big Move out to Brighton, where your horses, trainer, husband and children will all live together on an 100-year-old farmstead, and it suddenly dawned on you that you haven't been TRAINED for this sort of thing, (you took Journalism in college; of course, your courses at Meddill DID teach you to "keep an open mind") . . . how do you feel?

No Time To Think

Frankly, right now, Jeanne Ford hasn't the time to "feel" anything. It's been that way ever since Don Ford returned from his bear-hunting expedition with the news that "Honey Baby" was soon to follow . . . and Jeanne greeted man and horse with a smiling, "Welcome Home!"

Since then, things have moved pretty fast. Things always move fast where Mr. Ford's concerned. "Everything around Don happens 'just like that!' Jeanne snaps her fingers. "He's a real organizer . . ."

She's no Alice-sit-by-the-fire, herself . . . Jeanne can fly a plane, handle a sail or "stink" (power) boat, cook up a gourmet storm.

She has a flair for languages, took Spanish lessons "off and on" for three years, intends to go back to it . . . "And I also think I'll take some Polish," she muses. "Some of the finer imported Arabians come either from England or Poland; if I ever go over there (to Poland), I want to be able to speak with the breeders and trainers in their own language . . ."

She's Fallen in Love Again, Jeanne's conversation returns to her horse. She's literally fallen in love with the Arabian breed.

She's had to give up her bridge club and most of her work for St. Michael's Episcopal Church. ("No time!") She loves ballet, the theater—but she can count last year's "evenings out" at the Fisher on the fingers of one hand.

"I do go to Stratford (Ontario) every year, though, and this year I WILL GO again—no matter what!" she vows. "Christopher Plummer's there this year . . . I like to go on a Wednesday, try to see two plays . . ."

Good cooking. Jeanne believes, "takes time and every pot and pan in the kitchen"—so, of course, the Ford gourmet meals have had to go, too: Even if Jeanne had the time to cook them, where would she find the time to clean up afterwards?

B.A. (before Arabians), the Fords had always been great boaters. Last summer, Jeanne managed three trips aboard the "Wicked Witch." (Jeanne gives the name, pauses, laughs and adds, "Draw no conclusions!") . . . a 48-foot power boat complete with its own dinghy, "Broomstick."

This year, "Wicked Witch" is still in drydock up in Traverse City. Friends Must Learn And as for friends "Nice friends," Jeanne grous, "come out to the stable to see me, bearing baskets of fried chicken . . . These 'fried chicken' friends must learn a new route now, as the Fords switch the center of their Arabian opera-

ditional 20,000 miles, "looking for horses."

Her breeding program is ambitious, but she feels, "To go into a long-term breeding program with anything but the best is just foolishness: You spend all your time breeding the bad points out, not the good points in . . ."

The paperwork involved in breeding is time-consuming: "When you're dealing with thoroughbreds, it's so vitally important to keep all your records straight and up-to-date. I've just about filled one filing cabinet with our records. And there's so much research involved with the breeding end of this business . . ."

But by far the most difficult part of the breeding is waiting around for results. "Do you know," says Jeanne, with a shadow of awe in her voice, "it takes 11 months to have a horse!"

And if you have a filly, and if the filly doesn't die, you must wait until she's three to breed her. (No wonder the Fords called their first healthy filly "Hooray!") . . . "It takes," says Jeanne, "about 10 years to prove your program."

They're Also Trainers But the Fords aren't just breeders, they're trainers, too, dealing with performance animals which must be worked every day, winter and summer, and shown so that the Fords can judge how good their training program is.

Riders to show the horses must be trained, too. Jeanne, who's particularly interesting in training young people, selected Colleen Patten, of Manchester boulevard, and Twila Slavic, of Mount Clemens, both 16, from the 103 youngsters who responded to her ads in the NEWS, Rochester and Utica papers, asking for teens with a basic English and Western background who would be willing to work hard, "doing everything," while being trained for show riding.

Apparently, her girl-and-horse-training programs are both working out: In a recent show at Columbus, O., the Ford entries took a string of ribbons and three trophies. Colleen, who'd never been in the ring until the Columbus Show, took seven ribbons in nine classes, alone.

She's Also Seamstress Jeanne goes along on these Show trips, to chaperone the girls, hold hoofs with the horses, see to last-minute entry details, make last-minute needle-and-thread repairs on horse and rider accoutrements for the Arabian Costume Classes . . .

In her spare time (!) she devises ads for breeders' and trainers' magazines, files her horses' fan mail. (Skordonas, she says, gets the most; he's even received one admiring letter from New South Wales, Australia). Acts as nursemaid for her Tonkinese Cat, who chose this spring to kitten . . .

Luckily, her children, Jack, 15, Rex, 12, and Laura, 9, are completely enthralled by the horses delighted at the prospect of "moving to the country."

And even her parents, Mr. and Mrs. Leo Jacques, have switched their attitude from pity to pride. After all, Jeanne's thriving on her "outdoor life."

She seems to love it . . . Maybe it's hereditary. Mrs. Jacques, born in Montana, used to ride a horse to school. Mr. Jacques used to take little Jeanne down to the Cook road polo field to watch the games played every weekend where new houses, row on row, are standing now. Jeanne loved that . . .

Maybe she was always meant to be a country girl . . .

People are unpredictable—they do odd things to get even.

Marian, Hilda Bow At Dinner

At a dinner at the Country Club Tuesday evening, June 13, Miss Christine Edwards, of Merriweather road, introduced her nieces, Marian Edwards Gram, daughter of Mr. and Mrs. H. James Gram, of Moran road, and Hilda Edwards Thomas, daughter of Mr. and Mrs. George T. Thomas, of Doylestown, Pa., to society.

Marian and Hilda both chose traditional white gowns, the former's of white silk Alaskine, styled with a high front neckline dipping low at her back, the latter's also of Alaskine, in a Princess style.

Green and crystal beads accented the bodice of Miss Edwards' white gown.

Both girls, granddaughters of the late Mr. and Mrs. Allen F. Edwards, carried bouquets of pink carnations and roses.

James McClelland, Jr., and Thomas Dibble, of San Francisco, Calif., were Marian's escorts. Peier Cinnelli and Pedro Arellano escorted Hilda.

White cloths, overlaid with pink net, covered the dinner tables, which were centered with hurricane lamps holding pink candles, based in arrangements of greens and pink flowers.

Teatime Bow For Deb Tracy

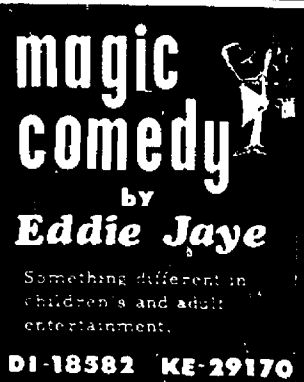

It was a teatime debut for Anne Tracy Heenan, daughter of Mr. and Mrs. Earl I. Heenan, Jr., of Touraine road, who made her bow to society June 14, at a pretty pink party in the Heenan home.

Tracy, in an A-line dress of pink embossed cotton, carrying a bouquet of pink geraniums and ivy, and her mother, who wore a white silk sheath, received their guests in the living room. Standing with them were the deb's two grandmothers, Mrs. Earl I. Heenan, of Bishop road, and Mrs. Percival Dodge, of Dyar lane.

Pink geraniums were the party's dominant floral motif. Guests sipped their tea on the lawn, where small ice cream tables were scattered.

Here from out-of-town for the fete were Tracy's cousin, Melissa Dodge, of Wetherfield, Conn., and her classmate at Connecticut College for Women, Elizabeth Millard, of Rochester, N.Y.

Attending the Big State Boys Baseball Summer camp at the University of Dallas will be ANTHONY and BILL CHAPLOW, of Whittier road.
