Crash Ends Wild Ride; Youth Hurt

Escapes From Camp Pontiac Rams Building In St. Clair Shores During Chase By Police

A 17-year-old escapee from Michigan's Camp Pontiac is hospitalized and reported in critical condition, suffering from serious head injuries following a high speed chase that started in Grosse Pointe Shores and ended in St. Clair Shores. The case went as high as 100 miles an hour and ended when the youth crashed into a building at Jefferson and Doremus.

Shores Patrolman Donald Fronczak said he was patrolling Lake Shore road at 6:07 a.m., on Saturday, July 15, when he observed a 1962 Pontiac convertible at the Vernier road intersection, traveling about 20 miles an hour north on Lake Shore. The driver appeared to be too young to be driving a motor vehicle, so he decided to investigate, the officer said.

As he approached the car and motioned the youth, Hiram N. Abernathy, whose last known address is given as 317 Fruit street, South Haven, Mich., to stop, Fronczak said the signal was ignored. The youth began to pull away, and the officer called in a car check and information was radioed back that the automobile had been stolen earlier in the day, and is registered to Salvatore Vascesse, of 10250 Reese, Clarkston. Hospital Center Project To Honor Webber Family; Cost Set at \$33,000,000

Campaign Launched To Raise \$10,250,000 By Public Subscription; Seven-Story Teaching Building Part of Program

A campaign to raise a minimum of \$10,250,000 by public subscription toward the cost of the \$33,000,000 Harper-Webber Medical Center Project was announced by Ray R. Eppert, chairman of the Harper Hospital board of trustees. Joseph L. Hudson, Jr. is general chairman of the building fund.

The project includes construction of a seven-story teaching unit, to be known as the Webber Memorial Building, facing John R Street on land between Harper and Grace Hospital. Extensive reconstruction and modernization of Harper's existing buildings is also part of the program. Three of Harper's present buildings will be razed to make room for the new structure.

Eppert said that the new building is being named in honor of the Webber family of Detroit "in recognition of the vital role members of the family have played for many years in the growth of Harper Hospital as well as in the development of the Detroit Medical Center."

Were Pointe Residents Richard H. Webber and Oscar Webber, Pointe residents for many years, both of whom died recently, were members of the board of trustees of the Harper Hospital and were continuously active in the hospital affairs of the city.

Eppert said that the expanded hospital will constitute "the principal teaching facility for adult medicine and surgery in the Detroit Medical Center." He added that with a total of 524 teaching beds, including

Men's Shop Held Up By Armed Pair

Take Cash And Clothing After Binding Up Youth; Total Loss Estimated At \$656

Two men, one of them armed, held up Valente's Formal Men's Wear, at 17904 Mack avenue, on Saturday, July 15. In the store at the time was 17-year-old Christopher Bonamy, who immediately notified the City Police.

Chris said the two men entered the store at 11:30 a.m. and asked to use the men's room. As they walked to the rear of the store one of them pulled a gun and forced Chris to sit in a chair as he bound his hand and feet with white tape.

The men took \$276 in cash from the register. They then rifled the clothing racks taking one light blue coat, one black brocade coat, one tuxedo, one black Mohair suit, two dress shirts and an Allerton watch with a black and red band. Total loss in the theft was estimated at \$656.80.

The pair left by the rear exit, wiping the door knob clean of prints as they left.

Chris was able to give the police a good description of the two men which was broadcast by officer Richard Clark. The man in possession of the gun was described as a white male, 6'2" tall, slim, with curly brown hair, weighing about 165 pounds. He was said to be about 30 to 35 years of age. He wore a green and yellow plaid shirt. The second man was described as being about 30 or 35 years of age, weighing 180 pounds, 5'8" tall and wearing a black sweat shirt and a silver construction helmet.

John Bell, parking attendant for Leon's Hairdressers, Inc., 17888 Mack, said he saw two men leaving the rear of Valente's with suits over their shoulders. He stated that the men got into a '66 Buick Riviera and headed south on Washington.

The robbery is said to be similar to two robberies that occurred on the East side recently, one at an east side formal men's shop and the other at a motel in Warren. The description of the two robbers was similar in all three cases.

CAR WINDOW SMASHED James McMillan, 2 Rathbone, called City Police on Saturday, July 15, to report that the left front window of his '64 Studebaker had been broken while he was visiting at 611 University.

Park Committee Set to Campaign Prior To Election

Group Reorganizes To Prepare Reasons For Passage Of Separate Bond Issues Sept. 12 And To Urge All-Out Vote

Members of the Parks and Recreation Advisory Committee met in the Park Municipal Building, 15115 East Jefferson, on Monday, July 17, to reorganize and to set the ground work for a campaign for an all-out vote at a special election to be held on September 12.

The special election was approved by the Park council on July 10, on unanimous recommendation of the committee, for the purpose of allowing qualified electors to vote on two separate bond issues for needed improvements at both the Waterfront and Three Mile Drive Parks.

At Monday night's meeting, the committee appointed Philip Wettengel the new chairman, succeeding Douglas G. Graham, who was appointed to fill a vacancy in the Park council. Wettengel was vice chairman.

John Dodge was appointed vice chairman, and David Cooke, was selected to fill the new office of treasurer.

Name Six Committees The group approved the organization of six committees, with chairmen and members to be appointed later this week: Finance Committee, Youth Committee, Newspaper Relations Committee, Material Distribution Committee, Telephone Committee, and a Speakers Committee, all essential to the coming campaign, and each formed for a specific function.

Eligible voters will be presented two bond issues, Proposition I, authorizing the city to borrow not more than \$570,000; and Proposition II, authorizing the city to borrow not more than \$280,000.

The issues would be general obligation bonds to be paid over a 20-year period.

Proposition I, if approved by tax-payer voters, will be for the purpose of acquiring and constructing additional recreational facilities, including swimming and wading pools and a bathhouse at the Waterfront Park, a wading pool at the Three Mile Drive Park, and to expand and improve parking facilities and picnic recreational areas at both parks.

Proposition II, contingent on approval of Proposition I, is for a swimming pool and bathhouse at the Three Mile Drive Park, and to improve parking facilities at the park.

Rejected by Voters Last November, voters rejected Proposition I.

Warning Issued To Young Driver

Frank Clarke, 588 Notre Dame, called City Police, on Wednesday, July 12, to report a young teenage girl had made a hurried U-turn on St. Paul, while a four-year-old child was leaning out of the window.

Upon investigation police located the car but not the driver. They left a note requesting her to come in to the station. She did so and was reminded of the seriousness of being careless while driving with small children in the car.

Three Pointe Children Die In Accident

Daughters And Son Of Mr. and Mrs. Arthur Buhl Hudson Victims In Tragic Resort Tragedy

The three young children of Mr. and Mrs. Arthur Buhl Hudson, 230 Merriweather road, were among the seven persons killed in a two-car, rear end collision on Monday, July 17, seven miles north of New Buffalo, Mich.

The accident occurred near Lakeside road close to the exclusive Meadow Lane resort where the Hudsons were vacationing. The children, Sara L., 7, Phair, 9, and Christian, 4, were riding with Marcia Sims, 34, Ann Clark, the Sims' family governess, and Mrs. Sims' two sons, Stephen, 8, and Leslie, 3.

A Compact Convertible All the passengers in Mrs. Sims' car, a convertible compact, were thrown out of the car upon impact. Five were killed instantly. Phair and Christian died within a few hours after admission to St. Anthony Hospital, in Michigan City, Ind.

The car was struck in the rear by a car driven by Robert Watkins, 28, of Lakeside, Mich., just after the Sims' car had turned out of Lakeside road onto Red Arrow Highway (Old US 12). Witnesses said that Watkins was traveling at a high rate of speed before the accident. The Sims' car was knocked through a guard rail and into a ditch, traveling about 258 feet from point of impact.

Warrant Issued Berrien County Prosecutor Pohn T. Hammond has authorized the issuance of a warrant on the charge of manslaughter against Watkins who is reported in fair condition in a Michigan City Hospital.

Mrs. Sims, the driver of the car, a Morris Minor, was the wife of Frank McNair Sims, vice-president of Harris Trust and Savings Bank of Chicago and a prominent civic leader. Mr. Sims' father, the late Frank S. Sims, was vice-president of Coca Cola.

The Hudson children are descendants of an old and prominent Grosse Pointe family. Their father, Arthur Buhl Hudson is co-ordinator of corporate development with the R. P. Scherer Corporation. Their grandfather is Dr. J. Stewart Hudson, of 114 Lothrop road. Their grandmother Mrs. Hudson, was Julia Buhl, whose family built the Buhl building.

Joint services for the Hudson children will be held at 2 o'clock today, July 20, in Christ Episcopal Church, Grosse Pointe, under the direction of the William R. Hamilton Company. Interment will be in Elmwood Cemetery.

Driver Ticketed On Two Counts

Joseph H. Sinclair, 39, of 7632 Kercheval, Detroit, was given two traffic violation tickets by Farms police on Friday, July 14. He paid a total fine of \$19 rather than go to court to challenge the charges.

Sinclair was arrested by Patrolmen Otto Gianert and Donald Dewey, who while on routine patrol, saw Sinclair make a left turn from Kercheval onto Hall place through a red traffic signal.

The officers said they stopped the motorist and asked him for his operator's license, but were informed that he had never obtained one. Sinclair was taken to the station where he was given a ticket for operating a motor vehicle without ever obtaining a valid Michigan license, and another for disobeying a red signal light.

The car he had been driving was impounded and later released to a licensed driver.

HONOR SGT. DANSBURY The City of Grosse Pointe presented a gold retirement watch to Sgt. Frank Dansbury, who was a city fireman for over 23 years on Monday, July 17. The Council expressed appreciation for his years of service and wished him happiness in his retirement.

Crash Ends Wild Chase

(Continued from Page 1) car had been stolen in Clarkston, it was said.

First Hit Curb
Fronczak said that as Abernathy rounded the curve at 1100 Lake Shore road, the speed was stepped up to 60 miles an hour. It appeared that the young driver was losing control, and he hit the right curb north of the gatehouse at the Edsel Ford estate.

As the fleeing auto pulled away from the curve onto a straight road, he stepped up the speed to 100 miles an hour, the pursuing officer said. As Abernathy crossed the Milk River Bridge, his car began to sway dangerously, and nearly crashed into another car going in the same direction.

At Marter road, in St. Clair Shores, the driver of the escaping automobile began to sway wildly all over the road, Fronczak said, and at 23405 Jefferson, crashed into a building housing a bar. The car was completely demolished and there was extensive damage caused to the edifice, it was said.

Car Door Jammed
Fronczak said that he jumped out of his scout car to aid the youth, but the left front door was jammed too tight to be opened. He radioed for assistance and Shores Patrolmen Thomas Zoia and Daniel Healy responded.

Fronczak said that before his colleagues arrived at the scene, the wrecked auto burst into flames under the hood, with the flames being fed by a ruptured gas line. The policeman said that he used a chemical fire extinguisher from his scout car to put out the blaze.

With the arrival of Zoia and Healy, the three police officers forced open the jammed front door, but found that Abernathy had been thrown from the vehicle and was on the ground between the car and the building. The patrolmen said they had to lift the youth over the roof of the car to get him free of the wrecked car and building. Helping the policemen with this task was a passing citizen, Joseph J. Jaremba, 39, of 3642 Devonshire, Detroit, who witnessed the crash.

St. Clair Shores firemen ar-

rived with a fire truck and put out the still smoldering fire in the smashed auto. An ambulance from the St. Clair Shores Fire Department was dispatched to the scene, and took Abernathy to the Clinton Valley Hospital in Mt. Clemens, where his condition is reported to be critical. It is said the youth is suffering from brain damage.

According to a teletype from Michigan State Police, Abernathy had escaped from Camp Pontiac where he was ordered confined upon being convicted of a breaking and entering in Van Buren County. He escaped and stole the car on July 15.

Further investigation of the matter was referred to the St. Clair Shores Police Department, since the accident took place in its jurisdiction.

Park Election

(Continued from Page 1) fected, 2 to 1, a million-dollar bond issue that would have raised funds for a swimming pool at each park, and for other recreational improvements.

Park officials wanted the pools, especially when the Michigan Department of Health, under a new law that went into effect on January 1, refused to issue a permit for the opening of the Waterfront Park pool. Health officials said that under present standards, the pool was obsolete and substandard and ordered it closed.

City Manager Robert Stone and other city officials met several times with the Health Department agents, pleading for at least a temporary permit to allow the pool to be opened just for this season.

The State finally relented, but only if the Park adhered to strict regulations. When the city officials agreed, the Health Department granted a permit for the 1967 season only.

The new State Law gives the Michigan Health Department jurisdiction over all public swimming pools, which cannot operate without first obtaining an annual permit from the agency.

No permit is issued unless the pools meet the strict health standards set by the department, in the interest of public health, safety and welfare of the people.

Club Regatta

Fleet Review will begin at 3 p.m. Decorated boats will be judged at their moorings, and then the fleet will pass the judges' stand in review. Among the awards for this event are the J. C. Gasko, Harry A. Furton and Adelaide Lodge Silver Trophies.

The awarding of all trophies and prizes will start at 5 p.m.

JUVENILE IN TROUBLE

City police officers Richard Laaski and Virgil G. Beaupre picked up a juvenile driving a '67 Mercury at University and Kercheval on Saturday, July 15. He had in his possession two six packs of malt liquor. Both the car and youth were taken to the station. The car was impounded and held for the boy's father who was out of town for the weekend. The boy was taken home by city police.

Medical Center Project

(Continued from Page 1) to care for future generations."

To Serve Both Hospitals
He pointed out that the Webber Building will be connected physically with both Grace Hospital and the present Harper Hospital, as well as with a new central outpatient building to be constructed by Wayne State University.

The new outpatient facility will supply clinic services to patients of all hospitals in the Detroit Medical Center. Hutzel Hospital (formerly Woman's), the new Children's Hospital of Michigan, and the Rehabilitation Institute are also to be parts of the medical center. The Kresge Eye Institute, with new facilities to be constructed by Wayne State University, will be in the Webber Building.

The \$33,000,000 estimated cost of the Harper-Webber project includes \$22,500,000 for building and equipping the Webber unit, \$9,300,000 for major renovation and reconstruction within the present Harper Hospital so that it will integrate in every way with the teaching and patient care programs, and \$1,200,000 for on-site parking facilities.

Expert Government Aid

Besides the \$10,250,000 minimum campaign objective, the source of funds include \$18,200,000 in anticipated grants for teaching and research facilities and modernization funds from the U. S. Department of Health,

Final Concert

(Continued from Page 1) that is both challenging and interesting for both instruments. One of his works on this program is actually the original version of a work famous in the composer's own transcription for violin and piano as the 24th Caprice. Its theme was also used by Rachmaninoff in his popular orchestral Variations on a Theme of Paganini.

This concert will be preceded by the last of the War Memorial's series of buffet suppers at 8:30 p.m. on the lakeside terrace. For reservations, or information, call the Grosse Pointe War Memorial at TUxedo 1-7511.

Nighthawk Making Home in Roof of News Building

By Betty Stephens

repairs to the Grosse Pointe News building at 99 Kercheval Avenue brought about the discovery that a nighthawk had its egg there, under the eaves.

As big as a breadbox" in flight, the grayish nighthawk can be easily distinguished by its broad white wings, which are three inches from its long slender wings.

Birds are common to the area. In the Hill area, there are 114 Meadville, the president of the Michigan chapter of the Michigan Society, says they dive when he walks them here in the evening.

moved out of the way for the repairs — ornithological reference books are not too optimistic about it. Although the bird itself may move its eggs in its wide frog-like mouth if disturbed and although it may roll the eggs as much as 15 feet with the force of its comings and goings during the 16- to 20-day incubation period, it may not be able to find its own egg again if someone else moves it even five feet!

On the other hand, the roofers who said they had moved many such eggs in their work, promised the worried NEWS staff that the mother would return and all would be well.

Driver Hits Boat, Trailer, House

Charles W. Lange, 25, of 19301 McCormick, Detroit, entered a plea of guilty to causing injury to private property at a hearing held before Woods Municipal Judge Don J. Goodrow on Friday, July 13.

Lange was sentenced to pay a fine of \$30, with half paid at once, and the second half to be paid by Saturday, July 22, at which time he must appear in court again to verify that damages had been paid.

The Detroit was arrested by Patrolman Donald Kokesh at about 5:30 a.m., on the Friday date, when Lange, while traveling on Hawthorne, lost control of his automobile, which jumped the curb, knocked down a boat on a trailer, and smashed into a house.

Kokesh said that when he arrived at the scene, he saw Lange in the front seat of the car, and the vehicle parked diagonally across the front lawn with its front end against the house of Arthur Bricker, 1254 Hawthorne. Lange's car, before hitting the house, hit the boat and trailer, sitting in the driveway of Bricker's property.

Bricker told the officer that he looked out of the front window when he heard the crash. The impact shook his house, he said.

Center Chorus Concert July 25

The Grosse Pointe Summer Chorus will add a new dimension in its sixth annual concert on Tuesday, July 25. Regular rehearsals at the War Memorial have drawn singers of all ages. Six of the student members have spent their 10-minute rehearsal breaks in singing and playing a variety of portable instruments.

The results were so pleasing that Richard Johns, director of the Chorus, has asked the young people to entertain the audi-

ence during intermission. Playing and singing will be Pam Boney, Chris Hughes and four of the six members of the Shaheen family singers, Anne, Julie, Jerry and John. Tickets are available in advance from members of the chorus or the office of the Grosse Pointe War Memorial at \$1 for adults and 50c for students. Tickets will also be sold at the door the night of the concert in the air-conditioned Fries Auditorium.

City Residents Ask Sewer Study

Residents of Lakeland avenue were in attendance at the City of Grosse Pointe's Council meeting on Monday, July 17, regarding the cause of the flooding of the entire block of Lakeland avenue between Waterloo and Charlevoix and the majority of the basements of the homes in that area on June 28.

The residents presented the Council with a petition signed by 18 residents citing the June 28 flooding and asking that the new sewer system be evaluated and corrected if need be, at no cost to the citizens.

Some of the citizens felt that the new sewer system was inadequate but the Council assured them that without the new sewer system much more flooding would have occurred. The City Engineer pointed out that the storm of the 28th was believed to be the worst storm in several years with two inches of rain falling in a 25-minute period and four inches falling in one hour.

Various council members and the City Engineer then explained the new sewer system to the residents and assured them that they would endeavor to correct any problems.

A general discussion followed with residents making suggestions to the Council. Some of their suggestions were that the City attempt to black top and fill the valley that has formed in the middle of Lakeland and where the water collects during a rain. They also asked the City to run dye tests of the houses where flooding occurred and thirdly to make sure that the new system's pipes were thoroughly clean.

The city fathers agreed to investigate the situation and to have the city engineers report to City Manager Thomas Kressbach, who in turn would report back to the Council and the Lakeland residents.

Lady Mailmen Enjoy Working

Would you believe a mail carrier is on maternity leave? Yes, that's what some of the Pointe residents can say these days since the post office has begun hiring women mail carriers. In fact one is currently on a maternity leave, Patti Cernat.

The Kercheval Post Office reports the hiring of four permanent female carriers. The girls all use the conventional carts to deliver the mail. The new carriers are Shirley Bennett, Judith Blake, Eva Embry and Genevieve Fox.

At the Mack-Warren office they have hired seven seasonal assistants as carriers, some of whom are college girls earning some extra money for the fall term, like Barbara McBrien, of Anita avenue. Barbara is a sophomore at the University of Michigan. She loves the job because it keeps her out of doors. Other seasonal helpers are Janet Paraisian, Nancy Petroski, Nancy Ryan and Christine Whiteside and Thea Werner, of Severn road. Thea is also a sophomore at the University of Michigan. She's saving her earnings for a new fall wardrobe... she too loves the fact that she is out of doors.

Gal mail carriers who work on a full-time basis are Ella Mae Reese, Doris E. Ferrand, Virginia Johnson and Martaree Ward.

We'll take bets that the post man won't have to ring twice these summer days!

Why do so many people buy used cars from Ford Dealers?

A recent used car study tells why.

Car owner tells researcher why she bought her used car from a Ford Dealer.

Here's what you said:

- You needed a car you could afford. Your previous car was worn out. Or a member of your family needed a car.
- You bought from us because the price was right and the deal was good. We had the car you were looking for. You had been thoroughly satisfied in dealing with us in the past.
- You bought the make of used car from us that had given you previous satisfaction—and again, the price of it was right for you.
- In looking for your used car, you came to us seeking "good mechanical condition," "good overall condition."

"a price I could afford," and "reliable, dependable transportation."

5. Did you shop other dealers? Yes, over half of you did before coming to us and buying from us. (85% of you shopped other-make dealers!)

6. What was the greatest help to you in buying your used car? The biggest percentage of you said, "The Ford Dealer." Other aids: "past experience," and "newspapers."

Park Firemen Holding Out Pay Increase Dispute

of the individual filling that position, is designed to stall negotiations," the association president charged.

If the lack of such a study exists, Koerber claimed, the Association feels that it is the fault of the city for allowing it to happen.

In the light of the fact that many hours were spent by the honorable members of the Employees Merit Board, and William F. Hunt, past president of the fire fighters group, in raising the qualifications of the officers of the Department, it is the opinion of the Association, that these insinuations are unfounded and not in line with reality.

Slone pointed out that a new State Law, which went into effect on July 1, which put firemen throughout Michigan on 56 hours a week, from 63 hours, is one reason for the difference in pay between policemen and firemen.

Also, he said, a 2.9 percent increase in pension benefits, and three-quarters of one percent increase in the Blue Cross Program, are other reasons.

However, Slone added, he is hopeful that further negotiations will iron out the differences of opinion, and that an amiable settlement can be reached during the next meeting.

Phillip M. Connor On Training Cruise

Midshipman Third Class Phillip M. Connor, son of Mr. and Mrs. Mathew E. Connor of 1144 Whittier road, is participating in a six-week summer training cruise as a crewmember aboard the amphibious assault ship USS Iwo Jima operating in the Pacific Ocean.

During the cruise he will gain first-hand experience in navigation, gunnery, operations, seamanship and other facets of shipboard life essential to a naval officer.

Eighteen ships of the U.S. Pacific Fleet's Cruiser-Destroyer Force are participating in the midshipman training and are scheduled to visit west coast cities of both the U.S. and Canada.

Midshipman Connor entered Kansas University in Lawrence and Kansas City in 1966 and will be commissioned an ensign in the Navy upon graduation in 1970.

HIT BY SLING SHOTS

Two slingshot-toting 10-year-olds reportedly hit Mrs. Mary Echlin, 445 Moran and Nancy Metzger, 1200 Ashland, Detroit, as they were exiting from Jacobson's at 17030 Kercheval, on Wednesday, July 12. A description of the boys was given to police on the road, who were told to be on the lookout. The ladies did not wish to prosecute the boys, merely warn them.

Car Rams Tree; Two Youths Injured

Two Pointe youths were injured when the car in which they were riding went out of control and smashed into a tree in front of 1781 Broadstone, on Sunday, July 9.

Injured were Carl M. Weideman of 1706 Bournemouth drive, the driver; and Mark A. Wiant of 1789 Broadstone, both 18 years old. Both were conveyed to St. John Hospital for treatment of their injuries. Weideman, for facial cuts, and Wiant, for minor head injuries. Both were released after treatment.

It was some time after the mishap that police were able to obtain statements from three witnesses. Although Weideman was the driver at the time of the accident, none of the witnesses was able to place him behind the wheel. Both teenagers were not in the vehicle when police officers arrived on the scene.

According to police, Weideman was lying on the ground, and Wiant was in his house nearby.

An accident report, with a statement by Weideman and Wiant, revealed that Weideman was traveling west on Broadstone. He tried to brake for a stop sign, the youth stated, and the power brakes of the vehicle went almost to the floor before it began to slow down.

The young driver said that he tried to turn his power steering, but could not turn the wheel, and he lost control and hit the tree. He said that all he could remember was that he got out of the car after the accident.

The investigating officer, Patrolman Donald Sable, said that Weideman's car jumped the curb at Broadstone and Eastbourne, and knocked down a stop sign pole at the southwest corner before slamming into the tree.

No violation ticket was issued.

Preaching and practice are twins—the trouble is they so often get separated.

Air travel will be a lot safer when the ride to the airport has been eliminated.

Center Offering Movie-Dances

Silent Film Night will be featured on Grosse Pointe War Memorial's Monday night Movie-Rock series at 8 o'clock July 24.

Two classic silents will be presented; Douglas Fairbanks in "The Thief of Baghdad" and Laurel and Hardy in "Big Business." Many adults will probably want to join the young people to reminisce over these old timers. They need not stay, of course, for the rock 'n roll dance which follows.

"The Guns of Navarone," a war film with a star-studded cast including Gregory Peck,

David Niven, Anthony Quinn and Gia Scala will be shown Monday evening, July 31.

Show time in air-conditioned Fries Auditorium is 8 p.m. The rock 'n roll dances for the high school and college set follow in the ballroom from 9:30 to 11:30. The combination movie and dance ticket may be purchased in advance for 75c, \$1 at the door. The movies alone are 50c in advance, 75c at the door. Dance tickets only are 60c in advance or at the door. Student ticket purchasers must present identification.

College Players Offer Mystery

By Cindy Tew

Mystery fans will enjoy the College Player's annual summer play, "The Bat," by Avery Hopwood and Mary Roberts Rinehart. The curtain will rise at 8:30 p.m. on July 27, 28, and 29 in the Fries Auditorium.

The College Players are a group of college students from the Grosse Pointe area who enjoy drama. The director is Charles Chrisman, a senior at Wayne State University. He will be assisted by Marie Van Asshe and Robin Backinger.

The technical direction will be handled by Robert Messner, a sophomore at Wayne State University. Rick Flagan, a junior at the University of Michigan, is the stage manager.

The group is a non-profit organization. The donation of \$1.25 is used solely to cover the cost of production.

Tickets can be purchased from any College Player member, or at the door the night of the performance.

"The Bat" is the story of Cornelia Van Gorder, a maiden lady of 60, played by Marilyn Mason, who rents the summer home of a New York banker. Spending the summer with her aunt is Dale Ogden, played by Barb Kimble.

The banker has been reported dead in Colorado some months before. Cornelia and Dale are warned about mysterious happenings around the house, but they refuse to leave.

It is discovered that a large sum of money is missing from the dead banker's bank. Evidence leads to the supposition that the banker is alive and has stolen the money, has hidden it, and is waiting for the chance to sneak back and get it.

Four different people are after the money—the bank cashier, played by Bill Coe; a detective, played by Jeff Jaglois; a doctor, played by Butch Freeman; and The Bat, a notorious thief who has long eluded the police.

Other actors include Beth Johnson, John MacLennan, George Sheers, Terry Vanicelli and Dale Watkins.

The hard working stage crew includes Anita Watson, chairman of costumes; Linda Kosy, in charge of properties; Linda Shaffer, the program chairman; and Pat Bell, heading the box office crew.

The make-up committee is chaired by Lorie Ayling. Dale Pegg is the special effects director, and John Kellog will be in charge of the lighting.

City Accepts Bid For Paving Alley

The Grosse Pointe City Council voted on July 17 to accept the bid of DeMeulenaere Construction Company for paving the alley south of Mack avenue between University place and Rivard boulevard.

The alley paving costs are being paid for on the basis of voluntary contributions by the abutting property owners. DeMeulenaere's bid was the lowest received.

Two Knock Man Down, Rob Him

Two white men knocked down and robbed Edmund McGarry of 1235 Maryland, early Sunday morning, July 16, in front of the Baby Grand Bar, 15215 Charlevoix avenue, Park police were informed.

According to the information given to investigating officers, McGarry was in the bar, conversing with friends, and left the place at closing time, 2 a.m. He crossed Charlevoix to his car parked alongside the curb and was about to enter the vehicle, when two men seemed to appear out of nowhere. They struck McGarry on the left jaw and left eye, knocking him to the pavement. The fall injured his hand.

McGarry told police that the robbers took his wallet which contained between \$30 and \$40 and personal papers. The thieves ran west on the avenue and escaped.

The robbery victim said that he did not feel the wallet being taken from his pocket, nor did he get a good look at his assailants. He was unable to give any description of the hoodlums.

Young Speeder Nabbed in Chase

Brian J. Fossee, 19, of 41 Shoreham road, was arrested by Shores police, who witnessed the youth driving in a reckless manner within the Woods city limits. The pursuing officers chased and arrested the young motorist and took him to the Woods station where they signed a complaint against him.

Patrolmen Daniel Healy and Thomas Zoia said they were on routine patrol west on Lochmoor boulevard, when they saw a car, with Fossee behind the wheel going north on Morningside, within the Woods jurisdiction, traveling at high speed.

The policemen said Fossee left the west side of the road and drove onto the grass on the island between east and west bound Lochmoor, traveling about 10 feet on the island before getting back onto the roadway on Morningside.

The officers took up pursuit, at which point the youth turned off the lights of his car, and traveling at high speed north on Morningside, ignored a stop sign at the Vernier intersection, causing a motorist traveling east on Vernier to swerve to avoid a collision.

The chase continued onto Vernier road and back to Morningside, on which road Fossee's car was paced at 60 miles an hour. Morningside is zoned for 25 miles an hour. The youth made several turns without signaling, and nearly caused a collision with another car at Vernier and Morningside, the policemen said.

Zoia and Healy said Fossee went through a stop sign at Morningside and Roslyn, and continued north to Woods lane, where Fossee made a right turn into the lane before he was brought to a halt.

The Shores officers said from the time Fossee extinguished the lights of his vehicle, the scout car flasher and siren were in continuous operation. The policemen said they radioed for assistance and Woods officers converged on the scene of the chase.

At the Woods station, Zoia and Healy made and signed a formal complaint against Fossee, accusing him of reckless driving. The youth was released without bond, and is scheduled to appear in Woods Municipal Court on Saturday, July 22.

WOODS-SHORES WORLD SERIES

The American League Senators proved to be the stronger of the two World Series contenders in the Woods-Shores League. The National League Braves, with a better won-lost record than the Senators, took a 12-5 lacing from the Senators.

Both teams scored a run in the first inning. But the second inning saw five Senator runners cross the plate on two hits, one by Chip Doyle, and the other by Kevin Clinton.

The Braves scored one run on a single by Tony Krauss in the third inning. The last three Brave runs were scored in the fifth inning, two on a double by Mike Jara and one on a wild throw.

The Senators scored once in the fourth on a double by Clinton and five more in the last inning. Bob Beyer hit a bases-loaded triple in the top of the sixth to put the game out of the Braves' reach.

Pitching for the winners were Kevin Clinton and Larry Bauer. Together they allowed only five hits.

At the conclusion of the game, Bill Poole, secretary of the League, Werner Lueckhoff, president of the League, Ernie Bauer, manager of the Senators and Dr. R. J. Griffin, manager of the Braves, presented the trophies.

The winning Senators presented their manager, Ernie Bauer, with a trophy to express their appreciation for his efforts on their behalf.

The Minor League St. Paul team was awarded its trophy for winning the championship of the American Association, and the co-champs of the International League, the Montreal and Columbus teams, also received trophies.

Good tennis in each event is assured. Both spectators and players are invited to the action at the Neighborhood Club courts, located on Waterloo between Neff road and St. Clair.

City Swimmers Winners in Meet

The Grosse Pointe City Swim Team defeated the St. Clair Shores Swim Team on Wednesday, July 5, by a score of 219 to 104. St. Clair Shores was handicapped by a lack of swimmers because it is a fairly new team.

The City took first and second in 15 events, the Shores slaming one. The Yata and Trumbauer families combined for a total of 36 points for the Shores, while the Brinkmans of the City captured 29 points.

Julie Cerre, Dave Brinkman, Anne Brinkman, and Lincoln Lee captured two firsts each for the City while Janet and Pam Yata took two firsts for the Shores.

Taking one first each for the City were Joan Browning, Chris Cassell, Jody Donnelly, Susie Brinkman, Tom Frazer, Jane Morris, Angela Cody, Dean Friedwald, Chris Charlton, and Pete Guba.

For the Shores Ray Trumbauer, Lori Yata, Mike Krumb, Keith Hampson, Nancy DeGars, Jeff Trumbauer, Ted Sliwinski, and Roy Martin took one first each.

Screened Porch Request Granted

A Public Hearing was held in the Woods Municipal Building on Monday, July 10, to hear an appeal from Byron Everitt, the owner of 881 South Oxford road, requesting a variance in the Zoning Ordinance. Mr. Everitt desired to enclose an already existing screened porch.

The City Council, acting as a Board of Appeals, heard the remarks of all interested parties. Present at the hearing, and opposing the variance was Dorothy Arms, Mr. Everitt's neighbor to the east. Her counsel stated that Miss Arms felt that enclosing the porch and making it an all year round room would create more noise.

Robert Bennett, 901 S. Oxford, who was present, spoke in favor of granting the variance. Other neighbors sent letters to the Council in favor of granting the variance. They were Howard Williams, 860 S. Oxford road, H. A. Burr, 860 Shoreham drive, E. G. Reynolds, 881 S. Oxford road and Douglas H. Donoho, 841 S. Oxford road.

After hearing from all parties concerned the Board of Appeals voted 5 to 2 in favor of granting the variance. Councilmen William Huettner and Donald Cook opposing.

Mixed Emotions Accompany Arrival of Camping Season

By Pepper Whitelaw

It is the time for all good children to go to camp once again. While the boys and girls are ready to explore the wonders of nature, mom and dad are ready for a few weeks of rest . . . or so the story goes. But recalling last year's fiasco at our house and the lonely, sinking feeling father and I had when the children left, I won't buy that.

Our story went something like this: Scene: Broadstone road living room, Cast: two children, a husband and wife. Mother is speaking, "There's work to be done . . . first of . . . what happened to all of the respectable clothing in this family . . . and why are half of the socks missing . . . and why didn't I buy iron-on labels instead of sew-on. Here I sit with labels to the right of me, labels to the left of me . . . all with my son's name spelled Brain instead of Brian. And my son insisting that he will not go to camp with Brain all over his clothing.

Meanwhile daughter is insisting that I affix the labels on her clothing in an inconspicuous spot and I am informing her that that would defeat the whole purpose of labeling.

Dad is in his comfortable chair, buried behind the newspaper accusing me of being disorganized and saying that when he went to camp he just stuck a few things in his duffel bag and he was off.

Today going to camp means days of preparation. The list of MUSTS sent to you by the camp officials is something else. One of them is stationery. For the life of me I can't figure out why . . . it always comes back with son and daughter, water-soaked but otherwise unmarked.

The folder also mentions "Do write your child, for they get lonely and need letters from home to cheer them up." Here we are spending all this money just so our children can be miserable and need cheering

up. For heavens sakes they're not going to Vietnam, they're only going a couple hundred miles away from home.

The folder also suggests you avoid visiting your children during their stay at camp . . . even prisoners have visitors.

My major worry was the food. I was convinced that it would be impossible for them to get the kind of food they were used to . . . my special brand of cooking.

However, I discovered upon their return that the food was "terrific." They made sloppy joes sound like lobster Newburg. So much so that I wrote to the camp cook for a few of his favorite recipes. So when visiting at our house don't be surprised if you get such culinary delights as frankfurters a la twig or Hunters stew en casserole.

The list of medical supplies they mention is incredible, so much so that I played with the idea of getting the children yellow fever shots for the Big Trip.

After many hours of counting and recounting the vital necessities I finally closed the steamer trunks and heaved a sigh of relief. That job was done for another year. (As it turned out that was the last year, thank goodness!)

Then the lonely bug set in. I got to thinking about those weeks without the children and before you know it I was on a crying jag. At this point my husband lost all his patience and informed me that I either stop or put on my bobby sock and go to camp with my daughter.

Besides that I couldn't figure out why the children were so anxious to go to camp. I thought maybe while they are gone I'll discover just what I did to make them so anxious to leave home. In the meantime I can work crossword puzzles and practice Yoga . . . after all two weeks isn't such a long time

Gino Rossetti At UIA Parley

Gino Rossetti, of 1032 Yorkshire road, AIA, chief architectural designer of Giffels & Rossetti, Inc., was one of 12 U.S. architects who attended the Ninth World Congress of the Union of International Architects, Prague, Czechoslovakia, July 3-11. The theme of the Congress was "Architecture and the Environment."

There were over 2,000 participants from 64 countries throughout the world. The Union of International Architects, established 20 years ago, is a worldwide counterpart of the American Institute of Architects.

The U.S. contingent at the Congress consisted of six delegates and six alternates. Rossetti, as a delegate, chaired one of five sessions. His topic was "Industry and the Working Environment."

Rossetti was selected to participate directly because of his activities with the American Institute of Architects and the Detroit Chapter-AIA. He is the national chairman of the committee on architecture for commerce and industry and is chairman of the Chapter civic design committee.

While in Prague Rossetti also outlined to U.I.A. members the industrial architectural seminar program to be conducted in Detroit in May of 1968. This seminar, for which Rossetti will serve as President, will be the first occasion for approximately 100 members of the UIA to discuss and tour major industrial facilities in the U.S.

What Goes On at Your Library

By Virginia Leonard

I'm back! From California that is. And what a wonderful trip it was. (I was attending the 86th annual Conference of the American Library Association). Conventions can be fun, especially when they are held in such a fascinating city as San Francisco. They can also be exciting. One night our hotel was picked; another night, while we were eating dinner, the General Manager's office caught on fire, and all night long we heard the scratch of broken glass as it was being swept out of the street!

To anyone who deals in books, there is always something awesome about a huge exhibit of book salesmen's products. Aisle after aisle in the Civic Auditorium displayed books, furniture, gadgets, paperbacks, magazines - even orchids for the ladies! Where else can you chat with book sellers, examine new books, come away with helpful literature, learn more about automation, library furnishings, microfilm, pasting machines, methods of reproduction? Where else can you meet old friends from hundreds of miles away, make new ones, swap information over a quick cup of coffee?

The transportation was wonderful also. The Gale Research Company once again (as they did in Detroit in 1965) made available shuttle buses which whisked you from hotel to the Civic Center and back again - and for free.

If you are a "Peanuts" buff, you'll want to touch me - I touched and talked to Charles Schulz - even lent him my pen so he could draw me a small picture of Snoopy! I attended meetings dealing with a vast range of library topics - from copyright law, through cataloging developments, the enjoyment of literature versus the new criticism, right down to a few AV film showings.

One of my most interesting happenings was a phone call early one morning. The lady identified herself - she was a librarian from Arcadia, California. She had read my AIA BULLETIN article on the writing of library columns, and wanted to meet me as she, too, wrote columns for her local paper. We breakfasted together. She showed me one of her columns. We discussed methods, subject material - the sheer fun-of-doing something like this which we both heartily enjoyed. I promised to send her a few of

my columns. I made a new friend; regrettably I was never able to take advantage of her kind invitation to visit her library.

Communication is so important. At dinner, lunch or breakfast, you might sit next to a fellow librarian from Oregon, Georgia or Massachusetts - (they came from everywhere!). If you discussed libraries, you often found that they had some of the same problems you had. Or perhaps they could suggest new and better ways of carrying out some of your procedures. They asked you about books - did you buy this one - and why? And if not, why not?

And then there was the wonderful city of San Francisco (which I had never seen before). There were its fog-shrouded, fawn-colored hills, its dramatic views, its cable cars (where you could always make new friends, unless you fell off going around a curve!). There were its bridges, its museums, its parks, its stores, its waterfront views (where long fingers of fog swirled in - to my never-diminishing fascination). There were the large varieties of seafood at Fisherman's Wharf, Abalone at the Cliff House, the jade collection at Gumps. (Stop me, I get carried away!).

Then there was the fabulous trip with friends down the sea coast, through Carmel to Santa Maria where we visited friends, a former children's librarian whom I hadn't seen in 22 years and her family. And finally, on down to Los Angeles to spend one night with another friend - once a clerk in the Processing Department of the Grosse Pointe Public Library - complete with husband and two children. And finally a "hello" at Fullerton to our former Superintendent of the Grosse Pointe Public School System - Dr. Charles H. Wilson and his family.

So, friends, you can see I really had a ball - and learned a lot to boot. I only wish I could have brought back the delightful sea breezes which were with us always, and kept the weather brisk and enervating during the whole two weeks.

Next week, I'll report to you in full on a most interesting speech given by Clifton Fadiman at one of the meetings I attended. Since it dealt with the enjoyment of literature, I'm sure you'll all be interested. Tune in next week - please!

Theater Group Makes Awards

The Grosse Pointe Yacht Club was the scene Saturday night, July 8, of the most gala affair given by the Grosse Pointe Theatre all year. The GPT regularly closes its regular theatre season with the Awards-Dinner Dance at which time the talents of members are recognized for work done throughout the season.

The dinner was preceded by a cocktail party given by the GPT Board of Directors for the 1967-68 season in honor of the Board for the 1966-67 season just completed in June with "Most Happy Fella". The host was the new GPT President, Dr. John Pericin of Ballantyne road.

The throng gathered at the Yacht Club at 8 p.m. to begin the evening. Following dinner, the two encores for the evening, Al Berteel, of Warner road, and Joe Kinney of Whittier road got things off to a roaring start. Both long-standing members of the GPT, Al and Joe proved that amateurs can do a creditable job of entertaining!

The big event of the evening is the awarding of "Clarences" (the golden statuette of the GPT) for outstanding work in both technical and acting categories. The recipients were: Nancy Fielding, Best Actress - "Never Too Late"; Val Sisto, Best Actor - "Most Happy Fella"; Freddy Wilgarde, Best Supporting Actress - "Most Happy Fella"; Justin Parrott,

Best Supporting Actor - "Most Happy Fella"; Gigi Gaggini, Best Non-featured Actress - "You Can't Take It With You"; Seamus O'Brien, Best Non-featured Actor - "The Fantasticks".

Dean Erskine, Best Director - "Most Happy Fella"; Mary Franklin, Best Producer - "Never Too Late"; Ron O'Bryan, Best Stage Manager - "Most Happy Fella"; and Roger Shepard, Best Technical Director.

Other technical awards were given as follows: Joyce Bauhof, Costumes; Al Lombardini, Lights; Elizabeth Elias and Donna Mumford, Makeup; Georgia Harrison, Properties; Mike Mikos, Set Design; Ron and Marilyn O'Bryan, Set Dressing; Mary Lou Britton and Jon Friedrich, Sound.

A number of special awards are also given each year. Two of these are in recognition of the quality and quantity of work produced throughout the season. "The Workers of the Year" were Mary Lou Britton and Roger Shepard. Roger was the Technical Director and Set Designer for three shows in the season while Mary Lou was his right-hand man when it came to executing the art work of the shows and stage managed two other shows.

In recognition of the outstanding work he has done as choral director for several shows, including "Most Happy Fella", a special award went to Justin Parrott. Such awards must be

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

Marie Louise Anderson, of Cranford lane, has had a very exciting summer so far this year. Miss Anderson's "happenings" began the first day of June, when she celebrated her birthday—a milestone . . . but she's not the only one!

Her friends have been continuing the birthday celebrations throughout June and well into July.

Miss Anderson's been guest of honor at two parties, one at the Little Club the night of her birthday, another later in the month at Stouffer's East.

There were the birthday luncheons, one at the Flame, another, July 3, at the Detroit Press and, of course, the many lovely cards and gifts . . .

Guest To Hostess

During the tables, Miss Anderson did a bit of entertaining herself, giving a dinner party at the Country Club, and a cocktail party at her home, for the Russell family here on a visit in late May and early June.

When the Dexters returned to their home in Charlottesville, Va., Marie Louise went with them for a VERY special occasion—she had to rush back for a wedding on July 11.

On June 12, she attended the Grosse Pointe Garden Club's last meeting of the season, held at the historic home and museums owned by Carolyn Hubbard Lucas, of East Jefferson avenue, in memory of her grandfather, pioneer lumberman John Hubbard, and Dr. William Lyon Phelps.

At this meeting, Miss Anderson was presented with a silver tray, awarded to her at the Woman's Club Farm and Garden Association meeting in Bath, which she was unable to attend because of her other commitments.

The tray, honoring Miss Anderson and her mother, is inscribed as follows:

Loving Recognition of a Mother and Daughter
Mrs. Herbert Anderson
Miss Marie Louise Anderson
together have given fifty years of devoted service to
the National Farm and Garden Association
and THAT was the nicest birthday gift of all!

Across The Atlantic

As usual, Europe is exerting its irresistible summer pull for young Grosse Pointers, most of whom arrange to spend their time abroad between classrooms and just-into-summer excursions. Among them:

Nancy Van Goethem and Linda Saviano, neighbors in Cranford lane, who paused in New York to visit former teacher Peggy Spear and some Manhattan-based college friends from the University of Michigan, (where Linda's completed her sophomore year), and the University of Wisconsin, (where Nancy's just completed HER sophomore year), before jetting off for Italy.

They're attending the Italian University in Perugia and September. When the semester ends, they'll

Short and to the Pointe

MR. and MRS. JOHN J. GALVIN (Sharon Fortin), of Lakeshore road, announce the birth of a daughter, MARY SHAW, July 9.

Back from a three-week jet vacation in the Far East are the WALLACE NIEMIECS, of Greenbriar lane, who visited Hong Kong, Kowloon and China's New Territories, Formosa and Japan, where they toured Kyoto, Tokyo, Yokohama, Iikko and Nara, enjoyed meandering through shrines and temples—and took in a bit of Japanese night life.

Cliburn Safari Set for Sunday

A fleet of chartered buses will leave Grosse Pointe War Memorial this Sunday, July 23, at 5 p.m. Destination will be the Van Cliburn Concert with the Detroit Symphony Orchestra at Meadow Brook on the campus of Oakland University at Rochester.

Since the advent of daylight saving time, the concert has been moved from 8:30 to 7:30 and the War Memorial has moved bus departure from 4:30 to 5 p.m.

Van Cliburn will play the Rachmaninoff piano concerto No. 3 which is ample reason for making this safari. Grosse Pointe War Memorial has reserved a block of the \$3.50 pavilion seats. A charge of \$1 each way is made for the charter bus transportation which deposits the crowd right in the enclosure and leaves ahead of the parking lot crush.

Patrons are invited to bring their own "jug 'n grub" and make it a good pre-concert party both on the buses and the grassy picnic slopes of Meadow Brook. Only a very few tickets remain available.

Grosse Pointe War Memorial will run Friday night buses to Meadow Brook for dinners and

concerts for the last four weeks of the season if sufficient people reserve immediately. Reservations may be made on a single evening basis in addition to a four-week reservation. Cost for dinner, concert and transportation is \$8.50 per night.

Susan Lora Darling Marries Mr. Schultz

Evening Rites Are Followed By Reception At Eddie Pawl's; Newlyweds Vacation In Scandinavia

Planning to make their home in Dearborn are Mr. and Mrs. Richard Arthur Schultz, who were married Saturday evening, in St. Michael's Episcopal Church.

The bride, the former Suzanne Schultz, the bridegroom's sister, wore apricot linen floor length gowns featuring brown velvet loops at their waistlines. Their hats were pillboxes fashioned of apricot linen and accented with seed pearls and matching veils. They carried nosegays of Zorenia roses and daisy pipe mums.

Mr. Schultz is the son of the late Dr. and Mrs. Julius F. Schultz. He asked Michael Corrie to act as his best man.

Ushers were George Eger, of Dearborn, and James Darling, the bride's brother.

Ferguson-Engel Betrothal Told

The engagement of Ann Marie Engel and David Lee Ferguson has been announced by her father, Carl Engel, of Bloomfield Hills, formerly of Calvin road.

Miss Engel is also the daughter of the late Mrs. Engel. Her fiance is the son of Mrs. William Ferguson, of Hollywood avenue, and the late Mr. Ferguson.

A September 16 wedding is planned, at Grosse Pointe Woods Presbyterian Church.

For the 7:30 o'clock ceremony, at which The Reverend Edgar H. Yeoman officiated, Mrs. Darling chose a princess style mint green silk crepe dress with matching accessories. She pinned a corsage of cymbidium orchids to her handbag.

The new Mr. and Mrs. Schultz left for a vacation in the Scandinavian countries after a reception at Eddie Pawl's.

To Hold Cruise For Handicapped

Close to 500 handicapped youngsters from the Tri-County area will sail down the Detroit River Tuesday, July 25, on a cruise especially planned for them for the fifth year by the Automotive Boosters Club Number 19, an organization of automotive representatives.

More than 50 privately owned cruisers have been lined up for the event originally beared to boys and girls from the Easter Seal Day Camp, sponsored by the Detroit Society for Crippled Children and Adults, Inc., as a plus summer outing by the Boosters.

Kids will start boarding the cruisers at 9 o'clock and by 10 the 10-mile river caravan is expected to be on its way. Paper bag lunches go along with each passenger on the boats as well as all the pop kids can drink on a hot day.

To insure safety on the cruise two boats are specially equipped to handle cases of patients requiring medication. Doctors and nurses are always along to cope with emergencies and passengers are supervised on all boats by staff members and adult volunteers.

OPEN SUNDAY 2:30 TO 5

THIS ONE COMES on strong, but we believe you might weaken to temptation when you see how much "house" there really is in this lower priced ranch. There are three bedrooms and a large living and dining room combination, plus a terrace which is enclosed and makes an extra room seven months of the year.

SLIM PICKINGS is what you'll find if you are looking for a four bedroom house in the forty thousand price bracket. If you insist what you buy be in such excellent condition that no further investment is required, then we strongly suggest that you cultivate an interest in this newer listing. There'll be no bumper crop of this commodity this year.

UP, UP and away . . . have gone the prices of most larger homes in the Farms . . . away out of sight for so many buyers who really need a house with six or seven bedrooms. Our "beautiful balloon" rises on Lewiston Road, on a landing field sized lot. This one is really a gas, and we're sure you'll be deflated if someone else soars away with this one before you have a chance to see it.

WE THINK we've got it. Got what it takes to please you who want comfortable sized rooms with a fireplace here and there, plenty of space in an updated kitchen, a spacious terrace protected by screens and awning, and a yard just big enough to keep the green-thumbed dabbler interested. Three family bedrooms and two baths, plus a small bedroom with its own bath, but away from the family section of the upstairs. We've got this colonial priced below many other houses in the neighborhood. Get sharp if you got the point.

ARE YOU READY for your ultimate home? The one you've been dreaming about where each of the kids will have his own bedroom and bath. That forever house of course has a library with fireplace, a family room, a first floor bedroom for now, or in case it is ever required. You always wanted a large enclosed porch for summer evenings, and a beautifully landscaped garden, and heated swimming pool. We're ready to show "that house" to you today. Are you ready?
"He knows little who will tell his wife all he knows."

Tau Beta Camp Has New Hall Tau Beta members traveled to the Tau Beta Camp July 12 for the dedication of the Willcox Memorial Hall, a large building containing card and ping pong tables, volleyball and shuffleboard courts, designed to adapt to many rainy day camping activities.

Presiding at the open board meeting at 10:30 o'clock in the morning which began the day's activities was Tau Beta president Mrs. William B. Lafer, who offered a bit of background information on the late Miss Marian Willcox, for whom the Hall is named.

Miss Willcox, a staunch supporter of Tau Beta, upon her death last year bequeathed a sum of money to the association, to be used at the board's discretion, these funds were used to finance construction of Willcox Hall.

Among a group of 21 Detroit-area students "brushing up their French" at the World Academy School, Orange, France, are seven Pointers: Margaret Brophy, daughter of the Joseph E. Brophys, Barbara Ann Corbett, daughter of Dr. and Mrs. John Corbett, Cella and Ann Marie Gibson, daughters of the George Gibsons, Kathie Gille, daughter of the Frank Gilles, Irene Kearney, daughter of the Joseph Kearneys, and Jennifer Whelan, daughter of Dr. and Mrs. Joseph Whelan.

Another Herdegen daughter, Martha, is in Paris, in the midst of an eight-week tour of the Continent with her friends, Mr. and Mrs. Robert Hull, of Ann Arbor. Martha is currently staying with a French family in a Parisian suburb while she takes a three-week course at L'Alliance Francaise.

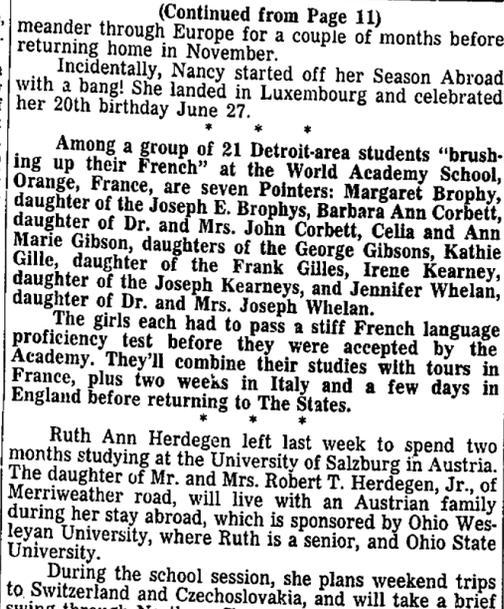

Farewell — For A While Pamela Petri is off to Boston, where she will work and live, but before her departure Mr. and Mrs. Henry L. Petri, of Handy road, feted their eldest daughter with a surprise "Bon Voyage" party.

As entertainment, (for the guests), and a going-away present, (for Pam), sister Stephanie Petri hand-painted Pam's monogram on her automobile doors. And just so Mr. Petri won't miss his "big girl" too much, Mrs. Petri presented HIM with her own pencil portrait of their departing daughter.

Actually, the family won't have much of a chance to get homesick for one another... The Petris are traveling to Boston in mid-August, when they'll see how Pam is getting on, attend the wedding of Mr. Petri's nephew and help celebrate the 85th birthday of his mother, Mrs. Henry J. Dennison, of Framingham.

Research Leads To Fly Control

Recent research, which has led to excellent fly control on Mackinac Island, shows promise of controlling flies on the island—and the rest of the state—for many years to come. Michigan State University entomologists Roger A. Hoopingarner, Gordon E. Guyer and David H. Krause found methods for raising several colonies of flies from relatively small numbers collected on the island. They then tested the colonies for susceptibility to several insecticides.

By using these research procedures, they were able to raise three times as many generations as would occur naturally each year. And, by testing various insecticides on successive generations, they were able to foresee at what point the flies would start becoming resistant to the chemicals and could then start looking for new and effective chemicals even before the need arose.

The bride-to-be was graduated from Grosse Pointe University School and Connecticut College. She is a member of Sigma Gamma Association. Mr. Marin is an alumnus of the Episcopal Cathedral School and currently attends the University of Puerto Rico. A December wedding is planned.

Also at the Hunt Club, another luncheon and miscellaneous party was given by Mrs. Achilles Mormon, of Moran road, on Wednesday, July 13. A morning pool party and afternoon luncheon at the Country Club honored the bride-to-be Wednesday, July 13. Hostess was Mrs. Edward Wunsch, of McKinley place.

Summer is our "catch-up" season . . . when, if we're lucky, on a lazy, sunny afternoon, we can snatch an hour or two to look through some of the material that passed—briefly—over our desk in the hectic spring months, press kits, circulars, odd bits and pieces that we decided were worth a further, deeper scrutiny . . . some day . . . when we had the time . . . We've just spent one such hour, reading—and laughing out loud at—a marvelous collection of "Our Very Own Stories, As Told By the Children in Mrs. Kalogery's Kindergarten Classes at Richard School to Mrs. Gutow's Richard Fifth Graders" . . . The "book" came out last May—but the stories haven't dated a bit in the intervening two months . . .

As an example of . . . the "story" that says EVERYTHING in a few well-chosen words, we cite:

FISH

By Anne Marie Chase

It was quite fat. It came up to the shore and died. It stinked! I found it at the Farms Park.

A bit more verbose . . . are the authors of the following two 1967 versions of that classic tale about Goldilocks and her friends:

THE THREE BEARS

By Barbara Wascher

Once upon a time, Three Bears came to eat. The porridge was too hot. So they went out for a walk while it was cooling.

So, a little girl came in, named Goldilocks. She tried the Daddy Bear's porridge. It was too hot. She tried the Mama Bear's porridge. It was just right. She ate it all up. So, she went to watch TV.

She went to try the Daddy Bear's bed. It was too hard. She tried the Mama Bear's bed. It was too soft. She tried the Baby Bear's bed. So she fell asleep.

By that time, the Three Bears came home. The Big Bear said, "Who's been eating my porridge?" The Mother Bear said, "Who's been eating my porridge?" So, the Baby Bear said, "Who's been eating my porridge and eaten it all up?"

So, they went upstairs. The Daddy Bear said, "Who's been sleeping in my bed?" The Mama Bear said, "Who's been sleeping in my bed?" The Baby Bear said, "Who's been sleeping in my bed?"

That's enough.

THE THREE BEARS

By Mimi Dwyer

The Father Bear, Mother Bear, and the Baby Bear, they all sat down. And they drank their soup. And then they all went out to play. And the Mother and Father, they went.

And then they tried the Mother's bed, and the Father Bear's bed, and Baby Bear's bed. And then they know about it.

For sheer action . . . we don't think you could beat the following story—something's happening every minute, (although, we confess, we're not exactly sure WHAT . . .):

PUSS-N'-BOOTS

By Martha Senneff

Puss-n'-Boots went to the fish pond and eaten some fish. Then he put ice cubes in the water. They came back to the cat pool. The cats went in there so no foxes or dogs could get them.

Then, the tree fell down, and the cats went with the tree. They scattered around. They jumped on the sand. The foxes. Then the fox and the wolf got a bump on their heads. Then the fox and wolf chased the cats. They hid under tables and chairs. The cats came out and hit the wolf and fox with a stick. The wolf jumped out of the window and fell, KERPLONK!

The cats found some rabbits and eaten them. The cats went home after and took a nap.

Anyone who's ever written an autobiographical sketch . . . will thoroughly appreciate:

MY LIFE

By Dan LaFerte

I wore a Devil on Halloween. I got bubble gum. After, we ate some candy, and we went out at night when it was dark.

I got a cannon that shoots a missile. My dumb Sister didn't get up in time and hunt for Easter eggs. What do you think we hunt? Chocolate ice cream cones!

MRS. ROBERT F. SULLIVAN, OF NEFF ROAD

By Pepper Whitelaw

The Pointe has two almost-new American citizens in its midst . . . the Robert Sullivans, of Neff road. Mrs. Sullivan—or Margo, as she prefers to be called—has kept busy and active ever since she and her husband moved to Grosse Pointe from Hamilton, Ontario, Canada, in 1960. Both Margo and Bob became U.S. citizens on November 22, 1966.

"We felt that since we were remaining in the United States and enjoying all the benefits of the country we should be able to contribute our vote and voice in the country's affairs," says Margo thoughtfully.

Margo is contributing in other ways, too. "It all started when I met Mrs. Stirling (Mickey) Loud, in 1959. Mickey started me in the Senior Center. I've been involved in community affairs ever since."

Margo was born in Toronto, daughter of Mr. and Mrs. Harold S. Beddoe. She grew up in Hamilton, where she attended Strathlaine School for Girls and McMaster University for grade 13. (Margo explains that Grade 13 is equivalent to first year in an American University.)

She then went on to the University of Toronto and received a BA degree in General Arts in 1946.

Worked for Airlines Upon graduation Margo went into sales work with Trans-Canada Airlines. She worked "shifts" and wasn't too happy with the hours, but philosophically feels that her job taught her the interdependence of people with one another.

After a year with Trans-Canada she returned to Hamilton and went into personnel work in a small manufacturing company of which her father was president. This job included interviewing, hiring, negotiating with unions and job placement . . . all at the tender age of 21.

Then Margo contracted measles and had to stop work for a few months. She seized this opportunity to take an extended vacation at a summer cottage in Muskoka.

When Trans-Canada opened a new office in Hamilton, they called Margo and asked her back. She happily accepted and stayed four years in their sales department. During those four years she traveled to Nassau, Bermuda, many of the major American cities and Great Britain, her trusty camera to her eye for all trips. Margo is a real "camera bug."

"I loved the galleries and the historical sites but I enjoyed most of all the natives of the countries I visited. I am a 'people person,'" she smiles.

Met at Squash Club Margo met her husband, Robert, at a Squash Club party . . . but she asides, "I felt as if I had known him for years because he sang at Christ Church Cathedral in Hamilton and our family had their pews just five rows from the front so they could enjoy the music . . . and there was Robert. Sunday after Sunday . . ."

In 1952 Margo married Robert in Christ Church Cathedral while a 60-voice-choir sang the service, (the choir's wedding gift to them both): "I still get chills just thinking about the beautiful music they offered at our wedding," Margo says.

"We spent our wedding vacation in Williamsburg, Va. No sooner did we return home than our telephone began ringing. (It hasn't stopped since) asking if I would be chairman of the Luncheon Fashion Show and Cabaret Ball for the Junior League." Margo has been a member of the League since 1950—when she left Hamilton, she transferred her membership to Detroit.

Wanted To Board she was elected by 22 Junior Leagues of New York and the province of Ontario as Regional

Director on the board in New York for a two-year term. "I just loved doing this, even though it meant a lot of traveling . . . I made a lot of firm friendships on these trips."

Her job entailed attending the annual conference of Junior Leagues, corresponding with other leagues, representing large and small groups to the New York board and in turn taking the decisions of the board to the leagues . . . a liaison position.

Margo also gave eight years of volunteer service to the Hamilton General Hospital Out-Patient Clinic, in the Orthopaedic Department. She helped the doctor and relieved the nurses for duty with more extreme conditions: "I haven't done much of this direct service work since then and I am sorry to have lost the direct contact, but I found my talents lie in the administrative end of volunteer work."

Loves Senior Center

Margo has long been active with the Senior Center, a Torch Drive Agency founded by the Junior League of Detroit. It is a Day Center in East Grand boulevard. "It's a place where senior men and women can go for counseling, group activities and to learn crafts," she explains. "The crafts they make help furnish money for their own program . . . this way they are creatively taking a part in the Senior Center. No fee is charged to participants."

"I guess you can say I have been, and am, anything from a coffee maker to a public relations person, to president of the Senior Center board (this is '62, '63 and '64)."

In the fall of 1950 Margo became district chairman of the Torch Drive.

"You see, these interests parallel," Margo observes. "First the Senior Center and then the United Fund drive which benefits 200 community agencies. Now I give my time, talents, energy and money to the United Foundation."

Ready To Step In

My 1960 job as district chairman included securing volunteers for a portion of the City of Grosse Pointe. I gave the doorbells ringers their orientation. I was the contact person, collected their money and stood ready to step in if any of my volunteers became ill.

"In 1964 the United Foundation formed the Recruitment Division with Mrs. Cyril (Molly) Brown as the staff director. As soon as I heard about it I contacted Mrs. Brown and offered to help . . . within two weeks I was asked to be Eastern Wayne County Recruitment Chairman . . . I continued to do this for three years."

"This year I was honored when they asked me to be the General Recruitment Chairman. This involves trying to recruit 60,000 women for the residential campaign in the Tri-County Area."

Drive Starts Oct. 17

The United Foundation Drive will be October 17 through November 9. My job is to get churches, block clubs and other organizations to offer their help in our residential campaign. Incidentally, if any of your readers are interested in volunteering they can call the United Foundation on Woodward avenue at Woodward 5-1700 or call me if they like. Canvassing takes about three hours out of a housewife's schedule . . . in fact mothers with small children in strollers can give the baby an airing

and ring doorbells at the same time!"

The idea of united giving originated in Detroit 18 years ago. "I guess one of the reasons I'm so sold on Detroit is that it is a fusion of various types of business interests and labor united with a common interest," Margo muses.

The united giving idea spread throughout the country. "A main reason for its country-wide acceptance was that people resented continuous requests for donations . . . this way one donation covers 200 agencies," Mrs. Sullivan explains.

Everyone Benefits

"The UF does so much good . . . everyone benefits from the medical research which UF supports, the character building programs which help fight delinquency and build good citizens, the hospitals and clinics which rehabilitate crippled children and restore disabled adults to useful lives . . . and these are just a few of the many services UF renders to the many of us."

Volunteers like Margo Sullivan help make all this possible. Margo holds many UF affiliated positions. She's a member of the board of directors of the United Community Services, chairman of Group Work and Recreation Federation of the United Community Services, serves on the Admission committee for United Community services . . .

Recently, Mrs. Sullivan was offered still another responsible position when she was invited to become a member of the board of the Detroit YMCA . . . one of three women on the board.

Daughter Also Helps

Following in her mother's footsteps is the Sullivan's 11-year-old daughter Shelagh. She does volunteer work at the Grosse Pointe Public Library and helps out at Christ Church's 11 o'clock church nursery school. "Shelagh has learned through my busy schedule how to become an organized and useful individual," Margo says proudly.

"A lot of our family life centers around our church: Christ Church, Grosse Pointe. Robert and Shelagh both sing in the choir . . . one of the few father and daughter combinations serving in the choir at the same time. I serve as projects chairman for the Episcopal Church Women."

"Oh . . . and I got my real estate broker's license last year and now am working in real estate—I'm afraid my interest is more sociological than commercial. I love to match people with houses."

Other Activities

It's difficult to believe such a busy and dedicated volunteer could have time left for hobbies—but Margo does. She loves to knit sweaters for her family. She sews some of her own clothes as well as Shelagh's.

Currently, the whole family is looking forward to the Christmas holidays when they plan a trip to New York, Great Britain, Switzerland and Italy. "We're all so excited. We enjoy each other and other people so much that we know it will be a trip to remember," enthuses Margo.

May we add that Mrs. Sullivan is a lady to remember!

Exchange Club Picnic Planned

Charles Marling, president of the Exchange Club of Grosse Pointe, has announced that the Club's annual picnic will be held Monday evening, July 24, from 6 to 9 o'clock at the Three Mile drive Park. Picnic arrangements are being made by Mrs. William Berne, of Hawthorne road.

Ferry Donates Calder Creation

The Detroit Institute of Arts announces acquisition of the first major Alexander Calder sculpture in the area.

The monumental stabile, weighing a ton and a half and rising 10 feet, was especially commissioned for the museum by W. Hawkins Ferry and presented by him to the City.

Entitled "The X and Its Tails," the massive piece by the 69-year-old American sculptor is now installed in the Institute's new South Wing Sculpture Court.

It joins the Henry Moore elmwood "Reclining Figure," the Jean Arp bronze "Torso of a Giant," both also donated by Mr. Ferry, and the recently-acquired Louise Nevelson construction "Homage to the World."

The Alexander Calder stabile, steel painted black, is the 22nd contemporary work of art donated by Mr. Ferry to the Art Institute since he began collecting in 1946. He is also active as president of the Friends of Modern Art of the Founders Society Detroit Institute of Arts in enriching the entire contemporary collection of the museum.

"The massive and impressive Sculpture Court is embellished by large scale modern statements," Mr. Ferry said. "The Calder piece represents another of our efforts to meet the demands of the architectural setting at the Institute."

Willis F. Woods, director of the museum, in expressing the gratitude of the City for Mr. Ferry's latest gift, said: "We have been hoping to add an important sample of Calder's work to our collection for several years. Since he is certainly one of the leading American sculptors of our times."

"The X and Its Tails" is a particularly fortunate choice in answering our needs both in representing Calder in the collection and enriching our new building with sculpture. We are most grateful to Mr. Ferry for his imaginative and generous gift."

"The X and Its Tails" weighs 2,973 pounds, nearly a ton and a half; is 10 feet tall, 10 feet wide, and 12 feet long. A large center piece, actually two metal pieces connected by bolts, is supported by five associated "wings" which vary the abstract form, including the suggestion of curved "tails." Despite its bold scale, this sculpture possesses much of the joyous whimsical appeal so often present in Calder's work.
