sent building and add to the rear of the building. The addition would have basement space as well as ground floor and second floor extending off the existing building. The extension along the Kercheval side of the building would permit an entrance way for disabled persons and would provide some parking, as required by law, next to the building, for the disabled. Other parking provisions are being studied.

In addition, space would be provided for storage and archives which is not now available. The Grosse Pointe Park branch, currently housed in Pierce Junior High School, would be housed in a new building. The recommended site for the building is at Jefferson and Pemberton.

The building would be the approximate size of the main floor of the present Central Library. The report recommended that the present quarters of the library be remodeled for school library space only. Parking space would be available at the proposed site on Jefferson.

New Building in Woods
The Grosse Pointe Woods public library, presently in Parcels Junior High School, would also be moved a new building which would be constructed on the corner of Mack and Vernier road adjacent to Parcels. The present quarters in the school would also be remodeled to school use.

An advantage of separate library buildings for the two branches would be particularly noticeable in the operating budget, Haberkorn pointed out. At present when the libraries are open during non-school

hours, the school services must be utilized.

The report noted that the recommendations for remodeling of library spaces in both Parcels and Pierce are called for in the master school facilities plan and "if new library branches are not built, additional funds must be added to the Pierce and Parcels budgets."

6 GP Motorists Taken Off Road

The driving privileges of six Grosse Pointe residents have been taken away by the Secretary of State's Office in Lansing, according to the latest report dated August 11. The licenses of three had been revoked, and those of the other three had been temporarily suspended.

According to Secretary of State James M. Hare, the following had their licenses revoked:

William D. Harder of 1368 Wayburn, an extension of revocation from November 29, 1967 to November 29, 1968, for driving while his license was revoked; Laurence A. Timmins of 1865 Manchester, as of July 31, because of an unsatisfactory driving record and failure to change address; and Louis R. Dulac of 884 St. Clair, revoked as of July 25, because of an unsatisfactory driving record and failure to change address.

Given temporary suspensions were: Jay Z. Larose of 514 Lochmoor boulevard, from July 27 to September 25, because of an unsatisfactory driving record; Pedar J. Smith of 77 Muir road, from July 27 to September 27, for driving while his license was suspended; and Kerry P. Schaeffner of 1359 Harvard road, from July 19 to September 16, because of an unsatisfactory driving record.

Hare revealed that during the week the latest report was issued, a total of 602 Michigan motorists were given suspensions, and 606 motorists had their licenses revoked.

Woods Confirms Assessment Roll

The Woods Council voted to confirm the assessment roll, number 135 which covers the installation of one-half of a 31.6 foot pavement, back-to-back of curb with necessary drainage facilities in Eight Mile road from Brys drive to the west city limits.

Councilmen Benjamin Pinkas and William Huetman voted against the resolution because of the method of assessment. The rest of the paving of Eight Mile from Harper to Brys will be handled by St. Clair Shores and Harper Woods. Grosse Pointe Woods' share will come to \$11,060.

The City of Grosse Woods will pay 60 per cent of the cost and abutting property owners will be assessed, (per front foot), 40 per cent.

The mayor and clerk were authorized to sign a contract for paving of Eight Mile road in conjunction with St. Clair Shores and Harper Woods, with the low bidder, the John Carlo, Inc.

Curfew Violators Will Face Court

Curfew violators James C. Crenshaw, of 5783 Seminole and Milton A. Johnson, of 6038 Maxwell, who later were found to be in possession of a stolen motor vehicle, appeared with out counsel at their arraignment August 5, and were instructed to stand mute and ask for an examination.

The examination was set for August 9, and the bond set at \$1,000 each. The defendants were remanded to Wayne County Jail in default of bond.

On August 9 each defendant appeared at that time and requested counsel. They stated they were without jobs or funds. The examination was then set for August 16 and bond continued in the amount of \$1,000 each.

The men were returned to Wayne County Jail in default of bond and the Court Clerk was instructed to seek appointment of counsel.

On August 16, Crenshaw, represented by Perry W. Lewis, attorney, waived examination and was bound over to the next session of Wayne County Circuit Court. Upon the request of his attorney his bond was reduced to \$500, sureties or cash.

Queen Leads Her Subjects

(Continued from Page 1)
 ed queen bee had separated from the old swarm, happened to choose this particular tree to settle in, and the rest of the swarm had followed.

Because this type of small brown bee, which Waters called "scavenger," cannot be used for the commercial production of honey and because such a hive constitutes a menace in a built-up neighborhood, the bees were destroyed on the spot. Ninety-eight percent of the swarm was killed instantly when Waters, donning long gloves and a topi with a net covering that he made sure was tight around the collar, sprayed the mass with a toxic chemical.

Right Out of Space
 He used a device for the purpose that looked like it was straight out of a space movie—sort of an electrified fire extinguisher. Next he "fogged" the area with vapor from the same gun, saying that the substance would destroy the re-

maining two percent of the bees who were out scavenging during the spraying. The chemical, whose composition he said was a trade secret, would remain on the foliage for three months to kill any bees who might return but would not harm the tree or animals in the area. The mass of dead bees dropped into a covering on the ground prepared to receive them and were hauled tidily away.

Also present were Bill Miller, assistant Public Service director, Earl Trombley, Grosse Pointe's famous dogcatcher, who said he had never seen such a large swarm of bees; a fire engine from the Farms station and many interested young spectators from the neighborhood who were kept well back from the scene.

Two Good Reasons
 Asked by a passerby, Joann Fason, bookkeeper at the nearby Grosse Pointe News office, why he didn't simply remove the bee-loaded branch and take them to a more remote spot, Waters explained that there was no need to hurt the tree and that there was the danger of the bees attacking if disturbed, especially those who would return to find the queen gone.

Why a queen chooses a certain place to settle with her swarm is unknown. Ed Pongracz, of 16819 Canford lane, told the NEWS that he was once trapped for seven hours in an automobile because a swarm landed on his windshield. It was 35 years ago and he was driving a car built before the days of automatic windshield wipers. Near Scranton, Pa., a "black cloud" of bees descended on his car.

He pulled to the side of the highway, closed the car windows and kept whacking at the few who somehow managed to get through the cracks and into the car with him. It was four hours before anyone noticed his plight on the highway, which was not heavily traveled in those days, and three hours more before a man came with gloves and a helmet to remove them.

The rescuer poked around in the mass, located the queen, moved her to a container, and within 15 minutes all had followed.

Kill Many People
 "Most people don't realize that there are more people killed in the United States from bee, wasp, or hornet stings every year than from snake bite," said Ken Goulet, whose company destroys about 150 such swarms a year. He said that a healthy adult weighing about 150 pounds cannot withstand more than 28 such stings and a healthy child, weighing 50 pounds, only one third that amount. A child stung three times warrants a trip to the hospital.

Some people have even less tolerance. He told of a teacher in Romulus, who, stung only once, hovered between life and death for months. The occasional individual with such extreme high susceptibility must constantly carry an antidote for immediate injection with them, Goulet told the NEWS.

Park Firemen Picket City

(Continued from Page 1)
 reasons for the disparity in wages between policemen and firemen are items which are also being enjoyed by the members of the Police Department, as well as by personnel of every other department in the Park, including the city manager himself," Koerber said.

The Association president stated that during the recent rioting in Detroit, members of the Park Fire Department were dispatched to the Mack-St. Jean area to assist Detroit firemen, and while there they, too, were exposed to danger and subjected to sniper fire.

This, he said, should bear out the fact that the lot of a firefighter is not the bed of roses some city officials claim it to be, but rather a hazardous occupation which deserves just compensation, at least equal to that of a police officer whose job is no less hazardous in its own right.

The Park Police and Fire Department personnel have re-

ceived equal pay for the past 25 years, and the members of Local 533 feel that these recent efforts to downgrade firemen are completely unjustified, and could bring about disastrous results affecting the safety and well-being of the citizens of the community," Koerber said.

The Association, if it is forced to, may take the matter to the people of the Park and ask them to vote on the pay issue, the organization's president said.

Sloane said on Tuesday, August 22, that he regretted that the firemen had to resort to picketing.

He said that the firefighters had been offered an increase of \$300 a year, raising their salaries to \$8,000 annually, but that the offer had been refused. Until some kind of an agreement is reached, fire department personnel will continue to be paid under the present wage scale of \$7,700, he added.

The city manager said that the State Mediation Board has appointed Gordon Lee, to act as

negotiator in the dispute, but no date has been set for a meeting to iron out the differences.

He said that the increase offered to the Park firemen is comparable to that accepted by Farms and City firemen, plus pension increases and a paid hospitalization, plus a 12 percent in reduction in duty time, as required under the new State Law, including sleeping-in time.

The Association is also demanding special benefits for supervisory employees of the department which amounts to 14.6 percent increase in salary for

fire captain and 14.5 percent increase for fire lieutenants.

Brothers Serve With Distinction

Mr. and Mrs. Richard C. Wade, of Fairholme road, have received news from their son, Michael R. Wade, of his recent promotion to First Lieutenant. He has been serving in South Vietnam since March and is a Platoon Leader assigned to the 34th Armor with headquarters near Lai Khe. Lt. Wade is also the recipient of the Purple Heart Award as result of an arm injury when his commander's tank struck a land mine near Vin Loi.

Lt. Wade is a 1962 graduate of Grosse Pointe High School and a 1966 graduate of Michigan State University with a degree in Marketing. He was designated a Distinguished Military Student (D.M.S.) and commissioned second lieutenant in the Regular Army after four years in the R. O. T. C.

He received his training at Officers Armor School, Ft. Knox, Ky., where he later served as Adjutant Officer of the 16th Armor, later held a similar position at Ft. Hood, Tex., and received his jungle training at Ft. Gubik, Panama Canal Zone.

Lt. Wade's twin brother, 2nd Lt. Patrick Wade, is presently in charge of Military Police operations in Ft. Story, Va. He, too is a graduate of Grosse Pointe High School and Michigan State University with a degree in Marketing, is a D. M. S., and commissioned in the R. O. T. C.

He is an honor's graduate of Officers Military Police School in Ft. Gordon, Ga. He and his wife, the former Marilyn Kaye Wright, of Balfour road, reside on the Post at Ft. Story.

All G. P. High Students to Be Furnished With ID Cards

Jerry J. Gerich, Principal of Grosse Pointe High School, today announced that students will be provided with an identification card. "Our school population will hover around 3100, and we believe that a quicker means of identification will be beneficial to the students, school officials, and to the community as well," he said.

When the Student Association fee is paid, the I.D. card will be suitably embossed, thus eliminating the need for a separate S.A. ticket. The I.D. card will be a means of identification for all school and community social activities.

Principal Gerich said that students should appear for their pictures in the Auditorium (room 137) at Grosse Pointe High School according to the following schedule. "We are expecting them to appear suitably groomed, with school clothes, and a neat haircut," he added. Letters containing the schedule have been sent to the parents of 10th, 11th, and 12th graders.

Mrs. Helen Harmison, who is meeting the requirements for a master's degree, took three music courses in Ann Arbor. An interest in children's literature led Mrs. Lynne Wilson to do graduate study at Wayne State University.

Miss Martha Hoke, whose defer assignment this fall will be as an Elementary Resource Teacher, enrolled for a school library workshop as part of her summer study.

Miss Susan Highstone, Mrs. Inez Mullaney, and Miss Rita Flaherty of Kerby became students again during the summer. Miss Highstone, who is working on a master's degree at Michigan State University, enrolled for three courses. Mrs. Mullaney followed a program of study at the University of Hawaii. Miss Flaherty took course work in library services designed to enhance her position as an Elementary Resource Teacher.

Four teachers on the staff of

Maire Elementary School expanded their horizons with summer study. Mrs. Joyce Waalkes enrolled at the University of Michigan for a psychology course. Mrs. Ensi Shore, school nurse, studied at Detroit's Merrill-Palmer Institute. Mrs. Shirley Kirk was a student at Wayne State University and Donald Wilson enrolled at Michigan State University.

Mason School was represented by six summer scholars. Mrs. Frances E. Rislov enrolled at the Merrill-Palmer Institute, Principal William A. Mestdagh took a community resources workshop through Michigan State University, and Miss Diane McCullough studied at the University of Michigan.

Edward L. Behr was a student at Wayne State University, as was Mrs. Patricia J. Whelan. Miss Carolyn Harwood pursued her graduate program at Eastern Michigan University.

Three teachers from Monteith School took classes at Wayne State University. Miss Nancy Rector worked in special education, Mrs. Irene Zuk studied library science, and Marvin Rants studied curriculum and social studies.

Mrs. Mary K. Rolph of Poupard used a portion of her summer to study special education at Eastern Michigan University.

Six members of the teaching staff of Richard School who enrolled for graduate work are Miss Loretta Rash, James P. Neville, Mrs. Carla Gutow, Mrs. Mary L. Dietrich, Miss Jeannine Black and Miss Dorothy Kotcher.

Miss Rash completed her master's degree at Wayne State University. Mr. Neville also studied at Wayne, as did Mrs. Gutow and Mrs. Dietrich. Miss Black completed two courses in elementary education. Miss Kotcher, whose field is guidance and counseling, took a related course.

Principal Frank J. Welcenbach and three teachers from his staff at Trombly School were students again this summer. Mr. Welcenbach enrolled at the Merrill-Palmer Institute. Mrs. Lillian V. Kachadourian and Mrs. Suzanne P. Nicholson were on campus at Wayne State University.

Vincent Lavigne Drowns in Lake

Nicholas J. Rini, attorney for Cosmetologists, appeared at the Woods Council meeting on Monday, August 21, and requested a moratorium of 60 days on the effective date of the new Ordinance requiring cosmetologists to get a city license.

He made this request because the Opinion he requested Senator Charles N. Youngblood, Jr. to obtain from the Attorney General, as to whether such an ordinance is valid has been delayed, due to the heavy workload in the Attorney General's office. Mr. Rini requested the opinion on March 8 of this year.

The Council advised Mr. Rini that the ordinance would have to be amended in order to give him the extension he requested and suggested that they table this consideration until

Vincent J. Lavigne, 24-year-old Pointer and seminarian at St. John's Provincial Seminary in Plymouth, Mich., was drowned on Saturday in Lake Twenty Seven, Santa Maria Camp, Elmhurst Township, Otsego County.

Vincent was visiting the camp at the time of his death. He was on the lake, alone in a canoe, when two of his friends in a power boat approached him. They were talking when Vincent fell overboard. The friends immediately dove into the water in an attempt to rescue Vincent but were unable to do so. The lake is about 15 feet deep.

Counselors at the camp conducted a diving search for Vincent but were unable to locate him. He had a life jacket in his boat.

Vincent's body was found in the lake the next day. He is the son of Mr. and Mrs. Lawrence Lavigne, Sr., of Bedford road.

He is survived by his parents and six brothers, Lawrence Jr., Paul, Philip, Anthony, John and Thomas and one sister Antoinette.

Vincent had been a seminarian at St. John's Provincial Seminary in Plymouth, Michigan for two years.

Funeral services will be held today, Thursday, August 24, at 10 a.m. from the Bagnasco Funeral Home and at 11 a.m. from St. Clare of Montefalco Church. A Bible Vigil was said on Wednesday, August 23.

Donations to the Vincent J. Lavigne Memorial Fund may be sent to 1314 Bedford road, Grosse Pointe Park. Interment will be in Mount Olivet Cemetery.

Annual Bicycle Theft Loss Estimated at Over \$20,000

They come into the Pointe and leave on a bicycle, often than not, on the two-wheelers manufactured in the opinion of Det. William Marshall and Frank Mustazza, comment on the bike thieves.

In a poll of the Pointe Police Department, it was gathered that the average annual bicycle loss in the Pointe area is \$20,000 annually. A small percentage of the bikes are recovered.

This month, Marshall and Mustazza, after an investigation, arrested four bike thieves and recovered 12 bikes from the boys' homes.

Each bike thief picks the bike to steal, such as Schwinn, or a Ten-Speeder, especially if they are new, the thieves said. Occasionally, a bike is stolen, but usually it is abandoned after the thief arrives at his destination and is pointed out.

Stolen bicycles are not recovered because owners fail to register the serial numbers with their respective police departments, and fail to obtain a license. Consequently, it is difficult to return recovered bikes to the rightful owners.

Many bike thefts are not even reported to the police, for the simple reason that parents have insuring the loss. Many recovered bikes end up in the auction block and are sold to other unclaimed, registered owners, by the authorities.

Pointes to Share \$87,750 From State Highway Fund

The State Highway Commission has started distributing second quarter Motor Vehicle Highway Collections, amounting to \$55,927,146, to Michigan counties and incorporated cities and villages. The Pointe's share comes to \$87,750.

Acting State Highway Director Henrik E. Stafseth said that the net receipts of the fund during April, May and June of this year, showed an increase of \$1,410,322, or 2.8 percent, as compared to the same period of 1965.

All state gasoline and diesel fuel taxes and license plate fees go into the Motor Vehicle Highway Fund.

Under provisions of State law, after deduction of collection costs and the Waterways Commission's share, 47 percent of the funds go to the State Highway Commission for use on state highways; 35 percent goes to the 83 Michigan counties for use on county roads; and 18 percent go to the 523 incorporated cities and villages for their roads and streets.

Under this formula, the Highway Department will receive \$26,285,759, as its share of the latest collection; the counties will get \$19,574,501; and the incorporated cities and villages, \$10,066,886.

It was disclosed that the Woods share will be \$28,742; Park, \$23,800; Farms, \$20,292; City, \$11,105; and the Shores, \$3,901.

Wayne County will be paid \$3,715,770.

Engineers Submit Report On City Sewer Maintenance

George Jerome of the City of Grosse Pointe's consulting engineers presented a progress report of the City's Sewer System to the City Council at their meeting Monday, August 21.

He informed the Council of the work the city engineers have been undertaking in connection with an analysis of the City's existing sewer maintenance program and made recommendations as to how the City could undertake a stepped up sewer cleaning program.

The recommendations included a visual inspection by the City force including "lamping" of all sewers in the City except those cleaned in the last three years. Priority in inspection would be given to areas where complaints have been received or where blockages are suspected.

The engineers also suggested that the sewers be flushed with fire hoses to clean out the dirt and loose debris where visual inspection shows that the sewer lines are not blocked with root growth or broken crock.

After completing the first two steps mentioned, the engineers would be in a position to evaluate

the use of spot television inspections of the sewers which were found blocked or had other problems.

Michigan Con. Gas Promotes Pointers

Michigan Consolidated Gas Company has named two new managers, according to Hugh C. Daly, executive vice-president.

Alfred R. Glancy, III, of 235 Cloverly road, has been promoted to manager of the utility's economic and financial planning department. Glancy joined the company in 1962 and was supervisor of economic studies prior to his new appointment.

William E. Kohr, of 1122 Bishop road, has been appointed manager of labor relations division of the employee relations department. Kohr joined the company in 1960 and was manager of the land and tax division of the company's real estate department.

They also suggested an evaluation of the necessity for contracting for outside services to aid the City forces in cleaning sewer lines blocked by root growth or requiring sealing of joints.

They suggested that the City consider the possibility of purchasing certain up-to-date sewer cleaning apparatus to increase

the efficiency of the maintenance program.

The engineers' report showed that in the past three years the amount of cleaning accomplished with City forces has been greatly stepped up.

The City has approximately 239,000 feet of sewer lines. During the past three years the Public Works forces have

cleaned 36,300 feet excluding lines recently constructed or cleaned. There remain 169,800 feet of older sewers in varying conditions that require maintenance.

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

With September only a week and a day away, summer buzz is turning into a definite fall hum of projects, planned last spring, pushed ahead during the summer, are gathering momentum—by the middle of next month, we'll all be so busy we have time to wonder where the summer went! David L. Gamble, who's been handling pre-arrangements for the annual Theatre Arts Show, to be held October 12 at the Oxford road headquarters at Harbor Springs, is preparing for a definite spurt of tea committee tasks when he returns to Renaud road shortly after Labor Day. The 15th Annual Junior League Fashionscope Show, headed by Mrs. James P. Williams and Mrs. P. Martindale, is stepping up its efforts to assure both the Tuesday and Wednesday, September 12 and 13, Fashionscope "performances" in the J.L. Hudson Company auditorium.

Garden Clubs Exhibit

More than a month, the Federated Garden Clubs, District One, will open its 13th annual exhibit of table settings and flower arrangements at the W. Warren and Company in Washington, Michigan. Dates are September 27 through 29; hours, 9:30 until 5 o'clock daily. Show coordinator, are 9:30 until 5 o'clock daily. This year will be "Detroit, 1701-1967, The City," and a total of 72 individual entries present 14 different "faces" of Detroit.

Meetings

Theatre Arts donation tea, Fashionscope, the Garden Clubs Exhibit... these are all "big" projects involving many people, but there are "little" meetings planned in the weeks ahead, too. Local clubs and societies, bridge groups, study groups, all are poised for the new season. One of the first to resume regular meetings after a hiatus will be the Grosse Pointe Shores Club, scheduled to gather Friday, September 1, at the home of Mrs. Arthur Hirt. Mrs. Hirt as co-hostesses will be Mrs. Reichle and Mrs. Clifford Loranger. There'll be basket-making and Flemish-finishing demonstrations start the ladies off on indoor autumn pastimes.

Around The World

Mrs. Kins Collins, of Harcourt road, September is a time to recall a summer trip around the world to sort out impressions of places and people while observing the work of the YWCA all over the world. There are some glimpses into Mrs. Collins' "memory" excerpts from the letters she's been sending home to her family: "The London women were most gracious and kind. Mrs. Collins traveled with a YWCA group. Several of us for tea or lunch, took us sight-seeing, and for trips to the House of Commons in session, and theater... "We spent a whole day at the building of the Christian Women's Organizations. The French counterpart of the YWCA, the YWCA, is in an office here. We met with about six of their members who told us of their work, which is all done in meetings or staff. Jokingly, I said to one of the Directors, "You see that you are not as busy as we thought." Her answer was, "Wouldn't it be if we had such volunteers?" "My first impressions here are masses of noise and confusion. Having seen other parts of India I know that New Delhi is not typical. The men wear Western clothes, with only a few of the light white trousers and a shirt to the waist. All of the women wear sarees, some of which are made of beautiful material. Some are woven with gold threads." (Continued on Page 16)

Mrs. Kenneth Bower

PATRICIA JANE MACDONA, daughter of Mr. and Mrs. Harding Henry Macdona, of Moran road, and Mr. Bower, son of Melvin A. Bower, of Marine City, and the late Mrs. Bower, exchanged marriage vows Saturday, August 19, in St. Paul's-on-the-Lakeshore.

Wenzel-Perrone Nuptials Held

Scottish pipers heralded guests to the receiving line at the reception following the wedding of Susan Ann Perrone and Donald Murray Wenzel Wednesday evening, August 16, in the gardens of the bride's home on Lake St. Clair.

Miss Perrone, daughter of Mr. and Mrs. Melchior D. Perrone, of Ponchartrain drive, Mt. Clemens, exchanged marriage vows with Mr. Wenzel, son of Dr. and Mrs. Jacob F. Wenzel, of Cloverly road, at St. Louis Church in Mt. Clemens. Officiating at the Nuptial Mass was Father Joseph Ryder.

The pipers, in full Scottish regalia, were Murray MacDonald, uncle of the bridegroom, and Alexander MacDonald, a cousin, from the Lucknow Highlanders Band of Ontario. They alternated with a troupe of strolling guitarists.

For her wedding, the former Miss Perrone chose a silk-linen Princess gown appliqued with re-embroidered Alencon lace at her bodice and sleeves. Her heart-shaped train was outlined with Alencon appliques.

Her shoulder length veil of silk illusion fell from a rose-centered headpiece, and she carried a Colonial arrangement

of stephanotis and miniature ivy. Her attendants wore identical floor length gowns of pale yellow linen, their back skirt folds and bodices edged with daisies. Daisies also formed their headpieces and bouquets.

Mrs. Ronald Gabriel was matron of honor. Mrs. William Shilson, sister of the bridegroom, and Mary Perrone, sister of the bride, were bridesmaids.

John J. Wenzel, brother of the bridegroom, served as best man and a fraternity brother, George Selin, of New York, Preston Perrone, brother of the bride, and John McElroy were ushers.

Mrs. Perrone, the bride's mother, wore a gown of aqua chiffon banded at the neck with crystal beading. A corsage of cymbidium orchids was pinned to her crystal-beaded clutch bag. An aqua ribbon and veil hat and aqua shoes completed her ensemble.

Mrs. Wenzel, the bridegroom's mother, chose a grey Chantilly lace sheath dress styled with a chiffon yoke and matching short fitted jacket. Her hat was a spray of coral rosebuds. She pinned a cymbidium corsage to her clutch bag of seed pearls.

The bride's paternal grandmother, Mrs. I. G. Perrone, wore an ice blue peau de soie two-piece ensemble. Cymbidium orchids were her corsage choice.

Out-of-town guests included the bride's uncle and aunt, Dr. and Mrs. John Lynch, of Bethesda, Md., Mr. and Mrs. Donald Kammer, of Saginaw, Dr. and Mrs. Joseph Mastromatteo, of Lake Orion, Mrs. Joseph Piazza, of Miami, Fla., and Mr. and Mrs. Vincent Meli, of Grand Blanc.

More Out-of-town guests were Mr. and Mrs. George MacDonald, of Ripley, Ont., the bridegroom's uncle and aunt, Murray MacDonald, another of his uncles, Mrs. William MacDonald, an aunt, and her daughter Jean, of Goderich, Ont., Mr. and Mrs. David Bunce, of Toronto, Mr. and Mrs. Steven Elliot, of Ottawa, and Mr. and Mrs. Alexander MacDonald, of Kintail, Ont.

The couple left for a motor trip through Canada with a stop at the bridegroom's summer home on Lake Huron in Ontario. On their return they will reside in Kalamazoo, where the bridegroom will continue his education at Western Michigan University.

Hold Welcome Wagon Meeting

The Welcome Wagon Club of Grosse Pointe held its regular meeting Thursday, August 3, at the Grosse Pointe War Memorial. Brunch was served at 11 o'clock preceding the business session.

Hostesses were Mrs. Wendell Karr-ake, Mrs. H. W. Burnett and Mrs. Thomas Colbert.

During the meeting Mrs. John Haine, first vice-president and program chairman, outlined some of the activities for the coming year. In addition to the monthly brunch meetings, plans are being made for a special luncheon and tour at the Art Institute, a bridge benefit for nursing scholarships and luncheons at the Country Club of Detroit, Stouffers, The Golden Lion and other restaurants.

Members were reminded that bridge marathon groups will be forming in September for women and for couples. The marathons help to raise money for the Club's scholarship fund and provide an excellent opportunity for newcomers to become acquainted.

Mrs. Burnett, president, invited all officers and board members to attend a planning meeting at her home on Monday, September 18. She also reminded all members that the next brunch meeting will be held two weeks later than usual on the third Thursday of next month, September 21.

Members and guests then enjoyed an afternoon of bridge. High scorers were Mrs. Howard Kinser, Mrs. Robert McCourt, Mrs. Edward Minch and Mrs. Martin Hawley. Mrs. Paul Kelley was awarded the August birthday cup and the floral centerpiece was given to Mrs. John Haine.

All newcomers who have received Welcome Wagon hostess calls are invited to attend meetings of the Welcome Wagon Club and are requested to call Mrs. John Meloy, hospitality chairman, at 886-5378, for further information.
