Schools Seek Bond To Take Year To Complete New Facility

Will Ask Voters To Approve Spending Of \$2,450,000 To Enlarge Central And Build New Structures In Park And Woods

The trustees of the Grosse Pointe Board of Education met in special session Monday night to authorize the pre-qualification of bonds for the improvement of public library facilities. The \$2,450,000 issue will be presented to the voters at a later winter election.

The meeting, chaired by Mrs. Paul G. Hykes, president, was held in the schools' Administration Building at 389 St. Clair avenue at 7:30 p.m.

The building program is part of a long-range public school and public library capitalization program recommended to the school trustees on October 23 by Dr. Theos I. Anderson, Superintendent of Schools. The public libraries are an integral division of the school system.

A basic feature of the program is an addition at Grosse Pointe Central Library. The proposed construction would consist of expansion of reading rooms, stack areas, offices and service facilities and the addition of a conference room. The construction project would contain 30,000 square feet and is expected to cost \$1,385,950.

Second of the proposed three projects is for the construction of a 13,000-square foot building to house the Woods Branch Library. This would replace the facilities now located in Parcels Junior High School, which would be converted to school use.

The proposed structure would consist of a work room, charge desk, reading room, children's room, stacks, and conference room. The building will be erected on the portion of the grounds of Parcels Junior High School nearest the intersection of Vernier road and Mack avenue. Estimated cost is \$399,000.

The third proposal is the construction of a comprehensive 10,220 square foot branch library building to serve the southern part of the community. A possible location is Jefferson avenue and Pemberton in Grosse Pointe Park. Estimated cost of the structure is \$309,000.

The new Park Branch Library would replace the facilities currently located in Pierce Junior High School which will be converted to school uses if the bond issue is successful. The Park Branch would contain approximately the same facilities as the Woods Branch.

Site development for the three projects is estimated to cost \$70,000 in addition to the cost of acquiring a site for the Park Branch.

If the bond issue is successful, it is expected that construction will begin in the summer of 1968, with tentative completion of all projects slated for the summer of 1969.

Wording of Ballot
Wording on the ballot for the forthcoming election follows: "Shall The Grosse Pointe Public School System, Wayne County, Michigan, borrow the sum of not exceeding Two Million Four Hundred Fifty Thousand (\$2,450,000) Dollars and issue its bonds therefor, for the purpose of providing funds to erect, furnish and equip an addition

To Take Year To Complete New Facility

Refuse Disposal Plant In Clinton Township Will Operate Under Joint Authority

The ground breaking ceremony for Michigan's first regional refuse disposal plant financed without federal or state funds took place on Saturday, November 18, in Clinton Township.

The 600-ton per day facility will be constructed and operated under a 25-year contract by General Waterworks Corp., for the Grosse Pointes-Clinton Refuse Disposal Authority which comprises Grosse Pointe, Grosse Pointe Farms, Grosse Pointe Park, Grosse Pointe Shores, Grosse Pointe Woods, Harper Woods and Clinton Township. The plant, costing \$1.5 million, is being paid for with the proceeds of a recent incinerator bond issue sold by the Authority.

Officials Present
State and local officials were invited to the ground breaking, including State Senator John T. Bowman, State Representative Warren Goemaere, Fred Kellow, Chief of Environmental Health of Michigan's Department of Public Health; Dr. Oscar Striker, Director of the Macomb County Health Dept.; Robert Ryan, Supervisor of Clinton Township; and a Director of the Authority; and the mayors and city managers of the other municipalities involved.

Officials of General Waterworks were also present. The event commenced at 11 a.m. and was followed by lunch.

The present manager of the Authority, Vernon Olson, took on this post several months ago, having previously served as a corporation executive for a number of years. His predecessor, Murray Smith, was one of the leading organizers of the Authority and its first manager.

To Meet Smoke Code
The incinerator is based on a new General Waterworks' design and will have two water-wall furnaces, each capable of disposing of 14 tons of burnable refuse hourly. It will meet Detroit's smoke abatement code, one of the most stringent in the U.S. Completion is scheduled in about 12 months.

General Waterworks of Philadelphia, Pa., is a diversified company with large utility holdings. Its 1966 gross revenues were almost \$250 million. On November 2, agreement was reached for its acquisition by International Utilities by the board of the two companies. This proposal is expected to be voted on by the shareholders of both companies early in 1968.

Long-Cherished Dream
When the incinerator is completed, it will climax a dream of the late Park City Manager Everett B. Lane, the late Grosse Pointe City Manager Norbert P. Neff, and Smith, who retired as Farms city engineer in 1964, and who also retired as Authority manager late in August, after more than three years in that post. Smith went on an extended vacation, with his wife Luella, after leaving the Authority.

The three Pointe officials had

Student Vandals Damage LS Bus

Farms police are checking into a report received from a Lake Shore Coach Lines driver in which he disclosed that a group of Grosse Pointe High School students damaged the interior of the bus he was driving on Tuesday, November 14.

The driver, Arthur R. Atkins of 495 Manistique, Detroit, told police that he had picked up a number of students at Fisher road and Kercheval avenue, and these teenagers had completely ruined the inside of the bus.

Investigating officers said they found all advertising signs throughout the coach had been taken down and destroyed, the bell wire had been pulled and snapped and the bell broken, a window on the driver's side broken, and a piece of metal ripped from the overhead. Further investigation of the matter is being conducted by officers of the Detective Bureau.

Two Teeners Are Beaten By Hoodlums

Three Unknown Assaults Attack Them On Moross Road After Following Them In Car

Two teenagers, traveling in a car on Moross road, were set upon by three unknown hoodlums riding in another vehicle on Sunday, November 19, according to information given to Farms police by the beating victims.

James P. Burton, 18, of 19339 Woodcrest, the driver; and Norbert T. Hubert, 17, of 19222 Woodcrest, both of Harper Woods, stopped in the Farms police station to report the alleged assault.

They told police that they were traveling on Lake Shore road and had turned onto Moross road, riding in Burton's automobile, when another car, with three unknown occupants, was seen behind them. The driver of the second vehicle blinked the headlights.

Thought It Was Police
Burton said that when he saw the blinking lights in his rear view mirror, he assumed that the oncoming vehicle was a patrol car, and that he was being signaled to stop by police officers. The youth said he pulled over to the curb and stopped.

The other car also stopped, and three young occupants jumped out, and for no reason began to fight them, Burton and Hubert said.

Burton suffered a battered face and a sore shoulder from the beating; but Hubert was unscathed. The latter told the authorities that he struck one of the assailants hard enough so that this youth might need medical attention.

No Clues Obtained
Neither Burton nor Hubert could give any reason for the incident. Both said that things happened so fast, they were unable to notice the make or year of the hoodlums' car. They were also unable to give police a description of their assailants, it was said.

CAR WINDOW BROKEN
City Police received a report on Monday, November 13, from Mrs. Lillian Blondell, of 792 St. Clair, stating that sometime between 6 p.m. and 8:15 p.m. on November 12, persons unknown had broken the left rear window of her Oldsmobile.

Tree Trimming Contract Will Cost City \$3,773

The City of Grosse Pointe Council on Monday, November 20, voted to award a contract to Shock Brothers Company in the amount of \$3,773 for trimming 343 trees.

Last February, the City initiated its first extensive trimming program on city street trees in several years. In order to reduce the cost of the program, the cleanup work was performed by the City's public works department and 328 trees were trimmed.

The city manager, Thomas Kreessbach, stressed that it was important that this program be continued and accordingly an appropriation for that purpose was placed in the current budget. A large portion of the city necessary cleanup work.

New Cardiac Care Unit Opened at Bon Secours

A new four-bed cardiac intensive care unit has been opened at Bon Secours Hospital, Grosse Pointe, to serve the minute-by-minute needs of heart patients.

Extensively instrumented and equipped with the most modern monitoring devices, the unit was given the hospital by the James and Lyrelle Holden Fund.

Comparative Salary Data Collected as Basis for Teacher Contract Review

Statistics Show Pointe Ranks Far Down List In All Categories; Re-Examination Specified By Agreement At Time of Ratification

The collection of comparative salary data needed by the Grosse Pointe Board of Education and the Grosse Pointe Education Association to effect the re-examination of the Master Contract between the two bodies, as provided in their June agreement, has been completed, it was revealed by Lawrence F. Kennedy, Assistant Superintendent-Professional Personnel.

By prior agreement the local teachers were to place fifth or better in a composite ranking. The recently-completed tabulation reveals the local public school system's salary structure for teachers ranks 11th out of 19 with fringe benefits and 15th out of 19 if fringe benefits are not included in the comparison.

Teams Hold Meetings
Bargaining teams for the Board of Education and the Association have been meeting for several weeks in re-examining the salary and fringe benefit packages.

The local public schools are outranked at the minimum bachelor's degree salary by Ecorse, Dearborn, Van Dyke, Highland Park, Centerline, Warren, Taylor, Fitzgerald, South Lake, Lake Shore, Utica, Bloomfield Hills, Roseville, and River Rouge. Grosse Pointe's beginning salary for the 1967-68 year is \$6,100 with an additional \$585 for fringes.

Under the same comparison, including fringes, for example, an Ecorse beginning teacher would earn \$7,222, one in Dearborn \$7,099, and one in Van Dyke \$7,062.

In a comparison of the tenth step of existing BA salary schedules, the Grosse Pointe teacher also ranks 15th. At the maximum level the teacher ranks

of the late Mr. and Mrs. Holden who, during their lifetime, took an active interest in the development of Bon Secours Hospital.

To accommodate the new unit, a section of the hospital was remodeled with extensive changes in wiring plumbing, oxygen piping and air conditioning. Special monitoring equipment has been installed at each of the four beds. A constant flow of information on the patient's condition is transmitted to a central station where heart action can be observed from moment to moment without disturbing the patient.

Traditional Opportunity Is Afforded Males To Get Christmas Shopping Done With Ease

It will be a man's world in Grosse Pointe Village Monday night, December 4, when the three-block long shopping area on Kercheval observes its 22nd annual "Men's Night in the Village".

Village stores will be open from 7 to 10 o'clock to allow men and boys to shop without their womanfolk being anywhere about. Of course, the husbands and sons who come well equipped with a list of correct sizes and color preferences will be those whose shopping will be easiest. Village merchants have been assisting their customers in this by providing special size chart reference cards during the past few weeks. The cards list 18 items (rings, dresses, coats, suits, hat, gloves, etc.) and have one column for "His" and one for "Hers."

Even those who ordinarily find shopping of any kind a chore will enjoy themselves on Men's Night. Two horsedrawn surreys will provide free transportation up and down Kercheval Avenue for the shoppers, making them indeed "the carriage trade."

Refreshments will be served at the stores. A popcorn wagon

City to Spend \$29,356 at Park

The City of Grosse Pointe Council on Monday, November 20 voted to award the bid for the renovation of C Harbor and a portion of A Harbor in the Neff Park Marina, to U.S. Marine Salvage Company, of Detroit.

The proposed work includes removal of existing deteriorated timber piling and finger piers and replacement with concrete filled steel piling and new treated wood finger piers.

The bids were reviewed by the City Engineer and the staff. It was felt that a small portion of the work involving removal of existing finger piers and cable could be accomplished by city forces and the project cost reduced accordingly. Such a reduction was acceptable to the low bidder.

The city officials were authorized to execute the contract with U.S. Marine Salvage Company in the amount of \$29,356.17 for municipal marina renovation.

Police are investigating.

Bond Issue

(Continued from Page 1) to the existing Grosse Pointe Central Library building, and to erect, furnish and equip two (2) new branch libraries within the School District and acquire an additional site for one of such branch libraries?"

In other business, the trustees authorized the school administration to negotiate a contract with the heating firm of Snyder and McLean (for later approval by the Board) for the modernization of the heating plant at Trombly Elementary School.

To Select Architect
The trustees discussed selection of an architect for the proposed long-range capital improvement program for the community's public schools and libraries.

A number of architectural firms in the Detroit area have been contacted and requested to submit information by Friday, December 1. The Board of Education will review the qualifications of interested architects and invite the representatives of four or five firms to a personal interview prior to making final selections.

A preliminary administrative architectural recommendation is expected to be made at a special meeting of the Board to be held at 7:30 p.m. on Monday, December 4 in the Board Room at 389 St. Clair Avenue. Final decision by the trustees will probably be made at a later date.

Agree on Plaque
The Board members agreed on the arrangement of names for the plaque to be installed at Grosse Pointe North High School.

Prior to adjournment the trustees authorized a committee consisting of the Principal of North High School and one other person not on the Board of Education, to meet with the trustees of the Roland Gray Fund to work out recommendations for a memorial plaque and gift.

Men's Night

(Continued from Page 1) will be stationed in the street, and the Hospitality Center of Michigan Consolidated Gas Company will provide hamburgers and coffee for visitors who wish to take a break.

Music will be part of the menu at Jacobson's with the folk-rock guitarist-instrumental team of Spindler and Taylor and the piano artistry of John Seanor, who has just come from a highly successful entertainment tour on the East Coast.

Those who wish to give a really original gift to someone special can have their portrait done in caricature. Well known Detroit artist-lecturer Chuck Kohl will be at the Kresge store on the corner of Kercheval and St. Clair to do caricatures in pastel, — courtesy of Kresge's.

The entire Village will be in Yuletide dress with lights sparkling from every building. And no matter what the weatherman says for that date, it will be a white Christmas in at least one place. Jacobson's will have a snowing, snow-sprinkled Christmas tree that has so-natural-they-almost-feel-cold snowflakes constantly falling over and around it.

In case any of the men prefer Christmas scenery more animated, there will be live Christmas bells, suitable as photographic models, in the window of the Camera Shop.

Just to be sure no one forgets the date or fails to find his way to the scene of all the activity, the sponsoring merchants of the Grosse Pointe Commerce and Civic Association have arranged to have searchlights playing across the sky from the Village during Men's Night, December 4.

CAR TAMPERED WITH
H. C. Anderson, 508 St. Clair, stopped at the City Police station on Sunday, November 19, at 1:08 a.m. and reported he had just arrived home and found his car, which was parked in the garage, had been tampered with. Upon investigation officers found the hood of the car up and a flashlight lying on the floor nearby. Nothing was damaged.

CITY REAPPOINTS TWO
The City of Grosse Pointe Council at the meeting of Monday, November 20, reappointed Chester F. Carpenter, 546 Lakeland, and Romelda L. Quinn, 927 Fisher, to terms on the City Board of Canvassers, expiring December 31, 1971.

Disposal Plant Started

(Continued from Page 1) dreamed of such an organization as the Grosse Pointe-Clinton Refuse Disposal Authority as far back as 1951.

After many delays and frustrations in trying to form an organization and to acquire land to build a plant, the Authority was originated in 1962, and in April 1963, the Hartman Property, comprised of approximately 75 acres, was purchased from the Hartman heirs for \$205,000, part of a \$245,000 bond issue by building a road, and constructing a fence around the property. The \$35,000 was to have been used for that purpose.

Approximately 10 acres of land will be used as a buffer zone between the incinerator plant and the remaining property, and will be developed as a playground for Clinton Township residents.

The playground will be developed in spite of the fact that the plant itself will be concealed by a forest of trees, with possibly only the smoke stacks visible.

The original organizers of the

Grosse Pointe-Clinton Refuse Disposal Authority were the Park, Farms, City and Clinton Township, who formerly banded together early in 1962.

Early in 1963, the Authority extended an invitation to the Woods, Shores and Harper Woods and several Macomb County communities to join as contracting members. An invitation was also extended to Detroit, which expressed an interest in using an Authority plant to burn part of its refuse.

Several months later, all the Macomb cities invited to participate, refused the offer, except Mt. Clemens. Detroit also announced it had a change of heart, disclosing that it intended to build two new incinerators of its own.

The Woods, Shores, Harper Woods and Mt. Clemens had expressed interest in becoming full partners in the organization, and were invited to do so. This last spring all four signed the articles which formally made them partners, with the same rights enjoyed by the four original communities.

mobile with defective tail lights, and having no license plate light, and stopped the driver at Beaupre.

The policemen said that as they approached the car, the driver, Clyde "NMN" Sturgis, 42, of 5060 Lawton, Detroit, before he was asked to produce an operator's license, said, "You might as well take me to jail because I do not have a driver's license and never had one in the State of Michigan."

Sturgis was promptly placed under arrest and ordered to get out of his car and get into the

police vehicle to be conveyed to the station.

Morgan and Kraiza said that the passenger, Leon S. Regular, 23, of 5056 Lawton, Detroit, on hearing the command to Sturgis, voluntarily got out of the car, and went to the police car, and after seating himself, said to the officers, "My father's gun is under the front seat."

Kraiza said he looked under the seat and found a fully loaded six-shot .38 calibre Colt on the passenger's side of the front seat, and confiscated the weapon.

Nab Detroit Pair Wanted by Police

A noisy muffler on a car resulted in the arrest of a driver and his passenger on Friday, November 17, both of whom were wanted on warrants by Detroit police.

Woods Patrolman James Davidson said he was on patrol, when he heard a loud muffler noise coming from a car traveling west on Newcastle, and stopped the driver at the Mack intersection.

The driver of the automobile, Booker T. Anthony, 50, of 960 Navahoe, Detroit, produced an operator's license and car registration on request. Davidson made a routine radio broadcast for a check to see if the motorist was wanted by any police agency. A check was requested on Willie Lee Young, 39, of 895 Navahoe, the passenger.

A return broadcast brought forth the information that Anthony was wanted by Detroit authorities on a warrant for a \$35 traffic violation, and Young had been sought by Detroit on a warrant signed by Detroit Recorder's Court Judge Samuel Olsen, charging Young with looting, a felony.

Both men were placed under arrest and taken to the station, where they were booked and later released to Detroit police officers dispatched to pick them up.

The truth about savings

It's true—you can earn 5% on savings certificates at Michigan Bank. These are perfect for longer term savings. Your effective rate (through quarterly compounding) can be as much as 5 1/2% (46 months), 6% (90 months), or even 6.49% (120 months). 5% annually on deposits under \$100,000 is still the maximum legal certificate rate that any bank can pay.

Here's where Michigan Bank is different! We compute DAILY. It's impossible to lose a single day's interest with us. For example, suppose you deposit \$10,000 with us and need it 75 days later (before the end of an interest quarter). Your interest earnings at other banks would be 0, but at Michigan Bank it would be \$83.33.

It's also true that 4% is the maximum legal rate that banks can pay on regular passbook accounts. Most banks do—but compute only on a quarterly basis.

Sound interesting? We think so. We invite you to bring in your present savings passbook to any of our Birmingham area offices. We'll help you make the daily interest change in 2 minutes.

Language Expert To Give Address

Dr. Harold J. McGrady, national authority on language disorders, is scheduled for a major address at 7:30 p.m. on Thursday, November 30, in the auditorium of Parcels Junior High School. His topic is "The Relationship of language to Motor and Perceptual Development."

The event, expected to draw a capacity audience of interested educators from throughout the Detroit metropolitan area, is sponsored by the Department of Public Personnel of The Grosse Pointe Public School System. The public is cordially invited to attend without charge.

"We are indeed fortunate that Dr. McGrady has agreed to meet with our staff during the afternoon and to speak in the evening," Reginald F. Sienkiewicz, Director of Public Personnel, said today. "We are certain that many teachers and administrators will avail themselves of this opportunity to hear him."

Dr. McGrady, since 1965 Associate Professor of Language Pathology in the Institute of Language Disorders at Northwestern University, has had a varied career in his field.

Prior to joining the staff on the Evanston campus, Dr. McGrady was at Colorado State University. An earlier assignment found him on the staff at Emory University and Director of Clinics of the Atlanta Speech School, in Georgia.

Dr. McGrady's professional memberships include the Association for Children with Learning Disabilities, the American Psychological Association, the American Speech and Hearing Association, the Illinois Speech and Hearing Association, the Academy of Aphasia, the Council for Exceptional Children, the Illinois Council for Exceptional Children, and Sigma Xi.

He is the author of "Language Pathology and Learning Disabilities" and "Progress in Learning Disabilities," edited by H. R. Myklebust, and published in 1967 by Grune and Stratton in New York. Dr. McGrady has written "Verbal and Nonverbal Functions in School Children with Speech and Language Disorders" and "The Influence of a Program of Instruction upon the Conceptual Thinking of the Deaf," both of which appeared recently in professional journals.

residential community where typically the incidence of serious emergency cardiac problems is high, Bon Secours Hospital admits an unusually large number of coronary patients.

Construction of the Holden Cardiac Intensive Care Unit reflects this characteristic of the hospital's patients population.

The unit is a project of the late Mr. and Mrs. James S. Holden, of Washington road, who expressed a desire to make available to their fellow citizens the latest equipment and trained personnel for the diagnosis and treatment of heart disease.

A plaque honoring Mr. and Mrs. Holden was presented to the Bon Secours Sisters at a Mother John Andrew, Superior Symposium on Coronary Heart Disease at the hospital.

The speaker was Dr. William I. Prouditt of the Cleveland Clinic. A panel consisting of Dr. Hugh Henderson, Moderator, Dr. Clyde Wu, Dr. Robert Griffin and Dr. Prouditt discussed several phases of diagnosis and treatment of the disease.

Another Lawn Damaged by Car

City Police received a report from Mrs. Christine Cook, of 821 Neff, on Monday, November 13, stating that a car had driven over her lawn. Patrolman Ronald Pryor reported that it appeared as if a car had attempted to drive through the back yard onto Grosse Pointe court. He checked the neighborhood and found that no one had seen or heard anything unusual over the week-end.

Life insurance now can save money for young marrieds

Ask any independent financial counsellor. With few exceptions they'll advise life insurance as one of the first steps towards financial security. For young people it's generally the only way to create instant and substantial capital to replace earning power. And the younger you are when you buy, the lower the premiums.

You'll save money in another way too, if you buy cash value life insurance. This contains a living cash benefit that grows through the magic of compound interest. Your policy cash value can be used to finance a college education in the future or to add to a retirement income. In the meantime it's available to you in an emergency, or for a business opportunity. For example, it's about the best loan collateral you can have. "Do you own any life insurance?" is one of the first questions your bank manager will ask.

How do you fit life insurance into your budget? It's easier today than ever. Manufacturers Life's Manu-Matic Check Plan will provide for an automatic monthly deduction from your bank account and free you from budgeting worries. Ask the Man from Manufacturers to tell you more. You'll like his friendly and competent approach to your life insurance problems.

Council Supports Senior Citizens

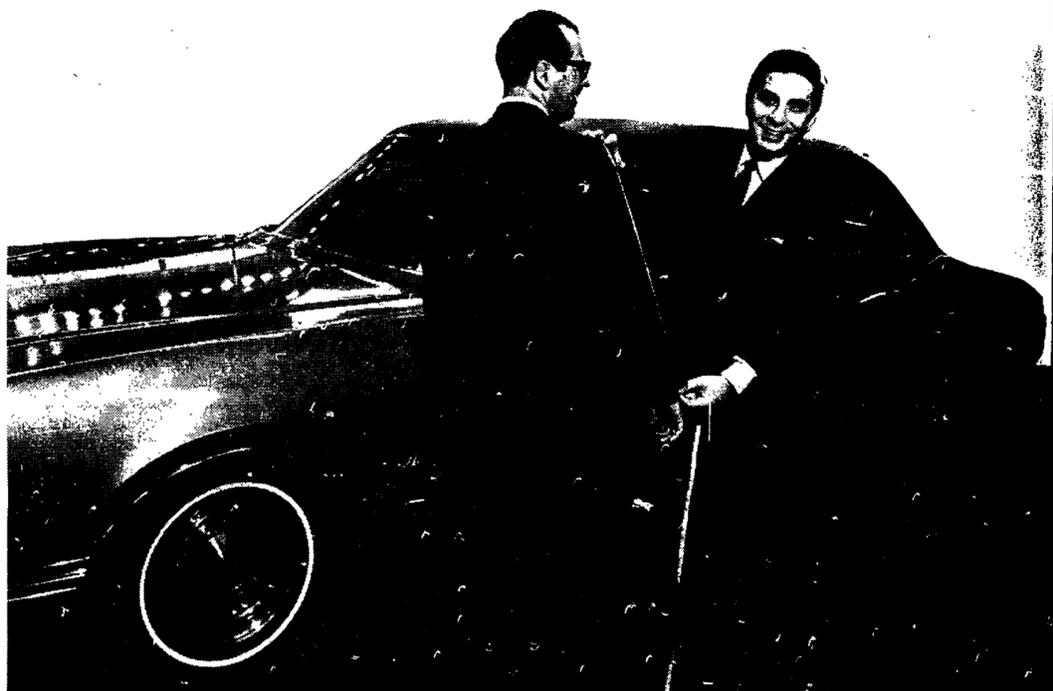

The City of Grosse Pointe Council on Monday, November 20, voted to adopt a resolution urging the State Legislature to increase all limitations on senior citizens' tax exemption so they would continually adjust to the fluctuations of the general economy, or increase the property ownership limitation from \$10,000 to \$15,000. State Equalized Valuation.

The Council discussed the fact that due to the increase in State Equalized Valuation some of the citizens who previously qualified no longer qualify. And it was felt in all fairness to these citizens whose incomes have not increased that the limitation be raised.

No man can be made to feel inferior without his consent.

Live and let live is recognition of the rights of others.

Integrity outclasses all other kinds of pull in the long run.

Students Picked To Study Abroad

Fifteen Grosse Pointe High School students are anxiously looking forward to living abroad following their selection from a group of 23 applicants for American Field Service and Youth for Understanding Programs. Under AFS, Dick Lindsay will spend a year overseas and Gary Enzmann will travel next summer.

For the YFU 13th year abroad, Sue Sankar and Leslie Tily both were chosen.

Among the students selected to spend two months next summer in Europe, Japan, or the Near East under YFU are: Christine Baker, Suzanne Beyer, Kathleen Crossen, Pamela Evans, Gary Magill, Ellen Martin, Bradford Mead, Mary McLeod, Christine Schoes, Christine Tlusty and Caroline West-off.

Mrs. Vorita McClure, counselor, said: "Last September there was an Americans Abroad information meeting during which any students interested in these programs were given applications. These applications, plus a counselor recommendation for each student were read very carefully by members of the adult committee. Special attention was given to the essay in which the student told why he or she wanted to go abroad.

"Then all applicants were interviewed by a committee consisting of adults AFS and YFU representatives, foreign exchange students here this year, and a representative from the Student Council.

"The applicants were asked what they would do in certain situations and how they would deal with subjects like civil rights, Vietnam, and foreign policy.

"The purpose of this interview was to see how mature and capable these people are. It is very important that they know how to handle themselves well," said Mrs. McClure.

"Now that we've done all our selecting, names and applications will be sent either to AFS headquarters in New York, or YFU headquarters in Ann Arbor. Homes must be chosen for the students. This is done very carefully, for they have to be just right," she explained, "or else the students can't go."

Those students on the AFS program will have to wait until the committee in New York makes its final decision, which could eliminate them if there were others better qualified from another area.

The YFU group selected will definitely be going but none of them know just where yet.

John Fernald To Talk Here

The friends of the Grosse Pointe Public Library hope that Grosse Pointers have November 29 at 8 p.m. circled on their calendars.

Mark C. Stevens, program chairman, has arranged to have one of the world's leading theatrical figures, John Fernald, of Meadow Brook Theater and the Academy of Dramatic Art at Oakland University, address a public meeting to be held in the Exhibition Room at the Central Library that evening.

Mr. Fernald has more than 300 London productions to his credit, and Dame Judith Anderson, Peter Ustinov, Siobhan McKenna, Susanna York and Albert Finney to name but a few, have performed under his direction.

Edgar A Guest III will also be featured. He is the grandson of the late Edgar A. Guest and the son of WJR Radio's Bud Guest, and public relations man for Meadow Brook Theatre.

OIL CONTRACT AWARDED

Hears 4 Cases In City Court

The City of Grosse Pointe Municipal Court convened on Tuesday, November 14, with Judge Malcolm J. Sutherland presiding. The following cases were heard:

David Ghesquiere, 3432 Buckingham, Detroit, was charged as a disorderly person. He plead guilty and was found guilty. Case was adjourned without date for further investigation.

Martin Ravine, 9181 Bishop, Detroit, was charged with going through a red light, resulting in an accident. He pled guilty and was found guilty and fined \$35 plus restitution.

Horace Allard, 468 Notre Dame, was charged with leaving the scene of a property damage accident. He stood mute and the case was dismissed because there were no eye witnesses.

Joseph Janicki, 3385 Holbrook, Hamtramck, was charged under the Drunken Motor Law. He pled guilty to the added charge of reckless driving. He was found guilty to same and fined \$100.

Father, Son Hurt In Car Accident

A City motorist and his son were injured when their car was struck by another driven by a Woods youth on Friday, November 17. The accident, which also involved a parked car, took place on Grosse Pointe boulevard, opposite St. Paul High School.

Injured was Robert P. Hurley, 43, of 378 Lakeland, who suffered a fractured nose and a lacerated right knee, and his son, Patrick, 13, who suffered cuts about the face and a lacerated right knee. Both were taken to Bon Secours Hospital by Farms firemen. The father and son were treated and released.

The other driver, James F. Russman, 17, of 1190 Fairholme, was shaken up, but did not require medical attention, a police report disclosed.

According to information released by the authorities, Hurley was traveling west on the boulevard when Russman made a left turn in front of Hurley's vehicle. The youth claimed he did not see the approaching car.

Russman struck the front end of Hurley's automobile, glanced off and ran into the rear of a car parked at the curb. The name of the owner of this vehicle was not given.

Officers at the scene said that there was approximately \$500 damage to both Hurley's and Russman's cars, and about \$50 damage to the parked auto.

Russman was taken to the station where he was issued a ticket for making an improper left turn and failing to yield the right of way. He is scheduled for a court hearing on December 13.

Motorist Accused of Drunk Driving

Thomas J. Waters, 39, of 4030 Tuxedo, Detroit, consented to taking a breath chemical test under Michigan's new Implied Consent Law, following his arrest on Monday, November 13. The results merited his receiving a violation ticket for driving while under the influence of liquor.

According to a Woods police report, Sgt. Jack Mast and Patrolman Peter Thomas, while on routine patrol on Mack avenue, observed Waters traveling south on the thoroughfare, without car lights and at slow speed, weaving from lane to lane.

The policemen said they paced the motorist at about 20 miles an hour, but were unable to stop him until he made a turn onto Moross road, going west.

When ordered out of his vehicle, Waters had to lean on the car for support, the officers said. They placed the man under arrest and took him to the station, where they informed Waters of his rights, and asked him if he was willing to take a drunkometer test. Before receiving an affirmative answer, Waters was informed of his rights under the law, Mast and Thomas said.

The meter registered .27 percent alcohol in Waters' system, which under a guideline set by the statute, presumes that a motorist is drunk and his driving impaired. A reading of between .15 and .20 percent of alcohol in the blood stream indicates drunkenness.

Waters was issued a violation ticket for drunk driving and is scheduled to appear in court on Saturday, December 2.

Under the law, which went into effect on November 2, any person applying for a Michigan operator's license, automatically consents to taking a test, if he

should happen to be arrested by an officer who believes the motorist is drunk, or his driving is impaired.

Refusal to take the test may result in the suspension or revocation of the person's operator's license for not less than 90 days, nor more than two years, depending on the findings of a hearing held before a Secretary of State Board.

First Play of New Season Produces Salvo of Praises

When the curtain came up for the second act of the Grosse Pointe Theatre's Group's first production of its twentieth successful season, the audience burst into applause. The setting for Acts 2 and 3 were plush. Its design was authentic in every detail of a Czech Villa.

"The Great Sebastians ran at Fries Auditorium, November 3, 4, 5, 9, 10, 11, to capacity audiences. The director was Gigi Gagini. In the past Gigi has starred in many productions with which she has been connected. Her remarkable ability as a director is attested to by the success "The Great Sebastians" enjoyed during its run at Fries Auditorium. When not working in the theatre Gigi is a statistical secretary.

Nancy Fielding produced the play. Her calm, reassuring air

helped the cast and crew through the trauma usually associated with theatrical endeavors. Nancy has also produced nine handsome children, of whom husband Jim is justly proud.

Bob Binder was stage manager. The production required a complicated set change between the first and second acts. With his crew, he did a rapid, skillful transition. Bob is a products system planner for Chrysler Corporation.

Technical Director Cecelia De Fauw showed that a woman could supervise the building of an elaborate set. She had a lot of experience by remodeling her home in Kerby road. She is the mother of five boys and a physical education teacher at St. Ambrose, Annunciation and St. Paul's.

Set dressing was by Maxine Brydges, of Maurice Wood, Inc. The lavish decor has given several of Maxine's Grosse Pointe clients some new ideas for their own home redecorating.

Mark Reeves and Al Lombardini lighted the set. The season's production chairman is the skillful Tom Gallagher. His great efforts in this play were in keeping with his spirit of tireless good nature.

George Wilson, a talented actor with nearly a lifetime of experience, returned to G.P.T. stage after an unusual absence which spanned five shows. He's a long-time mainstay of the group; at one time he had a hand in 14 consecutive productions. As the sophisticated con man, Rudi Sebastian, he employed again his flair for comedy and fine sense of timing which marked his past performances, as a father in "The Fantastics" and the Chicago hood Big Julie in Guys and Dolls." George is a golf champ at Hillcrest Country Club.

Lois Bendler, office manager, is a very active performer with both the Grosse Pointe Theatre

and Windsor Light Opera. She brought to the part of the London-Born Madame Sebastian, a touch of needed sophistication and several roles which required dialect. She is the type of actress commonly described as "statuesque," which was appropriate to her musical comedy leads in "Fanny" and "Can-Can." A mother of three, Lois is a most cooperative actress and an asset to the G.P.T.

In addition to building houses, Al Bertel has built a solid reputation with G.P. audiences for his acting versatility. It's a long way from Nathan Detroit, the crap game proprietor of "Guys and Dolls" to the tough but frightened General Zandek. Al handled the almost split personality of Zandek with the same sureness that marked his earlier appearances in "Can-Can," "The Caine Mutiny," "Arsenic and Old Lace." Also a member of Fine Arts Society, he has served the G.P.T. as president and won two of its awards for best actor.

Vice-president Larry Marco is one of the group's busiest members, Larry is becoming known for his treatment of parts re-

Brought Speeding Without Brakes

On a routine patrol on November 18, City officers Donald Stecker and Edward Miller observed a 1967 Ford going east on Lakeland at excessive speed. The car was going in excess of 55 m.p.h. and began weaving at the intersection. The car then crossed the line to the wrong side of the street.

Officers stopped Walter E. Palmer, Detroit, at the station. The car was in very poor condition and the driver's door was shut and the vehicle was taken to get out of the way. When doing this he left the car in gear forcing officer to chase the car in order to stop it.

Palmer was called in to assist Stecker and Miller in the subject and the car was then taken to the Pointe Wood Station where he consented to a breathalyzer test.

The official test results were 0.15 per cent.

Palmer's breath analyzer test results were 0.15 per cent alcohol by weight in the blood. He is presumed sober. If it is presumed that his driving is impaired, the presumption is that he is under the influence of intoxicating alcohol.

Palmer was arraigned before Douglas L. Paterson on November 20. The trial is set for December 4. Harris is to obtain an attorney as per his request. He was released upon payment of \$100 bond.

Optimist Club Host to Cast

At the November dinner meeting of the Grosse Pointe Optimist Club, held in the Grosse Pointe War Memorial Center, the club entertained the members of the cast who participated in their recent 20th Annual Show, "Billboard Varieties of 1967," held in Parcels Junior High School.

The high point of the evening was the dispersion of the proceeds derived from the cast's efforts and the splendid support of the community in the sale of tickets and contributions. Lon O'Connor, past president, presented a check in the amount of \$500 to John King, board member of the Foundation for Exceptional Children, and Ernie Hobbs, show chairman, presented a check in the amount of \$1,000 to Mrs. Martin Potts, president of the Michigan League for Crippled Children.

Both Mrs. Potts and Mr. King explained the functions of their organizations and expressed their appreciation of the Grosse Pointe Optimists support.

Also in attendance to enjoy these presentations were Stanley Warner of Saginaw, past Governor of the Optimist International, 17th District of Michigan, and Edward Stanko, Lt. Governor of Zone 12, 17th District. Both gentlemen applauded the work and contribution of this small group for the benefits and pleasure given our handicapped and retarded boys and girls in our area.

The Optimists are quick to point out that without the support of the many Pointers their work would not be possible, and they are now looking forward to next year and a successful 21st Annual Show.

Sex Education Program Slated

A free forum on "The Role of Sex Education in Our Community" will be held at Grosse Pointe War Memorial William Fries Auditorium, 32 Lakeshore, Tuesday evening, December 5, at 8 o'clock. It will be co-sponsored by the Family Life Education Council, The Mothers' Club of Grosse Pointe High School, the Grosse Pointe Ministerial Association and the Grosse Pointe War Memorial Association.

The program will begin with a playing of the tape of Dr. Mary Calderone's first address and dialogue with Grosse Pointe High School students during her recent visit. Then a panel will lead a group discussion of the "Role of Sex Education in Our Community."

The panel will be moderated by Richard Kay, Director of Community Services, Grosse Pointe Board of Education. Adult panel members will be Calter Worrell, M.D., president of the Family Life Education Council, Reverend Gary Gruber, Instructor of Life Planning at Grosse Pointe University School, Mrs. Lawrence Westerville, Counselor at Grosse Pointe High School, and Father Robert Rokusek, representing the Parochial Schools. A group of student panelists from those who were in private session with Dr. Calderone is also being selected.

The discussions leaders will throw the floor open to questions and comments from the entire audience.

City to Replace 27 Lost Trees

The City of Grosse Pointe Council acting on the recommendation of City Manager Thomas Kressbach, voted on Monday, November 20, to replace 27 trees lost by Dutch elm disease and storm damage. Last year the City lost 24 trees to Dutch elm disease. This year only 16 trees were lost. The council felt that a good part of the improvement was due to the extensive spraying program done by Shock Brothers.

The new trees have been selected on the basis to permit proper growth and also to provide an aesthetic balance with existing trees. They will include Norway Maples, Red Oaks, Lindens, Sugar Maples and focus.

Shock Brothers has quoted the city a price of \$1,620 or \$60 per tree for 27 trees. They were awarded the contract.

Most everybody saves for a rainy day, but few wait for one.

Richard PTA Meets Nov. 29

Dr. Stuart Rankin, director of the Michigan-Ohio Regional Educational Laboratory (MOREL), will be the speaker at a meeting of the Gabriel Richard PTA, Wednesday, November 29, at 8 p.m.

Dr. Rankin directs one of 20 educational laboratories across the Country which were established under Title IV of the Elementary and Secondary Education Act to encourage the development and spread of new ideas in education.

MOREL's program of research, demonstration and dissemination is directed to improvement of teaching effectiveness. Field teams are working with teachers in various schools in Michigan and Ohio to develop techniques by which teachers can be encouraged to recognize their own weaknesses and take steps to improve themselves.

Although MOREL is called a "laboratory," its offices in the Professional Plaza Building serve only as headquarters for the staff, which carries on its activities in the schools themselves.

George E. Parker III is program chairman of the Richard PTA. President is Dr. Robert Gerard Mooney, vice-president; Mrs. Henry Peabody, secretary, and Frank Welscher, treasurer.

Pumping Station Trouble Located

City Police observed from the automatic control in their station that the Pumping Station was having a power failure on Saturday, November 18.

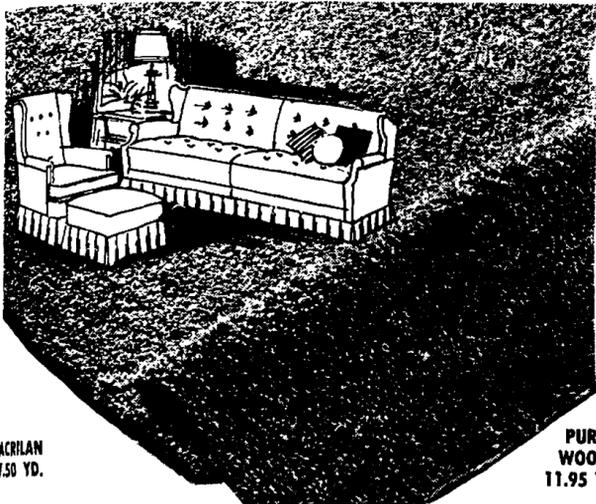

Cpl. Duncan MacEachern and Sgt. Foster Mauck checked at the Pumping Station and found that the electrical power unit was out. Joe Dube, Pumping Station maintenance man, was notified and the Detroit Edison checked the wires in the area. The trouble was rectified within an hour and the pumps began operating properly.

The source of the problem, lack of current going into the building, was corrected by Detroit Edison.

To Demonstrate Yoga Philosophy

A free demonstration of yoga will be presented at Grosse Pointe War Memorial Wednesday evening, December 6, by Mr. and Mrs. George O. Johnston Jr., who are S.R.F. certified instructors. Mr. and Mrs. Johnston will talk about the philosophy of yoga and demonstrate the exercises by which a yoga student keeps in shape mentally and physically. Yoga combines mental concentration with bodily routines designed to tone organs and relieve stresses and strains. Mr. and Mrs. Johnston teach yoga classes at the War Memorial but attendance at the demonstration obligates no one.

G.P.U.S. Soccer Team Surprises

The Grosse Pointe University School had a mildly successful fall sports season this year. The Varsity Soccer Team was both a surprise and a success. They finished the year with a 6-3-2 record, the first winning record in the sport's short varsity life. The soccer team was the runner-up in the Maumee Invitational Tournament.

The team was led by senior captain Bruce Barit. Bruce played goalie and gave up only 11 goals during the entire year while chalking up five shutouts. He was named the Most Valuable Player at the Maumee Tournament.

Defense was the key to the soccer team's success. Fullback Matt Gordon and Halfback Tomper Ware were the defensive specialists who helped make Barit's job easier. A lack of a strong line was the team's main weakness. While Barit was holding the opponents to a mere goal-a-game average, the offense was only able to score 10 goals throughout the entire season. These goals came at the right times, though, as the team racked up six wins. Rip O'Dell was the leading scorer with five goals.

The football team suffered growing pains this year. With only four seniors on the squad, the inexperienced Knights succumbed to stronger opponents in five out of seven contests. The team composed of mostly sophomores and juniors showed genuine capabilities during a few bright spots, especially in the thrilling 20-14 comeback victory over Pickney in the initial game of the season. Hopes are high that the team gained the needed experience and confidence to make them winners next year.

Men Gardeners Hold Election

Sam A. Macey, of 818 Cadieux road, was elected president of the Men's Garden Club of Grosse Pointe at the meeting last week in War Memorial Building.

Serving with him during the coming year will be: William Hugh V. Foley, second vice-president; Clifford Currie recording secretary; Edwin Riehrig, treasurer; James D'Allesandro, parliamentarian; Lynn Zwickley, editor; and Phillip C. Baker, corresponding secretary.

New members of the board of directors will be Stanley A. Gitre, Dr. John Pear and Stanley Remus.

The members heard an interesting lecture on "Hemerocallis" by Mrs. Amy Duke Har-

Mrs. Harris informally discussed the history, highly varied types of growth and coloration, the ease of care and ready reproduction of hemerocallis. Her enthusiasm affected her audience to the point that a large number of the men became

day-lily converts. Mrs. Harris, wife of Dr. Ivor Harris, is a native of Georgia, and a graduate of Duke and Virginia Universities. She is past president of Grosse Pointe Garden Center and editor of Women's Magazine and women's editor of Men's Magazine.

Letters to the Editor

Att. of the Editor,
 Grosse Pointe News.
 An open letter to Mr. Robert Waldron:

It surprised me somewhat, Mr. Waldron, that in October 25th's Detroit News, you openly admitted that the Detroit riots were responsible for changing your mind about open housing, and now you are co-sponsoring a bill to achieve open housing. The fact that a man of your station is capable of being blackmailed simulates the "better red than dead" group; that is "better open housing than having to fight the black nationalists."

You spoke about the American dream as though it were synonymous with motherhood, apple pie, and open housing. On the contrary, I see the American dream going down the drain little by little, and the basic rights of the individuals going right down with it.

There are two questions posed here. One has nothing to do with the rightness or wrongness of open housing. This is that an elected official is a servant of the people he represents. No player has the right to carry the ball for another team. This is exactly what you're doing, for I'm sure if you took a poll of your own constituents on the question of open housing, there would be little doubt as to the outcome of that poll. Let the representatives in the districts crying for open housing carry their own ball. After all, isn't this what democracy is all about?

What Goes On at Your Library
 By Virginia Leonard

By Virginia Leonard

Hope is put forth, at this holiday season, for health, good fortune, a solution to our war problems, as well as our internal ones.

Action must be taken, apathy put to flight, if we are to preserve our nation and keep the gains that civilization has made since the beginning of time.

Peace should be our goal, of course, if we are to maintain the strides our Pilgrim fathers took many years ago in this then-new land of ours.

Prosperity for all can be attained if we all help our fellowmen.

Youth is our only hope. May the young people of today not only profit by our mistakes but also take courage from what our forefathers have done.

Thanksgiving Day comes but once a year. This year it comes in the midst of turmoil, trials and tribulations, and a lack of racial and religious tolerance.

Happiness should be ours; we have so much to be thankful for. But there is unrest; witness the hippies, the bombing of Hanoi; all the hurt and harm that is unleashed in our country.

America is a great country; our ancestors fought to establish themselves here, and on this day, we should remember their anguish and their actions.

Nineteen-sixty-seven is about over; nineteen-sixty-eight will soon be here. Let us hope that during the coming year we can have a better record.

Kindness and understanding are necessary if we are to continue to live with one another. Let the spirit of Kris Kringle dominate our thoughts and actions at this time of year.

Strength and solidarity must be put forth also. Scientists are sending rockets and men into orbit; let us try more skills in solving the difficulties on this planet.

Giving to others, and getting to know our fellowmen a little better—these should be the order of the day.

Integration seems to be one of the key-notes of this era. Let us work at it sensibly and sanely.

Vigor and vitality must be expended to destroy viciousness and bring about the necessary victory we all want and need.

Ideas—good ones—are required to cut through the complexities of our contemporary civilization. Let us all work toward a better and bigger national image.

New England was the locale of our first Thanksgiving. In celebrating this year let us remember the vicissitudes the Pilgrims suffered to give us our present nation.

Guidance from God, or whatever higher power one believes in, is asked for on this day of feasting and remembrance.

Determination to cope with some of our problems of this past year, such as the Detroit race riots, should be high up on our agenda of things to be done.

Anger is healthy if used in a positive way; all able citizens should work toward possible solutions to our many troubles.

Year 1967 is almost over. We repeat; another year means another chance to do better. We wish you all a pleasant and rewarding November 23rd!

Scouts Conduct Clothing Drive

Boy Scouts of Detroit Area Council completed Saturday (November 18) the distribution of some 400,000 Good Turn bags to homes in the Greater Detroit area. They will return on Good Turn day, November 25, for the filled bags.

The success of the 1967 Boy Scout Good Turn for Goodwill is now in the hands of the housewives who are asked to fill them with repairable clothing can see that they are on front porches by 10 a.m. on Saturday, November 25.

To aid the Goodwill trucks in the collection of tons of filled bags, the drive has the support of industry and trucking concerns. Teamsters' union officials have approved truck drivers volunteering their services.

The big need now is for 200 volunteers to unload at the Goodwill warehouse at the State Fair Grounds (Woodward between 7 and 8 Mile Roads) between the hours of 2 and 6 p.m. this Saturday afternoon. College students from U. of D., Wayne, DIT, and Lawrence Tech are urgently counted on, plus all others who can offer their services. They are asked to come to the main gate of the Fairgrounds. They will be directed.

Used clothing donated through the Boy Scout Good Turn drive becomes vital materials in the employment and training of

Camera Club Meets Tuesday

The Grosse Pointe Camera Club will have a Social-Educational meeting on Tuesday, November 28, at 8 o'clock, in the Grosse Pointe War Memorial.

Russ and Vera Axson will speak on their trip to Japan. A coffee hour will follow. Guests are welcome.

Stranded for Three Days

"I was stranded for three days in my own home in the world's largest industrial city." "A sudden nine-inch snowfall had trapped me." This was the story for many elderly people in the Grosse Pointe area last February. Don't take a chance. Call Cal Fleming Snow Removal Service. Fleming will be guest of honor of the University of Michigan Club of Grosse Pointe at its 12th Annual Dinner to be held in the Fries Building of the Grosse Pointe War Memorial.

Mr. Fleming comes to Michigan from the University of Wisconsin, where he has been Chancellor since 1964.

This fall he has been working with U. of M.'s retiring president, Harlan Hatcher, preparatory to assuming office on January 1, 1968, as the ninth president in the University's 125 years of existence.

Mr. Fleming's special field of interest has been labor relations, and last year he served as president of the National Academy of Arbitrators.

He currently serves as a member of the Atomic Energy Labor-Management Relations Panel and of the United Auto Workers Public Review Board. In 1962 he was chairman of the presidential board which helped settle the dock workers' strike on the Atlantic and Gulf coasts.

A cordial invitation is extended to all who would like to take advantage of this opportunity to hear Mr. Fleming's views on the University.

Constance Martha Wendin, daughter of Mr. and Mrs. Sigurd Robert Wendin, of Cloverly road, was married Saturday evening, November 18, to William Harry Sholem, son of Mr. and Mrs. Jerome J. Sholem, of Champaign, Ill.

Setting for the 8 o'clock ceremony was Grosse Pointe Unitarian Church. Dr. Harry C. Meserve officiated at the rites.

The bride, given in marriage by her father, wore a gown of white silk alpaca and Alencon lace embossed with seed pearls, fashioned with long tapered sleeves featuring lace insets and a Watteau Chapel train.

A silk bandeau edged in jewels held her formal length silk illusion veil, and she carried a bouquet of white roses and stephanotis, with ivy.

In short-sleeved, floor length frocks of pomegranate satin, accented with broad bands of Tapestry-like crewel embroidery, were matron of honor Mrs. Philip C. Giesen and bridesmaids Mrs. Donald Peterson, of Horseheads, N.Y., Mrs. Adel H. Eltimsahy, of Knoxville, Tenn., and Mrs. Sigurd Robert Wendin, Jr., of N.Y.

They wore ivy bands in their hair and carried bouquets of Sweetheart roses and ivy.

Mrs. Wendin, mother of the bride, wore a floor length dress of gold and silver lace. Mrs. Sholem, the bridegroom's

mother, chose a blue chiffon floor length dress, with beading at the neckline.

A reception at the Country Club of Detroit followed the ceremony.

The newlyweds are vacationing in Arizona on their way to San Francisco, where they will make their home.

For traveling, the bride chose a red, black and navy wool dress, with a matching navy coat.

Gourmet Flower Program Given

Members of the Deeplands Garden Club, who met at the Moross road home of Mrs. Thomas Munson on November 13, heard many suggestions for adding glamor to their holiday menus when club member Mrs. Pierre Palmentier presented a talk on "Flowers for the Gourmet."

Mrs. Palmentier discussed the art of using flowers as food and condiments, which has flourished for thousands of years. Samples of decorative crystallized flowers were given to the members, and menus for many exotic dishes were presented.

The speaker also pointed out flowers and garden shrubs to be avoided in the use of food preparation, and the dangers of poisons which lurk in many ordinary house and garden plants.

Pianist Cliburn With Symphony

Van Cliburn, the tall Texan whose pianistic exploits have thrilled millions, will be heard as soloist at the Detroit Symphony Orchestra concerts in Ford Auditorium this Friday and Saturday, November 24 and 25. Concert time is 8:30 o'clock.

With Symphony music director Sixten Ehrling on the podium, Cliburn will perform the popular Rachmaninoff Piano Concerto No. 2 in C minor, Opus 18.

The Symphony also will perform the Haydn Symphony No. 103 ("Drum Roll") and Carlos Surinach's "Melorhythmic Dramas." The latter work was commissioned by the Meadow Brook Festival Committee of Oakland University for premiere by the Detroit Symphony in 1966.

The Friday concert this week supplants the Symphony's customary Thursday performance,

due to the Thanksgiving holiday.

Cliburn has long been a favorite of Detroit Symphony audiences and has appeared frequently with the Orchestra. His first visit was in February 1956, two years before his name became known to the whole world as winner of the Tchaikovsky Competition in Moscow.

He has performed a total of 14 concerts with the Detroit Symphony to date, including appearances with the Orchestra at both the Meadow Brook and Worcester (Mass.) music festivals.

One of the busiest of pianists, Cliburn is currently on a 50-city North American tour, interspersed with two trips to Europe for engagements there.

subscription luncheon will follow in the War Memorial's Crystal Ballroom.

The Lecture will take the form of a Panel Discussion, moderated by William Austin, Fellow of the American Institute of Interior Design and member of AID's National Board of Governors.

Panelists will be landscape architect Cyril Paumier, Jr., who earned his undergraduate degree at Ohio State University and his Masters at Harvard; architect James Gibson, member of the American Institute of Architects, who earned his degree in Architecture at the University of Michigan; and interior designer Robert Reddaway, president of the Michigan District Chapter of the American Institute of Interior Designers and designer of the Michigan Room at the New York World's Fair.

An Evening On Easter Island

The Polynesians call it "Rapa Nui," we know it as remote, fabled Easter Island—and it's the "destination" of the Michigan Circumnavigators Friday evening, December 1.

Leader of the expedition will be Dr. William Mulloy, explorer and anthropologist, University of Wyoming, member of the original Thor Heyerdahl "Aku-Aku" Easter Island raft crew in 1955-56.

Dr. Mulloy has returned to Easter Island many times in the past decade. Now the world's leading authority on its Lost Civilization, he's flying into Detroit directly from Easter Island to conduct the local Circumnavigators, gathered at the Mauna Loa for their 11th annual black tie dinner, on a personal tour.

Chairmen of the South Pacific Pacific evening are Mr. and Mrs. John O. Peters, of Cranford lane, assisted by Circumvicepresident, (yes, that's the way Club members refer to their officers!), and Mrs. W. Richard Jeeves, of Lincoln road, Mr. and Mrs. Dan Abbey, of Hawthorne road, and Mr. and Mrs. Don Miller, of Lakecrest lane.

Mesdames Miller, Abbey and Jeeves are assisting the table decorations' committee, spending countless hours gilding fresh pineapple, studding them with jewels and topping them off with gold sprays. These will be placed, as centerpiece, on gold doilies, surrounded by shell necklaces from Tahiti and fresh flowers flown in from Hawaii.

Among local Circumnavigators and their wives who've already made plans to attend the party are circumhonorarypresident and Mrs. George F. Pierrot, Circumsecretary-treasurer Mark C. Stevens and Past Circumpresident J. Leslie Berry.

More are Pointers Mr. and Mrs. Victor R. Breidenbach, Mr. and Mrs. Howard B. Wolff, Mr. and Mrs. Edward J. Tutag, Mr. and Mrs. Bernard Whitley, Mr. and Mrs. Henry Bourne Joy, III, Dr. and Mrs. Nelson Taylor, Mr. and Mrs. Sterling S. Sanford, Mr. and Mrs. J. Lawrence Buell, Jr., and Mr. and Mrs. Rex George Ciavola.

Still more are Dr. and Mrs. C. H. Ewing, Dr. and Mrs. Clarence McGuire, the Earl G. Meyers, the George A. Michalsons, Jr., the Arthur A. Porters, the Leslie C. Putnams and the Victor F. Radcliffes.

British Empire Daughters Will Honor Lady Easton

Wayne Women Plan Workshop

Grosse Pointe area Women of Wayne will present their Christmas workshop, "Chuck Full O' Ideas," at 7:30 o'clock Wednesday evening, November 29, at the Hospitality Center, Kercheval avenue in "the village."

The program will include construction of gilded Christmas angels by Mrs. P. N. Askounes. Complete kits will be available for purchases. Mrs. Annette Youngers will display and instruct the audience in the making of colorful wall hangings and there will be demonstrations of how to make wreaths, glamorous tree ornaments and centerpiece. Materials for these items will also be for sale.

A display table will be available for those members having their own samples of Christmas craft ideas. Further information may be obtained by contacting Mrs. William McGraw at Va 2-

5089. Members will be welcomed by Mrs. Lee Allen, president, and other club officers. Mrs. George Gardner and her hostess committee will greet newcomers at the door. Refreshments will be provided by Mrs. Oscar Noren and her co-workers.

Alumnae and guests are requested to come to the meeting early because of the limited seating capacity. Guests will pay \$1 door charge.

A large contingent of Grosse Pointe Women of Wayne and their escorts had a delightful evening at Wayne State University's annual Night of Splendor held at the Detroit Press Club November 11.

Perhaps the most congenial group were the lucky passengers transported to the gala by Mr. and Mrs. Allen in their private bus. This group met earlier for cocktails at the home of Mr. and Mrs. McGraw

St. Francis Home For Boys Choir Sings During Service; Reception At Lochmoor Club Follows Ceremony

Mary Catherine Loveley, daughter of Mr. and Mrs. Joseph Donovan Loveley, of Sunningdale drive, and Ralph Jackson Heikkinen, son of Mr. and Mrs. Ralph I. Heikkinen, of Peartree lane, were married Saturday, November 18, at Our Lady Star of the Sea Church.

The Nuptial Mass was celebrated by the bride's three uncles, The Reverend Edward G. Donahoe, of Flint, The Reverend Arthur E. Loveley, S.J., and The Reverend Edward M. Loveley, S.J., of the University of Detroit.

The St. Francis Home for Boys Choir sang under the direction of John Chantos.

The bride wore a white peau de soie gown designed with a high-rise waist, scoop neckline and long sleeves, appliqued with re-embroidered Alencon lace and seed pearls. Her semi-fitted skirt ended in a chapel train.

A small headpiece of matching lace flowers held her bouffant illusion veil. She carried a cascade of white phalaenopsis orchids, Jack Frost roses, stephanotis and ivy foliage.

Margaret Walsh was maid of honor. Bridesmaids were two sisters of the bridegroom, Margaret and Linda Heikkinen, Su-

san Jason, Jeri Dean and Ann Beattie. They wore floor length gowns of moss green tree bark fabric with matching headbows, and carried cascades of bronze Thelma mums with accents of yellow garnet roses and ivy foliage.

Frank Whitton, of San Diego, Calif., was best man, and ushers were the bride's brother, Edward D. Loveley, Phillip Swan, Albert Bolden, Jr., Paul Gilliland, III, and Robert Guenzel, Jr.

After a wedding trip to Nassau, the couple will make their home in Detroit.

Mrs. Loveley was attired in a mint green Alaskine coat and matching sheath dress. Mrs. Heikkinen wore a beige Alaskine dress and matching jacket. Their purse corsages were fashioned of cymbidium orchids.

Immediately following the wedding, a reception was held at the Lochmoor Club.

Mooney Booked At Town Hall

William Mooney will be making his first Detroit appearance when he brings his one-man show of frontier humor, "Half Horse, Half Alligator," to Detroit Town Hall, Wednesday, Nov. 29.

A celebrity luncheon at Howard Johnson's, W. Grand Boulevard and Second will follow the 11 o'clock show in Fisher Theater.

Mooney's show opened off-Broadway a year ago to rave notices: The New York Times said, "a handsome young man with a fine voice... a vigorous performance." The Christian

Science Monitor: "William Mooney conjures up with simple means and brilliant effect that sense of living, laughing people in a young country."

It was while acting in a Vienna English Theatre production of "Spoon River Anthology" that Mooney got his chance to put on his show. "Spoon River" closed prematurely with the illness of the female lead and Mooney was asked to finish the season with "Half Horse, Half Alligator."

Karen Ann Ducastel Weds Mr. Loosvelt

Bride's Ivory Peau de Soie Gown Features Lace Accents; Attendants' Frocks Fashioned Of Shocking Pink Raw Silk

Vacationing in Miami, Fla., are Mr. and Mrs. Ronald Loosvelt, who spoke their marriage vows Friday evening, November 17, in St. Joan of Arc Church. They will return to make their home in Grosse Pointe Woods.

Following the 7 o'clock Mass at which The Reverend Eugene L. Carinci officiated, a reception was held at The Carousel.

The bride is the former Karen Ann Ducastel, daughter of Mr. and Mrs. Robert Ducastel of Hampton road. Her husband is the son of the George Loosvelts, of Moran road.

For her marriage, the former Miss Ducastel chose an ivory peau de soie Empire gown accented with re-embroidered Alencon lace, and a long length, lace-edged mantilla of English net. She carried a Colonial ar-

rangement of pale pink carnations and baby's-breath.

Her attendants' floor length Empire frocks were fashioned of shocking pink raw silk, and they carried Colonial bouquets of pink carnations with moss green velvet ribbon accents.

Gaile Ducastel served as her sister's maid of honor. Bridesmaids were Mary Kaye Deonnie, Mary Kay Talbot, Mary Kay Moloney and Janice Wenzel.

Best man was Lawrence Frankland. In the usher corps were Richard Loosvelt, the bridegroom's brother, John Kennedy, James Sullivan and Richard Van Lent.

Little Girls' Dresses Needed

The 38th annual Ruth Alden Dress Drive is now open and hoping to supply 15,050 needy little girls with a new school dress for Christmas.

The dresses go into Goodfellow boxes that are distributed by Detroit policemen at Christmas. Over the years, Ruth Alden has placed more than a half million dresses in these boxes for little girls.

Just \$2 will buy a new dress for a school girl. Because of special arrangements with suppliers, that's all Ruth Alden pays for a more expensive dress which usually sells for \$4 or \$5.

Sewn dresses are also welcomed in sizes six through 12. They must be of a washable material and in a pattern suitable for school wear.

Send your dresses and contributions to: Ruth Alden, P. O. Box 701, Detroit Free Press, Detroit, Michigan 48231.

Hosting a dinner-dance Friday at the Little Club were MR. and MRS. JEREMIAH V. JENKS, of University place, whose guests included Mrs. Jenks' brother-in-law and sister, MR. and MRS. JOSEPH SANFORD HARRIS, of Mystic Conn.

Father Vincent Welch officiated at the 11 o'clock ceremony, which was followed by a reception at the Grosse Pointe Hunt Club.

The bride, the former Carol L. Wiley, daughter of Mr. and Mrs. Fred Wiley, of New Orleans, La., formerly of Detroit, wore a floor length gown of lace over taffeta, styled with a Chapel train.

Her silk illusion shoulder length veil fell from a lace headpiece, and she carried a bouquet of Eucharis lilies, stephanotis and ivy.

Honor attendant Sue Wibbe and bridesmaid Judy Kreit wore floor length frocks of peacock blue chiffon over taffeta. Their bouquets were fashioned of white daisies and ivy.

The bridegroom, son of Mr. and Mrs. Clem Brossier, of Neff road, asked John Blocker to act as best man and James Kahn, Charles Kaltenbach and Arno Poerner to serve as groomsmen.

The mother of the bride wore an iridescent blue-green taffeta ensemble, while the bridegroom's mother selected a shocking pink silk coatdress.

Both mothers chose Eucharis lily corsages.

Annual Show of Jack Miner's

KINGSVILLE, Ontario—
The migrating geese are at the
Jack Miner Sanctuary in suf-
ficient numbers to provide a
spectacle for any who care
to visit.
This was the word from
Jack Miner, son of the
late founder, who now runs
the sanctuary. He said the
migrating geese will occur
during the first three weeks
in November.
There is no admission

closed Sunday. However, a
good view of the geese can be
had from the road when the
sanctuary is closed.
The best viewing time is
between 3:30 and 4:30 p.m.
when the birds put on their

George Lewis Claims Bride

George Porter Lewis, son of Mr. and Mrs. Fred M. Lewis, of Lincoln road, claimed Anne Thoburn Lewis, daughter of Mr. and Mrs. Stewart Lewis, of Glen Ellyn, Ill., as his bride Satur- day, November 18, in First Methodist Church, Kalamazoo.

Dr. James Wright officiated at the 2:30 o'clock ceremony, which was followed by a recep- tion in Kalamazoo's Civic Audi- torium.

The bride, who had been mak- ing her home in Kalamazoo, wore an ivory satin and lace gown. Her shoulder length veil fell from a pearl headpiece, and she carried a cascade of white carnations and ivy.

Honor attendant Mrs. Dan Williams, of North Aurora, Ill., and bridesmaids Ann Temple, of Kalamazoo, and Missie Lewis, the bridegroom's sister, wore Empire frocks of ivory faulle and Chantilly lace, ac- cented with moss green velvet ribbon.

Their cascade bouquets were fashioned of Fuji mums, carna- tions and ivy.

Acting as best man was Don- ald S. Owens, of Ann Arbor. Seating the guests were Peter Miller, Gerald Webster, Richard Smaga and Douglas Lewis, brother of the bride.

The bride's mother selected a royal blue faille coatdress and a corsage of white carnations and Sweetheart roses. The bridegroom's mother chose a dress and matching jacket of aqua crepe, and a corsage of pink carnations and Sweetheart roses.

The newlyweds are vacation- ing in Grand Rapids. They will live in Kalamazoo.

Plans Revealed By Teen Dems

The 14th District-East Teen Democrats have announced that their monthly general member- ship meeting will be held on Sunday, November 26, at 3 o'clock, at the District Head- quarters, 14931 E. Warren. An executive board meeting will be held the hour before the regu- lar meeting.

The 14th has announced plans for holding a state-wide dinn- er, inviting teen dems from the entire federation to be held on December 27, at Loyal Wing Hall. The cost is \$4 per person for the buffet dinner with en- tertainment provided by a band.

Other topics to be discussed include plans for the voter iden- tification program, where dif- ferent techniques will be used in precincts to establish, for the party, the most effective means to carry out this necessary task. Also, the open-housing bill will be discussed and plans made for possible work on its behalf.

Arrangements will also be made for work in tutoring de- prived children in the inner city because the group believes that just passing resolutions or talking of the lack of communi- cations is not enough. Total commitment is necessary. Finally, fund raising projects, like the bake sale to be held on December 27, will be planned in order to raise money for the club newspaper, pamphlet, etc.

All members and interested people are urged to attend this important meeting. Anyone in- terested in joining the club or helping on any of the projects should contact Jerry De Griek, 1535 N. Renaud, 48236, 881-2721.

Rotary to Hear Pollution Talk

Olga Madar, executive board member at large of the United Auto Workers International, will be the guest speaker at the Monday, November 27, meeting of the Grosse Pointe Rotary Club, at the Grosse Pointe War Memorial at 12:10 o'clock.

Miss Madar's subject will be "Our National Problem of Air and Water Pollution." She is well versed on this problem, in that she is director of con- servation and resources de- velopment for the U. A. W.

Miss Madar served with the Detroit Parks and Recreation Commission from 1958 to 1966. She also served on the ad- visory committee of the Rec- reation Commission of the State Department of Conserva- tion.

She was instrumental in founding "Pollution Action Line (P. A. L.), the purpose of this organization is to obtain the support of organized labor and of interested citizens in ridding the nation of the problems of air and water pollution.

Letters to the Editor

(Continued from Page 14)

Secondly, the open housing question itself, in my opinion, transcends the racial issue. Speaking about the American dream, the property rights of the individual are among the most basic of our rights as Americans. As a property owner, I should have the right to sell my home to whomever I please, and conversely the right to say, "I don't want to sell my home to you because you're Negro, because you have a shoddy reputation, because you have a wart on your nose or for any other reason that might come to mind. Now, if my next door neighbor sells his house to any of the above, that also should be his privilege, and I do not then have the right to throw rocks, etc., be- cause as a home owner he should be able to sell his home to anyone he wants to. The key words there is "he wants" and because he wants, not because our increasingly "big brother" government tells him he has to. You take away this fundamental right and "1984" will be a reality in 1967.

Joan Mullan (Mrs. William)

I am writing this letter in
regard to one that appeared in
your "Letters-to-the-Editor"
column last week concerning
the basketball team at Grosse
Pointe High School. In that
letter, it was suggested that
in order to "make" the team, a
boy must have paid fifty dollars
during the summer months to
attend Coach Charles Hollosy's
basketball school.

There are several reasons why I believe this suggestion to be false.

1. Grosse Pointe High's ath- letic department and staff rank among the best in the state. Coach Hollosy, at present, is acting as Athletic Director of this department. If there had been any idea in the minds of the Administrators at the High School that this suggestion was true, I'm sure Mr. Hollosy would never have been put in charge of the department (let alone be allowed to continue coaching at the school).

2. In tenth grade, I was a member of the Reserve Squad at the school; in eleventh grade, I was a member of the Varsity squad, and as a twelfth grader, I am again a member of the Varsity Squad. I have, in other words, tried out for the basket- ball team three times at the high school: In those three try- outs, I have never observed any favoritism on the part of Mr. Hollosy for any reason. My third tryout was just as hard as my first as a sophomore, and during those tryouts everyone had to perform an equal amount before they were either "cut" or placed on the squad. Every member of Mr. Hollosy's squad has earned his member- ship and has not just been given it. As I have stated be- fore, I am entering my third year as a member of a basket- ball team at Grosse Pointe High, and I, like several others on the squad, have never at- tended Mr. Hollosy's summer basketball program.

3. Mr. Hollosy makes a living winning basketball games at Grosse Pointe High School. He does not make his living during two months of the summer teaching a group of boys the

fundamentals of basketball. If Mr. Hollosy thought that a can- didate for his team could be that team in winning basket- ball games, he obviously would not "cut" him, merely because the boy didn't pay fifty dollars during the summer.

4. In three years of playing and learning basketball under Coach Hollosy, I, like all the other boys that he has coached before, have come to respect Mr. Hollosy quite highly. He has always been fair with me, and, as far as I know, with everyone else connected with basketball at the High School.

These are just some of the reasons why the suggestion that a ransom must be paid to be a member of the High School basketball program is absurd.

In closing, I would like to ex- tend an invitation to everyone (including all "Interested Spec- tators") to come and see just how Coach Hollosy conducts the affairs of his team during the coming season. Thank you for your time.

Sincerely,
Richard Ferman
Co-Captain, G.P.H.S. Varsity
Basketball Team.

To the Editor:
The spectacle in Lansing over
proposed House Bill 2035 is most
interesting.

The new Detroit Committee may need a new account. Open occupancy is not one of the ef- fective steps toward racial peace suggested in the Novem- ber 20th edition of Newsweek— in a 20-page study-in-depth of the current troubles besetting the Nation.

Among the effective remedies suggested are: job training, a reformed welfare program, sub- sidized education, health pro- grams, Federal money for low cost housing and for rehabilitation of slums by a labor force of slum dwellers, better riot control and better enforcement of existing Federal Civil Rights laws.

The Newsweek study admits that a National open-occupancy law would accomplish nothing more than to serve as evidence of a National commitment, which Congress in the past has never offered.

No Federal laws have been passed to abridge homeowners' privileges under the 14th amend- ment by giving special privi- leges to home buyers. The New Detroit Committee, rather than wine and dine and twist the arms of the legislators to coerce Michigan homeowners, might do better to read this current article in Newsweek and direct its efforts more effectively—to accomplish more for the under-privileged.

Very truly yours, Bonnie B. Quinlan, 894 Lakepointe, Grosse Pointe Park, Mich.

Those marvelous . . . Mr. and Mrs. Santa Luncheons, sponsored by the Alpha Xi Delta Alumnae of Grosse Pointe, are scheduled again this year. Eastland Center Auditorium will be the setting for the parties on two consecutive Saturdays, December 2 and December 9. The luncheons, planned so that youngsters may have personal audiences with Santa, begin at noon . . . Each child receives a decorated lunch bag, containing a hamburger, potato chips, celery and carrot sticks, fancy Christmas cake and milk, (coffee for adults), served by Cadette Girl Scout Troop 892 . . . Program highlights include performances by the Ruth Carney Dancers and an appearance by "Mr. Pockets," the pockets of whose clown suit are filled with surprises for children to take home . . . Luncheon tickets are available at the Sphere Gift Shop in Mack avenue or by calling TUXedo 4-9180, 777-0847 or 886-4955 . . . Alpha Xi Delta Alumnae's major philanthropy is the prevention of juvenile delinquency. The group sends children to camp, supports a graduate fellowship in Social Service and sponsors college girls as summer interns in a Chicago problem area.

Even the most prosaic . . . purchase-by-telephone has its hazards: We offer in witness thereof this tale of a Certain Local Matron, who called a Certain Large Department Store to order four new rubbish cans:

"You mean," said the clerk on the other end of the line, "garbage cans . . ."

"No," said the Matron, thinking perhaps there was some minute-but-important difference between cans designed to hold garbage and cans designed to hold trash, and resident of an area which requires a garbage disposal unit in every house, "I mean rubbish cans. We don't have any garbage."

"WELL," said the clerk-on-the-other-end-of-the-line, "Good-ey for you! . . ."

When you drop in . . . at the 20th Exhibition for Michigan Artist-Craftsmen, on display now through December 31 in the South Wing galleries of the Detroit Institute of Arts, be sure to note entries of those talented Pointers Eva S. Klein, of Lincoln road, (represented by a gold pin), Earl Krentzin, of Hillcrest road, (a silver, agate and gold plate oval box and a "Balancing Toy" of silver, whale's tooth and wood), and Elaine Lutzman Moon, of Nottingham road, (a textile wall hanging).

No chance of "auld acquaintance being forgot" . . . by girls who attended Camp Bryn Afon in Rhineland, Wis., last summer—the young ladies will gather for a reunion next Wednesday, November 29, at the Lake-land avenue home of the Charles R. Whitneys, to see films of last summer's session, Bryn Afon's 50th . . . The Whitneys' oldest daughter, Marcia, was head of the camp's canoeing department last summer. Their two younger daughters, Jane and Tracy, have been Bryn Afon-ites for the past few years . . . Pointe mother-and-daughter alumnae expected to attend the reunion include D'Anne Bodman and Mrs. Henry E. Bodman, II, Greer Candler and Mrs. J. Boyer Candler, Ruth Gust and Mrs. Rockwell T. Gust, Jr., Anne Kanzler and Mrs. Robert H. Kanzler, Priscilla Mead and Mrs. Hudson Mead, Carey Sales and Mrs. Murray W. Sales, III, Kit Simmons and Mrs. Daniel R. Simmons, Jr. . . . Others invited to view the movie include Catherine Begg, Anne Boomer, Rebecca Simon, Julie Fruehauf, Barbara and Mary Howard, Dina Ciaffone, Barbara Davenport, Jane Kirfin, Julie and Lois Norman, Jaye Rieser, Kimberly Simonds, Nancy Donahue, Cathy Dossin, Jenny Dossin and Connie Drake . . . Mr. and Mrs. H. Bradford Aarons, of Rivard boulevard, are Bryn Afon directors . . . The Bodmans plan to show the movie in their Dean lane home in January, for many campers unable to attend Wednesday's reunion-party.

A bit confused these days . . . is Thomas Wallace, of Grayton road. He was told to report for active duty with the United States Army at Fort Wayne, Mich., December 6 . . . but last week, he received his honorable discharge! Thomas called his recruiting office and was advised to hang on until the matter could be checked through. In the meantime, he plans to report as scheduled.

PILFERINGS

A city girl, attending a small-town Minnesota college, was alarmed on March day to see a car sitting on an ice floe in the middle of a lake. But her friends were unperturbed. "The winters are long out here," one explained, "and things get dull. To liven things up, someone pushes an old jalopy out on the ice and then everyone joins a pool, based on whether the ice will melt enough to sink the car. It's something to do while waiting for spring."

J. Edgar Hoover tells this story of a con man who thought he knew all the angles. After laboring ceaselessly to perfect the signature of a society big shot, the swindler successfully passed off a forged check on a local merchant. Inspired by his initial success, he went back to cash a second check, only to be apprehended. The first check had been returned with the notation "Insufficient Funds."

Pointer of Interest

MRS. CHARLES J. BURKE OF WOODLAND SHORES DRIVE

By Pepper Whitelaw

"The committee chairmen have really been doing a job this year . . . they haven't needed much direction from me," says Mrs. Charles J. (Helen), Burke, general chairman of the St. John Hospital Fontbonne Auxiliary's White Christmas Ball, to be held Saturday, December 9.

"I find once the committees are set up the women operate better if left alone. I know I don't like anyone looking over my shoulder when I have a job to do.

"My co-chairman and I work well together . . . although I must admit our names have caused a bit of confusion. You see, she is Mrs. Burke, too . . . Mrs. Michael C. Burke."

Apparently Mrs. Burke's philosophy has merit because plans and preparations for the ball are running along quite smoothly. Helen stresses that although the ball is a fun affair the main source of enjoyment for the members is the knowledge that the proceeds will do so much good.

Accept Big Challenge

"We've taken on quite a challenge this year. We've doubled the fare, (from \$50 to \$100). We hope to raise \$50,000 for one of the finest Coronary Care Units in the country. "Did you know," she enthusiastically adds, "that 90 percent of patients with coronary attacks can be saved if they are cared for promptly in a modern Coronary Unit?"

The Unit, consisting of eight beds, will have life-saving monitoring devices and will have nurses especially trained to read and interpret the sounds and visual patterns received through wires which are connected to the patient. The unit will also contain many of the new and proven devices available today for modern care of the coronary patient. The auxiliary hopes to add six such heart monitors to this unit.

"This year our members will have an opportunity to see exactly what they are contributing . . . one of the monitoring devices will be set up in the lobby of the Grosse Pointe Yacht Club where the ball will be held," Helen adds.

Imaginative Groups

Fontbonne Auxiliary is one of the most imaginative, energetic and productive hospital auxiliaries in the country and its list of events and activities ranges from horse shows to Ice Capades to a gift shop.

Through their countless projects during the past 20 years, Auxiliary members have raised and donated over \$600,000 to the hospital.

Members also do volunteer service in the Gift Shop, Sewing, in the Hospital's Central Service, Admitting Department, Information Desk, Out-patient, Clinic, Medical and Surgical Floors, Maternity, Nursery, Pediatrics, Surgical Lounge, Office and act as guides. They have lightened the tasks of nurses and aides and have answered the needs of the Hospital by giving more attentive care to patients when they require it most. Over the last two decades, auxiliary members have donated a total of 133,036 hours.

Gay Evening Planned

The night of the Ball will see many pointers in their best bibs and tuckers dancing to the music of Chuck Leonard at the Grosse Pointe Yacht Club. Strolling musicians will perform during the cocktail hour and a tempting French menu is planned.

But amid the gaiety will be the knowledge that those in attendance are making it possible for our area to have one of the best Coronary Care units in the country.

Listening to petite Helen Burke talk about the Ball and the exciting plans the Fontbonne members have, makes one realize how vital to our society are women like Helen and her committee who spend countless hours working for the welfare of others.

Helen is a very active gal. Among her other activities are the Christ Child Society working at the Museum Shop in the Detroit Institute of Arts, and doing volunteer work in the Surgical Lounge at St. John.

"This, (the Surgical Lounges) is really rewarding work," Helen muses. "You know, families of patients in surgery are usually quite concerned and we lounge workers try to help them in any way we can, serving them coffee and just being there—providing a shoulder to lean on."

The Lounge has a direct telephone to the recovery room so we can inform the relatives

as soon as the patients have come down from surgery."

Practices Yoga

For relaxation Helen practices Yoga. I took ballet for years and as I grew older, (she doesn't look more than 22 . . . and that's how many years she's been married!), I looked for some other type of exercise. I came up with Yoga.

"I took lessons at the War Memorial and augmented these lessons with some reading on my own. I just love it . . . I practice it every morning for about 15 minutes."

When summer rolls around Helen and her two children, Maureen, 17, a senior at Our Lady Star of the Sea, and Gary, 15, a sophomore at Grosse Pointe University School, head for their cottage at the Old Club.

Husband Charles commutes to the cottage in the 27-foot cabin cruiser, "The Tempest." While there, Helen and the children water ski and swim and generally relax.

"I am an amateur but the children are experts," Helen laughs. "Oh, I started to golf this year . . . I can't say I'm very good at it . . . but I love it."

Also Like Travel

The Burkes are travelers too. When the children were young they spent a lot of time on Georgian Bay. Of late, however, they have toured the Far and Middle East, picking up "touches" for their home as they traveled.

"These are reminders of our trips . . . you see we don't take pictures."

One of these "touches" is the harem screen in the above photo. "We were told that it was 150 years old and came from King Farouk's palace, but you know you can never really be sure of those things."

The screen is walnut and put together without a single nail . . . a truly beautiful piece.

Going on DAC Trip

In March, the Burkes plan to go with other Detroit Athletic Club members to the Western Mediterranean . . . "I can hardly wait," Helen beams.

But for now, most of Helen's thoughts are tied up with the White Christmas Ball. As we were leaving she could be heard exclaiming delightedly over the telephone about the use of White Doves and greenery for the party decorations.

Big Celebration At Lost Tree

The Pointe was well represented when Mrs. E. Llywd Ecclestone was honored on her birthday at Lost Tree, Fla., last week. Cocktails at the Ecclestone residence preceded a large dinner dance at the beautiful Lost Tree Club close by. Cliff Hall's orchestra provided the music.

Mrs. Raymond Biggs, of Lincoln road, planned south to be with her parents for the party. She is the former Helen S. (Lollie) Ecclestone. She was accompanied by Mrs. Gerald Schneider, also of Lincoln road, who has played a major role in the interior decorating of many of the Lost Tree residences and the clubhouse, golf houses and terraces.

Mrs. Roy Chapin, Jr., of Weller's Hills, Mass., (the Ecclestone's daughter Jane), also flew down for the event. Their brother, E. Llywd, Jr., who is his father's executive vice-president in their fabulous development of Lost Tree Village and the Lost Tree Club at North Palm Beach, and his wife, the former Sally Walker of The Pointe, are now permanent residents there, so the whole family was intact for the big occasion.

Also flying south for the occasion were Robert B. Edgar of Lincoln road and his son Robert G. Edgar of Washington road. The latter was the houseguest of the Edward Strangs, formerly of Ridge road and Cadieux road, who have just completed a beautiful home at Lost Tree.
