SENIOR AMERICAN OFFICIALS said on Wednesday that some 13,000 hard-core Viet Cong have faded into their jungle hideaways near the Cambodian border, easing the threat of a second invasion of Saigon. The five Viet Cong regiments, slipped into War Zones C and D to escape the biggest allied offensive of the war, launched 10 days ago.

SOME 50 WOMEN representing mothers receiving state and federal aid to poor families with dependent children jammed the hall outside of Governor George Romney's office on Thursday and refused to leave until they talked with him. They were there to argue that unless social services money is raised to \$25.5 million, ADC recipients, already living at below poverty level, would face a 10 percent cut. The governor told the women that originally he had recommended supplemental funds to be provided to maintain ADC payments at their present level, and that he would continue to recommend that enough money be provided to keep payments at the current level. He added that it was up to the Legislature to approve a \$30.2 million supplemental spending bill. The bill passed the Senate in a 22-7 bipartisan vote on Wednesday, but minority Democrats withdrew their support, forcing the bill's reconsideration after Republicans refused to let a Democrat offer an amendment.

Saturday, March 23

AN UNEXPECTED SPRING storm all but paralyzed 15 states on Friday night from Louisiana to Michigan. In Detroit thousands of motorists were stranded as six to eight inches of snow fell in the area. Winds gusting up to 25 miles an hour made road clearance difficult. All roads in Michigan were reported to be extremely hazardous and police warned motorists not to attempt travel unless absolutely necessary.

PRESIDENT JOHNSON announced on Friday that he would bring General William C. Westmoreland back from Vietnam and make him Army Chief of Staff. Westmoreland will replace retiring General Harold K. Johnson as Army Chief on July 2. Some sources say this announcement might be interpreted as disenchantment with Westmoreland's conduct of the Vietnam war.

Sunday, March 24

KING HUSSEIN of Amman, Jordan, declared today that neither he nor his government would assume responsibility for the safety of Israeli forces occupying Jordanian territory on the west bank of the Jordan River. The king made the statement in response to a question on his policy toward the Arab commanders operating in the Jordan Valley.

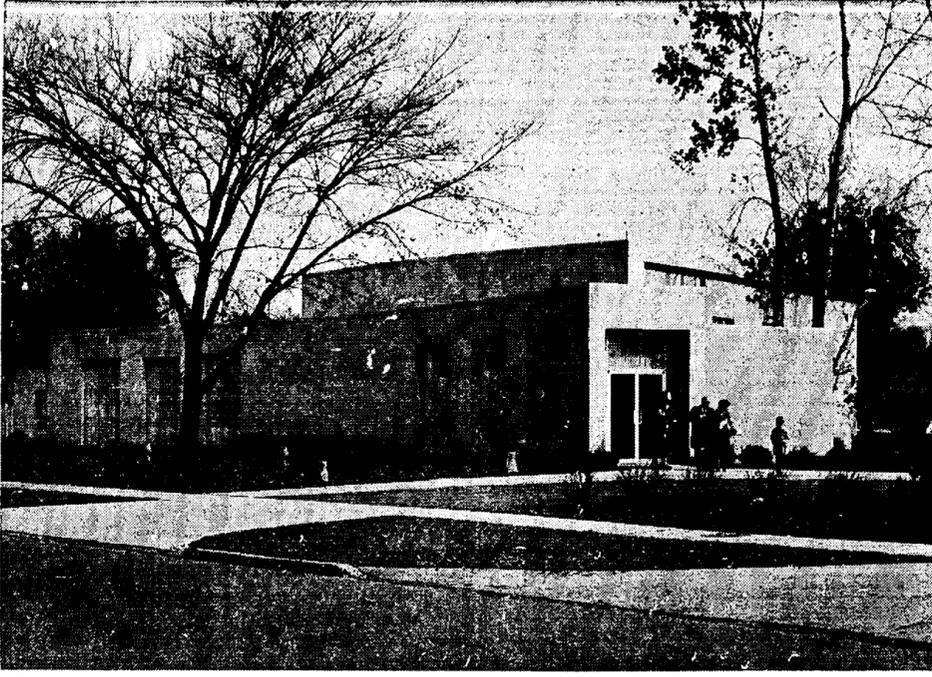

Monday, March 25

THE UNITED NATIONS Security Council resolution on the Middle East made last Sunday night was being interpreted by some Israelis Monday as a virtual invitation to increased terrorism. They believe that the El Fatah terrorists, may consider the resolution as protection for new efforts. This view only added to a growing belief that the Israelis themselves may have enhanced the prestige of the terrorists as they had never been able to do on their own.

Tuesday, March 26

IN WASHINGTON the chairman of a congressional investigating committee proposed that tax-exempt foundations donate their receipts to the government during the Vietnam crisis. The chairman, Wright Patman, Democrat, Tex., also contended that Winthrop Rockefeller, new governor of Arkansas, got a bargain in antique automobiles from a fund he organized. Patman said the tax exemption granted charitable foundations was not intended to help "rich men... indulge in their whims and fancies."

Scientist Church Holding Open House Sunday

Special services have been planned at the new Christian Science Church in Chalfonte avenue for this Sunday afternoon. All Pointe residents are invited to attend and to inspect the beautiful structure.

Garden Clubs Laying Plans For Clean-Up

Annual Campaign To Beautify Pointe To Be Conducted From April 29 Through May 13

The Grosse Pointe Garden Club Council met March 18 at the Grosse Pointe War Memorial to finalize plans for the Clean-Up Drive, April 29 through May 13.

The following women were appointed to head committees: Mrs. Pierre Heffler, posters; Mrs. Leland F. Carter, publicity; Mrs. George Miles, business contacts.

Suburbia Garden Club is to be in charge of the contest for the cleanest school playground. This will be judged by the Men's Garden Club of Grosse Pointe after two unannounced visits of inspection. Letters will be sent to all school principals reminding them of the drive.

The next meeting of the Council will be held April 1 at the Grosse Pointe War Memorial at 9:30 a.m. All garden club representatives or alternates are urged to attend.

The Council urges that all citizens of Grosse Pointe make a continuing effort to keep the community free of all types of litter and politely call attention to businesses having unsightly sidewalks.

YOUNG WANDERER

City police found four-year-old Donald Kublein on Kercheval and Cadieux on Thursday, March 21. Investigation revealed that Donald lived at 1117 Yorkshire. He was returned to his parents.

Community Chorus Gives Spring Concert Sunday

Grosse Pointe Community Chorus presents its annual Spring Concert Sunday, March 31, at 3:30 p.m. in Parcels School Auditorium, Mack avenue at Vernier road. A wide range of musical selections is scheduled, with particular emphasis this year on works by local composers.

In addition, selections from the Broadway production, "Camelot," and an unusual number by Dave Brubeck will be presented. Continuing a policy of presenting outstanding young musicians from Grosse Pointe High School, the Concert will also feature two numbers by Tim Place, trombonist. Selections by local composers to be heard in Sunday's Concert include: "Praise, My Soul, The King of Heaven," by Gordon

Christian Science Church Holding Special Service; Ask Public to See Building

Repetition of Morning Service Scheduled for Residents at 3 o'clock Sunday Afternoon, March 31, in Structure in Chalfonte

Members of First Church of Christ, Scientist, Grosse Pointe Farms, will hold a special service open to all Grosse Pointe and neighboring community members at 3 p.m., Sunday, March 31, in their new edifice located at 282 Chalfonte avenue.

Friends and neighbors have expressed much interest in the new building since services began there just a year ago. As a result the church's members decided to hold a special service at a time convenient for those who would be attending their own churches at the regular church times.

In addition to the general public invitation, special invitations have been extended to members of other churches through their pastors, and to state and city government officials, local merchants, and friends and neighbors who live near the church. After the service, guests will be invited to see the entire interior of the church.

Architect for the edifice was Harold H. Fisher and Associates; the builder was Jacob Strobl and Sons, and the interior was designed by DeBoard Interiors of Grosse Ile.

To Repeat Service

The afternoon service will be a repetition of the regular 10:30 a.m. morning service. It will be conducted by Octave Beauvais, First Reader, of 1615 Ford court, and Mrs. James Kasl, Second Reader, of 259 Mt. Vernon. The lesson sermon for March 31 is entitled "Reality" and will consist of the reading of Bible texts and correlative passages from the Christian Science textbook, "Science and Health With Key to the Scriptures."

Police, Firemen Cited by Solons

Farms Mayor William Butler praised the police officers and firemen of his city's departments for the manner in which they handled the huge crowd that heard Dr. Martin Luther King at the Grosse Pointe High School Gymnasium on Thursday March 14.

Acting on the mayor's recommendation, the city council approved a resolution to present each department with departmental commendations for the "very efficient" way in which each handled their assigned duties.

Mayor Butler also had words of praise and thanks for the policemen from the other Pointes and Harper Woods who assisted the Farms in maintaining order during Dr. King's appearance in the Pointe.

Credit Card Undoing of Wanted Man

Alert Clerk's Call Lets Police Nab Accused Kidnapper and Robber Day after Crime

Detroit police arrested William Shuford, 22, 17400 Mitchell, Detroit, for the kidnaping and armed robbery of William J. Cummings, 23332 Joy, St. Clair Shores on Monday, March 18, within a day of the incident.

Shuford, together with an as yet unidentified woman, kidnaped and robbed Cummings near the Nautical Bar on Jefferson near 13 Mile. The woman had entered the bar and asked Cummings for assistance in starting her car. When Cummings attempted to start the car, Shuford pulled a gun on Cummings, relieved him of his wallet containing \$17 and credit cards, then told him to strip to his shorts. Cummings complied.

The woman then drove west on Jefferson to the Pointe, while Shuford held a gun on Cummings. At 394 Lakeland he threw Cummings' clothes out of the car then they drove to 341 Lakeland where Shuford told Cummings to get out, start walking and not look back.

Fired at Victim

Shuford fired at Cummings when Cummings broke into a run. After recovering his clothes, Cummings attempted to arouse the residents of 394 Lakeland, but being unable to do so, he ran to Jefferson and Lakeland where he flagged down a City of Grosse Pointe police car. City police turned Cummings over to St. Clair Shores police. An all-points bulletin was sent.

The Detroit police entered the picture when Shuford attempted to purchase merchandise with Cummings' credit card at a Sears store in Detroit. The clerk became suspicious and called Cummings who told the clerk of the incident. Police were notified. They went immediately to the store and arrested Shuford.

Turned Over to Shores

Detroit police notified St. Clair Shores police who took Shuford into custody. Police Lt. Leon Starr told the NEWS that Shuford was arraigned on Wednesday, March 20, in Macomb County Circuit Court on the charges of kidnaping and armed robbery.

A \$20,000 cash or surety bond on each of the two counts was set. Shuford, unable to post bond, was held in Macomb County Jail. He waived examination and was bound over to circuit court. No court date has been set as yet.

New Committee Plans to Evaluate School Candidates

Citizens for Education Will Probe Qualifications of All Seeking Office, Whether Requested or Not; Schedule Adopted

Candidates for election to the Grosse Pointe Board of Education will be evaluated by Grosse Pointe Citizens for Education through in-depth personal interviews, according to an announcement today by Kenneth Bergmann, chairman of the recently-organized group.

The interviews are being arranged to provide all candidates for the school board, as well as those who intend to become candidates, an opportunity to present their qualifications to the committee and answer a series of written questions.

John F. Dodge Jr. and W. James Mast, co-chairmen of the Candidate Evaluation Committee, said questions are intended to establish the candidates' familiarity with the problems in the field of education which confront the community. "Each candidate will be given an opportunity to present his qualifications," Dodge said. "However, we will evaluate all candidates whether or not they personally appear before our committee."

Will Back Only Two

Grosse Pointe Citizens for Education has set as one of its purposes supporting candidates for membership on the Board of Education. Mast explained that the candidate evaluation committee will recommend the two candidates of the highest qualifications, and only two, to fill the two vacancies on the Board.

He said the committee will attempt to dissuade lesser qualified candidates from running to avoid an excessive number, which would divert votes from

Girl Sweater Buyers Crooks

Two girls walked into Picard-Norton, 92 Kercheval avenue, on Thursday, March 21, and left with a man's sweater, after one of them signed a fictitious name and address.

Tom Kirby of 20935 Kingsville, Harper Woods, told Farms police that the girls came into the store at about 5:10 p.m., and one announced that she wanted to buy a sweater, but had forgotten her charge plate. The salesman said he sold the girl a sweater with a round crew neck, valued at \$20. He did not ask her for identification, he said.

The girl making the "purchase" filled in the name of George Cavanaugh, and gave the address as 715 Maple Lane, Bloomfield Hills, took the garment and she and her companion left.

Kirby said that about 15 minutes later, he called Bloomfield Hills police to inquire if there was a Maple Lane in their community, and was informed no such street existed.

The salesman said he checked the charge account list and found that an account with a person named George Cavanaugh was also non-existent.

The matter was referred to the officers of the Detective Bureau for further investigation.

Superintendent Anderson Discusses School Election

"The Future of Public Education in Grosse Pointe" was the topic of an address delivered to the delegates to the PTA Council Monday night by Dr. Theos I. Anderson, Superintendent of Schools.

Dr. Anderson's remarks, which served as a frame of reference for a spirited and enlightening discussion among the group, ranged from possible reasons for the defeat of the February 26 millage and bonding program, the future of the schools in 1968-69 as they face a deficit of approximately \$1,500,000, to the reaction of the schools to the voters' refusal to support public education.

Commenting upon the results of the voter turnout on February 26 which defeated the ballot proposals, Dr. Anderson

Nature Plays Queer Tricks This Season

Weekend Spring Storm Equalled Total Amount of Snow Recorded During Entire Winter

Official U. S. Weather Bureau instruments at the Farms Water Filtration Plant, 29 Moross road, measured a total of nine inches of snowfall for Friday and Saturday, March 22 and 23, it was disclosed by Wendell Baker, plant superintendent.

The instruments recorded that the snow began to accumulate at 2:30 p.m. on Friday, and continued to fall until about 6 p.m. on Saturday. It paralyzed motor traffic in much of the Metropolitan area, especially where snowdrifts piled as high as two and three feet.

It was too early to determine the cost of plowing, snow removal and salt spreading in the Pointe, but it apparently made a big hole in the fiscal budgets of the five Pointes.

Prior to the time that the weather became cold enough Friday, Baker said, \$3 of an inch of rain fell.

The total inches of snow that came down on Friday and Saturday, equaled the total of nine inches that fell between December 25, this winter's first snowfall, through February, during which only two inches of snow was recorded.

Little Early Snow According to official records, three inches of snow fell in December. There was approximately that much still on the ground, when an inch came down on January 13, and another on January 14. Another two inches fell on January 15.

The weather warmed up, and all the snow disappeared. During the entire month of February, the total accumulation of the white stuff was two inches.

Mother Nature played tricks this winter season, Baker said, in that normal rainfall, if any, during any winter, is about 2.5 inches. From December 21, when winter officially began, through March 20, the start of 1968 spring, it says here, the area witnessed unusually warm weather, and lots of rain.

This is the official record of rainfall, beginning with December 21, revealed by Baker, and as shown by the weather instruments:

December 21—1.87 inches; December 22—.66 of an inch; (Continued on Page 2)

All Residents Urged to Give To Memorial

Letters Sent To Solicit Tax Deductible Gifts In Annual Family Participation Campaign

Letters to every family in the five Pointes are being mailed today by the War Memorial Center's volunteer board of directors headed by William F. Hutteman, president.

These personalized letters, explains William B. Cudlip, chairman of the Memorial's 1968 Family Participation Campaign, are frank appeals for contributions as well as invitations to all Pointers to become more familiar with the War Memorial Center and its activities.

Passes are enclosed for free tickets to plays, travelogues, concerts, a r.t demonstrations and similar programs appealing to a variety of age groups from small children through adults.

The goal of this 18th Annual Family Participation Drive says Harry W. Mellen, treasurer of the Center, is \$80,000 or approximately one quarter of the estimated operating cost for the next fiscal year beginning August 1. The campaign for funds officially opens April 1 and it is fervently hoped the goal will be reached by Memorial Day, May 31.

Depends on Citizens The Grosse Pointe War Memorial takes no tax monies or United Foundation funds. In spite of rapidly rising operational costs it remains three quarters self sustaining. It manages this through income from endowments made by some of Grosse Pointes very generous citizens and from charges for programs and classes which cover the cost of the activity but not the overhead of the place.

Fees and charges are purposely kept low so that as many citizens as possible may participate. Some 100,000 do annually. In addition there are many free services and activities — free loan of hospital equipment, free loan of blood in case of emergency, free cancer pad supply depot, free community Christmas programs, free new residents' reception, free children's programs and the like.

Honor War Dead The Grosse Pointe War Memorial is a tribute to those Pointers who gave their lives in World War II, Korea and now in Vietnam. It is a unique and beautiful cultural and community center constantly used and enjoyed by citizens from all the Pointes.

The magnificent buildings and grounds were outright gifts to the community by the Alger family and William H. Fries. They cost Grosse Pointers nothing.

The small one-quarter segment of the annual operational and maintenance cost is income tax deductible for all donors. The Memorial's board of directors hopes all citizens of Grosse Pointe will use their invitations to the Center's programs and respond to the appeal for gifts in the postage free remittance envelopes.

Amend City Code On Boat Lengths

The City of Grosse Pointe Council on Monday, March 25, voted to amend that part of the City Code which refers to the maximum over-all length of boats moored in the Marina to be 30 feet.

Since each year the City receives inquiries from persons who would like to moor their boats in the Marina but who indicate they have or will purchase boats 31, 32, or 33 feet in length, the City felt that these citizens should be accommodated since the renovation of "C" Harbor provides seven wells capable of mooring boats up to 33 feet in length without any effect on other wells in the harbor.

The Council also voted to amend the existing fee schedule to include: a \$125 fee for boats 30'1" to 31' in length; \$130 fee for boats 31'1" up to and including 32' and \$135 fee for boats 32'1" to 33'.

Will Evaluate Candidates

(Continued from Page 1)
The two endorsed candidates. The committee will not judge any candidate without examining his qualifications, and will offer the same opportunity for endorsement for all, including incumbents. Any individual seeking evaluation will be examined even though he may not have filed as a candidate, Mast said.

Will Evaluate All
He stated, "Our committee will make an evaluation of all candidates who file, but those making a decision or indicating an interest prior to our deadline of April 15 will obviously have greater opportunity for consideration."

He also stated that the committee will evaluate candidates whether or not they cooperate with the committee.

In addition to Dodge and Mast, the committee officers include: Mrs. Shirlee Davidson, secretary; Charles (Red) Kalvelage, chairman of the candidate liaison subcommittee and Mrs. Beneth Morrow, chairman of the qualifications subcommittee.

The candidate evaluation committee and its subcommittees will make their recommendations to the Grosse Pointe Citizens for Education Executive Committee chaired by Kenneth Bergmann, and vice-chaired by Arthur Sherman, vice chairman.

Schedule Adopted
The following schedule for the 1968 election has been adopted:
Monday, April 15—Tentative deadline for fully considered evaluation.
Thursday, May 2—Preliminary rating meeting.
Saturday, May 11—Candidate filing date.
Saturday afternoon, May 11—Final rating meeting.
Sunday, May 12—Executive board meeting decisions will be made at this meeting based on recommendations by the candidate evaluation committee.

Tickets to the concert are available from Chorus members or may be purchased at the door. Admission is \$1 for adults and 50 cents for students.

The Community Chorus was organized by Malcolm McLean Johns, organist and choirmaster at Memorial Church and professor of music at Wayne State University, in January, 1953. Two concerts have been presented each year since its founding. Membership in the Chorus is open to anyone past high school age who is interested in performing a wide variety of music. The chorus is co-sponsored by the Department of Community Services of the Grosse Pointe Board of Education and the board of directors of the chorus.

Chorus officers for 1968 are: Lawrence McMillan, president; James Bungard, vice-president; Miss Judith Hebdia, secretary; and Mrs. Reggie McMillan, treasurer.

Queer Tricks

(Continued from Page 1)
December 25, before it began to show—14 of an inch, and December 26—1 of an inch.

January Was White
During January, there was snow on the ground almost for the entire month before it started to warm up and the stuff disappeared. No rain was recorded.

On February 1, a total of 1.03 inches of rain came down; February 2—.46 of an inch, and the balance of the month, cold, with barely any trace of snow.

The beginning of this month, March, precipitation was mostly in the form of snow, then on the 9th, a mere .1 of an inch of rain fell. On March 12 and 13, a total of 1.5 inches of snow settled on the area; and March 20 saw another .12 of inch of rain.

Weather forecasters had predicted only snow flurries for March 22 as the aftermath of heavy snow storms in several western states, but Mother Nature decreed otherwise.

year's budget," he said.

"But even this action, coupled with the estimated additional revenue from the reassessment, (\$652,000), still leaves us wondering how we may operate the kind of program we currently have. We are going over the budget line by line. Some projects can be deferred, some economies can be instituted, but, in relation to the total size of the budget, these are relatively small," Dr. Anderson said.

"After all, 82 percent of the budget is allocated to salaries and 18 percent goes to supplies and materials. It is obvious that a cut in program would save the most money," he said.

"But this means larger class size, fewer services. We do not think that most of the public wants this, and we know the teachers do not want these curtailments. In fact, some of our proposed economies would have to be negotiated with the teachers, as they are features of the Master Contract."

Dr. Anderson said that many staff members regarded the defeat as an affront. "Many feel that the community reacted as it did because the teachers are not doing their jobs well. We have tried to reassure them on this point but I am not sure how successful we have been," the Superintendent added.

In concluding his remarks, Dr. Anderson said, "I would like to think that we could still plan for quality programs to keep abreast of the times, but if the times dictate a retrenchment, this is the direction that we shall be forced to take. Although I feel certain that a large portion of the community does not want to return to education of a quarter-century ago, this segment will have to offer its support."

GPNSN Parents Bid to Meeting

All parents who will have students in Grosse Pointe North High School this fall are urged to attend a meeting tonight, Thursday, March 28, at 8 o'clock in the auditorium of Parcels Junior High School. The purpose of the meeting is to organize a parent group for the school.

Mrs. William Ludwig, president of the Mothers Club of Grosse Pointe South High School, will chair the session. She will introduce members of the planning committee and briefly describe the present activities and responsibilities of the parent groups at South High School.

Dr. William Craig will then discuss the special role of the parent organization in opening a new high school and some of its ongoing functions and activities in the judgment of the administration.

Clarence J. Perssons, president of the Parcels PTA, will present the planning committee's proposal for a Grosse Pointe North High School Parents Club for the consideration, discussion, recommendations and approval of the audience. It is hoped that participating parents will be able to adopt an organizational plan for the group, and to form representative committees for the drafting of a constitution, bylaws, and the nomination of officers.

Will Resurface Part of Fisher

The City of Grosse Pointe Council, on Monday, March 25, concurred with the recommendation of City Manager Thomas Kressbach to join forces with the City of Grosse Pointe Farms this year in the resurfacing of Fisher road between Chalfonte and Mack.

Since Fisher road is a borderline street between the two cities a joint project, with the cost shared by the two seemed a logical arrangement.

Under this approach the project will be under the supervision of the Farms. The City's estimated share of the cost would be \$2,000.

The resurfacing will be bid on at a later date this year.

Public Works Employees, Woods Ratify Agreement

The Grosse Pointe Woods Council at a special meeting on Monday evening, March 25, voted to ratify an agreement between the City of Grosse Pointe Woods and Local 1121 of American Federation of State, County, and Municipal Employees AFL-CIO, The Department of Public Works employees.

The purpose of the agreement was to set forth provisions and conditions of employment and to promote orderly and peaceful labor relations for the mutual interest of the employer, employee and the union.

In accordance with the state law, the contract gives the employees the right to bargain col-

lectively with the city for purposes of rates of pay, hours of employment and conditions of employment.

The contract also includes one additional paid holiday, new vacation leave programs, new leave of absence procedures, new funeral leave procedures and accumulation of sick leave time for personnel leave.

A clause not ordinarily found in this type of contract is listed under Prohibitive Practices and states that since the services performed by the employees are essential to public health, safety and welfare of the community represented by the employer, the union agrees that during the term of this agreement, neither it nor any of the employees will engage in a strike, work stoppage, slowdown, unwarranted mass absenteeism due to "reported" illness or otherwise interfere with the employer's operations. Any such actions by the employees shall be subject to disciplinary measures. Likewise the employer agrees that during the term of this agreement there shall be no "lock-outs" of the employees.

This agreement is the first the City of Grosse Pointe Woods has entered into with its Department of Public Works employees and refers only to the operating personnel of the DPW.

Married Couple Nabbed As Car Battery Thieves

A Detroit man and wife were arraigned before Park Municipal Judge C. Joseph Belanger on Friday, March 22, on a charge of attempted larceny from an automobile. They were seen trying to remove a battery from a car on the lot of Richard Buick Company, Inc., Kercheval and Maryland, by two Park officers who arrested them.

Melvin Cooper, 27, of 9113 Delmar, pled guilty to the charge and was sentenced to 60 days in the Wayne County Jail. His wife, Juanita, 25, who also pled guilty, was released on \$500 bond, pending a presentence investigation report.

Park arraignment, on a battery theft warrant obtained by Ferndale police.

Oakland County authorities were notified of Cooper's conviction, and have placed a hold on him with Wayne County Jail officials, and will re-arrest him when he has finished his jail term.

Participating in the 1968 Indoor Games, sponsored annually by the Detroit Highland Dancing Society, to be held Sunday, March 31, at Henry Ford Community College in Dearborn, will be MARY ANN and CINDY BURSLEM, of Severn road.

Purdue University student MARILYN WALKER, of Kenwood court, has been initiated into Purdue's Chapter of Omicron Nu, national Home Economics honor society.

Police Chief Arthur Louwers said that at the time the couple was arrested, their two small children were with them.

The chief said that at about 10:30 p.m. on March 21, Sgt. Thomas Martin and Patrolman Paul Konefke, while on routine patrol, stopped Mr. and Mrs. Cooper, who were in their car, with Mrs. Cooper behind the wheel, prior to the attempted theft. The Coopers had no tail-lights on their vehicle.

The policemen became suspicious of the actions of the two persons while they were being questioned, and decided to keep an eye on them. Martin and Konefke followed the Coopers a short distance, then stopped their scout car when they saw the couple stop near the sales agency and get out.

Martin and Konefke saw Cooper lift the hood of a car on the sales company lot, and loosen the cables of the battery, and promptly stepped in and placed Cooper and his wife under arrest.

The officers said that Mrs. Cooper had a set of small wrenches in her purse, and that these tools were used by her husband to remove cables.

The Coopers were taken to the station and turned over to Det. James LaPratt for questioning. In the search of the arrested pair's auto, police found eight other car batteries in the trunk of the vehicle, which the couple admitted were taken from other cars. The husband told LaPratt he steals batteries and sells them for about six or seven dollars.

LaPratt said that Cooper refused to disclose to whom he sells the stolen items.

Richard Buick has lost approximately 40 batteries from cars parked in the company lot since the beginning of the year, it was revealed.

Chief Louwers said that Cooper had been scheduled to appear in Oakland County Court on March 22, the date of his

This year, for the first time, you can get a dollar-for-dollar income tax deduction for money put aside in a special fund to use when you retire.

A professional man, business proprietor or any other self-employed individual can put aside as much as \$2,500 annually, but not more than 10% of his earned income.

Tax deferral helps the retirement fund grow: Investment income and any realized

LWV Plans Rally to Get Courts Out of Politics

The Grosse Pointe League of Women Voters, in co-sponsorship with the War Memorial, will present on Wednesday evening, April 3, at 8 o'clock, a "J.S. & T. Rally" which represents "Judicial Selection and Tenure" in capsule form, and also represents a massive campaign for a proposed constitutional amendment of a Judicial Article to be placed on the November 5 ballot.

This campaign stems from a lengthy League study which began in 1947 on judicial problems and resulted in a League members' consensus.

The League's position about the judicial branch reads, "Encourage the selection of qualified judges free from political pressures." The standards that the League believes are necessary to achieve this are (1) non-partisanship in the selection of judges, and (2) the selection of judges by a combination method of original appointment to the bench and subsequent election. The culmination appointive-elective method endorsed by the League is appointment of judges by the governor from nominations submitted to him by a commission composed of laymen and lawyers.

The featured speaker for this Rally will be Jason L. Honigman, a senior partner in the law offices of Honigman, Miller, Schwartz and Cohn and chairman of the Michigan Law Revision Commission. Mr. Honigman will present this amendment in an interesting manner and aim to stir citizens into a concern that will result in the signing and circulating of petitions that would place the amendment on the ballot on November 5.

Mr. Honigman is a graduate of the University of Michigan Literary College and the University of Michigan Law School. He is on the Board of Directors of the Greater Detroit Board of Commerce and also is chairman of the Allied Super Markets Board. Mr. Honigman's profession knows him as the author of the Michigan Court Rules Annotated (1948) and for his current co-authorship (Honigman and Hawkins) on Michigan Court Rules Annotated which are in constant publication and of which four of the proposed six volumes have already been published.

The need to enhance public respect for law and order has never been greater than it is today. Increased confidence in the judicial system is an integral part of that problem. The caliber and the quality of judges is the keystone of a sound judicial system.

Currently all state and local judges in Michigan are elected on the so-called non-partisan ballot. Candidates for supreme court justice are nominated in political party conventions although incumbents may run for re-election by submitting a declaration of intent. All other

judges are nominated in primary elections. All judges have to run for re-election periodically. Supreme court justices serve eight-year terms; most other judges serve six-year terms.

Vacancies in judicial offices may be temporarily filled by retired judges. There is a great scarcity of such judges able or willing to work and a number of judicial vacancies now exist in the state.

Frequently there are large numbers of candidates for judicial office. Voters find it difficult to know the candidates or anything about their judicial qualifications.

Persons wishing to seek or remain in judicial office must be constantly aware of political factors which can help to get them elected. While political pressure is an important factor in the legislative and executive branches of government, it has no place in the judicial branch. Judges should be responsible only to the law, not to political pressures which may or may not follow the intent of the law.

The amendment under consideration will eliminate the "bed sheet" ballots for judicial candidates, the "name candidates", the "self-starters", the unqualified candidates, the candidates who are spokesmen for "special interest" groups, and the judges holding office whose behavior warrants removal.

However, the amendment will create an independent, qualified, non-partisan judiciary, without political party commitments, the selection of judges based upon meritorious qualifications, the nomination and the appointment of qualified candidates after full and adequate investigation, the choice by voters, based solely on the individual judge's performance in office, a responsible agency to investigate citizens' complaints against judges, and judges holding office only during good behavior.

The information above only introduces the amendment and all the ramifications will be discussed in detail at the Rally

on the 3rd of April. The Citizens Committee for Judicial Selection and Tenure, an informal group of private citizens including both men and women, lawyers and non-lawyers, who feel Michigan's present methods of judicial selection and tenure need improvement, are aiming for 350,000 signatures on the petitions. Actually, 10 percent of the total vote last cast for governor, or about 247,000 signatures of registered voters, will be needed, but the aim for the 350,000 signatures is to allow for those

that might prove invalid.

Mrs. Douglas G. Graham, Mrs. Harold E. Jinks and Mrs. Erville Maynard, the Petition Chairmen for this Judicial Amendment, cordially invite all Grosse Pointers to this program. This program will turn an interested voter into an informed voter and citizen participation is a vital and essential link in acquiring an improved judicial system for the state of Michigan.

Mason Students Awaiting Results from Fun Project

By Pepper Whiteclaw
"Up, Up, and Away, in My Beautiful Balloon" . . . was on

the lips of 26 students recently as they stood in the athletic field of Mason Elementary School, chanted a countdown and released helium filled balloons.

The students were members of Mrs. Pat Whelan's third grade class. The colorful balloons were released as a culminating activity for a unit on aerospace.

Attached to these balloons were notes explaining who the senders were, self-addressed postcards, that hopefully would be returned to the senders with the names and addresses of the discoverers and the dates the balloons were discovered.

Because Mrs. Whelan wanted to express her students to the to expose her students to the with which they are growing up, and in many cases taking for granted, she expanded the regular study unit. With the help of her student teacher, Rita Schwikert, she divided the unit into two parts. Miss Schwikert handled everything before jets and Mrs. Whelan everything after jets.

They learned of the early myths and legends that reflected man's wish to fly and then followed the steps of flying . . . feathers, balloons, dirigibles, gliders, airplanes, helicopters and jets.

Then each of the students

wrote a report on one of the steps of flying. They were very enthusiastic.

The class bulletin board was dramatic . . . it was an overview of the history of flight.

The unit was made more interesting by a visit of a registered pilot, film strips, oral discussions, construction of model balloons, gliders, airplanes and jets.

But now that the six weeks have passed and the balloons released, comes the hard part . . . waiting for the balloons to be discovered! Mrs. Whelan has a map all ready to mark the site of the first balloon's landing. As for the children, each is convinced that his balloon will be the first to touch ground!

The 19-year-old was reportedly in arrears on payments in a paternity suit, and was also in contempt of court. He was turned over to Detective J. Waring of the Wayne County Sheriff's office.

**January 1969—
 the United States
 is without a
 President!**

It could happen

Don't miss the political bombshell of the year...

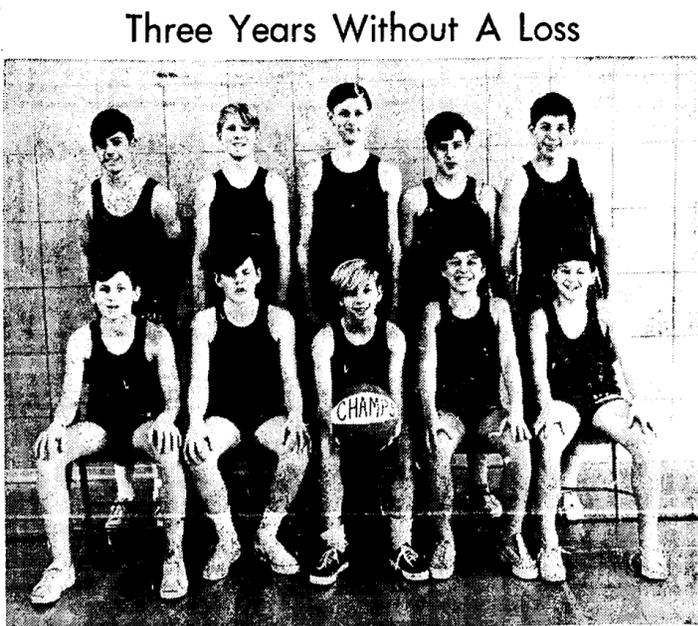

OUR NEXT PRESIDENT

by Russell Baker, New York Times columnist

A devastating political prophecy of what could happen in the next eight months:

- George Wallace is the big winner in Wisconsin
- John Lindsay has a heroic confrontation on a Harlem street
- At the GOP convention Nixon chooses the candidates—and he's not one of them
- LBJ makes an incredible choice for Vice President
- November 6—the day after election and the U.S. has no President
- The election is thrown into the House of Representatives—but the house is deadlocked
- Jan. 20, 1969—Bobby Kennedy moves into the White House but not as President!

1968 LTD by Ford... 2-Door Hardtop

Don't listen to the talk...listen to the cars. There's a difference. But don't take our word for it. Compare 'em. Compare Ford with any car that claims to be quiet. In five minutes you'll know. Ford's the quiet one. The '68 LTD is built to be quieter than the LTD that rode quieter than the Rolls-Royce. See the man with Better Ideas... your Ford Dealer.

<p>FACTS ABOUT THE 1968 FORD</p>	<p>The LTD, XL and Country Squire are the only cars in their class with strong die-cast grilles and hidden headlamps as standard equipment. The LTD comes with a 302-cu. in. V-8 with options up to a 428-cu. in. V-8. Other LTD options include an exclusive split full-width front seat with either half individually adjustable. Now Boasting More Power

A new, more powerful engine and a new model designation are introduced with the Mercedes-Benz 280S and 280SE. Almost unchanged in exterior appearance from the previous 250 models, the 280S is powered by a new, 2.8 liter engine, turning out 157 HP. With fuel injection, the model is called the 280SE, and horsepower is increased to 180. Greatly improved torque provides better acceleration in the lower engine ranges. Other features are four-wheel, power assisted disc brakes and an optional, automatic transmission.

Returned Family Reports Breakin

The Paul J. Kennedy family left their home in the Woods for approximately 10 days and returned on Monday, March 18, to find their home had been visited by burglars and the upstairs bedrooms ransacked. The Kennedys live at 1010 South Oxford. Mrs. Kennedy called police when the burglary was discovered at about 3:25 p.m., the time of arrival from out of town. Police at the scene said that the thieves broke into the building by breaking the glass of the outer storm door off the sun porch on the second floor, reaching in and unlocking the door. Two clothes chests in a bedroom at the southwest side of the house were broken into and clothing scattered on the floor. All that could be determined missing were a few dollars in coins from a piggy bank, according to Det. Everett Plumb.

Youths Reported For Trespassing

City police received a call from a Rivard boulevard resident who said that two boys were attempting to enter a neighboring house at 933 Rivard. She told police she heard the youths say "There's no one home let's go in." The boys then went to the front of the house and pounded on the front door. Getting no reply they then went to the rear of the house. City police officers Edmund Benthuis and Donald Steckman on call found the side door of the house standing ajar. Cpl. George Brackx arrived and checked the home while Benthuis and Steckman canvassed the area for the two youths. Cpl. Brackx checked the house and found it intact. Officers were told that the owner of the home had recently died and that until recently a maid had stayed on at the residence. Officers secured the house. A check revealed no signs of forcible entry. City police will keep watch on the house until the new owner is located.

Vandals Damage Unitarian Church

Dr. Harry Meserve, of the Grosse Pointe Unitarian Church, 17150 Maumee, reported to City police on Monday, March 13, that someone had entered the building and thrown glue and paint on the floor of the back nursery room, thrown firecrackers in the other nursery rooms and written obscenities all over the blackboard. Mrs. Virginia Conners, church secretary, said the vandals might have entered through the rear door that might have been left unlocked when the last class left the building at 3 p.m. The damage is believed to have occurred sometime between 3 p.m. and 8 p.m. Police are investigating.

A son, JEFFREY RAYMOND, was born to MR. and MRS. ROBERT RIGGS ORR of Vernier Road on March 12. Mrs. Orr is the former JOAN BAER. Grandparents are the ROBERT M. ORRS of Village Lane and MRS. RAYMOND B. BAER of Lakepointe avenue.

The Grosse Pointe Property Owners Association

A Non-Assessable Membership, Non-Profit Corporation of Property Owners Organized to Maintain High Community Standards and to Protect Property Values in Grosse Pointe.

TO: All Residents of Grosse Pointe

We appreciate the numerous messages of appreciation for our recent mailing to all residents of Grosse Pointe and the many requests for membership applications.

We are, therefore, providing the membership application below for the convenience of those many homeowners interested in keeping Grosse Pointe a nice place in which to live.

On Monday, March 11, 1968, when our letter was deposited in the mail, all statements of fact therein were accurate so far as could be ascertained from public, private or official sources.

However, subsequently to our mailing, two developments took place at the meeting of the Grosse Pointe Board of Education held on Monday evening, March 11, 1968.

First, at that meeting, held subsequently to our mailing, it became public knowledge for the first time that the Grosse Pointe Human Relations Council offered to pay for any additional police that might be required on the evening of March 14, 1968, and that a letter to that effect would be obtained immediately by the attorney for the Grosse Pointe Board of Education.

Second, at that meeting, held subsequently to our mailing, it was definitely determined that the Grosse Pointe Human Relations Council had not taken out a property damage insurance policy as previously required by members of the Grosse Pointe Board of Education, but had merely agreed that, in the event of property damage, it would pay up to \$500 as provided in the deductibility clause of the existing property damage insurance policy previously taken out by the Board of Education on the high school property.

The 4 new cars hurtle around a "walled-in" turn at the Mercedes-Benz test track. Here, centrifugal force can triple the weight of the car—a brutal test of the suspension. Come test one of the new models yourself. (See address below.)

Announcing 4 defiantly "over-engineered"

An automotive expert previewed the 4 new Mercedes-Benz motor cars in our picture. His sum-up: "Over-engineered."

He was right. By most standards, these Mercedes-Benz motor cars are "over-engineered." They go far beyond the requirements of conventional automotive engineering.

Example: Every one of the 4 new Mercedes-Benz cars has power disc brakes on all 4 wheels. The same braking system used on 180-mph Grand Prix racing cars. Some critics would say this is too

much of a good thing—needless in most driving situations. Mercedes-Benz engineers say, "Nonsense. Caliper-type disc brakes have proved, in test after test, that they provide the most precise braking possible—at all speeds. Put them wherever you've got a wheel."

Incidentally, Mercedes-Benz doesn't believe in naming its cars after animals, fish, and miscellaneous wildlife. After all, a car is a machine. It shouldn't sound like it belongs in a zoo. The names of the four new Mercedes-Benz models (the 250, the 230, the 220 Diesel, and the 220) simply indicate engine size. The

250, for example, displaces 2.5 liters.

What "over-engineering" means to us.

"Over-engineering" isn't a jazzy, hoked-up advertising phrase. It has meaning for anybody who's ever been dismayed by the lack of genuine engineering and craftsmanship in a contemporary motor car. It has meaning for anybody who's ever driven a car with mushy steering, lazy brakes, annoying rattles, and seats that leave you feeling like you took a long spin in a cement mixer.

"Over-engineering" is reflective of a basic Mercedes-Benz attitude, best expressed by Automobile Quarterly Magazine: "The prime concern of Mercedes-Benz has always been engineering—not styling, or sales, or what the rest of the industry is doing."

"Over-engineering" makes the new line of Mercedes-Benz cars handle differently, steer differently, brake differently than any conventional automobile on the market. They are, in

fact, decidedly unconventional motor cars. Here are some facts to prove it:

- **Unitized Body and Chassis.** Most conventional automobiles have a separate body and chassis, held together with bolts. After a while, the bolts can work

loose and rattle. On a rough road, the racket can be deafening.

Mercedes-Benz engineers insist that their cars deliver rattle-free performance. That's why the body is welded to the chassis with 10,000 individual welds. The result: a single structure of immense strength and rigidity. After 50,000 miles or so, you may begin to wonder if your Mercedes-Benz will ever rattle.

- **Independent Suspension.** On some cars, you get an alarming sensation if you brake or accelerate suddenly on a washboard road. The rear wheels shudder, and the whole car shakes violently. This can happen if the car has a conventional rigid "beam" axle.

Mercedes-Benz engineers patented an all-independent suspension that gives each wheel the freedom to move up and down without disturbing the others. On a washboard road, the suspension is soft enough to smother road jolts. On a tight curve, it's firm enough to fight body sway.

This unique suspension system is one of more than 5,200 basic engineering patents held by Mercedes-Benz.

- **"Fatigue-proof" seats.** Take a day-long trip in some cars and you'll come

A word about that word "Announcing"

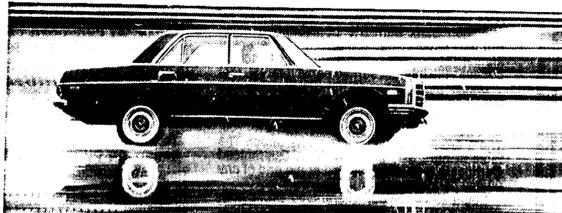

Mercedes-Benz does not announce new models very often. There are no annual model change-overs. And "planned obsolescence" has never been part of the Mercedes-Benz philosophy.

Nor will it be (the engineers are pretty defiant about that, too).

When a new model is introduced, it is only when significant engineering advances can be most fully realized by designing an entirely new car.

Even then, new models are not introduced to meet the frantic schedules of the "announcement season." They are put on the market when Mercedes-Benz engineers say the cars are ready—not a day sooner.

For these 4 new models, the engineers spent 5 years making sure—from drawing board to the test track to the dealer's showrooms today. The wait is worth it. These are the best automobiles Mercedes-Benz has ever built.

The new 250: a 4-door sedan with the agility of a sports car. One reason: a patented suspension with two anti-sway bars.

cars from Mercedes-Benz. On display today.

out feeling like a damp wash-rag. Those seats that felt so good at first turned out to be too soft in the long run.

Mercedes-Benz cars are built to be as comfortable as they are roadworthy. Orthopedic physicians were called in to help design the seats so that you'll have proper back support on cross-country tours as well as short hops to the shopping center. When you slip into one of these carefully contoured seats, it will feel firm at first, but once you get used to it, you'll never settle for "marshmallow" seats again.

- **Indefatigable engines.** If it was possible to cruise for hours in your car at full throttle, what do you think would happen? Chances are, you'd reduce the motor to a smoking ruin.

Mercedes-Benz engines are designed to cruise at full throttle all day long, because on the wide-open highways of Europe, they often do! The engine of every

Give the steering a real workout. The new Mercedes-Benz 250 goes exactly where you aim it—doesn't wander, weave, or wallow—even on hairpin turns.

the four new cars, to help you decide which one you'd like to test drive:

The 250: "A 3,000-pound sedan with the handling ability of a sports car."

The 250 is the premier model of the new Mercedes-Benz motor cars. Top speed of the 250 is comparable to a standard V-8, yet its fuel economy is that of a Six. Its outside dimensions are close to a domestic compact, but inside measurements are nearer to those of a full-size luxury car. "Over-engineering" makes it worth every penny of its \$5,060.*

The 230: "For those who want superb engineering in a modestly priced car."

The 230's engine is a little smaller, simpler, and less powerful than the 250's, but its overhead camshaft engine still squeezes power and economy from every drop of gas. If you like the 250 but don't demand its highly sophisticated engine, you could pocket a tidy saving. The 230's price is a modest \$4,544.*

The 220 Diesel: "So economical, it doesn't even use gasoline."

This is the one car in the Mercedes-Benz line that runs on Diesel fuel. The sturdy Diesel engine does away with carburetors, spark plugs and other paraphernalia of the conventional gasoline engine, yet has enough power to cruise at 80 mph (where the law allows). The 220 Diesel is more expensive than conventional economy cars, yet it could save you more money in the long run (say, 100,000 miles or more) than the flimsiest little economy car you could buy. Price: \$4,494.*

The 220: "For people who are different about Diesels."

The 220 is exactly the same car as the 220 Diesel except that it does not have a Diesel engine. The 220 has a ruggedly powerful engine that sips gasoline at a miserly rate. Price: \$4,360.*

Take a test drive

We invite you to test drive these models yourself. Right now, they are on display in our showroom—ready for your inspection. Kick the tires. Slam the door. Raise the hood. Get behind the wheel.

Then make your own decision about "over-engineering." You'll probably find it boils down to this: "Do you want more engineering than most cars offer you these days? Do you want a car that's built to run long after 'planned obsolescence' has antiquated conventional cars? Do you want a car that has more in reserve than you may ever need?"

If that proposition sounds interesting, come in today—and see 4 new motor cars that were "built to be the best, not the best seller."

George Leggett will show his 16mm film, Bermuda Holiday. Stanley Brownridge will show slides on England.

Fireman Changes Blue Uniforms

Farms Fireman Sam Cardella became Farms Patrolman Sam Cardella on Monday March 18, after nearly three years with the Fire Department. The transfer was approved by both Fire Chief M. William Mason and Police Chief Jack F. Roh.

Cardella, 28, was appointed a fireman on April 9, 1965. Becoming a policeman means that he is a probationary officer as far as the department is concerned, but he still maintains his service time with the city.

in regards to pension, vacation and other benefits.

The new patrolman is a native of Detroit, and is a 1959 graduate of South Lake High School in St. Clair Shores, where his parents live.

He and his wife, the former Sandra Teachworth of St. Clair Shores, live at 4390 Marseilles avenue, Detroit. They are the parents of three daughters, Ann Marie, 7; Lisa, 5; and Julie, who is four years old.

GPUS Addressed By Ambassador

At the school assembly on March 12, 1968, the Grosse Pointe University School was privileged to have James W. Riddleberger, U. S. ambassador, as its speaker.

Mr. Riddleberger received his A.B. degree from Randolph-Macon College in Ashland, Virginia, and his A.M. degree from Georgetown University, Washington, D.C. From 1926-1929 he was Assistant Professor of International Relations at Georgetown University.

In 1929 he was appointed a Foreign Service Officer and Vice-consul. From 1930-1935 Mr. Riddleberger worked in the U.S. Consulate in Geneva, Switzerland, and from 1936-1941 he was assigned to the American Embassy in Berlin, Germany. He worked at the American Embassy in London between 1942 and 1944.

In 1950 he was appointed a career minister. Since then he has been U.S. ambassador to Yugoslavia, Greece, and Austria. He makes his home in Woodstock, Virginia.

At the school Mr. Riddleberger reviewed the functions of the Foreign Service which are reporting, protection of American citizens, helping administer aid programs, and providing information on America through the U.S.I.A.

As an example of the good that foreign aid can do, in the 1950s Yugoslavia withdrew 30 divisions from the Communist bloc. This was equivalent to the total ground forces of France and Italy.

In addition to the Foreign Service Mr. Riddleberger talked about Vietnam, the Near East, and the problems of foreign aid. After his talk he spent the day at the school visiting several classes. The students enjoyed talking with him and benefited from his vast experience.

HS Musicians Earn Honors

The Grosse Pointe High School Symphony Orchestra received straight first division ratings from all four judges in the District Orchestra Festival held at Cherry Hill High School in Inkster, Michigan, on March 16, 1968.

The orchestra performed "Fugue in G Minor" by Bach, "Concerto Grosso No. 8" by Corelli, and the Finale from "Symphony No. 1" by Brahms. The individual grades given for various aspects of the ratings were all A's.

Comments by the adjudicators included these:

"A lovely quality of tone, refined and luscious. This was great! Congratulations to every one of you." (Elizabeth Green, University of Michigan)

"This orchestra creates a very favorable impression, particularly by the appearance of such a large string section. This is an excellent orchestra and it demonstrates much fine teaching and excellent training." (Maurice W. Riley, Eastern Michigan University)

"On the whole this was a mature performance of a major orchestral work. Congratulations to the conductor, students, parents, and school for this outstanding feat!" Raymond Gerkowski of the Flint Public Schools made these remarks on the performance of the Brahms Symphony.

Oberlander Winner Of Early Promotion

Frederick G. Oberlander, 19, son of Mr. and Mrs. Joseph W. Oberlander, 1546 Yorktown, was promoted to Army private pay grade E-2 upon completion of basic combat training March 8 at Ft. Knox, Ky.

The promotion was awarded two months earlier than is customary under an Army policy providing incentive for outstanding trainees. The promotion was based on his scores attained during range firing, high score on the physical combat proficiency test, military bearing and leadership potential.

University School News

A new summer program, Independent Schools Overseas, has been developed by several independent schools to promote the further study of the French language and culture. This summer about thirty third-year French students from nine independent schools will spend July in Nantes, France, living with French families and going to school in the morning.

During the weekends they will tour the chateaux of the Loire Valley, and at the end of July they will go to Paris for a week. The group is to sail on the Rotterdam and return by air. This

year Evelyn Cymbal, Betsy Gram and Kathy Gordon will be attending from the University School.

On Thursday, February 29, the school held a college relations evening for juniors and their parents. Mr. James W. Lewis, Principal of the Upper School, and Miss Margaret K. Harvey, Principal of the Upper School girls, conducted the meeting. They discussed the selection process, choosing colleges, and what students should do in their junior and senior year.

Youths Arrested For Car Rental

Two youths who rented a '68 Pontiac from Budget, Rent-A-Car of Grosse Pointe, 335 Fisher, on Monday, February 19, under false pretenses and then retained the car beyond the rental expiration date, were arraigned before Judge Douglas L. Paterson in City Municipal Court on Wednesday, March 20, as disorderly persons.

Ronald J. York, 19, 780 Lenon-3437 Algonquin, Detroit, and Irvin Wheaton, 20, of 2508 Aller, pleaded guilty and were found guilty and put on one year probation. York was told to make restitution in the amount of \$226.38. Wheaton was fined \$75.

When York rented the car he identified himself to the agency's owner, Ronald Moir, as Fred Alexander Stein, 2117 Springwells, Detroit, and showed a temporary Michigan driver's license to verify this. He also told Moir that he was employed at Joe's Meat Market and gave Moir the telephone number. Moir checked the number and was told that York was employed there. (A later investigation revealed that the number was that of a public phone booth on Kercheval and Notre Dame). A check at the Stein address revealed that Stein was not the renter.

Moir called City police who sent out an all-points bulletin on the car.

Harper Woods police apprehended the pair on Friday, March 1, in the rented vehicle. They turned them over to City police. Moir identified York as the renter of the Pontiac. They were held in county jail until their arraignment.

Burglars Visit 2 Homes, Store

Two burglaries and one attempted burglary were reported to Park police on Monday, March 18, according to information released by Police Chief Arthur Louwers.

The attempted break-in was of the McDaniel Gun Shop, 15102 Kercheval avenue, at about 11:52 p.m. on Monday, where the thieves were apparently frightened away by the sound of an alarm and approaching police.

Det. James LaPratt said that when the store alarm sounded, an unknown citizen promptly called the authorities and police crews were dispatched to the scene, but the thieves had already fled.

Investigating officers said they arrived to find the front door glass broken near the door latch, and several bricks piled on the floor beneath the store light, which had been turned off. The robbers turned off the light, by twisting the bulb, so that they could work in the darkness. They were foiled before they could begin, and nothing appeared to have been taken.

The burglaries were of the homes of Mr. and Mrs. Horton Kimball, 1358 Harvard, and Josephine Borgman, 15800 East Jefferson, which LaPratt said seems to have been committed by the same culprit. The break-ins took place between March 11 and March 18.

In each case, the thief entered the homes through a second story sun porch. At the Kimball residence, the robber entered the house through an unlocked door of the sun porch; and at the Borgman house, entry was gained by reaching and opening an unlocked window next to the porch.

LaPratt said that evidence showed that both homes had been searched, but nothing, at the present time, seemed to be missing.

Park Resident Battles Robbers

A Park resident who refused to surrender his wallet to two would-be unarmed hold-up men on Sunday, March 24, put up a good fight when his assailants began beating him about the face. The hoodlums escaped without getting a cent.

Harold Coates, 46, of 063 Beaconsfield, told police that he was walking home at about 2:20 a.m., going north on Beaconsfield from Jefferson, when suddenly he was confronted by two colored males, who demanded his wallet and money.

When Coates refused to comply with the demand, the pair beat him about the face. Coates fought back, but was knocked to the pavement. He suffered lacerations about the face.

One of his assailants, Coates said, must have suffered a deep cut, or some kind of bleeding wound during the scuffle, either inflicted by him (Coates), or by the man's partner. When the pair fled, the wounded man left a trail of blood on the sidewalk and snow.

Officers who looked over the scene, said they followed the blood trail from where the fight took place to in front of 1025 Beaconsfield, where the trail ended at the curb. It is believed the culprits had a car parked there.

Coates said one of the men struck him on the head and felled him with an unknown object. The victim said that his glasses were knocked off, and he was unable to get a good look at the men who attacked him.

All he could determine, Coates said, is that one man was six feet tall and wearing a brown outer garment; and the second man was about five feet eight inches tall.

Library Offers Family Movies

Family Film Nights are held on the first Friday night of each month at 6:30 and 7:30 p.m. in the Exhibition Room of the Central Library. This April program is the last one until the series starts again in October and it is an interesting and entertaining one. We hope many families will take this opportunity to spend an evening together, April 5, 1968.

ANIMALS IN SUMMER — Color, 11 min. The animal photographer, Lynwood Chace, turns his lens upon a dozen or more common animals of the woods during the summer months. From the fish and frog, to insects and meat eaters, we see animals seeking food and sheltering their young from their enemies.

SEA ADVENTURES OF SANDY THE SNAIL — Color, 16 min. A story told with finger painting. Betty Ohlrogge, accomplished artist and teacher, narrates the story while she creates, with finger paints, the beautiful world of the ocean floor as it might appear to a snail. Shown are a starfish, puffer, pair of sharks, an abalone, and a sea horse.

I'M NO FOOL HAVING FUN — Color, 9 min. Disney. Jiminy Cricket traces the history of fire and points out safety rules. He sings and dances to "I'm No Fool" as he conducts a safety contest between Y-O-U and a common fool.

THE THIRSTING STONES — Color, 14 min. The fairy tale about the stones that revealed a treasure, and the shepherd boy who is rewarded for his goodness.

The above program is sponsored by the Grosse Pointe Public Library a Division of the Public School System. For information about other Film Programs or film loans please call Mr. James Titterington, Head of Audio-Visual at Central Library, TU 4-2200, Ext. 42.

Victor Borge Comes April 6

Victor Borge, who performs at Masonic Auditorium Saturday, April 6 at 8:20 p.m. arrived in America in 1940 without a word of English and, what he terms, "embarrassingly low finances." Today he is one of the most highly paid and successful performers of all time.

Since that fateful afternoon when he landed in the U.S. Borge, now in his "second life," has become what one critic calls "the most extraordinary phenomena of show business of the present day." Reviewers, helpless to describe his fantastic success before audiences, have found the usual superlatives inadequate. Brooks Atkinson, drama critic for the August New York Times labels him: "the funniest entertainer in the world."

The idea of a one-man musical comedy was first tried out by Borge in Seattle, Washington in 1953, "because I wanted to prove that even in a town where I had never played before, I could do more than a 12-minute guest spot," he says. A skeptical theater manager refused to accept a percentage-of-the-receipts contract and Borge had to dole out a flat fee to rent the theater. Overnight the place sprouted wall-to-wall people. "As I recall," says Victor with a wink, "the theater manager took gas."

Today there is conclusive and unparalleled evidence that Borge's "Comedy In Music" is the longest running one-man show in the history of the theater, having completed 4,031 performances at the end of

during which time members and guests are provided an opportunity to practice speaking Spanish.

Woods-Shores Loop Registers

The Woods-Shores Babe Ruth League held its 1968 registration of players this past week and was pleased by the turnout. Because of the fine registration of new and old players, the league will be adding at least two new teams this season. This addition of teams is a part of the continuing program to increase player participation by being able to carry fewer players on each team's roster.

The league will still be registering players until Saturday, March 30. Any boy who is 13, 14 or 15, who lives in the Woods or Shores is eligible to play. If you meet these requirements and are interested in playing baseball this summer—contact Mr. Jim Darling at 881-4495 for information.

The league also received some good news from the Woods City Council. At the meeting on March 18, the councilmen directed Mayor Kenneth McLeod to proclaim Sunday, May 5, as "Youth Baseball Day" in the Woods. Youth Baseball Day will feature a combined opening day parade and ceremonies with both the Little League and Babe Ruth Leagues joining together. Leading the parade down Mack avenue to Ghesquiere Park will be the "Tarrettes Twirling Corps," under the direction of Mrs. Beatrice Antaya. They will be followed by all of the two league's players and coaches. There will be a brief ceremony

at the park followed by a full day's schedule of games.

The past week the league received the sad news of the passing of Mr. George Pfeffer. Mr. Pfeffer was an extremely active supporter of Babe Ruth League and one who will be deeply missed. Because of his interest in the Woods-Shores Babe Ruth League and the desire of his many friends to do something in his honor, the family has designated the league as a recipient of these tributes. A Memorial Fund has been established in his honor and anyone wishing to make a Memorial Tribute should make it to The Woods-Shores Babe Ruth League, 1331 Hampton Road, Grosse Pointe Woods, 48236.

Girls' Softball Loop Forming

The Neighborhood Club Girls' Softball League was so successful last spring that it will be in operation again this spring for 5th, 6th, and 7th grade girls. Registration fees will be a membership or \$4 for non-members of the Neighborhood Club.

This year league will be divided into two divisions, the West Divisions and East Division. Each girl should register for the division nearest her home.

Tryouts for the West Division will be held at the Neighborhood Club Field on April 10 and 11 from 3:45 p.m. to 5:45 p.m. under the direction of Mrs. Rosetta Kalajian.

The East Division tryouts, conducted by Mrs. Nancy Mahoney, will be held at Brownell Field on April 9 and 10 from 3:45 p.m. to 5:45 p.m.

City Discusses Spray for Elms

The City of Grosse Pointe Council on Monday, March 25, discussed the pros and cons of

the use of DDT spray for the control of Dutch Elm Disease.

The City is one of the many defendants named in a suit by the Environmental Defense Fund, of Brookhaven, N.Y., an organization of scientists, attempting to prevent the use of DDT spray for control of Dutch Elm disease.

The members of the Environmental Fund maintain that efforts to correct immediate damage by pests often fail to consider the long-range harm of the persistent pesticides. The group is not opposed to pesticides that break down to a non-toxic form in the environment.

Present at Monday night's meeting was Milt Volkens who explained to the Council the reason for the Environmental Fund scientists' objection to the use of DDT spray.

Larry Shock, who does the City's spraying, discussed the problem of protecting elms against Dutch Elm Disease and stressed how important a program of control was to those cities which have elms. He discussed both DDT and methoxychlor as controls as well as a complete program of trimming away dead, diseased wood. He added that both sprays were toxic and that DDT was considered to have a longer residual effect than methoxychlor.

The Council agreed to complete its present spring dormant spraying program pending any further court action but added that it would like to have more scientific information on DDT and methoxychlor to study.

Musical Talent Play at Brownell

Because Brownell Junior High School will become Brownell Middle School in the fall of 1968, the present ninth grade class will be the last class at the school to present its traditional musical-talent play.

This year over 200 ninth graders and seven teachers (sponsored by the PTA), have spent many hours of work in preparation for the last ninth grade musical-talent play in the history of the school, "Windmills of Neutralania," which will be presented at Brownell's P.T.A. meeting Friday, April 15, at 8 p.m. in the school's auditorium-gym.

The play enacts the story of the experiences of some Americans whose plane has been forced down in a small imaginary European country, Neutralania. The windmill is the site of many humorous scenes.

The cast includes: Jim Van Eman, Patti Brownlee, June Severn, Beth Onkney, Jim Taylor, John Van Zile, Chris Daniels, Mark Saber, Sue Riggs, Mike Baker, Helen Cotzias, and Sue Neeb. The student director is Rochelle Wilson, and the production's faculty director is Mrs. Paul Schultz.

Woven into the story are musical acts, ranging from a woodwind group to vocal and guitar duets. Ninth graders presenting musical acts include Wendy Nelson, Robyn Mullinger, Sue Speer, Sue Schumaker, Kathy Mast, Paul Sikorski, and Ken Barker. The woodwind group, the string ensemble, and the stage band under the direction of Mr. Dewey Kalember will present several instrumental-musical offerings; and, the ninth grade glee club and the double quartet under the direction of Mr. Dan Evola have prepared vocal-musical selections.

Another important and necessary part of any play is the scenery and production staff. Current sets were designed and painted by Miss Saralee Pearl's ninth grade art class, while stage crew consists of a group of ninth grade boys under the guidance of Mr. Harold Fisher.

Mr. Allen Ebert and his ninth grade students will be working on the program cover and the technical side of the production, and Mrs. Tim Miner has organized an efficient make-up crew.

On the evening of the performance, friends and relatives of the ninth graders will be seated by ushers under the advice of Mrs. Merritt Bigelow. There is no admission charge.

TRAFFIC LIGHT HIT

City police officer Ronald Pryor reported on Friday, March 22, that the signal light at Cadieux and Kercheval on the northwest corner had been apparently hit by a truck. The impact turned the signal light around on its pedestal. City police notified the Wayne County Signal Bureau.

Priests and Laymen Join To Ease Racial Tensions

A group of priests and laymen within the sanction of the Community Affairs Department of the Archdiocese of Detroit have launched a far-reaching education program aimed at easing racial tensions and developing a positive approach to community solidarity. The program is called "Focus: Summer Hope."

The idea was conceived by two members of the Sacred Heart Seminary in Detroit, Fathers William T. Cunningham and Jerome R. Fraser.

"Focus" has now developed into a project involving some 55 priests and hundreds of laymen.

Highlight of the program will be a series of sermons delivered by the 55 priests working in the project at some 160 designated churches in the Archdiocese on three successive Sundays. The first of these sermons were held last Sunday, March 24, at churches in The Pointe. The next sermons will be held on March 31 and April 7.

Following these sermons home meetings will be held in each parish. The first of these were held last Sunday evening throughout this area.

Here friends and neighbors, regardless of their denomina-

tion, sought to "present facts, dispel the fears and formulate actions that need be taken within the local community."

"The rationale behind 'Focus: Summer Hope' is not just to stem riots this summer," said Fathers Cunningham and Fraser, "but to broaden the foundation of training and education among those of good will so that they can take intelligent and practical steps to root out racism, poverty and injustice."

Customer Victim Of Money Theft

William J. Raven of 21780 Edmunton, St. Clair Shores, was the victim of thieves who picked his wallet while he was trying on new trousers at Farms branch clothing store on Saturday, March 23, according to information given police.

Raven told investigating officers that someone took between \$160 and \$180 from his wallet, which he had left in a fitting room of Hughes Hatcher Sufferin, in Mack avenue, at Moross road.

He said he took two pairs of trousers into the fitting room, removed his wallet from his own pants pocket and put it into the pocket of one of the new pairs of pants, and tried on the other, and left the room to be fitted.

He returned, he said, and removed the wallet from the other trousers and placed it in the pocket of the fitted pants, and tried on the second pair. When he found that this pair fitted, he removed his wallet from it and placed it on the seat in the room, and went out to make the purchase of both new pairs. When he returned he found the wallet missing.

Raven said he left the fitting room to look for it, and again returned to the room and discovered the wallet, in a closed position on the seat. He checked and found the money gone.

Officer Bitten Rescuing Dog

City police received a call from Frank Donovan, 17160 Jefferson, on Sunday, March 24, reporting a dog in the lake at the foot of Wellington place.

Upon arrival officers Dwight Scott and Edward Miller found the dog, a German shepherd, had entered the storm sewer from Lake St. Clair. They called City firemen for assistance.

Police and firemen found that the storm sewer ran about 100 yards from the foot of Wellington into the lake, was 10 feet below ground and had a diameter of only three feet.

Officer Dwight Scott went below ground into the storm sewer on his hands and knees in order to coax the dog to the manhole cover of the sewer. There, with the aid of a dog-catching wire loop, they caught the dog

around the neck and were able to remove him from the sewer cold and shivering. He was taken to the police station, then turned over to a veterinarian, who will hold him for 10 days.

During his attempt to extricate the dog, officer Scott was bitten on the first two fingers of his left hand. He was taken to Bon Secours Hospital for treatment and released.

SPEDDER TICKETED
Donald Gilmour Harrison, 1383 Yorkshire, was issued a ticket for reckless driving on Friday, March 22. He was stopped in front of his house by City police. Harrison was speeding 50 m.p.h. and had gone through red lights at Neff and Charlevoix and Cadieux and Charlevoix.

Howell to Tell Story of Escape

Former R.A.F. Wing Commander Edward A. Howell will tell the dramatic story of his escape from a German prison in Greece when he speaks at the Adult Education Series at St. John's Episcopal Church of Detroit Sunday, March 31.

The title of his talk will be, "What Do You Know About Miracles?"

His book, "Escape to Live," recounting his experiences, was long a best seller in England and was published in several foreign editions.

A native of Scotland, where his father was Minister of Paisley Abbey, Mr. Howell served in the Royal Air Force from 1932 to 1946. He was seriously wounded in the Battle of Crete in 1941. Held a prisoner of war until 1942, he escaped from Thessalonika through Northern Greece and Turkey safely back to Egypt and to active service in England again till the end of the war.

His decorations include the Distinguished Flying Cross from Britain and Greece and also those of an Officer of the Order of the British Empire and the U.S. Legion of Merit.

From 1946 to 1960, Howell served as a full-time volunteer with the international program of Moral Re-Armament in Europe and elsewhere.

Since 1962 he has been at the Merrill-Palmer Institute of Human Development and Family Life where he is Director of Development.

He and his wife live in Grosse Pointe Farms.

His talk before the Adult Education Series at St. John's Episcopal Church is open to the public at no charge. It is scheduled for 10 a.m. in the Parish House, 23 East Montcalm street.

Free Press Publisher Hits 'Whipsaw Strike Tactics'

The publisher of the strike-bound Detroit Free Press testified Monday that both Detroit and its newspapers "are the unfortunate victims of whipsaw strike tactics that cannot succeed and cannot be justified."

Publisher Lee Hills appeared before a Michigan Senate committee investigating the strike which has closed both the morning Free Press and afternoon Detroit News for more than 130 days. The five man committee is headed by Republican Robert Huber of Oakland County.

Hills labeled the whipsaw strike tactic an example of a "deterioration in collective bargaining" which has forced Detroit newspapers into defensive lockouts and purchase of strike insurance.

He declared that both independently owned newspapers were determined to prevent whipsaw strikes from "ruthlessly destroying the Detroit newspaper industry" as they have in other cities.

In his testimony, Hills made the first public explanation of the reasons behind the publishers' determination to resist strikes against first one paper, then the other.

He said that the Free Press could have continued publishing when the News was first struck by the Teamsters last November 16, adding, however, that "had we done so, we would have conceded that any one of the 14 unions we bargain with could arbitrarily decide which newspaper would publish and which would not."

In that case, Hills told the committee, "as a reader, you would have no choice of which paper to buy - there would be only one. As an advertiser, you would be forced to advertise in the paper the unions picked for you."

"The situation, gentlemen, would be this: The newspaper which the unions allowed to publish would prosper at the expense of the newspaper which the unions closed - the competitive advantage would obviously be enormous. The struck newspaper would be forced to agree to whatever the unions demanded or not publish at all."

Then, Hills said, "The moment that the struck newspaper agreed to these demands, the unions could walk down the street to the other newspaper and raise the ante. So it would go, back and forth, with any one of the 14 unions capable of closing either paper at the union's whim. That is not collective bargaining and it is certainly not justice, either economic or moral."

Hills emphasized that the Federal courts and the National Labor Relations Board have ruled repeatedly that such a shutdown or lockout is just as right, legal and necessary under

the circumstances as is the right of a union to strike.

Hills pointed out the particular vulnerability of newspapers to strike interruption, saying, "you can't stockpile news. You can't build up back demands and orders like you can with automobiles. Every day you don't print is down the drain, yet your overhead goes on."

For this reason, he said, the newspapers have been forced to buy suspension insurance. And he attacked "the vague accusations that the newspapers somehow like a strike for financial reasons. That's obviously nonsense," he said.

"We are a proud and responsible business," he said, "and it is a shabby implication . . . to put these great newspapers in the same category as some second-hand dealer who burns his place down for the insurance."

He said the Free Press insurance "offsets only a very small part of our losses. Every day of the strike has been very costly to both newspapers. Insurance has never been an incentive for the newspapers to hold out for a better settlement."

Hills said that the newspapers' insurance "is like the defense funds - or strike insurance funds if you will - which most unions build up to pay benefits to members when they hit the bricks. We do not criticize unions for building up these funds and certainly some of our unions understand why we must do the same."

Hills told the committee that union bargaining committees like to point on contract settlements in the auto industry. "But," he said, "they do not talk about the freedom guaranteed to the auto companies in these contracts - the freedom to take advantage of new processes and thereby greatly increase the productivity of each employee."

On the other hand, Hills said, many newspapers are "shackled by artificial restrictions that make it impossible for us to make the best use of the great improvements in technology which are now available as newspapers strive to provide more and more good jobs in an expanding industry."

"The biggest need," Hills said, "is to re-establish fair collective bargaining procedures that encourage continued publication while strikes are being settled."

And, he concluded, "I would like to see an independent national study to develop some mutually advantageous collective bargaining objectives aimed at increasing productivity. The resulting gains will benefit the public, the employees and the enterprises that create the jobs. This trend is coming. I would like to see it come through mutual effort."

Letters to the Editor

To the Editor: On the recent appearance of Mr. King in our community, I am taking advantage of free speech and expression.

Let me give you my motive for this open letter, which I doubt you will publish, but hope you will be as impartial to my views and comments as others who expressed their opinions pro Mr. King. All of my six sons took part in World War II, and as any good American, I was proud to have them participate in defending our freedom, and while I don't like war, any more than others, I would not want to preach or tell boys to burn their draft cards or preach sedition against the government, however I feel anti.

And as for being ignorant and rude, and etc. as quoted by Bishop Richard Emrick, I did not attend the talk, but on reading the very abusive language, I discovered my friends and neighbors were used by Bishop Emrick to add another side of the picture. Our family were the pioneer settlers of Grosse Pointe, up to and including St. Clair Shores, and all my late husband's people, were born and raised here, and I have been here over half a century, so let me interpose, this also.

Everyone who voices a dissent is not vicious or ignorant. I am only expressing my deep sorrow at the attitude of people who are saying what they don't know anything about. Also I don't think we owe an apology to anyone. Mr. King came, he spoke, and that is that.

We all believe everyone, whether black or white, or etc. should have an equal opportunity, but also all should earn it, as my family and others have done. Thank you, Respectfully,

Zoha E. Ailor 81 Mapleton Grosse Pointe Farms

Dear Sir: Feeling apparently runs quite strong in our fine community in these instances wherein education and the Board of Education is involved. From time to time that was used by Bishop Emrick to add another side of the picture. Our family were the pioneer settlers of Grosse Pointe, up to and including St. Clair Shores, and all my late husband's people, were born and raised here, and I have been here over half a century, so let me interpose, this also.

What Goes On at Your Library

By Virginia Leonard

The inspiration for this week's column is a paperback entitled, A STUDENT'S GUIDE TO 50 EUROPEAN NOVELS, edited by A. H. Lass & Brooks Wright.

In the preface, the editors explain that they are trying to reach two kinds of readers—the reader who is not yet the reader who wishes to be, and the reader who has sampled many of these novels already, and thus needs nothing more than a review of what he has already previously discovered and enjoyed. They refer to their selections as "masterpieces and milestones," as "classics and commercials," as "the great books and the near-great," and as "seed books" from which have sprung new novels and new ideas.

They are still alive and are a part of every reader's heritage. Each seems to have something everlasting to report to us about ourselves—and done in one of the media of art. The editors conclude with a quotation from D. H. Lawrence: "Being a novelist, I consider myself superior to the saint, the scientist, the philosopher, and the poet. The novel is the one bright book of life."

Now, let us look at the novels that are included in this most interesting volume. The format is sequential, starting with the sixteenth century (only one title is listed: GARGANTUA AND PANTAGRUEL, by Rabelais), and ending with the twentieth century. For each novel there is presented an annotated list of the main characters, a summary of the significant incidents and themes, a digest of present-day critical opinion of the novel, and a biographical sketch of the author. For the seventeenth century the only book listed is DON QUIXOTE by Cervantes; again the eighteenth century has only one inclusion: CANDIDE by Voltaire. But when we get into the nineteenth and twentieth centuries, there is a wealth of titles from which to choose.

Perhaps we can take you back to your college days with some of these. LES MISERABLES by Hugo, EUGENIE GRANDET by Balzac, THE COUNT OF MONTE CRISTO by Dumas, MADAME BOVARY by Flaubert, CRIME AND PUNISHMENT by Dostoevski, ANNA KARENINA and WAR AND PEACE by Tolstol, and TWENTY THOUSAND LEAGUES UNDER THE SEA, by Verne.

Going on into the twentieth century, (the above-titles are all nineteenth century), we find THE CRIME OF SYLVESTRE BONNARD by France, Mann's MAGIC MOUNTAIN (plus several of his other well-known titles), THE COUNTERFEITERS by Gide, JEAN-CHRISTOPHE by Roland, SWANN'S WAY by Proust, THE CASTLE by Kafka, AND QUIET FLOWS THE DON by Sholokhov, KRISTIN LAVRANDATTER by Undset, ALL QUIET ON THE WESTERN FRONT by Remarque, MAN'S FATE by Malraux, BREAD AND WINE by Silone, DARKNESS AT NOON by Koestler, THE STRANGER by Camus, THE LAST TEMPTATION OF CHRIST by Kazantzakis, and, finally, DOCTOR ZHIVAGO by Pasternak.

Now, first of all—how many of these have you heard of? Next, how many of these have you read? And of those that you may have read, what recollections of impressions do you have of them? Did you enjoy them? Did you read them because they were a school assignment? Or did you read them for fun?

I have varied reactions, personally. Since I was a French major in college, (with minors in Spanish and Italian), somewhere along the line I read most of these. Some I appreciated, some I found a bit dull and tedious, but understood how they fitted into their time slots and where their greatness lay. Some I would like to reread, some I remember with great vividness, some, because of their length (such as JEAN-CHRISTOPHER and SWANN'S WAY) I would not care to reread. Some, of course, came to me not as school courses, but as books that were not old, were timely, and sounded interesting and provocative. These would include the last three titles quoted above: THE STRANGER, THE LAST TEMPTATION OF CHRIST and DOCTOR ZHIVAGO. Of these, the first I have read many times (as you probably know, I am a Camus buff), the Kazantzakis I've read twice, and some day I must reread DOCTOR ZHIVAGO.

Many of these titles have been made into motion pictures, which has helped popularize their message; with others, quotations, philosophies and characters have become part of our individual and national thinking. Many marked turning-of-the-corners in literary, political or philosophical thought. But each transcended the narrow confines of its country to become international and universal in thought—for all time.

I hope this column will inspire some of you to go back to these foreign classics and reread them. I think a one-more-time-around, especially after quite a passage of time, can give new meaning, new awareness, new depth to an already-enjoyed piece of literature. Give it a try!

Franklin Walker, Jr. Serves on Destroyer

Naval Reserve Ensign Franklin M. Walker Jr., son of Mr. and Mrs. Franklin M. Walker of 541 Lincoln road, is serving aboard the Seventh Fleet destroyer USS Theodore E. Chandler in the western Pacific. The Chandler, homeported at Yokosuka, Japan, participates in search and rescue missions, patrols off the coast of North Vietnam and has acted as an aircraft carrier escort in combat operations in the Gulf of Tonkin. Since arriving in the western Pacific nearly two years ago, the destroyer has traveled more than 250,000 miles and fired more than 13,000 rounds of five-inch ammunition in direct support of operations in Vietnam. During this time the Chandler has received enemy fire on two occasions. Later this year, the Chandler will arrive at its new homeport of Long Beach, Calif.

INJURED IN STORE

City police received a call on Tuesday, March 19, from Jacobson's Home Decorative Shop, 17145 Kercheval, reporting an injured woman. Upon arrival officers found Mrs. Margaret Edsen, 1677 Allard, had cut her finger. She was taken to Bon Secours Hospital for treatment.

From Another Pointe of View

It was Special Occasion Time at the Thompson Home for Old Ladies last Tuesday when, after a meeting of the Board of Trustees, Pointe Trustees Mrs. Martin Hayden, Mrs. Alfred R. Glancy, Jr., Mrs. Ford Balantyne, Mrs. Deacon Chapin, Mrs. Lynn Pierson, Mrs. Lynn McNaughton and Mrs. Benson Ford paid their respects to Miss Elizabeth Oddy, a resident of the Home for 16 years.

Miss Oddy will be celebrating her 95th birthday this Saturday, making her three years older than the Thompson Home itself, located at the corner of Cass and Hancock in Detroit.

With its red brick facade, small, formal iron gate and old-fashioned rose garden, The Home provides a gracious accent to the lovely, contemporary campus of Wayne State University.

Its residents enjoy the pleasure of furnishing their own rooms with their own possessions, but the running and maintenance is accomplished by the Board of Trustees, whose new executive officers for 1968 have just been announced.

They are Mrs. G. Thomas McKean, president; Mrs. George Cartmill, first vice-president; Mrs. John VanZile, second vice-president; Mrs. Ferdinand Cinelli, third vice-president; Miss Hope Whitten, recording secretary; Mrs. Warren S. Booth, assistant recording secretary; Mrs. William Laurie, corresponding secretary; Mrs. Ayres Morison, assistant corresponding secretary; and Mrs. M. Rivard Klippel, treasurer.

Women's City Club Sets Pewabic Show

Exhibit Will Commemorate Re-Activation of Famous Pottery Founded by Mary Chase Stratton and Horace J. Caulkins

Members of the Art committee of the Women's City Club, headed by Mrs. Robert Hamilton, of Moran road, are planning an exhibition at the clubhouse, to open Tuesday, April 2, in recognition of the re-activation of the Pewabic Pottery.

Miss Hope Whitten, of Cadieux road, is in charge of arrangements, assisted by Mrs. Edward D. Quint. Other committee members include Mrs. Edward G. Acomb, of Hall place, and Miss Margaret L. Brooks, of Vernier road.

The picturesque half-timbered pottery in East Jefferson avenue, now owned by Michigan State University, to which it was given by Henry L. Caulkins in memory of his father, Horace J. Caulkins, Pewabic, co-founder with Mary Chase Stratton, is to be operated as a cent-

er for ceramic crafts, serving the professional potter, the novice and the collector.

The director, Roger Ault, plans classes, facilities for exhibition and sale of pottery and a permanent display of outstanding works.

Mrs. Stratton, who was one of the founders of the City Club, opened the pottery with Mr. Caulkins in 1908 and remained active in it until her death in 1961 at the age of ninety-four.

She was the wife of William B. Stratton, the architect who designed the Women's City Clubhouse on Detroit's Park Avenue, which is filled with examples of her work, and the Stratton residence on Three Mile Drive, now the home of Mr. and Mrs. Ayers Morison.

The exhibition, which includes sketches by Mrs. Stratton and a number of ceramic pieces from the pottery, will remain on view during April.

MR. and MRS. EDWARD C. RONEY, JR., (Peggy Couzens), of Stephens road, announce the birth of their seventh son, DAVID BRIAN RONEY, March 14.

Woman's Club Offers Exhibit

The Grosse Pointe Woman's Club will be one of the clubs participating in the Federation of Women's Clubs "Crowley Day" on Monday, April 1, at Crowley's downtown store.

Center Offering Alaskan Movies

The Grosse Pointe War Memorial's George Pierrot-selected Grosse Pointe Adventure Series will next feature Don Cooper personally presenting his color film travelogue "The Klondike and Alaskan Highway" on Monday evening, April 8, in Fries Auditorium.

The travelogue will be preceded by a Frontier Banquet served by the Grosse Pointe War Memorial at 7 o'clock.

Don Cooper was born and raised in the Rocky Mountains of western Montana. While working in the logging camps of Alaska, he became impressed with the beauty of the scenery and decided to film it and spend his winters in the travelogue business. His film portrays the

efforts of "Coop" and his brother to retrace the footsteps of their grandfather over the "Trail of '98" into the gold fields of the Klondike.

In this film, viewers will see excellent shots of western wild life including close-ups of the rare Bighorn sheep and there will be action photos of the largest buffalo herd in the world including a rare albino. The route goes through Edmonton, Dawson Creek, Whitehorse, over the Coastal Range to Juneau and on to Skagway. The itinerary includes "do it yourself travel" on foot and in small rubber boats over the Chilkoot Pass and down the roaring Yukon.

Rare sequences include a fight, a four-day blizzard, filmed interviews with "old timers" and scenes in the heart of the gold fields.

This is a real adventure film and the frontier dinner preceding will be robust. Dinner and show including service and tax are \$4.50. Show only is \$1.50. Reservations are now being taken.

Taxus Weevils Now At Work

Nelson Frolund has warned gardeners to be on the lookout for Taxus Weevils currently invading Grosse Pointe. Mr. Frolund spoke at the March workshop of the Grosse Pointe Garden Center last Wednesday morning.

A tiny triangular bite from the weevils on evergreen leaves in evidence that these half-inch-long black beetles are at work, feeding at night and hiding under the needles beneath the shrubs in daylight.

Larva feed on the roots and, if they are not controlled, can

quickly destroy a whole row of evergreens of this choice variety. The plants may be sprayed with a preventive but Mr. Frolund recommends applying chlordane to the soil.

Mrs. John Mulford, president of the Garden Center, introduced Mr. Frolund to a group of 30 avid dirt gardeners gathered to hear about sprays and fertilizers that ought to be in everyone's garden "Medicine Chest."

Next month's Workshop speaker, (free to Garden Center members—dues \$3 a year), will be

Edmund Boell, in charge of the Orchid House at Belle Isle.

Mr. Boell, of Buckingham road, will speak on "Container Gardening" Wednesday morning, April 17, at 10 o'clock in the Grosse Pointe Garden Center room at the Grosse Pointe War Memorial Center.

A house built on sand will not stand but a golf ball in a sand trap remains forever.

Plan Dinners Before Theater

Buffet dinners will be available preceding all Grosse Pointe Theater's presentations of "Absence of a Cello" at Grosse Pointe War Memorial.

The War Memorial is making this accommodation available to theater patrons before all performances. The buffets will usually be presented in the Crystal Ballroom, but Algonquin may be substituted if schedule requirements make it necessary or the crowd is small.

The dinners will be true gourmet affairs in the tradition of the Center's catering, but the cost will only be \$3.75 including service and tax. Dinner parties will have special tables reserved and, of course, diners will get the best free parking and check room space.

This will give Grosse Pointers a chance for a complete evening out with dinner and show

under one roof in a setting without peer, all for \$5.75. The ladies will certainly appreciate the release from dinner preparation and the Center is so close to patrons' homes that enjoyable cocktail hours may be had prior to the 7 o'clock buffets.

Paid reservations for dinner should be in the Center's hands three days before the dates requested. The dinners will be served at 7 p.m. on March 28, 29 and 30 preceding the 8:30 performance.

Egg Decorating Class Offered

The Easter-egg decorating sessions held annually at the Grosse Pointe War Memorial are scheduled this year on Palm Sunday, April 7, at 2 and 3:30. Instruction again will be given free by the Ukrainian Division of the International Institute. Mrs. Martha Wichorek will be in charge.

While the instruction is free, there is a 50c charge to cover the cost of the materials which include a stylus, beeswax, dyes, patterns and eggs.

The art of decorating eggs is traditional with the Ukrainians who start with raw, white eggs and turn them into works of art known as Pysanky. These Pysanky are kept as prized possessions for many generations and are brought out as decorations not only at Easter time but on all important holidays.

The Ukrainians dip the stylus, heated in a candle flame, into beeswax and trace designs upon the raw egg. Each conventional design has a meaning (i.e. a stylized fish will indicate wealth).

After a certain amount of tracing, the egg is put into the first dye, then rubbed. The dye does not effect the lines traced in beeswax. The tracing and dyeing in different colors is repeated until a marvelously decorated and colorful work of art results. It is a fascinating endeavor both for children and accompanying adults.

The Ukrainian girls, dressed in colorful native costumes, assist the small ones with their decorating. They will also have on display and for sale very elaborately decorated eggs which they have done.

Participating in a recent Leadership Conference sponsored by Student Services at the University of Corpus Christi was Pointer JOHN McVICKERS, a Corpus Christi junior.

Found: One Lost Lady

Did you know that the lovely girl "lost in the ho-siery jungle" on TV is none other than Carol Cawthra-Wood, daughter of the Henry J. Cawthras, of McKinley avenue?

Carol, a Grosse Pointe High School graduate who majored in Speech and Television at the University of Michigan, is also the blond girl in "Summer in Antigua," a 15-page color segment in the new Vogue International Pattern Book — and she was featured in the February 15 issue of Vogue.

Her husband John Wood, who's studying to be a veterinarian, came up with a multiple Valentine's Day present last month.

Arriving home February 14, he told Carol to look in his pocket for her gift. So he reached inside . . . and pulled out a tiny baby kitten, whose eyes hadn't quite opened yet.

Seems that the owners of Kitty's mama had decided they weren't up to the task of serving as nursemaids — in fact, they didn't even want Mama Cat around any more, (who knows, once this sort of thing begins to happen, where it will all end?).

So now Carol and John and Mama Cat and her six baby kittens are all living together in a New York apartment, until the Woods can find just the right homes for their feline guests.

Carol, incidentally, isn't the only "star" in the Cawthra family: Her father, as we're sure you'll remember, was International Lightning Sailing Champion.

A Star Being Born

Gay Wallstrom looks like "a young ballerina in the making," according to the New York Times critic who reviewed her performance at New York's City Center with Robert Joffrey's American Ballet Center Apprentice Group early this month.

Of course her parents, the Henry K. Wallstroms, of Lochmoor boulevard, "knew she could do it" — After all, Gay, who was graduated from Grosse Pointe High School last year, has been "hooked" on ballet all her life.

So they weren't a bit surprised when, after two summer sessions with Mr. Joffrey's apprentices, she was offered a regular session scholarship.

Gay's learning ballet now in Manhattan, living in Greenwich Village, in Milbank House, a restored mansion used as a residence by some 30 young ladies who are living-working-studying in New York.

She's dancing with the New York City Opera Company at New York State Theatre.

And she's loving every minute of it . . .

Since time began men started life with good intentions, but many were handed transfers.

'Youth And Music' Concert Scheduled

"Meet The Masters" Will Sponsor Program By Ruth Burczyk, With Proceeds Benefiting Summertime Music Scholarship Fund

"Youth and Music" bring together a harmonious theme in the Grosse Pointe Community with the forthcoming "Meet the Masters" presentation of Ruth Burczyk, Grosse Pointe's prominent concert pianist and teacher, in recital to benefit the Summertime Music Scholarship Fund.

The event will take place Friday evening, April 5, in the Fries Auditorium of the Grosse Pointe War Memorial, at 8:30 o'clock.

Following this theme, the Grosse Pointe Central Library is featuring an interesting "Youth and Music" display through April 6.

The show cases exhibit many unusual musical treasures belonging to Pointers: Mr. and Mrs. Jerome E. Dykstra, Mr. and Mrs. Edward P. Frohlich, Mr. and Mrs. Thomas V. Locicero, Mr. and Mrs. Alfred D.

Moran, Mr. and Mrs. John W. Nelson and Mr. and Mrs. Cass Piotrowski.

Proceeds from Mrs. Burczyk's recital will be added to those of "Meet the Masters," a music appreciation class sponsored by the Grosse Pointe Public Schools' Department of Community Services and the Grosse Pointe Public Library.

The sponsoring agencies of the Grosse Pointe Public Schools are indebted to Ruth Kaiser, the instructor of "Meet the Masters," and to Ruth Burczyk for their inspirational and talented contributions to the music life of the Grosse Pointe community.

The Summertime Music Scholarship Fund was established in 1959 by the Band and Orchestra Parents' Club of Grosse Pointe High School for the purpose of providing talented instrumental students with an opportunity to further their musical studies at a summer music camp of their choice, such as those at Michigan State University, the University of Michigan, and Wayne State University, the National Music Camp in Interlochen, Mich., and others.

The Fund is made available to Grosse Pointe area high school students in public schools as well as private and parochial schools, (grades 10-12; members of their respective school bands or orchestras).

The Fund is supported solely by contributions. It is interesting to note that last year a contribution of a two-week scholarship to the National Music Camp was offered by Grosse Pointe High students themselves to the year's outstanding and deserving student.

Summer music camp experience for high school instrumentalists has proven to be a splendid opportunity for students to gain significantly in a musical way.

It provides opportunities for studying with a master teacher on his instrument as well as playing in an outstanding ensemble under the direction of a well-known conductor. Another advantage is the general enthusiasm that a student generates in the camp environment. This enthusiasm is often carried back to local school groups.

It is particularly important that a significant number of students from Grosse Pointe High School attend in the summer of 1968.

Starting in the fall of 1968 there will be six bands and orchestras in the two high schools, with double the opportunity for students to display leadership.

The greater the number of students who are able to gain leadership through summer music camp experience, the higher the quality of these

groups. Qualified applicants may obtain applications from Russell D. Reed, Instrumental Music Director, Grosse Pointe High School, 11 Grosse Pointe Blvd., Grosse Pointe, Mich., 48236. These must be returned to Mr. Reed by May 3.

Other than musical ability, a brief analysis by the counselor of the student in relation to (1) over-all citizenship, (2) scholastic record, (3) financial need, if any, etc., is also a deciding factor.

The Grosse Pointe High School Symphony Band and Symphony Orchestra have made great progress throughout the years and are recognized as two of the finest groups in the State of Michigan.

At recent competitions, under the baton of Russell D. Reed, top honors were received at the District Band Festival, Livonia, and District Orchestra Festival, Cherry Hill High School, Inkster, both groups earned straight A ratings from four adjudicators for all aspects of their performances.

Comments written by the judges included those of Dr. George Wilson, National Music Camp: "This is a top-grade band. Top bracket Michigan and elsewhere," and Elizabeth Green, University of Michigan: "A lovely quality of tone—refined and luscious . . . This was great!"

Mrs. Jerome W. Benson, Beneficial General chairman, has expressed gratitude for the enthusiastic response and cooperation given for the success of the project.

Mrs. Stephen M. Sweeney and Mrs. Flavio Vancicelli, social co-chairmen, have asked the following ladies to join them as hostesses for the reception in the Crystal Ballroom following the performance. Mrs. R. J. Foreman, Mrs. Richard W. Kay, Mrs. Arnold W. Lungershausen, Mrs. O. B. Nordstrom, Mrs. Robert M. Orr and Mrs. Sterling Sanford.

ALASKA

Mike O'Brien, Popular Escort to Alaska and Yellowstone Park, has sent out his last call for his Two Spring Alaska Tours.

Space is still available for these Sunshine Trips to Alaska—May 8th and June 2nd, both of 15 days duration.

These Escorted Tours are exceptional, as they are "all inclusive"—Meals, Lodging, Cruise Ship, Sightseeing, Cocktail Parties, Baggage Handling and Tips all included. So you can leave your pocketbook at home.

These two tours are especially nice because of the long days of Sunshine along the Inside Passage during May and June, when you can take pictures, without a flash bulb, as late as 10 o'clock in the evening.

Herbert To Head CSYC In 1968

William P. Herbert, of St. Clair avenue, has been elected 1968 Commodore of the Crescent Sail Yacht Club. A native Pointer, he and his wife, Mary, have two children, Will and Miranda.

Bill Herbert is a 15-year Crescent Sail member. He started sailboat sailing over 30 years ago in a borrowed Snipe and has been an ardent racing enthusiast ever since.

Last year, Bill returned to Snipe sailing by building one with the help of his son, Will, and together they actively race in Crescent's 19-boat Snipe fleet.

In the wintertime, Bill and Will race their Arrow class iceboat on the bay off Mt. Clemens.

Newly-elected Commodore Herbert was responsible for Crescent's outstanding 1967 Junior Sailing Program which saw 71 juniors participate in an eight-week program under the guidance of 12 club member instructors and an equal number of volunteer assistants.

The CSYC Juniors, (with a different skipper and crew for each competition), won the Sherer Memorial Trophy, the Boys Detroit River Championship, competed in the Sears Cup Finals at "Expo 67" and had frequent wins in the Saturday DRYA Regattas.

For the second consecutive year, Crescent was awarded the Commodore Sutton Trophy for the best DRYA Junior Program.

Under Commodore Herbert's guidance, Crescent will continue its racing tradition by sponsoring major invitational regattas for the Crescents, Lightnings, Flying Dutchmen and Snipe racing classes, as well as the club's annual DRYA Regatta in August.

Other 1968 CSYC officers are: Vice-Commodore Dr. John F. Fennessey, of Rivard boulevard; Rear-Commodore Thomas H. Rochford, of Belanger road, and directors George T. Satterley and George N. Smith.

J.D. Owens is planning a hunt in Kuala Lumpur. Want to go along?

Mr. J. D. Owens of Buckingham Road, Grosse Pointe Park: former news correspondent, ex-columnist, world-famous raconteur, professional PR consultant and patron of the Grosse Pointe War Memorial Association.

There's nothing Mr. Owens would rather do than stalk the wily Malay tiger or Africa's elusive dik-dik, especially from the safety and comfort of a theatre seat in the Grosse Pointe War Memorial Center.

Mr. Owens is an avid fan of George Pierrot's Adventure Series, a recent addition to the Center's regular program schedule. He and his family have discovered an almost unlimited variety of cultural, social and recreational activities at the Center, ranging from legitimate theatre and chamber music through bridge clubs and French classes. Mr. Owens is checking into the Gourmet Club and, of course, the Adult Ski Club. He's a War Memorial contributor.

You see, the Center earns about three-quarters of its operating expense, but that just isn't enough; so each year people like you and Mr. Owens—from all the Pointes—join in a Family Participation Campaign

to meet the rest of the budget, so we can continue our full schedule. This year our goal is \$80,000. Any size gift is greatly appreciated.

Want to go along on one of Mr. Owens' "trips"? Great. You've probably already received a Free Activities Pass in the mail. It includes five excellent programs for every member, every age group of your family. This Pass is good only through April 19th, but there are worthwhile events every day of the week, no matter when you come. See for yourself.

We think that once you get acquainted you'll agree a contribution to the Grosse Pointe War Memorial Center is just another way of supporting your own family.

Right J. D.?

Indubitably.

Roger Williams Family History Will Be Detailed

"Would you Believe" a family reunion so big it has to be held in two sessions?

The Roger Williams Family Association does just that.

Every spring and fall, the descendants of Roger Williams meet in Providence, R.I. on the 450-acre site of the original colony to perpetuate the memory of the man historians consider the greatest American Colonial statesman.

The Roger Williams colony was the first truly democratic state of modern times—establishing the principles of freedom of assembly, freedom of speech and freedom of religion.

Mrs. Cyrus K. Weatherby, of Fisher road, herself a member of the Association, will give a talk on the over-350-year-old history of the Roger Williams Family at the Monday, April 1, meeting of the Elizabeth Cass Chapter, Daughters of the American Revolution, at the Grosse Pointe War Memorial Center.

Reservations for the 12:15 o'clock luncheon are being taken by Mrs. John Finch, 882-6072, and Mrs. Paul Cornelisen, 884-6506.

MR. and MRS. ROBERT M. ORR are the grandparents of LAURIE SUE born to MR. and MRS. ERNEST L. FRITZ of Fremont, Neb. on March 21. Mrs. Fritz is the former SUSAN E. ORR.

Soprano Mary Costa will be featured in a Viennese program at the Detroit Symphony Orchestra's next Kresge Concert Tuesday evening, April 2, at Ford Auditorium. Concert time is 8:30 o'clock. Music director and conductor Sixten Ehrling will be on the podium.

Miss Costa joined the Metropolitan Opera in 1964. In recent seasons she has appeared as Marguerite in "Faust" in the title role of Massenet's "Manon," as Violetta in "La Traviata" and as the heroine of Samuel Barber's "Venessa."

Enrolled as freshman at the Detroit Institute of Technology (DIT), are CATHERINE C. KUPRAS, of Manchester, who has enrolled in (DIT's) College of Business Administration, and FRED VAN ASSCHE, of Prestwigt, who has entered the Institute's College of Arts and Sciences.

Tickets at \$2.50, \$2 and \$1.50 are available at Ford Auditorium Box Office, (961-0700), all 15 metropolitan Grinnell's stores and all Hudson's stores.

Miss Costa's singing at the Metropolitan and San Francisco operas has won high praise, but it was at Hollywood Bowl that she scored her first major triumph when she substituted for Elisabeth Schwarzkopf in 1958.

Since then she has performed at the Glyndebourne Festival in Britain and also has become known for her musical comedy talents in England, singing with the London company of Leonard Bernstein's "Candide."

Johnstone-Stone Rites Are Read

St. Lucy's Catholic Church was the setting for the Saturday, March 23, ceremony at which Ann Marie Stone, daughter of Mrs. Frank Stone, of Shore Club drive, St. Clair Shores, formerly of Radnor circle, and the late Mr. Stone, and Peter Johnstone, son of the W. Gordon Johnstones, of Grosse Pointe boulevard, exchanged marriage vows.

A reception at Lochmoor Club followed the 1 o'clock rites.

The bride, given in marriage by her uncle, Leo McPharlin, of North Oxford road, wore a gown of white mousseline de soie over taffeta, accented with appliques of Alencon lace and seed pearls and styled with a full Watteau train.

A Princess cap of lace traced with seed pearls held her bouffant silk illusion veil, and she carried an arrangement of white roses.

Her attendants, Mrs. Robert Libby, Mrs. Bruce MacLean, Mrs. Eugene Lewis, III, and Christine McPharlin, carried bouquets of shocking pink roses

and wore oyster white Princess style skimmers, fashioned with jewel-encrusted necklines.

William Johnstone served as his brother's best man. Ushering were Eugene Lewis, III, Robert Johnstone, David Pear, Bruce MacLean and Harry Joy.

For her daughter's wedding, Mrs. Stone selected a beige silk dress, embroidered with an all-over pattern of oyster white daisies, and a matching coat. Pale brown appliqued daisies were woven into her hair.

The bridegroom's mother chose a Nile green shantung dress and coat ensemble and a hat of small white flowers entwined in avocado velvet ribbon.

The newlyweds are vacationing in Hawaii and will return to make their home in Lake Shore Village.

BILL NOECKER, a freshman in the Engineering School at Cornell University, Ithaca, N.Y., is spending his spring vacation with his parents, the MARSHALL NOECKERS, of Handy road.

Batten-Rathbun Rites Are Read

At a single ring ceremony in Methodist Church, Greenwood, Ind., John William Batten, son of Mr. and Mrs. W. Arthur Batten, of Hillcrest lane, claimed Gwynnellyn Rathbun, daughter of Dr. and Mrs. Robert Rathbun, of Greenwood, as his bride Saturday, March 23.

The Reverend Charles Myers officiated at the 2 o'clock rites, which were followed by a reception in the bride's parents' home.

For her marriage, the former Miss Rathbun selected a floor length, A line Princess gown of white satin, styled with a bateau neckline, wrist-length sleeves and a Court train, and trimmed

with braided lace and pearls. Her elbow length veil was fashioned of silk illusion, and she carried a cascade of amaranth, stephanotis and pastel daisies.

She was attended by her sister, Michele Rathbun, who wore a sleeveless frock of pale green silk shantung, accented with Venetian lace and fashioned with a short train falling from her waist, and carried a modified cascade of pastel daisies.

Frederick Whittier Batten served as his brother's best man, and James Carver Batten and Chester Oliver Jones, of Ypsilanti, seated the guests.

The mother of the bride wore a pale yellow suit with bone accessories. The bridegroom's mother selected a pink silk Princess dress and matching jacket. Both mothers chose corsages of pastel daisies.

The newlyweds will be making their home in Portsmouth, N.H. The bride is assistant manager of Network Operations and Continuity Director of WENH-TV at the University of New Hampshire, where the bridegroom is a graduate student in English.

Pointer To Lead UF Recruitment

A Grosse Pointe housewife, Mrs. Robert S. Shammass, of South Rosedale court, has been reappointed to a chairmanship in the United Foundation Recruitment Corps for the 1968 Torch Drive.

Noting that the recruitment of volunteers is essential to the Torch Drive's success, the Recruitment Corps chairman said Mrs. Shammass will begin immediately to seek advance commitments to accept campaign assignments.

Mrs. Sullivan said some 60,000 volunteers will be needed to ring doorbells during the twentieth annual UF campaign.

13—REAL ESTATE FOR SALE

BEEN FOOLED before by a sweet sounding ad on a house that soured when you got inside to see for yourself? Well, this April 1st, we are serving up three new offerings which "show" as well as they sound. Lochmoor Boulevard in the Shores, which means just a skip to the Lake, provides the setting for this center hall colonial with four family bedrooms. Take note: the first floor includes living room, dining room, den, library, and large family room.

HOP TO IT and check out this little charmer on Oxford Road. This is the best three bedroom offered in its price range. Painted white with a pillard portico, this is an honest southern colonial. The master bedroom has a fireplace, and there is a paneled library and large screened and covered porch.

A SHOWPLACE on Trombley Road, this stately house is in actuality a two family dwelling. There is also a small apartment on the third floor, ideal for older children, live-in help, or visiting mother-in-law. A side lot, large enough to permit building another house, may go either with or without this offering.

ALSO
BY APPOINTMENT

A SIDE-entrance, brick colonial that is all spit and polish. Situated on a street south of Jefferson, and in the Park, we know of none other which shows as well. Take advantage of the recent price reduction and the opportunity of buying on land contract.

SHOEHORN your family into this cozy nest on Rathbone place. If you want to tie up an older mansion which was built to stand a century, then you should face into this one before someone else does. Your eye lets you see out over the roof of the next door neighbor to lake beyond. Not a house for a loafer, 'cause this one has a total of eight bedrooms and almost as many bathrooms. If you have been intrigued by this size house, better buckle down and get out to see it. You can bet your boots it's going to sell.

A FARM colonial in the heart of the City, with four bedrooms and two bathrooms up should arouse a lot of interest. When we tell you it has a library and a family room we expect the phones to start jumping. Keep calling if you find us busy... you're sure to get a line.

LAKE SHORE Road has long been known for its magnificent mansions, but few of the great old homes remain. We are proud to offer a complete estate which has been maintained in superior condition. Call when you have a few minutes to talk, and we'll expound the many features of the special listing.

THE FRENCH have a flair for many things and their architecture is very much in evidence in this beautiful family home on Balfour road. Four family bedrooms and two more for kids, maids or hobbies. Large kitchen and breakfast room and that all important library. Priced to be moved this week.

NOT VERY old and shows like new, is this two family flat located just a few yards from the Park waterfront park. Two bedrooms in each unit and a good tenant already built in. Priced to attract the "under forty thousand dollar buyer."

"There is a place and means for every man alive."

Music Students Attend Clinic

One hundred twenty music students in the Grosse Pointe Public School System attended a clinic for string players held at Brownell Junior High School on Thursday afternoon, March 14, 1968. The clinic was presented by the Western Michigan University Faculty String Trio. Students attended from each of the junior high schools and the high school.

The program started with a performance by the GPHS String Quartet, (Linda Hoyt, David McLaughlin, Robert Howes, and Linda Symons). This group performed the first movement of the Walter Piston "String Quartet No. 1." The Faculty String Trio members then commented on the performance and made valuable suggestions.

The major portion of the program was devoted to performance of chamber music and a discussion of rehearsal procedures. They also discussed various problems of ensemble playing.

Members of Western's Faculty Trio commented after the clinic on the exceptionally fine response and attention of the Grosse Pointe students. Russell Reed, instrumental music director at Grosse Pointe High School, made the arrangements for the clinic.

British Cellist With Symphony

British cellist Jacqueline du Pre in her first extensive tour of the United States and the world premiere of a new work by Klaus Egge will be the highlights at the Detroit Symphony Orchestra's concerts on Thursday and Saturday evenings, March 28 and 30. Concert time is 8:30 o'clock in Ford Auditorium.

Music director and conductor Sixten Ehring will be on the podium.

Miss du Pre will be heard in Elgar's Concerto for Cello, Opus 85.

Klaus Egge's Symphony No. 4 was commissioned by and dedicated to the Detroit Symphony Orchestra. It was completed in the fall of last year.

Egge is one of the most vigorous and respected figures in Scandinavian music today. Active as a critic and administrator as well as a composer and musician, he is an honorary member of The International Music Association's Advisory Committee in London, a member of The Royal Swedish Academy, and has been president of The Society of Norwegian Composers for the past 22 years.

The other work to be heard on the program is Beethoven's Symphony No. 7 in A Major, Opus 92.

Tickets for the concert are available at Ford Auditorium Box Office, (961-0700), all 15 metropolitan Grinnell's stores and all Hudson's stores.

Even at 16, Jacqueline du Pre was recognized for her outstanding talent, performing on the B.B.C. and with orchestras in Royal Festival Hall and at the Edinburgh Festival.

Now in her early 20's she is established on the international music scene as one of the extraordinary instrumentalists of our time.

Music Clubs Federation Holds 'Festival' Concert

The Southeast District of the Michigan Federation of Music Clubs presented Gold Cup Winners in a special "Festival" concert Sunday afternoon, March 24, at North Congregational Church.

Fifteen gold cups and eight gold certificates were presented after the concert by Mrs. Harry G. McQueen, Southeast District Junior Festivals chairman, to 19 festival winners.

The Junior Festivals which had taken place on March 9 at Wayne State University Music Building, were the largest program held in the Southeast District had ever held with 385 children registered.

A "Gold Cup" is awarded by the Michigan Federation of Music Clubs based on "points" accumulated by the Junior Festival participant, whereas the "Gold Certificate" is given by the National organization for "three superior ratings" in consecutive years received by the participant.

A contestant does not compete with other children. He is rated by his own progress from year to year, meeting certain requirements for excellence.

Miss Gizi Szanto, Miss Ann Dalida and Mrs. Ernestine Barnes, judges serving at the Festivals, were guests of honor at the concert.

Help Requested By Post Office

Late-evening volumes of mail are flooding the Detroit Post office, and according to Postmaster Edward L. Baker, are seriously hampering the local office in a new full-scale program for service improvement it is presently conducting.

Baker said he and his staff of postal workers have pledged themselves to providing Detroiters with mail service unmatched anywhere else in the country, and with this aim in mind are exploring every possible avenue of improvement.

"We have already found a number of ways to improve our internal operations," Baker said, "but our major obstacle to superlative service continues to be the perennial problem of the '5 to 9 Bulge' — the daily deluge of mail that is dropped on the post office at 5 o'clock in the afternoon, and over which we have no control."

The Postmaster said it is still the habit of most business offices and other mailers to hold their mail until the end of the business day before depositing it, even though much of it is ready for deposit earlier in the day.

"About 65 percent of our total volume of first-class mail pours into the General Post Office between 5 and 9 p.m.," Baker said, "and it is virtually impossible to process all of this priority mail in time to make the best dispatches to out-of-town destinations."

"A letter that's deposited early in the day gets a significant head start on this late-evening mail," the Postmaster added, "because it can meet earlier dispatches out of town and because it doesn't enter the post office at a time when we are too busy to give it the fastest and most accurate handling."

Postmaster Baker urged mail-

ers to lend their support to the post office's improvement program by making every effort to spread their mail deposits throughout the day, mailing everything they can during the morning and early afternoon hours.

He called the attention of businessmen to a "Scheduled Mailing" procedure already being used by a number of major mailers, under which an early-afternoon cut-off time for deposit is set for all but their most important mailings.

"Scheduled mailing allows the most important mail to meet its dispatches, while other mail can be worked during the morning hours," the Postmaster said, adding that post office representatives would like to visit the mailrooms of business firms and other organizations to help set up a scheduled mailing program. A call to Customer Relations, 965-3750 will bring a representative.

Offer Display Of Chinese Art

"Chinese Treasures", a selection of 117 of the finest pieces in the Avery Brundage collection, in being shown at the Detroit Institute of Arts from March 27 through May 7.

After traveling to five cities in the United States, it is probable that these rare Asian masterpieces will never again go on tour. They will be seen only in their permanent home—the M. H. D. Young Museum in San Francisco, California.

Mr. Brundage ranks as a prodigious and knowledgeable collector. The energetic Chicagoan has outdistanced all other private collectors in the Western world in amassing an Asian art collection of unprecedented size and scope, in which China is represented by more than 3,500 objects.

"This outstanding exhibition emphasizes archaic Chinese bronze ritual vessels, going back to the second millennium B.C.—the Shang dynasty," said Willis F. Woods, director of the Detroit Institute of Arts. "We have had no comparable exhibition since the ancient Chinese bronzes of the C. T. Loo collection were shown here in 1940."

"Forty-five hundred years of artistic achievement are embodied in "Chinese Treasures"—bronzes, jades, ceramics, lacquers, stone sculpture and scroll paintings. We are sponsoring this exhibition so visitors

Plan Extensive Airport Project

Plans are being developed for a new \$150 million-\$200 million road system and terminal complex at Detroit Metropolitan Airport by its operator, the Wayne County Road Commission.

The preliminary plan, which will not be finalized for several months, calls for two free-way routes to the airport and increased terminal space to provide 62 airline gate positions by 1970; 79 by 1980 and an ultimate figure of 100 positions.

Chairman Philip J. Neudeck, speaking for his fellow commissioners, William E. Kreger and Michael Berry, said the terminal and roadway improvements would be in conjunction with the Board's plans for field improvements that will eventually be a triple parallel runway system.

"We have come a long way at Metro in recent years," said Neudeck. "But we have a longer way to go in providing the convenience the public has a right to demand as we enter the age of the jumbo, super jumbo and supersonic jets."

He said that the successful integration of automobile and airplane travel relationship must go hand in hand and that the auto just as much as the jet must shape our terminal and airport concepts.

The plans are being devised by Arnold Thompson Associates, a widely known airport terminal consulting firm. The firm's preliminary conclusions are:

• That Eureka Road be upgraded as soon as possible and that a limited access connection with I-96 be programmed at the earliest possible date.

• That to relieve existing and forecasted airport road congestion, the southerly and northerly terminal sites with a major underpass providing two lanes each way for public

to the Detroit Institute of Arts have an opportunity to see and enjoy the astonishing perfection and superb handicraft of an ancient culture."

Some of the pieces are very small, some quite large, some virtually unknown, some already world famous (like the fantastic bronze rhinoceros of the 11th century B.C.). Rene-Yvon Lefebvre d'Argence, director of the Avery Brundage Foundation, commented on the universal appeal of "the magic of the Chinese hand which had excelled over the centuries in so many media . . . One of the marvels of the Chinese way of life is that so much work, skill, love, and imagination went into the manufacture of objects for daily use." The products of this genius, from Neolithic pottery to 18th century jade carvings are presented in "Chinese Treasures."

"Chinese Treasures" will be exhibited in the Art Institute's South Wing from Wednesday, March 27, through Sunday, May 5.

Museum hours are 9 a.m. to 9 p.m. Tuesdays; 9 a.m. to 6 p.m. Wednesday through Sunday. Admission to "Chinese Treasures" will be \$1 for the general public; students showing identification—25c; children under 12 with adults—free. Members of the museum's Founder's Society are admitted free upon showing their membership card.

A 150 page catalogue of the "Chinese Treasures", with nine full-color reproductions and 98 black and white plates, illustrations and comments upon every object in the exhibition. The catalogue is a publication of Asia House Gallery, New York City, and will be sold by the Detroit Institute of Arts Museum Shop.

vehicles, one lane each way for airport vehicles and a median for an intra-airport transportation device. This roadway would provide access to downtown Detroit via both I-94 and I-75.

• That major terminal construction be scheduled south of the existing runway system to provide the additional gate positions.

• That immediate steps be taken for expanded international facilities.

• That the existing airport roadway system be revamped in light of the projected southern terminal development and a separation of parking from express traffic be devised.

Thompson, president of the consulting firm, made his terminal and roadway study in conjunction with the Road Commission's decision on an ultimate plan for triple parallel runways. His plan is compatible with this concept, and he said 20-25 year 50 additional gate program would cost from \$150 million to \$200 million.

The roster of speakers . . . for next year's Grosse Pointe Celebrity Series — the 15th Annual Grosse Pointe Celebrity Series! — has just been announced, and it looks as if the 1968-69 Season will be just as fascinating, (perhaps even more so), as its 14 predecessors . . . The Celebrity Series is, as we're sure you know, sponsored by the Bon Secours Hospital Assistance League . . . Six lecturers appear Thursday mornings, (one lecturer on one Thursday morning each month, October through March), at the Esquire Theater; their hour-long talks are followed by subscription Celebrity Luncheons at "The Old Place," next door to the Esquire, at which the Celebrities talk and answer questions informally . . . Now here, in order of their scheduled appearance, are the 1968-69 Celebrity Series "stars" . . .

October 10, 1968: Drew Pearson . . . Mr. Pearson, whose talk is entitled "The Washington Merry-Go-Round," is one of Washington's most outspoken reporters — he's been observing and commenting on Capital affairs since the Coolidge Administration, and has attained the "distinction" of being almost the only reporter publicly castigated in violent language by the White House . . .

November 11, 1968: Philippe Halsman . . . The famous Photographer-of-the-Famous will present "Tales of Halsman," stories of the personalities he has captured on film and HOW he captures them, (he believes psychologically appropriate conversation is more important to a successful photographer than any complicated lighting or camera technique) . . .

December 5, 1968: Nan Birmingham . . . "The Night The Turkey Fell" is the lecture title chosen by Mrs. Birmingham, TV "Girl Talk" personality and wife of Stephen Birmingham, author of the best selling "Our Crowd" — A noted hostess-cook, Mrs. Birmingham has promised to reveal the secrets of successful entertaining, (she claims SHE learned them the hard way), which she firmly believes have NOTHING to do with how much money the host or hostess spends . . .

January 9, 1969: Richard Schickel . . . Mr. Schickel, LIFE movie reviewer and a former senior editor of LOOK and SHOW magazines, will offer "Now Playing," a report on the latest films and trends in films, and will ask — and answer — some pointed questions about the factors that determine what you see when you go to the movies . . .

February 13, 1969: Robert F. Marx . . . Archeologist, author, historian, adventurer, Mr. Marx is director of an excavation program at "Port Royal: The City Under The Sea," the Jamaican pirate stronghold that sank into the sea during an earthquake in 1692 and is now being systematically explored by divers — of whom Mr. Marx is, naturally, one . . .

March 13, 1969: Agnes Moorehead . . . Nominated five times for an Oscar, teacher of Drama, Interpretive Reading and Pantomime at the University of Southern California, holder of a Masters degree, a Doctors degree and three Honorary Doctorates, co-founder, with Joseph Cotton and Orson Welles, of the legendary Mercury Theatre, Miss Moorehead invites her audience to "Come Closer: I'll Give You An Earful" — and does . . .

Sounds like the Celebrity Series committee ladies . . . lined themselves up a half-dozen "goodies" for next year, doesn't it? . . . Tickets for the 1968-69 Season have just gone on sale; as always, they are being sold as a complete series: There will be no single seats available for individual lectures . . . And, as always, they're going FAST — we advise you to contact ticket chairman Mrs. Elmer C. Van Tiem, of Whittier road, Tuxedo 2-1536, or ticket co-chairman Mrs. Clayton Alandt, of Mack avenue, Tuxedo 1-8504, quickly if you'd like to reserve a 1968-69 Series Ticket Booklet.

PILFERINGS

Andre Maurois, FRANCES distinguished man of letters, opened his speech at the American Club of Paris: "Gentlemen, I unfortunately have been asked to speak today in English, and, as a result, the language you will hear will be neither yours nor mine." —Reader's Digest

In the course of a history lecture on early explorers, Dr. Raymond P. Witte of Loyola University in New Orleans called the class' attention to a person he said was a virtually unknown Swedish explorer, Loof Lirpa, who had charted the North American coast from Maine to Florida. Even though Sweden failed to capitalize on his findings, Lirpa, Dr. Witte said, is recognized by historians as a significant figure who contributed much to world geographical knowledge.

It was only after the professor had left the room and the students were scanning their voluminous notes that one of them discovered to his great chagrin what Loof Lirpa was spelled backward. —Howard Jacobs, New Orleans Times-Picayune

Pointer of Interest

MRS. JEROME W. BENSON, OF WELLINGTON PLACE

By Janet Mueller

A Happy House is unmistakable. You know it from the outside, as you walk up to the door; you know, once the door is opened, that you will be welcomed. You know you will enjoy yourself inside . . . and you know, when it comes time to go, that you will leave reluctantly . . .

Jan and Jerry Benson have a Happy House. It's a fairly new house, in a fairly new street, and the Bensons are fairly new Pointers. They moved here five years ago, from Edina, Minn., just outside of Minneapolis. They'd been Minnistsans all their lives, had built their Dream House, completely up-to-date, modern in every respect, on a hill above a lake in Edina.

"The children used to ski down the hill, carrying their skates," Jan recalls. "Brett is an excellent skater—he won a blue ribbon ice-racing when he was five years old—and he's tremendous on skis, too . . . Brett is the Bensons' son, 15 now a student at Pierce Junior High School. His older sister, Tammy (Tamara), is 17, a Grosse Pointe High School student who plans to continue her education at Eastern Michigan University, majoring in Special Education.

Volunteer Teacher

Tammy already has a good background in the field in which she intends to make her career. She spends one hour a day as a volunteer at the Grosse Pointe Foundation for Exceptional Children.

She has a third grade Christ Church Sunday School class, too, and devotes part of every Saturday afternoon to conscientiously preparing her next day's lesson. And there's Jole, the Bensons' miniature poodle, 15 years old and still going strong . . .

"We seem to grow things long-lived and long-lived around here," Jan laughs. Jole is a long-lived case-in-point, and as far as the "long-lived" is concerned . . . neither Jan nor Jerry is exactly short, Tammy is almost 5'11" and Brett is growing every day . . .

When the Bensons moved from Edina to Grosse Pointe, Jan did a complete "about-face" in home decoration. She didn't have to worry much about getting rid of inappropriate furniture for her new, traditional house — almost everything in her contemporary Edina home was built-in, couldn't be removed. What Jan didn't want that COULD be removed she sold through a NEWS want ad.

Hunt for Furniture At the time of the move, she inherited several antiques and decided to add to them. She went to Goodwill, picked up furniture there. She found a piece of millwork in New Baltimore, decided it would make a perfect coffee table frame, had matching wooden legs made and built the glass-topped table herself.

Fortunately, she's artistic, likes to make things with her hands. (A talent Tammy seems to have inherited.) Jan's worked with stained glass and decoupage, fashioned acrylic-on-wood wall plaques, done her own picture-framing, made a terrarium in an old chemical bottle, re-finished antiques, experimented with ceramics.

Currently, she's trying her first clay head, invites everyone who exhibits the slightest interest in it to "try to get the lips right . . ." (Friends of the Bensons have been known to accept that invitation, plunge their hands into the moist clay, begin to work on the mouth — and, hours later, pry themselves away from the project, muttering, "IT'S IMPOSSIBLE to make realistic-looking lips in clay!")

Has Wicker Project Jan's also currently involved in a wicker project, stripping and re-painting pieces of old

furniture with which she plans, eventually, to re-decorate her family room.

And she's growing geraniums . . . and "mothering" a pair of gerbils . . . and is always on the lookout for additions to her collection of antique glass and ceramic telephone pole insulators . . .

But Jan doesn't spend all her time on private projects. She's active in her sorority, Alpha Gamma Delta, and has just finished four years as Alpha Gamma Delta's delegate to Pan-hellenic. She's served as a Pan-hellenic board member.

She's worked with a Christ Church Fair decoupage group. She is a member of the Grosse Pointe Women's Republican Club, and of a Republican Discussion Group.

She's a member, too, of the Grosse Pointe Symphony Women's Committee — and of "Meet The Masters," Ruth Kaiser's music appreciation class, offered under the auspices of the Grosse Pointe Public Schools' Department of Community Services, which meets at the Grosse Pointe Public Library.

Is Benefit Chairman

She's serving as general chairman of "Meet The Masters" first benefit project, a piano recital featuring Ruth (Mrs. Walter) Burezyk, to be presented Friday evening, April 5, in the Grosse Pointe War Memorial's Fries Auditorium.

Proceeds from the concert will enable Grosse Pointe students to attend music camps this summer via the Summer-time Music Scholarships Fund of the Grosse Pointe Public School System.

Jan joined "Meet The Masters" two years ago, because she wanted to learn to understand contemporary music. She's more enthusiastic about the course now than she was when she started it.

"Ruth (Kaiser) is a fantastic teacher! Her hour-and-a-half class goes, (here Jan snaps her fingers), just like THAT!" "After a year or so of 'Meet The Masters,' you reach the stage where you go into a record store and ask, not just for a recording of a certain piece of music, but for a certain artist's recording of that piece of music . . . You know what to listen for, you know what you prefer . . .

"I think we're very fortunate that Ruth Burezyk agreed to present our benefit concert. She's a brilliant artist . . . She came to 'Meet The Masters' to give a program on Tchaikovsky last year, and the whole class was entranced . . .

Jan's not a pianist herself; her instruments are the flute and piccolo — and she doesn't own either one! When she feels like playing, she borrows a piccolo from her next-door neighbor, Joan Forsman.

Tammy took piano lessons for awhile, but the "professional" musician of the family is Brett. He has his own band, "The Dead Reckoning."

"At least," says Jan, "The Dead Reckoning" was its name last week . . . What it will be called next week, I don't know; the name keeps changing . . . Brett plays lead guitar and sings. He's also teaching himself to play the piano.

His interest in music is rather a surprise to his parents. "Brett was always so active in sports, we didn't think he'd care about music," Jan marvels. "But he's the one in our family who really expresses himself through an instrument."

Plays Away Blues

"When he's depressed, he'll take his guitar and go up to his room; I'll hear him begin to play—the most mournful songs!—and then gradually the music will get happier and happier." Brett hasn't abandoned sports for music, though. All the Bensons enjoy athletics.

Jerry, with Detroit News National Advertising, played football at the University of Minnesota. He did some undergraduate boxing too.

He's a ski buff, and enjoys weekend trips to Talisman in Canada. So does Jan. Before the move to Michigan, the whole family "followed" the Minnesota ice hockey team; both Tammy and Brett were exposed to hockey very early.

Settled in Grosse Pointe, the Bensons became "Boat People," spending every spare minute aboard their 30-foot cabin cruiser.

"I'd have everything laid out . . . The minute Jerry came home, he'd change into his boat clothes, we'd all grab our gear and off we'd go to the marina," Jan recalls.

Resort at Home But as the children grew older, and wanted to do more things with their friends, the Bensons decided to forego their boat in favor of a swimming pool. Now, their home is a "resort" all summer long—and Jan loves it that way:

"We have boys and girls around all the time, winter and summer. Every kid who comes into the house kicks his shoes off. They all go out to the kitchen, get cups of coffee . . . And, when they leave, they all empty the cups, put them away . . .

"I really think teenagers are marvelous. Take, for instance, the time that Jerry and I, after painting Tammy's bedroom, (it turned out well), decided to tackle the living rooms walls: . . . We picked a gold color, not knowing how difficult it is to get a 'good' gold . . .

"We were half-way through when we realized the color was all wrong, that we'd have to start again . . . I had people coming in; the walls HAD to be finished . . . And, suddenly, the doorbell rang — there were six kids, (they had a half-day off from school), each with a paintbrush in hand; they painted the wall for us . . .

Nice things happen to people who DO nice things: In Edina, through their church, the Bensons sponsored a Cuban family, refugees from Castro.

"We started off with a husband, a wife and one child," Jan remembers, "but right after they arrived in Minnesota, we learned the wife was pregnant and would have to have a Caesarean . . .

"Our Church people set them up in an apartment, furnished it . . . Jerry pounded the pavements — the Minneapolis Star and Tribune happened to be on strike then, so he had time to pavement-pound—looking for a job for the husband . . .

"We don't speak any Spanish, they didn't speak any English, but it's AMAZING how you can communicate when you have to . . .

"Our family" is still in Minneapolis. We hear they're doing quite well . . .

"It was a wonderful experience, for the church and for us," Jan sums up the Cutan Family Project. Typically, she DOESN'T say how lucky the Cubans were to find such sympathetic sponsors.

That thought would never occur to her—or to any member of the Benson family. They're the kind of people who think of an experience as enriching them . . .

The kind of people who live in a Happy House . . .

We're Shopping . . . for spring and we're not looking for anything but the shapely new looks because they are so "in" and because of fashion previews, we know they forecast fall. At Walton-Pierce we found two outfits in our size five. The same look is in misses' size and designer original models. Let us tell you about it. A navy and white plaid has a cropped jacket. The navy crepe fitted top joined a released skirt at a natural waistline where a wide belt marked the difference . . . distinctly '68! Another bolero type jacket in pearl gray wool reveals a crisp white tuck-in blouse. The skirt is gracefully gathered and belted. This is not the only look but all the new looks are shaping-up to flatter your figure. Be an individual but be a fashionable one. It's so much fun and a more lasting investment!

The Latest Reports . . . say the curly look will be here for quite a while because most women have found the fashion very flattering and the new curly stretch wig of natural hair a great convenience. At Leon, 17888 Mack Avenue, these curly wig-wonders are a wonderful little fifty dollars. This has got to be one of the best beauty bargains we know. By the way, in the fashion business these days models wouldn't be caught without curls or at least a hat box full of them. TUXedo 4-9393.

Spotlighted . . . in the window of Michelle's Boutique at Leon, is a luscious little linen suit. It's white high collared short jaunty jacket is braided with navy and topped off a skirt of gentle gathers. It also comes in navy with white braid.

The Shirtwaist With The Cumberbund . . . is a go-together fashion loves this year. We love the white linen long sleeved shirtwaist cinched with a navy and white polka dot cumberbund. It's sixty dollars at Claire Pearone, 397 Fisher Road. There you'll see many newsy versions of this look . . . also fresher than ever and fashionable navy with white. This group is delightfully scaled for junior sizes.

Are You In Love . . . with your home but not with your kitchen? Making a wallflower kitchen into one of beauty is a challenge Mutschler professional designers like best. Regardless of the size, shape or condition of your kitchen, you'll be pleasantly surprised to see what can be done with Mutschler planning at 20227 Mack Avenue.

Double Image Print . . . you see it on the light weight wool coat in a shocking pink and white pattern. It's repeated again on the silk dress which completes this smashing spring costume. There are many other such interesting ensembles at Martha's Closet, 373 Fisher Road. You also have a choice of linen, cotton or all silk to suit the climate and the time.

Scent Special . . . at the Notre Dame Pharmacy is Borghese's Fiamma cologne spray. The six dollar size is four-fifty. While picking up this fabulous fragrance value, check the Celebrity collection of helpful travel items. It's a complete line.

The Kaleidoscope . . . sees folded sendable flowers fan out instantly into colorful decorative blooms. Daisies come in pow pink, blues, greens and, of course, white with a yellow center. Prices start at thirty-five cents go to a dollar-fifty at 16135 Mack at Bedford.

The Light . . . of your decorative life may be waiting for you at The Sphere, 19849 Mack Avenue. After all, they have specialized in exquisite lighting fixtures and well scones for quite some time now. A fine selection, imported from Italy is gold leafed. Some scones are alight with crystal prisms.

Ole! If . . . you want to find Sylvia Trevino, she's unpacking all the hand-crafted beauties she's shipped for in Mexico . . . tin work, silver jewelry, light fixtures and one-of-a-kind carved wood figures. Professional decorators have discovered Ole, Why don't you? A trip South of the Border is as convenient as 16237 Mack Avenue at Three Mile Drive.

How . . . to get away from it all . . . in town? Escape for a weekend to the Hotel St. Regis. We know several couples who have enjoyed their special weekend package which includes gourmet dinners, legitimate theater tickets for two, breakfasts (in bed if you wish). The atmosphere, service and price is planned to spoil you, so you will start planning another spree. The weekend per couple is eighty-five dollars. For details and reservations call TR 3-3000.

In Decorating . . . the use of Oriental reproduction carpeting is really coming along. At Maliszewski Carpeting, 21435 Mack Avenue they have a demand for their imported from Belgium reproductions in worsted wool. The Kerman, Bokhara, Sereghan and Keshan designs seem to be in the lead. You'll be happy to know, they don't cost a fortune. A 9x12 runs about three hundred nineteen dollars.

How Long . . . is a kitchen torn up when Kitchen Remodelers start to work? The time is from one to two weeks. Of course, this doesn't count the planning stage. At least, once a lady makes up her mind, her new kitchen is quickly accomplished. Visit the new showrooms at 15218 East Jefferson.

It's Posh! . . . Michael of The Posh Studio, Inc. is in New York this week taking classes with well known hair stylists of Europe and America. He'll be back next week to show the latest in hair fashions for '68. In the meantime, Ron is here getting last minute detail finished for the opening of their boutique, The Posh Set, Call 886-1377 for an appointment.

Eat Out . . . The menu at Westfields should tempt you. There's a captain's plate with golden brown crabmeat cake, Westfield's famous fish, creamy coleslaw, tartar sauce and a lemon wedge. Perhaps you'd prefer beef stroganoff over buttered noodles, tossed salad with a warm roll and butter. Both are featured for dinner . . . at 15506 Mack at Somerset.

QUESTION: How do nice old ladies get from the East Side to Metro Airport?
ANSWER: They ride the Royal Coachman Limousine, of course . . . We take them directly to the airline of their choice, no inconvenience transfer to make and no luggage to carry . . . Call TUXedo 6-1322.

Once Upon A Time . . . there was a lady, Mrs. Harries, who shopped for a dress. They showed her blacks, blues and darks because they were slimming. Not interested in appearing slimmer . . . she wanted to appear gay and happy. She found the "Happiness" fat fads . . . young and colorful dresses. She is now buying them for Ports Call, 23220 Mack Avenue. Are you ready for these fat fads? Well, they are ready for you. Why not take a look? You'll probably end up wearing one of them and living happily in fashion ever after. End of story!
