AN ENRAGED CUSTOMER, who was dissatisfied with a home he had purchased, shot and killed a real estate agent and wounded his employer critically in their northwest Detroit office Wednesday. Killed was Ray Bernard, 22, of 8605 Ten Mile, Oak Park. Daniel Sklover, 30, of 841 Merton was taken to Mount Carmel Mercy Hospital with a bullet wound in his chest. His condition was described as fair. Held in the shootings was Burnett Dyer, 24, 1470 Field.

WILLIAM L. CAHALAN, prosecutor, was fined \$100, or 30 days in jail for contempt of court Thursday, by Wayne County Circuit Court Judge Nathan Kaufman. The argument developed over Cahalan's refusal to immediately provide an assistant prosecutor to try a criminal case assigned Thursday to Kaufman.

MAYOR CAVANAGH REVEALED plans and proposals Friday for a huge sports-stadium complex along the Detroit River and said the stadium could be financed by revenue bonds and private money. He said he hopes to meet soon with Governor Milliken to try to convince him that a sports stadium in Detroit must be located downtown instead of at the State Fair grounds. He even had a few suggestions for names such as "Megasphere," "River's Edge," "South Pointe," and "Metro-Sphere."

A STORM BLASTED Florida from top to bottom Saturday, spawning tornadoes, damaging homes and buildings with hurricane force winds, knocking down trees and power lines and flooding streets. A 180-mile long pressure system roared off the Gulf of Mexico with little warning, and raced across the state at speeds up to 50 m.p.h. hitting central Florida especially hard.

FOUR AMERICANS were believed to be in Chinese Communist hands Sunday night after three yachts bound for Macao from Hong Kong failed to reach their destination. Authorities in Hong Kong said they received reports that the three yachts were seen being towed by junks. This was followed by a message from one of the yachts saying it was "being boarded." Fifteen persons were aboard the yachts, four Americans, three Swedes, two Britons, an Australian, a Frenchman and four Chinese crewmen.

UNITED STATES AQUANAUT, Berry L. Cannon, 33, died of a heart attack early Monday while working on the ocean floor at a depth of 610 feet, a Navy spokesman reported. Cannon, an electronics engineer from Panama City, Fla., was one of four divers who went down early Monday to investigate air leaks from the 57-by-12-foot Sealab Three on the ocean floor, about a mile off San Clemente Island. The Navy blamed Cannon's death, the first since the Sealab underwater exploration program began in 1964, on "cardiac arrest."

PTA Council Holds Election of Officers

Four officers of the Grosse Pointe PTA Council were elected to two-year terms recently. Pictured (left to right) are MRS. PHILIP WETTENGEL, secretary; CHARLES A. PARCELLS, JR., outgoing president; TOM CANDLER, incoming president; ALLEN NEEF, vice-president; and BRANDON ROGERS, treasurer. Delegates from each PTA group in the community attend five yearly meetings of the Council, overall coordinating agency for PTA activities in the Grosse Pointes.

Speed, Knife Lead Youth Into Trouble

Sent to House of Correction after Subjecting Police to Wild Chase; Trapped in Alley

James Alan Fillmore, 18, of 3989 Guilford, Detroit, was arrested by Woods police on Sunday, February 16, for both reckless driving and carrying a concealed weapon.

While on patrol, Lt. Jack Patterson and Patrolman William Lentz saw a car speeding on northbound Mack avenue. Making a U-turn from the southbound lane, the officers pursued the car. After a left turn onto Oxford, the fleeing driver ran stop signs at Jackson and Helen before turning onto Helen and then to Fleetwood, where he ran another stop sign.

At this point, with the chase reaching speeds in excess of 60 mph, the escaping driver extinguished his driving lights in an attempt to elude police.

Runs More Stop Signs

With the chase moving from Fleetwood to Harper to Beaufait, the driver continued to run stop signs and eventually drove back to Mack, where he was seen by Woods' officers Podaszewik and Tobian, who along with officers Kensora and Marone had been called into the chase.

In a final attempt to elude the pursuing officers, Fillmore turned into an alley and stopped behind a business place at 1933 Vernier.

Patrolman Tobian was forced to fire two warning shots before

Amendment to City Code Aimed at Law Violators

In an amendment to the City of Grosse Pointe's city code with regard to disorderly persons, the Council on Monday, February 17, took into local hands, problems that often are dismissed at the Circuit Court level.

The amendment makes it a violation of the City Ordinance to violate any of the criminal laws, Fair Housing laws, narcotic drug laws or hypnotic drug laws of the State of Michigan. This section is supplemental to and in conjunction with the laws of the State of Michigan.

There is no danger of double jeopardy in the amendment because it specifically spells out that no person shall be prosecuted for a violation of any provision of this section of the amendment if such a person has

Youth Bares Soul Asking Police Sergeant to Help Him Conquer Drug Habit

Smoking 'Pot' Started Ever-Increasing Craving for Stronger Narcotics; Has Been Spending over \$200 Per Week on 'Fixes'

By James J. Njain

How does a person addicted to drugs get started on the habit, and how old was he when he first became a user? What does he do to keep himself supplied, and what does he think of himself? Does he blame himself, his parents, or society for his predicament?

These and other questions were asked of a user, who had the courage to appeal to Det. Sgt. James LaPratt, for help in breaking this body and soul-ravaging habit. As a result of this appeal, the user, whose name has been withheld, but for the purpose of identification will be called "Harry," today is at Synanon, 8344 East Jefferson, Detroit, where he is being given the sympathetic help he needs in his struggle to break the habit.

Harry, who just turned 20 years old, appealed to LaPratt for assistance because the detective is "a good cop and a humanitarian," and who understands people's problems.

In a fact-to-face interview, with the sergeant present, Harry bared his arm to show the scars, and fresh marks on the back of his hand, made by injecting narcotics with a needle.

The addict, and he did not mind being called that, said that he started the drug habit by smoking marijuana, and graduated from this to other narcotics for "higher kicks."

Harry said that he dropped out of high school at the age of 16, and at 17, prompted by curiosity, began to smoke "pot."

After about three weeks, he began to use stronger narcotics,

Bus Line Wins Boost in Fares

The City of Grosse Pointe Council on Monday, February 17, heard a report of City Attorney Richard E. Hinks, on the final hearing before the Public Service Commission, regarding the raise in bus fares by the Lake Shore Coach Lines.

Representatives from all the Pointes attended the hearings. Mr. Hinks said the commission ruled that on information received from the company's quarterly reports, a rate of five cents increase on all fares, including school fares, was in order. However, local fares will remain the same.

Mr. Hinks cited an example from the company's quarterly report of 1968 and compared it with the figures for 1967. The last quarter of 1967 the company made \$11,000, in 1968 their profit was only \$145 for the last quarter.

The company was told that the commission expected them to maintain the health, sanitation and comfort of the line, and told those present that they should inform the commission if the company did not maintain service in this manner.

Gets Into Home With Aid of Log

John Sabol reported to Woods police on Sunday, February 16, that someone had forcibly entered his home at 892 Moorland drive.

A 16-inch log found on a bedroom dresser was apparently used to force open a sliding door at the rear of the home.

Stolen were a gray metal box from the family room containing income tax papers and bond certificates, a small jewelry box and its contents, a radio and a box with \$20 worth of collector's coins.

From 1951-1958 the Professor was Political Advisor to Radio Free Europe. He is the author of many books on Communism and on relations between members of the Communist bloc. Speer, Schweikart Nominated to Seek Judgeship in Park

Will Battle It Out in Election Scheduled for April 7 after Defeating Other Candidates in Primary; Only 1,825 Go to Polls

Approximately 1,825 Park qualified voters, or about 20 percent, went to the polls during the primary election held on Monday, February 17, to pick two nominees for the office of municipal judge. The post will be vacated by Judge C. Joseph Belanger on July 4, when he retires.

City Clerk Nunzio Ortisi said that the number of ballots cast was not too bad, and was about average for a primary election, especially when only one office is involved. The Park has approximately 9,000 registered voters, he said.

The winners who will compete in the April 7 election, are: William E. Speer, who polled 702 votes; and Carl Schweikart, who came in second with a total of 387 votes.

Five Others Defeated

The five losers who had sought a spot on the April ballot, are: John F. Potvin, who received 198 votes; Philip J. Mararak, 178 votes; Philip A. Gilles, 161; Myer Rubin, 122; and Wilfred Steiner, who trailed with 78 votes.

Ortisi said that only 1,100 persons had cast their ballots prior to 5 p.m., after which the balance of voters arrived pretty steadily.

He said that a bigger turnout was expected at the April 7 election because the voters will decide who will serve on the city council, as well as vote for mayor and judge.

Mayor Matthew Patterson is unopposed for his office, whereas the incumbent councilmen, George Verdonck, Warren Couger and Douglas Graham will be asking for second terms.

Two Newcomers

Hoping to unseat at least two of the incumbents, are newcomers Marco Valente, Jr., and Mitchell Simon.

Judge Belanger's retirement is mandatory under a State Election Law which prohibits reelection to a judicial post by persons who have reached 70 years of age. On his retirement from the post, the judge said that he will concentrate on his private law practice.

Under a section of the Park City Charter, a judge is elected at a regular election in April and assumes office on July 4.

Neighborhood Club Offers Sessions on Drug Problem

By Pepper Whitelaw

Marijuana by another name... jives, mary, tea, weed, hay, pot, bush or viper's weed... is still trouble to the user according to Edward R. Bloomquist, M.D., and author of "What Teen-Agers Should Know About Narcotics."

As parents we have the responsibility of knowing just what marijuana is, how it affects the user, and just what to do if we discover one of our children is a user.

In a publication of the Narcotic Addiction Control Commission entitled "Questions and Answers" it states that "marijuana is a term in the United States used to refer to any part of the hemp plant or extract therefrom which can induce physical and psychic changes. The resinous exudate of the top

of the female plant contains most of the active ingredients. In the Middle East the resin is called hashish. In the Far East it is called charas. Marijuana purchased in the United States tends to contain less in the way of active ingredients compared with that available in other parts of the world.

The same publication asks the question "Are there dangers associated with marijuana use?" The answer is yes. The smoking of a single marijuana cigarette has been known to precipitate a psychotic episode. Heavy use can produce visual distortions, false beliefs and hallucinations. The intellectual and sensory alterations can lead to accidents, aggressive and/or anti-social acts.

Woman Top Vote-Getter In Primary

Mrs. Nancy Waugaman Leads Field of Nine Candidates for City Council; Election April 7

The only woman who sought nomination to the Farms council at a primary election held on Monday, February 17, was the top vote-getter, besting two incumbents seeking a return to office at the April 7 election. Nine persons sought nomination, and one was eliminated after the votes were tabulated.

Receiving the highest number of votes was Mrs. Nancy (William J.) Waugaman, 935. She topped incumbents Richard C. Hudson, who polled 904 votes; and Mark C. Stevens, who came in third with 846 votes.

Receiving the fourth highest number of votes was Robert T. Herdegen, Jr., with 773; followed by James S. Allor, with 594; John P. Cushman, 451; Francis J. Weskel, 405; Fred W. Gerow, 351; and Warren J. Delp, the losing candidate, who polled 301 votes. Only eight were to be nominated.

7,500 Are Qualified

City Clerk Peter Caputo said that only 1,800 persons went to the polls, which is approximately 25 percent of the total number of about 7,500 qualified registered electors in the Farms.

The city clerk said that interest in the April 7 election will bring out a larger number of voters. On the ballot will be an advisory vote on whether or not the Farms should enact a Fair Housing Ordinance, which would prohibit discrimination against anyone seeking to purchase real property in the Farms. The law, similar to that enacted by Birmingham, with more added by the Farms council, would prohibit discrimination against any person because of race, color, creed, national origin, sex or age.

Council Elects Mayor

Under the Farms City Charter, the voters do not elect a mayor. This is done by the councilmen, who elect one of their own, to serve a two-year term. Mayor William Butler's term in this office will expire on April 7, but he could be re-elected by his colleagues.

At the April 7 election, the three candidates receiving the highest number of votes will serve on the council for a four-year term, and the fourth highest, serves a two-year term.

Park Policemen, Firemen Praised

Mrs. Douglas Chauvin of 1051 Maryland, can't praise the Park policemen and firemen enough for their prompt response for help when her husband suffered a heart attack shortly after midnight on Wednesday, February 12.

Mrs. Chauvin's plea for help came at 12:04 a.m., at about which time Mr. Chauvin suffered the attack. It seemed to the distraught woman, that she had no sooner hung up the telephone receiver, when policemen and firemen were at the door of her house.

Responding to the Chauvin residence were Police Cpl. Walter Paton, and Patrolmen Robert Michael and Larry Rice; and Fire Sgt. David Taylor and Fireman Joseph Blak.

Mrs. Chauvin credits the fast action of the officers and firemen with saving her husband's life, and expressed her gratitude for the kindness and consideration extended by the men during the crisis.

The firemen administered oxygen to the stricken man en route to Bon Secours Hospital, where the heart victim is recuperating and where he will remain for at least another two weeks.

"I cannot thank those wonderful policemen and firemen enough for what they did for my husband," Mrs. Chauvin said. "They showed concern and were very sympathetic, and took care of everything very efficiently. They are a credit to the city. God bless them all."

resorts to criminal activities, resulting in harm to others, and taking something that rightfully belongs to others, to satisfy his craving for dope.

He has never resorted to burglary to keep himself supplied, Harry said, but he had taken part in "burning", that is, he had taken money from other addicts on the promise of bringing them narcotics, but never making a delivery. The money so received, he added, was to make a "buy" to quell his own cravings.

Tells of Other Ways

Without saying whether he was involved in such tactics, Harry said that other means of raising money for purchases, was by following mailmen on their rounds, and stealing welfare checks, and having girls cash them in grocery stores, after making limited food purchases.

Another way is to enter a doctor's office and while the doctor was out of the room, steal about half a pad of blank prescriptions, and only half, so that the physician will not suspect immediately that any are missing. He has never written a bad prescription, Harry vowed. He told of other ways resorted to, which are not printable, that an addict will subject himself to get money in order to satisfy his constant craving.

What about his home life and his parents? What does he think of the parents of today? Do they care about what their children are doing?

Too Much of Both

"I came from a home where there was too much discipline on one hand, and too much love on the other," Harry said. "My father was too strict, and my mother, just the opposite, too doting. But don't get me wrong. I love my parents, very much.

"However, my mother suspected for more than a year, that something was wrong, but she did not seem to care enough to find out what it was. She could tell by my actions, that I must have been using dope, but did not give me any counsel. My father did not know I was a user until this year.

That is the trouble with most parents, today. They don't seem to give a damn about their children. All they seem to be doing is reading books on how to bring up their kids, when all that is needed is strong discipline, administered by the back of the hand.

Sister Had Problem

Harry said that he resorted to using dope, but his sister, the only other child in the family, "became addicted to food." His sister, slightly older than he, and a little shorter, is five feet ten inches tall, weighed more than 300 pounds, before

she finally decided to lose weight. She is now down to about 185 pounds, he added.

Harry said that he had intended to go to San Francisco, but decided to remain in town, and seek help in "kicking" his habit. He thought of Sgt. LaPratt as the logical person to help him.

LaPratt spoke to Harry in the terminology of the addict. Harry responding in kind. However, Harry said that words used are constantly changing, and that this manner of speaking is more or less a code, used to confuse police officers and others who might be listening to conversations between users and pushers, (sellers), etc. The detective read two words from a reference pad in front of him, which proved that there is a constant change. Harry did not know what the words meant.

Has Disfigured Self

"This way of life is a lousy, rotten mess," Harry said. "You think things are rosy, until you see yourself in the mirror, and then you realize exactly what you are. You can't even stomach looking at yourself, especially when you are disfigured as I am. I have numerous pimples and lumps on my face and neck because of the drugs I have been taking. An operation is the only way the lumps can be removed."

Harry said that smoking marijuana is bad because it leads to the use of stronger narcotics, and this can become very expensive. He said that he spends about \$30 a day, or \$210 a week, buying the drugs to satisfy his habit.

Harry said that two weeks ago he started buying a five-cent spoon of heroin (\$5 worth in the addict's terminology); then a 15-cent spoon, and for the past week has been on a 20-cent spoon. In about another week, he pointed out, he was going to need more, and decided that he was going to stop and get help before the habit got more out of hand than it is at present.

Make His Decision

The evening before his interview, he said, he began to "sweat it out," then made up his mind that he would ask LaPratt for assistance in trying to break "this lousy, stinking habit."

"Education against the use of drugs should start at home," Harry said. "But for some reason, parents just don't seem to care. Their only concern is making money and going out for a good time. If the children of today have a good family relationship, many of them will have a different attitude on life.

"Today, you can live with your parents, you can love them because they are your flesh and blood, but you just don't know them. People are just not people any more. They are just animals. As things stand now, there is no more humanity in this world, not even in the home, where love and understanding are supposed to begin.

"Parents care only for themselves, and their children lose respect for them, and each develop that 'I don't give a damn' attitude," he concluded.

CHECK-MATE

Nature takes care of her own—she provides wives to watch over her wayward sons.

Amendment

(Continued from Page 1)

(This amendment permits the city to punish these violators locally with a sentence of up to 90 days in jail and/or a fine of \$500. This is the penalty for violators of any section of the code of the city of Grosse Pointe unless otherwise specified.)

With this amendment violators can be punished locally in the area which has suffered the most direct consequences of their criminal act.

It is hoped that local problems will be handled more equitably for all concerned, and that this amendment will also help curb the rising drug problem in the area. Young narcotic drug users and pushers, who in the past have been released with reprimands by Circuit Court because of the severity of the narcotics section of the state law, now can be punished locally.

The amendment also included Fair Housing. Mrs. Frank Wylie, Pointer, and member of the Michigan Civil Rights Commission, made the following statement regarding the Council's action: "We certainly commend the Council for taking a forward step in Fair Housing legislation and for being the first of the Grosse Pointes to achieve some form of Fair Housing legislation.

"The amendment is different from those passed in 35 other Michigan communities in the last few years in that it has grouped several types of offenses together under one amendment. The other communities have either passed separate ordinances as an addition to their codes with appropriate penalties or set up a civil ordinance with a statutory commission to implement it.

"The amendment in the City of Grosse Pointe is not so clear and may not be effective, this remains to be seen. But I must repeat that we commend the Council for taking this forthright action on this important issue," Mrs. Wylie commented.

He was arrested for reckless driving and taken to the Woods police station, where he was discovered to be carrying a hunting knife with a blade four and three-eighths inches long.

Fillmore was arraigned before Judge Donald Goodrow on Monday, February 17, and stood mute. He was remanded to the Detroit House of Correction for 20 days and will be returned to Judge Goodrow's court for examination on February 26.

The province representatives told the committee that they would study the proposal and present them with their decision on Friday, February 21.

Trombly PTA Meets Feb. 24

"Drugs and Your Children" is the very timely program of the Trombly PTA on Monday, February 24, at 8:15 p.m. in the school auditorium. Program Chairman George Roumell has invited two noted authorities to discuss drug use and abuse.

Dr. Hans VonBrauchitsch, Department of Psychiatry, Henry Ford Hospital speaks about "Drug Abuse Among Children." Detective Sergeant James LaPratt, Grosse Pointe Police Department, discusses the problem in its local context, "Drugs and Children from a Police Point of View."

Parents are again cordially welcome to visit in the classroom to talk with teachers prior to the general meeting. Refreshments will be served in the gymnasium following the auditorium program. Mrs. A. K. (Leila) Shaalan and Mrs. F. (Beatrice) Teachout, social chairmen, together with Mrs. C. (Annelise) Petermann, Mrs. G. (Jane) Conway, and Mrs. P. (Barbara) Brownell host the informal social hour.

Court of Appeals Upholds Park's Zoning Ordinance

The hopes of two Detroit families to have a section of the Park's Zoning Ordinance declared unconstitutional, was shattered by the State Court of Appeals, Division I, it was disclosed on Friday, February 14, by Park City Manager Robert Stone and City Attorney Richard Rohr.
The Appeals Court decision upheld Section 5.18 of the Park Ordinance, adopted February 27, 1928, in which the Brandau and McBrearty Families sought to have vacant lots on the south side of Jefferson avenue, presently zoned residential, changed for commercial construction on the grounds that several pieces of land, on both sides of the avenue, already have existing commercial buildings. This, they claimed, breaks the residential status of the properties involved and therefore the ordinance governing these lots, keeping them residential zoned, was unconstitutional.

Three Pointers Taken Off Road

In a weekly report dated January 30, Michigan Secretary of State James M. Hare disclosed that during that week, the drivers' licenses of 1,043 State motorists were suspended and 280 were revoked.
According to information included on the record, two Pointe drivers had their licenses suspended and one had his revoked.
Deprived of their right to operate a motor vehicle were Stanley H. Ashmore, Jr., of 965 Lakepointe, whose license was taken from him from December 24 through March 22, because of an unsatisfactory driving record; and James Earl Fraser of 80 South Deeplands, whose license was ordered withheld from January 7 through April 6, because of an unsatisfactory driving record.
John W. Emory, of 564 Lakepointe, had his license revoked as of December 23, because of an unsatisfactory driving record and as provided by a provision of the Public Liability Act.

Patrick J. Denison Trains at Ft. Polk

Army Private Patrick J. Denison, 19, son of Mr. and Mrs. Howard C. Denison, 1324 Ball, completed nine weeks of advanced infantry training January 17 at Ft. Polk, La. His last week of training was spent in guerrilla warfare exercises.
During his guerrilla training, he lived under simulated Vietnam conditions for five days, fighting off night attacks and conducting raids on "enemy" villages. He was taught methods of removing booby traps, setting ambushes and avoiding enemy ambushes.
Other specialized training included small unit tactics, map reading, land mine warfare, communications, and firing the M-16 rifle, M-60 machine gun and the 3.5-inch rocket launcher.

Kingswood-Cranbrook

Detroit's Mauna Loa restaurant will be the scene of the annual Kingswood-Cranbrook Alumni Dance on Saturday, March 1. Area couples will dine and dance from 9 to 1 o'clock to the music of Al Navarro's orchestra.

The plaintiffs-appellants were listed as Edgar Brandau, Elma Brandau, Hilda Brandau, Louis Brandau, Mary S. Harmes, William J. McBrearty and Jessie McBrearty, and William R. McBrearty and Barbara McBrearty, who own six lots located in a five block area facing Jefferson.
Approximately eight and a half years ago, The McBreartys sought a permit to construct a gasoline station on their property at the southeast corner of Lakepointe and Jefferson, but their application was denied. They took their plea to a Board of Appeals, and the denial was upheld.
Circuit Judge Raymond Fox of Kalamazoo was assigned to hear the matter, and ruled in favor of the city, upholding the constitutionality of the Park Zoning Ordinance. The families took the matter to the Court of Appeals.

In 1966, the Appeals Court decided in favor of the plaintiffs, but later remanded the issues for trial and full determination. The second determination by Judge Fox brought about another appeal to the high court.
City Attorney Rohr said that the Court of Appeals rendered its decision in favor of the Park on January 31, and that as a result of this decision, the two families have 30 days to re-appeal, but he pointed out, the court has left very little basis for such action.

The high court ruled that the plaintiffs had not established that they could not reasonably use their property as zoned; that they purchased their property at residential prices fully aware of the restrictions and zoning governing them.

On the basis of the testimony given by both sides, the court stated, it finds that the lots in question have value for residential purposes.

Approximately two years ago, the Park graded and landscaped the public-owned lots between Pemberton and Lakepointe, creating a passive park atmosphere.

Drug Problem

(Continued from Page 1)

Dr. Bloomquist admits that while doctors agree that marijuana is not addictive, he adds this precaution: "Although the user doesn't develop withdrawal sickness like the heroin addict, the marijuana user, if he is a potential addict, will develop an emotional craving to return to use of marijuana whenever the going gets a little tough. From there he is but a short step from using heroin." Teenagers start using marijuana out of an unhealthy curiosity, according to Dr. Bloomquist. They are almost always convinced that they won't get hooked... they're too smart. Dr. Bloomquist says "anyone who says it can't happen to him has taken the first step toward becoming a drug addict."

Detective Martin Trombley of Grosse Pointe Woods said that marijuana smells like burnt rope when it is being smoked. He added that often incense is used when users are smoking, in an attempt to cover the odor. Unlit marijuana smells a little like alfalfa.

We know what marijuana is, what its effects are, and how to detect it. The big question is what does one do when he discovers his or her child is a marijuana smoker?

First off, inform your local police department and get their assistance in handling your problem. Secondly, the Neighborhood Club is offering sessions for parents whose children are using or suspected of using drugs. The purpose of these groups is to help parents learn techniques of how to best handle their communications, relationships and discipline with their son or daughter regarding drug usage.

These groups will be led by Ed Krattli, director of the Neighborhood Club who is trained in the use of communication techniques.

Groups will meet on Monday evenings from 7:30 to 9:30 o'clock p.m. at the Teen Center and will start Monday, February 24.

Interested parents should call the Club to register. Parents who feel communication with their teen is at a low ebb are also invited to participate in these sessions.

Land in Hospital Following Crash

Willie Mae Walker, 2490 Edison, Detroit, was traveling west on Jefferson on Saturday, February 15, when she lost control of her car, went over the curb, struck a wooden tele-

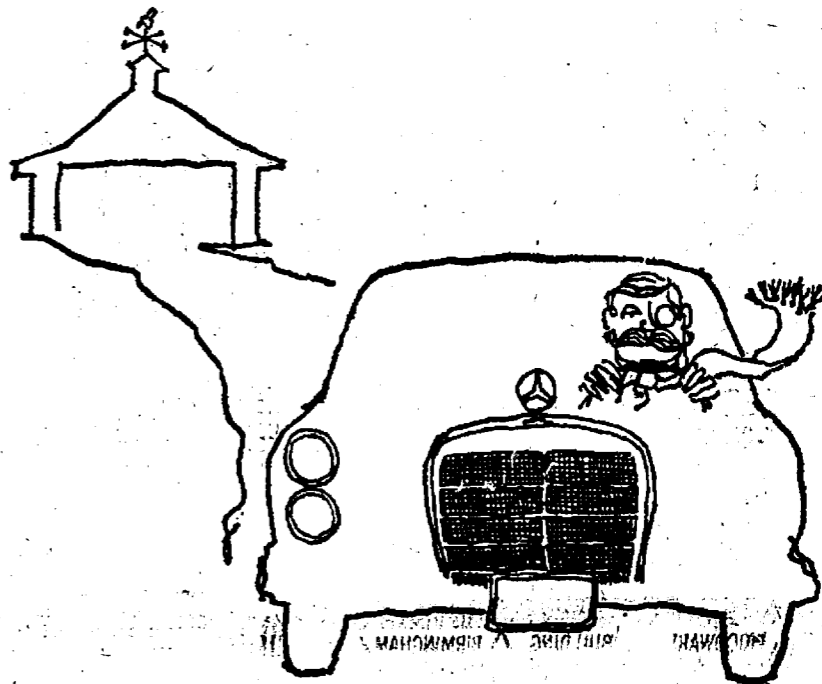

phone pole, then struck a steel Edison pole, shearing off both. The car proceeded across Lakeland and ended up against a brick wall. Mrs. Walker was charged with reckless driving resulting in an accident, and taken to Bon Secours Hospital for treatment of minor injuries. Two passengers in the vehicle Barbara McKinney, 2141 Beaucannon, and Alex Carter, 4547 Twelfth street, were also treated for injuries and released.

Pointes Dividing \$143,262 Of Vehicle Highway Fund

The State Highway Commission has started the distribution of fourth quarter Motor Vehicle Highway Fund collections to Michigan counties and incorporated cities and villages.

Henrik E. Stafseth, state highway director, said net highway fund receipts during October, November and December totaled \$86 million, an increase of 29.5 percent compared to the same period of 1967.

The increase is attributed, for the most part, to the cent-gallon increase in the state gasoline tax which took effect January 1, 1968, and the vehicle

weight tax increase which took effect several months ago when the 1969 license plates went on sale.

The highway fund includes all state gasoline and diesel fuel taxes and license plate fees. After deductions for collection costs and the State Waterways Commission's share, 46 percent is distributed to the Department of State Highways, 34 percent to the counties and 20 percent to the state's 528 incorporated cities and villages.

Under this formula, the Highway Department will receive \$39,579,589; the counties \$29,

254,479, and the cities and villages \$17,208,517.

Of this latter amount, the Pointe will receive a total of \$143,262. The individual breakdown is as follows: the City, \$17,805; the Farms, \$33,199; the Park, \$39,129; the Shores, \$6,203; and the Woods, \$46,926.

Don't Buy A Humidifier With An "Up To" Rating
by **ROBERT A. "Doc" WILLIAMS**

Have you considered buying a humidifier, but are confused by some of the claims you've encountered. Then it's time we explain some of the misleading terminology used by some humidifiers.

One commonly used phrase is the "capacity of up to... (so many pounds of water) per hour." This is quite different from a rated capacity as supplied with the Carrier humidifier. "Up to" merely means that the capacity can reach the number of pounds mentioned, but in most cases varies considerably and actually reaches a much lower amount of output of moisture per hour. A mention of "up to 15 pounds of water" most probably means per day, not per hour. The Carrier, on the other hand, has a measured, rated capacity of 5.3 or 9.2 pounds of water per hour, and this is delivered 24 hours a day if you wish.

Another misleading phrase is "controls for humidity levels." It's true that there are controls, but many times they are mounted on the furnace with the humidifier, away from living quarters. They do a great job of telling you how much humidity you need for the basement; but what about those living quarters?

With the Carrier a thermostat-like device called a humidistat is mounted in the upstairs living quarters, and accurately gauges how much humidity is needed where you spend most of your time.

These are just some of the reasons why we at Carrier recommend the Carrier humidifier for your home to prevent excessively dry air indoors that can damage your furnishings and your health. There are other features of the Carrier that give it a better rating than most other humidifiers... the drain that carries away uncollected mineral deposits in the water, for instance, and the lifetime phenolic housing that encases the Carrier while other humidifiers merely have a fiberglass housing.

You'll be pleased with the installation of the Carrier that our engineering and installation departments provide, for we are experts in the field of humidification and in the Detroit area.

Need a new furnace? Then investigate the line of new Carrier furnaces carried by Williams are noted for their long life, outstanding performance, and low fuel bills. And, you can choose from 10, 20, or 25 year warranty models. A free survey of your home is available at no obligation.

Call 372-5500 today for information on the Carrier Humidifier or a free survey for a Carrier furnace.

A **FREE HUMIDIFIER KIT** is available that explains humidifiers, their costs, method of operation, etc. Call "Doc" Williams at Williams Refrigeration and Heating Co.

School Counselors Play Big Roles in Education

By Pepper Whitelaw
 The Grosse Pointe Public School System has 7,342 students enrolled in the Middle Schools and Senior High Schools. Twenty-four dedicated people, the school counselors, are personally involved with these students.
 Having two children of my own in the system, one at Brown-

nell Middle School and one at Grosse Pointe South High School, I have come in contact with two of these counselors. My own experience has taught me that counselors are of valuable assistance to students, parents, and teachers alike.

The counselors devote hours of time and thought, both on and off the job, to the individual needs of their charges.

I interviewed Robert G. Clark, of Brownell and Jean M. Campbell, of South High. Both counselors, (and they assured me this is par for the course) knew the backgrounds of each child they were working with. Both evinced genuine interest in making the students' school careers and ultimately college or job career, the best of all possible worlds for these students.

The duties of the counselors are many. Among them is maintaining a student folder which contains each student's test records, schedules, long range plans and other pertinent data.

It is the job of the counselors to discuss any student-teacher problems, schedule planning, discipline problems, sometimes personal problems (upon the request of the student), not to mention the infinite amount of record keeping and paper work involved in each student's folder. The counselors are also given absence information.

Probably the most important functions of the counselors are helping students plan their academic future while in schools, and business and/or college future, when they leave the school, and working with students and teachers for better relationships.

Mr. Clark came to Grosse Pointe in 1953 as a mathematics teacher at Parcels Middle School after teaching at Milford High School. He received his BS degree from Western Michigan University in 1949 and his MA in 1955 from Western Michigan. He has continued his studies at Los Angeles State College, Michigan State University, Wayne State University, and the University of Michigan.

He was a Captain in the Air Force a prisoner of war during World War II. He and his wife, Kathryn, who teaches at St. Juliana's in Detroit, have four children, Diane, 22, a graduate of Michigan State University, Kathy, 19, a sophomore at Western Michigan, David, 16, and Julie, 12.

Mr. Clark's interest and devotion to students was evident throughout the entire interview. His parting shot was "I marvel at kids today. I give them more credit than kids years ago... they have more to cope with."

Miss Campbell received her BA degree from Eastern Michigan University in 1944 and received her MA degree from the University of Michigan in 1945. She continued her education at the American Academy in Rome and at Wayne State University. She came to Grosse Pointe in 1945 as a Latin teacher. Her quiet, patient manner and obvious interest in each and every student she counsels has made her first year as counselor a highly successful and rewarding one.

If you as a parent have not met your son or daughter's counselor do so... It will be a worthwhile experience.

Pick Students For Big Honor

Suzanne Tolleson, a senior at Grosse Pointe University School, has been selected as one of 350 students to go to Washington, D.C., as a member of the Presidential Classroom for Young Americans. She is the daughter of Mr. and Mrs. Roy M. Tolleson, Jr. of 185 Kenwood road.

She will join with students from all over the nation to attend the first class of a special course in government to begin February 22-March 1.

The Classroom is a new educational project planned to teach government operation to selected high school seniors for a concentrated seven-day period. There will be five classes in 1969. The Classroom aspires to accomplish the following: an opportunity for in-depth study of the intricacies of the U.S. Government; to enlighten these seniors through personal involvement by showing them what the government is going in various fields; to encourage dedication to and understanding of the American system.

Students, selected by their principals, must have outstanding academic and personal school records to merit this designation. Only a total of 1750 U.S. students will participate in the program for this year. The rapid enrollment of students and the letters of appreciation and encouragement about the school, indicate the success of the undertaking.

Arriving in Washington on Saturday, students will be met at local airports, bus and train terminals and escorted to the Washington Hilton Hotel, where they will live, eat and attend daily classes during the week. The syllabus includes academic instruction in the three

National Cemetery and other historic sites.

The week's study in Washington will conclude on Friday with a review and examination of the work covered during the week and a graduation banquet complete with year book and diploma for each student.

The Presidential Classroom, a non-profit, non-partisan organization, hopes that upon returning to his or her school the graduate will share the week's experience with the student body and the community. The purpose and success of the Presidential Classroom rests upon the individual student, his school and community in insuring the future of this academic adventure in the study of government.

GP Park Municipal Judge Submits Report for 1968

An annual report for 1968, submitted by Park Municipal Judge C. Joseph Belanger and read to the city council on Monday, February 10, by City Manager

Robert A. Stone, disclosed a slight drop in the number of cases heard in municipal court, but more fines collected, as compared to 1967.

Judge Belanger revealed that he heard a total of 1,330 cases last year, and the accused found guilty paid fines totaling \$17,985.50; as compared to 1967, during which a total of 1,375 cases were heard, and fines totaling \$16,607.20 collected.

The report also showed that during 1968, traffic violations paid in the Violation Bureau numbered 8,503, and the amount of fines collected totaled \$28,943.50; and that the judge heard 25 state cases in his court, for which his court was paid a total of \$126.85 in fees from the Wayne County Treasurer. The total fines paid to the County Treasurer amounted to \$462 collected from these cases, it was stated.

Under the Park City Charter, fees covering the State cases (fines and costs), are not retained by the municipal judge, but are paid to the city treasury.

Total revenue from the Municipal Court and Violation Bureau last year amounted to \$46,155.85; as compared to \$53,923, the previous year.

Of the 1,330 traffic cases tried in his court, Judge Belanger stated, dispositions were made as follows: Fines, 515; jail sentences, 20; sentence suspended, 28; appeals, 2; licenses suspended, 10; driver safety school, 6; probation, 19; bond forfeitures, 355; not guilty, 29; no complaint taken, 90; notice to Secretary of State in Lansing, 158; payment permitted through the Violation Bureau, 136; re-examination by State, 9; and warrants issued for no appearances, 499.

In other matters involving traffic violations and judgment passed, were seven cases of disorderly conduct; five cases of minors in possession (alcoholic beverages); and 16 cases in violation of city ordinances.

In a great number of cases, the Court referred the suspension of driver licenses directly to the Secretary of State. This method of restricting driving has proved to be most effective, Judge Belanger said.

Of the State cases heard during 1968, seven persons were remanded to Circuit Court for further proceedings and trial (felonies); six persons were assessed fines and costs; four were remanded to jail; four given probation; one given a suspended sentence; one was found not guilty; and two other cases are pending.

In civil cases, one matter was discontinued; judgement was rendered in three matters, and garnishment ordered in one.

"This court cannot help but comment again on its pride in the able and conscientious leadership of the Grosse Pointe Park Police Department by Police Chief Arthur Louwers (retired), and William P. Ellenburg (new director of public safety)," Judge Belanger said.

"This court continues to be indebted for the able services rendered during the past year by Mrs. Grace McCracken, court clerk; Mrs. Bettyann Calvin, deputy court clerk; and Marcel Vercaigne, clerk.

This court is especially indebted to Robert A. Stone, city manager, for his able and intelligent cooperation at all times during the year."

Drinking Driver Nabbed in City

While on routine patrol on Sunday, February 16, City police officer Dale VanDale observed a driver of a '64 Dodge convertible traveling at varied speeds, and crossing the yellow lines while heading east on Jefferson.

The vehicle went through a red light at Lakeland and Jefferson. At that point officer Van Dale stopped the driver, James S. Papp, 20244 Albany, Detroit, who appeared to be under the influence of alcohol.

VanDale found one partly consumed bottle of Bali Hai and one empty bottle of the same, one partially consumed bottle of Colt 45, and three empty beer bottles in the car.

Papp said his three passengers had not been drinking. He was placed under arrest and taken to the City of Grosse Pointe Woods station for a breath test, which proved positive.

He was charged with driving under the influence of alcohol. He posted a \$50 bond pending his court appearance.

PTAs to Hold Theater Party

The premiere showing of the musical "Oliver," at the Esquire Theater Wednesday evening March 5, is under the sponsorship of the Defer P.T.A. and the Trombly P.T.A.

Time reviews "Oliver" as "a contradictory, comic, overstuffed, gleaming, rum plum pudding of a film." It is a Lionel Bart musical based on "Oliver Twist" filmed in Technicolor Panavision with elaborately authentic sets and costumes, a singable score with the performances by Ron Moody and Jack Wild. Mark Lester as Oliver, and Shani Wallis, Harry Secombe; Oliver Reed also star in the film directed by Sir Carol Reed.

This Premiere Theater Party is under the direction of Mrs. David Halter, Defer, Mrs. Dune Hefty and Mrs. Alan Scheer, Trombly; and the respective P.T.A. executive boards. The "theatre house" has been reserved for school patrons and their friends. Tickets at \$5 each, are available by advance sale only.

Children Create Living Valentine

Have you been near the War Memorial Center lately? The sound of children's voices fills the air as members of the Junior division of Children's Theatre are putting finishing touches on their Living Valentine. The figures on the Valentine are none other than those of Cinderella and her Prince Charming.

Add many beautiful court ladies and gentlemen, bedecked in colorful array, a magical cat from fairyland and a fairy Godmother who has powers to make everything turn out "happily ever after," and you have as bright, gay and romantic a tale as and card could tell.

The musical story of "Cinderella" will come alive on Saturday, February 22, at Fries Auditorium at 11 a.m. and 2 p.m. This story of the poor little kitchen maid who through her goodness is granted many special favors by her Godmother, and finally receives the hand of the Prince in marriage, is being enacted by youngsters from Grosse Pointe and the East Side areas, all members of the Children's Theatre, under the direction of Mrs. Syd Reynolds. Mrs. John Mazer is the musical director, and the choreography is handled by Miss Penny Masouris.

Tickets may be purchased in advance at the War Memorial, at Punch and Judy Toyland and at the Peter Pan Shop. For group rates and ticket information, call 886-0044.

Colleen Schleicher and Coleen Downey share the role of Cinderella, while Mike McGovern and Craig McConachie enact the part of Prince Charming. Julie Mazer and Janet Jones will be seen as the stepmother with Debbie McGovern, Colleen McNulty, Ellen Kennary and Cindy Droll as stepdaughters.

Margaret Shook and Karen Jones are the Gormotters. Linda Marsh and Patricia Michael will enact the part of the magical cat, and Bob Geggie and Leigh Lane play King and Queen. Mike Slavik and Tom Gebbie will play the role of Biff, the court jester; Sigi Wormer and Lucinda Scheer play the part of the Princess in Gold. Penny Masouris will have a solo dance as the Fairy. Others in the cast are Pat Krausmann, Threse Shaleen, Sue Rubin and Robin Rice.

Other members of the Theater, who are busily engaged in rehearsals for "The Sound of Music," which will be given May 8-10, are assisting backstage for this production.

Receipts from this play will be used to help cover expenses for a Spring production. Therefore, all members are hoping for a full house. Won't you come to their special Valentine party in honor of Cinderella?

Youthful Driver In More Trouble

While on routine patrol on Thursday, February 13, Woods Officer Bruce Marone observed a car exit from Blazo's parking lot on Mack avenue without stopping at the cross walk.

Because of the speed of the car, Officer Marone was unable to stop it until catching it on Moross just west of Kercheval.

The driver, John Joseph Scherer, 18, of 1115 Audubon, showed the officer a registration for the car. He had no driver's license but did have in his possession a Michigan Department of State Order of Suspension and Revocation, showing that his license had been suspended until April 1969.

Scherer was arrested and later released on \$100 bond.

Devil Natators Still Unbeaten

By Mariana Von Gruenigen
The undefeated tankers look forward to a challenging week with two BCL home meets, including Fordson, their main competitor for the BCL title.

Fordson has already suffered one loss to the tankers in the season, and are in second place behind Grosse Pointe in the BCL standings. A Blue Devil victory on Friday will clinch the BCL championship.

Fordson's strength lies in John Sherk, who took first in both the 100- and 200-yard freestyle at the Wayne State Invitational.

Grosse Pointe has a couple of advantages over Fordson in that the meet will take place in the tankers' own pool, and also that the Devils have a chance to decrease their times in a home meet with Highland Park today at 4:00 p.m.

With Fordson's and Grosse Pointe's times getting faster, a good possibility exists that several records will be broken. Bill Heller may come back to break his own varsity record in the 400-yard freestyle, which he set in the home meet with Royal Oak Dondero last Friday. Max Gardner may also break the varsity record in the 100-yard breaststroke, as he missed it by 2 of a second Friday.

Also extremely close to breaking varsity records are Mark Boerner in the 100-yard backstroke and Kris Cassell in the 200-yard freestyle.

Kris has shown considerable strength in the 200, which he swam for the first time at Highland Park a week and a half ago. Since the non-league meet with Warren-Cousino last Wednesday, Kris cut down his time over three seconds to miss the varsity record Friday by 1.6 seconds.

The meet Wednesday at Warren-Cousino, in which the tankers were victorious 74-31, was considered a practice meet for Cousino and a minor meet for Grosse Pointe.

The 70-31 victory over Royal Oak Friday, in which the tankers took nine of eleven events, gave Grosse Pointe a 9-0 record overall.

The highlight of the meet was the new varsity record set by Bill Heller in the 400-yard freestyle. Bill's time of 4:14.1 broke the record set by Tom Mertz in 1966 by 3 of a second.

The battle for the 160-yard medley relay in the last length provided real excitement. Dave Grunwald pulled hard in two neck and neck lengths to edge out Royal Oak at the finish.

Mark Boerner finally conquered the 100-yard backstroke from Royal Oak after he lost the race to Doug Sherman earlier in the season.

The reserves also remain undefeated with a victory of 65-40 over Royal Oak Dondero.

Blue Devil Cagers Make It 13 Straight Victories

By Craig Carr
The Blue Devils extended their winning streak to 13 last weekend by edging Royal Oak, 60-52, and then routing East Detroit, 95-54, in perhaps their best-played game of the year.

The two victories were important, of course, but they were more or less tune-ups for this weekend's all-important series with Fordson and Highland Park. The BCL championship could be determined this week, although there are numerous developments which may occur.

For instance, while the Devils are playing at Fordson against the third place Tractors Friday night, Wyandotte Park is playing at Highland Park. If the Bears should defeat the Parkers and the Devils should win, Grosse Pointe would clinch the title. If the situation were reversed, however, Highland Park would be tied with the Devils and there would be a showdown in the Parkers' tiny, "matchbox" gym on Saturday. If both teams either win or lose on Friday, then the match-up would still be extremely important for both teams.

Fordson will undoubtedly be ready for the Devils on Friday, and they will be trying to avenge last month's wild 60-48 loss to Grosse Pointe. That was the game in which tempers raged and resulted in a fourth quarter brawl. More important, though is the fact that the Tractors may be hot. Last weekend they trounced a strong Wyandotte team by 32 points.

Coach Chuck Hollosy expressed some "basically simple strategy for this week's play. "If we can go into the game with Highland Park undefeated," he said, "we'll be in pretty good shape."

Grosse Pointe had little problem remaining undefeated last weekend as co-captain Mike Boruta celebrated his own birthday by gunning in 21 points in the rout over East Detroit. Boruta scored consistently on long outside shots in the second and third quarters of the game. His teammates also joined in on the celebration by combining for their best offensive production of the year. Three players besides Boruta scored in double figures including Bill Roberts with 17, Jim Humes with 16, and Larry Ulmer with 13.

The Devils actually broke the game wide open just three and a half minutes into the first period. They scored the first ten points of the game and it was just about all over by the time they had built a 50-26 halftime lead.

The irony of the weekend was that the Shamrocks, who are second in their league, were supposed to give the Devils a tougher battle than were the lowly Acorns who proved troublesome the previous evening. Many of the players agree, however, that they did not play well against Royal Oak. The score was tied, 24-24, at halftime and only the Devil's 20-point fourth quarter ended the Acorn's upset hopes. Larry Ulmer led Grosse Pointe in scoring with 17 points while Jim Humes and Bill Roberts added 13 each.

The J.V. cagers dropped two games last weekend, to Royal Oak, 67-49, and East Detroit, 73-64. The Devils had a 31-29 halftime lead over the Shamrocks but failed to hold on despite Paul Shirar's 19 points and Dan Ireland's 17.

South Freshmen Conquer Grant

On Friday, February 14, the Grosse Pointe South freshmen basketball team brought its season record to a 4-5 with a run-away 57-40 win over Grant of East Detroit. Grant was ahead at the half 23-21 and only some fine outside shooting by South's Bruce Moulton kept the score close.

Coach Dan Cole started the second half with his men in a zone press defense instead of man-to-man. The Grant team scored only 17 points the rest of the game, while South scored a whopping 36.

South had fine balance in scoring with Moulton leading with 14 followed by John O'Hare with 13, Ron Urell with 11 and Vito Toocco with 10. Both backboards were again controlled by Urell, Moulton and Steve Kemmel.

Squirts Hockey Teams in Action

By Dr. T. W. Kelly
The Squirts Hockey teams were in action again this past weekend with three games and the big tournament with Ridgetown at McCann rink.

Saturday morning the Jets played the Wolves with the Jets winning 3 to 2. The Wolves scored first on a goal by Howie Eaton, assisted by Brian Willette. Jeff Logan tied the score with his first goal of the season assisted by Tim Kelly.

Tim Kelly put the Jets ahead 2 to 1 on a power play goal assisted by Jeff Logan as Jeff Kydd of the Wolves was serving a penalty. As soon as the penalty was over Jeff Kydd passed to Terry Hogan who scored to tie the game 2 to 2. In the third period, Ken Hayden scored the winning goal on an unassisted breakthrough.

In the second game, played by the Pros and the Comets, the Pros won 1 to 0. Jim Hirschfield got the goal, assisted by Stan Jursek.

Saturday afternoon the Squirt All Stars opened the tournament between the Grosse Pointe boys and the Ridgetown, Ontario, boys. They had an audience of over 400.

The Squirt All Stars won 2 to 0. Jim Hirschfield scored a lucky goal unassisted with the puck rolling under a maze of players into the net. Rob Danaher got the second goal with an assist from Tim Kelly.

Players for the Squirt All Stars included Gunnar Walton, Cab Morris, Stan Jursek, Rob Stockwell, Howie Eaton, Jim Hirschfield, Terry Hogan, Don Clark, John Hastings, Harry Jewett, Bob Fraser, Dave Carron, Dunc Campbell, Rob Danaher, Fred MacGregor, Ken Hayden and Tim Kelly.

Sunday evening the Pros and the Jets played another game with the Pros winning 4 to 0. Four penalties to the Jets didn't allow a chance for their team and the Pros ran up the score. Jim Hirschfield got two goals, Stan Jursek and Harry Jewett each scored and Sewell MacKey, John Hastings and Stan Jursek were awarded assists. This game put the Pros in first place in the league. Pete Godrefeson and Paul Gracey of the Jets played well.

Lt. John C. Carroll Assigned to Vietnam

Army First Lieutenant John C. Carroll, 23, son of Mr. and Mrs. Francis T. Carroll, 1149 Bedford road, was assigned as a communications officer in the 577th Engineer Battalion near Tay Hoa, Vietnam.

St. Paul Lakers Win 13 in Row

The St. Paul Lakers finished the regular basketball season winning their thirteenth in a row by beating Bishop Foley 52-43 last Friday night.

Foley led the game up to the half as St. Paul was down 4 points. The third quarter saw the Lakers gain the lead for keeps.

Mike Corcoran, Mike Ferrell, and Jim Martin scored 12 points each. This has been St. Paul's first perfect season in many years. Coach Ed Lauer and the team now anxiously await the State Tournament in March.

Troop 479 Has Court of Honor

Boy Scout Troop 479 held its annual Court of Honor and Parents' Night on Monday, February 10, at Parcels School.

Scoutmaster Don Beutzen presided and recognized Bruce Duncan for advancing to the rank of Second Class, Tom Furlong to the rank of First Class, David Howell to the rank of Star and Stan Krecheit and Kevin Yessian to the rank of Life.

Scouting's highest award—the Eagle—was presented to Chris Knapp, son of Mr. and Mrs. Everett A. Knapp of 20738 Toles lane.

Other members of the Troop were recognized for their work over the past year and new recruits were welcomed before the evening was concluded.

Big Cage Season For Star of Sea

For the second time in three years, the Star of the Sea basketball team is approaching the championship of the Southeast CYO.

With recent wins over St. Ambrose (52-31) and Philomena (53-20), the championship is virtually assured with only two games yet to play.

This is the same group of boys who as sixth graders two years ago won the CYO championship. Coached by Mike Merz and Mark Griesbber, the team has won 22 straight games over a three-year span, a record maintained by this year's 8-0 record. In the St. Ambrose game, Kim Mahoney, Mark Promack, Chip Doyle and Rick Walker all scored in double figures. Others who have contributed greatly to this fine season are Jeff Humes, Greg Oberski and Norman Hubbard.

Choosing Glasses Children Like, of Parent-Pleasing Quality, is merely KID STUFF at Van Dyke!

At Van Dyke Optical, the young set makes the scene, cheerfully. We know how to make choosing glasses an adventure they cherish. (After all, that eye examination can be a trip to Mars, you know.) We've learned that Little Girls have their own idea of what Style is all about. (And heaven help the brave parents who try to dissuade them!) Little Boys? They could care less about style. Sure they want a frame that looks good, but there's a world out there waiting for them. Wistfully, too, we've watched Little Girls and Little Boys grow up. So, we anticipate it, and try to make it easier. No matter how old young folks are, we provide them the quality glasses they need for clear, sure vision...and the selection they like.

Come Toll the Bells

An invitation to try out for the Grosse Pointe News Bell Ringers Chorus is herewith extended to Ben Hubbard, whoever and wherever he is. The gentleman has authored a mimeographed release under a Dads Club of Grosse Pointe South High School signature, dated February 12 last.

His well-executed, three-page account of many activities at the school closes with a paragraph apparently aimed at disgoring something unpleasant which has been sticking in his craw, while simultaneously giving a well-deserved pat on the back to the Tower, high school weekly news publication. We quote:

"Where do you read what is IMPORTANT in the Grosse Pointe Community? The local Grosse Pointe rags operate in an editorial vacuum, thus offending no one. BUT read the TOWER. You may not always agree, and the hard facts of making a living in a cut-throat world are sometimes overlooked, but the reasoning is good, the writing excellent and the thoughts are young and exhilarating."

The written testimony that at least one person has been offended by what we have or have not done, was not unaccompanied by a bright side. We are grateful for the phone calls we received from indignant readers of Mr. Hubbard's offerings, hastening to assure us that they disagree with his thinking and appreciate all that our paper has done for the Pointe school system during its 28 years of publication.

We must, in all modesty, admit that the six School Bell Awards presented to us during the last seven years "For Excellence in Coverage of Education", by the Michigan Education Association, have been the result of marvelous presentations prepared for and submitted to the annual contest by appreciative members of the school system staff. They have culled through our files, taken clippings of news stories, pictures . . . and editorials . . . we have carried, mounted them in handsome bindings and shipped them off to Lansing for judging.

We cordially invite Mr. Hubbard to drop by the office, inspect the award certificates and toll the bells as lustily as he chooses. We promise not to judge him too strictly on his ability to qualify for our chorus.

Letters to the Editor

To the Editor:
I am writing to you regarding the proposed rezoning to Residential Form Community Service of the 20-acre Academy of the Sacred Heart property in Lakeshore Road. The Grosse Pointe Farms Council will be meeting to enact this ordinance on March 3 at 8 p.m.

I am extremely upset about this action and I feel that the citizens of all the Grosse Pointes should also be as concerned as those of us who are actively trying to save this property from being subdivided. "Urbanitis" is a disease that is threatening our civilization. If the citizens of the community do nothing to stop it immediately, we will no longer have any green grass, trees and open spaces except those surrounding brick square boxes labeled, "Do Not Trespass."

At this moment a group is actively trying to set up a school and is negotiating with the Province Council of the Sacred Heart to buy this property. In talking with one of the councilmen of Grosse Pointe Farms, I was advised that such a school would not be affected by this rezoning, but would just be classified as a non-conforming use of the land and could continue as it is. However, what would happen if this school cannot become a reality? The rezoning would take place on March 23. (The published notice said this would take place 20 days after the council meeting). There would then be no opportunity for other groups to try to make use for the public good of the excellent building facilities and magnificent property. For example, if a school cannot be a reality, one of the ideas being vigorously explored is an ecumenical or Interfaith Center or a Community Research and Educational Center available for all citizens young and old of all the Grosse Pointes, financed by a foundation.

If the property is rezoned, the bulldozers will move in and 60 new houses will be seen crammed together, removing from us once again a beautiful piece of property with apple orchards and playfields.

Maybe people will say I am a dreamer, but I am genuinely concerned about the future of this community in which I live; and for my children and their children after them. It is time the public stand up and say enough is enough or "Megalo-polis" is what we will have and what we deserve.
I hope that on March 3 citizens from all the Pointes, not just the Farms, will appear at that meeting to fight this decision by a council whose only interest seems to be to obtain more taxes. Taxes which would be obtained at the cost of the loss of one of the few open areas which it could be hoped could reasonably remain so.

I have talked at great length with the Sacred Heart Nuns and their absolute last resort will be to sell this property for subdivision. They pray that out of this unfortunate decision something fine and good can be developed for Grosse Pointe.

Surely we can, if we all work together, find some use of this property besides more houses. At least ask the council to delay this decision until all other avenues of use have been explored. Why take precipitate action that will put the subdivider's foot in the door? It will be too late if we do not all appear to object on Monday, March 3, at 8 p.m. in the City Hall at 90 Kerby Road.

Sincerely,
Marilyn F. Gushee
(Mrs. Richard B. Gushee)

Dear Sir:
In response to Mrs. Mullan's letter in last week's paper, I wish to remind her of the projected enrollment of 15,496 students forecast for the public schools for 1980. This is detailed in the "Survey of Enrollments and Facility Requirements" prepared by an independent architectural, engineering, and planning firm in 1967, which is available for her reading at the Central Public Library. Figures just compiled by the Department of Pupil Personnel show that as of January 31 the public schools enrollment stands at 13,013, an increase of 389 in the last year.

Both high schools have estimated enrollments at near capacity for the 1969-70 year. North High School, for example with a capacity of 2700, projects an enrollment of more than 2600. The middle school concept has not been fully implemented because of lack of space in the three buildings. Sixth graders are still housed at Barnes, Ferry and Monteith.

With land at such a premium in our school district, the Board of Education is to be commended for its foresight, if indeed, it is examining the possibility of purchasing facilities which the Convent of the Sacred Heart may no longer use. At the time the three School Study Committees were formed there was no

Public Schools in Focus

By Dr. Theos I. Anderson, Superintendent of Schools

Since last month's opening of the current legislative session in Lansing, much public interest has been focused on the deliberations of the lawmakers. Some important educational legislation has already been introduced — with more to come.

Although it is still early, we are greatly concerned that legislative action may greatly affect the quality of education in Grosse Pointe. For example, if you examine Governor Milliken's Proposal for K-12 State Aid, you know that he advocates additional financial assistance to public education which totals \$74,000,000. If this seems, off-hand, to be a generous amount, you may wonder how it will affect Grosse Pointe.

Currently we receive \$141.17 per child from the State of Michigan in the form of general State Aid. If the Governor's proposal is accepted, we would receive approximately \$10 per year more for each child for 1969-70 or an increase of \$130,000. Since our budget will increase well over one million dollars you can see the amount needed at the local level will continue to increase.

Perhaps readers will be interested in learning a bit about other pieces of educational legislation that have been introduced and which have been referred to various committees for study. For example, Senate Bill #2 provides reimbursement for students riding public or privately owned buses. Senate Bill #14 extends fuel tax refunds to incorporated nonprofit private, parochial or denominational school societies, and Senate Bill #22 provides for as-

sumption of outstanding building tax notes in the reorganization of school districts. Senate Bill #56 exempts certain senior citizens from school taxes.

If passed, House Bill #2001 would raise allowable income and property holdings for senior citizens' homestead tax exemptions. House Bill #2032 provides for the splitting of first class school districts. (Detroit is the only one in Michigan), of up to 60,000 students into districts of from 10,000 to 40,000 students, and sets up taxation and State Aid procedures for such districts.

House Bill #2053 appropriates funds for State Aid to school districts with below average State Equalized Valuation for classroom construction, and House Bill #2105 exempts the homestead of parents of parochial students from school taxes in an amount paid during the preceding year for tuition, provided the tuition allowance does not exceed the local school tax.

If they are passed in the present form, some of the preceding pieces of legislation could affect our schools, while others are of little concern. At any rate, we shall attempt to keep abreast of the lawmakers' deliberations and report to you their effect upon the Grosse Pointe communities.

knowledge of any available school sites. I hope the Board of Education takes advantage of Public Act 316 to acquire property for future expansion. I hope that we can avoid future serious overcrowding (such as we have had for many years at South High) in any of our schools.

As a member of the Committee studying South High, where there is need for renovation, I feel that the public should be made aware of present and future building needs.

I do hope that Mrs. Mullan will continue to be interested in the affairs of public education and in planning for the future education of our Grosse Pointe students.

Sincerely yours,
Marian Perry
(Mrs. Joseph H. III)

Dear Sir:
The notice of the Grosse Pointe Farms council's intention to consider, on March 3, the rezoning of the property presently occupied by the Convent of the Sacred Heart came as a very real shock to us and, we hope, to many other alert and concerned Grosse Pointe citizens.

We feel compelled to ask, "Why the big rush?" Many of us have not completely recovered from the announcement of the closing of the school that has served this community so well for so long.

We are sure it is common knowledge that there are groups trying to make arrangements to keep the property and building intact and continuing service to all in our community. If the rezoning interferes in any way with these efforts, it is a grave injustice to those who have greater vision and higher hopes for Grosse Pointe than a few more dollars.

We urge the Grosse Pointe Farms council to consider this measure carefully — haste may make real waste.

Sincerely,
Mr. and Mrs. Leo Kulka
233 McKinley Avenue

Dear Sir:
One of life's most rewarding dividends must be to come back to a community activity that one had made a pioneer effort to establish. Last Saturday morning I went with young David Adams to Pierce Junior High for his swimming lesson — one of many classes now being taught as extra curricula in our Grosse Pointe Schools.

When the Adams family came back from a summer at Little Pointe Sable (near Hart) during the war, our two oldest sons needed somewhere to continue the swimming fun of the summer. Grosse Pointe had only one pool — the South High School but upon inquiry was told it was impossible to use this on Saturday. Maintenance, personnel, organization of classes, teachers, etc. made its use not practical.

What Goes On at Your Library

By Virginia Leonard

At the risk of sounding morbid, I must bring in one final obit of a literary nature for the year 1968. I feel that John Steinbeck deserves an entire column; I'm prejudiced, as I liked what he wrote.

John Steinbeck died late in 1968 in New York at the age of 66. He was one of the most successful writers of his time — author of 24 works of fiction, translated into 33 languages, and one of six Americans to win the Nobel Prize for literature, in 1962. (When asked if he thought he deserved the award, he replied: "Frankly, no.") At that time he was well past the crest of his powers, although the committee at Stockholm seemed to admire especially his WINTER OF OUR DISCONTENT, published in 1961.

The setting of this novel was unusual for Steinbeck — it was Long Island; the story was meant, apparently, to portray the contamination of the nation's moral standards and beliefs. Steinbeck also picked up a Pulitzer Prize for GRAPES OF WRATH in 1940. He saw many of his books become best sellers and later appear as movies or plays.

What of his background? He was born in 1902 in Salinas, Cal., the son of a prominent miller and a Salinas Valley school teacher. In 1925 he left Stanford without a degree and became a reporter with the NEW YORK AMERICAN. He was also a hoodlum in the construction of Madison Square Garden until he returned to California. His first attempts at writing were not successful, and he and his first wife lived on a small monthly allowance from Steinbeck's family.

In 1935 he met with instant success with his TORTILLA FLAT, a novel dealing with the gaiety of the paisanos in Monterey. IN DUBIOUS BATTLE followed the next year — the story of an apple picker's strike. In 1937, OF MICE AND MEN (and who can forget that one?) established the author as a powerful writer of the 1930's. He was definitely not a Communist but was always championing the underdog and the deserving poor. By 1939, THE GRAPES OF WRATH had made him a national figure. As we all know this book showed in powerful detail the miseries of the migrant Okie grape pickers. Steinbeck had

made a westward pilgrimage with a caravan of Oklahoma farmers, so his facts were firsthand.

And Steinbeck continued to write. There followed CANNERY ROW, (one of my favorites), and EAST OF EDEN, containing Biblical parallels to wander over America, but the country was changing (World War II had left its effect). His books sold, but his figure was diminishing as far as the critics were concerned. This may be what lay behind his remark about his winning the Nobel Prize in 1962. He, perhaps, also knew that most of his powerful writing had been done in the 1930's.

Other works followed — THE MOON IS DOWN, THE WAYWARD BUS and A RUSSIAN JOURNAL. In 1962, feeling that perhaps he had lost touch with the America of the 1960's, he undertook a cross-country trip in a camper, accompanied by his famous poodle named Charley, resulting in the delightful TRAVELS WITH CHARLEY (splendid on television too). But Steinbeck had mellowed — and he produced a gay and understanding travelogue, showing his love of the land and the people, but very different from his works of the 30's.

In 1966 Steinbeck visited Vietnam as a correspondent for the Long Island paper NEWS-DAY, and reported the war with great enthusiasm. He felt that it was "Chinese-inspired" and must be won by America. Steinbeck's first novel was CUP OF GOLD, which appeared in 1929. Two other novels followed — THE PASTURES OF HEAVEN and TO A GOD UNKNOWN. These are the early ones that preceded his TORTILLA FLAT, which, as I have already mentioned, brought him rapid fame.

Steinbeck was a fine storyteller. He had many an axe to grind, and the temperament and outlook of life in the 30's admirably suited the messages he had to convey. Edmund Wilson felt that he over-exaggerated — that he "animalized" characters, in an effort to make his points. But if he did, he made his impact on the readers of this country. We will all miss him, but we still have his works to remind us of his ability and his concerns for America and all of its people.

Rotary Club Contest

This week's winner of the Grosse Pointe Rotary Club's "Youth Forum" Contest is an American Field Service's senior student at Grosse Pointe University School, Reta Demetriou, of Cyprus. She was awarded \$25 for her winning entry "Concord Builds and Discords Ruins," which follows:

"From the very depths of the history of the human race springs the development of man which we can follow from the first years of his life till today. We can see that this 'man,' who, for a short period of his life stays alone with his wife and dog, realizes gradually the need of society and feels more secure when he is not alone in front of the various dangers of life. So we have the first nomadic tribes, later on, the first nations, countries, continents and recently various organizations.

Standing at the beginning of the difficult path of his life and being able to see its start but not its end, man feels the need of somebody else, so both of them, joined under a common belief, will fight for their ways through and for their rights. That is how the word concord was developed.

In our own life, as students, we can realize the value of a shared belief, or of a friendship among all of us which provides us with strength during the moments that we as young people might consider difficult.

But the actual value of the word concord is found in the nations. First, the ancient Greeks gave us an example of concord with the establishment of the ancient federations.

During all the revolutions (French, American, Russian), we can see the humiliated and trampled citizen joining others, and managing to overthrow the absolute powers that he had served and thus gaining his rights. History can provide us with numerous examples which, because of the time difference, might not seem true.

But the two world wars that have literally shocked the entire humanity, made us realize how precious concord is to each man and each nation.

Today, now that man has suffered the effects of war, he has decided to form an organization where each person will be able to find justice, where, under the leadership of a skillful individual, man will be able to prevent any outrage act of violence and any suppression of human rights. The United Nations offers to man the hope that he and his family may live quietly, without the fear of another atomic bomb. The Red Cross and so many other organizations of this kind that have stood beside man during moments of crisis have as a common unaltered foundation the concord of people.

Not only during periods of war but also in everyday life, man needs concord. If he is facing the acclivity of life alone, he will not be able to climb, and he will not manage to break the thick bundle of branches. The security that man feels and the trust he has in his life enable him to occupy himself with things that interest him and give him the hope that sometime, someday, he will be able to help his comrade.

With discord man faces a dark and distant future, with no success and happiness. The hatred and envy will rather harm himself more than the person he hates or envies. The continuous jealousy will make out of him an egomaniac and a tatter to his family and his society.

Discord, if examined deeply, is found to be the cause of each destruction, of each decline of man and of each of his humiliations. All the wars started with a personal envy that was gradually spread in the hearts of the others and ended by men striking each other, man inventing weapons, destructive weapons that will kill his children, his comrades, his defenseless old parents.

Man has arrived today to the point where he realizes the true meaning of discord and what it brings to his future, and he is not trying in every way to avoid her and have sunrise accompany his entire life. This is a prayer of yesterday for today and of today for tomorrow.

There's a Very Good Reason for all the lights and laughter emanating from Mr. and Mrs. William R. Evans' Wellington place home.

The Evanses are producers of a one-act comedy, "The Public Eye" by Peter Shaffer, to be presented by The Fine Arts Society of Detroit Friday and Saturday evenings, February 21 and 22, at The Players Playhouse in East Jefferson avenue.

And the cast, featuring Ray Scott, Ken Howard and Li Miller, has been gathering at Evans' Wellington Rehearsal Hall to block out action and work over lines.

"Public Eye" director is Rae (Mrs. Donald W.) Kuhn, Sue Megowen's serving as stage manager, Al Siewert as set designer.

A Musical "Plus"

The program on both evenings also will include a musical presentation, "Book Ends," produced by Barbara (Mrs. Walter A., Jr.) Bailey and introducing a vocal chorus, "The Group," under the direction of Anne Rosch.

In the limelight as soloists will be Tony Russo, Nita Mikos, Don Bliss, Alice Truscon and producer Bailey.

Earl G. Meyer, of Tonnancour place, the Theatre Club's president, will be on hand each night to welcome members and their guests before the curtain goes up.

Mrs. Meyer is assisting the Donald W. H. Rothangs and the John W. Kinseys with plans for informal candle-light suppers scheduled to follow Friday's and Saturday's curtain calls.

DAC Beavers Hold Anniversary Party

Pointer Bill O. Brink is Chairman of Festivities; Celebration Began with Poolside Cocktails at the Club

This is the "Year of the Beaver"—at the Detroit Athletic Club, that is. Nineteen hundred and sixty-nine is the Golden Anniversary year for DAC Beavers and Saturday, January 18, was the big day chalked up with a golden ring on calendars for Beavers and their wives who gathered for a gala evening at the Club.

The special Ladies' party began at poolside at 7 o'clock when cocktails were poured. Dinner and dancing to the music of Warney Ruhl and his orchestra completed the evening.

And a gay one it proved, with the swimming pool decorated in gold and white to capture the excitement of a movie premiere of the early 1920's, complete with theater marquee at one end and myriads of blown-up pictures of stars of other years suspended from the ceiling.

Pointers Bill O. Brink, Entertainment committee chairman, arranged a New Year's Eve type of climax to the evening at the witching hour of midnight, with balloons, noise-makers and party hats. The works.

Other committee chairmen who helped to plan the big event were Donald L. Richardson, John W. Child, Jr., and

Set Spirit Of Detroit Champagne Preview

Mrs. J. Lee Schoenith, chairman of the Spirit of Detroit Association's Benefit Preview of the Detroit Spring Antique Show-Sale, was hostess at a tea for her assistant chairmen recently in her Balfour road home. The benefit will be held at the Detroit Light Guard Armory the evening of March 4.

Plans were formulated for ticket distribution. February 11 was set as kick off date for the ticket sales. Purpose of this second annual benefit preview is to help Spirit of Detroit Association stage the World's Championship Race for Unlimited Hydroplanes June 29 on the Detroit River.

The annual boat races have for years been a high point of Detroit's summer, with boats, drivers and spectators coming from all parts of the nation.

Judging by last year's response, the benefit preview has become an important event in itself on the local scene.

Always a strictly first-class show, and ranked third largest in the U.S., the Detroit Spring Antique Show-Sale was honored last March by being named one of the top 20 tourist attractions in the country by the National Association of Travel Organizations in Washington.

This year the Antique Show has expanded, both in size and duration. It will now occupy two levels of the Light Guard Armory, encompassing 150 exhibits, and will have an extra day, opening on Wednesday to run through Sunday, March 5 through 9.

Spirit of Detroit Association will host the gala preview of the Show-Sale from 8 to 11 o'clock on Tuesday, March 4.

Preview guests will be able to browse and buy among the exhibits or mingle with their friends around the champagne fountains and hors d'oeuvre tables.

The public is invited. Preview tickets may be purchased from Mrs. Schoenith or any of her committee members.

Among those from The Pointe who attended the recent tea and planning session were Mrs. Kenneth Adler, Mrs. George Bashara, Mrs. Frank Colombo, Mrs. T. S. David, Mrs. D. A. Dykstra, Mrs. Daniel Foster, Mrs. F. L. Kahle, Mrs. E. F. Langs, Mrs. Jack Love, Mrs. Boniface Maile, Mrs. J. J. McCullagh and Mrs. Ned Tacadino.

More are the Mesdames S. R. Nicholl, Thomas Russell, George Simon, Jay Smith, E. A. Steiner, Jr., G. M. VanLokeren, Alex Venittis and James Zakem.

Among those named to the Albion College first semester Dean's List are seniors NANCY CARY, daughter of MR. and MRS. KENNETH CARY, of Fisher road, SANDRA KACKLEY, daughter of DR. and MRS. JAMES KACKLEY, of Bishop road, and JILL LePLA, daughter of MRS. W. F. LePLA, of Berkshire place, and sophomore SALLY LePLA, Jill's sister, JAMES and ROBERT BROWN, of Chalfonte avenue, and CHRISTINE MEIER, of Lochmoor boulevard.

the disadvantages of private education... number one

she can't do anything

The Liggett School is small. And it's a girls school. And it costs money to attend. For some people, that's strike three. Even a good answer would be like arguing with the umpire. So forget the "advantages" of independent education.

In four or five ads, we thought it would be interesting to tell you about the disadvantages of the private school. After all, nobody's perfect. The greatest disadvantage at Liggett is the single-minded persistence we have for academic standards.

In a friendly way, we're awfully demanding. And being small and being attuned to a girl's rate of learning, we can keep at it. So when somebody says, "She just graduated and she can't do a thing," they mean she missed out on vocational skills. And we're guilty.

All a girl learns at Liggett is to think, write, speak and learn some more. She learns to keep on learning. Call it a college preparatory course, if you like. It actually begins somewhere around nursery school.

And since our graduates aren't ready to run a business when they leave, it is a good thing that they all go on to college. There has to be some excuse for our disadvantages.

Julie J. Baker Wed In East

Julie Justice Baker, daughter of former Pointers Mr. and Mrs. E. Mead Baker, Jr., who now make their home in Bernardsville, N.J., was married Saturday afternoon, February 15, to August C. Picariello, Jr., son of Mr. and Mrs. August C. Picariello, of Pompton Lakes, N.J.

Officiating at the ceremony in the Church of St. John of the Mountain in Bernardsville was the rector, The Reverend James L. Johnson. A reception at the Bedminster Inn followed the service.

The bride, given in marriage by her father, asked her sister-in-law, Mrs. Frederic C. Baker, of Englewood, N.J., to act as matron of honor. Her other attendants were Joan Conklin, of Bernardsville, Sandra Robison and Mary Janice DuCharme.

Ronald Picariello served as his brother's best man. Ushering were Joseph McDermott, of Belleville, N.J., Keith Mettler, of Washington, D.C., and Frederic C. Baker.

The newlyweds will reside in Morris Plains, N.J.

The cost of living could be cut in half if we didn't have to impress the neighbors.

HAS AN INTERESTING FLOOR PLAN

Dimensions believed correct but not guaranteed.

Note how a single door can facilitate separate accommodations for two related families by grouping the first floor bedroom and bathroom with the large library. In addition to rooms shown there is a paneled, carpeted recreation room, study, workshop and bathroom in the basement. The same good taste you see in the photograph you will find throughout the interior. We'd like to show it to you.

Mr. and Mrs. Home Seeker:

The size of our sales force makes no particular difference to you. The experience of your personal salesman, the one to whom you've entrusted the job of finding you the right house at the right price, makes a great deal of difference. Does he know his properties, his property values, his ethics? Has he learned to listen?

Our salesmen have names, good ones. They bring us referred and repeat business, a sign of public confidence. Try them.

A NEW ENGLAND CHARMER located in Grosse Pointe City. This brand new offering has 4 family bedrooms and 2½ baths, plus maid's room and bath on the first floor and library. Lovely fenced in yard. Don't miss this one — Priced to sell!

COLONIAL BY DESIGN, this gem has a master suite and two bedrooms on the second floor. There is a formal library and informal family room. Heated swimming pool and walled garden make fine viewing all winter and are guaranteed to get you outside next summer.

ON A DEADEND street which leads to the lake, we are offering this four bedroom home which has been completely rebuilt, using many old beams and paneling from one of the Pointe's great Lake Shore mansions which was razed for a subdivision.

WE RESOLVE to offer in this majestic, southern colonial, the most house for the money in the Windmill Pointe area. There are three master bedrooms and two more over the attached garage. If you like both the “feel” and appearance of a large entrance foyer with a spiral staircase curling up to the two-story hall, then you might be an easy “touch” for this one.

THE ONLY one offered in this condominium complex on Rivard Boulevard. Three bedrooms and two baths on the second floor and two more bedrooms and a third bath on the third. Isn't that a lot of brick and mortar for \$34,000?

JUST ACROSS the city line on Outer Drive, we can show you a newer income property with two two bedroom apartments on each floor and priced to sell at \$37,500, which shows a very nice return on investment.

YOU CAN'T HELP but be impressed as your car rolls to a stop on the circular drive in front of this larger Southern Colonial. From the vestibule you'll step into the large foyer with its focal point the sweeping spiral staircase. The second floor of this petite mansion has three master bedrooms; with two smaller bedrooms over an attached garage.

LOCATED ON one of the prettiest streets in the Farms, this English manor house is just a few steps to Hill Shopping, bus lines and both private and parochial schools. There are four family suites with bath rooms, and two maids rooms over the three car garage. The third floor has been fitted out with playroom, living room and bedroom; the perfect arrangement for the boy or boys. Better see this one before you fly off for destinations unknown.

FLASH! . . . The Grosse Pointe Garden Club Council has called a large community meeting Monday morning, February 24, in the Friends Room of the Main Branch Grosse Pointe Public Library, Kercheval avenue at Fisher road, to organize a "Clean-up, Paint-up, Fix-up" Committee for all Grosse Pointe. . . . Representatives from every business, civic and educational group have been invited, all City Managers and Mayors have been asked to be present, and all interested individual citizens are urged to attend. . . . The Council's goal is that the combined Grosse Pointes may work for the "Cleanest City Award," presented each year in Washington, D.C., won last year by Detroit and by many Michigan communities in previous years. . . . The Grosse Pointes have not entered the competition since winning it in 1955. The Council hopes the Committee may compile a book of local beautification and clean-up efforts during 1969 to present in the National Competition next February. . . . Interested individuals may call Council president Mrs. Clarence Maguire, 886-1577, for further information. . . . Monday's meeting starts at 9:30 o'clock.

Kids sick of winter, getting restless? . . . Here's great news, then, Something To Look Forward To . . . "Jack and the Beanstalk" will appear in a musical, magical way, the beanstalk will grow and the giant will roar at Pierce Middle School Auditorium on Saturday, March 1. . . . The Grosse Pointe Branch of the American Association of University Women is sponsoring the production, presented by the Plymouth AAUW Branch, and Mrs. Robert Warner, local chairman, recommends it as excellent entertainment for birthday parties, scout groups, or as a reward for "just being good" . . . There'll be two performances, at 1 and 3 o'clock, each lasting about an hour-and-a-quarter. . . . Tickets are 75c each and may be purchased from committee members, at Double-day's and Peter Pan, Inc., in-the-Village, Punch and Judy Toyland on-the-Hill and Harkness Pharmacy in Mack avenue. Reservations for groups of 12 or more may be made by calling 885-8349. . . . Funds raised are used to aid women doing post-graduate work and research. . . . Committee members, working under Mrs. Warner, are the Mesdames Richard Edin, John Schonenberg, Jr., Donald Venderbush, David Shrook, Urban Boresch, Robert Snyder, Howard Wright and Miss Lois Mamer. . . . Members in charge of ticket sales are Mrs. Ronald Hill, Mrs. David Wehmeyer, Mrs. Fred Gies, Mrs. David Collidge, Mrs. Bruce Fausone and Mrs. William Beach.

Fifty years of a Great Idea . . . That's what the League of Women Voters, numbering now 150,000 members in 50 states, will celebrate in 1970. . . . Local Leaguers plan to "jump the gun" on the organization's 50th Anniversary Year with an official Happy Birthday Brunch, to be held this Sunday, February 23, at 1 o'clock in the Grand Marais boulevard home of Mrs. William Butler. Husbands of Leaguers will be very much in attendance. . . . Mrs. George J. Brown will explain the national organization's financial needs, the coast-to-coast finance drive just under way and the projected use of the monies to be raised during the 50th Anniversary Campaign.

Twelve classmates are missing! . . . The Grosse Pointe High School Class of January, 1959, is planning its 10th year reunion; committee members have been busy locating classmates in all corners of the world; everybody's accounted for except the Missing Dozen. . . . Has anybody seen James Bruzzese? . . . Joan Coutourmanos? . . . Joseph Daniels? . . . Michael Flynn? . . . Robert Gillette? . . . Neil Gurley? . . . Kenneth Huff? . . . Evelyn Knight? . . . Beverly Miller? . . . William Perry? . . . Joyce Rogge? . . . Christopher Skeen? . . . Anyone having information on any of these people is asked to contact Bonnie Brown (Mrs. Donald) Thompson, at 533-9204. . . . The reunion will be held Saturday, May 17, in Cambridge Hall. . . . "We hope to have a big turnout," says Diane Bessert (Mrs. Lyle) Heavner, co-chairman with John Nicholson of the festivities. "Some '59 graduates are coming from Texas, some from Colorado. . . . One is even coming from Lebanon!" . . . Among those working with Diane and John to plan a truly terrific evening are Joan Austin Teetzel, Ardy Anderson Jones, Sue Cavanaugh Roncka, Sue Cooper Watson, Judy Poppen Sweet, Wayne Weillman, Jon Hartz and Joanne Danna Oles.

Trip for Triplett . . . So you think it never happens? Well, ladies and gentlemen, Mrs. C. T. Triplett, of McMillan road, took a prize winning form to Grosse Pointe Rambler in the American Motors Red, White and Blue Contest—and won a two-week all-expense trip for two people, (or \$2,500 in cash).

Susan Penoyar . . . a Defer second grader, asked her teacher, Miss Patricia Nowak, if she could write a poem instead of working on a handwriting lesson with the rest of the class, because she might forget what she wanted to write if she didn't do it right then. . . . Miss Nowak, an Understanding Teacher, allowed Susan to go to the back of the room with a dictionary, paper and pencil. . . . and she produced this poem:

THE ELEPHANT BALLOON
A big balloon was in the air,
drifting around without any care.
When along came a hawk,
the balloon went pop!
The balloon came down
in a big gray drop.

FRANCES FITZGERALD, OF LEWISTON ROAD, (LEFT), IRENE C. COTIZAS, OF CHALFONTE AVENUE, (CENTER), AND MARTHA SCHICK, OF SEVERN ROAD

By Janet Mueller

"You newspaper people," said the lady on the other side of the luncheon table, "are ALWAYS writing up the bad things teenagers do. I don't think it's fair. . . . There are many more good teenagers than bad ones; why don't you EVER write anything about what the good teenagers are doing?"

We looked down at our plate. "Well," we began, "I think if you'll take issues of the NEWS for the past six months, and look through them carefully, you'll find that we've printed more stories about 'good' teenagers than 'bad' ones. . . . We can't very well ignore the 'bad' things our teens are involved in, but we do try to present a complete picture. . . ."

And then the lady sitting next to us said something, very softly, for which we are forever in her debt.

"Perhaps," she said, looking down at HER plate, "we just don't READ the stories about the 'good' teenagers; perhaps we pass them by, looking for more sensational material. . . ."

Don't Waste Your Time
If you're looking for a "sensational" teenage story, don't waste your time on this one. Frances Fitzgerald doesn't smoke pot. Irene Cotizas doesn't organize student school boycotts. Martha Schick doesn't believe in Free Love.

And that ends the "doesn't's"; the thing that strikes us immediately about these three girls is their positiveness, their enthusiasm. Frances, Irene and Martha DO . . .

They are among a group of nine high school girls honored recently by the Elizabeth Cass Chapter of the Daughters of the American Revolution as "Good Citizens," nominated by classmates and faculty members for qualities of Dependability, Leadership, Service and Patriotism. Each received, at the Chapter's Good Citizens Tea held early this month in the Grosse Pointe War Memorial, a special Good Citizens pin and certificate and a copy of "In Washington," the publication of the National Society DAR that tells the DAR story in words and pictures.

Is Annual Project
The Good Citizens Awards are an annual DAR project, a nationwide contest open to senior high school girls. Each DAR Chapter sponsors its own Good Citizens, whose names are placed in nomination for a State Good Citizen Award. Each State's Good Citizen receives a \$100 Savings Bond and pin, and is eligible for consideration as the DAR's National Good Citizen. The National Good Citizen receives a \$1,000 scholarship for use at the college of her choice. Let's take a look, now, at three of the Elizabeth Cass Chapter's Good Citizens. . . .

Irene Cotizas, representing Grosse Pointe South High School, is the oldest of Mr. and Mrs. Chris Cotizas' five children. Her sisters, Helen, 15, and Mary, 13, also attend Grosse Pointe South. Brother Christopher, 12, is at Brownell Middle School, brother John, eight, at Kerby.

The Cotizas' family home is in Chalfonte avenue. Irene's lived all her life in The Pointe, studied exclusively at Pointe public schools. "I like to read, I like playing the piano," she says. "I LOVE the theater. I like meeting new people.

Likes Many Things
"I don't really have any one special hobby, one special interest: I seem to like to do lots of things. . . . I don't think I've gone home right after school one day this year since school began. . . ."

Among the "lots of things" Irene likes to do is work with children at Scripps School in Detroit's Inner City. Vice-president of the Grosse Pointe South Student Council, she served as

co-chairman of the Council's Scripps School Project.

"This," she says of the Scripps Project, "is something I really, really enjoyed.

"We had a Car Wash and raised \$120 to take the Scripps kids to see the Tigers play. We put on a Christmas Show for Scripps' first and second graders. We took a Scripps group to the Shrine Circus. Someone donated 75 tickets; we thought we'd be in the bleachers, but they were marvelous tickets, right at ringside! . . ."

Irene's worked as a Grosse Pointe Foundation for Exceptional Children volunteer. She's a member of Grosse Pointe South's Pep Club, which promotes school spirit, of the school's a capella choir and Senior Council, and attends Border Cities League meetings.

Also Plays Organ
She's in a youth group and choir at Annunciation Greek Orthodox Cathedral. She "plays the organ there once in awhile. . . ."

She has a part-time job at Jacobson's. She was in charge of Homecoming at Grosse Pointe South this year, (this involved coordinating a program for approximately 3,000 people, but Irene refuses to make a Big Deal out of it: "The Student Council vice-president is ALWAYS in charge of Homecoming," she explains).

Last summer, she attended a University of Michigan Leadership Workshop for High School Student Council officers. "I never had a more fantastic week in my life!" she says, "I learned so much. . . ."

She plans to major in Elementary Education at Western Michigan University, and would like somehow to combine teaching with Social Work. But she'd like, too, to be an airline stewardess for awhile.

Wants To See World
"My big ambition is to travel. I really DO want to see the world. And I like to make people feel at home; I like people."

Frances Fitzgerald, representing the Academy of the Sacred Heart in Lakeshore road, is the eldest daughter of The Honorable Neal E. Fitzgerald, Circuit Court Judge. Her sisters, Karen, 15, and Ellen, 12, also attend Sacred Heart. The Fitzgerald home in Lewiston road is within easy walking distance of the Academy.

Frances has been a Sacred Heart Girl all her life, except for a brief period at the very beginning of her academic career. "I think I was the youngest person ever enrolled at Liggett," she explains. "I went there when I was about two-and-a-half. My father was a Judge in Common Pleas Court, we lived downtown, and my mother sent me to school because I had no one to play with. . . ."

On Student Council
At Sacred Heart, Frances is a member of the Student Council, the Dramatics Club, (she portrayed a Judge in a recent production—how's that for family typecasting?), the Field Hockey and LaCrosse teams and Sodality. She participates in the Sacred Heart Social Action Program. "We, (the Academy students), all do something," she says. "My end of the Social Action Program is visiting Nursing Homes. Other girls tutor in the Inner City or work with deaf students at the Lutheran School for the Deaf." She's chairman of the Stu-

dent Welfare Committee, in charge of hospitality—a recent responsibility was finding accommodations in private homes for 30 members of a Chicago Academy of the Sacred Heart Volley Ball team, in town for a weekend of games and "getting-to-know-you"—and seeing that school rules in dress and deportment are observed.

The Demeitri Queen
"They call me the Demeitri Queen," she laughs, "because I give out so many for being-out-of-school-uniform—it's all right if you bring a note, though. . . ."

She has a National Merit Scholarship Letter of Commendation, admits it's "a nice thing for college" and adds that two other girls, out of her class of 22, are Letter of Commendation recipients.

She's a member of the Academy's "Committee of Games (athletics committee). She likes sports, particularly water sports, sailing, swimming. . . . "I think I was meant to be a fish. . . ."

Frances loves to read, "but like Irene, I don't have the time." She's going west to College, either to the University of Colorado, (she's already accepted there), Stanford or Pomona, and hopes to major in French or Psychology.

"But I have NO idea of what I'd eventually like to do," she says.

Martha Schick, representing St. Paul High School, is considering a variety of careers.

Wants A Certificate
"I hope to go into Public Relations, maybe branch out into Social Work. But whatever I do, I want to get my Teacher's Certificate," she explains. "My family's moving to Vero Beach, Fla.—dad'll be a vice-president of Lost Tree Village—and I've applied for admission to the University of Miami, Coral Gables, and Rollins College in Winter Park, Fla. I haven't heard anything yet. . . ."

Martha's the "baby," ("They say I was a pretty big baby," she grins; Martha's a healthy girl!), of the Allon J. Schick family. Her sisters, Nancy and Allison, and brothers, Gary and Brian, are all in their mid-20's, all St. Paul High School graduates.

Brian's a graduate of Albion College, Gary of the University of Michigan, where he played on the U. of M. Rose Bowl Football team that defeated Oregon 37-6 four years ago.

Big Tiger Fan
"I wish I could play football," Martha mourns. "I love sports. I love skiing, swimming, tennis, baseball. . . . I was at the game last year when the Tigers won the pom-pom; I nearly went out of my mind!"

But every time Martha becomes active in some athletic activity "something snaps." Last year, she dislocated her knee. The year before that, she fractured her ankle. The year before that, she had mononucleosis.

Still, she manages to keep busy. She's treasurer of St. Paul's Student Council, belongs to the high school national honor society, Latin national honor society, Latin Club and Sodality.

As far as high school sports are concerned, she "can't miss a game." She was a member of the St. Paul Homecoming Court last October. Active in St. Paul's Drama Club, she appeared with five other students in a Swanee Number in a recent talent show: "That was really fun!"

On Youth Council
She's a member of the J. L. Hudson Company Youth Council, asked for her opinions and ideas as a representative area teenager. She works three days a week, Mondays and Wednesdays after school and all day Saturdays, at the Bonbonniere Pastry Shop in Mack avenue. Like Irene, she participated in a Workshop for High School Stu-

Ignore Winter . . . Think spring and wear fresh new season fashions from Walton-Pierce. A perfect choice would be Abe Schrader's geranium red dress with black patent belt and black on white polka dot silk at the neck. Another choice . . . Renbrook's robin egg blue jacket and skirt ensemble with a printed silk blouse. Schrader's navy dress crisped with white would definitely brighten the scene and lift your fashion spirits.

The Fashion Group . . . has a better idea. Instead of watching the girls go by, they will be watching the men go by, Thursday, February 29 at the Stalder. Four leading stores will present a style show of men's fashions during lunch. Call WO 2-7368 for reservations. . . . no later than the 26th. The luncheon-show is six dollars. Join the Group!

Just In Case . . . you didn't know Patrick is at Leon, 17888 Mack Avenue, styling hair and hairpieces in his imitable manner. He will be there through the last Saturday in March then he will return to Belgium. Ah! But here's the real good news. He will be back very shortly after his Continental jaunt for an extended stay at Leon. . . . TUzedo 4-9393.

The Sphere . . . 19849 Mack Avenue, is well-known for its lighting fixtures and imported Florentine wall sconces. Our favorite bird in the pear tree chandelier is by Walter Hatch, and you know what charming decorative accents his designs lend to your home.

The Kaleidoscope sees "people lovers" on porches, in doorways, over sinks . . . well, almost everywhere in your home. It's a cheerful decorative idea from the West Coast. There's a bit of wind chime about it because a tuneful clank of clay reminds you your "people lover" is near. See the new lovable arrivals at 16135 Mack at Bedford.
