ROBERT D. KNOX, Detroit's Housing and Urban Renewal Director for the last seven years, unexpectedly resigned Wednesday. Knox, 44, has held the \$24,000 a year post since Cavanagh took office in 1962. He said the frustrations of the job had become too much for him.

MARK WEGLARSKI, 25, a Polish-born science instructor, and a substitute teacher at Butzel Junior High School, was stabbed Wednesday when he tried to eject some 17 and 18-year-old non-students from his seven-grade classroom.

Friday, February 21

SECRETARY OF DEFENSE Melvin R. Laird said Thursday "I lean toward going forward" with an anti-missile system. He rejected pleas of the Senate to delay pending deployment arms-control talks with Russia. Laird made it clear his overriding concern is with Russia pushing a strategic-weapons buildup "at a very high rate" and with Red China's missile threat in the mid-1970's.

Saturday, February 22

THE BRITISH GOVERNMENT has rebuffed a proposal by French President Charles de Gaulle to create an alliance that would supplant the Common Market and replace it with a directorate of France, Britain, West Germany and Italy, it was disclosed Friday.

Sunday, February 23

THE DEMOCRATIC STATE Central Committee in Lansing ignored a plea from House Speaker William Ryan of Detroit Saturday and voted 53-17 to go on record as opposing a parochial. Ryan pleaded with the committee to stay out of the controversy over state aid to non-public schools.

PRESIDENT NIXON LEFT Washington today on a five-country trip to Europe, hoping to launch "a new era of consultation" with European allies. He said a real give and take consultation was what he was seeking. His Air Force plane landed in Brussels, Belgium, at 9 p.m. EST. He was met by King Beaudouin.

Monday, February 24

DOCTORS AT WALTER Reed Army Hospital decided Sunday night to operate on 78-year-old former President Dwight D. Eisenhower to relieve an "acute intestinal obstruction" which had not responded to non-surgical treatment.

ALLIED FORCES TRYING to crush the long awaited Vietcong offensive reported killing at least 1,000 communist troops Sunday in fighting that spread across South Vietnam. At least 100 Americans were slain and Saigon was shelled for the second consecutive night.

Tuesday, February 25

A \$25 MILLION motel, parking and office-building complex was announced Monday for downtown Detroit, sponsored by six young businessmen. It will be called Holiday Park Forum. The center of the new development will be a 300-room Holiday Inn motel and an 800-car parking garage. The new complex will be located on 4.2 acres of city-owned urban renewal land, on a block bounded by Michigan, First, Bagley, and Third. Mayor Cavanagh hailed the proposal as "the latest in a series of new buildings which makes it all the more obvious that downtown Detroit is in the midst of a full-scale economic resurgence."

PTAs Presenting Premiere of 'Oliver'

The Michigan premiere of "Oliver!" is being sponsored by the PTA of Trombly and Defer Schools on March 5. The Esquire Theatre, where the benefit performance will be held beginning at 8 p.m., is currently undergoing complete redecorating and refurbishing for the occasion. Tickets for premiere cost \$5 each by advance sale at either school or from Mrs. Duane Hefty (885-0737), Mrs. Alan Scheer (823-4373), or Mrs. Richard Heglin (821-9139). Funds raised will be used to purchase supplementary instructional materials for each school. Pictured above discussing the forthcoming event are (left to right) MRS. HEFTY, CLAIRE JU-CHAU, PATTI THOMAS, and DAVID COUGER.

Convent Property Rezoning Proposal Meets Opposition

Petitions Being Circulated Asking Farms Council to Create New 'Educational Services' Classification

A movement is afoot in Grosse Pointe Farms to prevent the Council from rezoning as residential the 20-acre Academy of the Sacred Heart property on Lakeshore road, that is currently zoned for Community Service. This rezoning issue is on the March 3 agenda of the Farms Council.

Spearheading this campaign are Mr. and Mrs. Robert Gotfredson, Mr. and Mrs. Robert L. Thibodeau, Mr. and Mrs. Roger W. Hull, Mr. and Mrs. George E. Bushnell, Jr., Mr. and Mrs. William H. Griffith, Mr. and Mrs. Leo Kulka, Jr., Mr. and Mrs. Edward C. Roney, Jr., Mr. and Mrs. William F. Isbey, Mr. and Mrs. Richard A. Speer, Mr. and Mrs. William A. Fisher, II, Mrs. Jack M. Cudlip, and Mrs. William Y. Card.

Circulate Petitions
Petitions are currently being circulated which list some of the implications concerning this rezoning action. The petitioners state, "rezoning to residential would mean any improvements or renovation of the school now being explored would require Council approval. (A council could kill any school by this method by withholding approval). If this school does not become a reality, no other educational group would have an opportunity to make even an offer to make use of the excellent building facilities and magnificent property. (The published notice said this would take place 20 days after the Council meeting). We recommend that the Council adopt a new zoning classification, 'Educational Services' which would then protect the Farms residents from a high rise apartment building which is the reason given by the Council for the rezoning. Fourth 'Urbanitis' is a disease that is threatening our civilization. Sixty new houses will be built on this property if it is subdivided.

Must Be Better Use
"Surely a use can be found more to the benefit of the Farms Community than additional subdivisions. At least ask the Council to delay this decision until all other educational avenues of use have been explored. There is no valid reason for such unseemly haste and such unconsidered haste may result in grave regrets in the future. It will be too late if we do not all appear to object on Monday, March 3, at 8 o'clock in the City Hall at 90 Kerby road. If you cannot attend send a post card to your councilman opposing the rezoning."

REPORTS VANDALISM
While his car was parked in the War Memorial lot, Richard Ort of 1668 Broadstone, told Farms police on Saturday, February 22, an unknown vandal pulled out his ignition wires, battery caps, oil can and radiator cap, and tossed them into nearby bushes. All items were recovered, except two battery caps, and replaced.

Price Takes Jump
There was a noticeable hike in this year's quoted price for City elm trees. Last year's price was 90 cents per tree. The price increase represents higher labor costs and change in spray material from DDT to methoxychlor. Based on this price the City's program will cost an estimated \$5,634 for one treatment. Quite possibly another treatment may be necessary in July or August.

Will Study Results
Members of the Council decided to study the results of the spraying program this year, in anticipation of the program for 1970. They also discussed receiving information on helicopter spraying of methoxychlor, by the City of Grosse Pointe Park.

FENDER DAMAGED
Elizabeth R. Berg of 281 Kenwood court, phoned Farms police and disclosed that while her car was parked in the War Memorial lot, 32 Lake Shore, an unknown motorist damaged the left rear fender of her vehicle. Damage was estimated at about \$150. The incident was reported on Saturday, February 22.

New School To Utilize Facilities

Montessori Curriculum Being Extended in Coeducational Set-Up Approved by Province

The many hours of work put forth by the planning committee for a new school at the present Sacred Heart convent and the Montessori Planning Committee have born fruit. In a letter sent to all parents of students currently enrolled in Sacred Heart Academy an announcement has been made regarding the opening at 171 Lake Shore next September, 1969 of a coeducational elementary school. The text of the announcement follows:

"The New York Province of the Society of the Sacred Heart has enthusiastically agreed to cooperate with a school in Grosse Pointe, which will implement the educational philosophy and pursue their aims which are to help the students develop Christian Values; to individualize education as far as possible; to provide strong studies academically challenging at whatever level the student can reach; to pay a sound foundation in the teaching of the Church; to provide the opportunity for students to grow up with the peers of other economic, racial, religious and cultural backgrounds, and to give an appreciation of the values and responsibility of living in a democratic society."

To Extend Montessori
The school will begin with the present Montessori Pre-School and the Montessori curriculum will be extended to include six year olds in 1969-70, hopefully adding a Montessori grade each year through at least the third grade. In addition, in 1969, the second through eighth grades will continue along the lines of individualized learning, and will also be coeducational.

Province To Participate
"The Province has expressed its desire to participate in the work of the school for as long as the school continues to carry out the aims stated above. "The faith and determination of the Planning Committee for the School and their supporters (Continued on Page 2)

Mayor Burgess Hospitalized
Mayor David E. Burgess, of the City of Grosse Pointe, was hospitalized Friday, February 21, in Pontiac General Hospital suffering from extreme fatigue. His condition is reported as satisfactory and he was to be released from the hospital Tuesday, February 25. He was stricken late Friday afternoon during collective bargaining negotiations. Mayor Burgess is a partner in the Detroit law firm of Tolleson, Burgess and Mead. He has been engaged by the City of Pontiac as chief negotiator for current bargaining with the Firemen, DPW and Clerical unions. During the eight days preceding last Friday, he had participated in several around-the-clock bargaining sessions and the obtaining of a court injunction by the City of Pontiac directing firemen back to work after they had twice walked off their jobs during progress of the negotiations.

Peace Corps Head to Talk Here March 4

Jack Vaughn Giving Third Lecture in Fries Forum Series at War Memorial Center

Peace Corps Director Jack Vaughn will address the third session of the Fries Auditorium of the Grosse Pointe War Memorial. His topic will be "Old Fences and New Frontiers."

This will be a discussion of the developing nations, an area of great importance in the modern world.

Mr. Vaughn, prior to being named by President Johnson to succeed Sargent Shriver as Director, had extensive background in Latin American affairs. From 1961 to early 1964 he served as the regional director for Latin American programs of the Peace Corps. In 1964 he was U.S. Ambassador to Panama, and shortly thereafter Assistant Secretary of State for Inter-American Affairs and U.S. Coordinator of the Alliance for Progress.

Graduate of U-M
Albion, Mich. was Mr. Vaughn's home during his teenage years. He attended college at the University of Michigan, graduating in 1943 with a B.A. in Latin American studies. Under Mr. Vaughn's direction the number of Peace Corps volunteers in Latin America increased from around 100 in (Continued on Page 2)

Park Council Amends Law To Insure That All Elm Trees in City Get Sprayed

Dormant Treatment To Be Applied Soon by Helicopters Using Methoxychlor; Will Decide about Second Application

In line with the other Pointe communities, the Park council on Monday, February 24, adopted an ordinance which makes it mandatory for private property owners to spray elm trees on their land. It was disclosed that approximately 400 privately-owned trees go unsprayed each year, thereby allowing the beetle carriers to infest other trees with the Dutch Elm Disease.

Director of Public Services Herbert Heger, informed the council of the number of trees that are not sprayed, pointing out that most of the elms are in the backyards of private property, where it is sometimes difficult to reach with equipment.

City Manager Robert Stone said that in order that a good job be done to curb, or eliminate the elm tree blight, all trees should be sprayed, and recommended that the council adopt the ordinance.

The new law, which goes into effect immediately, was drafted by City Attorney Richard Rohr, and is an amendment to the section of the city code which governs trees and noxious weeds. It was declared necessary for the preservation of the public peace, health and safety.

Must Be Done Annually
Under the amended law, every elm tree in the Park must be sprayed each year, including those owned by "every person, firm or corporation," and located on private property not subject to public easement for right of way.

The city council, after consultation with the city manager and public service director, shall determine the number of sprays required each year, and the type, or types of chemicals to be used, and each taxpayer will be notified by mail of the determination.

The city, if the private property owner fails to spray any elms on his land, can send in its own personnel and equipment, or authorize a private contractor to provide the service, based on the city's cost per tree, to be determined by the council. The fee will be charged to the property owner, and the owner will be notified. If the fee is not paid, it will be spread over the tax rolls, to be paid by the individual owner.

Owners Must Comply
If the city does not provide the service, or cannot provide it, the law states, the tree owners will be informed, and these owners can select their own qualified applicator. (Continued on Page 2)

City Awards Contract for Elm Spraying

Switch to Methoxychlor from DDT and Higher Labor Costs Produce Big Price Boost

The Shock Brothers Company, Inc. was awarded the contract for undertaking the 1969 Dutch Elm Disease control program in the City of Grosse Pointe, by the Council on Monday, February 17.

This program includes the application of a dormant methoxychlor spray for approximately 2,415 elm trees located on city property. It also includes two Dutch Elm surveys conducted during the summer. As part of the defense against Dutch Elm Disease, the City also requires property owners to spray privately owned elm trees.

City elm trees will be sprayed for \$2.25 per tree and private ones for \$5.50 per tree. The two Dutch Elm surveys cost \$100 each.

Price Takes Jump
There was a noticeable hike in this year's quoted price for City elm trees. Last year's price was 90 cents per tree. The price increase represents higher labor costs and change in spray material from DDT to methoxychlor. Based on this price the City's program will cost an estimated \$5,634 for one treatment. Quite possibly another treatment may be necessary in July or August.

Members of the Council decided to study the results of the spraying program this year, in anticipation of the program for 1970. They also discussed receiving information on helicopter spraying of methoxychlor, by the City of Grosse Pointe Park.

City Passes Drastic Law To Control Shopping Carts

Because the City of Grosse Pointe has had repeated and increasing problems with the abandonment of shopping carts in areas all around the city, the Council on Monday, February 17, voted to add a section to the existing ordinance for regulating the removal, abandonment and labeling of shopping carts.

The amendment provides that it is unlawful for any person, (firm, corporation, association or partnership) to abandon or suffer to be abandoned any cart removed from any store, highway, street, alley, boulevard, sidewalk, parking lot, public place or private property not owned by the store owner within the City.

It makes it unlawful to provide carts for patrons' use on store premises unless they are lagged with satisfactory identification designating the name of the owner.

It allows the city police or other city representatives to impound the cart whenever any cart is found abandoned in any street, highway, alley, boulevard, sidewalk, parking lot, public place or private property not owned by the store owner within the city.

The city representative is required to notify the owner, who then may reclaim the cart by payment of one dollar for each cart. If the cart is not reclaimed within 30 days after notice has been given the owner, such failure to reclaim shall be construed as a waiver of ownership of the cart and the city has the right to dispose of the cart accordingly. Teens Available For Many Jobs

The Neighborhood Club and Junior League of Detroit are sponsoring a Placement Bureau for teenagers in The Pointe area.

Students fill out a card telling what they want to do and what experience they have. Then a prospective employer may call the Neighborhood Club at TUxedo 5-4600, any weekday between 3 and 5 o'clock and request the name of qualified applicants. The employer is given a minimum of four person's names whom he can contact and interview.

At the present time there are many students waiting to hear from potential employers. Babysitting and yard work seem to dominate the requests. However, many students desire part-time employment in stores and offices. This job placement service is offered free.

New School

 have made this new development possible. This kind of faith and determination will enable them to reach by May 1 the 225 minimum enrollment necessary for the total school and 12 minimum enrollment for each class.

The New York Province made the following statement to the Planning Committee for the School: "The Religious of the Sacred Heart of the New York Province have been gratified by the response of a group of Grosse Pointe parents and alumnae to the decision of the Province to close the school. This group has thoughtfully studied the mission of the religious of the Province, and with real understanding of its meaning, has spontaneously asked the Province to assist them in undertaking this mission themselves. They would continue a school which would implement the ideas of the religious and further their work of education in the Grosse Pointe community."

Enthusiasm Expressed
 The letter concluded with the statement that "The Province is enthusiastic about this new opportunity for cooperation between laity and religious. Is this not appropriate here in Detroit where so many laymen are already responding to Archbishop Dearden's challenge to share more extensively with clergy and religious the work of the church at all levels?"

The parent-letter was signed by the chairman of the Planning Committee for the School, Mrs. Walter Robinson; co-chairman of the Planning Committee for the School, Miles M. O'Brien, Sr.; James Collins, chairman of the Montessori Planning Committee; Sister M. M. Coakley, Provincial, New York Province and Sister G. O'Donnell, Headmistress of the Academy of the Sacred Heart, Grosse Pointe.

A new corporation is being organized for the purpose of purchasing the property and operating the school. The corporation will be a Michigan nonprofit corporation under the direction of a board of trustees.

Elm Spray

(Continued from Page 1)
 contractors to do the job.

It is the responsibility of each owner to see that the required spraying is completed within the prescribed time period set in the notice, and to file with the Department of Public Service, within 10 days after each required spraying, a statement from his contractor or agency describing the number and location of the elms sprayed, the type of chemical used and the date of service.

At a recent meeting, the Park Council approved a contract awarded to the Ag Helicopter, Incorporated of Detroit, to spray public-owned elms, at a cost of 60 cents a tree; and 75 cents for each private-owned tree.

City Buys Material
 The firm, which will do the spraying from helicopters, will use methoxychlor purchased by the city, and will charge the city \$3,975 for the job. This annual program will begin as soon as the weather permits, and the elms will be treated in their dormant stage.

It was disclosed at the time the contract was awarded, that this was a new method of spraying, and that it was superior to the conventional method of spraying from the ground, in that the entire tree is saturated from top to bottom. The ground method spreads the chemical only on the outer section of a tree, missing the top, which is the most sensitive part of the plant.

There are approximately 3,500 elms on public property, and about 2,500 on private land in the Park, it was disclosed by Heger.

Will Issue Warning
 Residents will be given ample warning before spraying is done on their streets, to permit them to remove their cars, it was said.

At Monday night's meeting, Heger said that Detroit officials are discussing the use of spraying elms on the entire east side of their city, by the use of helicopters, and if this proves effective, will use this method in following years on all its elms. Detroit loses hundreds of elms each year to the Dutch Elm Disease.

 citizen-student committee would be established as an Open Campus Board with the responsibility of assessing the situation periodically and making recommendations for change in policy and practices; only students who have parents' written permission would be allowed to leave campus at noon. This permission would be a part of an Open Campus contract signed by the student who agrees to abide by all of the provisions spelled out in the contract; the parking lot would be "out of bounds" and cars could not be removed from the lot and the student council-sponsored clean-up detail would be established to police any problem areas which could develop.

In Effect 10 Years
 Dr. Theos Anderson, superintendent of the Grosse Pointe Public School System, said the present closed campus policy came into effect 10 years ago when an open campus policy at South was attempted. He said the Board decided to change to a closed campus when student activities with automobiles and

 Earl Veendahl, president of the Grosse Pointe North High Council, expressed his disappointment with the Board's decision and indicated that the Council will probably send in another request next year for an open campus.

City manager Thomas Kressbach said that the amendment approaches the problem through the store owner because the store owner is responsible for the services he provides.

SCORE Offers Business Help

What is the SCORE, or should it be said, what is SCORE? Two organizations have different assumed names, but use the same initials, which tends to create considerable confusion, unless you know which group is being identified.

In a recent article in the GROSSE POINTE NEWS, an item was printed concerning the activities of a new Pointe organization calling itself Student Council of Racial Equality, referred to for brevity, as SCORE.

A group of retired businessmen, organized throughout Michigan, with a branch in the Pointe, known as Service Corps of Retired Executives, also using the initials SCORE, read the story about the other SCORE group, and asked the NEWS to print a story to clarify the difference between the two.

The Student Council of Racial Equality was formed to fight bigotry and racial inequality in the Pointe. The group of valiants are also instrumental in seeking fair housing in the Pointe, and is asking each of the five city councils to enact a Fair Housing Ordinance which would prohibit discrimination against any person or persons desiring to purchase a home in the Pointe.

The Service Corps of Retired Executives, organized on a national scale in 1964, has 185 chapters throughout the United States, including one in the Pointe, with 3,300 counselors comprised of former retailers, wholesalers, service managers, jobbers, plant managers, lawyers, accountants, and other experts in almost every phase of private enterprise.

This SCORE is sponsored by The Small Business Administration, an agency of the Federal Government, and is comprised of men and women who have successfully completed their own active business careers and now offer their services, with-

out pay, to help small businessmen with operating problems by offering their talents, wisdom and experience to these small businessmen who needs it.

SBA asks only that the businessman who uses SCORE reimburse the SCORE volunteer for his out-of-pocket travel expenses.

The SCORE volunteers have shown more than 750 Michigan entrepreneurs how to succeed in small businesses by setting up improved operations.

Each SCORE counselor, before retiring, was considered an expert in a specific field and now acts as a specialized advisor only because of a conviction and sincere belief in the free enterprise system.

Businessmen in the Pointe, or any area in lower Michigan, who need advice, should contact SCORE (SBA) at 1249 Washington boulevard, Book Building, Detroit, Michigan 48226, or phone 313 (area code) 226-2947. You need not be "in trouble" to get help.

If you are not even in business yet, but are thinking about it and need some expert advice to help you plan soundly, SCORE will help.

City Administrator Petersen said that because there was qualified personnel in the Woods own department they decided to promote from within rather than go outside of the department. He said the two men took oral examinations created by the Michigan Municipal League and based on the results of these tests, seniority, and past records, they were selected to be Director and Captain. Captain Marchand will continue to be in charge of the Detective Bureau.

Mr. Petersen added that both men were most competent and are, and will continue to be, assets to the department.

Visiting Judge Paterson Tough

City of Grosse Pointe Municipal Judge Douglas L. Paterson, is creating some excitement at Recorder's Court these days. Judge Paterson is sitting as a visiting magistrate in the Detroit court.

One defendant, Robert McClendon, grew so apprehensive after a parade of defendants were placed under stiff bonds, few of which could be posted, that he asked to appear before another judge.

Judge Paterson had not released one of these defendants under personal bond.

McClendon, accused of possessing narcotics was among the last of 17 defendants to be arraigned on Tuesday, February 18.

He sat and watched while one defendant, charged with assault with intent to do great bodily harm, was held without bond pending examination.

The last seven defendants were placed under \$5,000 surety bonds and returned to the County Jail until they could meet the bonds. All had previous records.

McClendon, too, had a previous record, for forgery and mail theft.

Judge Paterson's response to McClendon when asked if he could appear before another Judge was, "Are you afraid of me?" McClendon just shrugged and repeated his plea.

Judge Paterson replied, "I'm a newcomer here, and some people consider me relatively easy. I think you'd find that some of the judges who are here all the time are really tough." Then he promptly made McClendon the eighth straight defendant to be re-remanded to the County Jail in lieu of a \$5,000 surety bond.

Woman Reports Jewelry Theft

Three pieces of jewelry were reported stolen from the front seat of a car while the owner went into his house to pick up something he had forgotten, on Thursday, February 20, according to information given to Farms police.

The theft of the items was made known by Mrs. J. L. Fenton, who told police that her husband had placed the jewelry on the front seat as he was backing the vehicle from the garage. Remembering that he did not have a credit card, he parked the vehicle on the apron of the driveway and went into the house. He was gone only five minutes, it was said.

Mr. Fenton, who was taking the pieces to be repaired, did not discover the loss until he arrived at the jeweler.

Taken, Mrs. Fenton reported, was a silver charm bracelet with 19 musical instrument charms, and a single pencil sharpener charm. The bracelet, in a blue box, was being taken to have additional charms attached. The value of the item is \$110.

Also reported missing were a set of gold earrings, made into forms of hearts, with little stones around the hearts, value set at \$125; and a two-inch dress pin, with rhinestones set around it, and a pearl missing from the center. The latter's value is said to be \$15.

Investigation of the theft was referred to the officers of the Detective Bureau.

Giacalones' Plea Denied by Judge

Federal Judge Thaddeus Machrowicz denied motions Monday, February 23, that would have permitted Anthony and Vito Giacalone to split up a federal indictment against them into five separate trials.

If the motions had been granted the alleged Mafia leaders could have conceivably been able to stretch out the trials for as long as 10 years. "The prospects of being with this case for 10 years doesn't appeal to me... I don't intend to be on the bench that long," said Judge Machrowicz.

Anthony, 50, of 701 Balfour, and Vito, 45, of 87 Webber place, were indicted by a grand jury November 14 on several federal charges stemming from an alleged loan shark operation.

The Giacalone brothers' attorney, Neil H. Fink, asked for three trials for Vito on different charges, and two for Anthony. This would have led to a sixth trial for 10 other men indicted along with the Giacalones.

Machrowicz has not set a trial date for the federal case. He said he would wait until a case against the Giacalones and nine other men is disposed of in Wayne County Circuit Court. That trial is set to begin March 3 before Circuit Judge Cornelia Kennedy. In that case the Giacalones are charged along with nine other defendants with conspiracy to commit extortion in violation of state law.

Residents Asked to Report Door-to-Door Solicitors

Door-to-door solicitation is prohibited by ordinance in all five Pointes, but every year, especially at about this time, residents are approached by magazine salesmen, and others who make a living selling directly to homes.

Most of the sales persons are from out of town, and are not aware of the ban, and in most cases are innocent victims, the fault of their employers, and are taken into custody by local police and charged with violating the law.

Under provisions of their respective ordinances, the officers have no recourse but to arrest the solicitors, who must bear the inconvenience of being detained, and released only when bond is posted, to appear in court on a set date.

Many of the out-of-town em-

ployers are aware of the ordinances, enacted to prevent residents from being bothered by this method of selling, yet these employers continue to send salesmen into the area, time and time again, ignoring the law completely.

Policemen, on complaint of local residents, are kept busy arresting the solicitors, after which the officers must book the sellers and make out a report of the arrest.

There are some legitimate door-to-door salesmen, such as milkmen, sellers of bakery products, charities, etc., but the companies these people represent obtain permits from the local municipal offices to allow them to solicit their offerings this way.

The biggest violators of the door-to-door selling ban, are the magazine companies, many of whose officials, in spite of repeated warnings, continue to send employees into the Pointe area.

Residents who are approached at home by sales persons, should contact their local police, and report the matter. If the sellers are operating illegally, they will be arrested and taken to court.

All of the Pointe Police Departments have disclosed a number of arrests of magazine salesmen within the past few days.

The public is urged to attend.

Tony Giacalone In Court Again

Reputed Mafia leader, Anthony Giacalone, 701 Balfour, who is appearing before District Judge James R. Stelt in Pontiac, on charges of bribing policemen in connection with the operation of the Seaway Civic and Social Club, listened Thursday, February 20, as State Police informer Peter Lazaros took the stand to testify against him.

Lazaros testified to "connections" arranged in Pontiac for operation of the club for bar-but, a Greek gambling game.

Giacalone's attorney Joseph W. Louisell conceded the operation of the Seaway Civic and Social Club as a gambling establishment in 1965. Three gamblers already have been sentenced to jail for its operation and for bribery of police officers.

Thursday was the first time Giacalone's name, or Louis (Rip) Koury's name, was mentioned.

Lazaros repeated conversations with Giacalone in Detroit about opening the Pontiac club. He said Giacalone sent a man named Odus Tincher to protect his interests in the club. He went on to explain that Tincher's job was to "operate 10 percent," a process by which if a gambler went broke, he could borrow from Tincher to continue playing that night, but had to pay the next night at 10 percent interest. He added that this was completely Giacalone's operation.

Lazaros continued with a long revelation including a conversation between himself and Giacalone regarding a person who knew someone in the Pontiac police department and in the Oakland County prosecutor's office. The man of whom Lazaros spoke was identified by a Pontiac police captain as one who had paid him and vice squad sergeant \$2,050, to protect the Seaway from raids. The officer accepted the bribe as a "double agent" working for the police department.

The business arrangement was, according to Lazaros, one where Giacalone was to get 50 percent of the net proceeds. The other half was to go to "the one with the connections."

TREE CAUSES DAMAGE

Armand Dujardin, 927, called City police on Tuesday, February 4, to report that a maple tree on his next door neighbor's property was in very poor condition and several of the limbs, which were hanging over his property, appeared as though they might fall and cause damage. The owner of the house was in Florida but City police contacted his son who said he would inform his father of the condition of the tree and take action immediately. Dujardin's garage has already been damaged by fallen limbs, according to Mr. Dujardin.

Lucido Indicted On Three Counts

Jack A. Lucido, 2006 Van Antwerp, was indicted on charges of interstate gambling Wednesday, according to the director of the federal task force on Detroit's organized crime, Thomas J. McKeon.

Lucido, 35, was charged with taking illegal horse race bets on the telephone between Detroit and Toledo and Detroit-Boston in a three-count indictment returned by the federal grand jury.

Lucido faces a maximum of five years in prison and a \$10,000 fine on each count if convicted.

Lucido is a well-known figure to federal law enforcement officials. He was one of 14 persons indicted by a federal grand jury in September, 1966, on charges of conspiring to avoid the excise taxes on gambling winnings on off-track betting of horses. The case was dismissed because of a United States Supreme Court ruling in a similar case, according to McKeon.

Lucido was one of 17 arrested in February, 1967, for book making and taking bets on basketball and hockey in a federal raid on 14 suspected gambling dens in the Detroit area. The charges were dropped because of the same Supreme Court ruling.

Power Boating Course Offered

The Grosse Pointe Power Squadron, in cooperation with the Department of Community Services, will be offering free instruction to students who wish to become qualified to operate a power boat this coming summer. Under Section 62 of the Marine Safety Act of 1967, children 12, 13, 14 and 15 years old are required to have a safety certificate in their possession when operating a power boat of six horsepower or more if not accompanied by a person sixteen years of age or older.

Last year over 500 children in the Grosse Pointe community qualified for certification under this volunteer instructional program offered by the Grosse Pointe Power Squadron. Classes will be scheduled for all young people who are still not certified, beginning the first week in March.

The course includes six hours of instruction, (including a final examination), held once a week for two hour-periods, for three consecutive weeks. Perfect attendance is required. Children who are presently 11 years old and whose twelfth birthday is prior to November 1, 1968, will be eligible to enter this class.

Classes are scheduled at Parcels Middle School on March 11, 18, 25 from 3:45 to 5:45 o'clock and at Pierce Middle School on March 3, 10, 17, from 3:45 to 5:45 o'clock.

Registration forms are available in any public or non-public elementary or middle school in Grosse Pointe. These forms must be signed by the student's parent and returned to the Department of Community Services with a stamped, self addressed envelope before the classes begin. Children will not be admitted to the class without a complete registration. It is not necessary to re-qualify if a student has been issued a certificate last year.

Parents are encouraged to see that their children are enrolled in this class so that the requirements of the law are fully met for summer boating enjoyment, but more important, that every measure of safety is exercised to protect our young people from the hazards of the water.

Youth Accused Of Hurting Girl

A Park resident called City police on Wednesday, February 19, to report having seen three juveniles knock down a young girl and flee. They told officers the incident occurred on Kercheval at Notre Dame.

The young girl was bleeding from the knees and crying. A description of the trio was given to officers, who later spotted them coming out of the Notre Dame Pharmacy.
Officers called the boys, one of whom fled. Before fleeing he put a bottle of mouth wash on the window sill of the store. The other two juveniles were taken to the City police station, where the youths identified the injured girl as an ex-friend of the youth.

The third youth was brought to the station by his mother, who told officers that he had recently been dropped out of school and had been in a detention home. She said she was waiting to see if her son would be re-admitted. She also told officers that she had spoken to her son's probation officer but that the youth refused to cooperate.

The 12-year-old girl told the officers the incident had begun in Kresge's when the youth had poured pepper on her lap. She said she poured the pepper in an envelope and when they left the store sprinkled it on the youth's head. Her father said he did not wish to press the matter any further.

The youth was uncooperative with the officers and denied stealing the mouth wash. He was released to his mother.

Adventure Film Stars Midgley

Stan Midgley, certainly one of the most popular travelogists ever to appear on George Pierrot's programs, will be featured on the Pierrot-selected Grosse Pointe Adventure Series at Grosse Pointe War Memorial Tuesday evening, March 11.

A western chuck wagon dinner will be served at 7 o'clock and the show will begin at 8:15 in Fries Auditorium. The entire evening—dinner and show (including tax, tip and parking) is \$4.75. The show only is \$1.50.

The film, narrated by Mr. Midgley in person, is entitled "A Wheel and A Foot in the Canadian Rockies" and covers a bicycle trip through Banff, Yoho and Jasper National Parks. Grosse Pointe Travel Club members who went on the Canadian Rockies-Alaska trip in August will see many familiar scenes and also many they missed.

Starting with Banff and the spectacular Banff Springs Hotel as seen from the gondola lift, the film takes one through Johnson's Canyon and on to sunrise on Lake Louise. From there a journey is made to Lake Agnes, the Plain of the Six Glaciers and Moraine Lake and the Valley of Ten Peaks. Crossing the Continental Divide, the pictures include 1200 foot Takakaw Falls, Emerald Lake and the Yoho Valley.

Wild life is featured in the film with excellent shots of bear, moose and mountain goats.

The famous Columbia ice fields are visited and Bow Lake before going to glorious Jasper Lodge and the surrounding beauties of nature—Mt. Cavell, Maligne Lake, Athabaska Falls, Argel Glacier and the Tonquin Valley.

Burglar Steals Portable TV Set

Two Park police officers, while on a routine check of doors of business places along Mack avenue, discovered a breaking and entering of a real estate office, wherein the thief did not actually enter the building.

Cpl. Walton Paton and Patrolman Larry Rice, said they were checking doors at about 4:42 a.m. when they discovered the front plate glass window of the Zip Realty, 15228 Mack, had been smashed. Inside the place, the policeman found a brick, which they surmised had been tossed through the window.

Det. Sgt. James LaPratt said that the thief apparently saw a small portable television set on a desk near the window. After smashing the glass, the burglar reached in and took the set and escaped.

The detective said that the burglary was discovered when Paton and Rice were making a second check of doors. The officers said that the first time on their rounds everything was in order.

Leslie Wiley, Jr., whose home address is not given, owner of the real estate business, said that the stolen set is nearly new and is valued at \$149. He said that nothing else appeared to be missing.

Home Entered And Ransacked

Joseph Giorgetti of 1604 Aline drive reported to Woods police that on Saturday, February 22, he and his mother returned home to discover that it had been ransacked.

Giorgetti said that he and his mother had left the home at 5:30 p.m. and returned at 8:45 p.m. to discover that a rear door had been forced open by breaking its lock. A pry mark was imbedded in the edge of the door and a piece of molding inside of the door was broken away and lying on the floor.

The bedrooms had been ransacked with drawers emptied and their contents scattered about the rooms.

Missing items included \$20 in silver dollars, \$40 in cash and three church envelopes each containing \$2.50. Two tables in the living room had been searched by the intruders, but nothing was found to be missing from them.

Add room to your home the easy way. Install a gas baseboard heater in your enclosed porch or enclosed breezeway. By the time you've added your own decorator touches, you'll have an extra bedroom, sewing room, family room or playroom ready for year-around use. And, because each gas baseboard heater has its own thermostatic control, you can select the precise temperature you want for your new room. Keep it that way inexpensively, too. It will cost about \$20 to heat an average size room for an entire year. That's 1/5 the operating cost of an electric baseboard heater. There's no major investment at installation time, either. We'll be glad to add the cost of the heater to your monthly gas bill and let you pay for it a few dollars at a time. A phone call to us or your heating contractor is all it takes to get things moving. And to get you moving... into that brand-new room right away.

Hockey Invitational Huge Success; 200 Participate

The Grosse Pointe Hockey Association's second annual hockey tournament held at the GPUS rink was a tremendous success as over 200 youngsters participated in the two-day event. The seventh and final game of the tournament was a come-from-behind victory by the Grosse Pointe Midgets and the win enabled the Association to tie the visiting Ridgerton, Ontario contingent for top tournament honors. The final rounds were three wins apiece with one game ending in a tie. Due to a difference in the American and Canadian method

of determining age brackets for each Division, Grosse Pointe was compelled to play against older boys in all of the four different age groups that participated. In spite of this slight handicap the Grosse Pointe Hockey Association certainly made believers out of Ridgerton as the visitors had high praise for the caliber of hockey played by the Grosse Pointe teams.

The only thing that Grosse Pointe apparently could not make Ridgerton believe was that the Pointes did not have a public artificial rink either indoor or outdoor on which to practice and play their games. However, as everyone knows the Grosse Pointe Hockey Association is extremely fortunate to be able to secure ice time from the Grosse Pointe Ice Velocity School and as such is able to have teams participating in organized hockey.

The following outline indicates the highlights of each of the seven games played in the Tournament:

GAME #1—Squirt All-Stars of Grosse Pointe vs. Ridgerton Squirt All-Stars; Final score, G.P. 2, Ridgerton 0. Scoring for G.P. was Jim Hershfield, unassisted, and Tim Kelly unassisted. The three stars were: 1st Rob Danaher G.P.; 2nd Clare Malott, Ridgerton; and 3rd Cab Morris and Gunner Wolfson of G.P., tie.

GAME #2—Grosse Pointe Pee Wee All-Stars vs. Ridgerton Pee Wee All-Stars; Final score, G.P. 4, Ridgerton 1. The scoring was as follows: G.P. Wally Levick, unassisted; Bruce Robb from Bill Dawson and Joe Schiller; Bruce Robb from Wally Levick and Sam Sherer, and finally Jim Klimchuk from Dave Austin. The lone Ridgerton goal was scored by Mark Dillott from Steve Smith. The three stars were: 1st Bruce Robb G.P., 2nd Doug Brackett, G.P., and 3rd Wally Levick, G.P.

GAME #3—Grosse Pointe Bantam Beltemp's vs. Ridgerton All-Star Bantams; Final score, Ridgerton 3, Grosse Pointe 0. Ridgerton goals were scored by Reg Van Avery, unassisted; Mike Pyne, unassisted; and Reg Van Avery again, unassisted. The three stars were, 1st Mike Pyne, Ridgerton; 2nd Reg Van Avery, Ridgerton; and 3rd, Bill Stewart of Grosse Pointe.

GAME #4—Grosse Pointe Squirt Travel Team vs. Ridgerton Squirt Travel Team. Final score, Grosse Pointe 2, Ridgerton 2. Ridgerton goals were scored by Rob Ferguson from Bill Dent, and John Field unassisted. Scoring for Grosse Pointe was Bryan Eugenio unassisted and Mark Santi from Bryan Eugenio and Murray MacDonald. The three stars were, 1st, Jim McKinley, Ridgerton; 2nd, John Field, Ridgerton; and 3rd, Bryan Eugenio of Grosse Pointe.

GAME #5—Grosse Pointe Pee Wee Travel Team vs. Ridgerton Pee Wee Travel Team. Final score, Ridgerton 4, G.P. 1. Ridgerton goals were scored by Brian Jenkins from Doug Kennedy; Brian Jenkins unassisted; Paul Liberty from Tom Clays, and finally Jim Morehouse from Brian Jenkins. Grosse Pointe's lone goal was scored by Jeff Welsher with Len Olson and Fred Rozell drawing the assists. The three stars were 1st, Larry Verlinde, Ridgerton; 2nd, Welscher, Grosse Pointe; and 3rd, Brian Jenkins, Ridgerton.

GAME #6—Grosse Pointe Bantam Hawks vs. Ridgerton Bantam Travel Team. Final score, Ridgerton 2, Grosse Pointe 0. Scoring for Ridgerton was Mark Hipkins with assists to Bill Thiesen and Robt. Jones; and Larry Geddis from Jack Stover and Bill Goldhawk. The three stars were 1st, Larry Geddis, Ridgerton; 2nd, Dave Verical, Grosse Pointe; and 3rd Roy Glassford of Ridgerton.

GAME #7—Grosse Pointe Midgets vs. Ridgerton Midgets. Final score, Grosse Pointe 5 and Ridgerton 4. Scoring for Ridgerton was Kim Fysh from Dave Brown; Bob McMillan from Gord. McDiarmid and finally Alex McKinlay assisted by Gary Hogg. The scoring for Grosse Pointe was done by Chuck Socia from Dave Palmer; Dave Palmer unassisted; Dave Palmer from Tom Keller; Tom McGraw from Tom Keller, and finally Tom McGraw again with Tom Keller picking up another assist. The three stars of the game were, 1st Tom Keller, Grosse Pointe; 2nd, Gordon McDiarmid, Ridgerton; and 3rd Tom McGraw of Grosse Pointe.

Following each game on the Sunday schedule the teams were treated to refreshments at the GPUS Field House and the entire refreshment committee, headed by Mrs. Paul Olson, is to be complimented on doing an excellent job.

Pee Wee Hockey Teams in Action

By Anita Carbone
The Firebirds and Radke played a very close game with the Firebirds coming out on top 4-3, Sunday, February 18 in a Pee Wee Hockey League contest.

Richard Fabbri's goal for the Firebirds was set up for him by Jeff Butcher and Peter Costello. Fabbri slapped his second goal in with an assist from Pete Costello. Jeff Butcher scored on a pass from George Sikich and Andy Bentley scored from John Tulloch. With good checking and defense work by the rest of the team they were able to hold their lead and win.

Two of the Bruce Goals were scored by Radke McDavit with assists from Joe Gorey and John Farina on one and Joe Gorey on the other. John Vanjackson connected with Wally Levick's pass to score the third goal.

With perfect hockey weather on Monday, February 17, parents and players were out in full force for two games. Firebird Goalie, Billy Kidd, came up with another shut-out to give his team a 3-0 victory over Trans-Am. Pete Costello, (F. Birds), slapped the first goal in, assisted by Richard Fabbri. Mark Santi shot the puck in the net for an unassisted goal and Fabbri tipped in the puck on a pass from Jeff Butcher for the third goal.

In the second game of the night the Dolphins defeated Radke 4-1. The Dolphins started the scoring with an unassisted goal by Ted Dance. Radke then tied it up when Wally Levick put on a burst of speed, and beat the goalie for an unassisted goal. Bruce Robb scored the next two goals for the Dolphins, one unassisted

and the other with an assist from John Lange. Joe Schiller caught a good pass from Bruce Robb and scored the fourth goal for the Dolphins. Ed Strohl, playing left wing for the Dolphins, was skating very well.

Sunday, February 23, the Dolphins and Trans-Am played a very spirited game with Trans-Am winning 3-1. There were 11 penalties called in this hard checking game. Trans-Am scored in the first period when Jim Klimchuk fired one past the goalie on a pass from Doug Bidigare. The Dolphins tied it up in the second period when Bruce Robb sent in the puck on a pass from John Lange.

Trans-Am also scored in the second period when Bob Morris tipped in a pass from Bill Dawson and Jim Carbone. Bill Dawson scored his second goal of the game and the third for Trans-Am in the third period, assisted by Jim Earl.

Hockey Squirts In Five Games

Dr. T. W. Kelly
This past week the Squirts played five hockey games—lots of action and loads of fun.

On Tuesday evening the Comets and Jets met with the Comets winning handily 3 to 1. Chris Ahee of the Comets opened the scoring with an assist from Rob Danaher. It was Chris's first goal ever — he was happy. Then Stan Levick got the Comets second goal with an assist from Fred McGregor. Levick's goal was his first. Tim Kelly got the Jets' goal, assisted by Bob Fraser. This goal got the Jets going and they carried the play until Rob Danaher scored on a breakaway for the Comets.

Friday evening the Wolves played the league-leading Pros and won 5 to 3. Rob Stockwell not only scored his first goal of the season but got the 'Hat Trick.' He also assisted on another goal for the Wolves scored by Howie Eaton. Rob's Hat

Trick was the first of the season for any player in the Squirt Division. Dale Ewart got the first goal of the game unassisted for the Wolves. Harry Jewett scored twice for the Pros with assists from Sewell Mackey and John Hastings. Jim Hirschfield also scored for the Pros, assisted by Clune Walsh and Stan Jursek.

Saturday morning saw the Comets and Pros play, again fighting for the league lead. It was a tie with Rob Danaher and Harry Jewett scoring for their teams.

A second game matched the Wolves and Jets, and this game was also a tight one ending in a 1-1 tie. Tim Kelly scored first for the Jets assisted by Jeff Logan and Jeff Oetting. But Terry Hogan of the Wolves tied it with an unassisted goal by blocking a Jets' clearing pass and going in on Jets' goalie Dick Parks.

were in action again as the Pros and Jets collided — a win would mean League Champs for the Pros and it was a good game, tight to the last minute. Stan Jursek scored for the Pros in the second period assisted by Harry Jewett and Dick Spear.

Blue Devils Again Champs Of Border League Cagers

After three years, the Grosse Pointe Blue Devil basketball team is once again the champion of the Border Cities League. The Devils played their toughest weekend series of the year against Fordson and Highland Park last week, and both games resulted in dramatic, come-from-behind Grosse Pointe victories that clinched the title and extended the Devil win streak to 15 straight games.

Devil co-captain Chris Malafouris was the standout player of both games as he led the Devils to a 71-66 victory over Fordson and a thrilling 77-76 win over the Parkers. Both victories required fourth quarter heroics as the

Devils trailed most of the way in both games.

The championship clinched, only the final home game of the season against winless Monroe on Friday awaits the Devils before beginning the district tournament next week. Grosse Pointe is hosting the game; this year and the coaches from Finney, Bishop Gallagher, Grosse Pointe North, Grosse Pointe South, and Austin will get together tonight to decide the schedule for the round-robin type tournament. The winner, of course, will advance to the regional play-offs.

Last week in the Detroit Free Press, columnist Hank Shram stated that if Grosse Pointe could defeat Fordson and Highland Park, they would have to be "stamped as one of the great teams in Michigan." The Devils are ranked sixth or seventh in all three polls of cage powers.

The Devils proved every bit of that last Friday as they scored 25 points in the last quarter to wipe out a lead that Fordson had held for three periods.

Grosse Pointe rebounding was hampered greatly in the game as center Larry Ulmer amassed four personal fouls in the first 12 minutes of the game and had to sit out the action until the final period. Mike Boruta, however, who has come off the bench again and again this season to spark the Devils, did so once more and scored 14 points.

Fordson was ahead 35-34 at the half and then 51-48 at the end of the third quarter. In the first two minutes of the fourth period, though, the Devils out-scored the Tractors 11-1 to take a 57-52 lead. Grosse Pointe was able to maintain that lead on the shooting of Jim Humes, who tallied 18 points, and Chris Malafouris, who finished with 16.

The win over Fordson, coupled with Highland Park's loss to Wyandotte the same night, assured the Devils of at least a tie for the championship. A win over the Parkers on Saturday was essential for the Devils, though, and when they got to the "matchbox" gym they found a determined, hot-shooting, Parker squad.

Four of the five Parker starters, however, fouled out by the end of the fourth quarter and this proved to be the downfall of their upset hopes. The game was amazingly close as the lead saw-sawed back and forth. The Parkers, though, managed to lead at the quarter marks by 23-22, 46-44, and 62-60.

The Devils then made their now patented fourth quarter comeback on the shooting of Chris Malafouris, who hit his varsity high of 26 points. Curt Mumaw also hit his high total with 16 points while Larry Ulmer also added 16.

The main reason the game was so close was some fine outside shooting on the part of the Parkers. "We played good defense," said Jim Humes, "but they were just hitting from all over the court."

As much as the abbreviated size of the court helped the Parkers, it hindered the play of Larry Ulmer. "The court was so small," he commented, "that it was hard to pass without someone being there to intercept it. They were used to playing in that gym and I think that's why they gave us such a hard time."

Chris Malafouris, who was the key to the weekend sweep, mentioned three reasons that explain how the Devils have won 15 straight games. "We never give up; we have an awful lot of poise; and we have confidence in each other."

Perhaps Jim Humes is the most confident Devil. "If we play like we know we can," he said, "I expect that we will win the state championship."

Tankers Defeat Fordson To Capture League Title

The Grosse Pointe tankers swam to their 30th straight dual meet victory last Friday and clinched their 8th BCL title in the last nine years, by beating Fordson, 67-38.

The Fordson meet was the last home meet for the 16 seniors on the varsity team of 20. Commenting on the past season and their chances of reclaiming the state championship was John Fountain '69: "We've done as well this year as we did last year. Our times this year overall are faster than last year's as indicated by the number of guys who've qualified for State so far. Last year we had incredible bad luck at State, but we still won. This year, we just need good luck to win."

According to Jim Frede '69, "The only way to win State is to get everyone to qualify and to place in the finals because it's going to be neck and neck all the way. We could win by getting an extra 11th or 12th place."

Kris Cassell '69 summed up the majority view about State. "We're going to need a lot of inspiration and luck to win State Meet."

The Devils routed the Tractors by taking first in eight of eleven events.

Jim Frede in the 60-yard freestyle and Kris Cassell in the 100-yard freestyle provided Fordson's John Sherk with real competition. Sherk suffered his first defeat in two years last week in the 60-yard freestyle against Wyandotte's Steve Hood. Both Jim and Kris kept neck and neck with Sherk in their races until the last length when Sherk pulled ahead both times to win.

In the 400-yard freestyle, Bill Heller's time of 4:13.0 broke his own week-old varsity record of 4:14.1.

At the Highland Park home meet last Tuesday, in which the tankers were victorious 80-25, Max Gardner set a new varsity record in the breaststroke with

Hat Trick Helps In Beltemp Win

Showing great team effort and outstanding defensive play, the Beltemp hockey team defeated Pontiac 4-3 on Sunday, February 23, at the McCann Rink.

At the one-minute mark of the first period, the Beltemp's Mike Courmoyer took a pass from Joe Baratta and scored the opening goal of the game. The next three goals were scored by Dave Peters, his first hat trick of the season. He was assisted on two goals by Bob Batten and by Joe Marasco on the other. With constant pressure from the Pontiac team, Beltemp's goalie Craig Pemberton played an excellent game.

On Saturday, February 22, the Beltemp defeated Kalamazoo in an exhibition game, 4-0. Goals were scored by Joe Marasco, Steve Griffin, John Younger and Bill Stewart.

The Beltemp will play Pontiac at Port Huron on Saturday, March 1, and the Grosse Pointe Hawks the next day at the McCann Rink.

In well regulated communities there has always been a curfew law, ably enforced by parents.

State Invitational, and they are going to be near the top at State. The outcome of this meet will be a good indication of how close Grosse Pointe is to reclaiming the state championship.

The day before, the tankers will swim at Monroe at 4:00 p.m. in the last BCL dual meet of the season. The only problem Monroe poses is the bad condition of their pool. As a result, the tankers' times will be slower, automatically giving Monroe a few extra points.

The next weekend, March 7 and 8, the tankers will compete with all the BCL schools in an annual meet to be held at Dearborn Edsel Ford High School. This will be the final meet before State and a good chance

for some of the swimmers to qualify for State.

The undefeated reserves also look forward to meets with Monroe and Ann Arbor this week. Last week, they were victorious over Fordson 57-39.

North Cagers Lose Twice Before Beating Roseville

By John Edwards '71
Grosse Pointe North's basketball team proved to be little opposition to the powerful quintet from Lake Shore...

The first two periods were exciting, but after half-time, it was no contest. The offensive punch was not there because the Norsemen's high scorer, Gary Bennett, was out with a broken hand.

Lake Shore jumped off to an early lead in the opening period which they lost only once. The Shorians during the first half kept their lead between three and five points...

White Grosse Pointe was led by Glen Hilger, who netted 18 points, the effects of not having Bennett in the lineup were noticeable. Gary Tersh collected 15 points for North...

four-point lead. In the first quarter, which ended with Roseville leading 21 to 17, Grosse Pointe's play was lacking in areas.

North started slowly in the second half as Roseville outscored Grosse Pointe 15 to 6 in the first four minutes...

Grosse Pointe was led by sophomore Gary Bennett who poured in a spectacular 30 points. Rick DiCicco added 11. Roseville had a balanced scoring attack with four cagers in double figures...

The Lakeview Huskies proved to be too much for Grosse Pointe North as the Bi-County League leaders ripped the Norsemen by a score of 66 to 52 on Friday, February 14.

Grosse Pointe was led by Gary Bennett who collected 21 points, 20 of these coming in the second half. Rick DiCicco followed with 12. The leading scorer of the game was Lakeview's Gary McIlroy with 26 points and Dave Ruthenburg had 19.

Public Schools in Focus

By Dr. Theos I. Anderson, Superintendent of Schools

As the result of action in Lansing last summer, House Bill 3699 became law as Michigan Public Act 316 of 1968. Because we have queries concerning its implications locally, I wish to comment upon it.

The new piece of legislation provides a third class school district such as Grosse Pointe with the power to borrow money for the purchase of sites and to construct and equip buildings or additions to existing buildings without approval by the electorate.

We have had this power in the past. A provision of this kind has been contained in the Michigan School Code since 1955. However, Public Act 316 raises from 2 per cent to 5 per cent the percentage of a school district's State Equalized Valuation for such purposes.

The major limitation is that the bonds to finance any project may not run beyond 30 years nor may they amount to a sum exceeding 5 per cent of the assessed valuation of the taxable property within the school district, less all outstanding indebtedness.

What does this mean for our public schools?

In Grosse Pointe, our present state equalized valuation is \$379,676,741. Five percent of this is equivalent to \$18,983,837. Our

Table with 2 columns: Year, Amount. 1956 Bond Issue \$2,355,000; 1964 Bond Issue \$45,000; 1965 Bond Issue 7,975,000; 1966 Bond Issue 2,700,000; 1968 Tax Anticipation Loan 3,735,000; TOTAL \$17,310,000

Therefore, at the present time the Grosse Pointe Board of Education could sell bonds in the maximum amount of \$1,673,837 without seeking approval from the electorate. (We subtract \$17,310,000 from \$18,983,837 to arrive at this amount.) When the 1968 tax anticipation loan is paid on June 1, 1969, there would be a period of approximately three months when the Board of Education could bond for at least \$5,408,837 under this new legislation.

The Board of Education may select a maturity schedule for the bonds extending up to 30 years.

Rotary Club Contest

This week's winner in the Grosse Pointe Rotary Club Contest, "Youth Forum," is a senior at Grosse Pointe University School, Kathy Gordon. Kathy received \$25 for her winning entry entitled, "Time to Stop and Think" which follows.

In today's highly mechanized and diversified world people from a "civilized" society often tend to impose their ideals and values upon those "less fortunate" than they. However, rarely do missionaries who are spreading the Word of God to underdeveloped peoples, or Peace Corps members who are training people to be more "fruitful members of society," stop and ask themselves, "Do these people want to be helped?"

It is generally assumed that anyone who has not had the benefits we have been accustomed to is simply an ignorant, pagan savage, who, deep in his heart, wants to change, but has no method by which to do so. Even though a person is not educated, he is not necessarily stupid. He is capable of thinking, feeling, and having an opinion. However, these opinions are most often forgotten and completely ignored by those more educated than he.

After the riots of the summer of 1967, church groups, community associations, tutoring programs, all were designed to improve the lot of those "poor, unfortunate people in the inner city."

When some of this help was indignantly rejected, people found it hard to believe. They finally rationalized the situation by maintaining that those who were in need simply did not know any better, and that it was our Christian duty to spread the affluence that we have enjoyed, whether it was wanted or not.

It never occurred to them that there might have been a slight possibility that "those unfortunate people" were either content with their present status, or that they wished to help themselves without outside assistance. Perhaps it is time that all of us, not simply the missionaries, stopped and took the time to ask whether our help was appreciated or even desired; then we could direct our efforts out places not where WE think help is needed, but where the recipients are willing and eager to receive our assistance.

ed land and community use facilities. The ever present danger inherent in a "bedroom community" is that its residents will forfeit whole living for mere survival. Today and tomorrow are inseparable. So let's deliberately plan now for resourceful community living in the future.

Sincerely yours, Mrs. George E. Bushnell, Jr. 92 Cloverly road, Grosse Pointe Farms, Mich. 48236

To the Editor: On behalf of the Michigan Council of Delta Zeta, I want to thank you for your excellent coverage of our Flame Fantasy luncheon and fashion show held February 1 at the Detroit Yacht Club.

What Goes On at Your Library

By Virginia Leonard

The Notable Books of 1968 were announced on January 29 at the Midwinter Meeting of the American Library Association in Washington, D.C. This is a selection of 44 books from 25 publishers and was announced by the Notable Books Council of the Adult Services Division, American Library Association.

"At this particular time when the ideas expressed in current writing provide insights to the adult citizen, the Notable Books list has greater significance than ever before," said Miss Marie A. Davis, of the Free Library of Philadelphia, and president of the Adult Services Division of A.L.A.

This annual list of books is chosen from nominations submitted by libraries of all sizes, in all parts of the country. This year, the turmoil of present times is certainly reflected in this current list, as it includes such books as SOUL ON ICE, by Eldridge Cleaver, REPORT OF THE NATIONAL ADVISORY COMMISSION ON CIVIL DISORDERS, put out by the United States Advisory Commission on Civil Disorders, and more commonly known as the Kerner Report, THE ARMIES OF THE NIGHT by Norman Mailer and THE ELECTRIC KOOL-AID ACID by Tom Wolfe.

Out of the 44 books listed, the Grosse Pointe Public Library has 40 of the titles. In the fiction department, the charming THE LAST UNICORN by Peter S. Beagle is included. Those of you who feel that fantasy has about left the publishing scene can take heart in this lovely whimsical story. Others are Elizabeth Bowen's EVA TROUT, Romain Gary's THE DANCE OF GENGLISH COHN, the magnificently written THE FIRST CIRCLE by Aleksandr Solzhenitsyn and David Westheimer's SONG OF THE YOUNG STEEL.

However, the great bulk of the titles included is non-fiction. In keeping with the times, (in this age of college unrest and riots), we find Jacques Barzun's THE AMERICAN UNIVERSITY: HOW IT RUNS, WHERE IT IS GOING at the head of the list. Poetry is represented by John Berryman's HIS TOY, HIS DREAM, HIS REST, 308 DREAM SONGS, as well as Gwendolyn Brooks' IN THE MECCA.

Biography is well represented with Larry Collins' and Dominique Lapierre's OR ILL DRESS YOU IN MOURNING, James Flexner's GEORGE WASHINGTON IN THE AMERICAN REVOLUTION, 1775-1783, William Gibson's MASS FOR THE DEAD, Michael Holroyd's LYTON STRACHEY, the best-seller MEMOIRS by Arthur Kronk, Jean La Couture's HO CHI MINH, Victor Pritchett's A CAB AT THE DOOR, the biography of HENRY VIII by J. J. Scaris-

In the field of education, in addition to the Barzun book, there are HOW CHILDREN LEARN by J. C. Holt and 36 CHILDREN by H. R. Kohl. Science is represented by THE DOUBLE HELIX by James D. Watson and Gordon Taylor's BIOLOGICAL TIME BOMB. The Jewish touch is represented by the well-known Leo Rosten with his THE JOYS OF YIDDISH. My Sartre is there with her delicate PLANT DREAMING DEEP. The popular IBERIA: SPANISH TRAVELS AND REFLECTIONS by James Michener is listed also. Certainly a familiar name is that of Karl Menninger with his CRIME OF PUNISHMENT. Not only Spain but France is represented with Francois Nourissier's THE FRENCH. Another best seller would be Andre Malraux' ANTI-MEMOIRS. A backward look at our country is seen in AMERICAN ALBUM, edited by Oliver Jensen and others. The American scene is further surveyed in Servan-Schreiber's THE AMERICAN CHALLENGE. And again in BLACK RAGE by W. H. Grier and P. M. Cobbs (both assistant professors of psychiatry) the plight of the American Negro is explored.

DEATH IN LIFE, by R. J. Lifton is an analysis and description in psychological and social terms of the immediate and long-term effects on the survivors of the Hiroshima atom bomb.

In a different tone altogether is BEING GENIUSES TOGETHER, 1920-1930 by Robert McAlmon and Kay Boyle. This is a picture of the avant-garde literary world of American and English expatriates in France in the 1920's.

With the wide variety, both in subject matter and price, our library is proud to have such a large percentage of these titles to offer you for your reading pleasure. Some you have already read; many you have heard of; certain entries may be completely unknown to you. We hope you will come in and select some of the unfamiliar titles to try on for size. You may just possibly make new friends, among this variety of authors.

From Another Pointe of View

By Janet Mueller

A transformation is taking place over at the Grosse Pointe Hunt Club which, by tomorrow night, should look so much like a New England fishing village we predict participants in the GPHC Seaford Party will find themselves talking with a Yankee twang by evening's end.

Fishing nets are going up on the Club's main dining room walls, red-and-white checkered cloths are going down on the dinner tables.

Lobsters, steamed clams, oysters, scallops, shrimp—all the "Armored Monarchs of the Deep"—will provide the party fare. There'll be a cocktail hour, beginning at 7:30 o'clock, to whet everyone's appetite, and the Marty Trombley Orchestra, (does their repertoire, perchance, include a Sailor's Hornpipe?), has promised to play for after-dinner dancing.

Chairmen of these Gloucester-style festivities are Mr. and Mrs. John M. Rickel, of Westchester road, and Mr. and Mrs. Thomas Marantette, of Harvard road.

Now, before we leave the Hunt Club, here are a few in-the-future GPHC dates you might want to circle on your calendars, (don't EVER say we don't tell you about things far enough in advance!):

April 26 and 27, Spring Horse Show, with a dinner-dance scheduled on the 26th . . . June 19 through 22, June Horse Show, GPHC's largest and most important show of the year, with a dinner-dance scheduled on the 21st . . .

July 26, Hawaiian Luau . . . October 31 (Halloween), ANOTHER Seaford Party . . . and November 22, the President's Ball.

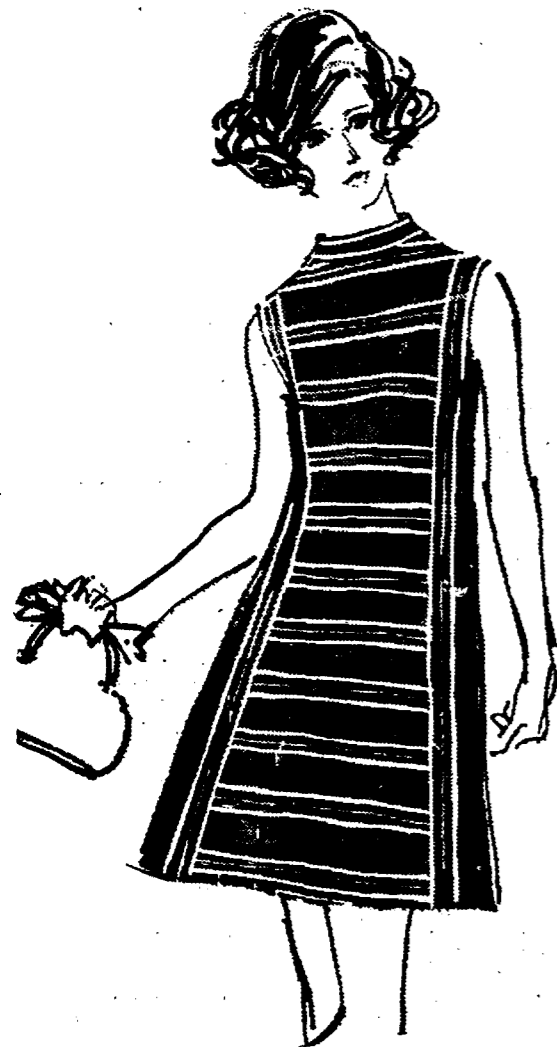

Once-A-Year Party For An All-Year Project

Every year, about this time of year, the Welcome Wagon Club of Grosse Pointe and Harper Woods presents a benefit luncheon and fashion show, with proceeds designated to help finance nursing scholarships for local girls.

This year's party date is March 6, (that's next Thursday). Time is 12 noon; place is the Fries Auditorium of the Grosse Pointe War Memorial.

Club members, under the supervision of Mrs. Len Sparks, will display fashions from Rosemary's Boutique, hair styles by Josef of Fashion Door and make-up by Vivienne Woodard.

And there'll be a special Home Baked Goods booth in the lobby, open throughout the benefit afternoon, (Continued on Page 16)

This is Miss Kinkerooli.

She has a little problem. Oh, her hair looks well enough when it's just been done. As long as there's no humidity. Or rain. Or stuff like that. But let any of these things happen and—plinkety, plink, here comes the kinks. What's a girl like this to do? Easy. A girl like this comes to us and gets her hair straightened all neat and silky and then icky-poo-weather will hardly ever bother her at all. If you have a friend with the aforesaid problem, be nice. Tell her about us. And how we can straighten her out. Like that.

Miss Lafata Wed To John Omtvedt

Bride's Sister Serves as Honor Attendant, her Brother as Best Man; Reception at Gourmet House Follow Rites

Planning to make their home in Birmingham when they return from a vacation in New York are Mr. and Mrs. John R. Omtvedt, who exchanged marriage vows Wednesday evening, February 26, in Holy Family Church.

Mrs. Omtvedt is the former Jeanette M. Lafata, of Prestwick road, daughter of the late Mr. and Mrs. John Lafata. The bridegroom is the son of Mr. and Mrs. J. Omtvedt, of Birmingham.

For the 5:30 o'clock rites, at which Father Bonfil Alex Battazo officiated, the bride, given in marriage by her uncle, Sam Lafata, chose a gown of English net and lace beaded with pearls and sequins.

A matching cap caught her floor length illusion veil, and she carried an 18th-century bouquet of fresh and dried flowers.

Stephanie Lafata, who served as her sister's honor attendant, and bridesmaids Judith Periak, Mrs. Henry Ritter and Christine and Betty Lafata, two other sisters of the bride, wore banana lace and chiffon cages styled with bishop sleeves ending in lace cuffs.

Their headpieces were match-

ing floor length veils, and they carried loose, casual arrangements of fresh and dried flowers.

In pale yellow organza frocks, wearing yellow velvet bows in their hair, were flower girls Joann Mocerri and Kristin Kasparis.

Best man was Anthony Lafata, brother of the bride. In the usher corps were K. David Robertson, of Lexington, Ky., Ronald Swart, Ronald Omtvedt, of Toledo, O., and Frank Munaco. Ring bearer was Kurt Mazurek.

For her granddaughter's wedding and the reception at the Gourmet House following the service, Mrs. Vincenza Lafata selected a floor length aqua crepe gown fashioned with a gold-beaded yoke. The bridegroom's mother chose a pink silk-and-worsted skimmer, styled with a beaded yoke.

Experts to Talk On Wine Usage

The same knowledgeable and charming connoisseurs who informed Grosse Pointes on the merits and proper usage of selected wines last year will return this March to Grosse Pointe War Memorial's Crystal Ballroom to introduce a bevy of additional vintages and point out their subtle delicacies through dissertation, tasting and comparison.

On Wednesday evening, March 12, at 8:15 p.m. vivacious Joan Borgman O'Connor, proprietor of the Pontchartrain Wine Cellars, will emphasize the fact that a good wine need not necessarily be imported when she presents a board of eight carefully selected and unusually fine California wines for consideration. As each wine is served, Mrs. O'Connor will give a brief history of its development and its salient features. The aroma will be savored and the flavor sampled. Guests will be invited to make notes regarding their reactions and preferences.

Charity Suczak, well known haute cuisine, will discuss "Wines of the Loire" Monday evening, March 17. A native of Europe, she is especially devoted to the wines of this region which she claims have so much value in complementing and enhancing gastronomy.

Detroit's internationally known restaurateur, Lester Gruber, proprietor of the London Chop House, who makes yearly pilgrimages to Europe to buy wines for the J. J. Hudson Co., will appear in Grosse Pointe Monday evening, March 24, to discuss Champagnes, for which he is having a special shipment of nine truly great vintages brought in. Mr. Gruber is enthusiastic about champagnes properly used. He feels this wine category has often fallen into disrepute because of indiscriminate selections and use. He hopes to point out how delightful the best can be and where to enjoy them to the utmost in your travels.

The entire "Know Your Wines" series covering 24 vintages is offered for \$12. Registration in advance is preferred so that proper provisions can be made.

Denison University freshman MARY M. BLAKESLEE, daughter of the WILLIAM S. BLAKESLEES, of Warden road, has been initiated into Denison's Beta Tau Chapter of Kappa Alpha Theta sorority.

The newlyweds will return from a skiing vacation in Canada to reside in Detroit.

For her marriage the former Miss Grace selected a floor length gown of ivory silk crepe, styled with a rolled collar and

Bride's Attendants Are Her Sister and Bridegroom's Sisters; Bridegroom's Uncle Serves as Best Man

Vacationing in London, England, are Mr. and Mrs. William Bernard McIntyre, Jr., who exchanged marriage vows Saturday, February 22, at a noon ceremony in St. Hugo of the Hills Church. They will return to make their home in Harper Woods.

Mrs. McIntyre is the former Cathie Ann Rutt, a teacher at Pierre Middle School, daughter of Mr. and Mrs. Robert Edward Rutt, of Bloomfield Hills. The bridegroom is the son of

pliques of re-embroidered Alencon lace. Matching lace formed a wide hem circling her skirt, which ended in a Chapel train, and a headpiece of lace stem clusters caught her Cathedral length veil of imported illusion. She carried an arrangement of phalaenopsis orchids, stephanotis and baby's-breath.

In floor length dresses of silver grey brocade, wearing rosettes of matching fabric in their hair and carrying nosegays of pink roses were Amy Rutt, who served as her sister's honor attendant, and bridesmaids Mary Ann Rutt, another sister, and Catherine and Elizabeth McIntyre, sisters of the bridegroom.

Acting as best man for his nephew was John Shaw. Guests were seated by William Adhocht, John Fisher, James Longe and

Mrs. William McIntyre, Jr.

Photo by Eddie McGrath, Jr. Speaking their wedding vows in St. Hugo of the Hills Church Saturday, February 22, were Pierce Middle school teacher CATHIE ANN RUTT, daughter of the Robert Edward Rutts, of Bloomfield Hills, and Mr. McIntyre, son of Dr. and Mrs. William Bernard McIntyre, of Audubon road.

Youth Council Party Friday

This Friday, February 28, (instead of the usual Saturday), Grosse Pointe War Memorial's Youth Council will stage another "Other Side," featuring "The Rationals," one of the most popular rock bands in this part of the country. At band break, a new up and coming group, "The Candle," will perform.

A feature of added interest to this affair will be the stopless bar offering a wide and wild variety of refreshments with names as exotic as their contents and bar tenders you won't believe.

The cafe lounge set aside for couples, which has proved so popular, will again be set up with candle-lit tables where one can enjoy refreshments away from the crowd and listen to excellent taped music and entertainment. Admission for all this is just \$1 in advance or \$1.25 at the door.

THOMAS J. SHEA, son of the L. M. SHEAS, of Cadieux road, has been awarded an Evans Scholars Foundation scholarship. Tom, a Grosse Pointe South High School senior, plans to enter the University of Michigan in the fall.

Miss Halkides Will Be Bride

A June wedding is being planned by Beth Ann Halkides and Sp/4 Michael J. Wisebelhaus, whose engagement has been announced by her parents, Mr. and Mrs. Milton Halkides, of Hollywood avenue.

The prospective bridegroom, son of Mrs. Jerome Wiebelhaus, of Detroit, and the late Mr. Wiebelhaus, is currently serving in Nha Trang, Vietnam.

Star of Sea Circle Meets

"The world is faced with a communication problem in every area of our existence... locally, nationally, and internationally. With our children, our church, you name it. The problem can't be solved by sitting back to wait for someone else, but rather by contributing with our ideas and energies."

This was the advice given Wednesday, February 19, to the Mary Immaculate Circle of Our Lady Star of the Sea by E. A. Schroeder, vice-president and associate creative director of Campbell-Ewald, a major national advertising firm.

Mr. Schroeder, a member of the church who resides at 1220 North Oxford, told the audience to "get involved in helping by doing your thing."

Mr. Schroeder exhibited public service advertising Campbell-Ewald had prepared to help the City of Detroit recruit policemen. Also, the agency donated its services by preparing the "God forgive us" campaign informing state voters of the need to fight water pollution and improve recreation facilities.

"Everyone has some talent and time to contribute in the urban crisis," Mr. Schroeder said. "Whether it's baking a cake, making an ad, writing your representative, helping underprivileged pre-schoolers, or stuffing envelopes for an understaffed community organization. The question is not what can you do. The question is are you ready to help?"

The Circle meeting was held in the Oxford road home of Mrs. Bryan Melvin.

How Far In Fashion . . . are you thinking ahead? Mrs. John Huntington is two seasons ahead. She has to be. She was in New York to rush spring orders along. They are winging their way via Borair every day and you should see them. They're just great! She also placed the summer buy. The fashion-wise customer today knows she really has to be way ahead of the seasons, too. Because the days of late selections or reorders are becoming a myth on Seventh Avenue. Make it a point to check on spring at Walton-Pierce. Also be sure to see the March Second Special Fashion Section of the Detroit Free Press for spring Walton-Pierce style.

There's A Bit Of Bronte Sisters . . . in hair styles these days. It's an international influence in London, Paris, New York and at Leon. We watched Patrick of Belgium working Bronte braids into hair styles. There's a bouquet of little braids from which to choose. They either match the hair or are in off shades. One of London's famous stylists created a Bronte hairdo featuring a center part, sleeked back sides and pin-on braids to go fetchingly and fashionably uncapped while swimming. We have given the picture and sketch to Leon, 17888 Mack Avenue . . . TUxedo 4-9393.

It's Your Bag! . . . Be sure your bag says something interesting about you. The individualist handbags at Michelle's Boutique at Leon, 17888 Mack Avenue, are eloquent accessories. Some are from Italy, some have shoulder straps or are tote-type. Others put fashion right in your hand.

Status Symbols . . . are very practical. Take a Mutschler kitchen for example. Although found in the finest homes and recognized as the ultimate in design, it really is an excellent investment for many home owners. Look at the real estate ads. They always mention Mutschler as a selling point. Mutschler Kitchens, 20227 Mack Ave.

In Martha's Closet . . . 373 Fisher Road, there's an excellent selection of costumes. Gray is gaily pin-striped with white and yellow for a coat and dress ensemble. Of course, the season's favorite red, white and blue is found in a practical jacket over a navy dress.

Special Specials . . . at the Notre Dame Pharmacy include Dorothy Gray's Collogan cream, the six dollar size is now three-fifty. Swedish Formula hand cream in a plastic bottle . . . the two ninety-five size is one ninety-five.

Can't Hold A Candle . . . to the prices for good looking multi-size hurricane chimneys at the Sphere, 19849 Mack Avenue. The ten-inch hurricane is one-fifty. The twenty inch chimney is six seventy-five.

The Kaleidoscope . . . sees you enjoying your coffee more in a gay colorful mug of Italian pottery or a tasteful black and white one. At 16135 Mack at Bedford, mugs, mini-mugs and mini-pitchers start at one dollar.

Colour Me Colorful . . . there's an explosion of colour in the palette of the newest make-up with the fashionable youthful "shiny look." Powder not! Make-up is so different these days, and we think the change is for the better. If you don't realize it, you're missing a beautiful opportunity. See the make-up specialist at Edward Nepi Parrucchiere, 19463 Mack Avenue . . . TUxedo 4-8858.

A Magic Carpet . . . you don't need to transport you to fabled lands. Kesham, Kerman, Bokhara and Sereghan conjure distant places and wealth of ancient design. Pick your carpet at Ed Maliszewski's, 21435 Mack Avenue. It will land right in the decorative picture for 1969 because the trend is to oriental rugs. You don't need a pocket of gold for these excellent reproductions from Belgium. A 9x12 flies out of the store for about three hundred nineteen dollars.

Did You Know? . . . Wright's Gift and Lamp Shop, 18650 Mack Avenue, carries Pennsylvania Dutch candies? By the way, taste treats that just arrived are chocolate covered thin mints and English toffee in tins beautifully enough to use as canisters.

Featured . . . every Thursday family style chicken dinner (all you can eat). The meal includes: chicken, whipped potatoes, vegetable, cole slaw, roll 'n' butter. Adults . . . a dollar sixty-nine, children under ten, ninety-nine cents at Westfields, 15506 Mack at Somerset.

Right Now . . . Kitchen Remodelers is offering special reduced prices to fill out their work schedule and get their cabinet makers booked solid for months ahead. So now is the time to order your kitchen if you want the lowest price and the fastest service. Before the spring rush starts, let one of their experts come out and measure your kitchen and give you a free estimate. Call 567-2400 or drop by 15218 East Jefferson near Lakepointe to see the beautiful kitchen models and then make an appointment for an estimate.

Very Permanent Arrangements . . . are the metal sculpture flowers by Sam Sottile. They are being shown at Grosse Pointe Studio, 395 Fisher Road. Some would surely grace the table. Others are meant to lend drama to walls.

Explore . . . Ports of Call, 23229 Mack Avenue. Discover the candle booth, stationery stall, jewelry boutique, uncover interesting oddities and treasured antiques.

Beauty News . . . Carissa Cosmetics are now at Dante's Coiffures, 19839 Mack Avenue. They are based on Aloe and are the beauty children of Marylou Block, a former Detroit model. Many models started using this make-up, then other women discovered them. Business is booming and we're very happy for Marylou, who we always thought was one of the best fashion girls in town. Myrna, the representative of Carissa at Dante's will help you with creative make-up, applying eye lashes and relax you with a facial. For more information, call 886-3088 or 886-3089.

Musical Kindergarten . . . offers an exploratory music program for young children. Musical experiences are designed to reach every child. Classes are limited to ten and are one hour each week. Call Music Playshop, Fisher Road, TUxedo 5-6215 for placement.

V.I.P.'s . . . Very Important Packages travel on the Royal Coachman Limousine to and from Metro. Besides the reliable pickup and delivery service, the RCL can be chartered for transporting groups to ski resorts, proms, and the like. Call TUxedo 6-1322 for the probabilities and possibilities.

TUxedo 1-1111 . . . is the easy number to remember of the Royle Carriage Cab. You'll also remember it

Painters of Interest

GABRIELE SACK, OF MCKINLEY AVENUE AND HAMBURG, GERMANY, (SITTING), AND MARIA FELIX DE SOUSA, OF BERKSHIRE ROAD AND GOIANIA, GOIAS, BRAZIL.

By Janet Mueller

The coincidences are fantastic. That Gaby Sack and Maria de Sousa should both have been born in Rio de Janeiro, (for Maria, a Brazilian, this is not so unusual—but Gaby's parents are German!) . . . That Gaby's sister, in Grosse Pointe as a high school foreign exchange student four years ago, should have become very friendly with a South American foreign exchange student—who, it turns out, is a good friend of Maria's "back home" in Brazil . . . That both Gaby's older sister and Maria's older sister are studying to be teachers . . . That Gaby, a Youth For Understanding exchange student, and Maria, an American Field Service exchange student, should both be spending this year in Grosse Pointe, both studying at Grosse Pointe South High School . . .

The girls themselves can't quite believe the parallels between them. "Fantastic!" they say, exchanging glances, Maria's dark eyes meeting Gaby's light ones.

They do not look alike; they do not act alike; they do not talk alike. Yet they are so EXACTLY opposites that they exhibit a kind of mirror-image similarity: Gaby's long, straight, fair hair translated in the mirror would be Maria's long, straight, dark hair; Maria's volatility would become Gaby's stillness.

Not that Gaby, who sits quietly on a couch, one leg curled under her, who pauses ever so slightly to think out what she is going to say before she says it, is in any sense a phlegmatic, unemotional young woman.

Roles Have Switched

"You know," she says, "in every family there are different roles. My older sister used to be The Quiet One . . .

"If someone told my mother in Germany that her younger daughter is quiet, somewhat shy, my mother would say, 'I think you've got the wrong person!' I was The Emotional One, always talking, always excited."

Underneath, she still is. Her stillness is an acquired characteristic, something that happened to her very recently, something she's still trying to puzzle out.

"Perhaps it's because, when I first came here, there were so many times when I wanted to shout, to scream something out—and I just didn't have the words!"

Nor is Maria, who talks with her hands, her body, every bit of her face, who jumps up every half hour and walks across the room, stretches, taps at a windowpane, who speaks not in sentences but in stream-of-consciousness paragraphs, as "public" a person as she seems.

Still Being Surprised

"I think we live very much inside ourselves," she says. "There are things here that still surprise me, culture differences . . . But you DO get used to everything."

"Gaby can tell you how I was in the beginning: Scared, depressed . . . In school, I got lost all the time. With my (American) family, I did not quite know how to act. In Brazil, you know, 'family' is something that means 'blood' . . ."

And now? "I think it, (the opportunity to live and study in another country), is really fantastic! I can't tell yet how this whole experience is affecting me. I don't know how much I have changed: I am away from everything that supported me."

"I am not able to say anything about the United States as a whole. I don't KNOW the United States as a whole, only this community, which I am told is not quite usual . . ."

Warned by Friend

"We come here expecting many things. We read, our friends tell us . . . I remember, before I came, meeting a friend in Brazil: He hugged and kissed—that is the way we greet

friends in Brazil—and she laughed and said, 'You are not going to do THIS in the United States' . . .

"It still scares people here when I cry. And I am myself; I cry very often . . ."

Eight young men and women from foreign countries came to study at Grosse Pointe North and South Highs and to begin a year's "living" in Grosse Pointe last summer. They came under the auspices of two programs: Youth For Understanding (YFU) and American Field Service (AFS). They came from Thailand, Germany, Finland, The Philippines, England, Sweden, Brazil and Denmark.

Each had been interviewed, tested, thoroughly "screened" before being accepted as a prospective YFU or AFS student. Each had been "matched" to a local family—which, in turn, had been interviewed, "screened," evaluated as to its ability to absorb an almost-adult "son" or "daughter," to accept him/her completely as a member of the family.

Rewarding Experience

For the students and for the families, it's been a most rewarding experience.

YFU exchange student Gabriele Sack is the daughter of the Eberhard W. Sacks, of Hamburg, Germany—and of the George Beyers, of McKinley Avenue. Mr. Sack is in the import-export business, (this explains the family's presence in Rio at the time of Gaby's birth); she returned to Germany when she was four years old. Mr. Beyers is manager of the Pontchartrain Wine Cellars in Detroit.

Gaby has a 21-year-old sister, Brigitte, in Germany, studying to be a teacher. Brigitte attends the University of Freiburg "in the Black Forest," but four years ago she was an exchange student at Grosse Pointe High, living with a local family who have since moved to Kentucky.

Gaby's American sisters are Sue Beyer, 17, and Becky Beyer, 14, both fellow Grosse Pointe South students.

Acquired Own Pet

Gaby's German dog, Rufus, was a puppy when she left. She hasn't had a chance to be lonely for pets in America, though: The Beyers have a dog, Daffy, and a cat, Cookie, and Gaby has added to the menagerie, acquiring her "very own turtle," Delilah.

Modern Music, ("We always have the radio on"), reading, ("Almost any kind—but I don't get much time for it"), swimming: These are some of Gaby's Favorite Things.

She likes, too, to take long walks. She played basketball on her school team in Germany, and loved it. Also in Germany, she worked for her all-girl school's Student Council and on the school paper, which she describes as "not like Grosse Pointe South's newspaper, 'The Tower,' more like a magazine, like 'The Proem' at South High."

Her specialty is graphics and layout. "I never wanted to be a lawyer, or a doctor, or a teacher like my sister . . . I was think-

ing about going on to an Art School, perhaps eventually into advertising, design . . ."

She's In No Hurry

She doesn't have to decide in a hurry. A Gymnasium student in Hamburg, she's pursuing a 13-year course of studies, roughly equivalent to our College Prep. plus Junior College, at the end of which she may take a university entrance exam.

She'll have almost three more years of this "secondary school" when she returns to Germany.

"I suppose," Gaby says, "you could say that what I like to do MOST here is just 'be together,' with my friends, with my family . . . I know this will be the most difficult thing about going back, to part with my American family. I will miss them very, very much, because they really are a family for me. And I will miss my friends . . ."

AFS exchange student Maria de Sousa is the daughter of the Domingos Felix de Sousas, of Goiania, capital of the state of Goias in central Brazil—and of Dr. and Mrs. Gomer P. Evans, of Berkshire Road.

Both Parents Lawyers

Her Brazilian father is a lawyer and professor at Goias State University. Her Brazilian mother is a lawyer, too. Her American father, Dr. Evans, is an ophthalmologist.

She's used to fairly large families: In Brazil she has an adopted older sister, Anna Maria, 19 now. ("She came to my house when she was five and I was four"), studying to be a teacher; a 14-year-old sister, Ligia, a 10-year-old sister, Milly, and an adopted seven-year-old brother, Paulo.

The Evans family includes Kim, 20, a student at Grinnell College in Iowa; Pam, 18 and Leslie, 15, both at Grosse Pointe South High School, and 11-year-old Beth.

"I like to read, I like classical music," Maria says. "I like to dance—especially the samba."

"I love summer and everything that includes summer. In Brazil, I used to walk about on the hour every day. I don't here: It's too cold! But I think the snow is very pretty—I would like to have a week of the snow in Brazil."

Was Frequent Faller

"We went to ski a few weeks ago in Petosky. That was REALLY beautiful! I fell down about 20,000 times . . ."

Maria will have four more months of secondary school when she returns to Brazil. And then . . .

"I'm going to be a journalist," she says. "I'm going to study at the National University in Rio—if I pass the examination!" (We predict she'll pass; there's something about Maria that insists on success.)

Both girls agree that the most valuable thing an exchange student gains during a year abroad is personal experience. To meet people, talk to people, get to know people, naturally . . . To live in a community as a member of that community, in a family as a member of that family . . . This is learning-in-truth, learning-in-depth.

Everybody Learns

And it's learning-in-all-directions. For the exchange student learns from the family and the community, so does the family and the community learn from the exchange student. Everybody's eyes are opened a little bit more.

Gaby muses, "This is the first time I've been away from home (Germany) for a long time, and for the first time I realize how much I love my home and family, how much I miss them. I think I am beginning to know what my friends mean to me, my city means to me . . ."

Maria nods. It's a statement she might have made, (although she'd phrase it a bit differently, use her own words). She knows what Gaby means.

The coincidences continue to be fantastic.

DO NOT READ . . . this paragraph unless and until you have read all about the young ladies "next door," this week's Pointers of Interest Gaby Sack and Maria de Sousa . . . because, once having learned a little about Gaby and Maria, AND about the programs which bring them to The States, we know you'll want to "do your bit" to help assure the continuance of such programs in The Pointe . . . Well, the Foreign Exchange Committee of Grosse Pointe High School is holding its annual dinner-dance to benefit the local scholarship program for foreign students here and the Americans Abroad program, (We send our Pointe boys and girls overseas, too). It's scheduled for Saturday evening, March 8, at the Grosse Pointe Hunt Club. Tickets are available through Mrs. George Beyer, 882-4785 . . . And, if you're the proud parents of an about-to-be-senior public high school student, you might consider adding a new "son" or "daughter" to YOUR family next year—the exchanges can't come unless there are homes and families waiting for them . . .

PILFERINGS

The more parking places you provide, the more cars will come to fill them. It is like feeding pigeons. —Sir Hugh Casson, quoted in "Men Only," England

Legislation proposed in England in the 1700's: "All women of whatever age, rank, profession, or degree, whether virgin, maid or widow, that shall impose upon, seduce and betray into matrimony any of His Majesty's subjects, by scents, paints, cosmetic washes, artificial teeth, false hair, Spanish wool, iron stays, hoops, high-heeled shoes or bolstered hips shall incur the penalty of the law now in force against witchcraft and the like misdemeanors and that marriage, upon conviction, shall stand null and void."

—quoted in "House and Garden"

Library Offers Story Hours

Story hours for children of school age are being held Tuesday afternoon in each of the three Grosse Pointe Public Libraries. They will continue through the month of March. The programs provide entertainment and introduction to books and the library. This season's dull days can be brightened by listening tales to read around the world. Children will meet book characters from such places as Japan, Africa, England, Germany and Hawaii. The places and times are Tuesday: Central Library, 4 p.m. Woods Branch Library, 4 p.m. Park Branch Library, 3:45 p.m.

Center Course Offered Women

A new course is being offered at Grosse Pointe War Memorial provided especially for mature women who find they have abilities they are not putting to full use.

Taught by Dr. John E. Hoskins, certified consulting psychologist and instructor at Wayne State University, this six-weeks series will administer a personal inventory, explore the personality and assess aptitudes.

Dr. Hoskins will point out why intelligence is both important and yet sometimes overestimated. Individual differences are often dependent on and affected by environment. It is important to choose the area of endeavor which brings out your potential best both in kindness to yourself and in doing a good job for others.

A whole battery of tests will be administered in this program. The true value of the course lies in the summary and assessment of their results as guide posts to specific endeavor. Today's society cries for competent women to handle both the volunteer and remunerative positions. This is a challenge to women in our area and one they are certainly ready to meet as children grow up and leave, or as widows or single women, they seek fulfillment.

Registration for the course, including testing, is \$40. Advance enrollment will be appreciated.
