Back in the long ago, about December 2, 1946, the newly acquired 43.7 acres of land now compris-ing the Woods' lakefront park, purchased from the Edsel Ford family, was assessed at a local valuation of \$85,275 by the then Village of St. Clair Shores, for which property tax of \$1,563 was paid. The same property was assessed by Lake Township at \$92,000, for which a tax of \$2,842 was levied by the township. Total taxes paid, \$4,405.

In 1968, the Woods paid taxes totaling \$21,853 to the treasuries of Macomb County, City of St. Clair Shores, and South Lake School District, one of three-school districts in St. Clair Shores. Bond Issue Approved

On September 30, 1946, Woods taxpayers overwhelmingly approved a General Obligation Bond Issue amounting to \$72,000, of which \$60,000 was for the purchase of the lakefront acreage and riparian rights, to the channel or harbor line, from Mrs. Eleanor Clay Ford, and the remaining \$12,000 was for improvements at the site, including the installation of a green barrier between the park and the Ford property.

The Woods had made a down payment of \$1,000 for the option to buy the land, with the stipulation laid down by Mrs. Ford that the sale be completed within a given time.

The Village of St. Clair Shores, and the school district. were unhappy about the thought of losing the property as a tax revenue source, and the Village filed suit in Macomb County Circuit Court to block the sale. Mrs. Ford consented to continuation of the option purchase, and twice extended the date on which to complete the deal, until the suit could be settled by the court.

The Woods has expended many thousands of dollars in making improvements at the park, located at Jefferson avenue and Marter road, since acquiring the property in 1946. As the improvements were made, the value of the site increased, and taxes rose higher and higher.

Driver Accused Of Being Drunk

Max M. Worthy, 57, of 1151 Morang, Detroit, was arrested hy Woods police on Sunday, April 20, and charged with two counts of traffic violation, speeding and drunk driving.

According to Patrolman Wayne Baum, Worthy was seen traveling south on Mack avenue at faster than the posted speed limit. The officer said that he gave chase and paced the motorist at more than 50 miles an hour. The avenue is zoned for 35-mile limit.

The policeman said that while in pursuit, he saw Worthy drive through a red traffic signal at Mack and Moross. Baum said he pulled up alongside the man's car, at the Warren intersection, and motioned him to the curb. Worthy, it was stated, appeared to have difficulty in realizing that he had been ordered to stop.

When the motorist finally came to a stop, Baum said he got out of his scout car and approached Worthy and requested his operator's license, which the man fumbled for in his wallet. Worthy's speech was slurred and his eyes watery, the policeman said, so he ordered Worthy out of the car. Worthy had trouble standing, which prompted Baum to place him under arrest for drunk driving.

Worthy was taken to the station where he was given a breathalyzer test, which he failed. He was issued a viola-tion ticket for speeding 50 miles an hour, and another for driving while under the influence of liquor. He was later released after posting \$100 mond, pending a court hearing.

Imported & American

WINES AND CHAMPAGNES FROM ALL OVER THE WORLD We specialize in America's finest all leaf, and special imported CIGARS

In the past few years good Bordeaux wines have been escalating in price. We know most folks buy the greater wines when they feel they can afford them, and other times buy lesser priced wines, to stretch the cash a little. With this thought in mind, at Gibbs World-Wide Wines we looked and experimented with different companies in France and tasted their lower priced wines. These we bought in small quantities and tried them out early in 1968. There were over 100 of them. We tried them all in about two months. We were supprised at how many were about two months. We were surprised at how many were quite good, and low priced. We reordered about 50 of them (the best 50) in midsummer. They have all arrived direct from France F.O.B. to Detroit, and are now on sale at Gibbs World-Wide Wines.

Tower Named All American

Grosse Pointe South High School's newspaper, The Tower, has received an All-American Honor rating for the 25th time in 36 years. They received this rating at the 79th All-American Critical Service conducted by the National Scholastic Press Association for first semester publications.

The Tower scored 170 points over the minimum of 3,800 needed to win the All-American rating. The Tower and over 1,000 other student newspapers were judged on the basis of content, writing and make-up in several categories.

Wayne Brasler, publications director at University of Chicago High School, who judged The Tower said, "The Tower continues to be a top quality paper in all areas. This semester it is especially newsy and meaty. The livened-up make-up has given the paper a newly bright face. The quality of writing is far above what one sees in even top All-American

This year in Michigan, approximately 78,000 patrollers at 3,200 schools participated in the safety patrol program. All told, they spent over 7 million hours at their posts protecting fellow classmates.

Although this year's trip will focus on the fleetyaburg area, the first stop for the group will be at Washington, D.C. Senator Robert Griffin will officially welcome the group at the Capitol Building.

Michigan delegates on the trip will leave Detroit in a fourbus caravan at 4 p.m. May 7 from the Veterans Memorial

From Washington, patrollers will travel to the Gettysburg area. They are slated to tour the Pennsylvania Dutch Country near Lancaster on Friday. Saturday the group will tour Harper's Ferry and the Gettys-burg National Battlefield.

Place roast on large piece foil in shallow baking pan. Brown meat well on both sides under broiler, Remove from oven; top meat with chopped vegetables and season with salt and pepper. Add 1 cup wine; fold foil tightly around meat. Bake in moderately slow oven (325) for 2 hours. Half an hour before done, partially unwrap foil and add remaining ½ cup wine; rewrap. This is not absolutely necessary, but a certain amount of evaporation sometime occurs and this eliminates any chance of dryness. Also, the added wine provides an excellent gravy when slightly thickened with flour.

Rotary Club Contest

Rita J. Demetriou, an American Field Services Student from Cyprus, and a senior at Grosse Pointe University School, is the winner of the Grosse Pointe Rotary Club Contest, "Youth Speaks." Rita was awarded \$25 and \$25 for the charity of her choice for her entry, "From an Outsider."

an American but nevertheless row. a 'teenager' with the usual teenage ideas, values and judgment, to such an extent.

In approaching the Amerisaw, the dirty blue jeans, the colled-up sleeves and frizzy hair, the 'teeny-bopper' was not all! But beneath that put-up and 'coolness' there stood a youngster that knew how to understand and help. One has to spend some time with these kids to really understand them. And in my case, time did it.

Youth is now under the influence of the 'new world' and is attracted to everything revolutionary. But even if every teen-ager wants to become 'freaky' and follow the crowd, actually there is no real crowd. The so-called 'crowd' consists of just a handful, but what makes it

So, he turns to pot. The "trip" will take him to Wonderland where Alice will be left alone, away from the fuss! Here lies the tragic irony. What he tried to hide, his effort to conceal his weakness, has failed. The point that he lost his self-trust and his courage is self-defeating. And in spite of the moral wreck he has turned into, he has also lost the respect of the others. It is so desperately awful when you find out that the girl next to you, with whom you had so many pleasant times, has now turned to pot. You don't hate her: you pity her. When one becomes somebody to look on with pity then this person is a loser in life. Is not his conscience and self-respect more precious than the temporary sensation?

What I discovered, or rather what I saw, since it has always been there, has been very upsetting and disappointing. But then I became familiar with the other side of the average American teenager: the joyful voungster who fascinates. His capability and willingness is remarkable. Contrary to the European students, the American students combine both work and fun. Perhaps this is why everything is so provocative to them, and they get so involved in so many things. Even if they have tremendous responsibilities, they always try to dig fun into everything.

So, here we are facing two different faces that make one person. I am not suggesting what is to be done or what is the matter with this young American. It is up to the individual, not only America, but of any country and nationality, to persuade himself that the tomorrow is being formed now in his hands. It is up to Him to have the courage, trust and confidence in order to make life good or to try to avoid the difficulty of the mold. Radio and TV To Honor Park

WWJ Radio's "Suburban Salute" will honor Grosse Pointe Park, on Monday, April 28, at 7:05 p.m.

Grosse Pointe Park will be spotlighted as a gracious and comfortable suburban city on the popular weekly WWJ program, which acquaints listeners with communities in the Metropolitan Detroit area.

The Park's many advantages will be explored and interesting facts about the city will be aired throughout the day on various WWJ programs.

Among the many WWJ personalities who will salute the Park on April 28 are: Morrie Carlson, 5:30 to 9 a.m.; Bob Alison, 9:15 to noon; Marty Mc-Neeley, 12:30 to 5 p.m.; and Norm Plummer, 7 to 11:30 p.m. WWJ-TV also plans to salute the Park with a special film report on the news 4, 6 to 7:30 p.m. report, on April 28.

WWJ listeners will learn about the Park's evolution from a summer retreat to a modern suburban city. The area was originally part of Fairview Village, which was annexed by Detroit at the turn of the century. After the annexation, two and a half square miles of land was left over. In 1907, this land was incorporated as the Village of Grosse Pointe Park.

To highlight modern development, WWJ personality Shelby Newhouse will appear on "Su-burban Salute" with Park representatives. Mayor Matthew C. Patterson will receive a WWJ

Public Schools in Focus

By Dr. Thees I. Anderson, Superintendent of Schools

With education so much in the news from coast to coast, largely because of the serious financial problems that many communities seem to be encountering in keeping their schools' doors open, I wish to say that it is my firm belief that the United States, the State of Michigan, and the Grosse Pointe community can adequately solve their educational problems.

I make this statement unequivocally because we have muscle."

Why, in light of these, (and countless other triumphs), do we hesitate, wring our hands, and APPEAR to be unwilling. (or unable), to solve our educational problems?

The answer to this question lies, I suspect, in a tangle of emotion, politics and economics. It is a well-known and wellpublicized fact that the average income is almost double that of the high school graduate and that the Gross National Product its educational achievements. The Chignon. Intricately arranged. Cool. Super feminine. And the great thing about today is - you can have this look without having hair down to the middle of your back. Because today you can simply own a pin-on chignon. We match one to your hair, perfectly. Arrange it the same way. And teach you how to use it in five little minutes. It's that simple. And that useful. Like to own the next thing now? You can. At our place. For practically next-to-nothing.

An interesting aspect of "Little Theatre" is trying to evalu ate the aggregate abilities of those working behind the scenes

For example, in the case of 'Any Wednesday" we find the stage and technical crew includes Frank McDonald (law-yer), Bert Law (dentist) and Franklin Carr (busy administrator of both Detroit Memoria Hospital and South Macomb Hospital). Charles W. Gauss, II, is stage

Planning A Perfect Party

Project Hope's Ports O' Call Ball at the Whittier last Saturday evening, April 19, was, everyone there agrees, a "perfect party." But perfection takes planning, and much of Ports O' Call's success is due to the committee members who met at lunch, brunch and tea in large and small groups throughout the past months to discuss all the little-and-big details that make a Great Evening, like MRS. HENRY deSEGUR LAUVE, (left), of Sunningdale drive, MRS. WALKER L. CISLER, of Devonshire road, and MR. -REAL ESTATE FOR SALE

THE WORLD has its Seven Wonders, and one often wonders what in the world will one do to find a new house. "There doesn't seem to be anything new coming on the market." Purdy & Edgar's Seven Wonders are the following new listings which are all being offered for the first time in this column:

A CENTER entrance colonial in the Farms boasting three bedrooms on the second floor and two bathrooms. The master bedroom has a fireplace and immense bath. There is a fourth bedroom on the first floor and full bath. A block from the lake and the Pier Park.

JUST A COUPLE blocks away is another colonial, but this offering has five bedrooms and three full baths on the second floor. The living room, dining room, library and breakfast room all have immediate access to the large entrance foyer. There are two staircases to the besement and second floor and a glass and covered porch with entrance from both the living room and library.

IN THE CITY and just one block to the Village, comes this deceiving Cape Cod with two immense bedrooms on the second floor and another large bedroom on the first. There is a fireplace in the living room, family room, separate din-ing room, and kitchen with plenty of eating space. The paneled basement has a recreation room, office storage and laundry. Ready for immediate occupancy.

OR THE FAMILY who wants two bedrooms on the first floor and another upstairs, we have another Cape Cod on Mt. Vernon? This one also has a family room and large fenced yard.

YOUR HOUSE requirements are only three bedrooms. but you demand a private bath for the master bedroom, then this almost new house on Rosedale Court should be of interest. Just three years old and maintained as if the owner moved in yesterday, we are selling this house with most of the accoutrements which will enable the buyer to set up housekeeping. The entire house "shows" very well, but we believe the family room with its bookshelves and fireplace will be its best salesfeature.

PLEASANT CONTRAST in Architecture is this first advertised contemporary in Woodland Shores. For the family which is not con-tent with the traditional lines of most of the houses throughout the Pointes, this jewel sparkles just a few feet from Lake Shore Road. and will bedazzle the viewer from the curb as well as from within. You'll enter into a two-story entrance hall with a sweeping stair case leading up to two bed rooms and an adjoining bath. The first floor has a spacious master suite, guest suite, family room, dining and living rooms. Because the house is just six years old it has built in all of the amenities you would expect in a custom house of its

NVARIABLY when a two family house appears on the market it is priced up in a range where most of our prospects are eliminated. Tagged at less than forty thousand dollars, this newer flat has two bedrooms in each apartment. We'll show you how a minimum downpayment will put you in and let your tenant keep up the monthly overhead.
