SIRHAN B. SIRHAN was sentenced to death Wednesday for the assassination of Robert Kennedy. Showing no emotion at the verdict, Sirhan said "Even Jesus Christ couldn't have saved me." With its finding, the jury rejected a defense plea for mercy. Sentences of death in California carry an automatic appeal.

PRESIDENT NIXON asked Congress on Wednesday for a stepped-up battle against organized crime. Nixon asked for \$25 million more than the amount recommended by former President Lyndon Johnson, for a total expenditure of \$61 million. Under consideration in the crime fight is the utilization of civil anti-trust laws to seize or penalize legitimate business owned by the Mafia.

THE FACULTY AT CORNELL University at Ithaca, N.Y., surrendered to militant demands on Wednesday by voting to nullify charges against five black students. Violence had been threatened by a black group on campus if the charges were not dropped. On Monday, the faculty had turned down a similar proposal.

PRESIDENT NIXON ASKED Congress Thursday to raise the price of first-class postage stamps from six cents. He promised "major reforms" that have doubled the cost of mailing a letter in the past decade.

THE WARREN TIRE and Rubber Company, 5200 Fourteenth, was the scene of a five-alarm fire Thursday. Thousands of tires were destroyed. At least two other nearby businesses were damaged by the flames. No one was injured.

THE UNITED STATES made a new appeal Thursday for negotiations with North Vietnam on the withdrawal of troops from the south, but without any apparent success. The bid was made by Ambassador Henry Cabot Lodge at the 14th fullscale session of the Vietnam peace talks. It was quickly rejected by North Vietnam's Xuan Thuy.

SEN. EARLE G. WHEELER, chairman of the Joint Chiefs of Staff, admitted Friday that he knew nothing of the DC121 spy plane incident over North Korea until an hour and 38 minutes after it was shot down. He absconded the House armed services subcommittee when he said he never spoke to the President "at any time" during the night of the shooting.

THE PENTAGON announced Friday that an Air Force EC121 electronics aircraft, similar to the Navy plane shot down by the North Koreans, crashed on takeoff in Thailand. All 18 crew members aboard were killed.

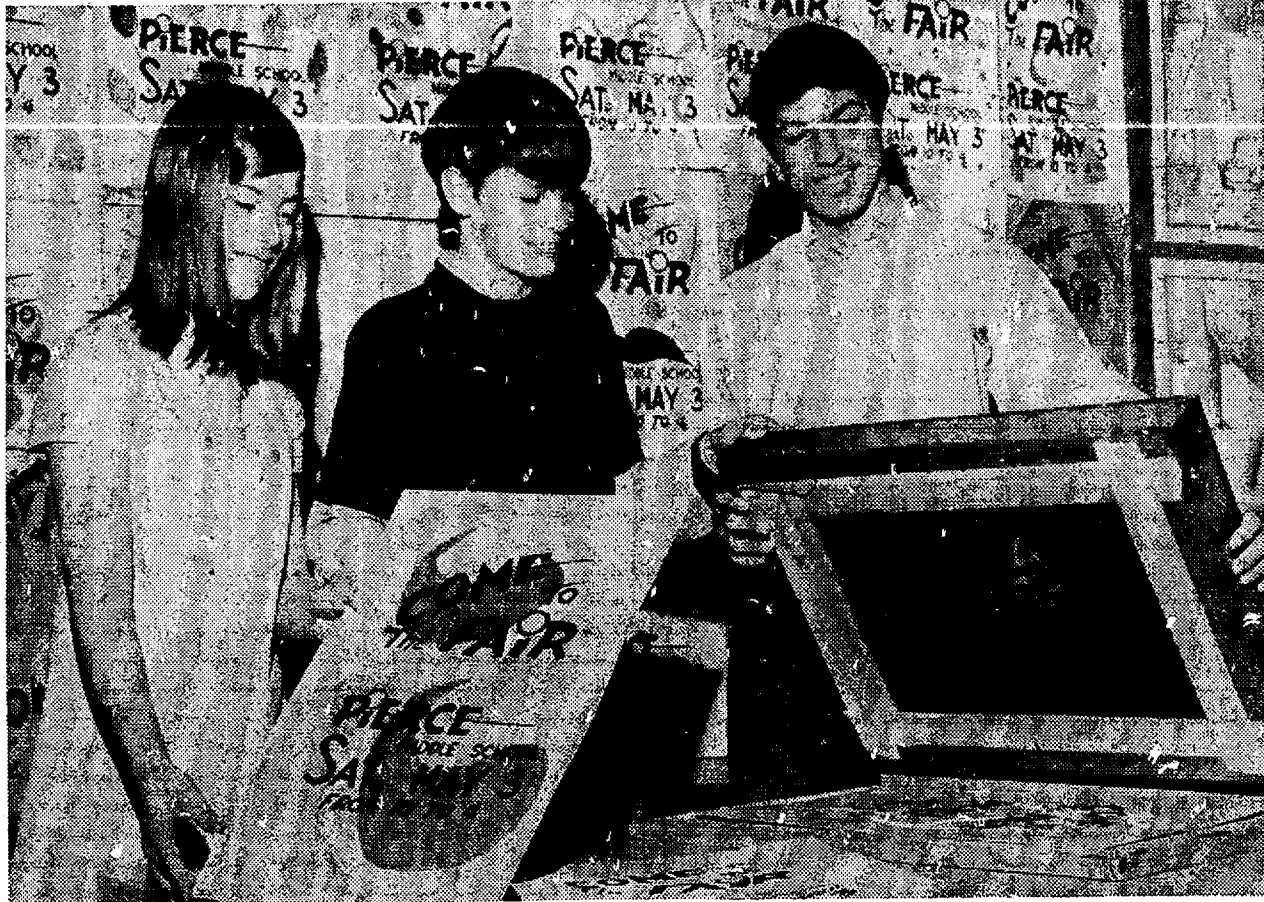

CAMPUS RIOTING SPREAD to Colgate University when a band of black militants took over a faculty building and dared officials to get them out. In another disturbance fire bombs damaged a library at New York University.

U.S. SHIPS sent to protect intelligence flights over Southeast Asia were shifted from the Sea of Japan to the western side of the Korean peninsula Saturday. The move may be an attempt to appease Russia's concern at the fleet's presence near their port of Vladivostok.

THE U.S. LOANED over \$1 million to a Mafia hoodlum, John A. Masiello Sr., exposed as one of New York's most vicious loan sharks, was at the same time approved for more than \$1 million in Small Business loans, the House Banking and Currency Committee said Saturday.

Pierce School Fair Has Dual Purpose

For the first time in 20 years the Pierce PTA will sponsor an all-school Fair on Saturday, May 3. Proceeds from the day's activities will be used for two projects: furnishing resource centers at Pierce and supporting a Peace Corps school in Africa. Pictured here, (left to right), are RANDI RICHNER (Student

Chairman), along with MIKE SHATTUCK and JOHN GIANAKIS, who helped make advertising posters by the silk screen process. "The entire community is invited to attend the fun-filled day," David Halter, PTA president, said.

Rotary Club Searches for Top Citizen

Requests Nominations of Pointers; Annual Award of Citation Scheduled

The annual Grosse Pointe Citizen of the Year Award will be made by the Grosse Pointe Rotary Club at the regular meeting on Monday, June 23.

Residents of the Pointe are asked to mail their nominations to the Rotary Office, Box 5212, Grosse Pointe Farms, 48236, by Monday, May 19. State as fully as possible the reasons your candidate should receive this award.

The candidate must be at least 21 years of age and reside within the geographical limits of any of the five Grosse Pointe municipalities. He or she need not be employed in the area.

The basis of selection should be his/her total contributions to society through any of the following areas: family and home, religion and church, community activities, youth activities, cultural efforts, humanitarian work, professional or business, local government or education.

This may be an honor given for work done by the individual in his/her association with Grosse Pointe, and not necessarily for accomplishment in the previous year or current year.

Members of Grosse Pointe Rotary are not eligible for this award. If the selection cannot be narrowed to one individual, two may be selected.

North High School Student Jobs Program Successful

The program J.O.B.S. (Job Opportunities for the Betterment of Students) is proving to be a boon to two kinds of people — those who want HELP and those who want WORK. J.O.B.S. brings the two together.

It was citizens' calls for help, almost before North High's doors were opened last fall, which prompted the school administration to ask Mrs. Frances Gillis, Counselor, to organize some means of fulfilling requests for part-time student workers.

The first step in organizing the program was a series of after-school meetings with interested students. Operational procedures were set up, and the name J.O.B.S. was selected from several suggestions offered by students.

250 Adults and Teenagers Hear Dr. Donald Louria on Subject of Drug Addiction

Cornell Professor Says People Should not be 'Conned' into Believing Marijuana Is Harmless; Leads to More Dangerous Narcotics

A national expert on drug abuse and addiction told a meeting of Grosse Pointe citizens last Thursday evening that marijuana is not the "harmless" drug that many users and non-users have been led to believe.

Dr. Donald Louria, an assistant professor of medicine at Cornell and professor and chairman of the Department of Public Health and Preventive Medicine of the New Jersey College of Medicine, spoke before an audience of about 250 adults and teenagers at Brownell Middle School. Dr. Louria's talk Thursday evening and an informal discussion on Friday morning at the War Memorial were organized and sponsored by the Grosse Pointe Family Life Education Council.

Dr. Louria said that although LSD, heroin and similar drugs present a more serious and immediate problem than marijuana, people should not be "conned into thinking marijuana is completely harmless."

Will Change Judgment
Based on evidence currently being accumulated, said Dr. Louria, he could predict that "a year from now, marijuana will be adjudged a dangerous and harmful drug."

The speaker emphasized that marijuana, which goes under a variety of nicknames, such as grass, pot and Mary Jane, is a "trivial, minor league drug, but it is not true that it is not dangerous."

Among the acute problems associated with marijuana usage, Dr. Louria stated, are that it

can cause a feeling of panic, and when the user has only mild, controllable feelings of anxiety, marijuana can turn them into severe depression. A user may also become paranoid, with strong feelings of persecution, and under certain circumstances, marijuana can cause a psychotic breakdown. The drug can also impair the user's driving ability, endangering himself as well as other drivers and pedestrians.

Dr. Louria cautioned that these reactions had been confirmed in only a relatively small percentage of known marijuana smokers, but this does not minimize the seriousness of the problem.

Chronic Problems
Chronic problems arising from the use of marijuana, the speaker said, include: "loss of goals" — for example, a student's study habits suffer and his grades are lower; the possibility of becoming a "pothead" or marijuana alcoholic, a dependence observed among at least one per cent of users; the "dosage phenomenon," in which "THC — the pure hallucinatory substance in marijuana — taken in sufficient doses can cause LSD-type reactions; a step to stronger drugs — the chances are about 80 in 100, for instance, that a heroin user was a previous user of marijuana.

Dr. Louria cited a number of medical studies pertaining to drug usage, one of which indicated that from 10 to 45 per cent of high users of marijuana — youngsters who had smoked it more than 10 times — eventually went on to LSD.

Leads to LSD Use
Another study, he said, showed that a person who smoked one marijuana cigarette a month had a 10 percent likelihood of taking LSD, a person who smoked one a week increased his chances of taking LSD to 49 percent, and an everyday user had an 82 percent chance of becoming an LSD user.

Dr. Louria was adamant in his belief that LSD is a dangerous, harmful drug, about which not everything is known. The relocation or rearrangement of a user's chromosomes by the drug are among its worst-known effects, he said. This can lead

Annual Campaign with Goal of \$85,000 Scheduled to Terminate on Memorial Day

Grosse Pointe War Memorial's 1969 Twentieth Anniversary Annual Campaign for funds has already received a lift from the follow-up letters just mailed last weekend. The combination note and remittance envelope went to all Grosse Pointe families not yet heard from in the drive.

Many were out of town on Easter or extended winter vacations when the first solicitation for contributing members was mailed. Now the Memorial's Board Chairman, David W. Kendall, looks for returns to continue to pick up. To date \$50,305.25 has been received from 2,945 donors. This compares to \$53,867 from 3,360 givers by the same date last year.

The goal of the Twentieth Anniversary Campaign is \$85,000, one-fourth of the monies needed for general operation. The target date for this goal is Memorial Day, May 30. Additional efforts to be made in the drive are a second follow-up letter to all previous givers of record and a telephone campaign conducted by the Center's staff.

The Center is extremely grateful for all the support received so far. Recent givers of record included:—

Park's Waterfront Recreational Area Given New Name

Site at Foot of Alter Road Officially Becomes Windmill Pointe Park; Dedication Ceremonies Scheduled for June 22

The approximately 13-acre municipal park site at the foot of Barrington and Alter roads, for 39 years unofficially known as the Waterfront Park, has been officially named Windmill Pointe Park by a resolution of the Park Council on Monday, April 28.

The council decreed that a large metal plaque be struck, bearing the name Windmill Pointe Park, and that it be ready for dedication ceremonies to be held on Sunday, June 22, at 2 p.m.

The official name for the recreational site was adopted on recommendation of the Park City Plan Commission, at a recent meeting. Chairman of the commission is George H. Helm of 1005 Audubon, an attorney.

"The members of the commission felt that the name was appropriate, since the windmill, similar to a number built on the shores of the Detroit river in the 1700s, once stood on the park site," Helm said. "This is from where the name of the major thoroughfare along the park, Windmill Pointe drive, and the name of the Windmill Pointe Subdivision, were derived.

"We thought that Windmill Pointe Park would be just the right name for the site, and that it will help keep alive the history of the area, which was originally settled by French inhabitants."

May Build Replica
It was suggested, unofficially, at the council meeting, that at some future date, that perhaps the Park might appropriate a sum of money to construct a small replica of the old windmill that once stood on the site.

Helm, who is a Pointe his

Pointe Youths Jailed in Canada

Two 20-year-old Pointers, Thomas Charles Collins, 281 Ridgemont, and David August Dettloff, 1374 Maryland, were sentenced Monday, April 21, to 18 months in prison for possession of marijuana valued by police at \$15,000.

The pair have been in jail in Toronto since February 28, when 15 pounds of the drug were found in their luggage at Toronto International Airport just as they were about to board a plane for Montreal.

They originally were charged with importing marijuana which carries a maximum seven-year prison term, but were permitted to plead guilty to the lesser charge of possession of marijuana for the purpose of trafficking.

Defense attorneys described the youths as courtiers and said they were to have been paid a "modest amount of money" for transporting the drug.

A plea for suspended sentences was denied by Judge Charles Opper, who said the youths had become involved in narcotics at Wayne State University and that he did not think it advisable for them to return there at this time.

Merit Scholarships Won By Seven Pointe Students

Among the over 3,000 of the nation's ablest high school seniors named Merit Scholarship winners today in an announcement by John M. Stalnaker, president of the National Merit Scholarship Corporation, were seven Grosse Pointes.

"The 1969 Merit Scholars were chosen from among 15,000 highly qualified students who became finalists in the 1968-69 Merit Program," Stalnaker said. "It is gratifying that 390 companies, colleges, foundations, unions, other organizations and individuals are continuing to increase their support of these outstanding young people."

Beauty Drive Begins Today For Pointers

Citizens Urged to Cooperate in Community-Wide Effort

Today marks the kick-off for the year-round drive to clean up and beautify the Pointe. May 1 is also the date beginning National Cleanup Month.

Efforts are already well underway, but Pointers are asked to be particularly aware now of ways they can contribute to beautifying their community.

Everyone's cooperation would make for an overall more attractive Pointe. Likewise, the efforts of many can be minimized by the sloppiness and lack of concern of a few. Who knows, if you and your neighbor work to beautify your own property, the idea may become contagious!

Staggering Potential
Surely, that candy wrapper you accidentally drop in the street is too insignificant to create an eyesore. Did you know that there are more than 27 million candy bars sold in this country each day?

The above is just one of many examples where the supposed insignificance of a small piece of discarded litter can assume staggering proportions.

An admirable example of what the cleanup drive is all about was witnessed last Sunday afternoon, April 27. Eastbound on Maumee, a mother and her two children were observed practicing what can only be described as epitomizing the principles of the beautification campaign.

Personal Clean-Up Drive
While the children's mother drove slowly up Maumee, they were busily engaged in picking up the litter along both sides of the street. Periodic dashes were made back to the car, a station wagon, where the litter was neatly deposited in containers. Talk about pride in community!

And have you ever noticed the couple who carry a shopping bag with them in their walks around the Pointe? Barely a scrap of litter escapes their vigilance.

The cleanup drive is a community effort, but its success depends on the efforts of the individual.
Think about it.

GPUS Plans Consolidation With Liggett

Trustees of Both Institutions Expected to Approve Recommendation of Committee

After intensive study the Joint Committee of Trustees and Headmasters of The Liggett School and Grosse Pointe University School have recommended the consolidation of the two schools.

The appreciable benefits to be gained, the greater opportunity for survival and growth of the combined school as an independent entity, and the belief in the value of the educational philosophy were cited as the major factors in the Joint Committee's decision.

The merger will mean for both schools, increased enrollment capacity, without a corresponding increase in operating expenses, better educational experience through attendance on two campuses instead of only one, better utilization of all existing facilities and improvement of the physical plants available for the lower, middle and upper schools without substantial capital outlay, a broader base for financial support, the narrowing of the age range of students at each campus, and reserving a separate campus for younger children.

See Many Advantages
The consolidation will mean improved science facilities, an expanded athletic program and co-curricular activities in both academic and extra-curricular activities for Liggett students.

To the students at GPUS the consolidations will mean smaller classes, more space per student, better facilities for the Middle School and a better balance between boys and girls. Funds earmarked for brick and mortar for new facilities can now be used for the creation of endowment and/or scholarship funds.

Both schools have long proud histories. Liggett was formally opened in 1878 under the name, Detroit Home and Day School and was located on Broadway. It was founded by Rev. James D. Liggett, Mrs. Jeannette McMillan Liggett and Ella M. Liggett.

First Board Listed
Among the members of the first board of directors were Jacob S. Ferrand, David Whitney, Jr., D. M. Ferry, K. K. White, George Peck, Ashley Pond and James McMillan.

A new school was built in Stimson place in Detroit in 1900. Twenty-four years later, the school was renamed Eastern Liggett School and moved to Burns and Charlevoix, where it remained until 1965 when the new school was built on a 10-acre lot in Briarcliff drive.

GPUS is the result of a consolidation of Detroit University School and Grosse Pointe Country Day School. Detroit University School was founded in 1899 by Henry Gray Sherrard and Frederick Leroy Bliss. It began as a combination day and boarding school. A country day school program was adopted in 1918. The school moved to its present Cook road site in 1928, where 43 acres of land afforded facilities for a fuller realization of the school's objectives.

GPUS Founded in 1915
Grosse Pointe Country Day School was founded by a group of community leaders in 1915. For many years it was the only independent country day school for boys and girls in the area.

The two schools merged in 1941, under the leadership of Edsel B. Ford, president of the Detroit University School board of trustees, and Dr. John G. Mateer, president of Grosse Pointe Country Day School board of trustees. A single board of trustees and headmaster was selected.

In 1953, the valuable Grosse Pointe Country Day School property was sold to the Board of Education and parents, friends, and alumni contributed more than one million dollars of additional funds to make possible additions to the existing Detroit University School buildings in Cook road. The combined schools were named

Jobs Program Successful

(Continued from Page 1) young lady who has been trained by Miss Jane Haggerty of the business education department. Each hour of the day a different student assumes the

role of secretary. As calls come in, the secretaries relay to Mrs. Gillis the request and necessary information. As soon as possible Mrs. Gillis checks the request and posts a notice on the J.O.B.S. bulletin in the counseling center. Interested students see Mrs. Gillis, and if qualified, are given the name, address and telephone number of the inquiring citizen.

From then on the matter is in the applicant's hands. He or she must apply for the job, get it, hold it. Earnings and hours are a matter of mutual agreement between employer and student. Quite frequently jobs are filled within the hour.

It is an unusual skill called for, Mrs. Gillis checks the J.O.B.S. file in which interested students have listed pertinent information. It appears that the walls of North High School shelter a wealth of talent. Besides the regular and continuing calls for lawn care, housework and babysitting, students have been hired to assist a house painter, tutor younger students in academic areas, tutor a beginning pianist, clean basements and garages, assist a homeowner with carpentry in a remodeling project, alter a formal gown, drive a car for a temporarily disabled person, help prepare and serve food, buy groceries for a person unable to get out for several days, assist a mother with ironing, put together a Christmas gift toy, assist part-time in an office, and work as an assistant in a dentist's office.

J.O.B.S. says that if it can be done by a high school student, one of us can do it. Occasionally a hurry call at closing time sends Mrs. Gillis into the corridors, like Diogenes with his lantern, looking for a likely candidate. So far she has always found someone "willing to work tonight."

In spite of the occasional frantic moment, Mrs. Gillis says that it is both fun and satisfying to work with J.O.B.S. Much of the satisfaction comes from the fact that the program provides a needed service for both students and community. A number of citizens have been kind enough to write or call Mrs. Gillis in appreciation of the excellent service given by student workers. So far she has received no complaints, but if there has been dissatisfaction with either work or students, she would appreciate being so informed.

For most of the students the program has offered valuable experiences. Both the business of being interviewed for a job, and of having to meet the expectations of employers in order to earn the money, are excellent training for the world of work, involving the selling of oneself, and of one's skills or ability.

The student who goes to the counseling center at Grosse Pointe North to sign up for J.O.B.S. has already demonstrated initiative and willingness to work. When a temporary job becomes a permanent one, everybody glows. After five months of operation, J.O.B.S. seems to have proved itself to be not only a going concern, but one which can continue to be of service to school and community.

CAR STOLEN
Mrs. Robert King, of 606 Lakeland, called City police on Friday, April 25, to report the theft of her dark green, '68 Buick, which was parked in front of her residence between midnight April 24 and 6 a.m. on April 25. Police checked the immediate area and sent a radio report to all stations. To date the vehicle has not been recovered.

Dr. Louria Speaks on Drug Addiction

(Continued from Page 1) to serious birth defects and malformations. Complete data are to be assembled, he noted, but "there may be a possibility that LSD may be related to leukemia." The limited amount of evidence in this regard seems to point toward a link between the two, but a definite answer is probably years away, he said.

Has Debated Leary
Dr. Louria has debated at length with Dr. Timothy Leary, acknowledged leader of the LSD-cult. He said that Leary as much as admitted in a confrontation a year ago that LSD is both dangerous and harmful. Leary claimed, however, that "better, more powerful drugs than LSD" were known and would be available soon.

Subsequent investigations revealed, said Dr. Louria, that the drugs mentioned by Leary are actually much more dangerous.

Dr. Louria said he is opposed to the legalization of marijuana, but he pointed out that penalties for possession of marijuana are severe to the point that "youngsters turn to marijuana just to prove how ridiculous and outdated some of these laws are."

"We need regulation of marijuana and we need preventive legislation, not more punitive legislation."

Laws Beyond Belief
"Our marijuana laws are beyond belief, in some cases," he said. "At the Federal level, if a person is caught with enough THC in his possession to put the entire city of Detroit on a 'high,' he can be imprisoned for a year at the most."

"On the other hand, if he is caught with a single marijuana cigarette in his pocket, he can get two years."

"If marijuana laws were made reasonable and sensible, when they are offered.

I am willing to make a flat-footed guarantee that the marijuana problem will diminish appreciably," he declared. "Marijuana is a small drug and we need to make the punishment fit the crime. We need to reduce the supply, eliminate the sellers and get the big pushers."

Suggests Cures
Dr. Louria said drug usage could be reduced through these steps:

1. Institute formal courses of instruction on drugs so that teachers can teach students the facts in an intelligent, knowledgeable manner.

2. Greater use of the communications media to tell youngsters why they shouldn't use marijuana and other drugs.

3. Parents should educate themselves on the facts about drugs so they can communicate with their children and each other.

4. Counseling centers should be organized to help drug users.

5. Recognition of the drug problem in its totality — and helping to eliminate its prime cause, an angry, pleasure-oriented society which fosters drug use.

6. Parents can set an example by clearing out virtually all useless drugs retaining only those prescribed by a physician for an immediate illness or need.

Authored Two Books
Dr. Louria is the author of two books and numerous articles on the subject of drug abuse, and is currently working on a third book, set for publication this fall. Parents and concerned citizens can increase their knowledge of drug addiction and abuse, he said, by reading as much as possible on the subject and attending lectures when they are offered.

He recommended two books for persons interested in knowing more on the subject: his own most recent book, "The Drug Scene," and "The Drug Dilemma," by Sidney Cohen.

VIOLATION ISSUED
City police received a report from a resident in the area of Waterloo and University on Friday, April 25, of persons distributing handbills. Officers stopped James Darling, 1361 W. Lafayette, Detroit, and Robert B. Longridge (same address) and took them to their employer, Herman Burwell, 114 Waverly, Highland Park, who was issued a violation for unlawful distribution of handbills in violation of the city ordinance.

Park Completes Spraying Of Elms by Helicopters

It took two helicopters approximately three weeks to complete eight and one half hours of spraying of 5,614 publicly and privately owned elm trees in the Park, the city council was informed on Monday, April 28, by City Manager Robert Slone and Public Service Director Herbert Heger. This is the first time whirly-birds were used in the Park's fight against Dutch Elm Disease.

In spite of the sounding of the lop-sided time element, the program was one of the most successful ever completed, the two officials said.

They pointed out that the weather had much to do with the program, which saw 3,119 publicly-owned elms, and 2,495 trees on private property doused with 2,800 gallons of methoxychlor, by the AG Helicopter, Inc., which asked payment of \$3,742.65 for the service. The council authorized the company be paid.

Heger disclosed that a total of 6,131 elms is the official count of these trees in the Park, of which 3,467 are on public land, and 2,664 are on private property.

He said that the three-week span in completing the program, was the result of the weather, especially when the wind blew hard. No spraying is done during high winds, he pointed out.

All factors must be just right for any type of spraying, he said, even if this is done with ground equipment.

When the weather appeared to be just right, police cars equipped with loud speakers were sent down residential streets, advising the people to remove their cars.

Also, Heger said, even if the conditions were good, no spraying was done during the times the children walked to and from school.

Personnel of the DPW were kept busy putting up and taking down warning signs, and doing other tasks.

Nunzio Ortisi, city comptroller-city clerk, said that the total cost of the entire program has not yet been tabulated, since the working time of DPW employees and other factors must be taken into consideration. This, plus the price of the methoxychlor, purchased by the city, plus the cost of use of the helicopters and other details go into the over-all cost of the entire program.

It was pointed out that the pilots sprayed a total of 3,119 elms belonging to the city for \$1,871.40 (60 cents a tree); and the 2,495 private elms, for \$1,871.25 (75 cents a tree).

It was also pointed out, that there were still 348 public trees, that will be sprayed with city

owned equipments, and 169 private elms to be sprayed by private contract, at the request of the owners who refused to permit spraying of their trees by helicopter.

Waterfront Park Renamed

(Continued from Page 1)
tory buff, likes to delve into matters of the past. He made inquiries about the windmill to the Detroit Historical Museum, and received a letter in March 1964, from Henry D. Brown, museum director, which disclosed how the windmills that dotted the river shoreline came into existence.

Brown stated that the windmills were constructed and used to furnish power to grind grain. When strip farms became fairly common in the Grosse Pointe area, the French speaking people, who constituted the great majority of the small settlement, built a mill nearby, rather than haul their grain to Detroit. The Pointe was a good spot for a mill with plenty of clear sweep for the wind, he added.

Story Was Reprinted
In a story printed in the Detroit News on November 11, 1972, written by Mrs. Isabella G. B. Lothrop, and reprinted by the newspaper three or four years ago, Mrs. Lothrop presented a nostalgic account of her childhood days in the Pointe, and of the old dilapidated windmill, located where the Detroit River and Lake St. Clair met, "a little to the north of the lighthouse".

It was not disclosed when the mill was torn down, but she did mention in the article that "the last of these landmarks was taken down some years ago to make way for the Walker Distillery buildings on the other side of the river".

A subdivision contractor acquired the lands of the historical sites, from Barrington road of Jefferson and land stretching east, calling it the Windmill Pointe Subdivision, which now boasts many beautiful homes.

A wide expanse of road, stretching from Alter to Bedford, fronting homes along the lake, was named Windmill Pointe drive.

Purchased in 1939
In 1939, the then Village of Grosse Pointe Park purchased seven acres of land from the subdivision contractors, and developed the site as a recreational park.

In 1965, the Park acquired filled land bordering on Fox Creek, from Detroit, and with the consent of Detroit, purchased submerged land property from the State, under the Submerged Lands Act. This land was filled and landscaped and developed.

Old Pool Condemned
The old swimming pool, declared obsolete by the Michigan Department of Health and the Wayne County Department of Health, has been filled in, and also filled in was the old marina area. The filled-in area added approximately another four acres to the park, making a total of about 13 acres from

Burglar Invades Home in Woods

The home of Mr. and Mrs. James H. Comins, 1713 Anita, was broken into by someone who ransacked several rooms and escaped with a revolver and a few appliances.

Mrs. Comins, who called police when the break-in was discovered, said that she and her husband left home at about 5:30 p.m. and returned at approximately 11:30 p.m., to find the house had been entered.

Investigating officers said that the thief or thieves entered the house by breaking the glass of a window at the southeast corner of the building, opening the window and stepping through. A baby crib beneath the window made it convenient for the thief to step down, it was said.

The intruder ransacked the master bedroom before going to another at the southwest side of the house, where he went through dresser drawers, and a closet.

The Cominses said that they took inventory and found that the burglar had taken a .38 caliber Smith and Wesson revolver registered to Mr. Comins, a portable 21-inch television set, a portable tape recorder, and a suit case.

Later, it was disclosed that the thief had taken a pair of binoculars and an 8mm movie camera.

Investigation of the matter was referred to officers of the Detective Bureau.

Study Ordinance On Rubbish Bags

The Grosse Pointe Woods Council is currently considering the passage of an ordinance which would make the use of disposable rubbish container liners mandatory in that city.

According to city sources, full utilization of these liners could make the work of Woods residents a lot easier. Only one standard twenty gallon rubbish container would be needed, once a bag is filled it can be removed from the container, tied, and set aside until regular collection day. Rubbish containers will always remain clean since the rubbish never touches the container. Another advantage is that once the rubbish is put out front in the liner bags it is picked up and the homeowner doesn't have to return the can to the backyard after.

A major factor to be considered is that the proper use of these bags would eliminate unsightly debris from flying around the area littering the neighborhood.

For the past year the use of plastic rubbish bags has been on a voluntary basis. The city sells the bags to residents at practically purchase price. In the past year they have sold over 100,000 bags. These plastic bags are presently available at the Municipal Building and come packaged in a minimum roll of fifty bags with ties for \$2.50.

City Administrator, Chester Petersen points out that utilization of these bags would contribute greatly to the current Beautification Campaign in The Pointes.

Illegal Driving Traps Motorist

John D. Groesbeck, 45, of 1533 Roslyn road, was arrested by Woods police on Sunday, April 27, after the authorities received information that he was driving while his license was revoked.

Groesbeck was traveling west on Hollywood, and going through an island cross-over on Mack, when he was seen and stopped by Patrolman Michael Ferrance. When asked for his operator's license, the motorist stated that he did not have one, that it had been revoked by the Secretary of State's Office in Lansing.

The officer arrested Groesbeck and took him to the station, where a check of records revealed that Groesbeck's license was revoked on February 3, and another record showed that the suspension date was effective as of February 10 through May 10, as provided by provisions of the State Financial Responsibility Law.

The accused man was issued a violation ticket for driving while his operator's license was revoked and was released on posting of bond of \$85. He is scheduled for a court hearing on June 4.

SHS Musicians Get Top Rating

The Grosse Pointe South High School Symphony Band and Symphony Orchestra continued their traditions of excellence by earning first division ratings at State Band and Orchestra Festival Saturday, April 26, in Lansing.

The Symphony Band performed at Sexton High School. "This is a fine band which has delivered many thrilling musical effects," and "An outstanding performance. Many mature players—adding up to a musically disciplined but exciting sound," were among the adjudicators' comments.

The Symphony Orchestra performed in the afternoon at the new East Lansing High School. "The group shows real musical zest and playing in an accurate exciting manner," and "An impressive and professional performance," were judges' comments.

The band performed "George Washington Bicentennial March" by Sousa, "Incantation and Dance" by Chance, and "Praeludium and Allegro" by Giannini. The Orchestra performed the "Concerto in D Major" by Handel, "Finale from the Simple Symphony" by Britten, and "The Hebrides Overture" by Mendelssohn.

Both groups are under the direction of Russell D. Reed. The groups were accompanied on the bus by Mr. and Mrs. Robert Brines.

Block Safety Program Off To Good Start in Woods

The Block Safety Program is under way in the Woods, with the letter "E" already being displayed in the windows of homes of volunteers willing to give aid to children and others in the fight against sex criminals. A large white placard with a big red "E" (for Emergency), was distributed to the more than 80 parents of Mason School students on Thursday, April 24, according to Mrs. Marjorie Wilton, second grade teacher and chairman of the program.

Mrs. Wilton disclosed that four more interested persons have signed up in the project, making a total of 84 parents involved. More parents and citizens are expected to join the movement before the school semester is over, she said.

Woods Patrolman Stephen Petrik, school safety officer, said that he received a call from an interested mother in the Farms, asking how to start a Block Safety Program in that community. The policeman said that he will meet with Farms school safety officer, Sgt. Arnold Parsons, to discuss such a move.

Petrik and Mrs. Wilton said that they are in hopes that the idea will mushroom to the extent that all of the Pointe communities will endorse the program, in the interest of protecting all children from molesters and other criminals, and in aiding others in times of emergencies.

The "E" program is identical to that in operation in Harper Woods, and is based on the same principle as "The Helping Hand" in St. Clair Shores.

The program is supported by Mason principal, William Mestdagh, Woods Director of Public Safety, Donald Coats, the Mason PTA, which has underwritten the cost of printing the signs, and parents and citizens.

Petrik will instruct school children on the importance and meaning of the "E," and when and if they are approached by a molester, or a stranger offering them a ride or candy, to seek aid at the home displaying the sign.

To avoid delays, and to affect prompt response by police, the volunteer approached for help, will dial police and state, "I am an "E" resident," and give his or her address. No detailed description is necessary. Within seconds after the message is received, the police dispatcher will send scout car crews to the home. By this prompt action, it is hoped that offenders can be captured before leaving the area.

Too, it has been pointed out, volunteers displaying the "E," are ready to summon help in any type of emergency, such as accidents, or in the event a person is injured in any way and requires assistance.

Mrs. Wilton and Petrik said that volunteers will display their signs during school hours, and in most cases they will be left in windows during the dark hours of the evening, just in case teenage boys and girls might need help during that time.

They said that not only will this program be in operation during school days, but also dur-

ing the summer vacation time. This means that this will be an all-year-around operation.

Mrs. Wilton said that more volunteers are needed and any mother or any citizen interested in the program should call Mason School, TUxedo 4-2770, and leave his or her name and address.

All that is required of a volunteer is that when he or she is at home, to display the "E" in the front window where it can be easily seen. If the volunteer leaves the house, the sign should be removed, to indicate the volunteer is not home. On return home, the card is replaced.

Offer Children Help in Speech

The Grosse Pointe Board of Education is again offering a summer program for pre-school children who need help in speech or language development. This program will be located at Kerby School, 285 Kerby road, and is available to all children in the district who will be entering kindergarten in the fall.

There is no tuition charge for this program. For further information for enrolling your child in this program, call Mrs. Doris Praeher or Mrs. Betty Adam at 885-2000.

Court Refuses Giacalone Plea

The Michigan Court of Appeals refused to hear an appeal by Vito Giacalone, 45, of 87 Webber place, and five other defendants charged with conspiracy to extort in connection with an alleged loan-shark racket.

They said the appeal was denied "for lack of merit on the grounds presented."

Giacalone and the five had contended the proper stenographer was not present at a preliminary hearing. Selection of a jury is proceeding in Wayne County Circuit Court.

Giacalone, his brother, Anthony, 50, of 701 Balfour, and 10 other men face both state and federal charges in connection with the alleged "juice" racket.

The Giacalone brothers were identified as Mafia leaders in testimony before a United States Senate committee six years ago.

Business Group Plants Trees

The latest project of the Kercheval in the Park Business Association can be seen in what will soon be vivid color along the three blocks from Maryland to Nottingham on Kercheval. In conjunction with the City of Grosse Pointe Park, the Association has planted 36 cherry trees in the three-block area. The project coincides with Arbor Week and is tangible evidence of the business community's response to the Beautification Council's call for a clean and attractive Pointe. The cost of the trees planted during the last two weeks was shared by the Association and the Park. They are grafted, non-fruit bearing trees whose blooms should be appearing sometime this week. They were due to bloom two weeks ago, but the inclement weather postponed their colorful appearance. The only responsibility of the business in front of which there are trees is to see that they are watered regularly. The Park planted the trees and will prune and mulch them. The Kercheval in the Park Business Association was organized to upgrade the Kercheval area between Wayburn and Balfour road. Besides businessmen, it includes in its membership professional people in the area as well as the principals of Deter School and Pierce Middle School.

Boyd Honored As Fuel Expert

T. A. Boyd, of 1016 Harvard road, a pioneer in the study of automotive fuel composition and engine combustion, was honored on Tuesday, April 22, by the American Chemical Society for his contributions to the field of chemistry during 50 years of service. Mr. Boyd began his career as a research chemist in Dayton, Ohio, in 1918, when he was involved in research in automotive fuels aimed towards learning how to use them more effectively. A product of this investigation which was developed during World War I was the first synthetic high octane aviation gasoline. The Research Division of the Dayton Metal Products Company, with which Mr. Boyd was associated, later became the nucleus for the General Motors Research Laboratories. As a pioneer in the study of fuel composition and engine combustion, Mr. Boyd, together with others, concentrated particularly on ways to eliminate "knock" as a barrier to higher compression in engines and on achieving greater mileage. One result of this research was the discovery of the antiknock agent, tetraethyl lead, which is added today to almost all automotive and aviation fuels. These investigations also stimulated the modern revolution in petroleum refining, a result of which was the emergence of high octane gasolines. From 1923 to 1947, Mr. Boyd served as head of the Fuel Section of General Motors Research Laboratories, and from 1947 to 1953, as research consultant to GM. Following his retirement at age 65 in 1953, he continued to serve as a member of the Speakers Bureau of General Motors Public Relations Staff. Mr. Boyd was born in Fairview, Ohio, in 1888. He is a graduate of Ohio State University with a degree in chemical engineering. Mr. Boyd has written four books, two of which describe the life and philosophy of C. F. Kettering. He also is the

author and co-author of more than 50 technical publications. Among the honors received by Mr. Boyd are the Horning Memorial Award from the Society of Automotive Engineers (1950); the Lamme Medal for meritorious achievement in engineering from Ohio State University (1939); and the first Thomas Midgely award by the Detroit Section of the ACS.

Parcells PTA Meets May 7

Parcells Middle School will hold its last P.T.A. meeting of the school year on Wednesday, May 7, at 8:00 o'clock. Detective Martin Trombley, Youth Officer of the Grosse Pointe Woods' Department of Public Safety, will present "Drug Abuse Programs in the Grosse Pointe Communities."

If possible, Detective Trombley hopes to have a few young people who have been, or are now, users of drugs, to participate in the evening's presentation. Since a question and answer period will follow, the program should be most beneficial to parents, who are in doubt as to what they can do to help control and end this problem.

Detective Trombley received training in drug control at the University of Maryland and has served with the Detroit Police. Having worked in Grosse Pointe Woods since 1963, he has dealt primarily with young people of middle school and high school age, for whom he has also prepared a video tape on drug abuse. He also lectures to adult groups throughout the Grosse Pointes.

The election of next year's P.T.A. officers will follow the program.

Mrs. John Shook, P.T.A. vice president, is in charge of refreshments.

Accuse Motorist As Drunk Driver

A Park motorist was arrested by a Woods policeman on Friday, April 25, and charged with driving while under the influence of alcohol.

Arrested was Lawrence E. Deegan, 39, of 1210 Bedford road, who, according to Patrolman James Davidson, staggered on foot to a parked vehicle at Norwood, got in and drove off at a high rate of speed, going south on Mack.

Davidson said that he gave chase and paced the motorist at 55 miles an hour. Deegan's car was weaving from lane to lane, the officer stated in his report.

The patrolman said the Deegan did not turn on the headlights of his car, and that the man nearly ran into a parked auto on Mack, at Huntington.

At this point, Davidson stated, he forced Deegan to stop. When asked for his license and car registration, Deegan produced them. At this time, the policeman said, he detected alcohol on the accused man's breath and placed him under arrest and took him to the station.

At the station, Deegan consented to taking a breathalyzer test, which he failed. He was issued a violation ticket for driving while under the influence of liquor, after which he was released on personal bond, pending a court hearing.

Cub Scouts Get Catholic Award

Parvuli Dei means "child of God." On Sunday, April 27, a group of 21 boys of Cub Scout Pack 399 received the Parvuli Dei Award at the 8 a.m. Mass at St. Clare of Montefalco Church.

The award represented the height of Cub Scout achievement and marked the conclusion of hours of study of Catholic life, citizenship and how the Scouts' lives parallel the life of Christ.

Other scouts of Pack 399 and their mothers were present for the awards ceremony. The Mass was celebrated by Father Sullivan, who is the Pack's chaplain.

Theater Organ Program Slated

There will be a brief return to the "golden age of the movie palace" on Sunday morning, May 4, at 10 o'clock at the Punch and Judy Theater, Kercheval at McKinley avenue, when the Motor City Chapter of the American Theater Organ Enthusiasts presents a program featuring the theater's restored "Mighty Wurlitzer" theater pipe organ.

Featured artists, who will appear at the organ, will be Fred Bayne of the Wolverine Chapter of A.T.O.E. and Gary Montgomery of the Motor City Chapter. In addition to a "pop" concert, a Laurel and Hardy silent comedy will be accompanied by Mr. Montgomery at the organ.

The Punch and Judy organ is not a church organ, it is a theater organ. The theater organ was developed to provide music for entertainment, not for worship. It is as different from a church organ as a jazz band is from a string quartet. Production of theater pipe organs ceased following the introduction of talking pictures in the early 1930's.

Restoration of the Punch and Judy Wurlitzer was begun by the Motor City Chapter of A.T.O.E. in 1967. On the afternoon of March 10, 1968 the first silent movie ever to be shown in the history of the theater, "The Covered Wagon" (1923) accompanied by Bill Buswell at the organ, was presented to a standing-room-only audience.

Since October of 1968 live theater pipe organ intermissions have been presented at the Punch and Judy Theater every Friday night. Each week a member of the Motor City Chapter is heard at the console of the organ.

Peter Henkel of McMillan road has been responsible for the never-ending maintenance of the Punch and Judy organ as well as the scheduling of chapter members who perform each Friday evening.

Donald Lockwood of Moran road, aside from assisting in maintaining the Punch and Judy instrument, is currently serving in his third term as secretary of the Motor City Chapter. He is also publications director for the bi-monthly A.T.O.E. national journal, Theater Organ Bombarde.

Plans are now under way for a festive program in January of 1970 to celebrate the fortieth anniversary of the opening of the Punch and Judy Theater, and the newly restored Wurlitzer theater pipe organ will play a large part in that celebration.

There is no admission charge for the organ program on Sunday morning, and it is requested that all children be accompanied by an adult.

METER HEAD STOLEN
City Cpl. Edward Behrend reported persons unknown had stolen a parking meter head from in front of 17030 Kercheval the evening of Wednesday, April 16.

Local Hospitals Join for Week

"Pathways to Progress in Community Health" is the theme of National Hospital Week, May 12 through May 17. This year hospitals throughout the country during Hospital Week will focus their activities on informing the public of the broad ranges of health services provided by their community hospitals.

These services, in addition to acute and chronic inpatient care, include such services as emergency and outpatient service, health careers training and public health education.

In keeping with the Hospital Week theme, Saint John, Cottage and Bon Secours Hospitals, serving a population area of 800,000 in eastern Detroit, the Grosse Pointes and Macomb County, have joined together for the first time to cosponsor a series of health education events.

Featured during this week will be a series of public health forums dealing with the major health concerns of heart attack prevention and treatment, drug abuse, pre and post natal health services and family planning.

These forums, which are free and open to the public, will be held at Parcels Junior High School in Grosse Pointe. Following presentations by medical authorities from the three hospitals, the speakers will answer questions from the audience.

In addition to the forums, exhibits and displays will be placed in local libraries, the Grosse Pointe War Memorial and retail outlets. These displays will highlight medical career opportunities as well as services provided by local hospitals.

For additional information on these Hospital Week events call Saint John Hospital, 881-8200, ext. 541.

Growing Things Thrill Pupils

Spring is truly the beginning! The second graders in Mrs. William Obermeyer's room at Maire School are the proud parents of 10 baby chicks. They have studied the life cycle of the chicken, but at this time they have not yet solved the age-old problem as to which came first—the chicken or the egg.

The children assumed the job of turning the eggs, checking the moisture and reading the temperature of the incubator. The new chicks were right on schedule exactly 21 days later and all are doing well.

Chickens are not the only things that are growing in Mrs. Obermeyer's room. The children have also watched frog eggs hatch into tadpoles. Now, hundreds of these are gaily swimming to the hum of the educational process.

The parents will also be able to share their child's interest. All these babies will have new homes in the next few weeks!

Members of the Sigma Gamma Association will meet Tuesday, May 6, at the Detroit Orthopaedic Clinic, a Torch Drive Agency which the Association founded and now sponsors.

Before coffee and the general business meeting the group will board a chartered bus to take a guided tour of the Medical Corridor, where they will be addressed by George Cartmill, president of Harper Hospital.

After a brief stop at the Rehabilitation Institute, they will go on to the Detroit Cerebral Palsy Center where Mrs. Francis Schilling, executive director, will explain the center's program.

Dr. Hamilton Stillwell of Wayne State University will welcome the group as it tours the campus. Mrs. James E. Robertson, assisted by Mrs. Gordon T. Ford, has planned this tour in conjunction with United Community Services, and Mrs. Gordon Knight, director of the Women's Committee of United Community Services will do the commentary en route.

Among those planning to attend are messdames Joseph Caskey, Harry Jewett, Lawrence Buhl, Jr., LeRoy Bornhauser, John Booth, Robert Stoepel, F. James Robinson, James Humphreys and Alfred Glancy, III.

Stan Shank of Grosse Pointe is looking for someone with a two-wheel trailer who wants to be a good scout.

Shank is the harried scoutmaster of Boy Scout Troop 19, sponsored by the Maire School PTA, and he's in desperate need of camping gear.

"We've got one of the camping troopers around because our boys really enjoy it, but right now it's a problem," he said. "We need tents and camping equipment for our rapidly-growing troop, but the most crying need at the moment is for a two-wheel trailer to transport and store our things."

Shank is hopeful there's someone in the area who has a trailer or equipment he's not using and would like to donate to his troop. A proper receipt would be given, he said, so that the fair value of the articles could be taken as an income tax deduction.

Anyone in a position to be that good scout and come to the rescue of Troop can call Shank at 884-0199.

ERIC H. TRUHOL, reservations chairman, MRS. GILBERT G. KUROP, decorations chairman, and Friendly Dragon, created by Mr. and Mrs. Donald R. Schrom.

Young Artists Appear Sunday

Young artists' day with the Grosse Pointe Symphony is Sunday, May 4. Director Felix Resnick will present three gifted young musicians in a concert to be held in Parcels School Auditorium.

Mark Lawrence will play the solo line of Gordon Jacob's Trombone Concerto. The Beethoven Piano Concerto No. 3 will afford Barbara MacLennan the opportunity to show her skill as a young virtuoso. Ida Kavafian will play the solo line of Sibelius' Violin Concerto.

Mr. Resnick has chosen the Roumanian Rhapsody No. 1 and the Overture to Candide by Bernstein to complete the program.

Concert time is 3:30 o'clock. Tickets are available at the box office.

The audience is cordially invited to attend a reception honoring the soloists, immediately following the program.

Hostesses for the day are Mrs. Kenneth Patton, Mrs. Gerald L. Stoetzer, Mrs. Robert C. Lewis, Mrs. Ivan M. Kirlin, Dr. Elizabeth Downey, Rita Roney, Mrs. Ernest Rapalee, Mrs. Richard F. Huegli, Mrs. Bogdan Baynart and Mrs. William C. Klenk.

Six GP Drivers Taken Off Road

Secretary of State James M. Hare's office in Lansing, in a weekly report dated April 10, revealed that four Pointers had their operators' licenses taken from them under provisions of the Financial Responsibility Law, and two others had their licenses suspended for other reasons.

It is possible that since the report was printed, that licenses revoked under the FR statute, could have been restored to the motorists, but no word has been received to date.

Those listed as having their licenses revoked under provisions of the FR law, are: George A. Voight of 19556 East Emory court, on February 8, for driving while under the influence of liquor; Norman L. Kystad of 29 Greenbriar, March 1, for DUI; William G. Hagman of 1017 Kensington, March 7, for DUI; and Wayne E. Merritt of 2369 Stanhope, on March 28, for unsatisfied judgment.

In most cases, when a motorist complies with the terms of the Financial Responsibility Law, such as obtaining liability and property damage insurance, or in the case of an unsatisfied judgment, payment or restitution of accident damages, licenses are restored to the drivers.

Cecelia Louise DeFauw of 313 Kerby road, had her license revoked as of March 2, because of an unsatisfactory driving record, and for failing to appear for re-examination.

Peter T. Cavataio of 660 Moorland, had his driving privileges suspended for three months, from March 18 through June 17, because of an unsatisfactory driving record.

Another Quester Chapter Formed

Grosse Pointe now has its eighth Quester Chapter! Mrs. Pierre Palmentier, area chairman, held a meeting in her Fair Court home on April 28 for the purpose of organizing a new chapter in Grosse Pointe of this popular national, antique study group.

Officers were chosen by those present, and were sworn in by Mrs. Otto H. Melke, of Birmingham, Mich., state organization chairman.

The nine charter members are president, Mrs. Fred Sturm; vice-president, Grace Lovett; secretary, Mrs. Stanley Kenn; treasurer, Mrs. Jerome Shulec; Mrs. Robert Bogan, Mrs. William S. Burton, Mrs. Julius F. Huebner, Mrs. Robert Kaszarek and Millicent Moorhouse.

A meeting will be held on Monday, May 5, at the Windmill Pointe drive home of the new president Mrs. Sturm to formulate plans for the coming year and to select an appropriate name for the chapter.

Many Grosse Pointe Questers, who assisted in the successful staging of the National Convention held locally in 1968, are traveling to Des Moines, Ia., in May to attend this year's three-day conference.

Latin Students Visiting Italy

"We're Number One," St. Ambrose High School proclaimed as a boast of its Latin students returned from the state Junior Classical League convention held at Michigan State University.

The communications project of John Walsh, a Sophomore Latin student, was the reason for the jubilation. John, using the sixth book of Vergil's Aeneid, narrated the story of Aeneas' descent to Hades in original musical sketches done in a classical piano style.

The taste of victory was made even sweeter since he was invited as a student conductor to direct the Wells College orchestra of Aurora, New York in their rendition of Beethoven's First Symphony the week after Easter.

20th ANNIVERSARY

**THE GROSSE POINTE
WAR MEMORIAL
WAS ESTABLISHED FOR
PEOPLE LIKE YOU.**

May I tell you something about the center . . .

The War Memorial is unique in many ways. Unique in its service to the community, old and young alike. Those who seek recreation in creative art, in music, painting, and modeling, and those who seek pleasure in companionship, games, club meetings.

Founded on the twin ideology of service and patriotism—service for the living and remembrance of those who sacrificed that the living might grow and be happy and enjoy old age.

In April, 1949, the Alger family generously deeded their magnificent mansion and grounds "entirely forever" to the Grosse Pointe War Memorial Association to serve with its bronze honor rolls as a lasting tribute to Grosse Pointers who fought in World War II and to provide a continuing center for "purposes which would enrich the community life." In this manner, Grosse Pointe residents obtained entirely free headquarters long considered a show place of Grosse Pointe which would cost \$1,500,000 today.

The first Board of Directors headed by Alger Sheldon raised \$187,945 to form a nucleus of endowment for the Center.

In 1959, the Memorial was the recipient of a magnificent gift of \$750,000 from the estate of Wm. Hayes Fries, a neighbor of the Center. His generosity made possible in large measure the building of the beautiful addition known as Fries Auditorium.

Since its opening in 1949, 31,110 groups including 2,194,788 people have used the Center. Usage has grown to over 215,000 a year.

With this growth in usage and our inflationary economy, operating costs have continued to rise. The Center has always been able by careful management to be 85% self-supporting through activities and services supplied at reasonable cost together with dividends and interest from its invested endowment. However, it needs the support of the families of Grosse Pointe to make up the remaining 35%.

David W. Kendall
President

Letters to the Editor

Dear Mr. Edgar:
 As a Grosse Pointe resident for over thirty years, and being the father of three teenagers, I felt compelled to voice my opinion concerning your recent front page article covering the preliminary hearings on charges of alleged narcotics law violators.

Your reported attempt to develop a sympathetic attitude toward the accused "young men" to the point that it became sickening to your readers. Your writer described the court testimony as "nine hours filled with pain." After hearing the evidence, she was "at a loss to know what to say." Fortunately, having reviewed the same evidence, I am not so narrow minded in my convictions.

In the first place, any "pain" suffered by these "young men," (I use this term very loosely, for they are neither "young" nor are they by any stretch of the imagination "men"), was of their own making. It was interesting to note that not one word was mentioned about the "pain" inflicted upon their countless victims.

I respectfully suggest it is time for the news media to take off the kid gloves, stop using pleasant platitudes, and depict these leeches for what they are — human parasites that prey on the weakness of others. They are only too willing to corrupt the spirit and destroy the minds of all with whom they come in contact in order to further their own personal interests.

It was comforting to learn that their "loyal friends" were at their side during their "long day in court." This is especially interesting in view of the fact that they have shown no regard for either loyalty or friendship. Through their actions, they have clearly shown that they were willing to betray their "friends" and even their family into a life filled with misery and remorse in return for a few pieces of silver.

Concerning your writer's feeble attempt to minimize the damage inflicted upon our Pointe youth by the actions of these "young men" by her comment, "Although these arrests have allegedly stopped some of the drug supply filtering into the Pointe daily, reliable sources have informed the News that they haven't begun to stop the flow!" I can only comment that I have always made it a practice to eliminate vermin wherever, and whenever I find it — even though I know there might be more of these ugly creatures hiding in some dark hole.

In conclusion, I extend to the parents of these "young men" my deepest sympathy. To these human vultures — my wish for the best of everything in the months and years to come — The very best of everything they inflicted upon their innocent victims!

Dear Mr. Edgar:
 Enclosed you will find a copy of a letter that I have sent to the members of the Grosse Pointe Farms Council, concerning the "Designer's Show House." A compromise was, as you know, reached on the immediate problem. However, many difficulties still remain and considering the seriousness of the issue, I would hope this letter might be printed in the News so that our citizens might be made aware of what is involved.

Sincerely,
 Mrs. C. Keith Manglos

 Grosse Pointe Farms

Mayor Butler, Grosse Pointe Farms Council Members,
 As concerned citizens of Grosse Pointe Farms, my husband and I would like to request that our council and City Attorney take a new and close look at our zoning laws and ordinances relating to the rights of our taxpayers in the use of private, residential property.
 Since the Farms Council felt they could not act, we found it necessary to go to Wayne County Circuit Court as one of

a group of residents in a complaint against the City and Planned Parenthood League. As you undoubtedly know we, the residents, agreed to a compromise. The "Show House" will be open although for a more limited time and the Court has agreed to meet with us again on May 12 to determine if we are satisfied that Planned Parenthood is living up to their agreement that the affair will be well policed and that we will be disturbed as little as possible. Under the circumstances, we are trying to accept this agreement as graciously as possible.

However, one of our major concerns in the entire situation is that Planned Parenthood was allowed to proceed as far as they did without, apparently, asking permission from either the City of Grosse Pointe Farms or the neighbors that adjoin this property. I, personally have little legal knowledge but did feel that our city ordinances for the use of private residential property would cover a situation like this. In light of what has happened in this case, it seems that we do not have adequate ordinances. My personal feeling is that we need an ordinance that specifically requires the written approval of the Council and neighbors for any event taking place in a residential area where tickets or anything else is to be sold.

We, who have challenged Planned Parenthood, have been accused of doing this because we have "some grudge" against this particular group or because we are selfish or uncharitable. Personally, I have been a contributor to Planned Parenthood in the past and I think I can say that all the Plaintiffs in this case have been citizens who support our community in many and various charitable and worthwhile projects. We certainly have no intention of opposing such things as garden or kitchen tours which are one-day affairs and very limited in scope.

However, I think that all residents of the Farms should be concerned that we all seem to have lost some of our rights to enjoy our property as we see fit. This unfortunate situation happened once and I see no reason it could not happen next door to you. In fact, I have heard that Planned Parenthood would like to do this again, either here or somewhere else. Perhaps there are homes available that have private entrances and are more distant from neighbors. This I would not attempt to determine. However, if our action accomplishes nothing but making it impossible, in the future, for any group or individual to undertake an affair of such magnitude without Council and neighborhood approval, I will feel that the time and money we spent and the inconvenience it has caused us were worthwhile and of benefit to the entire community.

Legally I really do not know how to proceed in this matter of obtaining such an ordinance. So, I have written to you, my City Council, in the hope that you will consider this matter and enlighten me as to what might be done. First, I earnestly hope that you will examine closely our existing ordinances. Then, I would appreciate hearing any suggestions you, as individuals or as a group, might have to settle this problem.

This unfortunate situation has stirred up much bitterness in the community and has turned neighbor against neighbor and I hope with all my heart that the Council will turn their immediate attention to find a solution so that such a problem will not occur ever again.

Sincerely,
 Mrs. C. Keith Manglos

much discussed "Spencer Plan" for financing public education in Michigan.
 Our comments on the three Spencer bills are summarized in this way:
 1. We believe that all local voted taxes must stay in the local school district. It is urgent that Representative Spencer's House Bill 2286 be amended to insure this procedure.
 2. The Spencer Bills put a penalty, and for practical purposes a ceiling, on excellence. If our school district were to vote a 2% income tax to keep our schools at the level of adequacy this community demands, we would probably see over half of this money leave Grosse Pointe. Can you picture any school district going through the agony of trying to pass a local referendum when the resulting taxes would go to Lansing and come back less than 50% on the dollar? This would indeed penalize the community which is willing to pay for excellence.

3. Furthermore, we have serious questions about the distribution formula in H. B. 2265. We suggest that this bill would tend to encourage a community of low aspirations (or a Grosse Pointer with low aspirations for his schools) to vote down adequate local referenda.
 Unless the Spencer program is substantially amended in the area I have outlined, we are forced to oppose it vehemently in its entirety and support either the Governor's plan, the Senate bill or the House bill.
 We shall continue to watch with interest the actions of our legislators and the status of the various education bills consideration, and we urge our fellow citizens to share our concerns.

Sincerely,
 Barbara R. Thompson

What Goes On at Your Library

By Virginia Leonard

During the past six months or so, we have been fortunate enough to receive several substantial donations from organizations in the area to purchase books for our libraries. We thought you'd like to know about them and some of the books selected.

In February, the Human Relations Council gave us \$150 to buy books by Negro authors and on Negro history. This sum was to be apportioned equally among the two Grosse Pointe High Schools and the Public Library. The aim, at this particular time of year, was to commemorate the anniversary of Martin Luther King's speech in Grosse Pointe.

Following are the books selected for the Grosse Pointe Central Library. First of all we have the new three volume set of THE NEGRO IN AMERICAN HISTORY, a 1969 publication of the Encyclopedia Britannica. This set of books contains 188 selections by 134 different authors, ranging over almost 400 years of American history. Another book added is Lerone Bennett's BEFORE THE MAYFLOWER, submitted "a history of the Negro in America, 1619-1962." The book begins in Africa with the great empires of the Nile Valley and the western Sudan, and ends with the Second Reconstruction. The book also contains a chronological summary of landmarks and milestones in Negro history from 1492 to 1962. Another title is BLACK GHETTO: DILEMMAS OF SOCIAL POWER, by Kenneth Clark. This is based on the author's personal experiences while serving as chief consultant to Harlem Youth Opportunities Unlimited. And finally we have TRANSFORMATION OF THE NEGRO AMERICAN by Leonard Broom and Norval D. Glenn. These authors, who are sociologists, attempt to trace the emergence of the major themes in the adjustment of Negro Americans to subordination and to take a good look at the data about the condition of the Negroes.

Our second gift is a check for \$200 which was presented to the Grosse Pointe Public Library last November by the Michigan Chapter of the American Institute of Interior Designers. This check was given to us to enable the public libraries to purchase outstanding books in their field. Similar gifts were also made to the Detroit Public Library and the Baldwin

Public Library in Birmingham. Let us examine some of these fine books we have added on interior decoration. If silver is your bag, you might enjoy Graham Hughes' MODERN SILVER, THROUGHOUT THE WORLD, 1890-1967, which covers the evolution of modern design from the nineteenth century, and finally into the present flowering of imagination. Another interesting volume is Brooks Palmer's TREASURY OF AMERICAN CLOCKS, containing more than 550 photographs. This book shows the principal makes of clocks and timepieces in America from the early grandfathers to those of recent times.

Barbara Bradford gives us the COMPLETE ENCYCLOPEDIA OF HOMEMAKING IDEAS. This is not just another home decorating picture book, but offers hundreds of bright and unusual decorating ideas and notions. If furniture is your main interest, we suggest Ole Wanscher's ART OF FURNITURE AND INTERIORS, which covers in detail almost 5,000 of the history of furniture and its significance in the daily life of all types of homes.

Carleton Varney's YOU AND YOUR APARTMENT is a book devoted to the living needs of young taste-conscious and budget-minded apartment dwellers. Valentine Lawford, in VOGUE'S BOOK OF HOUSES, GARDENS, PEOPLE presents houses and rooms, furniture and collections, gardens and daily lives of some of the most interesting people in America and Europe, and is complete with some 200 color plates.

Our final choice from this collection is Arthur Korn's GLASS IN MODERN ARCHITECTURE OF THE BAUHAUS PERIOD. This book was originally published in Germany in 1929, and until now, has never been published in English. It represents one of the most important records of the glass era of the Modern Movement.

We are deeply grateful to groups such as these whose gifts enable us to own titles which our regular budget could never include. Both the fields of Negro history and interior decoration are vast and extremely important to many people. We are very fortunate to have these handsome and useful additions to our collection at the Central Library.

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

"There's nothing a woman likes more than a peek into another woman's kitchen."

Taking this years ago as their premise, the Women's Auxiliary to Cottage Hospital organized a spring fund-raising Kitchen Tour. It's been one of Grosse Pointe's most popular annual events ever since.

The 1969 Cottage Hospital Kitchen Tour takes place two weeks from today, Thursday, May 15, between 1 and 5 o'clock. Here's a brief preview of some of the things Tourers will see . . .

At the Westchester road home of Dr. and Mrs. Philip J. Feringa: A "Country Plaid Kitchen," featuring a hot pink-and-green plaid wallpapered breakfast area with pecky cypress paneling and an island stove for convenience in cooking . . .

At the Three Mile drive home of Mr. and Mrs. George G. Mantho: A large "Family Kitchen" splashed with blue and white wallpaper—including the ceiling! And a trestle table, doubleblue chandeliers, a white brick floor . . .

At the Kenwood court home of Mr. and Mrs. Alfred H. Schrashun, Jr.: A beamed ceiling, authentic antiques, including a skating lamp, trivets, pewter plates, a toaster—and a gun, (the Schrashuns can always shoot their supper) . . . It really is Early American . . .

At the Lothrop road home of Mr. and Mrs. Daniel W. Goodenough: "Modern Elegance" personified, with red carpeting warming this indoor-outdoor contemporary house . . .

At the Mary street home of Mr. and Mrs. Forbes Howard: "Tea for Two" would be the perfect background music for this small kitchen, given an open look in a newly enlarged home with indoor gas grill and paneled fronts on refrigerator, oven and dishwasher . . .

At the Greenbriar lane home of Mr. and Mrs. Walter O. Loehr: A Corning Counter that cooks, an electronic oven and authentic ash cupboards, all in a "Spanish Rhythm" motif . . .

At the Cottage Hospital Nurses' Residence in Ridge road: A chair to sit on, a glass of punch to sip, a collection of home-baked goodies from which to select the dessert you'd be too-tired-out-from-Touring-to-cook-yourself-tonight . . .

General co-chairmen of the 1969 Kitchen Tour are

Show House Ready For Public Viewing

John T. Woodhouse Estate on Lake Shore Drive Completely Refurbished; Viewing Begins Next Monday

The Designers' Show House, at 325 Lake Shore drive, is a dream come true. Painters, decorators, and eager members of the Planned Parenthood League of Detroit, have spent countless hours giving the Pygmalion treatment to the John T. Woodhouse estate.

The house will be open for public viewing May 5 through May 10 and May 12 through May 17. Viewing hours are 11 o'clock through 4 o'clock.

Proceeds from the \$2.50 per person donation will be used at the eight Family Planning Clinics in Oakwood, Wayne and Macomb Counties.

Guests are requested to park at the Farms Pier, at the foot of Moross on Lake Shore drive only. No children under eight years of age are permitted.

The home was designed in 1919, by George D. Mason, who designed The Grand Hotel and Masonic Temple, and who was for many years the dean of Detroit architects. The Woodhouse residence is said to be one of his most charming creations.

He drew upon English Tudor and Renaissance sources and created a rambling, asymmetrical house which combines dignity with livability.

Members of the American Institute of Interior Designers, AIID, have completely refurbished and furnished the residence. Four of the designers are Pointers. They include Robert Clayton Callaway, of Robert C. Callaway, Interiors, William Clark of Maurice Wood Inc., Robert E. Mozena, of Mutschler Kitchens Inc., and Jack Tarpley, of William Denier and Company.

Mr. Callaway selected bright, lemon yellows for the floors and walls of the guest room-sitting room, with filmy yellow curtains and draperies in yellow print. The bookcases which contain objects of art have interior lighting. Even on a gloomy day one has the feeling of sunshine in this beautifully decorated room.

Robert E. Mozena has transformed the old kitchen into a lovely country-style kitchen that every woman dreams of. He replaced the old sink and counter and installed a stainless steel sink. The counter tops and risers are of white formica. He removed the "too small" old range hood and added a stainless steel hood of proper proportions. He then added fiber glass brick on the chimney wall. Styrofoam beams were installed on the off-white ceiling. The final touches were achieved by adding an antique chopping block, pots, pans, and a rocking chair.

Jack Tarpley gave a Country-English atmosphere to the dining room by using shades of green and adding touches of antique. The wallpaper and draperies give that Persian feeling and the carved oval rug adds the touch of warmth that every room needs.

William Clark created the Master bedroom in a Country-French flavor and monochromatic color scheme, using shades of blue with touches of cyclamen crushed velvet for accents. The walls are glazed open blue. Flower printed white linen in three shades of blue touch off the windows and are used on the dressing room wall panels and furniture. Mr. Clark's addition of Regency chairs and felt-skirted table add the final touches to a bedroom in which anyone could relax.

Throughout the two-week Open House, special events and demonstrations of jewelry making, silver work, gourmet cooking, basket weaving, needle point, Batik, crafts, and party planning, which includes building a party from the initial

Westward Ho! Expedition For Boys Still Has Openings For June 21 Departure

Boys who act now can still join the WESTWARD HO! sixteenth annual boys' exploring trip of the west, which will take off on June 21 from Grosse Pointe. Chet Sampson Travel Service is accepting reservations.

This is the same western exploring and camping expedition established by Otto C. Leu, former Grosse Pointe School Guidance Counselor, who still oversees the tour and handpicks the adult supervisors who accompany the boys.

So popular has it been in the past that thirty boys have gone for two or three years, and one boy repeated the trip each year for four years!

Both educational and entertaining, the four-week tour takes the boys, traveling in 1969 station wagons, to such places as Yellowstone National Park, the Grand Canyon, Mark Twain's home and the Tom Sawyer

cave, Colorado National Monument, Zion, Rocky Mountain, and Yosemite National Parks, Knott's Berry Farm, Disneyland, Universal Studios, Lake Tahoe, and Michigan's Upper Peninsula.

The boys set up camp in national parks, state parks, and private campgrounds; side trips from their base camps take them into historic and scenic areas where they learn about wildlife, rocks and minerals, geography and history — and have fun doing it.

Wholesome nourishing meals are cooked in the out-of-doors by an experienced cook, and a well-balanced diet is assured at all times.

Planned activities include horseback riding, hiking in the mountains and forests, swimming in the Pacific Ocean and Lake Tahoe, and exploring Mark Twain's cave. All provisions are included in the fee; the boys provide only a sleeping bag, duffel bag and spending money.

Bookings are still available for the tour, which is open to boys eleven years and up. They leave June 21 and return July 18, after four never-to-be-forgotten weeks in America's glorious West.

Reservations may be made through Chet Sampson Travel Service, 100 Kercheval Avenue, TU 5-7510.

13—REAL ESTATE FOR SALE

A CENTER entrance colonial in the Farms boasting three bedrooms on the second floor and two bathrooms. The master bedroom has a fireplace and immense bath. There is a fourth bedroom on the first floor and full bath. A block from the lake and the Pier Park.

ANOTHER colonial, but this offering has five bedrooms and three full baths on the second floor. The living room, dining room, library and breakfast room all have immediate access to the large entrance foyer. There are two staircases to the basement and second floor and a glass and covered porch with entrance from both the living room and library.

FOR THE MAN who thought he had everything, take a look at just a few of the particulars of this estate offering and you'll see what you've been missing. Placed imposingly on more than an acre of ground which was once the "far turn" of a race track frequented by the Pointe's earlier residents, this Virginia mansion was built to withstand the ages... all ages. The house has plenty of room to "escape" from the wife and kids. There is a large library, dining and living rooms, and billiard room all with fireplaces. In a few weeks the swimming pool will be filled with water, then all that will be required is several vans of furniture and your family.

SOUTHERN COLONIAL of ante-bellum tradition. Five bedrooms and a joy to behold. You will be mesmerized from the first glance at the spacious circular entrance hall with winding stairway to the last overly generous closet. Let the rest be a surprise — but one more hint. Be prepared for an unusually shaped family room with convex windows.

IN THE CITY — and just one block to the Village, comes this deceiving Cape Cod with two immense bedrooms on the second floor and another large bedroom on the first. There is a fireplace in the living room, family room, separate dining room and kitchen with plenty of eating space. The paneled basement has a recreation room, office, storage and laundry. Ready for immediate occupancy.

FOR THE FAMILY who wants two bedrooms on the first floor and another upstairs, we have another Cape Cod on Mt. Vernon. This one also has a family room and large fenced yard.

CONTEMPORARY LIVING at its finest. Could it be that at last the market offers you that house that architecturally speaks for itself and defies the rigid, traditional lines of most of the Pointe's housing? Built by one of the Country's acknowledged leaders of design, this house is tucked away in a woods setting at the end of a deadend street. There is a first floor bedroom and bath and four more bedrooms on the second floor. The main living area "flows" into a library and eating room. Nestled among the mature trees in the large backyard is a guesthouse equipped with guesthouse equipment for year-round living or entertaining. This is a one-of-a-kind offering which must be seen to be appreciated.

THIS NEW offering is a single family house on Bishop Road at Mack Avenue. Zoning permits the residence may be used as a doctor's or dentist's office which could mean the professional man could partially depreciate his home using it for business purposes. Better call for details.

Blue Devil Nine Wins and Loses
The Blue Devil baseball team split a pair of games last week as Grosse Pointe South High School defeated Wyandotte 2-0 on Friday after losing to Highland Park, 5-4, in a nine-inning affair the previous evening. The game with GPUS, scheduled for last Wednesday, was postponed because of rain.

The Parkers' three-run fifth inning in Thursday's contest tied the game at 4-4 after the Devils' starting pitcher, Gary Richardson, had held the Polar Bears in check through the first four innings. Mike Pastor also pitched for Grosse Pointe before Highland Park scored the winning run in the bottom of the ninth off Steve Katsaros, who suffered the loss for the Devils.

Bill Bailey hurled a two-hitter for Grosse Pointe in the victory over Wyandotte as the Devils played "a solid game," according to Coach George Duditch. Bob Sweeney and Mark Sabher provided the scoring punch for the Devils with RBI singles as Bailey, in his second start, pitched his best game of the season by striking out ten and walking only two. The only score came in the top of the seventh as Wyandotte loaded the bases, but failed to score as Bailey struck out the final batter.

Devil Net Team Gets Two Wins
Postponements because of rain upset last week's tennis schedule at Grosse Pointe South High School somewhat, but the Blue Devils finished the week with two BCL victories over Highland Park and Wyandotte on Thursday and Friday. Wednesday's Ann Arbor match was rained out.
Coming off a 7-0 drubbing at the hands of Cranbrook in the season opener, the Devils topped the Polar Bears 5-2.

"We probably could have won all seven matches," said Coach Donald Zysk, "but they stacked their line-up." In other words, the Parker coach attempted and was successful in salvaging a few matches by not using his best players against the Devils' top players. The Parkers' number one singles player beat John Miller (1-6, 3-6), the Devils' fourth singles player for one win.
The only other Devil defeat came when the Parkers' number one doubles team beat Grosse Pointe's second doubles, Gary Hughes and Tom Van Lokeren, in a marathon 9-11 set and then 3-6.
Terry Crockatt (6-1, 6-2), John Williams (6-0, 6-0), and Kevin Drea (6-2, 6-3) provided victories for the Blue Devils. Doubles teams Gene Turnbill and John Eckenrode (6-0, 6-0) and Scott Feringa and John Howard (2-6, 6-3, 6-3) also won their matches.

The following evening the Devils met Wyandotte at home and handed them a 7-0 thumping. None of the matches went three sets as the Devil players won easily in every match. Highlighting the match, though, was John Williams who won his fourth straight shutout set by again winning his match 6-0, 6-0.
This Thursday the Devils will play Fordson at home in a BCL contest and then go to Monroe to play the Trojans, supposedly the strongest team in the league.

Farms Little League Ready
The Seventeenth Annual Grosse Pointe Farms Little League Parade will be held Saturday, May 3, at 10 a.m. The parade route will start at Kerby Field, north to Mack, east to Moross, then south to Kercheval, west to Fisher, north to Fisher to Charlevoix, East to McKinley to Chalfonte and back to Kerby Field.
The parade will be led by the Farms fire truck, followed by the Detroit Edison Calliope and floats representing the 24 teams which comprise the three divisions of the league. The float judged a winner in each division will be awarded a prize.
A special attraction will be the attendance of Vic Wertz, former Tiger, who will act as Grand Marshall. He will appear in his old Tiger uniform.
Wertz, who came up with the Tigers in 1947, as a first baseman, has a lifetime batting average of .275. In 1955 he contracted polio and by sheer determination he was able to effect a complete recovery.
In 1956 he was voted the comeback of the year award in which he hit 32 home runs for Cleveland. Back with Detroit in 1962, he hit .324 primarily as a pinch-hitter.
The Major and Triple-A leagues will open the season with games at 1 and 3 p.m. at Kerby Field and at Grosse Pointe South High Field with Mayor William C. Butler throwing out the first ball.
Class "C" League will open its season on Monday, May 5, 1969 at Brownell Field.

Williams House Spring Tea
Another annual this-time-of-year event to which many Pointers look forward is the Williams House Invitational Spring Tea.
This year, the residential home for underprivileged teenage girls, originally a project of the Episcopal Diocese and now a Torch Drive Agency, including residents and volunteer workers of all faiths, will open its doors in East Grand boulevard to tea-goers Wednesday, May 7, from 3 until 5 o'clock.
At this party, the Senior Board of Williams House traditionally honors members of the clergy, Episcopal Church women, teachers of the girls in residence, social workers and many other interested friends.
Mrs. Tom S. Green, of Moran road, is chairman for the '69 tea. Assisting her are Mrs. Robert C. Gall, Mrs. Fred A. Kaiser, Mrs. Harold M. McCracken and Miss Louise Owen.
Members of the Senior Board will act as hostesses. At the tea table will be Mrs. Richard S. Enrich, Mrs. Archie H. Crowley, Mrs. Graham J. Graham, Mrs. Leslie Green, Mrs. Gene H. Fry, Mrs. James F. Hirschfeld, Mrs. Alfred B. Moran, II, and Mrs. Dennis Murphy.

A green and red spotted, ten-foot dragon . . . a jade green pagoda . . . an oriental bridge leading up to a fountain in front of a shju screen . . . incense burning . . . Geisha pictures framed with lilacs, and cherry blossom trees will decorate the Detroit Yacht Club, this Saturday, May 3, when members of The Junior Women's Association for the Detroit Symphony and their husbands celebrate their 30th Anniversary at the Carnation Ball.
Honorary chairman of the event is Mrs. John B. Ford. Committee chairmen include Mrs. John Bauer, general chairman; Mrs. Lincoln E. Solberg, patrons; Mrs. Eric H. Truhel, reservations; and Mrs. Gilbert G. Kurop, decorations.
Ladies helping to "build" the decorations are Mrs. Jack E. Durrwachter, Mrs. Paul A. Eagan, Mrs. Donald R. Schram and Mrs. John W. Fleck.
Festivities begin with cocktails at 7 o'clock, followed by dinner at 8:30. Eddie Schick's Orchestra will provide music for dancing.

Short and to the Pointe

Recent visitors at Rosedown Plantation and Gardens, St. Francisville, La., were MR. and MRS. GEORGE M. MILLER, of Hampton road. Rosedown is a restored plantation in the Felicianas, the region made famous by artist-naturalist John James Audubon. The Millers' visit there coincided with the peak spring bloom of century-old camellias and azaleas, some of the first ever to be planted in the South.
Local girls invited to travel to Centenary College for Women, Hackettstown, N.J., for a pre-registration and orientation conference Saturday, April 26, include PATRICIA CASEY, daughter of MR. and MRS. E. PAUL CASEY, of Rathbone place, MARY MEATHEE, daughter of the PHILIP MEATHES, of Grosse Pointe boulevard, and CATHERINE ZIMMERMANN, daughter of the KENT ZIMMERMANS, of Buckingham road.
LORINE MORAN, of Grand Marais boulevard, has submitted an original painting to the Seventh Annual Benedictine Art Awards.
CHAR BACON, daughter of MR. and MRS. ROBERT BACON, of Whittier road, SHARI STRACHAN, daughter of MR. and MRS. DONALD STRACHAN, of Neff road, and ANN L. HARDING, daughter of the W. S. HARDINGS, of Willson road, are members of Green Splash, a synchronized swimming honorary at Michigan State University. The group recently performed at the annual water show.

University School News
On Tuesday, April 15 at a special assembly program, Grosse Pointe University School Juniors, Nelson Bock, Patricia Couger, daughter of Mr. and Mrs. Warren D. Couger of 716 Berkshire, Merrill Huler, William Marcus, and John Renaud were inducted into the Cum Laude Society.
The student president of the Society, Lisa Bowers, daughter of Mr. and Mrs. John R. Bowers of 273 Touraine, presented each with a Cum Laude pin and read the citation which accompanies the induction of new members. Following the brief ceremony, the annual Cum Laude address was given by Miss Elizabeth Ferguson on the subject of Africa. Miss Ferguson is the chairman of the Foreign Language Department at the University School and is the president of the Cum Laude chapter at the school. She focused her remarks on the complex problem of language in the various African countries. In particular, she cited Swahili and with the cooperation of two senior girls, she demonstrated a bit of Swahili.
Immediately preceding the announcement of the new members of Cum Laude, Headmaster Hugh C. Riddleberger, acting on the authority of the National Merit Scholarship Corporation, informed the assembly that Lisa Bowers, Linda McPherson, daughter of Mr. and Mrs. Leroy C. McPherson of 20015 Holiday, and Christina Zukowski, daughter of Dr. and Mrs. Henry J. Zukowski of 72 North Deerparks, have advanced to finalist status in the 1968-69 merit program. He presented each of the girls with a Certificate of Merit. Those who have reached finalist status represent less than one percent of the graduating seniors in the United States.
Walter Olson, a tenth grader at the University School, traveled to New York City on the weekend of April 11, to compete in the National High School Chess Championship. The only qualification that is necessary for this tournament is that an entrant be a member of the United States Chess Federation. However, the competition is extremely keen and the 364 students who took part are among the top chess players in the country. Each contestant played eight games and in winning five of his eight games, Walter felt that he did well for his class. The winner of the tournament receives a cash award to be applied to expenses of future tournaments or the purchase of books on the subject of chess.
Senior Class president, Evelyn Cymbal, reports that the Robin Porter Memorial Fund has raised sufficient money to begin work on the garden which the senior class had chosen for its goal at the outset. Friends of the school and of the Porter family will remember that Robin was tragically killed in the crash of an Allegheny plane as she was returning home to Pennsylvania for the Christmas holidays.
The memorial which the senior class has planned will be located between the Science Building and the administration building, and it will include a small flagstone area, two or three benches and some flowers. The area will be enclosed by a small hedge and eventually the seniors hope to design or to purchase a statue of some kind which would be the central feature of the garden. Work should begin on this project later in the spring.

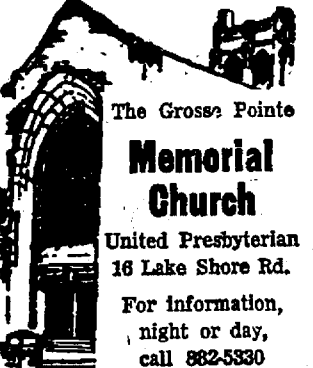

CAR BATTERY STOLEN
On Saturday, April 26, patrolling Farms police officers noticed that the hood of a new car behind the Farms Texaco, 18250 Mack, was up. Investigation showed that a 12-volt battery was missing from the 1969 Plymouth. The car is owned by Lochmoor Chrysler, 18165 Mack.

Hansel, Gretel Set for May 10
The Fine Arts Committee of The Grosse Pointe University School has arranged to present The Wayne State University Children's Theater in a production of "Hansel and Gretel" on Saturday, May 10. Two performances, at 11 o'clock and 2 o'clock, will be held in the school auditorium.
The story of "Hansel and Gretel," a perennial favorite, has been adapted for the stage by Madge Miller. It is the tale of two children and their triumph over the evil witch who has gained control of the forest.
The production, designed especially for children's audiences, runs only about an hour in length.
The play is directed by T. O. Andrus, with settings designed by Russell Smith and costumes by Stephanie Schoelze, all of the Theater staff.
The student acting company, which also acts as stage crew, includes Tom Bryant, Joseph Falzetta, William Stevens, Charles Hannum, John Yavruian, Paula Land, Elaine Goergen, Diane Burak, Ellie Lamb, Connie McMurray, Marianne Wurster and Dorothy McNaughton.
Ample parking will be available and adult supervision will be on hand throughout the production.
Chairman of the Fine Arts Committee, Mrs. Elliott Phillips and her committee, Mrs. David L. Gamble, Mrs. Gaylord W. Gillis, Jr., Mrs. William H. Klingbell, Mrs. William L. Newman and Mrs. George Bushnell, Jr., ask the community to support their venture. They hope to provide other appropriate community entertainment for youngsters in the future if the community is responsive.
Tickets at \$1 may be purchased at the door. Those interested in group tickets should call TUXEDO 4-3695.

Windmill Pointe Club Will Meet
The annual meeting of the Windmill Pointe Garden Club will be held on Wednesday, May 7, at 12:30 o'clock, in the Stanton lane residence of Mrs. Velinda Pezz.
Following luncheon, committee reports will be given and officers elected.

Indian Maidens Hold Pow-Wow
The Grosse Pointe Indian Maidens turned out in great numbers on Friday, April 18, at the War Memorial, for a "Pow-Wow" with their mothers at the Mother and Daughter Banquet.
A. Alan Smith, currently with the Indian Affairs Commission, was guest speaker. Mr. Smith showed artifacts he has gathered from years of study of the American Indian.
He also showed slides of his trip to the western states which he made with students from Harvard University. Mr. Smith's wife, Lois and their daughter, Amy, also attended the banquet. Both Mrs. Smith and Amy are active members of the Dearborn Indian Maidens.
Mrs. John M. Chase, Jr., of McMillan road, was in charge of all arrangements for the "Pow-Wow", which included an eight-candle birthday cake for her daughter, Anne Marie.
Indian Maidens are the distaff branch of the Indian Guides. To become an Indian Maiden one must be between six and nine years of age.
The girls meet with their mothers twice a month and plan field trips and "fun" times. If there is a young lady in your family who would like to join she may do so by calling Ray Fance at the Hannan Y.M.C.A.

MRS. GRANT M. HALES, OF SUNNINGDALE DRIVE

By Janet Mueller

It is, literally, like running a Small Business. As president of the Grosse Pointe Memorial Church Women's Association, Eva Hales, (yes, that's right—it's "Eva,"

Most of the money for the Association's disbursements comes courtesy of Grosse Pointe Memorial Church's biennial pre-Christmas Fair, for which ANOTHER 500 or so women join the Association's active members in creating delightful-beautiful-whimsical-charming-unique hand-made items offered for sale at an all-day, all-around-the-Church-buildings Fair Day early in November.

This is Memorial Church Fair Year. (In "even" years, the Fair is conducted at and for the benefit of Christ Church by the Christ Church Women's group.) There's a Fair Preview planned for next Thursday, May 8, at the Church.

Special orders for specific and/or personalized items will be taken at the Preview, to which everyone is invited. Samples of this year's Fair wares will be displayed then.

Back from a round of basement visits in Fair committee workers' homes, she's astounded at what those workers are accomplishing. Not that she didn't expect the best—Eve knows Fair co-chairman Audrey (Mrs. Alfred J., Jr.) Grow, Audrey (Mrs. Joseph L.) Henry and Evelene (Mrs. John S.) Mal-

wouldn't tell!" Eve keeps her promises. She's that kind of person.

The Haleses moved to Grosse Pointe when their oldest son, Grant M. Hales, Jr., was 10 years old. Young Grant's married now, father of Karen, Eve's "Christmas Present," (she was born December 19, 1968), and in the Air Force, stationed at K. I. Sawyer Air Force Base outside Marquette.

He's historian for the 410th Bombardment Wing and is also charged with Security Operation in the Base Information Office.

He was named the Base's PRIDE Airman of the Month for February.

Grant, his wife Bette, (they met while they were in college in Florida and were married two years ago in Providence, R. I.), and Karen are ensconced in a lovely new quarters on the Base. Eve helped them move from their small place in the country, hiring a U-Haul, filling it full of furniture in Grosse Pointe and taking it up to Marquette.

Two Coin Collectors Grant's a Grosse Pointe High School graduate, (he worked on the High School newspaper), a coin collector and an avid collector of stamps and First Day Covers, (the envelopes containing First Day Issue stamps). He also collects books on racing cars.

Hugh Hales, just turned 15, possessed of bright red hair, blue eyes and fair-but-freckleless skin, is a student at Grosse Pointe North High. Like Grant, he collects coins.

He also has a tremendous collection of miniature Air Force model planes. His book collection, (if you're wondering how both Hales' boys happen to have extensive book collections, it might help to know that Eve, before her marriage, was a librarian), focuses on Historical Uniforms—which is a great help in his other hobby: Making-to-scale models of lead soldiers and painting them in authentic regimental colors.

Also Collects Soldiers He collects ready-made lead soldiers, too; before he and his mother took off for a vacation in Barbados this spring, Hugh spent a day in New York looking for additions to this collection.

Hugh wants to go back to Barbados. Eve wouldn't mind a return trip, either. Before her husband's death, (he was an attorney), they'd winter-vacationed for 25 years at Fort Myers Beach, Fla.

They were regular summer vacationers as well, journeying for the past three years to Cape Cod, before that to Harbor Springs and before that—"for years"—to Grayling.

Mr. Hales was an avid antiquer and Eve shared his delight in his hobby. She's always liked to knit. "I knit every pair of socks my husband ever wore," she says. "I used to knit sweaters for Grant, Jr., and I'd knit them for Hughie—but he wants no part of anything mother makes!"

Also Knits Hangers Eve's knitted hanger covers for the Fair about as long as she's been associated with Memorial Church. She's done a lot of needlepoint too, and recently, after a lapse of approximately 15 years, tried her hand again at sewing.

"I wanted to take orange and yellow and turquoise clothes with me to Barbados," she explains, "and I couldn't find any dresses I liked in those colors in the stores. So I bought some material, and a pattern, and went to work..."

The results are four charming shifts, one with cut-out daisies stitched over its daisy-

Good Taste Favorite Recipes of People in The Know

WILD RICE AND SAUSAGE (Contributed by Mrs. Raymond Baer From The Unitarian Church Cook Book)

- ¾ cup wild rice ½ lb. sausage meat 2 cups celery, chopped 1 medium onion, chopped parsley 1 small can water chestnuts 1 medium can mushrooms 1 can mushroom soup Wash rice well in boiling water five times. Let stand in last water ½ hour. Simmer sausage with ¼ cup water and crumble. Add to sausage celery, onion, chopped parsley, cut-up water chestnuts, mushrooms including liquid, and mushroom soup. Mix all together and bake covered for 1½ hours at 350 degree. Twice recipe equals 1 lb. rice.

patterned fabric, several lined, each hemmed with a lace band. After the shifts Eve, flushed with success, decided to run up a beach robe. It, too, is a success...

But Eve Hales doesn't spend all her time in the house, keeping the family cat, Chiang Yat-Sen, company. Chiang's far too aristocratic a being to NEED company, for one thing. And Eve, who's always made it Personal Number One Rule to Be Home When Her Family Is, enjoys involvement with Outside Life—provided it doesn't interfere with Family Life—for another.

Has Many Affiliations She's on the Board of the Young Women's Home in Downtown Detroit, at Cass and Clifford. She's in a local Investment Club, "We're NOT, I assure you, making millions," she smiles, "but it's fun!"

She's a member of the Pearl Tree Chapter of Questers, the Women's City Club, the Friends of the Detroit and Grosse Pointe Public Libraries, the Mothers' Club at Grosse Pointe High School, women friends who gather every other month—it used to be every month—for dinner and conversation.

This Special Group's been meeting since 1934, before most of the women were married. "Now our children call us 'The Old Bags,'" Eve laughs. Her Memorial Church-connected activities are legion. She catalogued the books in the Church library for many years, taught Sunday School, served as second vice-president of the Women's Association before accepting the presidency last year.

Term of Innovations She'll complete her two-year presidential term at the end of this year. It's been a Term of Innovations. Under Eve's aegis, there's been a Women's Association Calling Committee set up with chairman Helen (Mrs. Ralph M.) Clark. This Committee, which works through the Parish Groups, is designed to contact all women in the Church, not just Circle members.

Amy (Mrs. Charles) Beltz is editor of the new, highly popular, Women's Association Newsletter (Mrs. Samuel C.) Turner has been appointed chairman in charge of all the Circles, so that Circle activities may become more coordinated. "Our aim," says Eve, speaking on behalf of the Women's Association, "is to bring about a more person-to-person relationship among the women of the Church. We want each woman to know she's a part of the Church and the Church Women, that she's needed and wanted and considered."

Held Dinner Meeting There's been an innovation in

Are you... a Tube Boob?... The Grosse Pointe Motion Picture and Television Council is, (most naturally, considering its name), concerned with those who are, and maybe you are, too, and even if you couldn't care less we think you'll find the title of the talk WXYZ-TV and Radio Sports Director Dave Diles plans to deliver at the Motion Picture-TV Council's Monday, May 19, luncheon meeting at the Golden Lion most intriguing... Mr. Diles has chosen as his topic: "The Boob Tube—and The Tube Boobs"... a discussion on the quality of television programming and what the viewer can do to correct the situation... The public's very much invited to call Mrs. Thomas Clark, 886-6522, or Mrs. John Dyle, 824-4539, to reserve \$3.75 per person luncheon tickets...

Nice idea... asking each guest at the surprise 25th anniversary party given in honor of Mr. and Mrs. Charles M. Wexstten, of Beaconsfield Avenue, by their daughters, Mrs. Richard Tylen and Candis Wexstten, to arrive bearing a photograph, newspaper article or something reminiscent of the early 1940's for insertion into an "Anniversary Book"... The party was held at the Detour boulevard, St. Clair Shores, home of Mr. and Mrs. Tylen on Saturday, April 19...

Newest "stars"... in the ranks of Pointe performers, duo-pianists Sara (Mrs. Ronald J.) Ladd, of Grayton road, and Janet (Mrs. Thomas I.) Young, of Lorraine road, made their local orchestra debut next Tuesday, May 6, performing Bach's Concerto No. 1 in C Minor for two pianos and strings with the Detroit Women's Symphony Orchestra... The Women's Symphony's final concert of its 22nd season begins at 8:30 o'clock in Detroit's Horace Rackham Auditorium... Violinist Emily Mutter Austin will also be featured... Sara and Janet, incidentally, are both very active in the Grosse Pointe Symphony and hold offices in the Detroit Women's Symphony.

Bachelor: Man who never Mrs. anybody. —Modern Maturity

A Minneapolis mother with five small children baked herself a cake on Labor Day with the cheery inscription: "Happy Birthday, Slave."

Some American nuns felt understandable concern over the selection of Italian actress Sophia Loren to play the leading role in a forthcoming M-G-M movie about the life of Mother Cabrini, the only American citizen to be canonized by the Roman Catholic Church. They didn't mention the awkward matter of her disputed marriage to Carlo Ponti; they didn't cluck over her earthy film roles. "Mother Cabrini," the nuns explained with admirable tact, "was a small, slender woman. Miss Loren is bulky."

On the opening day of school, aptitude tests were given to a certain eighth grade to see what the students were best suited for. It was found that they were best suited for seventh grade. —Saturday Evening Post

Women's Association programming, too: For the first time last year, the Women scheduled an evening dinner meeting, inviting the men of the Church to join them. A second such dinner meeting is planned for next October.

Eve would like to see more evening Women's Association programs. She's noted how many young wives and mothers today hold full- or part-time jobs—and she's interested in developing programs to fit their schedules.

There's a Women's Association Committee working on a new constitution and by-laws, another working on job descriptions, another on policies, a new membership chairman updating and coding the membership files. The Association's Board has been streamlined into a smaller "Core Group."

"Basically," Eve explains, "we're trying to concentrate less on meetings and more on activities."

Fair Is Autonomous The Fair is autonomous, an entity unto itself. Eve made the basic committee appointments, plus two requests: That the Fair have a Church theme, (it has, the Three Wise Men), and that, inasmuch as the major part of the Association's two-year bud-

get is derived from Fair proceeds, (approximately \$40,000), each time a committee gathers its members stop a moment, think what they are working FOR... and open their meeting with a prayer or meditation, (they do).

Eve's asked for "great big posters," charts detailing exactly where the Women's Association's money goes, so everyone will know WHY the Fair funds are so important. At the same time, she's emphasized that Fair prices must be kept down, to "the cost of materials plus a small profit," with the women donating their time and talents as their gift to the Church.

These time-and-talent donors have been more than generous. "Everyone is doing a fantastic job," Eve says. "I think of the Cookbook committee—their recent Cookbook dinner was out-of-this-world! I think of Mrs. (Joseph B.) Schlotman, and her post-Christmas party-for-the-Fair at Stonehurst..."

And we get the impression that running a Small Business is not so very difficult—when one's "employees" are of the calibre of Eve Hales.
