### Teens' Criticism of Police

(Continued from Page 1)  
 The cops had jumped out of the car and sneered at us. "You think we're joking?" (All we had been doing is telling each other what the police had said—some of the kids didn't hear him.) Before I knew it, this policeman had literally grabbed the boy standing next to me, and asked to see his identification. He showed it to him. Then the policeman asked for his license. Up to this point, none of us had said or done anything—everything had happened in too short a time to even move. I myself was stunned by the rapidness of the whole procedure. Whereupon, after the boy had given this policeman his license, two cops, each taking him by an arm, practically carried him over to the police car, frisked him, then threw him in the back seat, and drove off, with nobody knowing why he had been seized. All of this went on in front of the high school, with a good thirty or so students as witnesses.

Now I don't consider myself a trouble-maker. I've never formed a picket line or a student revolt. But I felt compelled to do something of that sort on that morning. I have never been so angered in my life as I was at the treatment of this boy. He was shoved, pushed, and treated with disrespect as I'd never seen before.

If the police want the respect of teenagers today, I'd like to suggest that they change their tactics in the way they treat them. Respect is a give and take process. How can we, and I speak for teenagers in general, respect people who have no respect for us? No human being likes to be treated like an animal. And this is the way the cops treated this boy.

If the police had asked us nicely, treated us with a small amount of civility, and given us time to react without pouncing

on us first, I don't think I, as well as others, would be so angered.

Another thing, which I might point out is, the boy the cops seized, did, in fact, have long hair. It seems to me that these are the first kids the cops always jump on.

The police around here are so brainwashed that they automatically link long-haired boys with trouble. And now the big trouble around Grosse Pointe is drugs. Seeing as these policemen are on a drug rampage, I suppose it's almost inevitable that they jump on the long-haired kids. Because everybody knows that THEY'RE the big drug users.

Again, may I offer a correction to this misconception. If they're so concerned with the misuse of drugs around here, may I suggest this. Try looking around you, adults, in all those nice fancy homes around you—even next door. Surprisingly enough, even some of the cleanest looking kids use drugs, in fact, probably more so than those who let their hair grow. The boy in question here DID have long hair, granted, but I can assure you he's not a user or a pusher. And I'm sure that's probably what the police were after in the first place.

So to the officers I salute you. You do a great job of protecting all of us here in Grosse Pointe, making it safe I'm sure, but you're doing it in the wrong way. If you get much better at pushing kids around for no reason, I'm sure a special request from Chicago appealing for your assistance at the 1972 Democratic election will be in order.

Note: Please print this in the paper. I know a lot of teenagers feel this way besides myself, and I think it's about time it was brought out into the open. I never thought the police around here were anything to complain about. I had never seen any abuse of the kids by policemen until this happened. And seeing as I feel very strongly about it and want to let other people know, the only way I could do this is through the paper.

Chief Teetart said that two of his officers were on routine patrol in the high school area of Fisher road on that date. "The area is regularly checked because we have had many incidents of immoral and indecent conduct in the area of the parking lots."

"We try to keep the students moving and get them out of the area of the school as quickly as possible after school hours, otherwise we are faced with students loitering, smoking and necking in cars."

On the particular date mentioned, my officers noticed a boy and two girls loitering in front of 369 Fisher road. The officers asked them to move. The boy did not do so. He was then asked for his identification card. He smiled, reached in his pocket, and produced an identification card with a picture of school principal, Jerry Gerich on it. He seemed to think this a very funny joke. He was then asked for his operator's license or other identification and placed under arrest for loitering. Because there were so many other students in the area shouting abusive names at the officers, my men thought it advisable to write out the violation at the City station. They took the young man to the station and issued the violation."

The Chief added that many times when officers write violations against teenagers for such charges as loitering, speeding and drag racing, other students become very abusive and often harass officers. He emphasized that the police will not and need not tolerate such actions.

### St. Paul Ready For Graduation

During the first week of June, St. Paul High School will honor its graduating Senior class.

On Sunday, June 1, there will be a Baccalaureate Mass at 8 a.m., offered by Monsignor Frank J. McPhillips. This will be followed by a breakfast for the seniors. The freshmen of St. Paul High will be the hosts at this breakfast, which is their gift to the seniors.

On Wednesday, June 4, a Senior Honors Program will be held in the school auditorium at 8 p.m. It is a traditional ceremony in which each senior is presented with a rose by a member of the Junior class. The seniors then pass on to the juniors, a torch, which symbolizes learning.

James Webb, the president of the National Honor Society, will preside at this program. Arthur A. Cerre of Rathbone place, will be the guest speaker. Sue Smolenski and Michael Ferrell will present speeches on the significance of the rose and the torch. Monsignor Frank McPhillips, who is the pastor of St. Paul's, will confer awards on the seniors as the Reverend Vincent Welch announces the achievements of each senior to the assembly.

The seniors will be graduated on Friday, June 6, at 8 p.m. in St. Paul-on-the-Lake Church. The graduates will be addressed by the Very Reverend Edward D. Burkhardt, who is the pastor of St. Veronica Church in East Detroit. Following the speech the Reverend Leonard Wallace will present the candidates, who will receive their diplomas from Monsignor Frank McPhillips.

 girl, a runaway from Warren. She was turned over to Warren police who took her to the Macomb County Youth Home.

Following the arrests, the Park detectives discovered that the two men were carrying concealed weapons, one of which was a length of chain attached to a heavy steel ball.

Subsequent investigation also linked the two with a string of burglaries in Macomb County. The credit card that Heika was asked to accept was discovered to be one of 32 credit cards stolen recently.

Follow-up investigation revealed that Rivard has been arrested eight times in the last ten months for felonies.

Rivard and Tucker are presently in the Wayne County Jail in lieu of \$3,000 bond.

 Richard R. Crandall of 528 Shoreham, complained to Woods police on Tuesday, May 20, that sometime during the night, while his car was parked in front of his house, an unknown thief stole the spare tire and wheel.

**Burglars Visit Woods Firm Again; Get Office Machines**

For the second time in less than three weeks burglars broke into the American Data Processing Company building, 19830 Mack avenue, and escaped with valuable office equipment worth several thousands of dollars.

The second breakin was reported by Jack Oliver of 3948 Harvard, Detroit, who discovered the burglary when he arrived for work at 8:44 a.m. on Thursday, May 22.

Woods Det. Cpl. Gerald Kensora and Det. Everett Plumb said that the burglars entered the building by removing two storm sashes from crank-type windows at the south side of the place, and then breaking the glass and climbing through.

It appeared, the officers said, that the thieves were interested only in office equipment, taking seven IBM electric typewriters, two electric adding machines and an office dictaphone. The

value of the items was not disclosed, but their total worth is estimated at more than \$6,000.

The burglars, after taking the machines from the various offices, loaded them either into a car or truck, at the northeast rear door. The door can be opened from inside, it was said.

The first burglary was reported on Sunday, May 4, by a woman employe, who was working late at night, and happened while she was eating an evening meal at a nearby restaurant.

The robbers, at this time, entered the building by smashing a window of a restroom at the rear of the place.

This breakin netted the burglars three electric typewriters, valued at a total of \$1,508.

The firm is owned by Frank Gille of Cook road, who, as at the time of the first burglary, was notified of the crime.

**Christine Pittel Wins High Honor**

Christine J. Pittel, daughter of Mrs. Irene R. Pittel, of 462 Shelbourne court, has been named a 1969 Presidential Scholar.

Miss Pittel is one of 121 high school seniors from throughout the country selected to receive Presidential recognition for outstanding academic achievement, leadership activities and potential for further accomplishment. The 1969 Scholars will be guests of honor at the White House on June 10.

The Scholars are selected each year by the Commission on Presidential Scholars, a panel of Americans distinguished in education and public affairs. A boy and a girl are selected from each of the 50 States, the District of Columbia and Puerto Rico. Another pair is chosen from among Americans living abroad, and 15 more are selected at large.

During a two-day stay in Washington, the 1969 Scholars will meet with legislators and government officials. At the June 10 ceremony President Nixon will present each with a bronze Presidential Scholar medalion.

In addition to attaining her excellent academic record, Miss Pittel engaged in a wide variety of extracurricular activities at Grosse Pointe South High School. She edited the school literary magazine and co-edited the yearbook. She won Scholastic Writing Awards, including a Gold Key for a short story.

Miss Pittel played the lead role in a school play and was president of the Fine Arts Club. She plays guitar and piano and sang in the church choir and in the French Choir at school. As a delegate to the American Legion Massachusetts Girls' State, she was named most valuable participant. She was also an active member of the Student Council, the Y-teens, Foreign Exchange and Pep clubs.

Miss Pittel plans to enter Wellesley this fall, majoring in English.

**Nab Youngsters For Store Theft**

Two youths, 13 and 14 years of age, tiptoed through The Black Tulip, 17011 Kercheval on Saturday, May 17 and walked out with hundreds of dollars worth of merchandise.

The theft was reported to City police by store manager, Mag Booth, who discovered the theft on Monday, May 19.

Police determined that entry was gained through the rear window of the building. The youths climbed up the back wall using the window ledge and drain pipe for leverage to the roof of a nearby flower shop.

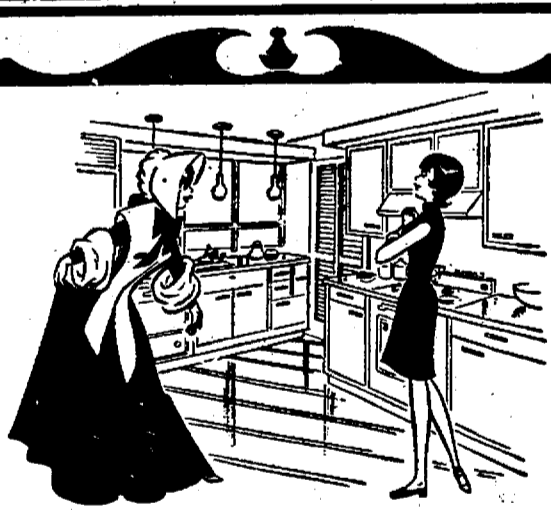

After pursuing a number of leads, one of the youths confessed to the theft. Neither of the boys have previous police records.

Among the merchandise stolen was a black light, valued at \$18, some pipes, valued at \$3 a piece, several rings, valued at a few dollars each, 200 incense sticks, bee can lighters, posters, incense burners, a number of satin blouses, some dresses, a record player, 30 long playing record albums, valued at \$100, and many other small items.

The youths had stashed the loot under the porch of one of their homes. They returned all the merchandise to the City station on Monday, May 26. Their parents were called to the station to confer with Chief Andrew C. Teetaert. The resolution of the case is still pending.

**TELLS OF GAS THEFT**

Milorco Neithofer of 1773 Prestwick, notified Woods police on Friday, May 23, that while her car was parked in the driveway alongside her house during the night, someone siphoned approximately 10 gallons of gasoline from the vehicle's tank. She said she found the lid of the gas tank open and the gauge indicator on empty. The tank had been half full, she said.

Offers to Remove Doors From Unused Refrigerators

Since 1959, a total of 418 children have died of asphyxiation after playfully entombing themselves in abandoned refrigerators and freezers.

The summer months, particularly August, are the times of the greatest incidence of such deaths.

Three-year-old Bobby Albrecht is now one of the statistics. He was discovered May 19 in the freezer section of an abandoned refrigerator six feet from his home in Chesterfield Township.

Bob Williams, of Williams Refrigeration and Heating, 14711 Harper, is trying to do something about saving the Bobby Albrechts before they have a chance to kill themselves.

To anyone in the area, Williams is offering, free of charge, to take the door or latch off any unused refrigerator or freezer.

Unitarians Hold Annual Election

The annual meeting of the Grosse Pointe Unitarian Church was held Sunday, May 25 at the church.

New officers of the church elected for one year terms are: Donald Young of Lothrop road, president; Ruben van Leeuwen of University place, vice-president; Mrs. Thomas Miller of Iroquois, secretary; and Ralph Wilgarde of Bedford road, treasurer.

New members of the board of trustees are: Robert Dupuis of Lincoln road, the past president; Dr. Robert Weiller of Berkshire road; Dr. Eli Z. Rubin of N. Rosedale Court; and Elijah Foxson of Lakeland. The board members were elected for two and four year terms.

Other board members currently serving are: Willard Solenberger of Barrington road, Mrs. Andrew Brown of Bedford road, and Erik Erikson of Oxford road.

A revision of the present constitution making it a set of by-laws and revising the quorum figure upwards from 60 to 30 percent of the congregation was passed.

Also it was decided to hire a professional fund raiser for a fall campaign.

Committee reports included the following information: New people working for the church include Nancy Birnie-Visscher as director of religious education; Mrs. Geraldine Pfeiffer as office secretary; and William Dillon as custodian.

Among the outstanding activities of the year have been worship services involving drama and dance.

Sunday evening forums have had discussions and speakers on topics ranging from law and order to financing private education.

The social responsibility committee has, among other things, supported the formation of the interfaith action center and the fair housing ordinance proposed in Grosse Pointe Farms.

Work has been and is continuing throughout the summer on the Holly Fair, set for November 13.

The ages of children lost by playing around such fatally attractive hiding places as abandoned refrigerators range from one to 12. The average age is five, and 73 percent of deaths are in the three to six group.

Whether you own an abandoned refrigerator or not, it is interesting to note the court's stand on owner responsibility.

The "Clairmont Sentinel," Pacific Beach, California, recently carried a story about a \$30,000 judgement against a couple into whose abandoned refrigerator a neighbor's boy had crawled and died.

If you have an abandoned refrigerator or freezer, call Mr. Williams and prevent adding another statistic to the list.

**City Hears Rezoning Plea**

(Continued from Page 1)  
 Describing the proposed condominiums as "very luxurious," Ecclestone said that each unit would occupy a floor space area of between 2100 and 2400 square feet. The traditionally-designed units would have air-conditioning, elevators, TV surveillance, a doorman and patio areas.

Each unit would sell for around \$70,000 to private owners; none would be rented.

They would be built with the middle-aged family in mind, for the couple whose children have moved away and who no longer want to keep up a private house.

"Would Aid Stability"  
 Ecclestone said that the completed project "would add stability to St. Clair and Neff." He also pointed out that, with few if any children in the condominiums, there would be no need for increased services from the City.

The home owners in the area then voiced their feelings. Those objecting focused on two general areas: one, that the proposed project, as opposed to single family dwellings, would have a detrimental effect on surrounding property; and two, they expressed their fears about the future effects of a zoning change.

Braundon Rogers, City Planning Consultant, thought Ecclestone's plans were well thought out, well-designed and that their completion would not have a detrimental effect on the area.

**Have Height Limit**  
 Others expressed the fear that the zoning amendment would open the door to high rise apartment buildings in the future. It was pointed out to them that the City's 35-foot height limit restriction would prevent the erection of such buildings.

Scott Bagby, who in 1962 was engaged by the City to prepare a planing guide, attended the meeting at the request of the Citizens' Advisory Committee. He also questioned whether the development would not have a detrimental effect on surrounding property values.

George Cushner, 388 St. Clair, one of the spokesmen for those opposing Ecclestone's project, asked City Attorney Richard Hinks what the effect of a petition to prevent the zoning amendment would have. Hinks said that if such a petition had signatures in excess of 20 percent of the adjacent property owners, any changes in the zon-

ing ordinance would then have to be approved by at least 75 percent of the Council.

Responding to those who wondered why the area effected by the proposed amendment could not remain zoned for either single or two family units, Ecclestone said that price structures today make such an idea economically unrealistic.

The matter will be studied by the Council and a decision made sometime in the future.

**Bus Schedule**

(Continued from Page 1)  
 The mayor appointed City Manager Robert Slone and City Attorney Richard Rohr to make the study and report to the council at the next regular meeting.

The new schedule had been posted in all Lake Shore Coach Lines buses operating in the Pointe and surrounding areas, announcing the new time schedules.

Apparently the only part of the time table the Pointers are interested in, is the following: Kercheval-Crocker Route-City Limit—first trip leaves at 7 a.m. (this was formerly 6 a.m.) and last trip at 12 midnight.

Sundays and legal holidays, no service will be operated on the Charlevoix route; only hourly services will be provided on all other routes.

**Kramer Graduates At Hospital School**

Hospitalman Apprentice Jan A. Kramer, USN, son of Mr. and Mrs. Joseph A. Kramer of 425 Madison, was graduated from the 14-week basic Hospital Corps School, San Diego, Calif.

The school is located at the Naval Training Center and is designed to train both men and women of the Navy and Coast Guard.

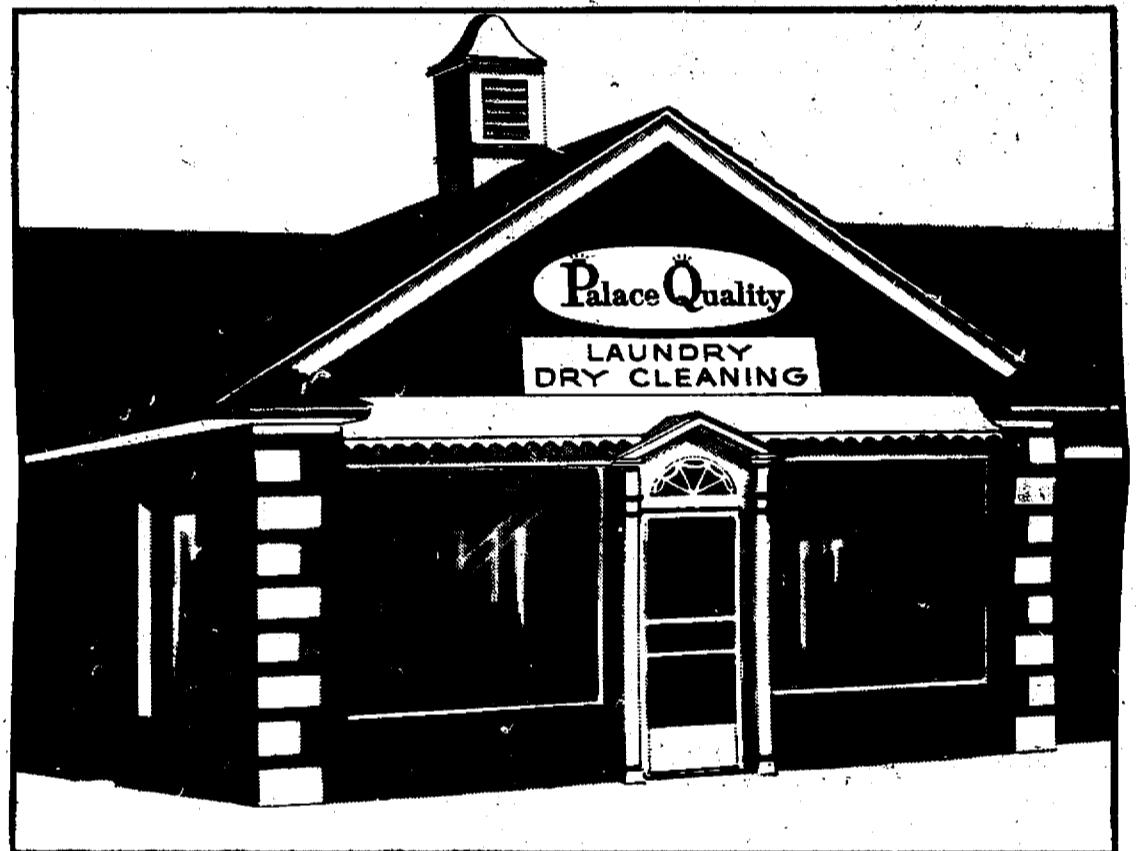

Taught by Navy nurses and senior hospital corpsmen, the curriculum covered instruction in patient care, the study of anatomy and physiology, minor surgery, the nature and prevention of communicable diseases, and the administering of medicines.

In addition to attending classes, he worked with doctors and nurses at the Balboa Naval Hospital where he put to practical use the knowledge gained in the classroom.

### Canine Shares Lunch and Lip

Timothy Scheble, 14, son of the Robert D. Schebles of 21174 Manchester, Harper Woods, required plastic surgery on his lower left lip, which was bitten by a dog belonging to a friend.

On Wednesday, May 21, Woods police were called to St. John Hospital, where they found young Scheble in the emergency room, with Mrs. Estella Rodriguez of 3021 Raymond, who had conveyed the young man to the hospital for treatment.

Mrs. Rodriguez told police that Timothy was visiting her son, John, 15, and was invited to stay for lunch.

While eating, Scheble placed a piece of hot dog in his mouth, with one end of the meat protruding, and called to the Rodriguez family's pet to take the piece from his mouth. The animal snatched at the morsel, grabbing it, and also biting off a piece of the boy's lip.

Doctors at the hospital said that plastic surgery was necessary to repair the wound.

The dog was ordered confined at the Harvey Animal Hospital in Mack avenue for the required 30 days as a precautionary measure to determine if it has rabies.

**Neighbors Pick Block Directors**

The annual meeting of the Audubon-Whittier Property Owner's Association, incorporated March 23, 1941, was held this year Thursday, May 22, at the Grosse Pointe Hunt Club. President John McKernan officiated and conducted the election of new Block Directors to serve two-year terms.

Elected from Whittier were Robert Wilmoth, who served during the past year by appointment to fill a vacancy, and Mrs. Marvin Mezger. Representing Audubon are Frank McDonald and Robert Schilling.

Continuing for a second year are Mrs. Clinton Amluxen and A. John Kirsch, from Whittier, and E.R. Wybrandt, from Audubon. Raymond Regner was appointed by the Board to a one-year term to fill a vacancy.

Outgoing directors are Mr. McKernan, Nicholas Coraci and John Colletti.

Speaker of the evening, secured by Mr. Wilmoth who made the introductions, was William L. Cahalan, Wayne County Prosecuting Attorney, who discussed the function of his office — and offered the interesting aside that 80 percent of all homicides are committed by family members or close friends, with the wife assaulting the husband eight times out of ten!

New members present, Mr. and Mrs. Paul R. Jackman,

were introduced and welcomed. Following the meeting, buffet and cocktails, the new Board elected its officers. Mr. Wilmoth will serve as president, Mr. Kirsch as vice-president and Mrs. Amluxen as secretary-treasurer.

The Association, with members residing in Audubon and Whittier between Jefferson and Kercheval, was originally organized to approve plans of new homes to be constructed so they would harmonize with other structures in the subdivision.

Members gather at the annual meeting. For four years, George F. Johnson hosted the Association potluck picnic at his landscaped yard in Whittier road; it has been suggested that this summer's picnic be held at the Three Mile Park and it's rumored Audubon members will challenge Whittier members to a baseball game. Mr. Johnson has offered his yard to the Association for a hot dog grill or box lunch gala, also planned for this summer.

Last October, the Association sponsored a harvest dinner-dance at the Gourmet House.

Members active on the Board in its early years through 1960 who still reside in the Association's four-block area include George Mehling, Dr. Edward Guenther, Dr. Floyd Straith, Dr. John G. Slevin, G.G. Ballerini, D.E. Mitchelson, Orville Thill, Kenneth Hollidge, Milton Schemm, Fred Holtz, George Helm, Harold Marsden, Clinton Amluxen, Dr. E.B. McCollum, William Fritz and George Hatie.

More are Rex Regan, Ralph Scherer, Benjamin Ambrosini, Dr. George Fisher, Frank McDonald, Wilbur Thompson, Mrs. Marvin Mezger, James Walker, Mark Valente, Jr., Charles Heller and Joseph Schnur.

**Offer Correction Of Ad Wording**

Last week's Grosse Pointe News carried a half-page, paid advertisement containing a lengthy Letter to the Editor signed by Mariana von Gruenigen. Through an error made in the composing room, three lines of type, set to correct a typographical error, were inserted in the wrong place, disrupting the context of the second paragraph of the letter. This paragraph should have read as follows:

"As a mother of two Grosse Pointe High students, one a senior, I find much to be desired not only in the subject matter being taught, but in their whole educational program. The new proposed elective courses will only compound the problems that already exist in the high school's curriculum. It is apparent there is already too much, as the John Dewey advocates would call it, 'relativism' in the high school curriculum and not enough education in depth. Is all the great literature of recorded civilization suddenly going to take a second place to the drivel of modern literature? Are our children to be encouraged in school to express themselves in the latest disk jockeese in-

stead of the admittedly best of the rhetoric of the English language?"

Awarded class honors at Marygrove College's 50th annual Honors Convocation was GERTRUDE ANN HOWELL, daughter of DR. and MRS. BERT HOWELL, of Moross road.

### Candidates Set To Address Club

The Womens' Republican Club of Grosse Pointe will hold its annual coffee on Thursday, June 5, at the Crystal Ballroom of the War Memorial. At that time candidates for the school board will be introduced. Citizens of Grosse Pointe are urged to attend the meeting and hear the views of candidates, ask questions and visit with them informally. The meeting is slated to begin at 10 o'clock.

All four candidates, William Adams, Alfred Glancy, Jr., Ronald Lucas and William Porter have agreed to attend the meeting.

The election will be held on Monday, June 9.

### Farms Submits Building Report

The Farms Building Department approved an application for the second residential construction permit in 1969, which equaled the two granted during the first four months of 1968, according to a report submitted by John DeFoe, public service director.

From January 1 through April 30, no permits for commercial constructions were applied for and none for the same period last year. The same can be said for non-assessable permits.

DeFoe's monthly report revealed that the lone permit in April was for a home at 439 Moran road, valued at \$25,000, which makes the two homes approved so far this year worth a total of \$105,000.

The two permits approved during the first four months of 1968, were for residences valued at a total of \$84,000.

Last month, the Building Department granted 13 permits for miscellaneous construction valued at a total of \$57,500, as compared to the nine okayed in April 1968 valued at a total of \$60,500.

In the first four months of 1969, a total of 38 permits for miscellaneous construction, worth a total of \$214,650 were granted; whereas, during the same time in 1968, the number of permits approved came to 21, and worth \$111,200.

The total number of permits granted so far this year comes to 40, worth \$319,650, and last year, 23, worth \$195,200.

Last month, permits were approved for the demolition of homes at 172, 182, 186, 190, and 194 Muir road.

### Center to Host New Art Exhibit

A new Art Exhibit by Ray Fleming, Cranbrook M.F.A., member of the Mercy College Art faculty and the 40 adult students in his three classes at Grosse Pointe War Memorial, will be hung in the Center's second floor art galleries beginning Sunday, June 1, with a tea from 3 to 5 p.m. The pictures will remain on view for two weeks.

In the show will be the master's own works, both in acrylics and oils, and a variety of student works, both still life and life drawings and paintings.

Among those exhibiting will be Barbara Leiter, Bill Speersneider, Mrs. Ralph McElvenny, Mrs. John Hoag, Peter Carter, Charles Fisher, Jane Schermerhorn, Richard Kelly, Mrs. James McClintock, Mrs. William Reidt, Mrs. Ann Johnson, Wesley Cotton, Mary Harris, Renee Adams, Mrs. J. D. Campbell, Betty Dunn and Irene O'Reilly.

### St. Paul Drama Club Is Active

At a recent meeting of St. Paul's Drama Club, the Harlequins discussed their plans of presenting a set of cuttings from four plays.

Each play will be student-directed. Sheila Doubles will direct "Snow White," Bob Hurley, "Arms and the Man," Helen Rabaut, "Arsenic and Old Lace," Rose LaChance will direct "The Innocents," guided by Sister Marie Dorothy. (The cast will consist of members of the Drama Class as well as members of the Drama Club. The remaining members of the club will assist on stage with scenery, costumes and lighting.)

Also, the Drama Class, members of the Senior Class, and other interested students saw "Major Barbara" at the Hillberry Theater on Thursday, April 24.

### Richard Pupils Getting Around

Recent class trips taken by groups of pupils at Richard School included journeys to Belle Isle by second grade teachers Mrs. Dolores Nique and Miss Claudia Migal. They visited the Dossin Museum and also toured the Coast Guard ship at the entrance to the island.

Claire Wilcoxon, kindergarten teacher, took her classes on a tour of local greenhouses. Hosts were the Grosse Pointe and DePetris florists. Each child was presented with a flower.

Mrs. Carol Kaloger, kindergarten teacher, took her classes to Rattee's Farm, near Roseville, on Friday, May 9. On June 3 they will visit the Belle Isle Zoo where they will have a chance to compare domestic and wild animals.

Several more Richard teachers have taken their children on trips this spring.

Barbette Firth, first grade teacher, escorted her class to Baldock State Park, on May 21. A forest ranger will accompany them on the nature trails and talk to the children about wild flowers and animals. The children had been studying natural science and making paper flowers in art in preparation.

Also studying nature are the fifth grade classes of Mrs. Lois Blackburn and Michael Johnston. These classes went to Dryden, Michigan, on May 28 for a guided tour and lecture at the Seven Ponds Conservation Project.

Mrs. Olive Wanderer, fourth grade teacher, will accompany her class on a visit to a peanut butter plant in Livonia on May 29. The trip will coincide with a nutrition unit in health studies.

Still other trips involved the classes of Mrs. Jennie Dombrowski and Mrs. Mary Owens, third grade teachers, who took their pupils to a special production, "Young Andy Jackson," presented at the Detroit Institute of Arts, on Friday, May 16. The play was coordinated with their literature studies.

On June 3 Dorothy Kotcher, third grade teacher and James Neville, fifth grade teacher, will take their classes on a visit to the Cranbrook Museum.

**Parental Advice Given by Police**

Now that summer is upon us local police chiefs have asked the NEWS to remind parents to inform their children of the hazards of speaking with strangers.

They ask parents to caution their youngsters against loitering in public restrooms and accepting rides from strangers.

Police suggest the following procedure for those children who are approached by a stranger; remember what he is wearing, what kind or color of car he is driving and the license number. Then call your local police immediately with the information.

**University School News**

The announcement has recently been made that Eileen Rose, a tenth grader at the Grosse Pointe University School, and William Marcus, an eleventh grader, have each won a first prize in the National French Contest, Division A. Miss Rose's award is at the third year level, and Mr. Marcus has won at the fourth year level. Each of these students will be awarded a medal by the French Government.

The contest in which these students participated is sponsored by the American Association of Teachers of French. With the award goes recognition of their school, and of the teacher who prepared them, Mrs. Edward T. Lynch, of 2182 Van Antwerp Road.

port of University School teams throughout the past several years. Varsity and Junior Varsity lacrosse and Varsity tennis awards were announced.

Jean Hudson, of 408 Washington, received a cup for her victory in the seventh and eighth grade tennis tournament, and Christine McNaughton received a similar cup for her win in the Upper School tennis tournament. It should be noted that Miss McNaughton becomes the first player in the school's history to win this tournament four consecutive years.

Three new members were then inducted into the Athletic Honor Society. They are Natalie Jackson, of 384 Moran, Lynn Navarro, of 169 Stephens, and Mary Starrs, of 1122 Kensington.

The awarding of special team cups was next on the program. Each year two girls are recognized from each team for their contribution to the team in effort and sportsmanship. Winner of the eighth grade red team cup this year was Lynn Carruthers, of 518 Lakeland; for the blue team the eighth grade winner was Jaye Rieser. The Upper School winner for the red team was Debby Cunningham; and the blue team sportsmanship cup went to Lynne Navarro.

Perhaps the highlight of the evening each year is the awarding of the Richardson Cup, which goes to that girl who throughout her years at the University School has contributed the most to the sports program through participation, leadership, and sportsmanship. This is the highest award that a girl can receive in athletics at the school, and this year it went to Christine McNaughton. One of Miss McNaughton's ac-

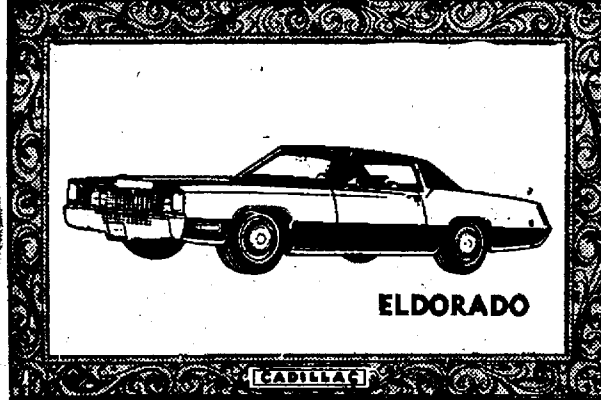

complishments has already been mentioned; it should also be noted that she won varsity recognition for three years in basketball, and for four years in each of hockey, volleyball and tennis.

The evening concluded with the announcements of the new Athletic Council representatives for the year 1969-70. They are: Julie Lesesne, of 530 Oxford road, representing the eighth grade; Carey Sales, of 1033 Audubon, for the ninth grade; and Margaret McNaughton, Christine's sister, representing the tenth grade.

Captain of next year's red team will be Janet Bachrach, of 17515 E. Jefferson, and the red team manager will be Sharon Kelly, of 154 Stephens road. Next year's blue team captain will be Hadley Mack, of 208

Country Club Drive, and the blue team manager will be Elizabeth Ballantyne, of 308 Tour-Starrs. The president of the 1969-70 Athletic Council will be Mary Starrs.

On Monday evening, May 26, also in the main auditorium, the Middle School held its Night of Music. The Middle Schoolers featured similar variety in their orchestral and choral performances. The band played a march, a waltz, and an overture by Franz Suppe among its numbers. The glee club sang several spirituals as well as a song from the talented pens of Sammy Cahn and Jimmy Van Heusen. As an encore performance the Younger Generation also sang at this occasion.

The music program at the University School is directed by Mrs. James Kelley, of 316 Cloverly road.

The annual Girl's Athletic Banquet was held at the Grosse Pointe University School on Thursday evening, May 22. After dinner the awards portion of the evening was initiated by Christine McNaughton of 836 Edgemont Park, the president of the Girl's Athletic Council.

Movies of all activities were shown, followed by awards to fall and winter sports participants. Varsity and Junior Varsity letters and pins were given in hockey, volleyball, basketball, cheerleading and skating.

On behalf of the Athletic Council and of all of the girls, Miss McNaughton presented a special gift to Miss Clare Lockhart, chairman of the Department of English at the school, who is leaving in June to teach in New Jersey. Miss Lockhart was recognized as a faithful and enthusiastic supporter of all athletic teams at the school.

Movies were then shown of spring activities, tennis and lacrosse, following which flower baskets were presented to Mrs. William N. Swan, Jr. of 312 Cloverly road, and Mrs. Roy M. Tolleson, Jr. of 165 Kenwood road, for their enthusiastic sup-

## From Another Pointe of View

Looking for a different way to spend a Sunday afternoon? Dr. Edmond Gostine's Balfour road home will be the scene of a something-for-everyone lawn party Sunday, June 8, with the "something" including a fashion show for men as well as women, music, prizes, refreshments, the constant presence of caricaturist Charles Kohl...

And anything else almost 400 members of the Hope Ship League, that mushrooming organization of young marrieds AND singles—isn't it nice to find a group in which Pairs and Units of both sexes really DO mingle?—can dream up between now and party day may be added to the list of "somethings" at a moment's notice.

There'll be celebrities there, (no, we're not going to say Who—they're for you to discover on the lawn), and lots of sunshine.

"My husband," explains Judy (Mrs. Roger) Bailey, of Fisher road, who dropped by to tell us about the party, "is a New Englander. New Englanders always go by the Farmer's Almanac, and it's promised us wonderful weather on the 8th."

Now Roger Bailey may be an incurable optimist, but some Almanac unbeliever on the invitations committee saw to it that there's a small starred sentence way down at the bottom of each one: "Party will be cancelled if it rains."

But we'll go with Roger... A rainy June 8 is inconceivable!

Proceeds from the affair, (admission donation is \$2), will go directly to the hospital ship S.S. Hope. That's where all proceeds from Hope Ship League activities always go.

Carol Roller, of Roslyn road, is chairman of the 2 to 5 o'clock event.

Ours isn't. Our hair sprays hold without being gooky or gummy or anything like that. In fact, our hair sprays are so nice they even condition as they control. So that means your hair still feels pretty. And silky. And natural. Still ripples sweetly in a breeze. And he still likes running his hands through it. the Congregation of Sisters, thereby ex officio becoming board members.

The new board now numbers 17 members, 12 of whom are lay, five religious, and the board is committed to build to a 21 membership of whom five will be religious.

"The board of trustees is now restructured as a result of a study which has gone on for the past three years," Mother Benedicta said.

## Gala 'Happening' Benefit Planned

The curtain rises Monday evening, June 16, on a "Benefit Gala Happening" sponsored by the Women's Committee of the Grosse Pointe Symphony, with profits going to the Orchestra.

This "Happening" will be staged at the Grosse Pointe War Memorial. It begins at 8:30 o'clock with a performance by the Grosse Pointe Theatre of "Fiorello," the musical story of New York's peppery little Mayor LaGuardia and his struggle with Tammany Hall, in Fries Auditorium.

This will be followed by an Afterglow on the War Memorial's lakeside terrace. Guests are invited to meet the cast of the show, take refreshments and enjoy the beauty of the colorfully lit gardens.

The Women's Committee of the Grosse Pointe Symphony traditionally holds two fund-raisers each year for their Orchestra, one in the fall and one in late spring. Hopefully, this June 16 package of Fiorello-plus-Afterglow will garner a sizeable sum for the local Symphony group.

(Continued from Page 13)

**Not so the Detroit Review Club:** This year, June ushers in parties on the East and West sides of town for DRC members.

They'll celebrate the beginning of DRC's 78th-79th birthday year at their annual June luncheon to be held in the Detroit Boat Club next Wednesday. And they'll gather for a benefit tea two Wednesdays later, June 18, in the Farmington home of Mrs. Llewellyn Shippee.

Mrs. N. Conner Gunn, DRC's president, will be official hostess for the formal gala. Three Pointe ladies are among those chosen to serve on the Club's new Board of Directors: Mrs. Charles F. Brundell as treasurer and Mrs. Robert G. Kales and Mrs. Aaron E. Wilcox, both DRC past-presidents, as directors.

In charge of arrangements for the luncheon are Mrs. Wynn Wakeman, Mrs. Wayne Garrett, Mrs. Marion Cramer and Mrs. Robert Harris. Mrs. Robert Gerisch will introduce the "program," Canadian singer Ray Buchanan, who'll present a medley of show tunes from Oklahoma, Gigi and Camelot accompanied by pianist Nini Santa.

DRC's newly-elected Board of Directors and committee members will act as hostesses during the June 18 tea. Among local ladies who plan to travel 'cross-town for the party are Mrs. William Bundesen, Mrs. Marvin Dahnke, Mrs. Fred Kretschmar, Mrs. William O'Neill Kronner and Mrs. Emil Traum.

More are the Mesdames Tom Walworth, George B. Wreith, Roy Buchanan, C. D. Chapin, C. Hadley Wheeler, Benjamin Springborn, William Lehmann, Edward Middleton, Charles Hauer, Richard Stebbins, William Nixon, William Oddy, William O'Reilly, Sterling Richart, Frank Scott Perkins, James Gwatkin, Robert Harris, Norman Burau, George Fead, Edith Jackson, L. James Keller, Burt Greiner, Harold Kahl, Arthur Rice and Irma Webber.

And still MORE, \* \* \* advise any Pointer planning a day in the country out Farmington way either to avoid June 18 or plan on leaving well before tea time and drive back after dinner—that expressway will be crowded enough! are Mrs. George Roumell, Mrs. Earl Walke, Mrs. Wakeman, Mrs. Beulah Crockett, Mrs. Frank Garceau, Mrs. James Giblin, Mrs. Jacques Gray, Mrs. Frank M. Townsend, Mrs. W. Richard Ralph, Mrs. John Goodman, Mrs. Howard Morse, Mrs. Arthur Hurd, Mrs. Otto Robert Neumann, Mrs. Ernest Ray, Mrs. H. Lloyd Patterson, Mrs. Herbert Ralph, Mrs. R. B. Koehler, Mrs. Carl J. Pitt and the Misses Frances Hibbard, Lisette Hubel and Margaret Lamont.

## A Tea On This Side Of Town

Speaking of teas... there's one planned for Thursday, June 12, right here in The Pointe, in the lovely Provencal road home of Mr. and Mrs. Emmet Tracy.

The party is being sponsored by the Monastery of the Blessed Sacrament Guild, with all proceeds to be used for the maintenance and general support of the Sisters and the Monastery, (THAT's located in Farmington—fortunately, for its this-side-of-town supporters, the Tracys aren't).

## "Whoozit" How Could You!

Write an item about Clete L. Boyle, of Greenbrier Lane, honored at a dinner meeting last month on his 50th anniversary as a member of the American Chemical Society, AND NOT EVEN MENTION the other 50-year ACS honoree, (there were only two in the entire Detroit area this year), distinguished author, pioneer in the study of automotive fuel composition and engine combustion, recipient of the Detroit Section of the ACS' first Thomas Midgely award, of the Horning Medal for meritorious achievement in engineering from Ohio State University (1939), of numerous other awards, honors and citations?

We're speaking of course of Dr. Thomas A. Boyd, of Harvard road.

Our heartiest congratulations—and apologies—to Dr. Boyd.

## Seat Pettipointe Quester Officers

Members of the Pettipointe Chapter of Questers gathered Wednesday, May 21, in the North Oxford road home of Mrs. George Hofmeister for their final meeting of the year at which they installed officers for the 1969-70 season.

President of the group is Mrs. John Ryan. Mrs. Henry Cornillie will serve as first vice-president, Mrs. Paul Wehmeier as second vice-president and program chairman, Mrs. Frank Seaver as corresponding secretary, Mrs. Alex Domin as recording secretary, Mrs. Richard Weinberg as treasurer, Mrs. Neil Hayes as historian and Mrs. Gilder Jackson, III, as publicity chairman.

## Pharmacy Topics

The Canadian Medical Journal points out that widowers are far more prone to coronary disease than men whose wives are still around. The "broken heart" theory may be valid.

For a new baby, make a date with the doctor for DTP (diphtheria, tetanus toxoids, pertussis vaccine combined). Start immunization at two to three months of age.

Children do not usually die from measles in the U.S.A. But the frequency of death is 138 times as great in Chile, 189 times in Guatemala, 418 in Ecuador.

Every 45 seconds someone in the United States — usually over 50 — has a heart attack. Cholesterol, a fatty waxlike substance in the blood which coats the inner walls of the arteries, appears to be one of the main causes. Medical research is developing drugs to reduce the cholesterol in the blood stream.

That long-haired college boy next door may be involved in research worth millions of dollars. Indiana University gets \$100,000 a year for having developed the stannous fluoride in Crest toothpaste. The University of Wisconsin has received \$43 million for the synthesis of vitamin D. IBM has granted Massachusetts Institute of Technology \$13 million for research.
