LOS ANGELES MAYOR Sam Yorty unexpectedly defeated City Councilman Thomas Bradley in Wednesday's mayoral race. A record 80 percent of the voters turned out at the polls, 53 percent of them casting their ballots for Yorty. Some observers say Yorty won by emphasizing the basic fears of white conservatives: A breakdown of law and order, militancy, communism and black people.

IN QUITO, ECUADOR, a police vanguard forced a path for Nelson A. Rockefeller's motorcade through stone-throwing student mobs Thursday as the New York governor's arrival sparked some of the worst rioting of his Latin-American tour. The mobs hurled blazing gasoline bombs at the United States Information Service center and set off dynamite at the American-Ecuadorean Binaficial Center. A 60-year-old man was reported to have suffocated from tear gas. Three American newsmen were attacked and injured slightly by students. Rockefeller was guarded heavily and the disorders never came near him.

Saturday, May 31

ARMY TROOPS opened fire on a column of a thousand workers and students in the riot-ravaged city of Cordoba, Argentina, Friday as a 24-hour general strike paralyzed most of the country. The workers and students were fired on as they tried to march two miles from a suburb to the center of Cordoba, occupied by thousands of army paratroopers.

Sunday, June 1

SENATOR EDWARD M. KENNEDY, D-Mass., stepped up his assault on President Nixon's Vietnam policy Saturday. Kennedy lashed out at President Nguyen Van Thieu of South Vietnam. He said, "Thieu doesn't help the cause of peace by lobbying in South Korea and Formosa, nations where we spend billions for defense, against President Nixon's peace plan."

Monday, June 2

A SERIES OF thunderstorms, some of them severe, swept through Detroit and southeastern Michigan Sunday night. Trees were sheared off and streets flooded in the Michigan-Livernois area. Other trees were reported down at Concord at East Jefferson. The heavy rains and wind squalls up to 35 miles an hour pelted Metro Airport, and a sister storm felled trees and wires in Flat Rock.

FRENCHMEN VOTED Sunday and sent Georges Pompidou, the former premier, and Alain Poper, the interim president, into a run-off presidential election June 15 in which communist votes could decide which of the two middle-of-the-road candidates would replace Charles de Gaulle. Pompidou polled nearly 45 percent of the votes and Poper received 23.6 percent.

Tuesday, June 3

THE NAVY REPORTED TODAY that 56 U.S. sailors were missing and one was dead following a collision between the USS Frank E. Evans, a destroyer, and an Australian aircraft carrier. The Navy rescued 216 of a crew of 273. Half of the destroyer, sliced in half by the collision, sank two minutes after impact. Both ships were participating in maneuvers of the Southeast Asia Treaty Organization (SEATO) in the South China Sea.

THE DETROIT SYMPHONY Orchestra and striking musicians reached agreement on Monday on a new contract. Details of the agreement were not revealed, but it was indicated that changes made in a contract rejected by the musicians on Sunday were mostly economic ones. The union will vote on the new proposal this evening.

Sex Education Anderson Outlines Attitude Of School Administration To Family Life Education

Parents, Students, Curriculum Study Committee Members, and Psychiatrists Heard

Members of the audience at the regular meeting of the Board of Education on Monday, June 2, actively participated in an intelligent exchange of ideas regarding the teaching of sex education in the schools.

Mrs. Marion Baal, who indicated that she was not over 40 years of age, or a John Birchler, but still opposed to sex education in the schools, said that it should be made perfectly clear to parents of children in the school system that according to law parents have the right to request that their children be excused from any session where sex is discussed, if the parents so desire.

School Superintendent Theos Anderson agreed with her statement and indicated that in the future parents would be notified when the subject is to be discussed during regular class sessions and at that time may request that their children be excused.

Parents Invited to Information Day At All Public Schools Tomorrow; Richard Kay, Director of Community Services, Explains His Relationship with SIECUS

Dr. Theos I. Anderson, Superintendent of the Grosse Pointe Public School System, on Monday, June 2, at the regular meeting of the Board of Education invited interested parents to attend a special Parent's Information Day at all public schools on Friday, June 6, during regular school hours.

At that time, parents will have the opportunity to ask questions or make comments on the current instructional material being used in the school system on Family Life Education. The principals of each elementary school and the assistant principals of instruction at each middle school and senior high school will be available to answer questions.

Can Preview Films

Parents who wish to preview any of the films or filmstrips presently owned by the school system may do so by calling the Audio-Visual Center at 104 Kerby road, 884-9104. A complete listing of films rented and exchanged for all programs during the current year will also be available.

Dr. Anderson took this opportunity to clearly outline the administration's attitude toward, and plans for, Family Life Education in the school system. He said that much of our local controversy over this program

developed as a result of misunderstanding.

He then proceeded to clear up any misconceptions by emphasizing that the administration does not subscribe to any philosophy or specific program in Health and Safety Education. He added that a program must be developed and accepted which best meets the uniqueness of our schools and community.

Study Underway

He explained that in the preceding months, as part of a very large curriculum study project involving 17 curricular areas, a group of people, including staff members and any local citizens who were interested in being part of the group, has been studying a kindergarten through grade twelve program in Health and Safety Education.

He said that to pre-empt this

Boys And Booze Bad Mixture

A Woodland place resident called City police on Sunday, June 1, to report four boys who apparently had been drinking running around a neighbor's house.

On arrival, officers spoke to the four youths who had been visiting a girl in the area. The girl's mother told officers she was not aware the boys had been drinking and she did not want them around the house.

Investigation revealed that one of the youths had hidden a bottle of liquor inside the doorway of the home when he saw the police arrive. The same youth told officers he had stolen two bottles of liquor from his home.

The boys were taken to the City station where police notified their parents. They were all charged as minors in possession of alcoholic beverages. One youth was turned over to Wayne County Juvenile, since his parents told police he was uncontrollable.

Farms Solons Okay Kerby Field Project

Improvements Recommended by Recreation Committee to be Done Over Four-Year Period

At its regular meeting held on Monday, June 2, the Farms council approved proposed improvements for Kerby Field, Kerby and Chalfonte, with the costs to be spread over a four-year period. Total cost of the project is estimated at more than \$75,000.

City Manager Andrew Bremer, Jr., was authorized to prepare plans, specifications and engineering estimate costs for the complete program and present them to the council in six weeks.

The field improvements were studied and recommended by the Recreation Committee appointed by Mayor William Butler in November 1967. The proposals submitted were about the same as those given to the council in May of 1968, except plans do not call for tennis courts, which were installed at the Municipal Pier-Park with the Roland Gray Youth Fund and the city sharing the cost.

Committee Re-Activated

The committee was deactivated following the 1968 study and proposals and then reactivated again earlier this year by the mayor, with the same people involved. They are:

Councilman Richard Hudson, chairman; and Mrs. Nancy Waugaman, now on the city council and still a member of the committee; Dean Riddle, Robert Weyhing and H. Gordon Wood. Their efforts in behalf of the community were commended by Mayor Butler at Monday night's meeting.

The committee recommended a new building to replace the existing inadequate and antiquated fieldhouse, a multi-purpose paved area, complete fencing, relocation and rebuilding of the present middle baseball diamond, an additional 60-foot diamond, improvement of the east diamond, improved drainage for all diamonds, a younger children's play area and improved lighting and landscaping.

More Supervision
Hudson said that his committee also recommends improved supervision of activities on all the fields and parks.

Center Campaign Still \$4,600 Short At Deadline Date

Follow-Up Efforts Will Be Continued for Several More Weeks; Emphasize Broad Base of Participation; No Gift Too Small

Grosse Pointe War Memorial's 20th Anniversary Family Participation Campaign received \$80,397.93 from 4,971 donors by the Memorial weekend which was the target for the drive. This is \$4,600 short of the amount needed to operate in the new fiscal year beginning August 1, even with all anticipated revenues from services and activities and income from invested endowment taken into consideration.

William G. Croul, chairman of this year's campaign, and the entire Board of Directors of the Center feel confident that the needed monies are on the way in and many pledges to this effect have been given.

The Center's staff is continuing its follow up effort and receipts are continuing to come in.

No Gift Too Small
Hopefully a week or two more of effort will bring in the needed amount.

It is emphasized that no gift is too small—that a broad base of participation is wanted so that the largest possible numbers of the community are active parts of the Memorial Community Center.

David W. Kandall, president of the Board of Directors, wishes to thank the nearly 5,000 families who have contributed so far—and brought the goal almost within sight. Recent donors include:

B. R. Thomas, Mr. & Mrs. Donald E. Tobin, Mrs. Charles Todd, Jr., Mr. & Mrs. C. F. Turpin, Dr. & Mrs. William Urbanec, Walter Verpoort, Herman C. Voigt, Welcome Wagon Club of Grosse Pointe, Mr. & Mrs. Cletus J. Welling, Mr. & Mrs. F. Harry Wheatley, Mr. & Mrs. Robert L. White, Mrs. Elizabeth Whyte, Herbert P. Winkler Family, Genevieve M. Wilson, Dr. Ralph F. Woodbury, Miss Mary Woodruff, Mrs. Philip I. Worcester, Mr. & Mrs. Clem Zmyslowski, Mr. and Mrs. Donald H. Zysk.

Thieves Steal Village Flags

"Oh, say does that Star Spangled Banner yet wave..." NO, not if it was flown on Kercheval between Cadieux and Neff on Memorial Day.

Last week the Ladies Auxiliary to General R.A. and Colonel F.M. Alger Post 995 presented the Grosse Pointe Merchants Association with 50 flags to fly in The Village on legal holidays. City policemen worked diligently to place brackets on the parking meters in which to insert the flags.

Friday was the first legal holiday. The 50 flags were inserted that morning. They looked beautiful. By late afternoon only 35 flags were flying; some 15 had been removed by pranksters—no, let's tell it like it is... by thieves, who apparently have little or no respect for their flag, their country, their community or themselves.

Have we here in The Pointe really come to this?

After-Hours Thief Visits Woods Department Store

A thief, believed to have remained in the J. C. Penney Department Store, 19251 Mack avenue, until the place was locked after business hours on Saturday, May 31, broke into a showcase and stole articles valued at more than \$585. Woods police were informed.

A report of the theft was made on Monday, June 2, by Frank Golds, the store manager, who stated that the burglary was discovered by Troy Smith of Lincoln Park when Smith arrived for work that morning.

Investigating officers said that the thief, or thieves, apparently remained in the store until it was closed, since there was no evidence of a forced entry.

Escape, with the loot, was made through the trap door in the roof. The thief broke the

FENCES APPROVED

In appeal decisions, the Farms council, sitting in as a Board of Appeals on Monday, June 2, approved a six-foot high stockade paling wood fence to be installed on the property of Mrs. N. DeCamp, 195 Kercheval, and a similar type fence to be erected on the property of Mr. and Mrs. Sam A. Craciolo, 158 Kenwood road.

Boat Party Ends At Police Station

Frank Schieman, guard at the Norbert P. Neff Park, called City police on Saturday, May 31, to report he was having difficulty with three boys.

Officers were immediately dispatched to the City Park where they were met by Mr. Schieman who said that the boys were smoking cigarettes and speaking loudly while lying on the floor of a boat docked at the Park. He asked them their names and they refused to answer him.

The officers approached the 17-foot Glastron boat and found the boys on the floor. One of them produced the boat registration and said it belonged to his father.

The youth told officers that he had permission to use the docking facility from his owner and that his boat ordinarily was docked at the City of Grosse Pointe Park.

The guard told officers that the youth did not have the owner's permission to use the facility. The boys were asked to leave the boat and the officers checked same and found a partially consumed bottle of wine, one empty beer can and one full beer can. The boys admitted drinking.

They were taken to the station and charged as minors in possession of alcoholic beverages. Their parents were called and they were turned over to them.

MOTOR STOLEN

The theft of an outboard motor was reported to Farms police on Saturday, May 31, by Dr. Robert Rentenbach, 44 Beverly road. The six-horsepower motor was chained to his sailboat docked in a well at the Crescent Sail Club, 276 Lakeshore. The value of the stolen motor was set at \$275.

Kerby Field Improvements

 ing of undesired uses.
 It is proposed that the first phase of the improvement be the construction of the new fieldhouse, during the 1969-70 fiscal year, at an estimated cost of \$25,000.
 In 1970-71, another \$25,000 will be expended for a multi-purpose area (\$10,000): fencing-completely enclosing the field (\$10,000); and rebuilding and relocating a 160-foot diamond (\$5,000).
 The 1971-72 expenditure calls for \$25,000, of which \$4,000 will be used to improve the east 180-

foot diamond; \$12,000 for drainage for all diamonds; \$7,000 for the installation of a new diamond; and \$2,000 be spent to install a tot play area.
 The 1972-73 year should see improved lighting, landscaping and other installations, the costs of which have not yet been determined.
 The mayor expressed his appreciation to the committee for its efforts and time in studying the field improvements, which, he pointed out, are badly needed.

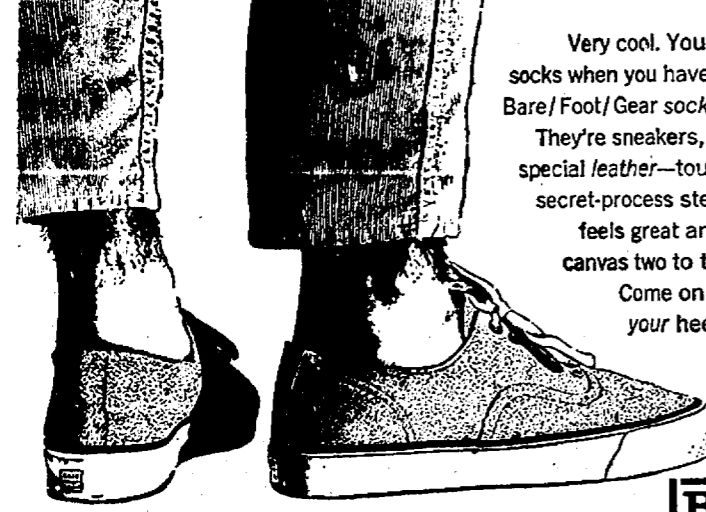

Sex Education

(Continued from Page 1)
 merly being a member of Friends of the Grosse Pointe Schools, asked those present with any reasonable facts or questions which they would like presented to the Committee to contact her through John Hamel, principal of Monteith School, and she would be happy to carry the information to the committee.
 Dr. Frank Parcells, former president of the Board of Education and a psychiatrist, asked Board members and the administration not to take a sheepish, apologetic approach to incorporating sex education in the curriculum because of the recent controversy.
 He stressed the importance of including students in the planning of this type of education. He said that sex education has been done inadequately but tactfully so no child has been mentally traumatized. He said that since parents have the right to remove children from any program such as this that the administration should consider a program for the majority.
 Psychiatrist Speaks
 Dr. Douglas Sargent, psychiatrist, then was recognized. He said "it is a sober note of fact that most persons involved with psychiatric illness have had little or no sex education."
 He went on to say that most children are less disturbed with the facts of life than are their parents. He expressed his displeasure over the necessity of teachers having to waste their time defending themselves against what he called "phony charges."
 Dr. Callier Worrell, president of the Family Life Education Council, then was recognized. He said he attended some of the local meetings and was shocked at the misinformation and pornography he saw.
 He said prior to Dr. Mary Calderone's visit here, he personally went to New York and looked through SIECUS files and found no pornography among their materials.
 Disproves Statement
 He then proceeded to disprove a statement printed in literature recently distributed in The Pointe, which stated that after sex education was intro-

duced in Anaheim, Cal. schools some 300 girls became pregnant in one year. The information he studied showed 26 pregnant girls.
 He added the following statistical information: The illegitimacy rate in Anaheim was 2.93 per thousand population, as compared to the rate for the entire state of California of 9.3 per thousand population.
 He closed by saying that he was leaving material in the back of the room that was an example of what Dr. Calderone tells young people. He asked the audience to take the material home and judge for themselves.
 Also participating in the discussion was Fatima Ismail, a

senior at Grosse Pointe South High school, who asked Board members to support progressive education.

Bus Schedule Change

(Continued from Page 1)
venue returns indicate there is no demand for this service at the 6 a.m. time on Sundays and legal holidays, and this service has been removed where it will affect the least number of people.

The company president said that because of the big loss in revenue he has taken a \$6,000 annual cut in salary to help keep the bus line in operation and on a sound financial basis.

He said that the new schedule calls for only hourly service on all routes, including that of the Kercheval-Crocker route, with the first trip leaving the city limits at 7 a.m. and the last trip at 12 midnight. At Crocker, the first trip leaves at 8 p.m., and the last trip at 12:40 a.m. No service will be operated on the Charlevoix route.

At a regular meeting held on Monday, May 26, the Park council received and placed on file a petition bearing 212 names of residents, asking the council to intercede with the bus line officials to restore the Sunday-holi-

day earlier bus schedule.

The petition drive was spearheaded by Mrs. Hazel Stewart, of 881 Nottingham, and Mrs. Mary Kelch, of 940 Beaconsfield.

Mayor Matthew Paterson appointed City Manager Robert Stone and City Attorney Richard Rohr to study the matter and make a report at the next meeting of the council.

Woods Resident Robbed Friday

Woods police are investigating a strong-arm robbery reported by a Woods resident on Friday, May 30, during the early hours of the morning.

The resident, Gary Johns, 22, of 1239 Brys, said that he was driving east on Lochmoor boulevard at about 2:30 a.m. and had stopped for a stop sign at the Holiday road intersection when a car with three occupants pulled up alongside him.

The alleged victim said that the trio got out of their auto and approached. Johns said that he locked his car from the inside, but one of the men smashed his front window, unlocked the door, struck him on the head and took his wallet, removed a money order and a check and tossed the wallet back and drove off.

Johns said that he had expected the three wanted to ask him questions. He did not state if he was knocked unconscious by the blow. The thieves took a money order check made out to him in the amount of \$50 and a check, also made out to him, in the amount of \$22, the victim said.

Johns said that the trio had been in a '63 Chevrolet. He said that the three men were each six feet or taller, all were of average build, and each had average length dark hair and were wearing casual clothing.

Closed Campus For North High

The Grosse Pointe Board of Education on Monday, June 2, once again refused the request for a Modified Open Campus at North High School. This was the second time the Board had considered the matter with the same result.

The gymnasium at Monteith School was filled with interested North High students who, though disappointed, took the refusal with good grace.

School Superintendent Theos I. Anderson told those present that he thought the request for a Modified Open Campus was premature and that the school should be in operation another year before any such decision should be considered.

He recommended that the Board continue the present closed campus noon hour at both high schools.

The board voted unanimously to concur with his recommendation. The trustees reiterated the reasons for their refusal, which included the problems which would be created by increased pedestrian and vehicular traffic, increased litter, and the fact that North High was originally designed for a closed campus.

Jaycees' Track Meet Scheduled

Grosse Pointe area boys between the ages of 15 and 18 will have a unique opportunity to compete in a community-wide track meet on Saturday, June 7, at the South High School track.

The meet is being sponsored by the Grosse Pointe Jaycees in connection with the National Jaycees' Junior Champ Program.

The winners from the Grosse Pointe meet will be eligible to compete for the state championship against winners from other cities around the state. The state champions then will compete in the National Junior Champ Track Meet to be held in Minneapolis, Minn.

This is the first time that Grosse Pointe has had a meet in which boys from all the schools can compete at one time. It will also be the first time that The Pointe has had the opportunity for local boys to compete nationally in track and field events.

Applications to enter the meet on June 7 can be obtained from coaches at North and South High, Austin, GPUS and St. Paul.

The meet is scheduled to begin at 1 p.m.

group of people, who have worked so hard in an attempt to make a contribution, would be grossly unfair to them.
However, he said he agreed with the statement of the permanent Joint Committee of the National School Boards Association and the American Association of School Administrators which said: "The Joint Committee is unanimous in its firm belief that the only effective way in which the school can fulfill its responsibility for meeting the health needs of youth is through a comprehensive program of Health Education in grades kindergarten through 12."

Four Areas
Dr. Anderson said that the Health and Safety Education Committee of our system views the program as four interrelated areas: Personal Safety, Substance Abuse (narcotics), Physical Health and Family Life Education.
He then outlined the committee's tasks which include the development of system-wide educational objectives; development of a program which includes rationale, the K-12 content, the role of the teacher and the criteria for learning materials; the presentation of the program to a panel of reactors; modification of the program if necessary; presentation of the program to the Board of Education; modification of the pro-

gram again if necessary; and finally implementation of the program so that it includes change strategies, in-service training and recommended learning materials to the Board of Education.

First Step Completed
He said the committee has completed the first step. Step two, the development of a program, is still in the working stage.
To date the committee has completed a draft in some subject areas which already exist in the program, such as Driver Education and some aspects of Substance Abuse education. He emphasized that the defining of the role of the teacher and the development of criteria for the selection of learning materials cannot begin until the other tasks are completed.

He said the target date for the presentation of the program to the Board of Education has been established for the fall of 1969.

Alternatives
When the program is presented to the Board they may consider the following alternatives: Accept the program and ask that a group with broad community representation and staff members begin the study of materials to be used in the program; reject the program and ask that a new committee begin another study; or ask that another group review the recommendation of the present committee and present its alternatives and modifications to the Board.

Dr. Anderson expressed the hope that some pilot units will be presented for evaluation during the latter part of the 1969-70 school year. He said the earliest possible date for beginning a K-12 program in Family Life Education is the fall of 1970.

Parent Support
Dr. Anderson said he believed the great majority of parents in our community are clearly in support of a responsibly developed program in Family Life Education and that the school's responsibility is to provide the opportunity for the development of a program which, ideally, can be accepted by each family. He asked that an atmosphere be created and maintained wherein such a program may be developed.

He concluded with a statement regarding the school system's association with SIECUS (Sex Information and Education Council of the United States).

He stated that the school system is in no way associated with this or any other organization through our study committee.

He said that the only previous connection with SIECUS developed when the school system was a part of the Family Life Education Council and cooperated in a week-long conference when Dr. Mary Calderone was invited to speak to church groups, community parent groups, students of public, parochial and private schools, to the community, with educational leaders in public and non-public schools and to the Wayne County Pediatric Society.

Upon completion of his statement Dr. Anderson asked Richard Kay, Director of Community Services, to make a statement

concerning his relations with the SIECUS group.
We are printing Mr. Kay's statement in its entirety below.

Kay's Statement
"Let me thank you for this opportunity to speak to this audience concerning the grave indictments leveled at programs which deal with this very sensitive area of promoting healthy, responsible relationships between male and female in all aspects of human behavior.
It is essential to all of us to be working with a common body of information which we can judge as accurate and reliable so that our decisions are not clouded with irrational, emotion-laden fallacies. I hope that I can make it clear tonight, just what SIECUS is, and what my relationship with that institution is at this time.
I am saddened that it becomes necessary to have to respond to such grave accusations as have been entered into in community discussions. Obviously, I will not be able to answer every detailed question that has been raised, but you should know the facts as they pertain to the issues in this community.
SIECUS is a voluntary health organization whose consultant services are available to the broad scope of our social order. Upon request its scientific, au-

thoritative resources are offered to every segment of our society.
When called upon it consults with community leaders, educators, religious groups, colleges, medical and other professional schools.

"In its regularly printed Newsletter it provides articles written by authorities whose writings are directed to the attention of responsible adult groups. Annotated bibliographies are available and serve the needs of the vast cross-section of agencies and groups who are striving to solve their unique

problems in their own way.
SIECUS does not have a prescribed curriculum. It advises, consults with, and assists where it is called upon. In addition to its Newsletter it has published 10 study guides and

reprints, speeches and articles, again, written for responsible adult groups who are seeking data useful to them in developing their own programs. "Several years ago SIECUS did participate with P-court Brace and World in the production of 8 filmstrips dealing with reproduction, and human growth. It also advised McGraw-Hill in the remake of the film "Human Reproduction" and the slides "How Babies Are Made." "Except for its involvement in these two projects, SIECUS does not produce classroom materials. Its current policy is not to contract for projects of this nature.

"As for my participation as a SIECUS Board member, allow me to say this:

"I was elected to the SIECUS Board this year for a 3-year term.

"I act as a private citizen on this Board and I do not represent this School System or any other organization to which I belong. I use my own time and my expenses are either paid by SIECUS or myself for my participation.

"I belong to SIECUS because in my 20 years of professional life I believe I have a contribution to make in the field of human relationships, particularly as it relates to the lives of young people. My interest and concern is not momentary, without basis of knowledge, or without professional support. I shall continue to serve my lifetime professional commitments as I see it benefiting boys and girls.

"I am honored to be able to be a part of this distinguished Board who represent a broad cross-section of professional competencies which serve all segments of our U.S. culture.

"I believe SIECUS is in good company with endorsements of Sex Education in the schools coming from such groups as: American Academy of Pediatrics
American Association for Health, Physical Education and Recreation (AAHPER)
American College of Obstetricians and Gynecologists (Committee on Maternal Health)
American Medical Association (AMA)
American School Health Association
American Public Health Association (Governing Council)

"I am not a communist. I am working toward the elimination of the bad effects of smut and pornography and the development of a strengthened family unit. I believe the family to be the child's basic educational resource.

"I believe the schools can work in concert with the family and the church in reinforcing a good self image for young people which can bring about a healthy attitude of individual sexuality.

"There remains one other comment.

"I am not interested in pulling people into opposing camps. There is too much polarization, too much strife, too much doubt and suspicion, too much of an irrational, emotional, divisonary climate here and throughout our country. It has become a cancerous disease.

"I am concerned that we use rational, intelligent means to arrive at what most people want for their children.

"I am concerned that there are many honestly anxious parents who have heard many fantastic stories concerning sex education.

"I submit that there is machinery within this community which can provide opportunity for dialogue with all segments of our community on such issues. It is time we stop accusing each other, discrediting each other, and dividing people whose basic aims are the same. We have too much at stake to allow this to continue."

ST. JAMES INFIRMARY

It has been ten weeks since we opened the St. James Infirmary. It is Detroit's newest restaurant and cocktail lounge and our first venture into that world. Business has gone from good to even better.

We have a lot going for us. A great location on Conner Avenue just off the Edsel Ford Expressway. Convenient to all the Pointes. A strict policy about using only the best meats and freshest vegetables. About pouring generous drinks from well-known brands. And insisting on pleasant service no matter how busy the day or how impatient the customer.

We've had a lot of luck, too. Our chef, Bill Miasel, had a few ideas of his own on how a modern restaurant kitchen should be run. We gave him his head. We can now get better food to your table faster than most of the restaurants you can name. We experimented with a comprehensive wine list much against the advice of some of the industry veterans. We have had to restock our small cellar two times in these ten weeks.

Then there's Al. Al Taylor. He's 66 and comes from New Orleans. He walked in one night when we were still painting the ceiling. He asked if we had a piano player. We'd only just had the piano delivered. Second-hand, at that. He sat down on the stool and we went on with our painting. He played a slow march version of the St. James Infirmary Blues. We stopped painting and listened. And listened for most of the next hour. He said he liked the piano. You can hear him play that piano any night from five to ten. For later on we're having the original Alexander's Ragtime Band. They start June 18, but we'll tell you about that the next time.

Dear Voter:
On May 14, 1969, the membership of Grosse Pointe Citizens for Education overwhelmingly approved the recommendations of both its Candidate Evaluation Committee and its Board of Directors by endorsing WILLIAM J. ADAMS and ALFRED R. GLANCY, JR. for the Grosse Pointe Board of Education. This action was the culmination of an evaluation process under which each of the four candidates for the School Board was extensively questioned by the Evaluation Committee, both personally and in writing, as to his understanding of our school problems and his approach to their solution.

Incidentally, you should know that membership on our Evaluation Committee was open to the public and was composed of more than fifty concerned Grosse Pointe residents, representing a wide diversity of backgrounds, ideas and philosophies. Moreover, the Evaluation Committee's selection of BILL ADAMS and AL GLANCY came only after full consideration and open discussion of the qualifications of each of the four candidates for the School Board and only on the basis of a secret ballot of the members of our Committee.

It should be emphasized that our endorsement is not intended to impede or interfere in any way with your right to make your own evaluation of the four candidates for the School Board. Instead, we merely hope the work we have done can be of assistance to you in making your selection. We also feel that our endorsement can be of significant service to the community by encouraging the candidacies of highly qualified persons, who without organized support, might otherwise not choose to run.

This year we are proud to have endorsed two candidates who are particularly qualified to act on the single most pressing problem of our schools . . . that of financing. BILL ADAMS is a Certified Public Accountant with broad training and experience in taxation and business problems. AL GLANCY has a distinguished background in banking and corporate management and years of experience on the governing boards of several private schools. In addition, both candidates have a substantial depth of understanding of other problem areas such as school administration, curriculum, and personnel.

Finally, we are convinced that BILL ADAMS and AL GLANCY have the kind of moderate philosophy, personal character and leadership ability which can help meet the challenge from those individuals and groups who, through the spread of fear, false rumor and suspicion, seek to divide our community and emasculate our education system. We hope you will join with us to support WILLIAM J. ADAMS and ALFRED R. GLANCY, JR. as Trustees of the Grosse Pointe Board of Education.

Pierce Personnel Stand Acquitted

William C. Mogk, principal of Pierce Middle School, asked members of the Board of Education at their June 2 meeting for permission to read into the minutes the following letter which answers allegations made against Pierce personnel by Mrs. Nancy McInnis at the last Board Meeting:

Dear Mrs. Hykes:
"Last month, at the Board of Education meeting, Mrs. Nancy McInnis addressed the Board members regarding the sex education program currently being implemented at Pierce School. Her main concern seemed to be over the showing of certain films in mixed classes. Also, Mrs. McInnis was concerned about the quality of the films.

"She submitted to the board two reproductions which she claimed her daughter identified as part of what was shown in school. When asked if these reproductions were in the films, Mrs. McInnis answered, "This is in the film."

"In further discussion, it was mentioned that the reproductions were taken from transparencies made by the 3M Company, and the Board was led to believe that we used the transparencies at Pierce. Finally, Mrs. McInnis questioned the lack of written notification to the parents when schools cover material as extensive as described, especially when masturbation is discussed, as she was told it was by her daughter.

"After much discussion that evening, I was directed by the Board to review the movies with Mrs. McInnis and any other interested adult as soon as possible. This I have done and

wish to report to the Board.
"On Wednesday afternoon, May 21, at Pierce School, Mrs. McInnis, her daughter Janeen, and 49 other adults (including the wives of three of the Board members) viewed the following movies — 'Human Heredity,' 'Human Growth' and 'Girl to Woman.'

"These are the films which were shown to Jeneen's Guidance class in January of this year. The first two were shown to mixed audiences and the last was shown to girls only.

"I want to make it perfectly clear that in none of the films were there scenes as pictured in the evidence given to the Board. Neither did we use any 3M transparencies in presenting our unit. Finally, the topic of "masturbation" is not presented in these three films.

"After the viewing, we had an open discussion, and I believe that most of the adults who reviewed the films thought they were in good taste and treated the topic professionally.

"After the discussion, I invited those in attendance to review a fourth film, 'Boy to Man,' which was shown to boys only. At this point, Mrs. McInnis dismissed her daughter from the auditorium. In this film, masturbation is mentioned, but this is the film Jeneen did not see.

"One of the ladies who viewed the movies was interested in viewing two filmstrips on venereal disease which were shown in one of our eighth grade science classes, and I said that as soon as I could get them in the building, we would view them. On Tuesday morning, May 27, two ladies and I viewed these filmstrips.

"The ladies saw nothing objectionable in the filmstrips but did mention a preference for having the filmstrips shown to segregated audiences.

"The question of whether or not to show these films and filmstrips to segregated or mixed audiences is always with us, and is one which may never be resolved to everyone's satisfaction. Parents themselves are divided on this issue and also on the question of providing written notice to all parents prior to a sex education unit. I'm certain that policies in the future will clearly define the school's responsibility in these areas.

"I am deeply concerned over the attack made on the program and staff at Pierce. We should stand inspection and should be held responsible for mistakes we make.

"However, it seems to me that to be falsely accused with evidence printed in California and supposedly shown in a school in Minnesota represents more than a routine inquiry into the functioning of our school. I had discussed this problem with Mrs. McInnis before her presentation to you. As you know, she was not satisfied with my answers.

"Now that we have shown the movies and at least five of the Board members (or their spouses) have seen them and know the material submitted is not in them, I respectfully request that the Board of Education exonerate Pierce's personnel of the charges of using such material.

"I have to assume that we came close to having a moratorium or cancellation of our program because of the charges of Mrs. McInnis. We have now and have had a responsible, professional program of sex education at Pierce. The professional staff at Pierce sincerely hopes the Board will set the record straight."

Sincerely,
William C. Mogk,
Principal

The Board voted unanimously to clear Pierce personnel of the charges.

TREASURER GROSSE POINTE PUBLIC SCHOOLS

(Reprinted from the Detroit Free Press, May 31st)

The Stork Brought You

ENCOURAGED BY their success in leading their neighbors to the rear by defeating the Grosse Pointe Farms open housing proposal, the John Birchers are moving in on sex education in Grosse Pointe schools with the same type of innuendoes and the same dark rage.

And James F. O'Neil, treasurer of the Michigan State Board of Education, is complaining that the State Department of Public Instruction has approved the use of barnyard examples in instruction of boys and girls about sex. His criticism may come as a shock to farm parents.

The John Birch Society is working nationwide against sex education for children as a "filthy communist plot" and the Grosse Pointe local has taken up the dirty business with enthusiasm.

No Impropriety

TO THOSE who would remonstrate with the astronauts because there was an occasional burst of pool hall language on the flight of Apollo 10, we would reply that they were entitled to it.

There are some situations when the usual restraints do not apply. To quote from "The Nightmare," by Sir William S. Gilbert:

"When you're lying awake,
With a dismal headache
And repose is tabooed by anxiety,
I conceive you may use
Any language you choose

Or when, forsooth, one is bouncing around the moon in an unearthly machine that seems bent on going out of control.

These are not the only forces which would like children to believe they were found in cabbage patches. There are Mothers for Moral Stability; and Parents Assume Responsibility, Act Now; and People Against Unconstitutional Sex Education, and others.

Our suburbanites are organized into a group with the ironical name of Friends of the Grosse Pointe Schools. They were the sponsors of a recent meeting at Grosse Pointe High North at which the policies of the American Medical Association and the American Psychiatric Association recommending sex education were denounced as an attempt to destroy the family. Professional educators favoring sex education, which is most of them, were accused of being subversive and perverted.

The whole business comes as a jolt to the educators, who look on sex training mostly at the insistence of parents who were worried about the rise of venereal disease and illegitimacy and either did not know how to cope with the problems themselves or needed help.

It is bad enough that the Grosse Pointe roughnecks are subjecting parents to abuse and downright physical intimidation to turn the clock back.

But what is really hard to take is that they are attacking an educational process which was added to school instruction when the program the Birchers are so fond of—no program, that is—was resulting in a genuine decline in the ability of our young people to handle this big problem.

The die-hards are, in effect, going on record in favor of more emotional disturbance, more gonorrhea and more unwed mothers.

Offer Activities For GP Children

Summer Art Camp for Children will be inaugurated at Grosse Pointe War Memorial Monday, June 16. The two-week Camp Number I will meet each weekday morning through June 27. The camp will be divided into two sections.

One from 9 to 10:30 a.m. will be for ages 5 to 10. The 10:30 to noon class will be for ages 10 to 15.

Summer art teacher for the children's camps is Marcia Dolega, B.F.A. Kent State and M.A. in Graphics, Wayne State University. Mrs. Dolega will instruct the young people in drawing, painting, three dimensional work such as soap carving, clay figures, papier mache and wire mobiles.

All kinds of materials will be used: Crayon and yarn for murals, paper cut-outs for collages, bits of patterned highly colored cloth for figures, linoleum slabs for prints and so on.

The first two-week Summer Art Camp is offered for a fee of \$15 plus a \$2 materials charge. The children's art program will continue with Art Camp II, three weeks of daily sessions beginning July 7 and terminating July 25 for a fee of \$22.50 plus a \$3 materials charge. Enrollments are being taken now.

Enrollment in Ballet Summer School with Mary Ellen Cooper instructing will be held Saturday, June 14, from 10 a.m. to noon. Those taking part for the first time are asked to enroll in person.

Miss Cooper, who has taught at the Center and throughout Michigan for over 15 years, is accepting four-year-olds for the first time as well as older students.

Classes will be scheduled on Thursdays beginning June 19 in groups starting at 9:30 a.m. and continuing through 2:30 p.m. The term will last until July 24. Fee for the summer lessons is \$12.

Miss Cooper is a graduate of the Royal Conservatory in Toronto and is a member of the International Board of Review for Teachers of the Cecchetti method or traditional Italian ballet.

Creative Dramatics will be

offered for the first time this summer at Grosse Pointe War Memorial. Taught by Suelien Winstanley, B.A. of Clarke College, the group will meet daily weekday mornings June 16 to 27.

There will be a section for 5 to 7-year-olds from 10 to 11 a.m. and another for 8 to 10-year-olds from 11 to noon. The registration fee is \$15.

In the two-week Creative Dramatics Miss Winstanley will develop a child's creativity through pantomime, listening and rhythmic exercises. Familiar children's stories will be dramatized and produced by the end of the two-week period.

Children's French will be offered again at the Center by Mlle. Henrietta LaCroix who teaches French in the winter in Grosse Pointe Board of Education's Community Services.

Unfortunately, this class was not scheduled in time to make the Center's activity card but it will be taught on Saturday mornings beginning June 7 at 10 o'clock. Children of grammar school age are welcome for a fee of \$15 for a ten-week period.

They will learn French songs, how to count and tell time in French, master a simple French vocabulary and will begin simple conversations in the language.

Identify Robbers Of Woods Store

Two gunmen, one of whom was fatally shot and the other seriously wounded in a Dearborn robbery attempt on May 16, were positively identified as the pair who held up the Carlson TV Shop, 20649 Mack avenue, on April 29 and escaped with 10 color television sets valued at a total of \$4,000, it was disclosed by Woods Det. Everett Plumb.

Plumb, who has been investigating the case, said that one of the stolen sets, valued at \$385, was recovered from the home of the wounded man, Paul R. Fugate, 22, of 30709 Ford road, Garden City. The location of the other sets is still not known, the officer said.

Fugate and Gerald J. Knupp, 25, of 5244 Philip, Detroit, held up the Continental Congress Inn, 12800 Michigan, Dearborn, at gun point, and while searching for money were shot by the motel clerk on duty. Knupp was killed instantly. Fugate is still in the hospital in serious condition.

Fugate and Knupp were also identified as the burglars who invaded the room of Daniel Fry, of Battle Creek, at the Parkcrest Motel, 20000 Harper, Harper Woods, an hour before their encounter in Dearborn. Fry was married a few hours later to the former Mary Patricia Ureel, daughter of the Joseph Ureels, of Fisher road.

The bandits took \$90 from Fry and wrist watches and \$90 from two of Fry's ushers who were in the same room.

Plumb said that he took several mug shots of known bandits to Harold R. McLaughlin, 57, of 14130 Avondale, Detroit, the owner of the television shop, and McLaughlin picked Fugate and Knupp as the two who held him up and who took the sets.

The proprietor was sitting at his desk when the bandits entered and announced the hold-up. They took McLaughlin to the rear of the store, where they forced him to surrender his truck keys.

Then while one man held him at gun point the other loaded 10 portable and floor model color TV sets into the truck. After locking McLaughlin in a rear room, the robbers escaped in the truck.

McLaughlin was released by a customer who entered the store and, on seeing no one, called out. When the owner answered the customer released him from his imprisonment.

Plumb said that the truck was recovered exactly one mile from Knupp's house on May 5. It had been abandoned in front of 12523 Frankfort, Detroit, the detective said.

In a democracy the majority rules, but too often a minority rules the majority.

what's a funny place for a phone?

That depends on your sense of humor. If interrupting your washing or ironing to rush upstairs to answer the telephone leaves you breathless, then an extension telephone makes good sense. An extension telephone saves steps and lets you do your telephoning from where you are. You can select from many smart styles and decorative colors. Call your Michigan Bell Business Office or ask your telephone man. For as little as ninety-five cents a month (plus tax) you can have an extension telephone in any funny old place you'd like.

Babe Ruth League

WOODS, SHORES
All-American West Division
By Ken Frankland
The second week of the All-American League West Division saw the Ray Whyte team pick up two more wins to remain the leader with a perfect 5-0 record. This week's action was also highlighted by a triple header on Memorial Day.

On Monday, May 26, Ray Whyte defeated Harbour Nine Marina 14-7 by scoring a dozen runs in the first inning and then holding on for the win. Mark Crane went all the way for the winners and Paul Keppler had two-for-three at the plate. In other games, City Messenger defeated Valley Die Cast 9-4 with Jim Whipple picking up the win on a three hitter and eight strikeouts. Greg Bertelson had three-for-three and Jim Fausone contributed two hits to the attack. John Tew pitched well in a losing cause. In the third game of the day, Munace Market walloped Pioneer Furniture 20-3 as the losers' pitchers were unable to find the strike zone. Louis Bruno and Mike Liebold had two hits apiece for the winners.

On Memorial Day, Munace Markets came up with four runs in the bottom of the seventh to pull out an 8-7 victory from Valley Die Cast. Clipper Cools was the winning pitcher and received good fielding support from Jerry Christ, who had two unassisted double plays. Christ also knocked in the winning runs with a double. Bruce Bertram and Louis Bruno had two hits each for Munace. City Messenger also pulled out a late inning victory by scoring three runs in the bottom of the sixth inning to edge Pioneer Furniture 11-10. Pioneer came from a 7-1 deficit only to see Messenger pull it out. Rick Walker went all the way for the winners and Dan Brys for the losers. For the winners, Paul Pazzgrat had three hits and Walker and Jim Whipple had two each. For Pioneer, Steve Flemion had four singles and Jim Clark and Ken Assessor had three hits each. In the third game of the day, Harbour Nine had to forfeit their game to Atlas Tool as not enough players were present.

In other games, Munace's won their third of the week 6-2, in a tight pitchers' battle with Atlas Tool. Louis Bruno tossed a three hitter and Bill Schippert also pitched an excellent game for Atlas. Mike Ignasiak was the hitting star with three hits in four trips to the plate for Munace. Harbour Nine had their hitting clothes on as they defeated Valley Die Cast 17-2 in a game called after five innings. Mike Koch and Joe Sproeder each had a homer and Tom Carbone stole several bases for the winners. In the last game, Ray Whyte beat Pioneer 12-4. The game was very close for five innings before Whyte scored four runs in both the fifth and sixth to pull away. Mike Cox pitched a five hitter for the win and was supported

by a three-run homer by Tom Mushro that broke up the game. Jim Clark had a triple and a single and John Hayes had two singles for the losers.

CITY, FARMS, PARK American League

The tight American League standings reversed themselves this week as the two last place teams exchanged positions with the two first place teams.

On Monday, May 26, the Cleveland Indians scored four runs in the first inning on successive singles by Tom Harwood, Gary Stephenson, Bruce Cassell and Ed Moran and then held on for an exciting 6 to 4 decision over the Chicago White Sox. Jay Imesch was the winning pitcher as he allowed the White Sox only five hits and struck out six. Bruce Cassell had three hits for the Indians while Tom Nique had a double and single for the White Sox.

Chris Charlton of the Boston Red Sox struck out eight batters as he pitched his second win of the season on Tuesday, May 27, against the Detroit Tigers. The Red Sox got off to a roaring start in the first inning when Bob Heels tripled and drove in two runs. The wrap-up came when Tom Townsen scored the winning run on a two-base hit followed by a steal of third and home. The final score was Boston, 5, Detroit, 3.

The New York Yankees scored two runs in each the fifth and seventh innings for a 2 to 1 come-from-behind victory over the Cleveland Indians on Wednesday, May 28. Larry Jackson, Dave Newhouse and Bob Thompson provided the Yankees' hitting attack while Dave Newhouse's pitching limited the Indians to only four hits as he struck out seven. John Keogh provided two hits and two RBI's for the losers.

Ten stolen bases gave the Boston Red Sox an edge Thursday night when they defeated the Chicago White Sox. A real team effort along with both Mike Nally and John Higgins each pulling four RBI's accomplished the victory and a score of 13 to 7.

In the Memorial Day game, the New York Yankees edged the Detroit Tigers 2 to 1 in an exciting pitching duel. Chris D'Hondt pitched an outstanding game, allowing the Tigers only two hits and striking out 15 of their batters. Pete Steffen's second triple of the game in the last of the seventh inning accounted for the winning margin.

WOODS, SHORES Automotive League By Robert Kutscher

A strong pitching performance by Richard Buick's Jim Bery was not enough as Wood Motors defeated Buick 2 to 1 on Tuesday, May 27. Bob Beyer's double and two runs batted in gave winning pitcher Brad Biesenthal the margin he needed. Strong defensive plays were turned in by Mike Jara, Craig Robinson and Dave Palmer for Wood Motors. Terry Lynch was Buick's big hitter.

In another Tuesday night pitchers' battle Pontiac beat Merollis 1 to 0 in ten innings. Winning pitcher Jim Ney, who turned in this year's best pitching effort by striking out 21 and allowing only one hit in ten innings, also scored the game's only run by stealing home. Tom Brennan had Merollis' only hit and losing pitcher Joe Theis allowed only four hits while striking out eight Pontiac batters in ten innings.

In Tuesday's third game Rinke Cadillac downed Pointe Dodge 10 to 0. Mike Fricke had three hits and four runs batted in, and Greg LeFevre picked up Cadillac's first victory by holding Dodge to three hits. Bill Bogdziewicz, Steve Griffin and Matt Pierce had Dodge's three hits. Tom Connors was the losing pitcher.

Thursday saw Rinke Pontiac remain undefeated as they took Cadillac 2 to 1. Fancy base running by Jim Ney and Mike Day's two out double in the bottom of the seventh inning provided the winning margin for pitcher Roger Rosenbusch. Losing pitcher Mike Fricke knocked in Cadillac's only run. Ed Doyle's double in the 8th inning gave Merollis Chevrolet a 2 to 1 victory over Buick. Kevin Clinton, the winning pitcher, went the full eight innings. Bob Barbaglia's hit-and-run-batted-in gave losing pitcher John Puleo support.

Home runs by Kevin Hurley, Brad Simon and Randy Villa, real powered Wood Motors to a 4 to 0 decision over Pointe Dodge. Brad Simon picked up the pitching win and kept Wood

only one game behind front running Pontiac. Rob Arthur was the losing pitcher.

Friday saw Pointe Dodge snap a two-game losing streak and hand Rinke Pontiac its first loss, 8 to 5. Winning pitcher Joe Baker had two hits and two RBI's. Other hitting stars for Dodge were Steve Griffin with a triple, a single and three runs batted in; Tom Connors with a double and a triple; and Dave Constantine with two hits and two RBI's. Losing pitcher Mark Zink had a triple and Jim Ney had two hits.

Dick Cochell pitched Wood Motors into a first place tie with a 3 to 1 victory over Merollis. Randy Vallareal's triple and hits by Dave Palmer and Brad Biesenthal produced the Wood's runs. Kevin Hurley's running catch of losing pitcher Ed Doyle's long fly helped to

keep Merollis from scoring. The Merollis hitting star was Dennis Menzo.

Defending champs Richard Buick won their first game of the season by defeating Rinke Cadillac 1 to 0. Two-hit pitching by Tom Clem and heads-up base running by Marty Schnurr were the keys to the Richard victory. Outstanding third base

play by Paul Lynch and a fine pitching effort by losing pitcher Bill Jensen kept Cadillac in the game.

Gregg De-loff, Bob McCampbell, Purdy and John Rea each had three hits with John Cotzias driving in three runs to carry Buffalo to a possible playoff on Sunday.

Syracuse became the spoiler in the playoff race with a 5-4 win over Rochester on Memorial Day. Joe Vier was the winner with 13 strikeouts and Woody Fidelity the loser, though fanning 15. Syracuse won the game with a double play; Joe Vier caught a fly and threw to John Hase to double off the runner. Vier also had a homer and Leo Fenn a double for Syracuse.

Think you're too old to buy life insurance?

If you think you've left buying life insurance until it's too late—stop worrying. Manufacturers Life has helped many people in their 60's and 70's make new life insurance one of their wisest purchases ever. It's true that the cost of new life insurance increases with age and when health problems are present. On the other hand, the "cost" of not buying can be much higher. For example, a man, age 75, has a substantial portfolio of investments. When he dies estate taxes must be paid. To raise cash the executor might be forced to sell an interest in a business or other income-producing assets. A "distress" sale or unfavourable market conditions mean sacrifice prices and severe losses to the survivors. Life insurance can prevent this loss by providing the necessary cash, leaving the other assets intact.

You can rely on Manufacturers Life's sound reputation, and liberal approach to the special problems of life insurance for older people. Call the Man from Manufacturers. You will find him a well informed professional able to provide the important counsel necessary to meet your needs.

Public Schools in Focus

By Dr. Theos I. Anderson, Superintendent
 The Grosse Pointe Public School System
 Because of a series of disturbing rumors about the public schools' instructional activities in the realm of family life education, I wish to call the attention of the readers of this paper to certain sections of the "General School Laws" of the State of Michigan. I urge every thinking resident of the Grosse Pointes, whether a parent of school-age children or not, to read the statutes that follow. At a later date I shall take the opportunity to comment upon the place of family life education in the curriculum.

Section 340.789 states: "Sex education is the preparation for personal relationships between the sexes by providing appropriate educational opportunities designed to help the individual develop understanding, acceptance, respect and trust for himself and others. Sex education includes the knowledge of physical, emotional and social growth and maturation, and understanding of the individual needs. It involves an examination of man's and woman's roles in society, how they relate and react to supplement each other, the responsibilities of each towards the other throughout life and the development of responsible use of human sexuality as a positive and creative force."

Section 340.789a states: "Any school district may engage competent instructors and provide facilities and equipment for instruction in sex education, including emotional, physical, psychological, physiological, hygienic, economic and social aspects of family life and sexual relations, as well as, socially deviant sexual behavior."

Section 789c indicates that the department of education shall: "(a) Aid in the establishment of educational programs designed to provide pupils in elementary and secondary schools, institutions of higher education and adult education, wholesome and comprehensive education and instruction in sex education."

"(b) Establish a library of motion pictures, tapes, literature and other educational materials concerning sex education available to school districts authorized to receive the materials under rules of the department."

"(c) Aid in the establishment of educational programs within colleges and universities of the state and inservice programs for instruction of teachers and related personnel to enable them to conduct effectively classes in sex education."

"(d) Recommend and provide leadership for sex education instruction established by the local school district, including guidelines for family planning information."

Section 340.789c states: "Any student upon the written request of parent or guardian shall be excused from attending classes in which the subject of sex education is under discussion and no penalties as to credits or graduation shall result therefrom."

This became law on May 23, 1968, without the Governor's approval.

What Goes On at Your Library
 By Virginia Leonard

Memorial Day is over, June is upon us and all the early summer activities are raining down upon our heads. Banquets, picnics, final meetings of the year, vacation plans, gardening and battling with the weeds—could there possibly be a busier time of year?

O.K.—we know you're busy, but perhaps our libraries could help you with some of your busyness. For example, we have all sorts of gardening books which may give you new ideas, solve problems and make your grounds more attractive.

Do you have a summer wedding coming up? We have material on the etiquette, protocol, etc. for this sort of happening, simple or elegant.

Whether it's poolside, seaside or mountainside, you'll need books for the lazy vacation days ahead of you. How's about catching up on an old favorite—rereading it for the third or tenth time if it's that good or meaningful?

Or perhaps you have a list of new books—ones that have been coming out too thick and fast to keep up with. Leave reserves with your librarians, take out rental copies (we make money faster that way!), buy paperbacks (or take some of ours out)—but read! Get caught up while you have the chance.

Some warm day why not come into our air-conditioned library and spend an afternoon reading about some current and, to you, all-absorbing problem?

There's the war in Vietnam, student unrest and revolt on the campuses, the drug question. Here is where pamphlet, newspaper and magazine information should come in very handy. These media usually contain the most up-to-date information. Then, at your next coffee klatch, brunch, bridge party or evening social gathering you'll be surprised at how much better informed you are on one of these topics.

What of spring and summer sports? Does your golf game need a bit of upgrading? Come in and take an armload of books on the subject. Or perhaps it's tennis, baseball, or even fishing. Our 79¢ category should fairly well cover the waterfront.

And then there's travelling. We recognize that this is done every month of the year, but there are many wage-earners who must wait for summer to hop a plane to Europe, take a

cruise, drive to New England, caravan to the wide open spaces of the West or tour Michigan.

So we hope you'll remember our camping, guides, road atlases and travel books for all states and countries. Each year the world seems to grow smaller and smaller, and travel offers get more and more inviting—they even begin to fit one's pocketbook! (By next year we may have to include the moon!)

Perhaps you're just finishing high school, have chosen your college—and have been accepted. You might want to learn more about its background and the state in which it's located.

Perhaps you're graduating from college and are looking for a job, or have one lined up. Here again, informing yourself on the background of the company or the profession could be important. Maybe you're moving to another part of the country—come in and find out what its points of interest are.

The summer is ahead of you and you think you may have some spare time. What about a new hobby? We can aid you in this area also. Let us help you bring out some hidden talents. For all you know, you may be a natural lepidopterist, philatelist or numismatist without even knowing it!

So you have to go to summer school? We have supplementary reading materials for you, librarians to assist you to answer your perplexing questions, and a cool, quiet place for you to study.

And we haven't even touched on your audio-visual aids. We have records for your every summertime mood, tapes, filmstrips and films. If the gardening gets too arduous and your neighbors borrow your most vital tools, our tool collection should come in handy. If the summer sun gives your living room a different look, we'll waver a new art print, rented through the next three months. From our library, will get you

So you see—the public library has something for everyone—for the summer ahead of you!

The Detroit Artists Market's 31st annual Garden Sale will be held this year next Tuesday, June 10, from 2 to 6 o'clock on the spacious Preston place lawns of Mr. and Mrs. Wendell W. Anderson, Jr.

Or maybe it will be held next Wednesday, June 11... That's ONLY if Tuesday should happen to be a rainy day, however. In case of rain, the Sale is always postponed a day.

But whichever, Tuesday or Wednesday, members and friends of the Market will be treated to a display of over 200 oil paintings, watercolors, ceramics, graphics, sculpture, weaving and handcrafted jewelry, all created by Detroit area artists.

Market volunteers plan to start early the first sunny morning setting up easels and arranging ceramics around the pool and lawn so that all will be in readiness by early afternoon.

Plan Derby Ball To Aid MD Victims

The glowing faces of committee members, (left to right), MRS. ROBERT MCGREGOR, chairman, MRS. FLORENCE SISMANN, co-chairman, MRS. LYLE KORUM and MRS. ARTHUR R. PFANNENSCHMIDT reflect the excellent response for reservations coming in after mailing out invitations to the annual Derby Ball, sponsored by the Hazel Park Racing Association, to be held this year June 7 at Cobo Hall. All proceeds from ticket sales go directly to children with Muscular Dystrophy, enabling

the young victims to attend the Jerry Lewis summer camp in Brighton, with Hazel Park paying all expenses for the Ball. Mrs. Horace E. Dodge is honorary chairman of the affair. Pointe committee members include, besides those pictured above, the Mesdames Arnold M. Barette, Victor W. Wertz, Maxine Clemmens, Joseph Schoenith and Peter Belanca. Mrs. Pfannenschmidt, of Virginia lane, Tuxedo 4-7725, is reservations chairman.

Among students honored at Vanderbilt University, Nashville, Tenn., by inclusion on the latest Dean's List are Pointers JOHN ROBERT OLERT, Engineering junior; MARTHA BURGESS, Nursing junior; and WESTON DYER BURNETT, Arts and Science freshman.

NANCY DILL, daughter of MR. and MRS. HARRY DILL, of Newcastle road, has recently become an active member of Delta Gamma sorority at Michigan State University where she is a junior majoring in Family and Child Science.

Michigan State University junior HARRY CHANCEY, son of MR. and MRS. H. J. CHANCEY, of Grand Marais boulevard, has been elected to membership in three honor societies: Omicron Delta Kappa, a national honorary service society requiring a 3.0 grade point average and recognizing leadership and service to the university community; Blue Key, based on leadership in campus activities and on academic achievement, with its members required to be in the

upper 35 percentile of their class; and Excalibur, a 48-year-old honorary society which each year admits 13 juniors on the basis of their overall contribution to the university.

The E. O. "BERT" WARRENS has just returned to Kenwood court after a hurried trip to the East, during which they visited their daughter, MRS. PETER HENRY, and their granddaughter REBECCA and grandson BERT of Collesville, Conn. En route to their Vermont farm, the Warrens ran into the worst "twister" recorded in 50 years. "Uprooted trees and dangling high tension lines left the landscape in shambles," reports Mrs. Warren, "but in spite of all difficulties flowers were planted and all preparations were completed for a later vacation (at the farm) when the Art Colony and the Summer Theatre offer the best in summer fun."

RICHARD J. DAY, son of MR. and MRS. RICHARD J. DAY, of Sunningdale drive, is a member of the 123rd class to be graduated from Tilton School, Tilton, N.H.

Graduated June 2 from Benedict College, Millbrook, N.Y., were LINDA B. WILSON, daughter of MR. and MRS. RALPH C. WILSON, of Oxford

road, who majored in Liberal Arts at the two-year college for women and was awarded the degree of Associate in Arts; MARY FLINTERMANN, daughter of MR. and MRS. DONALD R. FLINTERMANN, of Lakeshore road, who majored in Liberal Arts with a concentration in Music and also was awarded the Associate in Arts degree; and WENDY KATH. ERINE JOHNSON, daughter of MRS. PATRICK ADAMSON, of Touraine road, who received a diploma for her studies in Fashion Design.

MR. and MRS. CHARLES S. PARRITT, of Bishop road, recently returned from a trip to Williamsburg, Va., where they visited their son-in-law and daughter, CAPTAIN and MRS. MARTIN K. PETERSON, Captain Peterson is stationed at Fort Eustice, Va., having recently returned from Vietnam, and received the Distinguished Flying Cross at Fort Eustice. He had previously received the Air Medal with "V" device and 38 Oak Leaf Clusters for combat flying, the Bronze Star and the Vietnamese Cross of Gallantry with Silver Star. A helicopter pilot, he will conclude his tour of duty with the Army in July. Then he and his wife, the former JUDITH A. PARRITT, plan to return to Grosse Pointe while he studies for his Masters degree.

New York Rites For Mrs. Monroe

Mrs. C. Allison Monroe, of Moross place, and Benjamin Brewster, of Bloomfield Township and Westport Point, Mass., were married Monday, June 2, in Saint James Episcopal Church, Madison avenue, New York City.

Their children, Beatrice Brewster, of New York, Mr. and Mrs. Richard A. Jones, of Bloomfield Township, and Pointer Peter Hills Monroe, attended the ceremony.

Mr. Brewster came to Detroit from Boston in 1936 and for many years was associated with the Research Laboratories of the Ethyl Corporation.

After a brief stay in New York, the couple will depart for San Francisco and Hawaii. They plan a summer vacation at Westport Point, following which they will return to Grosse Pointe.

This is trouble.

It's grey. And dreary. And it makes rain. Which is very nice for the farmers and the water commissioner, but isn't so nice for your hair. It can make curls uncurl. Straight hair straggle. It can even make a brand new set look as though it never was. How to cope? Easier these days, with our nice new conditioners that go on between your wash and set. Besides adding body and shine to hair, they actually protect it from rain and damp. Like to do something about trouble before it starts? Then see us. At regularly weekly intervals.

A reception at the Grosse Pointe Club followed the Saturday, May 24, wedding of Suzanne MacLelland, daughter of Mr. and Mrs. Ralph MacLelland, of Renaud road, and Jonathan L. Adams, Jr., son of Mr. and Mrs. Jonathan L. Adams, of Ann Arbor.

Setting for the 11 o'clock ceremony was Our Lady Star of the Sea Church.

Following a vacation in the Bahamas, the newlyweds will make their home in East Lansing while the bridegroom studies for his Masters degree at Michigan State University.

The bride chose a peau de soie gown accented with Venise lace. Her triple-tiered ballerina length illusion veil fell from a floral lace headpiece, and she carried a cascade of white roses, carnations and baby's breath.

Honor attendant, Nancy Gabe, of Grand Rapids, wore a pale yellow chiffon frock, styled with an A line skirt and trimmed at the neck with yellow and white embroidered daisies.

Bridesmaids, in lace-accented pale yellow chiffon dresses, were Christine Adams, sister of the bridegroom, and Melissa Shew, the bride's cousin. They carried Colonial bouquets of yellow heart roses and yellow and white daisies.

James Lierman came from his home in New Jersey to serve as best man. Usherers were Gary Bockman, of Ann Arbor, and James Coran, of Troy.

For her daughter's wedding, Mrs. MacLelland selected a yellow silk-and-worsted A line ensemble. The bridegroom's mother chose a pale green silk-and-

worsted dress and matching coat. Both mothers pinned white cymbidium orchid corsages to their purses.

Among the out-of-town guests were the bridegroom's grandparents, Mr. and Mrs. J.V. Wuestman, of Union, N.J., and the bride's aunt, Mrs. Frank MacLelland, of Cape Cod, and her daughters, Mrs. Lynn Fay and Mrs. Russell Wyde, who arrived from Massachusetts Friday for the ceremony.

Present Record Symphony Sum

The Women's Association for the Detroit Symphony Orchestra presented a check for \$85,676.63 to Howard Harrington, Orchestra manager, at their organization's annual meeting and luncheon held recently at the Grosse Pointe Yacht Club.

The record-breaking sum will go into the Orchestra's Maintenance Fund, (which pays operating costs, salaries and the like), and results from the Women's Association's 1968-69 fundraising activities of the 1968-69 season.

The Association is also engaged in music education, ticket selling and public relations on behalf of the Orchestra.

Mr. Harrington said, upon accepting the check, "The great support which our Women's Association gives us is a vital part of our program to maintain the Detroit Symphony Orchestra. We need them (the women), we congratulate them, and we look to them for even greater support in the future."

The new president of the Women's Association, which now numbers almost 1,100 members from Detroit and its suburbs, is Pointer Mrs. Thomas V. LoCicero, of Three Mile drive.

She succeeds concert harpist-chordist Mrs. Arnold W. Lungershausen, also of The Pointe, who has been president for two years.

Among those elected to the

Board of Directors from this area are Mrs. R. Alexander Wrigley, Mrs. William H. Bundesen, Mrs. Albert D. Law, Mrs. Ray W. Macdonald, Mrs. Joseph J. Marshall, Mrs. Robert B. Healy and Mrs. W. W. Nelson.

The Season Ticket committee of the Women's Association, under the leadership of Mrs. John W. Nelson, of Washington road, has been waging a month-long campaign to complete season ticket renewals for the Orchestra's Saturday night concerts and the Saturday morning and afternoon children's concerts.

Teams of three women have been manning phones during May, at the Symphony office, to perform this selling job so necessary to the success of the planned 1969-70 season.

Pointers involved in this aspect of Women's Association work include the Mesdames Arthur A. Coury, Robert B.

Healy, Milton B. Osgood, Sterling S. Sanford, Robert L. Kaiser, Lester A. McIntosh, Wayne F. Austin, and Henry B. Lawton.

Enjoying a mid-May vacation in Bermuda were DR. and MRS. DONALD SWEENEY and their daughter SHEILA, of Three Mile drive.

Last Tuesday, Women's Association Board members met for luncheon with Mrs. Alfred Tappert, president, at her North Oxford road home. Among the discussed plans for next year were arrangements for a Rummage Sale to be held on Thursday, October 9, at the Church.

Any line of reasoning may be faulty, but it still makes more sense than feeble excuses.

Two Charter members of the Chapter, Mrs. Robert Prince and Mrs. Frederick Slocum, are moving from the Grosse Pointe area. A farewell tea was given for them at the Buckingham road home of Mrs. John Piester on May 27.

Remember when all cars were black? Now the demand for black is so low Detroit may drop it altogether. "Taxicab yellow" is the safest color; the day may come when all fire engines, ambulances and emergency vehicles are yellow.

Dr. Alan Kekwick of the University of London has discovered how a starving man can exist on the fat stored in his body—by producing a fat mobilization substance (FMS) which helps the body convert the fat to energy. Experimenters want to synthesize the FMS for use by people who want to reduce.

EVER WATCH THE SUNSET ON SLEEPING BEAR BAY?
Come and bring the family

The Ojibway were the first to discover it. They called it Leelanau—"land of delight". Along the shores of a great inland sea—clear blue water, tall pines, deep forests, sweeping white sand beaches. And so it is. Add friendly people, exclusive shops, quality resort facilities, and a wholesome family atmosphere, and you'll say the "land of delight" is well named.

Leelanau Homestead is a family place. The laughter of children and the flickering of fires on the beach blend with the crisp tang of the evening air. You're a sportsman? The mighty Coho salmon has made our sheltered bays the finest fresh water fishing hole in America. Golf, tennis, sightseeing, hiking, riding, swimming, art Theatre-in-the-round, historic fishing villages, dune climbing, great eating—what's your pleasure?

believes in

- *Best use of your tax dollars toward academic excellence
- *Straight forward communication from Board to you
- *Application of his experience in modern efficient business practices to school problems

I believe my academic and professional training in accounting and finance can be put to good use to

- 1) achieve maximum utility of available education dollars.
- 2) inform the community in the most straight forward, meaningful manner of the financial needs of Grosse Pointe education and how our education dollars are being spent.

I believe that our school system must attempt to reach the educable potential of each child in the system and to develop the academic and emotional maturity necessary to deal with whatever lies beyond the high school level.

I want to see our educational system, deservedly, continue to attract and hold those kinds of citizens who make this a unique and outstanding community.

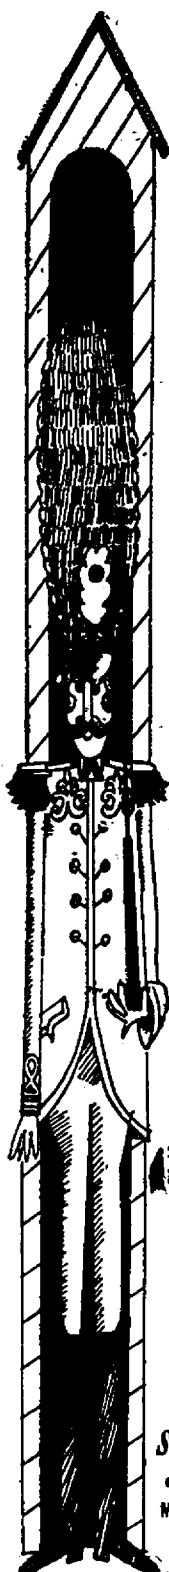

I want and need your support.

13—REAL ESTATE FOR SALE

GROSSE POINTE CITY — 3 bedrooms, 2 bathrooms, den, gas heat, 50 foot lot, charming colonial, \$30,000. Open Sunday 2:30 to 5 p.m.

MAXON BROTHERS TUXedo 2-6000

HERE TODAY, gone tomorrow, to get this one you should beg, steal or borrow. This first offering in the City has six bedrooms, four on the second floor with access to both the living and dining rooms. New kitchen and almost new carpeting. Priced at \$48,900.

ALSO APPEARING for the first time in this column is a dandy three bedroom colonial with a paneled den and kitchen with eating space. Three bedrooms and one bath up, a full bath in the basement.

THIS CUTE two story colonial is just begging for a new owner who needs to be close to the Mack-Moross shopping, buses and Brownell and Kerby schools. Three bedrooms, two lavatories and two car garage. Immediate occupancy.

NOTHING COULD be finer and we can't find a rhyme 'er reason why this three bedroom ranch house in the Farms hasn't been snapped up. The lowered price makes this one even more attractive, so you had better check this one before someone else checks it off the market.

A STORY and a half on Mt. Vernon is sure to light up your eyes if you desire first floor bedrooms and a large dormitory on the second floor. That all important family room is a feature which should not be overlooked. This one has been approved for an FHA loan, and that fact alone will take the guess work out of your financing problem.

A CENTER entrance colonial in the Farms boasting three bedrooms on the second floor and two bathrooms. The master bedroom has a fireplace and a mense bath. There is a fourth bedroom on the first floor and full bath. A block from the lake and the Pier Park.

ORBIT ONCE around the block to Lincoln Road where you'll thank your heavenly stars you checked in at this three bedroom colonial with two baths on the second floor. The master bedroom has a fireplace and the kitchen is really out of this world.

HOW DREAM come true if you don't reach for the moon? A price reduction this week makes the dream much easier to attain. \$62,000 will launch you into the house you probably thought didn't exist. Tucked away on a cul-de-sac in the Farms, is a masterpiece of contractor and decorator combining the best of everything in single story living. We have even provided a swimming pool for you to splash down in.

CONTEMPORARY LIVING at its finest. Could it be that at last the market offers you that house that architecturally speaks for itself and defies the rigid, traditional lines of most of the Pointe's housing? Built by one of the Country's acknowledged leaders of design, this house is tucked away in a woods setting at the end of a dead-end street. There is a first floor bedroom and bath and four more bedrooms on the second floor. The main living area "flows" into a library and eating room. Nestled among the mature trees in the large backyard is a guesthouse equipped for year-round living or entertaining. This is a one-of-a-kind offering which must be seen to be appreciated.

bouncing out of bed in the wee hours of Tuesday (or Wednesday) morning in order to set up the perfect Garden Sale?

Let's consider Pointer Peggy (Mrs. Jean) Mesritz, who took office as the Market's chairman last January...

She's been active at the Market for the past eight years. She first learned of it when a friend who volunteered there told her of its function as a nonprofit gallery for exhibiting and selling the work of local artists.

Peggy's interest in art had been stimulated previously by European travel, particularly by a visit to the Jeu de Pomme Museum in Paris where paintings by the French Impressionists are exhibited.

So she was immediately intrigued by the idea of a local Artists Market and soon thereafter volunteered to assist it...

When someone discovered she'd worked on the Detroit Free Press she was promptly pressed into service as Market publicity chairman. Since then she's served on the Market's Board of Directors in many capacities, most recently as chairman of the Hanging committee.

(She's forever amused that the Market has both a Hanging committee and a Jury, but points out that the hanging and jurying are done to the objects of art—not the artists!)

Her favorite possession is a painting by Wayne State University's Louise Nobili, one of many she's purchased from the Market. Through working there, Peggy's become acquainted with Mrs. Nobili.

She feels it's the personal contacts she has with the artists, such as Mrs. Nobili, the volunteers and the customers that make serving the Market such a rewarding occupation. "For," she says, "they are all fascinating people."

Peggy, her husband and son, George, live in Lothrop road. Their daughter, Ann, is a freshman at Massachusetts' Wheaton College.

Another Day, Four Other Gardens

Monday, June 9, is another Garden Day, for it's then members of the Grosse Pointe Farm and Garden Club will close their current season with an in-Club outing culminating at the Three Mile drive home of Mrs. Oliver Dewey Marcks who has asked Mrs. W. Brace Krag and Mrs. Walter M. Meek to assist her as hostesses at a garden party and tea.

That's to be at 3:30 o'clock, after the ladies have enjoyed leisurely strolls through the Stephens road gardens of Mrs. William J. Scott, the Vendome road gardens of Mrs. Thomas F. Morrow and the Kenwood road gardens of Mrs. Lynn McNaughton, all fellow Club members.

The above plans, incidentally, prevail whatever the weather: Rubbers and raincoats are suggested in case of rain!

Ice Cream Social

Monday's an Ice Cream Social Day, too: The Grosse Pointe Memorial Church's annual Old-Fashioned Ice Cream Social Day, with sundaes, ice cream cones, homemade cupcakes and coffee scheduled to be served outside at the Church in Lakeshore road if the sun shines, inside in the Church's Fellowship Hall if the rain falls.

Hours, in any event, are 5:30 to 8 o'clock. Tickets, at 50 cents for adults and 25 cents for children under 10, may be purchased at the Church Monday evening.

The Detroit Edison callopp will be on hand to provide added entertainment for this open-to-the-public family affair.

Mr. and Mrs. William H. Race are chairmen of the Social. Their committee members include the Thomas Swanteks, the David Coolidges and Mr. and Mrs. R. Cabell Morris.

Helping too are the John Lundens, the Robert Smiths, the Erik Pierces, the Richard Speers, the Robert Goulders, Mrs. Ralph Burton, the Gerald Warrens, Mrs. Boyd Horne, Mrs. Charles Taylor and Mrs. Russell McNair.

Something For The Men

The Pointe Garden Club's traditional something-for-the-men, a Husband's Party, begins at 5 o'clock this Sunday in the Clairview road home of Mr. and Mrs. L. Gaylord Hulbert.

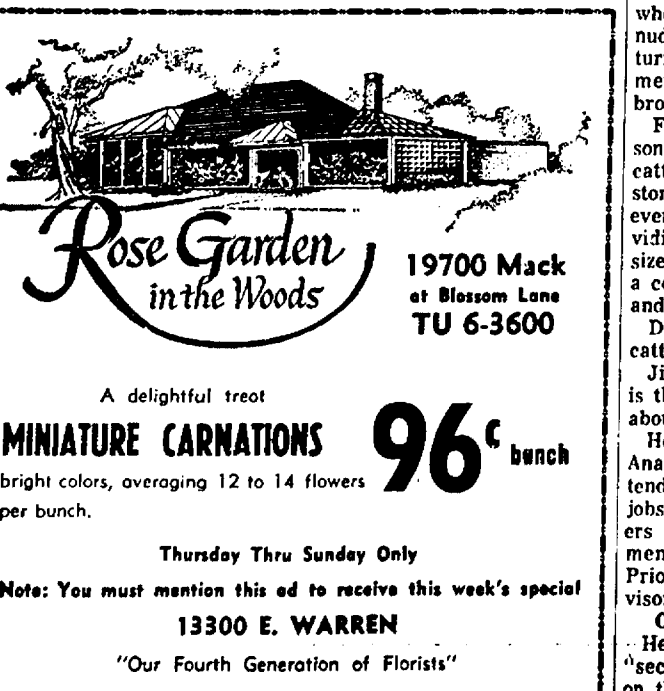

Assisting the host and hostess will be the Henry Bokrams, the Robert Conders, the Monte Edelens and the Ferdinand Steteklus.

Name Welcome Wagon Winners

The Welcome Wagon Bridge Marathon winners were announced recently at a dinner-bridge party at Stouffers Eastland.

JIM DANAHER, OF COLONIAL ROAD

By Janet Mueller

Ask Jim Danaher why, this year, he's headed TWO major school fund-raising events... and you get a typically Danaher (i.e., slightly off-beat, disarmingly honest), answer. "I've been able to avoid this sort of thing for 20 years," Jim admits, "but you can't keep saying 'No' forever."

This then is Jim's year to say Yes. So, last November, with Mrs. Leo Marx he co-chaired the highly successful Action Auction benefiting the Academy of the Sacred Heart in Lakeshore road.

And he's general chairman of this June's Grosse Pointe University School Carnival. "Really," he says of the latter (current) project, "it's a heck of an easy job. A lot easier than the Auction—although frankly I enjoy working on something new, like the Auction, where we set our own precedents make our own rules, best."

Which does not mean that Jim does not like working on the Carnival. He's just always preferred the bigger challenge. Jim—he's associated with the Real Estate Firm of Purdy and Edgar—and Charlotte Danaher have five children in as many schools.

Jim, Jr., 21, is at John Hopkins University, where he's NOT studying to be a doctor. "Few people know it," Jim, Sr., explains, "but Johns Hopkins has an outstanding small Liberal Arts school, with only about 1,200 students. That's where Jim (Jr.) is."

Eileen, known by her own choice to everyone but members of her family as "Leelee," 18, is a junior at Grosse Pointe North High School, and Tom, 17, is following in his older brother's footsteps at Portsmouth Priory, Portsmouth, R.I. Tom is a junior.

Steven's, 18, is in the Ninth Grade at Grosse Pointe University School. Kathy, 10, is a fifth grader at Sacred Heart. They're an athletic, peripatetic crowd, likely to be found on the ski slopes, on the tennis courts, enroute in Mrs. Diego Rivera's house in Acapulco, peering over the rim of the Grand Canyon.

"About four or five years ago," Jim recalls, "I took the older boys on a five weeks' camping trip to California. We had a ball! "We went to all the major national parks, saw the five deepest canyons, were scratched by the bears you're not supposed to feed—and woke up at about 4 o'clock one morning in the middle of a herd of cattle!"

"Something Nudged Me" Seems the Danahers decided to bed down that night in a middle-of-nowhere empty field and were all sleeping soundly when, Jim relates, "Something nudged me." The "something" turned out to be a large specimen of beef-on-the-hoof who'd brought along his friends.

Fortunately, Jim and his sons know what to do to make cattle "sit along." Throwing stones at their hindquarters eventually does the trick—providing one isn't panicked by size, (did you ever stand next to a cow?—that's a BIG animal!), and numbers.

Danahers don't panic. The cattle moved. Jim's favorite personal hobby is the Stock Market. He spends about four hours a day on it. He belongs to the Financial Analysts Society of Detroit and tends to find himself tapped for jobs like treasurer of the Fathers Club at Sacred Heart and member of the Portsmouth Priory Parents Financial Advisory Committee.

On GPUS Alumni Board He's currently serving his "second or third time around" on the GPUS Alumni Board of

Directors. He's doubling as Manpower as well as general chairman of the Carnival. He's known he'd be 1969 general Carnival chairman for more than a year, ever since Peter Stalker, the previous chairman, asked him to serve as 1968 assistant general chairman in November, 1967. Acceptance of the '68 assistant chairmanship automatically put him in line for the '69 general chairmanship.

So, last year, he actually WENT to the Carnival. It was his first in seven years. Which, to dispel the impression that Jim might be psychologically anti-Carnival, demands a short explanation: "We were always in the East, picking up the kids at Prep Schools, on Carnival weekends. But I managed to make it to last year's because I had to learn something about it for this year."

And this statement, too, demands a bit of additional explanation: Don't think for a minute Jim Danaher's a GPUS Carnival novice. He remembers how it all began. Idea From Colorado "The idea for the Carnival came originally from Colorado, through GPUS' legendary Coach McCann. He used to take small groups of boys out West. We, (Jim was one of the boys), would rent a horse complete with bridle and saddle for \$8, for the whole summer and just ride all over the mountains, camping out most of the time.

"Our base of operations was a small, almost a ghost, town: Westcliff, Colo. At the end of the summer we would put on a Carnival for the people of Westcliff—all 25 of them—to raise enough money for one big night in Chicago on our way home. "We built our own booths, things like Pop The Balloons, Throw A Darning Hoop Over A Duck's Head... If you think that, (throwing a darning hoop over a duck's head is easy, try it some time! The duck hunches his head down; it's almost impossible to catch him." Jim never forgot those Carnivals.

Then in 1946—Jim Danaher was a GPUS alumnus by then—the Junior League of Detroit had a Carnival on the Emory Ford property in Lakeshore road (it's now Woodland Shore drive). A Great Carnival! "Now that," says Jim "was a great Carnival! I can vividly remember walking down the lawn, sipping cocktails and sampling the games... I won enough to finance a small part of a honeymoon."

Jim was on the GPUS Alumni Board in 1948 when someone suggested establishing an Alumni Scholarship. Everybody agreed it was a great idea, the only problem being how to finance it. "In those days," Jim explains, "the GPUS Alumni Treasury held approximately \$11."

So Jim, self-designated Old Plagiarist, ("The Auction wasn't my idea, either—but I'm a great borrower!"), recalling the Westcliff Wonders, remembering the Junior League's successful project of a few years back, brought up the idea of a Carnival.

The first GPUS Carnival was held on the old Country Day grounds, (Country Day is presently the Grosse Pointe South High School's Annex). Adds Merry-Go-Round "Each chairman was responsible for the erection of his own booth," Jim notes. "There were no rides that first year, as I

remember it. The second year, we added a merry-go-round."

The first recorded GPUS Carnival raised \$1,351. Last year's income was \$26,000-plus. This year, Jim says, "I'm shooting for \$40,000."

Carnival money has always gone one hundred percent for scholarships. GPUS currently gives 27 scholarships, of which six are Alumni Scholarships. In the past 19 years, the Carnival has assisted 440 students and raised approximately \$332,000.

"Our (monetary) objective this year must necessarily be higher than in the past," Jim observes. "The cost of education, like everything else, is going up. And some original scholarships are no longer available."

"Sixty percent of our Carnival income, by the way, comes from prize tickets. In the past, we've offered four or five big items plus a series of lesser ones. This year we're offering 13 major prizes—and we're currently ahead of all previous years. I hope it keeps going that way."

Kind of Insurance "These prize tickets are really a kind of insurance. They guarantee we'll make a certain amount of money for scholarships no matter what happens..."

By "no matter what happens" Jim means, of course, Rain This Weekend. He refuses even to consider the possibility. "We like to think positively," he says. But he can remember Carnivals when "I've been so wet that after a while it just didn't bother me any more," one in particular at old Country Day when "it poured, and something happened to the merry-go-round, and Al Glancy was out there working on the electrical system with the thunder rolling and the lightning coming down..."

However: We'll think positively. This year, tomorrow, Friday, June 6, between the hours of 4 and 10 o'clock, and all day Saturday, June 7, from 10 in the morning until 10 in the evening, the sun will shine on the GPUS Carnival grounds in Cook road.

Rain's literally the only disaster that could overtake this GPUS Carnival. As of three weeks ago Jim reported, "We're fully staffed and ready to go."

Amplification Now, like so many of Jim Danaher's short, simple statements, that sentence deserves amplification. By "fully staffed," he means 625 people—adults, not children—have agreed to "work" the Carnival in two-hour shifts, "some have volunteered for four, six, even eight-hour shifts), collecting money for admissions and rides, staffing the Food Tent, the Soft Drink Tent, Selling Baked Goods..."

He means off-duty policemen have been hired to make sure the traditional GPUS Carnival atmosphere—that feeling expressed by the young gas station attendant who saw the Carnival bumper sticker on Jim's car and observed, "You know, I like to go there because I don't have anything to worry about"—is maintained.

By "ready to go" he means all preliminary work has been successfully completed: Tickets printed, posters and bumper stickers distributed, (this latter job is traditionally the students' and they traditionally go at it with a vengeance; from personal observation we'd say that one out of three Pointe cars sports a GPUS Carnival bumper sticker this year).

You can't tell us there weren't some tall orders filled before that fully staffed-ready to go status was achieved.

But, Jim Danaher insists, "It's all really very simple." We invite our readers to use their imaginations in amplifying that statement.
