A MAINTENANCE WORKERS' strike will delay indefinitely Monday's scheduled opening of the fall term at Michigan State University. Acting president Walter Adams told the university's 40,000 students not to report to dormitories or for registration until further notice.

REJECTING ALL PROPOSED modifications, the House voted Thursday to abolish the 180-year-old Electoral College and provide for the people to directly elect their president. It was the first measure proposing reform of the presidential election mechanism to pass the House in 166 years. A two-thirds vote was required for passage. The final tally was 339 to 70.

JAMES M. HARE, 59, announced Thursday he will step down in 1970 after 16 years as secretary of state. Hare said he has been greatly disappointed at not getting some of his programs through the legislature. Hare added that he might be a candidate for one of the state-wide educational posts.

PRESIDENT NIXON CANCELED draft calls Friday for a total of 50,000 men in November and December. He also announced plans to make basic draft reforms by executive order if Congress fails to act this year on his proposals. A prime objective of the reform is to put 19-year-olds at the top of the list for draft eligibility.

TWO DETROIT PUBLIC high schools were closed and classes were disrupted at two others Friday by militant Negro students protesting the death sentence given to Fred Evans, a Cleveland Black Nationalist. The schools involved were Northern, Northwestern, Conley and Murray Senior High Schools.

THE UNITED STATES clamped a massive land, sea and air surveillance on the 500-mile U.S.-Mexican border today in a dramatic move to cut off the flow of marijuana and other drugs. Federal agents said that the pilot of a light plane carrying about 1,000 pounds of marijuana had been caught and arrested after he flew over the border and was followed by a government plane to Bakesfield, Cal.

A MEXICAN AIRLINES JET loaded with tourists crashed and split apart while landing at Mexico City on a flight from Chicago Sunday. Red Cross officials said at least 30 persons were killed and 60 injured.

SENATE DEMOCRATIC LEADER Mike Mansfield warned Sunday that U.S. involvement in Laos has grown to "disturbing proportions." He called for an immediate freeze on the level of U.S. personnel there and in the rest of Southeast Asia.

TWO SPY SHIPS, two-thirds of a Marine division and more than 200 Air Force planes are being sidelined under a new defense cutback trimming U.S. military strength by 77,500 men. The Pentagon said Monday that the latest economy move will save \$356 million this year.

ABOUT 60 UNIVERSITY of Michigan students occupied North Hall, the campus ROTC building on Monday. The students, apparently members of a liberal organization called the Ann Arbor Coalition, forced several people to leave the building and chained the door shut. The takeover was the latest in a series of campus demonstrations against ROTC. The offensive faded after U-M president Robben Fleming announced that disruptive tactics would not be tolerated and moved to prosecute students identified as protesters.

Students Object to School Dress Code

A recent referendum indicated that 98 percent of the Pointe's public high school students prefer a modified version of the school dress code, prepared by the Student Association at South High. Among those who think no code should be imposed and that only parents have the right to dictate on the subject of dress, are, left to right: PETER OSETEK, CHRIS LOCK, KAREN FRY and BRUCE KERR, all students at South.

Seven new Board members will be elected and introduced to fill the places of the following citizens who have served the Center and the community on the Board so ably over the past few years. Those retiring are David W. Kendall, president; William B. Cudlip, vice-president; Mrs. John W. Mulford, secretary; and directors Frederick K. Cody, Frank W. Donovan, Mrs. Tobey Hansen and Mrs. Mark C. Stevens. A small brochure will be given. (Continued on Page 9)

SEAT STOLEN

Richard Lehman, of the Village Manor Restaurant, 685 St. Clair, called City police on Wednesday, September 17, to report the theft of a white wrought-iron seat from in front of the restaurant sometime after dark on Tuesday, September 16. The bench was valued at \$50.

Need Volunteers to Help In Battle Against Drugs

By Pepper Whitelaw
The real tragedy of the drug scene today is that many of the lives being wrecked are young lives... teenagers who still have their whole future before them," says Inspector Joseph Brown of the Detroit Narcotics Bureau.
Many of these teenagers live in Grosse Pointe. Local police department told the NEWS that drugs are becoming an increasing problem here and indicated that more and more teenagers are turning to "hard drugs" and many are becoming addicted to drugs.
Running through some local statistics we find that in The Village of Grosse Pointe Shores some 15 drug-connected arrests have been made in the 17-20 age bracket since the first of the year. In The Farms, 13 drug-

High School Coaches Find Fewer Students Interested In Athletic Competition

Also Cite Definite Slackening in School Spirit; Easier Living and Poorer Attitude Contribute to Changed Atmosphere

By Phil Lorange
For the average high school-aged youth attending classes at any of the Pointe schools, the choice of studies and extra-curricular activities available will be more diversified than in the past few years, solving many old problems, creating several new ones and still leaving some questions unanswered.

Two major areas of concern to parents and high school coaches is the seemingly real decrease in the desire for athletic competition among a growing number of young men and a flagging "esprit de corps" among many students for their alma mater.

Has the modern-day pace of living dampened the enthusiasm for athletic competition among Pointe youngsters and has the "old-fashioned" concept of school spirit, long considered by parents, teachers and coaches as a healthy aspect of school life, disappeared from the campuses of the Pointe high schools?

The high school athletic directors of Grosse Pointe North, Grosse Pointe South, University-Liggett and St. Paul High Schools — those individuals most in contact with youngsters on the athletic level on a daily basis — told the NEWS that they feel fewer youngsters are competing in sports, competitive spirit has suffered mightily and school spirit carries a different meaning today than it has in the past few years.

'Bad Trip' Traps Young LSD User

A juvenile took a "bad trip" on Friday, September 19, and ended up in Bon Secours Hospital for treatment. His companion told City police that they purchased \$12 worth of LSD from a youth in a restaurant at about 5 o'clock on that date. By 6 they had taken all of the LSD, then went to a dance at the Neighborhood Club where the one youth became ill.
He was found in the lavatory by Ed Krattli, director of the Neighborhood Club, who immediately contacted police.
The mother of one of the youths told officers that she was aware of the fact that her son was on drugs and had had him to several doctors. The youth had a number of fresh needle marks in his arms.
One of the juveniles had in his possession a dangerous looking knife which police confiscated.
City police said both youths will be filed on. (Continued on Page 12)

Police Offer Tip on Ways To Cut Crime

Many Cases of Breaking and Entering Could Be Avoided if Residents Would Cooperate

By Phil Lorange
Although the role of the law enforcement agencies of the Pointe is to enforce to the best of their ability the laws of the community, police are calling on the residents of the Pointe to help them in their difficult task by using common-sense methods of crime prevention and are asking them to "call us."

The heads of all five Pointe police departments are urging residents of the community to contact the police immediately whenever they feel something is amiss and to abide by a few simple guidelines to curb the number of incidents of breaking and entering in the community.

"The cheapest insurance a homeowner can buy is the amount of money it costs to leave some lights burning in his home at night and whenever the family is away," claimed Det. Sgt. George Van Tiem, of the Farms police department. "Keeping your home well lit is the biggest safety factor you can have. Especially keep some lights on in the rear of the home."

Seek Empty Homes

Van Tiem said that professional thieves make it a practice to drive through a neighborhood, looking for homes which appear empty before making their strike.

"In addition to keeping lights on both upstairs and down, ask your neighbors to keep an eye on your home while you are away," said Van Tiem. "If you have a dog, leave him inside and let him bark. Nothing is more discouraging to a thief than a barking dog."

Van Tiem also said to watch out for the stranger who rings the doorbell and asks you for a street address or a name, which is unfamiliar to you. Usually, the thief will ask for a lady, he said.

"Always get a description of the stranger and call police immediately," requested Van Tiem. "In 50 percent of the breakings and enterings in the Farms, the crimes are committed by one burglar."

Enlist Your Neighbor

"A good trick for residents to practice is to reach an agreement with their neighbors that, when they are away from the (Continued on Page 3)

Two Councilmen Again Delay Plans For Condominium

Ecclestone-Barnes Project Thwarted for Third Time Despite Approval by Five of the Seven City Council Members

By Pepper Whitelaw
The third attempt by E. Llywd Ecclestone, Jr. and James T. Barnes, Jr., to have the Grosse Pointe City Council amend the zoning ordinance to permit them to build a 36-unit complex of condominium apartments in five buildings fronting on East Jefferson between St. Clair and Neff and including the parcel of land formerly occupied by the O'Leary Cadillac Agency, was thwarted Monday, September 22.

The Board of Appeals of the City of Grosse Pointe voted 5-2 to permit the construction, but under Michigan statute a 3/4 vote, or 6-1, is required to pass zoning amendments if owners of 20 percent or more of the adjacent frontage object.

Petition Presented
Michel McMechan, 808 University, representing The Citizens Advisory Committee, presented a petition with signatures representing 13 land parcels, eight of which were qualified protesters to the Board of Appeals, objecting to the construction of the Ecclestone-Barnes condominiums. This represents 27.8 percent of the adjacent property owners and required that the state statute be invoked.

Councilmen George Henry and Alfred Reuther, Jr. opposed the zoning amendments.

Ecclestone and Barnes presented a scale model of the proposed project at Monday's meeting. The complex units would have floor space areas of between 2190 and 2400 square feet and be of Georgian Colonial design. They would include air conditioning, elevators, TV surveillance, a doorman and a patio area. Each unit would sell for approximately \$70,000 to private owners and none would be available for rental purposes.

There are now several avenues open to Ecclestone and Barnes. They could build single family dwellings on the property, petition the Council to permit duplex housing, request reactivation of commercial zoning or take the matter to court. The final alternative is to wait until after the November 4 election at which time one of the opposers is up for re-election to the Council. If that candidate is defeated they could bring the matter up before the new members in the Council and hope to get the 6-1 vote required by law.

The Citizens Advisory Committee is the group of citizens that also vociferously opposed the expansion of Bon Secours Hospital.

ATTEMPTED ENTRY

The manager of Revco, 17027 Kercheval, called City police on Friday, September 19, to report persons unknown had apparently attempted to enter the store but were frightened away. The lock on the rear storage room door had been filed through. The storeroom contained cigarettes.

The manager also told officers that of late he has had a number of thefts from the store proper of eye droppers and cough medicine.

Additional Parking Space Acquired in The Village

Village shoppers will have more parking facilities as of November 1. The City of Grosse Pointe Council, at a special meeting on Tuesday, September 16, unanimously approved the passage of an amendment to the zoning code of the City which would change from two-family residential a southerly 170-foot vacant strip of land behind Kroger's and across from The Village Manor, to vehicular parking.

As far back as December 3, 1968, a Public Hearing regarding this strip was held. At that time the matter was taken under advisement.

Brandon Rogers, city planner, outlined at that time the need for more parking in this vital area of the City. A survey taken in October and November, 1968, showed that present lots were

Park Adopts Ordinance on Leaf Pickups

Residents Asked to Cooperate before New Law Becomes Enforceable on December 1

The Park council adopted a new ordinance on Monday, September 22, which will require residents to bag leaves rather than piling them alongside the curb for pickup.

The ordinance will not become enforceable until December 1, at which time it will take effect, but it is hoped that the citizens will not wait until that time, and will cooperate by using plastic bags.

The new law also requires that all rubbish be placed in plastic bags, and that branches and brush be cut to a length no longer than four feet, and placed between the curb and sidewalk for pick up.

It was pointed out that the bagging of leaves will not only be labor saving, but it will help to beautify the city by making it cleaner, and it will also prevent loosely piled leaves from blowing on other people's property and throughout the city in general.

Bag Rubbish Too

City Manager Robert Stone said that the law requires that anything that can be bagged for rubbish pick up, must be placed in a plastic bag of two-mil thickness, and measuring 30 inches by 36 inches.

Leaves may be put into these bags, if it is desired, but there are special bags for this, measuring 34 inches by 54 inches, and of two-mil thickness.

According to the ordinance, no rubbish or leaves shall be placed at the curb earlier than 6 p.m. the evening prior to the scheduled pick up day.

The city manager said that approximately 40 percent of the local residents bag their rubbish, at the present time, and that this is greatly appreciated.

Some plastic bags are available at the Municipal Building 15115 East Jefferson, Stone said. Such bags may be purchased from hardware and other stores, he added.

Watch Kids Deliberately Ruin Walks

Residents Stand By as Little Monsters Traipse and Ride Bike through Fresh Cement

By Phil Lorange
Woods residents, who stood by and watched their children walk or pedal through freshly-poured cement on a number of sidewalk repair projects on the city's southeast side, were blasted this week by Woods City Manager Chester Petersen.

"The Woods sustained more than \$1,000 in damages to these repair areas," lamented Petersen, who claimed that all the "patches" were barricaded. "I have reports from a number of repairmen and witnesses that some parents watched their children tramp through the new cement and ride their bicycles in it. Most of the vandalism took place on Friday, September 19."

Petersen said the greatest amount of damages were incurred in those repair areas along Cook road and Crescent Park Tree and Peach Tree lanes.

Woman Wades In

"I can't believe that people could be so unaware of responsibility," said Petersen. "In one case, our workman was still smoothing out a section of cement, which was surrounded by a barricade, when a woman walked right through the finished area. The stunned workman asked her why she did it and she replied that he had not told her it was wet cement. She just walked away from the scene."

Petersen said that special police patrols are now operating in the areas of repair and that they are bent on preventing further damage and will arrest anybody they see destroying the "patches" and charge them with destruction of public property.

"How parents can be so unaware of what is expected of them is beyond me," said Petersen. "I'm sure many have seen their children return home with cement on their shoes or clothing and not have even asked about it."

Costing Them Money

"This is senseless," he continued. "After all, we are repairing these walks for the residents with their hard-earned money and they sit by and watch their kids wreck the work."

Petersen said that all those areas which were damaged have been torn out and fresh, fast-setting cement has been poured. The Woods was forced to work during those hours when children were in school in an effort to avoid further trouble.

"I'm disgusted," he said. "There really has to be something wrong with a lot of parents and their children."

Judge Paterson Hears Two Cases

Two cases were heard on Monday, September 15, in City of Grosse Pointe Municipal Court by Judge Douglas L. Paterson.

Michael Shamos, 653 Middlesex, was charged as a disorderly person-narcotics. He pled guilty and was found guilty and fined \$100 and 60 days in Wayne County Jail.

Lamar Smiley, Jr., 9016 Petoskey, Detroit, was charged with careless driving and driving on a revoked license. He pled guilty and was found guilty on the first charge, sentence suspended. He pled guilty and was found guilty on the second charge and fined \$100, placed on one year probation and three days in Wayne County Jail.

IT PAYS TO SELL

The Farms council was informed on Monday, September 22, that solicited bids for the sale of a used rubbish packer realized the city an extra \$1,250. The Farms recently purchased a new packer truck from International Harvester, which offered a trade-in price of \$500. The used vehicle was sold to a private refuse pick up organization for \$1,750, City Manager Andrew Bremer, Jr. said.

classes," he said. "They don't relate to any school activity and are not a part of any group. Too many children — many more than in the past — are members of this category."

Wernet said the athletes at the school are, for the most part, one of the finest groups on the campus.

"Those who do compete in athletics usually avoid bad crowds," he said. "They take their sports seriously and take an active part in school affairs."

Tread Is Growing

"Unfortunately, I think we are losing many of our athletes and the trend to avoid sports is growing," he said. "School spirit as such is definitely not as great as it used to be. Kids just seem to have more non-school activities than ever before. Sports is one of few areas left for kids, where they have to work hard to get ahead."

"We try to build loyalty, especially in the younger age brackets," he said. "The first thing I do during orientation week for new students is to urge them to join some activity and to get themselves involved in the school itself. I even urge them to play intra-mural sports, if they feel they don't want to compete on the varsity level."

Ed Lauer, athletic director at St. Paul's High School for the past 31 years, agreed that fewer youngsters engage in sports today.

Fewer Try Out

"Competitively, modern-day youth has a rougher haul than those of the past," he said. "Those who do play sports, play just as hard, but there are fewer of them."

Lauer claimed that, in the past, 60 percent of the youngsters in the school reported for football each fall, but that only about 20 percent came out for try-outs this year.

"Competition is not as keen among a greater segment of students today," said Lauer. "It seems that school spirit is just a thing of the past. Perhaps, we have become too diversified in our high school programs."

Lauer blasted the "too-business-like" approach to high school sports today and claimed that many high school youngsters find little joy in participating in athletic activities.

Mimes No Words

University-Liggett's Bob Wood mimed no words when he claimed that athletic competition among youngsters has dropped off considerably.

"Kids are softer today," he said. "They are not as concerned with playing on a school team and they care even less about how their teams perform each week."

"Too many youngsters are losing interest in school activities and they pay only lip service to school spirit," said Wood. "Individually, many of our athletes are terrific competitors, but, generally speaking, I feel that too many youngsters find competition 'too hard' and don't make any effort. It is a real shame because it would benefit many of them."

Quickly Lose Interest

Grosse Pointe South Athletic Director Chuck Hollosy thinks that many high school freshmen get "really charged up" about school activities, but that they lose their interest somewhere along the line.

"Although I think kids who engage in sports are every bit as competitive as those of the past, I don't think there are as many youngsters interested in playing in athletic events."

"Modern-day youth is more interested in bands and singers and other such activities than in sports," he claimed. "I find that many of the old cliches, such as 'sports help build character,' just don't appeal to many youngsters."

Hollosy claimed that the size of many high schools has been responsible for the slackening in school spirit.

"I've noticed an increase in spirit this year, now that we have a smaller student body," pointed out Hollosy. "I think we just got so big that the students couldn't identify with the school or the teams. Too many of them didn't even know who was playing on the teams and they began to feel they were just a number in the school record books."

All four athletic directors feel there are myriad reasons behind the decline in interest for sports activities, but place the greatest blame on easier living and poorer attitude among youngsters.

these can be made available to the citizens. However, he stressed, this does not mean that the Park will compete with commercial interests. Residents are free to purchase them wherever they choose.

Slone said that it is hoped that the people will put out their leaves gradually, that is, bag them as they fall, rather than wait until they accumulate on the ground before raking them and placing them for pickup.

The city will pick up any large appliances, such as washing machines, boilers, and so on, but the people wishing them to be picked up, must notify the city in advance.

The Park is falling in line with the Woods, Detroit, and other communities throughout the State, which require their

residents to bag leaves and rubbish.

Slone said that the new law will be enforced by the Police Department and the Department of Public Works. Violation of the ordinance will be a misdemeanor, punishable, on conviction, by 90 days in jail and/or a \$100 fine, or both.

home, they will leave their blinds up and draperies open. If the neighbors see the draperies drawn have them call the police," said Van Tiem. "It might be a false alarm, but it may well be a crime in the making."

Park Director of Public Safety William P. Eilenberg also stressed the use of lights in a home to ward off possible break-ins.

"If you are going to be away from the home for any length of time, leave the lights on and notify your neighbors and the police that you are away," pointed out Eilenberg. "Discontinue the delivery of your daily newspapers so they don't stack up on the porch and have your neighbors pick up your mail each day. Don't advertise that you are away and the home is empty."

not to confront criminals, if their homes are entered," said Marchand. "Make a lot of noise, but leave confrontation to the police. A cornered criminal is a dangerous man."

"Always call the police and try to get a thorough description of the bandit," he continued. "Especially observe the manner and direction of his exit. I'd rather check out 50 false alarms and capture one criminal, than not to have residents call on us."

That's the keynote of the law enforcement agencies plea to Pointers. "Call us," the police ask and use common sense to curb the number of break-ins in the community.

Grosse Pointe Automobile Parking System to establish a parking lot on that strip by a vote of 6-1 with Councilman John Hammond opposing.

Jacobsons Inc. has offered to lease to the City the northern-most 70 feet of the strip for parking purposes for one dollar the first year and \$500 annually thereafter. The lease will run until 1981. The Council authorized city manager Thomas Kressbach to execute the terms of the lease.

The City is unable at this time to lease the remaining 100 feet of this land for parking from Village Land Company. W. C. Osborne, Jr., executive vice-president of Silloway and Company, representing the Village Land Company, attended the meeting and objected to the rezoning.

Young Burglars Flee Residence

Two boys were seen fleeing from the home of Mrs. Sibley Moore, 245 Vendome road, on Friday, September 19, according to a report given to Farms police.

Mrs. Louise Grewe, housekeeper, told police officers that as she approached the front door of the Moore residence, she saw the pair running from the building, and disappear behind the house next door, to the south.

On checking the interior of the house, Mrs. Grewe said, she discovered that the culprits had completely ransacked the master bedrooms on the second floor.

Patrolmen Donald Dewey and Gerald Deburghgrave, dispatched to the scene, said they searched the area without success. They said they checked the building, but could find no evidence of forcible entry.

Mrs. Moore arrived home and disclosed that she found her wallet torn apart and tossed on a chair in the bedroom. Missing was \$20, she added.

She said she left home at 7 p.m. and had left the garage door and the door leading from the garage into the house, open. Further investigation of the matter was referred to officers of the Detective Bureau.

Use Extra Locks

Eilenberg also urged the use of locks on house doors and automobiles at all times and requested that residents, who suspect some wrong-doing, call the police at the first sign of possible trouble.

Tom Cochill, Shores director of Public Safety, pointed out some interesting facts and gave some sound advice to Pointers. "Most breaking and enterings of homes occur at this time of the year and usually within one hour after the arrival of darkness," he said. "Thieves usually look for those homes which are unlighted in the early evening hours. They figure that persons are not yet home from work or shopping or that they have gone out for dinner."

"In addition, at this time of the year, a person who is in the area shortly after dark does not arouse as much suspicion," claimed Cochill. "After all, he may just be a delivery man working a little late."

Lights Are Important

Cochill stressed the use of lights in preventing crime and also urged citizens to get involved in the fight against crime by calling police and taking an interest in the welfare of their neighbors.

City Police Chief Andrew Teetaert also urged homeowners to notify their neighbors when they are leaving their homes empty for any length of time.

"I also urge residents to close their garage doors at all times and to call the police, if they suspect any wrong-doing," said Teetaert. "I've been here for the past 33 years and I've never resented a call from a citizen. Those calls are usually helpful."

Teetaert also warned citizens not to pick up hitch-hikers and to always report persons sitting in cars for abnormally long periods of time to police.

"I've driven through many residential areas at night and picked out those homes I could tell were empty," claimed Capt. Henry Marchand, of the Woods police department. "People have got to remember to leave a number of lights burning in their homes, if they want to avoid trouble. This goes for business establishments, too."

Give Police A Chance

"Many business places are broken into through the roof and, if a policeman can't see into the store because the lights are out, he can't tell if there is any funny business going on," he claimed. "Too many store-owners block their windows with paraphernalia, making it doubly hard to detect criminal acts."

Marchand requested all store-owners to leave their lights on at night, letting the policemen know there is trouble if the lights are out.

"I also want to urge residents

1970 Valiant Duster.

Move those little economy cars aside. Here comes Duster. One of five new Valiants.

Duster is small enough to fit a family budget. And big enough to carry a family (with a family's luggage). And small enough to get the job done without a lot of gas.

It's big enough to make it anyway you want. With the kind of options you want.

However you look at it, if you want a car that's small enough, but big enough . . . Plymouth makes it.

1970 Road Runner.

Coyote's never had it so bad. This new Road Runner starts with a 383 CID 4-bbl. V-8 that comes standard. And we make it with a range of engines up to a 426 Hemi that is, by no means, standard.

We make it with an optional driver-operated trapdoor on the cold Air Grabber. Open it up and watch what happens. We make it with fat tires down below. And optional Road Runner dust along the side.

And we make it wild. With colors like Lime Light, Tor-Red, Vitamin C, In Violet or Lemon Twist.

No matter how wild you want your Road Runner or any of the 24 Belvedere models . . . Plymouth makes it.

©Warner Bros. Seven Arts, Inc.

Here's 1970.

PLYMOUTH makes it

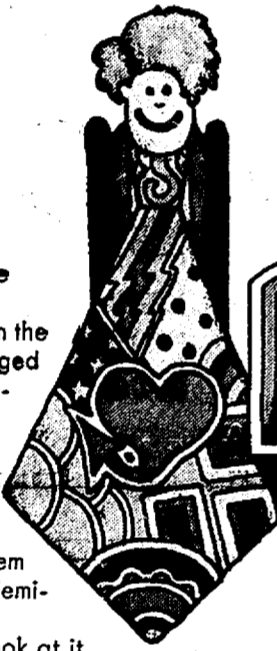

1970 Hemi-Cuda.

This year, the ten new Barracudas are totally different.

As you can see in the picture, we've changed the looks substantially. (As you can't see in the picture, we've packed a 426 Hemi engine under a "Shaker" hood on one of them and called it the Hemi-Cuda.)

However you look at it, our Barracuda is all-new. We've moved it two inches closer to the ground. Pushed the wheels farther apart on our standard torsion-bar suspension. Put a tough new bumper on the front that blends with most paint colors. And given the interior the design and comfort of a jet cockpit.

If you want a car that makes it . . . Plymouth makes it.

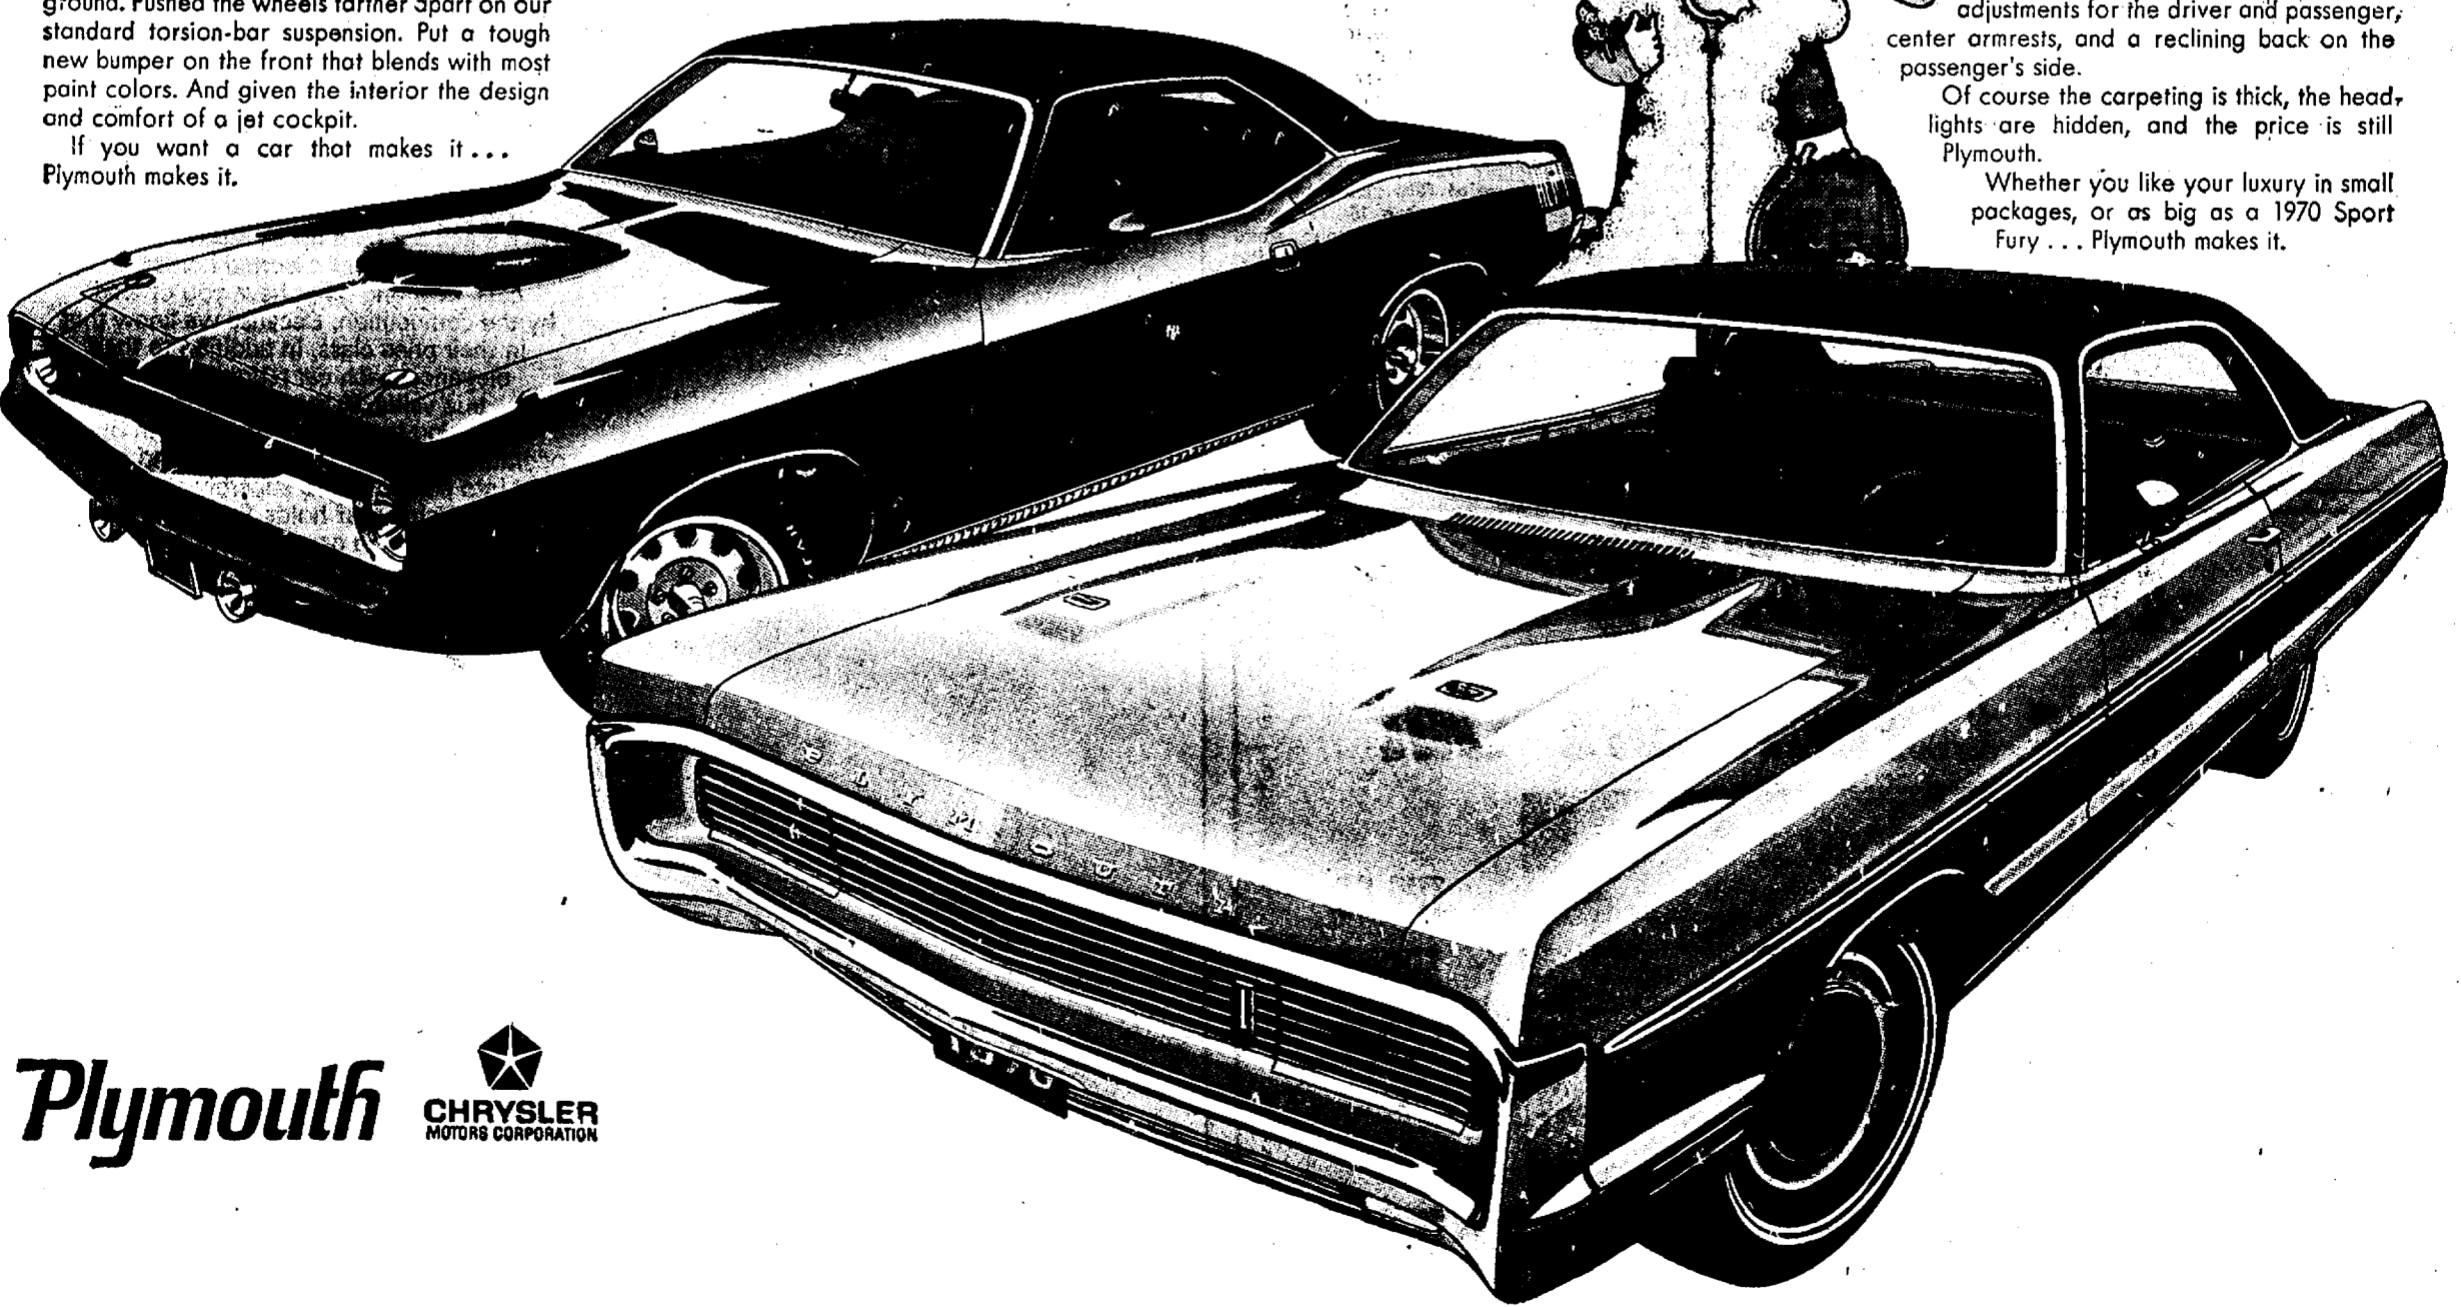

1970 Sport Fury Brougham.

Here's our luxury model. (One of 28 Fury models with a new wide stance.)

It's big enough inside to carry six adults in comfort. It's plush. But the price is still Plymouth. With a front seat that has individual adjustments for the driver and passenger, center armrests, and a reclining back on the passenger's side.

Of course the carpeting is thick, the headlights are hidden, and the price is still Plymouth.

Whether you like your luxury in small packages, or as big as a 1970 Sport Fury . . . Plymouth makes it.

Juveniles Admit Starting Blaze

Woods police have apprehended three 13-year-old boys responsible for the fire which burned down the barns on the five-acre tract of the old Vanderbush property, adjacent to North High School, on Saturday, September 13.

At that time, a witness told Capt. Henry Marchand and Det. Cpl. Everett Plumb, that he had seen three boys fleeing the scene, one of whom had a Detroit News paperbag on his bicycle. Detectives contacted the News sub-station and asked the man in charge to keep an eye out for any conversation regarding the fire.

On Thursday, September 18, the manager of the sub-station called detectives to inform them that a boy had been talking about the fire around the station, and identified the youth.

Detectives contacted the lad, who admitted involvement in the fire. He told officers that he and his two friends were throwing lighted matches at each other one of which accidentally set fire to straw outside the barn. He said their attempts to extinguish the blaze were futile.

Two of the boys were from outside the Pointe area. All were filed on in Juvenile Court.

MACLD To Hold Meeting Oct. 1

The first fall meeting of the Grosse Pointe Chapter of the Michigan Association for Children with Learning Disabilities, Inc. (MACLD) will be held in North High School's cafeteria on Wednesday, October 1, at 8 o'clock.

Dr. Barahal is a professor of Educational and Clinical Psychology at Wayne State University. He is involved in psychological diagnosis of specific learning disabilities, and recently written a definitive article on the hyperkinetic child and youngsters with perceptual disorders.

Following Dr. Barahal's presentation there will be a question and answer period and coffee hour.

Parents interested in MACLD's program or who have children with learning disabilities may call 886-0833 or 884-4852 for further information.

GOLDEN RULE
Take time to do little favors for others as you go along—you'll probably arrive before those who drive straight through.

Citizens Still Think Police Issue Drivers' Licenses

Approximately four years ago the Michigan Secretary of State's Office took over the function of issuing driving operators' licenses, new and renewed. Nevertheless, today, citizens still go to their respective police stations to apply for such a license, mostly renewals.

Not only has this activity ceased to be part of the police departments' function for years, but signs were, and are still posted on the walls of the station, with the information that licenses are no longer being issued by the police, and that this now is the duty of the Secretary of State's Office.

In some cases, the signs carry the address of the nearest location of an SOS branch, where driver tests (another former police function) are given, and where new licenses and renewals are to be obtained.

In spite of the time lapse and the signs, citizens enter the police stations with the full intention of seeking a renewal. Some of these people have been known to look at the signs, read them, and still remain in the station.

When the desk officer asks if he can be of service, the waiting citizen pulls out his wallet and "fishes" out his about-to-be-expired, or expired document and blandly states he would like to have his license renewed.

Occasionally, a citizen expresses startled surprise when informed that he must go to a branch of the SOS to obtain his license; once in a while, a citizen appears miffed that he should be so inconvenienced.

Reports from the five Pointe police agencies disclosed that an average of about three people come to the stations each week, expecting to have their licenses renewed.

The local authorities have asked the NEWS, as a public service, to list the nearest SOS branches to the Pointe area. These are:

The office at 14425 East Jefferson, near Chalmers; and 12921 East Seven Mile road, near Hoover, both in Detroit; and 19350 East Ten Mile road, near Kelly, near East Detroit, in Macomb County.

A person obtaining an operator's or chauffeur's license for the first time, must pay a fee

Many Pointers Attend WCCC

Many Pointers are among the students attending Wayne County Community College classes at North High School.

Of the 388 students enrolled some 229 are Pointers. Students from other areas include 62 from Harper Woods, 73 from east side streets near The Pointe, 11 from St. Clair Shores, two from Highland Park, two from Mount Clemens, two from Warren, two from Melvindale, one from Farmington and one from East Detroit.

Some 141 men are registered. Of this group 101 are single with an average age of 21½ years, 40 are married with an average age of 33 years.

Also enrolled are 247 women—119 are single with an average age of 22½ and 112 are married with an average age of 37 years.

These figures include registrations up to and including Tuesday, September 16.

Guidance Clinic Class Still Open

Although the Pre-School Child Study Group, sponsored by the Northeastern Wayne County Child Guidance Clinic, has set a September 30 deadline for registration, the enrollment is far from being filled, according to Dr. William J. Rowell, director of the program.

The purpose of the program, which is now in its third year, is to assist parents in understanding and meeting with the normal problems of development which their pre-school children present.

The classes will be held in the Grosse Pointe Unitarian Church, 17150 Maumee avenue, and the hours will be from 9:30-11:30 a.m. on Tuesdays and Wednesdays.

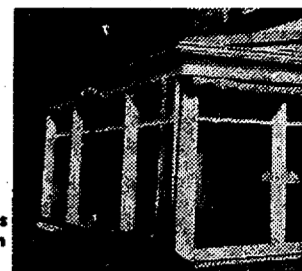

Let opportunity do all the knocking and this will be a better world in which to live.

Applications and information may be obtained by calling Dr. Rowell at 886-3568.

Members of the Kiwanis Club of Grosse Pointe will be selling peanuts at all major intersections on Saturday, September 27, and Sunday, September 28, from dawn to dusk, in an effort to raise money for the Club's Children's Fund for charitable purposes, as part of National Kid's Day. These funds have been used in the past to purchase buses to transport the children, buy and repair eyeglasses, obtain gifts for hospitalized

children and erect a picnic shelter for children at the Woods Lakefront Park. Pictured in front of the new building are (left to right) ROBERT L. Driver Accused Of Being Drunk

James O. Bozeman, 49, of 8129 Grixdale, Detroit, was arrested by Farms police on Monday, September 22, and charged with driving while under the influence of liquor.

Patrolmen Timothy Morrison and Sam Cardella, the arresting officers, said they were on routine patrol on Mack avenue at about 2:18 a.m., when they observed Bozeman driving north on the thoroughfare in an erratic manner. When they stopped him, the policemen said, they detected a heavy odor of alcohol on the man's breath and promptly arrested him.

At the Farms station, Bozeman requested a breathalyzer test, which was administered at the Woods station. The motorist failed the test twice, it was said.

Bozeman, who, the officers said, was bleeding from a cut on the left side of his head, was taken to St. John Hospital for treatment. Bozeman did not state how he was hurt. He had refused medical aid at the time

he was taken into custody. Returned to the Farms station, he was issued a violation ticket for driving while under the influence of alcohol, and released on \$150 bond, pending an appearance in municipal court scheduled for October 22.

Second Sunday Forum Slated

The second Sunday evening forum will be heard at 8 o'clock September 28 at the Grosse Pointe Unitarian Church at 17150 Maumee.

The topic will be "Moral Issues in the Education of Children."

A special invitation has been issued to educators in area public and private schools to hear Warner Glass, director of teacher training at the Waldorf Institute.

Mr. Glass is also a consultant to the Waldorf schools in Toronto and Washington, D.C.

The Waldorf system is set up in the belief in a creative and individualistic basis of learning. A 7-year-old may do well in art and not know how to spell c-a-t in her first year of school. Later when she is interested she will learn spelling.

Mr. Glass will speak about four major ethical questions of education. They are: What is a moral education? Is it the same for all ages? What is the responsibility of the parents, and what is the responsibility of the school? And finally, what are the roles of the public school, the denominational schools, and the independent schools?

The evening will end with coffee and discussion.

Business success and successful investing...

Are they mutually exclusive?

The more responsibilities a man shoulders on his way to the top, the more likely it is that his personal investment program will lose momentum.

What he needs is neither more advice nor "better" advice.

He needs a respected source of investment management: alert to changing market conditions, prompt to act, and fully

responsive to his objectives.

An Investment Management Account with NBD has notable merits for such a man.

May we tell you about them? Write or phone Edgar B. Galloway, Vice President (965-6000, ext. 2912).

Scoring the Pointes

By Phil Loranger

What appeared to be a miraculous comeback turned into a stunning defeat for the gridders of University-Liggett school on Friday, September 19, when fleet-footed Chris Scherer raced 70 yards with a kick-off, propelling Northwood of Ohio to a 24-16 victory over the Knights.

Seconds before Scherer's dash to glory, George Finkstaedt, a University-Liggett halfback, shook off four tacklers and sprinted 75 yards for a score, pulling the valiant Knights within two points of the Ohioans. A Dale McCarthy pass, which Ralph Kulek grabbed spectacularly in the end zone, knotted the score at 16-all. Then disaster struck.

Scherer fielded McCarthy's ensuing kick-off on the run, cut to the far sideline and outran the entire University-Liggett team, which seemed stunned by Scherer's speed.

"This was a really tough loss, but we were lucky to have stayed so close anyway," claimed Coach Tom Taber, who saw his Knights even their record at one win and one loss. "Our blocking was poor and we were unable to maneuver around their ends. We were far from what I would call an aggressive ballclub."

Finkstaedt, who played well offensively for the second straight week, gathered 121 yards on 15 carries, and Marty Weiczorek, a 135-pound rod of steel, played an outstanding defensive game and grabbed a McCarthy aerial for the first Knights' score.

The Knights failed to mount an effective offensive effort throughout the game and two costly penalties set up both Northwood scores. The Knights take on Indiana powerhouse, Culver Military Academy, this Saturday, at Culver.

Lakers Lose Tough One
Rated as heavy underdogs to Salesian, St. Paul's Catholic High School outplayed their rivals in every category, but finally bowed, 6-0, as Salesian scored a much-debated touchdown in the final four minutes of the hard-hitting contest.

"This has got to be a really tough way to lose a game," said George Sahadi, who had his Lakers supercharged for the encounter. "We felt there was a clip on Salesian's TD run, but the referee failed to call it and he is the boss."

The Lakers ran 64 offensive plays compared to only 34 for Salesian. Twice the Lakers drove deep into enemy territory, only to be thwarted. They

were stopped at the Salesian one-yard line in the first quarter.

The game's only score came when Salesian's John Lapenta bolted through the right side of St. Paul's line, grabbed a pass, and raced 30 yards to paydirt.

Junior halfback Mike Nally piled up 134 yards rushing for the Lakers on 20 carries in an O. J. Simpson-type display of "work-horsing," but the Lakers could not find the answer to the middle of Salesian's line. Dennis Nally, Mike's senior brother, shone on defense and quarterback Mike McShane came into his own as a signal-caller, faking beautifully.

St. Paul's next encounter will be with St. Alphonsus Sunday at Grosse Pointe South field.

South High Wins
Grosse Pointe South played opportunist on Friday, September 19, taking advantage of a blocked punt and a fumble, to wreck Livonia-Churchill by a count of 27-8. The victory evened Coach Russ Hepner's Blue Devils' record at one win and one loss and showed that South has overcome the early-season jitters.

"We switched back to the old-fashioned two platoon for this game," claimed Hepner. "I think it really made a difference because both the offensive and defensive units could identify with a group and they took a lot more pride in their work."

The score lent credence to Hepner's claim. Junior quarterback Tom Bailey teamed with Mark Saber and Mark Gutwald for three scoring aeriels and Gutwald also dashed six yards for another Blue Devil score. Bailey's tosses to Saber were for 13 and eight yards and his pass to Gutwald covered six yards.

Looking far different than the squad that lost to Ann Arbor Pioneer in their season's opener, the Blue Devils outplayed their opponents in every category. Tom Reghanti picked up 53 yards in 11 carries and junior Brett Benson flashed for 35 yards on eight rushes.

Bob Bowser, a senior defensive specialist, blasted through the Livonia line to block a punt and senior Rick Worrrell played one of the finest defensive games in the past two years for South, stifling the Livonia-Churchill offense at every turn. The Blue Devils meet undefeated Highland Park this Saturday at home, in what should be a real thriller.

The First Year

FORD AND DEALER BASIC WARRANTY AND LIMITATION OF LIABILITY: 1970 MODEL PASSENGER CARS (EXCEPT MAVERICK) AND LIGHT TRUCKS

Ford and its Selling Dealer warrant, with respect to each 1970 model passenger car (except Maverick) or light truck built by Ford, that the Selling Dealer will repair or replace, at his place of business, any part (except tires and tubes which are warranted separately by their manufacturers) that is found to be defective in factory materials or workmanship in normal use in the United States, Canada, Puerto Rico or the U. S. Virgin Islands within 12 months from the date of original retail delivery or original use by Ford or any of its dealers, whichever is earlier.

Under this warranty, repairs or replacements will be made free of charge for both parts and labor, and the Dealer will use Ford parts or Ford Authorized Remanufactured parts. In addition, during the first 90 days of the warranty period (Break-In Period), the Dealer will provide the following adjustments and services, if needed, without charge unless the need for them is clearly the result of accident, fire or other casualty, misuse or racing:

• Wheel Balancing • Wheel Alignment • Headlight Alignment • Adjustments to: Carburetor, Distributor, Valves, Belts, Transmission, Clutch, and Brake System • Cleaning of: Fuel, Cooling, and Brake Systems • Addition of: Engine Coolants, Power Steering, Brake, and Air Conditioning Fluids • Tightening of: Nuts, Bolts, and Fittings.

After the 90-day Break-In Period, such adjustments and services will be considered normal maintenance resulting from use; the owner will be charged unless the need for them is clearly the result of a defect in factory materials or workmanship.

This warranty does not cover: damage from accidents, fire or other casualty, misuse or racing; failures caused by modifications or any part of the vehicle; normal replacement of service parts such as spark plugs, ignition points and condenser, filters or wiper blades; addition of oil or other lubricants; periodic maintenance services listed in the Owners Manual.

If the owner is traveling or has moved a long distance from the Selling Dealer or needs emergency repairs, or if the Selling Dealer is no longer in business, any authorized Ford or Lincoln-Mercury dealer will perform necessary repairs, replacements, adjustments and services hereunder.

Ford and the Selling Dealer assume no responsibility hereunder for loss of use of the vehicle, loss of time, inconvenience, commercial loss or consequential damage. Except for responsibility for personal injuries shown to have resulted from a defect, this warranty is expressly IN LIEU OF any other express or implied warranty, condition or guarantee with respect to the vehicle or any part thereof, including any implied WARRANTY OF MERCHANTABILITY OR FITNESS.

The Next Four Years

FORD AND DEALER OPTIONAL EXTENDED POWER TRAIN WARRANTY AND LIMITATION OF LIABILITY: 1970 MODEL PASSENGER CARS (EXCEPT MAVERICKS AND CERTAIN ENGINES) AND TWO-WHEEL DRIVE LIGHT TRUCKS

Ford and the Selling Dealer, if the first or second retail owner so elects and pays the appropriate fee, will also warrant with respect to each 1970 model passenger car (except Maverick) and units equipped with Cobra Jet, CJ or Boss engines) or two-wheel drive light truck built by Ford, that the Selling Dealer will repair or replace at his place of business, any part of the engine block, head, internal engine parts, water pump, intake manifold, transmission case, internal transmission parts, torque converter, drive shaft, universal joints, rear axle or differential that is found to be defective in factory materials or workmanship in normal use in the United States, Canada, Puerto Rico, or the U. S. Virgin Islands within five years from the date of original retail delivery or original use by Ford or any of its dealers, or 50,000 miles of operation, whichever is earlier. Under this warranty, repairs or replacements will be made free of charge for both parts and labor, except that, after the expiration of the Basic Warranty, a second owner will pay the first \$25 on each warranty repair visit, and the Dealer will use Ford parts or Ford Authorized Remanufactured parts.

CONDITIONS OF OPTIONAL WARRANTY—1. OWNER ELECTION AND FEE. The first retail owner's election of optional coverage, together with a fee of \$15, must be made directly to Ford, within 90 days after his purchase of the vehicle. Second retail owner's election of remaining optional coverage, together with a fee of \$25, must be made to Ford through an authorized dealer of Ford, within 30 days or 1,000 miles, whichever is earlier, after his purchase of the vehicle, and the dealer must be satisfied that the vehicle has received required maintenance. **2. WARRANTY CARD.** Ford will furnish each owner validly electing optional coverage a personalized 5/50 Powertrain Warranty Card which must be presented to obtain optional warranty service. **3. USAGE.** The optional warranty does not cover damage from accident, fire, or other casualty, misuse or racing, or failures caused by modifications of any part of the vehicle. **4. (For police, taxi and units engaged in severe service, adjust at 6,000, 18,000, and 36,000 miles). Typically, these services and replacements are required because of normal wear and use and their costs are not covered by the warranty. **6. OWNER RESPONSIBILITY.** During the extended period covered by the optional warranty, it may become necessary for the owner to: • Replace spark plugs, ignition points and condensers, hoses, molded rubber or rubber-like items or filters. • Adjust carburetor, ignition, transmission bands, belts or clutch system. • Clean fuel or coolant systems or remove sludge or carbon deposits. • Add oil, coolant, fluids or lubricants. Scoring the Pointes

(Continued from Page 9)
how outplayed Bishop Gallagher really was.

"I thought we controlled the game throughout the contest," said Coach Larry Rancilio. "We allowed them to complete two long scoring passes, which upset me, but I was never in doubt that we could win."

Dick Rancilio, playing his finest game for the Friars, rattled off 128 yards in 16 carries, including two dazzling runs for TDs of 43 and 10 yards. Quarterback John Yacobelli tallied the final Austin score on a one-yard sneak.

Although Bishop Gallagher completed only four passes in the contest, two of them went for scores, when the Friars' sophomore cornerbacks failed to keep up with the play action. Gallagher's scoring aeriels were real "bombs." One covered 75 yards and the other went for 45 yards.

"Our cornerbacks just were not there," said Rancilio. "They are new and green and, in these two cases, just were not around."

Yacobelli completed three of six passes for 42 yards, two of which Mike Varty, who has some of the league's surest hands pulled from the hands of the Gallagher defenders.

Austin, which has a one-and-one record after the victory meets the DeLaSalle Pilots this weekend.

St. Ambrose Loses
St. Ambrose Catholic High School held the Warriors of Brother Rice at bay for better than three-quarters of their contest on Sunday, September 21, before injuries and costly mistakes sent them down to a heart-breaking defeat by a score of 18-8.

Leading 8-6 in the fourth period, the Cavaliers suffered a major blow when their star signal-caller, Mark Sopoliga, was injured in a pile-up, forcing Coach Joe D'Angelo to call upon the services of Jim Orlando, regularly a defensive half-back, who had his troubles handling the ball from center. "I'm not faulting Orlando at all," said D'Angelo, whose ball club now stands even on the season with a victory and a loss. "You have to expect timing troubles with a fresh ball-handler. We just couldn't sustain a drive late in the game, when we really needed it."

Sentor Carlo Piccione gave the Cavaliers a break early in the game, when he blocked a Brother Rice punt. Paul Hayner smashed across the goal for St. Ambrose's lone score, following Piccione's heroics. More than 2,500 spectators turned out under sunny skies to watch the gallant Cavaliers, who will batle St. Mary's of Redford at Hammersberg Field this weekend.

Norsemen Defeated
Third-down plays spelled out the difference between victory and defeat for Coach Jim Krucki's Grosse Pointe North Norsemen, who fell before the

attack of undefeated Fraser by a 30-20 score.

"We had them on the hook all afternoon, but let them get away," said Krucki. "It seemed that we had forced them into so many third down and long-yardage situations, but then we let them get out of it."

Bruce Jodar, a 145-pound spitfire, bulled his way into the Golden Land of St. Points from two yards out and danced through the Fraser defense for 50 yards and a score with a punt return, as he picked up nearly 100 yards in the game. Ironically, Jodar wears number 50 on his jersey, an unusually high number for a running back, because he was not considered much of a ball carrier last year and was given one of the team's last jerseys, according to Krucki.

Eddie Shelton managed to score on a 42-yard pass hook-up with Lennie Constantine, but a defense, which held Fraser to only six first downs in the game, got weak at the wrong times and North fell from the ranks of the unbeaten. They'll take on L'Anse Creuse in an away battle this weekend.

PARK PAYS SHARE

At its regular meeting held on Monday, September 22, the Park council approved its pro-rated share of \$2,939, plus \$130 direct payment for cost of repair of equipment, to the Grosse Pointe Inter-Municipal Police Radio System. The payment covers a six-month period from July 1 through December 31, 1969.

Memorial Has Guest Preacher

Dr. Edward Golden, formerly a faculty member of Princeton Seminary, more recently head of the Inter-Board Office of Personnel Services for the denomination and currently a professor at the Drexel Institute of Technology, will preach at the Grosse Pointe Memorial Church (United Presbyterian) Sunday at the 9:30 and 11:15 a.m. services.

In the afternoon Dr. Golden will meet with Memorial Church's 84 Neighborhood Parish Leaders in a training conference. The church membership from some 1800 homes is related in a "close-to-home" fellowship of Neighborhood Parishes.

In each Parish, a Deacon or other lay person or couple, is assigned as leader responsible for contact and communication with the membership.

POOR CEMENT JOB

City police received a report on Sunday, September 21, from a workman on the St. Clair avenue road repair crew, who said persons unknown had thrown four bags of cement into the radiator of a work truck which was parked on St. Clair over the weekend.

22 WINDOWS SMASHED

Farms police are investigating the smashing of 22 windows of Grosse Pointe South High School, in the area facing Grosse Pointe boulevard. The

broken windows, measuring 18x24-inches each, were discovered by an employe at 7 a.m. on Saturday, September 20. All windows were shattered from the outside with an unknown object, authorities said.

Need Volunteers to Help in Battle Against Drugs
 (Continued from Page 1)
 parents, teenagers and drug users and their friends pertaining to drugs. They are called upon regularly to have suspect material analyzed. Police are finding "tools of the drug users' trade" around the Pointes... needles, syringes, spoons, with more and more frequency.
 Wayne County Circuit Court,

which handles suburban criminal cases, handled nearly twice as many narcotics cases in the first six months of this year than in the same period last year. In 1968, out of 955 criminal cases, 89 were narcotics cases or nine percent of all their cases. In 1969, out of 925 criminal cases, 152 were narcotics cases, or 16 percent of all their cases. So the figures reveal that the problem is increasing at a rapid pace. If we were to add to those percentages criminal cases that were drug-related we are told the percentage figures would double.

Long Involved Program
 With the increase in drug users comes necessarily the need for more effective ways of handling offenders. When a minor is charged with possession of narcotics he is sent to Circuit Court and arranged before the presiding judge and a trial date is set. On the date of the trial the offender's attorney enters a plea, often to a lesser charge, then it takes six weeks to complete the investigation and have a report. When the report is completed the offender is up for sentencing. Sometimes weeks and months go by before the offender comes to trial.

It's a long, involved process. Because of this, two of The Pointes, the City and The Woods, have passed local ordinances. These ordinances permit police to charge possessors under "disorderly person-possession of narcotics." When charged in this manner, the offenders are tried before a local judge in our local courts. Their record shows a misdemeanor. Offenders may serve anywhere up to 90 days in Wayne County Jail and/or fines up to \$500 and/or probation.

Judges Comment
 We spoke to some local judges on this issue. Judge Don J. Goodrow of the Woods and Shores, said he firmly believes in this type of local ordinance, and that control at a local level at this time is more effectual. He added he is very much in favor of changing the law regarding sale of narcotics because it is too severe. "Who in the world wants to give a lad a 20-year sentence for selling one or two cigarettes?" Judge William E. Speer, of the Park, said that in his opinion the sale of narcotics is the gravest crime of our times because we do not know how many people it affects. Judge Douglas L. Paterson of the City of Grosse Pointe said: "We are all paying the terrible price of a permissive lackadaisical attitude toward the conduct of youth. I believe a revision of the laws governing the purchase, possession and use of narcotics is immediately needed because of the extreme penalties which presently exist as to youthful first-time offenders. "I favor passage of local or-

dinances such as adopted by the City of Grosse Pointe governing narcotics, patterned after State law, but making violations misdemeanors, and thereby reducing the penalties and placing the enforcement in the hands of local law enforcement officers and local courts. The close, unified cooperation by parents, school authorities, police officials, courts and probation authorities against youthful violators is most urgently needed. Closer meaningful supervision and discipline by parents of their children might have averted the present tragedy of teenage narcotic violators."

Hard-Line' Necessary
 "A 'hard-line' by law enforcement officers, prosecution authorities, courts and probation departments of youthful violators of the narcotics law is also necessary."
 Judge Robert Pytell of The Farms, said that greater use of city ordinances can be most helpful inasmuch as they can speed prosecution, and mete out more effective punishment at the time the offense occurs rather than months later.

Judge Pytell believes the use of this ordinance, in conjunction with one of his favorite projects, "Project Misdemeanant" can be most effective in assisting the young drug offender. PM is a program in which local citizens assist the probation department in handling cases of youthful offenders. The idea originated in Michigan and has caught on all over the nation.

 Volunteers from all walks of life are needed... housewives, businessmen, professional men, anyone who has the time and interest to give these youthful offenders on a one-to-one basis for a year. These volunteers will receive referrals from local Pointe judges.

Two Circuit Court judges have also expressed concern with the growing drug problem among teenagers and the drug laws. Judge Blair Moody, Jr. told the NEWS that the handling of drug offenders must be balanced. Incarceration, protection of the general public, and rehabilitation must go hand in hand. He expressed the belief that law regarding the sale of marijuana is too severe and does not allow the judge flexibility. (20 year minimum sentence). He said that the laws

Logical laws through unified support of efforts to provide realistic and effective approaches to combat drug dependency, are also part of the program.

Treatment through information centers where concerned persons can call for help and through establishment of facilities to provide medical care and therapy for victims and train personnel to administer it, is also involved. NARCO hopes to serve as a coordinator and a community conscience not a cure and it does not intend to replace existing organizations merely supplement them.

NARCO Is Spur
In short NARCO will be the spur in the community that awakens government, the judiciary and the community itself to the problems of drug dependency and exhorts them into action.

The main thrust of NARCO at the moment is an attempt to acquire Marine Hospital as a rehabilitation center for drug users. The hospital is not being used at the moment and is ideally set up for this usage. It is controlled by the Federal Government. Members of NARCO are exerting every effort to acquire this much needed facility for drug rehabilitation.

Those readers interested in becoming members of NARCO may do so by sending \$5 membership fee to NARCO, Southfield, Mich.

The Grosse Pointe Family Life Education Council, Inc., fighting the drug problem locally, reminds interested parents and teens of three services they are currently offering: Referral and Information Service, Discussion Groups for Parents and Discussion Groups for Teens. Inquiries about these groups may be made by calling 885-3510.

How You Can Help

There are many avenues open to interested Pointers, who wish to help in the drug battle. Join NARCO... participate in Project Misdemeanor... work with FLEC... or if you live in one of the Pointe communities that presently does not have a local ordinance under which drug users can be tried, work toward getting one by writing your City Council and requesting them to consider such an ordinance.

Parents Attend Classes Sept. 30

Parents of Brownell Middle School students will have an opportunity to follow their children's daily schedule in abbreviated form next Tuesday evening, September 30, during Brownell's twelfth annual "School on Schedule."

Because the school day is divided roughly into two-thirds academic subject time, and one-third "special subjects" or enrichment time, the evening has been divided into six periods. Four of these will permit parents to meet their children's English, mathematics, science, and social studies teachers according to each house's established schedule. The remaining periods are reserved for visiting two "special subject" teachers from the following options: art, French, homemaking, industrial arts, vocal music, instrumental music, boys' physical education and girls' physical education.

These teachers will cover the scope of their offerings to middle school students cutting across all three grade levels.

Because the general purpose of "School on Schedule" is to acquaint parents with each teacher's general course of study, textbooks used, class routines, homework expectations, planned activities, etc., no time will be available for conferences about individual students. Appointments may be made with teachers and counselors, however, for future conferences. Coffee will be available in the cafeteria all evening, and Treasurer James Jobbitt will have stations for collection of P.T.A. dues at various places throughout the building.

Form New Group To Study Cities

To probe the problems of The Human Use of Urban Space a new Study Group has been formed in the Grosse Pointe Branch of the American Association of University Women under the chairmanship of Mrs. Burkhard Schneider.

Is Detroit a parasite on the entire country? Jane Jacobs declares it is in her book "The Economy of Cities."

The viewpoint will be discussed by Virginia Johnston and Mrs. Henry Maskey at the new Group's first meeting next Wednesday evening, October 1, in the Wedgewood drive home of Mrs. Joseph Cook at 7:45 o'clock.

Mrs. Norman Gehlar and Mrs. Richard Schuler will act as co-hostesses.

The AAUW Writers Workshop will also meet October 1, at 12:45 o'clock, at the home of chairman Mrs. Charles R. Oakman in Moran road.

Tennis-Crumpets Has 600 Players

Robert Wood and Mrs. William "Betty" Kohr took top honors and the George R. McMullen Memorial Trophy in the Third Annual Tennis and Crumpets competition Saturday, September 20, at the Country Club of Detroit.

The tournament, which began on Saturday, September 13, with an all-day session, continued on the next day and wound up with a flourish of finals in three classes, with Wood and Mrs. Kohr taking the title in Class A (advanced players).

The twosome combined to defeat Rick Kammer and Mrs. Walter B. Robinson in the best two out of three sets series, by scores of 6-2, 6-3. They roared back to take five straight games in the second set after trailing 3-1.

Wood, athletic director at the University campus of the University-Liggett School, was a college net star at St. Lawrence University, in Canton, N.Y., and won the NCAA eastern regional finals in his senior year.

The winners of each class received tennis rackets for their efforts in the tournament, the proceeds of which are used to help the Children's Hospital of Michigan.

Mr. and Mrs. Samuel Sherer grabbed the title in the Class B category, (average players), over runners-up, Mr. and Mrs.

Thomas Walbridges, while in the Class C Division (novice players) Dr. and Mrs. Edward C. Dorsey defeated runners-up, Mr. and Mrs. William Denler.

This year's tournament attracted nearly 600 players, more than 200 above the total who participated in the second annual event last year.

Councilmen Can't Win

Just like the house that Jack built, one thing leads to another... whether it be houses, animals or ordinances. For example, recently The Woods Council passed a cat control ordinance. On the heels of its passage the NEWS received a call about rats. Are Woods officials throwing off the balance of nature? Will the Woods now run rampant with rats? And if bird lovers thought there was a need for a cat ordinance, what about a bird ordinance to protect the poor angle worms?

Ah well, City Solons, you should know by this time. "You're damned if you do and damned if you don't."

Public Schools in Focus

With student unrest at the college and high school level so much in the news, this week I wish to share with readers of the NEWS an article contained in "Education U.S.A." headlined "28 States Try to Legislate End to Student Unrest."

"The big issue in state legislatures this year has been student unrest. At least 28 states have already enacted laws aimed at curbing the turmoil in colleges and schools. And nearly all states have given some consideration to legislation designed to control campus disorders and to punish those involved. In California alone more than 80 measures of this nature were introduced.

"The new state laws on campus disorders have passed their first constitutional test. The constitutionality of the Colorado Campus Disorders Act has been upheld by a state court after eight persons were arrested for disrupting a talk by San Francisco State College President S. I. Hayakawa at the U. of Colorado. One of the drafters of this law, John Holloway, resident legal counsel, U. of Colorado, says the law was created by studying the causes for which students have been expelled from school and making these actions misdemeanors. Maximum punishment is \$500 and a year in jail.

"The new laws vary greatly in their approach and their severity. A survey by the Education Commission of the States (ECS) found that students in Oklahoma and New Jersey will face stiff penalties. In most states violations of the new legislation are a misdemeanor, but in Oklahoma violations are a felony and carry a maximum penalty of 10 years in jail and a \$10,000 fine. In New Jersey students who are caught carrying guns in private or public schools or on college campuses, even with a police permit, may receive a \$15,000 fine and seven years in prison. One of California's new laws will cut off scholarships to students convicted of participating in disturbances and Iowa will deny funds to

both students and teachers convicted of carrying on a riot. Similar laws were vetoed in Maryland, New York and Rhode Island. Other state laws call for dismissing teachers and suspending or expelling students. "Legislators in Pennsylvania and Michigan have decided not to act until they study the problem. The Pennsylvania legislature has created a Senate committee to investigate causes of student militancy. In Michigan a state Senate committee is conducting a year-long study on campus disorders and has been authorized to spend up to \$50,000 on the project. Other states have taken the problem by forbidding firearms, by making it unlawful to trespass on school property under certain conditions, by providing for declaring an emergency or calling in police, or by defining what constitutes a riot. Most states frown on simple disruption of normal operations but in Arkansas the disorder must be violent to violate the law. New Indiana laws urge cooperation between school administrators and police and ask trustees to adopt a rights and responsibilities policy for students and faculty. Tennessee law provides for student suggestions. "Two states, Missouri and New Jersey, have new laws aimed specifically at the suspension of disruptive public school students. Missouri's law provides the authority to deal with the 'critical problem' of student discipline 'deemed necessary' for the immediate preservation of the public health, welfare, peace, and safety. New Jersey's law provides for suspension or expulsion for repeated disobedience, use of profanity, vandalism on school property, assault on teachers or other students, theft, seizure of school property, and encouragement of truancy."

What Goes On at Your Library

By Virginia Leonard

The annual September "kick-off" breakfast of the Grosse Pointe Libraries was held Wednesday morning, September 17, with the entire Staff, representatives from the Administration Offices, Board of Education, Board of Friends of the Grosse Pointe Public Library, and representatives of the High School Libraries (public, private and parochial) attending. It was quite a crowd!

The speaker of the morning was Dr. Herbert Goldhor, presently Director of the University of Illinois Library School. His topic: "The Future of Public Library Service in America."

Dr. Goldhor, genial, warm, friendly, with a fine academic background and many years of experience, began by saying he was not going to deal with practical advice to librarians but rather with abstract relationships. He was pleased to note that our Libraries contained Toyne's 10-volume STUDY OF HISTORY (as well as the condensed version) since he felt many of Toyne's precepts could be applied to librarianship.

Toynbee deals with the civilizations of man - why they rose and why they declined and perished. The reasons? They were predicated on the ability and willingness of the people in control to modify their methods and techniques to meet their problems and challenges.

If we substitute "library" as a social institution for "civilization" we can make our analogy. Today, the library must know how to meet its challenges and problems if it is to be successful. If we cannot make a contribution, we become a luxury institution - and we fail. Also, if we fail to resolve our difficulties (and this also comes from Toyne - if we push them aside - they will come back again).

Then, the speaker listed five ingredients which must figure in a successful library.

1. Materials. We must buy more book titles (more and more books are being published every year); we must do more weeding; we must have (ideally) more copies of important titles; we must have more different materials, such as all the Audio-visual aids. A library is not just a collection of books, it is a collection of materials.

2. Functions. What does a library do? It circulates books -

thus charging systems must be adequate - experimentation must be considered. In the beginning, in libraries, limitations were put on the number of books that could be taken out. Now libraries rarely limit the number, except under special situations. This is an effort to make materials readily available. Reference work is another important item of the function of a library - and it must and should be done well.

3. Computers. Herein lies the future of libraries. Today, there are already 200 libraries in the United States using computers. We are living in the computer age and it is bound to enter the library world.

4. Organization. Here Dr. Goldhor was referring to this on a national basis. For example, be sure your library has a good interlibrary loan system established. These networks go from the small to the larger to the largest. All of us tend to be insular, but knowledge is universal and should be made available to all and from all sources. Computers will be of some help here, and the state and Federal government will need to take on more responsibility.

5. Research. We have library schools. We need more than this. We need to have existing information and studies updated.

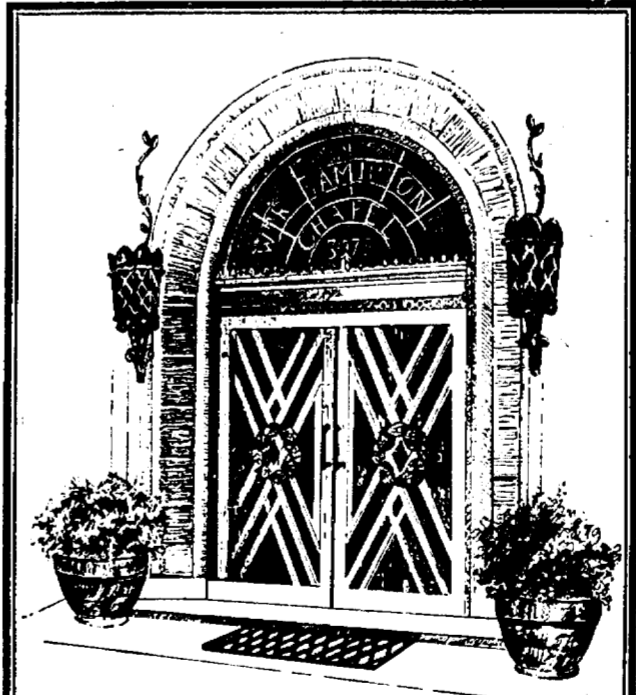

6. Personnel. We need bigger and better library schools. We must produce the people to do the job of making all libraries what they should be. The world is getting more complex; we are constantly assembling more and more information. This represents a challenge to produce more highly trained people who can cope with today's problems and adequately handle the materials, functions, computerization of knowledge, organization and research.

Dr. Goldhor concluded by saying cautiously that the outlook for the public library service in the United States was not necessarily dark but, on the other hand, was not necessarily overbright.

I found the speaker provocative, very articulate, sincere and challenging. I left feeling a little more important as a librarian. I think we all felt that we had a big - but very worthwhile - job to do, and I think speeches like this make us all go out into our respective areas and try a little harder to measure up to what Dr. Goldhor expects of us.

Letters to the Editor

Dear Sir: It appears the residents of Grosse Pointe Woods are to be confronted with an unpleasant problem in disposing of household rubbish. The Woods city council passed an ordinance on September 8th requiring all residents to use 2 mil plastic bags for disposal of rubbish. Anyone who has purchased these bags from the Woods City Hall and used them has learned to his sorrow the bags rip and tear when loaded contents are concentrated in one spot. The load concentrated in one spot tears the bags when they are filled with sharp objects such as branches from shrubbery trimmings or objects of high density. The lack of knowledge of the properties of polyethylene bags on the part of City Administrator Peterson was well demonstrated at the Woods city council meeting of September 8th. Mr. Peterson indicated he did not understand the part of the ordinance dealing with the thickness of the bags. He didn't know the difference between 2 mils, 2 millimeter, 2 millionths of an inch, or 2 millennium.

What's New on THE HILL

By Sibyl

Traveling Alphabetically... on the Hill we were delighted to stop at the Bronze Door, 123 Kercheval. And who isn't? The Bronze Door is justifiably a famous and favorite restaurant. The interiors are by Ford-Earl and the bronze door in the foyer is from the Anderson mansion... truly a museum piece, circa 1480. The service and cuisine are superb.

Interview With Margaret Rice... "Regarding my recent comment to Mark Beltaire that women have changed in their dress sizes and the size scale is now from six to fourteen, whereas it used to be ten to eighteen or sixteen. What are the size sixteens and eighteens to do if they do not want to become a slave to constant dieting? We have many size sixteens and some eighteens for whom I buy with special care. I pay particular attention to the most flattering silhouettes and special needs. We may not have the complete assortment we carry in size four to fourteen, but I feel dedicated to the customer who wears a sixteen or eighteen and therefore I make a very special choice for her by designers whose clothes will suit her best."

The Mood of Early Autumn... prevails in the newly decorated windows at Denier, 77 Kercheval. The flow of gold, the strength of brown, the crisp of straw flowers remind us of subtle, seasonal, beautiful changes to be made at home.

Repeat By Request... A new shipment of the sought after glass and brass ice buckets has arrived at the League Shop. They are very handsome and very practical because they are so well insulated... twenty-five dollars.

To The House Of A Friend... the Road is Never Long" is a truisim printed on a tapestry tin of Carrs English Biscuits. Bring this delightful gift to your hostess... four ninety-five at Hamlin's, 89 Kercheval... TUxedo 5-8400.

Brilliant Fall Colors... are reflected in the window of the Mermaid in the form of Dansk designs. The more earthy tones you'll see in the Dansk china patterns. The gleam of autumn sunlight is captured by the exciting new Dansk stemware.

Attention Juniors... at Grosse Pointe High School South. Pongracz Jewelers is now taking orders for class rings at 91 Kercheval.

Fashion Fragrance News... is from Christian Dior. Diorensence is the brand new scent creation which comes in parfum spray, bath oil, body lotion. All are beautifully packaged and prices range from five dollars to ten dollars at Trail Apothecary, 121 Kercheval.

"Aileen"... is at Angel's, 115 Kercheval. You'll adore this line of fashion mix and match, featuring the traditional blazer (twenty-five dollars), a coordinate V neck tunic (twenty dollars), a kicky skirt (twenty dollars) and a selection of tops (twelve dollars).

Maxi Fashion... is seen at the Village Store, 88 Kercheval, in their collection of maxi coats. A military air and gold buttons is the style of a toasty wool maxi which comes in black, brown, plum and many other colors (seventy dollars). A high fashion shawl collar is distinctive on another maxi at one hundred ten dollars. The big coat news starts at little prices... fifty-five dollars.

Check... the new collection of checker or chess boards at The Card Rack, 93 Kercheval. Different wood stains have been used for a newer look. Contrasting marble is metal trimmed and one of the newest boards folds for travel... 886-8826.

September 27th... is the last day you can catch the exhibition of paintings and etchings by Lennon and metal sculpture by Sottile at The Grosse Pointe Studio, 119 Kercheval. By the way, there's a collection of metal figures by Sottile called Men in Sports. See the golfer, tennis player, archer, fisherman, even the lawn mower, priced about twelve dollars. If his sport isn't represented, Mr. Sottile will create an original. What a delightful personal gift!

The Bronze Door... 123 Kercheval, is working hard to bring you the finest food and service. Reservations will be taken Monday through Thursday. However, guests must be seated by 7:30 p.m. On Friday and Saturday, due to limited seating capacity, the Bronze Door can only receive reservations for guests who'll be seated no later than seven. Guests arriving later, will be seated on a "walk-in" basis... 886-1932.

A mil is one thousandth of an inch. A millimeter is 0.03937 of an inch. A millennium is a period of a thousand years.

Fellow Woods residents, think how carefully your city fathers have investigated the carrying capacity of a 2 mil polyethylene plastic bag the first time you lift a filled one up and the bag splits and you have to clean up the mess. Also, think through how much money the city fathers have saved you as you make your trips to the city hall to buy a roll of plastic bags at \$2.50 per roll about every other month. In particular, remember it next election day. The ordinance passed without a single dissenting vote.

Sincerely, RALPH L. SEGER, JR. 1708 Lochmoor Boulevard

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

Know what's new at this year's Planned Parenthood Christmas Mart?

Well, for one thing, lots and lots of shops . . . e.g. Drop Stitch Studio of Baltimore, Md., featuring children's clothes . . . "Tennis Anyone" of Beverly Hills, Calif., featuring dresses and accessories for guess what sport . . . Vail Blanche of Vail, Colo., dedicated to the proposition that ski and apres-ski clothes should be the most stunning items in any woman's wardrobe . . .

And, for another thing, a glassblower who'll create glittering, shimmering Christmas tree ornaments all the while the Mart's in progress . . .

And, for ANOTHER thing, a "limited edition" series of hand-painted around-The-Pointe basket purses, circled with on-the-Hill, in-the-Village, up-along-Mack scenes and shops, (Planned Parenthood League's own Mistletoe Madness Booth is the place to head for these).

Know what's "old" at this year's Planned Parenthood Christmas Mart?

Well, for one thing, lots and lots of shops . . . including the popular Pineapple of Washington, D. C., famous for bibelots, antiques and accessories . . . and the Maramor of Columbus, O., whose candies and candles are like NOTHING great-grandmother used to make . . . and Lilly of Palm Beach, Fla., whose Lillies are—well—"Lillies!" . . .

And, for another thing, "Top of the Mart" luncheon and cocktail service on the eighth floor of Detroit's Veterans Memorial . . .

And, for ANOTHER thing, those absolutely delightful handmade wooden Christmas tree ornaments, the ones the children like better than toys, (Planned Parenthood League's own Mistletoe Madness Booth is the place to head for these) . . .

Thirty-one shops, 17 "old," 14 new, will be represented at the 1969 Mart in the Veterans Memorial. It's a three-day affair beginning Tuesday, October 21, at 5 in the evening and continuing until 8 that night.

Hours Wednesday, October 22, are 10 to 8 o'clock. Thursday, October 23, the Mart opens again at 10 and closes—for the year—at 5 o'clock.

It's sponsored by the Planned Parenthood League of Detroit, Inc., as a benefit for Planned Parenthood's (Continued on Page 20)

To Exhibit Art At Scarab Club

Two Grosse Pointe area residents, David Fabian, 1002 Beaconsfield, Grosse Pointe Park and Sjirk W. Zijstra, 464 Calvin, Grosse Pointe Farms, will be exhibiting at the Scarab Club, 217 Farnsworth, Detroit, during a month-long art exhibit.

The two, members of the staff of Smith, Hinchman & Grylls Associates, Inc., Detroit-based architectural, engineering and planning organization, are among 27 members of the firm whose paintings, drawings, print-making, crafts, sculpture and photography were selected following "Punctilio 600," a private showing at the firm's office for a public showing at the Scarab Club by portrait painter Joseph Maniscalco, chairman of the Club's Arts and Exhibit Committee.

Speaking of the showing, Mr. Maniscalco said, "It has pleased the Scarab Club to observe a trend in recent years wherein Detroit companies have encouraged art exhibits within their own organizations. A show of this caliber should have further exposure to the public.

Therefore the Club is happy to invite the employees of Smith, Hinchman & Grylls to exhibit their work to the public for an extended period of time."

The show will be held from Monday, October 6, through Friday, October 31, and is open to the public without charge, daily except Saturday and Sunday, from 10 a.m. to 4 p.m.

Most golfers agree that the "double eagle," three strokes under par, on a hole is more of an achievement than the hole-in-one and one of these rare events took place at Oakwood Country Club's par five seventh hole just after the Labor Day holiday this year when BILL BABCOCK, of Severn road, attending a sales meeting, turned in the double eagle as he holed out his three-iron second shot. Bill apparently is not ready to quit his job and turn golf pro because he didn't reveal his score for the round.

This is a silly.

She can't do a thing with her hair. Not a thing. It's unruly where it should be straight and straight where it should be curly. She has a big thing on for tonight. And no time for the hairdresser. And she hates herself. Now, isn't that a silly? When one little well-planned wig would solve the whole thing. A wig can duplicate your own hair style exactly. Or be a total change. Whichever. She wore an Edwardian style organza gown, designed with a finely tucked bodice, a high neckline, long full sleeves and a slightly belled skirt.

Her headdress was a cap of antique Rosepointe lace used in her maternal grandmother's wedding gown and she carried a bouquet of gardenias and stephanotis.

Mrs. Edward Meier, of Traverse City, served as matron of honor and Marcia Day was bridesmaid.

Peter Michaud was best man

as well as the Army's CRREL Award for achievement in Science and Military Leadership in ROTC. He received his degree summa cum laude, with highest distinction in Physics and high distinction in Mathematics.

THEY'VE ARRIVED DEAR PAT,

Zoomed into Laguardia on the "Have you finished your dinner, ma'am, we're landing" flight. The stewardess politely snatched my tray away so that I could relax and enjoy circling the field for an hour. It's very strange, but I'm the kind of claustrophobic that does not mind being sealed up in a jet so long as the schedule is maintained—BUT—I do panic (mild term for glassy-eyed stare, frothing at mouth) when I am so near yet so far from terra firma. What seemed like nine days penance later we were allowed to deplane, the pilot was at the exit whistling an Elmo Tanner kind of rendition of "Come Josephine in my flying machine." I was torn between kissing him soundly for paying attention in his "Circle the Field for an hour" class or killing him for putting me through that torture.

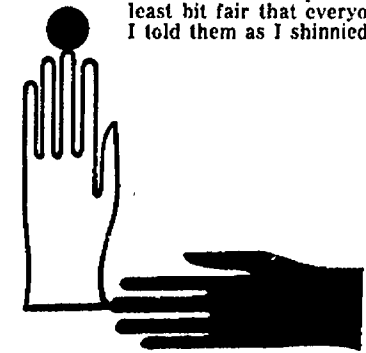

Due to perpetual over-crowded conditions we departed as we did in the olden days—without shelter of caterpillar—right out into a downpour. I let a smile be my umbrella and found that not very satisfactory. It mattered not—I was wearing my McWILLIAMS-MANDEL GO EVERYWHERE COAT. This garment is so super fantastic for weather protection and trim fit—I absolutely love buckling mine around me. Never have I owned anything that made me look so positively slender in my life. Double bonus for this gal now that she's gained all this contentment weight.

I am enclosing swatches of the two colors in which coat is done. Make certain MARYANN (Mrs. Ort), PRIS (Mrs. Posselious, ROSE (Mrs. Adams) and PATTY (Mrs. Carollo) are aware of them. You know how they pout and carry on if we don't keep them abreast of everything pertaining to "their stock." As you know, the coat is constructed in military fashion duplicating a soldier's trench coat, with snappy buckle detail at cuff-pockets and epaulettes. My favorite is marine green but it's equally at attention in tan. Each comes with its own Doughboy hat and can be completed with rucksack and umbrella to match. For the avant-garde the identical raincoat will arrive about October 15th in MAXI length with an army blanket lining (90% wool, 10% acrylic). Cozy warm for football games. The short coat is \$50.00, the long \$70.00.

Back to confusion at its finest—when finally I was able to sidle up to the wheel of fortune for my luggage. I discovered that the hold-up was due entirely to one Val-Pac—mine—that emerged from the tunnel of love in a vertical breach position and jammed the works. I didn't consider it the least bit fair that everyone was annoyed with me—and that's exactly what I told them as I shinnied up the spinning top to dislodge it.

Best love,
JO

University Singers Coming October 11

Popular Group Will Open New Season of "Lighter Side of Life" Series of Parties and Entertainment at Memorial Center

Season Seven of Grosse Pointe War Memorial Association's popular "Lighter Side of Life" series begins Saturday evening, October 11, when the University Singers of the University of Wisconsin perform in Fries Auditorium prior to their appearance on the Ed Sullivan Show and their 1970 Tour of Europe.

Andy Williams, who is an honorary member of the University Singers, states that they are the finest group of young people he has heard in a long time—a statement with which anyone who has heard the group will heartily concur.

They are well groomed, clean shaven young men in cardinal blazers and grey slacks and beautiful young women in white dresses and red shoes who sing, swing and play the kind of music audiences from six to 106 thoroughly enjoy. In addition to popular tunes, folk, dixieland, and even some barber shop, the exciting performance features trumpets, trombones, sax, guitars, pianos and drums. They also win friends for serious music in their expertly done semi-classical numbers.

The University Singers are directed by Professor Donald Neuen, favorite pupil of Robert Shaw. As director of the Indianapolis Symphonic Choir and Maennschor, he excited the attention of Metropolitan Opera personalities which led to his being Choral Director of Ball State before being grabbed by the University of Wisconsin.

The "Lighter Side of Life" series is frankly aimed at providing enjoyable evening where no one has to strain to say he has had a wonderful time. Programs are entertaining, wholesome, and of high quality. These are dressy evenings which begin with cocktails in clubs or one of Grosse Pointe's larger homes. Dinner is served in the Memorial's Crystal Ballroom prior to the performances.

Included on the series with the University Singers is Bob Crosby with his band and show in concert followed by a dance in the Ballroom on November 20 and The Princeton Triangle Show on December 29.

The entire series of cocktail

She is the daughter of Mr. and Mrs. Roland Walter Puder, of Winnetka. He is the son of the Rowland Lowe Halls, also of Winnetka, and grandson of Dr. and Mrs. Frank J. Sladen, of Lincoln road.

A reception at the Westmoreland Country Club followed the 3:30 o'clock rites at which The Reverend Paul Allen, assisted by the bridegroom's uncle, The Reverend Marcus B. Hall, of Stowe, Vt., officiated.

The newlyweds have returned from a New Hampshire vacation and are making their home in Winnetka where the bridegroom is teaching at New Trier High School.

Symphony Women Busy This October

First Luncheon Meeting of the Season for Organization Supporting Detroit Orchestra Scheduled Next Thursday; Area Tea is October 15

Two early October events are currently engrossing the attention of Grosse Pointe members of the Women's Association for the Detroit Symphony Orchestra.

The locale for the group's first luncheon meeting of the 1969-70 season next Thursday, October 2, may be the Bloomfield Hills Country Club—but it will practically be a Grosse Pointe production.

Mrs. Pierre V. Hettler, of Buckingham road, is in charge of arrangements. Mrs. Theodore W. Berendson, of Harbor Hill, of reservations and name tags and Mrs. Winfield S. Jewell, Jr., of Washington road, of hostesses.

The latter's committee will include localities. Mrs. Robert Kaiser, Mrs. Arnold W. Lingershausen, Mrs. Sterling S. Sanford and Mrs. Clarence J. Williams.

Program chairman Mrs. Robert J. Crossen, of North Renaud road, has enlisted The Pointe's own talented concert pianist Ruth (Mrs. Walter) Burczyk to give a mini-concert for the occasion.

Mrs. Burczyk, a Women's Association member, will play "Arioso" by Bach, "Tocatta" by Poulenc, "Nocturne in D Flat Major" by Chopin and "Rigoletto Paraphrase" by Verdi-Liszt.

Mrs. Thomas V. LoCicero, of Three Mile drive, president of the Women's Association, will officiate at the business meeting which will be sandwiched between 11:30 o'clock cocktails, 12:30 o'clock lunch and the musical program.

The Women's Association will hold its 1969 Grosse Pointe Area Tea for new members at the Lochmoor boulevard home of Mrs. Ray W. MacDonald on Wednesday, October 15, at 2 o'clock. Mrs. Winfield S. Jewell, Jr., will be chairman of the event.

Last year the Women's Association launched the Area Tea concept and invited each member in several different communities to attend her local tea and bring along one or more friends who would like to join the organization.

The effort was so successful that the Women's Association was given at the June meeting of the National American Symphony Orchestra League in Atlanta, the Golden Baton Award for the most imaginative membership promotion.

The 1969 teas, all scheduled for October, are being held in Birmingham, Bloomfield, Dearborn, Grosse Ile and Detroit, as well as Grosse Pointe. It is

D'you Know That?

Shakespeare's claim that "FAT PAUNCHES HAVE LEAN PATES," may have been a slip of the pen.

Some of our beefier presidents seem to have been quite brainy despite their bulk. And we have had them portly! 250 lbs. of Grover Cleveland... William McKinley weighing in at 200 plus... And what about the champ of them all? William Howard Taft—at 339 lbs.!

He was so big around the middle, that a new White House bathtub had to be installed. The regular one being so inadequately small, that on occasion, the President had to call out for help—because, he was stuck in it.

They're doing adults and/or pets as well as boys and girls now.

Mrs. Mack was a "natural" for the enormous job of chairman as she is current president of the Grosse Pointe Branch of the Women's National Farm and Garden Association.

Recently she entertained the committee in her Country Club drive home, capping their meeting by taking the group "next door" for luncheon at the Country Club.

Such homes as those of the late Mrs. Standish Backus and Mrs. Alfred G. Wilson, those of the Harlan Hatchers in Ann Arbor and the Arthur E. Summerfields in Flint have been opened for IFYE teas in years gone by. The tea annually attracts garden club women from all parts of Michigan.

Touring Holiday Follows Rites

Following their Saturday, August 30, wedding in St. John Berchman's Church and a reception at the Mauna Loa Restaurant, Mr. and Mrs. Edward DeMercurio, Jr., toured the United States, visiting State Parks with their mobile home. They have returned to the Detroit area and will be making their home in East Outer Drive.

Mrs. DeMercurio is the former Delores Fodera, daughter of Mrs. John Fodera, of Detroit, and the late Mr. Fodera. The bridegroom is the son of Mr. and Mrs. Edward DeMercurio, of Wedgwood drive.

For her 11 o'clock wedding the bride selected a peau de soie gown with Alencon lace accents. A Camelot headpiece caught her imported illusion veil and she carried white orchids.

Back panels accented her attendants' lime yellow frocks and they carried bouquets of yellow and white daisies, baby's breath and roses.

Mary Fodera was her sister's maid of honor. Mrs. Frank Grammatico, another sister,

was matron of honor. Bridesmaids were Jackie Van Alst, Bernadetta Roberts and Elizabeth DeMercurio. Susie Walker was flower girl.

Serving as his brother's best man was Anthony DeMercurio. Ushering were Sam DeMercurio, Ronnie Salvo, Frank Grammatico and John Walker.

The bride's mother wore a pale green sheath trimmed with pearls and beaded at her waistline while the bridegroom's mother selected a lime yellow sheath with crystal beading and a matching chiffon coat.

Out-of-town guests included Dick Contino, from California, and Mr. and Mrs. William Favuzza and their daughter Estelle and Mr. and Mrs. James Dellabonta, from New York.

MARTHA JANE ADAMS, of Rivard boulevard, has accepted a teaching position in the Milton, Mass., schools. For the past three years she has taught in the Elementary Department of the Schaumburg, Ill., schools.

Walton-Pierce Presents Exciting New Collection

Sketched for the Grosse Pointe News are four original models from the Walton-Pierce Made-to-Order Collection which features waistlines above and below the natural waist, cover-up and low cut gowns for evening, long sleeves from morning through night. And as Mrs. William Rust Pierce says with authority and wit, "It's open season on hemlines."

It is Mrs. Pierce's designing and selective skills which have successfully put together this beautiful eclectic collection, using a wide range of the finest imported fabrics, traditional and contemporary patterns and a variety of figure flattering lines. She has been presenting collections for 45 years. This in itself is a mark of success with so many famous made-to-order departments no longer in existence.

It's an art. And Mrs. Pierce

has the deft touch and experience of a master. Those etched lines, the mood, the quality, the construction, the surprise! You as a viewer react. You want these beautiful fashions. Black, brown, beige and white are the chiaroscuro values. Splashes of impressionist color add excitement.

For day Ultra-Marine blue ribbed French wool is used for a narrow double breasted coat, buttoned in brass. It is semi-fitted with lines extending below the waist, lengthening the silhouette. Worn with its own white French jersey dress with long sleeves showing below the cuffs of the coat and the high collar peeking above the collar of the coat. The dress has an apron effect outlined with brass nailheads.

There are many coat and dress ensembles shown together but they are important enough to lead their own separate fashion life. An Art Deco inspired print black, beige and white coat is cut new and sleek with side buttoning. It is ensembled with a beige wool dress. A pewter gray tweed coat tops a matching dress with a high yoke, pockets placed low and accented with antique pewter buttons. Blue and crimson plaid is selected for a three piece ensemble. The plaid coat and skirt are set off by a crimson blouse.

Your wardrobe should include the newswy impressionist pink wool long line coat worn with its own pink dress. A luxurious beige and white Labrador fox hat and muff extended from a gold chain around the neck complete the picture. Spanning afternoon into evening and a perfect foil for your own jewelry is an elegant black brocade cover-up with a side closing coattress effect.

Color turns up at the cocktail party in the form of a viridian green silk brocade dress with a sculptured neckline front and back, a fitted bodice and a flaring skirt. A coral pink and gold brocade coat and dress ensemble is another party-goer. Both have curvilinear patterns, reminiscent of Art Nouveau.

For evening, Antwerp blue French metallic brocade with an antique gold Persian print was chosen for a long, slender dinner gown. The neck is v-neck deeply. The long fitted sleeves form a point over the top of the wrist. The raised waistline is marked with a band of the brocade. An attached panel in back assures graceful exits.

Baroque droppearls and gold braid define a high-waist on a pure white matelassé ball gown. A deep décolletage and a released bell skirt assure this as the perfect choice for a season of galas.

Opening night excitement is yours in a long theater costume. The coat is of black, red

JUSTICE Few people get just what they want in this world—most get what they deserve.
SELF-CONFIDENCE It's impossible to sell yourself to others until you have sold yourself to you.

Walton Peirce Collection

(Continued from Page 21) and gold cubistic print on a ground of white. The raised texture and contrast give dramatic dimension. The design of the coat shows a rising waistline, high collar and a sweeping skirt. There's more drama when the coat is off, showing a French tissue taffeta bewitching black one-shoulder Grecian style gown. A side swept skirt has a rounded hemline, one side lower than the other, for a glimpse of a pretty leg.

The art of entertaining is heightened when the hostesses wears a cadmium orange matelasse jump suit, fitted through the top . . . the pant legs gracefully widening. The high neck and long sleeves are lavished with gold braid. French metallic brocade in a contemporary floral pattern of sapphire, turquoise and silver-white is another entertaining fashion. This hostess pajama has a deep V neck, long sleeves and the high waist is marked with self-banding.

Designing and guiding a collection to completion is indeed an art. Mrs. Pierce has included the elements of quality, construction, flawless production and the expression of what is beautiful in a comprehensive collection. Like love and beauty "originals" are subject to individual interpretation. You'll love the collection and feel more beautiful and individual when it is adapted and made for you . . . alone.

Wanke-Franks Betrothal Told

Mr. and Mrs. Edward Franks, of Mexico City, Mexico, formerly of Merriweather road, have announced the engagement of their daughter, Carole Ann, to H. Robert Wanke, Jr., son of Mr. and Mrs. Robert H. Wanke, of Devonshire road.

The bride-elect attends the University of Mexico in Mexico City. Her fiancé, a former honors student at Western Michigan University, is currently serving with the United States Army in Vietnam.

Starting today, you can see our little rich car, the Hornet, and all our other cars for 1970.

From \$1,994* to \$3,589*

The Hornet is the first car in America designed to prove that the word *small* doesn't automatically mean *cheap*.

It offers more unbridled luxury than any other car of its type.

But it doesn't stop there. It offers you the luxury of spending more . . . on power steering, power brakes, individual reclining seats, custom upholstery, a 304 cubic inch V-8 engine, vinyl roof, air-conditioning and more.

Depending on just how rich you want to get. See all of our 1970 cars including the luxurious Ambassador, the sporty Javelin and AMX, and Rebel—our intermediate that lists for less than many compacts.

1. Based on manufacturer's suggested retail price for Hornet 2 Door sedan. Federal tax, title, license, and dealer fees, destination charges, and options excluded.
2. Based on manufacturer's suggested retail price for Hornet SST 4 Door sedan. 132-hp. 304-cu. in. V-8 engine, 3.00:1 R. axle ratio, power brakes and steering, air conditioning, push button radio, vinyl roof, tinted glass, D 20 red tire tires, twin grip differential, handling package, 100-watt stereo, 10 amp battery, Federal tax, title, license, and dealer fees, destination charges excluded.

Pointe Counter Points

It's A Date . . . We are happy to report the beautiful new Walton-Pierce in Somerset Mall, Troy, will be officially open October Seventh. Distinctive, specially designed interiors are by Ford-Earl. Fashions . . . in the inimitable Walton-Pierce manner. The buyers are in New York and are sending by air the newest of the new. They are arriving at 17100 Kercheval now.

"Le Flou" . . . We asked Patrick at Leon's, 17888 Mack to explain this new direction in hair styling. He told us the trend began a while back with the new movement in hair based on a perfect cut. It requires less teasing or no teasing at all. The individual style is designed to balance with the features. It can be changeable but always in balance. Easy for day . . . sophisticated for evening . . . TUxedo 4-9393.

Bonne Chance and Bon Voyage, Anna . . . We know your suitcases are already packed with your honeymoon wardrobe from Michelle's Boutique where sister Eileen did a great job of buying those continent and city hopping styles which will take you fashionably through Europe and the Middle East.

Beauty Treatment . . . for your kitchen begins with Mutschler skill and design. Even planting arrangements are built into the plan. The finish of the cabinet is baked on for lasting quality. The decorator tile is color coordinated and hand fired. See samples at 20227 Mack Ave.

In Martha's Closet . . . 373 Fisher Road, there is a new collection of all weather coats from Aquanala. The lighter weights are for fall and come in solids and prints. White or red double breasted cozy coats have pretend mink linings for stadium and when the snow flies.

Personal Appearance . . . Mademoiselle Catherine Burrus, fashion consultant, the House of Christian Dior, Paris, will be at Jacobson's all day, Friday, September 26 with The Winter in Town Collection of Christian Dior stockings. Drop by to meet her in the Hosiery department. She'll be happy to answer your fashion questions.

Traditionally . . . women have always been the center of attention at weddings or parties. However, the emphasis on male fashion has grown to such a degree, the once almost forgotten man now comes in for the full share of attention. Fashion information and up-to-the-minute styles are available at Valente's to be rented for that special occasion. Stop by 17904 Mack Avenue or call TUxedo 6-5330.

Santa's Buyers . . . have all been busy gathering gifts while you've been summering. They're in at the Notre Dame Pharmacy. Festive music boxes from Germany, a new group of lighted travel mirrors, beautiful gifts and gifts of beauty should be shopped for early for a more relaxing holiday season.

The Light Side . . . of The Sphere, 18649 Mack Avenue, features candles by Lenox (formerly Paragon candles). As you know these are fine, long burning candles. Choose tapers, twists, pillars, scented or unscented in an artist's palette of colors.

The Kaleidoscope . . . views its Christmas card collection and reminds us it's the last few days for that twenty percent discount at 18135 Mack at Bedford.

CHEVWAY is great! . . . Those folks at Mr. Q were in Florida and discovered the finest automobile rental company with real old fashioned personal service, thanks to Mike Connelly and Walt Sullivan. CHEVWAY Rent-A-Car will be number one soon! When you think Florida, think Mr. Q . . . 886-0500.

Braid Bows . . . can be planned on to enhance and reinforce "the" look. At Edward Nepi Parrucchiere, 19463 Mack Avenue, you can pick braids and have them made into bows, loops or bands. What flattery and what fun! TUxedo 4-8858.

In Business . . . we've had many occasions to use the expertise of Eddie McGrath Jr. He's gone to offices and photographed executives at work. He's snapped buildings and captured fashion models on film, of course! His lens services are conveniently available at 16839 Kercheval and personal portraits in color are a specialty. Call 884-3289.

In Orbit . . . keep your eye on oriental rugs . . . at Ed Maliszewski, 21435 Mack Avenue. Copies and contemporary translations of oriental patterns, using pleasing overall designs is the great trend in rooms with multiplied patterns.

Every Thursday . . . Westfield's feature family style chicken (all you can eat). The meal includes chicken with potatoes, vegetable, cole slaw, roll 'n' butter . . . adults a dollar sixty-nine, children under ten, ninety-nine cents . . . 15506 Mack at Somerset.

Lamps, Lamps, Lamps . . . for living room, dressing table, desk . . . colonial, period, contemporary . . . table or floor! Light up your decorative life with a new lamp from a new selection at Wright's Gifts and Lamps, 18650 Mack Avenue.

Fashionable Fido . . . will wear a paisley velvet pet coat from This 'n' That for Pets, 19443 Mack Avenue. To perk up your pet's wardrobe, there's also wide wale corduroy and sweaters which match collars in a multi-pattern selection.

Yes, He Is! . . . Bob Wyatt is getting ready for Christmas at 1835 Fleetwood corner of Mack with unique decor and gifts. By the way, Bob Wyatt, Unlimited, will decorate your Christmas tree in your home or will supply the tree and the ornaments. . . . 886-8916.

Frank McHugh of Music Play Shop says . . . "Put a child in a room with a piano. What is the first thing he does? He tries to play it because the impulse to make musical sounds is instinctive. MRS. ROBERT C. EVERETT, OF WOODLAND SHORE DRIVE

By Janet Mueller

"Look," said Myrtle Everett, half-way through our hour's interview-conversation. "may I ask you a favor?" We nodded. "Well then" she continued, "when you're writing this up, PLEASE don't make me a paragon."

Okay, Myrt. Herewith follows a Portrait of a Non-Paragon Pointer:

Her cat's lost. Or perhaps "mis-laid" might be a better word; the Everetts know Chat's still at Crystal Lake. Their neighbors there have been taking care of her.

Chat—"That's French for cat; we couldn't think of an original name"—likes country living so, when it came time for the Everetts to leave their vacation hideaway at summer's end, Chat made herself scarce.

Exit the Everetts from Crystal Lake. Enter Chat from wherever cats go when they don't intend to be found.

Chat will be home soon. She's scheduled to hitch a ride with some returning-to-Detroiters. Now that's a typical Everett Happy Ending.

Hated Her Name
For years Myrtle hated her name. Why, she wondered, did her mother DO this awful thing to her? But, gradually, hatred turned to resignation, resignation to pleasure. Being a Myrtle's not such a bad thing.

"When someone says 'Myrt,' I'm the only one who turns around."

Another typical EHE. We suppose we might as well come right out and say it: Myrt Everett, Happy Endings and all, qualifies as a Square. On paper, that is.

She loves her husband. She loves her children. She belongs to a church. She supports her college. She campaigns for the United Foundation. She's president of the local League of Women Voters.

All good, solid Square attributes. So how come Myrt doesn't come across as one?

It is, we suppose, a question of attitude. When Myrt Everett says, "There isn't anybody I'd rather spend my time with than any member of my family"—she's not just talking for publication.

No Dull Everetts

The Everetts are anything but a dull lot.

Begin with Bob, husband, father. Occupation: General Dentist. "Still," says Myrt, "the most interesting man I've ever met." The sort of person who tends to keep a bit ahead of the pack.

For instance: "He was jogging when it was called running and everybody thought it was a bit queer," Myrt notes. "He provided the Early Morning Show for our Brys drive neighbors" (the Everetts lived in Brys before moving to Woodland Shores).

Bob served as last year's president, the first, of Grosse Pointe North High School's Parents Club. "That," says Myrt, "was a lot of fun. They were the most wonderful people to work with . . . We had a big Parents Club Board party here at the end of the year. And it rained buckets! We ended up in the garage."

Chips Off Old Doc

The children Myrt describes as "all Everetts, just like their father in personality, looks . . . very out-going."

Nineteen-year-old Chris is back at the University of Michigan, living in the Delta Gamma House this year. She spent the first part of the summer at U. of M., taking a course, then returned to a job at Blazo's.

Chris' working day began at 5 and ended in the early hours of the morning. Brother Bob, 17, worked from six in the morning until seven in the evening.

Mother had an interesting summer kitchen schedule: "That's why I'm a Weight Watchers dropout."

Bob, 17, is a senior at Grosse

Point North. "I can't say enough in favor of the Grosse Pointe Public Schools," Myrt insists. "My husband and I both were graduated from Grosse Pointe (South) High, Class of 1943—we met in the 10th grade—and I feel we were very well-prepared."

Suited Them Fine
"I can see the need for many different kinds of schools. I think diversity in education is a good thing, a source of mutual improvement . . . But for us, the public schools have been excellent."

Bob, who cut grass all summer, was a member of the South High School Swimming Team in the 10th grade and earned his Varsity Letters in Tennis and Swimming at North High last year.

"All our family," Myrt notes, "are sports nuts. Bob and I golf at St. Clair Country Club. It was REALLY a Red Letter Day when I finally got my handicap down low enough so that it could be figured by machine. The Mini-Max only goes to 36, which is where I'm at."

Myrt and Bob bowl, too, in the Tuesday night league at the Grosse Pointe Yacht Club (another Big Day for Myrt was the one on which she succeeded in acquiring a bowling average higher than her golf average—she's beyond that now).

"All our kids," Myrt continues, "play tennis well enough to make up a pretty good mixed doubles family game. And with Pedro here, we can have a doubles and a singles going at the same time."

Have Exchange Student
Pedro de Blas is the Everett's second 17-year-old son, an American Field Service Exchange student from Valla Dolid, Spain, who arrived in Grosse Pointe August 8 after an exhausting 16-hour bus trip from New York.

Pedro, says Myrt, is a delight. Not only does he play tennis but "I finally have a nice thing Everett!"

Graduated already from high school in Spain, Pedro attends classes at North High.

"He never had English in school at all," Myrt marvels. "He was tutored privately in it for a number of months before he came here. He can't be complimented too highly on how well he's doing."

The littlest Everett, 12-year-old Jimmy, swimmer, tennis player, Little Leaguer, just started at Brownell. For the first time in 19 years, Myrt's not expecting anybody home for lunch.

Reads and Knits

Mrs. Everett's no hobbyist. "I love to read," she says, "and I knit. Chris sews a lot; she does the 'creative work' and I put in the hems. I DID make our needlepoint piano bench—it only took me about 10 years!"

A while ago she and a neighbor enrolled in an Art History course at the Detroit Institute of Arts. Myrt loved that.

"But for heavens sake don't put me down as a 'knowledgeable' art critic! I don't know anything about art really; I just wish I knew more."

"Take that picture"—she gestures toward a street scene on her living room wall. "We picked that up in Portugal. I have no idea whether it's 'good' or not. But it looks like Portugal to me, I like it . . ."

Myrt's taught Sunday School at Grosse Pointe Memorial Church. She's always been active in the Detroit Wellesley Club.

"I feel," she says, "that I was so fortunate to be able to have the experience of attending Wellesley. And I feel VERY strongly that if alumnae don't support private colleges they're just inviting Federal intervention."

"And I feel this is the one 'charity' that deals with the healthy. Colleges are concerned with developing good brains, good potential; we can't afford to neglect our best resources."

She's just joined the Village Garden Club.

But unquestionably her Biggest Thing right now is the Grosse Pointe League of Women Voters.

President Everett, at the beginning of her two-year term, looking ahead to League of Women Voters Week October 6 through 12, talks about the LWV.

Schedule Mission Tea At Our Saviour Church

A Mission Tea will be given by the Our Saviour Evangelical Lutheran Church Ladies' Aid on Sunday, October 12, at 3 o'clock in the Educational Building of the Church complex in Detroit in commemoration of the 25th anniversary of the Michigan District Lutheran Women's Missionary League. Melvin M. Kieschnick, former missionary to Hong Kong, will be guest speaker.

You're in the middle of changing diapers and all of a sudden it hits you: There's an LWV meeting tonight! And you think, "Oh, why don't I just skip it . . . But I'll tell you this: I have never dragged myself out to an LWV meeting that I haven't come back glad I've gone, and stimulated . . ."

"The League likes to have observers at Council meetings, Board of Education meetings. That's how I found the best free show in town! . . ."

End of statements by the President.

Now a few last words on Myrt, from Myrt:

"I try not to fritter my time. I'd rather concentrate very hard on a few things than 'five dollar' myself to death, so I've become very good at saying no. And that comes very easily to me, because I'm basically very lazy!"

Why, Myrt Everett! How un-paragonish of you!

Want Informed Voters
"The League of Women Voters' purpose is to encourage an informed and active electorate."

"We study an issue thoroughly before arriving at consensus. Do we take too much time to be effective? That's a criticism often leveled at us. Frankly, I don't know . . . but I do know that, having taken time, our decision is usually very well-considered . . ."

"Once we've taken a stand, we get letters saying we're moving too fast, letters saying we ought to do more. The fact we're criticized on both sides leads us to think we're pretty much on center . . ."

"Currently, all 4 Leagues in the state of Michigan are studying Taxation and Education. Our most active national study item is the Electoral College. Juvenile Offenders is our local item: Last year we more or less concentrated on dope; this year we'll more or less concentrate on vandalism . . ."

"Mrs. Sterling Barry is our membership chairman. Her telephone number is 884-9021 . . ."

"It's kind of strange: Few people would miss voting in a national election, but when it comes right down to the nitty-gritty elections for mayor, for councilman, school board elections—it's hard to drum up interest . . . And these OTHER elections are the ones that have the most direct effects on our lives . . ."

"I know how it is, all right!"

who, where and whatnot

by whoozit

Here, as we promised last week . . . is the conclusion of Rita Meech's summer story, excerpt from her experiences as a member of Wayne State University's 1969 Etruscan Foundation program . . . but before we get into that, let's have a bit of background on Rita herself . . . She is, as identified previously, the daughter of Mrs. J. Harold Meech, of Lennon road . . . Graduated from Grosse Pointe South High School in 1968, she attended Rhode Island School of Design last year and was awarded another scholarship to R.I.S.D. this year—but turned it down to go to Wayne . . . Now she describes highlights of her Italian Sojourn . . .

"One of the biggest events of the year (in Sienna) is the historical 'Contrade,' the very colorful Palio Hrse Races. These are four days of trial races and then the pageant on the fifth day with the Blessing of the horses in front of the Duomo and a parade of townspeople dressed in Medieval costumes. That was beautiful! One of the trial days I watched the race from the Maresquet's balcony, (in last week's column Rita told how kind the people of the district were to student Foundation participants, entertaining the young archaeologists and inviting them into their homes). I watched the real race packed in the center of the piazza—the horses run on the outside—with 30,000 Italians. What excitement! But one doesn't want to tangle with excited Italians, especially when they lose! Spannocchia's horse, (the Foundation program students studied at the Castle of Spannocchia, owned by Ferdinand Cinelli, of Voltaire place), came in third; last year we won . . ."

Rita completed . . . her foundation work July 31 and began a traveling vacation in Switzerland, Austria and Bavaria . . . August 21 she flew from Milan to London, returning from England to Grosse Pointe September 1 . . . Oh, and by the way: While Rita was in Europe her sister Marilyn Meech Siemon, wife of Captain Patrick Siemon who is stationed with the American Army in Vietnam, attended Boston University where she finished her studies for a Masters degree in Education . . .

Well, most of us . . . can't get to Italy for a few months' art-and-archaeology holiday . . . but we CAN make it to the Detroit Institute of Arts where, for the fifth year in a row, the Founders Society's Dozent Committee will provide Afternoons of Art Tuesdays and Wednesdays beginning October 22 and continuing through April 29 . . . This year's Afternoon of Art is an entirely new tour featuring the museum's fine American collection housed in the new Robert Tannahill Wing, (named after a most distinguished local resident, Robert Hudson Tannahill, of Lee Gate lane), and including examples of art from the earliest Colonial times through the 19th century . . . John Singleton Copley, Whistler and Winslow Homer are among the artists represented . . . American furniture, silver and glass will also be included in the program . . . Afternoons of Art, available to groups as small as eight and as large as 80, begin with a 12:15 o'clock salad luncheon in the Institute's Rivera court. Cost for this is \$2.75 per person . . . Following lunch small groups are formed for the hour-long tours through the American Wing. There is no charge for the Docent-conducted tours . . . Group reservations or additional information regarding these mini-Art programs may be obtained by calling Carolyn Goodrich, 832-3488, any time between 9 and 5 o'clock Monday through Friday . . .

Enjoying a whole DAY . . . of Art right now are IbeX Club members who boarded a bus at the City Park shortly after 10 o'clock this morning and must be well on their way to the new Pontiac Creative Arts Center where Mrs. L. Jerome Fink will demonstrate the Art of Fused Glass . . . Among the many jewel-like objects Mrs. Fink creates for both indoor and outdoor use are panels, mobiles, sculptures . . . After her demonstration IbeXers will tour the Art Center which, since its opening a year ago, has offered classes in all the creative arts. One of the special exhibitions on display there is a fine collection of bronzes currently traveling about the state as part of Project Outreach . . . But before the tour there'll be time for luncheon at Fox and Hounds . . . And, after observing the work of an expert, IbeX ladies will try their skill at creating sun-catchers of their own . . . An IbeX class in this lovely art of making objects from lead and stained glass begins October 15.
