**South Gridders Beat North**

(Continued from Page 1) in the Norsemen. White South's fans held their breath, Jack "Automatic" Gardner calmly split the uprights with a perfect conversion kick to give South a 7-6 lead, which stood up for the rest of the game.

**Kick Beat Wyandotte**  
Earlier this season, Gardner's successful placekick beat Wyandotte and assured the Blue Devils a share of the Border Cities League title.

North was not ready to call it quits. With less than two minutes to play, Phil Gurbada blocked a South punt and Brian Webster dropped on the ball. Puleo completed his first pass of the game and North was knocking on the door.

With tension hanging heavy on the field and in the stands, Puleo faded to pass and spotted Steve Schleicher drifting through the South secondary and all alone in the endzone. Puleo hit him with a perfect toss, but South's Mark Saber got there at the same time and the ball was jarred loose and fell to the ground.

Another pass went astray. South took over on downs and Bailey wisely ran out the clock,

bringing to a close the first meeting of these two fine teams.

**Parker Takes Honors**  
Jim Parker, South's "do everything" end, was chosen as the outstanding player of the game by the NEWS. The big end grabbed three Bailey aerials and came up with numerous saves on defense. He will make some college coach happy in the future.

The South-North dance, which was held Saturday evening in South's auditorium, was a great success, according to Steve Potter, sophomore class president, whose class sponsored the affair, and Faculty Advisor Norm DuCoin.

The NEWS congratulates the winning team and coaches and salutes Coach Jim Krucki and his fine Norsemen for a truly great performance.

The NEWS also extends thanks to all the school officials, students, teachers and parents for their part in getting the rivalry successfully started on the right foot.

**Park Councilmen Support Nixon**

The Park council, at its regular meeting held on Monday, November 10, approved a resolution, whereby the members of the council, as individuals, stand behind President Nixon in his efforts to achieve a just and honorable peace.

The originator of the resolution, Councilman Warren Couger, stressed that because the city body should not in effect, speak for the entire community, since there are a large number of people who oppose the President's plan as outlined in his recent television speech to the nation, the councilmen speak for themselves.

If there had been any opposition from his colleagues, Couger said, he would have withdrawn the resolution.

The resolution was approved, with the only solons at the meeting contributing the cost of a telegram to be sent to the Chief Executive, from their pockets. Two councilmen, Robert Hutton, who had to leave the meeting party, and William Luedders, who was out of town, of course, had no opportunity to express whether they favored the move.

Those who voted to send the telegram, were: Mayor Matthew Patterson, and Councilmen Couger, George Verdonck, Robert Bowerman and Douglas Graham.

City Manager Robert Slone was asked to send the following message: Dear Mr. President: We, the Mayor and City Council of the City of Grosse Pointe Park, wish to publicly inform you of our support of your efforts to achieve a just and honorable peace in Viet Nam."

**Winter Nears**

(Continued from Page 1) salt every street in the community, with the exception of the two county roads—Mack avenue and Vernier road.

**Have Salt Left Over**  
"We'll use up the salt we had left over from last year before we order any more," said Ocelnik. "Last year was quite mild."

Ocelnik predicts this winter will make up for last year, however. He said we can expect a hard and long winter.

"I've just got the feeling this winter will be a humdinger and we are about due," he lamented.

Stan Vernier, head of the Shores Department of Public Works, had his salt and plows ready to go, but claimed that his community will be forced to order more than the usual 100 tons of salt this year, because part of Vernier and Lakeshore roads now fall under his jurisdiction.

Stan and his assistant, Frank MacWhirter, both agree on one point. It's going to be a hard winter.

**RINGS TAKEN**  
Shirley Van Thournout, 9797 Camley, Detroit, reported the theft of two rings, which she had removed while trying on dresses at Jacobson's on Saturday, November 8. Miss Van Thournout put the rings on the shelf of the fitting room then left the fitting room. When she returned the rings were gone. One was an amethyst, the other a topaz.

**Park Ordinance Repealed**

(Continued from Page 1) ing Monday night's meeting was larger than at the October 27 session, and those from Monday's group who spoke, including a widow living in Bishop road, who is raising a family, presented very effective arguments as to why the law should not be passed.

Mayor Matthew Patterson, however, as well as several members of the council, also offered good points favoring the ordinance, including that it would save labor time, save the taxpayers' money, and that the bagging of leaves would help keep the city clean.

The defeated amendment would have abolished the requirement of bagging leaves and rubbish from September 1 through December 1, but would require the bagging of leaves and rubbish in plastic bags, or placing them in waterproof disposable containers and putting these at the curb for pickup, after that date.

The amendment was tossed out, and the ordinance withdrawn, with only one councilman, George Verdonck opposed.

Verdonck charged that he was in sympathy with the petitioners, and that although the number of protesters was many, they still represented only a minority. When queried, he claimed that he could get enough people favoring the law, to fill the council chambers and the lobby of the municipal building.

The upshot of the public hearing on the matter, was that the amendment was killed, and Ordinance No. 41, The Rubbish Collection Ordinance, was rescinded, but not dead.

Mayor Patterson said that he and the members of the council were elected to serve all of the people of the community, and what the people want, they shall get.

Mayor Patterson said that so a greater number of citizens

**Teen Heroin Use Soars**

(Continued from Page 1)  
often infect each other with diseases such as hepatitis. The Wayne County Health Department reports some 40 cases in the Grosse Pointe-Harper Woods area. Many of these cases are attributed to the injection of heroin drugs with unsterile needles. There is no way to estimate the countless number of unreported cases or the number of users who don't get hepatitis because they use more hygienic techniques.

**Tricky and Dangerous**  
The injection of heroin is a tricky, dangerous operation. Once a user begins the injections he often finds he needs larger and stronger doses. As this need builds up, the user may kill himself by injecting more than his body can tolerate.

There are two reasons why this occurs. To begin with, most heroin offered for sale is "cut," (diluted with inexpensive substance like sugar). The user is never really sure how much pure heroin there is in the powder; thus he might take a stronger dose than he intended. Sometimes the heroin user is so eager for the "fix" that he hurriedly prepares the injection and once again might inject more than his body can stand.

Heroin works directly on the central nervous system is a depressant and slows down body functions . . . heart beat, breathing, circulation, sex urge . . . blood pressure is lowered . . . there is a loss of appetite and a tendency to constipation. Oftimes the heroin user becomes thin and usually develops a sick look and poor health.

**Why They Do It**  
What kind of pleasure does the heroin user derive from the drug? First the "jolt" of the drug hitting him then the "high" that follows, then a feeling of happiness and well-being. How long this "happy" feeling depends on how much of the drug has been taken, but usually it lasts for several hours. The heroin addict is deathly afraid of suffering through the withdrawal symptoms that come when the "fix" wears off. These are not pleasant. They usually include cramps, nausea, chills, twitching and severe body pains. If the addict continues to go without a "fix" the symptoms can last anywhere from three to 10 days. No heroin addict dies while "kicking the habit"; the simple fact is that most addicts are not willing to go through the discomfort of withdrawal in hopes of curing their addiction.

Besides the physical effects of heroin there are dire psychological effects. Often the addict becomes a slave to the drug, living from "fix" to "fix". He becomes guilty and lonely and ultimately may find himself completely alienated from the "straight" society.

When a heroin user reaches the point of addiction his chances of kicking the habit are slim. Those who have been able to quit have done so in rehabilitation centers with medical help at hand. (Unfortunately these centers are few and far between). However, there are cases where addicts have been able to go through withdrawal by themselves with little or no outside help. In general, the number of cured heroin addicts who stop using the drug once and for all, is small.

Thus you can see how vital it is that those youngsters experimenting with this drug stop before they are "hooked" to the degree that they become addicts, because even medical experts indicate that a person "hooked" on heroin has a difficult time returning to a normal life.

**Expensive Habit**  
The heroin habit is expensive . . . an addict must pay anywhere from three to five dollars for each cap or shot. When he begins he may need only three caps a day, but before long his body tolerance to heroin increases and he needs larger and larger amounts. Within 30 days he may need 10 caps a day and inside of two or three months he may need 20 or 30 caps. Thirty caps a day cost as much as \$100. Where do youngsters get this \$100? The turn to crime such as car theft, shoplifting, mugging and prostitution. We have had local instances of shoplifting, car theft and prostitution directly attributable to the drug habit.

An important fact to remember about heroin addicts is that about 99 per cent of them began with marijuana. Those proponents of the legalization of marijuana who indicate that smoking it is harmless and non-habit forming or no worse than alcohol should be reminded of studies which revealed that marijuana users again turn to harder drugs including heroin. So to those who say pot is harmless, we say the drug scene is no place to get involved with semantics . . . pot is far from harmless.

A frightening but true fact is that heroin is available in the Pointe . . . whether a youngster is looking for it; or whether it is hawked to him by his peers at familiar hangouts. Teenagers say, "We use it because it's a kick . . . it makes us happy." Medical experts say it can make 'em dead. Unfortunately too few youngsters face up to the cold, cruel medical fact that continued use of heroin is a step down the road of no return. It is our responsibility as parents to see that they face up to this fact before it's too late.

**St. John Offers Diabetes Tests**

Free diabetes screening tests will be offered at Saint John Hospital during Diabetes Detection Week, November 16 through November 22, as a public service in cooperation with the Michigan Diabetes Association.

These tests will be given from 9:00-11:30 a.m., Monday, November 17, through Friday, November 21, in a temporary clinic next to the Cafeteria. Results of the tests will be sent to each person. Those wishing to participate in this screening program are asked to park in the West Parking Lot and use the nearest entrance of the hospital. Volunteers will be on hand to direct people to the detection center. No reservations are necessary.

It is estimated that there are more than 80,000 undetected diabetics in Michigan. Unless detected, this disease may lead to serious complications, such as impaired circulation, which sometimes leads to blindness, and a much higher incidence of arthritis. If detected in its early stages, diabetes can be controlled by special diet and medication, or a combination of these with modern medical ad-

vances, this once deadly disease can now be treated to insure normal productive lives for those afflicted by it. The Michigan Diabetes Association, together with Saint

John Hospital, invites you to participate in this diabetes screening program to insure your continuing good health. For further information, please call Saint John Hospital, 881-8200.

bags," said a Moross road home owner, who is considering circulating a petition, asking the Farms to reconsider the bagging section of the ordinance. "Kids tear the bags open and a good wind rolls them down the street and they become a traffic hazard."

The Park has rescinded its ordinance, which required the bagging of leaves, until a public opinion poll, conducted by the city, is completed.

The leaf-sucking device, called a Vac-All, is a vacuum cleaner type piece of equipment, cost about \$14,000, which can also be used to clean street drains and rubbish from alleys.

As the leaves fall and the bags pile up, tempers are growing in the Farms.

**Woods Police Ask Parents**  
**To Keep Kids Out of Leaves**

By Phil Loranger

A tragic accident in the early hours of Saturday, November 8, has touched off an appeal by Woods police to all residents of the community, in which they are asking parents to make sure their children do not play in leaf piles and further asking drivers not to drive their vehicles through any such piles.

The appeal is based on an accident in which a 13-year-old boy, who was playing hide and seek in a pile of leaves with another youngster, was struck by a 17-year-old driver and dragged nearly 400 feet.

The youngster is still listed in critical condition at St. John Hospital from injuries received in the accident, which occurred at about 8:40 p.m., on Beaufait, between Helen avenue and the Harper Woods city limits.

"We are urging all parents to remind their children to stay out of leaf piles for their own good," said Patrolman Steve Petrik, Woods School Safety officer, who this week visited each school in the Woods to deliver his safety message. "Leaves are an open invitation to all children. They naturally consider them play areas, but it can be dangerous.

"Not only do the leaves conceal children, who play in them, but you never know what dangerous items—glass, cans or rocks—may be lying under the leaves," he continued. Each year at this time, parents should automatically warn their youngsters to avoid playing in leaves."

Petrik pointed out that Woods residents are allowed to rake their leaves into piles along the curb, prior to the leaf pickup, which is done by means of a vacuum device.

"Drivers, especially those in the younger age-bracket, often can't resist driving through piled up leaves," claimed Petrik. "Such actions, though harmless in themselves, can often lead to tragedies. Our recent accident proves this."

Petrik, like many other officers in the Woods and throughout the Pointe, have been making it a habit to chase youngsters out of leaf piles, some of which are as high as three or four feet.

This is the second such accident to occur in the Woods in the past two years. In 1967, a young boy was struck while playing in leaves on Hawthorne road.

**DETROIT FACING TRAFFIC DISASTER**  
 With two more months of 1969 remaining and traffic fatalities running 20 percent higher than the corresponding period last year, Detroit faces the prospect of having its worst traffic record in more than 30 years.  
 Detroit police have moved swiftly to stem this rising toll, according to Police Superintendent John F. Nichols.  
 "To avert the possibility of establishing the worst traffic fatality record since 1937, when 335 persons were killed, I am announcing a continuing, vigorous

out traffic enforcement program," said Superintendent Nichols in an order to all members of the department. "I am directing all uniformed personnel on street patrol, including all units of the Traffic Division, to step up activities in traffic enforcement with particular emphasis on the offenses accounting for the bulk of increases in injuries and fatalities."  
 The Traffic Safety Association said that in the past two months Detroit had been recording deaths at an average of one a day. If the same rate continues in what have always been the two most dangerous months of the year, Detroit could snuffer nearly 300 traffic fatalities in 1969. In addition, injuries are up seven percent and property damage collisions up four percent, the Association said.  
 "November and December historically have always been the worst months, fatality-wise, in Detroit. More hours of darkness when neither the driver nor pedestrian can see danger as well, and rainy, snowy weather obscuring vision and making streets slippery contribute heavily to the increase in accidents.  
 "Drivers must slow down to compensate for these conditions and pedestrians must be doubly careful in crossing streets," the Association said.

**NO TRAFFIC JAKES**  
 Men who travel the straight and narrow have one advantage—they can see a long way ahead.

### Park Residents Find Pony Taking Care of Their Lawn

Park police officers could not believe what they heard over their emergency radio on Tuesday, November 4, when the dispatcher sent them to investigate a report that a horse was in the yard of Mr. and Mrs. Robert Powers, 750 Whittier.

Patrolmen Ralph Moore and Paul Konefke, disclosed in their report, that they went to the Powers address, and sure enough, there it was, a Shetland pony, leisurely cropping grass in the back yard. The policemen said that they could not help bursting into laughter.

After the laughter subsided, they stated, they borrowed a rope from Mrs. Powers, who had called the station, and looped it around the neck of the pony, a female ("we think").

Konefke drove the police car and Moore sat on the trunk lid holding the rope with the horse at the other end. The animal obediently followed the officers to the station, where it was temporarily stabled in the small garage at the end of the city parking lot behind the

Municipal Building, 15115 East Jefferson.

A message was sent over the teletype, to all police agencies, asking if a pony was reported missing.

A short time later, the animal was claimed by the LaRocca family of 740 Whittier road. The pony was purchased late in the afternoon, and was placed in the garage overnight. Apparently someone left the door open, and the pony wandered off and into the Powers' back yard.

The pony was transferred to the family farm. The police report did not disclose where the farm is located.

The family suffered the tragic loss of Matthew J. (Mike) Larocca, who on October 22, was found shot to death in his car at Audubon, near East Warren, Detroit. The mystery shooting is under investigation by Detroit police.

LaRocca's wife, Elizabeth, had reported him missing a day earlier. Two children, Lawrence and Sherry, also survive.

### JCAH Gives St. John High Rating

Saint John Hospital has been reaccredited for a three-year period by the Joint Commission on Accreditation of Hospitals. In issuing the reaccreditation, the J.C.A.H. stated, "The medical staff and administration are commended for their accomplishment and for the evidence shown of high quality patient care."

James T. Farley, president of Saint John Hospital, in announcing the accreditation stated, "Credit for this high rating must be shared with our employees and medical staff. Despite this rating, it is not our intent to remain static, but rather it is our objective to make constant improvements in our services."

The Joint Commission on Accreditation of Hospitals is a voluntary organization representing the American Medical Association, The American Hospital Association, The American College of Physicians, and The American College of Surgeons. Since it was founded in 1952, it has played a major role in upgrading the quality of medical care in hospitals throughout the country.

While participation in the accreditation procedure is voluntary, the sanction of the J.C.A.H. has become increasingly important. The loss of this accreditation can prove a major crisis to a hospital.

All participating hospitals are intensively surveyed at least once every three years. Included in the investigation is a review of the hospital's administrative and medical staff organization, and an inspection of buildings,

facilities, medical services and safety procedures. Based on this inspection, it is determined whether a hospital is accredited, placed on probation, or declared substandard. Where deficiencies are noted, recommendations for improvement are made.

### Pointe Players Do Cohan Story

By Pepper Whitelaw

When the curtain rises on South High School's Pointe Player Production of "George M" it will reveal the joint efforts of three very talented directors, Mrs. Ruth Briggs, Russell Reed and Richard Underwood, as well as a talented group of actors, costume designers and stagecrafters.

Mrs. Briggs joined South High's teaching staff this year. She is teaching Media and Stagecraft. She brings with her an impressive dramatic background that goes back to her childhood when her mother, also a teacher, traveled with Chautauqua's Home Talent Plays... "mom also provided the patter in between acts," grins Mrs. Briggs.

Ruth began her career teaching at the elementary school level and producing children's plays. During World War II she enlisted in the WACs. She directed an Army Show while at Fort Collins, Colo., and assisted in army productions overseas. Her army career took her to the Philippines, New Guinea and the Netherland East Indies.

She worked with two other officers teaching Filipino civilians about democracy in the United States government's Propaganda Program. She resumed her preparation for teaching theater and television at the University of Michigan in 1964. Upon graduation she joined the teaching staff of East Detroit High School.

Mr. Reed, whose work many Pointers will remember from last year's South High presentation of "The Boyfriend," (he furnished the orchestration) has a most impressive background. He was named Michigan's "Orchestra Director of The Year" in 1968. This summer he directed the Youth Musical International Band that toured

Japan. He has been at South for five years. Mrs. Briggs was lavish with her praise of his contribution to the production. Mrs. Briggs was particularly thrilled with a technique Mr. Reed used in the production to punctuate the dialogue... sound effects with wind instruments.

Mr. Underwood, who co-directed "The Boyfriend" last year is only 23-years old. His contribution to the production is teaching both the individual players and the chorus, the many difficult songs as well as directing the chorus.

"The cast of this story of the life and songs of George M. Cohan, is really doing a great job," smiles Mrs. Briggs. John Bogan and Robert Bourke will share the role of George, with Grant Collins portraying his father, Jerry and Kate Roes in the role of Nellie, his mother. Susan Kohl has been cast as George's sister Jessie and Candy Lee as his wife, Ethel.

Other cast members include, Nora Ford, Penny Blank, Anne Henry, Joe Perry, Liz Gill, Julie Mazer, Peter Bird, Joe Drennan, Ian Howard, Marianne Wise, Dan Davis, Ned Bachelor, Sue Dotson, Lynne Howard, Jack Heaphy, Bill Stover, Ty Triplett, Mike Shore and Jeff Craft.

Mrs. Briggs was particularly proud of the members of stagecraft classes who have made much of the scenery. One of their most outstanding creations was the construction of streetlights of that period that actually work!

The play will be presented at North High School's Fine Arts Center, on November 19, 21 and 22. Tickets are on sale now... one dollar for adults and 50 cents for students with Student Activities cards. Curtain time is 8:15. Tickets may be purchased at the school, or from members of the Mothers' Club for the special Scholarship Performance on Wednesday, November 19.

# How to plan your day without squandering 10 cents on the Free Press.

So you've decided to save ten whole cents on the Free Press. What if it does mean losing that morning bundle of facts that help you plan your day. Don't fret. Here's how you can operate a little information system of your own. Let's start with shopping. Like the latest fashion offerings, bargains, the kind of things you find at your fingertips when you spend 10 cents on the Free Press.

**54 fast phone calls does it**

It will be easy to find out which of Detroit's big stores is having a sale. All you have to do is make 54 fast phone calls. (That takes less than two hours if you have a tough dialing finger.) Remember to ask about special bargains each time you call . . . and keep a glass of water handy in case you get hoarse.

Supermarket prices? Simply tour all the supermarkets in your area and sample the dozens of small grocery stores en route. Total mileage: about 56 by car—12 on foot (inside stores).

**Special events—a cinch**

You know how the good old Free Press tells you about all the special events in town. Don't worry. You can always phone the Chamber of Commerce (964-4000) for general information. Then start calling stadiums for sports events, check the leading hotels for celebrities in town worth spotting, and call the Fire Department for parades (or big fires) worth watching. You might start thinking about how much easier it would be to read the Free Press. But, control yourself. Ten cents saved is ten cents earned.

**Operate your own classified column**

What about all the bargains you'll miss in the Free Press want ads? Like antique desks, used cars or maybe a good buy on a second-hand sewing machine. You can operate your own want ad system. Post a little sign on the notice boards of all laundromats: "Call me at (YOUR PHONE NUMBER) . . . before you send it to the Free Press Classifieds."

Employ an answering service to record everything, and you'll be all set. It just takes a little Yankee ingenuity. Right?

For fashion information, you can call the House of Dior in Paris direct. (\$5.00 for 3 minutes) Child care tips? Dr. Spock can be reached at his New York office. (\$1.80 for 3 minutes) Recipe ideas? Use the ones you've been using. Maybe your family will get tired of the same old meals all the time, but you'll be saving 10 cents. TV programs? You can find a list in yesterday afternoon's paper—along with the out-of-date news. You'll just have to put up with being 12 hours behind the world when you save 10 cents on the Free Press. As for Dr. Steincrohn, Bob Talbert and Earl Wilson, you'll have to do without them. But maybe your husband can stand in for Billy Graham. Ask him for a parable before he goes to work.

...plus a small computer. (See the Yellow Pages under Data Processing Systems. A half-hour rental costs about \$165.) Or you could manage with a slide rule. (Cost: about \$4.98.)

**Leading a full nightlife is easy**

You know how you check the movies and other nighttime entertainment in the Free Press. Now, all you'll have to do is call the 108 theatres in Detroit and suburbs to find a good, clean family film. If you don't have any luck, try the 8 in Windsor. (Toll charge of 10 cents a call.) Prefer something a little different? You can always check out nightclubs, bowling alleys, dance halls, rock festivals, etc. Just let your fingers do the walking and your phone do the work. Around 50-60 calls should do it.

**A good full day**

See how easy it is to manage without the morning Free Press? So your voice might be shot. And your legs will develop muscles on the muscles. And your dialing finger will have corns. And you'll be too tired to move. But, you can do it, baby! You can save 10 cents and still plan your day without the Free Press.

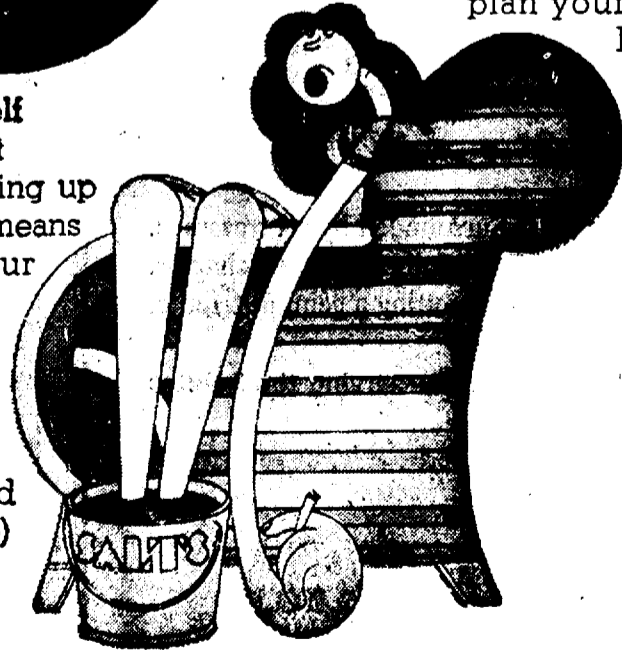

Why not try it tomorrow?

**Do-it-yourself horoscope kit**

Of course, giving up your Free Press means doing without your Jeane Dixon horoscope.

But, why not cast your own? All you'll need is a set of planetary tables and a book on the subject . . . like The Coffee Table Book of Astrology by Santha Rama Rau, Alan Leo, Isabelle Pagan and others. (\$8.95 at your nearest bookstore)

## County Supervisor Bryant Reviews Year on Board

Pointer William R. Bryant, Jr., a member of the Wayne County Board of Supervisors, recently submitted the following letter to the NEWS synthesizing his year on the Board, it should be of interest to our readers:

"Dear residents of Grosse Pointe:

"The first 10 months of my two-year term on the embattled Wayne County Board of Supervisors have been lively and rewarding.

"There are 26 on the Board but only two of us are Republicans. We were both in the forefront in opposition to Albert Zak and the high pay proposal. It was a wild and enlightening introduction to elective political service.

"Throughout this year there have been many lessons in petty politics and in the dynamics of trying to get things done by working with one Republican and 24 Democrats. It has meant and necessitated a lot more work for us two Republicans, in trying to cover all the committees and trying to develop our own positive ideas and programs. We have worked hard at learning about our County government and its needs and I would guess we have probably made more positive proposals to the Board than all the Democrats combined.

"I serve on the following committees: Ways and Means; Taxation; Health, Education and Welfare; Economic Opportunity; General Government, and Capital Improvement. Outside of my committee work I have tried to concentrate my efforts somewhat and have recently been working on my own with the Health Department on a County-wide teenage drug abuse education program; with Judge James Lincoln on ways to finance new and better programs to deal with juvenile offenders; with the Buildings Division to rejuvenate the Old

County Building and with the Director of the air pollution control program to get more citizen involvement in the program.

"I am also in the process of preparing a proposal for the reorganization of County government, which plan will include an elected chief executive and a greatly reduced number of Supervisors.

"We just completed adoption of our new budget to begin December 1. Many of my budget proposals were rejected by the Board, which seems more interested in giving employees more and more than in providing critically needed services in the areas of the Prosecuting Attorney's Office, Juvenile Court and Circuit and Records' Court Probation.

"Now that I have been on the Board for a year and am reasonably well acquainted with the programs under our jurisdiction I will be proposing many major changes in both programs and the structure of County government. I invite your suggestions and criticisms of any function of County government.

"If you, or a group you belong to, would like to know more about our County government I would be pleased to talk with you at any time. We also have a very fine three-screen sound and slide show available for presentation at no charge.

"Thank you again for placing your confidence in me. I will continue to do my best to serve you well."

Very truly yours,  
William R. Bryant, Jr.  
County Supervisor

## Jehovah's Witnesses To Hold Convention

November 21, 22, and 23, will be days of special activity not unfamiliar to Jehovah's witnesses of the Grosse Pointe and nearby areas. At that time they will gather at the Assembly Hall used by all Jehovah's witnesses of Detroit for their semi-annual three day conventions.

Among those making plans to attend are Mr. and Mrs. Robert McGreevy of 1137 Maryland, Grosse Pointe Park. Returning from a visit to Ireland, their homeland, and being eye witnesses to the religious confusion and fighting among Catholic and Protestants they are more aware of the need of Christians to be "The Right Kind of Ministers," which is the theme of the three day assembly.

Upon re-entering the United States Mr. McGreevy said, "We can see the need for more Christian love to be expressed in all

our associations. In view of the increasing pressures brought on us by present world conditions as well as the rapid pace that has become a way of life, we need to be continually reminded of the necessity to display the love for our Christian brother that Christ so perfectly demonstrated. In the assembly program we look forward to the various ways this love can be shown."

Mr. and Mrs. McGreevy have been Jehovah's witnesses for over twenty years.

## Woods Residents Must Bag Refuse

Woods City Manager Chester Petersen has reminded residents of that community all future rubbish pickups will require that all trash be placed in plastic bags in accordance with the city's recently approved rubbish ordinance.

"We don't expect any problems in this area," said Petersen. "On our most recent collection day our rubbish collectors made more than 1,400 stops and found only five residents who failed to comply with the ordinance."

Petersen said any resident who fails to properly bag his trash and rubbish, will not have such residue picked up by the city.

**Farms Fire Chief Mason Ends 40 Years of Service**

Farms Fire Chief M. William Mason will spend tomorrow, November 14, his last day on the job, going about his normal duties. He is retiring from city service after more than 40 years as a fireman.

The chief, a life-long resident of the Pointe, was born in a house at 174 Kerby road, only three buildings away from the present fire station. The house has since been re-numbered 130.

He was born November 21, 1909 and when his birthday arrives in another week, he will have reached the mandatory retirement age of 60 years. His retirement will become official on November 21, but because he has vacation time coming, he is leaving a week early.

Chief Mason was appointed to the Farms Village Fire Department on June 4, 1929; was promoted to lieutenant in 1950; senior lieutenant in 1953; and in April 1955, was appointed chief, succeeding William H. Newport.

He is a 1928 graduate of St. Ambrose High School. He is married to the former Grace Schulte of Detroit. They reside at 455 Belanger, and are the parents of four children, William John Mason of East Detroit; Mrs. Nancy Jane (Denis) Murphy of Grand Rapids;

**Blue Devils Grab BCL Grid Honors**

Grosse Pointe South High School, which captured a share of the Border Cities League Football title this season for the second year in a row, garnered additional honors last week, when six members of its potent grid squad were named to the All-BCL team and five others received honorable mention.

"I thought the selections for the team this year were excellent," claimed Russ Hepner, Blue Devil head football coach. "Too often, the selections show little insight, but the 1969 squad was well picked."

Skip Shirar and Mark Saber were named to the offensive team and Jim Parker, Rick Worrell, Chris Penoyar and Tom Reghanti were named to the defensive unit.

In addition, honorable-mention honors went to Brett Benson, Tom Bailey, Bill Kennedy, Pat Murtagh, and Ralph DiDomenico.

Royal Oak Dondoro placed five men on the squad and Fordson was honored with four selections.

**Pointe Youngsters Killed When Their Plane Crashes**

Two Pointe youngsters met their death on Friday, November 7, and one was seriously injured, when their light plane crashed at about 10:30 in the fog shrouded mountains near Cumberland Md. The dead were Mary Conlan, 18, of 1024 Maryland, and her cousin, James Monaghan, 20, of 1328 Beaconsfield.

Larry was discharged from the Marine Corps in September. He was to have given his fiancée, Susan Harmon, a ring on her 20th birthday which was Saturday. He met Susan last summer when he was stationed at Arlington, Va. She is still in the Marines. The couple plan to marry in March.

For James Monaghan the trip was another opportunity to fly one of his biggest joys in life. He had been working two jobs in order to pay for courses at Macomb County Community College which he needed to become a commercial pilot. He had been flying for several years. He had intended to take his cousin to Washington, do some sightseeing, then fly to Fort Wayne, Ind. to visit his girlfriend.

Mary, who worked at an advertising agency, was as enthusiastic about this trip as she was about many things... a lively and outgoing girl, she was a cheerleader at St. Ambrose High School during her school days.

The crash was discovered when Larry stumbled out of the woods onto a state highway around 7 a.m. Saturday.

A joint funeral was held for Mary and James on Wednesday, November 13, at St. Ambrose Church. Interment was in St. Paul's Cemetery.

Mary is survived by her parents, Mr. and Mrs. Lawrence Conlan; six brothers, Larry, George, Richard, Joseph, Robert and Harold; two sisters, Betsy and Helen.

James is survived by his parents, Mr. and Mrs. James Monaghan, sr.; four sisters, Diana, Linda, Mary and Patricia; two brothers, Michael and Mark.

**North Grid Stars on League Team**

Several members of North High School's football team were honored this week, when five of them were picked to the All Bi-County League grid squad.

Named to the offensive unit were senior tackle Larry Briski, senior center Gerry David and senior halfback Bruce Jordan.

Senior end Leo Walker and senior halfback Steve Schleicher were voted to the defensive unit. Phil Gurbada, a senior safety, received honorable mention honors.

### Verheyden's Service Uninterrupted

Charles Verheyden and staff of the Charles Verheyden Funeral Home have continued operation of their business without interruption in spite of the fire which struck their building on Mack at Outer Drive, Monday night, November 3. As soon as the fire was over, Mr. Verheyden, president, Clayton Alandt, general manager, and the staff held a meeting to formulate plans, so there would be no interruption of their service to the community.

Other funeral directors volunteered the use of their homes so the Verheyden staff could maintain an uninterrupted service.

"We cannot stress too strongly how much we appreciate the assistance and courtesies ex-

tended to us," said both Verheyden and Alandt. "We wish to express our gratitude to the fire department, police departments, churches and clergy, neighbors, friends, and state and metropolitan Detroit funeral directors. Because of the quick

action our complete records have all been saved."

"We are still receiving new evidence daily of the kind of warm-hearted community we live in. It began as soon as news of the fire went out, when our neighbors and friends came to help in whatever way they could. Off-duty firemen who were attending a dinner meeting came out as soon as they heard of the fire. Mr. Matthew Patterson, Mayor of Grosse Pointe Park was there, as was Director of Safety, William Engelenberg. Neighbors came, bringing food, hot coffee, and offers of shelter."

"Thanks to all of our friends, whose kindness we can never forget, we are still at your service with our full staff," Mr. Verheyden stated.

### Open Tuesday Musicales Year

Tuesday Musicales's first program of the season will be presented next week, November 18, at 10:30 o'clock in the Detroit Institute of Arts Lecture Hall, and has been especially planned to focus on the important role women play directly or indirectly in the creation of music.

The warmth and encouragement of women, as told in the program notes, were a compelling force affecting the writing of each composition selected for this occasion.

The program will feature Rondo in D Major (K. 485) and Fantasy in C Major (K. 475) by Mozart, Gizi Szanto, piano; Wagner's Wesendonck Songs, Nora Conklin Skitch, contralto, and Lauradell Peppard, accompanist; Bach's Baal Shem Suite for Violin and Piano, Peruz Zernounian, violin, and Alice Haidostain, piano; and Martinu's Sonata for Flute, Violin and Piano, Hana Lahti, flute, Emily Mutter Austin, violin, and Myra Brown, piano.

Chairman of the day is Laurie Lindemulder Harris. General chairman is Barbara Wells MacIntosh.

### Thefts Reported By 'Hill' Stores

Two commercial establishments in Kercheval-on-the-Hill reported the theft of two items, valued at a total of \$1,110. The information was given to Farms police on Monday, November 3, and Tuesday, November 4.

The first complaint was received from the Village Store the Women's Apparel, 88 Kercheval, in which a woman employee discovered a fur coat missing from a rack.

The clerk told investigating officers that she made a final inspection before closing shop at 5 p.m. and discovered the garment missing. It was still on the rack at 3 p.m., she said. The other store employees were also mystified by the disappearance of the coat.

The coat was described as being a full length, size 10 Chi-

nese sheared raccoon, and valued at \$750.

The second report was received from Anthony Morse of 283 Lincoln road, owner of

### Drug Ordinance Enacted in Park

The Park, in line with the City, Farms and Woods, now has an ordinance, whereby narcotic law violators can be arrested and prosecuted on a local level, rather than in circuit court. The new law, which takes effect immediately, is patterned after that of Detroit and the states of the State.

The ordinance, presented to the Park council for action by City Attorney Richard Rohr, was enacted as part of the city code on Monday, November 10.

The new law stipulates that the violation of the local law is a misdemeanor, punishable by up to 90 days in jail, and a

fine of not more than \$500, or both.

With the immediate effect clause, Park police officers can now arrest anyone using or pushing narcotics or violating any provisions of the law, and take them before Municipal Judge William E. Speer for a hearing.

Under state statutes, violation of narcotic laws is a felony, for which local policemen must obtain warrants from county prosecutors' offices, for trial in circuit courts. The penalties, in most cases, are so severe that many judges are reluctant to impose sentence, and therefore place violators on probation. Too, sometimes there is a long delay before trial date.

Under a local ordinance, a warrant is not needed, and the person, or persons accused, in narcotic cases, can be given an immediate hearing.

**Clubs at Center Plan Ski Trips**

The Ski Hi Club, the Collegians, The "Group," (for young singles in their twenties), and the Adult Ski Club — all sponsored by the Grosse Pointe War Memorial, are busy planning trips for the 1969-1970 ski season.

Ski Hi members will have their second instruction and conditioning class on Monday, November 24, at 7 p.m. Instructor will be Austrian ski instructor Helmut Heitzker who is in Detroit until December when he returns to head the ski school at Stowe, Vt. The class is open to members and is free.

At this meeting Ski Hiers may also sign up for the coming trips. First on the schedule will be a day trip for Junior Youth Council to Mt. Grampian on December 13. A second trip to Mt. Grampian is planned for Monday, December 22, from 8 a.m. to 5:30 p.m. This trip is for 9th through twelfth graders. Charter bus transportation and tow charges are included for \$4.50. There is a special group ski rental of \$1.25 and group ski lessons at the slopes are just 75c per person.

The five-day trip to Boyne Mt., Boyne Highlands, Nubs Nob and Thunder Mt. will be December 26-30. \$55 includes round trip charter bus transportation, daily shuttle service to the slopes, lodging at Wolverine Ski Lodge, meals and chaperone. Limit will be 125 people.

For a lucky 35 only, there is Ski Hi's 10-day trip to Vail, Col., chaperoned by Mr. and Mrs. Frank McBride, Jr. from December 26 through January 4. Included is round trip jet airfare from Detroit to Denver, shipment of skis, round trip charter bus transfer Denver-Vail, lodging at Holiday Inn, Vail and chaperone. Cost is \$250.

For the college set a special ski trip is planned for December 30 through January 4. Staying in their own lodge complete with four fireplaces and party room, near Wolverine, the group will not only be able to ski the more popular slopes but plan a special New Year's party with live band. Transportation will be on a share-the-ride basis. Cost for five nights lodging, nine meals and the party and chaperones will be approximately \$50. This will be a first-come-first-served basis and only the first 25 guys and 25 girls who sign up can be accommodated. Jim Schrage, who did such a fine job heading the group last year, is

again in charge. For more information or to register call Jim at 885-1555 or the Grosse Pointe War Memorial 881-7511.

The "Group" are planning a trip to the same area in early January. Specific dates will be settled on at their next Hub meeting.

The Adult Ski Club will have the opportunity to participate in a ski lesson and conditioning class Monday, November 17, at 8 p.m. Once again, Heli Heitzker will be on hand to give pointers not only on skiing but on equipment. The Adult Ski Club has plans for three major trips this season — one to the Boyne area December 31-January 4, a week end in Collingwood, Canada, January 16-18 and a 10-day trip to the California-Nevada Sierras February 27-March 8. Only 38 places are still available for this fabulous trip.

A bonus for those making the trip is the opportunity to be on hand for the World Cup Races which will be held at Heavenly Valley. This exciting ski competition attracts the top skier in the world over. For further information on any of the ski trips, call the Center or come to the free conditioning class on the 17th and join the Club. Membership is \$5 a year single, \$8 for a married couple.

**Taking Orders For Year Book**

Orders for the 1970 View Pointe, South High School's yearbook, are currently being taken in the home rooms and the main hall of the school during lunch hours, and will continue to be taken through November 25. Books will be delivered the first week in June.

For the first time the yearbook is not included in the price of the Student Activities ticket due to increased costs of all student activities. Price of the book is \$5.

The emphasis this year will be on candid showing events of the 69-70 school year including a section covering activities of underclassmen and junior varsity and freshmen athletics.

A full color photograph of South High School will adorn the cover and hopefully if enough orders are placed, color will be used throughout the book. Parents are urged to order this pictorial record of the 70's for their children.

**Plan Book Fair At GP Academy**

The Grosse Pointe Academy is sponsoring a Book Fair during Children's Book Week, November 19-22. Displays will be arranged in the quadrangle of the school building. Books and original art will be available for purchase — an excellent opportunity to shorten your Christmas shopping list.

Profits from the Fair will be used to buy books and equipment for the school library.

The Committee involved in sponsoring this function include Mrs. Michael J. Boyle, Mrs. Donald T. Galvin, Mrs. Ludwik A. Wit and Mrs. David C. Zimmerman and the many volunteer mothers of the Academy students.

The Book Fair will be open on Wednesday and Thursday, November 19 and 20, from 8:30 a.m. to 9 p.m.; on Friday from 8:30 a.m. to 4 p.m.; and on Saturday from 9 a.m. until noon.

**Sgt. John Fleming Jr., Back From Vietnam**

Sgt. John A. Fleming, Jr., of 1336 Bishop road, returned to the United States on October 23, after serving a full year in Vietnam.

He entered the United States Army in April 1968, and was sent overseas in October of that year. While in Vietnam, he was stationed with the U.S. Army Mortuary, Da Nang, as Memorials Activities supervisor.

Sgt. Fleming is the holder of an Army Commendation Medal. Following a leave at home, he will complete his remaining year of service at Ft. Campbell, Kentucky.

A graduate of Worsham College of Mortuary Science, Chicago, Ill., he was with the A. H. Peters Funeral Home, Mack and Vernier, before entering the service.

He is the son of the John A. Flemings of the Bishop road address, and the husband of Carol, who also resides at that address.

**DANGEROUS GAS GONE**

Carl Winn, a workman at 3 Cameron place, called City police on Tuesday, November 4, to report that persons unknown had stolen two aluminum canisters of Freon liquid gas, which is extremely dangerous and can cause damage to skin and eyes. The containers were of 10 gallon capacity.

**Bryant Given Pollution Post**

Wayne County Supervisor from the Grosse Pointes, District 3, William R. Bryant, Jr. of Mt. Vernon road, was appointed this week to the Air Conservation Committee of the Tuberculosis and Health Society. Bryant was appointed because of his interest in the problems of air pollution control. He has been working with Morton Sterling, the Director of the County Air Pollution Control program, to find ways to speed up the program and to increase citizen involvement.

"The problem Morton Sterling has is to maintain a proper balance between the legitimate economic concerns of industry and the public need to clean up the air," Bryant says, "but it is my judgment the program is proceeding too slowly at this time."

"The Air Conservation Committee has the responsibility of assessing the current program, stimulating public interest and coordinating citizen efforts to restore clean air to our region."

Practice your chosen religion today—it might save you looking for a loophole later.

Even at the late date you can make 1969 better by driving safely on the highways.

### Let's Support The Winners

Now that the political dust has cleared and City voters have returned to office Mayor David E. Burgess and Councilmen John R. Hamman, George D. Henry and George N. Monro, III, the NEWS urges the residents of that municipality to put aside their political differences and unite in supporting the elected officers and their programs in the best interest of the community. Our democratic system enables us to place into office the men of our choice and to change governments by a process of voting, but while this process opens the door to close political infighting, it also places upon the shoulders of all of us the responsibility of forgetting our personal differences and supporting the will of the majority, if we hope to make the system work. Mayor Burgess and the three victorious Councilmen have proven their integrity and sincerity time and time again and the NEWS feels the residents' trust in them is well-founded. Let's get together and give them our support.

### Letters to the Editor

Dear Sir:  
 Proponents of marijuana claim the drug is less harmful than alcohol and therefore it should be legalized. They overlook important differences. FIRST, most persons do not take alcohol to the point of intoxication. One or two drinks a day normally have little effect. On the other hand one or two reefer can produce marijuana intoxication.  
 SECOND, alcohol, even when it is abused, is compatible with a considerable period of productivity. The action of marijuana is far more rapid. It quickly interferes with social and economic productivity.  
 FINALLY, many drunks are aware that they cannot handle certain tasks, such as driving and they do not attempt them; but marijuana smokers as a rule have a false sense of ability, and the consequences can be serious. Stepping off a curb into the street can be a major project. Crossing the street or operating a car can be a disaster.  
 Dr. Stanley F. Yolles, director of the National Institute of Mental Health, said in a recent speech, "We still do not know about the long-term effects of marijuana use. It is possible that there are serious consequences of chronic use which will only become apparent through careful, long-time studies."

The most alarming data yet developed by investigators in this country on marijuana's possible harmful effects comes from the laboratory of Dr. William F. Gerber, University of Georgia. Dr. Gerber has produced dead or malformed rabbit and hamster fetuses by injecting the pregnant animals with large doses of resin drawn from marijuana plants. The fetuses contained malformed brains, spines, limbs, and livers. They often suffered from edema, or excessive fluid on the brain and spinal region. In addition, the fetuses were sometimes smaller than normal.  
 Any so-called expert in the field of anthropology who would publicize his opinion that marijuana should be legalized, would provide a greater service to humanity by going back to live among the Aborigines—forever!

Respectfully yours,  
 Mrs. Richard E. Maxwell  
 19298 Raymond Road

Through your columns we would also like to express our deep appreciation to the citizens of the City of Grosse Pointe for the vote of confidence given us at last Tuesday's election. We shall interpret it as a mandate to continue the same high level of services, and redouble our efforts to maintain the character of our community and improve it for the benefit of all of its residents.  
 Sincerely yours,  
 David E. Burgess  
 Mayor, City of Grosse Pointe

On behalf of the 1969 Grosse Pointe Halloween Committee, I would like to thank your newspaper for the fine publicity given this year's parties. The success of the parties is a result of a great community effort involving business men, civic organizations, police departments, educators, students and parents.  
 Our community extends its gratitude especially to a dedicated committee headed by Ed Krattl, general chairman; Chief Andrew Teetaert, vice-chairman; Art Dannecker, treasurer; and Dorothy Ludwig, secretary. Thank you one and all; your efforts are greatly appreciated.  
 Mrs. Charles L. Burns  
 Publicity Chairman  
 Grosse Pointe Halloween Committee

### What Goes On at Your Library

By Virginia Leonard

This week and next week, the Grosse Pointe Public Libraries will be having displays of books purchased this spring with monies donated by the Friends of the Grosse Pointe Public Library. We would like to tell you about some of these titles, so that you may know what sort of books were purchased with this year's generous donation.

**DANCE SCENE: U.S.A.**, written by Jack Mitchell, America's foremost dance photographer, and Clive Barnes, presents a gallery of over 200 superb black-and-white photographs that bring to vibrant life the strength and beauty of the American dance. It also depicts many of the gifted individuals who have participated in this facet of our nation's culture. This book can be enjoyed and used by all balletomanes, dance students and teachers, as well as dance historians.

**Margot Lister's COSTUME** is an illustrated survey from ancient times to the twentieth century. It is designed as a practical reference work for those working in the theater and television, writers, artists, designers and students of social history. There are 355 line drawings, made especially for this book, each being accompanied by a comprehensive description of the costume and its appropriate accessories, hair styles, fabrics and colors.

Do you like oriental carpets? Then Robert de Calachi's book, **ORIENTAL CARPETS** will have appeal for you. The aim of the book is to introduce the reader to a fascinating artistic field, with the aid of a commentary that is neither too learned nor over-technical. This is really a remarkable survey of antique and semi-antique Oriental rugs which are so avidly collected today in Europe and America.

Perhaps it's theater that turns you on. If so, **Bomber Gascoigne's WORLD THEATRE** will be your choice. This book covers an enormous range, both special and temporal—4,000 years of man's experimentation with and involvement in the theatrical experience. There are sketches, drawings, engravings, painting and diagrams. The author is a distinguished English playwright and drama critic who writes with scholarship and wit.

Among contemporary artists, only Picasso is Henry Moore's equal in having gained and kept a popular, international reputation without allowing his art to lose those qualities that have made it exciting and moving. Thus, John Russel's **HENRY MOORE** is a timely and invaluable examination of his life and art. The author is art critic of the SUNDAY TIMES and has organized exhibitions at the Tate Gallery.

A complete revision of an old edition is Daniel Blum's **A NEW PICTORIAL HISTORY OF TALKIES**. This volume is packed with over forty years of excitement, glamor and nostalgia. There are over 4,000 stills from cinema's unforgettable moments; there are also unforgettable scenes brought back to life. The late Daniel Blum was a specialist in the theatrical and film history. John Kobal who has revised this book, has written several books, was a professional writer and is currently writing a history of the motion picture musical.

As a suburb of the motor city, Detroit, Grosse Pointe should certainly be interested in the **COMPLETE ENCYCLOPEDIA OF MOTORCARS, 1885-1968**, edited by G. N. Georgano. This book is illustrated with 48 pages of full color photographs and over 1,000 black-and-white photographs. Never has enthusiasm for cars and curiosity about their history been greater than it is today. This volume describes every make of car ever sold to the public during the past 83 years—over 4,000 types in all. It is beautifully illustrated throughout, and is a unique essential to every automobile buff.

We touch on the literary field in **THE SEAN O'CASEY READER**, edited by Brooks Atkinson. These two men had been friends for many years until the death of the former in 1964. Here we find an appreciation of both man and artist, scrupulous in not permitting the editor's feeling for his subject to color his judgement.

Currier and Ives is a name synonymous with nineteenth century Americana. For this reason we feel you will find great enjoyment in looking through **CURRIER AND IVES CHRONICLES OF AMERICA**, edited by J. L. Pratt. In an era that lacked pictorial journalistic coverage as we know it today, Currier and Ives prints of American life provided exciting visual communication. Photography was just in its infancy and offered no competition. So here is a pictorial, colorful, chronological story of this country. From some 6,000 prints, 200 color prints have been chosen for this magnificent volume.

There are many other handsome and useful titles in this collection of Friends' books. We hope you will come into our libraries while they are on display to browse, enjoy, appreciate—and learn.

**Thursday, November 20**  
 \* 10:00 a.m. Braille Transcription—Mrs. John McNamara, Instructor.  
 \* 10:30 a.m. Grosse Pointe Garden Center—Bonsai Workshop. Sandwich luncheon by reservation.

### What's New on THE HILL

By Sibyl

Gosh, We're Lucky . . . on the hill. We have a gallery which is not only fun to browse in but a delight to buy in. The Grosse Pointe Studio, 119 Kercheval, is fast becoming a favorite spot for Pointers. Dealing chiefly in contemporary works, the studio features many local artists. Whether it be a painting, a piece of sculpture or pottery, magnificent weaving or a gem of a jewel, it must be designed and created by the artist himself. Another talent offered at the Grosse Pointe Studio is custom framing for your pictures and prints. You are bound to find just what you want from 350 samples of molding. Treat yourself to sheer enjoyment and stop in at the studio.

Memo from Margaret Rice . . . if you are not on our mailing list and have not received an invitation for our Rebecca Showing today and tomorrow, please stop in and see these handsome resort and at home clothes. This is the first time THIS most unusual collection has been in Grosse Pointe. I assure you that you will be just as delighted as I was when I learned that they accepted my invitation to come here and pay us a visit . . . bringing with them holiday and cruise clothes.

Perfect for Your Scotch . . . Apollinaris bottled water, imported from Germany. You'll find this naturally carbonized fine water at Hamlin's . . . 88 Kercheval. TUXedo 5-8400.

The League Shop Walls and Shelves . . . reveal a fascinating selection of framed, three dimensional shadow box pictures. Fox and hunters for THAT set. There's also a lamp for that man in your life who plays the Wall Street game. Bull and Bear, of course! Bookends, also.

"Essentially Yours" . . . a Jean Nate travel kit at Trail Apothecary, 121 Kercheval. Done in the traditional Jean Nate colors of yellow and black, the zippered case contains soap, friction pour le bain and talcum powder. Just the gift for a college or teenage gal . . . and only \$5.

Enchanting Fall and Holiday Centerpieces . . . at Virginia Williams, 78 Kercheval. Baskets and cornucopias filled with vegetables and fruits. One we liked particularly was an unusual combination of mushrooms and artichokes . . . in warm browns and greens.

It's Not Too Early . . . to stop in the Grosse Pointe Gallery, 119 Kercheval, and place an order for a wool coat, designed and woven by Susan Craine. The six footers cost \$20 and the maxi or nine footers \$25. They can be done too in colors of your own choosing. While you're there see, so you can believe, a fabric sculptured set of the Three Wise Men. Created by Jean Cook of California, they're robed and jeweled to your color specifications. It takes about two weeks to fill an order.

Been Reading About . . . The Electro-match? See it at the Mermaid. It's one of the newest gift ideas. A sturdy contemporary disk in either black or white holds fluid. When the cover is removed you have a metal match with a slow burning flame . . . twenty dollars.

Just Uncrated . . . at Denler, 77 Kercheval, a beautiful collection of reproductions of antique mirrors. In gold and brushed wood. Stop in and have a look.

Busy Beehives . . . are at the Card Rack, 93 Kercheval. Clever, battery operated beehives are for sharpening your pencils for the bridge table or the desk. They're accompanied by magnetic bees which hold messages in places where they'll be seen. The set is only \$10.50 and is done in gray metal.

The Bronze Door . . . 123 Kercheval, is working hard to bring you the finest food and service. Reservations will be taken Monday through Thursday. However, guests must be seated by 7:30 p.m. On Friday and Saturday, due to limited seating capacity, the Bronze Door can only receive reservations for guests who'll be seated no later than seven. Guests arriving later, will be seated on a "walk-in" basis . . . 886-1932.

## From Another Pointe of View

By Janet Mueller

Charlotte Moreland's back; Eleanor Collins can relax.

Charlotte, you see, is general chairman of this year's Holiday Mart, the annual pre-Christmas bazaar sponsored by the Gift Shop Guild of the Women's Auxiliary to Cottage Hospital.

The Mart's set for Friday, November 21, from 9:30 in the morning to 7 in the evening at the Cottage Nurses' Residence in Ridge road.

Mrs. Moreland's Mart "leader"—but for quite a while there she was leader in absentia, dashing around the world with husband Paul on the Detroit Branch English Speaking Union's chartered plane.

Oh, she did a magnificent job of pre-takeoff organization, left a smoothly functioning committee and sub-committee crew in co-chairman Mrs. Ernest J. Collins' very capable hands . . .

And she promised to return in time for last-minute preparations.

But those 'round-the-world jaunts can be tricky. What if she'd gotten lost in the ruins of Persepolis, accepted a lift from a passing camel driver and wound up in a yurt somewhere on the fringes of Outer Mongolia, baking messages into breadcakes: "Am 75 miles due east of Ulan Bator. I think. First yurt on the right at the junction of the main caravan routes. Send HELP!"

Suppose she'd had an uncontrollable urge to try a little personal pearl-diving off the coast of Japan. Just before the typhoon struck . . .

You can't be sure about Charlotte. Last time she boarded an ESU jet it was with one leg encased in an

As St. Paul's candidate, chosen by the students and faculty, Susan will receive a Good Citizens' Pin and Certificate from the Elizabeth Cass Chapter of the DAR.

Among those who recently presented a model of Zonta Club of Detroit's 50th anniversary gift, an artificial kidney, to the community at a ceremony in Recorder's Court was Club president GERTRUDE MODER, of Berkshire road. Why Recorder's Court? Well that's where HENRIETTA ROSENTHAL, one of only three living charter members of Zonta Club of Detroit, works as a Judicial Assistant—and 82-year-old Miss Rosenthal could spare only a short time from her daily chores to formally present the model to RHODA

## Junior Council Plans Arts Institute Night

The Junior Council of the Founders Society Detroit Institute of Arts will open its 1969-70 season with an evening in the museum's picturesque Kresge Court next Wednesday, November 19.

Cocktails and dinner will be followed by an informal talk on "Personal Collecting: A Point of View" by the museum's curator of Contemporary Art Samuel J. Wagstaff.

All aspects of art and museum interests are within the Junior Council's scope.

Initiated in 1964 for young adults the group encourages membership in the Founders Society and stimulates active interest in the museum by creating an awareness of what the Art Institute has to offer.

Present Junior Council members are asked to make their reservations promptly for the

November 19 evening and individuals who would like to become part of the Junior Council are invited to call the Founders membership office at 832-2298.

New officers planning Junior Council programs for the coming season are chairman William B. Saunders, of Birmingham, vice-chairman William J. Markley, also of Birmingham, secretary Mrs. David B. Mitchell, of Hillcrest road, and treasurer Robert Erstein, of Oak Park.

Mrs. William B. Saunders is chairman of the November 19 program assisted by Mrs. Lawrence Snider and Mrs. Douglas Schubot.

The bride's Empire gown of off-white saki featured a scoop neck and short sleeves trimmed with Venice lace. An attached Chapel train accented her semi-belted skirt.

Best man was Frederick O. Neumann. In the usher corps were Mark W. Pinney, the bride's brother, Steven D. Conley, of Jackson, Kenneth S. Karasick and Arthur E. Marshall, of New Jersey.

The bride's mother wore a white lace over pink peau dress and matching pink coat. She pinned miniature pink roses to her purse. The bridegroom's mother chose a cherry pink wool coat and dress ensemble and a cymbidium orchid purse corsage.

## Quester Chapter To Meet Friday

Speaker for the November meeting of the Grand Morais Chapter of Questers will be Mrs. Edgar A. Hahn who will present *Our Ancestors Through the Lens*, a history of photography. Mrs. C. E. Fisher, of Merriweather road, will be hostess to the group on Friday, November 14, at 9:30 o'clock in the morning.

Mrs. Hahn is well known among Questers having served as president of her own Grosse Pointe Chapter and as first state president of Questers, Inc., (Michigan). She presently is serving as editor of "The Questers," a national quarterly publication, and while state president organized several Quester Chapters in Grosse Pointe.

Members have been requested to bring examples of tints, daguerreotypes and photographic jewelry such as lockets, pins, earrings, bracelets and metal photoprints.

Evelyn Leidich, of Harvard road, has been collecting a basement full of antiques for the last two years for the Treasure and Trifle Booth. Among her "treasures" are two inlaid wooden music boxes, both working.

Her china includes a gold and white double dish from Germany over 150 years old. There are several Limoge cups and one complete antique dresser set, including a hair-receiver, which belonged to a French family. There are many hand-painted dishes over 50 years old.

Another rarity is a Bennington pottery cookie jar. And there are a few pieces of Irish Belleek and of Royal Doulton.

Unusual silver includes a dozen silver spoons of one pattern, napkin rings, a silver button-hook and silver vases, once again high-style. Crystal includes wineglasses, brandy snifters and five unusual perfume-holders.

Antique jewelry includes a beaded purse, very "Mod" now, and several tortoiseshell combs.

Old books under the chairmanship of Carol Hammond, of Nottingham road, includes two French books written before 1900 and, also written before 1890, the book with the longest title in the Fair; "The Bible in Spain or, the Journeys, Adventures, and Improvements of an Englishman in an Attempt to Circulate the Scriptures in the Peninsula" by George Barrow.

Children's Carnival will be held in the Annex of the church from 3:30 until closing time. It's for children only. It will include two "frustration" games, do-it-yourself painting and clay modeling.

The frustration games, originated by Walt Mayshark, of Balfour road, will be target-hurling with lovely, breakable china and splashing a clown by throwing a ball into a large bucket of water. The children will be served hot dogs and drinks.

During a movie showing they will have popcorn hot from a nearby machine.

## Women Will Display Hobby Ideas At DBC

Members' Crafts and Collection to be Featured at Bridge Luncheon Next Wednesday; Mrs. Milton B. Osgood is Party Chairman

If Detroit Boat Club hobbyists are any gauge needlepointing is experiencing a great revival. Having decouped everything that could take it women seem to be turning back to footstools, samplers and dining room chair covers via the needlepoint route.

This Mrs. Milton B. Osgood and her luncheon committee discovered when they sent out invitations to DBC women to participate in a hobby luncheon next Wednesday, November 19. "Ideas Galore" is the party theme and favorite feminine hobbies will be displayed throughout the club ballroom for inspection by the guests.

Although a majority of entries will be of the needlepoint

antique sun-catchers, Mrs. Frank Standish will display her rug-hooking talents and Mrs. Cecil G. Shuert will parade her Christmas wreath concoctions.

And these are just a few of the offerings.

Hard-working Mrs. J. Ross Bush who is not only general chairman of the Boat Club's Women's Committee but serves industriously on each party-planning corps is Mrs. Osgood's co-chairman, (aside to the exercise-minded: Mrs. Bush was the inspiration behind the Club's Slynastics class that meets once-a-week in the interests of bringing a slyph-like, svelte look to feminine members this fall.)

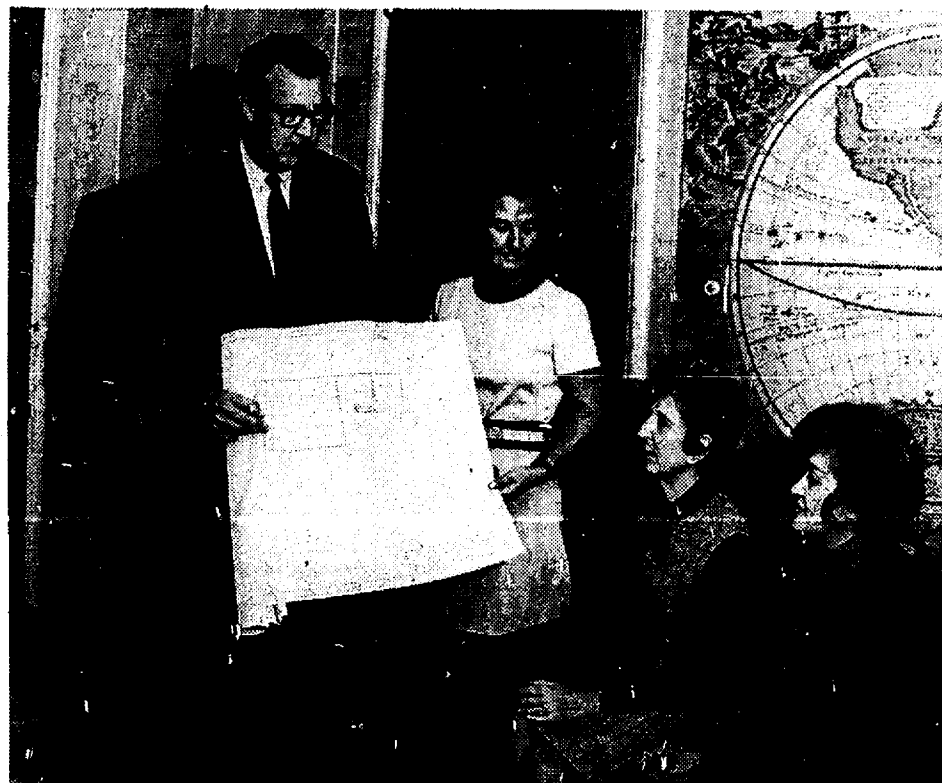

Also committee-ing for "Ideas Galore" are Mrs. Ralph M. Burke, Mrs. Cody, Mrs. Engstrom, Mrs. Robert McKnight, Mrs. Earl G. Meyer, Mrs. James S. Owens and Mrs. Henry W. Ruitrok.

Cocktails are set for noon, to be followed by luncheon in the main dining room and bridge later on in the ballroom.

Just before the cards are unwrapped a brief presentation will be made by Mrs. Bush. On behalf of the Women's Committee she will dedicate a bronze plaque bearing all the names of previous Women's Committee presidents dating back to the group's origin in 1941.

MR. and MRS. JOHN B. DONALDSON, JR., of Bishop road, announce the birth of their second child, first son, JOHN BENNET DONALDSON, III, October 26. Mrs. Donaldson is the former JOYCE CRONENWETH, daughter of MR. and MRS. R. J. CRONENWETH, of Sheldon road. Paternal grandparents are MR. and MRS. JOHN B. DONALDSON, of Pontiac.

## Weavers' Guild Meets At City Club Thurs

## Miss Betcher Bride Of Ronald J. Davis

Sharon Elaine Betcher, daughter of Mr. and Mrs. David H. Betcher, of Lancaster road, and Ronald James Davis, son of Mrs. Al Hattan, of Sterling Heights, and the late James Davis, exchanged marriage vows Saturday evening, October 11.

Setting for the 7 o'clock service at which The Reverend Walter J. Geffert officiated was Christ the King Lutheran Church.

Following a reception in Harper Hall the newlyweds left for a vacation in Miami. They are making their home in Roseville. The bride's A line gown featured a bodice of Chantilly lace trimmed with miniature pearls and sequins, a peau de soie skirt and a lace-bordered train. Lace accented her bouffant illusion veil and she carried a cascade of carnations and stephanotis. In lace-trimmed frocks of apricot peau were honor attendant

Barbara Schueler, bridesmaids Carol Noble and Maureen Kramer and junior bridesmaid Cheryl Denise Smith, the bride's cousin.

Their Edwardian bouquets were fashioned of fall-hued carnations and mums.

Jim Glowniak was best man. Ushering were Dave Donaldson, Jim Voischich, the bridegroom's cousin, and Dennis Meguire, cousin of the bride.

The bride's mother chose a street length dress and coat ensemble of Nile green brocade and a corsage of white carnations and yellow Sweetheart roses.

The Walton-Pierce buyers are back from New York with Spring orders placed for early delivery. They also sent hand picked fashions by air for wear-right-now! See the "just in" light weight wools in luscious peach, mint, lemon yellow, vanilla and heavenly blue. Planned for parties are colorful dresses with gay touches of glitter. For holiday galas, long frosted silver brocade or white brocade patterned with gold are in the collection. Young and fun loving junior sizes await the back from campus crowd.

Seeing Spring Showings — in New York, we noted the hairstyles. The models wore their hair either shoulder length very natural with a trace of a flip or pulled back with a little bun, often encircled with a braid. In either case, the head was small with very little teasing and hardly any height. This is the look which has been coming on the scene and with the new Spring fashions it looks just right. Plan-a-head at Leon, 17888 Mack Avenue. Tuxedo 4-9393.

Where will you find a terrific collection of handmade finger rings? ... at Michelle's Boutique, of course, 17864 Mack Avenue ... right next door to Leon's. Choose one from a selection that includes clusters of crystals or pearls to adorn your finger, hold your scarf or bedeck your pony tail. One size fits all fingers.

Well ... the Modelands are home now, in Harvard road. And Eleanor Collins can relax.

As much, that is, as any co-chairman EVER can relax until her project's finally all wrapped up. Fortunately there's little more left to drapping up this project package than a final tie of the bow.

## A Pre-Christmas Present

The Grosse Pointe Garden Center Library received a lovely pre-Christmas gift recently, a copy of the beautiful—and unfortunately no longer available—"Boehm's Birds, the Porcelain Art of Edward Marshall Boehm."

It was presented by its author, Frank J. Cosentino, to the Grosse Pointe Farm and Garden Club following his talk to Club members last month at Mrs. Hugh C. Daly's Edgemont Park home.

Farm and Garden president Mrs. Wilber H. Mack, of Country Club drive, accepted the gift—and then made the suggestion, which members heartily approved, that the book become a part of the Garden Center Library's permanent collection so it might be enjoyed by all Pointers.

Isn't that nice?

## Her Art's On Display

If you're traveling to Washington in the next few weeks be sure to drop by the National Miniature Painters and Sculptors Show at the Arts Club in the nation's capital.

One of The Pointe's favorite artists, Ginny (Mrs. Robert E.) Thibodeau, of Broadstone road, has three pieces on display there.

If you're browsing through a copy of "No Second Fiddle," the Junior Women's Association for the Detroit Symphony Orchestra's not-off-the-presses celebrity cookbook, you'll find a bit of Ginny's work there too.

She's among 12 Michigan artists who contributed original works—hers is a painting of Detroit—to the gourmet recipe collection.

And if, on or after November 23, you're passing by the Grosse Pointe Studio on-the-Hill, stop in to see the exhibition of Ginny's Impressions of Florence, her favorite Italian city, and her group of inspired-by-Florence paintings.

They're lovely.
