Young Addicts Face Uphill Battle

(Continued from Page 1) conducted Sunday through Thursday evenings, young addicts and users are able to discuss with professionals their experiences, attitudes and problems associated with growing up.

Parents Hold Meetings Parents of heroin users currently meet on Monday evenings and discuss with professionals more effective means of communicating with their youngsters and ways in which to handle youngsters involved in drug usage.

Now FLEC is embellishing its program with still another innovation, a highly controlled program for the heroin user. Under this program, the youngster is kept under constant surveillance. He has few privileges. His telephone calls are monitored. He is completely divorced from the heroin sub-culture. He is driven to and from school. He is given household responsibilities in an attempt to make him more aware of his responsibilities to the family and the

community. He must earn the return of his privileges and freedom.

May Assign 'Buddies' The success of the program depends a great deal on the amount of cooperation received from the user, his parents and his friends. FLEC is currently attempting to elicit cooperation of school authorities to take this program even further, by assigning a "Buddy" to each heroin user.

The "Buddy System" is a program in which teenagers who are reliable, trustworthy and interested in helping their peers fight heroin addiction, are utilized. They would meet the user each morning at the counseling center, escort him to and from classes during the day and attend RAP sessions with him twice a week.

Mr. Krattli is in need of more "Buddy" volunteers. Any teenager interested in helping may do so by calling him at FLEC's number, 885-3510.

Clinic Has Program Still another program currently in operation is one being conducted at Lafayette Clinic in cooperation with FLEC and North East Guidance Centre, correlated by Dr. Kenneth Schooff, psychiatric consultant. Dr. Schooff told the NEWS that 20 Pointe youths are being selected to participate in this program because Grosse Pointe through FLEC is one of the first communities to become involved in the drug abuse problem.

Under this program heroin addicts between the ages of 17 and 21 are admitted to Lafayette Clinic on an in-patient basis for a period of from four to six weeks. Applicants are carefully screened by a team which includes Mr. Krattli, Stan Stancaz and two members of Lafayette's medical staff.

Family and patient interviews are conducted. School and police records are studied. The young adults selected are those most motivated to "kick the habit" and with whom the staff believes there is the most chance for success. All patients are referred to Lafayette by FLEC for this

program. During the hospitalization period the young addict is involved in an intensive program in which he is taken off of heroin by the use of Methadone on a short term basis. During this period and succeeding weeks he participates in group therapy. A Pointe therapist sees the patient while he is hospitalized and the same therapist continues to see him on a daily outpatient basis for six months after he leaves the clinic.

Initially the patient's visitors and privileges are restricted, although he may receive telephone calls. At the end of the third week he is moved to an open, less structured ward, continuing his group therapy.

Dr. Schooff currently is attempting to secure a "blocking agent" or "neutralizing agent" from a New York laboratory to use in conjunction with the outpatient follow-up program. This agent blocks any affects heroin would normally give the user.

Both of these programs give new hope to the heroin user and addict. FLEC, in its continuing effort to educate the community on the drug abuse problem, has recently published a pamphlet that will be sent to every Pointe home, explaining in detail the functions and services available locally through FLEC. (When you receive yours notice the cover. It was designed by Debbie M. Mulkey, an 11th grader at South High School.)

Many of the current services offered by FLEC are made possible through a special grant from The Rotary Club of Grosse Pointe.

If you suspect your child is involved in drug usage contact the FLEC office for assistance. Some of the symptoms of heroin use are digestive upsets, weight loss, poor appetite, accident proneness, unhealthy appearance, depression, slowed down body functions and scars.

Whether you call it heroin, H, snow, junk, horse, hard stuff, Harry, caps, Jones or smack, it is deadly and the earlier its usage is discovered the better chance the user has of recovery!

2 Proposals

(Continued from Page 1) school purposes is 29.63 mills, or \$29.63 per thousand dollars of State Equalized Valuation on property in the district.

Current total millage rates for Detroit Metropolitan area school districts are considerably higher than Grosse Pointe's projected (for 1970-71) rate. For example, currently Bloomfield Hills levies 38.81, Oak Park is at 37.97, the Lake Shore district in St. Clair Shores is 35.58, and Birmingham is pegged at 34.72 mills.

All registered voters may ballot on both propositions. Polling places, open from 7 a.m. until 8 p.m. are the 10 public elementary schools.

What you think of yourself really means something—if you are able to prove it. The future of our country depends on the sound, sane thinking of all its citizens.

(Continued from Page 1) presented one issued in Tennessee. The young lady told the officers that she had a fight with her boy friend and was out for a drive. Paton and Kanefke said they noticed a five-month old baby, warmly wrapped and asleep in the back seat.

A check with their station disclosed that the vehicle was not stolen, and after warning the woman of the tail light violation, she was allowed to proceed on her way. The teenage motorist drove toward Jefferson, turned west, and out of sight. Paton and Kanefke said they assumed that the girl was going home.

At 5:20 a.m., the corporal and patrolman saw the same car again, on Jefferson. The vehicle, the girl behind the wheel, made a turn to south on Bedford, and the policemen followed. The vehicle traveled to Essex, turned east on Essex to Three Mile drive, made a turn north on Three Mile and pulled up in front of the Northrup residence.

At this point, Paton and Kanefke said they saw a male figure dressed in dark clothing,

and carrying what appeared to be a rifle, emerge from the driveway of the Northrup property and get into the stopped auto.

Both officers leaped from their patrol car with service revolvers drawn, approached the other vehicle, and ordered the man out with his hands in the air. The officers said they saw a .22 caliber rifle, a portable radio and a number of other items on the rear floor of the car. All items were believed to have been looted from the Northrup residence.

Berry and the girl were placed under arrest and taken to the station on suspicion of burglary and for questioning.

Austin Students Merit Finalists

Michael Ducody and George She seniors at Austin Catholic Prep School have advanced to Finalist standing in the 1969-70 National Merit Scholarship Program. The honor is shared with about one half of one percent of the graduating secondary school seniors in the nation.

The finalist standing is based on high performance on the Merit Qualifying Test and Scholastic Aptitude Test and an endorsement by the student's school. The boys are now eligible to compete for 2,800 Merit Scholarships. The winners' names will be announced on April 30.

Firemen Don't Just Sit And Wait for the Alarm

By Pepper Whitelaw
"Oh, to be a fireman. All you have to do is sit around and wait for the alarm bell to ring!" Just in case you believe that old canard let's take a look at City of Grosse Pointe Director of Public Safety, Andrew C. Teetaert's 15-man department led by Fire Captain Robert J. Marshall.

City firemen answered a total of 153 alarms in 1969 and assisted in five mutual aid runs. These calls included grass and rubbish fires, cats in trees, (10 of these), resuscitator runs, (12 of these), wires down and major house and building fires.

The biggest fire in the City during 1969 was the one that occurred on June 19 at the Benjamin Paddock residence, 305 Lincoln road. Estimated damages exceeded \$85,000.

George Ghesquire's duplex unit at 878 Neff road was the scene of a fire that resulted in \$17,000 damage and a fire at Grosse Pointe Poultry, 17048 Mack, resulted in \$6,700 worth of damage.

Total fire loss in the City of Grosse Pointe was \$118,370.46, much of which was attributable to these fires mentioned above.

Over and above their regular runs, firemen conduct heating inspections throughout the city during the year. Their commercial inspections include checking over plans for new buildings and remodeling, inspecting service stations, conducting school evacuation drills, church inspections, fire extinguisher inspections and Christmas tree inspections. It is through the efforts of these firemen that homes and businesses are maintained up to safety standards, and many fires averted. The total number of home inspection

calls numbered 1,063. Firemen also check fire hydrants from January through March and from October through December. Inspection consists of checking all hydrants to see if they have been used and not pumped out, checking caps, washers and the general condition of the hydrant. The men in the department checked over 233 hydrants, painted 46 and repaired and replaced others.

Firemen do general house-cleaning daily. Take care of the city office grounds, maintain the lawns and parking lots. They conducted spring cleaning sessions that have to be seen to be believed; in fact they're better housekeepers than most housewives.

Their talent for cooking is unmatched among the masculine set. They cook all their own lunches and dinners... each firefighter has his own specialty, although spaghetti is a firehouse favorite.

The crew also took an active part in the 1969 Goodfellow Sales with 100 per cent participation. They collected almost \$700.

The officer in charge of each unit conducts an average of two to three classes on firefighting and firefighting equipment per week. Staff members also attend class sessions throughout the state during the year to keep abreast of the latest in firefighting techniques.

From this rundown of firefighters' work day it should be apparent that firemen must be brave, well rounded, ambitious men who are willing to work and work hard!

Youths Arrested Following Chase

Two 17-year-old boys, Guy Hipwell, 18531 Beechwood, and Dan Owiazdowski, (no address listed), were arrested by City police on Friday, February 21, following a high speed chase.

The pair were first spotted by Cpl. Edmund Benthuis and Dale Van Dale of the City police traveling at a high rate of speed at Fisher and Jefferson. Officers set chase. The driver turned right on Washington, turned off his lights and continued at a high rate of speed, ignoring stop signs at Maumee, St. Paul, Kercheval, Waterloo, Charlevoix, Goethe, Chalfonte and Mack.

Benthuis and Van Dale sent a broadcast alert to all cars and the pair was stopped by Farms police officers John Kraiza and Donald Dewey at Mack and Lincoln. The youths were turned over to City police, who searched the vehicle and found several beer bottles and a three-quarter-inch blade knife.

With the two were two juveniles. All of them were taken to the City station, where the 17-year-olds were charged as minors in possession. The driver was also charged with reckless driving. He was released on \$100 posted by his father pending his court date on March 10. Gwiazdowski was released on \$27.50 pending his court appearance on the same date. The juveniles were released to their parents.

PTA At Barnes Meets March 5

There will be a Barnes School PTA meeting on Thursday evening, March 5, with room visitation from 7:30 until 8 o'clock. Immediately after visitations, principal, Jack McMahon will present a three-part program, "Your Child's Elementary Education Present and Future."

Mr. McMahon will first speak on "How a Child Spends His Time In School." The second portion will be a demonstration by fifth grade students in play form on "Learning Social Studies."

The third and final portion of the program will deal with

(Continued from Page 1) school as a community service institution, and the third consideration dictated a modifiable, space-conditioned senior high school, readily adaptable to changing educational and societal programs," he said.

"We believe our educational planners did their jobs well. Visiting educators have described North High as one of America's most functional schools," he stated.

Has Unique Features
Malcolm Stirton, president of "Future Organization in Our School."

All Barnes parents are urged to attend this entertaining and informative meeting.

Harley Ellington Associates, Inc., the architectural firm that designed the building, said, "There are many unique and complex features in this high school which are designed to prepare our young people for our equally complex future life. For example, this auditorium can be divided into three separate areas to achieve multiple use of a space which might otherwise be used rather sparingly." Mr. Stirton cited the building as "an intelligent use of modern technology."

Mrs. William Innes, representative of the Elizabeth Cass Chapter of the Daughters of the American Revolution, presented a flag to the school, commenting, "To us, the flag of the United States of America symbolizes goals formulated by our country's forefathers, the men and women who fought for or served the United States in 1776." She then led the audience in the "Pledge of Allegiance."

Principal-Instructor, substituting for Dr. William Craig, North High's Principal, who was ill, Reverend Paul Keppler of the First English Lutheran Church who gave the invocation, and Monsignor Frank McPhillips of St. Paul's Catholic Church, who gave the benediction.

An outstanding feature of the afternoon's program was the music provided by the North High School Orchestra under the direction of Nathan C. Judson. The group began with Copland's "Fanfare for the Common Man," continued with "Dance Rhythms" by Riegger, and concluded with "Finale from Symphony No. 5" by Beethoven.

Following the formal program, tours of the building were conducted by the Valkyries, a girls' service organization.

Platform guests included school trustees since 1963, the year when planning for the new school began.

PLAGUE HITS POINTE

When heroin spread through the black ghetto in the early forties, we, the white majority, ignored it as if it were something to be expected of "those" people.

Today this same plague is preying on the children in Grosse Pointe. We are frantically searching for ways of halting its progress and curing its effects, but so far we have been unsuccessful. It will take time to find its sources and to develop means of treating its effects. It is too bad that we were not equally concerned in the early forties.

Doesn't it make you wonder what new plague lies seeding in the inner city, nurtured by our own indifference? What new pestilence will creep over our imaginary walls because we are too concerned with our pleasure to realize how much we are affected by the well being of all people.

Boyne Country Condominiums

Right in the heart of Mid-America's skiing, golf and recreation mecca—BOYNE COUNTRY. The Boyne Condominium village is nestled at the foot of fabulous Boyne Mountain and overlooks world-renowned Boyne Mountain Lodge.

Arlberg

As vast as the Austrian Alpine Ski country after which it is named, the Arlberg apartment building houses 12 apartments and is the largest of all buildings in the Boyne Condominium village complex.

Mont Blanc

Recalling memories of Europe's highest mountain, the "Mont Blanc" building sets in quiet majesty in the Boyne Condominium complex. The two-story Mont Blanc building houses 4 apartments keyed to discriminating tastes and offers broad vistas of the entire area.

4 seasons of recreation

Jungfrau

Reminiscent of Switzerland's most dramatic and well-known mountain, the "Jungfrau" provides a towering accent to the Boyne Condominium village concept. The Jungfrau's five-storied reach assures a magnificent view of Boyne Condominium, Boyne Mountain, and surrounding terrain.

Skiing at all the famous Boyne Country areas—Boyne Mountain, Boyne Highlands, Thunder Mountain, and Walloon Hills—from November through April.

Golf at the magnificent 18-hole championship mountain meadow course, 9-hole par 3 course within walking distance from the village, plus a golf training camp for youngsters—and only a short drive away, the challenging 18-hole, Boyne Highlands course, (already one of the top ten in the nation), designed by Robert Trent Jones plus the 9-hole par 3 Highlands course—72 holes of golf.

Deer Lake Four-Seasons Beach Club to serve golfers, swimmers, boaters and fishermen, whose beautiful white beach and private club house with dining and locker room facilities offers the ultimate in lakeside fun. The prime sandy beach, much of which shelves out at a gentle slope as far as 300 yards before youngsters can get chin-deep, is the lake's chief allure. Water is crystal-clear and, because the half-mile wide lake is nestled like a jewel in a bowl of hills, waves are never so high that a fisherman would be come endangered by high winds. It also has a good lee shore, regardless of wind direction, for water skiing at any time of the day.

Deer Lake has long been noted as a bass and pike angling lake and abounds with bluegills, sunfish, and perch for the neophyte angler just learning to handle a fly rod. What's more, several small trout streams flow through the Deer Lake area just south of the lake and are readily accessible by good roads. A fleet of rental boats and sailing craft will be available to guests—and a launching ramp will be provided for club members desiring to bring their own. A private road connects the Boyne Country Four-Seasons Beach Club with Boyne Condominium just a mile away to the eastward.

Boyne Condominium is only minutes of easy access to a resort complex which offers you 10,000 acres of pleasure—skiing, golf, salmon and trout fishing, sailing, motorboating, deer and small game hunting, swimming, waterskiing, horseback riding, retirement living, investment opportunities—all in one recreational administrative organization.

Methodist Church Has New Organ

The Lenten and Easter observances at the Grosse Pointe United Methodist Church will feature a new sound. A new organ was installed by the Tellers Organ Company of Erie, Pa. The 13-rank organ was designed by Ray Ferguson of Wayne State University.

This organ replaced an electronic organ that was used since the Church was constructed in 1950. The new organ features two manual consoles featuring an open great division and enclosed swell division. An unusual aspect of the instrument is that the IV Rank mixture on the great organ is enclosed with the swell division

thus giving the player greater flexibility. The organ purchase and installation was accomplished by the Music Committee under the chairmanship of Dr. Robert Ambrose and the Board of Trustees under the chairmanship of Kenneth Hollidge.

Two special musical programs are planned for the Lenten

Season under the direction of Mr. Jack E. Ellis, Choirmaster-Organist. The Youth Choir of 25 voices will present a 20th century contemporary Communion Service entitled, "Celebration" on Passion Sunday Evening, March 15, at 7:30 o'clock. On Maundy Thursday, March 26 at 8 p.m., the Chancel Choir, under the direction of Jack E. Ellis, in conjunction with the Lakeshore Presbyterian Church under the direction of Jack Cole, will sing the "Requiem" by Faure.

Ask Volunteers To Aid Families

Mrs. Noel Hagena, a caseworker with the Neglect Unit of the Wayne County Juvenile Court, is presently recruiting residents of the Pointe and Detroit, east of Connor, for a new volunteer project.

The project matches volunteers with families where phys-

ical neglect of the children has been a problem. Volunteers will act as friends to these families. Their work with the children might involve tutoring, helping them discover recreational activities or taking them on field trips in surrounding areas.

The volunteers' work with parents could include sharing household hints with mothers or recreation enthusiasm with the fathers or occasionally providing them with transportation.

The overall job of the volunteers is visiting with the families as a whole and sharing conversation with them.

Mrs. Hagena also requests volunteers as advisors-on-call who would acquaint themselves with community resources and pass the information along to other volunteers and to Mrs. Hagena and suggest appropriate ideas for recreational programs needed for children.

All the work will be with families living east of Connor. Volunteers may set their own schedules and may commit as little as four hours a month to their families.

A preliminary meeting to acquaint volunteers with their roles is in the planning stage at this writing. All volunteers will work under the supervision of Mrs. Hagena. Anyone interested in the program should call Mrs. Hagena at 833-4430.

Camera Club Meets Tuesday

The Grosse Pointe Camera Club will meet Tuesday, March 3, at 8 p.m., in the War Memorial. Visitors are welcome to the session, in which competition will be held in both monochrome prints and color slides.

D'you Know That?
by Paul Schweitzer

Do you know how the story of George Washington cutting down the CHERRY TREE got started?

It first appeared in "Life of Washington," a biography written by Mason L. Weems; who referred to himself as the "former rector of Mt. Vernon Parish."

But "Parson" Weems was not above animating a report with a bit of fiction . . . In fact, even his claim to the position of "former Rector of Mt. Vernon Parish" has been disputed—the Parish has never been known to have existed.

rency and change. The pair grabbed the money and fled north on Lakepointe and disappeared.

Park Patrolman William Furtaw, on his way to work, starting the afternoon shift, saw the robbers running from the area, but did not know what had happened. He asked Graney if anything was wrong, and the victim told him of the hold up. The officer told the boy to call the

Kind Words

(Continued from Page 1)

"Let me tell you, we are not down on the youth of our community," he said. "In our day-to-day contact with these people, we find them to be just like kids their age have been for years. We have to remember that our young-age population has grown in leaps and bounds in the past few years and that the number of the so-called 'bad minority' has increased, but the number of good, healthy, well-intentioned youngsters, the 'majority' has also increased. I don't think there is any greater percentage of 'bad' kids today than we found 10 years ago."

Are the police down on kids? "Not on your life," said Healy. "In fact, last December, at one of our FOP Lodge meetings, the fellows originated and unanimously passed a resolution to present a trophy to the winning school in the North High-South High basketball game. The subject of youth constantly jumps up at our meetings, but not in the derogatory manner. Most of us are concerned with what we can do with and for our youngsters."

Gap Not A Fact
Ironically, though there has been much publicity given to the dubious fact that youth is out of touch with the "over 30" group of adults—the generation gap—Healy contends that just the opposite is true.

"You can look at any number of police officers who are over 30 years of age and find that many have teenage children of their own," said Healy. "They, probably more than anybody else, are better able to understand and appreciate today's youth."

In lending support to the activities of the youth of The Pointe, Healy pointed out that law enforcement officials are "in the know."

"We want to show our youth that we understand that times, ideas, goals and habits are changing at a rapid pace," he said. "We also want them to understand that we are aware of the problems this rapid change brings with it and are ready to co-operate with youth in meeting any of these problems."

Alienation A Danger
Detective Trombley, who has served in his liaison post for the past two years and is intensely aware of the problems facing today's youth, strongly feels that the biggest danger facing adults is alienating themselves from youngsters.

"The majority of youngsters today have strong and good goals," said Trombley. "Unfortunately, the drug abuse problem in The Pointe has moved to center-stage, overshadowing the good things our kids are doing."

"Looking at the recent drug survey conducted in our community, I can't help but rap its conclusions," Trombley continued. "Any survey conducted by an outside source in such a closely-knit community must be lacking. Such a survey depends solely on its evaluator."

"That survey obviously cannot give completely accurate facts," he said. "What it does is to point out trouble, but offers no cure. We know we have problems."

Trombley claimed the FOP feels that to advertise our community drug problem accurately doesn't hurt youth, but rather helps clear the way for progressive steps to combat the problem.

Youth Must Lead
"The biggest thing is that, if we are to stimulate a better understanding between youth and adults, we must get some leadership from the ranks of youth," he emphasized. "We need youth as consultants. If young people wish to lead their culture to a meaningful end, they must help towards that goal."

"We feel we should and want to promote the good things being done by our youngsters, but we also must never forget that we have a problem and, while working to solve our difficulties on the police and school level, we must urge kids to do something themselves."

Ticket Motorist In 4-Car Crash

David J. Tolin, 24, of 1430 Maryland, who claimed that his car brakes failed to hold, was ticketed by Park police on Friday, February 20, following a four-car collision at Kercheval and Audubon.

According to the authorities, Tolin was traveling east on Kercheval, when, as he claimed, his brakes failed as he tried to

Furtaw added to the description by stating that both robbers were wearing tennis shoes.

come to a stop for a red traffic signal.

Tolin's vehicle went out of control and struck the right side of an auto driven by Roberta J. Muehlbrandt, 19, of 15505 Faircrest, Detroit; then ran into the side of a car driven by Charles A. Rudick, 55, of 1179 Harvard; and then into the rear of one driven by Leroy O. Gary, 52, of 5995 Woodhall, Detroit. All three drivers were stopped for the light at the intersection.

Two passengers in Tolin's car, Barbara Missini, 17, and Darlene McCarthy, 23, both of 3484 Gray, Detroit, complained of pains, but had no signs of visible injuries. They said they prefer-

red to have their family doctors examine and treat them. No one else reported injuries.

Tolin was issued a violation ticket for careless driving and is scheduled to show up in court on March 18.

Reader Objects To Sales Pitch

One reader feels a local vacuum cleaner sales and repair company carries aggressiveness to the point of deceit. A sweet voice phones local residents of the Pointe who own a certain make of vacuum saying, "This is your local vacuum cleaner service. We will be in your neighborhood and would like to know when you'll be home so we can check your cleaner".

If a child or the maid answers, either is likely to assume that the parent or employer has a standing order with this company to check the cleaner and take it away for repair. Thus you may come home to a missing vacuum cleaner and a bill at a local establishment for service which they say was authorized by your child or the maid. Pointers are urged to be on guard for such practices.

Woods To Make Repairs on Pool

Concerned with the condition of its community swimming pool at the city's Lakefront Park, the Woods has decided to experiment with several repair systems, which will be undertaken as soon as the weather permits, according to Donald Holman, Woods director of Parks and Recreation, under whom the repair tests will be directed.

The 19-year-old 60,000-square foot pool requires repairs to both the sides and the underwater surfaces.

Private contractors will be hired to apply Gunitite, a spray cement, to one 2,000-square foot section and also to place epoxy cement on another 2,000-square foot section of the pool. The applications will be allowed to stay through the summer swimming season and the dormant winter period and both sections will be evaluated in the spring of 1971. The total cost of the experimental repairs will total about \$6,600.

The pool is located in The Pointe's busiest summertime park, which is actually located in St. Clair Shores. The Woods pays St. Clair Shores \$20,000 annually in taxes for use of the park property.

Ditto Lecture Goes to Center

The Studies in Black and White March 2 lecture by Frank Ditto will be held in Fries auditorium instead of the Memorial Library in view of the excellent response to the lecture series to date.

The series is sponsored by The Grosse Pointe Human Relations Council and the Grosse Pointe Center for Racial Injustice.

Mr. Ditto will discuss "Street Youth: Opportunity or Explosion?" The controversial Mr. Ditto, a militant Black man of the people, did community organization work in Chicago before coming to Detroit.

He founded the East Side Voice of Independent Detroit (ESVID) in September of 1967.

It was formally introduced to a concerned group of Eastsiders when it held an all day workshop at the St. James Lutheran Church on Seminole. It was at this seminar that ESVID first outlined its governing principles of Black Pride and Black Dignity and began to preach its gospel, "Black Is Beautiful." Since its inception under Mr. Ditto, ESVID has received national and local attention.

Firm in his belief that true social reform can be realized only through political, social and economic action, Mr. Ditto originated the Political Education Project, known as PEP. As a result, the first Junior Government in the United States was set up in Detroit, complete with Junior City officials.

The New Detroit Committee funded the PEP organization thereby giving it a much-needed financial boost.

The lecture is slated to begin at 7:30 o'clock. Tickets at \$2.50 will be available at the door.

Cinema League Meets Tonight

The Grosse Pointe Cinema League invites members and the general public to view Fern and Rip Zwickel's latest film, "East of Suez", tonight, Thursday, February 26, at 8 o'clock, in Fries Auditorium. Featured will be scenes in Iran, Afghanistan, Pakistan, Nepal, Kashmir, Cambodia, India, Hong Kong and Japan.

Scoring the Pointes

By Phil Loranger

Although winter returned with full force last week, athletic officials at all six Pointe-area high schools are reporting that the smack of baseball against mitt is becoming a more common sound in gymnasiums.

For those athletes not participating in winter-time sports, the chance to brush up on the finer points of the diamond-game is more than welcomed and the crowds are beginning to gather.

High school baseball is a popular sport among boys in the area, but, traditionally, it is the least popular of the spectator sports. Fewer fans turn out to baseball games than any other of the so-called "major" varsity activities.

Close on the heels of the Denny McLain baseball scandal, there is some speculation that the sport may lose some of its enchantment for youngsters. Scandals have been known to dim interest in a game in the past, but baseball, the national pastime still, is in no danger, at least at the high school level and in The Pointe.

"I think whenever anything like the McLain scandals strikes, it serves to disillusion a lot of youngsters, because these superstars are their heroes, much as the old-time stars were our idols," said Ed Wernet, athletic director at North High and a former professional baseball player himself. "Our kids still will retain their interest, but they will take a closer look at pro stars in the future."

Wernet, who played for several years in the New York Yankee and Cincinnati Reds farm systems and turned in some fine seasons, claimed that youngsters closely follow the professional sports and are keenly aware of all that happens.

"Scandals never help a sport, but it is pretty hard to convince high schoolers that baseball is not as big as ever and I'm with them," he said.

Pointe schools always do well in baseball. Judging by the early arrival of trainees this year, our boys should represent us in true, winning fashion again.

Inter-Church Basketball

Final first-half season games in Class A saw St. Michael's Episcopal clinch first place with a 33-16 win over Redeemer Methodist. Bob Beyer with 10 points and Tom Otto with seven were high for St. Michael's as Keith Nickoloff with 6, and Mike Shook and Steve Rudolph with 4 each topped the Redeemer scorers.

First Lutheran topped Congregational in a high-scoring affair 58-37 as Dave Chapman tossed in 29 points and Bob Keppler 13 for the Lutherans. Ralph Cross had 18 points and Brian Cammett with 10 were high point men for Congregational.

This week's action ended the first half of the season with St. Michael's the winners. They have earned an opportunity to play in the championship against the winners of the second half of the season. If they should win both halves, they will play an All-Star team made up of players from the other teams.

The opening Class B game of February 7 pitted Presbyterian #1 against Congregational #2. The Woodsman were too hot for Congregational as Steve Fowler with 14 points and Dave Vroom with 7 led them in scoring. Chuck Cooper with 8 and

Karl Tech with 5 were high for the losers. St. Michael's Episcopal edged Presbyterian #2 26-22. Lee Minor with 15 and Phil Howells with 7 were high for the Presbyterians while the winners were led by Jim Fruciano with 16 and Bob Bashara with 6.

In the day's final game Congregational #1 topped Redeemer Methodist with balanced scoring by Steve Johnson, Dave Charvat and Kurt Tech with 12 each. Wyatt and Eliee were high point men for Redeemer.

With the conclusion of these games Woods Presbyterian #1 was the winner of the first half of the season and earned a spot in the season playoff against the winner of the second half. Valentine's Day action featured Presbyterian #1 in a 28-15 win over Redeemer Methodist as Jim Tomlinson had 8 points, and Tom Spencer and Rob Burns each had 7 for the winners. Eliee of Redeemer tossed in 9.

The second game was a tight one with St. Michael's coming out on top of Congregational #2 by a 27-23 score. Bob Bashara with 11 points and Jim Fruciano with 8 led St. Mike's while Karl Tech had 5 and Phil Striker had 8 for the losers.

The last game of the day saw Congregational #1 drop Presbyterian #2 as Steve Johnson with 18, Kurt Tech with 9 and Rick Hawley with 8 led the way for the winners. Lee Minor with 5 and Rick Zenn with 4 were high for the losers.

Second half standings as of 2-14-70 are:

	W	L
Congregational #1	1	0
Presbyterian #1	1	0
St. Michael's	1	0
Congregational #2	0	1
Presbyterian #2	0	1
Redeemer Methodist	0	1

McCarthy Cited As Knights Lose

It is a sports rarity when a member of a losing team is singled out for special praise by the coach of the victors, but that was the case last week for All-State guard Dale McCarthy, of the University-Liggett School Knights.

McCarthy, who holds every individual basketball record set at the Cook road school, was leaving the court after his team had absorbed a stinging 73-59 loss at the hands of Harper Woods, when Ernie Melton, head coach for Harper Woods, went up to the shy star and shook his hand.

"Your performance in this game was one of the best displays of team basketball that I've seen in my 17 years as a coach," said Melton to McCarthy. "You are some kind of player."

The head coach for Detroit Country Day School, who was attending the game for scouting purposes, and a number of spectators duplicated Melton's actions.

In the game, McCarthy hit on 12 of 17 shots from the floor and converted seven of eight tosses from the charity stripes, for a game-high 31 points. This marked the fourth time this season that McCarthy has topped the 30-point mark.

Friars Defeat Shamrocks; Win Catholic League Title

The Austin Friar cagers, twice losers to Detroit's Catholic Central during the regular season, stunned the Shamrocks 76-70 on Sunday, February 22, in an upset win at the University of Detroit Memorial building, which decided the Catholic League championship in convincing fashion.

With guard Frank Latona providing late-game heroics, Austin rallied from a 35-31 halftime deficit to wrap up the title and bring back home the championship banner for the first time since 1968.

As 5,660 fans lost their voices cheering, the Friars raced into the lead for good, late in the third quarter and managed to hold a four-point lead with just eight minutes to play. For the Austin fans, the performance of Coach Frank Chicowski's calm cagers recalled memories of Austin's great championship year, when NBA star, Dave DeBusschere, dominated the league in every phase of the game.

Although the score was tied seven times in the first half and the lead changed hands on 13 occasions, the Friars were not to be denied and shot into a 67-58 lead on the strength of Latona's four quick baskets and clutch shooting by Dick Rancilio.

Catholic Central tried one of its patented, whirlwind finishes, when it managed to whittle the lead to four points with just under two minutes to play, but three of the Shamrock regulars fouled out and it was Katie-bar-the-door for the rest of the contest.

Austin center Jim Ney was the game's top scorer with 28 points. He also pulled down 18 rebounds in the hotly-contested match, in which the Friars shot nearly 46 percent from the floor and outrebanded Catholic Central by a whopping 55-38.

Park police issued a violation ticket to Melvin A. Grosshans, 31, of 474 Ashland, Detroit, for not having his car under control and causing an accident on Saturday, February 21.

According to an official report, Grosshans was traveling south on Jefferson and made a turn south onto Harcourt, when he lost control and the vehicle jumped over the curb and crashed into a tree near the corner.

Grosshans, and a passenger in the car, Otto Frank, of the same Detroit address, who is the registered owner of the auto, both sustained bruises and abrasions and were taken to Bon Secours Hospital for treatment and released.

Grosshans was given a ticket for driving without due care and caution and hitting a fixed object. He is scheduled for a court appearance on March 11.

Norsemen Splash Past Blue Devils

Setting four varsity records in the process, the matadors of Grosse Pointe North High splashed past Grosse Pointe South on Saturday, February 21, by a count of 74-31, in North's pool.

Coach Tom Teetaert's swimmers completely dominated the win, which moved North into a two-point lead in the race for the All-Sports Trophy.

The Norsemen quartet of Kevin Cross, Bob Everett, Rob Engelhart and Kirk Strange combined to win the 220-yard medley-relay with a time of 1:48.8, while Richard Russell and John Weaver finished first and second, respectively for North in the 200-yard freestyle, with Mike Schroeder, of South, finishing third. Russell had a winning time of 1:58.5.

North's Mark Dupuis set a new varsity record, with a winning time of 2:15 in the 200-yard individual medley, with Keith Hallmann, also of North, coming in second.

North's Tom Heholt won the 50-yard freestyle with a new varsity and pool record time of 22.5. South's Mark Goodhart finished second and Bob Cleary, of North, took third-place honors.

South's Ralph Gauthier set a new pool record in the diving phase of the meet, when he compiled a winning point total

Pointe Wildcats Notch Victories

The number two figured often in the activity of The Pointe Wildcat Hockey Team this past weekend.

The first of two wins came against Northwestern last Saturday night in regular league play. Three points separate the third, fourth, and fifth place teams, and with the season almost over, every game is a "must." The final score of that game was 6-0. The exhibition game last Sunday was Wildcats 2 Garden City 1.

The "Cats" adding two points to their individual records were Jeff Welsler, John Batten, John Lange, Tom Stewart, and Dave Maxwell. Chad Morris picked up a point, Bryan Cammett four points, and Tom McCubbin three points.

The two "Cats" that came on strong were Phil Hendrie and Dave Maxwell. If the entire pack comes on strong they will finish in third place.

Win Awards

Austin Catholic prep recently participated in the Detroit Catholic League Forensic League Tournament. Three of Austin's seven speakers reached the third and final round and all three placed.

In Declamation, Rick Berschback received a first place ribbon with a speech originally given by Albert Cox, "Yes, Robert, You Learned," following Rick in second place was John Knox with "Mourning Our Lost Virtues," by Jim Bishop. Austin's third place winner Doug Trombly, won in the category of extemporaneous. All of these finalists are eligible for the Grand Tournament in Miami Florida, this May.

Other participants in the Detroit Catholic Forensics League for Austin were: Rick Woodbury, Robert Lane, Doug Trombly, George Shea, and Jim Zakem. Competitors and judges agree that the Detroit Catholic Forensics League becomes more exciting and profitable every year.

Course Offered In Note-Hand by Public Schools
Note-Hand for Personal Use is a new course being announced by the Grosse Pointe Public Schools, Department of Community Services. The adult education-minded Grosse Pointe will find this opportunity for learning a relatively easy skill, a useful tool for years to follow.
Application of what the Note-hand course has to offer has unlimited possibilities. People are using the skill for capturing an accurate resume of meetings, lectures, and programs they attend. Preparation of speeches, articles, research work, and reports can be simplified to a great extent when this skill is applied. There are countless occasions in day-to-day living wherever a pencil and paper situation pops up when Note-hand can be applied. One mother was quoted recently as saying, "I find it so useful, I even do my shopping list in Note-hand now."
Using the simple Gregg alphabet this brief writing method can be adequately learned in the 10 week session that is scheduled to begin Tuesday, March 3, in the Community Service Building, 43 Grosse Pointe boulevard. The two-hour class meetings begin at 7:30 p.m. and a fee of \$12 covers the cost of enrollment.
Mrs. Mary Frances Pascoe is the instructor for this class. A Wayne State Business Education graduate, Mrs. Pascoe has had experience in the adult education field and her vibrant and enthusiastic approach to her subject gives promise of a very successful class. Mrs. Pascoe is a Pointe resident. While a student at Wayne State University, she did her practice teaching

NOTICE TO GROSSE POINTE SENIOR CITIZENS
Effective February 19, 1970, two major amendments have been made to the Senior Citizens Homestead Tax Exemption Act.
Eligibility for the exemption has been broadened in two ways:
1. Income limitation has been increased from \$5,000 to \$6,000. The law now states, "and whose gross income, as hereinafter defined, combined with the income, if any, for the immediately preceding calendar year of a spouse and co-occupant and concurrent owners of the homestead shall be not more than \$6,000." Therefore, an applicant filing for 1970 exemption could receive income up to \$6,000 and remain eligible for tax exemption.
2. The second amendment to the law has eliminated the \$10,000 state equalized value and the \$20,000 cash value limitation completely. An applicant filing in 1970 may own any amount of property and be eligible for tax exemption.
Senior citizens qualifying for this exemption under the above are urged to contact the City Assessor's Office in their own community for further information and assistance in filing the tax exemption affidavit. NO LATER THAN LAST HEARING DATE OF BOARD OF REVIEW. CHECK WITH YOUR CITY ASSESSOR FOR THE FINAL FILING DATE.

Pointe Beauty Pays Visit To Servicemen in Vietnam

By Pepper Whitelaw
 (Editor's Note: This is the first of a two-part series on Pointe Girls in Vietnam.)
 Sue Scott, 21, daughter of the Earl Scotts of Ridgmont road, (you might remember her as our Pointer of Interest in the August 7, 1969 issue) has traveled many miles since she was a student at South High School. For the past year, she has been a fashion model with Wilhemina in New York, (one of the top agents in the country). Her work has taken her all over the United States, from guest spots on national television shows, to covers of national magazines and finally to the hot, humid jungle country of Vietnam.
 Sue has just returned from a 17-day tour of Vietnam bases including many "fire bases" (these are bases strategically located in the jungle from which long range rockets are shot). She and two other professional models and Daniel, famous French hair stylist, entertained in areas the big entertainment troops rarely visit. They pre-

doesn't dry overnight. Imagine what the boys in the thick of the fighting feel like in full uniform.
 Sue's visit was a mixture of surprises. She couldn't believe the fondness the boys had for Koolade; it was their favorite drink. (There's a good gift-package tip). Her second surprise was their reaction to perfume. Everywhere she went, especially in the hospital wards, the boys offered to buy her perfume. (Of course she wouldn't sell any of it... she gave it all away). With the heat and humidity the odors were just dreadful and a touch of perfume was like a breath of spring.
 Her third happy surprise occurred while she was entertaining in Long Bienh. She started off by asking if there was anyone in the audience from Detroit. With that a voice responded with Grosse Pointe. Sue looked down and saw Greg Aljets, son of the Vernon Aljets of Manchester avenue, with whom she had gone through Brownell Junior High School and who sat across from her in English class at South High School.
 Sue's fourth surprise was not so pleasant. It was the discovery that the Vietcong use many youngsters between the ages of five and 16 in their forces. With impish grins and knives in hand these little fighters care very little about human lives. Their only thoughts are the rewards received for killing GIs, which include a day off, extra pay and a sack of salt.
 Sue has particular empathy with the boys in Vietnam because most of them are her age or younger. Her praise for their fighting spirit is limitless. She plans to return to Vietnam this August. You'd think a gal like Sue who could lead such a glamorous life in a high-rise apartment in New York City would be content to stay there, but not since she discovered how much a bright smile and a few cheery words mean to our boys in Vietnam!

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

What's your way of overcoming those winter doldrums?

The Women's Auxiliary to Cottage Hospital will do it via a Spring Soiree, a dinner-dance at Lochmoor Club Saturday, March 7.

This is the ONLY occasion during the year when Auxiliary members and their friends gather strictly for fun: No fund-raising or "shop talk" permitted.

And it IS fun... Next week's party will find staff doctors and their wives and Auxiliary members, their husbands and guests seated at tables covered with yellow cloths, centered with bunches of giant multi-colored tissue paper flowers.

The night begins with cocktails at 7:30 o'clock. Jerry Luck and his Orchestra will play for dancing.

Assisting Mrs. Thomas Pflaum as chairman of the evening are the Mesdames John Barlow, Richard Huegli, Toulia Dirks and John Gilmore.

Geraniums: Who Will Buy?

The money will be used to send one teenager to camp this summer.

Before he arrives in his homestay country he'll join 10 other members of his Experiment group for a preparation session. After a month as guest of an individual family he'll spend three weeks touring France.

Something Fishy About GPHC Tomorrow?

The Awards will include bronze Centennial Medallions, (Ohio State is celebrating the 100th anniversary of its founding this year), and citations. They'll be presented at a Centennial Sunset Supper Saturday evening, March 21, at the Ohio Union on the campus.

Friday Skating Party Scene Is Lochmoor

No-Snow Forces Replacement of Sleighs by Station Wagons for Clubhouse-to-Pond Transportation; "Repeat" Planned Next Year

One hundred and seventy-two enthusiastic skaters last Friday night voted Lochmoor Club's Old-Fashioned Skating Party a complete success. Plans are under way for a repeat next year.

The wind was cold but the fire was big, bright and warm as it blazed up beside the pond. And the mulled beverages were hot and spicy to warm from within.

The absence of snow on the golf course forced cancellation of sleighs which were replaced by station wagons for transportation between the Clubhouse and the pond at the 11th green.

At one point 90 people were skating to music on the lighted pond in spite of a surface voted "one of the roughest skating rinks in history."

Plans for next year's party already include the making of fresh smooth ice the night before by flooding the surface of the pond with firehoses. Another addition will be a large tent on the windward side of the skating pond to serve as windbreak and shelter.

Lochmoor president and Mrs. Donald A. Dykstra congratulated Mr. and Mrs. Lee Schoenith, general entertainment chairman, for creating the memorable evening.

The Schoeniths shared credit for the skating party's success with board member Ned Macadino and his wife Bette and co-chairmen Mr. and Mrs. E. A.

Steiner, Jr., Mr. and Mrs. George Simon and Mr. and Mrs. Jack McCullagh.

The only casualty of the evening in spite of cold wind and rough ice was Mr. McCullagh, who landed on his knee in a fall.

But after he had received sympathy from his friends and wife, Joy, Jack recovered sufficiently to join the rest of the party on the dance floor a little later at the Clubhouse.

Noted among the skaters were Mr. and Mrs. Ted Schultz and Mrs. Earl Salomon. Displaying fancy footwork on the dance floor were, among others, Mr. and Mrs. Sam Nicholl and Mr. and Mrs. Kenneth Adler.

Other couples enjoying the evening were Mr. and Mrs. George Bashara, Mr. and Mrs. W. C. Beckenhauer, Jr., Mr. and Mrs. R. J. Crawford, Mr. and Mrs. James Doll, Mr. and Mrs. Glenn Elliott, Mr. and Mrs. Robert Grow, Mr. and Mrs. Joseph Mihelich, Mr. and Mrs. Donald Venderbush, Mr. and Mrs. Alexander Venetis, Mr. and Mrs. Jim Mathews, Mr. and Mrs. William Raven and Mr. and Mrs. David White. Among the guests were Dr. and Mrs. Robert Kasper.

MR. and MRS. THOMAS REID BROWN, of St. Clair Shores, announce the birth of their second child, first son, JOHN REID BROWN, II, February 8. Mrs. Brown is the former ROSE MARIE TRAVERNIER, of Allen Park. Paternal grandparents are DR. and MRS. JOHN REID BROWN, of Chalfonte avenue.

Marine Corporal JOHN W. GEYMANN, son of MR. and MRS. JOHN F. GEYMANN, of Ballantyne road, is an instructor at the recently established Naval Gunfire School at the U. S. Naval Base, Subic Bay, The Philippines. His job is to train Marine communicators in calling for fire missions in support of ground troops.

Reveal Opera Plans At Annual Luncheon

Two New-To-Detroit Productions to be Included in Metropolitan's May 25 Through 30 Repertoire at Masonic Temple

Mrs. Ernest A. Jones presided over the Detroit Grand Opera Association's Annual Luncheon at the Detroit Institute of Arts Monday, February 16, to launch the 27th opera season of the Association which will sponsor the 12th annual Detroit visit of the Metropolitan Opera Company of New York.

The Metropolitan will present seven performances at the Masonic Temple Auditorium during May. Mrs. Jones is general chairman of the season.

Francis Robinson, assistant manager of the Metropolitan, addressed the 330 members of the women's committee in attendance.

"In spite of last year's strike," Mr. Robinson said, "we will offer you an outstanding season including three new productions, several of which have not been on tour for many years, and two we have never presented in Detroit."

The new productions include the popular double-bill "Cavalleria Rusticana" and "Pagliacci" and "Norma."

"The Magic Flute" and "Norma" are new to Detroit in Metropolitan productions.

Mrs. Jones urged the Women's Committee to pay special

attention to the building of future opera audiences. "Let's give some thought to new audiences," she noted. "How can young people have any opinion or appreciation of opera if they have never attended a performance?"

"This May and the seasons ahead, why don't you share your love of opera with the young people you know?"

Mrs. Jones also congratulated the Women's Committee for increasing its fund-raising and program advertising activities to help support the Association's sponsorship of the Metropolitan season.

Dr. David DiChiera, of Oakland University, producer of "Overture to Opera," outlined the 1970 program of scheduled overture performances in the Detroit area and southern Michigan.

Maria Ewing, of Detroit, mezzo-soprano, won the \$2,500 Grinnell Foundation of Music scholarship award in the final auditions held in the Museum's lecture hall following the luncheon.

Evelyn Petros, of Bowling Green, O., mezzo-coloratura, was awarded the Elizabeth Hodges Donovan \$1,000 runner-up scholarship award.

Miss Ewing has had considerable operatic experience including Meadowbrook performances as Maddalena in "Rigoletto" with Roberta Peters, Jan Peerce and Cornell MacNeil. A student of Eleanor Steber, she now attends the Cleveland Institute of Music.

Miss Petros studied with Edna G. George for five years and is presently at Bowling Green State University.

Judges for the event were Mr. Robinson; Lorenzo Alvyra, bass, Metropolitan Opera, and Mme. Carolina Segre, voice teacher, of New York.

The Metropolitan Opera will appear in Detroit May 25 through May 30. Certain cast changes have been announced by Henry Ledyard, vice-president and general manager, Detroit Grand Opera Association.

The Detroit performances and casts are now as follows:

Monday evening the new productions of Mascagni's "Cavalleria Rusticana" with Fiorenza Cossotta, Richard Tucker and Frank Guarrera and Leoncavallo's "Pagliacci" with Edna Moser, James McCracken, Cornell MacNeil and Dominic Cossa. Both operas will be conducted by Kurt Adler.

BOYD HORNE, of Handy road, (right), celebrate their election as vice-presidents of the Women's Committee of United Community Services (UCS) with MRS. FRANK J. As in past seasons the opening night will be a benefit performance, the beneficiaries being the Detroit Symphony Orchestra and the Founders Society of the Detroit Institute of Arts.

Tuesday evening will bring Verdi's "La Traviata" with Pilar Lorengar, Enrico DiGiuseppe and Robert Merrill. Francesco Molinari-Pradelli will conduct.

Donizetti's "Lucia Di Lammermoor" will be presented Wednesday evening featuring Anna Moffo, Placido Domingo and Mario Sereni with Richard Bonynge conducting.

The new production of Bellini's "Norma" with Joan Sutherland, Marilyn Horne and Bruno Prevedi will be the Thursday evening performance. Richard Bonynge will again conduct.

Friday evening Martina Arroyo, Richard Tucker and Mario Sereni will sing Giordano's "Andrea Chénier" with Molinari-Pradelli conducting.

Dorothy Kirsten will sing the title role in Puccini's "Tosca" at the Saturday matinee. Sandor Konya and Cornell MacNeil are the male leads and Molinari-Pradelli will again conduct.

To Help HOPE

Hope Ship League's new president, Roger Bailey, of Fisher road, will introduce the 1970 officers and committee chairmen to all League members at a general meeting tomorrow night in the Detroit Athletic Club's Pontchartrain Room.

Among them is Judie Bailey, who shares presidential responsibilities with Roger, (As we noted before: "Behind every successful man there's a . . .").

And Richard and JoAnne Mills, of Lincoln road, membership secretaries . . . And Michele Biglin, of Robert John road, and Tina Gorski, of Chalfonte avenue, printing co-chairmen . . . Issue One of the Hope Ship League "Letter" is just out; it contains, among other things, the story of Mike (Mrs. Gerald) Metzger's Project Pajama:

Seems that Mike, who lives in Oxford road, read about Hope's domestic program for Indian and Mexican Americans in the Southwest . . . and decided to do something about it . . . and has rounded up four or five clever-with-a-needle ladies, (more would be welcome!), who are sewing pajamas for the hospitalized children Hope's helping in the United States.

More Pointers chairing Hope Ship League 1970 committees are Ron and Marilyn Gilbert, of Roslyn road, in charge of telephone contacts; Donald and Jean McCubbrey, of Bedford road, responsible for the Yearbook; and Stark and Carol Langs, of Lakeland avenue, program planners.

Tomorrow's meeting begins with an 8 o'clock cocktail hour featuring music by Mae Krager.

Golden Day For a Golden Wedding

Happy the bride—and bridegroom too of course; if the bride's happy, how can he miss?—that the sun shines on . . . And if that's an adage as true for a Golden Wedding as any other, Mr. and Mrs. Cecil E. Cooke, of Hampton road, have another 50 happy years ahead of them.

The Cookes were honored Sunday under bright, gold, promise-of-spring skies at an Open House in the Lakeshore road home of their son-in-law and daughter, Mr. and Mrs. Russell E. Bauer.

Co-hosts were Addie Bauer's brothers and their wives, Mr. and Mrs. Walter E. Cooke, of Brys drive, Mr. and Mrs. Edward C. Cooke and Mr. and Mrs. Clarion E. Cooke, of Bloomfield Hills, and her sister and her husband, Mrs. L. D. Kareus and Dr. Kareus, here from Colorado.

And among the almost 200 friends and relations were 15 grandchildren . . . and two great-grandchildren! The Senior Cookes, who met in Detroit, have been Michigan residents for over 60 years.
