HEADLINES of the WEEK As Compiled by the Grosse Pointe News

Thursday, March 12
PABLO PICASSO, world renowned artist, who for a long time had been hostile to Franco's regime in Spain, donated over 800 of his finest works, with an estimated worth of millions of dollars, to the Berenguer de Aquilar museum in Barcelona. When the donation announcement was made official, it stunned art circles in Paris. One report said the gift comprised the master's Spanish period, but another report said the works represented his best productions since 1917. Experts were baffled by still another aspect of the donation. How could the master have held on to so many of his early works for so many years?

A DETROIT police officer was killed and another seriously wounded when they were fired upon by a sniper in an apartment building at the corner of Calvert and Dexter. Patrolman William Slappey, who had been with the force for only 2½ years, was pronounced dead on arrival at Henry Ford Hospital. His partner, Patrolman Charles McEwen, a policeman since April 1968, was taken to the hospital with a serious wound in the left shoulder. Both were in plainclothes and working the car theft detail. A suspect was arrested after a 15-minute exchange of gunfire between other officers and the sniper.

Friday, March 13
PRESIDENT NIXON'S charge that North Vietnam has escalated the war in Laos with a huge military buildup is flatly contradicted by official intelligence estimates there. U.S. Embassy officials were astonished at the figures cited by Mr. Nixon in his policy statement on Laos in which he claimed growing north Vietnamese strength.

THE SENATE voted Thursday to lower the voting age to 18 in national, state and local elections. The bill would make up to 11 million youths eligible to vote by the 1972 elections. The legislation, approved 64-17, still faces two critical tests . . . approval by the House and a certain ruling on its constitutionality by the Supreme Court.

Saturday, March 14
BOMB HOAXES BY the hundreds, punctuated by a few actual blasts, plagued cities across the nation Friday, apparently the chain reaction of explosions earlier in the week on the East Coast. There were no injuries in any of these incidents.

Sunday, March 15
APOLLO 13 COMMANDER James E. Lovell named his moon-landing ship Aquarius Saturday and said its companion command craft will be called Odyssey when they set out for the moon on April 11.

AT LEAST 60 persons were killed and 41 were injured when two buses collided in Pachuca, Mexico and a truck carrying more than 400 cans of industrial alcohol smashed into the wreckage, causing all three vehicles to explode in flames.

Monday, March 16
AN AMERICAN CARGO ship carrying bombs and other munitions to a U.S. base in Thailand was diverted to Cambodian waters, apparently after being seized by "possibly mutinous members" of its civilian crew, the Pentagon said Sunday. Sources reported the Coast Guard cutter Mellon had intercepted a message from an unidentified sender aboard the vessel, The Columbia Eagle saying: "I have been relieved from the bridge."

Tuesday, March 17
CREWMEN OF THE U.S. munitions ship Columbia Eagle were quoted as saying Monday the ship was commandeered to Cambodia by two "pill popping and marijuana blowing hippies." The two dissident crewmen were granted political asylum in Cambodia, said Lloyd Rivers, charge d'affaires of the U.S. Embassy in Phnom Penh.

McCann Rink Vandalized By Hoodlums

Unknown Group Strikes; Offices Are Ransacked, Many Items Stolen

The lowly actions of a group of unknown persons on Saturday, March 14, left the University School's McCann Ice Rink flooded and in shambles, according to Woods public safety officers, who investigated the vandalism.

Officers arrived at the scene to find all the windows in the front of the building, including those of the front door, smashed and more than an inch of water covering the inside of the edifice.

The offices and the inner portion of the Ice Rink were in complete shambles. The entire building had been senselessly ransacked.

Four vending machines, used by skaters to get soda pop, coffee, candy and soup, had been tipped over and smashed and all the telephones had been ripped from the walls.

In addition, the public address system and many records had been ripped apart and used to smash other items.

Officials at the school told officers that the rink had closed down for activities at 10:00 p.m. the night preceding the sad incident.

Police officers returned later in the day, after a complete inventory had been taken, and (Continued on Page 2)

Pointer Pens Her Thoughts On School Millage Election And Sits Back To Wonder

Local Resident Questions Some of the Current Ideas on Educational Excellence and Tries to Give Answers

By Pepper Whitelaw

Mrs. John DeForest, of Balfour road, feels strongly about the coming school millage elections. Because she does, she put some of her thoughts on paper which the NEWS is passing on to its readers.

As I sit here preparing millage for distribution in my neighborhood, I can't help but wonder just how effective any of it will be. Those who have voted down the initial millage of 25-45 already have damaged the school by setting it back 10-15 years. Why are they so little concerned, truly, about the 13,000 children here whose future and very lives they are shaping? Is it a matter of semantics?

A great deal has been said of late regarding "quality education." But how should we measure the "quality" of our school system? If it is merely according to the Merit scholars and percentage of college-bound students produced, then we have not and will not achieve quality; only reflected glory.

Educational excellence should be based on a curriculum designed to reach every child entering school; one that, through testing, can determine his capabilities or disabilities and then see to it that his specific educational needs are filled. We know that children learn through many channels. If one or more of these channels is blocked, the child will suffer a learning disability. Unless this

disability is screened and remediated early, (and this can be done very successfully), he will not reach his full potential. In fact, unless the specific needs of ALL children are met—not just those able to go through the traditional public school production line—then we will continue to discard on our educational scrap pile an increasing number of potentially able and valuable human beings.

The most recent report from the President's National Advisory Committee on Dislexia and Reading Disorders states that "fifteen percent of the total school population are those who, in spite of adequate intelligence and emotional stability, exhibit difficulties in learning to read within a teaching program that proves effective for most children. A majority of these children, in order to overcome their handicaps and complete a normal education, need remedial assistance." And this figure does not include those who cannot learn because of poor auditory perception and other developmental lags.

Isn't it logical to practice preventative remediation and attack these developmental lags exhibited by so many children before reading is introduced to them? This requires a testing program for all children before kindergarten one which Grosse Pointe does not have. Our very modest beginnings in the developmental kindergarten and primary help only a few of these children, not all. And these beginnings face severe cutbacks should the millage fail.

How can we talk about quality education when we are prepared to make drastic cuts across the board? How can we speak about excellence when even now, to say nothing of after the cuts, not all children in our system are having their specific learning needs attended to? And consider the frustration and despair a child must feel as he struggles through elementary school and beyond. He is expected to learn, perform, and acquire skills in exactly the same manner as the child sitting next to him. These children become potential drop-

City Council Bans Sunday Businesses

Action Grants An Exemption To Those Who Conscientiously Object

The City of Grosse Pointe Council on Monday, March 16, voted to approve an ordinance which makes it unlawful to conduct or engage in business or labor for profit or to operate a place of business open to the public on Sunday, in a building containing more than 2500 square feet of floor space.

The ordinance specifically excludes persons who conscientiously believe that the seventh day of the week should be observed as the Sabbath and actually refrain from such secular business or labor on that day, provided they post adequate signs in conspicuous places indicating they are closed on Saturday.

It also excludes drug stores which provide for sale of drugs, medical and surgical supplies on the written prescription of a licensed medical doctor or doctor of dentistry, and restaurants.

The Council also awarded the bid for furnishing and installing a heater for the swimming pool at Neff Park to Paddock Pools, Inc., in the sum of \$4,620. The bid is exclusive of concrete pad, fencing and shelter for which the City will be responsible.

The Council established a new schedule of penalties (fines) to be collected by the Traffic Violations Bureau from persons who waive trial as of April 1, 1970.

A resolution of appreciation from Grosse Pointe Farms was announced for the City's assistance during the fire and gas explosion on Harbor Hill, on January 24, of this year.

The Council voted unanimously to support and endorse both school millage propositions at the Tuesday, March 24, special school election.

PAINT THROWN ON CAR
Mrs. Jean Isaacson, called City police on Monday, March 9, to report that a rented car, which she had parked in front of Best and Company, 16828 Kercheval, had been splattered with paint.

Users' Sad Tales Show Seriousness of Drug Problems

Detroit Probate Judge George Bashara, Jr., Directs Project, which Reveals the Plight of Addicts

EDITOR'S NOTE: Pepper Whitelaw, a member of the NEWS editorial staff, recently participated in a county-wide drug education program. The first of a two-part series, in which she gives her impression of the program appears here.

I recently joined some 15 students from Pierce Middle School, parent chaperones, assistant principal-instruction, Florence Miller, and Richard Benoit, science teacher, who were participating in a county-wide educational program geared to fight the use of drugs among school children. The program was initiated by Pointer, Trombley School, Pierce Middle School and South High School graduate Judge George N. Bashara, Jr., who over the next 18 months hopes to show 1,000 to 2,000 students the heartbreak and self destruction resulting from drug addiction.

All of us sat in Probate court this last Friday and watched as drug addicted persons were committed to state institutions. All of us watched as an 18-year-old girl told her story . . . of degradation and prostitution in order to support her \$25 a day habit.

All of us sat and watched as the girl's mother, with tears in her eyes, begged for help . . . ultimately received by further confinement of her daughter in a state institution.

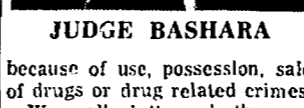

All of us sat and listened to a young male addict after the court session as he told his story . . . of continuous incarceration . . . of mutilated arms from injections.

All of us listened as he told of not being able to find work because no one trusted him.

All of us listened as he told of robbing his father's dead body of money to buy drugs.

All of us listened and watched and hurt inside.

Then we walked over to Wayne County Jail where we listened as assistant undersheriff Loren Pittman told us that 70% of the jail's inmates were under 25 years of age and that 70% of them were there

JUDGE BASHARA

because of use, possession, sale of drugs or drug related crimes.

We walked through the narrow corridors and looked into the youthful faces of those awaiting sentencing.

We walked down the street back to the City-County Building.

We walked . . . we worried and we thanked Judge Bashara for starting a prevention program of this nature and for allowing us to be part of that program!

Two men entered the barber shop of Michael Milinkovich, 15005 Kercheval, on Thursday, March 12, and held him up at gun point. The robbers escaped after ordering the owner to walk toward a room at the rear of the building.

Milinkovich told Park police that a white male entered his place at about 6 p.m., and requested a hair cut. The barber said that he noticed that the man's hair appeared to be freshly cut, and remarked about it.

While they were talking, the owner said, a second man, a Negro, came into the place with a revolver in his hand and said, "This is a holdup. Don't move or I'll shoot you."

Propositions Will Affect All Schools

Community Interest Runs High; City Councils Get Involved

By Pepper Whitelaw

Election Day is Tuesday, March 24, a Special School Election which will affect every Pointe resident.

Two propositions will be offered; Proposition I in the amount of 19.7 mills which basically represents a renewal of operational millage that has expired and which will finance the schools over the next three years.

Proposition II in the amount of 2.7 mills for one year, which offers something more than the minimal program, and an opportunity to minimize the effects of the drastic cuts in education and community convenience required for the budget the voters demanded as a choice in Proposition I.

If Proposition II passes, closed campuses at both high schools will be continued; all remedial education can be restored; two nurses will be retained and a sum will be provided for one or two especially trained people to work in the drug education program; elementary noon-hour supervision will be continued; driver education will continue to be offered during the school year; Central Library will continue Saturday services; some 77 positions will be restored resulting in a better pupil-teacher ratio than under Proposition I and extra-curricular activities can be continued.

Community interest in the election is running high. Three of the five city councils, Grosse Pointe Park, Grosse Pointe Shores and the City of Grosse Pointe endorsed both Proposition I and II and urged their citizens to support their school system.

The Woods Council endorsed Proposition I and advised its citizens to accept or reject Proposition II depending on what they desire from the school system and what they feel financially able to support.

The Farms Council urged its residents to go to the polls after appraising the facts carefully and objectively and vote in accordance with their best judgment.

Many community and civic groups have endorsed both Proposition I and Proposition II. They included the Grosse Pointe Commerce and Civic Association, the Grosse Pointe Association for Retarded Children with Learning Disabilities, the Board of Directors of the Grosse Pointe Symphony, the Grosse Pointe PTA Council, Grosse Pointe Citizens for Education, the local chapter of the American Association of University Women, the Grosse Pointe League of Women Voters and Women of Wayne.

The Grosse Pointe Real Estate Board voted to support and endorse Proposition I.

At the last Millage Election on January 26, only 13,385 persons cast ballots. The millage was defeated. Let's hope this time more of the over 40,000 registered voters go to the polls.

All registered voters, whether property owners or not, may ballot in the public elementary school serving their neighborhood from 7 a.m. to 8 p.m. on Tuesday.

Chairman of the Millage Campaign, William Heuteman said his biggest fear is "pure apathy" . . . Don't make that fear a reality. Go to the polls and vote.

will be the inhabitants of Puerto Rico, Guam, the Virgin Islands of the United States, American Samoa, the Canal Zone and all other areas under the sovereignty or jurisdiction of the U.S.

The census questions this year will be changed little from those of the 1960 and 1950 census. Selected after consultation with federal, state and local governmental agencies, the questions are aimed at not only finding out just how many Americans there really are, but also what the state of the nation happens to be.

Some of the questions will appear to be somewhat ridiculous. You will be asked how many toilets you have in your abode. Whether or not they are in working order. You might even be asked what color they are. Regardless of what you think of these inquiries, all of them must be answered under penalty of law.

Failure to answer the questions truthfully can result in a fine and a jail sentence or both. However, no one has ever been jailed as a result of not filling out his census sheet.

The 1970 version of the census will cost the country an estimated \$210,000,000. This will pay for 98,000,000 census questionnaires, 90,000,000 envelopes, (there is no official explanation about how the extra 8,000,000 questionnaires will be mailed back) 45,300,000 yellow instruction sheets, the services of 185,000 field workers, 314,000 pencils, 196,000 pocket-type pencil sharpeners, 172,000 identification cards, 172,000 portfolios and 160,000 enumerator's manuals.

When it's all over and the figures have been tabulated, the Secretary of Commerce will deliver the results to President Nixon, who most likely will place them in a file and forget about the whole thing.

Dr. William Rush Goes To Vietnam

Dr. William E. Rush, M.D., Director of Medical Education at Saint John Hospital has accepted a temporary six-week assignment as visiting staff pediatrician at the Children's Medical Relief International Plastic and Reconstructive Surgery Center in Saigon, Viet-Nam.

The center, the largest of its type in the world, consists of a sixty-bed hospital and a 120 bed reception and convalescent unit. Originally conceived in 1966, the unit began operation in temporary quarters in 1968 and moved into its modern, permanent quarters in October, 1969. The purpose of the center is to aid children who can benefit from reconstructive surgery.

Since it began operations in 1968, more than 1500 children with deformities caused by traumatic injuries, congenital anomalies, and neoplastic diseases have received reconstructive surgery. It is anticipated that the unit will conduct at least 1200 operations each year. One of the major purposes of the center is to train Viet-Nam medical personnel in surgical and rehabilitation techniques practiced at the center.

Currently the unit is staffed with physicians, nurses and other para-medical personnel from throughout the world, in addition to the Vietnamese staff. A Canadian plastic surgeon can be seen in the operating room together with an Australian anesthesiologist and a Finnish nurse. It is anticipated that as the Vietnamese medical personnel are trained, they will replace the foreign staff members.

This is Dr. Rush's second tour of duty with the center. For three and a half months in the fall of 1968, he served as the first American doctor in the pilot unit for the center. At that time, the center scheme also included an Israeli surgeon, English anesthesiologist, and nine nurses from several countries including Canada, the United States, Germany, Finland and England. The center's international staff was matched in numbers by Vietnamese counterparts. At that time, Dr. Rush indicated 50% of the center's cases suffered from birth defects, particularly cleft palates and lips, and the other half from acute traumas and post-traumatic deformities, half of which were war related.

Since that time the center has moved into new quarters and the staff has expanded to a total of over 60 persons. In his second tour of duty at the Plastic and Reconstructive Surgical Center, Dr. Rush is currently engaged in the development of modern pediatric services, in order to insure that the children being served receive the full range of quality pre- and post-operative medical services. The center is a project of the Children's Medical Relief International, Inc., a philanthropic organization devoted to the establishment of permanent centers for teaching and practice of medical specialties in developing countries. Funding for the Saigon center is through grants by the Agency for International Development, the Vietnamese government and private donations.

Dr. Rush lives in Sunningdale drive.

Many Supporting Proposal For Hockey-Sports Center

By Phil Loranger
A recent proposal put before the Farms Council, calling for the construction of a community sports center, which would house an indoor ice rink, has spotlighted a glaring lack in

The Pointe
Aside from a heavily-taxed Neighborhood Club, The Pointe, unlike most of its neighbors, cannot boast of having a community sports forum. Such centers now exist in Birmingham,

Dearborn, Lincoln Park, St. Clair Shores, Wyandotte and, of course, Detroit.

In addition to the fine schedule at the Neighborhood Club, Pointers are offered programs at the War Memorial Center year-round and enjoy the convenience of Lakefront parks in the summer. At first glance, this arrangement seems adequate enough, but it falls far short of satisfying the needs of the community, especially those of the youth.

"We need a sports center and I'm sure the community would welcome it," said Chester Peterson, Woods city manager. "Such a building would certainly help take up the slack in our youth sports programs."

Although few persons are ready to claim that The Pointe has not conscientiously provided for its youth, many feel that the community is dragging its feet.

"So many persons complain that our youngsters all meet in the Village or other shopping areas, but, outside of school, these are the only places they can go to meet," said Peterson. "A community sports center would be able to offer them a good selection of activities, which would not only keep them busy, but would also enable them to get together under healthy conditions."

Pauline Masak, recreation director of the Neighborhood Club for the past 36 years, echoed Peterson's claim that the community lacks youth-oriented facilities.

"I think that both the club and the War Memorial Center do a great job in attempting to present well-rounded youth programs," said Pauline. "The trouble is simply that there are so many youngsters and not enough space to handle all their interests. We're already forced to fall back on the schools."

"A sports center would go a long way towards solving our problems," she continued. "I can honestly say we just can't keep up with the pace unless we provide some sort of center."

The War Memorial Center, of which all Pointers can be proud, offers youth and adults one of the most varied schedules of programs imaginable, but, save for the adult and high school ski clubs, no recreational programs are available through its services.

John Lake, director of the War Memorial center, is another who would welcome the addition to the community of a sports center, claiming it would take up the spillover of youth activities and provide opportunities for sports-minded youngsters to actually participate in organized and "pick-me-up" type activities.

Although the Community sports center being booster by the Grosse Pointe Hockey Association (GPHA) for construction at Kerby Field includes an ice-skating surface, Stewart

R. McLaren, chairman of the GPHA Steering Committee claims the center would not be used solely for hockey or skating.

"Our community needs such a center for many reasons. Primarily to meet all the sports needs of all residents," he pointed out. "This center would help everybody and could enhance all our existing programs."

The seed has been planted. Whether it grows into a sports center depends on the community.

Seek Theft Data On PA System

Shores police are seeking information regarding the theft of a complete public address system from the bathhouse in the George Osius Municipal Park. The theft took place sometime between March 2 and March 4, according to Det. Sgt. Frank Mustazza, and occurred during the nighttime.

More than one person could have been involved, and they must have worked fast in removing the system, Mustazza said. The weight of the PA is a factor in believing that more than one person removed the equipment, he added.

The thieves broke a 2 1/2 x 2 1/2-foot plate glass of the bathhouse to enter, the sergeant said. The equipment weighs 200 pounds and is valued at \$500. Any one with information concerning the thieves or the equipment should call the Shores station, TUxedo 1-5500. Names of informants will be kept strictly confidential.

Thoughts

outs at 16 and 18; behavior and emotional problems; and the drug users. What a shameful waste and pitiable reflection on a school system!

As a parent, a resident of Grosse Pointe, and a citizen of a troubled society, I am concerned that our school system is forced to make cuts in the promising programs now being implemented in developmental learning, the new middle school philosophy, and special services that aid and support all children as well as the learning disabled.

In a community of such a high level of financial and intellectual achievement, our lack of concern for children with learning problems is unbelievable. The obvious need for two separate proposals on the impending ballot clearly reinforces this fact.

Park LL Sets Registration

The Grosse Pointe Park Little League will hold registration of boys and parents on Wednesday, March 25, at 8 p.m., at Pierce Middle School auditorium, 15430 Kercheval avenue. All youngsters between the ages of 9 and 12 years old, and their parents are invited.

POINTERS FACE RECESSION

The recession in this country means an altered life style for the average Grosse Pointer; the average "poor" man faces recession, too.

The Pointer is likely to receive a smaller bonus or no dividend at all this year; the poor man is laid off indefinitely and untrained for any other job.

The Pointer meets obstacles in obtaining a mortgage for the "more" bedroom house; his "poor" counterpart is asked to vacate his residence because he owes three months' rent.

The suburbanite postpones his plans for a new car until next year; the indigent man is forced to sell his car and bus it.

The Grosse Pointer finds meatloaf on his table more often; the poor man's meal may be meatless and milkless.

Comparisons could go on indefinitely. The point is obvious—recessions hurt us . . . but perpetuate the poor.

Time Marches On, But Some Refuse to Get Too Worried

By Pepper Whitelaw
 Ah, yes, time marches on. It seems like only yesterday that our main concern was whether the formula would agree with the new baby. Then it was the battle in the wee hours of the morning with croup, dispelling any doubt regarding the formula... it did NOT agree with the new baby. Then the worry that he would never utter a word... followed by the disappointment when he did, and it wasn't momma or daddy but NO.
 Then those early school years... crayoned drawings on the walls... reading about Dick and Jane, rereading Dick and Jane and being disappointed that they never did anything more than run and jump (and always in short sentences).
 Then on to Cub Scouts... Pinewood Derby races... beautifully macaroni-decorated Christmas gifts (the whole house looked like a pasta factory during those "creative" years).
 Then Little League Baseball... jammed fingers, bruised knees... late dinners... re-playing ball game after ball game.
 Then on to Middle School and teacher conferences and the discovery that we really didn't know our child at all.
 Then the big move to high school... his four year program. Then the realization that he is an inch taller than us... the battle of curfew hours... the constant test of our intelligence... futile attempts

to answer profound questions about Emerson's philosophy... racial issues and the "establishment."
 Then awaking one bright morning and being informed that after scrimping and saving our young offspring has enough money to buy a car. The shocking realization that the young man standing before us is just that!
 The second announcement a few days later that he has found "IT." The hours he spends waxing, polishing, and generally putting it in tip-top condition (after all it was car of the year... seven years ago). The relief we feel seeing him so full of energy (only a week ago he was too exhausted to take out the trash... now his energy is limitless!)
 The perfectly logical discussion we have with him about the "White Ghost" (that's "ITS" name) which results in our maroon marauder being relegated to the driveway like a poor stepchild and the "White Ghost" being cosily ensconced in the garage.
 Ah, yes, it's all in a lifetime and suddenly we realize we're over 40... part of the "establishment"... too old to understand the modern generation. Quite a rude awakening but it comes to all of us, doesn't it? But I for one refuse to let it affect me. I am going out and get a touchup, a facial, a shocking new dress and I am getting there on my brand, spanking new bicycle! How's that for determination?

Possible Hidden Treasure Leads to Thoughts of Gold

By Betsy Buda

Get out your picks and shovels! There may be hidden treasure buried in Grosse Pointe Farms.

In the process of remodeling their Victorian farmhouse on Moran Road, Barbara and Harold Bidigare found a note dated 1872, describing where the Moran family jewels were buried. The note was hidden in the parlor walls and is signed by Fred G. Moran. It reads, "Moran jewels buried in the rear of house — thirteen feet from back lot line — ten feet from easterly boundary."

The Bidigares were, of course, excited over their discovery, but since there is no way to correctly ascertain the boundaries, they are not digging up their back yard.

The Bidigares bought the old Moran house nine years ago and have been remodeling it ever since. They have done all the work themselves, except for the kitchen and bathrooms. Harold does the structural work and painting and Barbara is the wall-paper hanger, which is no small feat, since she is only five feet tall and the ceilings in the house measure eleven feet.

They have been well rewarded for their efforts as the old house is now a charming and really interesting home, full of early American antiques and reproductions. The living room, which is still referred to as the parlor, is furnished in the Victorian era of the house.

They are not sure of the age of the house, but the land was purchased by the Moran family in 1882. The beams in the basement and the roof are still covered with bark and many of the windows are paneled with the original handmade glass.

In addition to their treasure map, other fascinating memorabilia has turned up in the walls as they are remodeled. The Bidigares have found Detroit newspapers and editions of the St. Paul Parish News, dated in the 1880's. There is also a booklet advertising the Book Cadillac Hotel, describing the rooms. This is dated 1882 and the hotel was a small two story structure.

The floor of the basement was earth when the owners moved in, and in the process of installing a new furnace, other interesting articles were found buried in the basement ground. There were some very old crockery bottles from Jamaica, that once held gin and rum, and many hand made nails. They also found an eight foot ice cutter buried under the garage floor. Fred Moran had been the local ice man and used this for cutting ice on Lake St. Clair.

Barbara and Harold are saving all these fascinating finds and plan to mount and display them in their family room. This will add even more interest to their already historical and charming home.

Is That ALL It's Going to Cost To Make A Choice?

In the last few weeks you have heard a great deal about the staff and program cuts that the Board of Education had to make to lower the proposed millage. By now you know all about Proposition # 1, which is mostly renewal. But there's more to the election than that... a lot more.

For an additional 2.7 mills (\$2.70 per thousand dollars on the taxable value of your house), you can save some of the educational program next year with these services:

- Advanced placement and honors programs
- Partial retention of nursing services
- Continue all remedial programs for handicapped children
- Trained worker in drug program
- Continue present driver education for all youth
- Closed campus in the senior high schools
- Elementary noon hour supervision

There's more to Proposition # 2 than this, but we think you get the idea.

CAN WE AFFORD NOT TO MAKE THE CHOICE?

VOTE YES
MARCH 24

If your house has a valuation for tax purposes of \$20,000 (and a market value of about \$40,000), Proposition #2 will cost you \$54 more than you are paying now to save part of the current educational program.

Five Shores Police Officers Promoted; Patrolman Hired

Five Shores officers were elevated in rank, and a new patrolman was hired to bring the Shores Public Safety Department to the full strength of 21 men, it was announced by Gilbert T. Gerome, Village president and commissioner of police, on Thursday, March 12. The promotions and the hiring was approved by the Village trustees on recommendation of Public Safety Director Joseph Vitale.

Gerome disclosed that Frank Mustazza, 43, of Hollywood avenue, has been promoted from detective to detective sergeant.

The new sergeant is a native of Detroit, and is a 1948 graduate of Northeastern High School. He completed his high school education following his discharge from the United States Army, after serving with the occupation forces for two years in Japan, from 1945 to 1947. He was honorably discharged with the rating of sergeant.

He was appointed to the Shores department in April 1955, and made detective in 1965. He is married to the former Esther Stewart of the Pointe. They have two children, a son, who is still at home, and a daughter, who is married.

Sgt. Mustazza is the holder of one citation, and is credited with completing several investigative schools, learning all phases of police work.

Cpl. Stanley Otulakowski, 38 of Clairwood, St. Clair Shores, was elevated to the rank of sergeant in the uniform division.

He was born and educated in Cass City, Mich., and attended Cass High School in that community.

He served with the United States Army from 1952 to 1954, seeing duty in Germany. He was honorably discharged with the rating of sergeant.

The sergeant was appointed to the department in June 1957, and was made a corporal in March 1968. He is married to the former Barbara Jean Morell of Cass City. They are the parents of four children.

Otulakowski, who attended several police schools, is the holder of two departmental citations. He has been assigned command of a platoon.

James Jurcak, 38, of Mylls road, St. Clair Shores, has been upped in rank from corporal to sergeant in the uniform division, and placed in command of a platoon.

He was appointed a patrolman in May 1958, and in March 1968 was elevated to corporal. A native of Detroit, he is a 1945 graduate of Denby High School.

He is married to the former Henrietta Schreel of Detroit. They have six children.

He has certificates of graduation from various police schools attended since he joined the force. He holds four departmental citations.

William Marshall, 40, of Gaukler avenue, St. Clair Shores, was upped from patrolman to corporal. He has been a member of the Shores department since July 1955. He holds four departmental citations.

Born in Detroit, he is a 1947 graduate of Denby High School. His wife is the former Sally Ann Osborne of Detroit. They are the parents of four children.

Cpl. Marshall served with the United States Army, as part of the United Nations Forces, during the Korean War. He was a sergeant with the Signal Corps and in charge of communications. He served from October 1950 to November 1952, at which

time he was given an honorable discharge.

Daniel Fronczak, 30, of California avenue, St. Clair Shores, was made a corporal, from patrolman. He joined the department in August 1963.

He was born and raised in Hamtramck, and is a 1958 graduate of St. Florian High School in that city. He attended the University of Detroit for two years. Since he joined the force, he has earned two departmental citations.

His wife is the former Barbara Ann Pulwicz of Hamtramck. They are the parents of a boy.

Gary Mitchell, 30, of Lakepointe, who resigned as a Park policeman after four years with that department, was hired as

the Shores' newest officer. He was with the Park Police Department from 1962 to 1968, at which time he quit to go into private business. He was a motorcycle patrolman with the traffic division, while serving in the Park, and was considered a very capable officer.

While a Park policeman, he earned a departmental citation, and four departmental commendations for his work.

He attended the Hall of Divine Child Military Academy, and is a 1958 graduate of De LaSalle High School.

He is married to the former Mary Barry of the Pointe. They have two children, a son and a daughter.

"I am extremely happy to

announce the promotion of the five veteran officers of our police force," Gerome said. "We have an excellent Public Safety Department, equal to, if not better than other departments of similar size.

"The morale of the personnel is very high, and with the advancement in rank of the officers, and the hiring of another officer, who has had previous experience in police work, we can match our department with any of equal size any where in the area. I congratulate those who have been promoted, and wish them the best of luck in their new posts."

Village Superintendent Thomas Jefferis had this to say:

"I congratulate the new sergeants and corporals, and welcome the new patrolman to the Shores Public Safety Department. I wish them all the best and trust that they will continue to give the people of our community the very best of service, as they have done in the past."

Chief Vitale said that all the newly promoted policemen have

Woman Robbed In Parking Lot

A Farms woman informed Farms police that she was robbed of her purse on Wednesday, March 11, while she was putting money in a meter in the municipal parking lot at the rear of the Kercheval Hill District.

The victim of the theft, Ruth Carpenter of 160 Country Club drive, told authorities that she was putting money in the meter, when a slim built, dark haired young man, wearing a fingertip green coat, approached her from behind and grabbed the purse from her arm.

She said the young thief

jumped over the meter railing and sped toward the free parking lot strip, and ran toward Ridge road, where he disappeared.

The woman said the purse

contained her driver's license, a dollar bill, and a check made out to Wrigley's on the Hill. The supermarket's manager, Fred Wolski, was notified of the missing check.

D'you Know That?

by Paul Schweitzer

Did you ever hear of the mysterious lights called, "WILL O' THE WISP?"

There's never been a satisfactory explanation for the eerie lights seen flickering over marshes and cemeteries at night.

Some experts say they're produced from the disintegration of dead plants...

Some believe they may be insects glowing in the dark, like fireflies...

...others claim they're spontaneous ignition of marsh gases... But no one knows for sure. Like anything else uncertain, they're the subject of many superstitions.

Dad Turns Private Eye; Finds Dog, Prevents Shots

By Pepper Whitelaw

A gay birthday outing ended in misfortune for five young Pointers recently in East Lansing, Mich. Doug McKenna, Allen DeBacker, Joan Holz and Mike Bruta went to Michigan State University to surprise Pointer Carol Regan on her birthday.

Around noon on Saturday, February 28, the group decided to have lunch. While entering a restaurant in East Lansing they were attacked by a large German shepherd dog. Joan's coat was torn, Carol's slacks ripped and her leg badly bitten and bruised. Doug was severely bitten on the calf. Before the youngsters could react the dog fled.

The State Police immediately took the young people to Sparrow Hospital for treatment. When they were released they were told they would have to undergo rabies shots if the dog

was not found. The local and state police broadcast the dog's description on radio and television with no results.

In the meantime, Robert McKenna, Doug's father, decided to go up to East Lansing and do some investigating for himself. He carefully retraced the youngsters' footsteps. He visited the schools nearby and covered the neighborhood, conducting a door-to-door search. Following a lead he had picked up in his neighborhood canvas, Mr. McKenna tracked the animal to a high fenced enclosure in the yard of a private residence.

He immediately notified the state police, who were amazed at his detective work. Through his perseverance Mr. McKenna was able to prevent the youngsters from having to undergo painful rabies treatment. Mr. McKenna is a teacher at Parcels Middle School AND quite a father and detective!

Library Offers Poitier Film

A PATCH OF BLUE starring Sidney Poitier, Shelley Winters, Elizabeth Hartman and Wallace Ford will be the March offering of the Friends Film Forum. The showing is co-sponsored by the Friends of the Grosse Pointe Public Library and the Grosse Pointe Public Library, and will be held on March 20 at 8 in the Exhibition Room of Central Library.

A blind girl of 18, who remembers only the sky as "a patch of blue" is cruelly abused by her sluttish, prostitute mother and drunken grandfather. When she manages to get out of their slum apartment, she goes to the park where she meets oitier. As her dependency upon him and her friendship grow she also falls in love. When her mother finds out about her daughter's clandestine friendship she does all she can to destroy this new found happiness. Their conflict is resolved in a satisfying close that is a heartening experience.

Miss Hartman is excellent as the stumbling, groping sightless girl; Shelly Winters won an Academy Award for her role as the wicked mother. Mr. Poitier again displays his exceptional talent for making both likeable and credible characters who sometimes lean too heavily on the side of the angels.

For further information about future Film Programs to be presented by the Grosse Pointe Public Library ask at the Circulation Desk for a copy of "An Invitation" or call the Audio-Visual Department at Central Library, TU 4-2200.

A Good Chance To Cash Checks

A silent alarm, which tripped a warning system in the Park police station on Thursday, March 12, sent four heavily armed policemen rushing to the Michigan Bank, 15012 Jefferson, opposite the Municipal Building.

The policemen barged into the bank building, shotguns and service revolvers at the ready, but it turned out to be a false alarm, much to everybody's relief, especially the officers.

Bank manager Larry O. Bryan of St. Clair Shores, said that the alarm must have been set off accidentally, or could have occurred. He said he was very much surprised when the police officers came into the bank, since he was not aware than an alert had been sounded.

Three of the patrolmen, however, took advantage of the time they were in the bank—and cashed their pay checks before returning to the station.

Offering Class In Decoupage

Spring is on its way and with it comes the opening of the third session of Adult Education Classes offered by the Grosse Pointe Public Schools, Department of Community Services.

One of the highlights of the spring session is Louise Hoyt's class in decoupage.

"There are few people in the country who command the respect which Mrs. Hoyt enjoys due to her thorough knowledge of the total art of decoupage. Sought as the decoupage expertise has become an attraction among decoupage enthusiasts from all over the country. While opportunities for decoupage instruction come in

many forms and places, there is no better opportunity available than from the famed professional herself." So states Richard Kay, director of the Grosse Pointe Adult Education Program. "The high level of instruction and low enrollment fees make Mrs. Hoyt's classes one of the most popular offerings of our program, and for good reasons!" continued Kay.

Morning, afternoon, and evening classes are being formed now, Mondays through Thursdays for persons who will pay only \$16 for eight weeks of instruction. The 2½ hour classes which meet once a week are scheduled to begin again during the week of April 6. Interested persons should telephone the Department of Community Services at 885-3808 or 885-0271 for a reservation in one of the classes immediately.

Center to Host 2 Fries Forums

Two Fries Forums have been scheduled for this spring at the Grosse Pointe War Memorial. This week on Friday, March 20, at 8:15 p.m. Senator Philip Hart will speak on "The Numbers Game and Progress"—a discussion of the need for planning in environmental problems and problems of pollution. One of Senator Hart's major concerns has been water pollution control and he has been instrumental in park developments and restoring Lake Michigan as a source of commercial and sports fish.

A question and answer period will follow the lecture. Special student admission is 50 cents with regular tickets \$1.

A second Fries Forum will be held on Monday, April 13, with famed Olympic gold medalist Jesse Owens speaking on "Our Changing Times." Tickets at \$1 for adults and 50 cents for students are available in the Center's office.

BRICK BREAKS WINDOW

City police received a radio call to Claire Pearone Inc., 397 Fisher, on Monday, March 9. On arrival officers found a glass pane in the lower window had been broken by a brick. No entry was attempted.

LECTURE SERIES ENDING Dr. Harry Meserve will complete his series of four sermons on young people and their problems on Sunday, March 15, at 10:30 o'clock, at the Grosse Pointe Unitarian Church. His topic will be "Where to Look for Wisdom." Comments from the audience will be invited. Coffee will be served immediately following the sermon.

Public Schools in Focus

Next Tuesday residents will ballot on one of the most crucial elections in the history of the school district. Last week I discussed the implications of the passage of Proposition #1 to the public schools and public libraries of this community. This week I should like to answer some questions about Proposition #2.

Why has the Board of Education chosen to place a second ballot proposition before the voters?

Many citizens, feeling that the cuts imposed on the program were too drastic, requested that the trustees give the voters a choice in determining the scope of the educational program.

What cuts would be totally restored with the passage Proposition #2?

At the elementary level, noon hour supervision would be restored, the assistant principal at Ferry School (largest of all but the senior high schools) would be reinstated as would five resource teachers, and two physical education teachers.

In the middle schools, the instructional materials specialists would be restored.

In the senior high schools, "closed campus" would be continued, driver education would be available during the school year, and the librarians would be restored.

In the field of special education, two nurses would be restored and one or two additional personnel would be added to help fight the drug abuse problem throughout the school district. In addition, full restoration would be made in speech correction, social work, psychology, remedial reading, and developmental kindergarten.

Would passage of Proposition #2 restore all the cuts?

No. A total of \$727,300 in expenditures that had been planned for the 1970-71 year would not be restored, even with the passage of Proposition #2.

Free textbooks, summer recreation, census enumeration, subsidy for senior high publications, subsidy for bookstore clerks, financial assistance for educational trips, elementary school art teachers, middle school assistant principals, middle school counselors, middle school physical education teachers, middle school French teacher, senior high school physical education teachers.

What public library services

would be restored with the passage of Proposition #2?

One professional librarian would be restored, as would two clerical personnel. Restoration of these three positions, along with provision for overtime payment for plant personnel, would permit the Central Library to resume Saturday services.

Why does Proposition #2 run for only one year while Proposition #1 would run for three years?

Although Proposition #1 runs for three years, it must be clearly understood that this levy will only provide a financial floor which must be supplemented in the future to prevent further cuts in staff and program. With what amounts to year-to-year financing, the placement of Proposition #2 on the ballot permits voters the option of approving an improved program for one year.

Parts of Messiah To Be Presented

Portions of Handel's Messiah appropriate to the Lenten season will be presented at Christ Church-Grosse Pointe on Sunday, March 22, at 4 o'clock.

The Festival Choir of the parish will be joined by the choir of men and girls for this performance. Soloists will be John Marten and Davis Gloff, both regular members of the men's choir.

An orchestra, made up largely of students from Grosse Pointe South High School, will provide the accompaniment and the performance will be conducted by Edgar Billups, organist-choirmaster of the church.

While the Christmas portions of the Messiah receive much attention, the selections appropriate to Lent and the anticipation of Easter are not so frequently heard. Because of the Lenten season the familiar "Hallelujah Chorus" will be omitted. The original orchestration will be used and one or two alternate ornamented versions of arias, based on original Handel manuscripts are to be included.

Drug Violation Brings Arrest

Leonard J. Stempowski, 24, of 19206 Westphalia, Detroit, was arrested and charged with the false procurement of a narcotic drug on Tuesday, March 10. He appeared before Farms Municipal Judge Robert Pytell for a preliminary hearing and was released on \$1,000 bond pending examination set for Wednesday, March 25.

Farms Det. Joseph Miller, who made the arrest, said that Stempowski, using a fictitious name of a doctor, called Trail Apothecary, 121 Kercheval avenue, and gave an oral prescription for Tuinal, a barbiturate, and informed the pharmacist, that a John Barber of 13436 Rosemary, Detroit, would pick up the prescription.

The pharmacist, Edward Halsinger of Mt. Clemens told Miller that the person called on Monday, March 9, but because of a heavy work load, he was unable to fill the prescription that day. On March 10, Halsinger said, he looked over his list, and in checking by phone, was informed by a nurse-receptionist at the address given, that there was no doctor by the name mentioned by the caller.

Halsinger notified police, when the "doctor" called again on March 10 stating that "Bar-

ber" would arrive to pick up the prescription. Miller set up an all-day surveillance. At 6:40 p.m., Stempowski, using the name of "John Barber", entered the drug store, picked up and paid for 24 three-grain Tuinal, and was promptly arrested by the detective and charged with false procurement.

St. John Hospital Expands Board

Expansion and development of the Saint John Hospital Board of Trustees continued with the appointment by Sister M. Verence McQuade, Chairman of the Board, of three residents of Grosse Pointe to the hospital's Board of Trustees. Those named were Thomas K. Fisher, Richard R. Shalla and Ray M. Whyte. With these appointments, the number of trustees was increased to nineteen. At the same time the authorized membership of the board was increased from eighteen to twenty-five in order to give the community broader representation in the management and direction of the hospital.

Mr. Fisher, together with his wife Geraldine, of Lothrop road are listed among the original patrons and active supporters of the hospital. Even prior to its opening in 1952, Mr. and Mrs. Fisher were affiliated with the hospital's Men's Guild and the Pontbonne Auxiliary associations which they have maintained up to the present time. Mr. Fisher is president of the TKF Company and a former city councilman of Grosse Pointe Farms.

Mr. Shalla of Morningside drive, together with his wife, Yvonne, have been key members in benefits for the support of the hospital through its Guild and Auxiliary. Most recently Mr. Shalla served as ticket sales chairman for the highly successful 1969 Men's Guild \$100 a

plate dinner. A well known automobile dealer, Mr. Shalla is also active in a number of community organizations including the Better Business Bureau of Detroit, the Saint Clair Shores Chamber of Commerce, the Crises Club and the Steering Committee of the Austin Catholic Preparatory School.

The names of Mr. and Mrs. Whyte appear among those of the first supporters of the hospital who assisted in raising the money to build the hospital more than twenty years ago. For his efforts on behalf and support of the hospital since that time, Mr. Whyte was named the hospital's Man of the Year in 1967 by the Saint John Hospital Guild. Formerly one of the top Chevrolet dealers in the country, Mr. Whyte has gone on to become president of four companies and serves on the board of directors of four others. Mr. Whyte is an avid sports fan and a former director of the Detroit Lions. Besides Saint John Hospital, his community interests include service as a vice president and director of the Greater Detroit Chamber of Commerce. Mr. and Mrs. Whyte live in Lakeshore road.

"With these appointments," said Mr. Farley, President of Saint John Hospital, "we have significantly strengthened our Board of Trustees and provided our community with greater representation in the planning of the hospital's future growth and development."

Woman Robbed While in Church

Ann Garska, of 308 Kercheval, attended church services early Thursday morning, March 5, after which she had planned to do some shopping, but discovered later that while in church someone had stolen the wallet from her purse.

The woman told Farme police that she was attending the 8:15 a.m. Mass at St. Paul's Catholic Church, 157 Lake Shore road, and had placed her purse on the pew seat. As she left the church edifice, after the services, she said she sensed that the purse felt "very light", and looked in and found the wallet missing.

The thief victim said that the

wallet contained \$63, personal papers and a downtown store charge plate. The store was notified of the missing plate.

At 10:10 a.m., the same day, Mrs. Garska later notified police, she received a phone call from a young woman who stated that she found the wallet in an alley behind her house at Chalmers and Jefferson, Detroit. Mrs. Garska said she picked up the wallet which was sans the money and the charge plate.

She told authorities that while she was in church, there was no one sitting alongside her in the pew, but there was a woman in the seat behind her.

Letters to the Editor

Editor:
On Wednesday evening, March 11, we informed the Woods police that our daughter's bicycle had been stolen from the North School area. The next morning, Thursday, before 8, the police called to inform us that they had recovered the bicycle!

We'd like to express our appreciation for this extremely prompt action.

Dear Sirs:
"Who is the current president of the United States? Who is next in line to be president after the vice-president? What are the qualifications for being president?"

These are three of the ten questions asked by two young girls who chose to do a survey in their neighborhood as a project for their ninth grade civics class. The aim: to teach them more about how their government functions and about peoples' interest in government.

The project was an immediate but unfortunate success. Eight out of 14 families on Washington road refused to help the girls complete their project.

Did the families say "no" when they opened the door? No, first they asked what the questions were like and then made a variety of excuses for not participating.

One cannot help but wonder

To the Editor:

About a week ago, three young boys found a letter addressed to me. It was blowing around in the street and they returned it to me. I offered them each a quarter for their kindness but they all declined saying it was their pleasure to return it.

Unfortunately I neglected to get their names, but they told me they all attended Parcels Middle School.

I am writing this letter in hopes that they will read it and know how much I appreciated their thoughtful act.

Yours truly,

South Symphony Band Rates Tops

The Grosse Pointe South High School Symphony Band, under the direction of Russell D. Reed, received First Division ratings from all four adjudicators on Saturday, March 7, at the District Band Festival held at Grosse Pointe North High School. The Festival is under the sponsorship of the Michigan School Band and Orchestra Association.

Each performing organization is evaluated by letter grades on various aspects of its performance. Of 31 grades given for the band's performance, 29 were A's and two B's. Each judge also writes comments on the performances. One judge wrote "Overall technique of the group and musical background... makes this performance a joy to witness. Congratulations on an outstanding group and musical performance."

The overall First Division rating awarded to the band entitles the group to enter the State Festival to be held in late April.

All play and no work is too expensive to think about today.

Senator Hart To Talk At Center

Senator Philip A. Hart will speak in Grosse Pointe War Memorial's Fries Auditorium Friday, March 20, at 8:15 p.m. His subject will be "The Numbers Game and Progress" a discussion of the need for planning in environmental problems and problems of pollution.

One of Senator Hart's major concerns has been water pollution control, an interest originally sparked by his assignment to the Senate Select Committee on Water Resources. Most of the committee's recommendations have since been enacted into law.

Senator Hart has proposed two national park developments in Michigan. The Pictured Rocks National Lake Shore on Lake Superior has been enacted into law and the second Sleeping Bear Dunes on Lake Michigan is pending. Hart has also been chiefly instrumental in getting federal matching funds for the Coho salmon planting program that is restoring Lake

Michigan as a source of commercial and sports fish.

Hart was enlisted into politics by a law school classmate, Governor G. Mennen Williams. His first office was the post of State Corporation and Securities Commissioner.

In 1958, while serving as Lieutenant Governor, Philip Hart ran successfully for the United States Senate seat. Now serving his second term, Hart was reelected in 1964 by a 800,000 plurality vote, the highest in the history of Michigan Senatorial elections.

A graduate of Georgetown and the University of Michigan Law School and past President of the Michigan Bar Foundation, Mr. Hart is married to the former Jane Briggs. They have four sons and four daughters and maintain a home on Mackinac Island as well as in Washington.

Admissions to the lecture is \$1. All young people interested in conservation and the war on pollution are encouraged to attend at a special student admission of 50c.

War Memorial Sets Spring Term

Several classes will be starting their spring terms at the Grosse Pointe War Memorial this April and two new classes will be introduced. On Monday evening, April 6, W. E. Coche and Connie Earl will begin another session of Flight Training Ground School. The course continues for 10 weeks at a charge of \$25. Classes begin at 7:00 p.m. and cover a wide range of studies from meteorology and navigation to flight regulations. An examination administered by the FAA completes the course. An in-flight lessons is optional at an additional \$5.

Further information can be attained by just picking up a copy of the new publication at any drugstore.

St. Paul Students Enter Festival

St. Paul's drama students will be entering the Student-directed One-Act Play Festival, sponsored by the National Theatre Arts Conference of Detroit. The festival will be held on March 22, at WWJ TV-Radio Building.

Any student who is affiliated with NTAAC, is given the opportunity to direct a play. The director must do all the directing on his own. It is up to the entire cast to take care of costumes, make-up, sets, transportation and the other elements involved in play production. A trophy will be given to the best director and medals will be bestowed upon the three best actors.

St. Paul's entry in the contest will be "The Pot Boiler." Senior Gloria Wesley will direct the cast of seven.

The play is a satire on the old villain-versus-hero movies. "The Pot Boiler" is set as a dress rehearsal with the playwright screaming ridiculous directions at the players.

The actors are: Helen Rabaut as Sud the author; Sandy Luffy as Wouldby, a would-be author; Chris Batchelor as Mrs. Pencil, the other woman; Debby Hendricks as Miss Ivory, the heroine; Darryl Miller as Mr. Inkwell, the villain; Mark Collinson as Ruler, the hero; and Rick Fisher as Mr. Ivory.

GPCE Conduct Member Drive

A concerted membership drive, spearheaded by Mr. and Mrs. Hugh Harness, is being conducted by Grosse Pointe Citizens for Education.

The independent citizens' group, dedicated to fostering interest in education in Grosse Pointe, is open to any adult resident of the area served by the Grosse Pointe Public School system.

Membership, which covers husband and wife, is five dollars a year. Checks should be sent to Box 6872, Grosse Pointe Farms, by March 31.

Mr. and Mrs. Harness have asked that current members renew their memberships by that date, so all names can be included in the directory scheduled for publication in May.

YOUTHS STEAL WINE

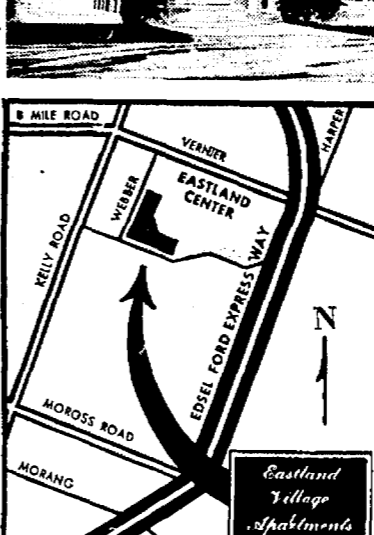

City police received a call from the manager of Packer's, 17410 Mack, on Monday, March 2, reporting he was holding two juvenile shoplifters. Officers James Cronin and Virgil Beupre talked to the manager who said one of the youths had left the store with a bottle of \$1.99 apple wine under his coat. Both boys were taken to the City station and released to their parents. They were filed on in Juvenile Court.

During the most recent Court of Honor, Jay Kennedy was awarded the rank of Eagle Scout and he and his proud parents, Mr. and Mrs. Robert Kennedy of Trombly road certainly enjoyed the first slice of "Eagle" cake served during the social hour following the ceremonies.

Other scouts advanced during this event were Steve Schumacker to Life; Bill Spencer, Steve Linne, Kevin MacConnachie, Rick Frame and Gordon Morrison to Star; Fred Driscoll, Jim Dyle, Bill MacConnachie and John Roach to First Class; and Tim Ramm to Tenderfoot. One feature of the camp-out was a complete roast turkey dinner. Troop 86 conducts 8 week-end campouts per year and the scouts have great opportunities to learn about nature.

The Order of the Arrow election team supervised the election ceremony and Bill Spencer,

Rick Frame and Fred Driscoll were elected by the troop to become Ordeal candidates in the Honor-Camper organization.

The residents of the Windmill Pointe area will be called upon by the Scouts of Troop 86 during the next few weeks while conducting their fifth annual fertilizer sale. The monies raised during this event are used for camping expenses.

It also has a good ice shore, regardless of wind direction, for water skiing at any time of the day.

Deer Lake has long been noted as a bass and pike angling lake and abounds with bluegills, sunfish, and perch for the neophyte angler just learning to handle a fly rod. What's more, several small trout streams flow through the Deer Lake area just south of the lake and are readily accessible by good roads. Little 'Ole Winemaker Is Reviving Ancient Art Again

By Beth Ryan

A unique wine cellar known only to a few friends is housed in the Tudor-style home of Larry N. Burns in Beaconsfield Road. Here repose burgundy, zinfandel, and champagne as well as mead (honey wine), sake (rice wine), and assorted fruit and grain wines, all of which have been produced and bottled on the premises.

Fascinated by one of the world's most ancient arts, Mr. Burns decided to try his hand at home winemaking two years ago after securing a license which permits him to produce up to 200 gallons of wine per year for family use. His first wines were mead and methelin, a snicy mead. From this successful beginning, he rapidly progressed to fruit bases and finally, last year to grapes.

"The fermented juices of various fruits are called wines," defines Mr. Burns, and the variety of wines seems limited only by imagination as oranges, apples, prunes, peaches, corn, barley, parsnips, and even rose hips eventually emerge from his cellar as wine. He is currently preparing an apple-pineapple champagne, a cranberry-apple champagne, and a dried fruit wine which he laughingly refers to as "lutti-frutti tokay."

Since wine is a natural beverage which literally makes itself, the process of making wine at home is not overly complicated. Basically, Mr. Burns starts with a mixture of sugar, yeast, and fruit which is allowed to ferment vigorously for about a week. The fruit pulp is then removed and pressed, and the wine ferments again for six to twelve weeks. At this stage, the wine is siphoned off its gross lees (dregs), a process known as racking. Aging for a period of one to two years follows, and the wine is racked several times during aging until all dregs have disappeared to leave a crystal liquid. Finally, the wine is bottled, corked with a special tool, and labeled with Mr. Burns' private label. After aging in the bottle for another six months or more, the wine reaches peak flavor, and all that remains is enjoyment.

The source of much of the fruit used in Mr. Burns' wines is his own garden where 24 different varieties of wine grapes are harvested annually. He uses five kinds of French-American grapes, explaining that 30% of all French wines are derived from hybrid grapes which are capable of being grown in this climate. A special yeast is imported from Jerez, Spain, for his sherries.

"Quality wines can be produced in Michigan from locally grown grapes, and this is not presently being accomplished," maintains Mr. Burns whose basement hobby has become a project to prove his point. Future plans include the establishment of his own vineyard here in the Eastern Michigan area which hopefully will make possible a greater yield than the 110 gallons now in continuing

Wayne and Macomb Counties, Michigan.

SECTION 6—Nothing in this grant shall be construed to alienate the title of the public in and to any street, highway, alley or public place or any portion thereof, neither shall anything herein be construed in any manner as a surrender by the VILLAGE OF GROSSE POINTE SHORES of its legislative power with respect to the subject matter hereof, or with respect to any other matter whatsoever; nor as in any manner limiting the right of the VILLAGE OF GROSSE POINTE SHORES to lawfully regulate the use of any street, avenue, highway or public place within its jurisdiction.

process. Toward this end, he is designing a fanciful, abstract label depicting his own cellar equipment which will replace his present label, "The Wines of Windmill Pointe."

Pointe Wildcats Going Strong

Regular league games have not been played on schedule due to the fact many teams have been traveling.

On March 7 the Wildcats represented the Pee Wee Division when several Pointe teams played in Toronto, Ontario. They met a tough first place Etobicoke team. Although they lost the game by one goal, they won in other respects. Most of the "Cats" spent the night in the homes of the Etobicoke players. A good time was had by all.

When Grosse Pointe took the ice on Sunday to face another Toronto team their cheering section had increased. Parents, and new friends from Etobicoke, shouted encouragement as the Wildcats roared to victory.

The International Golden Puck Tournament started last Saturday at St. Clair Beach Arena, Ontario. U.S. and Canadian teams compete, with this weekend's winners being determined by a two game total point elimination. The Wildcats outscored the Dearborn Lee Tire Team by seven goals for the two games, and will face a Canadian team next weekend.

The Wildcat pack was still strong when they played a

make-up game against South-eastern. This league game ended a 5-3 victory, the "Cats" third victory in two days.

When It Hurts... Scream

The Grosse Pointe Public Library is desperately in need of a scream! The Electorate has voted down three out of the last four millage proposals. That set a record—and broke it twice running. Up until February of 1968 a school millage proposal had not been defeated at the polls in the Grosse Pointe for 19 years. In years past, our school system and our libraries were the beneficiaries of a concerned citizenry.

But now we are hurting.

As most of you know, the Grosse Pointe Public Library receives its operating funds from the Public School System. As a result of the millage defeat at the polls this past January, the Grosse Pointe Public Library has been asked to cut \$100,000 from its operating budget. \$100,000! There is only one way your library can meet this budget cut. That's by seriously cutting the services of the library to all the people in Grosse Pointe. Here are just a few steps that are being proposed:

First, the libraries will be closed on Saturday. While some might feel that Saturday is a lousy day for reading, more than 600 people visit a Grosse Pointe Library each and every Saturday. Even if both proposals are passed on March 24, the Woods and Park branches will still remain closed on Saturdays. If you are one of the 600 visitors be sure to vote YES on March 24—help us keep at least the Central Library open.

Did I detect a whimper?

Next, people cost money—librarians are people — to keep within the budget we must save money — not people. It has been proposed that there be a staff reduction of 15% in an effort to keep within the budget restrictions. 15% — that's like 1 out of every 7 people. If you have been to the library lately, you are well aware of the fact that it is not overstaffed.

Grow whimper.

The proposed cut will seriously affect the budget appropriation set aside to purchase new books and periodicals. In fact this budget will be cut by 50%. A library without new books by any other name is not a library.

Well, if you're not screaming by now — you should at least be biting a bullet.

The "Friends of the Grosse Pointe Library" will do everything in their power to ease the library crisis. But, our budgets are limited and we can't begin to offset a \$100,000 operating loss.

In cutting the library budget the School Board did the only thing they could. The school budget itself has been trimmed — trimmed unmercifully. For instance: There have always been nurses on staff in the Grosse Pointe School System. They pay their salaries many times over every year.

But, nurses are a luxury now. The Grosse Pointe School System can no longer afford them. That's the mandate of the People!

Next, school books in the Elementary Schools have always been provided the students. No more. Parents will have to buy these books for their children. The School Board has also proposed that the schools eliminate the Driver Training Program during the school year. An expensive program, true, but a program that has become absolutely mandatory in this day and age. So run — don't walk across the streets.

But, perhaps, the unkindest cut of all is that 117 staff positions including administrators and teachers and teachers and teachers will have to be eliminated. Unfortunately, class size will increase throughout the School System, spelled out, you can expect the pupil — teacher ratio to be higher than ever in our "quality" School System. Likewise, there will be a Modified Open Campus at both Grosse Pointe South and Grosse Pointe North. This means the schools will no longer assume noon hour supervision, but will be replaced by parents — this means that our high school students will be permitted to leave their campuses.

These measures will have to be taken if BOTH proposals do not pass on March 24. Even if they both do pass, the services mentioned above will still have to be curtailed to some degree.

There's one other small consideration. And that is what happens to the community that doesn't support its School System. Well — where would you look for a home? In a community with a strong School System? Or one that pays a few mills less in taxes? That think you just heard was your property values doing their thing.

Well, if you're not screaming yet — wait until the children of Grosse Pointe apply for entrance to the colleges of their choice.

But then, what good will it do to scream, there may not be anybody around to hear it.

Editor's Note: — The above appeared as an editorial in the spring newsletter of the Friends of the Grosse Pointe Public Library. It was written by Ted Guesnee. With the very important school election scheduled for next Tuesday, March 24, in our opinion it deserves reprinting here. We urge all qualified voters to get to the polls Tuesday and vote YES for both proposals. Their passage is of vital importance to every resident of The Pointe.

What Goes On at Your Library

By Virginia Leonard

Each year at this time comes the announcement of the "Notable Boogs of..." (whatever year it is). I am proud to report that in checking the 35 titles selected for 1969, our libraries have an extremely high percentage of these books, and some we don't have are the expensive type which we keep in a special file to be used for memorials or gifts.

Upon reflection, I wonder how well we will be doing in 1970? If the millage is defeated and our book budget is cut, the expensive items will be out of the question, and some of the other worthy titles will not be purchased. With a 50 percent reduction one would guess that we might come up with only about half of the books on next year's list. This is sad as quality and variety are important. So—we urge you to vote on both millage proposals on March 24. It still is not too late to make it possible to have the books we should have in our libraries.

Getting back to the Notable Books of 1969, the selection was made this year by the Notable Books Council of the Adult Services Division of the American Library Association, with the assistance of 24 representative United States Libraries. I shall list some of the authors and titles—then you can see how well you have kept up with what has been available during 1969.

Vladimir Nabokov's ADA alphabetically leads the list. I think his PALE FIRE and LOLITA had more impact, but he is considered one of the greatest living authors. This is his first book in ten years.

An interesting volume by Ronald Blythe is AKENFIELD: PORTRAIT OF AN ENGLISH VILLAGE. This is a real life Spoon River Anthology—doing for the English village what Edgar Lee Masters did for small town America.

A translation from the Norwegian is THE BIRDS by Tarjei Vesaas. This immensely talented writer has produced an excellent story with a haunting Bergman landscape.

I'm sure you are familiar with the author Randall Jarrell. On our list is his COMPLETE POEMS, a posthumous collection spanning 40 years.

Another novel that "made it" is John Fowles THE FRENCH LIEUTENANT'S WOMAN. This is a Victorian story filled with handights and asides, full of false starts, wrong turns and stunning reverses.

Quite another type is THE 900 DAYS: THE SIEGE OF LENINGRAD by H. E. Salisbury. This terrifying story covers the period from October 1941 to January 1944, when the city was cut off from the rest of Russia and three German armies killed one and a half million people.

You may have already read Dean Acheson's PRESENT AT THE CREATION, consisting of memoirs of Mr. Acheson's subordinate service from 1941 to 1947 and of his five years as Secretary of State.

I was particularly happy to find THEM by Joyce Carol Oates (our local author) on this list. Having earlier in the month won the National Book Award for fiction, she must feel that March has been a happy and rewarding month for her! This novel is one of devastating power, dealing specifically with certain inhabitants of Detroit's fringe-poverty white ghetto.

Still another notable novel is Kurt Vonnegut's SLAUGHTERHOUSE FIVE, OR THE CHILDREN'S CRUSADE. Set in Dresden, it deals in ironic understatement and shell-shock satire. It presents a shattering picture of slaughter in Dresden.

Another novel which I read and particularly liked was L. Woivode's WHAT I'M GOING TO DO, I THINK. The book in itself has a casual, tentative, attractive title and describes an emotional relationship between two young people.

Getting back to non-fiction, we would suggest you read Victor Scheffer's THE YEAR OF THE WHALE. This represents a year in the life cycle of an infant whale. The author has achieved the finest kind of natural history documentary—precise, sensitive and graphic.

And finally let us close with THE WHOLE WORLD IS WATCHING: A YOUNG MAN LOOKS AT YOUTH'S DISSENT by Mark Gerson. This is a book on youth culture who by an author aims to explain the behavior of the younger generation to people on the other side of the gap.

7:00 & 8:00 p.m. Folk Guitar—Alex Sucek, Instructor. 8:00 & 9:00 p.m. Yoga—Charles Friday, SRF, Instructor.

Thursday, March 26

- 10:00 a.m. Braille Transcription—Mrs. John McNamara, Instructor. 10:30 a.m. Bonsai Class. Call Garden Center for reservations. 4:00 p.m. Ballet—Mary Ellen Cooper, Instructor. 6:30 p.m. Library Science—Professor Grimes, Instructor. 7:30 p.m. Basic Figure Drawing for Adults and Senior High—Robert Rathbun, Instructor. 7:30 p.m. Grosse Pointe Numismatic Society. 8:00 p.m. Ski Films "Taste of Victory" and "Spring Into Skiing" and "A Turn is Born." Admission 25 cents. 8:00 p.m. Grosse Pointe Democratic Club. "Law and Order—3 perspectives," Panelists Yale Kamissar, U of M; James Brickley, U.S. Attorney; Arthur Antisdell of Wayne State University.

What's New on THE HILL...

By Pat Rousseau

Purdy & Edgar was started January 1, 1961 in a small office in Kercheval on the Hill. Cal Purdy and Bob Edgar had experience in the real estate business. They had a professional attitude plus a young innovative approach to the business. Their staff has grown to ten full-time sales people. Three years ago they moved into the Colonial Federal Building to increase office space and they are leaders in sales. Both partners have been officers of the Detroit Real Estate Board and this year Bob Edgar is president of the Grosse Pointe Real Estate Board. Bob told us one of the services the company offers is complete estate liquidation through Stalker & Boos, Inc. He sincerely stressed the need for young men to enter the profession, so naturally his company hires and encourages them. Purdy & Edgar certainly has set a successful pace to follow.

Is it... or isn't it. The beautiful reproductions at the League Shop make it very hard to tell whether it is a copy or an antique. In the new collection are reproductions of an elegant dictionary stand, a handsome little chest on chest, and a double cane Louis XV chair.

The Best Selection... of suits and sportcoats is now at Picard-Norton, 92 Kercheval. If you make your wardrobe choice within the next few days, Picard-Norton will be able to get it out for you in time for Easter.

Easter... is in the window of The Mermaid. See the porcelain eggs with butterflies and flowers which open to hold "whatevers." Crystal eggs etched with many motifs including zodiac signs are perfect for decorative paper weights.

Boys Will Be Boys... and Young Clothes, 110 Kercheval, has an excellent selection of wash and wear, easy-care, good looking boys fashions. Check the coordinated shirts and sweaters... trousers, pants and shorts. Donmoor and Billy the Kid are two favorite lines with very reasonable prices. Sizes go to eight.

Memo From Margaret Rice... "Again, I have tried to bring you a collection which is unmistakably Margaret Rice and 'our type of customer.' Lawrence of London, the first important designer in his field, has long been identified with raincoats, all weather coats and travel coats. See the many handsome fabrics and styles and make your very own personal choice. All fabrics are confined to Lawrence of London... silks, cottons, brocades... the most unusual prints and gay colors! The collection is in our shop today and tomorrow, only. I really do urge you to stop in and see them."

Spring Cleaning?... Before you get to your closets and drawers, get to Trail Apothecary, 121 Kercheval, and pick up rolls of scented drawer lining, sachet pellets and hanging pomander balls for a fragrant start on spring. By the way, there are ceramic pomander onions and tomatoes to hang decoratively in your kitchen.

English Country Garden... is the motif of one of the charming new candle rings at Virginia Williams, 79 Kercheval, where spring is bursting out all over. Magnolias and other blossoms are there for the picking. They will enhance new-season-color pillar candles... Easter candles, too.

The Natural Look... is the look the Francisco Salon has always advocated whether it be styling or coloring. The natural look has always been fashionable, now it is "the" fashion. Did you know Grosse Pointe stylist, Linda McKenna has joined the staff? Call TUxedo 1-6833 for an appointment.

A Casual Air... can begin with your feet in comfortable casual footwear from Sherman Shoes. The window of 114 Kercheval shows a sampling which includes leather Top Siders, leather U.S. Keds, Bates Floaters, Bass, Sebago Moc and golf shoes. Drop in for a closer look at the casuals.

Did You Know... at Mr. Dan's Salon, 100 Kercheval, Miss Ruby specializes in eyelash and eyebrow tinting, while Mr. Dan specializes in expert hair styling with one-at-a-time appointments spaced so there is no waiting. Call 885-2788 for an appointment. The salon is closed Mondays.

Shadow Boxing... at the League Shop is delightful. You'll see a partridge shadow boxed in a natural setting, whimsical kissing mice or little birds alighting on colorful flowers. There is also a shadow boxed mirror set in a bouquet of wild flowers... planned for the powder room.

Just A Few Days... are left to see Carla Jackson's paintings at The Grosse Pointe Studio, 119 Kercheval. The show lasts through March 28. Subjects are tenderly treated. Nostalgia is interpreted with skill and a contemporary mood. Very interesting!... 886-6694.

Enjoy, Enjoy... the Bronze Door for dining out and for parties at home. They will cater in your home for parties of twenty-five or more. We have sampled the food and service both ways and it is great. Call 886-1931 for more information.

This is a hair that used to be grey.

It didn't like being that way. So it came to us and said make me a pretty warm rich brown again. And we did. And now it looks years younger and feels years younger and is enjoying life all over again. We don't always think grey should be eliminated. Some heads turn that way, magnificently. Others only seem wan and washed out. If your case is the latter, see us. We know how to make big bad grey go away. Like that.

Pointe AAUW Cites Three Of Its Own

Named Grants Honor Alice Preble Shepard, S. Alice McNulty Vieweg and The Late Margaret Elizabeth Bahn

Grosse Pointe Branch of the American Association of University Women will honor two members at its annual luncheon meeting today, Thursday, March 19, and one other in memoriam.

American Named Grants are to be made in the names of Alice Preble Shepard and S. Alice McNulty Vieweg and an International Named Grant in memory of Margaret Elizabeth Bahn.

Mrs. Shepard is a graduate of Boston University with a major in German. She has been a teacher, has tutored and is a professional book reviewer. She has two sons.

In AAUW she has been chairman of International Relations, member of the State Education committee, Education chairman, vice-chairman of the Book Group, and Contemporary Literature chairman.

Mrs. Vieweg is a graduate of Cornell University, A.B., Ph.D., with a major in Organic Chemistry and minors in Physical Chemistry and Physics. She did industrial research at Cornell, (National Aniline Chemical Company), and was a Gressell Fellow and a Hacker Research Fellow in Chemistry and Physics. She has done volunteer work as a church school

teacher, for the YWCA, Job Clinic and Grosse Pointe Camera Club.

In AAUW she served as Pointe Branch treasurer from 1949 to 1957 and on the By-Laws and Finance committee, Tuesday Evening Group, membership and Yearbook committees.

Mrs. Eugene Bahn was a graduate of Glasgow University, Scotland, with an M.A. in French and German. A teacher and a writer for "My Weekly Reader" she had been active in Grosse Pointe Memorial Church, the International Institute and Wayne State University Faculty Wives.

She joined AAUW in 1955 and served as Vice-President, International Relations chairman, on the Used Book Sale committee, as Creative Writing chairman and recording secretary.

A third American Named Grant will be given in the name of Grosse Pointe Branch. Also in the name of Grosse Pointe

Branch a \$1,000 grant will be made to Wayne State.

The meeting begins at Lochmoor Club at 12:30 o'clock. It will feature a demonstration in oil painting by August Gloss.

Mr. Gloss has worked at Walt Disney Studios and is now a commercial artist in Detroit. He has won 29 awards in regional shows and has exhibited in three honorifics at the University of Michigan. His work may be seen at Verve Gallery, Detroit Institute of Arts Rental Gallery, Four Winds Gallery, (Kalamazoo), and Flint Institute of Arts.

Miss Mildred Becker will review "Mary, Queen of Scots" by Antonia Fraser when the AAUW Book Group meets at the home of Mrs. J. R. Jessup on Lakepointe avenue next Monday, March 23, at 1 o'clock.

This book is a best seller — deservedly so, since it presents a new, well-documented appraisal of the much-maligned Queen and refutes much biased material which has been written about her. Mrs. Ramon Webster is co-hostess.

Contemporary Literature will explore new directions the theatre is taking on Tuesday, March 24. Paul Artaud, Pieter and Albee will be discussed as well as "The Theatre of Cruelty," "The Third Theatre" and "Hair."

Mrs. Fred Rector, Mrs. William Falkenstein and Mrs. John Schonenberg, comprising a panel, will welcome questions — and answers! — from everyone.

The meeting is at the home of Mrs. William Blevins in Fisher road. Mrs. Frank Williams and Miss Virginia Johnston are co-hostesses.

The Legislative Group meets Thursday, March 26, at 1 o'clock in the home of Mrs. Paul C. Hykes, of Rivard boulevard. Morton Sterling, director of Air Pollution Control for the Wayne County Health Department, will talk informally.

Guests are welcome. The co-hostess is Mrs. Robert Snyder.

Pointe Names Distinguish AAUW Grants

ALICE PREBLE (Mrs. R. L.) SHEPARD, (left), and S. ALICE McNULTY (Mrs. Herman F. VIEWEG, (second from right), are being lauded today by their own Grosse Pointe Branch of the American Association of University Women. The AAUW group, gathered in Lochmoor Club for its annual luncheon meeting, has designated two American Named Grants for graduate study in their honor. Pictured with the honorees are MRS. EDWARD R. BUNN, Pointe AAUW president, (seated), and Fellowships chairman MRS. RALPH A. KIMBLE.

Overture To Opera To Open In Pointe

War Memorial Will Be Scene of 1970 Premiere April 3; "Barber of Seville" to Be Sung in English

Figaro, the irrepresible itinerant barber and maker of romantic intrigues, comes to Detroit next month bringing with him the lovely Rosina, noble Almaviva, scheming Doctor Bartolo and all the other characters who have made Gioacchino Rossini's "Barber of Seville" one of the world's favorite operas for more than 150 years.

But Figaro and his friends will sing and carry on in English for audiences largely composed of high school students and adults who may never have seen an opera before.

It's all part of the annual Overture to Opera, a unique Detroit cultural project. The 1970 Overture program and schedule were announced last week by Mrs. Ernest A. Jones, of Bloomfield Hills, general chairman, and Dr. David DiChiera, of Oakland University, general director. Mrs. Rowan Gribbs is honorary chairman.

This will be the ninth season for Overture to Opera, started in 1960 as a prelude to the annual Detroit visit of the Metropolitan Opera under the auspices of the Detroit Grand Opera Association.

In the intervening years Overture has taken on its own identity and gained national acclaim

14, at Warren Woods High School in Warren; Thursday, April 16, at Lahser High School in Bloomfield Hills; and Tuesday, April 21, in Midland.

Performances for students are Thursday, April 9, and Friday, April 10, at the Detroit Institute of Arts for students from high schools in Detroit; Monday, April 13, at Warren Woods High School for students from Macomb and Eastern Oakland counties; and Wednesday, April 15, at Lahser High School for students from schools in Wayne and Western Oakland counties.

The April 8 performance at the Art Institute will feature William Byrd, artistic director of the Flint Performing Arts Association, conducting the orchestra.

All performances are in English.

The cast and directing staff include several outstanding artists from the international opera world brought in specifically for Overture plus a number of talented artists from Michigan and nearby states.

Coming from New York are Grayson Hirst, a talented tenor who has appeared as soloist with the New York Philharmonic under Leonard Bernstein and Thomas Schippers and has just made a highly acclaimed debut at Carnegie Hall; Rene Miville, a handsome young baritone who has appeared with the Philadelphia and Boston opera companies, soloed with the Boston Pops Orchestra, toured in Europe and has an impressive list of movie and night club credits; and Thomas Palmer, who drew critical acclaim with opera companies in San Francisco and Geneva and has soloed with the Detroit Symphony and at the Mozart Festival.

The two feminine leads will be played by Detroit-area artists: Maria Ewing, the young coloratura mezzo-soprano born in Toledo who just won the \$2,500 Grinnell Award for vocalists and is a protegee of famed operatic star Eleanor Steber; and Elsie Inselman, an Eastman School of Music graduate, a Fulbright scholar and a 1969 Donovan Award Winner who now teaches voice in Detroit and has appeared as a featured performer in the last three Overture to Opera seasons.

Returning to Overture this year as stage director is Italo Tajo, accomplished international artist formerly with the Metropolitan Opera, who starred in one of last year's Overture productions, Donizetti's "Il Campiello" (The Night Bell).

Overture to Opera has attracted nationwide attention by its success in achieving both its goals: To stimulate more widespread interest in opera and to provide a showcase and impetus for emerging operatic talent.

"Overture to Opera aims at bringing exciting musical theatre not only to opera lovers but to those who have not previously been exposed to this form of entertainment. Because performances are in English they are appealing to a wider audience and have more theatrical impact," explains Dr. DiChiera.

"It is particularly important to spark interest in opera among the young people, which is why we place such heavy emphasis on the performances for student audiences.

"We are tremendously pleased that many performers who appeared in past Overture seasons

have gone on to exceptional achievement," Dr. DiChiera adds.

"For example Muriel Green-son, a Detroit girl, appeared with Overture two seasons ago as the lead in 'The Medium.' The composer, GianCarlo Menotti, subsequently chose her to star in his production of the opera at the Festival of Two Worlds in Italy and the critical acclaim she received there has prompted him to take 'The Medium' on a European tour with Miss Green-son as the lead."

Overture admission prices for adults range from \$2 for the Warren appearance to a top price seat of \$5 at the special Arts Institute performance.

Student prices range from 50c in Warren to \$1.50 at the Arts Institute.

Performances for student audiences are preceded and followed by discussion and question periods led by Dr. DiChiera, chairman of the Music department at Oakland University and an internationally known operatic scholar.

To prepare students for the opera performance and discussion and to stimulate their interest, briefing sessions are held in advance at the high schools.

These are conducted by members of the Women's Committee of the Grand Opera Association and the Detroit and Birmingham Junior Leagues who attend special seminars.

The ladies, most of them confirmed opera lovers already, learn more about the particular opera to be performed and opera in general to enable them to conduct informative question-and-answer sessions in the high schools.

Meadow Brook Plans Revealed

Guest soloists and conductors who will perform on Thursday, Saturday and Sunday evenings with the Detroit Symphony Orchestra at the Meadow Brook Music Festival, Oakland University, have been announced by Sandor Kallai, Festival manager.

At the same time Mr. Kallai said complete plans for the Friday evening Jazz-Folk concert would be announced later this month.

He emphasized there will be four different programs each week in the beautiful outdoor Howard C. Baldwin Pavilion this year compared with two different programs (each performed twice), last year.

The seventh Meadow Brook Music Festival begins Thursday evening, June 25, with the Orchestra under the direction of Sixten Ehrling and with guest pianist Gary Graffman, described by Newsweek as "one of the great living pianists."

Mr. Graffman will also appear Saturday evening, June 27, but with an entirely different program.

Mezzo-soprano Christa Ludwig who recently scored a triumph as Octavian in the Met's production of "Der Rosenkavalier" will present two different programs under Mr. Ehrling's direction July 16 and 18.

Following Miss Ludwig's 1968 all-Brahms recital in New York the Times wrote: "Now and then, at intervals too rare to be depended upon, there comes along a great artist whose voice lasts into late maturity, or whose maturity comes early. Christa Ludwig is one of the latter sort of Lieder singers, perhaps without equal at the moment."

An evening of opera and operetta favorites comprises the July 19 Symphony Pops concert with Mr. Ehrling conducting two brilliant young American singers who have "made good" in Europe, soprano Mattiwilda Dobbs and baritone William Justus.

July 21 through 26 will be devoted to dance with the first Meadow Brook appearance of Eliot Feld's young and widely acclaimed American Ballet Company.

The ensemble will perform eight different ballets over the six-night run including a work that is to be given its world premiere in New York next month. Speaking of the company's debut last fall Clive

Poison-Proofing Can Save Child

The Poison Control committee of Children's Hospital of Michigan is presenting a special public education program during Poison Prevention Week March 15 through 21. Goal of this committee is to educate the public on the dangers of poisons.

Six hundred thousand children under five years of age are poisoned each year in the United States — an appalling figure that can be greatly reduced if more emphasis is made on educating people to the importance of "poison proofing" their homes.

The best treatment of poison is prevention.

Volunteers of the Women's Auxiliary are maintaining a special exhibit from 10 to 3 o'clock Monday through Friday at the City County Building during Poison Prevention Week.

The volunteers distribute a complete guide to Poison Prevention to the public. This guide includes a check list of poisonous products found in the home and an emergency first aid information sheet which can be put up near a telephone plus poison prevention tips.

The guide may be obtained, free, by anyone who sends a self-addressed stamped envelope to Children's Hospital of Michigan Poison Control Center.

Dr. Regine Arowon, director of the Poison Control Center at Children's, is appearing on various radio and television programs during Poison Prevention Week, as are members of the Women's Auxiliary, for the purpose of alerting the public to the importance of poison prevention.

Many ordinary household products are toxic when in the hands of children. A few examples might include bleach, ammonia, furniture polish, pregnancy pills, heart ailment medication and of course aspirin, the most common cause of childhood poisonings.

The Women's Auxiliary of Children's Hospital is also engaged in an extensive community-wide education program through the use of slide programs about Poison Prevention.

These slide talks are given to grade children in the public schools, to nursery schools, to classes in the high schools and adult groups. They are available to the public by calling the Poison Control Center, 833-1000.

A brokerage firm has agreed to insert 8,000 flyers in its mailing during Poison Control Week.

Six thousand posters have been distributed by the Poison Control Program to public and parochial schools, to pediatricians in the metropolitan area, to hospital waiting rooms, the YWCA and YMCA and their branches, to many commercial food and drug chains and to welfare agencies throughout the city.

The Children's Hospital of Michigan Poison Control Center records over 10,000 calls

Josiah Harmar DAR Will Meet Saturday

The regular monthly meeting of the General Josiah Harmar Chapter, Daughters of the American Revolution, will be held this Saturday, March 21, in the Detroit home of Mrs. David J. Sanderson.

Tea, served at 12:30 o'clock, will be followed by a business session and program featuring Dorothy Keister, of Marine City, speaking on American Indian Lore.

Co-hostesses are Mrs. David H. Miller and Mrs. John W. Ottinger.

The Reverend RALEIGH E. SAIN is serving as interim pastor at Grace United Church of Christ, Lakepointe and Kercheval avenues. Mr. Sain has served in the metropolitan Detroit area for 16 years, first as director of Research and Planning for the Detroit Council of Churches, then as director of Strategy and Church Planning for the Detroit and Michigan Councils of Churches, then as director of Administration for the Detroit Council. Barnes of the New York Times write: "... a great repertory, and the company came in stronger than any new company in memory."

Guest conductor Andre Previn will appear with the Detroit Symphony July 30 and August 1 with famed French pianist Jeanne-Marie Darre. Madame Darre will be giving her first Detroit-area performance and Meadow Brook audiences will therefore be the first hereabouts to hear an artist who is generally acknowledged to be among the world's greatest woman pianists.

Mr. Fiedler will be back August 2 for his second Symphony Pops concert of the season.

Izhak Perlman, the Israeli violinist who in four short years has reached the top of the international musical world, is returning to Meadow Brook and will perform August 6 and 8 under the direction of the distinguished composer-conductor Anatole Dora.

Mr. Dorati, who organized and conducted the Dallas Symphony Orchestra and was Music Director of the Minneapolis Symphony for 11 years, has become one of the busiest and most successful conductors in the world.

Next fall he will assume his new post as Music Director of the Washington National Symphony. On August 9, he will conduct the Detroit Symphony with famed guest pianist Gyorgy Sandor in an all-Russian program as part of the Meadow Brook Symphony Pops series.

Peter Serkin, a gifted young pianist who has long been out of the formidable shadow of his father, Rudolf Serkin, will make his Meadow Brook bow August 13 and 15 with Mr. Ehrling once again on the podium.

New Yorker magazine wrote of Mr. Serkin's recent Carnegie Hall performance with the Cleveland Orchestra: "He is one of the foremost pianists of the immediate future."

Concluding the Sunday Symphony Pops series — and, for that matter, the entire 1970 Festival — will be a most unusual symphonic jazz program highlighted by the phenomenal woodwind virtuoso Yusef Lateef and his Quartet. Mr. Lateef's musical origins were in Detroit.

Conducting the Detroit Symphony will be the Cleveland-born music director of one of Sweden's foremost orchestras, Everett Lee.

Fort Pontchartrain DAR Will Meet Tomorrow

"Detroit Is Many People" will be the topic of Miss Katherine Gill, director of the Group Services Department of the International Institute, speaker at the Friday, March 20, meeting of Fort Pontchartrain Chapter, Daughters of the American Revolution.

Luncheon will be served at noon in the Women's City Club. Mrs. Orvis L. Henke, regent, will preside.

At the general meeting that morning at the 70th State Conference of the Michigan DAR Mrs. Milton Hopkins, a member of the Chapter, will be installed as State historian.

Attending the Chapter meeting from the Pointe will be the Mesdames Harry E. Barnard, H. Sanborn Brown, Jr., Glenn H. Friedt, John M. Jackson, Leonard Jensen, Cletus M. Laux, Henry G. McCabe, Frank D. Prigel, George Killeen, Frank S. McKinnon, Bruce K. Reynolds, Adrian V. Roff, William E. Shoemaker, Marion M. Sheaffer, Floyd F. Smith, John P. Thomas, Wilfred C. Owen and William M. Perrott.

North Symphony Band Honored

"In general, the band has achieved a high level of proficiency in the areas of tonal sonority, technique and musical sensitivity," wrote one judge upon hearing the Grosse Pointe North High School Symphony Band in the District Festival on March 7.

Adjudicator W. Merwyn Mitchell, a teacher in the Grand Rapids Public Schools, listed "Singing quality of sound," under the band's strong points.

The North Symphony Band was awarded a Division I rating for its performance. Division I is defined as "an excellent performance, worthy of first place in the category being judged." The band is now eligible for State Band and Orchestra Festival, to be held in the Flint area on April 25.

Conductor Nathan C. Judson, Host Chairman at North High School March 7 led two more groups into the festival on March 14.

The Michigan School Band and Orchestra Association Dis-

trict Twelve Festival involved nearly 140 bands and orchestras, including over 9,000 students. Groups from Washenaw, Wayne and Monroe Counties participate in the District Twelve Festivals.

Other Class AA Bands receiving Division I ratings at North were: Ann Arbor Huron High School, Wyandotte Roosevelt High School, Ann Arbor Pioneer High School, Dearborn High School, Grosse Pointe South High School and Plymouth High School.

A total of fifteen bands presented half-hour programs in the North High School Auditorium. Each played a march, the required selection ("Second Suite for Band" by Robert Jager) and a selection of free choice.

Half-way measures are okay only if you double the dose.

Plan Healthoramas In May And June

Mrs. William Y. Gard, of Dean Lane, Serving as a Vice-Chairman for This Year's Medical Testing-Exhibition Programs

The United Foundation again will offer Wayne-Oakland-Macomb residents 20 free medical tests and educational exhibits, a service provided more than 13,000 in the past two years. Plans for two spring Healthoramas, each a four-day event, have been announced by H. Clay Howell, UF associate director.

The first Healthorama will be held May 13 through 16 in the Community Arts Building at the State Fairgrounds.

Another is scheduled for June 3 through 6 at Outer Drive Hospital, Lincoln Park.

Comprehensive health screening tests made possible through the cooperation of voluntary and public health services will be offered at both from 9:30 to 5 o'clock with 500 tri-county residents tested daily on a first-come, first-served basis.

As in the last two years the Healthoramas will be sponsored by Women for the United Foundation (WUF) and the United Health Organization (UHO). "We fully expect this year's Healthoramas to be as successful as those in the past," Mr. Howell said.

"These screening tests meet a real public health service need amply demonstrated by the fact so many have been willing to stand in line, sometimes for hours, to get them."

Healthorama objectives are three-fold: To focus attention on the value of annual physical examinations as a safeguard to health; to familiarize tri-county residents with Torch Drive services and other community resources; and to provide valuable information for medical

researchers.

Along with free screening tests this year's Healthoramas will offer on-the-spot counseling through a communications center staffed and equipped to make immediate referrals to needed services.

Children will be cared for in a special playground area at each Healthorama.

Mrs. Michael Ference, Jr., of Dearborn, is the 1970 Healthorama chairman. Her vice chairmen are Mrs. William Y. Gard, of Dean Lane, and Mrs. Arthur Thompson, of Detroit.

Coordinators will be UHO executive vice-president Edward W. Tiescher and Dr. William L. Simpson, executive vice-president, Michigan Cancer Foundation.

Screening tests will be offered for anemia, blood pressure, cervical cancer, cholesterol, diabetes, kidney malfunction, glaucoma, hearing, height and weight, oral cavity, vision and syphilis along with a chest X-ray which will be checked for symptoms of lung cancer, emphysema, enlarged heart and tuberculosis.

Electrocardiograms will be provided for those with elevated blood pressure.

School-aged children and preschoolers accompanied by a

Set Other Sides March 21, 30

Grosse Pointe War Memorial's Youth Councils have planned two dances in March.

A Senior Other Side will take place this Saturday, March 21, from 8:30 to 11:30 o'clock. "The Rumor" and "The Wessel-fox" will be the bands for the evening.

Tickets purchased in advance are \$1.25. The charge at the door will be \$1.50 — if any tickets are available. Identification proving Grosse Pointe residency and grade in school must be presented both at the time of ticket purchase and when coming to the dance.

While the public schools are out for spring vacation a Junior Other Side will be held from 7:30 to 10:30 o'clock Monday, March 30. Featured band will be the "Springlees."

The affair is casual and non-date. For those who wish movies will be shown in the auditorium.

Tickets for Junior Other Sides are by advance purchase only. The charge is \$1 and ID must be furnished both at time of ticket purchase and at the door.

Only one ticket is allowed per person and no one may purchase a ticket for someone else.

The dances are chaperoned by Center staff and parents and protected by the police. Parents are urged to pick up their children promptly at 10:30 o'clock.

Parents or guardian will be checked for hearing loss, eyesight impairment, evidence of tuberculosis and pulmonary or circulatory malfunction. Polio immunization also will be offered.

When tests indicate the possibility of an illness or abnormality screening results will be mailed to the Healthorama participant's physician.

Educational and scientific exhibits will include a display by NARCO on the effects of various drugs and another by the Detroit Department of Health, pertaining to symptoms and treatment of venereal diseases.

Specialists and trained social workers will give information and counseling on problems related to drug and alcohol abuse.

Participating agencies will present more than 25 other displays.

Joining with voluntary and public health services to stage the Healthoramas will be Detroit area volunteers, medical and paramedical personnel, hospitals, schools of nursing students and some 25 industries, unions, utilities and businesses.

Named to the Marymount College of Virginia Dean's List is Liberal Arts freshman CHRISTINE O. TANKERSLEY, daughter of MR. and MRS. RAYMOND C. TANKERSLEY, of University City. Tea And Music To Greet Spring

A musical program featuring the Choraleers and Tower Bells will help usher in spring tomorrow, Friday, March 20, following a 1 o'clock tea in Fellowship Hall of Grosse Pointe Memorial Church. The Friday Book Review Group of the Grosse Pointe Memorial Church Women's Association invites all members and friends to enjoy the talents of The Pointe's young people.

The Choraleers and Tower Bells from Grosse Pointe South High School will be accompanied and directed by Leonard Riccinto. Mr. Riccinto is on the staff of South High's Music Department.

As choral director he is proud of both ensembles' accomplishments: In a recent District Festival they received one-ratings. During this pre-Easter season they have been invited to sing before many groups in the Metropolitan area.

Mr. Riccinto points out that in addition to musical talent the girls abound in other talents. Those look-a-like dresses they wear for performances are their own creations.

Mrs. Harold S. Davis is chairman of the tea preceding the program. She will be assisted by Mrs. James Cooper, Miss Irma Bielenberg, Mrs. Edna Fisher, Mrs. Hubert Goebel, Mrs. William M. Horn, Miss Fayette Martens, Miss Irma Martens, Mrs. Irving Winkler, Mrs. Edward Gehrig and Mrs. Dale Hodges.

Spring Specialty Trio Of Breads

As springtime fancies turn to thoughts of love and such special celebrations come to mind as well.

For these occasions baked breads are greatly enhanced with the flavorsome sweetness of California seedless raisins.

As traditional as shamrocks is popular Irish Raisin Soda Bread. Seedless raisins and caraway seeds add authentic touches to the quickly made biscuit dough. Cut the dough round into quarters called "farls" and bake.

Children especially will delight in an Easter lamb bread filled with lots of raisins and bright candied cherries. A package of hot roll mix is a special convenience feature in this recipe.

The lamb mold is available in hardware and variety stores but the bread is easily baked in a loaf pan or shaped into a round on a greased cookie sheet.

Reputed to bring good luck to all who eat them hot cross buns are a traditional Lenten serving. This delicious variation, made with instant potato flakes and raisins, is sure to do you proud.

Decorate the baked buns with a cross of powdered sugar icing.

Fear Is Normal For Youngsters

Every child is frightened at times but if his fears are too intense or too prolonged they can cause permanent damage to his personality.

"For this reason take your youngster's fears and worries seriously and make every effort to alleviate them," recommends June L. Sears, Extension Home Economist for Wayne and Oakland counties.

"Probably the most common fear of children," she says, "is being alone in the dark. This is usually caused from a lack of self-confidence."

Ridicule and stern measures, intended to cure the child, may only make it harder for him to overcome this fear.

"Instead try easing up on scoldings. The child is showing how badly he needs comfort, love and reassurance, not just at bedtime but during the day too. Scoldings only make him feel guilty and give him a sense of failure."

The world around him with its thunderstorms and snakes and its cats and dogs is often frightening to a youngster.

"Don't ridicule him for his fear," warns the Home Econ-

mist. "Reassure him and show him that you are not afraid."

"Family matters also disturb children. Probably more than you realize. Try to keep such discussions out of his hearing," Mrs. Sears suggests.

At about the age of three or four fear of death often shows up.

"While you should answer your child's questions about death honestly remember to be reassuring. Try telling your youngster that people don't usually die until they are old and that you will all be happy together, as a family, for a long time."

Fears show up in many ways. Mrs. Sears notes that a child who is restless and irritable is often considered nervous. The most frequent cause however is fear.

"Remember, your child's fears, while seemingly silly to you, are very real to him. And the most harmful, common fear is that you will cease loving and caring for him."

"The only way he will feel safe is if he is always sure that you will continue to love him despite his mistakes."

Child's Tastes Differ Naturally

Remembering the small things that make up a child's food habits can ease the problem of feeding children says Kathleen Bufton, Cooperative Extension Service Home Economist in Wayne and Oakland Counties.

"Youngsters have much more sensitive taste buds. They may notice off-flavors in milk and vegetables more quickly and more often than do adults," Mrs. Bufton explains.

"If this happens with a food you're serving for the first time you may decrease the child's chances of liking it."

Mrs. Bufton recommends you adapt family foods for young children by using fewer spices and condiments. If you gradually add more strongly flavored foods your youngster is more apt to like them.

"Plan bright, colorful combinations of foods," the Home Economist says. "This appeals to children and makes their meals more appetizing."

She suggests providing different textures for variety—chewy meats, crunchy cereals, crisp fruits and vegetables, soft, smooth puddings.

Children must be "tantalized" with things that are different. Bite-size pieces of fresh, colorful fruit on cereals appeal to children. Raw vegetables prepared as "finger foods" also provide a welcome variation.

"Another idea for making food fun to eat is the surprise element," the Home Economist notes. "A piece of fruit hidden in custard never fails to delight children. An olive in the middle of a meat ball does the same thing."

"If you try to see food with the child's eye you'll discover many little tricks to make food more appealing for him."

August Bride

Mr. and Mrs. William A. Nolan, of Nottingham road, have announced the engagement of their daughter, MARY JOANN, to Michael W. Miller, son of the late Mr. and Mrs. William Miller, of Allen Park.

The bride-elect and her fiancé are seniors at Western Michigan University where Mr. Miller is affiliated with Lambda Chi Alpha fraternity. He makes his home with the Curtis A. Tallmans of Swan Drive, Grosse Ile.

A late August wedding is planned.

Poison Control Full-Time Job

Six hundred thousand children this year will consume a harmful or deadly substance. Parents, knowing their child has consumed such a substance, are frightened, frantic and confused. Family physicians are frustrated in tracking down the ingredients of the product.

Children's Hospital of Michigan, recognizing this imperative need, established a Poison Control Center in 1963. This Center has a three-fold program to help save lives:

I. It maintains an Emergency Phone Answering Service with a reference library covering thousands of toxic or poison substances.

A telephone call to 833-1100, asking for the Poison Control Center, sets several wheels in immediate motion. A staff person who answers the call tries to find out:

- a. What the child swallowed,
- b. The trade or drug name if possible,
- c. How much was swallowed,
- d. Name, age and weight of child and parents' name, telephone number and address.

Parents often are told an immediate first aid for the substance swallowed then urged to take child to nearest hospital with facilities to handle the case or their own doctor for subsequent treatment. In 1969 the Children's Hospital of Michigan Poison Control Center recorded over 10,000 calls.

Emergencies may come directly to Children's Hospital from any part of the tri-county area.

II. The "Call-Back" Follow-Up Program provides information to the Poison Control Staff that there is not time to obtain when the emergency call comes in, i.e., circumstances under which substance was consumed, etc.

This information aids in projecting and planning the Public Education Program. The program is carried on when time permits by specially trained volunteers.

III. The Public Education phase of the program is directed at everyone in the community and encompasses such activities as:

- a. Presenting slide lectures in public schools, nursery schools, PTA meetings, etc.,
- b. Setting up of displays and exhibits of poisonous products at conventions, Health-O-Rama, etc.,
- c. Making "do-it-yourself" Poison Control Kit information available through the branch libraries.
- d. Placing poison prevention posters throughout the city and suburbs,
- e. Promoting National Poison Prevention Week.

Children's Hospital of Michigan Poison Control Volunteers are now carrying on and devel-

Mr. and Mrs. Jack P. Hyman, of Cincinnati, O., have announced the engagement of her daughter, Ann Segal, to John Potter Franzen, son of former Posters Mr. and Mrs. Richard A. Franzen, who now make their home in Cincinnati.

The bride-elect attended the University of Wisconsin and will be graduated in May from Boston University.

She is also the daughter of the late Joseph Segal and granddaughter of the late Mr. and Mrs. Alfred Segal and the late Mr. and Mrs. L. Maurice Brown, all of Cincinnati. 'No' Need Not Mean Defiance

Children who look you straight in the eye and utter a defiant-sounding "No!" when you've told them to do something may not really be defiant says Gail Imig, Family Life Specialist with Michigan State University.

"For a small child, the word 'no' is probably just an easy word to say. And the sound it makes may be fascinating so he uses it often," Mrs. Imig says.

Or he may just be trying the word out to see what effect it has on those around him. The more fuss you make when he says 'no' the more attraction it may have for him and the more he'll use it.

"Your child may also be imitating you," the specialist suggests. How often during the day do you say 'no'?

If your child says 'no, no' and refuses to budge you may help him over the hump with a little humor. Pick him up and smilingly reply, 'Yes, yes. Few children can resist such attempts at fun.'

Diverting his attention to another activity also helps end a child's sudden streak of stubbornness.

As children grow older they are better able to fit this word into their vocabularies. If they continue to act negatively too much of the time be alert to the situations in which they act this way, says the specialist.

Snacks Are Part Of Child's Diet

If yours is an average family your children are probably saying "What can I have to eat," five minutes after the family has finished eating.

Kathleen Bufton, Extension Home Economist for Wayne and Oakland counties, says that since snacking seems to be a way of life for most Americans children naturally adopt this habit.

"Quite literally," she adds, "children's stomachs may not have sufficient capacity to hold one-third of their daily food needs when consumed at one meal."

"Consider snacks as part of the total daily food intake. If your pre-schooler eats many snacks a day expect that the amount he eats at mealtime will be less."

It's up to you however to see that his snacks are as balanced nutritionally as his meals. A child who snacks all day on one item such as crackers is less likely to be well nourished than a child whose daily food intake includes all the basic foods.

Kathleen Bufton suggests keeping handy fresh fruit sections such as apple wedges or orange segments, milk, carrot sticks, peanut butter, cheese and ready-to-eat cereal with or without milk.

If you'd rather your children didn't snack so often try to

make meals interesting the specialist suggests.

Pleasant meals are more conducive to eating and the child is apt to eat enough to last for three or four hours.

Discourage snacking within an hour of mealtime. When working with a pre-school child diversion is the key. Get him busy with something he enjoys about an hour before meals or persuade father to amuse him for awhile.

Mrs. Bufton also suggests providing the child with a suitable example. If others in the family are not frequent snackers the pre-school child will be less likely to want food between meals. As he grows older this will become habit to him.

IN THE FARMS, OVERLOOKING THE WATER

There's an old saying that "money can't buy good taste." But once in a great while, an outstanding home in a prime location will prove the exception to the rule. We feel that those who appreciate excellence will applaud both the craftsmanship and technology evident throughout this elegant Southern Colonial Structure. In addition to the carriage house, there are six generous bedrooms and four baths. Yet with all its charm and sophistication this home has five special purpose rooms to serve the contemporary needs of an active family: The library, exquisite family room, private office, children's activities room and one of Grosse Pointe's most attractively decorated lower level party rooms. Finally to add that certain gentle touch throughout, fresh grown flowers from the green house, nest to the three-car garage. Rarely is an investment of this caliber available. Your inquiries are welcomed.

PURDY & EDGAR INVITES YOU TO PLAY "THE NUMBERS GAME"

Open Sunday 2:30-5:00
If you've been looking for a three bedroom Colonial with a (1) — then be sure to stop in at 1413 BLAIRMOR COURT. You will be pleasantly surprised to see how much house you can get in the forty thousand dollar range. And, there's an attractive, assumable mortgage.

NEED A larger house in the same general area? 657 SOUTH BRYNS offers four large bedrooms, two and a half baths, beautiful family room, plus (2) — in a practically brand new house. Well worth your personal inspection.

AT 1030 BALFOUR, we move up to a five bedroom home in the Park. It has (3) —, and the present owners have completely redecorated everything from the first floor to the third. This is the first time it's been held open, so don't get left behind.

WE HAVE two offerings near the Country Club. One is a (4) — with three bedrooms and two baths, Florida room, central air conditioning, and a backyard that blends into the golf course. The other is a brand new house (5) —. There are three large bedrooms, each with its own private bath, and a fine family room.

IF YOURS is a family that enjoys a swimming pool coupled with a good house, we have it for you at (6) —. There are four bedrooms, two and a half baths, comfortable family room, and first floor utility room. Drive by. Then call for an appointment.

IN THE same general area (7) —, we have a larger house, (8) —, with four bedrooms and three and a half baths. There's a step-down living room, outstanding family room, and a large, formal dining room.

TERRACES are hard to find, but we have three available (9) —. They range from four to six bedrooms, and are priced from thirty-eight thousand 500 dollars to fifty-six thousand. Financing already has been arranged on each of them.

NOW, BACK to the Woods, and a beautiful three bedroom house on Avon Court. Truly immaculate, with a family room and a den. This nearly-new home has had the best of care, and it shows it. You can take over the existing mortgage and (10) —.

WE'D LIKE to call your attention to two more Colonials in the Woods. One is a (11) —, with a family room, for less than sixty thousand dollars. The other house has three bedrooms, bath and a half, and family room (12) —.

Pointe Counter Points

Wrap Yourself In Style . . . with a new shawl from Walton-Pierce. Soft, breezy-light wool is generously cut into a triangle and edged all around with wool fringe. Choose aqua, shocking pink, yellow or white. It's fashion's favorite shelter for shoulders.

Subtlety Takes Skill . . . and the new fashion is calling for this quality. The effect is really worth the effort because it's more feminine and mysterious. We believe, with Patrick at Leon's, a woman's hair style should look perfectly marvelous but not the obviously planned as if she spent hours in the salon. Hair should move with rhythm. Control is the basis of the look but not stiffness. Patrick thinks the gypsy girl look reminiscent of La Belle Epoque is a wonderful choice for evening. And for day . . . the most flattering shape and flou is the way to fall fashion in the future. Call TUxedo 4-9393.

The Put On . . . at Michelle's Boutique, 17864 Mack Avenue, is fashion's gay cotton shift in bright colors . . . prints and solids. Would you believe the price is a sincere little eleven dollars . . . thirteen dollars, too. Michelle's is open Thursday nights until 8:30.

A Mutschler Kitchen . . . there's one to suit every woman. Individually designed, a kitchen is fashioned to fit her work habits as well as her taste in decor, whether it be colonial, contemporary or provincial. Just stop and talk with Mr. Mozena, president of Mutschler, and see the handsome models at 20227 Mack Avenue.

In Martha's Closet . . . 373 Fisher Road, fashion is well in hand. You'll love the Murray Kruger purses for day, travel and evenings. Spring's favorite navy, of course! There's also black, red, white, red with navy, white patent with navy straw and many more combinations. Prices start at twenty dollars

The Easter Bunny . . . is just a hop away at The Sphere, 19849 Mack Avenue. Gayly colored handmade pine cone blossoms are arranged in baskets with removable Easter eggs. See a sampling in the window, more inside, plus a large supply of Easter cards.

Brighten His Wardrobe Life . . . with a new designer tie from Hickey's. Right now there is a brand new selection of Yves St. Laurent, Bronzini and Rooster ties. Prices start at three dollars and fifty cents at 17140 Kercheval.

Mark Valente . . . back from the MRA convention tells us the double breasted tuxedo is "in", as is the Edwardian look. You have your choice of up-to-the-minute formal wear in handsome fabrics at Valente's, Mack Avenue.

Those Folks at Mr. Q Travel . . . say, how about Europe? Imagine three weeks for \$309? This includes air fare, (KLM 707), accommodations, sight-seeing and a car with unlimited mileage. Call 886-8500 for more information.

The Kaleidoscope . . . sees Parent Protest Posters giving "the" hint. One colorful example is a poster with "KEEP AMERICA BEAUTIFUL, CLEAN YOUR ROOM". Four humorous hit-homes, come in a pack for two dollars at 18135 Mack at Bedford.

Spring's Scent . . . is on special at the Notre Dame Pharmacy. Caron's Le Muguet . . . the two ounce cologne spray is four dollars. The two ounce toilet water spray is six dollars and fifty cents and you get a sample of perfume. Coty's Muguet des Bois is on special at two fifty, three seventy-five and four dollars.

Personnel News . . . You'll be glad to know Michael, after having been in the service, is back at Edward Nepi, Parrucchiere. He spent two weeks taking an advance course in all the latest styles before he returned. As you remember, Michael was always booked solid. Call TUxedo 4-8858 for an appointment with Michael before his schedule is filled.

The Kimberly . . . "take home" special this week is painted daisies. One dollar a dozen.

It's Posh . . . A hair stylist should be one of the talented ones who constantly learns all that's new concerning his profession . . . the latest in hair styles, colors, permanent waving, wigs and hair pieces. Ron and Mike have just returned from New York where they watched other top stylists. They have brought the newest and the best ideas back to The Posh Studio, 18700 Mack Avenue. Call 886-1377 for an appointment.

Lamps, Lamps, Lamps . . . for living room, dressing table, desk . . . colonial, period, contemporary . . . table or floor! Light up your decorative life with a new lamp from a new selection at Wright's Gifts and Lamps, 18650 Mack Avenue.

Perky Parakeets . . . make adorable Easter gifts. This is the Easter suggestion from This 'n That for Pets, 19443 Mack Avenue, where you'll find decorative cages and pet toys. TUxedo 1-9007.

DALE MCCARTHY, LEFT, UNIVERSITY-LIGGETT SCHOOL BASKETBALL STAR, WITH ATHLETIC DIRECTOR BOB WOOD

By Phil Loranger

Dale Patrick McCarthy stands six feet even, but to his coach, teammates and opponents he seems a lot bigger. The All-State basketball guard has virtually been a one-man team for the University-Liggett School cagers for the past two years, smashing every individual school scoring record on the books and drawing raves from all who have seen him in action on the court.

Dale, the youngest of a family of five youngsters, attends University-Liggett School because he was fortunate enough to get a scholarship.

There can be little doubt that the humble athlete will travel to college via the same route, because already cage coaches throughout the nation have expressed interest in his talents though he is just a junior.

Among schools which have made overtures to Dale are Tennessee, West Point, the University of Detroit, North Carolina, South Dakota University, Memphis State University, Loyola University of New Orleans and Gulf Coast College, all major basketball powers.

Dale has not made up his mind where he would like to go to college, but he leans towards Boston University or Western Michigan University.

Good Enough Now

"Dale could be playing major college basketball at any university in the nation right now," claims Bob Wood, University-Liggett School athletic director and head basketball coach.

"He is a fine athlete, a good student and a real gentleman. In fact, he is the best athlete I've ever had the privilege of coaching."

McCarthy has not confined his sport prowess to the court. He is a fine fielding shortstop for the Knight baseballers and raised more than a few eyebrows last season when he successfully stole 19 bases in 19 attempts.

Operating as quarterback on the Cook road school's grid squad last season fleet-footed McCarthy was forced out of action with a collarbone injury and missed the final five games on the schedule.

Still he ended up as the third leading groundgainer on the club.

But it is the world of nets,

comparison to their rival players and teammates. Both can shoot, dribble and pass. Both are true "team" players.

Perhaps the most fitting description of McCarthy's play on the court is to call him a phantom. He always seems to show up out of nowhere, usually with the ball, and is constantly harassing the opponent players.

"Dale is a team player," claims Coach Wood. "He is fully aware that he could score even more points than he does each game just by shooting whenever he gets the ball, but he passes off even more than he shoots."

He's Real Leader

"I think it is this quality that makes Dale a truly great athlete," Wood continues. "He knows that one individual doesn't win ballgames. He is a real leader and his very presence inspires confidence in the rest of the team."

Off the court McCarthy evinces the same aura of leadership that he displays during a cage game.

He presently carries a 2.8 average in his studies at a school where administrators demand academic excellence, and from which nearly 100 per cent of the graduates continue on to college.

"Dale competes in his studies and his non-sport extra-curricular activities just as intensely as he does on the basketball court," Wood emphasizes. "He is a leader within the school community in every respect."

"He is a tough competitor as he is a tough athlete. We find that all the kids respect him for what he is."

Has Great Humility

Although McCarthy is not shy, he is humble and he rarely mentions himself or his accomplishments. In fact Dale is the first man to praise the actions of others.

"Coach Wood has said that my greatest fault is that I don't shoot enough in a game," says McCarthy. "He has a good point, perhaps, but I feel that my teammates can do a really bang-up job with the ball themselves. I have a lot of confidence in them. They make it possible for me to score as much as I do."

McCarthy has drawn the praise of coaches, rival players and their fans.

In one recent game Head Coach Ernie Mellon, of Harper Woods High School, singled Dale out after the contest and told him his performance against the Harper Woods team was the "greatest display of high school basketball prowess I have ever seen."

What does McCarthy do in the summer, while awaiting the start of another school year and another season?

Never Stops Playing

"I play basketball. I have been attending the Cincy Sachs basketball camp each year. I've played with and against some of the fellows now starring in college and the National Basketball Association."

McCarthy also earns his keep by driving a truck for his brother, Bill, in Rosemont, during the summer months. Bill owns a heating firm and he makes it a point to keep Dale busy.

Dale has another brother, Mike, who was an All-City cager at Detroit St. Philip High School in 1965, and two sisters.

"They are my biggest fans," says Dale. "I hope I don't disappoint them."

Hey, McCarthy!

You've got to be kidding me.

GALA GRASSHOPPER PIE

Contributed by Mrs. John Stearns From Grosse Pointe Memorial Church's "Gourmet Pointers" CHOCOLATE CRUMB CAKE

- 1 1/4 C. chocolate wafer crumbs
- 1/4 C. sugar
- 1/3 C. melted butter or margarine

Mix together chocolate crumbs, sugar and butter. Press against bottom and sides of 9" pie plate. Bake at 400° for 5 minutes. Chill.

FILLING

- 1 envelope unflavored gelatin
- 1/2 C. water
- 1/2 C. sugar
- dash of salt
- 3 eggs, separated
- 1/4 C. green creme de menthe
- 1/4 C. white creme de cacao
- 1 C. heavy cream, whipped

Combine gelatin, 1/4 cup sugar, salt and water in top of double boiler. Blend in egg yolks, one at a time. Place over boiling water and stir constantly until gelatin is dissolved and mixture thickens slightly, about 5 minutes.

Remove from heat and stir in creme de menthe and creme de cacao. Chill, stirring occasionally until mixture is consistency of unbeaten egg white.

Beat egg whites until stiff but not dry. Gradually add remaining 1/4 cup sugar and beat until stiff; fold in gelatin mixture, then fold in whipped cream.

Turn mixture into cooled pie shell and if desired garnish with additional whipped cream and chocolate crumbs or chopped pistachio nuts.

Carl's Corner

Well—it's time to forget the bitterness of teacher's strikes, student vandalism, college riots and destruction—and face up to the fact. It's still true that only a very small percentage of malcontents cause all the trouble, and for the 90% of good students (your children) who need, deserve and must have your support now—show your bigness of spirit and vote for the school millage (as the owner of the largest building in Grosse Pointe Woods, it hurts me more than it does you.) But we do have fine schools, fine teachers, and fine students—so back them up and let's punish the hoods in our school and not at the ballot box where it hurts us all.

SCHOOL DRAWING

His gaze is clear. What does he understand?
Yet by his hand
We see his windmills turn, his bridges burn,
And roads run endlessly across the land.
And here—beside a lake where tall trees stand—
A yellow sun shines bright upon the sand.

And still another accolade . . . for Arthur Neef, of Lincoln road, dean of Wayne State University's Law School for more than 30 years until he stepped down in 1968, honored Monday, March 9, when a portrait of him was unveiled in the WSU Law School Library . . . He's the first professor to have any part of the 100,000-volume, three-year-old, \$2.5-million WSU Law Center named after him . . .

School days, school days . . . How they've changed! Time was when classes were a "grind," vacations a time to sit in the sun . . . But who WOULDN'T prefer to spend spring break in England, as participant in a course—for credit, no less—entitled London Theatre Tour whose "requirements" include attendance at four plays, backstage tours and "exploring London and vicinity: Oxford, Cambridge, Windsor, Runnymede and Stratford on Avon?" . . . Patricia Casey, daughter of the E. Paul Caseys, of Rathbone place, jets off next Wednesday from Kennedy with 42 other Centenary College for Women classmates who INSIST upon pursuing another credit EVEN during Easter recess . . . Ah, the DEDICATION of these modern college students! . . .

Rembrandt's the word . . . in Detroit these days, with the Rembrandt Exhibition drawing hundreds of viewers daily to the Detroit Institute of Arts . . . and tomorrow evening's museum visitors have a "plus" in store for them: A program featuring Evelyn Scheyer, harpsichordist, and Faye Turner, lyric soprano, in songs and a music of the Dutch master's century, open the public without charge—but seating IS limited, so it's wise to arrive early—in the Institute's Baroque gallery beginning at 7 o'clock . . . Mrs. Scheyer, born in The Netherlands, and Grosse Pointe's own Mrs. Turner, (her home's in Balfour road), are making "return" Art Institute appearances; they performed at the opening of the 1969 Rolf Nesch Graphic Exhibition . . .

A bit about . . . Faye Turner's background, (we always like to let you know what your talented Grosse Pointe neighbors have accomplished): A Wayne State University graduate, she's sung as soloist with the Detroit Symphony, Meadow Brook Concert Series Chamber Orchestra and Detroit Concert Band . . . her most recent appearance with the latter group being the February performance at Ford Auditorium of American Heritage in Music . . .

"Rembrandt After 300 Years" . . . has, incidentally, proved a "group" as well as an "individual" magnet, drawing clubs and special interest organizations en masse to the Detroit Institute of Arts . . . Next Tuesday's the Detroit Branch English Sneaking Union's evening, (many, MANY Pointers belong to the ESU), including cocktails and dinner in the Rackham Building ballroom with Dr. Frederick Cummings, the Institute's Curator of European Art, after which everyone will walk across the street to the museum . . . Rembrandt remains in Detroit through April 5. General admission is \$1 and the Institute's special exhibition galleries are open to the public until 9:30 o'clock Tuesday and Friday nights . . .

HELP! HELP! HELP! . . . runs the caption on the press release from Vera Nolan, public relations director for the Detroit Society for Crippled Children and Adults, Inc. . . . and since we know Vera, and know she's NOT an alarmist, we figure "HELP!" is something she really needs . . . Seems that, due to problems with data processing equipment, 1970 Easter Seal appeal letters went out to local homes WITHOUT Easter Seals . . . and Vera wants everyone to know every attempt is being made to rectify this mechanical mistake . . . and that a call to the Detroit Society, UN 1-0531, will assure contributors of receiving this year's Easter Seals.

The Alumni Office at the University of Chicago received this note: "I was shocked and grieved to read of the passing of Florence Foley Howard '14. Of all my contacts at the University my association with her was the closest and most intimate. I find it impossible to believe that she has gone on. Yours sincerely, Florence Foley Howard '14."

—Brown Alumni Monthly

During the Frumenical Council sessions a Roman Catholic friend of ours bidding his bishop hom voyage on a flight to Rome found the airport waiting room jammed with well-wishers and dignitaries of the church. As the clergyman boarded the plane he noticed an amble, motherly woman vigorously waving her handkerchief to an elderly prelate who wore the episcopal ring of office. "Good-by, good-by," she called out gaily, adding—rather uncertainly—"Be good."
