

Republican Club Meets on Monday

John Prost, program chair- man, has announced that Wayne County problems and issues will be considered at the May meeting of the Grosse Pointe Park Republican Club. Wayne County Sheriff William Lucas and County Commissioner William Bryant will be the speakers.

The meeting will begin promptly at 7:30 p.m. on Monday, May 4, in the recreation building in Windmill Pointe Park.

Prospective members who wish to attend are asked to call Mr. Prost at 822-8454 or Kenneth Kurtz at 885-8410.

Kidnapper Loses in the End

(Continued from Page 1) twosome led to the climax of a series of events, which had started earlier in the day.

At about 8:15 a.m., three men entered an A&P supermarket, at 12090 Gratiot avenue, in Detroit, and escaped in a 1965 Chrysler, heading out of the city towards The Pointe. At the scene of the crime, an off-duty Detroit policeman became aware of what was happening and, while the bandits ran from the store, he drew his service revolver and fired at them. One of the robbers was wounded in the shoulder.

As their speeding getaway car roared past a service station on Detroit's east side, another off-duty Detroit patrolman, who had stopped to get his car filled with gas, spotted the vehicle and identified it as the automobile used in the A&P robbery, which he had heard about while listening to his police-call radio a few minutes earlier while at breakfast.

Take Up Pursuit
The patrolman left the service station in pursuit of the bandits. As the two vehicles sped towards The Pointe on Mack avenue, the police officer displayed his badge to the three suspects, by driving alongside their car and holding his badge out the window. Ignoring his order to stop, the threesome sped on towards Moross road. At the intersection of Mack and Moross, the bandits attempted to lose their pursuer, but they failed to notice a Lake Shore Coach Line bus, turning east on Moross, and slammed into the side of the large coach, doing extensive damage to their vehicle.

At this point, the trio leaped from the battered auto and attempted to run from the scene. The Detroit policeman also jumped from his vehicle, shouted at the bandits to stop and fired a warning shot in the air. Failing to heed his command, the trio split up and continued to run, despite a volley of fire from the officer's service revolver.

Many Joins Search
Detroit, Woods, Shores, Farms and Harper Woods police were alerted to the incident and a street-to-street, house-to-house canvas of the area was initiated. Detroit police later arrested two of the suspects at their homes in Detroit, after tracing them down through the registration of the damaged auto.

Snatcher

(Continued from Page 1) purse which was later discovered on Johnson's person. He stood mute at his arraignment and a plea of innocent was entered for him by the court. He was put on a \$1,000 two-surety bond. He could not raise the bond and was sent to Wayne County Jail until his court appearance on Tuesday, April 28, in the City of Grosse Pointe. He appeared before Judge Douglas L. Peterson. Johnson admitted taking the purse and stated that he had only lived in the Detroit area for two months. His home is in Georgia. The court found him guilty and placed him on two years probation, the first 60 days to be spent in Wayne County Jail, fined him \$150 plus \$50 cost and ordered complete restitution to Mrs. Allen for any medical bills ensuing from the incident.

Club Sets Up New Programs

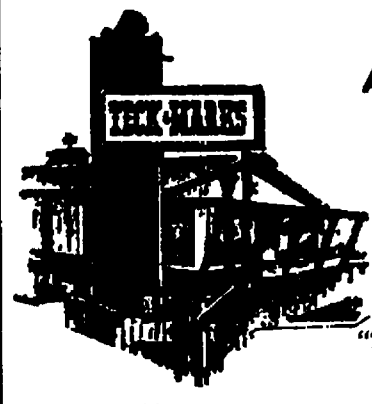

The Neighborhood Club, an organization never lacking in imagination or enthusiasm when it comes to offering a full recreational program, has come up with a few more items on its spring agenda.

The club is offering special horseback riding trips to Sugarbush Ranch this spring, scheduling the dates on Saturdays, May 2, 9, 16 and 23. Cost of the trips includes transportation, insurance and riding.

Pauline Masak, club recreation director, pointed out that all registrations for the trips should be made at least six days in advance.

The club's Teen Center will be the scene of an eight-week introductory course in both boxing and wrestling. Roland Broeman and Robert Chevalier will be conducting the classes on

Serious Threats Produced By Illegal Use of Drugs

By Phil Loranger
 The illegal use of drugs by persons of all ages can pose a serious threat not only to the physical and mental well-being of those involved, but also to unsuspecting persons who innocently become involved through no fault of their own, according to Pointe law enforcement officials.

"It simply stands to reason that the use of drugs is going to cause the general public some real problems," said Detective Martin Trombley, of the Woods Department of Public Safety. "Traffic is one of those trouble areas. Although there is no way for us to identify how many accidents occur in which drug users are involved, it is safe to say that there are a good number of such accidents."

Trombley pointed out that surveys are available from hospitals and the Wayne County Medical Examiner's office on the involvement of drinking drivers in both fatal and injury traffic accidents, but that drug surveys, to the best of his knowledge, are not currently available.

"It is difficult to determine whether or not an accident victim was using drugs for a number of reasons," he noted. "Unlike alcohol, which remains in the blood system, most drugs are absorbed and leave no identifiable residue."

Trombley pointed out that heroin turns to a morphine-like chemical once it is injected into the system and many traffic deaths are blamed on morphine causes, when, in many cases and in all likelihood, the cause of death and the accident was heroin.

"Some drugs leave no residue and others undergo a chemical change," said Trombley. "Compounding the problem is the fact that some of the drug users also take alcoholic beverages, which more than triples the narcotic effect and tends

Farms Employs New Policeman

Kenneth Pine, 25, of 3963 Beaconsfield, Detroit, was hired as the Farms' newest police recruit, with his employment effective as of Monday, April 20, according to information released by Lt. Vernon Sylvester, acting police chief.

The new police officer is a 1963 graduate of Detroit's Southeastern High School, and is married to the former Jimi Sizan Davey of Detroit. They have no children.

Pine is a veteran of the United States Army. He enlisted in the service in April 1964, and was honorably discharged with the rank of sergeant in June, 1968. Eighteen months of his active duty time was spent in the Philippine Islands.

Before joining the Farms Department, Pine was an inspection foreman for Chrysler Corporation.

THE GHETTO SCHOOL . . .

John Solar, Executive Director of the Harlem Neighborhood Association and a resident of Harlem, told the New York Advisory Committee: "Now it really isn't necessary to say to a person, 'I am sorry; you can't have the job because you are a Negro.' What happens more frequently now is that they say, 'You can't have the job because you are not properly educated, you are not motivated, you are not prepared.'"

This is quite damning because you see how this prejudice has operated for so long that now it's no longer necessary to say, 'I don't want you because you are black. I don't want you because you are just not prepared'—and it has been an educational system that has worked to create this condition."

North Presents 'The Desk Set'

The Desk Set, a bright, witty comedy, is the final production of an unusual season at Grosse Pointe North High School.

It will be presented on Friday, May 8 and Saturday May 9 at 8:30 p.m. This delightful comedy concerns "the desk set," a group of girls in the reference department of a television network. Bunny Watson, played by Gina Spagnoli, leads the girls in an attack against the efficiency expert, played by senior Jim Hawks, and the computer named Emmy.

Others in the cast include Cheryl Owens, Betsy Bangs, Mike Gregory, Anne Martin, Claudia Schultz, Tom Tew, Kathy Rogers, Bob Birch, Scott Spagnoli, Dave Gregory, Vicki Pendleton, Phil Beegman, Marianne Motes, Claudia Kay, Shaaring Fisher, and Camille Janicki. Tickets may be reserved by phone by calling 896-8100, extension 79, during the school day, or at the door, \$1.50 for adults.

Theatre North has produced five plays and a Shakespeare Festival during the 1969-1970 school year.

The new theatre, under the direction of Gael Barr, drama and technical director, has many of the features of a good university theatre, including a 48-foot proscenium, a 60-foot stage house, and an automatic lighting system. This outstanding facility is in almost constant use by both North and South High School for instrumental and vocal music, plays, in addition to community concerts, meetings, lectures, festivals and competitions.

This year the theatre was opened with a colorful production of "Mame" which involved over 200 music and drama students. It was followed by "The Star Spangled Girl," "Philadelphia," "Here I Come," and "The Crucible."

Mr. Barr has trained talented and responsible students to assist in the schools and the community in the lighting, staging and operation of the theatre. Members of his play production classes assist in the set construction and running of productions.

It is Mr. Barr's second year at North; he taught and directed for 10 years in Port Washington, Long Island, New York where he produced and directed over 40 student and community productions. A member of the Grosse Pointe Community Theatre, he starred in "The Odd Couple," and directed "Picnic" this season.

Student participation and involvement in the drama program is high at North. Students work in theatre in all phases of stagecraft, including lighting, construction and design. "The Crucible" had a multi-level space stage setting which was designed by senior Dave Strang, who also assists the community and the schools in the lighting and staging.

"A career in the theatre is not the primary objective of drama and production in high school," says Mr. Barr. "The active participation of talented and interested young people working together towards a common goal, assuming responsibility to produce exciting amateur theatre can be something that the student, his parents and the community can be proud of. If the sports program gives confidence, personal satisfaction, understanding and acknowledges the rewards of teamwork, so does the drama program."

Home in Need Of Volunteers

Many married couples, with or without children, may not be aware that there exists the opportunity to become volunteer "Visiting Parents" through the Protestant Children's Home in Grosse Pointe Woods. The Children's Home is an institution designed to help emotionally disturbed youngsters from ages six to 14.

your home on occasional week-end and holiday visits. We have found that this arrangement works best in relatively small families, or with couples who have no children.

Volunteer "Visiting Families" are periodically needed to help provide those children who have contact with the extra attention that only a family can give. To be a Visiting Parent involves bringing a child into

Couples who involve themselves in this type of service must be ready to give of themselves without the expectation of the child responding in kind. They must also be ready to accept behavior which does not always follow the normally accepted pattern as the life experience of these children make it more difficult for them to adjust at home, school, or with groups of children.

In spite of the possible difficulties encountered in dealing with emotionally disturbed children, there are many rewards from this kind of involvement and many gratifying and lasting relationships can be achieved through this kind of volunteer work. It is possible that some of these volunteer arrangements may work into more lasting Foster Home plans.

Most couples prefer to take younger children into their homes. However, the need is greater for families who can accept involvement with children between the ages of 11 to 14. It is preferable because of the ages of these children, that volunteers be at least 25 years of age.

If you feel that you would be interested in opening your home to a child on a volunteer basis such as this, call Mr. Brancato at 886-0800 between the hours of 9 a.m. and 10:30 a.m. or between 12:30 p.m. and 1:30 p.m.

Cottage Enters Hospital Contest

Cottage Hospital has been accepted for consideration for honors in the 1970 PULSE Patient Relations Awards Program by the national hospital newsletter, "PULSE on Patient Relations," Ralph L. Wilgarde, Cottage Administrator, has been informed.

The program is designed to recognize annually those hospitals which are making a significant contribution to improved patient comfort and morale.

Twelve hospitals will receive awards in the eighth annual competition. Final judging, by a distinguished panel of authorities in the hospital field, is scheduled for June. Awards will be made in three categories: best hospital nursing project; best hospital patient relations project; and best hospital newsletter.

Cottage Hospital has entered its internal house organ, "Topics," a monthly publication, and its new quarterly, "The Newsletter," which is distributed to community leaders, Mr. Wilgarde said.

"PULSE" and its Annual Awards Program is sponsored by the S. M. Edision Chemical Co., Inc., a subsidiary of the Colgate-Palmolive Co. The newsletter, which is sent monthly to more than 5,000 hospital administrators and executive personnel, offers creative and practical suggestions for improved patient relations.

**Farms Firemen
Win Promotions**

Three members of the Farms Fire Department have been promoted to higher ranks, closing the command gap created when Michael Beaupre was elevated from captain to chief, on retirement of Chief M. William Mason, several weeks ago. The promotions, which became effective on Saturday, April 25, were jointly announced by City Manager Andrew Bremer, Jr., and Beaupre.

Raised in rank from lieutenant to captain was Warren Schultz; from sergeant to lieutenant, Arthur Turner; and from fireman to sergeant, Samuel Candela.

Chief Beaupre said that each man scored very high in the written and oral tests, for the respective ranks, and that he was extremely pleased with the new chain of command.

Schultz, 48, was appointed to the department in December 1950. He was promoted to the rank of sergeant in October 1961, and to lieutenant in June 1968.

A native of Detroit, he is a 1939 graduate of Southeastern High School. He is a veteran of World War II, and was with the U.S. Army Air Force, seeing service from November 1942 to October 1945. He was with the Air Force in Italy from August 1944 to the time of his discharge in October 1945. He was honorably discharged with the rank of staff sergeant.

In January 1946, he married the former Bernice Tessmer of Detroit. They live at 24573 Fern, East Detroit, and are the parents of two boys, Kenneth, who is attending Wayne State University, and Ronald, a student at East Detroit High School.

Turner, 38, lives at 22624 Raymond court, St. Clair Shores. He has been with the department since September 1955. He was promoted to sergeant in March 1967.

He was born in Detroit, and is a 1949 graduate of Southeastern High School.

He is a veteran of the United States Army. He entered the service in March 1952, and after basic training, was shipped to Korea, where he saw duty for 17 months, and then returned stateside. He was honorably discharged in February 1954, with the rank of sergeant.

In 1952, he married the former Willene Skillman of Detroit. The couple have two children, Vicki, age 9, and Gary, who is 7 years old. Both are students at Bethlehem Lutheran School.

Candela, 41, is a native of Detroit. He graduated from Southeastern High School in 1947. A year later he enlisted in the United States Navy, serving until 1952. He spent several months of his service time in Korea, during the United Nations Action in that country. He was honorably discharged with the rating of petty officer first class.

The new sergeant, while still with the Navy, married the former Irene Brisson of the Pointe. In March 1954, he was appointed to the Farms Fire Department.

The Candelas are the parents of three children, Lawrence, 18, who is attending his first year at Mercy College; Karen, 16, a junior at Bishop Gallagher High School; and Marianne, 9, a fourth grader at St. Philomena School.

In a bulletin to the personnel of the Fire Department, Bremer disclosed that he was proud to announce the promotion of Schultz, Turner and Candela, and offered the trio his warmest congratulations.

South High Musicians Capture Honors

The South High Symphony Band and Symphony Orchestra continue to maintain their standard of excellence. On Saturday, April 25, both of the instrumental music ensembles traveled to Flint to perform in the State Band and Orchestra Festival sponsored by the Michigan School Band and Orchestra Association.

The Symphony Band received first division ratings from all four adjudicators, while the Orchestra received two first division ratings and two second division ratings giving the Orchestra a second division rating.

The Band received thirty individual grades for various aspects of its performance. All but two of these grades were A's. Robert Lint, Head of the Music Department at Hillsdale College wrote about the Band's performance: "As far as I am concerned your performance has placed you in a class by yourselves. Such meticulous preparation, attention to fine details in the music, place you far

above the average high school band. You should have that fine feeling inside that comes only from high achievement, and sharing that achievement with others. Thank you for a musically satisfying half hour."

Louis Potter, cello teacher at Michigan State University, wrote about the Orchestra's performance: "The careful, disciplined attention to important technical details (intonation, balance, bowing, etc.) is highly commendable. This is a fine young orchestra."

Russell D. Reed is the director of both ensembles at South High School. The next appearance of students from the Music Department will be at The Annual Cabaret Party, May 2, at North High School.

At this event the Stage Bands from North and South will perform modern music for dancing and listening. Free refreshments will be served and all proceeds from ticket sales will go for scholarships for students to attend summer music camps.

The Instrumental Music De-

partment of South High School on Sunday, May 17, will present a Spring Concert honoring Dewey D. Kalember, music director at Brownell Middle School who has taught instrumental music in the school system for the past 33 years.

Guild Plans Stag Dinner To Aid St. John Hospital

Fifty-thousand dollars has been set as the goal for the Annual Stag Benefit Dinner for the Saint John Hospital Men's Guild. This, the tenth such dinner, will be held at the Grosse Pointe Yacht Club on Wednesday, May 20. The past Stag Dinner has raised more than a quarter million dollars in support of medical education, research, and capital improvement at the hospital.

Serving as chairman of the dinner committee this year is William B. McIntyre, M.D. of Audubon road. Assisting Dr. McIntyre are William Baker of Fordecroft road, and Eugene Freitas, M.D. of Lochmore boulevard, as co-chairman.

Other committee chairmen are C. Bradford Lundy, Jr. of Ballantyne road, arrangements; Walter R. Cavanaugh of Washington road, dinner; C. Jackson France, M.D. of Berkshire road, medical ticket sales; Roland Rinke at Barclay avenue, lay ticket sales; and Dick Shalla of 20263 Morningside drive, ticket sale coordinator. In addition, more than 70 other men will assist in planning and ticket sales for this event.

The program will feature an address by John A. Riccardo, president of the Chrysler Corporation. Also featured on the program will be the presentation of the hospital's "Man of the Year" Award to Benjamin F. Haddad, M.D., president of the hospital's medical staff, of 738 Balfour road.

The proceeds from this dinner will be used to aid in financing a major addition to the hospital's Emergency Services Center. The addition, scheduled for ground breaking this summer and completion the following spring, will double the space assigned to Emergency Services at the hospital.

The original emergency facilities opened in 1953 at the hospital were designed to provide services to a maximum of 10,000 emergency cases annually. The need for such emergency services far outstripped initial estimates and have grown over the years to a current

rate of approximately 50,000 emergencies served at Saint John Hospital per year. Further, the use of the hospital emergency facilities is currently expanding at the rate of 15 percent annually.

Faced with an increasingly critical shortage of space in the emergency area, Saint John Hospital which now has the largest and most active emergency service program in this area of metropolitan Detroit, decided to expand its facilities without delay.

With the completion of this major expansion, Saint John Hospital will have one of the largest and most modern emergency facilities in Michigan. Further, these new dimensions will allow a smoother, more dignified patient flow and greatly enhance the hospital's ability to provide this most important community service.

There is no medical service or facility in the community which touches the lives of more persons than does the Emergency Service Center at Saint John Hospital.

School Census Slated for May

Residents of the Grosse Pointe School district are reminded that the school census will take place as usual in May.

Because an annual school census is no longer required by law, school officials have indicated that another local head count may not be taken for several years. Therefore, they urge community cooperation so that the data will be as complete as possible.

Besides collecting the standard information provided by all local residents, a special census will again be made of all handicapped children.

The census takers will not attempt to interview each parent of a handicapped child and receive the pertinent data verbally. Instead, the enumerator will leave a special form at each home to be completed by the parents if they have a handicapped child.

These forms are then mailed directly to the school's Department of Pupil Personnel. Through the latter, efforts are

made by school officials and others to provide special education services for handicapped boys and girls.

The local census is supervised by Mrs. Betty Castle with 20 field workers operating out of the Department of Pupil Personnel. All census takers carry an identification card signed by Reginald P. Sienkiewicz, director, and will gladly present it if requested.

The chief reason for carrying such identification is to prevent commercial concerns from posing as legal census takers.

The census must be completed by the end of May.

Lands Big Fish
Jim Gilleran of 544 Perrion, added to the Pointe's growing number of outstanding fishing catches this month, when he hooked a 79-inch, 115-pound Hammerhead Shark, while deep-sea fishing in the warm waters off Fort Lauderdale, Fla.

D'you Know That?
by Paul Schwelker

Why is a "PIGGY BANK" in the shape of a pig?
Origin of the term, PIGGY BANK is traced back to 15th Century England. At that time, household items, such as pots and jars were made of earthenware. The type of clay used was called PYGG . . .

Then, as now, housewives saved coins into jars; which, because of the Pygg clay, were called Pygg Banks.

Centuries later when a revival of Pygg Banks came into being, English potters mistakenly produced Pygg Banks in the form of a "piggy."

Parents Offered Guide On Drugs

Parents, do your children know Mary Warner and Miss Emma?
 Could your sweet, 16-year-old daughter be a chippy?
 Does your son spend his weekends in a shooting gallery?
 Are you aware of how close the world of drugs might be to your family?
 Recognizing that many parents and teachers want and need sound information on drug abuse, the Michigan Society for Mental Health, a Torch Drive service, now is distributing a drug abuse guide for parents.
 Single copies can be obtained free of charge from the society's office, 27206 Southfield Road, Lathrup Village. For larger orders, there is a charge of 15 cents a copy to cover printing.
 The booklet, prepared by F. Gerald St. Souver, chief investigator for the Oakland County prosecutor's office, tells of the effects of drugs widely used by young people and includes a glossary of drug terms.
 In this report, "Mary Warner" is marihuana and "Miss Emma" is morphine. A "Chippy" is a person experimenting with drugs. A "shooting gallery" is a place addicts use to inject drugs.
 How does a parent know if his child is on drugs?
 If the drug in question is marihuana, the booklet says, the user is hard to detect unless he is under the influence at the time. The visual effects may be similar to those of alcohol.
 In the early stages, the user may appear animated and hysterical, with bursts of laughter and rapid loud talking. In addition, pupils may dilate and tremors may be produced. There may be a desire for sweets and the need to urinate.
 In later stages the person is sleepy or stuporous and depth perception is distorted, making driving dangerous.
 The society points out that marihuana does not produce a physiological dependence, but can be psychologically addicting.
 The booklet also alerts parents and teachers to the person who abuses depressants such as barbiturates or stimulants such as amphetamines.
 The barbiturate abuser will appear to have the symptoms of alcohol intoxication, except there will be no odor of alcohol. The student in this category, the booklet says may fall asleep in class, lacks interest in school activities, staggers or stumbles when he walks, is drowsy and appears disoriented.
 In contrast, amphetamines or

"bennies" cause excess activity, with the person irritable, argumentive and nervous. Pupils will become dilated and the user will lick his lips and rub his nose frequently. He is also likely to chain smoke to go long periods without eating or sleeping.
 The booklet discusses other drugs as well, but points out the user of heroin, morphine or LSD is unlikely to do so in a school setting.
 Common general symptoms of drug abuse, the society's booklet says, are poor physical appearance, unusual outbreaks of temper, furtive behavior regarding drugs and possessions, wearing of sunglasses at inappropriate times to hide pupils, association with known drug abusers, wearing long-sleeved shirts constantly and stealing.
 The importance of parents' becoming informed about drug abuse is pointed out by William W. Wattenberg, chairman of the Mental Health Society's Committee on Mentally Ill and Emotionally Handicapped Children and Adolescents.
 "In contrast to other problems of the psychological nature," he said, "dependence upon drugs and habituation to the mis very difficult to reverse."
 "There is no easy or surefire way now available for overcoming the personality and behavior changes which are the surest sign a boy or girl has been drawn into the drug scene. Parents must therefore be advised to be alert for signs their sons or daughters are being attracted and should be vigorous in discussing with their children the very real risks involved."

Schuyler Proves Top Fire Sleuth

Schuyler is a big, black, year-old Newfoundland, dearly loved by his owners the Richard P. Doerers of 300 Washington road, but that's about all that was very special about him until last Friday, April 24, when within minutes Schuyler became a HERO... a dog of prominence.
 For that was the night Schuyler discovered a fire in the carriage house in back of the Doerer residence in time to prevent a catastrophe.
 At about 9:55 o'clock Schuyler was in the kitchen eating, (which is one of his favorite pastimes), when suddenly he began barking, growling and pacing between the kitchen and porch. Mrs. Doerer thought he was complaining about the food again and disregarded his grumblings. But Schuyler persisted. Finally, Mrs. Doerer went into the kitchen and discovered Schuyler peering out the back door. She joined him in his peering and was shocked to see flames spurting out of the window of the carriage house.
 She called the City Fire Department who responded immediately. They raised ladders to the window sill, broke the window and extinguished the fire within minutes. The fire apparently started from a cigarette which had fallen onto a chair or sofa in an area just below the window.
 When firemen entered the apartment it was filled with smoke. There was extensive heat and smoke damage from floor to ceiling. They removed the built-in bookcase to check further fire spread.
 Firefighters worked almost two hours ventilating the apartment and removing debris. Estimate of the damages was not available at this writing.

They'll be feeding the christians back to the Lions again tonight, Thursday, April 30, at St. Paul Catholic High School gym, but there will be a difference this time.

The National Football League Detroit Lions have agreed to play the combined faculty basketball teams of St. Paul and St. Lucy Catholic Schools. The Lakers are hoping the St. Clair Shores imports will help them towards victory in the benefit cage game.

Broken Windows Reported in City

City police received reports on April 22, April 23 and April 24 regarding broken windows.

The first came from Robert Kuhn, superintendent of Norbert P. Neff Memorial Park, who said a baseball had been thrown through a window on the east side of the building.

The second report came from Mrs. Longyear Palmer, 393 Washington, stating persons unknown had broken six of her garage windows.

The third came from Dr. F. M. Barrett and Dr. D. A. Thill who reported a rear window at their offices at 17220 Mack had been shot out by a BB gun or pistol.

Scoring the Pointes

Ah, yes! Now that the teenage population of Florida has returned to normal and many Pointe youngsters are sporting tans that are a dead give-away of a southern Easter trip, the athletic endeavors of all six Pointe-area high schools have been resumed, with perhaps, the biggest news coming out of North High School.

Led by the amazing Rick Schott and scrappy Mick Reese, the Norsemen harriers have been demolishing their track opponents at a regular rate, claiming two state Class 'A' titles and romping to a fifth-place finish in the star-studded Mansfield Ohio Relays.

Following these early-season displays of grandeur, the Mercury-footed Norsemen took on Clintondale in their first league meet on Wednesday, April 15, and the Mount Clemens boys are still wondering what hit them. The final score was 102-16, as North shattered quickly as Clintondale hopes for victory.

Coach Tom Guarke has his boys blazing across the cinders and it looks like nobody is going to stop them.

The Norsemen haven't been standing around on the baseball field either, as their record to date indicates.

Playing their first game under sunny skies on Monday, April 13, the Norsemen battered University School by a count of 13-0, as sophomore Tom Clem hurled a one-hitter and banged out three hits in a strong performance.

Boyne Country Condominiums

Jungfrau
 Reminiscent of Switzerland's most dramatic and well-known mountain, the "Jungfrau" provides a towering accent to the Boyne Country village concept. The Jungfrau's five-story reach assures a magnificent view of Boyne Country, Boyne Mountain, and surrounding terrain.

Bounestadt
 Right in the heart of Mid-America's skiing, golf and recreation mecca—BOYNE COUNTRY. The Bounestadt condominium village is nestled at the foot of fabulous Boyne Mountain and overlooks world-renowned Boyne Mountain Lodge.

Arlberg
 As vast as the Austrian Alpine Ski country after which it is named, the Arlberg apartment building houses 12 apartments and is the largest of all buildings in the Bounestadt Condominium village complex.

Mont Blanc
 Recalling memories of Europe's highest mountain, the "Mont Blanc" building sets in quiet majesty in the Bounestadt complex. The two-story Mont Blanc building houses 4 apartments keyed to discriminating tastes and offers broad vistas of the entire area.

4 seasons of recreation

Skiing at all the famous Boyne Country areas—Boyne Mountain, Boyne Highlands, Thunder Mountain, and Walloon Hills—from November through April.

Golf at the magnificent 18-hole championship mountain course, 9-hole par 3 course within walking distance from the village, plus a golf training camp for youngsters—and only a short drive away, the challenging 18-hole, Boyne Highlands course, (already one of the top ten in the nation), designed by Robert Trent Jones plus the 9-hole par 3 Highlands course—72 holes of golf.

Deer Lake Four-Seasons Beach Club to serve golfers, swimmers, boaters and fishermen whose beautiful white beach and private club house with dining and locker room facilities offers the ultimate in lakeside fun. The prime sandy beach, much of which shelves out at a gentle slope as far as 300 yards before youngsters can get chin-deep, is the lake's chief allure. Water is crystal clear and, because the half-mile wide lake is nestled like a jewel in a bowl of hills, waves are never so high that a fisherman would become endangered by high winds. It also has a good ice shore, regardless of wind direction, for water skiing at any time of the day.

Deer Lake has long been noted as a bass and pike angling lake and abounds with bluegills, sunfish, and perch for the neophyte angler just learning to handle a fly rod. What's more, several small trout streams flow through the Deer Lake area just south of the lake and are readily accessible by good roads.

A fleet of rental boats and sailing craft will be available to guests—and a launching ramp will be provided for club members desiring to bring their own. A private road connects the Boyne County Four-Seasons Beach Club with Bounestadt just a mile away to the eastward.

WOMEN'S PAGES

From Another Pointe of View

by Margaret Burns

You might think it proper, following Earth Day, to let the grass grow under your feet . . . but the Women's Association of Grosse Pointe Memorial Church certainly isn't.

The members are right in step with the current ecological concern and have asked Mrs. William G. Milliken, Michigan's First Lady, to speak to them at their annual May Tea to be given Tuesday, May 12.

Mrs. Milliken has had an interest in gardening and landscaping for a very long time. It's natural that in the present time her scope has broadened to include the total environment. She will speak to the guests on "An Ecological Attitude."

Mrs. Armistead Burwell is chairman of the affair which will be held in the church at 1:30 o'clock. Tickets, she notes, are available at the church office.

An Aquarian Carnation

It may be the annual Carnation Ball, given by the Junior Women's Association for the Detroit Symphony Orchestra, but the theme for the affair this year will be "The Age of Aquarius . . . all of which makes this traditional evening an extra gala occasion.

The evening, chosen by the astrological experts for the ball, is this Saturday, May 2, at the Detroit Golf Club. Festivities will begin at 6 o'clock and guests will dance until the small hours to the strains of Phil Skillman and his orchestra.

Honorary Chairmen of the ball, which concludes the association's activities for the season, are Mayor and Mrs. Roman Gribbs while Honorary Celebrity Chairman is Mrs. Jeanne Dixon. Behind the scenes hard workers are: general chairman, Mrs. Frederick Fishback; patrons and reservations chairman, Mrs. Phillip Mebus, and decorations chairman, Mrs. Richard Torley. Preceding the ball, Mr. and Mrs. Hugh Harness will

This is an appointment book.

It's big and thick and has lots of lines and columns and we try to adhere to it faithfully. Mostly we do. Sometimes we err. Because somebody before you took a little longer than we anticipated. Because another somebody was unavoidably late. Sometimes just because we're human. When we do, we try to make the waiting as short as possible. The point is this: if you'd like an appointment book that, takes itself seriously, see us. Ours isn't perfect. But it tries harder.
