Some of the general problems with the local recreational picture lack of parental concern and involvement, lack of outlets for non-athletic teenagers and too highly structured leisure time activities.

Some of the possible solutions offered were channeling the teenagers into some sort of volunteer activity, (especially those in the 14 to 16-year-old age group), in the summer months, utilizing athletic teenagers as coaches for young children's sports, and more effectively promoting existing programs.

Will Invite Teenagers
All participants felt that any further sessions should include teenagers who could tell the group what type of programs they would like to have.

Just such a meeting was slated for next week with a representative group of middle school and high school youngsters from private, public and parochial schools.

Warren Trafton, of the War Memorial, Glenn Stevens, of the Neighborhood Club and Louise TeWalt, general chairman of the FLEC seminar, will lead the youngsters in discussion on possible new recreational programs and methods of selling these programs to other teenagers.

Hopefully through communication with our youth, constructive and entertaining recreational outlets can be created for them that will keep them too busy, too happy and too productive to become involved in the drug scene.

(Continued from Page 1) sewer lines, with all but 84 cfs going into the creek. This is what caused the hue and cry from irate residents living near the banks of the canal, who complained that the pumped storm waters overflowed the banks into their back yards.

A recent Detroit charge that the Park is still polluting the creek, resulted in an investigation by Waterways Commission agents, who, it was stated, could find nothing to substantiate the charge.

City Attorney Richard Rohr informed the council that the Park has the right, under an existing contract with Detroit, to pump any amount of water, above the 84 cfs, into the creek.

Slonge then pointed out that if the Park was not allowed to pump as it is doing now, there would be flooded Park homes, and cited the time several years ago, when during a very heavy storm, the pumps failed to operate, and 900 homes in the city had flooded basements.

The city manager said that in 1958, it was estimated that the cost of completely eliminating the outlet into Fox Creek, and tying into lines to treatment plants in Detroit would cost \$650,000. But, that was 12 years ago, he said. Today, the cost would be much higher.

"We fully realize our responsibility in the matter and we want to do everything in our power to remedy the situation," Slonge said. "As things stand, now, we have a contract with Detroit, which was fully approved by Detroit after the sewer line was constructed from our pumping station. We have been abiding by that agreement."

"However, in the interest of good inter-city relationship, we are willing to sit down with representatives of Detroit, and with agents of the State, in an effort to resolve this problem."

Slonge said that in regard to a recent statement attributed to Gerald J. Remus, general manager of the Detroit Water Department, that the Pointes are being subsidized by Detroit for storm sewage treatment, he disagrees with this, that is, as far as the Park is concerned.

The city manager said that for a number of years, the Park has been paying Detroit \$55,000 a year for storm sewage treatment, at a rate of 32 1/2 cents per 1,000 cubic feet. Detroit issued a directive last year, informing all of its customers that the rate must be increased to 65 cents a 1,000 feet. The new rate went into effect January 1 of this year.

This, Slonge said, means that the cost is doubled, and the Park must pay \$110,000 a year, and possibly more, depending on the amount of storm water and sewage recorded on reading meters. The new cost is in-

Most Households Full of Bombs

By Pepper Whitelaw

Don't dab it... powder it... polish it... dust it... massage it... whip it... or spread it. SPRAY IT!

Have you looked around your home lately and realized just how many of the old standard household containers have faded into oblivion only to be replaced by the aerosol spray?

Let's start in the kitchen. The polish with which you shine your appliances... the stove cleaner... the room deodorizer... whipped cream... cheese spread... cake frosting and non-stick liquid for pans.

How about the bathroom? Let's see, room deodorizer... mirror cleaner... tub cleaner... bath oil... bath powder and deodorants.

In the normal bedroom we find hair spray... hair gleamer... perfumes... colognes... dusting powder... foot powder.

Had enough? Or may we add fixative for charcoal art... bug spray... rose spray... skin lotions... anchovy paste and are you ready for this one? Makeup fixative.

Products do change with the times. In this hurry-up society of ours it would appear that we just can't take the time to powder our feet, dab our cologne, spread our cheese, frost our cakes or ingeniously lay little traps for ants.

Funny too, since half of the time the darn aerosol cans give way before you're half through with the product, then you find yourself faced with the frustrating realization that there is no way on earth to get the rest of the product out of the can short of setting fire to it. (which according to the label, could result in blowing off your right side.)

I'll bet at this very moment

Meeting Shifted By School Board

The regular monthly meeting of the Grosse Pointe Board of Education will be held at 7:30 p.m. on Monday, June 1, in the auditorium of South High School, 11 Grosse Pointe boulevard.

Mrs. Paul G. Hykes, president of the Board of Education, will chair the meeting. Dr. Theos I. Anderson, Superintendent of Schools, will present his recommendations for the trustees' action.

Date of the meeting has been advanced one week because of the school trusteeship election which will be held on June 8.

The public is cordially invited to attend.

Summer School Program Offers Many Opportunities

A varied program of summer school activities at all levels has been planned by The Grosse Pointe Public School System. Started to begin on June 22, registration is already underway for both the elementary and secondary programs.

"Once again summer school offers outstanding educational opportunities," Dr. Joe Spagnoli, Assistant Superintendent, said this week. He added that the student who needs strengthening in basic skills or who wishes enrichment programs will find the summer session a rewarding experience.

Maire and Barnes Schools will house the elementary programs, while middle and senior high courses will be held at North High School.

Among the offerings for the elementary level are courses in arithmetic, reading, and language skills. Enrichment activities include instrumental music and art.

In addition, this year fifth and sixth graders may enroll in computer mathematics, which will be taught at North High School. A special program in science, also to be conducted at North, will also be available to upper grade children.

Enrollment fees for the elementary program are \$17.50 for each one-hour course, plus fees for various materials and supplies used in specialized courses.

Information on the summer school program can be obtained by calling 885-2000, extension 13 or 17 before June 22. On or after June 22 information on the Barnes program may be obtained from 884-6770, on Marie at 885-5520. For information on the computer math and science courses, to be held at North High School, call 886-8100.

Courses designed for middle school students wishing to have been planned in reading, language skills, and arithmetic. Enrichment offerings include typing, sewing (both beginning and intermediate), art, computer mathematics, pre-algebra, and science.

The seventh and eighth grade science courses are "Comparative Anatomy," a laboratory study approach to dissecting various animal groups and making a comparative study of their anatomical relationships.

Youth Accused As Bad Driver

Gary R. Miller, 19, of 24636 Lambrecht, East Detroit, was arrested by Woods police on Sunday, May 24 and charged with careless driving.

According to Patrolmen David Schmaltz and Stuart Gerow, they were patrolling Blazo's lot, Mack and Bournmouth, when they observed Miller, speeding in the lot, about 45 miles an hour. Also, the patrolmen said, the youth's car was making extremely loud noises.

They said that there were a number of pedestrians in the lot and several cars parked. They arrested Miller and took him to the station, where they issued him a violation ticket.

Miller was released on \$35 bond pending a court hearing scheduled for June 17.

Antique Sterling Silver Missing

Pieces of antique sterling silver, valued at about \$1,000, were reported stolen or misplaced by Mrs. Virginia Spurrier of 261 Kenwood road on Tuesday, May 19.
 Mrs. Spurrier told Farms police that she had packed the pieces in a black leather suitcase, to take to a safe place away from her home, and placed the items on the kitchen counter. This occurred on May 15, and she discovered them missing on May 18. She said she delayed making a report on the chance that she had put them somewhere and had forgotten where.

JAMES PHILIP DANAHER, Jr. was graduated from the Johns Hopkins University, Baltimore, Md., on May 27. Jim is the son of MR. and MRS. JAMES P. DANAHER of Colonial road.

Dr. Haddad Named St. John Hospital's 'Man of Year'

Benjamin F. Haddad, M.D. of Balfour road, was named Saint John Hospital's "Man of the Year" at the hospital's 10th annual \$100 a plate benefit dinner. Dr. Haddad, president of the Saint John medical staff, received this annual award for his leadership and achievement in the provision of exemplary health care services to the community served by Saint John Hospital.

In accepting the award, Dr. Haddad stated, "As there are many members of the medical staff equally or more deserving of this award than myself, I accept the 'Man of the Year' award only as a representative of the medical staff." Dr. Haddad went on to thank all the lay members of the dinner committee and those in attendance for their contributions to the community through their support of Saint John Hospital. "In this way," he concluded, "you add to the quality of life and happiness by saving the lives and preserving the health of those we serve."

The dinner was attended by a record 342 businessmen, physicians and friends on Wednesday, May 20 at the Grosse Pointe Yacht Club who gathered to honor Dr. Haddad, to lend their financial support to Saint John Hospital, and to hear the guest speaker, John J. Riccardo, president of the Chrysler Corporation.

In departing from his prepared text, Mr. Riccardo cited the contributions of business to society and called upon all businessmen to speak out about

Market Rubbish Irks Residents

A number of determined Grosse Pointe court residents were in attendance at the City of Grosse Pointe council meeting on Monday, May 25, requesting the City to require Packer Foods on Mack avenue to fence in its parking lot adjacent to the court to prevent paper and debris from blowing down the street and onto the lawns.

Speaking for the residents was Louis S. Leland, M.D. who indicated that the only "bad neighbor" in the vicinity was Packer Foods. He stated that employees often neglect to close the dumpster located on the parking lot and the unsightly debris often is blown onto residents' lawns. He said that at least twice a day residents are forced to pick up trash coming from the supermarket's lot.

Floyd Bracy, of the real estate department of Allied Foods, indicated that he was not sure that all the debris was attributable to Packers although he did admit that when he surveyed the area some three weeks ago the dumpsters had been left open. He said the situation has improved since then and the employees cautioned to be more careful when disposing of trash.

He assured residents that if the City Council would put the request for a fence in writing his company would be more than happy to comply with the request.

Campaign to Save Animals

Photo by Cynthia Webers

DAVE SEEFELT, member of ZAP, is pictured with a "Bush Baby", one of the rare species of animals this group is attempting to save from extinction. This "Bush Baby" belongs to the George Campbells, of Lincoln road, who brought it back from Kenya, Africa, last year.

By Pepper Whitelaw

Don't sock it to 'em . . . ZAP it to 'em! ZAP is a non-profit organization dedicated to the conservation and perpetuation of endangered species.

The group was organized by local teenagers George R. Campbell, of Lincoln road, Barbara and C. Warren Cressman, of Lochmoor boulevard, and Laurie McHargue, of Lakepointe avenue.

Their initial goal is to stop all commercial trade in products made from endangered species. This includes all the spotted cats whose fur is used for coats, trim and accessories, (shades of Gina Lollibrigida); sea turtles used for tortoise shell, leather goods, and edible by-products; and crocodiles, caimans, alligators and various species of snakes used for leather goods.

The means they are employing are searching out, evaluating, studying and disseminating scientific, educational, literary and practical information and taking appropriate action accordingly.

The youngsters told the NEWS that they recognize environmental pollution as a major cause of the destruction of wildlife and support action to clean up air, water and soil. They also recognize that the most basic problem of wildlife destruction is human overpopulation. They said they strongly support organizations which are working for a zero growth rate.

They realize the necessity for major efforts to breed, in captivity, many species of wild animals who no longer have available to them sufficient protected indigenous habitat and place high value on the Zoo Bank concept.

They are committed to sup-

porting individual efforts for the perpetuation and conservation of wildlife and legislation to protect the environment and its habitants.

The youngsters said that each aspect of the destruction of our environment is totally interrelated within the ecosystem. Desecration in one area is indicative of or leads to degeneration and deterioration of the whole system.

'Soapy' Eyeing Supreme Court

Former Governor G. Mennen Williams, of Tonawanda place, announced on Tuesday, May 19, that he will re-enter Michigan politics as a candidate for the State Supreme Court.

At his side throughout the conference was his two-and-a-half-year-old granddaughter, Lee Ann Williams. Williams told reporters that he would be a justice mindful of the Biblical injunction, "to do justly, and to love mercy, and to walk

humbly with thy God." Williams told his supporters, who gathered in the Detroit Hilton Hotel, that his "entire career has been concerned with the law" . . . 12 years as governor during which he was involved in writing, interpreting and administering state laws and his contact with international law as Undersecretary of State for African affairs and U.S. Ambassador to the Philippines.

For 59-year-old "Soapy" Williams, once one of Michigan's greatest Democratic vote-getters and its governor for longer than any other man in history, it was the opening of his eighth major campaign. This is his first since his defeat for the U.S. Senate in 1966.

T. John Lesinski, former lieutenant governor who is chief judge of the Michigan Court of Appeals, already has announced his candidacy for one of the two

How to think clearly

Many today try to tell us how to think. Sometimes it's hard to know when you are doing your own thinking.

But there's a good answer. You have the God-given right to think clearly for yourself.

Your ability to exercise this right continually comes when you discover that God is the real Mind of man, and that you can listen to God for direction.

If you'd like to know more about this, you'll enjoy hearing the Bible Lesson read in our church this Sunday.

Won't you join us.

Police Arrest Drinking Driver

Phillip John Rieger, of Roseville, was issued a violation by City police on Wednesday, May 20, for driving under the influence of intoxicating beverages.

He was first observed by Cpl. Edmund Benthuys driving through a red light eastbound at Cadieux and Mack. Rieger continued east, using both lanes and driving down the center of the street. Benthuys pulled him over at University.

Rieger said he had been out with the boys. He had to have help into the police car. He was taken to the Woods station for a breath test and issued the violation. He was released on \$50 bonds and given a court date of June 9.

Arsonist - Set Fire Damages SHS Bleachers, Press Box

A deliberately started fire caused extensive damage to the press box and bleachers on the Grosse Pointe South High School Athletic Field on Sunday, May 24.

Farms Fire Chief Michael Beaupre, who said there is no doubt that arson has been committed, said the alarm was sounded at 2:55 p.m. Firefighters extinguished the flames within 10 minutes after arrival, but remained at the scene for more than an hour, checking the damage and to make sure the fire did not restart.

The flames destroyed a section of the bleachers, and went through the press box floor, up one wall and to the ceiling, the chief said. The damage is estimated at approximately \$2,000.

Farms Patrolman Otto Gianert

and Donald Dewey, dispatched to the area to direct traffic, said on arrival they found the bleachers and press box in flames.

As they were directing traffic and keeping spectators at a safe distance, two witnesses approached and reported that they saw two boys, about 13 or 14 years old, underneath the bleachers. The witnesses said they saw the pair toss a small object into a pile of mats, which burst into flames immediately. The youngsters ran from the field toward Kercheval and then down McMillan and disappeared.

The only description the witnesses could give was that one boy had blond hair, and was wearing dark trousers and a red shirt. His companion had brown hair and was wearing white levis with a blue top.

Glanert and Dewey searched the vicinity without success.

MAKES COMPLAINT

Mrs. Rosemary Linde of 477 Allard, complained to Farms police on Wednesday, May 20, that someone tossed a full can of beer through the glass of her upstairs bedroom window. She said she found six full and two empty beer cans on her front lawn, following the incident.

MAKES OFF WITH MINIS

Ralph Stevenson, 365 Roosevelt, called City police on Friday, May 22, to report the theft of two mini-bikes from his garage on Saturday, May 23.

It takes very little to satisfy people who are self-satisfied.

Postmen Plan Annual Picnic

The letter carriers and employees of the Post Office throughout the Greater Detroit area, including those from the Grosse Pointe branch, Mack and Warren, will hold their 33rd Annual Letter Carrier Benevolent Fund Picnic on Saturday, June 27, and Sunday, June 28, at King-Animaland Park.

Proceeds from the outing will provide funds for the Letter Carriers Benevolent Fund, which pays sick, death, retirement, health and welfare benefits to the letter carriers, their widows and children, not covered by their employment.

Your postman, along with his colleagues of the Post Office, urge your support, which would be greatly appreciated.

Tickets for this worthy project may be obtained from your "favorite letter carrier" at any time. See your postman for tickets, without delay, and prepare yourselves for a good time.

Slate Inner City Symphony Dates

Three Detroit school teachers and a 14-year-old student will have solo roles with the Detroit Symphony Orchestra in a Symphony project that includes visits to 22 inner city schools and programs for adults in two neighborhoods.

Marion Wright, who teaches music at White Elementary School, Ann Thompson, a music teacher at Edmonson Elementary School, and Conwell Carington, a music teacher at McKenzie High School, will be featured as vocal soloists.

Lewis Franklin, an eighth-grader at St. Francis De Sales, will appear in a narrator's role.

Each of the soloists will appear in at least one of a variety of programs the Symphony will offer during its round of visits in the community.

The project was launched on Tuesday, May 26, when contingents of Symphony players performed for students at Thirkell, Angel and Webster elementary schools and at Jefferson Junior High.

The Symphony player complement is divided into two orchestras of 50 members each for all of the student performances scheduled through June 4. Each orchestra has its own conductor and a separate itinerary of schools to visit.

Valter Poole, associate conductor of the Symphony, and Paul Freeman, who will join the Symphony musical staff as conductor-in-residence in September, will preside over the

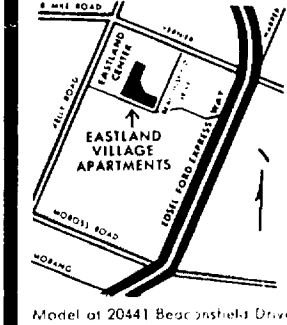

two orchestras.
 The Symphony will supplement its in-school programs by presenting, for the first time, two free-admission evening concerts for the adult community.

These concerts will feature the full 101-member Orchestra, the first program to be conducted by Paul Freeman at McKenzie High School, Wyoming and Oakman, Friday, May 29, at 8 o'clock and the second by Valter Poole at the Pershing High School, Seven Mile and Ryan, Saturday, June 6, at 8 o'clock.

The over-all project was recently awarded an "innovative program" support grant by the National Endowment for the Arts and is being administered in conjunction with the music department of the Detroit public schools.

runners and stopped all threats by the Phillies. Hud Mead got the first home run of the season with two out in the fourth. The Phillies collected five hits with Ken Miller hitting a triple and a single for the losers.

The Astros showed the league that they will be contenders this year with strong hitting, 12 hits, and only two errors. The Astros chalked up their second straight victory on May 12 by beating the Yankees 14-4. They received excellent pitching by Larry Coughlin who pitched a one-hitter and tight fielding by Joe Cronwell, John Beebe, Tom Hollerbach, and Randy Book.

The only time Larry had trouble was in the third inning when the Yankees scored four runs. Tom Conway got the lone hit for the Yanks and Howell was the losing pitcher. With this victory the Astros moved into a tie for first place.

MAJOR LEAGUE

On May 18 the Dodgers beat the Cubs by a score of 17-3, the largest score of the year. Dodger pitcher Tom Birk allowed only two hits, one a long double by Cub Neil Blondell. The Dodger hitters were Steve Coates with four hits, Mike Dowdy, Bob Harwood, Warren Waggett, John Tulloch and John Cantwell with one hit each.

On May 20 Dodger pitcher John Cantwell threw an exceptional game while shutting out the Cards 5-0. Cantwell allowed only two hits while striking out 14 Card batters. The Cardinal hitters were Bill Mazer and

Clark Standish. The score was 1-0 for four innings but then in the fifth the Dodgers scored four gib runs for the final score.

The runs were scored by a long home run, his second, by Doug Brown and hits by Mike Dowdy, Mike O'Hare and Win Fisher.

Dowdy led all Dodgers with three hits in four trips to the plate. The Dodgers have six batters over .300, led by Coates, .411; Brown, .400; O'Hare, .384; Fisher, .388; Dowdy, .333; and Montague, .300. This solid hitting plus a stingy defense have the Dodgers only one-half game behind the leading Braves.

G. P. FARMS Class "C" League

Saturday, May 16, Rochester shut out Syracuse 3-0 in a no-hitter with Joe Kanan the winner and John Case the loser. They had nine and 10 strikeouts respectively.

Sunday, Miami outlasted Buffalo 8-7 with Tom Thurber the winner and Andy Murphy the loser. Chris Champagne had two extra base hits in 2 times for Buffalo. Kevin Rinke's three-run homer and Thurber's 18 strikeouts were the margin for Miami.

Tuesday, in a closely played game it was Toledo over Buffalo 4-1. Pat Vanderboom with

15 strikeouts took the win and John Rea took the loss fanning 11. Buffalo's Gottfredson had a double.

Wednesday, in another close game Richmond took Columbus 6-5. The game was decided in the sixth when with the two Heidt boys on base, Tim Gallagher slammed a home run.

Thursday, in another scoring rampage Rochester slaughtered Miami 23-8. Randy Walworth took the win and also had a triple and Mike Clabault a double.

Major League

Sunday, May 17, in a makeup game the Pirates took the Red Sox 5-4. John Knipp won his own game with a bases loaded single in the seventh inning.

Tuesday, the Phillies defeated the Tigers 13-3 in a well pitched game by Steve Bogan who went the route giving up only four hits, striking out five and getting two hits to help his own cause.

The same day Cleveland clobbered the Pirates 15-3 with Chick Taylor having a perfect day with four for four including three doubles and three runs batted in for the winners. Drew Miller picked up the win fanning eight and Knipp the loss with 12 strikeouts. Corbett had a homer for the Indians and Kurt Studine a double for the Pirates.

Friday, it was the Indians on top again over the Phillies 4-0 in a rain shortened game. Dave Case was the winner allowing only one hit and Rick Thomas took the loss.

Saturday, the Yankees outlasted the Pirates 10-8. Two homers by Rick Hawley of the Yanks was the difference. Jim Marshall had a homer for the Pirates.

Triple "A" League

Sunday, May 17, Hawaii downed Sacramento 5-3 with Kevin Kreger getting a no-hitter and fanning 16 batters. Ralph Basile had two hits for the winners.

Monday, the Portland-Hawaii game was called with the game a tie and will be continued. Barlow and Elvidge had triples and Kreger a homer.

Tuesday saw Phoenix win their first game by defeating Denver 10-0. Phoenix pitcher Bob Marshall fanned 10 to give his team its best performance yet. A fine relay play in the last inning, Toenjes to Marshall to Large, preserved the shutout.

Wednesday, Louisville topped Newark 5-2 in a game that was very close till the fourth when Louisville got four hits and brought them all home. Bielski

had seven strikeouts in three innings. Bryk and O'Chalek had extra base hits for the winners.

Thursday, Hollywood downed Sacramento after the later got off to a two-run lead in the second. Hollywood came back with the big innings to assume a lead they never relinquished. Jim Teetzel, Mike Naimish and Hart Mecke had doubles for Hollywood and Frank Willard got the win with 10 strikeouts.

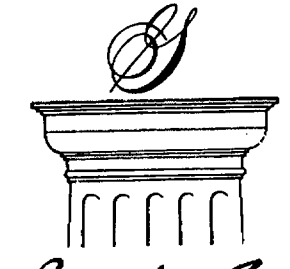

Saturday, it was Hollywood the winner over Hawaii 5-3. Mike Naimish pitched a strong game, fanning 16 and contributing two doubles to his cause. Tom Wilson and Harvey Kulka also had doubles for the winners. Dick Scholl took the loss while fanning seven.

Dear Editor: On May 14, 24 selected students were awarded the honor of receiving a Phi Beta Kappa certificate at Ford Auditorium.

What Goes On at Your Library

By Virginia Leonard

William T. Peters Guest Columnist:

To make use of a public library, a prerequisite is the ability to read, right? Wrong, some of the most avid users of libraries are unable to read a single word of print. They are the visually handicapped, the totally or partially blind. Public Library service to the blind in this area is not new. As early as 1912 the Detroit Public Library started such a service at one of its branch libraries. In 1919, a separate room was set aside for American Braille and New York Point books, and in 1932 Wayne County assumed area-wide responsibility.

This is a was-brown.

But no more. Now it's a cool, beautiful blonde that looks as though it came right out of the land of the midnight sun. Actually it didn't. Actually it came out of one of our little miracle-making bottles. And it only took a couple of hours. And it didn't cost much at all. And it did more for the girl that did it than a month of beauty sleep. If you're a brown that would like to be a was-brown too, see us. And be an is-blonde. Or an is-anything-your-little-head desires.

D'you Know That?
 By Paul Schweitzer

Ever wonder why the names of some Fruits are used as nicknames . . . Some to flatter—some to knock?

For example, a person might like to be called "THE Berries"; but not a "Prune". It would be nice to refer to your wife as a "Peach" or even a "Sugar Plum"; but never, never a "Tomato". You would be in good with "Apple of My Eye" and "Top Banana"—but out on a limb with "Nuts", "Sour Grapes", "Pickled", and "Lemon".

And if you ever want to get in the game of coining new words, here are more fruits for you to pick . . . No one has ever been able to do anything with oranges, limes, grapefruits, and apricots.

Offer Sessions At Camp Cavell

Camp Cavell, the YWCA of Metropolitan Detroit's resident camp for girls, is now accepting registrations for its 50th year of operation. The camp is open to girls of all faiths, races, social and economic backgrounds and provides a real learning experience for all girls in a day when the understanding of others is so vital.

This summer four two-week sessions are being offered: June 21 through July 3, July 5 through July 17, July 19 through July 31 and August 2 through August 14.

Located 90 miles north of Detroit near Lexington, Camp Ca-

vell bases its program on the interests of the girls and in providing experience a girl cannot have in an urban setting.

While traditional camp activities such as swimming, horseback riding and crafts are available the real emphasis is on the group living experience that only a resident camp setting can provide.

Special leadership training courses are available as an elective to girls age 15 through 17. Such courses are supplemented by work experience sessions with certificates awarded to those who complete the program satisfactorily.

Registration information for all Camp Cavell summer sessions is currently available from the Camp Cavell Office, 2230 Witherell, Detroit 48201, WO 1-9220; or from Macomb Branch, PR 2-4434, 15900 East Ten Mile road, East Detroit.

Cost for a two-week session is \$75. Horseback riding and bus transportation are optional. Membership in the YWCA is required and can be obtained at the time of registration or from the local branch.
