When Brouckson could no longer hear footsteps upstairs, he shouted that he was coming up and ascended the stairs. Seeing that the bandits were gone he called police from a bed-room phone because the kitchen phone had been ripped from the wall.

The case has been assigned to the Detective Bureau.

"We are pointing out through display materials and the mass media that it is safe to travel in Michigan and at the same time telling where to go, what to do and how to arrive safely," Measel said.

Since the "Bring 'Em Back Alive!" campaign began, Auto Club has been pointing out that eight of every 10 fatal accidents happen near the victim's home and involve motorists not on a holiday or vacation trip.

To point out that "Bring 'Em Back Alive!" is more than a slogan, Measel referred to 11 state wide traffic safety studies which have been conducted.

The latest study titled "Portrait of a Year, 1969" which was released earlier this month, contains Auto Club's proposed legislative attack on Michigan's leading traffic safety problems.

DONALD J. SEMMLER

SCHOOL BOARD CANDIDATE

"For two years, we've allowed our School Board members to be selected and controlled by a local political group that believes

- That our school system should not be held strictly accountable to the community . . . in fiscal matters or any other;
- That budget policies that permit the wholesale dismissal of teachers while preserving administrative contingency funds are not to be questioned;
- That the constructive philosophies that have built Grosse Pointe have become outmoded and irrelevant in today's society;
- That it AND IT ALONE is qualified to determine who may and who may NOT be a member of the Board!

"As an independent candidate, I reject these beliefs as detrimental to our children's education and divisive to our community. "As your School Board member, I would-

- Make the Financial Department report directly to the Board, taking it from under the control of the administrators, to provide a long-overdue means of fiscal check-and-balance;
- Institute a budget format that would be a more understandable and workable fiscal control tool so that costly non-educational spending and excessively-large contingency funds could be more readily identified and eliminated:
- · Provide for programs that would make our children aware of the legitimate hopes and dreams of our generation . . . so our children could, then, advance safely and surely beyond to their own dreams;
- Establish one criteria for all my decisions: Is this truly in the best interests of the entire Grosse Pointe School District?

Spring Vacations at Home, From An Expert's Outlook

Although vacationers longingly look forward to a summer break and a trip north, there are certain advantages to reserving a springtime slot for a "break" and spending it within the confines of one's own home. I am living proof of both counts.

For the first three days of rain, you busy yourself with those "behind" activities, reassuring yourself that the weather can only get better and that inside activities are not half bad. By the fourth day of rain, your temper begins to grow short and rationalizing fails to soothe

On the fifth rainy day, you just give up and plan a full inside schedule. While in the midst of this secondary activity, the sun breaks through, the temperature shoots up to sum-mer-like readings and you abandon your schedule, feverishly working out a new one, which will keep you outdoors for the remaining nine days.

GIRLS' SOFTBALL

The probability of organizing over 165 girls, procurring sponsors, finding coaches, dividing teams and scheduling games, without many difficult problems. seemed very doubtful last March. However, this without a doubt; has been the most successful softball season ever, thanks to the efficient management of Mrs. Nancy Mahoney, Softball Director, and the fine

Farms Offers Swim Classes

The Farms Pier is preparing to begin another season of swimming fun and is once again offering an extensive swimming instruction program, according to program director Ed Lajer.

Onehalf hour classes will meet twice weekly, betwen the hours of 10 a.m. and 4 p.m. The eight lessons per session are free of cost for Farms residents.

Swimmers can register for for the following classes, on Saturday and Sunday, June 20 and 21, at the First-Aid room at the Pier, between 10 a.m. and 4 p.m.: Tots — children of ages two through four years, with a parent; Junior Lifesav. ing-ages 11 through 15; Senior Lifesaving — 15 years of age and older; Synchronized Swimming — girls over 12 years; and Beginning, Advanced and Expert Diving classes.

Registration will be held on the same day for Non-Swimmers, Beginners, Advanced Beginners, Swimmers, Competitive Swimming, Intermediates and Mothers' classes.

Farms Conducts Tennis Tourney

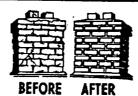

Farms residents, who are tennis buffs, are being urged to register for a special "ladder" tournament, which will be held at the Farms Pier, starting on Monday, June 22, according to John Eckenrode, tournament director and Farms Pier tennis instructor.

A "ladder" tournament is one in which all participants can challenge a person up to two spots above his own ranking. A refusal to accept a challenge results in the forfeiture of one's position.

How long the tournament will last, depends directly on the number of registrants. Registration is being held at the Pier from now through June 14. There is a one-dollar registration fee.

For further information, residents are urged to contact Eckenrode at the Pier or to call Pier Director Ed Lauer.

Pointe **Counter Points**

The look At Walton-Pierce . . . is fresh as a just picked flower. Crisp white daytime cottons are printed with azalea pink and stem green, edged at the hem with matching ball fringe. Evening dresses of breeze-like white organza are etched with a floral motif and flounced at the hemline, in front showing the ankle, in back sweeping the floor (a preview of the Spanish in-fluence sweeping into the fall fashion picture). There's also a sophisticated and bewitching shaping of black organza with a touch of color at the waist. This is a look for summer we really love because it's so great with a tan and shining hair.

When You're Complimented . . . by a New York hairdresser on the cut and color of your hair, you know you are doing the right thing and going to experts in Grosse Pointe. (New York hairdressers are highly critical). This has been our happy experience even when we carried with us our own toning rinse Nino recommended we take on a recent trip. We always get the basics done at Leon's, 17888 Mack Avenue, and say "thank you" for the compliments in New York. Call TUxedo 4-9393 for an appointment.

Easy On The Eye . . . the budget . . . and upkeep . . . are the new slacks, skirts and tops at Mitchell's Boutique, 17864 Mack Avenue. They are good looking and are kept that way simply by machine washing and drying. Prices range from ten to twenty dollars. Starting now, there is a summer sale with drastic reductions.

PILFERINGS

A young African becoming a Christian turned over three fetishes to a missionary. One was a bottle of medicine which he said had protected him on journeys; one was a nut filled with medicine which he claimed had protected him against beatings by colonial administrafors; and the third was a root which he said had "got him his girl friends." When the missionary returned to the States he brought the fetishes with him, and when he spoke before various congregations frequently passed them around for the parishioners to see. "Somehow, somewhere," he reports, "the root disappeared."
