PRESIDENT NIXON, announcing his second cabinet change in four days, revealed Wednesday that Secretary of Labor George P. Shultz will become director of the new Office of Management and Budget. Shultz, who has headed the Labor Department since the start of the Nixon administration, will be succeeded in the labor post by his undersecretary James Hodgson.

PREMIER ALEXEI N. KOSYGIN accused President Nixon of trying to dictate to Indochina and said the President is following a "policy of the medieval past." In a major speech for Sunday's Supreme Soviet election, Kossygin made the hardest attack by a Kremlin leader against the United States since Mr. Nixon took office.

A RUCKUS, touched off by the arrest of a youth who was drinking wine on the beach of Dodge State Park Number 4 in Oakland County, Thursday, resulted in clashes between youths and police. There were reports of rock throwing by youths and clubbings by police, but Pontiac hospitals reported no injuries requiring hospital treatment. Police fired tear gas to break up a group of youths who had taken refuge in a rest area near Cass Lake beach. Nineteen persons, from 18 to 22 years of age, including four girls, were arrested in the melee.

Saturday, June 13
MELVIN HANDELZALTZ, 27, of Oak Park, who worked for Quinn Cheesers Inc., was carrying at least \$35,000 in cash in the trunk of his car, when he was shot and killed Friday in a bizarre holdup attempt involving a kidnapping and a long 100 mph freeway chase. Handelzaltz was driving northwest on I-96 at the Wixom Road exit at 9:40 a.m. when a man driving a white Dodge attempted to force his car off the road. The man then jumped out of his car and fired three shots at Handelzaltz, hitting him once.

PRESIDENT NIXON NAMED a non-member commission Saturday to seek causes and cures of campus unrest and violence. Mr. Nixon signed an executive order creating the President's Commission on Campus Unrest. The chairman is William W. Scranton, 52, former Republican governor of Pennsylvania.

HUBERT H. HUMPHREY saying he would not again actively seek the presidency announced Saturday he is a candidate for the U.S. Senate from Minnesota. "I am running for the Senate with every hope of being elected and every intention of serving out a full term of six years," the former vice-president said.

A CAMBODIAN MILITARY spokesman said Monday the Vietcong have cut the Phnom Penh-Bangkok Highway, leaving the capital with only one road open to the outside world. The spokesman said Cambodian government troops recaptured Kompong Speu, 25 miles from the capital with help from Vietnamese airborne troops but that Highway 4 from Phnom Penh to the port of Kompong Som was still closed.

DR. REMUS GRANT ROBINSON, the first black man to be elected to the Detroit Board of Education and the first to promote school integration in Detroit, died early Sunday morning in Ford hospital. Dr. Robinson, 64, was stricken with cancer during the winter and had been hospitalized for two months.

THE SUPREME COURT Monday exempted from military service all young men who oppose war on strong ethical or moral grounds, even if this opposition is not based on religious belief. The draft law, said Justice Hugo L. Black, provides exemptions for "all those whose consciences, spurred by deeply held, moral, ethical, or religious beliefs, would give them no rest or peace if they allowed themselves to become a part of an instrument of war."

Thomas Leah Will Retire On July 1

Woods City Councilman Makes Decision After Serving Eight Years in His Post; Officials Express Regret

Woods City Councilman Thomas E. Leah, an eight-year veteran at his post, on Monday, June 15, announced his resignation from the city's governing body, claiming that, since both he and his wife are officially retired, it was time to "start enjoying life." The retirement becomes effective on Wednesday, July 1.

Leah retired from his position as safety director with the Uniroyal Corporation on July 1, 1969, after 41 years with the firm.

He was first elected to a Council post in the Woods in 1962, after serving for a number of years on that community's planning and recreation commission. His present term of office was due to expire in 1972.

Woods Mayor Kenneth McLeod and the Council accepted Leah's resignation with regret, pointing to his years of dedicated community service and his "outstanding record of accomplishments in helping the city."

Chester Petersen, Woods City manager, told the NEWS that, according to the City Charter, the Mayor, with advice from the Council, will appoint a new member to the Council to fill the vacancy, until the post can be filled officially during the next city election, slated for April 1972.

"I am truly sorry to see Councilman Leah retire," said Petersen. "Although I can understand his reasons and his desire to fully enjoy his retirement with his wife, Mary, I'll really miss him. He leaves be."

Vacation Time Means Start Of Torture Period For Mom, Claims One in the 'Know'

NEWS Staffer Covers the Pitfalls of Summer 'Break' from Barbecuing to Bee Stings; Hopes for Better Things
By Pepper Whitelaw

Hey mom, it's here. The time of year you've been looking forward to for months. The time when your youngsters are home all day. Isn't it beautiful?

For those with grade school youngsters it means pop stains on everything... peanut butter stuck in the most incredible places... bee stings... mosquito bites... sunburns AND the most fun-feature of all, the neighborhood children. You know the ones I mean. The ones whose mothers act as if you are their private baby sitter... the ones who don't call their youngsters for lunch... the ones who never have a ride to the park and crowd into your two door sedan as if it were a Volkswagen bus.

For those mothers with teenagers it means a sippy-topping around the house in the mornings so as not to wake the Junior, who has been up half the night watching the late, late show... keeping the refrigerator well-stocked so you don't have to hear that age-old "there's nothing good to eat around here" complaint... convincing him that since he is at home he could do his chores on a lawn mower basis such as lawn mowing... hedge trimming.

Or if your "dream teen" is a girl, convincing her that washing, doing the dishes or helping with lunch, doesn't make her a member of the establishment. Looking for a quiet spot in which to relax, away from all those arms and legs and bell-bottom jeans and heated discussions about "life" (as you as an adult will never know it).

Getting used to wearing cotton in your ears to avoid hearing that music??? that is playing all day long... then turning to the teenagerless neighbors on either side of you to explain that the music is part of the teenage culture. Trying to get into the driveway with a teenager's car, a Peugeot, and two bicycles parked smack square in the middle.

Ah, well take heart mom, when September rolls around you'll be at the window as usual with tears in your eyes and guilt in your heart, reminiscing about summer. That's life!

Outdoor Education Pilot Program Proves Popular

By Pepper Whitelaw

Watching the sunrise from one of the highest of the Fish Hills... identifying birds of every description... savoring the fragrance of wild geraniums, violets and trillium... discovering the wonders of nature... that's Outdoor Education, a pilot program initiated locally by Mrs. William Klingbeil, for fifth graders at Liggett School... one of the most exciting innovations in the educational scene in years.

Mrs. Klingbeil organized and planned the program, then presented it to Frank Sladen, Jr., of Liggett, who agreed to participate.

Outdoor Education, according to Mrs. Klingbeil, is a method of teaching that stresses direct experience. She said, "It has been proven that youngsters learn more quickly, retain knowledge longer and develop better appreciation and understanding through direct experience."

This program gives the youngster the opportunity to experience democratic living, decisions and develop the ability to live closely with his peers. It gives the urban child the opportunity to "live in" an environment completely alien to him... one free from the every day distractions and stimulations of city life.

The program also gives the teachers an opportunity for a unique rapport not always possible in the classroom.

The planning of the three-day-outing was an integral part of direct experience. She said, "It

Cause of the crash has not been determined.

Those Pointe students were Homer Ferguson Bellz, John W. Ditzler, Jr., Murray F. Robertson, Henry John Schulte III, and William G. Self, Jr.

North High School's star basketball player, Michael B. Zenn, of Prestwick road, has received an appointment to the Air Force Academy in Colorado Springs, Colo.

Police, Firemen In Midst of Wage Hike Negotiations

Talks Still Underway with Respective City Representatives; Park Personnel Seeking State Labor Mediation; Contracts Expire July 1

The policemen and firemen associations of four of the Pointes are in the midst of wage negotiations, which are in varied stages of discussion. The public safety officers of the Shores Public Safety Department are not undergoing negotiations. All contracts expire July 1.

It was disclosed in the Shores that requests for higher wages are drafted by the officers and presented to the Village trustees by the chief. The trustees study the demands and act upon them. Neither the Village nor the officers have representative negotiation teams. The public safety officers are not affiliated with any union, it was disclosed.

Farms to Buy \$36,718 Fire Apparatus

Will be First City in Area To Own 1,250-Gallon-a-Minute Pumper; Delivery Within 10 Months

At its regular meeting held on Monday, June 15, the Farms council authorized the purchase of a \$36,718 diesel engine Seagrave V-8 cylinder pumper for the Fire Department. The new equipment, which will replace the 21-year-old pumper now in service, will have power enough to pump 1,250 gallons of water per minute.

Fire Chief Michael Beaupre informed the council that the Farms had been well served by a Seagrave pumper from 1919 until 1949, at which time the present pumper, a Mack, was purchased. This truck is now 21 and will be 22 years old by the time the new truck is delivered.

"Under an insurance rating system throughout the United States," the chief said, "fire-fighting apparatus over 20 years old can affect the insurance rating of the community. This is because after 20 years, the fire truck manufacturers are not obligated to keep parts, and if anything should go wrong with the truck, that is, if a part is needed, there could be difficulty in obtaining the part."

The Mack in service now, Chief Beaupre said, is still in excellent condition, even after it had been driven 17,000 miles, and it is very reliable, but it would not be good enough because of its age, for a first line of defense.

In order to retain its existing insurance rating, fire fighting trucks must, and should be replaced every 20 years, the chief added.

The Farms is rated a fifth class city by the insurance companies, and if it maintained its old fire trucks much beyond the 20 years, it would drop to a sixth class city, and the fire insurance premiums to the citizens would be much higher.

The Mack truck in service can pump 1,000 gallons of water per minute, the chief said. The new equipment, can pump 1,250 gallons of water per minute, and if needed, up to 1,400 gallons per minute.

When delivered, Chief Beaupre said, the Farms will be the only community in the Detroit

Near-Miss Bike Accident Draws Warning from Police

By Phil Loranger

What started out as a pleasant outing on his bicycle on Sunday, June 14, for a seven-year old Woods youngster, ended up in near tragedy because he disobeyed two safe-biking rules.

On a cloudless afternoon, the child decided to take a short trip on his two-wheeler, but he failed to let his parents know that he was going to travel on the roadway. This was his first rule violation. The second violation was not long in coming and it almost cost the young boy his life.

At the corner of Van K and Canterbury, the youngster ignored a stop sign and pedaled straight into the side of a moving automobile, the driver of which was obeying the rules and was

Expect Even More Gifts This Month

War Memorial's 1970 Campaign Goes Over the Top; 5,116 Families Contribute \$85,885.50

Grosse Pointe War Memorial Association is very happy to announce that its 1970 Annual Family Participation Campaign has gone over the top. William J. Croul, Treasurer of the Board of Directors and Chairman of this year's drive, reports that \$85,885.50 has been received to date from 5,116 families. This is just slightly under the figures for the previous year which, on June 16, were \$86,701.43 from 5,210 donors and exceeds the \$85,000 established as the figure necessary to maintain the Center in the new fiscal year beginning August 1.

The final follow up letters were just mailed last week and it is expected that as a result, further gifts will be coming during the remainder of this month and next. Also for tax reasons, many gifts will be received at the end of the calendar year. Gifts to the Memorial are income tax deductible and are gratefully received whenever donated.

Thanks Extended

The Honorable Neal E. Fitzgerald, President of the Grosse Pointe War Memorial's Board of Directors, on behalf of the Association and the Center's staff, wishes to take this opportunity to thank all the Memorial's many loyal supporters in the five Grosse Pointes for their timely and much needed donations which will be used to maintain the Center's handsome buildings and grounds throughout the coming year. This plant will serve as the uniquely beautiful setting for an expanded program of classes, concerts, theatre, exhibits, lectures, forums and wholesome entertainment which will make Grosse Pointe War Memorial a community center in every sense of the word bringing together children and adults from all five Grosse Pointe communities. These activities are self sustaining and free programs are included too plus services such as hospital equipment loan and cancer supplies without charge. The Center will continue to serve and house hundreds of Grosse Pointe groups and organizations at cost thus maintaining the way of life the men who died in World War II, Korea and Viet Nam fought for and to whom Grosse Pointe War Memorial is dedicated.

The Grosse Pointe War Memorial Association wants to thank all the volunteers who helped with solicitation, recording and acknowledgement of gifts and the Grosse Pointe News for their excellent publicity for the campaign, their reprints of ads and their weekly publishing of the names of donors all without cost. To this list of donors the Memorial wishes to add with sincere thanks the following names:

of this experience for these Liggett youngsters.
Mrs. Klingbeil worked with Mrs. Tracy Tingley, science teacher, and Mrs. William Williams, fifth grade teacher, in coordinating the program in the science, homeroom, English and geography classes.

The basic curriculum included both required and elective study. (The children were so enthusiastic many of them selected more than one of the electives to work on).
The required study included the history of the Potawatomi Indians and early settlers, topography and geology, conservation of plant, soil and wildlife.

After this the students went on to learn about birds, rocks, minerals, insects, ponds, swamps, bogs, plants, trees, forests, animals, wildlife and astronomy. (Stargazing was an exciting phase of the outdoor classroom).

Preparing for the venture involved shopping and planning menus. (This was a revelation to many of the youngsters who hadn't realized how important a job their mothers have in planning daily meals).

Comments from the youngsters who participated in the program are indicative of how successful the outing was. Karol Hopkes said, "The trip taught me we should all help to make this world a better one by saving the animal and pond life. . . I especially liked climbing to the top of one of the hills and watching the sun come up."

Jeri Burns particularly enjoyed the flowers on the hillside. Faith Elizabeth Davis enjoyed watching the farm animals with their young. All of the youngsters enjoyed meeting Mr. and Mrs. Richard Schaffer, owners of Valley Farm, who donated the facilities for the program.

Also traveling with the entourage were Liggett seniors Martha Klingbeil and Debby Dahlben, who served as senior aides.

The recent nationwide celebration of Earth Day has revealed that environmental problems are one area in which the "over 35 establishment" group and young people can agree it's a step toward bridging the generation gap painlessly and productively, in which Outdoor Education could play an important part.

It would be well if we could prove Albert Schweitzer wrong when he said, "Man has lost his capacity to foresee and forestall; he will end by destroying the earth." Programs like Outdoor Education can prevent this terrifying possibility.

Lt. Selby pointed out that youngsters are out of school now and more children than ever are riding bikes and playing near the streets, especially in residential areas.

"I want at this time to remind motorists, parents and the children to be extra careful in these residential areas," he said. "Parents should remember that children under 12 cannot ride their bikes in the street without parental permission. Let's get together so we all can enjoy a safe summer in traffic."

area to have such a powerful pumper. Detroit has new equipment with only 1,000 gallons per minute pumps, with its old trucks used as reserves.

"I am very pleased that the city council has approved the purchase of this much needed fire truck," the chief said. "I am also happy that we will be the first city in the area to have such a powerful pumper, and predict that eventually, after they see our new truck, other communities will also buy equipment with such powerful pumping capacity."

"In all probability we will never pump more than 1,000 gallons of water per minute in fighting fires, but the reserve power is there if it is needed."

At the meeting Monday night, a representative of the Seagrave firm, informed the council that the new pumper will be delivered within approximately 10 months.

The city solons awarded the firm the contract for the truck on the company's bid of \$36,718, less \$2,000 trade-in for the old pumper. The representative agreed, on behalf of his firm, to permit the Farms to offer the

old truck to the highest bidder, approximately 90 days before the new truck is delivered. This, the council explained, is because the sale offer is expected to realize more money for the city than the trade-in value.

City Manager Andrew Bremer, Jr., told the council that \$30,000 was put into the 1969-70 budget in anticipation of the purchasing of a new pumper, and that an additional \$8,000 is in the 1970-71 fiscal budget, more than enough to cover the cost of the new apparatus.

President Fleming of UM Speaks on Campus Unrest

Dr. Robben Fleming told a Grosse Pointe audience Thursday night that today's campus unrest is a reflection of the turbulence of the larger society. In a talk at Parcels auditorium, sponsored by Grosse Pointe Citizens for Education, the University of Michigan president said, "We are not isolated from society. You will find on campus all the problems you find outside."

He mentioned some of the societal problems which affect universities, the major one at present being the Vietnam war, which is highly unpopular on all campuses.

In addition, students are conscious of environmental problems. "Their lives are ahead of them, and they want something done now."

He commented on the race problem: "A terrible cancer in our society. Young people see that." On affluence and poverty side by side: "Students don't understand why we should let anyone starve."

He talked about student activists in a series of concentric circles, with a tiny destructive core at the center — people who regard themselves as true revolutionaries but who do not appeal to large numbers of students.

This group of 25 to 35 persons might expand to 200 in a

given situation, "but it could expand to 2,000 with a Cambodia, or 5,000 with a Kent State."

"Students felt that Cambodia was a betrayal," he said. He believes the fact that U of M was not in session because of trimester scheduling saved the campus from violent eruption at that time.

"Try to see things through the students' eyes and you can understand their feelings," he said. "The young person is frustrated when told he should

work within the establishment. We must convince him we're not completely corrupt."

Dr. Fleming feels it is not possible on major campuses today to be without trouble. "There are too many tensions in society. One cannot avoid trouble. And it may be that at any given point in time there are no good options."

"No one who has spent his life in the academic world suffers less than heartbreak when he sees some of the things happening on campus today,"

he said. "But the whole world is in disarray."

During the question period Dr. Fleming clarified the recent "10 percent black admissions" agreement. He said it was an agreement to fund only, with no relaxation of admission standards.

He also denounced any automatic expulsion of students for taking part in disruptive activities.

Following the program, Mrs. Edward Hanpeter, on behalf of Grosse Pointe Citizens for Edu-

cation, presented Mrs. Paul Hykes with a check for \$100,000 for the purchase of highlights of her eight-year Grosse Pointe Public Library, term on the Board of Education.

City Pool Use On the Upswing

City of Grosse Pointe Pool Director Thomas Gauerke reports that pool usage at the City park has increased significantly this season. On many occasions the pool usage has been double that experienced in previous years. Mr. Gauerke feels that heating the pool has brought about the increased usage.

City Manager Thomas Kressbach reports that some \$19,000 worth of improvements were made to Neff Memorial Park this spring. Improvements include remarciting both the large and wading pools, heating the large pool and relocating the bike racks adjacent to the gate guard.

FLEC Education Committee Submits Seminar Findings

By Pepper Whitelaw
 The Family Life Education Council of Grosse Pointe recently conducted an "Action Seminar" during which outstanding leaders of organization and professions met and discussed possible programs in their related fields which could help fight drug abuse in The Pointe.

This week the NEWS spoke with Mrs. Perry Porter, chairman of the Education Committee who felt the session was particularly productive. Mrs. Perry said over 20 persons were in attendance including Roger McCaig, Grosse Pointe Public School System Curriculum Associate - Department of Instruction; Richard W. Kay, Director of Community Services, Grosse Pointe Public School System; Father Robert Rokusek, St. Ambrose High School, Sister Evelyn Piche and Sister Tarianne DeYonker, St. Ambrose Elementary School and Frank Sladen, Jr., University-Liggett School, Liggett Campus. Organizations represented included Grosse Pointe South Mothers' Club, North High Parents' Club, The Junior League, NARCO and a number of area churches.

According to Mrs. Porter, it was the intent of this group to use a three pronged exchange of information on programs now being planned concerning drug abuse, school curriculum, church groups (hopefully they need initiated programs for after school and summer hours), and adult education (here adults will receive drug education information and education on adolescent drug abuse).

Mr. McCaig's questionnaire within the Grosse Pointe Public School System revealed that youngsters in upper elementary and middle schools are at the best age to be presented with information on chemicals and health habits. The public schools have plans for such a program and many materials, audio-visual aids have been secured, previewed and evaluated and are available to community groups by contacting Jane Colsher at 885-2000 extension 15 or 30. The school system also provides lists with information as to the content and age group suitable for its audio-visual aids. The education committee found that there were no on-going programs on drug abuse being offered on a regular basis in any of our local churches. Mrs. Perry indicated however that she and a core committee are currently working toward this end with church representatives.

Within the Adult Education field the committee suggested that church groups, local organizations both social and civic, sponsor and register one or two

of their members in a course called "Drug Scene II" which begins Wednesday, October 7 at the War Memorial and which is sponsored by the University Center for Adult Education. The program deals with remedial aspects of the drug problem as it occurs in home, school and community. The leaders of this course are Dr. Donald Caldwell, research director of the division of Psycho-Biology, Lafayette Clinic and Dr. Adolfo Brane, M.D., director of Islandview Adolescent Center, and consultant to the Wayne County Juvenile Court. Enrollment is limited to 35 persons. The course will be held on Wednesday evenings from 7:30 to 9:30 p.m. for six to eight weeks. Fee will be \$30. Any persons interested in taking the course should contact University Center in Grosse Pointe at 886-9490. The course has been "custom-designed" for Grosse Pointe. During the course members will also discover why and what pressures of our society make it necessary for youngsters to escape by using drugs.

In order to assure the on-going effort of the education committee five members Hazel Porter, Bill Bryant, Nancy Ulmer (who has helped a current program of drug education for Father Rokusek, Dick Kay and Richard School), Dick Kay and Richard School, volunteered to meet as a smaller group to research some ideas forwarded by the Education Committee and report back to the entire workshop group on its findings in a follow-up session this summer.

Center Offers Yacht Cruises

Not everyone owns a yacht. Not everyone has access to a yacht and among those who do, many people prefer not to become obligated.

Grosse Pointe War Memorial last summer came up with the perfect solution to this situation by obtaining the donation of a very fine yacht for two cruises for its patrons. Because they were so successful, the Center is repeating this arrangement for its members and guests this year and doubling the number of cruises.

The Memorial's private yacht cruises this year will be offered Friday evening, (July 31, from 6 to midnight; Saturday, August 1, for a day trip, 10:30 a.m. to 4:30 p.m., and again in the evening of August 1, 6 to midnight. A final Sunday cruise is scheduled for day time 10:30 to 4:30. The day cruises will go through Lake St. Clair, up as far as Harsen's Island, and the night cruises are planned for downriver past the city lights. The captain, however, reserves the right to alter the course of the cruise if weather conditions deem it advisable.

The cruises will each be limited to 25. They are for adults only. The yacht itself is a brand new 57' luxury diesel with sun and verandah decks, a handsome salon and several staterooms.

Guests for each cruise will find free protected parking available for them at the foot of Parkview from which location the cruises depart. On board there will be set-ups for cocktails. On the day cruises, there will be delicious box lunches prepared by the Center's own catering staff and on

No-Fishing Ban Eased in Pointe

Although some of the edge has been taken out of fishing enjoyment this season for many Pointe sportsmen by the discovery of poisonous mercury in Lake St. Clair, a recent easing of the no-fishing ban will serve at least to restore some fun to the "sport" part of fishing.

Governor William Milliken less than a month ago imposed a no-fishing ban in the waters of Lake St. Clair, concerned that fishermen would ignore health warnings and eat the fish. Such a move would leave sportsmen and their families wide open to the dangers of mercury poisoning, an illness which is usually fatal, but when it isn't can leave the victim with severe brain and nerve damage.

One of the most popular spring and summer pastimes in The Pointe, especially among the youngsters, is fishing. The governor's ban threatened not only to spoil a good time for these Pointers, but it also would have forced the cancellation of the Farms Annual Fishing Rodeo and a similar such annual event in the City.

The ban was amended last week, allowing fishermen to "catch and release" fish, but strong emphasis was placed on the "release" and fishermen were warned strongly not to eat their catches until final tests on fish from the lake were released by the U.S. Food and Drug Administration.

It may be tainted, but at least there will be fishing again in The Pointe this year.

The world's first jet-propelled machine was wild rumor.

Moderates Surprised at Kerner Report

Among many remarkable features to the study, perhaps the most obvious is that it was written at all. Most important to remember is that it was not written by radicals, but by white and black moderates. Many members of the commission reported shock and agonizing surprise and voiced deep concern that something be done about the white society that had created this radical monster. This summer take the interesting and easy reading Kerner report with you and help yourself, your friends and America understand that they are the white problem and the key to the solution.

**Farms to Pick
'Junior Miss'**

The Grosse Pointe Farms Regatta will be held on Saturday, July 25, and Sunday, July 26. One of the highlights of the annual event will be The Grosse Pointe Farms Junior Miss Pageant slated for Saturday evening at 6:30 o'clock at the Pier.

The winner of the Pageant will travel to Pontiac where she will compete for the title of Michigan Junior Miss, prizes and scholarships including a \$1,000 Coca-Cola Scholarship, and an all-expense-paid-trip to Mobile, Ala. where she'll join other girls from all over the country in America's Junior Miss Contest and the chance to win scholarships of over \$4500.

The contest is judged on the basis of scholastic achievement, judges conference and mental alertness, creative and performing arts, poise and appearance and youth fitness.

The Grosse Pointe Farms Junior Miss will share \$600 in scholarships and prizes with all contestants.

For further information call chairman, Mrs. Richard Hudson at 882-9861 and send in the application form which appears in this week's issue of the NEWS this page. Entry blanks are also available at the Pier.

**GP City Council
Grants Approval**

The City of Grosse Pointe Council on Monday, June 12, approved the recommendation of City Manager Thomas Kressbach, to purchase two used 1970 model jeeps at the purchase price of \$3,000 each. New jeeps similarly equipped would cost the City approximately \$4,300 each. Public works personnel have examined the equipment and indicated they were in excellent condition. Purchasing this used equipment will save the City approximately \$2,600, less the cost of undercoating, equipment transfer and possible cab modification. The jeeps will be purchased from James Camp of St. Clair Shores.

Two applications for erection of signs were also granted Monday evening. The first to Baskin-Robbins Ice Cream at 17021 Kercheval and the second to William R. Bryant, Jr., at 17008 Kercheval.

Both signs conform with the City guide lines regarding signs. The Baskin-Robbins sign was approved with the restriction that the sign on the rear of the building be placed on a timer and not illuminated between the hours of 10 p.m. and 9 a.m.

The Bryant sign request was granted on a temporary basis as proposed.

Library Offers Summer Films

The Grosse Pointe Public Library is once again offering a summer film program in each of its three agencies.

The purposes of such a series is to give pleasure and introduce our younger patrons to books, thus helping them make good use of leisure time. As always, there is no admission charge.

A four week series of feature length films is aimed at those entering grades 6 through 8. The films are based on popular books such as FANTASTIC VOYAGE, BELLES ON THEIR TOES, MY FRIEND FLICKA, and THE CALL OF THE WILD. When a boy or girl goes into grade 6, the library issues a wallet-size borrower's card, which is used through 8th grade. It is known as a "Middle School" card.

Librarians are asking that these cards be shown by those attending the film programs. The times and places are:

Tuesday: Central Library—2 p.m. June 23, June 30, July 7 and July 14.

Wednesday: Woods Branch Library—1:30 p.m. June 24, July 1, July 8 and July 15.

Thursday: Park Branch Library—2 p.m. June 25, July 2, July 9 and July 16.

Younger audiences will have the opportunity to sample their programs for six weeks. These one-hour-long programs will include short features, and films based on such books as ALICE IN WONDERLAND, JOHNNY TREMAIN, and THE DOUGHNUTS, from the book HOMER PRICE, by Robert McCloskey. They may be seen on these days, places and times:

Thursday: Central Library—11 a.m. June 25-August 6.

Friday: Woods Branch Library—11 a.m. June 26-August 7.

**Thief Mails Back
Woman's Wallet**

Mrs. Sherod B. Scott of 24 Elm Court, lost her wallet to a thief on Thursday, June 11, and it was recovered in a mail pickup box at Fisher and Maumee by a mailman about two hours later.

Mrs. Scott told Farms police that she was shopping at Wrigley's on the Hill, 107 Kercheval, and her purse containing the wallet was in a food cart with her groceries. When she was at the counter checking out her goods, she discovered the wallet gone.

She said that the wallet contained her driver's license, personal papers and about \$20 in bills and change.

At about 6:12 p.m., Mrs. Scott received a phone call from an official at the Grosse Pointe Branch Post Office, who informed her that her wallet had been found in the pickup box. The contents were intact, but the money was missing.

Library Offers Summer Films

Friday: Park Branch Library—2 p.m. June 26-August 7. No programs will be shown on Thursday, July 2, or Friday, July 3.

Through the cooperation of Parcels and Pierce Middle Schools, both auditoriums have been made available. Central Library has a limited seating capacity of 168. Should this be exceeded, there will be second showings of the programs for younger children. If possible, attendance at the branch libraries is advised since there is no seating problem.

Film programs have been planned by Mr. William T. Peters, Assistant Director and Head of Audio-Visual Department, and children's librarians. Book lists for beginning readers through grade 8 have been prepared by the children's librarians.

Burglars Visit Farms Family

Sometime between the four and one-quarter hours that the James W. Standarts of 271 Stephen road were away from home on Friday, June 12, a burglar broke into their home and ransacked every room, according to information received from Farms police.

Standart told police that the family left the house at about 7 p.m. on Friday, and returned 15 minutes after midnight, to find the side door ajar. He told investigating officers that he may have left the door closed but unlocked. Policemen taking a report of the burglary, and checking over the house, said the thief, or thieves, ransacked every room in the building, and were very neat in their search. The burglars removed a large television set from the residence, but this was recovered in the back yard near a rear fence.

Bon Secours Holds Disaster Drill

Bon Secours Hospital holds four disaster drills a year—to be prepared in case a fire or tornado or some other unforeseen event should occur in the Grosse Pointe area. Three of the drills are held without "victims" but once a year the Boy Scouts from Grosse Pointe volunteer to be the accident cases brought to the hospital. The drill held recently at Bon Secours saw 37 Boy Scouts play their parts with realism. The entire hospital staff participated in the

drill and treated the scouts who were made up as real casualties with cuts, broken bones, etc. A "triage" area was set up to make quick diagnosis and assignment of cases to various parts of the hospital. Mrs. Jean Woelfel, assistant director of nursing—in service education, (left) is shown directing helpers to take a victim to one of the treatment areas. Mrs. Kay Johnson, Red Cross Hospital Volunteer, (right) readies a wheel chair for another victim's arrival.

It's so quiet you have to feel it to know it's on. The Continental was measured against the sound level of leading competitive brands and listened to by a consumer testing panel. They rated the Continental by far the quietest room air conditioner.

Which proved our concept. A new concept in air conditioning. The Continental is designed so that all working parts are outside and below your window. Puts the wall of your house between you and the sound.

Decorator styling. Since it has a low silhouette—only 10" high—the Continental also lets more light into the room. The front fits flush with the window, so draperies and blinds hang without unsightly bulges. When not in use, handsome sliding doors completely cover the front controls. In the winter, simply remove the window panel unit, install a special cover on the outside and close the window.

High Capacity. The Continental Room Air Conditioner comes in capacities of 11,000 and 15,000 BTU's, in models that can be installed in a window or through a wall.

Free parts and free labor for one year. Westinghouse guarantees that you'll never have to worry about maintenance should anything go wrong, no matter where you live or move in the U.S.A. And Westinghouse backs up this Sure Service with a reliable nationwide service organization manned by more than 12,000 Westinghouse-trained service technicians. With a service policy this strong, our products had better be good.

The Explorer Post of Cottage Hospital is one of 20 posts throughout the country — and the only one in Michigan — chosen by the Exploring Division of the Boy Scouts of America to send its leadership team to a research project at Cimarron, N.M., June 24-28.

The leadership team of the Cottage Hospital Post (pictured left to right), is MARK KUJAWSKI, son of Dr. and Mrs. Walter Kujawski, Post-Vice President; WILLIAM RUDASILL, Assistant Administrator of Cottage and Post Advisor; and CHARLES MOSHER, JR., son of Mr. and Mrs. Charles Mosher, Post President.

As one of the teams representing the nation's 21,969 Explorer posts, they will participate in the National Exploring Division's Panel of Youth Research and Reaction Program.

The teams will be housed in the tent cities of the Philmont Training Center, a large ranch in Cimarron.

The Cottage Hospital Explorer Post is a medical post which centers its interests around careers in the health field. The Post follows no set format except to hold regular twice-a-month evening meetings at the hospital and a special once-a-month event such as skiing in the winter and canoe trips in the summer. Their programs explore places, projects, careers, and controversial problems.

Membership in the Post is open to any interested boy and girl between the ages of 14 and 20.

NC Softballers Complete Season

The Neighborhood Club Girls Softball League came to a close last week with the completion of their playoff games on Wednesday between the Farms "Little Caesars" and the City's "Erie Engineering Robots."

Both teams played exceptional ball, making it a tight game all the way. The Robots edged out the Caesars for the title with a score of 11 to 9. Winning pitcher was Ann Shock, losing pitcher was Janet Lake.

The scheduled play-off game for Thursday, between the Woods Cool-Airs and the Robots, was cancelled because it would have no effect on the standings, and replaced with the All Stars vs. the Robots. The Robots once again demonstrated their skill by edging out a 9 to 8 victory against the best players from each division. The winning pitcher, Ann Shock, inspired her team to come from behind when she put out Barbara Bolton at home plate. Charlotte Blackwood held the All Stars in the top of the 7th, 8 to 8, with a spectacular

catch from behind second base. The Robots then went ahead in the bottom of the 7th with a run scored by Anabeth Ernsberger on a hit by Beth Leidy.

Immediately following the game the girls had their awards presentation party at the Neighborhood Club. First place ribbons were presented to the following teams in each division: City—Erie Engineering Robots, Farms — Little Caesars, Woods — Day Night Cool Airs.

Certificates were presented to the following girls selected by their team mates, as the best all around players to represent them in the All Star Game:

GROSSE POINTE CITY Majors
 The Giants got even for an earlier season loss by defeating the Senators 14 to 7 on June 12. The Giants started off ready to win, and after Joe Allen walked in the first inning, singles by Mark Allen, Scott Wicklund, Mike Martinez, and Henry Peabody, a walk by Tripp Fraser and a double by Richard Doerer followed by a triple by Jacques Beaudoin brought in six runs. Paul Brinkman walked as the Giants last batter of the inning.
 The Giants came right back in the second to score five more runs. Drew Rowe, Dave Domin, Ross Murray, Ross Brackett and Peter Brinkman walked after Brad Murray hit a hard grounder but was out on a close play at first. Then Jay Robinson doubled followed by a single by Jeb Lipson to push the last three runs of the inning across. The Giants, just to make sure, picked up three more runs in the third inning when Henry Peabody got his second hit, a double after Mark Allen and Mike Martinez had walked, and Richard Doerer singled for his second hit, driving in Peabody.
 Richard Doerer's pitching kept the Senators from really threatening except for the second inning when they were able to put across four runs on hits by Dan Gorenflo, who led the Senators with two hits, and Graham Smith; and walks by John Wade, John Minkwic, Tom Doane, and Bob Hemovich.

GROSSE POINTE CITY Minors

 Yankees had a total of four hits to three for the Tigers.
 Booming bats brought the Yankees their fifth straight win June 8 when they defeated the Giants 15 to 0. Tom Conway and Duncan MacEarchen held the Giants to two hits and some fine infield play by Jackson plus a last out force at home plate on a throw from Behm to Maghielse saved the shut out for the Yankee pitchers.
 Alex Jackson drove in two runs with a home run in the first and MacEarchen blasted a homer for three runs in the fourth. Tom Conway had a big night at bat with four runs batted in on a double and a single. Paul Maghielse and Ted Bondjuk also got credit for one run each. Leinweber, Bondjuk, Hoeler, Conway and MacEarchen all scored two times. Willard and Hoeler also collected one base hits during the spree.
 Mark Allen and Rich Doerer each singled for the Giants but couldn't score against the tight infield play of the Yankees.
 Once again the Astros had to come from behind to beat the Phillies 12-3. After the Phillies jumped to a 2-0 lead in the first, the Astros came back in

 The losing pitcher was Mark Ulmer, while the winning pitcher was Larry Coughlin for the Astros. Ulmer collected a double on the Phillies team, while Coughlin blasted a home run and a triple. Kieth Ribant hit a triple, and both Jay Huebner and Randy Book belted doubles for the Astros. In total, the Astros collected sixteen hits.
 With this victory the Astros moved into a first-place tie with the Pirates and Yankees.

Wicklund hit a home run, while H. Peabody and B. Murray collected triples for the Giants. R. Doerer started pitching for the Giants, but H. Peabody relieved him in the fourth inning. Henry Peabody was the losing pitcher and John Beebe was the winning pitcher for the Astros. Larry Coughlin hit a double and John Beebe a triple for the winners.
 From the first inning the Astros had to play catch-up baseball. Not until the bottom of the fifth did the Astros take the lead by scoring three runs and going ahead 8-7. With this rally they went on to win. Al Clava continued his excellent protection of home plate and the bases throughout the game.
 In an action packed game the Phillies defeated the Senators 11 to 7 on Tuesday, June 2. The Phillies scored runs in every inning beginning with two runs in the first inning when lead off batter Jim Moore walked, Tom McHugh was hit by a pitched ball and both scored on a double by Ricky Hein. Tom Guthat scored in the second inning on a walk thence daring base running stealing second and third and scoring when pitcher Bob Hemovich and catcher John Wade collided on Pete Ruffner's infield pop fly. In the third inning Tom Browning walked and stole second, third and home and in the fourth inning another Phillie run scored when Eric Totz walked, stole second and scored on Mark Cornillie's double.
 The Phillies erupted for four more runs in the fifth inning with Chris Martinelli leading off with a single and scoring on Tom Guthat's double who then stole third. Pete Ruffner walked and then Peter Tobin doubled driving in Guthat and Ruffner. Tobin then scored on Kurt Blumenstock's single. The final Phillie runs were scored in the sixth inning when Steve Poorman who singled and Jim Morre who walked scored on Tom McHugh's triple. McHugh was thrown out at home trying to stretch his hit into a home run.
 The Senators opened with two runs in the first inning on Dan Gorenflo's single and Chad Minkwic's home run. In the fourth inning Jay McCormick, walked, Jim Miller reached first on an error and Bill Miller walked leading the bases. Mike Bevier's double drove McCormick and Jim Miller in and Bill Miller then scored on Gary DeBoer's single. The final Senator run scored in the fifth inning when Tom Doane singled and reached home on base stealing tactics.
 Mark Ulmer pitched the entire game for the Phillies allowing eleven hits with Eric Totz catching. Bob Hemovich and Chad Minkwic shared the Senator's pitching duties allowing ten hits and John Wade handled the catching chores.
 In a see-saw game that was a tie ball game thru the fifth inning the Phillies surged ahead in the final innings to down the Tigers 9 to 5 on Friday, June 5.
 Jim Moore the Phillies' lead-off batter walked, advanced to third on Tom McHugh's single and stole home for the first Phillie run. Mark Ulmer then walked and Eric Totz lined out to third baseman Jim Wascher who threw to Paul Crane at

right field and then stole second, third and home. In the fourth inning Paul Crane opened the inning by doubling to left field and advancing to third on a throwing error. Crane then scored on Joe Temrowski's triple who then scored on Bob Leonard's single, resulting in the final Tiger runs.

Gold Rooster Roosts No More

Thieves made off with a golden rooster from the roof of Blazo's Country Fair Restaurant, at 19299 Mack avenue, on Friday, June 12, but it may well be atop its perch again in the very near future.

Blazo Manager Marge Lisak told Woods Safety Officers that she first noticed the rooster missing from a weathervane on the rooftop shortly after 1:00 a.m., at which time she called police.

Officers also spoke to one of the establishment's cooks, who told them that he saw three young men stuff the metal bird into a black and gold Camaro and speed off from the restaurant parking lot. He was able to record the license number of the vehicle and police officials promised to track it down. The missing capon is valued at \$275.

Breakin Attempt Discovered Late

A suspicious phone call and a piece of cut glass this week led Mrs. Irma Bielenberg, of 1404 Brys drive, to report a belated breaking and entering attempt at her home.

The housewife told Woods Public Safety Officers that she had received a phone call last week from an unidentified person, who said he was conducting a survey for the Detroit Edison Company.

The man asked Mrs. Bielenberg how many television sets she had in her home and the make and model of each set.

It was not long after this incident that she found a piece of glass missing from the corner of one of the porch windows at the residence. At the time she dismissed it as a prank or a form of vandalism but, upon showing the glass to friends, it was discovered that the small square of glass had been cut rather than broken.

Police officials found that the piece of glass was taken from a corner of a window, located just above the porch door latch. They theorized that an attempt to enter the home had been made, but that the entry was foiled by an inside screen.

Seven close friends of MRS. ABRAM vanDERZEE gathered last week in her South Deeplands road home to wish their hostess "happy 72nd birthday" at a luncheon and bridge party.

Support Our Youth

The five Pointes have agreed to the formation of a Youth Service Division which will handle the growing drug problem in the Pointes. Through combining their efforts the fight against drug abuse will be handled in a more efficient and professional manner. Each of the cities have agreed to contribute funds to the Youth Division. The Grosse Pointe Board of Education is slated to vote on their participation in the program on Monday night, hopefully they too will cooperate in this effort. However, more funds are needed to totally equip the department. This is where you as a private citizen, or your organization can help. Send a check in any amount to The Youth Service Division, c/o City of Grosse Pointe Woods, 20025 Mack Avenue, right now. Grosse Pointe Lawycrs Wives have already joined the fight by donating \$1,000 to the division. P. W.

Letters to the Editor

To The Editor: Nemo, my Siamese cat, was killed yesterday, June 8th, by a dog that was not on a leash. This senseless killing would never have happened if the dog wasn't running free. Nemo was just like a person in our family, we all loved her very much and she never gave anyone any reason to want to harm her in any way. I can not say enough about her, just that she meant the world to me and the family. Even when I was in a bad mood she would always be there, purring and taking me no matter how I acted. All she left behind was her son and a lot of very happy memories. We may get another kitten to comfort her son that we have, but I know in my heart that nothing will ever be able to replace Nemo. My mother said it best, Nemo was just too good to live, and unfortunately she was right. No one could ever dream of a more loving, devoted cat than ours. I realize now that nothing is ever done until it's too late, and I hope by writing this that people reading it that own dogs, will in the future walk their dogs with a leash on so no one will ever have to go through the pain and suffering as my family is now. I loved that cat, and now she's gone forever. She was good to the very end, she was protecting Oz, her son, from that dog, and in the process she died so that he could live. Please please PLEASE dog owners, don't let your dog run free to kill other people's pets that mean just as much to them as your dog means to you. Barb Chandler 418 Belanger

Pointe Jaycees Sponsor Meet

The Grosse Pointe Jaycees will hold their second annual junior champ track and field meet at Grosse Pointe North High School on Saturday, June 20, 1970. The various track and field events will begin at 10 a.m. and continue through four p.m. with an approximate total of 80 students from the following Grosse Pointe area schools competing: Grosse Pointe North, Grosse Pointe South, St. Pauls High, Austin, Bishop Gallagher, Notre Dame, St. Ambrose and University-Liggett. The meet is A.A.U. sanctioned and winners will be eligible for the State of Michigan Jaycee meet scheduled for later this summer. No entry fee is required by either the school involved or any participation study. Spectators are urged to come to this exciting event. A spectator fee of \$25 will be charged in order to defray expenses. The Grosse Pointe Jaycee chairman for 1970 Junior Champ Track and Field meet is E. Carter Billeu. Any questions concerning this meet may be directed to his attention at the telephone number 885-6390. MRS. JOHN E. CAULKINS, of Willow Lane, and MRS. DANIEL LEE JOHNSON, of Beverly Road, attended Connecticut College's reunion weekend.

Dear Editor: Isn't there some way we can preserve Mrs. Horace E. Dodge's home as a cultural and historical heritage for all. The beautiful home (\$4 million to build) and its valuable art collection would be comparable to the Frick gallery in New York City which is operated by the Metropolitan Museum of Art and which houses Henry Clay Frick's art treasures in his own home which he built for them. If the Detroit Institute of Arts could leave Mrs. Dodge's gifts in her home, Grosse Pointe would have a showplace of historical and aesthetic value. Florence M. Heath Grosse Pointe Woods

What Goes On at Your Library

By Virginia Leonard On May 15 I attended a joint meeting of the Baldwin and Bloomfield Township Public Libraries entitled "Who are the critics today?" The guest speaker was Dr. Marvin Felheim of the University of Michigan English Department. In these cases, it really doesn't matter whether the book sells or not -- it's the motion picture on which everyone expects to make the money. Then there are also serializations on television and the eventual paperback market. An author who is well known receives numerous reviews for his forth coming books. The lesser known or virtually unknown author will receive very few in contrast. Best sellers die if they are not filmed, put out in paper covers, or converted into television serials. Dr. Felheim deplors the turnaround of some reviewing periodicals and newspapers. He remembers with nostalgia the day we had a SATURDAY REVIEW OF LITERATURE rather than the current SATURDAY REVIEW. He also feels books are taking somewhat a back seat in the more intellectual NEW YORK REVIEW OF BOOKS. In the latter, he notes that we are getting a great many "essay reviews" of both new and older books, as opposed to the straight review. He also feels that no one is interested any more in establishing his personality as a reviewer. Most of the old-timers whose names meant automatically "reviewers," are dead, and people no longer care about viewpoints -- only content or description. We do not trust the reviewer who does not praise the novel or book he is reviewing. We can name film and music critics by name, but the book review remains practically anonymous. The speaker believes that this is the era of the comic novel. His favorite author currently? Norman Mailer. He strongly feels that the latter and Kurt Vonnegut will not last more than a year or so and then becomes definitely old-hat. Did you see "Midnight Cowboy" or "They Shoot Horses, Don't They?" Dr. Felheim would like to see the former used in comparison with HAMLET and the latter as an example of Dickens' characterizations. I find both of these ideas intriguing. The only private toe the speaker stepped on was mine when he reiterated the fact that he really didn't like John Updike's writing! Other than that, I found the lecture most stimulating and provocative. I'd like to take one of Dr. Felheim's courses. My grateful thanks go to Mr. William Peters, Mrs. Sue Neff and Mrs. Phyllis Barr for filling in so competently for me.

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

A lot of Pointers will be "talking to the animals" next Thursday at The Detroit Zoological Society's annual, absolutely delightful, Sunset at the Zoo party.

It is, as always, a members-only, adults-only (the children of members are most cordially welcomed at the Zoological Society's Family Day, towards the end of the summer — but grown-ups, the Society feels, have a right to their own special Zoo Day, too), affair, 6 to 8 o'clock, with plenty of traditional Zoo fare, hamburgers and soft drinks, as well as hors d'oeuvres to accompany the available cocktails.

There'll be music by Hank Warren and his Orchestra... and train rides, and tractor tours to exhibits, and a "Name the Animal" contest.

Yes, we DID say adults-only — but we didn't mean the adults couldn't let their collective hair down and thoroughly enjoy this once-a-year chance to act like wide-eyed kids on a first trip to the Zoo...

Success Breeds Plans For Next Year

Last Thursday's Exhibit of Needlework Arts on behalf of FLEC (Grosse Pointe's Family Life Education Council) at Mrs. Joseph B. Schlotman's Stonehurst estate "succeeded beyond our wildest dreams," according to Mrs. Ross Roy, of Shelden road, the Exhibit's general chairman.

Celia Roy revealed the Exhibit raised almost \$5,000 for FLEC and was attended by some 600 enthusiastic needlepointers.

"Actually," Mrs. Roy confides, "we were hoping to raise a couple of thousand dollars with a display of 70 or 80 examples of the needlework arts."

"Instead we had an advance sale of 420 tickets, Mrs. John W. Stroh, Jr., sold another 339 at the door — and we had almost 300 pieces to exhibit, including some fine examples by Betty Furness and Mary Martin."

With such a resounding success behind them Mrs. Roy, Mrs. Stroh, Mrs. Horace C. Ford and other ladies of the original committee are planning an even bigger exhibition next year. They met Monday at the Lothrop road home of Mrs. Henry C. Murray to discuss the Great Things Ahead...

The unanimous Grand Prize distinction in last Thursday's Exhibit went to Mrs. Schlotman for her magnificent Stonehurst tapestry.

Other "firsts" were awarded to Mrs. Robert Kanzler, in the category of floral rugs; Mrs. George C. Booth, pillows; Mrs. Rockwell T. Gust, furniture; Mrs. Henry T. (Continued on Page 22)

Miss Ford Presented on Friday In Medieval Setting at Home

Debutante's Uncles and Aunts Entertain at Traditional Dinner Before Coming-Out Ball at Her Parents' Lakeshore Road Home

At a dance Friday evening at their Lakeshore road home Mr. and Mrs. William Clay Ford introduced their daughter, Sheila Firestone Ford, to society. The party setting was Medieval, with guests crossing a moat on which white carnation swans floated to arrive at the receiving pavilion where Sheila and her parents, standing before a wall of carnations, statice, delphiniums and cornflowers in shades of blue, lavender and purple, greeted their guests.

Sheila's gown was iris ribbed silk, its semi-Empire bodice circled by a band studded with rubies and rhinestones. With it she wore a pair of matching drop earrings.

Both the gown and earrings were created by Walton-Pierce as was Mrs. Ford's gown of printed violet and white silk featuring a bateau neckline, its skirt gathered into a small back bustle effect.

Guests who arrived at the front entrance of the Fords' red brick Georgian home left their cars to proceed under a canopy flanked by lavender and purple carnation and statice topiary trees to the doorway, then traveled on a violet runner through the house and out across the moat to the receiving tent from where they passed over a second drawbridge to the second tent where the Meyer Davis Orchestra and the rock band Sha-Na-Na alternated music for dancing.

Magenta, purple and red were the dancing pavilion's color themes and masses of roses, carnations and statice were its flowers.

Before the 10 o'clock dance, in accordance with still another Ford family tradition, Sheila's uncles and aunts hosted a dinner for the newest Ford debutante.

Entertaining at the Grosse Pointe Club were the Benson Fords, Mr. and Mrs. Walter B. Ford, II, and the Henry Fords, II, with Edsel Ford, II, acting as proxy for his father who with Mrs. Ford is on a European business trip.

Joining in the dinner festivities was Sheila's grandmother, Mrs. Edsel Ford. Sheila's father, youngest grandson of Henry Ford, is the largest individual Ford Motor Company stockholder and owner of the Detroit Lions.

Her mother, the former Martha Parke Firestone, is the granddaughter of Firestone Tire and Rubber Company founder Harvey Firestone. Mrs. Ford's parents, the Harvey Firestones, Jr., were here from Akron, O., for the party.

The debutante, a member of Yale's first coed class, will spend the summer studying at Harvard.

This is Miss Kinkerooli.

She has a little problem. Oh, her hair looks well enough when it's just been done. As long as there's no humidity. Or rain. Or stuff like that. But let any of these things happen and — plinky, plink, here comes the kinks. What's a girl like this to do? Easy. A girl like this comes to us and gets her hair straightened all neat and silky and then icky-poo weather will hardly ever bother her at all. If you have a friend with the aforesaid problem, be nice. Tell her about us. And how we can straighten her out. Like that.

Miss Jackson Bride Of Charles H. Clark

Pair to Live in Boston Until Bridegroom is Discharged from Navy; Reception at Hillcrest Club Follows Evening Rites

Valerie Jean Jackson, daughter of Mr. and Mrs. Andrew M. Jackson, of Saddle lane, was married to Charles Henry Clark, son of Mr. and Mrs. C. Townsend Clark, of Ypsilanti, at an evening service Friday, June 12, in Grosse Pointe Woods Presbyterian Church.

Susan Brownlee, maid of honor, wore an apricot karate gown with white Venise lace around her high neckline and Empire waist, with a train extending from the cut-out back, as did bridesmaids Karen Budd, of Ypsilanti, Mrs. Richard Sprague, of Ypsilanti, and Lynne Behrens.

They carried Colonial bouquets of white and apricot tinted daisies.

The bride's gown an organza Empire A-line was styled with a bodice and Bishop sleeves of Alencon lace.

Her long silk illusion three-tiered bouffant veil fell from a headpiece beaded with seed pearls and crystals.

She carried white roses with apricot stephanotis and a removable corsage.

Craig Weimer, was ring bearer. Andrea Field, was flower girl. She carried white mums with mint green satin ribbon.

Thursday Dance Club Scheduled

A summer dance club for adults will be held Thursday nights at the Grosse Pointe War Memorial June 25 through August 13, hosted by Mr. and Mrs. Ted Forrest. Members will gather at 8 o'clock.

The Forrests will give instructions not only in all the traditional ballroom dances but in current rock movements. After dances have been demonstrated the crowd will enjoy dancing and perfecting the steps.

This Thursday Night Dance Club is open to both married couples and single people. Membership for the summer is \$12 for single men or women and \$20 per couple.

Wing, a junior majoring in mechanical engineering, started playing the guitar upside down and backwards without realizing that it was unorthodox and has been entertaining people on USO tours, in the Grosse Pointe area and in the Copper Country ever since. He is the son of MR. and MRS. GORDON WING of Moran road.

JOHN S. WING is a charter member of "The Other Side of Tech." The musical ensemble, start of a new Program Bureau at Michigan Tech University, Houghton, was formed to provide an outlet for the hidden talents of students at the University and in the community.

'Syzygy' Comes Soon to Center

Syzygy is coming Sunday, June 28. And what's a "Syzygy"?

No, it's not a lot of typing errors. It's defined as an "alignment of heavenly bodies," an eclipse.

And it is also a group of 11 art students from the Grosse Pointe area who are really trying to get things together and "line things up."

Appropriately the group became Syzygy on the day of the recent eclipse. The name was unanimously approved when Richard Probert defined the strange word.

Members of the group all attend Wayne State University and the Society of Arts and Crafts. They include John Grafius, Jim Gilbert, Mary Foley and Chuck Silery, all from Arts and Crafts; and Chris Polkinghorne, Richard Probert, Rita Meech, Greg Mullett, Audrey Daniels, Jan Duster and Kathy Kroemer, all from Wayne State.

The long-range aim is to rent studio space and facilities to work together. Their most important aim right now is to put on an exhibit of their work and create a "human artistic experience"—all of which will happen Sunday, June 28, on the back lawn and patio of the Grosse Pointe War Memorial from noon to 6 o'clock. Admission is 50c a head.

How do you make a "human artistic experience?" In this way the group becomes one very creative artist, and when everyone interacts with artistic things in the environment some very interesting art work follows.

Long range plans for the event include various blues singers and groups, dancers, a theater group, poetry readings and of course the art work of the Syzygy. Work shown will include paintings, drawings, sculpture, weaving, glass blowing, photography and various other crafts created by the Syzygy.

Hopefully the audience will also "line up their heavenly bodies" and get together for some environmental creation.

Are you good at blowing soap bubbles or playing the kazoo? How about painting huge paper-covered cartons?

Participants may bring anything they like to create with. If you have a group, write poetry, sing, or bring your talent and materials with you.

Musical Afternoon at GPYC

This Thursday, today, there's an important business meeting scheduled for members of the Grosse Pointe Symphony Women's Committee at the Grosse Pointe Yacht Club.

It begins promptly at 11:30 o'clock. And, after it's over, the ladies are invited to stay on for cocktails, luncheon and a program of duets by contralto De (Mrs. Joseph) Shaheen and soprano Rita (Mrs. Robert H.) Odyke.

This pair of local stars has been singing together for two years. Both are soloists in Pointe churches, both have sung madrigals with Tuesday Musicale and both are current members of the Grosse Pointe Community Chorus. In addition Mrs. Shaheen has sung with the Chamber Singers and with the Grosse Pointe Theatre, appearing in "Flower Drum Song."

Those Grosse Pointe Symphony Women's Committee ladies have a treat in store for them . . .

What It Is Is: Dedication

Remember how really ROTTEN our weather was at the beginning of the month?

Well . . . neither rain, nor sleet, nor wind — nor, in the case of Mrs. Gerald Murphy, a broken toe! — can keep members of the Grosse Pointe Braille Club from attending their meetings.

Everybody, including Mrs. Murphy, the group's treasurer, her broken toe encased in a heavy cast, braved rain and cloudy skies to journey out to the Algonac home of former Pointer Mrs. John Huettman, Jr., June 2 for the Pointe Braille Club's most recent gathering.

Current president Mrs. Benjamin McLachlan, of Washington road, reported she'd been asked by a new Pointer who'd "brailled" in her former home about membership in the Club, and the ladies all agreed any retired or qualified brailist who cared to join would be very welcome. Applicants may contact Mrs. McLachlan at TUXedo 2-8858.

Mrs. Lawson Potter, of Fairholme road, will conduct the Club's fall Learning to Braille class at the Grosse Pointe Main Library, Kercheval avenue and Fisher road. Mrs. Potter's the lady for prospective brailists to contact.

Mrs. Frederick Olmsted, Mrs. W. A. McClellan, Mrs. Glyn Myers, Mrs. Sydney Partington, Mrs. Philip Brusoe, Mrs. Myron Dikeman, Mrs. W. A. Huegill, Mrs. Alfred Reuther and Mrs. John Millett were among the dedicated crew who made the trek out to Grace Marie Huettman's.

Mrs. Gary R. Dettloff

Married in Ebenezer Baptist Church Saturday, June 13, were CHERYL ANN ROSE and Mr. Dettloff. Mr. and Mrs. Jesse C. Rose, of Severn road, are the bride's parents. The bridegroom is the son of the Ronald F. Dettloffs, of Warren.

Jobs Plentiful In Government

Jobs for recent college graduates with the U.S. Government were announced by **George C. Franzen**, District Manager for the Social Security Administration. Franzen outlined the SSA plan to hire qualified men and women for the Claims Representative job to work in district offices in Michigan and Ohio.

The Claims Representative for SSA deals with the public on all matters involving Social Security. Individual retirement, survivors, and disability benefit claims are a major concern for the Claims Representative plus assistance to the elderly in Medicare questions.

"To qualify for the position the candidate must have completed by June 30, 1970, a four year course leading to a bachelor's degree in an accredited college or university and have passed the Federal Examination," he said. For those who wish to be considered, a special testing schedule for the Federal Service Entrance Examination has been arranged.

Starting salaries for the position range from \$6,548 to \$8,098, with a journeyman level of \$9,881 assured upon completion of training. "Any college graduate who wants a rewarding career in the public service with the opportunity to advance to supervisory, managerial, and other staff positions should investigate this offer," Franzen said.

"For further details about the positions and information on how to participate in the FSEE test program, call or visit any Social Security Administration District Office," Franzen stated. The East Side Social Security Administration office is located at 14740 Mack Avenue. The telephone number is VA 2-7078.

18, of 5867 Lakewood, and David M. Feldmann, 17, of 4811 Scenaset, both of Detroit. The pair was also assessed \$50 court costs each.

Pethke and Feldmann were arrested by Park police on February 10, at 7:45 p.m., in the driveway of 1424 Bedford, when a caller phoned the authorities and tipped them off that youths were arriving at that address with the intention of selling drugs.

When police arrived, they found Pethke and Feldmann standing in the Bedford address driveway, and took them into custody. A search of the youths disclosed a total of five LSD tablets on their person, and they were charged under the city law, passed early this year by the Park council.

Million Is Goal For Symphony

Harry G. Bowles, senior vice-president of finance of Burroughs Corporation, will head the Detroit Symphony Orchestra's 1970 Maintenance Fund Campaign to raise \$1 million in support of the Orchestra.

Bowles is a member of the board both at Burroughs and the Symphony and has been chairman of the Symphony's Financial Policy committee since 1968.

The Symphony Maintenance Fund Campaign is conducted as an annual fund-raising drive to help close the gap between the Orchestra's earned income and expenses for the concurrent year.

Ticket sales account for far less than half the revenue needed to meet expenses. Even if every concert were a complete sell-out income would only handle about 50 percent of the Orchestra's expenses.

All major U.S. Orchestras have similar support campaigns. Last year the Detroit Symphony received \$740,000 in its maintenance campaign. The 1970 goal of \$1 million is the amount necessary to sustain the Orchestra's current levels of operation and permit it to move ahead with its development programs.

To achieve the 1970 goal, the campaign under Bowles' direction will include some new approaches designed to broaden the Symphony's support base.

Gifts from individuals, companies and foundations will be sought as always, and in addition new categories of giving and contributors' benefits have been established to make membership more attractive and accessible to a larger segment of the community.

Bowles is a member of the Financial Executives Institute, National Association of Accountants, Citizens Research Council of Michigan and the Economic Club of Detroit. He is a graduate of the Detroit Institute of Technology.

Other Detroit businessmen who have headed Detroit Symphony Maintenance Campaigns in recent years include Walker L. Custer (1969), board chairman of Detroit Edison Company; William M. Day (1968), board chairman of Michigan Bell Telephone Company; Raymond T. Perring (1967), board

By Whoozit
Want to read something nice? ... Susan Keever sent us a copy of this letter, with her permission to print it, which she'd sent to her parents, the David R. Keever, of Washington road... "Other parents," she prefaced, "in Grosse Pointe might be interested in reading some of my reflections about the relationship between parents and their children. The letter is quite personal in one sense, and yet I think it reflects the feelings of many, many college students" ... We hope it does ...

"Dear Mom and Dad,
"In my Sociology classes we frequently talk about a person's relationship with his 'significant other,' i.e. teachers, peers, and parents. These people are significant in that they influence an individual's attitudes and behavior; such is the influence of parents on their children. Kenneth Keniston, in his book 'Young Radicals,' has made an interesting distinction between the core values and the formal values transmitted by parents:

On the one hand, families have what we call core values: basic assumptions concerning desirable human relationships, feelings, and motives. Such values—like honesty, deference, success, achievement, getting one's own way, or humility—are more often implicit and expressed in behavior than formally articulated. On the other hand, families have publicly articulated formal values, which include more intellectual policy statements concerning attitudes to the wider society, formal religious conviction, and so on. Among formal values, articulated political beliefs must be included.

"Keniston goes on to say that student radicals generally hold the same core values as their parents, but differ in their formal values. I dare say that most of this generation-gap stuff involves formal, not core, values.

"I guess what I'm trying to say is that while we may differ in our formal values now, I am very grateful for the core values you have given me. From both of you I have learned the importance of honesty, kindness, achievement, humor, and respect for others. You always expected me to 'do the right thing,' and I always knew what you meant without it being spelled out. 'Doing the right thing' doesn't mean following the crowd; it means doing what you honestly feel is right. The fact that you were proud of me for speaking out against the war shows that you respect my feelings, and I appreciate that. Too many parents are turned off by their kids' appearance or formal values, not looking beneath to see that their 'radical' son or daughter is not so different from them in fundamental beliefs.

"You have given me a foundation for my life, and yet you have given me room to grow, to branch away from you. I'm almost 21 now, the age at which I'm 'officially' an adult. Unofficially, the break from childhood and home has been going on for quite a while. Three years ago I took a big step, leaving home for college. Now I'm going to be away all summer, on my own in a strange city. In another year or so I'll probably be leaving home physically for good. Wherever I end up, whatever I do, I'll have part of you with me—the values we share."

Love, Susan

Susan starts her senior year... at Alma College, where she's just been named Gamma Delta Alpha, senior women's honor society, in the fall...

Choice roses from the gardens of members of the Grosse Pointe Rose Society will be displayed during the Society's Eighth Annual Floral Exhibition tomorrow and Saturday, June 19 and 20, at the Gas Company's Hospitality House, Kercheval avenue in "the Village" ... This year arrangements are featured too, through the cooperation of Mrs. John Veitch ... The entire display is under the direction of chairman Harold B. Lee ...

And a particularly nice... feature of this exhibit is that no ribbons or prizes are awarded, (it's the Rose Society's own personal "family" display, members sharing with each other—and the public—their best blooms), although Elmore Frank will be the Quality Reviewer... Forrest Geary has arranged for same "English Boxes" to enable the display in show style of groups of six different roses without foliage in each presentation... J. Arthur Shimmie, David Sicklesteel and Grosse Pointe Rose Society President James Turnbull are taking care of the setting up... Mrs. E. O. Brady has scheduled hostesses and Mrs. Edward Howe is in charge of refreshments, which will be served mid-morning and mid-afternoon each day...

Others who'll be available... to provide Floral Exhibition browsers with expert horticultural answers to their rose-growing problems are Mrs. Edward Heglis, Mrs. Harlan Holt, Mrs. George Moister, Mrs. Henry S. Walker, Mrs. Andrew Larkins, Mrs. Lee, Mrs. Frank and Mrs. Turnbull.

The five man boards of which Mr. McMahon is now a member examines and registers those architects and surveyors who wish to practice their profession in Michigan.
