HEADLINES of the WEEK As Compiled by the Grosse Pointe News

Thursday, June 18
THE HOUSE PASSED a bill Wednesday that would lower the voting age to 18 in all elections starting January 1. The bill, sent to the White House by a vote of 272-132, also would continue for five more years the 1965 Voting Rights Act under which one million Negroes have been registered in seven southern states.

PRESIDENT NIXON firmly rejected proposals for government controls and instead began "jawboning" Wednesday in an effort to hold down wage demands and price increases. He also established a National Commission on Productivity, which will issue periodic "inflation alerts" calling public attention to significant wage and price increases.

Friday, June 19
THE CONSERVATIVE PARTY headed by Edward Heath made a stunning comeback in Britain's national election. On the basis of half-counted returns early Friday the 53-year-old bachelor appeared to be Harold Wilson's successor as prime minister. Wilson, refusing to make an outright concession of defeat, told his Labor Party followers that "the Labor Party from now on will be on the attack." His statement was interpreted as meaning he knew the election was lost and he would become the opposition leader in Parliament.

Saturday, June 20
THE MICHIGAN HOUSE Friday approved lessening the penalties for possession of two ounces or less of marijuana with only three dissenting votes. A bill, approved by the House and sent to the Senate for consideration, would make possession of such quantities a misdemeanor, rather than a felony.

EDWARD HEATH BECAME Prime Minister Friday night with his Conservative Party receiving a majority of 30 seats in the House of Commons. Harold Wilson, head of a Labor Party government for five-and-a-half years, spent 18 minutes with Queen Elizabeth II to turn in his resignation.

Sunday, June 21
PRIME MINISTER EDWARD HEATH named an 18-member cabinet, a smaller than usual one, on Saturday night with Sir Alec Douglas Home as foreign secretary.

FORMER PRESIDENT SUKARNO of Indonesia, who carved an independent country out of the Dutch East Indies in the wave of anti-colonialism after World War II, died Sunday after a long illness. He was 69 years old. Ousted from office four years ago, Sukarno died in an army hospital only one day after his Japanese-born former third wife, Dewi, rushed to his bedside. He had summoned her from Paris Thursday.

Monday, June 22
A WHEEL BEARING FAILURE caused a freight train carrying tank cars of liquefied propane gas to derail Sunday setting off explosions and fires that raged across one third of the town of Crescent City, Ill., and destroyed most of its business district and 15 homes. Residents of the community were evacuated and the town was sealed off.

Tuesday, June 23
PRESIDENT NIXON Monday signed a bill to lower the voting age to 18 in all federal, state and local elections, but he said he believed it was unconstitutional and asked for a swift court test. He ordered Attorney General John N. Mitchell to seek the court ruling. In expectation the courts will strike down the law, he urged Congress to push forward with an amendment to the Constitution so the voting age can be lowered without delay.

A CACHE OF 1,500 pounds of marijuana was seized Monday night at a Monroe County farmhouse in the fledgling Wayne County Metropolitan Narcotics Squad's first raid. Three men, including a Detroit, were arrested and held on charges of possession of narcotics. They were arraigned late Monday night and jailed on \$2,500 bond.

Woods Mother Gives Birth to Triplets

Three Girls Born Within 10 Minutes

Population Explosion at St. John Brings LoChirco Family Total to Seven

Pauline LoChirco, a 42-year-old mother of near teenagers, gave birth to triplets at Saint John Hospital on June 19, after being admitted on June 8 for "feeling a lot of pressure."

Born within ten minutes of each other, the three girls named after Mrs. LoChirco's mother, mother-in-law and sister are Maria Sunta weighing 4 lbs. 9 oz., Patricia Mary also 4 lbs. 9 oz. and Rosalie Mary, born last, weighing 3 lbs. 14 oz.

Mrs. LoChirco, although x-rays prepared her for the multiple birth, still finds it hard to believe and said it was no more difficult having three babies at a time than having one. "I feel wonderful," are words which describe her extremely calm acceptance of the event. Her husband was so pleased, that Mrs. LoChirco's pride is most evident when she speaks of his reaction.

Building Addition
Sam LoChirco, a self-employed builder, plans to have a first floor addition, a larger nursery, completed in two weeks on their house in Linville avenue in The Woods.

They haven't planned routines for the babies' feeding and bathing yet, but the relatives are anxious to help and so are her other two children, Anthony aged 14 and Francesca who is 11. The LoChircos will wait until she is home before acquiring two more bassinets, cribs and other necessities to meet the increased demand. They will also have to decide which of the babies will wear the baptismal dress imported from Europe and who will have new dresses.

Individual Releases
It will help, too, that the babies will be released from the hospital individually at intervals as they gain sufficient weight.

Pointer, Telesforo A. Mascarin, M.D. delivered the six weeks premature girls, the first set of triplets born at Saint John Hospital in 12 years.

Dr. Mascarin commented that the multiple birth was completely natural and that Mrs. LoChirco was not taking any drug which would have contributed to the phenomenon.

DISCLOSES THEFT
Farms police took a report from Harding H. MacDona of 108 Moran, in which he disclosed that while his car was parked at the curb in front of his house, between the hours of 10 p.m. on Thursday, June 18, and 7 a.m. on Friday, June 19, someone broke into the vehicle and took a four-track tape player, valued at \$40, and 15 tapes, worth \$5 each.

Kiwanians Seek Funds For Display

Members Will Accept Donations to Help Finance Cost of 23rd Annual Fireworks Show

Kiwanians will man intersections in the Woods on Mack avenue on Friday and Saturday, June 26 and 27, to accept donations from residents to offset the cost of the 23rd Annual Fireworks Display slated for Saturday, July 4, at dark, in Parcels Middle School Field.

Proceeds from the event have been used in the past for transporting Woods youngsters to Lakelake Park by bus, for awards to North and South High School Co-Operative Education students, to provide scholarships, for shelters and barbecue facilities at Lakelake Park.

This year proceeds will be used for Operation Drug Alert, an international Kiwanis program geared to fight drug abuse and for contributions to the Pointe's newly formed Youth Service Division.

Chairman of the event, and immediate past-president, Robert Hozdich said Vernier road, from Mack to Jefferson may still be under repair and suggests that friends share the ride to alleviate a traffic problem.

The fireworks are geared to last about an hour and a half. In case of rain the display will be rescheduled for Sunday, July 5.

POP MACHINE PILFERED
Ray Smith, Jr., of Meldrum and Smith Nursery, 17750 Mack, called City police on June 18, to report persons unknown had pried open the pop machine on the premises and removed some five dollars in coins. Entry to the property was gained by jumping the fence on the east side of the building. Also missing were two hammers.

Occupational Educational Program on Cooperative Basis Being Introduced

Public School System Taking Pioneering Step in Offering Course at North High School Under Tony Spadafore

By Pepper Whitelaw

For the past 15 years much has been said about the need for teaching occupational education in the nation's school systems but very little has been done.

Of late, however, educators have reaffirmed the need for, and instituted programs in, cooperative education. They have found that industry is more than willing to cooperate in their efforts because if youngsters are not trained in these skills a time will come when there will be no labor force.

At North High School next year, the Grosse Pointe Public School System is joining other of the nation's farsighted educators by offering occupational education in trades and industries, under the direction of Tony Spadafore.

Mr. Spadafore is an enthusiastic teacher who spent 17 years in industry. He was graduated from Lawrence Tech and has his bachelor's degree and master's degree from Eastern Michigan University, and his specialist's certificate from Wayne State University. He also attended Ford Management School. Prior to coming to The Pointe, he taught for six years at Hamtramck High School. He taught at South High for two years and has been at North for one year.

Accept 26 Students
Mr. Spadafore told the NEWS that 26 students have been accepted into the program. Admission is based on recommendations of teachers, personal interviews and formal written applications. Parents must give permission for participation in the program. (There is a waiting list for admission). Students must be 16 years of age and have all graduate credits without co-op.

As in other successful co-op programs, those students in trades and industry will be in school part of the day in a regular course and will be assigned to training stations the rest of the day.

Any local business or industry which provides training on a part-time basis is called a training station. Here the students develop the necessary attitudes and skills to make them proficient employees. Employers report to Mr. Spadafore on the progress of the trainees. They work a minimum of 15 hours weekly, receive an hourly wage and earn credits toward high school graduation.

Training Is Varied
Training in drafting, auto mechanics, wood processing, metals, electronics and graphics is provided. Teachers in the program include Frank Sumner, Lou Gray and Dan Liggett.

Mr. Spadafore has already secured employment for four of next year's students with the Mobil Oil Company for the summer months. These boys will take a training course offered by Mobil, then be placed in Mobil stations in the area. They will be paid \$2 an hour, well over the minimum hourly wage.

Mr. Spadafore is hopeful that service stations, drafting and architectural firms, print shops, advertising agencies, design and engineering companies and affiliated industries will want to participate in the program.

Has Two Segments
The actual course consists of two segments, Industrial Education, which prepares the student for a job in the industrial occupations and skilled trades and provides them with the historical background of the trades and trade unions and their effect on the nation's economy, as well as classroom instruction for the skills needed on the job.

Cooperative Industrial Education is taught in conjunction with Industrial Education. Here the student learns job skills needed for employment in industrial occupations, learns to handle himself in a work situation and observes first-hand the job opportunities in his field of interest.

An important adjunct of the program and one recommended by the state of Michigan, is the formation of an advisory committee, composed of members of industry, who can keep the school informed of current technological advances. This will help the school maintain an up-to-date program.

To Keep Up To Date
The function of the advisory committee will be to provide the school with advice not readily available elsewhere and keep the school board administration

Abduction, Rape Of Six-Year-Old Shocks Community

Child Grabbed on Way Home from School by Heavy Set Young Man in Small Black Car; Woods Offers Reward

By Phil Loranger

Investigation by a combined task force of Woods and St. Clair Shores detectives into the Wednesday, June 17, abduction and rape of a six-year-old Woods girl was intensified this week, as officers combed the scene of the crime, searching for any clue which could serve as a link to the solution of the sickening attack.

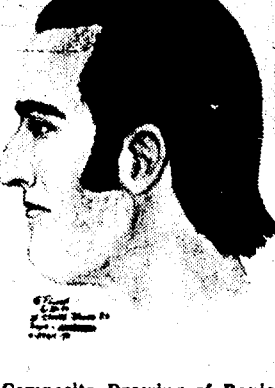

Shortly after 2:30 on the day of the incident and just prior to the start of a violent thunder and hailstorm which struck the community, the youngster waved goodbye to her Ferry School classmates after the final day of regular classes and began walking towards home along Morningside drive.

According to the child, a small, black car, driven by a heavy-set clean-cut young man believed to be in his late twenties and having a day's growth of beard, approached and stopped near her.

The man emerged from the auto, grabbed the youngster, threw her into the car and drove off at a rapid rate of speed. The shaken child told police officers that the man drove to a marina on the shores of Lake St. Clair in St. Clair Shores, where he struck her a number of times, dragged her into a dry-docked boat and raped her.

The attacker then proceeded

Pointe Teacher Accident Victim

A 17-year-veteran teacher in The Pointe's Public School System remains in a coma at Saratoga General Hospital in Detroit, after he was struck by a motorcycle on Monday, June 22, in an accident, which left two injured and one person dead.

Robert G. Clark, of 14244 Wilshire, Detroit, was struck by the cyclist as he attempted to cross Gratiot and Fournier on Detroit's eastside. The driver of the motorcycle was killed.

Clark, who joined the public school system in 1953, sustained multiple lacerations, head injuries and a broken leg. He has remained in a coma since he was admitted to the hospital shortly before 7 p.m. on the day of the accident. A girl passenger on the motorcycle was also taken to Saratoga, where she is listed in serious condition.

The 50-year-old Clark was first hired in The Pointe as a teacher of math, but became a counselor in September 1958. He is currently a counselor at Brownell Middle School.

SHOTGUN MISSING

Carl D. MacPherson, of 537 Saddle lane, told Woods Public Safety Officers on Wednesday, June 17, that somebody had removed a 12-gauge Winchester Model 12 shotgun, valued at \$200, from his home sometime earlier in the week.

Contract on Hike in Pay Ratified by Farms Police

The Grosse Pointe Farms Police Officers Association, and Farms city officials, with the able services of State Mediator Leon Cornfield, settled police wage negotiations on Monday, June 22, according to released information. The Farms is the first Pointe to reach accord.

City Manager Andrew Bremer, Jr., and City Controller Carol Lock, representing the Farms, and the Association's negotiators, Patrolmen Earl Field, Donald Dewey, F. J. Belanger, II, and Gordon Evans, met with Cornfield, in an amiable atmosphere, to settle the wage question and other problems.

The members of the Association, following the meeting ratified a two-year contract, which becomes effective on Wednesday, July 1. The contract calls

Edison Gets Approval of Rate Boost

Increased Cost of Street Lighting \$192,000 for Pointers; Appeal Expected

Despite protests from the five Pointes, Detroit, Livonia, Trenton, Highland Park, Birmingham and other Oakland communities, and Madison Heights, the Michigan Public Service Commission has ruled to grant an increase of \$6,514,872 in additional electric revenue to the Detroit Edison Company.

The ruling will cost The Pointes some \$192,000. Three of The Pointes had already approved their 1970-71 budgets prior to the increase, which will have an extremely adverse effect on their already tight budgets.

The rate hike will cost The Woods \$80,000, not budgeted; The Shores, \$12,000; The Park, \$44,000 not budgeted; The Farms, \$38,000 not budgeted; and The City \$20,000. (Since The City passed its budget at a later date than the other communities it has allowed for the increase by increasing its tax rate 50 cents).

Edison maintains that it has been losing money on street lighting for the past 20 years. This new rate is a little over a 63 percent increase in the incandescent ornamental street lighting category, which is most commonly used in The Pointes.

All municipalities also opposed the discontinuance of incandescent street lighting service within a limited period of time.

The commission ruled that if the municipalities are willing to pay rates for incandescent street lighting service which would result in the Edison Company earning a reasonable return on its facilities utilized in rendering the service, they (the municipalities), should be entitled to that type of service.

The increase became effective June 15. It is anticipated that a joint appeal on the decision will be filed by all the municipalities involved, possibly through the Michigan Municipal League.

Experts throughout the country have repeatedly suggested that the fight against drug abuse can never be effective unless it is handled as a joint effort between communities, schools and service organizations. Fortunately the Pointes' municipalities and school system have the foresight and interest to do just that by combining their facilities and energies toward this common goal.

REPORTS THEFT

Joseph M. Cecchini of 1550 Huntington, informed Farms police on Thursday, June 18, that while his convertible was parked in the lot at the rear of Kroger's, Mack and Moross, someone slashed the top and entered the vehicle. Taken, he said, were an eight-track stereo tape recorder and AM radio combination, 10 eight-track tapes and a pool-ball gear shift knob. Total value of the items is \$200, Cecchini said.

Educational Program Introduced

(Continued from Page One) and program co-ordinator abreast of current practices in industry, business and trades so

the training program can be kept current. Hopefully committee members will help publicize the program of work experience; help locate and select training stations; assist in the enrollment of students who can best be helped by this program; help the school obtain classroom equipment and materials; give valuable advice in the formulation of administrative policies and operational procedures; recommend materials that should be taught in related vocational classes in the

school and determine the course of action in making decisions on general problems that may arise. Mr. Spadafore said that the current plan is for the advisory committee to meet once a month and discuss these situations. He is hopeful that community members associated with these trades and industries will contact him at 888-8100, and offer their talents to the advisory committee and their facilities as training stations.

Crime Shocks Community

(Continued from Page One) to rush from the craft, leaving the badly mauled child lying in the boat. He returned to his car, threw her school books onto the muddy ground and left the scene of the attack.

The frightened youngster, injured and dazed, crawled out of the boat, retrieved her school books and began walking along Jefferson avenue, where a Birmingham resident noticed her bloodied condition, stopped to question her and drove her to the home of her parents. Her shocked parents rushed her to St. John Hospital, at Mack and Moross road, where she was admitted shortly before 4 p.m. Doctors at that time listed her condition as "critical," pointing out that she had a number of bruises and that she sustained personal injuries as a result of the vicious act. The girl has since been released from the hospital. "We have been working day and night on this case along with members of the St. Clair Shores Police Department," said Donald Coats, Woods director of Public Safety. "This incident has shocked and enraged the community and we are doing everything humanly possible to solve it and apprehend the wicked criminal who was involved."

Officers Praised
"I cannot say enough for our public safety officers and the work they have performed since the crime was discovered," he continued. "I can't give you any number, because it would be too large, but just about every officer in the department has voluntarily worked on his own time to help out in all phases of the investigation. I am sincerely proud of them."

In echoing Coats' praise of the policemen, Woods City Manager Chester Petersen also claimed that the entire public safety department had turned in long hours of investigatory work and that the members of the department continue to volunteer their services during off-duty hours. "These men are true professionals," said Petersen. "Their work is a real credit to our community."

Reward Offered
Petersen also announced that the Woods City Council,

Field, president of the Association and head of the police team, said Bremer and Lock received his group cordially, and during the seven times the police team met with the city representatives, talks were amiable and the relationship was excellent. The first meeting was held on April 17. A tentative settlement was reached on Friday, June 19, but a few members of the Association refused to ratify a contract, forcing the talks into mediation, as required by Public Acts 312 under State Labor Law. Farms firemen contract talks are still in progress, as are talks with the Police-Sergeants Association, Department of Public Works, and other city groups.

In an expression of deep concern over the vicious act and an equal concern for the safety of the community's residents, this week authorized to award \$2,500 to the person or persons who can provide any information leading to the arrest and conviction of the attacker.

"Since the council authorized this reward, we have been informed that St. Clair Shores has added \$2,500 to this offer; a Grosse Pointe Park citizen contributed \$100; and a service club increased this with another \$100," Petersen said.

It is a religion based on the words and works of Christ Jesus.

It has helped many like you to prove in a measure the meaning of Christ Jesus' promise: "He that believeth on me, the works that I do shall he do also."

It shows the scientific basis of Christianity and how to avail yourself of the laws of God in everyday life.

Boy Badly Bitten By Vicious Dog

A helpful 10-year-old boy, Benjamin Paddock, of 305 Lincoln road, was severely bitten on the back of the head and upper arms and suffered a number of lacerations on Friday, June 19, while attempting to return a neighbor's dog to the yard from which it had escaped.

The dog, a black Newfoundland, belonged to the Richard P. Doerers, of 300 Washington. Ben was rushed to Bon Secours Hospital by neighbors, Mr. and Mrs. Thomas Conway, of 801 Lincoln. His parents were vacationing at the time but his grandmother, Mrs. Joseph Sherer, of 190 Ridge road, was notified and went to the hospital.

The dog was impounded immediately due to the viciousness of the attack.

A violation was issued the Doerers and a court date set for Wednesday, July 14.

Chorus Ready For Rehearsals

The Grosse Pointe Summer Chorus, under the direction of Richard Johns, will begin rehearsals June 30. They will meet each Tuesday and Thursday evening through August 4 at Grosse Pointe War Memorial.

The chorus is open to men, women and children. There are very nominal charges which just cover the cost of the music and reimburse the director and accompanist. Membership is \$5 for individuals; \$9 for married couples and whole families may join for just \$12.

It is not necessary to be an accomplished singer or musician to join the chorus. Anyone who enjoys group singing is welcome. Sight reading will be developed as one goes along.

All the music sung by the Summer Chorus will be light in nature and the accent will be on the fun. At the conclusion of the summer on August 6, the chorus will present a concert in Fries Auditorium—a melodic conclusion to the season which is shared with all Grosse Pointers.

Japanese Headed for Farms But End Up 'in the Woods'

By Phill Loranger For Matomasa Maegawa, an Assemblyman from Imatsu, Japan, Monday, May 18, proved to be a long and somewhat embarrassing day, but the polite Japanese gentleman may try again, according to an humorous story related this week to the NEWS by Leona Liddle, Woods City clerk.

It seems Leona was hard at work in her glass-enclosed office, when three Japanese men, one Japanese woman and an American tour guide, cameras slung from their necks and myriad little packages in their hands, entered the Woods Municipal building, bowing and smiling as they came.

"Hello, to all you Farms City, Michigan, people. Good luck, how are you, we are happy to be here," they said, to the obvious confusion of all office employees. "This is great honor. You happy. We happy. Michigan, Farms and Japan very happy."

While the tour guide insisted that she had brought her charges to the offices of the Farms, the visitors continued to bow and snap pictures. The Woods employees bowed back and smiled for the cameras.

"They really took us by surprise," said Leona. "The city manager and the director of public safety were both out of the office at the time, and since I was the senior member of the office of all these who were present, the job of finding out what was happening was left to me."

While Maegawa, the spokesman for the visiting group, showed Leona a scrapbook of his hometown and the three others continued to photograph the office workers, the tour guide explained that she had been directed to escort the group to the Farms, but that her superiors must have given her the wrong directions.

It took some time for Leona to straighten the group out, but she finally succeeded. Maegawa had already presented her with a set of cuff links and the tie clip, bearing the words: EXPO 70.

"When the travelers finally were made aware of their mistake, they humbly apologized and were quite embarrassed," said Leona. "They left the way they entered, smiling and bowing and taking pictures. I still wonder whether or not they really knew they had entered the wrong city."

Aware or not, the group finally made its way to the Farms, where they once again missed the top-ranking city officials, according to Andrew Bremer, Farms city manager.

"The Japanese delegation arrived and spoke briefly with John DeFoe, our public service director," said Bremer. "They left a number of gifts and planted a small cherry tree, as a sign of friendship. They left smiling and bowing."

Who was this mysterious Maogawa-led troupe? The answer is rather simple and pretty refreshing.

Last year, South High School Director of Instrumental Music, Russell Reed, prior to embarking on a trip with the school band to Japan, requested that the Farms City Council adopt Imatsu, Japan, as its oriental sister city. The Council approved the resolution, becoming the fifth Michigan city to adopt a "sister" in the Shiga Prefecture, which is the Japanese sister state to Michigan. Lansing, Traverse City, Sturgis and Ann Arbor are the other four communities.

Maegawa had come to Michigan to meet the Farms city officials, but the confusion has already been explained.

Now it appears that Maegawa might try it all over again in mid-July, when 21 Japanese visitors from Shiga are scheduled to arrive in Detroit. He may be among the group of travelers.

Farms Mayor William Butler, at his own expense, will visit Imatsu in the latter days of July, as a member of a delegation from Michigan, headed by Governor William Milliken.

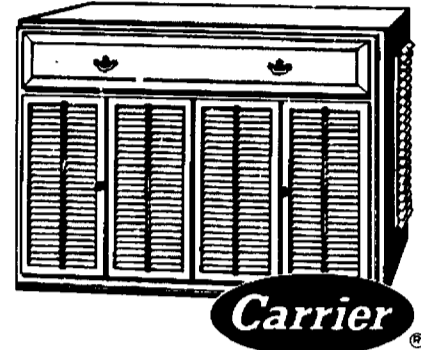

Let's hope that Mayor Butler obtain a more accurate map than that given to Maegawa Matomasa.

Blame Embers In Garage Fire

A fire, possibly started by still hot embers from a barbecue grill dumped into a rubbish can, damaged a garage on the property of Bruce Cox, 269 Mt. Vernon, on Sunday, June 14. The flames shot upward from the rubbish container and ignited the rafters. Farms firemen extinguished the flames in about 10 minutes after arriving at the scene. Fire Chief Michael Beupre said that damage to the building is estimated at about \$500.

Nab Car Thief Following Chase

A 16-year-old Detroit youth, who led Park police in a fast car chase through city streets and who escaped on foot to be captured later, was filed against with Juvenile Court authorities and charged with possession of a stolen car and trying to evade arrest.

While on routine patrol on Wednesday, June 17, at 8:40 p.m., at Charlevoix and Devonshire, Patrolman William Furtaw observed a 1965 Volkswagen, a lone white male driving, traveling east on Charlevoix. The officer checked his "hot sheet" and found the vehicle had been reported stolen in Detroit.

The policeman said that due to the heavy traffic and heavy rain, he was unable to make a turn to pursue the youthful driver. Furtaw said that during the waiting period for traffic to clear he called his dispatcher to verify that the car was still on the stolen list. When the reply was positive, he took off after the Volkswagen.

The driver of the stolen car turned and drove to Vernor, turned west on Vernor, at which time he saw the pursuing police vehicle, and stepped on the gas. The young man turned south

onto Bedford, completely ignored a stop sign for Kercheval, turned north onto Kercheval to Buckingham, to in front of number 1223 Buckingham, where he lost control. The small car jumped the curb, crossed over the lawn of 1223 and 1221, and hit a clump of bushes and came to a stop.

The driver leaped out of the car as it was still in motion and crossing the first lawn, and ran between the houses. Furtaw stopped his scout car and got out and continued the chase on foot, but lost the youth.

As Furtaw was checking the neighborhood, several witnesses who had seen the chase and the running boy, notified the officer that the youth was in the backyard of 1214 Berkshire. The policeman took the young man in custody at this location and took him to the station where he was charged and released to officers of Detroit's Fifteenth Precinct, Conner Station.

The lad, it was said, had stolen the car at Rosewood and Kensington, on Wednesday, June 16. The owner of the vehicle is Emilio Ciccarelli of 3557 Kensington. Who had reported it missing.

**Lightning Hits GP Farms
Home; Causes \$15,000 Fire**

Lightning during a heavy thundershower on Wednesday, June 10, struck the home of Mr. and Mrs. L. C. Hopkins, 467 Chalfonte avenue, causing a fire that created approximately \$15,000 in damage, it was disclosed by Fire Chief Michael Beaupre.

Flames were confined to the living room, but there was extensive heat and smoke damage throughout the entire ranch-type house, the chief said.

The heat of the lightning bolt melted the casing of the kitchen clock, which stopped at exactly 2:07 p.m. A woman living nearby, arriving home from a shopping trip at about 3 p.m. saw smoke pouring from the eaves of the Hopkins' residence and phoned in the alarm.

Chief Beaupre said that when firefighters arrived, the living room sofa-bed and a wall of the room were burning fiercely. If the neighbor had delayed the call another 10 minutes, the fire would have penetrated through

to the attic, he added. Flames burned a hole in the living room floor.

Firemen doused the blaze in about eight minutes with high pressure hoses, but remained at the scene for an hour cleaning away burned debris.

The chief said the lightning hit the television antenna, traveled through the antenna wire and stopped at a metal lath holding the wire, causing sparks and flames to ignite the wall and then the sofa.

The Hopkins were shopping when the lightning struck.

Doctors Curse Knowledge

Like it or not no human being can "unlearn his education." The Doctor who spends his life diagnosing and treating his patients may one day instinctively use his diagnostic tools on himself. On that day he may curse his knowledge of his own incurable disease.

Aren't we also trapped in our knowledge of the world beyond our back yard? The communications of the 70's make it impossible for us to plead ignorance to the plight of the "have not." Like it or not we are trapped by our awareness. But unlike the Doctor with the incurable disease we can change the prognosis. We have the main instrument in hand. We are aware!

**We know how you feel.
And we can help you out.**

If you'll think First.

When it comes to ingenious kinds of checking accounts, charge accounts, colorful plastic charge cards, "easy" payment plans, and other ways of helping you spend your money, you get more help than you need.

But these days, when you feel imprisoned by bills, you don't need help spending your money. You want help saving more of it. And you want the money you do save to make more money.

We at First Federal Savings of Detroit know how to help. We can show you how to save money. Better than you may be saving now.

We can promise you this because that's our specialty. We have helped thousands of people from every walk of life—housewives, secretaries, wage earners, even well-to-do businessmen who had been finding it impossible to add to their savings—make their dollars multiply faster than ever. We've been at it 35 years, and we've been so successful at it that today, we're the largest savings institution in Detroit—in all of Michigan.

Our secret is yours for the asking.

Saving money these days isn't the easiest thing in the world, we admit. But it can be done. It is being done by the 210,000 people who save with First Federal Savings of Detroit.

Psychologists tell us that to save successfully takes three things. It takes the right attitude. It takes knowledge. And it takes the right tools.

We'll arm you with all three.

We'll start by showing you how easy it is to open an account. You can begin with a dollar, and you can do it in a brief stop at one of our 24 offices. Or even by mail.

We'll make it easy for you to make deposits regularly.

We pay the highest rate on passbook savings.

We'll help you get in the savings habit so firmly and so profitably that even you won't want to break it. Yet so simply that it won't hurt a bit.

We'll help tailor-make a realistic savings program for you and your family. Your savings will be insured up to \$20,000 by an agency of the Federal Government.

Now here's a key part of the First Federal Passbook Savings program that no financial institution—no matter how big and prosperous—can beat:

We'll pay you the highest rate of interest. On regular passbook accounts. Higher than most other financial institutions are allowed to, by law.

We'll give you our special Daily Interest, too—from date of deposit to date of withdrawal. Last year, we paid our savers over 30 million dollars in interest.

We'll help you break the charge card habit by showing you how to accumulate more cash for purchases. That way, we at First Federal Savings will pay you interest, instead of your paying somebody else interest.

This could be it.

If you have a savings account somewhere else now, maybe you can't seem to make all those additional deposits you intended. Or are upset because you're not getting all the interest you could be.

If you've never had a savings account before, maybe it's because you think it would be doomed from the start.

If you have a good deal of money tied up in an investment you made, maybe you're beginning to realize that your family is entitled to a risk-free way of making money, keeping it handy for emergencies at the same time. At the highest possible interest.

If so, watch us. Stop in and get to know us. Mail us a check and tell us to open an account for you.

There's an office near you. Look us up in the phone book.

We want to put you on the road to a more confident, more secure, and more successful savings program than you thought possible.

Not just anywhere.

But at First Federal Savings of Detroit.

**We can do more for you
if you'll think First.**

Donald G. Knobelsdorf of 12211 Wade, Detroit, reported at the Farms station on Monday, June 15, that while his car was parked in a lot at Mack and Kerby, someone slashed the top of the vehicle, a convertible, entered and took his tape deck and 15 tapes, worth a total of \$120.

Insurance Bought By School Board

The Board of Education, to meet its insurance requirements, purchases every three years a Comprehensive Business Insurance Policy which covers all of the various hazards and exposures within the school system including fire, malicious mischief, glass coverage, public liability, auto fleet, boiler and machinery, broad form monies and securities and musical instrument floater.

The existing policy expired and the Board requested bids, based upon specifications formulated by the Board, to cover these exposures. Bids were received on May 22 and referred to a committee consisting of Board Treasurer Lee Allen and Director of Business and Finance Ray MacArthur, for review, study and recommendations to the Board.

These recommendations were submitted on Monday, June 22, at a special session of the Board of Education at which time the following action was taken:

The Comprehensive Business Insurance Policy was awarded to Continental Insurance Company based on premium costs and a program to meet the exposures determined by the Board. The contract carries an annual premium quoted at \$23,280.

This premium excludes plate glass coverage, broad form money and securities coverage and marine floaters for audiovisual equipment, science and laboratory equipment and office equipment. After study it was felt that in these particular areas it was more economical and in the interest of the system to be self insured.

The Detroit Insurance Agency was appointed the agent of record by the board after considerable discussion during

which time Trustee Arnold Fuchs indicated that he was not in agreement with the use of Detroit Insurance Agency as the agent of record. Mr. Fuchs indicated that his dissatisfaction with DIA harked back to the visit of Martin Luther King at which time South High School facilities were used. Mr. Fuchs indicated that he felt the system was not covered adequately at that time.

A representative of DIA indicated that the system in his opinion was covered completely at that time and that the Human Relations Council, which sponsored King's visit, assumed liability for any exigencies that might have occurred on their policy rather than on the school system's policy. The Board voted 5 yes and 1 abstention (Mr. Fuchs), on DIA's appointment. Byrnes-McCaffrey, Inc. will assist as consultants.

The contract for Workmen's Compensation was also awarded to Continental Insurance Company for purposes of continuity in the administration of the entire insurance program. The Detroit Insurance Agency was again appointed agent of record and Eimmerer and Company consultants. The premium for this is estimated at approximately \$20,000, but will vary according to the compensation experience within the school system.

The Employers Fidelity and Treasurers Bond was written as a separate policy and awarded to the Lumbermen's Mutual Casualty Company through the James Bays Agency for a three-year premium quoted at \$1,361.

Duties Assumed By New Pastor

The Grosse Pointe Memorial Church welcomes into its family of worshippers Dr. Ray H. Kiely as its new senior pastor. He will preach at both services of worship—9:30 a.m. and 11:15 a.m.—this Sunday.

Dr. Kiely was elected pastor of the Grosse Pointe Memorial Church at a special congregational meeting on April 12, and his call was approved by Presbytery on April 28. He comes from Westminster Presbyterian Church, Buffalo, N.Y., where he has served since 1962.

Dr. Kiely was born in Claremont, N.H., has a B.A. degree from Middlebury College in Vermont (1960), a B.D. degree from Union Theological Seminary (1963), and an honorary Doctor of Divinity degree from Carroll College of Waukegan, Wis. (1963). He is active in the Synod of Wisconsin, as president of the Council of Churches of Utica and Oneida Counties, Chairman of the Ecumenical Committee on the Church Union in the Presbytery

of Western New York, and is chairman of the Ministerial Theological Education of the General Assembly.

Mrs. Kiely, formerly Martha Melster, is a native of Marietta, O., a graduate of Ohio University at Athens, an author, artist, and lecturer who has written a book on Devotions for Women at Home and articles for Presbyterian Life, Concern, Outreach, and Church Management.

Dr. Kiely's family includes three sons—John, a Wooster College graduate now living in Chicago; David, a graduate of the University of Buffalo, planning graduate study in sociology and theology; Mark, a graduate of Kimball Union Academy, who is planning to enter college in September.

The Grosse Pointe Memorial Church has been without a sen-

ior pastor since May 15, 1960, when the Reverend Bertram deH. Atwood answered a call to Swarthmore Presbyterian Church, Swarthmore, Penn.

It's Hard Year For Dog Warden

Woods Dog Warden Dave McQueen is looking forward to his upcoming vacation and, if the events of the past two weeks are any hint of what he must face this summer, he'll need a good rest.

In the past 14 days, McQueen has been called to capture at least seven stray dogs, four stray cats, two squirrels and more than 200 mice, which had been released at local schools.

In addition to these citizen complaints, he has also been called upon to investigate four dog bites, two cat bites and a number of mice bites, which now stand at about 17. "Boy, I've just never experienced a spring like this one," said McQueen. "I'm convinced that there are more dogs and various other pets throughout The Pointe this year than ever before. I've also been called upon to come to the aid of injured wildlife at a record clip. The mice incidents really put the icing on the cake."

Graduating seniors at North High School, apparently feeling overly exuberant on their exodus from the hallowed halls, last week released 200 white mice within the school building. The frightened mice proceeded to bite a number of students and a cafeteria worker. A similar incident occurred at Parcels Middle School.

In both cases, McQueen was ordered to the scene, where he captured the elusive rodents and escorted them to Herman Kiefer Hospital, where the mice were administered tests. The tests showed the mice were "clean," according to the harried McQueen.

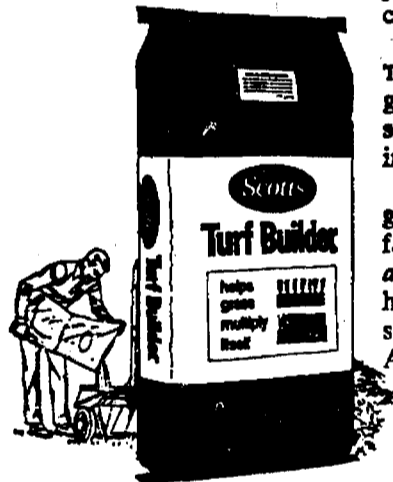

SPITEFUL

People who are always finding fault with others aim to drag them down to their level.

The experts say:

"Fertilize now for a greener summer!"

Everyone knows that summer weather is rough on grass. The long hot dry spells, plus summertime wear and tear, make it difficult for grass plants to survive, let alone maintain good green color and thickness.

That's why a June feeding with Scotts famous TURF BUILDER is so beneficial. Turf Builder helps grass build a stronger and deeper root system — so it can take full advantage of summer watering, especially if limited.

Turf Builder won't turn a browned out lawn green overnight. But with a little help from rainfall or watering, Turf Builder gets the most from any lawn, no matter what kind of grass you may have. So this summer do your lawn a favor. Bolster it by fertilizing now with Scotts Turf Builder. Available at any of the fine stores listed below.

Pool Treatment Warning Issued

With the installation of a rapidly-growing number of private indoor and outdoor swimming pools by homeowners throughout the Pointe, comes a warning from Woods Public Safety Officer and Fire Inspector Russ Allard on the use of a sanitation chemical, which, if improperly used or mis-handled, can be deadly.

Among those chemicals currently available to the general public, which are designed to serve as disinfectants, algicides, bactericides, and fungicides, is a chemical labeled "Calcium Hypochlorite," a commonly-used sanitation substance, which is also used as a general disinfectant and deodorizer.

Although this chemical is not combustible and is stable under normal condition, it is, however, a very reactive and powerful oxidizer, which when in contact with any foreign matter, becomes a highly combustible mixture, likely to produce violent eruptions.

"This chemical comes in both a solid and liquid form," said Allard, who has been conducting studies on Calcium Hypochlorite for a number of years. "We strongly recommend buying and using the safer liquid form. Through the years, we have been witnesses to a number of frightening incidents, in which this chemical either caused a fire or explosion because it was not used or stored correctly. We issue warnings on its use annually and we also annually record reports of trouble from residents who failed to heed our warnings. We're not running down the chemical. It is very good, but we are concerned with the dangers it presents when users don't use caution in dealing with it."

Pre-mixing the Calcium Hypochlorite with chemicals used as algicides and fungicides is highly dangerous and has caused a number of tragic accidents in various sectors of the country in the past few years.

In a recent incident in The Pointe, a supposedly empty coffee can was used to scoop up Calcium Hypochlorite crystals from a plastic-lined metal container for use as an indoor swimming pool chlorinator. During the scooping action, fire broke out in both the coffee can and the storage container. Firemen claimed the chemical came into contact with old coffee grounds, igniting the blaze. Fortunately, no extensive damage occurred.

"We are afraid that owners of new pools, still not familiar with all the swimming pool treatment activities, might accidentally misuse this chemical and end up getting hurt," said Allard. "That's why we asked the NEWS this week to print our safety rules for those making use of Calcium Hypochlorite."

The safety hints outlined by Allard include:

1. Read the container label of the product and carefully follow all instructions.
2. Keep the material in the original containers.
3. Segregate the containers from all flammable materials.
4. Store containers in cool, clean, dry and well-ventilated areas away from all sources of heat.
5. Use only clean, dry scoops, such as porcelain or enamel cups or glass containers to handle the chemical.
6. Never pour water on the dry form of the chemical. Always pour the chemical into the water.
7. If you have any doubt on what you are doing, contact your police or fire department IMMEDIATELY.

Sam Behring of 411 Malson notified Farms police that an unknown person shattered the right front window of his car, parked in front of his house during the night. Lochmoor Theft Of \$5,000 Probed

Investigation into the theft of nearly \$5,000 from a safe at The Lochmoor Club in the early morning hours of Tuesday, June 16, has been undertaken and intensified by detectives of the Woods Department of Public Safety.

The money was first discovered missing from the club's safe at 7:30 a.m. on the day of the incident by Samuel Nicholl, of 59 Willow Tree, vice-president of the club, who immediately called Woods police officials.

Woods police made an extensive search of the room in which the safe was located, finding four black money trays on the floor and three metal strong boxes strewn throughout the area. The trays contained some loose coins, but two of the strong boxes had been pried open and the money within each had been removed.

An employee of the club, located at 1018 Sunningdale, told police that he had checked the safe on the night of June 15 and found it secure. On that same date, the club was the site of a large party for the Butlers' Association, which was attended by about 150 persons.

Although no arrests have yet been made in the case, police are currently investigating the activities of three suspects.

SHEP Program Starts 5th Year

The Sacred Heart Enrichment Program, or SHEP as it is more familiarly known, starts its fifth year on Monday, June 29. Created in the summer, 1966 by the Religious of the Sacred Heart, Grosse Pointe SHEP is an educational service involving the total community.

The program provides an intensive, dynamic learning experience for 180 fifth through eighth grade girls from a varied socio-economic, racial, religious and cultural background. Over 32 public and parochial schools in Detroit and the suburbs are represented in this enrollment.

SHEP continues under the direction of the Religious of the Sacred Heart and at the invitation of the Grosse Pointe Academy will use its facilities at 171 Lake Shore road.

The six week session of SHEP is designed to motivate under-achievers, provide additional tools for self-motivation for the average or high achievers and to increase awareness in all of the students of their dignity and potential. SHEP operates the 'bridge' concept — it is a creative institute linking young people from two cultures through an exciting learning experience. The volunteer SHEP staff under the leadership of Sister Annette Zippie has been planning for a '70 SHEP the best ever! Religious and lay teachers from both city and suburban schools will work together to provide new and varied stimulation for growth of initiative and creative ability in the arts and humanities. There will be a continued focus on developing an awareness of and responsibility toward key social issues through the medium of a strong social studies program.

The curriculum includes English, literature, creative writing, language and communication skills, journalism, individual reading appreciation and interest, small group dynamics, role-playing, experience in a wide range of literary studies, world religions and current events. Also included in this enrichment program are art and music appreciation, choral speaking, singing, creative art, creative dance, dramatics and field trips to various cultural centers.

In addition to the academic teachers, volunteers staff all areas of the SHEP program — art, music, sewing, dance and dramatics. The services of a school counselor, a reading consultant and a social worker are available daily for the needs of

Seen Removing Loot from Car

David Ohlert, 791 University, called City police on Thursday, June 18, to report persons unknown had broken into his car, which was parked in front of 785 University the night before.

Mr. Ohlert told officers that a radio was removed from the dash with wire cutters and two Sears' Walkie Talkies removed from the front seat of the car. The Walkie Talkies are valued at \$100. Entry was gained by using a wire on the locked rear door.

A witness told officers that at 5:15 a.m. on that date he observed a white male, between 18 and 20 years of age leaning in Mr. Ohlert's car. The youth left carrying something in his hands and entered a '67 Black, Bonneville. He was described as about five-foot-nine, with semi-long hair and wearing a white T-shirt and white slacks.

Rungel Speaks Here June 28

Disobedience Causes Arrest

A 46-year-old Detroit resident was arrested in the Woods on Sunday, June 21, when he refused to obey an order to move his car to the curb, after an early-morning accident.

Woods Lt. Jack Patterson was patrolling along Mack, when he observed two Woods Public Safety Officers assisting in the removal of automobiles, which had collided at Mack and Hawthorne. When Patterson stopped to aid the officers, he noticed Earl D. Burge, of 16088 Rosinni, Detroit, wandering in the middle of the roadway. Burge's vehicle was one of those involved in the collision.

Burge began to pull at a piece of chrome, which was hanging from the side of his car, when Patterson approached him and asked him to pull his car to the curb because it was blocking both lanes on the street. Burge ignored the officer and threw the chrome piece down on the asphalt road.

After making his request again and once more getting no response, Patterson told Burge that he would be in violation of a lawful order, if he refused again. Burge refused and was arrested for resisting an officer.

He was taken to the station, where his wife posted bond and police released him until his court date comes up.

Eastern High Plans Reunion

Twenty-five years have passed since the cap and gown symbolized the graduation of the class of 1945 from old Eastern High School in Detroit.

Since that time, the war was concluded, two more unofficially engaged in and former classmates have scattered all over the country. Many have settled in the Grosse Pointes.

Now, a reunion is planned for Sunday, September 13, to be held at the Imperial Hall, Grosse Pointe and 13 Mile Road in Warren. Cocktails, dinner and dancing will be included.

Since it is so difficult to contact many of the class, help is requested from all members of the Eastern High Alumni '45 in locating missing classmates.

Co-chairman Terry Des Rivers Edwards urges all her former classmates to send their checks now for \$20.00 a couple to: Eastern High Reunion, C/O Gus Kocoves, 1361 Yorktown, Grosse Pointe Woods, 48236. For information or help call Bob Rose 822-6155 or Herb Steiger 772-9300.

Members of the Classes of '44 or '46 are invited to attend.

TOP SLASHED

Walter Gibbs, 501 University, called City police on Thursday, June 18, to report persons unknown had slashed the top of his Volkswagen convertible which was parked in front of his home between 10 p.m. on June 17, and 7 a.m., June 18.

Police Officer Hired in Woods

The Woods Department of Public Safety this week added a new public safety officer to its staff, according to Donald B. Coats, director of Public Safety.

The hiring of 27-year-old Patrick McMath brought the department's overall strength to 44 men.

McMath, who resides with his wife, Deanna, and two children, Patrick, Jr., and Colleen, in the Park, is a graduate of South-eastern High School. He served three years of active duty with the United States Army from 1960-63 and was most recently employed as a computer operator with the Detroit-based Massey-Ferguson Corporation.

His appointment to the staff becomes effective on Wednesday, July 1, and he will begin basic police training shortly thereafter.

Contest Winner Victim of Theft

The composer of North High's new alma mater is just a little sadder this week for his musical efforts.

David Gregory, a North High student, this week was named the winner of the school's contest to find a new school hymn. His composition was selected over six other original works and he was awarded a first-place prize of \$25.

The prize was presented in the form of a money order, which David, the son of Mr. and Mrs. James Gregory, of 1608 Blairmore court, was required to cash at the school office. Soon after he had converted his money order to cash, Gregory placed his wallet in his school locker, while he participated in a class.

When he returned to retrieve his wallet, he discovered that the money was missing. The incident took place on the final day of regular classes.

Durant Heading Tulane Forum

W. Clark Durant III, of Lincoln road, has been named chairman of Direction '71, fourth annual Tulane University student symposium.

The forum is scheduled for April 21-26, 1971, and will feature a series of discussions on current political, environmental and social problems in the United States.

Durant, a junior in the Tulane College of Arts and Sciences, said he hoped to enlarge the series "with an eye to greater audience participation."

He explained that the forum is the only one of its kind in the Gulf South region and is designed to acquaint college students and other interested persons with "some causes of urban problems and other major problems in our society which are challenging student interest today."

Durant is in the process of obtaining a series of prominent speakers for the symposium, including William F. Buckley, author, publisher and frequent spokesman on current social issues; Sylvia F. Porter, financial columnist and editor for the New York Post and author of the book "How to Get More for Your Money"; New York Mayor John V. Lindsay; and news commentator and analyst Howard K. Smith.

Durant served as finance chairman of Direction '70, a program on American Politics held earlier this year at Tulane. He was recently elected a representative to the Arts and Sciences Student Council of the Tulane Student Senate.

Durant is the son of Mr. and Mrs. Richard Durant, 485 Lincoln, and a graduate of Grosse Pointe University School.

Alexander Blain IV Becomes JA Staffer

The appointment of Alexander Blain IV to the staff of Junior Achievement has been announced by Edward P. Nagel, Executive Vice President, J.A. of Southeastern Michigan.

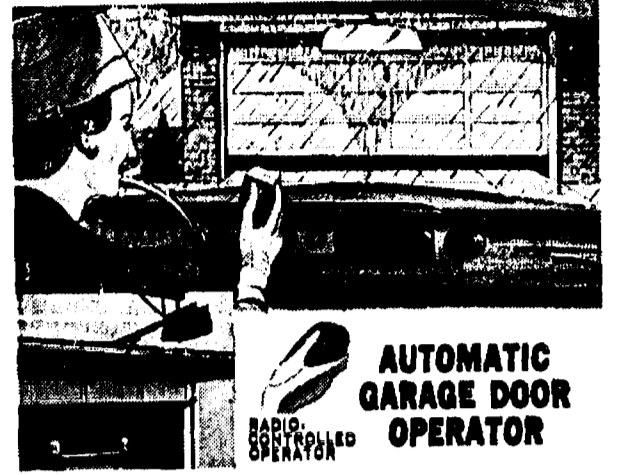

Mr. Blain of 265 Williams, received a BA in English in 1966 from Washington and Jefferson College, Washington, Pa., where he was a member of Phi Gamma Delta fraternity. He served with the U.S. Army for three years before joining Junior Achievement.

Blain will supervise J.A. business centers in Southeastern Michigan and will work in close cooperation with Center managers to bring an understanding of business to more than 8,000 teenagers in the "learn by doing" economic education program.

Hi...

I'm Reese Lamb, Michigan's Truck Driver of the Year.

I'd like to ask you a favor.

Keep your cool driving on the hot Fourth of July.

The highways will be crowded...traffic may move like a snail...and tempers may flare.

Don't let a hot temper cause you to blow your stack.

When your stack blows...your patience goes...And you may be heading for trouble.

This is how accident statistics are made.

You don't have to be one if you keep your cool. So keep your cool on the hot Fourth of July.

If more people do...fewer will die.

SKI PROTECTED

AAA PERSONAL ACCIDENT INSURANCE protects you while water skiing and in a wide range of other sports accidents with cash benefits up to \$1,000. Hospital expenses of \$40 a week (up to 10 weeks) are also included. In addition, cash benefits up to \$10,000 protect you while traveling.

Skiing, hunting, fishing, traveling... as a Triple-A member you're protected with AAA Personal Accident Insurance.

Thursday, June 18, winning
hurler Dave Case, blew the ball

by 11 Yankees in posting a 5-2 decision. Dave has now gone 25 innings without giving a walk. Bob Trombley paced the Cleveland hitters with two for three, including a triple. Case and Joe Gorski doubled, as did Schmitt

and Osborn for the Yankees. Friday, it was the Reds over the Phillies, 9-2, with Reinhard the winner, who also had three hits. Cammett had a double for the Reds as did Purdy for the Phillies. Trip Howell had three for three, including a double and also made a great cross-bodded, one-handed catch of a drive to deep center.

The Indians came from behind in the bottom of the sixth to eke out a squeaker over the Red Sox, 7-6. Drew Miller got a single to drive in Jim Font with the winning run, after Bill Austerberry had tied it up for the Sox by stealing home. Tim Corbett, Drew Miller and Dave Case paced the Indians with two hits each. Case had a towering solo homer while Corbett had a pair of doubles. Charlie Murphy of the Sox had a perfect day with four for four, including a double.

Saturday, in the second Round Play-Off Championship, the Reds came on strong in the late innings to take the decision over the Giants, 3-1. Cammett took the win and also had a long triple. Tom McCubbin had a homer for the Giants.

Triple "A" League

Hollywood scored 15 runs in the first three innings to overwhelm Louisville, on a no-hitter by Mike Naimish, 15-1. A triple by Hart Mecke, coupled with doubles by Tom Kolowich, Pete Gottfreson and Jim Teetzel sparked Hollywood's 14-hit attack.

Tuesday, June 16, Newark came alive in the sixth with Doug Waugaman's and Tom Chase's doubles. Jamie Donovan then tripled to tie the score and then stole home to give Newark the win, 3-2. Tom Lund of Sacramento pitched a strong game with 15 strikeouts in a losing cause.

Thursday, Portland played errorless ball, as Dave Webster held Denver to three hits and fanned eight, to take a 12-3 win. Slater and Flory had doubles for Portland and the later made a one-handed stab of a liner to

save a home run. Saturday, it was Portland on top again over Louisville, 3-2, in one of the best games of the year featuring excellent offensive and defensive play on both sides. A double play started by Duffy's great catch in center followed by a perfect throw to the plate getting the runner from third with a great tag by Fellows. Bielski had a tremendous home run smash and D'Hont a double for Louisville. Fellows had a double for Portland.

Behind in the fifth inning, Hollywood exploded with six runs to down Denver 11-7 on Saturday, June 20. Pitching in relief, Phil Johnson held Denver to one run on four hits in the last four and one-third innings. Hollywood doubles by Pete Gottfreson, Dave Cornille, Mike Naimish, Tom Wilson and Harvey Kulka spelled the margin of victory, while Dave McIntyre went three for three including a double for the losers.

Class "C" League

June 13, Buffalo defeated Miami, 10-3, with Gottfreson the winning pitcher and Rinke the loser. The same day it was Rochester 2, Syracuse 0, on a one-hitter by Pat Corbett with 15 strikeouts. Case was the loser, racking up 13 whiffs.

Also Saturday, excellent fielding by Columbus enabled them to defeat a good Albany team,

Dialogue Meets Sunday, June 28

Dialogue, a newly formed group of Pointe college students will meet for the first time on Sunday, June 28, at 8 o'clock, to discuss with interested adults "Colleges and College Students." The collegians will meet at the War Memorial.

All residents of the five Pointes are invited to attend. College students home for the summer are encouraged to join Dialogue and contribute their ideas on current issues.

Be honest—keep cool and stick to the plan facts always.

Neighborhood Club News

Middle school students will want to go with the group to Tiger Baseball Games, Bob-Lo, and a series of weekend camping trips for boys. Tiger ball game trips are scheduled for June 30 with the Yankees, a Sunday doubleheader on July 12 with Baltimore, July 31 will feature the Twins, August 21 with Milwaukee, and September 7 with Baltimore. All trips will cost \$5.50 which includes reserved seat tickets, insurance, and transportation. Registrations will be on a first come basis and all trips are chaperoned.

The Club will feature an all day trip to Bob-Lo on August 3, along with the weekend camping trips for boys. Other trips are possible this summer.

Another new addition to the Club this summer will be an A.A.U. Body Building and Weight Lifting Club. Members must be 16 years or over. Fees regarding this program can be obtained by calling the Neighborhood Club. This is an excellent club for men with a program for students under 16 coming this fall.

Another A.A.U. Club Program offered by the Neighborhood Club is Judo. The Senior Club is now a year old with 50 members and many honors. This Club is open to anyone 15 years and over and interested people can join any time. The Senior Club meets at the Neighborhood Club every Tuesday and Thursday nights from 7-9:30. Interested people can get more details by attending practice sessions or by calling the Neighborhood Club. A Junior Judo Club for students 9-13 is still in the process of being established. All is go with this new club except for locating an instructor. Interested people should pre-register with the Neighborhood Club.

The Club also has all available information regarding the American Youth Hostel summer program. "We carry the monthly brochure distributed by the A.Y.H. and one can be obtained at the Club."

Students are especially urged to keep an eye on this column regarding the new evening hours that the Club will be open this summer. "We will be open three nights a week with one night featuring the Village Loft Folk Concerts. The other two nights will be open for pool, ping-pong, and getting together with friends." Dates will be announced soon.

This summer the Neighborhood Club will be offering a variety of "In Things" to do. New to the program this summer are sailing and water skiing. Sailing is open to junior and senior high school students. Openings are still available. There are several dates and times scheduled for these ses-

sions. Although all classes are filled to date more will be instituted if more students are interested. The cost is \$25 for club members and \$30 for non-members for an eight lesson series.

Water skiing is also open to junior and senior high school students. A few openings are still available. Water skiing, the world's fastest growing water sport, has always been of particular interest to Pointers. Fees are \$24 for club members and \$30 for non-members for an eight week session.

Senior and Juniors in high school, as well as the college crowd, are in for a series of specials with the "Village Loft." Folk singing will be provided in a relaxed atmosphere with many fine college folk bands performing.

For Middle Schooler the club begins its series of Bike Marathons on Saturday, June 13. Entry fee is 75 cents per biker. Junior high students should watch this column for further details on the Bike Rodeos.

Senior High students and College students are urged to watch for news on the "Coffee Rap" series. These sessions will bring prominent personalities to The Pointe to discuss current national and international issues. The series will hopefully involve political figures who will speak to the students on matters which concern youth and provide the students with the opportunity to ask questions and state their own opinions.

What an opportunity for a trip into outer space when Gemini I and II and Apollo I and II "blasted off" on Tuesday, June 30, at the Neighborhood Club Day Camp at Brownell Middle School!

Gemini I and Apollo I will be manned by seven 11-year-old Astronauts and Apollo II and Gemini II by the five and six-year olds.

A program to keep the youngsters in orbit has been planned by a versatile and enthusiastic staff composed of Norbert Ignasiak, physical education teacher in the Detroit School System, Mrs. Lisa Gandelot and Mary Beth Dakoske, teachers in the Grosse Pointe area, and Betz Johnson, Carolyn Bellaire, Mike De Vuyat, Bill Squiers, college students, and John Shaheen, recreation assistant.

Activities will include a variety of sports and athletic events, arts and crafts, trampoline, tumbling, nature study, square and folk dancing, and special events every Thursday. Scheduled for Thursday, July 2, is the launching of helium filled balloons with return post cars attached, so that finders may mail cards back to the children to determine whose balloon traveled the farthest. Prizes are awarded at the end of Day Camp to the champions.

Anyone interested in this summer fun-filled program should call the Neighborhood Club 885-4600 for further information.

A course specially designed for Teens and Adults will be conducted at the Neighborhood Club Teen Center.

Those interested in attaining and keeping a contour-controlled figure will benefit from a most rewarding and enjoyable experience under the expert direction of Miss Myra Halsig. Openings are still available.

The club points out that there are still openings in the summer horseback riding trips for 6th, 7th, and 8th graders. The riding is at Sugarbush Ranch, (near Selfridge Field) and will be held every Wednesday through the month of July. The dates are as follows: July 1, 8, 15, 22 and 29. Members pay \$5 and non-members \$8, which covers riding, transportation and insurance. Thebus leaves the Teen Center at 1 p.m.

ed a no-hitter with 18 strikeouts, to give Columbus a 14-0 win over Richmond. Doubles by Zavell and Grimes led the attack.

Saturday, it was Columbus 10, Buffalo 5, with Tom Hastings the winner. Strong hitting by Joe Murray (two hits) and Bob Falffy aided the win.

The same day behind the pitching and hitting (three hits), of Mike Clabault, Rochester took Toledo 7-3. Pat Corbett had a homer for Rochester. Jim Vens was the loser with 13 strikeouts and also contributed a triple.

GROSSE POINTE CITY Majors
On June 15th the Cub bats were booming as they broke out of a long dormant period and downed the Dodgers, 12 to 5. Neil Blondell with four hits, including a double and home run, and Bob Holmes with three hits, including a double, paced the Cub attack. Other Cubs assisting in the run production were Matt Boyse, Mike MacEachern, Rollie Whitted, Tim McMillan and Tim Hurley.

Holmes gained the pitching victory by choking off several Dodger rallies at the right time. Tom Fetters handled the catching assignment. For the Dodgers, Wyn Fisher led the batting attack with a long opposite-field home run. Mike Dowdy sparked in the field by catching a long drive in centerfield and doubling a Cub runner at the plate with a perfect throw to catcher Tony Montague. Steve Coates, John Cantwell and Tom Birk handled the Dodger pitching assignment.

The Cards beat the Braves on Tuesday, June 16, 4 to 0, in a game where pitching and defense were exceptionally good for both teams. Steve Cotichio for the Braves and Bill Mazer for the Cards hooked up in a pitching duel for four innings that kept the fans, players and coaches on the edge of their seats with excitement. Steve allowed only one hit in four innings, but several walks put Cards on base in three of the four. Bill scattered four singles to Pat Mallon, Tom Lott, Steve Nitzsche and Jim Peabody, but both teams had the ability to get the big out when they needed it.

The Cards scored a single run in the fourth on two walks and alert base running by Steve Kleiner, scoring on a defensive lapse in the infield. The Card fifth saw Clark Standish, Trip Maghielse and Chad Morris hit back-to-back singles but Clark was cut down at the plate trying to score, then Bill Mazer, with

field fence for a three-run homer to ice his own victory. The Braves, winners of the first half and managed by George Cotichio, continue to lead the league in the second half.

Standings on June 20 were:

Invitation to Burglars

Thieves are having a "field day" stealing anything of value they can get their hands on, and Pointe residents, in spite of numerous warnings, practically invite the robbers to commit crimes, say overworked police officers, who are trying to solve a staggering number of burglaries.

The policemen were quick to point out that not ALL residents are aiding this crime wave, but a goodly number, enough to keep the officers of the Detective Bureau extremely busy.

Just who are these people, who indirectly extend invitations to the robbers? None other than the citizens who go away from home for a short time, or any length of time, and leave their garage doors open, with everything in the garage on display.

Leaving the garage door open in the day time gives a thief an opportunity to see what is in the building and to decide whether it would be worth his while to return during the dark hours.

By the same token, with the door wide open during the dark hours of the night, the thief, or thieves, can work under cover of darkness, and remove practically anything that will mean a few dollars in his pocket, perhaps to purchase narcotics. These valuable items include equipment such as snow blowers, lawn mowers, bicycles, tool chests filled with expensive tools, etc., etc.

These items do not necessarily have to be concealed into dollars, according to Park Det. Collin LaLonde. They can be traded, especially by a person addicted to drugs, for narcotics.

Addicts, he said, have been known, as arrest records and confessions bear out, to exchange stolen goods valued at hundreds of dollars, for \$30 or \$40 worth of heroin, or other hard drugs.

Even if the burglar is not a drug addict, LaLonde pointed out, anything he takes and converts into cash, is all "gravy" as far as the robber is concerned.

LaLonde said that it is appalling how many residents leave their garage doors open. Some of the worst offenders are people living in corner houses, whose garages are in plain view, not set back like others down the street.

"It takes only a few seconds to get out of a car after taking it out of the garage, close and lock the garage door, and get back behind the wheel," the detective said. "The same applies when returning home and putting the car in the garage. Just a few seconds of the householder's time, that's all, could save the loss of valuable property."

LaLonde repeated a request voiced many times by police everywhere. If you see anything suspicious in your neighborhood, or hear any noise, or have good cause to feel something is suspicious, call police immediately. Do not turn on any lights, or call out, but phone the authorities and let police officers do the investigating.

Public Schools in Focus

With the attention of the public riveted as it is currently on campus turmoil, the disastrous state of the national economy, and other crises in the Far East, perhaps the problems of public education in Michigan (which seemed to be important through the year) seem pale by comparison. Let me assure you that the problems of financing education have not diminished and, according to a recent communication from the Michigan Association of School Administrators, "the outlook for the successful opening of Michigan schools in September appears gloomy at this time."

Although Grosse Pointe receives from 13 to 15 percent of its operating budget yearly from the state, a smaller proportion than many districts, as I have reported to you in the past, the deliberations on changed methods of financing may well have a marked impact on the quality of education that we are able to offer locally. Make no mistake about it: the problems of the State are Grosse Pointe's — and require the attention of every thinking resident of our community. As Morley Webb, president of the Michigan Association of School Administrators, said recently, "Local districts are turning down millage increases to finance schools while the legislature is at an impasse in providing a state aid bill which will adequately fund the needs of public schools." Webb sounded the warning that boards of education will find it practically impossible to complete satisfactory negotiations with employees when the State's share remains unknown. "Last year's record of school districts falling to open in September will look small by comparison if the legislature fails to act," he said. One of the major hang-ups within the legislature and be-

tween the legislature and the Michigan Association of School Administrators is the matter of public aid to nonpublic schools.

A member of the MASA's Board of Directors said, "One of the things which has complicated analysis and action on the state aid bill has been the fact that parochial and public school aid have been tied into one bill which has divided loyalty on the part of many legislators."

The fact that the two proposals — aid for public schools and aid for nonpublic schools — have been included in a single bill has produced a stalemate — one which has continued despite constant pleas on the part of school administrators and others to separate the proposals and to decide each on its merit. Both the Governor and the legislature have turned deaf ears to these pleas.

The MASA's pessimism relative to the situation is based on the following statement released by their office:

"No legislative determination has been made relative to increased aid for the 1970-71 year. Therefore, no basis exists for the planning of budgets and for the opening of school in September. A continuation of the present formula not only would not provide additional aid but would actually reduce the state aid per pupil in most districts because of the increase in the state equalized valuation against which deductible millage is applied."

"The present state equalized valuation of \$35.1 billion is conservatively estimated for 1970 at \$37.7 billion. A continuation of the present formula based on this increased valuation would result in a decrease in state support for schools amounting to approximately \$30 million, shifting this burden to the local taxpayer."

What Goes On at Your Library

By Virginia Leonard

We are currently celebrating the 200th anniversary of the birth of Ludwig von Beethoven. And no one is prouder to be a part of this observance than Bonn, Germany — Beethoven's birthplace.

During the month of May I was fortunate enough to spend over a week in Bonn with Grosse Pointe friends, and devoted one entire half-day visiting the home in which he was born. The house is lovely and gleaming with its white windows and green shutters. Walking through the large front door, one is almost overwhelmed by the inner court and garden, aburst with all kinds of spring flowers.

Inside, one walks in reverence from room to room, seeing the one in which Beethoven was born (empty except for a bust and a wreath), viewing his certificate of baptism, the many other mementos, such as pictures, spectacles—even many of his musical instruments. It was only appropriate that my friend and I eat lunch in the lovely restaurant attached to the Beethovenhalle, overlooking the Rhine River.

If I could just have attended one of his concerts, the day would have been complete!

At one time Bonn was a Roman legion camp on the Rhine River. In the eighteenth century, it became the baroque residence of the Electors of Cologne of the House of Wittelsbach. It was into this artistic world that Beethoven was born on December 17, 1770. While still living in his native town, this great musician wrote sonnets, rondos, cantatas, a concerto for pianoforte, a string-trio and a knights' ballet. He played the organ and the harpsichord in the court orchestra in 1792 surrounding castles. In 1795 he left Bonn and went to Vienna, but the first 22 years in anyone's life are formative, and Beethoven undoubtedly always remembered his early surroundings and the mighty Rhine River.

The Grosse Pointe Public Libraries have materials, both in book and audio-visual form, on Beethoven. Perhaps your choice will be a biography. There is BEETHOVEN by Paul Bekker; John Burk's THE LIFE AND

WORKS OF BEETHOVEN. Emil Ludwig's old but well-known BEETHOVEN, Romain Rolland's older BEETHOVEN THE CREATOR, R. H. Schauflier's BEETHOVEN, A. F. Schindler's BEETHOVEN AS I KNEW HIM, and our local Sterbas' BEETHOVEN AND HIS NEPHEW (a psychoanalytic study). In the music section we have Grove's BEETHOVEN AND HIS NINE SYMPHONIES. In our Juvenile Department there are also several biographies and a section in a collected biography by Brower: STORY-LIVES OF MASTER MUSICIANS.

But music is music, and no matter how much one reads, there is no substitute for the real thing. This our Libraries can also offer you in our collection of tapes and records. Is it one of Beethoven's symphonies you want to listen to? We have them on both of the above-mentioned audio-visual media. Then there is a wealth of concertos, sonatas, overtures, quartets, etc. That any one man, especially during his later years of deafness, could have produced the quantity, quality, power and sheer beauty in music that he did will always remain a wonder to me. Now being a Beethoven aficionado, I feel very lucky to have been able to see his birthplace, the museum, his surroundings. Now in listening to his music, I shall have different, but very pleasant thoughts and visions.

I should imagine that as the year progresses, we shall see more and more new books about Beethoven, his life, his music. New recordings, as well as reappearances of some historic recordings. An article in the international HERALD TRIBUNE for May 23-24 of this year even tells us that there is a comic-strip story in one of the Paris newspapers! But speaking of comic-strips, I am eagerly awaiting one of my heroes, Mr. Schulz. Some time in December I am sure that one of the "Peanuts" characters, Schroeder, will have his usual annual observance of Beethoven's birthday which should reach new heights. I wish I knew what he has in mind.

So now I think I'll go home and pull out some Beethoven recordings. I think I could use an evening of the Ninth Symphony—or perhaps the "Eroica."

CAR ENTERED

Mrs. Joan M. Bevington, 16863 St. Paul, called City police on Sunday, June 20, to report a larceny from her car. She told officers that her nephew, Joe Collins, parked the car in her garage behind the terrace apartments at 11:30 p.m. the previous night, and when he returned to it on Sunday morning he discovered that an AM/FM portable radio had been removed from the glove compartment, and a Panasonic tape recorder removed. Total value of the missing items was \$180.

MONEY MISSING

Richard Kay, director of Community Services, complained to Farms police on Tuesday, June 16, that someone entered his office in the Grosse Pointe South High School Annex, and took \$90 from a locked filing cabinet. He discovered the money missing when he went to the cabinet to get the money to put in the bank. He last saw the cash on Friday, June 12, he told the authorities.

What's New on THE HILL

By Pat Rousseau

Wrigley's . . . came to the Hill twenty years ago. It has become a favorite super-market with so many Pointers. Three years ago the front of the store was remodeled and just recently a front line of new freezers was installed to give shoppers an upright view of products. Fred Wolski, who has been with the chain for eighteen years, became manager of Wrigley's on the Hill last year. He told me about the new Gourmet Meat Section and other innovations and improvements designed to serve you better.

The Glass Menagerie . . . at The League Shop includes hand-blown window pieces . . . a duck, poodle and butterflies. The same artist has crafted highly interesting and decorative ash trays and match boxes. These one-of-a-kind sets are five dollars.

Estee Lauder defines this new eye for fashion . . . the eye of the 70's in her innovative new collection of Ready to Wear Eye Make-up. It's an eye that looks wide open, innocent. Less obviously laden with make-up. More subtle, more polished in its approach to makeup. Discover how easy it is to have the beautiful 1970 eye at Trail Apothecary, 121 Kercheval. Ask for the new very helpful booklet.

Still Time . . . to catch the show at Mr. Sheridan—Books, 81 Kercheval. Florence Seelye's oil paintings of landscapes, still life and portraits will be exhibited through June 30. If you have a post card or a picture of a favorite spot you have visited, she can reproduce it.

From Another Pointe of View

By Janet Mueller

To many people June means graduations . . . debuts . . . weddings . . . but to the residents of The Thompson Home its that Red Letter Month when their Board of Trustees entertains at the annual June Luncheon in the Crystal Ballroom of the Grosse Pointe War Memorial.

As the Thompson Home ladies stepped from their chartered bus last Friday they were greeted by members of the board including Mrs. George E. Cartmill, of Touraine road, president, the Mesdames Ferdinand Cinelli, Martin Heyden, S. Wells Utley, Joseph M. Dodge, H. Lynn Pierson and many others.

Among the ladies who came out from the Home was Miss Lutie Bachtell, with 95 years of living behind her, a Thompson resident for more than 20 years of them, who happily greeted her friends on the board, many of whose families she has known for years.

Mrs. George Hefferan was responsible for the party arrangements. She was assisted by Mrs. Robert McKean, Mrs. Harold Tyree, Mrs. Jenness Newcomb and Mrs. Vernor Davis.

The punch table and luncheon tables were covered with deep rose cloths and centered with pink geraniums. And on the tables, as each resident's place, was a charming ceramic rose-breasted baby robin, creation of a talented local artist.

The robins were the residents' to keep, to remind them throughout the year of this very festive, happy party.

Mr. Dykena is an honorary member of the trustees' board.

Among the honoree-guests were Pointers Dr. and Mrs. Richard D. Anslow, the Andrew W. Barrs, Mr. and Mrs. Mark Ethridge, Jr., Mrs. Edsel B. Ford, F. Clifford Ford, Jr., the Edward Frohliche, the William Y. Gards, the Nathan B. Goodnows, the Carl B. Grawns, Miss Anna S. Husband, the School's director, Jerome E. J. D'you Know That?

By Paul Schweitzer

Ever wonder how BANKS always seem to radiate a mood of dignity? How upon visiting one, you somehow get the feeling you're in a Temple?

The relation of Banks to Temples is not as far fetched as you might suppose. Did you know that the very idea of Banking originated in the ancient temples of Babylon?

There are records of loans made by the priests of Babylon as early as 4000 B.C. Even later, in Greece, and in Rome, the priests handled financial matters much like our Banks of today.

They stored valuables in their archives and changed money. They extended loans on collateral, just like our Banks — you know, willing to lend you money; if you can prove you don't really need it!

Debut At Dance For Miss Cinelli

At a Siennese dance Monday night, June 15, in their Voltaire place home Mr. and Mrs. Ferdinand Cinelli introduced their daughter, Francesca Leola McGraw Cinelli, to society.

The debutante's gown was traditional, of white organdy embroidered with white lace and seed pearls and floor length. Mrs. Cinelli wore yellow chiffon.

The H. James Grams and Mr.

and Mrs. Ayres Morrison hosted a dinner party in the Grams' Moran road home preceding the 10 o'clock dance for which Italian banners and twinkling candles were placed in the Cinellis' home and gardens.

Catherine and Gioconda Cinelli assisted their sister, as did her cousin, Francesca Piccolomini, here from her home in Florence, Italy, for the party.

The two Francescas will be honored at a ball in Florence in the fall given by the Countess of Piccolomini at the Piccolomini Palazzo after which Francesca Cinelli will begin her studies at Le Fleuron in Florence.

Among Monday's guests were the deb's Liggett School classmates including her American Field Service "sister" Sound Bensaïd, who postponed her trip home to Morocco for the party.

To Be Wed

Mr. and Mrs. Theodore F. Werner, of Severn road, have announced the engagement of their daughter, THEA IRENE, to Arthur R. Waters, son of Mr. and Mrs. Robert A. Waters, of Lakeland avenue. They plan an August wedding.

Both the bride-elect and her fiancé are University of Michigan graduates.

Betrothed

Mr. and Mrs. Victor Hawkins, of Balfour road, have announced the engagement of their daughter, CHRISTINA KAY, to Nicholas E. Ward, II, son of Mr. and Mrs. George Ward, of Bay City.

The bride-elect is a senior at Alma College and her fiancé is a senior at St. Joseph's College, Rensselaer, Ind.

Miss Lord Bows In Wonderland

Edith Norton (De De) Lord became "Alice" Saturday night, June 20, for the Wonderland debut dance given in her honor by her stepfather and mother, Mr. and Mrs. Tobey Hansen, at their Cloverly road home.

De De, who is also the daughter of the late John Norton Lord, designed her white organdy Alice pinafore with hem embroidery of bright silk flowers over a long white organdy jumpsuit.

Her parents were the King and Queen of Hearts, with royal crowns.

Mrs. Hansen wore a formal gown of flowered silk, her bateau neckline detailed with scallops of matching material.

"Wonderland" was the Hansens' garden, with scenes and characters from the Lewis Carroll classic, executed by Mrs.

Henry Petri and Odley Grossman, creator of the Detroit Institute of Arts' beautiful puppet sets, everywhere and floating hearts, diamonds and clubs dotting the surface of the pool.

Dancing was under a large white tent, to the strains of SRC, and the midnight breakfast menu featured eggs, bacon—and lasagna.

De De plans to spend the early part of the summer in Europe.

Some people doubt because it is easier then investigating.

Many a fellow knocks himself out trying to keep up with his good intentions.

Onions & Real Estate

George, the Greek, used to run a little lunch room in the Chicago loop. George wasn't much of a businessman, but he had one idea that always produced results.

When business got dull, George would call to his helper, "Throw some onions on the grill."

Soon, the odor of onions on that sizzling grill would drift through the window onto the sidewalk. One passer-by after another would hesitate, come in, and order a hamburger until business was soon booming again.

WELL, WHAT HAVE ONIONS GOT TO DO WITH REAL ESTATE?

Nothing, really. This little story is just our way of throwing onions on the fire — of letting you know we specialize in the sale of Grosse Pointe properties and that the above-pictured home is one of our most attractive offerings.

Only 2 years old—in immaculate condition—located in an exclusive area near the lake—and very fairly priced. Accommodations and features include a family room, vanity, breakfast nook, sharp modern kitchen with all built-ins, 1st floor utility room, master bedroom and dressing room, 3 additional bedrooms, 2 baths, 4 hall closets, carpet, draperies, intercom, large freiform heated pool, attached 2 1/2 car garage, and a beautifully landscaped site, 110'x115' in size.

Center To Host Free Kids Day

Grosse Pointe War Memorial Association is hosting its annual free children's day program on Wednesday, July 1. The program begins at 2 o'clock.

All Grosse Pointe children of elementary school age are cordially invited, but because the size of Fries Auditorium is limited parents are requested to pick up their free tickets at the Center's office in advance if at all possible.

The program in air-conditioned Fries Auditorium will include a professional variety act puppet show staged by Harold Ram and his wife. This will be followed by a magic show in which some of the youngsters will be asked to participate.

Also there will be a short parade of color cartoons on the screen.

Following the show in Fries Auditorium the Center's Youth Council will distribute free balloons to the boys and girls on the lakeside lawn where they will also be able to buy pop and

ice cream at cost (five cents and 10 cents).

Parents who wish to stay with their children during Children's Day are welcome to do so, however Center staff and Youth

Council will be in attendance throughout the program if parents have errands to run. The program will be over and children must be picked up no later than 4 o'clock.

15—that's the Sunday after next—and say hello to an old friend: Georgiana Richter's sister Roxana.

The family, including the sisters' two other sisters, Natalie (Mrs. Andrew) Thomas, of Port Huron, and Lucy Ann (Mrs. John) Jeakle, of Grand Rapids, with THEIR families, will already be there.

And Rox's not traveling alone from Australia. She'll be with her husband, Malcolm Booker, and the two younger Booker children, 11-year-old Margaret and seven-year-old Rosemary, who'll be living with their parents in Rome.

Rome's where the Bookers are headed. He's the new Australian Ambassador to Italy.

They're leaving their two older children behind in boarding schools Down Under: David, 15, in Tasmania and Erally, 14, in Sydney.

Fortunately the Bookers are used to a peripatetic life. They met in The Philippines 20 years ago, both stationed there in their respective countries' Foreign Services, and have lived since their marriage all over the world.

Mr. Booker's been Australia's Ambassador to Thailand. He's one of the designers of SEATO (Southeast Asia Treaty Organization)...

And before they go on to Italy they'll visit Goodheart, Mich., where Roxy's, (and Georgiana's, and Lucy Ann's, and Natalie's), parents, the Theron Taylers, have been living since their retirement.

More Parties Promised (If This One Catches On)

Spectacular innovation will be the order of the night as the Detroit Boat Club's young adults introduce their Friday Folk Festival tomorrow evening. Everything begins at 8:30 o'clock at the Club's Band Shell. All Boat Clubbers and their guests, 17 years and up, are welcome.

Launching committee members Margie Engstrom, Lynn Vanderkloot, Gary Stokes and Kirk Renaud promise the Festival will become a fortnightly "happenin'"—if it catches on... And, with foresight, they've reserved DBC's poolside grill in case the weather doesn't cooperate.

Charlie The Pencilman—the imaginative trio of Allen Werneken, Tim Kiska and John Ray—will be holding forth in true coffeehouse fashion, their tones ranging from dulcet sapphire-harp and guitar to spritely frivolous flute and harmonica.

Dramatically oriented, (and much like a medieval troupe), they'll present an original allegory with musical accompaniment... and a programmed-for-audience-participation spoof "The TV Set That Ate Atlanta"... and—well, further revelations would neutralize the surprise element which is part of their total performance.
