THE FORD MOTOR Company Wednesday revealed that wholesale prices to dealers will be raised an average of \$125 over those of 1970 models. This was a preliminary move to raising retail price tags on its 1971 models.

Friday, August 7

THE STATE SENATE ordered a legislative investigation of Detroit's primary election foul-up. The action came as Detroit City Clerk George Edwards said he may seek forfeiture of a \$1 million performance bond from the computer company which sold the city the new punch-card voting system.

A MAN WITH an automatic carbine and pistols invaded a trial court in San Rafael, Cal. Friday and touched off a gun battle that took the lives of the judge, Harold J. Haley; himself, James D. McClain; a witness, William Arthur Christmas; and an intruder, tentatively identified by San Quentin Prison officials as Jonathan P. Jackson. Deputy District Attorney Gary Thomas was seriously wounded in the back. Another witness, Ruchell Magee was also seriously injured. Juror Maria Graham suffered an arm wound. McClain, who was serving five years to life in San Quentin Prison for burglary, was on trial for the 1969 stabbing of a prison guard.

THE ARMY WENT AHEAD Saturday with plans for shipping 12,500 nerve-gas rockets to an Atlantic Ocean burial ground despite criticism from the United Nations and charges by Congress that it had indulged in "heavy-handed blackmail." Shipments will roll by rail Monday from Army arsenals in Anniston, Ala., and Richmond, Ky. Army officials have warned that some of the rockets are leaking and all must be disposed of. The six-foot-long rockets, designed to be fired from airplanes, have been encased in concrete vaults and reinforced with steel. The Army contends that chances of anything going wrong during shipment are virtually nil, but it has taken elaborate precautions.

A PERUVIAN AIRLINER plunged into a hill Sunday near Cuzco, killing 97 persons. Among the dead are 54 Americans, most of them teenage students who had spent the day touring ancient Inca ruins. The co-pilot survived. The students, who ranged in age from 14 to 19, were near the end of a month-and-a-half visit to Peru during which they lived with Peruvian families under the sponsorship of International Fellowship, Inc., of Buffalo, N.Y. Reports from the crash scene said the plane exploded after it hit the hill and the bodies were scattered over a wide area. Lansa Airlines said it was sending a plane to Cuzco Monday to bring the bodies back to Lima.

HUNDREDS OF VALUABLE historical exhibits and antiques were destroyed Sunday as fire roared through a one-acre section of the world-famous Henry Ford Museum. More than a thousand persons in the museum escaped unharmed when the fire broke out just before noon. Four firemen were overcome by smoke but were not injured. Museum officials could not place an estimate on the total damage, however some of the items destroyed were described as "priceless." As of late Sunday it had not been determined how the fire began.

Tuesday, August 11

PRESIDENT NIXON sent Congress a report Monday calling for massive changes in government, industry and private life to reverse man's desecration of the environment which sustains him. "Unless we arrest the depredations that have been inflicted so carelessly on our natural systems... which exist in an intricate set of balances... we face the prospect of ecological disaster," he said in a message forwarding the first annual report by his Council on Environmental Quality.

Driver Faces Charge for Boy's Death

Police Report Changes Facts in Story of Accident at First Reported by Employes

In an accident, Thursday, July 30 in front of 858 North Renaud involving the death of Steven P. Nick, 10, as a result of a Woods rubbish truck backing over him, a police accident report discloses that the driver of the truck backed up approximately 42 feet 10 inches.

Douglas Jay Heffner, 20, one of the driver's co-workers had originally reported to police that the driver, Teddy Lee Hoholek, 23, had backed up "a few feet." Woods police, however, have traced the scrape of the boy's bicycle pedal over 42 feet.

Also, police report that all three Woods employes in the crew had been seated in the front of the truck while Hoholek was backing up. Attorney Anthony Lutonski, representing Christ Nick, Steven's father, stated that this is contrary to the statutes of the State of Michigan that provide that a co-employee must get out of the truck and help guide it any time it is being reversed.

Nick said that his son actually had not been following the rubbish truck, as was first reported by the Woods employes but was riding his bike to visit a neighbor at 858 North Renaud where he was killed.

Lutonski said that if the alleged statement that Steven Nick was "following the truck" is to be considered a valid fact, as the rubbish collectors contend, then his client will demand that the driver, Hoholek, be charged with premeditated murder.

A warrant charging Hoholek with negligent homicide was approved by Asst. Wayne County Prosecutor William G. Joyce.

Superintendent Outlines Major School Objectives

By Pepper Whitelaw
A sparse 160 persons (mostly School Board members) attended the Preliminary School Budget Hearing for the 1970-71 school year on Monday, August 10, at Grosse Pointe North High School.

Prior to an open discussion from the floor on the budget, Superintendent Theos I. Anderson defined a school budget and outlined the major objectives for 1970-71.

He stressed that the budget is an "educational blueprint" which projects the educational program in terms of available revenue and recommended expenditures.

He went on to say that it is the servant of education. It estimates receipts, generally authorizes expenditures, aids in

Shores, GPYC Pool Efforts To Provide New Fire Boat For Protection of Fleets

Personnel of Club and Village Available to Handle Emergencies; Services Offered to All Other Pointe Beach Parks

By Greg Boyd

Boat owners in the Pointe who are concerned about the danger of fire while on the water may feel considerably more at ease, especially if they maintain a boat at the Grosse Pointe Yacht Club or the Shores Municipal Pier.

As a result of a joint effort between Grosse Pointe Shores and the GPYC, a fire boat now keeps constant vigilance for all boats in the harbor.

The new fireboat showed its colors, — and its capabilities, in a demonstration held Thursday, August 6, under the scrutinizing eyes of both Shores and GPYC officials. There wasn't a frown in the bunch.

Among those present were President Gilbert T. Jerome; Thomas K. Jefferis, village superintendent; Roger K. Smith, GPYC commodore; and John J. Devers, Yacht Club general manager.

Also attending were police officials from the Shores, Park and Farms.

Shores police officials told the NEWS that the boat's services are on call around-the-clock for the other lake front parks.

"It's right and proper for us to aid any of the adjoining communities," Shores Public Safety Director Joseph Vitale said. "If any of the other Pointe boating facilities find a need for assistance, our services are immediately available."

Furnished by the GPYC and equipped by the Shores police, the craft will be manned by both Yacht Club and Shores personnel and will carry anywhere from two to five men. All Shores police and Yacht Club personnel will be fully trained for maximum efficiency. Sgt. Charles Werlich will be in charge of fireboat training.

Can Act Quickly
"If Shores police are not immediately available for an emer-

gency, the Yacht Club will handle it," Vitale said. "We expect to be able to react within minutes," he added.

The boat, a four-thousand dollar, 31-foot lapa lapstrake sea skiff, has been fitted with \$2,500 worth of fire and pumping equipment. It had previously been a full service boat available to Yacht Club members and used for towing sail boats in and out of the harbor and as a required emergency craft for sailboat racing.

The skiff is now equipped with one two-inch hose and one one-and-one-half-inch hose, one of which will be fitted with an inductor to generate foam which will be drawn from five-gallon cans of concentrate.

Foam Is Effective
"Foam has proven to be very effective against gasoline fires," Vitale said. "Foam can be produced at the rate of 60 gallons a minute and will fill the average boat in this harbor within two minutes. It's easily removed, non-corrosive, and will not be damaging to the boats."

Lake water will be drawn directly through the hull for all three lines. When in full operation, the nozzles can spew water at the rate of 400 gallons a minute. At the demonstration, the two-inch hose jetted water well over 100 feet.

The boat will be used to protect 110 boats at the Shores pier and over 300 boats affiliated with the Yacht Club. The total value of these boats is beyond estimation.

Same Up on Tally
Yacht Club general manager Devers said that at one time they had tried to take a tally but were not even half way through before reaching \$22 million.

Both Yacht Club and Shores officials are proud of the fact that a cooperative effort has proved to be so fruitful.

"None of this would have been possible if it weren't for the good rapport between the Shores and the Yacht Club," superintendent Jefferis said.

"Relations have been the best all along," Jerome added.

Police Chief Vitale summed up everyone's feelings: "We've been having a very harmonious relationship for years. This boat is ideal for what we both need."

MOTOR MISSING
Paul Thomas of 303 Ridgmont, lost his car to thieves on Wednesday, August 5, but it was recovered by Detroit police on August 6, in Baldock Park, minus the motor, according to Farms authorities, who received the original complaint.

Park Merges Departments For Economy

Water Superintendent Thomas Stack Picked to Head Newly Formed Public Works Department

In an economy move, the Grosse Pointe Park Council approved the motion, Monday, August 10, for a newly formed Public Works Department to be headed by the present Water Superintendent, Thomas Stack.

Previous to this, the Highway, Sewer, and Sanitation Department had been separated from the Water Department. This required an extra supervisor. With the new organizational move combining the two departments, the effective rate of savings will be approximately \$12,000.

The council has made the decision not to replace Frank DeBets, former Supervisor of the Highway, Sewer, and Sanitation Department, who died on July 9, 1970.

With Park Since 1948
Stack, 48, is married and has four children. He was first employed by the Park in 1948 and has headed the Water Department since September 1, 1967.

"He has proved to be a responsible supervisor and is very much management oriented," Park City Manager Robert Slone said. "We are sure that under his leadership, definite improvements can be made in this section of the Public Service Department."

A substantial pay increase for Stack to \$13,500 became effective Tuesday, August 11, in accord with his increased responsibility of heading a 21-man team.

In other action Monday, the council received a report of the total revenue from the Municipal Court and Violations Bureau during the fiscal year of 1969-70 showing an increase of well over \$12,000.

Better Enforcement
Municipal Court Judge William E. Speer, in his first year of service, reported that most of the extra revenue came from the Violation Bureau. Park City Manager Robert Slone attributed this increase to more effective traffic law enforcement rather than to a rise in traffic violations.

Revenue from fines, penalties and court costs experienced a slight decrease while traffic violations accounted for an increase of \$12,986 to \$40,338 for the year.

MONEY STOLEN
Robert Harrison, 16845 Kercheval, called City police on Sunday, August 2, to report the theft in \$10 in change sometime after 6 p.m. on Saturday, August 1, from an open cash register in his store. Harrison told officers he left the drawer open to prevent any damage to the unit in the event of a break-in. The rear door was found open early Saturday evening.

Public Hearing on School Budget Attracts Only 160

The audience of 160 residents who appeared at the combined regular August meeting of the Grosse Pointe Board of Education and the public hearing on the schools' proposed operating budget for 1970-71, scheduled for 8 p.m. on Monday, had dwindled to 40 by the time the session ended at 11:45 p.m. In spite of the efforts of Dr. Theos I. Anderson, Superintendent of Schools, to interest as many citizens as possible in attending the hearing (including personal letters to the Presidents of more than 75 community organizations), the contingent only partly filled the front section of the 800 seat auditorium at North High School.

New Police Chief Named In Farms

Robert K. Ferber Quits as Head of Oberlin, O., Department to Take Over New Duties September 1

City Manager Andrew Bremer, Jr., on Thursday, August 5, announced the appointment of Robert K. Ferber, 32, as the new chief of the Farms Police Department. Ferber, who resigned a similar post in Oberlin, O., to assume the Farms position, will take over on September 1.

The new police chief is a 1961 graduate of Michigan State University, East Lansing, from where he received his bachelor degree in Police Administration. He is married and the father of two girls.

Shortly after his graduation, he joined the Milwaukee, Wis., Police Department (1962-1967), working his way up to a detective rating. Late in 1967, he resigned from the department to become chief of police in Oberlin, a city of approximately 12,000, located 28 miles southeast of Cleveland. In Oberlin, he was in command of 19 persons, three of them civilians.

References Checked
Bremer said that he and Lt. Vernon Sylvester went to Oberlin to talk with Ferber, and to contact Ferber's references, which included the Superintendent of Public Schools and the police chief of Elyria, O., a neighbor city of Oberlin. He and the lieutenant were very much impressed by the reports from the people with whom they got in touch.

"One thing that impressed us," Bremer said, "was the great job he has done with the youth of Oberlin and the entire general area. As you know, we have major problems in youth orientation in the Pointe."

"Another fact, which led to his selection, is that not only did he lead with the top score in the examination for the chief post, but he has a degree in police administration and has experience as a department leader. We are very fortunate in being able to obtain the services of a man of his calibre."

Has New Methods
Bremer added that Ferber will bring and impart new methods of police administration to an already excellent department.

Oberlin, a college town, was recently in the limelight because of violent demonstrations by Oberlin College students and other groups, and Ferber's manner of handling each confrontation as it arose, attracted the attention of national television (Continued on Page 2)

Residents Urged to Lend Help So Municipalities Can Get Proper Share of State Funds

By Pepper Whitelaw

"Oh, where oh, where have the people gone... oh, where oh, where can they be?" That seems to be the theme song of at least four of The Pointes' five city administrators after receiving the census figures from the Bureau of the Census.

City Manager Thomas Kressbach and Farms Manager Andrew Bremer spoke to representatives from the Bureau of the Census in an attempt to audit the census figures but were told that the mailing registers are not available for audit. Mr. Kressbach said this leaves the cities with no way to check the accuracy of the count except to poll their residents themselves.

City Shows Loss

Preliminary census figures for the City gives the 1970 population count as 6,602 which represents a decrease of 29 persons since the 1960 census which was 6,631. Mr. Kressbach said, "Although we did not expect any substantial growth, we were hopeful we would show a gain over 1960, especially since we have 2,367 housing units in 1970, as compared to 2,284 in 1960, that's an increase of 73 units. We find it difficult to believe that we have dropped in total population since the number of registered voters has remained constant, and our elementary school enrollment has increased, as has our park attendance."

Mr. Bremer said the Farms' 1970 population count was listed as 11,751 by the Census Bureau as compared to 12,172 in 1960. "This hardly seems logical since we have had an increase of some 200 dwelling units. Our voting registration is also up. In 1960 we had 7,377 registered voters; in 1970 7,480."

Park Very Unhappy
Park officials are definitely not happy with the current census results. Census reports show a gain of only 50 persons over the previous census: 1960 15,457 to 15,507 in 1970.

Park officials expected an increase around 1,200 persons. Manager of Robert A. Slone said that aside from possible inefficiencies in the census-taking itself, much of the discrepancy in the figures is due to the fact that students who were away at school at the time of the census were counted as being citizens of whatever school community in which they happened to be at the time.

He reacted positively to the proposition of a new census and said that there will certainly be an adverse effect on any possible money allocations if the present census is to be considered valid.

Woods City Manager Chester Petersen said he felt The Woods had between 600 and 800 more persons than census figures indicate. He bases his estimate on the increased number of dwelling units, the increased number of park permits issued and the school census figures. The bureau listed the Woods 1970 population as 21,752 compared to 18,580 in 1960.

Shores Show Increase
Thomas Jefferis, Shores Village Superintendent, was the only city official satisfied with the Census Bureau figures. The Shores' 1970 population is listed as 2,997 as compared to 2,301 in 1960, an increase of some 696 people.

City managers went on to say that an accurate count of population is most important to the cities since every additional person represents anywhere between \$250 and \$500 per person over the next 10 years to their respective cities.

Mr. Kressbach amplified this by saying that many of the state-collected, locally shared revenues are based on per capita figures as taken by the official census.

City managers are asking residents to help them in locating any persons who lived in the cities on April 1, 1970 and were not contacted, either through the mailed questionnaires or through an enumerator, (house to house inquirer). Residents Can Help
They urged residents who have any reason to believe that they were not counted to con-

Vienna Lures Pointe Student

Spending the summer at the Institute of European Studies in Vienna, Austria, is Donald R. Moore, a 1968 graduate of Grosse Pointe South High School, and currently enrolled at Albion College.

Donald, son of Dr. and Mrs. Warren R. Moore, of Belanger road, left the United States on June 16, to expand his studies in the German Language abroad. While a student at Albion he learned of his present study program through his faculty. The German Summer Session in Vienna is sponsored by the College of Wooster, Wooster, O., is currently in its eleventh year of development, and is taught by local professors.

Donald writes that he spends his mornings in the study of German conversation and composition, and then attends planned program in the Fine Arts. Students tour Austrian museums, palaces, cathedrals, and other points of interest where descriptions of historic places are given in German.

He is a member of a group of 15 students from all over the country, who left the United States on Icelandic Airways and made intermediate stops in Iceland and Newfoundland before landing in Luxembourg. The group toured Berlin, crossed into East Germany to Dresden and Weimar, and then returned to West Germany, staying in Nuremberg and Munich before reaching Vienna.

The students live in private homes and use local transportation to and from the Institute. Various excursions on weekends have led them into the Austrian countryside and to Prague. They have had opportunity to attend many fine concerts, plays and other cultural experiences.

When the summer session is completed, Donald plans to tour the western part of Austria, and to go down the Rhine Valley.

search for more effective methods of combating the substance abuse problem; expansion of research and development activities by conducting in-service workshops for staff, by providing guidance in the implementation and interpretation of educational assessment programs encouraged at the state and national levels and doing additional study into the causes of social problems of the community's youth.

Other objectives include implementation of new curricula outlined in staff-written papers in the second phase of the Professional Study Committee, continuing the primary mission of identifying, employing, and keeping the best possible staff for the school system; seeking to devise better techniques and instruments to be used in the evaluation of the staff; working with the staff to determine whether there are more efficient means to reorganize the teaching faculty for instructional purposes; studying the current allocation of clerical help in all departments and schools and seeking to equalize imbalance.

Dr. Anderson was particularly proud of the initiation of a diagnostic screen clinic for all four-year-olds in the district to identify those with special educational needs. He emphasized that this will prevent and/or ease problems which often develop later in a youngster's school life. Along with the screening clinic a new program of education for those four-year-olds identified as having a potential learning disability is planned.

He said the school system will redouble efforts at encouraging the Wayne County Intermediate School District to seek a permanent, more central location for the program for the trainable retarded.

He assured those present that the school system will continue to cooperate with the staff and community agents to seek solutions to the drug problem.

He said improvement of the data processing operation with the implementation of computer service is planned.

Dr. Anderson then spoke of his hope to develop a proposal for the improvement of the South High plant that will be supported by the trustees and the total community, but he emphasized that this was not included in the budget.

Other objectives include the review and refinement of budget practices regarding expenditures in various accounts; con-

tinuance of the current sound business and financial practices and critical examination of them so they may be improved; encouragement and stress on the need for additional economies in the system-wide practices and procedures; assistance in seeking solutions to the growing number of serious financial problems faced by public education both locally and state-wide; working toward achieving maximum utilization of school facilities through a wide program of recreational, educational and cultural activities; maintenance and improvement of current programs in Adult Education, after-school swimming and continuing to work with other community institutions and organizations.

He went on to say that the system will maintain the current internal assignment of negotiating and implementing contracts with the four employee bargaining units; will continue to meet the day-to-day library needs of the community with an emphasis on developing and maintaining a lifelong habit of using available services; provide for the specialized demands of the steadily increasing use of the library facilities by stay-at-home college students and continue to work closely with the Friends of the Library and other community groups.

Year Without Chief

The Farms Police Department has been without a chief since August 1969, when Jack F. Roh resigned after three years of service, to start a private detective agency in Grand Rapids. Roh was a 22-year veteran of the Grand Rapids Police Department, and a detective lieutenant, when he quit to become head of the Farms Department.

One month after leaving the Farms, Roh died of a serious illness.

L. Sylvester has been acting chief during the interim.

Where can you find real beauty?

A great poet once said, "Beauty is in the eye of the beholder."

The Bible shows that beauty is a quality of God, who is the Soul of man.

This means that all the beauty we could ever hope for is already present in our own real consciousness. But to find it, we need to turn to God, and to see ourselves in relation to Him — the source of true beauty.

Christian Science can help you do this. The Bible Lesson on "Soul" to be read in our church this Sunday is a good place to begin.

You are warmly invited to come.

Youth, 17, Facing Host of Charges

A 17-year-old Harper Woods youth was arrested Wednesday, August 5, on a charge of possession of narcotic paraphernalia by Woods police.

Richard F. Setilli, 21127 Beau-fair, while lounging under a tree in front of the Woods city hall, was found to be carrying a clear plastic hypodermic syringe and a needle after being stopped and questioned by Woods patrolman Douglas Dostmas.

Setilli was placed under a \$500 bond by Woods Municipal Judge Don J. Goodrow pending an examination date and released to Harper Woods Police. A person fitting the youth's description is wanted by Harper Woods police for questioning of larceny and assault and battery.

A hold was also placed on Setilli by the Macomb County Sheriff Department in regards to an 1889 silver dollar ringed with copper found in his possession which reportedly had been stolen in the burglary of home in Macomb County.

The Sheriff Department is attempting to obtain a warrant against Setilli for breaking and entering and grand larceny.

Car Tape Decks, Radios Stolen

A music-loving thief or thieves were busy on Lakeland on Tuesday, August 4. On that date he entered three cars and removed the tape decks and AM-FM radios from two cars and tapes from a third car.

The first report came to City police at 7:38 a.m. from Charles Beltz, 500 Lakeland, who said the thief entered his locked garage through a side door entrance and removed the tape deck from his Imperial.

Mrs. Gertrude Schmidt called at 9:15 a.m. to report a Lear Jet tape deck with AM-FM radio and the mounting bracket, was removed from her Buick which was parked in the drive of her home at 514 Lakeland.

She told officers that three tapes were removed from a Chrysler which was parked in front of the Buick in the drive. The thief attempted to remove the tape deck in the Buick but was unable to do so.

Pointe Academy Reports Successful First Year

By Pepper Whiteleaw

Grosse Pointe Academy will be one year old on Monday, August 17. It was just a year ago that concerned parents of students at Sacred Heart Academy found that the sisters of the Sacred Heart no longer could continue the Lake Shore School, a Pointe landmark for over 85 years.

Not to be discouraged, and determined to continue the type of education offered by Sacred Heart Academy, parents and alumnae began a movement to establish Grosse Pointe Academy despite discouragement from many on-lookers who were convinced that an independent school of this nature was too big a financial undertaking. The parents proved the skeptics wrong and after one year of operation, the Academy has quite a success story to tell.

From Montessori Early School through eighth grade, it has concentrated on individual learning in all disciplines. The Montessori concepts of self-motivation, self awareness and security, are the philosophical basis of instruction in reading, writing and arithmetic throughout the school.

Students are guided to move at their own rate allowing them to reach out as far as they are able within as many areas as possible.

The pupil-teacher ratio is nine to one, which allows for a great deal of individual assistance.

In addition to the basics, such as reading, writing, arithmetic, science and social studies, French, art, music, gymnastics, physical education are offered. Extra curricular activities include Glee Club, Chorus and the school newspaper.

The very complete athletic program includes basketball, volleyball, tennis and baseball.

The student body is composed of children from various geographical, social, religious

and ethnic backgrounds from all over the Metropolitan Detroit area.

Major emphasis is placed on the formation of Christian values and attitudes whether in the classroom, dining room or on the gym floor.

One of the most successful efforts in establishing ecumenical spirit was the school's Social Action Program in which students in grades five through eight participated. Here students were given the opportunity to assume the responsibility of caring for others through work at day care centers, nursing homes and other social agencies.

One of the major goals of the staff is to develop leadership qualities in the student. A vehicle for this type of training is the Student Government in which students share in plans for the operation of the school and its activities.

Parents of Academy children have been of great help in making the past year a successful one at the school. Together with the staff they have established committees which work at the library, arrange speakers' bureaus, plan field trips, father-son banquets and baseball games.

The alumnae association has played an active and vital role at the academy. This coming year it is sponsoring a scholarship honoring former superintendent, Sister Helen Healy.

Adult education was introduced at the Academy last year and adult workshops and retreats conducted. All were enthusiastically received by the

adults in the community.

Last year the school's total enrollment was 230. This year's anticipated enrollment is about 285.

The academy is a member of the Metropolitan Detroit Independent School Parents' Council, which was formed last year to develop better communication between schools and parents in neighboring schools.

Parent and Academy board member, Mrs. Robert M. Peabody is chairman of the council.

Under the able direction of John Poplawski, headmaster, the Academy is continuing to offer children in the Metropolitan Detroit area the opportunity to receive an education geared to developing the student into a mature person a ble to cope with the challenges of the future and respond to the needs of this ever-changing world.

Public Hearing Held on School Budget

(Continued from Page 1)

tional program as outlined in the approved millage election of March 24, 1970, except that we have eliminated all textbook rental fees in accordance with the recent State Supreme Court decision," Dr. Anderson said.

The school system's financial problems have been compounded by the July 17 decision of the Michigan Supreme Court requiring it to provide textbooks to all students and which rules fees illegal. Heretofore, the Grosse Pointe Public School System had furnished textbooks through the eighth grade. The opinion, which culminated a four-year battle in the courts, was finally decided at a time when most school systems had adopted their budgets or were in the final steps of preparing them, with all personnel under contract and the educational program established.

Dr. Anderson has recommended that the schools use funds from reserves (mostly building and site) to meet the current crisis. School officials have estimated that they will need \$212,000 in 1970-71 to cover books and fees alone (75% of which is a non-recurring item because only once will the schools be re-

quired to buy all texts for grades 9-12).

Although the school system has sought emergency funds from Governor Milliken and the State Legislature to meet the crisis, there is no indication that help will be forthcoming.

In response to the comment that the schools should cut staff and program to pay for the books, Dr. Anderson reminded the audience that in March, when the community approved a 19.7 mill tax levy (mostly renewal), that it had also voted on a second proposal to restore (from a list of economies) a number of positions and programs which the community had a right to expect in the schools in 1970-71. The public approved restoration of \$295,000 in non-staff expenditures and the restoration of \$805,800 in personnel costs.

Had the 2.7 mill restoration not been approved by voters, 3.5 of the 8.5 administrative positions would not have been reinstated and two nurses of the total of 8.1 positions would not have been restored, nor would 6 in plant personnel. The 2.7 mill restoration returned 75.9 of the 116.5 positions slated for elimination in all categories.

Attacks on the integrity of Ray MacArthur, veteran of 16 years as Director of Business and Finance for The Grosse Pointe Public School System, were made by Donald J. Semmler, trustee elected June 8. Mr. Semmler's allegations of dishonesty and mismanagement, which began during his campaign for the trusteeship in the spring and were reiterated at the Annual Meeting on July 6, center on inadequate supervision of the schools' Revolving Fund which is used for a number of accounts which have regular income and expenditure items.

It was explained to Trustee Semmler that cafeteria receipts for 1968-69 amounted to \$441,000 with all but \$153 of that amount

paid out during the year in the largely self-sustaining operation. It was also explained to Mr. Semmler that the yearly outside audit of the school systems' financial operation had uncovered no irregularities.

The proposed operating budget for the public schools and public libraries amounts to \$15,562,063 and includes \$11,267,664 for instruction, \$560,749 for administration, \$176,524 for school social workers and personnel related to attendance, \$43,050 for health services, \$66,700 for transportation costs (mainly special education programs involving the handicapped), \$1,514,317 for operation (including more than \$1 million for plant personnel salaries), \$512,278 for maintenance, \$632,500 for fixed charges (insurance costs and employee fringe benefits), \$139,175 for capital outlay, \$536,937 for the public library, \$95,169 for student services, and \$17,000 in the outgoing transfer account.

In addition, the schools' debt retirement costs for the 1970-71 year amount to \$833,223, mostly to pay for North High School, located in Grosse Pointe Woods.

The trustees will hold a Special Meeting at 8 p.m. in the Board Room of the schools' Administration Building, 389 St. Clair Avenue on Monday, August 24 to act on an agenda that includes accounts payable, a tabled motion on the student discipline policy, and to open bids on the district's \$4,500,000 tax anticipation loan which has been approved by the Municipal Finance Commission.

Farms and City Fish Rodeo Set

The Grosse Pointe City and Farms Fishing Rodeo will be held on Saturday September 5, at the Farms Pier. Entry applications for children under 17 years of age can be obtained at their park's gatehouse or check-room.

The Saturday events are scheduled as fishing from 9 to 10:30 a.m., refreshments at 10:30 and issuing of prizes for the Rodeo and pre-Rodeo at 11. Contestants are reminded that they are automatically entered in the pre-rodeo after completing and returning the event application. Fish caught off their respective piers should be registered at the gatehouse or check-room for a chance at additional prizes.

The pre-rodeo contest runs through 6 p.m. Friday, September 4. So far Mary Winkler of the City has caught an 11-inch walleye and 11½-inch largemouth bass and Jim Gardner caught a 20 inch carp. For the Farms, Judy Grabowski has landed a 10-inch sheepshead and Jim Verbecke a 17½-inch channel cat.

Attempt to Hide Marij ana Fails

Three managers were taken into custody on Thursday, July 30, when the car they were in was seen to have a broken tail light glass. All were taken to the station when the arresting officer noticed suspicious material spill out of the glove compartment, and one of the trio, a girl, stuff something in the waist band of her slacks.

Patrolman Ronald Hayden said that as he was patrolling north on Mack avenue he observed a car with the red glass broken on the tail light and a white light showing. The car made a turn west at the island intersection at Anita, and the officer ordered the driver to stop at the curb.

When the car stopped, the officer said, he saw the girl, identified as Lindsay Anderson, 19, of 40 Preston, toss what appeared to be a cigaret out of the vehicle window.

Hayden said he approached and asked the driver, Michael J. Morgan, 22, of 10201 East Jefferson, Detroit, for his operator's license. Morgan said he did not have it with him, and when asked for the car registration, he opened the glove compartment to get that, a clear plastic bag, with no label, rolled out of the compartment. The bag contained white capsules, the policeman said.

Morgan was asked to get out of the vehicle and was placed under arrest for having no license on his person.

Miss Anderson and another passenger, Arnold A. DeClark, 20, of 21525 Englehardt, St. Clair Shores, were also asked to get out of the car, Hayden said.

The patrolman said that Miss Anderson claimed that the capsules were hers, and that they contained quinine. The bag and its contents were confiscated by the officer, who informed the trio that he was taking them to the station for further questioning and investigation.

On being told this, Hayden said, the girl stuffed something into the band of her slacks. At the station, Miss Anderson was searched by police matron Claire Tobianski, who recovered a plastic bag containing crushed leaf substance and seeds, which looked suspicious.

Morgan was issued a ticket for driving without an operator's license on his person, and another for driving a motor vehicle with a white light to the rear.

Miss Anderson and DeClark were released to their parents, pending an analysis of the contents of the bag from the glove compartment, and the one taken from Miss Anderson. No charges were made.

An examination of the white capsules showed that they were quinine tablets. The crushed leaf substance, however, proved to contain 7.4 grams of marijuana. There will be an attempt to obtain a warrant for the arrest of the trio on charges of possession of marijuana.

FISH HOOK INJURY

Gil Kernan, 266 Lakeland, was taken to Bon Secours Hospital by City police on Saturday, August 8, for treatment of injuries received when a fish hook became lodged in his leg, while he was fishing at the City park. Gil was treated and released.

Motorist Rams Two Utility Poles

Howard B. Rocheleau, 46, of 23288 Doremus, St. Clair Shores,

lost control of his car while traveling on Lake Shore road on Wednesday, August 5, at 5:37 p.m., and slammed into two utility poles. He emerged with only lacerations about the face.

According to Shores police, Rocheleau was driving north when his vehicle leaped the curb, smashed into a wooden

telephone pole, sheared it from its base, continued on and piled it to the ground. The car came to a halt at this point. The wooden pole hung suspended by several strands of wire.

Patrolmen Daniel Healy, Ronald Forth and Robert Bensingler, were dispatched to the scene, where they pulled Rocheleau out of the smashed vehicle. Forth and Bensingler took Rocheleau to Bon Secours Hospital where his injuries were treated and he was released.

Healy, who remained to direct traffic, said Rocheleau's auto traveled a total distance of 133 feet before coming to a stop in front of 980 Lake Shore.

A witness told police that Rocheleau appeared to have fallen asleep, but the witness added he was not exactly sure what had happened. Rocheleau was not given a violation ticket because it could not be determined what had taken place. His car was towed to a service station.

Burglar Visits Woods Residence

C. W. Chatterson, 668 Fairfield, came home from a vacation Sunday, August 9, to find his home ransacked and burglarized of goods totaling an approximate value of \$2,000.

Among the items taken were a portable typewriter, a combination AM-FM transistor radio and TV, two fur coats, a 19-inch portable TV, two wrist watches, one valued at \$400, one pair of coins, and a .22 caliber automatic rifle.

Woods police are making a full investigation.

MONEY STOLEN

Peter Blake, 937 Trombley road, reported the theft of \$15 from trousers, which were in the front seat of his car, which was parked in the Sunoco Station parking area, 68 Kercheval, on Sunday, August 9.

Community College Heads Lament Defeat of Millage

The defeat of the proposed millage for Wayne County Community College brought the following statement from Murray Jackson, president of the college: "Wayne County Community College has lost in its latest attempt to secure an independent financial base of operation. We will continue, therefore, as the only county in the state that does not provide home finances for its community college."

"We are still determined however to bring a new, creative and vital force to the people of this county. Last September, without the millage money, we opened our doors and let the people of the county vote 'yes' or 'no' for community education. Almost ten thousand people responded by taking classes in the first year. This coming year we expect to register ten thousand or more to enter, and within the decade we anticipate a yearly enrollment of some fifty thousand people. That is need; that is a 'YES' for community education; and we are not going to turn our backs on it."

"I would be less than honest if I did not express my deep disappointment over the refusal of the voters to pass our request for millage funds. In our minds we have demonstrated over the past year the real need for community education for Wayne County. Furthermore, we have demonstrated, under trying financial conditions, that Wayne County Community College has the ability to meet that need with quality education. I honestly thought that, given those two pieces of evidence, the voters of the county would vote yes for millage. But they didn't."

"Taxes are high and people don't want to pay anymore. I can understand that, as I'm a taxpayer too. But we have a job to do. We are committed to total quality education for the people of our county and millage or not, that is what we are going to do."

"I call on all the citizens of the county, on all our friends in education, in the unions, in business, in government, in private life to step forward and give of themselves by helping us to continue and expand our educational opportunities for the people of this county. Wayne County Community College is here to stay. We are going to give to those who want it education, vocational-technical training and community service."

Pointer Donald M. D. Thurber, chairman of the Board of Trustees said: "With the defeat of millage the people of Wayne County have taken a decided step backwards. The Community College will go on, of course, in a modest way, but the full potential for service to

the people will not be realized. This area cannot afford too many more lost opportunities to solve its problems and to move forward."

WCCC officials indicated in a recent report that some 378 students enrolled in the fall semester and some 531 in the spring semester at the college's Grosse Pointe North High School instructional center during the 1969-70 school year.

A summary profile of the students attending revealed that 43 percent were males and 57 percent females. The average age of females was 28 and males, 22.

Of the students enrolled, 85 percent traveled less than five miles to the center. Concerning student aspirational response, 37 percent of the females indicated they would transfer to four year colleges or universities upon completion of the first two years at WCCC. Thirty-one percent took courses at the college in order to pursue special interests. Fourteen percent of the female students took courses to upgrade themselves in their present jobs and two percent plan to seek employment after completion of two years at the college. Twenty-one percent did not reveal any specific aspirational desires or reasons for attending.

Sixty percent of the male student population indicated they would ultimately transfer to a four-year college or university. Sixteen percent revealed they were taking courses to pursue areas of special interest. Fifteen percent responded that they were taking courses to upgrade their present jobs. Three percent of the males intend to seek employment upon completion of two years at the college. Six percent did not respond in any way relative to future aspirational plans.

During the 1969-70 academic year, WCCC utilized 10 classrooms per night, four nights a week at North High's instructional center. Utilization of the facility was accomplished at no

"South," as you are probably aware if you are a parent, has come upon hard times. Recent millage defeats preclude needed physical renovation — and a great many activities that should be a part of a student and a school's life.

So, while we can't raise the money for South's renovation, we can do something about providing financial support for those activities.

To this end, the Dad's Club of GPHSS, in sponsoring the sale of season tickets good for admission to all GPHSS "home" games and athletic meets. At \$10.00 per season ticket, you'll be able to attend 44 athletic events, with all proceeds being used for GPHSS activities.

There's been a lot said about skirt lengths lately. What hasn't been said is that this fall the variety of lengths and wealth of different looks offer you greater individuality than you've enjoyed in years.

True, the new clothes are longer than they were for fall 1969. But no more does one look and one length dictate how every woman should dress. Rather you have an intriguing choice. A beautiful American freedom of choice. A choice in lengths—from kneecap to mid-knee to just below the knee to mid-calf to ankle for after dark—depending on you. A choice in looks—everything from the softest most understated sort of elegance to flamboyant folkfare—depending on you.

Fashion today is a matter of personal considerations. Your figure. Your life style. How you look in a specific outfit. How you relate to it. How it relates to you. Its proportions. Its possibilities. All of these variables and others are as important as length.

Hudson's always stocks what's new. There's no point in offering you last year's looks, you've got them in your closet already. Nor do we expect you to stop wearing them. But we do know women like change. And we do think the fashion changes this fall—the new grace and movement, the new subtleties and sophistication, the kneesy dresses, slit skirts and gaucho suits, the midi coats, multi-length costumes and long tunics with pants and more—will provide stimulating variations in your wardrobes.

However, you can't judge these new looks and new lengths just by reading about them. You must try them on. In front of full view mirrors, with the assist of trained saleswomen. Get the feel of them, the flair of them. Then you decide. In the final analysis, today's hemlines are up to you.

Service Offered For Passports

Early success of the Detroit Post Office's passport application program has prompted Postmaster Edward L. Baker to double the service by increasing the post office filing points from two to four.

On July 1, under a test program with the Department of State, post offices in Detroit and ten other test cities began accepting passport applications at certain designated postal stations on a 6-month trial basis. In Detroit the service was offered initially at the General Post Office, 1401 W. Fort and the Ferndale Branch, Woodward at Nine Mile.

In the first month of operation over 600 passport applications were processed at these two points, more than 500 of them at the Ferndale Branch. Postmaster Baker said, "This indicated to us that the public like the convenience of applying at a point closer to home, in a less congested area than downtown, and where parking is more available."

The Postmaster said in view of this, beginning August 10, passport applications will be accepted at two more postal stations—the Grosse Pointe Branch at Mack and Warren, to further accommodate the east-siders and the Redford Heights Branch at 18840 Woodworth near Seven Mile road for the west-siders.

"With the addition of these two filing points," Baker said, "we will now have good coverage for the city as a whole, and for the suburbs, as well." Baker said the new service has been very well received by the public and has substantially relieved the passport filing problem at the U.S. District Court in the Federal Building where all applications were formerly received.

WALLET STOLEN

Mrs. Laird B. Williamson of 90 Meadow Lane, informed Farms police that while she was swimming in the Municipal Pier-Park pool on Saturday, August 1, someone stole the wallet from her purse. The wallet was dropped into her mailbox on Tuesday, August 4, with the operator's license and personal papers intact. The money, however, was missing. She said the thief took \$60.

Dr. Eugene Timm Receives Honor

Dr. Eugene A. Timm of Parke, Davis & Company has been elected to the Committee of Revision for the upcoming edition of the U.S. Pharmacopoeia.

Dr. Timm, the firm's assistant director of quality control and government regulations, will serve on the group that reviews and establishes drug standards and specifications for the 1975 edition of the publication.

In addition to serving on the review committee, the Parke-Davis official was elected chairman of the Pharmacopoeias subcommittee on biologics and related products. Members of the Committee of Revision are selected as individuals and as experts in their fields, rather than as representatives of the firms or institutions to which they belong.

The Pharmacopoeia is a compendium of officially-sanctioned standards and specifications for U.S. drug products, and includes assays and tests for the determination of their strength, quality, and purity. The book is revised every five years.

Dr. Timm, 44, is a native of Neenah, Wis. He holds B.S., M.S. and Ph.D. degrees in microbiology—all from the University of Wisconsin. Since 1955 when he joined Parke-Davis, he has served as a senior research virologist, the director of biological and pharmaceutical control. He was appointed to his present position in 1968.

He and his family live at 1798 Hollywood in Grosse Pointe Woods.

Cottage Hospital Receives Equipment for Disasters

A "package" hospital has arrived at Cottage Hospital in the Pointe from the U.S. Public Health Service.

Five hundred massive boxes contain cots, hospital equipment, and medicines. The cots and equipment have been stored in the basement of Cottage Hospital nurses' home, the medicine in the hospital pharmacy.

All of this comprises what is officially called a Packaged Disaster Hospital, according to Ralph L. Wilgarde, Cottage Hospital Administrator.

"No one who has worked in a hospital during a disaster such as a flood, a tornado, or some other unfortunate situation, doubts that careful advance planning is needed for such emergencies," Mr. Wilgarde said.

"The hospital is suddenly crowded with patients and fearful relatives. Water, light and heat may be cut off, reserves of supplies and personnel can be used up very quickly."

The Packaged Disaster Hospital is the U.S. Public Health Service's plan to provide hospital care at such a time, Wilgarde explained. If a disaster occurs and is not extensive, the PDH unit will serve to expand present Cottage Hospital facilities.

"If the disaster is great, the PDH will be set up in a public building or similar place," he said. "An appropriate site for the hospital is now being sought," he went on, "and hopefully, it will be close to Cottage Hospital."

A PHD hospital has 200 cots and 30-day supplies of medicine and equipment. Fully activated, the unit has three operating rooms, an admitting and sorting section, wards, x-ray, laboratory and pharmacy, and central sterile supply section, plus power generators and water tank and pump.

Cottage Hospital is one of 77 hospitals in Michigan which has been designated by the U.S. Department of Health, Educa-

tion, and Welfare to store, set up and operate the Package Disaster Hospital, Wilgarde said.

"The units, according to a PHS manual, are 'located on the fringes of heavily populated areas where any type of disaster—storm, massive accident, or nuclear attack—might produce large numbers of casualties.'"

Reunions Held By Former Lions

By Pepper Whitelaw

Pointer, former All-American and member of Detroit's first National Football League championship team, the Lions of 1935, Jim Steen has recently enjoyed a reunion with his old teammates in Detroit. He also attended one in Portsmouth, O., immediately following the Detroit get-together. Jim's president of the Detroit Lions Alumni Association.

He and his wife Betty live in Yorkshire road. They have seven (count 'em) children, six boys and one girl. All the boys are interested in football and even 15-year-old Martha, a student at South High School, is a real football fan.

The boys include twins, Jim and Charlie, 22. Jim is a senior at Central Michigan University and Charlie is currently planning to enter the service.

Greg, 17, plays end for South High School. Tom, 13, was voted the outstanding player on the Grosse Pointe Lions Little League football team last year and attends Pierce Middle School.

Randy, 9, is all set to play Little League football this year. Even mother enjoys the game. (She has to out of self-protection.)

Jim is athletic director for the Grosse Pointe Lions and is in charge of the coaches, managers and players' conduct.

He loves to watch the Detroit Lions play. His favorite player is Lem Barney. "Unfortunately I don't get to see many games since our Little League games are also on Sunday," says Jim.

Jim says that there have been a lot of changes in the game since he played pro ball. "At that time there was no two platoon system, if you were taken out in a quarter, you weren't allowed back in during the same quarter. The squads were limited to 25 players; today they carry 40 men. Why, in those days it was not unusual to play the whole 60 minutes; today it's practically unheard of," he adds.

"The boys are also bigger today. In my day, a 239-pound player was considered a giant. Today many of the players are pushing 300 pounds. The money was different too, it's five to ten times more today," but then he adds philosophically, "taxes were less then."

Jim was captain of the Orangemen at Syracuse University. He was elected All-American by the United Press in his senior year.

He said that reminiscing with his old teammates was wonderful. He enjoyed replaying old games with team captain "Dutch" Clark, and players Buddy Parker, Ace Gutowsky and Ernie Caddell.

They visited the Lions training camp at Cranbrook and attended the Detroit Lions-Kansas City Chiefs game, where they were introduced between the halves.

The team won the championship the year after the late George A. "Dick" Richard brought the Portsmouth, O., Spartans here in 1934 to become the Detroit Lions.

Now Jim is preparing for the Grosse Pointe Lions Little League season... he can hardly wait, and neither can the boys!

Caught by Police Following Chase

A Roosevelt place resident called City police on Wednesday, August 5, to report a driver driving the wrong way on Roosevelt. Officer Dave Teolis and Cpl. Edmond Ben-thuys responded. The driver struck an Edison pole then skidded some 36 feet. An overhead primary wire was also broken.

The subject fled the scene of the accident traveling north on Roosevelt to Maumee, east to Fisher, south on Fisher to Jefferson, and west on Jefferson to Bishop, where he was stopped.

Benthuis and Teolis took the driver, George Calder, 22859 David, East Detroit, to the City station, where he was issued a violation for reckless driving and leaving the scene of a property damage accident. He was released on \$50 bond pending his court appearance.

Kuhlman; and from St. Clair Shores, Roger St. George and Roy Martin.

"Everybody has worked much harder than in previous years," he said.

**Will Examine
Grid Candidates**

Physical examinations for all varsity and junior varsity football candidates will be given on Saturday, August 22, at North High School. The varsity should report at 9 a.m. and the junior varsity at 9:30 a.m.

All students should enter the building through the locker room door at the west end of the school.

There will be a meeting for everybody interested in trying out for the freshmen team at 9 a.m. on Saturday, August 22, in the gym. Bring the physical form that was mailed to you during the school year. It should be signed by your doctor and your parents. If you do not have a form, they are available in the main office at the school.

Anyone having a question regarding the football program at North should feel free to call Coach Krucki at the school. The telephone number is 886-8100.

**Debbie Winner
In Net Tournaments**

It looks as if a professional tennis career may be in the offing for Debbie Mascarin, 13, of 970 Woods Lane if she keeps up her winning performances.

Last week, Debbie took first place in the Trenton Open Tennis Championships. This summer she has also beaten everyone in her age group in tennis matches in St. Clair Shores and Laurel Hills, of Toledo, O., in which she even out-classed her older sister, Kathy. All three tournaments are sanctioned by the U.S. Lawn Tennis Association.

Debbie, introduced to tennis through her mother who is an avid tennis buff, attends Parcels Junior High. Naturally, she can't wait to get into a high school tennis team.

BORN GAMBLERS

Chances have real danger signs written all over them, but still find millions of takers.

The man on the way up must have a good head and be pointed in the right direction.

**Judge a Mercedes-Benz over miles
of twisting back roads.
Not "once around the block in light traffic!"**

WE BUILD our automobiles to perform under stress. To take on roads that have potholes for pavement and elbows for curves.

The kind of roads that can be found in Germany's Black Forest where we test our cars.

But you can probably find a road like that near you. And that's where you should head if you really want to find out what a Mercedes-Benz is all about.

Independent suspension

You'll find our fully independent racing-type suspension lets you finesse your way through those tricky bends and switchbacks.

Not *plow* through them. Our rear axle is articulated. It flexes so each rear wheel can move up and down independently of the other—just as the front wheels do. Soaks up the bumps and dampens the bouncing.

Taut steering

Our optional power steering is very polite. It lets you drive. It doesn't drive you. It's taut and responsive, without the usual inch or two of sloppy play. You can feel the wheels tracking, even at high speeds.

Yet, when you're trying to squeeze into a tight parking spot, you can spin the wheel around, lock-to-lock, in three turns effortlessly.

Our engineers call this "progressive assistance." The more power you need in the steering, the more you get. But we don't overdo it. You'll never get the feeling that you're twirling a telephone dial instead of steering a car.

Four disc brakes

The brakes are built to give you a controlled, straight stop instead of that *other* kind. Even when you stop short from high speed (a nice way to say "panic stop").

We put four massive disc brakes on every Mercedes-Benz. Standard equipment. No options. Only one

American car provides four disc brakes as standard—and that's a two passenger model, not a full-sized sedan.

Engine: fragile as a rock

Our overhead cam engine can cruise at RPM levels that leave competitors floating their valves in disbelief.

Bearings are delicately machined to within 4/10,000ths of an inch. Pistons and connecting rods are painstakingly matched and balanced. And each engine is bench-tested for at least 60 minutes.

Car & Driver claims that a Mercedes-Benz "will whistle across country at average speeds simply beyond the realm of comprehension for the average American driver."

Which doesn't surprise us at all. We don't build cars for the "average" American driver.

Ask your dealer for a test drive. Judge for yourself.

You can get a brochure that will give you more details about Mercedes-Benz automobiles. Just send in this coupon.

But the best thing you can do is visit one of our showrooms. Our representative will be glad to tell you about any of our sixteen models.

Hitchhikers Are Lawbreakers

How often while driving in The Pointe have you encountered teenage hitchhikers? Often, we'll bet. Kenneth Metcalf, Woods Public Safety Officer and Chaplain of the Fraternal Order of Police, told the NEWS that hitchhiking is a problem in The Pointes and suggested we remind teenagers of its hazards.

He cited a personal incident which occurred last week as he was driving on Vernier road. He was hailed by two attractive teenage girls in summer attire. He stopped the car and picked them up. He then reminded them that the Woods (as do all The Pointes), have city ordinances prohibiting this practice. The girls were chagrined and promised not to repeat this activity.

But this set Metcalf to thinking how very important it was to remind teenagers, girls and boys alike, of the hazards of this practice. "To begin with, walking in a roadway is dangerous just from a traffic standpoint. Secondly, and a reason which most teenagers don't even consider, is that they may become involved with unsavory or dangerous characters. And thirdly, it is illegal."

(It's classified as a misdemeanor and carries a maximum sentence of 90 days in jail or a \$100 fine).

Park police officer Ralph Monroe indicated that during the school year Park police were faced with hitchhiking problems at the termination of classes each day. He added that many of the hitchhikers were Middle School and Elementary School youngsters. He emphasized how dangerous a practice this and added that there is also a state ordinance prohibiting walking in a roadway when sidewalks are provided.

All Pointe police departments asked that we caution youngsters against hitchhiking and remind them that of late there have been a number of sad and dramatic incidents illustrating how dangerous this is. Their recommendations was "If you're too tired to walk, take a bus or stay home; it's safer that way."

Letters to the Editor

August 4, 1970
 To the Editor:
 This past weekend, the life of Joseph Scalisi, a 19-year-old youth, was lost in the waters of Lake St. Clair. This morning, his body was recovered by the Wayne County Sheriff's Marine Patrol.

So often, the work of our public servants goes unnoticed and unappreciated. I feel that we should pause to express our gratitude to several Sheriff's Deputies and private citizens who toiled tirelessly, combing the waters of Lake St. Clair, in search of the body of this unfortunate young man. Sheriff William Lucas and his Inspector, John DeVoss, personally supervised and directed the efforts of their Deputies, Thomas Mote, Jerry Boyne, Herbert Tree and Jerry Gutz. These courageous officers worked, together with private volunteer divers, Leon Schoyan, Grosse Pointe businessman; Kenneth Beaupre, a City of Grosse Pointe police officer; and Gary Luzier, a Grosse Pointe Farms fireman, for many hours and at great risk to their personal safety until the body was finally recovered.

These brave and heroic men made such intrepid efforts in full realization that, at best, the body they were to recover would be lifeless. But they knew that through their efforts, they would bring some degree of comfort to the parents and family of this young man. The fact that he would finally find a resting place other than the treacherous waters which snatched his young life would be their reward.

Devotion to duty and public affection, such as that demon-

strated by these men, serves to remind us of the brotherhood which binds the communities to which we live. Please express to them, on behalf of the entire International Brotherhood of Teamsters, our sincerest gratitude for their valiant and un-failing efforts. We salute each of them, individually and collectively.

Yours very truly,
 William E. Bufalino
 Special Counsel

Dear Sir:
 Last spring, when the Grosse Pointe City court found my son guilty of possession of marijuana, the judgment was reported on your front page. The many friends of John Drake in the area will be happy to learn that on August 6 a higher court reversed this judgment.

Justice, it seems, still is available if one can afford it. In the interest of fair play I believe you should print the fact of John's innocence as readily as you printed the original report.

Sincerely,
 Charles D. Drake

To the Editor:
 The Public Hearing of the 1970-71 proposed School Budget left me with the impression that we parents are fortunate. At a time when national and statewide uncertainties are restricting and unsettling educational opportunities elsewhere, Grosse Pointe children may have, for the next year at least, the educational program we confirmed by passing the two millage proposals last year.

By using wise, responsible financial judgment and flexibility,

Public Schools in Focus

How much of the proposed operating budget for 1970-71 will The Grosse Pointe Public School System receive in the form of State School Aid from Michigan?

We estimate that our local public schools will receive \$1,928,648 in General State Aid during the current year. The formula used for determining State Aid is shown in these six steps:

1. Enrollment	13,640
2. Gross Allowance per pupil	\$ 530.00
3. Allowance x Enrollment	\$ 7,229,200.00
4. State Equalized Valuation	\$408,461,184.00
5. SEV x 14.00 Mills Deductible	\$ 5,718,457.00
6. Gross Less Deductible	\$ 1,510,743.00
SEV per pupil \$408,461,184 ÷	
13,640 =	\$ 29,946.00
Net Receivable per pupil per State Aid Formula: \$1,510,743 ÷	
13,640 =	\$ 110,7583

Because of a provision in Senate Bill 1082 that was enacted in early July, no school district is to receive a smaller net allowance per membership pupil for 1970-71 than was received in 1969-70. Our schools' net allowance per pupil was \$141.40. We multiply this figure by 13,640 pupils to get our total of \$1,928,648.

General State Aid will provide our school system with 12.3 per cent of its operating revenue for the year. This percentage has been declining steadily in recent years. For example, in 1966-67 it amounted to 18.15 percent, in 1967-68 it was 15.55 percent, in 1968-69 it was 13.27 percent, and in 1969-70 it was 12.3 percent.

In addition to general State Aid, our schools receive funds to reimburse various programs in special education. For example, in the speech correction program, assistance from the state is computed on the basis of 75 percent reimbursement of salaries paid each

teacher up to a maximum of \$7,700. Traditionally the State has paid only about 80 percent of its obligation in this and similar programs. In 1970-71 we estimate that we shall be reimbursed to the extent of \$278,627 for special education programs.

GEORGE E. BUSHNELL, III, of Cloverly road, BETH A. MELOY, of Colonial road, and STEPHANIE SMITH, of Lincoln road, are three of the six guests of honor to be feted at a reception and informal cook-out at the Birmingham home of ROBERT G. FITZSIMMONS this evening. The Pointe trio will enter Bucknell University of Lewisburg, Pa., as freshmen in the fall. Their parents are also invited to the party hosted by the Bucknell Alumni Chapter of Greater Detroit.

In view of the times, I hope others in the community will appreciate the wisdom of this approach and will knowledgeably and wholeheartedly support these decisions.

Sincerely,
 Lee Nelson

It's summer — dog days are upon us — we're hot! The grass needs cutting every other day, and mosquitoes are always there for swatting. The rains keep coming, and so do the weeds, And everybody beats a stampede To the seashore, the backyard — or maybe Alaska? And I ask ya Can you think of a better idea or plan? I can.

(I think although, to this poor columnist's brain is hardly functioning on even one wheel). You may need some library materials to see you through these humid and hectic days — we'll make you a deal, And I ask ya Can you think of a better idea or plan? I can.

We think we can supply you with a myriad of reading and AV gems. Name your subject — we're ready (we hope) with proper strategems — Not to mention polys and suggestions. Everything is open to question. Perhaps by your pool-side you need soft background music for a placid thought, Or a book or two to keep you from getting distraught.

There's fiction, non-fiction, old and new, How about a red-hot seller — or a cookbook telling you how to make your favorite ragout? Do your tennis or golf games need a bit of a lift? Come read some of our books — we'll give you weaknesses short shrift. Or perhaps it's an old classic you want to reread, Or learn how to care for chinchillas — or turtles to feed.

Are you a whodunit buff, or someone who likes to do-it-yourself? Then mysteries will help, as well as tools to help you build a shelf. Is a cocktail party rearing its happy head? Then our cook books should help — or perhaps an art print to jazz up your living room instead. You've a paper that's due in September or October? Come into our air-conditioned abodes for a day or two — work hard — and your troubles are over!

If you're travelling now or later you'll want our travel books, If you're sewing, knitting, embroidering — and want new ideas — you'll need more than crochet hooks, If you're fishing, or camping, or just hammock-bound, We know you'll need books — we'll be seeing you around!

Our Processing Department is extremely proud of our student assistant, Jayne Malooly, who, on July 25, became Junior Miss of Grosse Pointe Farms for 1970. In addition, Jayne collected quite a lot of loot; \$150.00, a trophy, a dozen roses, a cosmetics kit, a clock-radio, a string of pearls, and the admiration of our entire Library Staff, who feels she really deserved it. Good luck, Jayne, when you appear again at Holly, Mich., for the regional contest!

Self-Styled Expert Offers Advice to Men of the House

By Pepper Whitelaw
 Advice columns to women are very big these days. A newspaper or other doesn't run advice to newly-married women, advice to women married over 10 years (but excluding those married over 30 . . . they usually write the columns), advice to young mothers, advice to mothers with teenage children, advice on how to maintain a happy home while working, advice on keeping beautiful after 40.

Strangely enough very little advice is written for men. It would appear that the male, of the species doesn't need, want or read advice. However, not wanting him to feel left out, we thought we'd write a few suggestions on his behalf. If you are a newly married young man be sure your wife doesn't see you cutting your toenails or unshaven . . . it takes all the glamour out of your marriage. Be sure you eat all her unsuccessful attempts at gourmet cooking and comment on how delightful it is. Come home with flowers, a smile and endless bits of exciting things that happened at the office during the day.

For those of you married over 10 years, don't primp yourself to fall into the "I've got my woman, who needs to look good" category. If your hair is thinning, have it restyled or try those transplants; remember, your wife tries very hard to be attractive for you. If weight is a problem, eliminate those cocktail business luncheons and television viewing bouts with beer. After all, what's more important, your marriage or your business and recreation? Are you the father of a

Double C . . . in our alphabetical tour of the Hill stands for Catherine Champion, who heads Champion Real Estate which has been on the Hill for sixteen years. You can window shop for a house at 102 Kercheval, via all the pictures or drop in for a cup of coffee and a chat. All this makes the real estate business on the Hill kind of homey.

Would You Believe? . . . A large plastic salad bowl, six small bowls and salad servers . . . all for twelve dollars. The sets come in clear, green or sherry. Find this beautiful buy at The League Shop. It makes a welcome hostess gift.

Antique-ing . . . at Denler, 77 Kercheval, we admired a pair of antique gold and copper candlesticks. There was also a pair of handsome brass candlesticks. Beautiful wood carvings and Eighteenth Century gold brackets were also admirable pieces in the newly arrived antique collection.

We Loved . . . the beautiful Whitetail Deer print by Ray Harm and the Barn Swallow by Guy Coheleach. These are numbered limited editions from the frame House Gallery of Collector Prints. You can see many more framed or unframed at The Mermaid.

The Prescription Department . . . at Trail Apothecary, 121 Kercheval is well known for its excellent service and professionalism. bouncing baby? Help mother change him. Feed him his formula, wash a diaper or two; it gives junior a sense of security to know papa loves and cares for him, too.

Or do you have a teenage son? Learn to enjoy acid rock, install a black light and psychedelic poster in your den, don't complain when he has clogged up your razor, which he used to trim his sideburns.

Now that you are over 40, have you let your appearance go? What have you done recently to maintain that youthful, exciting, masculine appearance? Try wearing sideburns, (women just can't resist them, especially if they are sprinkled with gray). Allow your hair to grow a little longer on the neck-line in an untapered cut. Have you tried this wide, flamboyantly colored tie? (Those ivy league stripes date you). How about colored shirts? Are you still wearing those age-revealing whites? Do you still list "Sentimental Journey," "Misty," and "12th Street Rag" as your favorite songs? Get with it, and start humming "Come On Baby Light My Fire."

and "What The World Needs Now Is Love, Sweet Love." We could go on and on and on but we know you can hardly wait to put these suggestions into action so we close with 23 skidoo and lots of luck to you!

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

Malcolm Johns, of Rivard boulevard, is a Man with a Mission.

Now we know how THAT sounds: Men with Missions are often thought of as tight-lipped, stern, humorless types, eyes-front-always individuals.

Scratch THAT image. Professor Johns, conductor of the Wayne State University Choral Union and organist of the Grosse Pointe Memorial Church, is the exact opposite.

But a Man with a Mission nonetheless. A joyful man with a joyful mission.

This summer Malcolm's mission is taking him to Mexico, Portugal and Spain, where he's researching religious choral music.

So now you know: Next year's "Salute Concert" will honor the Spanish-speaking people in Detroit. It will be held at Holy Redeemer Church, (West Vernor highway and Junction, near the homes of many Mexican families), March 7, Sunday, at 3:30 o'clock.

Last year's Salute Concert honored the Polish community. (Continued on Page 19)

But, he adds, everything is whitewashed and "very clean." Iros is a charming break from the capitals and cathedrals of Europe. Lawson has been "doing." His college year of Greek proved a help, although he doesn't speak Greek well, in exploring Athens, which he describes as magnificent. New Worcester Pact Is Signed

Ladd Plumley, president of the Worcester County Music Association, Worcester, Mass., and Robert B. Sempie, president of the Detroit Symphony Orchestra, have announced the signing of a new five-year agreement between the Symphony and the Music Association for the Symphony's services at the annual Worcester Music Festival.

The agreement begins in 1971 and runs through 1975. The current agreement expires this year.

The Symphony has been performing at the Festival since 1958 when it replaced the Philadelphia Orchestra as the official orchestra of the Festival. Always in the past, however, agreements were limited to three years.

In his statement from Worcester Mr. Plumley remarked that "We regard both the continuation of our relationship with the Detroit Symphony and the number of years specified in the agreement as being of great significance.

"In the past several years the orchestra has increased even more its stature as one of the principal symphonies in this country. Sixteen Ehrling and his players rank among the most distinguished musical organizations anywhere. We are thus delighted to be their hosts every October.

"Secondly, the five-year agreement has a real as well as symbolic value. In addition to expressing our confidence in the Detroit Symphony it also expresses our faith in the Festival, in the people of Worcester

DBC Schedules Dock Daze III

Dock Daze III, sponsored by the Women's Committee of the Detroit Boat Club next Wednesday, August 19, is a must for members and guests who enjoy the unusual. The party gets underway with cocktails at noon on the Club lawn.

Upon signing in guests will receive a "boarding pass" for one of the host yachts where luncheon will be served. For those who prefer terra firma tables will be set at the pool-side bandshell.

In keeping with a nautical spirit red, white and blue pennants will wave overhead. Casual dress is the order of the day—slacks, shorts, shirts—with those in-the-know sporting top-siders for coming aboard. Later in the afternoon guests will converge on the lawn for prizes.

Mindful of nature's "sense of humor" the committee is prepared to move most everything to the Club's ballroom at a moment's notice.

Mrs. Ralph M. Burke, chairman for this popular annual affair, will welcome guests aboard the Shamrock VI. Other members of her committee acting as hostesses and their crafts are the Mesdames Walter B. Drole, Boxer II; Donald A. Henkelman, Magoo III; William H. Miller, Jr., Towhead II; and Stanley C. Symphony Adds Coffee Concerts

The Detroit Symphony Orchestra plans to add a new informal type of concert attraction, Coffee Concerts, to its range of musical offerings.

The new concerts will be inaugurated by National Bank of Detroit and will be presented in Ford Auditorium on two Friday mornings during the Symphony's 1970-71 season.

They will include a complimentary continental breakfast and fashion show held by the J. L. Hudson Company before each performance as well as interpretive comments from the conductor or a special guest during the concert itself.

In order to make these concerts available to a wide audience NBD has arranged for tickets to be offered at a discount price by some 200 women's clubs and organizations throughout the Greater Detroit area and at the over 100 offices of the National Bank of Detroit beginning September 8.

Tickets may be ordered by mail in advance at the regular price by sending orders to all Hudson's and Grinnell's stores and the Ford Auditorium ticket office.

Robert B. Surdam, president of the National Bank of Detroit, commented, "We have one of the nation's leading musical organizations of which everyone can be justly proud. This opportunity for the National Bank of Detroit to work with the Detroit Symphony is welcomed as an indication of our mutual interest in the welfare of Downtown Detroit."

"The Coffee Concerts are especially suited to those who find it difficult to attend evening performances," added

Robert B. Semple, president of the Detroit Symphony Orchestra. "The performances leave ample time for lunch, shopping or other afternoon activities."

The Coffee Concerts have been scheduled for October 23 and March 26 at 10:45 o'clock with the coffee hour and fashion show beginning at 10 o'clock.

Sixten Ehrling will conduct the first program with the young American pianist, Edward Auer, who will make his Detroit Symphony debut the night before, will be heard in the Mozart's Concerto for Piano and Orchestra No. 23 in A major, K. 488.

Ehrling and the Symphony also will perform Arnold Schoenberg's Theme and Variations, Opus 43, and the Brahms Symphony No. 2.

Newlywed Smiths Vacation in North

Jean Marie Dougherty Speaks Marriage Vows Saturday Evening in Grosse Pointe Woods Presbyterian Church

Jean Marie Dougherty, daughter of Mr. and Mrs. Franklin D. Dougherty, of Country Club drive, and Leslie Stanley Smith, son of Joseph Smith, of Southfield, and the late Mrs. Smith exchanged marriage vows Saturday evening, August 8.

The Reverend Gerald E. Blevins officiated at the rites which were celebrated in Grosse Pointe Woods Presbyterian Church and followed by a reception at the Detroit Boat Club.

Wearing an ivory silk organza gown with Alencon lace appliques featuring a high neckline, Empire waist and short sleeves, the bride carried a Colonial bouquet of white Sweetheart roses, stephanotis, baby's-breath and ivy.

Her waist length veil fell from a headpiece of organza with Alencon lace appliques and seed pearls.

Honor matron Mrs. James Millies, the bride's sister, and bridesmaids Mrs. John Marshall, the bride's cousin, and Janet Slavko wore Empire-

waisted floor length turquoise blue crepe frocks. They carried Colonial bouquets of white and yellow daisies, baby's-breath and ivy.

The bridegroom's brother, Thomas Smith, acted as best man. Robert Dushel and William Blaine, of East Lansing, cousin of the bride, were ushers.

Mrs. Dougherty, chose a pink linen dress with eyelet embroidery and a corsage of pink Sweetheart roses for her daughter's wedding.

The newlyweds are vacationing in Northern Michigan. They will make their home in Royal Oak.

Receiving a Master of Arts degree in Public Administration from the University of Oklahoma August 2 was Pointe-er ALBERT DONALD MEYER.

In Grosse Pointe Woods Presbyterian Church Saturday evening, August 8, JEAN MARIE DOUGHERTY was wed to Mr. Smith, son of Joseph Smith, of Southfield, and the late Mrs. Smith. The Franklin D. Doughertys, of Country Club drive, are the bride's parents.

DOUGLAS D. WERKEMA, of Harvard road, a teacher at University-Liggett School, participated in Drew University's Ninth Summer Institute for Secondary School Mathematics Teachers.

Susan Wrigley Wed August 1

Planning to make their home in Brooklyn, N.Y., when they return from a vacation in the west are Mr. and Mrs. James Wilson Jones, III, whose Saturday, August 1, wedding in Christ Church, Grosse Pointe, was followed by a reception at the Grosse Pointe Hunt Club.

The Reverend Arnold Fenton officiated at the double ring rites for which the bride, the former Susan Kay Wrigley, daughter of Mr. and Mrs. Clifford C. Wrigley, of Ford court, selected a white linen gown with Brussels lace accents.

Her Rosepointe motif mantilla was also of Brussels lace and she carried yellow roses during the evening ceremony.

In yellow silk frocks carrying white roses were honor attendants Janet Wrigley and Mrs. James Church, of Saginaw, the bride's sisters, and bridesmaids Beverly Beach, of Sterling Heights, and Kristen Seashore, of Boston, Mass.

The bridegroom, son of Mr. and Mrs. James Wilson Jones, Jr., of Pittsburgh, Pa., asked Richard Ziegler, of Cleveland, O., to act as best man.

Sidney Burton, of Akron, O., Clifford Wrigley, Jr., of Hinsdale, Ill., and Bruce Burnett seated the guests.

Bride-elect KAREN STANGE, of Edmore drive, was honored recently at a miscellaneous shower given by MRS. RICHARD SCHMELZER and MARJORIE WILKE. Karen and JAMES FURHMAN will be married October 17 in Bethany Lutheran Church.

munity at St. Stanislaus Church near the Chrysler and Edsel Ford Expressways.

Previous concerts have paid tribute to the French, (at Old St. Anne Church), the German, (at Old St. Mary's), the Russian, (at WSU's Community Arts Auditorium), the Hungarian, (at Ford Auditorium), and the Jewish communities, (at Congregation Shaarey Zedek in Southfield).

The Salute Concerts are free of course. That's the way Professor Johns wants it.

"These concerts," he explains, "not only recognize the rich variety of cultures within our city but also give the (Wayne State) university students new experience in unknown ethnic music sung in the many accoustically exciting churches of the Detroit area."

They also give Malcolm the delightful "excuse" to travel to various countries and regions on Salute Concert research expeditions.

Nobody insisted he go. Nobody's subsidizing him. It's all part of his mission.

He's gone fabulous places, had fabulous experiences, met fabulous people.

He's come back with fabulous music, performed in fabulous Salute Concerts.

And always in the agreement when making concert plans with any selected church is the supper of native food served the chorus and orchestra. That's part of the "deal."

"It has been," says Professor Johns, remarking on this meal, "satisfying mutually and a pridelful time for the particular foreign group being 'saluted'."

It's been joyful.

The music, the pride, the fellowship—each could be considered a specific "reason" for Malcolm John's mission. But no one reason, isolated and studied, explains why Professor Johns devotes so much time, so much of himself, to his once-a-year Salute Concerts.

He does it because he wants to.

That's what makes him a joyful man.

And the mission of a joyful man is always itself joyful.

More On Music

The National Board of the Federation of Music Clubs meets in Detroit for the first time in a decade August 20 through 24 at the Detroit Hilton Hotel. Committee members include Mrs. Ronald J. Ladd, of Grayton road, and Mrs. Frank Coolidge, of East Jefferson avenue.

Among the convention's special events will be a program by students of Detroit Community Music School at 2 o'clock Saturday afternoon, August 22.

Five-year-old Kelly Leon and her about-to-enter-the-fourth-grade-at-Kerby-School sister Suzanne, both violinists, daughters of Mr. and Mrs. Harold B. Leon, of Ridgemont road, will be among the performers and the Director Anna Husband, of Calvin avenue, will speak on the school's role in Detroit's musical community before the concert begins.

Mrs. Maurice Honigman is the Federation's national president.

A Very Full House

Things are getting back to normal at Mrs. Paul S. Giffin's home in Moran road now, but for a while Mrs. Giffin had a very full house indeed.

First to arrive, (and last to leave—they head back to San Mateo, Calif., next Monday), were daughter Mrs. Robert Collins with young Susan and Martha. And Mrs. Alvin Collins flew up from Griffin, Ga., to see her daughter-in-law and granddaughters while they're on this side of the Continental Divide.

From Grand Rapids came another of Mrs. Giffin's daughters, Mrs. Reginald Norris, with children Pam and Scott, and from Palos Park, Ill., the third daughter Mrs. Clinton Boughan, with Karen . . . Mr. Boughan dropped by for one night, too.

Kendall-Strong Rites Are Read

Coldwater's First Presbyterian Church was the scene of the marriage of Sarah Jane Strong and John Andrew Kendall on Saturday, August 1. The newlyweds vacationed in Bermuda after a reception at the Coldwater Country Club and will reside in Nashville, Tenn., while the bridegroom continues his law studies at Vanderbilt University.

The new Mrs. Kendall is the daughter of Mr. and Mrs. Douglas J. Strong, of Coldwater. Her husband is the son of the John Bleasdale Kendalls, of Ballantyne road.

The Reverend William J. Fuerstenau officiated at the candlelight rites. Attending the bride as matron of honor was her sister-in-law, Mrs. Samuel Duncan Strong, of Westland.

Bridesmaids were Lee Treat, of Los Angeles, Calif., Barbara Hosek, of Ann Arbor, and Irene

Nicholl, of Caseville. Michelle Strong served as her aunt's flower girl, Douglas J. Strong, II, Michelle's brother, as ring bearer.

Best man was Samuel Duncan Strong, the bride's twin brother. Ronald Berli, Robert Peterson, Richard Shammus, Robert Othaway, Charles Waldschmidt and John Mabley seated the guests.

Now attending the Air Force Academy in Colorado is Grosse Pointe North High School graduate JOHN WEAVER, son of MR. and MRS. WAYLAND WEAVER, of Van Antwerp road. John received his diploma in June from North High where he was an Honor Student member of the National Honor Society and captain of the Swim Team during his junior and senior years.

1039 DEVONSHIRE, Grosse Pointe Park, owner. Tile roof, 4 bedrooms. Shown by appointment only. VA 2-5520.
OPEN SUNDAY 2:30 TO 5
SEE WHAT a complete renovation can do for a larger English house. At 744 Lakepointe we have an excellent example to show off, with four family bedrooms and three baths on the second floor. There are natural fireplaces in both the living room and library. The very large screened terrace is actually another "room" seven months of the year.
A PERFECT starter house for the couple or small family looking for a sharp three bedroom house which is close to shopping conveniences and schools. At 2135 Van Antwerp we are hosting a "must see" for those looking to purchase in the low thirty thousand dollar range.
JUST DRIVE into the first block of Bishop Road north of Mack avenue, and when you see the best looking house on the street, pull up and come inside. Our Open Sign invites you to see why 3851 Bishop shows as well inside as it does from the curb.
FIRST PEEK
ONE OF THE larger three bedroom houses in this block on Moran Road. There is a breakfast room and extra large screened porch leading from the living room, plus a separate dining room with window bay window. Fresh decorating and almost new carpeting make this one a cut above the competition.
ANOTHER SNEAK preview may be seen on Lewiston Road where the trees are many and stand tall. Located between Kercheval and Grosse Pointe Boulevard, this one has seven bedrooms and five baths on the second floor. Priced at \$81,900.
BY APPOINTMENT
DOWN TO \$24,000 has tumbled the price on this little gem on Lancaster. Story and-a-half design with two bedrooms on the first floor and another upstairs. If you know of another in this neighborhood at such a low price let us know... we may buy it.
WE'VE DEDUCED, when the price is reduced, there usually follows a sales boost. We refer specifically to the \$36,000 marked down tag on this large three bedroom colonial on McKinley avenue. The elbow room found in this one is very pleasant to encounter after squeezing through the competition.
IN THE SHORES, first house from Lake Shore Drive, and maintained as you would expect to find a house of this calibre. There is an immense entrance hall with dining room, living room, and large family room, all leading from the foyer. This house has been kept tight up to snuff with new kitchen and a 35x20 patio just off the new family room.
THE DEEPLANDS area has been one of the Shores choicest locations since its inception. It is houses such as the one we are offering at 71 South Deeplands which contribute to the beauty of this superb location. Cape Cod in architecture with a fieldstone facade and white trim. The house features a first floor master bedroom with private bath and three more bedrooms and two full baths on the second floor.
FOR THOSE who have always admired the charm of an English house but have been unsuccessful in finding one with modern bathrooms and kitchen, then may we suggest you make an appointment to see this newer offering near Windmill Pointe Drive. The house has recently been completely "gone over" with fresh decorating, so that all you need for the move is your date.
EIGHT THOUSAND dollars down and you can make the step up into a larger five bedroom colonial on Balfour Road. The owner is prepared to accept a land contract purchaser.
IF YOU LEAN to a newer house but still like the traditional colonial line, then we think you should take in the fine four bedroom we are selling on Saddle lane. Large family room, separate dining room and formal living room all give the first floor a feeling of generous space.

When is the right time to buy? We believe that within a year or two that one will look back on 1970 as having been an excellent year to have purchased real estate. Yes, interest rates seem high, just as they did when they went to 6%, then 7%, then 8%, etc. . . . we do not envision a lessening of the long term demand for money.

If you look at the advantage of having money when you want it instead of the hopeless waiting for lower interest rates, you're not so apt to end up losing.
