Hydrants

(Continued from Page 1)

moved hydrant caps without a legal reason, or who steals them, will be arrested and charged, Chief Beupre said.

Leaving hydrants uncapped and exposed is dangerous, in that children are tempted to stuff papers, rocks and other foreign matter into the openings, blocking the fixture. The time it takes to clear away the debris from the opening may cost untold damage to property in the event of a fire, and possibly someone's life.

Fire Sgt. Samuel Candela said that at one time, during hydrant inspections, he found a two-foot piece of a rubber hose inside one fire plug. It is nothing unusual during these inspections to occasionally find a plug stuffed tight with paper, or rocks.

Firemen have been instructed that before a hydrant is turned on, it must be checked to make sure it is not blocked.

Citizens are asked to report any open hydrants directly to the Fire Department. Call TUX-edo 5-1000.

So live that you return more to the world than you take out.

Ice Rink

(Continued from Page 1)

rink would be open until 11, 11:30 p.m. or 12 midnight, or around the clock. In determining hockey hours, we canvassed local ice rinks. They fell into two categories, publicly or privately owned.

"Livonia has two ice rinks which are owned and operated by the city of Livonia. They fell into the first category. Winter Wonderland on Schoolcraft in Detroit and Gordie Howe's rink in St. Clair Shores are representative of the privately owned rinks. We were told the new rink being built by St. Clair Shores will follow the schedule of the private rinks.

"In Livonia, the rinks stay open until 12 midnight during the week and until 2, 3 or 4 a.m. on Friday and Saturday nights. Livonia residents use the rink until 10 p.m. after which time the ice is rented to anyone who has the money.

"Gordie Howe's rink is operated at least until midnight during the week and around the clock on Friday and Saturday.

"The G.P. Hockey Association states they intend to be self-supporting and more than that, they plan to make enough money to maintain the entire Elworthy Field. Our fear is that to make money and be commercially feasible, the Hockey Association will have to operate the same hours as the other rinks.

"In our research, we failed to turn up one single rink which was operated by a Hockey Association. In all cases, they were renters. Admittedly they were given a more favorable fee schedule by their home ice rink, but they were still tenants.

"Livonia requires that all members of the Livonia Hockey Association reside in Livonia. Which leads us to wonder, who is the Grosse Pointe Hockey Association? Is residency in Grosse Pointe a condition for membership?

"We have been told that this proposed rink will be beneficial to a majority of the city's youngsters. That is pure speculation. We do not know how many youngsters would avail themselves of this ice skating opportunity nor do we know how many hours we could use this rink.

Six Percent Of Field?
"We have been told that 6 percent of Elworthy Field is a small price to pay to provide this opportunity for not only our youngsters but all the youngsters in surrounding areas.

"We were unable to find a detailed drawing by the Hockey Association showing their proposal. However, City manager Thomas Kresbach has a scale drawing of Elworthy Field. Superimposed on this drawing is an area designated by a red dotted line, delineating the Hockey Association's proposal. The involved area amounts to more than one-fourth of the entire field.

"We stated that a parking lot would replace the softball diamond. Whether a parking facility is called a "lot" or a "strip" is a matter of semantics. The fact remains a parking area would diminish the recreational area at Elworthy Field. It would reduce the softball diamond into an infield practice area. This truncated diamond could be used only as long as no one was using the Babe Ruth diamond.

"We want Elworthy Field for all of us. This truncated softball diamond eliminates the men's slow pitch league.

"We are willing to do our part in providing recreational facilities for our children and ourselves but we do not have the abundance of land necessary to become a Regional Sports Center. To become the hockey center for Grosse Pointe and surrounding areas would mean sacrificing some sports which we currently support.

"We resent the outside pressure being applied to the City to accept this sports facility. The name on a recent Hockey Association flyer is indicative of this pressure. The signature reads Grosse Pointe City Sports Center Committee, yet its address is Post Office Box 6814 Grosse Pointe, Mich. 48236. Now every City resident knows our zip code is 48230.

"In conclusion we would like to say we should all be grateful to the Hockey Association for focusing public attention on the inactivity of the Board of Education toward improving Elworthy Field. Perhaps our first step should be the formation of a Recreational Authority separated from the Board of Education but empowered to develop school playgrounds and properties."

Men who follow their impulses have a mighty poor pacemaker.

Capsules

(Continued from Page 1)

fully scrutinize all future orders received from other pharmaceutical manufacturers and obtain verification from responsible persons in such companies as to the ultimate use for such capsules.

He said that responsible personnel of the company's marketing division will conduct a study to determine the actual current needs of retail and hospital pharmacists for all sizes of unfilled capsules.

"In the event the market study reveals that there is still a legitimate need for those items, as we expect it will, stricter internal controls will be initiated to insure sales only in quantities sufficient to meet legitimate requirements by legal users. If this study should reveal that there is no further need for a particular size capsule, it will be removed from our capsule line," he added.

Richards said the use of the small capsule for the packaging and distribution of heroin is "deplorable," and pledged that the company will "continue to cooperate with Federal, State and Local authorities in every way possible to fight the evil forces which continue to threaten the youth of our nation."

The fellow who travels fast finds it hard to pay as he goes.

School Millage

(Continued from Page 1) Education directs the Treasurer and the Director of Business and Finance to discontinue the practice of commingling funds in the purchase of Certificates of Deposit or any other legal investment.

Fears Loss of Autonomy
What looked like a routine vote on a Community School Resolution turned into a lengthy debate during which time Board member Arnold Fuchs indicated he wished to table the vote on the resolution until he further investigated its ramifications.

He expressed a fear that it would endanger the autonomy of the school system. He was assured by Board Attorney Coulter and Richard Kay, Director of Community Services that the resolution has been the philosophy of the school system for the past 20 years and the only difference was that this year the state has requested the system verify its standing in writing.

Facilitates Reimbursement
They also indicated that presenting the state with a formal resolution would facilitate the reimbursement of funds in the amount of some \$6,000 to the school system.

The resolution states that "The Board of Education believes in the basic concepts of a Community School program, which in effect, strives to achieve maximum utilization of school district facilities for all citizens of the Grosse Pointe School System in a wide variety of activities of an educational, vocational, cultural and recreational nature."

"And whereas the Board of Education has demonstrated its programs in adult education, after-school swimming, special summertime activities, and projects coordinated with other community institutions and organizations, and whereas the Board has implemented and administered such programs through the Department of Community Services be it resolved that; the Grosse Pointe Public School System is committed to the Community School concept and whenever and wherever reasonable and feasible the Department of Community Services is directed to implement such a program within the limits as may be determined by the Board of Education."

Not A Contract
Mr. Coulter reiterated that this resolution in no way serves as a contractual agreement with the state and that it can be withdrawn if Board members so desire in the future.

The resolution was approved by a vote of four yeas, two nays and one abstention with Calvin Sandberg and Mr. Semmler voting no, and Fuchs abstaining.

School superintendent Theos I. Anderson then presented his recommendation for the revised 1970-71 School Budget.

Dr. Anderson recommended that the 1970-71 school budget which calls for \$15,515,479 for current operation and \$181,769 for 1956 debt retirement; \$59,584 for 1964 debt retirement; \$448,868 for 1965 debt retirement and \$143,002 for 1966 debt retirement requirements be approved for a total budget of \$16,346,702 and that a detailed summary of the budget be included in the record.

Budget Approved
The budget recommendation

was approved by a vote of 4-3 with Mr. Fuchs, Mr. Sandberg and Mr. Semmler voting no. Dr. Anderson then presented two recommendations for millage proposals to finance renovation of South High School to be presented to the electorate on December 7.

The first, Proposition I, asks "Shall Grosse Pointe Public School System borrow the sum of not to exceed \$3,800,000 and issue its bonds therefor for the purpose of constructing additions to the Grosse Pointe South High School; for remodeling the GPHS main building, for improvement of the academic program and to comply with Michigan fire and safety codes; for equipped and building where necessary said building and additions thereto; and for necessary site development at GPHS to include demolition of the existing annex and Quonset hut."

This recommendation was approved by a vote of 4-3 with Mr. Semmler, Mr. Fuchs and Mr. Sandberg voting no. **Second Proposal**
The second proposal was tabled until the next meeting of the Board. It asks "Shall the Grosse Pointe Public School System borrow the sum of \$3,300,000 and issue its bonds therefor for the purpose of construction additions to and remodeling of the Grosse Pointe South High School to house industrial arts, a science lecture facility, art, counseling, offices, home economics, and resource centers; to remodel the existing auditorium for instructional purposes and to equip or re-equip as necessary such additions and remodeled areas."

The vote to table was passed unanimously. At the conclusion of the meeting Harvey Benton, president of the Dads' Club of South High, and Norman Dodge, both made a plea to Board members for unanimity at this time in order to insure a successful millage campaign.

Woman Victim Of Purse Thief

A thief approached a Park woman on Sunday, October 11, asked for the time, then pushed her to the ground and escaped after snatching her purse, as she neared her home, it was disclosed by Park police.

The victim, Mrs. Frances Cross, of 1443 Somerset, told the authorities that she was in front of 1411 Somerset when a young man came up to her and asked for the time. Without warning, he pushed her and grabbed her purse and fled north of Somerset, and at Mack avenue turned and ran west in an alley and disappeared.

Mrs. Cross told police that she had been shopping in a milk depot in Mack avenue and was walking home when the incident occurred.

She said her purse contained \$15 in currency and personal papers.

\$600 DONATED
At its regular meeting held on Monday, October 12, the Park council appropriated \$600 to be donated to the Grosse Pointe All-American Football Leaguers. The money is budgeted for the 1970-71 fiscal year, according to City Manager Robert Stone. About 150 Park youngsters are in the League.

Center Figures

(Continued from Page 1) youth activities ranging from children's art, ballet and theatre to social activities and a most successful Career Day; seminars on world affairs; excellent travelogues; a fine Music Festival; family film presentations; active interest groups such as bridge and ski; good theatre, fine lectures, forums, senior programs, travel opportunities and presentation of international celebrities.

Lands 'Lighter Side'
The Judge called attention to the excellent "Lighter Side of Life" series beginning this fall with the appearance of Metropolitan Opera star Patrice Munsel on October 17.

He also called attention to the fine Grosse Pointe Theatre program beginning in Fries Auditorium in November with the production of "The Apple Tree" and the active Ski Club schedules about to begin.

The Judge paid tribute to all the Board who had served with him: Philip T. Van Zile, II, James D. Tracy, Mrs. Hansel Dwight Wilson, Mrs. Jack M. Cudlip, William Croul, Henry Ledyard, Mrs. Frederick M. Al-

ger, Jr., Arthur Cerre, William Y. Gard, R. T. Johnstone, Mrs. William D. Laurie, Jr., Mrs. John M. Lesene, Frank P. McBride, Jr., and Roy M. Tolleson.

He also expressed appreciation for the fine invocation presented by the Reverend Richard W. Mitchell, Associate Minister of the neighboring Grosse Pointe Memorial Church. Those assembled gave a standing ovation to Judge Fitzgerald, the officers and Board.

At a brief special Board meeting following the conclusion of the entertainment the following new slate of officers were elected to guide Grosse Pointe War Memorial in 1970-1971: President, James D. Tracy; first vice-president, Philip T. Van Zile, II; second vice-president, Frank P. McBride, Jr.; secretary, Mrs. Jack M. Cudlip; assistant secretary, Mrs. John M. Lesene; treasurer, William J. Croul, and assistant treasurer, Alexander Wiener.

Woods Wage Agreement

(Continued from Page 1) a committee-of-the-whole, to accept the wage proposal when it is presented and for the signing of the contract by both sides at the next City Council meeting Monday, October 19.

Not Retroactive
Woods public safety officers, originally offered \$11,700 annually, will now be getting \$12,500 for their combined police and fire services, according to the proposal which has yet to be ratified and may still be called back by the city.

The \$12,500 figure, however, is not retroactive to the fiscal date of July 1, 1970. The men will begin to receive the increased pay as of this month.

According to the proposed contract, complete figures of which are not yet available, there will be a \$160 clothing allowance for the officers, up from \$125 from the previous contract.

Six Paid Holidays
In addition, the men will receive six paid holidays. Men working during the holidays will receive double pay in addition to the regular pay for the day.

For major medical expenses, an additional \$9 per man per month will be allotted and time-and-a-half pay will be allowed officers engaged in training on the fire equipment.

Previously, the men received straight pay for training time which was over and above the

eight hour day required.

Two-Year Offer

A two-year contract was accepted by the officers, given the option of signing for either one or two years. In the second year, beginning July 1, 1971, the men will receive \$12,225 for policing and \$900 for their fire services.

The \$12,500 figure for 1970 breaks down to \$11,750 plus an additional \$750 for fire protection. This compares with \$12,441 Oak Park officers are receiving for similar police and fire services.

In view of the increased pay, the police officers association has voted to increase the association dues to \$6 a month plus \$3 for membership in the fraternal order of police.

Association Satisfied
In a statement to the NEWS, Woods Police Officer Association president Stephen Petrik said that they were satisfied with the city's response to the officers' requests.

"On behalf of the bargaining committee and all the patrolmen, I'd like to say that, we've accepted this proposal in good faith," Petrik said. "There has been nothing but a harmonious relationship on both sides. We wish to thank the city fathers, City Manager Chester Petersen and labor negotiator Earl Boonstra for conducting the negotiations in a way that met with the approval of all the men."

girls dressed as cheer leaders to emphasize a gala football kickoff theme.

UF President Thomas F. Morrow, of Vendome road, signaled the opening of the campaign by passing a lighted torch to Campaign General Chairman John J. Nevin, of Birmingham.

Morrow challenged Nevin to meet or surpass the goal before the Victory Dinner.

Torch Is Lit

The kickoff luncheon was preceded by a torchlighting ceremony at 6 p.m. Monday at the UF's sleek, new torch on the median strip of Woodward avenue. Designed by architect Dario Bonucchi, of Giffels & Rossetti, the aluminum sculpture, a 60-foot structure, is a joint gift to the UF and the city.

Making her first Detroit appearance at the torchlighting was Miss America of 1971, Phyllis George, 21-year-old Texas beauty crowned recently at the Atlantic City pageant. The five-foot-eight brunet helped Torchlighter Timmy Jones, blind since infancy, push the button lighting the new torch which will burn continuously throughout the 23-day campaign.

Another March On Balduck Park

Pictured, (standing left to right), are members of Grosse Pointe Boy Scout Troop 471 JOHN GREER, First Class Scout, CHARLES RICKETT, Life Scout, DONALD ROBERTSON, First Class Scout, and KEITH EKSTROM, (in the foreground). The boys were recently part of a crew of scouts who set out to clean up Balduck Park. The idea originated with Charles, who was working on a conservation project. Charles contacted a member of the Grosse Pointe Beautification Council and asked for some conservation project suggestions... cleaning up Balduck Park was one of them. Charles then corralled some of his fellow scouts, those pictured plus members of the Moose Patrol led by Guy Troutz, assistant scoutmaster H. Thompson Stock and prospective scout Bill Clow. The work crew met at the park bright and early on a recent Saturday morning. Charles told the NEWS that the amount of litter at the park was unbelievable... "old beer cans, candy wrappers, pop bottles... we didn't get the whole park cleaned—that would have taken weeks—but we sure cleaned up a good bit of it." Charles has been a scout for three years, is 14 years old and a ninth grade student at Grosse Pointe South High School.

Pointer Works on Causes Of Auto Exhaust Pollution

Richard Barton, 1955 graduate of Grosse Pointe High School and research engineer, was recently part of a team of mechanical engineers from Penn State University who have tied combustion eccentricity of the internal combustion engine to turbulence of the fuel air mixture cloud and related it to exhaust emission.

Their work helps unmask root causes of automobile exhaust pollution.

Their findings were presented at the Second International Combustion Engine Conference in Bucharest.

Mr. Barton explained, "We see the entire mixture cloud as made up of a series of zones or regions of differing turbulence. If an inferior region (low turbulence) happens to be in the vicinity of the spark at the instant of firing, the flame front will spread in one fashion; if the spark first encounters a region of high turbulence the flame front will spread in a different fashion. In both cases different pressures, different emission patterns will be developed."

If a union vapor cloud could be developed, one in which the turbulence is the same throughout the cloud, the chances of getting a relatively clean burn every time would be increased, according to Mr. Barton, and automobile exhaust emissions might be drastically reduced.

Barton's co-worker, Samuel S. Lestz said a uniform vapor cloud is not technologically feasible at this time. Their experiments are aimed at finding which cycle is the cleanest. However, the fact that the team has tied cycle by cycle variation to turbulence near the spark makes further experimentation possible.

Officials in Washington were most impressed with the findings of these Penn State engineers. The research is being supported by the Public Health Service. The results reported in Bucharest are being carefully studied by pollution-conscious agencies and politicians all over the country.

Mr. Barton is 33 years old and the son of George Barton, of Moran road. He earned his B.S. in engineering from the University of Michigan and received his doctorate at Penn State this past September. After earning his doctorate he was named an assistant professor in the College of Engineering.

He is married to the former Louanne McDougal, of

Athletic Funds Lagging At North and South High

By Greg Boyd

Athletic programs for both the North and South High Schools may be slightly jeopardized by this time next year and athletic directors for both schools have shown concern over possible budget problems.

Athletic directors Chuck Hollosy from South and Ed Wernet from North have stated that the main reason for their concern over the programs which necessarily must be self-supporting is that student ticket sales for the season have not come up to the expected mark.

As originally reported in South High's "Tower" newspaper, Hollosy said that he had anticipated South students buying about 1,500 of the \$6 season athletic books, yielding \$9,000 in revenue.

So far, only 1,100 books have been sold, leaving the department \$2,300 short of the goal for student sales.

Grosse Pointe North, selling only two-thirds of the season tickets on hand for students, is shy by over \$2,700 of the \$9,000 they also expected to gain from

student sales. This is placing a heavier load on other sources of revenue needed to sustain the athletic programs. Aside from student sales, adult athletic season tickets, gate receipts and, if the districts are good enough, district tournaments supply the money needed.

Donations from parents and interested individuals also are received on occasion.

According to Chuck Hollosy, the sports that are the main sources of cash are football, basketball and swimming. Baseball and track events are free for the sports fans principally because the cost of regulating a sports event on open ground with no stadium would offset the money gained from ticket sales to such a degree that they would probably lose money.

One bright prospect is the fact that South's Dad's Club has been tremendously successful in promoting ticket sales to adults. Hoping for an extra \$4,000 from the Club's sales, Hollosy said the Club has responded to a much greater degree than anticipated. "The extra revenue, of course, is used to help fill the gap created by the lagging student ticket sales," he said. However there is still a hole in the financial situation.

Tentative ideas suggested by Hollosy for increasing funds include an exhibition basketball game the varsity club has been working on and a large dance affair for adults sponsored by the Dad's Club. Also, written requests for financial aid have been sent to parents of students.

Among the sports events producing money for Grosse Pointe North are wrestling, basketball, football and swimming. Director Wernet doesn't expect any extra revenue from the wrestling program and said he would be satisfied if the program just paid for itself.

With the swim meets producing a slight profit of around \$300, football and basketball are left to pick up the deficit. Wernet considers the gate receipts extremely important. "We must clear at least \$2,000 from gate sales," he said. This is over and above the \$100 to \$120 cost for sponsoring each event.

Wernet indicated that, fortunately, they had submitted a very conservative budget for this school year and, aside from golf and junior varsity wrestling, have not found it necessary to eliminate or cutback any major programs.

The cross country events have been eliminated from South's athletic curriculum but those interested in running cross country may still represent the school in regional competition.

Wernet said that ticket books may not be sold next year in an effort to save the \$200 cost of printing. Instead, students wishing to buy season athletic passes for all home events will have their payment verified by some type of embossment on the identification cards.

Both athletic directors told the NEWS that donations are most welcome and adult passes may be bought at any time during the school year. Adult passes cost \$10 which includes passes for all athletic home events for the year. Individual tickets at the gate cost \$1.50 each.

Norsemen Win Second in Row

Quarterback Joe Puleo led the Grosse Pointe North High Norsemen to their second straight Bi-County League victory last Saturday, winning 20-0 over L'Anse Creuse. Dave Heritier and Jeff David became the defensive stars as they proved North to be a great defensive team.

The Norsemen started off the game by being tough right in the first quarter. Chris Truhan and Duane Johnson took turns running with the ball moving it up to the one-yard line for Puleo to plunge over for the touch-down.

The kick attempt for the extra point was no good, so the score remained at 6-0. Grosse Pointe seemed to perk up even more as they scored again in the second quarter. After Johnson returned a punt 15 yards to the Lancer's 45 yard line, Truhan ran 45 yards with the ball on the first play to score.

The Norsemen stole two more points from L'Anse Creuse as the conversion attempt was good on a pass from Puleo to Steve Schleicher, leaving the score at 14-0.

After recovering a fumble, on the Lancer's 25-yard line, North went on to score, moving the ball in only one play on a 20-yard pass to Dan Clem from Joe Puleo.

The Grosse Pointe Woman's Club celebrates its 20th anniversary next Wednesday with a special birthday party in the Grosse Pointe War Memorial's Fries Crystal Ballroom beginning at 12:30 o'clock.

And re-capping those 20 years will be past-president Mrs. John Scales, program chairman for the day, who's promised a brief history of the Club, from its beginnings, (how and why it was organized), through two decades' highlights.

There'll be a Special Speaker too, world explorer Neil Douglas, bringing his travelogue: "The Iron Curtain—Inside and Out."

East Germany . . . Czechoslovakia . . . Austria . . . Finland . . . Mr. Douglas has visited Eastern Europe for the past eight years. And if you don't think he has some tall tales to tell . . .

Tea hostess Mrs. Lampton J. Cardwell and co-hostesses Mrs. Alexander J. King and Mrs. William B. Stuck have chosen "Twenty Years Remembered" as their table theme.

Assisting them will be committee members Mrs. Clay Baldwin, Mrs. Walter A. Wolf, Mrs. Alvin Borchart, Mrs. W. G. Brownson, Mrs. E. B. Erickson, Mrs. George Funk, Mrs. John Wetzel, Mrs. Elton A. Turner, Mrs. Austin Wheatley, Mrs. L. T. Szady and Mrs. W. R. Frizzell.

More are the Mesdames Walter L. Griffith, J. E. Hinzman, Philip B. Hopkins, Eugene F. Wambold, Jack H. Merritt, Colin B. Neal, Thomas J. Pearsall, Earl W. Walke, Richard Huegli, A. Hazen Keith, Jack Lefebvre, Harold B. Lee, James Marshall, Alfred R. Reuther, Robert Schellig and Gordon Skinner.

The past-presidents have been invited to assist in serving the tea and anniversary cake.

It Started With The Dining Room . . .

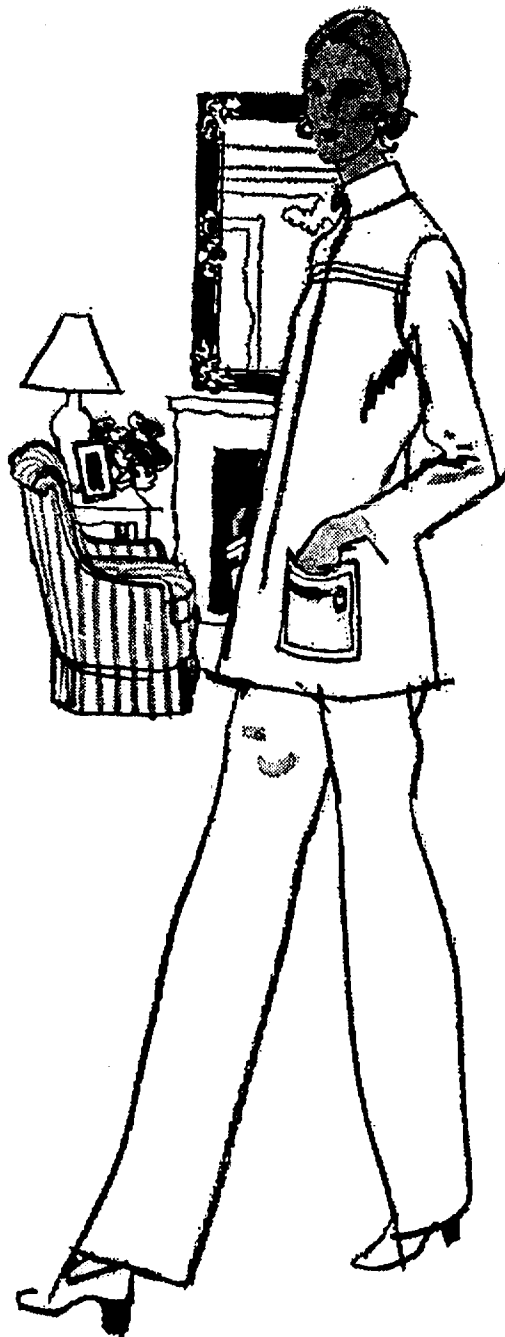

It all started with the Dining Room and Ice Cream Parlor committees needing helping hands during rush hours: The Junior Goodwill ladies staffing these two areas during their Annual Antiques Market and Sale just HAD to have more tray-carriers and table-clearers . . .

Their families heard all about it. And in those families, were many teenagers . . .

Just give a teen a WAY to be of service!

Now "Junior" Juniors, sons and daughters of Junior Goodwill members, are found throughout the show, still essentially clearing and setting tables, serving coffee—

Miss Raphael Says Vows September 12

Newlywed Richard A. Camerons Vacation in Smokey Mountains; Are at Home in Wooster, O.; Service Is Followed by Lochmoor Club Reception

Lois A. Raphael and Richard A. Cameron designed their Saturday, September 12, wedding service, selecting readings from the Bible and T. S. Eliot's "Four Quartets" and exchanging personal statements in the form of a dialogue in addition to simple vows in contemporary language.

An original organ piece by Raymond Thompson, a close friend of the bride and bridegroom, and a folk song sung by another of the couple's friends were the musical motifs at the 2 o'clock service in Grosse Pointe Memorial Church.

At the close of the rites at which The Reverend Richard W. Mitchell and John Paul Cameron, the bridegroom's brother,

presided, all took part in the passing of the Peace.

The bride is the daughter of Mr. and Mrs. Frank G. Raphael, of Renaud road, Dr. and Mrs. J. P. Cameron, of Pittsburgh, Pa., are the bridegroom's parents.

For her marriage the former Miss Raphael selected a white organza gown styled with an Empire bodice, Chapel train and Bishop sleeves. Swiss embroidered flowers caught her

floor-length illusion veil and she carried phalaenopsis orchids and ivy.

Honor maid Susan Smalley, of Berryville, Va., and bridesmaids Faith Burton, of Clarendon Hill, Ill., Jeanne Hamilton, of Bethesda, Md., and Jane Latchis, of Dublin, N.H., wore purple chiffon and crushed velvet frocks and carried bouquets of pink sweetheart roses and lavender chrysanthemums.

Robert Cameron came from El Paso, Tex., to act as his brother's best man. Ushering were Wendell G. Lewellen, of Ann Arbor, William F. Schulz, of Pittsburgh, and Bruce Thatcher, of Baltimore, Md.

For her daughter's wedding and the reception at Lochmoor Club Mrs. Raphael chose a soft pink worsted silk sheath with a cowed chiffon neckline. She pinned Eucharis lilies to her purse.

The bridegroom's mother selected a turquoise silk worsted costume suit and a Eucharis tily corsage.

After vacationing in the Smokey Mountains the newlyweds are at home in Wooster, Ohio.

Here from Pittsburgh for the rites were Mr. and Mrs. J. J. Birch, Dr. and Mrs. Donald Y. Cameron, Martha Cameron, the Henry C. Eastons, Mr. and Mrs. Donald W. Fields and Mrs. James M. Liggitt.

Other out-of-town guests were Mr. and Mrs. Paul E. Horst, from Beaver Falls, Pa., Mr. and Mrs. Christopher Raphael, from Reston, Va., Jane Scholas, from Muncie, Ind., Reid Meloy, from Ohio; Richard Falander, from Illinois; and Brian Ewart, from Columbus, O.

Inside the Mothers Club

Because the Executive Board members of the Grosse Pointe South High School Mothers Club are deeply concerned with plans for renovating Grosse Pointe South, president Mrs. George Crockatt invited Mrs. Joseph P. Thompson, president of the Board of Education, to attend the October meeting.

Mrs. Thompson explained the Master Plan proposed by Linn Smith, Demiene and Adams, Architects, as well as an alternative plan suggested by Arnold Fuchs, a member of the Board of Education.

Mrs. Thompson emphasized that the Board of Education is chiefly concerned with offering a plan which will maintain the high academic standards of the school while making the most efficient use of the taxpayers' money.

At their October 12 meeting the Board was expected to make a decision on the proposal to be submitted to the voters on December 7.

Reports during the business meeting reflected a busy school calendar during the coming month. Imaginative floats by all four classes and school clubs are in the making for Homecoming, Saturday, October 24, according to Mrs. Crockatt. That same evening the Homecoming Dance will be held in the Gymnasium from 9 to 12 o'clock.

The following Saturday, October 31, students gather for the usual Halloween Party in the Gymnasium. Mrs. Harold Machamer, Halloween chairman, advised the Board that the Halloween committee is scheduling an evaluation meeting three weeks after the party to decide if changes should be made in next year's format.

South High parents are advised to circle November 5 on their calendars. Back-to-School Night will give them a chance to meet their child's teachers and hear an explanation of the goals for each school subject.

Mrs. Frank Bromley and Mrs. Hugh Harness, co-chairmen, are planning refreshments.

Coming up on November 6 is the Ninth Grade Party in the Gymnasium from 8 to 11 o'clock, according to Mrs. David Cooledge, ninth grade chairman, who will call on parents for chaperoning.

The Pointe Players have chosen "Lil Abner" for their fall production to be held at the Performing Arts Center adjacent to Grosse Pointe North November 11, 12 and 13. The opening performance will be a Scholarship Benefit, according to Mrs. Richard Speer, Play Ticket chairman.

The Mesdames A.C. Dickson, Robert Sullivan, Louis Chabot, C.J. O'Donnell, Charles Mosher, Ralph Simonds, Wyman Barrett and Howard Snyder have been appointed to solicit callers asking parents to buy tickets. Mrs. Speer hopes for an enthusiastic response. The Mothers Club is again sponsoring a pizza party after the first night's performance, with Mrs. Bromley and Mrs. Harness hosting.

Neighborhood Groups are in full swing but Mrs. Malcolm Denise, chairman, is still welcoming any interested mothers.

Four Discussion Groups, together with the Bridge Groups, have been formed. A few of the suggested discussion topics are New Ideas in Teaching; Explanations of New Courses Offered at South High, (such as the Humanities Co-op Program, Reading Workshop and Nurses Aid program through Cottage Hospital); Volunteer Opportunities for Parents; and the Mothers Club, its History and Aims. Members are encouraged to suggest any new topics not listed.

The Board was reminded that a Drug Scene Series sponsored by FLEC began Wednesday, October 7, continuing weekly through November 11 from 7 to 9:30 o'clock at the War Memorial.

Before adjourning the meeting Mrs. Crockatt made an appeal to the voters in all the Grosse Pointes to support whatever proposal the Board of Education recommends, as the renovation of South High is urgent.

NOW... Let's tell it as it really is!

GROSSE POINTE SPORTS CENTER, ELWORTHY FIELD

PREEMPT WHAT?
A majority of the space that the complex would use is already in such bad repair that it cannot be used for recreational activities. Further, the open space that would be used to house the indoor ice skating facility would amount to only 6% of the entire field.

DEMAND FOR WHAT SERVICES?
The facility would be entirely self supporting and would provide its own maintenance program. In addition, approximately 90% of the youngsters using the rink would be under 15 years of age and would require transportation from adults who would also serve as supervisors. These chauffeurs have had many years of experience with car pools and would not create a traffic hazard as has been suggested.

JEOPARDIZED OR ELIMINATE WHAT FACILITIES?
It has been already established that the facility would not preempt any other activities on the field. As a matter of fact it would provide another Little League baseball diamond as well as additional tennis courts. Further, it would provide locker rooms and equipment rooms for Little League football as well. In spite of what has been said, the existing softball diamond would remain.

NO MAJOR THOROUGHFARES?
Opponents have indicated that there are no major thoroughfares near Elworthy yet this committee has been told by the City that there are two major thoroughfares passing by the field. While there would be additional traffic in the area it would not present a hazard since car pools are formed and several youngsters would be arriving in one car. As a result of the amount of traffic presently using such streets as Waterloo, St. Clair and Charlevoix the extra traffic created by the ice skating facility would not represent a significant increase.

SUFFICIENT PARKING
Plans call for an on-field parking strip which would provide the necessary parking spaces for practically all recreational activities taking place on the field. If however, additional off-street parking spaces were required for several events during the year it seems reasonable to assume that existing parking lots in the block adjacent to Elworthy Field could be made available since these events would be scheduled at a time when all the business establishments in the area were closed.

CROSSES TO BEAR
While we realize that youngsters will be coming into the City from the other Grosse Pointes it must also be remembered that this is the case at the present time. Elworthy Field is owned by residents of all the Pointes through their Board of Education and is available to them for recreational needs. Similarly, our youngsters travel out of the City to use community facilities located in the other Pointes. Examples of this would be Brownell and South High community schools. Further, residents in the area of North High saw local farm land used for the construction of a large community High School rather than for residential homes. We feel that making a small portion of Elworthy Field available for an artificial ice skating facility is a very small price to pay to afford our youngsters the opportunity to take part in constructive and well supervised activities such as ice skating, figure skating, minor hockey and tennis which would be provided by the Sports Center.

Grosse Pointe City Sports Center Committee
Post Office Box 6814, Grosse Pointe, Mich. 48236

PLEASE—for the sake of our youngsters and our community as a whole, we urge our City Council to vote, and vote in favor of the Sports Center being located on Elworthy Field at their next regular meeting scheduled for Monday, October 19.

Seven College Group Moving Into 1970's

Officers Elected at Annual Meeting September 30; Cabaret Concert Benefit Planned for Next Spring

The annual meeting of the Detroit Committee for Seven Eastern Women's Colleges was held at the Vendome road home of Mrs. Charles Moon, (Radcliffe), on September 30, with coffee served at 10 o'clock followed by a business meeting focusing on the group's Cabaret Concert benefit in May and other future projects and the election of officers for 1970-71.

This Committee is actually a conglomerate of nine clubs in the metropolitan area since both Smith and Wellesley have a Detroit and a Birmingham club.

The clubs are being led into the 70's by presidents Mrs. John F. Gregory, Barnard; Mrs. Bruce Steinhauser, Bryn Mawr; Mrs. C. E. Valentine, Mount Holyoke; Mrs. Edgar Gordon, Radcliffe; Mrs. Bernard Schuman, Smith-Birmingham; Mrs. Charles E. Slough, Smith-Detroit; Mrs. William Ibershof, Vassar; Mrs. Raymond Husband, Wellesley-Birmingham; and Mrs. Willard H. Parsons, Wellesley-Detroit.

To form a yearly Committee takes much energy and telephone time, lining up the "women power" of 1,200 alumnae scattered throughout the metropolitan area. In the center of this intensive hunt has been outgoing general chairman Mrs. Elisia Vieira (Mount Holyoke), a typically busy alumna who's served on the Committee for seven years, as ticket chairman for two years, as treasurer for two years and as vice-chairman, project chairman and general chairman one year each.

She has worked with the club presidents to present the following slate of officers and chairmen: General chairman Mrs.

Robert Sukenik (Wellesley), project chairman Mrs. Jerome T. Ahlbrand (Vassar), vice-chairman Mrs. Gordon, corresponding secretary Mrs. Frederick Keydel (Wellesley), recording secretary Mrs. Sidney Kelly (Barnard), treasurer Mrs. Daniel Boone (Barnard), College Information chairman Mrs. Robert Tomaseo (Radcliffe), ticket (Mount Holyoke), Program Book Mrs. Sidney Prystowsky (Mount Holyoke), patrons Mrs. William F. Harris (Bryn Mawr), publicity Mrs. George J. Wilson (Smith), special events Mrs. Philip G. Moon (Smith) and calendar coordinator Mrs. Robert B. Carpenter (Smith).

These women look forward to planning a benefit and participating in College Nights and Information Days. Though the seven campuses are all located in the East and are still mostly women, they do vary in size, setting and atmosphere.

They are very interested in attracting Michigan girls. At the moment, 85 Michigan undergraduates, including scholarship students, attend the Seven East-

Alpha Phi Alumnae To Hear About Drugs

The Detroit-Grosse Pointe Alumnae Chapter of Alpha Phi will meet at the home of Mrs. Jay Boli in Bedford road next Tuesday, October 20, at 8 o'clock. Judge George Bashara will be the guest speaker, talking on drug abuse and its prevention.

Co-hostess for the meeting and dessert which follows is Mrs. Alan Devine. All area alumnae are cordially invited to attend. Reservations must be made with Mrs. Richard Terrien, 778-0318, by Monday evening.

Last January the Detroit Committee for Seven Eastern Women's Colleges was listed second in the state for the high disbursement, 96 percent, of its benefit funds.

Card-Boutique Benefit Slated

The Parent's Group of the Foundation for Exceptional Children, (a school for handicapped and retarded children), will sponsor a card party at Brownell Middle School Friday, October 23, at 8 o'clock.

Tickets are available by calling 885-8660 between 11 and 3 o'clock or at the door at \$1.75 per person.

Also featured will be a gift boutique with handmade items such as aprons, toys, knitted articles, Christmas decorations, and decorated soap.

All proceeds will benefit the children of the Foundation.

Do you Know That?

Why is a "PIGGY BANK" in the shape of a pig?

Origin of the term, PIGGY BANK is traced back to 15th Century England. At that time, household items, such as pots and jars were made of earthenware. The type of clay used was called PYGG.

Then, as now, housewives saved coins into jars; which, because of the PYGG clay, were called Piggy Banks.

Centuries later when a revival of Pyggy Banks came into being, English potters mistakenly produced Piggy Banks in the form of a "piggy."

Wayne Medical Auxiliary Benefit Slated October 20

"Women who Work" could very well be the alias of those dedicated members of the Woman's Auxiliary to the Wayne County Medical Society. Their main purpose is to cooperate with the Society in the protection of public health and the advancement of health education.

They serve as volunteers in hospitals and the Torch Drive. They work in the community to inform and provide speakers on drug addiction, alcohol abuse and safety, and they assist their husbands in mass inoculation programs.

Their one annual fund-raising project is a fashion show to be presented this year Tuesday, October 20, at Raleigh House, Telegraph at 10 Mile Road, at noon. Mrs. Vincent Gallant is chairman, Mrs. Leo Figial, vice-chairman.

Proceeds will go toward medical scholarships at Wayne State, the University of Michigan and Michigan State, Registered and Practical nursing scholarships and the student loan fund for the American Medical Association (AMA-ERF).

Auxiliary members promote Health Career Clubs and Future Nurse and Teacher Clubs in the schools. This year they will also provide gifts, time and Christmas decorations for a ward at Detroit General Hospital.

Boyne Country Condominiums

Right in the heart of Mid-America's skiing, golf and recreation mecca—BOYNE COUNTRY. The Boynestadt condominium village is nestled at the foot of fabulous Boyne Mountain and overlooks world-renowned Boyne Mountain Lodge.

Boynestadt

Arlberg

As vast as the Austrian Alpine Ski country after which it is named, the Arlberg apartment building houses 12 apartments and is the largest of all buildings in the Boynestadt Condominium village complex.

Mont Blanc

Recalling memories of Europe's highest mountain, the "Mont Blanc" building sets in quiet majesty in the Boynestadt complex. The two-story Mont Blanc building houses 4 apartments keyed to discriminating tastes and offers broad vistas of the entire area.

4 seasons of recreation

Jungfrau

Reminiscent of Switzerland's most dramatic and well-known mountain, the "Jungfrau" provides a towering accent to the Boynestadt village concept. The Jungfrau's five-story reach assures a magnificent view of Boynestadt, Boyne Mountain, and surrounding terrain.

Skiing at all the famous Boyne Country areas—Boyne Mountain, Boyne Highlands, Thunder Mountain, and Walloon Hills—from November through April.

Golf at the magnificent 18-hole championship mountain course, 9-hole par 3 course within walking distance from the village, plus a golf training camp for youngsters—and only a short drive away, the challenging 12-hole, Boyne Highlands course, (already one of the top ten in the nation), designed by Robert Trent Jones plus the 9-hole par 3 Highlands course—72 holes of golf. Deer Lake Four-Seasons Beach Club to serve golfers, swimmers, boaters and fishermen whose beautiful white beach and private club house with dining and locker room facilities offers the ultimate in lakeside fun. The prime sandy beach, much of which shelves out at a gentle slope as far as 300 yards before youngsters can get chin-deep, is the lake's chief allure. Water is crystal-clear and, because the half-mile wide lake is nestled like a jewel in a bowl of hills, waves are never so high that a fisherman would become endangered by high winds. It also has a good ice shore, regardless of wind direction, for water skiing at any time of the day.

Deer Lake has long been noted as a bass and pike angling lake and abounds with bluegills, sunfish, and perch for the neophyte angler just learning to handle a fly rod. What's more, several small trout streams flow through the Deer Lake area just south of the lake and are readily accessible by good roads. A fleet of rental boats and sailing craft will be available to guests—and a launching ramp will be provided for club members desiring to bring their own. A private road connects the Boyne Country Four-Seasons Beach Club with Boynestadt just a mile away to the eastward.

Boynestadt is only minutes of easy access to a resort complex which offers you 10,000 acres of pleasure—skiing, golf, salmon and trout fishing, sailing, motorboating, deer and small game hunting, swimming, waterskiing, horseback riding, retirement living, investment opportunities—all in one recreational administrative organization.
