by approximately 12. The Quonset Hut, while not desirable, has never been declared unsafe and would be used," he added.

By using these rooms in front of the Annex, leaving the Quonset Hut in use, and adding one class period to the day (Mr. Anderson's recommendation also includes an extra period a day), Mr. Fuchs says he can show how the entire present enrollment of South High could be accommodated. "Using the architect's figures the cost of this would be \$100,000 to bring the front of B Annex up to code; \$100,000 to bring the main building up to code and approximately \$5,000 to tear down the rear of B Annex, or a total of \$250,000 compared to approximately \$750,000 Dr. Anderson said his plans would cost," added Mr. Fuchs.

Postponement Defeated

Mr. Fuchs then moved to table the subject of alternatives until the next regular meeting of the Board of Education on Monday, November 9, since Calvin Sandberg indicated that Mr. Fuchs' proposal should be given to the administrators for further study. The vote was taken on the tabling motion and defeated by a vote of 4 to 3 with Donald Semmler, Mr. Sandberg and Mr. Fuchs voting yes and William Adams, secretary, Lee H. Allen, treasurer, Alfred R. Glancy and Mrs. Joseph P. Thompson, president, voting no. The vote was then taken on the superintendent's recommendation and was passed with Mr. Semmler and Mr. Fuchs voting no, Mr. Sandberg abstaining and Mr. Glancy, Mr. Adams, Mr. Allen and Mrs. Thompson voting yes.

HALLOWEEN DAMPER

Charles Spada, 1798 Hawthorne, called Woods police to report that someone had broken into his car between Saturday, October 31, at 4 p.m. and Sunday, November 1, at 3 p.m. A coat hanger, found on the driveway, may have been used to gain entry. Stolen was a camera, estimated at \$30 and two handmade Halloween costumes and hats.

Con Artists

did not trust the law enough to do that.

Then the passenger told the Detroiters that she and her companion had obtained security deposit slips for \$3,500 each for Internal Revenue Service purposes, and showed what seemed to be official forms. The victim was impressed and taken in by the guise.

The con artists asked the woman if she would like to share in the find, and when they received a positive reply, they told their intended victim that she would have to withdraw \$3,500 from her bank account.

The "kind ladies" took their intended victim home in their car, and even helped her carry her groceries into the house. Following this, the pair drove to a Detroit bank, and the passenger went in. After a short time, she emerged. She paused for a moment, just outside the door and in full view of the Detroit woman, began to count a seemingly large amount of money in her hand, after which she got back into the car.

She told the Detroiters that she had "withdrawn" \$3,500 as her share of the security deposit. The pair then drove their victim to her bank in Detroit, and she withdrew \$3,500.

Seeing how smoothly everything was going, the con pair suggested that the signing of the Internal Revenue Service form should be done at the Michigan Bank branch, Jefferson and Barrington, and the three drove there.

One of the film-flammers went into the bank, remained a short time, then returned to the car, telling the elderly woman that in order to comply with the security deposit regulations, her (the Detroiters') signature alone was needed on the forms.

The con artist told the victim to look for a man in a suit and sporting a red tie, and inform him that she was there to sign the forms.

The elderly woman told LaPratt that she entered the bank and looked about and waited for about 15 minutes, but she was not approached by any one.

The manager of the bank told the officers that the woman was in the building for about an hour and seemed to be at a loss what to do. He said he asked her if he could be of help, and she told him she wanted to see the employee with the red tie. She was told that no man in the bank was wearing such a tie.

Sgt. LaPratt said that the fact that the con pair had driven the Detroiters to the Park bank, and then fled while their victim was still in the building, brings the matter under the Park's jurisdiction.

He said that it is believed that the two women are being sought by Detroit authorities for questioning in similar cases in Detroit.

Bureau, Mrs. McCracken, Mrs. Bettyann Calvin and Mrs. Georgette Vercaigne.

As the witnesses in the case, and others interested in the trial wandered into the Bureau office, Mrs. Calvin, who is the deputy court clerk, and Mrs. Vercaigne, clerk-typist, went from person to person asking each if they would like a cup of coffee. In between phone calls, Mrs. McCracken assisted her colleagues in distributing the hot liquid.

The three women offered available chairs to the people standing about, and when the coffee urn was emptied, they promptly made more for distribution. Not once did these ladies show, by word or action, that their regular routine was being interrupted, but by their smiles and cheery words of greeting, made each person feel welcome.

When the people returned to the courtroom to witness the selection of the last member of the jury, they left with the smiles of Grace, Betty and Georgette, (no formality here), following them.

To paraphrase a familiar quotation repeatedly heard in a television commercial, "You expect more from the employees of the Park Violation Bureau, and you get it."

Reward Offered For Murder Info

The murder of Pointer and businessman, Matthew J. LaRocca, 50, still unsolved after one year, is the latest case to come under The Detroit News "Secret Witness Program." A \$1,000 reward was posted by The News on Wednesday, October 28, for information leading to the arrest and conviction of Mr. LaRocca's slayer, upon request of Detroit police and the victim's widow.

Mr. LaRocca's body was found in an automobile parked on Audubon near Warren about noon on October 22, 1969, just two days after he disappeared. His wife, Mrs. Elizabeth LaRocca, believes her husband was on his way home on Monday, October 20, when he was slain. Powder marks on the lapel of his coat indicated he was shot at close range by someone who was sitting next to him. The bullet penetrated his heart.

Mr. LaRocca was last seen alive leaving his office at 14290 Birwood in Detroit, on October 20. Just three weeks prior to his death, he sold his interest in Plata-Fiber Industries, an auto trim supplier on Detroit's west side.

Police doubt that robbery was the motive for his killing. They believe the theft of Mr. LaRocca's four-carat ring, valued at \$8,500, watch and wallet was planned to confuse them.

Mrs. LaRocca and her two children sold their Whittier road home after the slaying and moved into another home in the Pointe area.

Miss Curtis is with the schools on a consultant basis at the present time.

The text of the resolution honoring Miss Curtis, a member of the local school system's staff for 16 years, follows:

"An inspirational teacher whose distinguished career of direct service to children reflects an open-minded willingness to continue to learn and to alter instruction and practices in terms of scientific advancements.

"A leader whose commitment to the profession of speech pathology and audiology has been demonstrated at local, state and national levels.

**Some Residents Go All Out
To Add to Halloween Fun**

By GREG BOYD

Over the years it has been traditional for homeowners in the Grosse Pointe area to set up some sort of a display to recognize that time of ghouls and goblins, Halloween. Pumpkins cut to form various expressions have been the mainstay while other residents sometimes use haystacks, Indian corn or cardboard displays. Most of the inventiveness and imagination, however, has been left up to the trick-or-treaters when they choose their costumes. As it turned out, many times homeowners would get more of a "treat" than the children themselves. Over this past Halloween, though, there were a few residents who really excelled in treating the kids to a spooky evening. Edward MacKenzie, a senior at South High, decided to surprise the beggars with more than just candy and rigged up a pulley system outside his home at 430 University. Threading a 50-foot rope from the attic of the house out to a tree, Ed would raise and lower a dummy with a pumpkin and a bag of candy for the kids to dig into. Using three pulleys in the rig, he and a friend, Steve Hamman, sat up in the attic for almost three hours Saturday night. To keep the children from coming up to the house for the candy, Ed used an amplifier to tell the kids the surprise was waiting for them under the tree. In the meantime, special sound effects were broadcast to put some extra fantasy into it.

Reactions were Ed and Steve's reward. Many times, Ed says, the children and their parents would stick around just to watch the system work. Sometimes the beggars, to smart to use valuable candy-time, would come back later after finishing their "route."

The stunt is not without its drawbacks. Last year, the rope broke and one of them spent about a half-hour bumping into tree limbs in the darkness trying to fix it. Undaunted, Ed has been rigging it up for about four years and plans the same thing next year. Visitors to the Shorgs police station, looking for a handout, also were surprised to be confronted by a talking pumpkin. The voice was actually coming from the front desk. Police said they had more fun than the delighted children.

Not to be outdone by area residents, Tony Williams, of 1118 Lakepointe, set up an exhibition reaching Hollywood proportions. On Halloween night, the Williams' residence was a place of mystery, thrills, chills and surprises. Some of the goblins and hobos, mystified and entranced, even forgot to get their candy.

Dressed as the horrifying Count Dracula, Tony presented his Show of Terror by rising from a coffin. With blood-curling effect, he then put the guillotine to work. Also on display were shrunken heads that Tony had made and placed on sticks, all surrounded by steaming dry ice. If the trick-or-treaters looked up, they would see a leering witch overlooking the whole scene and watching their every move.

For extra effect and polish, special recordings of screams and groans, and spotlighting were used for the finishing touches. The second year he has had the show, Tony said last year one child was so thrilled that he ran home. Others would "come by the car load" to see the show. Most were more interested than scared, Tony says, but there were two boys who wouldn't come near and just stared from a distance with "eyes like saucers."

Several times, groups formed just to watch, stay for a few minutes and leave, forgetting to beg for goodies. Tony said he had a lot of fun entertaining the children, but next year he may put on a party for the Halloweeners.

**Meter Maid Hit
By Angry Driver**
A Grosse Pointe Woods meter maid, while attempting to issue a ticket to a Warren resident whose car was illegally parked on Mack, was hit by the car Monday, November 2 when the driver refused the ticket and pulled away. Karen Marschand, 18, and daughter of Captain Henry Marschand of the Woods Public Safety Department was immediately taken to St. John Hospital after the accident occurred and has been treated for minor injuries and released. The driver of the car, Remo Benvenuti, 25, of 29316 Newport, was apprehended when Corporal Robert Setchell spotted the car at a construction site nearby 25 minutes later. The car had been broadcast as a hit-and-run and police had a report of the license number from Miss Marschand's ticket book. Police speculate that the accident occurred when Benvenuti, with his car parked at Mack and Hampton, refused to accept the ticket just before getting into the car. When he started to pull off, Miss Marschand was placing the parking violation under the windshield wiper on the driver's side. Benvenuti was brought into the station and released on a \$100 bond. A warrant is presently being sought charging Benvenuti with leaving the scene of an injury accident. If convicted of the charge, Benvenuti could face a sentence of not less than 30 days nor more than one year in the county jail or not less than one year nor more than five years in the state prison or a fine of not less than \$100 nor more than \$5000 or both.

Accused Driver Ruled Not Guilty

William G. Taylor of 276 LaSalle place, accused of driving a motor vehicle while under the influence of liquor, was found not guilty of the charge by Farms Municipal Judge Robert H. Pytell, at a hearing on Wednesday, October 28.

Testimony presented by three witnesses, on whose complaint Taylor was arrested, was ruled as insufficient proof by Judge Pytell.

Taylor was arrested after he allegedly parked his car in the driveway of his property, when one of the accusers pointed out Taylor's vehicle to a police officer. Taylor's home can be seen from the police station. Judge Pytell ruled that there was not enough evidence to

Tire Thieves Find Station Wagons Easier to Enter

Thieves find it a lot easier to break into station wagons and steal spare tires and rims, than stealing spares from the trunks of sedans and other automotive vehicles, according to statistics released by law enforcement authorities.

Tire thieves would much rather take the spares from station wagons, for the simple reason that these vehicles present no problems, in that it is a small matter to "pop" vent windows, lift up the tire well cover, remove the fastenings and grab the tire. An experienced thief can go through the entire procedure within seconds.

The robbers like the station wagon owners who make their illegal profession a lot simpler by leaving the doors unlocked, or windows down, or even better, leaving the tail gate window down, making it very convenient to reach in and take the spare, which usually is in the back.

As for sedans, hardtops, etc., to get at the tire and rim, the thief has to work a little to achieve his end. Prying open the trunk lid, or knocking out the lock cylinder would add a

few seconds to the robber's job, but those few seconds might just be enough time for the thief to be seen by someone, who could make a report to police.

Four Pointe Police Department reports disclosed that a majority of reported tire thefts are received from station wagon owners. The tires taken are either brand new, or with enough tread on them to make it worth while to steal. Bald, or nearly bald tires are never touched.

Park Det. Sgt. James LaPratt said that since March, a total of 13 tires were reported taken from station wagons.

City Lt. Robert Van Tien said that approximately 10 out of 12 tire loss complaints received to date, were from station wagon owners.

Farms Det. Joseph Miller disclosed that since summer, all reports of tire thefts were from station wagon owners. The officer said that since June 1, eight complaints were recorded. Two from wagons that were parked at the Pier Park, two in the Sears lot at Mack and Moross, and four in the Cottage Hospital lot.

In the Woods, Del. Theodore Hines, said that thefts are up from last year. The highest number stolen in any one day period, was last week, when three complaints were received. About half of the theft victims admit that they failed to lock their vehicles, he said.

In the Shores, no reports were received of stolen station wagon tires and reports all were of thefts from car trunks.

To help keep the number of thefts down, police advise owners to close all the windows of their vehicles, and to lock all the doors, thereby making it as difficult as possible for the thieves.

The authorities point out that by keeping the windows and doors locked, not only might this discourage the robbers, but the few seconds it takes the bolder ones to break into a vehicle, might be just enough time for the thief to be seen, or be arrested.

Jury Convicts Denis Nicolai

Denis E. Nicolai, 20, of 1432 Bedford, was convicted on Wednesday, October 28, in Grosse Pointe Park Municipal Court, before Judge William E. Speer, of defiling the American flag by using it as a blanket.

Nicolai's attorney, James C. Bruno requested a jury trial. The jury, composed of four women and two men, deliberated for about 35 minutes before reaching a verdict.

Nicolai was arrested on June 29 by two Detroit Tactical Mobile Unit police officers, who testified they saw him in front of his home lying prone on the grass covered by a flag. The officers took him to the Connor Precinct Station but later released him without filing charges.

Detroit Patrolman George Broomfield told the court that a check revealed that the arrest was made improperly in Grosse Pointe Park, Nicolai's home is on the corner of Bedford. The center line of Mack is the boundary line between Detroit and the Park at this point.

Nicolai did not take the stand. His lawyer contends that "friends" tossed the flag onto Nicolai when he was asleep on the lawn.

Bruno told the NEWS that he will appeal the Park decision. Defiling the flag is considered a misdemeanor and carries a maximum sentence of 90 days and \$500.

D'you Know That?
 by Paul Schweitzer

Anyone who believes that THIRTEEN is unlucky hasn't looked at his paper money lately. . . . Do you know how many times number 13 is featured on a dollar bill?

On the back of the bill there's a Pyramid made up of 13 tiers. The words over it, "ANNUIT COEPTUS" have 13 letters . . . the middle of the bill the motto, "IN GOD WE TRUST" is composed of 12 letters over the word, "ONE" . . . There are 13 stars over the Bald Eagle's head . . . The eagle's right claw holds an olive branch with 13 leaves. The left claw clasps 13 arrows.

Why so many uses of the number 13? . . . Perhaps because it refers to the thirteen original states — considered lucky in American History. WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

"We'll Go To Any Length" . . . that's the name—and the theme—of the party the Assistance League to the Northeast Guidance Center is having the Saturday after this Saturday, November 14, at the Roostertail.

League members and guests will be greeted at the door by two mannequins, one dressed in a mini, the other a midi, and even the centerpieces will beg the length question: They're mannequin legs featuring skirts in a variety of proportions.

Party-goers are expected to dress as they please, ultra-mod, reactionary conservative or any style in between . . . but in case the ladies are still debating the skirt issue Mrs. Frank Germack, party chairman, and Mrs. James Gitre, co-chairman, have arranged for the J.L. Hudson Company to present a representative display of today's fashions.

And the men WON'T be bored: Clothes for the 1970 male of the species are being featured too.

The Mesdames Germack and Gitre have also planned for couples to enjoy hot hors d'oeuvres and cocktails to the music of Rick Farrell and the Esquires, while Mrs. Allyn Keir and Mrs. Robert Wachter have collected a cornucopia of prizes.

The evening ends after a late buffet supper.

Fashions in the Afternoon

There's another fashion party coming up soon, this one an afternoon affair featuring luncheon and cards as well as "heavenly" clothes by Angel's of Mackinac Island, (and St. Clair Shores).

It's the 1970 Grosse Pointe Woman's Club Scholarship Benefit, and it's scheduled for Wednesday, November 18, at noon in the Crystal Ballroom of the Grosse Pointe War Memorial, Fries Auditorium.

Modelling will be Club members Mrs. Lampton J. Cardwell, Mrs. Jack H. Merritt, Mrs. Elton A. Turner, Mrs. Alexander J. King, Mrs. Russell Phillips, Mrs. A. Hazen Keith, Mrs. Alvin Borchardt, Mrs. Austin Wheatley, Mrs. Fred E. Matzka and Mrs. Lawrence E. Holmes, all beautifully coiffured by the Peter Morri Salon.

Chairmen of the project, which provides funds for scholarships in the Grosse Pointe High Schools, awarded to students on the basis of merit, leadership and achievement, is Mrs. Calvin J. Gauss. Co-chairman is Mrs. Thomas J. Pearsall.

Reservations may be made by contacting ticket chairman Mrs. Dallas E. Newkirk, TUxedo 4-4290 or Mrs. Richard Stoner, TUxedo 1-7307.

Opera Now Facing Critical Detroit Year

Receipts Decline and Costs Increase Necessitate Across-the-Board Rise in Ticket Prices for 1971 Performances

Opera in Detroit may be facing its most critical year according to Mrs. Charles T. Fisher, III, of Lothrop road, general chairman for the 1971 spring season of the Metropolitan Opera. Her announcement was made at a luncheon given by Mrs. Roy D. Chapin, Jr., of Country Club Lane, general co-chairman, for more than 45 volunteer workers at Mrs. Chapin's home last Thursday, October 29.

Women's committee members from approximately 20 communities in the metropolitan Detroit area attended the luncheon and meeting. Mrs. Fisher pointed out that the cost of bringing the Metropolitan to Detroit for its week of opera in May has increased considerably since last season. As a result the Women's Committee must conduct an intensive study.

This is a red thing.

We have red things too. In bottles. That we mix with other red things in other bottles. That we add little golden things to. And maybe mix with some coppery stuff. And then we can brush it all into your hair and put you under a little baking machine and then when you're all washed and set and combed out, you're what every girl should be at least once in her life. Gloriously, unforgettably red-headed. If you've been seeing red, but hesitating—stop all that nonsense. Fall is here, and it's time to get off that silly old unfashionable fence.

Focus Hope Director Will Speak To LWV

Interested Localities Invited to Join Pointe Branch Members at Luncheon Meeting in War Memorial Next Wednesday

The League of Women Voters of Grosse Pointe will feature Father William Cunningham, director of Focus Hope, at an open luncheon next Wednesday, November 11, at 12:30 o'clock in the Grosse Pointe War Memorial.

After Detroit's civil disorders of 1967 Father Cunningham, who had been teaching at Sacred Heart Seminary near the 12th street area, determined to explore the reasons for the frustration of black people, and to publicize them.

Three days after the publishing of the Kerner Report, Father Cunningham and Father Jerome Fraser originated Focus Hope. Its object is to improve understanding between people of different races and to promote racial justice.

Focus Hope initiated the Consumer Shopping Survey in which hundreds of women from Detroit's metropolitan area shopped in the Inner City on welfare budgets for food and pharmaceutical drugs.

The results were shocking, and a 1970 survey shows no improvement in these deplorable conditions.

Focus Hope is involved too in housing rehabilitation, recreation programs and many other services to needy people. It is

staffed entirely by volunteer help.

Focus Hope has been behind other endeavors including the Detroit Project Commitment, the Focus Summer Hope Program, the Oakland Festival and the Downtown Detroit Hope Happening in September of 1970.

In addition to serving as Director of Focus Hope Father Cunningham is pastor of Madonna Parish, Oakman boulevard in Detroit's West Side.

This well-known, controversial speaker promises to provide an entertaining and interesting afternoon.

The luncheon is open to any interested person as well as members of the League of Women Voters. Reservations may be made by calling Mrs. Harold Cunningham, 881-8347.

Adrian College senior ALIN MAXON, of Yorkshire road, is engaged in student teaching in Adrian Senior High School this semester.

Opera

(Continued from Page 13)

sive campaign to promote sold-out performances and to increase advertising revenue in the opera program.

Frank W. Donovan, chairman of the Detroit Grand Opera Association, sponsor of the Metropolitan Opera in Detroit, announced that ticket sales were down last season. As a result of a decline in receipts and an increase in costs there will be an increase in ticket prices across the board for the 1971 performances, according to Mr. Donovan.

"Detroiters wishing to see the Metropolitan should not assume that tickets are unavailable. As a matter of fact, tickets are almost always available. It is up to us to make sure the public understands this," Mr. Donovan stated.

Henry Ledyard, general manager of the Association, revealed that though contributions to the Maintenance Fund this year are encouraging more are needed to insure meeting the costs of presenting the Metropolitan in Detroit.

Contributions may be sent to the Detroit Grand Opera Association, 20 East Jefferson avenue, Detroit, Michigan 48226.

Dr. David DiChiera, director of "Overture to Opera," reported that his program would be expanded from two months to six months this year and that a new format is presently being developed.

The Metropolitan Opera will present seven performances at Detroit's Masonic Temple Auditorium May 24 to May 29, 1971.

To Present Fair At Christ Church

The largest of Grosse Pointe's Christmas Fairs will be presented Thursday, November 19, from 9:30 to 4:30 o'clock. It's the Christ Church Fair, staged every other year, (alternating with Grosse Pointe Memorial Church), at the Church in Grosse Pointe boulevard.

Everything from objets d'art to baked goods will be available — including, of course, a selection of delightful wooden tree ornaments. And new this year is a quick lunch Snack Bar for shoppers who don't want to waste too much time away from the shopping.

Slate Goodwill Ladies' Meeting

Members of the Women's Association of Goodwill Industries will see a demonstration of some techniques used in teaching deaf children to understand speech and to speak at their Wednesday, November 18 meeting in the Goodwill Building, Brush Street at East Grand Boulevard, Detroit.

The demonstration is scheduled for 1:30 o'clock following a sandwich luncheon at 11:30 and a business meeting at 12:30 o'clock. Mrs. Rudolph S. Garypie, chairman, will introduce the program.

Walter W. Bellhorn, executive director of the Lutheran School for the Deaf, will bring two of his small pupils to present the demonstration.

Mr. Bellhorn started his 40th year of teaching and directing the School last June. It is a boarding facility with currently 100 deaf children from the United States and Canada enrolled.

In August the League for the Handicapped - Goodwill Industries was serving 22 people who were either deaf or who had serious hearing loss. A total of 120 hearing disabled people were served by the organization through the first eight months of 1970.

Some of these persons received tests and evaluating services, some job training and some employment.

Membership in and attendance at the meetings of the Women's Association are open to all interested persons.

Plan Pyramid Parties to Benefit Symphony

This could be the start of something . . . really big! We're referring to the Women's Association for the Detroit Symphony's Pyramid Parties project which got off the ground with a kick-off luncheon for stellar guests at Mrs. John B. Ford's East Jefferson avenue home Friday, Oct. 30.

And what's a Pyramid Party? It's a new-to-Michigan, painless, fun-for-everyone plan to raise thousands and thousands for Detroit's esteemed Orchestra.

Here's how it works: Mrs. Ford entertained eight ardent Symphony supporters, Mrs. Henry Earle, Mrs. Lynn A. Townsend, Mrs. Theodore O. Yntema, Mrs. James Wineman, Mrs. Joseph A. Vance, Jr., Mrs. Thomas V. LoCicero, Mrs. R. Alexander Wrigley, (Pyramid Parties chairman), and Mrs. Ray W. Macdonald (Pyramid Parties co-chairman).

Each of the eight guests contributed \$1 to the Symphony.

Within two weeks these eight women will EACH give a party of some type—brunch, bridge luncheon, a cocktail "do," a post-concert supper, a "coffee" . . . the sky's the limit—for SEVEN of their friends.

Soon these 56 women each will entertain six friends at a special occasion.

And the dollar bill roll in for the Detroit Symphony!

The number of party-givers and guests grows by leaps and

Mrs. LoCicero, Detroit Symphony Women's Association president who knows a good thing when she hears about it, recognized the idea's potential and fresh appeal for this area and talked it over with Association first vice-president Mrs. Wrigley who agreed to become chairman of the project.

It's all so refreshingly simple and easy for the individual hostesses. The really big job will be KEEPING TRACK: That's

the job of Mrs. Macdonald, Pyramid Parties co-chairman. It's a good thing she has a good head for figures.'

MARY CHRISTINE STARRS, a freshman at Wilson College, Chambersburg, Pa., has been named a member of the 1970 Intercollegiate Hockey Squad. She is the daughter of MR. and MRS. JOHN R. STARRS, of Kensington road.

Their brown velvet frocks were trimmed with ivory satin and they wore matching Dior headbows. They carried baskets filled with mums, baby's-breath, ivy and yellow roses.

Serving as his brother-in-law's best man was Joseph Miller. James Taylor, Jr., Thomas Coyle, Jack Calas and Steven Harms seated the guests.

A yellow chiffon gown with a bead-accented lace bodice was Mrs. Taylor's choice for her daughter's wedding and the reception. She pinned an orchid to her purse.

The bridegroom's mother wore a gold-trimmed gown of beige silk and wool. Her corsage too was an orchid.

Civics Students Help Candidates

Civics students from five classes at Grosse Pointe South High School were busy throughout the area. The idea was formulated by civics teachers at South, who according to teacher Walter Lord, "wanted to extend the classroom into the realm of reality and familiarize students with 'grass roots' politics."

Barbara Hoffman, office manager of Michigan Milliken Headquarters on Kercheval, told the NEWS that over 140 students were there every day after school, on Thursday and Friday evenings, and all day Saturday stuffing envelopes and generally making themselves useful.

"We've been so delighted with these students that we took two busloads of them to the main Milliken Headquarters, where they met the governor personally," added Mrs. Hoffman.

Woods Amends Parking Lot Law

An amendment to a parking lot ordinance presently in effect will give the City of Grosse Pointe Woods jurisdiction and control over parking lots owned by business establishments but not used by the clientele of the businesses. The Woods City Council passed the ordinance at the regular meeting of the council Monday, November 2.

In essence, the amendment adds a special class to the ordinance which already allows the city to enforce standards on parking lots used by Woods residents.

The class, listed as Class IV, gives the city control over "Such parking lots which are provided, maintained and operated in connection with any business establishment which such provisions, maintenance or operation are not primarily for the benefit and use of the patrons or customers of any such establishment or place of business."

The amendment goes on to state that those parking lots falling under the category will be required to comply with the provisions of the ordinance within 180 days of the enactment.

In effect, the city can now require such standards as paved parking lots or the use of bumper blocks and guidelines to keep cars owned by the business establishment or its employees in correct placement.

The passage of the amendment is directly related to the way new cars owned by Pointe Dodge, Inc., 19391 Mack, have been parked on or near the new car lot. City Manager Chester Petersen indicated that cars were being parked on the area between the sidewalk and the street on the north side of Newcastle and over the sidewalk and the curb at Mack. Letters to the dealership have not had any effect on the parking procedure.

City attorney George Catlin said that, legally, the city could not ticket employees parking the cars over the sidewalk, since the cars were owned by the dealership, unless the employees were caught in the act.

The newly proposed and passed ordinance was published by title in the NEWS Thursday, October 22.

Cyclist Faces Triple Charges

A motorcyclist, clocked at driving at least 55 mph and estimated to have been going well over 70 was arrested by Woods Public Safety Officers for speeding and will be charged with reckless driving, fleeing lawful arrest, and resisting arrest.

On Thursday, October 29, Officer Ron Hayden radioed the department saying that he was chasing the cyclist, Douglas Summers, 22913 Rosedale, St. Clair Shores, north on Mack. The speeder, paced in excess of 55 mph, was cutting in and out of traffic without signaling, it was reported.

Following about 40 feet behind, patrolman Hayden sounded the audible siren on the patrol car and turned on the rotary flashing lights.

At that time, Baum said, Summers looked back toward the police car raised his left hand, apparently waving, and accelerated the bike while passing several cars and using both the right and left hand lanes of Mack.

Police report that Summers turned right on Carolina, going over 70 mph and drove through stop signs at the corners of Alice, Malvern, and Marter. Summers then turned south on Marter to Maxine and went through signs at Malvern and Alice. On Alice Summers again drove south, running a sign at California, to Avalon where he turned into a driveway at 22419 Avalon in St. Clair Shores.

As reported, Summers jumped over a four-foot wooden fence at the rear of the driveway and was finally stopped by police while trying to get over another fence at the rear of the home.

Saying that he had to run because he was dating a prominent Grosse Pointe official's daughter, Summers was searched for weapons and reacted violently when officers tried to handcuff him.

"You're not going to cuff me," he said.

While resisting arrest, Summers' watch band was broken, causing a minor cut on his left hand. He was then transported to the station and released. Three warrants are being sought against Summers with the St. Clair Shores police department and he is being charged by Woods police with traveling 55 mph in a 35 zone.

Unowned Land Sold by State

A lawsuit instituted against the State of Michigan was approved by the Woods City Council at their regular meeting Monday, November 2, to gain the return of some \$10,500 that was paid to the State for land which it did not own.

In a letter to the council, City Attorney George B. Catlin stated that the money was paid to the Michigan Department of Natural Resources for the "title" to submerged land at the lake front park which was eventually filled for construction of the pool. The land was "purchased" about 15 years ago and it was just recently determined that the land did not belong to the State of Michigan.

After Catlin had written two letters to the State without a reply, he was told by a representative of the Bureau of Water Management that a voluntary refund by the State was unlikely.

The council has authorized Catlin to institute litigation in the Michigan Court of Claims against the State to retrieve the money.

DUCK HUNTERS FLEE
City police received calls from an Alger place resident and a Cameron place resident on Saturday, October 10, reporting hunters on the lake were shooting at the tame ducks. City police immediately notified the Wayne County Sheriff's Water Patrol, which dispersed the hunters.

TIRES TAKEN

Homecomings Are Successful

Homecoming festivities at North and South High Schools were colorful, exciting, well attended events.

The floats were particularly imaginative. In South High School's float competition the Senior Class ran off with the honors, top of class, most original and best constructed with its "Bring 'Em Down" float of two bi-planes.

In the club classification, the Key Club's "Plough 'Em Under," depicting a large tractor, took first place, with the German Club placing second, and the View Pointe placing third.

Over at North High School the Senior float, whose theme was "Whale Southlake," and depicted a huge whale swallowing a Southlake player, captured first place honors in the class competition.

In the club competition, the French Club's float entitled "Spice 'Em", a champagne bottle complete with balloon bubbles and cocktail glass, captured the first place spot.

Car caravan winners were Jim Pechur and Judy Barton with their gaily decorated convertible with the theme "The Cards Are Stacked For Grosse Pointe North."

Sue Van Bever was crowned Homecoming Queen.

Jackson Named WCCC President

Murray Jackson has been appointed president of Wayne County Community College. Jackson, who had been acting president of the college for the past year, was named to the top post on Wednesday, October 28, by the college Board of Trustees.

The chairman of the WCCC Board, Pointer Donald M. D. Thurber, said, "Mr. Jackson has been the administrative head of the college since its inception. He has done such an outstanding job in that position that the board agreed unanimously that he should be our first president."

At the same time, the Board granted President Jackson a sabbatical leave, to spend the second half of the academic year at the University of Michigan. He will spend his time teaching and writing at the College of Education in Ann Arbor.

President Jackson thanked the board for the confidence expressed in this appointment, and thanked them additionally for the chance to "recharge," to defer administrative duties briefly in favor of direct involvement in the educational process.

"My wife and my doctor agree that a busman's holiday would be good for me right now," said Jackson. "I believe every college head should occasionally take time from administrative functions to teach and do some research."

Wayne County Community College, which opened its doors to students for the first time in September of 1969, now has nearly 15,000 students. Educational surveys of Wayne County indicate that WCCC will soon be the largest community college in the state, with a potential student body of some 50,000.

South Ends League Play With Losing Record, 2-3

Poor ball control proved to be the Devils' downfall Friday, October 30, as the Monroe Trojans blanked South High School's football team 6-0. It was the second straight shutout posted against the Devils, who lost to Fordson 14-0 last week. The Devils hope to end a three-game losing streak, Saturday, November 7, against Roseville. The game will be played here.

BCL action has ended for the Devils, who chalked up a final 2-3 won-lost record in league play. The Devils will play two non-league affairs before the season closes.

Despite their last three beatings, the Devils shouldn't have too much trouble containing Roseville. Roseville has posted a 3-2 record in the rather weak EML circuit.

Much like the Devils, Roseville has a troubled offense. The Wildcat passing and running attacks are not as strong as some of the Devils' previous opponents, and are not capable of sustaining damaging drives with regularity. South's defense which has been the team's strong point the entire season, should be able to cope with the Wildcats' offensive attempts. The Roseville defense is

stronger than the 27-0 Stevenson loss may show. Nonetheless, Grosse Pointe should be able to establish an effective running game. The Wildcat secondary has been strong against the long pass, but the Devils have seldom tried the bomb this season. The Devils should find success in the short swing passes.

More offense will be needed against Roseville than was shown in the Monroe game by the Devils. The running and passing were flat, unable to pierce the Trojan defense. South made only four first downs as compared to 11 by Monroe. The deepest Grosse Pointe drive of the game was to the Trojan 24 in the final period, where they were stopped on a fourth-down play. Devil runners accumulated minus five yards in rushing in the second half.

The Devil defense again was strong, but couldn't make up for the offensive weaknesses. The only Trojan score came at the 5:39 mark of the third quarter on a three-yard scamper by Larry Wylie. Chris Charlton had a fumble recovery for South.

The Michigan Council of the Arts and the Detroit Metropolitan Dance Project are bringing the Paul Taylor Dance Company to Detroit and its suburbs during the week of November 6. Bettie DeJong will teach a master lesson in Grosse Pointe on November 9 from 4:30-6:30 at the Neighborhood Club.

The Paul Taylor Dance Company just ended its third New York City Center season in May,

1970, after which it left on its sixteenth tour of foreign countries. Seven of these tours were sponsored by the U.S. State Department's Cultural Presentations Program. In 1964 the company represented the United States at the International Dance Festival in Paris. A nine week tour of Europe in 1968 included performances at the Festival of Nations in Paris, Stockholm. The Royal Danish Ballet and Music Festival in Copenhagen, and the Ljubljana Festival in Yugoslavia.

Bettie DeJong joined the Paul Taylor Company in 1962. She was born in Sumatra, Indonesia and spent the second World War in a concentration camp. She studied ballet and mime in Holland before receiving a scholarship from the

Graham School and a grant from the Dutch government to study modern dance in America. Grosse Pointe is privileged to be able to have Miss DeJong teach a master class for beginning and intermediate students. Some training in dance is required for the class.

The secret of success is the ability to deliver the goods.

Discuss Pointe Tennis Outlook

A group is presently being organized in the Grosse Pointe area to discuss the possibility of incorporating a more highly integrated and organized tennis program during the summer months for area youngsters.

Youngsters who are interested may have a chance to play on a more competitive basis, both with their fellow tennis mates, and with youngsters from other cities in tournaments.

During previous years there has been no integrated, Pointe-wide program in which children were supervised and ultimately entered in competition against tennis organizations from other cities surrounding Detroit and throughout the state.

Tennis instruction has been offered, but those taking the instruction were not sponsored by a club if they were interested in competition.

Most of those in the group, composed of about ten or twelve persons, are those that have been outstanding tennis figures in the Pointe during past years.

Aspects being explored for feasibility are financing, tennis

court accessibility, resident interest, instruction and supervising, and organization.

Edward Krattli, Neighborhood Club director said those interested may attend the next meeting on Thursday, November 19, at 8 p.m. at the Neighborhood Club.

For The Man Who Thought He Had Everything

Truly one of The Pointe's most famous mansions, this particular estate has been featured in several books depicting the "great houses" of the mid-west. To the student of architecture this house is pure Tudor with many interior embellishments which reflect the original owner's superb taste and knack for combining old world with today. Fireplaces abound in almost every room, and the proportions are embassy size. The estate includes two acres on one of the Pointe's finest roads.

Boyne Country Condominiums

Right in the heart of Mid-America's skiing, golf and recreation mecca—BOYNE COUNTRY. The Boynecondominium village is nestled at the foot of fabulous Boyne Mountain and overlooks world-renowned Boyne Mountain Lodge.

Arlberg
As vast as the Austrian Alpine Ski country after which it is named, the Arlberg apartment building houses 12 apartments and is the largest of all buildings in the Boynecondominium village complex.

Mont Blanc
Recalling memories of Europe's highest mountain, the "Mont Blanc" building sets in quiet majesty in the Boynecondominium complex. The two-storied Mont Blanc building houses 4 apartments keyed to discriminating tastes and offers broad vistas of the entire area.

4 seasons of recreation

Jungfrau
Reminiscent of Switzerland's most dramatic and well-known mountain, the "Jungfrau" provides a towering accent to the Boynecondominium village concept. The Jungfrau's five-storied reach assures a magnificent view of Boynecondominium, Boyne Mountain, and surrounding terrain.

Skiing at all the famous Boyne Country areas—Boyne Mountain, Boyne Highlands, Thunder Mountain, and Walloon Hills—from November through April.

Golf at the magnificent 18-hole championship mountain course, 9-hole par 3 course within walking distance from the village, plus a golf training camp for youngsters—and only a short drive away, the challenging 18-hole, Boyne Highlands course, (already one of the top ten in the nation), designed by Robert Trent Jones plus the 9-hole par 3 Highlands course—72 holes of golf.

Deer Lake Four-Seasons Beach Club to serve golfers, swimmers, boaters and fishermen whose beautiful white beach and private club house with dining and locker room facilities offers the ultimate in lakeside fun. The prime sandy beach, much of which shelves out at a gentle slope as far as 300 yards before youngsters can get chin-deep, is the lake's chief allure. Water is crystal-clear and, because the half-mile wide lake is nestled like a jewel in a bowl of hills, waves are never so high that a fisherman would become endangered by high winds. It also has a good ice shore, regardless of wind direction, for water skiing at any time of the day.

Deer Lake has long been noted as a bass and pike angling lake and abounds with bluegills, sunfish, and perch for the neophyte angler just learning to handle a fly rod. What's more, several small trout streams flow through the Deer Lake area just south of the lake and are readily accessible by good roads.

A fleet of rental boats and sailing craft will be available to guests—and a launching ramp will be provided for club members desiring to bring their own. A private road connects the Boyne County Four-Seasons Beach Club with Boynecondominium just a mile away to the eastward.

Boynecondominium is only minutes of easy access to a resort complex which offers you 10,000 acres of pleasure—skiing, golf, salmon and trout fishing, sailing, motorboating, deer and small game hunting, swimming, waterskiing, horseback riding, retirement living, investment opportunities —all in one recreational administrative organization
