HEADLINES of the WEEK As Compiled by the Grosse Pointe News

Thursday, November 5
MICHIGAN VOTERS HAVE amended the state's Constitution to prohibit the use of state tax money to support public schools by adopting Proposal C. All major candidates for both parties had announced their opposition to the proposal.

MAYOR GRIBBS said Wednesday that computer punch-card voting had failed its test in Detroit and predicted that the Common Council would scrap the system. By late Wednesday afternoon, nearly a full day after the polls closed, City Clerk George Edwards and the officials of Datamedia Inc. had tabulated votes cast in only 338 of the city's 1,111 precincts.

Friday, November 6
REPUBLICAN GOVERNOR MILLIKEN finally claimed victory Thursday in his closely fought race for the governorship with State Senator Sander M. Levin, the Democratic candidate. Workers are still counting punch cards in Detroit's fouled-up computer voting system as the chief executive appeared before newsmen in his Lansing office to congratulate Levin on a cleanly fought campaign.

GENERAL MOTORS CORPORATION has agreed to a major concession on the UAW demand for removal of the present ceiling on the cost-of-living allowance it was learned Thursday. The union's demand for unlimited cost-of-living protection in a new three year contract is a major stumbling block to settlement of the UAW's 52-day strike against the automotive firm. Movement on this issue, combined with a number of other developments Thursday, gave credence to the growing feeling that a breakthrough was imminent.

Saturday, November 7
THE GOVERNMENT filed suit against General Motors Corporation Friday for allegedly refusing to notify purchasers of three-quarter-ton pickup trucks manufactured between 1960-1965 that the wheel structure is "subject to sudden and catastrophic failure."

A SPECIAL MEETING of the United Mine Workers' General Motors Council, the national delegate body with the power to accept or reject a General Motors Corporation contract offer, has been slated for Wednesday, in Detroit.

Sunday, November 8
UNDER FIRE from his own party for his election tactics, President Nixon huddled with his top political strategists in Key Biscayne, Fla., Saturday for a discussion of "long-range planning" of administration programs for the two years before the 1972 presidential election. The White House insists the meeting is not political, however the talks coincide with attacks on the Republican election campaign from two sides.

Monday, November 9
COMPUTER PUNCH-CARD voting appears to be dead in Detroit. The new and controversial system lost its principal supporters with its new failure last week. City officials seem ready to assume whatever financial loss necessary to return to the traditional, lever-style voting machine.

THE COST of a regular ride on DSR buses goes up today from 30 to 40 cents. The increases approved by the city's Board of Street Railway Commissioners, are intended to improve the financial condition of the DSR. Suburban zone fare is up five cents per zone.

Tuesday, November 10
FORMER FRENCH PRESIDENT Charles DeGaulle died of a heart ailment yesterday in his country estate in Eastern France. President Nixon announced today that he would fly to France for the funeral ceremonies.

THE SUPREME COURT refused Monday to rule on the Massachusetts Legislature's effort to have the Vietnam war declared unconstitutional and to bar the Defense Department from sending state residents there to fight.

Patience With Patients Is A Necessity

South High Renovation Drive Starts

Mrs. Joseph Perry, III, and Robert J. Hummel Named Co-Chairmen of Citizens' Campaign

Mrs. Joseph H. Perry III, 259 Lewiston road, and Robert J. Hummel, 1239 Berkshire road, have agreed to serve as co-chairmen of the citizens' campaign for the renovation of Grosse Pointe South High School.

Both Mrs. Perry and Mr. Hummel served as co-chairmen of the South High Study Committee, a group of 50 broadly representative citizens who studied the physical needs of the plant between October, 1968 and June, 1969, and who filed a report of their findings with the Board of Education at the conclusion of their study.

Mrs. Perry who has been interested in the welfare of the school system for many years, was active in the Richard PTA and she is a Past President of the Mother's Club of South High School. Other memberships include the League of Women Voters, Project Hope, Junior Goodwill League for the Handicapped, and the Grosse Pointe Memorial Church.

Mrs. Perry, a native of Milfords, Penn., has been a resident of Grosse Pointe for 13 years. Her husband is a physician specializing in internal medicine. Mrs. Perry, who has a degree in nursing education, has been an instructor in pediatric education.

Dr. and Mrs. Perry are the parents of two sons. Joseph II, Perry IV, a graduate of Grosse Pointe South High School, attends the Northwood Institute, where he is preparing for a career in automotive management. (Continued on Page 4)

School Board President Pleads for Cooperation To Improve Efficiency

Deplores Inordinately Long Meetings Fraught with Personal Dissension; Asks More Thought Be Given to Students' Needs

Barbara R. Thompson, president of the Grosse Pointe Board of Education, made the following Presidential Statement at the school board meeting on Monday, November 9:

When I became president of this Board last July, I chose not to make a statement concerning my desires for the year ahead, but asked permission to do so at a later time. I ask your indulgence tonight while I speak to some of the challenges which face us. You are aware of our major areas of concern: The renovation project at South High School.

Increasingly tedious public meetings. Problems concerned with State legislation and incumbent problems of finance beyond the current year.

The constant drive to improve the entire school program for Grosse Pointe children. Following our Board meeting of October 12 I received several telephone calls and letters regarding the length of that session. It lasted (How could you forget?) until 1:35 a.m. So while I should delight in talking to my colleagues, the administrators and to our guests tonight, I shall confine myself primarily to some statements of my philosophy, a few observations, and an explanation about our Board meetings.

Let me talk first about how Boards of Education must function, and how they MAY function if they choose. State Sets Rules The State of Michigan requires us to hold one regular meeting each month. All our decisions, in order to have legal status, must be made within

full scrutiny of the public. Special meetings may be called as needed, as long as certain stringent rules are followed. In fact, a special meeting on the 4th Monday of each month has become virtually automatic; the first and frequently only order of business on these occasions is the paying of bills for the two week period.

Still a third kind of meeting is provided for in the State School Code. This is the executive session. I am more likely to use the term "study session," which describes the purpose: for trustees to do our homework, so to speak, in consultation with our administrators, occasionally calling in specialists from outside the school system—an architect, for example. It is also a time when we can determine the direction Board consensus seems to be taking, so that further discussion and study might hopefully be confined to considerations which are still relevant.

Have Much Homework In addition to information available at meetings, Board members receive considerable printed material each week. Thursday is large-brown-envelope day, when we are sent a list of capsule comments on occurrences in the schools and in the administrative offices during (Continued on Page 4)

Finish Hearings In Hospital Case

All the testimony is in at Wayne County Circuit Court in the case instituted by Bon Secours Hospital against the City of Grosse Pointe, in which the hospital is challenging the validity of the City's present zoning ordinance as applied to it, which prevents the hospital's planned expansion.

The final witness was City Planner Brandon Rogers, who took the stand on Monday, November 9.

Now Judge George E. Bowles, who is hearing the case, has directed both sides to file with the court findings of fact and conclusions of law at noon on Wednesday, November 25. After these are filed, the court will set a date for a tour of the premises involved by the Judge and the attorneys of the City and the hospital.

Arguments will be heard on Wednesday, December 9, and limited to one hour each for the plaintiff and the defendant. Subsequent to hearing the arguments, Judge Bowles will render a decision.

Heavy Vote Registered By Pointers

Workers Count 'til Wed. Morning Due to Increase In Absentee and Mixed Ballots

Pointe election workers were counting ballots into the wee hours of the morning due to a drastic increase in absentee ballots and a heavier-than-usual turnout of voters in the general election Tuesday, November 5.

Despite the bad weather which affected the voter turnout in Detroit and other suburbs surrounding the city, 77 percent of the registered voters in The Pointe showed up at the polls to cast their ballots.

"If it hadn't been for the increase in absentee ballots, we would have been done much earlier than usual," Woods City Clerk Leona Liddle told the NEWS. Election workers at the Woods city hall finished the job of counting around 4 a.m. Wednesday. Voter turnout in the Woods totaled 10,159 out of 12,887 registered. Officials estimated the election drew about 2,000 more voters than usual.

In the City, out of the 4,328 registered to vote, 3,202 exercised the right. This was considered "very high" by City employees. Ballot counting continued two hours later than usual. Out usually by 10 p.m., Farms workers encountered over 600 absentee ballots, keeping them busy until 2 a.m. The 6,033 turnout was considered unusually high adding up to 78 per cent of those registered.

The Shores, with over 81 per cent of the citizens voting, is the only one of the Pointes whose officials considered the turnout average. Shores residents voting numbered 1,473 of the 7,891 eligible to cast ballots.

"This is just average for an off-year," an official said. "During a regular election year, the figures are around 90 percent."

Because of the number of ballots that were counted, those working in the Shores Village Hall were the first to get to bed of all those working on Pointe election returns. By 10 a.m. all the votes had been tabulated.

Park employees counted ballots until 3 a.m. Wednesday morning due to the heavy absentee balloting, according to City Clerk Nunzio Ortisi. The total vote of 6,417 was "more than anticipated" of the 8,653 registered voters, but the delay was largely because of more mixed ballots than usual, Ortisi reported. The absentee ballots numbered 519, up over 300 from the last primary election.

Five Others Lose In Nov. 3 Election; Five Pointers Win

Republican Ballots Far Outnumber Democratic; Fitzgerald, Bryant, Williams and Steiner Make Successful Bids

By Greg Boyd
Of the ten Grosse Pointers running for offices or seats on the Probate Court or the Michigan Supreme Court, five were successful in their bid while five other Pointers were defeated for the job.

Running for a seat in the State Senate, incumbent Rep. Democrat George Fitzgerald, 69, of 1334 Buckingham, received 33,972 to win over Keith P. Edwards, 15008 St. Paul, with a vote of 19,011. Fitzgerald is a former assistant prosecuting attorney for Wayne County. Locally, Fitzgerald was defeated 4,788 to Edwards' 9,457 votes.

Scoring a landslide over Democrat Manuel Papista, 39, of 907 Washington, 32-year-old William R. Bryant, Jr., of 331 Mount Vernon, was elected to the State House of Representatives by picking up 20,760 total votes, beating Papista by a margin of more than two to one. Bryant, a life-long resident of The Pointe, will continue in his capacity of Wayne County Commissioner until assuming his new duties on January 1, 1971.

Commissioner Race Bryant's absence from the Wayne County Board of Commissioners' third district set the stage for two other Pointers to vie for the job.

Democrat George J. Verdonck, 15040 Mack, was defeated by a margin of under 3,000 as Ervin Steiner, Jr., 47, of 319 Touraine picked up 18,141 votes running on the Republican ticket. In the Pointe tally, Steiner was favored with 10,342 while Verdonck was able to gain only 4,109 votes.

John Lauve, 29, of 622 Sunningdale, lost in his bid for the Board of Commissioners for the County of Detroit Mike Novak, 66, the incumbent Democrat running against Lauve received 19,227 votes to retain his position on the board by a vote of 1,311.

Locally, Lauve gained 72 percent of the vote in the Shores and the Woods. The only two municipalities in The Pointe voting for that office. Lauve counted for 7,311 of the Pointe total while Novak received 2,807 votes.

Supreme Court Of the four candidates competing for one of the two seats available on the State Supreme Court, two were Grosse Pointers. One, Edward S. Piggins, 432 Saddle lane, missed election to a seat on the court with a vote of 288,970, just over 80,000 votes less than former Governor G. Mennen Williams, 25 Tonnaw. (Continued on Page 2)

Council in City To Elect Mayor

The City of Grosse Pointe Council, at its regular meeting on Monday, November 16, will elect a mayor to replace the late Mayor David Burgess, who died suddenly on Tuesday, November 3.

The City Charter provides that the Council shall elect, by a majority vote, one of its own members to fill Mayor Burgess' term of office which expires in November of 1971.

This will leave a vacancy on the Council which will also be filled by a majority vote of Council members.

Farms Okays Hill Parking Lot Changes

Approves Repainting and Improving Crosswalk Markings; Erection of Stop Signs

The Farms council on Monday, November 9, adopted suggestions approved by Police Chief Robert Ferber pertaining to pedestrian and vehicular traffic in the Municipal Lot at the rear of the Kercheval-on-the-Hill Shopping Center. The suggestions were presented to City Manager Andrew Bremer, Jr., and in turn presented to the city solons for their sanction.

The report from the chief indicated that the Police Department had prepared a five-year accident survey, and that the Michigan Automobile Club's Traffic Engineering Division made a preliminary investigation of the operation of the parking lot.

The survey, Chief Ferber stated, revealed that a total of 19 accidents, two of which involved minor injuries, occurred in the lot area. In all instances human error was the cause, he disclosed.

Hard to Control The report from the AAA indicates parking lots designed to serve a large block of stores through their rear entrances, generates pedestrian traffic patterns which are almost impossible to control.

To alleviate this hazard, the AAA recommended the elimination of a row of meter parking, which, Chief Ferber stated, his Department is not inclined to support at this time.

However, the chief pointed out, recognizing the pedestrian hazard which does exist in this area, he made the following suggestions: 1. Repaint and improve the marking of the crosswalk leading to the mall from the parking area; 2. Erect stop signs on each side of the alley crosswalk; 3. Sending a letter to each business establishment on the Kercheval-on-the-Hill Shopping Center to request that they encourage their customers and employees to cross at the mall crosswalks and enter businesses from Kercheval avenue.

4. Request in the letter that all business establishments schedule deliveries whenever possible between the hours of 8 a.m. and 11 a.m., to alleviate traffic congestion during peak shopping hours; and 5. A news release to inform shoppers in the area of the new changes and request their compliance.

Chief Ferber said that the (Continued on Page 2)

School Board Apologizes To Clergy

Political Drawing on Editorial Page of Tower Stirs Up Storm; Censorship Considered.

By Pepper Whitelaw

A recent cartoon in the South High newspaper, The Tower, set off a flurry of discussion, a resolution, an amendment and amendment to the amendment, at the regular meeting of the Board of Education on Monday, November 9.

The cartoon, which ran on the editorial page of The Tower on October 27, pertained to Proposal C and depicted a clergyman labeled "State" administering communion with communion wafers marked with dollars signs with a caption reading "Amen."

Barbara Thompson, board president, other board members, and the superintendent, Dr. Theos Anderson, indicated that they received numerous calls objecting to the cartoon. Superintendent Anderson and Mrs. Thompson immediately penned apologies to local clergymen. Mrs. Thompson, at a special meeting of the Board of Education on November 2, orally voiced an apology.

Editor Also Sorry

At Monday night's meeting, Robert Burton, The Tower editor, added his apologies and indicated that he did not at the time of editing, interpret the cartoon as being a comment on any religion or religious group and apologized for his oversight. He stressed however that any kind of control of the editorial staff at The Tower would be detrimental to the students' learning experience. He added that the staff of The Tower presented both views on Proposal C on the same editorial page in which the cartoon appeared.

Trustee Calvin Sandberg presented the following resolution: WHEREAS The United States Bill of Rights, in its Amendment One specifically states that the Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof, and,

WHEREAS The Constitution of the State of Michigan states in Article 8, Section 2 that each school district shall provide for the education of its pupils without discrimination as to religion, creed, race, color or national origin, and

WHEREAS This Board of Education has sworn to support the constitution of the United States of America and the constitution of this state and

WHEREAS The Grosse Pointe South High School student newspaper, published under the general authority of this Board of Education and financed through tax revenues collected from members of this community of all religions and creeds, did on October 27, 1970 cause to be published on its editorial page a cartoon which was a grievous offense against the Constitution of the United States in that it tended to deny the free exercise of religion by holding up a central belief of a (Continued on Page 7)

Break in Main Known to Few

Friday, November 6, most Pointe residents living along Vernier and Fairway were sleeping, unaware of the water main break that occurred along that stretch around 3:30 a.m.

Woods police received a message from an unknown caller reporting no water in the home at 20660 Fairway. An inspection revealed that water from both sides of Vernier was surfacing. Police, trying to make a check for flooding basements were only able to contact four or five residents because of the hour.

A work crew was immediately called out to fix the break and repairs were made in about three hours. In the meantime, Safety Officers were instructed to use an alternate fire route along Anita in the event of a fire alarm.

"We would have been in trouble if there was a fire," Captain Henry Marchand told the NEWS. But, he said, the lengths of fire hoses were long enough to get to any fire along the stretch affected by the break. Time would be lost, however, in feeding the hoses from the distant fire hydrants.

The breakage of the 12" pipe affected about 80 homes. (Continued on Page 2)

Youth Attacked With Tire-Iron

Woods police rushed to the parking lot behind Blazo's restaurant, 19299 Mack, after receiving a report of fights with tire-irons outside the restaurant Saturday, November 7.

Jack Lambert, 19, of 1335 Lakepointe, told police that he was struck with a tire-iron as he was leaving the restaurant just after 2 a.m. He said a man hit him in the face and caused a minor cut in his upper lip. When Lambert tried to defend himself, the man hit him in the chest with a tire-iron before jumping in a car and leaving.

The man was described as about 5'10" tall and weighing 165 pounds. Police received a description of the car from a witness but no license number was obtained.

In the Wayne County race for Judges of Probate, George Basara, 662 Sunningdale, defeated John O'Brian with 314,504 ballots cast in his favor. O'Brian accumulated 266,697 votes, about 47,000 shy of the mark.

As far as the state-wide elections are concerned, Grosse Pointe was instrumental in turning the tide for William Milliken, the incumbent Republican for governor, in the Wayne County suburbs.

Traditionally a Republican stronghold, The Pointe proved it was solidly Republican once again as it upset a 2,000 vote lead held by the Democratic nominee for governor, Sander Levin, in the Detroit suburbs to give Milliken a 17,000 vote jump.

Heavier Than Expected
William Bryant told the NEWS, however, that Milliken received much heavier support than was expected in the Pointe. He attributed this partially to the use of local headquarters in The Pointe with about 200 high school workers operating with apparent effectiveness.

In other major offices that were filled, including positions for the congressional Senate and Secretary of State, Pointers voted consistently Republican. Both Lenore Romney, in her bid for the Senate, and Emil Lockwood, vying for Secretary of State against Democrat Richard Austin, while losing in the state-wide election, carried the five Pointes.

Closely Correlated
In the race for Secretary of State, Republican Emil Lockwood received percentages very close to those of Mrs. Romney in the Pointe tally. Lockwood, favored strongly in all the Pointes, accounted for 71 percent of the total in the Shores; 64 percent in the Farms; 61 percent in the City; 59 percent in the Woods and 57 percent in the Park. All told, Austin trailed Lockwood's 15,735 with 9,992 votes.

In spite of the victories of the Republican party in The Pointe, some say that it was not as heavy as in previous years and "party politics" will be a decreasing influence in the decisions of the voters.

Bryant said what will be important in analyzing the results of the election "is the degree to which voters voted on the candidates and issues and the apparent lack of party loyalty." He went on to say that this will hold true to a greater degree in the future and it "may have far-reaching consequences in the two-party system."

Elected to the Senate, George Fitzgerald, a Democrat, said that although he didn't think split-voting was a political trend, he did agree that this particular election had much less across-the-board voting, and that citizens were more concerned with the issues and candidates.

Winning the senatorial race in 1966, Fitzgerald lost in Pointe areas by a margin of four-to-one. This year he trailed by a vote of just two-to-one as an incumbent.

violinist with the Detroit Symphony. While the Detroit Symphony was on tour last spring in Louisville, Resnick filled in for regular conductor Sixten Ehrling, who had injured his arm. Resnick's conducting of Beethoven's Piano Concerto No. 1, with Ivan Davis as soloist, was highly lauded by Louisville Times critic Joseph Landau, who commented, "A noticeable rapport existed between Davis and Resnick; they were a team working in perfect harmony." The Grosse Pointe Symphony is indeed fortunate to have the services of this outstanding conductor.

The concert will be followed by a reception for members of the audience, orchestra members, conductor, and guest artists.

Hill Parking

(Continued from Page 1) possibility of creating a one-way traffic pattern was suggested by his department and discussed with the AAA traffic engineers. The Automobile Club turned down the recommendation for the following reasons:

1. It would restrict the circulation of traffic behind stores and result in confusion, and perhaps increased accidents;
2. It would increase the traffic on Kercheval avenue;
3. It would increase traffic on residential streets;
4. Require the installation of an automobile traffic signal at McMillan road; and
5. Increase truck traffic in the area by the necessity of entering the alley from only one direction for deliveries.

The chief said that his department favored the recommendation of the AAA, and would not recommend the one-way traffic pattern.

Following the adoption of the chief's suggestions by the council, the city manager said that the proposed improvements will be carried out as soon as labor and materials are available.

Pointers Win Honors at MSU

Two Pointers were among the 73 students admitted to the Michigan State University Honors College during the fall term. They are Michael A. Kus, son of Mrs. Antoinette V. Kus, 20085 Marford court, a sophomore in business administration and a pre-law student, and Donna Karen Warner, daughter of Mr. and Mrs. Burke Fossee, 1219 Hawthorne road, a senior in multidisciplinary social science.

Membership in the Honors College is open to those students who maintain a 3.5 (A-minus) grade point average during their freshman and sophomore years. The Honors College students are academically ranked in the top five percent of the student body.

The college is designed to give superior undergraduates an opportunity to develop intellectually according to their own academic interests and goals.

Police Arrest Four Teens Burglarizing LS Residence

Police officers from the Farms, City, Woods and Shores surrounded a Lake Shore residence in the Farms, and captured four teenage boys in the act of burglarizing the home.

Farms Police Chief Robert Ferber, who participated in the apprehension of the young thieves, gave credit for the capture to Patrolman Donald Dewey, who while on routine patrol on Friday, November 6, at about 4:10 p.m., drove onto the estate, at 241 Lake Shore road, owned by Howard M. Love, whose present address was given as 875 North Michigan avenue, Chicago, Ill. The policeman observed two convertible cars parked in the driveway, neither of which he had seen before, and decided to check them out.

In his report, Dewey said that he checked the front of the house and discovered the glass of the front door broken and the door standing ajar. He notified his station and requested assistance in the event that the house had been broken into and someone was inside.

Responding to the call besides Chief Ferber, were Lt. Vernon Sylvester, Det. Sgt. George Van Tiem and Patrolmen Ronald Wooten, Otto Glanert and Timothy Morrison, and officers from the City, Woods and Shores. The lawmen completely sur-

rounded the building. As the last policeman was taking his position, a 18-year-old ran out the front door and was captured without a struggle. He was handcuffed and placed in a scout car.

At the same time, police officers went through the side door and apprehended three other youths, one 16 years old, and the others, both 17 years old. Two of the boys arrested are from the Pointe, and two are from Harper Woods, the authorities said.

Stephen F. Grether, a caretaker of the estate, who lives in a garage apartment on the property, told police that he drove his car through the driveway at about 3:50 p.m., and saw no vehicles there. Grether said he is watching the property for the owner, who is expecting to make his home there in the future.

"Patrolman Donald Dewey did the right thing in calling for assistance when he found the front door open and the glass broken," Chief Ferber said. "His alertness in noting that the vehicle parked in the driveway did not belong there, made it possible to capture the four boys in the act of the crime, and I compliment the patrolman on a job well done."

An investigation is still underway to determine if the four teens are responsible for other burglaries in the area.

Visit to Church Paid by Burglar

Burglars broke into the Grosse Pointe Memorial Church, 16 Grosse Pointe boulevard sometime during the night of Sunday, November 8, and escaped with valuable electronic equipment, Farms police were informed.

The break-in was discovered by a custodian of the church, Leroy Moore, who told authorities that he arrived at the church building at 9:15 a.m., to open the doors, and discovered that the door at the northeast side of the edifice was unlocked. Another custodian, Rufus Clay, told police all doors had been locked as of 5 p.m. the previous evening.

The custodians found the door to the Silver storeroom locked, but three cabinets in the room had been forced open.

Missing from the cabinets were an RCA amplifier, valued at \$150; a Sony cassette tape recorder in a black leather case worth \$100; and two small gold-

plated microphones, valued at \$85 each.

The matter is under investigation by officers of the Detective Bureau.

SHS Renovation Program Aired

Dr. Thomas I. Anderson, Superintendent of The Grosse Pointe Public School System, has summarized the need for the renovation of Grosse Pointe South High School.

"Even with passage of the bond issue on December 7, all areas of the plant needing attention will not receive it," Dr. Anderson said. "It will constitute an overdue beginning to a long-range program," he added.

The Superintendent of schools said that renovation of the main building, demolition of the most adequate Annex buildings, and construction of new classrooms to replace those obsolete ones slated to be razed, will improve educational opportunity for students in grades 9-12 in the South High attendance area.

Asked what will be done ultimately, Dr. Anderson said that future plans will undoubtedly call for renovation and remodeling of areas for industrial arts, art, business education, department resource centers throughout the school, possible improvement of the swimming pool area, suitable number of basic classrooms, counseling and supervisory facilities.

"Plans must be developed for the renovation of the present auditorium as an instructional area for speech and drama. Productions will be staged in the North High School Performing Arts Auditorium," Dr. Anderson said.

Henry Appointed To Task Force

City Councilman George D. Henry has been named to the Task Force Committee of the Southeast Michigan Council of Governments (SEMCOG), by chairman Mel Ravitz.

The committee will carefully review the structure, financing and goals of SEMCOG. It will be charged with the responsibility of reporting its findings to the Executive Committee no later than Tuesday, December 1, 1970.

MAKING TRACKS

Mary Barrett, 1545 Fairholme, called Woods police Saturday to report that she had seen someone drive across her lawn and leave two deep tire tracks. The incident occurred around 11 p.m.

MINOR ARRESTED

Jeffrey Hoffman, 20, 762 S. Rosedale, was arrested by Woods police Sunday, November 8, and charged as a minor in possession of alcoholic beverages. Stopped for driving without a license plate, Hoffman was seen to have two full cans of beer in the back seat.

An Open Letter to the Students of Grosse Pointe

May we take this space to thank the high school students of this area for their interest and hard work in this past election. Without you we could not have won an election in the Grosse Pointes. Our thanks also goes to the Civics teachers of Grosse Pointe South High School: Mrs. Cardoza, Mr. Coury, Mr. Lord, Mr. Matecun, and Mr. VonAllman. They are responsible for creating what we hope will be a continuing involvement between students, candidates and issues.

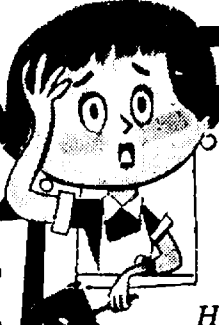

We hope that the parents of this community will take great pride in the work of their children in the Primary and General Elections of 1970. They folded and stuffed, licked and stamped, walked miles on door to door drops — in general, did the "gut" work which gets an election off the ground. We numbered about 70 high school students a day at the two offices on Kercheval in the "Village." They worked and they learned and they won.

We have read certain things condemning the teenagers of this community. We don't believe them. We have seen that the young people of Grosse Pointe are thoroughly responsible and wonderful and we give them our heartfelt thanks.

School Board President Pleads for Cooperation

(Continued from Page 1)

ing the week, material on all matters requiring imminent Board action, a copy of the agenda for any meeting scheduled for the following week, sometimes narrative on projects in the Department of Instruction, the calendar for the month's activities, communication from the attorney, alerts on state legislation, clippings from prestigious national publications pertinent to our current problems, and so on.

The practical purpose of this large package of information is that, if read by the trustees—and questioned by telephone call or visit to the Administration Bldg.—it can help matters go much more quickly at Board meetings.

So—why do meetings go on for 3 or 4 or 5 hours?

According to our by-laws which are based generally on Robert's Rules of Order, most motions are debatable. There are two ways in which debate may be brought to a close: the Chair may so rule, or a motion to "call the previous question" may be made, seconded and approved. In cases where the president rules that debate will close, any trustee may appeal this ruling; roll must then be called and four affirmative votes are required to sustain the ruling. Four negative votes uphold the challenge, in which case debate on the motion continues.

Must Respect Others

Generally, trustees have shown deep respect for the right of their colleagues to discuss, even at very great length. But official tolerance is frequently exceeded by personal restlessness. Sometimes, when the hour grows late and I see matters vital to the life of the school system still ahead of us on the agenda, I have felt momentarily that if this is the only way the wheels of democracy must turn, I almost regret the invention of the wheel!

To reiterate: any four trustees may vote to close debate. But not even the president may put the question to a vote without at least the acquiescence of a minimum of three other board members. And whether out of wisdom or of folly, this power is the hands of the Board majority is not often used. Since I believe that one function of public meetings is to entertain comments from our citizens, and since I believe we have much to learn from our administrators, I am troubled that we, your trustees, increasingly listen only to more and more of one another.

Very Much In Order

On the other hand—and this is very important—the brief statements by Board members in explanation of their votes are very much in order. The most conscientious among us are going to dissent at times, often because of positions of deep conviction, and a "yes" or "no" vote cannot always explain this. Furthermore, such statements of position help visitors to understand not only various facets of problems, but the philosophies and views of the trustees who represent them.

Through the years it has been my observation that many people who visit our Board meetings come here because of deep interest in the academic experience of Grosse Pointe children—the functioning of the school system in all those areas directly affecting the educational process.

Therefore, if my wishes prevailed, this Board would handle its business with responsibility—as it always has—and with greater dispatch. Education per se would be returned to a position of high priority at our Board sessions. We are, after all, an educational institution. We owe to our taxpayers the most we can give them for their money; we owe them a careful accounting; we owe them the best they are willing to buy in well-placed facilities and program. And after that, I think we owe it to those tax payers to get off the subject of dollars and talk about kids and what we are doing to achieve our ultimate goal of developing human potential.

Have Talented Staff

I know enough about many other school systems to tell you that we have a staff of administrators uniquely talented in their various assignments. If we could confine our meeting time to matters that remain relevant and that are reserved to public meetings, there might be time and energy left to spend in activities which would enable us to know our teachers better. We should allow time to listen to the superb scholars in our employ, to visit schools, to attend PTA meetings. To talk to parents... The science of education and the activities in our classrooms become increasingly fascinating. When we let all our other concerns monopolize our time, I believe we miss the real joy and excitement of being involved in the business of public education.

I believe we have a responsibility not only to reflect community views, but also to help interpret what the school system is trying to accomplish and to raise the sights of our citizens, rather than over-emphasizing and exaggerating their desire to keep taxes down at any cost. I simply do not believe that most Grosse Pointe residents, living proudly in a rather deluxe community, have as their first priority keeping their taxes at a mythical \$700 rather than a mythical \$720. If we had more time and energy left after official business to talk about the good things taxes are buying for Grosse Pointe school children, I think the good old days of school support would be with us again.

Have Divided Board

Let me finish with a few remarks about the split decisions

which are characteristic of this particular Board. Split votes were virtually unheard of until recent years. I do not think 4-3 or 5-2 decisions are disastrous in themselves. But how we handle our differences matters very much. Split votes need not result in disaster for the schools if care is taken by all concerned in the following ways:

1. If official decisions of the Board are respected and considered final, and if further discussion is confined to those considerations which are still "in the ball game".
2. If each trustee accepts the decision with some grace—sportsmanship if you prefer—, works in the direction of the consensus, or at the very least, remains aloof.
3. If the staff can accept without discouragement the fact of split decisions, not allowing their incentive to be eroded when their programs are approved by only 4 or 5 or 6 votes, rather than by the magic 7.
4. If the public can be grateful for all positive action taken by their Board of Education, realizing that regardless of the roll call, sound Board decisions give them the leverage necessary to work for improved education in Grosse Pointe so long as our friends in the community

Ever wonder why the names of some Fruits are used as nicknames... Some to flatter—some to knock?

For example, a person might like to be called, "THE Berries"; but not a "Prune". It would be nice to refer to your wife as a "Peach" or even a "Sugar Plum"; but never, never a "Tomato". You would be in good with "Apple of My Eye" and "Top Banana"—but out on a limb with "Nuts", "Sour Grapes", "Pickled", and "Lemon".

And if you ever want to get in the game of coining new words, here are more fruits for you to pick... No one has ever been able to do anything with oranges, limes, grapefruits, and apricots.

Group Asks Help in Fight To Amend Public Act 100

Dr. Theos I. Anderson, superintendent of schools, recently addressed a group of room mothers at Pierce Middle School on that section of Public Act 100, Chapter I that provides that no school district in Michigan shall be allowed, after July 1, 1971, to collect more than \$945 per pupil per year including their share of state aid, which in Grosse Pointe's is only \$145 per pupil per year.

Dr. Anderson pointed out that the Grosse Pointe School System is currently spending well over that figure and because professional salaries account for 85 percent of the budget, the school system will face a cut of 20 to 25 percent of the staff, which would subsequently cripple the program.

Among those mothers in attendance were Mrs. Klaus Motte and Mrs. D. G. Schneider, who immediately after hearing Dr. Anderson decided to gather the best minds available to discuss ways of fighting this stipulation.

The ladies called a special meeting at Mrs. Motte's home for Wednesday, November 4. Among the 40 people attending were Representative-elect William Bryant, Mrs. Barbara Thompson, president of the Board of Education; Dr. Anderson; presidents and legislative committee representatives from the PTA Council, the PTA's and PTO officers and members of the League of Women Voters, the American Association of University Women; the Junior League; Citizens for Education; Grosse Pointe Education Association and some school principals.

Most of these people were well aware of the situation and some of the groups such as the School Board, the school administrators and the GPEA had already fought a losing battle to keep this legislation from passing last year. One of the reasons it was such a losing battle was that high evaluation top rated districts are in such a minority in the Michigan picture. Mrs. Motte and Mrs. Schneider found that those in attendance felt that unless they got together with other top school districts in the states, the Pointe pleas will once again be ignored.

The following petition was forwarded at the meeting for presentation to Senator George Fitzgerald, who has pledged his support. Copies of the petition were forwarded to each senator's desk early this week.

WHEREAS Section 8b-6 Chapter 1 of Michigan Public Act 100 of 1970 (commonly known as the State School Aid Act) imposes arbitrary limitations on the amount of voter millage which local School Districts in the State of Michigan may levy for operational purposes for the school year 1971-72; and

WHEREAS this statute will require many School Districts to reduce their operational tax levies for such year in opposition to the desires of their electorate; and

WHEREAS Section 8b-6 of Public Act 100 destroys the concepts of local control and initiative; and

WHEREAS the State Department of Education, the Legislature, and the Office of the Governor have equated quality education with the expenditure of dollars per pupil; and

WHEREAS the imposition of such limitations will result in irreparable harm to educational opportunity in many School Districts of this State; and

WHEREAS these limitations would severely limit potential excellence of all School Districts of Michigan;

NOW, THEREFORE, BE IT RESOLVED THAT

1. The undersigned would endorse a program to improve public education for all students of Michigan.

2. Every effort should be made immediately to secure a legislative amendment to Public Act 100 to delete any restriction

or limitation on the amount of voted operational millage which any School District may levy and collect.

Additional resolutions were distributed at the meeting in hopes they, or similar documents, would be signed by the memberships of all the groups represented, and forwarded to legislators.

A list was presented of high evaluation districts in Wayne, Oakland and Macomb Counties and organizations which had sister organizations in those areas were urged to send copies to them urging them to promote similar activity in their com-

munity.

All those present were urged to remind their members to send telegrams and letters to

legislators as soon as possible, and told that speed was essential because districts such as Grosse Pointe cannot wait until June for relief from this bill and still expect teachers to be available.

Student Cartoon Creates School Board Headache

(Continued from Page 1)
 religion, namely the divine and sacrosanct nature of Holy Communion, to ridicule, scorn and contempt . . . and that it did discriminate against the beliefs of religion and creed of its students by identifying a central belief of a religion as one held in ridicule, scorn and contempt and . . .

WHEREAS, This Board of Education, to date, has not taken official cognizance of this incident of religious persecution and discrimination nor taken any official action, regarding it, in compliance with its sworn obligations to support the constitutions of the United States and the State of Michigan.

THEREFORE, BE IT RESOLVED That this Board of Education, on this date, does most abjectly apologize to the residents and students of this school district for its failure to fulfill its sworn responsibilities to support the constitutions of the United States and the State of Michigan in those areas designed to protect against the prohibiting of the free exercise of religion and discrimination against religion, such apology to be published immediately in local media, including student newspapers.

THAT This Board, on this date, publicly censure all those employees under its authority and who are responsible to it, who are responsible for this grievous incident of religious persecution and discrimination, directly or indirectly, wholly or in part,

THAT This Board, immediately, initiate investigative and corrective action to determine the causes of this incident, be they overt or covert, and eradicate these causes, be they the result of personal philosophies and/or a general pervasive atmosphere, even if such corrective action requires the reassignment or dismissal of personnel,

THAT This Board of Education shall, within 90 days, report to the community the results of its investigation of this incident and the steps it has taken to assure that similar incidents will not occur in the future, such report to be comprehensive and published in local media, including student newspapers.

I move the adoption of this resolution by this Board.
 Arnold Fuchs, vice-president then offered the following amendment to the resolution:
 WHEREAS The Board of Education is obliged to pay proper heed to the opinions of courts and attorney generals that pertain to public education and the disbursement of public funds and . . .

WHEREAS The Attorney General of the State of Michigan, Frank J. Kelley, did in an opinion number 4291, dated January 4th 1965, state that the Board of Education of a school district is without authority to spend public funds to advocate a favorable vote at an election and . . .

WHEREAS The Attorney General in reaching this opinion did cite the following language from various court decisions, to wit: "And we think it can safely be said that it was never contemplated under the Constitution and statutes of the State that our boards of supervisors should function as propaganda bureaus" . . . "It clearly stated, however, that use of public funds to advocate only one side of a controversial question, without affording the dissenters the opportunity by means of that financed medium to present their side, was unlawful

and went beyond the implied authority" . . . "Where city officials spent public funds without the express or implied authority to advocate one side of a proposition to be voted on. The Court sustained a judgment compelling the officials to repay such amounts into the city treasury" and . . .

WHEREAS The Grosse Pointe High newspaper, The Tower, is published with public funds, and on October 27th advocate a favorable vote to its readers on a proposition election that was school-related, by means of a cartoon and an editorial, such editorial being unsigned, implying that this was the official position of the school system.

THEREFORE, BE IT RESOLVED That this Board of Education publicly apologize for allowing public funds to be used to advocate a favorable vote on a school-related question, THAT it publicly censure those employees of the school system who encouraged or allowed this editorial and cartoon to be published with public funds,

THAT it immediately affirm a policy whereby editorial freedom paid for with public funds is not perverted to the purpose of promoting personal political philosophies or advocating a favorable vote on a matter to be voted on by the public.,

THAT it immediately take what steps are necessary to insure that such policy is vigorously implemented within this school at all levels where the use of public funds are involved,

THAT it consider the possibility of establishing an editorial board, comprised of citizens and students of all philosophies in representative proportions, that would draft a comprehensive policy covering all statements to the public from this

school system, oral or written, that are, in any way, financed with public funds, that would allow freedom of expression without infringing on the rights of groups or individuals as stated in law or competent legal opinion.

Donald Semmler, trustee, asked that the following amendment to the amendment be added:
 I will second Mr. Fuchs amendment to the main motion . . . however, I also have a copy of the attorney general's opinion and I feel it contains legal implications more far-reaching than those that would be resolved in Mr. Fuch's amendment to the main motion. I call attention to the fact that this opinion mentions, not once, but twice, the instance where a booklet has been published with public funds that called attention to the unfavorable consequences of a defeat of a bond issue. In one case, the language was about a booklet which (and I quote) "stated some of the unfavorable consequences of a failure of passage". This action was ruled illegal by the attorney general's opinion.

HAVE YOU NOTICED?

The home on Wedgewood, that's being converted from a ranch house to a spacious two story with an extra bathroom and added bedroom space?
 The big new addition, with a "super" fireplace and a simply "scrumptious" master bath, that's being added to a house on Hampton? (If you haven't noticed, then you wouldn't know about the "unique" kitchen that's also being installed!)
 Speaking of kitchens, you just haven't seen a "custom" kitchen until you see the one that's going in on Westchester!
 These remodeling jobs have one thing in common . . . they are being done in the RIGHT WAY at the RIGHT PRICE by the "professional" remodelers . . . CUSTOMCRAFT!
 For new living space you'll be proud of, call CUSTOMCRAFT and get our ideas and planning help without obligation. Financing available.

Pointe Loses A Leader

Last week The Pointes lost a leader, David E. Burgess, Mayor of the City of Grosse Pointe. Mayor Burgess conducted Council meetings with a combination of efficiency and charm that endeared him to both his opponents and proponents. His smile... his patience... his willingness to listen respectfully to each and every citizen who attended the Council meetings, was a joy to behold. The Pointe will sorely miss David Burgess but will never forget him!

Letters to the Editor

Dear Editor: We are pleased to respond to a letter signed by "A Subscriber" questioning the fairness of the Grosse Pointe Human Relations Council. We feel our policy concerning these ads is both fair and reasonable.

The ads are admittedly controversial. This is because they deal with difficult subjects and we intended to awaken the conscience of the reader. We are not always pleased with the quality of the human relations in this community and that is why the Human Relations Council exists.

Our ads are never anonymous. They are always signed by our Council. Our box number is included to encourage response by those who agree and disagree with us. Anyone who writes a signed letter is always answered by a member of our Council.

We love our country as most Americans do, but realize that minorities often are not treated with the fairness our constitution dictates. We hope by our efforts, in this community, to improve the attitudes of its citizens and thereby make equality more of a reality than an ideal.

Human Relations Council Executive Board Thomas S. Dimond John P. Olson, M.D. Howard W. Bacon Leonard O. Roellig Clarice M. Rioux Nancy P. Gard Nancy D. D'Angelo Robert F. Roney

Dear Sir: It is time that we, as intelligent, well educated citizens of the community, express our faith in our youth. We must stop using the messy few we see standing on the street corners and few heroin users as examples of the whole generation and as an excuse for turning down the 18-year-old vote and millage elections.

We must start thinking of the number of teenagers who are in our community and realize that whether we like it or not, they will be leading the country someday. Perhaps giving them a pat on the back for the volunteer work they do in the inner city, the help with remedial courses we are unwilling to support with millage and the summers and fall, winter and spring weekends they give working with Exceptional Children would be worth our while and investigation.

We had the South High Senior float built in our yard and not only were we sorry when the day came that the float left our yard but so were our neighbors. The students were inventive, mature, neat, enthusiastic—in general, just great!

Perhaps we should realize that our criticism of them is a criticism of ourselves. We are their parents and we brought them up. We can be happy if we see their concern, intelligence, exuberance and love but concerned for ourselves if we see only their destructiveness, dope addiction and hippiness. Let's remember that we were once young and now back up our youth with word and print and action.

Sincerely, Mrs. A. C. Dickson, Jr.

Student Cartoon Backfires

(Continued from Page 7) was another booklet which (and I quote) "emphasized that dire consequences would follow a failure of passage." In this instance a supreme court ruled this use of public funds by a school district to be illegal.

Since this Board has already accepted the Superintendent's recommendation for alternatives in the event of our upcoming bond issue failing to be approved by the voter which threatens the community with the most unfavorable of consequences... that publishing this approved recommendation with public funds, in any manner whatsoever, would be in clear violation of the law.

Therefore, I move to amend Mr. Fuch's amendment by adding to it the following language:

THAT This Board of Education, although it has approved a list of alternatives in the event of an unsuccessful bond referendum which spell out unfavorable consequences of failure of passage, shall, nevertheless, not allow these unfavorable alternatives to be published with public funds since it is aware that such publication would be an unauthorized use of public funds and, therefore, illegal.

Further discussion followed the resolution and amendments and the question was raised as to just how much a school system can do to promote a yes vote at a millage election. Mrs. Thompson made it quite clear that during millage campaigns monies for promotion of a yes vote were received from PTA's and similar groups, and that school funds were used only to provide information. The question as to whether or not publication of the consequences of failure of millage can be printed by the system and distributed to residents was raised.

William J. Adams, secretary, recommended that all the discussion or the issue be tabled until board members could study the resolution and amendments more thoroughly and receive attorney Thomas Couter's

legal opinion on the matter. Mr. Coulter indicated Monday evening that he felt the intent of the opinion of the attorney general was that school boards should not propagandize elections and did not mean school systems could not outline the results of failure of millage elections.

Mrs. Thompson said that in past millage campaigns the board and school system were criticized for not explaining what failure of millage would mean to the quality of education in The Pointe and that while some people may object to having the consequences of failure spelled out to them, they are fewer in number than those who want to know.

Mr. Adams tabling motion was seconded by Mr. Glancy and passed by a vote of 5-2 with Mr. Semmler and Mr. Sandberg voting no.

To Hear Experts Talk on Drugs

Defer PTA vice-president, John McKernan, has assembled for the group's regular meeting on Tuesday, November 17, a knowledgeable cross section of community experts who will report on what is being done and what can be done to combat the growing drug problem among the young in The Pointe.

The Drug Abuse Information Panel will consist of Dr. Callier Worrell, Wayne County Health Officer and Pointe pediatrician; Roger McCall, curriculum associate-Grosse Pointe Public School System; Michael Ferrone, school liaison officer from the Youth Service Division; Donald Keith, former Pierce Middle School counselor and Defer sixth grade teacher, Jack Lambka

The Drug Abuse Panel will be heard in the gymnasium at 8:15 following room visitation from 7:30 until 8 o'clock. Refreshments will be served continuously during the panel discussion.

What Goes On at Your Library

By Virginia Leonard

Guest Columnist: Beatrice Adams, Children's Librarian, Central Library

National Children's Book Week, November 15-21, 1970. Hurray for Books! proclaimed a Children's Book Week slogan several years ago. Children's Librarians heartily echo this joyous phrase. Another phrase we like the sound of is the 1970 theme which states "This is the Age of the Book."

True, books have been around a long time, but with over 35,000 juvenile titles currently available in the United States, it would appear that books are continuing to play an important role in the life of our boys and girls. Much of the information needed for school assignments is found in books. When a child wants to escape from the everyday world for awhile, "There is (as Emily Dickinson wrote) no frigate like a book to take us miles away."

Therefore, your Grosse Pointe Public Libraries are pleased to announce that "This is the Age of the Book." You are invited and urged to help celebrate Children's Book Week by viewing the display of exciting new children's books which will be at each library during the entire week. It will be an excellent opportunity for parents, grandparents, and other adults to look over the newest children's book titles and make selections for Christmas and birthday gifts.

The children themselves are especially invited to come and browse. Classes and other groups are welcome to visit during the week, also. Teachers and leaders are requested to call the children's librarian beforehand.

In addition, the Age of the Book will be spotlighted in all three Grosse Pointe Public Libraries with new books, mobiles and posters in the various display cases. The poster for Children's Book Week has been created by well-known children's book illustrator, Mercer Mayer. It features a landscape of fantasy, in which all the signs of the Zodiac may be observed, if one looks closely. Even Leo the lion and Cancer the crab are seen engrossed in their reading. The poster, executed in pastel

tones, reappears in miniature on the Book Week bookmark which also contains a poem by Myra Cohn Livingston.

The signs of the Zodiac have also been used in the design of a book list for young teens, created by the Grosse Pointe children's librarians. This list is entitled (naturally) "This is the Age of the Book."

During Children's Book Week, color slides portraying children's books and activities of the Grosse Pointe Public Libraries will be shown by means of rear screen projection. This technique involves the use of a new audiovisual tool acquired for library use. It should be fun and enlightening to view the slides for ideas of some especially delightful children's books and to be reminded of the many programs and pleasures provided by having one's own Grosse Pointe Public Library card.

The Children's librarians have tried to make library cards available through contacts with all the schools in the Pointes. If your child still does not have a card, Book Week would be an appropriate time to obtain one. Remember, the initial library card is free to all Grosse Pointe residents and full time Grosse Pointe students.

Finally, Central Library and Woods Branch Library will be sponsoring a special program entitled "Balloon Animals by Doug." Mr. Douglas McKinnon will amaze and entertain the youngsters by twisting balloons into unusual shapes and figures. His creations will later be on display in the children's rooms of all three libraries. Space is limited so children are advised to come early on Tuesday, November 17, at the Central Library and Wednesday, November 18, at the Woods Branch Library. Both presentations will be at 4:00 p.m.

It is your library. The books are your books. Help celebrate National Children's Book Week by visiting your Grosse Pointe Public Library the week of November 15-21. "This is the Age of the Book."

Park Given \$524 By Association

The Park council, on Monday, November 9, accepted a check in the amount of \$524.10 as a contribution from the Windmill Pointe Property Owners Association. The sum represents the balance remaining from legal fees from the Association and the Park's fight to uphold the constitutionality of the Park Zoning Ordinance.

The association is an ad hoc organization of the residents of the subdivision, formed to support the Park in defense of the zoning laws during the litigation brought by the McBrearty and Brandau families, who sought to have their vacant lots in Jefferson avenue, between Barrington and Westchester, rezoned from residential to commercial. The legal battle has been before the courts since 1961.

The McBrearty family has asked the city council to rezone its property adjacent to the Professional Building in Jefferson to commercial, on the grounds that land from Barrington Westchester already contained commercial buildings. The family had hoped to sell the lots owned by them to a gasoline company, for development of a service station.

When the request was denied, suit was filed in Circuit Court in 1961, and progressed through appeals, on both sides to the Michigan Supreme Court, which, in July of this year, ruled in favor of the city.

The Windmill Pointe Subdivision residents, through their organization, fought alongside the Park to retain the residential aspects of the Jefferson avenue property, and raised funds to help pay for legal fees.

In a letter to City Manager Robert Stone, which was read to the city council at Monday night's meeting, the Association pointed out that the \$524 contribution constitutes the entire residue of the funds gathered to enable the citizens group to be represented in the court case.

"We request that the present funds be used by the city in its continuing efforts to maintain the charter of our subdivision," it was stated in the letter, signed by Dr. Raymond C. Mellinger.

"The funds may be used to help maintain the landscaping properties on Jefferson between Pemberton and Lakepointe which were acquired (by the Park) to help control the development here at the entrance to the city.

"Another acceptable use of these funds," it was further stated, "is replacement of city-owned trees in the Windmill Pointe Subdivision, especially our elms which continue to succumb to the Dutch Elm disease."

Stone said that the entire sum received from the Association will be used to plant new trees and to replace elms in the subdivision.

The Park council expressed its appreciation for the support of the Association residents during the long legal battle, and its thanks for the contribution.

Theater Doing The Apple Tree

A three-in-one evening of entertainment will be enjoyed by patrons of Grosse Pointe Theater as the group presents its first production of the season, "The Apple Tree," Thursday through Sunday, November 12-15 and Wednesday through Saturday, November 18-21.

In a departure from its usual format, GPT will offer a series of three musical one-acts at Fries Auditorium of the Grosse Pointe War Memorial, each connected to the others in their portrayals of human whims and dreams from the time of Adam and Eve to the present.

Act One is the "Diary of Adam and Eve." Their discovery of Life in the Garden of Eden bears many resemblances to any couple's adventures with the new, daily problems of marriage. Mrs. Jac Purdon of Village lane portrays Eve. Tom Kern, as Adam and Chet Utech, as the Snake, also appear in the subsequent acts.

Act Two, "The Lady or the Tiger?" takes place in a long-ago semi-barbaric kingdom. As a penalty for loving his princess, a warrior is put to the test of opening one of two doors behind which he will find either a beautiful girl, whom he must marry, or a tiger. The Princess, played by Mrs. Jack Owens, tips her warrior as to which door to open — but to which fate will she consign her lover? A feminine rival, or the tiger?

Act Three is "Passionella," a here-and-now satire on dreams of glamour. A chimney sweep who longs to become a movie star achieves her ambitions by means of trickery, only to discover that her idolized Prince Charming in his black leather jacket is also a phony. Passionella is portrayed by Mrs. James Bronersky.

Book, music, and lyrics for "The Apple Tree" are by Sheldon Harnick and Jerry Bock, who composed "Fiddler on the Roof."

Gigi Gaggini of Beaconsfield avenue will direct, with Mrs. Fred Guertler of Meadow lane producing. Mary Robinson is Stage Manager; Larry Marco of East Emory court is Technical Director. John Diebel of Loraine avenue is choral director.

Tickets may be reserved by calling Mrs. Joseph Shaheen at 881-4004.

Thief Attracted To Unlocked Car

David Smith, 18, of 20056 Holiday, reported to Woods police Saturday, November 7, that his stereo tape deck and 14 tapes had been taken from his car sometime between 1 a.m. and 8 a.m.

Police, responding to Smith's call, were told that he had parked his car in the driveway around 1 a.m. and left the car unlocked. Between 8 and 9 a.m., his mother moved the car into the street and locked both doors.

Smith reported that later that afternoon, he went to his car and found his \$60 tape deck and tapes valued at \$30, missing. Police are investigating.

THIEF TAKES FLAG

Mrs. John J. Gallagher of 289 McKinley, reported to Farms police that the family had forgotten to bring in the American Flag at sundown on Tuesday, November 3. It was dark when it was remembered that the standard was still flying and when she went to take it down, she found it had been stolen. It measured three feet by five feet, and was taken off the flag pole over the porch.

COLOR TV MISSING

Marvin Cymes, sales manager of the Allied Delivery Systems, Detroit, informed Farms police in a belated report on Friday, November 6, that somewhere between the company's loading dock in Fenkell avenue, Detroit, and the Book Video Systems, Incorporated, 11 Kercheval avenue, someone broke into the delivery truck and stole a color television set valued at \$228.25

Diabetes Tests Offered Locally

Free blood-screening tests to detect diabetes will be available in the Pointe area during the week of November 15-21 as part of the search for the more than 100,000 'hidden' diabetics in Michigan.

Sponsored by the Michigan Diabetes Association (MDA), a United Fund agency, Diabetes Week is sponsored nationally by the American Diabetes Association.

Co-sponsors in Michigan are fifty-five Michigan hospitals, county medical societies, and the Michigan Department of Public Health.

Persons planning to be tested are advised to have a meal rich in sugars and starches two hours before testing to ensure the most accurate result, and are asked to bring the name and address of their physician if follow-up is necessary.

According to James J. Aiuto, M.D., chairman of the MDA Diabetes Detection Committee, "those who are over forty, weigh more than they should, and have a family history of diabetes are especially urged to be tested."

"A 'hidden' diabetic is a person who has the condition but is unaware of it," explained Dr. Aiuto. He said that a person may have the disorder and not know it. However, the presence of diabetes may be indicated by excessive thirst, excessive urination, loss of weight, itching, constant hunger, easy tiring, slow healing of cuts and scratches, and changes in vision.

Anyone, even children, may develop diabetes, Dr. Aiuto noted. But adults over 40 are leading candidates, especially when they are overweight.

"Though there is as yet no cure for diabetes, today's treatment methods can help control it," Dr. Aiuto said. Diabetes can be controlled by diet, exercise, and when necessary, insulin or one of the oral compounds that reduce blood sugar. A planned diet is basic to successful control of diabetes. In most cases the patient can continue to lead a productive and active life. He can work, marry and raise a family.

Neglect of diabetes, on the other hand, may lead to increased risk of coronary disease, hardening of the arteries, kidney disease, failing eyesight, gangrene, and diabetic coma.

Dr. Aiuto pointed out that diabetes mellitus, according to the American Diabetes Association, has increased nearly 85 percent between 1950 and 1965, and is still on the rise.

In Michigan, diabetes is ranked as the fourth leading cause of death by disease, the second leading cause of blindness, and a contributing cause in half of all heart attacks.

"We urge everyone to use the occasion of Diabetes Week to be tested as a protection against this disease," said Dr. Aiuto.

Local hospitals participating in the program include St. John, Cottage and Bon Secours.

Testing will be done Monday, November 16 through Friday, November 20, from 9 a.m. to 11 a.m., in the Sister's Dining Room at the west end of the ground floor of St. John Hospital.

Bon Secours is testing from 9 a.m. to 12 noon, Monday, November 16, through November 20, in the ground floor laboratory.

Cottage will offer tests Wednesday through Friday, November 18, 19, and 20, from 9 a.m. to 12 noon.

Coffee House Reopens Friday

The Coffee House at the Grosse Pointe Unitarian Church is reopening on Friday, November 13, for the fall season. Hours are from 8:30 to 11:30 p.m. every Friday evening.

Live rock music will be presented weekly and low-cost refreshments will be available. Admission is one dollar.

The Coffee House is located in the annex behind the main church building.

Keith Ensroth portrays Red Chief and Tim Hourigan, Ebenezer Dorset. Others in the cast include David Steiner, Bob Karer, Marianne Thomas, John Hyde, Peggy Peacock and Patricia Fontana. More are Pam Brooks, Linda Jurgens, Sue Bailey, Cathy Wagner, Kim Barry and Nancy Fisher.

Sister Marie Dorothy is directing the production.

St. Paul Girls Hold Food Drive

The girls' Sodality of St. Paul High School is currently sponsoring a food drive which will run through Friday, November 20.

All food collected will be made into Thanksgiving baskets for the needy and distributed Thanksgiving week by members of the senior class.

From Another Pointe of View

One of the Grosse Pointe Christmas Season's most glittering social events, the White Christmas Ball sponsored annually by the Pontbonne Auxiliary of St. John Hospital, will be presented this year Saturday, December 12.

As in the past, the 1970 Ball will be held at the Grosse Pointe Yacht Club, to be transformed for the evening into a winter wonderland fantasy forest.

The 1970 party committee, under the direction of general chairman Mrs. Roland Rinke, of Barclay road, has been planning the Ball since early spring.

Since 1954 members of Detroit society, the Hospital's medical staff and friends have attended the \$100-a-couple gala. More than a quarter of a million dollars has been raised since the first White Christmas Ball, when Mrs. James Scripps served as chairman, through last year's Ball headed by Mrs. Walter L. Van Goethem, Jr. This year's Ball proceeds will assist in the expansion and re-location of St. John's Intensive Care Unit, established in 1966 as the result of funds raised through that year's White Christmas Ball.

The Unit has helped save the lives and preserve the health of hundreds—perhaps thousands—of persons in the community. Now ever-increasing use plus recent advances in Intensive Care technology necessitate its enlargement and re-location: Its capacity will be expanded by more than 60 percent and other changes designed to preserve the patient's dignity and offer greater privacy than exists in the current facility will be instituted.

When completed in 1971, St. John's Intensive Care Unit will rank with the most modern and technically advanced units of its type in the country.

And that's what the 1970 White Christmas Ball is all about.

Assisting general chairman Janice Rinke are Mrs. Raymond M. Whyte, honorary chairman, Mrs. Charles Dawood, general co-chairman, and committee chairmen Mrs. John Elias, Mrs. Richard R. Shalla, Mrs. Volrad von Berg, Mrs. William B. McIntyre, Mrs. A. Joseph Hoski, Mrs. Roger Rinke, Mrs. Charles J. Gardella and Mrs. Cletus J. Welling.

A "Petite" Fontbonne Project

The Ball's Fontbonne's BIG end-of-the-year project ... but there's another, smaller one on the immediate horizon.

"La Petite Christmas Fair," also a Fontbonne annual event, is scheduled for next Thursday, November 19, from noon until 8:30 o'clock, and Friday, November 20, from 10:30 to 4 at the Hospital.

Christ Church Fair Workers Start Young

Well... perhaps not QUITE so young as DONNIE MCKNIGHT, seated on the lap of his mother, MRS. DONALD MCKNIGHT, chairman this year of the Serendipity Booth which offers items of particular appeal to children, (that "jingle hat" Donnie's wearing is one of them), but everything in the new-this-year Youth Booth is the work of ninth through 12th grade teens including CANDY LEE (far left), ANNE SNYDER (next to Candy), LAURA RUHLAND, (on the floor in front of them, holding the giant paper flower), MARTHA GREGORY and LESLIE CARLIN, (standing, left and right), GINGER HORNE, (on the floor with a knotted belt), and Youth Booth chairman VALERIE VINCI, (behind Ginger). MRS. STANLEY DOLEGA, next to Mrs. McKnight, is coordinator of another new-this-year Christ Church Fair Department, Arts Unlimited. The Fair's scheduled for next Thursday, November 19, from 9:30 to 4:30 o'clock at the Church in Grosse Pointe boulevard.

Hutzel Hospital has created and filled new executive posts as part of a continuing program to widen and increase its effectiveness in serving the Detroit medical community, with the appointments of FRANK P. IACOBELLI, of North Rosedale court, assistant director since 1968, as vice-president and director, and ROBERT P. JARVIS, controller, of Pemberton road, as assistant director, among those approved October 20 by the Board of Trustees and announced by MRS. JOHN N. FAILING, of Cloverly road, president of the Board since 1947, who now assumes the new title of chairman. Three vice-presidents of Hutzel's Board also assume new titles. DAVID D. WILLIAMS, of Lakeshore road, was named first vice-chairman; MARK D. LITTLER, of Webber place, second vice-chairman; and MRS. BENJAMIN E. YOUNG, of University place, third vice-chairman.

HAIR STYLES:

Fashion Show at the Grosse Pointe Yacht Club

Intercoiffure Bart Edmond Salon will present their American Premiere Showing of the three tools hair styling at Grosse Pointe Yacht Club, Nov. 19

Bart Edmond sketched one of the new marvelous basic hair cuts. Why we call it the flippiest cuts, "because it moves." Ronald Kotes added, "and it's perfect for the new look."

The Capilustro basic cut according to Bart Edmond and Ronald Kotes is "this unique art of haircutting is performed with three cutting instruments, two kinds of scissors and a razor. We also use a "Babylias" a new blow comb and we finish with the new improved Capilustro, the most sophisticated techniques in all hairdressing."

Bart Edmond said "Your hair is shaped so evenly and it is left so flexible it can be combed into a totally new hair style without sitting under a hot hair dryer, there is no setting with rollers, no pins and very little and sometimes no backcombing."

"The new Capilustro basic cut can be given to any length of hair—to mini, midi, maxi, because it is graduated into more layers. Despite this the hair will retain an overall look of length

and the length can be extended to 14 to 20 inches. It's the flippiest cut ever, it's loose and casual, I love it," said Ronald.

Edmond said, "It has been a long time since we saw so much enthusiasm. This fantastic haircut will give a whole new appreciation of what cutting mastery is all about. The teens are attracted to the new long cut. They don't want their hair piled high on top of their head. They want it loose in casual styles."

This Fashion Show is for members of Grosse Pointe Yacht Club and their guests. Anyone interested in this styling, call BART EDMOND SALONS — downtown, 45 East Adams and 13216 Mack Avenue, Grosse Pointe Woods — have hundreds of new ideas straight from Paris. They will show you the exact perfect haircut for you.

Mrs. David Girard is Her Sister's Matron of Honor; Lace and Pearl Appliques Accent Bride's Peau de Soie Gown

At home in St. Clair Shores are Mr. and Mrs. James Bruce Ballew, who vacated in Gatlinburg, Tenn., and the Smokey Mountains following their Friday, September 25, wedding in St. Joan of Arc Church.

Mrs. Ballew is the former Karen Ann Carl, daughter of Mr. and Mrs. William Carl, of Moorland drive. The bridegroom is the son of the James Ballews, of St. Clair Shores.

For her marriage the former Miss Carl selected a peau de soie gown featuring lace and pearl appliques. A matching lace and pearl cap caught her illusion sweet and she carried white Sweetheart roses with stephanotis.

She was attended by her sister Mrs. David Girard as matron of honor and bridesmaids Maureen Crysler, Nancy Jokiel, Mary Lu Van Hamper and Mrs. Donald Collins whose mint green frocks were accented with blue-flowered bodice detailing.

Their bouquets were fashioned of matching blue and green-tinted flowers.

Best man was David Girard. Ushering were Edward Jones, Frederick Orlando, Ronald McDaniel and Louis Pierfelice.

Liza Bommarito was flower girl, her brother Mark ring bearer.

The bride's mother chose a turquoise silk ensemble. The bridegroom's mother's dress featured a rose lace bodice and satin skirt. Both selected cymbidium orchid corsages.

This attractive white painted brick colonial is well located and well built but needs a modest amount of decorating to place in first class condition. The price has accordingly been generously discounted.

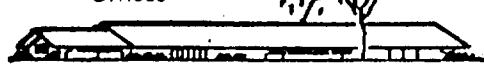

There are 4 bedrooms, 3 baths, a nice wormy chestnut paneled library with fireplace. An updated kitchen, breakfast room, screened porch, lavatory, games room and a 2-car attached garage. Considerable carpet and draperies are also included.

The site (80x180) is in an area of equally fine homes with a fine lakefront municipal park available. Just a few blocks away.

This is a prime offering and worth investigating. The stage is set for an excellent deal

Inside the Mothers Club

The many South High student activities during this past month—Ninth Grade Parents Night, Homecoming floats and dance, (top honors to the Key Club and Senior floats), the Pizza Party for Pointe Players, the Halloween Party, Back-To-School Night and last but not least the arranging of buses and chaperones for four out-of-town football games, by Mrs. Robert Wiegand—were successful undertakings due to help extended by South High Mothers Club chairmen and their committees, President Mrs. George Crockatt reported to the executive board in November.

Guest Speaker, George Edgington, assistant to Superintendent Dr. Theo Anderson, introduced by Mrs. Crockatt, discussed the Bond Election for the renovation of PGSHS scheduled December 7.

Grosse Pointe citizens will be asked to approve the spending of \$3,800,000 to cover the cost of demolishing the Quonset Hut and the rear annex building; construction of a new addition to replace demolished class rooms; and the remodeling of portions of the old building to meet current fire code regulations and to convert present science areas into 10 general classrooms.

"The Board of Education can only wage an information campaign," said Mr. Edgington. It is necessary to recruit as many volunteer parents as possible—both in high level and menial capacities—to help in the campaign. Any willing workers are urged to contact the Elementary School Principal in their District.

At the conclusion of Mr. Edgington's presentation the

Board voted to give \$25 to help pay for election flyers and to allocate \$150 toward the millage campaign.

Communication between South High and the Grosse Pointe Police Youth Bureau has been established, according to Mrs. Vorita McClure, faculty representative.

John Kendall will spend Monday and Wednesday mornings each week at the school talking with students, in the interest of preventing infractions. Mr. Kendall also will discuss problems confidentially with any concerned parents.

Mrs. McClure urged Grosse Pointe citizens to contact the Governor, their State Representatives and State Senators, (preferably by postcard or night letter), protesting Public Act 100 passed in July, 1970, as it has a stifling effect on the improvement of education in Grosse Pointe schools because it puts a ceiling on what a community can spend on schools.

It's To Be Heavenly . . .

The party they're planning, Grosse Pointe Woman's Club's Scholarship Luncheon, is shaping up as a "heavenly" affair—but what else would you expect when the fashion show's by Angel's, (of Mackinac Island)? There'll be time for card playing too next Wednesday afternoon, November 18, at the Grosse Pointe War Memorial's Fries Crystal Ballroom. MRS. THOMAS J. PEARSALL, (standing, left), is co-chairman of the affair with MRS. CALVIN J. GAUSS, (seated, right), as chairman. MRS. RICHARD STONER, (standing, right, Tuxedo 1-7307, and MRS. DALLAS E. NEWKIRK, Tuxedo 4-4290, are accepting reservations.

New officers of the 71-year-old Detroit Golf Club were formally installed Saturday, November 7, at the Club's top social event of the year, the Annual President's Ball. Honored guests were the Neal A. Waldrops, of Royal Oak, the Club's new President and First Lady who succeed Mr. and Mrs. William G. Burton, of Birmingham.

Other 1970-71 officers are Walter W. Gross, of Lakeland Avenue, vice-president; Robert E. Kilgore, of Birmingham, secretary; and Charles E. Grenier, Jr., of Birmingham, re-elected treasurer.

Among Pointers attending the party were Mr. and Mrs. Rex L. Brophy, Mr. and Mrs. Angus C. MacLeod (he's a past-president), Mr. and Mrs. John D. Reindel, Mr. and Mrs. Chester E. Blanton, Mr. and Mrs. Donald W. Jennings, Mr. and Mrs. Donald R. Mandich, Mr. and Mrs. Jack L. Otto and Mr. and Mrs. Frederick A. Kaiser (another past-president).

Wednesday Book Club Will Meet Next Week

The regular meeting of the Wednesday Book Club of Detroit will be held next week, November 18, at the Women's City Club and will feature a 12:15 o'clock luncheon and a program, "Living With Flowers," by Chuck Bannow, of Utica.

FOR THE MANY Education wasn't meant to be a way of raising geniuses—just a way of raising averages.

To give Grosse Pointe South High more awareness of bills being considered by legislators, Mrs. D. G. Schneider has been appointed as Legislative representative, according to Mrs. Cedric Richner, PTA Council representative.

Mrs. David Coolidge, Ninth Grade chairman, announced that the Ninth Grade party will be held November 20 instead of November 6, at the War Memorial. Tickets (\$1.25) must be purchased in advance. Mrs. Charles Rickett and Mrs. Fred Wicklund are chairmen of refreshments and chaperones, respectively.

"The Gifts," a movie sponsored by Mr. Richardson from the Federal Water Quality Commission, will be shown at the Central Library November 23 at 1 o'clock, according to Mrs. LaVerne Biasell, Health Education Council representative.

Invitations to the annual Christmas Tea Friday, December 4, at 3 o'clock in the South High Gymnasium will be sent to mothers with the monthly Newsletter, according to Mrs. Charles Boyce, Tea chairman. Mrs. Boyce hopes a large number of GFSHS Mothers and their guests will be there to enjoy the Christmas music presented by the A Cappella Choir under the direction of Leonard Raccinto against a background of Christmas greens with red accents.

Your support will be appreciated.

Mrs. Douglas Donald, membership chairman, again asks, "Have you paid your dues?"

December 8 will be designated "Father Patrick Peyton Day" in Detroit, and many Pointers will honor the famous priest that night at a benefit dinner in the Grosse Pointe War Memorial's Crystal Ballroom.

Father Peyton's slogan, "The family that prays together stays together," is as well known as were his Family Theater radio broadcasts of the late 40's. He will be in Detroit December 6 through 15 at the invitation of the Detroit Friends of Father Peyton's Prayer Crusade.

Plans for the December 8 benefit include a concelebrated mass in Fries Auditorium at 6:30 o'clock followed by a bowl of cheer at 7:30, dinner at 8 and a 30-minute premiere showing of the documentary "Father Pat."

Jack Haley, beloved Tin Man of the Wizard of Oz and ardent supporter of Father Peyton, will emcee the program. Local dignitaries present will include Detroit Mayor and Mrs. Roman Gribbs and television personality Toby David.

Baptist Women Hold Prayer Day

The Women's Missionary Societies of the Grosse Pointe Baptist Church and the Ebenezer Baptist Church gathered at the Grosse Pointe Church last Monday, November 2, at 9:30 o'clock for the Baptist World Day of Prayer. This Day is shared around the world by more than 14,000,000 Baptist women.

Following an informal coffee prepared by Naomi Circle there, was a meditation time in the chapel. Mrs. Walter Cooke welcomed the ladies and led them in the theme song, "All Things Through Christ."

Mrs. Robert Radcliffe detailed the background and purpose of World Day of Prayer. Begun in 1948 in Europe it was adopted in 1950 by the Baptist World Alliance as an international project.

Mrs. Edward Russell spoke on highlights of the Baptist

World Alliance meetings in Tokyo, Japan, in July 1970. "Reconciliation through Christ" was the theme of the meetings with 81 nations represented. After a quiet time of prayer the women recited together "The Lord's Prayer." For the benediction they joined hands and sang "Blest Be the Tie that Binds."

Christ Church Fair Set Next Thursday

Coffee Shop and Baby-Sitting Service to Operate All Day; Shuttle Scheduled from Memorial Church Parking Lot

Rain, snow, sleet, hail . . . nothing can stop the 1970 Christ Church Fair, opening next Thursday morning, November 19, at 9:30 o'clock, continuing until 4:30 o'clock at the Church in Grosse Pointe boulevard. But everyone agrees a crisp sunny day WOULD be nice.

Even if the weather doesn't cooperate, Fair-going shouldn't prove at all uncomfortable. There's a shuttle service scheduled during Fair hours from Grosse Pointe Memorial Church Parking Lot. That's an excellent place to park in the morning; in the afternoon, with no classes in session at South High School, the High's parking facilities right next to the Church will be available.

And a coffee shop for light lunches and refreshments will

be in steady operation. . . AND a courtesy baby-sitting service, with movies, will continue all day for small children.

A new DIVISION (it's called that because it's so much larger than any single booth), at the Fair this year is Arts Unlimited, headed by Mrs. David Tyler and Mrs. Stanley Dolega who have arranged for approximately 20 artists and artisans to exhibit in Miller's Hall, a separate building just a few steps behind the main church.

They'll be displaying art in

Pyramid Parties Will Benefit Symphony

Explaining how Pyramid Parties, a new-to-this-area idea in fund-raising, will bring thousands of dollars to the Detroit Symphony Orchestra is MRS. RAY W. MacDONALD, of Lochmoor boulevard, (left), co-chairman of the Women's Association for the Detroit Symphony Orchestra project. She's talking to MRS. JOHN B. FORD, (right), who invited eight fellow Symphony-supporters to her East Jefferson avenue home recent-

ly for the first Pyramid Party, and MRS. HENRY EARLE, of Cloverly road, one of the eight. Mrs. Earle and the seven other guests each contributed \$1 to the Symphony—and each promised to invite seven friends to a similar party, with each of the seven each contributing \$1 . . . Then each of the seven invites six . . . Each of the six invites five . . . and so on, and so on, parties, and dollars, proliferating all over the place.

a wide variety of mediums, including painting, metal sculpture and pottery (among others) and several will demonstrate their talents throughout the day for Fair patrons.

Among the exhibitors will be Pointers Julia Ford, who specializes in oil miniatures, Kathy Kier, noted for her whimsical watercolors and pen and ink sketches, Marguerite Joseph, who works in oils, acrylics and watercolors, Margaret Pankhurst, who's concentrating now on acrylics on wood and metals, Sonja Preuthen, whose medium is silver and copper on enamel, and Donald Schrom, showing watercolors with pen and ink.

Other metropolitan Detroit area artists and craftsmen will exhibit everything from needle-

pointe to hand-dipped candles, from stained bottles and vases to hooked rugs and wall hangings, from caricatures to serigraphs.

The Youth Booth, whose workers are teens in the ninth through 12th grades, is another new Fair department. Its young volunteers have pitched right in to help and exhibit along with the older, more established groups.

Youth Booth chairman Valerie Vinci, assisted by Sue Champion, promises a wide collection of rope belts, paper flowers, Indian bead necklaces, decorative glass flower arrangements and key chains.

There'll be a Book Shop under the direction of Mrs. Richard Hinks and Mrs. John

Watkins, Christmas Ornaments and Christmas Decorations, chaired by the Mesdames Charles W. Morris and Jerry Nissen and the Mesdames Ralph Bower and Thomas J. Reghanti, respectively, Mrs. Robert E. Valk's Garden Shop and Mrs. John D. Bayne's Country Kitchen.

Mrs. Charles Insely and Mrs. William Peattie are in charge of Santa's Sack, Mrs. Gaston Lathrup and Mrs. Benjamin Long of the Paris Table, Mrs. Donald McKnight and Mrs. Nelson Holland, Jr., of Serendipity, Mrs. David Spierling, Mrs. Robert Rousseau, Mrs. Robert D. Williams and Mrs. Philip Gould of New Horizons, Mrs. Allen Ledyard and Mrs. David Phillips of Knitting.

Mrs. Joseph Caskey heads the Needlepoint workers. Decoupage has been the responsibility of the Mesdames Robert Tomlinson, F. E. Keydel and Eric W. Stroh, while heirlooms, antiques and objects d'art for the Collector's Corner were amassed under the aegis of Mrs. Charles B. Johnson, Mrs. William E. Tily and Mrs. W. Brace Krag.

Chairing the various Fair service committees (staging, volunteers, supplies, et cetera), are the Mesdames George A. Nicholson, III, Ralph McElvany, Reuben M. Waterman, Joseph A. Vance, Jr., Don Rickelman, D. Valley Stuart, William R. Ludwig, Simpson C. Leonard, Albert D. Thomas, Charles F. Tropp, Harry A. Carson and John E. Park.

Mrs. William Atkins, of Devonshire road, is general Devotion Fair chairman. Her co-chairmen are Mrs. J. Jenness Newcomb, of Whittier road, and Mrs. John M. Lesesne, of Oxford road.

Assisting treasurer Mrs. Edward Book, of Oxford road, is Mrs. Boyd Horne, of Handy road. Mrs. Harry Kurrie, of McKinley avenue, serves as corresponding secretary, Mrs. Antony J. Vinci, of Lakecrest lane, as recording secretary.

Fair proceeds provide funds for the Christ Church Episcopal Women's budget for the next two years. Mrs. Mark Elbridge is current president of the Episcopal Church Women at Christ Church. Mrs. Richard Beadle is president of the Young Episcopal Women.

Receiving the 32nd degree in Scottish Rite of Freemasonry November 7 were CLARENCE L. SIULLIARD, JR., of Buckingham road, SAM CARLOW, of Holiday road, CHRIS J. COTZIAS, of Chalfonte avenue, MAURICE F. EDMONDS, of Mack avenue, N. JOHN RYAN, of Anita avenue, and RUSSELL L. CHAPMAN, of Huntington boulevard.

Grosse Pointe High School graduate KIMBERLY EVANS, daughter of DR. and MRS. GOMER P. EVANS, of Berkshire road, is represented by an acrylic painting entitled "Still Life" in the Carnival of the Arts exhibition funded and circulated by the Iowa Arts Council. Kimberly is a member of the Grinnell College Class of 1971.

Busy November For Pettipointers

These are busy days for the Pettipointer Chapter of Quilters which joined the Pear Tree Chapter this morning on a journey to the Toledo Museum just across the Michigan-Ohio border.

The Pettipointers' regular monthly meeting is next Wednesday, November 18. They'll gather at Mrs. Paul Wehmeier's Grosse Pointe boulevard home at 12:30 o'clock. Member Mrs. Henry Cornillie will present a

study paper on Victorian Art Glass.

But before the "regular" meeting there's a special evening planned for Pettipointers AND husbands: This Saturday, November 14, Mr. and Mrs. Ebert O. Warren's home will be the scene of a potluck supper with a "twist." The game's to see how many authentic antiques friends can detect in the Warrens' Kenwood court home. After supper Mr. Warren will talk on Early American Tools.

Dies Attending Parents' Night

What started out to be an informative and pleasant evening ended in tragedy last Wednesday night for the Jack Stills, of Lincoln road. The Stills were attending "Parents' Night" at South High School, visiting their daughter, Elizabeth's classes.

Mr. Stills was in the hall leading to the boys' gym around 9:30 p.m., when he suffered a coronary thrombosis. The Farms Fire Department was called immediately and a plea for doctors sent over the public address system. Several doctors came to Mr. Stills' aid. Farms firemen Gary Luzier and Jack Fischer arrived on the scene and gave Mr. Stills a mouth-to-mouth resuscitation, then rushed him to Bon Secours Hospital, where he succumbed shortly after admission.

Mr. Stills' major interest was a current fund raising drive for The Sheltered Workshop of Northeast Regional Program for the Retrainable Retarded. Memorial tributes may be made to the workshop at 1742 Newcastle, Grosse Pointe Woods, 48238. Mr. Stills was also a member of the Grosse Pointe Association for Retarded Children.

He attended North Park College in Chicago, Ill., and the University of Illinois. He was a 23-year employe of the Imperial Knife Company of New York.

He is survived by his wife, Carol; three daughters, Nancy, 21, Elizabeth Ann, 15, Susan, 18; his mother, Mrs. Glade Stills of Chicago, Ill., and a sister, Mrs. Ernest McBride. He was the son of the late Glade Stills. Memorial services were held in the Grosse Pointe Unitarian Church on Monday, November 9.

Interment was in Rosehill Cemetery, Chicago, Ill.

Tea Planned To Form Arnold Home Auxiliary

The Arnold Home is planning a Get-Acquainted Tea Friday, November 20, at 2 o'clock in the Activity Room of the Caulkins Building at the Home, West Seven Mile road near the Southfield Expressway.

Purpose of the party is to organize an Auxiliary for the Home, well-known as a voluntary, non-profit, non-sectarian residence for the care of the aged. It is licensed for 505 beds. Its residents and patients come not only from the immediate area, including the eastern suburbs, but from many points throughout the United States and Canada.

The Auxiliary's purpose will be to promote the well-being of Arnold Home residents. Its efforts will be devoted exclusively to this purpose; the Home has been functioning nearly 75 years and is completely self-supporting.

The Auxiliary is planned to include male members as well as ladies, and there will be future evening meetings to accommodate those who are not free during the day.

Everyone interested in the Arnold Home is invited to attend the tea. Phone calls may be directed to Miss Florence K. Theiler, administrative assistant, KE 1-4001, Extension 43.

Anyone whose husband or fiance is stationed overseas or away from home is welcome to participate in Waiting Wives. The purpose of the club is to share loneliness and common problems. Many projects are in the planning stage and cards and theater parties are continuing activities.

If a ride or more information is wanted, Chaplain Turner, Club sponsor, may be contacted at Selfridge Air Force Base, 465-1241, extension 2611.

Hope may be listed as an asset, but it is also responsible for a great deal of wasted time.

Reports Shotgun Stolen from Car

Harold Boyer, Jr., 440 Lake-land, called City police on Tuesday, November 3, to report the theft of a shotgun from the rear seat of his car on that date.

Mr. Boyer told officers that he had placed the shotgun, which was in a leather case, in the rear seat of his car and covered it with a bag. He then went to the polls to vote and then to Detroit.

He discovered the theft around 2:45 that afternoon. The shotgun was a German made Sauer, 16 gauge, double barreled with the serial number 191540. The breach of the gun was engraved with a pair of spaniels and the stock was made of "Tiger Tail" walnut.

Mr. Boyer indicated that his car could have been entered while parked in the Michigan Bank garage. The vent window had been forced and the handle removed. City police notified Detroit police of the theft.

Junior League Aids Drug Fight

Business on the agenda of the Board of Education meeting on Monday, November 9, included an announcement that the Junior League of Detroit had donated \$800 to the Grosse Pointe Public School System for an In-Service Drug Abuse Program for teachers and parents. Dr. Joseph Spagnoli, assistant superintendent of instruction, indicated that the program will become operational this January. He said originally the program was slated to begin Monday, October 25 but was postponed due to low staff enrollment.

Mrs. Barbara R. Thompson formally thanked the League for their gift and interest in this community problem.

Mrs. Thompson also formally thanked Representative Robert E. Waldron for his 16 years' service in the legislature and his continued interest in education and the school system.

A formal note of sympathy was extended to the family of former mayor of the City of Grosse Pointe, David Burgess who died last Tuesday, November 3, by Mrs. Thompson for the entire Board.

Pointer of Interest

MISS MARIE LOUISE ANDERSON, OF CRANFORD LANE

By Janet Mueller

She DOES something to people. For instance: The trio to whom she sold tickets for the recent Grosse Pointe Garden Center House Tour, with whom she chatted in the Garden Center's Room at the Grosse Pointe War Memorial, telling them about the Center's work and purpose, explaining the Garden Library the Center maintains, how it had just been re-evaluated and re-arranged, some older and less useful books eliminated, how new books are always welcome...

A few days after the Tour, two new books arrived. And with them a letter, addressed to the Grosse Pointe Garden Center "Ladies:" "We hope," wrote the donors, "you will find these books to be of some use in your library."

"We are offering them IN HONOR of a very rare species blooming in your Garden Center. That's the Wrong Way Corrigan down in the corner of one page. And a story on a particularly wise gentleman headlined: "Father At 87 Is Unimpressed."

Marie Louise, chuckling over that last one: "I just love people! A young and old..." "Another scrapbook, (we haven't touched on a quarter's worth of the last, but it's time to be moving on: There's so much, so much...)"

"People in the Arts and Entertainment World." Here's Mary Garden — "We saw her in Salome"—and Geraldine Farrar's autograph and a letter from Blanche Thebom. Marie Louise Anderson has always loved opera.

Here's Sarah Bernhardt and an article on Lillian Russell from the 1912 Chicago Sunday Tribune. Here are Anna Held and Maude Adams, the Barrymores and Billie Burke, Doris Keane—"We saw her in 'Romance', three times. That was a beautiful play."

Here are practically all the Miss Americas, "good old Arthur Godfrey," Clark Gable, Florence Henderson, Gertrude Berg, Bette Davis, Dean Martin—"I love him!"—Marilyn Monroe... and Johnny Carson.

Tribute To Carson Mr. Carson's reason why Marie Louise invested in a portable TV for her bedroom. It beats falling asleep in a downstairs chair... and waking up a few hours later with a krick in your neck.

Marie Louise's "Bridal Book," (again, we haven't touched on a quarter's worth of the last...) Invitations, thank-you notes, newspaper clippings. "All the young brides whose weddings I've attended." The Ford Bantynes, Jr., and Benson Fords, the William Loring Newmans, the Charles Waterfalls, Jr., the Arthur T. Waterfalls, II, Mr. and Mrs. Philip A. Gillis...

Marie Louise, looking at a later photograph of Mrs. Gillis, with three children: "She has five now. All my young marrieds have five and six children."

Poetic Family Poetry: "I've written some, and so has my brother." Their English cousin, John Redwood Anderson, has been compared to Milton.

Marie Louise's family: Oh, if only we had time, had space... This lady deserves a book! William Ellery, a signer of the Declaration of Independence, is one of her ancestors. She's a collateral descendant of Stevens Thompson Mason, first Governor of Michigan.

Marie Louise, musing over her Grandmother Anderson's diary, record of a trip to Russia in 1835: "What she wrote...

ments. For a shining Christmas memory, how about a piece of gleaming old cut crystal from a brand new selection at 15309 Mack at Beaconsfield... 884-4421.

Beauty Mecca... the Grosse Pointe Coliseum has become a tradition among the beautiful ladies of our community. They throng to 20335 Mack and Eight Mile where beauty expert Miss Lucy, trained in Belgium, lampers you with pedicures and manicures and a staff of stylists adds glamor with flattering hair fashions. Call 881-7252 or 881-7490 for an appointment.

It's A Knockout... Watch for The Sphere's new color Christmas catalog just mailed November 9th.

of Russia then could be written about it today."

Marie Louise's drawings: Always the Artist.

Here's an exquisite group of pre-World War I high fashion pencil, ink and watercolors, exhibited for three months (promised for one, held over for two more), in the Historical Museum's Collector's Corner.

Interesting Sketches

Picture a young girl in Chicago, standing on front of store windows where the very latest Paris creations have just gone on display, making quick sketches and notations of fabrics, colors, for later, careful detailing.

Picture a child in boarding school, so proud of her well-drawn cow — until somebody shows her it only has three legs.

Marie Louise has kept the high fashion sketches. And a photograph of her magnificent horses. And the cow.

Marie Louise always COULD laugh at her herself.

One more scrapbook now: The Gardening One.

One could picture Miss Anderson anywhere, anytime, coping with any situation... but always surrounded by growing things, NEVER without a garden.

Marie Louise, on the Grosse Pointe Garden Center:

Was First President "It was established in 1949 by Vincent R. DePetris, who was too busy with his many floral activities to give it his full attention, and I was drafted to be its first president, serving from November 1950 through 1951 and '52."

"We were given a room, Mrs. Russell Alger's own bedroom, in the Grosse Pointe War Memorial Building. And a subsidy of \$50 a month, which would not go very far toward a salary for a directress and establishing our Trial Gardens.

"Every Garden Center president is liaison on the War Memorial Board. So I went before the Board and obtained permission to start a membership drive, and I set a goal of 1,000 members and 1,000 books for our Garden Library. And first of all we made Mrs. Alger and Mr. DePetris honorary members."

Since 1952 Miss Anderson has been the Garden Center's membership chairman, "with the able assistance of Miss Christine Edwards and our present directress, Mrs. Harry Frost."

How Library Started Marie Louise, on the Garden Center Library: "It was started with contributions of large collections of garden books from the libraries of prominent and generous Grosse Pointe families and the Southeastern Horticultural Society, and climbed to nearly 1,700 volumes which have recently been catalogued.

"This summer the Library chairman, together with our present president, Mrs. James Lifer, eliminated some of the older and less useful books."

But the Library's still well over 1,000 volumes. For it's always been a "living" library, constantly re-juvenated by new and up-to-date additions, treatises on every subject, including flower arranging.

"These have been gifts, or purchased from our Library Fund from year to year, or donated 'In Memoriam' and entered in our Memorial Book."

For the last 10 or 12 years the Center has gone over — or very close to — Marie Louise's two decades' ago goal of 1,000 members.

Two Annual Events "And along the years we have established our Annual House Tours and, through the generosity of Mrs. Raymond Berry, the Berry Memorial Lectures."

This year's Berry Memorial Christmas Lecture is scheduled for December 4. "And we've sponsored horticultural exhibits, lectures and workshops on garden subjects and Bonzai Workshops under

Mrs. Harley Higbie and Mrs. Harold Bailey."

Marie Louise, on her other than - Grosse - Pointe - Garden-Center garden activities:

"Besides the Grosse Pointe Garden Center, my other interest is Woman's National Farm and Garden Association."

She shares with her mother the distinction of more than 50 years' Woman's National Farm and Garden Association membership.

Miss Anderson has been president of Grosse Pointe Farm and Garden Club, the original Farm and Garden Association Grosse Pointe Branch. She and her late mother were among its founder members, Mrs. Frederick Campbell its first president. Marie Louise and Mrs. Campbell both are honorary members now.

Years of Service "I have served six years on the (Association's) Michigan Division Board, three years as treasurer and three as recording secretary, and six years on the National, three on the Council and three on the Executive Board."

(Here Marie Louise adds a proud Pointer's note: "And our Mrs. Lynn McNaughton is Honorary National President and honorary member of the Grosse Pointe Branch.")

One sentence more: Marie Louise concludes her Public Garden History: "I am and have been for many years parliamentarian and revisions chairman of both the Grosse Pointe Garden Center and the Grosse Pointe Farm and Garden Club."

Her private history, her own garden... well, that's another story. Maybe she'll tell it to you one day. Now THAT's something to look forward to!

who, where and whatnot

We never... were in Marie Louise Anderson's home in Bedford road, and judging from the "remnants" in her present Cranford lane quarters, we know we missed something... and we missed today's Pointer of Interest's Bedford road garden, too—now THAT, we understand, was glorious!... But we can re-construct the mood of those earlier times and places thanks to Charles V. Anderson, who titled this moving tribute to his young-er sister during her Bedford road years...

GARDEN VALEDICTORY

In league with sun and rain all summer long
She tends her garden and the blossom host
Reflects her care, as in a teeming throng
They flourish far beyond her modest boast.
Her love is lavish as her flowers grow
In sunny rows or pose in a bouquet;
But her affection seems to brighter glow
In every armful that she gives away.
Content indeed, yet once each year she weeps
When early frost arrives and in soft stealth
Blights her beloved flowers as she sleeps
To overnight despoil her of her wealth.

L'envoi

But comfort always comes in faith to bring
The re-assurance of another spring.

Flash from Manhattan: Did you know that Grosse Pointe's gift to national TV, "Nancy" co-star John Fink, has turned restaurateur with an interest in O'Neal Brothers, the Swinging tavern in Columbus Avenue that's the latest venture of Patrick and Michael O'Neal who own and operate the famous Ginger Man and O'Neals' Balloon, both at Lincoln Center? Pat's the actor, Mike the husband of another ex-Pointer, the former Christie Covey—the new baby, their first, is named Georgia Covey O'Neal... Mike, by the way, is thinking of opening up a Grosse Pointe branch of the family business... and calling it "Chris Covey's Husband's Place!"

If you had a toothache... last night, and tried to put in an emergency call to Dr. Stanley A. Mackenzie, of Lochmoor boulevard... and couldn't reach him, we'd like you to know that Dr. Mackenzie had a Very Good Reason for not being on call... He was at a family dinner helping his mother, Mrs. J. F. Mackenzie, celebrate her birthday... her 100th BIRTHDAY... Born Melinda Stanley in Purple Grove, Ont., November 11, 1870, Mrs. Mackenzie came to Detroit in 1892 and has lived here ever since... She now makes her home with her daughter, Mrs. Charles F. Goodenow, in Northwest Detroit... and was guest-of-honor at a reception hosted by the Clan Mackenzie, (including two other sons, Dr. Earle D. Mackenzie, of Southfield, and Kenneth F. Mackenzie of Detroit) at Calvin Presbyterian Church last Sunday...

Not only... is he honorary chairman of the Fourth Annual Autumn Lecture Dinner sponsored by Detroit's Friends of Polish Art... BUT during the evening, (that's Saturday, November 21, at the Georgian Inn's King George Room), Malcolm Johns, of Rivard boulevard, associate professor of Music at Wayne State University, will receive the "Amicus Poloniae" badge, awarded on behalf of the editors of "Poland" magazine in which he was cited this September for his contributions in promoting Polish music... General Dinner chairman are Mr. and Mrs. Henry C. Pytell, of Lothrop road... and Mr. Pytell will be serving as master of ceremonies...

A little later... in the Autumn Lecture Dinner celebrations, Dr. and Mrs. Vincent C. Chryppinski, of Trombley road, will assist Noreen Smialek-Sinclair, Friends of Polish Art cultural and musical chairman, in a special presentation, turning over the group's \$1,000 Karol Szymanowski Biography Fund to the Kosciuszko Foundation of New York...

PILFERINGS

In his book of reminiscences "The Happy Time," Robert Fontaine tells of his Uncle Desmond, who once said that he wished during his last meal on earth to drink wines and to have with him the six most beautiful girls in Canada, wearing black net stockings, long gloves, picture hats, and nothing else. "Is this a good thing or an evil thing?" Robert's father asked the priest, Father Sebastian.

"It all depends." Father Sebastian replied, "on the choice of wines."
