He is survived by his parents, Mr. and Mrs. Charles R. McKinley; and a sister, Linda.

Dr. Lynn M. the youth of America will live on through the establishment of the Lynn M. Bartlett Educational Fund at the University of Michigan.

Dr. Bartlett was an educator with visions for the education of every child. He felt that no child in the country should be diminished by a lack of full opportunity for a good education. He said only in this way could a person stand at full stature and serve his fellow man accordingly.

Dr. Bartlett earned his BA and MA degrees from the University of Michigan. His grad-

uate studies included work at Teachers College, Columbia University, and Wayne State University.

He earned his Ph.D. from the University of Michigan in 1954. He did his doctoral dissertation on "The Relation of Visual Defects to Reading Ability," at U. of M.

His professional experience included posts as a teacher in Cherry Creek, N.Y., an assistant at the Bureau of Educational Reference and Research at the University of Michigan, an instructor at Eastern Michigan University and The University of Michigan, a lecturer at Wayne State University and Michigan State University; psychologist at the Psychological Clinic, Detroit Public Schools, State Superintendent of Public Instruction, assistant secretary for education and special consultant to the U.S. Office of Education.

Dr. Bartlett was a member of Phi Delta Kappa, National Honorary Educational Fraternity and Phi Kappa Phi, National Honorary All College fraternity.

He received many honors and citations. Among those were citations for Meritorious Service in Michigan from the Congress of Parents and Teachers, Detroit Chapter Association of Parents for Retarded Children, Michigan State Administrative Board, Future Farmers of America and Future Homemakers of America.

On two occasions he received awards from the Michigan State Fair Commission for outstanding service to Michigan education.

He was a Regent Emeritus at U of M and a Trustee Emeritus at Michigan State. He was presented with an honorary LL.D. degree from Northern Michigan University. He is listed in Who's Who in America and the recipient of the highest civilian meritorious service award from the Department of Defense.

Dr. Bartlett served on a numerous educational committees, commissions and boards and was a member of a number professional organizations.

Trio of Youths Facing Charges

Mario D. Dilisio, 18, of 19350 Fairport, Detroit, was arrested by Farms police on Saturday, December 26, and charged with carrying a concealed weapon, illegal possession of alcoholic beverages, and wilfully failing to obey a police officer's order to stop.

The latter charge resulted when the youth drove his car away after he was commanded to remain where he was, it was disclosed.

Two companions of Dilisio, identified as Daniel J. Krajewski, 20, of 19401 Fairport; and Andrew J. Bosaglia, 19, of 4686 East Outer drive, both of Detroit, were charged with illegal possession of liquor.

According to a report by Patrolmen Otto Glanert and Ronald Wooten, a complaint was received from a citizen that three youths were in an automobile on Vendome road, near Kercheval, drinking.

The officers said that they approached in their scout car, coming south down Vendome, and observed the vehicle with three occupants. The car bore Pennsylvania plates, the policemen said.

As the patrolmen pulled up alongside the parked auto, the driver, Dilisio, started his motor, and was ordered not to leave by Glanert, who got out of the police car and approached on foot. Dilisio drove away, refusing to heed a second command from Glanert to stop.

Glanert jumped back into the police car. The policemen pursued the other auto north on Vendome and then east on Ridge road.

At 272 Ridge, the patrolmen saw tire tracks going into the circle drive. Wooten blocked one end of the drive with the police vehicle, and Glanert ordered the occupants of the pursued car to come out with their hands in the air.

A search of Dilisio by Wooten, produced a four and one-half inch blade hunting knife in Dilisio's jacket pocket.

The officers said that they recovered and tagged as evidence, a fifth of whiskey which had been tossed out of their car window by the youths. Also picked up, at Ridge and Vendome, where it had been tossed out, was a case, containing 22 empty beer bottles, and one full bottle. Another full bottle was recovered in the circle drive, the policemen added.

The three young men were taken to the station where they were booked and charged.

Dilisio was released on \$50 bond, and Krajewski and Bosaglia, posted \$25 each. They are scheduled to appear before Farms Municipal Judge Robert Pytell on February 10.

Boat Club Has New Publisher

President Donald H. DeKeyser of Detroit Boat Club announces the appointment of Detroit Publication Consultants as publisher of the club's monthly magazine.

The company will begin 11-times-per-year publishing of the Boat Club magazine in February. It will bear a new name, "The Boat Club."

SKI RACK STOLEN

Thomas K. Koenig of 20258 Fleetwood, Harper Woods, personally reported at the Farms police station on Friday, December 18, that someone had stolen his ski rack, valued at \$40, mounted on the trunk of his car. He said the vehicle was parked on Kerby road, near Mack avenue, when the theft occurred.

cluding a white mink stole worth \$850 and seven fifths of liquor missing worth approximately \$42.

Guzelet left all the lights on in the house, locked all the doors and left the family dog in the house when he left around 5:45 p.m. Not long after, burglars gained entry in the side door, apparently kicking it, police say, and ransacked the master bedroom while taking \$385 worth of coins.

Included in the stolen loot were 84 unrecirculated silver dollars worth \$275, 240 quarters worth \$60, five 1970 proof sets of coins worth \$25, and five 1970 unrecirculated sets also worth \$25. After ransacking the bedrooms, the burglars took the mink coat from a closet near the front door and made their escape.

Woods Detective Everett Plumb and Patrolman Wayne Baum found footprints leading from the rear door around the back to the master bedroom, and followed prints in the snow leading down the front porch, across the lawn, and down Kings Court, where they disappeared. Police questioned the neighbors in an effort to obtain more information.

Police say burglars gained entry through the front door Wednesday, December 23 between 1 p.m. and 8:30 p.m. at the home of James Argy, 1598 Huntington to find \$781 in tens and twenties, part of the \$1,000 worth of loot taken.

Sometime during that afternoon and early evening, thieves ransacked a bedroom to take a man's watch worth \$100, a man's ring containing a blue stone worth \$85, and a vanilla-colored envelope containing the money, that had been under the bed. Another \$25 in an envelope was overlooked by the burglars.

On the side of the front door, four long scrape marks were found that may have been made by a screwdriver, and five indentations on the outside of the door that detectives say were from a crow bar used to pry the door open.

A back porch door was also found open but police found no footprints in the snow at the rear of the house. Various photographs were taken and police made inquiries of the neighbors.

Six Cases Heard By Farms Judge

Six persons charged with law violations appeared before Farms Municipal Judge Robert Pytell on their scheduled court date Wednesday, December 23. Twelve others who failed to show up in answer to summonses, now have warrants against their records, signed by the judge.

Jean C. Knapp of 598 Cadieux road, charged with ignoring a red traffic signal, will appear at a new trial date set for January 27.

Mary W. Dillon of 1791 Oxford road, originally accused of driving while under the influence of liquor, was tried on a reduced charge of driving while her ability was impaired. She was found guilty of this charge and fined \$175 and assessed court costs of \$25, and placed on probation for one year.

McCoy H. Yancy of 3728 Crane, Detroit, charged with failing to stop within an assured clear distance ahead and causing an accident, had the charge dismissed because of lack of a witness.

Donald C. Goodall of 3772 Iroquois, Detroit, was found guilty of improper lane usage. He was placed on probation for a period of six months and fined \$25. His operator's license is being held by the court.

Gary R. Brunas of 14985 Novara, Detroit, was found guilty of operating a motor vehicle with defective equipment. He was fined \$15.

James M. Guinness of 5926 Radnor, Detroit, entered a plea of not guilty to a charge of failing to yield the right of way and causing an accident. He is scheduled for a reappearance for trial on February 10.

Trustees Praise Shores Officers

The Grosse Pointe Shores Village Board of Trustees voiced its appreciation of the performance of its public safety officers with an official resolution presented to Chief Joseph Vitale at their regular council meeting Tuesday, December 22. The resolution, signed by

Village Clerk Clifford B. Lorange and President Gilbert T. Jerome, was unanimously approved after a motion and support by Trustees Gerald Schroeder and C. F. Ogden. It reads:

WHEREAS the Village of Grosse Pointe Shores has operated a Public Safety Department almost since the incorporation of the Village in 1911, and

WHEREAS throughout the years the members of the Public Safety Department of the Village have provided outstanding police and fire protection to the residents of the Village, to the end that the department has become one of the antecedents for the security enjoyed by its residents, and

WHEREAS in recent months officers of the Department, through their dedication to their work, have instilled in the rank and file an awareness of the benefits and department through the performance of duty above and beyond that usually delivered, to the end that the Village Council has been in receipt of a number of letters of commendation and appreciation, not only for routine police work, properly done, but also for the out-of-ordinary deeds of thoughtfulness and kindness, unfortunately so seldom found in the world today, and

WHEREAS the Council of the Village is sincerely appreciative of the good will engendered by the members of the Department, and desires that the spirit dominant in the organization continue, now

THEREFORE BE IT RESOLVED that the Council of the Village of Grosse Pointe Shores does hereby commend the members of the Public Safety Department for the exemplary manner in which they are performing their duties.

Drug Education Unit Sponsored

The Grosse Pointe Jaycees are sponsoring the appearance of the Michigan Jaycee Mobile Drug Education Unit in The Village through this Saturday, January 2, instead of one day as previously announced. The van will be located on Kercheval, in front of Jacobson's, and will be open from 9 a.m. until 5:30 p.m.

John Dzurman, Jaycee drug chairman, told the NEWS that the Grosse Pointe Jaycees want to join the fight against drug abuse in The Pointe communities. He said, "Our program is meant to be preventive in nature. The van will be filled with information on the problems and effects of misuse of drugs."

There is an area in the van for private rap sessions where anyone who so desires can privately learn of the immediate and long range effects of drugs, personal motives for taking drugs, preventive measures and treatments for drug abuse.

"Our organization is extremely interested in the drug abuse problem because most of us are still under 30 and either have brothers or sisters or children of our own facing the problem daily," said Mr. Dzurman.

The van will be partially staffed with members of Open City, an organization in which the youth of the Pointe recently have shown an interest in by raising almost \$2000 in order to assist it in continuing its services to youth in the Metropolitan Detroit area.

Mr. Dzurman continued, "We would like to personally extend an invitation to all the citizens of The Pointe to take advantage of the opportunity to see this unit. We feel everyone will learn a great deal about drug abuse and through this knowledge be able to help in the fight against drug abuse."

According to Mr. Dzurman Drug Week will not be the end of Jaycee involvement in the drug abuse fight. Members plan a rap session for all interested citizens in the near future. For further information contact Mr. Dzurman at 882-1972.

THEFT REPORTED

Anthony J. Picurro of 15667 East Seven Mile road, Detroit, told Farms police that he parked his car in the Cottage Hospital lot on Wednesday, December 23. When he returned to it, he discovered three hubcaps missing. A witness stated that three youths were seen cruising through the lot, but fled when he came out of the building. Picurro said the caps were valued at \$20 each.

D'you Know That?!

The horror one feels at the sight of SNAKES is ill-founded... Only a few are poisonous.

Of the 300 American species, only one tenth are venomous. These are, 26 varieties of Rattlesnakes, two Corals, one each of Copperheads and Moccasins.

Actually most snakes are beneficial. They do away with rats, insects, and other poisonous snakes. And, while no one will admit it, snakes surely have much to be admired. After all, who else in this day and age can still make both ends meet?—Snakes can!

Cottage Receives Building Funds

Cottage Hospital has received a commitment for mortgage financing for completion of its \$7 million building program which will be completed by the end of 1971, according to Ralph L. Wilgarde, hospital administrator.

"A group of savings and loan associations, led by Cottage Hospital's neighbor, Colonial Federal Savings and Loan Association on Mack avenue, has made a commitment for a \$3.5 million mortgage," Mr. Wilgarde said.

The five associations are Colonial Federal Savings and Loan, Detroit and Northern Savings and Loan, Metropolitan Federal Savings and Loan, Standard Federal Savings and Loan, and Surety Federal Savings and Loan.

"Cottage Hospital is a voluntary, non-profit hospital which is a vital force in our community," Robert E. Powers, president of the Colonial Federal Savings and Loan Association, said. "It offers medical care of high quality and is entering new areas of service. We are glad to cooperate with Cottage in its building program."

Construction of a new wing to the hospital building began in September 1969. "The new addition will in-

clude a mental health unit, a continuing care facility, new departments of physical medicine, intensive and coronary care, and expansion of the emergency room, surgical suite, radiology and laboratory," Mr. Wilgarde said.

Also, present facilities will be modernized and renovated, and electric, steam, waste and water lines in the oldest section of the hospital will be replaced, he said.

Architects for the new addition are Cudde-Gillette Associates and the construction work is being done by Edward V. Monahan, Inc.

40 MEN* ...on Michigan's Conscience!

*Michigan's Most Wanted Men

There are more than 1,500 men missing in action in the Southeast Asia War - - 40 of them from Michigan. We know very little about them, for neither the Viet Cong nor the North Vietnamese Government has released their names to the Red Cross or to any other group.

Government appeals have made no impression on the captors and many families have the feeling that no one cares much what happens to these men. It is known that many POW's were left in Korea following that war.

We cannot let that happen!

WHAT CAN I DO?

We know the North Vietnamese and the Viet Cong care nothing about the U.S. government's attitude, but THEY ARE CONCERNED ABOUT INDIVIDUAL ATTITUDE!

THEY WILL PAY ATTENTION TO WHAT YOU THINK!

CAPITALIZE ON THIS, BY WRITING TO THEM, ASKING FOR IDENTIFICATION OF THE MEN AND FOR HUMANE TREATMENT FOR THOSE PRISONERS!

There is strong indication that the Viet Cong and the North Vietnamese people would like to "appear" honorable and humane before the American People and before the World. They are concerned about what you, as an individual, thinks of them. They will pay attention to what you think. WRITE. Capitalize on this, by writing to them, asking for humane treatment for these Prisoners.

These are the Men!

Here are 27 of the 40 Michigan men thought to be prisoners of war!

We are not allowed to list their home addresses or home towns, but here are their pictures, and their names.

Some have been prisoners or missing for more than 5 years! In that time their children have grown up without fathers as the mothers try to keep the memory of their fathers alive.

Mothers and fathers of these men have grown old with grief and anxiety; some have passed on without knowing the fate of their sons.

Holidays are clouded with sadness; special family days have lost their meaning.

These are the men - - and their families - - in whose behalf this appeal is directed!

A NEW YEAR'S RESOLUTION!

To start 1971 - - -

This is the holiday season for Americans - - Americans at home, that is!

It's the season of Christmas and gifts, good food, church services, New Year's Eve and celebrations - - a time of joy and a season of friendship.

With all the enjoyment you've had, would you now give JUST 20 MINUTES AND A FEW CENTS to help someone who did not celebrate Christmas and New Year's Day?

Please write today, to Madamn Binh, and ask her for names of prisoners, for reports of their condition, for compassion on their behalf.

Think of how much more the holiday season will mean to an American family, if just one POW's loved ones hear of him because of THE LETTER YOU WROTE!

Your Letter Can Influence Them . . .

Council Denies Tavern License

In official action Monday, December 21, the Woods City Council upheld a city ordinance first adopted by voters in 1952 which, in effect, froze the issuance or approval of any additional liquor licenses.

John Sheker, owner of Car-men's Pizza, 20745 Mack, had written a letter to the city re-

questing that he be allowed to apply for a license permitting him to sell beer and wine by the glass.

After Councilman William Huettelein voiced a motion to deny approval of a Tavern license, Councilman Marvin Boutin entered a sub-motion to refer the matter to the committee-of-the-whole for further study, suggesting that the main purpose of the ordinance might have been to limit Class C liquor licenses and that the issuance of beer and wine tavern licenses should be reconsidered.

Boutin also suggested the increased population of the city should be taken under consideration.

George Freeman supported Boutin's motion which was defeated after a brief discussion. The council finally voted to uphold the residents' vote on the ordinance and deny approval of a license with Boutin voting against.

In other action Monday, the council officially accepted a deed from the Department of Natural Resources for an 18 by 120 foot plot of land bordering Marter road. Taxes for the land had not been paid by the previous private owners and the state government eventually offered it for sale to the city for \$1. The land is located on the southwest corner of Marter and Hawthorne.

Received and placed on file was a resolution from Van Buren Township allowing absent voters ballots to be counted after the close of the polls on election day.

Finally, the city manager's monthly reports for September, October and November were received and placed on file.

Burglars Invade Homes in Park

Park police are investigating three burglaries which took place within a period of two days, two of which took place on Monday, December 21, and the third on Tuesday, December 22.

The first breakin was reported to have occurred at the home of Keith Shoops, 1022 Wayburn, between the hours of 3 a.m. and 8 a.m., while the family was asleep, according to information released by Det. Charles Petrie. Entry into the house was gained by the thief inserting his arm through the milk shute and unlocking the side door.

The detective said that the burglar, or burglars, confined the search to the basement. Taken were miscellaneous Christmas gifts, values not itemized.

The second burglary was reported by the Foster H. Barrows of 818 Whittier, who disclosed that entry into their house was made by the intruders by forcing the rear double French doors, which were not locked, but had a table against them. Their loss is not known at this time, it was said.

The December 22 breaking was reported to have occurred at the home of Keith Hollidge, 1051 Audubon, between the hours of 9:15 a.m. and 9:45 p.m. while the family was absent from home.

The burglars gained entrance into the house by prying open the storm window of the first floor bathroom and climbing through the unlocked inner window.

Taken, the Hollidges said, was a Sony portable television set valued at \$200, and a purse containing a number of charge plates.

Boyne Country Condominiums

Right in the heart of Mid-America's skiing, golf and recreation mecca—BOYNE COUNTRY. The Boynestad Condominium village is nestled at the foot of fabulous Boyne Mountain and overlooks world-renowned Boyne Mountain Lodge.

Boynestadt

Arberg

As vast as the Austrian Alpine Ski country after which it is named, the Arberg apartment building houses 12 apartments and is the largest of all buildings in the Boynestadt Condominium village complex.

Mont Blanc

Recalling memories of Europe's highest mountain, the "Mont Blanc" building sets in quiet majesty in the Boynestadt complex. The two-storied Mont Blanc building houses 4 apartments keyed to discriminating tastes and offers broad vistas of the entire area.

Jungfrau

Reminiscent of Switzerland's most dramatic and well-known mountain, the "Jungfrau" provides a towering accent to the Boynestadt village concept. The Jungfrau's five-storied reach assures a magnificent view of Boynestadt, Boyne Mountain, and surrounding terrain.

4 seasons of recreation

Skiing at all the famous Boyne Country areas—Boyne Mountain, Boyne Highlands, Thunder Mountain, and Walloon Hills—from November through April.

Golf at the magnificent 18-hole championship mountain course, 9-hole par 3 course within walking distance from the village, plus a golf training camp for youngsters—and—only a short drive away, the challenging 18-hole, Boyne Highlands course, (already one of the top ten in the nation), designed by Robert Trent Jones plus the 9-hole par 3 Highlands course—72 holes of golf.

Deer Lake Four-Seasons Beach Club to serve golfers, swimmers, boaters and fishermen whose beautiful white beach and private club house with dining and locker room facilities offers the ultimate in lakeside fun. The prime sandy beach, much of which shelves out at a gentle slope as far as 300 yards before youngsters can get chin-deep, is the lake's chief allure. Water is crystal-clear and, because the half-mile wide lake is nestled like a jewel in a bowl of hills, waves are never so high that a fisherman would become endangered by high winds. It also has a good lee shore, regardless of wind direction, for water skiing at any time of the day.

Deer Lake has long been noted as a bass and pike angling lake and abounds with bluegills, sunfish, and perch for the neophyte angler just learning to handle a fly rod. What's more, several small trout streams flow through the Deer Lake area just south of the lake and are readily accessible by good roads.

A fleet of rental boats and sailing craft will be available to guests—and a launching ramp will be provided for club members desiring to bring their own. A private road connects the Boyne Country Four-Seasons Beach Club with Boynestadt just a mile away to the eastward.

Boynestadt is only minutes of easy access to a resort complex which offers you 10,000 acres of pleasure—skiing, golf, salmon and trout fishing, sailing, motorboating, deer and small game hunting, swimming, waterskiing, horseback riding, retirement living, investment opportunities—all in one recreational administrative organization.

Public Schools in Focus

At the beginning of a new year, most people pause for a moment, reflect a bit on the past, then lay plans for the future. Although our "new" school year begins in September, and our fiscal year begins in July, we educators are no different: A new calendar encourages us to assess current practices, (and perhaps even to make a resolution or two!).

What Goes On at Your Library

Happy New Year, everybody! Do you know what you have in store for you during the month of January, 1971? We recently received our 1971 CHASES' CALENDAR OF ANNUAL EVENTS, and we thought you just might have the strength to mark on your own calendar some of the magnificent events which await you.

Bruce Butler Beats Ruble

(Continued from Page 1) With it, he cools his house in the summer, warms it in the winter, supplies all the hot water he can use, and generates enough electricity for all his needs while the only bill he pays is for gas, and even that at a cut rate.

The road hasn't been all downhill, however. Questions arose as to the legality of what he was doing and about his possible violation of building codes. Reports were received by the city administration that fumes were being released by the system creating air pollution, and the noise was said to be disruptive of the peace and quiet of the neighborhood.

Neighbors said they were confused and concerned about the situation and asked the city to look into it. On the scene came plumbing inspectors, electrical inspectors, inspectors from the Wayne County Pollution Control Board, and the city's building inspector with gadgets and assorted gimmickry to make sure Butler was on the up-and-up and no ordinances were being broken.

Along came the day of reckoning, Monday, December 14, 1970, at the regular council meeting in the Woods in which the building inspector, Earl Wakely, was to make an oral report to the council, the city attorney, George Catlin, to decide on the legal issue, and, together with City Manager Chester Petersen, advise the council as to possible action.

Well, lo and behold, it was determined then that Butler was strictly within his rights while he was outsmarting the utility companies. The only thing expelled in the air was water vapor, commonly known as steam. The noise level had gone down since, Wakely said, the basement room containing the converted diesel engine has been soundproofed, and "two mufflers and possibly a third," (he wasn't sure how many) had been installed into the system.

Bruce himself thought of the possibility of fire and set up his own indoor-165 degree sprinkling system. According to Wakely, Bruce is in no violation of any codes.

"I have nothing governing a converted diesel engine for heat supply," he said. "The whole system does not violate any building codes."

The council, smiling at the apparent complexity and efficiency of the system, was told that there is almost no waste of power. The "total energy system" burns natural gas in an internal combustion engine which drives a generator which in turn supplies electrical power. The waste heat recovered from the cooling water from the generator is fed to an exhaust manifold which is used to heat the house and supply hot water.

Butler claims the efficiency of the set-up is about 80 percent. Detroit Edison can achieve about 40 percent efficiency while some automobiles attain less than that. The expense is minimal. Somehow, Butler has managed to get a special rate for using natural gas. Now he pays \$50 every two months for all utilities after being charged almost \$100 for the same period prior to his system.

Butler doesn't miss a trick. It was said at the council meeting that he even uses the run off water from the radiator to convert to house power. In addition, he has rigged up his own gas meter on the boiler to monitor the extra gas used on especially cold nights when the system is overloaded.

Whatever stimulates the innovative thought processes of Butler's mind and starts those

Also, this is National Blood Donor Month, National Burglar & Fire Alarm Protection Month, National Colorado Beef Month, and Rook Month ("to recognize the popularity of the Rook game and to promote Rook tournaments in the South and Southeast.")

As for the entire year, beginning in January we are celebrating Gothenburg Jubilee Year, celebrating the 350th birthday of Gothenburg, Sweden; Kepler Year, celebrating the 400th anniversary of the birth of Johannes Kepler, famed astronomer and mathematician; Missouri Sesquicentennial Year, commemorating 150 years of statehood; and Tonsberg's (Norway) 1100 anniversary.

And now for the unusual, somewhat whimsical events that we are sure you won't want to miss. Perhaps the biggest spoof is Silent Record Week 1-7 "commemorating the invention of the Silent Record and the first Silent Record Concert, and providing period of silence when silence is most needed." This is sponsored by Hush Records, W. T. Rabe, of Lake Superior State College, Sault Ste. Marie, Michigan. It's hard to top that one but how about whale watching?

Then you must get yourself out to San Diego, California right away for the entire month when more than 6,000 California Gray whales visit San Diego on their annual trek from Arctic waters to Baja, California bays. Excursion boats are available. You may also want to observe Save the Pun Week, January 3-9.

GP Pros Score Lopsided Win

The Grosse Pointe "Pros", one of the Grosse Pointe Hockey Association's two "B" travel teams playing in the Suburban Hockey League's Squirt Division at Fraser, Michigan, unleashed a powerful attack in scoring a 10-2 victory in exhibition play recently over the Fraser "Basicals".

The attack was led by Captain Alan Taber, who pumped in four solid goals and was backed up by single goals from Alternate Captain Chris Smith, Alternate Captain Mike Bernard, Duane Ayoub, Sewall Mackey, and Ken Versickel. Standing out on defense for the "Pros" were Gardie Frost and Tom McHugh.

Last week in a league game the "Pros" defeated the Fraser "Dees" in hard fought contest 4-2. This game was featured by good team play by the Grosse Pointe team, which controlled the puck throughout the game and outshot the Fraser team by a wide margin. Once again Alan Taber led

the attack with two goals with Chris Smith and Ken Versickel both flipping in high backhands for the other two counters. Special credit should be given in this game to the "Pros" line of Jeff North, Marco Ugolini, and Peter Tobin, who held off the first Fraser line and also helped in penalty killing play.

Steve Butcher distinguished himself in goal, making several key saves and once again proving himself to be one of the top members of his team. Linemen Tom Hastings and George Conway, although not figuring in the scoring, carried much of the Grosse Pointe attack.

REPORTS THEFT William J. Kalkman of 252 Fisher road, complained to Farms police that someone broke into his station wagon, parked in the driveway alongside his house during the night, and stole the spare tire and wheel. The theft was reported on Wednesday, December 23.

Butler doesn't miss a trick. It was said at the council meeting that he even uses the run off water from the radiator to convert to house power. In addition, he has rigged up his own gas meter on the boiler to monitor the extra gas used on especially cold nights when the system is overloaded.

Letters to the Editor

December 21, 1970 To the Editor:— It was a chilling experience—Jane Fonda's charm on Sunday's White Panther TV program. I took some notes. Would this professional actress's ability to make appearances seem real convince the young public:

- 1. That a "genocide" conspiracy exists to eradicate Negroes and Indians (undocumented). 2. That bombings by Black Panthers and other revolutionaries are done in self defense. 3. That the "best people in the country are behind bars." (She named several persons accused of murder, among whom were Hobby Seale and Angela Davis). 4. That the real "war crim-

inals" are not Lt. Calley, now being tried for murder in Vietnam, but Messrs. Nixon, Laird, etc. 5. That a socialist society to replace our free enterprise system would be less oppressive than ours. I wondered if her obvious charm and professional expertise could convince the young and inexperienced in our land that freedom has failed. I also wondered if in the totalitarian society necessary to the kind of socialism she seems to envision, she would be on TV or behind the bars with her friends. Miss Fonda is raising money on these TV shows, has an office in New York, and appears to mean business. Gilded dynamite. Reprisal Conscious

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

"Sometimes a woman has to stretch a few muscles and look in a few cobwebby corners to find her self-esteem, but it's worth it," Barbara Hoffman said.

"It's the most satisfying experience I can think of to see women come to a program full of doubts about where they are and where they're going, and to watch them progress to a better understanding of themselves." Barbara is Mrs. Ralph Hoffman, of Hampton road. She will be a group leader at a special program for women, Investigation into Identity, offered in Grosse Pointe by Oakland University's Continuum Center in January.

The series starts with a free orientation session at 12:30 o'clock next Wednesday, January 6, at the Grosse Pointe Unitarian Church in Maumee avenue. Regular sessions are scheduled thereafter each Monday and Wednesday afternoon through February 3.

Barbara will lead a small group of women who meet as a "family" throughout the program for group discussion as well as educational and vocational testing. Most participants are women who are restless at home because they no longer need to spend their full time as homemakers, but Investigation into Identity is designed for any woman who wants to take "an inward and outward look" at herself before making changes in her life style.

"I used to think people were unfriendly and concerned only with themselves. Everyone seemed so uptight!", Barbara, an Investigation into Identity alumna, recalls. "Now they seem more open, understanding and accepting.

"I was amazed at how they all changed—until I realized that it wasn't a change in them. I had changed.

"Not feeling guilty about doing something strictly for myself was the biggest step for me. Satisfaction in my new job, growing as a person, doing things I really enjoy have all contributed to a sense of self-esteem I didn't have before.

"The session that was most helpful to me was one called 'Is Help Helpful?', which teaches you the technique of asking questions when you want to help someone, rather than giving advice."

Barbara was amazed to discover how much better her teenage sons "hear" her—when SHE's listening. "And it proves to them," she adds, "that they are often capable of handling their own problems."

Mrs. Hoffman found her self-fulfillment doing volunteer work as a group leader within Investigation into Identity. Other participants have decided to go back to school . . . go to work . . . or simply to live a fuller life in the home itself.

The New Mrs. Arata is the daughter of Mr. and Mrs. Anthony R. Listwan, of Allard avenue. Her husband is the son of the Robert Aratas, of Cheryllawn, Detroit.

After a reception at Allard House following the 8:30 o'clock rites the newlyweds left for a vacation in Nassau. They'll be returning to a home in St. Clair Shores.

The bride, given in marriage by her father, selected a gown of silk-faced peau d'ange lace at her Victorian neckline. A band of matching lace hemmed her Watteau Chapel train.

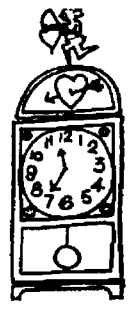

A lace headpiece caught her long illusion veil and she carried an arrangement of white roses centered with a white orchid.

She was attended at the wedding by her bridesmaids, Mrs. John Cristiano, who came from California to be in her sister's wedding party, Mary Fransen, Julie Arata and Valerie Arata, in red velvet, all carrying muffs with red poinsettias. Mary Ann Herter was flower girl. Best man was Steve Chulig. Richard Listwan, the bride's brother, Patrick Findlan, Tom Herbst and Edward Kronk ushered.

Post-Christmas Bow For Betsy

Elizabeth Allen Gram, daughter of the H. James Grams, of Moran road, made her bow to society the day after Christmas, at a tea at the Little Club.

Betsy carried her father's gift nosegay of red and white roses, complementing her white satin-trimmed midl dress of American Beauty velvet. She received guests with her mother, who also chose a velvet midl, black and sparkling at collar, cuffs and skirt with silver sequins.

Here for the party and Christmas-with-the-family were Betsy's oldest sister Mrs. Raymond A. Sokolov, Jr., (the former Margaret Ann Gram), Mr. Sokolov and their children, of Brooklyn, N.Y., and Mr. Sokolov's parents, Dr. and Mrs. Raymond A. Sokolov.

Betsy's skiing right now in Aspen with another sister, Marian Edwards Gram, before returning to the East. She's a sophomore at Wells College in upstate New York — but she'll spend the winter term away from the Wells campus in Aurora, N.Y.

Instead, she'll be in New York City as part of Wells' course in Urban Confrontation, one of more than 160 Wells students turned non-resident in January through the College's 4-1-4 calendar which sets the month aside for the study of one subject, either on-campus, at other colleges or abroad.

Ivory Alencon lace edged her long double-tiered silk illusion mantilla and she carried a Colonial bouquet of white roses and stephanotis.

Judith Elaine Bashara, in a floor length Empire frock featuring an ivory crepe skirt and emerald green velvet bodice collared in matching crepe, came from Hausen Oes, West Germany, to serve as her sister's maid of honor. She carried a Colonial arrangement of champagne-colored carnations.

Similarly attired in gowns of ruby velvet and ivory crepe were bridesmaids Barbara Jean Bashara, another sister, Mrs. George, the bridegroom's sister,

Martha Moore, of La Mesa, Calif., and Laura Ann Bashara, who served as her aunt's junior attendant.

Their bouquets featured pale pink carnations and their veiled Dior headbows matched their dresses.

Ronald George came from St. Johns, Mich., to act as his brother's best man. In the usher corps were Fred George, of East Lansing, another brother, Armen Kludjian, of Lowell, Mass., the bride's cousin, Ronald Franks, of Ann Arbor, and Bryon Dailey, of Norfolk, Va.

For her daughter's wedding Mrs. Bashara selected a floor length gown of emerald green peau de sole with gold bead embroidery outlining her jewel neckline. Mr. George's foster mother, Mrs. Edward Szymala, chose a costume of aqua silk-and-wool with a beaded jewel neckline. Both wore cymbidium orchid corsages.

Acting as master and mistress of ceremonies at the dinner reception at Lochmoor Club

following the ceremony were the bride's brother and sister-in-law, The Honorable George N. Bashara, Jr., and Mrs. Bashara.

After a skiing vacation in Traverse City the newlyweds will reside in Seenie drive, Ann Arbor, while the bridegroom completes his senior year Medical studies at the University of Michigan.

Out-of-town guests included the bridegroom's aunt, Miss Anna George, of Hainstadt, West Germany, the bride's aunts Mrs. George Kludjian and Mrs. Pauline Damos, of Lowell, Mass., her uncle Ferris Shaloup, of North Andover, Mass., and her nephew Cadet Robert M. Bashara, who came from Howe Military Academy.

If At First You Don't Succeed . . .

Four times The Reverend Laurence V. Britt S.J., former president of the University of Detroit, Dean now of the Art School at John Carroll University, Cleveland, O., flew up to Detroit Christmas Eve . . . and four times the plane turned around again—weather too poor for a landing—and back Father Britt went to Cleveland . . . and, deciding to give this aerial merry-go-round the old heave-ho, Father Britt was just about to trade air for bus terminal when a ticket agent ran up to him: "The weather's clearing. We're going to try again in a few minutes . . ."

If you've hung around for four tries, why not five? And THIS TIME the plane made it.

So Father Britt arrived, and celebrated Christmas Mass in the living room of his sister Mrs. John C. Cook's Lewiston road home, with all the family there, plus friends: Dr. and Mrs. Ralph Burke, Mr. and Mrs. Brian Molloy . . .

The Christmas Eve Flying Jesuit's never been one to give up easily.

An Apres-Parties Party

All party-ed out from the holidays? Never fear: A week from now you'll be all rested up, raring to go, (you don't believe me . . . but wait a week, and see!), and THIS YEAR you'll have some place to go to, for the Women's Auxiliary to Harper Hospital has scheduled a post-holiday supper-dance—"and star-studded extravaganza"—for Friday, January 8, at the Latin Quarter.

This "informal," (translation: The men don't have to black or white-tie it), party benefits Harper's Surgical Intensive Care Unit.

Which, even without the superb guaranteed-to-beat-the-post-holiday-blues timing, is a grand reason in itself for a festive evening.

The Auxiliary has pledged \$118,000 over a four-year period for the Surgical Intensive Care Unit in the new Harper-Webber building now under construction. Realizing the importance of the project, Detroit's well-known Father Joseph Dustin CSSR, the Elma Santa Trio, (three local girls, also known as the "Redheads," who perform nationwide), Tony Dannon and the Modern Accordion Symphony of 50 young people and master-of-ceremonies Oliver Petrini are donating their talents for the "extravaganza."

The party committee of women from all over Detroit's metropolitan area includes Pointers Mrs. Donald C. Austin, Mrs. Charles Boyce, Mrs. Harry Deveraux, Mrs. Eli Igna, Mrs. Arthur Johnson, Mrs. Frank Scott Perkin, Mrs. Ralph Thomas and Mrs. Paul Ruble.

Mrs. Emmett McNamara, of Shoreham road, is director of the Harper-Webber Fund.

Clark Women's Club Meets Next Monday

Miss Pittman Greets Society

Silver and crimson gleamed throughout the Country Club late Wednesday afternoon, December 23, when Mrs. Lansing M. Pittman, of Webber place, introduced her daughter, Sally Book Pittman, to society at a large tea dance reception.

The debutante, daughter also of the late Mr. Pittman, in a floor length traditional white peau de sole gown sashed with red at her Empire waist, received with her mother and brother, Dr. Philip M. Pittman, associated with Marshall University, Huntington, W. Va., in the Club's Green Room.

Mrs. Pittman chose a street length dress of pastel blue and silver brocade.

"Athletic" dancing especially for the younger generation in the Great Hall, its arches wreathed and draped in silver-fringed crimson, its great tree ablaze with multi-colored twinkling Italian lights, to the strains of the Salem Witchcraft alter-

nated with Jack Qualey's more traditional rhythms.

In Christmas red vests and ties were members of Sally's usher corps, captained by her official escort - of the evening Joseph Carr, of Chicago, and including brothers Stuart and John Pittman, Bill Brock, Chris Olson, Robert Ford, Mike Krag and Charles Williams.

Many friends from Kenyon College, where Sally and her brother John are both students, came to The Pointe for the party, and they, with the ushers and a contingent of the debutante's local young friends, returned to the Pittman home for a late supper after the dancing ended, while Mrs. Pittman joined a supper group at Mrs. Frederick Sibley Moore's.

Sally is the granddaughter of Mrs. James Burgess Hook, Jr., and the late Mr. Book. The Book family, long prominent in Detroit, built the Book-Cadillac, (now the Sheraton-Cadillac), Hotel and the Book Building.

matching lace. She carried a bouquet of white stephanotis, lilies and baby's-breath.

The newlyweds are vacationing at Lake Geneva, Wis.

Here from Arlington Heights for the wedding were Mrs. Otto Hoffman, Mr. and Mrs. Wilbur Inman and the Dean Wrights. From the East came the bridegroom's sisters and their husbands, Mr. and Mrs. Robert Inman, of Philadelphia, Pa., and the Donald Schallers, of Lincoln Park, N.J.
