Communist attacks, mines and booby traps killed 11 American servicemen and wounded 44 during a 24-hour period ending at noon Friday. The Vietcong effected a truce that went into effect at 1 a.m. Thursday and was to end at 1 a.m. Sunday. The Allies ordered only a 24-hour cease-fire over New Year's Day which ended at 6 p.m. Friday.

A least 66 persons were killed and many more injured. AN ARMADA OF U.S. warplanes carried a three-pronged bombing campaign over wide areas of Indochina Sunday, concentrating on suspected enemy supply trails in Laos and Cambodia. On the eve of the massive strikes one U.S. jet was shot down in Laos. The campaign was designed to interrupt North Vietnamese war materials being ferried through Laos and Cambodia to South Vietnam and to provide air support for Cambodian and Laotian troops, informed sources said.

A police spokesman said that an unidentified woman was killed, and four policemen and 60 civilians were injured. Five of those hurt were admitted to Mt. Sinai Hospital. The spokesman, Peter Corso, said the explosion centered in a blueprint shop, altered instantly after the owner of the place called the gas company to report a heavy odor of gas. Hundreds of shoppers were strolling in the area at the time of the blast.

Three Homes Burglarized; Thieves Seen

Residents Return to Find Burglary Taking Place; Woman Wins Scuffle with Thief

Police report three more burglaries in the Woods, all of them discovered in the days just prior to the New Year, and one in which the culprits were confronted by their victims, only to escape on the run.

Mr. Frank Scheiblaur, 2112 Allard, and his wife returned to their home just over an hour after leaving it Wednesday, December 30 at 5:20 p.m. Just in time to see two youths bolt from the back porch and jump the fence. One youth was confronted by Mrs. Scheiblaur when she unlocked the front door to find him standing at the door inside of the home.

Pushed Against Door

Mrs. Scheiblaur told Patrolman Leroy Tobian that the burglar pushed her against the front door, causing her to strike her head. The boy, brandishing a pry bar, ran though the house and out the back porch door, after losing the bar to the woman in the struggle.

The accomplice was seen by Mr. Scheiblaur running from the house as he pulled into the driveway. The thief ran across the back yard and made good his escape after scrambling over a fence.

Among the rooms found ransacked in the home were two bedrooms, a hallway, the dining room, the attic and a closet in the basement. A preliminary check revealed only a gold ring and a roll of pennies missing from the house.

Poll Shows Most Citizens Get Adequate Information On Public School System

Answers Received from 1600 Questionnaires Sent to Seven Categories of Residents Tabulated by Board of Education

Do you generally receive adequate information about the Grosse Pointe Public School System? On Monday, Dr. Theos I. Anderson, Superintendent of Schools, said that 89 percent of the residents of the school district who replied to a post card mailed to 1600 randomly selected citizens in seven categories indicated that they are satisfactorily informed about public school affairs.

The sampling, based on a scientific formula among more than 20,000 school census cards, includes the general population, people with no children in school, those with children in non-public schools, and four groups covering residents with children in the public elementary, middle, or high schools, as well as those with children in all three levels.

Results Broken Down
Affirmative responses ranged from a low of 78 percent (residents with no children), to a high of 99 percent (residents with children in public middle schools only), and averaged 89 percent for the seven categories.

The percentage of post cards returned ranged from a low of 15 (people with no children in public middle schools only), and averaged 89 percent for the seven categories.

Although many respondents said they receive information from more than a single source, average figures indicating a prime source for Grosse Pointers in each of the seven categories shows that 24 percent receive their information from the weekly newspapers, 19 percent from Board of Education publications, 18 percent from school papers, 12 percent from children, 12 percent from friends and neighbors, 5 percent from

Woman Sought In Wallet Theft

A woman in her 20s is suspected of stealing a wallet from the purse of Mrs. Anne Bleich of 1738 Bournmouth, on Tuesday, December 29. The wallet contained a sizable sum of money.

According to a report made to Farms authorities, Mrs. Bleich was shopping at Kroger Supermarket, Mack and Moross. Her purse was in a basket.

Mrs. Bleich told police that she noticed a suspicious looking woman near the meat counter, and when this woman leaned over, she brushed against her (Mrs. Bleich's) cart. A few minutes later, Mrs. Bleich said, she discovered her wallet, which contained \$318, missing. There was nothing else in the wallet, she added.

The woman was described as being pretty, colored, medium complexion, in her early 20s, about five feet nine inches tall, thin and wearing a knitted striped hat with a tassel, dark knee length coat and dark slacks.

CARNIVAL BREAKS RECORD

Attendance at the 1970 City of Detroit Christmas Carnival topped the quarter-million visitor mark, Mayor Roman S. Gribbs announced today. During its 18-day run at Cobo Hall, the free holiday show attracted 251,984 persons, most of them children. Last year's 18-day show drew 239,649 persons while 170,317 visitors attended the 16-day show in 1968. Since the annual show opened in 1962 it has been visited by a total of 2,882,189 people.

WHITE CHRISTMAS COSTLY

The "white Christmas" so many Detroiters dreamed about cost \$170,487 for snow removal from main streets during the holiday week, according to the Department of Public Works (DPW). This includes labor and equipment plus salt used on two different days. Snow removal costs for the season so far total \$559,575. Detroit has had 12.3 inches of snow since the first snowfall in November.

GP Farms Police Seek Information On Vanished Four

Man and Three Children Said to Have Been Seen on Lake Ice by Witnesses Disappear; Search Unsuccessful

Farms police have a mystery on their hands, which they hope will be solved as quickly as possible. It is in regards to a man, with three children, who were allegedly seen on the ice of Lake St. Clair by several witnesses, and who appeared to have vanished without a trace.

The four were said to have been seen on the ice between the Farms Municipal Pier-Park and the eastern city limits. A search by Farms police and fire personnel, and the U.S. Coast Guard was unsuccessful.

Patrolman Thomas Kelly, who was dispatched to the area to take a report that a man, or possibly more than one person, had gone through the ice. The report was made by Dennis Doran of 33 Callingwood, Detroit, who said he saw the four.

Another Witness Found
Police and firemen were on the scene about five minutes, when they were approached by Donald Milock of 20187 Wedgewood, who stated that he and his wife were driving east on Lake Shore road, and saw the man and three children, one a two or three-year old child. The man was lying prone on the ice, surrounded by the children.

Milock said he drove to Provincial road, and on his return saw the police and fire vehicles, and stopped. After finding out the reason, he gave his information.

Fire Lt. Charles Backman, with a rope and ladder, went out as far as he dared, but saw no fresh tracks or breaks in the ice, where it was said the four persons were last seen.

See Two Break Ice
Shores Police Sgt. Donald Jacobs said that Doran came into his station at 2:50 p.m., and reported seeing two males going through the ice. Jacobs notified Farms authorities, and (Continued on Page 4)

Woman's Yell Routs Intruders
Alan Wright of 482 Cloverly road, reported to Farms police that on Thursday, December 31, two unknown young men in their teens, invaded his house while his wife was asleep in a second floor bedroom.

Mrs. Wright told investigating officers that she was asleep on her bed, when she was awakened by a noise. She said she saw two youths, one about 16 years old, and the other approximately 18 years old, standing in the bedroom. Both were tall and wearing dark clothing, she added.

Mrs. Wright said she fired a loud scream and the pair fled the room, racing down the stairs. She gave chase, she said, but the intruders escaped out the side door and disappeared. The side door was unlocked, and it is believed that this was their method of entry into the house.

In checking over the house, Mrs. Wright said, she discovered that the nocturnal visitors took \$25 from atop the dresser.

GP Park Police Equipped To Test Drunk Drivers
The Park Police Department, since it had personnel trained to operate such equipment, received a Breathalyzer Machine, from the Michigan State Police in East Lansing, it was revealed by Police Chief Gerard Kesteloot. The machine was delivered on Monday, December 28.

The Park department is the second Pointe area department assigned such equipment. The Woods was the recipient of one about five years ago, and its personnel operates the instrument which is used to test the alcohol in the systems of arrested motorists suspected of driving while under the influence of liquor.

Under a provision of the State Drunk Motor Law, all motorists arrested for driving while under the influence of liquor, are required to take a test. Refusal to do so, the law states, will result in the automatic suspension of the motorist's operator's license for not less than 90 days, up to two years. Michigan law states that a person is intoxicated if the breathalyzer registers 1.5 per cent, or more, in his system, and the findings are admissible as evidence in court.

According to statistics released by the State Police, the arrest rate for drunk driving has risen considerably since the (Continued on Page 4)

Public Act 100 Would Drastically Cut Quality of Education Now Being Offered

"Public Act 100, (provisions of which limit our per pupil expenditures and our educational program for the 1971-72 year), is still with us," Dr. Theos I. Anderson, Superintendent of the Grosse Pointe Public School System, wrote in a copy of Staff Comments, the district's internal newsletter which was distributed to all employees on Tuesday, January 5.

"Although 'interpretations' of what it may mean to Grosse Pointe are varied, if the \$845 limitation on per pupil expenditures is not changed soon, our school district will be forced to send letters of dismissal to approximately 200 employees before the beginning of the 1971-72 year," the publication states.

"Such a staff reduction will virtually destroy our present educational program and will seriously affect the desirability of Grosse Pointe as a residential area," Dr. Anderson writes.

To Coordinate Efforts
Dr. Anderson said that he and Mrs. Joseph P. Thompson, president of the Grosse Pointe Board of Education, expect to coordinate the various efforts emerging in the community to preserve local control over public education.

"As many residents are no doubt aware, Mrs. Thompson has been in the forefront of those fighting against loss of local control in the past two years. She presented testimony before Governor Milliken's Education Reform Commission in July of 1968 spotlighting the unique problems of Michigan's 'quality' districts in the face of increased pressure for state control. In addition, Cedric A. Richter, Jr., chairman of the Legislative Committee of the local PTA Council, also worked in the interests of Grosse Pointe. Unfortunately, these efforts were of little avail," Dr. Anderson said.

Apathy Is Dangerous
Asked for an opinion of the chances of amending the most offensive portions of Public Act 100 (sub-section 6 of section 8b), the Superintendent of Schools said that he fears Grosse Pointers' apparent lack of concern over the fate of their public schools might prevent the necessary mobilization of effective community forces.

"We have seen that it is difficult, if not impossible, to arouse citizens before laws are passed. Amending an act will be no easier. The reason, of course, is apathy. Prior to the November 3 General Election, one lawmaker who represents Grosse Pointe in Lansing told me that he had received only six letters regarding Public Act 100. He concluded that the issue was not an important one to Grosse Pointe," Dr. Anderson said.

In spite of the gloomy prospects of making a change in the law, Dr. Anderson indicated that he had been somewhat heartened by what he sensed as a "rising tide of community outrage" in recent weeks.

March Is Proposed
For example, Dr. Anderson said that among those local concerned citizens who had proposed a "march on Lansing" was Mrs. Albert C. Dickson, Jr., an active member of the Richard School PTA. "Mrs. Dickson has offered to spearhead a drive to organize a cavalcade of 10 chartered buses, one from each local elementary school attendance area, to dramatize the problems that Grosse Pointe and other districts face. Without a doubt, the presence of 400 Grosse Pointers in Lansing, possibly with others from similarly affected districts, would have some impact on the legislators," Dr. Anderson commented.

Dr. Anderson said that he was also heartened to learn from Mrs. Robert Everett, president of the League of Women Voters of Grosse Pointe, that the January issue of the organization's newsletter, The Grosse Pointe Voter, contains this item: "Michigan Leagues have agreed that the legislature should not have authority to limit the amount of millage local school districts can levy. Now we can officially work to amend Public Act 100."

Alarm Increases
Dr. Anderson commended the efforts of the community-minded (Continued on Page 2)

Need Help to Amend Law

(Continued from Page 1) men and women in Grosse Pointe who have become alarmed at the loss of local control and the drift toward a state school system. He cited the efforts of Mrs. D. G. Schneider of St. Clair avenue and Mrs. Klaus Motte of Yorkshire road who held an informal meeting in November to alert educators, legislators, and community leaders to the danger facing our schools.

The Grosse Pointe Jaycees, led by president Kenneth Roy and John Prost, have been actively contacting chapters of

their organization across Michigan to enlist their support in contacting legislators.

Superintendent Anderson said that among those citizens of Grosse Pointe who had recently contacted his office to express concern and to offer assistance were Mrs. Edward C. Hanpeter, president of Grosse Pointe Citizens for Education, social studies teacher Carl Lord of the Grosse Pointe Education Association, and Brandon Rogers, treasurer of the PTA Council.

Do Outstanding Job
"Mr. Lord and other leaders in the Grosse Pointe Education Association have done an outstanding job in working to maintain the autonomy and self-determination of the school district. He is to be commended for his efforts," Dr. Anderson said.

He indicated that Mr. Rogers expected to make a special trip to Lansing prior to the beginning of the legislative session to discuss Grosse Pointe's dilemma personally with members of Governor Milliken's staff.

Although Governor Milliken signed Public Act 100 on July 20, prior to the November 3 General Election both he and gubernatorial candidate Sander Levin issued statements indicating non-support for the principle of limitation of local initiative in school matters.

Try to Enlist Aid
Dr. Anderson indicated that this week his office had sent letters to Superintendents of Schools in 68 communities across Michigan facing somewhat similar cutbacks, in an effort to enlist their aid in alert-

ing their own legislators that the impact of the implementation of Public Act 100 could have on their respective school districts.

Dr. Anderson said that a resolution calling for a broader interpretation of subsection 6 of section 8b of Public Act 100, introduced by former State Representative Robert Waldron on December 9, had been referred to the Committee on Education. "What we have done is to create local awareness of the problem. Now, it is necessary for the community to act," Dr. Anderson said. "I urge every resident of this school district who feels that our schools are worth maintaining — and who feels that local control of education is important — to write or wire his appropriate elected officials in Lansing today," Dr. Anderson concluded.

Who To Contact
Legislators to contact are: Governor William A. Milliken The Capitol, Lansing, Michigan 48933.

The Honorable Charles N. Youngblood, Jr., The Senate, Lansing, Michigan 48933.

The Honorable George S. Fitzgerald, The Senate, Lansing, Michigan 48933.

The Honorable William R. Bryant Jr., House of Representatives, Lansing, Michigan 48933.

Dr. Anderson said that he had been extremely active this year in attempting to inform Grosse Pointers about the impending loss of local educational control. He said that in a series of appearances during the fall and early winter he had spoken at least twice to groups in every school, as well as to community organizations about Public Act 100. He also said that he had devoted his newspaper column, "Public Schools in Focus," to this topic, and that items had appeared in the school system's community newsletter, Education In Our Town, as well as in the district's internal publication, Staff Comments, and that he and William J. Adams, secretary of the Board of Education and its legislative chairman, had made announcements in recent public meetings of the Board of Education.

Special Group Organized
"Last Tuesday I attended a meeting of a subcommittee of the Michigan Association of School Administrators in Lansing. The group has been organized to seek amendments to Public Act 100. At the close of the discussions, (at which all points of view were represented), the subcommittee voted to support our position to lift the ceiling — by a vote of 8 to 3. How effectively this will be translated into legislative action in the upcoming session remains to be seen," Dr. Anderson said.

The current financial problems of the State of Michigan may preclude the implementation of many provisions of Public Act 100. For example, I am not sure that we can count on the promised \$5 per pupil increase in state aid. One source tells us of the possibility that Public Act 100 may be opened up completely in the next session of the legislature — not just the portions we find so limiting and so offensive. If this happens, hagglng over every word could mean that no decision would be reached on an amendment until well along in the session," Dr. Anderson added. He said that if all the provisions of Public Act 100 are funded, it will cost the State of Michigan \$400 to \$450 million more in additional expenditures in 1971-72 over the present year. Because of its expense, Public Act 100, which is the basic state aid financial act, might be thrown out completely. "If Public Act 100 is not changed, it will mean that next year Grosse Pointe will have an operating budget \$3 million less than it has now, which will mean 200 to 220 fewer people on the staff. This will constitute a 22 per cent reduction in expenditures for education locally, and would reduce per pupil expenditures by approximately \$200, exclusive of state funds for relatively minor categories," the Superintendent said.

Youth Council Holding Dance

Grosse Pointe War Memorial's Senior Youth Council pleased with the reception given Teagarden and VanWinkle and Mike Quatro's jam band at their Christmas holiday dance have engaged the great Bob Segar Band to play for their first Super Other Side in the new year Saturday night, January 9, from 8:30 to 11:30.

Continuous music will be provided by a break band, "Insanely's Horse." Tickets are on sale in the Center's office at \$2.75.

The Super Other Side takes the place of the junior dance announced on that date on the Center's activity card. The Junior Other Side will move to the Seniors January 16 date. The switch was done in order to get Bob Segar.

by way of a back door to the home after prying open the porch door, were described as having shoulder length hair and wearing dark clothes. Mrs. Scheibaur described one as being about 19 or 20 years old and wearing a brown or gray-green car coat.

On vacation since December 19 with his family, Harry Strauser, 2126 Century Club, returned New Year's Eve at 1:45 p.m. to find that his house had been burglarized.

The theft was not discovered until someone mentioned that the house felt cool. Investigating the residents found a door open on the north side of the home with five pry marks on the north side of the home with five pry marks on the side.

Money Boxes Taken

Two metal boxes with an undetermined amount of money were taken, one from a front room desk and one from a bedroom clothes closet. Also, a 17-inch TV set, a small transistor radio, and a .32 calibre five-shot revolver were stolen.

Police theorize that the burglary happened just prior to the last snowfall since no footprints were found around the house. Mr. and Mrs. J. Weller, 681 Roslyn, reported their home had been burglarized while they out for the evening on New Year's Eve. Returning home at 2:30 a.m., January 1, the Wellers found the bedrooms ransacked after thieves broke through a second-story balcony door by breaking a window and unlocking the door.

Loot taken included a pearl and diamond necklace valued at \$3,000, a jewel valued at \$1,000, four credit cards, \$40 in cash, 30 silver dollars, \$10 in quarters, and a gold pocket watch. The Wellers told police they would make a check for other items missing.

TIRE, WHEEL STOLEN

Lee McMonigle of 89 Kercheval, stopped at the Farms police station on Wednesday, December 16, to report that while his car was parked in the free section of the municipal parking lot, someone broke the right front vent window to enter the vehicle and remove the spare tire and wheel.

LAWNS DRIVEN OVER

F. W. Hackenberger, 1929 Stanhope, called Woods police Friday, December 25, at 11:54 p.m. to report a car had driven over his lawn. Checking the call, Patrolman William Desilets found 14 lawns damaged by tire tracks on Stanhope. No vehicle was found in the immediate area.

BOWLER ROBBED
The theft of a bowling ball, bag and shoes was reported to Woods police Wednesday, December 23 by John Jamerino, 1381 Torrey road. The items had been taken from a locked car in a driveway sometime during the night. When Jamerino came out in the morning, he found the car door ajar and the items, worth \$60, missing.

And Baby Makes Three
 First baby born in Pointe hospitals in the New Year was LYNNE ARLENE ELLIOTT, pictured with her parents, MR. and MRS. CORVIN ELLIOTT of Roslyn road. Lynn Arlene drew her first breath at 5:59 a.m. at St. John Hospital, weighing in at six pounds five ounces and 19 1/2 inches in height. Lynne Arlene's mother, Arlene, is no stranger to St. John, she is employed there as a histology technician. Her daddy is an account executive with BBD&O. Proud Pointe grandparents are Mr. and Mrs. Ellsworth Stay, of Oxford road. A total of nine babies were born on New Year's day; seven at St. John, two at Cottage Hospital, and none at Bon Secours. However, New Year's Eve was another story. Arriving just in time to be tax deductions were 25 babies at St. John, six at Cottage and three at Bon Secours.

Center Books 'Civilisation'
 "Civilisation," Lord Kenneth Clark's "personal view" of the history of western man from Charlemagne to the 20th Century, will be brought to Grosse Pointe War Memorial's Fries Auditorium for the convenience of Grosse Pointers on Sunday afternoons January 24-March 21 from 3 to 5 p.m.
 The beautiful films will be shown on large screen and on alternate weeks there will be commentary led by Marvin Felheim, Ph.D., literary and culture critic of the University of Michigan and Thomas Tenler, AM and Ph.D., historian, U of M.
 For the entire series in Fries Auditorium enrollment is \$18 for individuals plus \$2 registration fee. Each additional family member may enroll for just \$9 plus the registration. Pre-enrollment is advised with checks made payable to the University Center for Adult Education which is bringing the series to Grosse Pointe in cooperation with the Grosse Pointe War Memorial, the Detroit Institute of Arts and the English Speaking Union.
 The series will condense with commentary into nine weeks, thirteen 52 minute color films covering the last 1600 years of western man, written and narrated by Kenneth Clark, produced by the B.B.C. and presented by Time Life Films. The unprecedented acclaim with which audiences on both sides of the Atlantic have greeted these films is a measure of the deep void they fill.
 In its totality, "Civilisation" comprises an inspired motion picture history of things that have shaped Western man. His Arts—His architecture. His philosophy. His technical achievements. The series should be seen in its entirety. The schedule is as follows:
 • January 24—"The Skin of Our Teeth"—commentary.
 • January 31—"The Great Thaw" and "Romance and Reality."
 • February 7—"Man: The Measure of All Things"—commentary.
 • February 14—"The Hero as Artist" and "Protest and Communication."
 • February 21—"Grandeur and Obedience"—commentary.
 • February 28—"The Light of Experience" and "The Pursuit of Happiness."
 • March 7—"The Smile of Reason"—commentary.
 • March 14—"The Worship of Nature" and "The Fallacies of Hope."

THE NEW YEAR
 hasn't brought a new or fair break to that Black 6 year old child who was promised by his Supreme Court and his American Constitution in 1954 that he would not be discriminated against in his schooling.
 He has finished his life time of formal education, (16 years in an all Black School) and he still wonders what all his white brothers mean by "Coming too fast."
 The law was on his side but: not his white brothers conscience. How many more generations of discriminated against Americans will learn of American justice only from what the white middle class says in their story books and patriotic speeches, but never personally experienced it.
 You tell me, for only you hold the answer and the key.

Mysterious Disappearance

instructed Doran to return to the scene.

Police contacted another witness, Joseph Corby of 29554 Newport, Warren, who stated that he and his wife were traveling east on Lake Shore, when they saw two people fall through the ice, and two others standing alongside.

Police said that Corby further stated that he definitely saw a child in the water between the shore and waterline. The child was kicking and splashing, it was claimed, and the second person was trying to pull himself out of the water.

Farms Police Chief Robert Ferber said that the Coast Guard was contacted for assistance, and a CG helicopter was dispatched from Selfridge Air Force Base in Mt. Clemens, and a boat and crew were sent from the St. Clair Shores Coast Guard Station.

At about 5:20 p.m., Farms police received a phone call

application of the Applied Consent Law was enacted by the Michigan Legislature in 1967. In 1969 alone, more than 21,000 State drivers have been arrested and charged with drunk driving, and 1970 figures promise to be much higher.

Both the State Police and the Michigan Department of Health supply the classrooms and laboratory instructions at Michigan State University in East Lansing, to train authorized persons in the use of the breathalyzer. The Health Department acts as the certifying agency on completion of the courses.

Chief Kesteloot said that four sergeants, George Blair, Gordon Duncan, Bobby McAllister and Walter Paton, have completed the training course and have been awarded certificates. Sgt. Thomas Martin is in East Lansing undergoing the training, the chief added.

Two Motorists Hit Parked Cars

Two Park motorists were charged with reckless driving when they lost control of their vehicles and ran into parked cars on Friday, January 1. The drivers were involved in separate accidents which occurred approximately seven minutes apart.

The first person accused of reckless driving was John Brabb, 37, of 1321 Berkshire, who while traveling west on Kercheval, at 2:20 a.m., ran into a parked automobile near Bedford. The force of the impact caused the struck car to run into the rear of another parked just ahead of it.

Brabb, who was alone, was not injured, investigating officers said. He was issued a violation ticket, and is scheduled to appear in the Park Municipal Court on February 17.

At 2:27 a.m., police officers were dispatched to Devonshire and Kercheval, when a citizens reported that a motorist had struck two parked cars on Devonshire, north of Kercheval. Driver of the accident car was David Kelly, 28, of 1255 Bedford, who lost control while traveling north on Devonshire.

Woods Residents Object To Proposed Restaurant

The Woods City Council, at their regular meeting Monday, January 4, unanimously voted to withhold a building permit for a new restaurant on Mack for four weeks after hearing residents' objections to the new establishment. The councilmen will use the time to review the problems faced by the neighboring residents and local ordinances governing new restaurants.

Woods residents, most of them living in Van Antwerp, voiced their concern and disapproval of the cafeteria-style restaurant to be built on Mack between Lennon and Van Antwerp in a standing-room-only meeting of the Woods City Council. Permission to build the restaurant was authorized by the Planning Commission Thursday, December 18.

The city received three letters of objection from residents on Lennon and Van Antwerp and a letter of petition from 15 other residents after the NEWS printed a story on the new restaurant in the December 24 issue.

The petition, directed to the council, asked that the undersigned be allowed to voice their objections at the next council meeting.

"We feel that there are enough restaurants in the area," the letter stated, "and that this type of 'Coney Island' operation would only attract an undesirable element to this city, and would create a nuisance."

Other objections listed in the petition include possible trouble because of the close proximity of Parcels Junior High, more work for the police department, the lowering of property values in the immediate area, and the chance that the restaurant will turn into a "gang hang-out."

Asked whether the Planning Commission's approval of the restaurant can be rescinded, City Attorney George Catlin replied in the negative. All that remains for construction to begin is the issuance of a building permit by Building Inspector Earl Wakely and a permit from the Wayne County Road Commission allowing for the curbs to be cut away to make room for three driveways.

The restaurant, which will take up the entire block, will have a 46-car capacity parking lot and will seat 76 people. Construction for the project was to begin within the next two weeks until the Council voted to review it further.

Charles Woodbury, 1975 Beaufait, told the Council he had 300

signatures from residents in the area including 15 from those living in Harper Woods showing concern. He said people were concerned about the danger to children coming home from school in the afternoon and the traffic pattern, which will be designed to funnel most of the traffic into an alley behind the restaurant.

The suggestion also arose that if "enter only" signs were to be placed in the driveways, the effective result would make the alley a thoroughfare, which is against city ordinances.

Woodbury also asked how a building could be approved requiring a "Colonial" design if the sign, which will carry "Jack-in-the-Box," has not yet been approved. A separate application complying with a sign ordinance must be filed before authorization to erect the sign is permitted.

Edward Sipe, 1831 Van Antwerp, complained about the possibility of "trash blowing all over the place." He said that even though there is a law against eating outside of the restaurant, there will be no way to enforce it. If the cafeteria uses paper plates and cups, Sipe said, patrons will bring the trash out to their cars and throw the trash out the window.

A complaint was also raised about too many restaurants in the city. Among those mentioned were Onassis Hot Dog, Elias Brothers Big Boy, Carmen's Pizza and Blazo's. Also, the point was brought up that changes were necessitated in the traffic patterns of two restaurants, Blazo's and Elias Big Boy, after the buildings had already been approved and built.

Councilman William Huette- man said that since changes were made in these two restaurants, a special driveway from

Blazo's which funnels all cars leaving back to Mack, and a measure to prevent cars from cutting down a side alley at Big Boy's, action should be taken to prevent the same problems before a building is approved.

Robert Kelley, 1923 Van Antwerp, asked Catlin about the possibility of odor, noise and fumes from the restaurant. In answer, Catlin stated that the Wayne County Board of Commissioners has stipulations which must be adhered to which govern odor and fumes. Also, the city has an ordinance which governs noise levels.

Other complaints voiced referred to commercial traffic down the alley and streets, design of the building, and the fact that there may be no private guard to keep things under control.

Councilman Marvin Boutin said he would be "happy to entertain" a review of the problems to check for ordinance violations. He added that the plans for the building do not appear to be that of a "Colonial" nature. Huette- man asked Catlin if he thought that a vote to further review the restaurant permit would be a "serious abridgement of discretion on the part of

the Council." Catlin replied in the negative and Huette- man suggested that the Council allow itself some time to review the problems and notify the franchise owners of their action. Councilman Kenneth Burner offered a motion, passed unanimously, to reconsider the plan, with regards to safety and design for a period of 30 days until February 1. Huette- man presented another motion, also passed unanimously, that the Council ask the Wayne County Road Commission to withhold permission for the curb cuts until the Council finishes the review.

Woods Council Clears Agenda

In official action Monday, January 4, the Woods City Council voted to approve the appointment of City Manager Chester Petersen as temporary City Clerk and Evelyn Wiedbusch as Deputy City Clerk until all the applications for the job have been received and reviewed.

The appointment came after Mrs. Leona L. Liddle, City Clerk for the Woods for the last 12 years, retired from service December 31.

Also, the Council voted to approve a license issuance to the Woods Theatres after receiving a report from former City Clerk Leona Liddle stating that the license fee of \$100 has been paid, the theatres have been inspected for fire safety and approved, and a surety bond in the amount of \$1,000 has been filed.

Also, the Council, considering the question of enacting a uniform model ordinance prohibiting some retail transactions on Sundays, voted to refer the matter to the committee-of-the-whole after a poll was taken by City Manager Chester Petersen among the businesses located along Mack.

Approximately 314 letters of inquiry were sent by mail to all of the businesses located on Mack, while slightly over 50 percent responded. A total of 95 respondents indicated favorable action towards an ordinance requiring most businesses to be closed on Sunday while 67 would be opposed to such an ordinance.

In referring the matter, the Council was interested in gaining more information as to how the vote was divided according to business.

The City of Grosse Pointe has previously adopted an ordinance restricting business operation on Sundays.

In other action, the Council voted to invest up to \$400,000 in U.S. Treasury Bills from maturing investments for the January, 1970. Earnings for the current fiscal period from investing total \$11,209.21.

Dancers Visit Children's Home

Dancers Hungaria, an Hungarian folk dancing group organized four years ago, presented a performance at the Protestant Children's Home, 900 Cook road, on Wednesday, December 16.

The dancers, under the direction of Mrs. Linda Enyedy, entertained the children and members of the Home staff for an hour, after which the boys and girls of the Home were treated to pop and potato chips, and had a generally good time.

Before leaving, the group, comprised of 50 persons, ranging in age from six to 30 years, presented the Home with three brand-new bicycles, as Christmas gifts.

Dancers Hungaria, since its organization in 1966, annually have their own Christmas party, but this year decided to spread good cheer and happiness to others, and picked the Protestant Children's Home to display their talents.

The group is not a profit-making organization, but have, at one time or another, received money gifts for performances, which went into the treasury to be used as needed. The members have performed in a number of communities throughout the Detroit Metropolitan area.

An independent dance group, it draws its members from throughout the Metro area. It was formed primarily as a social thing, so that members can learn and enjoy native Hungarian dances among themselves.

The dancers practice weekly, or as often as possible, at the Hungarian Reformed Church in Allen Park, of which a few members are affiliated. There are a small number of dancers who are non-Hungarian, but who joined because they love the native dances and enjoy the social aspects of the group.

Essays by Fifth Graders Make Refreshing Reading

In a day when "hot news" copy frequently involves campus disorders and student dissent, it's refreshing to read two essays written by fifth graders in Susan Hammond's class at Defer Elementary school on "What is An American."

Donald Joseph writes: "An American is any person who lives in this great country of ours and enjoys its many privileges. Two of these privileges are freedom of speech and freedom of religion. An American lives in a free and democratic country. He has the right to equal education, regardless of color, black or white, and freedom of choosing his own profession or work."

"Americans are people who may have every possible advantage and right, but sometimes, they destroy these rights by committing violence and crime. They kill, rob, steal, and destroy property. Many Americans today destroy their own bodies with the use of drugs. This drug problem is serious among Americans today, particularly young people."

"Americans today are not only destroying themselves, with drugs but also destroying their great country with pollution. This they are causing in many ways. Some of these ways are, cigarette smoking, automobile traffic, and dirt and smoke in the air."

I hope our leaders will do something to improve these conditions because I love America!"

Douglas Wagner writes "An American is a natural born citizen of the United States. It is also possible for an immigrant to become an American citizen after sufficient study and time elapse."

The reason that the immigrants leave their former countries is they believe that they will find a better life in the United States and that the Constitution and Bill of Rights will protect them.

Jayne Malooly Named Finalist

The Grosse Pointe Farms Boat Club has some very happy members these days. Their entry in the 1971 Michigan Junior Miss Regional Competition, Jayne Malooly was selected as one of the finalists last Saturday, at Northville High School.

The girls are selected on scholastic ability, mental alertness, personality, physical fitness, talent and poise and appearance in an evening dress.

Jayne, a senior at Bishop Gallagher, is a talented seamstress and made the gown she modeled and other clothing she wore in her talent presentation, which was a humorous skit on changing fashions.

An honor student, Jayne is the daughter of Mr. and Mrs. G. Gerald Malooly, of McKinley avenue.

She will now compete in the Annual Michigan Junior Miss Pageant, sponsored by the Pontiac Jaycees, which will be held on January 22 and January 23, at Pontiac Northern High School. The winners of the Michigan Junior Miss Pageant will be awarded over \$5,000 in scholarships and merchandise.

Michigan's Junior Miss for 1971 will then compete in the America's Junior Miss Pageant in Mobile, Ala., to be held in May 5, 1971.

Jayne won the title of Grosse Pointe Farms' Junior Miss last July during which time the contest is a highlight of the Boat Club's Annual Regatta.

Set Income Tax Classes At SHS

Income Tax classes will be offered by the Grosse Pointe Public Schools, Department of Community Services for the third year. "The many tax payers who found this tax service of such exceptional value last year have prompted us to set up another series of four meetings to offer expert guidance once again", says Director Richard Kay.

The course is designed to simplify the language and eliminate some of the confusion of what the law allows and what it does not allow. Sample forms will be available for these sessions and it is possible to come close to completing an income tax return during the course.

Questions concerning reportable income, capital gains, Michigan State Income Tax, computation and payment of taxes, and the many, many intricate possibilities for deductions, will be a part of the content covered. Questions that arise out of group discussion, such as this course offers, are questions that an individual may never have had cross his mind. The obvious possibilities for valuable savings are inherent in what the Income Tax class has to offer.

The class is scheduled to meet on Mondays beginning January 25 at 7:30 o'clock at South High School and on Wednesdays beginning January 27 at North High School. The fee for the four week course is five dollars. Call the Department of Community Services at 885-3808 or 885-0271 now for a reservation.

Woods Receives Note of Thanks

The Woods Public Safety Department received a letter Monday, December 23 of praise and thanks for quick action after receiving a call for an ambulance.

The letter was from Donald Lindow, 18686 King's court, expressing gratitude for the patrolmen's efficiency in transporting a relative to the hospital. Involved in the emergency were Corporal Thomas Kerving, Patrolman Ronald Hayden, and Patrolman William Desiets.

"We appreciated the prompt and kind service," Lindow wrote. "Please extend my thanks to all involved."

Admits Holdup Of Manor Lounge

Farms Police Chief Robert Ferber disclosed on Monday, January 4, that information was received from officers of Detroit's Hold Up Bureau, at St. Antoine and Beaubien, of the arrest of Robert Kalkremer, no address given, who confessed to the hold up of the Manor Lounge last July 15.

The lounge, located at 18450 Mack avenue, was gutted by a fire that started in an electric organ on December 20. The fire was discovered by the owner, Mrs. Ruth Cusman, who lived in quarters above the bar. She was awakened by the barking of her pet dog. She smelled smoke and descended to the first floor and found the organ in flames.

Thief Ransacks Neff Road Home

Grant Carpenter Manson, 880 Neff, called City police on Monday, December 28, to report that he was staying at the above address while his sister, Mrs. Edgar L. Fink, was vacationing. He had left the residence at 5:15 on that date, when he returned at 10 p.m., he discovered the upstairs of the home had been ransacked.

City police Cpl. George Brackx and Patrolman Jerry Petz found entry had been gained by forcing the night latch on

the north side of the house. Tracks in the snow were also found leading to the sidewalk.

A check revealed that four five-dollar bills in a change

purse on the dining room table had been taken. A further check will be made on the return of Mrs. Fink.

Obituaries
DR. ELWOOD A. SHARP
Funeral services for Dr. Sharp, 79, of 633 Neff road, were held on Saturday, January 2, in the Verheyden Funeral Home. He died on Thursday, December 31, in Mornun Nursing Home.
Dr. Sharp was a native of Council Grove, Kan., and was graduated from the University of Kansas as a medical doctor. As a naval officer in World War I he served in France and afloat. After the war he was in charge of medical services at Pearl Harbor. When he resigned from the Navy as a Lieutenant Commander in 1929, he organized the Department of Clinical Investigation at Park, Davis and Company.
The department was reputedly the first of its kind in the United States. Until his retirement in 1959, his work was in the vanguard of important medical developments on the American scene. He devoted his life to the discovery, development and delivery of life-saving drugs. He received the honorary degree of doctor of science from the University of Detroit in 1939 and later the Alumni Distinguished Service Award from the University of Kansas.
He associated himself with the most active research pioneers in this country. Perhaps the most personal of his contributions was the discovery of dried hog stomach extracts for the treatment of pernicious anemia. Testing this and liver extracts for the same purpose was done at the Anemia Laboratory which he directed at Harper Hospital.
His department gathered the scientific data which was necessary to prove the specificity and usefulness of many important drugs such as vitamin K for the control of bleeding; Benadryl for use in allergy; and Promin for the treatment of lepers.
Researchers at Parke, Davis and Company isolated chloromycetin from microbes found in Venezuela and synthesized it while Dr. Sharp proved its usefulness as an antibiotic.
In 1948 he and Walter Seegers, of Barclay road, published the book entitled "Hemostatic Agents" which deals with the control of bleeding. He made numerous contributions to periodicals.
He started the Wayne State University Annual Symposium

Driver Accused By Farms Police
Richard S. Clark, of 2239 Roslyn, was treated at St. John Hospital for a cut chin and chest pains on Thursday, December 31, which resulted when his car crashed into the rear end of a parked station wagon.
Farms Patrolman Kenneth Pine, who made out the initial report, said that Clark was traveling east on Mack avenue, and about 50 feet east of Bournemouth, drove his vehicle into the rear of the station wagon, causing considerable damage.
The policeman said that when he arrived at the scene, and approached Clark, he detected an odor of alcohol on the man's breath. The motorist admitted being behind the wheel when his auto smashed into the other vehicle.
The man was taken to the station where he was issued a violation ticket for careless driving. He was released without bond, pending an appearance before Farms Municipal Judge Robert Pytell on January 24.

Stolen Christmas Lights Recovered
Four strings of outdoor Christmas lights, which were stolen before Christmas from a Woods resident, were found by another resident Wednesday, December 30, just a few blocks away.
Mrs. Daniel Hodgman, 1570 Oxford, called Woods police to report that she found four strings of light with 25 lights to each string and cellophane wrapped around the connecting sockets.
Checking back to earlier theft reports, police discovered that Mr. L. Moore, 1548 S. Renaud, reported a theft of four strings with 25 lights on each, back on December 22. Receiving a call from police asking for further identification, Moore said the connecting sockets were wrapped with cellophane. The lights were promptly returned to him.

Pointers Urged To Act On POWs

For almost nine years, United States soldiers have been fighting in Vietnam and as many as 1,500 men have been listed as either missing or captured by the North Vietnamese Communists. Of those 1,500,

local boards have been unable to ascertain just how many, if any, of those approximately 600 of those serving under The Pointe draft board are prisoners or are missing in Southeast Asia.

Right now, over 10,000 men are among those registered with local Board No. 87, which covers all of the Pointes and Harpers Woods. Comparing the population spread, it can be said that about 450 Grosse Pointers are presently serving in the Armed Services around the world.

North Vietnam has released over 300 of the names and home states of those that are listed as missing. But officials say many more are being held by the Communists.

Much has been said and written about the prisoner-of-war situation and many letters have been sent to the North Vietnamese delegation in Paris in an effort to exert pressure for the release of the names of servicemen being held and for adequate treatment of prisoners according to the Geneva Convention of 1954.

Because of the heavy publicity and volume of mail concerning the situation, or possibly for reasons unknown to Americans, North Vietnam has felt compelled to release some of the names, serial numbers, and home states of some of the soldiers they are holding.

Possibly as part of the New Year's resolution, some Pointers may be interested in writing letters in an effort to influence the North Vietnamese delegation in Paris. Representatives of United We Stand, Inc., a national organization dedicated to the humane treatment and release of American prisoners, say that if Hanoi is convinced that the American people are outraged at their prisoner-of-war policy, they may find it expedient to release more names and information in order to keep the current anti-war sentiment from subsiding.

For 20 cents postage, Pointers may write Madame Binh, National Liberation Front, Paris Peace Talks, Paris, France; or Ton Duc Thang, Office of the President, Democratic Republic of Vietnam, Hanoi, North Vietnam, Mail addressed to North Vietnam requires, 25 cents in postage.

Other suggestions offered by the organization to influence public opinion and North Vietnam's treatment of POW's include contacting local churches and asking them to include the prisoners and their families in prayer each Sunday until the men have safely returned, writing U. S. Senators and Representatives who favor unilateral withdrawal from Vietnam urging them to be even more aggressive in using their position to gain the release of POW's, writing Congress to ask for a high priority on their agenda for the release of the prisoners, and clipping every related story seen in print and mailing it to North Vietnam, including a hand written note showing circulation and audience size of publication.

Chargers Take Five, Lose Two

The Grosse Pointe Hockey Association Chargers rolled to five straight wins before losing to two strong teams.

The Chargers staged an exhibition game against the Sabers and came up with a 4-2 victory. Two goals were scored by Bob Barker, one by Harry Blackwood, and one by Steve Levick. Barker was the game's first star. Bob Rahaim was second star and Steve Levick and Tim Walton tied for third star.

The Chargers won a league game against Dee's Sport Shop with an impressive 7-2 score. Hat tricks were scored by Karl Ketchum and Steve Levick and one goal by their linemate, Scott Santi. Ketchum and Levick tied for first star awards. Scott Santi was second star and Danny Austin was third star.

Another 7-2 win was posted against Bob King's Truck. Ketchum scored another hat trick, Barker had two goals, and Levick and Blackwood had single goals.

In a very close league game the Chargers defeated the Grosse Pointe Pros, 4-3. Two Charger goals were scored by Blackwood. The other two goals were by Brian Moody and Scott Santi. The three stars were: first, Bob Rahaim; second, Harry Blackwood; third, Brian Moody.

The Chargers hosted the St. Clair Shores 300 Pros at University-Liggett and won the game 2-0. Barker scored both goals assisted on each by Blackwood. Goalie Doug Tito was the game's first star. Rahaim was second star and Barker third star.

The Chargers met the Radke Hardware team at Gordie Howe Hockeyland and their winning streak came to an end. Karl Ketchum scored both Charger goals and was the first star for the Chargers. Brian Moody was second star and Mark Fraser was third star.

Scoring a moral victory, the Chargers lost by only one against the Fraser Raiders. The Chargers, playing without the services of three players, lost to this top team by only 1-0. Dave Fessenden and Brian Moody played especially strong games. All the boys were given star awards for this game. The Chargers are in second place in the Suburban Hockey League Squirt Division behind the Raiders.

The first resolution all of us should make in 1971 is not to do the same things next year. Buy no more battery operated toys. Find something else to serve besides onion and shrimp dip. Attend only one party on New Year's Eve, and drink Shirley Temple cocktails at that one. Buy an artificial tree (no needle problem) and spray it with pine room spray, no one will know the difference. Wrap all the gifts in brown paper so you don't feel so let down when the children rip off the wrappings without even a thought to how pretty they look.

These suggestions might not completely eliminate the after holiday "blahs," but they sure will help. ANYWAY, Happy New Year!

Pointe Theater Doing Comedy

D'you Know That?™
"YANKEE DOODLE" is the song that BECAME A WEAPON during the American Revolution.
It was an old Italian tune, to which a British Officer had written verses to make fun of the ill-equipped Americans.
"Yankee Doodle came to town . . . Riding on a pony . . . Stuck a feather in his hat . . . and called it macaroni!" . . .
But the Americans adopted the song and played it everywhere. And the British were hounded by their very own song . . . Defeated; while marching in retreat, they were to endure once more—a final strain of "Yankee Doodle."

Public Schools in Focus

By Dr. Theos J. Anderson, Superintendent of Public Schools

Returns on the postcard poll assessing our efforts at informing the public about the school system indicate that Grosse Pointers DO receive adequate information. In fact, an average of 89 per cent of the cards returned by citizens in seven categories of citizens strongly support our current accelerated information program. The tally indicates a remarkably high level of understanding of school problems—whether a resident has children or not, whether or not their children attend public or non-public schools in the community.

In addition to the specific questions on the post card, (about which more will be said when the total tabulation has been completed), respondents were asked to comment on areas of lack about the school system's program of community-school communications. These statements were varied—and interesting—and, in spite of their relatively small number, provide the staff with additional insights.

Among those who wrote comments, five respondents remarked about a matter which we have been led to believe is a burning issue in the community: the reporting of financial information. In a random sampling technique such as was used, how much widespread dissatisfaction with our financial reporting do these five concerned residents represent? Considering the turmoil of the recent past, much of it related to finance, I find it difficult to believe that anyone who is interested enough to call our office and pose a question would not have it answered satisfactorily.

In an attempt to improve in this area, we received much favorable comment on the publicity given to the fact that dur-

ing 1969-70 it cost \$5.92 a day (for 180 days) to educate a child in the public schools—a figure that includes the operation of the public library system. To many residents, this approach apparently represents "meaningful financial reporting," which enables them to relate the cost of education to their own day-to-day expenses. Probably closely related to the preceding topic is the one by a respondent in the "general population" category, who commented "rumors abound—no one clears them up." Perhaps this person missed the articles in this newspaper and in several issues of the Board of Education's publication, EDUCATION IN OUR TOWN, indicating deep concern on the part of this staff with past rumor campaigns that were obviously planned to damage the reputation of our schools and staff. I urge a total community effort to discourage this incredibly irresponsible tactic. Call my office at 885-2000 to verify any tall tale you may hear.

One respondent, whose children are in public elementary schools, wrote on the post card, "Never know what to believe—politics!" Unfortunately, the schools across the country have become a battleground between community forces holding opposite points of view on a full range of contemporary issues. If the issues and tactics used by one of the warring parties did not bear such a striking similarity from community to community across the land, one might rate these occurrences as more coincidental than they are. If this situation could be classified as good, clean, fun, simply a release of pent-up adolescent energies, those of us caught in the middle might not object. Unfortunately, all of this is taking an increasingly severe toll on educational progress.

Letters to the Editor

December 30, 1970
To the Friends of Alice Kelly McKee:

As many of us gathered together on December 26, to strengthen each other in our great loss and to show by our presence our deep regard for our departed friend, Alice Kelly McKee, some made inquiries about what we could do as a memorial to her. Thus we are writing to offer an opportunity to join hearts and spirit in a living memorial.

Alice Kelly McKee had an abiding faith in her family—and in the Family of Man—doing and giving unstintingly of her time, energy, and creative talent. She shared her love of family and belief in heritage with persons of all ages, who in turn became richer for this unique association. We, as her friends, admired her noble qualities, her generous spirit, her compassion for people, her intelligent approach to life, her faith in young people.

Many of us know her for her civic interests, for her belief in good educational and governmental systems, and for her leadership in the community to further these ideals. Her organizational abilities, insight, and dedicated service were manifest in many activities close to her heart: Girl Scouts, Boy Scouts, P.T.A. at Trombly School, the Pierce Junior High School, the Mothers Club of South High, Grosse Pointe Motion Picture Council; Grosse Pointe War Memorial Board of Directors, League of Women Voters, and the Alexander Macomb Chapter of D.A.R. During her two-year stewardship as president of the Mothers Club, the scholarship fund was elevated to a continuing activity at South High.

You may desire to show your appreciation and regard for Alice by supporting a fund in her name which will further opportunity for our young people.

Let her light and your light so shine!
Sincerely yours,
Katherine M. Welcenbach

Last February, Planned Parenthood League adopted the slogan Planned Parenthood and the Community Need Each Other. We needed to raise at least \$180,000 during our 1970 Campaign.

The individuals, corporations and foundations who recognized that Planned Parenthood fulfills one of the most basic human needs of people responded more magnificently than we dreamed possible. You put us over-the-top by more than \$5,000.

Now it's our turn to thank each of you who gave so generously of your time, money and convictions on behalf of our 13,000 patients. Planned Parenthood League is most appreciative.

What Goes On at Your Library

By Virginia Leonard

Guest Columnist: Robert M. Orr, Director of Public Libraries

It is a privilege to be invited to write our New Year's column, and I am grateful to our columnist, Mrs. Virginia Leonard. Realistically, checking the column I wrote a year ago, 1969 was rough, but 1970 turned out to be rougher yet, and I am delighted, (writing as of December 31st), to greet the New Year, 1971 has GOT to be better!

On the negative side, on January 24th the school district voters rejected the 7th out of 8 election proposals in two years; our operating budget for 1970-71 was reduced \$50,000, involving a cut in professional and clerical staff; the two Branches were closed Saturdays, the first reduction in service since my appointment August 1, 1949, and the three public libraries were crammed to the limit, utilizing every foot of floor space.

On the plus side, although 1970 was a rough year for most everybody and every organization, business and profession, and our public libraries and schools reflected the general state of affairs, our school system DID win two elections, March 24 and December 7, representing genuine concern by our taxpayers about our schools and libraries; our Friends group under the leadership of President Peter Stalker proved their concern about the future of Grosse Pointe's public libraries by active involvement and support; use of our three libraries continued at a high level; there is strong evidence that we are getting maximum use of our crowded facilities and reduced staff; and the writer had the great privilege of continued involvement and participation in community activities which included the Friends, Rotary, Grosse Pointe Symphony and Celebrity Series, as well as giving 39 book reviews, 15 book talks and three speeches to Grosse Pointe groups.

Seriously, however, as I face 1971 my deepest concern is the future of our school system and particularly Grosse Pointe Library, which is in its forty-second year as a division of the school system. As of this writing there are still punitive state laws which will limit the funds school districts can spend on schools, public libraries and special education, as well as bring about centralization of control of public schools in Lansing and regional boards of education. Thus there is a real question as to whether local boards of education such as ours can continue to maintain quality education, much less support of public libraries and special education which includes important and valuable services of the Pupil Personnel Department, school psychologists, nurses, remedial reading specialists and services to the handicapped child.

So, the writer has been officially informed that a separate millage for Grosse Pointe Public Library may be necessary in the future, and even complete separation! Like Winston Churchill I feel very strongly and was not appointed to DISSOLVE public library service for Grosse

Pointe! and I emphasize that I have every confidence the school administration and the Board of Education will not take such drastic action unless the actual survival of quality education is in jeopardy.

Certainly, I feel that the "finest library use community in America" will not permit closing of the public libraries. Reluctant as I would be to ask the taxpayers for funds specifically earmarked for public library operation, if it becomes necessary I will work with the staff. Friends and library patrons to win such an election. There is some comfort that such millage would of course be deducted from the school taxes.

As of now I feel prepared to face up to anything that comes, as so much has already happened that was beyond even my wildest nightmares. And I never forget for a moment my deep obligation to Grosse Pointe, and to the many people who have made my 21 years here productive in establishing and maintaining good library service. I am particularly obligated to my fellow school administrators, school trustees, Friends, patrons and supporters. To all of them, and especially to the GROSSE POINTE NEWS and its editor, Robert B. Edgar, I wish all the best for 1971.

From Another Pointe of View

FLASH! First change of the New Year . . . Instead of the scheduled movie "Les Carabiniers," the Alliance Francaise de Grosse Pointe will present "La Bigorne," a film adaptation of Pierre Nord's novel, at 8 o'clock tomorrow evening in the Grosse Pointe War Memorial's Fries Auditorium.

The new show's billed as a humorous recounting of the adventures of La Bigorne, Grenadier of the King of France, set in 1750 and involving the pursuit of pirates in the Indian Ocean.

Sounds VERY exciting! And, for those of use whose French is not quite up to snuff, (yet . . . but we're working on it), there'll be English subtitles.

Incidentally: Tomorrow's "short" on Utrillo remains, as previously announced, part of the program. This is a beautiful thing, in color, with English dialogue.

Everything's Coming Up Roses

It's been a hectic holiday, but Kay (Mrs. Elmer A.) Benzin, of Lochmoor boulevard, and Gordon Buehrig will be relaxing in Florida come Sunday.

Of course, she won't be Kay Benzin then. She'll be Kay Buehrig.

Oh, there's still the wedding to get through—that's Saturday afternoon, at Immanuel Lutheran Church—and the reception afterwards, at the Grosse Pointe Yacht Club . . .

You start out with family, and a small group of friends, and then things begin to mushroom, you know so many people, they're all so DELIGHTED you're getting married again . . .

And Gordon's not exactly a stranger here himself.

He moved from Dearborn to Laguna Hills, Calif., when he decided to retire, stop designing autos.

After all, he'd already designed Dusenbergs, Auburns—and the classic, well-nigh untoppable Cord.

But he kept in contact with his Michigan friends, (Kay included, naturally), and Michiganders have a way of turning up, visiting, vacationing in or passing through California . . .

Kay included, naturally.

There she was last fall, in the Los Angeles Airport, and Gordon, (she'd come to stay with mutual friends),

Beaupre-Carter Rites Are Read

In the living room of Mr. and Mrs. Luther Carter's Rochester home, before members of their immediate families, at a candlelight service Wednesday evening, December 30, written by the bride and bridegroom, the Carters' daughter, Nancy Virginia, spoke her marriage vows to Larry William Beaupre.

The Carters, former Pointers, currently divide their time between Rochester and Belleair Beach, Fla. The bridegroom is the son of Mr. and Mrs. William Beaupre, former Pointers who live now in Dochester.

For the 6 o'clock rites at which The Reverend James Myer presided the bride, given in marriage by her father, chose a gown of peau de soie over taffeta accented with embroidered rose floral motifs.

She carried an old-fashioned bouquet of red and white roses, pink Sweetheart roses, mistletoe berries, heather and baby's-breath and wore a spray of matching berries and flowers in her hair.

She was attended by her sister, Mrs. Jeffrey Brown, of Rochester, in a floor length, Empire-waisted frock of raspberry corded cotton, carrying pink Sweetheart roses, carnations and baby's-breath.

William Benson came from San Jose, Calif., to serve as his former Notre Dame University roommate's best man.

Mrs. Carter greeted guests at the Lochmoor Club reception following her daughter's wedding, wearing a street length dress of gold and green brocade. Her flowers were green cymbidium orchids.

The bridegroom's mother chose a mint green worsted dress and jacket costume and a corsage of pale pink orchids.

Home in Beaconsfield Avenue Awaits Newlyweds Upon Their Return from Northern Michigan Vacation; DYC Reception Follows Rites

Jefferson Avenue Presbyterian Church was the setting for the Saturday, January 2, wedding of Janis Purdy, daughter of Mr. and Mrs. Harvey W. Purdy, of Trombley road, and James Kenneth Hulme, son of Mr. and Mrs. Lloyd Hulme, of Kerby road.

A reception at the Detroit Yacht Club followed the evening rights at which Dr. Alan Zaitz officiated.

The newlyweds, vacationing in northern Michigan, will return to make their home in Beaconsfield avenue.

For the 7 o'clock service the former Miss Purdy selected an Empire-waisted ivory and white brocade gown featuring a Chapel length train. White mink cuffs matched the mink headpiece that caught her long illusion veil.

She carried a round arrangement of white roses and white baby chrysanthemums.

Mrs. David A. Jones came from Bay City to serve as her sister's honor matron. Bridesmaids were Patty Kelly, of Saginaw, Mrs. Thomas Mertz, Elizabeth Kartsens, of Chicago, Ill., and Mrs. Michael Schneider, of New Jersey.

Their frocks featured red velvet skirts and vests over

long-sleeved sheer white blouses and they carried white muffs.

David Hulme was his brother's best man. Gregg Johnson, of Chicago, Michael Schneider, David A. Jones and Robert Blanding, of Ann Arbor, seated the guests.

Mrs. Purdy chose a mint green chiffon gown, jewel-trimmed at neck and cuffs, for her daughter's wedding and the reception. She pinned a green cymbidium orchid to her purse as did Mrs. Hulme, the bridegroom's mother, in an Empire-waisted metallic brocade costume.

III, of Newton, Mass., and their trio of daughters, three-year-old JULIE, 15-month-old JENNY and LUCY, just three months old, christened Saturday in St. Paul's Cathedral by Dean LESLIE WARREN, who married her parents.

Carolyn Hines Married Jan. 2

In Christ Episcopal Church Saturday, January 2, Carolyn Sue Hines and John Henderson Rentenbach were married. The Reverend Morris Hauge officiated at the 8 o'clock service.

The bride, daughter of Mrs. David Wilsford Hines, of Champlain place, and the late Mr. Hines, was given in marriage by her paternal grandfather, Wilsford L. Hines.

She chose to wear the wedding gown of her mother and aunt, of blush-toned Duchess satin fashioned with a scalloped neckline. The full skirt, ending in a Cathedral train, was sprinkled with matching satin bows.

A full length illusion veil fell from her satin headpiece, embroidered and designed by Miss Teri Markley.

The bride carried a Colonial bouquet of gardenias and pale pink Sweetheart Roses. Her attendants, in floor length purple satin gowns accented with embroidered ribbon, carried Colonial bouquets of miniature orchid carnations, starflowers and baby's-breath.

Kathleen Helm was the maid of honor.

Bridesmaids were cousins of the bride Nancy Wing, of Fletcher Hills, Calif., and Lau-

rel, Anne and Lynn Peacock, of Murray Hill, N.J.

Paul Rentenbach, of Cambridge, Mass., was best man for his brother. Seating the guests were David Hines, brother of the bride; Mark and Matthew Rentenbach, brothers of the bridegroom, and Arthur Mitchell, a cousin of the bridegroom.

A teal blue Alaskine floor length gown, trimmed with stark white beading at neckline and hem, was Mrs. Hines' choice for her daughter's wedding and reception. The bridegroom's mother wore a yellow silk Empire gown trimmed in green velvet.

The reception following the ceremony was held in the Beverly road home of the bridegroom's parents, Dr. and Mrs. Robert F. Rentenbach.

Out-of-town guests included Mrs. Elroy W. Tidderington, grandmother of the bride, of Seal Beach, Calif.; Mr. and Donald J. Wing and their son Scott, of Fletcher Hills; Mr. and Mrs. Robert G. Peacock, of Murray Hill, and Frances J. Mitchell, of Geneva, Switzerland.

The newlyweds will return from a vacation in Europe to make their home in The Pointe area.

had offered to pick her up, deliver her to the mutual friends' home . . .

He picked up Mrs. Benzin and delivered the future Mrs. Buehrig.

Since then, Kay's been JUST A BIT busy.

Fly home. Get ready for Christmas. Gordon arrives, (he spent Christmas in New York with his daughter, Mrs. Joseph Orlando, Mr. Orlando and little Jordan), the day after Christmas.

Two weeks to get ready for the wedding. Blood test. Marriage license. Plane tickets . . .

"Where will we live afterwards?" Here, (in Lochmoor boulevard), and there (in Laguna Hills), and in Florida every so often, (when they're not here or there.)

"Who'll we have as attendants?" Kay has two daughters: Mrs. Hira Herrington, of Fraser, and Mrs. Tymon Totte, of Hampton road; Gordon's daughter's coming . . .

All three will be their parents' witnesses.

In the midst of all this, the parties . . .

Every bride has at least one shower. Kay's cousins, Mrs. Joseph Hadley and Mrs. George Baer, gave her one, a gadget shower, at Mrs. Hadley's Yorkshire road home.

The Paul Marcos decided a black tie dinner-dance at the Country Club last Saturday would be a good way to introduce Gordon-and-Kay-as-a-couple in the New Year, and Sunday the James Foxes, of Vernier road, entertained at a buffet supper in honor of the about-to-be-marrieds.

Cocktails in their Cook road home preceded the brunch Mr. and Mrs. Stuart Davidson gave at Lochmoor Club December 27, while tomorrow evening Kay's brothers-in-law and sisters, Mr. and Mrs. Charles Brown and Mr. and Mrs. W. W. Wood, host a cocktail party in the Woods' Renaud road home.

And all the while at Kay's home in Lochmoor boulevard everything's coming up roses, for Gordon sends her a fresh bouquet every few days.

Perfumes And Flowers

"Growth and Use of Flowers in the Creation of Perfumes," a program arranged by Mrs. Byron J. Nichols featuring speaker Carl F. Graham, will highlight next Monday's meeting of the Grosse Pointe Farm and Garden Club.

Hostess Mrs. John A. Dodds, of Cloverly road, has asked Mrs. Thomas P. Archer and Mrs. Philip I. Worcester to assist her, and every Club lady is expected to arrive at Mrs. Dodds' with an original arrangement in a perfume bottle.

Air Pollution Topic For Pointe's IWV

Michigan Cancer Society Speaker Will Address Group at General Meeting; Units to Focus on Problem in Smaller Sessions

The League of Women Voters of Grosse Pointe will hold a general membership luncheon at the Grosse Pointe War Memorial at 12:30 o'clock next Wednesday, January 13. Speaker will be Ray Smart, administrative manager of the Michigan Cancer Society, a native Detroit who has been involved in this area of health for over 15 years. His subject is "Air Pollution."

Since it is an established fact that air pollution is a health hazard, League members hope to learn about the part of the individual plays in contaminating the air and "how" and "where" this fits into the cancer picture.

Reservations for the luncheon may be made by calling Mrs. Bruce Miller, 883-9561. Anyone unable to attend the luncheon is invited to come at 1:30 o'clock to hear Mr. Smart speak.

All interested women are most welcome.

The subject to be discussed at January Unit Meetings of the League of Women Voters of Grosse Pointe will be Air Pollution.

This discussion is under the guidance of Environmental Quality chairman Mrs. Leonard Slowin and her committee.

During the "listening and discussing" sessions of the three January Unit Meetings various aspects of the air pollution problem will be studied.

What powers the government should have in the control of air pollution, where the prime responsibility must be in controlling and the kinds of controls we are willing to support to reduce air pollution are some of the topics to be developed. Unit meetings are arranged

at various times and dates so that all LWV members and guests can be sure of attending one meeting at their convenience.

Each month a different subject is discussed after a study committee has made its presentation.

The January Units will be held as follows: Tuesday evening, January 19, 8 o'clock at the home of Mrs. Leonard Slowin in Hawthorne road; Wednesday afternoon, January 20, 1 o'clock at the home of Mrs. Bruce Miller, in University place; and Monday morning, January 25, 9:30 o'clock at the home of Mrs. A. C. Fortunski in Berkshire road.

The Michigan Society for Group Psychotherapy will hold its first 1971 Clinic meeting, "An Evening With Mollie," Tuesday, January 12, at Botsford Inn. Mrs. Mary Keck Black (Mollie) will lead the session which is subtitled "An Exploration in Awareness."

Italian Pianist With Symphony

Maurizio Pollini, who made his American debut with Sixteen Ehrling and the Detroit Symphony Orchestra at Carnegie Hall, will make his first Detroit appearances this Thursday and Saturday, January 7 and 9, at 8:30 o'clock in Ford Auditorium.

The young Italian pianist who performed for Meadow Brook audiences during the summer of 1969 will be featured in Bartok's Concerto No. 2 for Piano and Orchestra.

Ehrling has chosen Schubert's fifth symphony and Debussy's "Three Nocturnes" to complete the program.

At the age of 18 Pollini was the winner of the Warsaw Chopin Competition and has continued to blaze a successful career in Europe. He is considered by many to be at the forefront of his generation of keyboard virtuosos.

His playing has been praised

for its "great sensitivity and restraint."

Tickets for these concerts are available at the Ford Auditorium Box Office, all Hudson's and Grinnell's stores.

To The Grosse Pointe Public:

Whether buying or selling real property, you need the services of a Realtor.

In creating a real estate deal, Realtor supervision offers wide contacts between buyers and sellers, practical guidance on appraising and pricing of property, and the arranging of financial details.

Most important of all, the Realtor provides the skilled, informed third party needed to bring to agreement two minds whose interest are naturally divergent.

Not all real estate brokers are "Realtors," but only active members of constituent Boards of the National Association of Real Estate Boards.

ENGLISH TUDOR with slate roof, four bedrooms, three baths, studio new kitchen with nook, sewing room, basement playroom, screened porch, fish pond, newly decorated. 122-1483.

OPEN HOUSE 2:30 to 5 SUNDAY

OUR FIRST open house of the year will feature a snappy three bedroom colonial at 410 Belanger, where you will find you can buy a well maintained house in the Farms just a short block to Brownell School, and priced in the very low thirty thousand range.

ALSO OPEN for your inspection is a spacious English townhouse at 394 Rivard Boulevard. The bathrooms, lavatory and kitchen are all spanking new and ready for first time use. This unit presently has a \$39,000 mortgage balance which may be assumed.

A "MUST SEE" is this gracious French country house being offered at 300 Lincoln Road. From the curb the house appears gigantic, but inside you'll find just four comfortable master suites and servants rooms over the garage. There is a carriage house detached from the main house and just enough yard to qualify as a mini estate. Recently redecorated which includes a dream kitchen with all the built-ins.

BY APPOINTMENT

FARMS LOCATION on an eight foot lot, is this first advertised Cape Cod with three bedrooms and that all important family room off the living room. The last three times this house changed owners it did so the first week it was offered for sale.

A CONDOMINIUM town house of top quality construction may now be seen and purchased for \$48,000. Four bedrooms on the second floor and two more on the third are six features which are certain to attract the buyer who is looking for elbow room in a condominium apartment. There is a library off the entrance hall and also a first floor lavatory.

FOR THE FAMILY or individual seeking a three bedroom condominium for less than \$35,000. This one has a first floor lavatory and new kitchen, and located just one block from Village Shopping.

NOT JUST another bath and a half colonial but this house at 424 McKinley Avenue "opens up" giving the feeling there are more than three bedrooms above. It shows well, and all the decorating required is your dust cloth.

DOES THE SPARKLE of newness and close proximity to the lake lure you to view this beautifully decorated four bedroom, three bath room house in the Farms? There is a den with entrance from the rear of the center hall and a large family room with fireplace. The over-sized porch is really an extra room for seven months of the year. Better see this one or you'll have to wait for it to be featured in a future house tour.

A BIT of New England tucked away on Touraine Court, and offering three bedrooms and two full baths in the second floor. Certainly there is a paneled den, separate dining room, covered and screened porch and delightful garden.

IN THE CITY and just a few blocks to Hill or Village Shopping, is this three bedroom contemporary with three bedrooms on the second floor. There are fireplaces in both the master bedroom and first floor social room. Sprightly decorated throughout and very cool kitchen. Offered in the mid-forty thousand bracket.

Circus Opening Will Be Benefit

Former Detroit Lions Star Ron Kramer, of Royal Oak, has been named chairman of the opening day matinee of the Shrine Circus on Friday, January 29. The initial performance at 2 o'clock at the State Fair Coliseum will benefit the Detroit Society for Crippled Children and Adults, Inc.

Announcement of Kramer's appointment to head the special event was made by Detroit Society President Marvin Garrick, of Birmingham, who said: "I'm glad of the opportunity to urge the public to buy a block of tickets to send handicapped kids to the Shrine Circus."
"Your contribution will treat handicapped youngsters to a good time at the circus and also provide dollars for the services and treatment provided at the Detroit Society Therapy Center, 17330 Schaefer."

General admission tickets are \$2.50 each. Fifty dollars will send 20 kids to the circus for a wonderful afternoon of fun. Five hundred dollars will provide seats for 200.

With a full house of 7,000 tickets to sell, Kramer is appealing to the community at large to help him kick the event over the top. Tickets may be obtained by telephoning the Detroit Society at 861-0510.

Pointers assisting Kramer with plans for the benefit circus matinee are William R. Ludwig, immediate past-president of the Detroit Society, Joseph H. Dimond and John L. Potter, current vice-president.

Ford Foundation Donates to COG

The Southeast Michigan Council of Governments has received a \$50,000 Ford Foundation grant for its Census Service Center. The Council announced today.

The center will use the funds to provide Council and Census Service Center members with reports and analyses of 1970 census data.

At the same time, the Foundation made a \$50,000 recoverable grant to the Council which will provide collateral for loans up to that amount required by the Council for administrative purposes.

The funds will be deposited in a Detroit bank.

The Ford Foundation actions followed a review by Foundation representatives in SEMCOG's offices of activities and promise for future service to local governments in the region.

SEMGOG Executive Director E. Robert Turner described the Foundation's action as a "desperately needed investment of faith and financing from the private sector" that would meet one-half the agency's needs for support funding.

A month ago, Turner told the SEMCOG General Assembly the agency needed \$110,000 in local government or private funds to meet present program commitments.

Efforts to encourage non-member local units of government to join have been stepped up. Of 346 communities and school districts in the six counties of Southeast Michigan, 104 are members.

The Detroit Grand Opera Association's 1971 Opera Luncheon has been scheduled for Monday, January 25, in the Detroit Institute of Arts' Great Hall. The Grinnell Scholarship and Elizabeth Hodges Donovan Scholarship finalists will be heard after the noon luncheon.

Dr. Robert A. Scherer of 36 Radnor circle, notified Farms police on Friday, January 1, that an unknown person broke a 12 by 16-inch window on the side of his garage. Replacing the glass will cost three dollars, it was said.

St. John Hospital Position Filled

Mrs. Marjory E. Dolezel has been appointed to the position of assistant administrator for nursing services at Saint John Hospital. The Council announced today.

In this newly created position, Mrs. Dolezel will serve as an administrative officer of the hospital and have full responsibility for the direction of nursing services, together with the education and training of the nursing staff at the hospital. She will assume this position on January 4.

Prior to accepting this post, Mrs. Dolezel served as the administrator of Georgian Northwest Extended Care Facility, Division of the Georgian Court of America. Previously, she had been associated with William Beaumont Hospital for 14 years where she served as assistant director of patient care services, a department which includes nursing and other patient related professional services.

Currently, Mrs. Dolezel is a colonel in the active reserves of the Army Nurse Corps, one of the few in the A.N.C. to attain this rank.

Mrs. Dolezel holds a masters degree in health administration and a B.S. in nursing administration from Wayne State University. In addition, she has an associate degree in liberal arts from Flint Junior College and is a graduate of St. Luk's Hospital School of Nursing in Utica, N.Y.

Boyne Country Condominiums

Right in the heart of Mid-America's skiing, golf and recreation mecca—BOYNE COUNTRY. The Boynestadt condominium village is nestled at the foot of fabulous Boyne Mountain and overlooks world-renowned Boyne Mountain Lodge.

Arlberg
As vast as the Austrian Alpine Ski country after which it is named, the Arlberg apartment building houses 12 apartments and is the largest of all buildings in the Boynestadt Condominium village complex.

Mont Blanc
Recalling memories of Europe's highest mountain, the "Mont Blanc" building sets in quiet majesty in the Boynestadt complex. The two-story Mont Blanc building houses 4 apartments keyed to discriminating tastes and offers broad vistas of the entire area.

Jungfrau 4 seasons of recreation

Reminiscent of Switzerland's most dramatic and well-known mountain, the "Jungfrau" provides a towering accent to the Boynestadt village concept. The Jungfrau's five-storied reach assures a magnificent view of Boynestadt, Boyne Mountain, and surrounding terrain.

Skating on all the famous Boyne Country areas—Boyne Mountain, Boyne Highlands, Thunder Mountain, and Walloon Hills—from November through April.
Golf at the magnificent 18-hole championship mountain course, 9-hole per 3 course within walking distance from the village, plus a golf training camp for youngsters—and—only a short drive away, the challenging 18-hole, Boyne Highlands course, (already one of the top ten in the nation), designed by Robert Trent Jones plus the 9-hole per 3 Highlands course—72 holes of golf.
Deer Lake Four-Seasons Beach Club to serve golfers, swimmers, boaters and fishermen whose beautiful white beach and private club house with dining and locker room facilities offers the ultimate in lakeside fun. The prime sandy beach, much of which shelves out at a gentle slope as far as 300 yards before youngsters can get chin-deep, is the lake's chief allure. Water is crystal-clear and, because the half-mile wide lake is nestled like a jewel in a bowl of hills, waves are never so high that a fisherman would become endangered by high winds. It also has a good lee shore, regardless of wind direction, for water skiing at any time of the day.
Deer Lake has long been noted as a bass and pike angling lake and abounds with bluegills, sunfish, and perch for the neophyte angler just learning to handle a fly rod. What's more, several small trout streams flow through the Deer Lake area just south of the lake and are readily accessible by good roads.
A fleet of rental boats and sailing craft will be available to guests—and a launching ramp will be provided for club members desiring to bring their own. A private road connects the Boyne County Four-Seasons Beach Club with Boynestadt just a mile away to the eastward.

Boynestadt is only minutes of easy access to a resort complex which offers you 10,000 acres of pleasure—skiing, golf, salmon and trout fishing, sailing, motorboating, deer and small game hunting, swimming, waterskiing, horseback riding, retirement living, investment opportunities—all in one recreational administrative organization

Pointer of Interest

MRS. C. DALE BARRETT, OF LOCHMOOR BOULEVARD

By Janet Mueller

She finds life a cause for rejoicing. But some days are more special than others. Let's go back a few weeks, to Tuesday, December 1. Time: Moonish. Place: The Detroit Yacht Club. At a special luncheon and ceremonies, DYC Commodore Joseph Bellardi presents the DYC Perpetual Holiday Trophy to Virginia Barrett.

This is the third time Gina's name is being engraved on the coveted perpetual trophy, breaking all past records for the DYC women's swimming group.

"I haven't missed a Tuesday, (swimming at the club), all this past year," Gina says. "If I don't go, I feel just... blah. I find swimming, physical exercise, sharpens my perspective, makes me think more clearly..."

Ever seen Gina dance? She "moves" like a teenager. Swimmers do. At the special luncheon and ceremonies December 1, Gina gets up to thank everybody.

Was Scared of Water. And like all converts - Gina was once afraid of the water: She began to swim because she used to drive her two older sons over to the club for lessons, and got bored sitting around the pool - she can't resist a bit of prolellytants.

"We have," she notes, "wonderful facilities here at the club, an outdoor and an indoor pool... And some of the girls who belong NEVER get into the water."

"And it's so GOOD for you, so physically good, and you make so many good friends..." Virginia Barrett's an enthusiast about everything she does. Let's go back a few years, to the office of then-Mayor of Detroit Louis Miriam.

It's another special ceremony: Gina's receiving the Key to the City for assisting needy nurses and medical students as Ways and Means chairman for the Wayne County Medical Society Woman's Auxiliary.

Converted Flasco. She helped turn a potential flasco into a smashing success. "We'd planned a benefit, a fashion show with a Parisian theme and a luncheon. We'd arranged for food for 800..."

"Well... There was an Auto Show in progress across the street, and all the women who'd come to town for the Auto Show decided to come to our luncheon..."

"And there we were, ready for 800 - and 1,500 showed!" There was only one thing to do. Gina did it.

Up she went, on the stage, in front of all those crowded, annoyed-because-they-were-so-crowded women.

"I'm sorry," she said, "I'm really sorry. We had no idea so many of you would come. We can't take care of you - we simply haven't enough food - and we'll be happy to give you your money back. If you want it, but if you want to stay - we hope you'll stay; we would like to have you stay - we'll try to make this as pleasant an afternoon as possible..."

Captured Them All. Everybody laughed. Everybody relaxed. Everybody'd been in a situation like this, like Gina's, before: Everybody was "with" her.

Most everybody, (another room was opened up; more tables put up: Some people might not eat, but everybody would have a place to sit), stayed.

Nobody demanded a refund. "We made \$2,500 in that one afternoon," Gina recalls. That \$2,500 in an afternoon broke all records.

Luck? Maybe. Gina's Double-Dip Birthday. She's star-crossed, born on the sixth stroke of midnight between May 7 and May 8.

"The Detroit Health Department says May 8, the Church (Baptismal Certificate) says May 7."

And what does Gina say? "I go to the DYC on the 7th and celebrate right straight through

State University. Both boys are recent bridegrooms.

And both went "all the way up" in Scouting, mother going all the way up with them: Gina has a Boy Scouts of America honor citation for Scouting leadership in Grosse Pointe and in Detroit as president of the Boy Scouts Mothers Club.

Rodney prefers the piano to the Merit Badge. And that too is a family tradition. Gina's a active member of the Grosse Pointe Symphony Women's Committee for many years. She chaired, with Mrs. Lou Gordon as her co-chairman, the Patroness committee for one of the Women's Association for the Detroit Symphony Orchestra Fashionscopes.

Does More At Club

She doesn't just swim at the DYC. General chairman of the Club's Ladies' Fashion Shows committee, she's commented and modelled in show after show.

At home, she's "mother" to a menagerie consisting of Princess Gigi, Princess Zsa Zsa and Prince Jacques, all show poodles, (they model too!), and four new puppies, Princess Gigi's latest contribution to the clan - plus a recently arrived cat, Buffy.

She's won ribbons for her roses. She was a Mrs. America semi-finalist a few years back. But Dr. Barrett, when he discovered continuing in the contest meant they BOTH had to spend six weeks in Florida, put his foot down, said, "Impossible..."

So Gina settled for service on the Mrs. America Contest Screening Panel.

Power Squadron Grad. She has her certificate attesting to successful completion of Power Squadron classes. Rodney's responsible for that: "He built a hydroplane, and had to take classes before he could take it out on the lake, and I said, I have to drive you to the classes anyway; I'll take the course with you..."

Shades of How I Began By Being Afraid Of The Water And Wound Up The DYC Sea Gulls' Top Swimmer of 1970!

Once again, the convert's zeal: "I think that Power Squadron Course is SO important! There's so much about water safety people don't know..."

New Enthusiasm Born. A recent trip to Italy, and Gina Barrett has a new enthusiasm.

She's studying Ancient Art, Egypt, Rome, Greece, the Etruscans, as a Founders Society Detroit Institute of Arts Docent Trainee. She'll soon be guiding groups through the museum.

Perhaps she'll soon be guided through a new "museum" herself. A Living museum.

There's a chance... Gina might go to Athens this winter...

"I'll probably get lost in the ruins - and I can't think of anything I'd like better! I'm a terrible romantic..."

People who find life a cause for rejoicing usually are.

And for them, life is full of Special Days.

Edna Chaffee Noble Club Meets Saturday

The Edna Chaffee Noble Alumnae and Speech Club will meet at noon Saturday, January 9, in the Oak Park home of Mrs. David Hewitt whose co-hostesses are Mrs. Walter Pinniger and Mrs. Frederick Wilkins.

Theme of the month is "In character, in manners, in style, in all things, the supreme excellence is simplicity." (Henry Wadsworth Longfellow).

In keeping with this theme a collection of sonnets from the writings of William Shakespeare will be presented by Mrs. Mark Waters, Jr., and the hostess will give a speech lesson based on a further exploration of the principle that proper management of breathing underlies the whole art of voice expression.

who, where and whatnot

Bits and pieces... we never got a chance to work into an article last year, but which were too good to toss out (every writer has a desk full of these, and the first column of the New Year seems an especially appropriate place for them)...

Background notes... on The Protestant Children's Home, researched for a Thanksgiving Pointer of Interest on Home Director Clinton Justice: "Summer camping trips and excursions included... in 1909, seven weeks spent at Camp Hudson on Lake St. Clair with use of farm and house given by Mr. J. L. Hudson, with many friends furnishing such supplies as 30 loaves of bread per day (from Mr. William Livingston)... 115 children at the Hudson Camp in 1910... in 1911, through the kindness of Mr. Henry Ford, the children spent six weeks in tents on his farm in Dearborn... in 1916 Mr. Ford arranged for the children to camp at Gaukier Point... in 1920 Horace E. Dodge gave the Children's Home a farm near Orchard Lake. This provided an ideal summer spot while the Home remained on Jefferson, but was no longer needed and was sold when the Home was moved to its present location in Cook road..."

An "interesting thing"... that happened to Lou (Mrs. Aaron E., of Loraine road) Wilcox in New York a few years back... The Wilcoxes, her brother-in-law and sister, the Coby Byls, of Grand Rapids, were having a late supper in Sardi's... and Lou, a horoscope caster long before astrology became the "in" thing, mentioned (aloud but not over-loudly) that Val, the maitre d', had been born under the sign of Taurus... and suddenly... "I got a tug on the arm, and a delightful gal—blondish, with a charming accent I couldn't place—said, 'I couldn't help but overhear you talking about astrology... I'm so interested—I'm a Libra—and what is going to be happening to me?'... I couldn't place her, though she looked familiar... but she gave me her birth date, and I mentioned that the planet Uranus was entering her sign soon, the first time in 84 years... that it often brings revolutionary changes and no doubt unexpected things might occur... Later, we found out from Val that we had been talking to Melina Mercouri... and revolutionary, unexpected things DID happen to her!"

While we're thinking... about the Wilcoxes, you might like to know they spent Christmas in Maplewood, N.J., with daughter Pat Dieters, son-in-law John and the children, Bobby and Pattie... and had only been back in The Pointe 15 minutes when they got a call from Pat, all excited, saying the Maplewood newspaper had called that afternoon to report they had won first prize for CREATIVE outdoor Christmas decorations... Which, inasmuch as the decorations are a bit of nostalgia from their Grosse Pointe days, pleased everybody... Early in the Dieters' married life they hand-sewed a Santa outfit, and this life-size Santa Claus has been part of their Christmas every year... This year, in Maplewood, he was placed on a side terrace (roof held up by four large white pillars), nonchalantly seated on an antique white Deacon's Bench, legs crossed, one arm along the back of the bench, large, old-fashioned Christmas wreath above him, half-empty bag at his feet, assortment of galaxy-decorated gift boxes by his side... There was a traditional Christmas tree, lighted, on the Dieters' other porch, and the same Merry Christmas spelled out in old-fashioned letters that had been in front of their Pointe home during their holidays here spotlighted from their Maplewood front yard...

Jo'nings on life... in the Plymouth Colony, compiled by dedicated DAR Quester Mrs. Urban W. Borech, of Kercheval avenue (by "dedicated" we don't mean "solemn": Mrs. B.'s a happy historian, to whom research is as tonic as a glass of wine)... "A favorite way of voting was by beans and kernels of corn. A bean meant an affirmative vote, corn, negative... Pine-knots of the fat pitch-pine were the first way of lighting homes. They were burned in a corner of the fireplace because of their droppings. There were no domestic animals to furnish tallow for candles... The dining table (tableboard) was a long, narrow board—sometimes only three feet wide—laid on supports or trestles which were shaped like saw-horses, often made from portions of packing boxes... There was always a good supply of napkins. Forks were unknown until 1633, and hands were constantly used for holding food... The centerpiece was the salt-cellar or saler 'sett in the myddys of the tabull'. It sharply defined the social distinctions of those who sat above and below. At times when Indians were guests, the chief sat above the salt, his followers below... Trenchers, made of a block of wood, 10 or 12 inches square, three or four inches deep, hollowed into a bowl in the center, were used as plates. They were shared by man and wife, and one for each two children, to show family unity and affection. Wills named them as valued household possessions... Bottles and drinking cups were also made of wood. Chairs were almost non-existent. Stools and chests were used for seating; if there was a chair, it was always reserved for the head of the family, the father..."

And here's an interesting ecological... postscript, courtesy of Mrs. Borech: "When Captain John Smith explored the New England coast, he fished for whale and caught 60,000 cod in one month."
