Thursday, February 25 THE SUPREME COURT ruled Wednesday that illegally obtained confessions can be used in charging that a defendant is lying in court testimony. The 5-4 decision, announced by Chief Justice Warren E. Burger, significantly narrowed the controsverial 1966 Miranda decision by the court. It is also lessened some of the protection that decision gave defendants againsts selfincrimination.

Results of Random Sampling of Opinions Released by Superintendent Anderson; Many Improvements Suggested by Respondents

"Grosse Pointe residents have given a high rating to the quality of public education," Dr. Thomas I. Anderson, Superintendent of the Grosse Pointe Public School System said on Monday. Dr. Anderson said that the results of the random sampling will be reported in the February-March issue of the school system's news-letter, "Education In Our Town," due to be mailed to all householders by the end of the week.

The basic question on the card seeking information on residents' reactions to the schools asks: "In your opinion, what kind of education do To Discusses youngsters generally receive in The Grosse Pointe Public School System?"

The random sampling of community opinion conducted in the fall and tabulated recently, indicates that 92 per cent of the respondents who returned post cards rank the quality of education as "superior," "excellent," or 'good' on a six-point scale including such possibilities as "poor," "fair," and "no opin-

Moore and Furtaw said they searched the captured lad, and found a hammer on his person, a bottle of Jade East Cologne, a package of Polaroid film, a pencil-type flashlight, and a .187 caliber pel-let gun. The officers placed the youngster and the bike in the car, and began cruising the neighborhood, looking for the escaped boy.

As they were searching on Mack, the Park policemen were approached by Detroit Patrolmen Merle VanMarter and Thomas Gould, who said they had Mrs. Davis in custody and were questioning her about the U-Haul truck and the items that were in it.

The Detroit policemen said they had received a radio run to 3440 Yorkshire, where a citizen had called to report that a U haul truck was traveling through the neighborhood without lights. The citizen described the truck to them, VanMarter and Gould said. As they were cruising on Mack, they saw the truck traveling slowly east on the avenue, then make a turn south onto Grayton into the Park, then apparently traveled around the block, and came back onto Mack.

Find Loot in Truck They followed the truck to Alter road and Mack, where they saw Mrs. Davis climb out her regarding her suspicious truck and noticed a General vision set, a portable stereo

The Detroit patrolmen formally placed the woman under arrest for possession of stolen property, and confiscated the truck and contents. Mrs. Davis was taken

The detective said that the midnight shift was given the information of the burglary, and officers of this shift drove around until they located the Olds' residence.

The sergeant said that the home was entered by the two youngsters, who, it was established had tried several windows trying to get into the building. The 14-year-old, who was apprehended a short time later, when Mrs. Davis identified him as her brother, confirmed the entry attempts.

The boys said that prior to trying to get into the house, they looked through the windows and rang the door bell several times, and when no one answered the door, they decided to break into the edifice. They got in by breaking the glass of the kitchen door at the rear of the building.

Mrs. Davis said that she tried to blow the horn to warn the youngsters, but the horn failed to function. She then called out, she said, and when the boys did not hear her, she panicked and got into the truck and drove off.

Mrs. Davis said that she drove slowly through the streets of the Park and Detroit, hoping that if her brother and his friend did not see her and the truck, they would walk down Yorkshire to Mack, where she would pick them up. Or, she added, she might see them walking down one of the streets.

The staff, trustees, students, and interested citizens are available to make presentations on the election to groups through-out the school district. Trustees and staff members have already spoken to PTA meetings at Richard, Trombly, and Barnes, and will address gatherings to be held in all schools

prior to the election. A community-wide discussion of the millage election has been scheduled for 8 p.m. on Thursday, March 11, in the ballroom of the War Memorial. Co-sponsored by the Grosse Pointe PTA Council, the local chapter of the League of Women Voters, and the War Memorial, the forum will provide residents with an opportunity to have their questions answered prior to the March 15

election. Dr. Anderson said that a booklet, "Financing Public Schools and Libraries in Grosse Pointe: Problems and Prospects for the 1971-72 School Year and Beyond," is available in the public libraries, in the schools, and at the Administration Building, 389 St. Clair Avenue. The Superintendent of Schools said that an occupant mailing of the system's news-letter, "Education In Our letter, "Education In Our Town," has been set for the week of March 8.

Dr. Anderson said that Mr. and Mrs. Charles F. Woodbury, residents of Grosse Pointe Woods, have assumed the chairmanship of the citizens' campaign effort. Headquarters is located at 17003 Kercheval Avenue.

Dr. Anderson also commented on Public Act 100. He said that until recently he and the schools' staff and a few mem-bers of the PTA had been spearheading what has seemed to be a losing battle to retain

local control of public educa-tion. "Although the possible local impact of Governor Milliken's proposals and intentions were apparent from the beginning, it has been difficult until this past fall to arouse community interest," Dr. Anderson said.

The recently-formed Grosse Pointe Study and Action Committee for Education, chaired by Mrs. John A. Nelson of Grosse Pointe Park, has organized an effective program of community-wide awareness to the problems of public education, has contacted legislators, has held a series of meetings to create awareness, and has made trips to Lansing,

Do you ever think of a telephone as a lethal weapon?

If it is used anonymously (as it has been lately) to give out false information about the public school system, it is a destructive instrument.

For example, have you heard . . . that the school system doesn't need the truck it bought recentlybecause it has two in hiding . . . that the system has secret bank accounts . . . that with the reassessment the schools will not need millage to finance proposed expenditures for 1971-72 . . . these rumors are not true.

If a caller won't give you his name and provide documentation for his statements, don't give him your valuable time. Hang up!

The highest degree of satisfaction with the present program was expressed by parents of children in public elementary school with 7 percent of this group indicating that no improvement is necessary in answer to the question: "In your opinion, is there an area of the educational program in which the schools could improve?" A higher percentage of respondents expressed "No Opinion" to this question than did so on others. The low was 14 percent, (parents with middle school children), the high was 37 percent, (people with no children), and the average

among the seven categories was 27 percent. None Said "Poor"

Dr. Anderson said that none of the respondents rated the school program as "poor," and added that although 11 per-cent of those with no children in school rated the schools as "fair," (the highest percentage expressing this opinion), 50 percent of the same group said the schools are "excellent.

Dr. Anderson said that many citizens contacted in the poll took the opportunity to comment on the areas of program deficiency, which are current

ly under study by the staff. The average of the respondent's post card returns, (among the seven categories), was 33 percent, and represents a low of 15 percent, (by respondents with no chidren), to 54 percent (by those with children in the middle schools).

As satisfactory as the ratings appear, an average of 55 percent of the citizens in the seven groups who replied indicated areas of the educational program in which the schools could improve. The range went from 41 percent by people with no children to a high of 65 percent by parents with children in the senior high schools.

The impact of inflation is obvious in the replies. Not only did inflation finish virtually in a dead heat with Crime as the principal problem facing the nation today - Vietnam and Pollution were nextbut a surprising 62.2 percent said they would favor a freeze on their own wages as well as prices. 30.5 percent voted No. and 7.3 percent were undecided. In addition, 79.9 percent favored an automatic cost-ofliving adjustment on social security benefits, only 15.4 percent were opposed, and 4.7 percent were undecided.

In a further surprise, strong 68.1 percent favor proposals to return part of all federal tax monies to state and local governmnts for use as they see fit, with only 23.4 percent opposed, and 8.5 per cent undecided. This reflects public dismay over state and local taxes as well as recog-nition that smaller units of government have become financially strapped.

Fourteenth District residents continue to be very worried about the crime problem. Few, only 10 percent, believe there has been an improvement in the handling of the crime problem. In contrast, 84.5 percent said No. and 5.5 percent were

For many years, Nedzi has asked the question whether his constituents favored the admission of Mainland China into the United Nations. In the early 1960's, the response was negative. This year, continuing the recent trend, 50.1 percent, a high point, approve, 35.2 percent disapprove, and 14.7 percent were undecided.

"The President has only partially muted the Vietnam issue," Nedzi said. "The fact that the war is still going on nearly 2½ years after the 1968 Presidential campaign tends to create a grievance that is barely below the surface. Public dissatisfaction may again become quite vocal. People simply want the war to end. Even if Vietnamization is not successful, for example, 62.9 percent would continue steady U.S. troop withdrawals; enly 1.4 percent would increase U.S. troop levels, 24.5 percent would make an all-out effort for military victory, and 11.2 percent are for other measures, mainly immediate withdrawal."

Nedzi detected a trend, compared with last year's results, toward a less punitive attitude on the possession of marihua-na ("pot"). Nevertheless, 47.7 percent would increase penalties for possession, 23.9 percent would decrease them, 18 percent would make no change, ers, Detroit, was charged with gent in the pursuit of their 10.4 percent would eliminate penalties altogether.

The pace of movement toward racial equality is deemed "too fast" by 41.2 percent, 'not fast enough" by 16.5 percent, and "about right" by 42.3 percent. This response closely parallels the response of previous years. The population of the 14th District is about ninety percent white.

The Woods City Council turned down one of the most unusual requests it has faced, at the regular meeting of Monday, March 1, because of the "nuisance value" of the ap-

In a letter to the council from the Parents Committee for University-Liggett School Commencement Dance, the council was asked to approve the use of the municipal pool from 3 a.m. to 5:30 a.m. (that's right, in the morning) on one of the great textbooks of Thursday, June 10, by the U-L graduating class.

"We estimate the group involved will total about 80 and other officers were dispeople and be composed of the patched to the scene. UL senior class, a few dates from other schools, and at least 10 parents to chaperone, the letter stated. "Our hope is March 17, New Detroit at to give the U-L graduating Work, led by William T. Patrick, Jr., March 24, Education in the City and Suburbs, and safe as well as lots of fun."

> Commencement dinner and | dance are scheduled to end at 3 a.m., when the U-L graduates had hoped they would be allowed the early morning

"We hope you will give permission to swim at the Woods pool, followed by coffee and donuts in the picnic area while we watch the sun come up at 5 a.m. the morning of June 11. This schedule will be well chaperoned throughout and involve a minimum of driving for the young people," the request continued.

The letter stated that it was the committee's understanding that there would be only one resident who would be disturbed by the event and the parents would like approval pending enlistment of that person's support.

The request was denied partly because the Woods park is located in St. Clair Shores.

Imposters Cheat

Two tricksters, masquerading as foreigners from the Middle East, cheated a cashier out of \$200 at Farmer Jack's Supermarket, 20382 Mack, Tuesday, February 16.

Christine Stamation told Woods police that around 9 a.m., two dark complected who looked like they were from India came to the cashier counter with several items including cooking utensils. When they were given the price of the items, Stamatiou said they looked confused about the correct denomination of bills to give and fanned the money out so the cashier could make the correct choice.

In the process of the exchange, the two shysters asked the girl for souvenirs in change including a bill with George Washington's picture and a \$20 bill with the letter printed in the serial number

Obligingly, the cashier picked up the stack of \$20 bills from the register and began thumbing through them looking for the magic letter when one of the two swindlers deftly slipped the stack of bills from her hand and began to leaf through them himself. When the victim realized what had happened, she snatched the bills back and the "foreigner" dropped his hands by his side, apparently empty.

At the end of the day, when Stamatiou counted the money in the register and compared the total with the receipts, she found \$200 missing. Store pol icy dictates that she be held responsible for the loss.

The only description the girl could offer police was that the two were both wearing top coats and tight suits.

PTA at Ferry Meets Tuesday

The Ferry School PTA is sponsoring a special program on Tuesday, March 9, at 7:45 p.m., on drug abuse.

Featured speakers include Dr. Kenneth Schooff, director of the outpatient clinic at La-fayette Clinic; Michael Ferrence, liaison officer of the Youth Service Division, and fifth and sixth grade teachers Mrs. Helen Ann Hurkett and Mrs. Norma Stevenson.

A classroom projects display, two audio-visual presentations, one on experimental math and one on drug abuse, and the annual PTA elections, will follow the program.

Rosarians Set Mar. 10 Meeting

The Grosse Pointe Rose Society will meet on Wednesday, March 10, at the Main Library, Kercheval and Fisher road Coffee and dessert will be served at 7:30 o'clock, followed by a spring program at 8:10

Program chairman Jerry Kulaja has arranged a program on spring preparation featuring Mrs. Marylou J. Meryers and August Pokriefka, two practical rose authorities, who will present their ideas and approaches to spring uncovering, pruning and early fertilizing techniques.

Mrs. Meyers has been growing roses since childhood. She is a trustee of the Detroit Rose Society and has held numerous chairmanships with the organization. Mrs. Meyers prefers miniatures but also grows floribundas, hybrid teas, and old-fashioned roses. She has won trophies at the Detroit Rose Show for arranging and exhibiting roses.

Mr. Pokriefka is a veteran rose grower with 25 years ex-perience. He has been an American Rose Society judge for eight years and consulting rosarian for the Detroit Rose Society. He has won "King of the Show" and "Queen of the Show" trophies. A question and answer period will follow the program.

Woods Approves Liggett Courts

As expected, the Woods City Council approved the construction of three tennis courts on one of the parking lots located at the Liggett campus of University-Liggett at their regular meeting, Monday, Febru-

Official approval was needed from the council because conversion of the parking lot to serve a different purpose is a variance from that originally prescribed in the building

The approval was granted, however, only on the contingency of an understanding among the residents that the city cannot strictly enforce two written agreements drawn up between the school and the residents and that the installation of lighting on the tennis courts will be prohibited in the variance.

The written agreements, signed by both residents and U-L officials laid down specific rules as to how and when the playground at Liggett may be used, by whom, and what activities will be allowed. Stated also were guidelines placing responsibility in the event of damage.

After some discussion, however, it was decided and agreed upon by the residents that Robbins' verbal committment at that meeting regarding the school's "good faith" would be a proper substitute for a printed and signed form.

With the lighting reservation, Councilman Benjamin Pinko's verification from the attorney that the city may en-force the opening of the tennis courts for parking in the event of a public safety problem, and the understanding from the residents that it would be "difficult . . . to take the agreement and make it a binding document that the city will be able to enforce," as Councilman Hutteman put it, the approval was passed un-

Devil Swimmers Sharing League Lead; Win 53-52

Unbelievable is the only word the only other individual winthat can suitably describe the ners for the tankers. swim meet between Royal Oak Dondero and South High Friday, February 26. For the South squad, who won 53-52, it had to be their greatest vic-

tory of the season, as they tied Dondero and Monroe for a share of the Border Cities league crown with an 8-2 record. The meet was close from

start to finish, as both squads kept trading slams and points. Royal Oak led in slams with two, as Tim Greer and Al Lynn both finished 1-2 in the individual medley and backstroke events respectively. South's only slam came in the diving competition, as Chris Gauthier and Keith Ketchman easily finished 1-2.

Slams alone, however, do not win meets and South led in almost every other department. The medley relay team of Chip Gauthier, Pete Rodin, Bob Heels, and Don Greenup provided the tankers with the first of five first place fin-ishes. Brad Boerner finished in first place in the 60 yard freestyle with a time of 28.5 seconds to add five more important points. Bob Heels in the 100-yard

Hockey Bruins Stage Barrage

Saturday, February 27, the Grosse Pointe Squirt Travel Team blasted the Northwest Hockey Club off the ice in a Tri-County League game at Winter Wonderland Rink in Detroit winning 8-2.

In command from the start, the speedy Bruins put in two first period goals, the first by Jeff Logan who was set up by Chris Ahee and Dave Carron. Later Terry Hogan scored on a long lead pass from Mike Mallard.

Second period Bruin goals came from Jeff Logan assisted by Chris Ahee and from Terry Hogan assisted by Jeff Johnston. Northwest finally got on the scoreboard with two goals but the Pointers fattened the lead again on scores by Don Orlando from Jim Morris and Kevin Moore, and a long slap shot goal by John Hastings. Pete Rodin, however, will be remembered as one of the heroes of this meet due to his performance in the 100-yard breaststroke. Rodin, who was suffering from a shoulder injury that occurred during practice last week, finished second in the breaststroke to give the Devils one last chance to catch Royal Oak. That last chance came in the freestyle relay event, as South swimmers, trailing by four points, won the event and the meet behind the powerful swimming of Craig Walworth, Fred Weckler, Don Greenup, and Dave Beynon.

The JV swimmers ended their season with a 9-4 record, as they beat Royal Oak through a default. Evidently, the team from Royal Oak was unable to make the trip.

Next week the JV's will trek to Grosse Pointe North where they will host the BCL meet. "It should be a great meet." stated Coach Carl Schoessel, "Every event has several strong swimmers."

St. Paul Cagers Lose Close One

By Paul Ecchmer

The St. Paul Lakers are a truly puzzled ball club and the reason for their perplexity was best illustrated by the 59-58 defeat at the hands of Servite Thursday, February 11.

The Lakers just can't seem to take the close ones. They have lost eight of their nine games by 10 points or less and five of those games by two points or less. The Service game proved almost the last straw as the Lakers had a seven point lead at half-time. shot 58 percent from the floor, compared to 33 percent for Servite, and still lost.

"Foul shooting was the problem," Head Coach Ed Lauer Bob Barker, Seconds later Barsaid, "and this should be our strong point." Master statis-Mike Nally's figures showed a 25 percent shooting average from the foul line in the Servite game while a week before against Ecorse, the Lakers shot 93 percent.

Yet even with the poor foul shooting, the Lakers looked as though they had the game so sewed up. Holding a slim one point lead with 25 seconds to go and pressing fiercely, it looked as though the Lakers had them; but a desperation jumper with three seconds left won the game for Servite, and made the Lakers leave the court in dejected silence.

That was that guy's only basket of the game," said Nally of the winning points, The Lakers play two nonleague encounters against Royal Oak St. Mary and Nativ-

ity before the state tournaments begin.

Chargers Enjoy Victory Streak

The winning streak started grade League Championship by the hockey Chargers in January continued well into the month of February,

Thursday, February 4 the Chargers played the Pros to a 2-0 league victory. Bob Barker was the Chargers big star scoring both goals. Pro goalie, Steve Butcher had a great night and turned away many Charger shots,

This was a 5-0 win for the and the Warriors from the Chargers. The game stars South Division. were Steve Levick, first, Karl Ketchum, second, and Harry Blackwood and Scott Santi tied for third.

Friday, February 12 the Charger played the Fraser Raiders to a 0-0 deadlock. This proved to be the highlight of the season for the Chargers after losing to the Raiders many times by only one goal. The game stars were Mark Fraser, first, Harry Black-wood, second, and goalie Doug Tito, third.

Next came a two game series with the Sabers. In the first game the Chargers won 4-1. Dave Fessenden scored in the second period assisted by ker scored on a pass from Fessenden. S.teve Levick scored the other two goals assisted once by Bob Rahaim and once by linemates Ketchum and Santi.

In the rematch game the Chargers were a little sharper and scored a 6-2 victory. Karl Ketchum scored twice and single goals were turned in by Blackwood, Levick, and Santi. Matt Costello played an outstanding game.
The Chargers again proved

too strong for Merit Book Center and gained a 7-1 win at Iceland Tuesday, February 16. Steve Levick registered another "hat trick" and was the games first star. Bob Barker scored twice assisted by Harry Blackwood. Karl Ketchum

and Scott Santi scored the other two Charger goals. In a league game Thursday February 18, Dee's Sport Shop nearly scored an upset but four goals by Steve Levick gave the Chargers a 4-3 win. Karl Ketchum was in goal for the Chagers and made many good saves. Bill Tripp and Joe Sehee turned in excellent games.

After ten victories, the Chargers fell to a strong Allen Park team 5-2. It was a well played game by both teams. Levick and Ketchum scored the two Charger goals. Bob Rahaim and Joe Sehee played good games on defense.

Sunday, February 21 at La-Salle Arena, the Chargers played two games with only two lines present and really had a very good day.

The first Farmington Flyers ended in a 2-2 tie. Both Charger goals were put in by Karl Ketchum. Brian Moody and Mark Fraser turned in great defensive performances.

In the second game the Chargers met the Grosse Pointe Squirt House League 'All Stars." The "All Stars" showed great promise for a young team. The experience of the Chargers was a little too much and it was a 6-0 Charger victory, Joe Sehee and Danny Austin were the Charger stars in this game.

The Grosse Pointe Pros were really up for their final league game with the Chargers and their fine performance brought them a 3-1 vic-tory. Pro goalie Steve Butcher was again called on to make many good saves. Brian Moody scored the Charger goal unassisted. Moody was the first Charger star and Bob Barker was second with Joe Schee,

In their final game in February the Chargers met a strong Squirt team from Wyandotte and rebounded from their defeat by the Pros to come up with a 4-8 victory. Karl Ketchum scored twice with Barker and Blackwood turning in the other two goals. It was a well played game on both sides. The game stars were Doug Tito, first, Matt Costello, second, and Karl Ketchum, third.

Next the Chargers are looking forward to the March playoffs in the Suburban Hockey League.

IF YOUR HOME IS FOR SALE

THERE ARE THREE WAYS TO SELL YOUR HOME

- 1. TRY TO SELL IT YOURSELF-This usually is the most unsatisfactory way. It eliminates professional qualification of prospects and invites the showing of your home to practically anyone who rings the doorbell, regardless of their ability to buy or the time of day or night at which they want to make an inspection. Owners are not professional negotiators. They do not know what comparable properties they will have to compete withthe condition of the market-financing possibilities, demand, or how to properly expose their home only to prospects actually in the market to
- 2. LIST IT WITH ALL BROKERS-This usually results in getting attention from none. No one is responsible; consequently the listing receives little attention. Everyone knows about it, but no one makes any special effort to effect a sale. Brokers, obviously, promote and spend money only on their own Exclusive Listings and neglect those that are non-exclusive.
- 3. LIST IT WITH ONE BROKER, EXCLUSIVELY-This produces by far the best results. It exposes the home to not only prospects of cooperating brokers and their salespeople but also justifies the cost of extensive advertising promotion. Prospects are qualified as to ability to purchase prior to showing and inspections are by appointment only with the salesman accompanying the prospect.

ONE OF THE QUICKEST, SUREST AND MOST EFFECTIVE WAYS TO SELL YOUR PROPERTY IS TO LIST IT EXCLUSIVELY WITH JOHNSTONE & JOHNSTONE.

Will Others Follow Suit?

At the regular council meeting of February 22, the Woods solons passed an ordinance banning high phosphate detergents and non-returnable bottles in their city. The fact that the councilmen voted partially in response to dozens of letters received by the city asking for ecology ordinances is a good indication that strong support from the public can definitely influence the thinking of Pointe councilmen.

Ordinances to combat the increasingly dangerous and lethal problem of pollution are presently being studied and are on the minds of councilmen in the Park, City and Farms. It is strongly urged that residents contact their respective city administrations and ask that they follow the lead shown by the Woods for Pointe-wide pollution control.

The tragedy of it is that right now the ecology problem is a losing battle and will be for many years to come. The question arises as to just how much damage will be done before it is stopped, and how much of it is irreversible.

Few may know it, but there was a time when Lake St. Clair was viewed by experts as one of the top "fishin' holes" in the United States. No more. And it may not be long before all of us will look out on our beloved Lake St. Clair and find it choked with seaweed and entirely devoid of skiers, sailors and fish. Concurrently, Pointers can count on depreciating land values.

As for general books, how does one go about getting information in a library from these? If you are familiar with the public catalog, it is advisable to go to that source first, where, as you probably know, you can look your book up under author, title or subject. In our library, we use the Dewey decimal system, so your numbers for non-fiction will range from 000 to 900. covers a certain subject, such as 100 - philosophy, 400 - languages, 700 - fine and a subject such the librarian — she is there to serve you. Perhaps you want advice on heart guages, 700 - fine arts. And, of course, each class is broken down into sub-groups. If you have found your call number. small signs will direct you to your classification. And if you don't find the book you want, for goodness' sake, ask the librarian! Fiction is shelved alphabetically by author so you will not need a call number.

When you have found your book, especially if it is non-fiction, try using the table of contents in the front, and/or the index in the back of the book. Not every book has this for-mat, but so many of them do, that it is always a good idea to start out this way. Now - what about periodi- of our resources!

FOR SALE

NOT JUST ANOTHER colonial with three bedrooms, but you'll find in 405 Moran Road, the only colonial in the Farms which can boast a family room and is priced under \$34,000. This one has recently been vacated because of a corporation transfer. Come in and feel at home . . . you might just steal a home.

A "MUST SEE" is this gracious French country house being offered at 300 Lincoln Road. From the curb the house appears overpowering, but inside you'll find just four comfortable family suites and servants rooms over the attached garage. There is a carriage house detached from the main house and just enough yard to qualify as a mini estate. The dream kitchen is reason enough to take this one in.

BY APPOINTMENT

TOWNHOUSE living offers the advantage of minimum exterior maintenance, security of close neighbors and proximity to public transportation and shopping areas. Combined with these features we will show you a terrace with spacious rooms throughout, which include four bedrooms on the second floor and two more on the third. Off the entrance foyer is a small library and that important first floor lavatory. Both kitchen and butler's pantry have been updated and the spacious living room has a natural fire place.

THE SHORES is always popular because of its closeness to the water and the large number of fine residences which abound throughout this community. If you have ever enjoyed the ease of one story living, or wish to try it, then by all means check with us to see this newer listing which comes with four bedrooms, thirty-five foot living room and enormous kitchen. Smartly decorated both inside and out and centrally air conditioned.

IN THE FIRST block off Lake Shore Road you will find this newer colonial with five master-sized bedrooms, most of which have their own bathrooms. The present owner has recently completed a major addition over the attached garage which could be utilized as a sumptuous suite or kids dormitory. Another addition has doubled the size of the original family room and includes all those amenities you see in the decorator magazines. This one is destined to be selected for "the house tour." Let us make it yours.

VERY CHARMING and situated in an ideal location. close to schools and transportation. In the Farms and the low 30's. Snappy red brick, three bedroom Colonial with aluminum trim. Large screened terrace, living room with natural fireplace, and formal dining

ARCHITECT DESIGNED One owner home. Charming one and a half story Cape Cod in Grosse Pointe Shores. Master bedroom on the first floor, three more bedrooms and two baths on the second. Impeccably decorated and ready for your furniture. Owner wishes to move into apartment.

WOULD YOU believe we have an answer to everyone's prayer . . . A newer Colonial in the Farms on a tree lined street. This beautiful house has plenty of room for a midi-family. There are five bedrooms and three baths, all on the second floor. The first floor has spacicus rooms including family room and a library, both with fireplaces, and a card room. As an extra feature, there is a first floor utility room. Easy walking distance to shopping area and schools. Call us today for an appointment.

CARL JOYNER 20229 MACK - in the Woods

who, where and whatnot

By Whoozit

The French have a word for it . . . some 200 high school students heard it first hand from Monsieur le Comte Reginald de Warren, cultural attache to the French Ambassador to the United States in Washington, D.C. at a recent assembly at North High School... all those present were French language students from North High... Our Lady Star of the Sea... Grosse Pointe Academy... and St. Paul High School.

Madame Rene Robert (pronounced row-bear . . . not Robert) arranged for M. de Warren's appearance . she's a French teacher at North . . . a firm believer in totally involving language students in the country president of Syria. Thsan Chichakli . . . when Rene and Elizabeth decided to get married . . . they wanted to come to the States to live . . . Rene had to be signed out of the Army by the minister of war and Charles de-Gaulle . . . it's no wonder Madame Robert is such an exciting French teacher . . . she's lived and studied in France AND is married to a Frenchman . . . she knows everything firsthand . . .

M. de Warren spoke of many things . . . he compared French-American relations with those of two lovers . . . sometimes displaying passionate love and other times displaying jealousy . . . BUT never going too far so as to dissolve the relationship . . . (ah these Frenchmen!) . . . he also outlined relations between France and America beginning with the period prior to the revolution as related to Franklin as ambassador to France and LaFayette's role . . . he talked of present relationships . . . with special emphasis on misunder-standings related to France's withdrawal from NATO . he explained the French role in Indo-China prior to American military concern . . . BUT . . . his major point was that the goals of France and the United States are similar . . . only the methods of getting there are different . . .

Parlez-vous Francais? . . . fortunately the students at the assembly did . . . and very well, too . . . because M. de Warren spoke entirely in French . . . listen to some of the student reaction . . . "M. de Warren clearly pursued the reasoning for the withdrawal of France pursued the reasoning for the withdrawal or France from NATO . . . I found this part of his speech to be the most interesting because before I'd never understood the logic behind the move said Claudia Jones . . . Larry Riley thought hearing M. de Warren was an excellent opportunity for students to experience French on a firsthand basis . . . both Beth Kray and Suc Staketos were supprised and delighted at how well Sue Steketee were surprised and delighted at how well they understand the French language . . .

M. de Warren liked us too . . . he was very enthusastic about his visit to North as were Mrs. Warren Wilkinson, Mrs. Dirks-Dilly (her husband's the French Consul General in Detroit) . . . Pierre Vioux, French vice-consul in Detroit and Ludmilla Kruse, secretary at the French Consulate and former Grosse Pointe High School student . . . all were impressed with the school . the students . . . the administration . . . AND the reception they received . . . M. de Warren was especially pleased that principal Bruce Feighner found time to accompany him and the other guests on a tour of the

Bruce Feighner liked them too . . . he told the NEWS that he was pleased and delighted to have M. de Warren visit and speak to the French language students and added, "M. de Warren brought the students a viewpoint of the position France has taken on many events of world importance and gave them wonderful practice in listening to conversational French . . ."

"France has a new motto. M. de Warren said . . . the new generation in France and Germany never speak of past wars . . . the motto is "Peace" . . . and to the students in the audience all kinds of lights went on at hearing this . . . after all isn't that's "where its ... "Peace" ... or "la Paix" ... no matter in what language it sounds great!

The school principal was explaining the curriculum of the coming semester to our PTA. During a pause in the talk, my neighbor nudged me and whispered, "I'm so thankful for this New Math. Now my children needn't ever learn I didn't know the old.
