Police Department.

"This person knew that something was wrong," he said, and did not hesitate to call. Our officers arrived just a little too late to catch the suspects at the scene of the burglary, but as a result of the description of the pair and the car seen at the Bishop road residence, police from Grosse Pointe City were able to apprehend the suspects.

"What can I say for that kind of cooperation from a citizen? This is what we want. We want people to keep us informed of anything suspicious. We would prefer to check out any calls of suspicious noises or activities, and find nothing amiss, than not receive a call because a citizen feels there is nothing wrong. Let your police be the judge; let them do the investigating and determine that everything is in order."

Farms Det. Sgt. George VanTiem and Det. Joseph Miller; Chief Teetaert and Det. Lt. Robert VanTiem; Woods Det. Everett Plumb and Shores Det. Sgt. Frank Mustazza, all of whom questioned Schulte and Emery, said they have combined their complaints with those of the Park.

Chief Teetaert and Lt. Van Tiem, released a list of break-ins in the City, admitted to by Schulte and Emery, as follows:

Local Tennis

(Continued from Page 1) ganized tennis for the good of the community.

Kay, who has since taken a back seat, said his department will offer what help it can in support of the association. Right now the group is using the Neighborhood Club as a clearing house and center for their meetings.

In an official statement to the NEWS the group said their "purpose is to get enough organizations to apply to the Southeastern Michigan Tennis Association for sanction to have a Junior Tournament this June.

"By getting approval of SEMTA, we also will have United States Lawn Tennis Association approval. Thus, winners will accrue points toward local, state, regional, and national rankings. We will, of course, use the official age groups: 12 and under, 14 and under, 16 and under, and 18 and under. The proposed dates for the tournament are June 11, 12 and 13.

"The great interest expressed in a junior program here in Grosse Pointe emphasizing junior development and adult education is finally coming to fruition. The association will be affiliated with the Neighborhood Club, and the purpose will be to develop tennis in the Grosse Pointes. Specifically, junior tennis is our initial goal, while adult tennis and adult clinics may be proposed later on.

"By joining SEMTA we will get authorization to host a Junior Tennis Tournament for boys and girls in the single and doubles events. The winners will receive USLTA medals and trophies, as will runners-up in all events. Aid and assistance will be provided by SEMTA and we will function financially with the Detroit Tennis Patrons."

Shooting

(Continued from Page 1)

Police said at the time when Schmalz answered the call for assistance with Patrolman Bruce Marone, they saw the younger Mathews come out of the home and then run back inside. At the door, Marone said he saw Mathews inside the home with a shoulder weapon and yelled to his partner to run for cover. Neither of them had their service revolvers drawn at the time.

Mathews then burst out of the home, blasting Schmalz and firing twice at Marone while he ran for the scout car. Schmalz, not unconscious, drew his revolver and emptied the gun at Mathews while Mathews ran back inside the home. All six shots missed their mark.

Rushed To Hospital
As Marone radioed for help, Schmalz managed to crawl to the safety of the scout car and was immediately taken to the hospital for emergency surgery.

The younger Mathews surrendered after the house was surrounded. He was taken and charged with assault with intent to commit murder.

According to police, Dr. Mathews told them after the incident that Frederick had threatened to kill someone, but he could not explain it over

He said the organization's members would then form task forces for information, education and investigation of future projects.

The next community-wide meeting of EAN is slated for Wednesday, March 31, at 8 o'clock, at the War Memorial, at which time a constitution will be approved and officers elected.

ADAMANT
A poker face may sometimes win, but no man in the world has ever been able to bluff his conscience into silence.

While answering the charges in the lawsuit, Dr. Mathews said that "by reason of mental illness" he felt his son "was unable to form the intent to perform the act (of shooting the officer)."

son the Authority was unable to pay for them from its own funds, the cities would be required to pay for them on a percentage basis. Total cost of the vehicles would not exceed \$20,000, and the live would continue in operation until July 1 of this year.

If perchance SEMTA is unable to meet the payment obligations, the costs would be distributed among the six communities, based on population percentage. Under this formula, St. Clair Shore's share would be \$3,020; The Park, \$3,920; The Farms, \$3,140; The Shores, \$740; The Woods, \$5,500; and The City, \$1,700.

Lake Shore officials had announced that the company was ending services to the six communities as of February 28, but at the last minute, the officials were served with a temporary injunction signed by Circuit Judge Joseph Sullivan, which restrained the lines from terminating operations until March 4.

Injunction Extended
 On March 4, Circuit Judge Thomas Roumell extended Judge Sullivan's injunction to March 31. Lake Shore then raised the bus fare to five cents.

On March 31, a hearing is scheduled in Circuit Court to determine whether or not the injunction should be made permanent.

Richard Raskey, Superintendent of Transportation of the Michigan Public Service Commission in Lansing, said that a meeting will be called sometime in early April, with bus officials and representatives of the cities attending, to review the firm's financial status and to see what possible steps can be taken to retain the services badly needed by commuters of the six cities.

Police Receive Grateful Note

Heartfelt gratitude was expressed in a letter recently received by the Woods Public Safety Department after Sergeant Thomas Kane and Patrolmen Stuart Gerow and Arthur Gekiere responded to an emergency call to transport a resident to the hospital.

"This note is to express my gratitude to the three wonder-

ful police officers who responded as readily and showed such concern for my elderly, sick mother," the letter read.

"They rushed her to St. John's thereby enabling her to receive the much needed care she required. My sister and I knew it was the only way she could be admitted to the hospital."

On April 1st, Detroit unveils the first Italian fast back.

Detroit will soon be introduced to a romantic new mode of travel to Italy. On Alitalia Airlines, the food is Italian (Lobster Medaglione, Prime Filet alla Madeira...), the wine is Italian (Chianti, Bardolino, Verdicchio...), and the stewardesses are Italian (for variety, we include a few Germans, Swiss, Dutch...). But most importantly, the destinations are Italian.

Of course, Alitalia can fly you to many cities that aren't Italian (we're the world's sixth largest international airline.) But we're the only airline out of Detroit that will fly you direct to Milan and Rome. So we can get you fast there, as well as fast back.

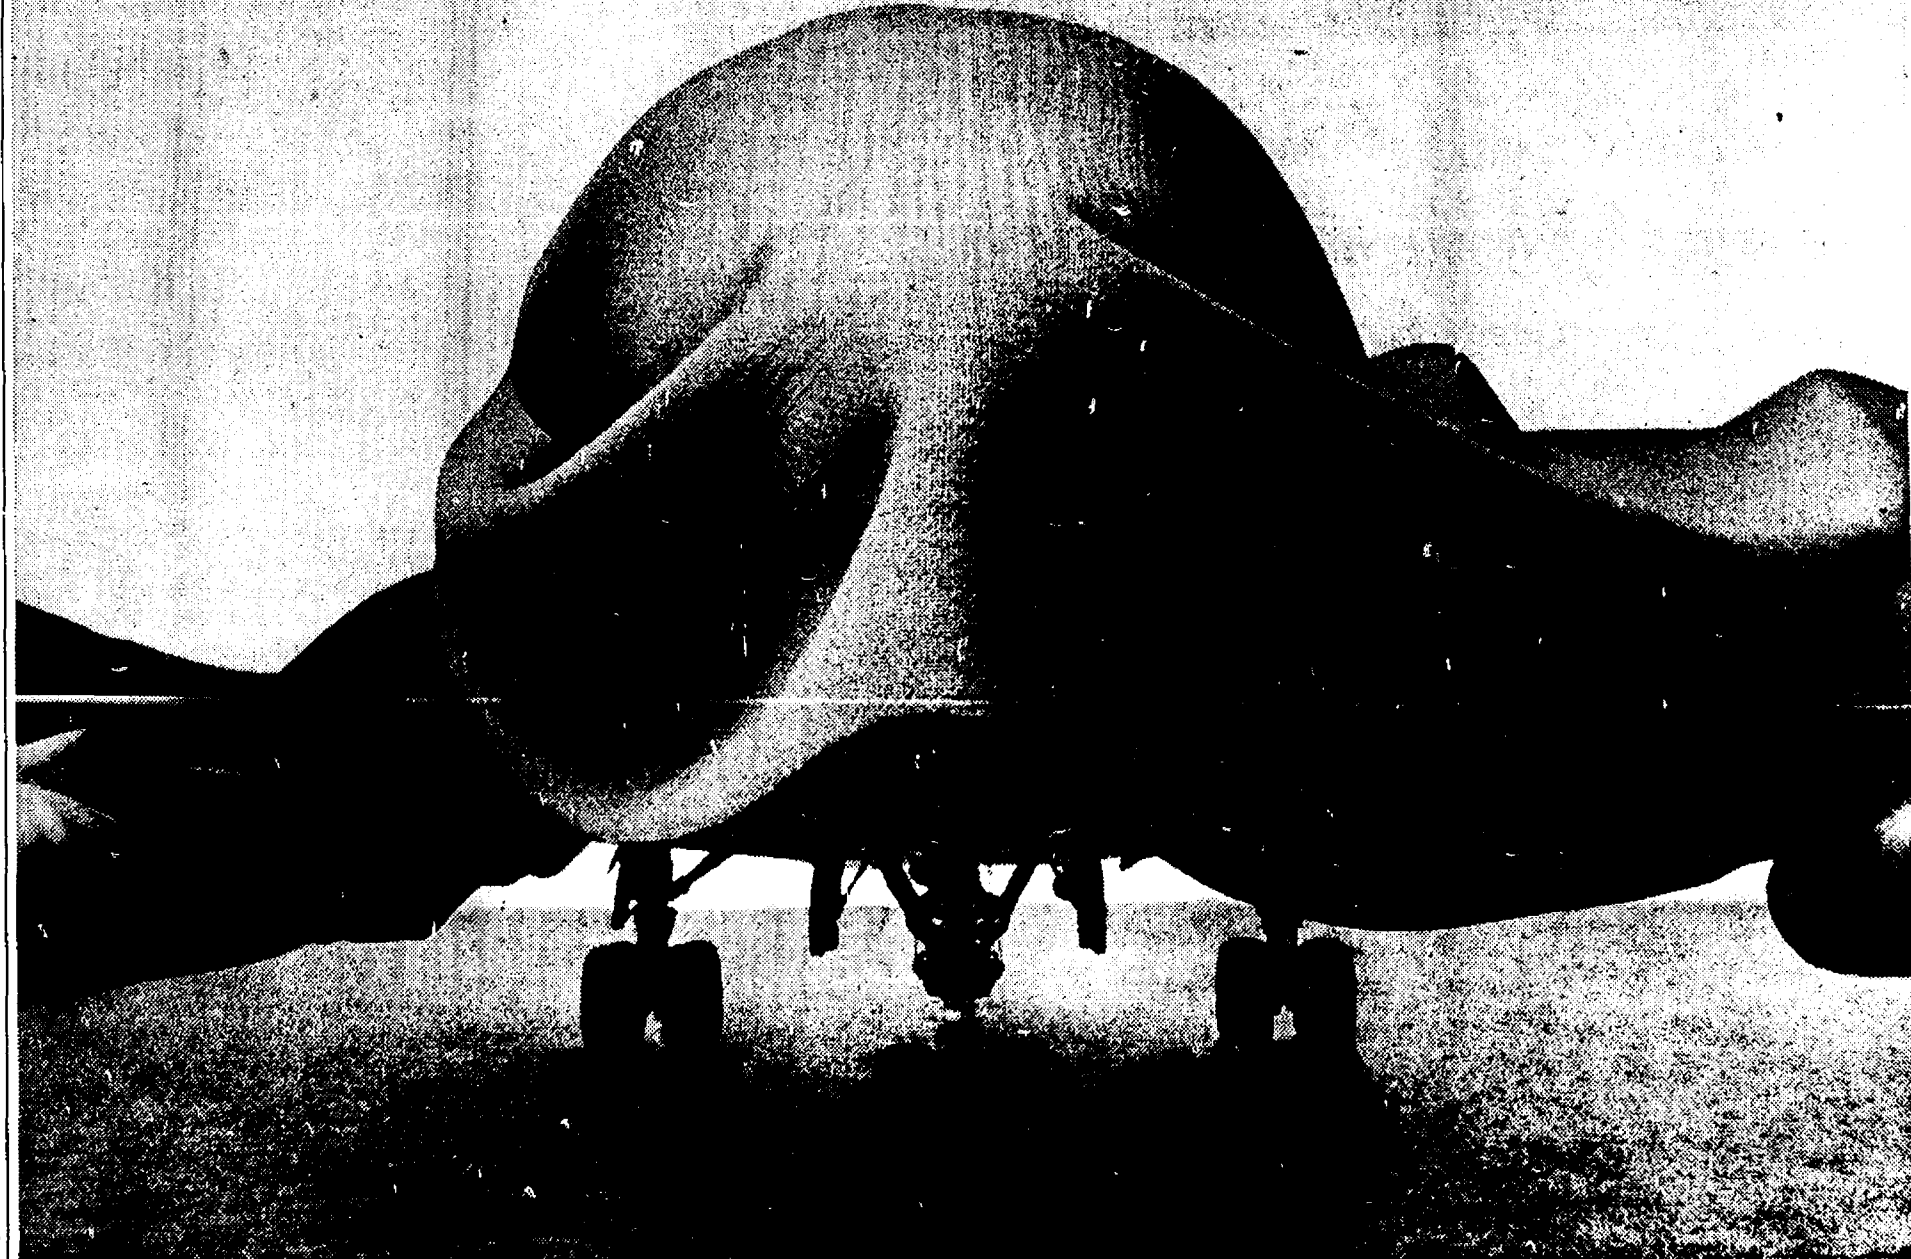

We'll be flying to Italy six times weekly* (daily except Friday), and daily beginning May 7th. And our 747 service will begin May 27th. Call your travel agent or Alitalia. We can't put you in the driver's seat, but we can get you some optional extras (like Venice, Florence, Naples...)

Come on down and take a spin around the neighborhood.

*Alitalia is initiating cargo service to Italy also.

Judge Goodrow Hears 32 Cases

Grosse Pointe Woods Judge Don J. Goodrow cleared an extremely heavy docket Tuesday, March 9, in hearing a total of 32 cases. Nine of the cases were dismissed after a hearing.

Two appeared in court to face charges of driving while their licenses were suspended. Both Eloys Cook, 9445 Delmar, Detroit, and Robert McCauley, 3542 Somerset, Detroit, were found guilty after entering guilty pleas and ordered to pay a fine of \$100 each and spend three days in jail. Two were found guilty as minors in possession of alcoholic beverages. Judith Copt, 874 St. Clair, was ordered to pay \$20 in costs after entering a not guilty plea. Charles Calabrese, 22424 Edgewood, St. Clair Shores, pleading guilty, was assessed costs of \$10.

John Brennan, 1168 Three Mile Road, was charged with making an improper left turn. A not guilty plea was entered for him when Brennan stood mute to the charge. The court found him guilty and fined him \$5.

Leo Hanzakos, 804 Michaux lane, Calvin Deese, 13938 E. Warren, Detroit; and Nancy Klein, 11828 Wayburn, Detroit, were all in court to face charges after being involved in accidents. Hanzakos paid a fine of \$25 after being found guilty of failure to stop. He stood mute to the charge.

Bumper Talk Contest Begins

Inter-Faith Centers for Racial Justice Inc. is sponsoring a contest which will run through March 31.

Ideas for bumper stickers with a racial justice theme should be mailed to "Bumper Talk," 10344 Puritan, Detroit, Michigan, 48238, by March 31, 1971.

A \$10 prize will be awarded for each of the five best slogans submitted to the Centers for bumper stickers.

Slogan suggestions are not returnable and become the property of the Inter-Faith Centers for Racial Justice, Inc. Winners will be chosen by a Committee from the Centers and announced on April 13, 1971. Bumper stickers will then be produced and made available to the public on May 1.

The slogans should reflect an awareness that racism and racial injustice, as defined in the Kerner Report, are primarily "white problems" that can and must be solved in order to improve the quality of life for all people. An example might be: "Make Justice Popular - Not Unique."

Frank Hogan, Bumper Talk Contest chairman, stated that the "purpose of the contest is primarily to get people thinking together about what racial justice means in our society. Our thoughts tend to get straightened out a little when we have to put them in one to 10 words. Yet, more importantly, we recognize that in our mobile society we do quite a bit of communicating through bumper stickers. We would like more of that visible communication to demonstrate that racism can and will be defeated; that a racially just society can be built here in America."

The Inter-Faith Centers for Racial Justice, Inc., is a Detroit area inter-faith, interracial, non-partisan, not for profit program sponsored by Catholic, Jewish and Protestant faith groups.

Jacket, Radio Taken by Thief

Henry Tabaczynski, 619 St. Clair, called City police on Wednesday, March 10, to report the theft of a natural brown mink jacket and a transistor radio from his residence on that date. The jacket was valued at \$700 and the radio at \$25.

Mr. Tabaczynski told officers he arrived home at 6:20 p.m. to find a door ajar. He waited until 7 p.m. when Mrs. Tabaczynski returned home to see whether she had left it open. When she said she had not, they checked the premises and discovered the theft.

City police found footprints on the front porch. They indicated they felt entry was gained through an unlocked front window.

Woman Beaten By Purse Thief

A 75-year-old Detroit woman was beaten and knocked to the floor of the vestibule of St. Ambrose Church, Hampton and Maryland, by a thief who snatched her purse and fled from the building.

According to information released by Park authorities, the woman, name withheld, entered the church at 6:30 a.m. on Wednesday, March 17, to attend morning services. As she was about to enter the church proper, the outer door opened and a youth came in, a gun in his hand.

Approaching the woman, the youth said, "Give me your purse." When his victim hesitated, the culprit grabbed her purse, and a brief struggle ensued, ending when the robber beat the woman viciously about the face and she fell to the floor.

The youth, said to be in his teens, fled the church and vestibule, and is believed to have entered a yellow-colored automobile, which the victim said she had seen in the vicinity.

For his "brave action of beating a helpless elderly woman" police said that the "louse" got only \$1.80.

The purse-snatch victim was unable to give police a description of her assailant.

Choir at SHS Rated Superior

The South High School A Cappella Choir, directed by Leonard Riccinto, received a superior rating at the District X Choral Festival which was held on Saturday, March 20, at Fraser High School.

Some 25 groups from suburban high schools participated in the event. Each group was judged on tone, intonation, diction, technique, balance, interpretation, artistry, stage presence and sightreading abilities.

The choir's selections included "Stomp Your Foot," by Aaron Copland, with a four-handed piano accompaniment by Barbara Beeby and Brian Fielding, and an A Cappella selection, "Jesus and the Traders," by Zoltan Kodaly.

The choir was awarded four superior ratings. It earned 23 "A's" out of a possible 24.

The choir can be heard in concert at 8 o'clock on Tuesday, March 30, at the Performing Arts Center, at the annual Easter Concert.

Youth Accused Of Breakin Try

A Park citizen who heard the sound of breaking glass at 3:09 a.m. on Monday, March 15, looked out the window of his house and saw a person and a car in the area of Big Boy Restaurant, 16624 Mack avenue. The citizen promptly called Park police.

Four officers were dispatched to the eatery property to investigate, and arrested Michael D. Pritchett, 19, of 7873 Sherwood, Detroit, near the scene.

The policemen, Sgt. Gordon Duran and Patrolmen Thomas Hunke, Larry Rice and Richard Kortas, stated in a report, that when they arrived at the restaurant, they found a rear window smashed, and Pritchett in a nearby car.

On the floor of the auto, the officers said, they found a tire iron. The youth was placed under arrest on a charge of attempted breaking and entering of a business place.

Later on Monday, Pritchett was arraigned before Park Municipal Judge William E. Speer for a preliminary hearing, and a plea of not guilty was entered for him. Pritchett was released on a \$1,000 personal bond until examination date, scheduled for yesterday, March 24.

Stolen Articles Found in Car

City police received a report of a prowler on Saturday, March 13, at Cranford and Notre Dame. When officers arrived the prowler had fled but witnesses provided them with a complete description of the culprit. City police radioed the description to all cars.

Park patrolmen Collin Lalonde and Timothy Mink spotted a man fitting the description driving a tan Mustang and stopped the vehicle. They then radioed to the City police who rushed to the scene. On arrival officers Dale Van Dale, Dave Teolis and Richard Lanski checked the vehicle and found one water pipe, one Chevrolet tape deck and one Alaron tape deck in the trunk of the vehicle. The driver and his two passengers were juveniles from St. Clair Shores.

Investigation revealed that the tape decks had been stolen from the Youth Activities Center at Stephens and Nine Mile within the past 10 days. The trio denied stealing the tape decks. Officers found a number of tools in the car. The driver told officers that the water pipe belonged to a friend.

All were released to their parents pending further investigation. The car was held since it contained stolen merchandise.

**GHETTO PRICED EDUCATION
COMES TO GROSSE POINTE**

Public Act 100 is limiting spending in Grosse Pointe Schools to Detroit levels. Citizen groups are asking the State Senate to also pass House Bill #4184 which deletes the state imposed ceilings from Act 100. No one wants his child at the educational level of the ghetto.

Now . . . what about the inner city child who faces a tougher fight for the good life. A ghetto-priced education isn't good enough for him either. Join the Detroit and Michigan P.T.O.'s in requesting that the State Legislature subsidize urban school systems. Write today.

One View From The Capitol

We all realize we pay too little attention to the effects of our actions on our total environment. The fact that we, in this community, consume vast quantities of goods and services makes it of critical importance that our market decisions take into account ecological considerations.

Common sense, a desire to do one's part and just a little study will enable you to buy and live in a more ecologically sound manner.

Below are just a few hints for use in the home. I would be pleased to mail you a more complete list.

—Don't waste food. Keep it in reusable containers.

—Buy produce that doesn't look perfect. It has less bug poison.

—Overpackaged or over-processed foods are wasteful, very expensive and full of additives.

—Buy or grow your own vegetables without pesticides.

—Stop smoking. It makes 2 million pounds of smoke per day.

—Keep your car tuned. Try lead free gas. Don't leave your car idling.

—Don't use aerosols or volatile compounds unless necessary and then with great caution.

—Use low or no phosphate compounds and use much less and add washing soda.

—Use sand on ice, not salt.

—Avoid using hard pesticides or colored disposable paper products.

—Know radiation dangers of color T.V. and microwave ovens.

—Keep noise level down. Don't leave T.V., radio or stereo on or too loud.

—Use hand tools, they are quieter and conserve electricity.

—Don't waste electricity, especially at peak load time of 5 to 7 p.m.

—Reuse, repair, recycle anything you can. Buy quality and keep it.

In general, for each product or service you buy, realize what went into creating it, what your real need is and what happens if you use or refuse to use it. You can make a difference.

Next week I will discuss the Governor's message on drugs and alcohol.

Very truly yours,
WILLIAM R. BRYANT, JR.

**Stop Shoplifter
Toting His Loot**

An employee of Farmer Jack's supermarket, 20382 Mack, called Woods police Monday, March 15, to report a man about 50 years old was stuffing groceries under his clothing while in the store.

Ralph Daigle, 1875 Fairholme, walked out of the store to find Patrolmen Ronald Hayden and William Desjlets waiting for him on the sidewalk. Daigle was carrying some items he had purchased at the counter.

When the officers asked him if he was carrying anything he hadn't paid for, he replied in the negative. The 22-year-old employee who had called the police was standing behind Daigle and pulled the suspect's coat back exposing almost two pounds of stewing beef under his belt.

The policemen informed Daigle that he was under arrest and made a field search. Among the confiscated booty were two packs of chopped ham, the stewing beef, a package of farm sausage, a 10-oz. pack of cheese and a new adjustable razor.

Daigle was taken to the station where he put up a \$100 bond. The items stolen were valued at \$6.29.

**Protestant Home
Changes Name**

The Protestant Children's Home of Detroit, one of the Detroit area's pioneer children's institutions has announced a change of name to Children's Home of Detroit, to more adequately reflect its policy of many years duration.

The home offers 24 hour per day treatment for children who through some misfortune suffer emotional problems requiring their care in a benign structured institution. Although presently located in Cook road, the Home serves Wayne, Oakland and Macomb counties.

Since its founding in 1836, (two years before Michigan became a State), as the Ladies Orphan Asylum of Detroit, the Home has remained financially independent of all government, church, and United Fund support. Its board consistently has sought to raise sufficient funds to operate independently and to flexibly meet the changing needs of the area's children, accepting any child who can benefit by its services up to the limits of its capacity.

Originally located in downtown Detroit the Home moved to Cook road when the Jefferson Home became obsolete.

In a unique arrangement, the Grosse Pointe School system serves the area's children by furnishing qualified Special Education teachers for the Home's "On Ground Education Program" for children with normal intelligence, who have severe educational handicaps. The Home furnishes a full time tutor and teacher aides to augment the Grosse Pointe Board of Education staff.

The Children's Home specializes in the treatment of 72 pre-adolescent boys and girls using the case work approach with psychiatric consultation.

Officers of the board include Mesdames Richard W. Smith, Jr., Mrs. Ford Ballantyne, Jr., Mrs. Edgar B. Gallaway, Mrs. Gerard C. Mooney, Mrs. James F. McClelland, Jr., Mrs. William W. Wotherspoon, Mrs. James A. Lafer, Jr., Mrs. Joseph R. Mason and Mrs. Douglas T. McClure. Clinton Justice is executive director of the home.

**Woman Reports
Burglar's Visit**

Mildred White, of 373 Ridgmont, was absent from home only two hours, time enough for a burglar to break into the house and steal the contents of her purse and a diamond ring. Only the first floor was searched.

According to information released by Farms authorities, she left home at 5:30 p.m. and returned at 7:30 p.m. on Friday, March 19. Mrs. White found the glass of the side door broken and the door open. She also found the front and rear doors ajar.

Investigating officers recorded the information that a woman's purse was emptied, the contents dumped on the living room floor. The first floor bedroom also was invaded and a purse and diamond ring, value unknown, taken.

Mrs. White said that the thief took \$10 from the purse in the living room. The stolen purse contained approximately \$100, driver's license and personal items, the woman told police.

**Thieves Invade
GP Park Home**

The home of Ruth McCorroll, 1332 Grayton, was forcibly entered by burglars on Thursday, March 18, and looted of several items, the values of which are not known.

Park police said that they received a report from the woman that she had left the house at 8 a.m. and returned at 10 p.m., at which time she found the glass of the rear door broken and the items missing.

Taken, she disclosed to the authorities were an Oriental rug, a television set, and miscellaneous jewelry.

The matter was referred to officers of the Detective Bureau for further investigation.

As a rule borrowing is a poor policy, but little harm will come to tomorrow's joy if you borrow a little of it for today.

Public Schools in Focus

By Dr. Theos I. Andersen
Superintendent of Schools
Late on Thursday afternoon when Mrs. John A. Nelson, Chairman of the Grosse Pointe Study and Action Committee for Education, called my office to report that House Bill 4194 (which removes per pupil revenue limitations imposed by Public Act 100) had passed the Michigan State Senate with "immediate effect," she reported that her group's stated initial function had come to an end. You will recall that Mrs. Nelson and her committee had formed to fight, (and fight effectively they did!), the principle of limitation which is so closely connected with the principle of local control. Indications are that Governor Milliken will sign the bill before April 15.

It is my hope that other citizens with the same spirit of dedication exhibited by Mrs. Nelson and her group will rally and perhaps form a permanent legislative group for the battles to maintain quality education that lie ahead during 1971 and 1972. I wish to take this opportunity to compliment the chairman and all the members of the Grosse Pointe Study and Action Committee for their role in the amendment of Public Act 100.

Although one serious educational concern now appears to have been resolved, many others await solution. Lifting the limitation on per pupil revenues does not mean that dis-

tricts may spend beyond what has been allotted them by their voters. In light of the public's rejection of the two operational millage proposals on March 15, the staff and trustees are studying the school and library program and are preparing to make the necessary adjustments for the 1971-1972 school year. I expect to present my recommendations to the Board of Education at the April 5 meeting of the trustees, which will be held at 8 p.m. in the auditorium of South High School.

Her winning essay will now be entered in District #3 of the state contest. The winner of the state competition then will compete in the Midwestern Regional Contest and has a chance to compete in the National Contest.

Essay judges included Bruce Bockstanz, Edward Krattih and Herbert J. Shanks.

Award Pointer War Decoration

A Pointer arrived home a hero Sunday, March 7, after the U.S. Army awarded him the Bronze Star for distinguishing himself under fire while serving in Vietnam.

Norman F. Buckler, the son of Mr. and Mrs. Harold Buckler, 1952 Lennon, was given the award for remaining cool and efficient while under an emergency situation during an enemy attack in November 29, 1970.

"Specialist Five Buckler distinguished himself by heroism while serving as the on-duty chief computer in the Fire Direction Center for Battery A, 2d Battalion, 35th Artillery in the Republic of Vietnam," the report stated.

"At 0300 hours" (3 a.m.), the report continued, "Fire Support Base Simmons came under an enemy sapper attack supported by rocket propelled grenade fire. The inside of the Fire Direction Center was wrecked by a charge placed there by an enemy sapper.

"Specialist Buckler was inside the FDC during the explosion and although shaken up he immediately reestablished communications, informed higher headquarters of the situation, called for a dust-off helicopter and removed wounded personnel from the burning, smoke filled bunker.

Specialist Buckler entered time and again without the least hesitation or concern for his own safety to remove injured personnel and help put out the fires. While administering first aid to the injured personnel outside the FDC he braved incoming rounds as he assured and comforted the wounded. After the attack, Specialist Buckler sifted through the rubble inside the FDC bunker and set up a functional Fire Direction Center.

"Specialist Buckler's disregard for his own safety and his professional competence in accomplishing the mission while under an enemy attack are in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit and the United States Army."

Buckler graduated from South High in 1964 and from Hillsdale College in 1968.

Valente's Buys Rathnaw Chain

Valente's Men's Formal Wear, Inc., the largest formal wear sales and rental chain in Michigan acquired all the assets, equipment and locations of Rathnaw Men's Formals. Rathnaws has been in the formal wear business in Detroit since 1922. According to Mark Valente, Jr., Valente's president and founder.

This acquisition will place Valente's among the first four largest in the country.

Anthony J. Rathnaw, the Rathnaw president, has been retained in an advisory capacity. The Rathnaw chain had 10 locations, but because of certain conflicting locations will increase the Valente chain by six stores to make a total of 16.

Maria B. Valente is the Valente vice-president and secretary.

Ever wonder why MEN'S and WOMEN'S CLOTHES button-up in opposite ways?

Men's clothes have fastened left-to-right ever since the first button was invented — in 13th Century England.

Most people being right-handed, the left-to-right process was thought most convenient for men dressing themselves.

In the case of women the fastening process was reversed. Ladies were dressed by their maids. When facing her mistress, a maid would find it easier to button the garment from right to left.

St. Paul Tankers End Fine Season

The St. Paul swim squad put the final polish on a season marked by vast improvement at the Michigan High School Athletic Association Class B Championship swim meet held at the University of Michigan Friday and Saturday, March 12 and 13. The Laker foursome of seniors Paul Detloff and Mark Rometty, and sophomores Brian Kolowich and John Trost placed ninth in the 200-yard medley relay event posting a time of 1:53. Later in the meet sophomore Brian Kolowich returned to add to his already impressive record this season, placing seventh in the state competition in the 100-yard backstroke with a time of 1:02.6. In his second St. Paul tankers to a strong season's finish Coach Robert C. Varnos has pitted his tiny Class C team against Class B and A rivals with increasingly successful results. The placing of his swimmers in two out of three events entered in state-wide competition was a fitting climax to his first season of high school coaching.

See Tight Game In Giant League

The Neighborhood Club Giant League saw a red hot game Saturday, March 20. The scrappy Celtics, down by eight points most of the game, fought back to 54-52 with six seconds left. Jim Paradee and the clock were too much to overcome. Entering the fourth quarter down 43-35, the Celtics put on a full court press that forced many turnovers. The lead built by Jim Paradee's 43 points, an individual and league record, stood up. Drew Miller hit 10 points while the pressure was on. Bill Hines hit one and was strong on rebounding. The well coached Celtics played a strong game with Jim Fisher hitting 24 points to lead the team. Jim Carroll played the boards well and hit 10 points. Ed Tropp had his best game rebounding and scored eight points. Mark Wickard had six points, and R. J. Paradee and Pete Manos scored two each. The Pistons and Bulls played even except for the 11-2 third quarter in which Chris provided the margin. Chris DeCoster's leadership and 17 points led the way for the Pistons. Jeff Thiede provided the rebounding power and Tom Marantette stole the ball several times. Thiede, Marantette, and Dave Smaha had five points each. Curt Pruett and Tom Wiegel each had two points to complete the scoring. Jim Marshall led all scorers with 22 points. Bill Crocker hit three, Rob Burns two and Tom Marshall and Rob Tamarelli were also strong rebounders.

The league All-Star game is set for 10 a.m. Saturday, March 27, at North High. The Hawks and Pistons meet for the championship at 11:30 a.m. These teams have exchanged victories during the season so a battle is expected. The key to victory will probably be whether the Pistons can hold down Jim Paradee who has a season average well over 39 points.

South Cagers' Outlook Mixed

By Steve Wehying
 The South High School basketball season is over. A team, which the coach predicted could go undefeated to the State championship, wound up with an 11-7 record and a bitter loss to North in the district finals. Disappointing? Chuck Hollosy, South cage coach, commented "Yes and No. These players had never played on a winning team in their high school years and they became one. I think to that point it was satisfying, but I really expected much more." It looked like Coach Hollosy was going to get that "more" after the Devils jumped to a 8-0 record well into the second week of January. Then something happened. The following weekend when South High lost to Weekend Cities League champion Royal Oak Dondero. South had been tied for first with the Acorns, but after that game it was a downhill run. The Devils lost five of their remaining seven games until they hit the district tournament. What happened to induce a total collapse at mid-season? "Number one, I think we underestimated the schedule we had to play. The teams we played in the first half of the season just improved more than we did," said Coach Hollosy. "We also played our game around our big man, P.G. Shirar, and when that was closed

South Tankers Compile Fine Record; Outlook Good

By Don Martin '71
 Last year South High's swimmers were as popular as "the food in the cafeteria." They were inexperienced, young and disorganized.

This year, with the same basic swimmers returning from the 1969-70 season, the South tankers tied Royal Oak Dondero and Monroe for the BCL title and finished with a record of 9-5. What caused this reversal? "Experience," stated Coach Carl Schoessel. "Essentially you can't take freshmen and sophomores and force them to compete with experienced swimmers. That's what happened in 1970. This year we were a year older, and that helps a great deal. "We could work as a team, because we knew what we could do," he continued. "In 1970 our swimmers didn't think they could win any meets, so they developed a bad attitude. This year we really worked on team effort and a winning attitude." Teamwork and experience add a great deal to a team, but so does natural talent. There was a great deal of improvement in this year's squad and you don't have to look far for an example. Bob Heels is one swimmer who really came of age. Heels went undefeated in the 100-yard butterfly this year and finished first in the BCL meet. His consistency was one reason for the Devils' strong finish this year.

Pete Rodin was another swimmer who really improved. Rodin swam the individual medley, the breaststroke leg of the medley relay, and the 100-yard breaststroke and remained consistent in all three events. From there the list goes on and on and includes virtually every member of the Devils' squad. As each swimmer improved, the whole team improved so that by the time the last dual meet came around the tankers were nearly unstoppable. That last meet happened to be with Royal Oak Dondero and the Devils had to dump Dondero to get a tie for the BCL title.

"I told the boys at the beginning of the year," commented Coach Schoessel, "that the BCL race would go down to that last meet with Dondero. We spent most of the season pointing to that meet." When the meet started, it looked like a minor miracle would be needed to beat Dondero. But as the meet progressed the Devils confidently rallied to win at the end, 53-52. For the tankers that meet ended their season and Coach Schoessel had one of his biggest victories. Through team-

work and experience, the Devils had captured a share of the BCL crown. Next year the tankers will be awfully tough to beat. Ten lettermen will return to provide the tankers with another strong team. Of those 10 lettermen five will have already lettered twice in swimming. Lettermen, however, will only make up half of the squad. The other half will be filled with some promising swimmers from the JV squad. Swimmers to watch next year from both this year's varsity and junior varsity squad will be Mike Schroeder, Don Greenup, Dave Beynon, Bob Heels, Pete Rodin and Tom Montgomery. The All-BCL selections were released last week with Royal Oak Dondero leading the way. Dondero had four swimmers on the first team to South's three. Those boys on the first team from South are Brad Boerner in the 50-yard freestyle, Bob Heels in the 100-yard butterfly and Mike Schroeder in the 400-yard freestyle. Lou Horowitz, Al Lynn, John McCaldon and Paul Richards made the first team for Royal Oak. Other members of the first team were Mark Detors from Wyandotte and Mark Sisman from Monroe. The JV swimmers ended their season with a 9-4 record. "We were well balanced this year," stated JV Coach Deb Nolan, "and we had several consistent swimmers." Among the consistent swimmers on the JV squad were freestyler Bob Chechowicz, individual medley swimmer John Harwood and backstrokers Tom Montgomery and Bill McConachie.

off we still kept trying to force the ball into the middle. We needed to have outstanding play from our guards, but what we received was just adequate. We weren't very quick and we were very poor on defense where we allowed people to take the open shot," he added. Shirar and John Denison were the high scorers of the year. Shirar averaged 15½ points per game while Denison averaged 12½. Both Shirar and Dave Kennel controlled the boards for the Devils. What about next year? Well, South will have four returning lettermen, Pete Farner, a two-year veteran, Steve Kennel, John O'Hare, and Vito Tocco, but Mr. Hollosy made it clear that being a letterman does not assure a position. "This year we knew pretty much where everybody would play, but next year every position will be up for grabs. Lettermen will be fighting for their positions. So I really don't know what the outcome will be," he said. To sum it up, this year's basketball team did not live up to its lauded capabilities. Maybe next year's overhaul might pull something together. Only time will tell. Among the high personal achievements on the South team were those of Paul Shirar, making the All-Border Cities League selections, and John Denison receiving an Honorable Mention.

Why more people finance their homes at NBD than at any other bank.

This year, as in the past, more Detroit area people will come to see NBD about a home mortgage than will go to any other bank. We think their reasons will tell you a lot about our ways of putting families into the homes they want.

It isn't just the fact that we have more than 100 offices, although it's certainly convenient to do business right in your own neighborhood. And it isn't because we have more money to lend, although the fact that we're Michigan's largest bank let us keep right on making mortgages while certain other lenders were backing away from the business.

The real reason is that the NBD mortgage lending officer you talk with will put himself in your position. He has as much regard as you have for saving money through a single, low "flat fee" for closing as opposed to a percentage of the amount of the mortgage. He knows you won't want to incur a stiff penalty if you should someday need to prepay. He can help you weigh the pros and cons of low monthly payments versus the rate at which you build your equity.

At your nearby NBD office, you'll find a mortgage expert who'll be happy to sit down with you and talk over your needs. And you can pick up a copy of our new booklet, "Buying and Financing Your Home"—20 pages of facts and figures that every home buyer can use to advantage. Pay us a visit; we're here to help. Gary Bennett Sets Records

By Steve Rabaut

Thirty-five points are quite a few points to score in one game, but for Gary Bennett, 2135 Anita, it is only one of his records. Gary is one of North High's star basketball players, proving the point against Fraser, Friday, February 19, by beating Mike Zenn's 34 point record of last year.

During the last three years, Gary has been first string on the All-Conference team and has received an Honorable Mention for All-State his sophomore and junior years. This year he should at least get another Honorable Mention.

On the team Gary has received many awards and has set three scoring records. The scoring records for the year, the single game and high school career, have all been set by him. After his sophomore year, Gary was voted Most Valuable Player by his teammates, and probably has the chance this year.

Being a member of the Fellowship Christian Athletes and having a 3.8 average has given Gary a choice of several colleges. The four he is looking into are Ohio University, Miami of Ohio, MacMurray, and Wheaton in Illinois.

"Gary has always been a receptive player," commented North's Head Coach Ray Ritter. "He is easy to coach and gives 100 percent effort during practice just as he does in the games."

Compounding Gary's successes have been his injuries during his three years at North. During his sophomore year, Gary broke his finger. A sprained ankle was suffered in his junior year, and this year Gary had bronchitis and a sprained elbow. Gary managed to play over the ankle and bronchitis, but his doctor refused to let him play with a broken finger.

When Coach Ritter was asked about Gary's career at North, he replied, "Gary's attitude is very unusual. He plays and cares more for the team than he does for himself. Gary is not concerned about his own esteem at all and is well liked by his teammates. He is a super competitor and is the best young man I've ever coached."

You might be able to tell that Coach Ritter and Gary Bennett get along fine because Gary once said "Mr. Ritter is a great friend, and there's no one I would have rather played for."

Gary is planning on playing basketball in college and has an excellent chance because he is one of the best shooters in the state. You won't find many better. Excellent defensive playing is also one of Bennett's qualities. He has proved this all year by holding 15 and 20-point scorers to four and six points a game.

NO CHANCE Life has its ups and downs and no one loses unless they let the downs become permanent.

Braves Complete Unbeaten Season

By Steve Rabaut

The Braves staged three shutouts in the playoffs to cap an unbeaten season record and win the Kelly Trophy in the Squirt Division House League of the Grosse Pointe Hockey Association.

The Braves won 10 and tied four games during the season. The second place team in both regular season and playoffs was the Comets with the Jets placing third. Both of these teams played well, each tying the Braves twice.

The Wolves took fourth place. Although this team got off to a slow start, the boys played very strong hockey toward the end of the season, giving the other three teams some tense moments.

Goal-tending duties for the Braves were shared by Cliff Godin, Mike Rutan, Drew Mascarin, and Scott Seaver, each of whom received credit for at least one shutout. Godin was responsible for the three playoff shutouts, as well as two others during the season.

The team's top scorers were David Seagram, who had 11 goals and six assists, Scott Seaver with six goals and nine assists, Bill Seaver with eight goals and six assists, Drew Mascarin with three goals and 11 assists, and Bennie Amore with seven goals and two assists.

Left winger Tom Thurber played well during the season and came through with a crucial goal in the final playoff game. The team was helped by fine defensive play by Joe Brykalski and Jerry Scherer.

The coach, Dr. T. E. Mascarin adds that the 100 percent effort given by several boys who had never played organized hockey before contributed greatly to the teams' success. These boys were George Kypiros and Frank Urbancic.

All-Stars Beat Combined Squad

The Grosse Pointe House League All-Stars from the Squirt Division won a hard fought hockey game 3-2 Sunday, March 7, in LaSalle, Ont., against a team made up of members of both the Grosse Pointe and Suburban League Pros and Chargers.

The game, marked by aggressive checking, strong skating, and excellent teamwork, saw David Seagram, playing for the All-Stars, score two goals in the first period. Scott Seaver and Drew Mascarin assisted in those goals.

In the second period, Leo Penn scored by neatly tucking in a rebound from a shot by Bill Seaver. Matthew Costello turned in a fine performance by scoring in the first period for the Pros-Chargers and assisting on a goal by Tom Hastings in the third period.

David Nordy and David Adams shared goal-keeping duties for the All-Stars, and each made several clutch saves to preserve the victory.

Partnership For Arts Urges Full Funding

Letter Writing Campaign Asking Congressmen to Appropriate Monies for National Endowment for the Arts Now Underway

A new nationwide volunteer organization called "Partnership for the Arts," has been organized with headquarters in Washington, D.C. Amyas Ames, chairman of Lincoln Center for the Performing Arts, is the chairman of the new organization.

The group was formed to call attention to the economic plight of the arts in this country and to urge citizens to write to congressmen to support full funding for the National Endowment for the Arts, the federal arts assistance agency.

providing aid to the arts since 1966, in recent years legislators have tended to actually appropriate smaller sums than are originally authorized.

The Partnership is working on behalf of all the arts — museums, orchestras, dance companies, theatres, poets and all creative artists and craftsmen.

Pointe Commodores And Their Ladies

Having a wonderful time at the Grosse Pointe Farms Boat Club's annual St. Patrick's Day party last Saturday evening in Ingrao's Hall were—

this endeavor are Robert B. Semple, of University place, president of BASF Wyandotte Corporation and president of the Detroit Symphony; William M. Day, of Winthrop place, president of the Founders Society Detroit Institute of Arts and retired chairman of the board of Michigan Bell;

and Mrs. J. Woodward Roe, of East Lansing, a member of the Chairman's Advisory Committee of the Michigan Council for the Arts.

As part of this nationwide Partnership for the Arts effort two area meetings of leaders of the arts in Michigan will be held on April 17,

one in Bay City and the other in Detroit.

Purpose of the meetings will be to make plans for urging state and federal legislators to support the art appropriations bill.

Wives of members of the Detroit Symphony Orchestra will be the center of attention—at least in Ford Auditorium lobby—tonight, Thursday, March 25.

Before the regular 8:30 o'clock concert and during intermission the women will be answering questions and handing out material on the funding of the National Endowment for the Arts.

This year \$100,000 of the National Endowment for the Arts will be given to the Detroit Symphony Orchestra, making possible many of the programs which enrich the lives of people in the metropolitan Detroit area, particularly Inner City programs and free outdoor concerts.

The Symphony's new Youth Orchestra is also part of the federal-assisted program.

Congress has authorized \$30 million for the year starting July 1, 1971 for the arts. President Nixon has stated that he approves of this funding.

But although Congress authorized \$20 million for the current fiscal year, only \$15 million was funded by the Appropriations committee. A similar cut could be made in pending legislation and such a cut would constitute a serious blow to the arts in Michigan as well as the entire country.

A letter writing campaign to members of the House Appropriations committee to ask for full funding—that the full \$30 million be appropriated—is now underway in hundreds of communities. Like all people who love arts the Detroit Symphony Orchestra wives feel a deep commitment to make their voices heard on this issue.

They will have sample letters available tonight for anyone who wishes to participate in the effort.

Those who wish to write their own letters should address them to one of two Michigan members of the House Appropriations committee: Donald J. Riegler (District 7) Room 1408, Longworth House Office Building, Washington, D.C. 20515; Elford Cedarberg (District 10) Room 2303, Rayburn House Office Building, Washington, D.C. 20515.

There is nothing so blind as an investigating committee that doesn't want to investigate.

Paul McKenney Weds In Joplin

Manlove, as his bride Saturday, March 20, in St. Peter's Catholic Church, Joplin, was Paul Louis Black McKenney, son of Ralph Wendell McKenney, of Newberry place, and the late Sarah Black McKenney.

For the afternoon double ring ceremony the bride chose a silk organza gown fashioned with an Empire bodice. A line skirt and Watteau train. Pearl-encrusted appliques of re-embroidered Alencon lace circled her Victorian neckline.

Her triple-tiered shoulder length illusion veil fell from a Camelot cap and she carried gardenias.

Honor maid Adrienne Helen Antiles, of Washington, D.C., and bridesmaids Mrs.

Richard White Manlove, of Fredericksburg, Va., the bride's sister-in-law, Mrs. Mark Edward Branon, Jr., of Washington, the bridegroom's sister, and Mrs. Edward K. Powell, of Springfield, Mo., wore floor length frocks of wood violet organza featuring handkerchief sleeves and handkerchief-pointed transparent flounced hems.

Serving as his brother-in-law's best man were Mark E. Branon. Ushers were Michael C. Smith, Joe White Manlove, the bride's brother, and Ralph Wendell McKenney, Jr., the bridegroom's brother.

After a reception at the bride's parents' home following the 2 o'clock rites the newlyweds left for a vacation in Mexico. They will make their home in Detroit where the bridegroom, a 1970 graduate of Georgetown University's College of Arts and Sciences, is employed by Blue Cross-

the home of Mrs. Gary G. Wilcox of Bluehill street, Detroit. This group will work on beginning chords as well as complicated note reading so that both new and advanced guitar players can strum along together.

Dr. Frederick Greiling, consultant for the Northeast Guidance Clinic and Grosse Pointe psychiatrist, will be guest speaker at a Kalliedoscope meeting. Mrs. Richard Beaudry will be hostess at her home in Bishop road Tuesday, April 13, at 9 o'clock. Mrs. Robert Nicholson will be co-hostess.

Coffee Concert Set Tomorrow

Pianist John Browning will join the Detroit Symphony Orchestra and conductor Werner Torkanowsky for an informal Coffee Concert, sponsored by the National Bank of Detroit, Friday morning, March 26, at 10:45 o'clock in Ford Auditorium.

Browning and Torkanowsky will collaborate in a performance of Prokofiev's Piano Concerto No. 3 in C major, Opus 26.

Torkanowsky and the Orchestra also will perform Beethoven's Lvonore Overture No. 2 and Dvorak's Symphony No. 9 in E minor, Opus 95 ("From the New World").

The morning begins at 10 with a complimentary breakfast and a J. L. Hudson fashion show.

Tickets at \$3 each are available at the Ford Auditorium Box Office and Hudson's and Grinnell's ticket outlets, (group discounts are also being offered at the more than 100 NBD branch offices throughout metropolitan Detroit).

Werner Torkanowsky, music director of the New Orleans Philharmonic, has guest-conducted the Detroit Symphony over a dozen times. He is a frequent guest conductor with this country's major orchestras.

John Browning made his performing debut at the age of 10 in his native Denver playing Mozart's "Coronation" Concerto with members of the Denver Symphony.

design, glass, silver and prints, illustrating her talk with choice items from her private collection and that of the Cleveland Heights shop in which she is a partner.

She'll be guest in The Pointe of Mrs. Alexander Wiener of Woodland place, a long-time friend—and cousin of Sam Borton, Miss Langlier's partner in the exquisite Cleveland Heights "European Antiques" shop.

Mrs. Raymond J. Biggs is chairman of the lectures. Her committee includes Mrs. Richard H. W. Chadwell, Jr., Mrs. Elliott H. Phillips, Mrs. Allen Lomax, Mrs. Gordon T. Ford, Mrs. Henry B. Kinzie, Mrs. Harvey C. Fruehauf, Jr., and Mrs. Wiener.

Reservations are limited to 100 persons with tickets priced at \$42 for the series, including lunches. They're available from Mrs. Biggs, Mrs. Phillips and Mrs. Chadwell, or at Christ Church.

Proceeds go to the National Cathedral Center in Washington, D.C., a new "youth hostel" connected with the Cathedral offering supervised lodgings and breakfast at a nominal charge, popular with school groups touring Washington or participating in the Cathedral's varied programs and activities.

And here, before we leave the subject of Miss Langlier's lectures, is a pair of pertinent P.S.'s . . . Participants in past courses say the illustrated booklets of lecture notes she provides are collector's items in themselves.

She's more than willing to identify treasures brought in by course members.

Meanwhile, At The Museum

Apropos antique treasures . . . A gleaming display of recent acquisitions in French Canadian silver now reminds Detroit Institute of Arts visitors of a little-known fact: The museum owns the largest collection of these handsome artifacts in the United States.

The Pointe's Mrs. Allan Shelden and the Shelden family have always taken a particular interest in this historic silver. It was designed for both ecclesiastical and domestic purposes; the latest acquisition in the latter category, Paul Lambert's superb plate, an historic piece bearing the Tonnancour family coat of arms, was presented this year by Mrs. Shelden in memory of her grandson, Allan Shelden, IV.

The late Robert Hudson Tannahill found this collection particularly fascinating, too. It's currently on display in the museum's South Wing and will remain there through the month of April: When the North Wing opens next fall, the silver will be exhibited in a gallery devoted to the museum's larger collection of French Canadian furniture, painting, sculpture and decorative arts.

A Living Treasure

Grosse Pointe Delta Gamma Alumnae always knew they had a "treasure" in Mrs. Edwin L. Peabody, of Lincoln road. But there's nothing like knowing that other people think so, too . . .

Now they do. Last Saturday, at Delta Gamma's annual Founders Day celebration in Ann Arbor, Mrs. Peabody was named recipient of the Cable Award, presented to members who have contributed in an exceptional way either to the fraternity or to the Delta Gamma Foundation which channels the fraternity's philanthropic activity in Sight Conservation and Aid to the Blind, Educational Grants and Loans and International Education.

Like many Detroit-area Delta Gammass Mrs. Peabody has been active for years in the Pre-School Vision Screening Program. Of 100,000 volunteer hours clocked each year by Delta Gammass through Foundation projects, more than 25,000 are in pre-school vision screening; simultaneously members raise \$100,000 annually to aid the blind and visually handicapped in their local areas.

Fraternity activities—she's been president of the Grosse Pointe Alumnae for the past two years—are aren't the only things that keep Mrs. Peabody on the go. She's served as president of the University-Liggett Chapter of American Field Service. She's been active with Girl Scouts, worked for Torch Drives and Women for the United Foundation Healthoramas . . . a Red Cross course in Braille transcription . . . She's quite a woman.

Among Pointe Alumnae applauding Saturday as they watched their "treasure" receive her just desserts were the Mesdames Alan Armstrong, Kimball Buckminster, Thomas Coulter, Gary Cowen, F. D. Fountain, John Grissim, Kenneth Kimmell, W. H. Klingbell, Paul Porvaznik, David Teague, C. S. Tompkins and Paul T. Shirar.

Campfire Girls Have Birthday

March 17 was the 61st birthday of The Campfire Girls. Local girls celebrated the occasion Frida with a special program at Parcels Middle School.

Then on Friday, April 2, the girls will join other groups throughout the Detroit area at Ford Auditorium for the "Glow-Glo Council Birthday Celebration." A stage show featuring Paul Lennon and the Conti Family is planned.

At this special gala winners of the candy sale held in February will be announced, and gifts awarded.

Globolinks Plan Detroit Invasion

Pierre Hestu, the Detroit Symphony conductor, will be on the podium in Ford Auditorium for the season's final Young People's Concerts this Saturday, March 27, at 11 and 2 o'clock.

The program will be devoted entirely to the Michigan premiere of Gian Carlo Menotti's space-age opera for children "Help! Help! The Globolinks."

The opera, performed by the Overture to Opera Company, is produced by the company's general director David Di-Chiera.

The world premiere of this work took place in Hamburg,

Germany, in December, 1968, the American premiere in Santa Fe, N.M., in August, 1969.

"Help! Help! The Globolinks" tells the story of an invasion of earth by a race of evil Globolinks and their expulsion by earthly music played by children.

The undying appeal of tonal music is pitted against the electronically-oriented Globolinks.

Tickets for Young People's Concerts are available at the Ford Auditorium Box Office and all Hudson's and Grinnell's stores at \$1.50, \$2 and \$3 (the 2 o'clock performance only).
