## HEADLINES of the WEEK As Compiled by the Grosse Pointe News

Thursday, April 22  
**RULING FOR THE FIRST TIME** on an abortion law, the Supreme Court Wednesday upheld prosecution of doctors who perform abortions in the District of Columbia but authorized them to end pregnancies for the sake of the expectant mother's "mental health." The 5-2 ruling upheld the 1901 abortion law for the District of Columbia against claims that its wording is so vague doctors do not know which operations are permissible and which are not. This ruling gives physicians considerable leeway.

Friday, April 23  
**THE SOVIET UNION** launched a spaceship into earth orbit, with three cosmonauts aboard. The craft, Soyuz 10, promises to be part of a multistage Soviet space spectacular, expected to culminate in history's first manned orbiting space station. The cosmonauts are expected to assemble the station in earth orbit. Soyuz 10, scientific sources said, will hook up to the unmanned satellite Salute, which the Russians sent into orbit on Monday. The Tass News Agency named the cosmonauts as Vladimir Shatalov, commander; Alexei Yeliseyev, flight engineer; and Nikolai Rukavishnikov, test engineer.

Saturday, April 24  
**JUDGE EDWARD S. PIGGINS** demanded tighter security Friday after Charles Blessingame, of Taylor, convicted of raping a child, seized his woman attorney, Mrs. Susan Bornman, and held a makeshift ice pick to her throat. The desperate escape bid of Blessingame had been foiled Thursday by two sheriff's deputies who overpowered him as Piggins, other lawyers and a handful of spectators stood frozen. The dramatic scene occurred in the dramatic courtroom on the 15th floor of the City-County Building seconds after Blessingame had been sentenced to 15 to 20 years in prison for raping a nine-year-old Taylor girl in February of 1970.

Sunday, April 25  
**BETWEEN 200,000 and 300,000** youthful protesters shouting "Out now, out now," jammed the slopes of Capitol Hill Saturday and roared when told that only Congress, not the White House, can end America's decade of involvement in the Indochina war. In an anti-war demonstration unparalleled in size at least since November 15, 1959, a vast throng led by active duty soldiers and bearers of the Stars and Stripes and the Viet Cong tri-color took two-and-a-half hours to march from the Washington Monument up Pennsylvania Avenue to the Capitol.

Monday, April 26  
**POLICE ARRESTED 113** war protesting Quakers in front of the White House Sunday in the wake of Saturday's big anti-war rally and on the eve of two weeks of more peace activity. The Quakers were arrested on the broad sidewalk just north of the White House under a law limiting the number of demonstrators in the area to 100 at a time. Members of the group offered no resistance.

Tuesday, April 27  
**A STUDY COMMISSION** appointed by President Nixon recommended Monday that Communist China be admitted to the United Nations. The commission urged what amounted to a "two-China policy." It said both the People's Republic of China, based in Peking, and the Nationalist Republic of China, on Taiwan, should be seated. It further stated that the United States should resist any move to expel the Nationalists. The commission is headed by former UN Ambassador Henry Cabot Lodge.

## NEWS Honored by Michigan Education Association

Accepting the NEWS' School Bell Award for strong and comprehensive year-around coverage of public education from Michigan Education Association's president-elect, JOHN ORT, is NEWS education writer PEPPER WHITELEW. The presentation was made at the 1971 School Bell Awards Luncheon held in the L. C. Walker Arena, Muskegon, last Friday, April 23.

### Young Victim Of Meningitis Hospitalized

**All Who May Have Been Exposed to Disease Have Been Contacted; Incubation Period Over**  
By Pepper Whitelew  
A 17-year-old North High student who fell victim to meningitis is reported in satisfactory condition in St. John Hospital at this writing. The girl was admitted to the hospital on Monday, April 19, after having returned from a spring vacation trip to Nassau and the Bahamas.

Some 100 teenagers, students at North and South High schools, took the tour sponsored by Vacation Travel of Grosse Pointe. Although this was not a school-sponsored tour, school authorities contacted every parent of every student known to have taken the trip, by telephone or letter, and advised them to contact their local physicians.

**Incubation Period Ends**  
A medical authority told the NEWS that the meningitis incubation period is anywhere from 2 to 10 days and usually averages 3 to 4, (as of this writing it is 10 days since the victim's admission).  
He said meningitis is an inflammation of the covering envelopes about the brain and spinal cord and can be viral or bacterial.  
It is contracted through the respiratory passages just as one can contract a cold or sore throat. He added that it is not considered as contagious as measles or a cold.

## Proposed Woods Budget Reflects Slight Tax Hike

**City Manager Petersen Cites Three Factors Responsible for \$249,862 Rise in City's Operating Costs Over Last Year**

By Greg Boyd  
The annual budget for the City of Grosse Pointe Woods showing a .82 mill increase has been submitted to the Woods City Council for its review before official adoption Friday, May 14. The budget, submitted by City Manager Chester Petersen, was set for an increase of \$249,865 over that of last year. The first tax levy increase in four years, if it is adopted, will move the current levy of 10.18 mills to 11 mills. A mill is \$1 per \$1,000 of assessed property valuation.

If the budget is not revised by the council, the city will spend \$2,303,656 during the next fiscal year. Petersen attributes the jump to three main factors:

### Three Reasons For Rise

1. A salary and fringe benefit program for the Public Safety Department as a result of a "locked in" two year contract which requires \$117,000 in salaries and benefits for the next year.
2. A Detroit Edison increase of \$57,200 in rates for street lighting, the rise moves the payments from the city for lighting service from \$115,000 to \$117,200. Petersen said Edison made an increase in its rates just recently after the 1970-71 budget had been approved, forcing the city to make financial adjustments. The increase for lighting dictates a 50 percent jump over the previous budget.
3. The Woods' share of payment of bonds for the Grosse Pointe-Clinton Refuse Disposal Authority program. The Woods slice was set at \$41,302.

**Capital Improvements**  
Included in the budget are several capital improvements. Under the municipal improvement fund, \$175,000 is set aside for the repair of the municipal swimming pool and \$12,000 is earmarked for installation of 400 outside water meter registers for Woods homes.

Also included in the allotments are \$7,000 for installation of a traffic signal at Vernier and M arter roads, \$4,000 for school signs on Vernier between Mack and the east city limits, and \$2,000 for construction of a curb, gutter and sidewalk on the north side, of Vernier near Wedgewood.

The budget has also earmarked \$35,000 for construction of a municipal off-street parking lot for motor homes, buses, trailers and boats.  
The budget, yet to be approved, has been in the hands of the councilmen for about two weeks. By Monday, May 3, at the regular council meeting, the councilmen must have finished their review of the budget.

The official adoption of the budget set for Friday, May 14, at 7:30 p.m. will take place at a council meeting moved up from Monday, May 17.  
During previous hearings, the firm's officials disclosed that during January, February and March of this year, they have lost a total of \$34,000 in revenue, in spite of increased fares and service curtailment.

### City Street Improvement Program To Cost \$42,510

The City of Grosse Pointe Council at its recent regular meeting approved the recommendation of City Manager Thomas Kressbach for 1971 street, parking area and alley improvement programs.  
The Council also awarded a curb recapping contract in the amount of \$31,586 to Vanopdensbosch Construction Company at the low quotation price of \$1.80 per linear foot. Bids for the resurfacing work will be taken at the Council's next regular meeting on Monday, May 24.  
The total street improvement work, chargeable to the general fund, is estimated at a cost of \$42,510. Parking and alley work, chargeable to the parking fund, is estimated at \$11,470. The current budget projects

## Woods Wins Suit Against Foodmaker

**Permission to Build Refused by Circuit Court; New Trend Seen by City Attorney**

By Greg Boyd  
In what may eventually prove to be a landmark decision in the State of Michigan, Grosse Pointe Woods won its case in Circuit Court Friday, April 23, to prevent a national restaurant company from constructing a cafeteria on Mack avenue.

The company had decided to sue after months of negotiations proved fruitless with Woods residents and the City Council for the granting of a building permit. After the suit was informed of the lawsuit, the residents hired an attorney to petition the court for permission to intervene on the residents' behalf.

The request was turned down and only the city's representation was allowed to speak.

### Woods' Argument

Representing the city in front of Judge Blair Moody, Jr., at the City County Building, Attorney George Catlin argued that the city council had a right to withhold a building permit, even after the company, Foodmaker, Inc., complied with all city ordinances, if the council determined that the restaurant would have an adverse impact on the surrounding neighborhood.

After researching over 50 cases in depth to back his argument, Catlin referred to a case in Detroit, 1970, in the Michigan Court of Appeals between Marathon Oil Co. and Plymouth Township in which the dispute centered around construction of a gas station. Plymouth Township has zoning ordinances similar to the Woods' and the court in that case ruled that the township was in the right. The planning commissions in both the township and the Woods have the right to disallow construction by city charter of gas stations on the basis of discretion.

### Right Extends To Others

Catlin said that the Woods City Council not only has a right to withhold permission to build gas stations, but also any other establishment that it determines would have an adverse effect on the health and safety of the community, even if the planning commission is not directly delegated that authority in the city charter.

In one part of the city charter, it states that "the city shall have the power to provide for regulating of trades, occupations and amusements within the city, not inconsistent with state and federal laws and for the prohibition of

## Law Day U.S.A. Date Is May 1

Law Day U.S.A., proclaimed by President Nixon as May 1, will be noted in many Grosse Pointe schools as a result of the cooperation of the Grosse Pointe Lawyers Wives. Mrs. Anthony Vermeulen, chairman of the day's events, assisted by Mrs. Douglas L. Paterson and Mrs. Gerald F. Fitzgerald has arranged to have programs, quizzes and speakers in both parochial and public schools.

William F. Huetteman will speak at Parcels Middle School on April 30. At Brownell Middle School, speakers will include the Honorable William G. Butler, Mayor of the City of Grosse Pointe Farms; Honorable Douglas L. Paterson, Municipal Judge of the City of Grosse Pointe; Honorable Edward S. Piggins, Wayne County Circuit Judge; Honorable William E. Speer, Municipal Judge of Grosse Pointe Park; and the Honorable John Feikens of the U.S. Federal Court.  
In addition to these programs members of the Grosse Pointe Lawyers Wives will be distributing literature and buttons at a booth in Jacobson's Home Decorating Shop, Saturday, May 1.

### HAPPENINGS... on Fisher Rd.

**RECEIVER STOLEN**  
Frederick Ollison, III, of 45 Edgemere road, called Farms police to disclose that during the night of Tuesday, April 20, while his car was parked in the driveway alongside his

house, someone broke into the vehicle and stole the leased Michigan Bell telephone receiver, valued at \$130. The thief cut the wires and removed the bolts from the mounting bracket on the floor, he said.

### League Baseball Opening Woods Wins

(Continued from Page 1) starting the season on Saturday, will be celebrating 20 years of Little League baseball. From a beginning of six teams and 75 boys, the league now boasts a registration of 340 boys from eight to 12 years old and comprising 24 teams.

The men responsible for the league's early formation and continued success are legion. To mention a few would include Marshall Noecker and the late Fred Critchfield, sponsors of the league since its inception, Hank Reynolds, Howard Gnaou, Robert Chope, Dr. Robert Swanson, John Pingle, Fred Honrath, Dave Gillis, Lou Hunt, Joe Von Schwartz, Minard M. M. a. w. Ray Frazier and Fred Krauss.

The opening day events will get under way at 10 a.m. with the annual parade led by the Farms fire truck followed by floats representing the 24 teams which comprise the three divisions of the league.

**Prizes For Floats**  
The float judged a winner in each division will be awarded a prize. Sponsors of the league will also be recognized at this time before Mayor William Butler pitches the first ball.

The majors league game will follow with eight teams playing at Kerby and South High fields. Class "C" League will open its season on Monday, May 3, at Brownell field at 6 p.m.

The present 30-man board of directors for the Farms is headed by Chris Cotzias, president; Rich Martinez, vice-president; Billy McCampbell, secretary; and Jim Neville, treasurer.

**Park Parades At Defer**  
The Grosse Pointe Park Little League will kick off the season for their 12 major and 12 minor league teams at Defer School Saturday, with a parade right on the field.

Serving in the official capacity on the board will be Tim Van Antwerp, president; Dr. Clement Pollina, vice-president; Frank Zinn, secretary; Thomas Madison, treasurer; and Robert Van Sile, players' agent.

Grosse Pointe Woods and Shores will combine their festivities for both Little League and the Babe Ruth League, a league for older boys, 13 to 15 years of age.

**'Queen' For Woods-Shores**  
Beginning Friday, April 30, at 7:30 p.m. in the Woods City Hall, a contest will be held for a "Baseball Queen."

On opening day, May 1, recently declared "Baseball Day" in the Woods by the Woods City Council, a parade will be led down Mack with floats, clowns, and a drum and bugle corps.

At Ghesquiers Park, the first pitch will be thrown by Babe Ruth League president Dave Marsteller to W. E. Lueckhoff, president of the Woods-Shores Little League

with Woods Councilman Marvin Boutin umpiring. There will also be stirring ceremonies and a flag raising just before eight of the Little League teams and four of the Babe Ruth teams take over the fields.

**Biggest Of All**  
The massive Woods-Shores baseball program includes over 700 boys making up 40 Little League teams, 27 Babe Ruth teams, and eight teams in the 16 to 18-year-old division.

In the Babe Ruth League of the Park, City and Farms, opening day will also be Saturday, featuring the White Sox against the Giants at 10 a.m. and the Yankees against the Braves at 1 p.m. at Kerby field.

At Elworthy field Saturday, the Dodgers will clash with the Indians at 10 a.m. followed by the Cards versus the Tigers and the Phillies versus the Red Sox. Games will also be played all day Sunday.

Each team in the Babe Ruth Leagues will play a 21 game schedule with the regular season ending early in July. At the end of regular season play, the American League winner will play the National League winner in a best of three game World Series.

Also, at the conclusion of regular season play, All-Star teams from both leagues will compete in State Championship Playoffs.

Included in the Babe Ruth League board are Bob Morrison, president; Harry Brookes, American League commissioner; Don Armbruster, National League commissioner; and George Solomon, All-America League commissioner.

(Continued from Page 1) such trades, occupations and amusements as are detrimental to the health, morale or welfare of its inhabitants."

**Complies With Zoning**  
Catlin told the NEWS that there was no argument between the two adversaries regarding compliance of all zoning restrictions by the restaurant company. During the past five months, Foodmaker has made concessions and had conformed to all zoning stipulations in its effort to build the Jack-in-the-Box restaurant.

If Foodmaker decides to appeal the case, Catlin says, the question before the court will relate to whether or not the council was unreasonable in its denial of the permit. Since it has been decided that the council has the right to withhold a permit in this case, it will now be the burden of Foodmaker to prove that the council acted "arbitrarily and capriciously" in its decision.

**Burden On Foodmaker**  
"Eighty percent of the work is over," Catlin said. "It is now a question of fact to show that the council did not act unreasonably." Examples will be made of other restaurants in the Woods and police reports will be used to prove the Woods' argument of "safety and health to the community."

Catlin told the NEWS that there is a new trend developing in civil suit cases regarding zoning ordinances. He said courts are beginning to take into account new societal needs relating to esthetics, ecology, and various other factors that in previous decades had not been considered valid arguments in the court room.

**Pointer Suffers Fatal Accident**  
Thomas Joseph Legato, 29, son of the Joseph Legatos, 886 Lincoln road, was pronounced dead on arrival at Detroit General Hospital on Thursday, April 22, after hitting a bridge abutment at the Townsend Overpass on I-94.

Thomas, a senior in psychology at Wayne State University, was vice-president and treasurer of Legato Industries and Supreme Plastics Company.

Funeral services were held Monday, April 26, in St. Philomena Church and the Bagnasco Funeral Home.

He is survived by his parents; a sister, Mrs. Bonnie Lucido; two brothers, Barthel and Augustus; and his grandparents, Mr. and Mrs. Justin D'Angelo.

The comfortably weightless feeling that you experience when you slip on Oxford Clothes isn't only the result of lightweight materials. It's also a matter of construction and fine balance.

The "skeleton" quarter-lining that you see here is partly responsible. It is gracefully shaped and sewn by hand, to give an easy, weight-free impression.

Design and tailoring each contribute to this luxury of lightness, in Oxford Clothes, letting the coat rest easily on the shoulders, placing the weight where you're best able to carry it. They are important reasons why Oxford Clothes cost more... and are worth what they cost.

**Suspect Drugs In Teen Arrest**

Two Pointe youngsters, 13 and 15-years-old, were found by Woods police to be carrying a large quantity of suspected narcotic capsules and a vial containing what police suspect is marijuana Thursday, April 22. The evidence has been sent to a laboratory for analysis.

The young teens first came under suspicion by Woods Patrolman John Treppa about 8 p.m. when he saw the duo, standing on the corner of Anita and Mack, exchange something. He reported that he saw the older, a girl, reach into her pocket and hand something to her male companion.

With his suspicion aroused, Treppa stopped his scout car and asked the two what they were doing. They told him they were just going into a nearby restaurant. When he asked the girl what she had in her pocket, she said "nothing" and pulled out a clenched fist. She then opened her fist on Treppa's request and revealed a small yellow capsule explaining that it was just a sleeping pill that can be purchased at any drugstore without a prescription.

When Corporal Robert Setchell began to take their names down, Treppa noticed the boy place something on the ground. Investigation showed it to be a candy bar wrapper containing six of the small yellow capsules. Police then asked the two to empty their pockets.

Besides the vial of suspected marijuana, the girl was found to be carrying at least 37 capsules of varying colors and substances. The boy showed nothing else.

The youngsters were arrested for possible violation of the state narcotics law pending investigation and were immediately taken to the station.

The girls, 13 and 14 years old, admitted they had taken the jewelry and were released to their fathers.

The store detective stopped a 15-year-old girl just as she was leaving the store after he had seen her take three pair of earrings Thursday, April 22. Parents of the local girl were called and the case was referred to the Youth Service Division.

No question about it—Spring is in the air if the response to Neighborhood Club Activities is any barometer.

High on the list is Boys Softball Clinic for seven to nine year olds now being conducted at Brownell field on Saturdays at 10 a.m. Ron Loosevelt is chief coach assisted by Mike DeVoyst and John Higgins. Over fifty boys will be introduced to the skills and techniques, catching, throwing and batting, that will eventually lead to a career in Little League Baseball.

Also not to be outdone by the boys, the Girls' Softball League, under the skillful direction of Nancy Mahoney, will observe opening day Wednesday, May 5 with the Texaco Stars playing the Purple Pickles and the Fontana Bros. Monettes versus Mr. McCourts Go-Go Girls at Brownell Field while the softball diamond at Elworthy Field will be the scene of the game between the Service Art Plasterettes and the Flame Fur-

nace Flames.

Favorite pastime of middle schoolers are the Spring Horseback Riding Trips scheduled for May 1, 8, 15 and 22 at Sugarbush Ranch. Mr. Mike Sullivan, with a fire riding background, will be the instructor. Registrations should be made at the Teen Center no later than one week before the scheduled trip. For further information call 885-4600.

Getting ready to break out their clubs are the girls registered for the Golf Clinic to be held at Harper Metro Golf Course starting Monday, May 3. Beginners will learn their grip, stance and swing, while the more advanced girls will brush up on their stroke, approach and putting. The Monday classes are filled and, in order to meet the demand, Wednesday classes have been made available. A few places are left for beginners and

plenty for advanced, on a first come, first serve basis. All registrations may be made at the Neighborhood Club Teen Center week days 9 a.m. to noon and 1 to 5 p.m.

Seven Receive \$1,000 Grants

Seven area students were among the 1,000 high school seniors named winners of National Merit \$1,000 Scholarships today by Edward C. Smith, president of the National Merit Scholarship Corporation...

They include Kathleen Fulgenzi, 24 Fair acres drive, a student at South High School; Mark J. Gutwald, 236 Fisher road, also a South High student; North High students Kenneth M. Louis, 18 Moorland drive, Cheryl A. Huckings, 628 Briarcliff drive, and Mary L. Mandich, 1036 Blairmoor court; and University-Liggett students George A. Silvis and Walter K. Olson.

Kathleen, who plans to major in science, has the highest scholastic average of the Class of '71. She is a member of the National Honor Society; won the homemaker of Tomorrow Award for 1971; participated in The Presidential Classroom for Young Americans; is a member of the school's literary magazine staff; is secretary of the Tri-Science Club, and does volunteer tutoring in the elementary schools and counseling for the Sacred Heart Academy Summer Enrichment Program. Nancy won the National Merit \$1,000 Scholarship.

Mark's \$1,000 Scholarship was sponsored by the U.S. Fidelity and Guaranty Company. He was chosen in open competition with other finalists in the state. Mark plans to major in engineering in college. He is a member of the Varsity Football Team, Varsity Baseball Team, of which he is captain; president of the Varsity Club; member of the National Honor Society and was president of his freshmen and sophomore classes.

Kenneth's college major will be pre-med. He was awarded a National Merit \$1,000 Scholarship. Ken is valedictorian of his class, a member of National Honor Society, "Electric" editor, Mensa member, a winner of a Scholastic Writing Award, placed second in the National Santa Clara Math Test, was named Michigan Math Prize Competition Winner, is a Korean Karate instructor and a member of the Grosse Pointe Youth Council.

Cheryl, who won a National Merit \$1,000 Scholarship sponsored by Federal-Mogul Corporation, plans to major in bio chemistry. She was chosen in open competition with other finalists in the state. Cheryl was state winner in Daughters of the American Revolution Good Citizens Award and is a member of National Honor Society, a Varsity cheer leader; a Varsity debator, and a finalist in the Michigan Math Competition. She received hon-

orable mention in the Santa Clara Math Contest, is a junior hospital volunteer; is city executive chairman of ALSAC and a Sunday School teacher. Mary, who won a National Merit \$1,000 Scholarship sponsored by BASF Wyandotte Corporation, was chosen in open competition with other finalists in the state. She is a varsity debator; a member of the Forensics Team; National Honor Society; French Club, has won two achievement keys in scholastic writing contests and was twice named delegate to the State Student Congress.

George won a National Merit \$1,000 Scholarship sponsored by McGraw-Hill Inc. and was chosen in open competition with other finalists in the state. He plans to become a mechanical engineer. He is a member of the Cum Laude Society; a chemistry lab assistant, captain of the Varsity Soccer Team and MVP; a Terrill Newnan Scholar, winner of the Rensselaer Medal and is president of the Astronomy Club.

Walter won the National Merit \$1,000 Scholarship sponsored by Mobil Foundation Inc. He plans to major in economics. He is a member of the Cum Laude Society; editor of the school humor magazine; varsity basketball manager, Chess Club president; was class treasurer in grades nine and ten; a member of the winter show cast and Student Union Representative Alternative in the 11th grade.

The National Merit \$1,000 Scholarships are nonrenewable one-time awards, each providing a \$1,000 grand payable to the winner next fall after he enrolls as a full-time student in an accredited U.S. college or university. The awards are underwritten by 215 sponsoring organizations, including corporations, foundations, labor unions, professional societies, trusts, and individuals.

The Merit Scholars named today were chosen from among 15,000 highly qualified students who become Merit Finalists in the 1971 Merit Program. A total of 710,000 students entered the 1971 competition, which began with the National Merit Scholarship Qualifying Test in February of 1970.

A committee of skilled evaluators, drawn largely from the college admissions field, selected the 1,000 winners of the unrestricted National Merit \$1,000 Scholarship on a state-by-state basis, according to high school population. The committee considered each finalist's high school grades, accomplishments outside the classroom, extracurricular activities and school recommendations, in addition to his scores on two nationwide examinations.

The 1970-71 Merit Program, the sixteenth, began in February 1970, when approximately 710,000 students in 17,000 schools nationwide took the National Merit Scholarship Qualifying Test. Some 15,000 Semifinalists, the highest scorers in each state, were announced last September. Almost all of them confirmed their performances on a second test and submitted the data required to become Finalists. Each Finalist was awarded a Certificate of Merit.

The Merit Finalists represent about one-half of one percent of the national senior class. All students honored through the Merit Program, including some 35,000 Commended students in addition to the 15,000 Semifinalists, have been identified by NMSC to colleges, universities and other organizations offering financial aid. Research indicates that many of those who need aid, but who did not receive Merit Scholarships, will receive financial assistance from other sources.

COMMON SENSE This tired old world of ours seems to be in desperate need of a little clear thinking.

Agency Seeking Volunteer Help

Volunteers are needed at both the headquarters facility of League For The Handicapped - Goodwill Industries, 1401 Ash street, between Grand River and Trumbull, and also in some of the branch operations such as Goodwill Industries, 6522 Brush street, and at other facilities in Wayne, Oakland and Macomb counties, according to Russell G. Albrecht, executive director.

"Since most of our activities are carried on during the normal working week, (Mondays through Fridays from 8:30 a.m. to 4:30 p.m.), those are the hours when we would be delighted to have assistance for four hours weekly, or more if volunteers can spare the time," Albrecht said.

Although job requests have been received in such skilled areas as music teacher, music therapist, dance teacher, crafts teacher, someone to teach etiquette, basic grooming or proper use of make-up, or people with an aptitude for math and clerical skills, others do not require specialized vocational training.

These would include leaders for recreational activities, aides for the nursery, library, field trips, the summer program for blind teenagers and the READ program, people to sort books, receptionists, people to provide transportation, women to teach homemaking skills such as simple food preparation or ironing, men with strength to move hospital equipment for people borrowing from the loan closet and organizers for outings for clients.

"You will find that the time you contribute to these activities will be appreciated and you will share the pride we have in the accomplishments of our handicapped clients," Albrecht concluded.

Interested volunteer candidates may call 564-3900 and ask for Wilma Price, Volunteer coordinator.

Little Lost Dog Finds A Friend

By Pepper Whitelaw Charlotte Gainaruto, an employee of Leon's Hairdressers, Inc., 17888 Mack avenue, arrived at work on Saturday, April 24, at the usual time... but that was to be the only "usual" part of her day.

For covering and whimpering in front of the salon was a large black dog. Being an animal lover, (she has a poodle of her own), Charlotte coaxed the dog over so she could read his license tags.

She then hopped back into her car with the dog in tow, bent on returning him to his owner. She was not prepared for the sight she encountered when she arrived at 5517 University place, Detroit—for this was the home of the Robert Kugels, which had been leveled by two gas explosions the day before.

The Kugels were in St. John Hospital suffering from second-degree burns sustained in the blasts, which occurred after Mrs. Kugel struck a match to light her gas stove Friday morning.

That evening Charlotte went to the hospital during visiting hours and spoke with one of the Kugels' relatives, who told her they all believed "Mike" had been killed in the explosions.

The Kugels were delighted to find they were wrong, and

touched that as thoughtful a ruto had found and cared for person as Charlotte Gainaruto their pet!

**Funds for Little League Football Denied by City**

By Pepper Whitelaw

The City of Grosse Pointe Council at its most recent meeting reluctantly turned down a request by representatives of the Grosse Pointe Lion's Little League, Football, Inc. to provide financial assistance for their football program.

The program is tackle football and is open to boys nine through 12 years of age from Grosse Pointe City and Grosse Pointe Park.

League representatives Warren W. Anderson and John Wade told Council members that some 140 boys registered for the program in 1969 and some 170 in 1970. They said they anticipated a registration of some 200 boys for the 1971 season. Their program covers a period of 11 weeks.

They went on to say that their goal for the 1971 season is to provide a coaching staff of five men for each of the four squads, or a total of 20 coaches.

"We stress safety above all other considerations when purchasing equipment for the boys, both for practice and games. For this reason, it costs approximately \$100 per boy for uniforms, footballs, training and physical conditioning aids," they continued.

The only paid personnel in the program are two referees who officiate during the games. Insurance is also purchased.

The Little League Football representatives said their past sources of income to finance the program have been a registration fee of \$5 per boy, a candy sale, profit from a con-

cession stand at home games and contributions from the City of Grosse Pointe Park.

Park City Manager Robert Stone told the NEWS that the Park has been contributing financial assistance to the League for a number of years and that some \$800 is included in this year's budget for the program.

Mr. Anderson and Mr. Wade pointed out that they have estimated an expenditure of some \$4,000 for the 1971 season, which includes renewal of worn out uniforms and equipment and provision for some 30 additional boys. Mr. Wade said, "We very reluctantly voted a \$15 registration fee, an increase of \$10 per boy for the 1971 season to meet these rising costs, but more funds are needed."

Council members indicated that although they were sympathetic with the pleas of Mr. Anderson and Mr. Wade they could not afford to set a precedent by providing cash contributions to the League.

They also stressed that the City of Grosse Pointe is only about one-third the size of the City of Grosse Pointe Park, and added that all the home games are played at the City's Neighborhood Club Field, which the City maintains, seeds and levels bi-annually at a cost of some \$300 per year. Mayor King indicated that the City would be willing to line the football field for every home game instead of just the opening day game, as it is currently doing.

League members need financial assistance in this program which helps active youngsters develop good citizenship and sportsmanship. Pointe citizens interested in providing financial assistance to the League may send checks to Dr. Thomas Neuman, 1305 Whittier, Grosse Pointe Park.

**House Entered On Washington**

City police received a report of a breaking and entry at 830 Washington on Monday, April 19, from Robert W. McCoy. Mr. McCoy told officers that when he returned home from visiting his wife in the hospital, around 11 a.m., he found the front door had been forced and the entire house ransacked.

A preliminary search by Chief Andrew C. Teetaert and Corporal Richard Clarke revealed that both money and jewelry were missing from the house. The culprits apparently gained entry by breaking the front door jam.

Neighbors in the area were questioned as to any suspicious activity during the hours Mr. McCoy was away and complete statements made to City police who are investigating.

**GP Park Board Approves Lot**

At a public hearing held on Monday, April 26, the Park Council, sitting as a Board of Appeals, approved the acquiring of a permit by Ted Ewald Chevrolet, Incorporated, Jefferson and Lakepointe, for the construction of a parking lot at the rear of the present building.

Herbert Heger, director of the Public Service Department, told the Board that no objections were received from residents living within 300 feet of the proposed lot. As required by law, residents living within this area were notified by registered mail of the proposed project and the date of the public hearing, at which they can voice approval or disapproval of the development.

Five persons whose homes are near the motor sales firm's property, attended the hearing, and all expressed approval of the revised plans, which they considered a big improvement over plans presented to the Board of Appeals at a hearing held several months ago, which brought heavy objections from the residents at the time.

Present plans, some phases of which Ted Ewald, owner, voluntarily included, call for a masonry brick wall, four feet high and 165 feet long along Lakepointe, with a 21-foot drive. The lot will be paved with asphalt, with proper drainage, and will be primarily for the parking of cars of employees and customers.

The wall be set back five feet four inches from the sidewalk, and this space will be attractively landscaped to enhance the neighborhood.

In order to obtain the full use of the lot, a residential building owned by the sales firm will be demolished to make room for parking. The home, said to be old and dilapidated, and becoming more so daily, is located at 1023 Lakepointe, adjacent to the agency's property.

City Manager Robert Stone pointed out that the parking on the lot depends on an annual permit issued by the city. The firm can lose the right to use the property for intended purposes if it fails to keep it clean and attractive.

The parking area and alley improvement program includes the area between Notre Dame and St. Clair, north of Kercheval, and will include resurfacing of approximately one-third of the area, widening of the section near 898 Notre Dame and the installation of a moveable fence for future side of Kercheval, will be expansion.

Areas in the alley behind the A&P Store, on the south patched as needed near the turns and in the alleyway.

Resurfacing is also planned for the alley behind the Kroger Store, 1691B Kercheval.

**NAB DRUNK DRIVER**  
Charles MacDonald, 21317 Frazho, St. Clair Shores, was stopped by Woods police Monday, April 19 at 1 a.m. after he was seen weaving down Mack. Driving north, MacDonald was reported to have been seen striking the curb

several times before being stopped. He was arrested for driving under the influence of liquor and bond was set at \$100.

### Pointer Spends His Time Making Cars Malfunction

Do you believe that all automobile executives are concerned with making cars more trouble-free and reliable? There is one man, a Pointer, who is not.

This man goes so far as to order from Chrysler suppliers parts that can't possibly work. Items like fuel pumps with a missing valve, shorted ignition points and spark plugs that won't spark. He louses up things beneath the hood of a car to an unbelievable extent.

His name is John H. Moore, Jr. He works for Chrysler Corporation and he spends hour after hour dreaming up ways to make starters grind and engines sputter.

Moore is the national manager of the Plymouth Trouble Shooting program. He needs these faulty parts because Trouble Shooting is a contest which challenges auto-mechanics students to test their textbook knowledge to make cars run when Moore has fixed them so they can't possibly run.

There are, Moore figures, about 2,000 different things that can be done beneath a car's hood to keep it from starting or from running properly. And it is fair to presume that most of them have been done in the Trouble Shooting program, now in its 22nd year.

Months ago, Moore had figured out the malfunctions and ordered the faulty parts which will be used in cars for the

### Accuse Quartet On Dope Charge

A Farms policeman who stopped four youths in a car traveling on Carver road without lights on the evening of Wednesday, April 21, detected the odor of marijuana smoke in the vehicle. The foursome was arrested on a charge of illegal possession of narcotics.

The accused are Frank A. Witherspoon of 15292 Tacoma, the driver; Ronald R. Morris of 16235 Maddelein; and Donald J. Turner of 15044 Lappin, all 19 years old; and Craig A. Smith, 17, of 15822 Novarro. They are all residents of Detroit.

Patrolman Clarence Reichling, in an official report, disclosed that while on routine patrol he observed an automobile traveling north on Carver with no lights on, and stopped the vehicle at the Mary street intersection.

As he approached the car on foot, the officer said, Witherspoon got out of the auto and produced his operator's license and car registration. Reichling said that he approached nearer to the car and smelled what he stated was a strong odor of marijuana.

The patrolman said he entered the car through the driver's side and opened the glove compartment and found a plastic bag containing a substance that appeared to be suspiciously like marijuana, and confiscated the stuff. He placed Witherspoon under arrest and called for assistance.

Patrolmen Guy Lyford and Donald Dewey were dispatched to the scene. Morris was ordered out of the car and searched and the officers found two plastic bags containing suspected marijuana.

The other youths were also placed under arrest and taken to the station, and held for an appearance before Farms Municipal Judge Robert Pytell Thursday morning, April 22, after chemical test proved the stuff in the bags was the weed.

At the preliminary hearing Judge Pytell set bond at \$100 each, and scheduled Wednesday, May 12, as the examination date. The teens were released after posting their bonds.

### Woods Council Makes Appeal

At the regular council meeting of Monday, April 19, Woods city councilmen agreed to sign a letter to the chief delegate of the Paris peace talks asking that the American prisoners of war in Vietnam be released.

The form letter is being circulated around the country by the American Legion and will eventually be sent to Ambassador David Bruce; Chief Delegate for Paris Peace Talks; c/o United States Embassy; Paris, France.

The letter expresses "the earnest belief of the American people that these prisoners have been taxed far beyond the measure of their devotion to any government, or any cause."

"We are the elected representatives of the people of the United States of America," the letter continues. "We represent a wide divergence of political opinion. But on this issue we are united!"

"We call on all parties to the Indochina conflict to exchange full identification of prisoners, to provide these prisoners with the maximum protection of the Geneva Convention and to negotiate in earnest their prompt release."

Moreover some energetic service engineers in the past have placed as many as a dozen malfunctions in each of the contest cars.

"We used to do this the hard way," Moore said. "We'd manually goof up the distributor or some other parts, and to make the contest fair we had to make all the malfunctions identical."

"It got to be too big a job, so we started going directly to the suppliers and having them make us the defective parts."

Dreaming up different malfunctions to stump the students year after year is a big job too.

An expert mechanic who prepares and drives his own drag race car, Moore thinks up many of the malfunctions himself. He gets ideas from service engineers and mechanics of his acquaintance who know that he is always on the lookout for a different way of testing the students.

Some years ago Moore had his own private "think tank" when a college professor who was interested in the program assigned his class of seniors who were studying to become auto mechanics teachers the job of dreaming up unusual malfunctions.

Not long ago Moore parked his car in downtown Detroit and locked it up. A thief noticed a case of sparkplugs on the back seat, broke a window and made off with the case, which he presumably sold — and thus caused plenty of ignition trouble for whoever bought the bargain plugs.

They had been manufactured defectively on purpose for use in Plymouth Trouble Shooting Contests.

Applying extraordinary talents to the making of fine custom kitchens for discriminating patrons who take pride in their homes. Their work will never be found in department stores (ready-made) because every single cabinet is individually rendered, hand crafted, sanded, fitted, stained, rubbed and customized to satisfy buyers tastes and space requirements. Hardwoods are selected for beauty of grain, doors fit better, insides of cabinets are smooth and finished, corners are true. In today's world of assembly lines; prefabrications and impersonal service, the craftsmanship and individuality reflected in the art of these fine cabinetmakers are a rare and unusual find. **Holden Memorial Animal Hospital To Rise At Zoo**

Work will begin July 1 on a new animal hospital for the Detroit Zoo.  
 The facility, to be called The Holden Memorial Hospital for Animals, will result from a donation of up to \$180,000 by the James and Lynelle Holden Fund.  
 "This new hospital will be the most modern and complete treatment facility in the zoo world," Detroit's Mayor Roman Gribbs said. "The citizens of Detroit deeply appreciate this latest gift from a great zoo benefactor, the late James Holden."  
 The Detroit Zoo has a population of more than 2,500 representing nearly 500 species of mammals, birds, amphibians and fish. Fights and accidents often result in a need for surgery, according to Dr. Robert F. Willson, Zoo director.  
 The new hospital will include a surgical room, pharmacy, laboratory, recovery area, a classroom, aquatic and small mammal wards, box-stall "wards" for hoofed stock and a special diet kitchen.  
 There also will be a nursery for animal babies shunned by their mothers.  
 The Holden Amphitheater and Great Ape Exhibit, the Children's Zoo on Belle Isle, the Holden Museum of Living Reptiles and other fine Zoo additions also are gifts of the late Pointer James Holden.  
 He was a member of the first Detroit Zoological Park Commission and served on the Commission from 1924 to 1962.

**All Stars Win In Mt. Clemens**

A group of Neighborhood Club Giant Leaguers traveled to Mt. Clemens for a one day basketball tournament Saturday, April 30. The Neighborhood Club Stars won 54-32 over the St. Clair Shores Church League Stars. Jim Paradee led the scorers with 20 points. Mark Johnson had 12, Chris DeCoster, seven, Jim Marshall, six, Jim Fisher, six, and Mark Wichard, two points. Mike Kovach had 13 and Jim Truman 12 for the losers.

In game number two the Neighborhood Club defeated Bethel Lutheran 35-35 with Paradee again high scorer with 22 points. Jim Marshall had 14, Mark Johnson, five, Chris DeCoster, four, Mark Wichard, four, Bill Crocker, four, and Pete Manos, four points. Bill Hines and Curt Prueft also played well. Jim Truman led the losers with 16 points.

Game number three saw the Macomb YMCA team crush Lakeshore Presbyterian 90-46 with hot outside shooting. Bill Arnold, Fred Kibbie, Clarence Wilson, Wayne Carter and Danny Hand seldom missed a shot.

The showdown between the Neighborhood Club Stars and Macomb YMCA was not decided until the last quarter. Disciplined ability to get in close finally prevailed over hot shooting as the Neighborhood Club team outscored Macomb 23-11 in the final period. The 59-49 victory gave the Neighborhood Club Stars the title. Jim Paradee led all scorers with 23 points. Chris DeCoster had nine, Mark Johnson, seven, Jim Marshall, six, Jim Fisher, six, Mark Wishard, four, Bill Crocker, two, and Bill Hines, two points.

Macomb scorers were Fred Kibbie 14, Bill Arnold 11, Clarence Wilson 10, Danny Hand eight, Walt Stevenson four, and Wayne Carter two points.

The Neighborhood Club team's rebounders Mark Johnson, Jim Marshall, Chris DeCoster and Jim Paradee were important factors especially in the final game.

The Harold L. Riegles, of Merriweather road, have been notified that their son, Harold Jr., has been awarded the Distinguished Flying Cross.  
 Harold Jr., distinguished himself by extraordinary achievement while participating as pilot of an EC-121-R Reconnaissance Aircraft in Southeast Asia on June 7, 1970.  
 On that date, after experiencing an electrical fire and subsequent total loss of instrument power, he remained on orbit collecting vital intelligence data.  
 "In spite of extremely adverse weather conditions, operating in a high threat anti-aircraft environment, and with minimum navigational and flight aids, he maintained his position until relief arrived. The professional competence, aerial skill, and devotion to duty displayed by Harold Riegles, Jr. reflect great credit upon himself and the United States Air-Force," the citation read.  
 At the time of the citation, Harold, Jr., was a lieutenant. Since then he has been promoted to the rank of captain and assigned a B52 Jet Bomber with orders of an assignment in Southeast Asia.  
 Before enlisting in the Air Force he was graduated from Grosse Pointe High School. He earned his Bachelor of Science degree in Engineering from Western Michigan University.  
 Between assignments, Captain Riegles will live at Loring Air Force Base in Maine with his wife Karen, daughter of the Edward Kostins, of Dearborn, and his four-month-old daughter Kristianna Katherine.

**Dispute Centers On Church Lot**

Ignorance on the part of some Woods residents as to the use of a parking lot on Mack has created some strife between the Grosse Pointe Woods Presbyterian Church and several neighboring residents.  
 The disharmony is developing mainly because the parking lot, on the corner of Mack and Torrey, is apparently being used by residents shopping and working on Mack rather than by those attending strictly to the church across the street.

According to one of the residents, Roger Mourad, 1620 Torrey, the parking lot was allowed only on the restriction that it be used for church business only.

"These restrictions have been totally ignored to the point where it has now become a commercial parking lot," Mourad wrote to chairman of the board of trustees of the church Edward Chase. Copies of the letter were sent to the Woods City Council for review of the problem at their regular meeting of Monday, April 19.

Mourad said he was asking the council to attend to the problem since he had had no results after trying to resolve the situation in private with the church during the last two months.

He said some residents park in the lot and walk two or three blocks to work, leaving the car all day, while others drive to the corner lot and take the bus downtown for their business. It's even used as a lover's lane, he said.

Neighbors are also complaining about the maintenance and improvement of the area. Mourad said he and another neighbor had cleaned the lot of blowing trash several times.

"The maintenance of the parking lot has been totally ignored," he wrote. "Frankly, I've grown tired of patrolling the area myself, as have my neighbors."

Items he requested included sodding the area between the street curb and the sidewalk, planting shrubbery between the sidewalk and the car wheel curb bordering the parking lot, planting greens along the wall of the adjoining pharmacy, and the installation of a decorative gate closing the alley entrance behind the pharmacy. Mourad claimed that an ordinance exists requiring a decorative wall along the adjoining lot lines to the lot.

After some discussion, the council decided to authorize City Manager Chester Petersen to consult with the residents and church board after being informed of the legality of the issue from City Attorney George Catlin.

**ALL FOUR TIRES GONE**

Four radial tires and aluminum wheels were reported missing from an Opel GT owned by Kenneth Flaska, 1873 Manchester, Sunday, April 4. Flaska told Woods police that an auto jack which had been in the garage was used to hoist the car. Flaska found the car resting on sand bags which were also found in the garage. The tires and wheels, worth a total of \$320, were taken between 1:30 a.m. and 1:45 p.m. Sunday.

**NO LOCK, NO BIKE**

### Nab Youngster Pilfering Fines

A 13-year-old boy was detained by a Farms citizen and released to Farms authorities on Sunday, April 18. The citizen apprehended the juvenile after watching him pilfer envelopes from parking meter fine containers in Mack avenue.

The citizen, who resides in McKinley avenue, told police that he observed the boy, using a jackknife, take a yellow envelope out of a box attached to Meter No. 466, near 18334 Mack. The boy then walked east to Meter No. 438, at Mack and Moran, and using the knife, "fished" out another envelope from a container there.

As the youngster walked away, the citizen ran after him and caught him in front of 18332 Mack, after which police were called.

When officers arrived at the scene, the citizen released the boy to them and gave the policemen one yet unopened envelope and two 25-cent coins and the envelope from which they had been taken.

In searching the lad, the police found, besides the jackknife, a set of five screw drivers and a small wrench.

The boy was taken to the station and released to Det. Joseph Miller for further questioning and investigation, after which the youngster's parents were notified. Charges against the boy have been filed with Juvenile Court authorities, it was said.

**Accident Fatal To Pointe Girl**

An 18-year-old Pointe girl, Constance M. Gant, of 1046 Lakepointe, was among the four Detroit-area young people killed on Monday, April 26, when their car struck an abutment and burst into flames in a ditch off I-75 near Monroe.

Constance was graduated from St. Ambrose Catholic High School and was a student at the University of Detroit.

Police said three of the young people burned to death when they were trapped in the wreckage. The fourth died when he was thrown into the water-filled ditch where the car finally stopped.

Only one other person believed to be the driver, has been identified by State Police of the Flat Rock Post as of this writing. He is Gregory Jenkins, 16, of Allen Park.

Witnesses told police that the accident occurred about 10 a.m. just north of Sigler road, in the northbound traffic lane. The victims' car side-swiped another auto, veered out of control and crashed into a concrete abutment before it finally stopped in the ditch and burst into flames.

The driver of the other car was not injured.

Two Arrested At Theft

Two men were caught by Woods police Sunday, April 18, with three stolen tires in the trunk of their car. The car was parked in a parking lot of Pointe Dodge, Incorporated, 19391 Mack. Further investigation showed that three new spare tires had been stolen from new cars in the lot.

David Childs, 35, 219 Owen, Detroit, and Frank Simpkins, 40, 19065 Northlawn, Detroit were arrested and charged with stealing the tires.

Just before 6 a.m. Patrolmen Donald Schmaltz and Stuart Gerow were patrolling north in an alley off Mack from Bournmouth when they saw a suspicious car in the Pointe Dodge parking lot. One of the officers noticed that the car hadn't been there shortly before that same night.

As they pulled into the lot, the police saw two men rise from the front seat of the car where police say they had apparently been hiding.

When asked what they were

doing, Simpkins said he had been sleeping for a while while Childs told police they had been napping for an hour-and-a-half.

After another scout car was called, police started looking over some of the new cars in the lot and found three with the trunk lids pried open and missing their spare tires. After arresting the two, a routine search of the car showed three new tires in the trunk, all identified later by a representative of Pointe Dodge.

Before the search, police also saw in full view a pair of vise grips, laying on the floor of the car. Red paint chips matching the color of one of the cars were found on the grips.

Childs and Simpkins were placed on \$2,000 bond each and transported to the Wayne County Jail in lieu of payment. Maximum sentence for a conviction on their charges is five years in prison and \$1,000 in fines.

### The Travel Mystique

Even though you may think otherwise, there are no secret formulas or "mysterioso" to the travel industry, so says the Grosse Pointe Travel Agents Association, whose membership is comprised of the four area authorized and appointed travel agents: MR. Q TRAVEL, DAY TRAVEL COMPANY, CHET SAMPSON TRAVEL and CHAFEE-LAN- CSTER.

Unfortunate experiences involving travel groups may easily be avoided by consulting one of the Grosse Pointe Travel Agents' Association's members, whose offices and staffs are appointed and qualified by the AIR TRAF- FIC CONFERENCE OF AMERICA, (all scheduled domestic airlines), INTER- NATIONAL AIR TRANSPORT ASSOCIATION, (all major international scheduled airlines), TRANS-ATLANTIC and TRANS-PACIFIC PASSENGER STEAMSHIP CONFER- ENCES, individual cruise line appointments and railroad and motorcoach companies plus membership in one, or both, of the major trade organiza- tions—which are designed to insure ethical behavior and proper financial stability of its members. The Amer- ican Society of Travel Agents (ASTA) is one of these organiza- tions, and the American Retail Travel Agents' Associa- tion (ARTA) is the other.

The Grosse Pointe Travel Agents' Association advises area residents to be leary of so-called "bargain trips" which may sound financially appealing but, in far too many cases, result in disappointment, tacked-on extra costs and downright misrepresenta- tion. Charter trips offering unbelievable low rates very often openly flaunt Civil Aero- nautics Board regulations governing charter member- ship requirements, (encourag- ing dishonest back-dated mem- bership cards for affinity group travel), and sometimes even dupe the innocent into underworld-style complicity in dishonesty.

The four area agents wish to bring to your attention the fact that aiding and abetting these illegal operators and charter promoters is an un- lawful act in violation of fed- eral law. Also, they wish to advise Grosse Pointers of the fact that air transportation rates are set by the federal government (CAB) and when a trip is purchased at a so- called reduced rate, this means that the value receiv- ed is usually commensurate with the price paid. Keep in

mind the fact that, during the past two years, the over- whelming majority of catas- trophes, strandings and other misfortunes befalling affinity group charters, athletic team air tragedies and stranded student groups were all as a result of these questionable "cheapsies." Your GPTA mem- bers will be the first to admit they are in business to make a decent living for themselves and their employes. They feel their good names and reputations are worth more than a fast buck — and that the Grosse Pointe community should be sophisticated enough to realize that nothing is for nothing, and there is no such thing as a \$30 hotel room sell- ing for \$5 or a \$12 meal sell- ing for \$1.98.

All too many people are un- aware of the fact that there is absolutely no extra cost to do- ing business with an appoint- ed travel agent. The appoint- ed agent's standardized com- missions are paid by the air- lines, hotels, steamship com- panies, rent-a-car companies, tour operators, etc. It costs not one penny more to pur- chase airline tickets through your appointed travel agent, rather than from the airlines directly. As a matter of fact, it is frequently to your ad- vantage to deal with an un- biased appointed travel agent representing all airlines.

When planning your next trip, your GPTA member agents offer these five sug- gestions:

- (1) Select an appointed ATC- IATA travel agent.
- (2) Frankly discuss your budget desires with your agent — as you would with any other professional counselor. He can very often save you money.
- (3) Freely ask your travel agent's advice—but don't al- ways expect to hear what you would like, rather what is best for your particular travel re- quirements.
- (4) Keep in mind that a friend or relative's taste or needs may differ from your own. New management and policy changes often negate the best intended recommen- dations. Yesterday's marvelous resort discovery can some- times become today's night- mare.
- (5) Remember, your ap- pointed travel agent repre- sents all the major tour operators and hotels, as well as transportation companies —including supplemental char- ter airlines. His opinion is based on the most current and reliable facts available to a full-time TRAVEL PROFES- SIONAL.

### What Goes On at Your Library

By Virginia Leonard

Did you know . . . that we have had a special display at the Central Library of some of the books which our direc- tor, Mr. Robert M. Orr, re- viewed in his recent "What America is Reading — and Why" course? If you missed it you can always inquire at the desk as to what books were his recent lists.

Did you know . . . that these same reviews are all taped and can be obtained at our library? In case you missed going to his classes, you can now hear Mr. Orr's reviews in your own home.

Did you know . . . that spring is here and with thoughts of summer afoot you may want to come into our three agencies and pick up some books on boating and yachting? Whether it's repair- work, craftsmanship, or pur- chasing information we would like to be able to help you out.

Did you know . . . that we have materials in all of our libraries on sewing and other forms of needle work? Whether you have a new spring wardrobe in mind, macrame or needlepoint, you might need to get some new pointers from our material.

Did you know . . . that we are approaching the season of weddings? If one is looming in your family, you may need some helpful hints on protocol from Emily Post and Amy Vanderbilt, not to mention some of the other authorities on this most important sub- ject.

Did you know . . . that so many books dealing with many contemporary problems are available within our doors? One subject under constant scrutiny is crime. What about Ramsey Clark's CRIME IN AMERICA or Norval Morris' THE HONEST POLITICIAN'S GUIDE TO CRIME CON- TROL? Books about the student protest movement are also plentiful. Some of the recent titles include editor Julian Foster's PROTEST! STUDENT ACTIVISM IN AMERICA, YOUTH AGAINST THE WORLD, edited by Mar- jorie Hope, THE YEAR OF THE YOUNG REBELS by Stephen Spender, and ACADEMIC FREEDOM AND ACADEMIC ANARCHY by Sidney Hook.

Did you know . . . that another pertinent field is public welfare? We would suggest you try THE WASTED AMERICANS by Edgar May or THE POORHOUSE STATE by Richard Eiman.

Did you know . . . that the 1971 edition of the AYER DI- RECTORY OF NEWSPA- PERS, MAGAZINES AND TRADE PUBLICATIONS has arrived? This valuable refer- ence book provides complete information on 22,916 United States and Canadian publica- tions, giving subscription prices, publication schedules, circulation figures, addresses, editors and publishers and other data for daily and weekly newspapers, magazines of general circulation, trade and technical publications, foreign language publications, and a wide range of other types of publications. Come in and use it sometime!

Did you know . . . that we have material on the drug problem? The most current items in this category are, of course, pamphlets, newspaper and magazine articles.

Did you know . . . it's gar- dening time? We hope you will want to come in and browse through our sections on both vegetable and flower gardening to see if you can improve that green thumb of yours.

Did you know . . . that we have not forgotten the sports enthusiast? Books especially for the spring and summer sports should be sought after right now. Or perhaps it's a biography of one of your heroes that you want.

Did you know . . . that vaca- tion time is approaching? Come in and read up on your favorite hideaway or foreign country; better still, reread some of your old favorites, whether it's in your backyard or in some exotic setting.

Did you know . . . that since income tax season is over many people are feeling bud- get conscious? I suspect that many of them are feeling a little poverty-stricken and per- haps need to read something like GETTING THE MOST FOR YOUR MONEY by An- thony Scaduto, or perhaps THE TIME-LIFE BOOK OF FAMILY FINANCE by Rich- ard Pratt and HOW TO BEAT INFLATION BY USING IT by Donald Rogers. We also have ANSWERS TO EVERYDAY MONEY QUESTIONS by Lor- raine Blair, HOW TO MAKE THE MOST OF YOUR MON- EY by Sidney Margolis, and FINANCIAL SELF-DEFENSE by John Springer. With these under your belt, perhaps Uncle Sam will be a bit kinder to you next year!

Did you know . . . that all of our staff stand ready to serve you to the best of their ability? We hope you do.

### Letters to the Editor

Dear Editor,  
 I am a student at Grosse Pointe North High; my reason for writing is this. I am one of the many students who has to fill an empty hour next year. One of my solid subjects is being cut from the school curriculum. This is happening to a lot of students. We can't take an independent study either because the teachers are bowed down with five class schedules. The problem is money: the voters won't give us enough. The people who want to work

and learn aren't being al- lowed to. When a school sys- tem starts to go it's hard to bring it back to its past op- timum.  
 Our family moved to the Pointes mainly because of the good schools. Many others did the same. I hope we can keep our schools the best. But for many others like myself who can't take Latin or Russian or some other class, next year looks bleak.

Yours,  
Pat Slaven

WOMEN'S PAGES

## From Another Pointe of View

By Janet Mueller

Like to poke your head into another woman's kitchen? Who doesn't! And don't the ladies of Cottage Hospital Auxiliary know it...

Their annual Kitchen Tour and Bake Sale is one of The Pointe's most popular spring events. It's planned this year for Thursday, May 20, with regular tickets at \$2.50 each available from ticket chairman Mrs. Walter Bertschinger, 884-2071.

Tickets may be purchased too at the individual kitchens the day of the tour, or at the Cottage Nurses' Residence in Ridge road, where the Bake Sale will be in progress all during Tour hours, 1 to 5 o'clock.

Now for a brief preview of this year's Pointe Kitchens on Parade...

"Provincial Splendor," combining European charm with modern American appliances, is the kitchen theme at Mr. and Mrs. Frank Kruse's South Deeplands road home. Here's elegance plus workability for a gourmet cook with a family of six.

"Light and Bright" areas for food preparation and eating, a planning desk and breakfast bar are featured in the kitchen of the Howard Shaws' home in Harbor Hill.

"After Five—His and Hers" is the way Colonel and Mrs. William Drennan, of Merriweather road, refer to their kitchen. "It doesn't look like a kitchen," you say? That's exactly what the owners wanted!

## Tour Will Spotlight Four Area Churches

Excursion Begins in Medieval England, Ends in 21st Century; All Stops to Be Made in One Day in Detroit

Fourteenth Century England will come alive again on Thursday, May 13, when four metropolitan Detroit churches open their doors for a guided "Church Tour—Old and New" sponsored by the Women's Republican Club of Grosse Pointe.

Plans call for East Side women to leave the Seven Mile-Mack area at 9:30 in the morning on chartered buses.

Places of worship to be visited are Trinity Lutheran in Gratiot avenue, Trinity Episcopal in Myrtle street, St. John's Armenian Apostolic Church of Greater Detroit and Shaarey Zedek Synagogue in Southfield.

Trinity Episcopal, copy of a 14th century English countryside church, was built in 1890, completely of stone. Exterior carved gargoyles were believed, in medieval times, to keep evils spirits away; inside, angels keep things glowing.

The 10 bells in the tower are each named for one of the Reformers.

St. John's Armenian Apostolic might well be called the Church of Windows. The 12 Apostles and four Evangelists are depicted in magnificent stained glass, brought here from France, circling the dome, and above the Italian marble altar is a painting of the Mother and Child by local artist Zobel Kachadourian.

Trinity Lutheran first opened its doors on Detroit's waterfront in 1850, in a simple frame chapel. Sixteen years later the congregation moved to its present location and in 1931 Mr. and Mrs. Charles Gauss built the present church building.

Three hundred figures chosen from Bible and Church history decorate Trinity Lutheran. Sixty are in stone, 65 in wood, 34 in paintings, nine in metals and 140 in stained glass. Present-day church workers are shown together with Martin Luther, Moses and Adam and Eve.

Shaarey Zedek was founded in Detroit in 1861 by 17 traditional Jews. It has moved 16 times and is now in a striking 21st century building, dedicated in 1963, in Southfield.

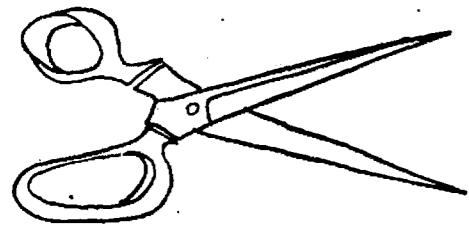

The Synagogue is in the form of a bold triangle sweeping skyward. This distinctive form is an outward expression of the unique interior and an impressive setting for the three-fold function of the synagogue: House of Prayer, House of Assembly and House of Study.

The House of Prayer, or main sanctuary, is in the center of two triangles with folding doors which can be opened for High Holidays to create a large hall for 3,600 worshippers. Two social halls flank the sanctuary.

The House of Prayer is centered with the marble Ark and framed by stained glass windows representing Jewish Biblical history.

Tour tickets, at \$4 each, may be purchased from any member of the Women's Republican Club of Grosse Pointe or from ticket chairman Mrs. Harry Sisson, 882-4805. Reservations may also be made by calling TUxedo 2-4868.

Buses will leave the parking lot at the rear of the Woods Theater promptly at 9:30 o'clock.

### This is a scissors.

It cuts hair. And how well hair is cut determines how well hair sets and how long a set lasts. A scissors must cut with your hair, never against it. A scissors must cut enough, but never too much. We use a scissors this way—skillfully and sparingly. And we get beautiful results. Like to see? We'd love to show you.

## Pointers Exhibit In Floral Show

"What Is Spring?", the 11th annual Wright Flower Show, is being presented this year for the first time in Wright Kay's Birmingham store. It opened yesterday and continues through today, April 29.

Outstanding floral designers in the Michigan Division, Women's National Farm and Garden Association, are among the exhibitors. "May Dawning" is the work of Mrs. H. Rollin Allen, of Lake Shore Lane, the Show's passing chairman. Mrs. Harold Davis created the "This Too Is Spring" arrangement in Wright Kay's Grosse Pointe store window.

Committee chairmen and entrants span the metropolitan miles from Trenton to Saginaw, The Pointe to Ann Arbor. Mrs. Harold R. Smith served as entries' chairman. Mrs. Peter Biglin is in charge of decoupage.

Mrs. Jack F. Ehlinger, Michigan Division president, asked Mrs. George E. Schmidt, of Trenton, to serve as chairman of the Show which is open to the public and features "Sapphire Evenings," "Coral Sun-

sets," "Joy," "New Life," "Living Treasures" and other theme displays.

Table setting motifs include "Birdwatchers' Brunch," "Easter Joy," "Bridal Shower" and "Spring Is A Rainbow."

The echo of "What Is Spring" will resound through the summer, for Wright Kay is presenting a contribution to the Michigan Division's Project ECHO, (Every Child's Home Outdoors), a conservation and environmental education program conducted in State Park facilities which provides needed educational tools to acquaint children with the wonders of nature and the need for protecting the environment for future generations.

Over 70,000 children are currently served by Project ECHO.

Speaker at the Macomb County Bar Association dinner observance of Law Day U.S.A. tonight will be Michigan Supreme Court Justice G. MENNEN WILLIAMS, whose topic is "Channel Change Through Law and Reason," the 1971 Law Day theme.

## Mrs. Jack E. Leibee

Photo by Beatrice Zwaan Studio

In the Sunningdale drive home of her parents, Dr. and Mrs. William Phelps Curtiss, Thursday evening, April 8, CAROL JEAN CURTISS spoke her marriage vows to Mr. Leibee, son of the Howard C. Leibees, of Ann Arbor.

## Miss Curtiss Speaks Vows To Mr. Leibee

Carol Jean Curtiss chose a white silk ankle length frock fashioned with organdy sleeves and a lace Bertha collar for the candlelight ceremony in the Sunningdale drive home of her parents, Dr. and Mrs. William Phelps Curtiss, at which she became the bride of Jack Ely Leibee.

She wore matching laced white boots and carried an old-fashioned bouquet of white tulips, roses and daisies.

Witnessing the 7:30 o'clock Thursday, April 8, service in the living room bay, at which The Reverend Leonard F. Weigel presided, were members of the family and close friends.

Dr. and Mrs. Curtiss entertained at a small reception following the rites.

Honor matron Mrs. Robert T. Scherer and bridesmaid Mrs. Paul Grams wore multi-colored floral print mid dresses and carried round bouquets of mixed garden flowers: Tulips, iris, roses and bachelor buttons.

The bridegroom, son of Mr. and Mrs. Howard C. Leibee, of Ann Arbor, asked Steve Bailey, of Sunnyvale, Calif., to act as best man.

Dr. Curtiss gave his daughter in marriage. Mrs. Curtiss complimented her navy chiton ensemble with a lavender orchid corsage while the bridegroom's mother selected a lime green silk costume and a corsage of white orchids.

When the newlyweds left

for Fort Myers Beach, Fla., the bride was wearing a beige pants suit with an orange ascot and beige and brown accessories. They are residing in Ann Arbor until the bride receives her degree from the University of Michigan May 1. The bridegroom is a U-M graduate.

## Set 'Saddleshoe' Reprise June 18

Two years ago a bunch of "middle-aged kooks," (their own term), still possessed of some nostalgic feelings for their '30's and '40's high school days, put together a Saddleshoe Reunion at Antique Village in Keatington.

Four hundred elder boys and girls turned out to dance to the Big Band Sound and "Gee, it's great to see you — must be 20 years" was the greeting of the evening.

This summer it's all going to happen again, this time aboard the Bob-Lo Boat which sets sail with a full complement of "Saddleshoe Revisited" bobby-soxers Friday, June 18, at 8 o'clock.

And this year all those Detroit-area World War II pre- and post-vintage high schoolers who were disappointed at not being contacted in '69 can take heart: The Bob-Lo Boat accommodates 800, so the more who come, the merrier!

There'll be Big Band dancing to the music of the "Ex-scutives," refreshments and box lunches and all of Bob-Lo Island, all for \$25 per couple.

Grosse Pointe committee members who are already humming "Stompin' at the

Savoy" and "Moonlight Serenade" include Bud and Barbara McLeod, Ed and Ann Hickey, Ed and Peggy Roney, Mel and Trudy Duffy, Howard and Betty Shaw, Addison and Marion Bartush, Bill and Mary Quinn, Bill and Mary Hurley and John J. and Kay Gorman.

The purpose of the Saddleshoe reprise is well-deserved fun and friendship. Any proceeds will be donated to Christ Child Society and New Horizons of Oakland County.

Representatives from more than 100 arts organizations throughout Michigan met recently in Detroit and Bay City to help initiate a state-wide campaign to obtain greater support for the arts from all levels of government.

The meetings were an outgrowth of a national movement coordinated by the volunteer organization "Partnership for the Arts" which recently opened headquarters in Washington, D.C. Amya Ames, chairman of Lincoln Center for the Performing Arts is chairman of the national organization.

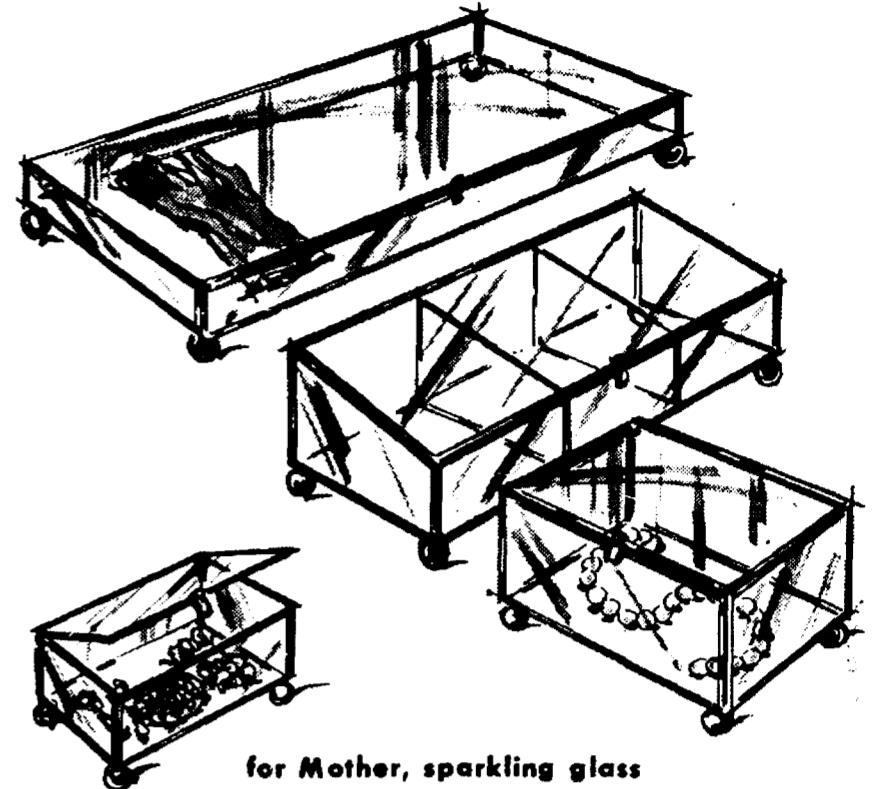

Robert B. Semple, of University place of the Detroit Symphony Orchestra, State Representative J. Robert Traxler, of Bay City, former State Senator Roger E. Craig, of Dearborn and Jack Goldner, Washington D.C. consultant to the Associated Councils of the Arts, were among those who appeared before Michigan cultural leaders.

Federal legislatures to fully appropriate all previously authorized arts program funds. Separate meetings were held at the Players Theatre in

Bay City and at Ford Auditorium in Detroit. The Michigan "Partners" of the national organization are Mr. Semple, William M. Day, president of the Founders

## Miss Demnati Wed To George Polyzois

Eldon Pickett Comes from Erlanger, Ky. to Give His Niece in Marriage; Home in Somerset Road Awaits Couple

Vacationing in San Juan, Puerto Rico, are Mr. and Mrs. George D. Polyzois whose 5 o'clock wedding in St. Nicholas Greek Orthodox Church Saturday, April 24, was followed by a reception at London House East. Father Nicholas Harbatis officiated at the rites.

Mrs. Polyzois is the former Alleitta Demnati, daughter of Mrs. Diana Gabriel, of Nottingham road, and the late Ali Demnati.

The bridegroom, who has been living in Royal Oak, is the son of Mr. and Mrs. Demetrios Polyzois, of Athens, Greece.

The bride, given in marriage by her uncle, Eldon Pickett, who came with Mrs. Pickett from Erlanger, Ky., for the ceremony, wore an Empire-waisted gown of blush pink peau de soie trimmed with seed pearl-studded ivory French lace.

Her illusion veil fell from a matching Camelot cap and she carried a Victorian arrangement of pink and white miniature carnations and rosebuds, sweet peas and baby's-breath.

Honor maid Barbara Patterson and bridesmaid Vivian Buc carried Victorian nosegays of miniature carnations shading from pale to hot pink to orange, with lily-of-the-valley and baby's-breath accents.

Their floor length pink chiffon Gibson Girl frocks featured orange, blue and green floral embroidery at their necklines, bibs and cuffs. Ribbon streamers fell from the flowers in their hair.

Gus Demas, of Warren, served as his cousin's best man. Jack Polyzois, the bridegroom's brother, ushered.

ed gown Mrs. Gabriel chose for her daughter's wedding and the reception. She pinned a corsage of pink miniature carnations to her purse. The newlyweds will make their home in Somerset road.

Among the out-of-town guests were Mr. and Mrs. Robert H. Stith, Jr., of Louisville, Ky., Steve Polyzois, Zisis Talopoulos and Demetrios Altanopoulos, all of Toronto.

women in the Grosse Pointe area.

Funds raised through the drive will be used in continuing support of the Republican Party, with special emphasis being placed on building a financial base for the 1972 elections, Mrs. Taylor revealed.

Assisting Mrs. Taylor in the month-long campaign are vice-chairmen Mrs. William C. Beardslee and Mrs. David M. Bogle, secretary Thirza Morrow and treasurer Mrs. George R. McMullen.

Captains who have volunteered to spearhead the drive include Mrs. William P. Bonbright, II, Mrs. Howard Smith Buhl, Mrs. Charles T. Cudlip, Mrs. Harley Higbie, Mrs. Norman A. MacColl, Jr., Mrs. Clayton Calvin Purdy, Jr., Mrs. James L. Rauh, Mrs. Yates G. Smith and the members of the executive committee. Mrs. William K. Muir serves as campaign advisor.

"Mrs. Charles A. Dean, Jr., had also volunteered to be a campaign advisor," said Mrs. Taylor. "Mrs. Dean had been instrumental in starting the fund-raising drive among Grosse Pointe women, and was always vitally interested in its success. Her advice and inspiration will be greatly missed by all of us working with the drive." Mrs. Dean died April 16 in her Lewiston road home.

The Grosse Pointe Women's Drive is being conducted with the support of the South-eastern Michigan United Republican Fund.

and Mario Capozzoli on the bass will play a jazz set as they would do at a club; then they will take the set apart and explain improvisation in terms a child can understand. The effect of a variety of bass instruments will be demonstrated. The audience will have a chance to participate in the show, which is enjoyable as well as enlightening.

## Meadow brook Featuring Jazz

A generous selection from the cream of today's jazz world—soloists and big bands—will take part in this season's Jazz Concert Series at Meadow Brook Music Festival.

Such internationally-famed artists as Duke Ellington, Dave Brubeck and Ella Fitzgerald will headline sessions in Meadow Brook's outdoor Baldwin Pavilion at Oakland University every Friday night, according to Festival Manager Sandor Kallai.

"There's no doubt that jazz is a vital, important musical language that deserves a hearing right alongside classical music," explains Kallai. "And that's why we inaugurated the jazz series last year.

"It has turned out to be an enormous success. This year, with a list of great jazz figures like Erroll Garner, Thelonious Monk and Gerry Mulligan, we should set new records in attendance and accomplishment."

The Jazz Concert Series open Friday, June 25, with popular pianist Roger Williams.

Williams, a musician of awesome technical prowess, has turned out a series of recording hits by applying his impeccable musicianship to a modified jazz style.

Erroll Garner, called the world's most creative jazz pianist, will appear with his group Friday, July 2.

Garner, a master of jazz improvisation, continues to win raves from both the established music critics and younger jazz buffs for his soaring, spontaneous inspirations and for what "The Village Voice" recently called "his glowingly alive musical theatricality."

The legendary Ella Fitzgerald follows Garner Friday, July 9. Miss Fitzgerald, with her famous pure tone and unerring interpretive skill, is a central figure in the history of jazz, beloved and revered throughout the world.

The fourth evening in the Meadow Brook jazz series, Friday, July 16, will feature Duke Ellington and his orchestra. Without doubt the

pre-eminent jazz composer and performer of our era, the Duke will lead his big-named-studded ensemble in recent works as well as some of his famed compositions of the past.

Friday, July 23, will be an evening with Thelonious Monk, Anita O'Day and the Newport Jazz Festival All-Stars.

Miss O'Day, dubbed "the Queen of jazz singers," was star vocalist with such historic jazz ensembles as those of Gene Krupa, Stan Kenton and Woody Herman. Her inspired inventiveness and breakthrough "skat" style make her probably today's most imitated singer.

Thelonious Monk, one of the inventors of Bop—or modern jazz—has been the center of a cult-like adoration for years. Mysterious and bril-

liant, Monk has received dozens of awards and has been featured on the covers of such magazines as "Time" for his famed pianistic originality.

"This man is," commented one jazz critic recently, "what many jazzmen have been cal-

ed and few have actually been—an artist."

The Newport Festival All-Stars, a combo made up of some of the top musicians who appear regularly at the Newport Jazz Festival, will finish off the July 23 program with

## Jazz at Meadow Brook

(Continued from Page 23) their accustomed bravado.

The man who gave modern jazz widespread popularity, Dave Brubeck, brings his trio—featuring Gerry Mulligan—to Meadow Brook July 30.

Through a path-breaking series of recordings and performances that began in the 1950's Brubeck has changed the face of modern jazz, making it at once accessible to a broad audience and giving it new vitality and inspiration.

Baritone saxophonist Gerry Mulligan, a towering jazz artist and innovator in his own right, will join Brubeck to make up what has to be one of the finest jazz combos of recent times.

The celebrated New Orleans jazz clarinetist Pete Fountain brings his combo to Meadow Brook Friday, August 6.

A graduate of the famed Dukes of Dixieland jazz group, Fountain went on to develop

is own variation of the Dixieland style. He calls it "New Orleans Jazz."

Now the notion's number one jazz clarinetist, Fountain will come to Meadow Brook direct from his own famed New Orleans night club, Pete Fountain's French Quarter Inn.

Meadow Brook's 1971 Jazz Series conclude Friday, Aug. 13, by presenting an evening with Jose Feliciano.

One of the most exciting young jazz singers to come along in a decade, Feliciano stunned the nation three years ago with a lilting but highly unorthodox jazz version of the National Anthem at the World Series in Detroit.

"We think this season we will have one of the most exciting group of jazz musicians ever assembled in one place," says Festival Manager Kallai. "This year at Meadow Brook will truly be a Festival of Great Jazz."

"We will also soon be announcing a whole new Wednesday night series of rock-folk concerts at Meadow Brook."

## Center Offering Night of Music

Show Graphics At Art Institute

Dramatic evidence of the permanent collection's growth and diversity, more than 450 prints, drawings and watercolors will be exhibited at the Detroit Institute of Arts beginning Wednesday, April 28, in the largest single display of graphics in the museum's long history.

All were acquired by gift and purchase during the last three years—a departmental increase without precedent at the Art Institute.

Six galleries on two floors of the museum's South Wing will be installed by Ellen Sharp, curator of Graphic Arts, to show off works from the 16th through 20th centuries.

Particular credit for the richness of the display goes to

MRS. THOMAS E. STONE, OF NOTTINGHAM ROAD

By Pepper Whitelaw

Hoot mon! What better treasurer for a church fair than a Scotswoman? That's just who the Woman's Association of Grosse Pointe Memorial Fair has selected for its fair slated for Thursday, November 4: Mrs. Thomas E. Stone, noo Ann Cumming.

The church ladies traditionally hold a Spring Preview to raise additional funds for materials and to take special orders for gift items from their gift booths. This year's Spring Preview is set for next Thursday, May 6, from 10 until 3 o'clock at the church. All items offered for sale are handmade with that professional workmanship that marks them "special gifts for special people."

Over 20 Booths This year's chairman is Mrs. Thatcher Rea, who is being assisted by Mrs. Jeremy Webster and Mrs. Carl Reichart. Some 22 booths, filled with exciting and practical items such as knitted articles, jewelry, knitted hangers, (for those special dresses), children's "one of a kind" clothes, practical and party aprons, needlepoint and stitchery witchery, children's world chuck full of toys and accessories, gourmet, with special items to tempt husbands' taste buds, two special boutiques, cookbooks to start pots boiling with fresh, new recipes for spring, potpourri, with its silk ties, (wide and wonderful), paper flowers, decorator wastepaper baskets, paper-back and children's books.

The Little Gift Booth will feature handmade crafts and the International Booth will highlight items from missions all over the world.

Four New Additions This year, four new booths have been added. They include Nature's Treasures, featuring dried flower arrangements and driftwood plus seedlings, plant cuttings, small bushes and house plants which can be replanted. "I hope lots of spring gardeners will get out and cut some plants, label them as to color and name, put them in small pots and drop them off at the church. We sure could use them... but we need them by Tuesday, May 4," says Mrs. Stone. Ideas Unlimited will feature tincraft, sewing boards and even counting boards for little ones. The Serendipity Booth will be filled with glass decoupage coasters, appliqued wood boxes and shadow boxes. Suncatchers Booth has beautiful stained glass mobiles to hang in favorite windows this spring. They're made by shaping brass curtain rings, adding tiny crystal settings of plastic, then baking.

A Bi-Annual Tradition The ladies of the church have held a fair every other year since 1937, with the exception of the World War II years.

Money raised by the project is used for many charitable purposes such as medical missions in India, America, Ethiopia, Korea and Columbia, the Protestant Chaplaincy at Detroit General Hospital, scholarships to Alma College and assistance to foreign students at the University of Michigan.

These are just a few of the ongoing projects of these fine ladies. And fine ladies they are... ladies like Mrs. Stone, who has been a member of Memorial Church since she first moved here in 1932. Her church activities have been all-inclusive, from singing in the choir to teaching Sunday School.

Sunday School Teacher She started teaching third graders there in 1953 and taught for 16 years, then

moved into the Christian Education Supply Office, which has been her ballcock for the past two years. "We've just finished moving into a new office which I helped design, to take care of the current needs. Sunday School is changing and we at the church are changing to meet the new needs."

Mrs. Stone has been bowling secretary for the Church Women's League for the past five years. She begins her sixth year in September. "We'd love to have anyone interested join us on Wednesday mornings at 9:15. Just have them call the church and leave their names. We'd like to see a passel of new bowlers this fall."

Ann's parents, Mr. and Mrs. John W. Cumming, were both born in Scotland. They came to America during the First World War. Ann's childhood must have been one of infinite joy, just listening to her mother's tales of Scotland. Mrs. Cumming, a pert and perky lady in her seventies, is one of the most charming, enthusiastic women imaginable.

Family Crests Here's a sample of her wit. Upon entering the Stone home, you are faced with the Cumming family crest and the MacKay crest. "The Cumming's crest has the best spot in the house, because grandpa wants it that way," laughs Mrs. Cumming.

Then there's the Ogilvie crest and the Calhoun crests... but it wouldn't make a bit of difference how many crests this crew had; they'd be as interesting and fascinating without them!

The crew includes Ann's husband, John, (who from here on in will be referred to as "Stoney"), a long, lean, Texan, drawl and all, whom she met during World War II.

"Our cooking class at Grosse Pointe High School was sending boxes to the boys in the service for Christmas of 1941. Stoney was one of the boys who wrote back to thank us."

They began writing to each other and kept up the correspondence throughout the war while he was stationed on Guadalcanal.

On his return to the states in 1945, he was stationed in Chicago. He decided to come down to meet Ann... the following June they were married. Need you ask where? In Grosse Pointe Memorial Church, of course!

Trio of Daughters The Stones have three daughters. Barbara Mae, 24, is married and lives in Sterling Heights, where she is secretary to the Sterling Heights Civic Center's planning engineer. She was a computer bride in September of 1968. "We'll be grandparents come next September," adds Ann.

Their second daughter, Joella Ann, is 21, and will be graduated from Wayne State University in December with a Bachelor of Science degree in Education and a teaching certificate for the visually handicapped. She plans to attend the University of Northern Colorado to get her Masters degree in Orientation and Mobility.

She's bright-eyed, sparkling of personality, and so enlightened that it would make any mother proud.

Bette Lynn, 17, will be graduated from high school in June and plans to go into some phase of art, design or commercial. "She won a blue ribbon at the Crowley Scholastic Show and her picture is currently in the New York Show," Ann proudly reports.

Take Over Mother's Class Both girls attended Sunday School regularly and after being confirmed helped in the three-year-old department.

"When I moved into the Christian Education Office my girls took over the class until the past year."

Although most of Ann Stone's time is taken up with her family and her church activities, she still has a few hours for a few hobbies. They include collecting old foreign coins and stamps, state and foreign plates and crystal pieces, many of which came from Stoney's mother's home in Texas.

When the girls were younger Ann devoted a lot of time to Girl Scouting. She was neighborhood chairman, then troop organization chairman, keeping track of some 250 active scouts.

Back to Scotland "Tell her about your trip to Scotland," Mrs. Cumming prods her daughter. "Oh yes, that something I'll never forget. The girls and I went over in 1967 and were simply enchanted with the country, its people and its customs. We felt as though we knew it already; from the tales mother tells."

Mrs. Stone's husband is supervisor of maintenance at the Warren Warehouse of the J. L. Hudson Company. Her dad was with Hudson's before he retired and Ann was secretary to the Infant Buyer and her four assistants at Hudson's. "So you see we're all Hudsonians," she smiles.

"Tell the story of your wedding dress and cake, grand-mother," Joelle urges Mrs. Cumming.

Who complains "Oh, boy! were near tragedies. To begin with, I brought my dress from Scotland. The customs wouldn't clear the rest of my things but they gave me permission to take my wedding dress."

"So the people who picked me up took the big box and tied it to the running board and off we went. Behind us I heard a lot of horn tooting and I was getting a wee bit peaked when a car pulled over. The driver told us we had dropped a box a few miles back. We turned around... By the grace of God we found the box and dress intact."

A White Wedding Cake But my wedding cake... ah, that was another story. In Scotland a wedding cake is always a fruitcake coated with marzipan, then frosted. Well, on my wedding day when I cut into the cake and saw it as white as the driven snow, I near fainted. Imagine a white wedding cake!

"Although I was disappointed, it is an old Scottish custom to send a wee bit of cake to your friends. So I sent a piece to the family minister. "It was but a few short weeks later that I received this note: I thank you for the thought but, my dear, someone removed the savory piece of wedding cake and replaced it with a finger-length of stale white bread and sent it first class mail."

"So now I do a lot of Scottish cooking and baking myself. Have you ever had a Dumpling in Clood?" (Readers, if you haven't either, just check today's Good Taste recipe.) Smiles are commonplace in

### A DUMPLING IN A CLOOD

Contributed by Mrs. John W. Cumming  
1/2 cup finely chopped beef suet  
1/2 cup sugar  
1 cup golden raisins  
1/2 cup currants  
2 cups flour  
3 level teaspoons baking powder  
1 level teaspoon mixed spice  
1/2 teaspoon ginger  
1/2 teaspoon cinnamon  
1/2 level teaspoon salt  
3/4 cup milk  
1 egg  
2 tablespoons of any jam you want to use up

Sift the flour with the spices, baking powder and salt in a bowl. Add the sugar, suet and raisins. Stir them all together with a sparkel (wooden spoon) Add the egg and milk and just stir to moisten (don't beat). Have a square of clood (cloth) ready, 17 inches square (I usually use a good strong part of an old white sheet), dip it into boiling water and wring out-lay it out, and dredge with flour. Pour mixture into center of it. Pull it up evenly shaping the dumpling into a ball and tie securely with a piece of cotton tape, leaving a little room for swelling. Put a saucer in a four-quart pan and place dumpling on it. Pour in boiling water to almost cover it and put on lid. Boil for four hours, checking every half hour. Keep adding water when needed. Don't lift lid, just slide it over and add water from the side. Take out and untie, place on a wire rack. For very special occasions pour rum or brandy sauce on top and light it.

The Stone house. The family's contribution to Memorial Church would be worth its weight in smiles alone, but both Ann and her mother devote a great deal of time and effort to the church because they love to... as do all the Memorial ladies busily working these days to make their May 6 Preview Fair the best ever!

I've Been Sweet Too Long to be in Character - So Here Goes!

Our Seven Mile Shopping Center has to be the dirtiest one in town. It does seem to me that with the unemployment rate of 8% the store owners could hire someone to clean up the Garbage and debris that Litter the Parking Lot.

Bouquets to... Harry Ward, Jr., of East Jefferson avenue, who rescued a dog floundering in the ice-covered waters of the Detroit River on St. Patrick's Day—the temperature was 30 degrees and Mr. Ward was on his daily jogging trip around Belle Isle when he spotted the animal—and is scheduled to receive the Anti-Cruelty Association's Humanitarian of the Year Award during Be Kind to Animals Week, May 2 through 9... Harry and Carol Ward's menage includes a German Shepherd, five cats and a rabbit... They're members of the Anti-Cruelty Association, the Audubon Society and National Wildlife Federation... But Harry, who's Irish, nonetheless allows as how a sprint into chest-deep ice water to save a drowning dog is not exactly his idea of the way to celebrate March 17... The Wards will be guests at the Anti-Cruelty Association's traditional Be Kind to Animals Week party this Sunday afternoon at the YWCA in Grand River avenue, Detroit...

Bouquets to... Ray Volsten, up in Sandusky, Mich., doing substitute teaching and "it looks as if I will have a regular assignment in the fall"... and bouquets from Ray, ex-Pointe letter carrier, to "all the patrons of my route for their overwhelming thoughtfulness in their gift for my retirement... Thanks especially to Mrs. William Tost and Mrs. Harold Wadsworth, of Cloverly road, who initiated the drive"... and a special bouquet from Ray to Mrs. Stanford Phelps, of Touraine road, who "deserves my gratitude for her many kind acts"... How does Ray like living in Sandusky?... "Weather is grand, traffic is light, and the world is in a slow spin here instead of the dizzy pace down there"...

Bouquets to... J. Frank McGough, of Harvard road, recipient of this year's Detroit Archdiocesan Catholic Youth Organization Joe Glaser Award, one of the two highest awards the CYO can bestow... "I regard this not as a personal tribute but as a compliment to all the men who worked with such devotion during the years I was on the CYO board of directors: They got the job done, and they deserve the credit," says Mr. McGough... So Mr. McGough did nothing unusual?... Those who have been close to the development of the CYO describe him as a "giant" in the years he served in many key capacities on the board, first as vice-president and then for an unprecedented five straight one-year terms as president (he's the only man who ever served more than two presidential CYO board terms)... Among his other accomplishments is the origination and popularization of the CYO Corned Beef Dinner, which raised funds to support the old CYO Home for Homeless Boys...

Bouquets to... Mary V. Van den Heuvel, Senior Chief Yeoman, United States Navy, born and brought up in The Pointe, daughter of the William Van den Heuvels, of St. Clair avenue, whose Navy Commendation Medal citation reads "for meritorious service from October, 1968, to May, 1970, while serving as Chief Company Commander at Recruit Training Command (Women), Naval Training Center, Bainbridge Maryland... Through her supervision of the petty officers designated as company commanders, she coordinated and directed many areas of recruit indoctrination, and ensured that the military training program for all enlisted women entering the Navy—a number totaling 2,400 per year—was carried out in a manner consistent with command policies and directives... She was instrumental in revising the basic military training program and developing an entirely new system for grading recruit performance in accordance with special instructions from the Chief of Naval Personnel"... Mary Van den Heuvel retires from the Navy June 3... She'll be missed...

Bouquets to... five Very Special Grosse Pointe South High School students, Kathy Fulgenzi, Terry Clancy, Jane Self, Susan Kennedy and Paul Brooks, who spent many afternoons and weekends in the basement of Kathy's home constructing the MOST colorful, gorgeous, exotic bird this side of paradise—a giant pinata, four by six feet, fashioned of chicken wire covered with papier mache covered with "feathers" of orange, gold, yellow and pink tissue paper... It will swing from the ceiling of South High's Gymnasium during the School's Mothers' Club Scholarship Tea next Wednesday... and bouquets to Libby Hanson Lynette Spry and Martha Steen, a Very Special South High sophomore trio who created, under Mrs. Allen Friewald's supervision, the Scholarship Party posters peppering store windows in-the-Village and on-the-Hill... bouquets to the boys and girls of South High's Stage Band, who will serenade partygoers all through the afternoon... and to the boys and girls who'll act as hosts and hostesses, and those who'll help clean up after everyone's gone home...
