

SCHOOL MILLAGE ELECTION SET

HEADLINES of the WEEK As Compiled by the Grosse Pointe News

Thursday, July 8
ACTING ON THE BASIS of "new and substantial information," the U.S. Parole Board agreed Wednesday to review the request for parole by James R. Hoffa, former Teamster president. A similar request was denied last March 31. The board set August 20 for the rehearing.

GOVERNOR MILLIKEN on Wednesday moved to curb rising vandalism and rowdiness at state parks. After meeting with top outdoors and state police officials, the governor ordered more effective deployment of available security personnel and top-priority attention to a request for \$500,000 more in enforcement funds in this year's budget.

Friday, July 9
THE NIXON ADMINISTRATION conceded for the first time Thursday that the goals it set in January for the economy's growth in 1971 are for a rapid slowdown in inflation and unemployment are now unattainable. Paul W. McCracken chairman of the President's Council of Economic Advisers, formally admitted defeat at the House-Senate Economic Committee's midyear review of the economy.

Saturday, July 10
THE MICHIGAN SENATE passed a "no-fault" divorce bill Friday by a vote of 22 to 12. The bill now returns to the House, which had passed it earlier, for agreement on minor amendments. Within minutes of Senate approval, Governor Milliken heartily endorsed the measure.

REPUBLICAN REPRESENTATIVE PREL N. McCloskey Jr., saying that the GOP is dying under President Nixon's leadership, announced Friday that he will enter presidential primaries in California, New Hampshire and possibly elsewhere. The 43-year-old Californian, who for months has criticized Mr. Nixon's program of gradual withdrawal of U.S. forces, told a news conference that 1972 could be a disaster if new voters are given no incentive to register as Republicans.

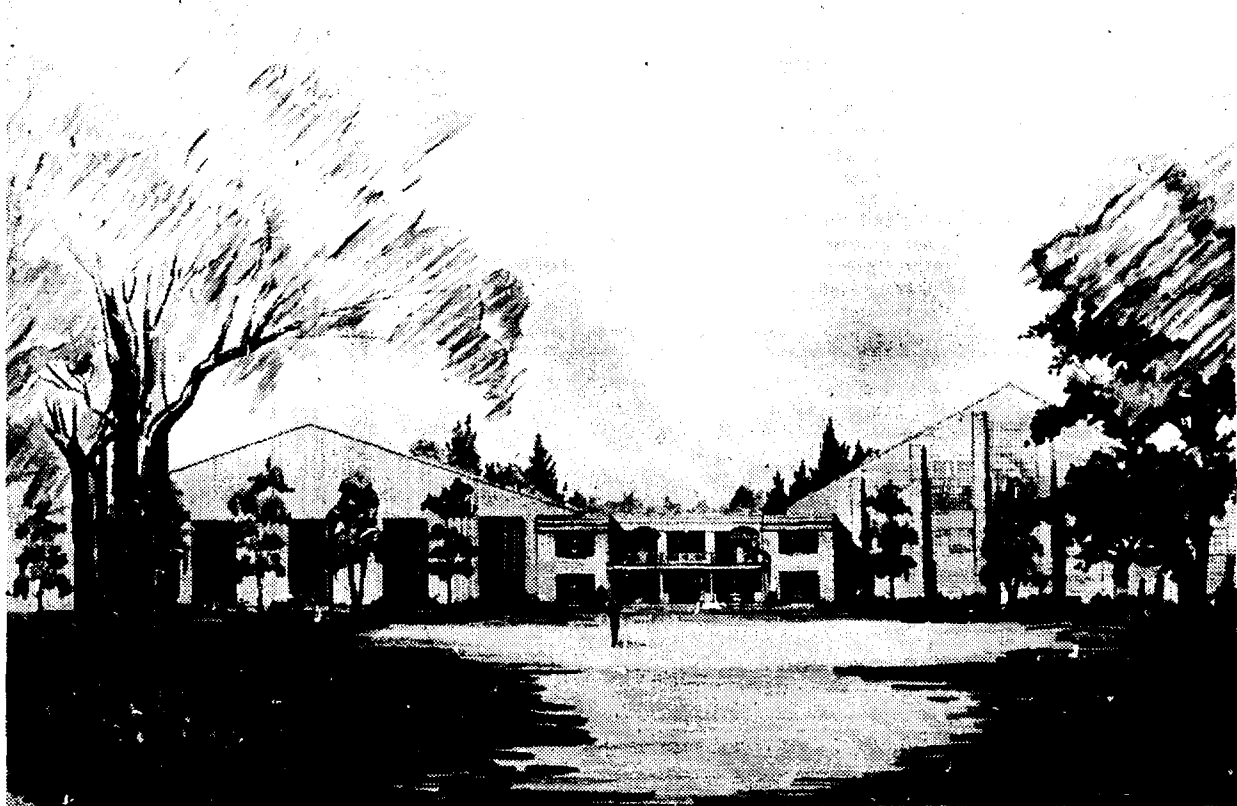

Sunday, July 11
A REBEL ASSASSINATION SQUAD shot its way into the summer palace of King Hassan II of Morocco Saturday in an attempt to kill the pro-West monarch as he celebrated his 42nd birthday. Belgian Ambassador Marcel Dupret, three Moroccan army officers and several other persons were killed in the attack on Hassan's summer palace 10 miles south of Rabat, witnesses said.

Monday, July 12
THE THREE SOYUZ II cosmonauts were killed on their return to earth June 30 by "a rapid drop of pressure" in their descent spacecraft, a Soviet investigating commission announced Sunday. "The drop in pressure resulted from a loss of the ship's sealing," Tass quoted the commission report. "An inspection of the descent vehicle showed that there were no failures in its structure." There were many possible causes for the seal failure, "the study of which continues," the report said.

KING HASSAN OF MOROCCO said Sunday night that four generals had clumsily mounted a "Libyan-style coup" against him and failed. He announced that the surviving rebel officers would be shot Monday.

Thursday, July 13
PRESIDENT NIXON moved against one of the most pressing problems, unemployment, by signing into law Monday a two billion dollar measure that would create more than 150,000 jobs over the next two years. He said it would be particularly helpful in areas of high unemployment.

Center Plans Blood Drive On August 5

Urgent Need for Donors to Community Bank Cited; Collection to be from 2 to 8 O'clock

For the first time, a unit of the American Red Cross Bloodmobile Service will set up in Grosse Pointe in the summertime. The date is Thursday, August 5, the hours 2-8 p.m. The place is the air conditioned ballroom of Grosse Pointe War Memorial's Fries Auditorium.

This special collection has been scheduled to fill the urgent need for blood donors for the Grosse Pointe Community Blood Bank maintained by the Center for free loan to all Grosse Pointe citizens in case of emergency. It is also an opportunity for Pointers to conveniently donate to any church or organizational blood bank to which they belong, or to any friend or relative in need or who owes blood for past usage.

Anyone in good health age 18-60 may donate blood, although a permission slip is required from those under 21. This is one way every individual can donate to society's needs in a very personal and meaningful way.

So that donors may be handled with a minimum period of waiting, those who plan to give are asked to fill out appointment cards obtainable in the Center's office in advance. Of course, all walk-ins will be gratefully received too. Baby

Suspect in Jewelry Store Hold-Up Gets Court Hearing

A suspect in the March 6 hold-up of Pongracz Jewelers, 91 Kercheval avenue, was arraigned in Farms Municipal Court on Monday, July 12, before City Municipal Judge Douglas Paterson, who presided in the absence of Judge Robert Pytell.

18-Year-Olds Asking Park For Additional Facilities To Expedite Registrations

Council Requested to Grant Authority to Deputize Qualified Electors to Register Group Now Given Chance to Vote

A small group of civic-minded 18-year-olds residing in the Park, approached the Park council on Monday, July 12, asking that the council grant City Clerk Nunzio Ortili the authority to deputize qualified electors to register all the 18 through 21-year-olds, who have been granted the right to vote under the 26th Amendment.

The teens are seeking to have persons registered at designated locations, but especially, they are asking that registration booths be set up at two Pointe high schools.

The enthusiastic teenagers informed the council that they had approached Ortili on the matter of deputization, but the city clerk told them that he could not do so without an opinion from City Attorney Richard Rohr, to determine if this would be legal under the Park's laws, nor could he deputize anyone without council permission.

Miss Dorothy McBryan, daughter of Dr. and Mrs. Thomas J. McBryan of 1359 Berkshire, who spoke on behalf of the Park 18-year-olds, asked the council to approve a resolution, authorizing Ortili to deputize qualified people, so that none of the newly enfranchised young people will lose the opportunity to vote.

Miss McBryan pleaded that the council approve the following resolution, or approve one prepared by the city attorney:

"In order to enhance the spirit of democracy in the Grosse Pointe Park community, we ask that the City Council direct the City Clerk to cooperate with the other (Pointe) municipalities in a registration drive encouraging young people, particularly

those between the ages of 18 and 21, to take part in the electoral process. We propose the following resolution:

"We the City Councilmen of the City of Grosse Pointe Park, do hereby direct the City Clerk to: A. Help initiate a local school registration drive in the fall of 1971; B. Deputize qualified voters to assist in the registration of the newly enfranchised 18 to 21 year olds in places other than the schools so as to encourage them to vote in the upcoming August and November elections."

Ortili Wins Praise
Mrs. Helen Graves of 1304 Buckingham, who with her husband, Dr. James H., is very active in civic and political affairs, had high praise for Ortili's ability as a city clerk and organizer when it comes to bringing other city clerks together in matters involving the common interests of the Pointe communities. She endorsed the proposed resolution offered by the young people, or one by the council, and pleaded that the solons take immediate action in the matter.

Mrs. Graves pointed out that it is traditional that city clerks deputize qualified voters to register new electors, which saves the clerks much time and trouble. Not only this, she added, it would make the people more interested in the community in which they live.

Some Have Registered
Ortili pointed out that a small number of 18-year-olds have already registered at the

Tennis House To Be Built At Hunt Club

Four Indoor Courts for Year-Round Use Expected to Be Completed by End of Year

A wide range of sports facilities that makes the Grosse Pointe Hunt Club unique as a family social club will soon be expanded to include indoor tennis courts.

Plans for construction of a tennis house described as unexcelled in the Detroit metropolitan area were announced today by the club's president, William C. Beardlee.

The tennis house will enclose four N.I.T.A. regulation courts made of Boll-Tex, a woven synthetic material that makes the finest indoor surface in the industry.

Large Viewing Area
Attached to the tennis house and present riding ring will be a service complex consisting of locker rooms, saunas, exercise room, pro shop and billiards and table tennis room. A viewing area on the second floor will overlook the tennis courts and riding ring.

The tennis house will be equipped with inverted mercury vapor lighting which will reflect off the ceiling to provide a no-glare lighting system.

A radiant heating system that heats objects instead of the air will minimize air movement and dust. Special insulation, combined with a high-volume air evacuation system, will provide ideal year-round playing conditions.

Other Facilities
Construction of the tennis house and service complex is expected to be completed before the end of this year. Present club facilities include an outdoor pool, outdoor tennis, complete riding area and a club house with dining and beverage service.

A farm house located on the grounds when the club was founded in 1911 is still part of the present club house.

Driver Refuses To Take Test

Thomas Ruginski, 16814 Rutherford, Detroit, was picked up by City police at 1 a.m., Saturday, July 10, after officer Jim Cronin saw him fail to stop at Fisher and Waterloo. Ruginski was also driving over the speed limit.

Officer Cronin advised Ruginski of his rights and issued a violation for driving under the influence of intoxicating beverages. Ruginski agreed to take a breathalyzer test and was escorted to the Woods station.

On arrival he refused to submit to the test. He was then taken to the Park station and later released on \$100 bond.

Last Ditch Fight Being Waged to Save Bus Service

Park Action Awaited as Four Other Pointes and St. Clair Shores Sign Agreement Allowing SEMTA to Operate Lines

By Greg Boyd
With just over two weeks to go before Grosse Pointe residents are scheduled to be left without bus service to and from downtown Detroit, one Pointe municipality, Grosse Pointe Park, has yet to agree to allow the Southeastern Michigan Transportation Authority (SEMTA) to operate the bus service.

A meeting has been set for tonight at 8 p.m. between SEMTA and Park officials.

At the council meeting held Monday, July 12, both councils from the Woods and the City agreed to pass resolutions which would subsidize the bus operations. The Shores, Farms and St. Clair Shores offered their support last month.

\$78,000 Requested
SEMTA is requesting a total of \$78,000 from the six communities to finance the purchase of reconditioned buses from the DSR. In addition, a request is being made for a subsidy not to exceed the amount of \$15,000 per quarter in the event that the bus service operates in the red.

The figures that SEMTA has presented to each of the cities are 27 percent for the Woods; 20 percent for the Park; 16 percent for the Farms; eight percent for the City; four percent for the Shores; and 25 percent for St. Clair Shores.

In effect this means that the Woods would pay \$21,060; the Park, \$15,600; the Farms, \$12,480; the City, \$6,240; the Shores, \$3,120; and St. Clair Shores, \$19,500.

If the line runs on a deficit for any particular quarter before the end of 1972, the cities would pay their respective percentages of a deficit up to \$15,000 for the quarter.

Makes Counter Offer
These percentage figures, however, may not be accepted by the Park or by the Woods. The Woods agreed Monday to offer support to the line only on the condition that "the sharing of costs be apportioned according to a formula that the subsidy will be apportioned between the six municipalities on the basis of ridership of the buses exclusive of school children."

The figures offered by SEMTA are on the basis of population. It is possible that 27 percent of the patronage of the bus line does not come from the Woods, or that 20 percent does not come from the Park.

The Farms, Shores, and the City have accepted the figures based on population. The only provisions requested by the City when that council passed the resolution Thursday, July 8, was that all communities participate and that the city attorneys meet to review the contract.

Farms Talks Refund
The Farms' agreement is like that of the City's except that it will also demand that

Ecological Earth Lovers Collect Bottles, Jars, Cans

As part of the ecological movement, the Earth Lovers, a group of Grosse Pointe teenagers, are sponsoring a drive at the Grosse Pointe Unitarian Church on Saturdays between 10 o'clock and 4 o'clock to collect bottles and jars and cans for recycling.

The youths then sort the jars and take the full 55-gallon steel drums to a central collection agency at the State Fairgrounds, where the glass is recycled.

In response to an article in the NEWS, almost 50 barrels (about 2,000 bottles and jars) were contributed by Pointers on Saturday, July 10.

According to John Houston 14, spokesman for the Earth Lovers, recycling helps stop the waste of natural resources, helps save city tax money,

September 13 Selected by School Board

Education Association and Student Group Plead for Earlier Date in Interest of Teachers

By Pepper Whitelaw
The Grosse Pointe Board of Education at its Monday, July 6, meeting in North High's Performing Arts Center, set September 13 as the date for a school millage election. The actual amount of millage will be set at a later date.

The board voted unanimously to approve that date. However, during the question and answer period the president of the Grosse Pointe Education Association, Rita Cary, expressed disappointment at the millage election date and said it would preclude rehiring staff members who were dismissed after the failure of the last millage election.

Students Voice Plea
A student spokesman from North High School, Nancie Resowski, presented the Board with a petition signed by 3,000 students from North High, Brownell, Parcels and Pierce middle schools, requesting that all released teachers be reinstated and that the board reconsider its decision for a September 13 millage date. She asked that an earlier date be set so that released teachers could be reinstated in the event that the millage is passed.

Superintendent Theos I. Anderson said that the September 13 date was selected because it is hoped that the amount of state aid would be known by then and more information on current negotiations with the teachers would be available at that time. He added that an election in August would be difficult to arrange since so many parents are vacationing at that time. (The election must be set prior to September in order to get it on this year's tax rolls.)

Would Avoid Criticism
During the last millage election board members and administrators were severely criticized by some voters because they held a millage election without having enough concrete information on state aid, etc. It would appear that the board and administration are making an attempt to have these answers for the electorate before they go to the polls again.

Thief Searches Residents' Cars
Judging from police reports someone had apparently been driving around the north area of the Woods late Friday, July 9, trying to steal from automobile glove compartments.

Woods police received a report from Peter Charno, 740 Canterbury, who said his daughter saw a young man going through the glove box of their car. When she asked him what he was doing, he said he thought the car was owned by a friend of his and then left the scene. Charno found the glove compartment open but nothing apparently missing.

Just after midnight the same night, police also received a call from Brian Leslie, 856 Hollywood, reporting that he saw a white male exiting his car while it was parked in the driveway. Leslie found his glove box also open and a flashlight missing. He told the police the thief left the area in a blue or green Plymouth and supplied additional information.

YOUNG SHOPLIFTER
Woods police received a call Saturday, July 10, from the store detective at J. C. Penney's, 19251 Mack, reporting that he was holding a 12-year-old boy who had been caught taking a pair of sunglasses and walking out of the store with them. The glasses were priced at \$4.

Correction!

In last week's issue of the NEWS we ran a story regarding the mechanization of bleachers at North High School. We quoted Ben Zenn, director of administrative services, as saying "mechanization should pay for itself within a year. Mr. Zenn said "mechanization should pay for itself over a period of several years."

Some men think they are worth more than they get—practical men go out and prove it.

Municipal Building, and now have the right to vote at the August primary. However, he stressed, the deadline was July 3, and those who had failed to register, will be unable to cast their ballots at this election, but they can register for the regular election to be held in November.

Councilman Douglas Graham brought out that the Grosse Pointe Board of Education will have to be approached regarding the setting up of registration booths in the schools, since the cities do not have the right to do so without the Board's permission.

City Manager Robert Stone offered the suggestion that the best time and place, especially this summer, to register Park 18-year-olds, would be both the Windmill Pointe and Three Mile Drive Parks because of the large number of teenagers using the parks' recreational facilities.

Mayor Matthew Patterson directed the city clerk and city attorney to check into the legality of using school buildings as registration places, and that both work on a proposed resolution to be presented to the council at the July 26 meeting for study and action.

Schools Losing Valued Employee

Superintendent Theos I. Anderson, at the regular meeting of the Board of Education on Monday, July 6, announced that Warren L. Rhodes, professional assistant in the department of personnel had submitted her resignation and is taking an early retirement. The board accepted her resignation with regret.

Miss Rhodes has been in the Grosse Pointe Public School System for 35 years. She began her career in The Pointe teaching general science at Grosse Pointe High School. When Pierce Middle School opened in 1939, she joined its staff as a science teacher. She was made Dean of Girls in 1953 and held that post until her appointment to her present position in 1966.

Lawrence Kennedy, assistant superintendent of personnel, commended Miss Rhodes on her contributions to the school system. He said, "She is one of the most gracious, likeable people in the system and an excellent recruiter. She has attracted many fine candidates to our system because of her personal warmth and interest in individual applicants. She will be missed."

Jewelry Store Suspect

(Continued from Page 1)

men entered Pongrazz Jewellers late in the afternoon, one of them claiming that he wished to purchase a diamond ring for his wife. He was waited on by Theodore J. Pongrazz of 151 Muir road, the proprietor.

When the man did not appear to be interested in the merchandise displayed, Pongrazz informed him that a new shipment of diamonds had arrived and was on the second floor of the store and that he would bring it down to show them. When the store owner returned, the man drew a .45 caliber automatic and announced a hold up. The second man also had a gun.

The robbers ordered Pongrazz and a woman employee into a back room where they tied them to chairs.

During the time the owner and clerk were being made captive, two couples entered the store. One couple had a small child with them. All were ordered to the rear of the store. One man and his wife, and the husband of the other woman, were bound with twine, in the same room with Pongrazz and the clerk. The

mother and her child were taken to the second floor, and ordered not to come down until the bandits had left.

The robbers took approximately \$40,000 in diamonds, watches and other jewelry items. Before leaving, they extracted \$60 from the wallet of one of the men who had entered the store during the course of the crime, and \$29 from the wallet of the second surprise victim.

The culprits then made good their escape. Pongrazz was finally able to free himself, then released the others, after which he called the police.

More than 300 persons will participate in the outdoors candlelight program sponsored by the Living Rosary Group of Michigan, whose president is Mrs. Kathleen M. Sullivan of Grosse Pointe.

Women in white gowns represent each "Hall Mary" and the women in blue gowns, the "Our Father." The women are officers of the Michigan State Circle Daughters of Isabella.

The Rev. Father Clement Kern, spiritual director of the group, will conduct the Rosary. Altar boys from St. Mary's of Redford will form the cross.

Speaker for the evening will be Father John Murphy, C.S.B. Catholic Chaplain at the University of Windsor.

The color guard will be provided by the Headquarters Battery, 28th Artillery Group (Air Defense) of Selfridge Air Force Base.

In the honor guard will be the Knights of Columbus Corps of Southern Michigan Districts Numbers 1 and 2, the Knights of St. John, the Knights of St. Peter Claver, the Ancient Order of Hibernians and members of the Detroit Police Department and Detroit Fire Department.

This year young people are particularly invited to attend, Mrs. Sullivan said. She urged that those planning to come to the ceremony on Belle Isle invite at least one boy or girl to join them. The program has been enjoyed in the past by people of all faiths and all ages, she said.

OKAY REGATTA FUND

A request from the Grosse Pointe Farms Boat Club, asking the city to donate \$300 to assist with the expenses of the organization's forthcoming Annual Regatta, was approved by the Farms council on Monday, June 21. The council annually grants such a donation because of the good public relations brought about by the event, which this year will be held on July 23-25.

Police Duties Sometimes Prove Very Interesting

The number of police cars dispatched to the scene of a crime, or other reports of illegal activities, apparently depends on the circumstances. On Monday, July 5, at about 11:15 p.m., Detroit police notified Park authorities that they had received a report of a hold-up at Wayburn and Jefferson, which is in the Park's jurisdiction.

The Park police dispatcher sent two scout car crews to the scene, where a man, who was highly inebriated, expressed his indignity at being held up, and all his money taken. The policemen took the man to the station and patiently questioned him about the details.

At first, the "hold-up victim" claimed that a man stuck a gun in his ribs, and demanded his wallet. Then he changed his story and said it was a knife. This prompted the policemen to ask the man to show his wallet, which he did.

On opening the wallet, the officers discovered \$5 still in it. This ruled out the hold-up theory and the man was given a place in the cell to sleep it off and then sent on his way.

Now comes the piece-de-resistance. At 4:50 a.m., on Wednesday, July 7, the watchman at Windmill Pointe Park, called the station to report that a female had illegally entered the park, possibly by climbing over the fence, and was "skinny-dipping" off the docks.

Three scout car crews rushed to the park to check out the nude swimmer, who the officers discovered to be a 20-year-old girl. She told the policemen, from the protection of the water and darkness, that she had just felt like taking a swim.

The policemen informed the girl that her presence in the park was illegal and that nude swimming was taboo. They finally persuaded her to come out, (after turning her backs, of course), allowed her to get dressed and then gave her an escort out of the park and sent her on her way.

Organize New Theater Group

A new theater group for high school students has been organized in The Pointe. The group, Grosse Pointe Youth Theater, is sponsored by Dr. Donald McIntyre, of Neff Lane, long-time theater buff and member of The Players.

Newly elected officers are John Bogan, president; Bill Champine, vice-president; Jeff Craft, treasurer and Nora Ford, secretary. All are seniors at South High School.

GPYT's first production, "Little Murders," by Jules Feiffer, is slated for Friday, July 30, and Saturday, July 31, at 8 o'clock, in Fries Auditorium. Tickets may be purchased for one dollar from cast members, at the door the nights of the performances, or by calling John Bogan, at 882-5266.

Playing roles in this first production are Bill Cartmill, Sue Speers, Jeff Craft, Nora Ford, John Bogan, Bill Champine and Tim Kiska.

High school students, who are interested in participating in Grosse Pointe Youth Theater may get further information by calling 882-5266.

More Vandalism At Lochmoor

Vandals continue to plague the Lochmoor Club. The latest incident, which occurred Friday, July 2, cost the club some \$450 in golf course equipment, according to Fred Wolfe and Clarence E. Bessert, club director.

Vandals stole two ball washers, two fairway sprinklers, two pins and flags, eight tee markers and 12 rakes. They also destroyed beyond repair a tee bench. Wolfe told the NEWS that the club continues to be a sitting duck for vandals.

At the regular meeting of the Woods Council on June 7, the club requested permission to increase the height of the fence surrounding the golf course, at 1018 Sunningdale, but were denied permission by the council. The extra fencing would have included a three foot vertical addition plus three strands of plain wire angling into the club's property, adding an extra foot to the fence making it somewhere

Property Group Installs Officers

The annual meeting of the Audubon-Whittier Property Owner's Association was held recently, at the Grosse Pointe Hunt Club with president Frank McDonald presiding.

Speakers were The Honorable Matthew Patterson and The Honorable William Speer, Judge of Municipal Court of the City of Grosse Pointe Park. They and their wives were guests of the Association and remained after the meeting to join members in a buffet and social gathering.

Newly-elected block directors for 1971-72 are: for Audubon, Albert Wagner and Henry Gildner, for Whittier, Harry Hayter and Paul Nicolucci.

Continuing for second term are: for Audubon, David Tyler and Charles Kosmas, for Whittier, Mrs. Oliver Ward and Gordon Gerow.

George P. Johnson, of course, continues as the Association's Life Honorary Member—and a very active one.

The new president is Paul Nicolucci, of Whittier road. Vice-president is Harry Hayter, also of Whittier road, and secretary-treasurer is Charles Kosmas, of Audubon road.

Out-going board members who have served two years include, for Audubon, Mr. McDonald and Robert Schilling, for Whittier, Mrs. Marvin Mezger and Robert Wilmoth. Also leaving, having served three years, is Mrs. Clinton R. Amulxen.

between eight and nine feet. Mr. Bessert told the council at that session that so far this year the cost of vandalism has risen to \$1800 with this new incident the figure is up to \$2,250. He told the NEWS that the club would go back to the council if the members felt it would do any good but doubted that it would.

Permission for the addition was denied after several residents surrounding the golf course voiced disapproval at the proposed height increase.

Rev. Ketchum Pointe Visitor

Rev. Paul F. Ketchum, former associate pastor of the Grosse Pointe Memorial Church in Grosse Pointe boulevard, is visiting in the Pointe as a guest of the E. R. Romines of Barrington Road, and will remain at least another week.

The minister, who was associate pastor under Rev. Frank Pitt, now retired, left the Pointe in December 1958, accepting a call to become pastor of the Elliot Presbyterian Church in Lowell, Mass.

Rev. Ketchum resigned the

Lowell pastorate, effective as of September 15, to take over the post of Minister of Evangelism for the Gardencrest United Presbyterian Church in St. Petersburg, Fla.

On Sunday, July 11, Rev. Ketchum was the guest preacher at the Jefferson Avenue Presbyterian Church.

While residing in the Pointe, the minister was active in the Tuxis Club, and was a member of the Detroit Council of Churches as it existed at the time he left here.

Battle for Bus Service

(Continued from Page 1) SEMTA refund the \$78,000 if the authority acquires other bus lines in the state through other sources than financing from municipalities.

The Shores, however, has agreed to participate if the population percentage figures presented by SEMTA are accepted by all the municipalities.

At the Woods Council meeting Monday, officials said that they doubted the advisability of guaranteeing the payment of monies without the taxpayers' approval. Both Mayor Kenneth McLeod and Councilman Marvin Boutin said that although they are concerned about the bus patrons from the Woods, they also must concern themselves with those who do not ride the buses, but will have a stake in the Woods subsidy.

Acted Reluctantly
The Woods Council was reluctant in passing a measure in what they felt is an unsure venture. City Manager Chester Petersen stated that the city has not noticed much public interest in the issue.

"Grosse Pointe Woods has been the leader in trying to arrive at an equitable solution to the problem and initiated discussions," Petersen said, "but the city has not received much public expression from the residents other than a few phone calls and letters."

Explaining the Woods' delay in action, Councilman Kenneth Boerner stated that they

Youths Arrested In Drugs Raid

Guns drawn, some eight officers of the Inter County Enforcement Narcotics Division (ICE) conducted a raid at 23257 North Rosedale court, St. Clair Shores, just beyond the Grosse Pointe Shores limits, at 6:30 p.m., Wednesday, July 7, while residents watched in stunned silence.

The raid was at the residence of Gregory Hill, 19, who was taken to St. Joseph Hospital, Mount Clemens, suffering from either an overdose of narcotics or heroin withdrawal symptoms, according to St. Clair Shores police. Gregory, who was charged with sale and possession of heroin, will be arraigned after his hospital treatment.

Two juveniles, both from Roseville, were turned over to juvenile authorities. Five adults were arraigned on Thursday, July 8, before St. Clair Shores Municipal Judge Herman Bryce.

Mark Caldwell, 22, of 2357 North Rosedale, was charged with sale and possession of heroin. He stood mute and was released on \$10,000 bond for sale and \$5,000 bond for possession of heroin.

David Talkington, 20, 28000 Rosebrier and Glenn Sinkule, 22435 Garfield, were both charged with possession of heroin. They both stood mute and were retained on \$5,000 bond each.

Robert Kerentoff, 19, of 21833 Englehardt, and James Hopper, 21806 Blackburn, were charged with frequenting a place where narcotics were being sold. Both stood mute and both were released on \$200 bond each. Officers confiscated a small amount of heroin and narcotics paraphernalia.

News Employes Animal Lovers

By Pepper Whitelaw

Leave it to the NEWS business department to provide fodder for animal stories. (They're all a bunch of old softies when it comes to animals... hardly a week goes by that staff members aren't cuddling or cooing over a stray dog or cat... why our bookkeeper Joanne Eason even objects to killing rats.)

Today they came into the editorial department to tell us of some special visitors in the Pointe... Felix Raccoon and his three sons or daughters... (how do you tell on a raccoon, anyway). It seems about a month ago, former NEWS staffer Fern Grieg was called into her living room by her husband Boutin to witness the exodus of a pointy nosed, black-eyed raccoon who had been checking over the guest accommodations in the garage. Fern, (another old softie when it comes to animals), immediately began leaving food for the raccoon, who for some unaccountable reason she has christened Felix. First she left bread then dried beef then hamburger meat.

Evidence of Felix's presence were the overturned garbage lids. Then Felix disappeared. Last week while Fern was sitting in the living room she looked out just in time to see Felix and his brood (pack? gaggle? ... how about progeny?) filing into the garage. The Griegs, always anxious to please their house guests, began racking their brains for a more diversified menu for their callers. Fern ran to the phone and had a high echelon meeting with Mrs. Eason and Mrs. Ralph Raught, (another NEWS staffer and animal lover).

to the store of animal information available at the NEWS office).

Mr. Verhelle said while he and his neighbors were just getting over the thrill of seeing the raccoons they looked out and saw a friendly opossum lumbering across the lawns.

The Pointe seems to be a real animal haven. FLASH: Our business department just got a hot tip that a local resident evicted her pet parrot from her cage for a friendly crow... the parrot is just sitting on her cage trying to figure out what happened.

You can't define the nation's 5th largest market . . . Detroit . . . in terms of its riverfront festivals, ethnic restaurants and new towers of steel alone. There's a special kind of citizen interaction and a spirit that springs from a deep well of confidence that's part of Detroit, too. At Detroit Bank & Trust more than two billion dollars in assets is just one reflection of that confidence. It's a justified faith in our city and in our bank shown by all our customers . . . from the paper boy opening his first savings account to the investments of the corporate giants. We are grateful for it . . . and we pledge to do our part to make Detroit continue to grow and thrive.

More than two billion dollars' worth of confidence in Detroit.

Have you ever thought of God as Life?

Or Principle, or Mind, or Soul, or Truth?

These are some of the synonyms that Christian Science uses to define God.

Each of them helps the individual to know God better.

The name Life, for example, shows that God is not a far-off, abstract deity, but is the very source of our life. He is that close to each one of us.

If you are searching for new ideas about God, you will enjoy reading the current Bible Lesson in our Reading Room.

Gains Recorded By Symphony

Attendance and ticket income increased sharply during the Detroit Symphony Orchestra's recently concluded fiscal year.

In his annual report to the Symphony board General Manager Marshall W. Turkin included the following statistics as indicative of "a healthy increase" in the popularity of the Orchestra:

• The total live audience, including free summer and children's concerts, showed a 27 percent increase compared with the previous year, or a rise from 311,688 to 397,110. This is not counting radio and television listeners.

• Ticket income rose 32 percent from \$324,000 to \$430,000.

Mr. Turkin noted that it was "especially gratifying to see our regular season Thursday/Saturday subscription concerts at Ford Auditorium showed an 86 percent gain in individual concert admissions—that is, in our single sales which complement season ticket sales."

JUVENILE ARREST
 A 16-year-old was arrested Saturday, June 5, and charged with carrying narcotic paraphernalia after Woods Patrolmen James Fowler and Donald Sabel found him with a hashish pipe in his pocket. The youth was stopped when he was seen staggering on the sidewalk on Mack avenue. The Youth Service Division has taken over the case.

The oldest reason in the world for buying a new one.

Meet Jim Freim, age 25. And his automobile, age 23. Now there's nothing unusual about a nice human being being 25. But you have to admit it's a bit unusual when a car, even a Volkswagen, is still running around at the ripe old age of 23. But, you see, in this age of "New, Now, Wow" automobiles, we spend very little time making our little car look better. (Obviously.) But we do spend a great deal of time making it work better. Each and every one of the 5,115 parts in the VW has been improved and improved again since Jim Freim's automobile made its maiden highway journey back in 1949. We, of course, mentioned this to him and suggested that maybe after 23 years, it was time he traded his old one in for a new one. "Don't call me, I'll call you," he said.

Center Pointe Finds New Home

Center Pointe, Family Life Education Council's center which offers youth programs for teenagers between the ages of 14 and 18 in each of the five Pointes and Harper Woods areas, has found a new location. Formerly located at 17000 Kercheval, in-the-Village, Center Pointe is now operating from the annex of Grosse Pointe Unitarian Church, 17150 Maumee avenue, between St. Clair and Neff roads.

Center Pointe offers peer-to-peer counseling, crisis intervention information and referral services for troubled youth, and free school programs. Included in these programs are activities in art, drama and macrame. Jam sessions are also scheduled. About 50 percent of the programs are directed at drug involved youth.

A new summer feature is "Friday Night at the Flicks," which begins on July 23. There will be two showings each Friday. Admission is one

dollar to cover expenses.

Coordinating the activities this summer are staff members Ted Schmidt, Sister Sean Martin and Skip Kirehner.

Summer hours are from 12 noon until midnight seven days a week.

Training sessions on handling crisis phone calls and drop-ins are slated to begin Monday, July 19, at 7:30 p.m. and will continue three times a week for two weeks. High school students, college students and adults who wish to volunteer for these sessions may do so by calling 881-7744 and leaving their name and phone number.

Youths Charged With Beer Theft

A young man was apprehended for stealing a case of beer after he was stopped, questioned and identified Tuesday, July 6, by Woods police. An accomplice had been nabbed 20 minutes earlier by a store owner and a Shores resident. Officers Leroy Tobian and Donald Sabel were patrolling in the alley near the Woods Lounge, 20513 Mack just after midnight Tuesday, when they were hailed by Anthony Alfonsi, owner of the Woods Lounge, and a Shores resident. The two were holding a third, Douglas Gilbert, 18, of 20862 Lancaster, Harper Woods, who they said had been stealing a case of beer. Police were told that another suspect, wearing an orange shirt with white stripes, was last seen running north on Mack Gilbert was immediately taken to the station, and a broadcast was sent out. About 20 minutes later, Officers Donald Schmalz and Patrick Fagan spotted Gary Fyda, 20441 Lochmoor, Harper Woods, walking south on Mack from Vernier. After he was stopped and asked to identify himself, he was allowed to continue.

Returning to the station, the officers asked the witness for a more complete description of the fugitive. Since Fyda matched the description, police returned and asked him to accompany them to the station. He was identified and charged at the station. Both Fyda and Gilbert were required to place a \$50 bond each. Give people the facts and then leave it up to them to make their own decisions.

MR. INDOOR COMFORT
H
Is For Humidity
Lowered with Carrier Central Air Conditioning by
ROBERT A. "Doc" WILLIAMS

Continued hot and humid that's what the weather forecast has said for the past several days; and chances are this forecast will be repeated often during the coming summer months. Humid... that's the key word in the forecast. It's the humidity that makes us uncomfortable during warm weather. Muggy days are often unbearable if you don't live in an air-conditioned home. Which gives us a good excuse to talk about Carrier central air conditioning.

Central air conditioning can't be compared to the small amount of cool air you may now be getting from a window unit air conditioner. With Carrier central air conditioning all rooms in the house are comfortably cooled and dehumidified; not just one or two rooms. And the price of Carrier central air conditioning is now within the reach of many family budgets. While prices for many other products have gone up in the past few years, the price of central air conditioning has been lowered.

Dehumidification is an important feature of central air conditioning. Most people believe air conditioning is just cool air. Actually, a good central system will remove much of the excessive moisture in indoor air and lower the humidity level to the point where you can be comfortable again. The system also filters the air inside your home to remove dirt, dust, and pollen. For the allergy sufferer, this means the possibility of relief when he's in an air-conditioned home.

The benefits to your family are many. Everyone will not only sleep better, but eat better and feel better with Carrier central conditioning. You'll awake refreshed, ready to start another day. Mom will enjoy cooking in a kitchen that isn't like a Turkish bath. You'll be able to entertain more without worrying about the comfort of your guests.

Carrier products are known for their performance and dependability. There must be a reason why there is more Carrier air conditioning sold than any other make. We have installed Carrier equipment in hundreds of homes, stores, and other businesses in the Grosse Pointe area and have heard some real praise for the comfort this equipment brings.

By buying Carrier equipment from us at Williams Refrigeration and Heating, you'll be assured of the custom-fitting necessary to give your home real comfort this summer. Why not call TU 6-4848 for a free survey of your home at no obligation.

For a FREE SURVEY of your home, or information about Carrier central air conditioning, call "Doc" Williams at Williams Refrigeration & Heating at TU 6-4848 — 14711 Harper Ave.

If you're under 30 and 'on-the-way'... why get up-tight about life insurance?

Who needs it? It seems so plastic and static. You say, "By making it today, I'll assure my own tomorrows." O.K. That's beautiful. But have you talked to any of the with-it money-makers lately? They're really creative—and they know how to use life insurance creatively. It's simply this: life insurance can be made to be a now-idea, a way of underwriting your life-style. That's what being creative with life insurance is all about. Because we can't spell it out more in this little ad, how about talking to us and pinning us down to more specifics?

Police Capture Juveniles With Reported Stolen Car

Three teenage juveniles were arrested by Farms police on Friday, July 9, following a speed chase through city streets. The youths, who were in a car reported stolen in Ecorse, abandoned the vehicle after striking a parked auto, and running through a fence, to be apprehended a short time later.

The arresting officers, Patrolmen Philip Miglio and Thomas Kelly said they received a radio run to the rear of 18950 Mack avenue, to investigate three young colored boys in an automobile parked in the lot.

The policemen, in their report, said that on seeing the approaching scout car, the driver of the vehicle backed out of a parking space, and drove to the alley at normal speed, ignoring the police car flasher and siren, when it was sounded.

The driver of the get-away car turned south onto Kerby, and in the process, struck a parked auto, occupied by Carl A. Oldani of 479 Kerby. After hitting this car, the young driver lost control, went over the left curb and back on the road and began picking up speed, going over 40 miles an hour, weaving in and out of southbound Kerby traffic. The policemen were close behind the trio.

The young driver tried to make a left turn onto east bound Ridge road, went over the curb and through a picket fence at 232 Kerby, and on trying to get back on the road, knocked down another section of the fence, after which the car was driven a short distance on Ridge and the three youths abandoned it.

Report Stolen Cars in Woods

Two cars were stolen Wednesday, July 7, from behind the Woods theatre, 19269 Mack, totalling three that have been stolen from that parking lot within the last several weeks. Police have recovered one of the stolen vehicles.

Both cars had been stolen between 1:20 p.m. and 3:40 p.m. and both were locked with no keys in the ignition.

Woods police first received a report of a car theft when Joseph Gaglio, 18420 Lister, East Detroit, called Patrolman John Treppa while the officer was on routine patrol and told him of the missing car.

Treppa made a patrol of the parking lot, area and put

out a general broadcast to watch for the car. The car is described as a black-over-blue 1966 Chevrolet two-door. The license number is MSX 533.

Right after the first report, Woods police also received a report of another stolen car from the same area, owned

NEW TIRE STOLEN

William Wernet, 1961 Country Club, reported to Woods police Tuesday, June 15, that someone had stolen a new tire from his station wagon while the car was parked and locked overnight in his driveway. The vent window had been pried open.

by Joseph Musil, 11276 Wade, Detroit.

A search in the immediate area proved fruitless. But by 7:30 p.m. the same day, Hamtramck police notified Woods police that they had the stolen vehicle in their possession.

The locks in the car had been punched out, the tires changed, and the spare taken. A Woods detective accompanied Musil to pick up the car after the auto had been searched and dusted for fingerprints.

D'you Know That?
by Paul Schweitzer
Did you ever hear of the mysterious lights called, "WILL O' THE WISP?"
There's never been a satisfactory explanation for the eerie lights seen flickering over marshes and cemeteries at night.
Some experts say they're produced from the disintegration of dead plants . . .
Some believe they may be insects glowing in the dark, like fireflies . . .
others claim they're spontaneous ignition of marsh gases . . . But no one knows for sure. Like no anything else uncertain, they're the subject of many superstitions.

Swim-A-Thon At Country Club

Approximately 100 children, their coaches and parents will swim for fun and a worthwhile cause on July 20, 21 and 22 as the Country Club of Detroit Swim Team conducts its first

Swim-A-Thon to raise money to purchase a new record board, and to support the swimmers' own International Swimming Hall of Fame in Fort Lauderdale, Fla., and the Foreign Travel Fund which sends champion swimmers aboard for needed Olympic training experience.

These Swimming Hall of Fame Swim-A-Thons, being organized throughout the country, consist of hundreds of children and adults swimming as far as they can with local neighbors, relatives, businessmen and other civic-minded citizens putting up anywhere from a penny to fifty dollars per 25 meter pool length that the participant can swim.

If a little 8-year-old comes knocking on your door, remember he is going to do the work and you merely get your money's worth — per length. After the swim the swimmer will be back to collect.

By National Swim-A-Thon rules, the swimmer is limited to 200 lengths or two hours in the water, whichever comes first. Seventy-five per cent of the money goes to the purchase of a new record board for the C.C. of D. Swim Team, 20 per cent goes to support the International Swimming Hall of Fame, and five per cent to the International Travel Fund.

The International Swimming Hall of Fame is the first amateur hall of fame supported entirely through public subscription and the first "international" hall of fame since swimming is the No. 1 U.S. international and Olympic sport. The Hall of Fame is a shrine that honors great swimmers of the past and promotes better swimming and water safety in the present and future.

Swim-A-Thon is a national crusade stimulating swimming for health and safety, swimming being the greatest exercise there is, according to medical doctors. To coin a phrase, you can't support a better sport to save your life!

Babe Ruth League

The Indians, winners in the American League, defeated the National League champion Braves in a tight, best-of-three series for the Babe Ruth crown.

The Braves bested the Indians in the first game of the World Series, 5-3. Kevin McKernan pitched a strong game for the Braves, and helped his own cause with a long triple in the first inning and a single in the sixth.

Bruce Wheeler went the distance for the Indians. The Indian hitters were led by Steve Zerweck who had a triple and a double.

In the second game of the series which was played at Kerby Field the Indians broke the 14 game winning streak of the Braves, with a 3-0 victory. Doug Donald pitched for

the Indians and gave up only two hits over the distance. Dick Redmond took the loss for the Braves, though he pitched well in yielding only four hits to the Indians.

The final game of the series saw the Indians take home a 5-4 victory in a well played game. Dave Case held the Braves scoreless for the first five innings before needing relief help from Bruce Wheeler in the sixth.

The Indians opened the scoring in the second when Dick Borland drove in a run with the first of his two hits. The score remained 1-0 until the fifth inning when the Indians rallied for four big runs.

Jim Neville's double drove in two runs, and a double by Steve Zerweck and Doug Donald's single added two more

runs. In the sixth the Braves scored four times with the big blow being a three-run homer by their starting pitcher Dave Pima. However the Braves rally was snuffed out and the Indians went on to win 5-4. Don Briggs, the manager of the Braves, and Chuck Campbell, the Indians' manager, should be commended for the fine performance of their players.

THE BLANKET OF CONFORMITY

(Second in a series.)

"Passion for conformity seems to be a second trait which affects the suburban child's feelings toward "different" people. Our studies show clearly that he takes a dim view of anyone—adults, children, even himself—who deviates from the norm, and that he places a premium on being exactly what adults want him to be.

We observed, and teachers agreed, that the children thought it more important to get along with the system than to stand up for whatever they personally felt. They also judged other children by whether they conformed; anyone who did not was an outcast. "They tend to dislike another child when he can't get along with the group," one teacher explained. Sociability was the goal."

from the short-changed children of suburbia.

Record Turnout In Sailing Race

A windy start marked the sailing race Tuesday, July 6 at the Grosse Pointe Sail Club. A good 10 mile-per-hour northwest breeze, increasing to about 15 mph, made the start at the Park rather exciting.

Large and small boats aimed for the leave port marker at the Grosse Pointe Club. The Folkboaters were happy with the hard breeze.

Seventy-four boats finished the race and were registered. However a record 104 boats were counted at both markers. The Race Committee at the dock was Comm. Bill Connolly, Bob Curtis, Dick Warner, Judy Ertman, Comm. Jay Deeds and Comm. Norm Rodgers. The results were as follows:

Start One: AL-DILA, Frank Piku; WALLGON, Joe Tapert; and SCORPIO, Dennis Murray.

Start Two: TREBLE, CLEF H, Thomas Leto; MYSTRY, Edward Lyons; and NEUCHATEL, G. John Stevens.

Start Three: TANQUERAY, Ralph Bower; CALIBAN, John Burkard; and WINDBORN, John Bourne.

Start Four: SUNNY, Bob Handley; NARIC III, Tom Matyniak; and (no name), James Farley.

Dangerous and Illegal

They used to just wander the highways of the U.S. Hitchhiking vagabonds, a certain percentage of which were deviates or potential criminals, could be seen day and night with their thumbs out. Those driving the thoroughfares were always warned about the dangers of picking them up.

Hitchhiking has become popular now and most of those asking for a ride are simply asking for a ride. But the deviates are still there and always have been.

Now a new danger has arisen. Deranged persons are not just hitchhikers, they're also driving the cars. The problem never really came to light until the late sixties when co-eds on or near campuses began to hitch rides.

At first only the politically liberal women were daring enough to break the social barrier of "thumbing" a ride. But after a while the practice became acceptable and respectable enough for even the more conservative types. Now it has spread from the older student co-eds, hippie and straight alike, to the high schools, even here in Grosse Pointe.

Before school was out this past spring, a girl from North High, though not hitchhiking, accepted a ride from a driver she thought was one of the teachers at the high school.

Apprehensiveness set in when the driver made a wrong turn. Her suspicions and fears were eventually confirmed. She had a reason to be terrified. She was being held against her will and the well-dressed driver was looking for some place where "there is no one around."

Because of the girl's clear thinking and observant behavior she finally made good her escape and gave Woods detectives enough information for them to catch the culprit.

But still the problem of hitchhiking high school girls has not stopped. Woods police have informed the NEWS that girls can be seen hitchhiking rides on both sides of Vernier after being let out of their summer classes. One patrolman, a resident living along Vernier, said that students can be seen almost every day asking for rides.

Most of the girls hitchhike in pairs and apparently they consider that safe enough. It isn't. Not only that, it is also illegal. Section 17 of Ordinance 2927.13 specifically prohibits hitching a ride and signs have been posted along both Mack and Vernier in the Woods to that effect.

Hitchhikers of both sexes are ticketed by Woods police when they are seen with their thumbs out, but the real problem can only be solved, and the danger ended, through parental direction and the maturity of the student. G.H.B.

Letters to the Editor

Dear Sir:
 I would like to show my appreciation to some anonymous Pointer. Every week in "Letters to the Editor" I read about corruption in the Grosse Pointe area. I feel there are many times that credit is due but not given. On top of that the negative comments outweigh the positive.

Last Friday, I was riding my bike home from the waterfront Park and lost my park pass. I went back over my route but couldn't find it. Then on Monday, I received in the mail a letter with my pass enclosed. Please print this letter to show that there are still, and always will be, some good thoughtful people in Grosse Pointe.

Thank You,
 Merry Ireland, Age 14

Dear Editor:
 Michigan's 21 Members of Congress will soon be considering the applications of young men seeking a nomination to the Class of 1976 at the U. S. Naval Academy, Annapolis, Maryland.

Each of these U. S. Congressmen is allowed by law to have 5 midshipmen at Annapolis at any one time. If they have less than 5 then they may nominate up to 10 young men to compete for each of their vacancies. Working with our U. S. Congressmen are Michigan's 20 U. S. Naval Academy Information Officers who are dedicated to seeking out from our high schools highly qualified young men who are not only seeking a sophisticated and advanced college education, but training in leadership which is dedicated to the inculcation of those characteristics of man-

liness, duty, and honor which have always been associated with service to our nation on the highest level.

About forty-five young men from Michigan will be admitted to Annapolis on June 30, 1971, in the Class of 1975. Many of these men were nominated by a member of Congress, were not appointed to fill his vacancy, but were admitted to the Academy by the Secretary of Navy on a competitive basis along with several hundred other qualified alternates from across the nation to bring the entering class up to the desired strength of 1250 midshipmen.

The Naval Academy Information Officers in Michigan have set a goal of 65 young men from Michigan in the Class of 1976. To achieve this goal we will have to seek out for each congressman who has vacancies many highly qualified young men so that he can select 10 outstanding candidates to compete for each vacancy and not only get his principal appointee in but also many of his qualified alternates admitted by a Secretary of Navy appointment.

We want the young men in the area served by your newspaper to know about this opportunity and also who their U. S. Naval Academy Information Officer is. Will you please publish the attached news release in your newspaper? Your thoughtfulness in assisting us seek out the leadership for tomorrow's U. S. NAVY is appreciated.

Sincerely
 Cdr. Raymond N. Valassis

What Goes On at Your Library

By Virginia Leonard

Last week I wrote a column about Mrs. Daniel and Mrs. McCoy—two professional librarians whom we lost through retirement and resignation on July 1. I feel it should be pointed out that these two losses represent positions which will not be filled due to recent staff cutbacks in our libraries. In addition to these, we are losing one other professional librarian and two clerks (one part-time). Going back still another year, you will find that we lost one librarian, a part-time clerk at our Central Library, as well as a part-time one at our Park Branch.

To mention names, our first loss was Kenneth Nielsen, whom it was necessary to release a year ago. At that time, he was Chief of the Central Library; now Mr. Peters holds this job, in addition to being Assistant Director and Head of the Audio-Visual Department. At the same time we lost the services of Mrs. Marian Peicher at the Woods Branch and Mrs. Anne Beever at the Central Library.

This year, in addition to the librarians mentioned in my first paragraph, it was necessary to release Miss Beatrice Adams. Miss Adams was our Children's Librarian at the Central Library, and now Miss Helms will have to fill in for her plus her own job as Chief of Children Services. The Processing Department lost Miss Lorraine Korle and Mrs. Esther Chase, both clerical assistants.

As you might guess, these cutbacks (1/3 of our professional staff and 10% of our clerical) have meant an entire cross-the-board jeyving of re-assignments. People have been shifted from one building to another and from one department to another, with a final result of each agency being cut, both professionally and clerically. All of this means retraining, which slows work down at a time when we desperately need the best trained and most efficient personnel to cover all areas of library work.

I am sure I speak for the entire staff when I state how much we regret all of these cutbacks. Mr. Orr has always been proud of his slogan: "Service is our business." With this proportionate loss of people, there are bound to be cuts in our service and our programs in all departments.

Both of our Branches have been closed down on Saturday during the past year. Now the Central Library regrettably has had to close down one day a week. For the summer this day is Saturday; after Labor Day present plans mean a continuing 5 day week. If you stop to think of it, this means we cut one sixth of our service. At the Central Library it will result in a retrenchment of 11 hours weekly; at the Branches, 16 hours weekly. As you can see, no matter how hard we try nor how hard we work, our public library service will be hurt.

And there have been other cuts, in addition to our loss of staff. I suppose the one closest to my heart is the reduction of the book and non-book monies. Books, pamphlets, periodicals, AV materials—all of these are so vital to the good functioning of any public library. There will be fewer of these available during the coming year. Prices are steadily going up. From my own personal experience as Chief of the Processing Department, not long ago an average book cost around \$4.95. Now, \$7.95-\$8.95 seems almost the norm. With a smaller book budget, you can see how heavy our losses will be.

We hate to sound gloomy, but I guess that's about the way we feel—and frustrated too. We want to give the proper service that we are trained to give, but we won't be able to do it with the cuts we have suffered the past two years. We hope, of course, that sooner rather than later these cuts can be restored and that the situation will improve, but in the meantime—this is the picture of the Grosse Pointe Public Libraries.

Ironically, starting the new fiscal year with a tentative budget cut of 20%, business in the three libraries is booming, reflecting the current economic slump which helped cause the severe cut in funds available for our schools and public libraries.

Louisa St. Clair DAR Aids Detroit Library

Two much-needed motorized microfilm readers were presented recently to the Detroit Public Library's Burton Historical Collection by Mrs. Maxwell Hunt, regent, Mrs. Floyd Dargel, past regent, and Mrs. Frederick Hindley, historian of the Louisa St. Clair Chapter, Daughters of the American Revolution. Director Clara S. Jones accepted the gifts on behalf of the Detroit Public Library. Mrs. Jones explained that microfilm readers are used in the library to magnify miniature print on Microfilm to a readable size. Alice Dalligan, first assistant of the Burton Historical Collection, added that since a great deal of the genealogical material in the Burton Historical Collection exists on microfilm, motorized microfilm readers make possible more rapid and efficient research of these records than hand-operated models. The Burton Historical Collection, established in 1914, consists of materials on the history of Michigan, Detroit, the Great Lakes region and the Old Northwest.

The carnations in their Colonial bouquets were tinted to compliment their gowns.

Gerald Geisler was best man for his brother and Frank Vitale, William Simonson and George Wyatt, III, seated the guests.

The bride's mother selected a pink silk-and-wool worsted dress and coat ensemble, the bridegroom's mother a dress of mint green shantung embroidered with crystals and gold beads. Both chose double, cymbidium orchid corsages. The newlyweds, vacationing

in Canada, visiting Montreal, Ottawa and Toronto, will return at the end of the week to make their home in Grosse Pointe Park.

Coming from the Upper Peninsula for the wedding were Mrs. Adeline Gendron,

Mrs. Lloyd Peterson and Mrs. Joseph Shubat. Other out-of-town guests included the Max Wardlows, of Ludington, the Stephen Gerschbachers, of Carrollton, Mich., and Mr. and Mrs. John Merle, of Mount Prospect, Ill.

A Change From The Heart

Women have been known to change their minds, even when it comes to charity benefits. In the case of Grosse Pointe's P.I.M.E. Mission Guild committee ladies, the change of mind comes directly from the heart.

At a luncheon meeting last week in the Harbor Hill home of Guild President Mrs. Anthony J. Shemansky it was decided that proceeds from this year's Guild fashion show-card party, originally earmarked to aid orphaned and destitute children in P.I.M.E.'s far-flung missions, will be sent instead in answer to an urgent appeal from P.I.M.E. missionaries on-the-scene to East Pakistan.

Much has been written about strife within that country in the past weeks, events following upon the horrendous devastation caused by tidal waves and cyclones only a few months ago.

These natural disasters took the lives of hundreds of thousands and left many more homeless and without shelter. Then came war . . .

The need for food, clothing, medical supplies and even the most rudimentary housing is now at panic level, and the Guild ladies have determined that the funds they raised MUST be utilized where the need is greatest.

P.I.M.E. Guild's 1971 benefit party, held at the Grosse Pointe Yacht Club in May, was chaired by Mrs. J. Gordon Kroenert, of Bishop road. Co-chairmen were Mrs. Frank Germack, J., and Mrs. William Taylor.

Committee chairmen included Mrs. Clayton P. Alandt, Mrs. R. F. Littley, Mrs. Mark Valente, Mrs. Roland Rinke, Mrs. Oskar Keller, Mrs. Philip Skillman, Mrs. Claude Greiner, Mrs. Michael G. Marrs, Mrs. Frank Hilton, Mrs. Robert Thibodeau, Mrs. Leonard Baun, Mrs. Charles Dawood and Mrs. T. W. Berendsohn.

Christ Child Patio Party
Mrs. Shad Kozlowski, of North Oxford road, is

chairman of Christ Child Society's Patio Party, to be presented Saturday, July 24, at the Grosse Pointe Hunt Club.

The evening begins with cocktails at 6:30 o'clock, followed by dinner at 8. Two hundred guests are expected. Casual dress will be the order-of-the-night poolside while the Don J. Orchestra provides dancing music.

Looking Ahead

It's midsummer, but work on the 1971 Planned Parenthood Christmas Mart goes on, all through the summer, with Planned Parenthood League ladies lining up shops and patrons for the October 19 through 21 event.

Patron letters, citing a 23 percent increase in the number of patients seeking help from Planned Parenthood in the first four months of 1971, went out in June. Replies are coming in now and will continue through August 15, final date for patrons' names to be included in the '71 Mart brochure.

field, Mass., and Vassar College in the Ferdinand Roten Gallery in 1968. She was director of the gallery in San Francisco.

She's had special training in make-up techniques and will help beauty consultants in Detroit-area Cunningham Drug Stores. Worry less about the future and more about the present and our progress can be doubled.

Handicapped Kids To Cruise

Sailing down the Detroit River on Tuesday, July 20, for the Handicapped Children's Ninth Annual Boat Cruise will be some 300 youngsters from Wayne, Oakland and Macomb Counties.

Invitations have gone out to the Tri-County area from the Metropolitan Society for Crippled Children and Adults for the event which is sponsored each year by members of the Automotive Boosters Club, B-19, an organization of Automotive representatives.

Close to 50 privately-owned cruisers have been lined up again this year for the event, originally planned for boys and girls from the Metro Society's annual Day Camp. It now has grown proportionately to care for many more children in the Tri-County area.

The youngsters will be transported by chartered buses to Kean's Boat Harbor at the foot of the Meadowbrook on the river. There they'll be kept busy and entertained by a host of Moslem Shrine Clowns and the music of Fred Daye and his German Band during the boarding of the cruisers, which will begin about 9 in the morning.

By 10 o'clock the 10-mile river caravan is expected to be on its way.

Paper bag lunches go along with each passenger, and the boat owners always see that there are enough life preservers to assure safety for everyone.

To further insure safety on the cruise, two boats are especially equipped to handle cases of patients requiring medication during the trip. Doctors and nurses go along to cope with emergencies and on all of the boats passengers are supervised by staff members and adult volunteers from the Metropolitan Society Therapy Center.

The United States Coast Guard and the Detroit Police Harbor Patrol will be in front and behind the flotilla and senior Red Cross life guards will be spaced among the boats to care for any emergency.

Then it's off down the river to the Ambassador Bridge. At the Civic Center the Detroit Fire Boat will salute the Cruisers with a water display.

Then it's back up the river on the Canadian side, around Belle Isle to Peche Island and the return to Kean's.

J. L. Chouinard Takes A Bride

An outdoor garden reception in the courtyard of historic La Poudriere in Isle Sainte Helene, Montreal, followed the Saturday, June 26, ceremony in Sacred Heart Marriage Chapel of Montreal's Notre Dame Church at which James Lawrence Chouinard, son of the James A. Chouinards, of Notre Dame avenue, claimed Marie-Josephe Ransingue as his bride.

She is the daughter of the late M. and Mme. Gerard Ransingue, of Paris, France, and was given in marriage by a family friend, Patrick Moulin, of Paris.

Her floor length wedding gown was fashioned of hand-embroidered linen. She wore a matching French peasant style bonnet and carried a bouquet of mixed garden flowers.

Honor maid Margaret Cud-dihy chose a midi frock of yellow embroidered linen. Robert Chouinard was his

brother's best man.

Mrs. Chouinard, the bridegroom's mother, selected a street length ensemble of powder blue peau and a corsage of pink flowers.

The newlyweds are vacationing in France, visiting members of the bride's family. They will return to reside in Montreal.

At the reception following the 11 o'clock rites the traditional French wedding cake, croque-en-bouche, was served. The night before the ceremony members of the bridal party and out-of-town guests gathered at Auberge Le Vieux Saint Gabriel in Old Montreal for dinner.

Among the out-of-town guests were the bridegroom's brothers, David, Tom, Don, Dick and his wife Gail, and his sister, Kathleen Chouinard.

Others were the Lawrence Dohertys, of Bloomfield Hills; the Richard Dohertys, of Detroit; the Vincent Chouinards, of Livonia; Anne Mom and Mrs. Jerome Kreiner, of St. Clair Shores; and Pointer Gary Baun.

St. Philomena Rites For Paula Luberto

Reception and Champagne Dinner at Roostertail Follows Evening Ceremony at Which She Is Wed to Roger Lee Bjornstad

At home in East Lansing are Mr. and Mrs. Roger Lee Bjornstad, who vacationed for a week in Jamaica following their wedding Friday evening, June 25, in St. Philomena Church. Father Tom Fuzio officiated at the 6:30 o'clock mass.

Mrs. Bjornstad is the former Paula Ann Luberto, daughter of Mr. and Mrs. Domenic Luberto, of Lincoln road. The bridegroom is the son of the Gordon Bjornstads, of St. Louis Park, Minn.

Jewelled Alencon lace accented the bride's organza gown, styled with a sheer yoke and Victorian collar, and a beaded Juliet cap caught her illusion veil.

She carried an arrangement of phalaenopsis, stephanotis, baby's-breath and yellow roses.

A reception and champagne dinner at the Roostertail followed the evening ceremony.

Carrying nosegays of yellow

daisies, baby's-breath, baby aqua carnations and yellow roses were Betty Luberto, who served as her sister's honor maid, and bridesmaids Dorothy Weigl, of Chicago, the bride's college roommate, Mrs. Dennis Kanasty and Grace Ciaramilaro.

Embroidery trimmed the stand-up collars and Empire bodices of their aqua chiffon frocks.

John Bjornstad came from Milwaukee, Wis., to act as best man for his brother. In the usher corps were John DiTiberio, the bridegroom's roommate, and Steve Clannahan, of Lansing, and Mike Mannina, the bride's cousin.

Mrs. Luberto chose a floor length dress of pale mint peau de soie, featuring a jewelled neckline, for her daughter's wedding. The bridegroom's mother's gown of off-white silk crepe featured a purple bodice. Both selected white orchid corsages.

SUSIE HOLLINS AND CLARA REED, (SEATED, LEFT TO RIGHT), HAROLD FISHER, HOWARD POE AND VINCENT PETERSON, (STANDING, LEFT TO RIGHT), RETIRING THIS YEAR FROM GROSSE POINTE SCHOOL SYSTEM.

By Janet Mueller

They'll all be missed. Which is, as we seem to recall having said before, as it should be . . . Two weeks ago, we focused this column on a quartet of Grosse Pointe South High School retirees and a retiring professional assistant at the Grosse Pointe Central Public Library; this week we'll profile a mixed bag quintet who'll be missed next year at schools all over the System, from Monteith Elementary to Grosse Pointe North High.

Consider Howard Poe. He's retiring as a counselor at Pierce Middle School, and his wife, Helen, is leaving the System too, resigning, (she's not old enough to retire), from North High.

But there'll still be strong Poe ties within the Pointe Schools.

Howard's daughter, Joan, is married to Don Yerkes, a teacher at South High. Their daughter Susan was graduated from North this June. Second daughter Nancy will be a 11th grader at North in the fall.

Joan Poe Yerkes has been a teacher in her time too, but her brother Howard made a break with family tradition, spurned education as a career and became a systems analyst. He lives in Iowa now with his wife and three children, Steven, going into the ninth grade, Laura, into the seventh, and David, into the third.

In System Since 1939
Howard Poe, Sr., came to the Pointe System in 1930 to teach Physical Education. He holds a Bachelor of Science degree from the University of Michigan, a Master of Arts from Columbia University and has attended Wayne State and Central Michigan Universities.

His smorgasbord of hobbies-through-the-years includes hunting, fishing, bridge, gardening, silver work, travel . . . "Most everything."
He's been to Hawaii and Mexico, and to Europe "a couple of times," the last conducting a group of young ladies from the New World through the Old. The young ladies had a grand time. So did Howard.

Specific retirement plans? "Nebulous at this point. We'll make plans as we go along. We'll be staying in The Pointe, maybe spend our winters in Mexico . . ."

And maybe, if the spirit moves him, Howard will sell a house or two. He's been doing that, exercising the prerogative of his active Real Estate license, for the past 20 years.

She Has A Plan
Susie Hollins also is retiring as a counselor at Pierce Middle School, but unlike Howard Poe she has a specific retirement plan.

Miss Hollins is going home, to the South, to settle "somewhere between North Carolina and Louisiana." Born in Nashville, Tenn., she came north to pursue graduate studies at the University of Michigan, acting upon the suggestion of her sister, whose husband was already a U. of M. student.

Tutoring Head Start . . . now offers two great and most important subjects. Math Work Shop (grades 2 to 10) is designed to start students at present level in the fundamental processes of addition, subtraction, multiplication, division through the modern concepts of junior high math. Learning is pure joy with a relaxed approach. Limited . . . TU 5-6215.

Reading Dynamics . . . children of all ages are enjoying reading with a special approach in the basic skills of phonetics, spelling, vocabulary strengtheners, visual tracking, word tracking exercises through the junior high level (grades 2 to 10). Limited . . . TU 5-6215.

We Met . . . George Morrison at Ed Maliszewski while shopping for carpeting. He has joined the company, bringing a world of experience in the carpeting business. By the way, we were delighted with the fabulous color selection, styles and wide price range at 21435 Mack Avenue.

band, on leave from Ford Motor Company, pursues graduate studies in Industrial Design at Syracuse.

Mr. Peterson's a sports fan from way back, a follower of basketball and football, one-time varsity tennis coach at South High. Although he hasn't sung with a chorus for years, he's always been meaning to get back in tune. Maybe now, with time available . . .
"I like choral music. I was in the University of Michigan Glee Club for two years. After that I did some radio work for WJR."

A Trip in Future
But the Grosse Pointe Community Chorus will have to wait a while for Vincent Peterson. There's a trip in his and Helen's future.

"We're seriously planning a freighter cruise to the Orient, with my wife's sister and her husband, in October."

Then it will be home again to The Pointe.

"Our roots are very deep in this community. I've lived here for 40 years. Helen's parents lived here. Of course we'll do some traveling - we're very fond of Vermont and Maine; we've been out there the last two summers-but we definitely plan to stay in Grosse Pointe."

Clara C. Reed, like Susie Hollins, is going home. There's a new apartment waiting for her in Hastings, Neb.

Miss Reed was born in Elwood, Neb., went to high school there, and went, directly from high school, into teaching, in a rural one-room schoolhouse.

"I knew then that I wanted to work with primary grades. That's why, instead of studying for a Masters, I always did my advanced work in Primary Education."

Stuck with Children
The Masters would have meant money in her pocket. Staying with the littlest children meant being true to her blood and bones.

Miss Reed, retiring as teacher of Level Two (second grade), Extended Block, Monteith School, came to the Pointe System in 1948, from Boise, Idaho. Before Boise, she'd taught in Holdrege, Neb., and Hastings, and earned her Bachelors degree at Nebraska State.

She's done advanced work at Syracuse University, Northwestern, the University of Nebraska and Colorado State. She began her career in education as a teenager, and she's opting for early retirement-after 40 years in the

Senator Proxmire (Wis.) has been featured in Evelyn Wood's reading ads as saying he reads a book in 40 minutes-judging from some of Proxmire's action I didn't think he could read at all!

To me it is disgusting and demeaning for a U.S. Senator to lend his name to a national ad - No wonder the general public has nothing but contempt for Congress . . .

with her hands, to knit, sew, oil paint, decoupage, do crewel embroidery. Travel? She's done plenty of that, but "not abroad, and I don't plan to."

The United States is big enough for Clara; after she and the friend who's been living with her for two years, a retiree from the Hastings Schools, have set up their apartment in Nebraska, they'll be off to Colorado, where they own property together.

"We'll stay 'til the rivers freeze."
They may meander a bit in the Southwest next winter. Clara has a good friend in Arizona. They definitely plan to do the Smokies again. "We did that a year ago. I have a good friend down there . . ."

Miss Reed has good friends everywhere.
Harold R. Fisher is staying put, right where he is, in Harper Woods. He has no plans for a second career. And what does Mrs. Fisher think about that? (It's nice to have a man around the house . . . but all the time? . . .)

Oliver Fisher's a very active volunteer worker. "I tell her," Harold smiles, "it won't be any problem: I'll let her go, and I'll stay home!"

They Like To Travel
Chances are the Fishers will be going together now and then. They always have. "We like to travel. To drive. We've been over most of the United States, just inside the Mexican border and into Canada several times."

As of now, they have no definite travel commitments,

but "in the fall, we'd like to see the New England States. We'd also like to go through the northwest sometime, in the fall."

Autumn's always been The Time That School Begins. Now it's the Fishers' new season.

Mr. Fisher, retiring as Industrial Arts teacher at Brownell Middle School, came to the Pointe System in 1942. He had taught previously in Carlisle and Mount Vernon, Iowa, and in Pontiac. Born in Foster, Iowa, and graduated from Simpson College, he also attended Iowa and Wayne State Universities and the University of Michigan.

Good Around House
He's been a VERY nice man to have around the house. Repair work, painting-up, fixing-up, is his favorite hobby.

He's been happy in the Grosse Pointe System. "It's been my pleasure to work here. It's been my pleasure to be associated with such nice people."

Mr. Fisher's "nice people" include parents and students as well as fellow educators. In a most 30 Grosse Pointe years, he's worked with thousands of them. He's seen the community, and the School System, grow phenomenally. He's seen attitudes of children and parents and taxpayers change.

Harold R. Fisher's Grosse Pointe School years have been good, but he's "satisfied" to be leaving.

He'll be missed. They all will.
