Seven Hopefuls Seek Park Council Seats

(Continued from Page 1) He is married and has three grown children; Dean R., who lives in Dearborn and is assist-

ant vice-president of National Bank of Detroit; Joan Wolfe, who lives in Grand Rapids, and Sarah Dawson, who lives in Dearborn.

Cites Experience When queried as to why he was running for re-election Mr. Luadders said, "I think eight years on the council and 40 years business experience give me a background with which I can make a real contribution to municipal policy."

O. J. (Jack) Williams, Jr., 42, lives in Audubon road with his wife, Eileen and three children, Mark, 10; Stephen, nine, and Christine, six. The children attend St. Clare of Montefalco School. He has been a Park resident for three years and prior to that lived in the City of Grosse Pointe for two years.

He received his accounting degree from the University of Georgia and is currently manager of the group division of Aetna Life and Casualty.

Offers Law Ideas When queried as to why he was running for council, he said, "I want to bring new ideas and a fresh approach to our community problems. I am deeply concerned with making The Park a better place to live."

Charles S. Tompkins, of Windmill Pointe drive, has been a Park property owner since 1947. He is married and has five children, Margo, Charles, Joseph, John and James. He is 65 years old.

Mr. Tompkins was graduated from South Dakota State University and is presently owner and operator of Tompkins Printing Equipment Company and Tompkins Products. "I believe every qualified person should serve his school, church, club, trade and business associations and his community. I have done this all of my life. I am running for office because of my deep interest in civic affairs, because I have the time to devote, and because I was urged to run. I think the mayor and present council have done an excellent job and I feel qualified to be one of the team."

Marco (Mark) Valente, Jr., 44, has lived in The Park for 18 years. He attended the University of Detroit. He is president of Valente's Men Formal Wear, Inc. He is married and has four sons; Mark III, 15; Dean, 12; Richard, 11 and James B., four. He is married to the former Maria Ballerini.

Business Experience He said he is running for council because he would like to bring his business experience into community government. "I am naturally interested in The Park since I have been a long time resident and am raising my family here. I feel that government today needs to be more responsive to the voters and that elected officers must account to the people who elect them. Tax dollars should be spent wisely to give the taxpayer full value for his money."

Two women are strongly competing for places on the November ballot. They are Virginia Jackson Kurtz, of Lakeview court, and Patricia Borgman Farkas, of East Jefferson.

Mrs. Kurtz is 48 years old and the mother of two sons, James, Jr., 22 and John J., 19. She and her husband have lived in The Park for 22 years and have built two homes there. Mrs. Kurtz was graduated from Southeastern High School in 1941. Following school she married her husband who was serving as an ensign in the Navy Air Corps. Mrs. Kurtz has served on the Political Education Committee for the Steel Service Center Institute, of which her husband was director.

Active In Politics Her political activities include treasurership of The Park Republican Club and membership in R.C. 14. She is presently a member of Harper Hospital Auxiliary and served as its secretary for a year. She is an active volunteer.

Mrs. Kurtz told the NEWS she is running for Council because she is a woman interested in the community in which she has lived for 22 years and now has the time to devote to the community.

Patricia B. Farkas is 50 years old and was graduated from the University of Wisconsin where she was active in campus politics. She is the mother of four boys and a girl, Jeffrey, 24, a Vietnam war veteran, who is earning his masters degree at The University of Michigan; Peter, 20, a senior at Eastern Mich-

igan University; Craig 18, recently graduated from Grosse Pointe South High School and Stephanie, 14, who is entering her freshman year at South. She and her family have lived in The Park since '49.

Mrs. Farkas told the NEWS that she has worked in the 14th Congressional District and for the Constitutional Convention. "I have always thought that women, who in early years devoted their lives to their families and usually one charity, should in later years take an active part in local government. By that time they have seen the give and take of family life, have a good deal of horse sense, (much more so than men in many cases), and should use these assets for the betterment of their community."

All Urged To Vote All registered voters are urged to go to the polls on August 3 and cast their ballots. Polls will be open from 7 a.m. until 8 p.m. Polling places include Precinct I and II, Trombly School, Beaconsfield and Essex; Precinct III, Municipal Building, Jefferson and Maryland; Precinct IV, Grosse Pointe Park Library, Pierce School, Kercheval and Nottingham; Precinct V and VI, Defer School, Kercheval and Nottingham; and Precinct VII, Grosse Pointe Park Library, Pierce School, Kercheval and Nottingham.

Last Concert (Continued from Page 1) Guard Auxiliary will supervise anchorage and control boat traffic that might otherwise disturb the concert.

Picnics Welcomed Picnics on the lawn are also welcome for those who wish to spread a blanket at this twilight (7 o'clock), concert. The War Memorial will have a soft drink stand to quench thirsts.

Most important of all, the concert brings this 14th annual festival full cycle from the first concert's Bach program to this evening's boats with a symphonic program built around Handel's often recorded but rarely performed Water Music. Opening the music will be Verdi's Overture to La Forza del Destino followed by Mendelssohn's Incidental Music to Midsummer Night's Dream and the Divertissement by Ibert. Following the Water Music, the program will conclude with Tchaikovsky's Capriccio Italien.

Exciting Conductor Notwithstanding the dazzling setting and novel floating audience, the big attraction for many symphony fans will be the evening's young conductor. In the one season that he has been in Detroit, symphony enthusiasts have learned to watch for his conducting appearances. Newly returned from Belgium where he has conducted the Jeunesses Musicales for the past month, Mr. Hetu already enjoys an international reputation, particularly for his studies with Charles Munch and the Boston Symphony at Tanglewood, and his work under Zubin Mehta with the Montreal Symphony where he conducted the gala opening concert at Expo 67, and shared with Mehta musical directorship of recording the Montreal Symphony for RCA. At present he is also Music Director and Conductor of the Kalamazoo Symphony Orchestra.

The starting time of this concert has been set for 7 o'clock so that it can run without interruption through the twilight hour with optimum comfort and visibility. For tickets and information on boat passes, please contact the War Memorial Center, 32 Lake Shore road, phone TU 1-7511, or ticket chairman Mrs. Frederick L. Lounsbury, TU 5-7851.

Pointe Teens Give Views On Early Adulthood Law

By Susan Hackman

Pointe teens strongly favor the new bill to make 18, 19 and 20-year-olds adults, a survey taken last week shows. But most of them think these young people must be prepared to accept responsibility.

The 26th amendment to the United States Constitution gives people in that age group the right to vote. A Michigan bill, if signed into law by the governor, will give them, among other things, the right to buy liquor and drink in bars, buy property on time, sue and be sued and marry without parental consent.

Teen-agers were questioned at parks in the Pointe area to discover their views on the matter.

Jack Lizza, 17, of Lothrop road, and Dan Jensen, 16, of Kerby road, were heading for the tennis courts at the Farms park but were stopped to give their opinions.

Jack said, "I guess it's all right if the kids are informed and know the workings of the government, but if they're not aware of candidates and issues, it's ridiculous."

He added, "But some people in their twenties don't know anything about politics, either."

Dan said he agreed with Jack.

"I think it's good they're getting a chance to voice their opinions," he said. "But they should be informed."

He said he thinks "some people let their friends' opinions do their voting for them."

Beverly Hatcher, 15, of Lennon road, was sitting on the grass listening to a radio.

"It's about time," she said when asked what she thought of 18-year-olds becoming adults.

Asked if she thought there would be trouble if the new drinking age is made official,

Will Homes Not Air Conditioned Be Out Of Date In Few Years?

by ROBERT A. "Doc" WILLIAMS

Remember in the 20's and 30's when quite a few theaters had signs outside during the summer proclaiming "20 degrees cooler inside." That was for most of us, our first taste of air conditioning. Since then a taste has become a big bite.

About 10 percent of the homes built in 1959 were completely air conditioned at the time of construction. The figure is even higher in 1964; and the trend toward air conditioning of the family home has become so strong that the FHA, in a directive to its field offices, stated "Within a few years, any house that is not air conditioned will probably be obsolete so FHA should start encouraging the inclusion of air conditioning."

We at Williams Refrigeration and Heating have found that quite a few Grosse Pointes want central air conditioning for their homes, but have held back for some reason or the other. Many have had a taste of air conditioning through one or several window units, but realize that just a few rooms isn't really air conditioning... it's more like room conditioning.

With Carrier central air conditioning, however, you get whole house air conditioning... cool, dehumidified air for every room in the house. And, it's now priced lower than ever.

While other home products have gone up in price, Car-

rier central air conditioning has come down.

By buying a Carrier system from Williams you're assured of getting the right size equipment, and equipment that is custom-fitted to your home. We offer you a free survey of your home which carefully calculates just what size equipment you will need and what size distribution system is necessary. This is obtained by analyzing the type of construction of your home, the amount of insulation, shading devices such as roof overhangs and similar factors. We obtain or make a floor plan. From this we calculate the amount of equipment needed on a room-by-room basis in order to plan the duct size and design necessary to supply each room with its proper quantity of conditioned air.

Sound complicated? It is; and that's why we've considered experts in air conditioning existing homes. You're assured of complete cooling comfort when you buy a quality system from Williams.

Why not call TU 6-4848 for that free survey of your home today? There's absolutely no obligation.

For a FREE SURVEY of your home, or information about Carrier central air conditioning, call "Doc" Williams at Williams Refrigeration & Heating at TU 6-4848 — 14711 Harper Ave.

Millage

be presented to the electorate at the September 13 Special Election. This brings the operating millage to 30.60. Add 2.0 mills for existing debt and .80 estimated for bonds levied for the renovation of South High School and approved by the voters in December of last year. This brings the total millage for all school purposes to 33.40.

Their First Vote

For the first time in the history of the school district, 18-year-olds who are registered voters may ballot in this special school election.

Registration of the 18-year-olds will take place in the municipal offices of each community.

William J. Adams, president of the Board of Education, said that each person voting on the proposition must be:

1. A citizen of the United States of America 18 years of age or over; and 2. A resident of the State of Michigan for at least six months and of the City or Township in which he or she resides on or before the fifth Friday prior to the date of the election; and 3. A registered elector in the City or Township in which he or she resides.

Deadline for voter registration for the September election is Friday, August 13.

Absentee ballots for the special school election may be obtained from the Grosse Pointe Public School System, 389 St. Clair avenue.

Minnows Yield To Beer Bottles

By Nannette Singer

You can't even try to catch a few minnows anymore without feeling the effects of pollution, as Don Brower and Scott Wicklund, both of Washington road, found out last week.

Scott, 13, and Don, 14, were dragging for minnows at the boat launch on Lakeland road near the City park when Don stepped on a broken beer bottle. Police rushed him to Bon Secours Hospital where he was treated for cuts on the bottom of his foot.

The boys have sometimes found wagon loads of bottles and other debris at the boat launch, according to Scott.

"People toss out beer or coke bottles into the lake from their boats all the time," he said. "Five years ago you could catch 40 to 100 minnows in a few minutes with a small net at the boat launch, but now even with a big net you can't catch more than 12 minnows in an hour because the lake is so polluted."

YOUNG THIEVES

The store detective at J. C. Fenney's, 19251 Mack, called Woods police recently to report that he was holding two 14-year-old boys who were caught trying to steal a black watch band. They were stopped outside of the store.

Tennis Enthusiasts Fight

(Continued from Page 1)
was considered an economically unsound move due to the expense of restoring that area to its original state after the renovation is completed.

Richard Fields was also mentioned as a practical sight by members of the tennis faction. However, this area according to Mr. Zenn was reviewed by officials of the City of Grosse Pointe Farms and rejected because of its distance from the school and the subsequent vehicular and pedestrian traffic problems which would develop.

A shuttle bus service to parking at The Farms Pier was forwarded, but Mr. Zenn explained that since this parking was mainly for staff, (to whom the system is contractually bound to provide parking), and for students considered hardship cases, this idea would be impractical from both a scheduling and financial point of view.

Tennis interests expressed the fear that they would permanently lose these tennis facilities. However administrators and board members said that they hoped financing to renovate the tennis courts or relocating them on a more strategic spot on the site would be available upon completion of construction.

The four tennis courts will provide 48 parking spaces. The area adjacent to the courts, which is some 200 feet of green belt, provides 17 more spaces, 33 more spaces will be picked up near the tennis courts and track and only marginally on the regularly used physical education area. This totals some 98 parking spaces.

The most recent Farms ordinance requires the school to provide 400 on site parking spaces. Even with this additional space from the tennis courts the school system is only providing some 220 on site parking spots, some 180 spaces short of the minimum requirement and some 88 spaces less than the system has currently.

Much of the tennis faction's discussion Monday night was

directed at the loss of physical education facilities. However, no clear picture was presented as to just how much the loss of the courts would curtail the physical education program or tennis programs at South High School. Consequently, the NEWS contacted South High Principal Jerry Gerich and Mr. Zenn. Mr. Gerich explained that in 1970-71, the ninth grade boys had a four week unit in the basic elements of tennis, mostly accomplished indoors. The 10th grade boys had a four week unit which required courts. The girls' program in the ninth grade was the same as the boys and in the 10th grade it was an elective taken by some 70 to 75 girls, about 25 percent of those eligible.

In 1971-72, the ninth grade tennis program will remain the same, but some modifications will be necessary in the 10th grade offerings. Final determination of the program will not be made until enrollments and class sizes are stabilized.

The physical education program has already been modified through staff cuts as a result of the March 15 millage defeat. In 1970-71 class size in physical education had averaged 35; in 1971-72 it will be 45 to 48. The physical education staff has been reduced from 8.4 people in 1970-71 to 6.2 in 1971-72.

Mr. Gerich explained that the program has been moving to more mass type activity rather than emphasizing individual activity. If funds are available to pay the staff for extra class activities, the intramural program will not be affected and in this phase of the program the emphasis on individual or "lifetime" activities will be continued.

The varsity tennis program which involves some 25 boys will also be continued, using Elworthy Field facilities according to Board of Education president William Adams.

Mr. Gerich said that it was the considered opinion of staff and administration that although they all were most unhappy with eliminating the tennis courts it was by far the best site, one which affect a minimal number of South High students and programs.

Park Residents Have Complaint

A number of Park residents presented a nuisance petition to the City of Grosse Pointe Park Council meeting, held Monday, July 28, complaining of harassment by patrons of the Crazy Horse Saloon, 15016 Mack. They told of broken beer bottles, smashed store and residence windows, broken antennas, and motorcycles driven on the sidewalks at 3 o'clock in the morning. Pictures showing damages were presented to the Council.

The attorney representing the owners of the saloon claimed that it was unfair to place all the blame for the damages on the Crazy Horse Saloon as there are several other bars in the area and no one presented proof that the damage was actually done by patrons of his client's bar.

Councilman Bowerman made a motion for the Park police to investigate the situation, within two weeks, present it to Council and send a copy of the facts to the State Liquor Commission.

A registration drive for 18 through 21 year old voters was approved to be held two weeks prior to the registration deadline for each election. The first campaign is being planned by Nunzio J. Ortisi for two weeks between August 1 and August 13, at a location within the city limits, probably at the Windmill Pointe Park. There would be no cost as those who are deputized would work on a voluntary basis.

Park City Manager Robert Stone proposed that the Council award the contract to cut down 20 trees and miscellaneous trimming to James Tree Service at their low bid of \$2900, using their own dump. The trees located throughout the city, infected with Dutch elm disease average 35 inches in diameter. The proposal was passed.

The application of Edward D. Trowbridge, of Bishop road, for Board of Canvassers was accepted by the Council. Mr. Trowbridge will fill the position vacated by Charles Tompkins, of Windmill Pointe drive, who is running for Park City Council.

A 7.5 per cent wage adjustment was approved for police sergeants effective July 1.

The salary, \$13,500 is equal to those in the Farms and City.

CHIPPING AT OLD MYTHS

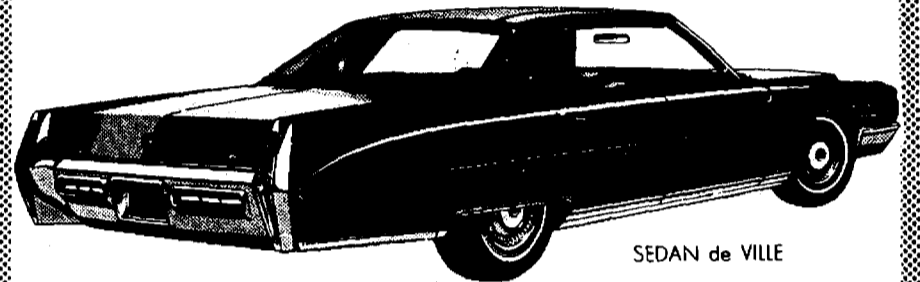

A report released earlier this week shows strength and stability, not weakness and instability, characterize most-black families.

- The study also points out:
- Most black men are not "peripheral" to their families, but in fact are the main providers.
 - Where children are born out of wedlock, 90% of black babies are kept by their parents while only 7% of white babies are kept.

Black inferiority is the result of white misinformation.

the committee would be of great assistance to the City Council in developing sound physical and financial plans for the improvement of Elworthy Field facilities. Committee Chairman Hurley said he planned to ask the committee to start work immediately. He indicated that the committee would carefully consider the thoughts and ideas of persons throughout the Grosse Pointes who have expressed interest in the development and improvement of Elworthy Field.

Trustees of the Helen Newberry Joy Fund provided a cash gift to the Grosse Pointe Public School System in early 1966 for the express purpose of purchasing that portion of the Neighborhood Club property now known as Elworthy Field for recreational use by all residents of the school district. Some two years later the area was named for W. George Elworthy, who for many years served as director of the Neighborhood Club.

WOODS REPRESENTATIVE
At a recent meeting of the council of Grosse Pointe Woods the council voted unanimously to appoint Mayor Protem Marvin Boutin as the Woods representative at the annual meeting of the Michigan Municipal League on Mackinac Island in September. Councilman Benjamin Pinkos was appointed as the alternate for the two-day organizational meeting. Both Boutin and Pinkos excused themselves from the voting.

TOMATOES TIPPED
Stanley Trapps of Detroit reported to Woods police Thursday, August 22 that culprits leaving behind empty beer cans uprooted 10 tomato plants and pulled the supporting stakes from the ground.

Student Skills Tested by State

Dr. Theos I. Anderson, Superintendent of The Grosse Pointe Public School System, made public on Tuesday, July 20, local results received from the Michigan Department of Education on the second state-wide assessment of basic skills.

"For the second time in the two-year-old assessment program, Grosse Pointe public school youngsters in grades 4 and 7 scored at the 95th percentile or beyond in the basic skills measured by the state-devised tests," Dr. Anderson said. Areas tested include vocabulary, reading, mechanics or written English, mathematics.

Dr. Anderson explained that percentile distribution is a ranking of scores which is divided into 100 equal parts, with each part having an equal number—one percent—of the total number of scores.

Percentile distributions are useful in showing where a particular score lies in relation to other scores. For example, a school district score at the fiftieth percentile on a distribution of assessment scores would be at the median—or middle—of the distribution. In a typical distribution, 50 percent of the scores are above—and 50 percent are below—the median. Grosse Pointe's ranking in the 95th percentile puts the system in the highest category possible.

Superintendent Anderson said that he expected Grosse Pointe students would do well on the tests and added that the results of the first two years of the state-wide assessment program should allay the fears of those residents who fear a decline in the quality of local public education.

In addition to information on the basic skills measures, the report contains information about the district and its schools' human and financial resources, student background, school dropout rate, and school and district size.

Dr. Anderson said that although the school system's staff favors the principle of educational accountability, the local Department of Instruction has reservations about the State Department of Education's testing program. Dr. Joseph Spagnoli, Assistant Superintendent-Instruction, commended Roger McCaig, Curriculum Associate, and Dr. Leonard Jensen, Curriculum Assistant-Research, for their suggestions to improve the state assessment program which were transmitted to Lansing.

Dr. Anderson indicated that members of the staff of the Department of Instruction are available to explain the ramifications of the assessment program to interested Grosse Pointers.

The Michigan Educational Assessment Program was initiated by the State Board of Education, supported by the Governor, and funded by the Legislature initially through enactment of Public Act 307, of 1968, and subsequently under Public Act 38 of 1970. The ultimate goal of the program is to provide educators and citizens with information regarding the status and progress of certain aspects of Michigan's public educational system.

Hold Up Man

This is artist Donald Staes' conception of the hold up man who entered The Woods Delicatessen, 2101d Mack, on Sunday, July 18, and made off with approximately \$325.

The lone bandit held Mrs. Thomas Tong at gunpoint as he ordered her to empty the cash register and place the money into a bank cash bag. The holdup man is described as a white male between 23 and 26 years of age, 5 feet 10 inches tall, about 165 pounds, with brown, wavy, collar-length hair, neatly trimmed sideburns and a small mustache.

He was seen fleeing the scene in a medium blue car believed to be a Dodge or Chevrolet. He was wearing dark pants and a dark ski jacket. Anyone having any information on this man should call Detective Ted Hinz, at 886-2700.

Don't be content to pave the way with good intentions.

Kivnians See Insurance Film

George Measel, Automobile Club of Michigan Grosse Pointe office manager, presented a special slide film entitled "Why Auto Insurance Keeps Going Up" during the 6 p.m. Tuesday, July 27, meeting of the Grosse Pointe Kiwanis Club, at the War Memorial Center.

The Auto Club slidefilm explains the economic and social factors behind rising insurance rates and what can be done by Michigan residents to help halt their future rise.

Unclad Driver Startles Girls

Woods police received a complaint of indecent exposure from three girls Thursday, July 22. The girls, walking on Prestwick about 4:30 p.m. were called over to a car by a man asking directions. As the girls approached the car, they observed the man had no clothes on his person. The girls walked away from the car and the man drove away.

The girls described him as a white, approximately 35 years old, black hair, blue eyes and long sideburns.

Blaze Damages Home in Woods

A fire was contained in the second floor bedroom of the Otto J. Hetzel residence, 1360 North Oxford, Monday, July 26. Woods fire department received an anonymous call at 1:16 p.m. reporting smoke in the house.

The residents were at the park when firemen arrived and found smoke in the second floor area and flames in one of the bedrooms, apparently caused by a candle left burning on a wall shelf over the bed. Major damage was confined to the bedroom with smoke damage through the house.

Some people travel so fast in the pursuit of happiness they take all the joy out of life.

Johnny, come home. The heat's off.

You can sleep soundly, John. We've just installed an Airtemp Imperial air conditioning system in our home. Our house is now quiet and a real cool place to live. It's a crime we waited so long.

Ever wonder why it's called the "economic climate"?

If you've made any investments at all recently, you don't have to wonder. You know. To say that the last few years have been stormy is probably being too kind. Up. Down. Bad times. Good times that turn out to be the lull before the storm again. If your money's been buffeted all over the place by the climate of the last few years, maybe you're ready to find a little shelter for it.

TUCK YOUR MONEY UNDER ONE OF OUR PASSBOOKS.

We're in the business of savings. That's almost all we do. And we want your savings. Now what would you do if you were in the savings business and recognized the times as being stormy? You'd make your savings plans very attractive, right? That's just what we've done.

WE'RE A SAFE HARBOR DURING STORMY TIMES.

We're the largest savings and loan association in Michigan. We're not about to be shaken by an ill wind or two. Our certificate interest rates are guaranteed. (And just how often do you hear that word these days?) Our interest is paid and compounded quarterly. And your savings are insured up to \$20,000 by the Federal Savings and Loan Insurance Corporation.

WE'VE DONE A LOT FOR OTHER PEOPLE WHO'VE THOUGHT FIRST.

We're proud of it. And we think the fact that other people have flocked to us in droves isn't the worst reason for you to think about us, too.

We must be doing something right. Because we have 227,000 savers who have decided to weather the times with us. These savers want the highest possible interest rate. And they want to earn it in a safe place. How about you?

LOOK AT OUR NUMBERS AND SEE WHY YOU SHOULD THINK FIRST.

Think about the interest you're getting. Think about the interest you'd like. Then think First.

In the following section, you'll see the various interest rates we offer. And the terms required to get those rates. Look them over. Then either decide

which one is best for you. Or come in to one of our branch offices and talk it over with us. We'll be glad to help you decide.

If you don't need the help, clip the coupon, enclose the necessary amount of money and we'll send you a passbook. Put a little something away for these rainy days.

6%	CERTIFICATE ACCOUNT \$5,000 Minimum	Annual rate for 3-, 4- or 5-year certificate savings. Interest paid and compounded quarterly.
5½%	CERTIFICATE ACCOUNT \$1,000 Minimum	Annual rate for one-year certificate savings. Interest paid and compounded quarterly.

City Considers Changing Laws

The City of Grosse Pointe Council on Monday, July 19, requested City Attorney, Richard Hinks, to draft two documents for Council consideration at the next regular meeting on Monday, August 16.

The first, an amendment to the City Charter which would provide for one judge for the City's Municipal Court and set the age limit for that position at 70. Presently the City Charter provides for two municipal judges, but one position has been vacant since the resignation of Malcolm J. Sutherland in May. The other judgeship is held by Douglas L. Paterson.

The Council also passed a resolution opposing the bill currently in the House of Representatives which would abolish all municipal courts in the state as of January 1, 1973 and forwarded the resolution to the governor, concerned committees of the Senate and House of Representatives and the senators and representatives of the district.

The resolution states that the City's Municipal Court is ideally suited to the needs of the community and the adoption of such legislation is a further infringement on the principles of "Home Rule."

It further states that the experience of a number of communities in the state with the direct court system has shown that such a system is costly in additional manpower, secretarial power and in the use of facilities.

Mr. Hinks was also asked to draft an amendment to the City's sign ordinance which will limit the amount of advertising on signs and displays in store windows to 10 percent of the window area.

One of the highlights of Saturday was the boat races in which inboard, outboard, sailboat and sailfish owners competed. Garnering first place spots were Louis Sendelbach in the inboard class, John DeVos, Paul Simon and Jim Allor in the outboard class, Tom Nally, sailboat class and Jack Richards, sunfish class.

Gerry Weskel captured first place in the decorated bicycle competition with a Raggedy Ann theme. Second place went to Dianne Fabrow and Maura Sendelbach as a Hansel and Gretel combination.

The Junior Miss Pageant was held Saturday evening. The judges selected Sue Nouse as Grosse Pointe Farms Junior Miss and Kathie Eldredge as runner-up. The Queen's Court consisted of Kim Barry, Ahoda Brewer, Debra Jene Ford, Sue Lardner and Michelle Rutan.

The Highland Pipe Band and the American Indians and Union Soldiers of the Moslem Temple escorted the Queen and her court in the parade which was held on Sunday. Honored guests in the parade and later festivities included Wayne County Sheriff William Lucas and Mrs. Lucas with several of their children and Under-sheriff and Mrs. Loren Pittman.

Woods-Shores Babe Ruth Squad Wins Championship

By Greg Boyd
The Grosse Pointe Woods-Shores senior Babe Ruth All-Stars became the state cham-

pions over the July 17 week-end, winning four straight games.

The 17-man squad of 16 to 18-year-olds, beat Grosse Pointe-Harper Woods (Park and Farms); Niles, Mich.; and Oakland County twice to pick up the state title and a bid for the sectional championship in Sedalia, O. With wins there, the club would go on to compete for the world championship in Pennsylvania.

With seven clubs allowed only two losses before being eliminated, the Woods-Shores team permitted only one run in four games, shutting out their opponents in three.

The first game, a 6-0 win against Oakland County, featured star pitcher Mike Fricke fanning 13 men and allowing only one hit in the fifth inning. Mike lost his no-hitter when a pop-up came down with the sun behind it.

Also having a great day that game were catcher Marty Schnurr, starting the series with a three-for-four average at the plate, and Denny Menzo, driving in three runs on a bases-loaded double.

Beating his neighbor Grosse Pointe-Harper Woods team in game number two by a 2-0 score, Woods-Shores' pitcher Dick Cochell performed magnificently, going the distance and allowing just three hits. Hitting again became Schnurr's specialty with two hits as the club defended perfectly.

The Woods-Shores pitching squad proved its depth in the third game against Niles, Mich., when Jim Bery nailed the win, 7-1. After peppering the strike zone to fan seven batters out of the first nine, Jim took a line drive on his foot in the third inning to hamper his style somewhat.

Ace relief pitcher Gary Bennett was sent in to cover for him in the fourth and held the lead until the seventh when Bery came back to polish off the win. The only run by Niles was a homer off Bery in the third inning.

Clinching the championship in the final game, Woods-Shores blanked Oakland County, 2-0. With Fricke again at the helm, the team, playing perfect ball, was under no real threat until the seventh inning when Fricke began to tire. With two men on and no outs, Bennett was again pulled from the shortstop posi-

tion to relief pitch. Gary struck out the first batter, walked the next to put the winning run on first, but showed his coolness by fanning two in a row to save the win for Fricke.

Winning the right to go to Missouri, the All-Stars now have a problem of finding the \$2,500 to \$3,000 needed to travel and play there. The managers have been trying to come up with ideas to raise the money for the July 29 deadline but may still find themselves at a loss. Any Pointers wishing to make a worthwhile contribution may send donations to league president Dave Marstler, 1331 Hampton, Grosse Pointe Woods, 48236.

Four or five All-Stars were picked from each of the four teams in the Woods-Shores league for the series. Players from Georgian Inn, managed by Nick Menzo, were Dennis Menzo, second baseman; Jim Bery, pitcher and first baseman; Carl Munaco, alternate second baseman and outfielder; and Bob Montmorency, third baseman.

From Steiger-Killebrew, managed by Larry Bennett and Jack Burns, were Gary Bennett, short stop and relief pitcher; Scott Burns, center fielder; Marty Schnurr, catcher; and Bob Haas, alternate outfielder and pinch hitter.

Players from the Smith team, managed by Don Cochell, were Dick Cochell, pitcher and alternate infielder; Chris Truhan, left fielder; Mick Fricke, pitcher, first baseman and outfielder; Bob Lynch, first baseman, and Randy Villareo, catcher and out fielder.

The Clair-Vu team, managed by Dale Buss, were represented by Mike Day, right fielder and third baseman; Jeff David, third baseman and short stop; Brad Biesenthal, outfielder; Brad Simon, catcher and outfielder. First baseman Mike Bauer was unable to make the series.

"Everybody did the job from the men on the field to those on the bench," manager Nick Menzo said. "The whole series was really a team effort."

Reasoning based on incomplete facts causes faulty conclusions.

The sports car that's just as reliable as a Volkswagen.

And why not? It is a Volkswagen. The Volkswagen Karmann Ghia. With its Ghia designed body, it looks like something more exotic.

And with its independent four-wheel suspension, solex carburetion, and front wheel disc brakes, it handles like something more exotic.

But it's still a Volkswagen.

So if something does break, you don't have to start searching for a special sports car mechanic. Or face a six-month wait for a part to arrive from some far corner of the earth.

Even if you're tooling through some remote place like Ottumwa, Iowa and your fan belt goes, there's a Volkswagen dealer there who can fix it.

So when you buy a Karmann Ghia, you can forget all those bad things you've heard about exotic sports cars.

And remember all those good things you've heard about Volkswagens.

Pointe Police Become Softball Champions

The Grosse Pointe police departments recently won the championship in the Macomb-Oakland Softball League. The club picked up two giant trophies for coming out on top in the series against the 10 other league members.

4; Warren, 9 to 5; and Detroit, 12 to 10. In the championship game, E. Detroit scored four runs in the top of the first and Grosse Pointe came back with three in the bottom of the same inning. After fanning three East Detroit batters, the

Points club picked up three more in the second. Snatching the lead, East Detroit hit for three more runs to move out ahead, 7 to 6, in the top of the fifth inning only to have Grosse Pointe score four runs in the bottom of the fifth on a bases-loaded triple by the Park's Manager Mike Kortas was then knocked in on a double by John Kraiza. Kraiza advanced to third on a pop-up to right by Collin LaLonde, before Kraiza tried to make it home on a throw to third. He was thrown out at the plate.

Blood Collection Slated August 5

All Grosse Pointe's attention is called to the special summer visit of the American Red Cross Bloodmobile unit to Grosse Pointe War Memorial on Thursday, August 5, between 2 and 8 p.m.

Mrs. Alfred Goolsby is general chairman in charge of this special collection and members of the Grosse Pointe Women's Club will act as volunteers in scheduling, taking donors histories and aiding in recovery.

This special summer Blood Collection has the cooperation and support of the Grosse Pointe Blood Council representing most of the churches in the Grosse Pointe areas as well as other organizations such as the Junior League, Junior Red Cross, Postal Service, etc.

The War Memorial hopes all citizens 18-60 who are able will take the time, (about 1/2 hour), to donate. It will be helpful if prospective donors will make appointments by calling or stopping by the Center's office in advance.

Donors are asked to contribute to the Grosse Pointe Community Blood Bank maintained by the War Memorial for free loan to citizens in case of emergency; or donors may contribute to any other blood bank or for any individual they wish in these pleasant, convenient surroundings.

Children Learn By Performing

Children from The Pointe — and all areas in and around Detroit — are learning about history at the Detroit Historical Museum at Woodward and Kirby by doing things that people of the past actually did.

Charlie Huebner, 10, a fifth grader at Maire, attended the winter session of "Back Then" and plans to go to the summer session, called "Then Again."

His favorite activities in the program were making soap, butter and candles. He said he especially enjoyed making a miniature Model T car, using an assembly line method. The children also make ink, which they use with quill pens to write letters. They make piñer candles and work on printing presses.

"It made me feel like a pilgrim to do the pilgrim things," Charlie said. "It was really fun."

Gall M. Artner, Curator of Education at the Museum, said the emphasis is on learning by doing.

"Artifacts will be studied in a new way — by feeling, touching them — taking rubbings of engravings and making plaster casts of their forms."

The August series has two sessions. Children can go on Wednesdays, August 4, 11 and 18 or Thursdays, August 5, 12 and 19, and can choose either the morning (10:30 to noon) or afternoon (1:30 to 3:30) session.

They're going to study the communication systems that were used before radio and television were invented. Then they'll go back to the Victorian era and learn how to make a wreath, a twig-framed motto and a hanging pocket. They'll study the 1920's with projects such as tie-dyeing, peep-hole scenes and expanded lanterns.

Anyone interested in the program can call 321-1701.

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

Christmas in July was the theme of last week's work-luncheon at the Sunningdale drive home of Mrs. S. C. Shea, where members of the Children's Hospital of Michigan Women's Auxiliary met to address sample Christmas cards to be mailed to prospective customers.

Piece de resistance was a special July Christmas Tree, trimmed with fresh flowers from Auxiliary members mid-summer gardens.

Pointers Mrs. Lawrence French, Mrs. James E. Ziegenfuss and Mrs. Walter P. Keenan were among Auxilians gathered around the tree, writing . . . writing . . . writing . . .

As in the past, money raised from the ninth annual Auxiliary-sponsored Christmas Card Sale will go toward the purchase of high priority equipment for Children's Hospital and its little patients.

Anyone not on the Auxilians' July Christmas List may obtain a sample card by contacting Mrs. Shea at TUXedo 4-2552.

Even the most happily married couples fight a bit, now and again . . . there's nothing like a good fight to clear the air—and if you're going to fight, you might as well make it GOOD!

Best fight we've heard about recently involves a well-known Pointe couple, (sorry, we've promised not to use names on this one), who were going at it hammer and tongs when HE really got through to her, verbally, and SHE stalked off to the bathroom, slammed the door, locked it, and turned on the bath taps full blast.

Ann Marie Nolting, daughter of Dr. and Mrs. Wilfred S. Nolting, of West Emory court, and W. Daniel Steiner, son of the Wayne Steiners, of Bellaire, Mich., were married Saturday, July 24, in First English Evangelical Lutheran Church.

The 6 o'clock rites were followed by a reception at the Detroit Boat Club. The newlyweds, vacationing on St. Thomas in the Virgin Islands, will make their home in Bellaire.

Lawson Enjoys Summer Safari

Lawson Rockefeller Duenweg, son of the Louis Duenwegs, of Devonshire road, on his annual European summer safari, is back now in Athens. In London early in the season he did some work while at the Royal Naval College, then headed off for Ostende, traveling through Belgium, Germany, Austria and Yugoslavia by boat.

He always tries to get to Athens and the Greek Islands before the midsummer heat, and this year stayed on Corfu, an island off the west coast of Greece, for a week, as he had done last year.

Lawson writes that he still thinks there is nothing to compare with the beauty of Florence, Italy, and its magnificent works of art. He found England more American than British, with 6,000 American lawyers descending on London for the American Bar Association convention, but notes marking the Queen's Birthday were "very picturesque."

One good thing about London and Europe in general, he says, is that you can still walk the streets in safety, enjoying life. He finds living and working abroad for four months each summer preferable to "quickie" tours, which he considers superficial and quietly determined, when he was a young boy, that as soon as he was old enough he would gain first-hand knowledge of other cultures rather than live vicariously off the experiences of his parents.

His father, an Army Colonel,

and his mother lived in Europe, the Orient and Hawaii for years. Lawson grew up at home surrounded by six-foot tall Buddhist temples, kokomonos (Chinese wall hangings) and Parisian artifacts. Meissen chervubs stared him in the face across the dinner table every day, and there were representative examples of Spanish and Mexican art throughout the Duenweg house.

An alumnus of Cranbrook, graduated from Grosse Pointe High School in 1967, Lawson was cited by "Life" magazine as one of the National Merit Scholars most likely to succeed in Michigan. He was also among the Governor of Michigan's 2,000 Key Club members.

Dear Commissioner Steiner,

We, here at Melange, have heard that you are still looking for paintings and furnishings to complete your new home. May we extend an invitation to you and your friends to visit our month old shop on the corner of Kercheval and Alter (Gateway to the Grosse Pointes). The red carpet is awaiting you—literally!

We have many, many oils, pastels, watercolors, pencil drawings and engravings (reasonably priced, too!) to hang from your walls in dignified elegance. Some have their own frames, but we also have a custom framing service to fit your needs. We have lovely 18th century small furniture pieces, a few oriental rugs, silver, brass, books, and a couple of breath-taking Sitzendorf candelabra.

There are some Early American items and if you have any Wedgwood, ask to see the original James Tassal molds, which are perfectly preserved from the early 1800's. If you have a pattern matching one of the molds, wouldn't it be super elegant to frame the mold and hang it in your armoire right alongside your Wedgwood?

If your preference leans toward original art, we have that too, in the form of Raku pottery, brass and copper mobiles, wood carvings, Tobl's—and even a few original design ceramics.

Do come in soon. We'll be waiting to show you around. We're open Monday thru Saturday from 10 a.m.-6 p.m.

Teens Needed For MD Camp

A search for 100 male teenagers to act as "arms and legs" for crippled children during the annual Muscular Dystrophy Summer Camp is being undertaken by the Southeastern Michigan chapter, Muscular Dystrophy Association of America.

Richard J. Miller, Chapter president, has issued an appeal for young men, ages 16 and over, to serve as individual attendants to each child during a special session August 15 through 22 at the MD camp at Port Huron.

Teenagers, volunteer registered nurses and licensed practical nurses may call 273-3200.

The children, confined to wheelchairs and braces because of MD, traditionally learn to play baseball, swim, fish, boat and hike with the help of their attendants at the specially-designed camp. Nurses and doctors are on the camp grounds at all times.

Although there is no budget for camp salaries all expenses for campers, volunteers and medical personnel are underwritten by proceeds from the annual Hazel Park Derby Ball.

"It may seem a bit strange to be running bases for a child who bats from a wheelchair," Mr. Miller said, "but to see that the child's eyes when he gets his first home run is something else again."

The names by which we MEASURE TIME are, for the most part, of Latin origin. Curiously, the days of the week are the exception. They come to us from Teutonic words.

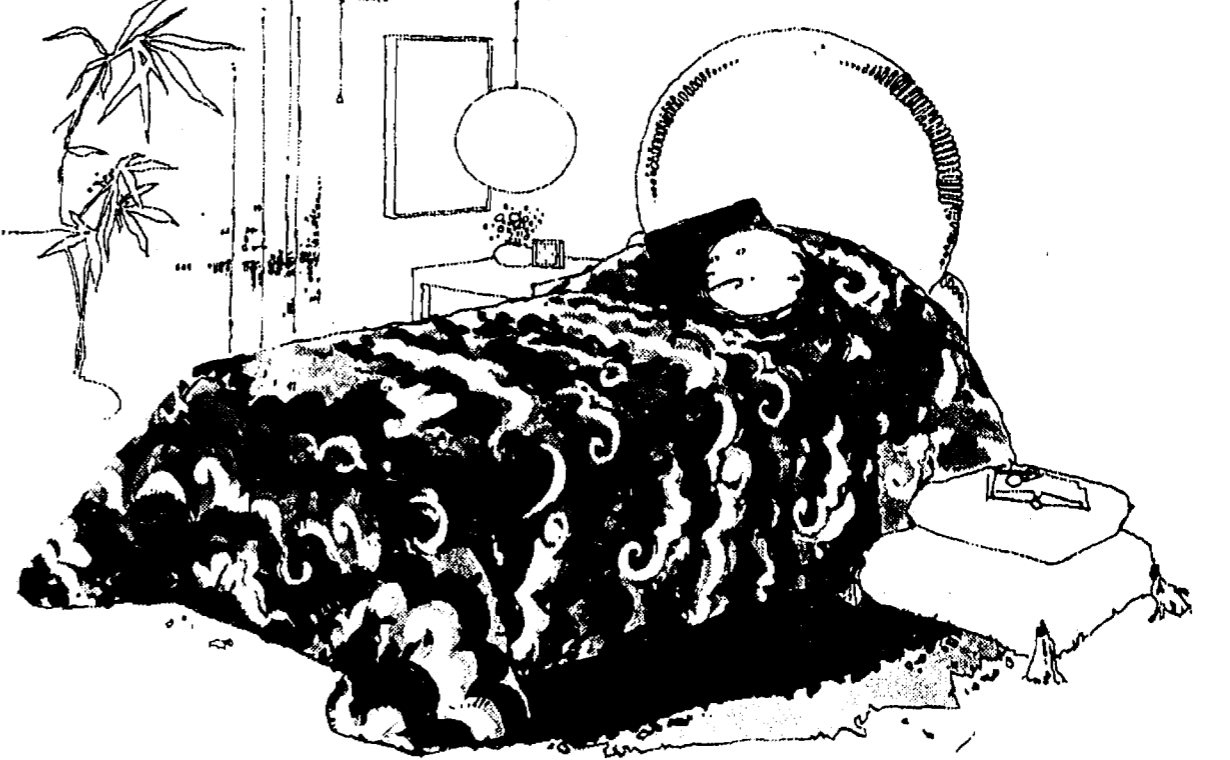

Saturday, Sunday, and Monday are linked with heavenly bodies . . .

Saturday with SATURN, Sunday with SUN, and Monday with MOON.

The other four days are named after Scandinavian gods . . . Tuesday after the War-god—TIW, Wednesday after the god of Storm—WODEN, Thursday and Friday after the god of Thunder—THOR and his wife—FRIGGA, herself the goddess of Love.

George Voltz Takes Miss Steil as Bride

She Selects Traditional Gown of Candlelight Ivory Silk Organza for Her Candlelight Wedding

George Stephen Voltz, son of Mr. and Mrs. Arthur Voltz, of Silver Lake, Wis., claimed Gladys Elda Steil, daughter of Mr. and Mrs. Eric William Steil, of Calvin road, as his bride Saturday, July 17, during a candlelight service in Peace Lutheran Church.

Following a reception at Vintage Hall, Fraser, and a wedding trip to the Wisconsin Dells the couple will reside in Silver Lake.

The bride selected a traditional gown of candlelight ivory silk organza and pearl-trimmed Alecon lace. A Dior bow accented the back of her Empire waist and her bouffant elbow length illusion veil fell from a halo of orange blossoms and green leaves.

She carried a Bible with a bouquet of white orchids and stephanotis.

Dorothy Louise Jerome was maid of honor. Bridesmaids were Mrs. Eric Steil, Jr., Leann and Vickie Voltz, sisters of the bridegroom, and Barbara Rein, the bride's cousin. Jeanne Young, another cousin of the bride, was flower girl.

Their frocks of pale apricot cotton print featured fitted bodices and Empire waists, trimmed with contrasting ribbons, and they carried baskets of tangerine carnations, roses and white daisies.

Best man was Ron Ule, of Alton, Pa. In the usher corps were Eric Steil, Jr., the bride's brother, Pfc. Tim Voltz and SP/4 David Voltz, brothers of the bridegroom, and Gordon Berberich. The bridegroom's youngest brother, Walter Voltz, was ring bearer. Mrs. Steil chose a short-sleeved full-length turquoise gown and a purse corsage of cymbidium orchids.

The bridegroom's mother selected a sleeveless full-length lavender nylon frock with ruffles at the neck. She also pinned cymbidium orchids to her purse.

Mrs. George S. Voltz

Wed. to Mr. Voltz, son of Mr. and Mrs. Arthur Voltz, of Silver Lake, Wis., Saturday, July 17, was GLADYS ELDA STEIL, daughter of Mr. and Mrs. Eric William Steil, of Calvin road, at a candlelight ceremony in Peace Lutheran Church.

Mrs. David J. Venn

Venn-Nolte Vows Exchanged July 24

Satin and Lace Wedding Gown Is Bride's Own Creation; She Also Designs Her Attendants' White Dotted Swiss Over Red Taffeta Frocks

Carol Lynn Nolte designed the Empire gown of white lace and white bridal satin in which she became the bride of David Joseph Venn. Her elbow length illusion veil fell from a band of miniature white daisies and she carried a bouquet of red and white carnations.

She is the daughter of Mr. and Mrs. Carl A. Nolte, of Clairview road. Mr. Venn is the son of Mrs. Frieda Venn, of Detroit, and the late Joseph W. Venn.

The early evening rites Saturday, July 24, in Ebenezer Baptist Church, with the Reverend Ronald Kernohan presiding, were followed by a reception and dinner at Georgian Inn.

The bride also designed the Empire frocks of white dotted swiss over red taffeta worn by her attendants, honor maid Diane Coptly and bridesmaids Jackie Rzespekt and Barbara Boyce.

Each carried a large red-tipped white mum accented with red and white streamers.

Best man was Harry Lewnosky, Jr. Ushers were Ron Podolak and Phil Johnson.

Mrs. Nolte's street length dress was of deep, hot pink. The bridegroom's mother selected a mint green costume and both moths accented their ensembles with double white carnation corsages.

The newlyweds return from Bermuda at the end of the week to make their home in Dearborn Heights.

Out-of-town guests included the Donald Beans, of Louisville, Ky., Mr. and Mrs. Elmer Coy and their son Kenneth, of Lebanon, Ind., and Mr. and Mrs. Robert Reynolds, of Sarnia, Ont.

The bride's twin brother, Lieutenant George Nolte, is serving in Vietnam and was unable to attend the ceremony.

Berkshire Choir Has Pointe Trio

Three local boys, David James Ludwig, age 13, son of Mr. and Mrs. William R. Ludwig, of Rivard boulevard,

11-year-old Thomas Scotten, son of Mr. and Mrs. Walter Scotten, of Moran road, and 12-year-old Jeffrey Riddell, son of Dr. and Mrs. W. A. Riddell, of Bishop road, are singing this summer with the Berkshire Boy Choir, now in its fifth season, a national all-star group chosen by competitive auditions from leading singing organizations throughout the country.

This year the full Choir numbers 59, drawn from 41 different cities and towns. There are 43 boy sopranos aged 10 through 13, and 16 young men. They represent 31 different singing organizations and many have sung with the Metropolitan and New York City Opera companies, major symphony orchestras and on European concert tours.

The Choir is under the direction of Allan Wicks, Organist and Master of Chorists at Canterbury Cathedral, England.

This year for the first time this remarkable group of youngsters is affiliated with Amherst College in Amherst, Mass., where the boys rehearse four hours every day when not on tour.

This new relationship derives from the long tradition of choral music at Amherst, its emphasis upon composition and its magnificent new music center with study, rehearsal and performance facilities of the highest quality.

In its four years of existence the Berkshire Boy Choir has gained national prominence and been greeted with warm reviews throughout the United States. The New York Times called it "a choir of champions," the Washington

Post "a performing unit of the first order."

The Choir has a dual function. Through the example of conspicuous excellence it brings a rare sound of the highest quality to the general public and stimulates boys from all levels of society toward the training and influence of choirs at the local level.

Sixteen concerts throughout the northeast are scheduled for this summer season. In addition to singing under the batons of Seiji Ozawa, with the Boston Symphony Orchestra, and Julius Rudel, with the Philadelphia Orchestra, the Choir has been asked to participate in the opening programs of the John F. Kennedy Center for the Performing Arts in Washington in September.

Historic Holiday For Girl Scouts

Julie A. Juenemann, of South Brys drive, will be among 64 Senior Girl Scouts and Girl Guides from 24 states and four countries attending the Two Rivers Historical Holiday at Camp Illinewok on the Saukenuk Scout Reservation, Lima, Ill., August 3 to 15.

The event, sponsored by Two Rivers Girl Scout Council, Quincy, Ill., and held every two years, is the fourth to be sponsored by the Council.

During the encampment the girls will share the history of their own hometowns as well as learn about and visit historical sites in the area where Abraham Lincoln and Mark Twain grew up.

While at camp they will prepare some of their own meals and participate in swimming, sailing and canoeing.

Overnight trips will be made to Nauvoo, Ill., where the Latter Day Saints (Mormons) are restoring the village once occupied by their founder, Joseph Smith, and his followers. The group will also travel to Springfield and New Salem, where Lincoln grew up, leaving to become president.

The girls will visit Quincy and Hannibal, Mo., home of Mark Twain.

Each girl has been asked to bring six slides of historical interest from her area of the country plus small handmade gifts to swap or exchange with other participants. The girls also have been asked to read books and brochures to familiarize themselves with the places they will visit.

Girls attending the encampment are chosen by a selection committee in their Home Councils. They will return home following the encampment to share their experience with their Home Councils.

A three-day home hospitality will be held for national guests July 29 to August 3, with visiting girls staying in homes throughout the Two Rivers Council. A 10-day home hospitality for international girls will be held after the encampment, August 15 to 25.

Each of the counties in Two Rivers Council is planning an event for the international guests during these 10 days.

The eight Girl Guides representing Malta, Barbados, Uruguay and Curacao, N. A. Their visit to the encampment is made possible through the Juliette Low Fund.

Mellingers Lend A Helping Hand

A 10-year-old Kentucky boy and his family, residents of the underprivileged Appalachian region, are active merchants today—and Dr. and Mrs. Raymond Mellinger, of Pemberton road, helped put them in business.

The Mellingers are helping young Bernard and his family through the child, family, community self-help sponsorship program of Save the Children Federation (SCF), the international child welfare agency headquartered in Norwalk, Conn.

The Federation's program in Appalachia works through interest-free loans which enable the proud mountaineer people to help themselves to a better life. Sponsorship aid not only has improved the family's economic picture but also has helped whole townships in community development programs.

Bernard's mother is a partner with a number of neighbors in a cooperative laundromat located in the Durrutt Avenue community of Hopkinsville. With sums from Mellingers and other SCF sponsors the Durrutt Avenue group built their own laundry facilities, thus solving a great need in their community.

The laundromat opened for business a year ago June and has proved a boon to the community as well as an economic

and personal gain for the families involved.

In addition, the awareness that others are deeply involved with their welfare provides the spur for Bernard's family and others associated with them to work earnestly for a richer future.

Bernard is one of nine children. He lives in a small wooden frame dwelling which lacks all luxuries expected in today's society.

Despite their hardships the family is described as anxious to improve their existence and offer more opportunity to Bernard and the other youngsters.

Founded in 1932, Save the Children Federation aids children, their families and communities in the Southern Appalachian Mountains, on American Indian reservations and in many countries overseas through a sponsorship program, annual collections of used clothing and a general self-help fund.

The Federation is registered with the United States State Department Advisory Committee on Voluntary Foreign Aid and is a member of the International Union for Child Welfare.

Any individual, school or group interested in helping a child is invited to contact Save the Children Federation, Norwalk, Conn. 06852.

DO YOU Like a touch of modern? Three bedrooms, two baths, plus a family room begin the story of one of our finest homes in Grosse Pointe Woods. The street is semi-dead end, there is a two car attached garage, and the house is air conditioned. Call for an appointment, you won't be sorry you did.

TIRED of maintenance headaches? Why not relax in the luxury of your own condominium. This one comes complete with a "Town and Country" kitchen, three bedrooms and two baths on the second floor, plus bedroom and bath on the third, and lovely powder room. Vacant, so possession is immediate. \$48,500.

GRACE AND CHARM and you can't call it anything else. This is real Grosse Pointe tradition, that fine home with ample land and located right on the lake. We offer six bedrooms, plus two extra rooms on the first floor, and an ultra modern kitchen. Priced at \$300,000.

IN THE CITY. Here's a special location — close to shopping, schools, and transportation. That's not half of it — the house is extra special. We begin with four bedrooms and a family room with paneling and beamed ceiling. The kitchen is all modern and wait until you get outside. There's a formal court yard and lovely terrace overlooking the informal area. Call for details.

LOCATED in the Park, this fine residence must be sold. If you have a medium to large family, than this is the house for you. There are five bedrooms and three and a half baths, plus recreation room and library. The lot is spacious and there is so much more, so give us a call for additional information.

HOW would you like a fantastic family room with card playing area that overlooks your own swimming pool? We have it and that isn't all. Please listen to this... the library is paneled and has a fireplace. There are six bedrooms and three and a half baths, bath house, and utility room on the first floor. Located in Grosse Pointe Farms.

GROSSE POINTE CITY. English condominium in prime location. Most unusual buy of the season. Four bedrooms, two baths and two car garage. Outside maintenance included. A wise purchaser will consider this property an excellent investment for under \$35,000. Also, good assumable mortgage.

CLOSE to Lake St. Clair. We think you will appreciate this fine custom built Colonial, featuring an elegant family room with fireplace and a paneled library with fireplace, plus five family bedrooms and maid's quarters. This home offers the ultimate in distinguished living.

WANT a deluxe ranch with many extra features? Located on a quiet street, this centrally air conditioned, three bedroom ranch may be just what you are looking for. Larger lot, privacy, sprinkler system, and beautiful recreation room are a few of the many features that make this home a standout above all others.

EXQUISITE is the word for this one. Custom built by Micou, we offer three family bedrooms, dressing rooms and maid's quarters. The house is designed such that the living room, dining room and library all have the spectacular view of the lake. The house and view are breathtaking.

AN OUTSTANDING contemporary, Tri-Level with three bedrooms, two baths, paneled family room and library. Thermopane windows and marble sills. Two car attached garage. The kitchen has eating area and built-ins, and there is a utility room on the first level. A very special home.

BEAUTIFUL view of the lake from the spacious living room, family room and two large bedrooms. This extensively modernized home is one of the few English homes in the Shores. It features a beautiful Mutschler kitchen with a first floor utility area, a total of six large bedrooms, two car attached, heated garage, and a large secluded patio with a barbecue and a view of Lake St. Clair.

WARM? If you lived in this house in the Farms, you could go swimming right out the back door. There are other features too. Four ample sized bedrooms and three and a half baths, plus another bath and dressing room in the basement. Library with fireplace and pecky cypress paneling, plus activities room, speaker system, and much more. Call for further details.

THE ONE you've been waiting for. This unique home overlooks Lake St. Clair. There are three family bedrooms with three baths, plus a maid's room, sitting room and bath. The Florida room has a smashing view of the lake, as do most of the major rooms. By the way, the kitchen, pantry and breakfast room are ultra modern. Call for an appointment.

THIS offering not only has a comfortable library, but has one of those country type kitchens that the family loves so much. To boot — we offer four bedrooms and two and a half baths, plus really adequate lot. If you are looking for something a little older with that tudor look, don't fail to call on this one.

PERFECT home for a large family. This custom built newer home has seven bedrooms and three baths. You'll enjoy the step-down living room, the family room and the library. Located in the heart of Grosse Pointe. Call us for an immediate appointment, because this one will sell fast.

GRACIOUS SPLENDOR. What else can we say about a home that costs \$600,000 or more to build in 1954. Duplication today would be prohibitive. We offer a large bedroom and bath on the first floor that overlooks a formal garden and swimming pool. There are three bedrooms plus maid's quarters on the second floor. Fireplaces in the living room, library, loggia, bedroom, and recreation room. We suggest you call to view the elegance of this home, for we've only begun to describe it.

From the large foyer access is provided to the library and dining room, all of which have French doors which lead to slate terraces.

ON MERRIWEATHER Road appears a four bedroom affair with two additional rooms over the attached garage. A library and large covered terrace combine beautifully with the separate dining room and large living room, and we'll bring it all together for \$67,000.

681 WASHINGTON ROAD is the location of this six-bedroom colonial with a plan that includes four bedrooms on the second floor and two more on the third. The center hall splits the first floor with living room and den on one side, and dining room and kitchen on the other. The lot is over 200 feet deep and the price... not so steep, \$53,500.

DEADEND STREETS with a natural arch of mature trees have always aroused the interest of those looking for a house in a quiet, out of the way setting. Many have a penchant for white colonials with attached garages and large family rooms and two full second floor baths. ON LAKELAND AVENUE there is a splendid four-bedroom affair which has three full baths on the second floor and the master bedroom sports a fireplace. A library and family room handsomely compliment the formal dining room and spacious living room. Magnificent decor throughout and central air conditioning could help to lure you into this one.

AN ENGLISH MANOR house sits majestically on Lakeland Avenue in the first block off Jefferson. If five master bedrooms are not sufficient, we can show you three more on the third floor and a complete apartment over the attached three-car garage.

A FAST MOVE on your part will place you and the family in this southern colonial in time to take advantage of the free form swimming pool which dominates the backyard. If four well proportioned bedrooms meet your requirements and you're looking for a large informal family room, then this one is a must to check more closely. You may forget that this one has a full basement because the first floor utility room makes that trip unnecessary. The trip down this deadend street leading to the lake makes it all worthwhile.

THE ALWAYS POPULAR Lincoln Road is the setting for this brick house with four bedrooms and three and one half baths. The first floor plan includes a den just off the wide center hall, a large living room, separate dining room and completely new combination family room and kitchen. At a price less than \$50,000 this one should sell pronto.

TOWNHOUSE LIVING offers the advantage of minimum exterior maintenance, security of close neighbors and proximity to public transportation and shopping areas. Combined with these features we will show you a terrace with spacious rooms throughout which include 4 bedrooms on the second floor and two more on the third. Off the entrance foyer is a small library and that important first floor lavatory. Both kitchen and butler's pantry have been updated and the spacious living room has a natural fireplace.

Pointer of Interest

MINNIE PTACH, OF GRAYTON ROAD

By Janet Mueller

Pictured above is a reluctant Pointer of Interest. "Why," grumbles Minnie Ptach, "can't I just remain that little old anonymous lady?" Minnie shuns the spotlight, hates raking over dead coals. "Never live in the past" is her motto—and she never has.

But sometimes even the slightest, most anonymous-by-choice 86-year-old lady can't avoid a spotlight-directed-by-love.

The priests at Saint Clare de Montefalco Church won't let her. In the past 42 years Minnie's known them all, seen them come and go and, occasionally, come back.

The Saint Clare Archconfraternity won't let her. The Archconfraternity INSISTED on hosting a Parish reception in honor of its sacristan and past-president, Mrs. Alois Ptach, Sunday, June 13, following a 1:30 o'clock concelebrated Mass in her honor.

All friends and parishioners were invited to the party in Saint Clare's Teen Room, and Minnie was kept very busy saying, "Hello . . . Hello . . . Hello . . ."

She Did Enjoy It She'd have preferred NO party. Not that she isn't grateful the Archconfraternity thought enough of her to sponsor it, not that she didn't enjoy greeting old friends, but . . .

"Why can't I just remain that little old anonymous lady?" Sorry, Minnie. No way.

Minnie and Alois Ptach moved from Hurlbut avenue in Annunciation parish to Grayton road in 1929. Both native Detroiters, they'd lived in Hurlbut for 21 years. They were married July 11, 1905, and obviously don't believe in divorce: They're still together.

Minnie's roots in Detroit go way back. Her mother's mother was born in Detroit in 1812, and her mother died in the house in which she'd lived in Bewick avenue for 40 years.

"We don't," observes Minnie, "move around much." Change Parishes

But in 1929 the Ptachs did make one of their infrequent moves, from Detroit to Grosse Pointe, Annunciation to Saint Clare Parish, and Minnie immediately joined Saint Clare's ladies organization, the Archconfraternity.

At that time Saint Clare was far different from today's imposing square-block church-school complex.

A "temporary church" was housed in the first floor of the parish school building, for the church itself had yet to be built. A small room on the Charlevoix side of the building housed all vestments, linens and altar supplies.

From both sides of the Ptach family came the custom of attending daily mass as soon as the last baby started school. Minnie carried on this tradition in Saint Clare Parish—and one day Brother Baumgartner asked if she would be willing to take home some of the altar linens, wash and iron them and return them to the Church. Minnie said yes.

Became Weekly Chore Every week from then on she would pick up a bundle

placed in the hall, carry it home and, a short while later, carry back the sweet-smelling, freshly laundered vestments and linens.

Literally CARRY. Minnie walked the four blocks from her home to Saint Clare, toting her boxes of Church laundry, until just a short time ago, when she broke her leg. The leg mended, and Minnie tried walking again for a while. Now the Saint Clare maintenance man picks her up every morning around 7.

"I could still walk," she says, (and indeed she could!), "but I don't want to be all tired out when I get there." Why didn't Minnie ever drive herself? Well . . . driving is just about the only thing Mrs. Ptach never mastered. Not that she couldn't learn—"couldn't" is a word unknown in Minnie Ptach's vocabulary—but her eyesight just wasn't good enough.

Back to Minnie-in-the-beginning, just moved into Saint Clare Parish, toting home those first boxes of Church linens . . .

Times Were Tough Saint Clare had only two priests then. It was the time of the Great Depression, and in order to raise funds for the struggling Parish, which was large but sparsely settled, food was solicited from Parish members and the Parish ladies spent all day Saturday washing vegetables and preparing chicken dinners which, promised, and delivered, "all you can eat for \$1."

George Washington's birthday was celebrated with a Parish-wide ham and cherry pie dinner. There were pancake suppers too, and the Parish grew and prospered, with the Pointe.

Gradually, Mrs. Ptach began performing other services along with the laundry. A small tear or a collar that needed turning was beautifully mended. Altar supplies were kept in order, cleaned, polished and repaired. Anything that needed doing was, magically, done.

A Real Time Saver If she had to ask a question Minnie, rather than take up the pastor's time, would write a note and leave it on his bulletin board. The next morning she had her answer. The system worked so well that she has continued it to this day.

There were women who helped from time to time, year to year. Mrs. Watko, Miss Mirsino, Mrs. Banks, Mrs. Lungberg . . . They came, worked a while and, for one reason or another, left. Minnie stayed.

Every year she would offer to retire. "Anytime you want to assign someone else to this job," she would say, "I'm willing to step out."

"You call (such-and-such a woman, who had expressed an interest in the sacristan assignment)," she was advised. So Minnie called. "Do I have to be there every

day?" was every would-be sacristan's first question. Well, yes . . . Church goes on every day.

And when Minnie mentioned laundry . . .

Remain Would-Bes The would-be sacristans remained would-bes. Minnie stayed.

The new church was built. Two priests became five. Minnie's work load increased, but so gradually, she claims, that there never was a problem.

And her own housework never suffered. She's had an automatic stove for 25 years. Mr. Ptach gets his meals on time. She's always had two vacuum cleaners, one on the first floor, one on the second, to save steps. Minnie Ptach is a highly efficient woman—definitely NOT a martyr!

She used to clean up her whole house in a day but now takes, daily, "a little spot." One day, she'll get at the two bathrooms. Another, she'll do the kitchen floor. Another, she'll vacuum. "I work on installments."

She gave up washing walls at 70. Now, and for the past 16 years, she's had a man come in every two years to wash all the walls and ceilings.

Minnie keeps a sparkling home. Always has.

Gave Up Baking She does all her own cooking—always has—but has given up baking because, after the children grew up and moved into homes of their own, "there was no one here to eat it."

She regularly trucks fresh soil around her African violets.

"So nice to work with" is her comment on the priests she has known at Saint Clare's over the past 42 years. She's had a marvelous relationship too through the years with the Park Police who, receiving her dawn call—"Good morning, officer: This is Mrs. Ptach, on Grayton road. I'm walking over to 1401 Whittier . . ."—would send a scout car to patrol the area or, if no car were available, would inform Minnie who, in turn, would call a cab.

She also gives much through-the-years credit to Mr. Ptach. He LOOKED at the laundry. But he never said a word.

Had Her Own Ideas Minnie, grinning slyly, says she believes he thought: "Better that than mischief!"

Minnie Ptach is an independent person. "I'm living my life," she says, and she can't understand why she should pause, and sit down,

and explain and expose to an interviewer. "Who cares?" she grumbles.

Certainly not Minnie. She's a strong woman who never could see any use in sitting around crying. Things happen. Some good, some bad. "There's no use squealing. It's not going to be any different if you do."

She's Living Proof She's living proof of the Power of Positive Thinking. "If I get interested in something, I forget my aches and pains and go on. I've always been that way."

She's a capable woman. "I'm no sissy. I take care of my affairs myself. I may be old and wrinkled, but my mind's still there!"

She's a reluctant Pointer of Interest. "I am NOT living in the past, and I don't want the reputation that I'm living in the past."

"Why can't I just be that little old anonymous lady?" Sorry, Minnie. No way.

Now he couldn't very well let her get away with that, soak out all her frustrations in a nice warm tub while he seethed outside the locked bathroom door, could he?

Darn right he couldn't! Being an inventive guy, no sooner had the sentence "I'll fix HER!" flashed through his mind than HOW to fix her, properly, occurred to him and, after locating a flashlight, down the stairs he went, then down some more stairs, all the way down to the basement where, working carefully, quickly he located the water shut-off valve, turned it—"So SHE thinks she's going to soak in a warm bath, does she?"—then, attacking the fuse box, plugged the whole house into darkness.

Then he dashed back upstairs, arriving, flashlight off, a few yards from the locked door to the bathroom. And in darkness The Phantom Avenger of the Basement waited.

Until, in a few seconds, came the "click" of the bathroom door unlocking, came the lady of the house—calling for their son and demanding to know "What is it? What's happened?"—out of her slightly steamy retreat . . .

And The Phantom Avenger of the Basement, doubled up by now with laughter, flicked on the flashlight, and the lady of the house saw who He was . . .

And—she couldn't help it—SHE began to laugh . . . and that, in laughter, is how their story ends.

A Good ending to a good fight.
