

Nick Stroh Believed Dead

(Continued from Page 1) min, the Army commander who became the new Uganda Chief of State replacing former president Milton Oboto, to get his house in order. Mr. Stroh feels Americans should be made more aware of just

what is going on in Africa. Nicholas, 33 years old, is the son of Mr. and Mrs. John W. Stroh of 50 Lakeshore road. He worked as a writer for the Detroit News in 1963. He later joined the Peace Corps in Liberia after which he wrote

for the Philadelphia Bulletin. He always dreamed of making his mark as a free lance writer. That dream was realized in his work in Uganda. Nicholas was conducting an investigation into how tribalism was destroying the Ugandan army at the time of his disappearance.

He and an American friend went to see the army troops in action in Mbarara, an agricultural center and army garrison some 160 miles southwest of Kampal. They arrived on Wednesday, July 7.

He spent several days at the garrison and talking to people in the area questioning them on a troop massacre which occurred this past June. Although there were reports that Nicholas was in military custody following his visit to Mbarara, military and government authorities disclaim any knowledge of his whereabouts. However, Peter Stroh insists that General Amin made several trips to that area while Nicholas was there. Other reports indicate that a distant relative of Amin's was seen driving Nicholas' Volkswagen bus.

The United States Embassy has been urging General Amin to name a board of inquiry which would visit Mbarara but it is doubtful that any local investigation will shed any light on Nicholas' disappearance.

According to Peter Stroh, if Nicholas is dead, as his family believes, hopefully his disappearance should serve as an object lesson to the outside world and Ugandans of the violence that still lies ahead.

Double Exposure Report Received

Farms Police received a radio run call to The Farms Pier on Tuesday, July 27, regarding a case of indecent exposure.

Patrolman John Kraiza spoke with five juvenile girls who said they were walking on the dock when a white male, about 18 to 21 years of age, about six feet tall, with long bushy sideburns, brown hair, black rimmed glasses, wearing frayed jeans cut off at the knee, moccasins and no shirt, exposed himself to them.

The girls then headed for home and at 211 Moross they once again saw the youth, who appeared to be fixing his bicycle. As the girls passed, the youth once again exposed himself. He was riding a black bicycle with two baskets on the rear fender.

To discover you have made a mistake after trying is better than never to have tried at all.

'Register Now,' Youths Advised

William J. Adams, president of the Grosse Pointe Board of Education, urges registration of all Grosse Pointe youths who will become 18 years old during the coming year so that they may vote in local, state, and national elections.

Mr Adams suggests that all 18-year-olds who have not yet done so, register at their municipal offices before August 13, final day of registration for residents who wish to ballot in the September 13 special school election.

President Adams said that he had written to officers of high school student government urging them to take a leadership role in the current voter registration drive.

Mr. Adams indicated that school officials had contacted the Presidents of a number of community-wide civic organizations urging their participation in the voter registration drive. Groups contacted include the Grosse Pointe League of Women Voters, the American Association of University Women, the Grosse Pointe Study and Action Committee for Education, Grosse Pointe Citizens for Education, and others.

To ballot in a local, state, or national election, a resident must be:

1. A citizen of the United States over 18 years of age.
2. A resident of the State of Michigan for at least 6 months and of the city or township in which he resides on or before the fifth Friday prior to the date of the election.
3. A registered elector in the city or township in which he resides.

Nab Trespassers At Farms Home

Eight teenagers were arrested by Farms Police on Wednesday, July 28, for trespassing at the Peter Fink residence, 190 Ridge.

Five were juvenile girls who were taken to the station, then released to parents. The other three were male minors. They were Viggo Wilhelm Jensen, 1205 Three Mile, William Russell, 510 Lakeland, and Bruce Robb, 627 Neff.

While Farms officers Gerald Deburghraeve and Thomas Kelly were escorting the eight into the station, Jensen attempted to hide a metal hashish pipe which fell to the floor at the entrance of the detective bureau. Jensen then was arrested for the additional charge of possession of narcotics paraphernalia. The pipe was marked and held for testing. The trio was released after posting bonds for trespassing. The charge against Jensen on possession is pending the lab results.

Find Two Guilty Of Stealing Tire

David Ottowsky, 1801 Newcastle, and Patrick Ruen, 1739 Newcastle, were found guilty of larceny of a tire by Park Judge William E. Speer, Wednesday, July 28 at the court hearing, and placed on one year probation.

The youths were arrested July 12 following a report that the tire was missing from Jess's Sunoco Service, 15302 East Jefferson. They pled not

guilty at the July 21 arraignment and were released on \$500 bond each, pending the court date.

Live below your means.

If you'd like to get around the high cost of living, we have a suggestion: Cut down on the high cost of getting around. And buy a Volkswagen. It's only \$XXXX. That's around \$1200 less than the average amount paid for a new car today. (Leave it in the bank. More's coming.) A VW saves you hundreds of dollars on upkeep over the years. It takes pints, not quarts, of oil. Not one iota of antifreeze. And it gets about 26 miles to the gallon. The average car (thirsty devil that it is) only gets 14. So the more you drive, the more you save. And chances are, you'll drive it for years and years. (Since we never change the style, a VW never goes out of style.) Of course, a VW's not much to look at. So a lot of people buy a big flashy car just to save face. Try putting that in the bank.

School Board Attempting To Save Tennis Courts

By Pepper Whitelaw

The Grosse Pointe Board of Education at a special session on Monday, August 2, decided to attempt to save the tennis courts along Fisher road on the campus of South High School during the renovation and remodeling program which is currently underway.

The matter was brought to a head by tennis enthusiasts at the last regular meeting of the board on Monday, July 26, at which time tennis buffs voiced their objection to proposed action. The fences were slated to be removed last Monday, August 2, but the removal was delayed until the board met in executive session that evening.

The trustees have indicated that some fences surrounding the courts will not be torn down so that it will be possible, at times, to continue to play tennis. Gates to be installed will allow cars to park on the courts during school hours.

In addition, an area extending 45 feet north of the tennis courts on the playing field will also be utilized for temporary parking during the construction period. This will provide 98 parking spaces including 50 on the courts and 48 on the field.

This plan eliminates the use of the green belt area between the sidewalk and tennis courts for parking, which would have necessitated the removal of the fence and resulted in taking the tennis courts completely out of service.

School officials said that nothing major will be done to alter the tennis court site until October. The parking spaces provided by the temporary use of the tennis courts and playfield will enable the school to accommodate most of the vehicles formerly parked on areas of the high school site affected by the construction project.

Two Small Fires Flare in Shores

Shores policemen had to cope with two fires recently, although both of them were small and neither caused injury.

On Wednesday, July 21, Patrolman Bruce Darlington was driving down Lakeshore road on a routine patrol when he saw smoke coming from the seawall off Colonial and went to investigate.

Two boys were trying to crush out a grass fire which they started by trying to cook hot dogs. It was finally stamped out, although it burned out a portion of the seawall, ten feet by two feet long.

Before the two were released they were warned not to fish, loiter, litter or start fires on the seawall.

At 7:41 that same day, police received an anonymous phone call reporting flames opposite 1100 Lakeshore road. Officers arrived on the scene and found a good sized brush and wood fire. They extinguished it with water from a booster line.

The only damage was to brush and a wooden log. The cause of the blaze is unknown as yet.

Medical Co-ops Get Certificates

Some 16 seniors from South and North high schools, members of the school system's medical co-op program were presented with certificates by Cottage Hospital administrator, Ralph Wilgrade, at summer graduation exercises held at the hospital on Friday, July 29.

Representatives of the school system in attendance included Dr. Joseph Spagnoli, assistant superintendent of instruction; Roger A. McCall, curriculum associate in the department of instruction; G. Bruce Feighner, principal of North High School and Frances E. French, assistant principal of instruction at South High School.

The program was conceived a year ago to give students interested in pursuing medical careers the opportunity to work in hospitals and gain information and experience first hand.

Last fall's program was so successful that the administrators decided to conduct a summer session. Registration for next fall's medical co-op program is double that of last fall's.

For the first time this summer two boys, Arthur Hummel and Peter Hess, both South High students, received orderly certificates.

Receiving nurses aids certificates were South High students, Ellen Batts, Mary Linda Blondell, Nancy Bresz, Carol Brown, Denise Checki, Paula Hefty, Susan Jensen, Elizabeth Johnson Patricia Kramer, Jenn A'Langel and Susan Schmidt.

Attempt to Halt Hospital Project

By Pepper Whitelaw

The Bon Secours Hospital expansion issue, which appeared to be finally settled after 10 years of litigation when Circuit Court Judge George E. Bowles entered a judgment permitting expansion on June 18, 1971, has once again been challenged.

This time the intervenors who include Mr. and Mrs. Walter G. Huber, Mr. and Mrs. Lloyd R. Marentette, Mr. and Mrs. Haig Avedisian and Ernest L. Rushmer have filed a motion to set aside the judgment.

The intervenors contend that the court erred when it authorized and permitted the hospital to enlarge its facilities because it undertook a legislative function contrary to the provisions of the Constitution of the State of Michigan and the provisions of the Constitution of the United States.

They also contend that Judge Bowles should not have entered a judgment on vacating Caroline avenue since it represents a usurpation of legislative duties and functions beyond the authority of the judicial branch of the government of the state of Michigan and in contravention of the Constitution of the State of Michigan and the Constitution of the United States.

They also claim that it was improper for the judge to hear as evidence information which indicated that if the hospital was not permitted to expand it would be put out of existence.

Working with the intervenors on this issue are representatives of the Grosse Pointe Citizens Association.

A public hearing is slated in Judge George Bowles Courtroom in the City-County Building at 2 o'clock, Friday, August 12.

Ask Woods To Seek Recompense For Power Failure

(Continued from Page 1)

"The power failures and 'brown outs' further cost our City another \$1,900 in overtime and fringe benefits costs for the Department of Public Safety. The Detroit Edison Company seemingly did not provide for any telephone answering services to take care of calls and complaints registered by their customers, and a large majority of those telephone calls were channeled through our Department of Public Safety, which further consumed a vast amount of time for our personnel. Likewise the Detroit Edison Company apparently expected our Department of Public Safety to dispense 'dry ice' to those customers of the Detroit Edison who were in need of such. This office, then indeed, questions the City's responsibility for having to assume these two obligations because the Detroit Edison Company apparently failed or refused to assume such obligations to their customers!

The City of Grosse Pointe Woods City Charter provides that any franchise granted to a utility company requires such utility company to provide among other things the following:

(2) To require continuous and uninterrupted service to the public in accordance with the terms of the franchise throughout the entire period thereof.

Received No Reports

At no time, to the knowledge of this office, has the Detroit Edison Company reported to the City as to what caused the power failure, nor has the Company outlined to the City as to what plans and/or installations are contemplated to prevent such future power failures for the residents of this City.

Therefore, in an effort to better protect the interests of the residents of this City, this office does hereby recommend the following:

A. Request the Michigan State Public Service Commission to conduct an investigation of the cause of the power failure which affected thousands of our residents.

B. Request the Michigan State Public Service Commission to cause the Detroit Edison Company to file a comprehensive report with this City, which would outline the steps being taken by that Company to prevent such future power failures and low and/or fluctuating electric service to our residents.

Woods Stalls

(Continued from Page 1)

ney and city manager were also authorized to review and approve the technical language on amendments to the contract which might possibly result from its review by other participating cities.

The St. Clair Shores Council also approved the agreement and participation unanimously on Monday night. The City of Grosse Pointe Woods approved participation at its regular meeting on Tuesday, August 3. The other cities, Grosse Pointe Farms and Grosse Pointe Park have indicated that they will participate. The Park will vote on the matter at its regular meeting on Monday, August 9, and the Farms meeting for approval is pending.

The Woods has disagreed with the method of participation by communities which is based on ridership, exclusive of the line. They expressed the desire that participation be based on ridership, exclusive of school buses.

Participating cities have all attempted to come to what they consider an equitable agreement and one which will fulfill the transportation needs of their residents. SEMTA's proposal appears to be the most feasible.

To date representatives of SEMTA have done all they can do until final approval is obtained from all cities. They have sent representatives to Washington to discuss a federal grant of \$156,000 which SEMTA would combine with the \$78,000 from the six participating cities served by the line, to meet the \$234,000 cost of operating the line. Mr. Edmondson said SEMTA representatives are optimistic about obtaining the federal grant from the Urban Mass Transportation Authority with whom SEMTA representatives recently met.

A public hearing on application to purchase Lake Shore Coach is slated for Thursday, August 12, at 8 p.m., in The Farms City Hall, 90 Kerby road. Residents are urged to attend.

the inadequacy of the City's street lighting system during the period of power failure.

D. Consider a possible "class action" litigation against the Detroit Edison Company, on behalf of all of our residents, for any losses suffered by those residents which were attributed to the power failure and/or voltage fluctuation.

Farms police received a report from Richard H. Fruehauf, Jr., 384 Provincial on Friday, July 30, regarding theft of \$300 dollars from his wallet which was locked in a locker at the Country Club of Detroit on that date.

Mr. Fruehauf went to the Club at noon to play a round of golf. He put his clothing, credit cards, personal papers and wallet in the locker. When he returned at 4 o'clock he dressed and went home. On arrival, he checked his wallet and discovered the theft. A report was made to the Club manager, Joe Gunther.

Woods firemen were called to investigate smoke coming from a side door at the home of Ronald Delp, 1399 Ailne, Tuesday, July 27. Firemen extinguished the fire. Delp said he placed a bed sheet in the electric dryer earlier, and the fire probably originated in the electric system.

Two Exposure Cases Reported

Two reports of indecent exposure were made to Farms police on Sunday, August 1. The first report was received at 4:03 p.m. Four teenage girls were stopped at Kenwood Court, and Charlevoix by a white male about 20 years of age, brown curly hair of medium length, wearing a yellow striped shirt.

The man was driving a tan car with rust spots. He asked the girls where Kercheval avenue was then proceeded to make indecent gestures. He was unclothed from the waist down.

The second report was received at 4:25 where two girls were approached in front of Richard School on McKinley half way between Kercheval and Ridge road. The man was described by the girls as a white male about 20 years of age, with medium colored hair and a slight mustache. He was driving a beige and silver car with large rust spots on it. He called the girls over to the car and then exposed himself.

SUPPORT THE SOUTH (GPHS SOUTH, THAT IS)

ENJOY... LIVE FOOTBALL,
BASKETBALL, SWIMMING, BASEBALL, TENNIS AND TRACK FOR LESS THAN 25¢ AN EVENT

And provide direly needed financial support for Grosse Pointe High School South's activities!

"South," as you are probably aware if you are a parent, has come upon hard times. Recent millage defeats preclude needed physical renovation — and a great many activities that should be a part of a student and a school's life.

So, while we can't raise the money for South's renovation, we can do something about providing financial support for those activities.

To this end, the Dad's Club of GPHSS, is sponsoring the sale of season tickets good for admission to all GPHSS "home" games and athletic meets. At \$10.00 per season ticket, you'll be able to attend 44 athletic events, with all proceeds being used for GPHSS activities.

Come to the games and get stirred up!

If you've attended GPHSS games in the past you know they're exciting — that you can rapidly become a howling partisan. If you haven't been attending, you're due for a surprise — and a treat when you come. Our GPHSS kids put more college try, and some times more expertise, into the competition than many a college team. (And you can enjoy the same kind of hot dogs at our football games, that you'd enjoy while watching the Lions.)

No parking fees! No traffic tie-ups! No long drives to Ann Arbor or Lansing — But so much fun that you'll want to buy a "South High Booster Season Ticket" for every member of your family, including the kids, for September to June fun.

Help South High . . . And Help Yourself To A Lot Of Fun! Use the handy coupon, below, to order your tickets now.

BIKE STOLEN
James F. Egan, 85 North Edgewood, reported to Shores Police on Sunday, July 23, that person unknown had stolen his 10-speed, 26-inch, blue Schwinn bicycle from the Shores Park. It was valued at \$85.

REALIZATION
Most June graduates are already finding out that they have to do their own growing up.

South High's Big Project

(Continued from Page 1)

The renovation and modernization project includes the construction of approximately 31 new teaching stations and related facilities, including two music rooms, 11 science laboratories, rooms for special education and driver training, and 16 academic classrooms. Included in the new construction will be laboratory and storage cabinets for the science spaces, storage facilities for the classrooms, and instrument storage cabinets for the music rooms.

The remodeling of the South High facilities will create new classroom space and correct circulation difficulties. Remodeling of the existing field room will create a new cross corridor, and the development of new first and second floor corridor connections will simplify traffic flow.

Fire code deficiencies to be corrected include enclosing stairways on the first floor, upgrading of the existing fire alarm and fire lighting systems, and revising corridor mechanical duct work where necessary.

Have Master Plan
The construction and modernization program has been based upon recommendations of the 50 member South High Study Committee and from a complete examination and evaluation of the physical, structural, mechanical and electrical condition of the existing plant by Linn Smith, Demiere and Adams. The architects developed a long range master plan for the ultimate development of the school.

The Wicking Library will not be used during the construction period. All library materials have been transferred to Cleminson Hall in the main building, the school's former library. The stage will be used for the storage of audio-visual materials and equipment.

Grosse Pointe South High School was completed and occupied by students on February 1, 1928. The Industrial Arts Building was constructed in 1942 and the acquisition of the Country Day School was approved by local voters in 1953. The gymnasium-auditorium complex was finished in 1955, and the mathematics center, an additional floor on the Industrial Arts Building, was completed in 1961. The Wicking Library was completed in 1964.

Served 43 Years
Grosse Pointe South was the community's single public high school from 1928 until September of 1966, when North High School was opened. At that time both high schools housed grades 9 through 12, and the system's three junior highs began to be operated as middle schools for grades 6 through 8, with most of the system's elementary schools organized on a Kindergarten through grade 5 basis.

The report filed after the 1970 re-evaluation of the North Central Association commented on the high quality of teaching at South, but the evaluators said that efforts to improve the instructional program were hampered by the inadequacy of the physical plant. The many deficiencies cited in the impartial study move a step closer to resolution with the construction and modernization program currently in progress.

Molly's September Song Is A Happy, Hopeful Tune

By Pepper Whitelaw
While most 13-year-olds are delighted to be out of school, Molly Reeve, daughter of the Mark Reeves, of Kenmore court, can hardly wait to return to school this fall. Sound unusual? Well, Molly is a very unusual little gal.

To begin with, Molly has always gone to special schools for deaf children (she's totally deaf) but come September she will be joining her neighborhood friends at Parcels Middle School.

Molly's story, or we should say the Reeves' story, will serve as encouragement to all handicapped children and their parents.

The Reeves adopted Molly when she was a month old. From the beginning they felt she couldn't hear well but doctors insisted she was a hearing child. When Molly was eight months old, the Reeves took her to Ford Hospital. At that time Mrs. Reeve was teaching at Liggett School and Mr. Reeve was working as a sales engineer.

When Ford diagnosed Molly's deafness, the family changed its whole pattern of living. Mr. Reeve enrolled at Wayne to earn his Masters degree in Deaf Education. After he had earned his Master's, Mrs. Reeve went to Wayne to earn her special Education Certificate. They wanted to not only help their little girl, but others like her.

Mrs. Reeve then got a teaching position at Detroit Day School for the Deaf and Mr. Reeve went to the Lutheran School for the Deaf. (They're both still there).

When Molly was 14 months old, Mr. and Mrs. Reeve began taking the John Tracy Clinic's correspondence course, named after famous actor Spencer Tracy's deaf son. Before this, Mrs. Reeve used to crawl on the floor with Molly and hold objects in front of her, repeating what they were in hopes that Molly would get the word.

Somehow, through mother's instinct, she was on the right track with Molly for the Tracy Clinic endorsed such activity . . . activity through association and matching.

From the time she was 18 months old until she was three, Molly went to Wayne Speech and Hearing Clinic. She had no speech at all. Then doctors told the Reeves that Molly was also hyperkinetic.

Still not discouraged, they turned to a pediatric neurologist who declared Molly wasn't deaf at all. Thoroughly confused, but not defeated, they then turned to Dr. Herman Holste (now principal of Lutheran School for the Deaf) then a teacher.

Dr. Holste, was trained at Central Institute for the Deaf. He began tutoring Molly and Molly began showing signs of progress. Within a matter of months Molly, through Dr. Holste's association methods, learned to lip read, say, write and read 50 words. The words turned into sentences . . . the sentences into stories AND Molly had the beginnings of speech and language.

Molly studied at Detroit Day School for six years, then two years ago entered the Lutheran School where she was taught regular academic subjects plus lipreading and oral exercise.

The Reeves have been delighted with her progress but because of their strong belief that Molly must adjust to living in a hearing world, they decided to try a regular

school. To ease her into a hearing environment they enrolled her in a reading course this summer at North High School under the tutelage of Ronald J. Ferguson. Mr. Ferguson tells them Molly is doing well in his class of 19 hearing children.

When September rolls around, Molly will enter the sixth grade on a regular schedule, thanks to the concerted efforts and devotion of her parents.

Molly has a few other problems but she's coming out on top of them too. Besides being totally deaf, she is an aphasic child (loss of impairment of the power to use words) but through the association method she has been retraining that area of the brain that causes this malady.

Two years ago still another "tragedy" struck. Molly had a grand mal seizure. She'd never had one before. Back to the doctors only to find Molly was suffering from epilepsy. Doctors immediately put her on medication to control the seizures. All this still hasn't stopped Molly. "She has tremendous drive," says Mrs. Reeve, "and won't give up on anything until it's done."

In the meantime, Molly is enjoying the summer . . . attending classes, swimming and bowling. She and her parents are going to Bermuda soon and Molly is going to bring her best friend, a hearing child, who thinks Molly is just great fun. The Reeves say Molly is their raison d'être.

What of Molly's future? . . . well, if all goes as planned she'll eventually go to college!

Michigan Bell Report to Customers

A clarification of facts concerning your telephone service and usage

The cost of your interzone and long distance calls will not be affected by the new proposed rates.

Don't expect the new proposed rates to make a big difference in your phone bill. Because they won't. The new rates would apply mainly to your basic monthly service charges and would not in any way affect the charges for interzone or long distance calls within Michigan. For example, you can make a one-minute call from Detroit to Traverse City for 35¢ or less (depending on whether you dial direct). That same call would cost exactly the same under the new rate proposal. But, as always, the more toll calls you make, the more you pay.

Though the new rate proposal will not increase interzone and long distance rates, your bill will still go up or down in direct proportion to the number and length of such calls. So, to a great extent, the size of your bill is up to you. You can lower it by making fewer and shorter interzone and long distance calls, if you choose.

If you have any doubts as to what constitutes an "interzone" or "long distance" call, please don't hesitate to call your Michigan Bell Business Office. We want to help.

Farms Residents Report Rash of Breakings, Entries

A rash of breakings and entries occurred in The Farms in the two day period between Tuesday, July 27 and Thursday, July 29.

The first incident occurred at the Norman Carstens' residence, 484 Chalfonte on Tuesday. Patrolman Vince Peters found that entry had been

gained through the basement window on the south side of the house. The residence had been thoroughly ransacked.

Missing are a battery charger, an Olympic portable television, two RCA color television sets, an electric sander and sander saw, 20 fifths of liquor, an electric coffee pot, an electric mixer, an electric blender, two stereos, one a Sylvania and the other a Grundig, an adding machine, one 9 mm Mauser rifle, a stamp collection, binoculars and an Ethan Allen chime clock and two check books. A check with the neighbors revealed that no one heard or saw any suspicious persons on the premises.

However, Toledo police contacted Farms police on Thursday, July 29, to report they had arrested an intoxicated man in a stolen truck in their city on that date. The man, William O. McCall, 46, had check books bearing Dr. Carstens name on his person. Toledo police also found some of the items stolen from the Carstens residence in the truck. McCall could be sentenced to life imprisonment for transporting stolen goods across the state line according to Ohio laws. He is being held until payment of \$5,000 bond. Farms police are awaiting more information on McCall's record from the Federal Bureau of Investigation.

On Thursday, Farms police received a call from Oscar Halzebruck, caretaker at the W. C. Goddard home at 380 Provençal. Mr. Halzebruck told patrolman Donald Dewey that he arrived at the residence at 9 a.m. and was cutting the lawn when he noticed the grating from the window well on the north side of the house had been removed. He checked further and found a pane of glass had been broken also.

Dewey found that entry had been gained through that basement window. The culprit then

went up the basement stairs, broke the door leading to the main part of the house, entered then ransacked the entire place. A check of the neighbors revealed that a car with a noisy muffler was heard passing the house a couple of times the previous night. The only other noise reported was that of a motorcycle. An inventory of items in the house is currently being made.

Jean Lackey, 376 Chalfonte, called Farms police on Thursday to report that persons unknown had entered her residence while she was out shopping. She said she left the house around 9 p.m. and when she returned at 10:35 found the door from the garage to the house open. Patrolman Donald Pilon found that the den downstairs and the three upper bedrooms had been ransacked. Mrs. Lackey is currently investigating the house for missing items.

Another burglary attempt was thwarted by an employee at the Allan Sheldon residence, 131 Lakeshore on Thursday. On that date an employee called Farms police and told them a burglary was in progress. On arrival patrolman Thomas Kelly and Donald Pilon found that entry had been gained through the kitchen window on the east side of the house. A portable television was found near the front door on the inside of

the house. The second floor rooms had also been entered and the drawers in the dressing table emptied on the floor. The housekeeper's room was also entered and the desk contents checked but nothing taken.

George Brooks, an employee who lives in the garage apartment told officer Kelly that he was outside the garage when he noticed a light colored, medium sized car parked under the archway at the front door. Occupying the car was a Negro male about 22 to 26 years of age.

Student Bussing Moot Question

Dr. Theos I. Anderson, Superintendent of Schools, said Monday that neither he nor any of the trustees of the Board of Education "knows anything more than we have read in the metropolitan papers" about the possible bussing of students among school districts in Wayne County.

"As we understand it, no decision will be made on whether to bring the suburban school system into the suit until the judge decides whether court-ordered integration of the Detroit schools is required," Dr. Anderson commented. "Conjecture is pointless at this time," he concluded.

If Federal Judge Stephen J. Roth rules that the segregated attendance pattern in Detroit schools results from housing patterns, past U. S. Supreme Court rulings indicate that no remedy is required. However, if it is determined that there is legal segregation in Detroit, a federal district judge has the power to correct it.

A motion by an attorney for the Citizens Committee for Better Education to make the 85 Detroit area school districts defendants in the integration case brought by the National Association of Colored People against the Detroit schools has been taken under advisement by the judge.

The CCBE conducted the recall campaign last year against four Detroit school trustees.

Con Artists Work in Pointe

An unknown man called a Woods woman and identified himself as Lieutenant Phillips of the Grosse Pointe Police. He said that her money had been stolen from her checking account at the Colonial Federal Savings on Kercheval and he asked for her account number and the amount of money she had in the account. The woman wisely refused the man this information. The man got mad and said he couldn't get the money back for her if she didn't give the information.

The woman ended the conversation by saying she would call this Lieutenant Phillips back at the police station. By calling the police station the woman found out that there is no Lieutenant Phillips in any of the police stations in Grosse Pointe and upon investigation found that there was no larceny from her account.

There have been complaints throughout the Pointe of this type of incident occurring. The best way to handle the situation is the same way this woman did, report immediately any type of approach to the police, and contact your bank.

A Detroit woman was the victim of a \$1400 "pigeon drop" in the Pointe, because she didn't notify the police until it was too late.

A Woods woman was also approached over the phone, but by calling the police, she foiled the person attempting to steal the money from her bank account.

The Detroit woman was approached by a woman at Kercheval and St. Clair Monday, asking where the Social Security Office is located. The victim said she would show her the way, when another woman coming from Cunniff's approached the two women saying she had just found \$35,000 in an envelope in a phone booth with a note stating "John have been lucky. Won \$35,000 at race track. Will take this to Cuba."

Instead of taking the money to the police, the woman said she would take it to her employer. She returned a short time later, saying that she and the other woman were to receive a share of the money. She asked for the victim's address and phone number.

Wednesday, July 27, the two women called the victim saying they would pick her up and they would go to see the employer again. They brought the victim to Grosse Pointe City and told her she should have money to show good faith and asked her how much she had in the bank. She said she had \$1400. The three went to the bank where the victim withdrew her savings.

They were headed for the employers home, when supposedly they had car trouble. The victim was told to go ahead and walk to the employers house, and leave her money with the women in the car, which she did.

She went to the address that was supposed to be the employers home, and found there was no one there by that name. She returned to where the car was only to see the small green car driving away.

By the time this woman reported what had happened to the police, it was too late, her savings were gone.

Farms Cyclist Charged Again

An 18-year-old motorcycleist who escaped from a Farms police officer during a high speed chase in May and who was later identified and charged with driving on a suspended license, (it was suspended for hot rodding), was once again involved in a similar situation in the City of Grosse Pointe and Grosse Pointe Park just two days after his license was suspension was lifted.

The youth, Donald James Fromm, 320 Belanger was observed on Thursday, July 13, by officer John Drummond traveling south on Cadieux without lights on his cycle and at a very high rate of speed.

Drummond gave chase and stopped Fromm at Jefferson. As the officer was leaving his car, Fromm pretended to search through his pockets. As the officer approached, Fromm took off at a high rate of speed. Drummond radioed that he was in pursuit. Park policeman Paul Konetski joined the chase.

The cyclist turned north on Yorkshire from Jefferson then hit a parked car in front of 1006 Yorkshire, careened approximately 123 feet and stopped in front of 1015 Yorkshire.

Fromm sustained compound fractures of the lower arm. He was taken to Bon Secours Hospital, treated and released within a few days.

He was charged with reckless driving by the City police and with eluding a police officer in Grosse Pointe Park.

His City court date is set for Tuesday, August 10 and his Park court date is Wednesday, August 13.

New Patrolman Hired in Shores

The Shores police force has a new employe, Archie Grieve, 28, who was hired on Monday, July 26.

Grieve lives at 2009 Van Antwerp drive, in the Woods, and has a wife and child.

He's currently attending the Metropolitan Police Academy for the 256 credit hours of basic training he needs before he can be placed on duty or enforce state laws. Grieve will graduate Wednesday, September 8, along with another Shores employe, Michael Kenyon.

Grieve was raised in The Pointe and graduated from South High School. He recently served a tour of duty with the Marine Corps.

Grieve is replacing Patrolman Ronald Forth, who resigned to take a job in Florida.

There are now 21 men in the Shores department, which means it's a fully authorized budget force.

Health Congress Leaders Named

Two members of the supervisory staff of Cottage Hospital have been appointed to important chairmanships for the 1972 Health Congress Educational Conference sponsored by the Tri-State Hospital Assembly and Mid-America Assembly, Ralph L. Wilgarde, Cottage Administrator, has announced.

The appointees are Mrs. Mary Lueck, R.N., operating room supervisor, and Mrs. Yvonne Eldredge, executive housekeeper.

Mrs. Lueck will be chairman of the operating room conference and Mrs. Eldredge will be chairman of the conference on housekeeping.

"According to the President of the Great Lakes Health Congress, they were chosen as leaders in their disciplines to provide the calibre program which will assure continued success of the Health Congress," Mr. Wilgarde said.

Mrs. Eldredge is immediate past-president of the Greater Detroit Area Association of Hospital Executive Housekeepers, a past-president of the Chicago Chapter of the National Executive Housekeepers Association, and serves on the consulting staff of the magazine, "Hospital Management," for which she is a contributing editor.

Mrs. Lueck is a board member and past-president of the Association of Operating Room Nurses of Metropolitan De-

troit, a member of the conference group of the American Association of Nursing, and prior to coming to Cottage Hospital 11 years ago was in charge of the children's group in the orthopedic and plastic surgery department at the University of Wisconsin Hospital.

Over 11,000 hospital, nursing home and allied health personnel from 11 states and Canada participate in the annual sessions of the Health Congress Educational conferences.

Cottage Hospital is the only institution represented in the Congress from which two employees have been named as conference chairmen for 1972.

Speeder Nabbed Following Chase

A high speed chase early Thursday morning, July 22, from Vernier road that finally ended at the Bay View Yacht Club in Detroit resulted in a reckless driving ticket for Robert Joseph Leneen, of 14192 Forrer, Detroit.

Woods Patrolman Donald Schmalz and James Fowler observed Leneen driving 80 m.p.h. on Edgewood toward Mack. They gave chase to Leneen who ran through red lights on the Harper service drive exceeding 100 m.p.h. before being joined by Detroit police.

Leneen led the chase to the Bay View Yacht Club where he abandoned the car. He was apprehended and taken to the Detroit Police Fifth Precinct by Detroit Patrolmen Kenneth V. Pettier and Onorio Cate-nacci, Jr.

Officers Schmalz and Fowler issued the reckless driving ticket to Leneen and a hold was placed on the subject.

The Junior League of Detroit has started something. Project LINC is its name, and it's the newest in the League's series of community programs, a special demonstration project which seeks out specific community needs in order to fulfill them by applying a combination of human resources.

Project LINC—the initials stand for Linking Individuals (as resources) to Needs in the Community—is a community coordinator.

Detroit, the Junior League feels, has lacked a mechanism to ferret out and stimulate resources to meet community needs.

Every new idea, the League notes, seems to be evaluated in terms of how much money it will take, not "how can it be done using a variety of resources in the form of willing people donating time, materials, muscles—and maybe some money."

Positive communications between people and between agencies, the League observes, seem to be lacking.

The idea for Project LINC was presented to the League by New Detroit, Inc., citing the fact that the concept had been successfully in operation for three years in Long Island, sponsored there by the local Junior League.

Mexican Fiesta Slated At DBC

The third annual Mexican Fiesta to be held at the Detroit Boat Club this Saturday, August 7, will be the first official appearance of the newly-appointed Detroit Mexican Consul—Ricardo Calderon—to the Belle Isle Club.

He and Mayor of Detroit, Roman Gribbs and Mrs. Gribbs will be honored guests at the party which is becoming as traditional as it is light-hearted and authentic.

The committee planning the proceedings is equally traditional. It's the third time around for Mr. and Mrs. Donald Henkelman, chairmen, and Ezequiel Rodriguez, regional manager of the Mexican airlines, who occupies the honorary chairmanship.

Marimbas, margaritas and Mexican dances will get things swinging. There will be favors, prizes and decorations with a Mexican flavor and a menu to correspond.

The Fiesta celebrates Mexico's Independence Day — which falls on September 4, actually — but Michigan weather being Michigan weather and NOT in the Mexican tradition, the earlier date is kept.

"Last year," Mrs. Henkelman recalls, "there was a ring of thunderstorms all

around the Island. But not a drop of rain fell on our Fiesta."

The grand prize, also becoming a tradition, is two round-trip tickets to Mexico plus a three-day stay at Aristos Hotel, gift of H. Z. Keilani and the Transcontinental Travel Bureau and Universal International Tours, Inc., which Mr. Keilani heads.

The party committee includes Mr. and Mrs. Walter Droulet, Mr. and Mrs. Ross S. Campbell, Jr., Mr. and Mrs. Harry W. Mellen, Mr. and Mrs. Robert Tomlinson, Mr. and Mrs. James Burch, Jerry Burch and Mary Westphal.

Mr. Whittingham To Take Bride

Dr. and Mrs. Henry Hellmers, of Durham, N.C., formerly of Pasadena, Calif., have announced the engagement of their daughter, Rosemary, to David G. Whittingham, son of Mr. and Mrs. Manfred Whittingham, of Kenwood court.

The bride-elect was graduated from Duke University. Her fiance received his Bachelors degree from Kalamazoo College and his Masters degree from Indiana University.

To Hold Project Hope Barbecue

Project Hope members, their guests and families are anxiously awaiting the most relaxed party of the year: The annual Project Hope Barbecue held at the Parkedale (Park-Davis farm) Ranch.

Pointers serving on the Barbecue committee this summer are Mrs. Russell Bauer, Mrs. Frank Scott Perkin, Mrs. Reed Zens and Mrs. Herman Sattler.

The party's planned for Saturday, August 7, beginning at 3 in the afternoon, and will feature a roast beef dinner with all the fixings, games for all ages and square dancing.

Dress is "Western" — or comfortable come-as-you-like casual. Mrs. Alfred Ingram, president of Project Hope, will have her whole family there and encourages everyone to do the same. She guarantees a great time: After all, reason for the event is to have fun while getting better acquainted with friends and neighbors who've turned out to help the good ship HOPE continue its medical mission in underdeveloped areas of the world.

They plan an October 8 wedding in Pasadena.

Blue Lake Calls Young Pointers

About 350 students from all over Michigan, including Pointers Jane Grimshaw, of Berkshire road, David Bastianelli, of Maison road, Barbara Hintz, of Ridgeway road, Marianne Jossens, of Birch lane, Karen Marshall, of Bournemouth road, Patricia Parsch, of Ridgeway road, Carla Reichert, of Cleverly road, Leonard Swanson, of Chalfonte avenue, and Gary Zijastra, of Calvin avenue, plus students from other states, are enrolled for two weeks at Blue Lake Fine Arts Camp, located about 15 miles north of Muskegon near Lake Michigan.

The camp, now in its sixth season of instruction, is the second largest summer camp of the arts in Michigan. Approximately 1,400 students will have attended between mid-June and the latter part of August. The camp sessions are usually two weeks, with four weeks for orchestra students. A staff of professional teachers in music, art, drama and dance, plus camp counselors, is assembled from Michigan and other states. The faculty stimulates and develops individual talents of the students, who range from seventh to 12th grades.

Scholarships are made available to needy students. The camp is a non-profit institution supported by tuition and fees plus contributions from private individuals, corporations and foundations. About half of the enrollment comes from the metropolitan Detroit area, another 45 percent from the rest of the state.

Students also attend from as

far away as Florida, California and New York.

A typical day for a student includes four hours of study in his major, an elective from some other area of the arts, outdoor recreation, recitals, camp entertainment and private practice.

The instructional part of the program is strengthened by distinguished guest conductors and artists. The Detroit Symphony under Sixten Ehrling has played a concert at the camp.

Drama presentations, art ex-

hibits and dance programs also help students explore all of the arts while studying in their chosen fields.

Each summer Blue Lake Fine Arts Camp sends a performing group on an international, educational concert tour. In 1970 an international choir toured Europe. Currently a 75-member international band is touring seven European countries, presenting concerts in many cities.

Blue Lake is affiliated with the Michigan State University Youth Music Program.

Bachelors Host Summer Frolic

The 14 hosts, friends since Austin Prep. and Grosse Pointe High School days, wore red trousers, blue blazers, white shirts and red, white and blue bow ties.

Party scene was the Grosse Pointe Yacht Club, where a rock band, "The Works," played all evening long last Saturday.

The young men called their midsummer extravaganza "Bottoms Up '71." They planned, if this party were a success, to make it an annual affair, and they mailed out 250 invitations, with regrets-only R.S.V.P.'s.

NOBODY regretted so it looks as if Dennis V. Adams, Paul D. Alandt, Mark A. Baun, William A. Chope, Michael J. Connolly, John F. DeHayes, Jr., Douglass R. Fox, Brian F. Hickey, Roger W. Mason, John M. Reid, James A. Rohde, Anthony J. Selvaggio, E. Blay Schoenherr, II, and Brian F. Van Hollenbeck will be hosting "Bottoms Up '72" next summer.

That's something for the Pointe's young single set to look forward to.

(Continued from Page 13)
A LINC Project has four criteria. It is of limited duration. The expected result should be clearly defined. It should be of manageable size and scope. It should not involve LINC funds.
Here's the sort of thing the Junior League of Detroit means by a LINC Project . . .

Mrs. Joe Smith owns a vacant lot. She wants to donate it for use as a tiny tots play lot. The lot needs to be cleared, fenced and equipped.

Mrs. Smith goes to various agencies and city departments for money or help. Without success. Everyone thinks it's a good idea. Everyone wants it to work out. Everyone's enthusiastic . . . but as far as specific, practical advice and/or suggestions—well, no one knows quite how to go about it, what to do . . .

Suppose then that Mrs. Smith contacts LINC's staff of Junior League volunteers. And LINC goes to the Boy Scouts, enlisting boy power to clear the lot. LINC contacts fence manufacturers, finding one willing to donate fencing.

LINC finds a civic group willing to give equipment.

LINC finds a civic youth group willing to provide supervision.

That, simply, in a nutshell, is a LINC Project . . . and yes, in certain ways, it DOES parallel Action Line and Contact 10. But where they act as fact-finder, solving individuals' problems, LINC will only take on projects to HELP PEOPLE HELP OTHERS.

The resources, the Junior League of Detroit knows, are here, all over the Detroit metropolitan area, everything from service organizations to professional and businessmen with know-how to a mentally retarded person with a skill for simple wood-working.

The resources are here. It's just a question of matching up . . .

Now why, as we noted recently, writing about the Junior Women's Association for the Detroit Symphony Orchestra's new project, the Detroit Cultural Events Calendar "Making The Scene," didn't anyone ever think of that before?

Project LINC is the latest in a long line of Junior League of Detroit-sponsored community projects, dating from 1922 when the Junior League founded the Detroit League for the Handicapped.

Other past projects include the Poison Control Center . . . the Senior Center . . . the CPT television show . . . Art to the Schools . . . the School Volunteer Program . . . furnishing and staffing a playroom at the new Children's Hospital . . .

All are/were financed by the Junior League's Community Trust Fund. Monies come from fundraisers such as the recent rotogravure advertising supplement to the Detroit Free Press, a special project chaired by Mrs. Alfred R. Glancy, III, of Cloverly road, and the annual League-sponsored, in conjunction with the J. L. Hudson Company, Fashion-scope fashion shows.

The Junior League always returns funds it raises from the community to the community.

That's nice.

And the League, now under the presidency of Mrs. Henry M. Woodhouse, of Renaud road, constantly seeks new ways to solve problems and to serve the community. That's nice too.

The League believes Project LINC will be such a solver-server, that it will provide stimulating, challenging volunteer work, that it will be satisfying to see the needs fulfilled, that through Project LINC the suburban volunteer will have an opportunity to become better educated about the lives and problems of central city citizens—thus broadening her scope, and maybe changing some attitudes: Her own and those of people around her.

And, by asking other groups and organizations to join in solving LINC projects, the League will act as a multiplier. That's not half bad.

They'll Lead '71 Torch Drive In Pointe

Leaders for the 1971 Torch Drive residential campaign in Grosse Pointe include, (from left), MRS. DAVID K. FITZSIMONS, of Cloverly road, region chairman; MRS. JOSEPH R. DANSBURY, of Prestwick road, MRS. ROBERT MICHALIK, of Kenmore drive, and MRS. THEODORE GRAN-GER, of Mapleton Road, all division chairmen.

Also appointed division chairmen were Mrs. Glenn B. Moore, of North Deeplands road, and Mrs. Jerome K. Bresser, of Audubon road. The 23rd annual United Foundation campaign begins October 12 and runs through November 4. It will benefit 164 health and community services.

Parties Honor Miss LePlae

Pre-nuptial parties have been given in honor of Denise Joan LePlae, daughter of Mr. and Mrs. George R. LePlae, of South Oxford road, who this Saturday, August 7, will be married to Brian Edward Grabert, son of Mr. and Mrs. Bruce H. Grabert, of Jackson.

Miss LePlae's sorority sisters at Michigan State University, Mary Zen, of Lincoln road, and Susan Van Dusen, of East Lansing, entertained at a miscellaneous shower June 3.

The bridegroom's aunt, Mrs. Keith Vostwick, of Jackson, gave another miscellaneous shower for the bride-elect June 4.

A co-ed round-the-clock shower was held in the Ann Arbor Hills Country Club June 20. Ester Peely, of Jackson, was hostess.

Miss LePlae's three aunts, Mrs. Roland Brandou, of Detroit, Mrs. Robert LePlae, of Bedford road, and Mrs. Frederick Metzler, Jr., of Kenmore drive, entertained at a kitchen

shower June 23, and on July 21, the bride-elect's sister, Mrs. J. Thomas Carroll, Jr., of Detroit, gave a barbecue and swimming party at her home.

The Old Place in East Jefferson Avenue will be the setting for the Rehearsal Dinner hosted by the bridegroom's parents tomorrow, Friday, August 6.
