HEADLINES of the WEEK As Compiled by the Grosse Pointe News

THE WAYNE COUNTY BOARD OF COMMISSIONERS appears ready to approve the \$136 million domed riverfront stadium plan unveiled Wednesday by the Wayne County Stadium Authority. If the commissioners accept the design and financing plan the stadium's fate will pass to the State Legislature, which is considering two bills that would supply an estimated one-third of the stadium's annual revenue. Prospects appear good for passage of both bills. Two public hearings have been scheduled on the stadium.

A NATIONAL GUARDSMAN, James P. Watson, a second-year law student at the State University of Buffalo, gave an eyewitness account in federal court in Buffalo, N.Y., Thursday, of prisoners being beaten by state troopers after the Attica Correctional Facility riot was quelled. As a result, State Corrections Department officials gave attorneys permission to interview prisoners.

PRESIDENT NIXON announced Thursday that he will impose a system of wage and price restraints "with teeth" on major industries after the 30-day freeze expires. The President gave the first clues to his thinking about "phase two" of his economic policy in a surprise press conference in the White House office. It turned out to be somewhat closer to the recommendations of business and industry than of organized labor.

ASSOCIATE JUSTICE HUGO L. BLACK, peppery champion of individual rights in more than three decades on the U.S. Supreme Court, retired Friday. The retirement gave President Nixon the opportunity to reverse, or at the very least neutralize, a liberal lean of the nation's highest court which dates to the New Deal days of Franklin D. Roosevelt. A White House announcement said the 85-year old Black, who had been a patient at the Naval Medical Center in Bethesda, Md., since August 28, was retiring because of failing health.

ISRAEL AND EGYPT traded missile fire along the Suez Canal Saturday, pushing the 13-month old cease-fire dangerously close to collapse. Cairo said Israeli Phantom fighter-bombers attacked Egyptian canal-side positions with American supplied Shrike missiles, without causing damage or casualties. It added that Egypt fired back with anti-aircraft missiles.

U.S. MILITARY SOURCES said Saturday that the American fighting role in Vietnam will formally end June 30 when plans call for the U.S. military forces to switch to advisory and support activities. The sources said U.S. combat involvement after that time will be limited to air support for South Vietnamese forces.

A FIVE-ALARM FIRE of unknown origin destroyed Lofy's Super Club at Ann Arbor and Lilley roads in Plymouth Township early Sunday morning. Owner Sam Hadous estimated the total loss at somewhere near \$500,000. Ten firemen suffered minor cuts and bruises but there were no serious injuries, according to Plymouth Township Fire Chief James Gignac.

WALKER L. CISLER stepped aside Monday as chief executive officer of the Detroit Edison Company. Although Cislser remains as chairman of the board of directors, day-to-day operation of the utility will be turned over on November 1 to the company's number two man, William G. Meese, 55, the company president. Cislser held the post of chief executive officer for 17 years.

Kiwanians' Peanut Sale Sept. 24, 25

Proceeds Help Service Club Carry on Varied Charitable Activities; Ask All to Give

Pointe Kiwanians will be selling peanuts at all major intersections on Mack avenue in The Woods on Friday, September 24 and Saturday, September 25, from dawn until dusk.

The project is for the purpose of raising funds for use during the coming year for charitable needs. The funds have been used in the past to purchase buses to transport children to and from the Wood-Lake Front Park, to obtain toys and gifts for hospitalized children, to erect a picnic shelter at Lakefront Park, to assist drug abuse programs, for scholarships and the Youth Service Division, to name just a few.

Rodger Graef of the Kiwanis Club told the NEWS, "We're not actually selling peanuts. We are just asking our citizens to help Kiwanis help kids by donating to this worthy cause. The peanuts are given as a symbol of appreciation for the donation."

The Grosse Pointe Kiwanis Club will issue special recognition certificates to the many local business and professional men in The Woods who have helped underwrite the cost of the peanuts," Graef said. Interest and enthusiasm within the local Kiwanis Club is stimulated by the offering of a trophy to the member who collected the most peanuts.

15 Pointe Seniors Named As Merit Semifinalists

Fifteen Pointe students are among 15,000 of the nation's most intellectually talented high school seniors who have been named Semifinalists in the 1971-72 National Merit Scholarship competition.

They include Arlayne L. Carson, William O. Dargel, Michael L. Pohnl, David G. Sanders and Stephen W. Shepard, of North High School; Laura M. Connolly, Karen G. Crane, Lynmarie Do'son, Catherine A. Draper, James F. Eckenrode, Kenneth J. Hawley, Jeffrey C. Hayes and Casey Liston of South High; and Keith L. Ensrth and Jon F. Seaver of St. Paul High School.

They will compete for about 3,000 Merit Scholarships to be awarded in the spring of 1972. The Semifinalists were the

Woods Solons Approve Junket to Convention To Be Held in Honolulu

Under Established Policy, One or All May Attend at a Cost of \$1,200 Each; Mayor McLeod Lone Dissenter to Hawaii Trip

The National League of Cities, of which the Michigan Municipal League is an affiliate, will hold its 48th Annual Convention in Honolulu, Hawaii, and on Monday, September 13, the Woods council by a 6-1 vote approved the city's participation at this convention. The Woods and the other Pointes are members of the MML.

The nay vote was cast by Mayor Kenneth McLeod, who disclosed that under a policy, established about four or five years ago, participation at these conventions means that any single councilman, or all of the councilmen, are entitled to attend. Last year, the convention was held in Atlanta, Ga., and all the solons, except the mayor and former Councilman William Huettelman refused to attend. What it cost the city taxpayers was not disclosed.

At least a pair of eyebrows have been raised in the Woods, when two "interested citizens and taxpayers" stated in a letter that they would be interested in knowing the nature of this "policy". And, the reason they are asking is because if all seven members of the council go to this convention, it will cost the taxpayers a total of \$8,400, or \$1,200 each, to send them.

All May Not Go
McLeod said that he did not attend last year's convention, and does not propose to go to the one in Honolulu, although under the established policy, he and other members of the city body are entitled to go. He said that even though the other solons had

Thieves Steal, Strip Vehicle

Andrew W. Hogarth, 57, of 2215 Hankin, Walled Lake, parked his car in the rear lot of the shopping center at Mack and Moross on Saturday, September 18, and locked it. Three hours later he discovered the vehicle gone and reported the theft to Farms police.

Hogarth said that he parked the auto at 8:45 p.m. and returned for it at 11:45 p.m. The Farms authorities dispatched a description of the car to all police agencies in the Metropolitan area.

A short time later, a message was received from the Macomb County Sheriff's Department that the car, a 1963 Ford Limited, four-door, was recovered by deputies of that department in Duluth road. The vehicle was completely stripped, it was reported.

Earth Lovers Supervisors Found Guilty

Ecology Group's Adult Overseers Ordered to Pay Fines by City Judge Paterson

Jack Grenard and Jere Thomas, adult supervisors for the Earth Lovers; a local ecology group which collects bottles for recycling behind the Grosse Pointe Unitarian Church, were found guilty on Friday, September 17, of violating a noise ordinance, by Judge Douglas L. Paterson in the City of Grosse Pointe Municipal Court.

Grenard and Thomas were charged with violating the city's noise nuisance ordinance on Saturday, August 14, after residents living in the area filed a petition complaining about the excessive noise created by the youngsters on Saturday afternoons.

Following the court appearance on Friday, August 20, at which time Earth Lovers volunteered to move their operations indoors, the case was adjourned until Friday, September 10.

Allows Conference
Judge Paterson permitted representatives of Earth Lovers and city residents to confer before the trial on that date but no equitable agreement could be reached between volunteer attorney for the defense, Kurt A. Reinstein, his clients and City attorney Richard Hinks and the citizenry.

The trial consumed the greater part of the morning and early afternoon. Testifying for the defense were Grenard, Thomas, Jonathan Houston, 14, head of the Earth Lovers, his mother, Mrs. Nancy Houston and Dr. Harry Meserve, minister of Grosse Pointe Unitarian Church.

Complainants offered seven witnesses; Mr. and Mrs. Ralph Bower, Mrs. Frederick Dettinger, Mrs. Martha Cataldi, Mrs. Marie Bonner, City police officers Corporal George Brack and Patrolman Ron Pryor, who investigated the noise complaints.

Following testimony of the witnesses Mr. Hinks and Mr. Reinstein submitted closing arguments for their clients. Mr. Reinstein once again requested dismissal of the cause of action because of Judge Paterson's ruling in discontinuing the charges against the Earth Lovers and because, in his opinion, the case beyond not proved their case beyond a reasonable doubt.

Following dinner, Grosse Pointe's favorite mens singing group, the Grunyns, will perform. These men about town include John Prost, Charles Parcels, William Y. Gard, Steve Hauser, Phil

Court Upholds Company's Right To Build Eatery

Firm's Appeal Results in Writ of Mandamus Upsetting Woods' Denial of Construction Permit; Building Department Ordered to Comply.

It was not on the agenda of the regular meeting of the Woods council on Monday, September 20, but the solons were informed by City Attorney George Catlin, that a Circuit Court writ of mandamus, issued earlier in the day, makes it mandatory that the Building Department issue a permit for the construction of a drive-in restaurant in Mack avenue, between Lennon and Van Antwerp.

An appeal hearing against the denial of a permit was held before retired Common Pleas Judge David Vokes, as provided by State Law to ease the heavy Circuit Court dockets, who ruled in favor of the firm and issued the writ.

The company had applied for the right to build last February, and on March 15, the council, sitting as a Board of Appeals, upheld the refusal of Earl Wakely, head of the Building Department, to issue permission. There were many residents at the meeting who expressed strong objections to the eatery.

The matter was taken before Circuit Judge Blair Moody, Jr. on April 23. He refused to grant the application as a matter of law, and required the plaintiff to go to trial.

At Monday's hearing before Vokes, the company contended that the city acted "arbitrarily and capriciously" in its decision to deny the permit.

The people of the neighborhood, backed by a study made by the Department of Public Safety, charged that a restaurant on the site would substantially increase traffic congestion and law violations. The fact is that Parcels and Mason Schools are in the immediate vicinity. Their students will present additional traffic and policing problems, it was charged.

The council refused to allow the granting of the permit, even after the firm had complied with every aspect of the city's zoning ordinances, plus other concessions, including making the ingress and egress on Mack avenue, and building a three-sided wall to prevent cars from driving through the alley and to prevent the blowing of trash onto neighboring property.

Catlin told the council that it would no longer be to the city's advantage to fight the matter in court, and recommended that the council instruct Wakely to issue the permit for the building, as required by the court's writ of mandamus.

Acting on the recommendation, the solons approved that Wakely be directed to issue the construction permit.

Annual Memorial Dinner Scheduled for October 6

The Annual Dinner meeting of contributing members of Grosse Pointe War Memorial Association will take place in its Crystal Ballroom Wednesday evening, October 6, at 7 o'clock. A gourmet meal has been scheduled beginning with hors d'oeuvres and a stand-up first course and continuing through an elegantly decorated sit down dinner.

Patrolman Ordered Reinstated

MLEC Examiner Rules Full Back Pay and Benefits Restored to Farms Patrolman; City has 20 Days to File Exception

A Farms patrolman who was dismissed from the force one day before he was to have completed his probationary year because of alleged "unsatisfactory service" must be reinstated with full back pay and benefits, Farms officials were notified on Monday, September 20. The reinstatement was ordered by Trial Examiner Chlomo Sperka, of the Michigan Labor Employment Commission.

John C. O'Meara, labor attorney for the city, said that a notice of Sperka's findings has been given to City Manager Andrew Bremer, Jr., and to the Farms city council, who are in the process of studying the document, and will have 20 days in which to file an exception to the ruling, otherwise, the officer, Kenneth Pine, will return to work.

The issue was brought before the Commission last April 27 by the Grosse Pointe Farms Police Officers Association, represented by its attorney, Winston L. Livingston.

Pine was appointed to the department on April 20, 1969, and was handed a two-week notice of dismissal, which took effect on April 19, 1970, one day before he was to have completed his probationary period as an officer.

Bremer, who gave the suspended patrolman the notice, charged that Pine filed a claim for payment on wages due him for time he attended police basic training classes, in violation of a waiver Pine had signed as a condition of employment.

Pine, backed by the GPFPOA which asserted that according to a contract with the city, that it is recognized as the sole bargaining agency for non-supervisory personnel of the force and probationary officers, filed the claim in February. He had asked for \$100 and 141 hours off to compensate for 161 hours of overtime spent in training school.

Pine, through the Association and Livingston, said that when classes were held during working hours, he only attended school, but when classes and work did not conflict, he was required to both work and attend school.

Pine's claim for compensation was denied by Chief Robert Ferber on March 8, on the basis of the waiver, in which the officer stated that he understood training school was required of probationary officers and that he could receive no compensation.

Both the city manager and the chief, at the time, stressed that a probationary patrolman could be fired for any reason because of the fact he is on probation, and the reason Pine was dismissed was because of "unsatisfactory service."

The two officials denied Pine was fired because of alleged union activities, as claimed by the Association.

The GPFPOA said that two other patrolmen, Gerald Deburghgraeve and Phillip Miglio, who were not on probation, had also filed claims for time attended at training school. They, too, had signed waivers prior to employment, and their claims were denied. However, because they had finished their year's probation, they were not dismissed.

According to the officers of the Association, John Farley, president; Clarence Reichling; vice president; Philip Miglio; secretary; and Gordon Evan, treasurer, Chief Ferber had asserted at a formal hearing that the city was morally obligated to compensate all officers fired for at least 80 hours. Later it was charged, the chief rescinded this statement.

The Association officials said that never has any question been raised regarding Pine's ability as a police officer. (Continued on Page 2)

Junket

(Continued from Page 1) elected official can deny another elected official from attending, when they are representing the Woods and their electorates to prevent some of these liberal programs from being instituted.

Boutin said that he thinks that the more councilmen that are willing to attend the convention, which is city business, the better chance the city has of preventing liberal programs from being instituted.

A letter jointly signed by Ruth and Herb Wood of 1863 Littlestone, questioned the junket in accordance with a "policy" adopted by the solons several years ago.

"It happens that one of us was present at this meeting," they stated in the letter, although not disclosing which one, "the only citizen there aside from the council members."

"Realizing that our small city, like many others, face constant problems with regard to income versus budget, we have to question if these free trips to Hawaii for council members, in the amount of \$8,400 is a justifiable use of public funds."

"We recognize that council members are not well paid for their time and efforts, and we concede that the Congress (National League) of Cities meeting may provide useful information and insight into current urban problems. But WHY a junket of the entire council? Nevertheless, it would seem that the council members should be willing to publicly explain and defend their position, rather than vote themselves free trips to Hawaii in an atmosphere of secrecy."

McLeod said he has no opposition to members of the council attending Michigan Municipal League conventions, which are always held in the State, and having whatever expenses incurred reimbursed. This is done by all MML communities, he said in a conversation with the NEWS.

He pointed out that the council, at Monday night's meeting, authorized that he be reimbursed \$315, which he spent while attending the MML convention at Mackinac Island, which was for the benefit of the Woods.

Semifinalists must advance to Finalist standing to be considered for the Merit Scholarships to be awarded next spring. Semifinalists become Finalists by receiving the endorsement of their schools, substantiating their high NMSQT performance on a second examination, and providing information about their achievements and interests.

About 96 percent of the Semifinalists are expected to become Finalists, and each will be considered for one of the 1,000 National Merit \$1,000 Scholarships which are allocated by state. Many will also be considered for the renewable four-year Merit Scholarships provided by some 500 corporations, foundations, colleges, unions, trusts, professional associations, other organizations, and individuals. Each Finalist will receive a Certificate of Merit in recognition of his outstanding performance in the program.

Winners of four-year Merit Scholarships may receive up to \$1,500 a year for four college years, depending on their individual need. Winners of the National Merit \$1,000 Scholarships will receive their non-renewable one-time awards upon enrollment as full-time students in accredited U.S. colleges or universities.

High school grades, accomplishments, leadership qualities, and extracurricular activities of the Finalists are evaluated, along with test scores, in selecting Merit Scholarship winners.

NMSS identifies the Semifinalists to all regionally accredited colleges and universities and to certain scholarship-granting agencies and other sources of financial aid. Studies in former years have shown that about half of the Semifinalists received financial aid from sources other than the Merit Program.

Names of the winners in the 1971-72 Merit Scholarship Program will be announced in the spring of 1972. Some 28,000 students have received Merit Scholarships in the sixteen annual programs to date. About \$81 million in financial assistance to Merit Scholars and their colleges has been expended or committed through the Merit Program.

O'Meara said that Bremer and the Farms council will have to study Sperka's findings, and can have Pine reinstated immediately, or file an exception (appeal) with the State Labor Relations Board within 20 days. If this is done, if the Board upholds Sperka's decision, the Farms can take the matter to Circuit Court, if it wishes to go that far, the labor attorney added.

Mathematics Achievement

(Continued from Page 1) every three sixth grade boys ranks in the top 10 per cent of the nation's students.

The experimental aspect of the project involved 23 project classrooms in each of the 10 elementary schools and three middle schools in testing new instructional materials and in exploring ways to individualize instruction," said Roger McCaig, Curriculum Associate in the Department of Instruction. "What individualization really means is organizing a classroom so that each student learns the things he needs to know in a way that works best for him. No one is expected to learn something he's not ready for or to waste time repeating something he already knows. It's as simple and as complicated as that."

Dr. Jensen explained that the project was evaluated by comparing achievement gains (with pre- and post-tests) for differences in grade (3, 4, 5, 6), sex (boys and girls), and intelligence (high, middle, low) for four areas of mathematical knowledge (computation, concepts, problem solving, total math). In addition, six attitude measures are being analyzed to gain insight into the relationship between attitude and achievement.

Among the findings announced by Dr. Jensen for mathematics learning in grades three through six are these:

Middle and high intelligence boys learn more in individualized instruction classrooms than in other classrooms.

Middle and high intelligence girls learn equally well in either individualized instruction classrooms or in other classrooms.

Low intelligence girls learn more in individualized instruction classrooms than in other classrooms.

Low intelligence boys learn better in other classrooms than in individualized instruction classrooms.

"This isn't the kind of research that's going to sit on the shelf and gather dust," said

Supervisors Found Guilty

(Continued from Page 1) Judge Paterson denied both motions offered by Mr. Reinstein and adjourned the matter until September 17 for final disposition.

Judge Paterson in his findings on September 17 stated that it was the opinion of the court that the people had proved beyond a reasonable doubt that the defendants were guilty as charged.

Grenard and Thomas were fined \$50 each and made to pay costs of \$50 each.

Attorney Reinstein announced he would appeal Judge Paterson's decision.

Johathan Houston said the Earth Lovers will be open for business as usual on Saturdays between 10 a.m. and 4 p.m. Mr. Grenard told the NEWS that the Earth Lovers have the full support of the church's board of trustees.

Drug Programs Set for October

Mr. Samuel Ulmer, chairman of the Education Committee of the Family Life Education Council (FLEC) has announced that FLEC is recommending and actively support two drug programs which begin in October.

The first is a Drug Education Program presented by the American Association for University Women - Grosse Pointe Branch, which will be held at 8 p.m., Thursday, October 21, at Parcels Middle School. The program will feature a panel presentation with experts in a variety of fields, who will discuss the problem of drugs from a physician's viewpoint; counseling and therapy available in the community; police-community relations, including a description of the Youth Service Division; new drug curriculum in our school system; as well as the role of the school social worker and her view of the problem as it new stands.

This program will serve as a kick-off for a course to be offered by the Department of Community Services and FLEC slated to begin on Monday, October 25, from 7:30 to 9:30 p.m., and running for eight weeks at Brownell Middle School. Tuition will be \$10. The course is entitled "An Alternative to Drugs." The alternative is the proper balance between the physical, intellectual, social and emotional facets of the individual's being.

Three main areas will be discussed. They include "A Child's World," a developmental look at childhood, behavior patterns which influence present and future adjustment, the impact of the group on the mental health, values and attitudes of children and the influence of the school on the mental health of children; "The Effects of Society at Large," in which the uses and misuses of drugs will be discussed and the role and effect of legislation and law enforcement on the produc-

tion, distribution and use of drugs; "A Program to Promote Balance" which asks the question, "Who Is Responsible for What?," and explains the influence of the church, home, school and the community on the mental health of the children. There will also be a presentation of the K-6 drug education curriculum guide for the Grosse Pointe School System.

One View From The Capitol

Representative William R. Bryant, Jr.

Ballot proposals for next year are becoming so numerous that if all those who seek to place proposals on the ballot succeed, we could have as many as eight proposals.

The Governor and some Republican legislators seek to place at least one, maybe two proposals on the ballot, by petition, relative to property tax reduction and maybe a repeal of the prohibition against graduated income tax.

Democrat State Central has announced plans for a petition drive to put a combined property and income tax question on the ballot, including a steeply graduated income tax.

Former State Senator Robert Huber's newly started Conservative Party proposes to place a question on to limit and roll back the new increase in state income tax.

Petitions are being circulated to pose the question of doing away with the two house

legislature and adopting a unicameral legislature amendment.

Proponents and opponents of liberal abortion allowance in Michigan both may place questions on the ballot pertaining to abortion law changes.

And last, and probably least, Daylight Savings time proponents may seek a new vote on that seemingly ever present issue.

With such a confusing and formidable array of ballot questions next year's elections may be dominated by ballot proposals rather than candidate contests. This plus 18 to 20-year-olds voting will mean record numbers of voters and will, I am certain, produce some startling election results.

Church Offers New Program

An exciting new program for youngsters in grades one through six has been initiated by the Grosse Pointe Unitarian Church. A Free Committee, under the chairmanship of Roger McCraig designed it.

The program begins with a service in the chapel each Sunday morning conducted by director Darlene Krato with the assistance of Dr. Harry Meserve, adults and young people of the church. At that time students discover the many functions of their church and why it is their church.

The Discovery Units for the day are outlined at this time so students have an opportunity to select the unit which most appeals to them on that particular Sunday. (The units are offered on a rotating basis each week).

They include Discovering the World, which showcases the talents, hobbies and special interests of the adults and young people of the church and is coordinated by Don and Lalia Young; Discovering Oneself, which explores one's feelings about himself and others through discussion, games and group projects, coordinated by Lois McMahon; Discovering the World of Adults, where youngsters learn what mom and dad do all day through exploring vocations and avocations of adult members of the church, coordinated by Virginia Sargent; Discovering Art, which teaches youngsters how to work with many types of materials and shows them

how to create not only for their own enjoyment and satisfaction, but for the satisfaction of others, coordinated by Barb Malleck; Sensory Awareness helps youngsters discover their senses through dance, speech, music, baking, yoga and the every day natural world around them. This unit is coordinated by Jane and Jack Grenard.

The In-Between-Room is an area set aside for students when none of the day's activities are of interest to him. There he may read, think or play quietly. An adult will be on hand to assist the youngster if he so desires. Sue Olson is the coordinator.

Myra Moeller is coordinator of the Communication Center, where students may discuss religion and the church and ask questions about them. The youngsters have the opportunity to ask these questions via a tape recorder. Dr. Meserve answers them on tape.

Other special events are planned during the year to create a balance between activities designed to emphasize service to others, and to provide opportunities for self growth and development.

The program's aim is to listen and discover the beliefs, discover their source, and provide them with the opportunities to compare those values with those held by others in an atmosphere where the children can grow, learn to understand themselves, and learn to communicate with others.

Accuse Driver On Two Counts

Gordon L. Russell, 29, of 18625 Eastwood, Harper Woods, was arrested by Woods police on Monday, September 6, and charged with two counts of traffic violation.

Russell made a prohibited left turn from southbound Mack avenue onto Vernier road, when he was observed by Patrolman James Fowler, who was stopped on Mack for a red light. The officer brought Russell to a halt at the intersection.

When ordered out of his vehicle, Russell staggered and his speech was slurred, the officer said. As Fowler informed him that he was under arrest for the prohibited turn and drunk driving, a woman motorist came on the scene and told the policeman that Russell had used obscene language in her presence.

The arrested driver was taken to the station where he was issued a violation ticket for failing to comply with a traffic control device, and another for driving while under the influence of liquor.

He was released on bond and is awaiting a hearing before Woods Municipal Judge Don J. Goodrow.

NAB THIEVES

Michael Cammarata, 20, 2150 Lancaster and Raymond Assessor, 20, 1907 Lancaster, were arrested by Woods police after police received a report of stolen wood from a home under construction. Police saw the two driving a Volkswagen bus with the wood tied to the top.

Plan your future carefully, —the bigger the summer vacation, the harder the fall.

on strength, solidity, and silence. Their strong, expressive styling achieves an attitude of distinction with clean, fresh lines. And while the styling is all new, the prices of the '72

GOOD OLD DAYS

THE STORY OF STROH'S ICE CREAM PARLOUR

It all started with a feeling, a feeling that would come when we passed by the glow of some old brass counter, or caught the aroma of old polished walnut.

Then it came to us: wouldn't it be wonderful if people could enjoy our real old-fashioned ice cream in a real old-fashioned ice cream parlour?

We knew at once what we'd been longing for. A place of our own, where Stroh's Old-Fashioned Ice Cream would really be at home.

With this in mind we set out to build an old-fashioned ice cream parlor, like those back in 1915 when they smelled of Dutch chocolate and fresh ginger; where you could hear the clink of China and half-smothered laughter, and peaceful conversations mixed with vanilla fragrances, ginger beer and sarsaparilla.

We had the finest product, and felt it should be dispensed in the proper atmosphere. We acquired a replica of a genuine 1930 popcorn machine to further enhance our new establishment... but the true test of pure enjoyment is Stroh's old-fashioned ice cream.

We think you'll be pleased to know—if your taste hasn't already told you so—that Stroh's ice cream contains 40% more sweet cream than the Government requires.

Also, every flavor of ice cream that Stroh's makes is made from a natural flavor. For instance, we use real vanilla extract, not the synthetic vanillin and real fruit, not artificial flavoring.

We use only Bendsorp cocoa, imported from Holland, to make Stroh's chocolate ice cream. As a matter of fact, we've been buying our cocoa from the Bendsorp people for over 25 years, and we wouldn't think of using anything else.

Now we ask you, friends, is this not the perfect place to enjoy Stroh's Old-Fashioned Ice Cream? We think there are still some people around who know and appreciate the difference.

Fishing Rodeo Great Success

The Grosse Pointe Boys and Girls Annual Fishing Rodeo once again proved to be a resounding success. The 452 participants caught a total of 74 fish.

Lucky winners included Jim Linclau, whose 13 1/4-inch Mooneye Shad was the biggest fish caught in The City; Don Smolenski, whose 11-inch Sheephead was the biggest in The Farms; Happy Friewald, whose Rock Bass at 7 1/4 inches was the biggest fish caught by a City girl, and Clarice Weskel, whose 6 1/2-inch Sunfish was the biggest caught by a Farms girl.

Mike Kaufman and Sharon Wicklund were awarded gifts for catching the most City fish and Randy Walworth and Nancy Riddle for catching the most Farms fish.

Pre-rodeo winners were Brian McCann, of The City, who caught a 23-inch Catfish; Jim Linclau, who caught a 22 1/2 Catfish; and Mike Kaufman, who won the award for the most fish caught with 18!

For The Farms, Curt Smolenski's 28-inch Channel Catfish took first place, Tom McHugh, won second place with a 27-inch Northern pike and Larry Ahee, took third place with a 26 1/2 Catfish.

Much of the success of the Rodeo was due to the fine efforts of chairmen, former City Police Chief Thomas

Trombley and J. C. Gasko, of The Farms, and their many assistants and contributing businesses and organizations.

A special note of thanks to Allard Hardware, Ed Brenner Minnow Nets, Farms Delicatessen, Grosse Pointe American Legion Post, Grosse Pointe Metropolitan Club, Grosse Pointe Optimist Club, Grosse Pointe Farms Boat Club, MPJ Model Car crafts, Silverstein's, Verheyden Funeral Home and Wrigley's Super Markets for their contributions of products, gifts, funds and refreshments.

Also devoting much time and energy to the Rodeo's success were Ralph Somelski and David Jensen, public address announcers; Peter Amerio, measurer; Edward Lauer and Thomas Guarke, park directors; Richard Graves, Joseph Crea, Robert Gasko and William De Gallen, gifts; Frank Dansbury entertainment; Allen Van Tiem, photography; Babe Parsons, charter boat; Louis Sendlebach, candy; Mrs. Edward Lauer, Mrs. James O'Connor and Mrs. Louis Sendlebach for clerical and coffee brewing skills, and the countless other people who cooked and fed the small army of contestants.

Fails to Elude Pursuing Police

A 20-year-old Park youth who tried to elude Wood's police by hiding on the roof of a garage, was arrested on Tuesday, September 14, and charged with illegal possession of narcotics, under a city ordinance.

Accused is Mark A. Morgan of 1014 Yorkshire, who was taken into custody by Patrolman Douglas Dosmas, with the assistance of Cpl. Thomas Kerving and Patrolman Patrick McMath. The youth was located on the roof of a garage on the property at 1658 Broadstone.

According to an official report submitted by Dosmas, the officer stated that he was patrolling south on Mack avenue when he observed an automobile park south on Broadstone, with its lights out, and a figure behind the wheel, slightly hunched over.

Dosmas said he stopped and inquired of the youth, identified as Morgan, if he was the owner of the vehicle. Morgan replied that the car belonged to his brother. Later, it was proved that the car was registered to Morgan, but the license plates were in the name of his brother.

Dosmas ordered Morgan out of the vehicle and asked for some identification. The patrolman also announced that he was going to search the auto.

The policeman said that as he was about to enter the car, Morgan ran from the scene on foot, going west on Broadstone. The officer gave chase, and at the same time called for assistance on his prep radio, which brought Kerving and McMath.

Dosmas said he saw Morgan leap over a fence at 1658 Broadstone, after which he lost sight of the youth. Not hearing any further noise, such as that made by the climbing over a fence, the patrolman remained at his position until help arrived, and the area was searched.

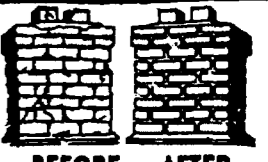

The policemen found Morgan atop the roof of the garage, and after ordering him

down, returned him to his car. Dosmas said he searched the automobile and found a wooden pipe in the car ash tray, the type used in smoking hashish, with ash residue in the bowl of the pipe. Also found, it was said, was a plastic bag, which contained what appeared to be marijuana.

Morgan was issued a violation ticket, charging him, under an existing city ordinance, with possession of narcotics. He was released on \$100 bond, pending a hearing before Woods Municipal Judge Don J. Goodrow on October 13.

Giant Freighter Will Ply Lakes

Visualize a ship so long that if she stood on her stern, and you stood on her bow, you would have to look down 359 ft. 10 in. to see the red ball on the top of the Penobscot Building! The ship is the Stewart J. Cort, longer than either the luxury ocean liners United States or Queen Elizabeth II.

Built for the Bethlehem Steel fleet, the Cort is 1,000 ft. long, 105 ft. wide with a cargo carrying capacity of 52,000 long tons, unloading rate of up to 20,000 long tons per hour and a loaded speed of 16 miles per hour. Her tonnage ore pellet capacity is double that of the largest existing Lake carriers and the maximum discharge rate is faster than any ore ship now in operation in the world.

A special exhibit at the Dossin Museum tells the wonder-filled story of the build-

ing of this Gargantuan ship. It includes not only models of the vessel but the yard especially constructed for her building and the unloading machinery, with photos carrying the progress of her unusual birth.

The bow and stern for the Cort were built at Pascagoula, Miss., then sailed through the Seaway into the Lakes where at Erie, Pa., her midbody was built and added to the now separated bow and stern. All this was necessary because the final ship would be too long by 250 ft. and too wide by 30 ft. to fit the locks between here and the ocean.

This is the first time models and material have been assembled from a round the country, and the only time the exhibit will be shown to the public in the Great Lakes Area. The exhibit will run through mid-November.

Park Firemen Win Promotions

Park Fire Chief Henry DeLerck announced the promotion of two men in his department. The announcement, made and confirmed on Friday, September 10, said that the promotions took effect on August 25.

Elevated from sergeant to lieutenant was James Palmer, 38, who with his wife, the former Elizabeth Tocco of Detroit, and their three children, Lynne, 11; Lisa, 9; and James, 7, reside in Roseville.

The new lieutenant, a native of Ferndale, is a veteran of the U.S. Army, serving in Trieste, Italy, from 1953 to 1955. He was honorably discharged with the rank of corporal.

He is a 1951 graduate of Detroit's St. Rose High School. He was appointed to the department on November 14, 1955, shortly after his service discharge. He was made corporal in January 1967, and sergeant in September 1969.

He undertook a rigid fire fighting course sponsored by the Port Huron Fire Department, following his basic training classes with the Detroit Fire Department. He is an active member of the Arson Investigation Association.

Replacing Palmer as ser-

geant is William Hunt, 43, of 1243 Maryland. He is a native of Detroit, and is a 1947 graduate of Detroit's Annunciation High School.

He served with the U.S. Army Medical Corps in Korea from 1950 to 1952, and was honorably discharged with the rating of staff sergeant.

He was appointed a pipe man with the Park Department in June 1955, and received his basic training from the Detroit Fire Department. He also took several regional fire fighting courses at the Selfridge Air Force Fire Fighting School, and holds a certificate after completing an Arson Seminar from that base, in Mt. Clemens.

His promotion to fire sergeant fills a vacancy created by the retirement of Sgt. Paul Wernet, who retired on July 8, after more than 36 years of service with the department.

Hunt is married to the former Patricia Hergoot of Walkerton, Ont. This is the second travel program for the Cinema League this fall held in Fries Auditorium. It will cover ruins of Mexico, views of the University in Distrito Federal, a bull fight, and the scenery around Acapulco de Juarez, Cuernavaca and Guadalupe.

Following the presentation coffee will be served by Mildred Becker, Ruth Saur and Mrs. Emil Saur, in the Crystal Ballroom.

People interested in photography and travel are invited to attend.

Richard W. Kay Takes New Job

In a reorganization of the administrative staff due to an unexpected retirement, School Superintendent Dr. Theos I. Anderson recommended, and the Board of Education unanimously approved, the elimination of the position of administrative assistant-personnel at the regular board meeting on Monday, September 13.

The board also approved Dr. Anderson's recommendation that Richard W. Kay be named director of employee relations and assigned to the Department of Personnel at the earliest possible date with salary status unchanged.

He further recommended, and the board approved, the establishment of the position of coordinator of community services. This position will be a half-time one, with a ten-month work year and will be compensated on the teacher salary scale plus a stipend for the extra time worked based on extra pay-for-extra-duty program.

Dr. Anderson said that this position will be advertised and filled at the earliest possible date. The individual will be supervised by the assistant superintendent of instruction.

Cadillac '72

Sedan deVille, more luxurious than ever. There's every reason to believe that Sedan deVille will continue to be the most popular Cadillac of them all—the luxury car model enjoyed by more motorists than all others. It has the look of luxury—from its distinctive new grille to the new jewel-like finish on interior metal surfaces. It has the feel of luxury—with even more comfortable seating. It has more of what adds up to lasting value. Like Cadillac's new bumper system for increased front-end protection. Sedan deVille—more than ever the popular choice.

One great car after another.

Eldorado, even more distinctive for '72. There's the incomparable Eldorado Coupe, shown here, and the stunning new Eldorado Convertible, the only luxury convertible built in the land. With a massive new grille design, they are even more elegant, even more exciting. Some things we didn't change.

Such as the 8.2 litre V-8 that happens to be the world's largest production passenger car engine. The precise handling of front-wheel drive and variable-ratio power steering. The Eldorados of 1972 are, more than ever, the world's most elegant personal cars.

Out of a 70-year tradition of excellence come nine great Cadillacs for 1972. In addition to the models above, you can choose from the magnificent Fleetwood Sixty Special Brougham... the new Coupe deVille and its luxury with the youthful touch... the excitingly new Calais Sedan and Coupe... and the most aristocratic of automobiles, the new Fleetwood Seventy-Five nine-passenger Sedan. Finally, there's the Seventy-Five limousine, the only limousine built in America specifically designed as a limousine.

Year after year. Model after model. Time after time. Cadillac '72 is one great car after another. Because Cadillac does not reject the past, but builds on it. Carefully.

Beautifully. With Fleetwood coachcraft by Fisher. With that rare blend of styling continuity and contemporary flair that tells you at a glance that this is Cadillac. You'll see what we mean when you see your authorized Cadillac dealer.

The Standard of the World still stands alone.

Kidney Machine Campaign Push

By Pepper Whitehaw
Local police and firemen are making sure that Lucien Snep, sergeant with The Farms Fire Department, has enough coupons for his life-saving kidney machine. They have placed boxes for these coupons in each station where they hope local citizens will drop Betty Crocker coupons . . . lots of them . . . before the offer is withdrawn on December 1 of this year.

The machine Lucien uses is provided by the Michigan Kidney Foundation on loan. Each of the recipients takes it upon himself to find some way to replace the machine he uses. The new machine is then put back in the kidney bank for use by another person.

Earlier this year Mrs. Elton Ireland, of Hampton road, began collecting coupons for Lucien . . . She presently has boxes at Farmer Jacks, Mack and Eight Mile; Great Scott, at Harper and Eight Mile; Chatham's at Mack and Nine Mile; Krogers at Marter and

Jefferson and Wrigleys and A&P at the Seven Mile and Mack Shopping Center . . . then the Kiwanis Club of Grosse Pointe stepped in and had a coupon drive. Now the firemen and policemen have joined the team hoping to collect thousands more coupons before that December deadline.

Eight months ago specialists discovered that Lucien's kidneys were functioning less than ten percent and that a kidney machine was the only answer until a kidney transplant was possible.

Lucien and his wife, Rosemary, attended classes on the operation of the intricate machine. Mrs. Snep inserts two needles in Lucien's arm, one to carry the blood out of his body, and the other for the return of purified blood.

As Lucien's blood flows through the tubes, coils and filters, it is tempered and purified by moving water. Rosemary keeps track of his blood pressure, pulse and temperature during treatments.

According to Lucien it takes about an-hour-and-a-half to set up the machine, then another hour to clean and sterilize it when the six-hour treatment is over.

Lucien returns to the hospital every two months for a physical. Doctors firmly believe that the kidney machine patient must be active. So much so that they urge patients to take their machines on vacation with them. Lucien has a trailer that makes his machine transportable on mattress type supports.

The Sneps and their daughters, Pam, 15, Nancy, 11, and Marie, two, vacationed this summer in Masonville, Mich. . . . they liked it so much that they bought a piece of property there. Next year they will vacation on their very own land!

In the meantime, Lucien puts in a full schedule with the fire department, and has since he joined it in April of 1955. He told the NEWS that his illness has 'taught him how good people really are and what a wonderful bunch of men his co-workers are!

Bicycle Thieves Stopped in Act

Two 16-year-old Detroit would-be bicycle thieves were frustrated in their attempts to steal three two-wheelers by a J. C. Penney Store security guard on Thursday, September 16. A brown bag, containing a large pair of wire cutters and two locks, snipped from the bikes were confiscated and held as evidence by the authorities.

Patrolman William Duster, while on patrol in the driveway of the store, was stopped by three boys, names withheld, one 15 years old and the others, 14 years old, who complained that the older boys had cut the locks off the wheels of the bikes, which

were chained to a post at the rear lot behind the store. The owners said they notified the security guard at Penney's. The guard said the 16-year-olds were observed cutting the locks, and as she approached, one of the teens was bent over a two-wheeler. She told Duster that one of the boys was wearing a blue shirt, and the other a brown shirt.

On seeing her approach, the guard said, the would-be thieves walked away, going toward Moross and were seen entering the Cunningham drug store at the Mack intersection. Duster went to the store, just as the pair were emerging. On sighting the police-

man, the boy with the blue shirt, carrying the bag, dropped it. Both were apprehended and the bag confiscated.

At the Woods station, where they were questioned by the officer, one of the youths confessed that he had been arrested on previous occasions for shoplifting at the Eastland Shopping Center, and other stores in the area, and the second lad admitted that he had been arrested by Detroit police on suspicion of armed robbery.

The parents of the pair were called to the station to pick up their offspring and were informed that charges of attempted larceny of bicycles were being filed against their

Harmony. Love. Joy. Peace. These really make a home. And they can be found in any home. How? Not through getting material things, or merely wishing for people to change for the better. AMERICAN MOTORS INTRODUCES THE GUARANTEED CAR.

If anything goes wrong with one of our '72's and it's our fault, we'll fix it free. Anything.

AMERICAN MOTORS 1972 BUYER PROTECTION PLAN.

For years, car buyers in this country have been saying that instead of shiny new chrome every year, what they really want is a good car they can count on.

That's why American Motors and its dealers put together their 1972 Buyer Protection Plan. Here's how it works:

A STRONG GUARANTEE IN PLAIN ENGLISH.

When you buy a new 1972 car from an American Motors dealer, American Motors Corporation guarantees to you that, except for tires, it will pay for the repair or replacement of any part it supplies that is defective in material or workmanship.

This guarantee is good for 12 months from the date the car is first used or 12,000 miles, whichever comes first.

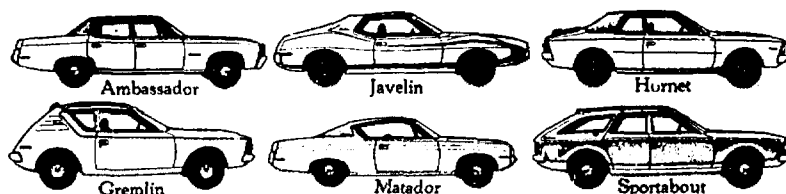

All we require is that the car be properly maintained and cared for under normal use and service in the fifty United States or Canada and that guaranteed repairs or replacements be made by an American Motors dealer.

This guarantee gives you 12-month or 12,000-mile coverage on a lot of things most car warranties don't. It covers air conditioning, battery, radio, wiper blades, front end alignment, light bulbs—literally everything we put on the car except tires.

In other words, if something we did goes wrong with one of our '72's, you won't have to pay for the parts or the labor. We will.

A MORE THOROUGHLY-CHECKED CAR. FROM THE FACTORY AND THE DEALER.

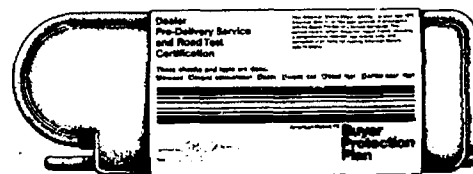

Naturally, we wouldn't be backing our cars like this if we weren't more sure of them than

we've ever been before. For 1972, we've put in more quality control steps, more tests and more people to see that every car leaving our factory is as perfect as man and machine can make it.

At the dealer's, it's checked over again.

Every car (not one of 50, one of 5, every one) is road-tested for starting, handling, braking and overall performance. When the serviceman completes the test, he signs his report and slides it over the sun visor, where you can see it.

And, when a man signs his name to something, you can be sure he's done his job. And done it right.

A LOANER CAR WHEN YOU NEED IT. FREE.

Not only do we offer you a strong guarantee, we've set up a system to back it up without inconveniencing you.

If you have to leave your '72 overnight for guarantee repairs, over 2,000 dealers will loan you one of their cars.

A nice, clean, well-equipped car in good condition. Free.

A DIRECT LINE TO DETROIT. TOLL-FREE.

We're making some big promises, and we fully intend to keep them. But, just in case you have a problem, we have a way of handling it. When you buy a '72, you get the name and toll-free number of a person in Detroit.

If you call, we promise you you'll get results. And fast.

These aren't just fancy words.

We mean it.

Nobody in the business does as much for you after you buy a car, and it takes a lot of time, men and money to do all these things.

But we think it's worth it.

Since we're giving American car-buyers exactly what they say they want, we should sell more cars than we've ever sold before.

American Motors

STARTING TODAY, THESE AMERICAN MOTORS DEALERS WILL DO MORE FOR YOU AFTER YOU BUY A CAR THAN ANY OTHER DEALER IN TOWN.

Motor, Fishing Items Stolen

A thief, or thieves, broke into the trunk of an automobile valued at more than \$260, a mobile belonging to Raymond Kopia of 15800 Rossini, Detroit, and stole an outboard motor and fishing equipment valued at more than \$260, according to information received by Woods authorities. Kopia told police that his

vehicle was parked in the lot of the Grosse Pointe North High School on Thursday, September 16. He said he noticed the trunk lid open when he returned to the car, and discovered that the lock had been punched out.

Missing, he said, was the motor, valued at \$125; an old fishing rod and reel, worth about \$10; a Shakespeare rod and Garcia reel, valued at \$50; a Sears rod and reel, value not known; and a tackle box containing lures and other fishing items, worth \$25.

Officers of the Detective Bureau are investigating the matter.

The best alibi in the world is the one you never have to use.

Public Schools in Focus

By Dr. Theos I. Anderson, Superintendent of Public Schools

By the latest count, 11 states are facing — or about to face — legal suits generated by the California Supreme Court's decision against local school financing. Threatened with suits are Illinois, Maryland, New York, Colorado, Minnesota and Arizona. Added thrust has been given to suits already filed in Texas, Michigan, Ohio, New Jersey and Wisconsin.

"Forces behind the suits include school districts with a low tax base, civil rights leaders, parents who feel overtaxed and even some officials," according to the September 13 issue of EDUCATION U.S.A. "Added clout for suits against the states will come from two sources — nationally known

legal experts and planning strategists," the article continues.

The California Supreme Court ruled that reliance on local property taxes for school support discriminates against the poor. The court said that equal spending for students is a basic right.

Many observers feel that the effects of the California decision could be so far-reaching as to shatter many established school and social patterns. Already California, Maryland and Michigan are edging toward statewide collection of property taxes, with equal distribution to local districts.

Many educators, as well as interested citizens, wonder how much local control would be lost by the individual districts when they lose the taxing power. Almost certainly, teachers would find themselves bargaining with the state instead of local districts since the state would control the purse strings.

Another question: If the tax base is greater in New York than in Alabama, will the federal government assume the role of property tax collector? If school spending is equalized, the drawing power of so-called "wealthy school districts" would diminish.

Many unresolved questions remain.

Campfire Girls Plan Fun Year

The Campfire Girls of Sunrise District officially began their fall program with an Annual Dinner and meeting of leaders at St. Matthew's Church on Tuesday, September 20. The new District Director, Mrs. Harry Lodholz greeted the leaders and outlined the goals and events for the coming year.

Four main events including the Annual Meeting, the Council Fire to be held at Grosse Pointe South High School on November 12, the Father-Daughter Banquet in April, and the celebration of Campfire Girl's birthday in March promise to make this a fun year for girls in the Campfire Program.

In addition to these District events, Bluebird and Campfire Girls plan projects, trips and camp outings within their own groups.

Citizens Ask For Barricade

The Woods Council is considering a proposal made by several residents of Kenwood and Jackson roads at the council meeting on Monday, September 13, to place a chain or some kind of barricade at the entrance of Ghesquire Park on Jackson road after 10 p.m. to prevent all cars and people from entering the park.

The residents submitted a letter to the council on August 2 stating that the park is used as a drag strip and a lovers' lane and that broken beer bottles, pop bottles and cigarettes were found on the park grounds.

The residents feel that by chaining the park off at 10 p.m. or putting up a locked gate, people would be prevented from entering the park after closing and creating excessive noise, drag racing, littering or congregating on the park grounds.

They are also asking for increased police patrol of the park after closing.

The Woods has already ordered signs to be placed at the

park's entrances prohibiting entrance to the park after 10 p.m.

North Harriers Fourth in Lipke

By Dave Moxley
The Grosse Pointe North Cross Country Team opened the competitive season with the Lipke Invitational that was held on Labor Day. Attracting 20 high schools, his meet was the climax to summer A.A.U. competition, and a warm-up for the fall cross country season.

North's Varsity harriers finished fourth. This was considered a respectable finish, but the team felt their performance was hindered by the uncertainty of fielding a squad this year. That is, Cross Country looked as if it was going to be cut due to the spring millage defeat. Unfortunately, this caused the runners to postpone their summer conditioning program which will result in a slow start in the competitive season. Also, the Norsemen have been plagued by injuries that have sidelined two key runners.

The Junior Varsity Norsemen looked strong as they tied for first with the excellent Class "B" school, Avondale. This team looks like the power in both Varsity and reserve divisions of Class "B." The Avondale Varsity clinched first place with a low score of 38 points.

Saturday, September 11, was the first official meet of the season, when North's runners competed in the West Bloomfield Invitational. A field of 22 were present. North clinched sixth place with a respectable 191 points. St. Clair Shores' Lakeview, which is the Norsemen's biggest threat in the Bi-County League, finished eighteenth with over four hundred points.

The outstanding team in the meet was Ann Arbor Pioneer who won with an extremely low score of 26 points. The Pioneers have been competing all summer and have won many A.A.U. Meets.

North's outstanding performances were turned in by Kevin Sun, who finished thirteenth out of 144 runners and Ralph Hoffman, who finished twenty-fourth. Dave Mogk, was next for the Norsemen, placing thirty-ninth. John Kopacka, and Dave Moxley, finished fifty-seventh and fifty-eighth, respectively.

Coach Gauerke is optimistic and said: "Although we're off to a slow start, the most important part of the season is six weeks away. This is when we confront the defending state champs, Flint Kearsley in a duel meet. Then we follow with the State Regional and State Championships." "I believe with the group of seniors leading our squad, we'll be ready!"

PTA at Richard Slates Session

Dr. Theos I. Anderson, superintendent of schools, will speak on the status of the Grosse Pointe Schools at 8 o'clock, on Tuesday, September 28, at the regular meeting of the Richard PTA.

The new report card system will also be explained. Refreshments and room visitation will follow.

For the price of a Skylark, you can own a Buick.

The easiest-to-own Buick, is even more desirable this year. There's the new Skylark 350. And the new Skylark 350 SunCoupe. With a sunroof that'll open up a whole new world for you to enjoy. In Buick comfort. With Buick ride. Buick performance. And best of all, all this Buick goes for the price of a Skylark.

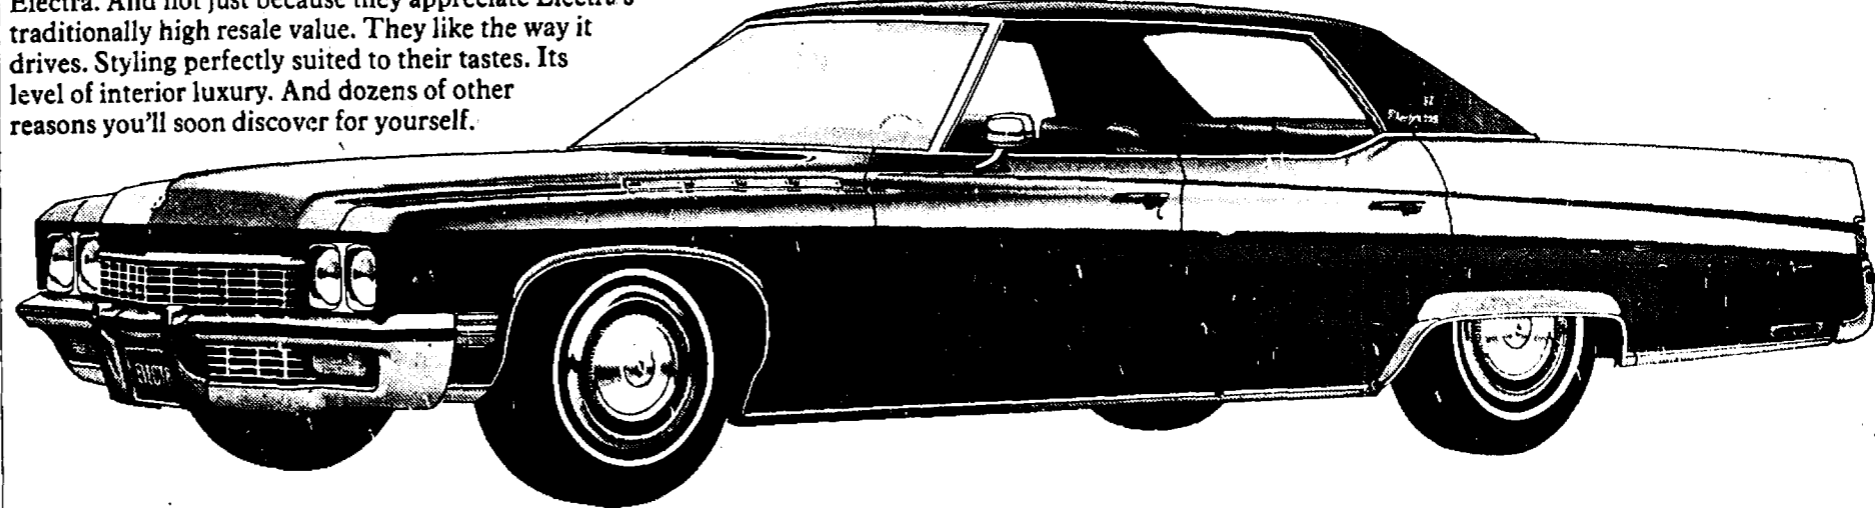

LeSabre: What to look for in your first full-sized car.

Does it have the relaxing room of a full-sized Buick LeSabre? The kind of ride and comfort Buick has made famous? The precise handling of Buick's AccuDrive? Or LeSabre's list of power items that are standard? And if by chance it has all this, is it still in LeSabre's price class? Probably not. Because these are some of the things that have made LeSabre the Buick we sell more of than any other.

Why Electra owners are so loyal.

People reach Electra's level because they know a thing or two about money. Many Electra buyers could easily pay thousands of dollars more for a luxury car. But they don't. They buy Electra. And not just because they appreciate Electra's traditionally high resale value. They like the way it drives. Styling perfectly suited to their tastes. Its level of interior luxury. And dozens of other reasons you'll soon discover for yourself.

Something to believe in.

Red Barons Are Victorious

Three Grosse Pointe Red Baron football teams swept to victory over the E. Detroit Tiger Cats under the lights at E. Detroit Stadium last Saturday night.

The Red Baron Freshman team won 20 to 6, the Junior Varsity was victorious 21 to 6 and the Varsity overpowered the Tiger Cats 32 to 6 in exciting style.

Freshman coach Rick Moore hailed an over all "team victory". All three freshman touchdowns were scored by fleet end Rich Zenn behind the strong down-field blocking of backs John Carey and Brian Moody. Led by quarterback Len Bartoszewicz, backs Mike Brown and Robert Baker also slashed through Tiger Cat defenses.

The freshman attack was powered by offensive line ends Pat Day and Vince Mell, tackles Ed Hull and Brian Engel and center Tim Messing. The excellent play by all defensive teams was led by line backers Lars Rahn, Tom Shook and George Bageris, safety John Heidt, tackles John Case and Kevin Bertelsen, guard David Mestdagh and ends Domogolski and James Stewart.

Junior Varsity Coach Paul Trupp was most pleased by the play of his offensive line who opened gaping holes for two touchdowns by the strong running of Steve Arthur and a third touchdown by swift John Long. Backs John Willson and John Hasse guided by quarterback Bill Mestdagh, also ran well. The offensive line was led by guards Tom Marks, Jeff Smith and Fred Nichols, tackles Fred Hammer and Dave Fry and ends James Peters and Harry Gemuend. Bruce Stafford and John Conway anchored the strong defensive play.

Coaches Werner Lueckhoff and Jack Burns of the Varsity team declared their victory was due to "an excellent display of fundamental sound blocking and tackling." The hard charging backs were led by offensive line tackles Jim Egan and Grant Piche and guards David Ludwiczak and Vince Day. The running of backs Dick Counsman and Dick Seagram combined with the blocking of Bobby Neville and slick ball handling of quarterback Robert Burns pounded Tiger Cat defenses. Bill Rogers, John Knipp, Jeff Baroth, Tony Smith and Mike Stoeckel stood out on defense.

Coach Burns said, "If the boys continue to hit, we will look forward to a good season."

The next Red Baron games are to begin at 1 o'clock next Sunday afternoon, September 26, at GUPUS FIELD against the powerful St. Clair Shores Black Knights.

Society Dance Classes Set

The Grosse Pointe Society Dancing class formerly held at the Grosse Pointe Hunt Club will this year merge with the War Memorial's class and be held in the Great Hall of Alger House at 32 Lake Shore road. The classes will begin at Grosse Pointe War Memorial two weeks later than originally scheduled on the Center's Activity Card. They will start Friday, October 15. Fifth and sixth graders will meet every Friday from 4:45 to 6:15 p.m. Seventh and eighth graders will meet every other Friday for two hours from 2 to 10 p.m.

In a period when it seems anything goes as far as dress and manners are concerned, it seems fitting to have a hold out—these classes. For reservations, call TU 6-8124.

School Board Meets Monday

The Grosse Pointe Board of Education will hold a special meeting at 8 p.m. on Monday, September 27, in the Board Room of the schools' Administration Building, 389 St. Clair Avenue.

William Bryant Listed in OYMA

William R. Bryant, First District Representative of the State House, was among the men named for inclusion in the 1971 edition of "Outstanding Young Men of America," according to the Grosse Pointe Jaycees.

Mr. Bryant was selected as Grosse Pointe's Outstanding Young Man of the Year-1971 by the Pointe Jaycees Senior Selection Committee in January. The award is conferred to a young man between the ages of 21 and 35 who has contributed significantly to his community and has been a success in his chosen field of endeavor.

Mr. Bryant is an attorney and was formerly a Wayne County Supervisor. He is a member of Grosse Pointe Rotary Club, the Air Conservation Committee of the Tuberculosis Society, the Detroit and Grosse Pointe Jaycees.

He is married to the former Lois Ann Rupp. They have two children Jennifer, four, and Andrew, two years of age.

Men are chosen for the annual awards volume in recognition of their professional and community leadership. Sponsored by leading men's civic and service organizations, "Outstanding Men of America" honors men whose demonstrated excellence has marked them for future leadership in the nation.

Mr. Bryant was nominated by the Grosse Pointe Jaycees for inclusion in this awards volume.

President Nixon, complimenting the awards volume, said, "Outstanding Young Men of America" presents a most fitting testimonial, not only to the success of many of our young people, but also to their awareness of the debt which they owe our free society.

The publication date for the 1971 edition is November.

Defiant Driver Forced to Obey

When Dennis G. Rivard, 25, of 32002 Williamsburg, St. Clair Shores, refused to get out of his automobile on command of a Woods police officer, the policeman's call for assistance brought help and the motorist was pulled out of the vehicle. He was charged with speeding and driving while under the influence of liquor.

The arresting officer, Patrolman Charles Hamel, said that he was on routine patrol north on Mack avenue, at 2:18 a.m. on Saturday, September 18, when he observed Rivard traveling south on the avenue at what appeared to be at a higher than the posted speed limit. Hamel said he turned and pursued the other car and paced the driver at 48 miles an hour, between Broadstone and Prestwick. Mack is a 35-mile zone.

During the chase, the policeman stated in his report, he observed Rivard weaving from lane to lane and brought the man to a stop at the Bournemouth intersection. When asked for his operator's license and car registration, Rivard claimed he did not have them on his person, that he had left them at home.

Hamel said that he asked Rivard to step out of the car four times, and when the man refused, the officer radioed for help. Cpl. Robert Setchell and Patrolmen Leroy Tobian and Patrick McMath were sent to the scene.

With the aid of Setchell, Hamel pulled Rivard from his auto and handcuffed him. Rivard was taken to the station by Tobian and McMath.

At the station, Rivard, with his consent, took two breathalyzer tests, both of which he failed to pass. Hamel issued him a violation ticket for driving while under the influence of liquor, and another ticket for speeding.

The motorist was released after posting a \$100 bond, pending a hearing in Woods Municipal Court scheduled for October 27.

Pot Luck Set For Sept. 28

A "Come As You Are" pot luck supper and rap session will be held on Tuesday, September 28, from 6 p.m. to 9 p.m. at the St. Clare Church Teen Room, Mack avenue entrance, for all local women involved in Girl Scouting.

Leaders, Troop Committee Mothers and Service Teams are invited to bring their own dishes and food for the sharing table.

Sponsoring the evening is Neighborhood 115, under the chairmanship of Mrs. William Cox, of Grayton road.

GP Park Cyclist Robbed by Trio

George Peterson, 43, of 1168 Bedford, was riding his bicycle at 9:45 p.m., on Friday, September 3, when he was accosted by three black men, who beat him and robbed him of his wallet, according to information released by Park police.

Peterson told the authorities that he was pedaling his bike slowly on Wayburn, when at the Charlevoix intersection, he was set upon by the trio, one of whom grabbed him from behind. The man who grabbed him, the victim stated, was approximately six feet tall.

Peterson said that as he was being held, the two others beat him about the face, inflicting a half-inch gash above his nose. He said that the men took his wallet containing approximately \$41, and his wrist watch, valued at \$75.

The trio escaped by running south on Wayburn and between houses. Peterson was unable to describe the robbers because, he said, everything happened too fast, and he did not get a good look at the assailants.

The price of progress comes in the form of new problems.

Farms and POA Try To Agree

The members of the Grosse Pointe Farms Police Officers Association (GPFPOA) and the City of Grosse Pointe Farms appeared before the Michigan Labor Relations Board on Monday, September 13, at a hearing in which the association charged the city with unfair labor practices.

The charge stemmed from the promotions of patrolmen Ronald Wooten and Otto Glanert to the positions of corporals and their subsequent resignations from the association. Attorney for the association, Winston Livingston indicated that the duties of a corporal as outlined by the Farms did not fall within the existing labor laws of the state of Michigan. The GPFPOA then asks the corporals to pay fees in lieu of dues.

The city fathers thought this an unfair request and maintained that the position of corporal is indeed a supervisory one and one that does not fall within the bargaining unit of the GPFPOA.

At the hearing on the 13th, the Farms labor attorney, John O'Meara and Mr. Livingston agreed to an adjournment in hopes of reaching an equitable agreement without further appearances before the MLRB.

ESCAPE

Well summer's almost gone again. Your holidays are over and it's back to the grind. Back to the noise, the traffic, the office and the pressure.

Who needs it? There are going to be times when you will want to get away. Have to get away.

To Escape! But where to?

Take a minute. Sit back. Close your eyes a moment and come with us to tranquil Southcott Pines. Now, take a big, deep breath of clean lakeshore air. Smell those pine trees? Listen to the wind as it whispers through the leaves. And the sounds of rippling Lake Huron as it laps lazily at the sandy shoreline. It's all happening right now. That's right, beautiful weather and beautiful places don't begin and end in the two or three week span of your annual vacation. You could unwind every weekend if you had the right kind of place to go. Southcott Pines. Your kind of place where the great "get away from it all" weather lasts from May 'til November. Even the winters are more beautiful here. And sometimes that's when you feel the urge to escape the most. That's someplace to escape to is Southcott Pines in Grand Bend. What Goes On at Your Library

By VIRGINIA LEONARD

Having recently had a bout at the vet's with my fairly-old family dog, my thoughts turned to how many people, of all ages, sizes and descriptions have pets. The number really must be astounding. And think of the variety - dogs, cats, birds, gerbils, hamsters, turtles, ant farms, rabbits, ducks, ponies, to name some of the most obvious.

Then I began to think about all the many books which must have been written about these animals! When we get into this medium, we can go in two directions; material of a factual sort as to the care, training, feeding, etc. of these pets, and then the host of volumes which various sorts of animals are the main characters, or play some part in the stories.

A quick check in our listings in these categories reveals titles such as WILD PETS by Robert Leslie; WILD ANIMALS AS PETS, by Richard Mathews; TRAINING YOUR COLT TO RIDE AND DRIVE by M. C. Childs; COMMON CAGEBIRDS IN AMERICA by Val Clear; THE COMPLETE DOG BOOK put out by the American Kennel Club; THE INTELLIGENT DOG'S GUIDE TO PEOPLE OWNING BY R. A. Browne; HOW TO RAISE AND TRAIN A SHETLAND SHEEPDOG, by Evelyn Miller; RAISING PUPPIES FOR PLEASURE by E. M. Schuler; EVERY NIGHT JOSEPHINE!

by the very-well-known Jacqueline Susann; THE COMMON SENSE BOOK OF KITTEN AND CAT CARE by H. H. Miller; TRAINING YOU TO TRAIN YOUR CAT, by L. F. Whitney; KNOW YOUR HAMSTER; THE BOOK OF THE DOMESTIC RABBIT, by C. A. Naether.

Moving on, we can suggest ALL ABOUT ANTS, by P. P. Larson; TROPICAL FISH AS A HOBBY, by H. R. Axelrod and KNOW YOUR AQUARIUM, by Richard Haas.

We have not touched on the various books in the juvenile collection, but we know that there is a great deal of material in that section also.

Now the fun comes. How many titles can you recall that concern favorite animal characters? I remember (as a child), the Doctor Doolittle books until all of his animals were as familiar to me as members of my own family. Can't you hear the White Rabbit in ALICE IN WONDERLAND skittering along, worrying about being late? And who could possibly forget the Cheshire Cat, the Mad Hatter, or the Dormouse at the famous tea party? Certainly all of the wondrous animals contained in

Alice's dream were very real to us.

Seeing the motion picture on Beatrix Potter this summer renewed my friendship with Peter Rabbit and the Flopsy Bunnies, Jeremy Fisher, Mrs. Tiggy Winkle and all the rest of her famous crew. I even went back and reread some of her great books for little children.

Are other well-known animal characters rising to the surface of your mind? Two that I think of immediately are Charlotte and Wilbur from CHARLOTTE'S WEB. Then there are also STUART LITTLE, the Mole, Water Rat, Toad and Badger from WIND IN THE WILLOWS (although I'm afraid many of you will question the advisability of keeping these personages as pets!) If you weren't exposed to Lassie in book form you must surely have seen this famous dog on television. We'll bet you were raised on Black Beauty too, as well as Bambi, also emphasized in other media.

No doubt as a child you listened to or read Aesop's FABLES (possible even memorized some of them.) Are you old enough to remember ARCHY AND MEHITABLE (we don't advocate keeping a cockroach as a pet, but the cat certainly fits in.) An old but familiar one is the BLUE BIRD of Maeterlinck. Another one which was an old favorite of mine was WINNIE THE POOH, with its cast of utterly charming and very real characters. No, we haven't forgotten one of our first books, MOTHER GOOSE, nor PUSHPIN-BOOTS, nor all the wonderful UNCLE REMUS stories. Even GULLIVER'S TRAVELS gives us some animals, the well-known horses, the Houyhnhnms.

Other titles leap to the surface - THE YEARLING, THE RED PONY, THAT QUAIL, ROBERT. Another which has appeared in several media would be THE INCREDIBLE JOURNEY, and we must not omit three Lilian Braun titles: THE CAT WHO ATE DANISH MODERN, THE CAT WHO COULD READ BACKWARDS, and THE CAT WHO TURNED ON AND OFF. There is even the play, HARVEY, with the invisible rabbit!

It has been fun searching my memory for books, both adult and juvenile, dealing with animals. And we'll bet that you can add many more titles to this hastily-compiled list. Yes, pets are certainly here to stay, and I, for one, am glad.

Wrong Name-Right Cause

In last week's issue of the NEWS we printed a Letter-to-the-Editor from Anthony M. Franco, in which Mr. Franco chastised owners of the Bottomless Pit, who he alleged sold "coke snuff" to his 10-year-old daughter. In his letter Mr. Franco explained that the object of this "coke snuff" is to sniff the stuff from the box for whatever sensations, real or imaginary, it may produce, simulating cocaine sniffing. He went on to say that with drug abuse eroding the health and mentality of today's youth he found it incomprehensible that a retail outlet could sell "coke snuff" to a 10-year-old. He said the shop also offered for sale something that looks remarkably like a hashish pipe, although other harmless uses are claimed for it.

Mr. Franco had the "coke snuff" analyzed by The Woods police who found it not harmful or addictive. He added however that both the police and Attorney General Frank Kelley, to whom he spoke on this matter, agreed that the container itself which encourages "lets pretend" drug use is certainly not what responsible business people should be selling children. He added that he intended to file a formal complaint with The Woods police and the Attorney General's office to determine if operations of this sort should be allowed in our community.

Following publication of Mr. Franco's letter the NEWS spoke with Mrs. Erwin Schmid, Pointer and owner of The Bottomless Pit. Mrs. Schmid

called the NEWS to clarify a few points in Mr. Franco's letter.

To begin with Mrs. Schmid explained that The Bottomless Pit sells only posters, jewelry, tee-shirts, perfumes and body oils. She explained that three shops lease space at the 19245 Mack avenue address, a record shop, The Bottomless Pit and Captain Ozone's. She said people often believe, as did Mr. Franco, that the three shops are one and the same. They are not.

Mrs. Schmid assured the NEWS that since she is the mother of two teenage children herself she would not sell anything in her shop which would harm the physical or mental well-being of any of the community's children.

Apparently other people share Mr. Franco's impression. He spoke with Mr. Franco following our conversation with Mrs. Schmid. He said he regretted any inconvenience to Mrs. Schmid but added that his complaint regarding the "coke snuff" is still valid . . . only the shop name was wrong. He suggested that Mrs. Schmid do everything possible to clarify the fact that the entire three shop area is not The Bottomless Pit. The NEWS agrees with Mr. Franco. We regret any inconvenience suffered by Mrs. Schmid over this issue. However, we strongly urge that a more clearly defined name be affixed to the building in order to prevent similar misunderstandings in the future. P.W.

Letters to the Editor

To the Editor: SUBJECT: Your recent editorial: "Is This Law Necessary?"

Yes, we believe this law is NECESSARY. Your editorial infers that the area between Lakeshore drive and the shoreline should be open to residents. We, the Grosse Pointe Real Estate Board, feel this would be a grave mistake.

On a beautiful sunny afternoon, literally hundreds of people drive the Lakeshore. How will we discriminate? Or should we? Passers, seeing persons in the area, will be unaware that they must be residents to enjoy loitering near the lake.

Picnickers will follow as surely as night follows day. Beer cans, bottles, papers and debris will be next. So, we will mar the beauty with trashcans. Being a high wind area at times, we picture them blowing up and down the drive. An additional cost to the cities will be accrued for maintenance. Illegal swimming presents a real problem. Is the police force large enough to keep a continual vigil? You say sure . . . 'til the day of tragedy.

Other questions arise. If there is a water accident, who is liable - the police, the Farms, or the resident who may happen to have riparian rights to the shoreline? Most important of all, the editor is advocating public use of private property. Do you advocate this use to all lawns in front of a residence in the entire City?

Let's keep the signs on Lakeshore drive, and compliment the police on doing a fine job. WENDELL J. BIRDSALL, President

To The Editor: Our most valuable asset scenically is our waterfront, and it saddens me to see a covered stadium and ugly parking lots further robbing us.

I would like to be able to walk three miles along the water on an esplanade, with a park, (narrow for police inspection), on the other side, and drive downtown viewing the river on the other side of the park. Cobo Hall garage has the most beautiful view . . . the

bend in the river. Please leave us some natural beauty . . . or would you rather live in Kansas?

Mrs. Joseph S. Sherer, Jr.

September 16, 1971 Dear Editor:

Taking care of the environment can at times be very despairing. Words and feelings do not accomplish much for Mother Earth, she doesn't want pity, she needs help. There are many people involved and genuinely concerned with the condition of our environment, and I would even venture to say more are than not, but there are too many who are perfectly content to sit on the sidelines instead of getting involved in the game.

Earth Lovers are not sideliners, they care enough about pollution to take the time and the initiative to try and solve it. Since early spring every Saturday behind the Grosse Pointe Unitarian Church, a group of young people have been collecting bottles to be recycled. In early summer I joined them as a supervisor when the collections were still small and limited but today we are very proud of our expanded operation which has surpassed anything we had imagined.

However in late summer we were threatened to close permanently. Two of our supervisors were ticketed for "excessive noise" due to the breaking of bottles in large metal drums outside in the parking lot. They have since appeared in court and been found guilty. The Church has permitted us to move into the annex and in spite of the court's ruling and in the face of being ticketed again Earth Lovers will remain open until it is clearly demonstrated that the people of Grosse Pointe, not the Judge or the city officials or a handful of complainers, but that most of the people of Grosse Pointe find it necessary to close the operations permanently. The Assistance League to the Northeast Guidance Center is Off To A Head Start—and a very good one at that—with its first social event of the season planned for next Thursday, September 30, at Wolverine Harness Raceway.

Highlight of the night will be a feature race named in the League's honor.

Summer, Sweet Summer

Seems impossible in the midst of wet September to remember that, just last month, we all were swimming, and sunning . . . and sometimes picnicking.

A group enjoying that last activity August 4 at the Three Mile Drive Park included Mrs. Frank Hilton, chairman of Bon Secours Hospital Guild's annual Holly Day Fair, and her three co-chairmen, Mrs. Herbert Kelleher, Mrs. Elwood Wachter and Mrs. Raymond Laige.

Fair date this year is November 12. Passed around, in addition to food, at the picnic were samples of items to be sold at the 1971 fund-raiser.

LWV Membership Tea

Mrs. G. Mennen Williams, a long-time member of the Grosse Pointe League of Women Voters, will open her lovely Tonnacour place home next Wednesday, September 29, at 1 o'clock for the local LWV's annual Membership Tea.

The party's open to present members, prospective members and women just interested in finding out a little, (or more than a little), about the League.

In other words, everybody's welcome.

Mrs. Donald L. McConnachie, current Grosse Pointe LWV president, and Mrs. Carl J. Fischer, Jr., past-president, will explain how League women become involved and informed on problems and issues facing The Pointe, The State and The Nation.

International Institute Will Be Scene of Traditional Four-Day Festival, With Dancing in the Streets Each Evening

Summer of '71 in the Detroit area was flavored with many spirited nationality festivals. Now, with the arrival of autumn, all the nationality groups are inviting the public to visit their home, International Institute, during the original Old World Market October 7 through 10.

The Institute will be a "roof over the world" as the groups join in providing 15 booths offering authentic crafts and products; demonstrations by many artists, food service for luncheon, dinner and snacks by 10 different nationalities, folk and classical music and dance exhibitions and folk dancing in the streets each night for all who want to join in.

New this year to the Market's entertainment stage in the Hall of Nations will be classical Japanese dancer Emu Evett, Spanish flamenco dancer Maria Durante, Venezuelan folk singers Maria, Elsa and Maritza Hernandez, Elizabeth-an folk songs and recorder music featuring a group head-

ed by Mrs. William Thornton, Irish dancer Maureen Lobsinger, the Clifford Fears with authentic African dance numbers and Robert Zajak singing German lieder.

The Rhodians, a Greek ensemble extremely popular last year, will provide Friday evening's music for the folk dancing.

Market hours are from noon to 10 o'clock Thursday through Saturday, noon until 9 Sunday. Admission is \$1 for adults and 25 cents for children under 12.

To make room for the Market nearly all office furniture in the three-level building has to be moved out and put into storage. The block of Kirby from Woodward to John R will be closed to traffic between the hours of 5:30 and 10:30 o'clock all four Market evenings.

Liggett Alumna Shows Her Art

During the month of September the lobby and ante-room of University-Liggett School's Liggett Campus building is the scene of a one-woman art exhibit. The fact that Katherine Travis is a distinguished alumna (Liggett, '15) makes this opening exhibit of the school year particularly interesting.

Katherine Travis has been seriously painting for only 10 years. When she retired from a professional business career in 1961, she "had to do something productive." So she began to study and paint for her own enjoyment.

Mrs. Travis is still an ac-

tive associate of Crowley Milner and Company, a member of its board of directors and its executive committee. She serves her community and her alma mater, having been a member of the board of directors of her school's Alumni Association from 1967 through 1970.

A feature article recently published in The Detroit News, when her work was exhibited at The Generous Critic, compared Katherine Travis' painting to that of Grandma Moses. She paints with bold, vivid colors in a delightful manner.

At the entrance to her show

at the Liggett Campus are her two most recent paintings.

"They Gave the Last Full Measure of Devotion" shows a statue of a soldier surrounded by black-shrouded women with bowed heads.

"Can It Happen Here" has caused many questions by the young people viewing the show. It portrays three generations against a patriotic background. Mrs. Travis says, "It reflects the continuing concern for riot, war and assassination."

Each winter this artist enjoys a Caribbean holiday, which is reflected in a charming, sensitive manner in a number of her works.

The public is cordially invited to view the paintings of this gracious lady Monday through Friday from 9 to 4 o'clock at the school in Braircliff drive.

Off To A Head Start

Those invitations they're addressing have been in the mails for days now, for MRS. JAMES ST. DENIS, general chairman, MRS. THOMAS HOSEA, ticket chairman, and MRS. ROBERT OLSEN, member of the committee planning "Off To A Head Start" at Wolverine Harness Raceway next Thursday evening, September 30, (left to right), got off to a head start themselves, way back in August so that everything about the evening sponsored by the Assistance League to the Northeast Guidance Center would be perfect. The party's open to all Assistance League members and friends.

Women's Real Estate Group Starts 12th Year

Contrary to an opinion expressed at their organization's inception—"The gals won't last six months"—the Grosse Pointe Women's Real Estate Counsellors convened for the

Luncheon was served and chief executive Virginia Quarstrom presided over a round-table business discussion.

Grosse Pointe Realtor Offices represented were Bruce N. Tappan, Purdy, Schweitzer, Rashid, G. M. Fields, Kenneth W. Carter and Wilcox

Meetings are held on the Third Wednesday of each month.

CHRISTOPHER GREINER, son of MR. and MRS. CLAUDE A. GREINER, of Lakeshore road, has returned to his studies at Missouri Military Academy, Mexico, Mo.

Named to the University of Colorado's Spring Semester President's Honor List are Boulder campus students JOHN S. FOUNTAIN, of Kerby road, CHRISTINE McNAUGHTON, of Edgemont Park, KURT F. SCHMITT, of Beaupre avenue, and FRANCES E. FITZGERALD, of Lewiston road.

Perry-Sadusk Rites Are Read

St. Alban's Church, National Cathedral, Washington, D.C., was the setting for the wedding of Stephanie Barbara Sadusk, daughter of Dr. and Mrs. Joseph F. Sadusk, Jr., of Lincoln road, and Albert Joseph Perry, III, son of Mrs. Charles Binford, of Ruxton, Md., and Albert Joseph Perry, of Whitehall, Md.

Mr. Robert W. Estill officiated at the afternoon rites Friday, September 10, for which the bride chose a daisy-embroidered organza gown and an illusion veil falling from a small cap of daisies in frocks of porcelain blue

dotted swiss, carrying yellow and white daisies, were Estelle J. Sadusk, who served as her sister's honor maid, and bridesmaids Sara Jeffrey and Eva M. Sadusk.

George Riene, of Ruxton, was best man. Ushers were Richard J. Jones, III, Kenneth Houghton, of Winter Park, Fla., and Andrew Maloney.

The newlyweds will make their home in Gainesville, Fla.

Estate Planning Program Set At Peace Lutheran

An evening's discussion on Estate Planning will be held at Peace Lutheran Church Parish Hall, East Warren avenue at Balfour road, next Thursday, September 30, at 8 o'clock, led by Arvid Jouppl, of Lincoln road, a market analyst.

Mr. Jouppl is also a trustee of the Lutheran Church-Missouri Synod Foundation with headquarters in St. Louis, and serves on the Central Stewardship committee of the Synod.

"No matter how small a person's estate may be," he explains, "there should be some instructions as to the disposition of his holdings after he is gone. It is surprising how few people have taken the time to make definite plans and to have wills drawn up."

"And as stewards of our earthly possessions, we should include the church and charities in our wills."

The discussion, aimed at motivating people in the latter discernment, will be followed by a question-and-answer period.

Marine Band Plays For PAL

The United States Marine Band has been a vital part of White House social life almost since it was created by Act of Congress in 1798.

When it presents a benefit concert in Detroit Saturday, October 9, under auspices of the Marine Corps Reserve Officers Association and the Police Athletic League (PAL), only the locale and audience will be different, for the same talented musicians who entertain President and Mrs. Nixon and their distinguished guests will sit on stage at Cobo Arena and play many of the musical selections which they offer during their frequent White House appearances.

Equally at home in the Executive Mansion or in the concert hall of any American city, the scarlet-coated bandmen consistently display musical artistry that has no equal.

The Marine Band's White House duties started in 1801

—90 years before it made its first annual tour. When President John Adams gave the Band its first opportunity to make its White House debut at his New Year's Day reception, he started a precedent that has lasted over a century and a half.

With the growth of the nation and an ever-increasing list of visiting dignitaries from all over the world to be entertained, the musical duties of America's oldest active musical organization increased accordingly.

Thomas Jefferson gave the band its title, "The President's Own," and it had achieved a world-wide reputation long before John Philip Sousa convinced Benjamin Harrison that the Band should tour in this country and give all Americans an opportunity to enjoy its music.

America is the only one of the leading nations in the

world that does not have a National Band. The Marine Band has served in that capacity since Washington became the Nation's Capital.

Through tradition established in those early years no function of national importance in Washington is complete without the Band, but whether the occasion is one of national or even international importance does not matter—whether the reception is for members of the "Official Family" or diplomats of other nations does not matter—whether the occasion is a somber or a festive one does not matter—the Marine bandmen, with true pride in their profession, play with equal brilliance for all White House functions.

With each Administration requirements change and the type of engagements vary, but the musical Marines have taken every assignment in stride.

Each man looks forward to making the annual tour when his Band performs daily before new audiences.

Tickets for the PAL benefit are on sale now at Cobo Arena and every Detroit Police precinct house. They will go on sale next week at Hudson's and Grinnell's and are priced at \$2.50, \$4, \$5 and \$6.

INTERESTING FACTS

Here's quite an oddity that few people realize. Three of the first five U.S. Presidents all died on July 4!

The second U.S. President, John Adams, died July 4, 1826 at Quincy, Mass.

The third U.S. President, Thomas Jefferson, not only died July 4—but on July 4, 1826—the same day in the same year as Adams. Jefferson died at Charlottesville, Va.

And the fifth U.S. President, James Monroe, died July 4, 1831 in New York—thus completing this amazing coincidence.

And, here's another interesting fact . . . decorators have used shag rugs as accents for years have a great many popularly priced in a variety of interesting textures and colors.

Start Symphony Season Tonight

The Detroit Symphony Orchestra launches its 58th concert season with a pair of subscription performances in Ford Auditorium this Thursday and Saturday evenings, September 23 and 25, at 8:30 o'clock under the direction of Sixten Ehrling.

Tickets for all 1971-72 Symphony concerts — including subscription, Kresge, Kaleidoscope, Young People's and other special programs — are now on sale at Ford Auditorium box office, all Hudson's and Grinnell's ticket outlets.

As always there will be a festive note to the first presentations of the new season, including such touches as a special decor and photographic display in the Ford Auditorium lobby as well as a brilliant orchestral program featuring Detroit's great Symphony in a virtuosic light.

This year's opening also will inaugurate the 21st anniversary season of the refounding of the Orchestra — the "Coming of Age" season of the Symphony.

Although the Symphony was founded in 1914, it was re-established in 1951 following a two-year hiatus.

Maestro Ehrling's opening program includes Hector Berlioz's "Roman Carnival" Overture, William Schuman's "New England Triptych," Alberto Ginastera's "Estancia" and Jan Sibelius' Symphony No. 2.

Both the "New England Triptych" and "Estancia" will be heard for the first time on the subscription series.

In addition to the traditional

red carpet placed at the entry to signify the opening of another Symphony season, concertgoers this Thursday and Saturday will find a glittering main lobby decorated with some 5,000 Italian lights provided by Mr. and Mrs. Rudy Speerschneider.

The National Bank of Detroit will unveil a special display of photographs of the Orchestra, its principals, Ehrling and other conductors and persons active in the Symphony's growth.

The Women's Association for the Detroit Symphony Orchestra is sponsoring a dinner at the Detroit Hilton prior to the concert. Mrs. William R. Shaw is general chairman of opening night activities for the Association.

The 1971-72 subscription concerts will feature appearances by such soloists as Itzhak Perlman and Ruggiero Ricci, violinists; Italo Babiini, Maurice Gendron and Janos Starker, cellists; Betty Allen, Phyllis Curtin, Lili Chookasian, Jess Thomas and Ara Berberian, vocalists; Vera Zorina, narrator; and Leon Fleisher, Philippe Entremont, Rudolf Firkušny, Clifford Curzon, Christoph Eschenbach, Misha Dichter, Michael Ponti and Gina Bachauer, pianists.

Guest conductors will include Hans Schmidt-Isserstedt, Luciano Berio, George Semkow, Dean Dixon, Rafael Fruhbeck de Burgos and Istvan Kertesz.

Sixten Ehrling will conduct 13 of the 22 subscription programs. The series will include

Author Arthur Hailey Keeps His Promise

Arthur Hailey was unable to keep his date to speak at the Grosse Pointe Celebrity Series last March because he had to continue working on his newest novel, "Wheels" — but he promised that, when the book was out, he would make a special appearance on behalf of the Bon Secours Hospital Assistance League, Celebrity Series sponsor. Last week he made good that promise, appearing at a dinner-lecture at the Grosse Pointe War Memorial. Prior to

the public talk, MR. and MRS. HAILEY, (center), were guests of honor at a reception in the Stanton lane home of MR. and MRS. DONALD CURRIER, (right), vice-president of the Assistance League and chairman of arrangements for the dinner-lecture. MRS. DONALD POKORNY, (left), of Berkshire road, is chairman of the Celebrity Series this year. Mrs. E. R. Harrigan, of Devonshire road, is current Assistance League president.

Tennis Benefit Great Success

The Tennis and Crumpets Tournament, staged annually for the benefit of Children's Hospital of Detroit, came to a successful climax Saturday with the final matches held on the courts of the Country Club of Detroit, followed by a dinner dance in the clubhouse.

More than 700 players participated in the mixed doubles event in The Pointe this year, utilizing some 69 club, municipal and private courts in the process of whittling the field down to a size which could be accommodated on the 10 courts at the Country Club. Preliminary elimination matches were held the previous weekend.

Mrs. Brian McMahon and Robert G. Wood teamed up to take the top honors in the tournament, winning the Class A finals from Miss Julia Caprara and Joseph Spolnicki, in straight sets, all matches in the finals being the best two out of three sets.

Mr. and Mrs. Wilber M. Brucker, Jr. defeated Mr. and Mrs. James F. McClelland, Jr., also in straight sets, to take the Class B title.

Mr. and Mrs. William G. Adlhoeh captured the Class C crown by defeating Mrs. Holly Girardin and Joseph A. MacLeod.

As has been the case in each of the five years the tournament has been held, the weather was magnificent on both weekends and a bumper crop of enthusiasts turned out to see the matches and return for the closing party Saturday night. Al Navarro's orchestra played for the dancing.

"All My Wishes End At Monticello"

The home that inspired these immortal words were written 184 years ago by Thomas Jefferson to a friend.

THE ABOVE REPRESENTS AN ALMOST EXACT REPRODUCTION OF PRESIDENT JEFFERSON'S HISTORICAL AMERICAN TREASURE. IT IS SITUATED IN A QUIET, SECLUDED PRESTIGE AREA OF GROSSE POINTE FARMS SURROUNDED BY BEAUTIFUL GROUNDS AND LARGE ESTATES WITH THE COUNTRY CLUB ONLY A MINUTES WALK ACROSS THE 3RD FAIRWAY.

This most unusual and interesting home will appeal only to those who want—and can afford—the best. Obviously some liberties have been taken in the use of modern equipment and accommodations; otherwise it is a historical reminder of Early American living at its best.

MAY WE SHOW YOU A FLOOR PLAN, OR BETTER STILL—ARRANGE FOR AN INTERIOR INSPECTION?

A Quick Swing Far South

It was a brief, but fascinating, swing far to the south for Adelaide Bauer, of Lakeshore road, Dr. Bonnie Wolfram, of Deeplands road, and Robert Viewig, of Lincoln road, in Santo Domingo, capital of the Dominican Republic, September 14 through 18 in connection with the visit there of Michigan's Governor and Mrs. William Milliken.

The Governor traveled to the Caribbean for the

purpose of strengthening the Michigan-Dominican Republic Partners of the Americas program. He's honorary Partners' chairman and Mr. Viewig is vice-president of the organization, a cooperative effort between citizens of both countries in the fields of tourist promotion, business, education, medicine and cultural activities.

In Santo Domingo the Michigan group enjoyed a dinner reception at the home of American Ambassador Francis A. Meloy and a formal dinner at the Palace of the President of the Republic, Dr. Joaquin Balaguer.

Tinseltown Two at GPCY

Would you believe: An "encore" better than the original production?

Well . . . perhaps "better" is too strong a word, but there was certainly nothing *deja vu* about Tinseltown Two, the party that lit up the sky at the Grosse Pointe Yacht Club last Saturday.

Like its predecessor, Tinseltown Two featured continuous silent flicks and lots of rousing, rowdy old-time fun. With bartenders in Frankenstein and Wolfman masks serving up a potent concoction like the "Guillotine," what else but rousing, rowdy old-time fun could you expect?

To Educate A Jesuit

Mrs. J. Burns Cody is chairman, Mrs. Gerard R. Slatery co-chairman of the Jesuit Seminary Association, Saints Peter and Paul Unit, annual champagne donation tea. The Thomas K. Fishers open their Lothrop road home for the party next Sunday afternoon, from 2 until 6 o'clock. Proceeds provide for the education of a Jesuit Scholastic or Jesuit Brother.

Will Wed

PAUL R. CZUBAY, son of MR. and MRS. HARRY P. CZUBAY, of Brys drive, is attending the Wimbeton School of Art in London, England, majoring in Art. He was graduated in 1969 from Grosse Pointe High School.

Mr. and Mrs. William Gapski, who moved last week from North Brys drive to Cadillac, have announced the engagement of their daughter, KATHLEEN MARIE, to James F. Quasaranos, son of the Anthony Quasaranos, of Williams court west.

They plan a November 5 wedding, in Grosse Pointe.

Special Honoree At Bal Africain

The honored guest for the seventh annual Bal Africain has been announced by the African Art Gallery committee of the Founders Society Detroit Institute of Arts.

He is His Excellency Ebenezer Moses Debrah, Ambassador Extraordinary and Plenipotentiary of Ghana, West Africa, to the United States.

With his wife Mrs. Theresa Debrah the statesman, a distinguished senior member of Washington's diplomatic corps, will be feted during the Ambassador's reception and dinner and at the Bal Africain itself at the Art Institute Saturday evening, October 23.

The gala event, raising funds for the museum's African Art Gallery, will also salute the opening of the new North Wing.

Count Basie's big orchestra and the Jim Dixon Jazz Band will play for the dedication ball in the museum's Great Hall from 9:30 until 2 o'clock.

MARK A. SCHADLER, of Blairmoor court, may win a free trip to Scotland and \$1,000 in cash as a result of scoring a hole-in-one at the Chandler Park Course, thus becoming eligible for the Rusty Nail Hole-In-One Sweepstakes.

O. J. Williams Wants to Know What You Think

I am a candidate for the Grosse Pointe Park City Council. During the primary I had a chance to visit with many of you. I learned that there is a real concern in the Park with the lack of "government to citizen" communication. Now that your votes have enabled me to finish first in the primary, it is even more important for me to know what you think about this subject, about any subject which affects our lives and our community. Therefore, this space is now open to all of you. Write to me about the problems which concern you. When the Council Election takes place November 2, I want to know what you think.

OPEN SUNDAY 3 UNTIL 5

SEE WHAT FRESH REDECORATING and new kitchen have done to this all brick two story house at 256 Merriweather. A paneled and heated room on the second floor makes for a fine hobby room or small fourth bedroom. Ready to move into next week.

ALSO JUST OFF CHARLEVOIX but at 675 Fisher Road, stop in to see the best decorated, best for condition, best and biggest three bedroom colonial on the market today. The house is also air conditioned, and sports a spacious family room which enters from the large living room. It also has the most attractive basement playroom we've seen.

CONTINUE AROUND THE CORNER to 841 Lincoln Road where another three bedroom house awaits your inspection. This one also has a den and is ready for immediate occupancy. Come by with the idea of some redecorating being required... which is exactly why it can be purchased for so little.

AT 300 LINCOLN ROAD you'll ramble about in the luxury of gigantic rooms with six natural fireplaces, and full tile baths for each bedroom. The entire house has recently been "redone" by one of the Pointe's best known decorators. Outside painting of the house and carriage house is being completed this week. There is a new driveway with plenty of parking... So drive or walk over Sunday and see how new an older house can be.

IT IS QUITE possibly the charm of a dead-end street which leads to the lake, or perhaps the eye appeal of a center entrance colonial with a New Orleans grill balustrade across the front which should attract your attention to his first offering. The house is a large, four bedroom, with a family room 26 feet long. A first floor utility room serves as laundry, mud room, access to the attached garage and receiver of wet bathing suits from those fresh from the heated swimming pool. Why not take the plunge and call us for the unveiling.

VACANT LOT in Grosse Pointe Park on Trombly. Zoned for two-family dwelling. \$12,500.

THIS LITTLE YELLOW COLONIAL effervesces with charm and beckons you inside where you'll find the interior just as inviting. There is a large dining room to complement the square living room, a den, a large screened and covered porch and a smartly updated kitchen. The second floor has two large bedrooms, one has its own sitting room. Priced to attract the many looking for a bargain at \$32,500.

A NEWER OFFERING at 1158 Yorkshire, just south of Kercheval should be of interest to all those seriously thinking of making the move into a large, four bedroom with two extra rooms on the first floor. The super kitchen and enormous family room with a corner fireplace make a serious look inside a must.

BY APPOINTMENT TOWNHOUSE living offers the advantage of minimum exterior maintenance, security of close neighbors and proximity to public transportation and shopping areas. Combined with these features we will show you a terrace with spacious rooms throughout, which include four bedrooms on the second floor and two more on the third. Off the entrance foyer is a small library and that important first floor lavatory. Both kitchen and butler's pantry have been updated and the spacious living room has a natural fireplace.

LAKE SHORE ROAD and Shores location should arouse your interest. The house is a center hall colonial with four bedrooms and a family room large enough to accommodate the largest of families, and this should send you straight to your telephone. Priced in the eighties... just for you.

ON MERRIWEATHER Road appears a four bedroom affair with two additional rooms over the attached garage. A library and large covered and screened terrace combine beautifully with the separate dining room and large living room, and we'll bring it all together for \$61,500.

Pointer of Interest

CAROLINA KETTERER, OF LINCOLN ROAD

By Janet Mueller

Question: If the insurance man hadn't been anxious to drum up business for the dentist to whom he'd just sold a policy, so the dentist would have money to PAY for the policy, would Carolina Ketterer be practicing for a 50th year anniversary concert as organist at St. Columba Episcopal Church today?

Answer: Probably yes. But let's not completely discount the insurance man's influence. Now THERE was an operator!

He made sure his policyholders kept up their premiums through an inter-policy holder referral system. Carrie's father, one of his policyholders, was in the engraving business. The insurance man sent Mr. Ketterer customers, (other policy holders).

And when the insurance man learned the Ketterer family was shopping around for a dentist, he knew just the one.

Her Ears Also Opened
Little Carrie Ketterer settled back in the dentist's chair, opened her mouth—and her ears.

Someone, somewhere near, was playing a piano. And how that someone could play! "I want," thought Carrie, "some day to be able to do THAT!"

You could call it inspiration by accident. Carrie couldn't really have escaped the magic of the keyboard if she'd tried. Dentist or no dentist.

"Music was a must for us," she remembers. "We took lessons from a Catholic sister in Camden (New Jersey). We weren't Catholics. Mother just thought she was a good teacher."

The Ketterers moved from Camden to Detroit around 1903. Miss Ketterer's been here ever since.

'North' and 'South'
She was named Carolina, after the state and after a cousin. "They called her 'South' and me 'North'."

She has collected stamps, likes to crochet, enjoys her tape recorder and stereo and makes fantastic chili sauce.

She lives with her brother, Edward A. Ketterer, a Pointer of Interest himself 23 years ago, (he was first president of the Grosse Pointe Camera Club), and her niece and nephew-in-law, Trudee and Bill Munro.

Great-niece Kathy Munro used to live there too, until, graduated last year from Albion College, she accepted a teaching assignment in down-river Trenton. That's a bit far to commute . . .

Kathy comes home frequently, though. The house in Lincoln road is the kind of home a young adult enjoys coming home to.

Will Sing at Recital
Kathy's going to sing at her aunt's recital Sunday afternoon, October 10, "about 3 o'clock," at St. Columba.

Afterwards, the Episcopal Church Women of St. Columba will entertain at a tea-in-the-artist's-honor.

Miss Ketterer hasn't quite finalized her program yet. She's been practicing the Bach Toccata in G Minor, and will definitely play that. She's decided too to include Haydn's delightful Musical Clocks in her repertoire.

The rest will be a surprise. She'll be playing beneath a beautiful St. Cecilia window, her gift to St. Columba in memory of her parents, Edward and Marie Ketterer. The window will be dedicated at the recital.

Studied with Aldrich
Carolina Ketterer studied organ with Beecher Aldrich, the organist at Old Christ's Church who came out to Christ

Church, Grosse Pointe, to play and teach.

She's a member of the American Guild of Organists since 1941.

"I don't go (to AGO meetings) all the time, but I really do pay my dues—and they've gone UP!"

She's a much-sought-after piano teacher who has never advertised. She's never had to. She drives to her pupils' houses, and in several of those houses she has more than one pupil. "Taking" from Miss Ketterer runs in families.

"Oh, yes: The boys and girls still want to play," she says. "But they have more diversions."

"I wouldn't say children were any smarter a few years ago, but they applied themselves more."

Nor would she say children are less polite than they were a few years ago. "I have always," she maintains, (frankly surprised that anyone would even ask!), "had nice children."

Follows Their Careers
She follows those "nice children's" careers when they leave her. She was glued, proudly, to the TV screen when Bob Durant, one of her boys, appeared on William F. Buckley's "Firing Line."

She was delighted to read in last spring's "Pointer of Interest" article on Steven J. Jay that his grandson, Joseph Peterson, another of her boys and a "Pointer of Interest" himself a few years ago during his Astronomy Period—he had his own Observatory in his family's Ballantyne road backyard—is majoring in Music at the University of Michigan.

She presents her piano pupils every year in recital, at St. Columba. "And she generally," laughs her niece, Trudee Munro, "picks the hottest night in the month of June!"

Mrs. Munro loves music. But she is, she admits, living proof that a close relative, someone who lives in the same house, just won't work out as a teacher.

"I can play 'Silent Night' just beautifully," Trudee claims. She can, too. Just beautifully.

Just, however, 'Silent Night'.

Same Old Stand
Carolina Ketterer first played the organ at St. Columba—an old pump organ it was then—as a substitute for her sister. Fifty years later, she's still playing at the same church.

"I haven't had much time off." St. Columba has two services every Sunday, and she plays for both. She plays too for special services. Her weddings are countless: She's been organist many times at the weddings of children of couples whose weddings she played for 20, 30 years before.

She hasn't had to change her wedding repertoire much. "They come back and want the old (wedding) music," she observes.

The post-concert tea October 10 won't be the first time St. Columba has honored its organist.

Feted By Congregation
Back in 1955, "when the old Rector was there," Miss Ketterer and Jack Burton, St. Columba's choirmaster since 1929, were special guests at a special party. "The congrega-

tion gave us each a \$500 bond."

Last year, in January, there was a reunion of St. Columba choir members through-the-years. They came from all over, and those who couldn't come sent telegrams. Once again, Miss Ketterer and Mr. Burton were the special honorees. Once again, each received a cash gift.

Each received too a special token, Mr. Burton a pair of cufflinks, Miss Ketterer a silver brooch inscribed with the Seal of the Episcopal Church of Michigan, thank-you's from all "their" choirboys, old and new.

Most Treasured Gift
But the gift Carrie Ketterer treasures most is the Bishop's Cross, presented to her in January, 1963, with the accompanying citation:

"To be an integral part of the worship of the parish for over 40 years is not a small responsibility. Our next candidate for the Bishop's Cross has had an active part in the worship of St. Columba since 1921, and through the years has been a faithful and indispensable part of our worship. "She has been active in a number of guilds in the parish and organized a Women's Church Group to participate in all of the extra celebrations of Holy Communion throughout the year. She is still active in every area of parish life and is doing a remarkable job at the organ console of her parish church."

Eight-and-a-half-years later, that last sentence remains true.

There is a government service that day in and day out gives wonderful service and help—and too little is said about them. But when you need them they are angels from heaven. This is the Coast Guard.

Nearly everyone has a friend who has used these wonderful people, pulling in distressed boats, locating lost little boys and girls, recovering drowned persons, or containing oil slicks. Anyone who has sat in a disabled craft in the blackness of the night and called for help can really appreciate these dedicated people. But we can all be grateful for them; and in my case a special thank you to two fine young men, Peter Bertucca and Matt Flinn, who helped me when I needed it.

At a press conference Monday, September 13, Dr. David DiChiera, general director, announced the fall season for the Overture to Opera Company.

The season opens with the new multi-media rock oratorio "Joseph and the Amazing Technicolor Dreamcoat," first of two Michigan premieres produced this year. "Joseph" will be performed November 4 through 6.

This new oratorio was conceived by the same creative talents that composed "Jesus Christ, Superstar."

The company will produce the Puccini opera "La Rondine," November 18 through 20. This opera is currently receiving wide acclaim and production at many regional opera companies around the country.

Overture to Opera's fall season will be a part of Upstage: Detroit, the exciting new program designed to give Detroit a performing arts center. Upstage: Detroit is located at 350 Madison Avenue, Detroit, (formerly the Cinerama Music Hall).
