Young Bicycle Thieves Caught

(Continued from Page 1)

civil authorities have the right to enter and armed with warrants, make arrests on their own.

Van Tiem and Miller disclosed the details that led to the arrest of Brown and Miss Brunas.

While patrolling on Hillcrest, Evans saw Debbie at 3:50 p.m., standing near a tree in front of No. 368, eyeing two bicycles on the sidewalk a few feet from the house. The girl started to walk toward a Chevrolet that had just turned from Chalfonte onto Hillcrest. The driver was identified as Brown.

On sighting the police car, Brown continued on without stopping for the girl, and the girl walked to Piche and kept on walking. The suspicious action of the pair prompted the officer to drive around the block. He recognized the car as one he had observed in the area in the past. The officer also recalled that a number of bicycles had been reported stolen in the area, taken apart, reassembled in a Detroit garage, then were repainted and sold.

Evans made a turn from Hillcrest off of Chalfonte, and saw Brown leave his car and walk to the front door of 372 Hillcrest. The policeman approached the man and asked for his operator's license and car registration. Brown produced a temporary operator's license that had expired in August.

Officer Sees Notebook

Looking into Brown's vehicle, Evans spotted a woman's black purse, which the man said belonged to the girl. On the front seat was a black leather notebook which Brown said also belonged to Debbie. The officer said he looked through the notebook and noted that it contained information on the number of bikes stolen, prices received, names of purchasers and orders for more two-wheelers.

Van Tiem and Miller said that the practice of the pair was to steal bicycles and remove the front wheels. In this manner, they were able to carry as many as four two-wheelers in the trunk at one time.

The new bike in the car, had been stolen from a home in Kercheval avenue. The convicted pair said they resorted to bike stealing to raise money because no one would give them jobs while they were taking methadone. They said in the weeks that they were engaged in the thefts, they made about \$2,000, which they spent as fast as they received it. They "worked" in the Pointe-Harper Woods area, but concentrated in the Farms, it was disclosed by the detectives.

The notebook revealed that to the "Marina," Van Tiem a number of sales were made and Miller said, and when Debbie was questioned regarding the "Marina," she said that it was the Belle Isle CG station.

Makes First Sale

The girl said she first approached two Coast Guardsmen at a gas station at Mt. Elliott and Six Mile road about a month ago, and when they expressed interest in buying bikes, she sold them one for \$10. The buyers said that they would take as many as she could deliver.

The notebook also contained information as to where bikes were taken, disassembled, and repainted before they were sold.

The detectives said that one section of the book contained street locations with notations, "bike in garage, 10-speed, bike in rear," "three bikes in garage, chained," etc. When asked about this, Debbie stated that she would check an area for bicycles then later return to steal them.

Brown said that after his companion stole a bike, or bikes, he met her and placed them in the trunk of the car.

When asked where they obtained the bike they had in the trunk at the time of their arrest, they said they did not know the address, but took the officers to the house, pointing out 150 Kercheval avenue.

Debbie, who said that she was unwanted by both her father and mother since she was a little girl, claimed that her father had shot and killed a child about seven years ago in the garage of his home in Novarra, Detroit, and buried the body behind the garage. This information was relayed to Detroit police for further investigation.

Agree to Help

Both Brown and Debbie agreed to help make a case of the sales at the CG station, and Van Tiem and Miller, called the CG authorities, who assigned Agent Michael Kreynus to the case. The detectives and Kreynus, with Farms Det. Earl Field, worked until the complete story was unfolded and the bikes were recovered from the Belle Isle station.

Kreynus, a resident agent stationed at Selfridge Air Force Base, after being given the information regarding the CG station members, stated that the local police had jurisdiction, but that he would assist in questioning the members at Belle Isle.

Kreynus went to the Detroit Police Harbormaster Division at Belle Isle and received the assurance of the division commander that he would represent his department in the questioning of the

Farms Fight Library Friends Show Concern

(Continued from Page 1)

Both the city manager and the chief, at the time stressed that Pine was dismissed because of "unsatisfactory service." Each denied that the officer had been fired because of union activities.

"Pine was terminated because in the opinion of the police chief, and, in my opinion, he did not meet the standards the city established for its officers," Bremer said. "He was not discharged for attempting to exercise legally protected rights, in our opinion, contrary to the ruling of the Trial Examiner."

The city manager added that the Farms believes a basic principle is involved in the Pine case.

"Probationary periods exist to assure employers, especially municipal employers, of police officers charged with high responsibility, the right to make a judgement as to the fitness of a probationary officer without having to carry a legal burden of proof.

"An employer might be certain a probationary employee is not the man for a particular job, but may be unable to legally prove that fact to a third party, as is required after the probationary period has been completed. To take away the right to make that judgement free of legal restraint is to deprive Michigan's municipalities of a prerogative vitally important to their safe and efficient management.

"For this reason, we will attempt to have the trial Examiner's decision and recommended order reversed by the Commission," Bremer stated further.

The officers of the GPFPOA charged that the city had 20 days to file an exception to the Trial Examiners decision and reinstatement order, and the 18-day wait before filing the exception was merely tactics on the part of the city to delay returning Pine to his job.

The officers said that they will fight the matter until Pine is returned to work and will use every legal means possible to formulate that conclusion.

"The city had no right to require Pine to sign a waiver," the GPFPOA officials charged, "because under our contract with the city, we are the sole bargaining agency for the patrolmen and probationary patrolmen. When Pine was asked to sign the paper requiring that he waive all rights to compensation for time attended at basic training school, the city, in fact, ignored provisions of the contract with our organization and worked out a situation with a single individual. The Association is recognized by the city council and by Mr. Bremer and Chief Ferber, as the only agency representing the non-supervisory and probationary personnel of the department."

Library Friends Show Concern

Still another "special interest" group is up in arms over the need to pare the School Budget. This time it is the Friends of the Grosse Pointe Public Library.

At the regular meeting of the Grosse Pointe Board of Education on Monday, October 11, President William J. Adams, made a statement regarding a letter which was recently sent to Friends of the Grosse Pointe Library by its president, Cleveland Thurber, Jr.

In that letter Mr. Thurber urged Friends to request the Board of Education to reinstate funds which had been cut from the libraries budget at the earliest possible date.

He also included a resolution passed by the Board of Directors of the Friends which stated, "that despite the financial distress which the Grosse Pointe Board of Education is facing in the current fiscal year the Board of Directors of the Friends of the Grosse Pointe Public Library deplors the exceptionally heavy reductions in the allocation of funds to the Grosse Pointe Public Library, and the consequent risk of irreparable damage to a facility which has been an outstanding element in the Grosse Pointe Public School System for many years."

Mr. Thurber further urged that the Friends "keep up a steady 'drumfire' of communication to the Board of Education trustees and their neighbors expressing their feelings on the issue.

At Monday evening's meeting Mr. Adams addressed those people in the audience who have a special interest in the libraries. Referring to Mr. Thurber's letter of October 5, he said, "I believe that letter unduly concerned many of its readers."

The library budget was \$542,285 in 1969-70, \$531,937 in 1970-71 and is proposed to be \$492,132 for the year 1971-72. The current proposed budget is reduced 7.5% over last year and represents a 9.2% reduction over two years ago. It had been hoped to restore some \$42,000 to the library budget following successful passage of the millage in September, but the millage failed, principally as a result of the

failure of concerned citizens to vote.

The letter also indicates that the Board is discussing further cuts in the library staff or even closing Public Libraries completely as of February first. This information is in error as the Board has not discussed any such alternatives.

Let me assure you that the Board is also concerned with and for the future of the Grosse Pointe Public Library system. We are also concerned for the future of public education in Grosse Pointe.

During this year we hope to

have constructive discussions with the Friends of the Library and other interested citizens in order to assure the continuance and strengthening of our libraries.

Burglars Rob Home in Park
Burglars broke into the home of the David Fugers, 1001 Cadiex, and escaped with several valuable household appliances. It was disclosed to Park police on Sunday, October 10.

Fuger told the authorities that the break-in of his residence took place sometime between 6 p.m. on Saturday and 2:30 a.m. on Sunday, when he returned home with his family.

Police said that evidence showed that the burglar, or burglars, had entered the home through the garage adjacent to the house and through an unlocked house door.

Missing, Fuger said, were a portable color television, an amplifier record player, and a color television-stereo. He called later to report that a tool box containing an assortment of tools was missing from the garage. The total amount of the loss was not known.

Investigating officers said that it appeared that the thieves left the house the same way they entered.

Speeding Cyclist Hits Police Car
A teenage motorcyclist who sought to elude a pursuing Woods police officer, and the cyclist's passenger were treated at St. John Hospital for minor injuries on Tuesday, September 28, following a collision with a blockading scout car at Huntington and Arthur in Harper Woods.

Injured were Thomas R. Sobrieki, 17, of 19713 Anita, who was operating the two-wheeler, and Michael L. Cicci, 17, of 19911 Anita, both of Harper Woods. The extent of their injuries was not disclosed, but the arresting officer, Patrolman Patrick McMath, stated in his report that the injuries were only minor.

According to the officer, Sobrieki was traveling south on Mack avenue, and was seen changing lanes at Kenmore without signaling, and at this intersection, made a second change, again without signaling. The cyclist was going 40 miles an hour, the patrolman said.

McMath, who was also headed south, said that as the motorcycle passed him, he observed that the two-wheeler had no license plate light to the rear, and gave chase. Sobrieki made a turn onto Huntington, from Mack, when the policeman tried to stop him. His siren and lights were on, the officer said, but Sobrieki refused to stop. In fact, it was said, the youth stepped up his speed to 50 miles an hour continuing west on Huntington and ran a stop sign at Chester.

At about 165 feet from Arthur road, McMath said, Sobrieki left the roadway, traveling over two lawns, and then went back on the road, going another 150 feet and collided with a Woods police car driven by Patrolman Douglas Domas, who blocked off Huntington after McMath radioed for help.

Domas said that he was nearby when the message for help came over his radio and he immediately drove to the area and set up the blockade. The policeman said as Sobrieki came back onto the road and attempted to pass him, he backed up his car, and the cyclist lost control and ran into the left rear section of the vehicle.

Both Sobrieki and Cicci were spilled to the pavement. Harper Woods police officers arrived at the scene, and Woods Cpl. Thomas Kerving, who came in the Woods ambulance, took the youths to the hospital. The Harper Woods ambulance, which was on the way, returned to its station.

Sobrieki was taken to the Woods station later where he was given a violation ticket for failure to stop upon a police signal. He was released after posting bond pending a hearing in court. Cicci was released without charge.

Addicts Lose Big Haul
(Continued from Page 1)
...drove a car for her boy friend and remained in the vehicle as a lookout while he burglarized homes. She also acted as driver and lookout, while her "man" broke into the trunk of automobiles, stealing spare tires and wheels. Both were on a \$25-a-day habit.

"These reports are only a few of the many that are investigated by our department, and these cases are duplicated many times over in just about every community throughout the country," Miller said.

"All of the cases I have cited involve persons who come from better than average homes, with good fathers and mothers, with the lone female coming from a broken home. Every single one of these addicts, and don't let any one tell you different, started on narcotics by smoking marijuana, and either graduated to amphetamines, barbiturates, or went directly to the use of heroin.

"Several of the people I have just reported on," Miller said further, "took treatments to withdraw from heroin, but the treatments apparently were unsuccessful and they returned to the use of this hellish drug."

Miller said that there are files upon files in every police agency in the country of arrests of persons using, selling or storing narcotics. Also, he added, there are cases where addicts have completely "blown their mind" to such an extent that they are now merely living vegetables, not knowing or caring what goes on about them.

And, too, there are the countless numbers who are past the stage of caring, and these are the ones who had taken overdoses, intentionally or accidentally, and died as a result.

He will sponsor a resolution later this month when the Michigan Senate reconvenes. State Senator Bowman may be reached at The Capitol, Lansing, Michigan 48933. Cottage Alumni Photos Wanted

Dozen of letters and photographs have been arriving at Cottage Hospital every day since the Administrator Ralph L. Wilgarde announced that Cottage will exhibit present-day pictures of the babies who have been born there. "Cottage Hospital wants to get in touch with its 'alumni'—the people born here—because 1971 is a special year," says Mr. Wilgarde. "The 30,000th baby is expected soon, and a recognition day for 'alumni' will be part of the dedication of the new hospital wing when it is opened in November." The first baby born at Cottage arrived June 19, 1919. She was Maud von Kettler Brenner, but the hospital has no up-to-date information about her. Albert D. Beaupre of St. Clair Shores was the sixth baby to be born. He arrived at 6:30 p.m., Monday, Sept. 18, 1919. "Since his father was one of the people instrumental in the development of Grosse Pointe Farms, we are pleased to have a part in being a Cottage alumni," his wife, Madalyn, wrote Mr. Wilgarde when she sent him her husband's picture. "The hundreds of pictures we have received point up the fact that our alumni are a good-looking bunch," Mr. Wilgarde says, "and the letters have given us interesting information about them." The largest family which has sent a picture reports that every one of its 11 children was born at Cottage. In another family, the five children and seven grandchildren were Cottage babies. One of the alumni was a member of the table tennis group which went to Communist China last spring. In another family, the love affair began in the newborn nursery, for both the wife and the husband were born at Cottage. "We hope to receive even more letters and pictures," says Mr. Wilgarde, "but the time has come for us to set a deadline for them—which is November 1st. After that we will be busy mounting the pictures for exhibit." Photographs of any size, eight-by-ten inches or smaller, are acceptable. The name and birth-date of the alumni must be clearly written on the back, and the name and address of the sender must accompany the picture.

Battle of the Bankbooks.

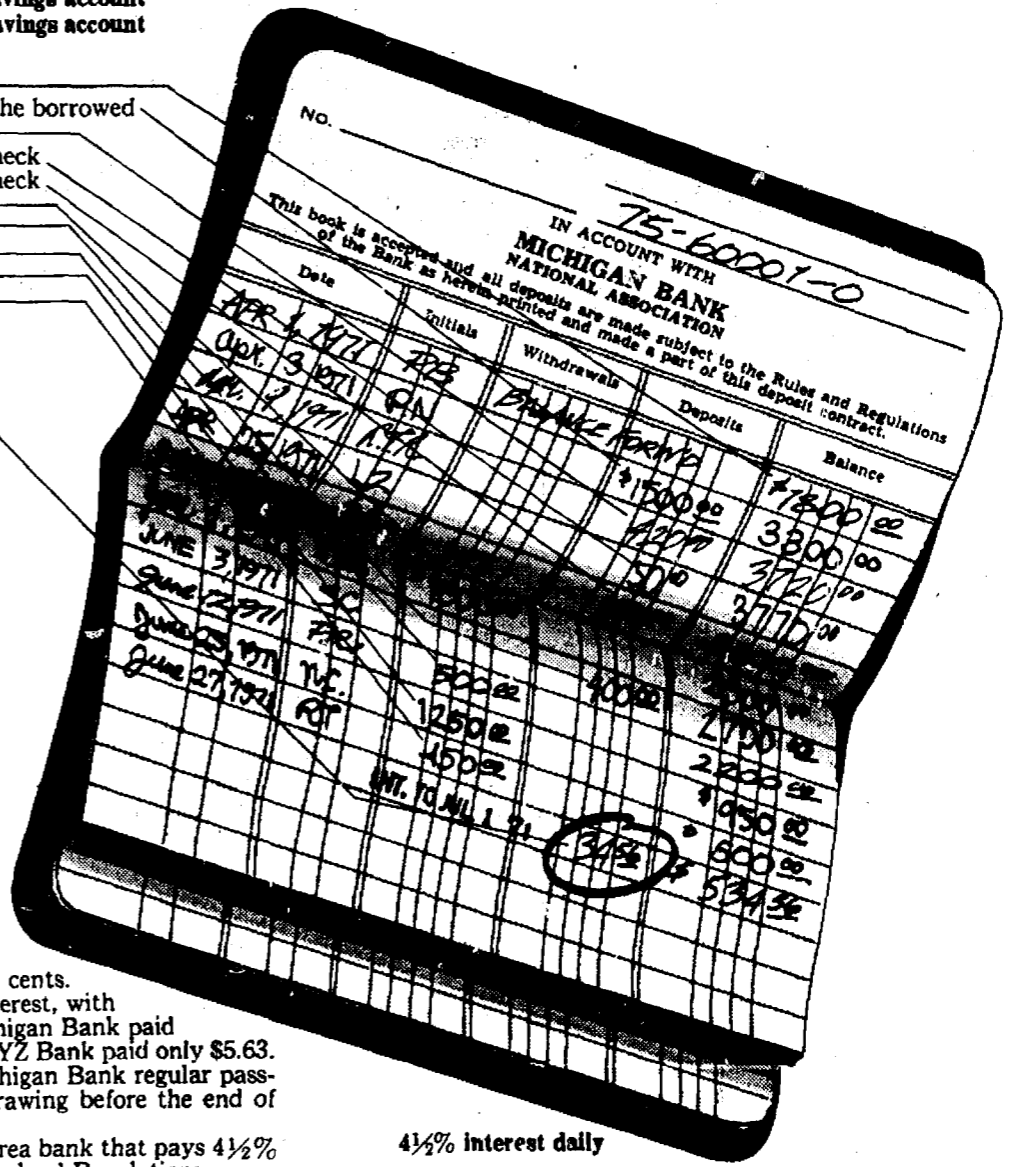

How a Michigan Bank 4 3/8% daily interest savings account scores a decisive dollar victory over a 4 1/2% savings account with interest paid quarterly.

- 1. Beginning balance
2. Uncle Harry returns the money he borrowed
3. Income tax refund check
4. Worked overtime—larger paycheck
5. Worked overtime—larger paycheck
6. Down payment on new car
7. Stock dividend check
8. Money for vacation expenses
9. Bill for Suzy's orthodontist
10. New washer and dryer

The Winner? A clear-cut victory for Michigan Bank!

4 1/2% interest quarterly

4 3/8% interest daily

The results are there in dollars and cents. Two savings accounts paying 4 1/2% interest, with identical deposits and withdrawals. Yet Michigan Bank paid \$34.56 in interest for the three-month period, while XYZ Bank paid only \$5.63. The difference? Daily interest. It means a Michigan Bank regular pass-book savings account never penalizes you for withdrawing before the end of the quarter. You earn interest day in and day out. And Michigan Bank is the only large Detroit area bank that pays 4 3/8% daily interest—the highest book interest allowed by Federal Regulations. So why settle for a smaller return on your savings? Why be tied down by a quarterly interest account when you can get 4 3/8% daily interest? And, since most Detroit banks only pay 4% daily interest, you would be losing money there, too. Be a winner. Switch your account to Michigan Bank today.

Getting Rid of Old Clothes Very Harrowing Experience

By Pepper Whitelaw

Do you have any "like-new-old" clothing that you don't know what to do with? Has your garage sale left you with lots of clothing rejects? Then by all means take them to a re-sale shop. There are several in our area.

One lunch hour last week, I scurried over to one with a large packing case and at least 50 hangers full of clothing. I planned to just drop the clothing then run off to some air-conditioned restaurant for lunch. (That shows you how naive one can be!)

As I dragged into the room I was confronted by at least 25 women (naturally all ahead of me). (This was reminiscent of the "good old days" waiting in the obstetrician's office, remember?)

I stood next to a double row of chairs on which the women were seated in varying stages of disarray (you try lugging hangers full of clothing and boxes and see how you look).

Then what happened next had to be seen to be believed. I heard a voice say "Next," saw a woman moved to the receiving desk, and THEN all the women who were seated began playing musical chairs. How nice I thought... games while you wait. Ah, I was wrong again, this was the way the line progressed. (After a while you got so you kind of enjoyed it.)

The conversation at a re-sale shop is delightful. All reminiscent of happy days. There's Josie's first formal, a puff of pink net... and there is John's Buster Brown suit, complete with beanie that momma just hated to part with, but now that John is 19 she thought she ought to... and there is the dress momma wore to Susie's wedding. Gosh, Susie celebrates her 10th anniversary next week.

But the real action is at the receiving table. I was particularly delighted with a tiny-white-haired little lady who was trying to foist off a dozen jelly glasses, an old chopping board, a couple of old fruit cake cans, not to mention a pair of black galoshes, that had seen better days, to the pert and perky lady at the table.

It didn't work, however. With a smile on her face and NO SALE written in her eyes, she refused the merchandise.

Then the awful thought hit me that maybe I had some unsuitable merchandise. (I didn't like most of my clothes when they were new, so how could

I expect anyone else to like them when they are old?) After all, they weren't as nice as many those other ladies had presented and were refused. As I witnessed many a red faced matron leave with her items marked unsuitable, I quickly tried to inventory my stock of merchandise, then remembered with a shudder that I had placed one shirt that had seen better days in the bundle. I prayed she'd reject it as quietly as she had rejected items for those before me.

When she beckoned that it was my turn, I felt somewhat like a carpetbagger displaying his wares. But something happens to you when you're in this kind of a spot. Before I knew it, I found myself extolling the virtues of a tired old purple dress that had grown too small for me over the years.

Catching myself before I got too carried away, I sat politely as the receiver checked in my merchandise. Strange how different your clothing looks exposed to the whole world on a sales table.

Before I knew it she was handing me a long itemized list and I was set to go, but not before I heard the lady that followed me say, "I bought this at Saks, and hardly ever wore it... you see..."

Roth Ruling

(Continued from Page 1)

These preparations will insure that we are fully informed, effectively joined with appropriate allies, in strength, and prepared to take appropriate action at a propitious time.

In the interim we hope that the community will view the situation with intelligence, reason and calm. Premature and unduly emotional reaction cannot help but be counterproductive to our education purposes. Irresponsible involvement of our children in these issues will detract from their education and may initiate emotional reaction with which you may have some difficulty in dealing. If you wish to actively involve yourself at this time do so through a responsible and potentially productive organization such as the Grosse Pointe Study and Action Committee for Education.

We hope that your concerns for education in Grosse Pointe are not limited solely to the implications of the matters in Judge Roth's court. Other actions initiated at the state level are equally threatening of our quality education and local control. We welcome your support in resolving these concerns as well.

School Board Budget Is Approved

The Grosse Pointe Board of Education on Monday, October 11, passed the proposed 1971-72 school budget by a vote of 6-1 with trustee Donald J. Semmler voting no.

Since the informal budget hearing on August 30, several adjustments have been made due to new developments such as application of the wage freeze on professionals wages and failure of the passage of the millage which would have permitted restoration of personnel and programs. Other expense areas have had to be reduced to live within the available revenue.

The school system is also faced with possible reduction of State Aid to the extent of \$325,000. The Board is committed, according to President William Adams, to the concept of a balance budget in this fiscal year. It plans to review and consider necessary revision of the budget after the end of the 90-day freeze. Periodically through the second half of the year it will consider reduction of program and other expenditures to live within revenues which are actually available for the operations of the schools.

Operation expense: proposed for the schools and public libraries for 1971-72 amount to \$14,824,613, a decrease of \$285,268 from the 1970-71 year's expenditures of \$15,109,881.

Total debt retirement for the 1971-72 year, which reflects the recently-begun renovation and construction program at South High School amounting to \$296,309, is proposed at \$1,119,273.

The school district's total expenditures for 1971-72 are projected at \$15,943,886, a decrease of \$4,725 from last year.

Comparative enrollment figures reveal that in 1969-70, 13,319 students were enrolled in the school system; in 1970-71, 13,289 were enrolled; and in 1971-72, 13,528 students are enrolled. The staff included some 748 professionals in 1969-70; 727 in 1970-71, and only 650 in the 1971-72 school year.

The system has reduced services as a result of the loss of 77 professional staff

members. Other program and staff reductions include larger class sizes, closing of Central library on Fridays, reduction in extra curricular activities, elimination of small classes such as advanced language, reduction of educational equipment and supplies and reduction of operation, maintenance and capital improvements.

Here are some revenue notes of interest to residents released by the school system.

1. Current taxes reflect the expiration, without renewal, of 2.7 mills levied last year although giving effect to an increase in State Equalized Valuation of approximately \$28,000,000. In view of current economic conditions and experience last year, a current collection rate of 97% has been used compared with 97.25% last year.

2. Delinquent taxes have been increased to reflect the fact the collection has been shifted to the County and in view of the larger balance of uncollected taxes.

3. Special appropriations — severance has been eliminated and the balance in the reserve was restored to income last year.

4. Special appropriations — building and site reserve last year was necessary to fund the result of Supreme Court decision to provide free text books and supplies.

5. Rent — school facilities increase is due to a decision to reflect the largely off-setting revenues and expenses attributed to auditorium-gym rental in the budget rather than in a revolving fund.

6. State school aid has been reduced from \$124.69 in 1970-71 to \$119.39 per pupil in 1971-72. This estimate was based upon 13,540 pupils, whereas the pupil count will be 13,527. Approximately \$325,000 of such revenue will be withheld by the State until the fourth quarter of the fiscal year (April-June 1972) against potential deficits in the State budget. In the event of a deficit this amount may never be received.

7. State aid — special education has rarely reached its publicized goals although 1970-

71 paid out at a greater rate than anticipated. The reduction is partially accounted for by a reduction in the number of reimbursable personnel. In addition, the requirements for reimbursement of remedial reading have been cut back significantly resulting in a reduction of approximately \$49,000. Other areas have also been reduced. Revenue estimates in this area have been stated conservatively in the magnitude of \$10,000-\$15,000. However, past experience with State Aid for Special Education and uncertainties regarding State School Aid revenues mandate such an approach in this area.

8. Federal aid—state source includes \$60,000 for special project on behalf of Barnard Center students and available only for that purpose.

9. 1971 debt retirement — taxes levied to support principal and interest on \$3,600,000 Bond Issue for the addition to and renovation of South High School approved by the voters on December 7, 1970.

The Board also passed a resolution objecting to the 20 percent Holdback Provision of the 1971-72 Michigan School Aid Act, which directly affects our budget.

Unless this provision is changed or repealed \$325,000 will be withheld by the state until the fourth quarter of the fiscal year (April-June 1972) against potential deficits in the state budget.

Can you find the Volkswagen hidden in this picture?

If you can, you'll make us very sad. Because we've troubled ourselves no end to hide it from you.

Our quest for the invisible Volkswagen took us all the way to Turin, Italy. Where we asked the famous Ghia Studios to design us a sporty Italian body. They did.

Then we secretly prowled about Europe for the best coach builder we could find. Success. To the Karmann Coachworks of Osnabrück we handed over Ghia's sketches with the injunction: "Make it beautiful." (Or else.) They did.

They welded. And burnished. And sculpted. And sanded. And painted.

Until they had shaped in steel what Ghia had shaped in pencil.

Smug in the knowledge that nobody could ever mistake this beautiful car for a Volkswagen, we concealed our air-cooled engine in back. (For better traction.)

And made it go about 26 miles on just one gallon.

Then we gave this Volkswagen its final disguise:

We named it the Karmann Ghia.

Chance to Give Blood Today

Every day patients in over 90 area hospitals depend upon the Red Cross to supply them with life-giving blood. "In fact, no organization is more dedicated to the saving of lives than the Red Cross Blood Program," Gus Rissman, Blood Program Field Representative said today.

He said the Red Cross must collect a minimum of 450 units of blood daily in order to meet the blood needs of you and your neighbors. "Because whole blood can only be stored for 21 days, he said, the Red Cross is in constant need of blood donors."

"Surgery and the treatment of hemophiliacs and accident victims would be impossible," he said, "without the continuous supply of blood." Blood cannot be manufactured, it must be supplied by you.

By having one member of your family donate at least one pint of blood every 12 months, he said, you can have the security of knowing that whole blood and blood products are available for you and your family whenever they are needed. Membership in the Red Cross Family Plan can bring an end to your blood need worries.

"To donate the unit of blood that is needed every 12 months for Family Plan membership, a Red Cross bloodmobile will be located at Grosse Pointe Memorial Church, 18 Lakeshore road today, Thursday, October 14, from 2 p.m. to 8 p.m. For an appointment to donate, please call 881-7511.

"It's very exciting. And now with the long trip air fares as low as \$200, Europe is really opening for the American buyer and investor," Davies said.

Plan Exciting Lecture Series

Ruth Kaiser, instructor of "Meet the Masters", a music appreciation class sponsored by the Grosse Pointe Public Schools Department of Community Services and the Grosse Pointe Public Library, got the 1971-72 lecture series off to an exciting start last Wednesday morning in the Grosse Pointe Central Library. Combining her interesting insight of the composers and the music they wrote, with the talents of Ruth Burczyk, Grosse Pointe Concert Pianist, Mrs. Kaiser's subject was "The Mysticism of Cesar Franck". The discussion centered around Franck's Sonata in A for Violin and Piano and the Symphonic Variations for Piano and Orchestra with Mrs. Burczyk playing excerpts from this work.

This Sunday, October 17, at 3:30 o'clock in Grosse Pointe North Performing Arts Center, Ruth Burczyk, as guest artist with the Grosse Pointe Symphony Orchestra under the baton of Felix Resnick, will be heard in a performance of Franck's "Symphonic Variations" and Gottschalk's "Grande Tarantelle", both for piano and orchestra. Also included in the program will be

Rotary to Send Five to Japan

Dr. Max L. Gardner, president of Grosse Pointe Rotary Club announced today that his club will join 44 Clubs in Southeastern Michigan and Essex County, Ontario in selecting five young men for a six-week study tour in Japan during April and May, 1972.

A part of Rotary's effort to promote international understanding, the study tour will give the five ambassadors an excellent opportunity to study the business and professional life of their counterparts in the Kyoto district of Central Japan. The young men chosen to go will have all but their incidental expenses paid by Rotary and will be the guests of the Japanese while in Japan.

Selection of candidates submitted by Grosse Pointe Rotary will start immediately. Dr. Gardner said and added that "I hope Grosse Pointe Rotary will have a representative on the team."

Choice will be made among qualified candidates between 25 and 35 years of age having high personal and vocational standards. An attempt will be made to select young men representing different occupations so that the group will be able to represent a cross section of young American and Canadian interests. Anyone interested may contact any Rotarian for further information. Rotarians and their family members are not qualified to apply.

The group will be led by a Rotarian selected from the district. His name will be announced shortly by Governor John Dawson of Rotary District 840. Dawson, an Adrian resident, governs for Rotary international, the area from which the candidates will be selected.

Leaf Collection Begins in City

The City's special fall leaf pickup program is now in operation. City residents may rake their leaves into window piles between the curb and sidewalk where they will be picked up by the City with its vacuum truck. Residents are reminded that the City does not permit the burning of leaves. Residents are also asked not to rake leaves into the street where they cause traffic hazards and clog catch basins. Also brush and similar debris should not be intermixed with the leaves as it clogs the vacuum suction collection equipment.

Public Works Superintendent Douglas Collinson reports that the leaf collection program is operated on a continuous cycle throughout the City. This results in approximately two pickups per week during the beginning and end of the fall leaf season. When the leaves are falling at their heaviest rate, the collection cycle lengthens to about six or seven days. The City operates its equipment on an overtime basis during the period of heavy leaf fall to keep the collection cycle as short as possible.

To keep the vacuum suction equipment in actual collection operation as much as possible, the collected leaves are dumped in the City Park. From that point they are loaded into refuse packers and hauled to the Grosse Pointe-Clinton sanitary land fill at 25 Mile road for disposal.

Devils Looking For First Win

By Mark O'Keefe
 South's Blue Devils will head into this Saturday's Homecoming Game against Highland Park still looking for their first win.
 Wyandotte's powerful running attack last Friday, October 8, accounted for four touchdowns as the Devils went down to their fourth consecutive loss, 32-22, in a rain soaked contest.
 The Devils started off right when Chris Charlton recovered Wyandotte's fumble of the opening kickoff; however, South's offense failed to advance the ball and was forced to punt. The Bears then moved 72 yards in 11 running plays and capped the drive with a touchdown run from 8 yards out. John Renaud blocked the kick for the extra point.
 THE DEVIL defense did not let Wyandotte complete a pass in the first half, but seemed extremely vulnerable to running plays. Another Bear touchdown and a 2-point conversion in the second quarter gave them a 14-0 lead at half-time.
 Wyandotte upped their lead by another 6 points early in the third quarter, before

North Harriers Continue to Win

By David Moxley
 The Grosse Pointe North Cross Country team on Saturday, October 9, strengthened their invitational record as they ran away from all the competition at the Clarenceville Invitational. North accumulated the low score of 33 points. Livonia Stevenson established the only threat to the Norsemen's dominance as they pursued with 54 points. Out of the 70 runner field, North's Harriers placed three, four, six, nine and eleven. Bill Hammer and Junior Kevin Sun turned in the best performances for North; running the 2 1/2 mile course in 13:08 and 13:13, respectively. Also turning in good performances were David Mogk, Ralph Hoffman, and John Kopacka.
 At the Oakland Invitational on Thursday, October 7, both the Varsity and Junior Varsity Norsemen displayed strong performances. In the 31 team race, North's Varsity Harriers finished second behind Birmingham Seaholm.
 Seaholm's time was 65:73 while North trailed with a time of 65:47. In the 217 runner field, Bill Hammer, Kevin Sun, and senior Ralph Hoffman placed seven, ten, and fifteen, respectively.
 The Reserve Norsemen exhibited great depth as they placed first in the 31 team invitational at Oakland. 200 Reserve runners competed in this race. North captured two, five, six, seven, and ten, giving them a score of 30 points. Mike Dimond, led North's Junior Varsity capturing second place with a time of 13:42, Gary Marowski,

North's Varsity Goes For Five

By Tim Simpson
 North High School's varsity football team is looking forward to this Saturday's game at 1:30 p.m. at L'Anse Creuse after four consecutive victories in the Bi-County League.
 In the game against Fraser last Saturday, Duane Johnson dominated the contest with his record breaking scoring. North defeated Fraser 38 to 18.
 Johnson scored two touchdowns and ran in for three two point conversions. This upped his season total to 84 points in four games thus breaking his own 1970 record.
 North's ground game was devastating. Rob Holmes returned kick-off 75 yards for one touchdown and Puleo passed 45 yards to Bob Haas for another.
 Fraser's touchdown came on a 77-yard kick-off return, a 46 yard pass play, and an 11 yard run from scrimmage.
 secured fifth, Dave Marsteller, sixth and Brian Mervak, seventh.
 North continued to show supremacy in duel meets as they crushed Fraser on October 7. The Norsemen had a perfect score of 15 points and placed their top seven runners before Fraser's number one man entered the finishing chute.
 L'Anse Creuse, South Lake, and Flint Kearsley, are North's remaining duel meet competitors. And then the Norsemen conclude their season with the State Regional on October 30, the Bi-County League Meet which will be held November 3, and finally the state championship on November 6.

INTERESTING FACTS
 Did you know that postage stamps were not used anywhere in the world until 1840.
 The first country to issue postage stamps was England, and the first stamps showed a portrait of Queen Victoria.
 The first postage stamps in the U. S. were not issued until 1847. There were just two kinds then—a 5¢ stamp showing Benjamin Franklin for letters going less than 300 miles; and a 10¢ stamp showing George Washington for letters going more than 300 miles.
 And, here's another interesting fact . . . the sales people at Maliszewski Carpeting are ready to help you. They have the know how that comes from years of carpet experience. Another good reason to stop by and see what's new in colors and ideas.

Floral Fantasy Lunch At DBC

The holiday spirit will have its premier at the Detroit Boat Club when the Women's committee stages its Floral Fantasy luncheon next Wednesday, October 20th. Arrayed in its best harvest decor the club welcomes members and guests for cocktails at 11:30 o'clock.

Mrs. Paul N. Askounes, of Bloomfield Hills, will create unique floral compositions for all occasions while revealing some of her own trade secrets for producing attractive flower arrangements. She is often called upon by interior decorators to enhance their designs, has served as a judge

for Woman's National Farm and Garden and has participated in the Oakland University Speakers Bureau.

Mrs. Askounes is president of the Detroit Chapter of the Ikebana International Association, the Japanese Federation of Garden Clubs. She is also a member of the Greater Detroit Flower Arrangers Guild.

Mrs. Kenneth L. Kimmel, chairman, and Mrs. Philip A. Gold, Jr., co-chairman, believe members and their guests will have a most enlightening and enjoyable afternoon.

Suburbia Garden Club members met early in the month at the Grand Marais boulevard home of MRS. VICTOR BREIDENBACH, (seated, center), to finalize plans for their Octoberfest, scheduled for next Wednesday, October 20, at 11 Carmel lane, home of Club president MRS. DONALD V. MILLER, (seated, left), from 1 until 4 in the afternoon. A boutique featuring handmade gifts, some Christmas decorations and the "apple" — a lovely needlepoint pillow designed by Betty Breidenbach and worked by Octoberfest committee member Marilyn (Mrs. Henry Domzalski)—will be among the

day's highlights, as will an auction of used articles, including some antiques. MRS. WILLIAM C. BECKENHAUER, JR., MRS. ALBERT W. MILLER, (standing, left and right), and MRS. RICHARD N. HENRITZE, (seated, right), admire a selection of the boutique items with Mrs. Breidenbach, co-chairman of the Octoberfest with Mrs. Raymond Duffy, and President Miller. Other committee members are the Mesdames Carson Grunewald, William Bloesing and James Doll. Tea will be served continuously throughout the afternoon.

Miss Leigh Holbrook Willmore Becomes Bride

Leigh Holbrook Willmore, daughter of Mrs. Donald F. Smith, of Nottingham road, and Thomas F. Willmore, Jr., of Ocean Ridge, N.J., and David Edward Woehler, Jr., son of Mr. and Mrs. David E. Woehler, of Detroit, were married Saturday, September 11, at a ceremony in the Harcourt road home of the bride's grandmother, Mrs. Thomas F. Willmore, scene of the luncheon reception immediately following the rites.

Dr. Harry Meserve, of the Grosse Pointe Unitarian Church, officiated at the small ceremony for members of the immediate families, including the bride's brother, Thomas Frederick Willmore, III, who acted as host, greeting guests and assisting them to their seats.

The former Miss Willmore, granddaughter also of the late Thomas F. Willmore and of former Pointers Mr. and Mrs. Guy C. Smith, who now reside in Southern Pines, N.C., designed her wedding gown of pale yellow cotton bengaline, floor length and featuring yellow daisy embroidery at her bodice, long sleeves and deep hem.

She wore a tiara of daisies and carried a cascade of daisies and ivy.

She was attended by her step-sister, Karen Smith, in a long, sleeveless frock of mint green bengaline. William Fred-

erich Woehler served as his brother's best man.

The bridegroom's grandmother, Mrs. Robert J. Eoff, and his uncle, Richard Eoff, were among the wedding guests.

The newlyweds vacationed in Maine and are now making their home in Indian Village.

Miss Knighton Wed To Robert Newman

Trio of Natural Redheads, Her Two Sisters and a Cousin, Attend Bride at Twilight Ceremony; Couple Vacation in Montreal

Anna Marie Knighton chose her birthday, October 9, as date of her wedding to Robert Arthur Newman in Saint Paul Evangelical Lutheran Church. The Reverend Charles W. Sandrock presided at the twilight service.

The bride, daughter of Mr. and Mrs. Heywood J. Knighton, Lakepointe avenue, wore a white satin gown featuring an applied panel of embroidered Venetian lace and seed pearls, a Mandarin collar, long puffed sleeves of silk organza and a Chapel train.

Embroidered lace rosettes with pearls accented the white satin headpiece holding her fingertip illusion veil.

She carried an arrangement of white snowflake mums and pale pink and white Sweetheart roses.

She was attended by a trio of natural redheads, her sisters Mrs. Michael Reid, of Kenosha, Wis., and Pamela Knighton as matron and maid of honor and her cousin, Sidonie Dossin, as bridesmaid.

Their frocks, styled with fitted bodices, long dirndl skirts and long full sleeves, were fashioned of geometric printed velvet corduroy in shades of purple, red and burnt orange.

They carried bouquets of lavender daisy mums with white baby's-breath.

James E. Newman was his brother's best man. They are the sons of Mr. and Mrs. Donald R. Newman, of Cleveland Heights, O.

Ushering were the bride's cousin, Daniel A. Dossin, of Lansing, and Larry Seiferly.

The Grosse Pointe War Memorial was the scene of the reception and dinner following the 5:30 o'clock double ring ceremony Saturday.

The bride's mother wore an emerald green silk and wool shantung ensemble, the bridegroom's mother a dress and jacket of aqua silk. Both chose white orchid corsages.

Mr. and Mrs. Robert Lester Wheat, III, Greet Guests at War Memorial Reception Following Their Morning Marriage

Saint Paul's-on-the-Lakeshore was the setting Saturday, October 9, for the wedding of Karen Ann Zauner, daughter of William Michael Zauner, of St. Clair avenue, and the late Mrs. Zauner, and Robert Lester Wheat, III.

He is the son of Mr. and Mrs. Robert L. Wheat, Jr., of Mount Prospect, Ill.

Father James Cronk presided at the 11 o'clock rites for which the bride selected an A-line silk worsted gown trimmed with Alecon lace over which tiny pearls were scattered.

Her bouffant illusion veil fell from a lace-covered bow and she carried a nosegay of white roses and lilies-of-the-valley.

Her attendants' peasant frocks of yellow-gold crepe were sashed and trimmed with red and gold. They wore yellow-gold bows in their hair and carried wicker baskets filled with rust and orange-gold mums and greens.

Honor maid was Susan Bartels, of Greendale, Wisconsin. Bridesmaids were Cheryl Agnes Zauner, Nancy Maria Zauner, Janice Hummel, of Saginaw, and Sandra Puzahl, of Windsor, Ont.

James Katsantonos, of Melrose Park, Ill., was best man. In the usher corps were Gary Michael Zauner, Gregory Bell, of Orchard Lake, Donald Wilson, of Chicago, and William Johnson, of Danville, Ill.

The morning ceremony was followed by a reception and luncheon in the Grosse Pointe War Memorial's Crystal Ballroom.

The bridegroom's mother wore a beige wool dress and matching coat. Her corsage was a cymbidium orchid.

The newlyweds will make their home in Inkster.

Vacationing in Switzerland and Italy this fall were MR. and MRS. A. INGERSOLL LEWIS, JR., of Lewiston road, and her brother, THEODORE H. FUGER, of Cloverly road.

Cantata Nights For Symphony

The Mount Holyoke College Glee Club and the Williams College Choral Society will make their first appearance with the Detroit Symphony Orchestra at concerts this Thursday and Saturday evenings, October 14 and 16, at 8:30 o'clock in Ford Auditorium.

Metropolitan Opera contralto Lili Chookasian will be featured in solo roles at the same concerts, conducted by Sixten Ehrling.

The program on both nights includes the Beethoven Symphony No. 5, the Brahms "Alto Rhapsody" and Prokofiev's epic cantata "Alexander Nevsky," based on his score for the great Sergei Eisenstein-directed film of the same name.

All participants join forces again later this season for repeat performances of "Alexander Nevsky" in New York's Carnegie Hall on November 4 and at the new John F. Kennedy Center for the Performing Arts in Washington, D.C., November 5.

The orchestral portion of the program will be different on those occasions, however. Ehrling will pair the Nielsen Overture to "Maskarade" and Sibelius Symphony No. 2 with the Prokofiev cantata.

Miss Chookasian, who last appeared with the Detroit Symphony in performances of the Verdi "Requiem" in 1968, is a native Chicagoan. She was first noted nationally after critical raves from a summer concert with her home city's orchestra in Grant Park.

She made her operatic debut in Little Rock, Ark., and a tap of that performance was played for Thomas Schippers, who immediately engaged her for roles at the Festival of Two Worlds in Spoleto, Italy, as well as for performances of "Alexander Nevsky" with the New York Philharmonic. She made her Metropolitan Opera debut in 1962. Since then she has appeared frequently at the Met as well as on recital and concert tours.

The Mount Holyoke College Glee Club, directed by Tamara Knell, is comprised of upperclassmen and graduate students. The Glee Club performed in a number of cities, including Detroit, in a tour last year with the MIT Glee Club.

The group also has appeared with the Yale Glee Club and New Haven Symphony and with the Williams College Choral Society.

The Williams College Choral Society, Kenneth Roberts, director, was founded in 1967, reorganizing choral activities of that Massachusetts school which had been in progress for more than 100 years.

The new group represents a shift from the traditional male glee club to one in which several important choral works would be presented each year with professional ensembles.

As Williams was still an all-male college then, (but is no longer), the Choral Society's first appearances were in association with women's college singing groups in the New England area.

MRS. RICHARD MITCHELL opened her McKinley place home Friday, October 8, for a meeting of the Elizabeth Ketchum Group of the Grosse Pointe Memorial Church Women's Association. MRS. EDWIN R. LITTLE gave the devotions.

Susan Jackson Will Be Bride

Mr. and Mrs. Harvey W. Jackson, of Canton, O., formerly of Hillcrest road, are announcing the engagement of their daughter, Susan Marie, to Kenneth Wight Teague, son of Mr. and Mrs. David G. Teague, of Bloomfield Hills, formerly of Hampton road.

Both the bride-elect and her fiancé, currently serving with the United States Air Force, are graduates of the University of Michigan, where she affiliated with Alpha Gamma Delta.

A December wedding is being planned.

Set Pointe Book Club's Meeting

Dr. Thelma James will speak on "Women of the Bible" at a meeting of the Pointe Book Club next Monday, October 18, at noon in the Sheldon road home of Mrs. Charles Koebel. Assistant hostesses will be Mrs. George Baer and Mrs. Howard Simon.

Dr. James, a very popular lecturer, is in great demand since her recent retirement from Wayne State University.

Catholic Study Club Has Monday Meeting

Opening day of the 1971-72 season for the Catholic Study Club of Detroit was Monday, October 4. Holy Mass at 10:30 o'clock for members at the Little Flower Chapel in Parsons Street with Father Arthur Hathaway C.S.B. as celebrant was followed by a complimentary brunch in the English Lounge of the League of Catholic Women Activities Building.

Mrs. G. Sam Zilly, of Merriweather road, program chairman, presented Donn G. Kipka, supervisor of training in the Market Department of Detroit Edison. His subject was "Into the 21st Century," an Urban Detroit Regional Department Program.

Mrs. Clarence McInerney, president, officiated at the business meeting.
