S.O.S. Gridders Stop Holy Name

The Star of the Sea sailed led by its alert captain, Scott Egnatios, and featuring quick pursuit and some hard hitting, shut Holy Name team 18-0, at Balduck Field, on October 9. The offense continued to be well-balanced, highlighted by an excellent trap play for a 55 yard touchdown run by Carl Meli, including a 70-yard touchdown run by quarterback Doug Koepsell.

The victory was a big one for the Sailors, who are off to a fast start with a 3-0 season record.

child in this state be provided with equal educational opportunity without regard to the wealth of the school district in which he and his parents reside.

Local school taxes are raised on the basis of a millage rate applied to an equalized valuation of real estate in each district.

The equalized value of local real estate per school child has been reported in the metropolitan press as \$45,155 in Dearborn, \$28,533 in Bloomfield Hills, and \$32,256 in Grosse Pointe. Examples of low valuation districts cited are Inkster at \$8,637, Madison Heights at \$8,834, and Dearborn Heights at \$7,515.

The three districts being sued are above average in per pupil wealth for school tax purposes, but they are not at the top. An industrial community such as River Rouge has \$70,874 in real estate behind each child, and Woodhaven has \$72,606.

Possible alternative methods of financing public education are embodied in House Bill 5326 and House Bill 5500, both awaiting study in the Education Committee of the Michigan House of Representatives. The Legislature reconvenes on October 26.

Press reports indicate that the state seeks a "well-fought case with clear-cut issues and well-defined results." For this reason, Grosse Pointe, Bloomfield Hills and Dearborn, high valuation quality school districts operating well under the present method, were singled out, since they are expected to oppose the suit.

The suit states that Bloomfield Hills, Dearborn and Grosse Pointe have both a "higher state equalized valuation of taxable property per pupil and higher expenditures per pupil than most other school districts in the State of Michigan."

It also states "that the amount of revenue per pupil derived by a school district from general ad valorem property taxes for school operating purposes is dependent upon and a function of the wealth of the school district as measured by the state equalized valuation of the taxable property per pupil within the geographical boundaries of the school district."

The suit states that "the substantial disparities among school districts in expenditures per pupil are not based on the varying educational needs of the pupils enrolled therein and that the substantial disparities among school districts in expenditures per pupil are based on the wealth of the school districts as measured by the state equalized valuation of the taxable property per pupil within the geographical boundaries of each school district."

It further states that "the present Michigan system of financing the operation of school districts, through general ad valorem property taxes and state school aid appropriations, fails to equalize expenditures per pupil among school districts and thus invidiously discriminates against and denies substantially equal educational opportunities . . . to those children enrolled in school districts having a low state equalized valuation of taxable property per pupil in contravention of the guarantee of equal protection of the laws contained in the Fourteenth Amendment to the United States Constitution."

Assistant Attorney General Eugene Krasicky, an education specialist, is named in the suit as representative of Governor Milliken and Attorney General Kelley.

Should the present method of financing public education, based on the local property tax be changed, the current

Students Walk To Raise Funds

Grosse Pointe students, from North and South High Schools, will participate in a WALK-ATHON on Sunday, November 7, from 8:00 a.m. to 5:00 p.m., to raise money for an "extra-curricular fund."

The WALK-ATHON route will be from North High to The Farms Pier and back. Each "walker" is limited to twenty miles.

Funds will be raised by one or more adults sponsoring each student and paying a certain amount each mile he walks. The money will be used for clubs and other extra-curricular activities, such as intramurals, varsity sports, music, art and publications in the senior high and middle schools. It will also insure continuation of safety and service squads in the elementary schools by providing adequate funds for sponsors. Students hope to raise \$55,000.

In order to participate, students must obtain printed forms from the Student Councils. These should be filled out and signed, in duplicate, by friends and relatives who will guarantee payment of a certain amount per mile.

The Dads' Club will provide officials for the march, stationed every mile along the way. They will stamp students' hands as they pass, thus attesting to their accuracy.

The route of the WALK-ATHON has been approved by the police chiefs of each of the communities — Grosse Pointe Farms, Shores and Woods—and public officials have been most cooperative.

This project is sponsored by a committee made up of three representatives from each of the following groups: Mothers' Club and Dads' Club from South High; Parents' Club and Dads' Booster Club from North High. Any further questions, call Joy Dickson (Mrs. Albert), 884-1989.

Committee members promise a few "surprise-celebrity" walkers.

least we can do is commemorate a day to them," says eighth grader, Bill Gilbride.

"I am all for honoring the men and women who offered their lives for our country," says Lorri Nalezty. "I am thankful that they keep our country free."

Lucy Quinn thinks Veterans Day is great. "It's like a birthday honoring all the men and women who fought to keep our country the home of the brave and the land of the free."

So Sister Ann Celine and junior high teacher, Shirley Batche, with the help and ideas of the eighth grade students planned school-wide activities.

The art classes, under the guidance of Mrs. Margaret Imrick, worked on all kinds of special projects including the making of flags dating back to the Revolution and the sketching of soldiers' uniforms from various periods in American history.

There will be many programs honoring veterans on Monday, but none created out of as much love!

Council Okays Police Aid Pact

On Monday, October 18, the Farms council fell into line with the Park and Harper Woods council and unanimously approved an up-to-date Reciprocal Police Mutual Aid Agreement. The City and Shores councils are expected to act on the pact at their regular meeting.

The pact, which was recommended by Police Chief Robert K. Ferber, in one phase, as he put it, is an updating of the 1960 agreement between the five Pointes and Harper Woods and conforms with Michigan Public Act 236, governing such matters.

In a statement made to the council at Monday's meeting, the chief pointed out that the agreement is the result of six months of conscientious efforts by the city managers and police chiefs of the six communities, and has been approved by the respective city attorneys.

The State Law, passed in 1967, basically states that any two or more cities, villages or townships, whether adjacent to each other or not, may enter into agreements to provide mutual police assistance to one another in the event of emergencies.

The law also requires that such pacts must be subject to the approval of the governing bodies of such communities and must provide for the nature of such an emergency, who shall declare the emergency, under what circumstances police assistance may be asked for and by what city.

In addition, the chief stated further, Public Act 236 requires that the agreement must contain provisions relative to compensation and disability payments, retirement and furlough payments and charges to be made for equipment, supplies and materials used or expended while rendering assistance under the pact.

The updated agreement not only meets all the requirements of the State Law, Chief Ferber said, it also formally provides for an Inter-City Tactical Support Unit (I.T.S.U.). It also provides for an I.T.S.U. command structure, operational planning board, mobilization procedure and personnel and equipment requirements.

The proposed Mutual Aid Agreement also contains a departmental order regarding the rendering of mutual aid assistance.

To err is human—not to air another's errors is divine.

Pupil Busing

(Continued from Page 1) and Action Committee is also seeking volunteers willing to participate as members of the Lansing Observers' Corps, making weekly visits to the Capitol Building.

In addition to the petition, the group will still offer speakers on the ramifications of busing and other pertinent legislative issues to appear before community groups. In addition to their volunteer legal counsel, both Co-Chairmen and State Representative William R. Bryant have accepted speaking engagements.

Mrs. Maghielse and Mrs. Kaess said that the group is preparing informational literature to be used as a part of a community-wide drop in the near future. They are also organizing what they hope will be a state-wide telephone chain to alert similarly interested citizens across the state.

Mrs. Kaess answered questions about the origins of the Grosse Pointe Study and Action Committee for Education. She explained that the group was formed last January at the request of Grosse Pointe Superintendent of Schools Theos I. Anderson to fight the principle of limitation on local expenditures for revenue contained in Public Act 100 of 1970.

Dr. Anderson named Mrs. John A. Nelson as the first Chairman and invited Mrs. Maghielse and Mrs. Kaess to head the group for 1971-72. Mrs. Kaess said that, in light of its stand on busing, the group has been advised by its attorney to organize more formally. A draft of by-laws, now virtually completed, is slated for approval by the Steering Committee later this month.

Petition Wording
Wording of the petition, which contains space for 20 names, was approved by attorneys for the Grosse Pointe Study and Action Committee, follows:

"We the undersigned, citizens and registered electors of the State of Michigan, believing in quality education for all children and in the right to attend school in the district in which one resides, do hereby petition the Congress of the United States, through our elected Congressmen, and our United States Senators for the State of Michigan, The Honorable Robert P. Griffin and the Honorable Philip A. Hart, to propose an AMENDMENT TO THE CONSTITUTION OF THE UNITED STATES TO PROHIBIT THE INVOLUNTARY, FORCED BUSING OF PRIMARY AND SECONDARY PUBLIC SCHOOL CHILDREN ACROSS LOCAL DISTRICT BOUNDARIES."

We urge immediate action on H.J. Res. 620, which would amend the following language: "No public school student shall, because of his race, creed, or color, be assigned to, or required to attend a particular school." In the alternative we urge action on Senator Griffin's joint resolution providing: "This Constitution shall not be construed to require that pupils be assigned or transported to public schools on the basis of their race, creed or color."

Further, we petition Congress to adopt legislation which will limit the jurisdiction of Federation District Courts, rendering them unable to legally make any cross-busing order and making any such order, if entered, not enforceable while any appeal is pending.

It's the lack of sense—not dollars—that keeps men broke.

Set Anniversary Celebration

The Reverend David L. Preus, D.D., vice-president of the American Lutheran Church, will address the centennial anniversary dinner of St. Paul's Evangelical Lutheran Church of Grosse Pointe Farms on Sunday.

The dinner, culminating a year of special observances of the 100th year of St. Paul's will be at the Gourmet House in St. Clair Shores.

St. Paul's, the second oldest Lutheran church in Detroit, was originally located at Joseph Campau and Jay Streets in Detroit. As the congregation began moving beyond the city limits, the church was relocated at its present site in Lothrop road.

It was dedicated in 1850, with its present pastor, the Reverend Charles Sandrock presiding. In 1969, an assistant pastor was appointed, the Reverend Roland L. Schaedig, who, in addition to the general affairs of the church, directs the youth and religious education departments.

St. Paul's is involved in a wide variety of special projects, including a mission in Africa in Cameroun. It has provided social and recreational facilities for as many as 750 high school students on Friday nights and operates a nursery school for children 3 to 5 years, five days a week for the benefit of members and non-members.

The dinner speaker is the pastor of the University Lutheran Church of Hope in Minneapolis, in addition to his duties as vice president of the A.L.C.

Dr. Preus has studied at Luther College, Luther seminary, the University of Minnesota, the University of Edinburgh and received an honorary Doctor of Divinity degree from Luther College in 1969.

General chairman for the centennial observation and the dinner is Gerald Thiede of Touraine road.

Also attending the dinner will be the Reverend Robert Wietelmann, D.D., who is Bishop of the Michigan District of the A.L.C.

Other events scheduled for Sunday include two special services at 9:30 and 10:45 a.m., a reception from 3 to 4:30 p.m. at the church.

Fire Destroys NHS Porta Pit

The Woods Public Safety Department is investigating the cause of a fire that destroyed a porta pit on the grounds of the Grosse Pointe North High School. The fire took place Wednesday afternoon, October 13.

One fire truck with four men were dispatched to the scene. The firefighters extinguished the blaze in about 10 minutes, but not in time to prevent the destruction of the pit, which is used in pole vaulting events.

Officials at the high school estimated that it would cost between \$450 to \$500 to replace the burned out equipment.

The authorities are investigating the possibility of arson.

Camera Club Meets Tuesday

The Grosse Pointe Camera Club will meet on Tuesday, October 26, at 8 o'clock at the War Memorial, 32 Lake Shore Drive.

The evening will include the showing of slides for 38th Detroit International Salon of Photography. Visitors are welcome.

There is still no substitute for experience

The business of city government continues despite re-election campaigns. Hard at work during a September Council meeting are Mayor Patterson and Councilman Hutton and Luedders.

Matthew C. Patterson, Mayor, Grosse Pointe Park, Says:

"I have no hesitancy in urging your support for our two incumbent councilmen in next week's election. Both Councilman Luedders and Councilman Hutton have served Grosse Pointe Park with distinction during the years when we have provided for our residents the highest standards of municipal service, public works and police and fire protection. Our city tax rates are still among the lowest in the Grosse Pointe communities—you can be confident that our incumbent team will do everything possible to keep them on this basis. Both of these men have earned your continuing support."

Grosse Pointe City Council Favors One Judge

The Grosse Pointe City Council at its October 18, 1971 meeting unanimously adopted a resolution urging Grosse Pointe City voters to vote in favor of the proposed charter amendment which would provide for a single municipal judge.

WHEREAS, the City Council unanimously acted on August 16, 1971 to place before the voters a proposed charter amendment proposal reading as follows:

"Shall section 18 of the Charter of the City of Grosse Pointe be amended to change the number of municipal judges from two to one, and restrict municipal judge's age to less than 70 years at the time of election or appointment", and

WHEREAS, the City Council believes that adoption of the proposed charter amendment would be beneficial to the administration of justice and efficient operation of the City, now, therefore be it

RESOLVED, that the City Council urges the eligible voters of the City of Grosse Pointe to vote in favor of the

proposed charter amendment at the November 2, City General Election.

The Council also adopted an ordinance establishing an annual salary of \$2,000 for a single municipal judge. For the past four years the City's two municipal judges each received an annual salary of \$1,200 or a total of \$2,400 for both judges. The salary ordinance would become effective only if the Charter Amendment is approved.

It also provides salary increases of \$100 annually for four years so that at the end of 1974 the single judge's salary would be \$2,400.

The City is the only Grosse Pointe municipality which currently has two municipal judge positions. The other communities all have a single judge. City Manager Thomas Kressbach indicated the two judge set up dates back to the original 1934 City Charter when the City changed from village to city status. At that time the two justices of the peace required for the village were carried over in the Charter for the new City. In 1965, the City Charter

was amended to change the justices of the peace to municipal judges to conform with laws of the State of Michigan pertaining to municipal courts.

Presently, one of the positions of municipal judge is vacant, following the resignation in April 1971 of Judge Malcolm J. Sutherland. Since that time Judge Douglas Leo Paterson has handled the entire municipal court case load. The Court meets regularly twice each month and in special sessions as needed. Due to the existing vacancy, the City Council considered this an appropriate time to place the proposed charter amendment before the voters. Restricting the judge's age to less than 70 years at time of election is also in keeping with judicial practices established by the State of Michigan for its judicial system.

Two Austin Prep. School students, MICHAEL RIZZO, who achieved semi-finalist status, and RONALD SCHRAMM, recipient of a Letter of Commendation, excelled in the most recent National Merit Scholarship competition.

Section I

(Continued from Page 1) measurably between the dates in question.

"As we understand it, budgets for other departments of the State of Michigan contain a provision for withholding 3 percent as a result of the possible lack of revenue. To our knowledge, there is not a single other unit of state government penalized to this extent except public education. Three-fourths of a mill or 20 percent of state aid promised to our district will amount to approximately \$325,000 in funds already committed.

"Further, we understand that payment of the withheld funds is not automatic—even if the state has the necessary revenues. The legislators would have to pass a resolution to release the promised money.

"We have no wish to belabor the implications of section one of Public Act 134 of 1971 to all Michigan school districts. We can only urge you to support repeal of the 20 percent withholding provision of section one. We must urge citizens in our district to participate with the ever-increasing number of dissatisfied Michigan residents planning a vigorous protest against this incredibly short-sighted and discriminatory piece of legislation."

"The battle to repeal section one of the recently signed State School Aid Act is gaining momentum across Michigan," William J. Adams, President of the Board of Education, said. He added that he had requested assistance from the Grosse Pointe Study and Action Committee for Education. Mr. Adams said that he hoped all community residents would support efforts to amend the law.

President Adams added that the Grosse Pointe Board of Education passed a resolution at the October 11 meeting seeking repeal of section one. Mr. Adams has sent copies of the resolution to Lansing officials.

UPHILL BATTLE

The lack of a good education forces many a man to play the game of life without a single trump in his hand.

Explosion, Fire Razes Garage

Leaking gasoline from the tank of a minibike owned by Randy Guertin, son of the Wilfred Guertins, 1623 Hawthorne, seeped onto the hot motor of the bike on Friday, October 15, causing an explosion which in turn started a fire that totally demolished a garage on the family property.

According to Woods Public Safety authorizes, Randy drove the bike up and down the driveway alongside the house a number of times, then parked it in the two and a-half-car garage.

Young Guertin told fire-fighting officials that he had parked the bike and was turning away, when he felt something on his arm. He looked around and saw the bike in flames. The blaze shot up to a shelf on which rested a gasoline container. The bike tank exploded and so did the can, which contained some spatter-

ing flaming fluid around the building. Randy raced from the garage uninjured and the Public Safety Department was called.

When firemen arrived, the garage was completely engulfed in flames, and by the time the blaze was extinguished the structure was beyond saving, and so were its contents.

Officials said that the total loss will have to be determined by insurance adjusters.

Every man has a show in life, but very few find it a circus.

Raise The Rink Funds Mounting

The Steering Committee for the Grosse Pointe Community Arena fund raising drive advises that the drive has now passed the \$50,000 level and is continuing to grow steadily behind their "EVERY RESIDENT" campaign. However, due to several unavoidable delays in launching the program the Committee has announced that the drive for funds is being extended until early next year.

operation of the Grosse Pointe ice skating facility have been explained to the community at various times, the Committee indicates that there is still some confusion as to its exact use. Harry Jewett, co-chairman of the fund raising drive, the Committee would like to point out once again that the facility will be owned and operated by all the Grosse Pointes through the auspices of the G.P.H.A. and will be for the use of all Pointe area families. Many hours each week will be set aside for Mothers and pre-schoolers as well as for family and public skating, figure skating, youngsters ice carnival events and Grosse Pointe minor hockey activities for all youngsters of the Pointes. These activities will take place during the week and on weekends.

Based on what appears to be strong community support and with the official blessing of the Grosse Pointe Board of Education and the local governments behind them, the Committee indicates that they are confident that the community will rise to this important occasion and support the every resident fund raising campaign in order that the facility can become operational by late next year. If successful, thousands of Grosse Pointe residents will have an opportunity to take advantage of the many family activities that the facility will make available.

The operation of this new arena will be completely self-supporting. The only support the Committee is seeking from the community is for the present Capital Fund Drive. All donations to this drive are completely tax deductible.

Families and individuals interested in supporting this community-wide project are being requested to send their donations to the Grosse Pointe Arena Fund, Post Office Box 6814, Grosse Pointe, Michigan 48236.

Drug Program Offered Adults

The Grosse Pointe Department of Community Services and the Family Life Education Council (FLEC) are offering Pointe adults the opportunity to participate in an informative drug program. "The Alternative to Drugs," featuring some of Detroit's most knowledgeable authorities on the drug scene.

The sessions are slated to begin this Monday, October 25, at 7:30 in the evening, at Brownell Middle School. Fee for all eight sessions is \$10.

The program is designed especially for parents, teachers, counselors and other interested adults who wish to learn about drug abuse and its cause.

The Alternative is the proper balance between the physical, intellectual, social and emotional facets of the individual's being.

Three main themes will be discussed, "The Child's World," "The Effects of the Society at Large," and "A Program to Promote Balance." Featured speakers include Dr. Frank Parcells, who will speak at the first session on Monday, October 25, on "Child Development and Behavior," Dr. Esther Middlewood, who will discuss "Family Life," on November 1, and Dr. Clayton Lafferty, who will explain the "Influence of School Milieu on the Mental Health of Children," on November 8.

Dr. Gene Dembicki and Dr. Anthony Petrilli will conduct the November 15 session and speak on the "Impact of Drugs on Physical Health."

Roger McCraig and Mrs. Lynn Adams will conduct the November 22 session and speak on "Curriculum in Our Schools," and the "Role of the School Social Worker," respectively.

"Darkness, Darkness," a film and discussion will be conducted by Sister Martin on November 29.

A trio of well-known public figures will conduct the December 6th meeting on "Drug Legislation and Enforcement," George Bashara, Jr., Blair Moody, Jr. and William Bryant. William Porter and Dr. Eli Rubin team up on December 13, to explain the "Role of the Community."

Closing the sessions will be the two liaison officers of the Youth Service Division, Mike Ferrence and John Kendall.

Those interested in enrolling in these sessions should forward their checks or money orders addressed to Grosse Pointe Public School System-Department of Community Services, 43 Grosse Pointe boulevard, Grosse Pointe 48236, immediately. Be sure to include your name, address, phone number, and indicate you wish to enroll in "The Alternative to Drugs" sessions. For further information call TUxedo 5-3808.

More Victories For Red Barons

The three Red Baron football teams remained undefeated after facing the hard charging Sterling Heights Chargers at Stevenson High School in Sterling Heights last Sunday. The Varsity smashed out a 33-0 victory, the Junior Varsity was held to a 6-6 tie, while the Freshmen defeated their strong opponent 18-7.

Varsity Coaches Warner Lueckoff and Jack Burns praised the five touchdown runs of Bobby Neville, Dick Counsman, Dick Szagram, Rob Burns, and Doug Langs. The whole offensive line opened gaping holes led by centers Steve Penszynski and Chuck Cooper, and tackles Dave Moore, Vince Day and Jim Eagan.

Defensive standouts were safetys Jeff Baroth and Keith Williams, linebackers John Giangrande, John Knipp, Chris Spach, ends Griff Parks and Craig Heritzky, and tackles Mike Stoeckel and Tony Smith.

Junior Varsity Coaches Paul Trupp, D. Komenovich and R. Arthur lauded their boys for a fine effort against a well coached Charger team. The Chargers went ahead early in the first quarter with a 50 yard pass play. It was not until early in the third quarter that Steve Arthur rambled 75 yards on a punt return being sprung loose by devastating blocking led by Jim Heidt.

The coaches praised linebackers Art Roberts, Tom Heidt and Craig Williams and end Harry Gemuend. The Baron offense was powered by Terry Gardner, Bruce Stafford, Ed Hammer, Craig Shannon and Jim Peters. John Hasse ran well up the middle.

Freshman Coach Rick Moore praised his offense for its ball control as well as the defense which held the previously undefeated Charger team twice within their own 10 yard line. Fullback Peter Eisengruber dashed for two

50-yard touchdowns and Jeff Woodbury broke free in the fourth quarter for another 50 yard ramble. Quarterback Len Bartoszewicz and back Mike Brown, along with linemen Tony Ferlito, Tim Messing, Ed Hall, Tom DeVries, Rob Stewart, Brian Engle and Chris Callahan drove the offense.

Defensive Coach Paul Garner praised linemen Jim Stewart, Steve Bills, Lars Rahm, and Jerry Marzejon along with rover back Robert Baker and safetys John Carey and Brian Moody for repelling the charger's strong thrusts. The booming kickoffs of Tom Shook were long and deep.

The Red Baron teams will face the strong Roseville Apaches this Sunday, October 24, who will be out to scarp the Barons beginning at 1:00 p.m. at GPUS Field on Cook road.

WELCOME ABOARD

School children. Shoppers. People who like riding places but don't like paying parking costs now have assured transportation. People in the Grosse Pointe communities and St. Clair Shores raised funds through local governments to match a federal grant. This made it possible for SEMTA to take over the Lake Shore Bus Line on September 1st and keep it rolling. Since then SEMTA has been working to put the fleet in sound running condition. Buses have been added to improve service. And schedules have been printed to help you save time. Right now interiors are being renewed and the whole fleet is being painted. All told, Lake Shore is in better shape now than it has been in years. And in business to stay. Ride a Lake Shore Bus. Tomorrow.

Set Guidelines For Donations

The Gift and Volunteer Committee of the Grosse Pointe Public School System has been meeting with board of education secretary, Barbara Thompson, board vice-president Alfred R. Glancy, Jr. and assistant superintendent of instruction, Dr. Joseph Spagnoli, to clarify guidelines on gifts and donations to the school system.

"This committee's work is especially important in these times when the school system has lost a good deal of local and state revenue. The administration, staff and board members felt that through tax deductible gifts and donations the system might still be able to provide some of the special programs which had to be curtailed due to millage failures and loss of a considerable amount of state aid," said Dr. Spagnoli.

At its recent meeting, the trustees of the Board of Education approved the recommendations of the committee, under the following terms: that a gift or donation received by the board shall be received for the benefit of all the students in the system; that in considering the donor's requested use of the gift, the board may allocate funds or materials to a particular school building, department or activity as long as the allocation does not create significant inequality; that the gift shall not in anyway conflict with any of the provisions of the school code or public law; that with acceptance of the gift for the funding of a program, the board does not commit itself beyond the limits of the available donation, and that the ultimate decision to accept a gift rests with the board.

Trustees indicated that they will encourage persons, organizations and foundations to make donations of both time and money to the school system.

Members of the Gift and Volunteer Committee include chairman Benton Harvey, Mrs. Charles Woodbury, Mrs. William Welhaf, Mrs. Perry Lewis, Mrs. Bill Poirier, Mrs. Ted Jacobs, Stephen Balogh, Mrs. Rex Clavola and Jerry J. Gerich.

STRANGLE - HOLD

Bad habits may creep in, but they lose little time getting up on their hind legs.

Public Schools in Focus

By Dr. Theos I. Anderson, Superintendent of Public Schools

Grosse Pointe's initial legislative effort in the session reconvening October 26 in Lansing is well defined: We seek repeal of the 20 percent state aid withholding provisions of section one of Public Act 134. In addition, countless other important issues demand the attention of educators and thoughtful citizens alike. For, if the local property tax is declared unconstitutional, an alternative must be found. Enactment of House Bill 5328, the so-called "Equal Quality Plan" which has been described several times in this column, is a possibility. A companion bill is expected to be introduced in the Senate this fall.

Other issues are these:

1. Creation of a state agency bonding authority to finance the future school housing needs of the state.
2. Consolidation of all non-high school districts. If this were done, all districts would provide K-12 programs.
3. Reorganization of intermediate school districts. Senate Bill 365, amended and passed in the Senate, is now in the House Education Committee awaiting action.
4. Vocational education. This area should be given a higher priority by the state and federal governments if the state is to prepare adequately those students not entering college.
5. Supplemental aid for textbooks and supplies. Many districts are still reeling under the impact of the 1970 decision of the Supreme Court to require districts to furnish textbooks and supplies to all students.
6. Repeal of the Teacher Tenure Act. House Bill 5278 is the vehicle that would accomplish this. Legislators have received pressure from citizens who feel that such protection as provided by the tenure law is no longer necessary since Public Act 379 (collective bargaining) is a state law. If House Bill 5278 fails, there is sentiment to amend Public Act 379 that would define a strike by public employees and would make it possible for the employer to file unfair labor practices.

7. Mandatory special education. This important issue, embodied in Senate Bill 231, was passed by the Senate. The bill was amended to create a study of the needs in special education with future recommendations to be made relative to these needs along with recommendations as to how any new concepts and/or programs would be funded.

The preceding points are only part of the story. Legislative liaison is an increasingly complex matter that consumes more and more of the staff's time and energy. Community residents, concerned over the prospect of cross-district busing and the naming of our system as a defendant in a suit designed to test the constitutionality of the local property tax as the basis for funding public education, are urged to make every effort to stay abreast of the issue.

North's Artists Busy at Work

Eileen Hayes and John Wargelin, of North High's Art Department, recently exhibited in the annual Grosse Pointe Artists' Association Fall Exhibit and sale at the War Memorial. Mr. Wargelin has also recently completed a large stained glass window commission for the new Leonard Siegal home in Farmington.

Paul Webster, North High School Graphics student specializing last year in photographic silk screening under Paula Arendt, recently received a scholarship grant from the Grosse Pointe Rotary Club in the amount of \$800, to be used by Paul to start his studies at Wayne State University this fall.

Mike Conboy and Debra Robert, students of Robert Rathbun, were invited to exhibit at the Generous Critic Art Gallery recently. Mike won 4th place in Drawing and Debra and Honorable Mention.

Matt Ortisi and Clyde Davis, North High School sculpture students in Mr. Wargelin's crafts classes, completed two large commissions (in metal and glass) for faculty members Mr. and Mrs. John Fox.

4 1/2% interest daily

The results are there in dollars and cents. Two savings accounts paying 4 1/2% interest, with identical deposits and withdrawals. Yet Michigan Bank paid \$34.56 in interest for the three-month period, while XYZ Bank paid only \$5.63. The difference? Daily interest. It means a Michigan Bank regular pass-book savings account never penalizes you for withdrawing before the end of the quarter. You earn interest day in and day out.

And Michigan Bank is the only large Detroit area bank that pays 4 1/2% daily interest—the highest book interest allowed by Federal Regulations.

So why settle for a smaller return on your savings? Why be tied down by a quarterly interest account when you can get 4 1/2% daily interest? And, since most Detroit banks only pay 4% daily interest, you would be losing money there, too. Be a winner. Switch your account to Michigan Bank today.

Lake Shore Accident

(Continued from Page 1)
 into a second pillar and bounced off and crashed head on into the tree.
 According to the Shores police report, several calls were received reporting the accident on Lake Shore.
 When officers arrived at the scene, they found Sherman's car bent around the tree, with Sherman behind the wheel, and Radulski hanging partly out of the front seat.
 Several witnesses told police that Sherman was traveling north on the road at about 100 miles an hour.
 The main witness, James C. Lemich of 614 Perrien place, told the officers, that he was heading north on Lake Shore, when he was struck on the left side by Sherman's Dodge convertible at Lake Shore and Fisher road and tried to stop the youth to get his name, and information, for insurance purposes.
 Lemich said that Sherman left the scene, refusing to stop, and traveled at an extremely high rate of speed, approxi-

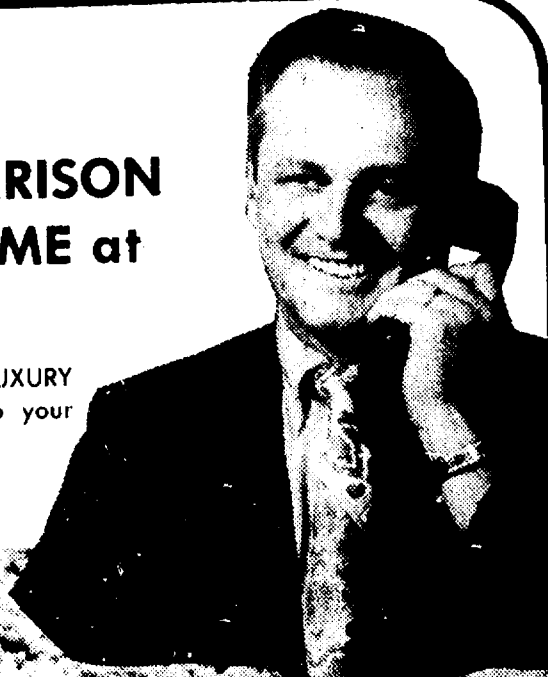

mately 100 miles per hour. As the youth neared 535 Lake Shore, he lost control, spun around, jumped the curb of the island in front of that address and crashed into the tree.
 Shores authorities said that the parents of both youths were informed of the accident, and State Police were notified of the fatality.
 It was also disclosed that the Wayne County Medical Examiner's Office ruled that no autopsy was necessary, since it was proved that Sherman was behind the wheel of his car and that his death was the result of the accident.

Board Studies Busing Issue

The NEWS contacted School Board president William Adams for an updated report on the Detroit desegregation suit before Judge Roth and how it affects the Pointes.

Mr. Adams, speaking for the board, said, "During the last week the board has continued refining and developing its plans to challenge the implication of Grosse Pointe in the Detroit desegregation suit being heard before Judge Roth.

"Our attorneys are working on the question of intervention in such suit; how such intervention may be accomplished; what form such intervention should take; when such intervention should occur and whether or not such intervention should take place at all, in the light of other developments surrounding this suit in coming weeks and months, are intricate questions necessitating careful balancing and consideration.

The question of proper timing is extremely important as intervention at too early a date could be worse than no action at all.

"We are also consulting with other boards, their attorneys and other school related groups in the three-county-area in order to evaluate and select the best possible strategy.

"We have subscribed to the efforts of the School Administrators' Association in the metropolitan area to employ attorneys for still another view in thinking in this area. We plan to attend meetings of this group to consider mutual interests.

"We are in regular liaison with citizen groups such as the Grosse Pointe Study and Action Committee in its efforts to work to a political solution.

"While not intending to downplay the serious implications to public education in The Pointes resulting from the suit, the community's actions and reactions have generally been gratifying. With minor exceptions citizens are not unnecessarily involving our children with the resultant distraction from current educational efforts.

"Many have initiated potentially effective political efforts through letters, telegrams, phone calls and personal contact with senators and representatives in support of mitigating legislation. In the long run it's efforts such as these which will be most productive."

PERCENTAGE CALL

The world might get better results if diplomats were paid on a peacework basis.

City To Fight Rate Increase

The City of Grosse Pointe Council has joined the fight against the proposed rate increase by the Detroit Edison Company. To date The Woods, The Farms and The Park all have instructed their attorneys to attend hearings of the Michigan Public Service Commission to voice their objections to the increase.

According to City manager Thomas Kressbach, the rate increase if approved, would increase the City's street lighting cost approximately 45.4 percent. The City's street lighting costs were previously increased approximately 64 percent in June of 1970 and three percent in January of 1971.

The compounded effect of actual rate increases since

June 1970, and the proposed new rate increase, would amount to a 143 percent increase in the cost of street lighting since June of 1970. In his recommendation to the Council Mr. Kressbach said, "this exorbitant increase being placed on street lighting seems inappropriate to a public policy of encouraging adequate street lighting as a deterrent to crime and to reducing automobile and pedestrian accidents."

Council members authorized city attorney Richard Hinks, to file a petition of intervention in this matter before the Michigan Public Service Commission and further authorized him to take appropriate action in consultation with other municipalities to oppose the rate increase.

Law Violators Pay Penalties

James Sherman of 2511 Newport, Detroit, was found guilty in the Park Municipal Court of speeding 35 miles an hour in a 25-mile zone, having no car registration on his person and driving while his operator's license was suspended. He pled guilty to the charges in an appearance before Judge William E. Speer.

The judge fined Sherman a total of \$90 for the three offenses, and added a sentence of five days in the Detroit House of Correction on the suspended license charge.

In separate cases, Barbara Ward of 18853 Moenart; and Mac Marble of 4225 Drexel, both of Detroit, entered pleas of guilty to speeding 40 miles in a 30-mile zone, and each paid fine and court costs of \$25.

Margaret Petzold of 5761 Whittier, Detroit, pled guilty to ignoring a stop street sign, and to driving with an expired operator's license. She paid fines totaling \$30.

John Snyder, Jr. of 5057 Barmha, Detroit, entered a plea of guilty to a charge of driving with white lights to the rear. He paid a fine and court costs of \$15.

Patricia Panzer of 162 Riverside, Mt. Clemens, accused of falling to yield the right of way and causing an accident, pled not guilty and was found guilty. Her fine was \$10.

Ronald Savage of 2191 Algonquin, pled not guilty to parking in a "No Parking" zone and was found guilty. He was assessed a fine of \$10.

Bruce Matthews of 858 Nottingham, pled guilty to failing to stop within an assured clear distance ahead and causing an accident, and paid \$20 in court costs and fine.

Velma Zehner of 18501 Woodbine, Fraser, pled not guilty to careless driving and causing an accident. She was

found guilty and paid a fine and court costs of \$30.

John Moran of 27291 Nantucket, Southfield, paid fines totaling \$30, after pleading guilty to speeding 40 mph in a 30-zone and having no operator's license on his person.

Sammy Wooten of 1029 Maryland, pled not guilty to assault and battery upon Park Patrolman Ralph Moore. He was found guilty as charged and placed on six months probation. He was ordered to return before the court on April 4, 1972, for sentencing.

Vera Snyder of 319 Lothrop, entered a plea of guilty to speeding 43 mph in a 25-zone. Her fine and court costs totaled \$35.

Sandra Porter of 22201 Lakeshire, St. Clair Shores, also accused of speeding 43 mph in a 25-zone, in a separate charge, pled guilty. Her fine and court costs were \$35.

James Dennis Mann of 1160 Audubon, pled guilty to failing to stop for a red traffic light, and paid a fine and court costs of \$30, and his license was taken from him for a period of six months. He had been placed on probation by Judge Speer last March 24, for speeding.

Dennis Venuto of 21175 Hunt Club, Harper Woods, pled guilty to speeding 45 mph in a 35-zone. His fine and court costs came to \$20.

Eighteen persons, failed to answer summonses to appear before Judge Speer and bench warrants were issued for their arrests.

National PTA Wants VD Funds

Concerned that President Nixon will not budget the entire congressional appropriation of \$20 million earmarked for venereal disease control in 1972, the National PTA has issued a call for immediate action to state PTA legislative chairmen and members of the National PTA board of managers.

The call for action urges the PTA leaders "to write your senators and congressmen to bring whatever pressure necessary to make certain the full \$20 million appropriated is made available for the prevention and control of venereal disease."

Responding favorably to the recent appropriation, Mrs. Walter G. Kimmel, National PTA coordinator of legislative activity, expressed concern, however, that President Nixon's intention to shave off four billion dollars from the total monies, appropriated by the Congress might affect the funding for venereal disease control.

"Auntie Mame"**

"Auntie Mame", the sweet and wild concoction which belongs on everyone's family tree, is the feature attraction as Grosse Pointe Theatre opens its 24th season at Fries Auditorium, November 4-7 and 10-13.

Auntie Mame is young Patrick's sole living relative. She introduces him to her flamboyant world with a bang. Because of—and in spite of—Auntie Mame's super-delicious upside-down existence, Patrick grows to maturity with a special feeling for life which we can all enjoy—and envy.

Lois Bendler, a long time Grosse Pointe Theatre favorite, will portray the title role. Pointers joining her are Gigi Gaggini of Beaconsfield road as Vera Charles, Mame's best friend; George Wilson of Woods lane, who plays Mr. Babcock, the stuffed-shirt banker who tries to get Patrick out of Auntie Mame's sphere of influence; Mrs. Roger Shepard of South Renard, as Mame's southern mother-in-law; Mrs. Jac Purdon of Village lane, as Sally Cato, Mame's rival; Michael Johnston of Fairholme drive, as Mame's long-time friend; and Colleen Burcar of Three Mile drive, plays Peegen, who eventually marries Patrick.

Also featured are Rick Connolly of Washington road, Tom Gallagher of Hampton road, Larry Marco of East Emory court, and Tom Stein of Kenmore road.

Mary Lou Mantho of Three Mile drive is co-chairing the costume committee. Hairstyles will be done by Wahib Mashini of Lakepointe avenue. Charles Chrisman of Anita avenue will handle sound, and Mrs. Ronald Samuel of Moran road will chair the set-dressing committee.

Tickets for Thursday, November 4, and Wednesday, November 10, are available from ticket chairman Mrs. Joseph Shaheen, at 881-4004.

Susan B. Anthony To Speak Here

The Grosse Pointe Family Life Education Council (FIEC) is presenting "An Evening With Susan B. Anthony," at Fries Auditorium, Wednesday, October 27, at 8 o'clock. Dr. Anthony is the author of the current best selling autobiography, "The Ghost in My Life." The ghost is her grand aunt, famous suffragette of the nineteenth century.

Today's Susan B. Anthony has spent most of her life trying to "live up to and live down" her connection with the famous past. The result has been a tumultuous life that has included newspaper reporting, radio broadcasting, three marriages, alcoholism, leadership

in a form of women's lib, and a Doctorate in Theology.

The subject of Dr. Anthony's lecture will be "Rum and Rebellion," a title that may be considered descriptive of her life. Drawing from her own experiences as an alcoholic and as a materialistic crusader, Dr. Anthony will make a distinction between false and true liberation of the individual.

The public is invited to attend the lecture. Tickets are one dollar and will be available at the door, or at the office of the Family Life Education Council, 19535 Mack, Grosse Pointe Woods. Phone 885-3510.

Quality and Service as always . . .

Does the fact that we're guaranteed twice as long, mean we're twice as good?

We can't prove it, but one thing's sure: We're twice as confident.

When you buy a new car from Volkswagen, you get a new car warranty for 24 months or 24,000 miles, whichever comes first.

When you buy a new car from any other known company in the world (unless you're interested in a Rolls-Royce), you receive a warranty for only 12 months or 12,000 miles.

You see, we're the only ones who've stuck with one car model for 24 years. (A gutsy decision when you think we only sold 2 in 1949.)

But thanks to that one decision, we've had a chance to make over 2,200 improvements. (29 improvements on our 1972 model alone.)

And once a VW leaves the factory, we still don't stop caring.

For only an authorized VW dealer offers VW Diagnosis. A series of 4 free checkups with special diagnostic equipment so advanced, it can tell you'll have a car problem before it becomes a big problem.

And if the problem is found (and covered) during the warranty period, we'll solve it for you free of charge.

Even when it comes time to sell, we still won't let you down.

For over the years, two cars have consistently retained more of their original value than others: An old Volkswagen. And an old Cadillac.

Finally, consider price: We're not the lowest-priced economy car you can buy. But once you thoroughly check into what you get for what you pay, you'll find very few car companies who, in reality, end up with their prices lower.

And none who start out with their standards higher.

*If an owner maintains a Volkswagen in accordance with the Volkswagen maintenance schedule any factory part found to be defective in material or workmanship within 24 months or 24,000 miles, whichever comes first, will be repaired or replaced by any U.S. or Canadian Volkswagen Dealer. And this will be done free of charge.

One View From The Capitol
Representative William R. Bryant, Jr.

The latest shoe to be dropped on the heads of Grosse Pointe and similar communities is the suit filed last week by Governor Milliken and Attorney General Frank Kelley. The suit attacks as unconstitutional the present manner in which schools are financed. Essentially it attacks the raising of local revenue for schools by property taxation.

Hurried starting of the suit followed a recent California Supreme Court opinion that plaintiff California parents and school children stated a cause of action which if proven would render the California financing "system" unconstitutional. The theory there and here is that the per pupil tax base of a school district results in denial of equal protection of the laws because one mill levied in a poor district and the state fails to substantially make up that discrepancy.

Milliken and Kelley would like you to believe there is something unconstitutional about the property tax system. I flatly refuse to accept that argument because it is totally false.

The problems of financing schools are many and complex. There are flaws a mile wide in the approach this law suit takes. For one thing, the state legislature clearly has it within its power to substantially eliminate discrepancies in the ability to raise revenue. For another, the Governor just signed a bill repealing a school aid act which would have eliminated much of the discrepancy.

What is needed in this state is a more equitable system of state aid, with allowance for districts to retain local control of the educational process and to retain the legal right to seek sufficient tax revenues to fund excellence. We do not need state control; nor do we need universal mediocrity. Both would result, I am convinced, if local property tax is limited or wiped out.

I urge my constituents to support local control and oppose limits on local revenue for schools whether those limits are sought by this suit or by state constitutional amendment.

William Laurie Ends Ad Career

William D. Laurie, Jr., a resident of Merriweather road, is leaving the advertising business after a career of nearly forty years with two agencies. Mr. Laurie has been a member of the board of the J. Walter Thompson Company since 1960. His resignation from Thompson and its Board was announced by Dan Seymour, president and chief executive officer, who said "We regret his decision to retire, but understand his desire to spend more time on purely personal interests after a busy and productive advertising career."

The retiring executive started his career with the former Maxon, Inc. agency in Detroit in 1934, serving as both account executive and creative supervisor. He was a member of their Maxon board when, in 1957, he resigned to join J. Walter Thompson's Detroit Office. He served as manager of that office from 1959 until last December.

Mr. Laurie is active in many Detroit civic organizations, and plans to devote a greater amount of time to community activities.

Set Story Hours At All Libraries

Why Story Hours? Children's librarians in the Grosse Pointe Public Library have given much thought to this question as both library science students and practitioners. A considerable amount of time is spent in any way from the library in the selection, learning and telling of stories.

But each one of the storytellers knows from her experience that she has contributed to the background, and creativity of those who come to listen. Results are sometimes latent and intangible. Immediate pleasure is very evident when the children gather for something that is played especially for them. So, in spite of curtailments story hour programs are being presented in each of the three Grosse Pointe Public Libraries.

Older children are invited to attend in either the Central Library, Park or Woods Branch Libraries on Wednesdays at 4 p.m. October 20 and continues through December 8. These programs are definitely not the same as the Pre-school Story Hours. They are geared to more sophisticated listeners. The preparation, approach, and presentation are ever mindful of the best of traditional and updated material for modern children.

Young children can become acquainted with a public library and its books by having mothers of those between three and half and five years old (but not in kindergarten) contact the children's librarian in any one of the libraries.

Courses Offered At Bon Secours

Dr. Arnold Weissler, new professor and chairman of the Department of Medicine at Wayne State University School of Medicine recently addressed members of the Course in Continuing Medical Education at Bon Secours Hospital. He spoke on "Heart in Heart Failure" a field in which he has done a great deal of research and for which he has gained world-wide acclaim.

He discussed the newer knowledge of the ultrastructure of the sarcomere and the biochemistry and pathophysiology of the cell. To this he added results of a considerable clinical experience in dealing with heart failure.

Dr. Weissler anticipates a great future for Wayne State University School of Medicine and more particularly for his department which deals with diagnosis and treatment of many forms of disease and malfunction. He points out that Detroit is one of the few major cities with only one medical school and urges its support by all people of the metropolitan district.

The new Course in Continuing Medical Education, "Cardiac Conferences," marks the seventh year for these courses at Bon Secours Hospital. They are attended by physicians of the area and meet at 7 a.m. on Thursdays.

The Director of this Course is Dr. Robert Griffin. He has assembled an outstanding group of speakers from the Staff of Bon Secours Hospital and from the Faculties of Wayne State University School of Medicine and University of Michigan School of Medicine and from the Cleveland Clinic.

The courses are supported by the James and Lynelle Hoden Fund.

Two Rallies for Park

The second portion of the rally will be devoted to Park Council candidates and is slated to begin at 8:30. It will feature incumbent mayor Matthew C. Patterson, who is running unopposed for the two-year term as mayor. Mr. Patterson has been on the Council since 1960 and was elected mayor in 1964. Each candidate will be given three minutes to present his views and qualifications. Mrs. Donald L. McConachie, president of the LWV will preside over the meeting.

Then next Thursday, October 28, at 8 o'clock, at Windmill Pointe Park's Bathhouse, candidates from The Park will once again be given the opportunity to address themselves to community issues by the Grosse Pointe Park Republican Club.

John Prost, club chairman, told the NEWS that his organization hopes meetings such as these will fix the basic apathy that exists here at election time.

Six Running in Park

Candidates include Robert J. Hutton, (incumbent) 63, who is president of Standard Federal Savings and Loan and who has lived in The Park for 20 years. Mr. Hutton earned his AB degree in business administration from the University of Michigan and his Doctor of Jurisprudence degree from Wayne State University. He is married and has four children. Couple Injured In Car Crash

A woman driver and her husband were treated at St. John Hospital for minor injuries suffered when their car slammed into the rear of a parked automobile in front of 332 Kercheval avenue on Monday, October 11, shortly after midnight.

According to a Farms police report, the driver, Mrs. Patricia Ann Meininger of 34350 Dequindre, Sterling Heights, was driving east on Kercheval, when she lost control of her vehicle, and crashed into the back end of a car registered to Mrs. Eleanor J. Wickson of the Kercheval address.

Mrs. Meininger, and her husband, Martin, suffered minor cuts and abrasions about the face and hands and were conveyed to the hospital by Farms emergency ambulance. Their car, a 1963 Volkswagen, sustained extensive damage to the front end. There was some damage to the Wickson auto, a 1968 Plymouth.

After being treated for their wounds at the hospital, the Meiningers were taken to the Farms station, where Mrs. Meininger was issued a violation ticket for careless driving and causing a personal injury accident. She is scheduled for a court appearance on November 10 before Farms Municipal Judge Robert Pytell.

Fire Destroys Garage in Park

A fire of unknown origin completely demolished a garage on the property of Donald Rayl, 1315 Bedford, early Sunday morning, October 17. Firemen arrived at the scene to find the building completely engulfed in flames, which was extinguished after a battle of one hour and 32 minutes, according to information released by Park Fire Chief Henry DeClerck.

The chief said that the fire was discovered by an unidentified person, at about 4:15 a.m. The blaze had a big start by the time it was discovered, DeClerck said. When the alarm was phoned in and firemen arrived, the structure was all ablaze.

The building, with room for two cars, was empty at the time, the chief added. DeClerck said that the damage will have to be settled by insurance adjustors.

Young Motorist Adds to Trouble

Thomas R. Leech, 18, of 22405 Madison, St. Clair Shores, had his operator's license suspended for only one month, but it is likely that this suspension will be extended when he appears in Woods Municipal Court.

Leech was arrested by Woods Patrolman Charles Hamel, who while on patrol on Vernier road, on Sunday, October 3, observed Leech traveling west on the road without any front lights, at about 9:15 p.m. The officer stopped the youth at the city limits and requested the young man's license and car registration.

Hamel said that while waiting for Leech to show the required documents, he observed a yellow paper on the front seat next to the youth and asked for it. The paper showed that Leech's driving privileges had been suspended from September 15 through October 15.

With the assistance of Patrolman Albert Abend, Hamel conveyed Leech to the Woods station where he issued Leech a violation ticket for driving while his license was suspended and another for driving without lights.

Leech was released after posting a bond of \$100 pending an appearance in court.

Every one of those dots represents a National Bank of Detroit office. And every one of those NBD offices lets you deal with Michigan's biggest Bank on a personal basis. You do your banking with people who know you and your community. Without ever having to leave your community. You see, having all those offices hasn't in any way diluted NBD's services. Each office is a full-fledged bank—capable of meeting all your banking needs. And should any special situation arise, the senior

management of our main office is only a phone call away. So even though we're Michigan's biggest bank, we're not all that impersonal. We're as friendly as any bank down the street. Because we probably are the bank down the street. That's the advantage of having more dots than any other bank in town. And that's why the bank to see is NBD. National Bank of Detroit.

Theatre Arts Opens Season This Month

Curtain Goes Up on "Three Rings for Michelle" Friday Afternoon, October 29, at Players Playhouse in East Jefferson Avenue

The 61st Theatre Arts Club of Detroit is in full swing with the group's first endeavor, a scholarship tea, now past history. Glowing memories remain, though, of a record attendance of members and guests who sipped and chatted at Mrs. David L. Gamble's home on Ridge road.

That old saying, "good things come in small packages," certainly holds true for Theatre Arts this year. Mrs. Frank W. Hausmann, president, Mrs. James B. Steep, scholarship chairman and tea hostess Mrs. Gamble are all dainty little women—but with an abundance of enthusiasm and ability.

who plays the part of the French orphan, "Michelle," was born and raised in France. She came to America as a bride after World War II.

She had worked in Paris during the war as an instantaneous interpreter, (French to English), and although she speaks perfect English, her French accent is a delight on stage.

No wonder so many good things are happening in October!

Mrs. Bernard Whitley, Mrs. Armand DeGaetano, Mrs. R. Gerald Jordan and Mrs. Frank H. Finney complete the cast.

Eyes, ears and talents of members currently are focused on the club's first 1971-72 performance at the Players Playhouse, scheduled for Friday afternoon, October 29. "Three Rings For Michelle" by Patricia Joury, directed by Mrs. Steep and produced by Mrs. William H. Bundesen and Mrs. R. Sidney Sinclair, promises to be a smash hit.

Mrs. J. Wilfred Harrison, of Balfour road, will entertain at luncheon at the Detroit Athletic Club before the performance. Guests will include some of Mrs. Van Assche's enthusiastic friends, arriving en masse to applaud her first appearance for Theatre Arts.

The three-act play is the dramatic story of a poor family who inherit a young girl from a French orphanage.

They are the Mesdames Dwight M. Nelson, Donald G. Cherry, John Doyle, George L. Cassidy, Robert Massie, George Williamson and Joseph VanDeweghe, plus actress Mrs. Jordan.

SENSUOUS! The Funky and the Shag Layered Scissor Cut

Bart Edmond Intercoiffure Salons Say, "It's the Cut that Counts."

"Your hair is shaped so evenly and left so flexible it can be combed into a totally new hairstyle without sitting under a hot hair dryer. With our exclusive 'CAPILUSTRO' technique there is no setting with rollers, no pins and very little and sometimes no back combing."

"The new Funky and Shag cut can be given to any length of hair — to mini, midi, maxi, because it is graduated into more lay-

ers. Despite this the hair will retain an over all look of length and the length can be extended to 14 to 20 inches.

"It has been a long time since we saw so much enthusiasm. This fantastic haircut will give a whole new appreciation of what cutting mastery is all about. The youth are attracted to the new long cut. They don't want their hair piled high on top of their head. They want it loose in casual styles."

New Attendance System

Faculty Representative Mrs. Benson McClure explained the new attendance system now in effect at South High. Parents MUST call Mrs. Lang at the switchboard to report absences daily as in the past, but the office will no longer call the homes each day to report missing students.

Instead, Attendance Clerk Mrs. Don Prittie will handle this problem by sending letters to parents every week or 10 days, apprising them of their youngsters' unexcused absences. Attendance, however, has been good.

Mrs. McClure said the cafeteria will now serve food on an a la carte basis. Costs previously absorbed by the cafeteria will now have to be paid

by groups receiving services.

The National Honor Society has organized a Speakers Bureau. Members will be available to talk on any school-related subject, Mrs. McClure reported.

Mrs. Robert Maynard announced that the Neighborhood Group will have their first meeting this month. New groups to be added to those already formed are two discussion, two card and one sewing group.

Talent Show Upcoming

Pointe Players will put on a Talent Show this year instead of their usual play, according to Mrs. Richard Speer, play ticket chairman. It will be produced through the combined efforts of the instrumental, vocal and drama department, under the leadership of Russell Reed, Leonard Riccinto and James Dubuar.

A discussion was held concerning the advisability of local PTA's joining the state organization, in order to have a voice.

Parents are reminded to keep an eye on their Mothers Club calendars for special events, such as Back-to-School Night Thursday, November 4.

Pair Vacation in Acapulco After Thursday Ceremony; Rosalind Leto Serves as her Sister's Honor Maid at Evening Service

An ivory silk organza gown fashioned with an Empire waist and Bishop sleeves was Sara Leto's choice for her wedding Thursday evening, October 7, in Saint Paul's-on-the-Lakeshore to Lawrence Raymond Rybicki.

Alencon lace embroidered with seed pearls accented her bodice, sleeves and scalloped hemline. Her Alencon lace mantilla fell from a Camelot cap and she carried a cascade of phalaenopsis orchids, stephanotis and ivy.

Presiding at the 6 o'clock rites which were followed by a reception at the Gourmet House was Monsignor Francis X. Canfield.

The bride is the daughter of Mr. and Mrs. Lawrence T. Leto, of Neff road. The Raymond Rybickis, of Detroit, are the bridegroom's parents.

Rosalind Leto served as her sister's honor attendant and bridesmaids were Barbara Korleski, Leah Dragonetti,

Sara Ann Leto, the bride's cousin, and Toni Rybicki and Mrs. Christopher Wojcik, the bridegroom's sisters.

Their Empire-waisted peasant frocks of ivory chiffon were embroidered in pastel shades of blue, pink, green and orange and featured long sheer sleeves ending in wrist ruffles.

The maid of honor wore a matching chiffon babushka with embroidery framing her face.

Each carried a small fire-side basket filled with fall flowers in bronze, rust, amber and ivory, accented with bitter-sweet and threaded with green flocked ribbons.

Best man was James Moore. Guests were greeted by Thomas Leto, the bride's

Seek Heart Of Gold Award Nominees

Names May Be Submitted by Any Organization or Individual in Tri-County Area; Deadline Is November 15

A search started last week for the metropolitan area's outstanding, yet unheralded, volunteers as planning begins for Detroit's fifth annual community-wide recognition ceremony. Some 42 women's organizations have joined forces in the Heart of Gold Award Council to honor women making significant contributions to community betterment.

The Council, working with Women for the United Foundation (WUF), has scheduled the Award Ceremony and Luncheon for February 8 in Cobo Hall. The event, a tradition inaugurated on Valentine's Day, 1968, will salute volunteers making contributions during the past year.

Plans for the Award Luncheon were announced this week by Council chairman Mrs. Lee Hills, of Detroit, and her vice-chairman Mrs. Ralph T. McElvenny, of Cloverly road.

The Council leaders have issued letters to all segments of the community inviting nominations for Heart of Gold Awards.

Any organized group or individual in Wayne, Oakland and Macomb counties may submit a nomination prior to the November 15 deadline. Only previous Heart of Gold winners will be ineligible for recognition.

Mrs. Hills said the Award Council will honor a group of six to 12 women volunteers; have received Heart of Gold

Mrs. McMullen are serving Council members-at-large. Woodward avenue, Detroit 48226, WO 5-7100. All entries must be submitted by November 15.

Any woman in the tri-county area may become a Heart of Gold nominee providing her volunteer activities involve one of the following.

- Child and family service including care of the elderly and work with teens or retirees.
- Church, cultural, educational, political, health-related or war-related activities.
- Involvement in citizens' groups.
- An unusual act of personal heroism, moral courage—or simply being an unsung heroine.

A nomination must be made in a letter of 200 to 500 words outlining the volunteer's activities with emphasis on contributions made during the past year.

Letters must contain specific information, point up ways in which the service is outstanding or has benefited the community and include both the name of place, address and telephone number, where the work was done.

The nominee's name must be omitted in the letter but included along with her address and telephone numbers on a separate slip stapled to the letter.

The name, address and telephone number of the organization or individual making the nomination also must appear on a separate slip.

Forms for nominations may be obtained from the Heart of Gold Award Council, 1528

Participating in the two-day 25th anniversary seminar of the Michigan Society of Professional Engineers in East Lansing later in the month will be LESTER MAURER, of Cloverly road, president of the group's St. Clair Chapter. Special Silver Citations from the State of Michigan and the Society will be awarded to DONALD E. TREFRY, of Cloverly road, GERALD P. DEEMKE, of Bishop road, GLEN H. HOWELL, of Fair court, and LEOPOLD T. SZADY, of Lennon road.

Concert Benefit For Interlochen

"An unstinting Interlochen benefactor" is another accolade awarded outstanding Detroit pianist Gizi Szanto, who once more—and for the sixth time—will give a recital benefiting the Joseph E. Maddy Interlochen Memorial Fund which provides new construction and scholarships and fills other needs at the Arts Academy and National Music Camp.

Gizi Szanto first came to Interlochen as a camp piano instructor in 1966, a few months after the death of Interlochen's founder and president, Dr. Maddy.

The following January she appeared in recital in Fries Auditorium of the Grosse Pointe War Memorial before a capacity house.

Her approaching recital, next Tuesday, October 26, at 8:30 o'clock, will have the same Fries setting and also is expected to attract a full house. Miss Szanto will play Mozart's Sonata in C Major, K. 330, Beethoven's Sonata in D Major, Op. 28 (Pastorale) and

Schumann's Faschingsschwank aus Wien, Op. 26.

In between these two Maddy Fund benefits in Grosse Pointe Miss Szanto has given similar benefits in Battle Creek, Jackson, Port Huron and Coldwater, each time focusing on interpretations of Mozart, her favorite composer, Beethoven, Debussy, Schumann and others.

Tuesday evening's program will include the introduction of Roger E. Jacobi, associate dean and professor of Music in the University of Michigan School of Music, newly-elected president of the Interlochen Center for the Arts.

The Center includes the summer National Music Camp, founded in 1928, and the Interlochen Arts Academy which opened its doors in the fall of 1962.

The Academy extends Interlochen training to a full four-year college preparatory curriculum. Its founding was motivated by National Music Camp students and their parents who expressed a desire for such an educational facility.

Two concepts are basic in the philosophy of Interlochen training: The Importance of the Individual and The Importance of Competition.

Through the years talented students from Grosse Pointe and the Detroit area have had the opportunity to attend Interlochen, many as scholarships students. A planned long-range program of continued development of the Center complex includes construction of the Grand Traverse Performing Arts Center.

Interlochen is located on a beautiful northern Michigan site which at one time was an old logging camp. It is a non-profit educational institution supported entirely by tuition, private funds and donations.

Mrs. Alfred D. Moran, of Prestwick road, general chairman of the benefit, comments, "We are looking forward not only to a beautiful musical evening but also to an evening with Interlochen in Grosse Pointe."

Among the expected Interlochen guests are Mr. and Mrs. Jacobi, David T. Marvel, vice-president and director of development, Margaret A. Stace, corporate secretary and

University-Liggett Pancake Supper

There'll be something for everyone at the University-Liggett Pancake Supper tomorrow, from a student body combo to provide a bit of "rock" for the teenagers to cartoons for the younger set, chrysanthemum-decked halls for gardening buffs, (the flowers may be ordered ahead and taken home), and all the pancakes anyone can eat.

The Supper supports University-Liggett's exchange students, Mari Villarica, who hails from The Philippines, and Ben Ellason, from Kaldestavagen, a suburb of Stockholm, Sweden.

Mari, a petite bundle of energy who exudes enthusiasm and talent, speaks Chinese, Cebuano dialect, Spanish and English—but claims her abilities are not good in subjects that require much memory work!

She prefers Algebra, Geometry, Physics and Chemistry.

Mari is also an accomplished ballerina. Her mother owns and directs a ballet school in Cebu. Swimming and volleyball are the charming Miss Villarica's favorite sports.

Ben, tall and blond, (a perfect counterpart for Mari), comes from a family of five, all of whom are sailing enthusiasts. He taught sailing at a local camp during the summer and is the proud owner of a dinghy named "OK."

The entire Ellason clan enjoys sailing on their cruising-type Vega.

Ben also loves skin diving—life under the surface of the sea is one of his special interests—and has won a cross-country skiing race for three consecutive years. He'd like to become a scientist, specializing in Zoology.

Mari and Ben and other locally-based exchange students will be at the Pancake Supper tomorrow, Friday, October 22, from 5:30 to 7:30 o'clock at University-Liggett. Tickets, at \$1.50 for adults and \$1 for children under 12, will be available at the door.

The Biggest Christmas Fair of All

The Grosse Pointe Memorial Church Christmas Fair, the biggest Christmas Fair of all, featuring, this year, 29—count 'em!—different merchandise booths, will be presented Thursday, November 4, at the Church in Lakeshore road. Circle your calendars, ladies: You don't want to miss this one!

Cottage Hospital Holiday Mart

While you've got those calendars out, hop forward two Thursdays and circle November 18, too. That's the date the Gift Shop Guild of the Women's Auxiliary to Cottage Hospital has chosen for its annual Holiday Mart. And the Holiday Mart is always a jewel.

Doors of the Cottage Nurses' Residence in Ridge road open at 9:30 in the morning Thursday, November 18, on a bounty of china, jewelry, White Elephants, gourmet foods, men's gifts, toys, lingerie, infant's wear, stationary, boutique items, holiday decorations and antiques.

Mrs. Paul Moreland is general chairman. Mrs. Eugene Kelly and Mrs. John Marshall serve as co-chairmen.

Committee members include the Mesdames Fred Grice, Richard Langs, Thomas Cooper, Walter McAdow, L. Eugene Kelly, Clarence Williams, Aaron Evans, George Davis, William Turner, Frank Wachter, William Teeter, Milton Cross, Clarence Kleinschmitt, Emmet Gentleman, L. G. Modlin, Robert Keogh, Marvin Hartz, A. E. Allan, Leo Radak, Otto Theuerkorn, Elmer Schade, Joseph F. Thompson, Hallie Shutt, William Swartz, Ernest Collins and Ralph Quinones.

Mart proceeds will be added to the building fund for Cottage's new addition.

Peace Golden Agers Have Early Halloween

Halloween came early for the lively Golden Age Group at Peace Lutheran Church. Ahead of Columbus Day, Sweetest Day, United Nations Day and Veterans Day, Golden Agers donned costumes Tuesday, October 5, and turned their regular October meeting into a "Trick or Treat" party, probably the earliest celebration of Spook Day in the city.

The party was held in the Parish Lounge, East Warren at Belfour road, and began at noon. Members brought their own lunches—but a special Halloween treat was provided by the committee.

Golden Age meetings are held the first Tuesday of each month in the Peace Parish Lounge.

O. J. WILLIAMS KNOWS A LITTLE MORE
Five weeks ago I started asking the voters of Grosse Pointe Park to tell me what questions they had about life in our community. It seemed important to me, as a candidate for the City Council, to know what my neighbors consider problems and what they consider strengths. I've been getting answers. I know a little more than I did before. There isn't much time left. The election will be held Tuesday, November 2. When you go to the polls, I would like you to know me as one of the best informed candidates on the ballot. Drop me a line now about what you think. Give me your vote in November and I'll be able to do something about it. O. J. Williams Cares.

Are you the Volkswagen Type 3 type?
Don't let the fact that this car might look like Indy 500 material throw you off the track. Those racing stripes are a con. That sports car back is a front.
The Volkswagen Type 3 can no more fly down a racetrack than it can fly through the clouds. What, then, can it do, and who, then, is it for? If you're more concerned with slowing down than speeding up, it has standard front disc brakes. All 4 wheels are independently suspended so it holds the road better when cornering. It has the most advanced system of distributing gasoline in the engine: electronic fuel injection. Shifting on the VW Type 3 is less sticky. 4-speed synchromesh transmission is standard. And in keeping with Volkswagen standards, it gets around 26 miles to a gallon of gas, uses very little oil, and even less water or antifreeze.
But contrary to Volkswagen tradition, it isn't bad looking. In fact, equipped with all the options as you see it in the picture, you can make it look like the menacing, overpowering creature of the road that it isn't.
So if you're looking for a racy little sports car, look somewhere else.
If you're in the market for just an economy sedan, this isn't it.
But if you're the type who wants a racy, economical, little, sporty sedan, eureka!

CODE NO. 9-03 ORDINANCE NO. 182
AN ORDINANCE TO PROVIDE FOR THE INSPECTION OF PREMISES BY THE PUBLIC SERVICE DEPARTMENT AND TO SAFEGUARD PUBLIC AND PRIVATE PROPERTY AGAINST UNSANITARY CONDITIONS TENDING TO CREATE HAZARDS TO THE HEALTH OF THE COMMUNITY.
THE CITY OF GROSSE POINTE FARMS ORDAINS:
Section 1. It shall be the duty of the Public Service Department, under supervision of its Director, to inspect or cause to be inspected by the Department as often as may be necessary, but not less than once a year, all buildings and premises in the City except the interior of private dwellings and to inspect the interior of private dwellings when the Director has reason to believe that conditions exist therein which are liable to endanger the health of the occupants, the public in general or any violation of the provisions or intent of any ordinance of the City affecting public health.

The notice shall state the date of the inspection, the nature of the violation, and the time in which the correction shall be completed. The Public Service Department shall reinspect after a reasonable time for the purpose of ascertaining whether the violations have been corrected.
