**Woods Councilmen Oppose Busing**

(Continued from Page 1)  
will cause unwarranted personal hardships, anxieties and WHEREAS, forced inter-district school transporting Student Busing Opposed the resentment of the children and families involved and will in fact interfere with normal learning processes; and WHEREAS, such forced inter-district school transporting is considered by this Council to be a serious invasion of the "home rule" concept of local government and will usurp the

right of every American parent to choose for their children an environment in which to live and rear their families as well as choosing a school system in which to support and to educate their children, and

WHEREAS, the vast majority of the people in this community are staunchly opposed to said forced inter-district school transporting and the strife and hardship it will cause;

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Grosse Pointe Woods does hereby express its opposition to the concept of busing school children away from their previously established local schools, and

BE IT FURTHER RESOLVED that the City Council for the City of Grosse Pointe Woods does hereby affirm that they will support any reasonable effort by any school district to improve the quality of the educational opportunity offered to its students, which effort does not call for the expenditure of public funds for the transfer of students between school systems or districts when such funds would be more properly applied to the improvement of those school systems not able to offer a high quality of educational opportunity, and

BE IT FURTHER RESOLVED that this Council wishes to make it abundantly clear that it will utilize all legal avenues available to it to maintain the rights of Grosse Pointe Woods citizens and will vigorously oppose any forced school busing proposal which seeks to destroy the autonomy of local home rule government which is inherent to our way of life as a democracy, and

BE IT FURTHER RESOLVED that a copy of this Resolution shall be forwarded to the President of the United States; Governor of the State of Michigan; United States Senators Hart and Griffin; United States Representative Nedzi; State Senator Youngblood; State Representative Bryant; U. S. District Judge Roth; Chairman Novak of the Michigan State Board of Education, the Michigan Municipal League, and to all legislative bodies of Townships, Villages and Cities in the Wayne, Oakland and Macomb County areas.

to be removed to the federal court for trial unless the federal government voluntarily intervenes.

**Big Finance Burden**  
He added that in the light of the other recent litigation involving the Grosse Pointe School System, the cost of which will be substantial and a burden upon the otherwise already troubled school district, that it was unfortunate that the GPEA did not begin its action in the Federal District Court, joining the U.S. government, which he said he felt should legitimately bear the burden of defending the validity of the ruling.

According to Mr. West the attorneys for the board have asked the U.S. attorney to intervene in the case and transfer it to the Federal District Court.

A hearing will be held in the Wayne County Circuit Court, Friday, November 19, on the association's request for an injunction compelling the School Board to set aside in trust an amount equal to the total salary increases negotiated for the 1971-72 school year.

**Preparing Response**  
Mr. West said he is presently preparing the board's response to this hearing as well as other responses which may be made with respect to the suit. He added that he would keep the Board of Education advised with respect to future courses of action.

Following these comments, treasurer Lee Allen asked the superintendent of schools, Dr. Theos I. Anderson about funds, some \$142,000, in the budget for the pay increases from September to November 13, which fell under the wage-price restriction. Dr. Anderson said those monies were needed to balance the budget in the light of the millage failure.

**Cites Board Report**  
Alfred R. Glancy, Jr., vice-president, mentioned that the question of retroactivity was academic since a recent report from President Nixon's Pay Board indicated that in most cases retroactive pay would not be permitted.

The NEWS contacted GPEA executive director Al Gaiss, who said that the Michigan Education Association se-

lected specific units around the state, (Grosse Pointe and Southfield being two of them), to prove mistreatment by the ruling of the OEP. He strongly indicated that the GPEA was selected to test the ruling of the OEP by the MEA and that this action was not initiated by the GPEA.

### Bryant Reacts To TV Address

State Representative William R. Bryant, Jr., Grosse Pointe Republican, reacted to Governor Milliken's Wednesday, November 3, television address on bussing and education finance.

"It is obvious to me the Governor hopes he can separate the issues before Judge Roth from those of his school finance suit. But I suspect he will be unsuccessful in that attempt. Local control is at the focal point of both issues and one basic aspect of and protection of local control is local control of the school purse strings," Bryant charged adding "however, I am gratified that the Governor has committed himself to appeal Judge Roth's decisions."

"I support the Governor in his opposition to cross-district forced bussing and to the shifting of district lines to achieve the same ends," Representative Bryant said.

In further comment on the specifics of the message Bryant said, "It is strange indeed that though the Governor professes to desire retention of local control while equity in financing is being achieved, he sought and gained repeal of a state aid act which was the law of this state from July to September and which took a giant step toward equity while retaining local control."

"It is clear," Bryant insists, "the Governor wants much stronger state control of education, and I will continue to oppose him in this."

Bryant continued, "He speaks of equal educational opportunity and I challenge him to define that glorious and empty phrase. He speaks of educational needs and I challenge him to tell us who will determine what those needs are for the children of any particular school district."

"The Governor misstates the law when he says the State is required, by our State Constitution, to provide public education. It is the expressed responsibility of the Legislature," Bryant charged, "but the Governor, the State Board and the appointed State Superintendent of Public Instruction want to by-pass or dictate to the Legislature rather than work with it."

"Just because the Legislature wouldn't swallow an ill-conceived property tax limitation amendment and because it knows the people want to retain control of the education of their children, the Governor says he has given up on the Legislature process. If he had good ideas arrived at by in-

cluding input from the Legislature he would find a welcome reception."

the highest number brought in by an individual.

It was pointed out by all the police chiefs that citizens can still take their handguns to the stations of their respective cities to be registered. All handguns must be registered. This is required by Michigan Law

The law requires police checks during gun registrations. Owners are fingerprinted and their records checked to determine if they have the right to own handguns.

**Provisions of Law**  
State law prohibits convicted felons, dishonorably discharged servicemen, persons who have been committed to mental institutions, and those under 21 from owning handguns. Eight years must lapse before a person convicted of a crime, provided he remains a law abiding citizen during this period after serving his time, can purchase and own a gun.

Any person committed to a mental institution, must be declared cured, and so certified by his doctor, before he can apply for a permit to purchase and own a gun.

To obtain a handgun, a citizen who meets all the requirements of the law, must apply for a permit to purchase from his local police station, or nearest State Police Post (a seller must have a permit to sell).

**Records Are Checked**  
Applicants must then be fingerprinted and must fill out an information form in triplicate, after which copies are sent to the State Police and Federal Bureau of Investigation, for a records check. Local police files are also checked out. This takes about 90 days.

If the applicants' records show they are in the clear, that is, have no criminal records, they are issued permits to buy a handgun. After the weapon is purchased, the law states, it must be taken to the purchaser's local police station to be registered in the owner's name.

The Pointe police chiefs em-

phasize that a permit to purchase is NOT a permit to carry a concealed weapon. The fact that a handgun is registered to a citizen, means only that that weapon is legally his, and under no circumstances is he allowed to carry the gun on his person, or hidden in any car, where it is easily accessible.

**Separate Application**  
To obtain a permit to carry a concealed weapon, a different application must be filled out, the person's record checked, and his reason or reasons for permission to carry. The application is reviewed by the Concealed Weapons Board of the county wherein the citizen resides. The board decides whether or not the reasons are valid, and if so, grants the applicant a permit.

Under present Michigan Laws, permits are no longer issued to individuals to carry on their persons to or from target ranges or hunting areas. All that need be done is to have the handgun wrapped securely and tied, or placed in a secure container and tied, and placed in the trunk of the car. The weapon MUST NOT be loaded.

**Air Guns Reclassified**  
Another law passed in recent years by the State Legislature, places gas and forced air pellet handguns in the same category as regular sidearms. The same procedures must be followed in obtaining permits to purchase, or sell, these weapons, and these, too, must be registered when they are bought. Concealed weapon permits must be obtained to carry this type of weapon.

Possession of an unregistered handgun, or the carrying of any concealed weapon without a permit, can mean up to five years in prison, on conviction.

A handgun(s) inherited from another member of a family, upon death of that member, must be registered in the name of the new owner claiming it.

**Can Spare Trouble**  
It is interesting to note, that blank starter pistols, used in sports games, races, and so on, although the barrels contain no outlets for ejection of projectiles, can also get you into trouble if you are appre-

hended carrying one on your person. Tear gas and other gas ejection pens are also prohibited weapons. Blackjacks are taboo, even if kept in the home.

One point was stressed by the police chiefs. If a Michigan citizen registers a handgun, and if he should move from his residence to another home, or community, he does not have to re-register the firearm, so long as he remains a resident of the State. However, if he should move to another state, it would be advisable to contact the authorities of that jurisdiction regarding the regulations governing firearms and what procedures to follow under their laws.

**Purse Thieves Injure Victim**

Three suspects accused of snatching a purse from a Detroit woman as she emerged from a Park restaurant, were arraigned before Park Municipal Judge William E. Speer on Wednesday, November 3.

The woman suffered a badly injured shoulder and a cut over the right eye when she was pushed to the ground by the culprits.

The three were arrested by Patrolmen Collin LaLonde and Edward Serwach, Tuesday at about 11:39 p.m., shortly after the robbery was reported. The suspects were apprehended at Three Mile drive and Vernor, and held until their arraignment before Judge Speer the next morning.

Pleading guilty to the charge of larceny from a person were, Michael J. McElmurry, 21, of 5220 Audubon, Detroit; James R. Michael, 22, of 20894 Wildwood, Harper Woods; and Steven J. Galatioti, 17, of 4854 Lakepointe, Detroit.

Judge Speer accepted the pleas, and set bond of \$1,000 each, and bound the accused men over for trial at the next session of Circuit Court.

According to the authorities, the robbery victim, Mrs. Edna Sandstrom of 1143 Philip, Detroit, had left the Big Boy Restaurant, 16624 Mack avenue, walking toward her car in the adjoining parking lot, when the three pushed her and grabbed her purse. Witnesses to the incident said that the woman was knocked to the ground, suffering a dislocated right shoulder and the cut over the eye. The alleged thieves fled the area by automobile, the witnesses said, giving police a description of the vehicle and its occupants.

LaLonde and Serwach, dispatched to the scene, searched the area and found the car and its occupants at Three Mile and Vernor and arrested them. They were taken to the station and charged.

The injured victim of the purse snatching was conveyed to St. John Hospital by Park Fire Department ambulance, where she was treated and released.

A short time later, police officers, in a search of the area, found the woman's purse, with all contents, except eight dollars which were missing, intact.

**Awards Given To BS Medics**

Dr. Fernando Leon, a surgery resident at Bon Secours Hospital, was presented the top Semmes Award on Wednesday, November 3, for displaying genuine interest in and sympathetic attitude towards patients and their families.

Second place honors went to Dr. German P. Barbe, of Neff road, an intern on the staff.

The Semmes Award is presented each spring and fall to interns and residents in training at the hospital who best exemplify the spirit of the Sisters of Bon Secours in treating the sick. Dr. Leon is unique in winning this award for the second time. Judges selected from members of the medical staff also chose Dr. Leon to receive the award last spring.

The awards were presented at the conclusion of the Fall Symposium where Howard Schachter, M.D., assistant professor of Medicine at Northwestern University in Chicago, addressed physicians on the staff of Bon Secours and other hospitals in the Grosse Pointe area.

Also honored was Robert J. Griffin, M.D. of 965 Crescent drive, a cardiologist who heads the Cardiac Intensive Care program at Bon Secours. Dr. Griffin was surprised with a plaque from the nurses in the Cardiac Unit which read in part, "For outstanding achievement in the field of guidance and education and your support and belief in us."

Since opening the Cardiac Intensive Care Unit at Bon Secours on Thanksgiving Day in 1967, Dr. Griffin has conducted courses in cardiology and emergency treatment of cardiac patients for registered nurses at the hospital. At times, the nurses in the cardiac unit are required to administer emergency treatment during the few minutes lapse before the arrival of the doctor.

The plaque was awarded to Dr. Griffin by the nurses to show their appreciation for the time he has spent in teaching them and in giving his support to the development of a superbly-trained cardiac nursing staff.

No more dirty work with a self-cleaning Gas range.

Just think of it. You'll never have to get down on your hands and knees to scrape and scrub the dirty, greasy insides of your oven again. Because today's modern Gas ranges have self-cleaning ovens. Forget about baked-on splatters. And rock-like spills.

With a self-cleaning oven all you have to do is turn a knob and the messiest job in your home (oven cleaning) takes care of itself. Giving you time to take care of the more pleasant things in your life.

But a self-cleaning oven is just one good feature in today's modern Gas range. With Gas you have the advantage of smokeless closed door broiling. Infinite heat control. And best of all, total economy. Because a modern Gas range uses less Gas to do the same job. And a Gas range costs about one-fourth as much to operate as an electric one.

So before the holidays, stop by your dealer or any Michigan Consolidated Gas Company showroom, and buy a new Gas range with a full range of features.

A new Gas range will save you Gas and money too. And remember—oven cleaning is no job for a lady.

**Lake St. Clair Seminar Topic**

The first in a series of five sessions on "Our Changing Environment... The Ecology of Grosse Pointe" is slated for this Monday, November 15, from 7:30 to 8:30 o'clock, at the War Memorial.

The cost for the sessions is \$10 for adults and \$5 for students. The series is sponsored by the Grosse Pointe War Memorial and The Education Committee for Environmental Action Now (EAN).

If you're interested in "What's Happening to Lake St. Clair," then don't miss Monday night's session featuring Clifford R. Humphrys, of the Department of Resource Development, Michigan State University.

Dr. Humphrys was working as a soil surveyor for the U. S. Department of Agriculture in 1939 when he received his first degree, a BS in Forestry from Michigan State University. He earned his MS degree in soil science from MSU in 1941, before his work in photo interpretation for the U. S. Navy and his later Naval Reserve affiliation.

After working as a soil scientist, Dr. Humphrys became part of the Michigan Conservation Department. It was during this period in 1951, that MSU granted him a Ph.D. in Soil Science. His initial appointment by Michigan State came in 1953.

At present, Dr. Humphrys is dedicating extensive time to the study of Michigan's water resources, which has been his major field of interest for the past 18 years.

Dr. Humphrys teaches courses in Water Resource Development and Watershed Management. He also sponsors the Student Water Publications Club, which investigates water resources then writes and publishes its findings.

He also cooperates with people in the Michigan Department of Natural Resources, Michigan Water Resources Commission, Michigan Cooperative Extension Service, U. S. Geological Survey and the U. S. Soil Conservation Service.

**Detroit's Torch Drive Sets New World Record**

Smashing the world record it set in 1969, Detroit's Torch Drive wrapped up its 23-day campaign tonight with a new high of \$31,129,743, largest amount ever raised by any united fund.

The campaign total, announced at a victory dinner in the Sheraton-Cadillac Hotel, represented 100.4 percent of the record 31 million target.

It surpassed the record established here two years ago by \$477,218.

"No other metropolitan area has reached the \$30-million mark," United Foundation Executive Vice President Jacques Cousin told 1,200 campaign volunteers gathered for the victory celebration.

"This Torch Drive team should be very proud," he said, "for you have continued Detroit's record as the foremost fund-raising city in America."

Flowers, balloons, colorful ribbons, candleabras and 10-foot high, diamond-dusted torches, transformed the hotel ballroom into an elegant setting for the victory dinner. It was paid for by the Chrysler Corp. Fund.

The Ding-a-Ling Sisters, regulars on NBC's Dean Martin Show were guest artists.

Presiding at the meeting were UF Board Chairman Thomas F. Morrow, group vice president of Chrysler Corp., and Campaign General Chairman Gilbert F. Richards, Budd Company president.

Morrow presented Richards a silver tray inscribed "with the gratitude, affection and appreciation of all the people of Metropolitan Detroit."

"There's really nothing I can say that would not be anti-climatic following such great news," Morrow said. He congratulated Richards "for a job well done" on behalf of the UF board of directors, officers and contributors.

Richards said the 1971 campaign "proved beyond question that the people of this community can unite and work together for the common good." He added:

"The results of this Torch Drive are proof that our people love and respect each other, and in their hearts they want to help each other."

The campaign general chairman paid tribute to the Torchlighters as "the three young volunteers who have done the most to make this drive successful."

The Torchlighters — Shawn Leonard, 4; Susan Gross, 5, and Keith Krystoforski, 6 — attended the dinner with their parents: Mr. and Mrs. Charles Leonard and Mrs. Diane Krystoforski, of Detroit, and Mr. and Mrs. Joseph Gross, of Troy.

The Benson Ford award, given annually to the campaign chapter unit achieving the highest percentage of quota, went to L. Emery Dearborn, of Birmingham, metropolitan chairman.

Dearborn, Ford Motor vice president and general manager of the company's tractor operations, reported 102.9 percent of quota for solicitations among community businesses, schools and governmental groups.

The Ford vice president who established the award 15 years ago was campaign general chairman in 1955.

Final totals for major campaign units follow:

Automotive and suppliers, \$18,716,798 or 101.2 percent of quota; major commerce, \$5,435,900 or 98.5 percent; general manufacturing, \$1,884,361 or 93.6 percent.

Also, building and transportation, \$997,337 or 100.9 percent; professions, \$1,506,022 or 102.5 percent, and metropolitan, \$1,725, 322 or 102.9 percent.

**Appointed**

SUSAN E. WEISS has been appointed Director of the newly created Public Relations Department at Bon Secours Hospital. She was previously employed as the Public Relations Assistant at St. John Hospital. Her appointment was effective November 1.

Miss Weiss will be responsible for the employe newspaper, as well as several other publications currently in the planning stage, press releases, community relationships and other duties normally assigned to a Public Relations Department.

A 1965 graduate of the University of Michigan where she majored in English and obtained a secondary teaching certificate, Miss Weiss joined the I.B.M. Corporation shortly thereafter, leaving to accept the St. John position in February, 1970.

**Burglar Steals Portable Radio**

Mr. and Mrs. George Hefferan of 109 Merrivether, returned home on Tuesday, November 2, after an absence of three weeks, and discovered that their residence had been broken into and completely ransacked, according to information released by Farms authorities.

The burglar, or burglars broke into the house by forcing the lock of the sliding door and screen door of the rear porch, damaging both locks, police investigators determined.

The Hefferans said that drawers of dressers in three upstairs bedrooms had been gone through, but nothing appeared to be missing.

Missing from downstairs, the homeowners said, was a portable Sony radio, valued at \$70.

If you use your thermostat wisely, you can save both Gas and money.

For example, at night when you're covered with warm blankets, you don't need as high a thermostat setting as during the day. It's a good idea to lower the thermostat a few degrees while you sleep. Besides being just as comfortable, you'll be saving Gas and money, too.

This is just one of many Gas and money-saving ideas you'll find in Michigan Consolidated Gas Company's free booklet, "The Great Escape." By checking and correcting the ways heat escapes from your home, you can make Gas (already one of today's big bargains) an even bigger bargain.

Fill out the coupon, and learn more ways to foil the great escape—and save Gas and money, too. Or pick up a copy of "The Great Escape" at any of our offices. It's free.

**SHS to Stage Variety Show**  
 By Lynn Blasek  
 Grosse Pointe South High School's dramatic program, formerly called Pointe Players, this fall will be operating under the new title of South Showcase. Instead of the normal fall production, which is usually a musical, South Showcase will produce a variety show under the direction of James Dubur, Leonard Riccinto, and Russell Need.  
 The opening of this new experience will be held on Thursday and Friday, November 18 and 19 at 8 o'clock at the Performing Arts Center located at North High School.  
 This complete change in the format of South's traditional plays is brought about by the failure of the last millage renewal. In view of this failure, South is unable to hire enough sponsors necessary for a large production. The director, Mr. Dubur, comments, "It's an experience. I have never done anything like it. It may be one of the best entertainment values in the Pointes."  
 Jim Fischer, stage manager, has this to say, "Technically a variety show is harder to produce because of the greater abundance of scene changes and the large number of people backstage."  
 On the other hand Tim Clayton, technical coordinator says, "It's no harder than a musical but it is just as difficult. There aren't as many sets as a musical, however, creating the right total effect is harder."  
 The wide variety of acts which will be presented will range from talented piano soloists to a comical roller-skating dance. In addition to some of South's traditional acts such as the Tower Belles and the Choraleers several new discoveries have been made by the former Pointe Players.  
 Sue Burns, Karen Charlton, and Brad Vercoatre are only some of this new talent. Brad, who plays a guitar comments, "It's a lot of hard work but it's interesting in the fact that we've never done anything like it before."  
 Tickets for the production may be purchased at South High School during school hours or by calling 832-7638. Student tickets are 75 cents and adult tickets one dollar.  
 Proceeds from the first night's performance are earmarked for the Mothers' Club extra-curricular activity fund.

**GPT to Cast Case of Libel**  
 Grosse Pointe Theatre announces casting dates for its second production of the season, "A Case of Libel." The show is based on Quentin Reynolds' libel suit against Westbrook Pegler as told by Louis Nizer in "My Life in Court."  
 The dates are Monday and Tuesday, November 15 and 16, at 7:30 p.m. in the auditorium of St. Michael's Episcopal Church, 20475 Sunningdale, Grosse Pointe Woods.  
 Callbacks will be Wednesday, November 17, at 7:30 p.m., in room "F" of the Grosse Pointe War Memorial.  
 It's a sure bet that any man who claims he isn't getting enough is not giving enough.

 Funeral services for Mrs. Powell, 68, of 524 Robert John road, will be held today, Thursday, November 11, at 9:30 o'clock, from the A. H. Peters Funeral Home and at 10 o'clock, from St. Lucy's Church.

 Interment will be in White Chapel Cemetery.

**Pointe Loses Tobey Hansen**  
 Tobey Hansen, tennis pro par excellence, and one of the Pointe's most revered sportsmen and gentlemen, died while taking a nap in his Cloverly road home on Wednesday, November 3, at the age of 70.  
 Tobey was born T. Olaf Hansen on August 8, 1901, in Oslo, Norway. He gained prominence in the United States in the early 1920's, as pro for the Rockaway Hunt Club in Cedarhurst, L.I.  
 In 1926, Tobey was offered the job of tennis pro at The Homestead in Hot Springs, Va. He accepted and remained there for 22 years. In the early 30's he spent one winter as pro at the River Club in New York City.  
 In the winter of 1936, a few Pointers were looking for a tennis pro to take charge of their newly-built Tennis House. They convinced Tobey to take charge in the winter months when he was not working at The Homestead.  
 Then in 1948 Tobey gave up the life of Virginia and came to the area to take charge of the tennis at the Country Club of Detroit and The Tennis House. He retired just four years ago.  
 On his 60th birthday some 800 admirers participated in a dinner honoring Tobey at the Country Club.  
 Funeral services were held on Friday, November 5, in the Verheyden Funeral Home, officiated over by Rev. Porter Perry of Christ Church.  
 Tobey is survived by his wife, Rhoda Newberry Hansen; a daughter, Mrs. William E. Kohr; a son, Tobey, Jr.; three sisters; a brother and four grandchildren.  
 Interment was in Woodlawn Cemetery. Memorial tributes may be sent to Metropolitan Boys' Club of Detroit, Livernois Avenue.

**ELEANOR McELROY**  
 Funeral services for Miss McElroy, 64, of 449 St. Clair avenue, were held on Saturday, November 6, in the Verheyden Funeral Home and from St. Paul-on-the-Lakshore.  
 She died on Wednesday, November 3, in her residence. A native Detroit, Miss McElroy is survived by her sister, Mary, and a brother, William J.  
 Interment was in St. Paul's Cemetery.

**Driver Injured In Park Crash**

Philip J. Pifer, 19, of 3440 Berkshire, Detroit, was conveyed to Bon Secours Hospital by Park firemen on Saturday, October 23, for treatment of minor injuries suffered in an accident on Three Mile drive.  
 According to an official report, Pifer was traveling north on Three Mile, when he lost control of his auto, which crashed into a vehicle parked in front of number 1148. The force of the impact slammed the struck car into one in front of it, which in turn hit still another. The three cars were parked close together, it was disclosed.  
 Pifer was given a violation ticket for driving without due care and caution and causing an accident. He is scheduled for a court hearing on November 24.

You may not know it! but, can you prove it? then

**School Meeting Offers Mystery**

By Pepper Whitelaw  
Those persons who attended the regular meeting of the Board of Education on Monday, November 8, are probably still trying to figure out just what appeal the Board unanimously voted to deny in regard to a grievance.

A considerable amount of discussion concerning the trustees attitudes on the approach and procedures of the grievance were discussed but none of us in the audience knew throughout the entire discussion exactly what the grievance was.

The NEWS contacted Richard Kay, director of Employee Relations for the Grosse Pointe Public School System on Tuesday, November 9, for clarification.

Mr. Kay told the NEWS that the Grosse Pointe Education Association had filed a grievance against the Board with regard to payment of tuition for extra courses taken by teachers.

The Board contends that the payment of tuition was negotiated out of the teachers' contracts and that the teachers were aware of this fact because it was discussed at the negotiating table and written into the contract.

The association contends the payment of tuition should be based on the provisions of last year's contract according to Mr. Kay.

The next move for the GPEA is arbitration, if they wish to pursue the appeal, since arbitration is permitted contractually in the agreement between the teachers and the Board.

**College Dean To Visit Here**

Herbert Mudie, Dean of Admissions at Randolph-Macon Woman's College, will be visiting Grosse Pointe high schools next Monday, November 15, to speak to prospective students and guidance counselors concerning recent changes at the four-year liberal arts college for women located in Lynchburg Va.

**Heroic Woman Needs Help To Obtain Kidney Machine**

By Pepper Whitelaw  
Refreshing, enthusiastic, vivacious. These three adjectives might fit almost any modern wife and mother BUT add courageous, religious, humble and thankful then you've got Donna Taube, 35-year-old wife of Gordon Taube, of Elford court, and mother of Diane, nine, and Dawn, two.

Donna's story, although one of illness, is a happy one because Donna makes it that way. A diabetic for over 20 years, she is used to coping with illness, so when she was struck down last April with kidney failure and was in a coma for 48 hours at Ford Hospital, she didn't give up.

Her husband stayed with her the whole time. Normally after 24 hours, if the patient is still alive, a decided improvement occurs, but in Donna's case, she went into a deeper coma for the next 24 hours. "She was more dead than alive," recalls Gordon.

Doctors told Gordon that even if she did come out of the coma she would either have brain damage or blindness. They explained that her bloodsugar count had gone up to 1250 and that when a diabetic's count reaches 600 usually brain damage and/or blindness is inevitable. They told Gordon that Donna's days were numbered.

But somehow, even in her unconscious state Donna fought and fought hard. After 48 hours, she came out of the coma without brain damage or blindness. She stayed at Ford Hospital for two months. Near the end of that time her kidney gave out completely. Doctors gave the Taubes little hope. They said the usual pills, and kidney transplant wouldn't help Donna. They said she could try to get the use of a kidney machine but that it was unlikely because most hospitals hesitate to put diabetic patients on the kidney machine. They suggested she try Mount Carmel Hospital.

Refused To Give Up  
So Donna was sent home with little hope. Still Donna and Gordon refused to give up. Gordon made an appointment at Mount Carmel. The night before they were to go for their interview Donna became ill again. "I thought I'd have to rush her to emergency. But Donna refused to miss the appointment. She hung on," said Gordon.

The next day they went to Mount Carmel and spoke with Dr. Sidney Baskin and Dr. L. J. McNichol, who accepted Donna for treatment immediately. (Mount Carmel is the only hospital in the state that

will accept diabetics on the kidney machine, according to Mr. Taube).

Donna began taking treatments on the machine three times a week. During that period she and Gordon were taught how to operate it so that when Donna got her "loaner" from the Michigan Kidney Foundation they'd know how to operate it.

Up and Down Again  
Donna's condition improved continuously. "We had a beautiful July. We went to church, went shopping and to the movies. It was great," Gordon reminisces. Then in August, Donna once again became ill.

She was rushed to Mount Carmel. She went into a semi-coma, experienced heart failure and extreme chest congestion. Things looked pretty bleak. Even though Donna was suffering from these other ailments she was still put on the kidney machine regularly. She was at Mount Carmel for 10 days, fighting and praying every day. She gradually improved, graduating from a wheelchair to a walker. She was sent home.

Then Donna got her "loaner" from the Michigan Kidney Foundation. Now Donna uses the machine three days a week, six hours a day. She said, "You know it's a great time to do my telephoning, studying, (she was taking college courses when she was struck with the kidney ailment and hopes to resume her studies someday soon), and reading." That's the kind of woman Donna is.

But above all else Donna's faith has made her attitude possible. She said, "I'm in God's hands and it's a very secure feeling." She and her family are members of Christ Iroquois Lutheran Church. Donna taught Sunday school for over 20 years.

Her main interest right now is acquiring enough Betty Crocker coupons to replace her "loaner." She needs some 600,000 coupons to do this. To date her children's friends from school and Bethany Lutheran Sunday School have contributed some 19,000 coupons. Donna and Gordon's friends have almost duplicated that number, but Donna still needs about 300,000 coupons and the deadline is December 10.

If you or your organization can help Donna do so by sending coupons from your favorite Betty Crocker product to Mrs. Gordon Taube, 1161 Elford court, Grosse Pointe Woods 48238, immediately.

### Public Schools in Focus

By Dr. Theos I. Anderson, Superintendent of Public Schools

First, a point of clarification: The meaning of remarks I made at a community meeting on October 20 apparently was the source of some discussion at a meeting held by another group on October 27. It is being circulated that I am against "local control" of schools because, when asked for a personal opinion (which in no way reflects current Board policy because of my knowledge this has not been discussed), I said that I would prefer to have the Board of Education determine the local millage rather than have a popular vote, as is now the custom.

Let me explain. Citizens make budgetary decisions at every other level of government through their elected representatives: Congress approves national funding, legislatures control state finance, and city councils approve municipal budgets. Public school financing, which has now reached a crisis situation, should, in my opinion, be operated in the same fashion, with locally-elected trustees making budgetary decisions.

The financial picture of Michigan's public schools, outlined in a summary prepared by the State Department of Education, shows that during the month of September, voters rejected millage proposals in 70 percent of the elections held, and turned down 73 percent of the bond issues presented.

In Ohio the situation is worse: 33 school districts, which contain 181,000 students and 9,000 teachers, may have to close for lack of funds. Late reports indicate that another 30 to 50 districts, including Cincinnati and Columbus, are on the verge of bankruptcy.

Although I am a staunch advocate of local control of education, meaning that I prefer as much decision-making as possible to occur at the local level, it is obvious that some modification in current financial practices and procedures must occur.

Second, a point of re-emphasis: Many people across the State of Michigan are beginning to see the relationship between local voted millage in the controversy over local control versus state control. Since the law suit challenging the right of Grosse Pointe, Dearborn, and Bloomfield Hills to levy a local property tax to fund public education, we note a somewhat changed attitude toward millage elections. Perhaps not enough of a change to renew the two mills in September that had expired, but at least a glimmering awareness that providing operational funds through a vote of the electorate is, perhaps the essence of "local control."

If we had the time, we could go through the files and enumerate the times in the last four years when he have warned publicly of the possibility of the state reassuming its control over public education. Remember, education is

a state function which is delegated to the local districts. If, in the opinion of the state the local districts are not doing the job, the State of Michigan has only to re-assert its basic right to control education, a right outlined in the Constitution.

Third, more of same: Many readers are aware that Minnesota has become the second state in the nation to have its system of school finance declared unconstitutional. U.S. District Judge Miles M. Lord has said that the issue at stake is whether pupils in publicly financed schools have a right under the equal protection guarantee of the 14th Amendment of the U.S. Constitution. Thus, the courts of Minnesota are forcing a state to take up the burden of uniform funding of schools. Two days after Judge Lord's ruling, state legislators reached a tentative agreement to shoulder about 65 percent of school funding, with the guarantee of a minimum expenditure of \$750 per child per year. Minnesota now pays about 43 percent of public school costs with a guarantee of \$404 per child.

As a result of its Supreme Court ruling, California is being forced to design legislation aimed at equalizing school spending. A bill approved recently by the state legislature's Assembly Education Committee would increase the state share of school funding from 35 percent to 90 percent, or about \$8 billion a year. Please note that the bill would impose a statewide property tax to finance schools.

A nationwide campaign to reduce other states' reliance on local property taxes for schools has been mounted by 140 lawyers representing 23 states. During the course of recent meetings called by the Lawyers for Civil Rights Under Law, attorneys were schooled on how to file and win legal suits attacking school finance.

MR. and MRS. LARRY YOUNG CROSBY, of Meadow lane, announce the birth of a daughter, TRICIA RUTH, October 16. Mrs. Crosby is the former KAREN BAER, daughter of MRS. GEORGE BAER, of Balfour road.

### Walk-A-Thon Big Success

(Continued from Page 1) and Shores Chief Joseph Vitale all walked 10 miles. (And have the aching joints to prove it!)

Most of the school principals were very much in evidence, a bit wind blown and frost bitten but "mushing" onward. Characteristically North High athletic director, Ed Wernet and South High athletic director, Chuck Hollosey were seen laughing and jogging along the way.

**Young Enterprise**  
Perhaps the most enterprising participant was nine-year-old Jimmy Lundine who sold hot chocolate at Moran and Kercheval to the walkers, then donated his proceeds to the Walk-A-Thon. (He didn't even

Busy committee members were still tabulating on Tuesday morning but promised they'd have the final figures on the amount of monies collected, for our next issue.

in depth

Surprising, isn't it, the depth? We think the picture needs the floor plan to explain it. The plan also displays convenience. Note the closet space, for instance. This attractive center-hall brick Colonial has, in addition to rooms shown, a Recreation Room with fireplace and lavatory. Its Kitchen is modern, and the whole house is very pleasant and liveable. We would be pleased to arrange an interior inspection of this admirable offering.

**Letters to the Editor**

Friday, November 5, 1971  
 Dear Sir:

One can easily understand why the younger generation stares with disbelief at the "establishment" after reading the editorial in the November 4th issue of the Grosse Pointe News.

In this age of hard drugs and talk of revolution at home and war and international tension abroad, at a time when sweeping changes threaten to overtake our school system, the editor of the News undertakes to condemn, with incredible acerbity, the once yearly innocent pranks of some of our communities youth on Devil's Night. Wouldn't the phrase "horrendous desecration" more aptly describe the daily dumping of tons of industrial waste into the once pure water of Lake Superior? Surely the phrase "nauseous nightmare" might more appropriately be applied to the continued sacrifice of our fine young people in a war almost universally acclaimed as a terrible mistake. And surely, "imbecilic devotion of time and energy" is the best description of the writing of that editorial, which calls to task the harmless display of devilry by young people, many of whom will likely be marching this weekend in the all community Walk-a-thon to help restore school activities eliminated by the older generation in the recent millage election.

Devil's night, with its generally innocent pranks, is a disturbing descent of over-serious young people. May there always be enough blithe spirit in a world preoccupied with doom to spawn a Devil's Night. Surely true vandalism such as the opening of fire hydrants, should not be encouraged, but the streaming of strips of paper in the trees in front of a pretty girl's house depicts a spirit of good natured fun in our young people which I find most reassuring.

Sincerely,  
 Stuart D. Smith, DDS  
 19965 Norton Court

Editor's Note:—Not only more shabby thinking, but incredible naivete. Since when has there been a pretty girl in every house in the block? And the lads who are interested in pretty girls have more on their minds than strewing her yard with toilet tissue. We refuse to condone the parents who, instead of teaching their small fry to respect and demand tidiness and the preservation of beauty, encourage them to mess up the landscape and infuriate those who take pride in their properties and try to make a contribution to the neighborhood in which they live.

Dear Sir:—  
 Mrs. Kondak is dreaming of a society that I don't think we will find in today's or tomorrow's world.  
 Since time began, we have

**What Goes On at Your Library**

By Virginia Leonard

A fascinating lady, indeed, was Helena Rubinstein. Back in 1968 her own autobiography appeared entitled MY LIFE FOR BEAUTY, which you may have read. I found it both informative and practical, the second part being in essence a manual of beauty care for women. Helena Rubinstein had a strong personality, exceptional character and was most astute. This book was written in the last year of the author's life, so the coverage, for an autobiography, is quite complete. The accompanying photographs add a great deal to the presentation.

And now, this year, we have another book about this famous lady—MADAME by Patrick O'Higgins. This is subtitled "An Intimate Biography of Helena Rubinstein." Patrick O'Higgins was born in Paris, but educated in England and Switzerland. He served with the Irish Guards during World War II, and then set up a permanent home for himself in New York. His years with "Madame" were spent whirling around town and the world, working as Madame Rubinstein's personal assistant. During his subsequent retrospective years, he was an editor and feature writer for HARPER'S BAZAAR, STATUS and McALL'S.

"I have too much on my shoulders. I'm surrounded with people, but I can't get to them... There's the family, aah! They all want to prove their worth, but they all want to enjoy their own lives. People... people... and I'm alone! With burdens... such burdens! In New York things are easier for me. In Europe... You can have it! Nothing but intrigue, disagreements. I swear, I swear, it's killing me! She pounded her breasts so that the pearls jangled. She raised her eyes to the ceiling, hit my knee, shook a list of imaginary enemies. It was difficult for me not to laugh. This funny little lady seemed to epitomize all of the distress, the anger, of a classical Jewish mother."

This is the way "Madame" seemed to Patrick O'Higgins the day she interviewed him for a job. Jean Cocteau had called her the Empress of Beauty, but to her way staff, she was simply known as "Madame." While still in her

early teens she had left her native Poland for Australia where she used a family face-cream recipe to establish a cosmetics empire that still continues to flourish. At the time of her death, in 1965, she had amassed a personal fortune that made her one of the world's ten richest women.

She was known for her fabulously outlandish jewels, her bowler hats, her profile of an eagle and her tiny stature. She was imperious and impressive. She maintained lavish apartments in London, Paris, and New York. She also owned country homes in Greenwich, Conn., in Southern France, plus one near Paris.

Patrick O'Higgins, who lived for 14 years in the eye of this whirlwind, does like to reminisce. He chronicles Madame's feuds with "The Nail Man" (Charles Revson), "The Other One" (Elizabeth Arden), "The Devil (Picasso). We are left with hilarious memories of this remarkable woman with her headlong energy and her propensity for crisis and strife. This is a most interesting and affectionate biography.

We were most amused by an article in a current issue of LIBRARY JOURNAL telling us of a new and surprisingly effective role for books and reading as crime deterrents. In Terre Haute, Ind., a certain judge suspends sentence for first-offender shoplifters on condition that they read LES MISERABLES by Victor Hugo and return to answer a battery of 80 questions on the book. So far, says the judge, out of some 90 shoplifting cases, only four or five have turned up in courts as second offenders!

It is good to see some lightness and humor enter our profession. A new library newsletter, slated to appear this month, is entitled THE UN-ABASHED LIBRARIAN and will feature many innovative ideas, including the creation of new subject headings for such things as "women's liberation, encounter groups, rock music, the military-industrial complex, etc." I, for one, am looking forward to the first issue, and I'm sure the entire staff will enjoy it, also, if it has the flavor that this LIBRARY JOURNAL squib reports.

## From Another Pointe of View

By Janet Mueller

The University-Liggett School students sat, stars in their eyes, at the feet of their star, and Julie Harris, who made her stage debut at age 14 in Grosse Pointe Country Day School's production of "The Hunchback of Notre Dame," (since then Country Day and Detroit University School merged to become Grosse Pointe University School, which merged with The Liggett School to become University-Liggett, Miss Harris is now a U-L alumna) took time out from her recent engagement in "And Miss Reardon Drinks a Little" at the Fisher Theatre to talk informally with them . . .

Had she ever forgotten her lines and made up anything better than her written lines?

"I haven't very often improved upon what an author had to say, but just last week I must confess I did forget a word and improvised until I remembered the correct one."

And she'll never forget her horror at entering the New York stage during her earliest Broadway performance in "A Member of the Wedding," her mind completely blank. She credits the show's star, Ethel Waters, with saving the performance for her.

When and how did she first become interested in the theatre?

"Right here. After I appeared in 'The Importance of Being Ernest' and Yeats' 'Land of Heart's Desire' a former drama coach, Miss Spencer, talked with my parents about my seriously considering the theatre as a career."

When Julie was a Country student her parents, Mr. and Mrs. William P. Harris, Jr., lived in Windmill Pointe. They're still Pointers, residents now of a contemporary home tucked away in a dead-end street. Her brother, William P. Harris, III, a J. L. Hudson Company book buyer and former University-Liggett Lower School teacher—his students remember him as a GREAT story-teller—is still a Pointer too. An-

## This is a hairdresser looking at your face.

In other words, this is a hairdresser that cares. He doesn't consider his clients faceless ladies in shapeless robes. He considers them interesting individuals. Which is why he studies their faces and clothes and asks about the lives they lead and the way they really see themselves. It's also why he gets the most beautiful results. This kind of hairdresser isn't easy to come by. But if you come by our place, you'll find quite a few. You see, it's the only kind of hairdresser we believe in.

## Miss Cross Bride Of Mr. Schroeder

Maureen Ann Cross and Mrs. James Trewartha Serve As Their Sister's Honor Attendants; Kelly Trewartha Is Flower Girl For Her Aunt

At a noon ceremony Saturday, November 6, in Our Lady Star of the Sea Church, Kathleen Marie Cross, daughter of Dr. and Mrs. Harold E. Cross, of North Deeplands road, and Eugene Michael Schroeder, of Manhattan Beach, Calif., were married.

After a reception at the Grosse Pointe Yacht Club the newlyweds left for a vacation in Puerto Rico, at Dorado Beach.

They will make their home in Manhattan Beach.

For the rites at which Father Ralph V. Barton presided the bride, given in marriage by her father, chose a high-waisted gown of white dutette satin. Her bodice, with its high ring neckline and long tapered sleeves, was fashioned of re-embroidered Chantilly lace appliques beaded with pearls.

Her A line skirt featured a wide border of matching lace and a mantle train fell from her shoulders. Her Cathedral length mantilla was banded in Chantilly lace.

She carried a cluster of phalaenopsis orchids with ribbon streamers.

Gulpure lace accented the bodices and cuffs of her attendants' Victorian frocks of American Beauty velvet. Their Colonial bouquets were fashioned of pink pompoms and Sweetheart roses.

Honor matron and maid were the bride's sisters, Mrs. James Trewartha, of Rockledge, Fla., and Maureen Ann Cross. Bridesmaids were Carolyn Butler and Patricia Turek, the bride's former roommates in Manhattan Beach, and Mrs. Michael Kirchner.

Kelly Trewartha was her aunt's flower girl.

The bridegroom, son of Mr. and Mrs. Michael J. Schroeder, of Omaha, Neb., asked Al Mault, of Los Angeles, to act as best man.

Ushering were William Whitaker, of New Jersey, William Schmid, of San Francisco, Robert Prasciunas, of Minneapolis, Kevin Cross, the bride's brother, and William Wood, of Washington, Mo.

Mrs. Cross chose a green and pink brocade dress and matching jacket, bordered with green metallic ribbon, for her daughter's wedding.

Gold braid studded with rhinestones accented the bridegroom's mother's double knit of apricot polyester.

## Inside The Mothers' Club

The November calendar is filling up rapidly according to reports given at the Grosse Pointe South High School Mothers Club executive board meeting presided over by Mrs. Charles Beltz on Monday, November 1, with activities ranging from the Walk-A-Thon to the Christmas Tea keeping chairmen and committees very busy.

President Beltz told board members of the many hours spent solving problems and working out details, together with Mrs. Albert Dickson, for the Grosse Pointe students' Walk-A-Thon Sunday, November 7.

She also reported attending two newly-formed discussion groups and a FLEC meeting at which John Kendall, head of the Youth Bureau at South High, spoke.

According to Mr. Kendall run-aways—particularly 13- to 15-year-old girls—are the Bureau's biggest problem.

Due to a lack of interest the community-sponsored Halloween party was cancelled this year. Homecoming, on the other hand, was a complete success, as was Back to School Night. Coming events include the "Showcase South" talent show and the Mothers Club Christmas Tea.

**Report Cards Due**  
Faculty Representative Mrs. Benson McClure stated that things were going well at South High and the students had worked hard on the Walk-A-Thon. Counselors are now

meeting with the students in groups. The deadline for card marking was November 9 and parents should receive grades on November 19.

Mrs. Richard Hinks, mailing chairman, sent out 1,891 newsletters on October 25, but said students should get the credit for mailing Back to School Night information to all parents!

Still working to increase Mothers Club memberships Mrs. Donald McCubbrey announced the addition of 38 in October, bringing the total to 691. A mailing will go out November 15 to all families who have not yet joined.

Mrs. William Kennedy, social chairman, reported serving punch, coffee and doughnuts to 350 people on Ninth Grade Parents Night October 4.

An evening discussion group including husbands and wives was suggested to Neighborhood Group Chairman Mrs. Robert Maynard. The idea will be investigated.

**Showcase South**  
Calls are being made and tickets sent out by Mrs. Richard Speer and her committee for "Showcase South," the talent show that replaces the Pointe Players' drama this season.

The "spectacular" will be given on Thursday, November 18, and Friday, November 19, at North High's Performing Arts Center.

Proceeds from the Thursday evening performance go to the

## Harvest Is In At Woods Presbyterian

The doors to the Grosse Pointe Woods Presbyterian Church Fair will open at 1 o'clock tomorrow, Friday, November 12 and co-chairmen MRS. JAMES WEAVER, (right), and MRS. MICHAEL VINING promise the best event ever with a great variety of handmade gifts. In addition there will be a bake shop, candy booth, plant cart, treasure chest and apron counter. New this year are charcoal portraits at \$7.50 done by Bette Prudden, while Mrs. Edward Klasny has pre-

pared a room "for children only" where games may be played and reasonably priced gifts purchased. At 5 o'clock the annual Harvest Dinner begins. Mrs. William Frederick and Mrs. Paula Russell are in charge of this, and reservations and tickets are available from Mrs. Mel Anderson, 884-9694. Ticket donations \$2.50 for adults, \$1 for children under 10. Dinner service will continue until 7 o'clock.

Extra-Curricular Fund and the Mothers Club will serve refreshments to the cast after the show.

Mrs. Stuart Cammett, bus chaperone chairman, was busy meeting the demand for additional buses and chaperones at the last minute before the Fordson game.

**Christmas Tea Chairman**  
Mrs. Thomas Munson reported all plans nearing completion and said there would be a student art exhibit. Ninth grade mothers are being called for their usual donations of breads and cookies.

Past-presidents of the Mothers Club will pour and students will serve as hostesses. Invitations will be mailed three weeks before the tea, scheduled for Wednesday, December 1, at 3 o'clock at the Performing Arts Center.

This lovely beginning to the Yuletide season has traditionally been the Mothers Club's Christmas gift to the community.

Three important subjects were discussed at the October PTA Council meeting attended by Mrs. Cedric Rehner. The items were Judge Roth's ruling, State Aid and the property tax suit.

At the October Board of Education meeting budget and busing were two of the topics discussed. School enrollment is 13,528—the highest ever reported. A deficit budget was approved, to be revised later if State Aid is reduced.

President William Adams also listed nine points summarizing the Board's feeling regarding busing.

South High's yearbook is in trouble financially, board members were told. Ads are being solicited and patron donations of \$5 are being sold.

**Walk-A-Thon Successful**  
The meeting ended with the recruitment of several members to look over sponsor sheets and estimate money earned from the Grosse Pointe students' Walk-A-Thon. It should be noted here that the project was a great success!

By RICHARD OMBRES, M.C.

Miss Kathy Blackout of Bart Edmond Beauty Salon, 21316 Mack Ave., Grosse Pointe Woods won her Oscar in tough competition.

Miss Kathy's style was the long young ULTRA-FEMININE FUNKY CUT, FUNKY BODY PERM AND COLOR SOFT WARM RED. The style was the natural long Funky movement that the fast growing "youth" market want.

I asked Kathy "can anyone wear this style?" Kathy said the young interesting girls can—absolutely, the less young types can too but modified, a little more softness, a speck more height, I like to custom style for my ladies."

### More On Local Talent

Pointe Studio Ten is a group of local artists who have been meeting monthly together for the past several years for criticism and exchange of ideas under the guidance of Mr. Stirling Loud.

Now Pointe Studio Ten presents an Exhibit of Paintings, opening this Sunday November 13, and continuing through December 5 at the Grosse Pointe War Memorial.

The exhibitors are Marguerite Joseph, Carol Rackman, Elizabeth Prudden, Connie Gabriel, Zena Carnaghi, Ruth Hestad, Richard Kray, Bayard Kurth, Freda Stewart, Mary Enzer, Doris McCallum, M. Stirling Loud and, in memoriam, Clare Ballard.

### Talent In Town Today

Clive David is in town today, to speak at this morning's Grosse Pointe Celebrity Series lecture at Eastland Theatre. His 11 o'clock talk will be followed by a subscription luncheon at Stouffers Eastland, after which he'll field a few questions from the floor.

"A Party for All Seasons" is his topic, tips from his own diary as a Special Events Consultant. Among the parties Mr. David's given are the JFK and Johnson galas in Madison Square Garden and the Miss Universe Coronation Ball, the exclusive "Ballo in Maschera" in the Palazzo Rezzonico in Venice, a collaborative effort with Cecil Beaton and Earl Blackwell, the reception for Queen Elizabeth II in Nassau...

You think you've got problems with a sit-down dinner for 12?!

The Grosse Pointe Celebrity Series of five lectures is sponsored annually by the Bon Secours Hospital Assistance League.

### Talent For The Whole Family

Operation LINC, the Detroit Metropolitan Dance Concert (playing to a Standing Room Only audience), the Detroit 1972 calendar (featuring Detroit Public School students' winning art work), the Detroit League for the Handicapped Christmas Party...

So Julie (Mrs. Arthur Thomas, II) Waterfall and her hospitality committee are seeing to it that they'll get it. And so will their husbands. And so will their children.

The invitation to the Junior League Ice Follies outing, featuring a picnic supper in Olympia Room prior to the 6 o'clock performance of Peggy Fleming and Snoopy in Shipstad's and Johnson's Ice Follies at Olympia Stadium Sunday, November 21, reads: "Bring your children—bring your parents!"

The Ted Meckes, Robert Benckerts, Walter Fishers, Klaus Anselms, Gordon Fords, Paul Deckers, William Lafers, Richard Fruehaufs, Charles McFeelys, Richard Williamses and John Worcesterers are among the large group already holding reserved space for the evening.

thier, Mrs. Robert Gerisch, Mrs. N. Connor Gunn, Mrs. Louis Hopping, Mrs. Wayne Garrett and Mrs. Llewellyn Shippee.

Detroit Review was founded in November, 1891, as a cultural club for members with interests in art, music, literature and foreign countries. In 1895 Detroit Review became a charter member of the Detroit Federation of Women's Clubs and began to assist in the support of various philanthropic projects.

This November 15 benefit will help DRC continue its support of projects benefiting the underprivileged.

## Heart of Gold Deadline Near

Only a few days remain for submitting nominations of outstanding women volunteers to be honored at the fifth annual Heart of Gold Award Council recognition ceremony. Mrs. Lee Hills, council chairman, reminds nominators that only those names in by Monday, November 15, will be considered.

Any organized group or individual in Wayne, Oakland and Macomb counties may submit nominations. Only previous Heart of Gold winners are ineligible for recognition.

The ceremony, scheduled for February 8 in Cobo Hall, will salute a group of six to 12 women volunteers who have made significant contributions during the past year.

To honor the group some 42 women's organizations have joined forces this year in the Council to plan the award ceremony and luncheon. Serving with Mrs. Hills as vice-chairman is Mrs. Ralph T. McElvenny, of Cloverly road.

A nomination must be made in a letter of 200 to 500 words outlining the volunteer's activities. The nominee's name must be omitted in the letter but included along with her address and telephone number on a separate slip stapled to the letter.

The name, address and telephone number of the organization or individual making the nomination also must appear on a separate slip.

Entries should be mailed to the Heart of Gold Award Council. Entries will be screened this month and judged during January by a panel including state and local government officials, media representatives, educators, clergy and executives from business and industry.

They will give special consideration to community benefits resulting from the volunteer's efforts, amount of personal effort involved, results of service, special demands on the individual, uniqueness of service and sincerity of motivation.

Here's quite an oddity. There was once a king of England who could NOT speak English!

He was George I who was born and brought up in Germany and never learned to speak English even though he became king of England in 1714 and remained king until 1727.

He didn't attend government meetings because he couldn't understand what was being said! He left the running of the nation to his ministers, thus instituting the first real cabinet.

And, here's another interesting fact . . . George Morrison is an expert who speaks your language when it comes to carpet know-how. Come in and let him help you select from a wide range of colors, styles and prices.

## Marilyn DeGriek Wed November 5

Ceremony At Which She Speaks Vows To Michael Joseph McGahey Is Taped For His Brother Brian, Presently Serving in Vietnam

A silk organza gown accented with re-embroidered, pearled Alencon lace was Marilyn Ann DeGriek's choice for her wedding Friday evening, November 5, in Our Lady Star of the Sea Church to Michael Joseph McGahey.

Her long full sleeves were cuffed in lace and matching appliques trimmed her A-line skirt and Chapel train. Her triple-tiered illusion veil fell from a cluster of pearl-studded lace petals.

She carried a cascade of white carnations, stephanotis and Woburn Abbey roses centered with a white orchid.

The new Mrs. McGahey is the daughter of Mr. and Mrs. Paul DeGriek, of North Renaud road. The bridegroom is the son of the Robert McGaheys, of East Outer drive, Detroit.

The Reverend Joseph Hartman O.S.A. presided at the 6:30 o'clock rites. The first reading of the Mass was given by Mary Kay McGahey, the bridegroom's sister, the sec-

and by Jerry DeGriek, the bride's brother, and the third by Tom McGahey, the bridegroom's brother.

David DeGriek, another brother of the bride, recorded the double ring ceremony on tape for Brian McGahey, the bridegroom's brother, presently serving in Vietnam.

Honor maid was Enza Ugval. Bridesmaids were Margaret McGahey, the bridegroom's sister, Julie Lawley and Sue Augustyn, the bride's cousins, and Mrs. Michael O'Hea.

Gold braid accented with orange velvet ribbon banded the Empire waists of their mandarin-collared gold torted frocks. Each carried a wardrobe of white carnations with Woburn Abbey roses and greens, tied with deep brown velvet ribbons.

Best man was Richard Langlois, Joseph Madonia, Paul DeGriek, the bride's brother, Michael O'Shea and Timothy McGahey, the bridegroom's brother, ushered.

A floor length gown of aqua chiffon, long-sleeved and beaded at mandarin collar, bodice and wrists, was Mrs. DeGriek's choice for her daughter's wedding. She pinned white cymbidium orchids to her purse.

The bridegroom's mother's long gown of grey chiffon featured a beaded neckline and belt. Her cymbidium orchid purse corsage was pink-tinted. After a reception at Allard House the newlyweds left for a vacation in the East. They will make their home in the Chapoton Apartments, St. Clair Shores.

## Wade-Scott Wedding Vows Spoken

(Continued from Page 20)

She was attended by her sister, Susan Leigh Scott, as maid of honor. Bridesmaids were Mary Sue Hamilton, from Western Michigan University where the bride studied after graduation from Grosse Pointe South High School, Ellen Ramsay, Kathleen Bleeker, cousin of the bride, a student at Eastern Michigan University, and Mrs. Brian Vidosh, the bridegroom's sister.

Their Empire-waisted frocks were fashioned with candlelight satin bodices and A line skirts of milk chocolate fall. They carried cascades of Woburn Abbey roses, baby's-breath and fern.

Peter Carlton Wade served as his brother's best man. In the usher corps were Marshall Beck, Gary Singles, the bride's cousin, of Rochester, Richard Skiba and Brian Vidosh.

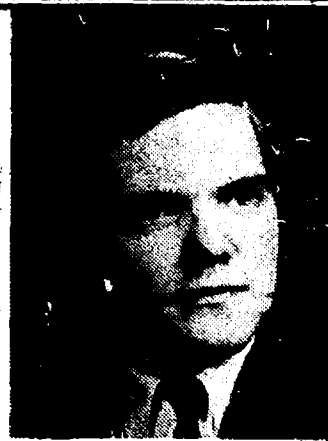

Crystal and pearl beading accented the neckline and cuffs of the long gold chiffon gown Mrs. Scott selected for her daughter's wedding. She

wore a matching sleeveless gold brocade coat and carried gold orchids.

The bridegroom's mother chose a floor length gown of pale blue silk-and-wool with a crystal-beaded yoke and side panels. She carried pale blue orchids.

The bridegroom, who attended Northwood Institute for two years after graduation from Howe Military School, completed a three-year tour of duty with the United States Army, stationed in Germany working on missiles, this summer.

Officials Take Oaths in Park

Prior to the start of the regular meeting of the Park council on Monday, November 8, City Clerk Nunzie Ortisi administered the oath of office to three officials elected or Tuesday, November 2, the mayor and two councilmen. A third member of the council, who was to take his oath, was absent from the city.

The city clerk swore in Mayor Matthew Patterson, who was unopposed for reelection. Patterson will serve for two years. Incumbent Councilman Robert Hutton, who trailed third behind two newcomers, and O. J. Williams, Jr., one of the newcomers, jointly took their oaths of office, with Williams taking over the seat vacated by William R. Leuders, who was defeated in his bid to remain on the council. Leuders was the dean of the council by virtue of length of service. A councilman serves for four years.

Charles S. Tompkins, Sr., who will take his oath at the next meeting on Monday, November 22. He and his wife are in London, with a group of citizens who worked to raise funds for the Grosse Pointe War Memorial Center, during the Center's Family Fund Raising Campaign. Tompkins will take the seat vacated by Charles Bowerman, who served one term, and did not choose to run again.

Following the administration of the oaths, the council approved the re-election of Hutton as mayor pro tem, a post he held for the past two years. He will serve in this capacity until the next regular election in November, 1973.

Participants are advised to bring along scissors and white glue since the group will be making favors for a children's Christmas party. Anyone who is new and would like a ride to Selfridge may contact Waiting Wives' sponsor, Chaplain Baker, at the Base, 465-1241, Extension 2611.

Receiving Masters degrees from Michigan State University recently were JOHN L. BARLOW, of Lakecrest lane, and WILLIAM T. ALEXANDER, of Peach Tree Lane, Masters of Business Administration in Marketing; CAROL M. HOOGSTRA, of Anita avenue, Master of Arts in English; and MAUREEN B. Scouts to Hold Clothing Drive

The Detroit Area Council, Boy Scouts of America will once again conduct a council-wide Thanksgiving "Good Turn" clothing drive to help provide training and employment for handicapped men and women at the Goodwill Industries Division of League For The Handicapped-Goodwill Industries. The drive will take place over a two-week period from Saturday, November 13, to Saturday, November 27.

Considered to be one of the largest one-day clothing collection drives ever attempted, the drive will cover all of Wayne County, Southern Oakland, and Southern Macomb Counties. About 500 Scout Troops will participate and will involve an estimated 20,000 Scouts, Scout Leaders, and other volunteer workers.

Starting Saturday, November 13, Scouts will deliver "Good Turn" Goodwill clothing bags to 350,000 homes in the metropolitan area. The Scouts are asking that householders fill the bags with repairable clothing, shoes, and other small articles which can be repaired by handicapped workers at Goodwill Industries, and then sold in the Goodwill stores to generate funds needed to pay wages to the workers.

On Saturday, November 27, the Scouts will return to collect filled bags. They ask that householders have the filled bags on front porches by 10 a.m. The Scouts, along with adult leaders and fathers, will then take the filled bags to trucks stationed on conveniently located school and church parking lots. At 3 p.m. the loaded trucks will go to the Goodwill Building for unloading.

A total of about 75 trucks will be involved in the drive and will include the entire Goodwill fleet, augmented by about 60 trucks loaned for the day by trucking firms and industrial firms. Drivers will include members of the various Teamsters' Unions in the area.

The drive is important to the Scouts because it enables a large number of boys to participate actively in a "Good Turn" project where they can actually see the results of their efforts. It is important to League-Goodwill because it assures continuous employment to hundreds of handicapped workers, many of them from inner city areas, who might otherwise be forced to depend on some type of public assistance.

Co-Chairmen of the drive will be John F. Ivory, Jr., executive vice-president of John F. Ivory Moving & Storage Company, of 4840 Arrowhead road, Orchard Lake, and Peter C. Darin, Jr., vice-president of Darin and Armstrong, of 3830 Crest Lake drive, Bloomfield Hills. Ivory is a member of the League-Goodwill Board and Darin is chairman of the Activities Committee of the Detroit Area Council, Boy Scouts of America.

At its regular monthly meeting held on Monday, November 1, at the Grosse Pointe Yacht Club, the Grosse Pointe Fraternal Order of Police, Lodge 102, elected a new slate of officers for 1972, and prepared plans for the President's Ball to be held at the Yacht Club.

The new officers, who will take over their posts on January 1, are: Woods Patrolman Donald Sun, president; Shores Sgt. Donald Jacob, vice-president; Farms Patrolman Philip Miglio, secretary; Woods Detective John Kendall, corresponding secretary; and Harper Woods Det. Sgt. James Miglio, treasurer.

Woods Patrolman Kenneth Metcalf was elected guard; Harper Woods Patrolman Jack Reghi and Shores Sgt. James Jurcak, trustees, and Woods Patrolman Paul Titcombe, conductor.

The President's Ball will be held on Monday, December 13. Admission is \$20 a couple. Total number of tickets are limited and are available first to the regular members of the Lodge, and then to associate members.

The Ball will honor the outgoing president, Woods Patrolman Steven Petrik, who will automatically become the immediate past president, and member of the Board of Directors, for the first of the year. For information, or regarding tickets, members and associates should contact Sgt. Miglio at the Harper Woods Police Station, 884-6400.

Apology Asked By Youngblood

Sen. Charles N. Youngblood, Jr., (D) Detroit, has issued the following statement. "For many years, men have fought and died for this Country protecting our rights under the Constitution, and now a Senator with well meaning intentions wishes to open the Constitution, without realizing that he will not open it up only for the discussion of bussing, but for all other issues. I am fearful that it will have a reverse effect, because of various court decisions, it would not ban bussing, but demand bussing. I believe that I have been wrongly accused by various people because they do not understand Constitutional law. I have stated before that I am emphatically opposed to bussing and my position has not changed.

Those who voted for the Bowman Resolution did so in thinking it was for an amendment, and did not realize it would open the complete Constitution. Perhaps my fears are compounded by the fact that I went through a Constitutional Convention as a delegate in 1961-62, and saw how many areas of our State Constitution were altered. "I feel that some of the Directors of the Northeast Council gave my wife and my five children, as well as myself, who have been unjustly harassed, a public apology for the misleading statements they made against me in my District."

Many Residents Using Schools

Over 40 diversified community groups, from the Grosse Pointe Symphony to Cub Scouts utilized the Grosse Pointe Public School buildings for 16,026.75 hours, during the 1970-71 school year, according to information released at the regular meeting of the Board of Education on Monday, November 8, at Monteth School. (These figures do not include use of the public libraries or Adult Education).

January, February and March were the busiest months with buildings being used over 2,000 hours each of these months. September was the slowest month with buildings in use only 295.25 hours.

Monies received for 1970-71 rentals were \$20,420.16. The labor-payroll for the rentals amounted to \$17,837.82, netting \$2,582.34 profit on rentals. There was a carryover of \$548.43 from building rentals as of June 30, 1970 resulting in a plus balance for building rentals of \$3,180.77 as of June 30, 1971.

To Hold Teen Photo Contest

One of the best-known photography awards programs for the encouragement of talented high school students is now under-way for the 1971-1972 school year. The program, conducted annually by Scholastic Magazines, Inc. and sponsored by Eastman Kodak Company, is open to all students in grades 7 through 12 in public, private and parochial schools.

This year specific subject matter categories have been eliminated to allow greater freedom for creativity and imagination. A total of 220 cash awards amounting to \$6,000 will be presented to students winning national honors. Included among cash awards are two special Kodak Awards of \$1,000 and \$500.

These awards will be offered to college-bound seniors demonstrating outstanding photographic ability and high academic standing. In addition to cash awards, gold achievement keys, and certificates of merit, students will have the opportunity to receive a new award—a "Kodak Medalion of Excellence" for the best photograph from each sponsored region.

The work of the national award winners will be exhibited in New York City this spring and will be viewed annually in more than 6,000 museums, libraries and schools through the Eastman Kodak Travel Exhibit.

The Scholastic Photography Awards Program is on the National Association of Secondary School Principals' Advisory List of Contests and Activities for 1971-72. Rules booklets are available on request to Scholastic Photography Awards, 50 West 44th Street, New York, New York 10036.

SISTER ANN CELINE O'HALLAREN, ST. PAUL'S GRADE SCHOOL PRINCIPAL, WITH THREE FRIENDS

By Janet Mueller

She believes in happiness. And discipline. And passion. It's her fourth year in school administration, and she loves the challenge of it, its demand for creativity, the opportunity it offers to help set an atmosphere of initiative.

She believes in mystery. She's a nun. She believes in laying it on the line: "To risk not being understood, being contradicted, challenged... One cannot be satisfied." She's a person.

She does NOT believe in second best. "Let's get to these kids and let's motivate them. Let's answer their needs. I feel that school should be a place of success: Every child can achieve in something."

All children can learn to cope with the daily problems of living. Face it: They've got to.

Another Firm Belief She believes in the happiness that comes with being happy in oneself, the discipline that is self-imposed, one's own conscious choice.

"Students like to be in a place that's happy, and at the same time to be learning the worth of themselves."

She expects a lot from her children. "Our students should read two years ahead of their level. We're completing an SRA (Scientific Research Associates) testing program that should give us a total picture of our school, how our students rank in relation to other students, our weaknesses and our strengths."

She's waiting for that profile but she's not waiting on it. Sister Ann Celine O'Hallaren arrived from Bronxville, N.Y., where she'd been principal of St. Joseph School, (St. Joseph's first through eighth graders read an average of two-and-one-half to three years above grade level), for three years... St. Paul's School opened as usual in September—and things began to MOVE.

Has Two Degrees

Sister Ann Celine, originally from Chicago, earned her Ph.B. in History from Siena Heights College, Adrian, and a Master of Arts, also in History, at De Paul University.

Her postgraduate work includes courses in Economics and Radio and TV at the University of Detroit and courses in Educational Administration at Fordham University. This past summer she participated in a Theology Program at Siena Heights.

She's been a member of the Adrian Dominican Community since 1952. She was a teacher before she became an administrator, spending seven classroom years in Toledo, returning to Detroit to teach at St. Augustine and St. Ambrose—Grosse Pointe is by no means terra incognita—then heading south again to teach in Cleveland, at the high school level.

Sister Also Teaches

She has a sister, Sister Colleen, who is also a member of the Adrian Dominican Community. Sister Colleen taught English at Dominican High School a short while back, (as noted before, Grosse Pointe is

they belong, that they are really a part of their school. I want them to recognize that they all must assume a responsibility with the school.

"I'm very eager to try to establish relationships with the people of the parish. The more I get to know them, the more I can understand their children.

"I'm impatient with myself—that's my biggest problem. I don't know all the children's names yet." But she's working on it.

Sister Ann Celine terms the team she works with "tremendous, very flexible and enthusiastic." She's particularly grateful for the strength of Mrs. Catherine Purvis, the school secretary.

She misses the physical beauty of Westchester County, the hills and little rivers, the up-and-down landscape, but she loves looking at the lake. "I just wish it were the ocean."

Loved New York

She enjoyed everything about New York City. Broadway plays, the Metropolitan Opera, the New York City Ballet, the Metropolitan Museum of Art... she revelled in all the cultural advantages the Big City offers.

One of her great pleasures in Bronxville was reading the New York Times each day. It still is in Grosse Pointe, thanks to a gift subscription that brings the Times with every morning's mail.

Sister Ann Celine loves to read, period. She enjoys swimming and horseback riding. She arrived in The Pointe too late for outdoor lake and pool swimming this year, but she's checking indoor facilities. She's gone riding here just once.

Her Horse Was in Love

"A group of us got up early one Saturday morning—you have to get up early if you want the horses to be fresh—and went out to a local ranch. I had a stupid horse, Gloria, who was in love with another horse, Dan... "I was sore for two days." It was worth it.

So is her job as principal of St. Paul's Elementary School. even though "The day is so full I come home and just sort of collapse."

Sister Ann Celine O'Hallaren believes in her work and in her life.

"I believe deeply in parochial education. IF it responds to the Christian message.

"I believe the essence of community life is life in The Trinity—that we all may be one—that what may be a sign to others of what is already here and what is to come.

"I really BELIEVE, first of all as myself, then as a religious sister."

Committed to Mystery

She's committed to a mystery and, having acquiesced in that commitment, she must work, cannot possibly be complaisant.

"In our own way, we let the Lord use us in His way." She'll take all the help she can get to get the job done, and she'll hope for more. "I wish I had a full-time counselor, trained in elementary students."

She'll experiment and she'll innovate. St. Paul's is starting a school newspaper, a class in sewing, a chess group... "I like to have various activities.

"And I believe in bringing the whole school together periodically, when there's a real reason to celebrate: That's what we do in the Eucharist." She believes in staying open, "hanging loose," and, at the

Harriet Werley... of Hollywood avenue, just named first director of Wayne State University's newly-formed Center for Nursing Research within the WSU College of Nursing... She will assume the duties of Associate Professor of Nursing as well as head of the Center... A retired lieutenant colonel in the United States Army, she developed the Nursing Research Department of the Walter Reed Army Institute... and served as Chief of Nursing Service, Nursing Consultant and Chief Nurse of the U.S. Eighth Army Headquarters in Korea...

Here's how Irwin I. Cohn and Joseph L. Hudson, Jr., co-chairmen of the affair, describe Detroit Edison Company's chairman of the board: "Walker Cisler has been an engineer all his life: An engineer of ideas, of man-to-man relationships between governments and peoples, an engineer of honest friendship between the cultures of the world"...

The Grosse Pointe Woods... Garden Club ladies, who really DO brighten the corner where they are: Asked, early in the summer—by Woods City Administrator Chester E. Petersen—to begin landscaping a plot of ground at Mack and Vernier road, they donated and planted three mountain ash trees and three beds of six pyracantha bushes... The planting is basic, and will be added to at other times...

A Lynn Zwickey... of Colonial court, another "brightener," who extends a personal corner all the way to Colombia and Mexico... For nearly three years Lynn Zwickey has been sponsoring Pedro Leon, a 12-year-old Colombian boy, through the self-help program of Save the Children Federation, the international child welfare organization headquartered in Norwalk, Conn... now there's another Zwickey-sponsored child, Raul, a nine-year-old Mexican... Raul's and Pedro's countries and people have much in common, for both are trying hard to increase the literacy rate so they will have an educated young leadership in the future... In both cases, SCF sponsorship is helping the youngsters stay in school...

Mrs. John C. Jacob... of Bishop road, whose final act before retiring, after 23 years, as president of the Detroit Women's Bowling Association, was to present a check for \$2,500 to the Michigan Cancer Foundation, bringing her group's total contribution to the Foundation to more than \$30,000... Under Lillian Jacob's leadership the DWBA grew from 20,000 members in 1948 to its present membership of approximately 100,000, the largest of any city bowling association in the nation... Of course she's a member of Detroit's Bowling Hall of Fame... The Michigan Cancer Foundation will pay tribute to the Detroit Women Bowlers by hanging the first "Memorial Plaque" in their honor in the new Meyer L. Prentis Cancer Center...
