was a necessary and proper corollary of this principle, and we applaud successes achieved in this area. However, we now hear the cry that we not only may but must look to race in determining the composition of students and faculty in public schools. We submit that this is a step backward, a drastic step, and that genuine social integration (as opposed to integration mandated by courts or legislatures) will never be achieved so long as our law is so construed and so applied. H.J.R. 620 is a necessary corrective to the movement of certain courts in this direction.

"Apart from the invidious long term effect of allowing our social rules to be fixed on the basis of race, it is far from clear that mandatory racial balance in schools will have any beneficial effect. Analyses of the Coleman report have demonstrated (on the basis of data presently available) that educational benefits to disadvantaged children from association with children of more fortunate backgrounds are negligible. The other factors involved, which we may refer to as social benefits as opposed to those which may be measured by customary educational techniques, are harder to define or to balance. It has been argued that children will be more tolerant if exposed to other races at early age; it is just as possible to conclude that this is one of the great myths of our society, that constant exposure to those of other backgrounds is just as likely to generate conflict and permanent antagonism as to alleviate them. It has been argued that neighborhood schools without racial balance must inflict some psychological damage; it is just as reasonable to deduce that education with others of similar cultural background is psychologically healthy for children by reinforcing ties with family and community, and that disruption of such ties will create many more problems than it could reasonably be expected to resolve.

"We accordingly support H.J.R. 620 as applying one of the noblest principles of the American ideal to one major area of activity, and also as blocking an imprudent and futile attempt by some courts to achieve certain ill-defined social goals at a very real and very substantial personal cost to the millions of children involved. "Recognizing that our school are beset by many problems, we have the following suggestions: "First, all communities within the nation must come to realize the enormous complexity of the problem. They must also acknowledge: (1) The educational millennium is not here, and is not imminent, for any of our children, whether disadvantaged or not; (2) It is most unlikely that this millennium will

come one moment earlier because children of different backgrounds or races are put together on a proportionate basis. Indeed, progress is arguably more apt to come through better differentiation of children on the basis of educational level and potential, (but never race), so that the level of instruction is more accurately geared to the needs of each child.

"Second, while the correlation of school resources with academic achievement is far from clear, we nonetheless support efforts by federal and state authorities to encourage and stimulate at least a rough parity of educational expenditures per child. Our motives are twofold: (1) Many schools are not only poor, but actually unable to operate on a full schedule; (2) Major disparities of expenditure, when seen in relation to superior academic achievement, are regarded by those who don't participate in either as cause and effect. Probably more often than not, both are the product of the social and family background of the students, but the feeling that the relationship exists, however mistaken, has undesirable effects on society, albeit more on parents than on children, and we feel it important that society avoid not only the fact, but the appearance, of unequal educational opportunity.

"Finally, we urge the state legislatures and the Congress to direct their attentions and energies on a continuing basis to methods through which equal educational opportunity at the public school level can become a reality rather than an ideal. If later studies show, (contrary to present indications), that disadvantaged students will learn better in association with those not disadvantaged, this could and should be considered as a social policy; the proposed amendment would not bar pupil assignment for such purposes unless based on the discredited and invidious classification of race.

"In summary, we support proposed H.J.R. 620 as an application of the finest American political tradition to a subject of particular concern in which this tradition is threatened with a tragic erosion. We further support continuing efforts by the Congress and by state legislators to find effective methods to provide actual equality of educational opportunity."

Pointers are urged to attend these ceremonies which begin at 11 a.m. The Honor Roll of Pointe men killed in the wars is long. Some 126 men were killed during World War II, 14 in Vietnam and 16 in the Korean conflict.

All local schools have Memorial Day ceremonies. Students of Jean Palazzolo at Monteith Elementary School will conduct a flag raising ceremony this week in observance of the day. Some 660 children will assemble around the flag pole to listen to original poems, patriotic songs and see the flag raised by an honor guard. Poems and songs call attention to the loss of many brave men during great battles in American history and emphasize "a world of peace in the future."

Following the program, grand prize winner, Frank Calcaterra received a choice of a Cadillac, Continental, Imperial, or \$5,000 in cash. As in the past, the net proceeds of the dinner will be donated to Saint John Hospital to aid in expanding its services and facilities. This year the funds will be used to assist in financing the construction of the hospital's new Center for Health Education.

The Saint John Hospital Guild, headed by C. Bradford Lundy, Jr., is an organization of 250 physicians, businessmen, and community leaders dedicated to development of comprehensive health care services for the community at Saint John Hospital. In addition to the stag dinner, the Guild also sponsors the highly successful "Community Health Education" series at the hospital.

by the Massachusetts State Fire Marshal and the Los Angeles Fire Department.

"I don't know if the Massachusetts or Los Angeles laws still apply," Chief Costa said, "since the Massachusetts approval was granted on October 5, 1967, the LA approval I don't know about, but this type of can for holding flammable liquids is illegal in Michigan, and this is the state where it counts.

Reason Unknown
"Plastic, for some unknown reason, can store static electricity for an indefinite period, and when gasoline or other flammables are poured into such a container, the electrical charge releases itself, causing an explosion from the fumes.

"This law in our State applies to plastic containers that are portable and which are being used to hold gasoline, benzine and naphtha, and other liquids that can easily burst into flames. Plastic tanks on mowers, snow blowers, and so on, are not affected by the static electricity, simply because the tanks are grounded," the chief pointed out.

He urged all Park residents, and persons living in the Pointe area, to check and determine if they have flammable liquids in plastic cans, and if they do, then call their local fire officials on how best to transfer the liquid from the plastic to regulation-type containers.

Discontent usually comes from getting everything you want without much of a struggle.

Pictured (left to right) are **WILLIAM PORTER**, Family Life Education Council president; **SISTER RITA MAE**, administrative nurse for the Methadone Withdrawal and the Cyclazocine Blocking-Agent Programs and **MRS. DOROTHY GRIGGS**, assistant administrator of Bon Secours, at FLEC's annual meeting at which time Bon Secours Hospital was presented with a plaque for volunteer efforts in FLEC's drug program and for service to the community.

FLEC recently held its second annual meeting with a standing-room-only attendance, at the Grosse Pointe War Memorial. The audience, divided equally between adults and youth, heard a panel presentation on "Marijuana Today." Panelists included Judge George Bashara, Jr., Max Gardner, M.D., and Al Donnell of Center Point.

The panelists made their presentation based on the "First Report of the National Commission on Marijuana," and on their own professional observations. Al Donnell reported his results of interviews with 75 junior-high and high school students. A spirited discussion period followed the opening statements.

William C. Porter, president, presented a plaque to Bon Secours Hospital in appreciation for service to the community. Since July, 1970, Bon Secours has provided space for the outpatient treatment of adolescent heroin addicts. Bon Secours personnel have also contributed volunteer support. Nurses from the hospital, their husbands, and hospital pharmacists have all volunteered their services. Mrs. Dorothy Griggs, assistant administrator of Bon Secours, who is also a volunteer, accepted the plaque.

Sister Rita Mae is the administrative nurse for the Methadone Withdrawal and the Cyclazocine Blocking-Agent Programs. Recreational activities for the outpatients are sponsored by FLEC.

Newly-elected to serve on FLEC's board of directors was Mrs. Kenneth Adler of Ballantyne road. Mrs. Adler has been active as a probation volunteer under the late Judge McNally, Harper Woods Municipal Judge.

Re-elected to serve on the board were Richard Kay, Kathryn Gannon, Joseph M. Beals, M. D., Herold Deason, Gail Kaess, Sheila Robinson, Alger Shelden, Jr., Frank Sladen, Jr., and Nancy Ulmer.

Officers for the coming years were also announced. They include William Porter, president; Mrs. Paul Rizzo, secretary; Charles Parcels, treasurer; and Mrs. Kay Gannon, assistant-treasurer, all of whom were re-elected.

Elected for the first time were: Dr. Joseph M. Beals, first vice-president; Dr. Jack Williams, second vice-president; and Mrs. James Robinson, II, assistant secretary.

Parcels Holds Spring Concert

The instrumental music department of Parcels Middle School will present its 21st Annual Spring Concert this evening, Thursday, May 25, at 8 o'clock, in the school auditorium.

Three large ensemble groups, with a combined membership of approximately 200 students, will present a program of unforgettable music.

The Chamber Orchestra's 45 musicians will offer "Allemande and Bourée," by G. P. Teleman; an aria from "La Serva de Padrona," by Pergolesi; "Ballet Overture," by Frank, and "Beguine," by Graham.

The 75-member Cadet Band will present Harold Bennett's "Activity March;" Frank Erickson's "Balladair;" "Two Moods," a composition by Clare Brundman and "Dancing Reeds," which features a clarinet quintet with full band accompaniment.

The Concert Band will close the evening with F. E. Biglow's march, "Our Director;" "March for the Prince of Wales," by Joseph Haydn; "Huckleberry Flute," by Frank Coffield, featuring the entire flute section; "Triology," composed by Eric Ostling, and "Love is a Many Splendored Thing," by Sammy Fain and Paul Webster.

GROSSE POINTE SCHOOL BOARD ELECTION — JUNE 12

"THE PEOPLES CHOICE"

FRED ROGERS **EDITH WILSON**

- BUSING:** School taxes should be used solely for education — not for busing, which is a sly trick to steal educational dollars and use them for racial homogenization. Every legal means should be used to prevent busing and to insure that our schools are for the children who live in the community.
- PROPERTY TAX RELIEF:** Property taxes have soared so high they are almost confiscatory, particularly for residents on fixed incomes or with children. Largest portion of property tax is for schools. School funding must be transferred to some more equitable method such as the income tax.
- "FREE-SPENDER" ATTITUDE:** No longer can we afford luxury of "free-spender" attitude to school funds. Budgets must be factual and firmly controlled, with all fat trimmed from each budget item. Inefficient money management is wasteful and robs the student.
- LOCAL CONTROL:** Residents of our school district must retain the responsibility and authority to operate our schools as they see fit to insure the best possible school system.
- QUALITY EDUCATION:** Our good school system could be outstanding with no additional expenditure. Emphasis on the fundamentals in elementary school, early correction of learning problems, curriculum development — not experimentation could improve the quality level.
- REPRESENT ENTIRE COMMUNITY:** Voter unrest, anger and frustration is directed at those School Board members and administrators who they feel are more responsive to the wishes of special interest groups than to the entire community. Fred Rogers and Edith Wilson are responsive to the needs and wishes of the community and will truly reflect them in representing you on the School Board.

FRED E. ROGERS: a Grosse Pointe resident 4 years and lives at 750 Middlesex with his wife, Mary Lee; daughter, Sharon (15) — South High; and Fred II (13) — Pierce Middle School. Fred is General Manager, New York Life Ins. Co., Michigan General Office.

EDITH E. WILSON: a Grosse Pointe resident 16 years and lives with her husband, James at 60 Shoreham. They have two sons; Kenneth (24) who is married and Thomas (19) who is attending Michigan State University. Edith is in real estate at John S. Goodman Co.

'Fuzzy Things' Seen in Lawn

Kenneth A. Schulte, 1447 Berkshire road, made quite a discovery Friday, May 19, while he was cutting his lawn.

Mrs. Schulte contacted the NEWS office to report that her husband saw some "fuzzy things" and wound his lawnmower around the objects. He at first thought they were mice, but, lo and behold, a closer look revealed . . . six baby rabbits.

The bunnies were in a nest believed to be made out of their parents' fur, which was dug into the grass. Mrs. Schulte, who reports no sign of a large rabbit in her yard, said the children have had quite a time watching the tiny mammals.

And who feels that Easter isn't all year 'round . . .

North Plans Senior Prom

"Anticipation" is the theme of the 1972 Grosse Pointe North High School Senior Prom. This final event of the senior year will be held on Tuesday, June 13, at the War Memorial.

The dance will be held in the Crystal Ballroom from 9 p.m. until midnight and features the Dan Yessian Quintet and The Werks.

Refreshments will be served on the first floor of Alger House and are being arranged by the Parent Club sponsors of the senior class, Mr. and Mrs. Charles Woodrury.

Brian Hinz is chairman of entertainment and Linda Fisch is in charge of decorations.

Class officers Patrick Moby, president; Craig Persson, vice-president; Lynne Howell, secretary and Maurine Curran, treasurer, will serve as hosts and hostesses.

Parents of seniors and class sponsor Donald Richards will chaperone.

Seniors will have an opportunity to have their photographs taken by Agadan Studio. For \$4 students may purchase two five-by-seven pictures and four wallet-sized pictures in color.

The prom is a formal affair. Tickets are \$6 per couple.

Tennis Hope

(Continued from Page 1)

Aluminum courts will cost around \$17,000. Aluminum courts are not considered as they are more expensive and noisier, even though a snow removal problem is alleviated by the floor boards being heated.

If two paddle tennis courts prove too expensive, then The Shores might go for one.

"I feel that the interest is such, that there is enough support to have one court operative by the fall," Mr. Beck commented.

At NBD, it's the same low flat closing fee, no matter what size house you buy

At NBD, we have a closing fee that has nothing to do with the size of your mortgage.

Instead, it's one low flat fee. One low flat fee whether you're buying a \$20,000 house. Or a \$100,000 house.

So you might say, the more your mortgage, the more you save at NBD.

Quite possibly save enough to pay for a new chair. A couple of tables. Perhaps even carpet a room.

And when you get your mortgage from NBD, we'll also give you a good estimate of how much your total cost of closing will be—including our fee, insurance, prepaid taxes, everything.

Which means, at NBD, we'll not only save you money on your closing costs. We'll also save you from any unexpected surprises when you sit down to close.

And those are just two of the reasons more people come to us to finance their new home than to any other bank in town. Come see us.

CAR EXPLOSION
The Farms fire department rushed to the corner of Kercheval and Hall place Saturday, May 13, on the report of a car explosion. The firemen found that the fire had extinguished itself, but the '72 Vega's engine was damaged beyond repair. The vehicle belongs to James Gambino, 36776 Harper.

Fire Damages The Old Place

A fire which originated in the ventilation shaft over the kitchen stove, caused extensive damage to the rear ceiling and roof of The Old Place restaurant at Jefferson and Beaconsfield, on Friday, May 19.

Park Fire Chief Phillip Costa said that the fire was inside the ceiling, between the ventilation system and the roof beams, and was confined to that area. Firefighters and equipment from the City and Farms responded to a call for assistance on the first alarm, the chief said.

Firemen were forced to chop several holes within an 18-foot area on the roof, to get at the blaze, the chief said. The flames were brought under control and extinguished within 40 minutes, with the firefighters remaining at the scene another hour to make sure that the fire was completely out.

Chief Costa said that the alarm was called in at about 9 a.m., and there were no patrons in the building at the time. The chef and other kitchen employees were preparing food for the day, when flames were observed coming out of the vent shaft.

He said that the suction from an air shaft drew out any smoke which could have possibly gotten into the dining area. All the damage, he pointed out, was confined to the ceiling and roof. The amount of damage, which was said to be extensive, will have to be determined by insurance adjusters.

The fire failed to discourage business and patrons who arrived on schedule when The Old Place opened during lunch time. Kitchen employees continued their work without interruption.

Honored

SISTER RITA CELESTE was honored on Sunday, May 14, by the sisters of St. Paul's Convent in celebration of her 25th anniversary as a Dominican nun. Her family and friends were invited to a dinner at the convent.

In addition to personal reading, a variety of other activities will be held in each library.

Beginning June 21, Wednesday, Mrs. Sue Neff will repeat her popular "Under The Umbrella" storytime on the front lawn of Branch Library, at 1:00 p.m. On June 22, Thursday, she will begin a "Fun With Books" series, 2:30 p.m.-3:30 p.m. This will be geared to older, more experienced readers.

During July, both Woods Branch and Central Libraries will offer programs. Miss Paula Preuthun will have stories to tell "Under The Library Tree" at the Woods Branch. The first program will be on Wednesday, July 5, at 2:00 p.m.

On Fridays, starting July 7, at 2:00 p.m., young patrons can have fun stretching their imaginations through creative dramatics.

At the Central Library, beginning Wednesday, July 5, at 2:00 p.m., Miss Harriet Helms will help children "Find a Friend in a Book" by means of picture books, stories, and films.

Retarded children in the community will once again use Lakefront Park and the pool on specified dates as The Woods council at the regular meeting Monday, May 1, unanimously granted the request of Reginald Sienkiewicz, director, Department of Pupil Personnel, Grosse Pointe Public School System.

In a letter to Mayor Kenneth McLeod and the council, Mr. Sienkiewicz stated, "The Board of Education has agreed to continue in the summer of 1972 the recreation program for retarded children in our community which was held every summer since 1966."

"Since many of the children to be enrolled in the program are residents of Grosse Pointe Woods," Mr. Sienkiewicz requested that the youngsters use the park and pool facilities from 9:30 a.m. to 12 noon on June 23, 20, and 30; July 7, 10, 14, 17, 21, 24, 28, 31, and August 4, 7, and 11.

Mr. Sienkiewicz closed by saying that parents of children in last summer's program were very appreciative for the city's consideration.

Farms Views Noise Control

By Kathy Duff
Residents in The Farms, joining residents in the other four Pointes, have expressed their concern over the high level of noise pollution generated by power lawnmowers, chain saws and other summer power equipment.

Discussion of a possible noise ordinance was triggered in a recent Farms Council meeting by a letter from Farms resident Elizabeth W. Prewitt, who pressed for the adoption of a city ordinance to regulate noise.

Mrs. Prewitt suggested that the use of power equipment be limited to certain times of the week, such as 9 a.m. to 5 p.m. weekdays, 9 a.m. to 12 noon Saturdays, and that it be illegal to run power equipment on Sunday.

"Power appliances are making our outdoor activities and entertaining most unpleasant. All too often I have had to move guests inside and close the doors . . . to muffle noises which make conversation impossible," she wrote in her letter.

City Manager Andrew Bremer stressed how it would be difficult to establish hours for the use of power equipment as many Farms residents are "do-it-yourselfers" who work on weekends or after work.

The city manager also mentioned that The Farms has two ordinances which govern noise: the Nuisance Ordinance No. 60 which states that it is unlawful "to make a commotion or unnecessarily loud noises . . . in any public or private place in the city . . . whereby the peace or good order of the neighborhood is disturbed"; and the General Offenses Ordinance No. 185 which prohibits any "loud and unnecessary noises."

Farms City Attorney George McKean added that both ordinances were enforced only if there was a complaint, that the ordinances did nothing on levels of noise pollution per se.

After a short discussion, the council members decided that any city ordinance governing levels of noise would be virtually unenforceable due to the many types of noises, varying from air conditioning units to power equipment.

However, the councilmen agreed that it was an appropriate subject of state and federal legislation, and several of the members said they would write their congressmen urging proper legislation.

Mr. Bremer said The Farms has investigated every past noise complaint and that it would continue the policy especially when a complaint was lodged against un-muffled equipment.

In closing the discussion, Farms Mayor William Butler hoped that residents would be considerate in their use of power equipment and he promised that city officials "would keep their ears open" for any enforceable city legislation to control noise levels.

Park Honored By Girl Scouts

Park Mayor Matthew Patterson stepped down from the podium in the city council chambers on Monday, May 15, to personally accept a banner from Girl Scout Troop No. 886, St. Clare de Montefalco Church. The banner bore the legend, "City of Grosse Pointe Park" at the top, and at the bottom, the word "Thanks."

The presentation was made by Cadet Judy Richard, flanked by Cadets Kathy Miller and Cindy Wilmoth. Cadet Richard, in a brief speech, offered the flag in behalf of the troop.

Mayor Patterson, in accepting the banner, thanked the girls and the troop for the "wonderful presentation, which I accept in behalf of the city council and the people of Grosse Pointe Park."

Watching the ceremony besides troop members, was Mrs. Peter (Marie) Nowosielski of Berkshire road, scout leader, who was introduced to the mayor and council, and 12 mothers who accompanied their daughters to the city hall.

The banner, made by the girls, under the supervision of Mrs. Richard (Sue) Benoit of Yorkshire road, was placed near the entrance of the municipal building immediately following the conclusion of the council meeting.

The girls worked on the project for several weeks. The banner has a number of figure images, representing various departments, sewed on a burlap background.

There is a pool representing the Park and Recreation Department; a star for the Police Department; helmet and ax for the Fire Department; trees for the trees growing in the city; a rubbish truck representing the Department of Public Works; a spigot with water drops, for the Water Department; a school traffic light for the Traffic Safety Department; a cash register for the treasurer's and city comptroller's offices, and even a gavel and figure of a mayor, to illustrate the governing body of the city.

Mrs. Nowosielski said that the Cadets, a rank equal to Eagles of the Boy Scouts, and several other members of the troop, worked on the project to earn citizenship merit badges.

In a race there are two things you can count on. The unexpected and the unpredictable. So the car must respond with an almost animal quickness and sureness.

Speed alone is not enough. Every part of the car must possess the utmost in reliability. For Porsche, racing is the ultimate test of that.

We use the classic courses and tracks of the world as our research laboratories. They are the proving and improving grounds for

established ideas. And the headquarters of inspiration for new ones.

It is not incidental that we have been the world's champions for the last 3 years in a row.

The more we race, the more features we prove. And only when something has passed the test of

the track does it ever show up on a car for the street.

Everything we've learned goes into the Mid-Engine Porsche 914 and the Porsche 911.

At Porsche we do not race to make a name; we race to build a car.

Guilty Driver Plans Appeal

Foster J. Braun of 927 Lakepoint, accused of careless driving, was found guilty on Wednesday, May 10, and assessed a fine and court costs of \$50 by Park Municipal Judge William E. Speer. Braun asked for and was granted the right to appeal the conviction to Circuit Court and posted a \$50 appeal bond.

Braun was injured with the March 2 charging of Park Patrolman Ralph Moore, who while directing traffic at Jefferson and Audubon, grabbed an 11-year-old girl from the path of Braund's oncoming car, shielding her with his body.

The officer and the girl, daughter of Mr. and Mrs. Francis J. Feola of 904 Grand Marais, were knocked to the pavement. The girl suffered abrasions of the knees, and the patrolman suffered neck, shoulder and back injuries. Moore returned to duty on April 26.

Moore was given a citation by Mayor Matthew Patterson, in the presence of the members of the city council on Monday, May 8, in the audience to witness the presentation was the young girl, Sharron, her parents and other members of the family.

On the March date, Moore had stopped east and west traffic on Jefferson, at the Audubon intersection to allow school children to cross the avenue. Braun, traveling near the east curb lane, apparently failed to see the children.

Moore jumped into the path of the auto, grabbed the girl and took the brunt of the impact. His heroic action saved the child from possible serious injury or death, according to Police Chief Gerard Kesteloot, who recommended the citation, and who was at Moore's side when the officer received the citation.

Club Cyclists In Marathon

Sunburn, saddle sores, and satisfaction were the result of the 3,000 miles the Neighborhood Club cyclists covered during the 24 hour Pepsi-Cola Bicycle Marathon at Belle Isle last weekend. All 21 club members who registered for this event were awarded a patch for completing at least 25 miles.

Two riders Wolfran Meingast and Ron Burdzinski qualified for the 300 mile trophy.

Eleven members received the 200 mile patch: Barb Hintzen, Martha Kennedy, Dick Benoit, Mike Dowdy, Dave Duffield, Beth Evans, Becky Forbes, Ken Gore, Colleen Kelly, Lornie McCormick-Goodhart, and Diane Zeden.

Dave Gylls pedaled 100 miles and patches for 50 miles in 4 hours were given to Kris Klemann, Carol Checki, Jeff Clarke, John Bruce, Bill Yaklin, and Fred Gillespie.

Pit stop supervisor, Owen Snyder, even found time to squeeze in 25 miles in two hours.

This rapidly expanding bike event attracted over 3,000 riders making it the largest cycling event in the world. In order to partially communicate the excellence of the club's performance, imagine Wolfran's 60 trips around Belle Isle with less than 3 hours sleep, or Martha Kennedy and Barb Hintzen riding 200 miles in less than 18 hours had to observe the 10 p.m. to 4 a.m. curfew.

Then picture yourself riding over 100 miles in the heat on Saturday returning home late that night and rising at 4:30 a.m. to go back and ride another 50-75 miles as Mr. Benoit, Beth, Lornie, Diane and Colleen did. Finally imagine the satisfaction of seeing these young people work together and help one another accomplish their mileage goal.

"WE CAN'T BELIEVE WE RODE THE WHOLE THING."

NC Bowlers End Season

The Neighborhood Club wishes to make a correction regarding the Bowling League Champions. We inadvertently listed Team I as having won the championship; however, Team II really acquired that distinction by having averaged the highest team scores.

Members of the championship team presented individual trophies are: Steve Armstrong, Kathy Moustakas, Maria Kordas and Jerome Schulte.

Steve Armstrong rolled the high score game of 225.

The Bowling League will resume activities next fall. Registrations will be taken in September.

Woods Nixes City Request

The focus was on recreation and redevelopment at one point at The Woods regular council meeting Monday, May 15, as one item on the agenda was a request for the financial contribution from The Woods to assist in the redevelopment of Elworthy field.

In a letter to Woods Mayor Kenneth McLeod and the council, William L. Hurley, chairman of the Elworthy Field Improvement Committee, and City Mayor John L. King, asked that The Woods "give serious consideration to making a financial contribution to the capital redevelopment and improvement" of the field. The City is coordinating the redevelopment of Elworthy.

However, at this particular time The Woods council felt it couldn't help in the development. Councilman Marvin R. Bohn suggested that City Administrator Chester E. Peters direct a communication to the committee that "We have our own recreation problems that we fund annually, and it's too far removed to be of direct benefit to our residents."

St. John Honors 293 Employees

Two hundred ninety-three employees of Saint John Hospital with a combined total of 2,220 years of service were honored at the hospital's recent annual employee awards banquet attended by 450 employees, hospital officers, doctors, and family members.

This year, for the first time, 20-year service award pins were presented to 15 employees, coinciding with the 20th anniversary of the hospital's official opening on May 15, 1972.

On hand for these opening ceremonies 20 years ago was the hospital's laundry coordinator, Irene Lucas, who joined the staff on April 18 of that year. "It doesn't seem possible, she said, "that 20 years have passed so quickly. I remember clearly how all of us pitched in to have everything ready when the first patient arrived."

"Mother Aileen, our administrator, and the other sisters were wearing their blue and white pinafores and pitched right in with the rest of us with the mops, brooms, and dust rags to make sure the hospital was spotless for the opening. We were as excited about the opening as a bunch of children at a birthday party," she concluded.

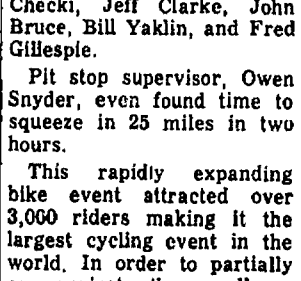

Joining Irene Lucas in receiving 20 year service award pins were: Laverne Brown, Anna Cresswell, Alice DeLodder, Virginia Gualdoni, Genevieve Karle, Marjorie Logan, Celina Mertens, Maureen Neuens, Elizabeth Rosu, George Schalz, Mary Jane Shifflett, Gasper Spinella, Anna Toger and Kathryn Vann.

Honored for 15 years of service were Anna Blaszkiewicz, Frances Carrier, Esther Cresswell, Alma Davis, Josephine DeCarlo, Grace DiGiovanni, Juanita Dowell, Hazel Dunn, Algie Flaviani, Mary Foster, Martha Gruca, Lillian Hardy, Vincent Jezek, Cecelia Kays, Ann Kidd and Louise Mason. More were Willie Mae Plett, Margie Poppa, Justine Ranger, Stephen Roman, Elizabeth Rudnicki, Helen Slovak, Ella Marilyn Smedley, Valeria Tyszkiewicz, Marie Viol, Stephanian Williams, Irene Wroblewski, Mary Zanley, and Elvira Zerfa.

Also honored were more than 200 employees with service records of 10 and five years.

If you were going to design a lawn mower, where would you put the grass catcher?

On the right side, so it bumps into whatever's sticking up on your right? On the left side, so it does the same there?

The fact is, most grass bags are afterthoughts. They stick out to one side. They simply weren't designed to be a part of the mower.

The Snapper V21 or 18 has its grass bag between the handles. You can close trim on both sides, and vacuum your lawn of pine straw, leaves and light litter while you're mowing. We made the grass bag extra large, too. For less emptying.

In fact, all the good things about Snapper V21 or 18 are logical. The result of sound design and planning by people who make lawn equipment and only lawn equipment. Not afterthoughts.

Farms Drops Curb Paring

Bicyclists on Lake Shore road will continue to face a bumpy, if not rocky, road in The Farms as the administration recently decided that it was too expensive to pare down the sidewalk curbs at street intersections.

In an April meeting of the Farms Council, one trustee asked City Manager Andrew Bremer to estimate the cost of breaking down the curbs. The request was prompted by cyclists inconvenienced by having to get off their bikes at the numerous street intersections on Lake Shore road. The portion of Lake Shore road in The Shores does have sidewalks sloping down to the road at the less traveled intersections.

The city manager presented the cost estimates at the last Farms council meeting. Over 330 lineal feet of curb would have to be removed and 1,300 square feet of sidewalk replaced, resulting in a cost of \$3,092.

The sidewalks leading to main Farms streets, such as Moran, Kerby and Moross, would not be adjusted as bicyclists should stop before crossing the intersection.

The Farms councilmen, on the recommendation of their city manager, decided that the adjustment was too expensive.

Two Awards Presented At Meeting in Woods

By Roger A. Waha
It was awards night at The Woods' regular council meeting Monday, May 15, as City Comptroller-Assessor Frederick G. Hornfisher received a supplemental certificate of conformance award for the city's annual financial report and the city's water department received a letter of commendation from the president of the American Water Works Association.

The Woods is reported to be in the first city in the State to receive a supplemental certificate of conformance award for its annual financial report as based upon new standards for such reports. The award, which was for the fiscal year 1970-71 report, is from the Municipal Finance Officer's Association of the United States and Canada. This certificate is a supplemental one to the city's first award in 1958.

In presenting the award to Mr. Hornfisher, John

Fonger, Michigan chairman of the Municipal Finance Officer's Association, said, "This award is a distinct honor to the city of Grosse Pointe Woods and to your comptroller, Mr. Hornfisher." He mentioned that since 1945, only 301 certificates of conformance and 27 supplemental certificates have been awarded by the Municipal Finance Officer's Association.

Mayor Kenneth McLeod presented the letter of commendation to James Clement, superintendent of sanitation, a division of the Department of Public Works, who was "pinch hitting" for department director Anthony Guaresimo.

In his letter, president Charles A. Black said, "According to our records your employees worked during the entire year 1971 without a disabling injury accident. On behalf of the Officers and Board of Directors of AWWA, I want . . . to commend you on this perfect record."

"The Section officers and safety chairman join me in congratulating you and your employees on attaining a zero disabling injury frequency rate." Mr. Black added, "Your achievement in 1971 not only benefits your utility, but assists in improving the industry-wide record."

City Administrator Chester E. Petersen noted that this was the fourth straight year that the water division has gained this recognition. "We not only have a good traffic safety record in The Woods but we also have a good work safety record," he said.

Shores Begins Contract Talks

By Kathy Duff
The Shores began contract negotiations with representatives of its Department of Public Works union on Monday, May 22.

Village Superintendent Thomas K. Jeffers said that the negotiations will probably stretch over three weeks, with village officials meeting with union representatives once a week. William W. Killebrew, village attorney, will represent the village.

The D.P.W. union was formed four years ago and has entered two two-year contracts with The Shores. Its current contract will expire June 30.

According to Mr. Jeffers, two of the union requests are increases in the yearly bonuses, (based on tenure), paid to employees and additional days-off.

The Shores is also faced with upcoming negotiations with the recently-formed Shores Public Safety Association.

The association was voted into existence Tuesday, April 11, when the patrolmen voted nine to one in favor of forming an association. There were 12 patrolmen eligible to vote.

In the upcoming P.S.A. negotiations, John Mazur will represent the association as it meets with village officials to write a contract.

Council Okays Park Festival

A permit to allow Kercheval-in-The Park merchants to hold a gala American Festival, featuring ethnic groups, ethnic foods, arts, crafts, antiques and hobbies, was approved by the Park council on Monday, May 15. The festival is scheduled for Friday and Saturday, June 9 and 10.

Present at the council meeting to request a permit for the event, were Julian Shorek, president of the Kercheval-in-The Park Business and Professional Association, and Richard Quello, chairman for the coming festivities.

Shorek informed the council that the Association has drawn up papers of incorporation, which have been approved, making the group a non-profit organization. All proceeds from the exhibits, which will be set up in front of the stores, from Nottingham to Alter road in Detroit, will go to the charities of the respective ethnic groups and churches represented.

The two Association officials told the council that section of Kercheval merchants west of Wayburn to Alter road, have already received permission from Detroit Common Council to participate in the activity.

Shorek and Quello said that in actuality, the festival is being promoted to improve and increase business in their three-block business district.

Lucido Given Prison Term

Jack Anthony Lucido, age 38, 2008 Van Antwerp, was sentenced May 17 by Federal Judge Cornelia Kennedy to two years in federal prison for using multiple interstate facilities in furtherance of his bookmaking activity.

All but six months of the two-year sentence was suspended. Execution of this sentence is temporarily delayed pending appeal until May 30.

Lucido was found guilty on March 17 after a two-week trial, which was prosecuted by Justice Department Attorney Haskell Shelton of the Detroit Organized Crime Strike Force.

Lucido is allegedly one of the kingpins in Detroit's organized gambling syndicate. The investigation was conducted by agents of the Internal Revenue Service.

Thief Enters Moran House

An observant neighbor contacted Farms police Wednesday afternoon, May 17, to report a strange youth in the area of 423 Moran road.

Farms police reported to the address and found damage to the lock area of the front door. The rear door was also unlocked, and areas of the house appeared ransacked.

When one of the residents returned home, Joan Goodrich, she reported a diamond pinky ring and a pearl necklace missing from a bedroom dresser.

Checking the neighborhood, only the one neighbor saw the thief. The thief was described as a white male, between 20- and 25-years-old, about 5 feet 6 inches tall.

The investigation has been turned over to Farms detectives.

Vandals Hit Student Cars

Driver education instructor Dean Balcrick contacted Farms Police on Monday, May 15, to report damage of two driver training vehicles in the parking lot of South High School. Damaged are a '72 Oldsmobile station wagon and a '72 Dodge. Someone ripped out all the wiring under the Oldsmobile's hood and stole the oil filter cap. The air was let out of the rear tires of the Dodge vehicle. The vandalism, which amounts to a \$75 loss, occurred over the May 13-14 weekend.

Protest Raised by Dog Owner

By Kathy Duff
"It is a city's responsibility to make new residents aware of those laws which directly affect them," Mrs. Eric Seeley informed the Farms Council at a recent meeting as she protested the Farms Animal Regulation Ordinance passed last year.

She explained to the council members how her family had recently bought a house in Merriweather road and how they had spent over \$680 to fence in their backyard for their dog and two puppies. Only after the fence had been installed (with the neighbors' consent and with the Seeleys paying for the fence), had one neighbor mentioned the Animal Ordinance.

When the Seeleys approached the neighbor to sign the permission which would allow the family to keep their dog and two puppies, the neighbor refused to sign and later called the Farms police to report a law violation.

What Mrs. Seeley was protesting is that there was almost no way her family could have known of the Farms ordinance which states that a house can have only two dogs.

She said that her parents, (Pointe residents), the real estate agent, the Farms city manager, and two Farms policemen who once came to the house, never mentioned the ordinance when the dog and two puppies were discussed.

"I feel that the city has an obligation to its citizenry to let them know of an ordinance that can directly affect a cross section of the residents," Mrs. Seeley stressed.

She also questioned the validity of having all adjoining residents sign a permission form when only a two-thirds majority is needed in legislative bodies.

Farms City Manager Andrew Bremer said that he thought the Welcome Wagon could provide the service; however, Councilwoman Nancy Waugaman suggested that The Farms assume the responsibility by writing an informational pamphlet.

"That would amount to at least five pages," City Controller Carrol Lock protested in estimating the amount of work required to produce the pamphlet.

Councilman James Dingeman also voiced some reservations by saying that it was a resident's responsibility to become aware of the laws which affect him, that a city should not assume the administrative burden.

"There are over a half mil-

lion laws which affect each person," Mr. Dingeman cautioned.

However, Mrs. Waugaman continued to press for the publication of a short informational pamphlet, and Councilman James Mast seconded her view by saying that "in the spirit of friendliness" the city should write the booklet.

Mr. Bremer said that he would contact the ICMA (International City Managers Association), to secure information on whether any other cities have written such a pamphlet.

In a short interview with Mr. Bremer after the regular council meeting, he said that he had contacted the ICMA and that it was not aware of any community taking such action. The association said that it would notify Mr. Bremer if it found any suitable examples.

So for the present, it remains the responsibility of the resident to learn the city ordinances which govern his and his family's lifestyle. As the Seeleys have learned, in regard to the animal regulations, a city ordinance's bite is as bad as its bark.

Senseless Vandalism

"Oh, say does that Star Spangled Banner yet wave . . ." No, at least not on the rooftop of Mr. Q Travel, 19517 Mack avenue.

It's a pathetic tale. Mr. Quarters, owner of Mr. Q Travel, recently installed five flagpoles on the rooftop of his building. He also installed special lighting which illuminated the flags at night. Old Glory flew high above the flags of England, Belgium, France and Canada, until last Friday night when thieves, vandals, pranksters, call them what you will, climbed onto the roof, shinned up the flagpoles, cut the ropes, then fled with the flags.

The theft takes on a special significance since it occurred just prior to Memorial Day. What kind of person commits such an act? And why? These are imponderables. But those of us in the community who appreciate efforts of men like Mr. Quarters can't help but feel sadness over this type of senseless act. It is our sincere hope that the thief remembers each time he looks at that American flag just what it stands for, and that he ask himself if he has the right to enjoy the privileges that standard guarantees.

Letters to the Editor

To the Editor:

One of the greatest events I have attended in my eight years in Grosse Pointe was the recent pet show on the War Memorial lawn. This event was put on by our kids for kids, (of all ages), and what a wonderful job they did! Who could say what was the cutest—the kittens looking for new homes or the little girls, like modern-day Molly Pitchers, supplying cool drinking water to the animals. As I drove home I looked

at the rear of our station wagon at our "adopted" next to our German Shepherd, while our two boys, their two gerbils, our neighbor and his Box constrictor shared the back. I couldn't help but think that if only we adults got along together as well as our kids and their animal friends, wouldn't it be a wonderful world?

Sincerely,
 Mrs. Richard D. Williams

"Our Fourth Generation of Florists"

What Goes On at Your Library

By Virginia Leonard

Several weeks ago I wrote a column, the material being culled from two articles appearing in the NEW YORK TIMES BOOK REVIEW Section. One article was written by Barbara Tuchman; both were pleas to find some way to save the New York City Public Library.

Now I find, in the April 2 issue of the same newspaper, more "words" on the subject, written by the well-known James Thomas Flexner. The section is entitled: "The Guest Word."

Mr. Flexner starts out by saying that at the very heart of that American dream which has created all that is most admirable in our society lies education. Then he asks: "Does education mean only taking courses?"

He takes issue with Barbara Tuchman who implied that self-education was perhaps "obsolete." "But surely self-education, once universally recognized as basic to the American spirit, remains basic to all learning." "Every time a person—student, professor or whoever—reaches out for a personal conclusion or a new idea, he is engaged in self-education. The young today speak of 'doing your own thing.' In the arena of knowledge, the most universal and flexible tool for doing your own thing is a library."

Mr. Flexner wonders why the government should regard sending people to school or even to college as so important that the opportunity should be furnished free by the state, and yet allow libraries to languish? He finds it hard to believe that this generation could have reached a mean-spirited point where it regards education merely as a means of gaining social status and obtaining a job. Education, he says, should be much more than that. It should be an expansion of the mind; schools are tools of major importance for this endeavor, but at the very core are libraries.

And after formal education, which usually ceases by the age of 22 or before—what then? Few can afford to have a formal ever-continuous education, or buy all the books they wish to read. We are gaining more and

more leisure in our jobs — why not use some of it to continue our education on our own? And what better place than in the library?

Much of Mr. Flexner's article pertains specifically to the New York Public Library, but what he has to say, in part, could apply to any library. Think of the underprivileged children—and adults—who find the library a quiet Mecca in which to read, browse, learn. Would-be inventors are there concocting schemes—who is to say which will succeed? Writers come to libraries to check facts, garner new ideas, meditate, compare, read certain authors. Perhaps some of these will become famous—and they all have a message.

"We who frequent the library seem to hear the beating of the vast heart—tolerant, compassionate, appreciative, wildly exciting—of a nation dedicated to liberty and conceived on the principle that all men are created equal."

And so we still have a free public library—one of the most democratic institutions. A place where everyone, rich or poor, old or young, may go and profit. "At a meeting of the New York State Council on the Arts, it was pointed out that if all other education institutions in the state were destroyed, they could (except museums) be re-created from the New York Public Library. But if the Public Library were destroyed, all other institutions combined could not re-create it." That to me is a tremendous and sobering thought.

Thus, every community, large or small, needs a library. The brouhaha that has been raised over the plight of the New York City Public Library, and the reaction of prominent people, certainly show how important a public library is. I am impressed and warmed by these exchanges of ideas that have been appearing in the NEW YORK TIMES BOOK REVIEW Section.

It's Opera Week in Detroit next week, with the Metropolitan Opera Company coming to town to light up the Masonic Temple Auditorium beginning Monday evening.

And, according to Mrs. Joseph A. Vance, Jr., of South Deeplands road, general chairman of the 1972 Spring Opera Season, the performances are only part of Detroit's Opera Week festivities.

The major part, to be sure... but let's not overlook the "background music," a series of social galas planned to pay tribute to Metropolitan executives and artists, and to the members of the Detroit Grand Opera Association, which sponsors the Met's annual visit here.

Highlighting the Social Agenda is the invitational afterglow supper-dance at the Detroit Institute of Arts following the opening night performance of "Otello." Mr. and Mrs. Charles L. Wilson, Jr., are chairmen, the Lynn A. Townsends, honorary chairmen, of this.

We told you last week all about "Supper With The Stars," Opera Week in Detroit's traditional curtain-raiser, scheduled for Sunday evening at our own Grosse Pointe War Memorial. We mentioned that Donald M. D. Thurber, of Rathbone place, vice-president of the Detroit Grand Opera Association, would moderate a panel featuring the Met's assistant manager, Francis Robinson, plus Teresa Zylis-Gara, soprano, James McCracken, tenor, and Sherrill Milnes, baritone... and that Mr. and Mrs. Victor Wertz, of Fair Acres drive, would entertain the panelists and Opera Association leaders at cocktails, at home, before the Supper.

Putting it all together for the 1971-72 school year, Grosse Pointe South High School's Mothers Club will host its annual luncheon next Wednesday, May 31, at the Grosse Pointe War Memorial.

This is the occasion when talented students take over the post-luncheon entertainment, treating mothers to a parade of their offspring's accomplishments.

There'll be fashions modeled by deft student seamstresses, musical treats from the Choraleers and Towerbellies, and a fabulous display courtesy of Fine Arts and Industrial Arts majors.

It's an "everything" party. There will be greetings from outgoing president Mrs. Charles R. Beltz, and a welcome from the new head, Mrs. Albert C. Dickson, Jr.

Mrs. Frank Brumley, in charge of table decorations, has ordered violets and ivy for the centerpiece. Others on chairman Mrs. J. Ross Bush's committee are Mrs. Douglas D. Smith, Mrs. Barry Cornwith and Mrs. Joanne Semmler.

Present and future members of the Mothers Club board will be entertained Monday, June 5, at the Beltz home for luncheon, with portfolios changing hands and each chairman explaining her duties to her successor.

The Commencement Party, following South High graduation ceremonies Wednesday evening, June 14, is the final event on the Mothers Club calendar. Mrs. Thomas J. Maurer serves as chairman of this casino-dance-buffet festivity for graduates and their guests.

Miss Everett Bride Of Mr. Argersinger

Dr. and Mrs. Robert Carlyle Everett Entertain at Reception in their Woodland Shore Drive Home Following their Daughter's Wedding

Vacationing in Bermuda are Mr. and Mrs. Wilbur William Argersinger, who will make their home in Ann Arbor while he completes his studies in the School of Engineering at the University of Michigan.

Mrs. Argersinger, the former Christine Everett, daughter of Dr. and Mrs. Robert Carlyle Everett, of Woodland Shore drive, recently received her Bachelor of Science degree in Dental Hygiene from the University of Michigan.

The Argersingers were married last Saturday, May 20, in Grosse Pointe Memorial Church. Dr. and Mrs. Everett entertained at a reception in their home following the 5 o'clock ceremony, at which The Reverend Ray H. Kiely presided.

The bride wore her mother's long-sleeved wedding gown of slippery satin. Seed pearl embroidery outlined the sweetheart neckline and marks the waist, from which the skirt falls into a long train.

A wide pearl-embroidered headband held the former Miss Everett's elbow length illusion veil, and she wore a strand of pearls, her father's gift.

Her bouquet of white Sweetheart roses and baby's-breath was tied with ivy.

Her attendants, in floor length, semi-fitted frocks of pale lavender, self-ruching and accenting their necklines, were honor matrons. Mrs. Edward Scruby, Argersinger and bridesmaids Mary

Blakeslee, Paula Eberly, of St. Joseph, Mrs. Fredrick D. Ziegel, the bridegroom's sister, of Ypsilanti, and Mrs. Allen Krzysynski, of Ann Arbor. Ivy tied their small bouquets of lavender pom-poms and baby's-breath.

Charles F. Argersinger acted as best man for his brother. They are the sons of Mr. and Mrs. Edward Miller Argersinger, of Hunting Valley road, Ann Arbor.

Ushering were Edward S. Argersinger, another brother, Robert A. and James A. Everett, the bride's brothers, and James Dailey, of Ann Arbor.

The bride's mother wore an Estevez gown of emerald chiffon, the bridegroom's mother a Dior gown of re-embroidered pale aqua lace. Both pinned orchids to their purses.

Out-of-town guests included the bride's grandparents, Mr. and Mrs. H. A. Everett, formerly of Lothrop road, now of Arcadia, Calif. Dr. and Mrs. Marcus J. Everett, also former Pointers, and their four sons came from Peoria, Ill., for the wedding.

Their niece/cousin, and Argersinger's brother-in-law, and sister, Mr. and Mrs. Edward Scruby, Argersinger and bridesmaids Mary Newport Beach, Calif.

Mrs. Wilbur Argersinger

In Grosse Pointe Memorial Church late Saturday afternoon, May 20, CHRISTINE EVERETT, daughter of Dr. and Mrs. Robert Carlyle Everett, of Woodland Shore drive, was married to Mr. Argersinger, son of the Edward Miller Argersingers, of Ann Arbor.

"THE PEOPLES CHOICE" SPEAK OUT ON BUSING
School taxes should be used solely for education—not for forced busing. Busing is a pious fraud and a cunning trick to steal our school dollars and use them for racial homogenization. This drain of funds can only lead to a lower educational level. Education is the only reason for our schools—not racial balance. We pay school taxes to build and operate our schools for the education of our children. With busing our children would be denied the use of these schools, while those from outside the school district would have free use of them. Every legal means should be taken to prevent busing and insure that our schools are for children who live in our community.

GROSSE POINTE SCHOOL BOARD ELECTION

JUNE 12

"FREE-SPENDER" POLICY WITH SCHOOL FINANCES MUST BE STOPPED!

We can no longer afford the luxury of "free-spender" attitude to school funds. Careless and expensive habits must be broken. We do this in our personal lives when we control our desire for a prime steak and order hamburger. Hamburger is less costly and just as nutritional. Budgets must be factual and budget control must be firm. Each expense item must be examined critically. Can it be eliminated? Can it be reduced? All fat must be trimmed from each budget item. Inefficient money management is wasteful and robs the student educationally.

G. P. CITY

In The City major leagues the Cubs, although outlived by the Cardinals, put together 14 walks with timely hitting to record a 6-2 win Tuesday. May 16. Tom Temrowski hit a triple and a single for the winners. A single by Tom Borland and two by winning pitcher John Fitzgerald rounded out the Cub attack.

Cardinal catcher Paul Maghiese banded out a home run, while starting pitcher Dan Gorenflo collected two hits and reliever Brian McCann, one. Glen Hackmann, Mike Bevier and Matt Stanczyk also hit safely for the Cardinals.

On the same day in the minors the Giants won their third straight game behind the four-hit pitching of John Doerer, who struck out 16 batters in the 8-4 win over the Tigers.

Nine Giants hit safely: Kent Forrester and Tom Campbell with triples, and Doerer, Forrester, Ross Murray, Don Dittmars, Todd Rowe, Wayne Onstwedder, and Jeb Lipson with singles.

The Tiger scores came on a three-run homer by Tim Mallon and a solo homer by Bill Louth. Dan Sullivan and Dave Kienle picked up singles for the losers.

Portland still leads the Farms AAA league by a slight half-game over second place Newark and third place Phoenix. Portland's record stands at 5-1, with one game remaining. Newark is 4-1 with two games left. Phoenix at 5-2 has completed its first half games. Louisville follows in fourth place at 3-3; Hawaii, 2-3; Sacramento and Denver, 2-4, and Hollywood, 1-6.

Newark smothered Hollywood, 12-6, Monday, May 15. Paul Van Osdol got the win in relief of Steve Fisher, who was injured in the second inning. Greg Dettloff hit a round tripper for Newark.

Phoenix upset Portland 9-8, Tuesday, May 16, as Brian Hogan won his fourth straight game. He helped his own cause with a three-run homer in the fourth inning.

Louisville edged Hawaii in an extra inning game, 3-2, Wednesday, May 17. The pitching couldn't have been better as the score was deadlocked 2-2 after six innings. Doug Knott homered in the top of the sixth for Louisville only to have Hawaii's Glen Williams hit one in the bottom of the sixth to tie it. Brad Bennett hit what would have been a homer in the seventh, but he missed third and had to go back and settle for a triple. He scored shortly after on a passed ball with what proved to be the winning run.

Led by another fine pitching performance by Steve Stanitzke, Sacramento wiped out Denver, 15-5, Thursday, May 18. Steve struck out eleven Denver batters and was backed with homers by Bill Mackey and Dan Wilberding.

Portland demolished Hollywood, 19-7, Saturday, May 20, as Gary Gorenflo threw

a one-hitter. Mike Rieves hit two doubles as did Tom Martindale.

Phoenix defeated Sacramento, 11-7, on Saturday behind the strong pitching of Frank Jensen.

Denver upset Louisville, 7-3, in another seven inning contest on Saturday. Doug Knott homered for Louisville and Tom White tripled and homered for Denver.

Buffalo, (6-0), clinched top spot for the first round in Farms Class "C" division action. They trounced Toledo, (2-4), 14-3, Tuesday, May 16, and dumped Columbus, (3-3), 4-1, Saturday, May 20. Stu Cammett was the "Columbus Game" hero as he pitched the entire contest and socked a grand-slam homer.

Albany, (3-3), had a good week starting off with a 12-3 win over Syracuse, (1-5), Monday, May 15. Pat Ranger, the winning pitcher, smacked three hits as did Burr Bueli. Greg Lapinski fanned 15 as Albany routed Miami, (1-5), 15-2, on Saturday.

Toledo picked up two wins this week. They came from behind to edge Syracuse, 5-4, Thursday, May 18. Then on Saturday Toledo upset Rochester, (4-2), 6-2, behind the pitching of John Vens and Erwin Yee. Vens also homered.

In other games, Columbus defeated Richmond, (4-2), by a 3-2 score behind Mike Mahon's hurling Wednesday, May 17. Richmond then bounced back to trounce Syracuse, 14-0, on Saturday. Gary Knight was the winning pitcher. And Rochester rolled over Miami, 15-1, behind winning hurler Rex Ciavola.

As The Park Little League ended its second week of action, the Pirates, Hawaii and Northwestern moved into sole possession of first place in their respective leagues.

In National League majors play the Pirates, (4-1), continue in top spot as they shelled the Giants, 8-3, Monday, May 15, and the Cards, 16-2, Wednesday, May 17. Tony Abraham hit his fourth homer of the year against the Giants, while Jim Parsons homered against the Cards.

The Giants, (3-2), salvaged one game during the week, a 6-5 win over the Redlegs. Don Venderbush's sacrifice fly knocked in the winning run. The Reds, (3-2), scored an 8-6 win over the Braves on Monday before losing on Wednesday.

The Cards, (2-3), won an eight inning thriller over the Dodgers, 4-3, on Monday. Bob Beebe hit a three-run homer in the game. The Braves, (2-3), failed to win this week and dropped to fifth when the Dodgers, (1-4), outscored them, 9-6, on Wednesday.

In American League minors activity, Northwestern, (3-0), took over first by downing Illinois, (2-1), 9-4. Mike Mallard homered for the winners.

Minnesota, (2-2), clobbered Navy, (3-1), as Jerry Griner knocked in seven runs with the fourth and fifth homers of the year.

Woods March For Dystrophy

Woods Mayor Kenneth McLeod, behind unanimous council approval, signed a proclamation citing May 15 through June 15 as Muscular Dystrophy Month in the city. This item was on the council agenda at the regular meeting Monday, May 1.

John O'Rourke, district director, Muscular Dystrophy Associations of America, Inc., in a letter to Mayor McLeod said that local volunteers in The Woods will be conducting their annual house-to-house march known as "Dystrophy's March Against Time" Tuesday, June 6, from 5 to 9 p.m.

"The efforts of the Grosse Pointe Woods volunteers will enable the continuation of vital services without charge to the patient or their families," he said. "A few of the services provided are specialized clinic care; physical and occupational therapy; as well as the purchase of wheelchairs, braces and other specialized orthopedic equipment designed to maintain life until a cure is found."

Mrs. Robert Spies, 2229 Stanhope avenue, is the 1972 volunteer chairman for The Woods. Those wishing to help in this cause may volunteer by calling "March Against Time" headquarters at 399-8800.

Vandals Upset Ice Machine

Farms policemen John Kraiza and Eugene Boylan were on routine patrol early Saturday morning, May 13, when they noticed the ice machine near the Pointer Bar, 18680 Mack, overturned.

Investigating the situation, they found that the wires had been ripped out of the back of the machine. Since the wires, encased in conduit, were "hot" the police raised them to a safe position.

The owner and employee of the Pointer Bar were interviewed, but they had seen no suspicious persons. The incident occurred between 1 a.m. and 1:15 a.m.

Lend Support To Channel 56

The Grosse Pointe Park Police Officers Association announced that it had donated a number of items, none of which cost less than \$25, toward the auction held by Channel 56, WVTS.

Patrolman Steven Molitor, president of the Association, said that his organization has been continually interested in seeking aid for the station, which raises operational monies through annual auction sales because the TV station does not realize revenue from advertisements and because the channel primarily uses its facilities for the education of children.

Molitor said that his group appealed to residents of the Park, and civic-minded citizens gave, among some things, tape deck cassettes and a waffle iron and broiler combination. All items were new and were valued at a total of \$175. What they brought at the sale, held on Friday and Saturday, May 12 and 13, is not known.

"We are very interested in Channel 56," Molitor said, "simply because the station is only concerned with the aspects of education, especially for children, and anything that will better the knowledge of children, we will do all in our power to assist."

"We appealed to the residents of the city for help in making these donations toward the auction, and we wish to express our sincere thanks to those who responded. We also feel that the children are happy with the help extended to WVTS."

Other officers of the GPPOA are: Det. Robert Salfyrd, vice president; Patrolman Norman Gangola, treasurer; and Mike Kortas, secretary.

Season Begins At Detroit Zoo

Summer hours for the Detroit Zoo are in effect seven days a week from May 10 through September 10 this year, according to Dr. Robert F. Willson, Zoo director.

Weekdays and Saturday the Zoo will be open from 10 a.m. to 5 p.m. On Sundays and holidays the hours will be 9 a.m. to 6 p.m.

The Zoo is located at Ten Mile road and Ridge road, one block west of Woodward avenue.

One of the most popular attractions at the Zoo is the Animal Show, which this year features chimpanzees, a python, ponies, a pig and a cow. From May 10 to June 11, the animal show will be presented at 11 a.m. and 12:30 p.m. Tuesday through Friday, and at 12:30 p.m., 2 p.m. and 2:30 p.m. on Saturdays, Sundays and holidays.

From June 11 through September 4, there will be three performances every day except Monday at 12:30 p.m., 2 p.m. and 3:30 p.m. "On Monday both the animals and the trainers get a rest," Dr. Willson said.

Admission to the Animal Show is 25 cents a person.

The Zoo hopes to have some lion and tiger cubs later this month. Twin elands (an African antelope) were born earlier this spring, a rare event in a zoo.

Another Zoo attraction is the miniature railroad, which carries a million passengers a year for half a mile, stopping at three stations. The fare is 15 cents a person.

Roller chairs for the elderly or handicapped can be rented at the Zoo.

The Children's Zoo at Belle Isle opens on May 18, according to Dr. Willson.

White Sox, 7-3, Saturday, May 20, with Dick Borland taking the win, Jim Neville had a double for the winners. The Red Sox, behind the two-hit pitching of Don Chalmard, defeated the Yankees, 3-1, on Saturday. Tom Fuller pitched a strong game in a losing cause. Tom McCubbin led the Sox with three singles.

It was the Dodgers over the Braves, 11-4, Sunday, May 21. Tony Michaels won his first game of the year with a strong performance and went three-for-four at the plate. Jeff Gardner also went three-for-four with two doubles. Renee Vandembroek of the Braves drilled two long triples in a losing cause.

Then the Yankees bombed the Tigers, 18-4. Jim Peabody took the win and Chris Bielski the loss. Yankee sluggers were Bill Brucker and Tom Fuller with triples and Brucker, Jim Schulte and Dave Hinks with doubles.

In their third win in successive days the Red Sox edged the Indians, 2-1. Singles by Cornillie, Mark Isley and Charley Murphy produced all the Sox runs in the first inning. Lefty Cornillie was tough with a neat three-hitter.

In the All American League, the Royals outlasted the Brewers, 14-13, as Mike Monaghan took the win.

In Major League standings through Sunday, May 21, the Red Sox are "number one" in the American League with a 6-0 record. The Yankees are second at 4-1; Cardinals, 3-3; Braves, 1-4, and Giants, 1-4.

The Phillies are in first place with a 5-0 National League record. The Dodgers are second at 3-2; Cardinals, 3-3; Braves, 1-4, and Giants, 1-4.

Lyddy said that he discovered the loss on Wednesday, May 17, when he entered his garage.

Pointe Police 2-0 in Softball

The gloom of rain on opening day didn't dampen the winning ways of the Pointe Police softball team in Macomb-Oakland Police Softball League action.

After being washed out against the FBI Sunday, May 7, the defending champions pounded the Probate Court, 12-7, Sunday, May 14. Then the Pointers, in a "pitcher's battle", rattled the New Baltimore State Police, 26-19, Sunday, May 21.

The team's next game is Sunday, May 28, against the Sterling Heights Police Department. Game time is 10:30 a.m. at the L. W. Baumgartner Park, 15 Mile road near Schoenherr.

APRICOT-ORANGE SALAD MOLD

Contributed by Irene Whittingham for the Kappa Kappa Gamma cookbook, "The Key to Kappa Salads"

3/4 cup apricot juice
1 can frozen orange juice (6 oz.)
2 pkgs. (3 oz.) lemon jello pinch salt
1 cup sour cream

Heat the apricot juice, then add undiluted orange juice. Add lemon jello and salt to hot juices. Stir to dissolve. Divide the mixture into two equal portions. Place half in individual molds or in 1 1/2 quart ring mold. Place in refrigerator for about one hour until the jello mixture is firm but not solid. Slightly cool the other half of the mixture and add sour cream. Place gently on top of the first portion and return to refrigerator to set. Serves 8.

Arrow, a group of scouts involved in American Indian culture, will perform tribal dances.

Lists are printed of the merit badges a Scout can earn. These badges represent a wide range of interests and opportunities for a boy to get a sampling of a profession he may wish to follow.

Assigned Counselor As soon as a Scout elects to earn a certain badge, Jim explained, he is assigned an adult supervisor who will serve as his merit badge counselor. These adult volunteers are persons skilled in the field; they are often school teachers.

"We want to stress the importance of the adult volunteers in the scouting program," Jim said. "The real scouting is done at the troop levels, where adults train the boys to be leaders."

However, it was largely unnecessary for him to stress this point, as he had accepted the District Chairmanship even though his two boys, Timmy, 6, and Jimmy, 4, are still too young to don the blue and gold Cub Scout uniforms.

Jim became involved in scouting again after Pointer James Dingeman, on the board of directors of the Detroit Council, encouraged him to accept the District Chairmanship. They are both employed by Parke, Davis & Co., where Jim is director of International Projects.

Even though his sons are too young to involve their father in scouting activities, they still manage to keep their parents busy.

At the present time, he is teaching his sons swimming and boating skills.

They Love Boating

If a love of boating runs in the family, the two boys should have few problems. Their father is a member of the National Association of Amateur Oarsmen. In 1954 and 1955, he was on the U.S. National and Canadian National Championship Rowing Team.

"I was a Sea Scout, which is a branch of the Explorers. While in college at Michigan State, I started a rowing team. We didn't win many races that first year, but the team is still competing today," Jim said with more than a bit of pride.

A native of Detroit, he knew his wife, Nann, in high school. They both attended

Carl's Corner

Michigan State University, and were married a year after graduation.

Together they are involved in the Detroit Zoological Association and the Hope Ship League.

She is also a member of the Junior Women's Association for the Detroit Symphony Orchestra, and her pet project is the Association's upcoming "Melody Mart", to be held in Ford Auditorium September 28-29, (watch for the knitted items, as Nann is chairman of that department.) The mart will feature handicrafts by Association members.

The Tylers are active members of the Detroit Boat Club, where Jim still competes in rowing and sailing. It is with the same energy and drive that it takes to become a national oarsman, (practices at 5:30 in the

morning and at 5:30 in the evening), that Jim is tackling his new post as Lakeshore District Chairman.

It is his responsibility to marshal the talents of adult volunteers in order to keep the Boy Scouting program at its current level of excellence.

"We are trying to keep the boy scouting program modern, answering the needs of today's boys. However, the basic concepts and ideals of Scouting remain the same: to build leadership, discipline and character."

Pointe area artists exhibiting in the 9th annual Greenwich Village Days Sidewalk Art Show May 12 and 13, Friday and Saturday, in East Lansing included CHLOE BOEHM, JEANNE KNAPP and SONJA PREU-THUN.

From Another Point of View

(Continued from Page 13)

We mentioned the names of Mrs. Hugh Harness and Mrs. Navarre Bennett as Supper chairman and co-chairman, respectively. Remember? Of course, you do! You've already got your Supper tickets.

A number of dinner parties in major clubs in the metropolitan area, including a "semi-official" dinner at the Detroit Club hosted by several Opera Association officers, will precede Monday night's opening performance.

Entertaining members of the Metropolitan Company at mid-day pool parties are Pointers Mr. and Mrs. Warren S. Wilkinson, Jr., who've reserved Tuesday, and Mr. and Mrs. Frank W. Donovan, who've spoken up for Friday. Thursday's hosts, out in Bloomfield Hills, will be the Townsends.

Needless to say, the Wilkinsons, Donovans and Mr. and Mrs. Townsend are praying—hard!—that the lovely weather we've been having will continue through the first few days of June.

The Met ends its stay in Detroit Saturday evening, June 3. Seats are still available in various price categories for several operas.

More Prayers For Sunshine

Next Thursday, June 1, has just GOT to be a sunny day. With temperatures in the low 80's, and the softest of breezes, please. For the Grosse Pointe P.I.M.E. Mission Guild is storming heaven, requesting bright blue skies as a backdrop for its Italian Afternoon at the Grosse Pointe Yacht Club.

A Via Veneto outdoor buffet brunch is planned, with carefree casuals the comfortable attire for guests and models. After brunch, there'll be time for a refreshing plunge in the pool, for card-playing, for sunning and relaxing. . . .

Tickets are \$7 each. Mrs. Clayton P. Alandt, 881-8504, will be happy to supply further information.

Mrs. George H. Helm is sending up a plea for June 1 sunshine, too. Mrs. Helm's opening her Audubon road home for the Special Activities Committee of the Detroit Branch, Woman's National Farm and Garden Association, annual scholarship party next Thursday, and she'd like the style show following the tea to take place in her garden.

It's such a pretty garden. Now, if it just doesn't rain. . . .

This WNF&GA Detroit Branch Special Activities group has been successful each year in raising enough money to subsidize a college student, and each student who has been helped on the way through college has been a source of satisfaction to the group, encouraging its members to continue their scholarship fund-raising efforts.

The Committee begins sponsorship of an Indian girl in September.

Special Activities chairman for 1972 is Mrs. R. E. Wunderlich, assisted by co-chairman Mrs. Russell Wood.

Another June 1 Event

While everyone else is outdoors soaking up the sun next Thursday, the 400-member Volunteer Committee of the Founders Society Detroit Institute of Arts will be celebrating its 10th anniversary at its annual meeting and luncheon in the museum's North Court — which, if you MUST be indoors on a beautiful day, is a beautiful place to be indoors in.

Many, many Pointers belong to this dedicated group of Art Institute volunteers.

In honor of the occasion, the Committee's first chairman, Mrs. Lawrence A. Fleischman, is flying in from New York to speak at the morning session. Bruce Dayton, board chairman of the Dayton Hudson Corporation, will be the featured after-luncheon speaker.
