THE UNITED STATES and the **SOVIET UNION** signed a pact designed to bring them together in outer space. Under the agreement signed by President Nixon and Soviet Premier Alexei Kosygin in the Grand Kremlin Palace, the two countries will hold their first test in 1975. This was the third agreement by the U.S. and the U.S.S.R. The fourth concerned new programs to cooperate in science and technology, signed by Secretary of State William Rogers and Vasily Kirillin, a Soviet deputy prime minister. Spokesmen of both countries hailed these two agreements as being of major significance.

Friday, May 26
THE SUMMIT TALKS between President Nixon and Soviet high officials produced a fifth pre-arranged agreement—this one to prevent incidents involving U.S. and U.S.S.R. warships on the high seas. However, the talks snagged on difficult trade negotiations, and it appears that a hitch had developed in the drive to sign a historic accord to curb the nuclear arms race. There were also signs that hopes had been dashed for an expected signing, today, of the two-step accord to limit strategic weapon stockpiles. Official sources attributed this "to some sticky last-minute problem."

Saturday, May 27
NORTH VIETNAMESE TROOPS fought their way into Kontum again and blew up the main ammunition dump. In several sections of the city, they fought hand-to-hand in street fighting. In today's report, U.S. military officials said that American jets, in the air war, knocked out the major railroad bridge linking North Vietnam's northeast rail line to China. The bombers used laser-guided bombs to wreck the Lang Giay bridge, 60 miles northeast of Hanoi and only 20 miles from the Chinese border. This is the closest strike to China since the attack retaliatory bombing began on April 6.

BUCKINGHAM PALACE announced the death of the Duke of Windsor, the former King Edward VIII of England, who gave up his throne in 1936 to marry Mrs. Wallis Warfield Simpson, an American divorcee. His Royal Highness Edward Albert left the British Isles after announcing that he was giving up the throne "to marry the woman I love." His decision to abdicate rocked the British Empire to its foundation. The Duke, who was 77, died of an undisclosed illness in his exile home near Paris. Just 11 days ago his niece, Queen Elizabeth II and her husband, Prince Philip, visited the Duke, and the Duchess of Windsor, his wife. He will be buried in Frogmore Mausoleum in Windsor Park, in England.

Monday, May 29
PRESIDENT NIXON told the Russian and American people yesterday that substantial strides had been made by him and Soviet leaders in summit talks held in Moscow. In an unprecedented radio and television address broadcast live in both countries, the President said that the talks will lead toward a new era of peace and security in the world. He declared, "As great powers, we will sometimes be competitors, but we need never be enemies." He spoke in the Green Room of the Grand Kremlin Palace on the eve of his departure. Mr. Nixon also made an indirect plea for Soviet restraint in supplying arms to North Vietnam.

They Are Fighting Drug Abuse

Grosse Pointe Woods Mayor **KENNETH R. McLEOD**, (rear row, left), has designated the week of May 29 through June 4 as "Operation Drug Alert Week" and announced he is supporting the work of the Grosse Pointe Kiwanis Club in battling this social problem. Others in the picture include, back row: — Kiwanians **ROBERT E. TRINKLEIN** and **RICHARD BEACH**, president; front row, left to right: — **JAMES BARKER**, **GEORGE CUETER**, Woods City Administrator, **CHESTER E. PETERSEN** and **WILLIAM MATOUK**, as the service club presented a check for \$650 to the Youth Service Division.

More Than 250 Musicians from South and North to Play at Ice Cream Social

Time for the concert so many Pointers have enjoyed over the years is here again, the annual Outdoor Community Concert and Ice Cream Social on South High School's front lawn at 6:30 o'clock Friday, June 2.

The four bands from North and South High Schools will combine in the after-noon portion of the concert. The combined ensemble will contain over 250 young musicians.

Alumni from both North and South are cordially invited to participate in the second half of the program.

The South High School Symphony Band, under the direction of Russell Reed, will open the program with the theme from the movie "2001" and conclude its portion with the Tchaikovsky Overture "1812" with Cannons and Bells.

North Symphony Band, under the direction of Nate Judson, will be featured in Owen Reed's exciting "La Fiesta Mexicana" and the ever popular, "Lassus Trombone." The combined bands will perform two well known Sousa marches.

The concert is sponsored by the parents' clubs and is free.

Woods Ordinances Cover Sale Signs, Grass Height

By Roger A. Waha
 What does spring and summer bring besides everything we all know so well? Signs. Signs which advertise a variety of sales including garage, car and rummage announcements.
 But, in The Woods, signs posted on public property advertising such sales are in violation of a city ordinance, said City Administrator Chester E. Petersen.
 And for owners of vacant lots, or vacant houses, there's a city ordinance (which covers noxious weeds), that says weeds and/or grass cannot grow taller than six inches, noted Mr. Petersen.
 When that happens, the city will give the owner no-

Family Life Education Council Has Great Year Full of Accomplishment

Report Covering First Fiscal Year Covers Wide Range of Activities Participated in by Young and Adult Experts and Volunteers

By Pepper Whitelaw
 Since the Grosse Pointe Family Life Education Council (FLEC) just closed its fiscal year it seems appropriate at this time to review its accomplishments of the past year and look ahead to the future.

A year ago, 30 young heroin addict adults were in treatment at the FLEC-Bon Secours Methadone Program. The first three groups of 10 have concluded primary therapy. The results, as evaluated by the professionals involved in the program, are significantly encouraging, with about half of the young individuals treated being returned to normal lives either in schools or jobs. It is anticipated that a fourth group will be started this spring. The program is geared to 15 to 22-year-olds.

Weekly, each patient receives two group psychotherapy sessions, two urine checks and methadone. Parents are required to attend an adult group therapy session. Fees are based on ability to pay and never exceed \$40. The clinic is staffed by three part-time psychiatrists, a part-time psychiatric social worker, volunteer nurses and their husbands, a volunteer administrator and two volunteer pharmacists.

Center Point, which serves the youth of the community as a crisis intervention center, celebrated its first anniversary in February of this year. It is run in large part by trained youth with backup services provided by three paid adult coordinators. Training and professional services are provided by doctors, lawyers, social workers and members of the Youth Service Division. Volunteer adults assist.

Center Point reaches out to the drug user on a bad trip, the runaway, the dependent contemplating suicide and the alienated. The Center, located at 17150 Maumee, the Unitarian Church annex, is maintained by young volunteers who provide peer-to-peer counseling after completing an extensive training course. These staff volunteers each donate a minimum of six hours a week.

During the past year, Center Point relocated from the corner of Kercheval and Notre Dame to the church annex. These larger and more suitable facilities decorated by student volunteers, provide excellent housing for the major activities of Center Point. During the past year, Center Point has provided some 3,000 counseling or crisis intervention sessions for teenagers with personal or drug problems.

A new service, started in October of 1971 was the Free Medical Clinic. Located at Center Point it is staffed by volunteer doctors and nurses, and is open Tuesday and Friday from 7 to 9 p.m. Medical equipment was donated by St. John Hospital with costs being shared by Cottage and Bon Secours.

These hospitals also provide free laboratory work for the clinic. The staff sees a variety of medical problems, the major ones being pregnancy testing and venereal disease screening and treatment. Patients are encouraged to cut his "greenery" within 30 days or the city will do it and assess the cost to the owner. By that time, stated Mr. Petersen, the weeds could be around 12 inches high.
 He feels the present ordinance isn't tough enough, and that the owner should be penalized, i.e., receive a fine, plus the cost, if he doesn't follow through.
 As for the sale-advertising signs, interestingly enough, officer William Deslets of the Woods Department of Public Safety, while on patrol, observed signs on two different occasions Sunday, May 21, within a short period of time.
 He spotted two garage sale

Ask Electors To Approve Programs

Would Provide Neighborhood Centers to Meet Future Manpower Needs

By Pepper Whitelaw

When Pointe voters go to the polls to select two new trustees for the Board of Education on Monday, June 12, they will also have the opportunity to vote for adoption of the vocational-technical education program for the Wayne County Intermediate School District, which includes the counties of Wayne, Monroe, Oakland, and Washtenaw.

Voters will be asked to approve a one mill levy for construction and operation of four area vocational-technical centers. These are separate facilities housing additional vocational programs for high school students in neighboring school districts. Students enrolled in public, private or parochial high schools may attend an area center while retaining their home high school identity for their academic and extra-curricular activities.

Firefighters Seek Mediation

The City of Grosse Pointe Firefighters Union, Local 1975, has filed for mediation and fact-finding in its bargaining sessions with the City of Grosse Pointe, according to local president, Steve Madar.

Mr. Madar said, "Despite the union's numerous concessions during the past two months, the city and firefighters still have been unable to reach an agreement on wages and benefits."

Mr. Madar added "The firefighters feel the best route in which to reach an equitable agreement for both parties is mediation."

Thomas Kressbach, city manager, said "We are continuing our negotiations with police, fire and other employee groups and are hopeful that we will reach a successful contract agreement prior to the expiration of the existing contract on June 30."
 City Police have also filed for mediation.

Farms Appealing Order to Rehire Fired Patrolman

Kenneth G. Pine Case Still Unsettled; Could Take Months for Court of Appeals to Hand Down Judgement

By Kathy Duff
 As some people will not take "no" for an answer, some cities are the same way. The Farms has once again appealed an order which states that the city must rehire Patrolman Kenneth G. Pine after firing him one day prior to the completion of his probationary year.

An appeal has been filed before the State Court of Appeals in Detroit and The Farms will not be required to reinstate Patrolman Pine until a judgment is reached.

The dispute between The Farms and the Grosse Pointe Farms Police Officers Association (GPFPOA) is well-known to most Pointe residents as it has been front page news for the past months.

Signed Agreement
 The background is that Patrolman Pine, when hired, signed an agreement that he would complete a police training course. He would take this course while on duty if possible, and if not possible, he would complete the course on his own time. Additionally, the document stated that he would not receive compensation for such training.
 However, Patrolman Pine later filed a grievance over not being paid for the off-duty time spent with the course.

When it was time to review the new patrolman's record at the close of his probationary year, The Farms chose to terminate employment. The association then filed an unfair labor practice charge with the Michigan Employment Relations Commission (MERC), contending that Patrolman Pine was fired "because he filed and (Continued on Page 2)

More Building At Hunt Club

The Grosse Pointe Hunt Club has announced that the contract has been awarded to build a new 6000 square foot, two-story lounge and facilities building adjoining the new tennis house and connecting with the riding ring building.

The new facility will include an upper deck lounge area with expansive viewing windows on two sides from which members can observe both tennis court and indoor riding ring activities.

The first floor will contain a tennis pro shop, ladies and men's locker rooms, and ladies and men's saunas. The contractor, Palombi Construction Company, has already begun work on the project.

The four-court tennis house was completed last December and has seen increasing heavy tennis traffic through the winter from enthusiastic Hunt Club netters.

5,778 Give Memorial \$101,030.50

Announcement of Drive Passing Goal Made During Ceremonies Held on Monday

At the annual Memorial Day service held at Grosse Pointe War Memorial Monday morning, May 29, Frank P. McBride, Jr., president of the Board of Directors announced the success of the Center's 1972 Annual Family Participation Campaign headed by Alexander L. Wiener, treasurer of the organization.

Both Mr. McBride and Mr. Wiener wish to express for the Memorial's Board and staff their sincere thanks to the citizens of The Pointe for their excellent response to the drive and the fine support they have given the Center since it was donated to the Grosse Pointes as a community center by the Russell A. Alger family in 1949 and enlarged by the addition of the William H. Fries Auditorium 10 years ago.

Goes Way Over Top

The Center's directors are pleased to announce that \$101,030.50 has been received to date from 5,778 donors. The campaign goal was \$95,000. The Memorial is especially grateful for the increase this year of 782 contributing families, hopefully indicating that the Center's programs and activities are meeting with even greater acceptance than in the past.

A special appreciation is extended by the Center's Board to the press for their wonderful assistance in publicizing and covering the campaign's progress and to the many volunteers who helped the Center's staff to post and acknowledge gifts as they came in. They include Mrs. Wendell W. Anderson, Mrs. G. R. Beardley, Mrs. Gerald Fitzgerald, Mrs. Thomas Fitzgerald, Mrs. Ted Forrest, Mrs. J. Severene Hill, Mrs. C. L. Lundgren, Mrs. John McNamara, Mr. Robert P. McLaren and Mrs. Thomas Normile.

More Gifts Expected

The Memorial anticipates still more donations to come in. For tax purposes, many people prefer to give later in the year; and, of course, donations are gratefully received regardless of the date given or the size of the gift.

Park Police Investigating Cause of Woman's Death

By James A. Njaim
 Park authorities are investigating the circumstances surrounding the death of a woman, who was found face down on the floor of a room in her apartment on Tuesday, May 23.

According to information released by police, the Fire Department was called at 6:03 p.m. by Peter Mazzola of 15025 East Jefferson, when he observed water dripping from the ceiling of his shoe repair shop. Fire Sgt. Andrew Benoit and Fireman John Streberger responded to the call to check out the source of the flow.

They went to the second floor and found the door of the apartment ajar. On entering the place, the firemen discovered the body of Norma Jeanne Stahl, 39, of 15021 1/2 East Jefferson, lying face down on the kitchen floor. She had been dead, according to a report from the Wayne County Medical Examiner's Office, for approximately 18 hours. The apartment is located at the southeast end of the building.
 Benoit and Streberger found the water running and overflowing the kitchen sink. They turned off the tap and immediately notified police. Sgt. Gordon Duncan and Patrolman Edward Serwach, William Furlaw and Steven Molitor were dispatched to the scene.
 The officers said that on investigating, they found the woman's husband, Thomas, (Continued on Page 4)

Fire Destroys Boat, Motor

A fire of unknown origin destroyed an outboard motor-boat owned by George R. Smith of 1004 Three Mile drive, on Saturday, May 13, according to information released by Park Fire Chief Phillip Costa.

The boat was alongside a garage on the Smith property, and the one side of this building's paint and wood was scorched by the flames. The chief said that when firemen arrived, most of the blaze had been extinguished by a neighbor with water from a garden hose. The firefighters completed the dousing of the fire.

processed a grievance over a payment of wages due him for attending a training course."

Won Two Rounds
The patrolmen's association won the first two rounds of the legal fight as both a single MERC examiner and a three-member commission said that The Farms fired Patrolman Pine illegally for filing a labor grievance while serving as a probationary officer.

The commission's recent April decision states: "At least three times during March 1971, the Chief of Police (Robert K. Ferber) informed Officer Pine . . . that he should withdraw his grievance or run the risk of not successfully completing his probationary period. Officer Pine . . . was told that there was no question about the performance of his job."

Will Refute Ruling
However, The Farms speaking through its labor attorney John C. O'Meara, is prepared to refute this ruling. It feels that the board's decision as to the facts of the case was in error.

"The officer was not fired because he filed a grievance, he was fired because he lacked certain qualities which the city considers important in a police officer," Mr. O'Meara commented in a phone interview with the NEWS.

The patrolmen's association notes that in the course of Patrolman Pine's employment, at no time did he receive any written reprimands or criticism of his work.

Farms' Position
On the other side of the debate, The Farms was not obliged to submit written criticism of a probationary officer, and Patrolman Pine did sign a written agreement which stated that he would not be reimbursed for overtime.

So the question of who is being discriminated against has been thrown back into the legal arena. The State Court of Appeals decision is forthcoming, which means that a judgment could take up to six months.

Corporal Gerald Kensora who is responsible for reviewing and assigning individual cases to YSD officers expressed his pride with the job the men in the division have been doing.

BOAT ROBBED

EXTRAVAGANCE
Most of us could feel much better about this machine age if we didn't have to worry along with last year's model.

Mrs. Robert Gamble of Lochmoor Club shot an 81 to win the low gross in championship flight of the Women's District Golf Association Tuesday, May 23. A field of 114 women participated in the event at Plum Hollow.

Mrs. Gamble, winner of three tournaments last year, shot 42-39, parring five holes on the front nine and seven on the back.

We could all live better lives if we gave serious thought to problems that only concern us.

Teamwork is a proven method of production that's even more productive than machines.

Water Safety Bill Requested

The local Republican Committee recently sent a resolution to the chairman of the Senate Marine Affairs in support of a pending water safety bill.

The legislation, Senate Bill 627, would require that emergency life-saving equipment be placed at all beaches, swimming and bathing areas and marinas, as well as on any dock, pier, wharf or retaining wall on Michigan waterways.

The action was prompted by John F. Turos, 21159 Beaufait, the father of the 14-year-old Harper Woods youth who drowned outside The Farms Pier harbor February 8, 1972.

Since that date, Mr. Turos has appeared before The Farms Council to plead for life-saving equipment in the harbor area. There were no life-saving rings or hooks when the youth drowned in the icy waters of Lake St. Clair last February.

The Farms, in response to Mr. Turos's appearance, installed life rings and hooks, adding to the ladders and emergency ropes already available at the pier.

One problem with easily-accessible safety equipment is the possibility of theft. Two life rings and their 500 feet of rope, each costing \$60, were stolen from The Farms pier last month.

However, as the Republican resolution notes, "had such equipment been available a life might well have been saved."

Mr. Turos has been an active member of the 14th Congressional District Republican Committee for many years.

The resolution was passed on Thursday, May 11, and a copy of the resolution was sent to Representative E. D. O'Brien.

Currently, the bill is in the Senate Marine Affairs committee. Once the bill passes committee, it will be discussed on the Michigan Senate floor.

Police Accuse Drunk Driver

Emmet J. Duff, 46, of 22437 Stephens, St. Clair Shores, was arrested by Park police on Sunday, May 14, and charged with driving while under the influence of liquor.

The arresting officers, Sgt. Bobby McAlister and Patrolman David Hiller, said they were on routine patrol on Kercheval at 2:30 a.m., when they observed the accused motorist make a turn west onto Kercheval from south on Nottingham.

The policemen said that Duff made a sharp turn onto the avenue, traveling next to the curb and going the wrong way. The driver then drove on the proper side for one block and then swerved to the wrong side again. They tried to force the driver to stop, but were unable to do so until they reached the intersection of Ashland in Detroit.

The officers said they detected a strong odor of alcohol on the man's breath and that he staggered when he got out of his car, and that his speech was slurred.

Duff was conveyed to the station, where he refused to take a breathalyzer test. He was issued a violation ticket for drunk driving and is scheduled to appear before Park Municipal Judge William E. Speer on Wednesday, June 7.

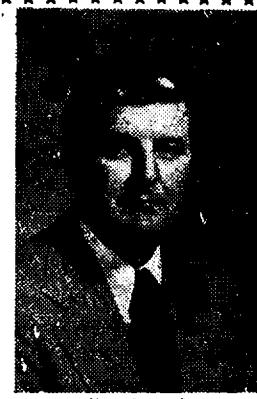

Finish Course In Traffic Law

Shores patrolmen John Trevillian and Archie Grieve have completed a course in Traffic Law Enforcement at Kellogg Center, Michigan State University.

Both officers received a certificate upon completion of the course.

GROSSE POINTE SCHOOL BOARD

OUR GOALS

EXCELLENCE IN EDUCATION
We disagree with the people who think Grosse Pointe has an excellent school system. We are good, but we could be better. Excellence is not always related to expenditure. We must seek ways to improve the level of teaching and to deepen the challenge for students.

OPPOSITION TO BUSING
We are totally and unequivocally opposed to the busing of children and will pursue every legal remedy to prevent busing.

FINANCIAL RESPONSIBILITY
Taxes are high. Money is short. State aid is a question mark. It is clear that the fiscal problems confronting our schools will be with us for the foreseeable future. Every idea for increasing efficiency must be explored. A continuing careful analysis of every aspect of school costs is needed.

Mr. Stahl was conveyed to Bon Secours Hospital by the Fire Department ambulance, and the body of Mrs. Stahl was taken to the Medical Examiner's Office.

Police Chief Gerard Kesteloot said that investigation of the circumstances regarding the woman's death has been assigned to Dets. Charles Petrie and Robert Saifyrd.

One Drops Out Of School Race

One candidate, John C. Kennedy, has withdrawn from the Monday, June 12 Board of Education trustee election. The deadline for withdrawal was Thursday, May 18, at 4 o'clock.

Voters will have a real selection of candidates with eight persons vying for the two seats vacated by secretary Barbara Thompson and treasurer Lee Allen.

They include Walter Haig, Joan Hanpeter, Muir B. Snow, III, Michael A. Shaheen, Charles R. Jaeger, Edith Wilson, Frank A. Guns, Jr. and Fred E. Rogers.

The trusteeships carry four-year terms.

Amin Calls Off Stroh Inquiry

President Idi Amin, Kampala, Uganda, has issued a directive to the commission investigating the alleged murder of Pointer Nicholas Stroh, 33, free-lance journalist, and university lecturer Robert Siedle, 46, ordering them to stop work on the case or be terminated.

The directive was issued to Commissioner Judge David Jeffreys Jones, who was appointed last September after a military board of inquiry failed to establish what happened to the men. They were allegedly killed by troops at Mbarara Barracks in southwest Uganda last July.

The commission has heard evidence that the two men were killed after Stroh argued with the second in command, Major Juma Aylga.

It is believed that Nicholas was executed for his attempts to report the turmoil within Uganda which would ultimately discredit the regime and possibly affect Uganda's relations with the United States, Russia and Red China.

Peter Stroh, of Cloverly road, Nicholas' cousin and president of the Stroh Brewery Company, went to Uganda to bring Nicholas' wife Gerda and their two small children home to The Pointe.

Nicholas was the son of Mr. and Mrs. John W. Stroh of Lakeshore road.

There's more hard work than luck in most success stories.

FLEC's Year

(Continued from Page 1) aged to donate 50 cents to defray costs.

In January of 1972, FLEC agreed to assume the sponsorship of the Student Volunteer Program. For eight years prior to this time, the program was sponsored by the Neighborhood Club. Presently, the principal effort involves a tutorial program with approximately 350 students involved and working with some 1,500 students.

Other fields of service find 150 students volunteering their time and services in programs for retarded children, library work, Wayne County Health Department, hospitals, nursing homes and the Children's Home of Detroit.

In cooperation with the Community Services Department of the Grosse Pointe Public Schools, FLEC offered an educational program entitled "Alternative to Drugs." The 10-week program featured speakers from the fields of child development, family life, motivation, physical and mental effects of drug abuse, law enforcement, legislation and curriculum. Continuing efforts in education according to FLEC president William C. Porter, are perhaps equal in urgency to any task FLEC has.

"He added, Our emphasis in education will shift from drugs, which is the symptom to family life and the relations therein, which is the problem."

"Teenagers with Alcoholic Parents" (TAP) is a relatively new program. Teenagers meet weekly in an effort to understand and learn how to live with a parent who is an alcoholic. These self-help sessions are guided by volunteer counselors.

The FLEC offices are located at 18535 Mack avenue. For information on any of these programs call 885-3510.

Loses \$500 Set Of Golf Clubs

A golfer at the Country Club of Detroit contacted Farms police to report the loss of his golfing equipment from the locker room of the club Monday night, May 22.

William Davis, 4400 Anderson drive, Brighton, Mich., said he left his clubs at 9 p.m. and returned a half hour later to find the set missing.

The equipment consisted of a blue golf bag, 11 "Power Bit" irons, three woods, a putter, two dozen new golf balls and five golf gloves. Mr. Davis estimates the loss at \$500.

CFE To Hold Pancake Rally

Later, the owner contacted the station and wanted to know why his signs were removed. He was told of the city ordinance and informed that the signs were posted within The Woods boundary. The owner was told that he could pick up his signs but he failed to do so.

On the second occasion, officer Deslits spotted signs posted on two vehicles, one at Bournemouth road and Mack and the other at Bournemouth and Raymond road, all advertising a sale in Raymond. He informed the owner of the violation and the owner removed the signs.

So if you're planning a sale in The Woods make certain your advertising isn't on public property. And if you own a vacant lot, or vacant house, be sure to check the "green growth" on your property.

BRIEFCASE MISSING
Stephen J. Caprio, a businessman from Illinois who is temporarily residing in Mt. Clemens, went to The Farms police station Monday, May 8, to report the theft of his grey attache case. He said that he left the case on the rear floor, behind the driver's seat, of his locked 1968 Buick parked in the Manor avenue lot. When he returned less than an hour later, the \$40 briefcase was missing.

Especially when you realize there's a home broken into every two minutes. The Westinghouse security system is more than a burglar alarm. Say you're away for the evening or off on a trip and someone breaks in. There's a loud alarm. Loud enough to scare him off. The system automatically sends a coded message to a 24-hour communications center, and they call the police. Same for fire. Loud alarm. Coded message. A call to the fire department. In other emergencies, direct voice contact with the center brings help. Send the coupon. Or call 464-3700.

"THE PEOPLES CHOICE"

FRED ROGERS
 EDITH WILSON

(Rogers-Wilson Campaign Committee)

BUSING
School taxes should be used solely for education—not for busing which is a ruse to steal educational dollars and use them for racial homogenization. Every legal means should be used to prevent busing and to insure our schools are for the children who live in the community.

Now the "rubber stamp gang" is jumping on the bandwagon by claiming they are against busing.

REPRESENT TOTAL COMMUNITY
Voter unrest, anger and frustration is directed at those "rubber stamp" School Board Members and Administrators who they feel are more responsive to the wishes of power-hungry, special-interest groups than to the total community. Fred Rogers and Edith Wilson are

responsive to the total community and will truly represent you. This means they will be labeled "devisive" by the "rubber stamp gang."

STOP "FREE-SPENDING"
The "free-spender" attitude of the "rubber stamp gang" must be stopped. Budgets must be factual and firmly controlled, with all fat trimmed. Inefficient money management is wasteful and robs the student educationally.

QUALITY EDUCATION
Our good school system could be outstanding with no additional expenditure. Emphasis on the fundamentals in elementary school, early correction of learning problems, curriculum development — not experimentation — could improve the quality level.

Candidates' Rally Monday

Don't forget the School Board Candidates Rally set for Monday, June 5, at 8 o'clock, in Fries Auditorium. The rally is co-sponsored by the PTA Council, the League of Women Voters of Grosse Pointe and the War Memorial.

The eight candidates have been invited to appear and speak for five minutes each. Following their presentations the meeting will be open for questions from the floor.

Mrs. Donald L. McConachie, League president, will introduce the candidates and Mrs. George J. Brown will moderate.

The eight are vying for two seats which carry four year terms. Candidates include Walter Hage, Joan Hanneper, Muir B. Snow, III, Michael A. Shaheen, Charles R. Jaeger, Edith Wilson, Frank A. Guns, Jr. and Fred E. Rogers.

North to Hold Art Exhibit

Art students of North High School spent many hours this past year creating art objects which are to be sold in conjunction with the school's Fourth Annual Art Exhibit.

The exhibit will be held from June 5 through June 9, in the foyer of the Performing Arts Auditorium. Show hours on June 5 are from 11 a.m. to 3:30 p.m.; on June 6, 7, and 8 from 8 a.m. to 3:30 p.m.; June 9, from 8 a.m. until 11 a.m.

Evening hours for the show are from 6:30 p.m. until 9:30 p.m. on June 6, 7, and 8.

Proceeds will go to the Joanne P. Bokram Memorial Arts Fund, which is part of the Grosse Pointe Foundation of Academic Enrichment established to bring outstanding artists, musicians, authors, and poets to the community to work with students.

There will be a wide variety of etchings, line drawings, sculpture, macrame, pottery, jewelry and metal and clay sculpture on display.

The show is being presented by the members of North's Art Department and members of the Bokram Fund.

Stereo Stolen At New House

A thief entered a house under construction at 290 Provençal and made off with almost \$1,000 in stereo equipment over the May 13-15 weekend.

The Farms police were contacted Wednesday afternoon, May 15, by an employee of Pointe Electronics who reported the loss of eight speakers and four speaker boards which were being stored in the projection room of the new house.

The investigation has been turned over to The Farms detectives.

Course Taken By Inspectors

Two building inspectors in The Pointe were awarded certificates Thursday, May 25, after completing a program entitled "Training Institute for Local Government Code Enforcement Personnel." They are Earl J. Wakely of The Woods and Bob Vens of The City.

The certificates, presented by the Michigan Municipal League, were for the inspectors' participation in the program which was over a five week period, according to Mr. Wakely.

A number of building officials from the metropolitan Detroit area also participated in the program which featured speakers from the fields of construction and architecture, plus some panels.

He stopped the driver, Joseph Meldrum, 4715 Audubon, Detroit, at University. The subject was unable to produce his driver's license. He was also issued a violation by City Police for excessive smoke.

Past Pointer Visits Home After Cuban Jail Term

by Kathy Duff

Frank McDonald, a former Pointer and freelance journalist, recently visited his hometown after spending 92 days in solitary confinement in Cuba as a suspected spy.

Mr. McDonald, 30-years-old, went to Cuba last year under the auspices of the Institute of Current World Affairs.

On Christmas Day, after spending seven months in Cuba lecturing at the University of Havana and gathering notes for a book, he was arrested and charged with being an agent for the Central Intelligence Agency (CIA).

The next three months he spent in solitary confinement, broken up only by what he once referred to as several sessions of "close questioning." During his confinement he lost 30 pounds, but said he was not mistreated.

In a special interview with the NEWS, Mr. McDonald said that he was a native of Detroit, and was educated at St. Paul's and Austin Prep School before receiving his Bachelor's degree at Notre Dame University.

Before he went to college, he lived at 184 Moran road with his parents, Mr. and Mrs. Francis J. McDonald. His father has since died; his mother has remarried and is now Mrs. John McEwan of Notre Dame road.

The journalist continued his education at the University of Chicago, receiving a Master's in Russian and French languages. He received his Doctorate at Oxford University in England, studying Soviet politics and economics.

Mr. McDonald was a fellow at the Institute of Current World Affairs for four years, specializing in the Caribbean. At that time, he co-authored a book, "The United States and the Caribbean."

When asked how he became interested in Caribbean affairs after his in-

depth study of Soviet government and culture, he smiled and said that he could tell me, but that I wouldn't believe him.

With a little prompting, he said that a Caribbean island, Anguilla, had a revolution in 1967 and declared itself independent from Great Britain.

The nascent governing body asked a Harvard professor to write a constitution for the newly-founded nation, and, in turn, the professor asked Mr. McDonald to assist him.

The former Pointer said that he served as "executive administrator" of the island, a position of being the chief advisor to the governor of Anguilla.

When I mentioned that his experience resembled Woody Allen's recent movie "Bananas" in which the comedian is made dictator of a newly-formed banana republic, Mr. McDonald said that he was not familiar with the film. And then we both laughed, realizing it was not the type of movie to show in Cuba.

From his experience in Anguilla, he is writing a book to be published next year.

Asked the reasons for his arrest, he said that he had been invited in 1970 by the University of Havana to spend two months in Cuba and had had no trouble with authorities.

"This time, I guess they were worried about the notes I was taking," he said, "I interviewed some officials and a lot of people I met."

"I was put through an intensive investigation, and when it was finished they knew pretty much all about me," Mr. McDonald commented.

After he was released from jail he was flown to Spain. He then went to London for a week before returning to New York, his present residence.

The journalist's recent trip to The Pointe was a five-day visit.

Vote NO June 12 School Millage Proposal To Increase Property Tax

Wayne County Intermediate School Board proposes a 1-mill tax levy to construct and operate four Area Vocational-Technical Centers, three located in the downriver area and one in Highland Park. Detroit is not included in this proposal. The 1-mill is only the initial millage. Projections are that 5 or 6 mills may eventually be required.

Grosse Pointe and Harper Woods students would be bused to Highland Park. Wording of the proposal on the ballot is not clear and can be confusing to voters. Even our Grosse Pointe School Board has refused to approve this millage proposal. If passed, it would mean about \$500,000 in increased property taxes for the people in our community.

More than 400 hospital officials, family members and friends recently joined in honoring the Saint John Hospital volunteers at the annual volunteer awards dinner held at the Pollard House.

Highlight of the evening was the presentation of the "Volunteer of the Year" award to Richard Bone of Kensington road. Bone received the award for his unselfish devotion to cheering the spirits of patients throughout the hospital. In less than two years, he freely gave more than 1,000 hours of his time to develop the "New Horizons through Pictures" program and in visiting patients and their families.

Also recognized for the development of a new volunteer service was Mrs. Velma Barbeau of East Detroit, who organizes and now coordinates volunteer services in the emergency center and the intensive care unit.

Special recognition was given to Mrs. Ottilia Lutemberger who has been a volunteer since the hospital's opening in 1952 and who, at 86 years of age, is still one of the hospital's most active volunteers.

Mrs. Ellamarilyn Smedley, R.N., was cited for her most valuable contribution in organizing and coordinating the drug abuse program which is staffed entirely by volunteers, including health care professionals and laymen.

Honored at the dinner were recipients of special service awards for long and devoted service. Leading the recipients in the number of volunteer service hours was Mrs. Camille Kenney who received an engraved watch for her contribution of 12,800 hours in 15 years—the equivalent of six full-time work years.

Receiving pins for 8,000 hours of service were Marie Ensten and Marie Miller. Other awards included Anne Elwart, 3,000 hours; Isobel Brennan, 2,000 hours; and Richard Bone, Catherine Fisher, Lola Kettner, John McPhee, and Joanne Ramaut, 1,000 hours.

The adult awards were concluded with the presentation of certificates of appreciation to members of the Cheer Group who, for many years, have met weekly to make tray favors for patients on 11 holidays each year. Receiving these certificates were: Mary Bodle, Lucille Gartung, Tillie Lysaght, Mary McCann, Katherine Madison, Edith Millar, Elizabeth Mondock, Beverly Moreno, Catherine O'Neil, Rose-

meary Scheid, Adele Studer and Marie Ensten.

Mrs. John Douglas, director of Volunteers for the hospital, reported that in the year ending March 1972, 230 adult volunteers contributed 30,364 hours, 22 Red Cross volunteers gave 6,488 hours, and 150 juniors donated 19,807 hours of volunteer service for a grand total of 56,459 hours. This is a 17,334 hour increase over the record established last year and ranks second in Michigan in hours of volunteer service at a hospital.

To express their appreciation for the hospital's enthusiastic support of the volunteer program, a scroll containing the signatures of more than 300 volunteers was presented to James T. Farley, president, by Richard Bone.

Speaking on behalf of the hospital, Farley expressed his appreciation to the volunteers for their unselfish contribution of their time and talents.

**'Mighty Mo'
Star at Defer**

The adage "better late than never" holds true for "Mighty Little Mo," 10-year-old Maureen Crandall of The Park who led her class to the Defer School Fifth Grade basketball championship in February. The NEWS only recently received information of her cage heroics.

Maureen scored 18 of her team's 24 points in the final game. Although she was the smallest player on the court at 4' and 59 lbs., Maureen, who played only two of four quarters, was the leading scorer for the entire tournament.

**Police Rap Adult Cyclists
For Safety Law Violations**

By James J. Njaim
The Park Police Department inspected the bicycles of more than 1,100 students at St. Clare de Montefalco, Defer and Trombly schools, and will award bike accessory prizes to winners this week, it was disclosed by Sgt. George Blair, School and Traffic Safety officer, on Monday, May 29. The inspections were conducted during May, traditionally designated as Bicycle Safety Month for the Pointes and Harper Woods.

Blair, aided by other policemen of the department, inspected two-wheelers owned by the pupils of the three schools over a period of two weeks. On completion of the check-up, the sergeant gave the students lectures on the reasons for the inspections and talked on safety rules governing the operation of bikes. Also, he said, he asked the children to "do me a big favor and pass on the information on bicycle riding safety to your parents."

"When I spoke to the children at the schools, I indirectly addressed their parents also," the sergeant said. "The talk was not only for the kids, but for ALL adults riding bikes. "Bicycling has become a national pastime, for reasons of fun and health. But, it is amazing to note that some adults are among the most flagrant violators of bike safety rules and regulations.

"Many persons are unaware that there are State laws, as well as city ordinances controlling the operation of bicycles. The State law comes under Section 257-657 of the Public Acts of the Motor Vehicle Code, which states that 'every person riding upon a bicycle upon a roadway shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of a vehicle by this Charter, except as to special regulations in this Article and except as to provisions of the Chapter which by their nature can have no application.'"

The sergeant pointed out that local laws require that ALL legally owned bikes

should have license plates and should be registered with the police department of the owners' respective cities.

Blair said he pointed out one falacy regarding the operation of a bike on the street, and that is many adults and children pedal their two-wheelers, facing oncoming motor vehicular traffic. This may have been the rule some time ago, he stressed, but traffic safety studies show that more people have been hurt on bikes by cars as they rode "facing" traffic. Cyclists MUST ride on the right hand side of the road, WITH traffic, not AGAINST.

The same State and local laws governing the operation of motor vehicles, also apply to the operation of bikes, the sergeant stressed.

Cyclists must stop for stop streets, traffic signals, give a signal when making right or left turns, have a headlight on the front of the bike, a light or reflector at the rear, and proper brakes. In other words, not only obey all the laws, but also see to it that their bicycles are safety equipped.

Parents should set the example for their children, but many of these adults, including many riding with their families, almost seem to be indifferent to the safety laws.

"How do you expect the children to operate their bicycles safely when they see their parents or other adults completely ignoring the rules of the road?" Sgt. Blair asked. "This is why I asked our school children in my lectures to do a big favor for me, and pass on the information of my lectures to their parents."

He said he is urging parents and guardians to impress on their children the rules and regulations of bike safety. One of the most flagrant violations, especially among the children, is the riding of two on a bike, he pointed out.

He also pointed out that adults will be ticketed for any bicycle violations and will be cited for court, and children will be issued tickets which they must present to their parents informing them of the breaking of any particular rule or regulation, and these children will appear, with the parents, at the Police Department, or Juvenile court, for a lecture.

CHECK POLLUTION

The seasonal push to hold down insect populations in home gardens can be safely done with little pollution fallout through the use of oil sprays, bordeaux mix, sulfur, nicotine, pyrethrum and rotenone. The widespread use of pesticides, chlorinated hydrocarbons and broad spectrum pesticides is one of the main sources of pollution.

For a complete list of the good guys and the bad guys in the pesticide category call ECOLINE-879-1333, on Wednesdays and Fridays, from 9 a.m. to 11 a.m. and Tuesdays and Thursdays, from 4 p.m. to 5 p.m.

Little League Results

G. P. PARK
By Mark O'Keefe

The Park Little League has less than two weeks remaining in the first half, but races in all divisions are hectic.

The major league National division is led by the Pirates, (6-1), who knocked off the Braves, (2-5), 5-2, and downed the Dodgers, (1-6), 6-3, on the strength of Jim Parsons' home run.

Then the Giants, (5-2), edged the Braves, 10-8, and smashed the Cards, (3-4),

18-8, as Chip Owen hit a two-run homer. The Redlegs, (4-3), got three hits from Rudy Vandebroek, and beat the Dodgers, 9-3.

In the American division, the Yankees, (5-2), moved into first with 8-7 and 12-0 wins over the Orioles, (2-5). Mark Van Sile's bases loaded single won the 8-7 contest.

The Senators, (4-3), won three straight to move into a three-way tie for second place. After belting the Indians, (2-5), 15-2 and 10-4, they squeezed by the Orioles, 6-5.

Meanwhile, the White Sox, (4-3), defeated the Athletics, (4-3), 8-5, and then the Yanks, 7-5, with a Johnny Starks homer. The A's, behind Andy DeForest's two-hitter, beat the White Sox, 14-4.

The National division of the minors now has a tight race after Navy, (6-1), beat Iowa, (0-7), 27-21 and 19-9. Kevin Tate, Alan Lockhart and Scott Stephens all homered in the second game. Dave Thill hurled a no-hitter against Illinois in a 5-2 game.

Like Navy, Northwestern also is 6-1. They beat Minnesota, (4-3), 17-8, as Jeff Schneider hit a four bagger. A grand slam by Mark Mallard helped edge Air Force, 13-12.

Ray Smith was the hero in two games for Minnesota as he homered in a 12-11 win over Northwestern and smacked two more round trippers in a 14-2 win over Iowa.

In the American division, the Marines, (6-1), routed Ohio State, 29-10, by countering two homers by Lee Wells, with John Beaudoin and Mark Kenny homers. Kenny and Chris Olson hit round trippers to beat Hawaii, (6-1), 11-6.

Hawaii then downed Michigan, (2-5), 12-8, with four baggers by Steve Rioux and Jerry Kelly. Ohio State, (3-4), beat Army, 14-11, on the strength of Jim Sullivan's three-run homer. Michigan routed Michigan State, 15-4, in spite of Eddie Fish's grand slam. Fred Dodge fanned all nine batters he faced for the winners.

Louisville defeated Newark, 9-1, on a fine pitching performance by Mike Bryk Monday, May 22, in Farms AAA league action. Mike, starting his first game of the year, allowed only one hit while fanning 16 Newark batters. The only hit was Charlie Fromm's single off Mike's glove. Louisville, who had only singles by Tom Peters and Steve Bonior, scored most of their runs on walks, stolen bases and passed balls.

Portland clinched the first half title in a 13-4 stomping of Denver Tuesday, May 23.

In a big team effort, Sacramento fought back from an 8-4 deficit to edge Hawaii, 9-8, Wednesday, May 24. Steve Stanitzke's three-inning, shutout relief pitching, and timely hitting by Tom Waterfall and Bill Rappman, led to the win. John Berg homered for Hawaii.

Then Hawaii sent Newark to their second loss of the week, 16-6, Thursday, May 25.

Final first half standings finds Portland "number one" at 6-1, followed by Phoenix, 5-2; Louisville, 4-3; Newark, 4-3; Sacramento, 3-4; Hawaii, 3-4; Denver, 2-5, and Hollywood, 1-6.

In Farms Major League action for the week beginning Monday, May 22, the Pirates suffered their first defeat of the season but still remain in top spot. The Yanks, behind winning pitcher Rick Baker who also was the hitting star, handed the

"Bucs" their only loss so far.

Highlights of the week include Cleveland's 10-3 win over the Giants as winning pitcher Chick Taylor fanned nine. Len Bartoschewitz smacked a three-run homer.

The Yanks, again behind Rick Baker who homered and doubled, swamped the Phils, 24-0. Bob Baker hurled a two-hitter for the winners.

Then the Pirates, behind the five hit pitching of Craig Higgins and John Knipp's hitting, beat the Red Sox, 11-4. Knipp homered and doubled. Basil Johnson homered for the Sox.

In a well-pitched ball game, the Tigers beat the Giants, 3-0. Dean McPhail was the winning hurler, while Marc Hayes took the tough loss.

Meanwhile, the Indians clubbed the Reds, 17-3, as Chick Taylor and Tom Graves homered for the winners, and John Haase had four hits. John Case was the winning pitcher.

The Phils came from behind to edge the Red Sox, 12-11, as Randy Brewer was the winning hurler.

In league standings, the Pirates are 8-1 and are followed by the Indians, 7-2; Tigers, 6-2; Yankees, 6-3; Phils, 3-6; Red Sox, 2-7; Giants, 2-7, and Reds, 1-7.

The Cubs, led by the two-hit pitching of John Fitzgerald, who also drove in two runs, beat the Dodgers 6-1 Tuesday, May 23. Fitzgerald was backed up by excellent defensive play by catcher John Wade, Sean Cohan, Rich Feters, Tom Borland, Tim Lane, and Tom McHugh.

In the minors the Giants, aided by three home runs by pitcher Tim Finkenstaedt, Kurt Forrester, and John Doerer, defeated the Astros 10-8 Monday, May 22. A triple by Jeb Lipson, a double by Forrester, and singles by Finkenstaedt, John Onstwedder, and Tom Campbell, along with the three homers, were too much for the Astros, in a hard-fought and well-played game.

Two days later the Giants won their fifth straight game, beating the Pirates, 14-4, behind pitcher John Doerer, who struck out 14. Catcher Tim Finkenstaedt collected two singles and a triple and Kent Forrester a homer. For the losers, Sean Brophy had a triple and a single.

The Phillies defeated the Pirates, 13-4, in a game called because of darkness Friday, May 19. The Phillies collected 13 hits that included a home run by catcher Tom Gutath and a double by pitcher Pete Tobin.

The Phillies beat the Senators, 7-3, Saturday, May 27, with Pete Ruffner pitching. Doubles by Tom Gutath and Mike Guthat and singles by Ruffner and Pete Tobin gave the Phillies a 3-0 first inning lead, which they ultimately improved upon. The Phillies sewed it up in the sixth on a triple by Gary Cornille, a double by Dave Kelly, and a single by Andy Montague.

CARS VANDALIZED

City police received a report from Thomas Young, 806 Loraine, on Sunday, May 28, reporting that sometime the previous evening someone broke the aerial off of a '68 Dodge which was parked in front of his home. The car belonged to Albert Trowell, 319 Kercheval. Mr. Young also reported that a fuel capsule from a toy rocket was thrown into his '68 Pontiac which was parked in the driveway of his Loraine resident. The capsule burned a hole through the front floor mat of the car.

Confidence must get awfully tired of waiting to be restored. Experience and responsibility make conservatives of all of us.

VOTERS

YOU COULD LOSE THIS YEAR—WHAT YOU WON LAST YEAR

The entire community mobilized a year ago to eliminate the petty bickering and name calling that had characterized School Board meetings for the previous four years.

One of the largest votes ever, elected Bill Huetteman and Bob Warner.

While the past years has brought unprecedented problems from outside forces such as busing, law suits, and financial cut backs by the State, at least our own School Board has been able to direct their energies to education and problem solving.

If you've attended School Board meetings during the past year, you are aware there has been honest disagreement. This is healthy, and the way it should be. The discussion have been productive, many votes split, 5-2, 6-1, 4-3, but the Board has been unanimous on such basics as opposition to busing.

There is a real threat in this School Board election that this same deviousness and obstructionism could again become part of our School Board.

Make it a point to meet the candidates. Look carefully at their qualifications and past history of interest in the schools (or lack of it) then VOTE MONDAY, JUNE 12th FOR SCHOOL BOARD TRUSTEES.

Girl Injured In Bike Fall

Farms police and firemen rushed to the Chalfonte and Manor intersection Monday afternoon, May 22, on the report of a bicycle accident.

At the scene, they found Kathleen Heaphy, 15, lying in the street being attended by three persons. The Farms police directed traffic as the three persons, two FBI agents and a South High teacher administered first aid until the arrival of the Farms firemen.

The firemen took the victim to Bon Secours Hospital where she was treated for a fractured skull and a brain concussion. She is currently listed in fair condition.

Witnesses said that the victim had been riding without holding the handlebars of her bicycle and had run into a pedestrian. Both fell to the ground, and the girl hit her head. The pedestrian was not injured.

The girl, a student at South High, is the daughter of Mr. and Mrs. Leo G. Heaphy, of 405 Cloverly.

SPEAK OUT ON THE CAMPAIGN ISSUES

- **REPRESENT TOTAL COMMUNITY:** voter unrest, anger and frustration is directed at those "rubber stamp" School Board Members and Administrators who they feel are more responsive to the wishes of power-hungry special-interest groups than to the total community. Fred Rogers and Edith Wilson are responsive to the total Community and will truly represent you. This means they will be labeled "devisive" by the "rubber stamp gang".
 - **"FREE-SPENDING":** Free-spending attitude of the "rubber stamp gang" must be stopped. Budgets must be factual and firmly controlled, with all fat trimmed. Inefficient money management is wasteful and robs the students.
 - **BUSING:** School taxes should be used solely for education—not for busing, which is a sly trick to steal educational dollars and use them for racial homogenization. Every legal mean: should be used to prevent busing and to insure that our schools are for the children who live in the community. Now the "rubber stamp gang" is jumping on our bandwagon by claiming to be against busing.
 - **QUALITY EDUCATION:** Our good school system could be outstanding with no additional expenditure. Emphasis on the fundamentals in elementary school, early correction of learning problems, curriculum development - not experimentation could improve the quality level.
 - **LOCAL CONTROL:** Residents of our school district must retain the responsibility and authority to operate our schools as they see fit to insure the best possible school system. Local control means control by the voters through their School Board representatives who reflect the wishes of the total community.
 - **PROPERTY TAX RELIEF:** Property taxes have soared so high they are almost confiscatory; largest portion of property tax is for schools. School funding must be stable, yet equitable. Prompt relief from the heavy property tax burden is a must.

SPEAK OUT ON BUSING

School taxes should be used solely for education — not for busing, which is just a ruse to steal educational dollars and use them for racial homogenization.

JUDGE ROTH'S DECISION

U.S. District Judge Steven Roth is expected to order wide-spread cross-district busing between Detroit and the suburbs, including Grosse Pointe. Most experts are convinced that this decision is eminent. Insiders believe there is not enough time for the entire busing plan to be put into effect this fall, but that Judge Roth will order limited busing to be put into effect by September... and full busing the following year.

PROMPT APPEAL URGENT

The Grosse Pointe School Board should promptly appeal this decision. In fact, every legal means should be used to prevent busing and to insure that our schools are for the children who live in our community. (Now, even CFE candidates, Hanpeter and Snow, have joined our lead and are claiming to be against busing.)

Bruins Finish 'Plus' Season

The Grosse Pointe Bruins, successful season with a recent party at the home of coach Dr. Telly Mascarin. The team celebrated a very suc-

is made up of the best nine and 10-year-old players in The Pointes.

At the party, the team reviewed their accomplishments of the 1971-72 season. Of the 111 games they played, the Bruins were 63-35-13. They beat or tied nearly every top squirt team in Michigan, Illinois and Ontario.

The Bruins were winners in three tournaments: the Chicago Minor Hawk, the St. Mary's, Ont., and the Longbranch, Ont. And they were runners-up in the State District Three and the Ecorse tourneys. In the finals of the Tri-County League first division playoffs, the club finished in a second place tie with Slator behind the first place Hussey's Hawks.

Handsome trophies were presented to each boy by Dr. Mascarin for their excellent teamwork all season long. The boys receiving trophies were Ben Amore, Joe Brykalski, Matthew Costello, John Davies, Rob Fredal, Tom Hastings, Drew Mascarin, Kevin Moore, Brian Moody, Jim Morris, Matt Rossetti, Bill Seaver, Scott Seaver, Joe Sehee and Alan Taber.

Captain Kevin Moore presented engraved gifts of silver to coach Mascarin, assistant coaches Dave Seaver and Gino Rossetti, manager Cab Morris and equipment manager Pete Sehee. Mascarin, Seaver and Rossetti also received a m decoupage plaques, with signatures, in appreciation for their many hours of guidance and leadership.

Woods Officers To Get Degrees

Two members of the Woods Department of Public Safety will receive their Bachelor of Science degree in Police Administration Tuesday, June 20, from Wayne State University. They're John Kendall, liaison officer to South High School for the Youth Service Division, and patrolman Frederick K. Lovelace.

Donald B. Coats, department director, in expressing his congratulations to both men, noted that the department now has six members who have received Bachelor's degrees, plus a number of other personnel who are working toward their diplomas.

Robert A. Lothian, director of police administration at WSU, said in a letter to Mr. Coats, "It is indeed rewarding for those of us involved in the program at Wayne to observe students such as Patrolman Lovelace, (and Mr. Kendall), clearly demonstrating a sincere interest in improving their capabilities as law enforcement officers."

Mr. Kendall joined the department in August 1970, while patrolman Lovelace became a member in January 1972.

Take Jewelry Worth \$5,600

Numerous items of jewelry with a total approximate value of \$5,600 were taken from a Shoreham road residence. Four \$20 bills also were taken.

Officer Thomas Hunke of the Woods Police Department received a report Tuesday, May 23, from the resident who returned to her home after two days away and discovered the following items missing from her jewelry box:

One lady's diamond watch and band, approximate value, \$2,600; one diamond ring with emeralds, \$2,200; one finger diamond ring, \$400, and one diamond earring set, \$400.

The culprits are believed to have entered the house through unlocked doors. No sign of forced entry was noticed by the resident.

The Audi has the same steering system as the Ferrari racing car.

It's called rack-and-pinion steering. And it's the simplest, most direct, most responsive type of steering system any car ever had.

It's precisely this simplicity and directness that gives you such an uncanny feel of the road. And the better your feel of the road, the more control you have over the car.

Besides the Ferrari 512 racing car, the Audi has a lot in common with a lot of other great automobiles.

The Audi has inboard disc brakes just like the Porsche racing car. And front-wheel drive just like the Cadillac Eldorado.

The Audi has the same trunk space as the Lincoln Continental. And just about the same headroom and legroom as the Rolls-Royce Silver Shadow.

Our interior looks so much like that of the Mercedes-Benz 280SE,

you can hardly tell them apart.

And as for service, you'll get the same kind of expert service that a Volkswagen gets. Because a Porsche Audi dealer is part of the VW organization.

You don't hear about a car like the Audi every day. A car that in many respects bears a remarkable resemblance to some of the finest cars ever made.

That's why we don't think we're asking a lot of money for the car.

The way we look at it, it's a lot of cars for the money.

What Goes On at Your Library
 By Virginia Leonard

I attended a meeting recently where each member was asked to tell something about her favorite travel book or books. Since I'd been rushed, worked all day, and, as usual, had forgotten that this was not only a potluck affair but a discussion of travel books, I arrived empty-handed, except for my contribution to the communal meal!

But the mental wheels began turning during the meeting. What, really, is a travel book? Does it have to be in the Dewey decimal classification from 910-919? I grant you that many fine books of this type are found there and I have many times urged you, in previous columns, to go there to find material, guide-books perhaps, on certain countries or parts of the United States. From the practical point of view, these tell you where to find good hotels, out-of-the-way places to explore, where to get a good meal, expensive or inexpensive, bits of history about your areas of interest, what clothes to wear, etc.

Then there is the more personal type book of reminiscences. Emily Kimbrough and Cornelia Otis Skinner used to handle this sort of thing deftly and humorously. Funny and interesting details usually come skittering out of these volumes.

Biographies can be travel books. The protagonists and other characters frequently move about, and you see countries and areas through their eyes or as a background material. If they don't move about you get an intimate and detailed description of where they live, thus gaining more than if you were making a quick tour where one spends a day or two only in each place.

Plays can turn the trick also. Haven't you "traveled" with Shakespeare, seen other modes of living in another country with Ibsen, or gone down South with Tennessee Williams?

"I traveled lonely as a cloud" with Wordsworth — poetry can whisk you so many places, vicariously, and if you let your imagination run rampant, you can visualize so many things.

Novels sometimes can be the best of all. With some of the classics you can see England as it used to be during various periods; be right in the thick of the French Revolution and see Paris and France many years ago. What of the Russian novels? (If you could wade through all their ghastly long names.) I never expect to get to Russia; I know I can attend travelogues or watch television and see many parts of this country, but they cannot do what ANNA KARENINA or BROTHERS KARAMAZOV can do if you turn your imagination on. Dickens there is an England you can no longer see; in HANS BRINKER there is an Amsterdam that is no longer exactly the same, but used to be, and it will always exist in your memory.

Juvenile books are fun to contemplate also. Wasn't it fun falling down the rabbit hole with Alice and being with her or all of her marvelous adventures? Did you travel with Tom Sawyer and Huck Finn? And what about SWISS FAMILY ROBINSON and ROBINSON CRUSOE — will you ever have a chance to "rough it" as you did with them? We can go a step further and journey with Miss Pickersell as she travels into outer space!

Science fiction can take us on some exciting adventures too. Here, of course, we run into situations that go into the future—trips which may be taken some day. But this is the same thing as the day-dreaming we all have done—just another form of traveling.

Travel can be world-wide; it may include one certain country; it may pertain only to a ghetto, a visit to the Detroit Zoo; or some part of your own neighborhood you have never explored.

What Can I Say?

How does it feel to be "claimed" by death, following a critical heart attack, and miraculously brought back among the living? How does it feel to know that during your time of crisis you discover that you have more friends than you ever dreamed, friends who worried and prayed for your recovery.

The first question is very difficult to answer and it is certain that no mere mortal can give an adequate reply. However, as to the second query, it is much easier to explain. It gives a person an exhilarating feeling to know that so many cared, and it was this feeling that contributed largely in helping me to recover.

Of course, ALL of the credit for my recovery goes to the Supreme Master Who in His infinite mercy decided that I should have another chance at life. His decision, aided by my personal physician, Dr. Hugh Henderson, the wonderful staff of doctors and nurses of St. John Hospital, who were ever hovering near in the Emergency Care Unit, when Death first "beckoned", moments after I was admitted, and the wonderful nurses, doctors and interns in the Intensive Care and Coronary Care Units, who did so much in helping me fight my way back to life.

I could sing the praises of the nursing staff at the hospital forever, and this would still not do them justice. They did so much to see to my physical and personal comforts. All I can say besides my thanks, for the moment at least, is "God bless them all."

I would be remiss in not mentioning my fellow co-workers at the NEWS office, if I did not include them among those who were so concerned during my illness and who hoped and prayed for my recovery. Read the masthead above for their names.

To the man whom I have affectionately called "Boss" during the 19 years I have been with the NEWS, to my colleagues on the NEWS staff, and to my many friends (what a great feeling this gives to write this phrase), I wish to express my sincerest and humblest thanks for their good wishes and their prayers. I only wish that I could express my appreciation to all, in a much better way, than with just a mere "Thank you", but I cannot think of a stronger expression at the moment. Of course, all my relatives, are also included.

With all my heart (I should say hearts, since I am a recipient of a pacemaker), I want to say, "Thank you and God bless you all!"

The Wm. R. Hamilton Company is in its second century of service to Detroit area families.

This tradition has developed through several generations of funeral service and now extends well into its second century. In most instances, The Wm. R. Hamilton Co. has served the same family for years. In others, new families of the area have turned to Hamilton in time of need. All know or find that the prestige, tradition and quality of a funeral at Hamilton's costs no more.

INTERESTING FACTS

There are several facts many people don't realize about "The Star Spangled Banner."

First, "The Star Spangled Banner" was not made our official national anthem by Congress until 1931 — which was 117 years after it was written!

And, Francis Scott Key wrote only the words — and not the music — to "The Star Spangled Banner." The tune is an old English drinking song, "To Anacreon In Heaven."

And, here's another interesting fact . . . When selecting carpeting several important things you should consider before buying. Household traffic patterns, number of people in household and what type is the best for your budget. Here's where we can help. The right carpet at the right price. That's what it's all about. Come in and say hello . . . ask questions . . . there's no obligation.

Hip, hip, hooray! — There'll be another old-fashioned Ice Cream Social at the Grosse Pointe Memorial Church, welcoming in another summer, this coming Monday, June 5.

The fun begins at 5 o'clock and lasts until 8. Made-to-order sundaes and heaping ice cream cones will be featured, as always, plus homemade cupcakes and coffee.

There'll be clowns, too, to add to the enjoyment on the Church grounds overlooking Lake St. Clair. If it rains, (heaven forbid!), the party goes in indoors, to Fellowship Hall.

New this year will be a corps of roving photographers, taking color shots for \$1 apiece, using Polaroid cameras courtesy of the Camera Center.

Admission to the Social is 60 cents for adults, 30 cents for children under 10. Everyone's welcome, of course . . .

Assisting general chairmen Mr. and Mrs. Greg Dangleis are Mr. and Mrs. Pete Dora, Mr. and Mrs. George Lewis, Mr. and Mrs. Doug Rasmussen and Mr. and Mrs. Tom Stevens.

Others helping with the Social are the Pat Bradys, the Frank Browns, the Bill Ehrlichs, Mr. and Mrs. Arthur Hillegas, Mr. and Mrs. Jerry Hines, the Don Hirts, Mr. and Mrs. Cort Johns, Mark Kiely, Louise Lee and the Chuck MacKinnons.

Another Tradition Continued

Hip, hip, hooray! — Once again the Grosse Pointe Garden Center will sponsor its Annual Horticulture Show, this coming Wednesday, June 7, in the Fries Ballroom of the Grosse Pointe War Memorial.

Entries must be in first thing that morning for judging, and the public is invited to come and admire from 2 until 5 in the afternoon.

Besides all kinds of wonderful poses and, hopefully, a vegetable or two, there will be a marvelous exhibit of Bonsai. Remember how breathtaking that was last year? Mrs. Harley Higbie, Boss Lady in the Bonsai Department, is counting on

Miss Court Married To James M. Wirth

William Courts Entertain at Reception in Their Barrington Road Home Following Their Daughter's Afternoon Wedding

Nancy Madeleine Court, daughter of the William Courts and granddaughter of long-time Pointer Mrs. C. Henry Haberkorn, Jr., who now resides in Detroit, was married Saturday, May 27, to James Marvin Wirth.

He is the son of the Marvin G. Wirths, of Balfour road, Detroit.

Mr. and Mrs. Court entertained at a reception in their Barrington road home following their daughter's 4 o'clock wedding in Calvin East United Presbyterian Church.

The Reverend Douglas Patton presided at the service, for which the bride chose an Empire-waisted white silk gown, fashioned with a lace-embroidered bodice, front panel and train. Her cathedral length illusion veil fell from a lace crown. She carried white roses, with baby's-breath.

Her attendants' Empire frocks were fashioned of azure lace, and they carried bouquets of bachelor buttons and white daisies.

Mrs. Karl Davis came from Watchung, N.J., to act as her sister's honor matron. Bridesmaids were Hendrieka Haberkorn, the bride's cousin, of Pine Lake, Stephanie Durham, another cousin, of Greencastle, Ind., and Pam-

ela Wirth, the bridegroom's sister.

Jacque Eastman, of Kent, O., the bridegroom's niece, was flower girl.

William Jackson, of Waterford, served as his cousin's best man, and in the usher corps were John Jackson, another cousin, Thomas Court, the bride's brother, and Don Carsey, of Rochester.

Mrs. Court chose a spring-yellow silk gown, accented at the neck with red, blue and yellow silk flowers, for her daughter's wedding. Her corsage was fashioned of bachelor buttons, poppies and daisies.

The bridegroom's mother chose a long white with gold gown and a corsage of white gardenias.

The newlyweds will return from a northern Michigan vacation to make their home in Detroit.

Pointer KEN KERBER has completed his year as editor of Ferris State College's student publication, the "Torch."

Inside The Mothers' Club

All members of the Grosse Pointe South High School Mothers Club Executive Board were thanked by President Mrs. Charles Beltz at their May 1 meeting for much time and effort put forth during the 1971-72 year. Mrs. J. Alfred Grow was given an extra nod of appreciation for her work as chairman of the scholarship tea and fashion show.

Tentative plans for a Walk-A-Thon in September were reported by President-Elect Mrs. Albert Dickson, who added that there were many details yet to be worked out.

Private interviews are completed and 31 applicants are being considered for Mothers Club scholarships, according to Mrs. Donald Briggs. A full scholarship meeting was held Wednesday, May 17.

Jerry Gerich Speaks
South High School's Principal Jerry Gerich was present to talk to the Board, and discussed the following subjects:

1. Extra-curricular activities — There are two parts to this program, and no money has been budgeted for 1972-73 for either one. The first area consists of counselors and department heads, the second of extra-curricular activities.

The Board of Education should provide funds for the first category. If the Board will also allocate some money for the second cate-

gory, which includes class sponsors, year book, newspaper and student association as well as athletics, intramural sports, drill team and cheer leaders, it will lessen the task of the Mothers and Dads Clubs.

Rather than having individuals donate to certain sports, Mr. Gerich would prefer to continue all programs and list by priority those in which the largest number of students are involved.

2. Educational Program — Registration is the next step, now that pre-enrollment for 1972-73 is completed, and seniors will register first. Students will have to go through twice, since both an austerity and a normal program will be necessary. Each now will be allowed to select his own teachers.

3. Time schedule — A new schedule is being devised to relieve over-crowded conditions in the school. Satellite libraries also may have to be created, because of no seating in the main library.

The proposed schedule would run from 8 to 3:54 o'clock, and would include eight periods of 24 minutes each, with six minutes for changing classes and a maximum of 65 classes per period. Students would be enrolled in four or five academic subjects.

Seniors, registering first, will attend the first four or five class periods. Juniors then will go from the second

period through the sixth, sophomores third through seventh and freshmen fourth through eighth.

During their vacant hours students will have the option of lunch, gym, study hall, library or learning centers.

4. Smoking rules—The new smoking regulations seem to be working out well, now that 18-year-olds have an open campus.

Honors Assembly
Faculty Representative Mrs. Benson McClure thanked the Mothers Club for their help during the year. Non-smoking rules are being enforced within the building, but smokers outside are causing a litter problem on the school lawn.

A combined Honor Society and Academic Awards Assembly will be held Thursday, June 8, at 8 o'clock, in the Gymnasium. New eleventh and twelfth grade National Honor Society members will be inducted. Honor cards will be presented to all senior members.

Thesauri, donated by the

Mothers Club, will be given to the top five percent of the class scholars.

Mrs. J. Ross Bush, program chairman, prepared plans for the Mothers Club annual meeting, which was held Wednesday, May 31, at 12:30 o'clock in the Grosse Pointe War Memorial Pines Ballroom. Names of students participating in the Arts and Crafts Display have been received.

Mrs. Stuart Cammett, Jr., bus chaperone chairman, announced that a total of 275 students and cheer leaders had been transported in six bus trips this year.

Spring Benefit Chairman Mrs. J. Alfred Grow reported that about 700 persons attended the scholarship tea April 26. Tickets were sold to 1,122. Guests were invited from Georgian East this year, and it was suggested that they be included again next year.

Post-Graduation Party
Mrs. Thomas Maurer, Twelfth Grade chairman, said that she had received \$280 in contributions from 40 individuals toward refreshments for the post-graduation party June 14.

The students are taking much of the party responsibility, and have selected the bands, are arranging for publicity with posters and a school banner, and are helping plan the menu. Rather than sending out invitations, students will be selling tickets.

The P-TA Council will co-sponsor the School Board candidate Rally, to be held on June 5, according to Mrs. Cedric Richner, P-TA Council Representative.

Board of Education Representative Mrs. Malcolm Denise reported that Dr. Joseph Spagnoli has announced the continuation of the summer school program, with higher tuition. In order to implement the reduced 1972-73 program, letters of termination are being sent to 67 persons.

Mrs. David Coolidge, Motion Picture and Television Council delegate, announced that the public was welcome at the Council's annual

District Nursing Society To Hear About Projects

Mrs. Roger Van Det Kar will open her Rivard boulevard home for the Wednesday, June 7, meeting of the District Nursing Society. Mrs. Robert C. Chope, of Hall place, president will chair the session at which reports of the group's service projects will be presented.

Mrs. Albert C. Dickson, of Ridge road, is chairman of

the knitting committee, which sends sweaters and scarves to Frontier Nursing Service in the Appalachian region of Kentucky.

Mrs. Herbert P. Bartlett, of Mount Vernon road, is chairman of the sewing committee, which has just delivered 60 infant layettes, 30 to Visiting Nurse Association of Detroit and 30 to

Frontier Nursing Service.

Mrs. Donald G. Blain, of Lake court, chairman of the Project committee, will detail the hundreds of dollars in camperships donated to youth social agencies in the metropolitan area.

Co-hostesses for luncheon which follows the business meeting are the Mesdames Frank J. Sladen, Frank J. Sladen, Jr., and Edward C. Hanpeter.

Fall Bride

Mr. and Mrs. G. Fred Jean, of Aline drive, are announcing the engagement of their daughter, CHRISTINE, to Hamilton O'Connor, Jr., son of Mr. and Mrs. E. Hamilton O'Connor, of Muskoka road.

Both the bride-elect and her fiance are Grosse Pointe South High School graduates. They plan a November wedding.

Will Wed

Mr. and Mrs. Paul VanDeGinste, of Nottingham road, have announced the engagement of their daughter, PAULA JEAN, to Kent Theodore Laursen, son of Mr. and Mrs. Theodore Laursen, of Marlette.

Necessity knows no law and it's the same with extravagance.

From Another Point of View

(Continued from Page 13)
dozens of unusual and exquisite creations again this year.

The Pointes a mass of flowering branches, pure heaven at this time of year, every year. Perhaps some local gardener will be entering some dogwood, or a white azalea branch . . .

All gardeners are urged to enter something in the community affair, to make it the greatest ever in 1972.

Masterminding the big and colorful Show is Mrs. Henry S. Walker, Garden Center Board president, with Mrs. John Veech and Mrs. Harold R. Smith "kind of" running things.

All Garden Center Board members are working hard for the big day, especially committee ladies Mrs. David C. Lowe, new member, Mrs. Edward J. Russell, Mrs. Mark C. Stevens, Mrs. Herbert D. Schmitz, Mrs. Earl I. Heenan, Jr., and Mrs. C. Bayard Johnson.

Coming From California

Arriving Monday to spend a few days in The Pointe are Mr. and Mrs. Hunt Lewis, of Sierra Madre, Calif., who will be staying at the Country Club while Mr. Lewis executes a number of commissions for his watercolor "House Portraits" that have met with such great success on the East and West Coasts.

Mrs. Lewis, the former Rosemary Street, is a niece of Mrs. Frank Allen Whitten, of Cadieux road. Miss Hope Whitten will give a small family dinner for her cousins, who will be guests of Mr. and Mrs. Richard B. Gushee, of Washington road, at the Country Club.

Mr. Lewis, a Princeton-trained architect and industrial designer, began a new career last year as a painter of distinguished houses and gardens. Two successful one-man shows have led to California commissions in Santa Barbara, Montecito, San Marino, Pasadena and in the San Francisco area, as well as in Lakeville, Falls Village, Norfolk and New Canaan, Conn.

The Young Meet The Old

Mrs. Kathleen C. Sullivan entertained some Very Special People last Thursday, opening her Audubon road home to her granddaughter's seventh grade class at Saint Clare de Montefalco School, showing them her collection of family antiques from Early Detroit, including iron household utensils and spinning equipment.

And how the young enjoyed meeting "the old" this way!

Mrs. Sullivan is an associate member of "The Block," the group of unique shops along Mack avenue in the Three Mile drive area whose annual Daisy Walk is scheduled this year for Sunday, June 11.

The Detroit Historical Museum is coming to The Block that day, bringing along a group of fascinating demonstrations, including a real, live blacksmith. All Daisy Walk sales will benefit the Historymobile, a project to transport school classes to the Museum.

Sundance Is Christened

In the middle of the beautiful, bright, blue Memorial Day weekend, Sundance, Thomas K. Fisher's Canada's Cup contender, was christened. And beautiful she was, flag-bedecked under the late Sunday afternoon sun, in her berth at the Grosse Pointe Yacht Club.

Spotted among the crowd, sipping cocktails as they admired the sleek new ship: Sylvia (Mrs. Navarre) Bennett, in a smart beige pantsuit . . . Beth (Mrs. Charles T., III) Fisher . . . young Tom Fisher and Sandy Martin, about whom you'll be hearing something in the next week or two . . . the Frank Pikus, "sizing up the competition." Their Aggressive, built in Scandinavia, is on the road now, from the East Coast, headed for her berth at the GPYC, and will be christened next Sunday . . .

Grand Marais Club To Meet

The Grand Marais Garden Club's next meeting is scheduled for Monday, June 5, at 10 o'clock. Members gather at the home of Mrs. Herbert Ewing in University place to embark on a nature walk, traveling to "Trillium Trail" of the Memphis, Mich., Nature Association.

Lucy & Charlie Brown

Make Great Comic Strip Characters . . . But Not School Board Members

It's a shame the CFE candidates take such a light, comic approach to the serious business of being members of the School Board — with responsibility for setting policy for the operation of our \$15 million school system.

And the "BEE" gimmick only reminds voters that they are tired of being bugged and might be stung if the Hanpeter-Snow slate were elected. Surely, they would represent CFE (the power-hungry, self-serving clique) . . . but would they represent the wishes of the people of the total community???

INSTEAD OF TWO COMIC CHARACTERS

We need to elect two sincere, dedicated people to the School Board who will truly represent the total community, not just be a "rubber stamp" for CFE.

After luncheon there will be a musical program by Mrs. William Johnson, followed by bridge.

Md. An August wedding is being planned.

Pioneer Fair At Fort Wayne

Built in the 1840's, Fort Wayne is one of Detroit's most historic landmarks, complete with dry moat, casements, tunnels, powder magazines, earthworks and a stone barracks building.

It contains a Sherman tank from World War II, a howitzer and a 40 mm antiaircraft gun from a submarine, plus Indian artifacts and many other features for the history buff.

The Fort will be setting for the second annual family Pioneer Day sponsored by the Detroit Historical Society Guild Saturday, June 3, from 10:30 to 3:30 o'clock.

The public is invited to come and have pictures taken with a dry plate camera, selecting an old-fashioned car or buggy for background and wearing dusters, to see free movies, taste sweet butter churned-while-you-watch, view the making of soap, the dipping of candles, quilting and embroidery, caning and rushing, spinning, weaving and wood-carving.

There will be games for the children and the Second Michigan Volunteer Infantry will be there. The Detroit Police Band will provide musical background for the festivities.

In keeping with an Old Country Fair atmosphere, there will be hot dogs, pop, coffee, penny candy and old-fashioned gingerbread boys. Free parking will be available.

Healthorama Opens May 31

More than 20 free health tests and immunizations are being offered at the United Foundation's second spring Healthorama, beginning on Wednesday, May 31, and ending Monday, June 5, at Olympia Stadium.

Starting at 9 o'clock each day, 500 adults will be admitted on a first-come, first-served basis. They will be checked for high blood pressure, glaucoma, hearing difficulties, cervical cancer, kidney malfunction and diabetes, and will receive oral health examinations.

Children may have immunization against measles, rubella (German measles), diphtheria, tetanus and whooping cough. Oral polio vaccine will be available.

Tetanus and diphtheria shots for adults will be given to those needing them. For the first time this year, Healthorama is testing for sickle cell anemia, which affects one in every 400 black Americans. Counseling is available for those appearing to have the sickle cell trait.

Healthorama coordinator is Edward W. Tuescher, executive vice president of the United Health Organization (UHO). Dr. William L. Simpson, of the Wayne State University Medical School, is medical consultant. UHO, a Torch Drive service, co-sponsors Healthorama with Women for the United Foundation.

Meadow Brook Features 'Folk'

Four contemporary folk artists will headline a series of Wednesday night concerts at Meadow Brook Music Festival this summer. Appearing will be Buffy Sainte-Marie, Arlo Guthrie, Mary Travers and John Denver.

All four are recognized both as talented musicians and articulate spokesmen for their generation.

The Folk Series, initiated last year at Meadow Brook, has become one of the Festival's most successful events, drawing thousands of enthusiasts to the natural wooded setting of Baldwin Pavilion.

Buffy Sainte-Marie opens the series July 12. An University of Massachusetts Philosophy graduate, Buffy is of Cree Indian heritage. For 10 years she has been singing her own songs of protest against war and expressing her concern for justice to a growing and increasingly sympathetic audience.

Arlo Guthrie takes the Meadow Brook stage July 19. A folk troubadour whose performance of "Alice's Restaurant" was one of the highlights of the 1967 Newport Folk Festival, he appeared in the movie of the same name and also was featured in "Woodstock." His albums include "Running Down the Road" and "Washington County."

Make a SPLASH! . . . in or out of the water with one of the lovely suits or cover-ups that just arrived at Walton Pierce. Mermaids never looked so chic in these one and two piece swim suits, in Classic, Grecian or midi stylings. Oceans of lively prints and rave-about colors too. Lots of other "Fun Fashions" too. . . perfect for these warm, sunny days.

Everyone Is Doing It . . . (well almost everyone.) They are adding Dura lashes one-by-one at Leon's. Miss Jamie, who is trained by the manufacturer and who taught at a well-known modeling school, will place these individual lashes on your lashes in any length or thickness becoming to you. The colors are brown and black. They last eight weeks with a bit of care. They can last longer. They cost fifteen dollars. You can sleep, swim, shower or sauna with them. Because they are placed directly on your lashes and not on the lid, the look is natural with or without make-up. Miss Jamie applies them by appointment, privately in a booth. For more information, call her or drop by at 17888 Mack Avenue . . . TU 4-9393.

MR. AND MRS. WILLIAM C. OSBORN, JR., ANDREA AND BILLY, OF BISHOP ROAD

By Janet Mueller

When the 1972 University-Liggett Carnival is over, the midway torn down, the rides folded up, the Food Tent and Old World Market Tent struck, Pat and Bill Osborn are leaving town. Separately.

Pat's taking their daughter, Andrea, and heading for Athens, Dubrovnik, Istanbul

Bill's taking their son, another Bill, (the Third), and going fishing.

It's not the End of a Marriage: Everybody will, of course, be coming home again, the Osborns continuing as a family in Bishop road.

It's just that, when Carnival's over, the Osborns plan to indulge themselves in a little, highly personal, indulgence.

For Pat, that DOESN'T mean fishing. For Bill, that DOESN'T mean Dubrovnik.

Necessarily. Right now.

Don't Misunderstand "We like to vacation," they say, "we" meaning the both-of-us, together. Florida's Sanibel Island is a favorite spot, for fishing, shelling and relaxing. Bill admits to being a fishing nut, and in the past the Osborns have enjoyed scuba diving, have experimented, successfully, with underwater photography.

"We try to get up north at least once a year, to see the (north) country."

And the Osborns have gone skiing en masse, as a family, although Pat and Bill have resigned themselves to the fact that "we'll never be more than beginners," and when Billy's Park Little League team, the Giants, is

playing, Pat and Bill are together in the bleachers.

They don't object to Togetherness. They enjoy it.

But this is the year, the summer, if ever, for indulging themselves in a little, highly personal, indulgence.

They Run The Show Pat and Bill Osborn are general chairmen this year of the University-Liggett Carnival, opening Friday, June 9, at the University School campus in Cook road, at 4 in the afternoon, and continuing until 10 that evening, running all day Saturday, June 10, from 10 in the morning until 10 at night.

Featuring a midway and 19 rides, including, back-by-popular-demand, the Merry-Go-Round with Calliope, and the Giant Ferris Wheel.

Plus separate Kiddie Group Rides, and the Food Tent, famous for its hamburgers, (and its cooks), and the new-this-year Old World Market.

Plus a Saturday morning appearance by — get ready for this, kids! — Bozo the Clown, Himself, In Person!

When the Christmas tree moved out of the Osborns' library last January, the Carnival paraphernalia, papers and flyers and looseleafs and charts and boxes of Carnival hats, and telephone lists, and who's doing what, when lists, moved in.

It's all still there.

Bill is president of Sillo-way and Company now. He is a director of the Society of Real Estate Appraisers, a past-director of Grosse Pointe City-Park Little League Football, a newly-elected trustee of the Luella Hannan Memorial Home, a residence for the aged.

He has ushered for many years at St. Paul Evangelical Lutheran Church. Pat served as chairman for two years of the Liggett Lecture Series, before the Grosse Pointe University School-Liggett merger. Afterwards, she and Bill worked for two years on the University-Liggett Antiques Show.

All For Scholarships For the past two years, and this year, they've been a Carnival Team, in charge, before the general chairmanship, of Scholarship Ticket Sales.

Scholarships are, after all, what the Carnival's all about. All Carnival-raised money goes to scholarships, and University-Liggett maintains a strong scholarship program.

"There's something I'd like to clear up right now," says Pat Osborn. "I think many people out here have the wrong idea about University-Liggett scholarships. They're NOT just for our own people, for Pointers—We bring in a group of students from all over the city, highly-qualified young people from many socio-economic levels."

University-Liggett has — WANTS — a cross-section of racial, ethnic, cultural, economic and religious backgrounds in its student body, a diversified student body, reflecting the diverse world.

School Also Gains University-Liggett admits it gains as much, perhaps more, than it gives via its scholarship program, for the boys and girls on scholarship enrich the entire student body, and their achievements bring honor to the School.

Gilt gold . . . or silver pieces that make memorable wedding, shower or graduation gifts. Richly elegant boudoir mirrors, brush sets, clocks, and candle holders. Stop by Notre Dame Pharmacy 16926 Kercheval Avenue to see the complete line.

It seems impossible . . . but Father's Day is just around the corner. For something different, why not see the beautiful mineral specimens for Dad at Ben's Boutique, 20327 Mack Avenue, Open Thursday and Friday until 9 p.m. . . . 884-8690.

What To Do . . . if you're planning to recarpet. Stop by at Maliszewski, 21435 Mack Avenue. We did and found just what we wanted because there's such a wide selection. Since we were planning painting, we asked Ed which comes first. He told us to paint the ceiling first, have the carpeting installed, then paint the walls. He gave us other helpful advice and we're logically and beautifully redoing a room.

It's Posh . . . Michael says . . . "The cut's the thing for '72. Nothing is more important to today's coiffure than a skillfully trimmed and shaped head of hair and while the kind of expertise it takes to execute a great hair cut is relatively rare, more and more crimpers are cropping up on the scene. The hair is cut and blown dry. Brush work (with a special round brush) gives the hair body and life." Where can you find superb crimpers? At the Posh Studio, naturally . . . call 886-1377 for an appointment.

Got a Grad . . . on your gift list? Mr. Mole has some ideas for Remembrands that are lasting and can be personalized. Gwen Frostie's books can be inscribed and are only \$4.50. Give him a glass bottomed pewter mug. Select an original art work and write on the back. Give a handsome wooden puzzle or a chess board, or a glass suncatcher. The Mole Hole . . . Mack at Three Mile "on the block."

Caswell-Massey . . . Arrived today with lavender sachets, pomander balls to hang in your closet and tuck in your drawer, lemony-lime colognes, sandalwood soaps and special gift boxes for that man in your life. Their favorite after-shaves and colognes like Jockey Club and Number Six are here, too. Come treat yourself (and him) today at A. J. MEYER PHARMACY, 16361 Mack Avenue.

Rings . . . Genuine stones set in precious gold. Opals, garnets, topaz, rubies, cameos, etc. Styles vary from contemporary to English antique. From \$24.00 and up. From London to you at Lee's Inc. 20339 Mack near Lochmoor Blvd. Open Friday evenings until nine . . . 881-8082.

They All Take Part Around it, through it, in the midst of it, move the Osborns. Billy, a sixth grader at Pierce, snatching up a new book of Carnival Scholarship Tickets, off on a new door-to-door selling campaign, Ann-Andrea is merely her "formal" name—working on her last University-Liggett assignments, (she graduates this June, and will be off to Skidmore in the fall), Bill and Pat, apex of a pyramid of 600 volunteer Carnival workers, University-Liggett parents, alumni, students and friends.

The Osborns took their first-born daughter, Leigh, to her first Carnival in a stroller. Leigh and the Carnival are both 22 now, and both have changed their names, the Grosse Pointe Country Day Carnival becoming the Grosse Pointe University School Carnival becoming the University-Liggett Carnival, Leigh Osborn becoming Leigh Strehler.

Steve Strehler was graduated from college in January, and he and Leigh have been traveling ever since, touring Europe and North Africa. They're due home, to settle down, this summer.

STRAWBERRY SHORTCAKE

Contributed by Mrs. S. E. Armstrong, of Westchester road

in University-Liggett's most recent graduating class of 63 students. Seven of the 10 were scholarship recipients.

To maintain a strong, sound financial aid program, (and not to maintain one, according to Trustee Scholarship Committee Chairman William Y. Gard, is to result in an independent school with an homogeneous student body — which, in today's world, is educational folly), takes a great deal of money.

University-Liggett's is the largest fun and fund-raising Carnival of its kind in the country.

Scholarship Ticket sales account for more than half the annual Carnival income.

Is Great Experience To work on Carnival is a hectic, harried, time-consuming, joyous experience. It can become an addiction.

Some U-L "parents" who haven't had a child in the School for years wouldn't dream of missing a Carnival volunteer stint.

Bill and Sue Boydell, last year's general chairmen, (they recommended Pat and Bill Osborn as their successors), are back again this year, she on the Manpower committee, he in charge of Security.

"We get great cooperation from the School, too," Pat and Bill note. "From the office staff to the maintenance man, everybody works."

University-Liggett's Art majors, (Andrea Osborn is one), under the direction of instructor Donald Schrom, are creating murals for the Old World Market's Book (and Record) Nook, Pantry Shop—featuring for the first time this year frozen dinner casseroles—and Attic Treasures.

Masses of cut flowers will blaze in the giant Old World Market tent, and the volunteer workers will be bright islands themselves, all over Carnival, in red-and-white striped aprons, fashioned by Jean Whitford and her committee, and blue-banded straw boaters.

Police Cooperate The Woods Police will be patrolling the Carnival grounds. "They are very, very cooperative," Bill Osborn says, adding, so that no tax-payer can possibly mis-

understand, "and we DO pay for this service."

Admission to the Carnival is \$1 for adults, 50 cents for children 12 and under. Once in, it's fun-for-everyone, and everyone in town will be there. They always are.

You might see Carol Marant, bustling about her Old World Market. Carol's chairman of this newest Carnival venture.

You might see Alice and Bob Valk, Pat and Bill Osborn's general assistants. So far, Alice and Bob have done everything, been everywhere, worked like crazy—and kept smiling. The Osborns don't know how they would have managed without the Valks, (Well . . . they would have managed . . . but "how?").

Time To Enjoy Look carefully, and you're sure to see Pat and Bill Osborn. "We'll be there all the time." Working? Maybe, a little, but mostly enjoying themselves. "This is our time

to enjoy . . ."

They're entitled. And they're entitled, when it's all over, to leave town, separately, together, any way they want.

Ask any couple who's ever chaired a University-Liggett Carnival. When it's all over, that's the time to indulge yourself in a little, highly personal, indulgence.

Arriving from Pittsburgh recently for visit with MR. AND MRS. HAROLD H. EMMONS, JR., of Radnor circle, were MR. AND MRS. GEORGE M. NICHOLSON. The quartet enjoyed a Sunday dinner with friends at the Bedford road home of MR. AND MRS. HERBERT B. JOYCE.

"Women helping . . . other women" is an excellent way to describe a new project of the Grosse Pointe Branch of the American Association of University Women . . . The Branch has published, and is distributing, a booklet entitled "HELP! How to Find and Keep Good Household Workers," designed to benefit both employer and employee . . .

The authors . . . Franziska Greiling and Anne Parcels, are both Pointe Branch AAUW members, both wives of Grosse Pointe psychiatrists . . . Franziska, a graduate of the University of Michigan, taught high school in Highland Park for nine years. She and her husband have two daughters, 21 and seven months' old . . . Anne, a Smith College graduate, was once an interior decorator for Hudson's. She and her husband have five children . . .

As an aid . . . to the employer, "HELP!" answers such questions as: How can one find and keep good household workers? . . . How much should an employer pay, and what can she reasonably expect in return? . . . What laws affect the employer? . . . What are the penalties for ignoring these laws?

These queries . . . baffle the inexperienced young woman wanting to hire a worker—and sometimes puzzle even the experienced employe . . . Discovering that the answers were scattered, in the pages of various publications, in the files of various agencies, Anne and Franziska requested materials from and interviewed individuals in the Social Security Administration . . . the Internal Revenue Service . . . the Michigan Employment Securities Commission . . . the United States Department of Labor . . . the Household Workers Organization . . . and the National Committee on Household Employment . . .

Various newspaper . . . articles also provided good materials. The content of the booklet was reviewed twice by the cooperative agencies and organizations, to insure accuracy . . .

"HELP!" is designed . . . to aid the employe, too, by suggesting how the individual employer can establish a considerate and businesslike relationship with her household worker . . . What is it, after all, about household work that makes people leave it? Demand is up, but 900,000 workers quit the field in the last decade, and have not been replaced . . .

Four factors . . . Anne and Franziska conclude, appear to be destroying the market . . . The first is Lack of Dignity, the second Disregard of Social Security Payments . . . The third and fourth are Uncompetitive Wages and Intermittent Employment . . .

And yet . . . as they note, "for all the women who complain about the difficulty of finding help, and good, dependable help at that, there are serene women who reply that they have found an angel: Efficient, thoughtful, dependable and a longtime employe" . . . These women don't need "HELP!" . . . But for those of us who do, the booklet may be found, sold at cost, 35 cent a copy, in many Pointe stores . . . including the Mole Hole, Ole, the League Shop, Sign of the Mermaid, Mister Sheridan Books, Fischer's Cards . . .

"HELP!" is also . . . available by mail, by sending 45 cents, for book and postage, PLUS your name and address, to Franziska Greiling, 533 Lincoln road, Grosse Pointe, Mich. 48230 . . .
