FIVE WOMEN HOSTAGES were rescued by Chicago police following a gunfight between policemen and a holdup trio. Two of the gunmen were killed and a third wounded. The shooting occurred during a 120-mile an hour chase, which ended when the getaway car crashed into a tree. The women were only slightly hurt, and an officer suffered a minor wound in the gunfire exchange. The gunmen, armed with a shotgun and two revolvers, robbed the Kiyo Japanese Restaurant of \$1,000.

PRESIDENT NIXON and Japanese Premier Kakuei Tanaka began their summit talks in Honolulu. A trade pact is expected upon conclusion of the meetings. The two nations hope to resolve trade and foreign policy differences by chatting about tourism and investment in Hawaiian construction. The two days of conference were to focus later on tensions created by the imbalance of trade, the Vietnam War and China policy.

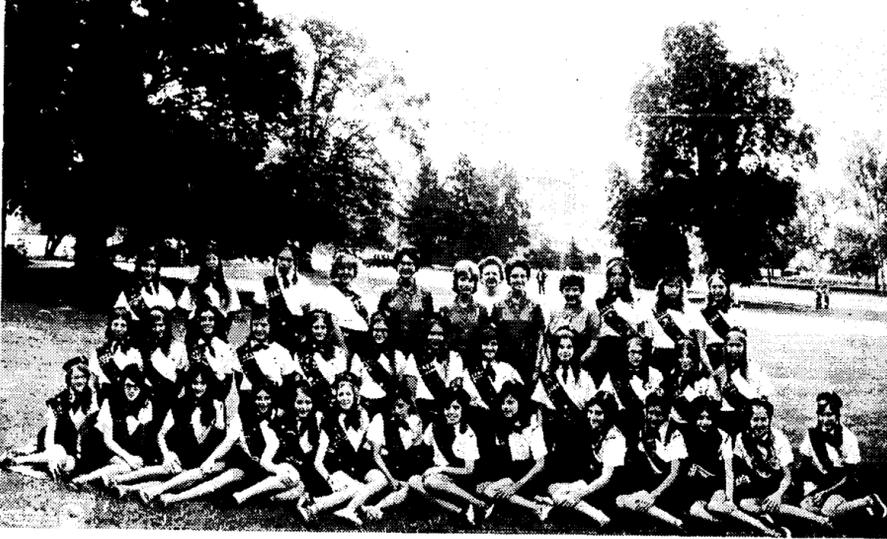

Saturday, September 2
PRESIDENT NIXON and Japanese Prime Minister Kakuei Tanaka jointly announced that the American-Japanese trade agreement reached in talks in Honolulu is a first step, but hardly the answer to the economic problems faced by the two allies. It is anticipated that a \$3.8 billion trade deficit will incur in the United States in the 1972 calendar year with Japan.

HANOI'S intention to release three American prisoners of war was hailed as good news by the White House, but President Nixon said the releasing of the three was only an "infinitesimal portion" of the PWs held in Indochina. White House press secretary, Ronald L. Ziegler said that the United States has pressed for release of prisoners in every form, private and public. He said there will be no rest until there is a complete account of all missing in action and release of all prisoners by North Vietnam. There was no indication why the three prisoners, Navy Lt. (j.g.) Markham Ligon Gartley of Kentucky; Navy Lt. (j.g.) Norris Alphonso Charles of Florida, and Air Force Major Edward Knight Elias, were singled out for freedom.

BOBBY FISCHER realized a 20-year dream when he became the first American in chess history to be crowned the world chess champion. Guests in formal attire ate their dinners on cafeteria trays last night at a Viking-style banquet, costing \$22 a plate, marking the end of a 21-game match in which he took the crown away from Boris Spassky, of the Soviet Union, who had held the title for more than 25 years. The party was thrown by the Icelandic Chess Federation, in Reykjavik, Iceland, where the match was held. Fischer offered a rematch to the loser. Fischer received a congratulatory telegram from President Nixon on his historic victory.

AIDED by a silenced burglar alarm three agile art thieves looted the Montreal Museum of Fine Arts of approximately \$2 million in paintings and artifacts, including a Rembrandt oil valued at \$1 million. The thieves, carrying shotguns, overpowered and bound and gagged three guards, according to police. The Rembrandt work, small enough to tuck into a folded newspaper, was titled "Landscape with Cottage." The pre-dawn theft was the biggest in the museum's 112-year history.

U-L School's Trip to Scout Jamboree New Term Starts Today

Ten New Staff Members Welcomed to Classes Which Are Filled to Near Capacity

A "Pot-luck" supper September 5 and opening faculty meetings September 6 and 7 heralded the new school year for University-Liggett School. Classes, filled to near capacity, began today Thursday, September 7.

Planning to continue the school's reputation for academic excellence, Raymond P. Robbins, Headmaster, shared some of his hopes and expectations for the coming year, stating that "... in the final analysis it is thought and intelligence plus feeling and compassion that most often result in constructive action."

University-Liggett School welcomes 10 new staff members whose impressive teaching backgrounds will enrich its 1972 program.

Deborah J. Garber will teach music in the Lower School. She has her A.B. in Music from Smith College, Mass., and completed her intern teaching at the Pelham School and at Amherst Junior High School in Amherst, Mass.

Also new to the Lower School is Pointe resident and Liggett alumna Constance Carrie Carmichael who will teach in Pre-Kindergarten and serve as Fourth Grade Teaching Assistant. Miss Carmichael has her B.Ed. (Continued on Page 4)

Trip to Scout Jamboree In England Gives Pointe Boys Memorable Summer

Members of Christ Church Troop Part of Specially Designated Group of 12 to Represent United States

A conversation with the Queen of England, Prince Philip, and Princess Anne... fun at the Devon County International Scout Jamboree in Torquay, England... a stay at the Lord Baden Powell Scout Headquarters in London... visits with families of the Sixth Exeter Scout Group... made for an unforgettable month for Eagle Scout Duncan Campbell and Life Scout Lee Cox of Troop 156-Christ Church.

Duncan is the son of Mr. and Mrs. Douglas Campbell, Jr., of Provençal road and is an eighth grader at University-Liggett School.

Lee, son of Mr. and Mrs. Bruce B. Cox, of Mount Vernon avenue, is a tenth grade student at South High School.

The boys were selected to attend the jamboree along with 10 other scouts from Southeastern Michigan by the Sixth Exeter Scout Group Leader Ralph Hortop last summer while they and Mr. Hortop were attending the Charles Howell Scout Reservation Summer Camp at Brighton.

A special travel group was authorized by the National Scout Headquarters for the 12 scouts and adult leader Arthur Crawford, a father of one of the scouts. They were designated the Michigan Wolverine Patrol to represent the United States at the Jamboree. (The Detroit group was the only American group to attend. The Detroit Area Council is the largest single council in the world and is composed

of some 85,000 scouts). The scouts traveled with a United States flag, donated by Senator Robert Griffin, and a Michigan flag, presented to them by Governor William Milliken. Both flags have flown over their respective capitols.

The boys also carried with them to attend the jamboree in English of officials from Mayor Roman Gribbs, Sheriff William Lucas and Mayor William Butler, of The Farms. A special Wolverine patrol flag, neckerchiefs and patches were especially designed for the trip.

Get New Perspective
The boys told the NEWS that the trip gave them a real perspective on the scope of scouting. They met scouts from 15 different countries. Practically all of the scouts spoke English, so there was no communication gap.

With a glint in his eye Duncan adds that the troops in Sweden and France are co-educational. Sorowfully he added, "The French didn't bring along any girl members, but the Swedish troop did. You know they wear the

Farms Files New Appeal With MERC

Still Regard Corporals as Supervisors; Protests Officers Joining Patrolmen's Union

By Kathy Duff
The city of Grosse Pointe Farms is appealing the recent decision of the Michigan Employment Relations Commission regarding the status of police corporals.

The Commission recently ordered the two Farms corporals, Ronald Wooten and Otto Glanier, to join the Farms patrolmen's bargaining unit, Grosse Pointe Farms Police Officers Association.

The Farms is contesting the decision, handed down by MERC trial examiner Schelomo Sperka, Monday, August 7. This time around, the question will be considered by a three-man board of MERC examiners.

Attorney Explains
In an interview with The Farms interview, John O'Meara stated that the city still believes the two corporals are invested with supervisory responsibilities. The entire MERC decision hinges on whether corporals are higher ranking officers, enjoying the responsibilities and privileges of supervisory officers, or whether they are essentially patrolmen occasionally substituting for a sergeant or lieutenant.

"The National Labor Relations Act clearly defines the responsibilities of a supervisory officer, and the two corporals are invested with those responsibilities," Mr. O'Meara stressed. He also said that his appeal contains itemized exceptions to the trial examiner's decision.

In particular, the attorney mentioned one clause of the definition of a supervisory officer, whether the officer has a voice in the hiring policies of the police department.

Difference of Opinion
The Farms claims that the two corporals do have a voice, whereas the attorney for the Patrolmen's Association, Winston Livingston, was able to convince the trial examiner that the corporals are not consulted in hiring practices.

"It's another spurious appeal by The Farms which refuse to acknowledge the Police Officers Association," Mr. Livingston termed the appeal. He also mentioned (Continued on Page 4).

Schools To Open Monday; Voting To Dictate Plans

Defeat of Millage Proposal Today Would Mean Austerity Rather Than Normal Schedules for Many Students

Dr. Theos I. Anderson, superintendent of the Grosse Pointe Public School System, reminds parents that the opening of the 1972-73 school year has been delayed until Monday, September 11.

Teachers will report for a two-day staff planning session today, Thursday, September 7, and tomorrow, Friday, September 8.

The change in the scheduled school opening was deemed necessary since the outcome of today's millage election will determine the student's academic and extracurricular programs at the middle and high school levels for the coming year.

Selections Made
Each student has made selections for both a "normal" and an "austerity" program, with the latter in effect if a one-year proposition for 1.2 mills (\$1.20 per \$1,000 of state equalized valuation—half the sale price of local real estate) is not approved by voters.

Other deviations from the initially approved calendar for 1972-73 are the following Christmas vacation, which begins December 23, has been shortened by one day. Classes will resume on Tuesday, January 2, 1973.

The last student attendance day for 1972-73 is June 14 and the last duty day for teachers is June 15.

Other important school calendar dates for the coming year are November 23-24, Thanksgiving holiday; April 20-27, spring vacation (with school reopening set for April 30); and Memorial Day, May 28.

Squirrel Bites Helping Hand

A Farms lady, driving down Kerby road, noticed an injured baby squirrel in the middle of the street, Sunday afternoon, August 27. Taking pity, she stopped in front of 160 Kerby, and attempted to move the little animal to the side of the road. However, the alarmed squirrel bit the woman's right index finger.

Realizing the possible gravity of the situation, the woman, Eleanor Carmody, 128 Hall place, contacted Farms police. The police advised her to contact her doctor and they took custody of the squirrel, later sending the animal to a laboratory to check for rabies. The tests proved negative.

However, the story still has an unhappy ending as the squirrel died.

Park Attendance Affected By Unseasonable Weather

By Pepper Whitelaw
The televising of the Olympic Games in Munich, Germany, combined with the unseasonably cold weather, resulted in poor attendance in local parks over Labor Day Weekend. The biggest day of the holiday weekend was Sunday, September 4, when the temperature rose to the mid 70s.

Woods' Park Director Don Halkman reports that on Saturday, September 2, some 187 persons went to the city park this year compared to 1358 in 1971. (Saturday's weather was rainy). He reports some 878 persons attended on Sunday, as compared to 4520 last year. Monday some 1768 persons turned out as compared to 1662 last year. The Woods

pool closes this Sunday, September 10. The park will close on November 1.
At Norbert Neff Park in The City some 107 persons were in attendance on Saturday, 431 on Sunday, and 833 on Monday. Last year's figures reveal that 427 attended on Saturday, 1916 on Sunday, and 787 on Monday. Park director Tom Gauerke told the NEWS that the City pool will also close on September 10.
Ed Lauer, Farms' Park Director, also reports a drop in attendance. Some 1375 persons were in attendance on Saturday, 917 on Sunday, and 1454 on Monday. For the same holiday weekend last year 1913 attended on (Continued on Page 4)

Help Needed By Schools, Libraries

Failure to Approve Propositions Would Seriously Change Lives of Many

By Pepper Whitelaw
Today, Thursday, September 7, is election day. The day Pointe voters decide the destinies of our public schools and libraries.

Voters will be asked to approve two one-year propositions. Proposition I, a 1.20 mill levy, (\$1.20 per \$1,000 of local state equalized valuation of real estate, half the sale price), will maintain the educational program offered by the school system at its current level. It will also prevent curtailments in the middle and high schools such as a reduction in course offerings, shortening of the school day by one period and elimination of extra-curricular activities.

Library Proposition
Proposition II is a 1.12 mill levy (\$1.12 per \$1,000 of the local state equalized valuation of real estate, half the sale price). Passage of this levy will provide operating funds for the three public libraries. Without voter approval, all three libraries (The Woods, Park and Central) will be forced to close in mid-September.

All qualified registered voters may ballot on both proposals.

Election polling places are the district's 10 public elementary schools. They include Trombly School, 820 Beaconsfield; Defer, 15425 Kercheval; Mairé, 740 Cadieux; Richard, 176 McKinley; New Kerby, 285 Kerby; Ferry, 748 Roslyn; Mason, 1840 Vernier; Montfeith, 1275 Cook road; Poupard, 20655 Lennox and Barnes School, 20090 Morningside drive.

Voters will cast their ballots in the elementary school district in which they live. Polls will be open from 7 a.m. until 8 p.m. Be sure and vote!

Park Gets Rid Of Motorcycle

By James J. Njaim

The Park has phased out its traffic enforcement via the use of a motorcycle, when the city council approved the sale of the Police Department's only two-wheeler to the highest bidder on Monday, August 28.

The successful bidder for the cycle, J. Scanlon of 2709 Capital, Warren, offered \$1,155 for the 1965 Harley-Davidson. The second highest bid was \$930.

City Comptroller Nunzio Ortisi said that Scanlan did not give his first name in full, using only the initial "J." A look in the suburban telephone directory indicated that the man's name and address and phone number was unlisted.

City Manager Robert Stone said that the Police Department has not used the motorcycle since last fall, at which time the city had purchased an extra scout car to replace it. The speedometer on the two-wheeler registers slightly more than 20,000 miles, he said.

The Park first purchased a motorcycle for better traffic enforcement in 1958, with Henry O. Coonce, who was made chief on August 1, as the first motorcycle officer.

The city manager said that Scanlan had stipulated that the total price of his bid include the sales tax, so that he could receive the title and license plate for the vehicle from the Secretary of State's Office, to which the council agreed.

Clinton Refuse Disposal Plant Gets Farms' Praise

By Kathy Duff
After receiving the minutes of a recent Grosse Pointes-Clinton Refuse Disposal Authority meeting, Farms Councilman Mark Stevens proposed a resolution commending the fine work of the authority. His suggestion came at the last meeting of The Farms Council, Monday, August 21.

The councilman was prompted to suggest the resolution by a special tour of the new \$4,000,000 incinerator given to the Farms Council on Saturday morning, July 29.

The tour was directed by the new supervisor of the Clinton Incinerator, Edwin Hoover, who was asked to run the project on the basis of his previous incinerator work in Cincinnati. He joined the Clinton Authority in June 1972.
Farms Mayor William Butler thought the resolution was a fine idea and added that the new incinerator met every ecology requirement set by the government.
Councilman James Mast added that the plant was engineered so that any new improvement in the field of incinerator technology could be later incorporated.
All these facts the councilman had gleaned on the incinerator tour, when Mr. Hoover guided them through the labyrinth of stairs in the (Continued on Page 4)

Scouts Have Great Adventure

Pictured, returning from the Devon County International Scout Jamboree, in Torquay, England, are Scouts of Troop 156-Christ Church: DUNCAN CAMPBELL, left, son of Mr. and Mrs. Douglas Campbell, Jr., of Provencal road, and LEE COX, son of Mr. and Mrs. Bruce B. Cox, of Mount Vernon avenue. The boys spent a month making international friends, camping, and sight-seeing.

(Continued from Page 1) same uniform as the boys." Lee said the uniforms differ vastly from country to country. "We were the only ones who had both summer and winter uniforms complete with our short pants. Most of the uniforms had long sleeves and the badges are sewn on the sleeve rather than on a sash." The boys also toured London and loved English food, but say the British have yet to discover the secret of a good hamburger.

Greeted by Queen
Perhaps the most exciting part of the trip was greeting the Queen of England, Prince Philip and Princess Anne, who stopped off from their Royal yacht to visit the College at Dartmoor, where the scouts lined the hallway to formally greet her majesty with snappy salutes. Lee and Duncan were lucky to be among the honor guard since only a few representatives from each country were selected.

The boys made many international friends. The trip just reinforced their love for scouting. Troop 156 of Christ Church, of which the boys are members, is 42-years-old. There are between 35 and 45 boys on the troop's active roster.

Led by Scoutmaster James W. Peters, the troop plans many outdoor and indoor activities throughout the year. The boys are enthusiastic about Scoutmaster Peters... "He's a bachelor and only 27-years-old... he really knows what the boys like to do."

Receive Compliments
The Christ Church Youth Planning Committee, at a recent meeting, complimented the troop and its leaders for the fine work it has done in reaching today's youth.

Big plans are currently in the making. Among them are sessions in scout advancements, camp-outs and preparations for the National Jamboree slated for later this year in Pennsylvania. This will be the first East-West jamboree and promises to be very exciting. "Our parents have really been supportive of the troop. Every other year they hold a Millionaire's Party, proceeds of which are donated to the troop for special ac-

Have New Handbook
According to the boys, this is going to be a particularly busy scouting year because a new and more colorful handbook has been issued with more badge activities. The handbook has also been updated. The uniforms have also changed. "We are getting red berets," smiles Duncan. Another notable change in the uniform is the wording over the pocket which currently reads Boy Scouts of America. Lee says, "After a survey, Scouting leaders found that scouts didn't like 'Boy' on the uniform." So now it will read, "Scout-BSA."

Both Duncan and Lee are avid scouts. They're hoping to add some new members to their troop this fall. To be eligible a boy must be 11 years of age or have finished the fifth grade. To become a scout he must commit to memory the scout oath and pledge. Troop 156 meets at the church every Tuesday evening from 7 o'clock until 8:30 o'clock. The first meeting is slated for September 12.

If Duncan and Lee are typical of the kind of scouts in Troop 156, new members

Two Drivers Hurt in Crash

Robert J. Phillips, Jr., 29, of 209 SE Third Street, Little Falls, Minn., was charged by Park police with careless driving on Saturday, August 26, when he ran into the rear of another car.

According to a Park police report, Phillips ran into an auto driven by Donald G. Harrison, 52, of 1383 Yorkshire, who was stopped for a red traffic signal at the Maryland intersection.

Phillips and Harrison each suffered minor injuries resulting from the collision, but both refused medical treatment.

Phillips, who told investigating officers that he was in the process of moving to Michigan, was issued a violation ticket for careless driving. He will be notified of the date for his court hearing.

T-Men, Park Police Arrest Pair on Marijuana Charge

Agents of the United States Treasury's Detroit Office, aided by Park police, arrested two suspects for illegal possession of narcotics on Friday, September 1.

According to information released by Park authorities, the agents notified the Park Department that they were executing a warrant for the arrest of a subject, name not given, living at 15420 Windmill Pointe drive. Two scout car crews went to that address.

While Park police were en route, the agents were unable to locate the person they sought, but did take into custody Joseph R. Sterbling, 31, and Donna Jane Nieb, 25, both of whom were in the house, and both of whom claimed to live there. The pair were in possession of what appeared to be marijuana, which the agents confiscated, it was said.

A test of the stuff verified that it was actually the weed, and Sterbling and Miss Nieb were arrested on complaints signed by one of the Treasury agents, who testified at a hearing held before Park Municipal Judge William E. Speer yesterday, September 6.

The man and the woman were arrested on warrants recommended by the city attorney and approved by the Wayne County Prosecutor's Office.

Sterbling and Miss Nieb were charged with illegal possession of marijuana under a local ordinance, and if convicted can be sentenced to 90 days in jail, fined \$100, or both, under the local law. The Treasury agents confiscated a late model Lincoln and a late model Corvette, found on the Windmill Pointe drive property, authorities said.

Woods Officers Receive Praise

Numerous commendatory letters are included in The Woods' City Administrator's report for July 1972. The letters were received by the Department of Public Safety and include:

"I would like to take this opportunity to commend Patrolman Jack Treppa for his quick action in recovering a stolen bike," (which belonged to the writer's daughter) . . . "I thought you would be interested in hearing of the alertness of one of your patrolmen; sometimes we hear too many complaints and not enough of the good deeds that are accomplished"—John S. Spring, of North Renard.

"A letter to Officer Donald Sun—"I would like to extend a sincere thank you for the very informative tour of your police department my friends and I received on June 8. Being strangers to your city, it was pleasing to encounter such friendly people"—Dennis J. Grinnell, of N. Tonawanda, N.Y.

"Regarding a bicycle violation issued by Officer John DeLora to a young girl—"Thank you for bringing to my attention, (via ticket), our daughter's unsafe bike-riding habits. We think this is a most valuable 'tool,' as no matter how often parents preach about these matters the children too often forget."—Gloria Stieber, of Saddle Lane.

"To the City of Grosse Pointe Woods—"I'd like to take this opportunity to tell you I have been grateful for all the services our family has received from the city and police department since 1949 when we first moved into Grosse Pointe Woods. It has been a fine experience living here"—Delores DeCoster, of West Doyle place.

"To Director Donald B. Coats—"I want to take this opportunity to commend to you the actions of Officer (Kenneth) Metcalf in helping my wife . . . when her car stalled at Mack and Eight Mile road. He took time to determine the problem, which was a ruptured radiator hose, and then personally summoned aid from a nearby service station"—Tom W. Bentzen, of Hollywood avenue.

William E. Bufalino, 79 Webber place, was charged with careless driving. He pled not guilty, was found guilty, and fined \$50 and \$25 in court costs. The defendant filed an appeal bond of \$100.

Break Window To Enter Car

Someone took goods valued at around \$130 from a car parked in the rear of Blazo's Country Fair Restaurant, 19299 Mack avenue, Wednesday, August 30.

Donald Anthony Belloli of St. Clair Shores told Woods public safety officer Frederick Lovelace that his left rear window was smashed to gain entry. Two pair of boots, about \$21 each, were taken, plus a pair of shoes at \$19 and a radio at \$69.

Farms Praises Plant

(Continued from Page 1) grey and yellow plant, topped by two smoke stacks emitting odorless steam. Even the two 300-ton refuse bins, which seem right out of Poe's "Pit and the Pendulum," lost their oppressiveness as Mr. Hoover explained the incineration cycle.

The site of the 600-ton per day plant is near Quinn road north of I-94, just past a distinctive soul food restaurant. The incinerator is said to incorporate the latest technology in furnace design, reducing organic residue to four percent. It has an extended passage where the gases are flooded with water to remove solids, a sophisticated scrubber with stainless steel fans and ducts to further clean the gases, and two re-lineable stacks. In April 1963 the 75-acre tract was purchased; ground was broken in February 1971.

The general public is invited to the dedication of the incinerator on Tuesday morning, September 11. After all, residents of the five Pointes, Harper Woods, Mt. Clemens,

Attendance

(Continued from Page 1) Saturday, 3367 on Sunday, and 1357 on Monday. Mr. Lauer said the Farms' pool will remain open a few more weeks depending upon the weather.

At George Osius Park in The Shores, Park Director Don Messing reports 259 persons in attendance on Saturday, 560 on Sunday, and 863 on Monday. Last year some 692 persons went to the park on Saturday, 450 on Sunday and 130 on Monday.

Attendance figures for Windmill Pointe Park were not available.

and Clinton Township footed the bill for the \$4,000,000 incinerator. By the tour date, the incinerator will be in full operation.

For those residents who are unable to join the tour, brochures will be available in The Pointe. Mr. Hoover promised that even the layman unschooled in the intricacies of garbage disposal, will be able to understand the Clinton incinerator from the brochure.

The Farms resolution commends the members of the authority, the physical plant of the incinerator, and the selection of Mr. Hoover as the new supervisor. A special note of appreciation went to Farms resident and former councilman Ledyard Mitchell, Jr., who has been the Farms representative since the project's inception.

File Appeal

(Continued from Page 1) that the Commission viewed the ratio of police supervisors to patrolmen. Once the rank of corporal was established a year ago, there was one supervisor to every two patrolmen.

The patrolmen have charged that The Farms is trying to weaken their bargaining unit by taking two members from their own union and placing them in the Sergeants and Lieutenants Association, an informal association of higher-ranking officers which has no written contract.

Chief's Decision
 The Farms states that it was one of Police Chief Robert K. Ferber's first decisions, when he came to The Farms, to restructure the department so that there would be three sergeants and three corporals instead of the five sergeants the department presently had.

The decision of the three-man MERC examiners board is expected in the next few months. Until then, the two corporals, Ronald Wooten and Otto Glanert, are to remain members of The Farms Police Officer's Association.

U-L School's Opening

(Continued from Page 1) making the student-teacher ratio even smaller than in the past.

With an already impressive record in all sports, U-LS looks forward to a particularly great season in basketball with the addition of Ed Lauer to its coaching staff. After 33 very successful years at Old Grosse Pointe St. Paul, Lauer, a graduate of the University of Detroit where he was captain of the basketball team, retired last year when St. Paul closed its doors. U-LS Boys' Athletic Director Bob Wood realized a long-time dream this fall when Lauer joined the University-Liggett staff. Said Wood, "Working with a man of Ed's vast knowledge, ability and experience is something that comes only once in a lifetime."

Other part-time athletic coaches are Peter Nicholas, Wrestling; Louis Scott, Assistant Track and Cross Country; Thomas Smith, Assistant soccer and Glynn Conley, Assistant Football coach.

1972-73 Parents' Association officers include: Lower School: President, Mrs. William W. Cunningham; Vice-President, Mrs. Walter B. Fisher; Secretary, Mrs. Raymond R. White; Treasurer, Mrs. Peter W. Stroh. Middle School: President, Mrs. William C. Boydell; Vice-President, Mrs. E. Paul Casey; Secretary, Mrs. John O. Hastings; Treasurer, Mrs. Stanley R. Day. Upper School: President, Mrs. John B. Watkins; Vice-President, Mrs. George E. Bushnell, Jr.; Secretary, Mrs. F. James Robinson II; Treasurer, Mrs. William E. Baubie.

David M. Backhurst has his B.A. in history and English from Syracuse University, N.Y., and has taken graduate work at the University of Massachusetts, Amherst. David's grandfather attended Grosse Pointe University School and his grandmother attended Liggett. He will teach English and Social Studies.

The U-LS Upper School will have five new faces. Renee Diamond, a Points native with her B.A. in History from the University of Michigan and additional graduate work in Library Science, will serve as Library Assistant. Douglas W. MacKelcan, Jr. comes to U-LS from Vassalboro, Maine, with his B.A. degree from Homart College, N.Y. He will teach Social Studies. A graduate of Michigan State University, Ellen Eisen, Detroit, will teach mathematics part time in the Upper School. U-LS students studying Spanish should find Stephen M. Foster, cum laude Amherst graduate, who majored in Spanish literature and history, a most interesting teacher. His junior year was spent in Spain on independent project researching the social, political and religious history of a group of merchants prominent in the fifteenth and sixteenth centuries. He was also a three-month guest of the "Casa de Velasquez" in Madrid, a residence primarily for French scholars and artists.

Mr. Foster has served as an Amherst College research assistant in Spain, as a Student Group Leader in Tepazco, Mex. and with a Unitarian University Service Volunteer Commit program in Mexico while teaching literacy classes to Mexican youngsters. Lynn Allan Christianson, a Claremont Men's College cum laude graduate in California comes to U-LS from Minneapolis, Minn. and will teach biology in the Upper School.

Three teaching assistants have also been hired to work with classroom teachers and children in Grades 1-5

GPHA Slates Registration

Fall brings the beauty of changing colors — and a most unusual combination of sports activities. Baseball is far from over, football is well underway and hockey? With the current series between Canada and Russia, skaters have had one of their earliest starts in years. On a local level, this atmosphere is apparent, too. The Grosse Pointe Hockey Association is conducting its registration for boys, six through 18 years, Saturday, September 9. The "signings" will be at the University-Liggett Field House, on Cook road, from 9 a.m. to 12 noon. Besides registration, those interested in coaching should also stop by as coaches are needed.

Pointers' Art Being Shown

Pointers Saralee Pearl and George Valenta will exhibit their work in paintings and drawings at the new Verve Gallery, 11149 Morang drive, from September 15 through September 30. Gallery hours are from 12 o'clock to 5 o'clock daily and Monday, Wednesday and Thursday evenings from 7 o'clock until 10 o'clock.

Miss Pearl is an art teacher at Brownell Middle School, who has had exhibits at the Flint and Midland Institutes. She was graduated from Michigan State University and earned her MA in art practice.

She has studied with Angelo Ippolito and Clifton McCheeny and is a member of the Scarab Club and the Grosse Pointe Artists' Association.

Mr. Valenta is a speech pathologist and audiologist in the Grosse Pointe Public Schools system. He received his art training at the University of Michigan and Arts and Crafts. His work has been exhibited in the student show at Alumni Memorial Hall in Ann Arbor.

This is Mr. Valenta's first public showing.

Woods' Divers Win Seconds

A Woods lad and lassie made their presence felt in the Michigan AAU outdoor age-group state diving championships held recently at Neff Memorial Park.

Mike Brown copped two second-place finishes in the boys' 11-12 three-meter and one-meter dives, while Cathy Brown was second in the girls' 10 and under three-meter dive.

Double winners in boys' action included Lansing's Jessie Griffin in 15-17 three- and one-meter dives; Grand Rapids' Steve Shockley in 13-14 competition; East Grand Rapids' Darby DeVoss in 11-12 action, and Ann Arbor's Bruce Kimball in 10 and under diving.

In girls' diving, Belleville's Aleta Rice was first in 15-17 three- and one-meter dives, while Birmingham's Allison Baum in 13-14 action, Grand Rapids' Tanya Maslak in 11-12 competition, and Mount Clemens' Lisa Rimar in 10 and under diving also were double winners.

'Discovery' Set For Unitarians

The Grosse Pointe Unitarian Church, 17150 Maumee avenue, will continue last year's popular "Discovery" program in its Sunday School this year. In addition, many new programs will be offered beginning September 10.

Following a 10:30 a.m. family worship service, elementary age children have a choice of "Discovering Art," "Discovery: Let's Pretend," "Discovery: Let's Play Biblical and Unitarian heroes; "Discovery: Are We Different?" a quest into dialect, customs and cultures of other youngsters, and "Discovering Your World. Naturally," an ecology unit. The middle schoolers will alternate between a course in "Decision Making" and another on "Man in the Universe." They also have the option to help as aides in the pre-school and elementary programs.

The pre-school program is extensive and offers the same variety as the other programs.

Police Not Overlooking Adults' Minor Violations

By Kathy Duff
 For any Pointe residents who felt cheated because he was too old to receive a Juvenile Contact Card from Farms Police, there is a new card in your future.

Farms police have recently issued a second citizen warning card, and this time the card is directed to any person who might be guilty of a minor law infraction. As with the Juvenile Contact Cards, the new warning cards are not records of arrest and are issued at the individual officer's discretion.

Farms Police Chief Robert K. Ferber said that the new

warning cards have been designed to fit all warning situations from traffic and parking violations to barking dog complaints. They will be issued when a policeman feels a warning is more constructive than an arrest.

Tailored to its more sophisticated clientele, the warning card is printed on glossy gold paper and shows a heavy black key. The key is to remind residents that "The key to successful law enforcement and the key to a good city to live in is cooperation from all our residents and visitors."

In the past, Farms officers often used photocopies

of city ordinances or hand written notes as warnings for violations.

The new warning cards are designed to fill the gap between an oral warning and the formal written warnings which go on file at Farms police headquarters. It is a physical reminder to persons that they have been warned of a law infraction and is also a bid for citizen cooperation.

"For example, the cards can be used when one side of a street is turned into a no parking zone. If a resident has been parking there for years, we don't want suddenly to issue a ticket for parking in an illegal zone. The warning cards could be put to good use there, as in connection with any new ordinance," Chief Ferber commented.

The Farms police department is to be commended for

its positive approach to law enforcement in its use of the Juvenile Contact Cards and the warning cards. Few persons break the law or create disturbances on purpose, and most are genuinely surprised when they receive a complaint of a barking dog or a warning of an unsafe driving practice.

So the warning cards bridge the gap between an oral warning and an arrest. And the cards, gold with black keys, are decorative for "When you care for someone, send the very best."

Crescent Club Sailors Win

The top junior sailors of this area, representing seven yacht clubs, manned nine Interlakes Sunday, August 27, to compete for the "J. Otto Scherer Memorial Trophy." Held at the Crescent Sail Yacht Club for the ninth consecutive year, the fleet was the largest ever to gather for this annual event.

The Crescent Sail Yacht Club team, skippered by Steve Crandall with Fred Pettit and Bruce Greening as crew, captured first place in an exciting three-race series marked by swiftly changing wind and weather conditions.

Placing second, was skipper Brad Ketal of the Great Lakes Yacht Club and crew members Bob Elkus and Arne Abramson.

Skipper Glenn Burton of the Bayview Yacht Club with Steve Bohn and Libby Schudel took third place.

An all-girl team from the Detroit Yacht Club skippered by Jeanne Dolson and crew Barbara Horist and Diane Skikiewicz, placed fourth.

Fifth place went to team number two from the Great Lakes Yacht Club. Their skipper was Lauren Abramson and crew, Elliot Rossen and Debbie Meyerson.

Tied for sixth place, were the Grosse Pointe Club team, with Dick Mitchell, skipper, and crew Lisa Black and Peter Swenson, and the Detroit Boat Club boat manned by skipper Pierre Belanger and crew, Bill Melville and Mike Melville.

Eight and ninth places, respectively, went to the Crescent Sail Yacht Club team number two—Tom Carbone, Mike Cazabon and John Leverenz, and the Grosse Pointe Club team number two—Trip Mitchell, Miles O'Brien and Lloyd Eccleston, Jr.

Commodore Herbert J. Mainwaring, chairman of the race committee, was assisted by Commodore George Saterly, John C. Groschner, William Sadler, Jo Dan Harting and Bernard Tonowski.

The trophy is named for the late J. Otto Scherer of The Park in recognition for his great interest in the Junior Sailing program and for the

outstanding contributions he of sailing for the youth in of the trophies was made by made in furthering the sport this area. The presentations Mrs. J. Otto Scherer.

It has independent front suspension like the Aston Martin. And the same amount of trunk space as the Lincoln Continental Mark IV.

It has front-wheel drive like the Cadillac Eldorado. And about the same headroom and legroom as the Rolls-Royce Silver Shadow.

The name of this remarkable automobile is the Audi 100LS. And what's even more remarkable about it is its price tag.

It's a lot less than you'd expect to pay for that many great cars.

Cinema League Meets Sept. 14

The Grosse Pointe Cinema League will launch its 18th season with a program to be presented by two of its founders, who were also the second and third presidents of the organization. Pierre and Elfrida Palmentier will show "Let's Go to Vienna and Budapest!" at eight o'clock, Thursday evening, September 14, in the Fries Auditorium of the Grosse Pointe War Memorial.

4 Sailboats

(Continued from Page 1) beside the sailboats at the time of the blaze's combustion. The chief also explained that either the dock or the club house shingles were treated with a preservative causing the black smoke. Many persons, seeing the petroleum colored smoke, believed the blaze originated in a fuel tank.

After the blaze was extinguished, the firemen, tired and covered with fragments of singed canvas, were occupied with rolling the 2,000 feet of water hose.

One fireman explained that it would have taken longer to pull the water from the Lake than to hook up the hose to the Lake Shore hydrant. Asked the extent of fire damage, he commented that the boat owners would have to inspect each boat individually.

The City of Grosse Pointe, on a mutual aid alert, contributed four men to the fire fighting effort. The City's two fire trucks stood by, but were not brought into service.

The camera moves from the Prater, with its huge ferris wheel of "Third Man" fame to the fantastic palaces of Schoenbrunn, Belvedere, and Schwarzenberg.

There are night shots of some of the sparkling store windows which confirm Vienna's reputation as a popular place in which to shop.

Side trips take the viewer to the site of the tragic hunting lodge of Meyerling, and to Heiligenkreuz Abbey, which figured so prominently in the deaths of the Crown Prince Rudolph and the young Baroness Maria Vetsera in 1889.

The Danube cities of Melk and Durnstein are visited before the War Memorial group travels behind the Iron Curtain to tour the historic old twin cities of Buda and Pest in Hungary. Featured here are some of the ancient buildings bordering the Danube River, as well as newer structures built since World War II.

The new officers of the organization will officiate at this meeting. They include President, Stewart Werback. First Vice-President, H. Thompson Stock. Second Vice-President, George Leggatt. Secretary, Mrs. Everett Tranbarger. Treasurer, Robert Downie III. Members-at-Large, Mrs. Jan Nyboer and Mrs. R. C. Stanley. Committee Chairmen are: Program, H. Thompson Stock and George Leggatt. Historian and Publicity, Mrs. Marshall E. Collins. Hospitality Chairmen are Mrs. Germaine Mullen and Mrs. Richard W. Pascoe.

Building Plea Hearing Slated

The Woods Council at the regular meeting Monday, August 21, unanimously set the date of Monday, September 11, for a Board of Appeals hearing on a request from Bessert Builders, Inc., 555 Saddle Lane.

Bessert has requested a variance in rear yard requirements to permit the construction of an addition to a residence at 903 Crescent Lane.

In a letter to City Administrator Chester E. Petersen, Brian E. Bessert said the owner proposes to construct a summer, unheated enclosed addition, (12'x16'), off his kitchen in the rear of the garage.

Mr. Petersen, in a letter to Mr. Bessert, denied the request for a building permit application as based upon the current rear yard requirements as found in a section of Zoning Ordinance No. 88.

Alert Neighbor Prevents Theft

A watchful neighbor assisted an Oxford drive resident by preventing two white males from taking her patio furniture Thursday, August 31.

The resident told Woods police that her neighbor spotted the men park a shabby old panel truck in front of her home. They went to the rear and began carting off the furniture.

When asked what they were doing, the men said they bought the furniture. But the neighbor told them to leave well enough alone until the complainant returned home.

And wouldn't you know it, the owner told police the furniture wasn't sold.

Both were described between 18-21 years of age, with long hair and blue, cut-off jeans.

Police Arrest Young Speeder

A speeding 16-year-old Royal Oak youth was pursued and apprehended by Shores public safety officer Robert Bensingier Thursday, August 24, after 4 a.m. Before being stopped, the boy ran two red traffic lights.

The officer spotted the vehicle going south on Lake Shore road at a high rate of speed and it ran a red light at Vernier road. Another auto, with a red flasher in the rear window, seemed to be pursuing the youth's car, police said.

The chase continued as officer Bensingier drove after both cars. In the area of South Deeplands, the "red flashing" auto pulled to the curb while the boy continued on.

Upon approaching Moross road, the youth ran his second light. With emergency flashers and siren piercing the early morning, the officer pulled him over at Fisher road after chasing him at speeds between 85-90 m.p.h.

The youth was charged with reckless driving and a mutilated license, police said, and would be informed when to appear in court.

At the station it was discovered that a St. Clair Shores resident while at home heard several objects hit his house and spotted a vehicle speeding away. He then started to chase the fleeing auto. St. Clair Shores police were dispatched to the station for investigation of their malicious damage to property run. However, the resident was unable to identify the youth or his two passengers, and St. Clair Shores police issued no charge.

Young Burglar Caught in Act

A brazen 15-year-old Detroit boy, who had received a weekend pass from the Wayne County Youth Home only 10 hours earlier on Saturday, August 26, is back in the Home awaiting a hearing on a charge of burglary.

According to information released by Park authorities, a citizen observed the juvenile walk between two houses in the 600 block of Barrington, and called police.

Officers dispatched to the area, apprehended the teenager as he was walking out of the residence of Mr. and Mrs. Robert Ault in Barrington road, carrying a portable television set.

The youth was taken to the station for questioning, and confessed that he had broken into the Ault home, at the rear of the building, grabbed a woman's purse and ran out the door. On opening the purse, he said, he found only a single dollar bill.

Disgusted with the amount of the loot, the boy said he returned to the house, took the portable TV, and was walking away when he was captured.

The lad, who had been in trouble several times before, has been filed against with Juvenile Court Authorities on the new charge.

To Teach Safe Boating Course

The Grosse Pointe Power Squadron invited Pointers to "Boat Safely with Knowledge," by attending free classes in piloting and small boat handling.

The first session is slated for Monday, September 11, at 7:30 o'clock, in room 312 of Grosse Pointe North High School, Morningside off Vernier road.

Ladies are invited. Bad luck hangs around waiting for the man who looks for it.

City to Buy New Dumpster

The City of Grosse Pointe Council at its August meeting approved the purchase of one refuse scooter dumpster vehicle from Buryle Hill, Inc. in the amount of \$2,564. This was the low bid of two received.

The City has five scooter type dumpsters which are utilized for residential rubbish pickup. The scheduled replacement program provides for replacing one scooter each year.

Pump Repairs Bill Approved

The Woods Council unanimously approved the payment of \$3,457.72 for emergency repairs to the Lake Front Park swimming pool pumps. The action was taken at the regular meeting Monday, August 21. The repair expenditures are chargeable to the municipal improvement fund, (since this wasn't a budgeted item).

City Administrator Chester E. Petersen told the council the repairs had to be made for the pool to open May 27, and to function in June. The extent of needed repairs couldn't be determined until the pumps could be dismantled and inspected.

Pump non-functioning would have prevented pool use in June, he noted. "Therefore, this office, in what was believed to be in the best interests of our citizens, did authorize the necessary emergency pump repairs to be made on a time and material basis," said Mr. Petersen in a memo to the council. Around 85 hours for a two to three-man crew went towards the repairs, he added.

Mr. Petersen felt that any failure to make the emergency repairs would have been a detriment to the citizenry, and competitive bidding would have been of no advantage because of the emergency nature of the repairs.

On the basis of a description supplied by the complainant, Farms police are in the process of prosecuting an exhibitionist. A 20-year-old Pointe girl was driving southbound on Moross from the Ford Expressway at 1:40 a.m. Friday, August 25, when she noticed a blue Mustang following her car. Several times the strange car attempted to push her car to the curb and, at the Mack and Moross intersection, prevented her from making a right turn onto Mack.

Finally, at the Moross and Chalfonte intersection, the driver of the blue Mustang pinned her car to the curb, got out of his car, walked towards her and exposed himself. Keeping her composure, she noted his height, build and age, and checked the vehicle's license number. She immediately reported the offense at Farms police station, and The Farms police put out a broadcast.

While the complainant was still at the police station, two Woods patrolmen, Officer John DeLora and Officer William Duster, arrested a suspect at the Mack and Prestwick intersection. The Detroit suspect, 19-years-old, was released to Farms police at the scene of his arrest. His arraignment is set for Wednesday, September 13 on the charge of indecent exposure.

Girl Teaches Thief Lesson

The situation doesn't seem to improve for poor, prospective bike thieves. Take the case of a thwarted thief Saturday, August 26, whose "itchy" hands "done him wrong."

A 16-year-old Oxford road girl told Woods police while making a phone call in front of Farmer Jack Market, 20382 Mack Avenue, she spotted a light tan, older model Volkswagen pull into the area.

Before long, she saw the driver carrying her bike towards the rear of the lot. That was a mistake. The pugnacious lass dashed out of the booth, kicked the man and hollered at him to drop her bike. Her thrust was obviously as effective as a Lions' safety blitz because the thief, becoming wiser by the second, dropped the bike and ran.

He was described as a white male, 18 or 19 years of age, about 5'10", of slender build with curly, shoulder-length hair.

Health Office Invites Public to Open House

The public is invited to attend an open house at the recently relocated Grosse Pointe Branch Office of the Wayne County Department of Health on Tuesday, September 19, from 3 p.m. until 5 p.m., at 159 Kercheval (ground level of Cottage Hospital).

Public health nurses and other health department representatives will be on hand to answer questions about

health department services, only from 9 to 10 a.m. and Services for tuberculosis from 2 to 3 p.m. on Sept. 19, 1972.

Cuts Up Hose To Steal Gas

Mrs. Julia Trombly, 882 Neff, called City police on Thursday, August 24, to report that sometime the previous evening someone had cut out a section of her garden hose which was connected to her front yard spigot.

Further investigation found that portion of the hose sticking out of the gas tank of a car owned by Chris Panos, 880 Neff. The car was parked at the end of Goethe between 878 and 868 Neff. Mr. Panos told officers that the car contained a half a tank of gas when he parked it the previous evening.

Find Borrowed Bike Deserted

It isn't very often that you notice a bicycle in front of your home at 6 a.m. and find it there at 2 p.m. But Mrs. W. B. Tully of Hollywood avenue did and called police Wednesday, August 30.

Woods public safety officer Thomas Hunke discovered the bike had his city's license and called the station to check if it was stolen. It wasn't. He found out that it belonged to a 15-year-old Canterbury road girl.

The girl's brother told the officer she loaned the bike to a youth the night before. With that, he was given a message for his sister: be more careful in lending out the bike.

Delay Hearing On Vacant Lot

By Roger A. Waha
 The Board of Appeals hearing on the request of Concord Circle Company, 869 Lake Shore road, to use the rear of lot seven, east of 1952 Hawthorne avenue and adjacent to the north-south alley at the rear of 20825 Mack avenue for off-street parking was unanimously adjourned by the Woods Council until Monday, September 11. The action was taken at the regular meeting, Monday, August 21.
 Norman E. Kleinert of Concord proposed to improve the rear portion of the lot with paved asphalt for the parking of eight cars. It's also Concord's desire to improve lot eight with a single family residence, (either of Cape Cod or Colonial design), which would sell for between \$30,000 and \$32,000. Both lots are part of the Beaufait, Koch, Tessmar subdivision.

A number of residents spoke against the proposed lot, expressing concern about litter and lot maintenance. Christopher Cirinesi, 1961 Hawthorne, wanted to see official proposals made via plans; otherwise he felt residents had no control over the situation. He suggested that Mr. Kleinert come in with firm proposals so an agreement could be reached. So the hearing was adjourned to September 11. In the meantime, Mr. Kleinert is scheduled to work with City Attorney George Catlin on the specifics of the matter.

Spend Session At Music Camp

Martha Gregory, Charles Austerberry, Bill Barbour, Dan DeForest, Barbara Brownell and Margaret Curtiss all of The Pointe, were among the 750 student musicians who recently attended Blue Lake Fine Art's Camp's high school session. Now in its seventh year the camp offers an exciting program for junior and senior High School students in two and four week sessions. The total enrollment for all sessions is nearly 2,000 which represents a 26 percent increase over last year's enrollment.

The first session offered instrumental instruction in brass, woodwinds, percussion, and piano for students in the seventh through the ninth grades. The students study techniques and music theory. They also perform in large and small ensembles.

In addition to their musical studies, the students take courses in other areas of the arts including art, drama, and dance. On each Sunday during the camp season, students perform in concerts, and a full schedule of faculty-staff recitals are held throughout the week.

Frank Sacchi, of Watertown, N.Y. is conductor-director.

Marie Luber Golf Champion

A Pointer was one of two new golf champions crowned in tee action at Port Huron's Black River Country Club the weekend of August 26-27.

Marie Luber, 628 Hawthorne road, captured the title in the women's competition with a rain-swept three shot win over defending champion Charlotte Lorenzen of Port Huron.

Although Mrs. Luber is a long standing member of the Detroit Women's Metropolitan Golf Association, this was her first try in the tournament.

"This is my second year as a member of the club and when someone asked me why I didn't enter last year, I said I didn't know there was a women's championship," stated Mrs. Luber. But she certainly learned quickly much to the dismay of her opponents.

In men's action, Bob Andrews of Sarnia, Ont., zoomed to a six shot win to end the seven year reign of Port Huron's Joe Mericka.

Struck by Car Mowing Lawn

Conrad A. Houtekier, 21, of 43101 Marquette, Sterling Heights suffered head, shoulder and a leg injury on Wednesday, August 30, when he stepped off a curb and was hit by a passing automobile. The incident occurred at Vernor and Buckingham, according to information released by Park police.

Investigating officers said that Houtekier, a landscaping employe, was cutting the grass between the curb and the sidewalk on Vernor. He stepped off the curb to turn his hand mower around, when he was hit by a car driven by Raymond Vandeweghe, 75, of 1012 Wayburn, who was found blameless.

According to a statement made by Vandeweghe and a witness, Vandeweghe was traveling approximately 20 miles an hour on Vernor, in order to permit other vehicles to pass, when Houtekier stepped onto the street, apparently failing to see the

Many Fish Not 'Getting Away'

The Grosse Pointe Pre-Fishing Rodeo is now well under way. Only game fish are being accepted, and only those caught at The Farms or City parks. Entrants must be registered prior to entry of fish, and be under 17 years of age.

So far mostly boys have entered the contest. In The Farms, John Crowley leads the contest for the most fish caught with 96 fish. Dan Gallagher has caught the largest fish—a 23-inch channel catfish. The smallest fish so far is a four-inch bass caught by Matt Victor.

In The City, Mike Tavary leads with the most fish caught, 160. Jimmy Morris is second with 70 fish. The big-

gest fish caught so far is a 25-inch bullfinn caught by Art Behm.

This contest is separate from the Annual Fishing Rodeo held Saturday, September 2, but prizes for both were awarded on that date at 11 a.m. The Pre-Rodeo Contest closed September 1, at 6 p.m. Fishing for the regular Rodeo started at 9 a.m. at the Farms Pier and continued until 10:30 a.m.

When Johnny Taylor said "No more wrinkles in my shirts"...

his wife bought a Gas dryer.

The kind with a permanent press cycle. But what Johnny and his wife discovered was that the permanent press cycle on their new Gas dryer saves them Gas and money, too. You see, it operates without Gas during the last 10 minutes (just fresh fluffing air, to make sure the wrinkles won't set). Saving Mrs. Taylor a lot of ironing.

With so many permanent press items in use today, you should consider replacing your old dryer with a modern Gas dryer with the permanent press cycle. You can see them at Gas appliance dealers or Michigan Consolidated Gas Company showrooms.

But, whether your dryer is old or new, here is how you can increase its operating efficiency: 1. Follow manufacturer's instructions on proper operation. 2. Keep the dryer's lint filter clean. 3. Avoid over-drying your clothing. 4. Keep the dryer's flue clear of lint accumulations.

Cools Off Fire In Mail Box

There's an old saying that someone has "money to burn" but never "mail to burn" — or almost never.

While on patrol Woods public safety officer Patrick Fagan found a mailbox smoking on Marter road between Anita avenue and Hawthorne road. He quickly extinguished the smoldering box with carbon dioxide, and the scene was turned over to a postman, later Monday, August 28.

Charge Women With Larceny

Three Detroit women were arrested by Woods police and charged with larceny from a building Friday, August 25.

Officer Frederick Lovelace received a run to J. C. Penney's, 19251 Mack avenue, where he found a security guard holding the threesome. The confiscated evidence included a ladies' black dress and five pair of ladies' white gloves.

The women, who are out on \$50 bond, are Geneva Brownlee, Helen Ann Cannon and Ruby Farris. They are scheduled to appear in court Wednesday, September 27.

'Barking Dog' Gives Warning

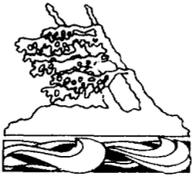

A "barking dog" complaint took Woods Sergeant Walter O'Dell to a Birch lane residence Monday, September 4, at 12:43 a.m. But what the sergeant found was a fire hydrant in front of the residence gushing water.

After turning the liquid off, he contacted the station to notify the Highway Department of a missing hydrant cap. When the water stopped gurgling, no barking was heard.

While it's a little late in the year for an April Fool prank, a dog's alleged "woof" is worth its weight in warning of a wasteful use of water.

is good taste a dangerous thing?

Maybe so . . . because some folks have our line pegged as purely decorative, not down-to-earth. They don't see the fact for the frou-frou. The fact is . . . Cabin Crafts stresses Beauty and the Basics. We have Wild Ones . . . and Safe Ones. Sensationals . . . and Staples like "National Velvet." Help Avert Tragedy

In the unlikely event that there are any of our readers who are uncertain as to where we stand in the election which is taking place today, let them be assured that we believe a defeat of either of the two propositions would constitute a disgrace to the community.

We could not be more in sympathy with those who are fed to the eyebrows with the outrageous taxes with which we are faced, and we realize fully that such an election as this is the one place where we can rise on our hunkers and give vent to our feelings. But we submit that it would be a ghastly error to inflict a frightening handicap on this and possibly future generations of our young students for the sake of being able to shout "No" to another tax request.

Many years have been spent building the Grosse Pointe Public Schools System to a level which has commanded national recognition and has given our young people the opportunity to accumulate countless honors in competition throughout this country and abroad. The standard achieved and maintained by our schools has been reflected in so many ways that spell the difference between a normal, ordinary community and one that is the target of universal respect, and sometimes of jealousy. High property values are shared by all owners, whether they have or have had children or other relatives who have benefited by the schools. And make no mistake... if we weaken our school system, property values are bound to be affected.

The thought of Grosse Pointe without its libraries is likewise scary to the Nth degree. Such a tragedy would bring hardship and disappointment immediately to even more individuals than a cut-back in the school program.

Let's not lose our heads and tighten our purse strings to the point of setting the torch to two of the pillars which support this community of which we should all be most proud.

Get to the polls today and give your approval to the propositions placed before you.

PWP Chapter Meets Sept. 8

The Grosse Pointe Chapter of Parents Without Partners (PWP) will begin the new fall season tomorrow, Friday, September 8, with speaker Dr. Marilyn Schully.

Dr. Schully will discuss "Emotional Scars—Are They Permanent?" She will also answer questions from the audience.

There will be a coffee hour at 8 p.m. The group will gather at the War Memorial, 32 Lake Shore road. Guests are welcome.

Farms Solons Back Millage

The Farms Council trustees, acting as individuals and not as a city council, recently endorsed the two millage proposals for schools and libraries to be voted upon by the School System electors on Thursday, September 7.

The action came at the last meeting of The Farms Council, Monday, August 21, after an excellent presentation by Mrs. Michael Marrs of The Park, chairman of the Grosse Pointe Millage Committee.

William Adams, treasurer of the Board of Education, was also present.

The Farms Council approved a resolution similar to the one approved by The Park Council at its last regular meeting held Monday, August 14.

Rose Society Has New Home

The Grosse Pointe Rose Society will open its fall season on Wednesday, September 13, at a new location, Brownell Middle School, in Chalfonte avenue.

Rosarians will gather in room B-20 (cafeteria) at 7:30 o'clock for coffee and dessert. This will be followed by a panel of current officials at 8:10 o'clock, which includes Mrs. Edward Howe, Mrs. Lyndie R. Martin and Dr. Charles J. McKenna.

Augmenting the experiences of the panel will be Consulting Rosarians, certified by the American Rose Society; Pointe president Forrest L. Geary, Elmore Frank, J. Arthur Shimmin, Harold Lee, Angelo Taveggia and program vice-president Jerry Kulaja.

The discussion will include explanations of what might have gone wrong with roses this season and possibly what can be done for the bushes during the remaining growing period.

Mrs. Harold Lee, hospitality chairman, has appointed Miss Marie Louise Anderson and Mrs. Sterling S. Sanford as hostesses for the evening.

Parking is available behind the building near the bicycle racks, closest to the cafeteria entrance.

Visitors are welcome.

Paul Recchia, a native of Italy with his degree from the University of Rome, who has taught at the Sorbonne and with the Berlitz School and is on the faculty of Wayne State University, is the instructor. While it is Beginning Italian these are designed as crash courses to make one basically able to communicate in the language.

Ikebana, the art of Japanese Flower Arranging, makes its bow at the Center, September 21, and will be taught on Thursdays in two classes, 10 a.m. to 12 noon and 1 to 3 p.m. through October 26 for a fee of \$18 plus the cost of flowers weekly (approximately \$2.50). The courses will be taught by Mrs. Sharon Lynn Dragiewicz who holds diplomas in both Ichiyo and Ikenobo and taught two years in Japan.

Basic Techniques of decorating cakes, hors d'oeuvres and food centerpieces with special recipes, suggestions and designs for the various holidays will be taught Tuesdays, September 19-Nov. 11, 12:30-3 p.m. by Dorothy Collins, graduate of the Snyder School of Cake Decorating. Pulled, crystal, spun sugar and sugar molding will be special features included for a fee of \$17 for eight weeks.

Beginning Chinese Cooking will be taught by Mrs. Neville Pack on Wednesday evenings October 4-25 from 8 to 10 p.m. Mrs. Pack will tell her students where to shop, provide them with recipes and demonstrate the preparation of complete meals from hors d'oeuvres to dessert allowing taster's choice. The fee is \$30.

Two classes for women in Proper Make-Up Techniques will be given on Wednesdays, September 20-October 25, one during the day from 10 to 11:30 a.m. and the other for career girls from 7:30 to 9:30 p.m. The course will be taught by make-up consultant, Mrs. William Kabbush, who is not associated with any cosmetics firm but has had years of training and experience teaching for them. The course covers coordination of make-up with hair style and clothes, proper skin care, selection and application of make-up, proper techniques of eye make-up, emphasis on what is suitable, and for the career girls tips on how to keep fresh and attractive all day away from home. The fee is \$30 for 6 weeks.

Defensive Driving is being offered by the Center in co-operation with the Greater Detroit Safety Council. It will be taught in four two-hour sessions on Thursday evenings, September 21-October 12, 7:30 to 9:30 p.m. The course is designed for the average, typical licensed driver, NOT for the problem driver ordered to take driver training. The aim is to teach the driver to defend himself from bad drivers and learn to

recognize collision patterns before the collisions occur. The art of passing and being passed, dealing with tailgaters, minimizing intersection dangers, and coping with adverse driving conditions and mechanical problems are all items covered. There is a registration fee of \$7.50.

Among the many other classes offered this fall at the Center are the following beginning in early September.

The ever popular Folk Guitar will be offered by Alexander Suezek on Monday evenings, September 11-November 13, 9:30 to 8, for beginners. No reading or theory of music is required. Students are asked to wear loose fitting clothing and bring something to serve as an exercise mat. Yoga is offered on Wednesday evening, 7:30-8:30, September 13-November 1, by S.R.F. trained Charles Friday. These evening classes are open to both men and women and also teenagers. The fee for all yoga classes is \$20 for eight weeks.

WOMEN'S PAGES

From Another Pointe of View

Checkerboard posters will be springing up all over town soon, proclaiming the news that the Junior Women's Association for the Detroit Symphony Orchestra is having a Fair.

Called "Melody Mart," it's to be presented at Ford Auditorium Thursday, September 28, from 10 in the morning until 4 in the afternoon.

A combination of fun and hard work was the idea behind the project, according to general chairman Mrs. William Beach, of Rivard boulevard. "Getting to Know You" was the theme.

And getting-to-know-one-another is exactly what the Symphony Juniors did, as members with talents for handcrafting or needlework of any kind were put "in the classroom" to teach other members their specialties.

LINC Finds Ways To Fulfill Needs

"Benefactors' Clearinghouse" Helps Match Goods and Services, Givers and Receivers at Grass Roots Level

What happens when an organization noted for its performance of voluntary services in the fields of health and welfare, civic and cultural activities, decides it's time to assist Detroit residents at the grass roots level?

The Junior League of Detroit thinks it has come up with the kind of solution it wishes other voluntary groups would follow.

Last September, the Junior League polled its 200 members for possible projects the organization might consider funding, projects that would actively involve League members.

At that time, the League became aware of a missing link in the chain between the needs of the community and the resources to fill those needs.

It's common, of course, to assume the primary need in any community is money. But the League was determined it could help to supply other tangible items which could be classified as needs: Refrigerators, playroom equipment, audio-visual materials, furniture . . .

So Operation LINC began. This new operating arm of the Junior League helps to Link Individuals, (as resources), to the Needs of the Community.

The basic principle of LINC is that it acts as an intermediary between those groups of persons or individuals who want to contribute tangible resources and other

groups or organizations who need the resources.

In a way, LINC is a "benefactor's clearinghouse."

One of LINC's favorite benefactors is the General Motors Men's Club. Since LINC's inception, the Club has helped provide the kind of resources LINC looks for — and community groups need.

For example, last November GM Men's Club was contacted by a LINC representative in search of a refrigerator. Semi-Quois Youth Center, in Gratiot avenue, sought LINC's assistance in finding a refrigerator to help keep milk and other perishables fresh for nearly 60 community kids who attend the Center daily.

The Semi-Quois Youth Center counsels delinquent youth and educates them against alcohol and drug abuse. Its pre-school program provides youngsters with a balanced lunch everyday.

The GM Men's Club acknowledged LINC's request by providing a Frigidaire refrigerator for the Center. The Club has assisted LINC on two other occasions, donating \$500 for audio-visual equipment for Homes for Black Children, an adoption center for minority children, and donating another \$500 to

GIVE YOUR HAIR A PHYSICAL CHECK-UP

DID YOU EVER THINK YOU MIGHT HAVE SICK HAIR? Hair Analysis can determine the health and condition of your hair—it's like giving your hair a physical check-up. Samples of your hair are taken and tested on a sensitive instrument called a Micro Gram Scale. Readings from this scale evaluate your hair's tensile strength and elasticity. Your hair is photomicrographed. From this photograph you can see the internal structure of your hair shaft. Our salon's Hair Analysis program works in conjunction with Redken Laboratories. Our trained cosmetologists study the corrective program recommended for your hair. They conduct the needed treatments and start your hair on the road to recovery.

Miss Parsons Wed To Donald Bendure

Bride Fashions Her Own Empire-Waisted Gown for Evening Ceremony; Bridesmaids, Too, Create their Own Frocks

The candlelight service in Immanuel Lutheran Church Saturday, August 26, at which Barbara Elaine Parsons spoke her marriage vows to Donald Edward Bendure was followed by a reception in the Parish Hall.

The newlyweds vacationed on their way to Springfield, O., where the bridegroom, presently attending Hamma School of Theology, will be teaching at Town and Country School for the mentally retarded in the fall.

The bride plans to teach high school Business Education.

She is the daughter of Mr. and Mrs. Henry Carl Parsons, of Westchester road. Mr. Bendure is the son of Mrs. Alan Bendure, of Philip street, Detroit, and the late Elvin Bendure.

The Reverend Constantine Trued presided at the 8 o'clock double ring rites.

The bride, whose gown of white embroidered organdy was long-sleeved and studded with seed pearls at collar and cuffs, wore her grandmother's earrings.

A headpiece of pearl-trimmed embroidered organdy caught her floor length illusion veil, and she carried a cascade of white daisies and ivy.

Maid of honor was Joanne Kennel. Mrs. Harry Collins,

the bride's sister, Edith Parsons, another sister, Mrs. William Parsons, her sister-in-law, and Mrs. Ruth Hallmus, the bridegroom's sister, were bridesmaids.

As the bride fashioned her own Empire-waisted gown, so the bridesmaids made their own frocks of blue, green and aqua floral-printed chiffon over aqua peau, Empire-waisted and long-sleeved.

They carried mum-and-ivy bouquets, and flower girl Elizabeth Parsons, the bride's niece, in an aqua dress with floral chiffon sleeves and sash, carried a basket filled with mums and ivy.

Richard Bendure was his brother's best man. In the usher corps were Robert Bendure, another brother, James Parsons, the bride's brother, Gregory Stoddard and Sherman Hicks, both from Springfield.

Mrs. Parsons selected a long, chiffon-sleeved coral gown for her daughter's wedding. She pinned a pale pink glamelia to her purse.

Rhinestones trimmed the bridegroom's mother's long, deep purple dress.

Showers Rain On Bride-Elect

Pre-nuptial parties for Janet Mullinger, daughter of Mr. and Mrs. Hugh Mullinger, of Severn road, who will speak her marriage vows to Michael Killeen September 8 in the Chapel of the Grosse Pointe Academy, began with a surprise Sanding and Refinishing Party hosted by Elizabeth Knaggs, of Hunting road.

Guests industriously facilitated the future bride's choice collection of "Early American Rummage", (local flea markets will miss Janet when she settles in Leavenworth.) A dinner rewarded the young people for their labors.

Mrs. Jack Gibson, of Marford court, entertained at cocktail and luncheon shower, and cocktails and a buffet complimented the shower given by Mrs. John Mathivet, of Chatsworth road.

Michael's parents, Mr. and Mrs. James Killeen, of Moran road, will host the Rehearsal Dinner at the Press Box.

Kappa Delta Alumnae Start Season Sept. 13

The Kappa Delta Sorority East Side Alumnae Association will hold its first meeting of the year, a welcome-back evening, next Wednesday, September 13, at 7:45 o'clock at the Ridgemont road home of Mrs. John P. Cushman.

All East Side Alumnae are invited. Reservations may be made through Monday night, September 11, by calling 881-6552.

Plans for Kappa Delta's Diamond Anniversary celebration will be discussed. The Sorority marks the 75th anniversary of its founding October 23, and the East Side Alumnae will be hostesses for the Greater Detroit commemorative program.

East Side officers for 1972-73 are Mrs. Robert C. Callaway, president, Mrs. Henry J. Szymanski, vice-president, Marjorie Underhill, recording secretary, Mrs. Dennis Pisula, corresponding secretary, Mrs. Fred M. Lewis, treasurer, and Mrs. William Rozer, delegate to the Metropolitan Board.

Mrs. Donald Bendure

Wed Saturday evening, August 26, in Immanuel Lutheran Church to Mr. Bendure, son of Mrs. Alma Bendure, of Detroit, and the late Elvin Bendure, was BARBARA ELAINE PARSONS, daughter of Mr. and Mrs. Henry Carl Parsons, of Westchester road.

LINC Links

provide materials and equipment to develop a "life experience" after-care program at Kirwood Mental Health Center in Detroit.

Among LINC's other resources are business and labor groups, civic and church groups and volunteer organizations, and the list doesn't stop there. An architect, a lumber dealer, a school and LINC volunteers all pitched in to get Concept East — a black repertory theater and workshop off the ground.

LINC is trying its best to meet the needs of the community. But to be a successful on-going project, it needs the help of others willing to become "benefactors."

Through groups or individuals willing to provide services and skills, LINC will be able to continue to coordinate resources where they will do the most good in the community.

Pointe members to use the Church basement for classes—and many were the moans and groans of all-thumbs tyros heard coming up from there every Monday morning, all spring and into summer.

But it was worth it: At the end of the "learning" came success. One hundred and eleven Juniors produced needlepoint pillows, macrame ties and belts, Christmas tree decorations, silver jewelry, toys, hand-painted surprises, Christmas gifts galore.

Seven thousand items, all priced from 50 cents to \$20, will brighten Ford Auditorium Fair Day.

Available Fair Day too will be the Association's Christmas cards, designed by Mrs. Frank A. Miller, of Barrington road. And there will be a snack bar, for lunch, cocktails and parking all day for \$1 at the foot of Woodward avenue.

Bank Americard and Master Charge cards will be accepted.

Assisting Judie Beach are fellow Pointers Mrs. James Tompkins, finance chairman, Mrs. Thomas Rockwell, manpower chairman, and Mrs. Hugh Janes, arrangements chairman.

Pointe Melody Mart committee members include the Mesdames Philip K. Mebus, Richard Harrison, Richard Miller, James Tyler, Charles S. Davis, III, Richard Weithas, Karl-Heinz Gropp, Kurt R. Smith, Richard Eckel and John Prost.

Invitations are out, bidding all the women of Christ Church, Grosse Pointe, to tea next Tuesday, between 1 and 3 o'clock, at the Whittier road home of Mrs. J. Jenness Newcomb.

Mrs. John T. Woodhouse, Jr., and Mrs. Harry G. Constant are co-chairmen of the afternoon party. All newcomers to the Parish are most cordially invited, too.

The Episcopal Church Women, Mrs. Richard J. Beadle, president, are sponsoring the get-together, as kick-off for the ECW year and a fall renewal of activity for the biennial Christ Church Fair.

Each Fair Booth chairman has promised to bring representative items to display informally at the tea, and yes . . . Orders can still be placed for many items being hand-fashioned this month and next for the Thursday, November 9, Fair.

Mrs. Anthony J. Vincl is in charge of tea refreshments. Mrs. Joseph F. Maycock, Jr., handled the invitations.

It's 'In' To Ply Your Needle

What's the "in" sport in Grosse Pointe? If you don't know it's tennis, you must have been walking around with your head in a paper bag all summer.

Now: What's the "in" thing to do indoors, on rainy days, under the hair dryer, all (ugh!) winter long? If you don't know it's needlework, you must have had a blindfold on under your paper bag, or have spent so much time on the courts your eyes won't focus on anything except tennis balls, your mind won't comprehend anything except "I've got to take the next set" . . .

No wonder there's such strong Pointe representation in the Needlepoint and Crewel Exhibit on view at Meadow Brook Hall, on the campus of Oakland University, next Tuesday through Thursday afternoons, September 12 to 14.

Entries were submitted by Mrs. Joseph B. Schlotman, of Stonehurst in Lakeshore road, who could care less whether needlework's "in" or not: She's always loved plying her needle.

Mrs. G. Mennen Williams, of Tonnancour place, Mrs. Renville Wheat, of Touraine road, Mrs. Edward I. Book, of Oxford road, Mrs. James M. French, of Country Club lane, Mrs. Robert J. Grow, of Touraine road, Mrs. Earl I. Heenan, of Touraine road—Touraine road must be needleworkers' heaven!—and Mrs. Charles H. Fletcher, of Lee Gate lane, sent examples of their art.

So did Mrs. William C. McKay, of Alger place, Mrs. Karl Behr, of Beacon Hill, Mrs. Mark Valente, Jr., of Whittier road, Mrs. Rockwell Gust, of Cloverly road, Mrs. Eugene Chosy, of Fisher road, and Mrs. David Fessenden, of Lennon road.

So did Betty Kegley, of Yorkshire road, and Mrs. Donald S. Crampton, of Sunningdale drive.

Exhibit tickets, which include a tour of the 100-room Tudor mansion, will be sold at the door exhibit days.

The special event is being staged to raise funds for the maintenance of the Hall, one of America's Great Homes.

Home in Ann Arbor, Scene of Their Saturday Morning Wedding, Awaits Pair; Bride's Sister Serves as Honor Maid

Diane Christine Martin and Thomas Donald Yannitelli, whose wedding Saturday morning, August 26, in the garden of St. Patrick's Church, Ann Arbor, was followed by a reception at Lochmoor Club, are touring New England.

They will return to live in Ann Arbor while the bride, daughter of Mr. and Mrs. John I. Martin, Jr., of North Renaud road, completes her studies at the University of Michigan.

The bridegroom, son of Dr. and Mrs. Salvatore Yannitelli, of Battle Creek, is a University of Michigan graduate.

For the 11 o'clock ceremony, with Father Darrin Robert presiding, the former Miss Martin chose a gown of ivory cotton, Victorian in style, a floral pattern accented with Venice lace circling her neck and bib front.

A triple tier of ruffles edged her skirt, and she wore a natural straw picture hat, with illusion veiling. Her Edwardian bouquet featured white roses, stephanotis, ivy and baby's-breath. She was attended by her sister, Karen Martin, as honor maid, in a garden

frock of sunflower yellow organdy, styled with a wide flounce edged in Venice lace, round, scooped neck and ruffled sleeves, and bridesmaids Sharon Bartley, a cousin, and Linda Mazzola, in identical dresses of mango organdy.

Their Edwardian bouquets were fashioned of yellow and mango-colored carnations.

Best man was David Goodale, of Ann Arbor. Ushers were Peter Yannitelli, the bridegroom's brother, and Peter Johnson, of Ann Arbor. Ricky Bartley was ring bearer.

Mrs. Martin selected a floor length dress of pale yellow organdy, accented with white eyelet and embroidery, for her daughter's wedding. A yellow ribbon trimmed her white carnation corsage.

Orpheus Club Opens Male Vocal Auditions

At the start of its 72nd consecutive season, the Orpheus Club of Detroit opens auditions to male vocalists. Rehearsals beginning September 11 are at 7:30 o'clock each Monday evening, at the First Congregational Church of Detroit.

Organized in 1900 by a small group of business and professional men desiring to sing and perform fine male choral music, the Club has remained highly respected as one of the oldest organizations of its kind in the nation.

Its members, each carefully chosen, with much regard given to personal characteristics as well as vocal ability, create a harmony of effort and congeniality.

The Club is supported by associate members who, in return for an annual fee of \$12 or \$10, (depending on seat location), attend two formal concerts — Christmas and Spring — presented in the Scottish Rite Cathedral of the Masonic Temple. Information regarding auditions may be obtained by calling 444-8467 or 964-5657.

Gourds Good For Decorating

The odd shapes and bright colors of ornamental gourds make them a natural for indoor decorating in fall and winter.

The trick is to harvest and cure them correctly, says **J. Lee Taylor**, Extension Horticulture Specialist at Michigan State University. He offers these tips:

A gourd is ready to harvest when the stem turns brown and begins to dry. Use a knife or sharp shears to cut it off the vine. Be sure to leave about a four-inch length of stem.

Wash gourds in warm, soapy water, then rinse in a dilute disinfectant solution, (5 to 10 percent chlorine bleach). Dry them and spread them on layers of newspaper in a warm, sunny place for a week.

Wipe them with a household disinfectant, and spread them on newspapers in a dry, dark place for three to four weeks.

For display, the gourds may be waxed with paste wax and buffed with a soft cloth, shellacked, painted or left in their natural state.

The bride's floor length gown featured an illusion yoke, ruffled neckline and Empire bodice with shepherd sleeves, trimmed with Venise lace. Matching lace edged her detachable train of imported organza over taffeta.

Her lace-bordered elbow length mantilla fell from a Camelot cap, and she carried a cascade of lime green cymbidium orchids, yellow roses, carnations and gypsophyllia.

Attending her were honor maid **Sandra DeWaal**, of Muskegon, and bridesmaids **Mrs. Alan Yonkman**, of Highland, **Mrs. Gregory Bishop**, of Grand Rapids, and **Ellen Batts**, the bridegroom's sister.

Their frocks featured Bishop-sleeved white Empire bodices, trimmed with purple ribbons, and full, purple and white flowered skirts.

Their Colonial bouquets were fashioned of purple asters, lime carnations and gypsophyllia.

Martin E. Batts acted as best man for his brother, **Groomsman** were **Donald Batts**, of Ann Arbor, another brother, **Gregory Bishop**, the bride's brother, and **Stuart Eppinga, Jr.**, of Holland, Mich., the bridegroom's cousin.

Ushers were **David Bishop**, brother of the bride, and **Gerry Van Noord**, another cousin of the bridegroom. Matching lace trimmed the long, lime green knit gown, styled with a round neckline, Empire bodice and long sleeves, chosen by **Mrs. Bishop** for her daughter's wedding.

Mrs. Batts, the bridegroom's mother, selected a floor length purple-trimmed gown of lime green embossed polyester. Both mothers chose lime cymbidium orchid corsages.

Hospital Work Attracts Nancy

A long-time Pointe resident has demonstrated her philosophy that the nation's health care system "could definitely use a woman's touch."

As a four-month resident with the New Jersey Hospital Association (NJHA), **Nancy Teague**, daughter of the **David G. Teagues**, displayed her "feminine humanitarianism" in health care areas ranging from neighborhood clinics to hospital auxiliaries.

The result: A summer filled "with experiences on a state and national level I could never realize in a classroom or hospital."

Those experiences will provide **Nancy**, whose family, after 20 years in Hampton road, recently moved to **Bloomfield Hills**, with a realistic basis for her second year of graduate work at the University of Michigan. She is a candidate for the Masters degree in Hospital Administration.

From the classroom, she'll enter a profession which is "beginning to recognize that preventing illness is as important as treatment."

"The role of the hospital is changing rapidly," she contends, "to a point where it may one day become the central agency for caring for all the health needs in a community."

"I see it becoming a central referral agency, as well as the monitor of both the quality and quantity of health care throughout the community."

Assuming she can overcome "the very real barrier

facing women in health administration," **Nancy** holds definite ideas on the value of her professional contributions.

"Maybe this is idealistic," she admits, "but I believe women are more humanistic than men and would tend to make hospitals more patient-oriented."

"Next," she continues, "I'd like to see the delivery of health care more systematized, with more emphasis placed on preventative medicine."

Relying on her undergraduate education in Business Administration, she also holds definite ideas on curbing the cost of health care.

"We need more cooperation between professions," she contends, "more linkage between hospitals, private physicians and community agencies."

"By working even more closely than they do now, professionals in allied health fields could curb costs through better utilization of existing facilities."

Prospects of implementing her philosophy, she believes, are unlimited, "just as soon as men recognize the professional worth of women."

That day, according to **NJHA President Jack W. Owen**, may be closer than **Ms. Teague** thinks.

"Based on the contributions **Nancy** made during her residency with us," **Owen** observes, "advantages of committed women in the health care industry are too obvious to go unnoticed."

Reporter Falls into Cat's Meow of An Animal Story

Picture in your mind a stranded little kitten in a big parking lot and you have a sweetly sensitive "image of helplessness" — a small, furry creature looking up at a large, old world, and a dangerous world at that, considering the location.

This situation confronted one of the NEWS' reporters Friday morning, August 25, in the Kercheval on-The-Hill parking lot. In fact, the reporter nearly walked by the butterscotch, tiger-marked kitten who was a catnap away from NEWS offices.

The thinnish, about three-month-old kitten, too cute to miss, caught the reporter's eye and in they went. How the cat came upon his cast-off fate remains a mystery.

The feline was an immediate hit with NEWS employees, who contributed a ball of string and crunched up paper for the kitten's amusement. While waiting for Farms police to arrive, the kitten batted the paper across the floor with gleeful abandon.

When police arrived, arrangements were made to contact the reporter if the animal wasn't claimed. After all, what it needed now was a good home, lots of love and some nourishment.

The weekend passed. And sure enough on Monday morning the kitten's "adopted parent" was called. The cat was ready for pickup at the **Cadieux-Mack Animal Hospital**.

So after a hurried lunch, the reporter made certain the kitten had the necessary shots for dismissal, (this included distemper and feline pneumonitis), and off they went to the offices.

The short drive back was far from normal for the reporter, a proud owner of a Flat-coated Retriever, but uninitiated in so many cat like ways. Part of the drive was spent with the meowing cat circling the reporter's neck time and again, (no easy task trying to maintain one's composure here). Finally, both reached their destination a bit harried, but secure.

Now the main objective was to find the kitten a home and happily this was no problem. With so many loving office eyes, the tiny tiger immediately said "yes" to his new owner.

And before long, the owner purchased all kinds of goodies, (and necessities), for her new pet, who remained a true star among office personnel by getting into everything, (or just about everything).

Today the kitten is gaining lost weight and is decidedly pleased with his new abode. So while some area news, unfortunately, isn't of the happy variety, a good share of it is. And the NEWS has the "cat's meow" to prove it.

Detroit Dental Ladies Plan Membership Tea

The fall season of the Detroit Dental Auxiliary begins with a membership tea at the Bloomfield Hills home of **Dr. and Mrs. Leonard Veatch** Saturday, September 27, from 1 to 3 in the afternoon, honoring new members.

Mrs. Thomas Gebeck and **Mrs. Paul Jatko** are taking reservations.

Hostesses will include the **Mesdames William Empkie**, **Leonard Kaminsky**, **George McCarthy**, **Thomas Singelyn**, **Frances Rennell** and **Charles Seth**.

Their frocks featured Bishop-sleeved white Empire bodices, trimmed with purple ribbons, and full, purple and white flowered skirts.

Their Colonial bouquets were fashioned of purple asters, lime carnations and gypsophyllia.

Martin E. Batts acted as best man for his brother, **Groomsman** were **Donald Batts**, of Ann Arbor, another brother, **Gregory Bishop**, the bride's brother, and **Stuart Eppinga, Jr.**, of Holland, Mich., the bridegroom's cousin.

Ushers were **David Bishop**, brother of the bride, and **Gerry Van Noord**, another cousin of the bridegroom. Matching lace trimmed the long, lime green knit gown, styled with a round neckline, Empire bodice and long sleeves, chosen by **Mrs. Bishop** for her daughter's wedding.

Double Trouble For Juveniles Two juveniles were arrested by City police on Sunday, September 3, after police officers Edward Miller, Jr. and Jerome Petz observed them traveling 35 mph on Kercheval from Washington to Neff.

When officers pulled the boys over, they found that the driver only had a restricted driver's license which requires an adult in the car while driving.

Officers detected the odor of alcohol in the vehicle. Further investigation revealed that the youths had two opened bottles of beer under the front passenger seat and six full bottles of beer.

The youths had 16 full bottles of unopened beer in the back seat. They were taken to the station. The driver was ticketed for driving on a restricted license and as a minor in possession of alcoholic beverages.

The passenger was charged as a minor in possession of alcoholic beverages.

The driver told officers that his mother allowed him to drive the family car. Subsequently City police issued a ticket to his mother for allowing a person to drive a vehicle without proper license.

Both boys were released to relatives.

Today's The Day . . . to see Count Romi's complete collection of all weather coats modeled at Walton-Pierce, Somerset Mall. Tomorrow, Friday, September 8th, the collection will be at Walton-Pierce, Grosse Pointe with informal modeling from 11 a.m. to 4 p.m. Just ask the women who owns one how versatile these coats are. They are wonderful for travel wardrobes because they span seasons, continents and weather changes with great style. The trunk show will give you an opportunity to coordinate color and fabric with your wardrobe. Don't miss the show!

Leon . . . told us Arleen has been given the Award of Excellence by the Permabel Company of Paris. She will now be specializing in Permanents at Leon's. Charlotte Feury has joined the staff. She is an expert hair colorist and will be available for consultation and hair coloring. Satiny, healthy hair with natural looking color is as important as the style itself this fall. No time to lose. Make an appointment now. Call TUzedo 4-9393 . . . 17888 Mack Avenue.

More Than Meets The Eye . . . Of course, the Jefferson Apartments are elegant, set in beautiful atmosphere, with handsome lobby and hallways. From an architectural and construction viewpoint, the values are not always obvious but are designed into these high quality condominiums to protect the individual owner and his property, to stand up under appraisal and to increase in value. For example, the maximum insulation insures a quiet atmosphere, an individual thermal environment for heating and cooling. It also offers fire protection. The latter is implemented by an alarm system. When you visit the brand new model apartment at 17111 East Jefferson between St. Clair and Neff Road, be sure to ask about the quality construction features that do not meet the eye. The model is open 12 to 5 every day except Wednesday. 882-7708 or 886-4880 Michigan Condominium Corporation.

The Topper . . . fashion's finger length coat comes in camel, brown and suede cloth at Michelle's Boutique. Some are fleece lined. The price range is from fifty-five to eighty dollars at 17864 Mack Avenue. Eileen has been on a buying trip in California. Something new is coming when she gets back. Watch for the announcements. Don't forget Monday is Ladies Day with special value luncheons, cocktails and a very special fashion show by Michelle at the King's Table in the First National Building from 11:30 a.m. through 2:00 p.m.

New Adventure In Cooking . . . Jenn-Air's counter top broiler. It cooks everything with the same delicious flavor as an outdoor charcoal grill . . . but none of the smoke and mess. Permanent grill rock, electrically heated to consistent high density, sears genuine charcoal broiled flavor into any meat. It's a whole new concept of indoor cooking. This counter top broiler exhausts cooking fumes without an overhead hood. The secret is a revolutionary surface vent built-in next to the grill. It traps smoke and odor at their source and whisks them out of doors. See it in the handsome new kitchen model display at Mutschler Kitchens, 20227 Mack Avenue.

In Martha's Closet . . . 373 Fisher Road, you'll find Geoffrey Beene's perfume, cologne, cologne spray and bath oil exclusive in Grosse Pointe. Customers have been uncapping testers and loving every delightful sniff of this new fragrance.

Pointer of Interest

MRS. STANLEY F. DOLEGA, OF MOROSS ROAD

By Janet Mueller

The Well-Organized Artist: Is this a contradiction in terms? Not necessarily. . . Consider Corinne Dolega, chairman, for the fourth year in a row, of the Grosse Pointe Artists Association's Fall Art Festival, to be presented this Saturday, September 9, from 10 in the morning to 5 in the afternoon, outdoors, at the Grosse Pointe War Memorial.

Corinne's an expert in just about every media there is, from oil painting to glass. Corinne's an expert in getting-it-all-together.

Corinne's an expert period. She's also a whale of a lot of fun.

She's a Pointer from 'way back, (her family moved into The Park in 1924), wife of a doctor, mother of two sons, Stanley F. Dolega, Jr., and James Edward Dolega, both married, neither a father—yet.

Switched To Art

Once upon a time, young Stanley had decided to follow in his father's footsteps, but after two years in pre-Med, the maternal genes won out. Stanley, Jr., got his

Bachelors degree in Industrial Design, his Master of Fine Arts in Sculpture.

He has a studio now at the Common Ground, has had one-man shows, and has just had a piece put on Belle Isle.

Corinne couldn't be more delighted. "He's the fifth generation, on my side of the family, where art has prevailed." She springs from a line of mural painters and specialized weavers, in Dresden and Leipzig.

Corinne's a veteran of one-man shows herself. Her most recent was at the War Memorial. She thinks it might be great fun to do a Family

Show some time, son, son's wife Marsha, also an artist, holder of a Masters degree in Graphics, and mother joining forces in an all-Dolega exhibit.

Other Son Writes

James Edward Dolega, just this summer graduated from Michigan State University, is talented, too. Writing is his special field, and he is, his mother admits, "a bit of a ham."

He doesn't mind helping Corinne with the Festivals, and thoroughly enjoys capturing all the color and excitement of the outdoor—weather permitting: If it rains, everything CAN be moved indoors, but it's so much nicer "out"—display on 16mm film.

The Grosse Pointe Artists Association is, justifiably, proud of its Fall Art Festival. Inquiries come from working artists all over the United States now, and the Festival is well-established, well-thought-of. A far cry from the early '50's, when the fledgling Pointe artists set up an autumn exhibit on vacant lots at the corner of Cadieux and Kercheval.

Corinne Dolega, charter member of the Grosse Pointe Artists Association, was here, there and everywhere for that exhibit, too.

The Association grew out of a small group of Pointe-area people, interested in the arts, who got together, on a hit-or-miss basis, to exchange ideas, participated in classes at the old Neighborhood Club gym for about a decade before someone said, "Hey! Hoy about becoming FORMALLY organized?"

Organized in 1938

The year was 1938. Twenty men and women, and Corinne, signed on as charter members.

Through the years, Corinne has worked for the Association in just about every possible capacity. She served as its president, 1952 to 1954, (Mrs. Watson Ford is the current president). She was chairman of one of its earliest Festivals.

She belongs to and has held all positions on its board. She's a Grosse Pointe Artists Association Honorary Life Member.

Through the years, through the Artists Association, she's had an absolutely grand time. "Our members are 'real people,' a wonderful working group, especially those who have helped to make all of our activities a success," she says. Providly.

And she notes the Association's importance in and to the community, as a provider of lectures, exhibits and art classes, promoter of an awareness of Art in today's culture.

Hold Foyer Shows

And she mentions that, every three months, GPAA members put up a juried show of their paintings in the War Memorial's Foyer . . . and that, when it comes to WHAT will be exhibited, in the realm of art, at the War Memorial, the GPAA is the deciding factor . . . and that the GPAA put in the lighting in the upstairs War Memorial art classrooms and, over the years, saw to it that the art classroom walls were all done over . . . "And we all belong to the Detroit Institute of Arts Founders Society."

It's a good group. Membership is open to all artists, men or women, who reside in The Pointe, or own property in The Pointe, and to art instructors in any local schools.

Many Association members are represented on Corinne's Art Wall. When the Dolegas built their contemporary home in Moross road, over-

looking the Country Club Golf Course, in the early '50's, Corinne insisted on two things: That it be low-maintenance, and that there be a special area where her own work, work done by her friends, work she just liked, could be displayed.

A Dream House

The house is open, airy, uncluttered, a dream to keep clean.

The floor-to-ceiling Art Wall, on the far side of the living room, is Corinne's personal gallery.

She changes "exhibits" as the spirit moves. All the art is original, and some of it is generally Corinne's, (see the two small watercolors, seascapes, in the upper left hand corner of the picture above—we posed Corinne against the current display — and the lower left cut-glass pieces).

Mrs. Dolega has worked in all media except jewelry, which she's designed but never made.

She likes watercolors as well as oils, and is, at present, particularly intrigued by glass. "But it's VERY hard on the hands."

She's "always" been a working artist, always "kept my hand in—especially during the war (World War II) years, when my husband was overseas: One of my big outlets was the Detroit Society of Woman Painters and Sculptors."

Honorary Life Member

She joined that group when she was a student at the Detroit Society of Arts and Crafts. She's an Honorary Life Member now.

She's a member, too, of the Michigan Academy of Science, Arts and Letters, and of the Detroit Artists Market.

"When the Artists Market started, I used to contribute. Gradually, I began to concentrate out here (in The Pointe), because I felt—I feel—that our own community needs just as much attention in art as downtown."

She's done tiles at Pewabic, Christ Church has one, a Mother and Child, in its main building, and Holy Cross Hospital has a floor with one in each room. Dr. Dolega, on the Holy Cross staff, happened to mention that he had a talented wife . . .

For her husband's office at Balfour and East Warren avenue, Corinne designed and created a six-by-nine foot, floor-to-ceiling, tile Tree of Life abstract.

She's exhibited in the mid-west shows on statewide tours, and in New York, and at J. L. Hudson's, the Michigan State Fair, the Michigan Artists Show, the Detroit Artists Market, and in a multitude of local galleries.

Does Restoring

She does restoring. "I used to do a lot of charity work. I used to volunteer at the Art Institute. When I was a student, I used to mount pictures and restore them for the Children's Museum."

All for free, of course. This is Corinne Dolega with-her-Volunteer-Hat-on speaking.

She was a volunteer, too, at the Tau Beta Community House, and has been active in Grosse Pointe War Memorial Fund Drives "from the beginning." She's given up "most of my hospital auxiliaries" but she's been prevailed upon to collect a group of artists who'll highlight the September 28 Cottage Hospital Donation Tea.

She's chairman of Arts Unlimited for this fall's Christ Church Fair.

She's a gardener, member of the Grosse Pointe Shores Branch of the Woman's National Farm and Garden Association.

Short and to The Pointe

(Continued from Page 20) JOHN HARLEY RAMSDALL, husband of the former JUDITH JOHNSON, of Chalfonte avenue, was one of 24 husbands honored with "Good Spouse" certificates, symbols of the extra efforts they made while their wives attended The Medical College of Pennsylvania, awarded at a dinner-dance given for graduating seniors by the MCP faculty. Judith Johnson Ramsdell is now Dr. Ramsdell.

Among this fall's incoming freshmen who have completed a summer orientation program at Eastern Michigan University are CATHLEEN CARTY, of Ridgemoor road, DEAN ERNSBERGER, of Pemberton road, SUSAN THOMPSON, of Berkshire road, RAYMOND HONDT, of Brys drive, and GREGORY GARBACZ, of Broadstone road.

Quester Group Meets Sept. 14

The Fox Creek Chapter of Questers will meet at the Grayton road home of Mrs. J. L. Thompson next Thursday, September 14, the second Thursday of the month instead of the first, as originally scheduled.

Co-hostess is Mrs. Raymond Mellinger. A Show-and-Tell program is planned.

sociation, Michigan Division, and on the board of the Grosse Pointe Garden Center. She's served as chairman of the Garden Center's Trial Gardens. She's presently helping plan the Garden Center's Green Thumb lectures.

Love The Outdoors

"Time off" has always meant outdoor time for the Dolegas. Corinne and her husband enjoy trout fishing, love to hike and used to do a lot of sailing. He belongs to the Farms Pier skeet shooters. She's an ex-golfer and ex-tennis player, once-upon-a-time winner of the Detroit News Singles Tournament.

A tennis watcher now, she still enjoys the game.

The Dolegas have vacationed in northern Michigan, near Mio, for years, but now that he can take a more leisurely holiday, Dr. Dolega's Thinking Big. "He said he'd like to go round the world."

Corinne's not about to let him FORGET he said that!

Think of the material, impressions and ideas for her own painting, Corinne could collect on a round-the-world trip . . .

"I've always kept my hand in." Her basement studio-workshop has always had a work, or two, or three, in progress, but since Corinne discovered her own organizational talents, and Corinne the Organizer was, in turn, discovered by others, there's been less and less free time for Corinne The Artist.

Lots of Details

The Grosse Pointe Artists Association Fall Art Festival, for instance, isn't something one pulls together at the last minute, out of a hat.

"I've kept a file. We have a record, now, of all the people who've exhibited in the last three years.

"I start in March, work through April, May . . . We do all the mailing and addressing in cooperation with the War Memorial, (co-sponsor of the Festival since it moved, in '59, to the War Memorial grounds).

"Entries chairman is a big job. Elisabeth (Mrs. Thomas K.) Jeffers is in charge of that. And Lee (Mrs. John R.) McKinley is responsible for all the grounds work, from security to parking."

Mrs. Mike Moran is Corinne's other co-chairman this year. One hundred and sixty artists will be exhibiting. That's the '72 Festival limit: Many were turned away.

Twenty-five artists have agreed to demonstrate their art throughout the day.

There'll be music, from the Grosse Pointe Memorial Church carillon.

There'll be color and excitement, laughter and fun.

It's a grand happening. Always has been. Even back in the days of the vacant lots.

Everybody knows about the Pointe Festival now, everybody knows it's always held the second Saturday in September, everybody knows where it's held, but in the beginning, when Corinne Dolega "sort of took it upon myself to keep this thing going," it was small, very much a Pointe Artists Association family affair.

Art Festivals themselves weren't all that common.

Then, the Artists Association presented the Festival as a gift to the community. It still does. "We don't get a thing out of it."

Except the delight, the satisfaction, of doing something well worth doing, well.

Corinne The Organizer and Corinne The Artist both know a good deal about that.
