Has No Opposition

All that remains is for the House and Senate to formally approve a compromise version of the 30.1 billion, five-year bill already agreed upon by a House-Senate conference committee. Since no strong opposition has been voiced to date, approval will be a mere formality.

After Congress takes action, the bill will go to the President for his signature. Funds received by munici-

palities can be spent on public safety, environmental protection, public transportation, recreation, social services for the poor and aged, financial management and for any capital expenditure falling within their responsibility.

winning edge. Anyone who has been in the midst of afternoon traffic when a fire truck is on an emergency run, will wonder how the massive vehicles weave in and out of traffic and avoid collisions. Well, it appears that sometimes collisions are inevitable.

A case in point occurred recently in the Farms when five Farms firemen jumped on the department pumper fire truck and rushed to 20903 Harper, Harper Woods, on a mutual aid alert. Near the corner of Vernier and Mack avenue, the truck rammed into an auto stopped in the turning traffic lane, causing the auto to collide with a second private auto. Farms fireman Paul Degrande was driving.

As the fire truck was on an emergency run, Farms Police Corporal Otto Glanert handled the accident report. The damaged vehicle belongs to Sam Costanza, 22006 Al-ger, St. Clair Shores, who estimated \$400 damage to the car and band equipment stored in the truck. In particular, he was concerned about two cymb.ls, each measuring 14 inches in di-ameter and valued at \$55. However, The Farms has heard no report of the equipment being damaged; only the car bumper and trunk sustained damage.

The second car left the scene before the police officer could file a report. Meanwhile, at the scene of Harper Woods, the five Farms firemen were man-ning hoses, ropes and poles in the fire fighting effort. The fire which originated in the gas tank of a car on a hoist, was brought under control by 5:15 p.m. The Farms fire truck was

not damaged in the minor collision.

This is a place of remembrance. A place where we honor our family and friends and rediscover the values they loved and lived for.

Here, amidst this quiet beauty, the past, present and future are one. Because the good that is in each of us lives on as long as those who love us remember.

For over half a century, Harris has provided a setting for remembrance, a place where love looks back in order to go forward with renewed strength.

Five Harris locations serve Metropolitan Detroit.

Because we have such a huge assortment of rugs for you to choose from, and because this is the only sale in Metropolitan Detroit for the balance of 1972, we're holding it in the only place large enough . . . our Downtown Detroit store. Therefore, for the first time, we can offer you:

- Convenient shopping in our 12th floor auditorium
- Showcase rooms with new decorating ideas
- Studio of Interior Design personnel to assist you

A HOUSE FOR YOUR YEARNING

Keep your home fires burning in the fireplace in the large living room or corner fireplace in the cozy den. A large first floor bedroom can substitute as family room or guest room. On the second floor are three more bedrooms and two full baths. A great looking house both inside and out, and settled nicely on a near-acre size lot. \$55,000 is how we rate the whole thing.

the Pointe's quietest neighbors.

- SEEING IS BELIEVING! And all you have to do is step inside this four family bedroom English cottage with its large center foyer and two story living roan. A fifth bedroom and third bath on the third floor are definite pluses. Quick occu-pancy makes this a "must see" for you mid-forty thousand buyers.
- THE ULTIMATE ANSWER for the man who thinks he has everything. This mini-estate is "packaged" beautifully on a magnificently landscaped lot of 300 frontage. A French country house with four master bedrooms each with bath, and an elaborate third floor with three more bedrooms, are above the most beautiful first floor plan imaginable. A large swimming pool, greenhouse, and carriage house with additional garage space are all part of this package. House and grounds are in impeccable condition.
- ALL BRICK and in the Farms with three bedrooms and a den behind the separate dining room. First floor lavatory and a two-car garage. \$35,700 makes this very saleable.
- ON RIVER ROAD we have an almost new colonial with three bedrooms and two baths on the second floor and a large family room with fireplace leading off the kitchen. There is a two-car garage which enabled the builder to devote the entire backyard to recreation area.
- DON'T BE LEFT WARMING the bench while someone else steals the show. You'll capture scoring honors by putting the family into this immaculate colonial by mid-season. Upstairs are four bedrooms, each sized for twin beds and more. Watch the games in a secluded den off the living room, There is also another study with full bath on the first floor. If you want to sit on the back porch and enjoy the privacy of a secluded yard, take the set out there. If the temperature drops just turn the heat up. The porch is heated. In the summer enjoy central air conditioning. There is even a heated party house in the yard which can stable four or five automobiles.

VACANT LOTS

- VACANT LOT in Grosse Pointe Park south of Jefferson. Zoned for two family. Priced at \$12,500.

Perfectly Beautiful Weddings . . . are a tradition at Walton-Pierce. On the first page of Society, this week, there's a sketch of a charming new wedding gown from the new Bridal Collection. Besides the fabulous selection of wedding gowns and bridesmaid dresses (some of them national ads) wedding veils can be specially designed and family heirloom veils reworked to flatter the bride. Bridesmaid headdresses from little accent bows to graceful picture hats are custom-made to carry out the color and theme. Special services include the pressing of the gown for the photographic sitting and repressing for the wedding. A consultant can go to the home or church on the day of the wedding. She can also help the bride select trousseau lingerie and her going away ensemble. The mother of the bride or groom is sure to find her dress at Walton-Pierce. (The buyers are always on the look out for them.) It's all part of the one-stop bridal shopping at Walton-Pierce.

CHIAROSCURE . . . the play of light and dark creates so many interesting effects in art. This technique of contrast is paralleled by Charlotte Feury at Leon's to give height to the face-to widen or narrow. She uses "sun-lighting" and tonings as a cosmetic aid to beauty and balance . . .
