

\$500 OVEN FIRE

There was an oven fire at the J. P. Williamson residence, 462 Madison road, Thursday, October 12, which filled the entire downstairs with smoke. Farms firemen

rushed to the scene at 4:45 p.m. and Sergeant Samuel Candela took the burning oven pan outside and extinguished it with CO2. The downstairs sustained smoke damage and the stove was damaged beyond repair.

Students Speak Up at Board Meeting

(Continued from Page 1) talking about was an overflow meeting of 150 students in the North High auditorium Thursday, October 26. Organized by Social Studies teacher John Corbin and Assistant Principal John Welch, the meeting was called to discuss the education philosophy of North High, which has actually been set down in writing. The teachers also suggested topics, such as "The Importance of Factual Knowledge in Learning" and "Personalizing, Humanizing, and Broadening the Learning Process" to prompt focused discussion.

The session was listed in the usual series of events during American Education Week, October 23 through 27. All school board members were encouraged to attend events during the week, however, a mid-pumpkin sales and PTA meetings the student forum was overlooked.

Asked how he arrived at the idea of a student forum, Mr. Corbin said "We wanted to get away from the usual events presented in American Education Week. We wanted to get away from the cliches as everyone, students and teachers alike,

were turned off with the standard P.A. announcements during the week."

"We did take a video tape of the session which Mr. Welch and I listened to with students last night. In reviewing the meeting, we arrived at 50 questions posed by the students. These questions will be taken back to the homeroom and discussed by the students. We have set the next meeting for Monday, November 8, at 1 p.m. to discuss the questions and comments raised by each homeroom," Mr. Corbin said. "We certainly hope that board members and school administrators will attend that meeting."

Among the questions to be discussed in the homerooms and brought back to the meeting by the class representatives are the student voice in education, human relations between students and teachers, and the optimum classroom climate.

Other Possibilities The group has also discussed students meeting on a one-to-one basis with trustees, such as Mrs. Joan Hanpeter, and with administrative officials such as Dr. Joseph Spagnoli, Assistant to the Superintendent, Instruction. Another question to be raised is the possibility of a student representative on the Board of Education.

After the problem of the student forum was closed at the Monday night board meeting, a second group of students had a bone to pick with the trustees.

This weekend, Thursday through Saturday night, November 2-4, North High is presenting its annual musical involving the 86 members of the choirs, 50 orchestra members and 10 dancers. Because the Board meeting had been postponed a week, Monday evening's full cast rehearsal was cancelled and the students had to cut their classes and rehearse during the school day. A student said that a music teacher had signed up for use of the auditorium in March 1972.

One member of the cast, Jim Kaloger '73, asked why the Board did not hold the meeting in another location so that the roughly 150 students could keep their normal class schedule.

Board Baffled Again Again the Board was caught with baffled looks on their faces. "I can say for every member of the Board that we had never meant to interfere with the normal use of this auditorium," Mr. Huetteman

Vandals Using Spray Painting

Three cases of malicious damage via paint spraying were reported to the Woods Department of Public Safety. One report was taken Tuesday, October 24, while the others were received Wednesday, October 25.

An Oxford road resident showed officer William Lentz where someone sprayed an obscenity in red paint on his garage door. Other spray marks were discovered on the sidewalk and driveway approach in green paint.

Some stop signs also were discovered sprayed on the 24th. They are located at Jackson avenue and Oxford, and Kenmore road and Helen avenue.

Then the following day, Corporal Robert Setchell received a run to Ahee Jewellers, 20139 Mack avenue, to check for obscene words sprayed on the rear wall behind Ahee at the alley. Mr. Ahee told police he would have someone paint over the words.

Later, a second report of malicious damage was checked by officer Lentz. A Broadstone road resident said someone sprayed red and green paint on his auto's trunk while the vehicle was parked in the driveway off Brancaster road. The estimated cost to remove the paint is \$25.

**Wanted Driver Arrested Here**

Rodney J. Bosma, 25, of 333 East Lakewood, Holland, Mich., was stopped by a Farms patrolman on Wednesday, October 25, for driving an automobile with defective equipment. It was found the man has been sought by Michigan State Police on two warrants.

According to the arresting officer, Patrolman Samuel Cardella, Bosma was traveling east on Mack, at about 4:20 p.m., his car making excessive noise. The motorist was stopped at the LaBelle intersection.

Cardella called in to his station for a check on Bosma, and it was found that the man was wanted by the State Police of the Mt. Pleasant Post on a pair of traffic warrants.

Troopers from the post arrived at The Farms station to take Bosma in custody.

**Pointe Officers Reverse Roles in TV Safety Film**

By Roger A. Waha

Two Pointe public safety officers are rough and tough — and absent minded.

In a reversal of their daily roles, Shores Sergeant Donald Jacob and Woods traffic safety officer Stephen Petrik play a couple of heavyweights in a 60-second television film sponsored by the Motor Vehicle Manufacturers Association.

The film, made by National TV News this July in The Shores, provides a safety reminder for motorists to always fasten their seat belts. Take our gangsters, for instance . . .

Decked in appreciably "tough guy" dress complete with pin stripes, fedoras and cigars, our officers hustle a poor, frightened wretch into an auto's back seat to apparently send him to his doom.

**St. Clare Plans Lecture Week**

A series of lectures on contemporary theology will be given at St. Clare of Montefalco Parish during the week of November 6. The theme of the talks will be "Jesus Christ — Superstar or Savior?"

On Monday, November 6, Bishop Thomas J. Gumbleton, D.D., Vicar for Parishes in the Archdiocese of Detroit, will speak on "The Church: Jesus and His Followers."

On Tuesday, November 7, Professor John Castolot, S.S., S.T.D., teacher of Sacred Scripture at St. John's Provincial Seminary will talk on "The Humanity of Christ in the New Testament."

On Wednesday, November 8, Rev. Michael O'Leary, Ph.D., Coordinator of the Institute for Continued Education in Detroit will speak on "Christ and Morality."

On Thursday, November 9, Rev. Patrick Cooney, S.T.L., Director of the Office of Christian Worship of the Archdiocese of Detroit, will lecture on "Christ in the Liturgy."

On Friday, November 10, Father James Cronk, M.A., Associate Pastor of St. Paul's on-the-Lake and Theologian for the Detroit-Grosse Pointe Vicariate, will speak on "Christ and Youth."

The lectures will start at 8 p.m. in the St. Clare Church auditorium, Mack and Whittier road, and will be followed by a discussion period.

The public is invited to these free lectures.

Once in the car the protagonist, who looks like a piece of wilted bologna between two slices of thick rye bread, manages to snap his seat belt while the "baddies" convincingly chomp on their cigars. (They're obviously more concerned with the task at hand than safety's sake). Then, it happens . . .

The car comes to a screeching halt, the antagonists are thrust villainously forward out of view in a resounding crash and . . . well . . . good once again triumphs over evil.

At the "smashing" moment the sound track reveals, "If you don't want to be taken for a ride, buckle up," said Sergeant Jacob, who added the film has been mailed out to over 500 stations across the country.

While the sergeant noted that Bill Fields played the safety-conscious individual, officer Petrik stated they spent eight hours shooting the film.

So for the officers, today, they're beginning film actors. Tomorrow . . . ?

Our mid-engine car is a fair-weather friend that won't let you down in foul weather.

On sunny days, the top snaps off in thirty-seven seconds, stores under the rear trunk lid and takes up virtually no space.

On rainy days the top locks back on almost as fast. And because it's fiberglass, it won't leak or rip. Unlike fabric.

But a friend is more than a fiberglass top.

First of all, it's a two-seater in the classic sports car tradition. And because two's company.

Right behind the two seats is an engine in our race car tradition.

With the engine in the middle, handling must be believed.

The car simply goes where you point it.

Also with the engine in the middle, you get a trunk in the front and the back. A sort of his and hers. Together they give 16 cubic feet trunk space.

And also rack-and-pinion steering, and a five-speed gearbox, 4-wheel disc brakes and a built-in roll bar as standard equipment.

So see your friendly dealer and let the sun shine in.

A court date for a hearing on charges against Henry C. Green, 42, of 1233 Engle, Detroit, is pending, it was disclosed by Park police on Thursday, October 26. Green is accused of driving through a red traffic signal and crashing into another car, injuring two persons.

According to information released by the authorities, Green was traveling west on Vernor, and at the Nottingham intersection, he went through the light, and smashed broadside into an auto driven by Mrs. Naomi Jo Pretto of 12537 Wilshire, Detroit, who was going north on Nottingham and was

nearly across the intersection. Green was not hurt.

Mrs. Pretto was not injured, but her two children, Carolyn, 19, complained of a pain in the side, and a son, Peter, 18, received a bump on the head. Carolyn and Peter were conveyed to Bon Secours Hospital by firemen and treated and released.

Green was issued a violation ticket for ignoring a red traffic signal and causing an injury accident.

Both vehicles were not driveable and were towed to the pound at the rear of The Park station.

**St. Michael's 25 Years Old**

St. Michael's Episcopal Church observed the 25th anniversary of its founding on Sunday, October 29. Services were held at 7, 9 and 11 a.m., with the Right Reverend Richard S. Emrich preaching at the two later services. Bishop Emrich took part in the first service ever held in the parish. The Reverend Edgar H. Yeoman, present Rector, has been pastor since the beginning and was in charge of the anniversary services.

St. Michael's began as a mission of Christ Church, Grosse Pointe, under the rectorship of the Reverend Francis B. Creamer. The congregation originally worshipped in the old caddy house of the Renmore Golf Club, which occupied the land now known as North and South Renaud roads.

In 1951 the first building was erected on a five-acre tract of land, and others were added in 1954 and 1960. The handsome tower contains a peal of VanBergen bells cast in the Netherlands.

The church became debt free in 1971 and was consecrated by Bishop Emrich in January of 1972. As part of the celebration a Missionary Festival and exhibit was held in September, and on Friday evening October 27, there was a dinner, with dancing following, at the Grosse Pointe Yacht Club. It was at a meeting years ago at the Yacht Club that it was decided to found the new congregation.

**Museum Has Antique Patents**

"Miraculous Machines and Mechanical Marvels" is both the title and an apt description of this new display of patent models in the Detroit Historical Museum's Kresge Hall. Miraculous, indeed, is a machine which its inventor claimed would, through the use of what seemed like dozens of gears and cogs wheels, gently remove potato bugs from vines and hold them so they might easily be disposed of. Over a hundred other models illustrate inventions designed to solve the problems of 19th century America. They range from two better fly traps to a cask or keg to preserve beer.

The American home wasn't neglected. Inventions for the housewife include the mason jar, a dozen different types of clothes washing machines, a dishwashing machine and an improved egg beater.

These fascinating models are the result of a Patent Commission rule that was in force from 1790, when Secretary of State, Thomas Jefferson, was a member of the Commission until the 1870's. The requirement was that a working model be submitted to the Patent Office. It was dropped because the Patent Office was literally so filled with models there wasn't room for the examiners to work. In 1908, 1925 and 1926 nearly all of the models were disposed of at sales. The models are on loan from the Hagley Museum and, at one time, were part of the collection of E. Tunnichiff Fox.

The patent models exhibit will continue until May 1973.

**Police Recover Stolen Vehicle**

An auto, stolen from the rear parking lot at St. John Hospital, 22101 Moross road, Tuesday, October 24, was recovered the following day by Detroit police.

Anthony Billardello of Roseville told Woods public safety officer William Lentz he and his wife returned from visiting at the hospital to find their 1972 Lincoln missing. He said both doors and the ignition were locked.

But the auto was recovered in Detroit and Woods police were immediately notified. All the tires were gone but the vehicle was reported to be in good mechanical condition.

# Why five Democratic mayors are going to vote for a Republican Senator.

Five Democratic mayors have endorsed Senator Bob Griffin for reelection. It would have been much easier for them, politically speaking, to endorse the Democratic candidate. But their consciences wouldn't allow it. They know Senator Griffin is the better man.

They know Senator Griffin led the fight in Congress against school busing and he authored a constitutional amendment to prevent it — an amendment Kelley says he would vote against.

They know that Senator Griffin was instrumental in getting the auto excise tax repealed. (One reason he's referred to as "Michigan's Muscle.")

They know that he co-authored the Landrum-Griffin Act, the "bill of rights" for rank and file union members.

They know Senator Griffin has introduced legislation to *guarantee* that working men and women get the pensions they've earned.

So these five Democratic mayors are taking the hard way out. And putting the people above party.

They're going to vote for Senator Robert Griffin next Tuesday. And they urge you to do the same.

### New Controller at Bon Secours

Jesse S. Pearson has been promoted to controller from his former position as accounting manager at Bon Secours Hospital.

A graduate of Wayne State University with a bachelor of science degree in business administration, Mr. Pearson joined the Bon Secours staff in 1967 as accountant and soon advanced to accounting manager. In 1971, he served as deputy director of fiscal affairs at Highland Park General Hospital returning to Bon Secours in March of this year.

Mr. Pearson is active in the Michigan Hospital Financial Management Association, currently serving as program chairman. He is serving his second term on the association's board of directors.

### Woods Drafting Storage Law

By Roger A. Waha

The Woods' proposed ordinance to prohibit the outside storage of boats, boat trailers, house trailers, mobile homes, vacation campers and other equipment for temporary or mobile living quarters within the city remains under committee study, and isn't expected to come before the council until December, according to City Administrator Chester E. Petersen.

A meeting was held Tuesday evening, October 24, with the citizens' committee and members of the Planning Commission, said Mr. Petersen. At that time, the second draft of the proposed ordinance was reviewed and recommendations for revisions were made. City attorney George Catlin will now prepare a third draft.

Mr. Catlin told the NEWS he hopes to complete the draft this week or by the first of next week at which time it will be referred to another committee meeting. The crux of the matter, he said, is where storage of such equipment will be permitted, under what conditions, plus limitations.

He noted that the proposed ordinance began with a rough draft, then recommendations were made for changes in the draft. "We have had a series of minor revisions in wording, not in intent." And a concern of all in the revision process is protecting the character of the neighborhood.

When the proposed ordinance first came before the council at the July 17 meeting, some 90 residents appeared to express their displeasure. The council unanimously referred the ordinance to the Committee of the Whole for further study and an appointment of a citizens' committee to make recommendations to the C-W with a report back to the council.

### Autumn Sale Barnes Plans

Students, parents and teachers at Barnes Elementary School are busy preparing for a "Flowers, Foods, and Frills from Nature" sale to be held at the school on Tuesday, November 7, from 1 p.m. to 4 p.m.

The items for sale include everything from fruitcakes made from a recipe over 200 years old to pumpkin bread. As the emphasis is on ecology since proceeds go to the Barnes Nature Site, wildflower stationery, wildflower arrangements and bird feeders are also on sale. Wild jams and jellies and various yeast breads will be available.

Monies from the sale will be directed to further development of the nature site located behind the school building.

The sale is sponsored by the school's Ecology committee.

### Turn Produces Arrests

(Continued from Page 1) Harry Hamilton detected the odor of suspected marijuana emanating from the van.

Meanwhile, the passenger refused to honor officer Hamilton's request to roll down the window; instead, he locked the door.

Police discovered a single bladed knife with a four-inch blade, (in violation of state law, noted police), on the driver. After the passenger and the juvenile exited, the van was searched on the probable grounds that it contained narcotic drugs.

The items found included a clear plastic face mask, a two-foot clear plastic hose and a wooden pipe with a brass connector; two pipes connected with metal bowls to wood and vinyl stems;

four empty vials; a brown pipe; four packages of cigarette papers, and a white baggie with a one-inch chunk of suspected hashish and a one and a quarter by one and a quarter-inch chunk of suspected incense or opium wrapped in tin foil.

At the station, the juvenile told police he was merely given a ride home from school and was released.

The driver agreed to take Detective Ferrence and officer Hamilton to his home and turn over suspected narcotics paraphernalia to them, police said. All articles, except the knife, were turned over to Detective Ferrence. The knife was held by Shores police on the carrying concealed weapons charge.

### Bail Out

(Continued from Page 1) were confiscated, as well as a brown pipe bowl.

Det. Sgt. George Van Tiernan ran a test on the substance in the bag, and it proved to be marijuana. DiFaita was placed under arrest and was issued a narcotics ordinance violation ticket.

Three other orange pills were found in DiFaita's pocket and these were confiscated. The authorities said that the pills had an "A" over an "S", and was a non-barbiturate hypnotic, used in the treatment of insomnia. Nevertheless the pills were sent to the Michigan State Police Scientific Laboratory for analysis.

When asked if he was under a doctor's care or taking prescription drugs, DiFaita said no, and refused to make any further statements.

Police said that besides the charge of illegal possession of narcotics, under a city

ordinance, he could face another charge, possession of drugs not in their original container.

### Pointe Skaters Defeat Toronto

By Sue Barrett  
It was as surprising as a father who coaches his son at a sport, and wakes up one day to find himself consistently being beaten. The Canadians introduced us to hockey and are now waking up to the fact that we have learned our lessons well.

The Grosse Pointe Pee Wee Spitfires and Squirt Bruins traveled to Toronto to the weekend of October 28-29 for a tournament with the Toronto Kings AA teams, a reciprocal trip after the Toronto group visited here October 15-16.

On Saturday, October 28, the Spitfires bested the Kings, 4-1, with goals by Jeff Logan, Terry Hogan, Joe Foy and Jeff Johnston. The following day the Spitfires dominated the ice to win, 3-1. Scoring were Jeff Logan, John Schuster and Joel Fabry.

The Bruins controlled the

Saturday game by romping over the Kings, 6-0. Goals were scored by Greg Johnston and John Davies, with two each by Matt Costello and Alan Taber. Sunday's game saw the Canadians "waking up" to finally tie the score, 2-2. Jim Morris and Scott Seaver put the red light on for the Bruins.

The boys enjoyed the hospitality of their Canadian hosts who billeted them overnight. Several were taken to the Argonaut football game, many visited the Hockey Hall of Fame, and some lucky boys were taken to see the Maple Leafs at the Gardens. One fortunate player, Bobby Barrett, returned with a hockey stick autographed by all the Leaf players.

A highly successful hockey tournament has the teams looking forward to a return trip, and match, scheduled for Toronto in January.

### Lochmoor Holds Banquet To Honor Swim Team

Lochmoor Club held its final swim event of the season by honoring its tankers at a banquet Sunday, October 29.

After a sumptuous dinner Mrs. Donald Hallman, chairman of the Swim Committee, proceeded to the exciting duty of giving out the special secret trophies. A more delighted smile has never been seen as displayed by Jamie Elsey as he "float-ed" the distance to accept the William Beckenhauer Trophy for the most improved swimmer of the year!

Special trophies went to

Scott O'Berski and Mark Stoyka for their great improvement this season and they were joyfully received. The Christine Nolan Trophy for outstanding service during the year was presented to a happily surprised Joy Promack and Michael Michael by Lochmoor's newly elected 1973 team co-captains, Pam Hallman and Tom Filgo.

On Labor Day, Lochmoor Club championships were held and Hi Point trophies were awarded by coach Roy Pouliot. All Club children can swim a total of three events. Points are given for placement in each stroke event and for breaking a previous record.

### Youth Accused As Car Thief

Christopher Bajer, 17, of 1221 Three Mile drive, was arraigned before Park Municipal Judge William E. Speer for a preliminary hearing on Saturday, October 21, on a charge of receiving and concealing stolen property over \$100.

Bajer is accused of taking an automobile from a parking lot on the campus of the Macomb County Community College, and a full description of the car, a 1966 Corvette, was given to Park police by Warren authorities, who stated that the suspect was believed to be a Park resident. The auto was reported stolen on Thursday, October 19.

Information of the theft, with a description of the vehicle, was given to all shifts of the Park Police Department.

At about 6:30 p.m., on Friday, October 20, Patrolman Lawrence Rice, while on routine patrol on Mack, spotted a car that fitted the description of the one reported taken from the MCCC campus, as it passed the Bishop road intersection.

The officer stopped the driver and an investigation proved that the car was the one reported stolen. Bajer was placed under arrest.

A warrant was approved by the Wayne County Prosecutor's Office, charging Bajer with receiving and concealing stolen property and he was held until his court hearing.

Judge Speer released Bajer on \$1,000 bond, following the arraignment, and set examination for Wednesday, November 1.

Receiving and concealing stolen property over \$100 is a felony under State law, conviction of which can bring a prison term of up to five years.

Those winning the six and under group was newcomer Richard Subhrheirich and "oldster" Sarah Bernard. Watty Bernard and Rachael Krickstein copped the eight and under trophies, while George Schoof and Julie Engenio won the nine and 10 age group. Chuck Stoyka and Joy Promack took the 11 and 12 awards.

Carol Peters was solo winner in the 13 and 14 age group as no boys competed. The 15 and 16 age group achievers were Gail Eugenio and Tom Filgo.

Certificates were given to all swimmers who participated in any dual swim meet during the summer. A special award suggested by Judge George N. Bashara, Jr., Lochmoor's aquatics director, was given to the 37 swimmers of Lochmoor who placed in the top 12 during Inter-Club finals action. This set an Inter-Club Final's record of winning five consecutive years, a feat not accomplished by any other club.

Janis Wyborski, Gary Hoffman and Keith Hallman were given senior swimmer awards which concluded their swimming years with Lochmoor.

Baskets of Halloween treats were provided for all by Mrs. Hallman to bring the banquet and the season to an enjoyable finish.

### To Face Court on Drug Charge

A Hazel Park man, charged with possession of a controlled substance, i.e., heroin, appeared before Woods Municipal Judge Don C. Goodrow Wednesday, October 18, at his examination.

Marshall Leroy LeFever waived the examination and was bound over to Wayne County Circuit Court for arraignment, scheduled for today, November 2, according to police. Bond was continued in the amount of \$2,500, cash or surety.

LeFever was arrested by Woods police Thursday, October 12, when he and another Hazel Park man, both reportedly wearing masks, were stopped after leaving the porch of a local doctor's home. Police discovered a pill bottle with two small tin foil packets containing a white substance on LeFever. The substance underwent analysis at the crime lab. Police received a report Tuesday, October 17, which revealed, after an analysis of one packet, the contents was heroin.

Official Saves Shores \$3,500

At the last meeting of The Shores Village Council, the trustees approved the purchase of a slightly used sidewalk snow plow which will double as a lawn mower in the summer. On a recent business trip, Village Superintendent Thomas K. Jefferis inspected the equipment and received the asking price of \$2,500. After bargaining with the dealer, he was able to purchase the Bolens plow for \$2,000. It's good to have a bit of the old fashioned horse trader in every city manager. The Shores was in need of a snow plow with the additional equipment of a snow broom, blower and rotary lawn mower attachments. Following most area municipalities, The Shores wished to switch from snow plows to snow brooms in order to save residents sprinkler systems. The cost of the equipment new is around \$3,500, so the village superintendent saved the shores about \$3,500 with the slightly used equipment.

Mr. Jefferis reported that the Public Works Department is well pleased with the equipment and has made use of the mower attachment in The Shores George Osius Park and the sweeping broom on Colonial road. For any interested Shores resident, the new equipment can be recognized as "that big yellow thing," as pointed out by one Shores trustee.

Witness Driver Defacing Lawn

It isn't often that witnesses are found to report cars driving over and damaging lawns, but on Monday, October 23, two Farms police officers saw such an incident first-hand. Patrolmen John Kraiza and Kenneth Pine received a radio run to the home of D. J. Bond, 277 Touraine, at 1:47 a.m., in which it was reported that an auto had run over the grass at that address. Kraiza and Pine said they arrived at the scene and saw the "pressed" grass, apparently made by car tires. They cruised the area, and on returning, saw a 1966 Mustang that appeared to be coming out of the driveway alongside the Bond residence. The officers said the driver of the vehicle, later identified as Arthur F. Bender III, 17, of 5090 LaFontaine, Detroit, first entered the driveway of the Bond property, then crossed over to 273 Touraine, causing minor damage to the lawn in front of that home.

Then, Kraiza and Pine said Bender, after driving through No. 273's lawn, drove back onto the Bond driveway, spun his rear wheels, then went north coming out of No. 277's driveway. A passenger was in the car with Bender, the policeman said. Bender and his companion were both arrested and taken to the station. The passenger was released without charges after making a statement. Bender admitted that he had driven over the lawns, when police found grass and dirt beneath the under carriage of the vehicle. After Bender made a statement, he was issued a ticket for careless driving. He was released on bond and is scheduled to appear before Farms Municipal Judge Robert Pytell on November 15.

History wouldn't have to repeat itself if people tried to understand it the first time.

Baron Gridders Dump Roseville

The Roseville Chiefs were the latest victims of the three hard charging Grosse Pointe Red Baron football teams Sunday, October 29, at Roseville. The freshmen walloped their adversary, 27-0, while the junior varsity won a tough squeaker 12-6. The varsity, displaying their finest offensive game of the year, overpowered their opponents, 28-0.

Offensive stars for the freshmen included Robert Broomham, Paul Belanger, Gary Kinder and quarterback Bill Babcock. The stout defense was led by Tom Shook, Dan Gallagher, Brian Meda and Dean Dauphinais, according to coach Rick Moore, who commented that "all the boys played well."

Wheels Stolen In Parking Lot

Two autos were burglarized while parked in the A. H. Peters Funeral Home lot, 20705 Mack avenue, Sunday, October 29. Woods police were told that two black males, driving a 1966 Chevrolet Impala, had left the lot and were believed to have entered the cars, as they were acting in a "suspicious manner."

An hour later the two burglaries were reported to police. Leo R. Wickert of Mt. Pleasant told public safety officer Russell Allard that his trunk lock had been punched out. A Michelin white wall tire, and black wheel, valued at around \$125 was taken, along with a ladies' dark blue full length leather coat, \$200, and a man's brown cloth raincoat, \$50.

Robert Thomas Fishaw of Westland then told the officer his Michelin white wall tire and black wheel, valued at around \$125, was stolen. A witness told police he spotted the two men pull away in a blue 1966 Chevy, which had large fender skirts.

In a fine display of power, the varsity offense "put it together." Strong running and blocking by offensive players John Hasse, Ed Hammer, Richard Sterr, Bruce Stafford, Steve Arthur, Marty Spei and Mark Ternes led the way. The defense was anchored by Richard Slavik, John Knipp, and Terry Gardner.

On Sunday, November 5, in the traditional colorful finale, the Red Barons will face their Grosse Pointe rivals, the fine Pointe Lions aggregation at University-Liggett Field, Cook Road, beginning at 1 p.m.

**South To Give Pops Concert**

The second South High School Pops Concert will begin at 7:30 p.m., Friday, November 10, in the school gymnasium. Everyone is invited to sit around tables and relax to popular melodies of the past and present.

Russell Reed will lead the Symphony Band and Orchestra through works such as

Lerner & Loewe's Camelot, Jacques Offenbach's Ballet Parrisien, Leroy Anderson's Promenade, Kingsley's Popcorn, and The Sound of Music by Rodgers and Hammerstein.

The theme will center around "Camelot" from the days of King Arthur—chivalrous knights and beautiful damsels! Food and drinks will be served to tables at modest prices. Hotdogs, child-dogs, softdrinks, coffee, snacks and desserts will be available to allay hunger and assuage thirsts.

Admission is \$1 per adult, with children under 12 years admitted free. Tickets may be purchased at the door or beforehand from Band and Orchestra members. All profits go toward summer music camp scholarships.

After a highly successful Pops Concert last year, the Bands and Orchestra Parents Club gave 35 scholarships to music camps including Blue Lake, National Music Camp, All-State Sessions at Interlochen, Michigan State, Ferris State, A.S.B.D.A. Honors Band, and Wayne State. In addition, a few students toured Europe with the Youth For Understanding String Ensemble and the Musical Youth International Band.

**Pair Arrested On BE Charge**

A Park woman, name withheld, alarmed by noises on the first floor of her residence the night of Wednesday, October 5, called police. Her presence of mind resulted in the arrest of two suspects who were charged with breaking and entering.

According to information released by Lt. Gordon Duncan, the first officer dispatched to the home, Sgt. Thomas Martin, saw two males attempting to enter a car opposite the home in the 1100 block of Berkshire, at 10:44 p.m.

At approximately the same time that Sgt. Martin arrived, Patrolmen Richard Warren and Paul Konefke were also at the scene.

The patrolmen arrested the two, identified as Joseph M. McMurdie, 18, of 4510 Thirty-third street, and Arthur Stepaniak, 17, of 5402 Martin street, both of Detroit.

The sergeant entered the Gregory residence, where an investigation showed that the alleged suspects had entered the house by cutting the screen of the lower porch window and breaking the glass. Nothing was missing, but the officer found two fur coats that had been removed from the downstairs closet and placed near the point of entry.

McMurdie and Stepaniak were arraigned before Park Municipal Judge William E. Speer on Thursday, October 26, for a preliminary hearing. Both suspects were released after posting bond of \$1,000 each. Their examination was scheduled for yesterday, November 1.

**North Gridders Stay Unbeaten**  
By Tim Simpson

Grosse Pointe North continued its unbeaten streak when its gridders dumped Clintondale, 21-0, recently. North's record stands at 7-0 in season action.

The defense did the trick as they held Clintondale to just 12-yards passing, minus 12-yards rushing and didn't give up a first down through out the game.

Speedster Chris Lehmann again showed his brilliant playing tactics by figuring in all of the scoring. He hauled in a 30-yard pass from Jeff Humes and also scored the other touchdowns on runs of three and nine yards.

John Puleo picked off a Clintondale pass and returned it 20-yards, setting up Lehmann's final touchdown. Incidentally this game was televised on Channel 56.

North's homecoming game couldn't have come out better as the club swamped L'Anse Creuse, 20-0, in a rain-drenched contest. Two school records were set. One was a single game offensive yardage record of 446 yards and a quarterback Humes passed for 225 yards on seven of nine completions. Mark Gregson caught scoring passes of 76 and 12 yards, and Dennis Hermann scored North's other TD on a 22-yard romp.

The Norsemen face South Lake Saturday, November 4, on North's field. Game time is 2 p.m.

**WINDOW BROKEN**  
John Miller of 284 Kerby road notified Farms police that at 11:45 p.m., someone tossed an egg at his front window. The egg shattered the glass of the storm and inner windows, causing damage estimated at about \$25.

**City Vacuums Fallen Leaves**

The City of Grosse Pointe special fall leaf pickup program is now in operation. City residents should rake their leaves into windrow piles between the curb and sidewalk where they will be picked up by The City with its vacuum truck. Residents are reminded that The City does not permit the burning of leaves and they are asked not to rake leaves into the street where they cause traffic hazards and clog catchbasins. Also brush and similar debris should not be intermixed with the leaves as it clogs the vacuum suction collection equipment.

Public Works Superintendent Douglas Collinson reports that the leaf collection program is operated on a continuous cycle throughout The City. This results in approximately two pickups per week during the beginning and end of fall leaf season.

When the leaves are falling at their heaviest rate, the collection cycle lengthens to about six or seven days. The City operates its equipment on an overtime basis during the period of heavy leaf fall to keep the collection cycle as short as possible.

To keep the vacuum suction equipment in actual collection operation as much as possible the collected leaves are dumped in The City Park. From that point they are loaded into refuse packers and hauled to the Grosse Pointes-Clinton incinerator for disposal.

The \$19,000 vacuum truck was purchased by The City in 1967. This is its sixth season of operation.

**North Stages 'Mary Sunshine'**

"Little Mary Sunshine," North High School's musical this year, will be performed Thursday through Saturday, November 2, 3, and 4, at 8 p.m. in the school auditorium. This performance is the result of mutual efforts of Gael Barr, Drama; Nathan Judson, Instrumental Music; Herman Klein, Vocal Music; and all members of the Performing Arts Department of North High School.

The leads, Little Mary and Captain Jim (Mary's beau and Captain of the Forest Rangers), will be played by Amanda Mazer and Carl Schuster. Others in the cast include Vivian Roberts and Eric Altman in the roles of Nancy (Mary's Maid) and Billy (Corporal of the Forest Rangers). In the role of a retired general and a retired opera singer will be Bill Atkinson and Carol Larson.

Little Mary, an orphaned girl brought up by the chief of the Kadota, played by Alex Momeyer, has raised enough money to buy herself a lodge in the forests of Colorado. Her guests include many young ladies from the Eastchester School, a finishing school in New York, and her friends include the forest rangers who inhabit the surrounding woodland. The young ladies and the men of the Forest Rangers are being played by the Concert Choir of North High. Accompaniment will be provided by North's Orchestra.

Reserve seats are on sale at \$2 for adults and \$1.50 for students. For tickets, contact any member of the cast or call North High at 888-8100, ext. no. 75.

**Shores Police Catch Vandals**

Five juveniles were taken into custody by Shores police in two different cases of vandalism. One was reported Thursday, October 26, while the other occurred Saturday, October 28.

On the 26th, Carl August Roesch of The Park haled public safety officer Harry Hamilton on Lake Shore Road and told him while driving past the bushes adjacent to the lake front, someone threw rocks at his car damaging the hood and the windshield.

Mr. Roesch said there were five boys fishing behind some bushes and he didn't see them leave the area. The youths, four from The Woods and one from Harper Woods, were brought to the station for questioning.

Police discovered that two of the boys had thrown stones at passing vehicles. The three others were subsequently released and warned not to loiter nor fish in the area again.

The two juveniles were ultimately released to their parents. The father of one of the boys was scheduled to contact the station regarding the cost of damages to the auto.

On the 28th, five youths, four from The Woods and one from The Shores, were taken into custody by public safety officers Hamilton and Michael Kenyon. They were reportedly involved in throwing eggs at the residence of Jack H. Merritt of The Shores.

Police said the youths were in possession of eggs, rolled toilet paper and wax and soap, and admitted throwing the eggs. Mr. Merritt said he would clean up the mess and complimented the department for the quick capture of the boys.

After being warned, the youths were released to their parents' custody.

**Reds, Lions Tie In Grid Action**

The Grosse Pointe Lions and the Red Baron Reds played to a 13-13 tie in the Junior Freshman Division Saturday, October 28, at a muddy Elworthy Field.

It looked like a runaway for the Reds when halfback Chuck Haring scampered 65-yards for a touchdown on the second play of the game. But the Lions fought back on the next series of downs and marched 72 yards for the tying touchdown. The Lion drive was aided by a roughing penalty and two plays later Tom Gaitley carried 34-yards around end to knot the score.

The Reds offense was stalled in the next series when Haring's 47-yard touchdown run was nullified by a clipping penalty. The Lions took over on the Reds 44 and scored on a 13-yard-run by Gaitley. This made the halftime score 13-7 for the Lions.

The Reds had a chance to win when Jim Jara intercepted a Lion pass and returned it to the Lions' 20 with two minutes to play. The Lions held however after Cavanaugh's pass fell just over the fingertips of John Caputo at the goal line.

Haring totaled 159-yards rushing, plus the two touchdowns. Jara, John Sherry, Mike Kerving, John Caputo, Steve Caputo and Don Levinthal all played outstanding games defensively for the Reds. Gaitley led the Lions' offense with the two touchdowns and a total of 86 yards rushing.

**Driver Crashes Into Building**

Two cars nearly collided at the intersection of Mack and Cadieux at 2:31 a.m. on Sunday, October 29, with one driver losing control and crashing into a building at the corner, a Park police accident report disclosed.

According to the report, James D. Almond of 1040 Beaconsfield, was traveling south on Cadieux, and the other motorist, Frederick P. Herschelman of 10800 Worden, Detroit, was driving east on Mack.

At the intersection, police said, Almond went through a changing red light, and swerved to avoid a collision. His car leaped over the curb smashed into a mailbox, knocking it over and crashed into a building owned by an investment and security company.

Almond was issued a violation ticket for driving through a red light and is scheduled for a hearing in the Park Municipal Court on December 6.

At least half of them will be played on home ice at the GP Community Rink. The Hawks will tangle with teams from St. Clair Shores, Denby, Madison Heights and other southeastern Michigan suburbs.

And you can be certain the Hawks will be out to improve their current 2-5 pre-season mark!

Team members include Phil Brykalski, Rick Carron, Bob Clogg, John Dettlinger, Mike Eugenio, Gordie Farquhar, Greg Foster, Don Hiles, Greg Moore, Robbie Mueller, Glenn Newa, Doug Rahaim, Bill Ruswick, Tom Smith, Paul Treder and Steve Valice.

The boys were chosen from a series of tryouts in September. Sponsored by Stark Hickey Ford, Inc., the Hawks are coached by Jim Farquhar and Bud Mallard.

**To Stand Trial on Drug Count**

One man was arrested and a second escaped Park police on Monday, October 23, when it was reported that the pair were at the rear of Big Boy's, Mack and Harvard with possible narcotics.

Sgt. Thomas Martin and Patrolman Norman Gangola were dispatched to the eatery, where they saw two males behind the building. The suspects separated and fled in different directions. Gangola pursued and apprehended Anthony Spaniolo, 26, of 3558 Maryland, Detroit, at the rear of 1443 Maryland. The policemen took Spaniolo to the station where a search of his person disclosed a needle and syringe in his pocket.

A warrant was approved by the Wayne County Prosecutor's Office, charging the man with illegal possession of narcotic paraphernalia. Spaniolo was arraigned for examination before Park Municipal Judge William E. Speer the same day.

The judge set trial for yesterday, November 1, and set bond at \$1,000. Spaniolo was remanded to the custody of the Wayne County Sheriff's Office in default of the bond. He will be tried under The Park's ordinance, which makes possession a misdemeanor.

**Pleads Guilty In Two Courts**

A 20-year-old Atlanta, Mich., man pled guilty to a charge of possession of heroin at his arraignment before Wayne County Circuit Court Judge Benjamin Burdick Thursday, October 19.

Thomas Edwin Thompson was arrested by Woods police on Wednesday, September 27, on a reckless driving charge. When he was brought to the station, three packets of suspected heroin were discovered. Before Woods Municipal Judge Don J. Goodrow Wednesday, October 18, Thompson pled guilty and was found guilty to the reckless driving charge, and was fined \$100.

His plea before Judge Burdick was accepted by the court with the added motion that Thompson pled guilty under a special provision of the law that allows the defendant to be placed on probation for a period of time, with the record of his conviction eliminated or suppressed upon successful completion of the probationary period, police said.

It appears that other sections of this provision, noted police, indicate if the defendant violates the rules and regulations of the provision, he will be brought back into court for sentencing. There is no adjudication process as he has already pled guilty to the original charge, police added.

In addition, the penalty that will be faced by the defendant upon violation will be eight years instead of the four years prescribed by statute, stated police.

The court then sent the matter to the Probation Department for follow-up sentencing Thursday, November 30.

**Helps Herself Into Trouble**

Police officers aren't always lucky enough to make an arrest on their own doorstep but consider the case of Woods public safety officer James Fowler Wednesday, October 25.

While on patrol, the officer spotted an unoccupied car parked in front of the station. When Barbara Ann Conner of Detroit returned, she informed officer Fowler that the auto was hers and asked directions to the City Hall parking lot.

While she moved the car, a reply from a LEIN check came back—she was wanted on an outstanding Detroit Police Department warrant. A status check also showed that her license was suspended so a violation was issued.

After payment of \$25 bond on the Detroit warrant and \$100 bond for The Woods, she was released pending her court date Wednesday, November 15.

And what was her reason for coming to the station according to police? To bail out an arrested friend for driving on a suspended license.

**Curb Jumping Truck Sought**

An employee of William M. Day, 24 Winthrop place, called Farms patrolman Timothy Morrison to the corner of Lakeshore and Winthrop roads Wednesday night, October 11. The Farms policeman was shown where an unknown vehicle jumped the curb, leveled a city "No Parking" sign and hit a cement stone wall.

The vehicle went over the curb just north of Lakeshore, travelling north on Winthrop place. Patrolman Morrison noted minor damage to the lawn and cement stone wall, and decided that the vehicle was possibly a small truck from the size of the tire marks.

 A Sky House is a lot like an apartment, but isn't.  
 A Sky House, in fact, isn't anything like anything you've ever seen before. A Sky House incorporates all the best features of a home, townhouse and apartment. Features like privacy. An upstairs and downstairs. A winding staircase. Security. Space. Elevators. Lake St. Clair. Private terraces. Parking in the building. So if a home isn't exactly what you want. A townhouse isn't exactly what you want. An apartment isn't exactly what you want. We think, then, that a Sky House most definitely is.

What Goes On at Your Library
By Virginia Leonard

There is a small group in Grosse Pointe that wanted to get together and read Angela Thirkell aloud. As time passed, other books and authors were selected and read. When it was my turn to pick a book, I chose an old one (World War II vintage) written by Leonard Wibberley, called MRS. SEARWOOD'S SECRET WEAPON. We had the most delightful time reading this book at our meetings once a month. They wanted another book of that type—something with humor—so I suggested THE CASTING AWAY OF MRS. LECKS AND MRS. ALESHINE by Frank Stockton. And thus far we are thoroughly enjoying it.

## From Another Pointe of View

By Janet Mueller

There are two 17-year-olds in residence at the Robert Boomers' Cloverly road house.

One, Muffy Boomer, has been around for a while, and been 17 for a while. The other, Carlos Menendez Lozada, has been around for a few months, and been 17 for just three days.

A belated, (the NEWS doesn't come out on Mondays), happy birthday, Carlos!

Last year, when he celebrated his 16th birthday, Carlos was at home, in Oviedo, Spain, with his mother and father, two brothers and one sister.

This year, he's "home," too.

Carlos is University-Liggett's 1972-73 foreign exchange student, and the Boomers' home is his home, the Boomer family his family for his year in The Pointe.

He didn't have to worry about buying his own cake.

Besides Muffy, the Boomer menage includes, sons George, 19, and Robert, 15, and daughters Catherine, six, and Ellen, almost two.

The Boomers are experts when it comes to birthdays.

The Reverend John Nader presided at the 6 o'clock candlelight rites, for which the bride, the former Kathryn Elizabeth Ayrault, daughter of Mr. and Mrs. Robert A. Ayrault, of Kerby road, chose a white crepe gown fashioned with a high-rise waist, mandarin neckline and long, Bishop sleeves.

She carried a Colonial arrangement of miniature white roses, Elegance carnations and stephanotis, with white streamers.

In frocks with long, fall-shaded floral print skirts and gold bodices, carrying gold and bronze baby mums in Colonial bouquets, were honor matron Mrs. Michael Crandall and bridesmaid Kathleen Maddocks, of Midland.

Mr. Crandall acted as best man for the bridegroom, who is the son of Mrs. Joseph Louisell, of Three Mile drive, and the late Mr. Louisell. Joseph McFawn ushered.

The bride's mother chose a floor length dress of apricot chiffon, the bridegroom's mother a long green chiffon gown. Both pinned gardenia-and-stephanotis corsages to their purses.

## Goodwill Juniors Thinking 'Antiques'

Twenty-Fifth Annual Market and Sale Opens with Invitational Preview Friday, November 10, at Sentinel Center

A dual celebration of special significance for members of the Jr. Group of Goodwill Industries is the 40th anniversary of the founding of their organization and the silver anniversary of their Antiques Market and Sale—which, at this point in time, is no longer an event, but a tradition.

An invitational preview party will be held Friday, November 10, at the Sentinel Center, in East Jefferson avenue. The show is open to the public Saturday, Sunday and Monday, November 11, 12 and 13, from noon to 10 o'clock.

Honorary Chairmen of the 1972 show are Governor and Mrs. William Milliken, Mr. and Mrs. Benson Ford, Mrs. Edward Bodkin, founder of the Junior Group of Goodwill, and Mrs. John D. Benfield, originator of the Antiques Market and Sale.

Thirty-seven dealers from all over the country will display and sell furniture, pewter, glass, silver, clocks, jewelry, and other memorabilia of interest to antiquarians as well as casual collectors. General chairman is

Mrs. Thomas Murphy, of Harcourt road, with Mrs. John Hamal, of University place, serving as chairman of exhibitors.

Many features originated by members over the years are now traditional at the Antiques Market and Sale.

Sons and daughters of members, called Junior Juniors, man the Country Store, selling fudge, nuts, old-fashioned candies and "store cheese" cut fresh from the wheel.

Popular Goodwill Lane, staffed by Goodwill Industries employees, specializes in accessory items such as lamps, silver, books and jewelry, and in refinished quality furniture donated to the Industries.

The Boutique, expanded this year, offers handmade puppets, toile pictures, cro-

## Goodwill Tour Set November 8

The Women's association of Goodwill Industries will meet Wednesday, November 8, in the headquarters of the League for the Handicapped-Goodwill Industries. Following a 10:30 o'clock board session, a sandwich luncheon will be served at noon.

An escorted tour of the building provides the program for members and guests.

In addition to sheltered workshop activities involving handicapped people in a variety of bench assembly and sewing operations, the vocational evaluation and training services of the agency are centered in this building.

## Detail Trinity's New Programs

Mrs. Bartholomew A. Seymour hosted an elegant dinner at her Edgemont Park home Friday, October 29, for a group of 60 friends of Trinity College. There to honor Sister Margaret Clayton, president of Trinity College in Washington, D.C., and Miss Winifred Coleman, dean of students, were alumnae and their husbands, high school counselors and prospective students.

Highlight of the evening was Sister Margaret's talk on the many innovations at the College in recent years. She took over its presidency 12 years ago—and came into national prominence as the youngest college president in the country.

Among Trinity's newer programs are a Drug Studies major, a training program for teachers in American Inner Cities where the popula-

tion is not English-speaking, work-study programs on Capitol Hill and in all branches of the government and a full college program for young mothers who want to return to finish college, (including a baby-sitting service on campus).

Local alumnae attending with their husbands included Mrs. Seymour's daughter, Mrs. John Fitzer, area Alumnae president, Mrs. Paul Fish, of Berkshire road, area recruitment representative, Mrs. Walter Maher, of Whittier road, Mrs. Ralph Barber, of South Renaud road, Mrs. Richard Scholl, of Hall place, and Mrs. Emil Berg, of Kenwood court.

The Alumnae's next meeting Wednesday November 29 will feature luncheon and a tour of the Modern Masters at the Detroit Institute of Arts. Mrs. Berg, 886-0539, is taking reservations.

devoted members during the past six months — pickles, jams, jellies, carrot bread, chili sauce and salad dressings—await the discerning shopper.

A catered luncheon will be served Monday, November 13, with diners treated to a fashion show by Marie Dion, of Grosse Pointe. Members of Junior Goodwill will model.

During the entire run of the show, the Oasis will be the spot for resting and snacking on sandwiches, soft drinks and desserts.

In a quarter of a century, more than \$600,000 has been raised through the Antiques Market as well as other projects of the Junior Group of Goodwill.

These funds are used to assist in the training of the mentally retarded and to further the education of the socially and physically handicapped in the Detroit metropolitan area.

Broadening their sphere of assistance, this year the League for the Handicapped-Goodwill has focused on a new project: Howard House.

Located in Selden street between Second avenue and Cass, it was by turns an itinerants' hotel, a flophouse and a mission.

It now serves as a residence for the handicapped who are in need of environmental supervision and vocational training.

Residents are bussed from the home to Ash and Brush street League-Goodwill plants, where they are employed in sheltered workshops.

Among Pointers actively involved in the planning and administration of the 25th annual Antiques Market and Sale are the Mesdames Sheldon Drennan, Joseph Perry, Robert Rentenbach, Thomas Fox, Milton O. Cross, Clay-

ton Barker, Arnold Fuchs, Roger McNeill, Guy anuel, Harry Mellen, John Bodkin, George Lott and Marvin Leader.

More are the Mesdames Robert Sanford, John Devers, Robert Kennedy, Bruce Hines, Kenneth Reichle, Joseph Reed, Gordon Tanner, John Longley, Robert Weber, John Hamann, Robert Bennett and Bill O. Brink.

## Trio Of DRC Models

Third member of the trio, (doesn't he complement Debby Sue's white leatherette coat well?), is TARRY MACDUFF, one of the Priestman's several West Highland Whites. Technically, since Tarry isn't showing anything but himself, we shouldn't, perhaps, class him as a model—but how can you call a pedigreed Westie a "prop?"

## Short and to The Pointe

(Continued from Page 15)

Detroiters got a chance to see what the moon is made of last week, when one of the moon rocks collected on the Apollo XII flight was exhibited at several of the Torch Drive's report luncheons, thanks to WILLIAM S. BLAKESLEE, of Warner road, Chrysler vice-president for Defense-Space, who obtained the rock for the United Foundation. According to NASA officials, the moon rock has an intrinsic value of about \$2 — but where it comes from makes it a different thing altogether. This precious \$2 rock was carefully guarded during its three-day stay at UF headquarters in Detroit's Sheraton-Cadillac Hotel. Chrysler detailed a security man to bring the rock to the luncheon sites, guard it and return it to a vault right after the meetings.

Alma College student ELIZABETH J. BATTEN, daughter of the ROBERT B. BATTENS, of Lincoln road, is one of 61 participants in Alma's Program of Studies in France this academic year, a cooperative venture with L'Ecole de l'Alliance Francaise in Paris.

GERALD C. SCHROEDER, CPA, of Shoreham road, president of Grosse Pointe Shores, introduced the recent successful CPA candidates from the Detroit area at a meeting of the Metropolitan Detroit Chapter of the Michi-

gan Association of Certified Public Accountants Thursday, October 26, at the Troy Hilton Inn. Mr. Schroeder is chairman of the Michigan State Board of Accountancy.

To be cited by the National Women's Board and the Board of Trustees of Northwood Institute as a "Distinguished Woman" for her contributions to education at ceremonies in Beverly Hills, Calif., November 10, is MRS. WILBER BRUCKER, of Vendome road. Among last year's "Distinguished Women" was MRS. EMMET TRACY, of Provencal road.

Serving as personal hostess for JAMES S. COLEMAN, one of 12 successful men and women who voiced "echoes of experience" during Purdue University's 23rd annual Old Masters Program, was CHERYL M. LYNCH, of Ballantyne road. Mr. Coleman, a Purdue graduate, authored the Coleman Report on Equal Educational Opportunities.

## Mr. Kalkhoff Claims Bride

Theodore Kalkhoff and Josephine Imbrunnone are certainly not superstitious. They chose Friday, October 13 as their wedding day.

The Reverend Harry Hoffmaster presided at the 6 o'clock evening service in St. Peter's Catholic Church. He attended school with the bridegroom's mother.

Immediately following the ceremony, 450 guests were received at St. Steven's Hall, Warren.

Parents of the couple are the John Imbrunnone, of St. Clair Shores, and the William Kalkhoffs, of Muir road.

The bride wore a floor-length gown of ivory satin-backed alencon lace, with a long mantilla. She carried a cascade of ivory roses, baby's-breath and trailing ivy.

Maria Imbrunnone was her sister's maid of honor. Bridesmaids were Ann Imbrunnone and Geri Imbrunnone, two other sisters, Ann Kalkhoff, the bridegroom's sister and Mary Ellen Demaggio, Nancy Maisano and Grace Megna, all cousins of the bride.

Their floor-length frocks were fashioned with hunter's green velvet bodices and lime green crepe skirts. Pearl trimming accented the wrists of their long sleeves, their square necklines and Empire waists.

The maid of honor wore an identically-styled dress, with a yellow crepe skirt.

Their headpieces were velvet bows and tulle, and they carried small bouquets of white and yellow mums and small pom-poms.

Best man was William Kalkhoff, the bridegroom's brother. Guests were seated by Mike Kalkhoff, another brother, Dennis Currier, the bridegroom's brother-in-law, John Imbrunnone, the bride's brother, Jerry McEachern, Dick Graves and Chuck Bruck.

The mother of the bride wore a long pink procade gown. The bridegroom's mother chose a long silver and lavender gown. Both selected orchid corsages.

The newlyweds are at home in St. Clair Shores after vacationing in the Poconos.

## Friends of Polish Art To Mark Anniversary

To celebrate their 35th anniversary, the Friends of Polish Art have scheduled a dinner-dance for Saturday, November 18, at the Polish Century Club.

An impressive musical program is planned, featuring Danuta Siarkowski, soprano, accompanied by her husband, Bronislaw Siarkowski, Toni Babbish, accordionist, Marcia Lewandowski and Richard Kubinski, folk dancers, and Halina Winiarski, soprano, accompanied by Wladyslaw Budwell.

Jan Wojnar and his orchestra will provide music for dancing.

Tickets, at \$15 per person, and reservations may be obtained by calling Sonia Rachelski, 933-3403, or Henriette Ceglowski, 886-9298.

A unique booklet, "Polish Traditions," is being published for the occasion.

## Offer Course In Furcraft

With the advent of winter, people take their furs out of mothballs—only to find they are no longer in style.

Others who have no furs to take out wish they did—but do not feel they can afford them.

A new Furcraft class at the Grosse Pointe War Memorial is the answer to both dilemmas.

Mrs. Raymond A. (Peggy) Wyatt, expert fur stylist who has taught in Adult Education programs all over Detroit, Grosse Pointe and Birmingham, begins instruction Friday, November 10, from 9:30 to noon.

The ten-week course is offered for \$25.

Mrs. Wyatt claims anyone can master Furcraft with proper instruction, and anyone can obtain old furs or fur garments in good condition from closets or attics, friends or neighbors, thrift shops or rummage sales.

A razor blade, needle and thread are all that is needed to turn out a stylish new jacket, collar, muff, hat or bag.

Mrs. Wyatt provides helpful hints, such as where to look for seals stamped on hides if purchasing at thrift shops or church sales, and how to be sure the mothballs have gotten rid of all moths by letting furs stay in freezing car trunks for a while.

Class registrations are being accepted now at the Memorial's office.

DEBORAH H. SMITH, daughter of DR. and MRS. PIERCE SMITH, of Pemberton road, has been elected to membership in the Skidmore College Chorus. Deborah, Class of '76, sings in the second alto section. She also is a member of the Skidmore Singers.

## 'Tosca' Stars Phyllis Curtin

Also starring in the Puccini tragedy is baritone Ronald Holgate, winner of Broadway's coveted "Tony" Award for his role in the musical "1776." Mr. Holgate also appears in the "1776" movie version, to be released this December.

Tickets are available at Hudson's, Grinnell's and the Music Hall Box Office, 963-3717.

# BURGER CHEF COMES TO GROSSE POINTE

Supplement to the GROSSE POINTE NEWS—Thursday, November 2, 1972

18800 MACK bet. Moross and Kerby

# The Burger Chef Story

Shortly after World War II, the owners of a small equipment manufacturing firm in the Midwest anticipated the need for convenient, quick-service restaurants. So they went to work and designed a system using an automatic chain "broiler" that could prepare 1,000 hamburgers an hour under an open flame. In the late '50s the system was franchised and a brand-new, quick-service restaurant was born. Its name: Burger Chef.

The post-war era produced other fast-food companies. A great many of them with fast-food leaders in the United States, Canada, Australia and Japan. And experimental units are being tested in Germany and other foreign markets.

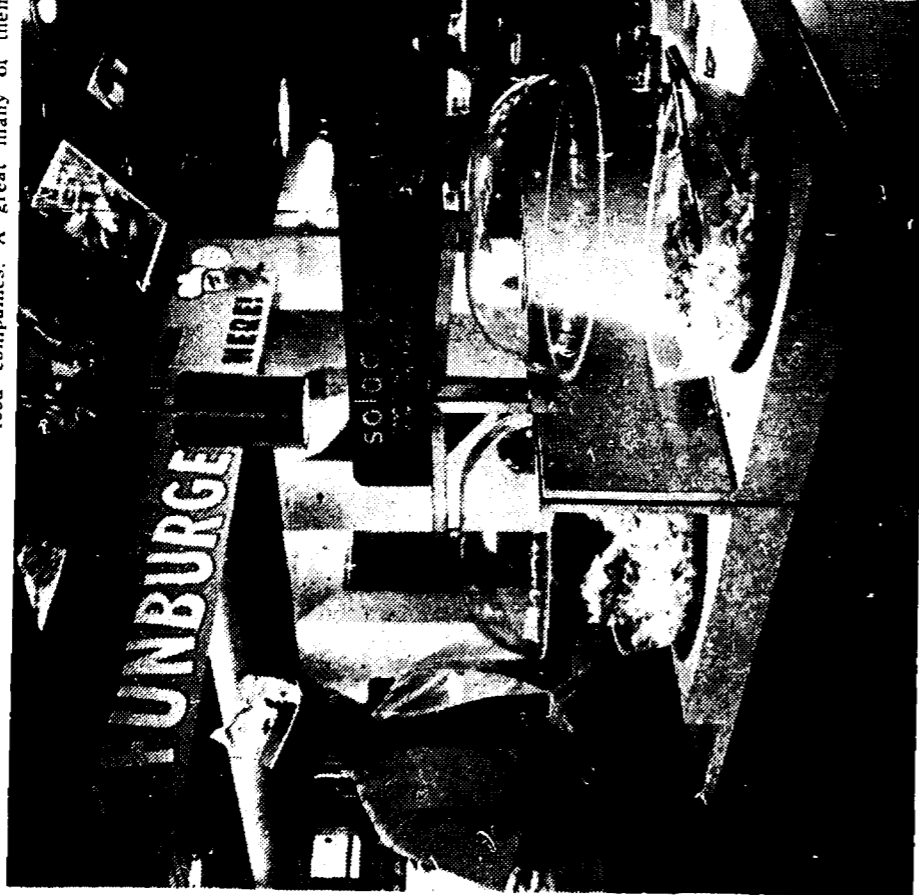

The basic concept of the Burger Chef System, however, is the same as it was when the first unit was built in 1958: to give the customer wholesome food, quickly, in a clean and pleasant atmosphere, and at a reasonable cost. Of course, Burger Chef continues to improve on these points.

For example, our new Grosse Pointe Farms location will feature one of the first self-service salad and condiment bars in the Burger Chef Chain.

This means that you can order your burger "with" or "without." If you order "with," you'll get all the fixings on your sandwich. If you order "without," you can put the fixings on the way you like. And the salad bar offers all the salad you want for just 29c.

Incidentally, this new Grosse Pointe Farms Burger Chef is our 33rd location in Metropolitan Detroit.

We hope you'll visit us soon to try the new and delicious foods on our menu. We're looking forward to serving you.

Manager Jim DeRubeis checks the unique salad bar during his inspection tour.

## Meet the manager

Hello—I'm Jim DeRubeis, manager of the first Burger Chef Family Restaurant in the Grosse Pointe area.

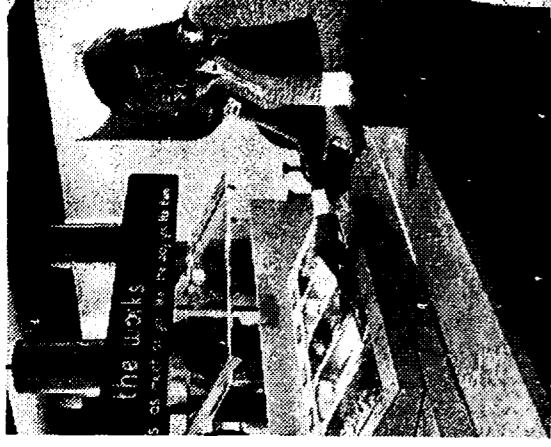

When you visit us, you'll find that Burger Chef is a place you'll be proud to take your family for a quick and economical meal. Because one of the first things you'll notice about our restaurant is that it's spacious and clean—and that the food served here is wholesome and attractively prepared.

We've expanded our menu, too. Now it includes salads, ham-and-cheese sandwiches and other good things to eat. We've even provided special condiment and salad bars that let you fix your salads and sandwiches just the way you want.

You'll also find that Burger Chef is well-staffed, friendly and efficient so we think you'll like having us for a new neighbor.

We promise to serve you well over the years. In fact, we'll do our very best to anticipate your needs because we know that they may change from time to time. We'll also be available for your suggestions and comments. After all, it's you who help make Burger Chef Family Restaurants great places to eat.

*Sincerely,*  
Jim DeRubeis

PAM SNEP, one of our hostesses, at the condiment bar where you can build your burger the way you like.

## The Burger

Even though cooked ground beef has been on dinner tables since the Pharaohs in ancient Egypt, it wasn't until 1904 at the International Exposition in St. Louis that the beef patty was put into a bun and called a hamburger.

Since then the hamburger has been one of the most popular contributions America has made to the dining tables of the world. Why? Because it's relatively inexpensive, good tasting and quick to prepare. What's more, with all the "extras," they're a complete meal for busy people.

But sometimes people overdo a good thing. Like Philip Yazdzak who set a record by eating 77 hamburgers at one sitting.

Burger Chef is proud to be one of the most popular sources for the hamburger.
