## HEADLINES of the WEEK

As Compiled by the Grosse Pointe News

**Thursday, November 9**  
**WORLD LEADERS**, with the exception of the Communist delegation to the Paris peace talks and the Government of Denmark, hailed President Nixon's overwhelming victory over his Democratic opponent, Sen. George S. McGovern. Almost universal acclaim greeted Mr. Nixon's win. Negative reaction to the Nixon landslide came from the Red delegations to the Paris peace talks and from Danish Prime Minister Anker Joergensen, a Social Democrat.

**Friday, November 10**  
**DAMAGE** to the building of the Bureau of Indian Affairs (BIA), as a result of the six-day occupation by South Dakota Indians, was estimated at \$530,000 and possibly higher according to Washington officials. Damage to the building itself was put at \$250,000, and the cost in broken or stolen equipment and furnishings was roughly \$280,000. The last of 300 Indians, originally the number was 1,000, part of a "Trail of Broken Treaties" caravan, left the edifice voluntarily, when it was promised they would not be prosecuted for the occupation itself.

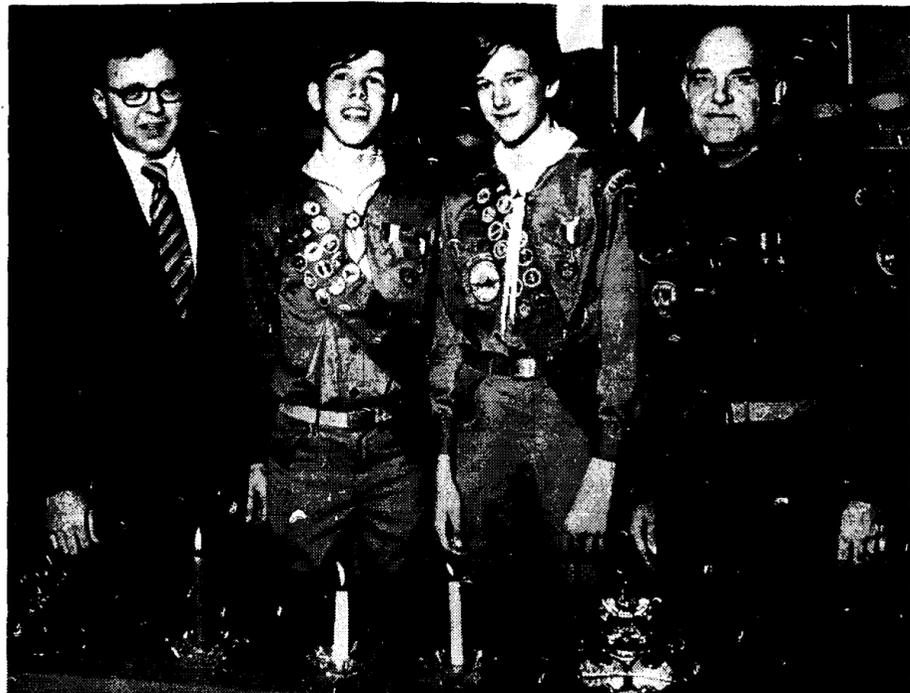

**Saturday, November 11**  
**THREE HIJACKERS** who took over a Southern Airways DC9 as the jetliner was flying over Alabama, spurned a \$500,000 ransom offered by Detroit officials, who waited for the air pirates at the Detroit Metropolitan Airport. There were at least 30 persons aboard. The plane circled Metropolitan Airport for two hours before proceeding to Cleveland where it was refueled, then flew to the Toronto International Airport where Southern Airways officials negotiated the \$10 million ransom demanded. The plane left Toronto without the ransom, for Knoxville, Tenn., then flew to Cuba.

**Sunday, November 12**  
**THE U.S. ARMY** gave up its last big base in Vietnam, signing it over to the South Vietnamese army in a single ceremony. About 100 American officers and GIs and as many Vietnamese gathered at Long Binh, which served as the American Army's headquarters in that country for more than five years. Thirty thousand American soldiers once lived at Long Binh, approximately the number now serving in all of South Vietnam.

**Monday, November 13**  
**THE U.S. GOVERNMENT** yesterday charged three young black fugitives, still in Havana, with air piracy, and recommended bond of \$1 million for each of them. Under Federal Law, air piracy is a capital offense. The terrible odyssey of the Southern Airways DC9, Flight 49, ended yesterday when a relief plane flew the hijacked aircraft's passengers and crew back to Miami from Havana.

**Tuesday, November 14**  
**DISAGREEMENTS** between Washington and Saigon may further delay the Indochina peace, according to official sources. White House press secretary, Ronald L. Zeigler, said that further consultations may be required with both North and South Vietnam, after more negotiations between the North Vietnamese and U.S. officials. Radio Hanoi reported that Le Duc Tho, North Vietnam's chief negotiator at the Paris peace talks, left Hanoi to hold another meeting with U.S. presidential advisor Henry Kissinger. In Saigon, a newspaper backed by President Nguyen Van Thieu's nephew said Thieu's discussions with White House peace envoy Gen. Alexander Haig, last week, "had not made any progress."

## Two More Boys Win Scouting's Highest Rank

Eagles Badges were presented by DR. CORNELIUS MCCOLE, left, to CHARLES KLINE and SYDNEY ULVICK of Boy Scout Troop 471 at a recent Court of Honor. DR. JAMES GREER, scoutmaster, is on the right. Both boys also received 50-Miler and Four Star Camper awards. Both have been Senior Patrol Leaders. (See story, Page 3).

## High Winds Sweep Lake Over Walls

Lakeshore Damage Reported by Farms, Shores and Park

Thirty-five miles per hour northeast winds have taken their toll along the Lake St. Clair shoreline in The Pointe. The screaming winds, coupled with a mixture of snow and rain, caused damage in The Farms, The Shores and The Park Tuesday, November 14.

In the Farms, waves poured over the seawall between Moross and Provençal causing excessive flooding on Lake Shore Tuesday morning. Water, up to three-foot high, entered the basement of the Fries Auditorium at the War Memorial, said John DeFoe, director of public service.

The powerful waves streamed over the metal sheeting pile at the Pier Park it was reported. Water also was said to be dangerously near the boathouse. And the Crescent Sail Club parking lot received its share of water.

Shores Village Superintendent Thomas K. Jefferis said the village's park and marina were damaged. Some boats were broken loose and dock boxes were washed into the harbor.

Holes were gouged in the seawall, while concrete blocks were lifted and washed, he said. Mr. Jefferis, who feared a loss of trees if the high winds continued.

## Park Approves Two New Courts for Tennis Buffs At Three Mile Drive Site

Request for Two More at Windmill Pointe Park Tabled; Lights Being Installed at Both New and Old Locations

Tennis enthusiasts who have been pleading with the Park council for the construction of at least four more new tennis courts, two extra at Windmill Pointe Park, and two more at the Three Mile Drive Park, at least had half of their wishes granted.

The city council on Monday, November 13, approved the acceptance of bids for the construction of two new tennis courts adjacent to the present two located near the parking lot at the Three Mile Drive Park. Specifications for the courts include the erection of lights around the four "old" courts, which do not now have lighting, and around the new courts. The lights and the building of the new facilities will be undertaken as soon as weather permits in the spring.

The tennis buffs, who left the council chambers after the meeting, departed in a happy mood, in spite of the fact that they did not get all they desired.

Long Waits Cited Several persons at the meeting claimed that they sometimes had to wait for hours before they had a turn at playing their favorite sport, which they said, is growing in popularity very rapidly. However, because of the inadequate number of courts, many people waiting their turn, were unable to participate because of the long wait.

With the proposed new lighting around the courts, and the up-dating of the

lighting system around the courts at Windmill Pointe Park, where 300-watt bulbs furnish the only illumination, tennis enthusiasts will be able to play past dark enabling more people to take part in the sport.

Ask Alternate Bids City Manager Robert Stone was authorized by the city solons to take bids immediately for the construction and lighting of the new courts at Three Mile Drive Park, with lighting to be installed around the "old" courts. Although new courts have not been decided for Windmill Pointe Park, Stone was authorized to seek alternate bids for these.

The city manager said that the four courts at the latter park have been resurfaced periodically since 1930, the last time in 1971, when they were resurfaced with red and green asphalt with white lines. He conceded that these courts were old, and that the lighting system was outmoded. He said the new lights and repairing of sections of fencing at this area, would cost an estimated \$9,500, including security lights, which will be left on after other park lights have been turned off for the night.

Stone also said that it is

total exasperation at the Monday night, November 13, meeting at North High School. Teams were immediately drawn as every board member echoed Mr. Huetteman's surprise over Mr. Semmler's condemnation of the entire package after voicing no opposition in previous meetings.

A rookie Board member, Mrs. Joan Hanpeter, said that she had welcomed any new ideas on structuring the budget as it was her first experience with drawing up school appropriations.

The other new board member, Muir Snow, seconded Mrs. Hanpeter's comments by stating that Mr. Semmler

## Torch Drive Goes Over Goal Again

Pointe's Contribution in Excess of \$80,000; Both Businesses and Households Contribute Funds

The 1972 Torch Drive ended Thursday, November 9, with another record-setting campaign total. It was the 24th consecutive victory in the united drive which was first held in Detroit in 1949.

Under the direction of Pointe women acting as sectional, regional and divisional chairmen, over \$80,000 was collected from the area. These monies were collected by "Door Belles" going from house to house, explaining the many services benefited by the United Foundation.

Pointe businesses were singled out to receive the Torch "Crier" award for outstanding contributions of small businesses.

Heading the Advance Gifts campaign were Pointers Cleveland Thurber, Jr., Jack Cudlip and John Ford III. Their campaign was directed towards the over 300 individuals and foundations solicited in a special pre-Torch Drive campaign. Over \$1,000,000 was realized through this advance campaign.

Over 164 agencies will be able to continue their community service projects in the coming year through the successful drive. Services range from rehabilitating those with birth defects through the Detroit Orthopaedic Clinic to caring for the aged at the Retired Workers Center.

Various agencies funded by the Foundation attempt to deal with drug and alcohol problems, disaster relief, broken homes, the mentally disturbed, race relations and disease research.

Victory Dinner Held The final figure of \$32,817,320 was announced at the traditional victory dinner held at the Sheraton-Cadillac Hotel in downtown Detroit. It represents 102.5 percent of the campaign's \$32 million goal set early in September.

Presiding at the dinner meeting were Wallace E. Wilson, of Detroit, campaign general chairman, and Wendell W. Anderson, Jr., of Preston place, honorary chairman of the UF board.

The dinner paid a special tribute to Pointer Jennifer

## Attendance Code Given Approval By School Board

Students, Teachers, Parents and Administrators Join in Discussions Preceding Procedures Adoption

By Kathy Duff  
A set of attendance procedures was adopted by the Grosse Pointe Board of Education in session Monday night, November 13. The guidelines, an outgrowth of discussions among students, teachers, parents and administrators, clarify and standardize attendance regulation previously left up to the individual teachers following outdated policies.

Attending the Monday night meeting were students from both North and South high schools who had voiced opposition to the proposed attendance procedures drafted in late summer and early fall. By discussing their views with administrators and Board members, a set of attendance guidelines evolved which the students felt equitable.

Students Satisfied Speaking for the South High students, Jeff Jay, president of the South Student Association, said that the students were satisfied with the new policy and thanked the trustees for their extra work in revising the original guidelines after taking into account students' and teachers' recommendations.

At the outset of discussion, Dr. Theos I. Anderson, superintendent of schools, acknowledged that there had been several changes made in the policy. The proposed regulation of unexcused absences, (truancy), had met with the most disfavor. The attendance policy divides absences into three categories: excused, prearranged and unexcused. If a student is sick or there is a death in the family or

## Reports Theft Of Car, Safe

Thieves broke into a Pear Tree Lane residence Friday, November 3, ransacked several rooms, took a safe containing unknown items and the complainant's automobile, which was recovered a day later by Harper Woods police.

Woods Public Safety Officer Thomas Hunke was told by Raymond M. Hamlin of Mt. Clemens that he came to the residence to shut off the sprinkler system and discovered a broken window pane. He immediately went to a neighbor, who called police.

The complainant's daughter told police a two-foot by 12-inch by 18-inch green safe was taken, while another daughter reported her mother's 1969 Chevrolet missing. Police believe the thieves loaded the safe into the auto before leaving the scene.

At the time of the auto's discovery, the left front wheel was missing while the other wheels appeared changed. The car, at the time it was spotted, was propped up on a jack.

Good Turnout Locally, Woods voters by a wide margin favored an amendment to the U. S. Constitution prohibiting any cross-district busing of school children solely for the purpose of achieving racial balance. The total was 8,540 yes, and 2,741 no.

## Park Firefighters Avert Possible Tragic Explosion

By James J. Njaim  
The prompt response by Park firefighters probably averted a possible tragic explosion on Saturday, November 11, when a furnace boiler overheated in the basement of Verdonck's Bakery, 15046 Mack avenue, at 4:37 a.m., it was disclosed by Fire Chief Phillip Costa.

The explosion nearly came about when a low-water cutoff valve failed to automatically extinguish the furnace's burner. The little water in the boiler began to form into steam, creating intensive heat, so much so, the chief said, that the sap was running from the wooden joists overhead and dripping on top of the furnace.

Chief Costa said that the

overheated furnace would have probably gone undetected, if an employee, during the course of his work, had not knelt down to check a mixing machine. The terrific heat from the concrete floor burned the employee's knee. A check of the basement to determine the source of the heat brought about the discovery of the malfunction in the furnace.

Firemen who arrived at the bakery, immediately disconnected the water pipe going into the furnace and shut off the gas, allowing the furnace to cool off. The malfunction was later corrected and the water line reconnected, the chief said.

Chief Costa said that if

## Thief Enters Bedroom in His Home

Shores Trustee, School Board Member in Serious Condition

A prominent Grosse Pointe Trustee, Alfred R. Glancy Jr., was violently beaten in his mansion during an apparent burglary Sunday morning, November 12.

Mr. Glancy, 735 Lake Shore road, was reported in serious condition at Harper Hospital in the intensive care unit, (as of Tuesday morning, November 14). The hospital reports he has a fractured skull and finger, and was severely beaten about the head and face.

Shores Detective Sergeant Frank Mustazza was told by Mr. Glancy the assailant was a tall man who wore a mask and had a southern accent. The sergeant added there's a possibility more than one man was involved in the burglary. Furs valued at \$35,000 were reported missing.

Entered Bedroom The culprit apparently entered Mr. Glancy's bedroom sometime between 8:30 a.m. and 9 a.m. The sergeant said Mr. Glancy was beaten with a blunt instrument, probably a pistol, and stated the culprit didn't use his fist.

Mrs. Glancy had left the house around 8:15 a.m., police said, and two sons, Peter and David, didn't hear anyone until the police arrived.

Mr. Glancy contacted police around 9:12 a.m. He told Public Safety Officer Michael Kenyon he was struck while in bed and asked the officer to check the home. An inspection revealed no one in the house. Mr. Glancy's room was in considerable disorder.

He was taken to Bon Secours Hospital and was ultimately transferred to Harper. Sergeant Mustazza said there were no signs of forced entry. Where entry was specifically made is being investigated further.

Other Officers Help Several Woods officers assisted in checking the house including Lieutenant Allan Selby, Corporal Thomas Kerwin, Public Safety Officers William Deslites and Thomas Hunke. City Sergeant Duncan MacEachern assisted at the hospital.

Reports of the beating incident were met with shock and disbelief by The Pointe community as Mr. Glancy is one of the most civic-minded residents. He serves on the School Board and The Shores Board of Trustees.

Recently, the Glancys opened their large Lakeshore mansion to hold a lobster roast benefitting the Northeast Guidance Center. Over 750 persons attended.

At the close of the School Board meeting Monday night, November 13, several North high school students expressed their regret over the incident and noted his absence from the meeting. One student recalled that Mr. Glancy attended a student forum at North High Monday, November 6, to hear the students' views.

Investigation of the incident continues by The Shores Public Safety Department.

## Woods Waives Fee for Taxes

Acting on a recommendation from City Treasurer Helen L. Fox, The Woods Council at the regular meeting Monday, November 6, unanimously approved that the collection fee as provided by statute on county, school and drain taxes for the year 1972 be waived for all taxes voluntarily paid prior to February 15, 1973.

The collection fee of four percent of the taxes will be added after that date, with Mrs. Fox being authorized to honor post marks designating posting of February 14, 1973.

complete loss of credit. School Board members fielded questions from the students before approving the policy. Jeff Jay asked about the appeal procedure and was assured by Dr. Anderson of each student's right to appeal. Other students asked about the previous attendance policy, the possibility of excused absences for babysitting for younger brothers and sisters in the case of a working mother, and notification of guardians. One North High student, Sue Sadler, asked why a person should continue going to classes when he knows he will receive no credit. William Huetteman, president of the School Board, emphasized that it was state law that a minor must remain in school and that loss of course credit was the extreme disciplinary action.

### Torch Drive Exceeds Goal

(Continued from Page 1) campaign general chairman, Mr. Wilson, at the victory dinner, "Detroiters long ago showed that there's no limit to the strength and resources of a united community. You have proven it once again."

And The Pointe certainly did its share to make the 1972 Torch Drive just that — a united and successful campaign.

The first lesson we learn in life is to learn how to learn.

The ability to like people and make them like you, is a grand success in itself. The future of any country depends upon the sound, sane thinking of its citizens.

### Approve Attendance Rules

(Continued from Page 1) other emergency, his absence is excused. The student may make up the work he missed and receive a grade for it within a reasonable time after his return to school, usually twice the number of days absent.

**First Draft Changed**  
In the first draft of the attendance procedures, only three excused absences were allowed except in the case of a student's prolonged illness. The attendance guidelines passed Monday night places no limit on excused absences as long as there is valid reason for the student not to be in class.

The same holds true for the second category of absences. No limit has been placed on the number of pre-arranged absences a student may take, as long as a parent or guardian has sent a written explanation to the school two days prior to the absence and the school has accepted the reason for absence. Medical appointments, college visitations and family trips fall within this category. Class work missed will be made up by the student.

The most controversial classification was that of unexcused absence, when a student decides that he would rather be some other place than in class that hour, and offers no excuse for his absence. The attendance policy spells out the administration's stand:

**Truancy Rules**  
"Absences due to truancy will not be excusable, including absences from class for disciplinary reasons. Work may not be made up and a failing grade shall be recorded for the student for each evaluation missed during the unexcused period of absence."

The parent or guardian will be immediately notified of a student's playing hooky, and after five periods of unexcused absence notification will be given of the disciplinary action to be taken. Most severe is loss of course credit for extended absences. All disciplinary decisions may be appealed until finally reaching the School Board, the local Supreme Court of student misbehavior.

**PARK BUYS SALT**  
At its regular meeting held on Monday, November 13, the Park council awarded a contract to the International Salt Company, for delivery of rock salt at \$8.73 a ton, but at not less than 32 tons delivered. Strangely, the asking price is that the company make the deliveries. If the city sends its own trucks to pick up the salt, the price is \$10.30 a ton. It is estimated that The Park will need 1,000 tons this year, about twice the amount used last winter.

### An Old 'King' Is Certified

"The King" stands tall on Lochmoor Club grounds, and not only that, it has been certified.

In the October edition of "Lochmoor Fairway," Fred Wolf, greens and ground chairman, said "The King," a gigantic American elm measuring 15 feet around, received a plaque from the American Elm Institute.

The plaque reads: "Historic Elm—Planted in the 1800's, this tree is hereby designated a historic landmark to be honored and preserved for future generations." "The King" is located just right of the fifth green.

Mr. Wolf reports that planted near the 15th tee is an elm seedling also sent to Lochmoor by the institute, which "safely predicts that disease-resistant elm seedlings are now available for planting."

The same edition also notes the efforts to save Lochmoor's 400 elms in cooperation with the institute. A new pressure injector developed by the Elm Research Institute is used.

"Prompt injection of a new U.S.-approved benlate fungicide can save infected elms, providing symptoms are detected in time—before flagging spreads to more than 10 percent of the infected crown," says the article.

The injector consists of a pump operated, two-gallon pressure tank and harness with 10 or more interconnected injector outlets and an air release valve. The harness encircles the tree while the full dosage is pumped into the trunk at 30-pounds pressure for fast absorption and immediate effectiveness, according to the story.

Plans have been made to inject numerous elms on Lochmoor grounds this fall, said Mr. Wolf in the article.

### Troop 471 Has Court of Honor

One out of 800 Scouts earn Eagle rank and Charles Kline, 1622 Prestwick, and Sydney Ulvick, 1931 Oxford, from Scout Troop 471, were two of the few. Dr. Cornelius E. McCole presented Eagle awards to these boys at their Court of Honor Tuesday, October 24, at Salem Memorial Lutheran Church.

In addition to Eagle rank, both boys received 50-Miler and Four Star Camper Awards, having attended all four scout camps in this area — D-A, Charles Howell, Rifle River, and Silver Lake — for at least one session. They have both been Senior Patrol Leaders.

Charles attended the National Junior Leader Instructor Training Course at Schiff Camp, New Jersey, and is a candidate for the God and Country Award. Syd made an extensive trip from the Re-

gion Seven Canoe Base in Wisconsin and has been re-elected senior patrol leader.

When they were granted their first charter by the U.S. Congress in 1916, Boy Scouts of America were charged with three goals: citizenship training, character building, and physical fitness. Troop 471, under the guidance of Dr. James Greer, scoutmaster, is living up to this commitment as demonstrated by the many scouts who received advancement recognition at their recent Court of Honor.

Award of Star Rank went to Todd Remus, 1489 Prestwick. First Class Rank was earned by Kenneth Douglass, Gerard Gracey, Robert Ignasiak, Tracy Kline, Russell Livermore III, Richard Robbins and Paul Schwartz. Second Class Rank was awarded to Jeffrey and Mark Krynski and to Pat Karry. When Christopher Douglass, 1238 Buckingham, was invested with Tenderfoot Rank it was noted that he was the youngest boy to have attended summer camp with this troop.

Special awards were presented to Jeffrey Gerow, Mile Swim, and to Four Star Campers Keith Ekstrom, Charles Kline, Guy Trautz and Sydney Ulvick.

### Thanksgiving Service Slated

Thanksgiving Day service will be held Thursday, November 23, at First Church of Christ, Scientist, 282 Chalfonte avenue, at 10:30 a.m.

Keynoting the lesson- sermon on Thanksgiving is a passage from the Bible and the nature of true gratitude is emphasized in commentary to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

There is no clergy in the Church of Christ, Scientist. The service will be conducted by Michael Hedge, the First Reader, and Mrs. Mary L. Herdegen, the Second Reader.

Individual expressions of gratitude by members of the congregation will be a feature of the service. No collection of any kind will be taken. All are invited to attend.

### Santa Awaits Pointe Children

A sure sign that Christmas is a few snowfalls away is the Grosse Pointe Jaycees sponsored event where your youngster's picture can be taken on the lap of jolly ol' Santa Claus.

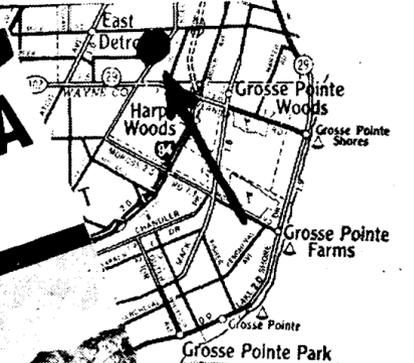

In cooperation with Jacobson's In-The-Village, the Jaycees picture-taking "snaps" Friday, November 24, and continues through Saturday, December 24. Each color photo, at \$2 apiece, will be mounted in a presentation folder.

Santa, (and the Jaycees), urge all children to stop by on Mondays and Wednesdays from 3-5 p.m., on Thursdays and Fridays, 3-8 p.m., or on Saturdays, 10 a.m.-5 p.m. For further information, contact George A. Williamson, project chairman, at TU 2-5449.

**NEW POLICE CARS**  
The Park council, on Monday, November 13, approved the purchase of two air-conditioned police cars from Dick Green's Ford Sales Agency, for the total amount of \$4,333.90. The cost includes the trade-in of two old police vehicles. Green's was the lowest bid of several submitted.

**Woods to Buy  
New Ambulance**

The Woods will be receiving a 1973 Cadillac ambulance in about 90 days as the council, at the regular meeting Monday, November 6, unanimously approved a \$15,400 bid by Superior Coaches for the vehicle.

They also unanimously accepted a bid of \$2,399.95 for a new electric hydraulic truck tire changer by B & B Auto Parts, Inc., of Detroit. This will be used to change flat tires on rubbish trucks. Donald B. Coats, director of The Department of Public Safety, said that much of the equipment will be transferred from the 1964 Cadillac ambulance to the new deluxe coach. The older vehicle will be traded in on the new one. The new ambulance, which complies with all Federal regulations, features 54 inches of head room, said Mr. Coats. He added the department plans to install a new resuscitator in the 1973 vehicle.

The older ambulance, he reported, has seen plenty of service. And like a family auto, it faces growing maintenance and creeping rust. This is the city's third Cadillac ambulance. Previous to the 1964 model, The Woods used a Cadillac in 1954. And before that, the director said, a Packard was used in the early 1940's. Describing ambulance service as "one of the greatest services a community receives," Mr. Coats noted that extra help is always near by in the case of a serious accident. Mutual aid assistance from The Shores and Harper Woods, for example, is only a phone call away.

**Trustee Voices Dissension**

(Continued from Page 1) offered no suggestions or criticisms in the two private sessions or in the one public session of budget discussions.

In his prepared remarks, Mr. Semmler said that he could not support the budget as he disagreed with the educational philosophy it represented. He attacked the fiscal priorities embodied in the budget as he felt dollar allotments directed towards the classroom had been reduced while funds for curriculum study had increased.

Mr. Semmler also questioned the ability of the Board to deal with the spiraling cost of maintaining the school system, saying that the budget was the highest ever, even though the number of students had decreased. Quoting statewide board of education averages, Mr. Semmler compared the costs of maintaining The Pointe's system with those of other systems.

Trustee Robert Warner was the first member to react to Mr. Semmler's speech. The trustee suggested that Mr. Semmler give the board some specific recommendations instead of attacking the budget with generalities. He offered to defer passage of the budget until Mr. Semmler's recommendations could be considered.

Replying to Mr. Warner, Mr. Semmler said that he did not think that it was his responsibility to write the budget.

The treasurer of the Board, William Adams, equated the record budget with the increased cost of securing outstanding teachers and administrators.

"It's the penalty we pay by trying to employ high quality teachers to enrich the students' education," Mr. Adams commented as he mentioned high teacher costs and contractual obligations. Dr. Anderson addressed

**New Courts**

(Continued from Page 1) estimated that the two new courts at the Three Mile Drive Park, at Essex, windcreens, and bringing in the electricity and lighting, will cost an estimated \$22,500.

Once the bids have been tabulated and work awarded to the lowest bidder, it was said, the bringing in of electricity and the erection of the lights will be started without delay. It is too late in the season to install the courts, he pointed out.

He pointed out further that Detroit Edison will be contacted concerning the putting up of lights around the perimeter of the Three Mile Drive Park, and possibly in and around the facility's parking lot.

Councilman O. J. Williams, Jr., made a motion that the matter be tabled, because of its importance, until absent Councilmen Robert Hutton and George Verdonck were present. This was seconded by Councilman Douglas Graham.

Mayor Matthew Patterson said that there was a quorum present and that the matter should be voted on without delay. He favored the new courts, as well as did Councilmen Warren Couger and Charles Tompkins.

**Avert Blast**

(Continued from Page 1) the furnace boiler had exploded several employees working in the bakery at the time could have been injured or killed. Too, the chief added, the explosion could also have injured residents living in the apartments above the bakery.

"It is important that residents and business owners make periodic checks of the hot water heaters and steam furnace boilers to make sure that all safety valves and automatic shut-offs are in proper working order," the chief said.

All hot water heaters and steam boiler furnaces should have safety features, whereby when the low-water gauge reaches a certain level, the burners are automatically turned off if the heaters and boilers fail to fill with water to the proper level.

### Pleads Guilty To Drug Charge

Anthony Spaniolo, 26, of 3558 Maryland, Detroit, entered a plea of guilty to a charge of illegal possession of narcotic paraphernalia, following a hearing held before Park Municipal Judge William E. Speer on Wednesday, November 1. Spaniolo was sentenced to 30 days in the Detroit House of Correction.

The convicted man was arrested at the rear of Big Boy's, Mack and Harvard, by Park Sgt. Thomas Martin and Patrolman Norman Gangola on October 23.

The officers were dispatched to the rear of the building to investigate a complaint of suspicious actions of two men. When the policemen arrived, the suspects spotted them and separated and ran. Spaniolo was apprehended after a foot chase, the other person escaped. Spaniolo refused to identify his companion.

Spaniolo was taken to the Park station, where he was searched. A needle and a syringe were found in his pocket.

The man was remanded to the custody of the Wayne County Sheriff's Office when he failed to post bond of \$1,000, following a pre-trial hearing.

He was tried under a Park ordinance, which makes possession of narcotics and/or narcotic paraphernalia a misdemeanor.

### SEMTA Manager Raises Transportation Question

By Roger A. Waha

As reported in last week's NEWS, The Woods and St. Clair Shores will not continue participation in subsidizing SEMTA, (Southeastern Michigan Transportation Authority), upon expiration of the communities' contract December 31, 1972.

The Woods firmed up its "intent to discontinue" participation with a definite "will not" at the regular council meeting Monday, November 6. The city's unanimously passed council resolution was patterned after a St. Clair Shores resolution approved Monday, October 2.

Daniel D. Morrill, SEMTA's assistant operations manager, told the NEWS a communication was sent to both cities last week asking them to consider not only the subsidy matter but the

question of whether to have public transportation in their areas. This assumes the fact that the mass transportation package may not pass and provide SEMTA with financial assistance.

He also said the Authority has taken a ridership survey which isn't complete as yet; however, preliminary results verify the general feeling that about 3,000 people a day use the bus. "A community can't ignore its commitment to those people who use public transportation," he stated.

Mr. Morrill hopes to discuss the matter further with each city, and intends to continue working with all communities.

The Woods pays 27 percent and St. Clair Shores, 25 percent, of the \$5,000 per month operating subsidy to SEMTA, if needed, and it has been. As a result, 52 percent in dollar support will be removed at the year's end. Of the other Pointes, The Park pays 20 percent, The Farms, 16, The City, eight, and The Shores, four.

### Fast Bus Stop Hurts Women

Two women were taken to Bon Secours Hospital for treatment of injuries they claimed occurred when a Lake Shore Coach Line bus stopped suddenly at Mack and Morross on Monday, October 16.

Park police said that the women, Mrs. Neacy Shipp, 47, and Mrs. Mary Keys, 51, both of 5500 Field, Detroit, told them they felt no pain at the time the bus made the fast stop. However, on reaching Jefferson and Wayburn, location of the line's terminal and the end of the line for coaches routed through St. Clair Shores and the Pointes, Mrs. Shipp complained of a pain in the hip, and Mrs. Keys said she had bumped her head and was feeling the after-effects.

The women were conveyed to the hospital by firemen in the department ambulance. Both were treated and released.

### Jay to Present Skiing Movies

Mr. Jay will show his 90-minute color film "The World of Skiing." The film shows olympic ski champions racing in Dixie Snow, aerial acrobatics, kite soaring and glacier hopping. This laugh packed skiing film is brand new and has never been shown in Detroit before.

Jay is a member of U.E.A.C., an international non-profit, non-political organization which belongs to the U. S. Ski Association. U.E.A.C. has been operating a comprehensive schedule of year around charter flights to Europe and Asia for over 11 years.

Jay will show his film at the Grosse Pointe War Memorial at 8:30 p.m. on Friday, November 24. Admission is \$2.50 for U.E.A.C. members and \$3 for non-members.

To reserve your seats please call the United European American Club at 259-1646 or send your check to U.E.A.C., Sentinel Building, Suite 640, 2211 E. Jefferson, Detroit, Michigan 48207.

### Burglars Rob 2 Park Homes

Two homes in The Park were entered in separate burglaries, between 7 p.m. on Tuesday, November 7, and 8 a.m. on Thursday, November 9.

The first to report was William Bellanger of 1041 Harvard, who told police that the thief or thieves entered his house through an unlocked basement window.

Missing, Bellanger said, was a hand instrument amplifier, valued at \$300. Nothing else appeared to be missing, it was said.

Also entered was the home of Mr. and Mrs. Norman Parker, 1240 Bedford, from where was taken more than \$6,000 in jewelry items.

Also taken was a Henry Matisse wall hang-up rug. Police said there are only 48 in existence, no value given. Also stolen were a hooked rug and a vacuum cleaner, values not known.

The burglar or burglars broke into the residence by smashing the glass of a large rear door and reaching in and turning the door lock.

Both breakins are under investigation by officers of the Detective Bureau.

**Students Work for Settlement**

Sixth, seventh and eighth grade students at University Liggett School are helping to insure "A Merry Christmas for All." For two "work weekends," beginning November 17-19 and ending the weekend of Thanksgiving, November 24-26, the youngsters will be hiring themselves out to parents, friends and neighbors to raise money for Franklin-Wright Settlement's Christmas Store. The U-LS Middle School has participated in the program for the past three years and hopes to exceed the \$850 raised last year.

Leaf-raking, baby-sitting, car-washing and house cleaning are among the odd jobs to be performed. The children will record the money paid on formal "work contracts" and so, aside from helping the Settlement, learn about hard work.

The money collected will go to the Settlement which will select both new and used toys for the Christmas Toy Shop. The used toys, however, are in such excellent shape, they could be mistaken for new. Parents then select and buy them, unwrapped, on a pay-what-you-can basis.

Franklin-Wright Settlement, one of the oldest service organizations in Detroit, is located on Charlevoix near the Downtown area. Its influence reaches widely through health, employment, leisure time, housing, family life and educational services.

Eric Linder, Middle School teacher, and Mrs. Charles L. Taylor, of the Middle School Social Service Committee, are coordinators of the program and are assisted by faculty member and drama coach, Dwayne Bondi.

Upper and Lower School students are also involved with the Franklin-Wright Settlement. They collect new or near new toys, clothes and canned goods for distribution.

**Check Casher Foiled by Bank**

A young Detroit woman who attempted to cash a stolen check at the Michigan Bank, Jefferson and Barrington, on Thursday, October 19, was arrested by Park police as she was walking out of the bank building.

Accused of the attempt was Peggy Marie Bare, 18, who gave her address as 3011 Springle.

Miss Bare was arraigned before Park Municipal Judge William E. Speer on the date of her arrest, on a warrant approved by the Wayne County Prosecutor's Office, charging her with uttering and publishing (forging a document).

Information released by Park authorities disclosed that all banks in the Detroit area had been alerted to be on the lookout for certain numbered checks reported to have been stolen from a real estate firm at 21206 Gratiot, East Detroit.

When Miss Bare entered the bank to cash the check, it was detected by one of the tellers, who notified the manager, who in turn called the Park authorities.

Patrolmen Collin LaLonde and David Hiller, who were in the immediate vicinity when the alert came over their police radio, observed the young lady leaving the bank and arrested her.

Judge Speer, following the preliminary hearing, set bond at \$2,000, and remanded the woman to the custody of the Wayne County Sheriff until her examination date, which was scheduled for October 25. The court appointed an attorney for her.

On October 25, Miss Bare waived examination and was bound over to Circuit Court for trial. Her bond of \$2,000 was continued. She was released to East Detroit authorities, who accuse her of the same charge.

Police said that Miss Bare refused to divulge how she came to be in possession of the check. Several of the stolen checks have been passed in Detroit by other persons, the authorities said.

**SS Peter, Paul Gives Thanks**

A special mass of Thanksgiving will be celebrated at S.S. Peter and Paul Jesuit Church on Wednesday evening, November 22, at 5:30 p.m.

The mass will be in Latin and is offered in gratitude for the continuation of S.S. Peter and Paul as a place of worship rather than its conversion into a secular structure. There were plans to convert the church into a law library.

Parishioners of the church, including residents of The Pointe, appealed to Father Malcolm Carron, president of the University of Detroit, to maintain S.S. Peter and Paul as a church, as it is the oldest church in Detroit. The church was built by Bishop LeFever in 1844 and, on his death, he bequeathed it to his successor Bishop Borges in 1877.

Pointers are encouraged to attend this special mass of Thanksgiving. St. Paul On-the-Lakeshore altar boys will participate in the service and the Monsignor Francis X. Canfield and Monsignor Frank J. McPhillips have been invited to join the celebration.

The Republican victory last Tuesday was partially due to the hard work — on foot, on phones, in offices and in the field — of the youth of our country. We commend the civics teachers of our schools for sponsoring the interest of our children, whatever their preference. They are the voters of tomorrow and the inheritors of this nation. We hope they have learned something from this experience and will have realized that a great deal of hard work is necessary to achieve a goal.

Passengers may board special coaches at the Grosse Pointe Woods Municipal Parking Lot, Grosse Pointe City's Jeff Memorial Park, located on Jefferson between Lakeland and University, St. Clair Shores' Municipal Building at Eleven Mile and Jefferson and at Eastland Shopping Center.

Buses will depart promptly at 8:30 a.m. The cost of the trip will be \$1 per person. Every child under 12 years of age must be accompanied by an adult.

Advance reservations are being taken so that an adequate number of buses can be provided. Call Miss Mildred Hine at VA. 2-9516 or Lake Shore's passenger representative, Mrs. John Wood, at 884-7873.

### 'Honest John' Recovers Bag

Ray McArthur of Detroit told Woods police recently that his unlocked van was entered in the North High parking lot, and a green duffel bag containing hockey equipment was stolen. But, was everything lost?

Not at all, thanks to 10-year-old John Marantic of Heather lane.

John told police while walking his dog in the school's field, he spotted the bag lying in the bushes near the base of some trees. From information on the property, he began calling people by the name of McArthur, and bingo... he found the owner.

So because of "Honest John" Mr. McArthur recovered his property in good shape.

### 164 Cases Heard in Park By Judge William Speer

Park Municipal Judge William E. Speer had another large court docket during the month of October, according to information released by Grace B. McCracken, court clerk.

The judge heard a total of 164 cases involving traffic and city ordinance violations. The total amount of fines collected last month was \$2,695, paid by 81 persons.

Seven persons were found

### Poor Drivers Fined in Court

The Farms Municipal Court convened on Wednesday, October 11, with Judge Robert H. Pytell presiding. Six cases were heard involving faulty driving habits.

Henry S. Reynolds, 37 Beacon Hill, was charged with leaving the scene of a property damage accident and driving under the influence of intoxicating liquors. He pled not guilty and Judge Pytell set a trial date.

Theodore N. Raia, Jr., 2578 Lemay, Detroit, was charged with driving a vehicle without brake lights or turn signals. He pled guilty, was found guilty and fined \$30.

Charles K. Yankitis, 12003 Kilbourne, Detroit, was charged with disregarding a red traffic signal. He pled guilty, was found guilty and fined \$10.

Mark A. Simon, 1236 Three Mile, was charged with hot-rodging. He pled not guilty, was found guilty and fined \$10.

Thomas McDonnell, 2677 Greeley, Utica, was charged with driving the wrong way on a one way street. He pled not guilty, was found guilty and fined \$15 with court costs of \$15.

Gerald E. Childress, 4987 33rd Street, Detroit, was charged with careless driving. He pled not guilty and was found not guilty.

guilty of charges and were sentenced from three to 10 days, serving time either in the local cell, or at the Detroit House of Correction (DeHoCo).

Ten persons were found guilty of violations, but were given suspended sentences, and 22 were found not guilty of the offense of which they had been accused.

Seventeen persons found guilty were placed on probation, for periods ranging from 90 days to one year.

The operator's licenses of eight persons were suspended and held by the court for periods of between 30 and 90 days; and the licenses of 27 others who failed to appear in court to answer charges against them was automatically suspended, and their names was sent to the Secretary of State's Office in Lansing.

The judge ordered two persons to be re-examined by the SOS, to determine their ability to continue operating a motor vehicle; issued capias (a writ commanding an officer to take a specific person into custody) against two people; adjourned the sentencing of two persons to another date, and dismissed one case in which there was no complainant; and signed bench warrants for the arrest of 74 citizens who failed to appear in court on dates they were supposed to.

Judge Speer heard one state case, and found sufficient cause to bind one person over to Circuit Court for further proceedings or trial.

For possession of narcotics, three persons were given one year probation; one was sent to jail for 10 days; and another had his case adjourned to another date for sentencing.

Eight persons, arrested as disorderly, received various sentences. Two were fined; two were placed on probation for one year, two were jailed, one for five days and the other for 10 days; one was referred to Lansing, and one had his case adjourned to another date for sentencing.

In attempted larceny cases, one person was found guilty and sentenced to probation for one year, and a capias was issued for the other.

### Three Suspects Nabbed in B-E

Three persons were arrested by Park police in the early morning of Friday, November 3, on a charge of breaking into a business place. One of the suspects was apprehended in the building.

Charged in warrants approved by the Wayne County Prosecutor's Office, and arraigned before Park Municipal Judge William E. Speer, were Michael A. Brace, 22, of 10131 Grayton; Frank J. Marisette, 18, of 2541 Newport; and Douglas Bednarschik, 20, of 9250 Hayes, all of Detroit.

The three were arrested by Cpl. Charles Petrie and Patrolman Robert Chester at 2:24 a.m. when a suspicious citizen noticed unusual activities in a Sunoco station, 15422 Mack avenue, and called the authorities. The suspected burglars entered the business place by breaking the glass of the west overhead door and crawling in.

Brace was taken into custody when he was surprised inside the business place. Marisette and Bednarschik, who were outside, near a parked car, on sighting the approaching police car, started to walk away, but were ordered to stop by the officers.

In searching the parked vehicle, the policemen found two new snow tires, miscellaneous mechanic's tools, several containers of antifreeze and other items, believed to have been taken from the service station.

Chester, according to information released by Lt. Gordon Duncan, entered the station and observed a male figure moving around. With his service revolver in his hand, the patrolman ordered the person to come out of the building. The man, Brace, dropped to the floor in an attempt to hide, but finally emerged on a second command and surrendered.

The three were arraigned for a preliminary hearing before Judge Speer, later that morning. The judge released the suspects on \$1,000 bond each and set examination for Wednesday, November 8.

The two waived examination and were bound over for trial in Circuit Court. Their bond of \$1,000 was continued.

### Judge Paterson Hears 9 Cases

The City Municipal Court convened on Tuesday, October 24, with Judge Douglas L. Paterson presiding. Nine cases were heard.

Christopher Hume, 461 University place, was charged with reckless driving, resulting in an accident. He pled not guilty and was found not guilty with the case dismissed.

Michael Paul Martin, 1501 Seminole, Detroit, was charged with disorderly person-accosting. He stood mute, was found guilty, and placed on one year's probation and fined \$100 in court costs.

Thomas Holsten, 1099 Van Dyke, Detroit, was charged with disorderly person-resisting arrest. The case was placed under advisement for six months.

Muriel Charbonneau, 637 Fisher road, was charged with disorderly person. She pled not guilty, and the case was placed under advisement for one month.

By Brian Dervishi

ranked in the top 10 teams in the state. The game was a contest between North's strong passing game and South's powerful running attack led by Jim Whims. Whims ran for 188 yards and scored two touchdowns giving South its second victory over North to even up its record at 2-2.

### Stands Mute At Arraignment

A Hazel Park man, charged with possession of a controlled substance, i.e., heroin, appeared before Wayne County Circuit Court Judge Benjamin Burdick for his arraignment Thursday, November 2.

Marshall Leroy LeFever stood mute and a plea of not guilty was entered by the court, Woods police said. A pre-trial conference has been scheduled for today, November 16.

LeFever was arrested by Woods police Thursday, October 12, when he and another Hazel Park man, both reportedly wearing masks, were stopped after leaving the porch of a local doctor's home. Police discovered a pill bottle with two small tin foil packets containing a white substance on LeFever.

The substance underwent analysis at the crime lab, with police receiving a report Tuesday, October 17, which revealed, after an analysis of one packet, the contents contained heroin.

The chorus is composed of employees of Great Lakes Steel who enjoy singing and performing for religious, civic and charitable organizations in the Detroit and Lansing areas.

Mrs. Helen McIntosh serves as accompanist. She has taught music in Hawaii, Lansing and Wyandotte. Mrs. McIntosh is currently associated with the Dearborn School System's music department.

Friends in the community are cordially invited to share this evening of music with the patients and employees of St. John Hospital.

### Cougars Skate To Three Wins

The Pee Wee "B" Cougars hockey team, sponsored by Frank Adam Lincoln-Mercury, continued their winning ways last weekend with three victories.

The Cougars dumped the Tri-County League Farmington Flyers, 4-2, and won two over the Suburban League Fifth Wheelers, 8-1, and 2-0.

Following up on an excellent pre-season mark of 12-3-2, the Cougars recently had two easy wins over Fraser and Madison Heights in their own Southeastern Michigan Hockey League.

Steve Levick, the big center, carried the scoring load over the weekend by putting the red light on six times. He also made his presence felt with some hard checking, keeping the opposition with their heads up.

Other Cougar players include Doug Tito, Chuck Taylor, Joe Seehee, George Hogan, Ken Versichele, Dave Seagram, Tom McHugh, Ben Amor, Rob Barker, Paul Sattler, Kevin McMahon, Joe Brykalski, Jeff Kydd and Dave Nurdy.

### LICENSE PLATES TAKEN

**Shores Angler Lands Big One**

BILL McDonald, 50 Hampton road, had a first in his life Friday, October 27. The Eastern Michigan University student, who has fished at The Shores Park for 12 years, never caught a salmon. But on the 27th he did — a Chinook salmon 28 inches in length and weighing eight pounds.

Along with his friends Dominic Cusumano, 49 Hampton road, also an EMU student, and Phil Chirco, 86 Willison road, who attends college in Detroit, McDonald landed the salmon after a 25-minute struggle.

The lads report that this type of fish is very rare to catch here as usually bass, perch and muskie are prominent at this time of year. And the salmon may be the biggest to be hauled out in The Shores Park in four years, they said.

Often fishing on weekends as a "break" from collegiate rigors, Cusumano set the scene with theatrical aplomb in a note to the NEWS: "The water was calm and the air still; it was like the quiet before the storm. Then the fish hit the line like a ton of bricks. It pulled out about 100 feet of line. The reel screamed as the line went out.

"Bill stopped it and started to reel it up. While this was happening the fish jumped with great energy to free itself from its bondage. Each jump was about one to one and a half feet out of the water.

"As we brought it up to the wall the fish struggled with great fury in a last attempt to free itself. Phil lowered the net under the fish's

**Cottage Honors Girl Volunteers**

A record number of teenage girls gave almost 4,000 hours of volunteer time to Cottage Hospital between January 1 and October 1, 1972, according to Ralph L. Wilgarde, Cottage Administrator. The 109 Junior Volunteers, wearing snappy red-and-white uniforms, spent a total of 3,688 hours at Cottage.

For their dedicated service to patients and the nursing staff, the girls were honored at a Mother-Daughter Tea at the Cottage Hospital Nurses Residence on Wednesday, November 15.

Eight of the girls each had given more than 100 hours of volunteer time and were especially honored by receiving red-and-white striped caps to wear with their uniforms. Pointer Martha Williams was singled out for this honor.

Other Pointe girls honored include Wendy Althouse, Leslie Balen, Paula Bartoszewicz, Julie Beadle, Cindi Braden, Christi Catani, Sue Clogg, Sharon Deman, Beverly Deman, Julie Escheback, Joanna Foresman, Carol Francis, Lynne Gemmil, Josette Giroux, Lisa Gruka, Cindy Halter, K. Hoepfer, Sue Jehic, Debbie Kanarr, Sue Kodidek, Melissa Landgraf, Sara Leach, Carol Leslie, Eileen Loehner, Peggy Malooley, Laura Martin, Pam Michael, Kathy Mayer, Jane Schaafsma, Nan Strandhagen and Shirley Wojak.

**Pleads Guilty to Conspiracy**

A Detroit man, arrested for larceny from a building, appeared before Wayne County Circuit Court Judge George E. Bowles for trial recently, according to Woods police.

Willie Carter, who police stated used the aliases of Robert Wood and Willie Peterson, was apprehended after reportedly taking three dresses from J. C. Penney's, 19251 Mack avenue, on August 8.

At the trial, a defense motion was made to suppress the confession obtained due to an improper citizen's arrest. After hearing testimony on a separate record Judge Bowles granted the motion and suppressed the confession due to the arrest by a private person without knowledge that a felony had been committed, said police.

Carter pled guilty to an added count of conspiracy to commit a misdemeanor, Nolo Contendere. This added count carries a maximum penalty of up to one year in jail and up to a \$1,000 fine, police stated. Judge Bowles accepted the plea and reduced bond from \$1,000, two sureties, to \$1,000 cash, no sureties. A sentencing date is scheduled for Tuesday, December 12.

Police said Carter was apprehended by Penney's assistant manager and a St. John Hospital security officer in the basement of St. John.

### Shores Given Marina Report at Meeting

At the last meeting of The Shores Council, Trustee Alfred R. Glancy, Jr., as chairman of the Harbor and Boat Well Committee, gave a report on The Shores Marina at the close of the summer 1972 boating season.

Mr. Glancy reported that the occupancy of the marina, located in The Shores George Osius Park, continues to improve. Almost all of the boat wells holding boats between 23 and 37 feet were rented. Occupancy dropped off in

the 40-foot and 45-foot wells, with less than half rented. Surprisingly enough, all five 55-foot wells were rented. The total income from the marina amounted to \$21,322 of which \$1,650 was collected from boaters who were using The Shores marina for the first year.

Mr. Glancy and his committee have developed a plan for better use of the space now used for 45-foot wells, by rebuilding the area into 16 wells between 20 and 30 feet, the most popular well size. The Shores has completed installation of the transformer and wiring for additional electric power to the largest boat wells, and these boat owners are now being metered for their electricity use. Mr. Glancy anticipates extending this service to a portion of the 45-foot boat wells.

A Shores trustee, Daniel Beck cautioned Mr. Glancy not to split up the larger wells right away as there might be a demand for the wells if the trend towards larger boats continues. Mr. Glancy said that no action had been taken, that all redevelopment was still in the planning stage.

### BIKE CLUB

Other cyclists participating were Lornie McCormick-Goodhart, Colleen Kelly, Becky Forbes, Diane Zedan, Barb Hintzen, Rick Youngblood, Bill Yaklin, Jeff Snyder, Wolfman Meingast, John Bruce, and Dick Benoit.

### Youth Facing Double Trouble

Two Park patrolmen, alerted by a Detroit police radio broadcast, arrested a 16-year-old Detroit boy wanted by the Detroit authorities for burglary.

Patrolmen Norman Gangola and Lawrence Rice, while on routine patrol at 4:55 p.m., on Sunday, October 29, heard the Detroit call over the monitor-radio in their scout car. The alert was for a juvenile who had been seen coming out of a house he had just broken into.

Gangola and Rice were at the Vernor-Wayburn intersection, when they observed a youth fitting the description of the wanted boy, running on Vernor. They stopped the lad and placed him under arrest and notified Detroit of the apprehension.

The 16-year-old was taken to the Park station, where Detroit police from the Jefferson Station, Fifth Precinct, took the juvenile into custody. The Detroit officers said that the young man, not only will be charged with burglary, but also with attempting to criminally assault at 10-year-old girl.

Taylor was the driver of the car.

It's nice to know there's a Westinghouse security system at home when you're not.

Especially when you realize there's a home broken into every two minutes. The Westinghouse security system is more than a burglar alarm. Say you're away for the evening or off on a trip and someone breaks in. There's a loud alarm. Loud enough to scare him off. The system automatically sends a coded message to a 24-hour communications center, and they call the police. Same for fire. Loud alarm. Coded message. A call to the fire department. In other emergencies, direct voice contact with the center brings help. Send the coupon. Or call 464-3700.

### City Reviews Election Day

The City showed a slight drop in registered voters after the 7 a.m. starting time. Over 20 residents of the 1972 Election as 84.2 percent voted this year in contrast to 86.7 percent in 1968. In 1964, 85 percent of City voters went to the polls.

City Manager Thomas Kressbach noted that many recently enfranchised 18-year-olds registered first in the City and then cancelled their registrations after registering in their college towns.

As far as the best way to beat Election Day lines, Mr. Kressbach said that he could offer little advice as the lines prove totally unpredictable. This year, the polls were almost empty at 7:30 p.m., a half hour before closing. The polls were jammed soon

### Holds Classes in First Aid

Farms police Sgt. Arnold Parson, recently completed a refresher Red Cross First Aid Course, and has been instructing both policemen and firemen in The Farms, according to information released by Police Chief Robert Ferber.

The Chief said that Parson, affectionately nicknamed "Babe" by his colleagues of the department and other employees, has been an instructor for the past two years, and every year attends a class to learn up-to-date techniques in the administration of emergency first aid. He has an American Red Cross First Aid Instructor's card, which is renewable every three years.

During his instruction classes with the policemen and firemen, those learning the techniques, actually apply splints on "broken" legs and arms, learn to bind the "wounds," etc. of other members of his classes.

Chief Ferber said that on October 30, 12 policemen and firemen attended Parson's class; on October 31, there was a class of 11; November 1, another 11; and November 2, still another 12.

### What Goes On at Your Library

By Virginia Leonard

One of our local authors, Josephine Wunsch, called us recently to tell us of another local author about whom she was most enthusiastic—Jean Davies Wright. Mrs. Wright had just written A WHOLE NEW WORLD which deals with her discovery of the delights of paleontology, and her work since 1937 in this field. Her husband, Put, was her her equally enthusiastic helper and co-worker, until his death in 1962. But in this book we cover two amateurs, (complete with two daughters), spending their first summer in their new cottage in Grand Bend, Ontario, and becoming increasingly interested in fossil hunting.

Here is how Mrs. Wright opens her book:

"It lay on the sand beneath the clear still water at the very edge of Lake Huron—that queer pebble that was to change our lives. Standing with the warm sun on my back, I stared at it for a minute wondering what it could be, then picked it up to get a better look.

"Rounded, satin-smooth, grayish, and about an inch across, it might have been unnoticed among the other stones had it not been for the strange design on its upper surface. Two rows of tiny holes were lined up in a wide V-formation; I counted twelve on each side. These holes were the ends of little tubes packed together like organ pipes and radiating from the inside. All of this was embedded in a colorless translucent mineral."

It was to be two years later before fossil hunting would be taken up again. The Wrights had been given the name of a man close by who was also an aficionado of this branch of paleontology, a Mr. Charles Southworth. They looked him up at Theford, and for many years the Wrights and the Thefords were to have many an interesting and rewarding fossil hunt. And as they searched they learned. They read books that were recommended, classified what they found, and eventually their cottage seemed almost too small for the Wright family and their findings!

Trips to Washington were necessary too; sometimes for information and sometimes to have fossils identified. Dr. Cooper of the National Museum even asked for several of their specimens!

By 1949, the Wrights realized they needed more help, so they enrolled in a course at Detroit's Rackham Building given by a friend of theirs. It was entitled: "Geologic Events of the Past." All this helped. The Wrights were either meeting or corresponding with people all over the country who were fossil aficionados like them. One told them of a Research Camp located in Red Lodge, Montana. Why not visit? Well, why not, so out they

went the following July to see what the West had to offer. And what a wonderful time they had!

Upon their return, Put suggested that all they were, really, were an enthusiastic lawyer and energetic housewife — why shouldn't one of them get a degree in geology at Wayne? And it was Jean who did it, although she was frightened to death and was sure she would never make it. But make it she did and eventually went on to get her M.A. in 1955. She had transferred from Wayne to the University of Michigan and the going had been a bit rough.

The summer field work went on, classifying, exploring, writing papers. The daughters were grown now. They had gone through college, married, produced several lovely grandchildren. In fact, the old cottage was now too small so the Wrights built a smaller one close by and turned the second and third generations loose in the earlier one!

In 1962 Put died. He had warned her much earlier that she should get her degrees, have a hobby, so that if he died first she would have plenty to do — and he was so right! Jean had no time now for self-pity — there was so much to be done in her fossil world!

But eventually she gave her collection away — to the National Museum. She was so afraid something would happen to it if she kept it too long. She ends her book in this fashion:

"Yes, Put and I did work hard to accumulate those fossils, but how much fun we had doing it! And how very much our lives were enriched by finding years ago that queer pebble in the lake!"

Although I know nothing about paleontology, I found this book a delight to read. The author gives you plenty of scientific names for her specimens, findings, etc. but this is an interesting book for the layman. You are "with" the Wrights all the way, sharing their contagious enthusiasm and understanding what they are doing.

This book is one of a series of papers called "Papers on Paleontology" issued at irregular intervals, which is printed by direct offset. It does not include scientific illustrations. It can be purchased through the Museum of Paleontology, the University of Michigan. Our libraries carry Jean Wright's A WHOLE NEW WORLD and we hope if you are interested in this subject you will come in and take our copies out. It was inspiring to me to see two such fine people so enthusiastic over something like fossil-hunting!

## From Another Pointe of View

How often does one have an opportunity to bid on an "unoriginal" by Grosse Pointe's own Walter B. Ford, II?

The artist himself might say, "If you're lucky, never . . ."

But we don't believe that.

Mr. Ford's "unoriginal" will be in distinguished company Thursday evening, November 30, at the Morse-Capponi Gallery in Kercheval avenue, where guests at the Art School of the Society of Arts and Crafts' Art Sale Preview Night of Art will have a chance to bid on it, and on originals by Sarkis Sarkisian and Walter Midener, at 8 o'clock.

The Preview, a benefit for the School's Scholarship Fund, begins at 6:30. The Sale continues at the Gallery until Christmas.

It's an all-student Sale, everything for sale: Paintings, sculpture, watercolors, ceramics, jewelry, glass, photographs and graphic arts.

The Preview invitation was designed by School students, too—but printed up before it was learned that Mike Carney, nephew of Art Carney, would be at the piano at the Gallery.

## Miss Schlaff Says Vows November 11

After Vacation in the Far East, Newlywed George Adam Rentschler, Jr., Will Make Home in Manhattan

In the Grosse Pointe Academy's Sacred Heart Chapel Saturday, November 11, Frederica Price Schlaff, daughter of Mr. and Mrs. Nelson Wilber Schlaff, of Maumee avenue, spoke her marriage vows to George Adam Rentschler, Jr.

He is the son of Mrs. George Adam Rentschler, of Sutton Place, New York, and the late Mr. Rentschler.

A reception at the Country Club of Detroit followed the 4 o'clock rites.

The newlyweds, traveling in the Far East, will return to make their home in New York City.

The Reverend Paul Desch O.S.M. presided at the ceremony, for which the bride selected an Empire gown of ivory wool crepe, trimmed with rosepointe lace.

She wore a jeweled cap, and carried a cascade of phalaenopsis orchids.

She was attended by her sisters, Mrs. Gordon C. Kerr, of Alexandria, Va., and Mary Montgomery Schlaff, in cafe au lait velvet pinafores over cream-colored blouses, with matching velvet lady-in-waiting caps.

They carried gold cornucopias, filled with bronze and gold fall flowers.

Twins Charles E. M. Rentschler, of New York City, and Frederick B. Rentschler, of Scottsdale, Ariz., were best men for their brother.

Ushers were Nelson W. Schlaff, Jr., and John Pershing and Nicholas F. Gardiner, of New York.

Mrs. Schlaff chose a sheer brown wool costume with a cream vestee for her daughter's wedding. She wore cypripedium orchids.

The bridegroom's mother selected a velvet gown accented with a lace collar and cuffs, and wore white butterfly orchids.

Altar boy was Biff Fisher, the bride's godson, and before leaving for their formal reception at the Country Club, the newlyweds received the children who had been invited to the ceremony, in the Academy's parlors.

### Let's Hear It For Nancy!

Women's Libbers can chalk up another victory: This year's Outstanding Ski Patrolman in the Northern Michigan District, selected at a recent meeting of the National Ski Patrol System Awards committee and the board of directors, is a woman.

Now, if they'd only said "Outstanding Ski PatrolPERSON" . . .

Semantics aside, everyone agrees Nancy (Mrs. Gerald) Mahoney, of Chalfonte avenue, is remarkable.

She's been an active member of the National Ski Patrol since 1966. She's been a member of the Nub's Nob Ski Patrol for six years, and is a Senior Patrolman with Avalanche Training and Mountaineering Training.

She is presently Central Division First Aid Advisor for the NSPS, and has been organizing and teaching Ski Patrol First Aid classes for six years.

She's been responsible for many innovations in her First Aid classes, and has held annual refresher courses for NSPS Ski Patrolmen.

Skiing expertise runs in the family. Gerald Mahoney is a Senior Ski Patrolman, like his wife. He was director of the Nub's Nob Ski Patrol for three years.

Son Keith is a ski instructor at Nub's Nob. Daughter Karen is a Nub's Nob Ski Patrolman, and daughter Kim will be an apprentice on the patrol this year.

Let's hear it for all the Mahoneys!

### Thanksgiving Festival

Grosse Pointe Unitarians are celebrating Thanksgiving in a special, especially appropriate way this year.

They'll re-live the settling of the Western Reserve in a Thanksgiving Festival Service Sunday morning, at 11 o'clock, via a musical drama based on Conrad Richter's "The Awakening Land," adapted and directed for the chancel by Darrell Eubank, of Berkshire road.

American folk songs and hymns sung by the choir and the congregation will bridge the dramatic episodes, enacted by Darlene Krato, Bill Solenberger, Sally Hannert and John Bogan.

"The Awakening Land," a trilogy of historical novels, ("The Trees", "The Fields" and "The Town"), won Mr. Richter the Pulitzer Prize in 1951.

The Unitarian chancel will be decorated with symbols of work and the harvest. The service will conclude with the welcoming of new members, and a Harvest Communion.

## Candlelight Rites For Marilyn Horn

Evening Service at Which She Speaks Vows to Thomas George Lavedas is Followed by Reception at Lochmoor Club

Marilyn Joyce Horn, daughter of Mr. and Mrs. Walter W. Horn, of Park Lane, became the bride of Thomas George Lavedas, son of Mr. and Mrs. Nick Lavedas, of Detroit, at a candlelight service in First English Evangelical Lutheran Church.

The Reverend Paul Keppler officiated at the Saturday evening, November 4, rites.

For her wedding, Marilyn chose an ivory satin gown overlaid with peau d'ange lace and seed pearls, and a lace-appliqued mantilla. Mrs. Richard Zang, of Warren, matron of honor, wore ruby velvet, as did bridesmaid Joan Stevenson, of Okemos, and Elizabeth Lavedas, the

bridegroom's niece, who served as flower girl.

Christopher Lavedas was his brother's best man. Robert Goodman, the bridegroom's nephew, was ring bearer.

Thomas Verlinde, Jack Miller and James Alexander seated the guests.

The bride's mother chose a pale blue and gold brocade gown, the bridegroom's mother champagne chiffon.

A champagne dinner and reception at Lochmoor Club followed the 7:30 o'clock ceremony.

After a wedding trip to the Bahamas, the new Mr. and Mrs. Lavedas will reside in Sterling, Va.

Attending the 45th Annual Clinical Assembly of Osteopathic Specialists October 29 through November 1 in Atlanta, Ga., was NELSON ALWARD, of Lochmoor boulevard.

## Symphony Sets Xmas Festival

The Detroit Symphony Orchestra will present a Christmas Festival this December, with emphasis on family entertainment.

A colorfully-staged production of Tchaikovsky's "Nutcracker" ballet, Handel's "Messiah" and an orchestral choral pops program including "Greensleeves" and "The Many Moods of Christmas" are among Festival offerings, December 9 through 17 in Ford Auditorium.

Due to a heavy ticket demand for two "Nutcracker" performances previously announced for Saturday, December 9, at 11 and 2 o'clock, the Symphony has added another performance, Saturday, December 16, at 2 o'clock.

Tickets now are on sale for these programs, and for other Festival events, at the Ford Auditorium Box Office, all Hudson's and Grinnell's stores.

The Festival schedule includes "The Nutcracker," featuring the Detroit Severo Ballet Company, Pierre Hetu conducting the Orchestra, and the December 15 Christmas Festival Pops Program, with the Orchestra led by Sixten Ehrling and the Rackham Symphony Choir as special guest.

The Pops Program includes music from Rimsky-Korsakov's "Christmas Eve" and from "Hansel and Gretel."

Handel's "Messiah," Pierre Hetu conducting, with the Kenneth Jewell Chorale and four outstanding young American singers, soprano Doralene Davis, contralto Alice Dutcher, tenor Anastasio Vrenios and baritone Charles Roe, will be presented Sunday afternoon, December 17, at 3:30 o'clock.

All events are popularly priced, ranging from \$1.50 to \$2.50 for the "Messiah," from \$1.50 to \$3 for the "Nutcracker" and from \$2.50

In First English Evangelical Lutheran Church Saturday evening, November 4, MARILYN JOYCE HORN, daughter of the Walter W. Horns of Park Lane, spoke her marriage vows to Mr. Lavedas, son of Mr. and Mrs. Nick Lavedas, of Detroit.

to \$5.50 for the Festival Pops Program. Pops Program tickets are half price for children 12 and under.

"The Nutcracker" is a work children and adults across the world have welcomed as a Christmas season highlight for many years. This Severo production is the same show broadcast as a television special last Christmas-time, sponsored by the United States Steel.

The Festival Pops Program is planned as a musical panorama of the holiday season,

blending traditional, new, classic and popular themes. Because it will be an evening performance, concertgoers will enjoy seeing the glittering lights that abound in downtown Detroit's riverfront center during the holiday season.

Handel's "Messiah" is the best-known and best-loved oratorio ever written. The young and exciting Kenneth Jewell Chorale, one of the nation's finest choral groups, makes its first appearance singing the "Messiah" with the Detroit Symphony.

## Howard Shock Claims Bride Oct. 6

Catherine Beverly Nehra, daughter of Mr. and Mrs. Thomas Nehra, of St. Clair Shores, and Howard Joseph Shock, son of Mr. and Mrs. Nicholas Shock, of Three Mile drive, exchanged marriage vows Friday, October 6, at a candlelight service in Saint Clare de Montefalco Church.

A reception at Imperial Hall followed the ceremony. The newlyweds vacationed in the south and are now residing in St. Clair Shores.

Appiqued flowers accented the neckline, cuffs and hem of the bride's white antique satin gown. Her blush veil fell from a headpiece of net and floral appliques.

Carol Nehra, maid of honor for her sister, wore a lace-yoked Victorian frock of apricot antique satin, featuring long, full, lacy beige sleeves. Bridesmaids Cathy and

Monica Shock, the bridegroom's sisters, Suki Shock, his sister-in-law, Linda Pifer and Patricia Nehra, the bride's sister-in-law, were identically dressed in brown antique satin.

Flower girl Sally Shock, the bridegroom's sister, was in lace-trimmed apricot satin. Joe Shock acted as best man for his brother, and David Nehra, the bride's ne-

phew, was ring bearer. Ushering were Nick Shock, John Dogariu, Tom Monardo, the bridegroom's brother-in-law, John Weiss and Thomas Nehra.

The mother of the bride wore a floor length gown of pink brocade taffeta, trimmed with sequins and pearls, the bridegroom's mother a bead- and pearl-trimmed green silk Grecian gown.

## James Dick to Play with November 16 Symphony

Young American pianist James Dick makes his Detroit Symphony Orchestra debut at concerts in Ford Auditorium this Thursday and Saturday evening, November 16 and 18, at 8:30 o'clock.

Dick will perform Mozart's Piano Concerto in A major, K. 488, with the Orchestra led by its music director and Conductor Sixten Ehrling.

Also on the program will be Samuel Barber's Symphony No. 1 in One Movement and Cesar Franck's Symphony in D minor. These concerts are the Orchestra's first in Ford Audi-

torium after a three-week eastern tour, which ended Sunday with a concert in Parsippany, N.J.

The tour included concerts at the Worcester, Mass., Festival, Carnegie Hall in New York and the Kennedy Center in Washington, D.C. James Dick was born in Kansas in 1941. He studied piano with Dalies Frantz at the University of Texas and with Clifford Curzon in London.

While a student at the Royal Academy of Music, he was awarded the Beethoven Prize and the Tobias Matthay Fellowship. Dick was a prize winner in three of the most prestigious

international competitions within the space of eight months in 1965: The Busoni, the Leventritt and Tchaikovsky.

Dick was engaged for this week's concerts following the death earlier this fall of noted pianist Robert Casadesus, who had been scheduled to be soloist this week.

Tickets are available at all branches of Hudson's and Grinnell's and at the Ford Auditorium Box Office, 961-0700.

A limited number of discount tickets for students and senior citizens are available from the box office, beginning at 7:45 o'clock on concert nights.

(Continued from Page 17) The Thanksgiving Festival, at the Church in Maumee avenue, is open to all.

**Night In New Orleans** It's a reprise for the "Night in New Orleans" party that was such a successful Grosse Pointe Academy fund-raiser last year.

Everybody had so much fun they insisted, "Let's do it again!" So the Academy's Alumnae and Parents have scheduled another New Orleans Night, for Saturday, December 9, from 7:30 to midnight, at the School in Lakeshore road.

And, though it may be snowing outside that evening, indoors the weather will definitely be Gulf breeze balmy.

There'll be games, a buffet and liquid refreshments, with everybody, for the night, a "millionaire."

Proceeds benefit the Academy's Financial Aid Program. Tickets may be obtained by contacting Dr. and Mrs. Robert Lenhard, 885-8519.

General chairmen are Mr. and Mrs. Robert Bowen, Mr. and Mrs. John Aley and Marianne Tindall.

## Review Club Lunch Slated

Fran Harris will be guest of honor at a noon luncheon at Top of The Flame, sponsored by the Detroit Review Club, Tuesday, November 28. Mrs. H. Lloyd Patterson, the Club's president, is official hostess.

Fall flowers, ranging in color from yellow to bronze and centered in brass planters, in arrangements designed by Mrs. Charles U. Hauer, will be used as table decorations.

Mrs. Aaron E. Wilcox, program chairman, will introduce Mrs. Harris.

The meeting is dual in purpose: A birthday celebration for the November-born Club and a luncheon honoring Mrs. Harris on her new three-year appointment, by Defense Secretary Melvin Laird, to the chairmanship of the Defense Advisory Committee on Women in the Services.

Appointments and awards are no novelty for Fran Harris. A past-president of the Women's Advertising Club of Detroit, she has served as chairman of the Women's Council of the American Advertising Federation and as president of the Detroit and national Theta Sigma Phi, (which recently changed its name to Women in Communications).

Fran has won the Women's Advertising Club Civic Award, was a Headliner for

Earlier this year, in Las Vegas, she won an award from the American Women of Radio and Television for her community service.

She has served on the Metropolitan Board of the YWCA, and is a member of Zonta, and the Press Club. Married to Hugh Harris, she has three children.

Fran holds a degree in Psychology from Grinnell College. Her topic for the Review Club, November 28, will be "What's with Women?"

UNIQUE!

We think so, and here's why: An outstanding quad-level that's in perfect condition and includes the carpeting. There are three nice bedrooms, plus a super modern kitchen with plenty of eating space. The walk down to the family room is different—what a family room! Look out on an extra special terrace. There is more, so give us a call on this one.

RE-APPOINTED

Earl S. Perkins of Grand Marais, whose term on the Park Board of Review expires on December 31, 1972, was re-appointed to another three-year term, which will expire December 31, 1975. Continuation of his term was approved by the Park Council on Monday, November 13, when Perkins expressed his willingness to continue serving the city in that capacity.

Pied Piper Bus Very Popular

The Grosse Pointe War Memorial's Pied Piper Express to The Detroit Institute of Art's Youth Theatre has proven so popular that a second bus went to the "Swiss Family Robinson," a live musical presented by New York's National Theatre Company Saturday morning, November 4.

Parents are welcome to join their children on The Pied Piper Express for the same cost as the child. The price is \$2.50 including round trip door-to-door transportation and admission to the show. Tickets must be purchased at the Center's office in advance.

Duck Hunters Pose Threat

A concerned resident, who spotted some duck hunters on the lake straight out from her home, contacted The Shores Department of Public Safety Saturday, November 11.

Mrs. Diana Levick of Fairlake lane felt the hunters were too close to shore and expressed concern about the probability of them shooting towards her home. Corporal William Marshall agreed about the unsafe condition and contacted the hunters. The corporal requested they go out at least 500-feet, the legal limit. The men, who said they would cooperate, also were reminded about shooting towards the shore.

A check over an hour later found the hunters in a good, safe and legal distance from shore, police said.

Common sense, not public opinion, should always be your guide for your daily conduct.

Future performances included in The Pied Piper's list of offerings are "Hansel & Gretel," December 2; "Cinderella," December 27; "Aladdin," February 3; "China Show," March 17; "Peter Rabbit's Easter Show," April 21; and "Tom Sawyer," May 5.

Driver Flunks Breathing Test

James C. Dorre, 30, of 12527 Glenfield, Detroit, was arrested by Farms police at 3:09 a.m., on Monday, October 30, and charged with driving while under the influence of liquor.

Later that morning, he was ordered released by Farms Municipal Judge Robert Pytell on bond of \$150, pending a pre-trial hearing scheduled for Wednesday, November 29.

The arresting officers, Patrolmen Thomas Kelly and Gerald Deburghgraeve, said they were patrolling Mack avenue, when they observed Dorre driving east on the avenue near Moross road, tailgating another vehicle and weaving back and forth over the center line. They stopped the motorist at the Barclay intersection and took him to the station.

Dorre was issued a violation ticket for driving while intoxicated. Police said he failed two breathalyzer tests.

Skidding Car Causes Crash

On the wet and slippery pavement on Saturday night, October 21, a car skidded on eastbound Mack avenue and collided with another car traveling east on the thoroughfare.

Explaining the accident to City police officers David L. Toelis and Dale van Dale, the Detroit driver, Richard Hebert, 19, said that he had accelerated immediately before his car slid from the right lane into the left lane of eastbound Mack traffic near the Washington road intersection.

After admitting that he had had something to drink, City police charged Hebert, of 6124 Hillcrest, Detroit, with reckless driving-drinking. After posting \$50 bond at the City police station, Hebert was released pending his court date.

## Pointe Counter Points

By Pat Rousseau

Previewing Spring And Summer 1973 . . . in New York with Walton-Pierce buyers is always a fashion adventure. The look is classic, soft and romantic. The shirtdress is both for day and evening. Our favorite is a white silk jersey shirtdress printed with navy houndstooth worn alone or under a carnation silk blend coat which also singles as a coat dress. This versatile duo is so travel-wise and is one ensemble I chose for myself. The shirtdress for evening comes in so many fabrics and we love it in soft white quiana and rhinestone buttons. The sweater or jacket blouson is another important look. Oscar de LaRenta designed a charming evening group of ruffled organzas in heavenly colors and lovely prints. Bill Blass, the real sophisticate, shows navy and beige for many of his daytime dresses and costumes. For evening, gowns were figure following in soft imported fabrics. There were a few charming young-girl-looks, but mostly, he designs for the knowing woman who understands high fashion and wants to be a pace-setter. In the top collections skirts were just above the knee for day . . . long for evening and once again there were more palazzos. There were less pantsuits. Fabrics are more packable and there is a palette of colors for those warm sunny days. In the meantime back at reality ranch, facing a brisk breeze brushing off a snowflake and planning wardrobes for holiday parties, the Walton-Pierce buyers have hand picked new cocktail and evening dresses and pastel wools. They are arriving daily.

## Pointer of Interest

MRS. JAMES S. SANFORD, OF MEADOW LANE

By Janet Mueller

She's glad she's done it, she's glad it's done, and she's never going to do it again. The Grosse Pointe League of Women Voters' "Know Your Grosse Pointe," a compendium of facts, figures, photographs and history, list of local officials, roster of landmarks and services, is revised and updated, ready to roll off the presses in time for Christmas giving.

Marian Sanford served as chairman of the 1972 edition "Know Your Grosse Pointe" committee.

Nobody's more delighted than Marian that the baby's about to be born.

"It's been a long confinement. We started in 1970. We had to wait for the census to come in. It's been a continual up-dating: We've tried to delete as many figures and

as possible, so the book doesn't date." But some figures, population, for example, and school enrollment, are essential. And they vary, from week to week, month to month. If 10,000 people move out of Grosse Pointe within the next month, and nobody moves in to replace them . . . If the Grosse Pointe War Memorial burns down . . . If University-Liggett changes

its name, (again) . . . Well, Marian Sanford's done just as much as she can.

Which is a lot. Although it might—Marian quakes at the thought!—have been more. "Fortunately, I had the 1963 book to go by." Is Third Edition The '72 is the third edition of "Know Your Grosse Pointe." The first was published in 1954. "I really went into it, (the Book Business), very hesitantly." Through a friend, Marian became interested in LWV when its local study item focus was Treatment for Juvenile Offenders. She found that study item fascinating—so when the local item chairman was no longer able to continue in office, Marian took over for her. "I was still local item chairman when the 'Know Your Grosse Pointe' revision came up. That's how I got caught." She couldn't imagine herself as author/editor/reporter.

Her high school Journalism teacher took five percent off for every misspelled word, and Marian never, after high school, considered the possibility of a career in Journalism. "I was so discouraged, I hesitated even to write a letter." She got over THAT, but tended to avoid any sort of anything that involved stringing words into sentences, sentences into paragraphs. Figures were a different matter. "Every organization I get into, I end up being treasurer. It started with my children's Nursery School."

Active in League Currently, she's assistant treasurer for the Junior League of Detroit. "Whenever there's something that involves the handling of money, it seems that somebody thinks of me. I think this is true of anyone who's been a treasurer. We, (the Volunteer Treasurers' Corps), find ourselves acting as treasurers, again and again."

Everybody fancies he can write; a good volunteer treasurer's hard to find. Marian Sanford settled into her niche, and was happy in it. She's a West Virginian, from Wheeling, graduate of Pittsburgh's Carnegie-Mellon University, graduate student for one semester at the University of Wisconsin. She didn't much care for the University of Wisconsin. She left the University of Wisconsin, and was debating what to do next when a friend, a girl who'd taken a job teaching in Grosse Pointe, called, wondering if Marian would like to fly to Detroit and meet her (the friend), and help her (the friend) find an apartment and decorate it. Marian packed for four days and came to town. It's been a long four days. Along Came Jim She arrived in August. Within a month, at a Grosse Pointe Memorial Church Fortnightly meeting, she'd met Jim. They have three children. Kathy, 11, a sixth grader at Brownell, is taking guitar lessons and sings in the Grosse Pointe Memorial Church Choir. Mark, 9, and Jeffery, 7, both Richard students, like sailing and cars. Like their father. Jim is Port of Entry Coordinator for Chevrolet. There's a Sanford family cat, Muddy, and, thanks to two young friends who found

It includes beautiful angels and santas you will find nowhere else. He also is taking orders for the unique personalized ceramic ornaments that were such a hit last year.

The trick is to put them back together. You are furnished a set of directions. Your friends have all the fun. Prices range from \$3.50.

**Home Health Care Products . . . are increasingly important for all of us today.** Facing rising hospital costs and convalescent homes filled to capacity, more and more of us face caring for patients at home. We can service all your needs, prescriptions, medications, walkers, wheelchairs, hospital dressings, incontinence pads, catheters. We have them all. We will charge and deliver. Let us help you. It's a difficult job . . . A. J. Meyer, Inc., 16361 Mack Avenue. TU 2-1040.

**Holiday Cheer . . . There's a good selection of imported and domestic wines and spirits at Devonshire Drugs, 16037 Mack on the Block.**

**Pearls, Pearls, Pearls . . . once again "the" fashion jewelry are found in glowing profusion at Bijouterie Jewelry by Cueter.** The long stands can be doubled, tied and used as belts. A charming gold pocket watch which is an antique reproduction would make a timely Christmas gift. They come in 18K and 21K gold. **THE MERRY MOUSE . . . You're invited to open house Sunday, November 19, 12-5 to buy your Christmas gift goodies from a great selection.** Corner of Notre Dame and Kercheval in the Village.

the perfect birthday present for Kathy, a new addition to the menage: Herbie P. Bird-foot—known as "Herbie"—a bird who spends most of his time behind closed doors in Kathy's room, so Muddy can't get at him.

Muddy would love to get at Herbie.

Marian keeps reminding herself to KEEB KATHY'S DOOR CLOSED.

She keeps reminding Kathy, too. And Mark. And Jeff.

The Sandfords really needed Herbie.

Jim's a native Pointer, son of Sterling S. Sanford, of Hillcrest road, and the late Marcelline Hemingway Sanford, sister of Ernest Hemingway and author of "At The Hemingways."

Like Walloon Lake

Sterling and his present wife, the former Hixie Boykin Hatten, a talented musician, have a cottage at Walloon Lake, and Jim and Marian, Kathy, Mark and Jeff, love going "up."

Recently, Hixie and Sterling entertained a group of visitors from Japan. When one man returned to Detroit, alone, Jim and Marian had him over for lunch. Now Kathy's writing to his daughter, in Japan.

Perhaps, if the pen pal relationship flourishes, Kathy will find an excuse to fly off to Japan some day to meet her correspondent.

There's a wanderlust strain in the Sandfords.

Jim and Marian have taken the children to Florida, (everyone thought Disney World was "just marvelous"), and to Washington, D.C.

They've all been to Mexico, to visit Jim's brother when he lived in Mexico City. Said brother has since moved, to San Francisco.

San Francisco's a wonderful place for a family vacation . . .

Then There Were Owls

The last time Marian and Jim vacationed alone together, without the children, was six years ago. They went to New England, and Marian found two owls in an art store in Vermont. She fell in love with them. She didn't get them. She's been kicking herself ever since.

And compensating. Those two owls she DIDN'T get were the start of Marian Sanford's owl collection. Owl figures are dotted, perched and tucked all over her house. Jim brings a new one whenever he comes back from a business trip.

Owls are "in" now. "But I," says Marian proudly, "began my collection before everyone else began loving them."

Next spring, she may get a chance to pick up a new one, from a new place, personally. After six years of family vacations, Marian and Jim are eyeing a week in London. Adults-only.

Love Their Sailing

In The Pointe, the Sandfords' summertime leisure centers around their sailboat. When, that is, there is a summer in The Pointe. Marian loves tennis, and is an avid spectator sportsman, a delighted watcher of football and baseball. Jim could care less who's playing who on TV.

Marian enjoys handcrafts, sewing and knitting, and is looking forward to getting to work on next year's Grosse Pointe Memorial Church Fair.

She took a course in weaving at Wisconsin, loved it, and has always meant to come back to it. But needlepoint proved

## Short and to The Pointe

(Continued from Page 15)

Recently celebrating their 50th wedding anniversary at a party Saturday night, November 11, were MR. and MRS. GEORGE W. KRAUS, of Roslyn road. Enjoying the celebration were the Krauses' two daughters, MRS. HARRY BONNAN and MRS. SHIRLEY MCKAY, and a son, WAYNE, who brought their spouses and eight grandchildren to add to the festivities.

Arriving in The Pointe this weekend is M. FRANCIS LACOSTE, former Ambassador of France to Ottawa, Charge d'Affaires at the French Embassy at Peking from 1937 to 1939, Charge d'Affaires in Washington from 1945 to 1948, who will be a guest at the Deplands road home of the FRANK KRUSES. He is in town as

official lecturer of the Federation des Alliances Francaises, and will be addressing the Alliance Francaise de Detroit at a luncheon on Saturday.

CAROL BROWN, daughter of the FRANK BROWNS, of Hamilton court, has been selected for membership in the Freshman Women's Chorus at DePauw University. A Grosse Pointe South High School graduate, she plans to major in DePauw's School of Nursing.

Among Washington and Lee University seniors selected for inclusion in this year's "Who's Who in American Colleges and Universities" is FREDERICK W. BATTEN, of Hillcrest lane, legal debater and editor of Washington and Lee's "Law Review."

her downfall. "It takes too long."

Her mother still lives in West Virginia, and Marian heads south, "not often enough," to visit her.

Grosse Pointe is very much Marian's home now. She had little difficulty settling in. Jim was no stranger in the area, and nine years ago the young Sanford family moved into Meadow lane.

An Involved Street

"How did I 'get involved' in things? Mainly by moving onto Meadow lane. The people on this street tend to be very involved, in very many things."

Meadow lane is a street with a reputation: Young, vital, "fun." People who live there, love it. People who have lived there never forget it. And a lot of people, usually when their children are small, as a "first house" investment, have lived in Meadow lane.

A lot of people have cried when they left.

"We're one of the 'oldest' families," Marian Sanford, one-year-short-of-a-decade resident, muses. "I just wish there were a five-bedroom house on Meadow lane!"

"I'd like to separate the boys."

But she can't give up her Sewing Room . . .

There's no move in the Sandfords' immediate future. They're re-doing their kitchen, painting it blue and white, adapting a scheme Marian fell in love with on a House Tour.

Jim's installing a lowered ceiling.

Projects like this appeal to Marian. She knows she's good at them. She knows she can cope.

It's like working with figures.

But putting out a book!

"Fortunately, I had the 1963 'Know Your Grosse Pointe' to go by."

Finds Good Helpers

She delegated authority, dividing the "new" book into the "old" book's existing sections, finding an LWV member to be responsible for each Pointe community.

Each woman who accepted

a community responsibility went to the appropriate municipal officials, up-dating directly with them.

The pictures are all new, shot by Helene (Mrs. Paul) Eagan and her daughter.

"They're mostly of the same buildings, (as those included in the '63 edition), but it was surprising, when we went back, to see how the settings have changed, how trees and shrubbery have grown," Marian notes.

"We've added two churches, to give balance to The Pointe's architectural design."

Most altered is the School Section. Ten years ago, there was no Grosse Pointe North High. Mention a "Middle School"—and nobody'd know what you were talking about. "Oh, I just HOPE we get it printed before it all changes again!"

Marian Sanford's personal favorite is the History Section. "I'm a history buff."

A Community Service

"Know Your Community" booklets are projects of Leagues of Women Voters all over the country. They're a community service. "We sell at cost," Marian explains. "Any money we might make goes toward the publication of the next up-dated 'Know Your Grosse Pointe'."

"Schools use the book. Realtors are, I suppose, our biggest customers."

Marian particularly likes to see "Know Your Grosse Pointe" bought by someone who intends to give it to a new-to-the-Pointe neighbor.

She likes to see it bought, period.

"We just sold the last of our 1963 edition," she says. "The last of 10,000 copies."

Now another 10,000 are going out. They'll be available in local stores, or may be purchased directly from the Pointe LWV.

Marian Sanford hopes they'll sell like hotcakes.

It's been a long confinement, but she's proud of her baby.

She's quitting while she's ahead.

What's wrong with an Only Child, anyway?

It's remarkable how old fashioned and nostalgic Detroit is. We're probably the only city in the U.S. that uses a traffic pattern designed for horse and buggies.
