HEADLINES of the WEEK

Grosse Pointe News

Thursday, December 28

A STRESS POLICEMAN was shot to death and a second officer critically wounded yesterday by two men, who Detroit authorities believe are the same suspects connected with the shooting of four other STRESS policemen on December 4. Dead on arrival at Northwest General Hospital was Patrolman Robert Bradley, 25, a five-year veteran of the force, and the father of three children.

A VIETCONG LEADER said that President Nixon's resumption of heavy bombing of North Vietnam will misfire. He claimed that the Communists will resist any military pressure aimed at recognizing President Nguyen Van Thieu's regime. Dinh Ba Thi, interim Vietcong peace delegation chief in Paris, said the air war will not stop North Vietnam's help to guerrilla forces battling Thieu's American-backed army in the South. In the meantime, U. S. bombers kept up their aerial attacks against the Hanoi-Haiphong complex, and the saturation bombing took a heavy toll in losses of aircraft and lives.

EARLY REPORTS listed 88 survivors of the 167 persons aboard an Eastern Airlines plane, on a flight from New York to Miami, that plowed into the Everglades in Florida, just before midnight. The jetliner broke apart, spilling both living and dead into the trackless swamp. Ten helicopters from the Coast Guard and Air Force hoisted survivors out on slings, as a fleet of volunteers in airplane-engined air boats streamed to the pitch black crash scene, only six miles from US-41.

Sunday, December 31

IT WAS DISCLOSED in an official report from Washington that a clear signal from Hanoi that it was willing to negotiate toward a peace agreement was a major factor in President Nixon's decision to suspend the heavy bombing of North Vietnam's heartland. No official from Washington was willing to talk publicly about the decision that presidential advisor Henry A. Kissinger would return to Paris on January 8 to resume negotiations with North Vietnam envoys, nor will they discuss anything about the halting of the bombing above the 20th parallel as of 7 p.m. on Friday.

ROBERTO CLEMENTE, baseball star, died in the crash of a four-engine propeller-driven DC-8 plane on a relief mission to earthquake-stricken Managua, Nicaragua. A Puerto Rican port official said the crash occurred shortly after take-off from Puerto Rico yesterday. Clemente, 38, was one of five persons aboard the plane, which developed engine trouble on takeoff and was trying to return to the airport.

WITHIN AN HOUR after the new year 1973 began, violence struck in Ulster, Ireland. Gunfights and bombing attacks flared on Monday, after the bloodiest of three years of fighting involving sectarian factions and British troops. In the New Lodge road and Belfast, a man was shot and seriously wounded; the British army said gunmen fired 69 shots at Army posts in the Ardoyne District, no casualties; in Newtown, Butler, 55 miles south of Londonderry, ne - the Irish Republic border, a "bomb blast badly damaged a 'rage. No one was killed. However, just across the border of the Irish Republic, a young engaged couple was found shot to death on a lonely road.

St. John Claims First New Year Baby

KHATINA BREISS, pictured with her mother, MRS. ANTHONY BREISS, was the first baby born in 1973 in one of our three local hospitals. Born in St. John Hospital at 12:47 a.m. on Monday, January 1, Khatina weighed in at seven pounds, 12 ounces, and is 19 and a half inches long. She is the Breiss's first child, and the hospital had a bottle of champagne on hand to celebrate!

Baby Derby Crown Won By St. John

Khatina Breiss Arrives 47 Minutes After Arrival of New Year; Wins by Three Hours

Some people are always early, some are on time, and some are always late. But one little girl, Khatina Breiss, the new daughter of Mr. and Mrs. Anthony Breiss, of Eler road, came 18 days early and became the first baby born in 1973 in one of our three Pointe hospitals. She is the Breiss's first child.

Born at 12:47 a.m. at St. John, she was ahead of Bon Secours' first baby, a boy, by almost three hours. A son was born to Mr. and Mrs. Ken Golay, of Wayburn avenue, at 3:30 p.m. Monday, January 1. The boy, who should be named by the time this newspaper is printed, weighed eight pounds, two and a half ounces, at birth, and was 20 and a half inches long. He is the Golay's third child.

Cottage Hospital's first baby of the new year, Holly Rose Ehrler, daughter of Mr. and Mrs. Horst Ehrler, of Monday, arrived at 7:10 a.m. Monday morning. Holly was a week overdue as she was expected on Christmas Eve. At birth, she weighed nine pounds, one ounce, and was 21 inches long. A big sister is waiting for Holly's arrival at home.

Farms Detective Chosen To Attend FBI Academy

By James J. Njain
Farms Det. Joseph Miller, a veteran of more than 22 years on the force, will start a three-month, grueling course of study at the Federal Bureau of Investigation Police Training Academy in Quantico, Va., on Monday, January 8.

He will have the distinction of being the first non-ranking police officer in the Pointe-Harper Woods area to be selected for the training course at the Academy, according to Farms Police Chief Robert Ferber.

"Another distinction," the chief pointed out, "is that once an application for training at the FBI Academy is processed, there is a normal waiting period of from six to 10 years before the appli-

Director Donald B. Coats Of Woods Public Safety Department Set to Retire

Has Served as Policeman and Fireman for 32 Years; His Resignation Ends 90 Years of Family Tradition

By Roger A. Waha
The first Woods Department of Public Safety director to advance through departmental ranks retires in mid-January after nearly 32 years on the force. Donald B. Coats, 56, who joined the department as a patrolman in June 1941, and who became director in February 1969, spends his last day at work Friday, January 12. His replacement hasn't been indicated at this time.

When Director Coats retires, a family tradition in law enforcement comes to an end. For some 90 years, a member of his family has served as a police officer or a firefighter, except for a few years from the late 1830's to 1941.

Since becoming director, he takes pride in The Woods' "outstanding" traffic record. "We are one of the top cities in the country regarding pedestrian safety," said Mr. Coats.

The Woods, for example, was presented its eighth consecutive national award for automobile safety by the Automobile Club of Michigan in August 1972. In recognition of the city's achievement of going 14 consecutive years without a pedestrian fatality, The Woods received the Award for Excellence, the second highest honor for cities in the 33rd Annual National AAA Pedestrian Safety Inventory.

Stresses Cooperation
The Youth Service Division, (YSD), also was created since Mr. Coats became director. He said the YSD was conceived, planned, nur-

citizenry. He said, "It's a cooperative and collective thing," and added, "We've had continuity from one director to another."

In his law enforcement career with The Woods, two experiences stand out in his mind. "As a firefighter in Detroit during the 1967 riots." Then a captain, Mr. Coats commanded a crew of eight or nine firefighters who tackled blazes all night long on Mack and Kercheval under trying conditions. The men not only fought the flames but harassment along the way. "It was unbelievable to see buildings burning and the sky lit up, and not having enough apparatus to work with," he said.

Awarded Medal
The other incident was when he single-handedly apprehended three armed robbers at the Colonial Federal Savings Bank, Mack avenue and Hunt Club, in 1969. Mr. Coats received a Departmental Medal of Valor for his bravery.

Police Grab Pair Toting Drugs, Guns

Officers Alerted When One Drops Pistol and It Held in Park

Hopes of area police of smashing a possible dope ring were dashed when one of two men arrested by alert Park police on Sunday December 24, refused to talk, it was disclosed by Park Lt. Gordon Duncan on Thursday, December 28.

The reluctant speaker was identified as Kevin Williams, 23, of 1961 Avery, Detroit, who was arrested by Sgt. Bobby McAllister and Patrolman David Hiller. Arrested with Williams was Ronald Taylor, 24, of 13955 Wiscasin, Detroit.

According to information released by the lieutenant, McAllister and Hiller were cruising north on Wayburn at 8:41 p.m. near Charlevoix, when they heard what sounded like a gun shot.

The policemen turned east onto Charlevoix, in time to see Williams emerging from an alley at Charlevoix, carrying a large green plastic bag. When the officers stopped to question Williams, the man started to run, just as Taylor was coming out of the alley.

Surrender to Police
The officers ordered the pair to halt, and they complied and surrendered without incident. Williams dropped the plastic bag, which the policemen confiscated. Inside, the officers said, they found seven bags, each containing one pound of marijuana, and a loaded .38 caliber revolver.

The officers searched the suspects, and in Taylor's pocket they found a loaded .32 caliber automatic pistol, from which one shot had been fired. It was disclosed that the shot heard by McAllister and Hiller was the result of Taylor accidentally dropping the firearm, which went off when it hit the ground.

Williams and Taylor were taken to the station, where Williams was charged with illegal possession of a controlled substance and carrying a concealed weapon, a felony under Michigan law. Also a felony under a State statute, is possession of a controlled substance over two ounces.

Closed for Holiday
Det. William Furtaw made a trip to the Wayne County Prosecutor's Office on Monday, December 25, only to find that the office was closed.

Memorial Plans Annual Party For Newcomers

Center's Directors, Municipal Heads and Community Leaders Will Greet New Residents on Sunday, January 14

As its annual custom the Board of Directors of Grosse Pointe War Memorial Center will welcome all members of all families moving into any of the five Grosse Pointes during the past year, promptly at 2 p.m. on Sunday, January 14.

Invitations have been sent to all new families of whom the Center's staff has knowledge through the telephone cross index, but the many they are not aware of are urged to use this article as a warm invitation to attend. Any neighbors aware of newcomers are also asked to urge them to come.

At the Center they will not only have the chance to visit the Alger Mansion and the Fries Crystal Ballroom and Auditorium, but on hand to greet them, beside the Center's directors headed by Martin Oetting, president, and his wife, will be representatives of all the different groups the Center sponsors or who use it as their home.

City Trees Acted Upon By Council

Pruning Program and Replacement of Those Lost Approved; Cost Estimated at \$4,594

By Kathy Duff
Amidst the snow and slush that covered The Pointe, Grosse Pointe City councilmen looked towards spring at their last regular council meeting held recently.

Up for discussion and action were two purchase orders for Shock Brothers: the first order details the sixth year of The City's annual tree trimming program, the second order calls for 20 new trees to beautify City streets come spring.

City has carried out an extensive trimming program on City street trees, those trees located on city rights-of-way, between the curb and sidewalk.

In order to cut costs, City DPW workers do the clean-up job after the professional landscapers have performed their minor surgery.

Cheaper in Winter
Winter was selected for the trimming program as the DPW workers are freed of their extensive summer duties of grass mowing and City park upkeep. Landscaping firms also are less pressed in the winter months and quote lower prices for work.

It takes a professional to trim trees in winter as dead branches are harder to spot without the characteristic sickly foliage.

City manager Thomas Kressbach stressed that trees in certain areas contain substantial dead wood. Dead wood constitutes not only a potential hazard to the health of the tree but also serves as a breeding place for the Dutch Elm beetle.

The tree trimming program will cost The City \$3,694. An additional \$900 has been allotted to the landscaping firm to furnish and plant 20 trees.

The trees will be provided "bare root" which cuts the price from \$65 per tree to \$45. Trees are wrapped, wilt-proofed, fertilized and guyed. In prior years, The City has

Time Remains For Blood Drive

There is still time to sign a pledge card for the Grosse Pointe Woods-American Red Cross blood donor drive Saturday, January 13, at the Woods Municipal Building, 20025 Mack avenue, from 10 a.m. to 3 p.m.

Drive objectives are to replenish the blood supply needed by Woods Mayor Kenneth R. McLeod during his recent illness and surgery, and to establish a total community program.

For further information, contact Woods Deputy City Clerk Ellie Pastor at 884-8600, extension 29.

Woods' Judge Goodrow Has Busy Court Docket

Woods Municipal Judge Don J. Goodrow had a busy day in court Wednesday, December 13, as 36 persons appeared before him. Fifty-five warrants were signed for failure to answer summons, 17 cases were dismissed after a hearing and 18 cases were adjourned.

David Higbee Seeley, 4903 Harvard, Detroit, pled guilty and was found guilty of impaired driving, and was fined \$75.

Jane Ann Leonard, 24894 Raven, East Detroit, pled guilty and was found guilty of speeding. She paid a \$35 fine.

Richard Seaton Watson, 22904 Doremus, pled guilty and was found guilty of drunkenness, and was fined \$25.

John Otis Coleman, 164 East Grand boulevard, Detroit, pled guilty and was found guilty of no license plate light, and paid a \$10 fine. He also pled guilty and was found guilty of driving on a revoked operator's license, and was fined \$100, plus three days in jail.

Stephen Blair Wollenzin, 1739 Littlestone, pled guilty and was found guilty of reckless driving. He was fined \$50.

John Anthony Salembier, 28105 Elm dale, St. Clair Shores, pled guilty and was found guilty of driving under the influence of liquor, and was fined \$100. He also pled guilty and was found guilty of impaired driving, and paid a \$100 fine.

Decision on School Tax Lambasted

Jurists Accused of Altering Issue in Political Move to Pass Buck to Legislature

By Kathy Duff
In a decision which will affect every Pointe resident, the Michigan Supreme Court ruled Friday, December 29, the use of property taxes as the basis of school financing unconstitutional.

In a 4-3 decision, the Court declared sections of the state's 1970-71 system of school financing unconstitutional in that it denies equal educational opportunity to all students. By using property taxes as the basis of school financing, the amount spent on an individual student can range from \$541 (Ironia) to \$1,103 (Grosse Pointe).

The Court did not throw out the property tax as the basis for school financing; it merely declared the formula unconstitutional. It's now up to the Michigan legislature, convening in early January 1973, to devise a more equitable system of financing state school systems. What this means to Pointers is that less of our future tax dollars will be earmarked for The Pointe School System.

Called Political Move

The close decision met with controversy as the Court was charged with making a political move to force legislative action. Some dissent came from within the Court, as Justice Thomas McMillen, who wrote the dissenting opinion, charged in an addendum: "The majority opinion is not good law. It is not even law at all.

"It is a political position paper written and timed to encourage action by the State Legislature through the threat of future court intervention."

The suit challenging the constitutionality of the present method of school financing was filed in December 1971 by Governor William Milliken and Attorney General Frank J. Kelley. Besides The Pointe, Bloomfield Hills and Dearborn were named in the suit.

The Court's decision Friday followed similar rulings in Arizona, Minnesota, Wyoming, New Jersey and Texas, which declared that support of the schools had to be based on the wealth of the whole state, not of the individual school districts. The Texas case is currently before the U. S. Supreme Court; a decision is expected by March.

Analyze Decision

Attorney for The Pointe School System, Douglas H. West, offered the following analysis of the recent Supreme Court decision. His formal report will come at the next meeting of The Pointe Board of Education on Monday night, January 8, at North High School.

Mr. West said that the result of the property tax suit, officially the Milliken vs. Green suit, was not totally unexpected, however, the reasoning used by the Court in arriving at the decision was not expected by any of the lawyers involved in the case.

The Pointe attorney defined the original legal question as follows: "By use of a special court rule, the Governor and Attorney General were able to have the Michigan Supreme Court certify a controlling question of law. This was done, and briefly summarized, the question was whether or not the present system of school financing was unconstitutional because . . . disparities of revenue produced per student discriminate against and deny substantially equal opportunity to students . . ."

Commenting on the Court's action, Mr. West said that Justice G. Mennen Williams, writer of the majority opinion, frankly agreed with the defendants' position that of all the property tax cases in the country, The Pointe's was the first where there was un-

Director Coats Set to Retire

(Continued from Page 1) sonal business, two men entered while another remained outside as lookout. They made everyone lie on the floor while they snatched \$6,900 in cash. Mr. Coats pursued the culprits, exchanged some fire with them and ultimately held them at bay until help arrived.

When asked about his most pleasant experiences with the department, Mr. Coats immediately replied, "The satisfaction of assisting people," and added "The grateful letters you receive after you realize the help you have rendered to the majority of people."

"I always try to treat people on a personal basis," he continued, "as I feel person-to-person contact is important."

Sadness Stands Out
But when asked about humorous experiences, he mentioned the moments when officers get together, but quickly grew pensive.

"You know, the sad things stand out in your mind," he

mused. Mr. Coats then related a 1943 incident when, as a patrolman, he responded to the scene of an accident. A little girl had just been killed by an ice truck on Brys drive.

"Death bothers all police officers, particularly the sudden death of children. I've seen police officers cry over such tragedies," he said.

Changing Role
The director has observed various changes in the role of the police officer since he joined the department. "There's more striving towards professionalism today. I appreciate the young officers in our department and in the other Pointe departments. They have a lot of talent."

He has seen the department expand from five men in 1941 to today's personnel total of 59.

In the same vein, Mr. Coats noted the demands of education for policemen and firemen. For example, before a man can become a Woods public safety officer, he must have two years of college.

Mr. Coats also focused upon the tensions of today's society, and mentioned the problems of youth regarding the use of drugs, and the draft. However, he quickly interjected, "The great majority of youth today are fine. They are condemned by the actions of the minority."

And he said, "The attitude towards police today hurts a dedicated officer, when he's called a 'pig' and other obscenities."

Ideal Officer

The director feels an officer's job is tougher today than when he joined the department. "The officers must be more knowledgeable in laws and in arrest procedures. He must be more knowledgeable in being able to carry out his duties. The concept of the police officer in the old days as a man of brawn is gone."

Qualities which make up the ideal police officer in the director's eyes are a "blending." "He's got to be able to communicate with the public, know how to handle people and their needs," he said.

Mr. Coats added the officer must also have good health, be able to take care of himself and, in the case of a public safety department, handle the requirements of both police work and firefighting.

Praises Support

In reflecting upon his career, the director praised the support given the department by Woods citizens and the council, and stressed his fine relationship with City Administrator Chester E. Petersen. "The citizens," he said, "want a good department and are willing to pay for it."

The director, who announced his retirement in the spring of 1972, said he has been thinking about it for the last few years. He sees his retirement as a "new challenge," and plans to enjoy those moments at his new Marine City home, near the St. Clair River. There he has renewed some relationships with retired Pointers.

While he has no definite plans as yet, Mr. Coats hopes to put some hours in his garden. But until the spring thaw, he and his wife, Helen, will travel to Arizona to spend the balance of the winter. He also plans on visiting some Woods retirees in Arizona.

Born in Detroit

Before moving to Marine City six months ago, the director lived in The Woods for 32 years. He was born in Detroit and was graduated from Southeastern High School in 1941. While taking

Selected for FBI Academy

(Continued from Page 1) "Normally, the FBI Academy would accept only ranking police officers, from lieutenants up, for training," Chief Ferber said. "Speaking for the city administration and for myself, we are extremely proud that Det. Miller has been selected to attend this distinguished academy, rated among the best in the world."

Miller, a native of Detroit, is a 1941 graduate of Detroit's Pershing High School. He is married to the former Emelia Barbara Dell of The Pointe. They are the parents of Joseph J., 19, who is majoring in aeronautic engineering at Tri-State College, Angola, Ind., and 13-year-old Christine, a student at Parcels Middle School.

Miller was appointed a probationary patrolman on the Farms force on September 16, 1950, and after completing his probationary period, was made school safety officer, a post he held for 15 years, even after being appointed to the plainclothes detail in the Detective Bureau. In 1962, he was elevated to the permanent rank of detective.

His records show that he has covered just about every phase of police training offered in colleges and universities throughout Michigan and the United States. His ambition to attend the FBI training program goes back more than 10 years.

The detective is a veteran of World War II, serving with the United States Navy from December 1942 to December 1945, and he was honorably

discharged with the petty officer rating of chief in charge of ordnance. He was in line for the rank of warrant officer when he was released from the service.

Before an applicant is accepted to participate in the FBI police training program, a complete check of his background and character and his competence as a police officer is made by FBI officials. "I find it impossible to tell you how pleased and proud I am that I have been selected to take part in this type of program," Miller said. "The fact that I am not a police officer of rank, makes this an exceptional honor that will be remembered all my life. I will do everything in my power to bring credit to the Farms Police Department and to justify the FBI's selection of me to participate in its training program. I look forward to the challenge."

He received the congratulations of City Manager Andrew Bremer, Jr., and the members of the city council, as well as his colleagues in the department.

Woods Lieutenant Has Operation

The Woods Department of Public Safety reports that Lieutenant Roland Symons is progressing satisfactorily after undergoing back surgery at St. John Hospital Wednesday, December 27. It is not known at this time when the lieutenant will be back on the job, the department added. He was admitted to St. John about three weeks ago.

Retired

Retired after over 30 years of service to the City of Grosse Pointe is Fire Sergeant SEVRYN BLISS, 58, of St. Clair avenue.

Sergeant Bliss retired officially on Friday, December 8, 1972, after joining The City's fire department in 1942. Exactly one year later, on February 16, 1943, he was named to the rank of fire fighter. He was promoted to sergeant on June 1, 1963.

"We will miss Sergeant Bliss for his loyal service to The City in our fire-fighting efforts. The men will also miss his presence at the fire station," City Fire Chief Robert J. Marshall said.

Commenting on his almost 31 years in fire fighting, Sergeant Bliss recalled his first day on the job in 1942.

"I had just joined the department, and hadn't even been issued my coat and boots, when we were called to a fire at Lakeland and St. Paul avenues. It turned out to be a two-alarm fire. Being a rookie, I wondered if all fires were going to be this way," Sergeant Bliss said.

The retired sergeant plans to spend his time traveling with his wife, Florence, and enjoying his five grandchildren. He has three children, Beverly (Mrs. Lee Piemont), Herman, and James, a police officer in St. Clair Shores. His mother, Mrs. Monica Bliss, lives next door in St. Clair avenue.

B-E Suspect Held for Trial

William B. Woodard, 19, of 2776 Williams, Detroit, 19, was bound over for trial in Circuit Court by Park Municipal Judge William E. Spear on Wednesday, December 27, following an examination hearing. The youth was remanded to the Wayne County Jail in default of \$5,000 bond, which was continued.

Woodard is accused of breaking into a home at 1050 Kensington in the day time. Evidence tied the youth to the breakin.

Two other suspects, arrested with Woodard on December 15, were released when no evidence could be found to connect them with the burglary. One of the suspects was a close relative of Woodard.

The Park has had six daytime burglaries and the Farms, three, but there was nothing that could point to the released duo being involved, authorities from both cities said.

Park police said that Woodard, and three companions in his car were stopped by Detroit authorities on December 7, and on the front seat of Woodard's car was a pair of antique dueling pistols stolen from the home of Anthony Bagnasco, 712 Berkshire, on November 30.

It was on Friday, December 15, when Woodard ran a stop street at 2:26 p.m., at South Oxford and Morning-side, traveling through at 30 miles an hour. In the car with the young man was his relative and another male.

Woodard's description to the vehicle of one seen at several of the burglaries in the Park and Farms. A call for help by Woods officers brought Farms police to the arrest scene.

A warrant was obtained permitting a search of Woodard's auto and police found a number of pieces of jewelry taken from the Kensington address in the Park. The woman owner identified the items as belong to her.

Credited with spotting and stopping the car driven by Woodard following the traffic violation, was Woods Public Safety Officer James Fowler.

While writing up a violation ticket for the traffic offense, Fowler heard a radio broadcast, asking for a description of the stopped car. The officer radioed the description, which matched that of the car seen at the breakins in the Park. Park police asked that the suspects be held for questioning.

On the basis of the evidence against Woodard, he was the only one that could be held.

Girl Reports Exhibitionist

Another case of indecent exposure was reported to the Woods Department of Public Safety. This is the fourth case recorded within an 11-day period. Two cases were reported Sunday evening, December 17, a third on Friday, December 22, plus the latest case Thursday, December 28.

In this case, a 13-year-old Woods girl told Public Safety Officer Russell Allard while walking west on Aline drive near Mack avenue a white male, about 14- or 15-years-old, walked towards her, stopped and exposed himself. He then ran through a parking lot at the rear of Schweitzer Real Estate Inc., 21300 Mack. Police searched the area but were unable to locate the youth.

The culprit was described as having medium length dark hair, and was wearing a dark jacket and white pants.

Attack Supreme Court School Decision

(Continued from Page 1)
 rebutted evidence presented which destroyed the plaintiff's assumption that the quality of a child's education is a function of the wealth of the school district in which the student resides.

In laymen's terms, The Pointe, (along with the other two school districts), proved that the quality of a child's education was not proportional to how much money was spent on each student. It was the first property tax case in the country where the defendant won. If the original constitutional question before the Court had not been altered, then the three school systems would have won the case.

Issue Was Altered
 However, the Court did alter the issue by bringing the system of school revenue under constitutional scrutiny, rather than the mere question of whether a child's education was a function of school budgets.

The shift in constitutional questions incensed Board President William F. Huettnerman who stated, "It is a case where we won the law suit. However, the Court didn't like the result, so they changed the law suit. It's the kind of thing you would expect out of politicians and not jurists," Mr. West said, "Justice

Williams stated that it was no longer necessary to consider the 'brood philosophical question' which they had originally framed, but that they would turn to a new 'much narrower and objective question' of whether 'inequality in the maintenance and support' of the schools is unconstitutional.

"The Court turned from the original theory of whether disparities in property values among school districts resulted in unequal education of the children, to the simplistic approach of whether or not a system which results in unequal dollars being spent among districts is per se unconstitutional, (irrespective of the relationship of the dollars to a student's educational opportunity).

A Different Challenge
 "This was not the constitutional challenge which the Grosse Pointe, Dearborn and Bloomfield school districts were called upon to defend," Mr. West said.

Justice Williams wrote in the decision, "In the very excellent briefs of the Defendants, they persuasively produced data from the Michigan Department of Education's Educational Assessment Program relative to the lack of direct relationship of school district wealth to educational achievement."

However, the attorneys' arguments were thrown out as no longer apropos when the constitutional question was enlarged to attack the system of school financing itself.

Mr. West said, "Some of us find the logic of Justice Williams' statement somewhat elusive," and mentioned the dissenting Justice Brennan's condemning comments.

The effect of the Court's majority decision is difficult to assess as the Court merely attempted to describe a constitutionally permissible system of school financing.

Court Passes Buck
 The Court made clear its intention of passing the buck to the Michigan legislature by stating that it will stand ready to entertain "... a petition (from the legislature) to test the new combined public school financing system."

The combined public school financing system is, as most Pointers know, a combination of local property taxes and state aid. In an effort to equalize school budgets, state aid is higher in the districts with lower property values. Each time The Pointe has a property reassessment, and property values are adjusted upwards, state aid drops.

In regard to future action on the case, Mr. West said that although further appeals through the Federal Court

system are not out of the question, undoubtedly the case will be filed in the Michigan Supreme Court. The make-up of the Court will change as two new judges, Mary Coleman and Charles Levin, will be taking office. The two judges leaving the Court voted with the majority on the property tax question.

"We are hopeful that with the assistance of the new members of the Court, at least we will obtain a clarification of the Court's opinion. Upon more careful consideration of the opinion written by Justice Williams, we hope that there will be a return to the issues upon which the original case was litigated."

Thieves Enter Woods Homes

Three breaking and enterings were reported to the Woods Department of Public Safety, one each on Sunday, December 24, Monday, December 25, and Tuesday, December 26.

On the 24th, John Hyde, 1882 Fleetwood road, told Public Safety Officer Patrick McMath he left home around 4:30 p.m. and returned about 10:25 p.m. to discover the burglary.

At this time, Mr Hyde feels nothing was taken. Police said two bedrooms were ransacked, and four candy wrappers were found on the living room floor. The culprits apparently took the candy from a kitchen pantry. Entry was gained through a storm door to the rear porch, and then into the home by breaking a door window.

The following day burglars entered Hand in an Shop Lumber, 19650 Harper, with the owner reporting approximately \$10 in change missing at this time.

Public Safety Officer Paul Crook, upon investigation, observed that the front door had been apparently kicked open. A cash drawer and some change were spotted on the floor. In the office proper, a desk and files were ransacked, police said. A wash-room door also was kicked open.

Then on the 26th, Richard H. Walworth, 1930 Fleetwood, told Public Safety Officer Russell Allard his house was burglarized. Mr. Walworth said all he could find missing at this time was an RCA 14-inch television set, valued at \$375.

He told police he left home Friday, December 23, and returned the afternoon of the 26th to discover the breaking and entering. The thieves apparently entered by breaking a pane of glass in the rear door.

The detective bureau is investigating all three cases.

Act Upon City Trees

(Continued from Page 1)
 planted, balled and burlapped trees, but City councilmen agreed with Mr. Kresbach that bare root trees were worth a try considering the \$20 savings.

Locations Picked
 The new trees are planned for locations on Cadieux, Notre Dame, St. Clair, Nott, University, Lakeland, Kercheval, Fisher, Rivard and Washington roads. The trees selected are six Sugar Maples, a Norway Maple, a Majestic Locust, two English Oaks and 10 Linden trees.

The new trees will replace those lost in 1972 due to Dutch Elm disease, storm damage and other causes.

The locations and type of trees suggested for planting were selected for their hardy nature and to provide an aesthetic balance with the existing trees.

The City has trimmed 1,966 trees during the six years of its program. The price quoted for trimming is \$14 per tree, except in Cadieux road where the trees

need more attention and have been assessed at \$30 per tree.

Williams and Taylor were arraigned before Park Municipal Judge William E. Speer later that Tuesday afternoon, and bond was set for \$10,000 for Williams and \$5,000 for Taylor. Examination was set for yesterday, January 3.

Woods Doctor's Office Entered

Someone broke into a doctor's office in Mack avenue sometime between 4:30 p.m. Saturday, December 30, and 12 noon Sunday, December 31.

Dr. John E. Moran, 19467 Mack, told Woods Public Safety Officer James Fowler he found nothing missing at this time.

Police said the culprits entered through the front door as the door and jamb have three gouges, possibly made by a screwdriver, at the strike plate. They apparently exited through the back door. The office interior was not ransacked.

Accuse Motorist As Hit-Run Driver

A Farms resident, suspected of being the hit-and-run driver who ran into a woman's car and injured the woman on Wednesday, December 13, was issued a violation ticket at his home. He is formally charged with leaving the scene of a personal injury accident.

Farms authorities identified the suspect as being Frederick W. Hughes, 54, of 37 Kerby road, who is alleged to have struck an auto driven by Mrs. Dolores May Vanderbusche of 290 Mt. Vernon.

After she was struck, Mrs. Vanderbusche lost control of her vehicle, which went over the curb at Grosse Pointe boulevard and Hendrie lane, causing damage to her car, and private and public property. The woman's car ended up on the front lawn of 42 Hendrie lane.

Mrs. Vanderbusche suffered severe whiplash pains to her neck and muscles, according to an accident report. She was treated by her personal physician at St. John Hospital.

Patrolman Timothy Morrison, who was dispatched to the scene of the accident, said he arrived to find the woman and her 1963 Plymouth Valiant on the lawn. Her 10-year-old daughter, Kim, who was seated next to her in the vehicle, was not injured.

She said she pulled up in front of the stopped auto to investigate and to see if the person needed assistance. As she got in front, Mrs. Vanderbusche said, the man straightened up, stepped on the gas pedal and slammed into the rear of her car, causing her to lose control.

The woman's car went over the curb at the corner, knocking down a street sign at Hendrie and the boulevard, causing minor damage to the wall, then continued on, knocking down a stop sign and a pole at the intersection and came to a stop on the lawn.

Her vehicle was not drivable and had to be towed from the scene to a service station. She told Officer Morrison that she could identify the driver of the other car, who had driven away in an erratic manner. She said after the impact, the motorist drove around her and proceeded east on the boulevard, going from curb to curb, and then disappeared.

A witness to the accident told Morrison the same story about what had taken place, as that related by the accident victim.

A general broadcast to be on the lookout for the accident driver failed to produce

any results. However, Patrolman Gordon Evans recalled that he had had contact with a person owning a 1973 Thunderbird, and who resides at 37 Kerby road.

Cpl. Otto Glanert and Morrison went to that address, and looked into the garage on the property, and saw a car fitting the description of the one that had hit Mrs. Vanderbusche. The front end of the vehicle was damaged.

The police officers took pictures of the automobile, after which they rang the front door bell of the house. The policemen said that Hughes, himself, answered. There was a strong odor of alcohol on the man's breath, the officers added.

They advised Hughes of his rights, after placing him under arrest. Hughes signed the rights, but refused to make a statement, claiming he did not remember where he had gone, or if he had driven the hit-run car.

Glanert and Morrison said that because of Hughes' condition, he was not taken to the station, but was issued a violation ticket on the spot. Hughes was released to the custody of a relative who had been called to the house.

Hughes is scheduled to appear before Farms Municipal Judge Robert Pytell on Wednesday, January 10.

Interest in TM Brings Course to Center

The interest of Pointe's in Transcendental Meditation, (TM), and the Science of Creative Intelligence, (SCI), as taught by Maharishi Mahesh Yogi, has warranted a monthly course in TM at the War Memorial.

Pointe resident TM teachers attribute increasing local participation to the practical benefits experienced by those

practicing TM. "TM is a simple, natural, effortless process of quickly establishing a bodily state of extremely deep rest, which allows accumulated stress and tension to dissolve," said instructor Tom Miller. "The individual spontaneously begins to enjoy and display more of his potential creativity in daily living."

Andree Leonard, GP coordinator for the International Meditation Society, notes, "Pointers especially are quick to recognize the value of TM in maintaining the high quality of life established in this community. In order to maintain positive values in this fast-paced world, it is necessary to become more creative day-by-day."

"Just 15-20 minutes of TM in the morning and again in the afternoon provides a solid foundation of rest and clear

mindedness as a preparation for dynamic productive activity," she added.

The introductory lecture for the January course will be held Thursday, January 11, at 1:30 and again at 8 p.m. The guest speaker will be Lewis Leonard of Maharishi's Executive Council. His topic is "Transcendental Meditation; the Practical Application of the Science of Creative Intelligence."

Then the preparatory lecture will be held Thursday, January 18, at 1:30 and 8 p.m. These informative lectures are complimentary and all are welcome to attend. The first day of instruction for the January course is Saturday, January 20. Three more sessions follow.

BUYING A SECURITY SYSTEM?

When you buy an apartment at

The Jefferson Apartments

Grosse Pointe's newest condominium . . . you get not one, but a network of the most modern security systems to guard you, your home and your possessions.

A CLOSED TV MONITORING SYSTEM covers the entrance, outside parking areas and inside garage. The caller can be viewed from a selected channel on the owner's TV set in each apartment. The doorman and manager's office views the same areas.

THE ENTRY COMMUNICATIONS SYSTEM is a new system conceived and engineered by Michigan Bell Telephone Company. Using a touchtone panel telephone in the lobby, the caller dials the owner's apartment. This enables each party to have a private conversation. During the time the caller is in the entrance vestibule, he is under surveillance by the concealed TV camera.

AN ON-GUARD ALERT SYSTEM features a control panel in the manager's apartment and the attendant's office. This notifies of any intrusion into any apartment when the occupants are away. The doorman or manager controls the system by activating the apartment's security supervision at the request of the owner.

THE FIRE PROTECTION ALERT SYSTEM gives added protection to all occupants of the building and will insure notification of each individual occupant of a fire in an unoccupied apartment.

Further elements of security are the uniformed doorman-attendant and resident caretakers.

Besides security, you also get really gracious living. Here is a typical spacious floor plan of an apartment home which features 9 foot ceilings, individual heating and cooling, top of the line G. E. kitchen with an icemaker and a washer-dryer. A wet bar is conveniently located for entertaining. Insulated walls, floors, plumbing and windows insure maximum quiet. Natural fireplaces, naturally.

There are three separate elevators and approximately a thousand square feet of private storage. Exterior maintenance, gardening and snow removal are arranged. The Jefferson Apartments is an adult community. Residents are home owners and enjoy tax deductions and the investment security of being a property owner and equity advantages.

The Jefferson Apartments is located 2 blocks from a beautiful park with boat slips, 3 blocks from Grosse Pointe Village shopping, 20 minutes from downtown Detroit by bus.

Don't worry about selling your home. Visit us and learn of our new trade-in program for your home, and our new pricing policy.

The model apartment is open 12 to 5 daily except Wednesday. Enter on Neff or St. Clair Roads.

Church Plans 2nd Lovefeast

The second Moravian Lovefeast will be held at the Grosse Pointe Memorial Church, 16 Lake Shore road, on Sunday, January 7, at the 11:15 a.m. service.

The early Christians originated the practice of eating a simple meal together in a worship service. They named this custom an 'Agape' service from the Greek word meaning 'God's Love'. In 1727, the Moravian Church of Germany revived this practice for use on church festival days and the simple meal became known as a "lovefeast".

Using the second great commandment, "Thou Shalt Love Thy Neighbor as Thyself," the emphasis is placed on the brotherhood of man and should not be confused with the Sacrament of Holy Communion.

The service will be comprised of hymn-singing, Moravian Chorales, Early American Moravian Anthems and music by the Festival and Brass Choirs.

Participants in the Lovefeast include: Pastors Ray H. Kiely, John L. McCreight, Eugene T. Locke; organist and choirmaster, Malcolm Johns; co-ordinator and di-

rector of Festival Choir, Marian Johns; administrative director, Gust Jahnke; servers chairman Mr. and Mrs. William Boyd and Mrs. Leo Cowling; refreshments, Mrs. Trude Gaenssle, Mrs. Viola Schuber and Tim LaChapelle; and director of Brass Choir: Mrs. Bettejane Croesen.

The Lovefeast will be served by couples from the congregation to the church family seated in the pews. Child care is provided.

One View From The Capitol By William R. Bryant, Jr.

Happy New Year to all. The legislature soon starts a new term with many new faces, new ideas and approaches and the happy and healthy zeal of all freshman legislators. There is a real need for legislators, like teammates or members of boards of directors or company executives, to know each other and to be able to communicate.

What Goes On at Your Library

By Virginia Leonard

Guest Columnist: William T. Peters, Assistant Director 'Give 'em Hell' Harry is dead. The 33d president of the United States died on December 26, 1972.

President Nixon hailed Mr. Truman as "a man of vision and guts". Indeed, during the almost eight years that Truman served as President, uncommon courage was required of a common man.

In 1955 and 1956 MEMOIRS, by Harry S. Truman, were published. In the preface to the two volume 1,200 page work Truman explained his purpose in writing it in this way: "I should like to record before it is too late, as much of the story of my occupancy of the White House as I am able to tell."

Volume One, MEMOIRS: Year of Decisions covers the period from his first taking office through the fall of 1946. An autobiography is by its very nature a plea for the defense, an act of self-justification. No author can completely escape this fault but Mr. Truman comes close. His writing is direct with few subtleties.

Volume Two, MEMOIRS: Years of Trial and Hope covers 1946 to 1952. This volume, like the first, is highly documented and carefully written. All those who lived through the Truman years will long remember the 1948 presidential campaign, when the late Thomas E. Dewey opposed President Truman. The Democratic campaign started in Cadillac Square, (now Kennedy Square), when Truman addressed a Labor Day crowd of 100,000 on September 6, 1948.

For historians, a careful reading of MEMOIRS by Harry S. Truman is a must; for the average reader with an interest in history it is worthwhile and quite easy reading.

Cinema League Meets Jan. 11

Scientist and inventor Bert Prisk's "Spare Parts for the Human Body" will be presented at the Grosse Pointe Cinema League's Thursday, January 11, program. The activities begin at 8 p.m. at the Alger House.

Mr. Prisk's presentation utilizes films and slides in discussing three of the current devices being developed for heart research.

Occasionally a vital part of the human body may fail. The medical profession, with the aid of the engineering profession, is making an attempt to supply viable spare parts for practically every major organ or working part.

The transplantation of a donor heart or artificial heart has received considerable publicity in the past several years. Without the development of the heart bypass pump by General Motors Research back in the early 1950's, no repair or replacement of the heart would be possible, it is reported.

Boat Handling Course Offered

Safe handling of all types of boats, especially the small family outboard, is emphasized in a free boating instruction course being offered by the Grosse Pointe Power Squadron.

The 10-week course begins Monday, January 22, at 7:30 p.m. in North High School, 707 Vernier road. Registration, open to interested men, women and older teens, will take place opening night. It is not necessary to be a boat owner.

Aimed to teach the minimal knowledge required for safe boating, the course will increase the boater's confidence, according to Fred Berger, commander of the power squadron. "It will lay a basic foundation for the building of boating skills by further study, application and experience," he added.

The classes cover such subjects as boat handling under normal and adverse conditions, seamanship and common emergencies, rules of the road, aids to navigation, compass and chart familiarization, running lights and equipment, boat trailering and river boating.

"Any skipper who takes a boat out on the water is responsible for the safety of himself and his passengers. Without the proper knowledge of the rules of the road, safety equipment or aids to navigation, he is placing them in jeopardy," the commander said. "With the information gained from this free instruction, a skipper can have his boat properly equipped and be able to cope with the many situations he may face on the water."

The Pointe Power Squadron is a unit of the United States Power Squadrons, largest volunteer educational organization for boatmen in the world. Its members are men dedicated to promote safety in boating through education, and they donate their time to this service. There are more than 400 squadrons in the United States, with nearly 85,000 members.

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

Once upon a time, not so very long ago—five years, to be exact—a group of Harper Hospital Auxilian volunteer women decided to pledge the sum of \$118,000 toward the Building Fund of Harper's new Webber Addition.

Specifically, they wanted their money to go to the new Intensive Care Unit.

"Fine," said Harper. "Grand. You give us the funds, and we'll give you the finest new Intensive Care Unit in the finest new medical facility Detroit has ever seen."

The ladies went to work. There are a thousand and one ways to raise money for charity, from fashion shows to rummage sales, do-your-own-thing projects to dinner benefits. The ladies tried them all.

And all were successful, but none more successful, OR more fun!, than an auction-dinner evening at the Grosse Pointe Yacht Club.

When's you've found a good thing, and the good thing's proved its worth, what's wrong with a reprise?

The second Harper-Webber Fund Dinner Auction will be held Saturday, January 20, starting at 5 o'clock, at the GPYC. Tickets are \$15 per person.

Lawrence DuMouchelle will be knocking down items to the highest bidders. Among goods going on the blocks will be needlepoint and paintings, cut glass and crystal, elegant service plates, a sailboat and trailer, a stereo tape deck, two weeks' use of a Dodge camper, a week at a ski lodge, box seats

All Points Residents, With or Without Promenade Experience, Invited to Participate at Monteith School 'Party'

For the 11th consecutive year the Grosse Pointe Council of Square Dance Clubs will offer a free, January dance for novice square dance couples, as well as those who have had square dance experience.

Couples with no previous experience have found it very easy to follow local caller Wes Rea, whose reputation as a skilled teacher is well-deserved.

Each call is explained before the music starts — and

new dancers are amazed at their success!

The Grosse Pointe Public Schools' Department of Community Services traditionally joins hands with the Council of Square Dance Clubs to co-sponsor this activity.

This is a telephone.

It's also how to make yourself feel positively reborn. All you do is lift the receiver, dial the number directly below and say I'd like to make an appointment for a new me. Which, this spring, could involve any number of pretty things. Like deciding to be a redhead for once in your life. Or wearing curls again. Or going from short to shorter. If you've been toying with a change and hesitating and toying and hesitating — c'mon. Spring is here and we're just a ting-a-ling away.

Ciani To Debut With Symphony

Resuming its regular schedule of concerts after the holiday break, the Detroit Symphony Orchestra offers two programs featuring 30-year-old Italian pianist Dino Ciani tonight and Saturday, January 4 and 6, in Ford Auditorium.

Music Director and Conductor Sixten Ehrling returns to the podium for the 8:30 o'clock performances.

Ciani, another of the many exciting young talents being introduced to Detroit concertgoers this season, makes his debut here performing Serge Prokofiev's Piano Concerto No. 5.

The composition is appearing for the first time on a Detroit Symphony program.

The brilliant young Italian virtuoso, on his first American concert tour, has scored a number of international successes. Described as "Chopin reborn" by the Musical Times after his prize-winning performance at the prestigious Liszt-Bartok Competition in Budapest, he has been featured on European television in a series entitled "The Great Interpreters."

He is scheduled to debut with the London Philharmonic this April.

Sixten Ehrling and the Orchestra will present the Detroit premiere of Miklos Rozsa's "Overture to a Symphony Concert," written in the aftermath of the 1956 Hungarian uprising. Richard Strauss' "Symphonia Domestica" completes the program.

Tickets for the concerts are

Her father, James J. O'Hare, Jr., was best man for his brother. They are the sons of Mr. and Mrs. James J. O'Hare, of West Lebanon, N.H.

In the usher corps were T. Alexander Barber, of Boulder, Colo., Charles Edwards, of Des Moines, Iowa, John Minicucci, of Naugatuck, Conn., and Denne, Milton, Jr., and Paul Osgood, the bride's brothers.

Mrs. Osgood chose a long gown of beige peau de soie, accented with a rhinestone buckle and buttons, for the late afternoon double ring ceremony. Cymbidium orchids formed her corsage.

The bridegroom's mother selected a soft grey dress and jacket ensemble, long-skirted and tied with satin at her neckline, matching her satin cuffs, with rhinestone buttons and a cymbidium orchid corsage.

Coming from Hartford, Conn., for the wedding were the bridegroom's grandmother, Mrs. Alexander W. Creedon, and his uncles and aunts, Mr. and Mrs. Alexander W. Creedon, Jr., and Mrs. John D. Creedon and Mr. and Mrs. Edward L. Smith.

Mr. and Mrs. Walter M. Denne came from Old Saybrook, Conn., for their niece's wedding.

Other out-of-town guests included the bride's great-uncle and aunt, Mr. and Mrs. T. Passmore Dickinson, of Georgetown, O., and Mrs. Donald McBride, the bride's sorority sister, and Mr. McBride, of Albuquerque, N.M.

Mrs. Nicholas C. O'Hare

Married Saturday, December 30, in Christ Episcopal Church to Mr. O'Hare, son of the James J. O'Hares, of West Lebanon, N.H., was CYNTHIA SUE OSGOOD, daughter of the Milton B. Osgoods, who moved recently from Windmill Pointe drive to Harsens Island.

Mr. and Mrs. Robert L. Kaiser, of Merriweather road, are announcing the engagement of their daughter, MARY ELIZABETH, to Frederick Gregory Hughes, son of Mr. and Mrs. Frederick W. Hughes, of Kerby road.

Both the bride-elect and her fiancé were graduated from Grosse Pointe South High School. Betsy attended Central Michigan University. Greg is a senior at Central Michigan, enrolled in the School of Business Administration.

A June wedding is planned.

June Bride

Mr. and Mrs. Robert G. Connors, of Berkshire road, have announced the engagement of their daughter, CATHERINE ANN, to Robert E. Gotfredson, son of Mr. and Mrs. Robert L. Gotfredson, of Grosse Pointe boulevard.

They plan a June wedding, in the Grosse Pointe Academy Chapel.

The bride-elect, a graduate of the Academy of the Sacred Heart, attended the University of Colorado, Boulder, and Maryville College of the Sacred Heart, St. Louis, Mo.

Her fiancé, an Austin Prep School alumnus, attended Oakland Community College and the University of Detroit.

April Bride

Mr. and Mrs. George Howell, of Blairmoor court, are announcing the engagement of their daughter, Patricia, to Richard B. Stander, son of Mr. and Mrs. Mel Stander, of Washington road.

The bride-elect, a graduate of Eastern Michigan University, teaches at Dondero High School, Royal Oak. Her fiancé, a graduate of Detroit Institute of Technology, is employed as a staff director by the United Foundation.

An April 13 wedding is planned.

Clark Women's Club Meets This Monday

Clark Women's Club will gather at Christ Methodist Church next Monday, January 8, at 1 o'clock, for a tea and social hour, followed by a business meeting and program, featuring a talk and films, by Esther Peters.

THOMAS SCHWANTZ, of North Oxford road, received a Bachelor of Science degree in Business Administration, and CATHERINE GRAEF, of Roslyn road, received an Associate degree in Business during mid-year commencement ceremonies at Northern Michigan University.

St. Michael's Meeting Set

The Women of Saint Michael's Episcopal Church have scheduled their winter luncheon meeting for next Tuesday, January 9.

Following luncheon, Dr. Harold H. McConnell, Jr., pastor of Lake Shore Presbyterian Church, St. Clair Shores, will speak on "Evangelism and the Participating Person."

In the six years he has been Lake Shore Presbyterian's pastor, Dr. McConnell, who received his Bachelor of Arts degree in Political Science from Monmouth College, has implemented many ways of reaching into the community to help his congregation grow and to serve others.

He received his Bachelor of Divinity degree from Pittsburgh Seminary, and his Doctor of Divinity from Monmouth College, in 1964. He served as a chaplain in the Armed Forces and holds the rank of lieutenant colonel in the Army Reserves.

He is married and has four sons, the eldest of whom is presently studying for the ministry. Apparently, it runs in the family: Dr. McConnell is the son of a minister.

The Women of Saint Michael's have just celebrated their Church's 25th anniversary. They have contributed, during those years, toward the growth of the Church and to missions in the local community and abroad.

Mrs. Robert Murphy is the Episcopal Church Women's current president. Mrs. Henry Van Eckoute is chairman of the committee responsible for Mutual Responsibility and Interdependence in the Body of Christ, which determines the group's thrust into the community.

Next Tuesday's luncheon will be prepared and served by St. Agnes and St. Anne's Guilds, under the chairmanship of Mrs. Donald Burton and Mrs. Stanley Meloche.

All are welcome at the luncheon and meeting. The day begins with the Eucharist at 11 o'clock, followed by

an 11:30 o'clock business meeting, luncheon at 12:30 and Dr. McConnell's talk at 1 o'clock.

Nursery arrangements and luncheon reservations may be made through the Church Office, TUxedo 4-8820.

They will make their home in Tucson, Ariz., where Dr. Peterson has his dental practice.

Gretchen chose a princess style wedding gown, of white double knit wool, accented with beading at her neck, bodice and sleeves. Her Chapel length illusion veil fell from a beaded crown.

She carried a traditional

Christmas bouquet of holly, ivy and red and white roses, as did her sister and only attendant, Mrs. T. Bruce Fox, whose floor length frock was fashioned of kelly green wool.

T. Bruce Fox acted as best man.

The mother of the bride wore a long, lavender wool gown, the bridegroom's mother a long gown of mauve silk.

The cocktail-and-buffet fete hosted by the REUBEN M. WATERMANS, of McKinley place, Sunday combined the celebration of New Year's Eve with toasts to Mr. Waterman's birthday.

Barbara was attended by her sister, Laura DuPont, and Allan Baupre acted as best man for his brother.

The rites were followed by a reception in Green Bay, with members of both families attending.

MRS. NEVILLE M. PACK, OF SOUTH OXFORD ROAD

By Janet Mueller

French cuisine can be exquisite, sacher torte superb, but when I get to heaven, I hope they're serving egg rolls.

First question, and Beverly Pack had me in the palm of her hand.

"I understand," said I, (my sister told me), "that in order to cook Chinese food correctly, you have to have a wok."

"Not at all," said Beverly. "It's nice to have one, but you can work with an electric frying pan."

So much for you, smart sister!

A wok (pronounced "walk") is a thin, wide-brimmed metal basin, tapering to a curve at the bottom.

Impressive Background There's more, of course, to this lady than woks and wonton and powdered ginger.

She's the wife of a Chrysler Corporation executive, mother of three boys: Michael, 12, at Parcels; Stuart, 11, at Barnes; and Stephen, 6, a Star of the Sea first grader.

She has a degree from the University of Michigan in Architecture and Design.

She spent a year in Manhattan after graduation from college, working as an electrical draftsman and living in an apartment with four Tri-Delta sorority sisters.

"It was a great experience; I'm certainly glad I did it."

But she couldn't take the starvation. She came home to Detroit, and a job at the General Motors Tech Center, doing engineering illustrations and "government work."

Not Really Settled She settled down at home. Well... maybe "settled down" isn't exactly the right phrase.

Let's say Beverly shifted her base of operations. She's a member of the Detroit Institute of Arts Founders Society and the Junior Women's Association for the Detroit Symphony Orchestra.

She's just completed a two-year term as president of the Grosse Pointe Delta Delta Delta Alumnae.

She paints and refinishes furniture. A special favorite is the armoire in the family room, with its Tyrolese/Pennsylvania Dutch bird and tulip motifs.

"We built the family room about three years ago, and we started to furnish it with 'junk'." The Packs picked up pieces here and there, stripped and refinished them.

"We needed a closet. I wanted something sort of

Austrian, and I couldn't find what I wanted."

Took Five Months She found the armoire, old, battered and plain. She went to work on it.

"It took me about five months, including thinking about it—that's the hardest part. Organizing the design, imagining the colors."

The result is delightful. Unique. Highly personal. It suits the family room, and the family room suits the family.

Beverly Pack does her own oil paintings, too, "but only when we move into a new house."

Painting, she maintains, demands a lot of time, and what with a husband, three sons and a cat named Smokey, who jiggles the chain on the back door when she wants out, ("That," say I, "is a very smart cat!") "Uh-uh-uh."

Well," says Beverly, "frankly, it's her ONLY 'trick'," and what with Chinese cooking and taking care of Tri-Delta business, and what with everything else that keeps turning up, time is something Beverly doesn't have a lot of.

Time Is Precious Fifteen minutes here, maybe, fifteen minutes there.

A several-hour stretch is much harder to come by. Unless she has the inspiration of empty walls.

"I'm a firm believer in 'If you can do it yourself, do it.'" The Packs, just "in" in South Oxford road, were rummaging through a store, and Mr. Pack found two picture frames he liked.

"Here," he said. "Go fill them."

Beverly did. One, containing a lovely, quiet landscape, a lady in a field, hangs over their living room sofa now. That wall's taken care of... and so are all the other walls.

Beverly Pack can rest on her artist's laurels for a while.

Make Own Clothes She custom-designs and handpains "house purses," makes all her own clothes, sails, and is addicted to tennis lessons.

She helps friends with decorating, when asked.

She's asked a lot. She's just completed her first four-lesson course in Chinese Cooking, at the Grosse Pointe War Memorial.

A few years ago, Beverly Pack had never had a Chinese meal, never eaten in a Chinese restaurant. Then a friend gave her a recipe for chop suey.

She cooked it, served it to her family, and drew raves from a boy who was visiting for dinner that evening.

"We built the family room about three years ago, and we started to furnish it with 'junk'." The Packs picked up pieces here and there, stripped and refinished them.

"We needed a closet. I wanted something sort of

home. We can service all your needs, prescriptions, medications, walkers, wheelchairs, hospital dressings, incontinence pads, catheters. We have them all. We will charge and deliver. Let us help you. It's a difficult job... A. J. Meyer, Inc., 16361 Mack Avenue.

Pair To Be Married

Dr. and Mrs. Felix P. Abaldo, of Canterbury road, announced the engagement of their daughter, ANGELA to JAY J. REYNOLDS, III, son of Mr. and Mrs. Jay J. Reynolds, II, of Chicago, at a family party at the Abaldo home Sunday, December 17.

Short and to The Pointe

(Continued from Page 9)

JAMES P. BRENNAN, son of the JOSEPH E. BRENNAN, of Norwood drive, has passed the State Bar Examination and been admitted to the practice of law by The Honorable WALTER P. CYNAR, Presiding Judge of Macomb County Circuit Court.

A ladle, (for the right hand), and spoon, (for the left), are her wok utensils. She tosses the ingredients, rather like a salad, as she cooks.

For a long time, Beverly Pack experimented in her own kitchen, cooked for her own family and friends, did her own thing.

"We all have to cook. I just got so fed up doing the same kind of cooking."

"There's really an art to Chinese cooking. Food is not only supposed to taste good; it's supposed to smell good, and look pretty."

Then the Pointe Tri-Deltas, under Beverly's presidency, determined to find a new, personal philanthropic project, supplement to their traditional scholarship fund.

They found two: The American Indian, and the Mongoloid Achievement Foundation, run by a woman in Birmingham who takes Mongoloid children and trains them to the limits of their capacity.

Greater limits than a had previously been imagined possible.

The woman came to talk to the Tri-Deltas in The Pointe, and Beverly, stunned by what one lady was doing, asked, after the lecture, what funds were available to the Mongoloid Achievement Foundation.

"I have," said the lady, "\$11.32 in the bank."

That did it. Beverly Pack had to do something. Personally.

She assessed her talents. Other people could paint. Other people could sew.

"There is," thought Beverly, "only one thing I know how to do that somebody else doesn't."

She organized a Chinese Cooking Demonstration, charged \$2 per person admission, and raised \$74 for the Mongoloid Achievement Foundation.

Had 20 Students Twenty students took Beverly Pack's first Chinese Cooking Course at the Grosse Pointe War Memorial last October. She's planning a second course, identical to the first, this spring.

It's a cram course, designed to provide the basics. Beverly, at the point now where she can go anywhere, have a Chinese meal and come home and duplicate it, believes the basics, and a willingness to experiment, are all one needs.

She doesn't teach chop

wedding anniversary Saturday, December 30, at a reception, given by their son-in-law and daughter, MR. and MRS. CARL M. FROMM, at the Gabriel Richard Knights of Columbus Hall, following a 5 o'clock mass at Saint Paul's-on-the-Lakeshore during which a special blessing was conferred upon the Golden Wedding pair.

Carl's Corner

MR. and MRS. REMY VANDER ROOST, of Kerby road, celebrated their 50th

suey or chow mein. Her menu features authentic Chinese cuisine, the things that go over best in a Chinese restaurant.

Steak kow, for instance, or moo goo gai pan. She teaches the different ways of coating food prior to cooking—and how to grow your own bean sprouts, (it only takes five days: Just stick them under a cloth in a warm, moist spot, like a kitchen closet—and tell the kids to leave them alone!)

She teaches how to make a mean egg roll. Mean egg rolls are not that easy to come by.

But when you get one... it's heaven!
