Thursday, May 3
JOHN B. CONNALLY, former treasury secretary and governor of Texas, announced Wednesday he had joined the Republican Party, after claiming the Democratic Party had moved too far to the left. Although there was speculation that Connally could be a possible contender for the 1976 Presidential nomination, Connally said he was not seeking any office, political or appointive. Connally headed the "Democrats for Nixon" group during the election campaign last year.

Friday, May 4
PRESIDENT NIXON said, in a State of the World report sent to Congress, the United States would not interfere if North Vietnam seeks to dominate Indochina by peaceful means. However, he did cite that North Vietnam had disregarded the terms of the Vietnam peace treaty and the United States would not tolerate the violations. In the same report, Nixon promised to visit Latin America this year.

To Start Work In Elevating Woods' Docks

Council Accepts Lowest Quotation of \$69.91 Per Dock, \$7,690 for Overall Job; 110 Docks to Be Raised

By Roger A. Waha
 Work should begin this week in raising the boat docks at The Woods' Lake Front Park. In action taken at the regular meeting Monday, May 7, the solons unanimously approved Councilman Kenneth W. Boerner's motion awarding the contract to Harold C. Southard, of Doremus drive, St. Clair Shores, based upon the recommendations of City Administrator Chester E. Petersen and Director of Parks and Recreation Donald Hallman.

Of six quotations submitted Monday afternoon, Mr. Southard's was the lowest—\$69.91 per dock and \$7,690 for the complete job of raising 110 docks.

The motion also specified the treatment used for the lumber, (douglas fir), be "coppered" and/or its equal and that the monies be paid out of the boat dock enterprise fund.

Mr. Petersen said work will begin as soon as a purchase order is issued, (this was to be done Tuesday, May 8). He estimated it will be a week to 10 days before the job is completed. The docks will be raised one foot.

Clean Up 'Hill' Girl Urges Farms

In Letter to Mayor, Teenager Offers to Do Job
 By James J. Njain
 A letter from a 14-year-old girl, received by Mayor William Butler and read to The Farms Council Monday, May 7, apparently pleased the solons and may be just the thing to waken the Hill merchants to the fact that at least one person cares about eliminating the litter and weeds in the Business District.

The council expressed one regret, and that was when City Manager Andrew Bremer, Jr., pointed out that under the State Child Labor Laws, a person must be at least 18-years-old before a work permit can be granted. He stressed this fact because the young lady, who expressed pride in her community, offered to take on the job of cleaning up, "for the minimum wage of \$1.65 an hour."

Offer Services
 This is the letter to the mayor, verbatim, written in a nice, legible handwriting: "Honorable William Butler: Dear Sir: My name is Laurie Jean Hanger. I live at five Radnor circle. I am fourteen and I'm in the eighth grade at Brown Middle School. Last year I contacted Mr. Shepard Norton who was the president of the 'Hill' Association at the time, being very concerned about the bad litter problem on the 'Hill'. I offered my services at the minimum wage of \$1.65 an hour to keep the 'Hill' clean. Mr. Norton said that the Boy Scouts took care of that, but Mr. Mayor, I know that the job was not taken care of because I went on my own and cleaned up BAGS of litter on the small section of (Continued on Page 4)

Center Short of Monies Needed for Flood Control

The Grosse Pointe War Memorial's 1973 Annual Family Participation Campaign, to date, has received \$106,337 from 5,540 families. This is more than the original goal of \$100,000 needed to balance the budget but far short of the monies needed to pay for the new sea wall, dikes and pumps installed this spring to prevent flooding of Fries Auditorium. These flood control expenses will total in excess of \$65,000. In order to assist in meeting the additional expenses of flood control, a Special Benefit performance of "My Fair Lady" is being given in Fries Auditorium Tuesday evening, June 5. This gala opening night performance by Grosse Pointe Theatre promises to be a lavish affair produced on a new stage with New York costumes and with the music and color that has made this show a legend. Tickets for the opening night Benefit are \$12.50 each when bought in pairs all of which is deductible from taxable income except \$4 per ticket. Both the Center and Grosse Pointe Theatre hope friends of the War Memorial will gather June 5 to make it an exciting opening. So popular and pleased are people with Grosse Pointe Theatre's performances that all other nights of the two weeks run are sold out. Here is a way to get in on the production and help the War Memorial, too. Tickets are now on sale at the Center's office.

GP Library To Offer New Service

Players Present Start of Chamber Music Collection to Be Available in Fall

Official announcement of a new library service, available in the fall, was made Friday, May 4, when the Grosse Pointe Chamber Music Players made a presentation of the beginning of a chamber music collection to Robert M. Orr, director, Grosse Pointe Public Libraries.

The event highlighted the group's annual meeting and dinner at the War Memorial. The collection was started as a tribute to the late Henry Pringham of Grosse Pointe, ardent chamber musician and a charter member and past president of the Chamber Music Players.

Pledges Gifts
 Mr. Pringham's brother, Richard Pringham, has already donated 14 packages of music, the entire catalog of his London music publishing house, Musica Rara, and has pledged continuing gifts. Musica Rara specializes in previously unpublished music, mostly baroque, taken from the archives. Mr. Pringham's widow, Hilda, in expressing appreciation for the memorial to her husband, said, "It's going to be a really living tribute. Best of all so many people will be taking part and will be able to use it. I'm thinking of high school students."

Proud of Service
 Mr. Orr, responding to Mrs. Robert Crossen's explanation of the plan for a continually expanding chamber music collection available to the entire community, said, "I would like to say how proud we are to have this new library service." Mrs. Crossen, outgoing president of the group, explained that music may be donated, either new or used, or checks may be sent to the library, which can get discounts. "I hope this will be the nucleus of a continually growing chamber music collection," she said. She read a letter from for (Continued on Page 4)

Priest Declares Alcohol As Top Drug Problem; Discusses Dangers, Cures

Father Vaughan Quinn, Director of the Sacred Heart Rehabilitation Center, Addresses FLEC Annual Meeting

By Holly Angell
 In recent years, drug abuse has overshadowed the problem of alcoholism. However, according to Father Vaughan Quinn, a reformed alcoholic, and currently the director of the Sacred Heart Rehabilitation Center, "alcoholism is the greatest drug problem we have in this country."

Between 1961 and 1971, 45,000 Americans were killed in Vietnam; during the same 10 year period, 274,000 Americans were killed in car accidents in the United States due to alcohol. One-half of the traffic accidents in the U. S. today are caused by drunk drivers. Americans consume over 2 billion gallons of alcohol yearly and about one out of every 11 drinkers becomes an alcoholic.

FLEC Meeting
 Father Quinn, speaking at the annual meeting of the Family Life Education Council, (FLEC), on Wednesday, May 2, in the Fries Auditorium, zeroed in on the harsh reality of alcoholism. "Cuingest himself as the youngest whiskey priest Canada ever produced," Father Quinn combined wit and wisdom, personal experience and hard-core facts to deal a tough line on problems and cures of alcoholics. The number of alcoholics in the United States ranges from six to nine million although some estimates go as high as 20 million.

Priest Cites Dangers of Alcohol at FLEC Meeting

(Continued from Page 1) the Michigan Senate Commerce Committee, it was noted that "Alcohol is the most readily available, socially acceptable, legal and relatively cheap drug available to man. It is the only depressant drug that is easy to obtain because no subscription is needed."

Since alcohol is so available and a mainstay in social settings, most people drink, in varying amounts, during their lifetime.

And although drinking is not synonymous with drunkenness, Father Quinn emphasized the fact that some people have a predisposition to alcoholism. He cites those, who, when they first start using alcohol, find it a "positive experience worthy of being repeated."

People who react negatively to intoxication will usually not become alcoholics. But those who have a positive and pleasant reaction, the "life of the party" syndrome, are potential alcoholics. The majority of people who become alcoholics don't experience hangovers in the beginning of their drinking lives.

Self-Perpetuating
A person does not have to be a heavy drinker to be an alcoholic. However, alcoholism addiction is a self-perpetuating tendency, for as the body builds up a tolerance, more drinks are required to achieve the desired and desirable effects.

An alcoholic drinks frequently because he likes it and because it is a great deal of fun for him. Alcoholism is a treatable disease; but when an alcoholic is clinically diagnosed as such, he can never have a drink again or he will go back to the same level of consumption as before.

Father Quinn cites alcoholism as suicidal behavior and everything must be done to prevent the suicide. He describes alcoholism as a loss of control and defines an alcoholic as an excessive compulsive.

However, an alcoholic will never believe he is drinking too much. The only way to deal with him is prove this loss of control.

Therapy
Most alcoholics think the drinking panacea lies in willpower, and by denying themselves liquor, they will be cured. Father Quinn believes it lies in therapy.

There are many treatments for alcoholics. Father Quinn detailed a cure program, tough but effective.

He asks an alcoholic how many drinks he has a day. In most cases the alcoholic will lie but whether it be two or 20, he puts them on a schedule where he must have the specified number daily for three months. If he is able to stay within the limits, he is not a dangerous alcoholic.

However, if he breaks the agreement, then "constructive coercion" must be used. Father Quinn said alcoholics have incredible defense mechanisms and means of denial, excusing themselves for violating the agreement. Although Father Quinn is sympathetic to the problem, the alcoholic must be placed on a stricter cure program, one that is regulated and monitored.

Father Quinn stated that the alcoholic's entire family as well as friends and associates must be involved with the program. It is often necessary to bluff and threaten the alcoholic with divorce or loss of job.

In many cases, such threats are necessary to force the alcoholic into a clinic. By using manipulation, by taking away things that are important and meaningful to him, the alcoholic's cure can then begin.

New Patterns
An alcoholic may seem reformed after a week without liquor. He may claim that he is cured and want to go back to his family and work. Yet Father Quinn feels an alcoholic cannot make a decision about himself for at least one year of being sober.

He said it takes about 16 to 17 weeks for a person to learn new behavior patterns. An alcoholic taught himself to drink. During the cure, he must relearn responses to the drinking situation. And time is important in learning the new behavior.

Furthermore, it takes about three months for an alcoholic to get the pharmaceutical effects of the alcohol out of his system. During this time, mood swings are serious, and the alcoholic must be closely watched.

The most important aspect of an alcoholic cure is in its attempts to make sobriety more meaningful and more exciting than being drunk. Therapy is positive and sobriety is turned into a positive force.

Father Quinn also believes education is important for children as well as adults in understanding alcoholics. He feels that we need a change of attitude toward the alcoholics in this country.

Focus on Children
Children should be taught acceptable drinking at home and should be schooled in the detrimental effects of excessive drinking. A skid row drunk held up as an example of an alcoholic is too far removed from a child's reality to make it an effective learning force.

Children should also be made aware of drinking problems within the family. By understanding the situation, they will be better able to cope with it.

Father Quinn feels that in many cases drinking and drunkenness is treated in a laughing matter. There are thousands of jokes about drunks. Furthermore, humorous and heroic drunks in movies and on television can wrongly influence a child's attitude towards drinking.

In addition, drunk driving is a serious threat in the United States although most people don't realize it as such and don't take action against it. In other countries, such as Sweden, one of the worst things a citizen can do is to drive while drunk.

Change of Attitude
It is the change of attitude and the early recognition of alcoholic symptoms that can begin the prevention of this national scourge. Father Quinn stressed the fact that alcoholics can be recognized 20 years before they end up in a hospital. And the best way to treat an alcoholic is to catch him early.

Father Quinn did cite some attitude changes evident in businesses. Alcoholics cost businesses billions of dollars a year. Whereas previously an alcoholic may have been anovated from his position or even fired, many companies now will offer him job security as long as he attends a clinic or takes some other preventive measures. In the past, businesses did not look upon alcoholism as a treatable disease.

Family intervention is also extremely important in dealing with alcoholics. A wife usually knows her husband is an alcoholic five to eight years before his boss or supervisor. But more often than not, she is afraid to take a stand, afraid to leave him, thinking he will drink himself to death. But he is going to anyway unless some definite action is taken.

Father Quinn does not feel that Alcoholics Anonymous will cure an alcoholic. He sees it as a place where a sober alcoholic learns to continue living a sober life style. He gave rough estimates of there being 125,000 alcoholics in Detroit; only 16,000 of these are in Alcoholics Anonymous. The rest will die eventually unless something is done about them.

Father Quinn does feel that Al-Anon can be beneficial for the spouse and children of alcoholics. It provides a forum where they are able to discuss and work out their problems.

Goodrow Party Set for Tonight

A stag retirement party for Woods Municipal Judge Don J. Goodrow will be held this evening, Thursday, May 10, at the Revere Hall, 24725 Jefferson, St. Clair Shores, starting at 8 p.m. The donation is \$7.50.

Judge Goodrow retired Tuesday, May 1, after 26 years of service to the community. He was first elected to public office in 1947 and again in 1949 as Justice of the Peace. When The Woods became a city in 1950, he was elected municipal judge, a position which he retained in the 1954, 1958, 1962, 1966 and 1970 elections.

The judge convened court three times a month in The Woods, and held court in The Shores twice a month for the last four years.

J. Patrick Denis was recently appointed to the position of interim municipal judge in The Woods. The post became effective on May 1 until the November general election. Judge Denis will hold office until December 31. Then whoever is elected to the post in November will fill Judge Goodrow's unexpired two-year term, starting January 1, 1974.

City Municipal Judge Douglas L. Paterson was recently appointed Shores municipal judge by the Village Council due to Judge Goodrow's retirement.

Tickets for the retirement party may be obtained by calling The Woods Department of Public Safety at 896-2700.

Concerned Pointers Attend State PTA Convention

Concern over the dilemma of public education in Michigan led a group of Grosse Pointers to attend the three-day State convention of the Michigan Congress of Parents and Teachers held Tuesday, May 1 through Thursday, May 3, in Kalamazoo.

One of the delegates, Mrs. George Maghielse of Lakeland avenue and a parent of children attending Maire, Pierce, and South High School, said, "We have been greatly bothered in recent years that educational legislation has been inimical to the interests of the quality school districts in Michigan, that the process of 'equalizing' has been interpreted to mean that good districts like ours must be weakened by limitations of finance, curriculum, or personnel—all representing a loss of local control."

"It is my firm conviction that Grosse Pointe could and should contribute excellent leadership to the State PTA to help solve the serious problems which seem to be enveloping all school districts across the State," Mrs. Maghielse said.

Mrs. Maghielse, who last year was co-chairman of the Grosse Pointe Study and Action Committee for Education, which took an anti-busing stand in the Roit case, said she was encouraged by the convention's resolution on forced cross-district busing. "The ill feel-

ing that was so evident at last year's convention in Mount Pleasant shows signs of healing," she said.

The resolution stated, in part, that the "convention commends the efforts of local councils and units as they strive for the elimination of educational inequalities and for solutions to their particular problems."

The resolution further urged "that this convention put aside divisive and enervating debate over the busing issue and rejoin our efforts under our common goals that unite the Michigan Congress of Parents and Teachers."

The Grosse Pointe PTA organization submitted a number of resolutions for consideration by the planning group of the convention. Topics covered included financing of public libraries, local control of schools, retention of the neighborhood school concept, financial reform, and convention procedures.

Grosse Pointe's resolution on financial reform was selected by the Resolutions Committee for submission to the delegate assembly. It was one of only two submitted from individual school districts but was rejected by the convention because of its provisions for "enrichment" and individual initiative.

Mrs. Maghielse explained that the convention feeling was that all districts should have equal funding.

The growing leadership role which Grosse Pointe has been attempting to play at the State level in the PTA is partially the result of liaison between Charles F. Woodbury, Jr., president of the PTA Council, and John Cobau, co-chairman of the Study and Action Committee. The Study and Action Committee is funded through donations of the PTA Council.

Grosse Pointe's convention delegation was led by Mrs. Robert Peterson, Maire PTA president, and included representatives from Maire and Mason elementary schools and from Brownell and Pierce middle schools.

Local representatives were Mrs. Benjamin Almany, Mrs. Donald Kuhn, Mrs. Klaus Motte, Mrs. Maurice DesRosières, Mrs. Joseph Murphy, Mrs. Edward Bens, Mrs. Michael Rogers, Mrs. Peter Altobelli, Mrs. John McGrath, Mrs. Kenneth Walker, Mrs. Gary VanAssche, Mrs. James Rheim, Mrs. Thomas Pfau and Mrs. David Lugo.

Also attending the convention in an at-large capacity were John Cobau and Mrs. Richard Mills, co-chairmen of the Grosse Pointe Study and Action Committee for Education, and Donald Bassett, principal of the Maire Elementary School.

"This is the third consecutive year that Grosse Pointe has been represented at a State PTA convention and the

Burglars Visit Realty Offices

Two adjoining real estate offices were broken into during the evening of Wednesday, May 2, by burglars who took several office machines of unknown value. In one office, the thief, or thieves, found and took a small amount of cash.

According to information released by Park L. Gordon Duncan, the offices of Miehm Real Estate, 15116 Mack avenue, and the LePae Real Estate, 15118 Mack, were entered.

The burglars entered the Miehm office by using a vise grip or channel lock wrench to break the door knob at the rear of the building. Taken was an electric typewriter and miscellaneous office equipment.

Entry into the LePae office was successful after two tries, the lieutenant said. The burglars first attempted to break off the door knob by reaching through the door grating, but when this failed, they broke the window of the rear door and reached in to get at the lock.

In this office, the robbers took several miscellaneous electrical office machines, and \$30 in currency from one of the desks. They also pried open a small safe, from which they took a number of certificates and several wills. Why the latter was taken is not known, and what is planned to be done with these documents is a mystery, Duncan said.

tions. The architectural firm
of Harold H. Fisher and As-
sociates prepared the eleva-
tion plans in strict accord-
ance with "Williamsburg
Colonial" design.
The Planning Commission,
at its February 27 meeting,
approved the proposed addi-
tion, and the front and side
elevation plans, provided the
request was filed with the
Board of Appeals.

Mr. Moraco told the coun-
cil he planned to have a two-
story solarium with numer-
ous display bays. He said,
"We want to eliminate the
large barn kind of look" while
departmentalizing the areas.
"We want to take from what
we have and expand it. We
are running out of space to
display what we have." He
felt the deficiency in off-
street parking was not his
problem.

Building Inspector Earl
Wakely said the overall total
square footage of the exist-
ing building, plus proposed
addition, comes to around
7,825 square feet.
Section 44.3.16, Off Street
Parking Requirements, of the
zoning ordinance notes that
all dental clinics, business or
professional offices, retail
stores, etc., must have the
following required parking
space: "one parking space
for each 300 square feet of
floor space." This would
mean, after dividing 7,825
square feet by 300 square
feet, that 26 parking spaces

are required. Mr. Wakely
said, at the back of the build-
ing, there are presently room
for six to seven spaces.
Mr. Pinkos, whose motion
that the variance be granted
died for the lack of a second,
felt the building was set back
too far, and the remodeling
would be an asset, not a bur-
den to the community.
Mr. Boutin also felt the
building was set back to the
degree where it hurts the
business regarding exposure.
He felt there was somewhat
of a hardship in this case,
and that any addition toward
Mack avenue would help
bring in additional revenue
and somewhat help the tax
base.

Meanwhile, Mr. Graef said
the development was desir-
able but felt it was being
"stretched" to a point be-
yond the hardship.

Hostile Woman Driver Battles, Injures Officers

A Farms patrolman suffered a wrenched shoulder and a sergeant suffered a bruised leg when he was kicked by a woman motorist accused of driving while under the influence of liquor. The woman also attempted to kneecap another officer in the groin, when the policemen sought to put her in the local cell.

Accused of driving while drunk was Catherine W. Warner of 1938 Malta street, Windsor, Ont., who was arrested by Patrolman Gerald Deburghgraeve, when the officer saw the woman traveling east on Lake Shore road at 2:43 a.m. Saturday, May 5.

The officer witnessed the erratic driving from Kerby and pursued and stopped Ms. Warner at Moross road. Patrolman Deburghgraeve said he opened the door of the woman's vehicle, reached in and removed the ignition key and put the car in gear.

The policeman said there was a male passenger, Harold T. Johnson, 9060 West Outer drive, Detroit, in the front seat, who also appeared highly intoxicated, and he detected a strong odor of alcohol in the auto, Patrolman Deburghgraeve said.

The officer said when he first observed Ms. Warner, who was actually behind the wheel, he saw her drive over the right curb and almost hit a traffic sign. When he pulled up behind her, she stepped on the gas pedal and caused the rear wheels to spin, spewing grass and dirt into the air.

Patrolman Deburghgraeve called the station for assistance, and Patrolmen Philip Miglio and Kenneth Pine were dispatched to the scene.

When the other officers arrived, Patrolman Deburghgraeve informed Ms. Warner she was under arrest for driving while drunk and ordered her out of the car. She had some difficulty in exiting and had to be assisted. Johnson attempted to prevent the policemen from helping her, and was informed he was also under arrest for being intoxicated on a public thoroughfare while in a motor vehicle. Johnson made an unsuccessful try in getting out to start a fight with Patrolmen Miglio and Pine, it was said.

Ms. Warner began to resist and the officers were forced to place her in one of the scout cars. Johnson was placed in the second police vehicle and both were taken to the station. En route the woman removed her shoes and began banging on the windows and glass shield, yelling and screaming. She suffered bruises about the face when her shoes rebounded from the glass hitting her face.

At the station, Ms. Warner began fighting with the policemen who were forced to handcuff her to a chair, after which they called Police Matron Linda Vitali from her home. Mrs. Vitali witnessed Ms. Warner's violence.

During the ruckus, while Ms. Warner was being subdued, Patrolman Pine suffered a wrenched shoulder and Sgt. Alfred Martin, shift commander, was kicked hard in the leg by the woman, who tried to kneecap Patrolman Mig-

lio. While handcuffed to the chair, Ms. Warner tried to get up to do further battle, but fell to the floor.

With the assistance of Mrs. Vitali, the officers finally locked Ms. Warner in the cell. Johnson was taken to the Grosse Pointe City lock up.

Johnson agreed to post bond of \$100 for his release, prior to being sent to the City jail, but when he refused to sign a receipt, he was held for a hearing.

Later in the morning, Ms. Warner and Johnson were arraigned for a preliminary hearing before Farms Municipal Judge Robert Pytell. Ms. Warner was charged with driving while under the influence of liquor and Johnson, with being drunk on a public thoroughfare while in a motor vehicle.

Judge Pytell released Johnson on \$100 bond pending a hearing scheduled for May 23; and Ms. Warner was released on a like bond, until her hearing which was set for June 27.

Honor Students in Shop Contest

After winning two first prizes in the Regional Michigan Industrial Education Awards competition, two students from South High School won additional honors in the State Championship Awards program held on Saturday, April 28, in Grand Rapids.

Ray Riehl, junior, son of Mr. and Mrs. Anthony Riehl of Washington road, was awarded a state second prize for a model of a naval cannon set in a cutaway section of a ship gundeck.

The cannon is the product of eight months of work, and is made of turned aluminum complete with firing equipment, cannon halls, and powder barrel, all crafted to scale.

Dave Chouinard, senior, son of Mr. and Mrs. James Chouinard of Notre Dame road, was awarded a state third prize for a set of medieval chessmen, sand casted in aluminum, and finished in gold and silver. Dave spent

six months creating the molds in moist sand, and pouring molten aluminum until he produced 32 flawless chessmen.

Ray and Dave are both students in Eugene Wolonick's Metals II class at South High. Ray intends to do more work with metals, and is currently making boat cleats by the sand casting method for the family sailboat. Dave is working on a chessboard of brass and aluminum, and a special handcrafted pine box to hold the chessmen.

The regional and state competitions are sponsored by the Michigan Industrial Education Society, and the Detroit News for students in junior, senior, and vocational high schools having industrial arts and crafts programs.

Some 700 entries were submitted throughout the state for the competition, and the first and second place regional winners in 38 categories went on to compete for eight grand award championships at the state level.

Divisional categories in the competition included architectural drawing, electricity, graphic arts, mechanical drawing, models, wrought and cast metals, cabinet and furniture making.

Clean Up

(Continued from Page 1)
grass by the Lincoln Mercury lot. It was DISGRACEFUL and I am ashamed of all our beautiful shopping area being cluttered up with litter and weeds.

"Mr. Mayor, I am proposing that you put this proposition that I will guarantee to keep the 'Hill' clean, (see diagram for area) at \$1.65 an hour, minimum wage, as many hours a week as it will take. If the merchants on the 'Hill' wish to agree with this and split the cost, which would be very little, that would be fine. If they do not, I am asking for a job to do this for the City of Grosse Pointe Farms.

"I will start any time an agreement is reached—(the sooner the better, weeds do grow). I will furnish my own trash sacks, hands, back, brush and soul. Let us keep America beautiful, starting with our own little area!"

The solons voiced their delight and complimented the young lady's spirit and civic pride.

Mayor Butler announced he will write a letter to Miss Hanger, acknowledging her concern and to thank her for her pride in her city.

Councilman James Dingeman, a neighbor of the Hanger family, said he will personally contact Laurie, to thank her for writing to the mayor and calling attention to the litter and weed condition in "The Hill Business District." He will further explain that as much as the council would like to give her the job, it is prohibited under the State Child Labor Laws, and that a minor must be at least 16 before he or she can obtain a work permit. But he would like to thank her on behalf of the members of the council for her offer.

Thieves Steal 1971 Cadillac

Mrs. Ann Anderson of 130 Kenwood, informed Farms police Thursday, May 3, while she and her family were absent from home during the day, an unknown thief, or thieves, stole a 1971 Cadillac from the driveway alongside the house. The vehicle had been left there because 1973 plates had not yet been purchased for it.

Mrs. Anderson told investigating officers that not only did the thief get the car, but also several items inside it.

Locked in the auto were the following articles: assorted children's birthday party favors, valued at \$15; three pieces, (red crockery), of House of Webster strawberry jam, worth \$15; three pieces of adult pink soap gifts, valued at \$15; a used blue-colored umbrella, value not known, and two used orange-colored vest-type Coast Guard approved life preservers, value unknown.

Police said that as of this date, the Cadillac, bearing 1972 plates, LSV-834, has not been recovered.

Mrs. Anderson said the automobile is valued at \$3,500. A description of the car was sent to all law enforcement agencies throughout the State by Farms authorities.

Dreams of lost opportunities leaves nothing for the future.

S and G Skate to Victory

The S and G Sporting Goods hockey team won the Grosse Pointe Men's Senior League Playoff championship with a 3-1 victory over East Side Sports in recent action at the GP Community Rink. After two hard-fought periods, the score was 1-0 in favor of East Side Sports. But S and G started rolling in the third period of play as John Thill, a defenseman, fired in a blast from the point, tying the score at 1-1. Thill's goal sparked the league champions S and G and Dwight Thomas rammed

home a shot from the slot, after Ron Springer and Mike Stecko set up the play inside the blue line. S and G's third goal came as Ken Ballinger flipped the puck into an empty East Side net after the goalie was pulled in favor of a sixth attacker. Springer and Steko again assisted. S and G's goalie Ron Neal stopped 27 shots and reportedly played brilliantly. The S and G team is coached and managed by Dean Higbee, Al Beliveau and Art Armstrong. The club's season record was 48-7-1.

STOVE FIRE

On Tuesday, April 17, the City Fire Department responded to range fire alarm at the home of Mr. and Mrs. N. M. Peabody, of Washington road. When the department arrived, the residents had put out the fire with a small extinguisher. It apparently started from too much grease in the stove's oven.

Five Felines Find New Home

There was no "pussyfooting" around in the case of Woods Dog Warden David McQueen, who made certain a cat and four kittens got a good home.

After receiving a radio run to an East Doyle place residence Wednesday, May 2, Mr. McQueen discovered the cat and kittens in a deep window well. Due to a heavy rain, he was unable to remove them.

However, he picked up the mother and her frisky youngsters Friday, May 4, and gave the felines to a resident to take out in the country, reportedly to a farm which has a horse barn.

The dog warden said the "mother cat" has been an area stray for two years. Undoubtedly, she'll have an adjustment to make in country living.

Police Arrest 'Horseplayer'

Alen H. Russell, of 942 Sunningdale, found out that "horseplaying" while operating a motor vehicle and being caught is one way police can find out if you are wanted by another law enforcement agency.

According to a report submitted by Farms Patrolmen Gerald Deburghgraeve and Philip Miglio, Russell passed them traveling east on Mack at about 12:19 a.m. Sunday, April 29. The officers were waiting on Moran for traffic to clear, when they saw the motorist "horseplaying" with a passenger, instead of concentrating on his driving.

The patrolmen pursued and stopped Russell a short distance away, and asked for his operator's license and car registration. A call to the station for a check on the Law Enforcement Information Network, (LEIN), disclosed that Russell was wanted by Detroit authorities on a traffic warrant.

Russell was taken to The Farms station, where, at the request of Detroit police, he was required to post a \$15 bond on their warrant. On receipt of the money, Russell was released after being given a warning by the Farms officers.

Own a Cadillac? Of course you can!

Right now, you could be very, very close to the special pleasures of Cadillac ownership.

Because right now there exists a very special set of circumstances favoring the person who longs to be a Cadillac owner.

It begins with the beautiful new 1973 Cadillacs themselves. These cars are the finest ever built by Cadillac—reflected by the fact that more people are purchasing Cadillacs this year than ever before in our history. In fact, the '73 Sedan deVille, shown above, has already established itself as the single most popular luxury car in automotive history.

There are nine great '73 Cadillacs from which to choose. And right now, your Cadillac dealer can probably supply just the model

you want... just the way you want it!

If a new Cadillac is not yet in your plans, consider the pleasure of driving a Cadillac of another year—a previously owned model. The great demand for new Cadillacs has made a number of beautiful previously-owned cars available. Like the 1971 Eldorado or 1969 Coupe deVille, shown above.

It's true. A Cadillac of any recent year will likely have more luxury, more convenience features, more power equipment than you'll find on many of today's new cars.

For a lot of reasons, there couldn't be a better time to visit your authorized Cadillac dealer than right now.

First choose Cadillac... then choose the year.

Bon Secours Presents Awards to 32 Employees

Service awards were presented to 32 employees of Bon Secours Hospital at the Annual Employee Awards Dinner Monday night, May 7, at the Gourmet House, St. Clair Shores. This event is traditionally held during National Hospital Week, which commenced Sunday, May 6. The highlight of the evening was the announcement of

Barbara Kowalski as winner of the Employee of the Year award. Miss Kowalski, of Muir road, a medical technologist registered by the American Society of Clinical Pathologists, works in the hospital's laboratory on the afternoon shift. She was chosen by a committee of 21 employees representing all departments within the hospital. Miss Kowalski was cited for her ability to handle emergency requests for laboratory work quickly and calmly, and her ability to maintain a pleasant outlook under pressure.

A new award this year was presented to Ruth Gandras, an assistant head nurse, for the Suggestion of the Year. A new procedure was initiated for preparing patients for surgery as a result of her suggestion to the employee suggestion program, Partners in Progress. Miss Gandras received a check for \$28 when her suggestion was implemented in February. She received an additional check for \$100 at the dinner as her award for Suggestion of the Year.

More than 400 suggestions have been received since the program was initiated in February 1972. Many suggestions have been adopted and have contributed to cost savings, greater efficiency and improved morale within the hospital.

Father Joseph Dustin, a Detroit parish priest who plays jazz banjo and has appeared on T.V.'s Tonight Show and the Mike Douglas Show, entertained the 200 guests at the dinner. Employees receiving service awards were: for 20 years of service, Pauline Chouinard of the business office and Irene Miller of dietetics.

For 15 years, Betty Bistrisky of the laboratory and Eleanor Eichbrecht, Virginia Rector and Helen Volz, all of nursing.

For 10 years, Frances Brown, Anna Curran, Carol Kapusnak, Barbara Norton, Leona O'Meye, Hildegard Schlegel, Janet Wendling and Jean Woelfel, of nursing; Alice Cole, Laverne Finn, Alina Verhelst, of dietetics; Patricia Richards, of EEG-EKG.

For five years, Virginia Banas, Gabrielle DeMinck, Genevieve Edwards, Therese Gilgallon, Mary Louch, Jayne Mills, Ruth Mirabile, Dolores Oberly, Joanna Rabaut, Margaret Schollenberger, of nursing; Mary Jolly of dietetics; Margaret Lesperance, of the laboratory; Rebecca Seaman, of environmental service, and Betty McHargue, of administration.

That lovely vision is not a mirage. It is a very real Porsche 914. And next to a camel, it's the most practical thing you could put on a desert. It goes forever without a drink of water. The engine is air-cooled. It goes far between oases. About 26 miles to the gallon. And you go in comfort with wide bucket seats and optional air conditioning. There are two trunks to hold everything you and somebody

else might need. And a fiberglass roof that locks on quickly because the desert gets cold at night. The 914 has a 5-speed gearbox to make you go like the wind. And 4-wheel disc brakes to stop you on a dinar. It handles like a thoroughbred, praise be to rack-and-pinion steering and a nearly 50-50 weight distribution. (The engine is in the middle.) And while it's chic to drive a Porsche, you don't have to be a sheik to afford one.

Pointers Lend Hand In Island Clean-Up

Members of the Pelicans, a men's luncheon club at the Detroit Yacht Club, gathered on Belle Isle Sunday, April 28, to participate in an island clean-up campaign.

Beer cans, bottles, papers, and rubbish of all kinds were collected, bagged, and eventually picked up by the Detroit Parks and Recreation Commission trucks.

The Pelicans also had to contend with dead trees, old brush and stumps. Water in the canals had been lowered to aid clean-up in those areas.

Pelican members, who frequent Belle Isle, took on the clean-up job to show their pride in the island. There is still a great deal left to be done, yet the Pelicans set a fine example which hopefully will be followed.

Pointers who participated included Ed Wall, Fred Rodgers, Hurst Wolf, A. C. Fortunski, C. S. Tompkins, who organized the Pelicans, Mr. and Mrs. James G. Miller, John H. Carter and Elmer Sutter.

Now you can help save a child in Israel for \$15 a month. Or you can turn the page. Yizhak Ben Ari - a Jewish child. Fatma Khalil - a Moslem child. Rima Jakra - a Christian child. And while the skirmishes continue around their homes, these children try to live in peace. In villages like Maalot and Tarshikha in the northern frontier and Rafah in the Gaza Strip. The only war they fight is the war to help themselves. And their problems are overwhelming - problems of poverty, of disease, and of getting a better education. The list is endless - from malnutrition to alienation to resettlement. Now, for the first time, you have an opportunity to help these children who aren't at "war" with anyone. For \$15 a month, through Save the Children Federation, you can sponsor a Jewish child or Moslem child or Christian child. \$15. Not a lot of money. But it can help do a lot of things: build a dispensary with a full-time nurse; pipe in water for irrigation; construct new schools; provide mobile libraries with Arabic and Hebrew books; and mother-child centers; and a chance for people - all the people - of a young dynamic country to help themselves. Save the Children Federation has the only program of its kind in Israel. It can offer you many rewards. The chance to correspond with a child. Receive a photograph. Progress reports. And the unique opportunity to personally involve yourself in a small but significant way in promoting harmony and peace between human beings. Without you, it can't work. So please: clip this coupon and mail it today. Now you can turn the page.

Award Doctors at Clinic Day

Award winning papers on clinical problems in medicine were presented at the medical staff's 25th annual clinic day at Bon Secours Hospital Wednesday, May 2.

Receiving a first place Holden Award for the best paper presented by an intern or resident was James C. T. Young, M. D. Dr. Young's paper discussed the clinical data which led to the correct diagnosis of severe diabetes in a child brought into the hospital's emergency service in critical condition.

Mario R. Villalba, M. D. received a second place Holden Award for his paper on pancreatitis and pregnancy, and Jesus Ocampo, M.D. and Rene D. Loredo, M. D. received third and fourth place awards.

The awards are made possible by a fund set up for this purpose by the late James and Lynelle Holden, formerly Grosse Pointe residents.

Dr. Young also received the first Semmes Award presented to the intern or resident "who best exemplifies dedication to the care of patients and their families in the spirit of the Sisters of Bon Secours."

The second place Semmes Award was presented to S. N. Swamy, M.D. Former Bon Secours intern Richard K. Muir, M.D., currently finishing a residency in orthopedic surgery at Wayne State University, received a plaque for the Semmes Award given him in 1969. David A. Brian, M.D., currently a resident at Henry Ford Hospital, received his plaque won in 1970.

Prewitt Semmes, of Provincial road, together with his wife, Valerie, set up a fund at the hospital for these awards in 1968.

After Mr. Semmes made the presentation on Wednesday evening, Sister Justine, associate administrator, presented him with a distinguished service award from the Sisters, the board of trustees and the medical staff in recognition of the support and stimulation he has provided them.

Attending clinic day at Bon Secours were three physicians who were present at the hospital's first clinic day in 1948. They are Ira Downer, M.D., a charter member of the Bon Secours staff and now retired; Nelson Taylor, M.D., an internist active on the staff, and Richard C. Connelly, M.D., the hospital's full-time director of medical education.

The program was set up to encourage the sharing of original clinical findings in the field of medicine amongst interns, residents and staff physicians, a goal which continues to be embraced today by the Sisters and the staff of Bon Secours.

Take Articles From Drug Store

Patricia Bernard, a druggist at the Revco Drug Store on Kercheval avenue, reported to City Police Friday, April 25, at one p.m., that two girls had been in the store and had not paid for their merchandise.

The complainant described the girls as being in their late teens or early twenties. One was about five feet, six inches tall, thin build, long brown hair, blue eyes, and wearing a light jacket and blue jeans.

The other was described as about five feet, four inches tall, heavy set, with dishwasher blond hair.

Little League Results

FARMS AAA LEAGUE

By J. L. Fromm Sacramento and Hollywood started out the first week of the 1973 season with two victories each to lead the AAA League.

Keith VandenBussche limited Louisville to three hits for Sacramento's 16-1 victory Thursday, May 3. John Mecke led the Sacramento hitting attack with two doubles.

A second three-hit performance by Chuck Keller of Sacramento resulted in an 8-2 win over Denver Saturday, May 5. Keller struck out 14. Bill Rappman and Brad Swegles collected two doubles each for Sacramento. Tom White got two of Denver's three hits, both doubles.

Hollywood came up with eight runs in the top of the sixth inning to overcome a 3-1 lead by Denver and went on to win 9-3 Wednesday, May 2. Burr Buell III was the winning pitcher and sparked the sixth inning rally with a bases-loaded triple. Chris Sayers accounted for the three Denver runs with a solid double into left center field.

A second late inning rally by Hollywood gave it a 19-13 win over Phoenix on May 5. After trailing most of the game, Hollywood erupted with 10 runs in the bottom of the fifth. John Willard was the winning pitcher. Jim Mooney and Peter Fisher collected three hits apiece for Hollywood. Kent DeMontfort homered for Phoenix.

Newark came from behind with three runs in the bottom of the fifth for a 4-3 win over Portland on May 5. Newark's Paul Van Osdol went the distance for the win. He also drove in the tying run with an infield hit and scored the winning run on a throwing error.

A strong pitching performance by Alfred Madonna gave Hawaii a 5-2 victory over Newark Tuesday, May 1.

Portland, 1972 champions, ran up an impressive 26-12 win over Phoenix Monday, April 30. The 18-hit Portland attack was led by Tom Martindale with two triples, Glen Newa with five runs-batted-in and Rob Dice with a triple and single.

The standings find Hollywood, 2-0; Sacramento, 2-0; Hawaii, 1-1; Louisville, 1-1; Newark, 1-1; Portland, 1-1; Denver, 0-2; and Phoenix, 0-2.

G.P. PARK

By Donna Marrs The Park Little League is off to a hefty start as Mayor Matthew C. Patterson threw the first pitch on opening day, Saturday, April 28. It was a sight to see, all the youths in their bright shirts,

Then the Indians pulled out another close one over the Orioles, 6-5. M. Reno was the winning pitcher and hit another home run as did J. McEachern.

J. Sullivan and D. Nihen hit doubles for the Orioles. The Senators lost a real knee-grabber to the Athletics, 2-0. The winning pitcher was P. Kingsley, who gave up only one hit, a single to B. Wilson.

The Athletics won over the White Sox, 9-3. Pitching for the Athletics were D. Kummer and P. Kay, and a home run was slammed out by P. Kingsley, along with doubles by T. Tocco and D. Kummer.

Then the Senators had B. Wilson as winning pitcher over the White Sox, 6-1. A single and a triple were hit by Wilson. A. Hewitt hit two singles and J. Tocco hit three singles.

SPORTS FANS!

I BET YOU DIDN'T KNOW Brought to you By TED EWALD

Here's an interesting point to think about... Whenever a father - or anyone - teaches a youngster how to hit a baseball, they always say to put your hands together on the bat... Yes, did you know that two of the greatest hitters in the history of baseball used a different way of hitting? ... Both Ty Cobb and Honus Wagner batted with their hands separated on the bat... They each had one hand spaced apart a few inches from the other on the handle of the bat... Isn't it strange that no one tries to bat that way today? ... Cobb had the highest life-time batting average of all-time, .367 and Wagner's was .329.

And speaking of odd batting positions, one of the strangest belonged to Al Simmons who played in the majors for 20 years between 1924 and 1944... He always stepped away from the plate with his left, or front, foot while hitting, or, as it's known in baseball slang, he "stepped in the bucket"... If any batter does that today, he's instructed not to... You aren't supposed to be able to hit that way... Yet, Simmons who did it all his career is in the Hall of Fame, and wound up with a lifetime batting average of .334!

I bet you didn't know that Ted Ewald Chevrolet founded in 1928 as Mack Gratiot Chevrolet (on the corner of Mack & Gratiot) and now in its 45th year is the oldest Chevrolet Dealer in the Detroit area.

Star of the Sea Starts Softball

Adding to its reputation of conducting one of the most comprehensive, year-round high school intramural sports programs, Star of the Sea High School recently launched the first round of its annual spring softball tournament under the direction of Bev Stone, physical education instructor.

The competition finds seven teams of at least 10 girls each entered this season. The teams compete in a round-robin tourney, playing their games at 3 p.m. every Tuesday and Thursday both at Star of the Sea and Barnes Elementary School.

Two losses in any order automatically eliminate a contingent. A special set of rules has been installed to govern play, and interest by both participants and spectators is at a fever pitch, according to Miss Stone.

Team members include Team One: Patti Peters, Mary Beth Tulloch, Debbie Simon, Chris Morales, Colleen Woodbury, Geri Kodan, Dawn Cook, Moira Brophy, Sandy VanElslander, Debbie Burman, Mary Lou Wit and Debbie Spring.

Team Two: Mary O'Grady, Sandy Turner, Ann Bundy, Judy Mitchell, Rose Ann Caramagno, Chris Simon, Cathy Simon, Marie Hogan, Kathy Kennedy and Renee Martin.

Warren Blasts Pointers, 22-5

Well, at least there are 10 games to go in Macomb-Oakland Police Softball League action.

And that should give the Pointe police softball team a chance to "work out the kinks," as Park Patrolman, and club manager, Michael C. Kortas said. For the Pointers apparently have some "kinks" to work out after a 22-5 thrashing courtesy of Warren on Sunday, May 6.

The 1972 league champs and playoff runners-up will try to put it "all together" against the State Police Sunday, May 13, at the L. W. Baumgartner Field, 15 Mile road near Schoenherr. Game time is set for 10:15 a.m. at diamond two.

Judge Pytell Holds Court
Gary Ohlsson, of 318 Rivard boulevard, accused of four counts of law infractions, pled guilty to three and not guilty to one, at a hearing held before Farms Municipal Judge Robert H. Pytell Wednesday, April 25.

Ohlsson entered a plea of guilty to driving a motor vehicle with defective equipment, possession of marijuana and possession of smoking paraphernalia. He pled not guilty to a charge of not having an operator's license on his person.
Judge Pytell ordered Ohlsson to return to court Wednesday, May 23, for sentencing on the charges to which he had pled guilty. On the same day he will be tried for the no operator's license offense.

Phillip C. Jakey, of 12611 Maiden, Detroit, accused of driving with license that had expired over 90 days, pled guilty and was found guilty and was assessed a fine of \$10.
Lindburg Chavis, of 838 Dickerson, Detroit, entered pleas of guilty to never having acquired a Michigan operator's license and ignoring a red traffic signal. He was found guilty and ordered to report back to the court Wednesday, May 16.

GP Swimmers Are Recognized

Three members of the Grosse Pointe Swim Club have received national recognition.
Mike Brown, the Club's 11-year-old diver, qualified second in the three-meter at Cincinnati, O., Saturday, April 28, with 243.9 points in the regional age group AAU meet. He has won a berth to the National AAU Diving Championship in Houston, Tex., Friday, May 18. His performance will assure him of a national AAU ranking.
Frances Shook, Grosse Pointe's 10 and under breast-stroker has virtually been assured of a national indoor ranking. Her time of 1:23.2 in the 100-yard breaststroke will put her among the top 10-year-old girl swimmers in the United States.
Mickey Montagne, the Club's 13-14-year-old freestyler, has a State record time of 25.3 in the 50-yard freestyle and her time should rank her nationally. National ranking is not new to Mickey as this is the second time she has received the honor. She was ranked first as an 11-12 in the backstroke.
It is unusual, according to the Club, to have three competitors with outstanding ability, and the Club is proud of its trio.

Honest Youth Turns in Cash

A 12-year-old Farms boy, who found a small sum of money, not a large amount, but enough to be tempted to keep it, was commended for his honesty by Farms police when the lad personally came to the station to announce his find.
The money, the amount not disclosed, was found on Moran road near Grosse Pointe boulevard Thursday, May 3, by the youngster.
Det. Joseph Miller said the boy voluntarily came to the station to report and turn over his find, which was "not a large sum, but big enough to be tempting to keep."
The lad was given a note to present to his mother, in which she was informed of her son's honesty in turning in the money, all in currency, and what procedures to follow if the cash is not claimed within a given time.
Anyone who can give the authorities a correct description of the denominations of the bills, and the amount that was lost, and prove that the money is his, or hers, whichever the case may be, will have the money returned.
Lt. Ignatius Backman said the loser has until July 18 to come forward to claim the cash. After that date, it will be given to the young finder.

Pointers Serve Scout Boards

Four Pointe residents were elected to key volunteer positions Wednesday, April 25, at the annual meeting of the Girl Scouts of Metropolitan Detroit, (GSMD).
Mrs. Thomas E. Coulter, of Westchester road, Richard W. Kay, of Rivard boulevard, and Mrs. Thomas H. Rockford, of Belanger road, were elected to one-year terms on the GSMD Board of Directors. Elected to the GSMD Nominating Committee for one year was Mrs. Joseph A. Murphy, Jr., of Kensington road, who also is currently serving as a board member.
Highlights of the annual meeting included the presentation of Thanks Badges, the highest honor in Girl Scouting for an adult member, to six outstanding Scout volunteers.
Special recognition was given to more than 235 C-dette Scouts who earned their First Class Award, the highest honor girls can receive in Scouting. This is the first time First Class Scouts were honored at an annual meeting.
Approximately 800 Girl Scouts, their families and friends as well as Scout leaders and other adult members attended the annual meeting, held at the Rackham Building, Detroit.

BATTERY STOLEN

The battery was stolen from the 1965 Volkswagen of Mrs. Margaret Collins, of St. Clair avenue. City Officer James Cronin responded to her call on Sunday, April 29. Mrs. Collins stated she had parked the car in her garage on Saturday afternoon and noticed the missing battery on Sunday. It was valued at \$45.

IRS Advises on Tax Refund

Wondering why you haven't received your federal income tax refund?

If you are entitled to one, wait 10 weeks after filing before writing the Internal Revenue Service, Thomas A. Cardoza, district director of the IRS for Michigan, reports.

By then, you should have either a check or a letter explaining the delay.

Because the Cincinnati Service Center, which serves Michigan taxpayers, handles millions of returns every filing season, it is practically impossible to locate a particular return to answer any question until processing cycles are complete.

If you do need to write, indicate in your letter when and where you filed your return, and give your name, address and Social Security number. This information will help speed a reply, Mr. Cardoza said.

City Approves Sidewalk Bid

At a special meeting of the Grosse Pointe City Council on Monday, May 7, the body approved a bid from the Doro Construction Company for sidewalk repair work.

The City received bids on Tuesday, May 1, from six construction companies, with Doro quoting the lower figure. Doro will do the repair work over a three-year period for \$149,232.

The program will be carried out during 1973, 1974 and 1975. The first area to be replaced is bounded by Lakeland avenue, Kercheval avenue, Fisher road and Lake St. Clair.

BUYING A SECURITY SYSTEM?

When you buy an apartment at

The Jefferson Apartments Grosse Pointe's newest condominium

. . . you get not one, but a network of the most modern security systems to guard you, your home and your possessions.

A CLOSED TV MONITORING SYSTEM covers the entrance, outside parking areas and inside garage. The caller can be viewed from a selected channel on the owner's TV set in each apartment. The doorman and manager's office views the same areas.

THE ENTRY COMMUNICATIONS SYSTEM is a new system conceived and engineered by Michigan Bell Telephone Company. Using a touchtone panel telephons in the lobby, the caller dials the owner's apartment. This enables each party to have a private conversation. During the time the caller is in the entrance vestibule, he is under surveillance by the concealed TV camera.

AN ON-GUARD ALEKT SYSTEM features a control panel in the manager's apartment and the attendant's office. This notifies of any intrusion into any apartment when the occupants are away. The doorman or manager controls the system by activating the apartment's security supervision at the request of the owner.

THE FIRE PROTECTION ALERT SYSTEM gives added protection to all occupants of the building and will insure notification of each individual occupant of a fire in an unoccupied apartment.

Further elements of security are the uniformed doorman-attendant and resident caretakers.

Besides security, you also get really gracious living. Here is a typical spacious floor plan of an apartment home which features 9 foot ceilings, individual heating and cooling, top of the line G. E. kitchen with an icemaker and a washer-dryer. A wet bar is conveniently located for entertaining. Insulated walls, floors, plumbing and windows insure maximum quiet. Natural fireplaces, naturally.

There are three separate elevators and approximately a thousand square feet of private storage. Exterior maintenance, gardening and snow removal are arranged. The Jefferson Apartments is an adult community. Residents are home owners and enjoy tax deductions and the investment security of being a property owner and equity advantages.

The Jefferson Apartments is located 2 blocks from a beautiful park with boat slips, 3 blocks from Grosse Pointe Village shopping, 20 minutes from downtown Detroit by bus.

Don't worry about selling your home. Visit us and learn of our new trade-in program for your home, and our new pricing policy.

The model apartment is open 12 to 5 daily except Wednesday. Enter on Neff or St. Clair Roads.

This is a head that is making waves.

Which means that it's about as today as a head can be. It's re-discovered girl power. Or to put it another way, it's re-discovered what men really like. Waves, curving softly and seductively over pretty pink cheeks. If you'd like to make a few waves yourself, come to the salon that's doing the same thing. Not only where coiffures are concerned, but in the Service and Atmosphere Departments as well.

Painter CASS PIOTROWSKI has given Adrian College a valuable collection of materials concerning the life and times of Abraham Lincoln. The collection, estimated to be worth \$20,000 to \$25,000, includes approximately 900 bound books, 180 pamphlets, framed documents, pictures, portraits and sheet music. In Mr. Piotrowski's collection are books signed by Carl Sandburg, American author and Lincoln scholar, and several limited and first editions. Many of these are leather bound, and inscribed by various authors, etched with gold or delicately painted. A pamphlet entitled "An Oration Delivered on the Battlefield of Gettysburg" by Edward Everett includes a copy of Lincoln's famous Gettysburg Address, given at the consecration of the battlefield. A pamphlet like it sold for \$650 at auction in 1960. A page of the "New York Herald" dated April 15, 1865, the day of Lincoln's assassination, depicts the horror and astonishment with which the nation heard the news of the 16th President's death. Many of the items will be displayed in glass cases, especially those too fragile to be handled. The collection will be housed in Shipman Library's Lincoln Room which previously served as a conference-study room. The college is planning a complete redecorating and refurbishing of the room to enhance the collection. Period furniture, carpeting and drapes are being secured. Mr. Piotrowski received the initial collection from a business associate and added to it over a period of years. He gave it to Adrian College in

hopes that it would be left whole. The Pointer became interested in Adrian's library and its Lincoln Room last spring while attending a Rotary District Conference at the college. He is a past district governor and a past vice-president and director of Rotary International.

Planning to retire as president of Merrill-Palmer Institute is DR. J. WILLIAM RIOUX, of Devonshire road. Dr. Rioux was president of the institute for six years; his retirement will be effective September 1, 1973. He plans to become a senior executive officer of a national citizens' initiative in public education, which is now in its formative stages. Merrill-Palmer is a private institution that has spent 50 years in the field of research, human development. It is located in the cultural center of Detroit.

Named to the Kalamazoo College Dean's List were Pointers MARK THOMSON, son of MR. and MRS. JOHN R. THOMSON, of Three Mile drive; BRIAN NICKOLOFF, son of MR. and MRS. VASEL B. NICKOLOFF, of Hunt Club drive; DAVID DASEF, son of MR. and MRS. THOMAS DASEF, of Bedford road; DAVID KENNEL, son of MR. and MRS. ROBERT E. KENNEL, of Middlesex boulevard; and ALFRED WILKE, son of MR. and MRS. ALFRED W. WILKE, of Merriweather road.

The Detroit Institute of Technology recently elected three new members to its board of trustees. Named to serve a five-year term was Farms resident ARTHUR F. F. SNYDER, president and chief executive officer of Bank of the Commonwealth. He holds a B.A. degree from Swarthmore College and an M.B.A. degree from Northwestern University, Evanston, Ill. DR. Set Tree Sale For Saturday

The Grosse Pointe Garden Council will be having its tree sale this Saturday, May 12, at the residence of Council member Mrs. George Ryckman, 487 Rivard boulevard.

The sale was postponed on account of the recent flooding conditions in Ohio which made delivery impossible.

Order Sunny Day For Kitchen Tour

Women's Auxiliary to Cottage Hospital Will Act as Hostesses at the Six Pointe Homes on Thursday, May 17

The call has gone out to all weathermen to please arrange for a sunny day Thursday, May 17, from one to five o'clock.

That's the time flags will be flying at six Pointe homes which, through the generosity of their owners, will be open to the public for the Kitchen and Family Room Tour sponsored by the Women's Auxiliary to Cottage Hospital. It is one of the major fund-raising events of the year for the Auxiliary.

The suggested route begins in Stratford place and ends in Hampton road, with a mid-tour stop planned at the Cottage Hospital Nurses' Residence, Ridge road at Muir.

While sipping and munching punch and cookies, included in the ticket price, visitors can browse through the Pantry Shop for take-home, home-baked goodies.

The Pantry Shop is always a popular stop because of reasonable prices and a wide variety of items. (If you're in the vicinity of Ridge and Muir the morning of the tour, you'll see pink-smocked "runners" dashing from cars to Pantry Shop with the freshly-baked goods!)

Co-chairmen Mrs. John R. Barlow and Mrs. Raymond J. Stauder, with the assistance of Mrs. Virgil P. Goodman, have chosen homes in a wide variety of sizes, locations, and styles.

Four members can visit all

six or any number they wish, but it promises to be an ideal-filled afternoon for persons interested in seeing what other families do with their homes when a change is in order.

First on the list is the blue and white kitchen of Robert Downie, III, and his sister, Dr. Elizabeth M. Downie. Located at 2 Stratford, this one is termed "A French Chef's View of the Lake." Both the kitchen and the family room are featured here.

A light, bright, up-to-the-minute kitchen featuring antique white woodwork accented with wallpaper is found at the home of Mr. and Mrs. James Tracy, 493 Lakeside. The Tour committee called this one "Kitchen with Pizzazz."

A blend of antiques with contemporary, enhanced by yellow and green hues, brings out a descriptive "Spring Tulips Among English Antiques" title for the kitchen of the Frederick G. Ruffner, Jr., family at 611 University place. A clever antiques display piece has been fashioned by the Ruffners from two breakfast tops.

"Country Kitchen in Capsule Form," placing country English in a gold and turquoise setting, is an excellent use of the smaller kitchen, Mr. and Mrs. Albert Walbert, (Continued on Page 22)

Missionaries there.

Tickets, which are available at the door the night of the benefit, are \$1.50 per person.

Miss Alice Marino, of Detroit, is chairman of the event. Committee members re-

siding in the Grosse Pointe area include Miss Rita Gazarato, of Lakepointe; Miss Mary Menzo, of Hollywood; and Mr. and Mrs. Al Spaulding, of Balfour.

Kitchens

(Continued from Page 17) of 180 Fisher road, own this homey kitchen.

Tour visitors enter a Mediterranean atmosphere at the home of Mr. and Mrs. Edward M. Ranger, at 335 Grosse Pointe boulevard. "A Spanish Feeling—Ole!" is an appropriate title for the Rangers' home, one of the few Spanish homes in the area.

Featured are the family room and the kitchen which are done in gold and wood tones, but visitors will also want to peek at the dining room.

Definitely out of the ordinary is the "Grosse Pointe Chalet" at 1200 Hampton road, the home of Dr. and Mrs. Joseph R. Mikula. The new addition, plus imaginative outside touches, carry out the theme; and the orange tones combined with natural wood radiate a cozy feeling.

A special touch is the rugged wine rack, constructed of red drainage tiles. This home features both a kitchen and a family room.

Tickets are available from any member of the Women's Auxiliary to Cottage Hospital, at the hospital Gift Shop, or through mail by calling Mrs. Robert Quaid, 882-6930, or Mrs. John Soncrant, 885-5259.

Last-minute planners can buy tickets the day of the Tour at any of the six featured homes or at the Nurses Residence. A book of tickets, giving the holder entrance to all six homes plus refreshments at the Nurses' Residence, costs \$2.50.

Free maps are available for those unfamiliar with the tour route.

After presenting a lecture and exhibit on her husband's famous porcelain Peacocks at the University-Liggett School, MRS. EDWARD MARSHALL BOEHM, of Trenton, N. J., joined the WILLIAM LAFERS, of Hamilton court, for dinner Sunday night, April 29. At the dinner party, it was realized that the U-S presentation was the first and only time the porcelain birds would be on exhibit at a school. It was the 27th stop on a world tour which included all the N.A.-T.O. capitals. After four more shows, the birds will be permanently retired in California.

They were gown'd in spring green long dresses printed with large white flowers. They carried bouquets of white daisies with yellow centers.

Details of the dresses were researched at the Smithsonian Institute by Troy designers David Zesse and Donald Nagel.

Music and a narrative will accompany the unusual fashion show, with the favorite song of each president coordinated with the modeling of his wife's gown. The earliest dress in the collection is that of Martha Washington and the most recent will be Mrs. Nixon's.

Al Glancy Lauded By Cancer Center

New Amphitheater in \$5,000,000 Mayer L. Prentiss Cancer Center to Be Named After Alfred R. Glancy, Jr., Former Trustee

Many Pointers will join Detroit's prominent business, government and social leaders for a special memorial tribute to Alfred R. Glancy, Jr., at the Official Opening Dinner for the \$5,000,000 Mayer L. Prentiss Cancer Center on Wednesday, May 16.

The black-tie dinner, which officially opens the new center for the Michigan Cancer Foundation, will be held at the Hotel St. Regis. Under the chairmanship of Mrs. Frank Gerneck, Jr., of Peperien place, minimum donation for the candlelight gourmet dinner is \$6 per couple.

Proceeds from the evening's activities will be used to purchase equipment needed to further MCF's cancer research in breast cancer.

At the same time, the 72-seat amphitheater in the new Cancer Center will be named after the former Michigan Cancer Foundation Board of Trustee member, Mr. Glancy.

As his wife, Betty, who got him interested in and involved in the work of the Foundation. In 1955, Mrs. Glancy served as Crusade Chairman and Volunteer Activities Chairman when MCF was still part of the American Cancer Society. The following year, Mr. Glancy joined the Board of Trustees of the Michigan Cancer Foundation.

In his 15 years as a trustee, he mobilized people and funds for a number of important

Auxiliaries to Discuss Community Involvement

The Annual Meeting of Southeast District, Michigan Association of Hospital Auxiliaries, will be held on Tuesday, May 15, at the Wayne County Medical Society, 1010 Antietam, Detroit. The meeting will be preceded by luncheon at 12 o'clock.

Mrs. Leonard Carlson, president of Michigan Association, will be on hand to install the new district officers, as Mrs. Robert Gerisch relinquishes her presidential gavel to Mrs. Edward C. Caris, of Port Huron.

The program concerns Pontiac General Hospital involving the total community in providing assistance to the aged.

headed the fund-raising efforts for the Mayer L. Prentiss Cancer Center. For six years he oversaw the moving of Cancer Center from the drawing board through the dedication, which brought the nation's first lady, Mrs. Patricia Nixon, to the ceremonies.

It was always in the development of properties which he felt contributed to civic improvement that Mr. Glancy drew his chief source of pride.

Among those invited to the dinner dance sponsored by the Board of Trustees of the Michigan Cancer Foundation are MCF Detroit East volunteers Mr. and Mrs. Joseph Ambroz, of Broadstone road, Mr. and Mrs. Lawrence H. Lang, of Somerset road, Mr. and Mrs. Herbert O. Steiger, of Blairmoor court, Mr. and Mrs. Vincent McEvoy, of Woodland place, Mr. and Mrs. Jon S. Cook, of Prestwick road, and Mr. and Mrs. Robert Jones, of Fairway avenue.

An open house will be held between 10 a.m. and 4 p.m. both days at the new site at 116 East Warren avenue, between Woodward and John R. Avenues.

Tours will be conducted every hour on the hour through the research facilities, patient service and rehabilitation center and community service offices. A slide presentation outlining the work being done at the United Foundation's only cancer control agency will be shown continuously in the Glancy Amphitheater. Also featured will be a

accompaniment for the show will be by Rachael Ryan.

Proceeds will be used to assist Monsignor W. F. Suedkamp in his program for the Aged Poor as well as in his Day Care Center Program.

The new Stapleton Center in Annunciation Parish at Parkview and Agnes is now nearing completion and sometime in May will welcome 32 older people who must live on a very limited retiree pension or social security. The facility will be fashioned on a motel concept, with each person having his own private room and bath.

A common dining room and recreation mall will also be included in the facility. All of this will be provided to those desiring a home regardless of race or creed.

The Day Care Center, which is housed in the Annunciation Parish Hall, provides child care for approximately 25 children.

Friends of Stapleton who are assisting with arrangements in The Pointe are Mrs. Charles T. Fisher, Jr., Mrs. Walter B. Fisher, Mrs. Harry B. Howenstein, Miss Margaret Lynch, Miss Rosemary Downey, Mrs. Harry J. Mack, Mrs. Philip A. Rahm, Mrs. James H. Dingeman, Jr., Mrs. David S. Summers, Mrs. John M. Rickel, Mrs. Emmet E. Tracy and Mrs. Walter E. Tomicic.

Antiques Show Coming to Town!

The Standard Club in downtown Detroit was the setting for a Press Reception last Wednesday, May 2, heralding the arrival of the Eighth Annual University-Liggett Antiques Show.

Mrs. Harold L. Frank, of Palmer Park, general chairman, acted as hostess. However, it will fall into the lesser category of her responsibilities as the show approaches. She could be called a volunteer of almost professional stature as she is familiar with the antique dealers and organizers, being a respected antiques collector herself. In fact, her two girls have graduated from the old Liggett School, but Mrs. Frank stays with the show!

Over 40 quality antique dealers will come from 17 states to exhibit and sell at the Eighth Annual University-Liggett Antiques Show.

Sponsored by parents and alumni of University-Liggett School for the benefit of the School's Endowment Fund.

DR. CUSTER HOMEIER, OF LAKEPOINTE ROAD

By Kathy Duff

It's difficult to imagine how many Pointers have had Dr. Custer Homeier as a teacher or principal.

After all, Dr. Homeier has been with the Grosse Pointe School System for 37 years—two years at Maire Elementary School, one year in an experimental program, 14 years with Pierce Junior High School, and the last 20 years with Kerby Elementary School.

He is now guiding his second generation of Pointe youths through the first phase of their academic careers. He estimates that at least 30 or 40 of his present "parents" are former students. His current PTA president, Joseph L. Fromm, was his student at Pierce School.

Occasionally, he has to talk some of his doctors into sending him bills, as they are also

former students who wish to say "thanks" in that way.

Committee Formed However, a formal committee of "thanks-sayers" has been formed in honor of Dr. Homeier's retirement this June.

On Thursday, April 19, a tree planting ceremony was held on the front lawn of Kerby School, located on the corner of Kerby road and Charlevoix avenue.

Present at the ceremony were members of the Grosse Pointe Board of Education,

Idea to create a special program for the sixth graders. He envisioned a split day, when the students would spend half the day at Trombly School or Cadieux School to study academic subjects, and a half day at Defer School or Grosse Pointe High School to study science, gym, home economics and related subjects.

Also Swim Coach

It was Dr. Homeier's assignment to teach at Cadieux School in the morning and Trombly School in the afternoon. As if that wasn't a full schedule, he also coached swimming at G.P.H.S. at night!

Asked how teaching methods had changed over the years, Dr. Homeier said he thought teaching methods had improved in all areas of academics.

It was evident that he was particularly satisfied with the restructuring of the traditional library services. Emphasis is now placed on supplying the student with a variety of materials, not just books, to use as study aids.

Under Dr. Homeier's supervision, a resources center was developed next to the library. There the students may privately browse through a packet of study materials or view a film strip in the study carrels.

Besides the resources center, Dr. Homeier places great emphasis on special reading courses designed for children having difficulty reading. He has an excellent remedial reading teacher and he prides himself in the uniform excellence of his teaching staff.

"If I am good in one thing, I think that I have a knack for selecting good teachers. I spend a great deal of time interviewing persons who apply for teaching positions, I spend several hours with each teacher who applies for a job, and I think we have an outstanding group."

Even though Dr. Homeier has been in an administrative position for the past 20 years, he never lost touch with the teaching profession.

As we passed one showcase in a Kerby hall, Dr. Homeier remarked that he could always judge the success of his showcases, when he was a teacher, by the number of fingerprints smudging the glass.

The present Kerby showcase exhibits young students' poems dedicated to their mothers in honor of Mother's Day. One poem reads:

My mother loves to paint pictures and she loves to sketch. She is the best mother. She tore her muscles in her shoulder using bar bells.

Most of the other poems focus upon mothers' cooking, gardening, sewing and carpooling skills.

As far as his plans upon retirement, Dr. Homeier is looking forward to buying a home "somewhere between here and the Mackinac Straits" and in Florida.

His favorite recreation is swimming which he was forced to give up after a series of heart attacks in the 1960's. Before that, he used to swim between two and four miles a week, year round.

His other main interest is reading, and he is anticipating the time when he will have enough time to read all the books he has been postponing.

With his wife, Myrtle, he maintains a home on Lakepointe road, south of Jefferson. He said that his family enjoyed the big house as there are several children, and, on occasions in the past, both his mother and his mother-in-law. Some families can use a big house!

Family of Educators Dr. Homeier is very proud of his wife who is now principal of the Krokik Elementary School, located on Canfield at Cadillac, in Detroit. Before joining the Detroit school system, she was a substitute teacher in The Pointe area for five years. Mrs. Homeier however, played hockey on Thursday, April 19, to be present at the Kerby tree planting ceremony.

His oldest girl, Virginia, is married and lives in a suburb of Portland, Ore., where she teaches the fifth and sixth grades.

His son, Eddie, taught in Detroit before earning his law degree. He is now a lawyer practicing in Dearborn.

The "baby" of the family, Linda, was recently seen in the NEWS as she is engaged and will be married in July. She is keeping up the family tradition both by being a teacher at the Lillibridge Elementary School and marrying a teacher there. The couple will make their home in Grayton road.

Recently, The Farfus Council passed a resolution, submitted by the Kerby PTA President, Mr. Fromm, proclaiming May 16 as Dr. Custer Homeier Day.

From Another Pointe of View

(Continued from Page 27) downment Fund, the Show is considered by dealers and collectors to be one of the highest caliber shows in the country

This year the Show salutes Detroit with a loan exhibition titled, "A Collector Looks at Detroit." Highlighted in this year's catalogue will be articles related to this year's loan exhibit.

Generally featured in the University-Liggett Antiques Show is 18th century English and American furniture, porcelain, Chinese Export, early silver, pewter, oriental and American Indian arts, decorative arts and other highly collectible furnishings and accessories.

Mrs. Edsel B. Ford, of Lakeshore road, serves as Honorary Chairman of the 1973 Show. General Chairman is Mrs. Frank who is assisted by Mrs. Samuel B. Sherer, of Lakeshore road, and Mrs. Thomas E. Swantek.

Pointe resident DR. AARON L. RUTLEDGE, psychologist and marriage counselor, and a member of the faculty of the Wayne State University School of Medicine, spoke at a Wednesday, May 9, seminar on human sexuality. It was the 105th WSU Medical Alumni Clinic Day and Reunion and was held at the Detroit Hilton Hotel.

However, Dr. Homeier is quick to say how much he has appreciated working in The Pointe School System.

"I've been very privileged to be a teacher and principal in Grosse Pointe," Dr. Homeier said in citing the excellent co-operation he had received from the school administrators, teachers and parents.

"Even though the methods of teaching have changed, the attitudes of the parents have remained the same. They are very interested and concerned about the education their children receive. And that is what keeps our school system so strong. It's incredible, we are now planning parent conferences, and we expect nearly 100 percent co-operation on the parts of the parents."

But only one thing remains to be said about the retiring principal. How did he get the name Custer? Dr. Homeier admits that his mother was an admirer of General George Custer.

He also admits that he had a big surprise when he was growing up. When he was 16 years old and working on a lake freighter, he met a Norwegian sailor who talked him into going to Canada. After writing for U.S. citizen papers, Dr. Homeier discovered, after receiving the papers, that his real name was George A. Custer Homeier.

Even with that information, who would read an article on Dr. George A. C. Homeier?

Life is what you make it. As one Mother wrote to her depressed daughter stationed with her husband in the Indian territory over 100 years ago. Two men looked out from prison bars. One saw mud, the other saw the stars.
