Thursday, May 10 THE JUSTICE DEPART-MENT asked a federal judge to return the classified documents to the White House that former presidential counsel John Dean had taken with him when he was fired. The government prosecutors told Chief U.S. District Judge John J. Sirica he could keep copies of the papers and could make them available to the federal grand jury investigating the Watergate case. Dean sent the key to the safe deposit box where he had placed the papers to Sirica, requesting that the court assume custody of the papers.

MARTHA MITCHELL, reported to have been admitted to a mental hospital last week, denied the charges in a telephone call to the "New York Times." After being flagged down by two robbery victims, Woods Public Safety Officers pursued two suspects at speeds exceeding 80 m.p.h before apprehending them around 12:30 a.m. Monday, May 14.

Lieutenant Roland Symons and Officer Kenneth Metcalf arrested Donald Slezinski, 22, and Steven Vangorder, 21, both of Detroit, on Warren avenue, near Hereford. Pub-lic Safety Director Henry Marchand praised his officers, noted it was a "very good arrest," and added it was fortunate no one was injured during the high speed chase.

Slezinski and Vangorder are both charged with armed robbery. They were arraigned before Woods Municipal Judge J. Patrick Denis on the 14th. Bond was set in the amount of \$5,000 on each suspect and Woods police added Detroit police have placed a hold on them on a similar charge. Their examination was scheduled for Wednesday, May 16, before Judge Denis.

#### Swift Pursuit

While patroling through the Woods Theatre parking lot, the officers spotted an approaching black Lincoln, without headlights, with two men inside. They were followed by an auto with the complainants, two East Detroit women. One of the women told the officers the men had stolen their purses.

Then the auto chase began. The officers pursued the suspects out the Seven Mile Mack, south on Mack to Warren, and finally west on War-

Police reported, as the defendants' auto approached Hereford and Warren, two large ladies' purses and a switchblade knife were thrust from the car. The knife was ultimately identified by a complainant as the one used in the robbery, police said.

During the chase on Warren, both cars reached speeds over 80 m.p.h. As the hase neared Hereford and Warren, the scout car was less than 20 feet from the defendants' auto, allowing the officers to witness the purses and knife being thrown outside. At no time during the pursuit did the officers lose sight of the suspects' auto.

#### Report Robbery

The complainants told police they were walking out of Blazo's Restaurant to their car parked behind the Woods Theatre. They spotted "two people" watching them walk to their auto. (Continued on Page 2)

EAN Wants To Purchase Classroom

Invades School Board Meeting to Battle for Site By Holly Angell

Environmental Action Now board members and friends invaded the school board meeting on

Monday, May 14, with demands of recognition and pleas for a building purchase.

Mrs. Donald Blain, (EAN board member), read a request to the school board for a permanent site for EAN operations. Bid notices had been published in the Thursday, May 10, issue of the NEWS, concerning the pur-chase and removal of four relocatable, pre-fab classrooms.

Mrs. Blain asked the board to reconsider the bid decision which would then enable EAN to purchase one of the

#### Members Upset

EAN members were upset that they had not been contion of the notice. A letter had been sent to Board President William Huetteman in March, expressing interest in the building. However, the letter elicited no response from the board.

Mrs. Blain said that EAN members had been searching for a permanent location three years. The building at Ferry fulfills all their requirements; EAN would assume maintenance and repairs. Mrs. Blain claimed that "we must have a separate building for ready access after school hours and on weekends."

Mrs. Blain cited current and future EAN activities. EAN's primary concern is education, and it is preparing a special course to be given in the fall for teachers. "We are, in fact, implementing and supplementing the school science program to a degree that school millage cannot cover.

#### Paid for Return Of Lost Money

The owner of the money found by a 12-year-old Farms boy at Moren and Grosse Pointe boulevard on May 3, claimed the cash after she gave police an accurate des-cription of the denomination of the bills and the envelope container it was in, it was disclosed by Farms Police Chief Robert Ferber.

If the loser had not claimed the cash by July 18, the money would have reverted to the young finder. The boy, without waiting for his parents to tell him to do so, took his find, \$50 in currency, to the police station and turned it over to the authorities. He was given a letter to his mother, who asked that her son's name be withheld, in which it was explained that the boy had voluntarily brought the money to the station and that he was to be commended for his hones-

On Thursday, May 10, a woman, who also asked that she remain anonymous, read the story of the boy's find in the NEWS. She phoned the Farms station, and after previding ownership to the satisfaction of the authorities, she was informed that she could have the money. She was given the name and address of the young finder.

The woman told police that she had gone to the National Bank of Detroit, Moross and Mick, and withdrew the money, which was placed in and NBD envelope. She had picked up her children from St. Paul School. St. Paul School, prior to that, and she was sure that the envelope with the cash, which was on the front seat, dropped out, when her children got out of the vehicle near Moran and the boulevard.

beneath with 24 lbs. of undercoating.

#### Saves money—and nerves

People often enthuse about the pleasure of driving their 220 Diesels. Each wheel is sprung independently. Only a test drive can show the difference this makes on bad roads and sharp curves. Like all models of Mercedes-Benz, each wheel-not just the front ones - carries its own disc brake.

Suggestion: Bring your wife along when you test drive the 220 Diesel. She'll be delighted at how easy and relaxing this machine is to drive. She'll discover that this roomy 5-passenger sedan actually turns in a tighter circle than most compacts.

#### Debunking those Diesel myths

Over three decades, Mercedes-Benz has refined Diesel engine performance to a point where many familiar old criticisms are nothing more than myths.

"Diesels are noisy!" Have you heard a Diesel lately? Due to its combustion process, it does click and clatter at idle especially when cold. But once it's under way the sound fades. By the time you hit 30 mph, it is actually hard to tell by the noise that you're riding in a Diesel.

"Diesel fuel is scarce!" Have you talked with a Diesel owner lately? The fact is, that while Diesel fuel may be scarcer than gasoline, it's available wherever Diesel trucks stop. And that adds up to thousands and thousands of places across the U.S.A. "Diesels don't go fast

enough!" Not fast enough to win a drag race, true. But fast enough to cruise comfortably on any highway in America (and faster than the posted limits in 48 of the 50 states).

#### A \$6,662\* investment

The Diesel comes fully equipped at a basic price of 12 horsepower tractor for the \$6,662.\* You can order extra Department of Parks and equipment, e.g., automatic transmission, air conditioning, power windows or a sun roof, to

suit your special needs. See your authorized Mercedes-Benz dealer soon. He

will gladly arrange a thorough test drive for you in the extraordinary 220 Diesel.

TONNYHOUSE CONDOMINIUMS

The biggest reason that over 80% of the condominiums at Woodbridge East are already sold is that you have the choice in the life style you wish to enjoy. There are five different classic architectural styles and living plans to choose from. And the difference between Woodbridge East and other condominiums doesn't stop there.

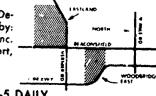

Features like a six foot brick wall that encloses the community, an attended gate house entrance, enclosed patios and sound insulated walls ensure your privacy. And Woodbridge East is an adult community with no children under 18 allowed. A little more peace and quiet.

And of course Woodbridge East has all the comforts and conveniences you'd expect from a quality home. Individual units feature garage or covered carport, central air conditioning, full appliance appointments by GE and carpeting by J. L. Hudsons.

#### Host Webelos On Camp-Out

The Pinery near Sarnia, Ont., was the camp site for Scout Troop 96 where they hosted a weekend for the Webelo den in Pack 19 from Maire School. Webelos are Cub Scouts who are getting ready to enter scouting.

Although Cub Scouts are quite active with weekly den meetings and a pack meeting once a month, they usually do not go on overnight camping trips. However, the scouts from Grosse Pointe Memorial Church planned an exciting weekend for their younger friends April 28 and 29. They hoped to give the cubs a sample of what they can look forward

to if they enter scouting. The scouts, cubs and a few fathers slept in tents near the beautiful Norway Pines after a Friday evening snack. Many of the boys went on a hike after breakfast Saturday morning while others prepared the day's activities for the cubs back at camp.

Pitching and striking tents, fire building and outdoor cooking were demonstrated by the scouts.
